

Cursive Writing and Multiplication Tables

Joint Legislative Education Oversight

Committee § 115C-81.81

Prepared By: ELA & Languages, Division of Academic Standards

Version Date: January 20, 2022

STATE BOARD OF EDUCATION

State Board of Education Vision: Every public school student in North Carolina will be empowered to accept academic challenges, prepared to pursue their chosen path after graduating high school, and encouraged to become lifelong learners with the capacity to engage in a globally-collaborative society.

State Board of Education Mission: The mission of the North Carolina State Board of Education is to use its constitutional authority to guard and maintain the right of a sound, basic education for every child in North Carolina Public Schools.

Introduction

§ 115C-81.81. Annual report on cursive writing and multiplication tables. The State Board of Education and the Department of Public Instruction shall report to the Joint Legislative Education Oversight Committee by March 30 of each year on the compliance of each local school administrative unit with the requirements regarding cursive writing pursuant to G.S.115C-81.75 and the memorization of multiplication tables pursuant to G.S.115C-81.80. The report shall include at least the following information:

1. The percentage of local school administrative units in the State complying and not complying with G.S.115C-81.75 and a list of both sets of units. § 115C-81.75 states that the standard course of study shall include the requirement that the public schools provide instruction in cursive writing so that students create readable documents through legible cursive handwriting by the end of fifth grade (2017-126, s. 5.)
2. The percentage of local school administrative units in the State complying and not complying with G.S.115C-81.80 and a list of both sets of units. § 115C-81.80 states that the standard course of study shall include the requirement that students enrolled in public schools memorize multiplication tables to demonstrate competency in efficiently multiplying numbers (2017-126, s. 5.).
3. A list of all instructional strategies used by each local school administrative unit to comply with G.S.115C-81.75 categorized by unit.
4. A list of each instructional strategy identified pursuant to subdivision (3) of this section and the corresponding percentage of local school NC General Statutes - Chapter 115C97 administrative units in the State using that strategy to comply with G.S.115C-81.75.
5. If, in any given year, one or more local school administrative units does not respond to inquiries from the Department of Public Instruction related to this section, the percentage of local school administrative units in the State that were nonresponsive and a list of those units (2018-32, s. 1(a)).

Alignment with the NC Standard Course of Study

Cursive Writing

The 2017 NC Standard Course of Study for English Language Arts (implemented in NC public schools in the 2018-19 school year) includes Handwriting in the Foundational Skills Strand, which clearly articulates the progression of manuscript and cursive writing from Kindergarten through fifth grade:

The foundational skills are directed toward fostering students' understanding and working knowledge of concepts of print, the alphabetic principle, and other basic conventions of the English writing system, including handwriting. These foundational skills are necessary and important components of an effective, comprehensive reading program designed to develop proficient readers with the capacity to comprehend texts across a range of types and disciplines.

A systematic approach to handwriting instruction (manuscript and cursive) in the elementary grades is essential for students to communicate their ideas clearly. To achieve handwriting proficiency, students need to apply their handwriting skills to authentic writing activities (*Understanding the English Language Arts Standard Course of Study*, Grade 5, 2017).

Cursive writing skills are specifically addressed in grades 3, 4, and 5, reflecting the legislative

requirement that students “create readable documents in legible cursive writing by the end of fifth grade.”

Foundational Skills Strand in the *NC Standard Course of Study for English Language Arts (2017)*: Handwriting

GRADE	NUMBER	STANDARD
GRADE 3	RF.3.2	Create readable documents with legible handwriting (manuscript and cursive).
GRADE 4	RF.4.2	Create readable documents through legible handwriting (cursive).
GRADE 5	RF.5.2	Create readable documents through legible handwriting (cursive).

Memorization of Multiplication Facts

The 2017 NC Standard Course of Study for Mathematics (implemented in NC public schools in the 2018-19 school year) includes memorization of multiplication facts and is specifically addressed in 3.OA.7, reflecting the legislative requirement that students enrolled in public schools memorize multiplication tables to demonstrate competency in efficiently multiplying numbers. In third grade, competency is developed through representing, interpreting, and solving one-step problems involving multiplication and division. The standard is explicitly addressed in third grade, and is not repeated, but it should be maintained and built upon in subsequent grades.

Operations and Algebraic Thinking in the *NC Standard Course of Study for Mathematics (2017)*.

GRADE	NUMBER	STANDARD
Grade 3	3.OA.7	Demonstrate fluency with multiplication and division with factors, quotients and divisors up to and including 10. <ul style="list-style-type: none">• Know from memory all products with factors up to and including 10.• Illustrate and explain using the relationship between multiplication and division.• Determine the unknown whole number in a multiplication or division equation relating three whole numbers.

Methodology

A short survey was open from November 15, 2021 – December 17, 2021 and sent to Chief Academic Officers or Lead Academic Leaders in each Local Education Agency (LEA), as well as to each public charter school who serves students in 3rd, 4th, and/or 5th grade. 115 of the LEAs participated. Rowan-Salisbury Schools was not required to comply per House Bill 986. Although charters were not required to participate per legislation, upon the request of a NCGA member, the survey was opened to charters that serve 3rd, 4th, and/or 5th grades. Out of 183 eligible charters, 170 responded to the survey. Districts and charter schools responded to a series of questions

related to the implementation of cursive writing and memorization of multiplication facts requirements. In the survey, if a district or charter school indicated that they were not implementing cursive writing and/or memorization of multiplication facts, they were asked to list the schools along with an explanation. Therefore, even if one school was not implementing cursive and/or memorization of multiplication facts, the respondents had to answer no and are listed as non-compliant.

Organization

Section 1: Cursive Writing

- The percentage of local school administrative units in the State complying and not complying with G.S.115C-81.75 and a list of both sets of units.
- A list of all instructional strategies used by each local school administrative unit to comply with G.S.115C-81.75 categorized by unit.
- A list of each instructional strategy identified pursuant to subdivision (3) of this section and the corresponding percentage of local school NC General Statutes-Chapter 115C97 administrative units in the State using that strategy to comply with G.S.115C-81.75.

Section 2: Multiplication Tables

- The percentage of local school administrative units in the State complying and not complying with G.S.115C-81.80 and a list of both sets of units.

Section 3: List of Non-responsive Units

- The percentage of local school administrative units in the State that were nonresponsive and a list of those units (2018-32, s. 1(a)).

Section 1: Cursive

Percentage of local school administrative units and charters in the State complying and not complying with G.S.115C-81.75 and a list of both sets of units.

Table 5 Cursive Responses to Survey by Local Education Agency (LEA)

This table includes all responses by LEA.

- Column 1 indicates the District Name
- Column 2 indicates if all students in grades 3-5 are receiving cursive writing instruction and if no, which schools and why;
- Column 3 indicates which instructional practices are being used to support cursive writing.
- Column 4 indicates if all students can create readable documents and if no, which schools and why;
- Column 5 indicates approximately how much time overall is allotted to the teaching and practicing of cursive writing;
- Columns 6 and 7 indicate whether the district uses specific Curriculum or Programs and lists the programs.

District	Cursive Instruction	Instructional Practices	Readable Documents	Time	Curriculum or Program
Alamance-Burlington	Yes	In class direct instruction of cursive writing, In class informal (indirect) instruction of cursive writing, In class practice of cursive writing, In class exposure to sample materials demonstrating cursive writing	No- I'm not going to say "yes" to "all" - that's the only reason.	Weekly practice	We intend to support cursive writing with Foundations.
Alexander County	Yes	In class direct instruction of cursive writing, In class informal (indirect) instruction of cursive writing, In class practice of cursive writing, In class exposure to sample materials demonstrating cursive writing, Homework practice of cursive writing	No- All elementary school representatives feel that the word "all" is not accurate; however, we agree some can create readable documents. Although there is cursive instruction provided, school representatives believe the following hindrances are present: more technology is present now, more time spent addresses	Monthly practice	Loops and Other Groups Handwriting Without Tears

			learning gaps and a deficit in motor skills due to increase technology use beginning with preschool years.		
Alleghany County	Yes	In class direct instruction of cursive writing, In class informal (indirect) instruction of cursive writing, In class practice of cursive writing, In class exposure to sample materials demonstrating cursive writing	No- Not "all" students can write legible using cursive writing yet in all three of our elementary schools. Instruction has been hindered due to Covid for the past 18 months.	Weekly practice	North Carolina Daily Cursive Writing a product by Blue Star Education (Student workbooks)
Anson County	Yes	In class direct instruction of cursive writing, In class informal (indirect) instruction of cursive writing, In class practice of cursive writing	No- Learning loss has impacted proficiency.	Weekly practice	Reading Wonders
Ashe County	Yes	In class direct instruction of cursive writing, In class informal (indirect) instruction of cursive writing, In class practice of cursive writing, In class exposure to sample materials demonstrating cursive writing	No- Due to the COVID pandemic, we cannot guarantee that 100% of our students can write proficiently in cursive. Additionally, it is not equitable to think that 100% can write in cursive in any given year due to learning differences and abilities. Some students have difficulty with motor skills and proficiency may look different for them. However,	Monthly practice	Zaner-Bloser

			we strive to make our students proficient at any state standard handed down to us. Teachers follow directives of the state and district to the best of their ability. However, in a pandemic, learning had to be prioritized at times.		
Asheboro City	Yes	In class direct instruction of cursive writing, In class practice of cursive writing, In class exposure to sample materials demonstrating cursive writing, Homework practice of cursive writing	Yes	Occasional practice	Writing Without Tears for grades 3 instruction of cursive writing.
Asheville City	Yes	In class direct instruction of cursive writing, In class informal (indirect) instruction of cursive writing, In class practice of cursive writing, In class exposure to sample materials demonstrating cursive writing, Homework practice of cursive writing	Yes	Weekly practice	Wilson Foundations
Avery County	Yes	In class direct instruction of cursive writing, In class informal (indirect) instruction of cursive writing, In class practice of cursive writing,	Yes	Weekly practice	No, we do not.

		Homework practice of cursive writing			
Beaufort County	Yes	In class direct instruction of cursive writing, In class informal (indirect) instruction of cursive writing, In class practice of cursive writing, In class exposure to sample materials demonstrating cursive writing, Homework practice of cursive writing	Yes	Weekly practice	Zaner Bloser Handwriting, Wonders
Bertie County	Yes	In class informal (indirect) instruction of cursive writing, In class practice of cursive writing, Homework practice of cursive writing	Yes	Weekly practice	Yes- D'Nealian Handwriting practices
Bladen County	Yes	In class direct instruction of cursive writing, In class informal (indirect) instruction of cursive writing, In class practice of cursive writing, In class exposure to sample materials demonstrating cursive writing, Homework practice of cursive writing	No- At this time, all of our schools are showing deficits in cursive writing due to the pandemic. The administration has stated that students fine motor skills are delayed. Most of our students can create legible documents but not all.	Daily practice	Schools choose their own programs to support Cursive Writing.
Brunswick County	Yes	In class direct instruction of cursive writing, In class informal (indirect) instruction of cursive writing, In	Yes	Daily Practice	Learning A-Z; we made books specific to each grade level for both handwriting and cursive

		class practice of cursive writing, In class exposure to sample materials demonstrating cursive writing			
Buncombe County	Yes	In class direct instruction of cursive writing, In class informal (indirect) instruction of cursive writing, In class practice of cursive writing, In class exposure to sample materials demonstrating cursive writing, Homework practice of cursive writing	Yes	Weekly practice	Yes, we use Foundations
Burke County	Yes	In class direct instruction of cursive writing, In class practice of cursive writing, In class exposure to sample materials demonstrating cursive writing, Homework practice of cursive writing	Yes	Weekly practice	No specific curriculums are used.
Cabarrus County	Yes	In class direct instruction of cursive writing, In class informal (indirect) instruction of cursive writing, In class practice of cursive writing, In class exposure to sample materials demonstrating cursive writing, Homework practice of cursive writing	Yes	Monthly practice	Letterland
Caldwell County	Yes	In class direct instruction of cursive writing, In	Yes	Weekly practice	Currently using DeNealian but moving to cursive

		class informal (indirect) instruction of cursive writing, In class practice of cursive writing, In class exposure to sample materials demonstrating cursive writing, Homework practice of cursive writing			instruction embedded in Foundations.
Camden County	Yes	In class direct instruction of cursive writing, In class informal (indirect) instruction of cursive writing, In class practice of cursive writing, In class exposure to sample materials demonstrating cursive writing	No- All students are being exposed to materials in cursive writing, and most can read it, but it's difficult to say ALL students are able to all the time. Camden Intermediate School	Weekly practice	No
Carteret County	Yes	In class direct instruction of cursive writing, In class informal (indirect) instruction of cursive writing, In class practice of cursive writing, In class exposure to sample materials demonstrating cursive writing, Homework practice of cursive writing	No- BSES, MES, SES Some of our EC students with significant delays are not able to successfully create legible documents in cursive	Weekly practice	Zaner Bloser D'nealian cursive Super Teacher Girl

Section 3: Non-responsive LEAs and Charters

115 LEAs responded to the survey. Rowan-Salisbury Schools was not required to comply per House Bill 986. Although not legislatively required, qualifying charter schools were also included in the data collection.

Of the 183 charter schools that serve 3rd, 4th, and/or 5th grades, 170 charter schools responded to the survey (92.9%).

13 of those 183 (7.1%) were non-responsive.
