

SL 2014-120 Section 29(b) Report

Alexander County Environmental Health

Part 1A: On-site Water Protection: Standardize Certain Regulatory Review Procedures

Reference Session Law 2014-120, Section 29.(b).

Background: The Alexander County Environmental Health office receives Regulatory Submittals for review under multiple scenarios as provided for in statute and rule. The processes for each type of review are described below.

- I. Systems with design daily flows $\geq 3,000$ total gallons per day [15A NCAC 18A .1938(e)] or for treatment of industrial process wastewater (IPWW) [15A NCAC 18A .1938(f)].
 - A. Receive application
 - A. Assign staff
 - B. Notify state regarding need for review and convey materials to the State
 - C. Assist the State with processes outlined in Part 1A, Section I of the State report
- II. Design plans and specifications pursuant to Rule .1938(f). *(This is typically an engineered design that does not specifically require State review but the local department requests State assistance regarding one or more aspects of the design.)*
 - A. Receive application
 - B. File a Request for Review describing which elements of the Submittal the OSWP should review.
 - C. Convey the Regulatory Submittal and Request to Review to the OSWP.
 - D. Assist the State with processes outlined in Part 1A, Section II.B of the State report
- II. Design daily flow review pursuant to Rule .1949; *(The local health department is only requesting assistance with determination of the proposed flow for a facility.)*
 - A. Receive application
 - B. File Request for Review for a proposal submitted based on Rule .1949 and convey it to the OSWP with the Regulatory Submittal.
 - C. Assist the State with processes outlined in Part 1A, Section II.A of the State report
- III. Design plans and specifications pursuant to Rule .1948(d); *(Proposals intended to overcome an UNSUITABLE classification)*
 - A. Receive application
 - B. File Request for Review for a proposal submitted based on Rule .1948(d) and convey it to the OSWP with the Regulatory Submittal.
 - C. Assist the State with processes outlined in Part 1A, Section II.C of the State report

Alexander County Environmental Health

IV. Design plans and specifications for flow reduction utilizing low-flow fixtures or low-flow technologies pursuant to Session Law 2013-413 or 2014-120. *(These submittals may be submitted to the State on a case-by-case basis. In those cases, procedures outlined in Section II above apply.)* The procedure below is for reviews conducted on the local level only.

A. Receive application

B. Conduct Review

C. Provide a response to the Submitting Party that includes:

a. *An approval of the system* engineering plans and specifications, or

b. *A request for revisions* that include:

(a) A section detailing any required revisions with citation of applicable statute or rule(s);

(b) A section detailing any suggested or recommended revisions based upon current knowledge base (guidance, manuals or standards of practice).

c. *A request for additional information* that includes:

(a) A section detailing any required additional information with citations of applicable statute or rule(s) and;

(b) A section detailing any suggested additional information based upon current knowledge base (guidance, manuals, or standards of practice).

(c) Detailed listing of fixtures and practices that will be used in the facility to achieve flow reduction.

(d)
