---

October 15, 2019

To the Joint Legislative Administrative Procedures Oversight Committee:

I wanted to reach out on behalf of the Town of Pineville to report Pursuant to SB 584 / S.L. 2019-198, the Town of Pineville has examined our Zoning Ordinance and Town Code for ordinances that are subject to criminal punishment. We found no such criminally enforceable ordinances to report. Prior language that may have existed has been removed over time as it was not utilized as part of our enforcement operating procedures.

Feel free to forward this to whomever I might have missed in the email. Let me know should you have additional questions or any next steps that we need for compliance with the above referenced reporting criteria.

Sincerely,

**Travis Morgan AICP**  
Planning Director
