Subject: Request for Data for 2016 House Redistricting Plan A2

Erika,

In yesterday's floor debate, the House Minority Leader revealed that he had requested and received a statistical package that included race for the 2017 House redistricting plan and the accepted amendment to Wake County that was passed yesterday. If I remember correctly, he referenced that some members of his caucus had seen or had access to this information. In addition, at least one media outlet has apparently seen these statistics, provided by the minority party: <https://apnews.com/36ed1ce243d84859a288e041df0f77b6>

This data has already been released for the proposed Senate plan. As you know, neither I, my staff, or any House committee leadership have requested this information, and I have not seen it to date. So that there isn't an asymmetry of information, I'd like for central staff to prepare the full statistical package for the plan as it passed on the House floor yesterday, send it to me, and post it on the House Select Committee on Redistricting's website. If possible, please have this ready before the 10 AM Senate committee hearing.

Thank you for all of your hard work during this process.

Sincerely,

Representative David Lewis
House District 53 (Harnett)
Legislative Building, Room 1326
North Carolina House of Representatives
