Notes to Financial Statements June 30, 2018 and 2017

## 1. Summary of Significant Accounting Policies

## A. Description of Organization:

The State Board of Registration for Foresters (the "Board") is established under Chapter 89B of the North Carolina General Statues to maintain minimum standards for services provided by foresters. The Board's operations are funded primarily through license renewal fees and license application fees.

The Board is considered an agency of the State of North Carolina for financial reporting purposes. The Board members are appointed by the Governor, the Speaker of the House, and the Present Pro Tempore of the Senate.

## B. Financial Reporting Entity:

The concept underlying the definition of the financial reporting entity is that elected officials are accountable to their constituents for their actions. As required by accounting principles generally accepted in the United States of America (GAAP), the financial reporting entity includes both the primary government and all of its component units. An organization other than a primary government serves as a nucleus for a reporting entity when it issues separate financial statements. The accompanying financial statements present all funds and activities for which the Board is responsible.

For financial reporting purposes, the Board is a nonmajor enterprise fund of the primary government of the State of North Carolina and is reported as such in the State's Comprehensive Annual Financial Report (CAFR). These financial statements for the Board are separate and apart from those of the State of North Carolina and do not present the financial position of the State nor the changes in the State's financial position and cash flows.

#### C. Basis of Presentation:

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting principles and reporting standards. The Board applied all applicable Financial Accounting Standards Board (FASB) pronouncements issued after November 30, 1989.

All activities of the Board are accounted for within a single proprietary (enterprise) fund. Proprietary funds are used to account for operations that are financed and operated in a manner similar to private business enterprises where the intent of the governing body is that the cost of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges.

## D. Basis of Accounting:

In accordance with *Statement of Governmental Accounting Standards 34*, the Board presents a Statement of Net Position; a Statement of Revenues, Expenses, and Changes in Net Position; and a Statement of Cash Flows. These statements reflect entity-wide operations of the Board. The Board has no fiduciary funds or component units.

The financial statements report all activities of the State Board of Registration for Foresters using the accrual basis of accounting. Revenues are recognized in the accounting period in which they are earned and become measurable. Expenses are recognized when incurred, if measurable.

Operating revenues and expenses consist of those revenues and expenses that result from the ongoing principal operations of the Board. Operating revenues consist primarily of license fees. Non-operating revenues consist of those revenues that are related to investing types of activities and are classified as non-operating in the financial statements.

Notes to Financial Statements June 30, 2018 and 2017

## 1. Summary of Significant Accounting Policies (Continued)

#### E. Cash:

For purposes of the statement of cash flows, the Board considers all highly liquid investments with a maturity of three months or less when purchased to be cash.

## F. Property and Equipment:

Property and equipment are stated at cost and are being depreciated over their useful lives on a straight-line basis. The Board's policy is to capitalize property and equipment when acquired at a cost of \$300 or more. A summary follows:

	F	eginning Balance 30/2017	Additions R		Re	Retirements		Ending Balance 6/30/2018
Equipment Less Accumulated Depreciation	\$	5,911 (5,705)	\$	(206)	\$	5,292 (5,292)	\$	619 (619)
Capital Assets, net	\$	206	\$	(206)	\$	0	\$ _	0
	F	eginning Balance	<b>A</b> 1					Ending Balance
	O/	30/2016	Ac	lditions	Re	tirements	(	6/30/2017
Equipment Less Accumulated Depreciation	\$	5,911 (5,498)	\$ *	(207)	**************************************	tirements	\$	5,911 (5,705)

When an asset is disposed of, the cost of the asset and the related accumulated depreciation are removed from the financial records. Any gain or loss on disposition is reflected in the earnings for the period.

#### G. Unearned Revenue:

The Board's fees are assessed and collected on a fiscal year basis, which corresponds with the accounting period. Licenses are renewed for a period of one fiscal year. License renewal fees received prior to the end of the fiscal year are deferred and recognized as revenue over the one-year period to which they relate.

#### H. Use of Estimates:

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

## 2. Deposits and Investments

Custodial Credit Risk. The Board maintains cash balances and certificates of deposit with one financial institution. There were no deposits which exceeded the insurance coverage provided by the National Credit Union Association at year-end.

Certificates of deposit are purchased with original maturities of six months or less. The book and market value of the certificates at June 30, 2018 and 2017 were \$52,781 and \$52,336, respectively.

Notes to Financial Statements June 30, 2018 and 2017

## 3. Risk Management

Risk of loss relative to dishonesty and damage or destruction of assets is covered by private insurance.

The Board is exposed to various risks of loss related to torts; theft of, damage to, and the destruction of assets; errors and omissions; injuries to employees, and natural disasters. Tort claims of Board members up to \$1,000,000 are self-insured by the State under the authority of the State Tort Claims Act. Additional coverage is provided to the Board under the State's public officers' and employees' liability insurance contract with a private insurance company. The amount of coverage per person is \$10,000,000.

## 4. <u>Subsequent Events</u>

Management evaluated subsequent events through October 15, 2018, which is the date the financial statements were available to be issued. They discovered no subsequent events that should be disclosed.
