Report lists all sessions for all counties, for all judges.

Sessions are listed by ascending session date, then by county in alphabetical order, then by judge in alphabetical order.

The data provided in this report is based solely on court minutes as recorded by the courtroom clerk and reported according to rules of the North Carolina Administrative Office of the Courts. Any unreported data is unknown to the NCAOC. Minutes reflect the courtroom usage time between the convening of the session and the recess or adjournment with no further business before the court for that day (G.S. 7A-109(a1)). Data does not include or represent the hours any court official may be working other than in an open session of court. Inferring that the court officials are not working other than at the times recorded would be erroneous and a misuse of this data.

Report lists all sessions for all counties, for all judges.

Sessions are listed by ascending session date, then by county in alphabetical order, then by judge in alphabetical order.

The data provided in this report is based solely on court minutes as recorded by the courtroom clerk and reported according to rules of the North Carolina Administrative Office of the Courts. Any unreported data is unknown to the NCAOC. Minutes reflect the courtroom usage time between the convening of the session and the recess or adjournment with no further business before the court for that day (G.S. 7A-109(a1)). Data does not include or represent the hours any court official may be working other than in an open session of court. Inferring that the court officials are not working other than at the times recorded would be erroneous and a misuse of this data.

Report lists all sessions for all counties, for all judges.

Sessions are listed by ascending session date, then by county in alphabetical order, then by judge in alphabetical order.

The data provided in this report is based solely on court minutes as recorded by the courtroom clerk and reported according to rules of the North Carolina Administrative Office of the Courts. Any unreported data is unknown to the NCAOC. Minutes reflect the courtroom usage time between the convening of the session and the recess or adjournment with no further business before the court for that day (G.S. 7A-109(a1)). Data does not include or represent the hours any court official may be working other than in an open session of court. Inferring that the court officials are not working other than at the times recorded would be erroneous and a misuse of this data.

Report lists all sessions for all counties, for all judges.

Sessions are listed by ascending session date, then by county in alphabetical order, then by judge in alphabetical order.

The data provided in this report is based solely on court minutes as recorded by the courtroom clerk and reported according to rules of the North Carolina Administrative Office of the Courts. Any unreported data is unknown to the NCAOC. Minutes reflect the courtroom usage time between the convening of the session and the recess or adjournment with no further business before the court for that day (G.S. 7A-109(a1)). Data does not include or represent the hours any court official may be working other than in an open session of court. Inferring that the court officials are not working other than at the times recorded would be erroneous and a misuse of this data.

Report lists all sessions for all counties, for all judges.

Sessions are listed by ascending session date, then by county in alphabetical order, then by judge in alphabetical order.

The data provided in this report is based solely on court minutes as recorded by the courtroom clerk and reported according to rules of the North Carolina Administrative Office of the Courts. Any unreported data is unknown to the NCAOC. Minutes reflect the courtroom usage time between the convening of the session and the recess or adjournment with no further business before the court for that day (G.S. 7A-109(a1)). Data does not include or represent the hours any court official may be working other than in an open session of court. Inferring that the court officials are not working other than at the times recorded would be erroneous and a misuse of this data.

Report lists all sessions for all counties, for all judges.

Sessions are listed by ascending session date, then by county in alphabetical order, then by judge in alphabetical order.

The data provided in this report is based solely on court minutes as recorded by the courtroom clerk and reported according to rules of the North Carolina Administrative Office of the Courts. Any unreported data is unknown to the NCAOC. Minutes reflect the courtroom usage time between the convening of the session and the recess or adjournment with no further business before the court for that day (G.S. 7A-109(a1)). Data does not include or represent the hours any court official may be working other than in an open session of court. Inferring that the court officials are not working other than at the times recorded would be erroneous and a misuse of this data.
