Appropriation		

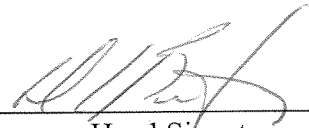

**Funding Source(s):** Coastal Management Permit Fees; Water Permit Fees;  
Stormwater Permit Fees and Sedimentation Plan Fees

**Justification:**  
The OnSite Wastewater Section is developing and implementing an express plan review for engineer-designed submittals. The express review program will have a significant effect on the project review turn around time. This will have a positive impact on time sensitive projects such as schools and repairs to failing septic systems. This permanent position will handle express review field work as well as assume duties in a region of the state to reduce the workload on the existing 6 regional soil scientists, thereby freeing them up to conduct express review work.
