FROM: Robin Johnson, Committee Counsel

RE: Summary: D96-RHZ-002.4 -- PROF'L TCH'G STDS. COMM'N.

SECTION 1 would amend G.S. 115C-295.1, which establishes the Professional Teaching Standards Commission, to be comparable to the Standards Board for Public School Administration and to require a majority of the members, beginning September 1, 1996, to be teachers.

Section 2 adds two new sections to Article 20 (Teachers) of Chapter 115C of the General Statutes. G.S. 115C-295.2 directs the Professional Teaching Standards Commission to: (i) develop recommended professional standards for teachers; (ii) review approval of teacher education programs, initial and continuing certification requirements, and certification renewal; (iii) consider methods of teacher assessment; and (iv) evaluate and develop a recommended procedure for the assessment and recommendation of candidates for initial and continuing teacher certification. The Commission is directed to submit recommendations to the State Board, which must adopt or reject the recommendations. The State Board must adopt a recommendation in the substantive form in which it was submitted or provide specific reasons for its rejection. If the Board rejects a recommendation, the Commission may submit an amended recommendation for the Board's adoption or rejection. If the Board rejects the Commission's original and amended recommendation concerning the implementation of assessments for certification and the procedure for the assessment and recommendation of candidates for teacher certification, the State Board may develop its own plan.

The State Board is urged to use the Commission's recommendations to the maximum extent they are consistent with the State Board's policies.

The Commission also is directed to report annually by December 1 to this Committee. The State Board is directed to report to this committee by April 15, 1998, on the current status of assessments for certification and any changes to the procedures for assessment and recommendation of candidates for teacher certification.

G.S. 115C-295.3 directs the State Board to establish a Professional Practices Board composed of teachers, school administrators, and representatives of the public to (i) develop a code of ethics for the teaching profession, (ii) develop investigation procedures, (iii) investigate complaints concerning violation of the code of ethics, and (iv) make recommendations to the State Board concerning the revocation and suspension of teacher certificates as the result of an ethics violation. The State Board is directed to adopt rules necessary to implement this section.

MEMORANDUM

TO: Senator Winner and Representative Grady, Cochairs of Joint Legislative Education Oversight Committee

FROM: Robin Johnson, Committee Counsel

RE: Summary: D96-RHZ-003.2 -- STDS. BD FOR PUBLIC SCH. ADMIN.

SECTION 1 would require the Standards Board for Public School Administration to submit its proposed standards exam to the State Board of Education for its adoption or rejection. The State Board must adopt it in the substantive form in which it was submitted or provide specific reasons for its rejection. The Standards Board may then resubmit the exam. If the State Board fails to adopt the proposed exam on its second submission, it may develop and adopt its own exam by December 1, 1997. If the State Board develops the exam, it is encouraged to use the Standard Board's proposed exam to the maximum extent that it is consistent with the State Board's policies. This change is needed because of the State Board's constitutional authority to supervise and administer the State's public school system.

SECTION 2, requested by the State Board, would allow individuals who have completed "certification only" programs to be eligible for public school administrator certification after January 1, 1998. This would grandfather individuals who may have completed these programs, but have not been employed as school administrators.

SECTION 3, also requested by the State Board, would expand the list of persons who would be exempt from the new school administrator standards to include individuals who held an active State administrator/supervisor certificate at any time during the five years before January 1, 1998, and at the same time were engaged in school administration. This would include private school administrators and professors of educational administration who have held active State administrator/supervisor certificates.

Sections 2 and 3 would take effect January 1, 1998, because the statutes they amend do not take effect until that date. The rest of the act would be effective upon ratification.
