[1] The denominator for calculating the required percentage is all students in membership at grade 3 for the first day of spring testing.

[2] The denominator is the number of students who did not demonstrate reading proficiency minus students exempt from mandatory retention in 3rd grade for good cause.

An * indicates that the student population number is too small to report the value. The percentage and number of students are not shown if the percentage is greater than 95 percent (>95) or less than 5 percent (<5).
