board of education or the governing body of any administrative unit, with the approval of the state board of education, may suspend the operation of any school or schools in such units, not to exceed a period of sixty days of said term of one hundred and eighty days, when in the sound judgment of the state board of education or the governing body of any administrative unit, with the approval of the state board of education, the low average of daily attendance in any school justifies such suspension, or when the state board of education or the governing body of any administrative unit, with the approval of the state board of education, shall find that the needs of agriculture, or any other condition, may make such suspension necessary within such unit or any district thereof: Provided further, that when the operation of any school is suspended no teacher therein shall be entitled to pay for any portion of the suspended term: Provided, that all schools served by the same school bus or busses shall have the same opening date.

Provided that for the one thousand nine hundred and forty-seven—one thousand nine hundred and forty-eight and one thousand nine hundred and forty-eight—one thousand nine hundred and forty-nine school terms the one hundred and eighty days (180) may be reduced to one hundred and seventy days (170) by the governor as director of the budget if in his opinion the revenues decrease to such an extent that such action would be justified.

A school month shall consist of twenty teaching days. Schools shall not be taught on Saturdays unless the needs of agriculture, or other conditions, in the unit or district make it desirable that schools be taught on such days. In order that the total term of one hundred and eighty days might be completed in a shorter time than nine calendar months, when the needs of agriculture require it, the governing body of any administrative unit may require that schools shall be taught on legal holidays, except Sundays, but nothing herein contained shall prevent the inclusion of teaching on any legal holiday in a school month in accordance with the custom and practice of any such district, or as may be otherwise ordered by the governing body of such administrative unit.

Salary warrants for the payment of all state teachers, principals, and others employed for the school term shall be issued each month to such persons as are entitled to same. The salaries of superintendents and others employed on an annual basis shall be paid per calendar month: Provided, that teachers may be paid in twelve equal monthly installments in such administrative units as shall request the same of the state board of education on or before October first of each school year. Before such request shall be filed, it shall be approved by the governing board, the superintendent, and a majority of the teachers in said administrative unit. The payment of the annual salary in twelve installments instead of nine shall not increase or decrease said annual salary nor in any other way alter the contract made between the teacher and the said administrative unit; nor shall such payment apply to any teacher who is employed for a period less than nine months.

(1) Principals in the public schools of the state shall be employed for a term of ten (10) months and shall be paid on the basis of ten (10) months' service.

(2) The state board of education is authorized to prescribe what portion of said extra month shall apply before the opening of the school term and after the closing of the school year and to fix and regulate the duties of principals during said extra month.

(3) The state board of education may, in its discretion and under such rules and regulations as it may prescribe, provide for the payment of the salaries of regular state allotted teachers in ten equal monthly payments. It shall also provide for the salaries of vocational teachers in such monthly payments as may be desirable and in accordance with rules and regulations prescribed for the operation of the vocational program and in accordance with federal laws and regulations relating to such funds.

Full authority is hereby given to the State Board of Education during any period of emergency to order general and, if necessary, extended recess or adjournment of the public schools in any section of the state where the planting or harvesting of crops or any other emergency conditions make such action necessary. (1939, c. 358, s. 4; 1943, c. 255, s. 1; 1945, c. 521; 1947, c. 1077, s. 2; 1949, c. 1116, s. 2.)

The 1945 amendment inserted paragraphs (1) and (2) following the fourth paragraph. The 1947 amendment struck out the words "which shall request the same" formerly appearing after the word "state" in line six of the first paragraph, and added the second proviso thereto. The amendment changed the years at the beginning of the second paragraph from 1943-1944 and 1944-1945 to 1947-1948 and 1948-1949.

The 1949 amendment inserted paragraph (3).

For comment on the 1943 amendment, see 21 N. C. Law Rev. 361.

§ 115-352. School organization.—All school districts, special tax, special charter, or otherwise, as constituted on May 15, 1933, are hereby declared non-existent as of that date; and it shall be unlawful for any taxes to be levied in said district for school operating purposes except as provided in this article. The state board of education, in making provision for the operation of the schools, shall classify each county as an administrative unit, and shall, with the advice of the county boards of education, make a careful study of the district organization as the same was constituted under the authority of § 4 of chapter 562 of the Public Laws of 1933, and as modified by subsequent school machinery act. The state board of education may modify such district organization when it is deemed necessary for the economical administration and operation of the state school system, and it shall determine whether there shall be operated in such district an elementary or a union school. Provisions shall not be made for a high school with an average daily attendance of less than sixty pupils, nor an elementary school with an average daily attendance of less than twenty-five pupils, unless a careful survey by the state superintendent of public instruction and the state board of education reveals that geographic or other conditions make it impracticable to provide for them otherwise. Funds shall not be made available for such schools until the said survey has been completed and such schools have been set up by the said board. School children shall attend school within the

district in which they reside unless assigned elsewhere by the state board of education.

It shall be within the discretion of the state board of education, wherever it shall appear to be more economical for the efficient operation of the schools, to transfer children living in one administrative unit or district to another administrative unit or district for the full term of such school without the payment of tuition: Provided, that sufficient space is available in the buildings of such unit or district to which the said children are transferred: Provided further, the provision as to the nonpayment of tuition shall not apply to children who have not been transferred as set out in this section.

City administrative units as now constituted shall be dealt with by the state school authorities in all matters of school administration in the same way and manner as are county administrative units: Provided, that the state board of education may, in its discretion, alter the boundaries of any city administrative unit and establish additional city administrative units when, in the opinion of the state board of education, such change is desirable for better school administration. Provided, that in all city administrative units as now constituted the trustees of the said special charter districts, included in said city administrative unit, and their duly elected successors, shall be retained as the governing body of such district; and the title to all property of the said special charter district shall remain with such trustees, or their duly chosen successors; and the title to all school property hereafter acquired or constructed within the said city administrative unit, shall be taken and held in the name of the trustees of the said city administrative unit; and the county board of commissioners of any county shall provide funds for the erection or repair of necessary school buildings on property, the title to which is held by the board of trustees as aforesaid, and the provisions of § 115-88, to the extent in conflict herewith, is hereby repealed: Provided, that nothing in this subchapter shall prevent city administrative units, as now established, from consolidating with the county administrative unit in which such city administrative unit is located, upon petition of the trustees of the said city administrative unit and the approval of the county board of education and the county board of commissioners in said county: Provided, further, that nothing in this subchapter shall affect the right of any special charter district, or special tax district which now exists for the purpose of retiring debt service, to have the indebtedness of such district taken over by the county as provided by existing law, and nothing herein shall be construed to restrict the county board of education and/or the board of county commissioners in causing such indebtedness to be assumed by the county as provided by existing law.

The board of trustees for any special charter district in any city administrative unit shall be appointed as now provided by law. If no provision is now made by law for the filling of vacancies in the membership of such board of trustees, such vacancy may be filled by the governing body of the city or town embraced by said administrative unit.

In all cases where title to property has been vested in the trustees of a special charter district which has been abolished and has not been reorganized, title to such property shall be vested in the county board of education of the county embracing such special charter district. (1939, c. 358, s. 5; 1943, c. 721, s. 8; 1945, c. 970, s. 4; 1947, c. 1077, ss. 3, 6.)

Editor's Note.—

The 1945 amendment inserted the first proviso in the third paragraph. The 1947 amendment made changes in said proviso and added the last sentence of the first paragraph.

§ 115-353. Administrative officers.

Local Modification.—Currituck: 1945, c. 899.

§ 115-354. School committees.

Provided, further, that such teacher or principal shall give notice to the superintendent of schools of the administrative unit in which said teacher or principal is employed, within ten days after notice of reelection, of his or her acceptance of employment for the following year: Provided, further, that the county board of education may appoint an advisory committee of three members for each school building in the said school district, who shall care for the school property and perform such other duties as may be defined by the county board of education. (1939, c. 358, s. 7; 1941, c. 267, s. 2; 1943, c. 721, s. 8; 1945, c. 970, s. 5.)

Editor's Note.—

The 1945 amendment substituted, in the next to the last proviso in the second paragraph, the words "notice of reelection" for the words "the close of school." As the rest of the section was not affected by the amendment only this proviso and the last one are set out.

§ 115-355. Organization statement and allotment of teachers.—On or before the twentieth day of May in each year, the several administrative officers shall present to the state board of education a certified statement showing the organization of the schools in their respective units, together with such other information as said board may require. The organization statement as filed for each administrative unit shall indicate the length of term the state is requested to operate the various schools for the following school year, and the state shall base its allotment of funds upon such request. On the basis of such organization statement, together with all other available information, and under such rules and regulations as the state board of education may promulgate, the state board of education shall determine for each administrative unit, by districts and races, the number of elementary and high school teachers to be included in the state budget on the basis of the average daily attendance figures of the continuous six months period of the first seven months of the preceding year during which continuous six months' period the average daily attendance was highest, provided that loss in attendance due to epidemics or apparent increase in attendance due to the establishment of army camps or other national defense activities shall be taken into consideration in the initial allotment of teachers: Provided, further, that the superintendent of an administrative unit shall not be included in the number of teachers and principals allotted on the basis of average daily attendance: Provided, further, that for the duration of the present war and

for the first school term thereafter, it shall be the duty of the state board of education to provide any school in the state of North Carolina having four high school teachers or less and/or four elementary teachers or less not less than the same number of teachers as were allotted to said school for the school year of one thousand nine hundred and forty-four—one thousand nine hundred and forty-five.

Provided, further, that in cases where there are less than twenty (20) pupils per teacher in any school a reduction in the number of teachers may be made.

The provisions of this section as to the allotment of teachers shall apply only to those schools where the reduction in enrollment is shown to be temporary as determined by the state board of education.

It shall be the duty of the governing body in each administrative unit, after the opening of the schools in said unit, to make a careful check of the school organization and to request the state board of education to make changes in the allocation of teachers to meet requirements of the said unit.

In order to provide for the enrichment and strengthening of educational opportunities for the children of the state, the state board of education is authorized in its discretion to make an additional allotment of teaching personnel to the county and city administrative units of the state, either jointly or separately as the state board of education may prescribe, and such persons may be used in said administrative units as librarians, attendance assistants, special teachers or supervisors of instruction and for other special instructional service, such as art, music, adult education, special education, or industrial arts as may be authorized and approved by the state board of education. The salaries of such personnel shall be determined in accordance with the state salary schedule adopted by the state board of education. In addition, the state board of education is authorized and empowered, in its discretion, to make allotments of funds for clerical assistants for classified principals. (1939, c. 358, s. 8; 1941, c. 267, s. 3; 1943, c. 255, s. 2¾; 1943, c. 720, s. 1; 1943, c. 721, s. 8; 1945, c. 970, ss. 6, 14; 1949, c. 1116, s. 3.)

Editor's Note.—

The 1945 amendment inserted in lines twenty-one and twenty-two the words "first seven months of the." It also rewrote the third proviso in the first paragraph and inserted the last proviso therein.

The 1949 amendment added the last paragraph.

For comment on the 1943 amendment, see 21 N. C. Law Rev. 361.

In allotting funds for the items of expenditures hereinbefore enumerated, provision shall be made for a school term of only one hundred eighty days.

The state board of education shall effect all economies possible in providing state funds for the objects of general control, operation of plant, and auxiliary agencies, and after such action shall have authority to increase or decrease on a uniform percentage basis the salary schedule of teachers, principals, and superintendents in order that the appropriation of state funds for the public schools may insure their operation for the length of term provided in this subchapter: Provided, however, that the state board of education and county boards of education for county administrative units and boards of trustees for city administrative units, shall have power and authority to promulgate rules by which school buildings may be used for other purposes.

Provided further, that the tax levying authorities in any county administrative unit may levy taxes to provide necessary funds for attendance enforcement, supervision of instruction, health and physical education, clerical assistance, and accident insurance for school children transported by school bus: Provided, that nothing in this section be interpreted as repealing the present statutes requiring the state board of education's approval of local unit budgets. (1939, c. 358, s. 9; 1943, c. 255, s. 2; 1943, c. 721, s. 8; 1947, c. 1077, ss. 7, 7½.)

Editor's Note.—
The 1947 amendment added subhead 4d, struck out the words "with the approval of the state board of education" formerly appearing after the word "unit" in line twenty of the last paragraph and added the last two provisos thereto.

§§ 115-357, 115-358: Repealed by Session Laws 1945, c. 530, s. 13.

§ 115-359. State standard salary schedule.
Provided, further, that no teacher or principal shall be required to attend summer school during the years one thousand nine hundred forty-five and one thousand nine hundred forty-six, and the certificate of such teacher or principal as may have been required to attend such school shall not lapse but shall remain in full force and effect, and all credits earned by summer school and/or completing extension course or courses shall not be impaired, but shall continue in full force and effect.
(1945, c. 970, s. 7.)

Editor's Note.—
The 1945 amendment changed the years mentioned in the last proviso of the first paragraph. As the rest of the section was not affected by the amendment only this paragraph is set out.
For comment on the 1943 amendment, see 21 N. C. Law Rev. 361.

§ 115-359.1. Salary increments for experience to teachers, principals and superintendents serving in armed and auxiliary forces.—The state board of education, in fixing the state standard salary schedule of teachers, principals and superintendents as authorized by § 115-359, shall provide that teachers, principals and superintendents who entered the armed or auxiliary forces of the United States after September sixteenth, one thousand nine hundred and forty, and who left their positions for such service, shall be allowed experience increments for the period of such service as though the same had not been interrupted thereby, in the event such persons return to the positions of teachers, principals or superintendents in the public schools of the state after having been honorably discharged from the armed or auxiliary forces of the United States. (1945, c. 272.)

§ 115-361. Local supplements.
If a majority of those who shall vote thereon in such new territory shall vote in favor of such tax, the new territory shall be and become a part of said district, and the term "local tax of the same rate" herein used shall include, in addition to the usual local tax, any tax levied to meet the interest and sinking fund of any bonds heretofore issued by the district proposed to be enlarged. In case a majority of those who shall vote thereon at the election shall vote in favor of the tax, the district shall be deemed enlarged as so proposed. (1939, c. 358, s. 14; 1943, c. 721, s. 8; 1949, c. 918, s. 7.)

Cross Reference.—As to ratification of enlargements of school districts pursuant to this section, see note to § 115-31.2.

Editor's Note.—Prior to the 1949 amendment the last two sentences of this section referred to "a majority of the qualified voters" instead of to "a majority of those who shall vote." Only these sentences are set out as the rest of the section was not affected by the amendment.
For brief comment on the 1949 amendment, see 27 N. C. Law Rev. 454.

§ 115-361.1. Alteration or dissolution of city school administrative units; abolition of existing tax levies; new supplementary levies.—1. Alteration or Dissolution and Formation of City School Administrative Units.—The state board of education, upon the filing of a petition by any city administrative unit composed of two municipalities so requesting, may amend by enlarging, reducing, or dissolving any such city administrative unit and notwithstanding the population, create a new city administrative unit with boundaries coterminous with the boundaries of the township in which one of said municipalities is located and form a special school district containing the other municipality with boundaries coterminous with the township in which such municipality is situated.

2. Abolition of Existing Tax Levies.—Upon the altering by enlarging or reducing the boundaries of, or dissolving a city administrative unit as authorized in subsection one hereof, any existing special tax levy authorized by § 115-361 of the General Statutes of North Carolina shall terminate at the end of the fiscal year in which the boundaries of said unit are reduced or enlarged or the district dissolved.

3. Special Tax Levies Authorized.—A special tax levy is hereby authorized in any city administrative unit and a special tax levy of not more than fifteen cents (15c) on the one hundred dollar ($100.00) valuation in a special school district created as herein authorized for the purpose of operating schools of a higher standard in such districts than provided by state support: Provided, that before making any levy for supplementing state allotments, an election shall be held in such administrative unit or district to determine whether there shall be levied a tax to provide supplemental funds for the operation of the schools in the district and to determine the maximum rate which may be levied therefor. Such election to be held under existing election laws and regulations applicable to special school levies authorized in § 115-361 of the General Statutes of North Carolina for such supplements. (1945, c. 284.)

§ 115-366. Bonds.—The state board of education shall, in its discretion, determine what state and local employees shall be required to give bonds for the protection of state school funds and for the faithful discharge of their duties; and, in cases in which bonds are required, the state board of education is authorized to place the same and pay the premiums thereon.

The board of education in each county administrative unit and the trustees of each city administrative unit shall cause all persons authorized to draw or approve school checks or vouchers drawn on school funds, whether county, district, or special, and all persons who as employees of such administrative unit are authorized or permitted to receive any school funds from whatever source, and all persons responsible for or authorized to handle school property to be bonded for the faithful discharge of their duties in such amount as in the discretion of said governing authorities of said administrative unit shall deem sufficient for the protection of said school funds or property with surety by some surety company authorized to do business in the state of North Carolina. The amount deemed necessary to cover the cost of such surety bond shall be included as an item in the general school budget of such school administrative unit and shall be paid from the funds provided therefor; but nothing in this section shall prevent the governing authorities of the respective administrative units from prorating the cost of such bond between the funds sought to be protected. (1939, c. 358, s. 18; 1943, c. 721, s. 8; 1945, c. 970, s. 8; 1949, c. 1082, s. 2.)

Editor's Note.—The 1945 and 1949 amendments rewrote the first and second paragraphs, respectively.

§ 115-368. How school funds shall be paid out. 3. Special Funds of Individual Schools. — The board of education of a county administrative unit and the board of trustees of a city administrative unit shall, unless otherwise provided for by law, designate the bank, depository, or trust company authorized to do business in North Carolina in which all special funds of each individual school shall be deposited. Such funds shall be paid out only on checks signed by the principal of the school and the treasurer who has been selected by the respective boards; provided, this procedure for depositing and disbursing funds is not required for schools handling less than three hundred dollars ($300.00), and if in the judgment of the boards of the respective administrative units such procedure should not be required. However, in all schools a complete record shall be kept by the treasurer and reports made of all money received and disbursed by him in handling funds of the school; provided, further, that nothing in this subsection 3 shall prevent the disbursing of all these special funds upon signatures required under the provisions of subsections 1 and 2 of this section.

4. Records and reports. — The state superintendent of public instruction and state board of education shall have full power and authority to make rules and regulations to prescribe the manner in which records shall be kept by all county and city administrative units as to the expenditure of current expense funds, capital outlay funds, and debt service funds, derived from local sources, and to prescribe for making reports thereof to the state superintendent of public instruction.

5. Cashing Vouchers and Payment of Sums Due on Death of Teachers, etc.—In the event of the death of any superintendent, teacher or principal or other school employee before cashing any voucher which has been issued for services rendered or to whom a payment is due for services rendered in any amount not in excess of five hundred dollars ($500.00), when there is no administration upon the estate of such person, such voucher may be cashed by the clerk of the superior court of the county in which such deceased person resided, or a voucher due for such services may be made payable to such clerk, who will be authorized to pay out such sums in the following manner: 1. For satisfaction of widow's year's allowance, if such is claimed. 2. For funeral expenses and medical and doctors' bills for the last illness of the deceased, and any taxes due the state or local government and the balance, if any, as provided by law for the distribution of decedent's estates. (1939, c. 358, s. 20; 1941, c. 267, s. 8; 1943, c. 721, s. 8; 1949, c. 1033, s. 1; c. 1082, s. 3.)

Editor's Note.—The first 1949 amendment added subsection 5. The second 1949 amendment inserted present subsection 3 and renumbered old subsection 3 as 4. As the rest of the section was not affected by the amendments it is not set out.

§ 115-369. Audit of school funds. — All school funds shall be audited and reports made for each school year.

1. State School Funds. — The state board of education, in cooperation with the state auditor, shall cause to be made an annual audit of the state school funds disbursed by county and city administrative units and such additional audits as may be deemed necessary.

2. County and City Administrative Unit and District School Funds.—The county board of education and the board of trustees of city administrative units, respectively, in cooperation with the State board of education, shall cause to be made an annual audit of all county, city, and district school funds, and the school boards shall provide for the payment of the cost thereof in the school budgets of the respective administrative units.

The annual audits shall be completed as near to the close of the year as practicable and copies of said audit shall be filed with the state board of education, the director of the local government commission, and the state superintendent of public instruction not later than October 1st after the close of the fiscal year on June 30th.

3. Special Funds of Individual Schools.—The county board of education and the board of trustees of city administrative units, respectively, shall cause to be made, at the time the audit of the county or city funds is made, an audit of the special school funds of each school in the respective administrative units.

4. Filing and Publication of Audits.—Copies of the audit of the several county and city administrative units and special funds of individual schools required by this section shall be filed with the chairman and the secretary of the governing body of the unit receiving and disbursing such funds, and with the county auditor and the clerk of the superior court of the county in which such unit is located. It shall be the duty of the chairman and secretary of such governing bodies and of the county auditor and clerk of the superior court to receive and file such audits and make the same accessible for inspection by any citizen of the county or patron of the school during regular office hours. A copy of the audit shall be filed with a newspaper with general circulation in the

county and the same shall be published in said paper together with a statement indicating the offices in the county in which copies of the audit have been filed: Provided that if the length of the audit would cause its publication cost to be excessive in the opinion of the governing body of said unit, the governing body may also file with the newspaper a condensed statement of the audit showing the receipts as to sources thereof and disbursements as to purposes thereof, prepared by the auditor making the full audit, and cause the same to be published in lieu of publication of the full audit. If there be no newspaper published in the county, a copy of the audit shall be posted at the courthouse door and on the bulletin board in the office of the secretary of the board of the unit. It shall be the duty of the governing body of said unit to comply with the provisions of this paragraph on or before the first day of October after the close of every fiscal year.

The county board of education in a county administrative unit and the board of trustees in a city administrative unit shall include in the school budgets of the respective administrative units funds for the payment of the costs of the audits of county, city, district, and special funds of individual schools as required under subsections 2 and 3 of this section; provided, that nothing in this section shall prevent the respective boards from prorating the cost of auditing of special funds to the special funds of each school. (1939, c. 358, s. 21; 1943, c. 721, s. 8; 1949, c. 1082, s. 4.)

Editor's Note.—The 1949 amendment rewrote this section.

§ 115-370. Workmen's compensation and sick leave.—The provisions of the Workmen's Compensation Act shall be applicable to all school employees, and the state board of education shall make such arrangements as are necessary to carry out the provisions of the Workmen's Compensation Act as are applicable to such employees as are paid from state school funds. Liability of the state for compensation shall be confined to school employees paid by the state from state school funds for injuries or death caused by accident arising out of and in the course of their employment in connection with the state operated nine months school term. The state shall be liable for said compensation on the basis of the average weekly wage of such employees as defined in the Workmen's Compensation Act, whether all of said compensation for the nine months school term is paid from state funds or in part supplemented by local funds. The state shall also be liable for workmen's compensation for all school employees employed in connection with the teaching of vocational agriculture, home economics, trades and industries, and other vocational subjects, supported in part by state and federal funds, which liability shall cover the entire period of service of such employees. The county and city administrative units shall be liable for workmen's compensation for school employees whose salaries or wages are paid by such local units from local funds. Such local funds are authorized and empowered to provide insurance to cover such compensation liability and to include the cost of such insurance in their annual budgets.

The state board of education is hereby authorized and empowered, in its discretion, to make provision for sick leave with pay for any teacher or principal not exceeding five days and to promulgate rules and regulations providing for necessary substitutes on account of said sick leave. The pay for a substitute shall not be less than three dollars per day. The state board of education may provide to each administrative unit not exceeding one per cent (1%) of the cost of instructional service for the purpose of providing substitute teachers for those on sick leave as authorized by law or by regulations of the state board of education, not exceeding the provisions made for other state employees.

The provisions of this section shall not apply to any person, firm or corporation making voluntary contributions to schools for any purpose, and such person, firm or corporation shall not be liable for the payment of any sum of money under this subchapter.

in such manner as to get within one-half mile of all children who live more than one and one-half miles from the schools to which they are assigned: Provided, where road, geographic, or other conditions make it inadvisable to offer transportation to any school child entitled to attend the school of any particular district, the state board of education is authorized to approve the assignment of such child to such other school as the board may approve; and in lieu of transportation may provide for the payment monthly to the parent or guardian of such child a sum not to exceed $10.00 per month for each school month that such child may attend school outside the district of residence: Provided, that all routes so established shall be subject to the approval of the county board of education and with a view to the needs of the students to the end that the necessity of students waiting on the road for busses in inclement weather be eliminated: Provided, further, that no children shall be transported except to the school to which said child is assigned by the county board of education, or by the state board of education under the provisions of § 115-352. § 116-23.1. Unclaimed funds held or owing by life insurance companies. — (1) Definitions. — The term "unclaimed funds" as used in this section shall mean and include all monies held and owing by any life insurance company doing business in this state which shall have remained unclaimed and unpaid for seven years or more after such monies became due and payable under any life or endowment insurance policy. A life insurance policy not matured by the prior death of the insured shall be deemed to be matured and the proceeds thereof shall be deemed to be "due and payable" within the meaning of this section when the insured shall have attained the limiting age under the mortality table on which the reserve is based. Monies shall be deemed to be "due and payable" within the meaning of this section although the policy shall not have been surrendered nor proofs of death submitted as required and although the claim as to the payee is barred by a statute of limitations.

(1½) Scope.—This section shall apply to all unclaimed funds, as herein defined, held and owing by any life insurance company doing business in this state where the last known address,

according to the records of such company, of the person entitled to such funds is within this state, provided that if a person other than the insured be entitled to such funds and no address of such person be known to such company or if it be not definite and certain from the records of such company what person is entitled to such funds, then in either event it shall be presumed for the purposes of this section that the last known address of the person entitled to such funds is the same as the last known address of the insured according to the records of such company.

(2) Reports.—Every such life insurance company shall on or before the first day of May of each year make a report in writing to the commissioner of insurance of all unclaimed funds, as hereinbefore defined, held or owing by it on the thirty-first day of December next preceding. Such report shall be signed and sworn to by an officer of such company and shall set forth (1) in alphabetical order the full name of the insured, his last known address according to the company's records, and the policy number; (2) the amount appearing from the company's records to be due on such policy; (3) the date such unclaimed funds became payable; (4) the name and last known address of each beneficiary or other person who, according to the company's records, may have an interest in such unclaimed funds; and (5) such other identifying information as the commissioner of insurance may require.

(3) Notice; Publication.—On or before the first day of September following the making of such reports under this section, the commissioner of insurance shall cause to be published notices entitled: "Notice of Certain Unclaimed Funds Held or Owing by Life Insurance Companies." Each such notice shall be published once a week for two successive weeks in a newspaper published in the county of this state in which is located such last known address of each such insured, or other person who, according to the company's records may have an interest in such unclaimed fund, or if no newspapers are published in such county, then by posting such notice at the court house door of said county.

The notice shall set forth in alphabetical order the names contained in such reports of each insured whose last known address is within the county of publication together with (1) the amount reported due and the date it became payable, (2) the name and last known address of each beneficiary or other person who, according to the company's records, may have an interest in such unclaimed funds, and (3) the name and address of the company. The notice shall also state that such unclaimed funds will be paid by the company to persons establishing to its satisfaction before the following December 1st their right to receive the same, and that not later than December 1st such unclaimed funds still remaining will be paid to the University of North Carolina which shall thereafter be liable for the payment thereof.

It shall not be obligatory upon the commissioner of insurance to publish any item of less than fifty dollars in such notice, unless the commissioner of insurance deems such publication to be in the public interest. The expenses of publication shall be charged against the University of North Carolina.

(4) Payment to University of North Carolina. —All unclaimed funds contained in the report required to be filed under this section, excepting those which have ceased to be unclaimed funds since the date of such report, shall be paid over to the University of North Carolina on or before the following December 1st.

The commissioner of insurance shall have the power, for cause shown, to extend for a period of not more than one year the time within which a life insurance company shall file any report and in such event the time for publication and payment required by this section shall be extended for a like period.

(5) Custody of Unclaimed Funds; Insurers Exonerated. — Upon the payment of such unclaimed funds to the University of North Carolina, the state shall assume, for the benefit of those entitled to receive the same and for the safety of the money so paid, the custody of such unclaimed funds, and the life insurance company making such payment shall immediately and thereafter be relieved of and held harmless by the state from any and all liability for any claim or claims which exist at such time with reference to such unclaimed funds or which thereafter may be made or may come into existence on account of or in respect to any such unclaimed funds.

(6) Reimbursement for Claims Paid by Insurers.—Any life insurance company which has paid to the University of North Carolina monies deemed unclaimed funds pursuant to the provisions of this section may make payment to any person appearing to such company to be entitled thereto, and upon proof of such payment the state of North Carolina shall forthwith reimburse such company to the extent of the full amount, without interest, paid the University of North Carolina for the account of such claimant.

(7) Determination and Review of Claims.— Any person entitled to unclaimed funds paid to the University of North Carolina may file a claim at any time with the commissioner of insurance. The commissioner of insurance shall possess full and complete authority to accept or reject any such claim. If he rejects such claim or fails to act thereon within ninety days after receipt of such claim, the claimant may make application to the superior court of Wake county, upon not less than thirty days' notice to the commissioner of insurance, for an order to show cause why he should not accept and order paid such claim.

(8) Payment of Allowed Claims. — Any claim which is accepted by the commissioner of insurance or ordered to be paid by a court of competent jurisdiction shall be paid by the University of North Carolina.

(9) Records Required.—The University of North Carolina shall keep a public record of each payment of unclaimed funds received from any life insurance company. Such record shall show in alphabetical order the name and last known address of each insured, and of each beneficiary or other person who, according to the company's records, may have an interest in such unclaimed funds, and with respect to each policy, its number, the name of the company, and the amount due.

(10) Payments to Other States; Pending Litigation.—This section shall not apply to or affect

any unclaimed funds (a) which have been paid to another state or jurisdiction prior to the effective date hereof, or (b) which are at the effective date hereof involved in litigation with reference to the custody, appropriation or escheat of such funds. (1949, c. 682.)

§ 116-24. Certain unclaimed bank deposits to university.—All bank deposits in connection with which no debts or credits have been entered within a period of five years, and where the bank is unable to locate the depositor or owner of such deposit, shall be deemed derelict property and shall be paid to the University of North Carolina and held by it, without liability for profit or interest, until a just claim therefor shall be preferred by the parties entitled thereto. The receipt of the University of North Carolina of any deposit hereunder shall be and constitute a release of the bank delivering over any deposit coming within the provisions of this section from any liability therefor to the depositor or any other person. Upon receipt of such funds, the University of North Carolina shall cause to be posted and keep posted for thirty days at the courthouse door of the county in which such bank is located, a notice giving the names of the persons in whose name or names such deposits were made in said bank, the amount thereof, and the last known address of such person, and the bank paying over said funds to the University of North Carolina shall furnish such information to be used in giving said notice. If any person at any time thereafter shall appear and show that he is the identical person to whom such funds are due, the University of North Carolina shall pay the same in full to such person, but without any liability for interest or profits thereon. Debits of service charges and debits of intangible taxes made by banks shall not be considered debits within the meaning of this section. A bank shall be deemed to be unable to locate a depositor or owner when the present address of the depositor or owner is unknown to the bank, and United States mail addressed to the depositor or owner at the last known address, with a return address of the sending bank on the envelope, is returned undelivered to the bank mailing the same. (1937, c. 400; 1939, c. 29; 1947, c. 614, s. 3; 1949, c. 1069.)

Cross Reference.—See annotations under § 116-20.

Editor's Note.—The 1947 amendment added the third and fourth sentences. It also struck out the following phrase formerly appearing at the end of the first sentence of the section: "and if no such claim shall be preferred within ten years after such deposit shall be received by it, then the same shall be held by it absolutely."

The 1949 amendment added the last two sentences. For comment on the amendment, see 27 N. C. Law Rev. 427.

Rebates and returns of overcharges due by utility companies, which have not been paid to or claimed by the persons to whom they are due within a period of two years from the time they are due or from the time any refund was ordered by any court or by the utilities commission, shall be paid to the University of North Carolina.

All monies in the hands of clerks of the superior court, the state treasurer, or any other officer or agency of the state or county, or any other depository whatsoever, as proceeds of the liquidation of state banks by receivers appointed in the superior court prior to the liquidation Act of one thousand nine hundred twenty-seven, shall be immediately turned over into the custody of the University of North Carolina: Provided, however, that nothing in this section shall be construed to require the said clerk or other officer to turn over funds of minors or other incompetents in his possession, but the custody and control of the same shall be under existing law with reference thereto.

Upon payment of such funds to the University of North Carolina, the comptroller of the currency, or any agent having such funds in charge, shall be relieved of all further liability therefor.

Upon receipt of such funds the University of North Carolina shall cause to be posted, and keep

Members of the board shall serve for terms as prescribed above, and until their successors are appointed and qualified. The governor shall have the power to remove any member of the board whenever in his opinion it is to the best interest of the state to remove such person, and the governor shall not be required to give any reason for such removal. (1921, c. 183, s. 2; 1925, c. 306, s. 3; 1943, c. 136, s. 2; 1945, c. 925, s. 1; C. S. 6159(a).)

Editor's Note.—
The 1945 amendment, effective April 1, 1945, rewrote all of this section except the second paragraph.

For comment on the 1943 amendment to this and two following sections, see 21 N. C. Law Rev. 353.

§ 122-11. Meetings of directors.—The board of directors shall convene annually at each of the institutions enumerated in § 122-7 at a time to be fixed by such board and at such other times as it shall appoint, and investigate the administration and condition of said institutions. § 122-11.2. Superintendent of mental hygiene. He shall be employed for a period of six years from and after the date of his selection, unless sooner removed therefrom by the board for incompetence or misconduct.

(1945, c. 925, s. 2.)

Editor's Note.—The 1945 amendment, effective April 1, 1945, substituted "six" for "two" in the third sentence. As the rest of the section was not affected by the amendment it is not set out.

§ 122-11.3. Business manager for institutions. The said general business manager shall be employed for a period of six years from and after the time of his selection, unless sooner removed by the board for incompetence or misconduct. (1945, c. 925, s. 3.)

Editor's Note.—The 1945 amendment, effective April 1, 1945, substituted "six" for "two" in line two of the second paragraph. As the rest of the section was not affected by the amendment it is not set out.

(1919, c. 330; 1947, c. 537, s. 9; C. S. 6163.)

Editor's Note.—Prior to the 1947 amendment the authority conferred by this section was vested in the former unified board of directors.

§ 122-14. Delivery of inmates to Federal agencies.—The directors and superintendents of the state hospital at Raleigh, the state hospital at Morganton and the state hospital at Goldsboro are hereby authorized, empowered and directed to transfer and deliver to the United States veterans bureau or other appropriate department or bureau of the United States government or to the representatives or agents of such veterans bureau or other department or bureau of said government, all inmates or prisoners, being soldiers or sailors who have served at any time in any branch of the military or naval forces of the United States, who are now in or may hereafter be committed to said hospitals.

(1945, c. 925, s. 5; 1947, c. 623, s. 1.)

Editor's Note.—The 1945 amendment, effective April 1, 1945, made the section applicable to the State Hospital at Morganton, and the 1947 amendment struck out the word "insane" formerly appearing before the word "inmates" in line ten. As only the first sentence was affected by the amendment, the rest of the section is not set out.

§ 122-17. Upon the receipt of such notice, it shall be the duty of the sheriff to return such inmate to the hospital from which he has escaped or has been released on probation. Art. 3. Admission of Patients.

§ 122-36. Persons entitled to immediate admission if space available.—Any resident of North Carolina who has been legally adjudged by a clerk of court or other properly authorized person in accordance with the provisions of this chapter to

be mentally disordered or a proper person to be committed to a state hospital for observation shall, if space is available, be entitled to immediate admission in the state hospital at Morganton, the state hospital at Raleigh, or the state hospital at Goldsboro, in accordance with the principles of division of race and residence prescribed in this chapter. No resident of this state who has been legally adjudged mentally disordered or a proper subject for observation and who has been presented to the superintendent of the proper state hospital for the mentally disordered as provided in this article, shall be refused admission thereto if space is available, but nothing in this article shall be construed to affect the discharge or transfer of patients as now provided by law.

Upon the admission of any such person, the superintendent of the institution shall notify the clerk of the superior court who has committed such person as mentally disordered, or as a proper subject for observation. (1919, c. 326, ss. 1, 6; 1945, c. 952, s. 13; C. S. 6184.)

Editor's Note.—The 1945 amendment substituted "mentally disordered" for "insane," made the right to immediate admission dependent upon space being available, and added the second paragraph.

§ 122-37. Mental defectives admitted. — Any person with mental deficiency who in addition is suffering from epilepsy or a mental disorder may be admitted to the proper state hospital for the mentally disordered. Mental defective delinquents and low grade idiots who are unable to look after their own persons may be admitted to the Caswell training school. (Rev., s. 4572; 1899, c. 1, s. 18; 1933, c. 342, s. 2; 1945, c. 952, s. 14; C. S. 6185.)

Cross Reference.—As to training school for feeble minded negro children, see §§ 116-142.1 to 116-142.10.

Editor's Note.—
The 1945 amendment rewrote this section.

§ 122-38. Priority given to indigent patients; payment required from others.—In the admission of patients to any state hospital, priority of admission shall be given to indigent persons; but the board of directors may regulate admissions, having in view the curability of patients, the welfare of the institutions, and the exigencies of particular cases. The board of directors may, if there be sufficient room, admit other than indigent patients, upon proper compensation, based upon the ability of the patient or his estate to pay. Where the clerk of court or the superintendent of the hospital has doubt as to the indigency of the mentally disordered person, he shall refer the question to the county department of public welfare for investigation. If any patient of any state hospital shall require private apartments, extras, or private nurses, the directors, if practicable, shall provide the same at a fair price to be paid by such patient. Upon the death of any nonindigent patient, the state hospital may maintain an action against his estate for his support and maintenance for a period of five years prior to his death. (Rev., s. 4573; 1899, c. 1, s. 44; 1915, c. 254; 1917, c. 150, s. 1; 1945, c. 952, s. 15; C. S. 6186.)

Editor's Note.—The 1945 amendment substituted "persons" for "insane" in line three, and "patient" for "inmate" in the fourth sentence. The amendment also rewrote the second sentence and inserted the third sentence.

§ 122-39. Only bona fide residents entitled to care in state mental hospitals.—No clerk of superior court shall commit to any state hospital any mentally disordered person known to be a resident of another state or whose residence is unknown unless he shall state that the mentally disordered person is known to be resident of another state or that his residence is not known, and he shall give all available information concerning places in which he has been recently living.

The legal residence of a person as to his being entitled to mental hospital care shall be determined between this and the other state or states as elsewhere provided.

No person who shall have removed into this state while mentally disordered or while under commitment to a mental hospital in any other state, nor any person not a resident of North Carolina but under commitment to any mental institution, public or private, in this state shall be considered as a resident; and no length of residence in this state of such a person, while mentally disordered or under commitment, shall be sufficient to make him a resident of this State or entitled to state mental hospital care. (Rev., ss. 3591, 4587; 1899, c. 1, s. 18; 1945, c. 952, s. 16; 1947, c. 537, s. 11; C. S. 6187.)

The 1945 amendment substituted "mentally disordered" for "insane."

The 1947 amendment rewrote this section.

§ 122-40. Findings as to residence in examination reported.—In every examination of an alleged mentally disordered person it shall be the duty of the clerk or justice of the peace to particularly inquire whether the alleged mentally disordered person is a resident of this state, as hereinbefore set forth, and he shall state his findings upon the subject in his report to the superintendent of the hospital. If it is not possible to ascertain the legal residence of the alleged mentally disordered person and the clerk or the assistant clerk of court shall be of the opinion that the alleged mentally disordered person is a resident of this state, within the meaning of the law, and in all other respects would be a proper person to be committed as mentally disordered or for observation, he shall state that he was unable to ascertain the legal residence of the alleged mentally disordered person and shall commit him to the proper state hospital in accordance with the principles of divisions as to race and residence prescribed in this chapter. (Rev., s. 4588; 1899, c. 1, s. 18; 1945, c. 952, s. 17; C. S. 6188.)

Editor's Note.—The 1945 amendment substituted "mentally disordered" for "insane" in the first sentence and rewrote the second sentence.

§ 122-41. County of settlement.—For the purposes of this chapter, the county of settlement of an alleged mentally disordered person shall be the county of his actual residence at the time of his commitment to the state hospital, notwithstanding where such person may have been temporarily out of the county of settlement, in a hospital, or under court order an inmate of some other state institution at the time of his commitment to a state hospital, the county of residence shall not have been changed by his being temporarily out of his county, in a hospital, or by his confinement under court order.

The provisions of this section shall not be construed as entitling a person to care and treatment in a mental hospital unless he is a bona fide citi-

zen and resident of this state, and was so before mental disease became manifest. (Rev., s. 4574; 1899, c. 1, s. 28; 1945, c. 952, s. 18; 1947, c. 537, s. 12; C. S. 6189.)

Editor's Note.—The 1945 amendment substituted the words "for the mentally disordered" for the words "as insane."

The 1947 amendment rewrote this section.

§ 122-42. Affidavit of mental disorder and request for examination.—When it appears that a person is suffering from some mental disorder and is in need of observation or admission in a state hospital, some reliable person having knowledge of the facts shall make before the clerk of the superior court of the county in which alleged mentally disordered person is or resides, and file in writing, on a form approved by the North Carolina hospitals board of control, an affidavit that the alleged mentally disordered person is in need of observation or admission in a hospital for the mentally disordered, together with a request that an examination into the mental condition of the alleged mentally disordered person be made.

This affidavit may be sworn to before the clerk of the superior court, or the deputy clerk of court. (Rev., s. 4575; 1899, c. 1, s. 15; 1945, c. 952, s. 19; 1947, c. 537, s. 13; C. S. 6190.)

Editor's Note.—Prior to the 1945 amendment the affiant was required to be a resident of the county in which the alleged insane person resided.

The 1947 amendment rewrote this section which formerly set out the form of affidavit. Subsequently Session Laws 1947, c. 623, s. 2, purported to amend such omitted form.

§ 122-43. Clerk to issue an order for examination.—When an affidavit and request for examination of an alleged mentally disordered person has been made, or when the clerk of the superior court has other valid knowledge of the facts of the case to cause an examination to be made, he shall direct two physicians duly licensed to practice medicine by the state and not holding any office or appointment except advisory or consultative in the hospital to which commitment may be made, to examine the alleged mentally disordered person or shall have him brought to them in order to determine if a state of mental disorder exists and if it warrants commitment to one of the state hospitals or institutions for the mentally disordered. If the said physicians are satisfied that the alleged mentally disordered person should be committed for observation and admission into a hospital for the mentally disordered, they shall sign an affidavit to that effect on a form approved by the North Carolina hospitals board of control.

This affidavit may be sworn to before the clerk of the superior court, the assistant clerk of the superior court, or the deputy clerk of court, or a notary public. (Rev., s. 4576; 1899, c. 1, s. 15; 1945, c. 952, s. 20; 1947, c. 537, s. 14; C. S. 6191.)

Editor's Note.—The 1945 amendment rewrote this section. The 1947 amendment also rewrote this section which formerly set out the form of affidavit. Subsequently Session Laws 1947, c. 623, s. 3, purported to amend such omitted form.

§ 122-45: Repealed by Session Laws 1945, c. 952, s. 21.

§ 122-46. Clerk to commit for observation in a hospital, for commitment, release or discharge.—When the two physicians shall have certified that the alleged mentally disordered person is in need of observation and admission in a hospital for the mentally disordered and after the clerk has heard all proper witnesses he shall issue an order of commitment on form approved by the North Carolina hospitals board of control, which shall authorize the hospital to receive said person and there to examine him and observe his mental condition for a period not exceeding thirty days. The clerk may authorize the transfer of the said alleged mentally disordered person to the proper hospital, when notified by the superintendent that space is available.

The clerk shall transmit to the hospital information relevant to the mental condition of the alleged mentally disordered person. He shall certify as to the indigency of the mentally disordered person and any persons liable for the care of the person under §§ 35-33 or 143-117 et seq., on forms approved by the North Carolina hospitals board of control. (Rev., s. 4578; 1899, c. 1, s. 15; 1915, c. 204, s. 1; 1923, c. 144, s. 1; 1945, c. 952, s. 22; 1947, c. 537, s. 15; C. S. 6193.)

Editor's Note.—

The 1945 and 1947 amendments rewrote this section.

§ 122-46.1. Clerk may make final commitment to hospital.—When such alleged mentally disordered person is committed to a state hospital for observation, the hospital authorities shall, at the expiration of thirty days, file with the clerk of the superior court of the county in which the alleged mentally disordered person resided, if known, if not known, with the clerk of the superior court who committed such alleged mentally disordered person for observation, a written report stating the conclusion reached by the hospital authorities as to the mental condition of the alleged mentally disordered person. Upon the basis of this report, the clerk of the superior court of the county in which the alleged mentally disordered person resided, or if such alleged mentally disordered person's residence is not known, the clerk of the superior court who committed him for observation is authorized to order said person discharged or to order him to remain at the hospital as a patient, as the facts may warrant. Any person who has been committed to any state hospital as mentally disordered as provided by law shall be and remain a charge of such state hospital until he has been discharged from said hospital or declared competent as otherwise provided by law.

At the end of the thirty-day observation period the superintendent of the state hospital in which the alleged mentally disordered person has been confined for a thirty-day period of observation may signify in writing to the clerk of the court of the county in which the alleged mentally disordered person is settled that his observation of the alleged mentally disordered person has not been completed and that a second thirty-day period of observation of the alleged mentally disordered person is requested. Whereupon the clerk of the superior court who committed the alleged mentally disordered person for observation is authorized to order said person to remain at the hospital as a patient for another thirty-day observation period. (1945, c. 952, s. 23.)

§§ 122-47 to 122-49: Repealed by Session Laws 1945, c. 952, s. 24.

§ 122-49.1. Withdrawal of petition.—The petitioner in proceeding to determine the mental

health or mental disease of an alleged mentally disordered person may, at any time before the alleged mentally disordered person has been admitted to the particular state hospital, withdraw such petition by filing with the clerk of the superior court, in writing, a motion to this effect. The clerk with the written consent of the examining physicians is authorized to allow such motion. When such motion is allowed, the proceedings shall be deemed to be at an end. (1945, c. 952, s. 25; 1947, c. 537, s. 16.)

Editor's Note.—Prior to the 1947 amendment the petition could be withdrawn before the adjudication of mental disorder or mental health.

§ 122-50. Clerk to keep record of examinations and discharges.—The clerk will keep a record of all examinations of persons alleged to be mentally disordered, and he shall record in such record a brief summary of the proceedings and of his findings, and whenever a justice of the peace shall transmit to the clerk a report of his proceedings when he shall have examined a person under the powers granted under this chapter, the clerk shall make a record of his proceedings, and for recording the justice's proceedings he shall be entitled to a fee of twenty-five cents, to be paid by the county aforesaid, and he shall keep a record of all probations and discharges provided for in article four of this chapter. (Rev., s. 4586; 1899, c. 1, s. 17; 1945, c. 952, s. 26; C. S. 6197.)

Editor's Note.—The 1945 amendment substituted "mentally disordered" for "insane."

§ 122-51. Fees for examination.—The following fees shall be allowed to the officers who make the examination, and they shall be paid by the county in which the alleged mentally disordered person is settled:

To the clerk who makes the examination two dollars ($2.00) and if the clerk goes to the place where the alleged mentally disordered person is or resides, five cents (5c) a mile each way in addition. This shall cover his entire costs in taking the examination and making out the necessary papers.

To the physician or physicians called in addition to or in the absence of the county physician the sum of five dollars ($5.00). If the county physician is a salaried officer he is not allowed any fee for his services in this examination.

The sheriff shall be entitled to such fees as are now allowed by law for the service of a process of similar character. (Rev., ss. 4580, 4581; 1899, c. 1, s. 15; 1947, c. 537, s. 17; C. S. 6198.)

Editor's Note.—The 1947 amendment rewrote this section.

§ 122-52. Superintendent of hospital notified; attendant to convey patient.—Whenever an alleged mentally disordered person shall be entitled to admission in any one of the hospitals of the state as prescribed by law, and the clerk of the superior court or other officer authorized by law to find such person mentally disordered or a proper subject for observation has so found, it shall be the duty of the clerk or other officer forthwith to notify the superintendent of the proper hospital, giving the name, race, sex and age of the patient; and it shall be the duty of such superintendent, unless said patient has been exposed to a contagious disease as hereinafter mentioned in this article, to send an attendant to bring such mentally disordered person to the hospital. Such attendant shall have all such rights as the sheriff or other officer has heretofore, and shall convey such mentally disordered person to the hospital. (1919, c. 326, s. 2; 1945, c. 952, s. 27; C. S. 6199.)

Editor's Note.—The 1945 amendment substituted "mentally disordered" for "insane," and inserted in lines six and seven the words "or a proper subject for observation."

§ 122-53. Bill of expense sent to county commissioners.—Upon the arrival of such mentally disordered person at the hospital, the superintendent shall send to the board of commissioners of the county in which such mentally disordered person had a settlement a bill covering the costs of conveying such mentally disordered person to the hospital, including any fees that would now be allowed an officer, and it shall be the duty of the board of commissioners forthwith to repay to such hospital the amount of such bill. (1915, c. 204, s. 2; 1919, c. 326, s. 3; 1945, c. 952, s. 28; C. S. 6200.)

Editor's Note.—The 1945 amendment substituted "mentally disordered" for "insane."

§ 122-54. Failure of superintendent to send attendant; sheriff to act.—If the superintendent of any hospital for the mentally disordered in this state shall, for ten days after receiving a notice as prescribed in § 122-52, fail and neglect to send an attendant, as is prescribed by § 122-52, to bring such mentally disordered person to the hospital, it shall be the duty of the sheriff of the county from which the notice was sent to bring at the expense of the county such mentally disordered person to the state hospital, whereupon it shall be the duty of the said superintendent to receive said mentally disordered person and relieve said sheriff of his care.

Each female mentally disordered patient must be accompanied to the hospital by a member of her family; if a member of her family is not available, she must be accompanied by a female designated by the county superintendent of public welfare of the county of the patient's settlement, the expenses of said female attendant to be borne by the county commissioners. (1919, c. 326, s. 4; 1945, c. 952, s. 29; C. S. 6201.)

Editor's Note.—The 1945 amendment substituted "mentally disordered" for "insane" and added the second paragraph.

§ 122-55. Costs of conveying patients to and from hospital; how paid.—The cost and expenses of conveying every mentally disordered person to any hospital from any county, or of removing him from the hospital to his county, or of the return to the county of his settlement, as sane, shall be paid by the treasurer of such county, upon the order of its board of county commissioners. Whenever the board of commissioners shall be satisfied that such person has property sufficient to pay such cost and expenses, or that some other person liable for his support and maintenance has property sufficient to pay such costs and expenses as aforesaid, they shall bring an action and recover the amount paid from the said person, or from the other person liable for his support and maintenance. (Rev., s. 4555; 1899, c. 1, s. 32; 1945, c. 952, s. 30; C. S. 6202.)

Editor's Note.—The 1945 amendment substituted "mentally disordered" for "insane."

§ 122-57. Commitment in case of sudden or violent mental disorder.—Whenever any citizen or resident of this state or any other state becomes suddenly or violently mentally disordered, he may be committed to the proper state hospital for the mentally disordered, private hospital, county hospital, or other suitable place, until adjudication can be made or for a period not exceeding ten days upon the affidavit of one physician not related by blood to the mentally disordered person and licensed to practice medicine in North Carolina, or by the order of the clerk of the superior court of the county in which the patient becomes suddenly or violently mentally disordered upon the application of a respectable citizen. The affidavit of the physician will be on a standard form provided by the state hospitals board of control for this purpose. The physician's signature upon this form must be sworn to before a notary public or a deputy sheriff. The physician's notarized signature to the standard form provided by the state hospitals board of control for the purposes enumerated in this section shall constitute authority for the temporary commitment of the alleged mentally disordered person who has become suddenly or violently mentally disordered without an order of the clerk of the superior court. Adjudication of a person temporarily committed under the provisions of this section may proceed without removing said person to the county of his residence. (Rev., s. 4582; 1899, c. 1, s. 16; 1945, c. 952, s. 31; C. S. 6204.)

Editor's Note.—The 1945 amendment rewrote this section.

§ 122-62. Commitment upon patient's application.—Any person believing himself to be of unsound mind or threatened with mental disorder may voluntarily commit himself to the proper hospital. The application for commitment shall be in the following form:

State of North Carolina, County of.....
I, ..., a resident of ..... County, North Carolina, being of mind capable of signifying my wishes, do hereby solicit admission as a patient in the State Hospital at .....
I agree in all respects to conform to the rules and regulations of said institution. I understand that I shall not be entitled to a discharge until I shall have given the superintendent ten days notice of my desire to be discharged.

.....
Attest: .....

This application shall be accompanied by the certificate of a licensed physician, which certificate shall state that in the opinion of the physician the applicant is a fit subject for admission into a hospital, and that he recommends his admission. The certificate of the clerk of the superior court need not accompany this application, and the medical director of the State hospital shall not notify the clerk of court of the county of the residence of the patient of the discharge of the patient. The superintendent may, if he think it a proper application, receive the patient thus voluntarily committed and treat him, but no report need to be made to the clerk of court of the county of his settlement. The superintendent and board of directors shall have the same control over patients who commit themselves voluntarily as they have over those committed under the regular proceedings hereinbefore provided except that a voluntary patient shall be entitled to a discharge after he shall have given the superintendent ten days notice of his desire to be discharged.

Final commitment of voluntarily committed patients must proceed through the same channels as in case of the involuntary commitment of an allegedly mentally disordered person. (Rev., s. 4593; 1899, c. 1, s. 49; 1917, c. 150, s. 1; 1945, c. 952, s. 32; C. S. 6209.)

Editor's Note.—The 1945 amendment substituted "mental disorder" for "insanity" in the first sentence, inserted the last sentence in the form of application, added the last paragraph of the section and made other changes.

§ 122-63. Proceedings in case of a mentally disordered citizen of another state.—If any person not a citizen of this state but of another state of the United States shall be ascertained to be mentally disordered, the clerk of superior court shall commit such mentally disordered person to the proper state hospital for the mentally disordered of this state, and shall record on the order of commitment his not being a resident of this state. He shall also give on the application such information available in regard to his proper residence. Upon the admission of such mentally disordered person, the superintendent of the hospital shall notify the North Carolina hospitals board of control that such person appears to be resident of another state, so that the board of control can take steps to establish such person's residence and have him transferred to the state in which he is legally resident.

After the legal residence of such mentally disordered person has been verified and confirmed by the state of his residence, such mentally disordered person shall be transferred to the state of his residence. If that state shall not provide for his removal to that state within a reasonable time, the superintendent of the state hospital shall cause him to be conveyed directly from the state hospital to the state of his legal residence and delivered there to the superintendent of the proper state hospital.

The cost of such proceedings and conveyance away from the state shall be borne by the county in which the person shall have been adjudged to be mentally disordered.

The provisions of this section shall apply only to such aforementioned mentally disordered persons who shall have been committed by the clerk of court to a state hospital, and shall not be construed to limit the responsibility of the state board of public welfare with respect to the return of any other nonresident to his state of residence. (Rev., s. 4584; 1899, c. 1, s. 16; 1945, c. 952, s. 33; 1947, c. 537, s. 18; C. S. 6210.)

Editor's Note.—The 1945 amendment substituted the words "mentally disordered" for the word "insane." The 1947 amendment rewrote this section.

§ 122-63.1. Transfer of mentally disordered citizens of North Carolina from another state to North Carolina.—When the North Carolina hospitals board of control or the state board of public welfare shall have been notified by an agency of another state that there is confined within a state or psychiatric hospital of that state a mentally disordered person alleged to be a resident of the state of North Carolina, and shall have been

given information to support the allegation and to aid in establishing such person's residence, the state board of public welfare shall determine the residence of the alleged resident and shall report its findings to the North Carolina hospitals board of control. On the basis of the findings of this investigation, and in accordance with the requirements for eligibility to state hospital care, the North Carolina hospitals board of control may authorize his return directly to the proper state hospital for the mentally disordered at the expense of the state in which he is already confined.

The commitment of such mentally disordered person in another state, and the authorization by the board of control of his return shall be sufficient authority for the superintendent of the state hospital to hold this patient for a reasonable length of time, not to exceed thirty days or until he can be committed. Commitment of said mentally disordered person shall be effected by the examination of the person by two licensed physicians not connected with the proper state hospital for the mentally disordered. The affidavits of these two physicians shall be forwarded to the clerk of the superior court of the county in which said mentally disordered person is settled, without removal of the person from the hospital. On the basis of these affidavits the clerk may order the alleged mentally disordered person for the usual thirty-day observation period. (1945, c. 952, s. 34; 1947, c. 537, s. 19.)

Editor's Note.—The 1947 amendment rewrote this section.

§ 122-63.2. Reciprocal agreements with other states to set requirements to state hospital care.—The North Carolina hospitals board of control shall have the authority to negotiate with the proper state agencies of other states in regard to the legal residence of any alleged mentally disordered person who shall have been or may be committed to any state hospital of this state and alleged to be a legal resident of another state, or who shall have been committed to the state hospital of any other state and alleged to be a legal resident of this state, and to make reciprocal agreements with the proper agencies of the other states for the care of these mentally disordered persons by and in the proper state.

Where the law of another state sets a definite period of time during which a person must have resided continuously within that state to be considered a legal resident or to be entitled to care and treatment in a state mental hospital, this same definite period of time may be taken as the length of time required by this state in order for the mentally disordered person to be entitled to care and treatment in a state mental hospital in this state. (1947, c. 537, s. 20.)

Art. 4. Discharge of Patients.

§ 122-66. County commissioners may discharge mentally disordered person in county.—It shall be the duty of the board of county commissioners, by proper order to that effect, to discharge any ascertained mentally disordered person in their county, not admitted to the appropriate hospital, and not committed for crime, when it shall appear upon the certificate of two respectable physicians, and the chairman of their board, that such mentally disordered person ought to be discharged if in a hospital. (Rev., s. 4595; 1899, c. 1, s. 20; 1945, c. 952, s. 35; C. S. 6213.)

Editor's Note.—The 1945 amendment substituted "mentally disordered" for "insane."

§ 122-67. Release of patients from hospital; responsibility of county.—When it shall appear that any mentally disordered person under commitment to and confined in a hospital for the mentally disordered but not charged with a crime or under sentence shall have shown improvement in his mental condition as to be able to care for himself, or when he shall have become no longer dangerous to the community and to himself, or when it shall appear that suitable provision can be made for the alleged mentally disordered person so that he will not be injurious or dangerous to himself or the community, the superintendent of the hospital may in his discretion release him on probation to the care of his guardian, relative, friends or of any responsible person or agency in the community, and may receive him back into the hospital without further order of commitment during the continuance of the order of commitment which shall not have been terminated by the action of the superintendent in releasing him on probation. The superintendent of the hospital may require of the person assuming responsibility for the mentally disordered patient released on probation reports relative to the patient's condition and evidence and assurance of responsibility.

The superintendent may terminate the release of such mentally disordered patient and order his arrest and return to the hospital, and the person responsible for the mentally disordered patient's care may notify the superintendent of the hospital or the clerk of superior court of the county in which the mentally disordered patient has residence or is now located, and the clerk of superior court so notified may order the mentally disordered patient held pending his return to the hospital. The superintendent shall from time to time notify the clerk of superior court of the county of the patient's residence of the release or probation of a patient for more than thirty days.

When the patient is indigent, the county may be required to pay for the transportation of the patient to the county of his settlement.

It shall be the duty of the sheriff of the county to which a patient has been released, or in which he is found at the termination of his release on probation by the superintendent or by the clerk of superior court, to return him to the hospital to which he is under commitment; cost of such return shall be a charge on the county in which the mentally disordered patient is resident.

When a person under commitment has been released on probation to his own care or to his own family, and when he is no longer under the continued care and supervision of the hospital, as in a boarding home, and when he shall have been able to remain continuously out of the hospital without returning for the period of one year, he shall be regarded as recovered from his mental illness and no longer in need of care in a mental hospital, and shall be discharged from the order of commitment at the next succeeding discharge date of the hospital as provided by rules of the North Carolina hospitals board of control. (Rev., s. 4596; 1899, c. 1, s. 22; 1917, c. 150,

(Rev., s. 4597; 1899, c. 1, s. 23; 1945, c. 952, s. 37; C S. 6215.)

Editor's Note.—The 1945 amendment struck out, following the word "days" in line two, the words "or until the next meeting of the board of three directors provided for in the preceding section." The amendment also struck out the former second sentence relating to reporting probations.

§ 122-68.1. (Rev., s. 4603; 1899, c. 1, s. 39; 1945, c. 952, s. 43; C. S. 6222.)

How Question of Present Insanity of Accused Brought to Attention of Court. — The general assembly has prescribed no procedure by which the question of the present insanity or mental disorder of the person accused of crime may be brought to the attention of the court, or for the investigation by the court preliminary to adjudicating the question whether accused is so mentally disordered as to be incapable of making a rational defense. Hence, in the absence of an applicable statute, the investigation of the present insanity or mental disorder to determine whether the accused shall be put on trial, and the form of the investigation ordered, are controlled by the common law. State v. Sullivan, 229 N. C. 251, 49 S. E. (2d) 458.

How Mental Capacity of Accused Determined.—The manner and form of an inquiry to determine whether a person accused of crime has the mental capacity to plead to the indictment and prepare a rational defense is for the determination of the trial court in the exercise of its discretion, and the court may submit an issue as to the present mental capacity of defendant and the issue of his guilt or innocence of the offense charged at the same time. No person convicted of a crime, and upon whom judgment was suspended by the judge on account of mental disorder, shall be discharged from said hospital except upon the order of the judge of the district or of the judge holding the courts of the district in which he was tried: Provided, that nothing in this section shall be construed to prevent such person so confined in the hospitals designated in § 122-83 from applying to any judge having jurisdiction for a writ of habeas corpus. No judge issuing a writ of habeas corpus upon the application of such person shall order his discharge until the superintendents of the several state hospitals shall certify that they have examined such person and find him to be sane, and that his detention is no longer necessary for his own safety or the safety of the public. Trustees; duties and powers.—The governor, superintendent of public instruction, and secretary of state, and their respective successors in office, are appointed trustees of the state and document libraries. The board of trustees may make rules and regulations by which the librarian shall be governed for the protection and preservation of the books and library; and may make such distribution of the books, reports, and publications belonging to the state as in the judgment of the board is advisable and proper. (Rev., s. 5069; Code, s. 3612; 1871-2, c. 169, s. 3; 1903, cc. 104, 133; 1947, c. 781; C. S. 6574.)

Editor's Note.—The 1947 amendment substituted "may" for "shall" in line six.

§§ 125-8, 125-9: Repealed by Session Laws 1947, c. 781.

Art. 2. Document Library.

§ 125-15: Repealed by Session Laws 1947, c. 781.

Art. 3. Library Commission.

§ 125-21. Public libraries to report to commission.—Every public library in the state shall make an annual report to the commission, in such form as may be prescribed by the commission. The term "public library" shall, for the purpose of this article, include free public libraries, subscription libraries, college and university libraries, Young Men's Christian Association, legal association, medical association, supreme court, and state libraries. (1909, c. 873, s. 4; 1949, c. 232, s. 1; C. S. 6600.)

Editor's Note.—The 1949 amendment changed this section so as to exclude school libraries, it being the stated intent and purpose of the amendment to make it unnecessary for annual reports to be made to the library commission by "school" libraries.

§ 125-26. State policy as to public library service; annual appropriation therefor; library service; administration of fund.

4. For the necessary expenses of administration, allocation and supervision, a sum not to exceed seven per cent (7%) of the annual apropriation may annually be used by the North Carolina library commission.

(1949, c. 232, s. 2.)

Editor's Note.—The 1949 amendment changed the amount in subsection 4 from five to seven per cent. As the rest of the section was not affected by the amendment it is not set out.

§ 126-1. Appointment of members of merit system council; qualifications; terms; compensation.—The governor of North Carolina is hereby authorized to appoint a merit system council, which shall be composed of five members, all of whom shall be public spirited citizens of this state of recognized standing in the improvement of public administration and in the impartial selection of efficient government personnel for the employment security commission, the North Carolina medical care commission, the state board of health, the state board of charities and public welfare, employees of the North Carolina state hospitals board of control paid in whole or in part from federal funds granted by the surgeon general of the public health service by virtue of the National Mental Health Act, or by any other federal department or agency, and administered by the North Carolina state hospitals board of control as the state mental health authority in the mental health or mental hygiene program, and the state commission for the blind.

(1947, c. 598, s. 1; c. 933, s. 4; 1949, c. 492.)

Editor's Note.—The first 1947 amendment substituted "employment security commission" for "unemployment compensation commission" in the first sentence, and the second 1947 amendment inserted therein the words "the North Carolina medical care commission." The 1949 amendment inserted the provision as to employees of the hospitals board of control. As the rest of the section was not affected by the amendments it is not set out.

§ 126-2. Supervisor of merit examinations; rules and regulations; examinations.—The supervisor of merit examinations appointed under the provisions of article 2 of chapter 143 of the General Statutes, as amended and rewritten by the general assembly of 1949, in cooperation with the merit system council, and with the approval of the state personnel director, the state agencies affected by this chapter, as amended, and the federal security agency or other federal agency or department charged with the administration of the Federal Social Security Laws, shall prepare rules and regulations, job descriptions and specifications, and prepare and give examinations for and to all employees and applicants for employment and/or promotions of the agencies or departments affected by this chapter. Such rules and regulations shall be printed and made available for public inspection and for the use of employees and applicants for employment in said agencies or departments. (1941, c. 378, s. 2; 1949, c. 718, s. 2.)

§ 126-3. Organization of council; meetings; representation of state agencies; duties and pay of supervisor.—The said council shall meet as soon as practicable and organize by electing one of its members as chairman and one who shall act as secretary. The secretary shall keep the minutes of the proceedings of the said council and shall be guardian of all papers pertaining to the business of said council. Meetings of the council shall be held as often as necessary and practicable upon the call of the chairman. The state agencies shall have the right to be represented at all meetings of the council but such representation shall be without voting power. The supervisor of merit examinations, above provided for, shall keep a record of all examinations held, and shall per-

form such other duties as the council shall prescribe, for which he shall be paid compensation to be fixed by the state personnel director. (1941, c. 378, s. 3; 1949, c. 718, s. 3.)

Editor's Note. — The 1949 amendment substituted "state personnel director" for "director of the budget."

§ 126-15. Application of chapter.—Wherever the provisions of any law of the United States, or of any rule, order or regulation of any federal agency or authority, providing or administering federal funds for use in North Carolina, either directly or indirectly or as a grant-in-aid, or to be matched or otherwise, impose other or higher, civil service or merit standards or different classifications than are required by the provisions of this chapter, then the provisions of such laws, classifications, rules or regulations of the United States or any federal agency may be adopted by the council as rules and regulations of the council and shall govern the class of employment and employees affected thereby, anything in this chapter to the contrary notwithstanding. (1941, c. 378, s. 14; 1947, c. 781.)

Editor's Note.—The 1947 amendment added "s" to the word "State" in line two.

§ 126-16. Effect on certain existing laws.—Nothing in this chapter shall be construed as repealing any of the provisions of article 2 of chapter 143 of the General Statutes, as amended and rewritten by the general assembly of 1949, relating to the state personnel department, nor as relieving the state personnel director and the state personnel council of the duties and responsibilities prescribed therein for the state personnel director and the state personnel council. (1941, c. 378, s. 15; 1949, c. 718, s. 4.)

Editor's Note.—The 1949 amendment rewrote this section.

(1917, c. 200, s. 4; 1949, c. 1130, s. 1; C. S. 6794.)

Editor's Note. — The 1949 amendment substituted "seventeen" for "eighteen" in line five.

Art. 2. General Administrative Officers.

The adjutant general, while holding such office, may be a member of the active national guard or naval militia, or organized reserve corps of the United States. (1917, c. 200, s. 14; 1925, c. 54; 1939, c. 14; 1949, c. 1225; C. S. 6802.)

Editor's Note.—The 1949 amendment rewrote this section.

§ 127-30. Retirement of officers.—Retirement of officers shall be regulated so as to conform to federal laws and regulations of the United States relating to retirement of national guard officers. (1917, c. 200, s. 29; 1949, c. 1130, s. 2; C. S. 6819.)

Editor's Note.—The 1949 amendment rewrote this section.

§ 127-42. Powers of courts-martial.—All courts-martial of the national guard, not in the service of the United States, including summary courts, shall have power to sentence to confinement in lieu of fines authorized to be imposed: Provided, that such sentences of confinement shall not exceed one day for each dollar of fine authorized. (1917, c. 200, s. 59; 1949, c. 1130, s. 3; C. S. 6829.)

Art. 7. Pay of Militia.

§ 127-79. Rate of pay for service.—The governor may, whenever the public service requires it,

order upon special or regular duty any officer or enlisted man of the national guard or naval militia, and the expenses and compensation therefor of such officer and enlisted man shall be paid out of the appropriations made to the adjutant general's department. Such officer and enlisted man shall receive the same pay as officers and enlisted men of the same grade and like service of the regular army or navy; but officers when on duty in connection with examining boards, efficiency boards, advisory boards, and courts of inquiry shall be allowed actual expenses and six dollars ($6.00) per diem for such duty. Officers serving on general or special courts-martial shall receive the base pay of their rank. No officer shall be entitled to receive any part of the amounts named herein unless he has performed satisfactorily all duties required of him by law and regulations and has pursued such course of instruction as may from time to time be required.

There shall be allowed annually to each company, battery, troop, and similar organizations federally recognized under regulations prescribed by the war department in its tables of organization for the national guard, not to exceed the sum of one thousand and five hundred dollars ($1,500.00), to be applied to the payment of armory rent, heat, light, stationery, postage, printing and other necessary expenses of the organization, in accordance with rules and regulations prescribed by the adjutant general.

(1949, c. 1130, s. 5.)

Editor's Note.—The 1949 amendment rewrote the first paragraph and substituted $1500.00 for $600.00 in the second paragraph. As the last four paragraphs were not changed they are not set out.

Art. 11. General Provisions.

§ 127-110 1. When officers authorized to administer oaths.—Officers of the national guard are authorized to administer oaths in all circumstances pertaining to any military matter whenever an oath is required. (1949, c. 1130, s. 6.)

Art. 12. State Guard.

§ 127-111. Authority to organize and maintain state guard of North Carolina.

2. Membership in the North Carolina state guard shall be open to men of not less than eighteen and not more than fifty years of age; provided, however, that the members of the band may be composed of men of not less than sixteen and not more than fifty years of age. They shall be additional to and distinct from the national guard organized under existing law. They shall not be required to serve outside the boundaries of this state.

6. The North Carolina state guard shall be subject to the military laws of the state not inconsistent with or contrary to the provisions contained in this article with the following exceptions:

The provisions of §§ 127-84, 127-85 and 127-102, as amended, shall not be applicable to the personnel and units of the state guard.

(1945, c. 290, s. 1; c. 835.)

Editor's Note.—

The first 1945 amendment struck out "9-19" from the list of inapplicable sections in subsection 6, and the second 1945 amendment inserted the proviso in subsection 2. As the other subsections were not affected by the amendments they are not set out.

Chapter 128. Offices and Public Officers.

Art. 3. Retirement System for Counties, Cities and Towns.

Art. 1. General Provisions.

§ 128-9. Peace officers employed by state to give bond.—

Stated in Jordan v. Harris, 225 N. C. 763, 36 S. E. (2d) 270.

§ 128-10. Citizen to recover funds of county or town retained by delinquent official.

Resident Judge without Authority to Indemnify Plaintiffs.—In an action by taxpayers under this section to recover of county commissioners on account of public funds unlawfully expended, etc., plaintiffs disclaiming any right personally to participate in the recovery, it was held that after a recovery by plaintiffs and the entry of a consent judgment dismissing the appeals, wherein no mention was made of indemnifying plaintiffs for their services, the resident judge was without authority to entertain a petition of one of the original taxpayer plaintiffs for such reimbursement. Hill v. Stansbury, 224 N. C. 356, 30 S. E. (2d) 150.

Authority of Commissioners to Allow County Treasurer Additional Salary.—In a civil action by taxpayers against county commissioners and against the treasurer of the county to recover moneys paid to such treasurer in excess of his annual salary as fixed by law, where the evidence tended to show that the county treasurer's salary was fixed at $1,800 a year in 1927, and that in 1931, agreeable to the Machinery Act of that year (§ 105-271 et seq.), the commissioners designated the county treasurer to receive tax prepayments and for this extra service allowed him $1,200 per year additional, and again in 1939 allowed him $240 more per annum, both without legislative authority, judgment of nonsuit as to the commissioners was properly allowed under the express provisions of this section, there being no evidence of bad faith, etc., while such judgment as to the county treasurer was reversed. Hill v. Stansbury, 223 N. C. 193, 25 S. E. (2d) 604.

§ 128-15.1. Section 128-15 applicable to persons serving in present war.—All the provisions for preference rating and preference of employment to citizens who served the state or the United States, honorably in either the army, navy, marine corps or nurses' corps in time of war and to the widows of such veterans and the wives of disabled veterans provided in § 128-15 are hereby specifically made applicable to men and women who have served, are now serving, or shall serve in any branch of the armed services, coast guard and coast guard reserve or the nurses' corps during the present war, and are honorably discharged from such service, and to the widows of such veterans and the wives of disabled veterans of the present war. (1943, c. 168; 1947, c. 412.)

The 1947 amendment made this section applicable to the coast guard and coast guard reserve.

Art. 3. Retirement System for Counties, Cities and Towns.

§ 128-21. Definitions.

(2) "Employer" shall mean any county or incorporated city or town, or the light and water board or commission of any incorporated city or town, or the board of alcoholic control of any county or incorporated city or town participating in the retirement system. The North Carolina league of municipalities, housing authorities created and operated under and by virtue of chapter 157 of the General Statutes, and the office of the retirement system shall be classed as employers eligible to participate in the retirement system.

(3) "Employee" shall mean any person who is regularly employed in the service of and whose salary or compensation is paid by the employer as defined in subsection two of this section, including employees of any light and water board or commission, and full-time employees of any housing authority created and operating under and by virtue of chapter 157 of the General Statutes, whether employed or appointed for stated terms or otherwise, except teachers in the public schools and except such employees who hold office by popular election as are not required to devote a major portion of their time to the duties of their office. In all cases of doubt the board of trustees shall decide who is an employee.

(6) "Prior service" shall mean the service of a member rendered before the date he becomes a member of the system, certified on his prior service certificate and allowable as provided by § 128-26.

(1945, c. 526, s. 1; 1947, c. 833, ss. 1, 2; 1949, c. 231, ss. 1, 2; c. 1015.)

Local Modification.—Session Laws 1945, c. 526, amending §§ 128-21, 128-22, 128-26 through 128-30 and 128-36, provides in section 9 that it shall not apply to the counties of Buncombe, Gates, Granville, Lee, New Hanover, Onslow, Randolph, Rutherford and Vance or to the cities of Henderson and Wilmington. Subsequently Session Laws 1945, cc. 1077, 1086, 1089, 1091 and 1100 made the above amendatory act applicable to Rutherford, Granville, Vance and Buncombe counties, respectively. Session Laws 1945, c. 1100, in effect makes chapter 526 applicable to Randolph county, though its title only purports to make it applicable to the city of Asheboro. Session Laws 1947, c. 15, s. 1, amended Session Laws 1945, c. 526, s. 9, by striking out the reference to the city of Henderson; and Session Laws 1947, c. 943, struck out Lee from the list of counties. Thus it appears that only the counties of Gates, New Hanover and Onslow, and the city of Wilmington, are excepted from the operation of Session Laws 1945, c. 526. For counties excepted from repealing section, see note under §§ 128-37, 128-38.

Editor's Note.—

The 1945 amendment rewrote subsection (6) and the 1947 amendment inserted in subsections (2) and (3) the clauses relating to the light and water board or commission. The first 1949 amendment made subsection (2) applicable to housing authorities and subsection (3) applicable to employees of such housing authorities. The second 1949 amendment inserted in subsection (2) the following "or the board of alcoholic control of any county or incorporated city or town." As the rest of the section was not affected by the amendments it is not set out.

Session Laws 1947, c. 15, s. 2 made this article applicable to the city of Henderson. For act exempting from this article the uniformed employees of the fire department of the city of Charlotte, see Session Laws 1947, c. 926, amended by Session Laws 1949, c. 734.

§ 128-22. Name and date of establishment. — A retirement system is hereby established and placed under the management of the board of trustees for the purpose of providing retirement allowances and other benefits under the provisions of this article for employees of those counties, cities and towns or other eligible employers participating in the said retirement system. Following the filing of the application as provided in § 128-23(3), the board of trustees shall set a date not less than sixty and not more than ninety days thereafter, as of which date participation of the employer may

begin, which date shall be known as the date of participation for such employer: Provided, that in the judgment of the board of trustees an adequate number of persons have indicated their intention to participate; otherwise at such later date as the board of trustees may set.

It shall have the power and privileges of a corporation and shall be known as the "North Carolina local government employees' retirement system," and by such name all of its business shall be transacted, all of its funds invested. and all of its cash and securities and other property held. (1939, c. 390, s. 2; 1941, c. 357, s. 2; 1943, c. 535; 1945, c. 526, s. 2.)

Local Modification.—Gates, New Hanover, Onslow, and city of Wilmington: 1945, c. 526, s. 9.

Editor's Note.—

Prior to the 1945 amendment the second sentence provided that the retirement system was operative as of July 1, 1943.

§ 128-24. Membership.—The membership of this retirement system shall be composed as follows:

(1) All employees entering or reentering the service of a participating county, city, or town after the date of participation in the retirement system of such county, city, or town, except that law enforcement officers, as defined in subsection (m) of § 143-166 of the General Statutes, may elect to become members of the law enforcement officers' benefit and retirement fund or the North Carolina local governmental employees' retirement system.

(2) All persons who are employees of a participating county, city, or town except those who shall notify the board of trustees in writing, on or before ninety days following the date of participation in the retirement system by such county, city or town: Provided, that persons who are or who shall become members of any existing retirement system and who are or who may be thereby entitled to benefit by existing laws providing for retirement allowances for employees wholly or partly at the expense of funds drawn from the treasury of the state of North Carolina or of any political subdivision thereof, shall not be members: Provided, further, that employees of county welfare and health departments whose compensation is derived from federal, state, and local funds may be members of the North Carolina local governmental employees' retirement system to the full extent of their compensation. (1939, c. 390, s. 4; 1941, c. 357, s. 3; 1949, cc. 1011, 1013.)

Local Modification.—City of Charlotte: 1949, c. 990.

Editor's Note.—The first 1949 amendment added the exception at the end of subsection (1). And the second 1949 amendment rewrote the last proviso.

Who Excluded from Membership.—The exclusion from membership in the retirement system, as expressed in paragraph 2, will not be interpreted to apply only to those receiving retirement allowances from general funds in state treasury derived from general taxation, but is applicable to those entitled to benefits from any funds coming into the hands of the state treasurer by virtue of a state law. § 128-25. Membership in system.

Cited in Dillon v. Wentz, 227 N. C. 117, 41 S. E. (2d) 202.

§ 128-26. Allowance for service. — (1) Under such rules and regulations as the board of trustees shall adopt each member who was an employee at any time during the year immediately preceding the date of participation of his employer, and who becomes a member during the first year thereafter, shall file a detailed statement of all service as an employee rendered by him to his employer prior to such date of participation for which he claims credit.

(2) The board of trustees shall fix and determine by appropriate rules and regulations how much service in any year is equivalent to one year of service, but in no case shall more than one year of service be creditable for all service in one calendar year.

(3) Subject to the above restrictions and to such other rules and regulations as the board of trustees may adopt, the board of trustees shall verify, as soon as practicable after the filing of such statements of service, the service therein claimed.

In lieu of a determination of the actual compensation of the members that was received during such period of prior service, the board of trustees may use for the purpose of this article the compensation rates which if they had progressed with the rates of salary increase shown in the tables as prescribed in subsection fourteen of § 128-28 would have resulted in the same average salary of the member for the five years immediately preceding the date of participation of his employer, as the records show the member actually received.

(4) Upon verification of the statements of service the board of trustees shall issue prior service certificates certifying to each member the length of service rendered prior to the date of participation of his employer, with which he is credited on the basis of his statement of service. So long as membership continues a prior service certificate shall be final and conclusive for retirement purposes as to such service: Provided, however, that any member may, within one year from the date of issuance or modification of such certificate, request the board of trustees to modify or correct his prior service certificate.

When membership ceases, such prior service certificates shall become void. Should the employee again become a member, such employee shall enter the system as an employee not entitled to prior service credit except as provided in § 128-27, subsection five, paragraph (b).

(5) Creditable service at retirement on which the retirement allowance of a member shall be based shall consist of the membership service rendered by him since he last became a member, and also if he has a prior service certificate which is in full force and effect, the amount of the service certified on his prior service certificate. (1939, c. 390, s. 6; 1941, c. 357, s. 5; 1943, c. 535; 1945, c. 526, s. 3.)

Local Modification.—Gates, New Hanover, Onslow, and city of Wilmington: 1945, c. 526, s. 9.

Editor's Note.—

The 1945 amendment made changes in subsections (1), (3) and (4).

§ 128-27. Benefits.—Service Retirement Benefit. —(a) Any member in service may retire upon written application to the board of trustees setting forth at which time, not less than thirty days nor more than ninety days subsequent to the execution and filing thereof, he desires to be retired: Provided, that the said member at the time so specified for his retirement shall have attained the age of sixty years, or if a uniformed policeman or fire-

man he shall have attained the age of fifty-five years, and notwithstanding that, during such period of notification, he may have separated from service.

(b) Any member in service who has attained the age of sixty-five shall be retired at the end of the fiscal year unless the employing board requests such person to remain in the service, and notice of this request is given in writing thirty days prior to the end of the fiscal year.

(c) Any member in service who has attained the age of seventy years shall be retired forthwith: Provided, that with the approval of his employer he may remain in service until the end of the fiscal year following the date on which he attains the age of seventy years: Provided, further, that with the approval of the board of trustees and his employer, any member who has attained or shall attain the age of seventy years may be continued in service for a period of two years following each such request.

(2) Allowance for Service Retirement.—Upon retirement from service a member shall receive a service retirement allowance which shall consist of:

(a) An annuity which shall be the actuarial equivalent of his accumulated contributions at the time of his retirement; and

(b) A pension equal to the annuity allowable at the age of sixty years or at the actual age at retirement if prior thereto, computed on the basis of contributions made prior to the attainment of age sixty; and

(c) If he has a prior service certificate in full force and effect, an additional pension which shall be equal to the annuity which would have been provided at the age of sixty years, or at the actual age of retirement if prior thereto, by twice the contributions which he would have made during such period of service had the system been in operation and he contributed thereunder.

Local Modification.—Gates, New Hanover, Onslow, and city of Wilmington: 1945, c. 526, s. 9.

Editor's Note.—The 1945 amendment made changes in paragraph (a) of subsection (1) and paragraphs (b) and (c) of subsection (2). As the other subsections were not affected by the amendment they are not set out.

§ 128-28. Administration.—The general administration and responsibility for the proper operation of the retirement system and for making effective the provisions of this article are hereby vested in the board of trustees: Provided, that all expenses in connection with the administration of the North Carolina local governmental employees' retirement system shall be charged against and paid from the expense fund as provided in subsection five of § 128-30.

(1) Board of Trustees a Body Politic and Corporate; Powers and Authority; Exemption from Taxation.—The board of trustees shall be a body politic and corporate under the name board of trustees of the North Carolina local governmental employees' retirement system, and as a body politic and corporate shall have the right to sue and be sued, shall have perpetual succession and a common seal, and in said corporate name shall be able and capable in law to take, demand, receive and possess all kinds of real and personal property necessary and proper for its corporate purposes, and to bargain, sell, grant, alien, or dispose of all such real and personal property as it may lawfully acquire. All such property owned or acquired by said body politic and corporate shall be exempt from all taxes imposed by the state or any political subdivision thereof, and shall not be subject to income taxes.

(2) Members of Board.—The board shall consist of the board of trustees of the teachers' and state employees' retirement system and two other persons to be appointed by the governor; one a fulltime executive officer of a city or town participating in the retirement system, and one a fulltime officer of the governing body of a county participating in the retirement system, these to be appointed for a term of two years each. At the expiration of these terms of office, the appointment shall be for a term of four years.

(3) Compensation of Trustees. — The trustees shall be paid seven dollars ($7.00) per day during sessions of the board and shall be reimbursed from the expense appropriation for all necessary expenses that they may incur through service on the board.

(4) Oath.—Each trustee other than the ex officio members shall, within ten days after his appointment, take an oath of office, that, so far as it devolves upon him, he will diligently and honestly administer the affairs of the said board, and that he will not knowingly violate or willingly permit to be violated any of the provisions of law applicable to the retirement system. Such oath shall be subscribed to by the member making it, and certified by the officer before whom it is taken, and immediately filed in the office of the secretary of state.

(5) Voting Rights.—Each trustee shall be entitled to one vote in the board. Five affirmative votes shall be necessary for a decision by the trustees at any meeting of said board.

(6) Rules and Regulations.—Subject to the limitations of this chapter, the board of trustees shall, from time to time, establish rules and regulations for the administration of the funds created by this chapter and for the transaction of its business. The board of trustees shall also, from time to time, in its discretion, adopt rules and regulations to prevent injustices and inequalities which might otherwise arise in the administration of this chapter.

(7) Officers and Other Employees, Salaries and Expenses.—The board of trustees shall elect from its membership a chairman, and shall, by a majority vote of all the members, appoint a secretary, who may be, but need not be, one of its members. The board of trustees shall engage such actuarial and other service as shall be required to transact the business of the retirement system. The compensation of all persons engaged by the board of trustees, and all other expenses of the board necessary for the operation of the retirement system, shall be paid at such rates and in such amounts as the board of trustees shall approve.

(8) Actuarial Data.—The board of trustees shall keep in convenient form such data as shall be necessary for actuarial valuation of the various funds of the retirement system, and for checking the experience of the system.

(9) Record of Proceedings; Annual Report.—

The board of trustees shall keep a record of all of its proceedings which shall be open to public inspection. It shall publish annually a report showing the fiscal transactions of the retirement system for the preceding year, the amount of the accumulated cash and securities of the system, and the last balance sheet showing the financial condition of the system by means of an actuarial valuation of the assets and liabilities of the retirement system.

(10) Legal Adviser.—The attorney general shall be the legal adviser of the board of trustees.

(11) Medical Board. — The board of trustees shall designate a medical board to be composed of three physicians not eligible to participate in the retirement system. If required, other physicians may be employed to report on special cases. The medical board shall arrange for and pass upon all medical examinations required under the provisions of this chapter, and shall investigate all essential statements and certificates by or on behalf of a member in connection with an application for disability retirement, and shall report in writing to the board of trustees its conclusion and recommendations upon all the matters referred to it.

(12) Duties of Actuary.—The board of trustees shall designate an actuary who shall be the technical adviser of the board of trustees on matters regarding the operation of the funds created by the provisions of this chapter and shall perform such other duties as are required in connection therewith.

(13) Immediately after the establishment of the retirement system the actuary shall make such investigation of the mortality, service and compensation experience of the members of the system as he shall recommend and the board of trustees shall authorize, and on the basis of such investigation he shall recommend for adoption by the board of trustees such tables and such rates as are required in subsection fourteen, paragraphs (a) and (b), of this section. The board of trustees shall adopt tables and certify rates, and as soon as practicable thereafter the actuary shall make a valuation based on such tables and rates of the assets and liabilities of the funds created by this chapter.

(14) In the year one thousand nine hundred and forty-five, and at least once in each five-year period thereafter, the actuary shall make an actuarial investigation into the mortality, service and compensation experience of the members and beneficiaries of the retirement system, and shall make a valuation of the assets and liabilities of the funds of the system, and taking into account the result of such investigation and valuation, the board of trustees shall:

(a) Adopt for the retirement system such mortality, service and other tables as shall be deemed necessary; and

(b) Certify the rates of contributions payable by the participating units on account of new entrants at various ages.

(15) On the basis of such tables as the board of trustees shall adopt, the actuary shall make an annual valuation of the assets and liabilities of the funds of the system created by this chapter. (1939, c. 390, s. 8; 1941, c. 357, s. 6; 1945, c. 526, s. 7.)

§ 128-29. Management of funds.

(2) Annual Allowance of Regular Interest.—The board of trustees annually shall allow regular interest on the mean amount for the preceding year in each of the funds with the exception of the expense fund. The amounts so allowed shall be due and payable to said funds, and shall be annually credited thereto by the board of trustees from interest and other earnings on the moneys of the retirement system. Any additional amount required to meet the interest on the funds of the retirement system shall be paid from the pension accumulation fund, and any excess of earnings over such amount required shall be paid to the pension accumulation fund. Regular interest shall mean interest at the rate of four per centum per annum with respect to all calculations and allowances on account of members' contributions and at the rate of three per centum per annum with respect to employers' contributions, with the right reserved to the board of trustees to set a different rate or rates from time to time.

Local Modification.—Gates, New Hanover, Onslow, and city of Wilmington: 1945, c. 526, s. 9.

Editor's Note.—
The 1945 amendment rewrote the last sentence of subsection (2). As the other subsections were not changed they are not set out.

§ 128-30. Method of financing.

(3) Pension Accumulation Fund.—The pension accumulation fund shall be the fund in which shall be accumulated all reserves for the payment of all pensions and other benefits payable from contributions made by employers and from which shall be paid all pensions and other benefits on account of members with prior service credit. Contributions to and payments from the pension accumulation fund shall be made as follows:

(a) Each participating employer shall pay to the pension accumulation fund monthly, or at such other intervals as may be agreed upon with the board of trustees, an amount equal to a certain percentage of the earnable compensation of each member, to be known as the "normal contribution" and an additional amount equal to a percentage of his earnable compensation to be known as the "accrued liability contribution." The rate per centum of such contributions shall be fixed on the basis of the liabilities of the retirement system as shown by actuarial valuation. Until the first valuation for any employer the normal contribution shall be three per cent for general employees and five per cent for firemen and policemen, and the accrued liability contribution shall be three per cent for general employees and six per cent for firemen and policemen.

(b) On the basis of regular interest and of such mortality and other tables as shall be adopted by the board of trustees, the actuary engaged by the board to make each valuation required by this article during the period over which the accrued liability contribution is payable, immediately after making such valuation, shall determine the uniform and constant percentage of the earnable compensation of the average new entrant throughout his entire period of active service which would be sufficient to provide for

the payment of any pension payable on his account and for the pro rata share of the cost of administration of the retirement system. The rate per centum so determined shall be known as the "normal contribution" rate. After the accrued liability contribution has ceased to be payable, the normal contribution rate shall be the rate per centum of the earnable salary of all members obtained by deducting from the total liabilities of the pension accumulation fund the amount of the funds in hand to the credit of that fund and dividing the remainder by one per centum of the present value of the prospective future salaries of all members as computed on the basis of the mortality and service tables adopted by the board of trustees and regular interest. The normal rate of contribution shall be determined by the actuary after each valuation.

(c) The "accrued liability contribution" shall be set for each employer on the basis of the prior service credits allowable to the employees thereof, who are entitled to prior service certificates, and shall be paid for a period of approximately thirty years, provided that the length of the period of payment for each employer after contributions begin shall be the same for all employers and shall be determined by the board of trustees as the result of actuarial valuations.

(d) At the end of the first year following the date of participation for each employer, the accrued liability payable by such employer shall be set, by deducting from the present value of the total liability for all pensions payable on account of all members and pensioners of the system who became participants through service for such employer, the present value of the future normal contributions payable, and the amount of any assets resulting from any contributions previously made by such employer. Then the "accrued liability contribution" rate for such employer shall be the per centum of the total annual compensation of all members employed by such employer which is equivalent to four per centum of the amount of such accrued liability. The expense of making such actuarial valuation to determine the accrued liability contribution for each employer shall be paid by such employer.

(e) The total amount payable in each year to the pension accumulation fund shall not be less than the sum of the rate per centum known as the normal contribution rate and the accrued liability contribution rate of the total compensation earnable by all members during the preceding year: Provided, however, that the amount of each annual accrued liability contribution shall be at least three per centum greater than the preceding annual accrued liability payment, and that the aggregate payment by employers shall be sufficient, when combined with the amount in the fund, to provide the pensions and other benefits payable out of the fund during the year then current.

(f) The accrued liability contribution shall be discontinued as soon as the accumulated reserve in the pension accumulation fund shall equal the present value, as actuarially computed and approved by the board of trustees, of the total liability of such fund less the present value, computed on the basis of the normal contribution rate then in force, of the prospective normal contributions to be received on account of all persons who are at that time members.

(g) All pensions, and benefits in lieu thereof, with the exception of those payable on account of members who received no prior service allowance, payable from contributions of employers, shall be paid from the pension accumulation fund.

(h) Upon the retirement of a member not entitled to credit for prior service, an amount equal to his pension reserve shall be transferred from the pension accumulation fund to the pension reserve fund.

(1945, c. 526, s. 6.)

Local Modification.—Gates, New Hanover, Onslow, and city of Wilmington: 1945, c. 526, s. 9.

Editor's Note.—
The 1945 amendment made changes in paragraphs (a), (c) and (d) of subsection (3). As only this subsection was affected by the amendment the rest of the section is not set out.

§ 128-36. Local laws unaffected; when benefits begin to accrue.—Nothing in this article shall have the effect of repealing any Public-Local or Private Act creating or authorizing the creation of any officers' or employees' retirement system in any county, city, or town or prohibiting the enactment of any Public-Local or Private Act creating or authorizing the creation of any officers' or employees' retirement system in any county, city, or town. No payment on account of any benefit granted under the provisions of § 128-27, subsections one to four inclusive, shall become effective or begin to accrue until the end of one year following the date the system is established nor shall any compulsory retirement be made during that period. The provisions of this article shall apply only to those counties, cities or towns whose governing authorities voluntarily elect to be bound by same. § 128-36.1. Participation of employees of regional library.—Under such rules and regulations as the board of trustees shall establish and promulgate, the boards of county commissioners of any group of counties operating a regional library may elect that employees of such library may be members of the North Carolina local governmental employees' retirement system to the extent of that part of their compensation paid by the various counties operating said regional library. (1949, c. 923.)

§ 128-37. Membership of employees of district health departments.—Under such rules and regulations as the board of trustees shall establish and promulgate, the boards of county commissioners of any group of counties composing a district health department may elect that employees of such district health department may be members of the North Carolina local governmental employees' retirement system to the extent of that part of their compensation paid by the various counties composing said district health department. (1949, c. 1012.)

§ 128-38: Repealed by Session Laws 1945, c. 526, s. 8.

Editor's Note.—The repealing act, as amended by Session Laws 1947, c. 904, provides that the repealing section shall not apply to Chatham and Person counties and municipalities therein. For counties and city wholly excepted from the operation of Session Laws 1945, c. 526, see note under § 128-21.

Art. 4. Leaves of Absence.

§ 128-39. Leaves of absence for state officials.

Under this section any state official may be given a leave of absence to accept a temporary officer's commission in the United States Army or Navy, as prescribed in this section, without perforce vacating his civil office and without violation of the provisions of N. C. Constitution, Art. XIV, sec. 7. In re Yelton, 223 N. C. 845, 28 S. E. (2d) 567.

Editor's Note.—The first 1945 amendment, as changed by the second 1945 amendment, added the second sentence.

Art. 3. County Organization.

§ 130-18. County board of health; organization; terms of members; chairman.—1. All counties having a separate health department shall organize and operate a county board of health composed of three ex-officio members, the same being the

chairman of the board of county commissioners, mayor of the city or town which is the county seat (if there is no such mayor, then the clerk of the superior court of the county), and the county superintendent of public instruction; these ex-officio members shall hold an annual election meeting the first week in January in each year for the purpose of electing or appointing public members; the public members shall be four in number, one of whom shall be a dentist, one a physician, one a registered pharmacist, and the other one shall be a public spirited citizen. Where either of the three specified public members, namely a physician, or a dentist, or a pharmacist, cannot be elected because there is no such person resident in the county, this place shall be filled with a public spirited citizen. The first meeting of the ex-officio members for the election or appointment of public members shall be in the first week in January, one thousand nine hundred and forty-six, and at this meeting one of the public members shall be elected or appointed for a period of four years, one for three years, one for two years, and one for one year; thereafter one member shall be elected each year for a term of four years; in cases where more than one city or town participates by law in the financial support of the health department, the mayor of such participating city or town shall be an ex-officio member of the board of health; in any instance the ex-officio members shall elect the four public members as provided above; the board shall elect its own chairman, who shall not have the right to vote except in case of a tie; any four members of the board shall constitute a quorum and the county health officer shall act as secretary to such board of health; provided, that those counties which now have special city-county boards of health, as authorized by any private, local, or public-local act of the general assembly, for the purpose of carrying on a joint health program shall be exempted from the terms of this section, unless the special city-county board of health shall vote by a two-thirds majority of all members to dissolve said special board of health, and shall so notify the state health officer, in writing, in which event the provisions of this paragraph shall apply.

(a) All vacancies in membership of the public members of a county board of health shall be filled by the county board of health at its next regular meeting following the creation of the vacancy. In case any public member appointed to fill a vacancy is a public official or officer, his duties as a member of said county board of health shall be deemed to be ex officio.

2. The rules, regulations and ordinances of the county board of health shall apply to municipalities within the county but the board of health shall not have the power to pass special ordinances covering a municipality only, such authority being implicit in and retained by the governing body of the municipality. The duties and the responsibilities of the county board of health shall be as set forth in § 130-19 except as may be modified by the provisions of this section. (Rev., s. 4444; 1901, c. 245, s. 3; 1911, c. 62, s. 9; 1931, c. 149; 1941, c. 185; 1945, c. 99; c. 1030, s. 2; 1947, c. 474, s. 3; C. S. 7064.)

The 1947 amendment added paragraph (a) of subsection 1.

§ 130-21. To elect county physician and health officer.—The county board of health shall elect a health officer meeting the qualifications set forth by the merit system council and subject to the provisions of chapter one hundred and twenty-six of the General Statutes. The term of office of the county health officer shall be at the pleasure of the county board of health. Emergency and temporary appointments may be made when necessary with the approval of the state health officer. When, in the case of a vacancy, the county board of health fails to elect a health officer within sixty days after receiving notification from the state health officer that a vacancy exists, it shall be the duty of the state health officer to appoint a health officer for the county. The county health officer may also be the county physician. Election of a county physician in counties having a county board of health shall be by such board. Such election shall take place during January of the odd years of the calendar for a two-year term. The salary of the county physician shall be paid by the board of county commissioners at such time and in such sum or amount as may be mutually agreed upon between the board of county commissioners and county physicians. Art. 6. Sanitary Districts in General

§ 130-37. Election and terms of office of sanitary district boards.

Editor's Note.—
The second historical citation to this section in original should be "1943, c. 602."

§ 130-39. Corporate powers.

10. After adoption of a plan as provided in § 130-44, the sanitary district board may, in its discretion, alter or modify such plan if, in the opinion of the state board of health, such alteration or modification does not constitute a material deviation from the objective of such plan. Such alteration or modification may provide among other things for the construction of a water line for the supply of any person, firm, corporation, city, town, village or political subdivision of the state either within and/or without the corporate limits of the district instead of a sewage disposal line and other improvements, where such alteration or modification would permit the disposal of sewage at a point nearer the district either within and/or without the corporate limits, thereby contaminating the prevailing water supply of the person, firm, corporation, city, town, village or political subdivision of the state to whom the water is to be supplied and would effect a saving to the district, and the sanitary district board may appropriate or reappropriate money of the district for carrying out such plan as altered or modified.

15. To use the income of the district, and if necessary, to cause taxes to be levied and collected upon all the taxable property within the

district sufficient to pay the costs of collecting and disposing of garbage, waste and other refuse, and to provide fire protection in said district, all as provided in this article.

16. To establish a capital reserve fund for the district in accordance with the following provisions:

(a) The district board shall pass a resolution declaring that a capital reserve fund is thereby established, which resolution shall state that said fund shall consist of unencumbered balances and unappropriated surplus revenues evidenced by money derived from collections of ad valorem taxes of the district and/or from service charges and rates applied by the district board in accordance with law and/or from proceeds of the sale of real or personal property of the district, that it shall take effect when the provisions thereof are approved by the local government commission, and the district board shall designate therein some bank or trust company as depositary in which the capital reserve fund shall be placed to the credit of a special account to be known as "———— District, Capital Reserve Fund."

(b) Upon adoption of a resolution by the district board providing therefor and with the approval of the local government commission, the capital reserve fund may be increased at any time with money from like source or sources as those stated in the establishing resolution.

(c) Withdrawal from the capital reserve fund shall be of two kinds, temporary and permanent. Temporary withdrawal may be made (1) in anticipation of the collections of taxes and other revenues of the district of the current fiscal year in which such withdrawal is made and for the purpose of paying principal and/or interest of bonds of the district falling due within three months, but the amount of such withdrawal shall be repayable to the capital reserve fund not later than thirty days after the close of the fiscal year in which such withdrawal is made, and (2) for investment or reinvestment in bonds, notes or certificates of indebtedness of the United States of America, in bonds or notes of the state of North Carolina, in bonds of the district, or in bonds of any city, town or county in North Carolina. Permanent withdrawal may be made for the purpose of acquiring property for the district by purchase or otherwise, or for extending, enlarging, improving, replacing or reconstructing any properties of the district incident to or deemed necessary for the exercise of the powers granted by law to the district board. Each withdrawal shall be authorized by resolution of the district board and approved by the local government commission and shall be by check drawn on the designated depositary of the capital reserve fund upon which such approval by the commission shall be endorsed by the secretary of the commission or by an assistant designated by him for that purpose: Provided, however, the state of North Carolina shall not be liable for misapplication of any moneys withdrawn from the capital reserve fund by reason of such endorsement, such endorsement only being prima facie evidence of approval of the withdrawal authorized. No permanent withdrawal shall be made unless, after such withdrawal, there shall remain in the capital reserve fund an amount equal to the sum of the principal and interest of bonds of the district maturing either in the fiscal year in which the withdrawal is made or in the ensuing fiscal year, whichever is greater.

(d) All moneys stated in the establishing resolution or in a resolution providing for increase of the capital reserve fund, when the provisions of such resolutions are approved by the local government commission, and all realizations and earnings from temporary withdrawals shall be deposited in the designated depository of the capital reserve fund by the officer or officers having the charge and custody of such moneys, and it shall be the duty of such officer or officers to simultaneously report each of such deposits to the local government commission.

17. To make rules and regulations in the interest of and for the promotion and protection of the public health and the welfare of the people within the sanitary district, and for such purposes to possess the following powers:

(a) To require any person, firm or corporation owning, occupying or controlling improved real property within the district to connect with the water and/or sewage systems of the district.

(b) To require any person, firm or corporation owning, occupying or controlling improved real property within the district where the water or sewage systems of the district are not immediately available or it is impractical to connect therewith to install sanitary toilets, septic tanks and other health equipment or installations.

(c) To require any person, firm or corporation to abate any nuisance detrimental or injurious to the public health of the district.

(d) To abolish, regulate and control the use and occupancy of all pig sties and other animal stockyards or pens within the district and for an additional distance of 500 feet beyond the outer boundaries of the district, unless such 500 feet to be within the corporate limits of some city or town.

(e) That upon the non-compliance by any person, firm or corporation of any rule and regulation promulgated and enacted hereunder, the district sanitary board shall cause to be served upon the person, firm or corporation who fails to so comply a notice setting forth the rule and regulation and wherein the same is being violated, and such person, firm or corporation shall have at least thirty days from the service of such notice in which to comply with such rule and regulation. The sanitary district board is authorized to grant, in its discretion, additional time for compliance.

(f) Upon failure to comply with such rule and regulation within thirty days as directed in said notice or within the time extended by the sanitary district board, such person, firm or corporation shall be guilty of a misdemeanor and fined and imprisoned in the discretion of the court.

(g) The sanitary district board is authorized to enforce the rules and regulations enacted or promulgated hereunder by criminal action or civil action, including injunctive relief.

18. For the purpose of promoting the public health, safety, morals, and the general welfare of the state, the sanitary district boards of the various sanitary districts of the state are hereby empowered, within the areas of said districts and not under the control of the United States or the state of North Carolina or any agency or instrumentality thereof, to designate, make, establish

and constitute as zoning units any portions of said sanitary districts in accordance with the manner, method and procedure as follows:

(a) No sanitary district board, under the provisions of this subsection, shall designate, make, establish and constitute any area in their respective sanitary districts a zoning area until a petition signed by two-thirds (2/3) of the qualified voters in said area as shown by the registration books used in the last general election, together with a petition signed by two-thirds (2/3) of the owners of the real property in said area as shown by the records in the office of the register of deeds for the county on the date said petition is filed with any sanitary district board, and a public hearing after twenty days' notice has been given. Such notice must be published in a newspaper of general circulation in said county at least two times, and a copy of said notice posted at the courthouse of said county and in three other public places in the sanitary district for twenty days before the date of the hearing. The petition must be accompanied by a map of any proposed zoning area.

(b) When any portion of any sanitary district has been made, established and constituted a zoning area, as herein provided, the sanitary district boards as to any such zoning areas shall have, exercise and perform all of the rights, privileges, powers and duties granted to municipal corporations under article 14, chapter 160, of the General Statutes of North Carolina, as amended, provided, however, the sanitary district boards shall not be required to appoint any zoning commission or board of adjustment, and upon the failure to appoint either said sanitary district boards shall have, exercise and perform all the rights, privileges, powers and duties granted to said zoning commission and board of adjustment.

(c) The governing body of any city, town or sanitary district is hereby authorized to enter into agreements with any other city, town or sanitary district for the establishment of a joint zoning commission, and to co-operate fully with each other.

(d) The sanitary district boards are hereby authorized to appropriate such amounts of money as they deem necessary to carry out the effective provisions of this subsection, and are authorized to enforce its rules and regulations in order to give effect to this subsection, and for such purposes to use the income of the district or cause taxes to be levied and collected upon the taxable property within the district to pay such costs.

(e) None of the provisions of chapter 176 of the Public Laws of North Carolina, Session 1931 (the proviso to § 160-173), shall apply to any sanitary district.

(f) This subsection shall apply only to sanitary districts which adjoin and are contiguous to cities having a population of fifty thousand or more. (1927, c. 100, s. 7; 1933, c. 8, ss. 1, 2; 1935, c. 287, ss. 1, 2; 1941, c. 116; 1945, c. 651, ss. 1, 2; 1947, c. 476; 1949, c. 880, s. 1; cc. 1133, 1145.)

Local Modification.—Caswell: 1945, c. 20; Rockingham: 1947, cc. 565, 849.

Editor's Note.—

The 1945 amendment added subsection 16 and inserted a reference thereto in the former last paragraph of the section which formerly followed subsection 15. The 1947 amendment struck out said paragraph. The 1949 amendments rewrote subsection 10 and added subsections 17 and 18. As the rest of the section was not changed only subsections 10 and 15 through 18 are set out.

§ 130-44. Consideration of reports and adoption of a plan.—The report or reports filed by the engineers pursuant to § 130-43 shall be given careful consideration by the sanitary district board, and said board shall adopt a plan, but before adopting such plan said board may, in its discretion, hold a public hearing, giving due notice of the time and place thereof, for the purpose of considering objections to such plan. The plan adopted as aforesaid shall be submitted by the sanitary district board to the state board of health and shall not become effective unless and until it is approved by the state board of health.

The provisions of this section and of § 130-43 shall apply when it shall have been determined by the sanitary district board that consummation of the plan is predicated upon the issuance of bonds of the district, except that they shall not apply in a proposed purchase of fire-fighting equipment and apparatus. Failure to observe or comply with said provisions shall not, however, affect the validity of any bonds of a sanitary district which may be hereafter issued pursuant to this article. (1927, c. 100, s. 12; 1949, c. 880, s. 1.)

Editor's Note.—The 1949 amendment rewrote this section.

§ 130-45. Resolution authorizing bond issue and purposes for which bonds may be issued.—Either before or after the adoption of the plan as aforesaid, the sanitary district board may adopt a resolution authorizing the issuance of bonds of the sanitary district for one of the following purposes, which purpose may include land, rights in land or other rights necessary for the accomplishment thereof, viz.:

(a) Acquisition, construction, reconstruction, enlargement of, additions or extensions to a water system or systems, including interest on the bonds during construction if deemed advisable by the sanitary district board, water purification or treatment plant or plants and/or acquisition, construction, reconstruction, enlargement of or additions or extensions to a sanitary sewer system or systems and/or a sewage treatment plant or plants.

(b) Construction, reconstruction or acquisition of an incinerator or incinerators or other facilities for the disposal of garbage, waste and other refuse.

(c) Purchase of fire-fighting equipment and apparatus.

Such resolution shall state,

1. In brief and general terms, the purpose for which the bonds are to be issued.

2. The maximum aggregate principal amount of the bonds.

3. That a tax sufficient to pay the principal and interest of the bonds when due shall be annually levied and collected on all taxable property within the sanitary district.

4. That the resolution shall take effect when and if it is approved by the voters of the sanitary district at an election.

Such resolution shall be published once a week for three successive weeks: Provided, however, the first of such publications shall be not later than the first publication of the notice of election required in § 130-46. A statement in substantially the following form (the blanks being first properly filled in), with the printed signature of

the secretary of the sanitary district board appended thereto, shall be published with the resolution:

The foregoing resolution was adopted by the sanitary district board of ..... Sanitary District on the ..... day of ..... 19...., and was first published on the ..... day of ..... 19..... Any action or proceeding questioning the validity of said resolution must be commenced within thirty days after its first publication.

.....
Secretary, ... Sanitary District Board.

(1927, c. 100, s. 13; 1949, c. 880, s. 1.)

Editor's Note.—The 1949 amendment rewrote this section.

§ 130-45.1. Limitation of action to set aside a bond resolution.—Any action or proceeding in any court to set aside a bond resolution adopted pursuant to this article, or to obtain any other relief upon the ground that such resolution is invalid, must be commenced within thirty days after the first publication thereof as provided in § 130-45. After the expiration of such period of limitation, no right of action or defense founded upon the invalidity of the resolution shall be asserted, nor shall the validity of such resolution be open to question in any court upon any ground whatever, except in an action or proceeding commenced within such period. (1949, c. 880, s. 1.)

§ 130-45.2. Publication of resolution, notice and statement.—A resolution or notice or statement required by this article to be published shall be published in a newspaper published in the county in which the district lies, or if the district lies in two or more counties, in a newspaper published in each such county, or if there is no newspaper published in a county in which the whole or a part of the district lies, then and in lieu of a newspaper published in such county, in a newspaper which, in the opinion of the sanitary district board, has general circulation within the district. (1949, c. 880, s. 1.)

§ 130-46. Call for election.—Following the adoption of a bond resolution by the sanitary district board the said board shall call upon the board or boards of county commissioners in the county or counties in which the district or any portion thereof is located to name election officers, set date, name polling places, and cause to be held an election within the district on the proposition of issuing bonds as set forth in such bond resolution. If, at such election a majority of the registered voters who shall vote thereon at such election shall vote in favor of the proposition submitted, the bonds set forth in the bond resolution may be advertised, sold and issued in the manner provided by law. Should the proposition of issuing bonds submitted at any election as provided under this article fail to receive the required number of votes, the sanitary district board may, at any time after the expiration of six months, cause another election to be held for the same objects and purposes or for any other objects and purposes. The expenses of holding bond elections shall be paid from the funds of the sanitary district.

The board of commissioners of the county in which said sanitary district is located, if wholly located in a single county, may in their discretion at any special election held under the provisions of this article make the whole sanitary district a voting precinct, or may create therein one or more voting precincts as to them seems best to suit the convenience of voters, the said precinct not to be the general election precinct unless the boundaries of the sanitary district are co-terminal with one or more whole general election precincts. If said sanitary district is located in more than one county, the election precincts therein shall be fixed by the board of the particular county in which the portion of the sanitary district is located.

The said board or boards of commissioners shall provide registration and polling books for each precinct in the sanitary district, the cost of the same to be paid from the funds of the sanitary district. The notice of the election shall be given by publication once a week for three successive weeks. It shall set forth the boundary lines of the district and the amount of bonds proposed to be issued. The first publication shall be at least thirty days before the election. At the first election after the organization of the sanitary district, a new registration of the qualified voters within the same shall be ordered and notice of such new registration shall be deemed to be sufficiently given if given by publication once in some newspaper published or circulated in said district at least thirty days before the close of the registration books. The notice of registration may be considered one of the three notices required of the election. Time of such registration shall as near as may be conform with that of the registration of voters in municipal elections as provided in § 160-37. The published notice of registration shall state the days on which the books shall be open for registration of voters and place or places on which they will be open on Saturdays. The books of such new registration shall close on the second Saturday before the election. The Saturday before the election shall be challenge day and except as otherwise provided in this article, such election shall be held in accordance with the law governing general elections.

A ballot shall be furnished to each qualified voter in said election, which ballot may contain the words "For approval of the bond resolution adopted by the sanitary district board of .... Sanitary District on the ..... day of ..... 19...., authorizing the issuance of not exceeding $..... of bonds of said sanitary district (briefly stating the purpose of such bonds), and the levy of a tax for the payment thereof," and the words "Against approval of the bond resolution adopted by the sanitary district board of ..... Sanitary District on the ..... day of ..... 19...., authorizing the issuance of not exceeding $..... of bonds of said sanitary district (briefly stating the purpose of such bonds), and the levy of a tax for the payment thereof," with squares opposite said affirmative and negative forms of the proposition submitted to the voters, in one of which squares the voter may make a cross (X) mark, but this form of ballot is not prescribed. Two or more bond resolutions adopted by the sanitary district board, each for a separate purpose as provided in § 130-45, may be submitted at the same election and

each may be stated on the same ballot as a separate proposition. After the election and after the vote has been counted, canvassed and returned to the board or boards of county commissioners, the election books shall be deposited in the office of the clerk of the superior court as polling books for the particular sanitary district involved. At any subsequent election, whether upon the recall of an officer as provided in § 130-53 or for an additional bond issue in the particular district, a new registration may or may not be ordered as may be determined by the board of county commissioners interested in said election.

A statement of results of an election on the proposition of issuance of bonds showing the date of such election, the proposition submitted, the number of voters who voted for the proposition and declaring the result of the election shall be prepared and signed by a majority of the members of the sanitary district board and deposited with the clerk of the superior court of the county in which the district lies, or, if parts of the district lie in two or more counties, with the clerk of the superior court of each such county. Such statement shall be published once. No right of action or defense founded upon the invalidity of such election shall be asserted, nor shall the validity of the election be open to question in any court upon any ground whatever, except in an action or proceeding commenced within thirty days after the publication of such statement. (1927, c. 100, s. 14; 1949, c. 880, s. 1.)

Editor's Note. — The 1949 amendment made changes in the first paragraph, rewrote the second sentence of the third paragraph and added the last paragraph. It also struck out the first sentence of the fourth paragraph and inserted in lieu thereof the present first two sentences. For a brief comment on the amendment, see 27 N. C. Law Rev. 454.

§ 130-47. Bonds.—The sanitary district board shall, subject to the provisions of this article, and under competent legal and financial advice prescribe by resolution the form of bonds and the interest coupons attached thereto, the denominations of the bonds and the date and place at which they shall become payable. These bonds shall not be sold at less than par nor bear an interest rate in excess of six per cent. The bonds shall be signed by the chairman and secretary of the sanitary district board, and the seal of the board shall be affixed thereto. In the event coupon bonds are issued, the coupons thereof may be signed by the secretary alone, or he may have lithographed, engraved, or printed thereon a facsimile of his signature. The proceeds from the sale of such bonds shall be placed in a bank in the state of North Carolina to the credit of the sanitary district board, and payments therefrom shall be made by vouchers signed by the chairman and secretary of the sanitary district board. The officer or officers having charge or custody of funds of the district shall require said bank to furnish security for the protection of deposits of the district as provided in § 159-28.

Bonds issued for any purpose pursuant to this article shall mature within the period of years as hereinafter provided, each such period being computed from the date of the election upon the issuance thereof held under the provisions of § 130-46. Such periods shall be for the purposes stated by clauses in § 130-45 as follows: clause (a), forty years; clause (b), twenty years; clause (c), ten years. Such bonds shall mature in annual installments or series, the first of which shall be made payable not more than five years after the date of the first issued bonds of such issue, and the last within the aforesaid period. No such installment or series shall be more than two and one-half times as great in amount as the smallest prior installment or series of the same bond issue. If all of the bonds of any issue are not issued at the same time, the bonds at any one time outstanding shall mature as aforesaid. Such bonds may be issued either all at one time or from time to time in blocks, and different provisions may be made for different blocks. Bonds issued pursuant to this article shall be subject to the provisions of the Local Government Act. The cost of preparing, issuing, and marketing bonds shall be deemed to be one of the purposes for which the bonds are issued. (1927, c. 100, s. 15; 1949, c. 880, s. 1.)

Editor's Note.—The 1949 amendment rewrote the part of the first paragraph now constituting the last sentence thereof. It also added the second paragraph.

§ 130-48. Additional bonds.—Whenever the proceeds from the sale of bonds issued by any district as in this article authorized shall have been expended or contracted to be expended and the sanitary district board shall determine that the interest or necessity of the district demands that additional bonds are necessary for carrying out any of the objects of the district, the board may again proceed as in this article provided to have an election held for the issuance of such additional bonds and the issue and sale of such bonds and the expenditure of the proceeds therefrom shall be carried out as hereinbefore provided. In the event the proceeds of the sale of the bonds shall be in excess of the amount necessary for the purpose for which they were issued, such excess shall be applied to the payment of principal and interest of said bonds. (1927, c. 100, s. 16; 1933, c. 8, s. 4; 1949, c. 880, s. 1.)

Editor's Note.—The 1949 amendment rewrote the last sentence.

§ 130-49. Valuation of property; determining annual revenue needed.

The sanitary district board shall determine the number of cents per $100 necessary to raise the said amount and so certify to the board or boards of county commissioners. The board or boards of county commissioners in their next annual levy shall include the number of cents per $100 so certified by the sanitary district board in the levy against all taxable property within the district, which tax shall be collected as other county taxes are collected and every ninety days the amount of tax so collected shall be remitted to the sanitary district board and deposited by said board in a bank in the state of North Carolina separately from other funds of the district. The officer or officers having charge or custody of the funds of the district shall require said bank to furnish security for protection of such deposits as provided in § 159-28.

(1949, c. 880, s. 1.)

Editor's Note.—The 1949 amendment rewrote the last sentence of the second paragraph. As only this paragraph was affected by the amendment, the first and third paragraphs are not set out.

§ 130-56. Procedure for extension of district.

—The boundaries of any sanitary district may, with the approval of the sanitary district board, be extended under the same procedure as herein provided for the creation of a sanitary district: Provided, however, that twenty-five per cent or more of the resident freeholders within the territory proposed to be annexed institute by petition the proceedings for annexation, or that ten per cent of the freeholders resident in the district to be annexed are authorized to petition for an election upon the subject of annexation, and if such petition is filed with the sanitary district board, such election shall be held within the territory to be annexed under the rules and regulations hereinbefore provided. However, if the owners of all of the real property in the territory to be annexed petition any sanitary district board to include such real property within the boundaries of said district, then and in that event no election shall be necessary and such sanitary district board is authorized and empowered to enlarge its boundaries so as to include such property in the district upon the approval of its actions by the board of county commissioners of any county or counties within which said sanitary district lies, and with the further approval of the state board of health. (1927, c. 100, s. 24; 1943, c. 543; 1947, c. 463, s. 1.)

Editor's Note.—
The 1947 amendment added the last sentence.

§ 130-57.01. Validating acts of state board of health in creating certain sanitary districts.—All acts heretofore done or proceedings heretofore taken by the state board of health for the purpose of creating or establishing any sanitary district are hereby legalized and validated notwithstanding any lack of power to perform such acts or to take such proceedings and notwithstanding any defect or irregularity in such acts or proceedings, provided such sanitary districts shall have heretofore issued bonds to finance improvements therein and provided said state board of health purporting to act in reliance upon chapter one hundred of the Public Laws of one thousand nine hundred and twenty-seven [§§ 130-33 to 130-56], shall have adopted a resolution creating or establishing such sanitary district after holding, through its representative, a public hearing concerning the creation of such sanitary district, and a notice of such hearing, stating the time and place at which it would be held, shall have been published at least five times in a newspaper published in or near such sanitary district and having a general circulation therein. Any such district shall be, and hereby is declared to be, a body politic and corporate and shall have all the powers conferred by law upon sanitary districts. (1945, c. 89, s. 1.)

§ 130-57.02. Validating acts of certain sanitary district boards.—All acts heretofore done or proceedings heretofore taken by the sanitary district board of any such sanitary district for the purpose of issuing bonds of such sanitary district and any bonds heretofore issued by or on behalf of such sanitary district, are hereby legalized and validated notwithstanding any lack of power to perform such acts or to take such proceedings or to issue such bonds and notwithstanding any defect or irregularity in such acts or proceedings or in the issuance of said bonds or in calling, holding or canvassing the result of any special election at which the question of issuing said bonds was submitted to the voters of such sanitary district and notwithstanding any defect or irregularity in the election, appointment or qualification of any of the members of such sanitary district board or other officers of such sanitary district, provided a majority of the qualified voters voting at an election held in such sanitary district prior to the issuance of such bonds shall have voted for the issuance of such bonds and a notice stating the date and place of such election shall have been published once at least thirty days prior to the date of such election in a newspaper published in or near such sanitary district and having a general circulation therein, and provided the aggregate principal amount of all such bonds does not exceed the maximum amount of the bonds as stated in such notice of election, and provided the local government commission shall have heretofore approved the issuance of such bonds. All such bonds issued by any such sanitary district shall be, and are hereby declared to be, legal and binding obligations of such sanitary district. (1945, c. 89, s. 2.)

§ 130-57.03. Authorizing certain sanitary district boards to levy taxes.—The sanitary district board of any such sanitary district is hereby authorized to levy, or cause to be levied, annually a special tax ad valorem on all taxable property in such sanitary district for the special purpose of paying the principal of and interest on any such bonds, and such tax shall be sufficient for such purpose and shall be in addition to all other taxes which may be levied upon the taxable property in said sanitary district. (1945, c. 89, s. 3.)

§ 130-57.2. Validation of annexation of territory to sanitary districts.—All acts heretofore done or proceedings heretofore taken by the state board of health, any board of county commissioners, and any sanitary district board for the purpose of extending the boundaries of any sanitary district where said territory which was annexed contained no resident freeholders, and where the owner or owners of the real property annexed requested of such sanitary district board that said territory be annexed to and be within the boundaries of such sanitary district, are hereby legalized and validated, notwithstanding any lack of power to perform such acts or to take such proceedings, and notwithstanding any defect or irregularity in such acts or proceedings. (1947, c. 463, s. 2.)

Art. 7. Special-Tax Sanitary Districts.

§ 130-58. Question of special sanitary tax submitted; district formed.

In case a majority of the qualified voters who shall vote thereon at the election shall vote in favor of the tax, the same shall be annually levied and collected in the manner prescribed for the levy and collection of other taxes.

(1949, c. 880, s. 2.)

Editor's Note.—The 1949 amendment rewrote the next to the last sentence so as to make the election governed by a majority of those voting. Only the changed sentence is set out. For brief comment on the amendment, see 27 N. C. Law Rev. 454.

§ 130-59. Election as to enlarging district.—Upon the written request of a majority of the health committee of any special-tax district, the county

board of health may enlarge the boundaries of any special-tax district established under this article, so as to include any contiguous territory, and an election in such new territory may be ordered and held in the same manner as prescribed in this article for elections in special-tax districts; and in case a majority of the qualified voters who shall vote thereon at such election in such new territory shall vote in favor of a special tax of the same rate as that voted and levied in the special-tax district to which said territory is contiguous, then the new territory shall be added to and become a part of the said special-tax district; and in case a majority of the qualified voters who shall vote thereon shall vote against said tax, the district shall not be enlarged. (1913, c. 154, s. 1; 1949, c. 880, s. 2; C. S. 7079.)

Editor's Note.—Prior to the 1949 amendment the election depended upon the vote of a majority of the qualified voters in such new territory. For brief comment on the amendment, see 27 N. C. Law Rev. 454.

§ 130-60. Election to abolish or to restore district or increase tax.

If at such election the majority of the qualified voters who shall vote thereon in said district shall vote "Against Special Tax," said tax shall be deemed revoked and shall not be levied, and said district shall be discontinued.

(1949, c. 880, s. 2.)

Editor's Note.—The 1949 amendment inserted in the second sentence the words "who shall vote thereon." As the rest of the section was not affected by the amendment it is not set out. For brief comment on the amendment, see 27 N. C. Law Rev. 454.

Art. 8. Local and District Health Departments.

§ 130-66. Local and district health departments authorized.—1. Creation of Departments Authorized.—The state board of health is hereby authorized to use any available funds at its command, not otherwise appropriated, to establish fulltime local and district health department service for any town, city and county, or group of such units in the state where the local governing powers desire the formation of such a department and are willing to assist financially in the enterprise, to an amount at least equal to the amount of state financial assistance.

2. When District Health Departments Including More Than One County Shall Be Formed.—Under the rules and regulations established by the state board of health of North Carolina, district health departments or units including more than one county may be formed when the following conditions exist:

(a) When the funds derived from the tax levy made under the authority of § 130-29 or such greater rate as a county may levy, plus available state and other funds, are insufficient to provide a minimum standard department of one medical officer, two nurses, one sanitary officer, one clerk, and a regular dental program.

(b) When in the opinion of the state board of health of North Carolina special problems or special projects arise which can be handled more advantageously on a district basis and the consolidation is approved by the state health officer and the health department or board of health of each county involved.

3. Organization Plans for District Health Departments.—Where two or more counties are combined into a district health department, the state health officer shall choose three or more ex-officio members, naming at least one from each participating county, including one chairman of a county board of commissioners, one mayor of a town which is the county seat, and one county superintendent of schools. These ex-officio members shall be appointed by the state health officer during the first week of each December following the general election in which members of the general assembly are elected and shall serve for a period of two years from and after date of appointment. The terms or appointments of all ex-officio members heretofore made prior to March 25, 1947, shall end on the 30th day of November, 1948. These ex-officio members shall hold an annual election meeting the first week in January of each year for the purpose of electing public members; the public members shall be four in number, one of whom shall be a dentist, one a physician, one a registered pharmacist, and the other one shall be a public spirited citizen. Where either of the three specified public members, namely a physician, or a dentist, or a pharmacist, cannot be elected because there is no such person resident in the county, this place shall be filled with a public spirited citizen. The first election meeting of the ex-officio members shall be the first week in January, one thousand nine hundred and forty-six, and at this meeting one of the public members shall be elected or appointed for a period of four years, one for three years, one for two years, and one for one year; thereafter one member shall be elected each year for a term of four years; in cases where more than three counties are combined into a district there shall be at least one ex-officio member, who is a chairman of the board of county commissioners, mayor of the town which is the county seat, or a county superintendent of schools, from each county; in cases where more than one city in a county participates by law in the support of the health department, the mayor of each such participating city or town shall be ex-officio a member of the board of health; in all instances the ex-officio members shall elect four members as hereinbefore provided; the board of health shall elect its chairman who shall not have the right to vote except in case of a tie; a majority of the members of the district board of health shall constitute a quorum and the district health officer shall act as secretary to such board of health.

(a) All vacancies in the ex-officio membership of a district board of health caused by death, resignation or any other reason, shall be filled by appointments made by the state health officer. Such appointments shall be made from any of the public officers or officials of the county of the member causing the vacancy, and the duties of such public officials as members of said district board of health shall be ex-officio duties. Such appointments to fill vacanies of ex-officio members shall be for the unexpired term of the member or members causing the vacancy or vacancies and shall extend until the time for the next regular appointments of ex-officio members. All vacancies in membership of the public members of a district board of health shall be filled by the district board of health at its next regular meeting

following the creation of the vacancy. The member or members appointed to fill a vacancy of a public member shall be from the same county as the member causing the vacancy. In case any public member so appointed is a public officer or official, his membership and duties on the district board of health as a public member shall be deemed to be ex-officio.

4. Regulations.—The rules, regulations and ordinances of the district board of health shall apply to municipalities within a county or counties composing the district, but the district board of health shall not have power to pass special ordinances covering a municipality only, such authority being implicit in and retained by the governing body of the municipality. The district board of health shall have the immediate care and responsibility of the health interests of its district. It shall meet annually in some city or town in the district designated by it, and three members of the board are authorized to call a meeting of the board whenever in their opinion the public health interests of the district require it. It shall make such rules and regulations, and pay all lawful fees and salaries, and enforce such penalties as in its judgment shall be necessary to protect and advance the public health. If any person shall violate the rules and regulations made and established by a district health department, he shall be guilty of a misdemeanor and fined not exceeding fifty dollars ($50.00) or imprisoned not exceeding thirty days.

5. District Health Officer.—The district board of health shall elect a health officer meeting the qualifications set forth by the merit system council as provided by chapter one hundred and twenty-six of the General Statutes of North Carolina, and also subject to the approval of the state health officer. The term of office shall be at the pleasure of the district board of health. Emergency and temporary appointments may be made when necessary with the approval of the state health officer. When, in the case of a vacancy, the district board of health fails to elect a health officer within sixty days after receiving notification from the state health officer that a vacancy exists, it shall be the duty of the state health officer to appoint a health officer for the district. In counties composing a district the election of a county physician shall be by the board of commissioners of each county and the resident members of the district board of health in a joint session. Such election shall take place during January of the odd years of the calendar and shall be for a two-year term. The salary of the county physician shall be paid by the board of county commissioners at such time and in such sum or amount as may be mutually agreed upon between the board of county commissioners and the county physician. The members of the district board of health while on duty shall each receive a per diem of four dollars ($4.00). (1935, c. 142, s. 1; 1945, c. 1030, s. 1; 1947, c. 474, ss. 1, 2; 1949, c. 159.)

Local Modification.—McDowell, as to last sentence of subsection 4: 1949, c. 849.

Editor's Note.—The 1945 amendment added subsections 2 through 5.

The 1947 amendment inserted the second and third sentences of subsection 3 and added paragraph (a) thereto.

The 1949 amendment added the last sentence of subsection 4.

A district board of health is a creature of the legislature and has only such powers and authority as are given it by the legislature. State v. Curtis, 230 N. C. 169, 52 S. E. (2d) 364.

It is without authority to prescribe criminal punishment for the violation of its rules and regulations promulgated under subsection 4 of this section, since such board is without power and authority to make laws, and if the statute be deemed sufficiently broad to grant it such authority, the delegation of such power is unconstitutional. State v. Curtis, 230 N. C. 169, 52 S. E. (2d) 364.

While a district board of health is given power and authority to make rules and regulations, and to enforce penalties, it is not given the power and authority to make laws. Thus in declaring it to be unlawful for any person to sell milk in the district without having first obtained a permit, and in prescribing criminal punishment for a violation of the requirement, a district board of health exceeded its authority. Id.

The 1949 Amendment Is Not Retroactive.—The 1949 act, amendatory of subsection 4 is not applicable to a prior violation of a rule or regulation established by a district board of health. State v. Curtis, 230 N. C. 169, 52 S. E. (2d) 364.

SUBCHAPTER II. VITAL STATISTICS.

Art. 9. Registration of Births and Deaths.

§ 130-79. Contents of death certificate.—The certificate of death shall contain, as a minimum, those items prescribed and specified on the standard certificate of death as prepared by the national agency in charge of vital statistics and as the same may be changed or amended by the North Carolina state registrar of vital statistics.

The personal and statistical particulars shall be authenticated by the signature of the informant, who may be any competent person acquainted with the facts.

The statement of facts relating to the disposition of the body shall be signed by the undertaker or person acting as such.

The medical certificate shall be made and signed by the physician, if any, who last treated the deceased for the disease or injury which caused death, and such physician shall specify the time in attendance, the time he last saw the deceased alive, and the hour of the day at which death occurred, and he shall further state the cause of death. Indefinite and unsatisfactory terms, denoting only symptoms of disease or conditions resulting from disease, will not be held sufficient for the issuance of a burial or removal permit; and any certificate containing any such indefinite or unsatisfactory terms, as defined by the state registrar, shall be returned to the physician or person making the medical certificate for correction and more definite statement. In deaths in hospitals, institutions, or of nonresidents, the physician shall supply the information required above, if he is able to do so, and may state where, in his opinion, the disease was contracted. (1913, c. 109, s. 7; 1949, c. 161, s. 1; C. S. 7094.)

Preparation of death certificates for members of the armed forces killed outside of the United States.—The state registrar of vital statistics, upon presentation of an official notice of death from the United States government for a member of the armed forces killed outside of the United States, shall prepare a death certificate showing such facts pertaining to such death as may be available from the government notice. Such certificate shall be placed on file in the office of the state registrar and shall be permanently preserved. The state registrar of vital statistics

shall forward a copy of such certificate to the register of deeds of the county of the last known residence of such deceased person. Certified copies of such certificates shall be prepared by the state registrar or his duly authorized agent, upon request, and such copies shall be accepted as prima facie evidence of the facts stated therein. (1949, c. 174.)

§ 130-88.1. Register of deeds may perform notarial acts.—The register of deeds is hereby authorized to take acknowledgments, administer oaths and affirmations, and to perform all other notarial acts necessary for the registration of a birth certificate four years or more after the birth.

All acknowledgments taken, affirmations or oaths administered, or other notarial acts performed by the register of deeds, prior to the ratification of this section, relative to the registration of birth certificates four years or more after birth, are hereby validated. (1945, c. 100.)

§ 130-89. Contents of birth certificate.—The certificate of birth shall contain, as a minimum, those items prescribed and specified on the standard certificate of birth as prepared by the national agency in charge of vital statistics and as the same may be amended or changed by the North Carolina state registrar of vital statistics: Provided, that in case of an illegitimate birth, the father's name shall not be shown on the certificate without his written consent and, provided further, that in case of an illegitimate birth, the last name of the child shall be the same as that of the mother or, if requested in writing, the name of the child shall be the same as the person or persons caring for the child when such request is made by both the mother of the child and the person or persons caring for the child, or, if the mother of the child is deceased, then the person or persons caring for such child may make such a request for such change. (1913, c. 109, s. 14; 1949, c. 161, s. 2; C. S. 7102.)

§ 130-93.1. Certificate of identification for child of foreign birth.—In the event that a new birth certificate cannot be obtained for an adopted child born in a foreign country and having legal settlement in this state, the information pertaining to the birth as provided for in § 130-102 may be filed for such child with the state registrar, provided that the country of birth shall be specified in lieu of the state of birth. (1949, c. 160, s. 2.)

§ 130-94. State registrar to supply blanks; to perfect and preserve birth certificates.

No persons other than those authorized by the state registrar shall have access to the original birth and death records. (1913, c. 109, s. 17; 1941, c. 297, s. 2; 1949, c. 160, s. 3; C. S. 7105.)

Editor's Note.—The 1949 amendment added the above sentence at the end of this section. As the rest of the section was not affected by the amendment it is not set out.

§ 130-99.1. State registrar to forward copies of certificates of nonresidents.—Upon receipt of the original certificates of birth, death, and stillbirth from the local registrars of vital statistics, the state registrar shall prepare a copy of each certificate except in the case of a child born out of wedlock that was filed in a county other than the county of residence. Such copies shall be forwarded within thirty days to the register of deeds of the county of residence. (1949, c. 133.)

§ 130-101. Pay of local registrars.—Each local registrar shall be paid the sum of fifty cents for each birth certificate and each death certificate properly and completely made out and registered with him, correctly recorded and promptly returned by him to the state registrar, as required by this article. And in case no births or deaths were registered during any month, the local registrar shall be entitled to be paid the sum of fifty cents for each report to that effect, but only if such report be made promptly as required by this article. The compensation of local registrars for services required of them by this article shall be paid by the county treasurers. The state registrar shall certify every six months to the treasurers of the several counties the number of births and deaths properly registered, with the names of the local registrars and the amounts due each at the rates fixed herein. Local Modification.—Bladen: 1949, c. 480.

Editor's Note.—The 1949 amendment struck out the former provisions relating to incorporated municipalities.

§ 130-102. Certified or photostatic copy of records; fee.—The state registrar shall, upon request, supply to any applicant a certified copy of the record of any birth or death registered under provisions of this article, for the making and certification of which he shall be entitled to a fee of fifty cents, to be paid by the applicant. Such certified copy of the birth record shall be issued in the form of a birth registration card which shall include only the full name, birth date, state of birth, race, sex, date of filing, and birth certificate number: Provided, that a full and complete copy of the birth certificate shall be supplied upon request to the registrant, if of legal age; or to the parent or parents; or to public welfare or public health agencies; or to duly licensed private welfare agencies upon the approval of the state registrar; or to any other person, for good cause shown, upon the order of a judge of the superior court. Such birth registration card, properly certified by the state registrar or his duly authorized agent, shall be prima facie evidence of the facts stated therein. The United States census bureau may, however, obtain, without expense to the state, transcripts or certified copies of births and deaths without payment of the fees herein prescribed, and for transcripts so furnished the state registrar may receive from the census bureau such compensation for this service, as the state board of health may approve. Any copy of the record of a birth or death, properly certified by the state registrar, shall be prima facie evidence in all courts and places of the facts therein stated. For any search of the files and records when no certified copy is made, the state registrar shall be entitled to a fee of fifty cents for each hour or fractional part of an hour of time of search, said fee to be paid by the applicant. And the state registrar shall keep a true and correct account of all fees by him received under these provisions, and turn the same over to the treasurer of the state board of health. Provided, that upon the receipt of a certificate of birth

as provided in § 130-99, unless said child was born out of wedlock, the state registrar shall within three months forward a certified copy thereof for the child to the address of the mother, if living; and if not, to the father or person standing in loco parentis to said child. No fee shall be collected for supplying this certificate.

In lieu of a certified copy of the record of any birth or death registered under the provisions of this article, the state registrar may, upon request, supply to any applicant a photostatic copy of such record with a photostatic copy of the certificate of the state registrar signed by a facsimile of his signature; and such photostatic copy of the record of a birth or death shall be prima facie evidence in all courts and places of the facts therein stated. The state registrar shall have the power and authority to appoint one or more employees or agents of the North Carolina state board of health; and upon such appointment by the state registrar, said employees or agents shall have the power and authority to issue a certified copy of the record of any birth or death registered under the provisions of this article and to sign the name of or affix a facsimile of the signature of the state registrar to the certification of said copy; and any copy of a record of a birth or a death, with the certification of same, so signed or the facsimile of the state registrar affixed thereto shall be prima facie evidence in all courts and places of the facts therein stated. (1913, c. 109, s. 20; Ex. Sess. 1913, c. 15, s. 2; 1919, c. 145, s. 25; 1941, c. 297, s. 4; 1947, c. 473; 1949, c. 160, s. 1; C. S. 7111.)

Editor's Note.—
The 1945 amendments added the proviso and sentence at the end of the first paragraph and the 1947 amendment added the second paragraph.

The 1949 amendment inserted the second and third sentences of the first paragraph.

§ 130-103. This section shall apply only to members or former members of the armed forces of the United States who served in the First or Second World War and members of their families and/or beneficiaries under Government insurance or adjusted compensation certificate issued to such member or former member of the armed forces of the United States: Provided, that the state registrar shall furnish to any American Legion Post in this state, upon application therefor in connection with junior baseball, certified copies of birth certificates, without the payment of the fees prescribed in this section. (1931, c. 318; 1939, c. 353; 1945, c. 996.)

Editor's Note.—
The 1945 amendment made this section applicable to officers of other veterans' organizations besides the American Legion and to veterans of the Second World War.

5. Being a state registrar, a chairman of a board of county commissioners, a mayor of a city or town, a local registrar, a deputy registrar, or sub-registrar, shall fail, neglect, or refuse to perform his duty as required by this article and by the instructions and direction of the state registrar thereunder;

Editor's Note.—The portion of this section beginning with paragraph 5 is reprinted merely to show the proper typographical arrangement. The section in the original volume is somewhat confusing in that the penal provision appears as an integral part of paragraph 5 when in fact it applies equally to all of the paragraphs.

§ 131-28.1. Title of article.—This article shall be known and may be cited as "The County Hospital Act." (1945, c. 506, s. 1.)

§ 131-28.2. Conveyance of hospitals to counties; assumption of indebtedness approved by voters.—The governing body of any political subdivision or public hospital corporation or agency in the state is authorized to convey any hospital owned by it to the county in which such political subdivision or public hospital corporation or agency is located, upon such county assuming all outstanding indebtedness of such political subdivision or public hospital corporation or agency which was incurred for the purpose of erecting or purchasing such hospital, and any county is hereby authorized to acquire any such hospital and, subject to the provisions of this section, to assume such indebtedness. The board of commissioners of any such county is hereby authorized and empowered to call an election of the qualified registered voters of the county on the question of the assumption by such county of the outstanding indebtedness of such political subdivision or public hospital corporation or agency which was incurred for the purpose of erecting or purchasing such hospital, and the levy of a county-wide property tax without limitation as to rate or amount for the payment of the principal of and the interest on such indebtedness. Such election shall be called and conducted in accordance with the laws of North Carolina governing elections for the issuance of county bonds, and it shall be lawful to vote on other matters at such election. If a majority of the qualified registered voters of the county who shall vote on such assumption shall vote in favor thereof, then it shall be the duty of the board of commissioners of such county to include in the annual county budget beginning with the fiscal year next succeeding such election, a sum sufficient to meet the payment of the principal of and the interest on such indebtedness; provided, however, that said board shall have the same power and authority to fund or refund such indebtedness as it has to fund or refund other indebtedness of the county. Taxes levied under the terms of this section are hereby declared to be for a special purpose within the meaning of section six of article V of the constitution of North Carolina, and the levy of such taxes for said special purpose is hereby given the special approval of the general assembly. Upon the assumption of such indebtedness by the county, all funds on hand for the payment of the principal of and the interest on such indebtedness, and all funds subsequently collected from taxes already levied in such political subdivision on account of such indebtedness, shall be paid over to the county and used to reduce the amount of the county-wide tax levy authorized by such election. Upon ap-

proval of the assumption of such indebtedness by the county, such indebtedness shall become, to all intents and purposes, indebtedness of such county; and it is hereby specifically declared that all payments on account of the principal of such indebtedness which shall be made after such assumption shall be construed as a reduction of the outstanding indebtedness of the county within the meaning of section four of article V of the constitution of North Carolina. (1945, c. 506, s. 2; 1949, c. 358, s. 1.)

The compensation of the superintendent and of the personnel of the several hospitals covered by the plan shall be fixed by the commissioners of the county and the board of aldermen of the city in a joint meeting. The superintendent shall be subject to removal by the commissioners and by the board of aldermen at will in joint meeting, provided two thirds of the membership of both boards vote in favor of such removal.

The superintendent of hospitals shall have supervision of the operation of the hospitals covered by the plan and shall have the powers now prescribed by the ordinances of the city and he shall likewise enforce all rules and regulations prescribed by the governing bodies of the county and the city. (1945, c. 516, s. 5.)

county and the city. All revenue so derived shall be carried by each governing body as a separate fund and expenditures for such purpose shall be charged respectively against such fund. Other revenues received from the operation of the hospitals covered by the plan shall be carried in the same funds. The funds of the county and the city for the operation and maintenance of such hospital facilities shall be applied by the governing bodies toward the payment of any annual deficit arising from the treatment of the sick and afflicted poor in any of the hospitals covered by the plan agreed upon by the governing bodies, subject to the limitations hereinbefore provided, and shall be disbursed by the finance officer of the city on vouchers approved by the superintendent of hospitals, provided appropriations for such expenditures have been made and a sufficient balance is available. All purchases shall be made through the purchasing department of the city. The portion of the funds charged to the county shall be paid not later than thirty days from the close of each fiscal year to the finance officer of the city, to be applied as hereinbefore provided.

The governing bodies of the county and city meeting in joint session shall set aside each year out of the hospital plan revenues a sum not to exceed ten per cent of the original cost of the hospital plants covered by the plan, including land, buildings and equipment, for future expansion and modernization of building and appurtenances, the funds so set aside to be deposited with the sinking fund commission of the city and kept separate by it from other funds handled by it, and the investments of such funds to be governed by the laws pertaining to the city sinking funds. The expenditure of all or any part of said accumulated funds shall be made upon recommendation of the city-county hospital commission to both governing bodies, meeting in joint session.

In anticipation of the annual payments to be made by the county toward the cost of constructing the additional facilities hereinbefore referred to, the city is authorized to advance such additional funds and if necessary to issue its short-term securities for that purpose. If such short-term securities are issued by the city, interest thereon shall be paid by the county. (1945, c. 516, s. 6.)

Financing cost of construction, acquisition and improvement; bond issues.—(a) The cost of planning and acquiring, establishing, developing, constructing, enlarging, improving, or equipping any hospital facility or the site thereof may be paid for by appropriation of moneys available therefor or wholly or partly from the proceeds of the sale of bonds or other obligations of the municipality as the governing body of the municipality shall determine. For such purposes a county may issue general obligation bonds, as authorized by the County Finance Act, the same being article 9 of chapter 153 of the General Statutes and a city or town as authorized by the Municipal Finance Act, the same being subchapter III of chapter 160 of the General Statutes and consisting of articles 25, 26, 27, 28, 29, 30, 31 and 32 of chapter 160 of the General Statutes, and any municipality may issue revenue bonds as authorized by article 34 of chapter 160 of the General Statutes, the same being designated as the Revenue Bond Act of 1938.

(b) Notwithstanding any limitations provided by the constitution or by any general or special law as to the amount of bonds or obligations that may be issued, a municipality may issue bonds or obligations in excess of any such limitations for the purposes authorized by this article; provided, that such amount in excess of such constitutional limitation is referred to and approved by a majority of the qualified voters of said municipality voting in an election on such question.

(c) Notwithstanding any constitutional limitation or limitation provided by any general or special law, taxes may be levied by the governing body of a municipality for the purpose of financing the cost of operation, equipment and maintenance of any hospital facility authorized by this article; and the special approval of the general assembly is hereby given for the levying of taxes for such purposes; provided, that the levy of such taxes shall be approved by the vote of a majority of the qualified voters of such municipality who shall vote on the question of levying such taxes in an election held for such purpose. The rate or amount of such taxes for which a levy may be made hereunder shall be determined by the governing body of the municipality; and a ballot shall be furnished to each qualified voter at said election, which ballot may contain the words "For Hospital Facility Maintenance Tax (Briefly stating any other pertinent information)," and "Against Hospital Facility Maintenance Tax (Briefly stating any other pertinent information)," with squares in front of each proposition, in one of which squares the voter may make a cross mark (X); but any other form of ballot containing adequate information and properly stating the question to be voted upon shall be construed as being in compliance with this subsection. Such election as to counties may be held at the same time and in the same manner as elections held under article 9 of chapter 153 of the General Statutes, the same being designated as the County Finance Act, beginning with § 153-69 of the General Statutes and sections following, or such election as to cities and towns may be held under the Municipal Finance Act, the same being article 28 of chapter 160 of the General Statutes, beginning with § 160-377 of the General Statutes and sections following, or said elections may be held at any time fixed by the governing body of the municipality. The question of levying a tax for the operation and maintenance of hospital facilities as provided by this subsection may be submitted at the same time the question of issuing bonds is submitted as provided in this article or the question of a levy of taxes for operation and maintenance purposes may be submitted in a separate election according to the discretion and judgment of the governing body of the municipality. (1947, c. 933, s. 6; 1949, c. 497, s. 6.)

Editor's Note.—The 1949 amendment, effective March 22,

1949, rewrote the proviso at the end of the first sentence of subsection (c). See § 153-92.1. For brief comment on the amendment, see 27 N. C. Law Rev. 454.

§ 131-126.24. For the purpose of making surveys and examinations relative to any condemnation procedures, it shall be lawful to enter upon any land doing no unnecessary damage. Notwithstanding the provisions of any other statute or of any applicable municipal charter, the municipality may take possession of any property to be condemned at any time after commencement of the condemnation procedure. The municipality shall not be precluded from abandonment of the condemnation of any such property in any case where possession thereof has not been taken. (1947, c. 933, s. 6.)

§ 131-126.25. Federal and state aid.—(a) Every municipality or non-profit association is authorized to accept, receive, receipt for, disburse and expend federal and state moneys and other moneys, public or private, made available by grant, loan, gift or devise, to accomplish, in whole or in part, any of the purposes of this article. All federal moneys accepted under this section shall be accepted and expended by a municipality or non-profit association upon such terms and conditions as are prescribed by the United States and as are consistent with state law; and all state moneys accepted under this section shall be accepted and expended by the municipality or non-profit association upon such terms and conditions as are prescribed by the state and/or North Carolina medical care commission. Unless otherwise prescribed by the agency from which such moneys were received, the chief financial officer of the municipality shall, on its behalf, deposit all moneys received pursuant to this section and shall keep them in separate funds designated according to the purposes for which the moneys were made available, in trust for such purposes.

(b) Out of funds made available by the state, the North Carolina medical care commission shall make grants-in-aid, as provided in this subsection, to municipalities and/or non-profit associations to acquire real estate and construct thereon hospital facilities, including the reconstruction, remodeling or addition to any hospital facilities which have been or may be acquired by such municipalities and/or non-profit associations for use as community hospitals. The amount of state funds to be granted hereunder shall be determined in each case by the North Carolina medical care commission in accordance with standards, rules and regulations as determined by the North Carolina medical care commission.

Application for a grant under this subsection shall be made to the North Carolina medical care commission by any municipality, acting separately or with one or more other municipalities, or by any non-profit association, on such forms and in such manner as may be prescribed by the North Carolina medical care commission. The North Carolina medical care commission may establish such reasonable requirements for approval as it deems necessary or desirable to effectuate the purposes of this article. The North Carolina medical care commission shall give preference to applications in accordance with their priority in the hospital construction program established pursuant to the Federal Hospital Survey and Construction Act. (1947, c. 933, s. 6.)

§ 131-126.26. In appropriating such property or money and providing for such assistance by taxation, the issuance of bonds, or other means, the municipality may exercise all of its powers as though used for its own direct purposes as provided in this article. (1947, c. 933, s. 6.)

§ 131-126.27. Joint operations. — All powers, privileges and authority granted to any municipality by this article may be exercised and enjoyed jointly with any other municipality. To this end any two or more municipalities may enter into agreements with each other for the acquisition, construction, improvement, maintenance, or operation of hospital facilities. Such agreement may provide for:

(b) The authority and duties of such board and the compensation of its members;

(c) The proportional share of the costs of acquisition, construction, improvement, maintenance, or operation of the hospital facilities and the provision of funds therefor;

(d) Duration, amendment, and termination of the agreement and the disposition of property on its termination; and

(e) Such other matters as are necessary or desirable in the premises. (1947, c. 933, s. 6.)

§ 131-126.28. (1947, c. 933, s. 6.)

§ 131-126.29. Implied incidental powers.—In addition to the general and special powers conferred by this article, every municipality is authorized to exercise such powers as are necessarily incidental to the exercises of such general and special powers. All powers granted by this article to municipalities are specifically declared to be granted to the counties of this state, any other statute to the contrary notwithstanding. (1947, c. 933, s. 6.)

§ 131-126.30. Short title.—This article may be cited as the "Municipal Hospital Facilities Act." (1947, c. 933, s. 6.)

Art. 13C. Creation of Hospital Districts with Authority to Issue Bonds and Levy Taxes for Hospital Purposes.

§ 131-126.31. Petition for formation of hospital district; hearing.—Upon receipt of a petition signed by not less than one hundred citizens of the territory described in such petition, praying that such territory be created into a hospital district and that bonds and/or notes be issued under the provisions of this article, the North Carolina medical care commission, with the approval of the board of county commissioners of the county in which such proposed hospital district is located, shall cause notice to be given by posting at the courthouse door, and at three public places in such proposed hospital district, and by three weekly publications in a newspaper circulating in such proposed hospital district, that on a date to be named in such notice, which shall not be earlier than twenty days after the first posting and publication of such notice, it will hold a public hearing at a designated place within the proposed hospital district or some designated place within the county in which the district is to be created, upon the question of creating a hospital district comprising the territory described in such petition and set forth in such notice, and that any taxpayer or other interested person may appear and be heard at the time and place set forth in such notice. At the time and place set forth in such notice, the North Carolina medical care commission, or its duly authorized representative who shall be a member of said commission, shall hear all interested persons and may adjourn the hearing from time to time. (1949, c. 766, s. 5.)

§ 131-126.32. Result of hearing; name of district.—The North Carolina medical care commission may deny such petition, or it may grant such petition and enter an order creating a hospital district, comprising either the territory described in such petition or a part of such territory and additional territory, and the order of the North Carolina medical care commission creating such hospital district shall define the boundaries thereof: Provided, however, that all the territory embraced in a new hospital district shall be located in one county. Each hospital district so created shall be designated by the North Carolina medical care commission as the "..... Hospital District of ..... County," inserting in the blank spaces some name identifying the locality and the name of the county. (1949, c. 766, s. 5.)

§ 131-126.33. Election for bond issue; method of election.—Whenever five hundred or more adult residents of such hospital district shall file with the board of county commissioners of the county in which such hospital district is located a petition requesting an election, the board of county commissioners shall order a special election to be held in any such hospital district for the purpose of voting upon the question of issuing bonds and/or notes and levying a sufficient tax for the payment thereof for the purpose of and/or the cost of planning and acquiring, establishing, developing, constructing, enlarging, improving or equipping any type of hospital, clinic or public health center, including relating facilities such as laboratories, out-patient departments, nurses' homes and training facilities operated in connection with hospitals and purchasing sites in such district for any one or more of said purposes, including any public or non-profit hospital facility. In all such elections, the board of county commissioners of such county shall designate the polling place or places, appoint the registrars and judges, and canvass and judicially determine the results of the election upon filing with it of the election returns by the officers holding the election and shall record such determination on their records. The notice of election shall be given by publication at least three times in some newspaper published or circulating in such hospital district. The notice shall state the date of the election, the place or places at which the election will be held, the boundary lines of such hospital district unless the hospital district is coterminous with a township in said county (in which event the notice shall so state), the maximum amount of bonds and/or notes to be issued, the purpose or purposes for which the bonds and/or notes are to be issued, and the fact that a sufficient tax will be levied on all taxable property within the hospital district for the payment of the principal and interest of the bonds and/or notes. The first publication of the notice shall be at least thirty days before the election. A new registration of the qualified voters of such hospital district shall be ordered and notice of such new registration shall be deemed to be sufficiently given by publication once in some newspaper published or circulating in such hospital district at least thirty days before the close of the registration books. This notice of registration may be considered one of three notices required of the election. Such published notice of registration shall state the days on which the books will be open for registration of the voters and the place or places at which they will be open on Saturdays. The books of such new registration shall close on the second Saturday before the election. The Saturday before the election shall be challenge day; and except as otherwise provided in this article, such election shall be held in accordance with the laws governing general elections. The form of the question, as stated on the ballot or ballots, shall be in substantially the words: "For the issuance of $..... Hospital Bonds and/or Notes, or a description of any other purpose named in this article for which bonds and/or notes may be issued, and the levying of a sufficient tax for the payment thereof." Such affirmative and negative form may be printed upon separate ballots, or both thereof may be printed upon one ballot, containing squares opposite the affirmative and the negative forms, in one of which squares the

voter may make a cross [X] mark. (1949, c. 766, s. 5.)

§ 131-126.34. Canvassing vote and determining results.—At the close of the polls, the election officers shall count the votes and make returns thereof to the board of county commissioners, which board shall, as soon as practicable after the election, judicially pass upon the returns and judicially determine and declare the results of such election, which determination shall be spread upon the minutes of said board. The returns shall be made in duplicate, one copy of which shall be delivered to the board of county commissioners as aforesaid and the other filed with the clerk of the superior court of the county in which the hospital district is situated. The board of county commissioners shall prepare a statement showing the number of votes cast for and against the bonds and/or notes, and declaring the result of the election, which statement shall be signed by the chairman of the board and attested by the clerk, who shall record it in the minutes of the board and file the original in his office and publish it once in a newspaper published or circulating in such hospital district. (1949, c. 766, s. 5.)

§ 131-126.35. Limitation of actions.—No right of action or defense founded upon the invalidity of such election or the invalidity of any proceedings or steps taken in the creation of such district or such unit shall be asserted, nor shall the validity of such election or the validity of the creation of such hospital district, or the right or duty to levy sufficient tax for the payment of the principal and interest of such bonds and/or notes, be open to question in any court upon any ground whatever, except in an action or proceeding commenced within thirty days after the publication of such statement of results as provided in the preceding section. (1949, c. 766, s. 5.)

§ 131-126.36. Issuance of bonds and levy of taxes.—If a majority of the votes cast shall be in favor of the issuance of such bonds and/or notes and the levy of such tax, then the board of county commissioners may provide by resolution, which resolution may be finally passed at the same meeting at which it is introduced, for the issuance of such bonds and/or notes, which bonds and/or notes shall be issued in the name of the county, but they shall be made payable exclusively out of taxes to be levied in such hospital district, except the board of county commissioners may pay from county funds any part of the principal and interest of said bonds and/or notes. They shall be issued in such form and denominations, and with such provisions as to the time, place and medium of payment of principal and interest as the said board of county commissioners may determine, subject to the limitations and restrictions of this article. They may be issued as one issue, or divided into two or more separate issues, and in either case may be issued at one time or in blocks from time to time. When bonds are to be issued, they shall be serial bonds and each issue thereof shall so mature that the aggregate principal amount of the issue shall be payable in annual installments or series, beginning not more than three years after the date of the bonds of such issue and ending not more than thirty years after such date. No such installment shall be more than two and one-half times as great in amount as the smallest prior installment of the same bond issue. The bonds and/or notes shall bear interest at a rate not exceeding six per cent (6%) per annum, payable semi-annually, and may have interest coupons attached, and may be made registerable as to principal or as to both principal and interest, under such terms and conditions as may be prescribed by said board. They shall be signed by the chairman of the board of county commissioners, and the seal of the county shall be affixed to or impressed upon each bond and/or note and attested by the register of deeds of the county or by the clerk of said board; and the interest coupons shall bear the printed, lithographed or facsimile signature of such chairman. The delivery of bonds and/or notes, signed as aforesaid by officers in office at the time of such signing, shall be valid, notwithstanding any changes in office occurring after such signing. (1949, c. 766, s. 5.)

§ 131-126.37. Collection and application of tax.—The board of county commissioners is hereby authorized and directed to levy annually a special tax, ad valorem, on all taxable property in the hospital district in which the election was held, sufficient to pay the principal and interest of the bonds and/or notes as such principal and interest become due. Such special tax shall be in addition to all other taxes authorized to be levied in such district or in such unit. The taxes provided for in this section shall be collected by the county officer collecting other taxes and be applied solely to the payment of principal and interest of such bonds and/or notes. (1949, c. 766, s. 5.)

§ 131-126.38. Tax levy for operation, equipment and maintenance.—Upon receipt of a petition signed by five hundred or more adult residents of a hospital district, or upon request set forth in the petition for a bond issue, as heretofore provided in this article, the board of county commissioners of the county in which such hospital district is located shall cause to be levied a tax for the purpose of financing the cost of operation, equipment and maintenance of any hospital facility authorized by this article, including any public or nonprofit hospital facility: Provided, that the levy of such tax is approved by a majority of the qualified voters of the hospital district who shall vote thereon in an election held for such purpose. The rate or amount of such taxes for which a levy may be made hereunder shall be determined by the board of county commissioners of such county; and a ballot shall be furnished to each qualified voter at said election, which ballot may contain the words "For Hospital Facility Maintenance Tax (Briefly stating any other pertinent information)," and "Against Hospital Facility Maintenance Tax (Briefly stating any other pertinent information)," with squares in front of each proposition, in one of which squares the voter may make a cross mark [X]; but any other form of ballot containing adequate information and properly stating the question to be voted upon shall be construed as being in compliance with this section. Such election may be held at any time fixed by the board of county commissioners of such county, and the question of levying a tax for the operation and maintenance of hospital facilities, as provided by this section, may be sub-

mitted at the same time the question of issuing bonds is submitted, as provided in this article, or the question of levying a tax for operation and maintenance purposes may be submitted in a separate election according to the discretion and judgment of the board of county commissioners of the county in which the hospital district is located. Such election for the approval of a levy of taxes for costs of operation, equipment and maintenance of any hospital facility, as authorized by this article, shall be held and conducted in the same manner as elections are held and conducted to determine the question of the issuance of bonds as provided in this article. (1949, c. 766, s. 5.)

§ 131-126.39. Article supplemental to other grants of authority.—The powers conferred by this article shall be regarded as supplemental and in addition to powers conferred by other laws and shall not supplant or repeal any existing powers for the issuance of bonds and/or notes, or any provisions of law for the payment of bonds and/or notes issued under such powers, or for the custody of moneys provided for such payment. (1949, c. 766, s. 5.)

§ 131-126.40. Approval of local government commission.—This article shall constitute full authority for the things herein authorized and no proceedings, publications, notices, consents or approvals shall be required for the doing of the things herein authorized, except such as are herein prescribed and required, and except that the provisions of the Local Government Act then in force as to the approval of the issuance of bonds and/or notes and endorsements of such approval upon such bonds and/or notes and as to the sale of bonds and/or notes and the disposition of the proceeds, shall be applicable to the bonds and/or notes, authorized by this article. Five members of the board shall constitute a quorum.

Members of the board shall serve for terms as prescribed in this section, and until their successors are appointed and qualified. The governor shall have the power to remove any member of the board whenever, in his opinion, such removal is in the best public interest, and the governor shall not be required to assign any reason for any such removal. (1947, c. 226.)

Editor's Note.—Session Laws 1947, c. 226, s. 1, rewrote this article which was codified from Session Laws 1943, c. 776, as amended by Session Laws 1945, c. 48, and formerly contained sections 134-90 to 134-100. See 25 N. C. Law Rev. 404.

Section 2 of the act rewriting this article provides: "This article is not applicable to reformatories or homes for fallen women authorized by article 4, chapter 134 of General Statutes. Nothing contained in this article shall be construed to affect any of the provisions of G. S. 134-49 through 134-66, the same being article 4 of chapter 134 of the General Statutes."

§ 134-91. Who may be committed. — The schools, institutions and agencies enumerated, and others that now exist or may be hereafter established, shall accept and train all delinquent children of all races and creeds under the age of eighteen as may be sent by the judges of the juvenile courts or by judges of other courts having jurisdiction, provided such persons are not mentally or physically incapable of being substantially benefited by the program of the institution, school or agency. (1947, c. 226.)

§ 134-101. Removal request by board.—If any boy or girl under the care of a state school, institution or agency shall offer violence to a member of the staff or another boy or girl or do or attempt to do injury to the buildings, equipment, or property of the school, or shall by gross or habitual misconduct exert a dangerous or pernicious influence over other boys and girls, the board of correction and training may request the court committing said boy or girl or any court of proper jurisdiction to relieve the school of the custody of the boy or girl. (1947, c. 226.)

§ 134-102. Transfer by order of governor.—The governor of the state may by order transfer any person under the age of eighteen years from any jail or prison in this state to one of the institutions, schools or agencies of correction. (1947, c. 226.)

It shall be at all times within the discretion of the state board of correction and training as to whether the board will receive any qualified person into the school, institution or agency. (1947, c. 226.)

§ 134-106. (1947, c. 226.)

§ 134-108. Any employee of the school, institution or agency, or any person designated by the superintendent, or any official of the welfare department, or any peace officer may apprehend and return to the school, institution or agency, without a warrant, a runaway boy or girl in any county of the state, and shall forthwith carry such runaway to the school, institution or agency. (1947, c. 226.)

§ 134-110. Aiding escapees; misdemeanor.—It shall be unlawful for any person to aid, harbor, conceal, or assist in any way any boy or girl who is attempting to escape or who has escaped from any school, institution or agency of correction and any person rendering such assistance shall be guilty of a misdemeanor. (1945, c. 924; 1947, c. 458, s. 6.)

Editor's Note.—

The 1945 amendment rewrote subsection (6). The 1947 amendment omitted the words "and subsequent to one thousand nine hundred and twenty-one" formerly appearing at the end of subsection (10). As the rest of the section was not affected by the amendments it is not set out.

§ 135-3. Membership.—The membership of this retirement system shall be composed as follows:

(1) All persons who shall become teachers or state employees after the date as of which the retirement system is established. On and after July 1st, 1947, membership in the retirement system shall begin ninety days after the election, appointment or employment of a "teacher or employee" as the terms are defined in this chapter.

(2) All persons who are teachers or state employees on February 17, 1941, or who may become teachers or state employees on or before July first, one thousand nine hundred and forty-one, except those who shall notify the board of trustees, in writing, on or before January first, one thousand nine hundred and forty-two, that they do not choose to become members of this retirement system, shall become members of the retirement system.

(3) Should any member in any period of six consecutive years after becoming a member be absent from service more than five years, or should he withdraw his accumulated contributions, or should he become a beneficiary or die, he shall thereupon cease to be a member.

(4) Notwithstanding any provisions contained in this section, any employee of the state of North Carolina who was taken over and required to perform services for the federal government, on a loan basis, and by virtue of an executive order of the president of the United States effective on or after January first, one thousand nine hundred and forty-two, and who on the effective date of such executive order was a member of the retirement system and had not withdrawn all of his or her accumulated contributions, shall be deemed to be a member of the retirement system during such period of federal service or employment by virtue of such executive order of the president of the United States. Any such employee who within a period of twelve months after the cessation of such federal service or employment, is again employed by the state or any employer as said term is defined in this chapter, or within said period of twelve months engages in service or membership service, shall be permitted to resume active participation in the retirement system and to resume his or her contributions as provided by this chapter. If such member so elects, he or she may pay to the board of trustees for the benefit of the proper fund or account an amount equal to his or her accumulated contributions previously withdrawn with interest from date of withdrawal to time of payment and the accumulated contributions, with interest thereon, that such member would have made during such period of federal employment

to the same extent as if such member had been in service or engaged in the membership service for the state or an employer as defined in this chapter, which such payment of accumulated contributions shall be computed on the basis of the salary or earnable compensation received by such member on the effective date of such executive order.

(5) Any teacher or state employee whose membership is contingent on his own election and who elects not to become a member may thereafter apply for and be admitted to membership; but no such teacher or state employee shall receive prior service credit unless he elected to become a member prior to July 1, 1946.

(6) No person who becomes a "teacher or employee," as the terms are defined in this chapter, shall be or become a member of the retirement system who is elected, appointed or employed after he has attained the age of sixty years.

(7) Notwithstanding any other provision of this chapter, any member who separates from service prior to retirement after completing twenty or more years of creditable service and who leaves his total accumulated contributions in said system shall have the right to retire upon attaining the age of sixty years, notwithstanding the fact that said member does not have the status of a member in service at the time his application for retirement is filed; and such applicant for retirement shall be entitled to the benefits provided by subsection (2) of section 135-5 of this chapter. All such applications for retirement under this subsection must be filed within a period of twelve months from and after the sixtieth birthday of such applicant. (1941, c. 25, s. 3; 1945, c. 799; 1947, c. 414; c. 457, ss. 1, 2; c. 458, s. 5; c. 464, s. 2; 1949, c. 1056, s. 1.)

Editor's Note.—The 1945 amendment added subsection (4). The first 1947 amendment added subsection (5); the second amendment added subsection (6) and the second sentence of subsection (1); the third amendment added subsection (7); and the fourth amendment substituted "twelve months" for "six months" in the second sentence of subsection (4).

The 1949 amendment added at the end of subsection (5) the words "unless he elected to become a member prior to July 1, 1946."

§ 135-3.1. Membership of highway patrolmen.—Every person who is employed in the future as a state highway patrolman shall automatically become a member of the teachers' and state employees' retirement system unless such person shall, within fifteen days after his employment, furnish the executive secretary of the board of trustees, teachers' and state employees' retirement system, sufficient evidence that such person has become a member of the law enforcement officers' benefit and retirement fund, in which event such person shall not be entitled to membership in the teachers' and state employees' retirement system. (1943, c. 120, s. 6; 1947, c. 692.)

Editor's Note.—Session Laws 1947, c. 692, s. 1, allowed state highway patrolmen until August 1, 1947, in which to withdraw their membership in the teachers' and state employees' retirement system and become members of the law enforcement officers' benefit and retirement fund.

§ 135-3.2. Membership of co-operative agricultural extension service employees.—Under such rules and regulations as the board of trustees may establish and promulgate, co-operative agricultural extension service employees may, in the discretion of the governing authority of a county, become a member of the teachers' and state employees' retirement system to the extent of that part of their compensation derived from a county. (1949, c. 1056, s. 7.)

§ 135-4. Creditable service.—(1) Under such rules and regulations as the board of trustees shall adopt, each member who was a teacher or state employee at any time during the five years immediately preceding the establishment of the system and who became a member prior to July 1, 1946 shall file a detailed statement of all North Carolina service as a teacher or state employee rendered by him prior to the date of establishment for which he claims credit.

(6) Teachers and other state employees who entered the armed services of the United States on or after September sixteenth, one thousand nine hundred and forty, and prior to February seventeenth, one thousand nine hundred and forty-one and who returned to the service of the state within a period of two years after they have been honorably discharged from the armed services of the United States, shall be entitled to full credit for all prior service. Teachers and other state employees who entered the armed services of the United States on or after February 17th, 1941 and who returned to the service of the state prior to July 1st, 1950 after they have been honorably discharged from such armed services shall be entitled to full credit for all prior service, and, in addition, they shall receive membership service credit for the period of service in such armed services occurring after the date of establishment. Under such rules as the board of trustees shall adopt, the employer to which each such teacher or other state employee returned shall make contributions with respect to such member in the amounts that he would have paid during such service in such armed services on the basis of his earnable compensation when such service commenced. Such contributions shall be credited to the individual account of the member in the annuity savings fund, in such manner as the board of trustees shall determine, but any such contributions so credited and any regular interest thereon shall be available to the member only in the form of an annuity, or benefit in lieu thereof, upon his retirement on a service, disability or special retirement allowance; and in the event of cessation of membership or death prior thereto, any such contributions so credited and regular interest thereon shall not be payable to him or on his account, but shall be transferred from the annuity savings fund to the pension accumulation fund. If any payments were made by a member on account of such service as provided by paragraph (e) of subsection (1) of § 135-8, the board of trustees shall refund to or reimburse such member for such payments.

(7) Teachers and other state employees who served in the armed forces of the United States and who, after being honorably discharged, returned to the service of the state within a period of two years from date of discharge shall be credited with prior service for such period of service in the armed forces of the United States; and the salaries or compensations paid to such employees immediately before entering the armed forces shall be deemed to be the actual compensation rates of

such teachers and state employees during said period of service. (1941, c. 25, s. 4; 1943, cc. 200, 783; 1945, c. 797; 1947, c. 575; 1949, c. 1056, ss. 2, 4.)

Editor's Note.—
The 1945 amendment inserted in lines two and three of subsection (6) the words "on or." The 1947 amendment added subsection (7). The 1949 amendment rewrote subsection (1) and added the last four sentences of subsection (6). As the rest of the section was not affected by the amendments it is not set out.

§ 135-5. Benefits.

(2) Service Retirement Allowances.—Upon retirement from service a member shall receive a service retirement allowance which shall consist of:

(a) An annuity which shall be the actuarial equivalent of his accumulated contributions at the time of his retirement; and

(b) A pension equal to the annuity allowable at age of sixty years computed on the basis of contributions made prior to the attainment of age sixty; and, if the member contributed during the period from July 1st, 1941, to June 30th, 1947, an additional supplementary pension which shall be equal to one-fourth of the annuity allowable at age of sixty years, computed on the basis of contributions made during such period but prior to the attainment of age sixty, plus one-fourth of the annuity allowable at his retirement age computed on the basis of contributions made during such period; and

(c) If he has a prior service certificate in full force and effect, an additional pension which shall be equal to the annuity which would have been provided at his retirement age by the contributions which he would have made during such prior service had the system been in operation and had he contributed thereunder at the rate of five per centum of his compensation, plus the pension, which would have been provided at age sixty on account of such contributions.

(6) Return of Accumulated Contributions.—Should a member cease to be a teacher or state employee except by death or retirement under the provisions of this chapter, he shall be paid such part as he shall demand of the sum of the contributions standing to the credit of his individual account in the annuity savings fund, together with such interest thereon as the board shall allow, but not less than one-half of accumulated regular interest thereon. Upon receipt of proof satisfactory to the board of trustees of the death of a member in service there shall be paid to his legal representatives or to such person as he shall have nominated by written designation duly acknowledged and filed with the board of trustees, the amount of his accumulated contributions at the time of his death.

(8) Computation of Benefits Payable Prior or Subsequent to July 1, 1947.—Prior to July 1st, 1947, all benefits payable as of the effective date of this act shall be computed on the basis of the provisions of chapter 135 as they existed at the time of the retirement of such beneficiaries. On and after July 1st, 1947, all benefits payable to, or on account of, such beneficiaries shall be adjusted to take into account, under such rule as the board of trustees may adopt, the provisions of this act as if they had been in effect at the date of retirement, and no further contributions on account of such adjustment shall be required of such beneficiaries. The board of trustees may authorize such transfers of reserve between the funds of the retirement system as may be required by the provisions of this subsection.

(9) Restoration to service of certain former members.—If a former member who ceased to be a member prior to July 1, 1949, for any reason other than retirement, again becomes a member and prior to July 1, 1951, redeposits in the annuity savings fund by a single payment the amount, if any, he previously withdrew therefrom, he shall, anything in this chapter to the contrary, be entitled to any membership service credits he had when his membership ceased, and any prior service certificate which became void at the time his membership ceased shall be restored to full force and effect: Provided, that, for the purpose of computing the amount of any retirement allowance which may become payable to or on account of such member under the retirement system, any amount redeposited as provided herein shall be deemed to represent contributions made by the member after July 1, 1947. (1941, c. 25, s. 5; 1945, c. 218; 1947, c. 458, ss. 3, 4, 7, 8a; 1949, c. 1056, ss. 3, 5.)

Editor's Note.—The 1945 amendment made changes in subsection (6). The 1947 amendment rewrote paragraphs (b) and (c) of subsection (2). It also rewrote subsection (6) and added subsection (8). The 1949 amendment added the second sentence of subsection (6). It also added subsection (9). Only the subsections affected by the amendments are set out.

§ 135.6. Administration.

(2) Membership of Board; Terms.—The board shall consist of eight members, as follows:

(a) The state treasurer, ex-officio;

(b) The superintendent of public instruction, ex-officio;

(c) Six members to be appointed by the governor and confirmed by the senate of North Carolina. One of the appointive members shall be a member of the teaching profession of the state; one of the appointive members shall be an employee of the state highway and public works commission, who shall be appointed by the governor for a term of four years commencing April 1st, 1947 and quadrennially thereafter; one to be a general state employee, and three who are not members of the teaching profession or state employees; two to be appointed for a term of two years, two for a term of three years and one for a term of four years. At the expiration of these terms of office the appointment shall be for a term of four years.

(1947, c. 259.)

The 1947 amendment increased the membership of the board from seven to eight and the appointive members from five to six. It also inserted in the provision requiring one of the appointive members to be an employee of the state highway and public works commission. As only subsection (2) was affected by the amendment the rest of the section is not set out.

§ 135-8. Method of financing.

(1) Annuity Savings Fund.—

(a) Prior to the first day of July, 1947, each employer shall cause to be deducted from the salary of each member on each and every payroll of such employer for each and every payroll period four per centum of his earnable compensation; and the employer also shall deduct four per centum of any compensation received by any member for

teaching in public schools, or in any of the institutions, agencies or departments of the state from salaries other than the appropriations from the state of North Carolina. On and after such date the rate so deducted shall be five per centum. In determining the amount earnable by a member in a payroll period, the board of trustees may consider the rate of annual compensation payable to such member on the first day of the payroll period as continuing throughout such payroll period, and it may omit deduction from compensation for any period less than a full payroll period if a teacher or state employee was not a member on the first day of the payroll period.

(f) The contributions of a member, and such interest as may be allowed thereon, paid upon his death or withdrawn by him as provided in this chapter, shall be paid from the annuity savings fund, and any balance of the accumulated contributions of such a member shall be transferred to the pension accumulation fund.

(3) Pension Accumulation Fund.—

(c) Immediately succeeding the first valuation the actuary engaged by the board of trustees shall compute the rate per centum of the total annual compensation of all members which is equivalent to four per centum of the amount of the total pension liability on account of all members and beneficiaries which is not dischargeable by the aforesaid normal contribution made on account of such members during the remainder of their active service. The rate per centum originally so determined shall be known as the "accrued liability contribution" rate. Such rate shall be increased on the basis of subsequent valuations if benefits are increased over those included in the valuation on the basis of which the original accrued liability contribution rate was determined.

(1947, c. 458, ss. 1, 2, 8.)

The 1947 amendment rewrote paragraph (a) of subsection (1) and added paragraph (f) thereto. It also added the third sentence to paragraph (c) of subsection (3). As the rest of the section was not affected by the amendment only the paragraphs mentioned are set out.

§ 135-15: Repealed by Session Laws 1949, c. 1056, s. 9.

§ 135-16. Employees transferred to North Carolina state employment service by act of congress.—Notwithstanding any provision contained in this chapter, any employee of the United States Employment service who was transferred to and became employed by the state of North Carolina, or any of its agencies, on November 16th, 1946, by virtue of Public Law 549, 79th Congress, Chapter 672, 2nd Session, and who was employed by the war manpower commission or the United States employment service between January 1st, 1942, and November 15th, 1946, shall be deemed to have been engaged in membership service as defined by this chapter for any payroll period or periods between such dates: Provided, that any such employee or member on or before January 1st, 1948, pays to the board of trustees for the benefit of the proper fund or account an amount equal to the accumulated contributions, with interest thereon, that such employee or member would have made during such period if he had been a member of the retirement system with earnable compensation based on the salary received for such period and as limited by this chapter. Provided, further that funds are made available by the United States employment service, or other federal agency, to the employment security commission for the payment of and the employment security commission pays to the board of trustees for the benefit of the proper fund a sum equal to the employer's contributions that would have been paid for such period for members or employees who pay the accumulated contributions provided in this section.

The board of trustees is authorized to adopt and issue all necessary rules and regulations for the purpose of administering and enforcing the provisions of this section. (1947, c. 464, s. 1; c. 598, s. 1.)

Editor's Note.—By virtue of Session Laws 1947, c. 598, s. 1, "employment security commission" was substituted for "unemployment compensation commission."

§ 135-17. Facility of payment.—In the event of the death of a member or beneficiary not survived by a person designated to receive any return of accumulated contributions or balance thereof, or in the event that the board of trustees shall find that a beneficiary is unable to care for his affairs because of illness or accident, any benefit payments due may, unless claim shall have been made therefor by a duly appointed guardian, committee or other legal representative, be paid to the spouse, a child, a parent or other blood relative, or to any person deemed by the board of trustees to have incurred expense for such beneficiary or deceased member, and any such payments so made shall be a complete discharge of the liabilities of this retirement system therefor. (1949, c. 1056, s. 6.)

§ 135-18. Re-employment of retired teachers and employees.—The board of trustees of the teachers' and state employees' retirement system may establish and promulgate rules and regulations governing the re-employment of retired teachers and employees. (1949, c. 1056, s. 8.)

(1945, c. 895.)

Editor's Note.—

The 1945 amendment rewrote the fifth sentence beginning in line twenty-two. As the rest of the section was not affected by the amendment it is not set out.

For acts relating to parking meters in certain localities and exempting them from this chapter, see Session Laws 1947, c. 54 (city of Shelby); c. 66 (town of Laurinburg); c. 275 (city of Statesville); c. 735 (town of Mooresville); c. 1035 (county of Cabarrus).

Art. 2. Powers and Duties of Commission.

§ 136-18. Powers of commission.

(t) To prohibit the erection of any informational, regulatory, or warning signs within the right of way of any highway project built within the corporate limits of any municipality in the state where the funds for such construction are derived in whole or in part from federal appropriations expended by the state highway and public works commission, unless such signs have first been approved by the state highway and public works commission. S. 3846(j).)

Editor's Note.—

The 1945 amendment added subsection (t). As the rest of the section was not affected by the amendment it is not set out.

Injunction Will Not Lie against State Highway Commission.—Plaintiffs sued the state highway and public works commission to enjoin it from enforcing its ordinance restricting the placing of advertising signs along the state highways, alleging that the ordinance was in excess of the authority vested in the commission and was unconstitutional. The members of the commission were not made parties defendant. It was held that defendant's demurrer was properly sustained, since injunction will not lie against a state agency to prevent it from committing a wrong. Schloss v. State Highway, etc., Comm., 230 N. C. 489, 53 S. E. (2d) 517. See note to § 136-18.

§ 136-18.1. Use of Bermuda grass.

—The use of Bermuda grass shall be restricted to sections of the highway where the abutting property is not in cultivation, except where the state highway and public works commission has written consent of the abutting landowner. In long sections of woodland or waste land sufficiently distant from cultivated areas, Bermuda grass may be used. The commission and its employees shall use every reasonable effort to eliminate Bermuda grass heretofore planted on the shoulders of the highways through cultivated farm areas. (1945, c. 992.)

§ 136-19. Acquirement of land and deposits of materials; condemnation proceedings; federal parkways.

Whenever the commission and the owner or owners of the lands, materials, and timber required by the commission to carry on the work as herein provided for, are unable to agree as to the price thereof, the commission is hereby vested with the power to condemn the lands, materials, and timber, and in so doing the ways, means, methods, and procedure of chapter 40, entitled "Eminent Domain," shall be used by it as near as the same is suitable for the purposes of this section, and in all instances the general and special benefits shall be assessed as offsets against damages: Provided, that in all cases where the state highway and public works commission, upon the completion of the particular project, posts a notice at the courthouse door in each county wherein any part of the particular project is situate, and posts such notice in appropriate and suitable size at each end of the project for thirty (30) days to the effect that the project was completed as of a certain date named in the notice, any action for damages for rights of way or other causes shall be brought within six months from the date the project was completed as specified

in such notice, and in all cases where the state highway and public works commission does not post notice as above set forth, any action may be brought within twelve months from the date of the completion of the project.

(1949, c. 1115.)

Editor's Note.—The 1949 amendment rewrote the proviso at the end of the second paragraph. As the rest of the section was not changed by the amendment only this paragraph is set out.

Commission Not Subject to Suit Except as Provided by Law.—The state highway and public works commission is an agency of the state and as such is not subject to suit save in a manner expressly provided by statute. Schloss v. State Highway, etc., Comm., 230 N. C. 489, 53 S. E. (2d) 517. See note to § 136-18.

Right to Compensation Does Not Rest upon Statute.—The right to compensation for property taken under the power of eminent domain does not rest upon statute but has always obtained in this jurisdiction. Lewis v. North Carolina State Highway, etc., Comm., 228 N. C. 618, 46 S. E. (2d) 705.

Six Months' Limitation upon Action for Damages.—The requirement of this section that actions for damages for the taking of a right of way for highway purposes where the owner and the commission cannot agree upon the amount must be commenced within six months from the completion of the project, is a statute of limitation rather than a condition precedent to the right of action. Lewis v. North Carolina State Highway, etc., Comm., 228 N. C. 618, 46 S. E. (2d) 705.

Commission Held Not Estopped to Plead Statute of Limitation.—The fact that representatives of the state highway and public works commission assured the owners of the servient tenement that the commission would provide them a safe approach to the new highway, does not estop the commission from pleading the six months statute of limitations as a defense to their action for damages for the taking of a right of way for highway purposes, there being no evidence that the commission requested plaintiffs to delay the pursuit of their rights or that it made any agreement, express or implied, that it would not plead the statute. Lewis v. North Carolina State Highway, etc., Comm., 228 N. C. 618, 46 S. E. (2d) 705.

A cause of action for breach of contract cannot be joined in a special proceeding for condemnation, under this section and § 40-12. Dalton v. State Highway, etc., Comm., 223 N. C. 406, 407, 27 S. E. (2d) 1.

Elements of Damage.—

§ 136-19.1. Surplus material derived from grading to be made available to adjoining landowners.—It shall be the duty of the state highway and public works commission or any contractor working for said commission to make available to the adjoining landowner any gravel, dirt or material which is available from grading a road or highway through such adjoining lands which is not required or desired by the state highway and public works commission for use upon any part of the highway, and said surplus material shall not be sold or disposed of by the state highway and public works commission or any contractor working for them until the adjoining landowner has been given the right to accept and use the same when deposited on any convenient place at or near his land by the contractor or the commission. (1949, c. 1076.)

§ 136-29. Settlement of controversies between commission and awardees of contracts.

Upon receipt of said appeal the chairman of the state highway and public works commission shall promptly appoint some competent person, and the claimant shall likewise select a competent person, and these two shall elect a third such person, the three of whom shall constitute a board of review, and shall promptly set a time and place for the hearing.

(1947, c. 530.)

Editor's Note.—

The 1947 amendment rewrote the third sentence which formerly provided for the appointment of a "committee" of three members of the commission, and substituted therefor the present "board of review." As the rest of the section was not changed it is not set out.

§ 136-33.1. Signs for protection of cattle.—Upon written request of any owner of more than five head of cattle, the state highway and public works commission shall erect appropriate and adequate signs on any road or highway under the control of the state highway and public works commission, such signs to be so worded, designed and located as to give adequate warning of the presence and crossing of cattle. Such signs shall be located at points agreed upon by the owner and the state highway and public works commission at points selected to give reasonable warning of places customarily or frequently used by the cattle of said owner to cross said road or highway, and no one owner shall be entitled to demand the placing of signs at more than one point on a single or abutting tracts of land. (1949, c. 812.)

§ 136-38. Use of funds recommended by local governing body; primary use; balance of funds.—Each year before the first day of July the governing body of each city and town shall recommend for the approval of the state highway and public works commission the use of such funds as are allocated to such city or town: Provided, that all of such funds so allocated to cities and towns shall be used first for the maintenance, repair, improvement, construction, reconstruction or widening of the streets within said cities and towns which form a part of the state highway system until such streets shall be in a condition satisfactory to the state highway and public works commission and to the governing body of such city or town, after which if there is any balance of funds remaining in the allotment to any city or town, such balance shall be used for the maintenance, repair, improvement, construction, reconstruction, or widening of streets which form important connecting links to the state highway system or the county highway system or farm to market roads. Should any balance then remain in the allotment to any city or town, such balance shall be used for the maintenance, repair, improvement, construction, reconstruction or widening of any street or streets as may be designated by the governing body of such municipality. Should any balance remain in the allotment to any city or town at the end of a fiscal year, such balance shall accrue to the credit of such city or town to be added to its allotment for the ensuing fiscal year. (1941, c. 217, s. 3; 1947, c. 290.)

Editor's Note.—The 1947 amendment inserted the next to the last sentence.

Art. 3. General Provisions.

Part II. County Public Roads Incorporated into State Highway System.

§ 136-53. Map of county road systems posted; objections.

Cited in Speight v. Anderson, 226 N. C. 492, 39 S. E. (2d) 371.

Art. 4. Neighborhood Roads, Cartways, Church Roads, etc.

§ 136-67. Neighborhood public roads.—All those portions of the public road system of the state which have not been taken over and placed under maintenance or which have been abandoned by the state highway and public works commission, but which remain open and in general use as a necessary means of ingress to and egress from the dwelling house of one or more families, and all those roads that have been laid out, constructed, or reconstructed with unemployment relief funds under the supervision of the department of public welfare, and all other roads or streets or portions of roads or streets whatsoever outside of the boundaries of any incorporated city or town in the state which serve a public use and as a means of ingress or egress for one or more families, regardless of whether the same have ever been a portion of any state or county road system, are hereby declared to be neighborhood public roads and they shall be subject to all of the provisions of §§ 136-68, 136-69 and 136-70 with respect to the alteration, extension, or discontinuance thereof, and any interested party is authorized to institute such proceeding, and in lieu of personal service with respect to this class of roads, notice by publication once a week in any newspaper published in said county, or in the event there is no such newspaper, by posting at the courthouse door and three other public places, shall be deemed sufficient: Provided, that this definition of neighborhood public roads shall not be construed to embrace any street, road or driveway that serves an essentially private use, and all those portions and segments of old roads, formerly a part of the public road system, which have not been taken over and placed under maintenance and which have been abandoned by the state highway and public works commission and which do not serve as a necessary means of ingress to and egress from an occupied dwelling house are hereby specifically excluded from the definition of neighborhood public roads, and the owner of the land, burdened with such portions and segments of such old road, is hereby invested with the easement of right of way for such old roads heretofore existing.

Upon request of the board of county commissioners of any county, the state highway and public works commission is permitted, but is not required, to place such neighborhood public roads as above defined in a passable condition without incorporating the same into the state or county system, and without becoming obligated in any manner for the permanent maintenance thereof.

This section shall not authorize the reopening on abandoned roads of any railroad grade crossing that has been closed by order of the state highway and public works commission in connection with the building of an overhead bridge or underpass to take the place of such grade crossing. (1929, c. 257, s. 1; 1933, c. 302; 1941, c. 183; 1949, c. 1215.)

Editor's Note.—The 1949 amendment rewrote this section.

Purpose of Section.—The purpose of this section, defining neighborhood public roads, was to bring the designated roads within the procedure prescribed in the original act, chap. 448, P. L. 1931 (now a part of § 136-53). Speight v. Anderson, 226 N. C. 492, 39 S. E. (2d) 371, 373.

Section Applies Only to Established Easements and Roads.—This section refers to traveled ways which were at the time of the adoption of the 1941 amendment established easements or roads or streets in a legal sense, and it cannot be construed to include ways of ingress and egress existing by consent of the landowner as a courtesy to a neighbor, nor to those adversely used for a time insufficient to create an easement. Speight v. Anderson, 226 N. C. 492, 39 S. E. (2d) 371, 373.

Road Maintained for Convenience of Landowner's Tenants.—Where all the evidence tended to show that road was laid out and maintained primarily as a convenience for those who resided on defendants' tracts, no continuous use for a public purpose was disclosed within meaning of this section. Speight v. Anderson, 226 N. C. 492, 39 S. E. (2d) 371, 374.

§ 136-68. Special proceeding for establishment, alteration or discontinuance of cartways, etc.; petition; appeal.

Cross Reference.—See note to § 136-69.

Municipality Has Exclusive Control of Streets and Ways.—The law relating to cartways was not intended to withdraw from cities and towns any part of their exclusive control over their streets and other public ways, and confers no jurisdiction on the clerk of the Superior Court to establish an alley within an incorporated town. Parsons v. Wright, 223 N. C. 520, 27 S. E. (2d) 534.

This Section and § 136-69 to Be Strictly Construed.—This and the following section, relating to the establishment of cartways for ingress and egress to a highway over intervening lands, are in derogation of common law and must be strictly construed. Brown v. Glass, 229 N. C. 657, 50 S. E. (2d) 912.

An action to obtain a judicial declaration of plaintiff's right to an easement appurtenant and by necessity over the lands of defendants is authorized by Chap. 1, Art. 26, and the superior court has jurisdiction, it not being a special proceeding to establish a cartway, which must be instituted before the clerk. Carver v. Leatherwood, 230 N. C. 96, 52 S. E. (2d) 1.

Applied in Garris v. Byrd, 229 N. C. 343, 49 S. E. (2d) 625.

§ 136-69. Cartways, tramways, etc., laid out; procedure.

Cross Reference.—See notes to § 136-68.

Petitioner's Land Must Be Used for One of Purposes Enumerated.—This section enumerates the purposes for which the petitioner's land must be used in order to confer upon the owner the right of a "way of necessity" over another's land, and the listing of them excludes other uses not named, the presence of one of those named becoming a condition precedent to the exercises of the right. It will be observed that all of them respect substantial traffic or transportation of products taken from the land. Brown v. Glass, 229 N. C. 657, 50 S. E. (2d) 912.

Petitioners are not entitled to the establishment of a cartway over the intervening lands of another for the purpose of egress to the highway for a home they propose to construct on their adjoining land, since such use does not come within those enumerated in this section. Id.

And Petitioner Must Have No Other Adequate Means of Transportation.—Petitioner is entitled to the establishment of a cartway across the lands of another only if petitioner's land is not adjacent to a public road and has no other adequate and proper means of ingress and egress to the highway, and he is not entitled to the relief if he has such means available to him at the time. Garris v. Byrd, 229 N. C. 343, 49 S. E. (2d) 625.

Effect of Permissive Way.—If a permissive way is in all respects reasonable and adequate as a proper means of ingress and egress, the petition for a cartway should be denied. Conversely, if the permissive nature of the way renders it insufficient to meet the requirement of "other adequate means of transportation" within the meaning of the statute, the relief should be granted. Where the court below found that the permissive way available to petitioner was "in all respects reasonable and adequate" and then concluded that the petitioner was entitled to a cartway, the supreme court deemed it devisable to vacate the judgment entered and remand the cause for a rehearing. Garris v. Byrd, 229 N. C. 343, 49 S. E. (2d) 625.

The laying off of a cartway and the adjudication of damages are matters for the jury of view, subject to review by the court. Garris v. Byrd, 229 N. C. 343, 49 S. E. (2d) 625.

Appeal Lies from Order Appointing Jury.—In a proceed-

ing to establish a cartway or way of necessity from lands of petitioners to a state highway, under this and the preceding section, an order of the clerk adjudging that petitioners are entitled to the relief and appointing a jury of view to "lay off" the cartway is a final determination of the right to the easement, leaving only the mechanics of execution to the jury of view, and therefore an appeal to the superior court by respondents whose lands are affected is not premature, and judgment of the superior court dismissing the appeal and remanding the cause to the clerk, is erroneous. Triplett v. Lail, 227 N. C. 274, 41 S. E. (2d) 755.

§ 136-71. Church roads and easements of public utility lines laid out on petition; procedure.—Necessary roads or easements and right of ways for electric light lines, power lines, water lines, sewage lines, and telephone lines leading to any church or other place of public worship may be established in the same manner as set forth in the preceding sections of this article upon petition of the duly constituted officials of such church. (Rev., ss. 2687, 2689; Code, ss. 2062, 2064; 1872-3, c. 189, ss. 1-3, 5; 1931, c. 448; 1949, c. 382; C. S. 3838.)

Editor's Note.—The 1949 amendment inserted the provision as to easements and rights of way for electric light and other lines.

Art. 6. Ferries and Toll Bridges.

§ 136-89. Safeguarding transportation of life; guard chains or gates.

Editor's Note.—To the historical reference appearing in original should be added, "C. S. 3825(b), 3825(c)."

Art. 6A. Municipal Corporations Operating Toll Roads.

§ 136-89.1. Who may file petition with municipal board of control for organization of corporation.—Any number of persons not less than ten (10) are hereby authorized and empowered to file a petition with the municipal board of control created by G. S. § 160-195, for the organization and creation of a municipal corporation for the purpose of acquiring rights of way, owning and operating a toll road or highway in the state. (1949, c. 1024, s. 1.)

§ 136-89.2. Presentation of petition to secretary of board of control; contents of petition; order for and notice of hearing.—The petition shall be presented to the secretary of the municipal board of control and shall set forth the name by which the municipal corporation is to be known and shall describe in a general way the location of the proposed highway of toll road which is to be constructed or acquired, and by giving the names of the owners of the lands over which the said toll road or highway is to be constructed. The said petition shall describe in general terms the nature of the highway to be constructed and the width of the right of way which is desired to be acquired, which shall not exceed a width of one hundred (100) feet.

The secretary of said board shall thereupon make an order prescribing the time and place for the hearing of said petition before the municipal board of control. Notice of hearing shall be published once a week for four weeks in a newspaper published in or having a circulation in the county or counties where such toll road or highway is to be constructed, giving notice of the proposal to organize a municipal corporation for such purpose. Such notice is to be signed by the secretary of said board. (1949, c. 1024, s. 2.)

§ 136-89.3. Procedure on hearing; order creating municipal corporation; recordation of papers relating to organization; fees.—Any person in any manner interested in the laying out and construction of the said toll road or highway may appear at the hearing of such petition, and the matter shall be tried as an issue of fact by the municipal board of control, and no formal answer to the petition need be filed. The board may adjourn the hearing from time to time in its discretion. The municipal board of control shall determine whether or not the laying out, construction and operation of the toll road is in the public interest and whether all the requirements of this article have been substantially complied with and, if the municipal board of control shall so find, it shall enter an order creating a municipal corporation and fixing the name of the same, giving it the name proposed in the petition unless, for good cause, it finds that some other name should be provided.

All papers in reference to the organization of such municipal corporation shall be filed and recorded in the office of the secretary of state, and certified copies thereof shall be filed and recorded in the office of the clerk of the superior court of the county in which such municipal corporation shall operate. The fees shall be the same as now provided for organization of a private non-stock corporation and shall be paid out of the funds of such municipality.

Upon the approval of the municipal board of control and the recording of the papers, as above provided, the organization shall become a municipal corporation with such powers and functions as are prescribed in this article. (1949, c. 1024, s. 3.)

§ 136-89.4. Election of board of commissioners; term of office; vacancy appointments.—Within ninety (90) days after the organization of such municipal corporation, the petitioners for the same shall meet at the courthouse of the county in which the said toll road or highway or some part thereof is located and elect a board of not less than three (3) nor more than seven (7) commissioners which shall act as the governing board of said municipal corporation. Notice of the time and place of such meeting may be given by any three (3) of the petitioners, and such board of commissioners, when elected, shall serve for a term of six (6) years from the date of their election or until their successors are duly elected and qualified. The successors to such board of commissioners shall be elected by the commissioners before their term of office expires, and any vacancy in the membership thereof shall be filled by the remaining members of the said commission. (1949, c. 1024, s. 4.)

§ 136-89.5. President and secretary of board; seal.—The board of commissioners of said municipal corporation shall elect a president and secretary thereof and adopt a common seal, said officers to serve for a term of six years or until their successors are duly elected and qualified. Any vacancies occurring in such offices shall be filled by the appointment of the board of com-

missioners for the unexpired term of the one creating such vacancy. (1949, c. 1024, s. 5.)

§ 136-89.6. Authority of corporation to construct and operate toll road.—The said municipal corporation, when organized, is hereby authorized and empowered to lay out, open up, own and construct and operate a toll road over the route designated in the petition and to make such reasonable charges for the use of said highway as shall be approved by the North Carolina utilities commission. (1949, c. 1024, s. 6.)

§ 136-89.7. Power of eminent domain.—In the event the said municipal corporation is unable to agree with the owner of the land across whose land a toll road or highway is to be constructed as to the acquisition of the right of way across such land for the use and operation of the said toll road, the said municipal corporation shall have the right to acquire such easement and right of way by eminent domain upon compliance with the provisions of the Public Works Eminent Domain Law, set forth in article 3 of chapter 40, of the General Statutes, provided, that the said right of way shall not exceed one hundred (100) feet in width, or such right of way may be condemned in accordance with the provisions of article 2 of chapter 40 of the General Statutes of North Carolina. (1949, c. 1024, s. 7.)

§ 136-89.8. Operation of corporation for public benefit.—Said corporation, when created, shall be operated entirely for the benefit of the public, and no person shall receive any profits whatever from the operation thereof, except that the officers and employees of said corporation shall be paid by the governing board thereof reasonable compensation for services rendered. (1949, c. 1024, s. 8.)

§ 136-89.9. Issuance of revenue bonds.—In order to defray the costs of the acquisition of right of way and the construction of the said toll road or highway and structures which are placed thereon, the said municipal corporation is hereby authorized and empowered to issue revenue bonds, in accordance with the provisions of Revenue Bonds Act of 1938, as set forth in article 34 of chapter 160 of the General Statutes, and G. S. § 160-423 shall not be applicable as to any bonds issued by such municipality, and the same may be issued at any time thereafter as may be determined by the governing board thereof. (1949, c. 1024, s. 9.)

§ 136-89.10. Bonds, notes and property exempt from taxation.—All of said bonds and notes and coupons shall be exempt from all state, county and municipal taxation or assessment, direct or indirect, general or special, whether imposed for the purpose of general revenue or otherwise, and the interest on said bonds and notes shall not be subject to taxation as for income, nor shall said bonds or notes or coupons be subject to taxation when constituting a part of the surplus of any bank, trust company or other corporation. All the property of the said corporation shall be exempt from all taxation. (1949, c. 1024, s. 10.)

§ 136-89.11. Art. 7. Miscellaneous Provisions.

§ 136-96. Road or street not used within 20 years after dedication deemed abandoned; declaration of withdrawal recorded; defunct corporations.

Editor's Note.—

To the historical reference appearing in original should be added, "C. S. 3846(ss), 3846(tt)."

Withdrawal in Conformity with Section Terminates Easement.—

Where land impliedly dedicated has not been actually opened or used for twenty years, and no person has asserted public or private easement thereon within the period fixed by this section or at any other time, and the land is not necessary for ingress, egress or regress to lots sold, effect is given by this section to the filing of a declaration of withdrawal of the land from dedication on the part of those holding under the original owner, and the dedication of the land is conclusively presumed to have been abandoned, and no claim of easement public or private may thereafter be enforced. Foster v. Atwater, 226 N. C. 472, 38 S. E. (2d) 316, 318.

Section Not Applicable Where Road Is Way of Necessity.—Where the jury found that continued use of the street was necessary to afford convenient ingress, egress and regress to the lot owned by plaintiffs the provisions of this section that a street not used within 20 years after dedication shall be deemed abandoned were not applicable. Evans v. Horne, 226 N. C. 581, 39 S. E. (2d) 612, 614, following Home Real Estate Loan, etc., Co. v. Carolina Beach, 216 N. C. 778, 7 S. E. (2d) 13; and distinguishing Sheets v. Walsh, 217 N. C. 32, 6 S. E. (2d) 817.

Burden of Proof and Admissibility of Evidence.—In an action for damages for trespass and to enjoin further trespass upon an easement claimed by plaintiffs by dedication, the burden is on plaintiffs to establish the property right asserted, and defendants are entitled to introduce the record of withdrawal of dedication executed pursuant to this section as a release or extinguishment by estoppel of record from sources to which plaintiffs were a privy, notwithstanding the absence of allegation in their answer of such withdrawal from dedication. Pritchard v. Fields, 228 N. C. 441, 45 S. E. (2d) 575.

§ 136-102. Billboard obstructing view at entrance to school, church or public institution on public highway.—1. It shall be unlawful for any person, firm, or corporation to construct or maintain outside the limits of any city or town in this state any billboard larger than six square feet at or nearer than two hundred feet to

the point where any walk or drive from any school, church, or public institution located along any highway enters such highway except under the following conditions:

(a) Such billboard is attached to the side of a building or buildings which are or may be erected within two hundred feet of any such walk or drive and the attachment thereto causes no additional obstruction of view.

(b) A building or other structure is located so as to obstruct the view between such walk or drive and such billboard.

(c) Such billboard is located on the opposite side of the highway from the entrance to said walk or drive.

2. Any person, firm, or corporation convicted of violating the provisions of this section shall be guilty of a misdemeanor and punished by a fine of ten dollars ($10.00), and each day that such violation continues shall be considered a separate offense. (1947, c. 304, ss. 1, 2.)

§ 139-2. Legislative determinations, and declaration of policy.

C. The Appropriate Corrective Methods.—To conserve soil resources and control and prevent soil erosion, it is necessary that land-use practices contributing to soil wastage and soil erosion be discouraged and discontinued, and appropriate soil-conserving land-use practices be adopted and carried out. Among the procedures necessary for widespread adoption, are the carrying on of engineering operations such as the construction of terraces, terrace outlets, check-dams, dikes, ponds, ditches, and the like; the utilization of strip cropping, lister furrowing, contour cultivating, and contour furrowing; farm drainage; land irrigation; seeding and planting of waste, sloping, abandoned, or eroded lands with water-conserving and erosion-preventing plants, trees, and grasses; forestation and reforestation; rotation of crops; soil stabilization with trees, grasses, legumes, and other thick-growing, soil-holding crops; the addition of soil amendments; manurial materials, and fertilizers for the correction of soil deficiencies, and/or to promote increased growth of soil-protecting crops; retardation of run-off by increasing the absorption of rainfall; and retirement from cultivation of steep, highly erosive areas and areas now badly gullied or otherwise eroded.

(1947, c. 131, s. 1.)

Editor's Note.—The 1947 amendment inserted the words "farm drainage" in line thirteen of subsection C. As the rest of the section was not affected by the amendment it is not set out.

(12) "Due notice" means notice given by posting the same at the courthouse door and at three other public places in the county, including those where it may be customary to post notices concerning county or municipal affairs generally, not less than ten days before the date of the event of which notice is being given. At any hearing held pursuant to such a notice at the time and place designated in such a notice, adjournment may be made from time to time without the necessity of renewing such notice for such adjourned dates. (1937, c. 393, s. 3; 1947, c. 131, s. 2.)

Editor's Note.—The 1947 amendment rewrote subsection (12). As the rest of the section was not changed it is not set out.

There is hereby established to serve as an agency of the state and to perform the functions conferred upon it in this chapter, the state soil conservation committee which shall be composed of the following members. The following shall serve, ex-officio, as members of the committee: the director of the state agricultural extension service, the director of the state agricultural experiment station, and the state forester. Three members shall consist each year of the president, first vice-president and the immediate past president of the state association of soil conservation district supervisors. The committee shall invite the secretary of the United States department of agriculture to appoint some resident of North Carolina to serve as a member of the committee. The committee, in cooperation with the North Carolina State College of Agriculture and Engineering in the state, shall develop a program for soil conservation and for other purposes as provided for in this chapter, and shall keep a record of its official actions, shall adopt a seal, which seal shall be judicially noticed, and may perform such acts, hold such public hearings, and promulgate such rules and regulations as

may be necessary for the execution of its functions under this chapter.

C. The committee shall designate its chairman, and may, from time to time, change such designation. A member of the committee shall hold office so long as he shall retain the office by virtue of which he shall be serving on the committee. A majority of the committee shall constitute a quorum, and the concurrence of a majority of the committee in any matter within their duties shall be required for its determination. Every member of the state committee who does not receive a salary from an agency of the state or federal government, shall receive a per diem of five dollars ($5.00) while engaged in the discharge of the duties of the committee, and all members of the state committee shall be entitled to their necessary expenses, including traveling expenses, necessarily incurred in the discharge of their duties as members of the committee. The committee shall provide for the execution of surety bonds for all employees and officers who shall be entrusted with funds or property, shall provide for the keeping of a full and accurate record of all proceedings and and of all resolutions, regulations, and orders issued or adopted; and shall provide for an annual audit of the accounts of receipts and disbursements.

(1947, c. 131, s. 3.)

Editor's Note.—The 1947 amendment rewrote subsection A and the fourth sentence of subsection C. As the other subsections were not changed they are not set out.

§ 139-5. Creation of soil conservation districts. F. If the committee shall determine that the operation of the proposed district within the defined boundaries is administratively practicable and feasible, it shall appoint two temporary supervisors to act as the governing body of the district, who shall serve until supervisors are elected or appointed and qualify as provided in §§ 139-6 and 139-7. Such districts shall be a governmental subdivision of this state and a public body corporate and politic, upon the taking of the following proceedings:

The two appointed temporary supervisors shall present to the secretary of state an application signed by them which shall set forth (and such application need contain no detail other than the mere recitals): (1) that a petition for the creation of the district was filed with the state soil conservation committee pursuant to the provisions of this chapter and that the proceedings specified in this chapter were taken pursuant to such petition; that the application is being filed in order to complete the organization of the district as a governmental subdivision and public body, corporate and politic under this chapter; and that the committee has appointed them as supervisors; (2) the name and official residence of each of the temporary supervisors, together with a certified copy of the appointment evidencing their right to office; (3) the name which is proposed for the district; and (4) the location of the principal office of the supervisors of the district. The application shall be subscribed and sworn to by each of the said temporary supervisors before an officer authorized by the laws of this state to take and certify oaths, who shall certify upon the application that he personally knows the temporary supervisors and knows them to be the officers as affirmed in the application, and that each has subscribed thereto in the officer's presence. The application shall be accompanied by a statement by the state soil conservation committee, which shall certify (and such statement need contain no detail other than the mere recitals) that a petition was filed, notice issued, and hearing held as aforesaid, that the committee did duly determine that there is need, in the interest of the public health, safety and welfare, for a soil conservation district to function in the proposed territory and did define the boundaries thereof; that notice was given and a referendum held on the question of the creation of such district, and that the result of such referendum showed a majority of the votes cast in such referendum to be in favor of the creation of the district; that thereafter the committee did duly determine that the operation of the proposed district is administratively practicable and feasible. The said statement shall set forth the boundaries of the district as they have been defined by the committee.

(1947, c. 131, s. 4.)

Editor's Note.—The 1947 amendment rewrote the first two paragraphs of subsection F. As the rest of the section was not changed only these paragraphs are set out.

§ 139-6. Election and duties of county supervisors; county chairman to be ex officio district supervisor.—After issuance by the secretary of state of the certificate of organization of the soil conservation district, nominating petitions may be filed with the state soil conservation committee not less than ten nor more than sixty days preceding the first day of election week as provided in this section, to nominate candidates for a soil conservation committee in each county of the district, to be composed of three members. Any qualified voter may sign as many nominating petitions as there are vacancies on the county committee to be filled, but no nominating petition shall be accepted by the committee unless it shall be subscribed by twenty-five or more qualified voters of such county.

An election to elect a member or members of a county committee shall be held annually during the week of December in which the first Tuesday after the first Monday falls, and the polls shall be open each weekday of that week from six-thirty o'clock a. m. to six-thirty o'clock p. m., Eastern Standard Time.

At the first election held pursuant to this chapter, as amended, the candidate receiving the largest vote shall be elected for a term of three years, the candidate receiving the next largest number of votes shall be elected for a term of two years and the candidate receiving the third largest number of votes shall be elected for a term of one year. The names of all nominees on behalf of whom such petitions have been signed within the time herein designated, shall appear, arranged in the alphabetical order of the surnames, upon ballots, with a square before each name and a direction to insert an X mark in the squares before any three names to indicate the voter's preference in said first election. All qualified voters residing within the county shall be eligible to vote in such election. The three candidates who shall receive the largest number of the votes cast in such election shall be elected members of the soil conservation committee for the county. Their successors shall be elected for a term of three years. All members of the

county committee elected pursuant to this chapter shall take office on the first Monday in January following their election.

The state committee shall pay all of the expenses of such election, shall supervise the conduct thereof, shall prescribe regulations governing the conduct of such an election and the determination of the eligibility of voters therein, and shall publish the results thereof.

A county committee shall select from its members a chairman, a vice-chairman, and a secretary. The chairman will be ex-officio a member of the soil conservation district board of supervisors; the vice-chairman will be first alternate district supervisor; and the secretary will be second alternate district supervisor.

It shall be the duty of members of a county soil conservation committee (1) to be responsible for the securing of nominating petitions for the election of the county committee, providing for elections, reporting the results thereof to the district supervisors, who, in turn, shall report the results to the state committee, all to be done under the supervision of the state committee; (2) to work in close harmony with the district supervisors of their district in the performance by the district supervisors of their duties set out in paragraphs (1), (2), and (6) of G. S. § 139-8; (3) to further develop annual county goals and plans for reaching these goals for soil conservation work in their county; and (4) to request agencies whose duties are such as to render assistance in soil and water conservation to set forth in writing or memorandum what assistance they may have available in the county and report such to the district supervisors. (1937, c. 393, s. 6; 1947, c. 131, s. 5; 1949, c. 268, s. 1.)

Editor's Note.—The 1947 amendment rewrote this section. The 1949 amendment rewrote the caption of this section.

§ 139-7. Appointment, qualifications and tenure of supervisors.—The governing body of any district shall consist of the chairman of the county committees of the counties within the district, together with such additional supervisor or supervisors as may be appointed by the state committee pursuant to this paragraph, except that when a district is composed of only one county, the members of the county committee shall be members of the board of supervisors of the district which such county comprises. When a district is comprised of less than four counties, the state committee shall appoint two residents of the district to serve as district supervisors along with the elected supervisors. When a district is comprised of four or more counties, the state committee may, but is not required to, appoint one resident of the district to serve as a district supervisor along with the elected supervisors. Such appointive supervisors shall qualify and assume their duties at the same time as the elected supervisors and shall serve for a term of three years. When a vacancy arises with respect to an appointive supervisor, the state committee shall fill such vacancy for the unexpired term by appointment of a resident of the district in which the vacancy occurs. Every supervisor shall hold office until his successor has been elected or appointed and qualifies. When a vacancy arises on a county committee, the vacancy shall be filled by appointment by the state committee, of a resident of the county, to serve the remainder of the unexpired term.

The supervisors shall designate a chairman and and may, from time to time, change such designation. A simple majority of the board shall constitute a quorum for the purpose of transacting the business of the board, and approval by a majority of those present shall be adequate for a determination of any matter before the board, provided at least a quorum is present. Supervisors of soil conservation districts shall receive a per diem of five dollars ($5.00) and necessary expenses for attendance upon meetings of district supervisors, provided that when a per diem and expense allowance is claimed for attendance upon any district supervisor's meetings outside the district for which such supervisor serves, the same may not be paid unless written approval is obtained from the state committee prior to any such meeting.

The supervisors may employ a secretary, technical experts, whose qualifications shall be approved by the state committee, and such other employees as they may require, and shall determine their qualifications, duties and compensation. The supervisors may call upon the attorney general of the state for such legal services as they may require. The supervisors may delegate to their chairman, to one or more supervisors, or to one or more agents, or employees such powers and duties as they may deem proper. The supervisors shall furnish to the state soil conservation committee, upon request, copies of such ordinances, rules, regulations, orders, contracts, forms, and other documents as they shall adopt or employ, and such other information concerning their activities as it may require in the performance of its duties under this chapter.

The supervisors shall provide for the execution of surety bonds for all employees and officers who shall be entrusted with funds or property; shall provide for the keeping of a full and accurate record of all proceedings and of all resolutions, regulations, and orders issued or adopted; and shall provide for an annual audit of the accounts of receipts and disbursements. Any supervisor may be removed by the state soil conservation committee upon notice and hearing, for neglect of duty, incompetence or malfeasance in office, but for no other reason.

The supervisors may invite the legislative body of any municipality or county located near the territory comprised within the district to designate a representative to advise and consult with the supervisors of the district on all questions of program and policy which may affect the property, water supply, or other interests of such municipality or county.

All district supervisors whose terms of office expire prior to the first Monday in January, 1948, shall hold over and remain in office until supervisors are elected or appointed and qualify as provided in this chapter, as amended. The terms of office of all district supervisors, who have heretofore been elected or appointed for terms extending beyond the first Monday in January, 1948, are hereby terminated on the first Monday in January, 1948. (1937, c. 393, s. 7; 1943, c. 481; 1947, c. 131, ss. 6, 7.)

Editor's Note.—The 1947 amendment rewrote the first two paragraphs and added the last paragraph.

§ 139-14. Dividing large districts.—Whenever the state committee shall receive a petition from any board of district supervisors signed by all supervisors of such district, the state committee shall have the authority to divide such district into two or more districts. The governing bodies of the resulting districts shall be composed of supervisors in the same manner and in the same number as is provided in §§ 139-6 and 139-7. Upon the creating of new districts through dividing an existing district under the provisions of this section, the state committee shall appoint all district supervisors necessary to give such district its full quota of supervisors who shall serve until regular supervisors are elected or appointed, as the case may be, at the time of the next regular election of supervisors. The state committee shall assign a name to each district resulting from the division of the district under the provisions of this section and do all other things necessary to complete the organization of such new districts and place them on an operating basis. (1947, c. 131, s. 8.)

§ 139-15. "County committeeman" construed to mean "county supervisor"; powers and duties.—Wherever the words "county committeeman" or "county committeemen" appear in this chapter, the same shall be construed to mean "county supervisor" or "county supervisors"; and each such county committeeman or county supervisor shall receive the same compensation and have and exercise the same rights, powers, duties, responsibilities and voting privileges granted to or imposed upon district supervisors in respect to soil conservation activities under the provisions of this chapter. Chapter 143. State Departments, Institutions, and Commissions.

Art. 1. Executive Budget Act.

§ 143-34.1. Payrolls submitted to the assistant to the director of the budget; approval of payment of vouchers.—All payrolls of all departments, institutions, and agencies of the state government shall, prior to the issuance of vouchers in payment therefor, be submitted to the assistant to the director of the budget, who shall check the same against the appropriations to such departments, institutions and agencies for such purposes, and if found to be within said appropriations, he shall approve the same and return one to the department, institution or agency submitting same and transmit one copy to the state auditor, and no voucher in payment of said payroll or any item thereon shall be honored or paid except and to the extent that the same has been approved by the assistant to the director of the budget. (1949, c. 718, s. 5.)

Art. 2. State Personnel Department.

§ 143-35. State personnel department established.—(1) Department distinct from budget bureau and under supervision of director.—There is hereby created and established a state personnel department (hereinafter referred to as "department") for the state of North Carolina. The department shall be separate and distinct from the budget bureau and shall be under the administration and supervision of a director appointed by the state personnel council. The salary of the director shall be fixed by the personnel council and shall not exceed that of the highest paid appointive head of any other state department, bureau, agency or commission. The director shall serve at the pleasure of the personnel council.

(2) State personnel council.—There is hereby created and established a state personnel council (hereinafter referred to as "council") for the purpose of advising and assisting the state personnel director in preparing, formulating and promulgating rules and regulations, determining and fixing job classifications and descriptions, job specifications and minimum employment standards, standards of salaries and wages, and any and all other matters pertaining to employment under this article. The state personnel council shall consist of seven members to be appointed by the governor of North Carolina on or before July 1, 1949. The council shall have the power to designate the member of said council who shall act as the chairman thereof. At least two members of the council shall be individuals of recognized standing in the field of personnel administration and who are not employees of the state, who are subject to the provisions of this article; at least two members of the council shall be individuals actively engaged in the management of a private business or industry; not more than two members of the council shall be individuals chosen from the employees of the state subject to the provisions of this article. The council shall meet at least one time in each calendar quarter of the year, or upon call of the governor, or of the director, or a member of the council, or

at the request of the head of any department or agency when necessary to consider any appeal provided for hereunder. Five members of the council shall constitute a quorum. Notice of meetings shall be given members of the council by the director who shall act as secretary to the council. The members of the council shall each receive seven dollars ($7.00) per day including necessary time spent in traveling to and from their place of residence within the state to the place of meeting while engaged in the discharge of the duties imposed hereunder, and his necessary subsistence and traveling expenses. Members of the council who are the employees of the state, as provided hereunder, shall not receive any per diem for their services but such members shall receive traveling expenses and subsistence, while engaged in the discharge of their duties hereunder, at the same rate and in the same amount as provided for state employees without any deduction for loss of time from their employment. Two of the council members shall be appointed by the governor to serve for a term of two years. Two members shall be appointed to serve for a term of three years. Three members shall be appointed to serve for a term of four years and upon the expiration of the respective terms, the successors of said members shall be appointed for a term of four years each thereafter: Provided, however, that no two members appointed from the same occupational groups named in this article shall serve terms expiring on the same date. Any member appointed to fill a vacancy occurring in any of the appointments made by the governor prior to the expiration of the term for which his predecessor was appointed shall be appointed for the remainder of such term. A member of the state personnel council shall not be considered a public officer, or as holding office within the meaning of article 14, section 7, of the constitution of this state, but such member shall be a commissioner for a special purpose. The governor may, at any time after notice and hearing, remove any council member for gross insufficiency, neglect of duty, malfeasance, misfeasance, or nonfeasance in office.

(3) Personnel officers representing state departments, agencies and commissions.—For the purpose of aiding and assisting in the operation and administration of this article, each state department, agency or commission shall appoint, or shall designate from among its present employees, a personnel officer to represent the department, agency or commission and the head of same in carrying out the provisions of this article within such department, agency or commission. All personnel officers designated hereunder shall serve in an advisory and consulting capacity to the state personnel director and the council in both intra-department and inter-department personnel policies and practices.

(4) Merit system council; responsibility of state personnel director; supervisor of merit examinations.—The merit system council created under the provisions of chapter 126 of the General Statutes, and all powers and duties heretofore exercised by the merit system council, shall continue in effect as provided in chapter 126 of the General Statutes: Provided, however, that the state personnel director shall be charged with the responsibility of carrying out the regulations and policies maintained and provided by the merit system council and the administration of same as applicable to individuals, employees and agencies of the state now subject to chapter 126 of the General Statutes, as amended, or as the same from time to time may be amended, but excluding and excepting from the application of this article all employees of the county welfare departments and the county, city, county-city and district health departments, and that nothing herein contained shall be construed so as to alter, abridge or deprive the merit system council of the authority vested in it by virtue of § 126-14 of the General Statutes. The state personnel director shall select and appoint, with the advice and approval of the merit system council, and in accordance with the merit system regulations, a person designated as supervisor of merit examinations, who shall not be a member of the merit system council and who shall be charged with the performance of the duties and functions of supervisor of merit examinations as provided by chapter 126 of the General Statutes. (1949, c. 718, s. 1; c. 1174.)

Editor's Note.—Session Laws 1949, c. 718, rewrote this article, inserted § 143-34.1 and amended §§ 126-2, 126-3 and 126-16. Section 6 of the said chapter provides: "Nothing herein shall be construed as authorizing the fixing of classifications and descriptions, job specifications and employment standards, standards of salaries or wages, or necessary number of positions, or otherwise which cause the total funds required by any department, agency, bureau, or commission to exceed the funds appropriated for salaries and wages in that agency for either year of the biennium."

Session Laws 1949, c. 1174, changed the compensation of a member of the council from ten to seven dollars a day.

§ 143-36. Duties and powers of director and council; surveys, classifications, etc.; report of director.—The state personnel director, with the head of each department, agency, bureau or commission of the state government, shall, as soon as practicable after the ratification of this article, undertake a new survey and investigation of the needs for personal service in all state departments, agencies, bureaus or commissions subject to this article for the purpose of establishing job specifications and minimum employment standards, job descriptions, job classifications, and salary schedules, and shall eliminate any existing inequalities between salaries and/or classifications of employees of substantially equal qualifications rendering substantially similar service. The state personnel director, with the head of each department, agency, bureau or commission, shall, after making such survey and investigation and upon the information so assembled, and with the approval of the council, fix, determine and classify the necessary number of positions and employees in all state departments, bureaus, agencies and commissions, the type and nature of work to be performed in such positions and by employees, and shall fix, establish and classify a standard of salaries and wages with a minimum salary rate and a maximum salary rate and such intermediate salary rate or rates as may be deemed necessary and equitable to be paid for all such services and positions and to all employees of the state subject to the provisions of this article. When the personnel survey and investigation is completed with respect to a particular department, bureau, agency or commission, the state personnel

director shall file a report with the governor and with the head of such department, bureau, agency or commission, setting out the number of allowable positions, the classification of the positions, and the duties to be performed and/or positions to be filled, and the salaries and wages to be paid to each of the employees in said department, bureau, agency or commission, and the scale of increments to be granted at least once each year to each employee whose services have met the standard of efficiency as established by the state personnel director and approved by the council and governor: Provided, however, in establishing the standards of efficiency for the purpose of annual increments, the regulations shall provide that all employees whose services merit retention in service shall, as hereinafter set forth, be granted annual increments up to but not exceeding the intermediate salary step nearest to the middle of the salary range established for the respective classification and/or position, and those employees whose services meet higher standards, as formulated and fixed by the state personnel director and council, shall, as hereinafter set forth, be given annual increments up to but not exceeding the maximum of the salary range for the respective classification and/or position. (1949, c. 718, s. 1.)

§ 143-37. Contents of report to become fixed standard; effective date.—When said report with respect to any such department, bureau, agency or commission has been completed and filed with and approved by the governor, and also filed with the head of such department, bureau, agency or commission, the findings in said report shall then become the fixed standard for the number of allowable positions and employees, the classification of positions and the duties to be performed, and/or the positions to be filled, the salaries and/or wages to be paid, and the increments to be granted to all employees in the department, bureau, agency or commission, to which said report relates, and it shall thereupon be the duty of the head of such department, bureau, agency or commission, on the first day of the next month, beginning not less than thirty days subsequent to the date of the reception of said report by him, to put the same into effect, and thereupon with respect to such department, bureau, agency or commission, the classification of positions, the number of employees, the duties to be performed and/or the positions to be filled, the salaries and wages to be paid, and the increments to be granted, all as specified in said report, shall become the only allowable standard for and with respect to such department, bureau, agency or commission. (1949, c. 718, s. 1.)

§ 143-38. Further surveys; reconsideration and change of report.—It shall be the duty of the state personnel director upon request of the head of any state department, bureau, agency or commission, and also from time to time without such request, to make additional surveys in regard to, and to keep informed of, the needs for personal services in the several state departments, bureaus, agencies and commissions, and to reconsider the report hereinbefore provided for, and with the approval of the council and the governor, to make changes therein in accordance with such findings; and upon report by him to the head of any department, bureau, agency or commission, and to the governor, setting out such findings and changes, it shall be the duty of the head of such department, bureau, agency or commission, to put such findings and changes into effect on the first day of the next month, beginning not less than thirty days after the date of receipt by him of such report: Provided, however, the state personnel director shall have the authority to make necessary individual adjustments within the framework of the approved salary and classification plan. (1949, c. 718, s. 1.)

§ 143-39. Payment of increments considered state personnel policy; increments to be considered in request for appropriations.—All salary ranges for state employees not exempted from this article shall contain a fixed and uniform scale of increments between the minimum and maximum salary rate as fixed and determined according to the provisions of § 143-36 of this article. It shall be considered a part of the personnel policy of this state that these increments or increases in pay shall be granted in accordance with standards and regulations fixed, determined and established by the state personnel director and the council as authorized and provided under the provisions of § 143-36 of this article. The head of each department, bureau, agency or commission, when making his request for the ensuing biennium shall take into account the annual and other increments based on efficiency standards as established, or as may be established, under the provisions of this article, for the employees of his department, bureau, agency or commission, and such head shall anticipate the amounts which shall be required during the biennium for the purpose of paying such increments, and shall include such amounts in his appropriations request, but in no case shall the amount estimated for increments based on efficiency standards exceed two-thirds the sum which would be required to grant efficiency increments to all the personnel of the agency then receiving, or who would receive during the first year of the biennium, the intermediate salary nearest the middle of the salary range established for the respective classification and/or position; provided, however, with the consent of the personnel council, state departments, bureaus, agencies or commissions with twenty-five (25) or less employees may exceed the two-thirds restrictions herein set up. (1949, c. 718, s. 1.)

§ 143-40. Director and council to fix holidays, vacations, hours, sick leave and other matters pertaining to state employment.—The state personnel director, upon the advice and approval of the council, shall fix, determine and establish the hours of labor in each state department, bureau, agency or commission, and is authorized and empowered to make all necessary rules and regulations with respect to holidays, vacations, sick leave or any other type of leave, and any and all other matters having direct relationship to services to be performed and the salaries and wages to be paid therefor, all of which shall be subject to the approval of the governor: Provided, however, that the amount of annual leave granted as a matter of right to each regular state employee

shall not be less than one and one-fourth days per calendar month cumulative to at least thirty days, and that sick leave granted to each state employee shall not be less than ten days for each calendar year, accumulative from year to year. (1949, c. 718, s. 1.)

§ 143-41. Director to determine qualifications of applicants for positions.—The state personnel director, with the advice and approval of the council and governor, shall adopt rules and regulations to the end that applicants for positions in the various state departments, bureaus, agencies, and commissions covered by this article may file applications for state employment with the director, and it shall be the duty of the director to examine into the qualifications of each applicant within a reasonable period of time after the application is filed, and the director shall notify each applicant of the results of such examination in writing and shall certify and shall keep a list of persons so qualified. Said list shall be open to the inspection of the heads of the various departments, bureaus, agencies and commissions of the state, and such heads may from time to time fill positions from such lists. When any position covered by this article has remained unfilled for a period of ten days, it shall be the duty of the department, bureau, agency or commission in which the unfilled position exists to notify the director of the fact, and the director shall list the unfilled position, so long as it shall remain unfilled, on the list which he shall keep posted in his office where it shall be available on demand to any person seeking employment in various state agencies, departments, bureaus or commissions. The list of certified applicants and list of unfilled positions shall be presented to the council for its information at each regular meeting of the council. (1949, c. 718, s. 1.)

§ 143-42. Appeal provided in case of disagreement.—In the event there shall be a disagreement between the state personnel director and the head of any other department, bureau, agency or commission of the state or between the state personnel director and any employee subject to this article because of any ruling of the director upon any question involving such other department, bureau, agency or commission, or any of its positions, employees, or other matter within the scope and purview of this article, then the matters in dispute shall be heard by the council. Any employee or agency head may appeal from the decision of the council and the matter shall be heard by the governor and the decision or action of the governor thereon shall be final. (1949, c. 718, s. 1.)

§ 143-43. Offices of state personnel department; department to employ clerical and necessary assistants.—The board of public buildings and grounds shall provide the state personnel department with adequate offices in the city of Raleigh, North Carolina. The state personnel director shall be charged with the supervision and administration of all activities subject to the jurisdiction and control of the state personnel department and, subject to the approval of the council and governor, said director is hereby authorized to employ clerical and such other assistants as may be deemed necessary and adequate in order to carry out the purpose and intent of this article. For the purpose of establishing and fixing proper and adequate standards, classifications, job descriptions, specifications and salaries for technical, professional and skilled employees and for any other purposes pertinent to this article, the director may, in cooperation with the head of any other state department, bureau, agency or commission, make use of the data, studies and services of any such department, bureau, agency or commission or the technical, professional or special knowledge or services of any employees of such department, bureau, agency or commission. (1949, c. 718, s. 1.)

§ 143-44. Director to determine the qualifications of state employees selected by heads of departments; persons employed on effective date deemed qualified.—All persons employed in any department, bureau, agency or commission of the state government on the effective date of this article shall be deemed qualified for the positions they hold or occupy, provided no person who has held any position for a period of less than six months on the effective date of this article shall be deemed qualified until he shall have completed six months of satisfactory service in such position or shall before that time have been examined and found qualified by the director in accordance with the rules and regulations of the council.

The selection and appointment of all personnel of all of the departments, bureaus, agencies or commissions of the state, shall, as heretofore, be exercised by the head of the department, bureau, agency or commission as to which the employment is to be performed, but, from and after the effective date of this article, such employment shall be subject to the approval of the state personnel director, as to whether such employees so selected meet the standards of qualifications established under this article, and, if such person so selected is found duly qualified according to such standards, the personnel director shall approve the employment if otherwise authorized and permissible under this article. Any employee of the state or any person seeking employment who has been found by the director not to be qualified for the position applied for may appeal the decision of the director to the council at its next regular meeting after he has received notice of disqualification. (1949, c. 718, s. 1.)

§ 143-45. Director to certify copies of reports to state auditor and budget bureau.—The state personnel director shall transmit to the state auditor and the budget bureau copies of his report or reports, or any changes in same, with respect to the various departments, bureaus, agencies and commissions, and the salaries and wages, including increments, for such positions and employees in the several departments, bureaus, agencies and commissions and the same shall be paid out of the appropriations for such purposes and in accordance with the schedule set out in said report or reports or any duly established changes made therein: Provided, however, that when the director of personnel shall have approved any employment or salary increase in any department, bureau or agency of the state government, the certification for payment by the assistant to the

director of the budget, as required by § 143-34.1, shall not be construed as conferring upon or vesting in the assistant to the director of the budget any authority or control over the employment of personnel, salaries, wages, hours of labor, vacations, sick leave, classifications, standards, regulations and reports, matters, things, administration and functions committed and vested in this article to the jurisdiction and control of the state personnel director and council as set forth in this article. (1949, c. 718, s. 1.)

In all cases of doubt or where any question arises as to whether or not any person, official or employee is subject to the provisions of this article, the doubt, controversy or question shall be investigated and decided by the state personnel director with the approval of the council and such decision shall be final. Where the approval of any appointment, employment and/or salary is required by statute to be made by the budget bureau or assistant to the director of the budget (by whatever title or name), all such authority and power of approval, in whatever manner or form exercised, is hereby transferred to and vested in the state personnel director, and all such statutes shall be deemed to be amended to such extent. (1949, c. 718, s. 1.)

§ 143-47. Classifications and salaries established prior to effective date of article to remain in force until changed.—All classifications, grades, salaries, wages, hours of work, vacation, sick leave, positions and standards heretofore established by the division of personnel under the budget bureau prior to the effective date of this article shall remain in force and effect until the same are amended, altered, voided or replaced by the state personnel director and the council acting under the authority of this article. (1949, c. 718, s. 1.)

Heating and ventilating and accessories. 2. Plumbing and gas fitting and accessories. 3. Electrical installations. 4. Air conditioning, for the purpose of comfort cooling by the lowering of temperature, and accessories. All such specifications must be so drawn as to permit separate and independent bidding upon each of the classes of work enumerated in the above subdivisions. Any board or governing body of the state or of any institution of the state government or of any county, city, town or other subdivision of the state may enter into any contract with the United States of America or any agency thereof for the purchase, lease or other acquisition of any apparatus, supplies, materials or equipment without regard to the provisions of this section which require:

Editor's Note. — The 1945 amendment directed that the last two paragraphs above be added at the end of this section. The 1949 amendment substituted the words "insured by the federal deposit insurance corporation" for the words "authorized to do business in this state" formerly appearing in line twelve of the seventh paragraph, which is the first paragraph set out above. As the rest of the section was not changed it is not set out.

For a brief comment on the 1949 amendment, see 27 N. C. Law Rev. 423.

The purpose of this section is to prevent favoritism, corruption, fraud and imposition in the awarding of public contracts by giving notice to the prospective bidders and thus assuring competition, which in turn guarantees fair play and reasonable prices in contracts involving the expenditure of a substantial amount of public money. Mullen v. Louisburg, 225 N. C. 53, 33 S. E. (2d) 484.

This section applies only to contracts where the bidders have the right to name the price for which they are willing to furnish supplies and materials. It has no application whatever to a contract between a municipality and a public utility, where there can be no competition between bidders because the municipality or the state has the power and authority to fix the price of the service to be rendered or the commodity to be furnished. Muller v. Louisburg, 225 N. C. 53, 33 S. E. (2d) 484.

The terms "apparatus," "materials" and "equipment," used in this section, denote particular types of tangible personal property and could not be construed to include electric current. Mullen v. Louisburg, 225 N. C. 53, 33 S. E. (2d) 484.

The word "supplies" in the section is used in conjunction with the term "apparatus," "materials" and "equipment," and its meaning is confined to property of like kind and nature. Mullen v. Louisburg, 225 N. C. 53, 33 S. E. (2d) 484.

But Contractor May Recover on Quantum Meruit.—Where the work under the contract has been actually done and accepted, the county, city or town is bound on a quantum meruit for the reasonable and just value of the work and labor done and material furnished. Hawkins v. Dallas, 229 N. C. 561, 50 S. E. (2d) 561.

Contract Made in Violation of This Section Is Void.—A contract involving more than $1,000.00 let without advertisement as required by this section is void, and the contractor may not recover on it. Hawkins v. Dallas, 229 N. C. 561, 50 S. E. (2d) 561.

§ 143-131. When counties, cities, towns and other subdivisions may let contracts on informal bids.

Local Modification.—Guilford: 1947, c. 78, s. 3.

§ 143-135. Limitation of application of article.—

This article shall not apply to the state or to subdivisions of the state of North Carolina in the expenditure of public funds where the total cost of any repairs, completed project, building or structure, shall not exceed the sum of fifteen thousand dollars ($15,000.00). (1933, c. 552, ss. 1, 2; 1949, c. 1137, s. 2.)

Art. 12. Law Enforcement Officers' Benefit and Retirement Fund.

§ 143-166. Law enforcement officers' benefit and retirement fund.

The board of commissioners shall have the authority to formulate and promulgate rules and regulations under which any county, city, town or other subdivision of government in whose behalf any member performs service as a law enforcement officer, or any member, may, and is hereby authorized to, elect to pay into the fund for credit to the individual account of such member, either or both: (1) an amount which, when taken with any additional amount which may be permitted by the board to be paid on behalf of such member, shall not exceed in any year five per cent (5%) of such member's compensation; and (2) a sum not to exceed the value of prior service of such member as determined by the board of commissioners; such amounts so paid shall be accumulated in the individual account of such member at such rate of interest as the board of commissioners may from time to time determine and shall, upon retirement of such member be used to provide such additional benefits as the board of commissioners shall determine on the basis of the tables and rate of interest last adopted by the board of commissioners for this purpose: Provided, however, that the amounts paid under this provision by any county, city, town, or other subdivision of government shall revert to said county, city, town, or other subdivision of government upon the death or withdrawal from the fund of a member for whom such amounts were paid. The sums paid by any county, city, town or other subdivision of government as additional payments are hereby declared to be for a public purpose.

It shall be the duty of the state of North Carolina to finance and contribute, for the benefit of each member employed by the state as a law enforcement officer an amount equal to the value of his prior service and the cost of matching his contribution. Such contribution or financing on the part of the state shall be on a percentage basis and shall be credited to the individual account of such member, and upon the death or withdrawal from the fund of a member such sums credited to that individual member's account shall revert to the general fund or highway fund of the state of North Carolina according to the source of the original appropriation. The board of commissioners are hereby authorized to formulate and promulgate additional rules and regulations for the administration of the amounts herein authorized to be appropriated. There is hereby appropriated from the general fund of the state for those law enforcement officers whose salary is paid out of the general fund, and from the highway fund of the state for those law enforcement officers whose salary is paid out of the highway fund appropriation in such amount as may be necessary to pay the state's share of the cost of the financing of this provision for the biennium 1949-51. Such appropriation shall be made at the same time and manner as other state appropriations and in the sums and amounts as determined by the board of commissioners: Provided, that this provision as to the financing of a member's prior service and the cost of matching contribution on the part of the state of North Carolina shall apply only to those members who are law enforcement officers of the state of North Carolina and its departments, agencies and commissions and who would be eligible for membership in the teachers' and state employees' retirement system provided by chapter 135 of the General Statutes of North Carolina but for the fact that said officers are members of the law enforcement officers' benefit and retirement fund. (1949, c. 1055.)

Editor's Note.—The 1949 amendment directed that the above two paragraphs be added at the end of subsection (i). As the rest of the section was not changed only these two paragraphs are set out.

Policeman Excluded from Local Governmental Employees' Retirement System.—Policeman, who is entitled to the benefits of this section, is not eligible to become a member of the local governmental employees' retirement system, set out in § 128-24(2). Gardner v. Board of Trustees, 226 N. C. 465, 38 S. E. (2d) 314, 316.

Local Modification.—Forsyth: 1949, c. 851.

§ 153-8. Meetings of the board of commissioners.

Provided, that whenever the day set for the holding of any meeting of a board of county commissioners falls on a holiday, such meeting may be held on the next succeeding secular or business day. (Rev., s. 1317; Code, s. 706; 1945, c. 132; C. S. 1296.)

Editor's Note.—The 1945 amendment added the above pro-

viso at the end of this section. As the rest of the section was not affected by the amendment it is not set out.

§ 153-9. Powers of board.

6. Special Tax Authorized for Certain Purposes; Limit of Rate.—

Local Modification.—Gaston: 1945, c. 207.

Tax within the Limitation of Const., Art. V, § 6.—Where a county levies a tax within the limitation of const., art. V, § 6, its levy for poor relief is limited to a tax rate of five cents under the provisions of this section. Atlantic Coast Line R. Co. v. Duplin County, 226 N. C. 719, 40 S. E. (2d) 371.

Resolution Correcting Record as to Purpose of Levy.—Where tax records of county disclose a fifteen-cent levy for general purposes and a seven-cent levy for county poor, two cents of the seven-cent levy is patently excessive and no part thereof can be justified for items of general expense, but where, in action by taxpayer to recover the amount paid under protest under the two-cent levy, defendant county introduces resolutions of the board correcting records to show that two cents was for administration of old age assistance and aid to dependent children, and for salaries of the county accounting and farm agent, nonsuit is proper, since levy is then for special purposes with special approval of the legislature under §§ 108-17, et seq., and §§ 108-44, et seq., and since, in the absence of evidence to the contrary the resolution correcting the records will be presumed bona fide. Atlantic Coast Line R. Co. v. Duplin County, 226 N. C. 719, 40 S. E. (2d) 371.

Levy for Public Welfare in Beaufort.—The board of county commissioners of Beaufort County having levied in the year 1942 a tax rate of fifteen cents on the one hundred dollars property valuation for general purposes, the limit fixed by Article V, section 6, of the North Carolina Constitution, the levy for public welfare or poor relief was limited to a rate of five cents on the one hundred dollars property valuation under provisions of this section. Atlantic Coast Line R. Co. v. Beaufort County, 224 N. C. 115, 118, 29 S. E. (2d) 201.

Conflict with Other Laws.—Cumberland County is authorized by this section to levy annually five cents only on the one hundred dollar valuation, for maintaining county homes for the aged and infirm and for similar purposes. Conceding that §§ 153-9, subsection 28, and 153-152 constitute special approval of the General Assembly for unlimited levy for a special purpose, they are general acts and conflict with the provisions of this section. Atlantic Coast Line R. Co. v. Cumberland County, 223 N. C. 750, 28 S. E. (2d) 238.

14. To Sell or Lease Real Property.—

Cross Reference.—As to execution of warranty deeds and relief from personal liability thereon, see § 160-61.1.

Commissioners Do Not Have Power to Mortgage.—The name "Vaughn" in the case cited in the original should be "Threadgill."

17. Roads and Bridges.—To supervise the maintenance of neighborhood public roads or roads not under the supervision and control of the State Highway and Public Works Commission and bridges thereon: Provided, however, county funds may not be expended for such maintenance except to the extent such expenditures are otherwise authorized by law; to exercise such authority with regard to ferries and toll bridges on public roads not under the supervision of the State Highway and Public Works Commission as is granted in § 136-88 of the Chapter on Roads and Highways or by other Statutes; to provide draws on all bridges not on roads under supervision of the State Highway and Public Works Commission where the same may be necessary for the convenient passage of vessels; to allow and contract for the building of toll bridges on all roads not under the supervision of the State Highway and Public Works Commission and to take bond from the builders thereof. It is the intent of this subsection that the powers and authorities herein granted shall be exercised in accordance with the provisions of the Chapter on Roads and Highways.

The boards of commissioners of the several counties likewise have power to close any street or road or portion thereof (except those lying within the limits of municipalities) that is now or may hereafter be opened or dedicated, either by recording of a subdivision plat or otherwise. Any individuals owning property adjoining said street or road who do not join in the request for the closing of said street or road shall be notified by registered letter of the time and place of the meeting of the commissioners at which the closing of said street or road is to be acted upon. Notice of said meeting shall likewise be published once a week for four weeks in some newspaper published in the county, or if no newspaper is so published, by posting a notice for thirty days at the courthouse door and three other public places in the county. No further notice shall be necessary: Provided, that if the street or road has previously been accepted by the state highway and public works commission for maintenance, the state highway and public works commission shall be likewise notified of said meeting by registered letter. If it appears to the satisfaction of the commissioners that the closing of said road is not contrary to the public interest and that no individual owning property in the vicinity of said street or road or in the subdivision in which is located said street or road will thereby be deprived of reasonable means of ingress and egress to his property, the board of commissioners may order the closing of said street or road; provided, that any person aggrieved may appeal within thirty days from the order of the commissioners to the superior court of the county, where the same shall be heard de novo. Upon such an appeal, the superior court shall have full jurisdiction to try said matter upon the issues arising and to order said street or road closed upon proper findings of fact by the jury. A certified copy of said order of the commissioners (or of the judgment of the superior court in the event of an appeal) shall be filed in the office of the register of deeds of said county. Upon the closing of a street or road in accordance with the provisions hereof, all right, title and interest in such portion of such street or road shall be conclusively presumed to be vested in those persons, firms or corporations owning lots or parcels of land adjacent to such portion of such street or road, and the title of each of such persons, firms or corporations shall, for the width of the abutting land owned by such persons, firms or corporations, extend to the center of such street or road. (1949, c. 1208, s. 1.)

Editor's Note. — The 1949 amendment added the second paragraph.

Power of Governing Body of Municipality to Close Streets, etc.—The board of aldermen or other governing body of any municipality shall have the same power and authority with respect to roads, streets or other public ways which are inside the corporate limits of such municipality as given to the county commissioners by the second paragraph of this subsection with respect to roads, streets or public ways outside the corporate limits of a municipality. (1949, c. 1208, s. 2.)

Recordation of Required Notices, Resolutions, etc.—Copies of the registered letters giving the notice required by the second paragraph of this subsection, and the return receipts or other good and sufficient evidence of giving the required notice, shall be recorded in the register of deeds office, together with the resolution of such county or municipal governing body (or with the judgment of the superior court, in cases where an appeal was taken). (1949, c. 1208, s. 3.)

28. To Erect, Divide and Alter Township.—

Conflict with § 153-9, subsection 6.—Conceding that this section and § 153-152 constitute special approval of the General Assembly for unlimited levy for a special purpose, they are general acts and conflict with the provisions of § 153-9, subsection 6. Atlantic Coast Line R. Co. v. Cumberland County, 223 N. C. 750, 28 S. E. (2d) 238.

Cited in Atlantic Coast Line R. Co. v. Beaufort County, 224 N. C. 115, 29 S. E. (2d) 201.

39. County Fire Departments.—Any county shall have power to provide for the organization, equipment, maintenance and government of fire companies and fire department; and, in its discretion, may provide for a paid fire department, fix the compensation of the officers and employees thereof, and make rules and regulations for its government. The board of commissioners of the county may make the necessary appropriations for the expenses thereof and levy annually taxes for the payment of same as a special purpose, in addition to any allowed by the constitution. (1945, c. 244.)

40. County Planning Board.—The county commissioners are authorized to create a board to be known as the planning board, whose duty it shall be to make a careful study of the resources, possibilities and needs of the county, particularly with respect to the conditions which may be injurious to the public welfare or otherwise injurious, and to make plans for the development of the county. The commissioners shall appoint not less than three nor more than five persons on said board.

The planning board, when established, shall make a report at least annually to the county commissioners, giving information regarding the condition of the county, and any plans or proposals for the development of the county and estimates of the cost thereof.

The county commissioners may appropriate to the planning board such amount as they may deem necessary to carry out the purposes of its creation and for the improvement of the county, and shall provide what sums, if any, shall be paid to such board as compensation.

The county commissioners are hereby authorized to enter into any agreements with any other county, city or town for the establishment of a joint planning board. (1945, c. 1040, s. 1.)

Local Modification.—Buncombe, Chatham, Stanly, Vance, Wake: 1945, c. 1040, ss. 2½, 3.

Editor's Note.—Session Laws 1949, c. 876, amended Session Laws 1945, c. 1040, s. 3, by striking out the words "Durham county," which had the effect of removing "Durham" from the list of counties appearing under "Local Modification" and making subsection 40 applicable to Durham county.

41. Expenditure of Surplus Funds for Library Purposes.—The board of county commissioners of any county is hereby authorized, in its discretion, to expend any surplus funds, which may be available, for the erection and/or purchase of library buildings and equipment. (1949, c. 1222.)

Editor's Note.—Only the subsections affected or added by the amendments are set out.

§ 153-9.1. Contract for photographic recording of instruments and documents filed for record.—The board of county commissioners of any county in North Carolina is hereby authorized and empowered to contract for the photographic recording of any instruments or documents filed for record in the offices of the register of deeds, the clerk of the superior court and other county offices, and such recording shall constitute a sufficient recording, provided the original sizes of such instruments or documents are not reduced to less than two-thirds the original sizes; and provided further that no such contract shall be made for such photographic service, for a longer period than five years from the date of the commencement of such contracted service, except that the contract may contain a provision for automatic extensions for additional five year periods in the absence of a sixty day written notice by either party to contract, giving sixty days or more before the expiration of any five year period, terminating the contract at the end of such period. (1945, c. 286, s. 1.)

Cross References.—As to provision for photostatic copies of plats, etc., see § 47-32. As to prior provision for photographic or photostatic registration, see § 47-22.

§ 153-9.2. Original instruments and documents constitute temporary recording; return to owners.—The register of deeds of any county, where such photographic recording is contracted for, shall use the original instruments or documents as a temporary recording, and shall keep them in a temporary binder arranged in the chronological order of filing for record, assigning to each page a number which shall be arranged in a consecutive order, and shall, at all times, keep a temporary index thereto. When the photographic copies are substituted for the originals, the photographic copies shall be set up in a permanent binder and in the same order as to time and page numbers, as in the temporary binder, and permanently indexed. When the photographic copies are substituted for the originals, then the originals shall be returned to the persons entitled thereto, if known, but in no event, where return is to be made, no such return shall be delayed more than sixty days from the date of filing. The same procedure shall apply to the temporary and permanent records of the several classes of instruments or documents, such as wills, judgments, reports, and corporate charters, in the office of the clerk of the superior court of any such county, from and after such contract for photographic recording becomes effective. (1945, c. 286, s. 2.)

§ 153-9.3. Preservation and use of film or sensitized paper.—Wherever the contract for such photographic recording is for the initial photographing on film or sensitized paper, the board of county commissioners shall provide a fire resisting vault space or lease lockbox space in which to permanently keep such film or sensitized paper, and to permit use of such film or sensitized paper from which to make copies, under such regulations as such board may prescribe. (1945, c. 286, s. 3; c. 944.)

§ 153-9.4. Removal of originals for photographing.—The official of any such county so contracting for photographic recording, who is in charge of any instruments or documents left with such official for recording, may permit temporary removal of the originals from the courthouse or other building for photographing, provided such originals are returned to such building within ten hours; provided further, that the board of county commissioners may when it appears necessary to complete the work, extend the time in which said photographing must be completed and returned to

the courthouse of the county. (1945, c. 286, s. 4; c. 944.)

§ 153-9.5. Removal of public records for photographing.—The official of any county, who is in charge of any public records, may permit temporary removal of such records from the county courthouse or other building for the purpose of photographing a portion or all of such records, provided such records are returned within ten hours and provided, that the board of county commissioners may when it appears necessary to complete work, extend the time in which said photographing must be completed and returned to the courthouse of the county. (1945, c. 286, s. 5; c. 944.)

§ 153-9.6. Photographic recording of public records; preservation and use of film or sensitized paper.—The board of county commissioners of any county in North Carolina may also contract for the photographing on film or sensitized paper of any county records, and, if such contract is made, such board of county commissioners shall provide a fire resisting vault space or lease lockbox space in which to keep such film or sensitized paper, and shall have authority to permit copies to be made from such film or sensitized paper, under such regulations as such board may prescribe. (1945, c. 286, s. 6; c. 944.)

§ 153-9.7. Sections 153-9.1 to 153-9.7 confer additional powers.—Sections 153-9.1 to 153-9.7 shall not be construed as a limitation on the powers of the several boards of county commissioners; but shall be construed as an enabling act only and in addition to existing powers of such boards. (1945, c. 286, s. 7.)

§ 153-10. Local: authority to interdict certain shows. — The boards of commissioners of the several counties shall have power to direct the sheriff or tax collector of the county to refuse to issue any license to any carnival company and shows of like character, moving picture and vaudeville shows, museums and menageries, merry-go-rounds and ferris-wheels, and other like amusement enterprises conducted for profit under the same management and filling week-stand engagements or in giving week-stand exhibitions, whether under canvas or not, whenever in the opinion of the board of county commissioners the public welfare will be endangered by the licensing of such companies. This section shall apply only to the counties of Anson, Bladen, Burke, Cabarrus, Carteret, Catawba, Duplin, Forsyth, Greene, Haywood, Harnett, Iredell, Lee, Madison, Mitchell, Nash, Orange, Pamlico, Pasquotank, Polk, Randolph, Robeson, Scotland, Tyrrell, Washington, Wilson, Yadkin. (1919, c. 164; 1949, c. 111; C. S. 1298.)

Editor's Note.—The 1949 amendment inserted "Harnett" in the last sentence.

Local Modification.—Cabarrus: 1945, c. 165; Cumberland: 1945, c. 315; Richmond: 1947, c. 235, s. 2; Scotland: 1947, c. 641.

Art. 3. Forms of County Government.

II. Manager Form.

§ 153-20. Manager appointed or designated.

Adjustment of Compensation.—Under this section adjustment of compensation is limited to such officer or agent as may be designated in lieu of naming a whole-time chairman or county manager, and the term "manager" is used to indicate powers and duties which may be conferred upon a whole-time chairman, other officer or agent who may be acting in lieu of a county manager. Stansbury v. Guilford County, 226 N. C. 41, 36 S. E. (2d) 719, 721.

Board of commissioners was without legal authority to increase the salary of plaintiff in excess of that expressly fixed by statute (Ch. 427, Public-Local Laws of 1927), although resolution recited that chairman was performing duties of whole-time chairman in lieu of county manager. Id.

Art. 4. State Association of County Commissioners.

§ 153-38. Dues and expenses of members.—There shall be assessed against each county an annual membership fee of five dollars, which shall be paid by the county treasurer upon the order of the board of county commissioners, but the executive committee of the association may increase the annual membership fee to a sum not to exceed twenty-five dollars in counties having a population of forty thousand or over according to the last census; twenty dollars in counties having a population between thirty thousand and forty thousand according to said census, fifteen dollars in counties having a population between twenty thousand and thirty thousand according to the said census, and ten dollars in counties having a population less than twenty thousand according to said census. The various boards of commissioners are authorized to pay out of the county treasury the expenses of its members attending the meetings of the association. (1909, c. 870, ss. 5, 7; 1945, c. 327; C. S. 1307.)

Editor's Note.—Prior to the 1945 amendment the executive committee was only authorized to "increase the annual membership fee to a sum not to exceed ten dollars."

Art. 7. Courthouse and Jail Buildings.

§ 153-49.1. Inspection of jails.—(a) The state board of public welfare is hereby authorized and directed to consult regularly with an advisory committee of sheriffs and police officers regarding the personal safety, welfare, and care of the inmates incarcerated in county and municipal jails and city lock-ups, taking into account variations in the financial ability of cities and counties to maintain up-to-date facilities for prisoners. It shall be the duty of the state board of public welfare through its officers or agents to inspect periodically and regularly each and every county or district jail and all municipal jails or lock-ups in order to safeguard the welfare of the prisoners kept therein and in connection with said inspections to consult with the governing bodies of the local units.

(b) In the event that such inspections of jails and lock-ups disclose inadequate care or mistreatment of prisoners, or disclose that prisoners are being confined therein under conditions in violation of chapter 153, such findings shall be reported in writing to the governing body of the county or municipality concerned, which governing body shall at its next meeting fully consider the report and consult with the person making such report and findings and take such action

with reference to the report and findings as may be found proper and necessary.

(c) In the event such governing body fails to take action to correct the conditions reported, it shall be the duty of the state board of public welfare to present such matters to the attention of the judge of the superior court presiding at the next criminal court in the county in which such jail or lock-up is located to the end that such superior court judge may direct the grand jury of such county to inspect the jail or lock-up described in such report, and present its findings and recommendations to the court at said term.

(d) If conditions in said jail or lock-up continue not to be corrected within a reasonable time after such notice to the grand jury, then the judge of the superior court in his discretion may require immediate compliance with the report of the grand jury. For such purpose the court may convene at any time and place within the judicial circuit in chambers or otherwise. The proceeding shall be without jury and the hearings may be summarily or upon such notice as the court may prescribe.

(e) Pending a substantial compliance with the report and recommendations of the grand jury, the judge of the superior court shall have full power and authority under this section to refuse to allow prisoners to be placed in any jail or lock-up not deemed fit and may direct that any persons coming before him and being convicted of criminal offenses shall be confined only in a jail or lock-up that is deemed a proper place in which to confine prisoners. (1947, c. 915.)

Editor's Note.—The act inserting this section became effective on Jan. 1, 1948.

Art. 8. County Revenue.

§ 153-64. Demand before suit against municipality; complaint.

Editor's Note.—As to notice of tort claims, see 27 N. C. Law Rev. 145.

Verification of Pleadings.—The requirement that when one pleading in a court of record is verified, every subsequent pleading in the same proceeding, except a demurrer, "must be verified also," is one which may be waived, except in those cases where the form and substance of the verification is made an essential part of the pleading; as in an action for divorce in which a special form of affidavit is required, § 50-8, in a proceeding to restore a lost record, § 98-14, and in an action against a county or municipal corporation, § 153-64. Calaway v. Harris, 229 N. C. 117, 47 S. E. (2d) 796.

Art. 9. County Finance Act.

§ 153-69. Short title.

Editor's Note.—For act validating certain notes of counties evidencing refunded loans from the state literary fund and special building funds of North Carolina and authorizing the issuance of refunding bonds under this article, see Session Laws 1945, c. 404.

Purpose of Act.—The legislature has prescribed in this article the machinery by which a county may issue lawful and valid obligations for public purposes and necessary expenses, and pledge its faith. Jefferson Standard Life Ins. Co. v. Guilford County, 225 N. C. 293, 34 S. E. (2d) 430.

§ 153-77. Purposes for which bonds may be issued and taxes levied.

(a) Erection and purchase of schoolhouses, school garages, physical education and vocational education buildings, teacherages, lunchrooms, and other similar school plant facilities.

(d) Erection and purchase of hospitals; housing or quarters for public health departments or local public health departments; hospital facility as the term is defined in paragraph (c) of G. S. § 131-126.18.

(l) Acquisition and improvement of lands and the erection thereon of buildings to be used as a civic center or indoor or out of door stadium and as a living memorial to veterans of World War I and World War II.

Local Modification.—Halifax: 1949, c. 371; Surry: 1947, c. 315.

Editor's Note.—The first 1947 amendment added paragraph (l) and the second 1947 amendment rewrote paragraph (a). The first and third 1949 amendments added subsection (m), and the second 1949 amendment added that part of subsection (d) beginning with the word "housing" in line one. As the rest of the section was not affected by the amendments it is not set out.

For comment on the 1947 amendments, see 25 N. C. Law Rev. 462.

A bond order under § 153-78 must set forth one of the purposes enumerated in this section. Atkins v. McAden, 229 N. C. 752, 51 S. E. (2d) 484.

§ 153-78. Order of governing body required.

2. If the issuance of the bonds is required by the constitution to be approved by the voters, or if the governing body, although not required to obtain the approval of the voters before issuing the bonds, deems it advisable to obtain such approval, that the order shall take effect when approved by the voters of the county at an election as provided in this article; or

(1949, c. 497, s. 1.)

Editor's Note.—The 1949 amendment, effective March 22, 1949, rewrote clause 2 of subsection (e). As the rest of the section was not changed, only such clause is set out. See note under § 153-92.

A bond order may contain several sections and authorize the issue of bonds for different purposes, and § 153-77 sets out eleven (now twelve) different purposes for which bonds may be issued. Atkins v. McAden, 229 N. C. 752, 51 S. E. (2d) 484.

It Must Set Forth One of Purposes Enumerated in § 153-77.—A bond order under this section must set forth one of the purposes enumerated in § 153-77, but it is not required that it set out in detail the estimates of cost and descriptions of the particular projects for which the funds are proposed to be used, and their inclusion does not limit the allocation of the proceeds of the bonds under § 153-107, provided the use of the funds falls within the general purpose designated. Atkins v. McAden, 229 N. C. 752, 51 S. E. (2d) 484.

Board of Commissioners May Reallocate Proceeds of Bonds.—A bond order issued under § 153-78 set out in detail the estimates and projects for which the funds were proposed to be used in discharge of the constitutional requirement of a six months school term within the municipal administrative unit. It was held that § 153-107 did not preclude the board of county commissioners, upon its finding, after investigation, of changed conditions, from reallocating the proceeds of the bonds to different projects upon its further finding, after investigation provided for in § 115-83, that such reallocation of the funds was necessary to effectuate the purpose of the bond issue. Atkins v. McAden, 229 N. C. 752, 51 S. E. (2d) 484.

§ 153-87. Hearing; passage of order; debt limitations.

Local Modification.—Carteret: 1947, c. 32; Craven: 1947, c. 161, effective until Jan. 1, 1949.

§ 153-90. Limitation of action to set aside order.

Cited in Waldrop v. Hodges, 230 N. C. 370, 53 S. E. (2d) 263.

§ 153-92. What majority required.—If a bond order provides that it shall take effect when approved by the voters of the county, the affirmative vote of a majority of those who shall vote on the bond order shall be required to make it operative. (1927, c. 81, s. 22; 1949, c. 497, s. 2.)

Editor's Note.—The 1949 amendment, effective March 22, 1949, rewrote this section. Section 7 of the amendatory act made it retroactive as to elections held subsequent to November 24, 1948.

For a brief comment on the 1949 amendment, see 27 N. C. Law Rev. 454.

Construction of New School Building.—The vote on the question of issuance of bonds by a county for the construction of a new school building, a necessary expense, is not against the registration, and a favorable vote of the majority of those voting in the election is sufficient to validate the bond resolution and authorize the issuance and sale of the proposed bonds. Mason v. Moore County Board of Com'rs, 229 N. C. 626, 51 S. E. (2d) 6.

§ 153-92.1. General application of provision as to majority vote.—All provisions of public, public-local, private and special acts relating to counties, municipalities, school districts, or other political subdivisions in the state which require that a proposition for the issuance of bonds or levy of taxes of any such county, municipality, school district or other political subdivisions, or that any other proposition be approved by the vote of a majority of the registered voters of such county, municipality, school district or other political subdivision, are hereby amended so as to require that the same be approved by a majority of the qualified voters who shall vote on any such proposition. The provisions of this section shall be applicable to every such election held subsequent to March 22, 1949, notwithstanding the fact that any procedures or acts or actions required or permitted by statute were taken or had with respect to any such election prior to such date. (1949, c. 497, s. 8.)

Cross Reference.—For similar provision relating to school districts, see § 115-15.1.

§ 153-100. Limitation as to actions upon elections.

Cited in Waldrop v. Hodges, 230 N. C. 370, 53 S. E. (2d) 263.

§ 153-102. Within what time bonds issued.

Notwithstanding the foregoing limitations of time which might otherwise prevent the issuance of bonds, bonds authorized by an order which took effect prior to July 1st, 1948, and which have not been issued by July 1st, 1949, may be issued in accordance with all other provisions of law at any time prior to July 1st, 1951, unless such order shall have been repealed, and any loans made under authority of § 153-108 of this article in anticipation of the receipt of the proceeds of the sale of such bonds, or any renewals thereof, may be paid on or at any time prior to but not later than June 30th, 1951, notwithstanding the limitation of time for payment of such loans as contained in said section. (1927, c. 81, s. 32; 1939, c. 231, s. 2(d); 1947, c. 510, s. 1; 1949, c. 190, s. 1.)

The 1947 amendment added the above paragraph at the end of this section, and the 1949 amendment changed the dates therein. As the rest of the section was not affected by the amendments it is not set out.

§ 153-107. Application of funds.

Right to Transfer and Allocate Funds.—This section does not place a limitation upon the legal right to transfer or allocate funds from one project to another included within the general purpose for which bonds were issued. The inhibition contained in the statute is to prevent funds obtained for one general purpose being transferred and used for another general purpose. For example, the statute prohibits the use of funds derived from the sale of bonds to erect, repair and equip school buildings, from being used to erect or repair a courthouse or a county home, or similar project. This view is in accord with the provisions of § 159-49.1. Atkins v. McAden, 229 N. C. 752, 51 S. E. (2d) 484.

Effect of Bond Order. — A bond order under § 153-78 must set forth one of the purposes enumerated in § 153-77, but it is not required that it set out in detail the estimates of cost and descriptions of the particular projects for which the funds are proposed to be used, and their inclusion does not limit the allocation of the proceeds of the bonds under this section, provided the use of the funds falls within the general purpose designated. Atkins v. McAden, 229 N. C. 752, 51 S. E. (2d) 484.

Art. 10. County Fiscal Control.

§ 153-114. Title; definitions.

Local Modification.—Forsyth: 1945, c. 87.

Accumulation of Surplus School Sinking Fund Not Authorized.—The law does not contemplate or authorize the accumulation of a surplus school sinking fund and the exemption of such surplus from the salutary provisions of the "County Fiscal Control Act." Johnson v. Marrow, 228 N. C. 58, 61, 44 S. E. (2d) 468.

The board of county commissioners may amend or clarify their records to make them speak the truth in order to list separately tax levies for general and special purposes as required by this section, and while this power exists only to make bona fide corrections, nothing else appearing, resolutions amending the records will be assumed to be what they purport to be, and not original actions. Art. 10A. Capital Reserve Funds.

§ 153-142.1 Short title.

For comment on this enactment, see 21 N. C. Law Rev. 357.

§ 153-142.4. Sources of capital reserve fund.—The capital reserve fund may consist of moneys derived from any one or more of the following sources:

(1945, c. 464, s. 2.)

Editor's Note.—The 1945 amendment deleted from the latter part of the preliminary paragraph the words "except that no money shall be deposited in such capital reserve fund after July tenth, one thousand nine hundred forty-five." As the rest of the section was not affected by the amendment it is not set out.

§ 153-142.6. When the capital reserve fund shall be deemed established.—The capital reserve fund shall be deemed established when the order passed under the provisions of § 153-142.5 is approved by the local government commission. After action is taken upon the provisions of said order by the local government commission the secretary of said commission shall notify the clerk in writing of the approval by said commission or disapproval, if the commission declines to approve the order, and the reasons therefor. Upon receipt

of the notice of such approval the clerk shall thereupon notify the financial officer of the county who shall immediately deposit in the designated depository the moneys stated as available in said order for the capital reserve fund and simultaneously report said deposit to the local government commission. (1943, c. 593, s. 6; 1945, c. 464, s. 2.)

Editor's Note.—The 1945 amendment struck out the former provision relating to the duty of the financial officer to make deposits and report same to the local government commission.

§ 153-142.6½. Increases to capital reserve fund.—No increase to a capital reserve fund shall be made except by resolution adopted by the governing body and the provisions thereof approved by the local government commission, which resolution shall state the source or sources of moneys from which such increase is intended to be made and the amount of the money from each such source, but each increase shall be from moneys derived from the identical source or sources as those stated in the order establishing the capital reserve fund or in an amendment thereto. The clerk shall transmit a certified copy of such resolution to the local government commission. After action is taken upon the provisions of said resolution by the local government commission the secretary of such commission shall notify the clerk in writing of the approval by said commission or disapproval, if the commission declines to approve the resolution, and the reasons therefor. Upon receipt of the notice of approval the clerk shall thereupon notify the financial officer of the county who shall immediately deposit in the duly designated depository the moneys stated in said resolution and simultaneously report such deposit to the local government commission. Deposits required in § 153-142.18 shall not be construed as increases of a capital reserve fund within the meaning of this section. (1945, c. 464, s. 2.)

§ 153-142.9. Purposes for which a capital reserve fund may be used.

(d) Investment in bonds, notes or certificates of indebtedness of the United States of America, in bonds or notes of the state of North Carolina, or in bonds of the county.

(f) When the order authorizing and establishing a capital reserve fund contains, as provided in clause (1) (a) of § 153-142.4, collections of ad valorem taxes levied for a special purpose, such special purpose. (1943, c. 593, s. 9; 1945, c. 464, s. 2; 1949, c. 196, s. 1.)

Editor's Note.—The 1945 amendment made clause (d) applicable to certificates of indebtedness. The 1949 amendment added clause (f). As the rest of the section was not affected by the amendments it is not set out.

§ 153-142.10. Restrictions upon use of the capital reserve fund.—No part of the capital reserve fund consisting of collections of ad valorem taxes levied for a special purpose within the meaning of the constitution of North Carolina shall be withdrawn and expended for any purpose except that for which such taxes were levied, but such collections may be used for either of the purposes stated in clauses (b), (d) and (f) of § 153-142.9, except that collections of taxes levied for debt service may be expended for either of the purposes stated in clauses (c) and (e) of said § 153-142.9. Upon written petition of the county board of education to the governing body requesting that any moneys deposited in the capital reserve fund, which prior to such deposit had been in the custody or control of the county board of education, be withdrawn and turned over to the county board of education for expenditure for the purposes stated in subclauses (1) and/or (9) of clause (a) of § 153-142.9, it shall be the duty of the governing body and other officers of the county to do all things necessary within the provisions of law to perfect such withdrawal and such moneys so withdrawn shall be deemed necessary for expenditure by the county as an administrative agency of the state for maintenance of the six months school term required by the constitution of North Carolina. (1943, c. 593, s. 10; 1945, c. 464, s. 2; 1949, c. 196, s. 2.)

Editor's Note.—The 1945 amendment rewrote the second sentence.

The 1949 amendment inserted the reference to clause (f) in line eight.

§ 153-142.11. Authorization of withdrawal from the capital reserve fund.—A withdrawal for any one of the purposes contained in clauses (b), (c), (d), (e) and (f) of § 153-142.9 shall be authorized by resolution duly adopted by the governing body. Each such resolution shall specify the purpose of the withdrawal, the amount of such withdrawal, the sources of moneys in the capital reserve fund for such withdrawal and the amount to be withdrawn from each such source. Each such resolution shall contain a request to the local government commission for its approval of the provisions thereof, shall be spread upon the minutes of the governing body and the clerk shall transmit a certified copy of such resolution to the local government commission. A resolution authorizing a withdrawal for the purpose stated in clause (b) of § 153-142.9 shall further specify the total appropriations contained in the annual appropriation resolution of the fiscal year in which such withdrawal is authorized and shall state the total amount of such withdrawals previously made in such fiscal year and the date upon which the withdrawal shall be repayable to the capital reserve fund. In any case where all or any part of the capital reserve fund has been withdrawn and invested in bonds, notes or certificates of indebtedness of the United States of America which are about to mature and it is desired to continue investment of like kind, such continuance may be effected by exchange of said maturing bonds, notes or certificates of indebtedness through the Treasury of the United States, or an authorized agent thereof, for bonds, notes or certificates of indebtedness of the United States of America of like principal amount and of later maturity or maturities: Provided, however, each such continuance and exchange shall first be authorized by resolution adopted by the governing body and the provisions thereof approved by the local government commission.

(1945, c. 464, s. 2; 1949, c. 196, s. 3.)

Editor's Note.—The 1945 amendment added the last sentence to the first paragraph, and the 1949 amendment inserted the reference to clause (f) near the beginning of the paragraph. As the rest of the section was not affected by the amendments it is not set out.

§ 153-142.16. How a withdrawal may be made.—No withdrawal from the capital reserve fund shall be made except pursuant to authority of the

governing body by resolution or order which has taken effect. Each withdrawal shall be for the full amount authorized, except a withdrawal for the purpose stated in clause (e) of § 153-142.9 which may be made for all or a part thereof from time to time according to the plan of amortization, and shall be by check drawn on the depositary signed by the financial officer of the county and payable to said financial officer, except that a check evidencing withdrawal for the purpose of investment may be made payable to the obligor or to the vendor of such bonds, notes or certificates of indebtedness in which investment has been duly authorized. Each such check shall bear a certificate on the face or reverse thereof signed by the secretary of the local government commission or by his duly designated assistant that the withdrawal evidenced thereby has been approved under the provision of the county capital reserve act of one thousand nine hundred and forty-three, and such certificate shall be conclusive evidence that such withdrawal has been approved by the local government commission: Provided, however, the state of North Carolina shall not be liable for misapplication of any moneys withdrawn from the capital reserve fund by reason of such certificate. (1943, c. 593, s. 16; 1945, c. 464, s. 2.)

Editor's Note.—The 1945 amendment added the exception clause to the second sentence.

§ 153-142.18. Certain deposits mandatory.

All deposits required in this section shall be made in the duly designated depositary of the capital reserve fund and it shall be the duty of the financial officer to simultaneously report each such deposit to the local government commission. (1943, c. 593, s. 18; 1945, c. 464, s. 2.)

Editor's Note.—The 1945 amendment added the above paragraph to this section. As the rest of the section was not affected by the amendment it is not set out.

§ 153-142.21. Termination of power to establish or increase a capital reserve fund.—No order establishing a capital reserve fund, or amendment thereto for including additional sources, shall be passed nor shall a resolution providing for increase of a capital reserve fund be adopted after July tenth, one thousand nine hundred forty-seven. (1945, c. 464, s. 2.)

Validation of Former Increase.—Session Laws 1945, c. 464, s. 3, provides: "Any increase heretofore made to a capital reserve fund with money from the same source or sources stated in the ordinance or order establishing said fund in accordance with the provisions of either the Municipal Capital Reserve Act of one thousand nine hundred forty-three or the County Capital Reserve Act of one thousand nine hundred forty-three, or stated in an amendment to said ordinance or order, is hereby validated."

Art. 13. County Poor.

§ 153-152. Support of poor; superintendent of county home; paupers removing to county; hospital treatment.—The board of commissioners of each county is authorized to provide by taxation for the maintenance of the poor, and to do everything expedient for their comfort and well-ordering. They may employ biennially some competent person as superintendent of the county home for the aged and infirm, and may remove him for cause. They may institute proceedings against any person coming into the county who is likely to become chargeable thereto, and cause his removal to the county where he was last legally settled; and they may recover from such county by action all charges and expenses incurred for the maintenance or removal of such poor person. The board of county commissioners of each county is hereby authorized to levy, impose and collect special taxes upon all taxable property, not to exceed five cents on the one hundred dollars valuation, required for the special and necessary purposes set forth above in addition to any taxes authorized by any other special or general act and in addition to the constitutional limit of taxes levied for general county purposes, it being the purpose of the general assembly hereby to give its approval for the levy of such special taxes for such necessary purposes.

This paragraph shall not apply to the counties of Ashe, Avery, Buncombe, Clay, Cumberland, Durham, Gates, Henderson, Jackson, Lee, Macon, Moore, Nash, Pasquotank, Robeson, Transylvania, Wilkes, Yadkin, Rowan, Gaston, Iredell, Surry, New Hanover, Washington, Bertie, Brunswick, Union, Stanley, Yancey, Warren, Vance, Currituck, Forsythe, McDowell, Johnston, Halifax, Edgecombe, Pitt, Richmond, Rockingham, Columbus, Guilford and Mecklenburg. (Rev., s. 1327; Code, s. 3540; 1891, c. 138; 1935, c. 65; 1945, c. 151; c. 562, s. 1; 1947, cc. 160, 672; C. S. 1335.)

Cross Reference.—
As to conflict between this section and other laws, see notes to § 153-9, subsection 6.

Editor's Note.—
The second 1945 amendment added the last sentence of the first paragraph. And the first 1945 amendment struck out "Chowan" from the list of counties appearing in the last sentence of the second paragraph. The 1947 amendments struck out "Sampson" and "Haywood" from such list. As the rest of said paragraph was not affected by the amendment it is not set out.

156-93.1. Maintenance assessments and contracts; engineering assistance, construction equipment, etc.; joint or consolidated maintenance operations.

Art. 8. Assessments and Bond Issue.

156-124.1. Assessments for repair, etc., of canals; notice and publication; exceptions to report.

SUBCHAPTER I. DRAINAGE BY INDIVIDUAL OWNERS.

Art. 1. Jurisdiction in Clerk of Superior Court.

Part 1. Petition by Individual Owner.

§ 156-1. Name of proceeding.

Statutes Provide Flexible Procedure.—The statutes authorizing the creation, maintenance and improvements of drainage districts provide flexible procedure which may be modified and molded by decrees from time to time to promote the beneficial objects sought by the creation of the district, subject to the restrictions that there should be no material change nor any change that would impose additional costs upon landowners except to the extent of benefits to them. In re Lyon Swamp Drainage, etc., Dist., 228 N. C. 248, 45 S. E. (2d) 130.

Commissioners May Issue Bonds and Make Assessments Applicable Only to Section Benefited.—Where proposed improvements and repairs will primarily benefit lands embraced in one section of a drainage district and would be of no substantial benefit to landowners in another section thereof, the drainage commissioners have power under statutory authority to issue bonds and make assessments applicable only to the section benefited. In re Lyon Swamp Drainage, etc., Dist., 228 N. C. 248, 45 S. E. (2d) 130.

The correct procedure to secure additional authority for proper maintenance and improvements in a drainage district is by motion or petition in the original cause. In re Lyon Swamp Drainage, etc., Dist., 228 N. C. 248, 45 S. E. (2d) 130.

SUBCHAPTER II. DRAINAGE BY CORPORATION.

Art. 3. Manner of Organization.

§ 156-43. Incorporation of canal already constructed; commissioners; reports.

Assessment Can Be Levied Only on Property Benefited.—The general rule is well settled that a special assessment for a purpose of drainage can be levied only upon property benefited by the improvement. It is said that the legal theory underlying drainage assessments is one of benefit increasing the value of the land and justifying its assessment. In re Westover Canal, 230 N. C. 91, 52 S. E. (2d) 225.

Where it clearly appears that the canal will neither drain a particular tract of land nor render it more accessible, there is no valid reason for including it in the district, and if it is nevertheless arbitrarily made a part thereof, the owner may obtain relief. Id.

The statutory provisions determine the property liable to drainage assessment. Hence to constitute a valid assessment the particular land against which it is levied must come within the meaning of this section. In re Westover Canal, 230 N. C. 91, 52 S. E. (2d) 225.

"Land Tributary to the Canal."—As here used the phrases "land tributary thereto" and "land tributary to the canal" mean land from which water drains or flows into the canal. In re Westover Canal, 230 N. C. 91, 52 S. E. (2d) 225.

Burden of Proof on Appeal.—This section gives to any person dissatisfied with an assessment the right to appeal to a jury at a regular term of the superior court of the county. In such event, it would seem that the authority undertaking to establish the assessment would still have the burden of proving the provisions of the statute essential to the creation of a valid assessment. It may be that the order of the clerk of the superior court approving and confirming the assessment as proposed by the commissioners and the board of directors of the corporation creates a prima facie case. But a prima facie case, or prima facie evidence, does not change the burden of proof. In re Westover Canal, 230 N. C. 91, 52 S. E. (2d) 225.

In order to constitute a valid drainage assessment it is necessary that the land assessed drain or flow into the canal, and therefore on appeal to the superior court on a landowner's exceptions to the order of the clerk confirming assessments as proposed by the commissioners, the drainage district has the burden of proving the number of acres of land the exceptor owns which drain into the canal and what amount said land should be assessed per acre. The fact that exceptor first introduced evidence, presumably on the theory that the order of the clerk made out a prima facie case, does not alter the rule as to the burden of proof. Id.

SUBCHAPTER III. DRAINAGE DISTRICTS.

Art. 5. Establishment of Districts.

§ 156-54. Jurisdiction to establish districts.

For act relating to Scuppernong Drainage District in Washington County, see Session Laws 1947, c. 934.

Art. 6. Drainage Commissioners.

§ 156-79. Election and organization under original act.

Any vacancy thereafter occurring shall be filled by the clerk of the superior court.

(1947, c. 273.)

Editor's Note.—The 1947 amendment, effective March 11, 1947, and applicable to proceedings then pending before superior court clerks, substituted in the fifth sentence the words "by the clerk of the superior court" for the words "in like manner." As only this sentence was changed the rest of the section is not set out.

§ 156-81. Election and organization under amended act. — 1. Method of Election. — In the election of drainage commissioners by the owners of land, each landowner shall be entitled to cast the number of votes equaling the number of acres of land owned by him and benefited, as appears by the final report of the viewers. Each landowner may vote for the names of three persons for commissioners. If any person or persons in any district shall own land in any district containing an area greater than one-half of the total area in the district, such owner shall only be permitted to elect two of the drainage commissioners, and a separate election shall be held under the direction of the clerk by the minority landowners, who shall elect one member of the drainage commissioners.

In lieu of the above method of election of drainage commissioners, the clerk of the superior court may, in his discretion, appoint such drainage commissioners and such drainage commissioners so appointed by the clerk shall have the same authority as if they had been elected by the method above described.

7. Compensation.—The chairman of the board of drainage commissioners shall receive compensation and allowances as fixed by the clerk of the superior court. In fixing such compensation and allowances, the clerk shall give due consideration to the duties and responsibilities imposed upon the chairman of the board. The other members of the board shall receive a per diem not to exceed five dollars ($5.00) a day, while engaged in attendance upon meetings of the board, or in the discharge of duties imposed by the board. The secretary of the board shall receive such compensation and expense allowances as may be determined by the board.

The chairman and members of the board of drainage commissioners shall also receive their actual travel and subsistence expenses while engaged in attendance upon meetings of the board, or in the discharge of duties imposed by the board. The compensation and expense allowances as herein set out shall be paid from the assessments made annually for the purpose of maintaining the canals of the drainage district, or from any other funds of the district.

8. Application of Section. — The provisions of this section shall apply to all drainage districts now or hereafter existing in this state, without regard to the date of organization, whether before or after April 14, 1949.

9. Appointment by Clerk of Superior Court as Alternative to Election.—In lieu of the methods of election and filling of vacancies in the position of drainage commissioner as provided in § 156-79 and this section, the clerk of the superior court may, in his discretion, appoint such drainage commissioners and fill such vacancies, and such drainage commissioners so appointed by the clerk shall have the same authority and responsibility as if they had been elected or appointed as provided under § 156-79 or this section. (1917, c. 152, s. 5; 1919, cc. 109, 217; 1947, c. 935; 1949, c. 956, ss. 1-3; C. S. 5339.)

Editor's Note.—The 1947 amendment added the second paragraph of subsection 1. The 1949 amendment rewrote subsections 7 and 8 and added subsection 9. As subsections 2 through 6 were not affected by the amendments they are not set out.

Art. 7. Construction of Improvement.

§ 156-88. Drainage across public or private ways.—Where any public ditch, drain or watercourse established under the provisions of this subchapter crosses or, in the opinion of the board of viewers, should cross a public highway under the supervision of the state highway and public works commission the actual cost of constructing the same across the highway shall be paid for from the funds of the drainage district, and it shall be the duty of the commission, upon notice from the court, to show cause why it should not be required to repair or remove any old bridge and/or build any new bridge to provide the minimum drainage space determined by the court; whereupon the court shall hear all evidence pertaining thereto and shall determine whether the commission shall be required to do such work, and whether at its own expense or whether the cost thereof should be prorated between the commission and the drainage district. Either party shall have the right of appeal from the clerk to the superior court and thence to the supreme court, and should the court be of the opinion that the cost should be prorated then the percentage apportioned to each shall be determined by a jury.

Whenever the commission is required to repair or remove any old bridge and/or build any new bridge as hereinbefore provided, the same may be done in such manner and according to such specifications as it deems best, and no assessment shall be charged the commission for any benefits to the highway affected by the drain under the same, and such bridge shall thereafter be maintained by and at the expense of the commission.

Where any public ditch, drain, or watercourse established under the provisions of this subchapter crosses a public highway or road, not under the supervision of the state highway and public works commission, the actual cost of constructing the same across the highway or removing old bridges or building new ones shall be paid for from the funds of the drainage district. Whenever any highway within the levee or drainage district shall be beneficially affected by the construction of any improvement or improvements in such district it shall be the duty of the viewers appointed to classify the land, to give in their report the amount of benefit to such highway, and notice shall be given by the clerk of the superior court to the commissioners of the county where the road is located, of the amount of such assessment, and the county commissioners shall have the right to appear before the court and file objections, the same as any landowner. When it shall become necessary for the drainage commissioners to repair any bridge or construct a new bridge across a public highway or road not

under the supervision of the state highway and public works commission, by reason of enlarging any watercourse, or of excavating any canal intersecting such highway, such bridge shall thereafter be maintained by and at the expense of the official board of authority which by law is required to maintain such highway so intersected.

Where any public canal established under the provisions of the general drainage law shall intersect any private road or cartway the actual cost of constructing a bridge across such canal at such intersection shall be paid for from the funds of the drainage district and constructed under the supervision of the board of drainage commissioners, but the bridge shall thereafter be maintained by and at the expense of the owners of the land exercising the use and control of the private road; provided, if the private road shall be converted into a public highway the maintenance of the bridge shall devolve upon the state highway and public works commission or such other authority as by law shall be required to maintain public highways and bridges. (1909, c. 442, s. 25; 1911, c. 67, s. 6; 1917, c. 152, s. 6; 1947, c. 1022; C. S. 5345.)

Editor's Note.—The 1947 amendment inserted the first two paragraphs and made changes in the third paragraph.

§ 156-92. Control and repairs by drainage commissioners.—Whenever any improvement constructed under this subchapter is completed it shall be under the control and supervision of the board of drainage commissioners. It shall be the duty of the board to keep the levee, ditch, drain, or watercourse in good repair, and for this purpose they may levy an assessment on the lands benefited by the maintenance or repair of such improvement in the same manner and in the same proportion as the original assessments were made, and the fund that is collected shall be used for repairing and maintaining the ditch, drain, or watercourse in perfect order: Provided, however, that if any repairs are made necessary by the act or negligence of the owner of any land through which such improvement is constructed or by the act or negligence of his agent or employee, or if the same is caused by the cattle, hogs, or other stock of such owner, employee, or agent, then the cost thereof shall be assessed and levied against the lands of the owner alone, to be collected by proper suit instituted by the drainage commissioners. It shall be unlawful for any person to injure or damage or obstruct or build any bridge, fence, or floodgate in such a way as to injure or damage any levee, ditch, drain, or watercourse constructed or improved under the provisions of this subchapter, and any person causing such injury shall be guilty of a misdemeanor, and upon conviction thereof may be fined in any sum not exceeding twice the damage or injury done or caused. (1909, c. 442, s. 29; 1947, c. 982, s. 1; C. S. 5349.)

Editor's Note.—
The 1947 amendment substituted "maintenance or repair" for "construction" in line eight.

Art. 7A. Maintenance.

§ 156-93.1. Maintenance assessments and contracts; engineering assistance, construction equipment, etc.; joint or consolidated maintenance operations.—(1) The board of drainage commissioners may annually levy maintenance assessments in the same ratio as the existing classification of the lands within the district. The amount of these assessments shall be determined by the board of commissioners and shall not exceed an average of one dollar ($1.00) per acre per year and the amount of these assessments shall be approved by the clerk of the superior court prior to their annual levy. The proceeds of these assessments shall be used for the purpose of maintaining canals of the drainage district in an efficient operating condition and for the necessary operating expenses of the district as approved by the clerk of the superior court.

The board of drainage commissioners shall have the authority to employ engineering assistance, construction equipment, superintendents and operators for the equipment necessary for the efficient maintenance of the canals, or the maintenance may be done by private contract made after due advertisement as required for the original construction work.

(2) The board of drainage commissioners of a drainage district may join with the commissioners of one or more districts for the purpose of employing engineering assistance, equipment, superintendents and equipment operators for the maintenance of the canals in the several districts desiring to coordinate their maintenance operations and the drainage districts desiring to coordinate a common maintenance force may have a common office with the necessary employees for the furtherance of the joint operations for maintenance. The districts may coordinate their work without regard to county lines.

(3) The board of commissioners of a drainage district may, individually or jointly with the commissioners of other drainage districts, purchase, lease, rent, sell, or otherwise dispose of at public or private sale, equipment for the original construction or maintenance of the canals in the individual or joint districts or the said drainage districts may make contracts with private construction firms for the maintenance and construction of their canals. Contracts made with private construction companies are to be advertised as provided for the contract for the original construction of the canals.

The drainage districts may use the equipment owned by them for the purpose of maintenance of the canals and the construction of extensions to the system of canals in the individual or several drainage districts.

(4) The drainage districts desiring to consolidate their maintenance services and equipment may set up a board composed of one member from each district for the purpose of control and use of the personnel and equipment employed on a joint basis, and in all matters coming before the joint board, the representative of each district shall have a voting strength equal to the proportionate acreage of his drainage district as compared with the total acreage of the combined districts.

(5) The collection of the annual maintenance assessments shall be made by the county tax collector. The board of county commissioners of the county in which a drainage district is located shall upon the request of the board of drainage commissioners of the said district cause to be shown on the tax

statement or notice issued by the county to its taxpayers the amount due the drainage district by the landowners in the same manner as other special assessments are shown thereon. This amount shall be collected by the county tax collector in the same manner as county taxes and deposited to the credit of the district in which the land is located. (1949, c. 1216.)

Disallowance of petition; order; reclassification of lands; map and profile.—If the board of viewers do not favor the bond issue, it would be the duty of the clerk not to allow the same, but the petition may be presented again at any time after six months. If the board of viewers report that a bond issue is preferable, the clerk shall order the board of viewers to make a profile as is required when the district is first formed. If, in the opinion of the board of drainage commissioners, a new property map of the district should accompany the profiles, the clerk shall order the board of viewers to make such new map, showing the present owners in the district or in that portion thereof to be benefited by the proposed repairs, maintenance or improvement. The board of viewers shall with their profile or profiles file a report showing the lands to be benefited by the proposed repairs or maintenance or other improvements, the estimated costs thereof and the proportion or percentage which each tract of land shall bear for such repair, maintenance or improvement. Only those lands benefited by the proposed expenditures for repair, maintenance or improvement shall be assessed, and the assessment so made shall be in proportion to the benefits to be derived therefrom. The property maps, profiles and estimates of costs of repair, maintenance or improvement and lands benefited and benefits received shall be filed with the clerk in the time and manner prescribed for the filing of such reports when the district is first created. (1923, c. 231, s. 3; 1947, c. 982, s. 2; C. S. 5373(c).)

Assessments for repair, etc., of canals; notice and publication; exceptions to report.—All assessments for repair, maintenance or enlargement or other improvements of any canal or canals in any drainage district shall be levied against the lands benefited by such repair, enlargement or improvement. The drainage commissioners shall give notice of the proposed assessments by publication at least once a week for a period of four weeks in some newspaper published in the county in which said district was created, or if there be no such newspaper, by posting a notice at the courthouse door in said county for thirty days. Any property owner may within said thirty-day period file exceptions to said report, whereupon the clerk shall fix a time for the hearing of all exceptions which may be filed, and at said time the clerk shall hear said exceptions and render such judgment as may be mete and proper. Any property owner not having excepted to the proposed assessment within the time herein provided for shall be concluded and bound by the assessment as proposed. (1947, c. 982, s. 3.)

§ 160-1. Body politic.

The implied powers of a municipality are those which are necessarily or fairly implied in or incident to the powers expressly granted, or essential to the accomplishment of the purposes of the corporation. Green v. Kitchin, 229 N. C. 450, 50 S. E. (2d) 545. For a leading article on this case, see 27 N. C. Law Rev. 500.

Editor's Note.—The 1949 amendment added subsection 10. As the rest of the section was not affected by the amendment it is not set out.

For a brief comment on the 1949 amendment, see 27 N. C. Law Rev. 473.

Subsection 5.

Local Modification.—City of Reidsville: 1949, c. 323.

Subsection 6.

When Approval of Voters Not Required.—Where a municipality decides to abandon the generation of electricity by the use of Diesel engines and substitute therefor electricity purchased wholesale for distribution through its electric plant, and in pursuance of such change of policy, advertises a sale of Diesel engines under § 160-59, there is no sale by such municipality of its electric plant requiring approval of a majority of the qualified voters under this section. Mullen v. Louisburg, 225 N. C. 53, 33 S. E. (2d) 484.

Discretion of Local Body.—The terms and conditions upon which franchises to public utilities are to be granted, unless clearly unreasonable or expressly prohibited by law, rest in the sound discretion of the local body. Mullen v. Louisburg, 225 N. C. 53, 33 S. E. (2d) 484.

Statutory Term Read into Contract.—Where a franchise granted by a municipality fails to stipulate a term, the statutory term of sixty years will be read into the contract as a part thereof. Boyce v. Gastonia, 227 N. C. 139, 41 S. E. (2d) 355.

Art. 2. Municipal Officers.

Part 1. Commissioners.

Cited in Green v. Kitchin, 229 N. C. 450, 50 S. E. (2d) 545.

Part 3. Constable and Policemen.

§ 160-20. Policemen appointed.

Municipality May Send Policemen to Training School.—The explicit power of a municipality to appoint and employ police contemplates that the persons so engaged be qualified and competent, and therefore a municipality has implied authority, exercisable within the discretion of its governing body, to send its policemen to a police training school and to make proper expenditures for this purpose. Green v. Kitchin, 229 N. C. 450, 50 S. E. (2d) 545. For a leading article on this case, see 27 N. C. Law Rev. 500.

§ 160-21. Policemen execute criminal process.

Arrest without a Warrant.—A police officer within the limits of the city which has clothed him with authority, like a sheriff or constable, may summarily and without warrant arrest a person for a misdemeanor committed in his presence. This is a necessary concomitant of police power and essential for police protection. But in such case it is the duty of the officer to inform the person arrested of the charge against him and immediately take him before someone authorized to issue criminal warrants and have a warrant issued, giving him opportunity to provide bail and communicate with counsel and friends. Perry v. Hurdle, 229 N. C. 216, 49 S. E. (2d) 400.

Cited in Green v. Kitchin, 229 N. C. 450, 50 S. E. (2d) 545.

Local Modification.—Buncombe, Chatham, Stanly, Vance, Wake: 1945, c. 1040, ss. 2½, 3.

Editor's Note.—The 1945 amendment added the above sentence at the end of this section. As the rest of the section was not affected by the amendment it is not set out.

Session Laws 1949, c. 876, amended Session Laws 1945, c. 1040, s. 3, by striking out the words "Durham county." This had the effect of removing "Durham" from the list of counties appearing under "Local Modification" and of making this section applicable to Durham county.

Part 5. General Qualification of Officers.

§ 160-40. Practice in challenges.

Local Modification.—Town of Brevard, temporary: 1949, c. 852, s. 5.

Art. 4. Ordinances and Regulations.

§ 160-54. Repair streets and bridges.—The board of commissioners shall provide for keeping in proper repair the streets and bridges in the town, in the manner and to the extent they may deem best; may cause such improvements in the town to be made as may be necessary: Provided, however, so long as the maintenance of any streets and/or bridges within the corporate limits of any town be taken over by the state highway and pub-

lic works commission, such town shall not be responsible for the maintenance thereof and shall not be liable for injuries to persons or property resulting from the failure to maintain such streets and bridges. (Rev., s. 2930; Code, s. 3803; R. C., c. 111, s. 16; 1949, c. 862; C. S. 2675.)

Editor's Note.—The 1949 amendment added the proviso. For a brief comment on the 1949 amendment, see 27 N. C. Law Rev. 474.

City Cannot Plead Governmental Immunity.—A municipality cannot, with impunity, create in its streets a condition palpably dangerous, neglect to provide the most ordinary means of protection against it, and avoid liability for proximate injury on the plea of governmental immunity. Hunt v. High Point, 226 N. C. 74, 36 S. E. (2d) 694, 696.

This section imposes on towns and cities a positive duty to maintain streets in a reasonably safe condition for travel, and negligent failure to do so renders municipality liable to private action for proximate injury. Hunt v. High Point, 226 N. C. 74, 36 S. E. (2d) 694, 695.

Duty to Take Measures to Avert Injury.—Negligent failure to take such measures as ordinary prudence requires to avert injury, where the municipality has actual or imputable knowledge of the dangerous condition, will render municipality liable for injury proximately caused. Hunt v. High Point, 226 N. C. 74, 78, 36 S. E. (2d) 694.

Failure to Light Street.—While a city may not be under legal necessity of lighting its streets at all, where it does maintain street lights its failure to provide lighting which is reasonably required at a particular place because of the dangerous condition of street is negligent failure to discharge its duty to maintain the streets in a reasonably safe condition for travel. Hunt v. High Point, 226 N. C. 74, 36 S. E. (2d) 694.

§ 160-55. May abate nuisances. — The board of commissioners may pass laws for abating or preventing nuisances of any kind, and for preserving the health of the citizens. Provided, however, it shall not be a nuisance for an employee or servant of a railroad company to make necessary smoke when stoking or operating a coal burning locomotive. (Rev., s. 2929; Code, s. 3802; R. C., c. 111, s. 15; 1949, c. 594, s. 1; C. S. 2676.)

Editor's Note.—The 1949 amendment added the proviso. For a brief comment on the 1949 amendment, see 27 N. C. Law Rev. 474.

Art. 5. Municipal Taxation.

§ 160-56. Commissioners may levy taxes.—The board of commissioners may annually levy and cause to be collected for municipal purposes an ad valorem tax not exceeding the limitation expressed in § 160-402, and one dollar on each poll, on all persons and property within the corporation, which may be liable to taxation for state and county purposes; and may annually lay a tax on all trades, professions and franchises carried on or enjoyed within the city, unless otherwise provided by law; and may lay a tax on all such shows and exhibitions for reward as are taxed by the general assembly; and on all dogs, and on swine, horses and cattle, running at large within the town: Provided, however, the board of commissioners may re-adopt any existing ordinance or ordinances levying, assessing, imposing and defining the license and privilege taxes of any city by reference, without reading the same in detail, and by the reading of any amendments or additions thereto. (Rev., s. 2924; Code, s. 3800; R. C., c. 111, s. 13; 1862, c. 51; 1949, c. 933; C. S. 2677.)

Editor's Note.—The 1949 amendment added the proviso.

Art. 6. Sale of Municipal Property.

§ 160-59. Public sale by mayor and commissioners.

Local Modification.—City of Reidsville: 1949, c. 323.

Applied in Mullen v. Louisburg, 225 N. C. 53, 33 S. E. (2d) 484.

§ 160-61.1. Certain counties and municipalities authorized to execute warranty deeds; relief from personal liability.—1. The governing bodies of counties and municipal corporations are hereby authorized and empowered to execute and deliver conveyances to any property, whether acquired by tax or assessment foreclosure or otherwise, with full covenants of warranty whenever in the discretion of said governing bodies it is to the best interest of said counties or municipal corporations to convey by warranty deed.

2. Members of the governing bodies of counties and municipal corporations are hereby relieved of any personal or individual liability by reason of the execution of any such conveyances with covenants of warranty.

3. This section shall apply only to Wake County and the municipal corporations therein, Forsyth county and the municipal corporations therein, Rowan county and the municipal corporations therein, and to the following named counties and the municipal corporations therein, to-wit: Wayne, Lenoir, Beaufort, New Hanover, Union, Franklin, Bertie, Bladen, Pender, Orange, Wilson, Richmond, Davidson, Halifax, Gates, Nash, Edgecombe. (1945, c. 962.)

Art. 8. Public Libraries.

§ 160-65. Library established upon petition and popular vote.—The governing body of any incorporated city or county, upon petition of fifteen per cent (15%) of the registered voters in said city or county who voted in the last election for governor, may submit the question of the establishment and support of a free public library to the voters at a special election for that purpose. Such special election shall be called by the proper election authorities of the incorporated city or county, and at least twenty days' public notice of same shall be given prior to the opening of the registration books. The registration books shall remain open for the same period of time before said special election as is required by law for them to remain open for a regular election. A new registration of the qualified voters shall be ordered before said special election is held and such new registration shall be made in accordance with the laws for the registration of voters in municipal elections as provided by chapter one hundred and sixty of the General Statutes of North Carolina and as provided by chapter one hundred and sixty-three of the General Statutes of North Carolina in the case of a county. At said special election there shall be submitted to the voters qualified to vote in said election the question of whether a special tax shall be levied and a free public library established or maintained as herein provided. The ballot to be used in voting on whether any tax authorized by this section shall be levied and a free public library established shall contain the following question: "Shall a special tax be levied for the establishment, maintenance and support of public libraries?", with appropriate spaces for marking "yes" or "no." If a majority of the qualified voters voting at said special election vote in the affirmative, the governing body of the voting unit shall establish the library

and may levy, and cause to be collected as other general taxes are collected, a special tax in the amount requested by the petition, which shall not be more than ten cents (10c) nor less than three cents (3c) on the one hundred dollars ($100.00) of the assessed value of the taxable property of such unit. The funds so derived shall constitute the library fund, and shall be kept separate from the other funds of the city or county, to be expended exclusively on such library. When such library has been established, it may be abolished only by a vote of the people in the same manner in which it was established.

In any city or county in which a tax for library purposes has been voted under this section or any other law, the governing body thereof, on the recommendation of the board of trustees of the library, may submit to the voters of such city or county the question as to an increase or decrease, within the limitations of this section, of such tax so authorized. The question shall be submitted to the voters in the manner provided by this section. No election under this section shall be held on the day of any biennial election for county officers, or within sixty days of such an election.

The provisions of this section shall apply to the territory in any county in this state situated outside incorporated cities or towns therein which have established libraries upon petitions and popular elections under this section. It is the intent and purpose of this section to authorize qualified voters in the territory lying outside incorporated cities and towns in this state to file petitions with the governing body of the county in which they are situated, and to be permitted to vote for the establishment of libraries in said territory, and to levy and collect taxes for the establishment and maintenance of the same in the manner and within the limitations set out in this section. (1911, c. 83, s. 1; 1927, c. 31, s. 1; 1933, c. 365, s. 1; 1945, c. 1005; 1949, cc. 351, 353; C. S. 2694.)

Editor's Note.—

The 1945 amendment rewrote this section.

The first 1949 amendment added the last paragraph, and the second 1949 amendment substituted "ten cents (10c)" for "five cents (5c)" in the second from the last sentence of the first paragraph.

§ 160-77. Joint libraries.—Two or more counties or municipalities, or a county or counties and a municipality or municipalities, may join for the purpose of establishing and maintaining a free public library under the terms and provisions contained in this article.

Such combined governmental units shall have the same privileges and shall be subject to the same restrictions as a single unit under this article, and all the provisions of this article, unless inconsistent, shall be applicable to the combined units.

The governing bodies of the combined units shall perform their appropriate duties with regard to the library in the same manner as for a single unit under this article.

Such joint library shall be governed by a board of trustees to be composed of three persons from each of the participating units. The governing body of each unit shall choose the three persons to represent it from the citizens at large with reference to their fitness for such office. For the initial term, one member shall be appointed for two years, one for four years, and one for six years, and until their successors are appointed and qualified. Thereafter, the terms of members shall be for six years and until their successors are appointed and qualified. Vacancies occurring on the board shall be filled by the governing body of the appointing unit for the unexpired term. Any member may be removed by the governing body appointing him for incapacity, unfitness, misconduct or neglect of duty. The board shall serve without compensation.

The amount each participating unit shall contribute to the establishment and support of the joint library shall be based upon relative population and the total assessed value of property in each unit.

Should any county at any time desire to withdraw from such combination, the said county shall be entitled to such proportion of the property as may have been agreed upon in the terms of combination at the time such joint action was taken. (1933, c. 365, s. 7; 1945, c. 401.)

Editor's Note.—The 1945 amendment rewrote this section.

Art. 9. Local Improvements.

§ 160-78. Explanation of terms.

"Street improvement" includes the grading, regrading, paving, repaving, macadamizing, remacadamizing and bituminous surface treatment constructed on a soil stabilized base course with a minimum thickness of four inches, (such soil stabilizing agents to be top soil, sand clay, sand clay gravel, crushed stone, stone dust, portland cement, tar, asphalt or any other stabilizing materials of similar character, or any combination thereof,) of public streets and alleys, and the construction, reconstruction, and altering of curbs, gutters and drains in public streets and alleys. (1945, c. 461.)

Editor's Note.—The 1945 amendment inserted in the paragraph defining "Street improvement" the provision as to bituminous surface treatment. As the rest of the section was not affected by the amendment it is not set out.

§ 160-83. What resolution shall contain.

§ 160-85. Assessments levied.

School Property Subject to Assessment for Street Improvements.—Lands owned by "The School Committee of Raleigh Township, Wake County," and used exclusively for public school purposes, are liable for assessment for street improvements made by the city of Raleigh under this article. Raleigh v. Raleigh City Administrative Unit, 223 N. C. 316, 26 S. E. (2d) 591.

§ 160-88. Hearing and confirmation; assessment lien.

Priority of Lien.—

In an action to foreclose street assessment liens it was said that if it be thought that effect should be given to the provisions relative to ad valorem taxes in § 105-340, that the lien for taxes levied shall attach to all the real estate of the taxpayer and shall continue until such taxes shall be paid, it may be noted that this section, relating to local assessments provides only that the assessment when confirmed shall be a lien on the real property against which it is assessed, superior to all other liens. Raleigh v. Mechanics, etc., Bank, 223 N. C. 286, 295, 26 S. E. (2d) 573.

§ 160-90. Power to adjust assessments.

An extension resolution providing a new series of installment payments does not invalidate the lien of a municipality for an assessment for public improvements where the sums of the new installments in the aggregate exceed the

amount actually due at the time of the extension. Differences may be adjusted under this section. Salisbury v. Arey, 224 N. C. 260, 29 S. E. (2d) 894.

§ 160-91. Payment of assessment in cash or by installments.

Right to Declare All Installments Due.—
In accord with original. See Salisbury v. Arey, 224 N. C. 260, 29 S. E. (2d) 894.

When It Is Mandatory upon City to Allow Installment Payment.—The provisions in this section were enacted for the benefit of the property owner, giving the owner a period of thirty days from the date notice is given as required by the following section, in which to pay the assessment in cash, without interest; or, if he should so elect and give notice in writing to the municipality within said period of thirty days, that he desires to pay his assessment in installments, then it becomes mandatory upon the city to permit such property owner to pay his assessment in installments. Salisbury v. Arey, 224 N. C. 260, 265, 29 S. E. (2d) 894.

The option passes to the municipality to proceed to foreclose and collect the entire assessment or to collect the assessment in installments, as provided in the original resolution authorizing the improvements where the property owner remains silent and neither pays in cash within the thirty-day period nor signifies in writing his election to pay in installments. Salisbury v. Arey, 224 N. C. 260, 266, 29 S. E. (2d) 894.

§ 160-93. Sale or foreclosure for unpaid assessments barred in ten years; no penalties.

Editor's Note.—For article on collectibility of special assessments more than ten years delinquent, see 22 N. C. Law Rev. 123.

Section Applies to Action to Foreclose Drainage Assessment.—This section applies to an action brought by a drainage district for foreclosure of delinquent drainage assessments, and authorizes "one reasonable attorney's fee for the plaintiff" to be included and taxed in the costs in such an action. Robeson County Drainage Dist. v. Bullard, 229 N. C. 633, 50 S. E. (2d) 742.

When Allowance of Attorney's Fee to Be Made.—It would seem that the legislature intended that the allowance of an attorney's fee under this section should be made at the conclusion of the proceeding and not in the course of it. Robeson County Drainage Dist. v. Bullard, 229 N. C. 633, 50 S. E. (2d) 742.

§ 160-94. Extension of time for payment of special assessments.

Editor's Note.—
For article on collectibility of special assessments more than ten years delinquent, see 22 N. C. Law Rev. 123.

Extension Contrary to Section Is Not Void.—A resolution of the governing body of a municipality, providing for an extension of the payments of an assessment for local improvement in installments, which is contrary to this section, is defective but not void, and may be amended by a subsequent resolution to conform to the statutory requirements. Salisbury v. Arey, 224 N. C. 260, 29 S. E. (2d) 894.

When Statute of Limitations Begins to Run.—Where a new series of installment payments of an assessment for local improvements is provided, under this section, the ten-year statute of limitations begins to run on each new installment as it becomes due. Salisbury v. Arey, 224 N. C. 260, 29 S. E. (2d) 894.

Art. 11. Regulation of Buildings.

§ 160-122. County electrical inspectors.

—The county commissioners of each county may, in their discretion, designate and appoint one or more electrical inspectors, who shall qualify as hereinafter prescribed, whose duty shall be to enforce all state and local laws governing electrical installations and materials, to issue permits for and to make inspections of all new electrical installations and such re-inspections as may be prescribed by the county commissioners in buildings located in any town of one thousand population or less and/or those buildings located outside the corporate limits of all cities and towns, and not otherwise included in this article, and to issue a certificate of inspection where such installations fully meet the requirements for such installations as set forth in this article, or such additional requirements as the board of county commissioners may prescribe. Nothing contained in this article shall be construed as prohibiting said board of county commissioners designating as county inspector any person who also has or may be designated as electrical inspector in any city or town located within said county, or from prohibiting two or more counties from designating the same inspector to perform the duties herein mentioned for such two or more counties. The county commissioners shall also fix the fees to be charged by such county inspector, which fees shall be paid by the owner of the properties so inspected.

The fees collected by the inspector may be retained by him in payment for his services, or the county commissioners, in their discretion, may pay the inspector a fixed salary, in which case the fees collected for permits and inspections shall be paid to the county treasury.

It shall be unlawful for the county electrical inspector or any of his authorized agents to engage in the business of installing electrical wiring, devices, appliances or equipment, and he shall have no financial interest in any concern engaged in such business in the county at any time while holding such office as herein provided for.

Before confirmation of his appointment, the electrical inspector shall take and pass a qualifying examination to be based on the last edition of the National Electrical Code, as filed with the secretary of state. This examination shall be in writing and shall be conducted according to the rules and regulations prescribed by and under the supervision of the state electrical engineer and inspector and the board of examiners of electrical contractors. The prescribed rules and regulations may provide for the appointment of class I, class II and class III inspectors in accordance with the qualifications revealed by the examination with respect to the installation of various types and character of equipment and facilities. Examinations shall be given quarterly in Raleigh, or in such other places as may be designated by the state electrical engineer and inspector, at his discretion. Examinations shall be based on the type and character of electrical installations being made in the territory in which the applicant wishes to serve as electrical inspector. An electrical inspector having qualified for a class I appointment shall be eligible without further exami-

nation to serve as electrical inspector anywhere in the state, but an inspector having qualified for a class II or class III appointment shall be limited to the territory for which he may qualify.

Upon passing the required examination by any person, a certificate approving him as inspector for a designated territory shall be issued by the commissioner of insurance. Such certificate must be renewed annually between January 1st and January 31st and shall be subject to cancellation at any time if the inspector is removed from office for cause by the board of county commissioners, which removal is hereby authorized. The fee for examination shall be five dollars ($5.00), to be returned if the applicant fails to pass. The annual renewal fees for a certificate of appointment shall be one dollar ($1.00). If the person appointed as electrical inspector by the county commissioners fails to take the examination or to make the necessary passing grade, the county commissioners shall continue to make such appointments until one or more applicants has passed the examination. In the interim, a temporary inspector may act with the approval of the commissioner of insurance.

The inspector appointed shall give a bond approved by the county commissioners for the faithful performance of his duties. (1937, c. 57; 1941, c. 105; 1947, c. 719.)

Art. 12. Recreation Systems and Playgrounds.

§ 160-155. Title.—This article shall be known and may be cited as the "Recreation Enabling Law." (1945, c. 1052.)

Editor's Note.—
The 1945 amendment rewrote this article, formerly containing twelve sections, to appear as set out herein. The amendatory act provides: "Nothing in this act shall have the effect of repealing Public-Local or Private Acts creating or authorizing the creation of any recreational system by a unit or relating to the management thereof."

Cited in Purser v. Ledbetter, 227 N. C. 1, 40 S. E. (2d) 702.

§ 160-156. Declaration of state public policy.—As a guide to the interpretation and application of this article, the public policy of this state is declared to be as follows: The lack of adequate recreational programs and facilities is a menace to the morals, happiness and welfare of the people of this state in times of peace as well as in time of war. Making available recreational opportunities for citizens of all ages is a subject of general interest and concern, and a function requiring appropriate action by the governing bodies of the several political and educational subdivisions of the state. The legislature, therefore, declares that in its considered judgment the public good and the general welfare of the citizens of this state require an adequate recreation program and that the creation, establishment and operation of a recreation system is a governmental function and a necessary expense as defined by article VII, section seven, of the constitution of North Carolina. (1945, c. 1052.)

Dedication for Recreation Facilities Is for Public Purpose.—The power of cities to dedicate real property for use as recreation centers and for other recreational purposes is expressly conferred by this section, and the exercise of this power is in the public interest and for a public purpose. Brumley v. Baxter, 225 N. C. 691, 36 S. E. (2d) 281, 286, 162 A. L. R. 930, citing Atkins v. Durham, 210 N. C. 295, 186 S. E. 330; White v. Charlotte, 209 N. C. 573, 575, 183 S. E. 730.

Stated in Purser v. Ledbetter, 227 N. C. 1, 40 S. E. (2d) 702.

§ 160-157. Definitions.—(1) Recreation, for the purpose of this article, is defined to mean those activities which are diversionary in character and which aid in promoting entertainment, pleasure, relaxation, instruction, and other physical, mental, and cultural development and experiences of a leisure time nature.

(2) Unit, for the purpose of this article, means county, city and town. (1945, c. 1052.)

§ 160-158. Powers.—The governing body of any unit, as defined in § 160-157, may exercise the following powers for recreational purposes:

(1) Establish and conduct a system of supervised recreation for such unit.

(2) Set apart for use as parks or playgrounds, recreational centers or facilities, any lands or buildings owned by or leased to such unit and may improve and equip such lands or buildings.

(3) Acquire lands or buildings by gift, purchase, lease or loan, or by condemnation as provided by chapter forty, Eminent Domain, of the General Statutes.

(4) Accept any gift or bequest of money or other personal property or any donation to be applied principal or income for recreational use.

(5) Provide, construct, equip, operate and maintain parks, playgrounds, recreation centers and recreation facilities, and all buildings and structures necessary or useful in connection therewith

(6) Appropriate funds for the purpose of carrying out the provisions of this article. (1945, c. 1052.)

§ 160-159. Funds.—If the governing body of any unit, as defined in § 160-157, finds it necessary for the purpose of carrying out the provisions of this article, the governing body is hereby authorized to call a special election without a petition for that purpose as provided by § 160-163, and submit as therein provided to the qualified voters of said unit the question of whether or not a special tax shall be levied and/or bonds issued for the purpose of acquiring lands for parks, playgrounds and buildings, and the improvement thereof, and for equipping and operating same. (1945, c. 1052.)

Cited in Purser v. Ledbetter, 227 N. C. 1, 40 S. E. (2d) 702.

§ 160-160. System conducted by unit or recreation board.—If a recreational system is established, it may be conducted by the unit as any other department of the unit is conducted, or if the governing body of the unit determines that it is for the best interest of the system that it be supervised and directed by a recreation board or commission, then such governing body may create such board or commission by ordinance or resolution to be known as the "recreation board or commission of the unit" and may vest such board or com-

mission with the authority to provide, maintain, conduct and operate the recreational system with authority to employ directors, supervisors and play leaders and such other officers or employees as may be deemed best within the budget provided for the commission or board by the unit or from appropriations made by it, or from other funds in the hands of the commission or board. The board or commission may be vested with such powers and duties as to the governing body may seem proper. (1945, c. 1052.)

§ 160-161. Appointment of members to board.—The board or commission shall be appointed by the governing body of the unit and shall consist of ten members, four of whom shall be ex officio members, one of whom shall represent the governing body of the unit, one the school system serving the unit, one the welfare department serving the unit, and one the health department serving the unit. The ex officio members shall serve and have the same powers and duties as other members. Six members shall be appointed to represent the public at large, two of whom shall be appointed for a term of one year; two for a term of two years; and two for a term of three years. Upon the expiration of their original terms of office, each succeeding term shall be for three years but no member at large shall immediately succeed himself beyond two consecutive terms and no ex officio member shall serve beyond the term of the office he represents or serve continuously to exceed six years. The members shall serve without compensation. Vacancies in the board or commission shall be filled for the unexpired term by appointment of the governing body of the unit. The recreation board or commission at its first meeting shall appoint a chairman and such other officers as may be deemed proper for the conduct of its business, and shall adopt rules and regulations to govern its procedures. Rules and regulations may be adopted from time to time for the purpose of governing the use of the parks, playgrounds, recreation centers and facilities. (1945, c. 1052; 1949, c. 1204.)

Editor's Note.—The 1949 amendment rewrote the former first two sentences to appear as the present first three sentences.

§ 160-162. Power to accept gifts and hold property.—The recreation board or commission may accept any grant, lease, loan, or devise of real estate or any gift or bequest of money or other personal property, or any donation to be applied, principal or income, for either temporary, immediate or permanent recreational use; but if the acceptance of any grant or devise of real estate, or gift or bequest of money or other personal property will subject the unit to expense for improvement or maintenance, the acceptance thereof shall be subject to the approval of the governing body of such unit. Lands or devises, gifts or bequests, may be accepted and held subject to the terms under which such land or devise, gift or bequest, is made, given or received. (1945, c. 1052.)

§ 160-163. Petition for establishment of system and levy of tax; election.—A petition signed by at least fifteen per cent of the qualified and registered voters in the unit may be filed in the office of the clerk or other proper officer of such unit requesting the governing body of such unit to do any one or all of the following things:

(1) Provide, establish, maintain and conduct a supervised recreation system for the unit.

(2) Levy an annual tax of not less than three cents (3c) nor more than ten cents (10c) on each one hundred dollars of assessed valuation of the taxable property within such unit for providing, conducting and maintaining a supervised recreation system.

(3) Issue bonds of the unit in an amount specified therein and levy a tax for the payment thereof, for the purpose of acquiring, improving and equipping lands or buildings or both for parks, playgrounds, recreation centers and other recreational facilities.

When the petition is filed, it shall be the duty of the governing body of such unit to cause the question petitioned for to be submitted to the voters at a special election to be held in such unit within ninety days from the date of the filing, which election shall be held as now provided by law for the holding of general elections in such units, except in all such elections a special registration shall be provided.

If the proposition submitted at such election shall receive a majority vote of the qualified registered electors at such election, the governing body of the unit shall, by appropriate ordinance or resolution, put into effect such proposition as soon as practicable. (1923, c. 83, s. 8; 1945, c. 1052; C. S. 2776(h).)

Cited in Purser v. Ledbetter, 227 N. C. 1, 40 S. E. (2d) 702.

§ 160-164. Joint playgrounds or neighborhood recreation centers.—Any two or more units may jointly provide and establish, operate and conduct and maintain a supervised recreation system and acquire, operate, improve and maintain property, both real and personal, for parks, playgrounds, recreation centers and other recreational facilities and activities, the expense thereof to be proportioned between the units participating as may to them seem just and proper. (1945, c. 1052.)

Art. 14. Zoning Regulations.

§ 160-172. Grant of power.

Building Inspector Must Follow Literal Provisions of Regulations.—In the issuing of building permits the building inspector, a purely administrative agent, must follow the literal provisions of the zoning regulations. Lee v. Board of Adjustment, 226 N. C. 107, 37 S. E. (2d) 128, 131.

Power to Zone Cannot Be Delegated.—The power to zone is conferred upon the governing body of the municipality and cannot be delegated to the board of adjustment. Hence a board of adjustment has no power either under this section or under ordinance to permit a type of business or buildng prohibited by the ordinance, for to do so would be an amendment of the law and not a variance of its regulations. James v. Sutton, 229 N. C. 515, 50 S. E. (2d) 300.

Variance and Nonconforming Buildings.—The privilege of erecting a nonconforming building or a building for a nonconforming use may not be granted under the guise of a variance permit, and action to that effect is in direct conflict with the general purpose and intent of the ordinance and does violence to its spirit. Lee v. Board of Adjustment, 226 N. C. 107, 37 S. E. (2d) 128, 133.

Validity of Ordinance.—

A zoning ordinance covering all land within the municipality and separating commercial and industrial districts of the city from those set apart for residences, schools, parks, libraries, churches, etc., and which is uniform and operates alike on all territory within the respective zones, bears a reasonable relation to the health, safety, morals and general welfare of the entire community and is a valid and constitutional exercise of the delegated police power of the

municipality. Kinney v. Sutton, 230 N. C. 404, 53 S. E. (2d) 306.

The fact that a lot would be more valuable if devoted to a nonconforming use does not deprive the owner of property without due process of law when the zoning regulations are uniform in their application to all within the respective districts, and the differentiation of the uses of property within the respective districts is in accordance with a comprehensive plan in the interest of the health, safety, morals or general welfare of the entire community. Id.

City May Limit Use of Property in Residential District.—This section authorizes municipalities to enact zoning ordinances prohibiting the use of property within a residential district for business or commercial purposes. Kinney v. Sutton, 230 N. C. 404, 53 S. E. (2d) 306.

Ordinance Held Not Discriminatory.—Provision of a zoning ordinance which permits commercial and industrial activities within a residential district provided such activities are carried on by members of the immediate family and not more than two persons are employed therein, does not render the ordinance void as being discriminatory, since the commercial activities permitted thereunder in a residential district are so intrinsically different from unlimited commercial and industrial activities in general as to permit their separate classification. Kinney v. Sutton, 230 N. C. 404, 53 S. E. (2d) 306.

Applied in Kass v. Hedgpeth, 226 N. C. 405, 38 S. E. (2d) 164.

§ 160-173. Districts.

Local Modification.—Elizabeth City: 1945, c. 301; town of Asheboro: 1947, c. 428; Wake: 1945, c. 532.

§ 160-175. Method of procedure.

Local Modification.—Granville: 1949, c. 598.

Effect of Noncompliance with Section.—Where original zoning ordinances, which did not include defendant's land within area prohibited for business structures, and amendment thereto which purported to do so, were not adopted in accordance with the enabling provisions of this and the following sections, such ordinances were invalid and ineffective as zoning regulations. Kass v. Hedgpeth, 226 N. C. 405, 38 S. E. (2d) 164, 165, citing Eldridge v. Mangum, 216 N. C. 532, 5 S. E. (2d) 721; Lee v. Board of Adjustment, 226 N. C. 107, 37 S. E. (2d) 128.

§ 160-178. Board of adjustment.—Such legislative body may provide for the appointment of a board of adjustment consisting of five members, each to be appointed for three years; provided, that such legislative body in the appointment of the original members of such board, or in the filling of vacancies caused by the expiration of the terms of the existing members of any such board, may make appointments of certain members for less than three years to the end that thereafter the terms of all members shall not expire at the same time. Such legislative body may, in its discretion, appoint not more than two alternate members to serve on such board in the absence, for any cause, of any regular member. Such alternate member or members shall be appointed for the same term or terms as regular members, and shall be appointed in the same manner as regular members and at the regular times for appointment; provided, however, that in the case of the first appointment of alternate members subsequent to the effective date of this article the appointment shall be for a term which shall expire at the next time when the term of any regular member expires. Such alternate member, while attending any regular or special meeting of the board and serving in the absence of any regular member, shall have and exercise all the powers and duties of such regular member so absent. Such board of adjustment shall hear and decide appeals from and review any order, requirement, decision or determination made by an administrative official charged with the enforcement of any ordinance adopted pursuant to this article. It shall also hear and decide all matters referred to it or upon which it is required to pass under any such ordinance. The concurring vote of four members of the board shall be necessary to reverse any order, requirement, decision or determination of any such administrative official, or to decide in favor of the applicant any matter upon which it is required to pass under any such ordinance or to effect any variation in such ordinance. Every decision of such board shall, however, be subject to review by proceedings in the nature of certiorari. Such appeal may be taken by any person aggrieved or by an officer, department, board or bureau of the municipality. Such appeal shall be taken within such time as shall be prescribed by the board of adjustment by general rule, by filing with the officer from whom the appeal is taken and with the board of adjustment a notice of appeal, specifying the grounds thereof. The officer from whom the appeal is taken shall forthwith transmit to the board all the papers constituting the record upon which the action appealed from was taken. An appeal stays all proceedings in furtherance of the action appealed from, unless the officer from whom the appeal is taken certifies to the board of adjustment, after the notice of appeal shall have been filed with him, that by reason of facts stated in the certificate a stay would, in his opinion, cause imminent peril to life or property, in which case proceedings shall not be stayed otherwise than by a restraining order, which may be granted by the board of adjustment or by a court of record on application, on notice to the officer from whom the appeal is taken and on due cause shown. The board of adjustment shall fix a reasonable time for the hearing of the appeal and give due notice thereof to the parties, and decide the same within a reasonable time. Upon the hearing, any party may appear in person or by agent or by attorney. The board of adjustment may reverse or affirm, wholly or partly, or may modify the order, requirement, decision or determination appealed from, and shall make such order, requirement, decision or determination as in its opinion ought to be made in the premises, and to that end shall have all the powers of the officer from whom the appeal is taken. Where there are practical difficulties or unnecessary hardships in the way of carrying out the strict letter of such ordinance, the board of adjustment shall have the power, in passing upon appeals, to vary or modify any of the regulations or provisions of such ordinance relating to the use, construction or alteration of buildings or structures or the use of land, so that the spirit of the ordinance shall be observed, public safety and welfare secured and substantial justice done. (1923, c. 250, s. 7; 1929, c. 94, s. 1; 1947, c. 311; 1949, c. 979, ss. 1, 2; C. S. 2776(x).)

Cross Reference.—As to power of board of adjustment to permit nonconforming use, see note to § 160-172.

Editor's Note.—The 1947 amendment, effective March 18, 1947, inserted the second, third and fourth sentences.

The 1949 amendment inserted the words "not more than" in line thirteen. It also substituted the words "alternate member or" for the words "two alternate" in line fifteen.

Purpose of Section.—The plain intent and purpose of this section is to permit, through the board of adjustment, the amelioration of the rigors of necessarily general zon-

ing regulations by eliminating the necessity for a slavish adherence to the precise letter of the regulations where, in a given case, little or no good on the one side and undue hardship on the other would result from a literal enforcement. Lee v. Board of Adjustment, 226 N. C. 107, 37 S. E. (2d) 128, 132.

Section Grants No Legislative Power.—This section and § 160-172 do not grant to board of adjustment legislative authority, and therefore, board is without power to amend an ordinance under which it functions. Lee v. Board of Adjustment, 226 N. C. 107, 37 S. E. (2d) 128.

Board Cannot Permit Nonconforming Use or Structure.—Board of adjustment cannot permit type of business or building prohibited by zoning ordinance, for to do so would be an amendment of law and not a variance of its regulations. Lee v. Board of Adjustment, 226 N. C. 107, 37 S. E. (2d) 128, 132.

But Can Merely "Vary" Regulations.—The board of adjustment cannot disregard the provisions of this article or regulations enacted in accordance with zoning law, but can merely "vary" them to prevent injustice when the strict letter of the provisions would work "unnecessary hardship." Lee v. Board of Adjustment, 226 N. C. 107, 37 S. E. (2d) 128, 132.

Who May Appeal from Order.—Any owner whose property is affected has the right to apply to the courts for review of an order of a municipal board of adjustment. Lee v. Board of Adjustment, 226 N. C. 107, 37 S. E. (2d) 128.

Optionee.—Since an optionee has no present right to erect a building on the land, the withholding of a building permit from him cannot in law impose an "undue and unnecessary hardship" upon him as a predicate for relief from an order of a municipal board of adjustment. Lee v. Board of Adjustment, 226 N. C. 107, 37 S. E. (2d) 128.

"Unnecessary hardship" as used in this section, does not mean a pecuniary loss to a single owner in being denied a building permit for a nonconforming structure pursuant to zoning regulations binding upon all alike. Lee v. Board of Adjustment, 226 N. C. 107, 37 S. E. (2d) 128.

Same—Extent to Which Reviewable.—

The decisions of the board of adjustment are final, subject to the right of the courts to review errors in law and to give relief against its orders which are arbitrary, oppressive, or attended with manifest abuse of authority. Lee v. Board of Adjustment, 226 N. C. 107, 37 S. E. (2d) 128. 131.

Review of Questions of Fact.—

In accord with original. See Lee v. Board of Adjustment, 226 N. C. 107, 37 S. E. (2d) 128, 130.

§ 160-179. Remedies.

Section Applies Only to Regulations Passed under This Article.—The equitable remedy of injunction authorized applies only to the enforcement of zoning regulations promulgated under this article. Clinton v. Ross, 226 N. C. 682, 40 S. E. (2d) 593.

An ordinance prohibiting the operation of tobacco sales warehouses in certain sections of a municipality cannot be enforced by injunction under this section as to a warehouse in operation prior to the adoption of zoning regulations by the municipality even if the ordinance be deemed a part of the later adopted zoning regulations where zoning ordinance expressly excludes from its operation nonconforming uses existing prior to its adoption. SUBCHAPTER II. MUNICIPAL CORPORATION ACT OF 1917.

Art. 17. Organization under the Subchapter.

§ 160-195. Municipal board of control; changing name of municipality.

Where the complaint contains no allegation that the Board of Municipal Control has failed to observe and follow the requirements of the statutes and no allegation that the said board has acted capriciously or in bad faith, in a civil action to restrain the execution of an order changing the name of a town, demurrer to the complaint for failure to state a cause of action was properly sustained, and there was no error in the court's dissolving a restraining order theretofore granted and dismissing the action. Hunsucker v. Winborne, 223 N. C. 650, 27 S. E. (2d) 817.

§ 160-197. Petition filed.

Upon the hearing by the Board of Municipal Control of a petition to change the name of a town, the board has power to investigate and determine whether or not the requirements of this and the following section have been complied with. Hunsucker v. Winborne, 223 N. C. 650, 27 S. E. (2d) 817.

§ 160-198. Hearing of petition and order made.

3. Election of officers provided for. The board of control shall provide for the place of holding the first election for mayor and commissioners; and shall designate how many commissioners shall serve, as set forth in subchapter I of this chapter, naming the number of commissioners, not less than three nor more than seven. The election of mayor and commissioners shall be under the same laws as now govern the election of mayor and commissioners in subchapter I of this chapter. The board of control shall appoint a registrar and two judges of election to hold the first election for mayor and commissioners and make such order as may be deemed proper and necessary for the holding of said first election and the certification of persons elected as mayor and commissioners. The list of the names of qualified voters attached to the petition shall be treated as the registration of qualified voters for said election, but the board may provide for the registration of any other qualified voters in the territory on or before the day of election.

(1949, c. 1083.)

Editor's Note.—The 1949 amendment added the last two sentences of subsection 3. As the rest of the section was not changed by the amendment only subsection 3 is set out.

See annotations under § 160-197.

Art. 18. Powers of Municipal Corporations.

Part 1. General Powers Enumerated.

§ 160-200. Corporate powers.

5. To create, provide for, construct, regulate, and maintain all things in the nature of public works, buildings, and improvements, including public libraries and equipment for the same.

25. To create and administer a special fund for the relief of indigent and helpless members of the police and fire departments who have become superannuated, disabled, or injured in such service, and receive donations and bequests in aid of such fund and provide for its permanence and increase, and to prescribe and regulate the conditions under which, and the extent to which, the same shall be used for the purpose of such relief. Also, to insure policemen, firemen, or any class of city employees against death or disability, or both, during the term of their employment under forms of insurance known as group insurance; the amount of benefit on the life of any one person not to exceed the sum of two thousand dollars, and the premiums on such insurance to be payable out of the current funds of the municipality. If and when the Congress of the United States amends the Federal Social Security Act so as to extend its provisions to include municipal employees, each municipality is hereby authorized to take such action or to appropriate such funds as are necessary to enlist their employees therein.

31. To provide for the regulation, diversion, and limitation of pedestrians and vehicular traffic upon public streets, highways, and sidewalks of the city and to regulate and limit vehicular parking on streets and highways in congested areas.

In the regulation and limitation of vehicular traffic and parking in cities and towns the govern-

ing bodies may, in their discretion, enact ordinances providing for a system of parking meters designed to promote traffic regulation and requiring a reasonable deposit (not in excess of five cents per hour) from those who park vehicles for stipulated periods of time in certain areas in which the congestion of vehicular traffic is such that public convenience and safety demand such regulation. The proceeds derived from the use of such parking meters shall be used exclusively for the purpose of making such regulation effective and for the expenses incurred by the city or town in the regulation and limitation of vehicular parking, and traffic relating to such parking, on the streets and highways of said cities and towns. Nothing contained in chapter two, section twenty-nine, of the Public Laws of one thousand nine hundred and twenty-one, or in section sixty-one of chapter four hundred and seven of the Public Laws of one thousand nine hundred and thirty-seven shall be construed as in any way affecting the validity of these parking meters or the fees required in the use thereof.

The governing authorities of all cities and towns of North Carolina shall have the power to own, establish, regulate, operate and control municipal parking lots for parking of motor vehicles within the corporate limits of cities and towns. Cities and towns are likewise hereby authorized, in their discretion, to make a charge for the use of such parking lots.

32. To regulate the emission of smoke within the city but no regulation relative to the emission of smoke shall extend to the acts of an employee or servant of a railroad company in making necessary smoke when stoking or operating a coal burning locomotive.

36a. To require that drivers and operators of taxicabs engaged in the business of transporting passengers for hire over the public streets of any city or town, make application to and receive from the governing board of any such city or town a driver's or operator's permit before operating or driving any such vehicle. The governing board may refuse to issue such permit to any person who has been convicted of: a felony; a violation of any federal or state statute relating to the use, possession, or sale of intoxicating liquors; any federal or state statute relating to prostitution; any federal or state statute relating to the use, possession, or sale of narcotic drugs; or to any person who is not a citizen of the United States; or to any person who is a habitual user of intoxicating liquors or narcotic drugs; or to a person who has been a habitual violator of traffic laws or ordinances.

The governing body may revoke any such driver's or operator's permit if the person holding such permit is convicted of: a felony; or violation of any federal or state statute relating to the possession or sale of intoxicating liquors; or violation of any federal or state statute relating to prostitution; or any federal or state statute relating to the use, possession or sale of narcotic drugs; or repeated violations of traffic laws or ordinances; or becomes a habitual user of intoxicating liquors or narcotic drugs.

The governing body may also require operators and drivers of taxicabs to prominently post and display in each taxicab, so as to be visible to the passengers therein, permit, rates and/or fares, fingerprints, photographs, and such other identification matter as deemed proper and advisable. The governing body is also authorized to establish the rates which may be charged by taxicab operators, and may grant franchises to taxicab operators on such terms as it deems advisable.

Editor's Note.—The 1945 amendment added the last sentence of subsection 36a. Prior to the 1947 amendment the second paragraph of subsection 31 was not applicable to municipalities of 20,000 or less.

The first 1949 amendment added the last sentence of subsection 25. The second 1949 amendment added at the end of subsection 5 the words "including public libraries and equipment for the same." And the third 1949 amendment rewrote subsection 32. As the rest of the section was not affected by the amendments it is not set out.

For a brief comment on the 1949 amendment, see 27 N. C. Law Rev. 474.

Charter provisions are supplemented by our general statutes. Under the power thus conferred the municipal authorities are the sole judges of the necessity or expediency of exercising that right. Parsons v. Wright, 223 N. C. 520, 523, 27 S. E. (2d) 534.

Municipal corporations have no inherent police powers and can exercise only those conferred by this section and such powers as are conferred are subject to strict construction. Kass v. Hedgpeth, 226 N. C. 405, 38 S. E. (2d) 164, 165.

Licensing of Taxicab Drivers.—The legislature has deemed it to be the part of wisdom to delegate to the various municipalities of the state the power to license, regulate and control the operators and drivers of taxicabs. In the exercise of this delegated power, it is the duty of the municipal authorities, in their sound discretion, to determine what ordinances or regulations are reasonably necessary for the protection of the public or the better government of the town; and when in the exercise of such discretion an ordinance is adopted, it is presumed to be valid; and, the courts will not declare it invalid unless it is clearly shown to be so. State v. Stallings, 230 N. C. 252, 52 S. E. (2d) 901.

City May Require Drivers to Wear Distinctive Insignia.—It is not an unlawful, unreasonable or an arbitrary exercise of the police power which has been delegated to local municipal authorities by the legislature, for a city to require, as a condition incident to the privilege of operating a taxicab on its streets, that the driver of such taxicab shall wear a distinctive cap or other insignia while operating a taxicab, to show that he is a duly licensed taxicab driver. Such a requirement would seem to be reasonable and a protection to the public against unlicensed drivers or operators. State v. Stallings, 230 N. C. 252, 52 S. E. (2d) 901.

Part 2. Power to Acquire Property.

§ 160-204. Acquisition by purchase.

Section Confers Power of Extraterritorial Condemnation.—This and the following section expressly confer the power of extraterritorial condemnation where municipality has right to acquire property. Charlotte v. Heath, 226 N. C. 750, 40 S. E. (2d) 600, 169 A. L. R. 569.

§ 160-205. By condemnation.

Condemnation for Pipe Lines Outside of City Limits.—The city of Charlotte was authorized by its charter to ex-

tend its public services, including that of water and sewerage, to those living beyond the city limits, and to acquire the facilities used for said purposes, including pipe lines, and this right being existent, under this section city had the right to exercise its power of eminent domain to condemn lands and property rights for said purposes. Charlotte v. Heath, 226 N. C. 750, 40 S. E. (2d) 600, 169 A. L. R. 569.

Part 3. Streets and Sidewalks.

§ 160-222. Power to make, improve and control.

Cross Reference. — As to power of municipal governing body to close streets, etc., see note to subsection 17 of § 153-9.

§ 160-226. Maps of streets and sidewalks in subdivisions within one mile of city or town limits to be approved by such city or town.

As to control corners in real estate developments, see §§ 39-32.1 to 39-32.4.

Part 5. Protection of Public Health.

§ 160-229. Ordinances for protection of health; contracts for medical treatment and hospitalization of poor.

The provisions of this paragraph shall not apply to the municipalities of Salisbury, Spencer, East Spencer, Rocky Mount, Leaksville, Madison, Asheville, Charlotte, Gibsonville, Greensboro, Hamlet, High Point, Jamestown, Rockingham, Tarboro and Wilmington. This paragraph shall not apply to the city of High Point in Guilford county; to the city of Elizabeth City in Pasquotank county; nor to the counties of Beaufort, Camden and Lee or any city or town therein; nor to any city or town in the counties of Ashe, Avery, Columbus, Davidson, Durham, Gates, Jackson, Martin and Rockingham, save and except the city of Reidsville; nor to the counties of Ashe, Alexander, Brunswick, Clay, Cumberland, Forsyth, Haywood, Henderson, Jones, Macon, Montgomery, Moore, Pasquotank, Robeson, Transylvania, Wilkes, Catawba, Lincoln, Surry, Washington, Rowan, Warren, Vance, Johnson, Edgecombe, Halifax, Davie, Gaston, Harnett, Iredell, Pitt, Stanly, Union and Yadkin. Before this paragraph shall apply to any city or town in Catawba county it must be submitted to a vote of the people of said Catawba county. (1917, c. 136, sub-ch. 5, s. 4; 1935, c. 64; 1943, c. 215; 1947, cc. 101, 160; C. S. 2795.)

Editor's Note.—The first 1947 amendment struck out "Edenton" from the list of municipalities in the third sentence from the end of the section. The second 1947 amendment struck out "Sampson" from the list of counties in the next to last sentence. Only the last three sentences of the section are set out.

Editor's Note.—Chapter 1081 of Session Laws 1949, which amended §§ 160-417 to 160-421 and struck out § 160-423, reenacted all of chapter 2 of the Public Laws of 1938, as thereby amended.

Part 6. Fire Protection.

§ 160-238. Fire protection for property outside city limits; injury to employee of fire department.

Any employee of a municipal fire department, while engaged in any duty or activity in connection with the provisions of this section, or pursuant to orders or instructions from his officers or superiors, shall have the same rights under the workmen's compensation law, and shall be entitled to all such other rights, privileges, exemptions and immunities, as if such duty or activity were performed within the corporate limits of the municipality by which he was employed; and all such employees shall be entitled to all such rights, privileges, immunities and exemptions, irrespective of where such duties or activities are performed. In authorizing or permitting its fire department to answer fire calls outside the twelve-mile limit, and in answering such calls, the municipality and its employees in the fire department shall be considered as acting in a governmental capacity. (1919, c. 244; 1941, c. 188; 1947, c. 669; 1949, c. 89; C. S. 2804.)

Editor's Note.—

City May Impose Conditions on Residents Outside Corporate Limits. — "Since it is optional with a city as to whether or not it will furnish water to residents outside its corporate limits and permit such residents to connect their sewer facilities with the sewerage system of the city, or with any other sewerage system which connects with the city system, it may fix the terms upon which the service may be rendered and its facilities used. He shall keep the records of the meetings. The person holding the office of city clerk at the time when any of the plans set forth in this subchapter shall be adopted by such city shall continue to hold office for the term for which he was elected, and until his successor is elected and qualified. The governing body shall also have the authority to appoint a deputy city clerk to act during the absence or disability of the city clerk, and may assign to said deputy the same powers, authority, and duties as are assigned to the city clerk.

Art. 34. Revenue Bond Act of 1938.

§ 160-413. Title of article.

Editor's Note.—Session Laws 1945, c. 333, extended the operation of this article as to New Hanover county and any municipality therein until March 1, 1949.

Session Laws 1949, c. 1081, which amended §§ 160-417 and 160-421 and struck out § 160-423, re-enacted this article in its entirety as so amended.

§ 160-417. Bond provisions.—Revenue bonds may be issued under this article in one or more series; may bear such date or dates, may mature at such time or times, not exceeding thirty-five years from their respective dates; may bear interest at such rate or rates, not exceeding six per centum (6%) per annum, payable at such time or times; may be payable in such medium of payment; at such place or places; may be in such denomination or denominations; may be in such form either coupon or registered; may carry such registration, conversion, and exchangeability privileges; may be subject to such terms of redemption with or without premium; may be declared or become due before the maturity date thereof; may be executed in such manner, and may contain such terms, covenants, assignments, and conditions as the resolution or resolutions authorizing the issuance of such bonds may provide. All bonds issued under this article bearing the signature of officers in office on the date of the signing thereof shall be valid and binding notwithstanding that before the delivery thereof and payment therefor, such officers whose signatures appear thereon shall have ceased to be officers of the municipality issuing the same. Pending the preparation of the definitive bonds, interim receipts, in such form and with such provisions as the governing body may determine, may be issued to the purchaser or purchasers of bonds to be issued under this article. Said bonds and coupons and said interim receipts shall be negotiable for all purposes, except as restricted by registration, and shall be and are hereby declared to be nontaxable for any and all purposes. (Ex. Sess., 1938, c. 2, s. 5; 1949, c. 1081.)

Editor's Note.—The 1949 amendment rewrote this section.

§ 160-421. Approval of state agencies and sale of bonds by local government commission. — All revenue bonds issued pursuant to this article shall be approved and sold by the local government commission in the same manner as municipal bonds are approved and sold by that commission, except that the said commission may sell any bonds issued pursuant to this article to the United States of America, or any agency thereof, at private sale and without advertisement. It shall not be necessary for any municipality proceeding under this article to obtain any other approval, consent, or authorization of any bureau, board, commission, or like instrumentality of the state for the construction of an undertaking; provided, however, that existing powers and duties of the state board of health shall continue in full force and effect. And provided further that no municipality shall construct any systems, plants, works, instrumentalities, and properties used or useful in connection with the generation, production, transmission, and distribution of gas (natural, artificial, or mixed) or electric energy for lighting, heating, and power for public and private usage without having first obtained a certificate of convenience and necessity from the North Carolina utilities commission, except that this requirement for a certificate of convenience and necessity shall not apply to any such undertaking defined in this proviso which has been authorized or the bonds for which have been authorized by any general, special, or local law enacted prior to April 21, 1949. (Ex. Sess., 1938, c. 2, s. 9; 1949, c. 1081.)

Editor's Note.—The 1949 amendment rewrote this section.

§ 160-423: Struck out by Session Laws 1949, c. 1081.

Art. 34A. Bonds to Finance Sewage Disposal System.

§ 160-424.1. Issuance of bonds by municipality. —Subject to the provisions of the Municipal Finance Act, 1921, as amended, but notwithstanding any limitation on indebtedness contained therein or in any other law, any municipality may issue its negotiable bonds for the purpose of paying the cost of acquiring, constructing, extending, enlarging or improving a system for the collection, treatment and disposal of sewage (hereinafter sometimes called the "sewage disposal system"), either within or without or partly within and partly without the municipality, and to pledge to the payment of such bonds the revenues of the sewage disposal system as hereinafter provided. (1949, c. 1213, s. 1.)

§ 160-424.2. Additional powers of municipality. —In addition to any powers which it may now have under the provisions of any law, a municipality shall have the following powers:

(a) To fix and collect rates, fees and charges for the services and facilities furnished by a sewage disposal system and to fix and collect charges for making connections with the sewer system of such municipality;

(b) To acquire in the name of the municipality, either by purchase or the exercise of the right of eminent domain, such lands and rights and interests therein, including lands under water and riparian rights, and to acquire such personal property, as it may deem necessary in connection with the construction, extension, enlargement, improvement or operation of a sewage disposal system;

(c) To construct and operate trunk, intercepting or outlet sewers, sewer mains, laterals, conduits or pipe lines in, along or under any streets, alleys, highways or other public ways;

(d) To enter into contracts with the government of the United States or any agency or instrumentality thereof, or with any other municipality, sanitary district, private corporation, co-partnership, association or individual providing for or relating to the treatment or disposal of sewage;

(e) To accept from any federal agency loans or grants for the planning, acquisition, extension, enlargement, improvement or lease of a sewer system and to enter into agreements with such agency respecting such loans and grants. (1949, c. 1213, s. 2.)

§ 160-424.3. Fixing or revising schedule of rates, etc., for services and facilities.—Before any municipality may issue bonds under the authority of this article, it shall fix the initial schedule of rates, fees and charges for the use of and for the services and facilities furnished or to be furnished by the sewage disposal system, to be paid by the owner, tenant or occupant of each lot or parcel of land which may be connected with or use the sewer system of such municipality, and revise such schedule of rates, fees and charges from time to time, so that such rates, fees and charges shall be sufficient at all times to pay the principal of and the interest on the bonds as the same shall become due and to provide reserves therefor. (1949, c. 1213, s. 3.)

§ 160-424.4. Authority to charge and collect rates, fees, etc.; basis of computation; additional charge for cause. — The municipality shall charge and collect the rates, fees and charges fixed or revised pursuant to the authority of this article, and such rates, fees and charges shall not be subject to supervision or regulation by any other commission, board, bureau or agency of the municipality or of the state or of any sanitary district or other political subdivision of the state.

Such rates, fees and charges shall be just and equitable, and may be based or computed either upon the quantity of water used or upon the number and size of sewer connections or upon the number and kind of plumbing fixtures in use in the premises connected with the sewer system or upon the number or average number of persons residing or working in or otherwise connected with such premises or upon the type or character of such premises or upon any other factor affecting the use of the facilities furnished or upon any combination of the foregoing factors.

Charges for services to premises, including services to manufacturing and industrial plants, obtaining all or a part of their water supply from sources other than the municipality's water system may be determined by gauging or metering or in any other manner approved by the municipality.

In cases where the character of the sewage from any manufacturing or industrial plant, building or premises is such that it imposes an unreasonable burden upon any sewer system, an additional charge may be made therefor, or the municipality may, if it deems it advisable, compel such manufacturing or industrial plant, building or premises to treat such sewage in such manner as shall be specified by the municipality before discharging such sewage into any sewer lines owned or maintained by the municipality. (1949, c. 1213, s. 4.)

§ 160-424.5. Inclusion of charges as part of water bill; water disconnected upon failure to pay charges. — The municipality may provide in the ordinance or resolution authorizing the issuance of bonds under the provisions of this article, that the charges for the services and facilities furnished by any sewer system or sewer improvements constructed by the municipality under the provisions of this article shall be included in bills rendered for water consumed on the premises (but such charges shall be stated separately from the water charges) and that if the amount of such charges so included shall not be paid within thirty days from the rendition of any such bills, the municipality may discontinue furnishing water to such premises and may disconnect the same from the waterworks system of the municipality. (1949, c. 1213, s. 5.)

§ 160-424.6. Revenues pledged to bond retirement.—The revenues derived from any sewer system for which bonds shall be issued under the provisions of this article shall be pledged to the payment of the principal of and the interest on such bonds and a sufficient amount to pay such principal and interest and to provide reserves therefor shall be set aside and devoted to such purposes. (1949, c. 1213, s. 6.)

§ 160-424.7. Powers herein granted are supplemental.—The powers granted by this article shall be supplemental and additional to powers con-

ferred by any other law, and shall not be regarded as in derogation of any powers now existing. (1949, c. 1213, s. 7.)

SUBCHAPTER V. CAPITAL RESERVE FUNDS.

Art. 35. Capital Reserve Funds.

§ 160-425. Short title.

For comment on this enactment, see 21 N. C. Law Rev. 357.

§ 160-428. Sources of capital reserve fund.—The capital reserve fund may consist of moneys derived from any one or more of the following sources:

(1945, c. 464, s. 1.)

Editor's Note.—The 1945 amendment struck out the words "except that no money shall be deposited in such capital reserve fund after July tenth, one thousand nine hundred and forty-five," formerly appearing after the word "sources" in line three. As only the introductory paragraph was affected by the amendment the rest of the section is not set out.

§ 160-429. How the capital reserve fund may be established; revenues derived from public utilities. If revenues derived from a utility or utilities (water system, water and sewer system, electric system, gas system) owned by the municipality are included in said ordinance, or an amendment thereto, as a source or sources, said ordinance or amendment may stipulate that the moneys of such source or sources shall not be withdrawn and expended for any purpose other than repairing, enlarging, extending or reconstructing such utility or utilities. (1943, c. 467, s. 5; 1945, c. 464, s. 1.)

Editor's Note.—The 1945 amendment added the above paragraph at the end of this section. As the rest of the section was not affected by the amendment it is not set out.

§ 160-430. When the capital reserve fund shall be deemed established.—The capital reserve fund shall be deemed established when the ordinance passed under the provisions of § 160-429 is approved by the local government commission. After action is taken upon the provisions of said ordinance by the local government commission the secretary of said commission shall notify the clerk in writing of the approval by said commission or disapproval, if the commission declines to approve the ordinance, and the reasons therefor. Upon receipt of the notice of approval the clerk shall thereupon notify the financial officer of the municipality who shall immediately deposit in the designated depositary the moneys stated as available in said ordinance for the capital reserve fund and simultaneously report such deposit to the local government commission. (1943, c. 467, s. 6; 1945, c. 464, s. 1.)

Editor's Note.—The 1945 amendment omitted the former second paragraph.

§ 160-430.1. Increases to capital reserve fund.—No increase to a capital reserve fund shall be made except by resolution adopted by the governing body and the provisions thereof approved by the local government commission which resolution shall state the source or sources of moneys from which such increase is intended to be made and the amount of the money from each source, but each increase shall be from moneys derived from the identical source or sources as those stated in the ordinance establishing the capital reserve fund or in an amendment thereto. The clerk shall transmit a certified copy of such resolution to the local government commission. After action is taken upon the provisions of said resolution by the local government commission the secretary of said commission shall notify the clerk in writing of the approval by said commission or disapproval, if the commission declines to approve the resolution, and the reasons therefor. Upon receipt of the notice of approval the clerk shall thereupon notify the financial officer of the municipality who shall immediately deposit in the duly designated depository the moneys stated in said resolution and simultaneously report such deposit to the local government commission. Deposits required in § 160-441 shall not be construed as increases of a capital reserve fund within the meaning of this section. (1945, c. 464, s. 1.)

§ 160-433. Purposes for which capital reserve fund may be used.

(d) Investment in bonds, notes or certificates of indebtedness of the United States of America, in bonds or notes of the state of North Carolina, or in bonds of the municipality;

(1945, c. 464, s. 1.)

Editor's Note.—As the 1945 amendment affected only subsection (d), the rest of the section is not set out.

§ 160-434. Authorization for withdrawals from the capital reserve fund.—A withdrawal for any one of the purposes contained in clauses (b), (c), (d) and (e) of § 160-433 shall be authorized by resolution duly adopted by the governing body. Each such resolution shall specify the purpose of the withdrawal, the amount of such withdrawal, the sources of moneys in the capital reserve fund for such withdrawal and the amount to be withdrawn from each source. Each such resolution shall contain a request to the local government commission for its approval of the provisions thereof, shall be spread upon the minutes of the governing body and the clerk shall transmit a certified copy of such resolution to the local government commission. A resolution authorizing a withdrawal for the purpose stated in clause (b) of § 160-433 shall further specify the total appropriations contained in the annual appropriation ordinance of the fiscal year in which such withdrawal is authorized and shall state the total amount of such previous withdrawals made in such fiscal year and the date upon which the withdrawal shall be repayable to the capital reserve fund. In any case where all or any part of a capital reserve fund has been withdrawn and invested in bonds, notes or certificates of indebtedness of the United States of America which are about to mature and it is desired to continue investment of like kind, such continuance may be effected by exchange of said maturing bonds, notes or certificates of indebtedness through the treasury of the United States, or an authorized agent thereof, for bonds, notes or certificates of indebtedness of the United States of America of like principal amount and of later maturity or maturities; Provided, however, each such continuance and exchange shall first be authorized by resolution adopted by the governing body and the provisions thereof approved by the local government commission.

(1945, c. 464, s. 1.)

Editor's Note.—The 1945 amendment added the last sen-

tence to the first paragraph. As the rest of the section was not affected by the amendment it is not set out.

§ 160-439. How a withdrawal may be made.—No withdrawal from the capital reserve fund shall be made except pursuant to authority of the governing body by resolution or ordinance which has taken effect. Each withdrawal shall be for the full amount authorized, except a withdrawal for the purpose stated in clause (e) of § 160-433 which may be made for all or a part thereof from time to time according to the plan of amortization, and shall be by check drawn on the depositary by the financial officer of the municipality and payable to said financial officer, except that a check evidencing withdrawal for the purpose of investment may be made payable to the obligor or to the vendor of such bonds, notes or certificates of indebtedness in which investment has been duly authorized. Each such check shall bear a certificate on the face or reverse thereof signed by the secretary of the local government commission or by his duly designated assistant that the withdrawal evidenced thereby has been approved under the provisions of the Municipal Capital Reserve Act of One Thousand Nine Hundred and Forty-three, and such certificate shall be conclusive evidence that such withdrawal has been approved by the local government commission: Provided, however, the state of North Carolina shall not be liable for misapplication of any moneys withdrawn from the capital reserve fund by reason of such certificate. (1943, c. 467, s. 15; 1945, c. 464, s. 1.)

Editor's Note.—The 1945 amendment added the exception clause to the second sentence.

§ 160-441. Certain deposits mandatory. All deposits required in this section shall be made in the duly designated depositary of the capital reserve fund and it shall be the duty of the financial officer to simultaneously report each such deposit to the local government commission. (1943, c. 467, s. 17; 1945, c. 464, s. 1.)

Editor's Note.—The 1945 amendment added the above paragraph at the end of this section. As the rest of the section was not affected by the amendment it is not set out.

§ 160-444. Termination of power to establish and increase capital reserve fund.—No ordinance establishing a capital reserve fund, or amendment thereto for including additional sources, shall be passed nor shall a resolution providing for increase of a capital reserve fund be adopted after July tenth, one thousand nine hundred forty-seven. (1945, c. 464, s. 1.)

Validation of Former Increase.—Session Laws 1945, c. 464, s. 3, provides: "Any increase heretofore made to a capital reserve fund with money from the same source or sources stated in the ordinance or order establishing said fund in accordance with the provisions of either the Municipal Capital Reserve Act of one thousand nine hundred forty-three or the County Capital Reserve Act of one thousand nine hundred forty-three, or stated in an amendment to said ordinance or order, is hereby validated."

SUBCHAPTER VI. EXTENSION OF CORPORATE LIMITS.

Art. 36. Extension of Corporate Limits.

§ 160-445. Procedure for adoption of ordinance extending limits; effect of adoption when no election required.—After public notice has been given by publication once a week for four successive weeks in a newspaper in the county with a general circulation in the municipality, or if there be no such paper, by posting notice in five or more public places within the municipality, describing by metes and bounds the territory to be annexed, thus notifying the owner or owners of the property located in such territory, that a session of the municipal legislative body will meet for the purpose of considering the annexation of such territory to the municipality, the governing body of any municipality is authorized and empowered to adopt an ordinance extending its corporate limits by annexing thereto any contiguous tract or tracts of land not embraced within the corporate limits of some other municipality. Then from and after the date of the adoption of such ordinance, unless an election is required as herein provided, the territory and its citizens and property shall be subject to all the debts, laws, ordinances and regulations in force in said city or town and shall be entitled to the same privileges and benefits as other parts of said city or town. The newly annexed territory shall be subject to municipal taxes levied for the fiscal year following the date of annexation. (1947, c. 725, s. 1.)

Editor's Note.—For comment on this article, see 25 N. C. Law Rev. 453.

§ 160-446. Referendum on question of extension.—If, at the meeting held for such purpose, a petition is filed and signed by at least fifteen per cent (15%) of the qualified voters resident in the area proposed to be annexed requesting a referendum on the question, the governing body shall, before passing said ordinance, annexing the territory, submit the question as to whether said territory shall be annexed to a vote of the qualified voters of the area proposed to be annexed, and the governing body may or may not cause the question to be submitted to the residents of the municipality voting separately. The governing body may, without receipt of a petition, call for a referendum on the question, provided, however, the governing body of the municipality shall be required to call for a referendum within the municipality if a petition is filed and signed by at least fifteen per cent (15%) of the qualified voters residing in the municipality, who actively participated in the last gubernatorial election. (1947, c. 725, s. 2.)

§ 160-447. Extent of participation in referendum; call of election.—Upon receipt of a sufficient petition, or if the board, on its own motion, determines that a referendum shall be held, the local governing body shall determine whether or not the election will be conducted solely in the area to be annexed or simultaneously with the qualified voters of the municipality, and shall order the board of elections of the county in which the municipality is located to call an election to determine whether or not the proposed territory shall be annexed to the city or town. Within sixty (60) days after receiving such order from the governing body, the county board of elections shall proceed to hold an election on the question. (1947, c. 725, s. 3.)

§ 160-448. Action required by county board of elections; publication of resolution as to election; costs of election.—Such election shall be called by a resolution or resolutions of said county board of elections which shall:

(a) Describe the territory proposed to be annexed to the said city or town as set out in the order of the said local governing body;

(b) Provide that the matter of annexation of such territory shall be submitted to the vote of the qualified voters of the territory proposed to be annexed, and if ordered by the local governing body, the qualified voters of said city or town voting separately;

(c) Provide for a special registration of voters in the territory proposed to be annexed for said election;

(d) Designate the precincts and voting places for such election;

(e) Name the registrars and judges of such election;

(f) And make all other necessary provisions for the holding and conducting of such election, the canvassing of the returns and the declaration of the results of such election. Said resolution shall be published in one or more newspapers of the said county once a week for thirty (30) days prior to the opening of the registration books. All cost of holding such election shall be paid by the city or town. Except as herein provided, said election shall be held under the same statutes, rules, and regulations as are applicable to elections in the municipality whose corporate limits are being enlarged. (1947, c. 725, s. 4.)

§ 160-449. Ballots; effect of majority vote for extension.—At such election those qualified voters who present themselves to the election officials at the respective voting places shall be furnished with ballots upon which shall be written or printed the words "For Extension" and "Against Extension." If at such election a majority of the votes cast from the area proposed for annexation shall be "For Extension," and, in the event an election is held in the municipality, the majority of the votes cast in the municipality shall also be "For Extension," then from and after the date of the declaration of the result of such election the territory and its citizens and property shall be subject to all the debts, laws, ordinances, and regulations in force in said city or town and shall be entitled to the same privileges and benefits as other parts of said city or town. The newly elected territory shall be subject to city taxes levied for the fiscal year following the date of annexation. (1947, c. 725, s. 5.)

§ 160-450. Maps of annexed area, copy of ordinance and election results recorded in the office of register of deeds.—Whenever the limits of any municipal corporation are enlarged, in accordance with the provisions of this article, it shall be the duty of the mayor of the city or town to cause an accurate map of such annexed territory, together with a copy of the ordinance duly certified, and the official results of the election, if conducted, to be recorded in the office of the register of deeds of the county or counties in which such territory is situated and in the office of the secretary of state. (1947, c. 725, s. 6.)

§ 160-451. Surveys of proposed new areas.—The governing bodies of the cities and towns are hereby authorized to make the surveys required to properly describe the territory proposed to be annexed. (1947, c. 725, s. 7.)

§ 160-452. Areas having less than twenty-five eligible voter-residents.—No city or town shall, by virtue of the authority granted in this article, annex any territory in which there are less than twenty-five legal residents eligible to register and vote unless the owners of all the property proposed to be annexed sign a petition requesting the governing body to annex the territory. (1947, c. 725, s. 8.)

§ 160-453. Application of article.—This article shall not apply to any city or town for which a method of changing the corporate limits has been provided by public-local or private acts. Provided, further, that this article shall not apply to any town or municipality in New Hanover county or Dare county. (1947, c. 725, s. 9.)

Chapter 161. Register of Deeds.

Sec.

§ 161-2. Four-year term for registers of deeds; counties excepted.—At the general election for the year one thousand nine hundred and thirty-six and quadrennially thereafter there shall be elected in each county of this state by the qualified voters thereof a register of deeds, who shall serve for a term of four years from the first Monday in December after his election and until his successor is elected and qualified: Provided, however, that this section shall not apply to Alexander, Ashe, Avery, Beaufort, Clay, Davidson, Halifax, Haywood, Hyde, Iredell, Jackson, Johnston, Macon, Mitchell, Orange, Rowan, Swain, Vance, Yadkin, Cherokee, Dare, Lincoln, and Moore counties. (1935, cc. 362, 392, 462; 1937, c. 271; 1939, cc. 11, 99; 1941, c. 192; 1949, cc. 756, 830.)

Editor's Note.—The 1949 amendments struck out Harnett and Bladen, respectively, from the list of excepted counties.

§ 161-6. Deputies may be appointed; assistant registers of deeds.—The registers of deeds of the several counties in this state are hereby authorized and empowered to appoint deputies, whose acts as such shall be valid and for which the registers of deeds shall officially be responsible. They shall file the certificate of the appointment of the deputy in the office of the clerk of the superior court, who shall record the same.

Each register of deeds is authorized and empowered, in his discretion, to designate an assistant register of deeds, who, in addition to his other powers and duties, shall be authorized to register and sign instruments and documents in the name and under the title of the register of deeds, by himself as assistant. Such signing shall be substantially as follows:

John Doe—Register of Deeds
By Richard Roe—Assistant

Such registering and signing when regular and sufficient in all other respects shall be valid for all purposes, and of the same force and effect as if such instrument or document had been registered and signed by the register of deeds personally. The register of deeds shall file with the clerk of the superior court of the county a certificate of the appointment of the assistant so designated and authorized to act in the name of the register of deeds, and the clerk of the superior court shall record such certificate. (1909, c. 628, s. 1; 1949, c. 261; C. S. 3547.)

Editor's Note.—The 1949 amendment added the second and third paragraphs.

For a brief comment on the 1949 amendment, see 27 N. C. Law Rev. 476.

(1945, c. 544.)

Local Modification—Perquimans: 1949, c. 664.

§ 161-14. Registration of instruments.

Editor's Note.—

§ 161-22.1. Index and cross-index of immediate prior owners of land.—Whenever any deed or other instrument conveying real property by a trustee, mortgagee, commissioner, or other officer appointed by the court, or by the sheriff under execution, is filed with the register of deeds for the purpose of being recorded, it shall be the duty of the register of deeds to index and cross-index as grantors the names of all persons recited in said instrument to be the persons whose interest in such real estate is being conveyed or from whom the title of such real estate was acquired by the grantor in such instrument.

For indexing and cross-indexing as grantors the names of persons described in this section, the register of deeds shall be allowed a fee of ten cents (10c). Editor's Note.—

The 1947 amendment added at the end of this section the above provisions relating to Bertie county. As the rest of the section was not affected by the amendment it is not set out.

§ 162-14. Execute process; penalty for false return.

II. NEGLECT OR FAILURE TO MAKE DUE RETURN.

B. What Constitutes Failure and Defenses.

1. The Essential Elements of Failure.

Order Restraining Further Prosecution of Action in Which Execution Issued.—Execution of a judgment against defendant in summary ejectment to remove her from the land was issued and delivered to the sheriff. The sheriff failed to serve the execution because of an intervening order restraining the plaintiff from further prosecuting the summary ejectment, issued in a prior pending action to try title. Held: Motion to amerce the sheriff for failure to serve the execution was properly denied, since the sheriff had shown sufficient cause for failing to serve the execution. Massengill v. Lee, 228 N. C. 35, 44 S. E. (2d) 356.

Chapter 163. Elections and Election Laws.

SUBCHAPTER I. GENERAL ELECTIONS.

Art. 1. Political Parties.

§ 163-1. Political party defined; creation of new party.—A political party within the meaning of the election laws of this state shall be—

(1) Any group of voters which, at the last preceding general state election, polled for its candidate for governor, or for presidential electors, in the state at least ten per cent of the entire vote cast therein for governor, or for presidential electors; or

(2) Any group of voters which shall have filed with the state board of elections by twelve o'clock noon, on or before the first day of July preceding the day on which a general state election is held petitions signed by ten thousand persons who are at that time registered and qualified voters in this state, declaring their intention to organize a new state political party, the name of which party shall be stated on the petitions together with the name and address of the state chairman thereof, and also there shall be set forth on the petitions a declaration of their intention of participating in the next succeeding election and affiliating with said new state political party by voting for the nominees thereof. The signatures of the persons signing such petitions shall be proven before some officer authorized to take acknowledgments of deeds and other instruments which may be recorded and such acknowledgments certified by such officer, or the genuineness of such signatures shall be proven by the oath and examination before such officer by a person in whose presence the petitions were signed and such proof certified by such officer. Such petitions must be accompanied by certificates signed by the chairmen of the county boards of elections in the several counties in which signatures to the petitions are obtained, certifying that the signatures on the petitions have been checked against the registration books and showing the number and indicating by check marks on the petitions the names of the petitioners who are duly qualified and registered voters in such county. The group of petitioners shall pay to the chairmen of the county boards of elections who check the signatures on the petitions a fee of five cents for each name checked on the petitions.

No such group of petitioners shall assume a name or designation which shall be so similar, in the opinion of the state board of elections, to that of an existing political party as to confuse or mislead the voters at an election, and which name or designation shall not contain the same word that appears in the name or designation of any existing state political party. When any new political party has qualified for participation in an election as herein required, and has furnished to the state board of elections by the first day of August prior to the election the names of such of its nominees named in a convention of such party, for state, congressional and national offices as is desired to be printed on the official ballots, it shall be the duty of the state board of elections to cause to be printed on the official ballots furnished by it to the counties the names of such nominees. No names of any candidates of any new party shall be printed on the county ballots in any county for the first election held after the filing of such petitions. When any political party fails to cast ten per cent of the total vote cast at any election for governor or for presidential electors, it shall cease to be a political party within the meaning of this chapter. Provided, that notwithstanding any other provision of this section, any group of voters which at the 1948 general election polled for its candidates for presidential electors in the state at least three per cent of the total vote cast therein for presidential electors shall be deemed to be a political party within the meaning of the election and primary laws of this state until the regular general election of 1952 is held. (1949, c. 671, s. 1.)

Editor's Note.—The 1949 amendment rewrote this section. Among other changes, the 1949 amendment to this section wrote into it a number of administrative regulations adopted by the state board of elections in 1948, some of which were found in States' Rights Democratic Party v. State Board of Elections, 229 N. C. 179, 49 S. E. (2d) 379, to be repugnant to the intention of the law as then written. 27 N. C. L. Rev. 455.

This section confers upon any qualified voter the legal right to sign a petition for the creation of a new political party irrespective of whether such voter has participated in the primary election of an existing political party during the year in which the petition is signed, and regulations of the state board of elections are invalid if they undertake to establish and enforce the rule that a qualified

voter is ineligible to join in a petition for the creation of a new political party during a year in which he has voted in the primary election of an existing political party. States' Rights Democratic Party v. State Board of Elections, 229 N. C. 179, 49 S. E. (2d) 379.

The primary laws have no application to new political parties created by petition under this section. By express legislative declaration, such laws apply only to existing political parties "which, at the last preceding general election, polled at least three (now ten) per cent of the total vote cast therein for" governor, or for presidential electors. The law permits a new political party created by statutory petition to select its candidates in its own way. States' Rights Democratic Party v. State Board of Elections, 229 N. C. 179, 49 S. E. (2d) 379.

Duty of State Board of Elections.—Upon the filing of a petition under this section for the creation of a new political party, it is the duty of the state board of elections, in the first instance, to determine whether the petition is in accordance with the statutory requirements. States' Rights Democratic Party v. State Board of Elections, 229 N. C. 179, 49 S. E. (2d) 379. Note effect of 1949 amendment.

As § 163-151 specifies that ballots for use in general elections shall be printed and delivered to the county boards of elections "at least thirty days previous to the date of elections," the indisputable purpose of the provision of this section as it stood prior to the 1949 amendment concerning the time for filing a petition for the creation of a new political party was to afford the state board of elections approximately sixty days as the time in which to determine the sufficiency of the petition and to print ballots for use in the general election bearing the names of the nominees of the new political party in the event the petition for its creation was found to conform to the statute. States' Rights Democratic Party v. State Board of Elections, 229 N. C. 179, 49 S. E. (2d) 379.

Notice and Hearing Required before Rejection of Petition.—Manifestly the statutes creating the state board of elections and defining its duties contemplate that the board shall give petitioners for the creation of a new political party under this section notice and an opportunity to be heard in support of their petition before rejecting it or adjudging it insufficient. Indeed, notice and hearing in such case are necessary to meet the constitutional requirement of due process of law. States' Rights Democratic Party v. State Board of Elections, 229 N. C. 179, 49 S. E. (2d) 379.

Art. 2. Time of Elections.

§ 163-6. Special election for members of general assembly.

Nominations of candidates for a special election to fill a vacancy in the state house of representatives may be made by the several political party executive committees for each party respectively in the county in which such vacancy occurs. Nominations of candidates for a special election to fill a vacancy in the state senate in a senatorial district composed of only one county may be made by the several political party executive committees for each party respectively of such county in which said vacancy occurs. Nominations of candidates for a special election for the state senate in a senatorial district composed of more than one county where there is no party agreement for rotation of counties in the district in furnishing the candidate or candidates, may be made by the senatorial party executive committees for each party respectively of the district. Nominations of candidates for a special election for the state senate in a senatorial district composed of more than one county operating under a party rotation agreement under which one or more counties are permitted to nominate the candidate or candidates for the state senate in such district, may be made by the county political party executive committee or committees for the county or counties which, under the party rotation agreement, are entitled to select the candidates. It shall be the duty of the chairman and secretary of the political party executive committees making such a nomination for state senator in a special election to certify the name and party affiliation of the nominee to the chairman of each county board of elections in said district in which the special election is to be held before the special election ballots are printed. (Rev., s. 4298; 1901, c. 89, s. 74; 1947, c. 505, s. 1; C. S. 5919.)

Editor's Note.—The 1947 amendment added the above paragraph at the end of this section. As the rest of the section was not affected by the amendment it is not set out.

Art. 3. State Board of Elections.

§ 163-10. Duties of the state board of elections. 16. The state board of elections may, under such rules and regulations as it may prescribe, when it deems it necessary and advisable, authorize the chairman of any county board of elections to delegate the authority to any other member of such county board of elections to receive applications for and to issue absentee ballots in any primary or general election; provided the chairman of any county board of elections may in his discretion decline to delegate any other member of said board to receive applications for and to issue absentee ballots.

(1945, c. 982.)

Editor's Note.—The 1945 amendment inserted subsection 16. As the rest of the section was not affected by the amendment it is not set out.

The title of the amendatory act purports to amend this section but there is no reference to the section in the body of the act.

Board May Make Rules and Regulations Not in Conflict with Law.—The general assembly has conferred upon the state board of elections power to make reasonable rules and regulations for carrying into effect the law it was created to administer, but has annexed to the grant of this power the express limitation that such rules and regulations must not conflict with any provisions of such law. It seems clear that this specific restriction would have been inseparably wedded to the authority granted even if the statutes had been silent with respect to it. This is true because the constitution forbids the legislature to delegate the power to make law to any other body. States' Rights Democratic Party v. State Board of Elections, 229 N. C. 179, 49 S. E. (2d) 379.

Art. 4. County Board of Elections.

§ 163-11. County boards of elections; appointments; term of office and qualifications.—There shall be in every county in the state a county board of elections to consist of three persons of good moral character, who are electors in the county in which they are to act, who shall be appointed by the state board of elections on the tenth Saturday preceding each primary election, and whose terms of office shall continue for two years from the time of their appointment and until their successors are appointed and qualified. Not more than two members of the county board of elections shall belong to the same political party, and the state chairman of each political party shall have the right to recommend three electors in each county for such offices, and it shall be the duty of the state board of elections to appoint said county board from the names thus recommended: Provided, that said chairman shall recommend such persons at least fifteen days before the tenth Saturday before the primary election is to be held.

No person shall serve as a member of the county board of elections who holds any elective public office or who is a candidate for any office in the primary or election.

No person, while acting as a member of a

county board of elections, shall serve as a county campaign manager of any candidate in a primary or election. (Rev., s. 4303; 1901, c. 89, s. 6; 1933, c. 165, s. 2; 1945, c. 758, s. 1; 1949, c. 672, s. 1; C. S. 5924.)

Editor's Note.—
The 1945 amendment rewrote the proviso at the end of the first paragraph.
The 1949 amendment added the last paragraph.

§ 163-12. Meetings of county elections boards; vacancies; pay.

The members of the county board of elections shall receive in full compensation for their services five dollars per day for the time they are actually engaged in the discharge of their duties, together with such other expenses as are necessary and incidental to the discharge of their duties. Provided, that the chairman of a county board of elections shall receive for his services, when actually engaged in the discharge of his duties, the sum of seven dollars ($7.00) per day. (Rev., s. 4304; 1901, c. 89, s. 11; 1923, c. 111, s. 1; 1933, c. 165, s. 2; 1941, c. 305, s. 1; 1945, c. 758, s. 2; C. S. 5925.)

Editor's Note.—
The 1945 amendment increased the compensation first mentioned in the last paragraph from three to five dollars per day, and increased the compensation of the chairman from five to seven dollars per day. As the first two paragraphs were not affected by the amendment they are not set out.

Art. 5. Precinct Election Officers and Election Precincts.

§ 163-15. Appointment of registrars and judges of elections; qualifications.—The county boards of elections, at the first meeting herein provided to be held on the seventh Saturday before each primary election, shall select one person of good repute who shall act as registrar and two other persons of good repute who shall act as judges of election for each election precinct in the respective counties for both the ensuing primary and general election, whose terms of office shall continue for two years from the time of their appointment, or until their successors are appointed and qualified, and who shall conduct the primaries and elections within their respective precincts. Each registrar and judge of election so appointed shall be able to read and write and they shall be residents of the precincts for which they are appointed. The chairman of each political party in each county shall have the right to recommend from three to five electors in each precinct, who are residents of the precinct, and who shall be of good moral character and able to read and write, for appointment as registrar and for judges of election in each precinct, and such appointments may be made from such names so recommended: Provided, such recommendations are made by the seventh Saturday before each primary election: Provided, further, that in any primary, when only one political party participates in such primary then all of the precinct officials selected for holding such primary shall be chosen only from such political party so participating. In a primary, where more than one political party participates, and in the general election, not more than one judge of election in each precinct shall be of the same political party with that of the registrar. The county boards of elections shall also have the right to appoint assistants for such precincts where there are more than three hundred registered voters when deemed advisable. No person holding any office or place of trust or profit under the government of the United States, or of the state of North Carolina or any political subdivision thereof, shall be eligible to appointment as an election official: Provided that nothing herein contained shall extend to officers in the militia, notaries public, justices of the peace, commissioners of public charities, or commissioners for special purposes. No person who is a candidate shall be eligible to serve as a registrar or judge or assistant.

The registrars, judges and assistants shall, before entering upon their duties, have the oath of office administered to them by some officer authorized to administer oaths. (Rev., s. 4307; 1901, c. 89, s. 8; 1933, c. 165, s. 3; 1947, c. 505, s. 2; C. S. 5928.)

The 1947 amendment rewrote the next to the last sentence of the first paragraph.

§ 163-19. Compensation for certain duties relating to elections.

Editor's Note.—Session Laws 1947, c. 496 made the compensation provided by this section applicable in Ashe county.

§ 163-20. Compensation of precinct officers.—Judges of elections and assistants shall each receive for their services on the day of a primary or election the sum of five dollars. The registrar shall receive the sum of six dollars per day for his services on the day of a primary or election, and shall also receive the sum of six dollars per day for each Saturday during the period of registration that he attends at the polling place for the purpose of registering voters. Any person sworn in to act as registrar or judge of election shall receive the same compensation as the registrar and judge: Provided, that markers appointed for assisting voters in marking their ballots shall not receive any compensation therefor. Provided, further, that the registrars and judges of elections shall receive the same compensation for attending any meeting called by the chairman of the county board of elections relating to their duties in any primary or election; provided, further, that the board of commissioners of any county may provide for additional compensation for such precinct election officials. (Rev., s. 4311; 1901, c. 89, s. 42; 1927, c. 260, s. 2; 1931, c. 254, s. 16; 1933, c. 165, s. 3; 1935, c. 421, s. 1; 1939, c. 264, s. 1; 1941, c. 304, s. 1; 1945, c. 758, s. 3; 1947, c. 505, s. 11; C. S. 5932.)

Local Modification.—Session Laws 1945, c. 263 struck out "Alleghany" from the list of counties appearing in Public Laws 1939, c. 264. Session Laws 1947, c. 496 made the compensation provided by this section applicable in Ashe county.

Editor's Note.—
The 1945 amendment substituted "five" for "four" in line three, and "six" for "five" in lines four and six. It also added the last proviso.

The 1947 amendment struck out the words "and said registrar shall receive no other compensation whatsoever" formerly appearing at the end of the second sentence. It also struck out from the end of the last proviso the words "in precincts where the duties of those election officials require services for a substantial period of time after the closing of the polls."

§ 163-21. Duties of registrars and judges of election.

2. The enforcement of peace and good order in and about the place of registration and voting.

They shall especially keep the place of access of the electors to the polling place open and unobstructed, prevent and stop improper practices or attempts to obstruct, intimidate or interfere with any elector in registering or voting. They shall protect challengers and witnesses against molestation and violence in the performance of their duties, and may eject from the polling place any such challenger or witness for violation of any provisions of the election laws. They shall prevent riots, violence, tumult or disorder. In the discharge of these duties they may call upon the sheriff, police, or other peace officers to aid them in enforcing the law. They may order the arrest of any person violating any provision of the election law, but such arrest shall not prevent such person from registering or voting if he is entitled so to do. The sheriff, all constables, police officers and other officers of the peace, shall immediately obey and aid in the enforcement of any lawful order made by the precinct election officials in the enforcement of the election laws. The registrar and judges of election of any precinct, or any two of such election officials, shall have the authority to deputize any person or persons as police officers to aid in maintaining order at a voting precinct.

(1947, c. 505, s. 3.)

The 1947 amendment added the last sentence of subsection 2. As the rest of the section was not affected by the amendment it is not set out.

Art. 6. Qualification of Voters.

§ 163-25. Qualifications of electors; residence defined.—Subject to the exceptions contained in the preceding section, every person born in the United States and every person who has been naturalized, and who shall have resided in the state of North Carolina for one year and in the precinct, ward, or other election district in which he offers to vote, four months next preceding the election shall, if otherwise qualified as prescribed in this chapter, be a qualified elector in the precinct, or ward or township in which he resides; Provided, that removal from one precinct, ward, or other election district to another in the same county shall not operate to deprive any person of the right to vote in the precinct, ward or other election district from which he has removed until four months after such removal.

(1945, c. 758, s. 7.)

Editor's Note.—

The 1945 amendment inserted in lines two and three of the first paragraph the words "every person born in the United States and." As the rest of the section was not affected by the amendment it is not set out.

Meaning of "Residence" Is Judicial Question.—The meaning of the term "residence" for voting purposes, as used in Art. VI, § 2, of the Constitution of North Carolina, is a judicial question. It cannot be made a matter of legislative construction. This is true because the legislature cannot prescribe any qualifications for voters different from those found in the organic law. State v. Chaplin, 228 N. C. 705, 47 S. E. (2d) 12.

"Residence" Is Synonymous with Domicile.—Residence as a prerequisite to the right to vote in this state, within the purview of N. C. Constitution, Art. VI, § 2, is synonymous with domicile, which denotes a permanent dwelling place to which a person, when absent, intends to return. State v. Chaplin, 228 N. C. 705, 47 S. E. (2d) 12.

Evidence Insufficient to Show Loss of Domicile.—Uncontroverted testimony which discloses that electors whose votes were challenged on the ground of nonresidence left their homes and moved to another state or to another county in this state for temporary purposes, but that at no time did they intend making the other state or the other county in this state a permanent home, is insufficient to support a finding that they had lost their domicile in the county for the purpose of voting. State v. Chaplin, 228 N. C. 705, 47 S. E. (2d) 12.

The indefiniteness of an elector's intention to return to the county of his domicile is insufficient to establish loss of voting residence—no other having been acquired or intended. State v. Chaplin, 229 N. C. 797, 48 S. E. (2d) 37.

Art. 7. Registration of Voters.

§ 163-31. Time when registration books shall be opened and closed; oath and duty of registrar; new registration when books destroyed or mutilated.

In the event that the registration books for any township, ward or precinct shall, prior to thirty days preceding any primary, general, or special election, be destroyed from fire or other cause or shall become mutilated to the extent that such books can no longer be used, new registration books shall be provided for the registration of voters in such township, ward or precinct and such new registration books shall be opened for the registration of voters at the times and places and in the manner prescribed by this section. Such new registration books may thereafter be used in such township, ward or precinct for all general, primary or special elections, including municipal elections. Notice of such new registration shall be given by advertisement in a newspaper published in the municipality or county in which such township, ward or precinct is located at least ten days before the opening of the new registration books and such notice shall also state the location of the polling place and the name of the registrar for such township, ward or precinct. When a special registration is held under this law the Saturday for challenge day may be combined with the last Saturday for registration, so that voters may be registered on challenge day when time does not permit an extra Saturday for challenge day prior to any primary or election. (Rev., s. 4323; 1901, c. 89, s. 18; 1923, c. 111, s. 3; 1933, c. 165, s. 5; 1947 c. 475; C. S. 5947.)

Editor's Note.—The 1947 amendment added the above paragraph at the end of this section. As the rest of the section was not affected by the amendment it is not set out.

Art. 9. New State-Wide Registration of Voters.

§ 163-43. State-wide revision of registration books and relisting of voters in one general registration book.—Prior to the next state-wide primary election of 1950 there shall be a revision made of the registration books and a relisting of the registered voters into one new general registration book for each and every precinct in the state in the manner hereinafter provided. The state board of elections shall, as soon as possible after April 13, 1949, meet and adopt a new form of a general registration book to be substituted for the separate party primary registration books and the general election registration book now used in each voting precinct in this state, which new general registration book shall be the only kind of registration book to be used hereafter in each precinct in all primaries and general elections held in this state: Provided, the state board of elections may authorize any county board of elections, at the request of any county board and at such county's expense, to use a modern loose-leaf registration book system in the larger precincts instead of the new registration book to be

furnished by the state. The new general registration book shall be so prepared as to contain all of the information pertaining to a registered voter now required by law, except the new registration book shall also contain a column or space to enter the party affiliation of each registered voter. The new registration book shall also have printed on each page thereof a column index giving the first two letters of the surnames and the pages where such voters are registered so that a registrar can turn immediately to the page where a voter is registered and find the name.

The state board of elections shall, through the state department of purchase and contract, order the printing or purchase of a sufficient number of the said new general registration books to furnish one for each voting precinct in the state, the cost of which shall be paid for by the state out of the contingency and emergency fund. (1939, c. 263, s. 1; 1949, c. 916, s. 1.)

Editor's Note.—The 1949 act repealed the former section and substituted therefor the present section.

§ 163-44. State board of elections to distribute new registration books and instruct county election officials.—As soon as the new general registration books have been printed the state board of elections shall furnish to the chairman of each county board of elections in this state a sufficient number of the new registration books to supply one for each voting precinct in each county. These books shall be distributed to the county election chairman in time for the names from the old primary and general election registration books to be transcribed to the new book prior to the 1950 registration period. The state board of elections shall also furnish written instructions to each county election chairman and to the various registrars as to their duties with respect to the use of the new general registration book system. (1949, c. 916, s. 2.)

Editor's Note.—The 1949 act repealed the former section and substituted therefor the present section.

§ 163-45. County election board chairman to deliver new registration books to registrars and instruct them on their use.—After the receipt of the new registration books by a chairman of a county election board from the state board of elections, the chairman shall call a meeting of all of the registrars in his county for the purpose of delivering said new books to his registrars and instructing the registrars as to their duties relative thereto. Each registrar shall be entitled to be paid compensation and travel expense by the county for attending this meeting. (1949, c. 916, s. 3.)

Editor's Note.—The 1949 act repealed the former section and substituted therefor the present section.

§ 163-46. How new general registration book is to be used by registrar.—It shall be the duty of each registrar, after receiving his new general registration book from the chairman, to transcribe to the new general registration book in alphabetical order the names of all persons who are registered in the present party primary and general election registration books and shall indicate opposite the name of each registrant, in the column showing party affiliation, the political party affiliation of each such registrant as shown on the present party primary registration book, in which such person is now registered. In those cases where a person is now registered in the general election registration book and is not registered in a party primary registration book, no party affiliation will be placed opposite the name of such person when transcribed on the new book, but such person will not be permitted to vote in any party primary held thereafter unless or until such person declares his party affiliation to the registrar on the day of a party primary or registration period, and then only in the primary of such political party with which such person so declares his or her party affiliation and requests the registrar to record that party affiliation opposite his or her name on the new registration book.

It shall likewise be the duty of a registrar, when any person applies for new registration during the regular registration periods held hereafter prior to any primary or general election, to request the applicant to state his or her political party affiliation and record that party affiliation on the new book opposite the name. If such applicant refuses to declare his or her party affiliation upon request, then the registrar shall register such applicant's name, if found qualified to register, on the new registration book without indicating any party affiliation opposite the name, but the registrar shall then advise such person that he or she cannot vote in any party primary election but only in a general election held thereafter. If such applicant for registration states to the registrar that he or she is an independent, indicating affiliation with no political party, the registrar shall register such applicant as an independent, if found qualified to register, and shall likewise advise such person that he or she cannot vote in any party primary election held thereafter as he or she does not affiliate with any political party.

In transcribing the names of registrants from the old books to the new general registration book, the registrar shall not transcribe the names of any persons known to the registrar to be dead, or who have moved their permanent residence to another precinct, county or state; however, if any person whose name has been so removed from the books because of removal of residence should appear at the same polling place on election day and satisfy the registrar that he or she is entitled under the law to vote in that precinct, the registrar shall put such person's name back on the new book on election day and be permitted to vote there.

In lieu of a registrar transcribing the names of registrants from the old to the new general registration book, the county board of elections, in its discretion, may employ such clerks or assistants as it may desire to do the work.

Each registrar, or other persons, who transcribes the names of registrants from the old books to the new registration book shall be paid such compensation for same as the county board of commissioners may fix as proper. (1949, c. 916, s. 4.)

Editor's Note.—The 1949 act repealed the former section and substituted therefor the present section.

§ 163-47. New registration in discretion of county board of elections.—In lieu of the procedure prescribed in this article for the transcription of registrants from the present registration books to the new general registration book, any county board of elections may, in its discretion,

order a new registration of the voters in any county or precincts, but in any new registration only the new general registration book shall be used in each precinct, and the party affiliation of the new registrants indicated thereon. (1939, c. 263, s. 2½; 1949, c. 916, s. 5.)

Editor's Note.—The 1949 act repealed the former section and substituted therefor the present section.

§ 163-48. Registration and poll books to be returned to chairman of county election board.—On the day of the county canvass of votes after a primary or an election, each registrar shall return the registration book and the poll book for his precinct to the chairman of the county board of elections. The registrars shall be responsible for the safekeeping of the registration and poll books while in their custody. (1939, c. 263, s. 3½; 1949, c. 916, s. 6.)

Editor's Note.—The 1949 act repealed the former section and substituted therefor the present section.

§ 163-49. Chairman of county board of elections to keep registration books.—When not in use for a primary or an election, all of the registration books and poll books shall be in the custody and safekeeping of the chairman of the county board of elections. It shall be his duty to keep these books in a safe and secure place where they may not be tampered with, stolen or destroyed, and, if possible, they shall be kept in a fireproof vault. The chairman may, in his discretion, permit these books while in his custody to be inspected or copied, but only under his supervision. (1949, c. 916, s. 7.)

Editor's Note.—The 1949 act repealed the former section and substituted therefor the present section.

§ 163-50. Change of party affiliation.—No registered elector shall be permitted to change his party affiliation for a primary or second primary after the close of the registration period. Any elector who desires to change his party affiliation for a primary from the registration book on which registered to that of another party shall, during the registration period only, go to the registrar of his precinct and request that such change be made on the general registration books. Before being permitted to change his party affiliation, for the purpose of participating in a primary election, however, such elector shall be required by the registrar to take the oath of party loyalty to the party to which he wishes to now affiliate, and the registrar shall thereupon administer to the said elector the following oath:

I, ..., do solemnly swear (or affirm) that I desire in good faith to change my party affiliation from the ..... party to the ..... party, and that such change of affiliation be made on the party registration books, and I further solemnly swear (or affirm) that I will support the nominees of the party to which I am now changing my affiliation in the next election and the said party nominees thereafter until I shall, in good faith, change my party affiliation in the manner provided by law, so help me God.

If at any time the chairman of the board of elections or the registrar of any precinct shall be satisfied that an error has been made in designating the party affiliation of any voter on the general registration book then and in all such events the chairman of the county board of elections or the registrar, having the custody of the registration book may make the necessary correction upon the voter taking the oath of party loyalty in substance of the form set forth in this section. (1939, c. 263, s. 6; 1949, c. 916, s. 8.)

Editor's Note.—The 1949 amendment substituted the words "general registration books" for the words "party primary books" at the end of the second sentence. It also substituted "general registration book" for "primary registration books" in lines four and five of the last paragraph.

§ 163-51. Willful violations made misdemeanor.—Any chairman of a county board of elections or any registrar who willfully and knowingly refuses or fails to comply with the provisions of this article with respect to his duties as herein specified shall be guilty of a misdemeanor and, upon conviction, shall be punished by a fine, imprisonment, or both, in the discretion of the court. (1939, c. 263, s. 7; 1949, c. 916, s. 9.)

Editor's Note.—The 1949 amendment inserted in line two the words "or any registrar" and struck out all of the former second paragraph relating to violations by registrars.

Art. 10. Absent Voters.

§ 163-54. Absentee voting in general elections.

Effect of Mistake or Misconduct of Election Officials.—Persons in all respects qualified to cast absentee ballots will not be disfranchised for the mistake or even willful misconduct of election officials in performing their duties when the mistake or misconduct does not amount to coercion, fraud or imposition and it appears that the ballots expressed only the free choices of the electors themselves. State v. Chaplin, 228 N. C. 705, 47 S. E. (2d) 12.

§ 163-55. Written application for official ballot.

Cross Reference.—See notes to §§ 163-54, 163-56, 163-58.
Applied in State v. Chaplin, 228 N. C. 705, 47 S. E. (2d) 12.

§ 163-56. Issuance of official ballot.

As to delegation of authority of chairman to other members of board, see § 163-56, subsection 16.

Delivery of Ballot to Voter.—The fact that the chairman of the county board of elections, in company with candidates in the election, personally delivers absentee ballots to absentee voters at their temporary residence in another state or county is insufficient, of itself, to vitiate their votes, there being no evidence remotely suggesting coercion, fraud or imposition. State v. Chaplin, 228 N. C. 705, 47 S. E. (2d) 12.

§ 163-57. Container envelopes provided for absentee ballots; affidavit of absent voter.

Cross Reference.—See notes to §§ 163-54, 164-56, 163-58.
Applied in State v. Chaplin, 228 N. C. 705, 47 S. E. (2d) 12.

§ 163-58. Instructions for voting absentee ballots.

Provided, that in the case of voters who are members of the armed or auxiliary forces of the United States, the signature of any commissioned or noncommissioned officer of the rank of sergeant in the army, or chief petty officer in the navy, or the equivalent thereof, as a witness to the execution of any certificate required by this or any other section of this article to be under oath shall have the force and effect of the jurat of an officer with a seal fully authorized to take and administer oaths in connection with the absentee ballots. (1939, c. 159, s. 5; 1941, c. 248; 1943, c. 736; 1945, c. 758, s. 5.)

Editor's Note.—

The 1945 amendment rewrote the proviso at the end of the section. As the rest of the section was not affected by the amendment it is not set out.

Delivery of Ballots. — The fact that the chairman of a county board of elections delivers absentee ballots in person to the voters at their temporary residences outside the boundaries of the state, and that the voters deliver the votes in the sealed containers to him in person instead of

mailing them, is not sufficient, standing alone, to vitiate the votes. State v. Chaplin, 228 N. C. 705, 47 S. E. (2d) 12.

Voters Must Be Sworn.—Where the evidence supports the findings that certain absentee voters were not sworn, the rejection of their ballots is proper. State v. Chaplin, 228 N. C. 705, 47 S. E. (2d) 12.

Oaths Need Not Be Taken upon the Bible.—The fact that the oaths of absentee voters were not taken by them upon the Bible, but were taken with uplifted hands, does not invalidate their votes. State v. Chaplin, 228 N. C. 705, 47 S. E. (2d) 12.

The interest of the clerk of the superior court in his own re-election, standing alone, does not disqualify him from administering oaths to absentee voters, administering the oaths being ministerial and not judicial. State v. Chaplin, 228 N. C. 705, 47 S. E. (2d) 12.

§ 163-59. List of applications made in triplicate; certificate of correctness.

Applied in State v. Chaplin, 228 N. C. 705, 47 S. E. (2d) 12.

§ 163-60. Delivery of absentee ballots and list thereof to registrars; list to be posted.

Applied in State v. Chaplin, 228 N. C. 705, 47 S. E. (2d) 12.

§ 163-61. Ballots deemed voted upon delivery to precinct officials; opening, depositing and recording; rejected ballots; challenges.

Applied in State v. Chaplin, 228 N. C. 705, 47 S. E. (2d) 12.

§ 163-62. Challenged voter granted right of hearing before county board.—The absent voter, whose ballot has been challenged, shall, upon notice, have the right to appear before the county board of electors on canvass day and be given the opportunity to sustain the validity, and if its validity is sustained, his ballot shall be counted and added to the returns from the proper precincts; provided, that in case the voter is absent from the county or is physically unable to attend, such voter may act through any duly appointed representative. (1939, c. 159, s. 9; 1945, c. 758, s. 8.)

Editor's Note.—The 1945 amendment added the proviso.

Art. 11. Absentee Voting in Primaries by Voters in Military and Naval Service.

§ 163-70. Voting by persons in armed forces.—Any qualified voter entitled to vote in the primary of any political party, who, on the date of such primary, is in the military, naval or other armed forces of the United States may vote in the primary of the party of his affiliation in the manner as hereinafter provided. (1941, c. 346, ss. 1, 1a; 1945, c. 758, s. 4.)

Editor's Note.—
The 1945 amendment struck out the former provision that the act shall be null and void on or after the repeal of the Selective Service Act.

Art. 11A. Absentee Registration and Voting in General Elections by Persons in Military or Naval Service.

§ 163-77.9. Provisions applicable to absentee registration and voting in primaries.—The provisions of this article shall be applicable to registration and voting in primary elections, as well as in general elections. The state board of elections is hereby authorized and empowered to adopt and promulgate whatever rules and regulations it may deem necessary to conform the provisions hereof to the primary election law. (1943, c. 503, s. 9; 1945, c. 758, s. 6.)

Editor's Note.—The 1945 amendment rewrote this section.

§ 163-77.10. Printing and distribution of absentee ballots and supplies.—In order to fully carry out the purposes and intentions of this article, the state board of elections and the various county boards of elections, as the case may be, are authorized, empowered and directed to have printed, and in the hands of the proper election officials, all necessary ballots, together with the container return envelope, not later than the first day of September immediately preceding the ensuing general election, and in the event this article is made applicable to primary elections, not later than ten days after the time has expired for the filing for candidacy by county officers. (1943, c. 503, s. 10; 1949, c. 672, s. 3.)

Editor's Note.—The 1949 amendment substituted "September" for "August."

Art. 14. Counting of Ballots; Precinct Returns; Canvass of Votes and Preparation of Abstracts; Certification of Results by County Board of Elections.

§ 163-92. Chairman of county board of elections to furnish county officers certificate of election.—The chairman of the county board of elections of each county shall furnish, within ten days, the member or members elected to the house of representatives and the county officers, a certificate of election under his hand and seal. He shall also immediately notify all persons elected to the county offices to meet at the courthouse on the first Monday in the ensuing December to be qualified. The chairman of the county board of elections shall also issue a certificate of election to each township officer elected to office within the county. (1933, c. 165, s. 8; 1947, c. 505, s. 4.)

The 1947 amendment added the last sentence.

Art. 16. State Officers, Senators and Congressmen.

§ 163-105. Special election for congressmen.—If at any time after the expiration of any congress and before another election, or if at any time after an election, there shall be a vacancy in the representation in congress, the governor shall issue a writ of election, and by proclamation shall require the voters to meet in the different townships in their respective counties at such times as may be appointed therein, and at the places established by law, then and there to vote for a representative in congress to fill the vacancy; and the election shall be conducted in like manner as regular elections.

In the event such vacancy occurs within eight months preceding the next succeeding general election, nominations of candidates in a special election for representative in congress to fill a vacancy may be made by the several political party congressional executive committees in the district in which such vacancy occurs, for each political party respectively. It shall be the duty of the chairman and secretary of each political party congressional executive committee making such a nomination of a candidate in a special election to immediately certify to the state board of elections the name and party affiliation of the nominee so selected prior to the printing of the special election ballots.

In the event such vacancy occurs more than eight months prior to the next succeeding general election, then a special primary election shall be called by the governor. Such special primary election shall be conducted in accordance with the laws governing general primaries, except that

the closing date for filing notices of authority with the state board of elections shall be fixed by the governor in his call for the primary, and shall be for the purpose of nominating candidates, to be voted upon thereafter in a special election to be called by the governor as hereinbefore provided in the first paragraph of this section. The candidate elected in this special election shall fill such vacancy in the representation in congress. (Rev., s. 4369; 1901, c. 89, s. 60; 1947, c. 505, s. 5; C. S. 6007.)

The 1947 amendment added the second and third paragraphs.

Art. 17. Election of Presidential Electors.

§ 163-108. Arrangement of names of presidential electors.—The names of candidates for electors of president and vice-president of any political party or group of petitioners, who have qualified under the provisions of § 163-1 of the General Statutes of North Carolina as a political party shall not be placed on the ballot, but shall after nomination be filed with the secretary of state. In place of their names there shall be printed first on the ballot the names of the candidates for president and vice-president, respectively, of each party or group of petitioners who have qualified under the provisions of § 163-1 of the General Statutes of North Carolina as a political party and they shall be arranged under the title of the office. A vote for such candidates shall be a vote for the electors of the party by which such candidates were named and whose names have been filed with the secretary of state. (Rev., s. 4372; 1901, c. 89, s. 78; 1933, c. 165, s. 11; 1949, c. 672, s. 2; C. S. 6010.)

Editor's Note.—The 1949 amendment inserted the clauses as to having qualified as a political party under § 163-1.

Art. 18. Miscellaneous Provisions as to General Elections.

§ 163-113. Agreements for rotation of candidates in senatorial districts of more than one county.—When any senatorial district consists of two or more counties, in one or more of which the manner of nominating candidates for legislative offices is regulated by statute, and the privilege of selecting the candidate for senator, or any one of the candidates for senator, of any political party (as the words "political party" are defined in the first section of this subchapter) in the senatorial district, is, by agreement of the several executive committees representing that political party in the counties constituting the district, conceded to one county therein, such candidate may be selected in the same manner as the party's candidates for county officers in the county, whether in pursuance of statute or under the plan of organization of such party. All nominations of party candidates for the office of senator, made as hereinbefore provided, shall be certified by the chairman of the county board of elections of the county in which the nomination is made, to each chairman of the county board of elections in all of the counties constituting the senatorial district, and it shall be the duty of each chairman of the other counties to which the nominations are certified to print the name or names of the nominee or nominees on the official county ballot for the general election. (1911, c. 192; 1947, c. 505, s. 6; C. S. 6014.)

The 1947 amendment rewrote the second sentence.

SUBCHAPTER II. PRIMARY ELECTIONS.

Art. 19. Primary Elections.

§ 163-117. Date for holding primaries.

Local Modification.—Session Laws 1945, c. 894, repealed this article in so far as its provisions apply to the nomination of democratic candidates for the general assembly and county offices in Mitchell county.

The manifest purposes of the primary system set up by our laws is to secure to the members of an existing political party freedom of choice of candidates, and to confine the right of qualified electors to vote in party primaries to the primary of the existing political party of which they are members at the time of the holding of such primary. States' Rights Democratic Party v. State Board of Elections, 229 N. C. 179, 49 S. E. (2d) 379.

The primary laws have no application to new political parties created by petition under § 163-1. States' Rights Democratic Party v. State Board of Elections, 229 N. C. 179, 49 S. E. (2d) 379.

§ 163-119. Notices and pledges of candidates; with whom filed.—Every candidate for selection as the nominee of any political party for the offices of governor and all state officers, justices of the supreme court, the judges of the superior court, United States senators, members of congress, and solicitors to be voted for in any primary election shall file with and place in the possession of the state board of elections, by 12:00 o'clock noon on or before the tenth Saturday before such primary election is to be held, a notice and pledge in the following form, the blanks being properly filled in and the same signed by the candidate:

"I hereby file my notice as a candidate for the nomination as ..... in the primary election to be held on ..... I affiliate with the ..... party, and I hereby pledge myself to abide by the results of said primary, and to support in the next general election all candidates nominated by the ..... party."

Every candidate for selection as the nominee of any political party for the office of state senator in a primary election, member of the house of representatives, and all county and township offices shall file with and place in the possession of the county board of elections of the county in which they reside by six o'clock p. m. on or before the sixth Saturday before such primary is to be held a like notice and pledge.

The notice of candidacy required by this section to be filed by a candidate in the primary must be signed personally by the candidate himself or herself, and such signature of the candidate must be signed in the presence of the chairman or secretary of the board of elections with whom such candidate is filing, or a candidate must have his or her signature on the notice of candidacy acknowledged and certified to by any officer authorized to administer an oath. Any notice of candidacy of any candidate signed by an agent in behalf of a candidate shall not be valid. (1915, c. 101, s. 6; 1917, c. 218; 1923, c. 111, s. 13; 1927, c. 260, s. 19; 1929, c. 26, s. 1; 1933, c. 165, s. 12; 1937, c. 364; 1947, c. 505, s. 7; 1949, c. 672, s. 4; C. S. 6022.)

Editor's Note.—The 1947 amendment added the last paragraph, and the 1949 amendment substituted in the first paragraph "12:00 o'clock noon" for "6:00 o'clock P. M."

Obligation Imposed upon Candidate. — This section attempts to place upon a candidate who seeks nomination to public office in the primary election of an existing political party an obligation to adhere to such existing political party for at least a limited time in the future. States' Rights Democratic Party v. State Board of Elections, 229 N. C. 179, 49 S. E. (2d) 379.

§ 163-123. Registration of voters.

Cross Reference.—As to effect of voting in primary on future conduct of voter, see notes to § 163-126.

§ 163-126. How primary conducted; voter's rights; polling books; information given; observation allowed.

This section secures to the member of an existing political party freedom of choice of candidates by providing that he may vote for candidates for all or any of the officers printed on the ballots of the political party with which he affiliates "as he shall elect and that he shall disclose the name of the political party printed thereon and no more." States' Rights Democratic Party v. State Board of Elections, 229 N. C. 179, 49 S. E. (2d) 379.

Voter Need Not Support Candidates of Party in Whose Primary He Voted.—This section and § 163-123 confine the right of a qualified elector to vote in party primaries to the primary of the existing political party with which he affiliates at the time of the holding of the primary. But they do not undertake to deprive the voter of complete liberty of conscience or conduct in the future in the event he rightly or wrongly comes to the conclusion subsequent to the primary that it is no longer desirable for him to support the candidates of the party in whose primary he has voted. States' Rights Democratic Party v. State Board of Elections, 229 N. C. 179, 49 S. E. (2d) 379. See § 163-126.

He May Sign Petition to Establish New Party under § 163-1.—Thus regulations of the state board of elections conflict with this and other pertinent sections of this subchapter if they attempt to set up and establish a rule that voting in the primary election of an existing political party disables qualified electors to sign a petition for the creation of a new political party under § 163-1 during the year in which such primary election is held. States' Rights Democratic Party v. State Board of Elections, 229 N. C. 179, 49 S. E. (2d) 379.

§ 163-128. Names of candidates successful at primaries printed on official ballot; where only one candidate.

Cited in Ingle v. State Board of Elections, 226 N. C. 454, 38 S. E. (2d) 566.

§ 163-129. Primaries for county offices; candidates to comply with requirements.

Local Modification.—Stanly: 1945, c. 958.

Editor's Note.—Session Laws 1945, c. 823 repealed Session Laws 1943, c. 349 so as to make this article applicable to Macon county.

§ 163-144. Political party defined for primary elections.—A political party within the meaning of the primary law shall mean any political group of voters which, at the last preceding general election, polled at least ten per cent of the total vote cast therein for such offices as are described in § 163-1. (1915, c. 101, s. 31; 1917, c. 218; 1933, c. 165, s. 17; 1949, c. 671, s. 2; C. S. 6052.)

Editor's Note.—The 1949 amendment substituted "ten" for "three" in line four.

The primary laws have no application to new political parties created by petition under § 163-1. By express legislative declaration, such laws apply only to existing political parties "which, at the last preceding general election, polled at least three (now ten) per cent of the total vote cast therein for" governor, or for presidential electors. The law permits a new political party created by statutory petition to select its candidates in its own way. States' Rights Democratic Party v. State Board of Elections, 229 N. C. 179, 49 S. E. (2d) 379.

§ 163-147. Notice of candidacy to indicate vacancy; votes only effective for vacancy indicated.—In any primary when there are two or more vacancies for chief justice and associate justices of the supreme court of North Carolina or two vacancies in the United States senate from North Carolina to be filled by nominations all candidates shall file with the state board of elections at the time of filing notice of candidacy a notice designating to which of said vacancies the respective candidate is asking the nomination. All votes cast for any candidate shall be effective only for the vacancy for which he has given notice of candidacy, as provided herein. (1921, c. 217; 1949, c. 932; C. S. 6055(a).)

Editor's Note.—The 1949 amendment made this section applicable to two vacancies for United States senator.

Section Is Constitutional.—This section does not contravene art. IV, § 21, of the state constitution requiring justices to be elected in the same manner as members of the general assembly, since the method of selection of nominees does not reach into and control the general election. Ingle v. State Board of Elections, 226 N. C. 454, 38 S. E. (2d) 566.

Effect of Failure to Indicate Vacancy.—Where there are two vacancies for the office of associate justice of the supreme court to be filled at the general election, a notice of candidacy for the nomination of a party which does not specify to which of the vacancies the candidate is asking the nomination is fatally defective. Ingle v. State Board of Elections, 226 N. C. 454, 38 S. E. (2d) 566.

SUBCHAPTER III. GENERAL ELECTION LAWS.

Art. 20. Election Laws of 1929.

§ 163-151. Ballots, provisions as to; names of candidates and issue.

Provided, that in printing the names of candidates on all primary or general election ballots, only the name of the candidate shall appear and no appendage such as doctor, reverend, judge, et cetera, may be used either before or following the name of any candidate. (1929, c. 164, s. 5; 1945, c. 972.)

Editor's Note.—The 1945 amendment added the above proviso at the end of this section. As the rest of the section was not affected by the amendment it is not set out.

Cited in States' Rights Democratic Party v. State Board of Elections, 229 N. C. 179, 49 S. E. (2d) 379.

§ 163-153. Becoming candidate after the official ballots have been printed; provision as to the ballots.—If any candidate dies or resigns, or otherwise become disqualified after his name has been printed on an official election ballot, and if any person is nominated, as authorized by law, to fill such vacancy, then the name of the candidate so nominated to fill said vacancy shall not be printed upon said ballots, but the name of such candidate so nominated shall be certified by the party executive committee making the nomination to the chairman of the board of elections charged with the duty of printing such ballots, and a vote cast by a voter for the name of the candidate printed on the ballot who has either died or resigned, shall be counted as a vote for the candidate nominated to fill such vacancy and whose name is on file with said board of elections. After the official ballots have been printed by the proper election board the death or resignation of a candidate whose name is printed on the official ballot, shall not cause the said board of elections to reprint the official ballots. Provided that the board of elections having jurisdiction over the printing and distribution of the ballots concerned may cause said ballots to be reprinted and be substituted in all respects for the first printed ballots if, in its judgment, such substitution is feasible and advisable. (1929, c. 164, s. 7; 1931, c. 254, s. 1; 1947, c. 505, s. 8.)

The 1947 amendment rewrote this section.

§ 163-155. Number of ballots; what ballots shall contain; arrangement.

(a) On the official presidential ballot, the names of candidates for electors of president and

vice-president of the United States of any political party or group of petitioners, who have qualified under the provisions of § 163-1 of the General Statutes of North Carolina as a political party shall not be placed on the ballot, but shall after nomination, be filed with the secretary of state. In place of their names, there shall be printed first on the ballot the names, of the candidates for president and vice-president of the United States respectively, of each such political party or group of petitioners, who have qualified under the provisions of § 163-1 of the General Statutes of North Carolina as a political party and they shall be arranged under the title of the offices. The party columns shall be separated by black ink lines. At the head of each party column shall be printed the party name in large type and below this a circle one-half inch in diameter, below this the names of the candidates for president and vice-president in the order prescribed. Each party circle shall be surrounded by the following instructions plainly printed: "For a straight ticket, mark within this circle."

(e) On the official ballot on constitutional amendments or other propositions submitted shall be printed each amendment or proposition submitted in the form laid down by the legislature, county commission, convention, or other body submitting such amendment or proposition. Each amendment or proposition shall be printed in a separate section and the section shall be numbered consecutively, if there be more than one. The form of the constitutional amendment or referendum ballot shall be prepared by the state board of elections and approved by the attorney general of North Carolina.

(1947, c. 505, s. 9; 1949, c. 672, s. 2.)

Editor's Note.—The 1947 amendment rewrote the latter part of subsection (e), and the 1949 amendment inserted in the first paragraph of subsection (a) the clause as to having qualified as a political party under § 163-1. As the rest of the section was not affected by the amendments only subsection (e) and the first paragraph of subsection (a) are set out.

§ 163-175. Method of marking ballots; improperly marked ballots not counted; when.

2. If the elector desires to vote a mixed ticket, or in other words for candidates of different parties, he shall, either,

(a) Omit making a cross mark in the party circle above the name of any party and make a cross mark in the voting square opposite the name of each candidate for whom he desires to vote on whatever ticket he may be; or

(b) Make a cross mark in the party circle above the name of the party for some of whose candidates he desires to vote, and then make a cross mark in the voting square opposite the name of any candidates of any other party for whom he may desire to vote, in which case, the cross mark in the party circle above the name of a party will cast the elector's vote for every candidate on the ticket of such party, except for those candidates whose names are opposite the specially marked opposing candidates and the cross mark before the names of such opposing candidates will cast the elector's vote for them; provided that where there are group candidates for similar offices the elector may select and specially mark all of such candidates for whom he wishes to vote.

3. If the elector desires to vote for a person whose name does not appear on the ticket, he can substitute the name by writing it in with a pencil or ink in the proper place, and making a cross (x) mark in the blank space at the left of the name so written in. When a name is written in on the official ballot, the new name so written in is to be treated like any other name on the ballot. No sticker is to be used. Any name written in on an official ballot by any election official, or by any person other than the voter or a person rendering assistance to a voter pursuant to §§ 163-172, 163-173 or 163-174, shall be invalid, and the name or names so written in shall not be counted.

(1947, c. 505, s. 10.)

Editor's Note.—

The 1947 amendment rewrote the latter part of paragraph (b) of subsection 2, and added the last sentence of subsection 3. As the rest of the section was not changed only these subsections are set out.

§ 163-183. Supervision over primaries and elections; regulations.

State Board of Elections May Make Regulations Not in Conflict with Law.—The general assembly has conferred upon the state board of elections power to make reasonable rules and regulations for carrying into effect the law it was created to administer, but has annexed to the grant of this power the express limitation that such rules and regulations must not conflict with any provisions of such law. It seems clear that this specific restriction would have been inseparably wedded to the authority granted even if the statutes had been silent with respect to it. This is true because the constitution forbids the legislature to delegate the power to make law to any other body. States' Rights Democratic Party v. State Board of Elections, 229 N. C. 179, 49 S. E. (2d) 379.

§ 163-187.1. Automatic voting machines.—Any county or city of the state may, at the expense of such county or city, adopt and purchase, upon an installment basis or otherwise, or lease, with or without option to purchase, voting machines for use at all primaries and elections held within such county or city, or within any one or more precincts thereof, in such manner and upon such terms as are deemed to be in the best interest of such county or city. The use of any voting machines approved by the state board of elections in any primary or election held in any county or city shall be as valid as the use of paper ballots by the voters. (1949, c. 301.)

Art. 21. Corrupt Practices Act of 1931.

§ 163-196. Certain acts declared misdemeanors.

Applied in State v. Pritchard, 227 N. C. 168, 41 S. E. (2d) 287 (paragraph 11).

Art. 22. Other Offenses against the Elective Franchise.

Brumley v. Baxter, 225 N. C. 691, 36 S. E. (2d) 281, 287, 162 A. L. R. 930.

§ 165-24. Finding and declaration of necessity.—It is hereby declared that conditions resulting from the concentration in various cities and towns of the state having a population of more than one hundred thousand inhabitants of persons serving in the armed forces in connection with the present war, or who after having served in the armed services during the present war, or previously have been honorably discharged, require the construction, maintenance and operation of adequate recreation facilities for the use of such persons; that it is in the public interest that adequate recreation facilities be provided in such concentrated centers; and the necessity, in the public interest, for the provisions hereinafter enacted is hereby declared as a matter of legislative determination. (1945, c. 460, s. 2.)

§ 165-25. Definitions.—The following terms, wherever used or referred to in this article, shall have the following respective meanings, unless a different meaning clearly appears from the context:

(1) "Authority" or "Recreation Authority" shall mean a public body and a body corporate and politic organized in accordance with the provisions of this article for the purposes, with the powers and subject to the restrictions hereinafter set forth.

(2) "City" shall mean the city or town having a population of more than one hundred thousand inhabitants (according to the last federal census) which is, or is about to be, included in the territorial boundaries of an authority when created hereunder.

(3) "Council" shall mean the legislative body, council, board of commissioners, board of trustees, or other body charged with governing the city.

(4) "City clerk" and "mayor" shall mean the clerk and mayor, respectively, of the city or the officers thereof charged with the duties customarily imposed on the clerk and mayor, respectively.

(5) "Commissioner" shall mean one of the members of an authority appointed in accordance with the provisions of this article.

(6) "State" shall mean the state of North Carolina.

(7) "Government" shall include the state and federal governments and any subdivision, agency or instrumentality, corporate or otherwise, of any of them.

(8) "Federal government" shall include the United States of America, the federal emergency administration of public works or any agency, instrumentality, corporate or otherwise, of the United States of America.

(9) "Veterans' recreation project" shall include all real and personal property, buildings and improvements, offices and facilities acquired or constructed, or to be acquired or constructed, pursuant to a single plan or undertaking to provide recreation facilities for veterans in concentrated centers of population. The term "veterans' recreation project" may also be applied to the planning of the buildings and improvements, the acquisition of property, the construction, reconstruction, alteration and repair of the improvements, and all other work in connection therewith.

(10) "Real property" shall include lands, lands under water, structures, and any and all easements, franchises and incorporeal hereditaments and every estate and right therein, legal and equitable, including terms for years and liens by way of judgment, mortgage or otherwise.

(11) "Veteran" shall include every person who has enlisted or who has been inducted, warranted or commissioned, and who served honorably in active duty in the military or naval service of the United States at any time, and who is honorably separated or discharged from such service, or who, at the time of making use of the facilities, is still in active service, or has been retired, or who has been furloughed to a reserve. This definition shall be liberally construed, with a view completely to effectuate the purpose and intent of this article. (1945, c. 460, s. 3.)

§ 165-26. Creation of authority.—If the council of any city in the state having a population of more than one hundred thousand, according to the last federal census, shall, upon such investigation as it deems necessary, determine:

(1) That there is a lack of adequate veterans' recreation facilities and accommodations from the operations of public or private enterprises in the city and surrounding area; and/or

(2) That the public interest requires the construction, maintenance or operation of a veterans' recreation project for the veterans thereof, the council shall adopt a resolution so finding (which need not go into any detail other than the mere finding), and shall cause notice of such determination to be given to the mayor, who shall thereupon appoint, as hereinafter provided, five commissioners to act as an authority. Said commission shall be a public body and a body corporate and politic upon the completion of the taking of the following proceedings:

The commissioners shall present to the secretary of state an application signed by them, which shall set forth (without any detail other than the mere recital): (1) that the council has made the aforesaid determination after such investigation, and that the mayor has appointed them as commissioners; (2) the name and official residence of each of the commissioners, together with a certified copy of the appointment evidencing their right to office, the date and place of induction into and taking oath of office, and that they desire the recreation authority to become a public body and a body corporate and politic under this article; (3) the term of office of each of the commissioners; (4) the name which is proposed for the corporation; and (5) the location and the principal office of the proposed corporation. The application shall be subscribed and sworn to by each of the said commissioners before an officer authorized by the laws of the state to take and certify oaths, who shall certify upon the application that he personally knows the commissioners and knows them to be the officers as asserted in the application, and

that each subscribed and swore thereto in the officer's presence. The secretary of state shall examine the application, and if he finds that the name proposed for the corporation is not identical with that of a person or of any other corporation of this state or so nearly similar as to lead to confusion and uncertainty, he shall receive and file it and shall record it in an appropriate book of record in his office.

When the application has been made, filed and recorded, as herein provided, the authority shall constitute a public body and a body corporate and politic under the name proposed in the application; the secretary of state shall make and issue to the said commissioners a certificate of incorporation pursuant to this article, under the seal of the state, and shall record the same with the application.

The boundaries of such authority shall include said city and the area within ten miles from the territorial boundaries of said city, but in no event shall it include the whole or a part of any other city nor any area included within the boundaries of another authority. In case an area lies within ten miles of the boundaries of more than one city, such area shall be deemed to be within the boundaries of the authority embracing such area which was first established, all priorities to be determined on the basis of the time of the issuance of the aforesaid certificates by the secretary of state. After the creation of an authority, the subsequent existence within its territorial boundaries of more than one city shall in no way affect the territorial boundaries of such authority.

In any suit, action or proceeding involving the validity or enforcement of or relating to any contract of the authority, the authority shall be conclusively deemed to have been established in accordance with the provisions of this article upon proof of the issuance of the aforesaid certificate by the secretary of state. A copy of such certificate, duly certified by the secretary of state, shall be admissible evidence in any such suit, action or proceeding, and shall be conclusive proof of the filing and contents thereof. (1945, c. 460, s. 4.)

§ 165-27. Appointment, qualifications and tenure of commissioners.—An authority shall consist of five commissioners appointed by the mayor, and he shall designate the first chairman.

Of the commissioners who are first appointed, two shall serve for a term of one year, two for a term of three years, and one for a term of five years, and thereafter, the terms of office for all commissioners shall be five years. A commissioner shall hold office until his successor has been appointed and qualified. Vacancies shall be filled for the unexpired term. Vacancies occurring by expiration of office or otherwise shall be filled in the following manner: The mayor and the remaining commissioners shall have a joint session and shall unanimously select the person to fill the vacancy; but if they are unable to do so, then such fact shall be certified to the resident judge of the superior court of the county in which the authority is located, and he shall fill the vacancy. The mayor shall file with the city clerk a certificate of the appointment or reappointment of any commission, and such certificate shall be conclusive evidence of the due and proper appointment of such commission. A commissioner shall receive no compensation for his services, but he shall be entitled to the necessary expenses, including traveling expenses, incurred in the discharge of his duties.

When the office of the first chairman of the authority becomes vacant, the authority shall select a chairman from among its members. An authority shall select from among its members a vice chairman, and it may employ a secretary, technical experts and such other officers, agents and employees, permanent and temporary, as it may require, and shall determine their qualifications, duties, and compensation. An authority may employ its own counsel and legal staff. An authority may delegate to one or more of its agents or employees such powers or duties as it may deem proper. (1945, c. 460, s. 5.)

§ 165-28. Duty of the authority and commissioners of the authority.—The authority and its commissioners shall be under a statutory duty to comply or to cause compliance strictly with all provisions of this article and the laws of the state, and in addition thereto, with each and every term, provision and covenant in any contract of the authority on its part to be kept or performed.

The commissioners shall provide separate recreational centers for persons of the colored and white races, and they may, in the exercise of their discretion, limit the use of recreational centers under their control in whole or in part to veterans of one sex. They shall have the authority to make rules and regulations regarding the use of the recreational centers and other matters and things coming within their jurisdiction.

They shall have the authority to appoint one or more advisory committees consisting of representatives of various veterans' organizations and others and may delegate to such committee or committees authority to execute the policies and programs of activity adopted by the commissioners. (1945, c. 460, s. 6.)

§ 165-29. Interested commissioners or employees.—No commissioner or employee of any authority shall acquire any interest, direct or indirect, in any veterans' recreation project or in any property included or planned to be included in any project, nor shall he have any interest, direct or indirect, in any contract or proposed contract for materials or services to be furnished or used in connection with any such project. If any commissioner or employee of an authority owns or controls an interest, direct or indirect, in any property included or planned to be included in any veteran's recreation project, he shall immediately disclose the same in writing to the authority and such disclosure shall be entered upon the minutes of the authority. Failure so to disclose such interest shall constitute misconduct in office. (1945, c. 460, s. 7.)

§ 165-30. Removal of commissioners.—The mayor may remove a commissioner for inefficiency or neglect of duty or misconduct in office, but only after the commissioner shall have been given a copy of the charges against him (which may be made by the mayor) at least ten days prior to the hearing thereon and had an opportunity to be heard in person or by counsel.

If, after due and diligent search, a commissioner to whom charges are required to be delivered hereunder cannot be found within the county where the authority is located, such charges shall be deemed served upon such commissioner if mailed to him at his last known address as same appears upon the records of the authority.

In the event of the removal of any commissioner, the mayor shall file in the office of the city clerk a record of the proceedings, together with the charges made against the commissioner removed, and the findings thereon. (1945, c. 460, s. 8.)

§ 165-31. Powers of authority.—An authority shall constitute a public body and a body corporate and politic, exercising public powers, and having all the powers necessary or convenient to carry out and effectuate the purposes and provisions of this article, including the following powers in addition to others herein granted:

To sue and be sued in any court; to make, use and alter a common seal; to purchase, acquire by devise or bequest, hold and convey real and personal property; to elect and appoint, in such manner as it determines to be proper, all necessary officers and agents, fix their compensation and define their duties and obligations; to make by-laws and regulations consistent with the laws of the state, for its own government and for the due and orderly conduct of its affairs and management of its property; without limiting the generality of the foregoing, to do any and every thing that may be useful and necessary in order to provide recreation for veterans. (1945, c. 460, s. 9.)

§ 165-32. Zoning and building laws.—All recreation projects of an authority shall be subject to the planning, zoning, sanitary and building laws, ordinances and regulations applicable to the locality in which the recreation project is situated. (1945, c. 460, s. 10.)

§ 165-33. Tax exemptions.—The authority shall be exempt from the payment of any taxes or fees to the state or any subdivisions thereof, or to any officer or employee of the state or any subdivision thereof. The property of an authority shall be exempt from all local, municipal and county taxes, and for the purpose of such tax exemption, it is hereby declared as a matter of legislative determination that an authority is and shall be deemed to be a municipal corporation. (1945, c. 460, s. 11.)

§ 165-34. Reports.—The authority shall, at least once a year, file with the mayor of the city an audit report by a certified public accountant of its activities for the preceding year, and shall make any recommendations with reference to any additional legislation or other action that may be necessary in order to carry out the purposes of this article. (1945, c. 460, s. 12.)

§ 165-35. Exemption from local government and county fiscal control acts.—The authority shall be exempt from the operation and provisions of chapter sixty of the public laws of North Carolina of one thousand nine hundred and thirty-one, known as the "local government act," and the amendments thereto, and from chapter one hundred and forty-six of the public laws of North Carolina of one thousand nine hundred and twenty-seven, known as the "county fiscal control act" and the amendments thereto. (1945, c. 460, s. 13.)

§ 165-36. Conveyance, lease or transfer of property by a city or county to an authority.—Any city or county, in order to provide for the construction, reconstruction, improvement, repair or management of any veterans' recreation project, or in order to accomplish any of the purposes of this article, may, with or without consideration or for a nominal consideration, lease, sell, convey or otherwise transfer to an authority within the territorial boundaries of which such city or county it is wholly or partly located, any real, personal or mixed property, and in connection with any such transaction, the authority involved may accept such lease, transfer, assignment and conveyance, and bind itself to the performance and observation of any agreements and conditions attached thereto. Any city or county may purchase real property and convey or cause same to be conveyed to an authority. (1945, c. 460, s. 14.)

§ 165-37. Contracts, etc., with federal government.—In addition to the powers conferred upon the authority by other provisions of this article, the authority is empowered to borrow money and/or accept grants from the federal government for or in aid of the construction of any veterans' recreation project which such authority is authorized by this article to undertake, to take over any land acquired by the federal government for the construction of such a project, to take over, lease or manage any recreation project constructed or owned by the federal government, and to these ends, to enter into such contracts, mortgages, trust indentures, leases and other agreements which the federal government shall have the right to require. It is the purpose and intent of this article to authorize every authority to do any and all things necessary to secure the financial aid and the cooperation of the federal government in the construction, maintenance and operation of any veterans' recreation project which the authority is empowered by this article to undertake. (1945, c. 460, s. 15.)

§ 165-38. Article controlling.—In so far as the provisions of this article are inconsistent with the provisions of any other law, the provisions of this article shall be controlling, provided that nothing in this article shall prevent any city or municipality from establishing, equipping and operating a veterans' recreation project, or extending recreation facilities under the provisions of its charter or any general law other than this article. (1945, c. 460, s. 17.)

Art. 6. Powers of Attorney.

§ 165-39. Validity of acts of agent performed after death of principal.—No agency created by a power of attorney in writing given by a principal who is at the time of execution, or who, after executing such power of attorney, becomes, either (a) a member of the armed forces of the United States, or (b) a person serving as a merchant seaman outside the limits of the United States, included within the forty-eight states and the

District of Columbia; or (c) a person outside said limits by permission, assignment or direction of any department or official of the United States government, in connection with any activity pertaining to or connected with the prosecution of any war in which the United States is then engaged, shall be revoked or terminated by the death of the principal, as to the agent or other person who, without actual knowledge or actual notice of the death of the principal, shall have acted or shall act, in good faith, under or in reliance upon such power of attorney or agency, and any action so taken, unless otherwise invalid or unenforceable, shall be binding on the heirs, devisees, legatees, or personal representatives of the principal. (1945, c. 980, s. 1.)

§ 165-40. Affidavit of agent as to possessing no knowledge of death of principal.—An affidavit, executed by the attorney in fact or agent, setting forth that he has not or had not, at the time of doing any act pursuant to the power of attorney, received actual knowledge or actual notice of the revocation or termination of the power of attorney, by death or otherwise, or notice of any facts indicating the same, shall, in the absence of fraud, be conclusive proof of the nonrevocation or nontermination of the power at such time. If the exercise of the power requires execution and delivery of any instrument which is recordable under the laws of this state, such affidavit (when authenticated for record in the manner prescribed by law) shall likewise be recordable. (1945, c. 980, s. 2.)

§ 165-41. Report of "missing" not to constitute revocation.—No report or listing, either official or otherwise, of "missing" or "missing in action," as such words are used in military parlance, shall constitute or be interpreted as constituting actual knowledge or actual notice of the death of such principal or notice of any facts indicating the same, or shall operate to revoke the agency. (1945, c. 980, s. 3.)

§ 165-42. Article not to affect provisions for revocation.—This article shall not be construed so as to alter or affect any provision for revocation or termination contained in such power of attorney. (1945, c. 980, s. 4.)

I. Rules of Practice in the Supreme Court and Superior Courts of North Carolina

(1) RULES OF PRACTICE IN THE SUPREME COURT OF NORTH CAROLINA.

5. Appeals—When Heard.

Rules Mandatory.—
When case is not docketed within time prescribed by this rule and no application for writ of certiorari is made, appeal will be dismissed, the rules of practice in the supreme court being mandatory and not directory. State v. Presnell, 226 N. C. 160, 36 S. E. (2d) 927.

Applied in State v. Harrell, 226 N. C. 743, 40 S. E. (2d) 205.

10. Submission on Printed Arguments.

Applied in Shaw University v. Durham Life Ins. Co., 230 N. C. 526, 53 S. E. (2d) 656.

17. Appeal Dismissed for Failure to Docket in Time.

Right of Appellee.—
In accord with 3rd paragraph in original. See State v. Buchanan, 224 N. C. 626, 31 S. E. (2d) 774; State v. Brooks, 224 N. C. 627, 31 S. E. (2d) 754; State v. Alexander, 224 N. C. 478, 31 S. E. (2d) 357; State v. Taylor, 224 N. C. 479, 31 S. E. (2d) 367.

Certiorari to Preserve Right of Appeal.—Where appellant fails to file his case on appeal fourteen days before the call of the district to which it belongs, he may apply for certiorari to preserve his right of appeal and appellees' motion filed thereafter to docket and dismiss under this rule will be denied. State v. Jones, 225 N. C. 363, 34 S. E. (2d) 202.

When Motion Allowed in Capital Case.—In a capital case, where the time for bringing up the case on appeal has expired, in the absence of any apparent error in the record before the court, the motion of the attorney-general to docket and dismiss, under this rule, is allowed. State v. Poole, 223 N. C. 394, 26 S. E. (2d) 858.

Where defendant fails to file statement of case on appeal or apply for writ of certiorari within the time allowed, the appeal will be dismissed on motion of the attorney-general, but where defendant has been convicted of a capital felony this will be done only after an inspection of the record proper fails to show error. State v. Garner, 230 N. C. 66, 51 S. E. (2d) 895; State v. Lewis, 230 N. C. 539, 53 S. E. (2d) 528.

Where a defendant convicted of a capital felony fails to file case on appeal in the superior court, the motion of the attorney-general to docket and dismiss, made after expiration of time agreed for perfecting the appeal and any extension of time which may have been granted, will be allowed after a careful inspection of the record proper fails to disclose error. State v. Nelson, 226 N. C. 529, 39 S. E. (2d) 391.

(1) Appeal Docketed by Appellee When Frivolous and Taken for Purposes of Delay.

When Statement of Case Contains No Assignments of Error.—Where the agreed statement of case on appeal contains no exceptions or assignments of error, making it apparent that the appeal was taken solely for the purpose of delay, appellee's motion to docket and dismiss under this rule, will be allowed. Stephenson v. Watson, 226 N. C. 742, 40 S. E. (2d) 351.

19. Transcripts.

(1) What to Contain and How Arranged.

Applied in Ericson v. Ericson, 226 N. C. 474, 38 S. E. (2d) 517.

(2) Two Appeals.

Where indictments relating to one offense against several defendants are properly consolidated for trial, only one record should be filed on the appeals of defendants. State v. Jackson, 226 N. C. 760, 40 S. E. (2d) 417.

Cited in Hoke v. Atlantic Greyhound Corp., 227 N. C. 412, 42 S. E. (2d) 593.

(3) Exceptions Grouped.

Appeal from Death Sentence.—In State v. Thompson, 224 N. C. 661, 665, 32 S. E. (2d) 24, although the assignments of error appearing on the record were not brought forward and grouped in accordance with the requirements of this rule, since defendants had been sentenced to death, the supreme court considered the appeal on its merits.

Exceptions to Rulings Granting New Trial, etc.—
In Watkins v. Grier, 224 N. C. 334, 338, 30 S. E. (2d) 219, it was held that any confusion there was in the transcript of the case on appeal to the Supreme Court, arose upon the merging of the proceedings in the trial in the municipal court with the proceedings had on appeal to Superior Court, without separate grouping of exceptions presented on such appeal. See also, Watkins v. Grier, 224 N. C. 339, 30 S. E. (2d) 223.

Not Sufficient to Show Exceptions in Record.—See State v. Biggerstaff, 226 N. C. 603, 605, 39 S. E. (2d) 619.

Exceptions Not Set Out Deemed Abandoned.—This rule provides that all exceptions shall be grouped and separately numbered immediately before or after the signature to the case on appeal, and exceptions not thus set out are deemed abandoned. State v. Biggerstaff, 226 N. C. 603, 604, 39 S. E. (2d) 619.

In Capital Case.—Where defendant's exceptions are not brought forward and grouped as required by this rule, the appeal will be dismissed, but where defendant has been convicted of a capital crime this will be done only after an inspection of the record proper and the exceptions fail to disclose prejudicial error. State v. West, 229 N. C. 416, 50 S. E. (2d) 3.

Cited in Curlee v. Scales, 223 N. C. 788, 28 S. E. (2d) 576.

20. Pleadings.

(1) When Deemed Frivolous.

Applied in Ericson v. Ericson, 226 N. C. 474, 38 S. E. (2d) 517.

(2) When Containing More than One Cause of Action.

Effect of Noncompliance.—Demurrer to answer will not be sustained if sufficient facts can be gathered from pleadings to entitle defendant to some relief, notwithstanding answer fails to state separately cause or causes relied on for affirmative relief and the matters relied on as defenses, as required by this rule and § 1-138. Pearce v. Pearce, 226 N. C. 307, 37 S. E. (2d) 904.

Cited in King v. Coley, 229 N. C. 258, 49 S. E. (2d) 648.

21. Exceptions. (See also, Rule 19(3).)

I. EXCEPTIONS.

Agreement of Counsel.—Where the record shows that the solicitor agreed that the statement of case on appeal, containing an exception to his argument to the jury and an assignment of error based thereon, should constitute the

case on appeal, this is sufficient as an exceptive assignment of error even though defendant made no objection and took no exception at the time. State v. Hawley, 229 N. C. 167, 48 S. E. (2d) 35.

Exception Not Considered.—

The failure of the court to restrict the admission of testimony competent for the purpose of corroboration is not error where defendant neither objects to the admission of the testimony nor requests that its admission be restricted. State v. Perry, 226 N. C. 530, 39 S. E. (2d) 460.

Assignments Not Based on Exceptions Considered in Capital Case.—Assignments of error should be based upon exceptions briefly and clearly stated and numbered in the record, but in a capital case, wherein the life of defendant is at stake, assignments of error not so based nevertheless will be considered. State v. Herring, 226 N. C. 213, 37 S. E. (2d) 319.

Applied in State v. Ham, 224 N. C. 128, 29 S. E. (2d) 449; State v. McKnight, 226 N. C. 766, 40 S. E. (2d) 419; State v. Gentry, 228 N. C. 643, 46 S. E. (2d) 863; State v. Harris, 229 N. C. 413, 50 S. E. (2d) 1.

Cited in Curlee v. Scales, 223 N. C. 788, 28 S. E. (2d) 576; State v. Scoggins, 225 N. C. 71, 73, 33 S. E. (2d) 473.

II. CORROBORATIVE AND CONTRADICTORY EVIDENCE.

When Evidence Competent for Some Purposes, etc.—

Where evidence, admissible only for the purpose of attacking the credibility of a witness, is admitted generally without objection, there is no error in the court's failure to so restrict its use. State v. McKinnon, 223 N. C. 160, 25 S. E. (2d) 606.

Where the evidence to which exceptions relate is competent for purpose of corroboration, and the record fails to show that appellant asked, at the time, that its purpose be restricted, the admission of the statements will not be ground for exception. Humphries v. Queen City Coach Co., 228 N. C. 399, 45 S. E. (2d) 546.

Where evidence competent for the purpose of corroboration is admitted generally, and defendant fails at the time of its admission to request that its purpose be restricted, his exception to the admission of the testimony cannot be sustained. State v. Walker, 226 N. C. 458, 38 S. E. (2d) 531.

Where blouse introduced had certain tears about the shoulder, and prosecutrix and another witness testified that on night of alleged assault blouse prosecutrix had on was torn about the shoulder, the admission of the blouse in evidence was competent to corroborate witnesses, and, in absence of request to limit it to corroboration, it was competent for general purposes. State v. Petry, 226 N. C. 78, 80, 36 S. E. (2d) 653.

Evidence Competent When Introduced.—Where plaintiff sued for divorce on ground of adultery and defendant in cross-action alleged adultery on the part of plaintiff but at close of evidence withdrew her cross action, it was held that since evidence of adultery on the part of plaintiff was competent at the time of its introduction and there was no motion to strike when defendant withdrew cross-action, plaintiff was not unduly prejudiced by its admission. Ziglar v. Ziglar, 226 N. C. 102, 36 S. E. (2d) 657.

Where an exception is carried forward in appellants' brief, but no reason or argument is stated or authority cited in support thereof, as required by this rule, the exception is taken as abandoned. Exception Too General.—An exception simply to the general failure of the judge to state in a plain and correct manner the evidence and declare and explain the law arising thereon is too general and cannot be sustained. Ellis v. Wellons, 224 N. C. 269, 272, 29 S. E. (2d) 884.
