☐ Other Type program name

Terry B Lail

01/14/2015

***Submit this report electronically to Mariah Matheson, Commission Assistant,
Environmental Review Commission, at Mariah.Matheson@ncleg.net.***

Name of local government unit: [Type name]

Please attach any written procedures that may have been developed to implement the provisions of this law.

☒ Check to indicate that this plan review program implemented procedures whereby plan reviewers distinguish between plan changes that are required by statutory or other legal authority and those that the reviewer offers as suggestions for improvement. Refer to S.L. 2014-120, Section 29.(b)(1) for further details about this requirement.

☒ Check to indicate that this plan review program identifies the statutory or regulatory authority for any revisions or requests for additional information that are required by the program in order to grant the requested plan permit, approval, or license. Refer to S.L. 2014-120, Section 29.(b)(2) for further details about this requirement.

☒ Check to indicate that this plan review program implemented procedures for local governments to follow when (1) a Professional Engineer submits a sealed design or practice that is not in the local government's guidance, manuals, or standard operating procedures, and (2) the submitting Professional Engineer requests additional internal review of that design or practice. Refer to S.L. 2014-120, Section 29.(c)(1) for further details about this requirement.

☒ Check to indicate that this plan review program established a procedure whereby the plan reviewer's supervisor OR the approving/delegating state agency can provide further review and oversight of these design details. Refer to S.L. 2014-120, Section 29.(c)(1) for further details about this requirement.

☒ Check to indicate that this plan review program either employs a Professional Engineer who can conduct further review of these innovative designs, or maintains a list of consulting Professional Engineers of the local government unit's choice that may conduct this review, if requested by and paid for by the submitting Professional Engineer. Refer to S.L. 2014-120, Section 29.(c)(1) for further details about this requirement.

☒ Check to indicate that this plan review program established an informal internal process to address disputes when a plan reviewer identifies a change to the plans as being "required" under a specific, identified legal authority. Refer to S.L. 2014-120, Section 29.(c)(2) for further details about this requirement.

☒ Check to indicate that this plan review program discontinued use of the word “engineer” in the job titles of all program employees whose responsibilities include review of plans in affected programs, *unless* those employees hold Professional Engineer licenses. Refer to S.L. 2014-120, Section 29.(h) for further details about this requirement.

Name of local government unit: City of Conover

☒ Check to indicate that this plan review program reviewed the titles of all employees conducting plan reviews for this program. Refer to S.L. 2014-120, Section 29.(h)(1) for further details about this requirement.

☒ Check to indicate that this plan review program proposed revisions to those employees’ job titles in order to eliminate use of the word “engineer” when publicly identifying those employees, if those employees do not hold Professional Engineer licenses. Refer to S.L. 2014-120, Section 29.(h)(2) for further details about this requirement.

Additional information:

Pursuant to S.L. 2014-120, Section 29: Reform Agency Review of Engineering Work, the City of Conover expresses its full intent to comply with this new law.

The City of Conover has procedures already developed and implemented to address and adhere to the provisions of S.L. 2014-120, Section 29.

When plans are submitted to the City of Conover, plans are dated and distributed to the following City agencies: Public Works Department (Water, Sewer, Streets), Fire Department, Police Department, and the Planning Department.

The City has procedures where the plan reviews distinguish between plan revisions and those where the plan review officer offers improvements.

All statutory or regulatory authority for reviews or requests for information are fully identified.

The City maintains a list of consulting Professional Engineers that may conduct a review of innovative design if requested by and paid for by the submitting engineer or developer.

No licensed Professional Engineers are directly employed by the City of Conover.
