Report to the North Carolina General Assembly: §115C-83.4A ~ Advanced Courses

In response to G.S.115C-83.4A, the NC Department of Public Instruction (NCDPI) established the NC Advanced Placement Partnership (NCAPP) in May 2014 with the College Board. The NCAPP's purpose is to broaden access and successful participation in advanced coursework in NC's public schools. According to G.S. 115C-83.4A, "It is the intent of the State of North Carolina to enhance accessibility and encourage students to enroll in and successfully complete more rigorous advanced courses to enable success in postsecondary education for all students."

The College Board and NCDPI began work in May 2014 to determine eligible low-performing districts for targeted participation and opportunities for state-wide efforts. Currently, there are 23 NC school districts that are participating in the NCAPP as "targeted districts" with focused support. NCAPP also provides state-wide support through face-to-face and online professional development opportunities open to all school districts across the state. College Board and the NCDPI have worked together to ensure a successful start of the NCAPP.

The NCAPP is a timely partnership for NC's public schools. The state's most recent data from the College Board shows remarkable gains in 2013-14 with significant increase in exam participation and success for all students.

- The number of AP Exam-Takers in North Carolina's public schools increased 13.0% from 2013 to 2014, as compared to a 5.8% increase in AP Exam-Takers in public schools nationwide. In total, 57,035 NC public school students took 105,557 AP exams, with 58,802 receiving a proficient score.
- AP participation and performance for Black students in North Carolina's public schools continues to outpace the participation and performance for Black students seen nationwide. The number of Black AP Exam-Takers in North Carolina's public schools increased 26.8% from 2013 to 2014, as compared to an 8.2% increase in Black AP Exam-Takers in public schools nationwide.
- AP participation and performance for Hispanic students in North Carolina's public schools continues to outpace the participation and performance for Hispanic students seen nationwide. The number of Hispanic AP Exam-Takers in North Carolina's public schools increased 32.1% from 2013 to 2014, as compared to a 9.1% increase in Hispanic AP Exam-Takers in public schools nationwide.

This success is a direct result of hard work by NC's teachers and districts. With NCAPP's sustained efforts of professional development and technical assistance, the State Board of Education and NCDPI expect even further progress to increase access and successful participation in Advanced Placement courses across NC and further meet the intent of the legislation.

Report Requirements

This report responds to the requirements of the legislation enacted in SL 2013-360, *Broaden Successful Participation in Advanced Courses*. The State Board of Education report fulfills some requests, while others are fulfilled by the companion College Board NCAPP Report.

The following table reviews the report requirements and indicates which report addresses the required information:

The North Carolina Advanced Placement Partnership's report to the NCDPI and the assessment of that report.	State Board of Education Report
Number of students enrolled in advanced courses and participating in advanced course examinations, including demographic information by gender, race, and free-and reduced-price lunch status.	State Board of Education Report College Board NCAPP Report
Student performance on advanced course examinations, including information by course, local school administrative unit, and school.	State Board of Education Report College Board NCAPP Report
Number of students participating in 10th grade PSAT/NMSQT testing.	College Board NCAPP Report
Number of teachers attending summer institutes offered by the North Carolina Advanced Placement Partnership.	College Board NCAPP Report
Distribution of funding appropriated for advanced course testing fees and professional development by local school administrative unit and school.	State Board of Education Report
Status and efforts of the North Carolina Advanced Placement Partnership.	State Board of Education Report College Board NCAPP Report

Basic Status and Efforts of NCAPP

NCAPP Targeted Districts

NCDPI and College Board invited low-performing districts to join NCAPP with focused participation. Of the 30 invited school districts, 23 school districts decided to join the NCAPP for 2014-15. Districts who were invited to participate were low-performing in the areas of ACT composite, math rigor, overall performance composite scores, AP participation and performance. Furthermore, school districts already part of the District and School Transformation Division outreach were also invited.

2014-15 NCAPP Targeted Districts

Anson County	Bertie County	Clinton City	Columbus County	Duplin County
Edgecombe County	Greene County	Hoke County	Lee County	Lenoir County
Lexington City	Montgomery County	Nash-Rocky Mount	Northampton County	Pitt County
Richmond County	Robeson County	Sampson County	Scotland County	Thomasville City
Warren County	Washington County	Wayne County		

NCAPP State-Wide Efforts

In addition to focused district support through professional development and technical assistance, NCAPP is working with state-wide efforts. In particular, select numbers of teachers from school districts across the state are invited to participate in content-based professional development opportunities. Further state-wide efforts are occurring, including webinars to support systemic change and program development and school counselor focused professional development.

AP and IB Current Course Enrollment Data

See Table I and Table II for the 2014-15 student enrollment data for AP and IB courses in NC's 115 traditional LEAs and Charter Schools. The student enrollment data is disaggregated by gender, race/ethnicity, and free-reduced lunch status. All student data is masked at the appropriate level.

AP Examination Participation and Performance Data

Due to the size of this data set, see DPI's Accountability website at <http://www.ncpublicschools.org/accountability/reporting/sat/> for this information.

This data file includes LEA and school level data of AP course exam participation and performance, by gender, race/ethnicity, and low-income status, as reported by College Board. All student data is masked at the appropriate level.

Distribution of NCAPP Funding

This school year will be the first year when all students' test and registration fees are covered by NCDPI through the NCAPP legislation. Students must be enrolled in the corresponding AP and IB courses to have the fees covered.

NCDPI has developed a process for payment of all AP and IB exams and registration fees for all NC public school students in traditional LEAs and Charter Schools. NCDPI will be able report actual funding distribution after this initial school year; as of this point, no test fees have been allocated.

NCDPI Response to NCAPP Report

NCDPI received the NCAPP Annual Report from College Board in September 2014 and it reflects the initial progress of the NCAPP since May 2014 as well as basic data. The NCAPP Report can be found after the data tables in this report.

NCDPI is pleased with the progress of the NCAPP and the Annual Report submitted by College Board. The College Board is committed to serving NC school districts and continues to partner with NCDPI to ensure effective implementation. NCDPI is particularly pleased that the Director of the NCAPP is a previous administrator from a NC school district and, consequently, has experience and understanding of the state and districts. NCDPI received comprehensive data from College Board in October 2014. This data was then cross-referenced with our school district names and prepared for this NCAPP legislative report.

External Reviewer

NCDPI is in the process of establishing an external reviewer. This external reviewer will evaluate the first full year of implementation in summer 2015.

Companion College Board NC AP Partnership Annual Report

Please refer to the following report prepared by College Board and submitted to NCDPI for remaining report requirements.

Sept. 22, 2014

Dear Members of State Board of Education and NC Department of Public Instruction Staff,

On behalf of the College Board, I am pleased to present the 2013-2014 NC AP Partnership (NCAPP) Annual Report. As required by statute 115C-83.4A, this report will be delivered annually to keep you informed of the Partnership's implementation efforts and progress. As this is the first year of the Partnership, the data in this report will serve as a baseline as we look ahead to the future of the Partnership.

The mission of the Partnership between The College Board and the state of North Carolina is to prepare, inspire, and connect students to postsecondary success and opportunity, with a particular focus on minority students and students who are underrepresented in postsecondary education. The purpose of the Partnership is therefore to assist in improving college readiness of secondary students and to assist secondary schools to ensure that students have access to high-quality, rigorous academics with a focus on access to Advanced Placement courses.

The College Board and the Department of Public Instruction worked together to identify twenty-three low-performing districts to target for direct support and resources. In these districts, the Partnership supports focused efforts at developing a college-going culture in schools, and each of the twenty-three participating district are provided guidance in implementing rigorous academic programs. Additionally, through extensive and on-going professional development and the extensive use of data, administrators, teachers, and counselors learn and use the tools to make this revolutionary reform possible. The College Board guides each NCAPP District as it redesigns and transforms its delivery of academic programs, refits master schedules, offers more advanced level courses, and delivers a philosophy of rigor to teachers, counselors, families, and school communities.

In addition to these focused efforts in target districts, NCAPP has had a state-wide impact, delivering professional development scholarships statewide to three hundred AP teachers for AP Summer Institutes in June-Aug. 2014, and 250 teachers this fall for AP One-Day Workshops. Three hundred and twenty scholarships for 2015 AP Summer Institutes will be available for teachers this spring. There will also be a Middle Level Colloquium in the early spring targeted at middle school staff to build the pipeline of prepared students and trained teachers in pre-AP teaching strategies.

Assessment, professional development, student support, data diagnosis, and leadership training are part of what we bring to these districts and schools. At the same time, we will continue to help increase student participation and success in Advanced Placement courses. By providing high standards and expectations for students in each classroom, these districts will better prepare all students for a lifetime of success. We deeply believe in the power of this work to transform students' lives, and we are delighted to be partnering with DPI in this effort.

Sincerely,

A handwritten signature in black ink, appearing to read "Kathleen Koch".

NC Advanced Placement Partnership Annual Report

Sept. 22, 2014

I. Mission and Purpose of the NC AP Partnership:

The mission of the Partnership between The College Board and the state of North Carolina is to prepare, inspire, and connect students to postsecondary success and opportunity, with a particular focus on minority students and students who are underrepresented in postsecondary education. The purpose of the Partnership is therefore to assist in improving college readiness of secondary students and to assist secondary schools to ensure that students have access to high-quality, rigorous academics with a focus on access to Advanced Placement courses.

II. Driving Governance:

G.S. 115C-83.4A. Advanced Courses. According to statute, it is “the intent of the State of North Carolina to enhance accessibility and encourage students to enroll in and successfully complete more rigorous advanced courses to enable success in postsecondary education for all students.”

III. 2013-2014 Results:

AP Course Participation:

- Enrollment in advanced courses, including demographic information by gender, race, and FRL status.
DPI to provide enrollment data

Funding Distribution:

- Distribution of funding appropriated for advanced course testing fees and professional development by local school administrative unit and school.
DPI to provide funding distribution

Teacher Professional Development:

- Number of teachers across the state attending 2014 AP summer institutes offered by NCAPP: **300**

AP Performance:

- The number of AP Exam-Takers in North Carolina’s public schools increased 13.0% from 2013 to 2014, as compared to a 5.8% increase in AP Exam-Takers in public schools nationwide. In total 57,035 NC public school students took 105,557 AP exams, with 58,802 receiving a proficient score.
- AP participation and performance for Black students in North Carolina’s public schools continues to outpace the participation and performance for Black students seen nationwide. The number of Black AP Exam-Takers in North Carolina’s public schools increased 26.8% from 2013 to 2014, as compared to an 8.2% increase in Black AP Exam-Takers in public schools nationwide.
- AP participation and performance for Hispanic students in North Carolina’s public schools continues to outpace the participation and performance for Hispanic students seen nationwide. The number of Hispanic AP Exam-Takers in North Carolina’s public schools increased 32.1% from 2013 to 2014, as compared to a 9.1% increase in Hispanic AP Exam-Takers in public schools nationwide.

PSAT Participation:

- Number of students participating in 10th grade PSAT/NMSQT testing: **October 2013: 44,754 Tests; 2014 orders as of Sept. 22, 2014: 48,007 tests.** Students taking the SAT with the PSAT/NMSQT as a Junior **and** Sophomore or younger continue to score higher than the national average (SAT Critical Reading 540 – 48 points higher than the national average; SAT Mathematics 551 – 50 points higher than the national average; SAT Writing 520 – 42 points higher than the national average) while students taking the SAT **without** the PSAT/NMSQT continue to score lower than the national average (SAT Critical Reading 453 – 39 points below the national average; SAT Mathematics 461 – 40 points below the national average; SAT Writing 427 – 51 points below the national average).

IV. Current Status and efforts of the NC AP Partnership – June – Oct. 2014:

District Support - Ongoing:

- College Board staff provide extensive and on-going professional development and data analysis sessions to administrators, counselors, and teachers in districts as needs arise.

District Orientation Meeting June 24-25, 2014:

- 30 administrators from 24 target districts attended this two day professional development to learn about the purpose and goals of the Partnership as well as best practices for Career and College Readiness. In total, 30 districts were invited to join the Partnership. Of those, 23 signed formal "Commitment to Participate" letters for 2014-2015.

NC Advanced Placement Partnership Annual Report

Sept. 22, 2014

Fall Leadership Colloquium Sept. 29-30th, 2014:

- 44 administrators from the 23 NCAPP target districts are registered to attend this two day professional development on increasing rigor and growing AP programs

AP Teacher Symposium Oct. 1-2, 2014:

- 125 AP teachers from low AP performing districts are registered to attend this two day professional development on best practices in teaching AP courses. This audience includes AP teachers from the 23 NCAPP target districts as well as other lower AP performing districts to expand impact across the state.

Fall AP One-Day Workshops Oct.-Nov. 2014:

- 250 Scholarships available to AP teachers from low AP performing districts for these course-specific AP workshops. This audience includes AP teachers from the 23 NCAPP target districts as well as other lower AP performing districts to expand impact across the state.

Upcoming Professional Development:

- Middle Level Colloquium – planned for early spring and targeted at middle school staff, this professional development workshop is designed to build the pipeline of prepared students and trained teachers in pre-AP teaching strategies.
- APSI scholarships for 2015 – three hundred and twenty (320) scholarships for 2015 AP Summer Institutes will be available for teachers this spring.
