Report Requirements

Summary of the Legislation

The Advanced Course Teacher Bonus provides funding to reward teachers of students who achieve successful results on advanced course examinations. The state recognizes Advanced Placement (AP), International Baccalaureate (IB), and Cambridge International Certification of Education (AICE) courses as advanced courses. Each Local Education Agency (LEA) and public charter school is entitled to funding based on the exam results of their students. The bonus is based on exams taken in the 2017-18 school year, specified as \$50 per exam at a grade of 3 or above on AP, 4 or above on IB, and “E” or higher on AICE examinations, with a maximum of \$3,500 per teacher, per year. To be eligible, the teacher must be teaching in the same LEA or public school at least from the school year the data are collected until January 1 of the year that the bonus is paid.

N.C.G.S. 2017-57, Section 8.8 modifies the Advanced Placement/International Baccalaureate/Cambridge AICE Teacher Bonus Program in the following ways:

- Changes grade requirement for Cambridge AICE exams bonus program from grade E to a grade C or better. This is in effect for the current 2019 AICE exams for bonus payment in January 2020.
- States that a qualifying teacher must remain teaching in the same LEA/charter school until January 1 of the fiscal year the bonus is paid. This is in effect for the 2017-18 bonus allocation.

Reporting Requirement

The State Board of Education is reporting on advanced course teacher performance and on the amount of bonuses allotted for advanced course teachers in each LEA and public schools. The impact on teacher retention is not able to be determined at this time.

Distribution of Funds

The Department of Public Instruction (DPI) distributed the funds to the LEAs and charter schools based on legislation and SBE policy. The allocations were available by LEA and charter school as shown in the table below.

The allocations to LEAs and charter schools are based on the number of exams eligible for a bonus, as reported by the College Board, International Baccalaureate Organization, and Cambridge International. These allocations are the maximum that could be paid out to teachers. It is anticipated that not all the funds will be dispersed due to the eligibility

requirements of the employment of the teacher and the maximum cap for allocations. At the time of the report, final expenditures by LEAs and charter schools are not available as disbursements have not yet been reconciled. The impact on the bonus program on recruitment and retention of teachers of advanced courses has yet to be determined. However, anecdotally from conversations in the field, we believe teachers value the bonus.

Final Allocation Amounts

NCDPI allocated a total of \$4,030,150 for the Advanced Course Bonus Program for the 2017-18 school year, including \$3,734,850 for 74,697 AP eligible exams, \$289,750 for 5,795 IB eligible exams, and \$5,550 for 111 AICE eligible exams.

Please contact NCDPI, Division of Advanced Learning and Gifted Education with questions/comments.
