*\*\*Please attach any written procedures that may have been developed to implement the provisions of this law.\*\* See additional information section*

☒ Check to indicate that this plan review program implemented procedures whereby plan reviewers distinguish between plan changes that are required by statutory or other legal authority and those that the reviewer offers as suggestions for improvement. Refer to S.L. 2014-120, Section 29.(b)(1) for further details about this requirement.

☒ Check to indicate that this plan review program identifies the statutory or regulatory authority for any revisions or requests for additional information that are required by the program in order to grant the requested plan permit, approval, or license. Refer to S.L. 2014-120, Section 29.(b)(2) for further details about this requirement.

☒ Check to indicate that this plan review program implemented procedures for local governments to follow when (1) a Professional Engineer submits a sealed design or practice that is not in the local government's guidance, manuals, or standard operating procedures, and (2) the submitting Professional Engineer requests additional internal review of that design or practice. Refer to S.L. 2014-120, Section 29.(c)(1) for further details about this requirement.

☒ Check to indicate that this plan review program established a procedure whereby the plan reviewer's supervisor OR the approving/delegating state agency can provide further review and oversight of these design details. Refer to S.L. 2014-120, Section 29.(c)(1) for further details about this requirement.

☒ Check to indicate that this plan review program either employs a Professional Engineer who can conduct further review of these innovative designs, or maintains a list of consulting Professional Engineers of the local government unit's choice that may conduct this review, if requested by and paid for by the submitting Professional Engineer. Refer to S.L. 2014-120, Section 29.(c)(1) for further details about this requirement.

☒ Check to indicate that this plan review program established an informal internal process to address disputes when a plan reviewer identifies a change to the plans as being "required" under a specific, identified legal authority. Refer to S.L. 2014-120, Section 29.(c)(2) for further details about this requirement.

☒ Check to indicate that this plan review program discontinued use of the word "engineer" in the job titles of all program employees whose responsibilities include review of plans in affected programs, *unless* those employees hold Professional Engineer licenses. Refer to S.L. 2014-120, Section 29.(h) for further details about this requirement.

**Name of local government unit:** Town of Swepsonville

☒ Check to indicate that this plan review program reviewed the titles of all employees conducting plan reviews for this program. Refer to S.L. 2014-120, Section 29.(h)(1) for further details about this requirement.

☐ Check to indicate that this plan review program proposed revisions to those employees' job titles in order to eliminate use of the word "engineer" when publicly identifying those employees, if those employees do not hold Professional Engineer licenses. Refer to S.L. 2014-120, Section 29.(h)(2) for further details about this requirement. NOT APPLICABLE TO SWEPSONVILLE

**Additional information:**

The Town of Swepsonville reviews new development plans for water, sewer, and stormwater compliance with respect to local standards and ordinances and NC state minimum design criteria. Town staff primarily completes these reviews but contract with the engineering consulting firm of Alley, Williams, Carmen & King, Inc. to provide engineering review of plans if the need arises.

As a result of the requirements contained in S.L. 2014-120, Section 29, we plan to distinguish between requirements and recommendations on new development plan reviews and have directed our consultant to provide the required comment language as a part of their future reviews as well. The Town has always had an open door policy with respect to project issues and any design engineer has been welcomed to discuss with Town management any plan review issues in the past and going forward.

The Town does not currently have any employee with the job description of engineer except the designation of the Town Engineer, who is the Professional Engineer with our consulting firm that serves the Town.

In summary, we are of the opinion that with the directive provided to our consulting firm, the Town of Swepsonville will be in compliance with the provisions of S.L.2014, Section 29.

Raymond Herring, Mayor
