Mr. Mark Trogdon

Updated Report on Reorganization of the Community College System Office as Required by Section 9.1 of S.L. 2017-57

On March 29, 2018, I reported that there had been no reorganization or movement of positions or funds between fund codes. However, in that report, I advised that a request would be submitted to the State Board of Community Colleges at their April 2018 meeting to transfer a position to support needs for legal contractual review.

On April 20, 2018, the State Board of Community Colleges approved the reorganization of position #60095041 from the Technology Solutions and Distance Learning Division to the Legal Affairs unit of the Executive Division. This position will help support the legal review of System Office contracts. Due to the high volume and increasing complexity of contracts executed by the System Office, Legal Affairs routinely has a backlog of contracts requiring review. The reorganization of this position will provide additional resources to assist with this significant operational challenge.

Should you have any questions or need additional information, please feel free to contact me.

Sincerely,

Jennifer Haygood
Executive Vice President and Chief of Staff
