statutes related to the Board: None**

**Substance of any anticipated change in rules adopted by the Board or the substance of any
anticipated adoption of new rules by the Board: None**

Examinations are given by appointment in the Board office in Garner.

**The Board has a website (www.refrigerationboard.org) where a register of all licensed
refrigeration contractors may be found as well as the General Statutes and Administrative
Codes pertaining to refrigeration, licensing information, CFC information and testing sites and
information on various educational opportunities offered throughout the State for commercial
refrigeration contractors.**

The Board continues to take an active role in keeping informed on the Clean Air Act of 1990 as it relates to the commercial refrigeration industry and in disseminating this information to its licensees, wholesalers, inspectors and the interested public. A library of up-to-date information is available for use at the Board office. The Board has been approved as an EPA Technician Certification Testing Agency under Section 608 of the Clean Air Act.

Work continues on revising the commercial refrigeration examination to consolidate needed reference materials in an effort to hold down costs for technicians desiring to take the examination and to insure the most up-to-date materials are used. The section for plans, specifications and estimating was totally reworked to include new refrigerants and equipment. Work was continued on developing and revising all sections of the industrial refrigeration examination.

Copies of the General Statutes, the Board Rules and the newsletter are available free of charge from the office of the Board.

Stancil PC audited the books and records of the Board.
