BACKGROUND

Session Law (S.L.) 2015-286, Section 4.15. (c) requires reporting of progress by the Commission for Public Health to the Environmental Review Commission and the Joint Legislative Oversight Committee on Health and Human Services beginning January 1, 2016, and every quarter thereafter, until all rules required pursuant to S.L. 2015-286, Sections 4.14 and 4.15 are adopted or amended.

This report is submitted by the Department of Health and Human Services (DHHS) Division of Public Health on behalf of the Commission for Public Health. This report reflects the progress on adoption or amendment of the rules referenced in the legislation's Section 4.15. The legislation addresses rules governing on-site wastewater systems, including a new "engineered option permit" (EOP) for on-site wastewater systems. General details of the relevant sections and sub-sections are provided below followed by a description of the collective status of related rulemaking efforts and projected next steps.

PART 1: SESSION LAW 2015-286, SECTION 4.14

Session Law 2015-286, Section 4.14 addresses the EOP. Section 4.14. (k) requires the Commission for Public Health to adopt temporary rules pursuant to Sections 4.14. (a) through 4.14. (e), Section 4.14. (g), and Section 4.14. (j) no later than June 1, 2016. The legislation also requires the adoption of permanent rules no later than January 1, 2017. The permanent EOP rule became effective April 1, 2017. The requirements of this section of S.L. 2015-286 have therefore been met.

PART 2: SESSION LAW 2015-286, SECTION 4.15

Sections slated for Permanent Rules only (due January 1, 2017) are:

- **Section 4.15. (a)** – Amendments to G.S.130A-343 regarding approval of on-site wastewater systems.
- **Section 4.15. (b)** – Implementation of Section 4.15. (a).

Current Status of Activities around Section 4.15

Division of Public Health On-Site Water Protection (OSWP) Branch staff are continuing to work on the proposed 15A NCAC 18E rules and the associated fiscal note for the permanent rule revision. The 15A NCAC 18A .1900 rules will be repealed concurrently with the adoption of 15A NCAC 18E rules. No fiscal note is required for the repeal of the 15A NCAC 18A .1900 rules.

The Commission for Public Health approved the fiscal note for the proposed 15A NCAC 18E rules at their August 9, 2017, meeting. OSWP was also given approval by the Commission to move ahead with the formal rule making process – the first step being publication in the *North Carolina Register*. The proposed 15A NCAC 18E rules, the 15A NCAC 18E fiscal note, and the proposed repeal of the 15A NCAC 18A .1900 rules were submitted to the Office of
