

**North Carolina Education Lottery Scholarship  
Fourth Annual Report  
October 2010**

The North Carolina Education Lottery commenced in March 2006 and the North Carolina State Education Assistance Authority (Authority) began identifying recipients for the North Carolina Education Lottery Scholarship in February 2007 for the 2007-08 academic year. The 2009-10 academic year was the third academic year in which recipients were funded with lottery proceeds.

The North Carolina Education Lottery Scholarship is designed to ensure that eligible students whose families can afford to contribute less than \$5,000 toward the student's education will receive at least a certain minimum amount of grant funding when combined with the Federal Pell Grant. For the 2009-10 year, the minimum amount was \$3,400.

Students apply for the Education Lottery Scholarship by completing the Free Application for Federal Student Aid (FAFSA), which is required to be considered for all federal and state need-based aid. Consideration for the scholarship occurs automatically based on data on the FAFSA, and students are notified of their eligibility by the institutions to which they apply. Funds are disbursed to the institutions upon confirmation from each institution that the student is enrolled.

By statute, the eligible institutions in North Carolina include:

- University of North Carolina Constituent Institutions as defined in G.S. 116-2(4)
- North Carolina Community Colleges as defined in G.S. 115D-2(2)
- Private non-profit institutions as defined in G.S. 116-22(1) or 116-43.5(a)(1)
- Hospital schools as defined in G.S. 131E-16(14) or schools of nursing affiliated with a nonprofit postsecondary institution as defined in G.S. 116-22(1).

The Authority receives funds quarterly from the North Carolina Education Lottery Commission and places the funds in a trust fund for the benefit of eligible students.

For the 2009-10 academic year, all 31,599 eligible students received funding totaling \$38,296,362, with an average scholarship of \$1,212.

The total number of students by institutions exceeds the total unduplicated headcount because some students transfer at mid-year and are counted once at each institution (1/2 year amount at each).
