Applicant **MCNC**
Contact Research Triangle Park, NC
Patricia Moody
919-248-1820
pmoody@mcnc.org
Project title Building a Sustainable Middle-Mile Network
Program for Underserved Rural NC
Proposed BIP/BTOP
Project Area NC
Project type Middle Mile
Grant request* \$28,225,520
Status Application Received
Description MCNC will build a sustainable middle-mile broadband network connecting urban central NC with underserved rural southeastern and western NC. The project addresses statutory goals by improving affordability and access for education, health care, community institutions, and last-mile providers. Led by a proven team, the project is shovel ready and is supported by an \$11.76M cash and in-kind match.

Executive Summary [Executive Summary \(pdf\)](#)

Contact Durham, NC
Anastasia Bush
919-560-0910
abush@durhamcountync.gov
Project title Durham County Library's Public Computer
Program Centers - Access your world at high speed
Proposed BTOP
Project Area NC
Project type Public Computer Center
Grant request \$179,533
Status Application Received

Description Durham County Library will provide 8 full-service public computer centers within 5 miles of nearly every Durham County resident. With increased bandwidth, 244 public computers available without charge, on-demand job search assistance and job skills training, the library will be a leader in providing technology services to the Durham community, especially to vulnerable and low-income populations.
