Health and Human Services
North Carolina General Assembly
Room 307B1, Legislative Office Building
Raleigh, NC 27603

Dear Chairmen:

North Carolina General Statute 122C-294, as amended by Session Law 2018-33, Section 43, requires the Department of Health and Human Services to provide an annual report containing the data collected by the Division of Mental Health, Developmental Disabilities, and Substance Abuse Services concerning the number of respondents receiving treatment under involuntary commitment in designated facilities to the Fiscal Research Division and the Joint Legislative Oversight Committee for Health and Human Services. Pursuant to the provisions of law, the Department is pleased to submit the attached report.

Should you have any questions regarding this report, please contact John Furnari, Program/Policy Analyst, at John.Furnari@dhhs.nc.gov.

Sincerely,

**Data Submission on Respondents Receiving Treatment under
Involuntary Commitment (IVC) in Designated Facilities**

NCGS §122C-294.(b)

Report to the

Joint Legislative Oversight Committee on

Health and Human Services

and

Fiscal Research Division

By

North Carolina Department of Health and Human Services

April 1, 2022

Introduction

G.S. §122C-255 has mandated biannual reporting to the Division of Mental Health, Developmental Disabilities, and Substance Abuse Services (Division) by certain facilities that provide care to people under involuntary commitment (IVC) orders. A facility is required to submit this reporting if it:

1. Operates as a 24-hour residential facility;
2. Falls under the category of nonhospital medical detoxification, facility-based crisis service, or inpatient hospital treatment;
3. Is not a State facility under the jurisdiction of the Secretary of Health and Human Services; and
4. Is designated by the Secretary of Health and Human Services as a facility for the custody and treatment of individuals under a petition of involuntary commitment pursuant to G.S. 122C-252 and 10A NCAC 26C .0101.

The data those facilities must submit include¹:

1. The number and primary presenting conditions of individuals receiving treatment from the facility under a petition of involuntary commitment.
2. The number of individuals for whom an involuntary commitment proceeding was initiated at the facility, who were referred to a different facility or program.
3. The reason for referring the individuals described in subdivision (2) of this section to a different facility or program, including the need for more intensive medical supervision.

S.L. 2018-33 amended G.S. § 122C-294, *Local plan and data submission*, to require annual submission of this data to the Fiscal Research Division and the Joint Legislative Oversight Committee for Health and Human Services as provided below.

(b) The Department shall provide the data collected by the Division of Mental Health, Developmental Disabilities, and Substance Abuse Services concerning the number of respondents receiving treatment under involuntary commitment in designated facilities to the Fiscal Research Division and the Joint Legislative Oversight Committee for Health and Human Services on October 1, 2019 of each year and any other time upon request.

There are 69 facilities covered by this reporting requirement for this reporting period. Of these 69, 25 have at least two units designated that serve specific age groups, presenting conditions, or other specialized populations. Not all of the facilities with more than one unit submit reports per unit. The 69 reporting facilities include:

- 41 Acute Care Hospitals / Medical Centers,
- 7 Psychiatric Hospitals,
- 9 Facility-Based Crisis (FBC) centers,
- 1 Nonhospital Medical Detoxification (NHMD) center,
- 7 Combination FBC/NHMD centers, and

¹This report covers the period July 1, 2020 – June 30, 2021. The additional reporting requirements mandated by S.L. 2021-77, Sec. 5, which became effective July 2021, are not addressed in this report.

- 4 Veterans Affairs Medical Centers.

Part A: Reports Submitted

This report covers the information provided by the IVC-designated facilities for SFY 2020-2021 and represents the information received for July-December of 2020 and for January-June of 2021 respectively. The total reported number of IVC admissions for SFY 2020-2021 was 42,817.

The Division has actively worked with facilities to improve consistency and uniformity in their meeting reporting obligations under this section. The percentage of designated facilities reporting monthly is almost at 100%. The only facility that did not submit any data for this entire 12-month period is Durham VA Health Care System. DHHS requested this data, as required by statute, from this facility. Requests were made in the form of email communication and calls to providers throughout the reporting period.

Reports that do not cover the entire six-month period will be noted accordingly. The Division looks forward to continuing to work with facilities to help them further demonstrate improved reporting in subsequent years.

An asterisk (*) appearing in a report is indicative of no reports being received for that entire six-month reporting period identified. If all zeros (0s) are in the reporting blocks, then that facility submitted monthly reports but did not have any admissions of persons under IVC orders.
