Referred to:

A HOUSE RESOLUTION URGING NORTH CAROLINA'S CONGRESSIONAL DELEGATION TO MAKE EVERY EFFORT TO ENSURE THE TRANSFER OF THE F-18 AIRCRAFT WING FROM THE NAVAL AIR STATION CECIL FIELD, FLORIDA, TO THE MARINE CORPS AIR STATION CHERRY POINT, NORTH CAROLINA.

Whereas, the decision of the Base Realignment and Closure Commission to transfer the F-18 Aircraft Wing from the Naval Air Station Cecil Field in Florida to the Marine Corps Air Station Cherry Point was based on the following criteria:

(1) Marine Corps Air Station Cherry Point has higher "Military Value";

(2) Marine Corps Air Station Cherry Point selection would alleviate concerns regarding future environmental and land use problems;

(3) Marine Corps Air Station Cherry Point selection dovetails with and enhances joint navy and marine corps doctrine of employment of navy and marine corps aircraft carriers; and

(4) Naval Air Station Oceana in Virginia has a lower military value; and

Whereas, there is a new effort to transfer the F-18 Aircraft Wing to Naval Air Station Oceana rather than to Marine Corps Air Station Cherry Point, challenging the Base Realignment and Closure Commission decision; and

Whereas, this effort appears to be for political reasons not associated with the objective criteria established by the Base Realignment and Closure Commission decision; and

Whereas, the Base Realignment and Closure Commission and the Secretary of Defense's decisions clearly established the greater military value of Marine Corps Air Station Cherry Point; and

a. The goals of the underground storage tank program are to protect human health and the environment. Maintaining the solvency of the Commercial Fund and the Noncommercial Fund is essential to these goals.

b. The sites at which discharges or releases from underground storage tanks occur vary greatly in terms of complexity, soil types, hydrogeology, other physical and chemical characteristics, current and potential future uses of groundwater, and the degree of risk that each site may pose to human health and the environment.

c. Risk-based corrective action is a process that recognizes this diversity and utilizes an approach where assessment and remediation activities are specifically tailored to the conditions and risks of a specific site.

Referred to:

A BILL TO BE ENTITLED

AN ACT TO RESTORE THE TAX BURDEN ON THE WEALTHY IN ORDER TO HELP EDUCATION AND REDUCE THE FOOD TAX.

Whereas, the repeal of the intangibles tax by Senate Bill 8 grants a large tax reduction to wealthy individuals and large businesses who previously paid the great majority of the intangibles tax; and

Whereas, these tax reductions for the wealthy and for large businesses will be paid for by reimbursements to local governments from the State's General Fund; and

Whereas, rather than being used to give a tax break to the wealthy and to large businesses, the State's General Fund dollars could be used to restore education funding cut in the 1995 budget passed by the House of Representatives and to reduce the food tax for all citizens; and

Whereas, for these reasons, the General Assembly by this bill restores taxes on the wealthy and on large corporations that were eliminated by the intangibles tax repeal of Senate Bill 8; Now, therefore,

Section 1. G.S. 105-151.19 is repealed.

Referred to:

A BILL TO BE ENTITLED

AN ACT TO REFORM CORPORATE WELFARE AND OTHER TAX EXPENDITURES.

Whereas, "tax expenditures", also known as tax loopholes, represent special tax benefits to certain groups of individuals or businesses that have access to and influence upon the General Assembly; and

Whereas, these special tax benefits have been characterized as "corporate welfare" because they amount to a taxpayer subsidy of special economic interest groups; and

Whereas, the average citizen or small business has limited access to and little influence upon General Assembly debate; and

Whereas, the granting of special tax benefits to certain influential groups has the effect of shifting the tax burden and thus increasing taxes for all other citizens and businesses, and has the additional effect of limiting resources for necessary State programs such as education; and

Whereas, repealing special tax benefits that have been granted to specific groups can result in lower taxes for all taxpayers as well as additional funds for necessary programs; and

Whereas, for these reasons, the General Assembly by this bill reforms corporate welfare by repealing special tax benefits; Now, therefore,

The General Assembly of North Carolina enacts:

Section 1. G.S. 105-130.4(i) reads as rewritten:

Whereas, the 1795 General Assembly then authorized the County Court of Pleas and Quarter Sessions to appoint Commissioners to lay off streets and lots at the location which had been agreed upon, and to establish there a town to be known as Concord in recognition of the "concord", or agreement, between the parties over the location of the county seat; and

Whereas, the new town became a center not only of government, but of business and social life for Cabarrus County; its early residents erected a courthouse, mercantile establishments, and homes; and

Whereas, those early residents brought with them a strong devotion to their churches, and established congregations which still serve the people of Concord; and

A HOUSE RESOLUTION COMMENDING THE ELVIE STREET SCHOOL IN THE CITY OF WILSON FOR ITS PARTICIPATION IN STATE GOVERNMENT.

Whereas, motivating children to learn is a very important aspect of education; and

Whereas, the Elvie Street School in the City of Wilson deserves recognition for its role in motivating children to learn about State government; and

Whereas, in 1994, while studying State government, State symbols, and how a bill becomes a law, a fourth grade class at the Elvie Street School took on a project to make the sweet potato the State vegetable; and

Whereas, the children passed along their idea to their State Representative, where the idea was later introduced as a bill in the House of Representatives; and

Whereas, the children have followed the bill through committee, writing letters to legislators and others across the State in support of the bill; and

Whereas, this project has become schoolwide, allowing all the children at the school to become active in lobbying for the bill's passage; and

Whereas, this project has not only allowed the children to learn about government but also has allowed them to actively participate in government at an early age; and

Whereas, the Elvie Street School should be commended for its role in motivating its students and should serve as a role model for other schools to follow; Now, therefore, be it resolved by the House of Representatives:

Section 1. The House of Representatives commends the students and teachers at the Elvie Street School in the City of Wilson for their participation in State government.

moves to amend the bill on page 5, line 30, by adding the following between lines 30 and 31:

"Sec. 5.1. G.S. 160A-49 is amended by adding a new subsection to read:

'(l) Protest petition.

(1) Protest authorized.--Upon submission of a protest petition signed by twenty percent (20%) or more of the landowners affected by a proposed annexation, the annexation ordinance shall not become effective except by favorable vote of three-fourths vote of the city council.

(2) Procedure.--No protest against any proposed annexation ordinance shall be valid unless it be in the form of a written petition actually bearing the signatures of the requisite number of property owners and stating that the signers do protest the proposed annexation and unless it shall have been received by the city clerk in sufficient time to allow the city at least two normal work days, excluding Saturdays, Sundays and legal holidays, before the date established for a public hearing on the annexation ordinance to determine the sufficiency and accuracy of the petition. The city council may by ordinance require that all protest petitions be on a form prescribed and furnished by the city, and such form may prescribe any reasonable information deemed necessary to permit the city to determine the sufficiency and accuracy of the petition.

(3) Effect of failure of three-fourths vote after protest petition.--If the city council fails to adopt the annexation ordinance by the required three-fourths vote following submission of the protest petition, the city council may not consider an annexation ordinance

further moves to amend the bill on page 5, line 33, by adding the following immediately after the period: "Section 5.1 of this act also applies to annexation ordinances adopted prior to the date of ratification of this act where:

(1) The ordinance did not receive a three-fourths vote of the city council upon its adoption;
(2) The ordinance is subject to litigation pending on the date of ratification of this act; and
(3) The petition required by G.S. 160A-49(1) as enacted by Section 5.1 of this act is received by the city clerk no later than 60 days after the date of ratification of this act.

In such case, after the city has determined the petition to be sufficient, the court where the litigation is pending shall upon motion remand the ordinance to the city council. In the case of pending litigation covered by the previous sentence, if the city council requires under G.S. 160A-49(1) as enacted by Section 5.1 of this act that the petitions be on a form required by ordinance, that ordinance must be adopted within 14 days of ratification of this act, and in such case the deadline for submitting the petition shall be 60 days after adoption of the ordinance specifying the form."

moves to amend the bill on page 4, line 32, by adding the following between lines 32 and 33:

"Sec. 4.1. G.S. 160A-37 is amended by adding a new subsection to read:

'(k) Protest petition.

(1) Protest authorized.--Upon submission of a protest petition signed by twenty percent (20%) or more of the landowners affected by a proposed annexation, the annexation ordinance shall not become effective except by favorable vote of three-fourths vote of the city council.

(2) Procedure.--No protest against any proposed annexation ordinance shall be valid unless it be in the form of a written petition actually bearing the signatures of the requisite number of property owners and stating that the signers do protest the proposed annexation and unless it shall have been received by the city clerk in sufficient time to allow the city at least two normal work days, excluding Saturdays, Sundays and legal holidays, before the date established for a public hearing on the annexation ordinance to determine the sufficiency and accuracy of the petition. The city council may by ordinance require that all protest petitions be on a form prescribed and furnished by the city, and such form may prescribe any reasonable information deemed necessary to permit the city to determine the sufficiency and accuracy of the petition.

further moves to amend the bill on page 4, line 35, by adding the following immediately after the period: "Section 4.1 of this act also applies to annexation ordinances adopted prior to the date of ratification of this act where:

(1) The ordinance did not receive a three-fourths vote of the city council upon its adoption;
(2) The ordinance is subject to litigation pending on the date of ratification of this act; and
(3) The petition required by G.S. 160A-37(k) as enacted by Section 4.1 of this act is received by the city clerk no later than 60 days after the date of ratification of this act.

In the case of pending litigation covered by the previous sentence, if the city council requires under G.S. 160A-37(k) as enacted by Section 4.1 of this act that the petitions be on a form required by ordinance, that ordinance must be adopted within 14 days of ratification of this act, and in such case the deadline for submitting the petition shall be 60 days after adoption of the ordinance specifying the form."

A BILL TO BE ENTITLED

AN ACT TO APPROPRIATE FUNDS FOR WORKERS' COMPENSATION FOR VOLUNTEER FIRE DEPARTMENT AND RESCUE/EMS WORKERS.

Whereas, the 1995 General Assembly established the Workers' Compensation Fund in the Department of Insurance to provide workers' compensation coverage to volunteer fire and rescue/EMS units; and

Whereas, the 1995 General Assembly set up funding for the Workers' Compensation Fund as follows:

(1) A required contribution to the Fund from each eligible unit, to be set annually by the State Fire and Rescue Commission as a per capita fixed dollar amount for each member of the unit, the amount set for 1996-97 being estimated to yield one million five hundred thousand dollars ($1,500,000); and

(2) An appropriation for the 1996-97 fiscal year of an additional one million five hundred thousand dollars ($1,500,000) directly from the General Fund, together providing a funding level of three million dollars ($3,000,000) for the 1996-97 fiscal year; and

Whereas, the Workers' Compensation Fund needs another three million dollars ($3,000,000) for the 1996-97 fiscal year in addition to that already provided for to fully fund the workers' compensation needs of the volunteer fire and rescue/EMS units; Now, therefore,

The General Assembly of North Carolina enacts:

Senator Winner

moves to amend the bill on page 4, line 39, through page 9, line 27, by rewriting the lines to read:

Sec. 6. (a) Allocation of Proceeds. -- The proceeds of Public School Building Bonds and notes, including premium thereon, if any, except the proceeds of bonds the issuance of which has been anticipated by bond anticipation notes or the proceeds of refunding bonds or notes, shall be placed by the State Treasurer in a special fund to be designated "Public School Building Bonds Fund". Moneys in the Public School Building Bonds Fund shall be used for the purposes set forth in this act. The proceeds of Public School Building Bonds and notes shall be allocated to counties and expended for paying the cost of public school capital outlay projects, to the extent and as provided in this act and subject to change as provided in this act.

(b) Small county school system allocation. -- The State Board of Education shall allocate the proceeds of thirty million dollars ($30,000,000) Public School Building Bonds and notes as grants to counties that have a small county school system, after considering whether the counties demonstrate both greater than average school construction needs and high property tax rates. A "small county school system" is a school system who was entitled to receive small school system supplemental funding under section 17.2 of Chapter 507 of the 1995 Session Laws, known as The Expansion and Capital Improvements Act of 1995.

(c) Primary allocation. -- The proceeds of one billion seven hundred seventy million dollars ($1,770,000,000) Public School Building Bonds and notes shall be allocated to each county on the basis of the distribution amounts provided in the following table for the local school administrative units in the State. In the case of a local school administrative unit located entirely in one county, the unit's total distribution amount shall be allocated to that county. In the case of a local school administrative unit

located in more than one county, the unit's distribution amount shall be allocated among the counties in which the unit is located in proportion to average daily membership of the unit in each county. A unit's distribution amount allocated to a county may be used only with respect to public school facilities of that unit.

H1100-ARB-4

If two or more local school administrative units are consolidated into one unit, the distribution amounts provided above for the units shall be considered the distribution amount for the merged unit.

(d) Match. -- A county is not required to match bond proceeds allocated under subsection (b) of this section. A county is not required to match the Low-Wealth Allocation of bond proceeds under subsection (c) of this section. A county must match both the ADM Allocation and the Growth Allocation of bond proceeds under subsection (c) of this section. These two allocations must be matched at the rate of matching funds equal to three cents (3¢) times the county's ability to pay rank for every one dollar ($1.00) of allocated bond proceeds. A county's ability to pay rank is its rank in the ranking of counties from lowest to highest county wealth as a percentage of State average wealth made by the State Board of Education for the 1995-96 fiscal year pursuant to Section 17.1 of Chapter 507 of the 1995 Session Laws. The match requirement may be satisfied by non-State expenditures for public school facilities made on or after January 1, 1992. A non-State expenditure has been made for the purpose of the match if funds, other than funds expended for debt service, have been budgeted, earmarked, or committed for the general purpose of public school facilities. If a debt has been authorized or incurred since January 1, 1992, for the general purpose of public school facilities, then the face amount of the debt shall be considered as a non-State expenditure for public school facilities for the purpose of the match.

As counties satisfy the match requirements of this section, they shall document the extent to which they have done so in periodic reports to the State Board of Education. These reports shall include any information and documentation required by the State Board of Education. The State Board of Education shall certify to the State Treasurer from time to time the extent to which the match requirements of this section have been met with respect to each county; this certification shall be binding and conclusive. Bond proceeds shall be distributed for

see p. 7

expenditure only as, and to the extent, the matching requirements of this section are satisfied, as certified by the State Board of Education. The State Board of Education shall also require counties to report annually on the impact of funds provided under this act on the property tax rate for that year. These reports shall be public documents and shall be furnished to any citizen upon request.

(e) Unmatched Proceeds. -- If the State Board of Education determines that a county has not met the matching requirements of this section by January 1, 2003, with respect to any bond proceeds allocated under subsection (c) of this section, the State Board of Education shall certify that fact to the State Treasurer by March 1, 2003. Amounts that are allocated in the Growth Allocation of bond proceeds under subsection (c) of this section and that have not been matched by January 1, 2003, as certified by the State Board of Education, shall be reallocated among the counties that are allocated bond proceeds under the Growth Allocation and have met the matching requirements for their total Growth Allocation. The reallocation shall be made among the eligible counties in proportion to the amount of Growth Allocations for those counties under subsection (c) of this section. Amounts that are allocated in the ADM Allocation of bond proceeds under subsection (c) of this section and that have not been matched by January 1, 2003, as certified by the State Board of Education, shall be reallocated among the counties that have met the matching requirements for their total ADM allocation. The reallocation shall be made on the basis of average daily membership of the local school administrative units within the remaining counties. Bond proceeds reallocated to a county because of a local school administrative unit's average daily membership within the county may be used only with respect to public school capital outlay projects of that unit. Bond proceeds reallocated to a county under this subsection must be matched at the same rate as bond proceeds allocated to the county under subsection (d) of this section.

GENERAL ASSEMBLY OF NORTH CAROLINA

SESSION 1995

H

D

HOUSE DRH8249-LF327(5.2)

Short Title: Operation Pride. (Public)

Sponsors: Representative K. Miller.

Referred to:

A BILL TO BE ENTITLED

AN ACT TO RESTRUCTURE THE DELIVERY OF PUBLIC ASSISTANCE SERVICES TO REQUIRE FAMILIES TO MOVE FROM WELFARE DEPENDENCY TO SELF-SUFFICIENCY AND TO APPROPRIATE FUNDS TO PROVIDE THE NECESSARY SUPPORT AND RESTRUCTURING.

Whereas, North Carolina has recognized the need to reform its fragmented and ineffective welfare system that has not only failed to help people move towards self-sufficiency but has also actually created a permanent underclass of people who are completely dependent on the welfare system and who are raising children and grandchildren in this dependency; and

Whereas, North Carolina has begun to modify parts of its welfare system, based on the example of states like Wisconsin and on its own legislative suggestions over the years, by beginning Work First, an executive initiative effective July 1, 1996, and authorized in part by 1995 executive initiative and in part by federal waivers received by the Department of Human Resources on February 5, 1996; and

Whereas, the Work First initiative, while very valuable and clearly moving in the direction of requiring self-sufficiency and responsibility of welfare recipients, is still only a piecemeal approach to welfare reform; and

Whereas, North Carolina must now consolidate its efforts and begin to bring all reform initiatives together by mandating that all services provided be designed to achieve the one common goal of self-sufficiency for all able-bodied citizens of North Carolina by the year 2003, after which time public assistance as it is now known will be abolished and a new program will be instituted that will provide support and temporary diversionary assistance to all working North Carolina citizens

Sec. 18.5. Of the funds appropriated to the Department of Public Education, State Aid to Local School Administrative Units, for the 1996-97 fiscal year, the State Board of Education shall use $6,800,000, along with expansion funds in the amount of $12,300,000 appropriated to State Aid to Local School Administrative Units in this act, as follows:

(1) $10,000,000 shall be used to expand the Alternative Learning Program so that the program's services are available in every county. If a county does not have sufficient students in need of an alternative learning environment to warrant a program specifically for that county, funds shall be made available to encourage a multi-county and/or multi-system alternative learning program. These funds are not intended to supplant existing support of alternative learning programs and shall be used only for expansion of existing alternative learning programs or creation of new programs. The State Board of Education shall report by October 15, 1996, to the Fiscal Research Division of the Legislative Services office and to the Office of State Budget and Management on how the funds appropriated for this program are being used; and

(2) $9,100,000 shall be used to ensure the availability of a uniformed local law enforcement officer permanently assigned to every high school in the State. These funds are not intended to supplant existing support of school security officer positions and may be used for training of existing officers or for additional

(except page 74, line 31 through page 75, line 26)

"Requested by: Senator Allran

REFUND FEDERAL RETIREES AND INTANGIBLES TAXPAYERS

Sec. 15.1. (a) G.S. 105-151.20 reads as rewritten:

"§ 105-151.20. Credit Refund for tax paid on certain government retirement benefits.

A taxpayer who received government retirement benefits during the 1988 tax year may claim a credit against the tax imposed by this Division equal to the amount by which the tax under this Division paid by the taxpayer for the 1988 tax year would have been reduced if none of the taxpayer's government retirement benefits had been included in the taxpayer's taxable income. If a taxpayer received a refund of any tax paid under this Division on government retirement benefits for the 1988 tax year, the amount of the refund reduces the amount of the credit allowed under this section.

As used in this section, the term 'government retirement benefits' means retirement benefits received from one or more state, local, or federal government retirement plans. As used in this section, the term '1988 tax year' means the taxpayer's taxable year beginning on a day in 1988.

The credit allowed under this section shall be taken in equal installments over the taxpayer's first three taxable years beginning on or after January 1, 1990. The credit allowed under this section may not exceed the amount of tax imposed by this Division reduced by the sum of all credits allowed against the tax, except payments of tax made by or on behalf of the taxpayer.

(a) Purpose; Definitions. -- The purpose of this section is to benefit certain retired federal government workers on account of

their public service. The following definitions apply in this section:

(1) Federal retirement benefits. -- Retirement benefits received from one or more federal government retirement plans.

(2) Net pension tax. -- The amount of tax a taxpayer paid under this Division for the 1985, 1986, 1987, and 1988 tax years on federal retirement benefits, without interest, less any part of the tax for which the taxpayer received a credit under this section and any part of the tax previously refunded to the taxpayer.

(3) Tax year. -- The taxpayer's taxable year beginning on a day in the applicable calendar year.

(b) Request for Refund. -- Notwithstanding the time limitations of G.S. 105-267, and subject to the conditions set in this section, if on or before April 15, 1997, a taxpayer or the representative of the estate of a deceased taxpayer requests a refund of the taxpayer's net pension tax, that request shall be timely for the purposes of G.S. 105-267. Notwithstanding the provisions of G.S. 105-266, refunds pursuant to this section that would otherwise be barred by G.S. 105-267 shall bear no interest.

(c) Procedure. -- The Secretary shall print on the individual income tax instructions for the 1996 tax year a prominent notice of the right to refunds authorized by this section and the procedure for requesting a refund. The Secretary shall also circulate copies of this notice among organizations and individuals the Secretary considers likely to be affected by this section. The Secretary shall verify the amount of each refund requested and pay the refund to the taxpayer as soon as possible after it is requested.'

(b) Effective January 1, 1999, G.S. 105-151.20 is repealed.

(c) Effective retroactively for the 1990, 1991, 1992, 1993, and 1994 tax years, G.S. 105-203 is repealed.

(d) G.S. 105-266(c) is amended by adding a new subdivision to read:

'(5) Repealed Tax. -- If an act of the General Assembly repeals a tax retroactively, each taxpayer's payment of the repealed tax is an overpayment for the purpose of this section except that it shall not bear interest. On the date the act becomes law, the Secretary shall discover these overpayments of the repealed tax; the Secretary's discoveries are timely for the purposes of this section.'

(e) If a taxpayer has a right to a refund under G.S. 105-267 of an overpayment of the tax repealed by subsection (c) of this

section, the refund shall be made pursuant to G.S. 105-267 rather than pursuant to this section. Refunds shall be made pursuant to subsection (d) of this section and this subsection only for overpayments the refund of which would otherwise be barred by G.S. 105-267 if subsection (c) of this section had not been enacted.

(f) This section does not affect the rights or liabilities of the State, a taxpayer, or another person arising under a statute amended or repealed by this section before its amendment or repeal; nor does it affect the right to any refund or credit of a tax that would otherwise have been available under the amended or repealed statute before its amendment or repeal.

(g) There is appropriated from the General Fund to the Department of Revenue the sum of two million dollars for the 1996-97 fiscal year to pay for the costs of administering this section. These funds shall not revert until the Director of the Budget certifies that the Department of Revenue has completed all duties necessary to administer this section, including processing the escheat of refund checks that have not been cashed.

(h) Subsection (b) of this section becomes effective January 1, 1999. Subsection (c) of this section is effective retroactively for the 1990, 1991, 1992, 1993, and 1994 tax years."

RESERVE FOR THE YEAR 2000 CONVERSION OF THE STATE'S COMPUTER SYSTEM

Sec. 14.1. (a) The Office of the State Controller shall include in its charges for data processing services costs of converting computer applications to operate properly at the turn of the century. The Office of the State Controller shall develop procedures for managing the year 2000 conversion.

(b) The Office of the State Controller shall not reduce State Information Processing Services (SIPS) charges for data processing services below budgeted levels for the 1996-97 fiscal year.

(c) The State Controller shall use any excess receipts from the 1996-97 charges for data processing services to fund one time capital and equipment start up requirements at community colleges remaining unconnected to the North Carolina Information Highway. Nothing in this section shall obligate the General Assembly to pay monthly usage charges for any connections to the North Carolina Information Highway added under this subsection.

(d) Beginning October 1, 1996, the Office of the State Controller shall report quarterly to the Joint Legislative Commission on Governmental Operations on the use of the receipts and the calculations related to the allocation of State Information Processing Services (SIPS) charges used for the conversion. Referred to:

A BILL TO BE ENTITLED

AN ACT TO AUTHORIZE CURRITUCK, CAMDEN, AND PASQUOTANK COUNTIES TO CHOOSE FROM A MENU OF LOCAL REVENUE OPTIONS, SUBJECT TO APPROVAL BY THE VOTERS OF THE RESPECTIVE COUNTY.

The General Assembly of North Carolina enacts:

Section 1. The General Assembly finds that, through a series of acts over the years, various local governments in this State have been authorized to levy local fees and taxes to generate revenues. These local revenue options are important sources of support for local governments experiencing budget limitations in light of growing needs and mandates. Local room occupancy taxes, prepared meals taxes, sales taxes, amusement taxes, land transfer taxes, and impact fees are a few examples of revenue sources that some or all local governments have been authorized to levy.

Sec. 2. It is the intent of the General Assembly to authorize Currituck, Camden, and Pasquotank Counties to choose from a menu of local revenue sources that each may levy if the levy is first approved by an affirmative vote of a majority of the qualified voters of the respective county. The menu will include local revenue options that have been authorized previously for other local governments in this State.

Sec. 3. This act is effective upon ratification.

A BILL TO BE ENTITLED

AN ACT TO AUTHORIZE THE COUNTIES OF CAMDEN, CHOWAN, CURRITUCK, PASQUOTANK, PERQUIMANS, TYRRELL, AND WASHINGTON TO TAKE A LIEN ON REAL PROPERTY FOR DELINQUENT FEES FOR CERTAIN INSPECTIONS.

The General Assembly of North Carolina enacts:

Section 1. Notwithstanding any other provision of law, a county may adopt an ordinance providing that any fees for the annual inspection of provisional septic tanks or other innovative septic systems approved by the county on a provisional basis may be billed as property taxes, may be payable in the same manner as property taxes, and in the case of nonpayment, may be collected in any manner by which property taxes can be collected. If the ordinance states that delinquent fees can be collected in the same manner as real property taxes, the fees are a lien on the real property described on the bill that includes the fee.

Sec. 2. This act applies to the Counties of Camden, Chowan, Currituck, Pasquotank, Perquimans, Tyrrell, and Washington only.

Sec. 3. This act becomes effective July 1, 1996, and applies to fees imposed for inspections performed on or after that date.

The plan shall be developed with the active involvement of teachers, college and university educators, parents of students, and other interested parties. The plan shall, if appropriate, include revision of the standard course of study, revision of teacher certification standards, and revision of teacher education program standards.

Sec. 8.2. The State Board of Education shall critically evaluate and revise the standard course of study so as to provide school units with guidance in the implementation of balanced, integrated, and effective programs of reading instruction. The General Assembly believes that the first, essential step in the complex process of learning to read is the accurate pronunciation of written words and that phonics, which is the knowledge of relationships of the symbols of the written language and the sounds of the spoken language, is the most reliable approach to arriving at the accurate pronunciation of a printed word. Therefore, these programs shall include early and systematic phonics instruction. The State Board shall provide opportunities for teachers, parents, and other interested parties to participate in this evaluation and revision.

Sec. 8.3. In order to reflect changes to the standard course of study and to emphasize balanced, integrated, and effective programs of reading instruction that include early and systematic phonics instruction, the State Board of Education, in collaboration with the Board of Governors of The University of North Carolina and with the North Carolina Association of Independent Colleges and Universities, shall review, evaluate, and revise current teacher certification standards and teacher education programs within the institutions of higher education that provide coursework in reading instruction.

Sec. 8.4. Local boards of education are encouraged to review and revise existing board policies, local curricula, and programs of professional development in order to reflect changes to the standard course of study and to emphasize balanced, integrated, and effective programs of reading instruction that include early and systematic phonics instruction.

Sec. 8.5. (a) The State Board of Education shall report to the Joint Legislative Education Oversight Committee by December 31, 1996, and annually thereafter on the comprehensive plan developed under Section 1 of this act. The first report shall include revisions made to the standard course of study, teacher certification standards, and teacher education programs. Subsequent reports shall address the effectiveness, based on factors including improved student performance in reading, of the implementation of the plan. The State Board may make recommendations to the General Assembly in any of its reports.

(b) The State Board shall disseminate to local boards of education by March 31, 1997, the changes to the standard course of study.";

Short Title: Create Butner Advisory Council. (Public)

Sponsors: Representatives Crawford, Wilkins, Sexton, and Justus.

Referred to:

A BILL TO BE ENTITLED

AN ACT TO CREATE THE BUTNER ADVISORY COUNCIL AND TO ENUMERATE ITS DUTIES.

Whereas, the 1995 General Assembly created a Study Commission on the Transfer of Butner Public Safety Division to review the costs and provision of public safety services to the residents and public agencies at the Camp Butner Reservation located, for the most part, in Granville and Durham Counties; and

Whereas, the Study Commission held meetings at Butner; toured the residential areas and the State and federal facilities located there; and determined that the Camp Butner Reservation is a unique State resource requiring a novel approach to its governance and operations; and

Whereas, the Study Commission determined that the residents of the Camp Butner Reservation desire increased involvement and input into the provision of the "municipal" services and planning for the future of Camp Butner, while the concentration of State and federal facilities located at Butner are currently receiving "municipal" services from the State of North Carolina would, if those services were transferred to an incorporated town, place a significant burden on the residents of the town to provide tax revenues to pay for the services; and

Whereas, under current statutes, the State of North Carolina provides "municipal" services through the Department of Human Resources; Now, therefore,

The General Assembly of North Carolina enacts:

Section 1. The General Assembly finds that the Camp Butner Reservation and the Community of Butner, as regulated by Article 6 of Chapter 122C of the General Statutes, is a unique State resource that is and should continue to be administered by the State of North Carolina through the Office of the Secretary of

"(g) Any person who fabricates, casts, or otherwise makes a mold or who uses a mold to manufacture, assemble, or otherwise make a product pursuant to an express or implied contract with the owner of such mold shall have a lien upon the mold. For a lien to arise under this subsection, there must exist written evidence that the parties understood that a lien could be applied against the mold, with the evidence being in the form either of a written contract or a separate written statement provided by the potential holder of the lien under this subsection to the owner of the mold prior to the fabrication or use of the mold. The written contract or separate written statement must describe generally the amount of the potential lien as set forth in this subsection. The amount of the lien under this subsection shall equal the total of (i) any unpaid contracted charges due from the owner of the mold for making the mold, plus (ii) any unpaid contracted charges for all products made with the mold. A BILL TO BE ENTITLED

AN ACT TO DEVELOP A PROPOSAL FOR A RESERVE FUND TO PAY CATASTROPHIC LOSSES AS RECOMMENDED BY THE LEGISLATIVE RESEARCH COMMISSION'S COMMITTEE ON INSURANCE AND INSURANCE-RELATED ISSUES.

Whereas, there is a compelling State interest in maintaining a viable and orderly private sector market for property insurance in the State; and

Whereas, mortgages require reliable property insurance, and the unavailability of reliable property insurance would therefore make most real estate transactions impossible; and

Whereas, the public health, safety, and welfare demand that structures damaged or destroyed in a catastrophe be repaired or reconstructed as soon as possible; and

Whereas, the inability of the private sector insurance and reinsurance markets to maintain sufficient capacity to enable residents of the beach area of the State to obtain property insurance coverage in the private sector endangers the economy of the State and endangers the public health, safety, and welfare; and

Whereas, many property insurers are unable or unwilling to maintain reserves, surplus, and reinsurance sufficient to enable the insurers to pay all claims in full in the event of a catastrophe and State action is necessary to protect the public from an insurer's unwillingness or inability to maintain sufficient reserves, surplus, and reinsurance; and

Whereas, in order to increase insurance capacity, it is essential to the functioning of a State program that revenues received be exempt from federal taxation; Now, therefore,
