

**Special Education Scholarships for Children with Disabilities
Administered by the
State Education Assistance Authority
Annual Report
October 1, 2014**

The Special Education Scholarships for Children with Disabilities program reimburses parents/guardians for the education expenses for children who require a specialized instructional curriculum and attend a nonpublic school. The maximum grant for the 2014 spring semester was \$3,000.

Among the eligibility requirements in the first year of the program, a student must have attended a public school in the fall 2013 semester OR if enrolled in a private school, the student's parent must have claimed and been allowed the North Carolina tax credit for special education expenses of a child in a private school. As of the date of this report, parents are still submitting NC income tax returns or submitting amended returns claiming the tax credit for their 2013 fall semester expenses; thus the numbers in this report are preliminary.

The State Education Assistance Authority processed scholarship reimbursement for 235 students totaling \$654,616 as of June 30, 2014.

The following tables summarize the ages and grades of the recipients:
