MANAGEMENT'S DISCUSSION AND ANALYSIS

This section of the Board's financial report represents Management's analysis of the Board's financial performance during the years ended June 30, 2017 and 2016. Please read it in conjunction with the financial statements which follow this section.

Financial Analysis

During 2017, the Board's net position decreased by \$12,033, or 4.1%, due primarily to the Board's operating expenses exceeding its operating revenues. During 2016, the Board's net position decreased by \$9,154, or 3.0%, due primarily to the Board's operating expenses exceeding its operating revenues.

During 2017, the operating revenues of the Board increased by \$11,585, or 4.8%, due primarily to an increase in licensing fee revenue. During 2016, the operating revenues of the Board increased by \$19,385, or 8.7%, due primarily to an increase in licensing fee revenue.

During 2017, the non-operating revenues of the Board decreased by \$771, or 28.7%, due primarily to valuation adjustments to certificates of deposit in the secondary market. During 2016, the non-operating revenues of the Board increased by \$970, or 56.5%, due primarily to an increase in the rate of return on investments.

During 2017, the operating expenses of the Board increased by \$13,693, or 5.4%, due primarily to an increase in data processing expenses related to implementing a web based licensing system, and an increase in salaries/wages and employee benefits expenses. During 2016, the operating expenses of the Board increased by \$22,686, or 9.8%, due primarily to an increase in data processing expenses related to implementing a web based licensing system.

Overview of the Financial Statements

This financial report consists of two sections: Management's Discussion and Analysis and the Financial Statements. The Board has no other supplementary information required by Governmental Accounting Standards Board (GASB) Statement No. 34. The Financial Statements also include notes to the financial statements that provide detail of the information included in the financial statements.

The financial statements of the Board report information about the Board using accounting methods similar to those used by private sector companies. These statements offer short and long-term financial information about the activities of the Board.

The Statements of Net Position present the current and long-term portions of assets and liabilities separately. The Statements of Revenues, Expenses, and Changes in Net Position present information on how the Board's assets changed as a result of its operations. The Statements of Cash Flows present information on how the Board's cash changed as a result of its financial activities.

Events Affecting Future Operations

A committee appointed by the North Carolina Legislature, The Joint Legislative Administrative Procedure Oversight Committee, has been performing a study concerning the deregulation, elimination and consolidation of occupational licensing boards in the State of North Carolina. The effect of any resulting legislation on the Board's operations in future years is not certain at this time. In addition, early in the 2017 Long Session, HB 357, a bill to modernize the North Carolina Board of Dietetics/Nutrition Practice Act, was filed in the North Carolina House of Representatives. This bill aimed to expand the ability of qualified nutrition professionals to practice in North Carolina by expanding the pathways to licensure for qualified nutrition professionals, providing specific authority for order writing, and clarifying language in the exemptions. The bill made it out of the House, by unanimous vote, but did not get heard by the Senate. Given that HB 357 made the crossover deadline, it is eligible to be heard in the 2018 Short Session.

INDEPENDENT AUDITOR'S REPORT

Members of the Board
North Carolina Board of Dietetics/Nutrition
Cary, North Carolina

Report on the Financial Statements

We have audited the accompanying financial statements of the North Carolina Board of Dietetics/Nutrition (the "Board"), an independent state agency which is a nonmajor enterprise fund of the primary government of the State of North Carolina, as of and for the years ended June 30, 2017 and 2016, and the related notes to the financial statements, which comprise the Board's financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on the audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the North Carolina Board of Dietetics/Nutrition as of June 30, 2017 and 2016, and the results of its operations and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

INDEPENDENT AUDITOR'S REPORT (CONCLUDED)

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historic context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audits of the basic financial statements. We do not express an opinion or provide any assurance on the supplementary information because the limited procedures do not provide sufficient evidence to express an opinion or provide any assurance thereon.

NORTH CAROLINA BOARD OF DIETETICS/NUTRITION
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED JUNE 30, 2017 AND 2016

Note 1 - Nature of Activities and Significant Accounting Policies

Description of Organization and Purpose

The North Carolina Board of Dietetics/Nutrition (the "Board") is an independent state agency. It is an occupational licensing board and is authorized by Chapter 90 of the North Carolina General Statutes. The Board is composed of seven members who are appointed by the Governor and the General Assembly of the State of North Carolina. It is a nonmajor enterprise fund of the primary government of the State of North Carolina and is reported as such in the State's Comprehensive Annual Financial Report (CAFR).

The Board is established to maintain minimum standards for services provided by dietitians/nutritionists.

The Board's operations are financed with self-generated revenues from fees charged to licensees.

Financial Reporting Entity

The concept underlying the definition of the financial reporting entity is that elected officials are accountable to their constituents for their actions. As required by accounting principles generally accepted in the United States of America (GAAP), the financial reporting entity includes both the primary government and all of its component units. An organization other than a primary government serves as a nucleus for a reporting entity when it issues separate financial statements. The accompanying financial statements present all funds and activities for which the Board is responsible.

For financial reporting purposes, the Board is a nonmajor enterprise fund of the primary government of the State of North Carolina and is reported as such in the State's Comprehensive Annual Financial Report (CAFR). These financial statements for the Board are separate and apart from those of the State of North Carolina and do not present the financial position of the State nor changes in the State's financial position and cash flows.

Basis of Presentation

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting principles and reporting standards.

All activities of the Board are accounted for within a single proprietary (enterprise) fund. Proprietary funds are used to account for operations that are financed and operated in a manner similar to private business enterprises where the intent of the governing body is that the cost of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges.

NORTH CAROLINA BOARD OF DIETETICS/NUTRITION
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED JUNE 30, 2017 AND 2016

Note 1 - Nature of Activities and Significant Accounting Policies (Continued)

Basis of Accounting

The basic financial statements of the Board are prepared using the economic resource measurement focus and the accrual basis of accounting. The economic resource measurement focus measures all assets that are available to the entity, not only cash or soon to be assets. Both long-term assets and long-term liabilities are measured and depreciation is recorded as a cost of operations. Under the accrual basis of accounting, revenues are recognized when earned, and expenses are recorded when a liability has been incurred, regardless of the timing of cash flows. Fees received for the various licenses are deemed earned when the license period begins.

The Statements of Revenues, Expenses, and Changes in Net Position classifies the Board's revenues as operating or non-operating revenues. Operating revenues and expenses consist of those revenues and expenses that result from the ongoing principal operations of the Board. Operating revenues consist primarily of license fees and includes activities that have characteristics of exchange transactions. Operating expenses are all expense transactions incurred other than those related to capital and noncapital financing or investing activities as defined by GASB Statement No. 9, *Reporting Cash Flows of Proprietary and Nonexpendable Trust Funds and Governmental Entities That Use Proprietary Fund Accounting*. Non-operating revenues and expenses consist of those revenues and expenses that are related to investing, capital, and non-capital financing activities; and are classified as non-operating in the financial statements.

Cash and Cash Equivalents

This classification includes undeposited receipts, petty cash, checking accounts and time deposits (excluding certain certificates of deposit, if any) held by the Board.

Investments

The Board is authorized to invest idle funds in accordance with North Carolina General Statutes. This classification consists of certain certificates of deposits held by the Board for investment. Investments generally are reported at fair market value. Certificates of deposit are reported at cost (which is the same as fair value) if purchased in the primary certificate of deposit market, and at fair value if purchased in the secondary certificate of deposit market (as determined by quoted market prices). The net increase (decrease) in the fair value of investments for certificates of deposit is recognized as a component of investment interest income.

Prepaid Expenses

This classification includes expenses which were prepaid at year end for commercial insurance coverage, office space rent and deposit, and other office expenses.

NORTH CAROLINA BOARD OF DIETETICS/NUTRITION
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED JUNE 30, 2017 AND 2016

Note 1 - Nature of Activities and Significant Accounting Policies (Continued)

Capital Assets

Property and equipment are stated at cost and are being depreciated over their useful lives on a straight-line basis. The Board capitalizes assets that have a value or cost of \$500 or greater at the date of acquisition and an estimated useful life of more than one year. Depreciation is computed using the straight-line method of depreciation over the estimated useful lives of the assets, generally estimated as follows: office furniture and equipment, 5 to 7 years.

Compensated Absences (Vacation and Sick Leave)

Board employees may accumulate up to thirty days earned vacation and such leave is fully vested when earned. At year end, accrued vacation in excess of the limits are transferred and added to sick leave balances. Accumulated earned vacation payable at June 30, 2017 and 2016, consisted of the following:

	<u>June 30, 2017</u>	<u>June 30, 2016</u>
Current portion	\$ 2,848	\$ 2,509
Long-term portion	<u>10,097</u>	<u>9,440</u>
Total	<u>\$ 12,945</u>	<u>\$ 11,949</u>

The Board's sick leave policy provides for an unlimited accumulation of earned sick leave. Since the Board has no obligation for the accumulated sick leave until it is actually taken, or until retirement, no accrual for sick leave has been made. The Board has a contingent liability for sick leave in the amount of \$7,336 at June 30, 2017 and \$9,409 at June 30, 2016.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

NORTH CAROLINA BOARD OF DIETETICS/NUTRITION
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED JUNE 30, 2017 AND 2016

Note 2 - Deposits and Investments

Deposits

All of the Board's deposits which are uninsured are uncollateralized [unless collateralized pursuant to NC Administrative Code (20 NCAC 7)] by the financial institution holding said deposits. For deposits, custodial credit risk is the risk that in the event of the failure of the depository (or counterparty), the Board will not be able to recover the value of its deposits that are in the possession of the outside party. The Board does not have policies regarding custodial credit risk for deposits.

At June 30, 2017, the Board's deposits had a carrying amount of \$445,101 and a bank balance of \$445,263, which was covered by federal depository insurance. Certificates of deposit in the amount of \$177,867 are considered time deposits for this disclosure and are classified as investments on the Statements of Net Position. At June 30, 2016, the Board's deposits had a carrying amount of \$450,496 and a bank balance of \$450,707, which was covered by federal depository insurance. Certificates of deposit in the amount of \$176,517 are considered time deposits for this disclosure and are classified as investments on the Statements of Net Position.

Investments

The Board is subject to the following risks:

Interest rate risk - Interest rate risk is the risk the Board may face should interest rate variances affect the fair value of investments. As a means of limiting its exposure to fair value losses arising from interest rate variances, the Board limits its investments, if any, to certificates of deposits with maturities of no more than 48 months and to money market mutual funds.

Credit risk - Credit risk is the risk that an issuer or counterparty to an investment will not fulfill its obligations. Investments of the Board are subject to the statutory requirements of North Carolina General Statutes, however the Board's present policy for managing credit risk is to limit its investments to certificates of deposits and money market mutual funds.

The following table presents fair value of investments by type and investment subject to interest rate risk and credit risk at June 30, 2017, for the Board's investments.

Total Deposits and Investments	<u><u>\$ 445,101</u></u>	<u><u>\$ 450,496</u></u>

Note 3 - Fair Value Measurements

Fair value, as defined under GASB 72, Fair Value Measurement and Application, is an exit price representing the price that would be received to sell or paid to transfer a liability in an orderly transaction between market participants at the measurement date. U.S. GAAP establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. These tiers include:

Level 1: Observable inputs such as quoted prices in active markets.

Level 2: Inputs other than quoted prices in active markets that are either directly or indirectly observable.

Level 3: Unobservable inputs about which little or no market data exists, therefore requiring an entity to develop its own assumptions.

Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Board's assessment of the significance of a particular input to the fair value measurement requires judgment, and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels.

The Board assumes no liability for retiree benefits provided by this program other than its required contributions. The Board has no postemployment benefits other than this defined contribution retirement plan.

Note 10 - Contingencies

The Board is involved in occasional disciplinary hearings throughout the year which arise in the ordinary course of its operations. In the opinion of management of the Board, the results of such actions during the years under audit do not materially affect the Board's operations, changes in financial position, or cash flows for the years herein ended.

Note 11 - Risk Management

The Board is exposed to various risks of loss related to torts; theft of, damage to, and the destruction of assets; errors and omissions; injuries to employees; and natural disasters. These exposures to loss are handled by participation in certain state-administered risk programs and self retention of certain risks. Additionally, the Board protects itself from exposure to loss through the purchase of commercial insurance coverage.

Note 12 - Subsequent Events

Subsequent events have been evaluated through August 4, 2017, the date the financial statements were available to be issued. Events occurring after that date have not been evaluated to determine whether a change in the financial statements would be required.

Note 13 - North Carolina Legislative Statutory Disclosure Requirement Concerning Audit Fees

This audit required 66 audit hours at a cost of \$5,995.
