2021 VOLUNTEER FIRE DEPARTMENT FUND

REPORT FOR THE N.C. GENERAL ASSEMBLY

MIKE CAUSEY INSURANCE COMMISSIONER

May 17, 2021

Dear Member of the General Assembly,

The following report on Volunteer Fire Department Fund administered by the N.C. Department of Insurance is provided for your review pursuant to General Statue 58-87-1.

The General Assembly has my continued appreciation for its commitment and support to our volunteer fire and rescue/EMS departments. The equipment and capital improvements purchased through this program enable and better equip our fire and rescue/EMS departments to protect their communities and respond quickly and effectively when the need arises.

Thank you for allowing the Office of State Fire Marshal (OSFM) to administer such an essential program.

With kindest regards,

Mike Causey

Insurance Commissioner

State Fire Marshal

During the 1987 Legislative Session, House Bill 166 was ratified creating the "Volunteer Fire Department Fund" (G.S. 118-50) which has been recodified and is now 58-87-1.

This fund was established to assist volunteer fire departments in purchasing equipment and making capital improvements. The fund is administered by the Department of Insurance. The State Treasurer invests its assets according to law and the earnings remain in the fund.

Grants are eligible to fire departments subject to the following limitations:

- 1. The size of the grant may not exceed \$30,000.00
- 2. The applicant shall match the grant on a dollar-for-dollar basis unless the department receives less than \$50,000.00 per year from municipal and county funding, in which case the applicant shall match \$1 for each \$3 of grant funds up to \$30,000.00
- 3. The grant may be used only for equipment purchases or capital expenditures necessary to provide fire protection services
- 4. An applicant may receive no more than one grant per fiscal year..

A fire department is eligible for a grant through this fund if:

- It serves a response area of 12,000 or less in population, and
- It is volunteer, may have (6) paid positions, and
- It has been certified by the Department of Insurance

The major emphasis of this program is firefighter safety. Firefighter safety equipment receives the highest priority. Request for vehicles and capital expenditures are also considered. Each application is received and scored using a non-subjective point system. The point system is based on each aspect of an application's per capita income, number and age of vehicles (only if requesting a vehicle), whether the department is all volunteer or paid personnel, financial status and the type of equipment requested.

Every eligible fire department in North Carolina was notified of the online application and a detailed letter of instruction was mailed on January 1, 2021. Online applications were accepted through March 1, 2021.

There were 633 applications received for evaluation, of these, 554 fire departments received matching funds through the Volunteer Fire Department Fund. There were 89 applications withdrawn, disqualified, or incomplete.

*Requested Monies: \$11,347,988.68 *Available Monies: \$9,859,057.97 *Approved Monies: \$9,858,970.00

Attached to this report you will find a list of approved departments by county along with the amounts they were awarded. The amounts in this report are either one-half or three quarters the cost of the equipment to be purchased based on their eligibility to receive a 50/50 or 3:1 (75/25) matching fund.

All fire departments submitting a Volunteer Fire Department Fund application were notified by email of their approved or non-approved status on May 17, 2021.

Approved fire departments are presently purchasing and receiving their approved equipment. Upon delivery of their equipment, they will upload their documentation (invoices and proof of payments) for reimbursement. The deadline for submitting this information to the Department of Insurance is September 30, 2021.

The checks are delivered by mail or electronic transfer funds will be deposited to each approved fire department. The equipment purchased through this grant must remain in the possession of the fire department for a minimum of five years and is subject to inspection or audit which is carried out by our inspection staff.

^{*} Total amount requested from approved and unapproved applications.

VOLUNTEER FIRE DEPARTMENT FUND | 2021 GRANT YEAR

Grants Awarded	\$ 9,858,970
Fund Balance at beginning of the grant cycle – 5/1/20	\$ 8,541,491
Cash receipts through the grant cycle 5/1/20 to 4/30/21	\$ 8,936,810
Cash disbursements through the grant cycle 5/1/20 to 4/30/21	\$ 8,059,743
Fund Balance at the end of the grant cycle 4/30/21	\$ 9,418,558

For the Volunteer Fire Department Grant, G.S. 58-87-1 requires grants to be awarded on May 15. As a result, the grant cycle is usually from April 1 through March 31 for each year. In 2020, May 1 was used as the start of the grant cycle, making the grant year 5/1/2020 to 4/30/2021. In 2021. May 1 was again used as the start of the grant cycle for the 2021 Grant Year, but the grant cycle will end on March 31 to return to the usual grant cycle.

G.S. 58-87-1 requires this report to be filed with the legislature within 60 days of awarding the grant which is before the grant cycle for the awards has ended. Because of this we think it is appropriate to report the beginning fund balance, cash receipts, cash disbursements and ending fund balance for the previous grant cycle (and the ending fund balance would be the beginning balance for the new grant cycle).
