INDEPENDENT AUDITOR'S REPORT

We have audited the accompanying financial statements of The Board of Law Examiners of the State of North Carolina (the "Board"), an enterprise fund of the State of North Carolina, as of June 30, 2015, and the related notes to the financial statements, as listed in the table of contents. The financial statements of The Board of Law Examiners of the State of North Carolina as of June 30, 2014 and for the year then ended were audited by other auditors. Those auditors expressed an unmodified opinion in their report dated October 14, 2014.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Board's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Board's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of The Board of Law Examiners of the State of North Carolina as of June 30, 2015, and its changes in financial position and cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

THE BOARD OF LAW EXAMINERS OF THE STATE OF NORTH CAROLINA
Notes to Financial Statements
June 30, 2015 and 2014

1. Summary of Significant Accounting Policies

A. Description of Organization:

The Board of Law Examiners of the State of North Carolina (the "Board") is an independent State agency. It is occupational licensing board authorized by Chapter 84 of the *North Carolina General Statutes*. The Board was created for the purpose of examining applicants and providing rules and regulations for admission to the Bar, including the issuance of licenses.

The Board's operations are financed with self-generated revenues from fees charged to examinees and licensees.

B. Financial Reporting Entity:

The concept underlying the definition of the financial reporting entity is that elected officials are accountable to their constituents for their actions. As required by accounting principles generally accepted in the United States of America (GAAP), the financial reporting entity includes both the primary government and all of its component units. An organization other than a primary government serves as a nucleus for a reporting entity when it issues separate financial statements. The accompanying financial statements present all funds and activities for which the Board is responsible.

For financial reporting purposes, the Board is a nonmajor enterprise fund of the primary government of the State of North Carolina and is reported as such in the State's *Comprehensive Annual Financial Report* (CAFR). These financial statements for the Board are separate and apart from those of the State of North Carolina and do not present the financial position of the State nor changes in the State's financial position and cash flows.

C. Basis of Presentation:

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America as prescribed by Governmental Accounting Standards Board (GASB).

Proprietary funds are used to account for operations that are financed and operated in a manner similar to private business enterprises where the intent of the governing body is that the cost of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges.

D. Basis of Accounting:

The financial statements of the Board have been prepared using the economic resource measurement focus and the accrual basis of accounting. Under the accrual basis, revenues are recognized when earned, and expenses are recorded when a liability has been incurred, regardless of the timing of the cash flows.

The Board classifies its revenues and expenses as operating or nonoperating in the accompanying Statements of Revenues, Expenses, and Changes in Net Position. Operating revenues and expenses generally result from providing services that are necessary to the Board's principal ongoing operations. Operating revenues include activities that have characteristics of exchange transactions and consist primarily of fees charged for the North Carolina Bar Examination. Operating expenses are all expense transactions other than those related to capital and noncapital financing or investing activities as defined by GASB Statement No. 9, *Reporting Cash Flows of Proprietary and Nonexpendable Trust Funds and Governmental Entities that Use Proprietary Fund Accounting*.

Nonoperating revenues and expenses include activities that have characteristics of nonexchange transactions and consist primarily of investment activities.

Notes to Financial Statements
June 30, 2015 and 2014

1. Summary of Significant Accounting Policies (Continued)

E. Cash and Cash Equivalents:

This classification includes cash on deposit and money market accounts with financial institutions. For purposes of the statements of cash flows, the Board considers all investments with a maturity of three months or less when purchased as cash equivalents.

F. Investments:

Investments consist of certificates of deposit with original maturities of more than three months. Investments are recorded at fair market value which is cost plus accrued interest to date.

G. Capital Assets:

Capital assets are recorded at cost at the date of the acquisition. The Board capitalizes assets that have a cost of \$2,000 or greater at the date of acquisition and an expected useful life in excess of one year. Depreciation is computed using the straight-line method over the following useful lives:

Furniture and Equipment	5-10 years
-------------------------	------------

When a capital asset is disposed of, the cost and the related accumulated depreciation are removed from the financial records. Any gain or loss on disposition is reflected in nonoperating revenues for the period.

H. Advance Exam Fees:

Advance exam fees represent examination fees collected in current periods for exams to be given in the next fiscal year.

I. Unearned Licensing Fees:

Unearned licensing fees represent fees collected for licensing agreements which related to future periods.

J. Accrued Compensated Absences:

During the year ended June 30, 2014, the Board changed its vacation leave policy. The current policy allowed employees to carry over a maximum of 13 days of paid vacation leave into the next calendar year. Upon separation from employment due to resignation, dismissal or death, an employee may be paid for accumulated vacation leave up to 26 days. The previous policy provided for the accumulation of up to 30 days earned vacation leave. The sick leave policy states that unlimited sick time may be accumulated with no loss of hours at year end. Accumulated sick leave is not recorded as a liability as it is not paid should the employee leave employment.

K. Net Position:

The Board's net position is classified as follows:

Investment in Capital Assets – This represents the Board's total investment in capital assets, net of accumulated depreciation.

Unrestricted – This represents assets with no external restriction as to use or purpose. Unrestricted net assets can be employed for any purpose designated by the governing board, as distinguished from funds restricted externally for specific purposes.

THE BOARD OF LAW EXAMINERS OF THE STATE OF NORTH CAROLINA
Notes to Financial Statements
June 30, 2015 and 2014

1. Summary of Significant Accounting Policies (Concluded)

L. Use of Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Accordingly, actual results could differ from those estimates, resulting in adjustments in future periods.

2. Deposits and Investments

Cash and Certificates of Deposit

The Board's deposits include cash on deposit with financial institutions, money market accounts, and certificates of deposit.

Custodial Credit Risk: Custodial credit risk is the risk that in the event of a bank failure, the Board's deposits may not be returned to it. The Board's deposits at each commercial bank are insured by the Federal Deposit Insurance Company (FDIC) up to \$250,000. As of June 30, 2015 and 2014, the uninsured balances were \$35,767 and \$602,192, respectively, of which \$0 and \$477,447, respectively, related to uninsured amounts in the Board's checking account.

Interest Rate Risk: Interest rate risk is the risk that the Board may face should interest rate variances affect the fair value of investments. The Board minimizes this risk by investing only in certificates of deposit.

The Board's investments consist of certificates of deposit.
