

# Report to the Environmental Review Commission

## Pursuant to S.L. 2014-120, Sec. 29 REFORM AGENCY REVIEW OF ENGINEERING WORK

January 20, 2015

**Name of Local Government Unit:** Town of Laurel Park

Approved/delegated program subject to reporting requirements:

☒ Sedimentation/erosion control

☒ Stormwater

☐ Water/sewer

☐ Cross-connection

☐ 401 certifications

☐ Other Type program name

Alison Melnikova  
Signature of report preparer Town Manager

1/20/2015

Date

Submit this report electronically to Mariah Matheson, Commission Assistant,  
Environmental Review Commission, at [Mariah.Matheson@ncleg.net](mailto:Mariah.Matheson@ncleg.net).

**Name of local government unit: Town of Laurel Park**

*\*\*Please attach any written procedures that may have been developed to implement the provisions of this law.\*\**

X Check to indicate that this plan review program implemented procedures whereby plan reviewers distinguish between plan changes that are required by statutory or other legal authority and those that the reviewer offers as suggestions for improvement. Refer to S.L. 2014-120, Section 29.(b)(1) for further details about this requirement.

X Check to indicate that this plan review program identifies the statutory or regulatory authority for any revisions or requests for additional information that are required by the program in order to grant the requested plan permit, approval, or license. Refer to S.L. 2014-120, Section 29.(b)(2) for further details about this requirement.

X Check to indicate that this plan review program implemented procedures for local governments to follow when (1) a Professional Engineer submits a sealed design or practice that is not in the local government's guidance, manuals, or standard operating procedures, and (2) the submitting Professional Engineer requests additional internal review of that design or practice. Refer to S.L. 2014-120, Section 29.(c)(1) for further details about this requirement.

X Check to indicate that this plan review program established a procedure whereby the plan reviewer's supervisor OR the approving/delegating state agency can provide further review and oversight of these design details. Refer to S.L. 2014-120, Section 29.(c)(1) for further details about this requirement.

X Check to indicate that this plan review program either employs a Professional Engineer who can conduct further review of these innovative designs, or maintains a list of consulting Professional Engineers of the local government unit's choice that may conduct this review, if requested by and paid for by the submitting Professional Engineer. Refer to S.L. 2014-120, Section 29.(c)(1) for further details about this requirement.

X Check to indicate that this plan review program established an informal internal process to address disputes when a plan reviewer identifies a change to the plans as being "required" under a specific, identified legal authority. Refer to S.L. 2014-120, Section 29.(c)(2) for further details about this requirement.

X Check to indicate that this plan review program discontinued use of the word "engineer" in the job titles of all program employees whose responsibilities include review of plans in affected programs, *unless* those employees hold Professional Engineer licenses. Refer to S.L. 2014-120, Section 29.(h) for further details about this requirement.

**Name of local government unit: Town of Laurel Park**

X Check to indicate that this plan review program reviewed the titles of all employees conducting plan reviews for this program. Refer to S.L. 2014-120, Section 29.(h)(1) for further details about this requirement.

X Check to indicate that this plan review program proposed revisions to those employees' job titles in order to eliminate use of the word "engineer" when publicly identifying those employees, if those employees do not hold Professional Engineer licenses. Refer to S.L. 2014-120, Section 29.(h)(2) for further details about this requirement.

**Additional information:**

The Town of Laurel Park currently has a resolution in place allowing Henderson County Soil Erosion and Sedimentation Erosion Control to enforce their local program within our jurisdiction. We will defer to their report on the process for required items, request for further review, review of items not within the governments' guidance manual and appeals of decisions made by that governing authority. Henderson County employs two engineers to enforce their local program, in light of this information, no review of titles for the word "engineer" is necessary at this time.

The Town of Laurel Park currently has a resolution in place allowing Henderson County Water Quality Administrator to enforce our local program within our jurisdiction. We will defer to their report on the process for required items, request for further review, review of items not within the governments' guidance manual and appeals of decisions made by that governing authority. Henderson County employs two engineers to enforce our local program, in light of this information, no review of titles for the word "engineer" is necessary at this time.
