***Report on the Financial Statements***

I have audited the accompanying financial statements and the related notes to the financial statements as listed in the table of contents of the North Carolina Board of Dietetics/Nutrition (the "Board"), a nonmajor enterprise fund of the primary government of the State of North Carolina, as of June 30, 2014 and 2013.

***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

***Auditor's Responsibility***

My responsibility is to express an opinion on these financial statements based on the audits. I conducted my audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that I plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, I express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

***Opinion***

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the North Carolina Board of Dietetics/Nutrition as of June 30, 2014 and 2013, and the results of its operations and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

## INDEPENDENT AUDITOR'S REPORT (CONCLUDED)

### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historic context. I have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge I obtained during my audits of the basic financial statements. I do not express an opinion or provide any assurance on the supplementary information because the limited procedures do not provide sufficient evidence to express an opinion or provide any assurance thereon.

Note 1 - Nature of Activities and Significant Accounting Policies

**Description of Organization**

The North Carolina Board of Dietetics/Nutrition (the "Board") is a nonmajor enterprise fund of the primary government of the State of North Carolina and is reported as such in the State's Comprehensive Annual Financial Report (CAFR). It is an occupational licensing board and is authorized by Chapter 90 of the North Carolina General Statutes. The Board is composed of seven members who are appointed by the Governor and the General Assembly of the State of North Carolina.

The Board is established to maintain minimum standards for services provided by dietitians/nutritionists.

The Board's operations are financed with self-generated revenues from fees charged to licensees.

**Basis of Presentation**

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting principles and reporting standards. The Board applied all applicable Financial Accounting Standards Board (FASB) pronouncements issued after November 30, 1989.

**Reporting Entity**

The concept underlying the definition of the financial reporting entity is that elected officials are accountable to their constituents for their actions. As required by accounting principles generally accepted in the United States of America (GAAP), the financial reporting entity includes both the primary government and all of its component units. An organization other than a primary government serves as a nucleus for a reporting entity when it issues separate financial statements. The accompanying financial statements present all funds and activities for which the Board is responsible.

For financial reporting purposes, the Board is a nonmajor enterprise fund of the primary government of the State of North Carolina and is reported as such in the State's Comprehensive Annual Financial Report (CAFR). These financial statements for the Board are separate and apart from those of the State of North Carolina and do not present the financial position of the State nor changes in the State's financial position and cash flows.

Note 1 - Nature of Activities and Significant Accounting Policies (Continued)

**Basis of Accounting**

In accordance with *Statement of Governmental Accounting Standards 34 (as amended, if applicable)*, the Board herewith presents Statements of Net Position, Statements of Revenues, Expenses, and Changes in Net Position; and Statements of Cash Flows. These statements reflect entity-wide operations of the Board. The Board has no fiduciary funds or component units.

The Statements of Revenues, Expenses, and Changes in Net Position demonstrate the degree to which the direct expenses of the Board are offset by license fees.

The financial statements report all activities of the North Carolina Board of Dietetics/Nutrition using the economic resource measurement focus and the full accrual basis of accounting. Revenues are recognized in the accounting period in which they are earned and become measurable. Expenses are recognized when incurred, when measurable, regardless of the timing of cash flows.

Operating revenues and expenses consist of those revenues and expenses that result from the ongoing principal operations of the Board. Operating revenues consist primarily of license fees. Operating expenses are all expense transactions incurred other than those related to capital and noncapital financing or investing activities as defined by GASB Statement No. 9, *Reporting Cash Flows of Proprietary and Nonexpendable Trust Funds and Governmental Entities That Use Proprietary Fund Accounting*. Non-operating revenues and expenses consist of those revenues and expenses that are related to investing, capital and, non-capital financing activities; and are classified as non-operating in the financial statements.

**Cash and Cash Equivalents**

This classification includes undeposited receipts, petty cash, checking accounts and time deposits (excluding certain certificates of deposit, if any) held by the Board.

**Investments**

The Board is authorized to invest idle funds in accordance with North Carolina General Statutes. This classification consists of certain certificates of deposits held by the Board for investment. Investments generally are reported at fair market value. Certificates of deposit are reported at cost (which is the same as fair value) if purchased in the primary certificate of deposit market, and at fair value if purchased in the secondary certificate of deposit market (as determined by quoted market prices). The net increase (decrease) in the fair value of investments for certificates of deposit is recognized as a component of investment interest income.

**Fair Value of Financial Instruments**

The carrying amounts of the Board's financial instruments approximate their fair value.

**NORTH CAROLINA BOARD OF DIETETICS/NUTRITION**  
**NOTES TO FINANCIAL STATEMENTS**  
**YEARS ENDED JUNE 30, 2014 AND 2013**

Note 1 - Nature of Activities and Significant Accounting Policies (Continued)

**Prepaid Expenses**

This classification includes expenses which were prepaid at year end for commercial insurance coverage and office space rent.

**Capital Assets**

Property and equipment are stated at cost and are being depreciated over their useful lives on a straight-line basis. The Board capitalizes assets that have a value or cost of \$500 or greater at the date of acquisition and an estimated useful life of more than one year. Depreciation is computed using the straight-line method of depreciation over the estimated useful lives of the assets, generally estimated as follows: office furniture and equipment, 5 to 7 years. Summaries follow:

	Cost 06-30-13	Acquisitions	Disposals	Cost 06-30-14	Accumulated Depreciation	Net Amount
Office/computer equipment	12,031	4,643	1,444	15,230	10,668	4,562
	\$ 12,031	\$ 4,643	\$ 1,444	\$ 15,230	\$ 10,668	\$ 4,562

  

	Cost 06-30-12	Acquisitions	Disposals	Cost 06-30-13	Accumulated Depreciation	Net Amount
Office/computer equipment	12,031	-	-	12,031	9,079	2,952
	\$ 12,031	\$ -	\$ -	\$ 12,031	\$ 9,079	\$ 2,952

When an asset is disposed of, the cost of the asset and the related accumulated depreciation are removed from the books. Any gain or loss on disposition is reflected in earnings for the period. Depreciation expense was \$3,033 for the fiscal year ended June 30, 2014 and \$2,404 for the year ended June 30, 2013.

**Vacation and Sick Leave**

Board employees may accumulate up to thirty days earned vacation and such leave is fully vested when earned. At year end, accrued vacation in excess of the limits are transferred and added to sick leave balances. Accumulated earned vacation payable at June 30, 2014 and 2013, consisted of the following:

	June 30, 2014	June 30, 2013
Current portion	\$ 1,654	\$ 1,648
Long-term portion	4,963	4,943
Total	\$ 6,617	\$ 6,591

The Board's sick leave policy provides for an unlimited accumulation of earned sick leave. Since the Board has no obligation for the accumulated sick leave until it is actually taken, or until retirement, no accrual for sick leave has been made. The Board has a contingent liability for sick leave in the amount of \$5,083 at June 30, 2014 and \$1,801 at June 30, 2013.

**NOTES TO FINANCIAL STATEMENTS**  
**YEARS ENDED JUNE 30, 2014 AND 2013**

Note 1 - Nature of Activities and Significant Accounting Policies (Continued)

**Income Taxes**

The Board is a nonmajor enterprise fund of the primary government of the State of North Carolina and is exempt from federal and state income taxes.

**Use of Estimates**

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Note 2 - Deposits and Investments

**Deposits**

All of the Board's deposits which are uninsured are uncollateralized [unless collateralized pursuant to NC Administrative Code (20 NCAC7)] by the financial institution holding said deposits. For deposits, custodial credit risk is the risk that in the event of the failure of the depository (or counterparty), the Board will not be able to recover the value of its deposits that are in the possession of the outside party. The Board does not have policies regarding custodial credit risk for deposits.

At June 30, 2014, the Board's deposits had a carrying amount of \$444,548 and a bank balance of \$444,942, which was covered by federal depository insurance. Certificates of deposit in the amount of \$173,204 are considered time deposits for this disclosure and are classified as investments on the Statements of Net Position. At June 30, 2013, the Board's deposits had a carrying amount of \$462,636 and a bank balance of \$465,642, which was covered by federal depository insurance. Certificates of deposit in the amount of \$149,856 are considered time deposits for this disclosure and are classified as investments on the Statements of Net Position.

**Investments**

At June 30, 2014 and 2013, the Board had the following investments and maturities.

Investment Type	June 30, 2014			June 30, 2013		
	Fair Value	3-12	Over 12	Fair Value	3-12	Over 12

Note 2 - Deposits and Investments (Continued)

**Risk Disclosures for Investments**

Interest rate risk - As a means of limiting its exposure to fair value losses arising from rising interest rates, the Board limits its investment in certificates of deposits to maturities of no more than 30 months.

Credit risk - State law limits the investments of the Board to certain types of investments. The Board's present policy for managing credit risk is to limit its investments to certificates of deposits.

Custodial credit risk - For an investment, custodial credit risk is the risk that in the event of the failure of the depository (or counterparty), the Board will not be able to recover the value of its investments that are in the possession of the outside party. The Board does not have policies regarding custodial credit risk for investments.

Concentration of credit risk - During the year under audit, the Board placed no limit on the amount that it invested in any one issuer, however Board management has attempted to maximize FDIC coverage by depositing its certificates of deposit with various financial institutions through the securities division of its financial institution.

**Reconciliation of Deposits and Investments**

A reconciliation of deposits and investments for the Board to the basic financial statements at June 30, 2014 and 2013, is as follows:
