

Scotland County Abandoned Mobile Home Program

- Solid Waste Department
- Sheriff's Department
- Court System
District Attorney and Judges

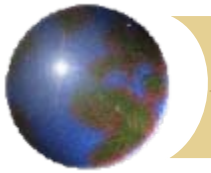

Need for Abandoned Mobile Home Program

- History and Background
- Need for Program
- Financial Feasibility
- Benefits of Program

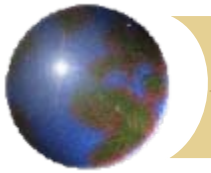

The Program Goals

- Financially Feasible – no tax money could be used to support the project
- Legal – local ordinances used with civil and criminal penalties
- Environmentally Safe – all homes and debris must be brought to Scotland County landfill

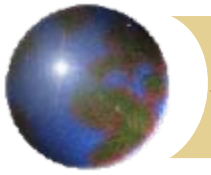

*Scotland County , North Carolina
Ordinance #22*

**SOLID WASTE MANAGEMENT
ORDINANCE
FOR
SCOTLAND COUNTY, NORTH
CAROLINA**

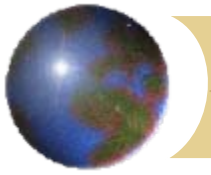

The Program Process

1. Solid Waste Enforcement Officer sends a letter to the landowner to notify that there is a violation on his property. The landowner had 5 days in order to contact the officer of the details of the violation and 30 days in order to bring the violation into compliance.
2. Solid Waste Officer writes a criminal summons to the land owner and the owner either complies or goes to court.

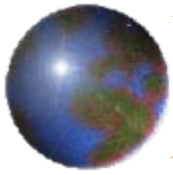

3. Mobile home is transported to the landfill at the owner's expense, weighed and charged a construction demolition tipping fee. The home is taken to the designated area at the C&D landfill where staff dismantles the structure.

4. Items Recycled:

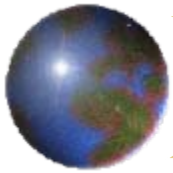

- * aluminum siding and window frames
- * wiring
- * white goods
- * structural steel frames and axles.

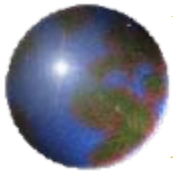

5. Un-recyclable wood framing and flooring are disposed in the C&D landfill.

Dismantling of Old Mobile Homes

Before and After

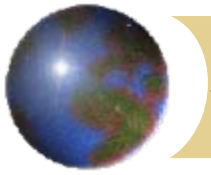

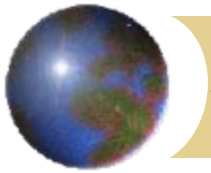

Summary

- The program has been effective in removing mobile homes without the use of tax dollars.
- The process is slow and without total cooperation with the District Attorney and Court System this program will not succeed.

- The Solid Waste Program pays for the administration and enforcement of the program. This is not a free program. Additional funding will speedup the process and increase the number of homes removed.
