RE: Inmate Medical Cost Containment Report

DATE: May 1, 2017

Pursuant to Session Law 2016-94, SECTION 17C.2A. (c) The Department of Public Safety shall report to the Joint Legislative Oversight Committee on Justice and Public Safety and the Chairs of the House of Representative Appropriations Subcommittee on Justice and Public Safety and the Senate Appropriations Committee on Justice and Public Safety no later than November 1, 2016, and quarterly thereafter on:

- (1) The number of total inmates and juvenile offenders requiring hospitalization or hospital services who receive that treatment at each hospital.*
- (2) The volume of scheduled and emergent services listed by hospital and, of that volume, the number of those services that are provided by contracted and non-contracted providers.*
- (3) The volume of scheduled and emergent admissions listed by hospital and, of that volume, the percentage of those services that are provided by contracted and non-contracted providers.*
- (4) The volume of inpatient medical services provided to Medicaid-eligible inmates and juvenile offenders, the cost of treatment, the estimated savings of paying the nonfederal portion of Medicaid for the services, and the length of time between the date the claim was filed and the date the claim was paid.*
- (5) The status of the implementation of the claims processing system and efforts to address the backlog of unpaid claims.*
- (6) The hospital utilization, including the amount paid to individual hospitals, the number of inmates and juvenile offenders served, the number of claims, and whether the hospital was a contracted or non-contracted facility.*
- (7) The total cost and volume for the previous fiscal quarter for emergency room visits originating from Central Prison and NCCIW Hospitals to UNC Hospital, UNC Rex Healthcare, and WakeMed Hospital.*
- (8) The total payments for Medicaid and non-Medicaid eligible inmates to UNC Hospitals, UNC Rex Healthcare, and WakeMed Hospital, including the number of days between the date the claim was filed and the date the claim was paid.*
- (9) A list of hospitals under contract.*

2016 - 2017 3rd Quarter Health Services Legislative Report

To ensure that correct information relative to Section 17C.2A.(c) is reported, the Department clarified with the Fiscal Research Division that the volumes of services referenced are for hospitalization and hospital services data.

This report is for hospitalizations or hospital services of inmates which occurred from January 1, 2017 – March 31, 2017.

1) The number of total inmates and juvenile offenders requiring hospitalization or hospital services who receive that treatment at each hospital.

During this time period, there were 2,118 episodes that required treatment at a community hospital. Of these episodes 453 were emergent admissions, 170 to contract facilities and 283 to non-contract facilities. Of the remaining episodes at community hospitals, 1,621 required emergency room visits only, 354 to contract facilities and 1267 to non-contract facilities. Of these episodes, 44 were scheduled admissions, 42 to contract facilities and 2 to non-contract facilities. Please refer to attachment # 1 for more detailed information.

(2) The volume of scheduled and emergent services listed by hospital and, of that volume, the number of those services that are provided by contracted and non-contracted providers.

Figure 1 below shows the distribution of emergent/emergency services and scheduled hospital admissions in contracted and non-contracted facilities from January 1, 2017 through March 31, 2017. Please refer to attachment #1 for more detailed information regarding hospital utilization.

Figure 1

March 31, 2017	Emergent/ER	Scheduled	Total	Percentage
CONTRACT HOSPITALS	354	42	396	24
NON-CONTRACT HOSPITALS	1267	02	1269	76
Grand Total	1621	44	1665	100%

(3) The volume of scheduled and emergent admissions listed by hospital and, of that volume, the percentage of those services that are provided by contracted and non-contracted providers.

Figure 2 below shows the distribution of scheduled and emergent admissions in contract and non-contracted facilities from January 1, 2017 through March 31, 2017. Please refer to attachment #1 for more detailed information regarding hospital utilization.

Figure 2

March 31, 2017	Emergent	Scheduled	Total	Percentage
CONTRACT HOSPITALS	170	42	212	43
NON-CONTRACT HOSPITALS	283	04	285	57
Grand Total	453	44	497	100%

(4) The volume of inpatient medical services provided to Medicaid-eligible inmates and juvenile offenders, the cost of treatment, the estimated savings of paying the nonfederal portion of Medicaid for the services, and the length of time between the date the claim was filed and the date the claim was paid.

From January 1, 2017 – March 31, 2017, 117 cases were identified as eligible for Medicaid. Based upon the *State Auditor's May 2012 Financial Related Audit Report*, the average savings of each case would be \$18,181.81. Using the methods applied in the audit, the estimated savings from January 1, 2017 through March 31, 2017 would be approximately \$ 2,127,198.06. Information regarding the length of time between the date the claim was filed and the date the claim was paid is not available to DPS. Once the application is completed, it is processed at the county level and then to DHHS for payment.

(5) The status of the implementation of the claims processing system and efforts to address the backlog of unpaid claims.

Medical claims with a date of service August 1, 2016 or later continue to be directed to PGBA for processing. Feedback received from our providers continues to be very positive and encouraging. Providers are pleased with the processing time and report the PGBA staff is very prompt and professional in responding to inquiries. In addition, more and more providers are submitting claims using the electronic portal each month. Those utilizing this feature are very pleased with the efficiency.

The following chart summarizes PGBA's performance history from inception through March 31, 2017. PGBA is currently processing and paying well over 90% of clean claims within 10 and 15 days, respectively.

*Medicaid is excluded from Claims Activity volume

**Total Clean Claims Paid represents payments made to providers for authorized services therefore excludes denied claims.

With respect the remaining backlog, we continue to make steady progress and the backlog primarily consists of claims received in the months of July and August. July and August are the remaining two months wherein DPS received a significant number of claims. While our goal was to be in a slightly better position, production was impacted as one full time processing position was eliminated April 1, 2017, in accordance with the budget mandate and one temp was out for a mandatory 31 day break in service. Another temp secured full time employment outside of DPS.

In addition, an agreement was reached with PGBA to outsource a portion of the remaining backlogged claims. To date, a total of 13,925 claims from the backlog have been submitted to PGBA for processing. We intend to ship additional claims over the next couple of weeks. Prior to sending the backlogged claims to PGBA, DPS must ensure the claim has not been previously processed to prevent the risk of duplicate payments. This is a time consuming, but necessary, precaution.

(6) The hospital utilization, including the amount paid to individual hospitals, the number of inmates and juvenile offenders served the number of claims, and whether the hospital was a contracted or non-contracted facility.

(8) The total payments for Medicaid and non-Medicaid eligible inmates to UNC Hospitals, UNC Rex Healthcare, and WakeMed Hospital, including the number of days between the date the claim was filed and the date the claim was paid.

Data with respect to the Rex Hospital and WakeMed claims processing timeframe requires further clarification. The budget request called for information detailing “the number of days between the date the claim was filed and the date the claim was paid.” The information keyed into MOMS includes the date of service, but does not include the date the claim was generated by the provider or the date it was sent to DPS. If the provider did not generate or submit the claim in a timely manner, such a delay will be reflected in these numbers. While the DPS medical claims staff date stamps the claim when received, this date is not entered into MOMS. When extracting data responsive to this request, the date of service and date paid fields were utilized and compared. Additionally, the column entitled days from service may include claims that have been previously denied, pended or referred for Medicaid determination. In general terms, claims may be denied when the claim form has not been fully and accurately completed, no authorization for the procedure is on file or the service is otherwise ineligible. In accordance with policy, inpatient stays exceeding 24 hours are referred to Medicaid for an eligibility determination. It typically takes several months to a year before receiving a final answer on Medicaid coverage. While this determination is being made, the claim will be carried in a pending status.

The following chart depicts the payment history with respect to Rex, University of NC Hospitals and WakeMed for claims processed internally using MOMS.

VENDOR	CLMS	PAID	DAYS_FM_BATCH	DAYS_FM_SVC
REX HEALTHCARE	30	\$ 68,162.16	190.70	322.37
REX HOSPITAL INCORPORATED	348	\$ 89,975.17	6.34	318.42
UNIVERSITY OF NC HOSPITALS	121	\$ 265,430.31	322.62	431.84
WAKEMED	96	\$ 293,971.74	12.07	338.29
WAKEMED HEALTH AND HOSPITAL	0	\$ -	0.00	0.00

Claims Paid 1/1/2017-3/31/2017

Days_FM_Batch - This is the average number of days from the claim being entered into MOMS and payment being issued.

Days_FM_SVC- This is the average number of days from date of service and the date the claim was paid. This includes any delay in data entry into MOMS and delays caused awaiting determination of Medicaid eligibility as explained above.

The chart reflects an increase in the average number of days for Rex and UNC claims from the prior quarter. The reason for this increase is twofold. First, subsequent to August 1, 2016, all new Rex and UNC claims have been processed and paid by PGBA. Therefore, the average number of days calculation excludes UNC and Rex claims which had been previously processed by DPS within 30 days in accordance with contractual terms. The impact of excluding current claims data from the calculation materially impacts the average making a direct comparison misleading. Second, the claims paid for these providers are claims which had been previously been pended for Medicaid eligibility determination or corrected submissions. As previously mentioned, it is not uncommon for a Medicaid eligibility determination to take up to one year.

The following chart summarizes claims processed by PGBA for these providers during the 1st quarter of calendar 2017. Please note that PGBA has pended a number of claims for Medicaid eligibility determination for which they are still awaiting a response.

CLAIM VOLUME	Provider TIN	Provider Facility	TOTAL BILLED	TOTAL PAID	DAYS_FM_SRVC	DAYS_FM_REC

(9) A list of hospitals under contract.

To date, DPS has contracted with eighteen healthcare systems across the state. The systems are listed below:

Blue Ridge Regional Hospital
Caldwell Memorial Hospital
Catawba Valley Medical Center
Chatham Hospital Inc
CHS Blue Ridge Morganton
CHS Blue Ridge Valdese
CMC Blue Ridge Morganton
First Health Richmond Memorial
High Point Regional Hospital
Kindred Hospital Greensboro
Montgomery Memorial Hospital
Moore Regional Hospital
Randolph Hospital, Inc
Rex Healthcare
University of NC Hospitals
Vidant Medical Center
Vidant – Heritage, Outer Banks, Beaufort
Vidant - Bertie, Chowan, Duplin, Roanoke Chowan

Statistics from the outpatient specialty clinics held at Central Prison Healthcare Complex (CPHC) reveal that 3,578 patients were evaluated during this quarter. Specialty clinics conducted at CPHC include cardiology, podiatry, orthopedics, general surgery, hepatology, infectious disease, ENT, gastroenterology, audiology, nephrology, ophthalmology, optometry, dermatology, and urology. Statistics from NCCIW reveal that 614 specialty encounters occurred during the same timeframe.

Further statistics from the surgical center at CPHC reveal that 330 outpatient surgical procedures were performed during this quarter. These procedures include ENT, general surgery, gastroenterology, orthopedics, and podiatry. In addition, 171 MRI studies were performed in the mobile MRI facility at CPHC.

Juvenile Justice:

2016 - 2017 3rd Quarter Health Services Legislative Report

The following data is based on available information for the period starting January 1, 2017 and ending March 31, 2017.

1) The number of total inmates and juvenile offenders requiring hospitalization or hospital services who receive that treatment at each hospital.

During this time period, there were 4 Youth Development Center juveniles that required treatment or diagnostics at a community hospital. There were 6 total services provided at hospital related facilities. All hospitals comply with the mandated rates of two times Medicaid rate or seventy percent of prevailing rates.

(2) The volume of scheduled and emergent services listed by hospital and, of that volume, the number of those services that are provided by contracted and non-contracted providers.

Figure 1 below indicates the number of juveniles requiring hospital emergent services and observational services during the defined cycle- January 1, 2017-March 31, 2017

Figure1

January 1, 2017 thru March 31, 2017	Emergent/ER	Scheduled	Total	Percentage
CONTRACT HOSPITALS	2	2	4	100%
NON-CONTRACT HOSPITALS	0	0	0	
Grand Total	0	4	4	100%

(3) The volume of scheduled and emergent admissions listed by hospital and, of that volume, the percentage of those services that are provided by contracted and non-contracted providers.

Juvenile Justice had 4 total hospital related visits. Of the 4 visits, 2 were emergent and 2 were scheduled services. 100% of these services were provided by contracted providers.

(4) The volume of inpatient medical services provided to Medicaid-eligible inmates and juvenile offenders, the cost of treatment, the estimated savings of paying the nonfederal portion of Medicaid for the services, and the length of time between the date the claim was filed and the date the claim was paid.

As reported in question (3), there were four unique juveniles receiving a total of six hospital related visits of less than 24 hours. The claims were paid at the legislatively mandated rate to all hospitals, including Lenoir Memorial Hospital and CMS. Figure (2) shows claims submitted and the adjusted payment for all claims received during the defined cycle.

Figure 2

January 1, 2017 thru March 31, 2017	Amount Billed	Amount Paid	Adjustment
Cabarrus Pathology Associates	\$ 140.00	\$ 52.75	\$ 87.25
Charlotte Radiology	\$67.00	\$ 18.16	\$ 48.84
Carolinas Healthcare System	\$9,400.00	\$ 0	\$ 9,400.00
Lenoir Memorial Hospital	\$ 1,620.00	\$ 437.40	\$ 1,182.60
Total	\$ 11,227.00	\$ 508.31	\$ 10,718.69

(5) The status of the implementation of the claims processing system and efforts to address the backlog of unpaid claims.

Juvenile Justice is participating in the Medical Claims contract with Adult Corrections and PGBA. All claims effective August 1, 2016 or later are submitted to PGBA for processing.

To date, an approved evaluation of resolution to backlogged medical claims has not been provided.

(6) The hospital utilization, including the amount paid to individual hospitals, the number of inmates and juvenile offenders served the number of claims, and whether the hospital was a contracted or non-contracted facility.

As reported in item (4), there were 4 unique juveniles who required medical care totaling 6 hospital related services of less than 24 hours resulting in \$ 508.31 costs paid. Of the 6 visits, 2 were for emergent services. All services were conducted by contracted providers.

Note: Due to the size and staff structure of Juvenile Justice there is not a comparable MOM, OPUS system or Utilization Review Section. All medical claims are processed via paper claims by business officers at each Youth Development Center location. PGBA has created a workflow to accommodate the submission of hard copy claims.

(7) The total cost and volume for the previous fiscal quarter for emergency room visits originating from Central Prison and NCCIW Hospitals to UNC Hospital, UNC Rex Healthcare, and WakeMed Hospital.

This item does not apply to Juvenile Justice.

(8) The total payments for Medicaid and non-Medicaid eligible inmates to UNC Hospitals, UNC Rex Healthcare, and WakeMed Hospital, including the number of days between the date the claim was filed and the date the claim was paid.

There were none for this quarter.

(9) A list of hospitals under contract.

As cited in the responses above, Juvenile Justice is currently working with Purchasing and Contracts to join the existing UNC Healthcare System contract via amendment.
