10. The previous year, the Board anticipated but did not begin the process of introducing the following legislation; therefore in the coming year, they anticipate requesting legislation be introduced to address the following:
- a) In order to be licensed as a clinical social worker in North Carolina, an applicant must pass a nationally administered examination. The national examination recognized and utilized by all states and is administered by the Association of Social Work Boards (ASWB). ASWB has recently adopted policy which requires member boards comply with the ASWB exam use policies which require candidates sitting for the clinical exam must have a MSW degree from the appropriate accrediting body and two years of post MSW clinical experience. NC General Statute § 90B-7(f) currently does not require examination for the associate license but requires associate licensees to pass the qualifying clinical exam to be eligible for renewal beyond two years. NC must change the exam mandate for the associate licensee in order to continue participating in the recognized national exam.
 - b) Current statutory requirements for board composition include at least two members be “certified,” three members be licensed, and two members represent the public at large. As the “certified” credentials are voluntary, the board has witnessed a decrease in the number of individuals seeking or maintaining the certified credential, and therefore not available for appointment. To insure adequate representation and avoid lack of quorum for conducting the business of the state, a revision is needed that will allow for the same number of appointees but eliminate potential obsolete categories.
11. The Board completed the process of amending and readopting the Rules classified as “necessary with substantive public impact” the previous year. A typographical error was noted in Rule 21 NCAC 63 .0211 related to Work Experience for Licensure, and .0401 related to Continuing Education Requirements. The Board anticipates submitting corrections to these two Rules in the coming year.
