## Differentiated Pay for Highly Effective Teachers

### Purpose:

To meet the mandate of legislation requiring that school systems submit proposals to establish a local program to provide differentiated pay for highly effective classroom teachers.

### Recommended Action:

In accordance with *Senate Bill 744: Section 8.41*, to the extent possible within the funding from the General Assembly, Granville County Public Schools will develop a differentiated pay plan to help us attract and retain highly effective teachers in our high needs schools and licensure areas. The specific amounts will be determined by the amount of funding provided by the General Assembly to the school district and the number of schools and licensure areas needed.
