Meet Raleigh's Most Advanced Eco-Friendly Fleet

Introducing taxi taxi, North Carolina's first sustainable taxi fleet. Conceived around the concept of sustainability, and founded on the latest formats of technology, taxi taxi has redefined the standard of transportation for Raleigh. Featuring GPS Dispatching, credit card technology, and excellence in customer service, taxi taxi is changing the industry one cab at a time. Simply put... We are twice as good!

taxi taxi

Discover why riders are raving about taxi taxi!

- Operating with 130+ vehicles, taxi taxi is the largest taxicab fleet in Raleigh.
- GPS Dispatching locates and sends the closest available taxicab to the caller.
- All taxi taxi vehicles are equipped with backseat credit card devices and accept all major card types.
- In-cab surveillance cameras protect passengers and drivers.
- Bi-lingual customer service support is available to riders 24 hours a day, 7 days a week.
- TaxiTaxiMobile allows riders to access all of these features from their mobile device.

Technology: Enhancing the Customer Experience

GPS Tablet-Based Dispatching

- Google Nexus 7 tablets allow direct communication with driver.
- GPS Positioning locates and requests closes available taxi taxi driver to the call.
- Taxicabs can be scheduled for immediate service or future pick-up's.
- Tablet populates all information regarding the passenger and provides driver with turn by turn directions.

Technology: Enhancing the Customer Experience

Backseat Credit Card Device

- Taxi Taxi's Passenger Information System, or PIM, relays mileage and fare information directly to passenger.
- Our Back Seat System notifies passenger when the fare is due, and allows passenger to pay directly with their credit card, or with cash.
- Our PIM allows for the passenger to split the fare between passengers.

Technology: Enhancing the Customer Experience

In Taxicab Surveillance Camera

- Our in car camera monitors all activity on the interior and exterior of the vehicle, ensuring one of the safest transportation experiences possible.
- The in-cab surveillance is used in partnership with local law enforcement to monitor or track criminal activity

most advanced
taxicab fleet is easy!**

taxi taxi

TaxiTaxiMobile: Booking Your Ride

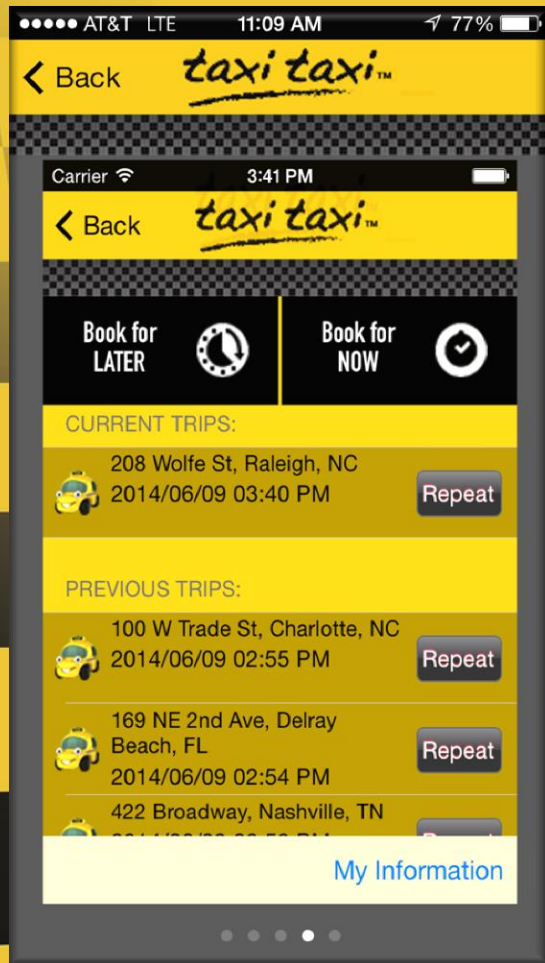

- TaxiTaxiMobile allows our riders to see all available taxicabs and at the same time actual estimates on their distance away.
- Riders can book these taxicabs immediately, or schedule a future trip.
- Users have the option to register with a credit card or book without a credit card. Then they can pay with cash or credit card at the end of the ride.

taxi taxi

TaxiTaxiMobile: Track Your Trips

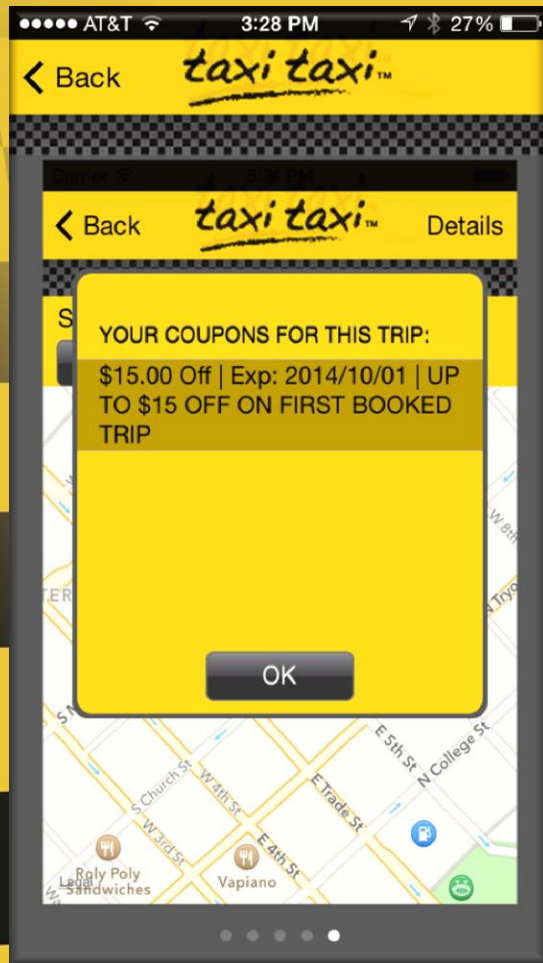

- TaxiTaxiMobile allows users to access and track current trips without having to leave the app open.
- Riders can now see and repeat previous trips, as well as access past receipts at their convenience.

taxi taxi

TaxiTaxiMobile: Mobile Payment System

- TaxiTaxiMobile payment systems is easy... our users have options.
- Simply arrive at your destination and bounce out of the taxicab. The registered credit card will automatically be charged.
- Registered users have the added opportunity that gives them access to promotions, freebies, and fleet updates.
