Executive Summary

The State Board is authorized in Rule 23 NCAC 02E .0201 to approve programs consistent with the System's mission. The approval processes include curriculum applications (traditional or special) or letters of request, depending on the program type. Community colleges must have State Board of Community Colleges approval to offer a curriculum program prior to implementation.

Approval of curriculum programs is justified by student interest and current and future employment needs within the state. Each college must certify that they can operate the program efficiently and effectively within the resources available to the college.

Colleges may seek approval to offer programs that are new to the System (the curriculum program does not currently exist in the System), or seek approval to offer an established program (the curriculum program is an existing program within the System).

Instructional Service Agreements (Level III) are utilized when two or more colleges jointly offer a curriculum program. In concordance with Rule 23NCAC 2E.0604, these agreements are approved by the NC Community College System Office, involve the sharing of resources and may include the sharing of FTE.

From January 2011 through December 2011, a total of **66** curriculum programs were approved. Of the **66** approved programs, **60** programs were existing curriculum programs, **3** were new to the System and **3** were instructional service agreements.

The new to the System programs are:

- Nonprofit Leadership and Management (A25410)
- Aviation Electronics Technology (Avionics) (A60150)
- Electric Utility Substation and Relay Technology (A50510)

Per rule 23 NCAC.2E.0201(b), community colleges shall request to terminate a curriculum program when there has been low or zero enrollment for two years. From January 2011 through December 2011, the North Carolina Community College System received program termination requests from **21** colleges. The colleges requested termination of one or more of their curriculum programs resulting in the termination of **72** curriculum programs system-wide.

Curriculum Program Approvals by Type

Traditional Curriculum Program Applications

The traditional curriculum program application process is required for all New to the System curriculum programs and all programs that have not been identified as eligible for the abbreviated process. A concentration is a major core of courses added to an existing parent program to meet the needs of a specific related employment field. The college must have approval for the parent program in order to request approval for the concentration.

Appendix D: Curriculum Program Terminations by State Board of Community Colleges Date

Community College (CC)	Curriculum Name and Code	College Rationale for Termination
January 20, 2011		
Pitt CC	Health Unit Coordinator (Certificate) (C25220)	No Enrollment: Local employers prefer employees with a broader range of skills. Pitt will utilize programs such as Medical Office Administration, Health Information Technology, or Business Informatics to prepare students.
February 18, 2011		
Blue Ridge CC	Central Sterile Processing (D45180)	No Enrollment: There is no current workforce demand in the region for the graduate.
Blue Ridge CC	Industrial Systems Technology (A50240)	No Enrollment: Economic and employment conditions in this field of study have not proved successfully.
Blue Ridge CC	Travel and Tourism Technology (A25440)	No Enrollment: There is no current workforce demand in the region for the graduate.
South Piedmont CC	Business Administration – Electronic Commerce (A2512I)	No Enrollment: Changes in business and computer related programs resulted in lack of need for a stand-alone program.
South Piedmont CC	Carpentry ((Diploma) (D35180)	Low Enrollment: Program was transferred to Continuing Education.
South Piedmont CC	Collision Repair and Refinishing Technology (A60130)	No Enrollment: Most student interest was personal and not occupational. Program was transferred to Continuing Education.
South Piedmont CC	Computer Programming (A25310)	No Enrollment. Computer related programs were integrated into a single Computer Information Technology (A25260) degree program with concentrated certificates.
South Piedmont CC	Geospatial Technology (A40220)	No Enrollment since 2007. Program never successful because of low enrollment.
South Piedmont CC	Human Services Technology – Social Services (A4538D)	Local employer needs are being met with Human Services Technology (A45380).
South Piedmont CC	Industrial Management Technology (A50260)	No Enrollment since 2007: The program was placed in inactive status because of low enrollment.
South Piedmont CC	Masonry (Diploma) (D35280)	Low Enrollment. Program was transferred to Continuing Education.

Community College (CC)	Curriculum Name and Code	College Rationale for Termination
February 18, 2011 (Continued)		
South Piedmont CC	Materials Science Technology (A40340)	No Enrollment: Lack of support from local industry.
South Piedmont CC	Networking Technology (A25340)	No Enrollment: Computer related programs were integrated into single Computer Information Technology (A25260) degree program with concentrated certificates.
South Piedmont CC	Office Administration – Legal (A2537A)	No Enrollment: Implementation of Paralegal Technology (A25380) contributed to a decline in enrollment.
South Piedmont CC	Web Technologies (A25290)	No Enrollment: Computer related programs were integrated into a single Computer Information Technology (A25260) degree program with concentrated certificates.
South Piedmont CC	Welding Technology (A50420)	Low Enrollment: Program was transferred to Continuing Education.
Western Piedmont CC	Web Technologies (A25290)	Low Enrollment: Program demand has fallen over the past years. Employers' needs are being met with the Computer Information Technology (A25260) degree program.
March 17, 2011		
Central Piedmont CC	Networking Technology (A25340)	Low Enrollment: Computer related programs, including Networking Technology (A25340) were integrated into a single Computer Technology Integration (A25500) program with different specialties.
Durham Technical CC	Licensed Practical Nurse Refresher (Certificate) (C45390)	No Enrollment: There is no workforce demand in their region for the refresher.
Durham Technical CC	Phlebotomy (Certificate) (C45600)	No Enrollment: Students interested in Phlebotomy are better served through Continuing Education. Students are seeking a shorter training schedule than requirements through curriculum.
Johnston CC	Building Construction Technology (A35140)	No Enrollment: Lack of industry in college's service area and low student interest indicated need for termination.
