Total Budget	\$ 848,094.00	\$ 85,893.00
Receipts	<u>\$ 848,094.00</u>	<u>\$ 85,893.00</u>
Appropriation	\$ 0.00	\$ 0.00

Funding Source(s): EEP Contracts

Justification for Position (including description of duties and responsibilities):

The Watershed Enhancement Engineer will serve as the lead design/construction engineer for the Commission's Watershed Enhancement Program. The position must provide technical guidance in all engineering components of project development including site assessment and design using applied fluvial geomorphology practices, field surveys, hydrologic and sediment transport modeling, and construction management and supervision. The engineer is also responsible for identifying and implementing stormwater runoff best management practices at agency facilities and project sites. All work must meet highest engineering standards, and be in compliance with all state and federal environmental rules and regulations.
