Spencer Merriweather
District Attorney's Office
North Carolina's 26th Prosecutorial District
700 East Trade Street
Charlotte, NC 28202

Dear Mr. Merriweather:

Pursuant to N.C. Gen. Stat. §120-71 et seq., and the authority cited below, the House Oversight Committee (the "Committee") hereby respectfully requests the production of the following documents, communications, and data as detailed below.

The Committee has an explicit duty to ensure that local governments receiving and expending public funds are prioritizing the safety and security of North Carolina residents. In recent years, Charlotte-Mecklenburg has experienced a documented increase in violent crime and public safety incidents, including high-profile and deadly attacks occurring on public transit and in public spaces. These incidents have raised serious concerns regarding law enforcement staffing levels, transit security, prosecutorial practices, and the City's overall public safety strategy.

At the same time, Charlotte-Mecklenburg has made significant financial and policy commitments to diversity, equity, and inclusion (DEI) initiatives, the expansion of offices for equity and immigrant integration, and policies that limit or restrict cooperation with U.S. Immigration and Customs Enforcement (ICE). The Committee is concerned that these priorities may be occurring concurrently with the defunding, de-prioritization, or restructuring of traditional law enforcement and public safety functions.

This inquiry seeks to understand whether Charlotte-Mecklenburg's policy decisions, budgetary allocations, and operational practices are effectively addressing rising crime, or whether public safety has been subordinated to ideological initiatives at the expense of residents, transit users, and law-abiding communities.

Accordingly, the Committee respectfully requests the following:
