INTRODUCTION

The United States Department of Housing and Urban Development (HUD) Community Development Block Grant (CDBG) funds help local governments improve deteriorating residential neighborhoods, support public services, install water and sewer facilities for residential areas or to job-creating industrial sites, and provide loans or grants to large and small businesses. The North Carolina Department of Commerce's Community Investment and Assistance (CI) department administers CDBG funds for community development activities, while funds for economic development activities are administered by the North Carolina Commerce Finance Center (CFC).

This report outlines funding distributed during the 2011-2012 State fiscal year (FY2011-2012) of July 1, 2011 to June 30, 2012 with the HUD 2011 program allocation, as well as with recaptured funds from previous program years. For project descriptions of individual grants, see Tables 4-7. For the statewide distribution of CDBG grants in this report, see Figure 1.

2011 ALLOCATION

In the 2011 HUD allocation year, North Carolina received \$41,131,631 for the State of North Carolina CDBG program. In the 2011 Annual Action Plan submitted to HUD, CI specified that it would provide assistance through the following programs: Economic Development, Infrastructure (and Infrastructure Hook-Up), NC Catalyst (and NC Tomorrow), Small Business Entrepreneurial Assistance, Talent Enhancement Demonstration Capacity Building, and Scattered Site Housing. As of June 30, 2012 Infrastructure and NC Catalyst have yet to be awarded or contracted. In addition, other funds may become available as a result of additional HUD allocations, recapture, reversion, or carry-over of prior year funds and program income.

After deducting administrative support and technical assistance (two (2) percent + \$100,000 and one (1) percent, respectively), approximately \$39,797,682 was available for distribution statewide using competitive and non-competitive approaches. Housing related activities were committed \$15 million (37.9%). Another \$2.7 million (6.9%) was allocated statewide for eligible activities that support job creation and stimulation through a competitive process. The NC Catalyst Program, a new program which consolidates several existing programs and activities was allocated \$8 million (20.3%). The remaining funds of \$13.9 million (34.9%) were designated for economic development and other non-housing related activities. All unused funds were designated for housing-related and contingency projects.

Table 1 below shows the difference between the proposed allocation of funds from the 2011 Annual Action Plan and the budgeted allocation of funds on the amended 2011 Investment Plan upon receipt of the HUD grant.

Table 1. 2011 HUD Allocation- Budgeted Funding

	Proposed in 2011 Annual Action Plan to HUD		Received 2011 Allocation From HUD	
Description	Amount	Percent	Amount	Percent
HUD Grant to State	\$45,000,000		\$41,131,631	
State Administration	\$ 1,000,000	Less 2% + 100,000	\$922,633	Less 2% + 100,000
State Technical Assistance	\$ 450,000	Less 1%	\$411,316	Less 1%
Available For Distribution	\$43,550,000		\$39,797,682	
Category	Budget	Percent	Budget	Percent
NC Catalyst	\$8,840,000	20.30%	\$8,078,335.46	20.30%
Scattered Site Housing	\$16,500,000	37.89%	\$15,078,341.08	37.89%
Infrastructure	\$8,000,000	18.37%	\$7,310,710.83	18.37%
Economic Development	\$7,210,000	16.56%	\$6,588,778.13	16.56%
Small Business/Entrepreneurship	\$3,000,000	6.89%	\$2,741,516.56	6.89%
Capacity Building (**Using Recaptured Funds)	\$600,000	**	**	**
TOTAL	\$44,150,000	100.00%	\$39,797,682.07	100.00%

Accomplishments of the grants awarded with the 2011 HUD allocation will be highlighted in the 2012 Consolidated Annual performance Evaluation Report (CAPER) to HUD in March of 2013. Goals laid out in the 2011 Annual Action Plan have been met in most categories. However, due to the rising costs of construction, it remains difficult for CI and its grantees to continue to provide necessary services at past funding levels.

DETERMINATION OF NEED

CI saw continued success of the CDBG program in assisting low-to-moderate income persons with housing and infrastructure improvements. CI provided direct housing assistance to approximately 12,700 households in during the federal reporting period of January 2011-December 2011. Encapsulating all of CI's programs to include infrastructure, urgent needs, and other community development activities, households were provided assistance ranging from clean drinking water, improved public services, financial literacy training to help lift them out of poverty, employment possibilities that were non-existent prior to the business moving to where they lived, and access to medical and dental care that was previously unobtainable.

The need for the categories of the CDBG program was determined by comments generated at public hearings across the state. The CDBG Economic Development grant category is the only statewide program that specifically targets job creation or retention for low and moderate income persons. With a statewide unemployment rate of 9.6% (July/2012)¹, there is a critical need for new jobs with benefits for low and moderate income households in North Carolina

CATEGORIES OF FUNDING

CI assisted individuals and families through the following major funding categories in the State FY 2011-2012 with the HUD 2011 CDBG program Allocation: Scattered Site Housing, Small Business and Entrepreneurial Assistance, Economic Development, Infrastructure Hook-Up, and Talent Enhancement Demonstration Capacity Building. The NC Catalyst and Infrastructure categories intend to be awarded and contracted after July 1, 2012. In addition, contingency grants were awarded with recaptured funds. Some funding categories are specific to housing activities (e.g. Scattered Site), while others have a broader community development focus (e.g. Small Business), as discussed in the following sections.

Scattered Site Housing

Scattered Site Housing (SSH) grants are made to local county governments on a non-competitive rotating basis to address housing needs of very low income families throughout the county. County governments can receive \$400,000 every 3 years with funds targeted to very low-income homeowners for rehabilitation or replacement purposes. Counties submit a detailed plan that includes all interested municipalities within the county describing how funds will be distributed to meet housing needs. Scattered Site Housing applicants may request that up to ten (10) percent of funds be set aside for local option to undertake emergency repairs or repair/replace on-site well and/or septic systems. Those counties that accomplish their goals and exhaust funds within two years are eligible to receive up to an additional \$100,000 to continue activities allowed in the SSH category, *subject to funding availability*. Selection criteria for Scattered Site Housing awards include: community need, community impact, project design, financial feasibility, distribution plan, and participation process.

Number of Applications Received: Thirty-one (31) Scattered Site Housing (SSH) projects were submitted to CI in 2011 for distribution to communities in North Carolina to provide LMI households with safe, decent, sanitary housing either through rehabilitation or relocation.

¹ U.S. Bureau of Labor Statistics, <http://www.bls.gov/web/laus/laumstrk.htm>

Dollar Amount Requested: \$12,600,000.00

Awards: Twenty-nine (29) SSH grants have been awarded from the HUD 2011 program allocation totaling \$11.6 million. The two (2) remaining applicants intend to be awarded after July 1, 2012.

Small Business and Entrepreneurial Assistance

Small Business and Entrepreneurship (SBEA) funding assists local governments to jumpstart growth of existing small businesses, thus creating new jobs or retaining existing jobs (Note: Job retention is very narrowly defined by HUD and job retention projects must meet HUD's criteria). This assistance must lead to the creation or retention of jobs primarily benefiting low- and moderate-income (LMI) persons. The proposed project must also include a plan for creating an entrepreneurial environment in the community, one that would support and sustain continued economic development and job creation even after funding for this program has been expended.

The SBEA program was designed to benefit LMI persons through job creation or retention. Funding eligibility is contingent upon the creation or retention of permanent, full-time jobs, at least 70% of which must be made available to persons earning 80 percent or less of the median income for the area within the previous 12 months. (For purposes of the CDBG program, LMI family income eligibility is determined from data published annually for the HUD Section 8 housing program.) To review the federal fiscal year 2011 income limits for North Carolina, visit <http://www.huduser.org/datasets/il.html>.

Selection criteria of the SBEA program are appropriateness and feasibility of business activities, appropriateness of plan for creating an entrepreneurial environment, local commitment and community partnerships, timely and effective public participation, and grant administration capacity and past performance.

Number of Applications Received: 14

Dollar Amount Requested: \$3,046,700.00

Awards: CI awarded thirteen (13) applications for SBEA in June 2012 with the 2011 CDBG program allocation, totaling \$2,596,700.00. The remaining applicant was awarded \$250,000 with funds recaptured from the 2008 program year.

Economic Development

The Economic Development (ED) grant category is administered by the Commerce Finance Center (CFC) and will continue the policy of providing higher levels of funding to the most economically distressed areas of the state. The awards were made to local governments who, working with private companies, will create or retain jobs for low-to-moderate income residents in their communities. The following considerations will be included for job creation and retention projects during the 2011 program year: 60% of the jobs created or retained in a project must benefit persons qualifying as prior low and moderate income (LMI). Funding for ED projects is based on the number of jobs to be created or retained and the level of distress in the community applying for the funds. Areas with higher distress rankings, based on the North Carolina Tier rating system, are eligible for more funds per job created.

CDBG funds are granted to local governments for various types of infrastructure improvements to assist business expansion or retention. A local funding match of at least one dollar for every three CDBG dollars is required except for the 25 most distressed counties as ranked for the Article 3J Tax Credits legislation. In a secondary priority to infrastructure projects and at the discretion of the Secretary of Commerce, direct financial assistance to private companies is available as loans to be negotiated by the local government applicant and a participating North Carolina commercial bank at a level not to exceed 50% of the bank loan. Repayment of the loan by the private company becomes program income to the State and is deposited into a CDBG economic development revolving loan fund (RLF). Funding from the RLF is available only as loans.

Loans for industrial shell buildings are available from the RLF based on the projected number of jobs to be created and the level of distress in the community. These loans will be at a 2% interest rate with a maximum term of 5 years. Principle payments are deferred for the first two years of the loan. A dollar for dollar match is required by the local government applicant for an industrial shell building.

Funds are granted to local governments that propose a project in conjunction with a private for-profit business that proposes to restore a vacant building to economic use resulting in the creation of permanent, full-time jobs by the project company. To be eligible, documentation must be provided showing the building has been vacant thirty (30) consecutive days or more. CDBG funds for this category are limited to a maximum of \$750,000 per unit of government per program year. The grant amount is calculated based on \$20,000 per job for 3J Tax Credit eligible businesses and \$12,000 per job for businesses not eligible for tax credits. CDBG funds provided to the company by the local unit of government will be in the form of a forgiven loan. The loan has a term of five years with no principal or interest payments. If the project company retains the jobs pledged in the loan agreement for the five year term, the entire amount is forgiven.

Certain threshold requirements apply, including: \$1.25 million cap for the yearly funding cycle, expenditure levels of open grants, and proper closeout of previous grants.

Number of Applications Received: 13

Dollar Amount Requested: \$7,142,646

Accomplishments: Eight (8) ED grants were awarded using 2011 HUD allocation during July 1, 2011-June 30, 2012 with a total amount of \$5,002,000.00. The awards are expected to create or retain 1,285 jobs, of which 818 are expected to be LMI. Five (5) awards totaling \$2,140,646 were awarded with recaptured funds. Performance outcomes will be reported in the 2012 CAPER.

Infrastructure Hook-Up

As a subset of the Infrastructure category, Infrastructure Hook-Up (IFHU) grants are made available to eligible local governments applying on a first-come, first-serve basis. Eligible activities include costs and fees associated with connecting lower income families to existing non-CDBG water or sewer lines.

Selection criteria include eligibility and conformity in previous grant cycles, proper closeouts of previous grants, and meeting 100% LMI benefit. A balanced distribution of program funds will also be considered as a factor in making awards. Applications will be accepted in an open window cycle in a 2-step process until allocated funds are depleted or until a specified date.

Number of Applications Received: 13

Amount of Funds Requested: \$915,000.00

Awards: CI awarded all thirteen (13) applications for IFHU in June 2012 with the 2011 CDBG program allocation, totaling \$915,000.00.

Talent Enhancement Capacity Building

The Talent Enhancement Capacity Building (TECB) and Talent Enhancement Demonstration (TED) grants are part of a collaborative with East Carolina University's Office of Engagement, Innovation and Economic Development. The grants are intended to target local units of government with challenges of developing talent in smaller, rural economies in North Carolina. The goal of TECB grant is to provide for local units of government and non-profits (in partnership with local units of government) the opportunity to build capacity in the following areas: to develop appropriate and competitive CDBG grants, administer CDBG grants, grant writing, grant administration, economic impact analyses, community survey research and design, grant administration and writing, and feasibility study preparation. The grants are awarded through a first come, first serve competitive process with priority given to Tier 1 counties and local government in 21st century Communities. A Talent Enhancement Capacity Building Grantee must submit a future application in one of CI's CDBG grant categories.

Selection criteria of TECB include previous CDBG experience, feasibility of the project to result in a future CDBG application, and financial feasibility of the non-profit to carry out the project and any future products.

Number of Applications Received: 13

Dollar Amount Requested: \$600,000.00

Awards: In September 2011, twelve (12) talent enhancement awards were granted, totaling \$600,000.00 using the 2011 HUD allocation. The remaining applicant was awarded \$50,000 with funds recaptured from the 2002 program year.

NC Tomorrow

North Carolina Tomorrow is a pilot program to spur regional planning for viable sustainable communities throughout North Carolina, assisting the NC Department of Commerce in establishing a baseline for today with a focus tomorrow. As a branch of the NC Catalyst program, the NC Tomorrow planning initiative will center on the six livability principles established by the federal Partnership for Sustainable Communities of the U.S. Department of Housing and Urban Development (HUD), Department of transportation (DOT), and Environmental Protection Agency (EPA)

<http://www.sustainablecommunities.gov/>. The six livability principles are:

- Provide more transportation choices
- Promote equitable, affordable housing
- Enhance economic competitiveness
- Support existing communities
- Coordinate and leverage federal policies and investment
- Value communities and neighborhoods

The NC Tomorrow Program will provide planning grants to as many as 17 non-entitlement local governments serving as the lead regional coordinator within each of the 17 Council of Governments (COGs) regions. In exchange for the grant, the non-entitlement local unit of government must foster regional multi-jurisdictional participation around the program goals and develop a Comprehensive Economic Development Strategy (CEDS) to eventually be part of a statewide plan. A total of \$1,275,000 of proposed 2011 CDBG funds has been set aside for planning grants under this program, under the NC Catalyst Program. A maximum of \$75,000 will be awarded to a non-entitlement local government serving as the lead regional coordinator. The grantee may use up to \$7,500 for grant administration.

Collectively, the regional NC Tomorrow Sustainable Strategic Plans will provide data and identify strategies and practices within the region that will lead to strong sustainable

communities within the region. At a minimum, the local unit of government regional coordinator must develop a regional plan incorporating data and strategies that include:

- **Affordable Housing**
 - Increase the housing supply for low-to-moderate income (LMI) persons
 - Improves and preserves existing housing in the region
- **Job Creation and Retention**
 - Creates and/or retains jobs for LMI income persons
- **Equitable Opportunities**
 - Promotes equitable housing and employment opportunities
 - Includes open and fair economic competition
- **Accessible Transportation**
 - Enhance transportation choices to allow LMI persons to access affordable housing and jobs
- **Land Use**
 - Provides open space and agricultural resources
- **Health**
 - Promotes public health
 - Increases accessibility to health services
- **Energy Conservation**
 - Increases energy conservation
 - Reduces fossil fuel dependency through energy efficient building and energy efficient technology
- **Diverse Investments**
 - Identifies and leverages investment from local, regional, state, federal, and private funding sources

Selection Criteria: The applicants must demonstrate multi-jurisdictional participation in the identified COG region, provide a timeline for preparing and submitting the regional Sustainable Strategic Plan, and provide evidence of at least one public hearing to explain the initiative to citizens.

Although the program is non-competitive, CI reserves the right not to fund applications when multiple applications come in from the same region, when a lead non-entitlement local government fails to demonstrate CDBG-administration experience, and when the local unit of government or proposed primary grant administrator has CDBG performance issues on past and present CDBG grants. Any remaining funds may be used to increase grant awards in regions requesting funds on a first-come, first-served basis and demonstrating progress in the region based on CI's assessment.

Number of Applications Received: 17

Dollar Amount Requested: \$850,000

Dollar Amount Awarded: \$850,000

Accomplishments: Seventeen (17) NC Tomorrow grants at \$50,000 each (total of \$850,000) were awarded in February 2012 from the 2011 HUD allocation. Performance outcomes will appear in the 2012 CAPER.

Table 2 below illustrates the totals numbers and dollar amount of grants awarded thus far with 2011 HUD allocation.

Table 2. Use of 2011 HUD Allocation

2011 Allocation from HUD (after Admin and TA)	\$39,797,682	Number of Awards
Subtotals Awarded		
Scattered Site Housing	\$11,600,000.00	29
Small Business & Entrepreneurial Assistance	\$2,596,700.00	13
Infrastructure Hook-Up	\$915,000.00	13
NC Tomorrow	\$850,000.00	17
Talent Enhancement Demonstration/Capacity Building	\$600,000.00	12
Subtotal CI Awarded	\$16,561,700.00	84
Subtotal CFC Awarded: <i>Economic Development</i>	\$5,002,000.00	8
Total CDBG 2011 Awarded	\$21,563,700.00	113
Remaining 2011 Balance	\$18,233,982.00	<i>IF & Catalyst pending</i>

Use of Recaptured Funds

Some grants are not awarded with a specific HUD allocation program year. These funds are a result of recapture, reversion (de-obligation), and program income. Table 3 below illustrates the number of grants and funding awarded during the State fiscal year of July 1, 2011 to June 30, 2012 with recaptured funds. For project descriptions of individual grants, see Tables 4-6. Accomplishments of these grants are highlighted in the annual CAPER to HUD. Descriptions of Infrastructure, Community Revitalization, Housing Development, and Contingency are in last year's annual report.

Table 3. Grants Awarded With Recaptured Funds

Grants Awarded with Recaptured Funds (Funded July 1, 2011-June 30, 2012)		
Category	Number of Awards	Grant Award Amount
Economic Development	5	\$2,140,646.00
Scattered Site Housing	4	\$477,368.47
Small Business & Entrepreneurial Assistance	2	\$260,136.60
Infrastructure Hook-Ups	3	\$186,178.40
Talent Enhancement Demonstration	2	\$100,000.00
Talent Enhancement Capacity Building	1	\$50,000.00
Infrastructure	6	\$2,144,400.00
Community Revitalization	6	\$1,587,484.17
Housing Development Tax Credit	1	\$24,308.41
Contingency	3	\$1,134,836.94
Total	33	\$8,105,358.99

TECHNICAL ASSISTANCE

Technical Assistance (TA) funds are used to develop the professional skills and capabilities of local community development grant administrators. Funds are not only used for CI staff to attend workshops and conferences, but used to hold a variety of workshops, conference calls, and seminars throughout the year, taught by CI staff and others. In 2011, technical assistance priorities included: (1) increased technical assistance to local governments and their agents that furthers the goals and priorities of the CDBG program, (2) technical assistance to developing community development corporations, and (3) increased support for workshops, seminars, and training for grantees and staff.

CI continued its annual CDBG training academy in 2011, as part of the Community Development Academy offered by the School of Government at the University of North Carolina at Chapel Hill. The purpose of this academy is to train community development professionals in best practices and to make them aware of all possible resources at their disposal as they attempt to better the living conditions and economic opportunity of their residents. Participants that complete the course and pass an exam receive a certificate of completion, indicating knowledge of community development topics. The participants represented practitioners from the public, nonprofit, and private sectors. One aspect of this training is the instruction by CI staff on proper administration and development of CDBG grant programs and compliance of grantees.

During the 2011 program year, division staff presented at various workshops, conferences and other training opportunities in order to further reach out to community development

professionals and provide technical assistance as often as necessary. In addition to one-on-one consultation with local governments, councils of government, and consultants, CI staff members provided technical assistance to a number of non-profit and local government advocacy groups including the North Carolina Community Development Association (NCCDA) semi-annual workshops, the School of Government at the University of North Carolina at Chapel Hill annual workshops, North Carolina Community Action Agencies, the North Carolina League of Municipalities, and the North Carolina Housing Coalition.

As reported in the CAPER to HUD, CI held numerous workshops throughout the year. Topics included CDBG programs and application process requirements (approximately 100 participants), energy efficiency and conservation, Section 3, limited English proficiency, affirmatively furthering fair housing, federal labor standards, and the environmental review process. Grant-specific workshops were held for the Scattered Site Housing and Small Business and Entrepreneurial Assistance Grant categories. The Division held full-day workshops for contractors and rehabilitation specialists during the year for the new 2012 building codes. One of those workshops involved the HUD Greensboro Regional Office coming to talk to Consolidated Plan partners for internal staff training.

In addition, notifications for any workshop and training opportunities provided by CI, HUD, and our partners are distributed on CI's various listservs and distribution lists, and posted on our website to inform the public and grantees.

PROJECT DESCRIPTIONS

The tables on the following pages details the grants awarded by HUD allocation, grant category, county name where project is located, name of grantee/designation, grant amount, grant number and project description. Figure 1 below illustrates the statewide distribution of CDBG grants in this report by grant category.

Table 4. Grants awarded in July 1, 2010-June 2011 with recaptured funds and July 1, 2011-June 2012 with HUD 2010 allocation.

Category	County	Grantee Name	Designation	Contracted	Grant Amount	Grant #	HUD Allocation	Project Description
Community Revitalization	Alexander	Alexander	County	09/15/10	\$389,105.00	02-D-2080	B-02-DC-37-0001	Installation of approximately 1,730 LF of 8" waterline, clearance of 2 mobile homes and a storage trailer, rehabilitation of 4 privately owned dwellings along Hoyle Keller Loop
Contingency	Robeson	Pembroke	Town	12/01/10	\$553,500.00	06-D-2091	B-06-DC-37-0001	CDBG funds will be used for construction or rehabilitation of commercial and industrial buildings for Pembroke "Our House" Perinatal Facility, planning and administration.
Housing Development	Moore	Aberdeen	Town	08/22/11	\$250,000.00	10-C-2207	B-10-DC-37-0001	Installation of approx. 1,050 LF of 6" water main; 470 LF of 8" gravity sewer; 14 residential water and sewer connections; 980 LF of 22" wide streets with curb, gutter, and sidewalks; to serve 14 homes constructed by Habitat for Humanity of the NC Sandhills (Midway Gardens)
Housing Development	Henderson	Hendersonville	City	08/22/11	\$140,000.00	10-C-2218	B-10-DC-37-0001	Street improvements, pedestrian improvements, landscaping, and lighting to support a 56 unit affordable Oak Haven multi-family housing for the elderly development.
Housing Development	Surry	Surry	County	08/22/11	\$90,000.00	10-C-2216	B-10-DC-37-0001	Installation of approx. 700 LF of new street to serve a 5 unit single family housing community along Van Hoy Way
Small Business & Entrepreneurial Assistance	Surry	Surry	County	11/24/10	\$150,000.00	02-D-2090	B-02-DC-37-0001	Installation of approx. 20,000 LF of 6" and 8" waterline; 300,000 gallon elevated storage tank; 3,500 LF of 8" gravity sewer lines; 5,400 sewer force main lines; and one duplex submersible sewer pump station to serve Brintles Enterprises

Table 5. Grants awarded July 1, 2011-June 2012 with recaptured funds and already closed pending final audit as of July 2012.

Category	County	Grantee	Designation	Contracted	Grant Amount	Grant #	Allocation	Project Description
Community Revitalization	Columbus	Tabor City	Town	03/30/11	\$78,920.40	06-D-2099	B-06-DC-37-0001	Expand the activities proposed for the park and recreation facility along Swamp Fox Project II. Supplemental assistance to grants 05-D-2059 and 10-C-2158
Housing Development Tax Credit	Bladen	Elizabethtown	Town	04/08/11	\$24,308.41	05-D-2176	B-05-DC-37-0001	CDBG funds will be used for sewer improvements and administration. The project will enhance the sewer activity by the installation of a new generator for the existing Lift Station to serve 40 households.
Infrastructure Hook-Ups	Craven	Cove City	Town	04/08/11	\$49,000.00	05-D-2174	B-05-DC-37-0001	CDBG funds will be used for rehabilitation of privately owned dwelling and planning.
Infrastructure Hook-Ups	Rutherford	Ellenboro	Town	01/10/11	\$51,378.40	04-D-2086	B-04-DC-37-0001	Rehabilitation of privately owned LMI dwellings (water hook-up connections) of 20 units and administration
Scattered Site Housing	Lenoir	Lenoir	County	04/08/11	\$79,322.57	05-D-2175	B-05-DC-37-0001	CDBG funds will be used for clearance activities, relocation assistance and administration.
Small Business & Entrepreneurial Assistance	Martin	Robersonville	Town	07/07/11	\$10,138.60	07-D-2199	B-07-DC-37-0001	The Town of Robersonville will finance renovations and improvements to one of the existing buildings to accommodate warehouse cold storage and a distribution facility for Robersonville Packing Company, Inc.

Table 6. Grants awarded July 1, 2011-June 2012 with recaptured funds.

Category	County	Grantee Name	Designation	Contracted	Grant Amount	Grant #	HUD Allocation	Project Description
Community Revitalization	Sampson	Clinton	City	04/08/11	\$320,000.00	07-D-2178	B-07-DC-37-0001	Clearance/reconstruction of 2 LMI privately owned dwellings and rehabilitation of 4 LMI dwellings for Community Revitalization Russell Street/Pugh Road Phase II
