HOUSE BILL 379—SESSION LAW 2018-69
REPORT OF NORTH CAROLINA STATE BOARD OF PODIATRY EXAMINERS
ON CREATION OF CRIMES BY THE BOARD

The North Carolina State Board of Podiatry Examiners is an occupational licensing board with legislative authority to administer exams, grant licenses, revoke or suspend licenses and suspend licenses. The Board does not and has not sought enforcement of its statutes through the criminal courts or requested assistance from the district attorney with regards to NCGS §90-202.3 which does set forth that it is unlawful to practice podiatry without a license and anyone who does so is guilty of a Class I misdemeanor. The rules of the Board do not define crimes or create criminal offenses.
