The National Governor's Association Center for Best Practices (NGA Center) will provide up to four selected states and/or territories with technical assistance and up to \$35,000 to support the development and to plan for the implementation of state policies to rigorously evaluate teacher effectiveness and use evaluation results to manage and improve performance. Selected states will have access to technical assistance from the NGA Center and national experts, participate in two policy academy meetings, and use awarded funds to support approved project activities.

An advance of fifty percent of the grant will be disbursed to the fiscal agent upon execution of the sub-grant agreement. The remaining 50 percent will be disbursed on a cost reimbursement basis only and will be paid to states upon submission of an invoice(s) detailing use of the advance and expenditures in excess of the initial advance. The exact program to be charged has not been decided yet so the fund and division is not listed above.
