## NC DEPARTMENT OF PUBLIC INSTRUCTION

Mark Johnson, State Superintendent :: 301 N. Wilmington Street :: Raleigh, North Carolina 27601-2825

In compliance with federal law, the NC Department of Public Instruction administers all state-operated educational programs, employment activities and admissions without discrimination because of race, religion, national or ethnic origin, color, age, military service, disability, or gender, except where exemption is appropriate and allowed by law.

### Inquiries or complaints regarding discrimination issues should be directed to:

Maria Pitre-Martin, Ph.D., Deputy Superintendent of District Support

6307 Mail Service Center, Raleigh, NC 27699-6307 / Phone: (919) 807-3759 / Fax: (919) 807-4065

The report was prepared in accordance with requirements of Session Law 2017-57 Section 8.9 (c).

**“SECTION 8.9.(c)** Study the effect of the program on teacher performance and retention. The State Board shall report the results of its findings, the amount of bonuses awarded to teachers who teach students earning approved industry certifications or credentials, and the type of industry certifications and credentials earned by their students to the President Pro Tempore of the Senate, the Speaker of the House of Representatives, the Joint Legislative Education Oversight Committee, and the Fiscal Research Division by March 15 of each year.

The Department of Public Instruction collaborated with the Department of Commerce's Labor and Economic Analysis Division (LEAD) to identify the academic rigor and employment value of the industry recognized credentials earned by secondary students in Career and Technical Education (CTE) programs during the 2015-16 school year. Based on the data gathered, in December 2016, the State Board of Education approved a bonus program based on three tiers of credentials. Those credentials with both high academic rigor and employment value were designated as Tier 3 and eligible for a bonus of \$50 each. Tier 2 credentials have either high academic rigor or high employment value and will receive a \$25 bonus. Tier 1 credentials, while still valuable to students, did not have either high academic rigor or high employment value and therefore, are not eligible for teacher bonus pay.

Employment value was calculated based on the entry wages, employment growth rate and the projected number of job openings for the primary occupation of each credential earned. The process was similar to the methodology used by LEAD in the Star Job Ratings reporting.

DPI and LEAD used several data sources to match occupations with credentials. However, the aligned is not a perfect science. Many credentials earned can be aligned with more than one occupation or group of occupations.

Table 1 details the assignment of each credential type to a Tier based on the methodology used by DPI and LEAD.

Using data entered into the NC CTE Test Admin site by Local Education Agency (LEA) staff and data obtained from third party test administrators, DPI allotted to LEAs funds due for each teacher based on the credentials earned.

Table 2 shows the bonus allotted to each LEA for the payment of credential bonuses. Note the LEAs were required to verify continued employment of the teacher in the LEA in courses that lead to credentials.

<b>TOTAL EARNED BY NC STUDENTS</b>	<b>82,781</b>		<b>\$ 2,138,675</b>

^ Total bonuses shown indicate number earned. Amounts allotted will vary based on teacher cap.

During 2017-18, students earned 80,091 Tier 2 credentials and 2,757 Tier 3 credentials for a total bonus amount of \$2,138,675. It is important to note the amounts earned and allotted significantly exceeded the amounts allotted in the 2017-18 budget. Once the teacher bonus maximum was applied, a total of \$1,971,875 was allotted to LEAs for bonus pay to 1,816 individual teachers. The average bonus received per teacher was \$1,085. 120 teachers qualified for bonus payments in excess of the \$3,500 maximum.

The CTE Credential Bonus earned increased by \$73,025 from 2016-17 to 2017-18. An additional 614 Teachers earned the bonus during 2017-18. The average bonus received per teacher decreased by \$212 in 2017-18.

During the 2019-20 Academic Year, the Division of Career and Technical Education will conduct a survey of all teachers of record for credential bearing courses approved for bonus payments. The survey will gauge the impact that the CTE credential bonus payments have related to retention and recruitment.
