Covid-19 Regulatory Flexibility Report

The North Carolina Auctioneer Licensing Board reports the following two measures that were taken to ease the burdens faced by auctioneering licensees in 2020 as result of COVID-19:

1 – The annual requirement that licensees secure and report to the Board four (4) hours of Continuing Education credit was waived for all licensees and was therefore not a pre-requisite for license renewal for the 2020-21 license year, which ends June 30, 2021.

2 – The date by which licensees were required to renew their licenses in order to continue in Active status was delayed 90 days from July 1, 2020 to October 1, 2020.

These measures were effective for 2020 only, but the Board is poised to make future adjustments if needed to assist adversely impacted licensees.

Regards,
