Dear Representatives Avila and Burr:

Pursuant to North Carolina General Statute 143B-152.15, please find enclosed the Family Resource Center Grant Program Annual Report for State Fiscal Year 2010-2011. This report also covers the federally funded Family Support Programs.

The programs described in this report employ two models of Family Support service, Family Resource Centers (FRC) and Respite programs. These programs were funded by the Division of Social Services (DSS) during state fiscal year (SFY) 2010-2011. Family Support programs are funded to develop local family-centered services aimed at helping families provide safe and stable environments for the healthy development of children.

During the report period, thirty-four Family Resource Centers and nine Respite programs were fully or partially funded. These programs served 6,622 duplicated participants. Some participants were counted more than once because they received multiple services. Five thousand three hundred and eighty six (5,386) individuals from 3,235 families were served, and ongoing activities for which outcome assessments were completed. One thousand two hundred and eighty (1,280) families had multiple family members participating in such activities.

We appreciate the opportunity to share this report with you. If you have questions about the report, please contact Sherry Bradsher, Director of the Division of Social Services. She can be reached at (919) 733-3055 or via e-mail at Sherry.Bradsher@dhhs.nc.gov.
