**CONSERVATION GRANT FUND
ANNUAL REPORT
TO THE
ENVIRONMENTAL REVIEW COMMISSION**

Fall 2016

North Carolina Department of Environmental Quality

EXECUTIVE SUMMARY

Pursuant to G.S. 113A-235(c), the Department of Environmental Quality (DEQ) reports to the Environmental Review Commission each year on the implementation of Article 16, the Conservation Easement Program. This Article, §113A-230 through §113A-235, includes enabling legislation for a program for conservation easement promotion/education, quality assurance of conserved lands, and enabling legislation for a conservation grant fund.

In previous fiscal years the Department reported on the status of the Conservation Easement Program - G.S. 113A-230, Conservation Tax Credit - G.S. 113A-231, and the Conservation Grant Fund – G.S. 113A-232. With the recent re-organization of the Department, the scope of the DEQ Conservation Easement Program has been reduced to the administration of the Conservation Grant Fund and the long-term stewardship of conservation easements and conservation properties held by the Department. Additionally, the Conservation Tax Credit was repealed by Session Law 2013-316. This annual report reflects stewardship activities for Fiscal Year 2015-2016.

ANNUAL PROGRAM UPDATE

To conserve, protect and enhance the natural resources of North Carolina, DEQ and other state agencies protect restored or high-quality natural areas through easement purchases or fee simple acquisitions. These state-held conservation lands must be managed in perpetuity to protect water quality, wildlife habitat and open space. To protect the ecological integrity of these conservation properties, stewardship activities include monitoring, legal protection and enforcement, and site-management activities. DEQ stewardship activities are funded through an agreement with the Division of Mitigation Services (DMS) and with interest generated through an endowment established by G.S. 113A-232.

The Conservation Grant Fund endowment supports monitoring and management of wetland and stream mitigation sites, as well as sites protected through the Conservation Reserve Enhancement Program (CREP). Stewardship and monitoring activities are managed by the DEQ Land and Aquatic Resources Stewardship Program (LARSP). Legislation approved in the 2015 session allows for improved financial management of the endowment by diversifying the available investment options. Over the next fiscal year LARSP will work closely with the State Treasurer's Office to make adjustments to the endowment investment strategy in an effort to improve the financial performance. Recent organizational changes in state government resulted in the transfer of CREP to the Department of Agriculture (NCDA). Per an agreement between DEQ and NCDA the CREP funds will remain in the Conservation Grant Fund until such time as NCDA establishes an endowment for CREP funds.

FUNDS

The Conservation Grant Endowment (CGE) is comprised of three funds: Principal Fund 6704, Interest Fund 6705, and CREP Interest Transfer Fund 6706 in Budget Code 64307. The operating account for CGE was established as Fund 2410. Per the General Statutes these non-reverting funds are established specifically for stewardship activities (§113A 232). The CGE funds are administered by the State Treasurer. **Table 1** exhibits the balance and expenses for the Conservation Grant Endowment for the fiscal year (FY 2015-16).

PROPERTIES

At the conclusion of FY 2015-2016 DMS had completed compensatory mitigation requirements and transferred 20 properties to LARSP. With these additions, LARSP is responsible for the stewardship of 276 conservation properties. An inventory of conservation easements and real properties held by LARSP is provided in **Appendix A**.
