Facility	Custody Classification	Funded by	<u>Faith</u>
Swannanoa CCW	Minimum	Presbytery of Western N. C.	Christian
Randolph CC	Minimum	Randolph Prison Chaplaincy Program	Christian
Forsyth CC	Minimum	Forsyth Jail and Prison Ministry	Christian

Please note the fact that all of these chaplains are of the Christian faith. The Division of Prisons has fourteen (14) different approved religions within our system and facilities. While some of the Christian chaplains will accommodate other faiths, this lack of diversity does have an effect on the Agency's ability to provide chaplaincy services to the other thirteen (13) faith groups.

2. The number of Community Volunteers working in prisons.

The Division of Prisons has approximately 2500 volunteers who provide services to the inmate population. There are two different primary areas of volunteers who provide services to the Division of Prisons. The largest percentage of the volunteers enter the facilities and provide some type of religious service, such as bible study, prayer meetings or a religious program. These services are mainly of the Christian faith because this faith makes up the larger percentage of our volunteers. These volunteers mainly provide a religious service. They are not involved in the primary responsibilities of chaplains such as supervision and coordination of all religious activities for all faiths. The second area of volunteers are those that work generally with one inmate. These certified Community Volunteers serve as sponsors for inmates and are allowed to take the inmates into the community to attend such activities as church, educational and recreational activities.

3. The number of prisons without volunteers.

No Division of Prisons facility is without volunteers. We were not able to break out the volunteers by religious and secular volunteers.
