An Act to Direct the State Board of Education to Develop a Growth Model for Establishing Short-Term Annual Goals for Improving the Four-Year Cohort Graduation Rate and to Establish a Long-Term Goal of Increasing the Statewide Four-Year Cohort Graduation Rate

### **Introduction**

Senate Bill 1246, Session Law 2010-111 directed the State Board of Education to develop a growth model for establishing short-term annual goals for improving the four-year cohort graduation rate and to establish a long-term goal of increasing the statewide four-year cohort graduation rate to one hundred percent. The State Board of Education is also required to report annually on progress toward graduation benchmarks and include strategies and recommendations for achieving those benchmarks. In September 2006, the State Board of Education established the expectation that one hundred percent of the students in North Carolina should graduate from high school when the Board adopted its mission that every public school student will graduate from high school, globally competitive for work and postsecondary education, and prepared for life in the 21st century.

The first report to the General Assembly in response to this legislation was submitted in November 2010. In that report, the North Carolina Department of Public Instruction (NCDPI) described the State Board of Education's approach to improving student outcomes and the cohort graduation rate. Included in the report were descriptions of the Accountability and Curriculum Reform Effort (ACRE) which called for new academic content standards, new assessments and a new accountability model. These were implemented in the 2012-13 school year, and the new accountability model includes improvement in cohort graduation rates as one of its indicators.

In the North Carolina RttT application, the goals for education reform and innovation focus on the following:

- Increasing overall student achievement;
- Raising the four-year cohort graduation rate; and
- Ensuring that students graduate from high school college ready.

In order to receive the RttT funds, the NCDPI was required to complete a detailed Scope of Work specifying how the initiatives described in the RttT application will be implemented. The Scope of Work templates describe what the state and each local education agency (LEA) will do in order to improve the targets established in the goals. As part of the NC Scope of Work, the SBE established Four-Year Cohort Graduation Rate targets, working from a baseline of 74.2% in 2009-10 and increasing to 76% in 2010-11; 79% in 2011-12; 82% in 2012-13; and 85% in 2013-14 – therefore exceeding the targets outlined in Senate Bill 1246/Session Law 2010-111. By 2014 the State Board of Education will have refined its target dates to address the 90% and 100% cohort graduation expectation outlined in Senate Bill 1246/Session Law 2010-111. See below for the results from the 2013-14 school year by LEA.

**Report of the 2013-14 School Year on 4-Year Cohort Graduation Rates** (Highlighted Cells Indicate the LEA Met or Exceeded the 2013-14 State's Goal of 85%)
