The total investments of any company under this subsection (A) shall not exceed four per cent of its assets, nor more than fifty per cent (50%) of its capital and surplus whichever is less.

(B) Subject to approval of the commissioner, real estate for recreation, hospitalization, convalescent and retirement purposes of its employees. Such investment under this subsection (B) shall not exceed five per cent (5%) of the company's surplus.

(C) No investment shall be made by any company pursuant to this subsection (5) which will cause such company's investment in all real property owned or held by it directly or indirectly to exceed ten per cent (10%) of its assets.

(6) It is unlawful for any such incorporated company to purchase or hold real estate in any other case or for any other purpose. Real estate acquired under subsections (1) and (5)(B) of this section which has ceased to be used or to be necessary for the purposes stated therein shall be sold within five years thereafter, unless the company procures a certificate from the commissioner that the interest of the company will materially suffer by a forced sale of such real estate in which event the time for the sale may be extended to such a time as the commissioner may direct in the certificate. Any real estate acquired under subsections (2), (3) and (4) of this subsection (k) shall be sold within five years after the company has acquired title thereto; provided, that the commissioner may in his discretion extend the five year period as provided herein above. Any real estate acquired under subsection (5)(A) of this section shall within five years after the termination or expiration of such lease be sold or released for an additional term pursuant to the provisions of subsection (5)(A); provided, that the commissioner may in his discretion extend the five year period as provided herein above. Nothing contained herein prevents any insurance company from improving or conveying its real estate, notwithstanding the lapse of five years without having procured such certificate from the commissioner.

(l) Interest, rents or other fixed income due and accrued on any of the investments named in sub-paragraphs (a), (b), (c), (d), (e), (g), (h), (i), (j) and (k) pursuant to regulations promulgated by the commissioner.

(m) To the extent necessary to satisfy the investment requirements as to reserves and entire capital, if any, and minimum required surplus, no company shall make any investment in or loan on any of the securities mentioned in this section, which are in default as to principal or interest or as to which the dividend on the last preceding dividend date has been passed.

II. General Provisions.—(a) The entire reserves of a domestic life insurance company, as used in this section, shall be the sum of:

Net present value of all outstanding policies in force (less reinsurance); reserves for accidental death benefits and total and permanent disability benefits (less reinsurance); present value of supplementary contracts and including dividends left with the company to accumulate at interest; liability on policies cancelled and not included in "net reserve" upon which a surrender value may be demanded, and policy claims and losses outstanding, less amount of net uncollected and deferred premiums.

(b) No investment or loan, except loans made on the company's own policies, shall be made by any domestic insurer unless the same be authorized or approved by the board of directors, or by a committee appointed by the board and charged with the duty of supervising or making such investment or loan. The minutes of any such committee shall be recorded and a report shall be submitted to the board of directors.

(c) No life insurance company doing business in this state shall make any loan to any director or officer of such insurer, either directly or indirectly; nor shall such insurer make any loan to any other corporation or business unit in which such officer or director is substantially interested; nor shall any such director or officer accept any such loan directly or indirectly.

No director or officer of any such insurance company doing business in this state shall receive any money or valuable thing either directly or indirectly, or through any substantial interest in any other corporation or business unit, for negotiating, procuring, recommending or aiding in any purchase or sale of property or loan from such insurer nor be pecuniarily interested either as principal, co-principal, agent or beneficiary, in any such purchase, sale or loan, nor shall any financial obligation of any such director or officer be guaranteed by such insurer.

Nothing contained in this section shall be construed as prohibiting a director or officer of any such insurance company or fraternal benefit society from receiving the usual salary, compensation or emoluments for services rendered in the ordinary course of his duties as a director or officer, if such salary, compensation or emoluments be authorized by vote of the board of directors of such insurer, nor as prohibiting the payment to a director or officer of any such insurer who is a licensed attorney at law of a fee or fees in connection with loans made by any such insurer if and when such fees are paid by the borrower and do not constitute a charge against any such in-

surer; and, provided, that nothing herein contained shall prevent a life insurance corporation from making a loan upon a policy held therein by the borrower not in excess of the net value thereof.

A substantial interest in any corporation or business unit is defined to mean an interest equivalent to ownership or control by a director or officer or the aggregate ownership or control by all directors and officers of the same insurance or surety company or fraternal benefit society, of ten per centum or more of the stock of such corporation or business unit.

(d) When any of the investments mentioned in this section and held by any domestic insurer are of doubtful value, or without ascertainable value on a public exchange, unless the company by placing some of them upon the market and obtaining a bona fide offer therefor shall so establish a value, the commissioner shall have the authority to cause the same to be appraised and such appraisement shall be taken to be the true value thereof. In such case, the appraisement shall be made by two disinterested and competent persons, one to be appointed by the commissioner and one to be appointed by the company; in the event these two fail to agree, they shall appoint a third disinterested and competent person and the estimate of the value of such investment as arrived at by these three shall be taken to be the true value thereof.

(e) When any of the investments mentioned in this section shall default in the payment of interest or dividends after having been purchased by the company, such investments shall thereafter be carried at their respective market values or at valuations fixed in accordance with regulations promulgated by the commissioner.

(f) The investments made by domestic companies on and after the effective date of this act shall be in accordance with the provisions of this section, and any investments made prior to the effective date of this act shall be made to conform to the requirements of this article by not later than three years after the effective date of this section, but the commissioner may, on application by the company extend the time for such conformance for each period or periods as he may deem proper on the showing made, if he is satisfied that such company will suffer materially by the forced sale of any securities or property not conforming; and the commissioner shall grant a hearing to the company upon request.

(g) Notwithstanding any provision of this chapter to the contrary, domestic insurance companies may be authorized by their charter to own, maintain and operate radio and television stations; provided, no such company may make any investment in the ownership, maintenance and operation of such stations in an amount greater than fifty per cent (50%) of the excess of its surplus over the minimum surplus required for the organization of such company.

III. Other Investments; Investments Unlawfully Acquired.—After satisfying the requirements hereinbefore set forth any funds of any domestic company in excess of its entire capital, if any, and minimum required surplus and reserves as defined in subdivision II (a) of this section shall be invested in such other securities or in any such safe manner as may be approved by the commissioner.

Whenever it appears by examination as authorized by law that an insurance company organized under the laws of this state has acquired any investments in violation of the law in force at the date of such acquisition it is the duty of the commissioner to disallow the amount of such investments, if wholly ineligible, or the amount of the value thereof in excess of any limitation prescribed in the law and to deduct such amount as a non-admitted asset of such company. In any determination of the financial condition of any such company such amount shall be deducted as a non-admitted asset of such company.

IV. Investments of Foreign and Alien Companies.—1. The commissioner may refuse a new or renewal license to any foreign company if he finds that its investments do not comply in substance with the investment requirements and limitations imposed by this section upon like domestic companies wherever authorized to do the same kind or kinds of insurance business.

2. No alien company shall be authorized to do business in this state unless its general state deposits and its trusteed assets comply in substance with the requirements and limitations of this section applicable to like domestic companies wherever authorized to do the same kind or kinds of insurance business, except that foreign investments shall be allowed to the following extent only:

(a) Bonds, notes or other evidences of indebtedness issued or guaranteed by the government of the country in which such alien company was organized or by any province or other major political subdivision thereof and not in default as to principal or interest in an amount not exceeding the minimum capital required of a domestic stock company wherever authorized to do the same kind or kinds of insurance business.

(b) Bonds, notes or other valid and legally authorized obligations issued, assumed or guaranteed by the Dominion of Canada or any province thereof or other political subdivisions, and such securities of corporations of the Dominion of Canada as may be approved by the commissioner which are not in default as to principal or interest not exceeding ten per cent of the total admitted assets of the United States branch of such company. (Rev., s. 4731; 1899, c. 54, s. 27; 1907, c. 798; 1907, c. 998; 1911, c. 32; 1913, c. 200; 1923, c. 73; 1925, c. 187; 1945, c. 386; 1947, c. 721; C. S. 6334.)

Editor's Note.—The 1945 amendment effective March 6, 1945, repealed the former section and inserted in lieu thereof this and the following section.

The 1947 amendment substituted "entire capital" for "minimum required capital" in paragraph (m) of subsection I; and in subsection III, line three, it substituted the words "its entire" for the words "the amount of such necessary minimum".

§ 58-79.1. Investments; fire, casualty and miscellaneous. — I. Minimum Capital Investments.—Before investing any of its funds in any other classes of securities or types of investments, every domestic stock insurance company other than a life insurance company or a fraternal benefit association, shall to the extent of an amount equal in value to the minimum capital required by law for a domestic stock corporation authorized to

transact the same kinds of insurance, invest its funds only in securities of the classes described in this section and which are not in default as to principal or interest. Every domestic mutual insurance company, other than a life insurance company, before investing any of its funds in any other classes of securities or types of investment, shall invest its funds only in such securities to the extent of an amount equal in value to the minimum assets or surplus required of such company by the laws of North Carolina. Investments equal in value to such an amount and of the kind or kinds hereinafter prescribed in this section shall at all times be maintained free and clear from any lien or pledge other than as impressed upon a deposit with any government within the United States or upon trusteed assets held in trust for the security of all its policyholders and creditors. Minimum capital investments of such an insurer shall consist of the following classes of securities and not less than sixty per cent of the total amount of the required minimum capital investments shall consist of the classes specified in sub-paragraphs (a) and (b) following:

(a) Bonds, or other evidences of indebtedness of the United States of America or of any of its agencies when such obligations are guaranteed as to principal and interest by the United States of America.

(b) Bonds, or stocks or other evidences of indebtedness which are direct obligations of the state of North Carolina or of any county, district or municipality thereof.

(c) Bonds, or other evidences of indebtedness which are direct obligations of any state of the United States.

(d) Mortgage loans or deeds of trust as specified in sub-paragraphs (a) or (c) of subdivision 6 of subsection III on property located in this state.

(e) Ground rents as specified in subdivision 7 of subsection III.

II. Reserve Investments Required. — 1. After satisfying requirements for minimum capital investments specified in subsection I, any domestic stock or mutual insurance company other than a life insurance company or a fraternal benefit association, may invest its funds in, or otherwise acquire, or loan upon, only the classes of reserve investments as specified in subsection III, unless it shall at all times have and maintain cash and such reserve investments (including its minimum capital investments), free from any lien or pledge, which, when valued in accordance with the provisions of this act, shall be at least equal in amount to fifty per centum of the aggregate amount of its unearned premium and loss reserves as shown by its last sworn statement, annual or quarterly on file with the commissioner. The term "lien or pledge" as used in this subsection shall not include any deposit of securities or cash with any government, nor trusteed assets, held in trust for the benefit or protection of all or any class of the policyholders, or policyholders and creditors, of such insurer.

2. No securities or other investments shall be eligible for purchase or acquisition under this section unless they are interest bearing or income paying, but defaults in interest or income occurring subsequent to such purchase or acquisition shall not affect the allowance thereof as an admitted asset at the market value thereof unless otherwise specifically provided in this act.

3. Nothing contained in this subsection shall prohibit the acquisition by an insurer of other securities of property if distributed to it as a dividend or if acquired by it pursuant to a lawful plan of reorganization, or if acquired by it pursuant to a lawful and bona fide agreement of bulk reinsurance or consolidation.

4. Any domestic stock or mutual insurance company other than a life insurance company or a fraternal benefit association, which has investments fully complying with the requirements of subdivision 1 of this subsection may acquire investments eligible under the provisions of subsection IV. Any such insurer whose investments do not fully comply with such requirements may, during a period of ten years from the effective date of this act, acquire such additional kinds of securities if acquired in substitution for other securities heretofore lawfully acquired by it and if such substitution results in a net reduction in the aggregate amount of the insurer's investments in securities not eligible under subsection III.

III. Classes of Reserve Investments.— The reserve investments of every domestic stock and mutual insurance company, other than a life insurance company or a fraternal benefit association, shall consist of the following:

1. Bonds or other evidences of indebtedness, not in default as to principal or interest, which are valid and legally authorized obligations issued, assumed or guaranteed by the United States of America or by any state thereof or by any territory or possession of the United States or by the District of Columbia, or by any county, city, town, village, municipality or district therein or by any political subdivision thereof or by any civil division or public instrumentality of one or more of the foregoing, if by statutory or other legal requirements applicable thereto, such obligations are payable, as to both principal and interest, from taxes levied or by such law required to be levied upon all taxable property or all taxable income within the jurisdiction of such governmental unit or from adequate special revenues pledged or otherwise appropriated or by such law required to be provided for the purpose of such payment, but not including any obligations payable solely out of special assessments on properties benefited by local improvements.

2. Obligations, other than those eligible for investment under subdivision 6, issued, assumed, or guaranteed by any solvent institution created or existing under the laws of the United States or of any state, district or territory thereof, which are not in default as to principal or interest, and which are qualified under any of the following paragraphs:

(a) Obligations which are secured by adequate collateral security and bear fixed interest and if during each of any three, including the last two, of the five fiscal years next preceding the date of acquisition by such insurer, the net earnings of the issuing, assuming or guaranteeing institution available for its fixed charges, as hereinafter defined, shall have been not less than one and one-quarter times the total of its fixed charges for

such year, or obligations which, at the date of acquisition by such insurer, are adequately secured and have investment qualities and characteristics wherein the speculative elements are not predominant. In determining the adequacy of collateral security, not more than one-third of the total value of such required collateral shall consist of stock other than stock meeting the requirements of subdivision III.

(b) Fixed interest bearing obligations, other than those described in paragraph (a) if the net earnings of the issuing, assuming or guaranteeing institution available for its fixed charges for a period of five fiscal years next preceding the date of acquisition by such insurer shall have averaged per year not less than one and one-half times its average annual fixed charges applicable to such period and if during the last year of such period such net earnings shall have been not less than one and one-half times its fixed charges for such year.

(c) Adjustment, income or other contingent interest obligations if the net earnings of the issuing, assuming or guaranteeing institution available for its fixed charges for a period of five fiscal years next preceding the date of acquisition by such insurer shall have averaged per year not less than one and one-half times the sum of its average annual fixed charges and its average annual maximum contingent interest applicable to such period and if during each of the last two years of such period such net earnings shall have been not less than one and one-half times the sum of its fixed charges and maximum contingent interest for such year.

Within the meaning of this act the term "obligation" shall include bonds, debentures, notes or other evidences of indebtedness; the term "institution" shall include a corporation, a joint stock association and a business trust. The term "net earnings available for fixed charges" shall mean net income after deducting operating and maintenance expenses, taxes other than federal and state income taxes, depreciation and depletion, but excluding extraordinary non-recurring items of income or expense appearing in the regular financial statements of the issuing, assuming or guaranteeing institutions. The term "fixed charges" shall include interest on funded and unfunded debt amortization of debt discount, and rentals for leased properties. If net earnings are determined in reliance upon consolidated earnings statements of parent and subsidiary institutions, such net earnings shall be determined after provision for income taxes of subsidiaries and after proper allowance for minority stock interest, if any; and the required coverage of fixed charges shall be computed on a basis including fixed charges and preferred dividends of subsidiaries other than those payable by such subsidiaries to the parent corporation or to any other of such subsidiaries, except that if the minority common stock interest in the subsidiary corporation is substantial, the fixed charges and preferred dividends may be apportioned in accordance with regulations prescribed by the commissioner.

In applying the earnings tests under this act to any issuing, assuming or guaranteeing institution, whether or not in legal existence during the whole of such five years next preceding the date of investment by such insurer, which has at any time or times during such five year period acquired the assets of any other institution or institutions by purchase, merger, consolidation or otherwise, substantially as an entirety, or has been reorganized pursuant to the bankruptcy law, the earnings of such other predecessor or constituent institutions, or of the institution so reorganized, available for interest and dividends for such portion of such period as shall have preceded such acquisition, or such reorganization may be included in the earnings of such issuing, assuming or guaranteeing institution for such portion of such period as may be determined in accordance with adjusted or pro forma consolidated earnings statements covering such portion of such period and giving effect to all stocks or shares outstanding and all fixed charges existing, immediately after such acquisition, or such reorganization.

3. Preferred or guaranteed stocks or shares of any solvent institution, created or existing under the laws of the United States or of any state, district or territory thereof, if all of the prior obligations, and prior preferred stocks, if any, of such institution at the date of acquisition by such insurer are eligible as investments under this section; and if qualified under paragraph (a) or paragraph (b) following:

(a) Preferred stocks or shares shall be deemed qualified if both of the following requirements are met: (a-1) the net earnings of such institution available for its fixed charges for a period of five fiscal years next preceding the date of acquisition by such insurer shall have averaged per year not less than one and one-half times the sum of its average annual fixed charges, if any, its average annual maximum contingent interest if any, and its average annual preferred dividend requirements applicable to such period; and (a-2) during each of the last two years of such period such net earnings shall have been not less than one and one-half times the sum of its fixed charges, contingent interest and preferred dividend requirements for such year. The term "preferred dividend requirements" shall be deemed to mean cumulative or non-cumulative dividends whether paid or not.

(b) Guaranteed stocks or shares shall be deemed qualified if the assuming or guaranteeing institution meets the requirements of paragraph (b) of subdivision 2 of subsection III construed so as to include as a fixed charge the amount of guaranteed dividends of such issue or the rental covering the guarantee of such dividends.

4. (a) Certificates, notes or other obligations issued by trustees or receivers of any institution created or existing under the laws of the United States or of any state, district or territory thereof, which, or the assets of which, are being administered under the direction of any court having jurisdiction, if such obligation is adequately secured as to principal and interest.

(b) Equipment trust obligations or certificates which are adequately secured or other adequately secured instruments evidencing an interest in transportation equipment wholly or in part within the United States and a right to receive determined portions of rental, purchase or other fixed obligatory payments for the use or purchase of such transportation equipment.

5. Bank and bankers' acceptances and other bills of exchange of the kind and maturities made eligible, pursuant to law, for purchase in the open market by federal reserve banks.

6. (a) Bonds or evidences of indebtedness other than those described in subdivision 2 of subsection III which are secured by first mortgages or deeds of trust upon unencumbered fee simple or improved leasehold real property located in the United States. Real property shall not be deemed to be encumbered within the meaning of this section, by reason of the existence of instruments reserving mineral, oil or timber rights, rights of way, sewer rights, rights in walls, nor by reason of any liens for taxes or assessments not yet due, nor by reason of building restrictions or other restrictive covenants, nor when such real property is subject to lease under which rents or profits are reserved to the owner, if in any event the security for such loan is a first lien upon such real property and if there is no condition or right of re-entry or forfeiture, under which such lien can be cut off, subordinated or otherwise disturbed. No such mortgage loan or loans made or acquired by any insurer on any one property shall, at the time of investment by the insurer, exceed two-thirds of the value of the real property securing the same. No such mortgage loan or loans shall be made or acquired by an insurer except after an appraisal made by an appraiser for the purpose of such investment. No such mortgage loan made or acquired by an insurer which is a participation or a part of a series or issue secured by the same mortgage or deed of trust shall be a lawful investment under this paragraph unless the entire series or issue which is secured by the same mortgage or deed of trust is held by such insurer or unless the insurer holds a senior participation in such mortgage or deed of trust giving it substantially the rights of a first mortgagee. Except as otherwise provided in this act, no domestic stock or mutual insurance company, other than a life insurance company or a fraternal benefit association, shall invest in or loan upon the security of any one property more than twenty-five thousand dollars or more than two per centum of its total admitted assets, whichever is the greater. In no event shall the total investments of any such insurer in the kinds permitted under this subdivision exceed forty per centum of its total admitted assets.

(b) Purchase money mortgages or like securities received by it upon the sale or exchange of real property acquired pursuant to subdivision 8 of this subsection III.

(c) Bonds or notes secured by mortgage or trust deed guaranteed or insured by the Federal Housing Administration under the terms of an act of congress of the United States of June twenty-seventh, nineteen hundred thirty-four, entitled the "National Housing Act," as heretofore or hereafter amended.

7. Ground rents in the District of Columbia or any state of the United States of America, provided, that in the case of unexpired redeemable ground rents the premium paid, if any, shall be amortized over the period between date of acquisition and redemption date; and in the case of expired redeemable ground rents the premium paid, if any, shall be charged off at the time of acquisition. Redeemable ground rents purchased at a discount shall be carried at an amount not greater than the cost of acquisition.

8. Real estate only if acquired or used for the following purposes in the following manner:

(a) The land and the building thereon in which it has its principal office or offices.

(b) Such as shall be requisite for its convenient accommodation in the transaction of its business.

(c) Such as shall have been acquired in satisfaction of loans, mortgages, liens, judgments, decrees or other debts previously owing to such insurer in the course of its business.

(d) Such as shall have been acquired in part payment of the consideration on the sale of real property owned by it, if each such transaction shall have effected a net reduction in the company's investment in real property.

(e) Additional real property and equipment incident to real property, if necessary or convenient for the purpose of enhancing the sale value of real property previously acquired or held by it pursuant to the provisions of paragraph (c) or (d) of this subdivision 8.

All real property acquired pursuant to paragraphs (a) and (b) of this subdivision shall be disposed of within five years after it shall have ceased to be necessary for the convenient accommodation of such insurer in the transaction of its business, and all real property acquired pursuant to paragraphs (c), (d) and (e) of this subdivision shall be disposed of within five years after the date of acquisition, unless in either case the commissioner shall certify that the interests of the insurer will suffer materially by the forced sale thereof, in which event the time for disposal of such real property may be extended for such time as the commissioner shall prescribe in such certificate. No real property shall be acquired by any domestic stock or mutual insurance company other than a life insurance company or a fraternal benefit association, pursuant to paragraphs (a), (b), (d) or (e) of this subdivision 8, except with the approval of the commissioner.

9. (a) Any domestic stock or mutual insurance company, other than a life insurance company or a fraternal benefit association, may invest in, or otherwise acquire or loan upon, bonds, notes or other evidences of indebtedness which are valid and legally authorized obligations issued, assumed or guaranteed by the Dominion of Canada or any province thereof and which are not in default as to principal or interest; but the aggregate amount of such investments which are held at any time by any such insurer, together with all Canadian investments held by it pursuant to the following paragraph (b) shall not exceed ten per cent of its total admitted assets, except where a greater amount is permitted pursuant to the following paragraph (b), in which case the provisions of this subdivision shall not be applicable.

(b) Any domestic stock or mutual insurance company, other than a life insurance company or a fraternal benefit association, which is authorized to do business in a foreign country or possession of the United States or which has outstanding insurance or reinsurance contracts on risks located in a foreign country or possession of the United States, may invest in, or otherwise

acquire or loan upon securities and investments in such foreign country or possession which are substantially of the same kinds, classes and investment grades as those eligible for investment under the foregoing subdivisions of this subsection; but the aggregate amount of such investments in a foreign country or a possession of the United States and of cash in the currency of such country or possession which is at any time held by such insurer shall not, except as provided in the next preceding paragraph (a), exceed one and one-half times the amount of its reserves and other obligations under such contracts or the amount which such insurer is required by law to invest in such country or possession, whichever shall be greater.

10. Stock and debentures, or either, of any housing company organized under the public housing law of this state, to the extent and upon such conditions as may be authorized by the commissioner, provided all of the stock of such housing company has been or is to be originally issued to one or more insurance companies.

IV. Residue and Surplus Fund Investments.—After satisfying the requirements for minimum capital investments, any domestic stock or mutual insurance company, other than a life insurance company or fraternal benefit association, which has accumulated and maintains reserve investments as required in subsection II, may invest any portion of the remainder of its funds in, or otherwise acquire or loan upon, any of the classes of investments eligible under subsection III and any stock or shares, bonds or obligations, including voting trust certificates, certificates of deposit, interim receipts, and other similar instruments representing stock or shares, bonds or obligations eligible hereunder, or in investments in loans made by banks or trust companies secured by the assignment of cash surrender values of at least equal amount, in life insurance policies issued by life insurance companies licensed to do business in the state of North Carolina, except the following prohibited investments:

(1) Obligations, stock or other securities of any corporation, association or other business unit which is insolvent at the time of such acquisition or loan, except securities eligible for investment under subsection III.

(2) Any mortgage or deed of trust, or any real property or any interest therein, which does not come within the class of investments specified in subdivisions 6 and 7 of subsection III.

(3) Any capital stock of the investing insurer.

(4) Stocks, bonds or other securities issued by any corporation, if a majority of the outstanding stock of such corporation, or a majority of the stock having voting powers of such corporation is, or will be after such acquisition, directly or indirectly owned by such insurer or by or through one or more of its officers or directors holding the same, for the benefit of such insurer or of its stockholders, or owned by a parent corporation or subsidiary of such insurer, parent corporation or subsidiary thereof, or owned by any combination of the insurer, its parent corporation, its subsidiaries or its stockholders. Nothing contained in this paragraph shall be deemed to prevent any investment in the stock, bonds or other securities of a corporation organized exclusively to hold and operate real estate acquired by such insurer in accordance with and subject to the provisions of subsection III, nor an investment in the stock of another insurance corporation nor an investment in stocks, bonds or other securities of any corporation which is engaged exclusively in a kind of business properly incidental to the insurance business of such insurer, including an investment in securities of any corporation engaged in the financing of insurance premiums, or in such incidental business and the business of holding and operating real estate.

(5) Stocks, bonds or other securities issued by a corporation, other than an insurance corporation, having more than twenty per centum of its assets invested in insurance company stocks directly or indirectly, including proportionate equities or interest in insurance company stocks held through any intermediate subsidiary or subsidiaries of such issuing corporation.

(6) Stocks, bonds or other securities issued by a corporation, other than an insurance corporation, if a majority of the stock having voting powers of such issuing corporation is owned directly or indirectly by or for the benefit of one or more officers or directors of such insurer.

(7) Foreign investments, meaning stocks or shares, bonds or obligations of any person or governmental or business unit of or in a foreign country or any subdivision thereof, except such as conform substantially with the limitations imposed by this subsection upon like domestic investments; but the aggregate amount of foreign investments held by such insurer under this subdivision of subsection IV and under subdivision 9 of subsection III shall not exceed ten per centum of its total admitted assets or one and one-half times the amount of its reserves and other obligations under such contracts or the amount necessary to enable it to establish and carry on an insurance business in such foreign country, directly or through a subsidiary corporation, whichever shall be greater.

(8) Any investment which is found by the commissioner to be against public policy or designed to evade any prohibition of this act. Nothing contained herein shall be deemed to prohibit any such insurer from accepting securities, otherwise ineligible, which may be distributed pursuant to any plan of reorganization or dissolution.

V. Limitation of Investments.—Except as more specifically provided in this act, no domestic stock or mutual insurance company, other than a life insurance company or fraternal benefit association, shall have more than ten per cent of its total admitted assets invested in, or loaned upon the securities of any one institution; but this restriction shall not apply to the classes of governmental obligations (including those eligible under paragraph (c), subdivision 6 of subsection III) eligible for minimum capital investments of such insurer nor to investments in stocks of other insurance companies. No domestic stock or mutual insurance company, other than a life insurance company or fraternal benefit association shall hereafter acquire any real property of the kind or kinds specified in paragraphs (a) and (b) of subdivision 8 of subsection III, if the value of such real property, together with the value of all such

real property then held by it, exceeds ten per centum of its total admitted assets.

VI. Disposal or Reduction of Investments Unlawfully Acquired.—Every domestic stock and mutual insurance company, other than a life insurance company or fraternal benefit association, shall dispose of any investments acquired in violation of the law in force at the date of such acquisition, and in any determination of the financial condition of any such insurer, the amount of the value of such investments, if wholly ineligible, or the amount of the value thereof in excess of any limitation prescribed in this act, shall be deducted as an unadmitted asset of such insurer.

VII. Investments of Foreign and Alien Insurers.—(1) The commissioner may refuse a new or renewal license to any foreign insurer, if he finds that its investments do not comply in substance with the investment requirements and limitations imposed by this act upon like domestic insurers hereafter organized to do the same kind or kinds of insurance business. The commissioner may recognize like securities of the home state of a foreign insurer as minimum capital investments in lieu of the securities specified in sub-paragraphs (b) and (d) of subsection I.

(2) No alien insurer shall be authorized to do business in this state unless its general state deposits and its trusteed assets comply in substance with the requirements and limitations of this act applicable to like domestic insurers hereafter organized to do the same kind or kinds of insurance business, except that foreign investments shall be allowed to the following extent only:

(a) Bonds, notes or other evidences of indebtedness issued or guaranteed by the government of the country in which such alien insurer was organized or by any province or other major political subdivision thereof and not in default as to principal or interest, may be recognized as reserve investments under subsection III in an amount not exceeding the minimum capital required of a domestic stock insurer hereafter organized to do the same kind or kinds of insurance business.

(b) Bonds, notes or other valid and legally authorized obligations issued, assumed or guaranteed by the Dominion of Canada or any province thereof which are not in default as to principal or interest may be included in the trusteed assets of such alien insurer in an amount not exceeding ten per cent of the total admitted assets of the United States branch of such insurer.

VIII. Valuation of Investments.—(1) The investments of every stock and mutual insurance company, other than a life insurance company or a fraternal benefit association, authorized to do business in this state, except securities subject to amortization and except as otherwise provided in this act, shall be valued, in the discretion of the commissioner, at their market value, or at their appraised value, or at prices determined by him as representing their fair market value. If the commissioner finds that in view of the character of investments of any such insurer authorized to do business in this state it would be prudent for such insurer to establish a special reserve for possible losses or fluctuations in the values of its investments, he may require such insurer to establish such reserve, reasonable in amount, and may require that such reserve be maintained and reported in any statement or report of the financial condition of such insurer. The commissioner may, in connection with any examination or required financial statement of an authorized insurer require such insurer to furnish him a complete financial statement and audited report of the financial condition of any corporation of which the securities are owned wholly or partly by such insurer and may cause an examination to be made of any subsidiary or affiliate of such insurer.

(2) The stock of an insurance company shall be valued at its book value as shown by its last annual statement or the last report on examination, whichever is more recent. The book value of a share of common stock of an insurance company shall be ascertained by dividing (a) the amount of its capital and surplus less the value of all of its preferred stock, if any, outstanding, by (b) the number of shares of its common stock issued and outstanding. Notwithstanding the foregoing provisions, an insurer may, at its option, value its holdings of stock in a subsidiary insurance company in an amount not less than acquisition cost if such acquisition cost is less than the value determined as hereinbefore provided.

(3) Real estate acquired by foreclosure or by deed in lieu thereof, in the absence of a recent appraisal deemed by the commissioner to be reliable, shall not be valued at an amount greater than the unpaid principal of the defaulted loan at the date of such foreclosure or deed, together with any taxes and expenses paid or incurred by such insurer at such time in connection with such acquisition (but not including any uncollected interest on such loan), and the cost of additions or improvements thereafter made by such insurer and any amount or amounts thereafter paid by such insurer on any assessments levied for improvements in connection with the property.

(4) Purchase money mortgages shall be valued in an amount not exceeding the acquisition cost of such real property or ninety per cent of the value of such real property, whichever is less.

(5) The stock of a subsidiary of an insurer shall be valued on the basis of the value of only such of the assets of such subsidiary as would constitute lawful investments for the insurer if acquired or held directly by the insurer.

IX. Interest, Dividends and Rent.—In any determination of the financial condition of every stock and mutual insurance company, domestic or foreign, other than a life insurance company or a fraternal benefit association, authorized to do business in this state, amounts due to such insurer may be allowed as an admitted asset of such insurer as follows:

(1) Interest due or accrued on any bond or evidence of indebtedness qualifying as an admitted asset which is not in default and which is not valued on a basis including accrued interest.

(2) Declared and unpaid dividends on stocks and shares unless such amount has otherwise been allowed as an admitted asset.

(3) Interest due or accrued upon a collateral loan in an amount not to exceed one year's interest thereon.

(4) Interest due or accrued on deposits in solvent banks and trust companies, and interest due

or accrued on other admitted assets if such interest is in the judgment of the commissioner a collectible asset.

(5) Interest due or accrued on any real estate mortgage loan which is an admitted asset, in amount not exceeding in any event the amount, if any, obtained by subtracting the amount of the principal remaining unpaid from the value of the property less delinquent taxes thereon; but if any interest on such loan is in default more than eighteen months, or if any interest on such loan is in default and any taxes or any installment thereof on such property are and have been due and unpaid for more than eighteen months, no allowance shall be made for any interest on such loan.

(6) Rent due or accrued on real property if such rent is not in arrears for more than three months.

X. Application of Section 58-79, Subdiv. II (c). —The provisions of subdivision II (c) of section 58-79 shall apply to all insurance companies doing business in this state. (1945, c. 386.)

§ 58-81. Authority to increase or reduce capital stock.—The commissioner of insurance shall, upon application, examine the proceedings of domestic companies to increase or reduce their capital stock, and when found conformable to law shall issue certificates of authority to such companies to transact business upon such increased or reduced capital: Provided, that in no event shall the said capital stock be reduced to an amount less than that required upon organization of such company in section 58-77. He shall not allow stockholders' obligations of any description as part of the assets or capital of any stock insurance company unless the same are secured by competent collateral. (Rev., s. 4732; 1899, c. 54, s. 15; 1945, c. 386; C. S. 6335.)

Editor's Note.—The 1945 amendment added the proviso to the first sentence.

§ 58-82. Assessment of shares; revocation of license.—When the net assets of a company organized under this article do not amount to more than the amount required in section 58-77 for its original capital, it may make good its capital to the original amount by assessment of its stock. Shares on which such an assessment is not paid within sixty days after demand shall be forfeitable and may be canceled by vote of the directors and new shares issued to make up the deficiency. If such company does not, within three months after notice from the commissioner of insurance to that effect, make good its capital or reduce the same, as allowed by this article, its authority to transact new business of insurance shall be revoked by the commissioner. (Rev., s. 4733; 1899, c. 54, s. 28; 1903, c. 438, s. 4; 1945, c. 386; C. S. 6336.)

Editor's Note.—The 1945 amendment substituted in line three the words "the amount required in § 58-77 for" for the words "three-fourths of."

§ 58-83. Increase of capital stock.—Any company organized under the provisions of this chapter may issue pro rata to its stockholders certificates of any portion of its actual net surplus over and above the minimum required by law it deems fit to divide, which shall be considered an increase of its capital to the amount of such certificates. The company may, at a meeting called for the purpose, vote to increase the amount and number of shares of its capital stock, and to issue certificates therefor when paid for in full. In whichever method the increase is made, the company shall, within thirty days after the issue of such certificates, submit to the commissioner of insurance a certificate setting forth the amount of the increase and the facts of the transaction, signed and sworn to by its president and secretary and a majority of its directors. If the commissioner of insurance finds that the facts conform to the law, he shall endorse his approval thereof; and upon filing such certificate so endorsed with the secretary of state, and the payment of a fee of five dollars for filing the same, the company may transact business upon the capital as increased, and the commissioner of insurance shall issue his certificate to that effect. (Rev., s. 4734; 1899, c. 54, s. 29; 1945, c. 386; C. S. 6337.)

Editor's Note.—The 1945 amendment struck out the words "this article" in line two and inserted in lieu thereof the words "the provisions of this chapter." It also inserted after the word "surplus" in line four the words "over and above the minimum required by law."

§ 58-85. Dividends not payable when capital stock impaired; liability of stockholders for unlawful dividends.—No dividend shall be paid by any company incorporated in this state when its capital stock is impaired, or when such payment would have the effect of impairing its capital stock; and any dividend so paid subjects the stockholders receiving it to a joint and several liability to the creditors of said company to the extent of the dividend so paid. (Rev., s. 4736; 1899, c. 54, s. 31; 1903, c. 536, s. 3; 1945, c. 386; C. S. 6339.)

Editor's Note.—The 1945 amendment struck out the former first sentence which read as follows: "No stock company organized under this article may pay a cash or stock dividend except from its actual net surplus computed as required by law in its annual statements, nor may any such company which has ceased to do new business of insurance divide any portion of its assets, except surplus, to its stockholders, until it has performed or canceled its policy obligations."

§ 58-85.1. Payment of dividends impairing financial soundness of company or detrimental to policyholders.—Each domestic insurance company in North Carolina shall be restricted by the commissioner from the payment of any dividends to its stockholders whenever the commissioner determines from examination of such company's financial condition that the payment of future dividends would impair the financial soundness of the company or be detrimental to its policyholders, and such restrictions shall continue in force until such future date when the commissioner may specifically permit the payment of dividends to stockholders by the company through a written authorization. Nothing contained in this section and no action taken by the commissioner shall in any way restrict the liability of stockholders under the preceding section. (1945, c. 386.)

§ 58-86.1. Certain officers debarred from commissions.—No officer or other person whose duty it is to determine the character of the risk, and upon whose decision the application shall be accepted or rejected by an insurance company, shall receive as any part of his compensation a commission upon the premiums, but his compensation shall be a fixed salary and such share in the

net profits as the directors may determine. Nor shall such officer or person be an employee of any officer or agent of the company. (Rev., s. 4738; 1899, c. 54, s. 32; 1903, c. 438, s. 4; 1945, c. 386; C. S. 6347.)

Editor's Note.—This section was transferred from § 58-93.

Art. 7. Guaranty Fund for Domestic Companies.

§ 58-88. Separate accounts; application of fund.—Every insurance company which establishes a guaranty fund under the provisions of this article must keep a separate account of the same on its books, together with a full and true list of any securities held therefor. The money and securities belonging to the guaranty fund must be invested in the same manner as is now provided by law for the investment of other assets of insurance companies; but any bond or other securities received by any such insurance company as a part of its guaranty fund may be deposited with the commissioner of insurance, as is now allowed by law, subject to the further provisions of this article. An insurance company receiving said money or securities as a part of its guaranty fund, as herein provided, may pay to the person, firm, or corporation from whom the same is received an annual dividend of not more than eight per cent on the amount of said money or securities. The guaranty fund herein provided for shall be applied to the payment of claims of policyholders only when the insurance company has exhausted its cash on hand and the invested assets, exclusive of uncollected premium; and when the guarantee is in any way impaired the directors may make good the whole or any part of such impairment, by assessment upon the contingent funds of the company at the date of such impairment, if any are available. (1909, c. 922, s. 1; 1945, c. 386; C. S. 6342.)

Editor's Note.—The 1945 amendment substituted in the third sentence "an annual dividend" for "a semi-annual dividend" and "eight per cent" for "three and one-half per cent."

Art. 8. Mutual Insurance Companies.

§ 58-92. Mutual insurance companies organized; requisites for doing business.—No policy may be issued by a mutual company until the president and the secretary of the company have certified under oath that every subscription for insurance in the list presented to the commissioner for approval is genuine, and made with an agreement with every subscriber for insurance that he will take the policies subscribed for by him within thirty days after the granting of a license to the company by the commissioner to issue policies. (Rev., s. 4738; 1899, c. 54, ss. 25, 32, 34; 1901, c. 391, s. 3; 1903, c. 438, s. 4; 1911, c. 93; 1945, c. 386; C. S. 6346.)

Editor's Note.—The 1945 amendment struck out the former first sentence and made changes in the second sentence.

§ 58-92.1. Manner of amending charter.—1. A domestic mutual insurance company may hereafter amend its charter in the following manner only:

(a) A meeting of the board of directors shall be called in accordance with the by-laws, specifying the amendment to be voted upon at such meeting;

(b) If at such meeting two-thirds of the directors present vote in favor of the proposed amendment, then the president and secretary shall under oath make a certificate to this effect, which certificate shall set forth the call for such meeting, the service of such call upon all directors, and the minutes of the meeting relating to the adoption of the proposed amendment;

(c) Said officers shall cause said certificate to be published once a week for two consecutive weeks in a newspaper in Raleigh and in the county where the company's principal office is located, or posted at the court house door if no newspaper be published within the county. Said printed or posted notices shall be in such form and of such size as the commissioner may approve, and in addition to setting forth in full the certificate required in paragraph (b) shall state that application for amending the company's charter in the manner specified has been proposed by the board of directors, and shall also state the time set for a meeting of policyholders thereby called to be held at the principal office of the company to take action on the proposed amendment. A true copy of such notice shall be filed with the commissioner, and also with that official who performs the functions of insurance commissioner in each state where the company is licensed to do business. Such publication and filing of notices shall be completed at least thirty days prior to the date set therein for the meeting of policyholders and due proof thereof shall be filed with the commissioner at least fifteen days prior to the date of such meeting. If the meeting at which the proposed amendment is to be considered is a special meeting, rather than a regular annual meeting of policyholders, such special meeting can be called only after the commissioner has given his approval in writing, and the published notice shall show the fact of such approval.

(d) If at such policyholders' meeting two-thirds of those voting in person or by proxy shall vote in favor of any proposed amendment, the president and secretary shall make a certificate under oath setting forth such fact together with the full text of the amendment thus approved. Said certificate shall, within thirty days after such meeting, be submitted to the commissioner for his approval as conforming to the requirements of law, and it shall be the duty of the commissioner to act upon all proposed amendments within ten days after the filing of such certificate with him.

2. All charter amendments heretofore issued upon application of the board of directors of any domestic mutual insurance company are hereby validated, if otherwise legally adopted. (1947, c. 721.)

Editor's Note.—For comment on this section, see 25 N. C. Law Rev. 441.

§ 58-93: Transferred to § 58-86.1 by Session Laws 1945, c. 386.

Editor's Note.—This section was repealed but a part of it was rewritten and transferred as stated above.

§ 58-94. Policyholders are members of mutual companies.—Every person insured by a mutual insurance company is a member while his policy is in force, entitled to one vote for each policy he holds, and must be notified of the time and place of holding its meetings by a written notice or by an imprint upon the back of each policy, receipt, or certificate of renewal, as follows:

The insured is hereby notified that by virtue of

this policy he is a member of the ..... insurance company, and that the annual meetings of the company are held at its home office on the ..... day of ....., in each year, at ..... o'clock.

The blanks shall be duly filled in print and are a sufficient notice. A corporation which becomes a member of such company may authorize any person to represent it, and this representative has all the rights of an individual member. A person holding property in trust may insure it in such company, and as trustee assume the liability and be entitled to the rights of a member, but is not personally liable upon the contract of insurance. Members may vote by proxies, dated and executed within three months, and returned and recorded on the books of the company three days or more before the meeting at which they are to be used; but no person as proxy or otherwise may cast more than twenty votes. (Rev., s. 4739; 1899, c. 54, s. 33; 1945, c. 386; 1947, c. 721; C. S. 6348.)

Editor's Note.—The 1945 amendment struck out the word "fire" from the caption of the section.

The 1947 amendment struck out the word "fire" formerly appearing before the word "insurance" in line two.

§ 58-95. Directors in mutual companies.—Every mutual insurance company shall elect by ballot a board of not less than seven directors, who shall manage and conduct its business and hold office for one year or for such term as the by-laws provide and until their successors are qualified. Two-thirds at least of the directors must be citizens of the state, and after the first election members only are eligible, but no director is disqualified from serving the term he was chosen for by reason of the expiration or cancellation of his policy. In companies with a guaranty capital, one-half of the directors shall be chosen by and from the stockholders. (Rev., s. 4739; 1899, c. 54, s. 33; 1945, c. 386; C. S. 6349.)

Editor's Note.—The 1945 amendment struck out the word "fire" formerly appearing after the word "mutual" in the caption and also in line two.

§ 58-96. Mutual companies with a guaranty capital.—A mutual insurance company formed as provided in this chapter, in lieu of the contributed surplus required for the organization of mutual companies under the provisions of section 58-77, or a mutual insurance company now existing, may establish a guaranty capital or surplus of not less than twenty-five thousand dollars nor more than three hundred thousand dollars, divided into shares of one hundred dollars each, which shall be invested in the same manner as is provided in this subchapter for the investment of the capital stock of insurance companies. The stockholders of the guaranty capital of a company or owners of guaranty surplus are entitled to an annual dividend of not more than eight per centum on their respective shares, if the net profits or unused premiums left after all expenses, losses, and liabilities then incurred, together with the reserve as provided for, are sufficient to pay the same. The guaranty capital or surplus shall be applied to the payment of losses only when the company has exhausted its cash in hand and the invested assets, exclusive of uncollected premiums, and when thus impaired, the directors may make good the whole or any part of it by assessments upon the contingent funds of the company at the date of such impairment. Shareholders and members of such companies are subject to the same provisions of law in respect to their right to vote as apply respectively to shareholders in stock companies and policyholders in purely mutual companies. This guaranty capital or surplus may be reduced or retired by vote of the policyholders of the company and the assent of the commissioner of insurance, if the net assets of the company above its reserve and all other claims and obligations, exclusive of guaranty capital or surplus, for two years immediately preceding and including the date of its last annual statement, is not less than twenty-five per centum of the guaranty capital or surplus. Due notice of such proposed action on the part of the company must be mailed to each policyholder of the company not less than thirty days before the meeting when the action may be taken, and must also be advertised in two papers of general circulation, approved by the commissioner of insurance, not less than three times a week for a period of not less than four weeks before such meeting. No insurance company with a guaranty capital or surplus, which has ceased to do new business, shall divide to its stockholders any part of its assets or guaranty capital or surplus, except income from investments, until it has performed or canceled its policy obligations. (Rev., s. 4740; 1899 c. 54, s. 34; 1911, c. 196, s. 3; 1945, c. 386; C. S. 6350.)

Editor's Note.—The 1945 amendment struck out the word "fire" formerly appearing after the word "mutual" in the caption and in line one. It also struck out the words "article, or a mutual fire" formerly appearing after the word "this" in line two and inserted in lieu thereof the words "chapter, in lieu of the contributed surplus required for the organization of mutual companies under the provisions of section fifty-eight-seventy-seven, or a mutual." It further changed the first sentence by substituting "three" for "two" in line eight and striking out the word "certain" formerly appearing before the word "insurance" in line twelve. In the second sentence the amendment changed the dividend from "a semi-annual" to "an annual" one and the "per centum" from "three and one-half" to "eight," and struck out the words "for reinsurance" formerly appearing after the word "reserve" near the end of the sentence. The amendment struck out after the word "surplus" near the beginning of the fifth sentence the words "shall be retired when the permanent fund of the company equals two per centum of the amount insured upon all policies in force, and." It also struck out the word "reinsurance" formerly appearing before the word "reserve" in the said sentence.

§ 58-97. Dividends to policyholders.—Any participating or dividend paying company, stock or mutual, other than life, may declare and pay a dividend to policyholders from its surplus which shall include only its surplus in excess of any required minimum surplus. No such dividend shall be paid unless fair and equitable and for the best interest of the company and its policyholders. In declaring any dividend to its policyholders, any such company may make reasonable classifications of policies expiring during a fixed period, upon the basis of each general kind of insurance covered by such policies and by territorial divisions of the location of risks by states, except that in fixing the amount of dividends to be paid on each general kind of insurance, which dividends shall be uniform in rate and applicable to the majority of risks within such general kind of insurance, exceptions may be made as to any class or classes of risk and a different rate or

amount of dividends paid on such class or classes if the conditions applicable to such class or classes differ substantially from the condition applicable to the kind of insurance as a whole. Every such company shall have an equal rate of dividend for the same term on all policies insuring risks in the same classification. The payment of dividends to policyholders shall not be contingent upon the maintenance or renewal of the policy. All dividends shall be paid to the policyholder unless a written assignment thereof be executed. Neither the payment of dividends nor the rate thereof may be guaranteed by any company, or its agent, prior to the declaration of the dividend by the board of directors of such company. The holders of policies of insurance issued by a company in compliance with the orders of any public official, bureau or committee, in conformity with any statutory requirement or voluntary arrangement, for the issuance of insurance to risks not otherwise acceptable to the company shall be entitled to dividends at the same rate as other policyholders of the company. (Rev., s. 4741; 1899, c. 54, s. 35; 1935, c. 89; 1945, c. 386; 1947, c. 721; C. S. 6351.)

Editor's Note.—
The 1945 amendment rewrote this section which formerly also applied to assessments and contingent liability of policyholders. Now see §§ 58-97.1 to 58-97.3.
The 1947 amendment inserted in lines two and three the words "stock or mutual".

§ 58-97.1. Contingent liability of policyholders.—Every insurance company shall in its by-laws and policies prescribe the contingent liability, if any, of its members for the payment of losses, reserves and expenses not provided for by its assets, which contingent liability shall be in accordance with the provisions of section 58-77. Each member is liable for the payment of his proportionate share of any assessments made by the company in accordance with the law, his contract and the by-laws of the company on account of losses incurred while he was a member, if he is notified of such assessment within one year after the expiration of his policy. When any reduction is made in the contingent liability of members, it shall apply proportionately to all policies in force. (1945, c. 386.)

§ 58-97.2. Contingent liability printed on policy.—Every insurance company licensed to do business in this state shall print upon the filing face of its policies in clear and explicit language the full contingent liability of its members. (1945, c. 386.)

§ 58-97.3. Non-assessable policies; foreign or alien companies.—No foreign or alien insurance company shall be licensed to issue in this state non-assessable policies unless it has a free surplus equal in amount to that required of a domestic insurance company, writing the same kind or kinds of insurance, and in addition thereto has fully complied with the requirements of the government under which it was organized; and no foreign or alien insurance company may be licensed to do business in this state to issue assessable policies if it issues non-assessable policies in any other state or country unless all policies shall state that any assessment shall be for the exclusive benefit of holders of policies which provide for such contingent liability and the holders of policies subject to assessment shall not be liable to assessment in an amount greater in proportion to the total deficiency than the ratio that the deficiency attributable to the assessable business bears to the total deficiency. (1945, c. 386.)

§ 58-98. Waiver of forfeiture in policies assigned or pledged; notice of assignment; payment of assessment or premium by assignee or mortgagee.—When any policy of insurance is issued by any mutual insurance company or association other than life, organized under the laws of this state and such policy is assigned or pledged as collateral security for the payment of a debt, such company or association, by its president and secretary or other managing officers, may insert in such policy so assigned or pledged, or attach thereto as a rider thereon, a provision or provisions to be approved by the commissioner of insurance, whereby any or all conditions of the policy which work a suspension or forfeiture and especially the provisions of the statute which limits such corporation to insure only property of its members, may be waived in such case for the benefit of the assignee or mortgagee. In case any such company or association shall consent to such assignment of any policy or policies, or the proceeds thereof, it may nevertheless at any time thereafter, by its president and secretary or such other officer as may be authorized by the board of directors, cancel such policy by giving the assignee or mortgagee not less than ten days notice in writing: Provided, however, a longer period may be agreed upon by the company or association and such assignee or mortgagee. And the president and secretary of such company or association, with the approval of the commissioner of insurance, may agree with the assignee or mortgagee upon an assessment or premium to be paid to the insurer in case the insured shall not pay the same, which shall not be less than such a rate or sum of money as may be produced by the average assessments or premiums made or charged by like company or association during a period of five years next preceding the year of such agreement and assignment. When an assignment is made as herein provided the policy or policies so assigned or pledged, subject to the conditions herein, shall remain in full force and effect for the benefit of the assignee or mortgagee, notwithstanding the title or ownership of the assured to the property insured, or to any interest therein, shall be in any manner changed, transferred or encumbered. (Ex. Sess. 1920, c. 79; 1945, c. 386; C. S. 6351(a).)

Editor's Note.—The 1945 amendment inserted in line three the words "other than life."

§ 58-99. Guaranty against assessments prohibited.—If any director, officer or agent of a mutual insurance company, either officially or privately, shall give a guarantee to a policyholder thereof against an assessment to which such policyholder would otherwise be liable, he shall be punished by a fine not exceeding one hundred dollars for each offense. (Rev., s. 3496; 1899, c. 54, s. 100; 1945, c. 386; C. S. 6352.)

Editor's Note.—The 1945 amendment made this section applicable to agents and struck out the word "fire" formerly appearing before the word "insurance" in line two.

§ 58-100. Manner of making assessments; rights and liabilities of policyholders.—When a mutual insurance company is not possessed of cash funds above its reserve sufficient for the payment of insured losses and expenses, it must make an assessment for the amount needed to pay such losses and expenses upon its members liable to assessment therefor in proportion to their several liabilities. The company shall cause to be recorded in a book kept for that purpose the order for the assessment, together with a statement which must set forth the condition of the company at the date of the order, the amount of its cash assets and deposits, notes, or other contingent funds liable to the assessment, the amount the assessment calls for, and the particular losses or liabilities it is made to provide for. This record must be made and signed by the directors who voted for the order before any part of the assessment is collected, and any person liable to the assessment may inspect and take a copy of the same. When, by reason of depreciation or loss of its funds or otherwise, the cash assets of such company, after providing for its other debts, are less than the required premium reserve upon its policies, it must make good the deficiency by assessment in the manner above provided. If the directors are of the opinion that the company is liable to become insolvent they may, instead of such assessment, make two assessments, the first determining what each policyholder must equitably pay or receive in case of withdrawal from the company and having his policy canceled; the second, what further sum each must pay in order to reinsure the unexpired term of his policy at the same rate as the whole was insured at first. Each policyholder must pay or receive according to the first assessment, and his policy shall be canceled unless he pays the sum further determined by the second assessment, in which case his policy continues in force; but in neither case may a policyholder receive or have credited to him more than he would have received on having his policy canceled by a vote of the directors under the by-laws. (Rev., s. 4742; 1899, c. 54, ss. 36, 37; 1945, c. 386; C. S. 6353.)

Editor's Note.—The 1945 amendment struck out the word "fire" formerly appearing before the word "insurance" in line two and also struck out the word "reinsurance" formerly appearing before the word "reserve" in line three.

§§ 58-101, 58-102: Repealed by Session Laws 1945, c. 386.

Art. 10. Assessment Companies.

§ 58-107. "Assessment plan" printed on application and policy; waiver by commissioner.—Every policy or certificate issued to a resident of the state by any corporation transacting in the state the business of life insurance upon the assessment plan, or admitted to do business in this state on the assessment plan, shall print in bold type near the top of the front page of the policy, upon every policy or certificate issued upon the life of any such resident of the state, the words "issued upon the assessment plan"; and the words "assessment plan" shall be printed conspicuously upon every application, circular, card, and any and all printed documents issued, circulated, or caused to be circulated by such corporation within the state. (1913, c. 159, s. 1; 1929, c. 93, s. 1; 1933, c. 34; 1945, c. 386; C. S. 6358.)

Editor's Note.—The 1945 amendment omitted the former requirement of printing in red ink, and also omitted a provision relating to waiver of the requirements of the section by the commissioner of insurance.

§ 58-109. Deposits and advance assessments required.—Every domestic insurance company, association, order, or fraternal benefit society doing business on the assessment plan shall collect and keep at all times in its treasury one regular loss assessment sufficient to pay one regular average loss; and no such company, association, order, or fraternal benefit society shall be licensed by the commissioner of insurance unless it makes and maintains with him for the protection of its obligations at least five thousand dollars in United States or North Carolina bonds, in farm loan bonds issued by federal loan banks, or in the bonds of some city, county, or town of North Carolina to be approved by the commissioner of insurance, or deposit with him a good and sufficient bond, secured by a deed of trust on real estate situated in North Carolina and approved by him, or by depositing with the commissioner of insurance a bond in an amount of not less than five thousand ($5,000) dollars, issued by any corporate surety company authorized to do business in this state. The commissioner of insurance may increase the amount of deposit to the amount of reserve on the contracts of the association or society. The provisions of this section shall not apply to the farmers mutual fire insurance associations now doing business in the state and restricting their activities to not more than three adjacent counties. (Rev., s. 4792; 1913, c. 119, s. 1; 1917, c. 191, s. 2; 1933, c. 47; 1945, c. 386; C. S. 6360.)

The 1945 amendment struck out the former provision permitting deposit with commissioner of insurance to be made in installments, and substituted near the end of the section the word "three" for "two."

§ 58-110. Deposits by foreign assessment companies or order.—Each foreign insurance company, association, order, or fraternal benefit society doing business in this state on the assessment plan shall keep at all times deposited with the commissioner of insurance or in its head office in this state, or in some responsible banking or trust company, one regular assessment sufficient to pay the average loss or losses occurring among its members in this state during the time allowed by it for the collection of assessments and payment of losses. It shall notify the commissioner of insurance of the place of deposit and furnish him at all times such information as he requires in regard thereto; and no such company, association, order, or fraternal benefit society shall be licensed by the commissioner unless it makes and maintains with him for the protection of its obligations at least five thousand dollars in United States or North Carolina bonds, in farm loan bonds issued by federal land banks, or in the bonds of some county, city, or town in North Carolina to be approved by the commissioner of insurance, or a good and sufficient bond or note, secured by deed of trust on real estate situate in North Carolina, and approved by the commissioner. Art. 13. Fire Insurance Rating Bureau.

§ 58-125. North Carolina fire insurance rating bureau created.—There is hereby created a bureau to be known as the "North Carolina Fire Insurance Rating Bureau." (1945, c. 380.)

Editor's Note.—The 1945 amendment, effective July 1, 1945, rewrote this article which formerly related to rate-making companies.

§ 58-126. Scope of article.—The provisions of this article shall apply to insurance against loss to property located in this state, or to any valuable interest therein, by fire, lightning, windstorm, explosion, theft of or physical damage to motor vehicles, and all other kinds of insurance which fire insurance companies are authorized to write in this state except (a) marine; (b) transportation risks and such kinds of insurance as are designated by the commissioner as inland marine insurance; (c) aircraft risks; (d) rolling stock of railroad corporations and property of interstate common carriers used or employed by them in their business of carrying freight, merchandise or passengers in interstate commerce; (e) reinsurance. (1945, c. 380.)

§ 58-127. Rating bureau.—Under the supervision of the commissioner of insurance who shall call a meeting for that purpose and within six months after the effective date of this act, insurance companies authorized to effect insurance in this state against the risk of loss by perils within the scope of this act, shall organize a rating bureau for the purpose of making rates and rules and regulations which affect or determine the price which policyholders shall pay for insurance covered by this article, on property or risks located in this state; and all companies now or hereafter authorized to transact such business in this state shall become members of such bureau.

The government of the rating bureau shall be vested in its members, and it shall not be subject to the direction or control of any other bureau, association, corporation, company, individual or group of individuals. Each member shall have one vote.

The governing board, executive committee or other governing body of the rating bureau shall be provided for in the by-laws which shall provide also that at least one member of such governing body shall be an official of a domestic company and shall be a bona fide resident of the state of North Carolina.

The rating bureau shall have power to adopt a constitution and by-laws for its government and to adopt reasonable rules and regulations necessary to carry out its functions, but such constitution, by-laws, rules and regulations shall not be inconsistent with the provisions of this article, and together with any amendments thereto shall be approved by the commissioner before becoming effective. No such constitution, by-laws, rules and regulations shall discriminate against any type of insurer because of its plan of operation or otherwise, nor shall any insurer be prevented from returning any unused or unabsorbed premium deposit, savings or earnings to its policyholders or subscribers.

The rating bureau shall be empowered to subscribe for or purchase any necessary service. Subject to the approval of the commissioner it shall apportion the expenses of its operation among its members equitably in proportion to services rendered by the bureau; provided, however, the bureau may fix a minimum annual charge to be paid by each member, not exceeding fifty dollars, and a reasonable admission fee, not exceeding fifty dollars.

The principal office of the bureau shall be located in the City of Raleigh, North Carolina, where all records shall be kept and all business of the bureau transacted; provided that with the approval of the commissioner branch offices of the bureau may be established within the state. The bureau shall furnish without discrimination its service to its members, and any rating schedule, forms or plans of operation which have been approved by the commissioner and filed with the rating bureau shall be available for inspection at any reasonable time by all members of said bureau.

Any member of the rating bureau may appeal to the commissioner from any decision of such bureau and the commissioner shall, after a hearing held on not less than ten days' written notice to the appellant and to the bureau, issue an order approving the decision of the bureau or directing it to give further consideration to such proposal. In the event the bureau fails to take satisfactory action, the commissioner shall make such order as he may see fit. (1945, c. 380.)

§ 58-128. Power to secure information.—The commissioner, his deputy, or duly authorized examiner is authorized and empowered at all reasonable times and on reasonable notice to examine all records of the said rating bureau covering its operations including its constitution, by-laws, rating schedules, rules, regulations and amendments thereto. (1945, c. 380.)

§ 58-129. Rate information.—Every risk specifically rated in this state shall be rated upon schedule after inspection and a survey of such risk shall be made and filed in the rating bureau office. A copy of such survey shall be furnished upon request to the insured or his duly authorized representative without charge. (1945, c. 380.)

§ 58-130. Statistical reports.—Every insurer shall file annually with the rating bureau or at its option, with a common agency approved by the commissioner and representative of either stock or non-stock insurers, its underwriting experience in this state in accordance with classifications approved by the commissioner. The experience filed with the common agency selected shall be consolidated by such agency and a copy of the consolidated result shall be filed with the rating bureau; provided such insurers shall, if directed by the commissioner, file their individual underwriting experience with such rating bureau. Such data shall be kept and reports made in such manner and on such forms as may be prescribed by the commissioner. (1945, c. 380.)

§ 58-131. Reasonableness of rates.—The rating bureau in making rates shall not unfairly discriminate between risks involving essentially the same construction and hazards, and having substantially the same degree of protection. (1945, c. 380.)

§ 58-131.1. Approval of rates.—No rating method, schedule, classification, underwriting rule, by-law, or regulation shall become effective or be applied by the rating bureau until it shall have been first submitted to and approved by the commissioner. Provided, that a rate or premium used or charged in accordance with a schedule, classification, or rating method or underwriting rule or by-law or regulation previously approved by the commissioner need not be specifically approved by the commissioner. Every rating method, schedule, classification, underwriting rule, by-law or regulation submitted to the commissioner for approval shall be deemed approved, if not disapproved by him in writing within sixty (60) days after submission. (1945, c. 380.)

§ 58-131.2. Reduction or increase of rates.—The commissioner is hereby empowered to investigate at any time the necessity for a reduction or increase in rates. If upon such investigation it appears that the rates charged are producing a profit in excess of what is fair and reasonable he shall order such reduction of rates as will produce a fair and reasonable profit only.

If upon such investigation it appears that the rates charged are inadequate and are not producing a profit which is fair and reasonable, he shall order such increase of rates as will produce a fair and reasonable profit.

In determining the necessity for an adjustment of rates, the commissioner shall give consideration to all reasonable and related factors, to the conflagration and catastrophe hazard, both within and without the state, to the past and prospective loss experience, including the loss trend at the time the investigation is being made, and in the case of fire insurance rates, to the experience of the fire insurance business during a period of not less than five years next preceding the year in which the review is made.

Any reduction or increase of rates ordered by the commissioner shall be applied by the rating bureau subject to his approval within sixty (60) days and shall become effective solely to such insurance as is written having an inception date on and after the date of such approval.

Whenever the commissioner finds, after notice and hearing, that the bureau's application of an approved rating method, schedule, classification, underwriting rule, by-law or regulation is unwarranted, unreasonable, improper or unfairly discriminatory he shall order the bureau to revise or alter the application of such rating method, schedule, classification, underwriting rule, by-law or regulation in the manner and to the extent set out in the order. (1945, c. 380.)

§ 58-131.3. Deviations.—No insurer, officer, agent or representative thereof shall knowingly issue or deliver or knowingly permit the issuance or delivery of any policy of insurance in this state which does not conform to the rates, rating plans, classifications, schedules, rules and standards made and filed by the rating bureau. However, an insurer may deviate from the rates promulgated by the rating bureau provided the insurer has filed the deviation to be applied both with the rating bureau and the commissioner, and provided the said deviation is uniform in its application to all risks in the state of the class to which such deviation is to apply; and provided such deviation is approved by the commissioner as being reasonable under all the circumstances. If approved the deviation shall remain in force for a period of one year from the date of approval by the commissioner. Such deviation may be renewed annually subject to all of the foregoing provisions. A rate in excess of that promulgated by the rating bureau may be charged on any specific risk provided such higher rate is charged with the knowledge and written consent of both the insured and the commissioner. (1945, c. 380.)

§ 58-131.4. Pools, groups or associations.—Any insurer individually or as a member of a pool, group, or association engaged in the business of insuring special types or classes of risks in connection with which a particular inspection or engineering service and set of standards has been maintained to the satisfaction of the commissioner, and with respect only to such types or classes of risks, shall submit loss experience data to the commissioner for approval of its schedule of rates or deposits, forms and plans of operation either directly in its own behalf or through a unified facility of the group created and licensed by the commissioner for that purpose and maintained entirely or in part for such a purpose. In evaluating the forms, schedule of rates or deposits and plan of operation of such an insurer or pool or association of insurers the commissioner shall act with due regard for the previous record of such insurer or group of insurers, and with due appreciation of previous and prospective loss trends in this state and outside of this state, and to any other factors reasonably related to the classes or types of insurance written by such insurer or group of insurers. When so approved

such forms, schedule of rates or deposits and plan of operation shall be filed with the bureau.

Nothing contained in this section shall be construed as exempting any insurer, pool, group or association of insurers from all other provisions of this article and the provisions of Article 13 B with respect to licensing. (1945, c. 380.)

§ 58-131.5. Hearing.—The commissioner shall not make any rule, regulation or order under the provisions of this article without giving the rating bureau and insurers who may be affected thereby reasonable notice and a hearing if hearing is requested. All hearings provided for in this article shall be held at such time and place as shall be designated in a notice which shall be given by the commissioner in writing to the rating bureau and insurer or the officers and agents and representatives thereof which may be affected thereby, at least thirty (30) days before the date designated therein. The notice shall state the subject of the inquiry.

At the conclusion of such hearing, or within thirty (30) days thereafter, the commissioner shall make such order or orders as he may deem necessary in accordance with his finding. Within thirty (30) days after receiving written notice of any such order or finding any person affected thereby may request a rehearing or review thereof before the commissioner by filing a written request setting forth a summary of the reasons therefor. Upon receipt of such request, the commissioner shall set a date for rehearing. Such application for rehearing shall act as a stay of the provisions of such order. The commissioner may modify, change or rescind such order if he finds that the facts shown at the rehearing warrant such modification, change or rescission.

In the conduct of such hearing the commissioner, his deputy or the duly authorized examiner specifically designated by him for such purpose shall have power to administer oaths and to examine any person under oath and in connection therewith to require the production of any books, records, or papers relative to the inquiry. (1945, c. 380.)

§ 58-131.6. Revocation or suspension of license.—If the commissioner shall find, after due notice and hearing that any insurer, officer, agent or representative thereof has violated any of the provisions of this article, he may issue an order revoking or suspending the license of any such insurer, agent, broker or representative thereof. (1945, c. 380.)

§ 58-131.7. Penalties.—Any insurer, officer, agent or representative thereof failing to comply with, or otherwise violating any of the provisions of this article, shall be guilty of a misdemeanor and upon conviction be punished by a fine of not less than one hundred ($100.00) dollars nor more than five hundred ($500.00) dollars. (1945, c. 380.)

§ 58-131.8. Review of order of commissioner.—A review of any order made by the commissioner in accordance with the provisions of this article, shall be by appeal to the Superior Court of Wake County in accordance with the provisions of section 58-9.3. (1945, c. 380.)

§ 58-131.9. Limitation.—Nothing in this article shall apply to any town or county farmers mutual fire insurance association restricting their operations to not more than three (3) adjacent counties, or to domestic insurance companies, associations, orders or fraternal benefit societies now doing business in this state on the assessment plan. (1945, c. 380.)

Art. 13A. Casualty Insurance Rating Regulations.

§ 58-131.10. Scope of article.—Every insurer authorized to do the business of casualty insurance in this state, including fidelity and surety business, shall be either a member or a subscriber of a rating bureau licensed under this article by the commissioner or shall for itself make its own rates. No insurer shall be a member of more than one rating bureau for the purpose of rating the same risk. A rating bureau may be a person or persons, corporation, partnership, company, society or association, domestic or foreign, which makes rates for casualty insurance. (1945, c. 380.)

Editor's Note.—The act inserting this article made it effective Jan. 1, 1946.

§ 58-131.11. License.—No rating bureau shall do business or furnish its services for use in this state until it shall have been licensed by the commissioner and has designated a resident of North Carolina as its agent for service of notices and orders. Application for license shall be accompanied by a fee as prescribed in the Revenue Act and shall be in the form the commissioner shall prescribe and shall include the name and address of the applicant; a copy of its constitution, its articles of agreement or association or incorporation, its by-laws or rules governing its business, or such of the foregoing, if any, as the bureau may have; a list of insurers licensed to do business in North Carolina who are or who have agreed to become members or subscribers; the names and addresses of all officers and managers; and such other information as the commissioner may require. If the commissioner finds that the applicant has complied with the provisions of this article, he shall issue to it a license authorizing it to engage in rate making or the furnishing of its services for use in this state. Licenses shall remain in effect until suspended or revoked in the manner prescribed in this article. The license of every rating bureau doing business or furnishing its services for use in this state on the effective date of this act may continue in force, subject to the provisions of this article, pending its application for license hereunder, which application shall be made within six months after the effective date of this act. (1945, c. 380.)

§ 58-131.12. Organization.—The government of a rating bureau shall be vested in its members, or, in the case of a corporation, in its board of directors, and it shall not be subject to the direction or control of any other bureau, association, corporation, company, individual or group of individuals. The bureau shall have power to establish reasonable agreements and by-laws for its government, and to adopt reasonable rules and regulations necessary to carry out its functions; such reasonable agreements, by-laws, rules and regulations shall not be inconsistent with the provisions of this article and shall be first approved by the commissioner. All amendments to such agreements, by-laws, rules and regulations shall before becoming effective, be submitted to and approved

by the commissioner. No such agreements, by-laws, rules and regulations shall discriminate against any type of insurer because of its plan of operation or otherwise nor shall any insurer be prevented from returning any unused or unabsorbed premium, deposit, savings or earnings to its policyholders or subscribers. Every such rating bureau shall furnish its services without discrimination to any licensed insurer applying therefor. Any insurer admitted to membership or furnished service as a subscriber shall pay its reasonable share of the expense of operation of such bureau and shall observe all reasonable rules and regulations of the bureau.

Every rating bureau or insurer which makes its own rates shall, within ten days after written request therefor, and upon payment of such reasonable charges as may be approved by the commissioner, furnish to any person affected by any rate made by it, or to the authorized representative of such person, full information regarding such rate, including the schedule or schedules, if any, pursuant to which such rate was made. Every rating bureau, and every insurer which makes its own rates, shall provide reasonable means within this state, to be approved by the commissioner, whereby any person or persons affected by a rate made by it may be heard.

Any member or subscriber of a rating bureau may appeal to the commissioner from any decision of such bureau and the commissioner shall, after a hearing held on not less than ten days' written notice to the appellant and to the bureau, issue an order approving the decision of the bureau or directing it to give further consideration to such proposal. In the event the bureau fails to take satisfactory action, the commissioner shall make such order as he may see fit. (1945, c. 380.)

§ 58-131.13. Filing of rates; approval.—Every rating bureau or insurer which makes its own rates shall file with the commissioner every rate manual, classification of risks, rating plan, rating schedule, and every other rating rule which is made or used by it, and upon his request, all other information concerning the application and calculation of rates made or used by it. No rate, rate manual, classification of risks, rating plan, rating schedule, or other rating rule shall be effective until approved by the commissioner. The commissioner shall not approve any rate, rate manual, classification of risks, rating plan, rating schedule or other rating rule which is excessive, inadequate, unreasonable or unfairly discriminatory. (1945, c. 380.)

§ 58-131.14. Statistical reports.—Every insurer shall annually on or before October 1, file with the rating bureau of which it is a member or subscriber, or with such other agency as the commissioner of insurance may approve or designate, a statistical report showing a classification schedule of its premiums and losses on all classes of insurance to which this article is applicable, and such other information as the commissioner may deem necessary or expedient for the administration of the provisions of this article. (1945, c. 380.)

§ 58-131.15. Deviation.—Any insurer may make written request to the commissioner for approval of a deviation from a filing approved by him and made by a rating organization of which it is a member or subscriber. The basis for the deviation shall be specified in the request. The commissioner shall hear the insurer and the rating organization and shall give them reasonable notice of the time and place of the hearing. The commissioner shall approve a deviation if he finds it to be justified. He shall not approve a deviation if he finds that the resulting rates would be unreasonable, inadequate or unfairly discriminatory. (1945, c. 380.)

§ 58-131.16. Discrimination; revision of rates.—Whenever the commissioner finds, after notice and hearing, that discrimination exists in the making or application of rates made or used by any rating bureau or insurer, he may order that such discrimination be removed. Such discrimination shall not be removed by increasing the rate on any risk affected by the order unless such increase is approved by the commissioner as reasonable. Before making such order the commissioner shall give notice to the bureau or insurer which made such rate or rates and to all other persons whom he may deem directly affected thereby. Every bureau receiving any such notice shall promptly notify all of its members or subscribers who would be affected by such order and notice to such rating organization shall be deemed notice to such members or subscribers.

Whenever the commissioner shall determine, after notice and a hearing, that the rates charged or filed on any class of risks are excessive, inadequate, unreasonable or unfairly discriminatory, he shall issue an order to the rating bureau or insurer making such rates, directing that such rates be altered or revised in the manner and to the extent stated in such order to produce rates which are reasonable, adequate and not unfairly discriminatory.

Whenever the commissioner finds, after notice and hearing, that a bureau or insurer's application of an approved classification, rating plan, rating schedule or other rating rule is unwarranted, unreasonable, improper or unfairly discriminatory he shall order the bureau or insurer to revise or alter the application of such classification, rating plan, rating schedule, or other rating rule in the manner and to the extent set out in the order. (1945, c. 380.)

§ 58-131.17. Filing rate amendments. — Every rating bureau or insurer which makes its own rates may, from time to time, alter, supplement or amend its rates, rate manuals, schedules of rates, classifications of risks, rating plans and every other rating rule, or any part thereof, by filing with the commissioner copies of such alteration, or amendment, together with a statement of the reason or reasons therefor, none of which shall take effect until approved by the commissioner. (1945, c. 380.)

§ 58-131.18. Restriction on use of rates.—No insurer subject to this article shall enter into any agreement for the purpose of making or establishing rates except in accordance with the provisions hereof. No member or subscriber of any rating bureau or insurer shall charge or receive any rate which deviates from the rates, rating plans, classifications, schedules, rules and standards made and filed by such rating bureau or insurer except as provided in this article. No insurer and no agent or other representative of any

insurer and no insurance broker shall knowingly charge, demand or receive a rate or premium which deviates from the rates, rating plans, classifications, schedules, rules and standards, made and last filed by or on behalf of the insurer, or issue or make any policy or contract involving a violation of such rate filings. A rate in excess of that promulgated by the rating bureau or filed by a company on its own behalf may be charged on any specific risk provided such higher rate is charged with the knowledge and written consent of both the insured and the commissioner. (1945, c. 380.)

§ 58-131.19. Examinations.—The commissioner may, whenever he deems it expedient, but shall at least once in every five years, make or cause to be made an examination of the business, affairs and method of operation of every rating bureau doing business or furnishing its services for use in this state. The reasonable costs of such examination shall be determined and fixed by the commissioner and shall be paid by the rating bureau examined upon presentation to it of a detailed account of such cost. The commissioner may, in his discretion, waive such examination upon proof that such rating bureau has, within a reasonably recent period, been examined by a public official or department of another state, pursuant to the laws of such state, and upon the filing with the commissioner of a copy of the report of such examination. The officers, managers, agents, and employees of such rating bureau shall exhibit all its books, records, documents or agreements governing its method of operation, its rating system, and its accounts for the purpose of such examination. The commissioner may, for the purpose of facilitating and furthering such examination, examine under oath the officers, managers, agents and employees of such rating bureau. (1945, c. 380.)

§ 58-131.20. False information.—No person shall give false or misleading information to any rating bureau of which it is a member or subscriber, to the commissioner or to any person, which will in any manner affect the proper determination of reasonable, adequate and non-discriminatory rates. (1945, c. 380.)

§ 58-131.21. Suspension of license; hearing.—Any rating bureau or insurer which violates any provision of this article shall be subject to suspension of its license. Failure of any rating bureau or insurer to comply with the provisions of any order of the commissioner within the time limited by such order, or any extension thereof as the commissioner may, in his discretion grant, shall, if no appeal has been taken from such order, automatically suspend its license. No order suspending a license shall be made by the commissioner except upon ten days' notice, specifying the particular violation. If such rating bureau or insurer shall make a request therefor in writing within the ten-day period, the commissioner shall name a time and place for a hearing, at which it shall be given opportunity to make its defense. At the conclusion of such hearing or within thirty days thereafter the commissioner shall make such order as in his judgment the evidence shall warrant. A suspension of license shall be effective until modified or rescinded by order of the commissioner upon proof that the violation of the provisions of this article no longer continues, or upon proof that the rating bureau or insurer has complied with the terms of any prior order made by the commissioner, or until the order of the commissioner upon which such suspension is based is reversed or modified upon an appeal therefrom. (1945, c. 380.)

§ 58-131.22. Revocation or suspension of license.—If the commissioner shall find, after due notice and hearing, that any insurer, officer, agent or representative thereof has violated any of the provisions of this article, he may issue an order revoking or suspending the license of any such insurer, agent, broker or representative thereof. (1945, c. 380.)

§ 58-131.23. Penalties. — Any insurer, officer, agent or representative thereof failing to comply with, or otherwise violating any of the provisions of this article, shall be guilty of a misdemeanor and upon conviction be punished by a fine of not less than one hundred dollars ($100.00) nor more than five hundred dollars ($500.00). (1945, c. 380.)

§ 58-131.24. Review of order of commissioner.—A review of any order made by the commissioner, in accordance with the provisions of this article, shall be by appeal to the Superior Court of Wake County in accordance with the provisions of section 58-9.3. (1945, c. 380.)

§ 58-131.25. Exceptions.—The provisions of this article shall not apply to any policy or contract of reinsurance; any policy of insurance against loss or damage to or legal liability in connection with property permanently located outside of this state, or any activity wholly carried on outside this state; insurance against loss of or damage to, or against liability arising out of the ownership, maintenance or use of any aircraft; marine insurance, inland marine insurance, automobile insurance, life, health or accident insurance, workmen's compensation insurance, title insurance, credit insurance, or annuities. The provisions of this article shall not apply to non-profit hospital service or non-profit medical service organizations, mutual benefit associations, or fraternal beneficiary associations. (1945, c. 380.)

Art. 13B. Rate Regulation of Miscellaneous Lines.

§ 58-131.26. Information to be filed with commissioner.—Every corporation, association, board, bureau or person maintaining a bureau or office for the purpose of suggesting, approving or making rates to be used by more than one insurer of property or risks of any kind located in this state other than those regulated under the provisions of Article 2 of Chapter 97, Articles 13, 13A and 25 of Chapter 58 shall be licensed and shall file with the commissioner a copy of the articles of agreement, association or incorporation and the by-laws and all amendments thereto under which such person, association, or bureau operates or proposes to operate, together with his or its business address and a list of the members or insurers represented or to be represented by him or it, as well as such other information concerning such rating organization and its operations as may be required by the commissioner. (1945, c. 380; 1947, c. 721.)

Editor's Note.—The 1947 amendment struck out in lines

4 and 5 the words "underwriter for insurance on" and inserted in lieu thereof the words "insurer of".

§ 58-131.27. Examination by commissioner; reports.—Every such person, corporation, association, or bureau, whether before or after the filing of the information specified in section 58-131.26, shall be subject to the visitation, supervision, and examination of the commissioner, who shall cause to be made an examination thereof as often as he deems it expedient, and at least once in three years, provided, the commissioner may accept in lieu of such examination a report of examination of such bureau made by any other state department of insurance. For such purpose he may appoint as examiners one or more competent persons, and upon such examination he, his deputy, or any examiner authorized by him shall have all the powers given to the commissioner, his deputy, or any examiner authorized by him by law, including the power to examine under oath the officers and agents and all persons deemed to have material information regarding the business or manner of operation by every such person, corporation, association, bureau, or board. The expense of any such examination shall be borne by the party examined. (1945, c. 380.)

§ 58-131.28. Schedule of rates filed.—Every such person, corporation, association, or bureau, as well as every insurance company doing business in the state, shall file with the commissioner any and every schedule of rates or such other information concerning such rates as may be suggested, approved, or made by any such rating organization for the purposes specified in section 58-131.26 or by such company for its own use and such rates shall not become effective until and unless approved by him. (1945, c. 380.)

§ 58-131.29. Certain conditions forbidden; no discrimination.—No such person, corporation, association, or bureau shall fix or make any rate or schedule of rates which is to or may apply to any risk within this state, on the condition that the whole amount of insurance on such risk or any specified part thereof shall be placed at such rates, or with the members of or subscribers to such rating organization; nor shall any such person, association, or corporation authorized to transact the business of insurance within this state, fix or make any rate or schedule of rates or charge a rate which discriminates unfairly between risks within this state of essentially the same hazard. Whenever it is made to appear to the satisfaction of the commissioner that such discrimination exists, he may, after a full hearing, either before himself or before any salaried employee of the insurance department whose report he may adopt, order such discrimination removed; and all such persons, corporations, associations, or bureaus affected thereby shall immediately comply therewith; nor shall such persons, corporations, associations, or bureaus remove such discrimination by increasing the rates on any risk or class of risks affected by such order unless it is made to appear to the satisfaction of the commissioner that such increase is justifiable. (1945, c. 380.)

§ 58-131.30. Record to be kept; hearing on rates.—Every such rating organization shall keep a careful record of its proceedings and shall furnish upon demand to any person upon whose property or risk a rate has been made, or to his authorized agent, full information as to such rate, and, if such property or risk be rated by schedule, a copy of such schedule; it shall also provide such means as may be approved by the commissioner whereby any person affected by such rate may be heard, either in person or by agent, before the governing or rating committee or other proper executive of such rating organization on an application for a change in such rate. (1945, c. 380.)

§ 58-131.31. Hearing on rates before the commissioner.—Any person, firm, or corporation aggrieved by any rating or classification assignment by such company, bureau, or board, may file a complaint in writing with the commissioner stating in detail the grounds upon which the complainant asks relief. The commissioner shall set a time, not earlier than seven days after the date of the notice, and a place for a hearing upon the complaint. After due hearing the commissioner shall make a finding as to whether the established rate or classification assignment made is excessive or unfair and shall make such orders as he deems advisable.

Any member or subscriber of a rating bureau may appeal to the commissioner from any decision of such bureau and the commissioner shall, after a hearing held on not less than ten days' written notice to the appellant and to the bureau, issue an order approving the decision of the bureau or directing it to give further consideration to such proposal. In the event the bureau fails to take satisfactory action, the commissioner shall make such order as he may see fit. (1945, c. 380.)

§ 58-131.32. Review of order of commissioner.—A review of any order made by the commissioner in accordance with the provisions of this article shall be by appeal to the Superior Court of Wake County in accordance with the provisions of section 58-9.3. (1945, c. 380.)

§ 58-131.33. Certain insurance contracts excepted.—This article shall not apply to any contract of life insurance, accident and health insurance or annuities, to any contract of reinsurance, to contracts of insurance upon property or risks permanently located without this state, nor to kinds of insurance for which the commissioner finds in the practice of the industry there are no established rates. (1945, c. 380.)

Art. 14. Real Estate Title Insurance Companies.

§ 58-134.1. Investment of capital.—Any real estate title insurance company having a capital stock of more than fifty thousand dollars, may, with the consent of the commissioner, after investing fifty thousand dollars of the capital, as provided in this chapter, invest not to exceed one-fourth of the total capital stock in abstract or title plants; and no such company shall guarantee or insure in any one risk more than forty per cent of its combined capital and surplus without first having the approval of the commissioner of North Carolina, which approval shall be endorsed upon the policy. (1945, c. 386.)

Art. 16. Reciprocal or Inter-Insurance Exchanges.

§ 58-139. Statement to be filed with commissioner of insurance.

7. That there is on deposit with such attorney and available for payment of losses a sum of not less than one hundred thousand dollars. (1913, c. 183, s. 3; 1945, c. 386; C. S. 6399.)

Editor's Note.—The 1945 amendment substituted in subsection 7 "one hundred" for "twenty-five." As the rest of the section was not affected by the amendment it is not set out.

§ 58-143. Reserve fund.—There shall at all times be maintained as a reserve a sum in cash or convertible securities equal to fifty per centum of the aggregate net annual deposits collected and credited to the accounts of the subscribers on policies having one year or less to run and pro rata on those for longer periods. For the purpose of said reserve, net annual deposits shall be construed to mean the advance payments of subscribers after deducting therefrom the amounts specifically provided in the subscribers' agreements, for expenses. Said sum shall at no time be less than one hundred thousand dollars, and if at any time fifty per cent of the aggregate deposits so collected and credited shall not equal that amount, then the subscribers, or their attorney for them, shall make up any deficiency. (1913, c. 183, s. 7; 1945, c. 386; C. S. 6403.)

Editor's Note.—The 1945 amendment substituted "one hundred" for "twenty-five" in the last sentence.

§ 58-148. Application of other sections.—Except as otherwise provided in this article, and except where the context otherwise requires, all of the provisions of this chapter relating to all insurers and those relating to insurers transacting the same kind or kinds of insurance which reciprocal insurers are permitted to transact, shall be applicable to reciprocal insurers authorized to do business in this state. Where any of such sections refer to a corporation, company or insurer, the same, when read in connection with and applicable to this article shall be deemed to mean a reciprocal insurer. (1913, c. 183, s. 13; 1945, c. 386; C. S. 6409.)

Editor's Note.—The 1945 amendment rewrote this section.

Art. 17. Foreign or Alien Insurance Companies.

§ 58-149. Admitted to do business.—Foreign or alien insurance companies, upon complying with the conditions of this chapter applicable to them, may be admitted to transact in this state, by constituted agents resident herein, any class of insurance authorized by the laws in force relative to the duties, obligations, prohibitions, and penalties of insurance companies, and subject to all laws applicable to the transaction of such business by foreign or alien insurance companies and their agents. (Rev., s. 4746; 1899, c. 54, s. 61; 1945, c. 384; C. S. 6410.)

Editor's Note.—The 1945 amendment, which made this section applicable to alien insurance companies, directed that the words "or alien" be inserted in the caption of the article.

§ 58-150. Conditions of admission.—A foreign or alien insurance company may be admitted and authorized to do business when it:

(1) Deposits with the commissioner a certified copy of its charter or certificate of organization and a statement of its financial condition and business, in such form and detail as he requires, signed and sworn to by its president and secretary or other proper officer, and pays for the filing of this statement the sum required by law.

(2) Satisfies the commissioner that it is fully and legally organized under the laws of its state or government to do the business it proposes to transact, and that it has been successful in the conduct of such business; that it has, if a stock company, a fully paid-up and unimpaired capital, exclusive of stockholders' obligations of any description of an amount not less than that required for the organization of a domestic company writing the same kinds of business; and if a mutual company that its free surplus is not less than that required for the organization of a domestic company writing the same kind of business, and that such capital, surplus, and other funds are invested in substantial accordance with the requirements of this chapter.

(3) By a duly executed instrument filed in his office constitutes and appoints the commissioner and his successor its true and lawful attorney, upon whom all lawful processes in any action or legal proceeding against it may be served, and therein agrees that any lawful process against it which may be served upon such attorney shall be of the same force and validity as if served on the company; and the authority thereof shall continue in force irrevocable so long as any liability of the company remains outstanding in this state. Copies of this instrument, certified by the commissioner, are sufficient evidence thereof, and service upon such attorney is sufficient service upon the principal.

(4) Appoints as its agent or agents in this state some resident or residents thereof.

(5) Files with the commissioner a certificate that it has complied with the laws of the state or government under which it was organized and is authorized to make contracts of insurance. (Rev., s. 4747; 1899, c. 54, s. 62; 1901, c. 391, s. 5; 1903, c. 438, s. 6; 1945, c. 384; C. S. 6411.)

Editor's Note.—The 1945 amendment made changes in subsections (2) and (5).

§ 58-151. Limitation as to kinds of insurance.—Any foreign or alien company admitted to do business in this state shall be limited with respect to doing kinds of insurance in this state in the same manner and to the same extent as are domestic companies, provided that any foreign insurance company which has been licensed to do the business of life insurance in this state continuously during a period of twenty years next preceding the effective date of this act may continue to be licensed, in the discretion of the commissioner, to do the kind or kinds of insurance business which it was authorized to do immediately prior to the taking effect of this act. (Rev., s. 4748; 1899, c. 44, s. 65; 1901, c. 391, s. 5; 1903, c. 438, s. 6; 1911, c. 111, s. 2; 1945, c. 384; C. S. 6412.)

Editor's Note.—The 1945 amendment, effective March 6, 1945, rewrote this section.

§ 58-151.1. Foreign companies; requirements for admission.—A company organized under the laws of any other of these United States for the transaction of life insurance may be admitted to do business in this state if it complies with the other provisions of this chapter regulating the terms and conditions upon which foreign life insurance companies may be admitted and authorized to do business in this state, and, in the opinion of the commissioner of insurance, is in sound financial condition and has policies in force

upon not less than five hundred lives for an aggregate amount of not less than five hundred thousand dollars. Any life company organized under the laws of any other country than the United States, in addition to the above requirements, must make and maintain the deposit required of such companies by article four of this chapter. (Rev., s. 4774; 1899, c. 54, s. 56; 1945, c. 379; C. S. 6456.)

Editor's Note.—The 1945 amendment transferred this section from section 58-196.

§ 58-152. Retaliatory laws.—When, by the laws of any other state or nation, any taxes, fines, penalties, licenses, fees, deposits of money or of securities, or other obligations or prohibitions are imposed upon insurance companies of this state doing business in such other state or nation or upon their agents therein greater than those imposed by this state upon insurance companies of such other state, then, so long as such laws continue in force, the same taxes, fines, penalties, licenses, fees, deposits, obligations and prohibitions, of whatever kind, may in the discretion of the commissioner be imposed upon all such insurance companies of such other state or nation doing business within this state and upon their agents here. Nothing herein repeals or reduces the license, fees, taxes, and other obligations now imposed by the laws of this state or to go into effect with the companies of any other state or nation unless some company of this state is actually doing or seeking to do business in such state or nation. When an insurance company organized under the laws of any state or country is prohibited by the laws of such state or country or by its charter from investing its assets other than capital stock in the bonds of this state, then and in such case the commissioner of insurance is authorized and directed to refuse to grant a license to transact business in this state to such insurance company. (Rev., s. 4749; 1899, c. 54, s. 71; 1903, c. 536, s. 11; 1927, c. 32; 1945, c. 384; C. S. 6413.)

Editor's Note.—
The 1945 amendment substituted for the word "shall" in line twelve the words "may in the discretion of the commissioner."

§ 58-155. Action to enforce compliance with this chapter.—Compliance with the provisions of this chapter as to deposits, obligations, and prohibitions, and the payment of taxes, fines, fees, and penalties by foreign or alien insurance companies, may be enforced in the ordinary course of legal procedure by action brought in the superior court of Wake County by the attorney-general in the name of the state upon the relation of the commissioner of insurance. (Rev., s. 4752; 1899, c. 54, s. 102; 1903, c. 438, s. 10; 1945, c. 384; C. S. 6416.)

Editor's Note.—The 1945 amendment inserted in line four the words "or alien."

Art. 17A. Mergers, Rehabilitation and Liquidation of Insurance Companies.

§ 58-155.1. Merger or consolidation.—1. Subject to the provisions of sections 58-103 and 58-104, relating to the mutualization of stock insurers, a domestic insurer may merge or consolidate with another insurer, subject to the following conditions:

(a) The plan of merger or consolidation must be submitted to and be approved by the commissioner in advance of the merger or consolidation.

(b) The commissioner shall not approve any such plan unless, after a hearing, he finds that it is fair, equitable to policyholders, consistent with law, and will not conflict with the public interest. If the commissioner fails to approve the plan, he shall state his reasons for such failure in his order made on such hearing.

(c) No director, officer, member or subscriber of any such insurer, except as is expressly provided by the plan of merger or consolidation, shall receive any fee, commission, other compensation or valuable consideration whatever, for in any manner aiding, promoting or assisting in the merger or consolidation.

(d) Any merger or consolidation as to an incorporated domestic insurer shall in other respects be governed by the general laws of this state relating to business corporations, except that the merger or consolidation of a domestic mutual insurer may be effected by vote of two-thirds of the members voting thereon pursuant to such notice and procedure as the commissioner may prescribe.

2. Reinsurance of all or substantially all of the insurance in force of a domestic insurer by another insurer under an agreement whereby the reinsuring company succeeds to all of the liabilities of and supplants the domestic insurance company thereon shall be deemed a consolidation for the purposes of this section. (1947, c. 923.)

Editor's Note.—For discussion of this article, see 25 N. C. Law Rev. 429.

§ 58-155.2. Grounds for rehabilitation.—The commissioner may apply for an order directing him to rehabilitate a domestic insurer upon one or more of the following grounds: That the insurer

(a) Is insolvent; or

(b) Has refused to submit its books, records, accounts or affairs to examination by the commissioner; or

(c) Has failed to comply with the commissioner's order to make good an impairment of capital of a stock insurer or an impairment of surplus of a mutual or reciprocal insurer, within the time prescribed; or

(d) Has transferred or attempted to transfer substantially its entire property or business, or has entered into any transaction the effect of which is to merge substantially its entire property or business in that of any other insurer without first having obtained the written approval of the commissioner; or

(e) Is found, after examination, to be in such condition that its further transaction of business will be hazardous to its policyholders, or to its creditors, or to its members, subscribers, or stockholders, or to the public; or

(f) Has wilfully violated its charter; or

(g) Has an officer, director, or manager who has refused to be examined under oath, concerning its affairs; or

(h) Has been the subject of an application for the appointment of a receiver, trustee, custodian or sequestrator of the insurer or of its property, or if a receiver, trustee, custodian, or sequestrator is appointed by a federal court or if such appointment is imminent; or

(i) Has consented to such an order through a

majority of its directors, stockholders, members, or subscribers; or

(j) Has failed to remove from office any officer or director whom the commissioner has found, after notice to and hearing of such insurer and such officer or director, to be a dishonest or untrustworthy person; or

(k) Has failed to pay a final judgment rendered against it in any state upon any insurance contract issued or assumed by it, within thirty days after the judgment became final or within thirty days after time for taking an appeal has expired, or within thirty days after dismissal of an appeal before final determination, whichever date is the later. (1947, c. 923.)

§ 58-155.3. Order of rehabilitation; termination.—1. An order to rehabilitate a domestic insurer shall direct the commissioner forthwith to take possession of the property of the insurer and to conduct the business thereof, and to take such steps toward removal of the causes and conditions which have made rehabilitation necessary as the court may direct.

2. If at any time the commissioner deems that further efforts to rehabilitate the insurer would be useless, he may apply to the court for an order of liquidation.

3. The commissioner, or any interested person upon due notice to the commissioner, at any time may apply for an order terminating the rehabilitation proceeding and permitting the insurer to resume possession of its property and the conduct of its business, but no such order shall be granted except when, after a full hearing, the court has determined that the purposes of the proceeding have been fully accomplished. (1947, c. 923.)

§ 58-155.4. Grounds for liquidation.—The Commissioner may apply for an order directing him to liquidate the business of a domestic insurer or of the United States branch of an alien insurer having trusteed assets in this state, regardless of whether or not there has been a prior order directing him to rehabilitate such insurer, upon any of the grounds specified in section 58-155.2 or upon any one or more of the following grounds: That the insurer

(a) Has ceased transacting insurance for a period of one year; or

(b) Has commenced voluntary liquidation or dissolution, or attempts to commence or prosecute any action or proceeding to liquidate its business or affairs, or to dissolve its corporate charter, or to procure the appointment of a receiver, trustee, custodian, or sequestrator under any law except this chapter; or

(c) Has not organized or completed its organization and obtained a certificate of authority as an insurer. (1947, c. 923.)

§ 58-155.5. Order of liquidation.—An order to liquidate the business of a domestic insurer shall direct the commissioner forthwith to take possession of the property of the insurer, to liquidate its business, to deal with the insurer's property and business in his own name as commissioner or in the name of the insurer as the court may direct, to give notice to all creditors who may have claims against the insurer to present such claims, and to dissolve the insurer. (1947, c. 923.)

§ 58-155.6. Liquidation of alien insurers.—An order to liquidate the business of the United States branch of an alien insurer having trusteed assets in this state shall be in the same terms as those prescribed for domestic insurers, except that only the assets in this state of the business of such United States branch shall be included therein. (1947, c. 923.)

§ 58-155.7. Conservation of assets of foreign insurer.—The commissioner may apply for an order directing him to conserve the assets within this state of a foreign insurer upon any one or more of the following grounds:

(a) Upon any of the grounds specified in paragraphs (a) to (i) inclusive of section 58-155.2, and in paragraph (b) of section 58-155.4.

(b) That its property has been sequestrated in the state of its domicile or in any other jurisdiction. (1947, c. 923.)

§ 58-155.8. Conservation of assets of alien insurer.—The commissioner may apply for an order directing him to conserve the assets within this state of an alien insurer upon any one or more of the following grounds:

(a) Upon any of the grounds specified in paragraphs (a) to (i) inclusive of section 58-155.2, and in paragraph (b) of section 58-155.4; or

(b) That the insurer has failed to comply, within the time designated by the commissioner, with an order of the commissioner pursuant to law to make good an impairment of its trusteed funds; or

(c) That the property of the insurer has been sequestrated in its domiciliary sovereignty or elsewhere. (1947, c. 923.)

§ 58-155.9. Order of conservation or ancillary liquidation of foreign or alien insurers.—1. An order to conserve the assets of a foreign or alien insurer shall direct the commissioner forthwith to take possession of the property of the insurer within this state and to conserve it, subject to the further direction of the court.

2. Whenever a domiciliary receiver is appointed for any such insurer in its domiciliary state which is also a reciprocal state, as defined in section 58-155.10, the court shall on application of the commissioner appoint the commissioner as the ancillary receiver in this state, subject to the provisions of the uniform insurers liquidation act. (1947, c. 923.)

§ 58-155.10. Uniform insurers liquidation act; definitions.—This section and sections 58-155.11 to 58-155.17 inclusive, comprise and may be cited as the uniform insurers liquidation act. For the purposes of this act:

1. "Insurer" means any person, firm, corporation, association or aggregation of persons doing an insurance business and subject to the insurance supervisory authority of, or to liquidation, rehabilitation, reorganization, or conservation by, the commissioner, or the equivalent insurance supervisory official of another state.

2. "Delinquency proceeding" means any proceeding commenced against an insurer for the purpose of liquidating, rehabilitating, reorganizing or conserving such insurer.

3. "State" means any state of the United States, and also the District of Columbia, Alaska, Hawaii and Puerto Rico.

4. "Foreign country" means territory not in any state.

5. "Domiciliary state" means the state in which an insurer is incorporated or organized, or, in the case of an insurer incorporated or organized in a foreign country, the state in which such insurer, having become authorized to do business in such state, has, at the commencement of delinquency proceedings, the largest amount of its assets held in trust and assets held on deposit for the benefit of its policyholders, or policyholders and creditors in the United States; and any such insurer is deemed to be domiciled in such state.

6. "Ancillary state" means any state other than a domiciliary state.

7. "Reciprocal state" means any state other than this state in which in substance and effect the provisions of this act are in force, including the provisions requiring that the insurance commissioner or equivalent supervisory official be the receiver of a delinquent insurer.

8. "General assets" means all property, real, personal, or otherwise, not specifically mortgaged, pledged, deposited, or otherwise encumbered for the security or benefit of specified persons or a limited class or classes of persons, and as to such specifically encumbered property the term includes all such property or its proceeds in excess of the amount necessary to discharge the sum or sums secured thereby. Assets held in trust and assets held on deposit for the security or benefit of all policyholders, or all policyholders and creditors in the United States, shall be deemed general assets.

9. "Preferred claim" means any claim with respect to which the law of a state or of the United States accords priority of payment from the general assets of the insurer.

10. "Special deposit claim" means any claim secured by a deposit made pursuant to statute for the security or benefit of a limited class or classes of persons, but not including any general assets.

11. "Secured claim" means any claim secured by mortgage, trust, deed, pledge, deposit as security, escrow, or otherwise, but not including special deposit claims or claims against general assets. The term also includes claims which more than four months prior to the commencement of delinquency proceedings in the state of the insurer's domicile have become liens upon specific assets by reason of judicial process.

12. "Receiver" means receiver, liquidator, rehabilitator, or conservator as the context may require. (1947, c. 923.)

§ 58-155.11. Conduct of delinquency proceedings against insurers domiciled in this state.—1. Whenever under the laws of this state a receiver is to be appointed in delinquency proceedings for an insurer domiciled in this state, the court shall appoint the commissioner as such receiver. The court shall direct the commissioner forthwith to take possession of the assets of the insurer and to administer the same under the orders of the court.

2. As domiciliary receiver the commissioner shall be vested by operation of law with the title to all of the property, contracts, and rights of action, and all of the books and records of the insurer wherever located, as of the date of entry of the order directing him to rehabilitate or liquidate a domestic insurer, or to liquidate the United States branch of an alien insurer domiciled in this state, and he shall have the right to recover the same and reduce the same to possession; except that ancillary receivers in reciprocal states shall have, as to assets located in their respective states, the rights and powers which are hereinafter prescribed for ancillary receivers appointed in this state as to assets located in this state.

3. The recording of the order directing possession to be taken, or a certified copy thereof, in the record of lis pendens in the office of the clerk of the superior court of the county wherein the property is located shall impart the same notice as would be imparted by a deed, bill of sale, or other evidence of title duly filed or recorded.

4. The commissioner as domiciliary receiver shall be responsible on his official bond for the proper administration of all assets coming into his possession or control. The court may at any time require an additional bond from him or his deputies if deemed desirable for the protection of the assets.

5. Upon taking possession of the assets of an insurer the domiciliary receiver shall, subject to the direction of the court, immediately proceed to conduct the business of the insurer or to take such steps as are authorized by the laws of this state for the purpose of liquidating, rehabilitating, reorganizing or conserving the affairs of the insurer.

6. In connection with delinquency proceedings the commissioner may appoint one or more special deputy commissioners to act for him, and may employ such counsel, clerks, and assistants as he deems necessary. The compensation of the special deputies, counsel, clerks or assistants and all expenses of taking possession of the insurer and of conducting the proceedings shall be fixed by the receiver, subject to the approval of the court, and shall be paid out of the funds or assets of the insurer. Within the limits of the duties imposed upon them special deputies shall possess all the powers given to, and, in the exercise of those powers, shall be subject to all of the duties imposed upon the receiver with respect to such proceedings. (1947, c. 923.)

§ 58-155.12. Conduct of delinquency proceedings against insurers not domiciled in this state.—1. Whenever under the laws of this state an ancillary receiver is to be appointed in delinquency proceedings for an insurer not domiciled in this state, the court shall appoint the commissioner as ancillary receiver. The commissioner shall file a petition requesting the appointment (a) if he finds that there are sufficient assets of such insurer located in this state to justify the appointment of an ancillary receiver, or (b) if ten or more persons resident in this state having claims against such insurer file a petition with the commissioner requesting the appointment of such ancillary receiver.

2. The domiciliary receiver for the purpose of liquidating an insurer domiciled in a reciprocal state, shall be vested by operation of law with the title to all of the property, contracts, and rights of action, and all of the books and records of the insurer located in this state, and he shall have the immediate right to recover balances due from

local agents and to obtain possession of any books and records of the insurer found in this state. He shall also be entitled to recover the other assets of the insurer located in this state except that upon the appointment of an ancillary receiver in this state, the ancillary receiver shall during the ancillary receivership proceedings have the sole right to recover such other assets. The ancillary receiver shall, as soon as practicable, liquidate from their respective securities those special deposit claims and secured claims which are proved and allowed in the ancillary proceedings in this state, and shall pay the necessary expenses of the proceedings. All remaining assets he shall promptly transfer to the domiciliary receiver. Subject to the foregoing provisions the ancillary receiver and his deputies shall have the same powers and be subject to the same duties with respect to the administration of such assets, as a receiver of an insurer domiciled in this state.

3. The domiciliary receiver of an insurer domiciled in a reciprocal state may sue in this state to recover any assets of such insurer to which he may be entitled under the laws of this state. (1947, c. 923.)

§ 58-155.13. Claims of non-residents against domestic insurers.—1. In a delinquency proceeding begun in this state against an insurer domiciled in this state, claimants residing in reciprocal states may file claims either with the ancillary receivers, if any, in their respective states, or with the domiciliary receiver. All such claims must be filed on or before the last date fixed for the filing of claims in the domiciliary delinquency proceedings.

2. Converted claims belonging to claimants residing in reciprocal states may either (a) be proved in this state as provided by law, or (b) if ancillary proceedings have been commenced in such reciprocal states, may be proved in those proceedings. In the event a claimant elects to prove his claim in ancillary proceedings, if notice of the claim and opportunity to appear and be heard is afforded the domiciliary receiver of this state as provided in section 58-155.14 with respect to ancillary proceedings in this state, the final allowance of such claim by the courts in the ancillary state shall be accepted in this state as conclusive as to its amount, and shall also be accepted as conclusive as to its priority, if any, against special deposits or other security located within the ancillary state. (1947, c. 923.)

§ 58-155.14. Claims against foreign insurers.—1. In a delinquency proceeding in a reciprocal state against an insurer domiciled in that state, claimants against such insurer, who reside within this state, may file claims either with the ancillary receiver, if any, appointed in this state, or with the domiciliary receiver. All such claims must be filed on or before the last date fixed for the filing of claims in the domiciliary delinquency proceedings.

2. Controverted claims belonging to claimants residing in this state may either (a) be proved in the domiciliary state as provided by the law of that state, or (b) if ancillary proceedings have been commenced in this state, be proved in those proceedings. In the event that any such claimant elects to prove his claim in this state, he shall file his claim with the ancillary receiver in the manner provided by the law of this state for the proving of claims against insurers domiciled in this state, and he shall give notice in writing to the receiver in the domiciliary state, either by registered mail or by personal service at least forty days prior to the date set for hearing. The notice shall contain a concise statement of the amount of the claim, the facts on which the claim is based, and the priorities asserted, if any. If the domiciliary receiver, within thirty days after the giving of such notice, shall give notice in writing to the ancillary receiver and to the claimant, either by registered mail or by personal service, of his intention to contest such claim, he shall be entitled to appear or to be represented in any proceeding in this state involving the adjudication of the claim. The final allowance of the claim by the courts of this state shall be accepted as conclusive as to its amount, and shall also be accepted as conclusive as to its priority, if any, against special deposits or other security located within this state. (1947, c. 923.)

§ 58-155.15. Priority of certain claims.—1. In a delinquency proceeding against an insurer domiciled in this state, claims owing to residents of ancillary states shall be preferred claims if like claims are preferred under the laws of this state. All such claims whether owing to residents or nonresidents shall be given equal priority of payment from general assets regardless of where such assets are located.

2. In a delinquency proceeding against an insurer domiciled in a reciprocal state, claims owing to residents of this state shall be preferred if like claims are preferred by the laws of that state.

3. The owners of special deposit claims against an insurer for which a receiver is appointed in this or any other state shall be given priority against their several special deposits in accordance with the provisions of the statutes governing the creation and maintenance of such deposits. If there is a deficiency in any such deposit so that the claims secured thereby are not fully discharged therefrom, the claimants may share in the general assets, but such sharing shall be deferred until general creditors, and also claimants against other special deposits who have received smaller percentages from their respective deposits, have been paid percentages of their claims equal to the percentage paid from special deposit.

4. The owner of a secured claim against an insurer for which a receiver has been appointed in this or any other state may surrender his security and file his claim as a general creditor, or the claim may be discharged by resort to the security, in which case the deficiency, if any, shall be treated as a claim against the general assets of the insurer on the same basis as claims of unsecured creditors. If the amount of the deficiency has been adjudicated in ancillary proceedings as provided in this act, or if it has been adjudicated by a court of competent jurisdiction in proceedings in which the domiciliary receiver has had notice and opportunity to be heard, such amount shall be conclusive; otherwise the amount shall be determined in the delinquency proceeding in the domiciliary state. (1947, c. 923.)

§ 58-155.16. Attachment and garnishment of assets.—During the pendency of delinquency proceedings in this or any reciprocal state no action or proceeding in the nature of an attachment, garnishment or execution shall be commenced or maintained in the courts of this state against the delinquent insurer or its assets. Any lien obtained by such action or proceeding within four months prior to the commencement of any such delinquency proceeding or at any time thereafter shall be void as against any rights arising in such delinquency proceeding. (1947, c. 923.)

§ 58-155.17. Uniformity of interpretation.—This uniform insurers liquidation act shall be so interpreted and construed as to effectuate its general purpose to make uniform the law of those states that enact it. To the extent that its provisions, when applicable, conflict with other provisions of this article, the provisions of this act shall control. (1947, c. 923.)

§ 58-155.18. Commencement of proceedings.—1. Proceedings under this article involving a domestic insurer shall be commenced in the superior court for the county in which is located the insurer's home office. Proceedings under this article involving other insurers shall be commenced in the superior court of Wake county.

2. The commissioner shall commence any such proceeding, the attorney-general representing him, by an application to the court or to any judge thereof, for an order directing the insurer to show cause why the commissioner should not have the relief prayed for. On the return of such order to show cause, and after a full hearing, the court shall either deny the application or grant the application together with such other relief as the nature of the case and the interests of policyholders, creditors, stockholders, members, subscribers or the public may require. (1947, c. 923.)

§ 58-155.19. Injunctions.—1. Upon application by the commissioner for such an order to show cause or at any time thereafter, the court may without notice issue an injunction restraining the insurer, its officers, directors, stockholders, members, subscribers, agents, employees and all other persons from the transaction of its business or the waste or disposition of its property until the further order of the court.

2. The court may at any time during a proceeding under this article issue such other injunctions or orders as may be deemed necessary to prevent interference with the commissioner or the proceeding, or waste of the assets of the insurer, or the commencement or prosecution of any actions, or the obtaining of preferences, judgments, attachments or other liens, or the making of any levy against the insurer or against its assets or any part thereof. (1947, c. 923.)

§ 58-155.20. Removal of proceedings.—At any time after the commencement of a proceeding under this article the commissioner may apply ex parte to the court for an order changing the venue of, and removing the proceeding to Wake county, or, in the discretion of the commissioner, to any other county of this state in which he deems that such proceeding may be most economically and efficiently conducted.

Upon the filing of any such application for removal, the court shall direct the clerk of the court in which the proceeding is then pending to transmit all the papers filed therein with such clerk to the clerk of the court to which the proceeding is removed, and the proceeding shall thereafter be conducted in such other court as though it had been commenced in such court. (1947, c. 923.)

§ 58-155.21. Deposit of monies collected.—The monies collected by the commissioner in a proceeding under this article, shall be, from time to time, deposited in one or more state or national banks, savings banks, or trust companies, and in the case of the insolvency or voluntary or involuntary liquidation of any such depositary which is an institution organized and supervised under the laws of this state, such deposits shall be entitled to priority of payment on an equality with any other priority given by the banking law of this state. The commissioner may in his discretion deposit such monies or any part thereof in a national bank or trust company as a trust fund. (1947, c. 923.)

§ 58-155.22. Exemption from filing fees.—The commissioner shall not be required to pay any fee to any public officer in this state for filing, recording, issuing a transcript or certificate, or authenticating any paper or instrument pertaining to the exercise by the commissioner of any of the powers or duties conferred upon him under this article, whether or not such paper or instrument be executed by the commissioner or his deputies, employees or attorneys of record and whether or not it is connected with the commencement of an action or proceeding by or against the commissioner, or with the subsequent conduct of such action or proceeding. (1947, c. 923.)

§ 58-155.23. Borrowing on pledge of assets.—For the purpose of facilitating the rehabilitation, liquidation, conservation or dissolution of an insurer pursuant to this article, the commissioner may, subject to the approval of the court, borrow money and execute, acknowledge and deliver notes or other evidences of indebtedness therefor and secure the repayment of the same by the mortgage, pledge, assignment, transfer in trust or hypothecation of any or all of the property whether real, personal or mixed of such insurer, and the commissioner, subject to the approval of the court, shall have power to take any and all other action necessary and proper to consummate any such loans and to provide for the repayment thereof. The commissioner shall be under no obligation personally or in his official capacity as commissioner to repay any loan made pursuant to this section. (1947, c. 923.)

§ 58-155.24. Report to the General Assembly.—The commissioner shall transmit to the General Assembly in his biennal report, the names of all insurers proceeded against under this article together with such facts as shall acquaint the policyholders, creditors, stockholders and the public with all proceedings. To that end the special deputy commissioner in charge of any such insurer shall file annually with the commissioner a report of the affairs of the insurer. (1947, c. 923.)

§ 58-155.25. Date rights fixed on liquidation.—The rights and liabilities of the insurer and of its creditors, policyholders, stockholders, members, subscribers and all other persons interested in its estate shall, unless otherwise directed by the court, be fixed as of the date on which the order directing the liquidation of the insurer is filed in the office of the clerk of the court which made the order, subject to the provisions of section 58-155.29 with respect to the rights of claimants holding contingent claims. (1947, c. 923.)

§ 58-155.26. Voidable transfers or liens.—1. Any transfer of, or lien upon, the property of an insurer which is made or created within four months prior to the granting of an order to show cause under this article with the intent of giving to any creditor or of enabling him to obtain a greater percentage of his debt than any other creditor of the same class and which is accepted by such creditor having reasonable cause to believe that such a preference will occur, shall be voidable.

2. Every director, officer, employee, stockholder, member, subscriber and any other person acting on behalf of such insurer who shall be concerned in any such prohibited act or deed and every person receiving thereby any property of such insurer or the benefit thereof shall be personally liable therefor and shall be bound to account to the commissioner.

3. The commissioner as liquidator, rehabilitator or conservator in any proceeding under this article, may avoid any transfer of, or lien upon the property of an insurer which any creditor, stockholder, subscriber or member of such insurer might have avoided and may recover the property so transferred or its value, from the person to whom it was transferred unless he was a bona fide holder for value prior to the date of the granting of an order to show cause under this article. Such property or its value may be recovered from anyone who has received it except a bona fide holder for value as above specified. (1947, c. 923.)

§ 58-155.27. Priority of claims for compensation.—1. Compensation actually owing to employees other than officers of an insurer, for services rendered within three months prior to the commencement of a proceeding against the insurer under this article, but not exceeding three hundred dollars for each such employee, shall be paid prior to the payment of every other debt or claim, and in the discretion of the commissioner may be paid as soon as practicable after the proceeding has been commenced; except that at all times the commissioner shall reserve such funds as will in his opinion be sufficient for the expenses of administration.

2. Such priority shall be in lieu of any other similar priority which may be authorized by law as to the wages or compensation of such employees. (1947, c. 923.)

§ 58-155.28. Offsets.—1. In all cases of mutual debts or mutual credits between the insurer and another person in connection with any action or proceeding under this article, such credits and debts shall be set off and the balance only shall be allowed or paid, except as provided in paragraph two of this section.

2. No offset shall be allowed in favor of any such person where (a) the obligation of the insurer to such person would not at the date of the entry of any liquidation order, or otherwise, as provided in section 58-155.25, entitle him to share as a claimant in the assets of the insurer, or (b) the obligation of the insurer to such person was purchased by or transferred to such person with a view of its being used as an offset, or (c) the obligation of such person is to pay an assessment levied against the members of a mutual insurer, or against the subscribers of a reciprocal insurer, or is to pay a balance upon a subscription to the capital stock of a stock insurer. (1947, c. 923.)

§ 58-155.29. Allowance of certain claims.—1. No contingent claim shall share in a distribution of the assets of an insurer which has been adjudicated to be insolvent by an order made pursuant to section 58-155.30 except that such claims shall be considered, if properly presented, and may be allowed to share where:

(a) Such claim becomes absolute against the insurer on or before the last day fixed for filing of proofs of claim against the assets of such insurer, or

(b) There is a surplus and the liquidation is thereafter conducted upon the basis that such insurer is solvent.

2. Where an insurer has been so adjudicated to be insolvent any person who has a cause of action against an insured of such insurer under a liability insurance policy issued by such insurer, shall have the right to file a claim in the liquidation proceeding, regardless of the fact that such claim may be contingent, and such claim may be allowed:

(a) If it may be reasonably inferred from the proof presented upon such claim that such person would be able to obtain a judgment upon such cause of action against such insured; and

(b) If such person shall furnish suitable proof, unless the court for good cause shown shall otherwise direct, that no further valid claims against such insurer arising out of his cause of action other than those already presented can be made; and

(c) If the total liability of such insurer to all claimants arising out of the same act of its insured shall be no greater than its total liability would be were it not in liquidation.

No judgment against such an insured taken after the date of the entry of the liquidation order shall be considered in the liquidation proceedings as evidence of liability, or of the amount of damages, and no judgment against an insured taken by default, inquest or by collusion prior to the entry of the liquidation order shall be considered as conclusive evidence in the liquidation proceeding either of the liability of such insured to such person upon such cause of action or of the amount of damages to which such person is therein entitled.

3. No claim of any secured claimant shall be allowed at a sum greater than the difference between the value of the claim without security and the value of the security itself as of the date of entry of the order of liquidation or such other date set by the court for fixation of rights and liabilities as provided in section 58-155.25 unless the claimant shall surrender his security to the commissioner in which event the claim shall be

allowed in the full amount for which it is valued. (1947, c. 923.)

§ 58-155.30. Time to file claims.—1. If upon the granting of an order of liquidation under this article or at any time thereafter during the liquidation proceeding the insurer shall not be clearly solvent, the court shall after such notice and hearing as it deems proper, make an order declaring the insurer to be insolvent. Thereupon, regardless of any prior notice which may have been given to creditors, the commissioner shall notify all persons who may have claims against such insurer and who have not filed proper proofs thereof, to present the same to him, at a place specified in such notice, within four months from the date of the entry of such order, or, if the commissioner shall certify that it is necessary, within such longer time as the court shall prescribe. The last day for the filing of proofs of claim shall be specified in the notice. Such notice shall be given in a manner determined by the court.

2. Proofs of claim may be filed subsequent to the date specified, but no such claim shall share in the distribution of the assets until all allowed claims, proofs of which have been filed before said date, have been paid in full with interest. (1947, c. 923.)

§ 58-155.31. Report for assessment.—Within three years from the date an order of rehabilitation or liquidation of a domestic mutual insurer or a domestic reciprocal insurer was filed in the office of the clerk of the court by which such order was made, the commissioner may make a report to the court setting forth:

(a) The reasonable value of the assets of the insurer;

(b) The insurer's probable liabilities; and

(c) The probable necessary assessment, if any, to pay all possible claims and expenses in full, including expenses of administration. (1947, c. 923.)

§ 58-155.32. Levy of assessment.—1. Upon the basis of the report provided for in section 58-155.31 including any amendment thereof, the court, ex parte, may levy one or more assessments against all members of such insurer who, as shown by the records of the insurer, were members of a mutual insurer or subscribers in a reciprocal insurer, at any time within one year prior to the date of issuance of the order to show cause under section 58-155.18.

2. Such assessment or assessments shall cover the excess of the probable liabilities over the reasonable value of the assets, together with the estimated cost of collection and percentage of uncollectibility thereof. The total of all assessments against any member or subscriber with respect to any policy, by whomsoever levied or for whatsoever purposes levied, shall be for no greater amount than that specified in the policy or policies of the member or subscriber and as limited under this chapter; except that if the court finds that the policy was issued at a rate of premium below the minimum rate lawfully permitted for the risk insured, the court may determine the upper limit of such assessment upon the basis of an adequate rate for the insurance.

3. No assessment shall be levied against any member or subscriber with respect to any nonassessable policy issued in accordance with this chapter. (1947, c. 923.)

§ 58-155.33. Order to pay assessment.—After levy of assessment as provided in section 58-155.32, upon the filing of a further detailed report by the commissioner, the court shall issue an order directing each member of a mutual insurer or each subscriber in a reciprocal insurer, if he shall not pay the amount assessed against him to the commissioner on or before a day to be specified in the order, to show cause why he should not be held liable to pay such assessment together with costs as set forth in section 58-155.35 and why the commissioner should not have judgment therefor. (1947, c. 923.)

§ 58-155.34. Publication and transmittal of assessment order.—The commissioner shall cause a notice of such assessment order setting forth a brief summary of the contents of such order to be:

(a) Published in such manner as shall be directed by the court; and

(b) Enclosed in a sealed envelope, addressed and mailed postage prepaid to each member or subscriber liable thereunder at his last known address as it appears on the records of the insurer, at least twenty days before the return day of the order to show cause provided for in section 58-155.33. (1947, c. 923.)

§ 58-155.35. Judgment upon the assessment.—1. On the return day of the order to show cause provided for in section 58-155.33 if the member or subscriber does not appear and serve verified objections upon the commissioner, the court shall make an order adjudging that such member or subscriber is liable for the amount of the assessment against him together with ten dollars costs, and that the commissioner may have judgment against the member or subscriber therefor.

2. If on such return day the member or subscriber shall appear and serve verified objections upon the commissioner there shall be a full hearing before the court or a referee to hear and determine, who, after such hearing, shall make an order either negativing the liability of the member or subscriber to pay the assessment or affirming his liability to pay the whole or some part thereof together with twenty-five dollars costs and the necessary disbursements incurred at such hearing, and directing that the commissioner in the latter case may have judgment therefor.

3. A judgment upon any such order, whether granted by a court or by a referee, shall have the same force and effect, and may be entered and docketed and may be appealed from as if it were a judgment in an original action brought in the court in which the proceeding is pending. (1947, c. 923.)

SUBCHAPTER III. FIRE INSURANCE.

Art. 18. General Regulations of Business.

§ 58-156: Repealed by Session Laws 1945, c. 378.

§ 58-158. Limitation as to amount and term; indemnity contracts for difference in actual value and cost of replacement.—No insurance company or agent shall knowingly issue any fire insurance policy upon property within this state for an amount which, together with any existing insurance thereon, exceeds the fair value of the prop-

erty, nor for a longer term than seven years: Provided, any fire insurance company authorized to transact business in this state may, by appropriate riders or endorsements or otherwise, provide insurance indemnifying the insured for the difference between the actual value of the insured property at the time any loss or damage occurs, and the amount actually expended to repair, rebuild or replace on the premises described in the policy, or some other location within the state of North Carolina with new materials of like size, kind and quality, such property as has been damaged or destroyed by fire or other perils insured against. Policies issued in violation of this section are binding upon the company issuing them, but the company is liable for the forfeitures by law prescribed for such violation. (Rev., s. 4755; 1899, c. 54, ss. 39, 99; 1903, c. 438, s. 10; 1949, c. 295, s. 1; C. S. 6418.)

Editor's Note.—The 1949 amendment rewrote this section and inserted the proviso.

§ 58-159. Limit of liability on total loss.—Subject to the provisions of G. S. § 58-158, when buildings insured against loss by fire and situated within the state are totally destroyed by fire, the company is not liable beyond the actual cash value of the insured property at the time of the loss or damage; and if it appears that the insured has paid a premium on a sum in excess of the actual value, he shall be reimbursed the proportionate excess of premium paid on the difference between the amount named in the policy and the ascertained values, with interest at six per centum (6%) per annum from the date of issue. (Rev., s. 4756; 1899, c. 54, s. 40; 1949, c. 295, s. 2; C. S. 6419.)

Editor's Note.—The 1949 amendment rewrote this section and added the reference to § 58-158.

§ 58-161: Repealed by Session Laws 1945, c. 378.

§ 58-162. Reinsurance assumed from unlicensed companies prohibited.—No fire, marine, or fire and marine insurance company licensed to do business in North Carolina shall assume reinsurance on property located in the state of North Carolina from a company which is not licensed to do business in North Carolina. A company violating the provisions of this section shall be subject to cancellation of its license to do business in this state and upon conviction thereof shall be punished by a fine of five hundred dollars ($500.00) for each offense. (Rev., s. 4770; 1899, c. 54, s. 63; 1901, c. 391, s. 5; 1945, c. 378; C. S. 6422.)

Editor's Note.—The 1945 amendment repealed the former section and inserted in lieu thereof the present section.

§ 58-162.1. Limitation of fire insurance risks.—No insurer authorized to do in this state the business of fire insurance shall expose itself to any loss on any one fire risk, whether located in this state or elsewhere, in an amount exceeding ten per cent of its surplus to policyholders, except that in the case of risks adequately protected by automatic sprinklers or risks principally of non-combustible construction and occupancy such insurer may expose itself to any loss on any one risk in an amount not exceeding twenty-five per cent of the sum of (a) its unearned premium reserve and (b) its surplus to policyholders. Any risk or portion of any risk which shall have been reinsured shall be deducted in determining the limitation of risk prescribed in this section. (1945, c. 378.)

§ 58-163: Repealed by Session Laws 1945, c. 378.

§ 58-164. Uniform unauthorized insurers act.—(a) No person, corporation, association or partnership shall in this state act as agent for any insurer not authorized to transact business in this state, or negotiate for or place or aid in placing insurance coverage in this state for another with any such insurer.

(b) No person, corporation, association or partnership shall in this state aid any unauthorized insurer in effecting insurance or in transacting insurance business in this state, either by fixing rates, by adjusting or investigating losses, by inspecting or examining risks, by acting as attorney-in-fact or as attorney for service for process, or otherwise, except as provided in paragraph (e) hereof.

(c) No person, corporation, association or partnership shall make, negotiate for or place, or aid in negotiating or placing any insurance contract in this state for another who is an applicant for insurance covering any property or risk in another state, territory or district of the United States with any insurer not authorized to transact insurance business in the state, territory or district wherein such property or risk or any part thereof is located.

(d) The provisions of the three foregoing paragraphs do not apply to contracts of reinsurance, or to contracts of insurance made through authorized surplus line agents or authorized surplus line brokers as provided in sections 58-53.1, 58-53.2 and 58-53.3, nor do they apply to any insurer not authorized in this state, or its representatives, in investigating, adjusting losses or otherwise complying in this state with the terms of its insurance contracts made in a state wherein the insurer was authorized; provided, the property or risk insured under such contracts at the time such contract was issued was located in such other state. A motor vehicle used and kept garaged principally in another state shall be deemed to be located in such state.

(e) (1) The transacting of business in this state by a foreign or alien insurer without a license and the issuance or delivery by such foreign or alien insurer of a policy or contract of insurance to a citizen of this state or to a resident thereof, or to a corporation authorized to do business therein, is equivalent to an appointment by such insurer of the commissioner and his successor or successors in office, to be its true and lawful attorney, upon whom may be served all lawful process in any action, suit or proceeding arising out of such policy or contract of insurance, and the said issuance or delivery is a signification of its agreement that any such service of process is of the same legal force and validity as personal service of process in this state upon it.

(2) Such service of process shall be made by delivering and leaving with the commissioner or to some person in apparent charge of his office two copies thereof and the payment to him of such fees as may be prescribed by law. The commissioner shall forthwith mail by registered mail one of the copies of such process to the defendant at its last known principal place of business, and

shall keep a record of all such process so served upon him. Such service of process is sufficient provided notice of such service and a copy of the process are sent within ten days thereafter by registered mail by plaintiff's attorney to the defendant at its last known principal place of business, and the defendant's receipt, or receipt issued by the post office with which the letter is registered, showing the name of the sender of the letter and the name and address of the person to whom the letter is addressed, and the affidavit of plaintiff's attorney showing a compliance herewith are filed with the clerk of the court in which such action is pending on or before the date the defendant is required to appear, or within such further time as the court may allow. However, no plaintiff or complainant shall be entitled to a judgment by default under this sub-paragraph (2) until the expiration of thirty days from date of the filing of the affidavit of compliance.

(3) Service of process in any such action, suit or proceeding shall in addition to the manner provided in the preceding sub-paragraph (2) be valid if served upon any person within this state who, in this state on behalf of such insurer, is

a. soliciting insurance, or

b. making any contract of insurance or issuing or delivering any policies or written contracts of insurance, or

c. collecting or receiving any premium for insurance; and a copy of such process is sent within ten days thereafter by registered mail by plaintiff's attorney to the defendant at the last known principal place of business of the defendant, and the defendant's receipt, or the receipt issued by the post office with which the letter is registered, showing the name of sender of the letter and the name and address of the person to whom the letter is addressed, and the affidavit of plaintiff's attorney showing a compliance herewith are filed with the clerk of the court in which such action is pending on or before the date the defendant is required to appear, or within such further time as the court may allow.

d. Nothing in this paragraph (e) shall limit or abridge the right to serve process, notice or demand upon any insurer in any other manner now or hereafter permitted by law.

(f) No unauthorized insurer shall institute or file, or cause to be instituted or filed, any suit, action or proceeding in this state to enforce any right, claim or demand arising out of the transaction of business in this state until such insurer shall have obtained a license to transact insurance business in this state. Nothing in this subsection shall be construed to require an unauthorized insurance company to obtain a certificate of authority before instituting or filing, or causing to be instituted or filed, any suit, action or proceeding either in connection with any of its investments in this state or in connection with any contract issued by it at a time when it was authorized to do business in the state where such contract was issued.

(g) (1) Before any unauthorized insurer shall file or cause to be filed any pleading in any action, suit or proceeding instituted against it, such unauthorized insurer shall either (a) file with the clerk of the court in which such action, suit or proceeding is pending a bond with good and sufficient sureties, to be approved by the court, in an amount to be fixed by the court sufficient to secure the payment of any final judgment which may be rendered in such action or (b) procure a license to transact the business of insurance in this state.

(2) The court in any action, suit or proceeding in which service is made in the manner prescribed in sub-paragraphs (2) and (3) of paragraph (e) may order such postponement as may be necessary to afford the defendant reasonable opportunity to comply with the provisions of sub-paragraph (1) of this paragraph (g) and to defend such action.

(3) Nothing in sub-paragraph (1) of this paragraph (g) shall be construed to prevent an unauthorized insurer from filing a motion to quash a writ or to set aside service thereof made in the manner provided in sub-paragraphs (2) and (3) of paragraph (e) on the ground either (a) that no policy or contract of insurance has been issued or delivered to a citizen or resident of this state or to a corporation authorized to do business therein, or (b) that such insurer has not been transacting business in this state, or (c) that the person on whom service was made pursuant to subparagraph (3) of paragraph (e) was not doing any of the acts enumerated therein.

(h) Any person, corporation, association or partnership violating any of the provisions of this section shall be guilty of a misdemeanor and shall be fined not less than one hundred dollars nor more than five hundred dollars.

(i) This section shall be so interpreted and construed as to effectuate its general purpose to make uniform the law of those states which enact it.

(j) This section may be cited as the Uniform Unauthorized Insurers Act. (Rev., s. 4763; 1899, c. 54, s. 105; 1945, c. 386; C. S. 6424.)

Editor's Note.—The 1945 amendment rewrote this section which formerly provided that no action would lie on the policy of an unlicensed company.

The amendatory act, which amended, inserted or repealed a large number of sections in this chapter, provides: "This act shall not apply to common carriers having relief departments, pension or annuity plans, or other organizations or associations for the benefit of their employees or former employees; or to associations of such common carriers administering such departments, plans or organizations."

§ 58-165: Repealed by Session Laws 1945, c. 378.

Editor's Note.—The repealed section was rewritten as § 58-53.1.

§ 58-166: Transferred to § 58-53.2 by Session Laws 1945, c. 378.

§ 58-167: Transferred to § 58-53.3 by Session Laws 1945, c. 378.

§§ 58-170, 58-171: Repealed by Session Laws 1945, c. 458.

Editor's Note.—Repealed § 58-170 was rewritten as §§ 58-44.1, 58-44.2, and 58-44.3. Repealed § 58-171 was rewritten as § 58-44.4.

§ 58-172. Agreements restricting agent's commission; penalty.—It is unlawful for any insurance company doing the business of insurance as defined in subsections 3 to 22 inclusive of section 58-72 and employing an agent representing another such company, either directly or through any organization or association, to enter into, make or maintain any stipulation or agreement in anywise limiting the compensation such agent may receive from any such other company, or forbidding or

prohibiting reinsurance of the risks of any such domestic company in whole or in part by any other company holding membership in or cooperating with such organization or association. The penalty for any violation of this section shall be a fine of not less than two hundred and fifty ($250.00) dollars nor more than five hundred ($500.00) dollars, and the forfeiture of license to do business in this state for a period of twelve months following conviction. (Rev., ss. 3491, 4768; 1905, c. 424; 1915, c. 166, ss. 2, 3; 1945, c. 458; C. S. 6432.)

Editor's Note.—Prior to the 1945 amendment thi section was restricted to fire insurance. The amendment rewrote the first sentence and substituted the words "following conviction" for the word "thereafter" at the end of the second sentence.

Art. 19. Fire Insurance Policies.

§ 58-175. Items to be expressed in policies.—Upon request there shall be printed, stamped, or written on each fire policy issued in this state the basis rate, deficiency charge, the credit for improvements, and the rate at which written, and whenever a rate is made or changed on any property situated in this state upon request a full statement thereof showing in detail the basis rate, deficiency charges and credits, as well as rate proposed to be made, shall be delivered to the owner or his representative having the insurance on the property in charge, by the company, association, their agent or representative. (1915, c. 109, s. 3; 1925, c. 70, s. 3; 1945, c. 378; C. S. 6435.)

Editor's Note.—The 1945 amendment omitted a former provision as to notice of filing of rate with insurance department. It also omitted a provision requiring agent to inspect risks and inserted such provision as section 58-175.1.

§ 58-175.1. Agent to inspect risks.—Every agent of a fire insurance company shall, before issuing a policy of insurance on property situated in a city or town, inspect the same, informing himself as to its value and insurable condition. (1915, c. 109, s. 3; 1925, c. 70, s. 3; 1945, c. 378; C. S. 6435.)

Editor's Note.—This section was formerly a part of § 58-175.

§ 58-176. Fire insurance contract; standard policy provisions.—(1) The printed form of a policy of fire insurance, as set forth in subsection three shall be known and designated as the "Standard fire insurance policy of the State of North Carolina."

(2) No policy or contract of fire insurance shall be made, issued or delivered by any insurer or by any agent or representative thereof, on any property in this state, unless it shall conform as to all provisions, stipulations, agreements and conditions, with such form of policy.

There shall be printed at the head of said policy the name of the insurer or insurers issuing the policy; the location of the home office thereof; a statement whether said insurer or insurers are stock or mutual corporations or are reciprocal insurers. No provisions of this section limit a company to the use of any particular size or manner of folding the paper upon which the policy is printed; provided, however, that any company organized under special charter provisions may so indicate upon its policy, and may add a statement of the plan under which it operates in this state.

The standard fire insurance policy provided for herein need not be used for effecting reinsurance between insurers.

(3) The form of the standard fire insurance policy of the state of North Carolina (with permission to substitute for the word "company" a more accurate descriptive term for the type of insurer) shall be as follows: (See the four pages following for this form photographically reproduced from the original legal size pages.)

Editor's Note.—The 1945 amendment rewrote this section.

Waivers inserted in or attached to a policy of fire insurance which have the effect of making the provisions of the standard policy form more restrictive are void under this section and § 58-177. Glover v. Rowan Mut. Fire Ins. Co., 228 N. C. 195, 45 S. E. (2d) 45.

§ 58-177. Standard policy; permissible variations.—No fire insurance company shall issue fire insurance policies on property in this state other than those of the standard form as set forth in section 58-176, except as follows:

(a) A company may print on or in its policies the date of incorporation, the amount of its paid-up capital stock, the names of its officers, and to the words at the top of the back of said policy, "Standard Fire Insurance Policy of the States of" may be added after or before the words "North Carolina" the names of any states in which the said policy form may be standard when the policy is used.

(b) A company may use in its policies written or printed forms of description and specification of the property insured.

(c) A company may write or print upon the margin or across the face of a policy, or upon separate slips or riders to be attached thereto, provisions adding to or modifying those contained in the standard form, and all such slips, riders, and provisions must be signed by an officer or agent of the company so using them. Provided, however, such provisions shall not have the effect of making the provisions of the standard policy form more restrictive except for such restrictions as are provided for in the charter or bylaws of a domestic mutual fire insurance company doing business in no more than three adjacent counties of the state and chiefly engaged in writing policies of insurance on rural properties upon an assessment or non-premium basis, provided all such restrictions contained in the charter and bylaws of such domestic mutual fire insurance company shall be actually included within the printed terms of the policy contract so affected as a condition precedent to their being effective and binding on any policyholder. The iron safe or any similar clause requiring the taking of inventories, the keeping of books and producing the same in the adjustment of any loss, shall not be used or operative in the settlement of losses on buildings, furniture and fixtures, or any property not subject to any change in bulk and value.

(d) Binders or other contracts for temporary insurance may be made, orally or in writing, for a period which shall not exceed thirty days, and shall be deemed to include all the terms of such standard fire insurance policy and all such applicable endorsements, approved by the commissioner, as may be designated in such contract of temporary insurance; except that the cancellation clause of such standard fire insurance policy, and the clause thereof specifying the hour of the day at which the insurance shall commence, may be

Concealment, fraud. This entire policy shall be void if, whether before or after a loss, the insured has wilfully concealed or misrepresented any material fact or circumstance concerning this insurance or the subject thereof, or the interest of the insured therein, or in case of any fraud or false swearing by the insured relating thereto.

Uninsurable and excepted property. This policy shall not cover accounts, bills, currency, deeds, evidences of debt, money or securities; nor, unless specifically named hereon in writing, bullion or manuscripts.

Perils not included. This Company shall not be liable for loss by fire or other perils insured against in this policy caused, directly or indirectly, by: (a) enemy attack by armed forces, including action taken by military, naval or air forces in resisting an actual or an immediately impending enemy attack; (b) invasion; (c) insurrection; (d) rebellion; (e) revolution; (f) civil war; (g) usurped power; (h) order of any civil authority except acts of destruction at the time of and for the purpose of preventing the spread of fire, provided that such fire did not originate from any of the perils excluded by this policy; (i) neglect of the insured to use all reasonable means to save and preserve the property at and after a loss, or when the property is endangered by fire in neighboring premises; (j) nor shall this Company be liable for loss by theft.

Other Insurance. Other insurance may be prohibited or the amount of insurance may be limited by endorsement attached hereto.

Conditions suspending or restricting insurance. Unless otherwise provided in writing added hereto this Company shall not be liable for loss occurring

(a) while the hazard is increased by any means within the control or knowledge of the insured; or

(b) while a described building, whether intended for occupancy by owner or tenant, is vacant or unoccupied beyond a period of sixty consecutive days; or

(c) as a result of explosion or riot, unless fire ensue, and in that event for loss by fire only.

Other perils or subjects. Any other peril to be insured against or subject of insurance to be covered in this policy shall be by endorsement in writing hereon or added hereto.

Added provisions. The extent of the application of insurance under this policy and of the contribution to be made by this Company in case of loss, and any other provision or agreement not inconsistent with the provisions of this policy, may be provided for in writing added hereto, but no provision may be waived except such as by the terms of this policy is subject to change.

Waiver provisions. No permission affecting this insurance shall exist, or waiver of any provision be valid, unless granted herein or expressed in writing added hereto. No provision, stipulation or forfeiture shall be held to be waived by any requirement or proceeding on the part of this Company relating to appraisal or to any examination provided for herein.

Cancellation of policy. This policy shall be cancelled at any time at the request of the insured, in which case this Company shall, upon demand and surrender of this policy, refund the excess of paid premium above the customary short rates for the expired time. This policy may be cancelled at any time by this Company by giving to the insured a five days' written notice of cancellation with or without tender of the excess of paid premium above the pro rata premium for the expired time, which excess, if not tendered, shall be refunded on demand. Notice of cancellation shall state that said excess premium (if not tendered) will be refunded on demand.

Mortgagee interests and obligations. If loss hereunder is made payable, in whole or in part, to a designated mortgagee not named herein as the insured, such interest in this policy may be cancelled by giving to such mortgagee a ten days' written notice of cancellation.

If the insured fails to render proof of loss such mortgagee, upon notice, shall render proof of loss in the form herein specified within sixty (60) days thereafter and shall be subject to the provisions hereof relating to appraisal and time of payment and of bringing suit. If this Company shall claim that no liability existed as to the mortgagor or owner, it shall, to the extent of payment of loss to the mortgagee, be subrogated to all the mortgagee's rights of recovery, but without impairing mortgagee's right to sue; or it may pay off the mortgage debt and require an assignment thereof and of the mortgage. Other provisions relating to the interests and obligations of such mortgagee may be added hereto by agreement in writing.

Pro rata liability. This Company shall not be liable for a greater proportion of any loss than the amount hereby insured shall bear to the whole insurance covering the property against the peril involved, whether collectible or not.

Requirements in case loss occurs. The insured shall give immediate written notice to this Company of any loss, protect the property from further damage, forthwith separate the damaged and undamaged personal property, put it in the best possible order, furnish a complete inventory of the destroyed, damaged and undamaged property, showing in detail quantities, costs, actual cash value and amount of loss claimed; and within sixty days after the loss, unless such time is extended in writing by this Company, the insured shall render to this Company a proof of loss, signed and sworn to by the insured, stating the knowledge and belief of the insured as to the following; the time and origin of the loss, the interest of the insured and of all others in the property, the actual cash value of each item thereof and the amount of loss thereto, all encumbrances thereon, all other contracts of insurance, whether valid or not, covering any of said property, any changes in the title, use, occupation, location, possession or exposures of said property since the issuing of this policy, by whom and for what purpose any building herein described and the several parts thereof were occupied at the time of loss and whether or not it then stood on leased ground, and shall furnish a copy of all the descriptions and schedules in all policies and, if required, verified plans and specifications of any building, fixtures or machinery destroyed or damaged. The insured, as often as may be reasonably required, shall exhibit to any person designated by this Company all that remains of any property herein described, and submit to examinations under oath by any person named by this Company, and subscribe the same; and, as often as may be reasonably required, shall produce for examination all books of account, bills, invoices and other vouchers, or certified copies thereof if originals be lost, at such reasonable time and place as may be designated by this Company or its representative, and shall permit extracts and copies thereof to be made.

Appraisal. In case the insured and this Company shall fail to agree as to the actual cash value or the amount of loss, then, on the written demand of either, each shall select a competent and disinterested appraiser and notify the other of the appraiser selected within twenty days of such demand. The appraisers shall first select a competent and disinterested umpire; and failing for fifteen days to agree upon such umpire, then, on request of the insured or this Company, such umpire shall be selected by a judge of a court of record in the state in which the property covered is located. The appraisers shall then appraise the loss, stating separately actual cash value and loss to each item; and, failing to agree, shall submit their differences, only, to the umpire. An award in writing, so itemized, of any two when filed with this Company shall determine the amount of actual cash value and loss. Each appraiser shall be paid by the party selecting him and the expenses of appraisal and umpire shall be paid by the parties equally.

Company's options. It shall be optional with this Company to take all, or any part, of the property at the agreed or appraised value, and also to repair, rebuild or replace the property destroyed or damaged with other of like kind and quality within a reasonable time, on giving notice of its intention so to do within thirty days after the receipt of the proof of loss herein required.

Abandonment. There can be no abandonment to this Company of any property.

When loss payable. The amount of loss for which this Company may be liable shall be payable sixty days after proof of loss, as herein provided, is received by this Company and ascertainment of the loss is made either by agreement between the insured and this Company expressed in writing or by the filing with this Company of an award as herein provided.

Suit. No suit or action on this policy for the recovery of any claim shall be sustainable in any court of law or equity unless all the requirements of this policy shall have been complied with, and unless commenced within twelve months next after inception of the loss.

Subrogation. This Company may require from the insured an assignment of all right of recovery against any party for loss to the extent that payment therefor is made by this Company.

superseded by the express terms of such contract of temporary insurance.

(e) Two or more companies authorized to do in this state the business of fire insurance, may, with the approval of the commissioner, issue a combination standard form of fire insurance policy which shall contain the following provisions:

(1) A provision substantially to the effect that the insurers executing such policy shall be severally liable for the full amount of any loss or damage, according to the terms of the policy, or for specified percentages or amounts thereof, aggregating the full amount of such insurance under such policy.

(2) A provision substantially to the effect that service of process, or of any notice or proof of loss required by such policy, upon any of the companies executing such policy, shall be deemed to be service upon all such insurers.

(f) Appropriate forms of supplemental contract or contracts or extended coverage endorsements and other endorsements whereby the interest in the property described in such policy shall be insured against one or more of the perils which the company is empowered to assume, in addition to the perils covered by said standard fire insurance policy may be approved by the commissioner, and their use in connection with a standard fire insurance policy may be authorized by him. In his discretion the commissioner may authorize the printing of such supplemental contract or contracts or extended coverage endorsements and other endorsements in the form of the standard fire insurance policy. The first page of the policy may in form approved by the commissioner be arranged to provide space for the listing of amounts of insurance, rates and premiums for the basic coverages insured under the standard form of policy and for additional coverages or perils insured under endorsements attached or printed therein, and such other data as may be conveniently included for duplication on daily reports for office records.

(g) A company may print on or in its policy, with the approval of the commissioner, any provision which it is required by law to insert in its policies not in conflict with the provisions of such standard form. Such provisions shall be printed apart from the other provisions, agreements, or conditions of the policy, under a separate title, as follows: "Provisions Required by Law to Be Inserted in This Policy." (Rev., s. 4759; 1899, c. 54, s. 43; 1901, c. 391, s. 4; 1907, c. 800, s. 1; 1915, c. 109, s. 10; 1925, c. 70, s. 5; 1945, c. 378; 1949, c. 418; C. S. 6436.)

Editor's Note.—The 1945 amendment rewrote this section. The 1949 amendment added the exception clause to the proviso in subsection (c).

I. THE APPLICATION AND CONTRACT IN GENERAL.

"Waiver" Making Policy More Restrictive Held Void.—A "waiver" inserted in or attached to a fire insurance policy, reading in essential part, "If any building insured under this policy is constructed of wood . . . and situate within one hundred and fifty feet of the combustible property of a neighbor . . . and is damaged or destroyed by fire or lightning from cause arising from adjacent buildings . . . other than outbuildings belonging to the assured, this policy is null and void and of no effect", has the effect of making the provisions of the standard policy form more restrictive, and is void under this section and § 58-176. Glover v. Rowan Mut. Fire Ins. Co., 228 N. C. 195, 45 S. E. (2d) 45.

The provisions of the standard form of fire insurance policy are valid, and the rights and liabilities of both insurer and insured must be determined in accordance with its terms. Zibelin v. Pawtucket Mut. Fire Ins. Co., 229 N. C. 567, 50 S. E. (2d) 290.

At the time of issuing the policy the local agent pro hac vice represents the company and his knowledge is ordinarily held to be notice to his principal. But this rule does not apply to authorize extension of time for the performance of conditions precedent to establishing liability after the loss has occurred, and in direct contradiction of the terms of the written contract of insurance. Zibelin v. Pawtucket Mut. Fire Ins. Co., 229 N. C. 567, 50 S. E. (2d) 290.

But Limitations on His Authority Are Binding.—Limitations on the agent's authority expressed in unambiguous language in the policy must be held binding on the insured. Zibelin v. Pawtucket Mut. Fire Ins. Co., 229 N. C. 567, 50 S. E. (2d) 290.

As to Conditions Arising after Issue of Policy and Loss.—While provisions in the policy restricting the local agent's power to waive conditions as a general rule do not include conditions existing at the inception of the contract, the rule is otherwise as to those arising after the policy has been issued and loss has occurred. Zibelin v. Pawtucket Mut. Fire Ins. Co., 229 N. C. 567, 50 S. E. (2d) 290.

Agent May Not Alter Terms of Policy after Loss.—Suggestions made by the local agent to the insured after loss are not within the scope of his authority, nor may he alter the terms of the policy after its issue and loss thereunder has been reported. Zibelin v. Pawtucket Mut. Fire Ins. Co., 229 N. C. 567, 50 S. E. (2d) 290.

III. CERTAIN OTHER CONDITIONS.

Time for Filing Proof of Loss and Bringing Action.—After the occurrence of loss insurer's local agent advised insured to defer filing formal claim until such time as materials could be obtained for repairs, and insured failed to file proof of loss within the time specified in the policy and did not institute action on the policy until after the expiraton of the time limited therein. There was no denial of liability by insurer on other grounds within the time limited for filing proof of loss. It was held that insurer's demurrer should have been sustained. Zibelin v. Pawtucket Mut. Fire Ins. Co., 229 N. C. 567, 50 S. E. (2d) 290.

§ 58-178. Notice by insured or agent as to increase of hazard, unoccupancy and other insurance.—If notice in writing signed by the insured, or his agent, is given before loss or damage by any peril insured against under the standard fire insurance policy to the agent of the company of any fact or condition stated in paragraphs (a), (b) or with respect to "other insurance" of the standard form of policy set out in section 58-176 it is equivalent to an agreement in writing added thereto, and has the force of the agreement in writing referred to in the foregoing form of policy with respect to the liability of the company and the waiver; but this notice does not affect the right of the company to cancel the policy as therein stipulated. (Rev., s. 4761; 1899, c. 54, s. 43; 1907, c. 578, s. 1; 1915, c. 109, s. 11; 1929, c. 60, s. 1; 1945, c. 378; C. S. 6438.)

The 1945 amendment rewrote this section.

§ 58-178.1. Judge to select umpire.—The resident judge of the superior court of the district in which the property insured is located is designated as the judge of the court of record to select the umpire referred to in the standard form of policy. (1945, c. 378.)

§ 58-179: Repealed by Session Laws 1945, c. 378.

§ 58-180.1. Policy issued to husband or wife on joint property.—Any policy of fire insurance issued to husband or wife, on buildings and household furniture owned by the husband and wife, either by entirety, in common, or jointly, either name of one of the parties in interest named as the insured or beneficiary therein, shall be sufficient and the policy shall not be void for fail-

ure to disclose the interest of the other, unless it appears that in the procuring of the issuance of such policy, fraudulent means or methods were used by the insured or owner thereof. (1945, c. 378.)

§ 58-181: Repealed by Session Laws 1945, c. 378.

Editor's Note.—The repealed section was rewritten as § 58-30.1 by Session Laws 1945, c. 377.

Art. 20. Deposits by Insurance Companies.

§ 58-182. Amount of deposits required of foreign or alien fire and/or marine insurance companies.—Unless otherwise provided in this article, every fire, marine, or fire and marine insurance company chartered by any other state or foreign government shall make and maintain deposits of securities with the commissioner in the following amounts: (a) companies whose premium income derived from this state is less than fifty thousand dollars ($50,000.00) per annum, ten thousand dollars ($10,000.00); (b) companies whose premium income is more than fifty thousand dollars ($50,000.00) but less than one hundred thousand dollars ($100,000.00) per annum, twenty thousand dollars ($20,000.00); (c) companies whose premium income is more than one hundred thousand dollars ($100,000.00) per annum, twenty-five thousand dollars ($25,000.00), for which deposit the commissioner shall give a receipt. (1909, c. 923, s. 1; 1911, c. 164, s. 1; Ex. Sess. 1913, c. 62, ss. 1, 2, 3; 1915, c. 166, s. 6; 1933, c. 60; 1945, c. 384; C. S. 6442.)

Editor's Note.—
The 1945 amendment rewrote this section, and struck out the words "Foreign Fire" formerly appearing in the caption of the article.

§ 58-182.1. Amount of deposits required of foreign or alien fidelity, surety and casualty insurance companies.—Unless otherwise provided in this article every fidelity, surety or casualty insurance company chartered by any other state or foreign government shall make and maintain deposits of securities with the commissioner in the following amounts: (a) companies whose premium income derived from this state is less than one hundred thousand dollars ($100,000.00), twenty-five thousand dollars ($25,000.00); (b) companies whose premium income is in excess of one hundred thousand dollars ($100,000.00), fifty thousand dollars ($50,000.00), for which deposit the commissioner shall give a receipt. (1945, c. 384.)

§ 58-182.2. Minimum deposit required upon admission.—Upon admission to do business in the State of North Carolina every foreign or alien fire, marine, or fire and marine, fidelity, surety or casualty company shall deposit with the commissioner securities in the minimum amounts required under the provisions of sections 58-182 and 58-182.1. (1945, c. 384.)

§ 58-182.3. Type of deposits.—The deposits required to be made under the provisions of sections 58-182 and 58-182.1 shall be composed of bonds of the United States, or of the State of North Carolina, or of the cities or counties of this state. (1945, c. 384.)

§ 58-182.4. Replacements upon depreciation of securities.—Whenever any of the securities deposited by companies under the provisions of sections 58-182 and 58-182.1 shall be depreciated or reduced in value, such company shall forthwith increase the deposit in order to maintain the required deposit in accordance with the amounts required by the said sections. (1945, c. 384.)

§ 58-182.5. Power of attorney.—With the securities deposited in accordance with sections 58-182 and 58-182.1 the company shall at the same time deliver to the commissioner of insurance a power of attorney executed by its president and secretary or other proper officers authorizing the sale or transfer of said securities or any part thereof for the purpose of paying any of the liabilities provided for in this article. (1945, c. 384.)

§ 58-182.6. Securities held by treasurer; faith of state pledged therefor; non-taxable.—The securities required to be deposited by each insurance company in this article shall be delivered for safekeeping by the commissioner to the treasurer of the state who shall receipt him therefor. For the securities so deposited the faith of the state is pledged that they shall be returned to the companies entitled to receive them or disposed of as herein provided for. The securities deposited by any company under this article shall not, on account of such securities being in this state, be subjected to taxation but shall be held exclusively and solely for the protection of contract holders. (1945, c. 384.)

§ 58-182.7. Authority to increase deposit. — When, in the opinion of the commissioner, it is necessary for the protection of the public interest to increase the amount of deposits specified in sections 58-182 and 58-182.1, the companies described in said sections shall, upon demand, make additional deposits in such sums as the commissioner may require, and such additional deposits shall be held in accordance with and for the purposes set out in this article. (1945, c. 384.)

§ 58-182.8. Deposits of domestic companies.— The commissioner may in the public interest require domestic fire, marine or fire and marine, fidelity, surety or casualty companies to make and maintain deposits under the provisions of sections 58-182 to 58-182.7 inclusive. (1945, c. 384.)

§ 58-188.1. Deposits held in trust by commissioner or treasurer. — 1. Deposits by Domestic Company.—The commissioner of insurance or the treasurer, in his official capacity, shall take and hold in trust deposits made by any domestic insurance company for the purpose of complying with the laws of any other state to enable the company to do business in that state. The company making the deposits is entitled to the income thereof, and may, from time to time, with the consent of the commissioner of insurance or treasurer, and when not forbidden by the law under which the deposit was made, change in whole or in part the securities which compose the deposit for other solvent securities of equal par value. Upon request of any domestic insurance company such officer may return to the company the whole or any portion of the securities of the company held by him on deposit, when he is satisfied that they are subject to no liability and are not required to be longer held by any provision of law or purpose of the original deposit.

2. Deposits by Foreign or Alien Company.—

The commissioner or treasurer may return to the trustees or other representatives authorized for that purpose any deposit made by a foreign or alien insurance company, when it appears that the company has ceased to do business in the state and is under no obligation to policyholders or other persons in the state for whose benefit the deposit was made.

3. Action to Enforce or Terminate the Trust.—An insurance company which has made a deposit in this state pursuant to this chapter, or its trustees or resident managers in the United States, or the commissioner of insurance, or any creditor of the company, may at any time bring an action in the superior court of Wake county against the state and other parties properly joined therein, to enforce, administer, or terminate the trust created by the deposit. The process in this action shall be served on the officer of the state having the deposit, who shall appear and answer in behalf of the state and perform such orders and judgments as the court may make in such action. (Rev., s. 4709; 1899, c. 54, s. 17; 1901, c. 391, s. 2; 1903, c. 438, s. 1; 1903, c. 536, s. 4; 1945, c. 384; C. S. 6313.)

Editor's Note.—The 1945 amendment transferred this section from section 58-55 and inserted the words "or alien" in subsection 2.

§ 58-188.2. Deposits subject to approval and control of commissioner.—The deposits of securities required to be made by any insurance company of this state shall be approved by the commissioner of insurance of the state, and he may examine them at all times, and may order all or any part thereof changed for better security, and no change or transfer of the same may be made without his assent. (Rev., s. 4710; 1903, c. 536, s. 5; 1945, c. 384; C. S. 6314.)

Editor's Note.—The 1945 amendment transferred this section from section 58-56.

§ 58-188.3. Deposits by alien companies required and regulated.—An alien company, other than life, shall not be admitted to do business in this state until, in addition to complying with the conditions by law prescribed for the licensing and admission of such companies to do business in this state, it has made a deposit with the treasurer or commissioner of insurance of this state, or with the financial officer of some other state of the United States, of a sum not less than the capital required of like companies under this chapter. This deposit must be in exclusive trust for the benefit and security of all the company's policyholders and creditors in the United States, and may be made in the securities, but subject to the limitations, specified in this chapter with regard to the investment of the capital of domestic companies formed and organized under the provisions of this chapter. The deposit shall be deemed for all purposes of the insurance law the capital of the company making it. (Rev., s. 4711; 1899, c. 54, s. 64; 1903, c. 438, s. 6; 1945, c. 384; C. S. 6315.)

Editor's Note.—The 1945 amendment transferred this section from § 58-57, substituted "alien" for "foreign" in the caption, and substituted at the beginning of the section the words "An alien company, other than life" for the words "A foreign company, if incorporated or associated under the laws of any government or state other than the United States or one of the United States."

§ 58-188.4. Deposits by life companies not chartered in United States.—Every alien life insurance company organized under the laws of any other country than the United States must have and keep on deposit with some state insurance department or in the hands of trustees, in exclusive trust for the security of its contracts with policyholders in the United States, funds of an amount equal to the net value of all its policies in the United States and not less than three hundred thousand dollars. (Rev., s. 4712; 1899, c. 54, s. 56; 1945, c. 384; C. S. 6316.)

Editor's Note.—The 1945 amendment transferred this section from section 58-58, inserted the word "alien" in line one, and increased the amount at the end of the section from two hundred thousand to three hundred thousand dollars.

§ 58-188.5. Registration of bonds deposited in name of treasurer.—The commissioner of insurance is hereby empowered, upon the written consent of any insurance company depositing with the commissioner or the state treasurer under any law of this State, any state, county, city, or town bonds or notes which are payable to bearer, to cause such bonds or notes to be registered as to the principal thereof in lawful books of registry kept by or in behalf of the issuing state, county, city or town, such registration to be in the name of the treasurer of North Carolina in trust for the company depositing the notes or bonds and the State of North Carolina, as their respective interest may appear, and is further empowered to require of any and all such companies the filing of written consent to such registration as a condition precedent to the right of making any such deposit or right to continue any such deposit heretofore made. (1925, c. 145, s. 2; 1945, c. 384.)

Editor's Note.—The 1945 amendment transferred this section from section 58-59.

§ 58-188.6. Notation of registration; release.—Bonds or notes so registered shall bear notation of such registration on the reverse thereof, signed by the registering officer or agent, and may be released from such registration and may be transferred on such books of registry by the signature of the State Treasurer. (1925, c. 145, s. 3; 1945, c. 384.)

Editor's Note.—The 1945 amendment transferred this section from section 58-60.

§ 58-188.7. Expenses of registration.—The necessary expenses of procuring such registration and any transfer thereof shall be paid by the company making the deposits. (1925, c. 145, s. 4; 1945, c. 384.)

Editor's Note.—The 1945 amendment transferred this section from section 58-61.

§ 58-188.8. Bond in lieu of deposit.—In lieu of any deposit required in this chapter a company may give a surety bond issued by a company licensed in this state, the form of which bond shall be approved by the commissioner. (1945, c. 384.)

Art. 21. Insuring State Property.

§ 58-189. State property fire insurance fund created.—Upon the expiration of all existing policies of fire insurance upon state owned buildings, fixtures, furniture, and equipment therein, including all such property the title to which may

be in any state department, institution, or agency, the state of North Carolina shall not reinsure any of such properties.

There is hereby created a "state property fire insurance fund," which shall be as a special fund in the state treasury, for the purpose of providing a reserve against loss from fire at state departments and institutions. The sinking fund commission shall invest all funds deposited in the "state property fire insurance fund" in the same type of securities in which state sinking funds may be invested and all earnings of the fund shall become a part of the fund and be held and invested as contributions are invested. The unexpended appropriations of state departments and institutions for fire insurance premiums for the fiscal year 1944-45 and the appropriations for fire insurance premiums made for the biennium 1945-47 or that may thereafter be made for this purpose shall be transferred to the "state property fire insurance fund." (1945, c. 1027, s. 1.)

Editor's Note.—The 1945 amendment rewrote this section.

§ 58-190. Appropriations.—Upon the expiration of the existing fire insurance policies on said properties and in making appropriations for any biennium after the next biennium, the commissioner of insurance shall file with the budget bureau his estimate of the appropriations which will be necessary in order to set up and maintain an adequate reserve to provide a fund sufficient to protect the state, its departments, institutions, and agencies from loss or damage to any of said properties up to fifty per centum of the value thereof. Appropriations made for the creating of such fire insurance reserves against property of the department of agriculture, or the state highway and public works commission or any special operating fund shall be charged against the funds of such departments. (1945, c. 1027, s. 2.)

Editor's Note.—The 1945 amendment rewrote this section.

§ 58-191. Payment of losses.—In case of total loss of any property of any state institution or partial loss thereof or the loss or damage of any other aforesaid state owned property, the commissioner of insurance is authorized, empowered and directed to determine the amount of the loss and to certify the amount of loss to the department or institution concerned, to the budget bureau and to the governor and council of state. The governor and council of state may authorize transfers from the "state property fire insurance fund" to the state agency having suffered a fire damage in such amount as they may consider necessary to restore the loss sustained, and in the event there is not a sufficient sum in said state property fire insurance fund, the governor and council of state may supplement said fund from the contingency and emergency fund, and if there is not a sufficient amount therein, then from the state postwar reserve fund. Such funds as shall be allocated from such reserve fund shall be paid therefrom upon warrant of the state auditor. (1945, c. 1027, s. 3.)

Editor's Note.—The 1945 amendment rewrote this section.

§ 58-194. Report required of commissioner.—The commissioner of insurance must submit to the governor a full report of his official action under this article, with such recommendations as commend themselves to him, and it shall be embodied in or attached to his biennial report to the general assembly. (Rev., s. 4830; 1901, c. 710, ss. 1, 2; 1903, c. 771, s. 4; 1945, c. 386; C. S. 6454.)

Editor's Note.—The 1945 amendment struck out the word "annually" formerly appearing after the word "submit" in line one.

SUBCHAPTER IV. LIFE INSURANCE.

Article 22. General Regulations of Business.

§ 58-195. Definitions; requisites of contract.—All corporations or associations doing business in this state, under any charter or statute of this or any other state, involving the payment of money or other thing of value to families or representatives of policy and certificate holders or members, conditioned upon the continuance or cessation of human life, or involving an insurance, guaranty, contract, or pledge for the payment of endowments or annuities, or who employ agents to solicit such business, are life insurance companies, in all respects subject to the laws herein made and provided for the government of life insurance companies, and shall not make any such insurance, guaranty, contract, or pledge in this state with any citizen, or resident thereof, which does not distinctly state the amount of benefits payable, the manner of payment, the consideration therefor and such other provisions as the commissioner may require. (Rev., s. 4773; 1899, c. 54, s. 55; 1945, c. 379; C. S. 6455.)

Editor's Note.—

The 1945 amendment repealed the former section and inserted the present one in place thereof. Formerly the section applied to partnerships and individuals.

The amendatory act which amended, inserted or repealed a large number of sections of this chapter, provides: "This act shall not apply to common carriers having relief departments, pension or annuity plans, or other organizations or associations for the benefit of their employees or former employees; or to associations of such common carriers administering such departments, plans or organizations."

§ 58-195.1. Industrial life insurance defined.—Industrial life insurance is hereby declared to be that form of life insurance under which the premiums are payable monthly or oftener, provided the face amount of insurance stated in the policy does not exceed one thousand dollars ($1,000.00) and the words "Industrial Policy" are printed upon the policy as a part of the descriptive matter. (1945, c. 379; 1947, c. 721.)

Editor's Note.—Prior to the 1947 amendment the premiums were payable either (1) weekly or (2) monthly or oftener.

§ 58-196: Transferred to § 58-151.1 by Session Laws 1945, c. 379.

§ 58-199. Misrepresentations of policy forbidden.—No life insurance company doing business in this state, and no officer, director, solicitor, or other agent thereof, shall make, issue, or circulate, or cause to be made, issued, or circulated any estimate, illustration, circular, or statement of any sort misrepresenting the terms of the policy issued by it or the dividends or share of surplus to be received thereon, or shall use any name or title of any policy or class of policies misrepresenting the true nature thereof. Nor shall any such company, agent, or broker make any misrepresentation to any person insured in said company or in any other insurer or govern-

mental agency for the purpose of inducing or tending to induce such person to lapse, forfeit, or surrender his said insurance. (1913, c. 95; 1947, c. 721; C. S. 6459.)

Editor's Note.—The 1947 amendment struck out the word "company" in line 13 and inserted in lieu thereof the words "insurer or governmental agency".

§ 58-200: Repealed by Session Laws 1945, c. 379.

§ 58-201. Reserve fund of domestic companies to be calculated.—The valuation of the reserves on the policies and bonds of every life insurance company incorporated by the laws of this state shall be based upon any recognized standard of valuation and mortality table as the commissioner should deem best for the security of the business and the safety of the persons insured. The commissioner shall annually value or cause to be valued the reserves on all policies and annuities of each domestic company and may accept the valuation of such reserves made by the company upon such evidence of its correctness as he may require. Upon this valuation being made by the commissioner and a certificate thereof furnished by him, each company shall pay to such officer, to defray the expenses thereof, the sum of one cent for every thousand dollars of the whole amount insured by its policies so valued. The reserve fund hereinbefore provided for shall not be available for or used for any other purpose than the discharge of policy obligations, but is a trust fund to be held and expended only for the benefit of policyholders. In case of the insolvency of the company, the reserve on outstanding policies may, with the consent of the commissioner, be used for the reinsurance of its policies to the extent of their pro rata part thereof. (Rev., s. 4777; 1903, c. 536, s. 4; 1905, c. 410; 1907, c. 1000, s. 7; 1945, c. 379; C. S. 6461.)

Editor's Note.—The 1945 amendment rewrote this section.

§ 58-201.1. Standard valuation law.—1. This section shall be known as the Standard Valuation Law.

2. The commissioner shall annually value, or cause to be valued, the reserve liabilities (hereinafter called reserves) for all outstanding life insurance policies and annuity and pure endowment contracts of every life insurance company doing business in this state, and may certify the amount of such reserves, specifying the mortality table or tables, rate or rates of interest and methods (net level premium method or other) used in the calculation of such reserves. Group methods and approximate averages for fractions of a year or otherwise may be used in calculating such reserves and the valuation made by the company may be accepted by the commissioner upon such evidence of its correctness as the commissioner may require. In lieu of the valuation of the reserves herein required of any foreign or alien company, he may accept any valuation made, or caused to be made, by the insurance supervisory official of any state or other jurisdiction when such valuation complies with the minimum standard herein provided and if the official of such state or jurisdiction accepts as sufficient and valid for all legal purposes the certificate of valuation of the commissioner when such certificate states the valuation to have been made in a specified manner according to which the aggregate reserves would be at least as large as if they had been computed in the manner prescribed by the law of that state or jurisdiction.

3. The minimum standard for the valuation of all such policies and contracts issued prior to the operative date of section 58-201.2 shall be that provided by the laws in effect immediately prior to such date. The minimum standard for the valuation of all such policies and contracts issued on or after the operative date of section 58-201.2 shall be the commissioner's reserve valuation method defined in subsection four, three and one-half per cent (3½%) interest, and the following tables:

(a) For all ordinary policies of life insurance issued on the standard basis, excluding any disability and accidental death benefits in such policies, the commissioner's 1941 Standard Ordinary Mortality Table.

(b) For all industrial life insurance policies issued on the standard basis, excluding any disability and accidental death benefits in such policies, the 1941 Standard Industrial Mortality Table.

(c) For annuity and pure endowment contracts, excluding any disability and accidental death benefits in such policies, the 1937 Standard Annuity Mortality Table.

(d) For total and permanent disability benefits in or supplementary to ordinary policies or contracts, Class (3) Disability Table (1926) which, for active lives, shall be combined with a mortality table permitted for calculating the reserves for life insurance policies.

(e) For accidental death benefits in or supplementary to policies, the Inter-Company Double Indemnity Mortality Table combined with a mortality table permitted for calculating the reserves for life insurance policies.

(f) For group life insurance, life insurance issued on the sub-standard basis and other special benefits, such tables as may be approved by the commissioner.

4. Reserves according to the commissioner's reserve valuation method, for the life insurance and endowment benefits of policies providing for a uniform amount of insurance and requiring the payment of uniform premiums shall be the excess, if any, of the present value, at the date of valuation, of such future guaranteed benefits provided for by such policies, over the then present value of any future modified net premiums therefor. The modified net premiums for any such policy shall be such uniform percentage of the respective contract premiums for such benefits that the present value, at the date of issue of the policy, of all such modified net premiums shall be equal to the sum of the then present value of such benefits provided for by the policy and the excess of (a) over (b), as follows:

(a) A net level annual premium equal to the present value, at the date of issue, of such benefits provided for after the first policy year, divided by the present value, at the date of issue, of an annuity of one per annum payable on the first and each subsequent anniversary of such policy on which a premium falls due; provided, however, that such net level annual premium shall not exceed the net level annual premium on the nineteen year premium whole life plan for insurance of the same amount at an age one year higher than the age at issue of such policy.

(b) A net one year term premium for such benefits provided for in the first policy year.

Reserves according to the commissioner's reserve valuation method for (1) life insurance policies providing for a varying amount of insurance or requiring the payment of varying premiums, (2) annuity and pure endowment contracts, (3) disability and accidental death benefits in all policies and contracts, and (4) all other benefits, except life insurance and endowment benefits in life insurance policies, shall be calculated by a method consistent with the principles of this section.

5. In no event shall a company's aggregate reserves for all life insurance policies, excluding disability and accidental death benefits, issued on or after the operative date of section 58-201.2, be less than the aggregate reserves calculated in accordance with the method set forth in subsection four and the mortality table or tables and rate or rates of interest used in calculating non-forfeiture benefits for such policies.

6. Reserves for all policies and contracts issued prior to the operative date of section 58-201.2 may be calculated, at the option of the company, according to any standards which produce greater aggregate reserves for all such policies and contracts than the minimum reserves required by the laws in effect immediately pror to such date.

Reserves for any category of policies, contracts or benefits as established by the commissioner, issued on or after the operative date of section 58-201.2, may be calculated, at the option of the company, according to any standards which produce greater aggregate reserves for such category than those calculated according to the minimum standard herein provided, but the rate or rates of interest used shall not be higher than the corresponding rate or rates of interest used in calculating any non-forfeiture benefits provided for therein. Provided, however, that reserves for participating life insurance policies issued on or after the operative date of section 58-201.2 may, with the consent of the commissioner, be calculated according to a rate of interest lower than the rate of interest used in calculating the nonforfeiture benefits in such policies, with the further proviso that if such lower rate differs from the rate used in the calculation of the non-forfeiture benefits by more than one-half per cent (½%) the company issuing such policies shall file with the commissioner a plan providing for such equitable increases, if any, in the cash surrender values and non-forfeiture benefits in such policies as the commissioner shall approve.

Any such company which at any time shall have adopted any standard of valuation producing greater aggregate reserves than those calculated according to the minimum standard herein provided may, with the approval of the commissioner, adopt any lower standard of valuation, but not lower than the minimum herein provided.

7. If the gross premium charged by any life insurance company on any policy or contract is less than the net premium for the policy or contract according to the mortality table, rate of interest and method used in calculating the reserve thereon, there shall be maintained on such policy or contract a deficiency reserve in addition to all other reserves required by law. For each such policy or contract the deficiency reserve shall be the present value, according to such standard, of an annuity of the difference between such net premium and the premium charged for such policy or contract, running for the remainder of the premium-paying period. (1945, c. 379.)

§ 58-201.2. Standard nonforfeiture provisions.— 1. This section shall be known as the Standard Nonforfeiture Law.

2. In the case of policies issued on or after the operative date of this section, as defined in subsection 8, no policy of life insurance, except as stated in subsection 7, shall be issued or delivered in this state unless it shall contain in substance the following provisions, or corresponding provisions which in the opinion of the commissioner are at least as favorable to the defaulting or surrendering policyholder:

(a) That, in the event of default in any premium payment after premiums have been paid for at least one full year in the case of ordinary insurance or three full years in the case of industrial insurance, the company will grant, upon proper request not later than sixty days after the due date of the premium in default, a paid-up nonforfeiture benefit on a plan stipulated in the policy, effective as of such due date, of such value as may be hereinafter specified.

(b) That, upon surrender of the policy within sixty days after the due date of any premium payment in default after premiums have been paid for at least three full years in the case of ordinary insurance or five full years in the case of industrial insurance, the company will pay, in lieu of any paid-up nonforfeiture benefit, a cash surrender value of such amount as may be hereinafter specified.

(c) That a specified paid-up nonforfeiture benefit shall become effective as specified in the policy unless the person entitled to make such election elects another available option not later than sixty days after the due date of the premium in default. Nothing herein shall prevent the use of an automatic premium loan provision.

(d) That, if the policy shall have become paid-up by completion of all premium payments or if it is continued under any paid-up nonforfeiture benefit which became effective on or after the third policy anniversary in the case of ordinary insurance or the fifth policy anniversary in the case of industrial insurance, the company will pay, upon surrender of the policy within thirty days after any policy anniversary, a cash surrender value of such amount as may be hereinafter specified.

(e) A statement of the mortality table and interest rate used in calculating the cash surrender values and the paid-up nonforfeiture benefits available under the policy, together with a table showing the cash surrender value, if any, and paid-up nonforfeiture benefit, if any, available under the policy on each policy anniversary either during the first twenty policy years or during the term of the policy, whichever is shorter, such values and benefits to be calculated upon the assumption that there are no dividends or paid-up additions credited to the policy and that there is no indebtedness to the company on the policy.

(f) A brief and general statement of the method to be used in calculating the cash surrender value

and the paid-up nonforfeiture benefit available under the policy on any policy anniversary with an explanation of the manner in which the cash surrender values and the paid-up nonforfeiture benefits are altered by the existence of any paid-up additions credited to the policy or any indebtedness to the company on the policy.

Any of the foregoing provisions or portions thereof not applicable by reason of the plan of insurance may, to the extent inapplicable, be omitted from the policy.

The company shall reserve the right to defer the payment of any cash surrender value for a period of six months after demand therefor with surrender of the policy.

3. Any cash surrender value available under the policy in the event of default in a premium payment due on any policy anniversary, whether or not required by subsection two, shall be an amount not less than the excess, if any, of the present value, on such anniversary, of the future guaranteed benefits which would have been provided for by the policy, including any existing paid-up additions, if there had been no default, over the sum of (a) the then present value of the adjusted premiums as defined in subsection five, corresponding to premiums which would have fallen due on and after such anniversary, and (b) the amount of any indebtedness to the company on the policy. Any cash surrender value available within thirty days after any policy anniversary under any policy paid up by completion of all premium payments or any policy continued under any paid-up nonforfeiture benefit, whether or not required by subsection two, shall be an amount not less than the present value, on such anniversary, of the future guaranteed benefits provided for by the policy, including any existing paid-up additions, decreased by any indebtedness to the company on the policy.

4. Any paid-up nonforfeiture benefit available under the policy in the event of default in a premium payment due on any policy anniversary shall be such that its present value as of such anniversary shall be at least equal to the cash surrender value then provided for by the policy or, if none is provided for, at least equal to that cash surrender value which would have been required by this section in the absence of the condition that premiums shall have been paid for at least a specified period.

5. The adjusted premiums for any policy shall be calculated on an annual basis and shall be such uniform percentage of the respective premiums specified in the policy for each policy year that the present value, at the date of issue of the policy, of all such adjusted premiums shall be equal to the sum of (i) the then present value of the future guaranteed benefits provided for by the policy; (ii) two per cent of the amount of insurance, if the insurance be uniform in amount, or of the equivalent uniform amount, as hereinafter defined, if the amount of insurance varies with duration of the policy; (iii) forty per cent of the adjusted premium for the first policy year; (iv) twenty-five per cent of either the adjusted premium for the first policy year or the adjusted premium for a whole life policy of the same uniform or equivalent uniform amount with uniform premiums for the whole of life issued at the same age for the same amount of insurance, whichever is less. Provided, however, that in applying the percentages specified in (iii) and (iv) above, no adjusted premium shall be deemed to exceed four per cent (4%) of the amount of insurance or level amount equivalent thereto. The date of issue of a policy for the purpose of this subsection shall be the date as of which the rated age of the insured is determined.

In the case of a policy providing an amount of insurance varying with duration of the policy, the equivalent level amount thereof for the purpose of this section shall be deemed to be the level amount of insurance provided by an otherwise similar policy, containing the same endowment benefit or benefits, if any, issued at the same age and for the same term, the amount of which does not vary with duration and the benefits under which have the same present value at the inception of the insurance as the benefits under the policy.

All adjusted premiums and present values referred to in this section shall be calculated on the basis of the commissioner's 1941 Standard Ordinary Mortality Table for ordinary insurance and the 1941 Standard Industrial Mortality Table for industrial insurance and the rate of interest, not exceeding three and one-half per cent (3½%) per annum, specified in the policy for calculating cash surrender value and paid-up nonforfeiture benefits. Provided, however, that in calculating the present value of any paid-up term insurance with accompanying pure endowment, if any, offered as a nonforfeiture benefit, the rates of mortality assumed may be not more than one hundred and thirty per cent (130%) of the rates of mortality according to such applicable table. Provided, further, that for insurance issued on a substandard basis, the calculation of any such adjusted premiums and present values may be based on such other table of mortality as may be specified by the company and approved by the commissioner.

6. Any cash surrender value and any paid-up nonforfeiture benefit, available under the policy in the event of default in a premium payment due at any time other than on the policy anniversary, shall be calculated with allowance for the lapse of time and the payment of fractional premiums beyond the last preceding policy anniversary. All values referred to in subsections three, four and five may be calculated upon the assumption that any death benefit is payable at the end of the policy year of death. The net value of any paid-up additions, other than paid-up term additions, shall be not less than the dividends used to provide such additions. Notwithstanding the provisions of subsection three, additional benefits payable (a) in the event of death or dismemberment by accident or accidental means, (b) in the event of total and permanent disability, (c) as reversionary annuity or deferred reversionary annuity benefits, (d) as decreasing term insurance benefits provided by a rider or supplemental policy provision to which, if issued as a separate policy, this section would not apply, and (e) as other policy benefits additional to life insurance and endowment benefits, and premiums for all such additional benefits, shall be disregarded in ascertaining cash surrender values and nonforfeiture benefits required by this section, and no such additional benefits shall be re-

quired to be included in any paid-up nonforfeiture benefits.

7. The provisions of this section shall not apply to any industrial sick benefit insurance as defined in this chapter, nor to any reinsurance, group insurance, pure endowment, annuity or reversionary annuity contract, nor to any term policy of uniform amount, or renewal thereof, of twenty years or less, for which uniform premiums are payable during the entire term of the policy, nor to any term policy of decreasing amount on which each adjusted premium, calculated as specified in subsection five, is less than the adjusted premium so calculated, on such twenty year term policy issued at the same age and for the same initial amount of insurance, nor to any policy which shall be delivered outside this state through an agent or other representative of the company issuing the policy.

8. After the effective date of this section, any company may file with the commissioner a written notice of its election to comply with the provisions of this section after a specified date before January 1, 1950. After the filing of such notice then upon such specified date (which shall be the operative date for such company) this section shall become operative with respect to the policies thereafter issued by such company. If a company makes no such election, the operative date of this section for such company shall be January 1, 1950. (1945, c. 379.)

§ 58-202. Reinsurance of companies regulated.—The receiver of any life insurance company organized under the laws of this state, when the assets of the company are sufficient for that purpose, and the consent of two-thirds of its policyholders has been secured in writing, may reinsure all the policy obligations of such company in some other solvent life insurance company, or, when the assets are insufficient to secure the reinsurance of all the policies in full, he may reinsure such a percentage of each and every policy outstanding as the assets will secure; but there must be no preference or discrimination as against any policyholder, and the contract for such reinsurance by the receiver must be approved by the commissioner of insurance of this state before it has effect. (Rev., s. 4778; 1899, c. 54, s. 58; 1903, c. 536, s. 9; 1945, c. 379; C. S. 6462.)

Editor's Note.—The 1945 amendment substituted "companies" for "risks" in the caption, and struck out the former first sentence reading "No domestic life insurance company may reinsure its risks without the permission of the commissioner of insurance, except to the extent of one-half of any individual risk."

§ 58-203: Repealed by Session Laws 1945, c. 379.

§ 58-205.1. Minors may enter into insurance or annuity contracts and have full rights, powers and privileges thereunder.—All minors in North Carolina of the age of fifteen years and upwards shall have full power and authority to make contracts of insurance or annuity with any life insurance company authorized to do business in the State of North Carolina, either domestic or foreign, and to exercise all the powers, rights, and privileges of ownership conferred upon them under the terms of any and all such contracts applied for by and issued to them, and with full power to surrender, assign, modify, pledge, or change such contracts, and to receive any dividends thereon and generally to have the full power and authority in the premises that persons twenty-one years and upwards could and would have relative to any and all such contracts. (1945, c. 379; 1947, c. 721.)

Editor's Note.—The 1947 amendment substituted in line nine the words "by and" for the word "or".

§ 58-206. Creditors deprived of benefits of life insurance policies except in cases of fraud.—If a policy of insurance is effected by any person on his own life or on another life in favor of a person other than himself, or, except in cases of transfer with intent to defraud creditors, if a policy of life insurance is assigned or in any way made payable to any such person, the lawful beneficiary or assignee thereof, other than the insured or the person so effecting such insurance or the executor or administrator of such insured or of the person effecting such insurance, shall be entitled to its proceeds and avails against creditors and representatives of the insured and of the person effecting same, whether or not the right to change the beneficiary is reserved or permitted, and whether or not the policy is made payable to the person whose life is insured if the beneficiary or assignee shall predecease such person: Provided, that subject to the statute of limitations, the amount of any premiums for said insurance paid with the intent to defraud creditors, with interest thereon, shall inure to their benefit from the proceeds of the policy; but the company issuing the policy shall be discharged of all liability thereon by payment of its proceeds in accordance with its terms unless, before such payment, the company shall have written notice by or in behalf of the creditor, of a claim to recover for transfer made or premiums paid with intent to defraud creditors, with specifications of the amount claimed. (1931, c. 179, s. 1; 1947, c. 721.)

The 1947 amendment struck out in lines 9 and 10 the words and commas, "or his executors or administrators," and inserted in lieu thereof the words "or the executor or administrator of such insured or of the person effecting such insurance".

§ 58-207. Notice of nonpayment of premium required before forfeiture.—No life insurance corporation doing business in this state shall, within one year after the default in payment of any premium, installment, or interest, declare forfeited or lapsed any policy hereafter issued or renewed, except policies on which premiums are payable monthly or at shorter intervals and except group insurance contracts and term insurance contracts for one year or less, nor shall any such policy be forfeited or lapsed by reason of nonpayment, when due, of any premium, interest, or installment or any portion thereof required by the terms of the policy to be paid, within one year from the failure to pay such premium, interest, or installment, unless a written or printed notice stating the amount of such premium, interest, installment, or portion thereof due on such policy, the place where it shall be paid, and the person to whom the same is payable has been duly addressed and mailed, postage paid, to the person whose life is insured, or to the assignee or owner of the policy, or to the person designated in writing by such insured, assignee or owner, if notice of the assignment has been given to the corporation, at

his or her last known postoffice address in this state, by the corporation or by any officer thereof or person appointed by it to collect such premium, at least fifteen and not more than forty-five days prior to the day when the same is payable, as regards policies which do not contain a provision for grace or are not entitled to grace in the payment of premiums and at least five and not more than forty-five days prior to the day when the same is payable as regards policies which do contain a provision for grace or are entitled to grace in the payment of premiums. The notice shall also state that unless such premium, interest, installment, or portion thereof then due shall be paid to the corporation or to the duly appointed agent or person authorized to collect such premium, by or before the day it falls due, the policy and all payments thereon will become forfeited and void, except as to the right to a surrender value or paid-up policy, as in the contract provided. If the payment demanded by such notice shall be made within its time limit therefor, it shall be taken to be in full compliance with the requirements of the policy in respect to the time of such payment; and no such policy shall in any case be forfeited or declared forfeited or lapsed until the expiration of thirty days after the mailing of such notice. The affidavit of any officer, clerk, or agent of the corporation, or of any one authorized to mail such notice, that the notice required by this section has been duly addressed and mailed by the corporation issuing such policy, shall be presumptive evidence that such notice has been duly given. No action shall be maintained to recover under a forfeited policy unless the same is instituted within three years from the day upon which default was made in paying the premium, installment, interest, or portion thereof for which it is claimed that forfeiture ensued. (1909, c. 884; 1929, c. 308, s. 1; 1931, c. 317; 1945, c. 379; C. S. 6465.)

Editor's Note.—

§ 58-209. Distribution of surplus in mutual companies.—Every life insurance company doing business in this state upon the principle of mutual insurance, or the members of which are entitled to share in the surplus funds thereof, may distribute the surplus annually, or once in two, three, four, or five years, as its directors determine. No payments shall be made to policyholders by way of dividends unless the company possesses admitted assets in the amount of such payments in excess of its capital and/or minimum required surplus and all other liabilities. (Rev., s. 4776; 1903, c. 536, s. 10; 1945, c. 379; C. S. 6466.)

Editor's Note.—The 1945 amendment rewrote the second sentence.

§ 58-210. Group life insurance defined.—No policy of group life insurance shall be delivered in this state unless it conforms to one of the following descriptions:

(1) A policy issued to an employer, or to the trustee of a fund established by an employer, which employer or trustee shall be deemed the policyholder, to insure employees of the employer for the benefit of persons other than the employer, subject to the following requirements:

(a) The employees eligible for insurance under the policy shall be all of the employees of the employer, or all of any class or classes thereof determined by conditions pertaining to their employment. The policy may provide that the term "employees" shall include the employees of one or more subsidiary corporations, and the employees, individual proprietors, and partners of one or more affiliated corporations, proprietors or partnerships if the business of the employer and of such affiliated corporations, proprietors or partnerships is under common control through stock ownership, contract, or otherwise. The policy may provide that the term "employees" shall include the individual proprietor or partners if the employer is an individual proprietor or a partnership. The policy may provide that the term "employees" shall include retired employees.

(b) The premium for the policy shall be paid by the policyholder, either wholly from the employer's funds or funds contributed by him, or partly from such funds and partly from funds contributed by the insured employees. No policy may be issued on which the entire premium is to be derived from funds contributed by the insured employees. A policy on which part of the premium is to be derived from funds contributed by the insured employees may be placed in force only if at least 75% of the then eligible employees, excluding any as to whom evidence of individual insurability is not satisfactory to the insurer, elect to make the required contributions. A policy on which no part of the premium is to be derived from funds contributed by the insured employees must insure all eligible employees, or all except any as to whom evidence of individual insurability is not satisfactory to the insurer.

(c) The policy must cover at least 25 employees at date of issue.

(d) The amounts of insurance under the policy must be based upon some plan precluding individual selection either by the employees or by the employer or trustee. No policy may be issued which provides insurance on any employee which together with any other insurance under any group life insurance policy or policies issued to the employer or to the trustee of a fund established in whole or in part by the employer exceeds $20,000, except that this limitation shall not apply to amounts of group permanent life insurance issued in connection with a pension or profit-sharing plan.

(2) A policy issued to a creditor, who shall be deemed the policyholder, to insure debtors of the creditor, subject to the following requirements:

(a) The debtors eligible for insurance under the policy shall be all of the debtors of the creditor whose indebtedness is repayable in installments, or all of any class or classes thereof determined by conditions pertaining to the indebtedness or to the purchase giving rise to the indebtedness. The policy may provide that the term "debtors" shall include the debtors of one or more subsidiary corporations, and the debtors of one or more affiliated corporations, proprietors or partnerships if the business of the policyholder and of such affiliated corporations, proprietors or

partnerships is under common control through stock ownership, contract or otherwise.

(b) The premium for the policy shall be paid by the policyholder, either from the creditor's funds, or from charges collected from the insured debtors, or from both. A policy on which part or all of the premium is to be derived from the collection from the insured debtors of identifiable charges not required of uninsured debtors shall not include, in the class or classes of debtors eligible for insurance, debtors under obligations outstanding at its date of issue without evidence of individual insurability unless at least 75% of the then eligible debtors elect to pay the required charges. A policy on which no part of the premium is to be derived from the collection of such identifiable charges must insure all eligible debtors, or all except any as to whom evidence of individual insurability is not satisfactory to the insurer.

(c) The policy may be issued only if the group of eligible debtors is then receiving new entrants at the rate of at least 100 persons yearly, or may reasonably be expected to receive at least 100 new entrants during the first policy year, and only if the policy reserves to the insurer the right to require evidence of individual insurability if less than 75% of the new entrants become insured.

(d) The amount of insurance on the life of any debtor shall at no time exceed the amount owed by him which is repayable in instalments to the creditor, or $5,000, whichever is less.

(e) The insurance shall be payable to the policyholder. Such payment shall reduce or extinguish the unpaid indebtedness of the debtor to the extent of such payment.

(3) A policy issued to a labor union, which shall be deemed the policyholder, to insure members of such union for the benefit of persons other than the union or any of its officials, representatives or agents, subject to the following requirements:

(a) The members eligible for insurance under the policy shall be all of the members of the union, or all of any class or classes thereof determined by conditions pertaining to their employment, or to membership in the union, or both.

(b) The premium for the policy shall be paid by the policyholder, either wholly from the union's funds, or partly from such funds and partly from funds contributed by the insured members specifically for their insurance. No policy may be issued on which the entire premium is to be derived from funds contributed by the insured members specifically for their insurance. A policy on which part of the premium is to be derived from funds contributed by the insured members specifically for their insurance may be placed in force only if at least 75% of the then eligible members, excluding any as to whom evidence of individual insurability is not satisfactory to the insurer, elect to make the required contributions. A policy on which no part of the premium is to be derived from funds contributed by the insured members specifically for their insurance must insure all eligible members, or all except any as to whom evidence of individual insurability is not satisfactory to the insurer.

(c) The policy must cover at least 25 members at date of issue.

(d) The amounts of insurance under the policy must be based upon some plan precluding individual selection either by the members or by the union. No policy may be issued which provides insurance on any union member which together with any other insurance under any group life insurance policies issued to the union exceeds $20,000.

(4) A policy issued to the trustee of a fund established by two or more employers in the same industry or kind of business or by two or more labor unions, which trustee shall be deemed the policyholder, to insure employees of the employers or members of the unions for the benefit of persons other than the employers or the unions, subject to the following requirements:

(a) The persons eligible for insurance shall be all of the employees of the employers or all of the members of the unions, or all of any class or classes thereof determined by conditions pertaining to their employment, or to memberships in the unions, or to both. The policy may provide that the term "employees" shall include the individual proprietor or partners if an employer is an individual proprietor or a partnership. The policy may provide that the term "employees" shall include the trustee or the employees of the trustee, or both, if their duties are principally connected with such trusteeship. The policy may provide that the term "employees" shall include retired employees.

(b) The premium for the policy shall be paid by the trustee wholly from funds contributed by the employers of the insured persons. The policy must insure all eligible persons, or all except any as to whom evidence of individual insurability is not satisfactory to the insurer.

(c) The policy must cover at least 100 persons at date of issue.

(d) The amounts of insurance under the policy must be based upon some plan precluding individual selection either by the insured persons or by the policyholder, employers, or unions. No policy may be issued which provides insurance on any person which together with any other insurance under any group life insurance policy or policies issued to the employers, or any of them, or to the trustee of a fund established in whole or in part by the employers, or any of them, exceeds $20,000, except that this limitation shall not apply to amounts of group permanent life insurance issued in connection with a pension or profit-sharing plan.

(5) A policy issued to an association of persons having a common professional or business interest, which association shall be deemed the policyholder, to insure members of such association for the benefit of persons other than the association or any of its officials, representatives or agents, subject to the following requirements:

(a) Such association shall have had an active existence for at least two years immediately preceding the purchase of such insurance, was formed for purposes other than procuring insurance and does not derive its funds principally from contributions of insured members toward the payment of premiums for the insurance.

(b) The members eligible for insurance under the policy shall be all of the members of the association or all of any class or classes thereof de-

termined by conditions pertaining to their employment, or the membership in the association, or both. The policy may provide that the term "members" shall include the employees of members, if their duties are principally connected with the member's business or profession.

(c) The premium for the policy shall be paid by the policyholder, either wholly from the association's funds, or partly from such funds and partly from funds contributed by the insured members specifically for their insurance. No policy may be issued on which the entire premium is to be derived from funds contributed by the insured members specifically for their insurance nor if the commissioner finds that the rate of such contributions will exceed the maximum rate customarily charged employees insured under like group life insurance policies issued in accordance with the provisions of paragraph (1). A policy on which part of the premium is to be derived from funds contributed by the insured members specifically for their insurance may be placed in force only if at least 75% of the then eligible members, excluding any as to whom evidence of individual insurability is not satisfactory to the insurer, elect to make the required contributions. A policy on which no part of the premium is to be derived from funds contributed by the insured members specifically for their insurance must insure all eligible members, or all except any as to whom evidence of individual insurability is not satisfactory to the insurer.

(d) The policy must cover at least 25 members at date of issue.

(e) The amounts of insurance under the policy must be based upon some plan precluding individual selection either by the members or by the association. No policy may be issued which provides insurance on any member which together with any other insurance under any group life insurance policies issued to the association exceeds $20,000. (1925, c. 58, s. 1; 1931, c. 328; 1943, c. 597, s. 1; 1947, c. 834.)

§ 58-211. Group life insurance standard provisions.—No policy of group life insurance shall be delivered in this state unless it contains in substance the following provisions, or provisions which in the opinion of the commissioner are more favorable to the persons insured, or at least as favorable to the persons insured and more favorable to the policyholder, provided, however, (a) that provisions (6) to (10) inclusive shall not apply to policies issued to a creditor to insure debtors of such creditor; (b) that the standard provisions required for individual life insurance policies shall not apply to group life insurance policies; and (c) that if the group life insurance policy is on a plan of insurance other than the term plan, it shall contain a non-forfeiture provision or provisions which in the opinion of the commissioner is or are equitable to the insured persons and to the policyholder, but nothing herein shall be construed to require that group life insurance policies contain the same nonforfeiture provisions as are required for individual life insurance policies:

(1) A provision that the policyholder is entitled to a grace period of thirty-one days for the payment of any premium due except the first, during which grace period the death benefit coverage shall continue in force, unless the policyholder shall have given the insurer written notice of discontinuance in advance of the date of discontinuance and in accordance with the terms of the policy. The policy may provide that the policyholder shall be liable to the insurer for the payment of a pro rata premium for the time the policy was in force during such grace period.

(2) A provision that the validity of the policy shall not be contested, except for nonpayment of premiums, after it has been in force for two years from its date of issue; and that no statement made by any person insured under the policy relating to his insurability shall be used in contesting the validity of the insurance with respect to which such statement was made after such insurance has been in force prior to the contest for a period of two years during such person's life time nor unless it is contained in a written instrument signed by him.

(3) A provision that a copy of the application, if any, of the policyholder shall be attached to the policy when issued, that all statements made by the policyholder or by the persons insured shall be deemed representations and not warranties, and that no statement made by any person insured shall be used in any contest unless a copy of the instrument containing the statement is or has been furnished to such person or to his beneficiary.

(4) A provision setting forth the conditions, if any, under which the insurer reserves the right to require a person eligible for insurance to furnish evidence of individual insurability satisfactory to the insurer as a condition to part or all of his coverage.

(5) A provision specifying an equitable adjustment of premiums or of benefits or of both to be made in the event the age of a person insured has been misstated, such provision to contain a clear statement of the method of adjustment to be used.

(6) A provision that any sum becoming due by reason of the death of the person insured shall be payable to the beneficiary designated by the person insured, subject to the provisions of the policy in the event there is no designated beneficiary as to all or any part of such sum living at the death of the person insured, and subject to any right reserved by the insurer in the policy and set forth in the certificate to pay at its option a part of such sum not exceeding $250 to any person appearing to the insurer to be equitably entitled thereto by reason of having incurred funeral or other expenses incident to the last illness or death of the person insured.

(7) A provision that the insurer will issue to the policyholder for delivery to each person insured an individual certificate setting forth a statement as to the insurance protection to which he is entitled, to whom the insurance benefits are payable, and the rights and conditions set forth in (8), (9) and (10) following.

(8) A provision that if the insurance, or any portion of it, on a person covered under the policy ceases because of termination of employment or

of membership in the class or classes eligible for coverage under the policy, such person shall be entitled to have issued to him by the insurer, without evidence of insurability, an individual policy of life insurance without disability or other supplementary benefits, provided application for the individual policy shall be made, and the first premium paid to the insurer, within thirty-one days after such termination, and provided further that,

(a) The individual policy shall, at the option of such person, be on any one of the forms, except term insurance, then customarily issued by the insurer at the age and for the amount applied for;

(b) The individual policy shall be in an amount not in excess of the amount of life insurance which ceases because of such termination, provided that any amount of insurance which shall have matured on or before the date of such termination as an endowment payable to the person insured, whether in one sum or in instalments or in the form of an annuity, shall not, for the purposes of this provision, be included in the amount which is considered to cease because of such termination; and

(c) The premium on the individual policy shall be at the insurer's then customary rate applicable to the form and amount of the individual policy, to the class of risk to which such person then belongs, and to his age attained on the effective date of the individual policy.

(9) A provision that if the group policy terminates or is amended so as to terminate the insurance of any class of insured persons, every person insured thereunder at the date of such termination whose insurance terminates and who has been so insured for at least five years prior to such termination date shall be entitled to have issued to him by the insurer an individual policy of life insurance, subject to the same conditions and limitations as are provided by (8) above, except that the group policy may provide that the amount of such individual policy shall not exceed the smaller of (a) the amount of the person's life insurance protection ceasing because of the termination or amendment of the group policy, less the amount of any life insurance for which he is or becomes eligible under any group policy issued or reinstated by the same or another insurer within thirty-one days after such termination, and (b) $2,000.

(10) A provision that if a person insured under the group policy dies during the period within which he would have been entitled to have an individual policy issued to him in accordance with (8) or (9) above and before such an individual policy shall have become effective, the amount of life insurance which he would have been entitled to have issued to him under such individual policy shall be payable as a claim under the group policy, whether or not application for the individual policy or the payment of the first premium therefor has been made. (1925, c. 58, s. 2; 1943, c. 597, s. 2; 1947, c. 834.)

§ 58-211.1. Group annuity contracts defined; requirements.—Any policy or contract, except a joint, reversionary or survivorship annuity contract, whereby annuities are payable dependent upon the continuation of the lives of more than one person, shall be deemed a group annuity contract. The person, firm or corporation to whom or to which such contract is issued, as herein provided, shall be deemed the holder of such contract. The term "annuitant" as used herein, refers to any person upon whose continued life such annuity is dependent. No authorized insurer shall deliver or issue for delivery in this state any group annuity contract except upon a group of annuitants which conforms to the following: Under a contract issued to an employer, or to the trustee of a fund established by an employer or two or more employers in the same industry or kind of business, the stipulated payments on which shall be paid by the holder of such contract either wholly from the employer's funds or funds contributed by him, or partly from such funds and partly from funds contributed by the employees covered by such contract, and providing a plan of retirement annuities under a plan which permits all of the employees of such employer or of any specified class or classes thereof to become annuitants. Any such group of employees may include retired employees, and may include officers and managers as employees, and may include the employees of subsidiary or affiliated corporations of a corporation employer, and may include the individual proprietors, partners and employees of affiliated individuals and firms controlled by the holders through stock ownership, contract or otherwise. (1947, c. 721.)

Editor's Note.—For comment on this section, see 25 N. C. Law Rev. 437.

§ 58-211.2. Employee life insurance defined.—Employee life insurance is hereby declared to be that plan of life insurance other than salary savings life insurance under which individual policies are issued to the employees of any employer where such policies are issued on the lives of not less than ten nor more than 49 employees at date of issue. Premiums for such policies shall be paid by the employer or the trustee of a fund established by the employer either wholly from the employer's funds, or funds contributed by him, or partly from such funds and partly from funds contributed by the insured employees. (1947, c. 721.)

Editor's Note.—For comment on this section, see 25 N. C. Law Rev. 436.

Art. 23. Registered Policies.

§ 58-214. Deposits to secure registered policies.—Any life insurance company, incorporated under the laws of this state, may deposit with the commissioner securities of the kind authorized for the investment of the funds of life insurance companies, which shall be legally transferred by it to him as commissioner and his successors for the common benefit of all the holders of its "registered" policies and annuity bonds issued under the provisions of this article; and these securities shall be held by him and his successors in office in trust for the purposes and objects specified herein.

All securities offered to the commissioner for deposit under this section shall be received and

held pursuant to regulations promulgated by the commissioner. (Rev., s. 4780; 1905, c. 504, s. 12; 1909, c. 920, ss. 1, 2; 1911, c. 140, s. 1; 1917, c. 191, s. 2; 1945, c. 379; C. S. 6467.)

Editor's Note.—The 1945 amendment rewrote this section.

§ 58-215. Additional deposits may be required.—Each company which has made deposits herein provided for shall make additional deposits from time to time, as the commissioner of insurance prescribes, in amounts of not less than five thousand dollars and of such securities as are described in the preceding section, so that the admitted value of the securities deposited shall equal the net value of the registered policies and annuity bonds issued by the company, less such liens not exceeding such value as the company has against it. The commissioner shall annually value or cause to be valued such policies and shall prepare an estimate based upon probable changes in the minimum amounts to be kept on deposit for each month of the ensuing year. (Rev., s. 4781; 1905, c. 504, s. 15; 1909, c. 920, s. 3; 1911, c. 140, s. 2; 1917, c. 191, s. 3; 1945, c. 379; C. S. 6468.)

Editor's Note.—The 1945 amendment rewrote a part of this section.

§ 58-217: Repealed by Session Laws 1945, c. 379.

§ 58-218. Record of securities kept by commissioner; deficit made good.—The commissioner of insurance shall keep a careful record of the securities deposited by each company, and when furnishing the annual certificates of value required in this article, he may enter thereon the face and market value of the securities deposited by such company. If at any time it appears from such certificate or otherwise that the value of securities held on deposit is less than the net value of the registered policies and annuity bonds issued by such companies, it is not lawful for the commissioner of insurance to execute the certificate on any additional policies or annuity bonds of such company until it has made good the deficit. If any company fails or neglects to make such deposits for sixty days the commissioner may suspend its license to do business until such deposit be made. (Rev., s. 4784; 1905, c. 504, s. 16; 1945, c. 379; C. S. 6471.)

Editor's Note.—The 1945 amendment struck out the word "hereafter" formerly appearing after "value" in line four, and substituted in the last sentence the words "the commissioner may suspend its license to do business until such deposit be made" for the words "it shall be deemed to be insolvent and shall be proceeded against in the manner provided by law in such cases."

§§ 58-220, 58-221: Repealed by Session Laws 1945, c. 379.

§ 58-223. Fees for registering policies.—Every company making deposits under the provisions of this article must pay to the commissioner of insurance for each certificate on registered policies or annuity bonds, including seal, a fee of fifty cents for those exceeding ten thousand dollars in amount and twenty-five cents for all under ten thousand dollars in amount, except policies for one hundred dollars and not exceeding five hundred dollars the fee shall be fifteen cents; for policies of one hundred dollars or less the fee shall be ten cents. (Rev., s. 4789; 1905, c. 504, s. 21; 1945, c. 379; C. S. 6476.)

Editor's Note.—The 1945 amendment struck out from the end of the section the words "for each certificate, including seal, for nonregistered policies issued in accordance with the provisions of this article, the fee shall be twenty-five cents."

§ 58-223.1. Registration of policies.—After January first, one thousand nine hundred and forty-seven, the commissioner shall not register any new policies that are issued by any company, nor accept any deposits covering reserves on business thereafter written. (1945, c. 379.)

Article 24. Mutual Burial Associations.

§ 58-226. Requirements as to rules and by-laws.—All burial associations now operating within the state of North Carolina, and all burial associations hereafter organized and operating within the state of North Carolina shall have and maintain rules and by-laws embodying the following:

Article 4. The annual meeting of the association shall be held at ..... (here insert the place, date and hour); each member shall have one vote at said annual meeting and fifteen members of the association shall constitute a quorum. There shall be elected at the annual meeting of said association a board of directors of seven members, each of whom shall serve for a period of from one to five years as the membership may determine and until his or her successor shall have been elected and qualified. Any member of the board of directors who shall fail to maintain his or her membership as provided in the rules and by-laws of said association, shall cease to be a member of the board of directors and a director shall be appointed by the president of said association for the unexpired term of such disqualified member. There shall be at least an annual meeting of the board of directors, and such meeting shall be held immediately following the annual meeting of the membership of the association. The directors of the association may, by a majority vote, hold other meetings of which notice shall be given to each member by mailing such notice five days before the meeting to be held. At the annual meetings of the directors of the association, the board of directors shall elect a president, a vice-president, and a secretary-treasurer. The president and vice-president shall be elected from among the directors, but the secretary-treasurer may be selected from the director membership or from the membership of the association, it being provided that it is not necessary that the secretary-treasurer shall be a member of the board of directors. Among other duties that the secretary-treasurer may perform, he shall be chargeable with keeping an accurate and faithful roll of the membership of this association at all times and he shall be chargeable with the duty of faithfully preserving and faithfully applying all moneys coming into his hands by virtue of his said office. The president, vice-president and secretary-treasurer shall constitute a board of control who shall direct the affairs of the association in accordance with these articles and the by-laws of the association, and subject to such modification as may be made or authorized by an act of the general assembly. The secretary-treasurer shall keep a record of all assessments made, dues collected and benefits paid. The books of the association, together with all records and bank accounts shall be at all times open to the inspection of the burial association commissioner or his duly constituted auditors or representatives.

It shall be the duty of the secretary or secretary-treasurer of each association to keep the books of the association posted up to date so that the financial standing of the association may be readily ascertained by the burial association commissioner or any auditor or representative employed by him. Upon the failure of any secretary or secretary-treasurer to comply with this provision, it shall be the duty of the burial association commissioner to employ an auditor or bookkeeper to take charge of the books of the association and do whatever work is necessary to bring the books up to date. The burial association commissioner shall have the power and authority to set a fee sufficient to pay the said auditor or bookkeeper for the work done upon the books of said association and the secretary or secretary-treasurer of the association shall pay the fees as specified by the burial association commissioner out of the funds of the burial association. This fee must be included in the twenty-five per cent allowed by law for the operation of the burial associations.

Article 13. All legitimate operating expenses of the association shall be paid out of the assessments, but in no case shall the entire expenses exceed twenty-five per cent of the assessments collected, in any one calendar year. In the event the association fails to expend the twenty-five per cent (25%) allowed herein by the thirty-first day of December of any year, then that amount not used shall be placed in the surplus.

Article 18. Each year, before the annual meeting of the membership of this association, the association shall cause to be published in a newspaper of general circulation in the county in which such association has its principal place of business, or shall cause to be mailed to each member in good standing a statement showing total income collected, expenses paid and burial benefits provided for by such association during the next preceding year.

(1945, c. 125, s. 1; 1947, c. 100, s. 1; 1949, c. 201, ss. 1, 2.)

Editor's Note.—

The 1945 amendment struck out the words "in substance" formerly appearing after the word "embodying" in line five. It also struck out from article 4 the following words: "The secretary-treasurer shall be the only paid officer of the association and his compensation shall be fixed by the board of directors." The amendment changed article 13 by adding the words "in any one calendar year" to the first sentence, inserting the second sentence and increasing the amount in the former third sentence. The 1947 amendment also increased such amount. The 1949 amendment struck out the former third sentence of article 13 and rewrote article 18. As only the preliminary paragraph and articles 4, 13 and 18 were changed, the rest of the section is not set out.

Members are bound by subsequent legislation making changes in the rules and by-laws of burial associations, and changes so made are not offensive to the constitutional provision against the passage of a law which impairs the obligation of a contract. Spearman v. United Mut. Burial Ass'n, 225 N. C. 185, 33 S. E. (2d) 895.

§ 58-227. Limitation of soliciting agents; licensing and qualifications; officers exempt from license; issuance of membership certificates.—Each burial association shall have for each funeral home serving the said burial association not more than five agents or representatives soliciting members other than the secretary-treasurer and president, and before any agent or representative shall or may represent any burial association in North Carolina, he or she shall first apply to the burial association commissioner of North Carolina for a license, and the burial association commissioner shall have full power and authority to issue such license upon proof satisfactory to such commissioner that such person is capable of soliciting burial association memberships, is of good moral character and recommended by the association in behalf of which such membership solicitations are to be made. The burial association commissioner may reject the application of any person who does not meet the requirements set out by him, as to capacity and moral fitness on recommendations by the association. The burial association commissioner may, upon proof satisfactory to himself that said licensed agent has violated any section of this law, revoke said license. Upon the issuing of a license to solicit membership in any burial association, such person shall be required to pay in cash, at the time of issuing license to such applicant, to the burial association commissioner, the sum of five dollars ($5.00); moneys derived from this fee or charge to be and remain in the department or office of such burial association commissioner, for supervision of burial associations in this state, subject to withdrawal for expenses of supervision by authority of the burial association commissioner. It shall not be necessary that the president or secretary-treasurer of any burial association shall obtain a license for soliciting membership in any association, of which such person is president or secretary-treasurer. Membership certificates shall not be issued by a solicitor in the field, but shall be reported to the office of the association and there issued and a record made of such issuance at the time such certificate is so issued. (1941, c. 130, s. 5; 1945, c. 125, s. 2; 1947, c. 100, s. 2; 1949, c. 201, s. 3.)

Editor's Note.—The 1945 amendment inserted the third sentence.

The 1947 amendment inserted in lines two and three the words "for each funeral home serving the said burial association."

The 1949 amendment reduced the amount in line twenty-nine from $10.00 to $5.00.

§ 58-228. (c) The bureau shall provide reasonable means to be approved by the commissioner whereby any person affected by a rate made by it may be heard in person or by his authorized representative before the governing or rating committee or other proper executive of the bureau.

(d) The bureau shall not have authority to maintain rules and regulations nor fix rates for bodily injury and property damage insurance for operators of motor vehicles who are required by law to carry any such insurance. The provisions of this subsection shall not apply to private passenger cars or taxicabs required by law to carry bodily injury and property damage insurance. (1939, c. 394, s. 1; 1945, c. 381, s. 2; 1947, cc. 1068, 1073.)

Editor's Note.—The 1945 amendment made changes in subsection (a) and added subsection (c).

No such rules and regulations shall discriminate against any type of insurer because of its plan of operation, nor shall any insurer be prevented from returning any unused or unabsorbed premium, deposit, savings, or earnings to its policyholders or subscribers. The expense of such bureau shall be borne by its members by quarterly contributions to be made in advance, such contributions to be made in advance by prorating such expense among the members in accordance with the amount of gross premiums derived from automobile bodily injury and property damage insurance in North Carolina during the preceding year ending December 31, 1938, and members entering such bureau since that date to advance an amount to be fixed by the governing committee. After the first fiscal year of operation of the bureau the necessary expense of the bureau shall be advanced by the members in accordance with rules and regulations to be established and adopted by the governing committee.

All such rates compiled and promulgated by such bureau shall be submitted to the commissioner of insurance for approval and no such rates shall be put into effect in this state until approved by the commissioner of insurance and not subsequently disapproved: Provided §§ 58-246 to 58-248 shall not apply to publicly owned vehicles. (1945, c. 381, s. 2.)

§ 58-248.2. Insurance policy must conform to rates, etc., filed by rating bureau; when deviation allowed.—No insurer, officer, agent or representative thereof shall knowingly issue or deliver or knowingly permit the issuance or delivery of any policy of insurance in this state which does not conform to the rates, rating plans, classifications, schedules, rules and standards made and filed by the rating bureau. However, an insurer may deviate from the rates promulgated by the rating bureau provided the insurer has filed the deviation to be applied both with the rating bureau and the commissioner, and provided the said deviation is uniform in its application to all risks in the state of the class to which such deviation is to apply; and provided such deviation is approved by the commissioner. If approved the deviation shall remain in force for a period of one year from the date of approval by the commissioner. Such deviation may be renewed annually subject to all of the foregoing provisions. A rate in excess of that promulgated by the rating bureau may be charged on any specific risk provided such higher rate is charged with the knowledge and written consent of both the insured and the commissioner. (1945, c. 381, s. 2.)

§ 58-248.3. Revocation or suspension of license for violation of article.—If the commissioner shall find, after due notice and hearing that any insurer, officer, agent or representative thereof has violated any of the provisions of this article, he may issue an order revoking or suspending the license of any such insurer, agent, broker or representative thereof. § 58-248.6. Appeal to commissioner from decision of bureau.—Any member of the bureau may appeal to the commissioner from any decision of such bureau and the commissioner shall, after a hearing held on not less than ten days' written notice to the appellant and to the bureau, issue an order approving the decision of the bureau or directing it to give further consideration to such proposal. In the event the bureau fails to take satisfactory action, the commissioner shall make such order as he may see fit. (1945, c. 381, s. 2.)

SUBCHAPTER VI. ACCIDENT AND HEALTH INSURANCE.

Art. 26. Nature of Policies.

§ 58-249. Form, classification, and rates to be approved by commissioner of insurance.—No policy of insurance against loss or damage from the sickness or the bodily injury or death of the insured by accident shall be issued or delivered to any person in this state until a copy of the form thereof and of the classification of risks and the premium rates pertaining thereto have been filed with, and the forms approved by, the commissioner of insurance. If the commissioner shall notify, in writing, the company or other insurer which has filed such form that it does not comply with the requirements of law, specifying the reasons for his opinion, it shall be unlawful thereafter for any such insurer to issue any policy in such form. The action of the commissioner in this regard shall be subject to review by any court of competent jurisdiction; but nothing in this article shall be construed to give jurisdiction to any court not already having jurisdiction. (1911, c. 209, s. 1; 1913, c. 91, s. 1; 1945, c. 385; C. S. 6477.)

Editor's Note.—The 1945 amendment inserted in line eight the words "and the forms approved by," struck out the word "society" formerly appearing after the word "company" in line ten, and struck out from the end of the first sentence the words "nor shall it be so issued or delivered until the expiration of thirty days after it has been so filed unless the commissioner shall sooner give his written approval thereto."

§ 58-250. Specifications as to form of policy.—No such policy which purports to insure only one person shall be delivered or issued for delivery in this state (1) unless the entire money and other considerations therefor are expressed in the policy; nor (2) unless the time at which the insurance thereunder takes effect and terminates is stated in a portion of the policy preceding its execution by the insurer; nor (3) unless every printed portion thereof and of any endorsements or attached papers shall be plainly printed in type of which the face shall be not smaller than ten point; nor (4) unless a brief description thereof be printed on its first page, and on its filing back in type of which the face shall not be smaller than fourteen point; nor (5) unless the exceptions of the policy be printed with the same prominence as the benefits to which they apply: Provided, however, that any portion of such policy which purports, by reason of the circumstances under which a loss is incurred, to reduce any indemnity promised therein to an amount less than that provided for the same loss occurring under ordinary circumstances, shall be printed in bold-face type and with greater prominence than any other portion of the text of the policy. (1913, c. 91, s. 2; 1945, c. 385; C. S. 6478.)

Editor's Note.—The 1945 amendment inserted in lines one and two the words "which purports to insure only one person," struck out following subsection (2) the words "nor (3) if the policy purports to insure more than one person," and renumbered former subsections (4) through (6) as (3) through (5).

§ 58-252. Certain provisions forbidden in policy.—No such policy shall be issued or delivered which contains any provision (1) relative to cancellation at the instance of the insurer; or (2) limiting the amount of indemnity to a sum less than the amount stated in the policy and for which the premium has been paid; or, (3) providing for the deduction of any premium from the amount paid in settlement of claim; or, (4) relative to other insurance by the same insurer; or, (5) relative to the age limits of the policy; or (6) relative to violation of law; or (7) relative to intoxicating liquor or narcotics; unless such provisions, which are hereby designated as optional standard provisions, shall be in the words and in the order in which they are set forth in the next section, but the insurer may at its option omit from the policy any such optional standard provisions. Such optional standard provisions if inserted in the policy shall immediately succeed the standard provisions named in this article. (1911, c. 209, s. 2; 1913, c. 91, s. 4; 1945, c. 385; C. S. 6480.)

Editor's Note.—The 1945 amendment inserted "or (6) relative to violation of law; or (7) relative to intoxicating liquor or narcotics."

§ 58-253. Optional standard provisions.

6. Violation of Law.—Any provision which affects the liability of the insurer because of any violation of law by the insured during the term of the policy shall be in the following form:

"The insurer shall not be liable for death, injury incurred or disease contracted, to which a contributing cause was the insured's commission of, or attempt to commit, a felony, or which occurs while the insured is engaged in an illegal occupation."

7. Intoxicating Liquor or Narcotics.—Any provision which affects the liability of the insurer because of the insured's use of intoxicating liquor or narcotics during the term of the policy shall be in the following form:

"The insurer shall not be liable for death, injury incurred or disease contracted while the insured is intoxicated or under the influence of narcotics unless administered on the advice of a physician."

Any such policy which contains either or both of the provisions specified under the foregoing paragraphs 6 and 7 need not include such provisions under the heading of "Standard Provisions." (1911, c. 209, s. 2; 1913, c. 91, s. 4; 1945, c. 385; C. S. 6481.)

Editor's Note.—The 1945 amendment added subsections 6

and 7. As the rest of the section was not changed it is not set out.

§ 58-254.1. Industrial sick benefit insurance defined.—Industrial sick benefit insurance is hereby defined as that form of insurance for which premiums are payable weekly and which provides for the payment of a weekly indemnity on account of sickness or accident in addition to a benefit in case of death. Such death benefit shall not exceed one hundred and fifty dollars ($150.00). There shall be a provision for the payment of weekly premium, 80% of which shall be allocated for the purchase of sick and accident coverages and 20% thereof for the purchase of death benefits. (1945, c. 385.)

§ 58-254.2. Industrial sick benefit insurance; standard provisions.—Policies issued under the industrial sick benefit plan shall contain the standard provisions contained in section 58-251 and in addition shall contain the following: (1) a provision for grace for the payment of the additional premium or assessment or proportion thereof for such death benefits of not less than four weeks during which period the death benefit shall continue in force; (2) a provision for incontestability of the death benefit coverage after not more than two years except for (a) non-payment of premiums, and (b) misstatement of age; (3) optional standard provision No. 1 in section 58-253 relating to the sickness and accident coverage only; (4) a provision that the death benefit is non-cancellable by the company except for non-payment of premium.

The commissioner may approve any form of certificate to be issued under the industrial sick benefit plan which omits or modifies any of the standard provisions hereinbefore required, if he deems such omission or modification suitable for the character of such insurance and not unjust to the persons insured thereunder. (1945, c. 385.)

§ 58-254.3. Blanket accident and health insurance defined.—1. Any policy or contract of insurance against death or injury resulting from accident or from accidental means which insures a group of persons conforming to the requirements of one of the following paragraphs (a) to (f) inclusive shall be deemed a blanket accident policy. Any policy or contract which insures a group of persons conforming to the requirements of one of the following paragraphs (c), (e) or (f) against total or partial disability, excluding such disability from accident or from accidental means, shall be deemed a blanket health insurance policy. Any policy or contract of insurance which combines the coverage of blanket accident insurance and of blanket health insurance on such a group of persons shall be deemed a blanket accident and health insurance policy:

(a) Under a policy or contract issued to any railroad, steamship, motorbus or airplane carrier of passengers, which shall be deemed the policyholder, a group defined as all persons who may become such passengers may be insured against death or bodily injury either while, or as a result of, being such passengers.

(f) Under a policy or contract issued to the head of a family, who shall be deemed the policyholder, whereunder the benefits thereof shall provide for the payment by the insurer of amounts for expenses incurred by the policyholders on account of hospitalization or medical or surgical aid for himself, his spouse, his child or children not over eighteen years of age, provided, that any disability within the terms of such policy incurred by a child before his 18th birthday and continuing thereafter shall be deemed to be covered by the policy.

2. All benefits under any blanket accident, blanket health or blanket accident and health insurance policy shall be payable to the person insured, or to his designated beneficiary or beneficiaries, or to his estate, except that if the person insured be a minor, such benefits may be made payable to his parent, guardian, or other person actually supporting him, or to a person or persons chiefly dependent upon him for support and maintenance.

3. Nothing contained in this section shall be deemed to affect the legal liability of policyholders for the death of or injury to, any such member of such group. (1945, c. 385; 1947, c. 721.)

Editor's Note.—The 1947 amendment made several changes in subsection 1. It inserted in lines two and three of paragraph (b) the words "or the trustee of a fund established by the employer"; substituted "twenty-five" for "fifty" in line five of paragraph (e), inserted "provide for" in lieu of "be limited to" in lines three and four of paragraph (f) and added the proviso thereto.

For account of changes made by 1947 legislation in the laws relating to group and blanket accident and health insurance, see 25 N. C. Law Rev. 437.

§ 58-254.4. Group accident and health insurance defined.—1. Any policy or contract of insurance against death or injury resulting from accident or from accidental means which covers more than one person, except blanket accident policies as defined in section 58-254.3, shall be deemed a group accident insurance policy. Any policy or contract which insures against disablement, disease or sickness of the insured (excluding disablement which results from accident or from accidental means) and which covers more than one person, except blanket health insurance policies as defined in section 58-254.3, shall be deemed a group health insurance policy or contract. Any policy or contract of insurance which combines the coverage of group accident insurance and of group health insurance shall be

deemed a group accident and health insurance policy. No policy or contract of group accident, group health or group accident and health insurance, and no certificates thereunder, shall be delivered or issued for delivery in this state unless it conforms to the requirements of subsection 2.

2. No policy or contract of group accident, group health or group accident and health insurance shall be delivered or issued for delivery in this state unless the group of persons thereby insured conforms to the requirements of the following paragraph:

Under a policy issued to an employer or to the trustee of a fund established by an employer or two or more employers in the same industry or kind of business, which employer or trustee shall be deemed the policyholder, covering not less than 25 employees of such employer, and covering, except as hereinafter provided, only employees of any class or classes thereof determined by conditions pertaining to employment, for amounts of insurance based upon some plan which will preclude individual selection. The premium may be paid by the employer, by the employer and employees jointly, or by the employees. If the premium is paid by the employer and employees jointly, or by the employees, the group shall comprise not less than seventy-five per cent of all employees or not less than seventy-five per cent of any class or classes of employees determined by conditions pertaining to the employment.

3. The term "employees" as used in this section shall be deemed to include, for the purposes of insurance hereunder, as employees of a single employer, the officers, managers, and employees of the employer and of subsidiary or affiliated corporations of a corporation employer, and the individual proprietors, partners, and employees of individuals and firms of which the business is controlled by the insured employer through stock ownership, contract or otherwise. The term "employer" as used herein may be deemed to include any municipal corporation or the proper officers, as such, of any unincorporated municipality, or any department of such corporation or municipality determined by conditions pertaining to the employment.

4. The benefits payable under any policy or contract of group accident, group health and group accident and health insurance shall be payable to the employees or to some beneficiary or beneficiaries designated by him, other than the employer, but if there is no designated beneficiary as to all or any part of the insurance at the death of the employee or member, then the amount of insurance payable for which there is no designated beneficiary shall be payable to the estate of the employee or member, except that the insurer may in such case, at its option, pay such insurance to any one or more of the following surviving relatives of the employee or member: wife, husband, mother, father, child, or children, brothers or sisters; and except that payment of benefits for expenses incurred on account of hospitalization or medical or surgical aid, as provided in subsection 5, may be made by the insurer to the hospital or other person or persons furnishing such aid. Payment so made shall discharge the insurer's obligation with respect to the amount of insurance so paid.

5. Any policy or contract of group accident, group health or group accident and health insurance may include provisions for the payment by the insurer of benefits to the employee or other member of the insured group, on account of hospitalization or medical or surgical aid for himself, his spouse, his child or children, or other persons chiefly dependent upon him for support and maintenance.

6. Any policy or contract of group accident, group health or group accident and health insurance may provide for readjustment of the rate of premium based on the experience thereunder at the end of the first year or of any subsequent year of insurance thereunder, and such readjustment may be made retroactive only for such policy year. Any refund under any plan for readjustment of the rate of premium based on the experience under group policies and any dividend paid under such policies may be used to reduce the employer's contribution to group insurance for the employees of the employer, and the excess over such contribution by the employer shall be applied by the employer for the sole benefit of the employees.

7. Nothing contained in this section shall be deemed applicable to any contract issued by any corporation defined in chapter 57 of the General Statutes of North Carolina. (1945, c. 385; 1947, c. 721.)

Editor's Note.—Prior to the 1947 amendment the first part of the second paragraph of subsection 2 read as follows: "Under a policy issued to an employer which employer shall be deemed the policyholder covering not less than 50 employees."

(1945, c. 385.)

§ 58-254.6. Definition of franchise accident and health insurance.—Accident and health insurance on a franchise plan is hereby declared to be that form of accident and health insurance issued to five or more employees of any corporation, copartnership or individual employer or any governmental corporation, agency or department thereof, or ten or more members of any trade or professional association or of a labor union or of any other association having had an active existence for at least two years where such association or union has a constitution or by-laws and is formed in good faith for purposes other than that of obtaining insurance, where such persons, with or without their dependents, are issued the same form of an individual policy varying only as to amounts and kinds of coverage applied for by such persons, under an arrangement whereby the premiums on such policies may be paid to the insurer periodically by the employer, with or without payroll deductions, or by the association for its members, or by some designated person acting

§ 58-261. Certain policies of insurance not affected.—1. Nothing in this subchapter shall apply to or affect any policy of liability or workmen's compensation insurance.

2. Nothing in this subchapter shall apply to or in any way affect contracts supplemental to contracts of life or endowment insurance where such supplemental contracts contain no provisions except such as operate to safeguard such insurance against lapse or to provide special benefits therefor in the event that the insured shall be totally, or totally and permanently disabled by reason of accidental bodily injury or by sickness, nor to contracts issued as supplements to life insurance contracts or contracts of endowment insurance, and intended to increase the amount insured by such life or endowment contracts in the event that the death or disability of the insured shall result from accidental bodily injuries: Provided, that no such supplemental contracts shall be issued or delivered to any person in this state unless and until a copy of the form thereof has been submitted to and approved by the commissioner of insurance under such reasonable rules and regulations as he shall make concerning the provisions in such contracts, and their submission to an approval by him.

3. Nothing in this subchapter shall apply to or in any way affect fraternal benefit societies.

4. The provisions of this subchapter contained in clause (5) of § 58-250, and clauses two, three, eight, and twelve of § 58-251, may be omitted from railroad ticket policies sold only at railroad stations or at railroad ticket offices by railroad employees. (1911, c. 209, s. 5; 1913, c. 91, s. 12; 1921, c. 136, s. 5; 1945, c. 385; 1947, c. 721; C. S. 6489.)

Editor's Note.—The 1945 amendment substituted in line six of subsection 2 the words "special benefits" for the words "a special surrender value," and inserted in line eight the words "or totally" and in line fourteen the words "or disability."

The 1947 amendment struck from subsection 1 the former provision relating to general or blanket policy of insurance.

SUBCHAPTER VII. FRATERNAL ORDERS AND SOCIETIES.

Art. 28. Fraternal Orders.

§ 58-289. Mergers and transfers.

As to partial repeal of section, see note under § 58-303.

§ 58-303. Merger, consolidation or reinsurance of fraternal risks with licensed life insurance companies or with other fraternal orders or benefit societies.—No fraternal order or society organized under the laws of this state to do the business of life, accident, or health insurance shall consolidate or merge with any other fraternal order or society, or with a life insurance company, or reinsure its risks, or any part thereof with any other fraternal order or society, or with a life insurance company, or assume or reinsure the whole or any portion of the risks of any other fraternal order or society, except with a fraternal order or society, or a life insurance company, licensed to transact business in North Carolina and subject to the provisions of G. S. § 58-304. (1921, c. 60, s. 1; 1949, c. 1080, s. 1; C. S. 6529(a).)

Editor's Note.—The 1949 amendment rewrote this section. The amendatory act, which also rewrote § 58-304 and inserted § 58-304.1, provides in § 4 thereof: "All laws and clauses of laws, and in particular the provisions of G. S. 58-289, in conflict with this act are repealed to the extent of such conflict."

§ 58-304. Contracts approved by boards of directors or governing bodies of parties to same; approval by commissioner of insurance.—When any fraternal order or society shall propose to consolidate or merge its business or to enter into a contract of reinsurance with any other fraternal order or society or with a life insurance company, or to assume or reinsure the whole or any portion of the risks of any other fraternal order or society, the proposed contract in writing setting forth the terms and conditions of the proposed consolidation, merger, or reinsurance shall be submitted to the boards of directors or to the governing bodies of each of said parties to said contract at a meeting called for that purpose by notice given in writing ten days prior thereto, and if approved by a majority vote of the said boards of directors, or governing bodies, said contract as so approved shall be submitted to the commissioner of insurance of this state for his approval, and the parties to said contract shall at the same time submit a sworn statement showing their financial condition as of the 31st day of December next preceding the date of such contract. Provided, that the commissioner of insurance may, within his discretion, require such financial statement to be submitted as of the last day of the month next preceding the date of such contract. The commissioner of insurance shall thereupon consider such contract of consolidation, merger, or reinsurance, and if satisfied that

the interests of the certificate and policyholders of each of the parties are properly protected and that the contract will be in the public interest, and that such contract is just and equitable to the certificate and policyholders of each of the parties, and that no reasonable objection exists thereto, he shall approve said contract as submitted. In case the parties corporate to such contract shall have been incorporated in separate states, or territories, such contract shall be submitted as herein provided to the commissioner of insurance of each of such incorporating states, or territories, to be considered and approved separately by each of said commissioners of insurance. If the commissioner of insurance approves such contract of consolidation, merger, or reinsurance, he shall issue a certificate to that effect, and thereupon the said contract of consolidation, merger, or reinsurance shall be in full force and effect. In case such contract is not approved it shall be inoperative, and the fact of the submission and its contents shall not be disclosed by the commissioner of insurance. (1921, c. 60, s. 2; 1949, c. 1080, s. 2; C. S. 6529 (b).)

Editor's Note.—The 1949 amendment rewrote this section.

§ 58-304.1. Application of sections 58-155.1 to 58-155.35, inclusive.—The provisions of G. S. §§ 58-155.1 to 58-155.35, inclusive, shall apply, where pertinent, to all fraternal orders and societies doing business in this state. (1949, c. 1080, s. 3.)

Art. 31. Non-Profit Life Benefit Association.

§§ 58-316 to 58-340: Repealed by Session Laws 1945, c. 379.

Benefit Plans of Common Carriers Exempt from Acts.—Session Laws 1945, cc. 379, 386, which amended, inserted or repealed a large number of sections in this chapter, provide: "This act shall not apply to common carriers having relief departments, pension or annuity plans, or other organizations or associations for the benefit of their employees or former employees; or to associations of such common carriers administering such departments, plans or organizations."

Chapter 59. Partnership.

§ 59-36. Partnership defined.

Cited in Dwiggins v. Parkway Bus Co., 230 N. C. 234, 52 S. E. (2d) 892.

§ 59-37. Rules for determining the existence of a partnership.

Applied in Eggleston v. Eggleston, 228 N. C. 668, 47 S. E. (2d) 243.

§ 59-39. Partner agent of partnership as to partnership business.

Service of Summons on One Partner.—Under the Uniform Partnership Act it is not necessary that all members of an alleged partnership should be served with summons. A partnership is represented by the partner who is served, and as to him a judgment in the action in which he is served would be binding on him individually, and as to the partnership property. But as to a partner not served with summons, the judgment would not be binding on him individually. Nevertheless even after judgment such partner could be brought in and made a party. The court may, before or after judgment, direct the bringing in of new parties to the end that substantial justice may be done. § 1-73. Dwiggins v. Parkway Bus Co., 230 N. C. 234, 52 S. E. (2d) 892.

Cited in Pappas v. Crist, 223 N. C. 265, 25 S. E. (2d) 850.

§ 59-43. Partnership bound by partner's wrongful act.

Where one partner is sued individually for a tort committed by him in the course of the partnership business, a judgment would be binding upon him individually, and as to the partnership property, but not as against the other partner individually, but the court even after judgment may direct that such other partner be brought in and made a party. Dwiggins v. Parkway Bus Co., 230 N. C. 234, 52 S. E. (2d) 892. See § 59-45 and notes.

§ 59-45. Nature of partner's liability.

Section States Common Law. — The common law rule of joint and several liability of partners for a tort committed by one of the members of the partnership is incorporated in the Uniform Partnership Act, embraced in this article. Dwiggins v. Parkway Bus Co., 230 N. C. 234, 52 S. E. (2d) 892.

Each partner is jointly and severally liable for a tort committed by one partner in the course of the partnership business, and the injured person may sue all members of the partnership or any one of them at his election. Dwiggins v. Parkway Bus Co., 230 N. C. 234, 52 S. E. (2d) 892. See note to § 59-43.

§ 59-70. Rules for distribution.

Applied in Benson v. Roberson, 226 N. C. 103, 36 S. E. (2d) 729.

§ 59-74. Surviving partner to give bond.

The purpose of this section is limited to the protection of those who are interested in the property or estate administered by the surviving partner, who is required to account to them and pay over in case there is a surplus (of that interest) after paying the partnership debts. It is a trust relationship in which only they have a legal interest. Therefore, the objection that the surviving partner has not filed the bond is not available to one who is merely a debtor of the estate. Coppersmith v. Upton, 228 N. C. 545, 46 S. E. (2d) 565.

Giving Bond Is Not Condition Precedent to Maintenance of Action.—It seems apparent that the giving of the bond cannot be regarded as a condition precedent to the maintenance of an action by a surviving partner, for the reason that the following section provides an alternative remedy upon failure of the surviving partner to give bond. In that event "the clerk of the superior court shall, upon application of any person interested in the estate of the deceased partner, appoint a collector of the partnership, who shall be governed by the same law governing an administrator of a deceased person." Coppersmith v. Upton, 228 N. C. 545, 46 S. E. (2d) 565.

§ 59-75. Effect of failure to give bond.

Quoted in Coppersmith v. Upton, 228 N. C. 545, 46 S. E. (2d) 565.

§ 59-82. Surviving partner to account and settle.—In case the surviving partner shall not avail himself of the privilege of purchasing the interest of the deceased partner, he shall, within twelve months from the date of the first publication of notice to creditors, file with the clerk of the superior court of the county where the partnership was located, an account, under oath, stating his action as surviving partner, and shall come to a settlement with the executor or administrator of the deceased partner: Provided, that the clerk of the superior court shall have power, upon good cause shown, to extend the time within which said final settlement shall be made. The surviving partner for his services in settling the partnership estate shall receive commissions to be allowed by the court, and in no case to exceed five per cent out of the share of the deceased partner. (Rev., s. 2546; 1901, c. 640, s. 7; 1947, c. 781; C. S. 3285.)

Editor's Note.—The 1947 amendment struck out the words "death of the deceased partner" formerly appearing in line four and inserted in lieu thereof the words "date of the first publication of notice to creditors."

Chapter 60. Railroads and Other Carriers.

Art. 1. General Provisions.

§ 60-5. Discrimination in charges misdemeanor.—If any common carrier shall directly or indirectly by special rate, rebate, drawback, or other device, charge, demand, collect or receive from any person a greater or less compensation for any service rendered or to be rendered in the transportation of passengers or property subject to the provisions of law than it charges, demands or collects or receives from any other person or persons for doing for him or them a like and contemporaneous service in the transportation of a like kind of traffic under substantially similar circumstances and conditions; or shall make or give any undue or unreasonable preference or advantage to any particular person, company, firm, corporation or locality, or any particular description of traffic in any respect whatsoever; or shall subject any particular person, company, firm, corporation or locality or any particular description of traffic to any undue or unreasonable prejudice or disadvantage in any respect whatsoever, such common carrier shall be upon conviction thereof fined not less than one thousand nor more than five thousand dollars for each and every offense. (Rev., s. 3749; 1899, c. 164, s. 13; 1947, c. 781; C. S. 3416.)

Editor's Note.—
The 1947 amendment struck out the words "person or corporation" formerly appearing in lines twenty-one and twenty-two and inserted in lieu thereof the words "common carrier."

Applied in Atlantic Coast Line R. Co. v. West Paving Co., 228 N. C. 94, 44 S. E. (2d) 523.

§ 60-6. Discrimination by rebate or reduced charges, misdemeanor.—Any railroad company doing business in the state, or officer or agent thereof, who shall give to any person or shipper any advantage over another person or shipper under like circumstances, by way of any rebate or reduced rate not authorized by law or by the North Carolina utilities commission, or which shall make charges for shipments of freight in violation of the law as to railroad freight rates, contained in article 8 of the chapter Utilities Commission, or shall willfully discriminate in the matter of service in favor of one person or corporation against another in like circumstances, shall be guilty of a misdemeanor, and such railroad company shall, upon conviction, be fined not less than one hundred dollars and such officer or agent shall be fined or imprisoned or both, in the discretion of the court; and any shipper or consignee of any freight in the state of North Carolina who shall knowingly accept any rebate or other consideration or services from any railroad company which is not allowed or given other shippers or consignees under like or similar circumstances, and which is not allowed by law, shall be guilty of a misdemeanor, and fined or imprisoned in the discretion of the court. (1907, c. 217, s. 2; 1933, c. 134, s. 8; 1941, c. 97, s. 5; 1947, c. 781; C. S. 3417.)

Editor's Note.—The 1947 amendment struck out the word "corporation" formerly appearing in line fourteen and inserted in lieu thereof the words "railroad company."

Applied in Atlantic Coast Line R. Co. v. West Paving Co., 228 N. C. 94, 44 S. E. (2d) 523.

Art. 3. County Subscriptions in Aid of Railroads.

§ 60-23. Conduct of election.—All elections ordered under General Statutes § 60-22 shall be conducted by the county board of elections under the laws and regulations provided for the election of members of the general assembly.

The results of such elections shall be canvassed and declared by the county board of elections. (Rev., s. 2560; Code, s. 1998; 1868-9, c. 171, s. 3; 1947, c. 781; C. S. 3433.)

Editor's Note.—The 1947 amendment rewrote this section.

Art. 4. Township Subscriptions in Aid of Railroads.

§ 60-28. Conduct of election; canvass of votes.—All elections ordered under § 60-27 shall be held by the county board of elections of the county in which such township is located, under such laws and regulations as are now or may hereafter be provided for the election of members of the general assembly. The votes of each township for whose use and benefit subscription under this article is proposed to be made shall be canvassed and the results of such election declared by the county board of elections of the county in which such township is located. (1917, c. 64, s. 3; 1947, c. 781; C. S. 3438.)

Editor's Note.—The 1947 amendment substituted in line two "county board of elections" for "sheriff" and rewrote the latter part of the section.

Art. 5. Powers and Liabilities.

§ 60-43. Obstructing highways; defective crossings; failure to repair after notice misdemeanor.

Applied in Bundy v. Powell, 229 N. C. 707, 51 S. E. (2d) 307.

§ 60-52. Forfeiture for preferences to shippers.

Applied in Atlantic Coast Line R. Co. v. West Paving Co., 228 N. C. 94, 44 S. E. (2d) 523.

Art. 8. Liability of Railroads for Injuries to Employees.

§ 60-64. Common carrier defined; employee defined.—The term "common carrier" as used in this article, shall include the receiver or receivers, or other persons or corporations charged with the duty of the management of the business of a common carrier. The term "employee" or "servant" as used in this article shall include any person carried on the pay roll of such railroad company and required to be on its property regardless whether such person is receiving compensation at the time or not. (1913, c. 6, s. 5; 1947, c. 916; C. S. 3464.)

Editor's Note.—
The 1947 amendment added the definition of "employee" or "servant".

Art. 9. Construction and Operation of Railroads.

§ 60-81. Negligence presumed from killing livestock.

Applied in Coburn v. Atlantic Coast Line R. Co., 227 N. C. 695, 44 S. E. (2d) 200.

Art. 10. Railroad and Other Company Police.

§ 60-83. Governor may appoint and commission police for railroad, etc., companies; civil liability of companies.—Any corporation operating a railroad on which steam or electricity is used as the motive power or any electric or water-power company or construction company or manufacturing company or motor vehicle carrier or railway express agencies may apply to the governor to commission such persons as the corporation or company may designate to act as policemen for it. The governor upon such application may appoint such persons or so many of them as he may deem proper to be such policemen, and shall issue to the persons so appointed a commission to act as such policemen. Nothing contained in the provisions of this section shall have the effect to relieve any such company from any civil liability now existing by statute or under the common law for the act or acts of such policemen, in exercising or attempting to exercise the powers conferred by this section. (Rev., ss. 2605, 2606; Code, ss. 1988, 1989; 1871-2, c. 138, ss. 51, 52; 1907, c. 128, s. 1; 1923, c. 23; 1933, c. 61; 1943, c. 676, ss. 1, 4; 1947, c. 390; C. S. 3484.)

Editor's Note.—

The 1947 amendment made this section applicable to railway express agencies.

For comment on the 1943 amendment, see 21 N. C. Law Rev. 330.

§ 60-85. Company police to wear badges.

Editor's Note.—For comment on the 1943 amendment, see 21 N. C. Law Rev. 330.

§ 60-87. Police powers cease on company's filing notice.

Editor's Note.—

For comment on the 1943 amendment, see 21 N. C. Law Rev. 330.

Art. 12. Carriage of Passengers.

§ 60-106. Checking baggage; liability for loss.—A check shall be affixed to every parcel of baggage when taken for transportation by the agent or servant of any railroad corporation, if there is a handle, loop or fixture so that the same can be attached upon the parcel or baggage so offered for transportation, and a duplicate thereof given to the passenger or person delivering the same on his behalf. If such check be refused on demand, the corporation shall pay to such passenger the sum of ten dollars, to be recovered in a civil action; and further, no fare or toll shall be collected or received from such passenger, and if such passenger shall have paid his fare the same shall be refunded by the conductor in charge of the train.

If a passenger, whose bag has been checked, shall produce the check and his baggage shall not be delivered to him, he may by an action recover the value of such baggage. (Rev., s. 2623; Code, s. 1970; 1871-2, c. 138, s. 36; 1947, c. 781; C. S. 3510.)

Editor's Note.—The section consisted of one sentence prior to the 1947 amendment which rewrote the part now constituting the third sentence.

Art. 13. Carriage of Freight.

§ 60-114. Freight charges to be at legal rates; penalty for failure to deliver to consignee on tender of same.

Applied in Atlantic Coast Line R. Co. v. West Paving Co., 228 N. C. 94, 44 S. E. (2d) 523.

§ 60-118: Repealed by Session Laws 1947, c. 781.

§§ 60-128, 60-129: Repealed by Session Laws 1947, c. 781.

Art. 14. Street and Interurban Railways.

§ 60-135. Separate accommodations for different races; failure to provide misdemeanor.

Effect of § 60-139.—See note to § 60-136.

§ 60-136. Passengers to take certain seat; violation of requirement misdemeanor.

Effect of § 60-139.—The contention that this section and § 60-135 do not apply to motor vehicles transporting passengers for hire except on busses used in transporting passengers within a city or town was held without merit as the provisions of such sections were extended by § 60-139, to include "motor busses operated in the urban, interurban or suburban transportation of passengers for hire, and to the operator or operators thereof, and the agents, servants, and employees of such operators." State v. Johnson, 229 N. C. 701, 51 S. E. (2d) 186.

Segregation of Interstate Passengers.—While it is held in Morgan v. Virginia, 328 U. S. 373, 66 S. Ct. 1050, 90 L. Ed. 1317, 165 A. L. R. 574, that a state statute which requires segregation of interstate passengers is beyond the state's power to make, the decision does not purport to invalidate reasonable rules and regulations of interstate carriers, which require segregation of the white and negro races. Pridgen v. Carolina Coach Co., 229 N. C. 46, 47 S. E. (2d) 609.

Burden of Proof.—While this section does not require the state to prove willfulness, the burden rests upon the state to show beyond a reasonable doubt that defendant intentionally violated the statute. State v. Brown, 225 N. C. 22, 25, 33 S. E. (2d) 121.

State Need Not Show That Defendant Was Intrastate Passenger.—In a prosecution under § 60-135 and this section, evidence that a white and a colored defendant occupied the same seat on a bus and refused to move to unoccupied seats in the front and rear of the bus as required by statute, makes out a prima facie case of intent to violate the statute and is sufficient to withstand defendants' motion for judgment as of nonsuit even in the absence of evidence by the state that defendants were intrastate passengers, since the burden of going forward with the evidence to show that defendants were interstate passengers rests upon defendants. State v. Johnson, 229 N. C. 701, 51 S. E. (2d) 186.

Evidence Sufficient for Jury.—Where state's evidence tended to show that defendant, when called upon by bus driver, refused to move her seat, compelling the driver to call upon officers of the law to remove her, there was sufficient evidence for the jury, and motion for nonsuit was properly denied. State v. Brown, 225 N. C. 22, 33 S. E. (2d) 121.

§ 60-139. Sections 60-135 to 60-138 extended to motor busses used as common carriers.

Applied in State v. Johnson, 229 N. C. 701, 51 S. E. (2d) 186.

Art. 15. Electric Interurban Railways.

§ 60-144. Right of eminent domain.—Any such company may exercise the right of eminent domain under the provisions of chapter forty and acts amendatory thereof, and for the purpose of constructing its roads and other works, shall have the powers given railroad corporations by this chapter, and acts amendatory thereof, provided, that no such company shall operate over the streets of any municipality by means of steam motive power, except with the consent of the municipal authorities. (1927, c. 33, s. 2; 1949, c. 496.)

Editor's Note.—The 1949 amendment rewrote the last few lines of this section relating to steam motive power.

Chapter 61. Religious Societies.

§ 61-1. Trustees may be appointed and removed.

Editor's Note.—Session Laws 1945, c. 90, provides for the appointment of trustees for certain Primitive Baptist churches to dispose of abandoned church property and distribute the proceeds thereof.

Cited in King v. Richardson, 136 F. (2d) 849.

§ 61-2. Trustees may hold property.

Rights of Trustees as against Majority of Members.—See note to § 61-3.

Trusts for Special Purposes.—There is nothing in this section which precludes trustees of a certain North Carolina church from accepting trusts for special purposes; and, even if there were, a trust for a special purpose would not fail because they were named as trustees but equity would appoint other trustees to administer it in application of the maxim that a trust will not be allowed to fail for lack of a trustee. King v. Richardson, 136 F. (2d) 849, 856.

§ 61-3. Title to lands vested in trustees, or in societies.

Trustees May Hold Property as against Majority of Members.—Where land is conveyed to the officers and trustees of a non-denominational religious organization for the purposes of the organization, its officers and trustees have title to the property in trust and are entitled to hold it for the use and occupancy of the organization as against members of the organization, even though they are in the large majority, who seek possession of the property for use and occupancy by a denominational church. Wheeless v. Barrett, 229 N. C. 282, 49 S. E. (2d) 629.

Rights of Majority of Congregation Withdrawing from Denomination.—A conveyance of land to trustees for the erection of a church to belong to a denomination, to have and to hold to them and their successors in office forever in trust for the erection of a place of worship for the use of members of the denomination, takes the title in trust for the use of the denomination, and therefore members of the congregation of the church so erected who withdraw affiliation from the denomination, even though they be a majority of the congregation, are not entitled to the control and use of the property as against the denomination, irrespective of whether the particular church is congregational or connectional. Western North Carolina Conference v. Talley, 229 N. C. 1, 47 S. E. (2d) 467.

Cited in dissenting opinion of Soper, J., in King v. Richardson, 136 F. (2d) 849.

§ 61-4. Trustees may convey property.

Art. 2. Procedure before the Commission.

Art. 3. Powers and Duties of the Commission.

Art. 4. Public Utilities Act of 1933.

Art. 6. Motor Carriers Generally.

Art. 6A. Insurance and Safety Regulations for Motor Vehicles Carrying Passengers for Hire.

Art. 6B. Motor Carriers of Property.

Art. 6C. Bus Act of 1949.

Art. 7. Rate Regulation.

Art. 1. Organization of the Commission.

§ 62-1. Number and appointment of commissioners; terms.—The North Carolina utilities commission shall consist of five commissioners, who shall be appointed by the governor, by and with the consent of the 1949 senate, before adjournment sine die. Upon the expiration of the terms of the three commissioners now serving under appointments for terms of six years, their successors shall be appointed for terms of six years beginning the first day of February of the year in which their present terms expire, respectively. The two additional commissioners shall be appointed for terms expiring the first day of February, 1953, and upon the expiration of their terms their successors shall be appointed for terms of four years, respectively. The salary of the additional commissioners shall be fixed by the director of the budget, subject to approval of the advisory budget commission, not in excess of the salaries now paid to the other commissioners. (1941, c. 97, s. 2; 1949, c. 1009, s. 1.)

Editor's Note.—The 1949 amendment rewrote this section. For brief comment on amendment, see 27 N. C. Law Rev. 489.

§ 62-2. Organization of the commission.—To facilitate the work of the commission and for administrative purposes, the chairman of the commission, with the consent and approval of the

commission, may organize the work of the commission in several divisions and may designate a member of the commission as the head of any division or divisions and assign to members of the commission various duties in connection therewith. (1949, c. 1009, s. 2.)

Editor's Note.—The 1949 amendment rewrote this section, which formerly related to salaries of commissioners. For brief comment on amendment, see 27 N. C. Law Rev. 489.

§ 62-10.1. Authority of utilities commission to employ technically qualified personnel.—The utilities commission is authorized and empowered to employ technically qualified personnel to serve as members of its staff and under its direction and supervision, including a communications engineer, an electrical engineer, a director of accounting, a transportation expert, and such other experts as the commission may determine to be necessary in the proper discharge of the commission's duties as prescribed by law. (1949, c. 1009, s. 3.)

Editor's Note.—For brief comment on this section, see 27 N. C. Law Rev. 489.

§ 62-10.2. Appointment of assistant attorney general assigned to utilities commission.—The attorney general shall appoint an additional assistant attorney general who shall be assigned to the utilities commission and shall be under the direction of the attorney general and perform such legal services as may be necessary in connection with the duties of said commission, but the attorney general may require this assistant to perform such other legal duties as may be determined by him. The director of the budget is authorized to transfer to the department of justice, attorney general's division, any appropriations made to the utilities commission for payment of legal services, to be used for the payment of the salary of such assistant attorney general, whose salary shall be fixed as provided by law. (1949, c. 1029, s. 3.)

Editor's Note.—For brief comment on this section, see 27 N. C. Law Rev. 489.

§ 62-10.3. Utilities commission and state board of assessment to coordinate facilities and personnel for mutual assistance for rate making and taxation purposes.—The utilities commission, at the request of the state board of assessment, shall make available to the state board of assessment the services of such of the personnel of the utilities commission as may be desired and required for the purpose of furnishing to the state board of assessment advice and information as to the value of properties of public utilities, the valuations of which for ad valorem taxation are required by law to be determined by the state board of assessment. It shall be the duty of the utilities commission and the state board of assessment, with regard to the assessment and valuation of properties of public utilities doing business in North Carolina, to coordinate the activities of said departments so that each of said boards shall receive the benefit of the exchange of information gathered by them with respect to the valuations of public utilities property for rate making and taxation purposes, and the facilities of each of said state agencies shall be made fully available to both of them. (1949, c. 1029, s. 3.)

Art. 2. Procedure before the Commission.

§ 62-11. Short title.—This article shall be known and may be cited as the North Carolina Utilities Commission Procedure Act of 1949. (1949, c. 989, s. 1.)

Cross Reference.—For cases decided under § 62-11 as it stood prior to the 1949 revision of this article, see note to § 62-12.

Editor's Note.—The 1949 act, effective April 15, 1949, repealed the former sixteen sections of this article and inserted in lieu thereof present §§ 62-11 to 62-26.15. Section 3 of the act provides: "This act shall not apply to any proceeding pending on appeal to the superior court or to the supreme court from an order or decision of the utilities commission made prior to the effective date of this act. Any party to any proceeding, which is pending before the commission at the time of the effective date of this act, who has theretofore filed exceptions within the time and in the manner provided theretofore by law, shall be allowed sixty days after the effective date hereof to file application for rehearing as provided in G. S. 62-26.6 and shall have the right to appeal therefrom as provided in said section."

For a summary and discussion of the 1949 revision of this article, see 27 N. C. Law Rev. 490.

§ 62-12. Commission constituted a court of record.—For the purpose of making investigations, conducting hearings, making decisions and issuing orders, the commission is hereby constituted a court of record and shall have all the powers and jurisdiction of a court of general jurisdiction as to all subjects over which the commission has or may hereafter be given jurisdiction by law. The commissioners, their clerks, and members of the commission's staff designated and assigned as examiners shall have full power to administer oaths and to hear and take evidence. The commission shall render its decisions upon questions of law and of fact as other courts of similar jurisdiction. A majority of the commissioners shall constitute a quorum, and any act or decision of a majority of the commissioners shall constitute the act or decision of the commission. (1949, c. 989, s. 1.)

Editor's Note.—For cases decided under this section as it stood prior to the 1949 revision of this article, see note to § 62-26. The cases cited below were decided under former § 62-11, to which the present § 62-12 corresponds.

Commission Is an Administrative Agency.—The utilities commission, a creature of the General Assembly, is an administrative agency of the state, with such powers and duties as are given it by this chapter. These powers and duties are of a dual nature—supervisory or regulatory, and judicial. State v. Atlantic Greyhound Corp., 224 N. C. 293, 29 S. E. (2d) 909; Utilities Comm. v. Atlantic Greyhound Corp., 224 N. C. 672, 32 S. E. (2d) 23.

With Powers of Court of General Jurisdiction as to Certain Matters.—For the purpose of making investigations and conducting hearings, the legislature has constituted the utilities commission a court of record, with all the powers of a court of general jurisdiction as to all subjects embraced within the purview of the statute, for which procedure is prescribed, with the right in any party affected thereby to appeal to the courts. State v. Atlantic Greyhound Corp., 224 N. C. 293, 29 S. E. (2d) 909; Utilities Comm. v. Atlantic Greyhound Corp., 224 N. C. 672, 32 S. E. (2d) 23.

And May Defer Use of Increased Rates Pending Investigation.—After rates for certain intrastate shipments had been duly established by the utilities commission, defendant sought to increase such rates by filing tariff schedules to that effect. The commission, in a proceeding to which defendant was a party, by order of postponement, which was not objected to, deferred use of the new increased rates pending investigation, and also directed that the rates previously fixed should not be changed by subsequent tariffs or schedules until this investigation and suspension proceeding had been disposed of, continuing the investigation from time to time at the request of defendant. It was held that such action of the commission was binding on defendant. However, defendant should be given a reasonable time to comply with the order before penalties might be invoked. State v. Atlantic Coast Line R. Co., 224 N. C. 283, 29 S. E. (2d) 912.

But without Inherent Powers of Appellate Court.—The North Carolina utilities commission is a court of general jurisdiction only as to subjects embraced within this chapter. It is a court of original jurisdiction and does not pos-

sess the inherent powers of an appellate court. State v. Norfolk Southern Ry. Co., 224 N. C. 762, 32 S. E. (2d) 346.

§ 62-13. Witnesses; production of papers; contempt.—The utilities commission shall have the same power to compel the attendance of witnesses, require the examination of persons and parties, and compel the production of books and papers, and punish for contempt, as by law is conferred upon the superior courts. (1949, c. 989, s. 1.)

§ 62-14. Refusal of witnesses to testify.—If any person duly summoned to appear and testify before the utilities commission, or an examiner of said commission, shall fail or refuse to testify without lawful excuse, or shall refuse to answer any proper question propounded him by a commissioner or examiner in the discharge of duty, or shall conduct himself in a rude, disrespectful or disorderly manner before a commissioner or examiner engaged in the conduct of any hearing or investigation, such persons shall be deemed guilty of a misdemeanor and upon conviction thereof shall be fined not less than fifty dollars ($50.00) nor more than one thousand dollars ($1,000.00). (1949, c. 989, s. 1.)

§ 62-15. Subpoenas, issuance and service.—All subpoenas for witnesses to appear before the commission or an examiner and notice to persons or corporations, shall be issued by the commission or its clerk and be directed to any sheriff, constable or other officer authorized by law to serve process issued out of the superior courts, who shall execute the same and make due return thereof as directed therein, under the penalties prescribed by law for a failure to execute and return the process of any court. The commission shall have the authority to require the applicant for a subpoena for persons and documents to make a reasonable showing that the evidence of such persons or documents will be material and relevant to the issue in the proceeding. (1949, c. 989, s. 1.)

§ 62-16. Service of process and notices.—The clerk of the commission may serve any notice issued by it and his return thereof shall be evidence of said service; and it shall be the duty of the sheriffs and all officers authorized by law to serve process issuing out of the superior courts, to serve any process, subpoenas and notices issued by the commission, and such officers shall be entitled to the same fees as are prescribed by law for serving similar papers issuing from the superior court. Service of notice of all hearings, investigations and proceedings by the commission may be made upon any person upon whom a summons may be served in accordance with the provisions governing civil actions in the superior courts of this state, and may be made personally by an authorized agent of the commission or by mailing in a sealed envelope, registered, with postage prepaid. (1949, c. 989, s. 1.)

§ 62-17. Bonds.—All bonds or undertakings required to be given by any of the provisions of this chapter shall be payable to the state of North Carolina, and may be sued on as are other undertakings which are payable to the state. (1949, c. 989, s. 1.)

§ 62-18. Rules of evidence.—In hearings and investigations conducted under the provisions of this chapter, the commission shall apply the rules of evidence applicable in civil actions in the superior court, in so far as practicable, but no decision or order of the commission shall be made or entered in any such proceeding unless the same is supported by competent material and substantial evidence upon consideration of the whole record. Oral evidence shall be taken only on oath or affirmation. The rules of privilege shall be effective to the same extent that they are now or hereafter recognized in civil actions in the superior court. The commission may exclude incompetent, irrelevant, immaterial and unduly repetitious or cumulative evidence. All evidence, including records and documents in the possession of the commission of which it desires to avail itself, shall be made a part of the record in the case by definite reference thereto at the hearing. Every party to a proceeding shall have the right to call and examine witnesses, to introduce exhibits, to cross-examine opposing witnesses on any matter relevant to the issues, to impeach any witnesses regardless of which party first called such witness to testify and to rebut the evidence against him. If a respondent does not testify in his own behalf, he may be called and examined as if under cross-examination. (1949, c. 989, s. 1.)

§ 62-19. Depositions.—The commission or any party to a proceeding may take and use depositions of witnesses in the same manner as provided by law for the taking and use of depositions in civil actions in the superior court. (1949, c. 989, s. 1.)

Cross Reference.—For cases decided under this section as it stood prior to the 1949 revision of this article, see notes to §§ 62-26.6, 62-26.8.

§ 62-20. Use of affidavits.—At any time, ten or more days prior to a hearing or a continued hearing, any party or the commission may send by registered mail or deliver to the opposing parties a copy of any affidavit proposed to be used in evidence, together with the notice as herein provided. Unless an opposing party or the commission at least five days prior to the hearing if the affidavit and notice are received at least twenty days prior to such hearing, otherwise at any time prior to or during such hearing sends by registered mail or delivers to the proponent a request to cross-examine the affiant at the hearing, the right to cross-examine such affiant is waived and the affidavit, if introduced in evidence, shall be given the same effect as if the affiant had testified orally. If an opportunity to cross-examine an affiant at the hearing is not afforded after request therefor is made as herein provided, the affidavit shall not be received in evidence. The notice accompanying the affidavit shall set forth the name and address of the affiant and shall contain a statement that the affiant will not be called to testify orally and will not be subject to cross-examination unless the opposing parties or the commission demand the right of cross-examination by notice mailed or delivered to the proponent at least five days prior to the hearing if the notice and affidavit are received at least twenty days prior to such hearing otherwise at any time prior to or during such hearing. (1949, c. 989, s. 1.)

Cross Reference.—For cases decided under this section as

it stood prior to the 1949 revision of this article, see note to § 62-26.6.

§ 62-21. Attorney general may intervene in certain cases.—The attorney general shall, in cases in which in his opinion the public interest so requires, or upon the request of the governor or of the commission, attend or assign an assistant to attend any hearing before the commission or an examiner and conduct the examination of witnesses and otherwise participate in said hearing on behalf of the state. (1949, c. 989, s. 1.)

Cross Reference.—For cases decided under this section as it stood prior to the 1949 revision of this article, see notes to § 62-26.10.

§ 62-22. Stipulations and agreements.—In all contested proceedings the commission, by prehearing conferences and in such other manner as it may deem expedient and in the public interest, shall encourage the parties and their counsel to make and enter stipulations of record for the purpose of eliminating the necessity of proof of all facts which may be admitted, the authenticity of documentary evidence, the use of exhibits, and the clarification of the issues of fact and law. The commission may make informal disposition of any contested proceeding by stipulation, agreed settlement, consent order or default. (1949, c. 989, s. 1.)

§ 62-23. Hearings to be public; record of proceedings.—All hearings before the commission or its examiners shall be public, and shall be conducted in accordance with such general rules and regulations as the commission may prescribe. A full and complete record shall be kept of all proceedings had before the commission or its examiners, on any formal hearing, and all testimony shall be taken by a reporter appointed by the commission. Any party to a proceeding shall be entitled to a copy of the record upon the payment of the reasonable cost thereof as determined by the commission. (1949, c. 989, s. 1.)

§ 62-24. Complaints against public utilities.—Complaints may be made by the commission on its own motion or by any corporation or person, chamber of commerce, board of trade, labor organization, or any civic, commercial, mercantile, traffic, agricultural, or manufacturing association or organization, or any body politic or municipal corporation or any agency of the state of North Carolina or any electric membership corporation organized under chapter 291 of the Public Laws of 1935, as amended, having an interest in the subject matter of such complaint by petition or complaint in writing setting forth any act or thing done or omitted to be done by any public utility, including any rule, regulation or charge heretofore established or fixed by or for any public utility in violation of any provision of law or of any order or rule of the commission, or that any rate, charge, schedule, classification, rule, regulation or practice is unjust and unreasonable. Upon good cause shown and in compliance with the rules of the commission, the commission shall also allow any interested person or organization, having an interest in the subject matter of such complaint and authorized to file a complaint, to intervene in any pending proceeding. The commission, by regulation, may prescribe the form of complaints filed under this section, and may in its discretion order two or more complaints dealing with the same subject matter to be joined in one hearing and thereafter no motion shall be allowed for the misjoinder of causes of action or misjoinder or nonjoinder of parties. Unless the commission shall determine, upon consideration of the complaint or otherwise, and after notice to the complainant and after opportunity to be heard that no reasonable ground exists for an investigation of such complaint, the commission shall fix a time and place for hearing, after reasonable notice to the complainant and the utility complained of, which notice shall be not less than ten days before the time set for such hearing. (1949, c. 989, s. 1.)

Editor's Note.—Chapter 291 of Public Laws 1935, referred to in this section, was codified as §§ 117-6 to 117-27.

§ 62-25. Complaints by public utilities.—Any public utility shall have the right to complain on any of the grounds upon which complaints are allowed to be filed by other parties, and the same procedure shall be adopted and followed as in other cases, except that the complaint and notice of hearing shall be served by the commission upon such interested parties as it may designate. (1949, c. 989, s. 1.)

§ 62-26. Burden of proof; commission may make rules of practice.—In all proceedings instituted by the commission for the purpose of investigating any rate, charge, schedule, classification, rule, regulation or practice, the burden of proof shall be upon the carrier or public utility whose rate, charge, schedule, classification, rule, regulation or practice is under investigation to show that the same is just and reasonable. In all other proceedings the burden of proof shall be upon the complainant. Except as otherwise provided in this chapter, the utilities commission is authorized to formulate and promulgate rules of practice. (1949, c. 989, s. 1.)

Rules Must Not Be Contrary to Statutes. — It was held under former § 62-12, to which this section corresponds, that while the power of the legislature to delegate authority to an administrative agency of the state to prescribe rules and regulations for the due and orderly performance of its public functions is unquestioned, this did not authorize the formulation of rules contrary to the statute. State v. Atlantic Coast Line R. Co., 224 N. C. 283, 29 S. E. (2d) 912.

Challenging Validity of Rules by Appeal.—No procedure for appeals to the courts, from rules and regulations of the utilities commission, was prescribed by this article as it stood prior to the revision of 1949, hence it was held that the validity of such rules could not be challenged by appeal. State v. Atlantic Greyhound Corp., 224 N. C. 293, 29 S. E. (2d) 909; Utilities Comm. v. Atlantic Greyhound Corp., 224 N. C. 672, 32 S. E. (2d) 23. See § 62-26.10.

§ 62-26.1. Hearings by the commission, a commissioner or examiner.—Except as otherwise provided in this chapter, any matter requiring a hearing shall be heard and decided by the commission or shall, by written order of the commission, be referred to one of the commissioners or a qualified member of the commission staff as examiner for hearing, report and recommendation of an appropriate order or decision thereon. Subject to the limitations prescribed in this article, a commissioner or examiner, to whom a hearing has been referred by order of the commission, shall have all the rights, duties, powers and jurisdiction conferred by this chapter upon the commission. The commission, in its discretion, may direct any hearing by the commission or any commissioner or examiner to be held in such place or places within the state of North Carolina

as it may determine to be in the public interest and as will best serve the convenience of interested parties. Before any member of the commission staff enters upon the performance of duties as an examiner, he shall first take, subscribe to and file with the commission an oath similar to the oath required of members of the commission. (1949, c. 989, s. 1.)

§ 62-26.2. Recommended decision of a commissioner or examiner.—Any report made or order or decision recommended by a commissioner or examiner with respect to any matter referred to him for hearing shall be in writing and shall set forth separately his findings of fact and conclusions of law and shall be filed with the commission. Copy of such recommended order, report and findings shall be served upon the parties in interest who have appeared in the proceeding. (1949, c. 989, s. 1.)

§ 62-26.3. Rules of practice.—Prior to each decision or order by the commission in a proceeding initially heard by it and prior to any recommended decision or order of a commissioner or examiner, the parties shall be afforded an opportunity to submit, within the time prescribed by order entered in the cause, unless further extended by order of the commission for the consideration of the commission, commissioner, or examiner, as the case may be, proposed findings of fact and conclusions of law and brief. Within the time prescribed by the commissioner or examiner the parties shall be afforded an opportunity to file exceptions to his recommended decision or order and brief in support thereof, provided the time so fixed shall be not less than ten days from the receipt by such party of such recommended decision or order. The record shall show the ruling upon each requested finding and conclusion or exception. All final orders and decisions of the commission shall be sufficient in detail to enable the court on appeal to determine the controverted questions presented in the proceedings and shall include (1) findings and conclusions and the reasons or basis therefor upon all the material issues of fact, law, or discretion presented in the record, and (2) the appropriate rule, order, sanction, relief, or statement of denial thereof. In all contested proceedings in which a commissioner or examiner has filed a report, recommended decision or order to which exceptions have been filed by one or more parties to the proceeding, the commission, before making its final decision or order, shall afford the parties an opportunity for oral arguments. When no exceptions are filed within the time specified to a recommended decision or order, such recommended decision or order shall become the order of the commission and shall immediately become effective unless the order is stayed or postponed by the commission, provided, the commission may, on its own motion, review any such matter and take action thereon as if exceptions thereto had been filed. When exceptions are filed, as herein provided, it shall be the duty of the commission to consider the same and if sufficient reason appears therefor, to grant such review or make such order or hold or authorize such further hearing or proceeding in the premises as may be necessary or proper to carry out the purposes of this chapter. The commission, after review, upon the whole record, or as supplemented by a further hearing, shall decide the matter in controversy and make appropriate order or decision thereon. (1949, c. 989, s. 1.)

§ 62-26.4. Final orders and decisions; service; compliance.—A copy of every final order or decision under the seal of the commission, shall be served by registered mail upon the person, corporation, or municipal corporation against whom it runs or his attorney and notice thereof shall be given to the other parties to the proceeding or their attorney. Such order shall take effect and become operative as designated therein and shall continue in force either for a period which may be designated therein, or until changed or revoked by the commission. If an order cannot, in the judgment of the commission, be complied with within the time designated therein, the commission may grant and prescribe such additional time as in its judgment is reasonably necessary to comply with the order, and may, on application and for good cause shown, extend the time for compliance fixed in its order. (1949, c. 989, s. 1.)

§ 62-26.5. Powers of commission to rescind, alter or amend a prior order or decision.—The commission may at any time upon notice to the public utility affected, and after opportunity to be heard as provided in the case of complaints, rescind, alter or amend any order or decision made by it. Any order rescinding, altering or amending a prior order or decision shall, when served upon the public utility affected, have the same effect as is herein provided for original orders or decisions. (1949, c. 989, s. 1.)

§ 62-26.6. Rehearing; right of appeal.—No party to a proceeding before the commission may appeal from any final order or decision of the commission unless he first petition for a rehearing as provided in this section. Within twenty days after the entry of any final order or decision, or within such time thereafter as may be fixed by the commission, by order made within such twenty days, any party aggrieved by such decision or order may file a petition for rehearing with the commission, which petition shall set forth specifically the ground or grounds on which the applicant considers said decision or order to be unlawful, unjust, unreasonable or unwarranted. Any application for a rehearing made ten days or more before the effective date of the order as to which a rehearing is sought shall be either granted or denied before such effective date, or the order shall then be suspended until such application is granted or denied. Any application for rehearing made within less than ten days before the effective date of the order as to which a rehearing is sought, and not granted within twenty days shall be deemed to be denied, unless the effective date of the order is extended for the period of the pendency of the application. If the application for rehearing is granted, the commission shall proceed to hear and decide the matter with all dispatch. The commission may decide the questions of law and fact raised by the petition to rehear upon the record previously made or order its record reopened and take additional evidence and make its decision upon the original record as amended. Within thirty days after the rendition of a decision on rehearing, if the decision fails to grant the full relief prayed

for in the petition, or within thirty days after a decision becomes final by reason of the failure of the commission to act, the petitioner may appeal to the superior court by filing written notice of such appeal with the commission and serving a copy thereof upon the original complainant, if any, and mailing a copy to each party to the proceeding to the addresses as they appear in the files of the commission in the proceeding. The failure of any party, other than the complainant and the commission, to be served with or to receive a copy of the notice of appeal shall not affect the validity or regularity of the appeal. Within ten days after the filing of the notice of appeal, unless the time be extended by order of the court or by consent of the parties, the commission shall transmit the entire record in the proceeding, or a copy thereof, certified under the seal of the commission, to the superior court of a county agreed upon by the parties, or in the absence of such agreement to the superior court of a county in which the business involved in the proceeding is conducted, or is proposed to be conducted, or in which the remedy or relief sought is to be applied or enforced. The judge holding the courts of the county to which the record is sent or the resident judge of the judicial district embracing said county shall hear and determine all matters arising on such appeal, as in this article provided, and may, in the exercise of discretion, remove the case to any other county. After final determination of the case on appeal, the clerk of the superior court shall return to the commission such records as were transmitted by it to such court, together with a certified copy of the decision of the court. (1949, c. 989, s. 1.)

Powers and Jurisdiction of Commission.—Under this article as it stood prior to the revision of 1949, it was held that, for the purpose of making investigations and conducting hearings, the legislature had constituted the North Carolina utilities commission a court of record, with all the powers and jurisdiction of a court of general jurisdiction as to all subjects embraced within the purview of the statute, for which procedure was prescribed and authorized, with the right in "any party affected thereby" to appeal "from all decisions and determinations made by the utilities commission." State v. Atlantic Greyhound Corp., 224 N. C. 293, 29 S. E. (2d) 909; Utilities Comm. v. Atlantic Greyhound Corp., 224 N. C. 672, 32 S. E. (2d) 23. See § 62-12.

Rehearing upon Exceptions.—Under this article as it stood prior to the 1949 revision, it was held that the utilities commission was not authorized to grant rehearings except in the manner prescribed by former § 62-20, to which this section corresponds. State v. Norfolk Southern Ry. Co., 224 N. C. 762, 32 S. E. (2d) 346.

Notice Mandatory.—Under former § 62-20, it was held that the statutory notice of an appeal by a railroad company from an order of the commission was mandatory, and could not be extended by the consent of the parties of record. State v. Norfolk Southern Ry. Co., 224 N. C. 762, 32 S. E. (2d) 346.

Right of Appeal as Affecting Motor Bus Act.—Since neither the Corporation Commission Act nor the Utilities Commission Act vests the commission with power to grant franchises to motor bus companies, it was said that the right of appeal contained in the Corporation Commission Act and redefined in former §§ 62-19 and 62-20 of the Utilities Commission Act had no relation to orders or decisions under the Motor Bus Act, except, perhaps, orders concerning rates and services. State v. Great Southern Trucking Co., 223 N. C. 687, 28 S. E. (2d) 201 (con. op.). See §§ 62-121.43 to 62-121.79.

Independent Action to Restrain Exercise of Rights Granted by Commission.—Plaintiffs instituted action against a competing carrier to restrain it from exercising rights given it by orders of the utilities commission amending its franchise. The orders were entered in proceedings to which plaintiffs were parties. It was held that plaintiffs had adequate remedy for the protection of their rights by appeal under former §§ 62-19 and 62-20, and judgment sustaining defendant's demurrer in the independent action was proper. Atlantic Greyhound Corp. v. North Carolina Utilities Comm., 229 N. C. 31, 47 S. E. (2d) 473.

§ 62-26.7. Appeal docketed; priority of trial.—The cause shall be entitled "State of North Carolina on relation of the Utilities Commission against (here insert name of appellant)". It shall be placed on the civil issue docket of such court and shall have precedence over other civil actions. (1949, c. 989, s. 1.)

§ 62-26.8. Parties on appeal.—In any appeal to the superior court, the complainant in the original complaint before the commission shall be a party to the record and each of the parties to the proceeding before the commission shall have a right to appear and participate in said appeal. (1949, c. 989, s. 1.)

The utilities commission is a party of record in a proceeding before it, and upon appeal the commission becomes the party plaintiff. State v. Norfolk Southern Ry. Co., 224 N. C. 762, 32 S. E. (2d) 346.

§ 62-26.9. No evidence admitted on appeal; remission for further evidence.—No evidence shall be received at the hearing on appeal but if any party shall satisfy the court that evidence has been discovered since the hearing before the commission that could not have been obtained for use at that hearing by the exercise of reasonable diligence, and will materially affect the merits of the case, the court may, in its discretion, remand the record and proceedings to the commission with directions to take such subsequently discovered evidence, and after consideration thereof, to make such order as the commission may deem proper, from which order an appeal shall lie as in the case of any other final order, from which order an appeal may be taken as provided in G. S. § 62-26.6, except that no additional petition for rehearing shall be required. (1949, c. 989, s. 1.)

§ 62-26.10. Record on appeal; extent of review.—On appeal the court shall review the proceeding without a jury in chambers or at term time and such review shall be confined to the record as certified by the commission to the court, except that in cases of alleged irregularities in procedure before the commission, not shown in the record, testimony thereon may be taken in the court. So far as necessary to the decision and where presented, the court shall decide all relevant questions of law, interpret constitutional and statutory provisions, and determine the meaning and applicability of the terms of any commission action. The court may affirm or reverse the decision of the commission, declare the same null and void, or remand the case for further proceedings; or it may reverse or modify the decision if the substantial rights of the appellants have been prejudiced because the commission's findings, inferences, conclusions or decisions are:

(a) in violation of constitutional provisions, or

(b) in excess of statutory authority or jurisdiction of the commission, or

(c) made upon unlawful proceedings, or

(d) affected by other errors of law, or

(e) unsupported by competent, material and substantial evidence in view of the entire record as submitted, or

(f) arbitrary or capricious.

The court shall also compel action of the commission unlawfully withheld or unlawfully or unreasonably delayed. In making the foregoing deter-

minations, the court shall review the whole record or such portions thereof as may be cited by any party and due account shall be taken of the rule of prejudicial error. The appellant shall not be permitted to rely upon any grounds for relief on appeal which were not set forth specifically in his petition for rehearing by the commission. Upon any appeal to the superior court, the rates fixed, or any rule, regulation, finding, determination, or order made by the commission under the provisions of this chapter, shall be prima facie just and reasonable. If on any appeal the court may determine that an issue is presented which, for constitutional reasons, must be submitted to a jury, the court may order a jury trial as to such issue. (1949, c. 989, s. 1.)

Prior to the 1949 revision of this article, on appeal to the superior court the trial was under the same rules and regulations applicable in other civil causes, save and except the prima facie effect to be given the decision or determination of the commission. State v. Great Southern Trucking Co., 223 N. C. 687, 28 S. E. (2d) 201.

Trial Was De Novo.—A provision of former § 62-21, to which this section corresponds, that on appeal the trial should be "under the same rules and regulations as are prescribed for the trial of other civil causes," was interpreted to mean that the trial should be de novo. State v. Great Southern Trucking Co., 223 N. C. 687, 28 S. E. (2d) 201, citing North Carolina Corp. Comm. v. Winston-Salem Southbound R. Co., 170 N. C. 560, 87 S. E. 785.

Decision of Commission Was "Prima Facie Just and Reasonable."—While on appeal from the utility commission to the superior court the provision of former § 62-21 was interpreted to mean that the trial should be ne dovo, the section also provided that the decision or determination of the commission "shall be prima facie just and reasonable." State v. Great Southern Trucking Co., 223 N. C. 687, 28 S. E. (2d) 201.

Affirmance of Decision of Commission. — Under former § 62-21, in the absence of a showing that the decision of the utilities commission was clearly unreasonable and unjust, appellee, on appeal to superior court, was entitled to an affirmance of the decision of the commission. State v. Carolina Coach Co., 224 N. C. 390, 30 S. E. (2d) 328.

§ 62-26.11. Relief pending review on appeal.—Pending judicial review, the commission is authorized, where it finds that justice so requires, to postpone the effective date of any action taken by it. Upon such conditions as may be required and to the extent necessary to prevent irreparable injury, except as provided in G. S. § 62-136, the judge of the superior court is authorized to issue all necessary and appropriate process to postpone the effective date of any action by the commission or take such action as may be necessary to preserve status or rights of any of the parties pending conclusion of the proceedings on appeal. The court may require the applicant for such stay to post adequate bond as required by the court. (1949, c. 989, s. 1.)

§ 62-26.12. Appeal to supreme court.—Any party may appeal to the supreme court from the judgment of the superior court under the same rules and regulations as are prescribed by law for appeals, except that the utilities commission, if it shall appeal, shall not be required to give any undertaking or make any deposit to assure the cost of such appeal, and such court may advance the cause on its docket so as to give the same a speedy hearing. (1949, c. 989, s. 1.)

§ 62-26.13. Judgment on appeal enforced by mandamus.—In all cases in which, upon appeal, a judgment of the utilities commission is affirmed, in whole or in part, the appellate court shall embrace in its decree a mandamus to the appellant to put said order in force, or so much thereof as shall be affirmed, or the appellate court may make such other order as it deems appropriate. (1949, c. 989, s. 1.)

§ 62-26.14. Peremptory mandamus to enforce order, when no appeal.—If no appeal is taken from an order, decision or judgment of the utilities commission within the time prescribed by law and the utility, corporation, firm or person to which the order, decision or judgment is directed, fails to put the same in operation, as therein required, the utilities commission may apply to the judge riding the superior court district which embraces Wake county or to the resident judge of said district at chambers, or to the judge holding the superior court in any judicial district in which the business is conducted upon ten days' notice, for a peremptory mandamus upon said utility, corporation, firm or person for the putting in force of said order, decision or judgment; and if said judge shall find that the order of said commission was valid and within the scope of its powers, he shall issue such peremptory mandamus. An appeal shall lie to the supreme court in behalf of the utilities commission, or the defendant utility, corporation, firm or person, from the refusal or the granting of such peremptory mandamus. The remedy herein prescribed for enforcement of orders of the commission is in addition to other remedies prescribed by law. (1949, c. 989, s. 1.)

§ 62-26.15. Procedural provisions not repealed.—Nothing in this article shall be construed to repeal any of the procedural provisions of article 6B and article 7 of chapter 62 of G. S. (1949, c. 989, s. 4.)

Private Persons May Not Maintain Action to Force Continuing Operation. — Persons asserting unliquidated damages past and prospective resulting to them as consignees and consignors from the abandonment of the operation of a railroad may not in their individual capacities maintain an action to force continuing operation of the railroad by the appointment of a permanent operating receiver, since such damages, though possibly different in degree, are not different in kind from those sustained by the public generally, and since the power to require continuous operation

in the public interest of the state is vested exclusively by statute in the utilities commission. Sinclair v. Moore Cent. R. Co., 228 N. C. 389, 45 S. E. (2d) 555.

§ 62-48. To inspect railroads as to equipment and facilities, and to require repair.

§ 62-54. To regulate crossings of telephone, telegraph, electric power lines and crossings of rights of way of railroads and other utilities by another utility.—The utilities commission upon its own motion or upon petition of any utility operating in this state and subject to regulation by the utilities commission under the provisions of this chapter or upon petition of the North Carolina Rural Electrification Authority on behalf of any electric membership corporation organized under chapter 291 of the Public Laws of 1935, as amended, or church or other place of public worship shall have the power and authority, after notice and hearing, to order the lines and right of way of any utility, railroad or electric membership corporation or church or other place of public worship to be crossed by any other utility or electric membership corporation, or church or other place of public worship. The commission, in all such cases, may require any telephone, telegraph or electric power lines making such crossings to be constructed and maintained in a safe manner and in accord with accepted and approved standards of safety so that the wires of one line will not fall upon the other or that the wires of any telephone, telegraph or electric power lines shall not fall upon the track and right of way of any railroad, and to prescribe the manner in which such construction shall be done. The commission shall also have the power and authority to discontinue and prohibit such crossings where they are unnecessary and can reasonably be avoided and to order changes in existing crossings when deemed necessary. In all cases in which the commission orders such crossings to be made or changed and when the parties affected cannot agree upon the cost of the construction of such crossings or the damages to be paid to one of the parties for the privilege of crossing the lines of such party, it shall be the duty of the commission to apportion the cost of such construction and to fix the damage if any to be paid to apportion the damages, if any, among the parties in such manner as may be just and equitable. Nothing in this section shall be construed to limit the right and power of the utilities commission in all cases in which it shall determine that any crossing of the lines of one utility over the lines of another has been rendered dangerous by the presence of high tension wire or wires of any electric power or light company to require the utility owning such high tension wire or wires to pay the entire cost of constructing and maintaining such crossing in a safe manner. This section shall not be construed to limit the right of eminent domain conferred upon railroads, utilities, electric membership corporations, churches and other places of public worship by the laws of this state or to limit the right and duty conferred by law with respect to crossing of railroads and highways or railroads crossing railroads, but the duty imposed and the remedy given by this section shall be in addition to other duties and remedies now prescribed by law. Any party shall have the right of appeal from any final order or decision or determination of the commission as provided by law for appeals from orders or decisions or final determinations of the utilities commission. (1913, c. 130, s. 1; 1933, c. 134, s. 8; 1941, c. 97; 1949, c. 1029, s. 1; C. S. 1052.)

Editor's Note.—The 1949 amendment rewrote this section. Chapter 291 of Public Laws 1935, referred to in the first sentence, was codified as §§ 117-6 to 117-27.

For a brief comment on the 1949 amendment, see 27 N. C. Law Rev. 493.

§ 62-56.1. To require extension or contraction of railroad switching limits.—1. Powers of Utilities Commission.—In addition to the powers and duties conferred upon the North Carolina utilities commission by chapter 62 of the General Statutes of North Carolina, the said North Carolina utilities commission is hereby authorized and empowered to require the extension or contraction of the boundaries of the switching limits of any railroad company at any point where the commission has information that a shipper or a prospective shipper is being discriminated against or subjected to unreasonable practices, or where it would be to the best interest of the shipper or prospective shipper to be included in the switching limits or excluded from the switching limits.

2. Application to Be Included within Switching Limits; Notice; Hearing and Order.—Upon the application of any shipper or prospective shipper to be included within the switching limits of a terminal or junction which is served by more than one railroad, the North Carolina utilities commission may cause notice to be given to the carrier or carriers serving such terminal. If upon investigation and hearing based upon such application the commission finds that such shipper or prospective shipper should be within or without the switching limits of the terminal or junction, then the commission is authorized and empowered to order the switching limits extended or contracted as the facts may warrant in each case.

3. Switching Limits to Be Observed Regardless of Character of Traffic.—The boundaries of switching limits which have been or may be established hereunder shall be the boundaries to be observed by the railroad company, carrier or carriers whether or not the traffic moving into said boundaries or out of said boundaries is either interstate or intrastate in character.

4. Penalties for Failure to Comply with Commission Orders, etc.—The failure or refusal of any railroad company, carrier or carriers to conform to or obey any decision, rule, regulation or order made by the commission under the provisions of this section shall subject said railroad company, carrier or carriers refusing or failing to comply herewith to a penalty of five hundred dollars ($500.00); and each day that such failure or refusal to conform to or obey any decision, rule, regulation or order of the commission shall subject said railroad company, carrier or carriers to a separate and distinct penalty of five hundred dollars ($500.00), the same to be certified to and prosecuted by the attorney general as provided in chapter 62 of the General Statutes of North Carolina. (1947, c. 1075, ss. 1-4.)

§ 62-63. To notify of violation of rules and institute suit.

Private Persons May Not Maintain Action to Force Continuing Operation of Railroad.—See note to § 62-46.

§ 62-74. Compelling efficient service, extension of services and facilities, additions and improvements.—Whenever the commission, after reasonable notice and a hearing had upon its own motion or upon complaint, finds that the service of any public utility is inadequate, insufficient or unreasonably discriminatory, or that persons are not served who may reasonably be served, or that additions, extensions, repairs or improvements to, or changes in, the existing plant, equipment, apparatus, facilities or other physical property of any public utility, or of any two or more public utilities ought reasonably to be made or that it is reasonable and proper that new structures should be erected to promote the security or convenience or safety of its patrons, employees and the public or to do any other act necessary to secure reasonably adequate service or facilities and to reasonably and adequately serve the public convenience and necessity, the commission shall enter and serve an order directing that such additions, extensions, repairs, improvements, or additional services or changes shall be made or effected within a reasonable time prescribed in the order; and if such order is directed to two or more public utilities, the utilities so designated shall be given such reasonable time as the commission may grant within which to agree upon the portion or division of the cost of such additions, extensions, repairs, improvements or changes which each shall bear. If at the expiration of the time limited in the order of the commission, the utility or utilities named in the order shall fail to file with the commission a statement that an agreement has been made for a division or apportionment of the cost or expense, the commission shall have the authority, after further hearing in the same proceedings to make an order fixing the portion of such cost or expense to be borne by each public utility affected and the manner in which the same shall be paid or secured. (1933, c. 307, s. 10; 1949, c. 1029, s. 2.)

§ 62-82. Assumption of certain liabilities and obligations to be approved by commission; refinancing of utility securities.

Furthermore, in the event of an application by a utility for the refinancing of its outstanding shares of stock by exchanging or redeeming such outstanding shares, the exchange or redemption of such shares of any dividend rate or rates, class or classes, may be made, in whole or in part, in the manner and to the extent approved by the commission, notwithstanding any provisions of law applicable to corporations in general: Provided, that the proposed transactions are found by the commission to be in the public interest and in the interest of consumers and investors, and provided that any redemption shall be at a price or prices, not less than par, and at a time or times, stated or provided for in the utility's charter or stock certificates. (1933, c. 307, s. 18; 1945, c. 656.)

Editor's Note.—The 1945 amendment added the above provision at the end of this section. As the rest of the section was not affected by the amendment it is not set out.

§ 62-89. Not applicable to debentures of court receivers; notice to commission.

Art. 6. Motor Carriers Generally.

§§ 62-103 to 62-121: Repealed by Session Laws 1949, c. 1132, § 38.

Editor's Note.—The repealing section is codified as § 62-121.79.

Art. 6A. Insurance and Safety Regulations for Motor Vehicles Carrying Passengers for Hire.

§ 62-121.1. Insurance and approval of equipment prerequisite to transporting passengers for compensation.—No person, firm, partnership, or corporation, or the agent of either, shall transport persons for compensation in the state of North Carolina without having first filed with the North Carolina utilities commission such insurance as said commission may require, nor use any equipment in such transportation as has not been approved by the said commission for use in the transportation of persons. (1947, c. 1025, s. 1.)

Editor's Note.—For a brief discussion of this article, see 25 N. C. Law Rev. 384.

§ 62-121.2. Certificate required for issuance of license; cancellation of license.—The motor vehicle department shall not issue any license for use upon any motor vehicle for the transportation of persons for compensation until it shall have received from the North Carolina utilities commission a certificate that there has been filed with said commission such insurance as it may require, and that the equipment to be used is safe for the transportation of persons for compensation. When any license shall have been issued by the motor vehicle department, and the required insurance shall not then be effective, or the commission shall have found that the equipment being used is unsafe for the transportation of persons for compensation, upon certificate from the North Carolina utilities commission, the license shall be cancelled by the motor vehicle department. (1947, c. 1025, s. 2.)

§ 62-121.3. Exemptions from application of article.—This article shall not apply to motor vehicle carriers regulated under Article 6, Chapter 62, General Statutes of North Carolina, nor to taxi cabs, nor to motor vehicles used exclusively in the transportation of bona fide employees of an

industrial plant to and from the places of their regular employment. (1947, c. 1025, s. 3.)

§ 62-121.4. Fee for certificate.—The North Carolina Utilities Commission shall charge a fee of one dollar ($1.00) for each vehicle certified to the Motor Vehicle Department under the provisions of this article. (1947, c. 1025, s. 4.)

Art. 6B. Motor Carriers of Property.

§ 62-121.5. Declaration of policy.—Upon investigation, it has been determined that the transportation of property by motor carriers for compensation over the public highways of the state is a business affected with the public interest; that there has been shown a definite public need for the continuation and preservation of all existing motor carrier service, and to that end, it is hereby declared to be the policy of the state of North Carolina to preserve and continue all motor carrier transportation services now afforded this state, and to provide fair and impartial regulations of motor carriers of property in the use of the public highways in such a manner as to promote, in the interest of the public, the inherent advantages of highway transportation; to promote adequate, economical and efficient service to all of the communities of the state by motor carriers engaged in the transportation of property over the public highways for compensation; to encourage the establishment and maintenance of reasonable charges for transportation services without unjust discriminations, undue preferences or advantages, or unfair or destructive competitive practices; to encourage and promote harmony among motor carriers of property, between such carriers and carriers of property by rail or water, and between all carriers of property and the shipping public; to foster a coordinated statewide motor carrier service; to conform with the national transportation policy and the federal motor carrier acts insofar as the same may be found practical and adequate for application to intrastate commerce; and to cooperate with other states and with the federal government in promoting and coordinating intrastate and interstate commerce by motor carriers. (1947, c. 1008, s. 1.)

Editor's Note.—The act from which this article was codified became effective on October 1, 1947. Its title purported to amend and restate the provisions of article 6 of this chapter insofar as the same applied to motor carriers of property. See § 62-121.79.

§ 62-121.6. Delegation of jurisdiction.—Full power and authority to administer and enforce the provisions of this article, and to make and enforce reasonable and necessary rules and regulations to that end, are hereby vested in the North Carolina utilities commission. (1947, c. 1008, s. 2.)

(1947, c. 1008, s. 3.)

§ 62-121.8. Exemption from regulations.—(1) Nothing in this article shall be construed to include persons and vehicles engaged in one or more of the following services if not engaged at the time or at other times in the transportation of other property by motor vehicle for compensation: (a) transportation of property for or under the control of the United States government, or the state of North Carolina, or any political subdivision thereof, or any board, department or commission of the state, or any institution owned and supported by the state; (b) transportation in bulk of sand, gravel, dirt, debris, and other aggregates, or ready-mixed paving materials for use in street or highway construction or repair; (c) transportation of newspapers; (d) transportation of household effects of a family from one residence to another, or to or from a place of storage; (e) transportation of farm, dairy or orchard products from farm, dairy or orchard to warehouse, creamery, or other original storage or market; (f) transportation for and under the control of cooperative associations organized and operating under the Federal Agricultural Marketing Act, U. (2) Nothing in this section or in this article shall be so construed as to deny the commission the right at any time to require of any person or carrier purporting to operate under the provisions of this section satisfactory proof that such person or carrier is, in fact, so operating, and to that end the commission may conduct such investigations and make such orders as it deems necessary to enforce compliance with this section. (1947, c. 1008, s. 4.)

§ 62-121.9. General powers and duties of the commission.—The commission is hereby vested with power and it shall be its duty:

(1) To supervise and regulate common carriers by motor vehicle as provided in this article, and to that end the commission may establish reasonable requirements with respect to continuous and adequate service, uniform systems of accounts, records, reports and the preservation of records.

(2) To supervise and regulate contract carriers as provided in this article, and to that end the commission may establish reasonable requirements with respect to uniform systems of accounts, records, reports and the preservation of records, but shall not require, and nothing in this article shall be construed to require, contract carriers to become common carriers.

(3) To supervise and regulate motor carriers, as defined in this article, in all matters affecting the relationship between such carriers, or the relationship between such carriers and the shipping public, in any manner necessary to promote harmony among such carriers, safety and efficiency of service to the public.

(4) To determine, upon its own motion, or upon motion by a motor carrier, or any other party in interest, whether the transportation in intrastate commerce performed by any motor carrier or class of motor carriers lawfully engaged in operation in this state is in fact of such nature, character, or quantity as not substantially to affect or impair uniform regulation by the commission of transportation by motor carriers engaged in intrastate commerce in effectuating the transportation policy declared in this article. Upon so finding, the commission shall issue a certificate of exemption to such motor carrier or class of motor carriers which, during the period such certificate shall remain effective and unrevoked, shall exempt such carrier or class of motor carriers from compliance with the provisions of this article, and shall attach to such certificate such reasonable terms and conditions as the public interest may require. At any time after the issuance of any such certificate of exemption, the commission may by order revoke all or any part thereof, if it shall find that the transportation in intrastate commerce performed by the carrier or class of carriers designated in such certificate will be, or shall have become, or is reasonably likely to become, of such nature, character, or quantity as in fact substantially to affect or impair uniform regulation by the commission of intrastate transportation by motor carriers in effectuating the transportation policy declared in this article. Upon

revocation of any such certificate, the commission shall restore to the carrier or carriers affected thereby, without further proceedings, the authority, if any, to operate in intrastate commerce held by such carrier or carriers at the time the certificate of exemption pertaining to such carrier or carriers became effective. No certificate of exemption shall be denied, and no order of revocation shall be issued, under this paragraph, except after reasonable opportunity for hearing to interested parties.

(5) To administer, execute, and enforce all the provisions of this article, to make and enforce all necessary orders in connection therewith, and to prescribe rules, regulations, and procedure for such administration.

(6) For the purpose of the administration of the provisions of this article, to inquire into the management of the business of motor carriers and into the management of the business of persons controlling, controlled by, or under common control with, motor carriers to the extent that such persons have a pecuniary interest in the business of one or more motor carriers, and the commission shall keep itself informed as to the manner and method in which the same are conducted, and may obtain from such carriers and persons such information as the commission deems necessary to carry out the provisions of this article.

(7) To prescribe qualifications and maximum hours of service of employees of carriers, and safety of operation and equipment, and in the interest of uniformity of intrastate and interstate rules and regulations applicable within the state of North Carolina with respect to maximum hours of service of truck drivers and/or their helpers, and safety of operation and equipment, the commission may adopt and enforce the rules and regulations adopted and promulgated by the Interstate Commerce Commission with respect thereto, insofar as the commission finds the same to be practical and advantageous for application in this state, and to that end the commission may avail itself of the assistance of any other agency of the state having special knowledge of such matters, to make such investigations and tests as may be deemed necessary to promote safety of equipment and operation of trucks upon the highways.

(8) To relieve the highways of all undue burdens and safeguard traffic thereon by promulgating and enforcing reasonable rules, regulations and orders designed and calculated to minimize the dangers attending transportation on the highways of all commodities including explosives or highly inflammable or combustible liquids, substances or gases.

(9) The commission may from time to time establish such just and reasonable classifications of groups of carriers included in the term "common carrier by motor vehicle" or contract carrier by motor vehicle as the special nature of the service performed by such carriers shall require; and such just and reasonable rules, regulations, and requirements, consistent with the provisions of this article, to be observed by such carriers so classified or grouped, as the commission deems necessary or desirable in the public interest.

(10) Upon complaint in writing to the commission by any person, organization, or body politic, or upon its own initiative without complaint, the commission may investigate whether any motor carrier has failed to comply with any provision of this article, or with any requirement pursuant thereto; and if the commission finds upon such investigation, after due notice and hearing, that the motor carrier has failed to comply with any such provision or requirement, the commission shall issue an appropriate order to compel the carrier to comply therewith. The commission may dismiss such complaint without investigation when it is of the opinion that the complainant does not state reasonable grounds for investigation and action on its part. (1947, c. 1008, s. 5.)

§ 62-121.10. Issuance of certificates in lieu of outstanding certificates.—It shall be the duty of the commission under this article to issue a certificate, as a matter of course and without further proceedings, to each carrier operating on the effective date of this article under a certificate heretofore issued by the commission, granting to each such carrier the same operating rights held and exercised by it under its outstanding certificate, including amendments thereto which have heretofore been or may hereafter be authorized by the commission on applications heard before the effective date of this article, and such certificate shall be deemed issued until prepared and actually issued by the commission, and in the issuance of such certificate to a regular route common carrier of general commodites, the commission may, in its discretion, delete therefrom any or all so-called "closed door operations"; that is to say, any or all restrictions appearing in such carrier's outstanding certificate which prohibit such carrier from receiving and/or delivering freight at certain points, or between certain points, along the highways over which such carrier is authorized to perform regular route operations; provided, that nothing herein shall relieve any common carrier by motor vehicle from compliance with the provisions of §§ 62-121.18, 62-121.19 and 62-121.20 within such reasonable time as the commission may require. (1947, c. 1008, s. 6.)

§ 62-121.11. Issuance of certificates to qualified common carriers by motor vehicle operating on and continuously since January 1st, 1947.—(1) Generally.—Subject to § 62-121.20, if any carrier or predecessor in interest was in bona fide operation as a common carrier by motor vehicle on January 1st, 1947, over the route or routes or within the territory for which application is made under this section, and has so operated since that time, or if engaged in furnishing seasonal service only, was in bona fide operation on January 1st, 1947, during the season ordinarily covered by its operation and has so operated since that time, except in either instance as to interruptions of service over which the applicant or its predecessor in interest had no control, the commission shall issue a certificate to such carrier without requiring further proof that public convenience and necessity will be served by such operation, if such carrier qualifies itself in the following manner.

(2) Duty of Carrier.—This section shall not apply to a carrier unless the carrier on or before the effective date of this article files with the commission on forms furnished by it an application under oath for a certificate under this section,

giving such information and in such detail as the commission may require, including the following:

(a) The full name and address of each person owning an interest in the transportation business of the carrier, the date when each such interest was acquired if subsequent to January 1st, 1946, and the name and address of the carrier's predecessor in interest, if any.

(b) A full and complete report of the operations of the carrier or its predecessor for one or more full calendar months duing the year 1946 chosen by the carrier as being representative of the nature, extent, and frequency of its continuous operations from January 1st, 1947, to the date the application is filed, which report for the month or months covered shall give the date of each intrastate shipment, the waybill number, or other identification number, if any, the point of origin, point of destination, a general description of the commodity transported, its weight and the transportation charges received.

(c) An accurate description of the highways over which and the termini between which the carrier, during the month or months covered by its report, performed regular route operations.

(d) An accurate description of the territory within which the carrier, during the month or months covered by its report, performed irregular route operations.

(e) The make, type, and carrying capacity of each truck or other units of equipment owned, operated by, or licensed in name of the carrier or predecessor in interest, for the years 1946 and 1947, respectively.

(f) A current balance sheet showing the assets, liabilities, and net worth of the carrier.

(3) Duty of Commission.—The commission shall issue a certificate to such carrier authorizing the regular route operations and the irregular route operations for which application is made, as provided in this section, but only to the extent that the commission finds from the application that the operations of such carrier were reasonably frequent and continuous throughout the period covered by the report of operations filed with and made a part of the application, and to that end the application so filed shall be received in evidence by the commission; provided, however, the commission may require such supporting or additional evidence as it may desire as to the verity of the facts stated in the application; provided, further, that the commission may deny such certificate upon a finding from competent evidence that the applicant is unfit, or otherwise disqualified, to perform the service for which application is made. In the event no protest is filed within such time as may be prescribed by the rules of the commission, the necessary findings may be made and certificate issued without a hearing. (1947, c. 1008, s. 7.)

§ 62-121.12. Issuance of permits to qualified contract carriers operating on and continuously since January 1st, 1947.—(1) Generally.—Subject to § 62-121.20, if any carrier or predecessor in interest was in bona fide operation as a contract carrier by motor vehicle on January 1st, 1947, over the route or routes, or within the territory for which application is made under this section, and has so operated since that time, or, if engaged in furnishing seasonal service only, was in bona fide operation on January 1st, 1947, during the season ordinarily covered by its operations, except in either instance as to interruptions of service over which the applicant or its predecessor in interest had no control, the commission shall issue a permit to such carrier, if such carrier qualifies itself in the following manner.

(2) Duty of Carrier.—This section shall not apply to a carrier unless the carrier on or before the effective date of this article files with the commission on forms furnished by it an application under oath for a permit under this section, giving such information and in such detail as the commission may require, including the following:

(a) The full name and address of each person owning an interest in the transportation business of the carrier.

(b) The number of consignors served as a contract carrier during the month of January, 1947, and the points of origin and points of destination from and to which the carrier operated during said month.

(No such contract shall be open to inspection by other carriers or by the public, except by order of court or by order of the commission in a proceeding involving the violation of some law or valid regulation of the commission in which such contract becomes material.)

(e) A current balance sheet showing the assets, liabilities, and net worth of the carrier.

(3) Duty of Commission.—The commission shall issue a permit to such carrier, authorizing operations for which application is made under this section, but only to the extent that the commission finds from the application that the applicant was a bona fide contract carrier on January 1st, 1947, and has continued to so operate since that time, seasonal service and unavoidable interruptions considered; and to that end, the application so filed shall be received in evidence by the commission; provided, however, the commission may require such supporting or additional evidence as it may desire as to the verity of the facts stated in the application; provided further, that the commission may deny such permit upon a finding from competent evidence that the applicant is unfit or otherwise disqualified to perform the service for which application is made. In the event no protest is filed within such time as may be prescribed by the rules of the commission, the necessary findings may be made and permit issued without a hearing. (1947, c. 1008, s. 8.)

§ 62-121.13. Issuance of certificates to persons whose operations were abandoned because of service with the armed forces.—(1) Any person who was regularly engaged in the transportation business as a common carrier by motor vehicle subsequent to January 1st, 1940, of which such person was a principal owner, and who abandoned such transportation business because of entry into the armed forces of the United States, shall be entitled to a certificate, as provided in this sec-

tion, authorizing the operations so abandoned; provided, however, that such person on or before the effective date of this article files with the commission on forms furnished by it an application under oath for a certificate under this section, giving such information and in such detail as the commission may require, including the following:

(a) The full name and address of each person owning an interest in such transportation business at the time the same was abandoned and the interest owned by each.

(d) An accurate description of the highways over which, and the termini between which, such person performed regular route operations during the calendar month or months chosen, as herein provided.

(e) An accurate description of the territory within which such person performed irregular route operations during the calendar month or months chosen, as herein provided.

(f) The make, type, and carrying capacity of each truck or other unit of equipment owned, operated by, or licensed in the name of the applicant during the last month of regular operations.

(g) A current balance sheet showing the assets, liabilities and net worth of the applicant.

(2) If the commission finds from the application that the applicant abandoned a bona fide operation as a common carrier by motor vehicle under the conditions set out in this section, it shall issue a certificate to such applicant authorizing the regular route operations and the irregular route operations for which application is made, as provided in this section, but only to the extent that it finds from the application that the operations of such person were reasonably frequent and continuous throughout the period covered by its application, seasonal service and unavoidable interruptions considered, and to that end, the application so filed shall be received in evidence by the commission; provided, however, the commission may require such supporting or additional evidence as it may desire as to verity of the facts stated in the application; provided further, the commission may deny such certificate upon a finding from competent evidence that the applicant is unfit or otherwise disqualified to perform the service for which application is made. In the event no protest is filed within such time as may be prescribed by the rules of the commission, the necessary findings may be made and certificate issued without a hearing. (1947, c. 1008, s. 9.)

§ 62-121.14. Issuance of temporary authority.—Upon the filing of an application in good faith for a certificate, or permit, as provided in §§ 62-121.11, 62-121.12 and 62-121.13, respectively, the commission shall, pending its final decision on the application, issue to the applicant appropriate temporary authority to operate as a common carrier by motor vehicle, or as a contract carrier by motor vehicle, as the case may be, under such just and reasonable conditions and limitations as the commission deems necessary or desirable to impose in the public interest; provided, however, that pending such final decision on the application, the applicant shall comply with all the provisions of this article, and with the lawful orders, rules and regulations of the commission promulgated thereunder, applicable to holders of certificates or permits, and upon failure of an applicant so to do, after reasonable notice from the commission requiring compliance therewith in the particulars set out in the notice, and after hearing, the application may be dismissed by the commission without further proceedings, and temporary authority issued to such applicant revoked. (1947, c. 1008, s. 10.)

§ 62-121.15. Applications and hearings.—(1) Except as otherwise provided in §§ 62-121.8, 62-121.10 to 62-121.14 and 62-121.21, no person, after the effective date of this article, shall engage in the transportation of property in intrastate commerce or continue in any such operations until and unless such person shall have applied to and obtained from the commission a certificate or permit authorizing such operations, and it shall be unlawful for any person to knowingly or wilfully operate in intrastate commerce in any manner contrary to the provisions of this article, or of the rules and regulations of the commission made pursuant thereto.

(2) Applications for certificates or permits shall be made to the commission in writing on forms furnished by the commission, shall be verified under oath by the applicant, and shall contain such information and in such form and detail as the commission may require.

(3) Upon filing of an application for a certificate or a permit, the commission shall, within a reasonable time, fix a time and place for hearing such application not less than thirty (30) days after such filing. The commission shall cause notice of the time and place of hearing to be given by mail to the applicant, to other motor carriers holding certificates or permits and operating in the territory proposed to be served by the applicant, to other carriers who have pending applications to so operate, and to rail carriers operating in such territory.

(4) The notice herein required shall be given at least twenty (20) days prior to the date fixed for the hearing and shall be deemed given on the date the same is mailed, but failure of any such person, other than the applicant, to receive any such notice shall not, for that reason, invalidate the action of the commission in granting or denying such application.

(5) The commission may, by general regulation, require parties desiring to protest the granting an application for a certificate or permit, in whole or in part, to mail or deliver to the commission and to the applicant, within such reasonable time prior to the date fixed for the hearing as the commission may by regulation require,

written protests under oath specifying the grounds for such protests and the particular way and manner in which the protestant will be adversely affected by the granting of the application. If no such protest is filed within the time required, the commission may make the necessary findings and issue the certificate or permit without a hearing; otherwise, except as provided in §§ 62-121.10 to 62-121.13, no certificate or permit shall be issued, or amended so as to enlarge the scope of operations, without a hearing on an application therefor, as provided in this section.

(6) If the application is for a certificate, the burden of proof shall be upon the applicant to show to the satisfaction of the commission, (a) that a public demand and need exists for the proposed service in addition to existing authorized transportation service, and (b) that the applicant is fit, willing and able to properly perform the proposed service, consideration being given to the financial ability of the applicant to furnish adequate service and to the probability of its continuation.

(7) If the application is for a permit, the commission shall give due consideration to (a) whether the proposed operations conform with the definition in this article of a contract carrier, (b) whether the proposed operations will unreasonably impair the efficient public service of carriers operating under certificates and/or rail carriers, (c) whether the proposed service will unreasonably impair the use of the highways by the general public, (d) whether the applicant is fit, willing and able to properly perform the service proposed as a contract carrier, (e) whether the proposed operations will be consistent with the public interest and the transportation policy declared in this article, and (f) other matters tending to qualify or disqualify the applicant for a permit. (1947, c. 1008, s. 11.)

§ 62-121.16. Terms and conditions of certificate.—Any certificate issued under this article shall specify the service to be rendered and the routes over which, the fixed termini, if any, between which, and the intermediate and off-route points, if any, at which, and in case of operations not over specified routes or between fixed termini, the territory within which, the motor carrier is authorized to operate; and there shall, at the time of issuance and from time to time thereafter, be attached to the privileges granted by the certificate such reasonable terms, conditions, and limitations as the public convenience and necessity may from time to time require, including terms, conditions, and limitations as to the extension of the route or routes of the carrier, and such terms and conditions as are necessary to carry out, with repect to the operations of the carrier, the requirements established by the commission under § 62-121.9; provided, however, that no terms, conditions, or limitations shall restrict the right of the carrier to add to his or its equipment and facilities over the routes, between the termini, or within the territory specified in the certificate, as the development of the business and the demands of the public shall require. (1947, c. 1008, s. 12.)

§ 62-121.17. Issuance of permits, terms and conditions.—The commission shall specify in the permit, or amendment thereto, the business of the contract carrier covered thereby and the scope thereof and shall attach to it, at the time of issuance, and from time to time thereafter, such reasonable terms, conditions, and limitations consistent with the character of the holder as a contract carrier as are necessary to carry out, with respect to the operations of such carrier, the requirements established by the commission under § 62-121.9; provided, that no terms, conditions, or limitations shall restrict the right of the carrier to substitute or add contacts within the scope of the permit, as the development of the business and the demands of the public may require. (1947, c. 1008, s. 13.)

§ 62-121.18. Issuance of partnership certificates or permits.—No certificate or permit shall be issued under this article to two or more individuals until such individuals shall have executed a partnership agreement and recorded the same in the office of the clerk of the superior court in the county in which the principal office of the partnership is located, a certified copy of which agreement shall be filed with the commission. (1947, c. 1008, s. 14.)

§ 62-121.19. The same or similar trade names prohibited.—No carrier holding or operating under a certificate or permit issued under this article shall adopt or use the same trade name used by any other such carrier, or the name of any corporation holding or operating under a certificate or permit, or any name so similar to the trade or corporate name of another carrier as to mislead or confuse the public, and the commission may, upon complaint, or upon its own initiative, in any such case require the carrier to discontinue the use of such trade name, preference being given to the carrier first adopting and using such trade name. (1947, c. 1008, s. 15.)

§ 62-121.20. Dual operations.—Unless, for good cause shown, the commission shall find, or shall have found, that both a certificate and a permit may be so held consistently with the public interest and with the transportation policy declared in this article:

(1) No person, or any person controlling, controlled by, or under common control with such person, shall hold a certificate as a common carrier authorizing operation for the transportation of property by motor vehicle over a route or within a territory, if such person, or any such controlling person, controlled person, or person under common control, holds a permit as a contract carrier authorizing operation for the transportation of property by motor vehicle over the same route or within the same territory; and

(2) No person, or any person controlling, controlled by, or under common control with such person, shall hold a permit as a contract carrier authorizing operation for the transportation of property by motor vehicle over a route or within a territory, if such person, or any such controlling person, controlled person, or person under common control, holds a certificate as a common carrier authorizing operation for the transportation of property by motor vehicle over the same route or within the same territory. (1947, c. 1008, s. 16.)

§ 62-121.21. Emergency operating authority.—To meet unforeseen emergencies, the commission

may, upon its own initiative, or upon written request by any shipper, group or organization of shippers, department or agency of the state, or of any county, city or town, with or without a hearing, grant appropriate authority to any owner of a duly licensed truck or trucks, whether such owner holds a certificate or permit or not, to transport such commodities between such points, or within such area, during the period of the emergency and to the extent necessary to relieve the same, as the commission may fix in its order granting such authority: provided, the commission finds from such request, or from its own knowledge of conditions, that a real emergency exists and that relief to the extent authorized in its order is immediate, pressing and necessary in the public interest, and that the carrier so authorized has the necessary equipment and is willing to perform the emergency service as prescribed by the order. (1947, c. 1008, s. 17.)

§ 62-121.22. Deviation from regular route operations.—Any common carrier by motor vehicle, now or hereafter holding a certificate issued by the commission authorizing the transportation of general commodities over regular routes between fixed termini, may, under such rules and regulations as the commission may prescribe, (1) transport from origin to destination, over any convenient highway or highways, shipments in truckloads originating at or destined to points on the regular routes of such carrier, and (2) move shipments in truckloads from any point on its regular routes to any other points on its regular routes over any convenient highway or highways between such points, whether over the routes of another carrier or not, where such movement over the carrier's own routes would otherwise be unnecessarily circuitous. In no event shall the operation of empty equipment by any carrier over any route or highway be construed as a violation of the rights of any carrier. (1947, c. 1008, s. 18.)

§ 62-121.23. Security for protection of the public.—No certificate or permit shall be issued to any motor carrier, or remain in force until such carrier shall have procured and filed with the commission such security for the protection of the public as the commission shall by regulation determine and require. (1947, c. 1008, s. 19.)

§ 62-121.24. Joinder of causes of action.—To expedite the settlement of claims between shippers and motor carriers, a shipper may join in the same complaint against a motor carrier any number of claims for overcharges, or a motor carrier may join in the same complaint any number of claims against a shipper for undercharges, whether such claims arose at the same time or in the course of shipments at different times; provided, that each such claim shall be so identified that the same and the allegations with respect thereto may be distinguished from other claims so joined in the complaint, and in cases in which the right of subrogation may be invoked the judgment shall specify the amount of recovery, if any, on each such claim. For the purpose of jurisdiction under this section the aggregate amount set out in the complaint shall be deemed the sum in controversy. (1947, c. 1008, s. 20.)

§ 62-121.25. Notice of claims and limitations for loss, damage or injury to goods.—Any claim for loss, damage, or injury to goods while in the possession of a carrier shall be filed by the claimant with the adverse party in writing within nine (9) months after the same occurred, and the cause of action with respect thereto shall be deemed to have accrued at the expiration of thirty (30) days after the date of such notice, and action for recovery thereon may be commenced immediately thereafter or at any time within two (2) years after notice in writing shall have been given to the claimant by the adverse party that the claim or any part thereof specified in such notice has been disallowed, and neither party shall by any rule, regulation, contract, or otherwise, provide for a shorter time for filing such claims, or for commencing actions thereon than the periods set out in this section. (1947, c. 1008, s. 21.)

§ 62-121.26. Transfers of certificates and permits.—No certificate or permit issued under the provisions of this article shall be sold, assigned, pledged, transferred, or any rights thereunder leased, nor shall any merger or combination affecting any motor carrier be made through acquisition of control by stock purchases or otherwise, except after application to and written approval by the commission, and no sale of a certificate or permit shall be approved by the commission until the seller shall have filed with the commission a statement under oath of all debts and claims against the seller, of which such seller has any knowledge or notice, (a) for gross receipt taxes, use or privilege taxes, due or to become due the state, as provided in the current Revenue Act, (b) for wages due employees of the seller, other than salaries of officers, (c) for unremitted C. O. D. collections due shippers, (d) for loss or damages of goods transported, or received for transportation, (e) for overcharges on property transported, and (f) for interline accounts due other carriers, together with a bond payable to the state, executed by a surety company authorized to do business in the state, in an amount double the aggregate of all such debts and claims, conditioned upon the payment of the same within the amount of such bond as the amounts and validity of such debts and claims are established by agreement of the parties, or by judgment; provided, that it shall be considered against the policy declared in § 62-121.5 for any person to obtain a certificate or permit for the purpose of transferring the same to another, and an offer of such transfer within one year after the same was obtained shall be prima facie evidence that such certificate or permit was obtained for the purpose of sale. (1947, c. 1008, s. 22.)

§ 62-121.27. Suspension or revocation of certificates and permits.—(1) Certificates and permits issued under the provisions of this article shall be effective from the date issued unless otherwise specified therein, and shall remain in effect until terminated under the terms thereof, or until suspended or revoked as herein provided.

(2) Any certificate or permit may be suspended or revoked, in whole or in part, in the discretion of the commission, upon application of the holder thereof; or may be suspended or revoked, in whole or in part, upon complaint, or upon the commission's own initiative, after notice and hearing, for willful failure to comply with any

provision of this article, or with any lawful order, rule, or regulation of the commission promulgated thereunder, or with any term, condition, or limitation of such certificate or permit; provided, however, that any such certificate or permit may be suspended by the commission upon notice to the holder or lessee thereof without a hearing for any one or more of the following causes:

(a) For failure to provide and keep in force at all times security for the protection of the public as required in § 62-121.23.

(b) For failure to file and keep on file with the commission applicable tariffs or schedules of charges as required in §§ 62-121.29 and 62-121.30.

(c) For failure to pay any gross receipt taxes, use or privilege taxes, due the state of North Carolina within thirty (30) days after demand in writing from the agency of the state authorized by law to collect the same; provided, that this paragraph shall not apply to instances in which there is a bona fide controversy as to tax liability.

(d) For failure for a period of sixty (60) days after execution to pay any final judgment rendered by a court of competent jurisdiction against any holder or lessee of a certificate or permit for any debt or claim specified in (a) to (f), inclusive, in § 62-121.26.

(e) For failure to begin operations as authorized by the commission within the time specified by order of the commission, or for suspension of authorized operations for a period of thirty (30) days without the written consent of the commission. (1947, c. 1008, s. 23.)

§ 62-121.28. Rates and charges of common carriers.—(1) It shall be the duty of every common carrier by motor vehicle to provide safe and adequate service, equipment, and facilities for the transportation of property in intrastate commerce; to establish, observe, and enforce just and reasonable regulations and practices relating thereto, and to the manner and method of presenting, marking, packing and delivering property for transportation in intrastate commerce, the facilities for such transportation, and all other matters relating to or connected with the transportation of property in intrastate commerce.

(2) Except under special conditions and for good cause shown every common carrier by motor vehicle authorized to transport general commodities over regular routes shall establish reasonable through routes and joint rates, charges, and classifications with other such common carriers by motor vehicle, and, with the approval of the commission, may do so with irregular route common carriers by motor vehicle, common carriers by railroad and/or express and/or water. In case of joint rates and charges between common carriers of any class or kind whatsoever, it shall be the duty of the carriers parties thereto to establish just and reasonable regulations and practices in connection therewith, and just, reasonable, and equitable divisions thereof as between the carriers participating therein, which shall not unduly prefer or prejudice any of such participating carriers. Upon investigation and for good cause, the commission may, in its discretion, prohibit the establishment of joint rates or service.

(3) All charges made for services rendered or to be rendered by any common carrier by motor vehicle in the transportation of property in intrastate commerce or in connection therewith, shall be just and reasonable, and every unjust and unreasonable charge for such service, or any part thereof, is prohibited and declared to be unlawful. It shall be unlawful for any common carrier by motor vehicle engaged in intrastate commerce to make, give, or cause any undue or unreasonable preference or advantage to any particular person, place, locality, territory, or description of traffic, in any respect whatsoever, or to subject any particular person, place, locality, territory, or description of traffic, to any unjust discrimination or any undue or unreasonable prejudice or disadvantage in any respect whatsoever; provided, however, that this paragraph shall not be construed to apply to discriminations, prejudices, or disadvantage to the traffic of any other carrier of whatever description.

(4) Any person, organization, or body politic may make complaint in writing to the commission that any such rate, charge, classification, rule, regulation, or practice in effect or proposed to be put into effect, is or will be in violation of this section or of § 62-121.29. Whenever, after hearing, upon complaint or in an investigation on its own initiative, the commission shall be of the opinion that any individual or joint rate or charge, demanded, charged, or collected by any common carrier or carriers by motor vehicle, or by any such common carrier or carriers in conjunction with any common carrier or carriers by railroad and/or express and/or water, for transportation of property in intrastate commerce, or any classification, rule, regulation, or practice whatsoever of such carrier or carriers affecting such rate or charge or the value of the service thereunder, is or will be unjust or unreasonable or unjustly discriminatory or unduly preferential or unduly prejudicial, it shall determine and prescribe the lawful rate or charge, or the minimum or maximum, or the minimum and maximum rate or charge thereafter to be observed, or the lawful classification, rule, regulation, or practice thereafter to be made effective.

(5) Whenever, after hearing, upon complaint or upon its own initiative the commission is of the opinion that the divisions of joint rates or charges applicable to the transportation of property in intrastate commerce by common carriers by motor vehicle or by such carriers in conjunction with common carriers by railroad and/or express and/or water, are or will be unjust, unreasonable, inequitable or unduly preferential or prejudicial as between the carriers parties thereto (whether agreed upon by such carriers or any of them or otherwise established), the commission shall by order prescribe the just, reasonable, and equitable division thereof to be received by the several carriers; and in cases where the joint rate or charge was established pursuant to a finding or order of the commission and the divisions thereof are found by it to have been unjust, unreasonable, or inequitable or unduly preferential or prejudicial, the commission may also by order determine what would have been the just, reasonable, and equitable divisions thereof to be received by the several carriers and require adjustment to be made in accordance therewith.

The order of the commission may require the adjustment of divisions between the carriers in accordance with the order from the date of filing the complaint or entry of order of investigation or such other dates subsequent as the commission finds justified, and in the case of joint rates prescribed by the commission, the order as to divisions may be made effective as a part of the original order.

(6) Whenever there shall be filed with the commission any schedule stating a new individual or joint rate, charge, or classification for the transportation of property in intrastate commerce by any common carrier or carriers by motor vehicle or by any such carrier or carriers in conjunction with the common carrier or carriers by railroad and/or express and/or water, or any rule, regulation, or practice affecting such rate or charge or the value of the service thereunder, the commission is hereby authorized and empowered upon complaint of any interested party or upon its own initiative at once, and, if it so orders, without answer or other formal pleading by the interested carrier or carriers, but upon reasonable notice, to enter upon a hearing concerning the lawfulness of such rate or charge, or such rule, regulation, or practice, and pending such hearing and the decision thereon, the commission, by filing such schedule and delivering to the carrier or carriers affected thereby a statement in writing of its reason for such suspension, may from time to time suspend the operation of such schedule and defer the use of such rate or charge, or such rule, regulation, or practice, but not for a longer period in the aggregate than 180 days beyond the time when it would otherwise go into effect; and after hearing, whether completed before or after the rate, charge, classification, rule, regulation, or practice goes into effect, the commission may make such order with respect thereto as would be proper in a proceeding instituted after it had become effective. If the proceeding has not been concluded and an order made within the period of suspension, the proposed change of rate or charge or classification, rule, regulation, or practice shall go into effect at the end of such period. At any hearing involving a change in the rate, charge, or classification, or any rule, regulation, or practice, the burden of proof shall be upon the carrier to show that the proposed changed rate, charge, classification, rule, regulation, or practice is just and reasonable.

(7) In the exercise of its power to prescribe just and reasonable rates and charges for the transportation of property in intrastate commerce by common carriers by motor vehicle, and classifications, regulations, and practices relating thereto, the commission shall give due consideration, among other factors, to the inherent advantages of transportation by such carriers; to the effect of rates upon movement of traffic by the carrier or carriers for which rates are prescribed; to the need in the public interest of adequate and efficient transportation service by such carriers at the lowest cost consistent with the furnishing of such service; to the need of revenues sufficient to enable such carriers under honest, economical, and efficient management to provide such service.

(8) Nothing in this section shall be held to extinguish any remedy or right of action not inconsistent herewith. (1947, c. 1008, s. 24.)

§ 62-121.29. Tariffs of common carriers.—(1) Every regular route common carrier of general commodities by motor vehicle shall file with the commission, and print, and keep open for public inspection tariffs showing all rates and charges for the transportation of property in intrastate commerce, and all services in connection therewith between points on its own routes and between points on its own routes and points on the routes of other such common carriers, and if it establishes joint rates and charges with common carriers by railroad and/or express and/or water, then in that event it shall include in its tariffs so filed such joint rates and charges.

(2) Every irregular route common carrier by motor vehicle shall file with the commission, and print, and keep open for public inspection tariffs showing all rates and charges for the transportation of property in intrastate commerce between points within the area of its authorized operations, and if it establishes joint rates and charges with common carriers by railroad and/or express and/or water, then in that event it shall include in its tariffs so filed such joint rates and charges between points within the area of its own authorized operation and points on the line or route of such carriers by railroad and/or express and/or water.

(3) The tariffs required by this section or permitted thereunder with respect to joint rates and charges with common carriers by railroad and/or express and/or water shall be stated in lawful money of the United States and shall be published, filed, and posted in such form and manner and shall contain such information as the commission by regulation may prescribe; and the commission is authorized to reject any tariff filed with it which is not in consonance with this section and with such regulations. Any tariff so rejected by the commission shall be void and its use shall be unlawful.

(4) No common carrier by motor vehicle shall charge or demand or collect or receive a greater or less or different compensation for the transportation of property in intrastate commerce or for any service in connection therewith between points enumerated in such tariff than the rates, and charges, specified in the tariffs in effect at the time; and no such carrier shall refund or remit in any manner or by any device, directly or indirectly, or through any agent or otherwise, any portion of the rates or charges so specified, or extend to any person any privilege or facilities for transportation of property in intrastate commerce except such as are specified in its tariffs.

(5) No change shall be made in any rate, charge, or classification, or any rule, regulation, or practice affecting such rate, charge or classification, or the value of the service thereunder, specified in any effective tariff of a common carrier by motor vehicle except after 30 days' notice of the proposed change filed and posted in accordance with this section. Such notice shall plainly state the change proposed to be made and the time when such change will take effect. The commission may, in its discretion and for good cause shown, allow such change upon notice less

than that herein specified or modify the requirements of this section with respect to the posting and filing of tariffs, either in specific instances or by general order applicable to special or peculiar circumstances or conditions.

(6) No common carrier by motor vehicle, unless otherwise provided by this article, shall engage in the transportation of property in intrastate commerce, unless the rates and charges upon which the same are transported by such carrier have been filed and published in accordance with the provisions of this article. (1947, c. 1008, s. 25.)

§ 62-121.30. Schedules of contract carriers.—(1) It shall be the duty of every contract carrier to establish and observe reasonable minimum rates and charges for any service rendered or to be rendered in the transportation of property or in connection therewith, and to establish and observe reasonable regulations and practices to be applied in connection with said reasonable minimum rates and charges. It shall be the duty of every contract carrier to file with the commission, publish, and keep open for public inspection, in the form and manner prescribed by the commission, schedules containing the minimum rates or charges of such carrier actually maintained and charged for the transportation of property in intrastate commerce, and any rule, regulation, or practice affecting such rates or charges and the value of the service thereunder. No such contract carrier, unless otherwise provided by this article, shall engage in the transportation of property in intrastate commerce unless the minimum charges for such transportation by said carrier have been published, filed, and posted in accordance with the provisions of this article. No reduction shall be made in any such charge either directly or by means of any change in any rule, regulation, or practice affecting such charge or the value of service thereunder, except after 30 days' notice of the proposed change filed in the aforesaid form and manner, but the commission may, in its discretion and for good cause shown, allow such change upon less notice, or modify the requirements of this paragraph with respect to posting and filing of such schedules, either in particular instances or by general order applicable to special or peculiar circumstances or conditions. Such notice shall plainly state the change proposed to be made and the time when such change will take effect. No such carrier shall demand, charge, or collect a less compensation for such transportation than the charges filed in accordance with this paragraph, as affected by any rule, regulation, or practice so filed, or as may be prescribed by the commission from time to time, and it shall be unlawful for any such carrier, by the furnishing of special services, facilities, or privileges, or by any other device whatsoever, to charge, accept, or receive less than the minimum charges so filed or prescribed; provided, that any such carrier or carriers, or any class or group thereof, may apply to the commission for relief from the provisions of this paragraph, and the commission may, after hearing, grant such relief to such extent and for such time, and in such manner as in its judgment is consistent with the public interest and the transportation policy declared in this article.

(2) Whenever, after hearing, upon complaint or upon its own initiative, the commission finds that any minimum rate or charge of any contract carrier by motor vehicle, or any rule, regulation, or practice of any such carrier affecting such minimum rate or charge, or the value of the service thereunder, for the transportation of property or in connection therewith, contravenes the transportation policy declared in this article, or is in contravention of any provision of this article, the commission may prescribe such just and reasonable minimum rate or charge, or such rule, regulation, or practice as in its judgment may be necessary or desirable in the public interest and to promote such policy and will not be in contravention of any provision of this article. Such minimum rate or charge, or such rule, regulation, or practice, so prescribed by the commission, shall give no advantage or preference to any such carrier in competition with any common carrier by motor vehicle subject to this article, which the commission may find to be undue or inconsistent with the public interest and the transportation policy declared in this article, and the commission shall give due consideration to the cost of the services rendered by such carriers, and to the effect of such minimum rate or charge, or such rule, regulation, or practice, upon the movement of traffic by such carriers. All complaints shall state fully the facts complained of and the reasons for such complaint and shall be made under oath.

(3) Whenever there shall be filed with the commission by any such contract carrier any schedule stating a charge for a new service or a reduced charge, directly or by means of any rule, regulation, or practice, for the transportation of property in intrastate commerce, the commission is hereby authorized and empowered upon complaint of interested parties or upon its own initiative at once and, if it so orders, without answer or other formal pleading by the interested party, but upon reasonable notice, to enter upon a hearing concerning the lawfulness of such charge, or such rule, regulation, or practice, and pending such hearing and the decision thereon the commission, by filing with such schedule and delivering to the carrier affected thereby a statement in writing of its reasons for such suspension, may from time to time suspend the operation of such schedule and defer the use of such charge, or such rule, regulation, or practice, but not for a longer period in the aggregate than 180 days beyond the time when it would otherwise go into effect; and after hearing, whether completed before or after the charge, or rule, regulation, or practice goes into effect, the commission may make such order with reference thereto as would be proper in a proceeding instituted after it had become effective. If the proceeding has not been concluded and an order made within the period of suspension, the proposed change in any charge or rule, regulation, or practice shall go into effect at the end of such period. The rule as to burden of proof specified in § 62-121.28, (6) shall apply to this paragraph. (1947, c. 1008, s. 26.)

§ 62-121.31. Liability for damage to property in transit.—Every common carrier by motor vehicle receiving property for transportation in intrastate commerce shall issue a bill of lading therefor, and shall be liable to the lawful holder thereof for

any loss, damage, or injury to such property caused by it, or by any carrier participating in the haul when transported on a through bill of lading, and any such carrier delivering said property so received and transported shall be liable to the lawful holder of said bill of lading or to any party entitled to recover thereon for such loss, damage, or injury, notwithstanding any contract or agreement to the contrary; provided, however, the commission may, by regulation or order, authorize or require any such common carrier, to establish and maintain rates related to the value of shipments declared in writing by the shipper, or agreed upon as the release value of such shipments; such declaration or agreement to have no effect other than to limit liability and recovery to an amount not exceeding the value so declared or released, in which case, any tariff filed pursuant to such regulation or order shall specifically refer thereto; provided further, that nothing in this section shall deprive any lawful holder of such bill of lading of any remedy or right of action which such holder has under existing law; provided further, that the carrier issuing such bill of lading, or delivering such property so received and transported, shall be entitled to recover from the carrier on whose route the loss, damage, or injury shall have been sustained, the amount it may be required to pay to the owners of such property. (1947, c. 1008, s. 27.)

§ 62-121.32. Accounts, records and reports.— (1) The commission is hereby authorized to require annual, periodical, or special reports from all motor carriers, and lessors (as defined in this section), to prescribe the manner and form in which such reports shall be made, and to require from such carriers, and lessors, specific and full, true, and correct answers to all questions upon which the commission may deem information to be necessary. Such annual reports shall give an account of the affairs of the carrier, or lessor, in such form and detail as may be prescribed by the commission. The commission may also require any motor carrier to file with it a true copy of any contract, agreement, or arrangement between such carrier and any other carrier or person in relation to any traffic affected by the provisions of this article. The commission shall not, however, make public any contract, agreement, or arrangement between a contract carrier and a shipper, or any of the terms or conditions thereof, except as a part of the record in a formal proceeding where it considers such action consistent with the public interest; provided, that if it appears from an examination of any such contract that it fails to conform to the published schedule of the contract carrier as required by § 62-121.30, the commission may, in its discretion, make public such of the provisions of the contract as the commission considers necessary to disclose such failure and the extent thereof.

(2) Said annual reports shall contain all the required information for the period of twelve months ending on the thirty-first day of December in each year, unless the commission shall specify a different date, and shall be made out under oath and filed with the commission at its office in Raleigh within three months after the close of the year for which the report is made, unless additional time be granted in any case by the commission. Such periodical or special reports as may be required by the commission under paragraph (1) hereof shall also be under oath, whenever the commission so requires.

(3) The commission may prescribe for motor carriers the classes of property for which depreciation charges may properly be included under operating expenses, and the rate or rates of depreciation which shall be charged with respect to each of such classes of property, classifying the carriers as it may deem proper for this purpose. The commission may, when it deems necessary, modify the classes and rates so prescribed. When the commission shall have exercised its authority under the foregoing provisions of this paragraph, motor carriers shall not charge to operating expenses any depreciation charges on classes of property other than those prescribed by the commission, or charge with respect to any class of property a rate of depreciation other than that prescribed therefor by the commission, and no such carrier shall include under operating expenses any depreciation charge in any form whatsoever other than as prescribed by the commission.

(4) The commission may, in its discretion, prescribe the forms of any and all accounts, records, and memoranda to be kept by motor carriers, and lessors, including the accounts, records, and memoranda of the movement of traffic, as well as of the receipts and expenditures of moneys; and it shall be unlawful for such carriers, and lessors, to keep any accounts, records, and memoranda contrary to any rules, regulations, or orders of the commission with respect thereto. The commission may issue orders specifying such operating, accounting, or financial papers, records, books, blanks, stubs, correspondence, or documents of motor carriers, or lessors, as may after a reasonable time be destroyed, and prescribing the length of time they shall be preserved. The commission or its duly authorized special agents, accountants, or examiners shall at all times have access to and authority, under its order, to inspect and examine any and all lands, buildings, or equipment of motor carriers, and lessors; and shall have authority to inspect and copy any and all accounts, books, records, memoranda, correspondence, and other documents of such carriers, and lessors, and such accounts, books, records, memoranda, correspondence, and other documents of any person controlling, controlled by, or under common control with any such carrier, as the commission deems relevant to such person's relation to or transactions with such carrier. Motor carriers, lessors, and persons shall submit their accounts, books, records, memoranda, correspondence, and other documents for the inspection and copying authorized by this paragraph, and motor carriers, and lessors, shall submit their lands, buildings, and equipment for examination and inspection, to any duly authorized special agent, accountant, auditor, inspector, or examiner of the commission upon demand and the display of proper credentials.

(5) As used in this section, the words "keep" and "kept" shall be construed to mean made, prepared, or compiled, as well as retained; the term "lessor" means a lessor of any right to operate as a motor carrier; and the term "motor carrier," or "lessor," includes a receiver or trustee

of any such motor carrier, or lessor. (1947, c. 1008, s. 28.)

§ 62-121.33. Orders, notices and service of process.—(1) It shall be the duty of every motor carrier operating under a certificate or permit issued under the provisions of this article to file with the commission a designation in writing of the name and post office address of a person upon whom or which service of notices or orders may be made under this article. Such designation may from time to time be changed by like writing similarly filed. Service of notices or orders in proceedings under this article may be made upon a motor carrier by personal service upon it or upon the person so designated by it, or by registered mail, return receipt requested, addressed to it or to such person at the address filed. In proceedings before the commission involving the lawfulness of rates, charges, classifications, or practices, service of notice upon the person or agent who has filed a tariff or schedule in behalf of such carrier shall be deemed to be due and sufficient service upon the carrier.

(2) Except as otherwise provided in this article, all orders of the commission shall take effect within such reasonable time as the commission may prescribe and shall continue in force until its further order, or for a specified period of time, according as shall be prescribed in the order, unless the same shall be suspended or modified or set aside by the commission, or be suspended or set aside by a court of competent jurisdiction. (1947, c. 1008, s. 29.)

§ 62-121.34. Unlawful operation.—(1) Any person, whether carrier, or any officer, employee, agent or representative thereof, knowingly and willfully violating any provisions of this article or any rule, regulation, requirement, or order thereunder, or any term or condition of any certificate or permit, for which a penalty is not otherwise herein provided, shall be guilty of a misdemeanor, and upon conviction thereof be fined not more than $100.00 for the first offense and not more than $500.00 for any subsequent offense.

(2) If any motor carrier operates in violation of any provision of this article (except as to the reasonableness of rates or charges and the discriminatory character thereof), or of any rule, regulation, requirement, or order thereunder, or of any term or condition of any certificate or permit, the commission or its duly authorized agent may apply to the resident superior court judge of any judicial district where such motor carrier operates, or to any superior court judge holding court in any such judicial district, for the enforcement of such provision of this article, or of such rule, regulation, requirement, order, term, or condition; and such court shall have jurisdiction to enforce obedience thereto by a writ of injunction or by other process, mandatory or otherwise, restraining such carrier or its officers, agents, employees, and representatives from further violation of such provision of this article or of such rule, regulation, requirement, order, term, or condition and enjoining upon it or them obedience thereto.

(3) Any person, whether carrier, shipper, consignee, or any officer, employee, agent, or representative thereof, who shall knowingly offer, grant, or give or solicit, accept, or receive any rebate, concession, or discrimination in violation of any provision of this article, or who by means of any false statement or representation, or by the use of any false or fictitious bill, bill of lading, receipt, voucher, roll, account, claim, certificate, affidavit, deposition, lease, or bill of sale, or by any other means or device, shall knowingly and willfully assist, suffer or permit any person or persons, natural or artificial, to obtain transportation of property subject to this article for less than the applicable rate, or charge, or who shall knowingly and willfully by any such means or otherwise fraudulently seek to evade or defeat regulation as in this article provided for motor carriers, shall be deemed guilty of a misdemeanor and upon conviction thereof be fined not more than $500.00 for the first offense and not more than $2,000.00 for any subsequent offense.

(4) It shall be unlawful for any special agent, accountant, auditor, inspector, or examiner to knowingly and willfully divulge any fact or information which may come to his knowledge during the course of any examination or inspection made under authority of § 62-121.32, except as he may be directed by the commission or by a court or judge thereof.

(5) It shall be unlawful for any motor carrier engaged in intrastate commerce or any officer, receiver, trustee, lessee, agent, or employee of such carrier, or for any other person authorized by such carrier, to receive information, knowingly to disclose to, or permit to be acquired by any person other than the shipper or consignee without the consent of such shipper or consignee, any information concerning the nature, kind, quantity, destination, consignee, or routing of any property tendered or delivered to such motor carrier for such transportation, which information may be used to the detriment or prejudice of such shipper or consignee, or which may improperly disclose his business transactions to a competitor; and it shall also be unlawful for any person to solicit or knowingly receive any such information which may be so used.

(6) Nothing in this article shall be construed to prevent the giving of such information in response to any legal process issued under the authority of any court, or to any officer or agent of the state or of the government of the United States, in the exercise of his power, or to any officer or other duly authorized person seeking such information for the prosecution of persons charged with or suspected of crimes or to another carrier, or its duly authorized agent, for the purpose of adjusting mutual traffic accounts in the ordinary course of business of such carriers.

(7) Any motor carrier, or other person, or any officer, agent, employee, or representative thereof, who shall willfully fail or refuse to make a report to the commission as required by this article, or to make specific and full, true, and correct answer to any question within thirty days from the time it is lawfully required by the commission so to do, or to keep accounts, records, and memoranda in the form and manner prescribed by the commission, or shall knowingly and willfully falsify, destroy, mutilate, or alter any such report, account, record, or memorandum, or shall knowingly and willfully neglect or fail to

make full, true, and correct entries in such accounts, records, or memoranda of all facts and transactions appertaining to the business of the carrier, or person required under this article to keep the same, or shall knowingly and willfully keep any accounts, records, or memoranda contrary to the rules, regulations, or orders of the commission with respect thereto, shall be deemed guilty of a misdemeanor and upon conviction thereof be subject for each offense to a fine of not more than $5,000.00. As used in this subsection the words "kept" and "keep" shall be construed to mean made, prepared, or compiled, as well as retained. (1947, c. 1008, s. 30.)

§ 62-121.35. Collection of rates and charges.—No common carrier by motor vehicle shall deliver or relinquish possession at destination of any freight transported by it in intrastate commerce until all tariff rates and charges thereon have been paid, except under such rules and regulations as the commission may from time to time prescribe to govern the settlement of all such rates and charges, including rules and regulations for weekly or monthly settlement, and to prevent unjust discrimination or undue preference or prejudice; provided, that the provisions of this section shall not be construed to prohibit any such carrier from extending credit in connection with rates and charges on freight transported for the United States, for any department, bureau, or agency thereof, or for the state, or political subdivision thereof. Where any common carrier by motor vehicle is instructed by a shipper or consignor to deliver property transported by such carrier to a consignee other than the shipper or consignor, such consignees shall not be legally liable for transportation charges in respect of the transportation of such property (beyond those billed against him at the time of delivery for which he is otherwise liable) which may be found to be due after the property has been delivered to him, if the consignee (a) is an agent only and had no beneficial title in the property, and (b) prior to delivery of the property has notified the delivering carrier in writing of the fact of such agency and absence of beneficial title, and, in the case of shipment reconsigned or diverted to a point other than that specified in the original bill of lading, has also notified the delivering carrier in writing of the name and address of the beneficial owner of the property. In such cases the shipper and consignor, or, in the case of a shipment so reconsigned or diverted, the beneficial owner shall be liable for such additional charges, irrespective of any provisions to the contrary in the bill of lading or in the contract under which the shipment was made. If the consignee has given to the carrier erroneous information as to who is the beneficial owner, such consignee shall himself be liable for such additional charges, notwithstanding the foregoing provisions of this section. On shipments reconsigned or diverted by an agent who has furnished the carrier with a notice of agency and the proper name and address of the beneficial owner, and where such shipments are refused or abandoned at ultimate destination, the said beneficial owner shall be liable for all legally applicable charges in connection therewith. (1947, c. 1008, s. 31.)

§ 62-121.36. Allowance to shippers for transportation services.—If the owner of property transported under the provisions of this article directly or indirectly renders any service connected with such transportation, or furnishes any instrumentality used therein, the charge and allowance therefor shall be published in the tariffs or schedules filed in the manner provided in this article and shall be no more than is just and reasonable; and the commission may, after hearing on a complaint or on its own initiative, determine what is a reasonable charge as the maximum to be paid by the carrier or carriers for the services so rendered or for the use of the instrumentality so furnished, and fix the same by appropriate order. (1947, c. 1008, s. 32.)

§ 62-121.37. Embezzlement of C. O. D. shipments.—Property received by any motor carrier to be transported in intrastate commerce and delivered upon collection on such delivery and remittance to the shipper of the sum of money stated in the shipping instructions to be collected and remitted to the shipper, and the money collected upon delivery of such party, is hereby declared to be held in trust by any carrier having possession thereof or the carrier making the delivery or collection, and upon failure of any such carrier to account for the property so received, either to the shipper to whom the collection is payable or the carrier making delivery to any carrier handling the property or making the collection, within fifteen (15) days after demand in writing by the shipper, or carrier, or upon failure of the delivering carrier to remit the sum so directed to be collected and remitted to the shipper, within fifteen (15) days after collection is made, shall be prima facie evidence that the property so received, or the funds so received, has been willfully converted by such carrier to its own use, and the carrier so offending shall be guilty of a felony and upon conviction shall be punished by fine or imprisonment, or both, in the discretion of the court, and such carrier may be indicted, tried, and punished in the county in which such shipment was delivered to the carrier, or in any other county into or through which such shipment was transported by such carrier. (1947, c. 1008, s. 33.)

§ 62-121.38. Evidence; joinder of surety.—No report by any carrier of any accident arising in the course of the operations of such carrier, made pursuant to any requirement of the commission, and no report by the commission of any investigation of any such accident, shall be admitted as evidence, or used for any other purpose in any suit or action for damages growing out of any matter mentioned in such report or investigation; nor shall the discharge by any carrier of any truck driver or other employee after any such accident be offered or admitted in evidence for any purpose in any suit or action against such carrier for damages arising out of any such accident; nor shall any insurance company or surety executing any insurance policy, bond, or other security for the protection of the public, as provided in § 62-121.23, or as provided in § 62-121.26, be joined with the assured carrier in any action or suit for damages, debt, or claim thereby secured; nor shall evidence of any such policy, bond, or other security be offered or received in any such action or suit against the carrier, but the surety or insurer shall

be obligated within the amount of such policy, bond or other security to pay any final judgment against the carrier. (1947, c. 1008, s. 34.)

§ 62-121.39. Interstate carriers.—(1) This article shall apply to persons and vehicles engaged in interstate commerce over the highways of this state, and the commission may, in its discretion, require such carriers to file with it copies of their respective interstate authority, registration of their vehicles operated in this state, and the observance of such reasonable rules and regulations as the commission may deem advisable in the administration of this article and for the protection of persons and property upon the highways of the state, except insofar as the provisions of this article may be inconsistent with, or shall contravene, the constitution and laws of the United States.

(2) The commission or its authorized representative is authorized to confer with and hold joint hearings with the authorities of other states or with the Interstate Commerce Commission or its representatives in connection with any matter arising under this article, or under the Federal Motor Carrier Act, which may directly or indirectly affect the interests of the people of this State or the transportation policy declared by this article or by the Interstate Commerce Act. (1947, c. 1008, s. 35.)

§ 62-121.40. Fees and charges.—The following fees and charges shall be paid to the commission under the provisions of this article:

(1) $25.00 with each application for a certificate or permit, and with each application for an amendment to a certificate or permit for new or additional operating rights, but credit shall be given for fees paid on applications filed under the existing law and heard after this article becomes effective.

(2) $10.00 for each application for approval of a sale, assignment, pledge, hypothecation, transfer of a certificate or permit, or lease of any right or interest under a certificate or permit, or for approval of any merger combination or change of control of the operating rights under a certificate of permit through stock transfer or otherwise.

(3) $1.00 for registration of each motor vehicle of a certificate or permit holder added to its rolling equipment after the effective date of this article.

(4) Twenty-five cents for annual re-registration of each motor vehicle operated by a certificate or permit holder.

(5) Such reasonable charges for copies of transcripts of testimony, or for copies of other papers, records, or documents, or for certifying records, as the commission shall prescribe in its rules of practice and procedure. All fees and charges received by the commission under this section shall be in addition to any other tax or fee provided by law and shall be paid forthwith to the state treasurer. (1947, c. 1008, s. 36.)

§ 62-121.41. Allocation of funds. — Sufficient funds shall be provided in the budget and allocated to the commission to be disbursed under the supervision of the director of the budget for the administration and enforcement of the provisions of this article, including the employment of such additional personnel as may be required for that purpose. (1947, c. 1008, s. 37.)

§ 62-121.42. Title.—This article shall be known and may be cited as the North Carolina Truck Act. (1947, c. 1008, s. 38.)

Art. 6C. Bus Act of 1949.

§ 62-121.43. Short title.—This article shall be known and may be cited as The Bus Act of 1949. (1949, c. 1132, s. 1.)

Local Modification.—Session Laws 1949, c. 1132, § 39 provides that chapter 532 of the Session Laws of 1947, authorizing the board of commissioners of Cabarrus county to license and regulate all vehicles operated for hire in unincorporated cities and towns in said county, shall remain in full force and effect.

Effective Date.—Section 40 of the act inserting this article provides that it shall be effective on October 1st, 1949, except that subsection 13 of § 62-121.48 shall be effective as of April 22, 1949; provided, however, this article shall not apply to any proceeding which has been heard and is awaiting a decision of the commission or in which the commission has entered its decision or order prior to the effective date.

§ 62-121.44. Declaration of policy.—Upon investigation, it has been determined that the transportation of passengers by motor carriers for compensation over the public highways of the state is a business affected with a public interest, and is hereby declared to be the policy of the state of North Carolina among other things, to provide fair and impartial regulation of motor carriers of passengers in the use of the public highways in such a manner as to promote, in the interest of the public, the inherent advantages of highway transportation; to promote adequate economical and efficient service to all of the communities of the state by motor carriers engaged in the transportation of passengers over the public highways for compensation; to encourage the establishment and maintenance of reasonable charges for transportation services without unjust discriminations, undue preferences or advantages, or unfair or destructive competitive practices; to encourage and promote harmony among motor carriers of passengers, between such carriers and carriers of passengers by rail or water, and between all carriers of passengers and the traveling public; to foster a coordinated state-wide motor carrier service; to conform with the national transportation policy and the Federal Motor Carrier Act in so far as the same may be found practical and adequate for application to intrastate commerce; and to cooperate with other states and with the federal government in promoting and coordinating intrastate and interstate commerce by motor carriers. (1949, c. 1132, s. 2.)

§ 62-121.45. Delegation of jurisdiction.—Full power and authority to administer and enforce the provisions of this article, and to make and enforce reasonable and necessary rules and regulations to that end, are hereby vested in the North Carolina utilities commission. (1949, c. 1132, s. 3.)

§ 62-121.46. Definitions.—When used in this article, unless the language or context clearly indicate that different meanings are intended:

(1) "Broker" means any person not included in the term "motor carrier" and not a bona fide

employee or agent of any such carriers, who or which as principal or agent engages in the business of selling or offering for sale any transportation by motor carrier, or negotiates for or holds himself, or itself, out by solicitation, advertisement, or otherwise, as one who sells, provides, furnishes, contracts, or arranges for such transportation for compensation, either directly or indirectly.

(2) "Certificate" means a certificate of public convenience and necessity issued by the commission pursuant to the provisions of this article to a common carrier by motor vehicle.

(3) "Charter party" means a group of persons who, pursuant to a common purpose and under a single contract, and at a fixed charge for the vehicle in accordance with the carrier's tariff, lawfully on file with the commission, have acquired the exclusive use of a passenger carrying motor vehicle to travel together as a group from a point of origin to a specified destination or for a particular itinerary, either agreed upon in advance or modified by the chartering group after having left the place of origin.

(4) "Commission" means the North Carolina utilities commission.

(5) "Common carrier by motor vehicle" means any person which holds itself out to the general public to engage in the transportation by motor vehicle in intrastate commerce of passengers for compensation over regular routes and between fixed termini.

(6) "Contract carrier by motor vehicle" means any person not included in the definition of "common carrier by motor vehicle" which, under individual contracts or agreements, engages in the transportation by motor vehicle of passengers in intrastate commerce for compensation. Such contracts (a) must be in writing, (b) must provide for the transportation of particular persons or group of persons, (c) must be bilateral and impose specific obligations upon both the carrier and the other contracting parties, (d) must cover a series of trips in contrast to a single trip, and (e) a copy of which must be preserved by the carrier until terminated by its terms and at least one year thereafter.

Exemptions from regulations.—(1) Nothing in this article shall be construed to include persons and vehicles engaged in one or more of the following services if not engaged at the time or other times in the transportation of other passengers by motor vehicle for compensation: (a) transportation of passengers for or under the control of the United States government, or the state of North Carolina, or any political subdivision thereof, or any board, department or commission of the state, or any institution owned and supported by the state; (b) transportation of passengers by taxicabs or other motor vehicles performing bona fide taxicab service and carrying not more than six passengers in a single vehicle at the same time and not operated on a regular route or between fixed termini; provided, no taxicab while operating over the regular route of a common carrier outside of a town or a municipality and a residential and commercial zone adjacent thereto, as such zone may be determined by the commission as provided in (h) of this paragraph, shall solicit passengers along such route, but nothing herein shall be construed to prohibit a taxicab operator from picking up passengers along such route upon call, sign or signal from prospective passengers, (c) transportation by motor vehicles owned or operated by or on behalf of hotels while used exclusively for the transportation of hotel patronage between hotels and local railroad or other common carrier stations; (d) transportation of passengers to and from airports and passenger airline terminals when such transportation is incidental to transportation by aircraft; (e) transportation of passengers

The commission shall have and retain jurisdiction to fix rates and charges of carriers operating under (e) and (h) of this subsection, and shall have jurisdiction to hear and determine controversies with respect to extensions and services, and the commission's rules of practice shall include appropriate provisions for bringing such controversies before the commission and for the hearing and determination of the same, provided nothing in this paragraph shall include taxicabs.

(2) The commission may conduct investigations to determine whether any person or carrier purporting to operate under the exemption provisions of this section is, in fact, so operating, and make such orders as it deems necessary to enforce compliance with this section.

(3) None of the provisions of this section nor any of the other provisions of this article shall apply to motor vehicles used for the transportation of passengers to or from religious services and/or in the transportation of bona fide employees of an industrial plant to and from places of their regular employment.

(4) Provided, that venue for any action commenced to enforce compliance with the terms of this article against any person, firm or corporation purporting to operate under any of the exemptions provided in this section shall be in one of the counties of the judicial district wherein the violation is alleged to have taken place and such person, firm or corporation shall be entitled to trial by jury. (1949, c. 1132, s. 5.)

§ 62-121.48. General powers and duties of the commission.—The commission is hereby vested with power and it shall be its duty:

(1) To supervise and regulate common carriers by motor vehicle and to that end the commission may establish reasonable requirements with respect to continuous and adequate service, transportation of baggage, newspapers, mail, and light express, uniform system of accounts, records and reports and preservation of records.

(2) To supervise and regulate contract carriers by motor vehicle, and to that end the commission may establish reasonable requirements with respect to uniform systems of accounts, records and reports and preservation of records.

(3) To supervise and regulate motor carriers, as defined in this article, in all matters affecting the relationship between such carriers, or the relationship between such carriers and the public, in any manner necessary to promote harmony along such carriers, safety and efficiency of service to the public.

(4) To supervise the operation of passenger bus stations in any manner necessary to promote harmony among the carriers using such stations and efficiency of service to the traveling public.

(5) To transmit to the legislature, from time to time, such recommendations as to additional legislation relating to such carriers as the commission may deem necessary.

(6) To prescribe qualifications and maximum hours of service of drivers and their helpers, and rules regulating safety of operation and equipment; and in the interest of uniformity of intrastate and interstate rules and regulations applicable within the state of North Carolina with respect to maximum hours of service of vehicle drivers and their helpers, and safety of operation and equipment, the commission may adopt and enforce the rules and regulations adopted and promulgated by the Interstate Commerce Commission with respect thereto, in so far as the commission finds the same to be practical and advantageous for application in this State and not in conflict with this article. In order to promote safety of operation of motor carriers, the commission may avail itself of the assistance of any other agency of the state having special knowledge of such matters and it may make such investigations and tests as may be deemed necessary to promote safety of equipment and operation of vehicles upon the highways.

(7) For the purpose of carrying out the provisions of this article, the commission may avail itself of the special information of the state highway and public works commission in promulgating safety requirements and in considering applications for certificates or permits with particular reference to conditions of the public highway or highways involved, and the ability of the said public highway or highways to carry added traffic; and the state highway and public works commission, upon request of the commission, shall furnish such information.

(8) The commission shall maintain in its offices a docket of pending proceedings under this article, separate from dockets of other proceedings, which docket shall at all times be open for public inspection and for the information of all persons having an interest therein. The commission shall cause to be filed and recorded in said docket of pending proceedings, immediately upon the institution thereof, the title of the proceedings, the names of the parties thereto, a brief description of the purpose thereof and any other information deemed to be material to the identification of any official file containing all the original pleadings, petitions and other official records pertaining thereto. The commission shall also maintain an official register in its offices, in which shall be recorded all general orders, rules, regulations and requirements made and entered by the commission under the provisions of this article, which register shall at all times be open for inspection by the public and any person having an interest therein. The commission may from time to time, and in its discretion, cause all of its general orders, rules, regulations and requirements promulgated under the provisions of this article to be printed either separately or in conjunction with other official orders, rules, regulations and requirements of the

commission promulgated by it as authorized by law, and to distribute the same for the information of the public and the guidance of all persons affected thereby.

(9) Before the commission shall prescribe or fix any rate, charge, or classification of traffic, and before it shall make any order, rule, regulation or requirement directed against any one or more motor carriers by name, the motor carrier or carriers to be affected by such rate, charge, classification, order, rule, regulation or requirement, shall first be given, by the commission, at least twenty days notice of the time and place when and where the contemplated action in the premises will be considered and disposed of, and such carriers shall be afforded a reasonable opportunity to introduce evidence and to be heard thereon, and shall have process to enforce the attendance of witnesses, to the end that justice may be done. Before the commission shall make or prescribe any general order, rule, regulation or requirement not directed against any specific motor carrier or carriers by name, the contemplated general order, rule, regulation or requirement shall first be published in substance not less than once each week for four consecutive weeks in one or more newspapers of general circulation published in the city of Raleigh, North Carolina, together with notice of the time and place when and where the commission will hear any objections which may be urged by any interested persons against the proposed order, rule, regulation or requirement, and shall forthwith record in its docket of pending proceedings a copy of such notice or description thereof sufficient to advise all interested persons of the time and place of such hearing and shall mail at least thirty days prior to such hearing, a copy of said notice to each motor carrier operating in this state under the provisions of this article. Every such general order, rule, regulation or requirement made and entered by the commission shall be forthwith recorded verbatim in its official register, showing thereon the effective date of such general order, rule, regulation or requirement which shall be not less than ten days subsequent to the entry thereof in said official register and shall also file a copy of same with the secretary of state as required by chapter 143, article 18, General Statutes of North Carolina, of 1943. The commission may, without prior notice and hearing, make and enter any order, rule, regulation, or requirement, not affecting rates, charges, or tariffs, upon a unanimous finding by the commission of the existence of an emergency and order such order, rule, regulation or requirement in effect upon notice given to each affected motor carrier by registered mail, pending a hearing thereon as provided in this subsection. Any such emergency order, rule, regulation or requirement shall be subject to continuation, modification, change, or revocation after notice and hearing as in this section provided and all such emergency orders, rules, regulations, and requirements shall be supplanted and superseded by any final order, rule, regulation or requirement entered by the commission after such notice and hearing.

(10) The commission shall also regulate brokers and make and enforce reasonable requirements respecting their licenses, financial responsibility, accounts, records, reports, operations and practices.

(11) Upon complaint in writing to the commission by any person, organization, or body politic, or upon its own initiative without complaint, the commission may investigate whether any motor carrier has failed to comply with any provisions of this article, or with any rate, charge, classification, order, rule, regulation or requirement prescribed or fixed by the commission pursuant thereto; and if the commission finds upon such investigation, after due notice and hearing that the motor carrier has failed to comply with any such provision of this article, or with any such rate, charge, classification, order, rule, regulation or requirement prescribed or fixed by the commission pursuant thereto, the commission shall issue an appropriate order to compel the carrier to comply therewith. The commission may dismiss such complaint without investigation when it is of the opinion that the complainant does not state reasonable grounds for investigation and action on its part.

(12) The commission and its duly authorized inspectors and agents shall have authority at any time to enter upon the premises of any motor carrier, subject to the provisions of this article, for the purpose of inspecting any motor vehicles and equipment used by such motor carriers in the transportation of passengers, and to prohibit the use by any motor carrier of any motor vehicle or parts thereof or equipment thereon adjudged by such agents and inspectors to be unsafe for use in the transportation of passengers upon the public highways of this state; and when such agents or inspectors shall discover any motor vehicle of such motor carrier in actual use upon the highways in the transportation of passengers to be unsafe or any parts thereof or any equipment thereon to be unsafe, such agents or inspectors may, if they are of the opinion that further use of such vehicle, parts or equipment are imminently dangerous, stop such vehicle and require the operator thereof to discontinue its use and to substitute therefor a safe vehicle, parts or equipment at the earliest possible time and place, having regard for both the convenience and the safety of the passengers. When an inspector or agent stops a motor vehicle on the highway, under authority of this section, and the motor vehicle is in operative condition and its further movement is not dangerous to the passengers and to the users of the highways, it shall be the duty of the inspector or agent to guide the vehicle to the nearest point for substitution or correction of the defect. Such agents or inspectors shall also have the right to stop any motor vehicle which is being used upon the public highways for the transportation of passengers by a motor carrier subject to the provisions of this article and to eject therefrom any driver or operator who shall be operating or be in charge of such motor vehicle while under the influence of intoxicating liquors. It shall be the duty of all inspectors and agents of the commission to make a written report, upon a form prescribed by the commission, of inspections of all motor equipment and a copy of each such written report, disclosing defects in such equipment, shall be served promptly upon the motor carrier operating the same, either in person by the inspector or agent or by mail.

Such agents and inspectors shall also make and serve a similar written report in cases where a motor vehicle is operated in violation of the laws of this state or of the orders, rules and regulations of the commission. Except as provided in this subsection safety rules and regulations shall be enforced as provided in subsection (11).

(13) All general orders, rules, regulations and requirements promulgated by the commission prior to the enactment of this article affecting motor carriers shall remain in full force and effect until revoked, modified, or changed as provided in this subsection. Prior to October 1, 1949, the commission shall mail notice to all motor carriers subject to regulation under this article and shall publish notice of time and place of hearing in one or more newspapers of general circulation published in the city of Raleigh, that the commission will at the time and place fixed in said notice consider and decide what revisions, modifications and changes in said general orders, rules, regulations and requirements are necessary to make the same comply with the provisions of the article, or deemed reasonably necessary in the administration of this article. Said orders, rules, regulations and requirements as amended, modified, changed or readopted shall then become effective on October 1, 1949. The commission may at the same time and place also consider and adopt such new general orders, rules, regulations and requirements as it may find necessary for the effective administration of this article, but notice and hearing shall be provided with respect to any such new orders, rules, regulations or requirements, as provided in subsection (9) of this section. (1949, c. 1132, s. 6.)

§ 62-121.49. Issuance of certificates in lieu of outstanding certificates.—Notwithstanding any exemptions contained in § 62-121.47 of this article, it shall be the duty of the commission to issue a certificate, as a matter of course and without further proceedings, to any person holding a certificate issued by the commission prior to the effective date of this article and in force on such date, granting to each such person the same operating rights held and exercised by it, under its outstanding certificate, including amendments thereto which have heretofore been or may hereafter be authorized by the commission on applications heard before the effective date of this article, and such certificate shall be deemed issued until prepared and actually issued by the commission. Nothing in this section shall relieve any common carrier from compliance with the provisions of §§ 62-121.56, 62-121.57 and 62-121.58 within such reasonable time as the commission may require. (1949, c. 1132, s. 7.)

§ 62-121.50. Issuance of permits to qualified contract carriers operating on and continuously since October 1, 1948.—(1) Generally.—Subject to §§ 62-121.56, 62-121.57 and 62-121.58, if any carrier or predecessor in interest was in bona fide operation as a contract carrier by motor vehicle on October 1st, 1948, over the route or routes, or within the territory for which application is made under this section, and has so operated since that time except for interruptions of service over which the applicant or its predecessor in interest had no control, the commission shall issue a permit to such carrier, if such carrier qualifies itself in the following manner:

(2) Duty of Carrier.—This section shall not apply to a carrier unless the carrier shall before October 1, 1949, file with the commission on forms furnished by it an application under oath for a permit under this section, giving such information and in such detail as the commission may require, including the following:

(a) The full name and address of each person owning an interest in the transportation business of the carrier.

(b) The make, type and carrying capacity of each vehicle, or other unit of equipment, owned, operated by, or licensed in the name of the carrier during the month of October, 1948, and at the time of filing application.

(c) A true copy of each contract in force on the date of such application between the carrier and the other contracting party or parties whom the carrier is serving. No such contract shall be open to inspection by other carriers or by the public, except by order of court, or by order of the commission in a proceeding involving the violation of some law or valid regulation of the commission in which such contract becomes material or in a proceeding conducted under this section.

(d) A current balance sheet showing the assets, liabilities, and net worth of the carrier.

(3) Duty of Commission.—The burden shall be upon each applicant for a permit as a contract carrier under this section to satisfy the commission that the applicant was operating as a contract carrier, as defined in this article, on October 1, 1948, and has continued to so operate since that time, seasonal service and unavoidable interruptions considered; and to that end the commission may require the applicant to furnish further supporting evidence in addition to that set forth in the application. The commission may deny such permit upon a finding from substantial evidence that the applicant is unfit or otherwise disqualified to perform the service for which the application is made. Any motor carrier subject to the provisions of this article may file protest to the issuance of a permit under this section and in such event the application shall be set for hearing at a time and in a manner prescribed by the rules of the commission. When no protest is filed within the time as may be prescribed by the rules of the commission, the commission may proceed to issue or decline to issue the permit without a hearing. (1949, c. 1132, s. 8; c. 1283.)

§ 62-121.51. Issuance of temporary authority.—Upon the filing of an application in good faith for a permit, as provided in § 62-121.50, the commission shall, pending its final decision on the application, issue to the applicant appropriate temporary authority to operate as a contract carrier by motor vehicle, under such just and reasonable conditions and limitations as the commission deems necessary or desirable to impose in the public interest; provided, however, that pending such final decision on the application, the applicant shall comply with all the provisions of this article, and with the lawful orders, rules and regulations of the commission promulgated thereunder, applicable to holders of permits, and

upon failure of an applicant so to do, after reasonable notice from the commission requiring compliance therewith in the particulars set out in the notice, and after hearing, the application may be dismissed by the commission without further proceedings, and the temporary authority issued to such applicant revoked. (1949, c. 1132, s. 9.)

§ 62-121.52. Applications and hearings.—(1) Except as otherwise provided in §§ 62-121.47, 62-121.49 to 62-121.51, and 62-121.59, no person, after the effective date of this article, shall engage in the transportation of passengers in intrastate commerce or continue in any such operations until and unless such person shall have applied to and obtained from the commission a certificate or permit authorizing such operations, and it shall be unlawful for any person knowingly or willfully to operate in intrastate commerce in any manner contrary to the provisions of this article, or of the rules and regulations of the commission made pursuant thereto.

(2) Applications for certificates or permits shall be made to the commission in writing on forms furnished by the commission, shall be verified under oath by the applicant, and shall contain such information and in such form and detail as the commission may require.

(3) Upon filing of an application for a certificate or a permit, the commission shall, within a reasonable time fix a time and place for hearing such application. The commission shall cause notice of the time and place of hearing to be given by mail to the applicant, to other motor carriers holding certificates or permits to operate in the territory proposed to be served by the applicant, and to other motor carriers who have pending applications to so operate. The notice herein required shall be given at least twenty (20) days prior to the date fixed for such hearing, but the failure of any such person, other than applicant, to receive any such mailed notice shall not, for that reason, invalidate the action of the commission in granting or denying the application.

(4) The commission shall cause notice of the time and place of such hearing, together with a brief description of the purpose of said hearing and the exact route or routes and authority applied for, to be published not less than once each week for two successive weeks in one or more newspapers of general circulation in the territory proposed to be served. A copy of the notice by mail, required by subsection three (3) and a copy of the published notice required by this subsection shall be forthwith recorded in the commission's docket of pending proceedings. In addition to the fees required to be paid by the applicant by the provisions of this article, such applicant shall, prior to the hearing upon his application, be required to pay into the office of the commission the cost, as determined by the commission, of the notices herein required to be published or mailed by the commission.

(5) Any motor carrier desiring to protest the granting of an application for a certificate or permit, in whole or in part, may become a party to such proceeding by filing with the commission, not less than ten (10) days prior to the date fixed for the hearing, unless the time be extended by order of the commission, its protest in writing under oath, containing a general statement of the grounds for such protest and the manner in which the protestant will be adversely affected by the granting of the application, in whole or in part. Such protestant may also set forth in his protest its proposal, if any, to render, either alone or in conjunction with other motor carriers, the service proposed by the applicant, either in whole or in part. Upon the filing of such protest it shall be the duty of the protestant to file four copies with the commission, one of which copies the commission shall cause to be forthwith mailed to the applicant. The protestant shall be required, at the time of filing such protest, to pay into the office of the commission a filing fee of five dollars ($5.00). When no protest is filed with the commission within the time herein limited, or as extended by order of the commission, the commission may proceed to hear the application and make the necessary findings of fact and issue or decline to issue the certificate or permit applied for without further notice. Persons other than motor carriers shall have the right to appear before the commission and give evidence in favor of or against the granting of any application, and with permission of the commission may be accorded the right to examine and cross-examine witnesses. No certificate or permit shall be amended so as to enlarge or in any manner extend the scope of operations of a motor carrier without complying with the provisions of this section.

(6) If the application is for a certificate, the burden of proof shall be upon the applicant to show to the satisfaction of the commission, (a) that public convenience and necessity requires the proposed service in addition to existing authorized transportation service, and (b) that the applicant is fit, willing and able to properly perform the proposed service, and (c) that the applicant is solvent and financially able to furnish adequate service on a continuing basis.

(7) No certificate shall be granted to an applicant proposing to serve a route already served by a previously authorized motor carrier unless and until the commission shall find from the evidence that the service rendered by such previously authorized motor carrier or carriers on said routes is inadequate to meet the requirements of public convenience and necessity; and if the commission shall find that the service being rendered by such certificate holder or holders on said routes is inadequate to meet the requirements of public convenience and necessity, such certificate holder or holders who have protested the application as provided in subsection (5) of this section, shall be given reasonable time to remedy such inadequacy before any certificate shall be granted to an applicant proposing to operate on such routes, unless the commission finds that the previously authorized carrier, filing such protest, is either financially unable, or otherwise unqualified, or is unwilling to render, on a continuing basis, the service applied for or the service found by the commission to meet the requirements of public convenience and necessity. In all cases in which applications affect local intracity bus service the commission shall give consideration to all interests involved and make appropriate provision for the protection thereof, and to that end local intracity operators shall have the right to be heard

as protestants, or intervenors, under such rules of practice as the commission may provide.

(8) A certificate for the transportation of passengers may include authority to transport in the same vehicle with passengers the baggage of such passengers, newspapers, express parcels or United States mail when authorized so to do by the government of the United States of America; or to transport baggage of passengers in a separate vehicle. The commission, in its discretion, may require through joint routes and rates for the transportation of newspapers and express parcels.

(9) Common carriers by motor vehicle transporting passengers under a certificate issued by the commission may operate to any place in this state, pursuant to charter party or parties, trips originating on such common carriers' authorized routes or in the territory served by its routes under such reasonable rules and regulations as the commission may prescribe.

(10) If the application is for a permit, the commission shall give due consideration to (a) whether the proposed operations conform with the definition in this article of a contract carrier. (b) whether the proposed operations will unreasonably impair the efficient public service of carriers operating under certificates, (c) whether the proposed service will unreasonably impair the use of the highways by the general public, (d) whether the applicant is fit, willing and able to properly perform the service proposed as a contract carrier, (e) whether the proposed operations will be consistent with the public interest and the transportation policy declared in this article, and (f) other matters tending to qualify or disqualify the applicant for a permit.

(11) After the issuance of a certificate or permit as provided in this section, such certificate or permit may thereafter be amended, changed or modified, by requiring the holder to furnish more or less transportation service, or by changing the routes over which service has been authorized, or by imposing other reasonable terms, conditions, restrictions, and limitations as public convenience and necessity or reasonable regulation of bus traffic upon the highways may require; provided, that the procedure in all such cases as to notice and hearing shall be the same as provided in this section for the issuance of a certificate or permit.

(12) The commission shall by general order, or rule, having regard for the public convenience and necessity, provide for the abandonment or permanent or temporary discontinuance of transportation service previously authorized in a certificate. (1949, c. 1132, s. 10.)

Duplication of Service.—Under a former article of similar import, it was held that the commission might, in its discretion, grant a franchise which would duplicate in whole or in part a previously authorized similar class of service; and, when it was shown to the satisfaction of the commission that the existing operations were not providing sufficient service reasonably to meet the public convenience and necessity and the existing operators, after thirty days' notice, failed to provide the service required by the commission, it would be the duty of the commission to do so. State v. Carolina Coach Co., 224 N. C. 390, 30 S. E. (2d) 328.

Municipality Has No Power to Grant Franchise.—A municipality granted an exclusive franchise for the operation of a motor bus transportation service over specified streets within the city and "such other routes, with the consent and approval of the city council" as the public transportation might require. Thereafter the municipality approved a request for an additional route along a public highway from a point within the city to a point ⅞ of a mile beyond the corporate limits. Held that the "approval" of the proposed route did not amount to the granting of a franchise by the city since by former article 6 of this chapter the utilities commission alone had the power to grant the franchise over the route in controversy, and held further that the city had no authority to grant such a franchise either under § 160-203, or by virtue of its implied powers. City Coach Co. v. Gastonia Transit Co., 227 N. C. 391, 42 S. E. (2d) 398.

§ 62-121.53. Terms and conditions of certificate.—Any certificate issued under this article shall specify the service to be rendered and the routes over which, the fixed termini between which, and the intermediate points at which the motor carrier is authorized to operate; and there shall, at the time of issuance, be attached to the privileges granted by the certificate such reasonable terms, conditions, restrictions, and limitations as the public convenience and necessity may require. The commission may, from time to time, rewrite a certificate previously authorized for the purpose of conforming the description of routes and services with changes which have been made resulting from changes made in the designation and location of highways or in changes made pursuant to amendments lawfully ordered by the commission. (1949, c. 1132, s. 11.)

§ 62-121.54. Issuance of permits, terms and conditions.—The commission shall specify in the permit, or amendment thereto, the business of the contract carrier covered thereby and the scope thereof and shall attach to it, at the time of issuance, such reasonable terms, conditions, and limitations consistent with the service of a contract carrier as are necessary to carry out, with respect to the operations of such carrier, the requirements established by the commission under § 62-121.48; provided, that no terms, conditions, or limitations shall restrict the right of the carrier to substitute or add contracts within the scope of the permit, as the development of the business and the demands of the public may require. (1949, c. 1132, s. 12.)

§ 62-121.55. Application for broker's license.—(1) No person shall engage in the business of a broker in intrastate operations within this state unless such person holds a broker's license issued by the commission.

(2) The commission shall prescribe the form of application and such reasonable requirements and information as may in its judgment be necessary.

(3) Upon the filing of an application for license the commission may fix a time and place for the hearing of the application and require such notices, publications, or other service as it may prescribe by general rule or regulation.

(4) A license shall be issued to any qualified applicant therefor authorizing the whole or any part of the operations covered by the application if it is found that the applicant is fit, willing and able properly to perform the service proposed and to conform to the provisions of this article and the requirements, rules and regulations of the commission thereunder, and that the proposed service, to the extent to be authorized by the license, is or will be consistent with the public interest and policy declared herein.

(5) The commission shall have the same authority over persons operating under and holding a brokerage license as it has over motor carriers under this article, and shall require a broker

to furnish bond or other security approved by the commission and sufficient for the protection of travelers by motor vehicle. (1949, c. 1132, s. 13.)

§ 62-121.56. Issuance of partnership certificates or permits.—No certificate or permit shall be issued under this article to two or more individuals until such individuals shall have executed a partnership agreement and recorded the same in the office of the clerk of the superior court in the county in which the principal office of the partnership is located, and filed a certified copy of such agreement with the commission. (1949, c. 1132, s. 14.)

§ 62-121.57. The same or similar trade names prohibited.—No carrier holding or operating under a certificate or permit issued under this article shall adopt or use the same trade name used by any other such carrier, or the name of any corporation holding or operating under a certificate or permit, or any name so similar to the trade or corporate name of another carrier as to mislead or confuse the public, and the commission may, upon complaint, or upon its own initiative, in any such case require the carrier to discontinue the use of such trade name, preference being given to the carrier first adopting and using such trade name. (1949, c. 1132, s. 15.)

§ 62-121.58. Dual operations.—From and after the effective date of this article, unless the commission, in its discretion, finds that the public interest so requires, no person or any person controlling, controlled by, or under common control with such person, shall hold both a certificate as a common carrier and permit as a contract carrier. (1949, c. 1132, s. 16.)

§ 62-121.59. Emergency operating authority.—To meet unforeseen emergencies, the commission may, upon its own initative, or upon written request by any person, department or agency of the state, or of any county, city or town, with or without a hearing, grant appropriate authority to any owner of a duly licensed vehicle or vehicles, whether such owner holds a certificate or permit or not, to transport passengers, baggage, mail, newspapers and light express between such points, or within such area during the period of the emergency and to the extent necessary to relieve the same, as the commission may fix in its order granting such authority; provided, that unless the emergency is declared by the General Assembly or under its authority, the commission shall find from such request, or from its own knowledge of conditions, that a real emergency exists and that relief to the extent authorized in its order is immediate, pressing and necessary in the public interest, and that the carrier so authorized has the necessary equipment and is willing to perform the emergency service as prescribed by the order. In all cases, under this section, the commission shall first afford the holders of certificates or permits operating in the territory affected an opportunity to render the emergency service. Upon the termination of the emergency the operating privileges so granted shall automatically expire and the commission shall forthwith withdraw all operating privileges granted to any person under this section. (1949, c. 1132, s. 17.)

§ 62-121.60. Deviation from regular route operations.—A common carrier by motor vehicle operating under a certificate issued by the commission may occasionally deviate from the routes over which it is authorized to operate under the certificate, under such general or special rules and regulations as the commission may prescribe. (1949, c. 1132, s. 18.)

§ 62-121.61. Insurance or bond required.—(1) The commission shall, in granting a certificate or permit, require the applicant to procure and file with the commission acceptable liability and property damage insurance in a company licensed to do business in this state; or, in lieu of such insurance may accept bond with solvent surety, on such motor vehicles to be used in such service, in such amount as the commission may determine, insuring passengers and the public receiving personal injury by reason of an act of negligence arising from the operation of any motor vehicle by the applicant upon the public highways of this state; and insuring the passengers and the public receiving personal injury by reason of any act of negligence arising from the operation of any motor vehicle by the applicant upon the route designated in the applicant's certificate or permit, whether such motor vehicle shall be specifically named, numbered or designated in the insurance policy or bond, or not, and whether such motor vehicle be in regular or temporary use by the applicant. Such policy, or bond, shall contain such other conditions, provisions and limitations as the commission may prescribe, and shall be kept in full force and effect.

(2) Before final judgment has been rendered by a court of competent jurisdiction, in any cause arising from the operation under any certificate or permit, no attachment shall lie against motor vehicles used in such operation by any motor vehicle carrier, who has filed with the commission such damage liability policy, or bond, so long as such policy or bond is in full force and effect.

(3) In any action in the courts arising out of damage to person or property, the assurer shall not be joined in the action against the assured; but upon final judgment against the assured, the assurer shall be liable within the limitations of the policy for the amount recovered and all court costs.

(4) The commission may permit the filing by any licensed assurer of a uniform master insurance policy contract, the terms of which shall conform to the foregoing, and when approved and accepted by the commission, shall be applicable to all insurance policy contracts filed by such assurer for motor vehicle carriers under this article, and thereafter, so long as the master policy contract shall remain in force, carriers under this article may be permitted to file certificates, in such form as the commission may prescribe, evidencing fleet coverage under the term of such master policy instead of filing a separate individual policy contract in each case. The commission, when satisfied that passengers and the public will be fully protected against damage or loss, in the exercise of its discretion, may permit a common carrier or a contract carrier to become a self-insurer upon such terms and conditions as the commission may prescribe.

(5) Brokers shall be required to file bond to cover financial responsibility not in excess of amounts required by the Interstate Commerce Commission. (1949, c. 1132, s. 19.)

§ 62-121.62. Transfers of certificates and permits.—No certificates or permits issued under the provisions of this article shall be sold, assigned, pledged, transferred, or any rights thereunder leased, nor shall any merger or combination affecting any motor carrier be made through acquisition of control by stock purchases or otherwise, except after application to and written approval by the commission as in this section provided. The applicant shall give not less than ten (10) days written notice of such application by registered mail to all connecting and competing carriers. When the commission is of the opinion that the transaction is consistent with the purposes of this article, the commission may, in the exercise of its discretion, grant its approval, provided, however, that when such transaction will result in a substantial change in the service and operations of any motor carrier party to the transaction, or will substantially affect the operations and services of any other motor carrier, the commission shall not grant its approval except upon notice and hearing as required in § 62-121.52 upon an application for an original certificate or permit. In all cases arising under this section it shall be the duty of the commission to require the successor carrier to satisfy the commission that the operating debts and obligations of the seller, assignor, pledgor, lessor or transferor, including taxes due the state of North Carolina or any political subdivision thereof are paid or the payment thereof is adequately secured. The commission may attach to its approval of any transaction arising under this section such other conditions as the commission may determine are necessary to effectuate the purposes of this article. It shall be considered against the policy declared in § 62-121.44 for any person to obtain a certificate or permit for the purpose of transferring the same to another, and an offer of such transfer within one year after the same was obtained shall be prima facie evidence that such a certificate or permit was obtained for the purpose of sale. (1949, c. 1132, s. 20.)

§ 62-121.63. Suspension or revocation of certificates and permits.—(1) The certificates and permits issued under the provisions of this article shall be effective from the date issued unless otherwise specified therein, and shall remain in effect until terminated under the terms thereof, or until suspended or revoked as herein provided.

(2) Any certificate or permit may be suspended or revoked, in whole or in part, upon complaint or upon the commission's own initiative, after notice and hearing, for willful failure to comply with any provision of this article, or with any lawful order, rule, or regulation of the commission promulgated thereunder, or with any term, condition, or limitation of such certificate or permit; provided, however, that any such certificate or permit may be suspended or revoked by the commission upon notice to the holder or lessee thereof without a hearing for any one or more of the following causes:

(a) For failure to comply with § 62-121.61.

(b) For failure to file and keep on file with the commission applicable tariffs or schedules of charges as required in §§ 62-121.64, 62-121.65 and 62-121.66.

(c) For failure to pay any gross receipt taxes, use or privilege taxes, due the state of North Carolina within six months after demand in writing from the agency of the state authorized by law to collect the same; provided, that this paragraph shall not apply to instances in which there is a bona fide controversy as to tax liability.

(d) For failure to begin operations as authorized by the commission within the time specified by order of the commission, or for suspension of authorized operations for a period of thirty (30) days without the written consent of the commission. (1949, c. 1132, s. 21.)

§ 62-121.64. Rates and charges of common carriers.—(1) It shall be the duty of every common carrier of passengers by motor vehicle to establish reasonable through routes with other such common carriers and to provide safe and adequate service, equipment, and facilities for the transportation of passengers; to establish, observe, and enforce just and reasonable individual and joint rates, fares, and charges and just and reasonable regulations and practices relating thereto, and to the issuance, form, and substance of tickets, the carrying of personal, sample and excess baggage, the facilities for transportation, and all other matters relating to or connected with the transportation of passengers; and in case of such joint rates, fares, and charges, to establish just, reasonable and equitable divisions thereof as between the carriers participating therein which shall not unduly prefer or prejudice any such participating carriers.

(2) All charges made for services rendered or to be rendered by any common carrier by motor vehicle in the transportation of passengers in intrastate commerce or in connection therewith shall be just and reasonable, and every unjust and unreasonable charge for such service, or any part thereof, is prohibited and declared to be unlawful. It shall be unlawful for any common carrier by motor vehicle engaged in intrastate commerce to make, give, or cause any undue or unreasonable preference or advantage to any particular person, place, locality, territory, or description of traffic, in any respect whatsoever, or to subject any particular person, place, locality, territory, or description of traffic, to any unjust discrimination or any undue or unreasonable prejudice or disadvantage in any respect whatsoever; provided, however, that this paragraph shall not be construed to apply to discrimination, prejudice, or disadvantage to the traffic of any other carrier of whatever description.

(3) Any person, state board, organization, or body politic may make complaint in writing to the commission that any such rate, fare, charge, classification, rule, regulation, or practice, in effect or proposed to be put into effect, is or will be in violation of this section or of § 62-121.65. Whenever, after hearing upon complaint or in an investigation on its own initiative, the commission shall be of the opinion that any individual or joint rate, fare, or charge, demanded, charged, or collected by any common carrier or carriers by motor vehicle or by any

common carrier or carriers by motor vehicle in conjunction with any common carrier or carriers by railroad and/or express, and/or water, and/or air, or any classification, rule, regulation, or practice whatsoever of such carrier or carriers affecting such rate, fare, or charge or the value of the service thereunder, is or will be unjust or unreasonable, or unjustly discriminatory or unduly preferential or unduly prejudicial, it shall determine and prescribe the lawful rate, fare, or charge or the maximum or minimum, or maximum and minimum rate, fare, or charge thereafter to be observed, or the lawful classification, rule, regulation, or practice thereafter to be made effective and the commission shall, whenever deemed by it to be necessary or desirable in the public interest, after hearing, upon complaint or upon its own initiative without a complaint, establish through routes, and joint rates, fares, charges regulations, or practices, applicable to the transportation of passengers by common carriers by motor vehicle, or the maxima or minima, or maxima and minima, to be charged, and the terms and conditions under which such through routes shall be operated.

(4) Whenever, after hearing, upon complaint or upon its own initiative, the commission is of opinion that the divisions of joint rates, fares, or charges, applicable to the transportation of passengers by common carriers in conjunction with common carriers by railroad and/or express, and/or water, and/or air are or will be unjust, unreasonable, inequitable, or unduly preferential or prejudicial as between the carriers parties thereto (whether agreed upon by such carriers, or any of them, or otherwise established), the commission shall by order prescribe the just, reasonable and equitable divisions thereof to be received by the several carriers; and in cases where the joint rate, fare, or charge was established pursuant to a finding or order of the commission and the divisions thereof are found by it to have been unjust, unreasonable, or inequitable, or unduly preferential or prejudicial, the commission may also by order determine what would have been the just, reasonable, and equitable divisions thereof to be received by the several carriers, and require adjustment to be made in accordance therewith. The order of the commission may require the adjustment of divisions between the carriers, in accordance with the order, from the date of filing the complaint or entry of order of investigation or such other date subsequent as the commission finds justified and, in the case of joint rates prescribed by the commission, the order as to divisions may be made effective as a part of the original order.

(5) Whenever there shall be filed with the commission any schedule stating a new individual or joint rate, fare, charge, or classification for the transportation of passengers by a common carrier or carriers by motor vehicle, or by any such carrier or carriers in conjunction with a common carrier or carriers by railroad and/or express, and/or water and/or air or any rule, regulation, or practice affecting such rate, fare, or charge, or the value of the service thereunder, the commission is hereby authorized and empowered upon complaint of any interested party or upon its own initiative at once and, if it so orders, without answer or other formal pleading by the interested carrier or carriers, but upon reasonable notice, to enter upon a hearing concerning the lawfulness of such rate, fare, or charge, or such rule, regulation, or practice, and pending such hearing and the decision thereon the commission, by filing with such schedule and delivering to the carrier or carriers affected thereby a statement in writing of its reasons for such suspension, may from time to time suspend the operation of such schedule and defer the use of such rate, fare, or charge, or such rule, regulation, or practice, but not for a longer period than one hundred eighty days beyond the time when it would otherwise go into effect; and after hearing, whether completed before or after the rate, fare, charge, classification, rule, regulation, or practice goes into effect, the commission may make such order with reference thereto as would be proper in a proceeding instituted after it had become effective. If the proceeding has not been concluded and an order made within the period of suspension, the proposed change or rate, fare, or charge, or classification, rule, regulation, or practice shall go into effect at the end of such period. At any hearing involving a change in a rate, fare, charge, or classification, or in a rule, regulation, or practice, the burden of proof shall be upon the carrier to show that the proposed changed rate, fare, charge, classification, rule, regulation, or practice is just and reasonable.

(6) In any proceeding to determine the justness or reasonableness of any rate, fare, or charge of any such carrier, there shall not be taken into consideration or allowed as evidence any elements of value of the property of such carrier, good will, earning power, or the certificate under which such carrier is operating; and in applying for and receiving a certificate under this part any such carrier shall be deemed to have agreed to the provisions of this paragraph, on its own behalf and on behalf of all transferees on such certificate.

(7) In the exercise of its power to prescribe just and reasonable rates, fares, and charges for the transportation of passengers by common carriers by motor vehicle, and classifications, regulations, and practices relating thereto, the commission shall give due consideration, among other factors, to the inherent advantages of transportation by such carriers; to the effect of rates upon the movement of traffic by the carrier or carriers for which the rates are prescribed; to the need, in the public interest, of adequate and efficient transportation service by such carriers at the lowest cost consistent with the furnishing of such service; and to the need of revenues sufficient to enable such carriers, under honest, economical, and efficient management, to provide such service.

(8) Nothing in this section shall be held to extinguish any remedy or right of action not inconsistent herewith. (1949, c. 1132, s. 22.)

§ 62-121.65. Tariffs of common carriers.—(1) Every common carrier by motor vehicle shall file with the commission, and print, and keep open to public inspection, tariffs showing all the rates, fares, and charges for transportation, and all services in connection therewith, of passengers between points on its own route and points on the route of any such carrier, or on the route of any common carrier by railroad and/or express

and/or water and/or air when a through route and joint rate shall have been established. Such rates, fares, and charges shall be stated in terms of lawful money of the United States. The tariffs required by this section shall be published, filed, and posted in such form and manner, and shall contain such information, as the commission by regulations shall prescribe; and the commission is authorized to reject any tariff filed with it which is not in consonance with this section and with such regulations. Any tariff so rejected by the commission shall be void and its use shall be unlawful.

(2) No common carrier by motor vehicle shall charge or demand or collect or receive a greater or less or different compensation for transportation or for any service in connection therewith between the points enumerated in such tariff than the rates, fares, and charges specified in the tariffs in effect at the time; and no such carrier shall refund or remit in any manner or by any device, directly or indirectly, or through any agent or broker or otherwise, any portion of the rates, fares, or charges so specified, or extend to any person any privileges or facilities for transportation in intrastate commerce except such as are specified in its tariffs.

(3) No change shall be made in any rate, fare, charge, or classification, or any rule, regulation, or practice affecting such rate, fare, charge, or classification, or the value of the service thereunder, specified in any effective tariff of a common carrier by motor vehicle, except after thirty days' notice of the proposed change filed and posted in accordance with paragraph (1) of this section. Such notice shall plainly state the change proposed to be made and the time when such change will take effect. The commission may, in its discretion and for good cause shown, allow such change upon notice less than that herein specified or modify the requirements of this section with respect to posting and filing of tariffs either in particular instances or by general order applicable to special or peculiar circumstances or conditions.

(4) No common carrier by motor vehicle, unless otherwise provided by this article, shall engage in the transportation of passengers unless the rates, fares, and charges upon which the same are transported by said carrier have been filed and published in accordance with the provision of this article. (1949, c. 1132, s. 23.)

§ 62-121.66. Rates and charges of contract carriers; schedules.—(1) It shall be the duty of every contract carrier to establish and observe reasonable minimum rates and charges for any service rendered or to be rendered in the transportation of passengers or in connection therewith, and to establish and observe reasonable regulations and practices to be applied in connection with said reasonable minimum rates and charges. It shall be the duty of every contract carrier to file with the commission, publish, and keep open for public inspection, in the form and manner prescribed by the commission, schedules containing the minimum rates or charges of such carrier actually maintained and charged for the transportation of passengers in intrastate commerce, and any rule, regulation, or practice affecting such rates or charges and the value of the service thereunder. No such contract carrier, unless otherwise provided by this article, shall engage in the transportation of passengers in intrastate commerce unless the minimum charges for such transportation by said carrier have been published, filed, and posted in accordance with the provisions of this article. No reduction shall be made in any such charge either directly or by means of any change in any rule, regulation, or practice affecting such charge or the value of service thereunder, except after thirty days' notice of the proposed change filed in the aforesaid form and manner, but the commission may, in its discretion and for good cause shown, allow such change upon less notice, or modify the requirements of this paragraph with respect to posting and filing of such schedules, either in particular instances or by general order applicable to special or peculiar circumstances or conditions. Such notice shall plainly state the change proposed to be made and the time when such change will take effect. No such carrier shall demand, charge, or collect a less compensation for such transportation than the charges filed in accordance with this paragraph, as affected by any rule, regulation, or practice so filed, or as may be prescribed by the commission from time to time, and it shall be unlawful for any such carrier, by the furnishing of special services, facilities, or privileges, or by any other device whatsoever, to charge, accept, or receive less than the minimum charges so filed or prescribed; provided, that any such carrier or carriers, or any class or group thereof, may apply to the commission for relief from the provisions of this paragraph, and the commission may, after hearing, grant such relief to such extent and for such time, and in such manner as in its judgment is consistent with the public interest and the transportation policy declared in this article.

(2) Whenever, after hearing, upon complaint or upon its own initiative, the commission finds that any minimum rate or charge of any contract carrier by motor vehicle, or any rule, regulation, or practice of any such carrier affecting such minimum rate or charge, or the value of the service thereunder, for the transportation of passengers or in connection therewith, contravenes the transportation policy declared in this article, or is in contravention of any provision of this article, the commission may prescribe such just and reasonable minimum rate or charge, or such rule, regulation, or practice as in its judgment may be necessary or desirable in the public interest and to promote such policy and will not be in contravention of any provision of this article. Such minimum rate or charge, or such rule, regulation, or practice, so prescribed by the commission, shall give no advantage or preference to any such carrier in competition with any common carrier by motor vehicle subject to this article, which the commission may find to be undue or inconsistent with the public interest and the transportation policy declared in this article, and the commission shall give due consideration to the cost of the services rendered by such carriers, and to the effect of such minimum rate or charge, or such rule, regulation, or practice, upon the movement of traffic by such carriers. All complaints shall state fully the facts complained of

and the reasons for such complaint and shall be made under oath.

(3) Whenever there shall be filed with the commission by any such contract carrier any schedule stating a charge for a new service or a reduced charge, directly or by means of any rule, regulation, or practice, for the transportation of passengers in intrastate commerce, the commission is hereby authorized and empowered upon complaint of interested parties or upon its own initiative at once and, if it so orders, without answer or other formal pleading by the interested party, but upon reasonable notice, to enter upon a hearing concerning the lawfulness of such charge, or such rule, regulation, or practice, and pending such hearing and the decision thereon the commission, by filing with such schedule and delivering to the carrier affected thereby a statement in writing of its reasons for such suspension, may from time to time suspend the operation of such schedule and defer the use of such charge, or such rule, regulation, or practice, but not for a longer period in the aggregate than one hundred eighty days beyond the time when it would otherwise go into effect; and after hearing, whether completed before or after the charge, or rule, regulation, or practice goes into effect, the commission may make such order with reference thereto as would be proper in a proceeding instituted after it had become effective. If the proceeding has not been concluded and order made within the period of suspension, the proposed change in any charge or rule, regulation, or practice shall go into effect at the end of such period, provided, the carrier may voluntarily suspend such schedule, rule, regulation or practice for further periods beyond the one hundred eighty days and until the proceeding be concluded.

(4) At any hearing before the commission under this paragraph, the burden of proof shall be upon the carrier to show that the changed rate, fare, charge, or classification or rule, regulation or practice, or the proposed changed rate, fare, charge, or classification, or the proposed rule, regulation, or practice, is just and reasonable. (1949, c. 1132, s. 24.)

§ 62-121.67. Accounts, records and reports.— (1) The commission is hereby authorized to require annual, periodical, or special reports from all motor carriers, brokers, and lessors (as defined in this section), to prescribe the manner and form in which such reports shall be made, and to require from such carriers, brokers and lessors, specific and full, true, and correct answers to all questions upon which the commission may deem information to be necessary. Such annual reports shall give an account of the affairs of the carrier, broker, or lessor, in such form and detail as may be prescribed by the commission. The commission may also require any motor carrier or broker to file with it a true copy of any contract, agreement, or arrangement between such carrier and any other carrier or person in relation to any traffic affected by the provisions of this article. The commission shall not, however, make public any contract, agreement, or arrangement under the terms of which a contract carrier undertakes to transport passengers, or any of the terms or conditions thereof, except as a part of the record in a formal proceeding where it considers such action consistent with the public interest; provided, that if it appears from an examination of any such contract that it fails to conform to the published schedule of the contract carrier as required by § 62-121.66, the commission may, in its discretion, make public such of the provisions of the contract as the commission considers necessary to disclose such failure and the extent thereof.

(2) Said annual reports shall contain all the required information for the period of twelve months ending on the thirty-first day of December in each year, unless the commission shall specify a different date, and shall be made out under oath and filed with the commission at its office in Raleigh within three months after the close of the year for which the report is made, unless additional time be granted in any case by the commission. Such periodical or special reports as may be required by the commission under paragraph (1) hereof shall also be under oath, whenever the commission so requires.

(3) The commission may, in its discretion, prescribe the forms of any and all accounts, records, and memoranda to be kept by motor carriers, brokers, and lessors, including the accounts, records, and memoranda of the movement of traffic, as well as of the receipts and expenditures of moneys; and it shall be unlawful for such carriers, brokers, and lessors, to keep any accounts, records, and memoranda contrary to any rules, regulations, or orders of the commission with respect thereto. The commission may issue orders specifying such operating, accounting, or financial papers, records, books, blanks, stubs, correspondence, or documents of motor carriers, brokers, or lessors, as may after a reasonable time be destroyed, and prescribing the length of time they shall be preserved. The commission or its duly authorized special agents, accountants, or examners shall at all times have access to and authority, under its order, to inspect and examine any and all lands, buildings, or equipment of motor carriers, brokers, and lessors; and shall have authority to inspect and copy any and all accounts, books, records, memoranda, correspondence, and other documents of such carriers, brokers, and lessors, and such accounts, books, records, memoranda, correspondence, and other documents of any person controlling, controlled by, or under common control with any such carrier, as the commission deems relevant to such person's relation to or transactions with such carrier. Motor carriers, brokers, lessors, and persons shall submit their accounts, books, records, memoranda, correspondence, and other documents for the inspection and copying authorized by this paragraph, and motor carriers, brokers, and lessors, shall submit their lands, buildings, and equipment for examination and inspection, to any duly authorized special agent, accountant, auditor, inspector, or examiner of the commission upon demand and the display of proper credentials.

(4) As used in this section, the words "keep", and "kept" shall be construed to mean made, prepared, or compiled, as well as retained; the term "lessor" means a lessor of any right to operate as a motor carrier; and the term "motor carrier", "broker", or "lessor", includes a receiver or trustee of any such motor carrier, broker, or lessor. (1949, c. 1132, s. 25.)

§ 62-121.68. Designation of process agent; service of notices and orders.—It shall be the duty of every motor carrier operating under a certificate or permit issued under the provisions of this article to file with the commission a designation in writing of the name and post office address of a person upon whom or which service of notices or orders may be made under this article. Such designation may from time to time be changed by like writing similarly filed. Service of notices or orders in proceedings under this article may be made upon a motor carrier by personal service upon it or upon the person so designated by it, or by registered mail, return receipt requested, addressed to it or to such person at the address filed. In proceedings before the commission involving the lawfulness of rates, charges, classifications, or practices, service of notice upon the person or agent who has filed a tariff or schedule in behalf of such carrier shall be deemed to be due and sufficient service upon the carrier. (1949, c. 1132, s. 26.)

§ 62-121.69. Free transportation.—No carrier shall, directly or indirectly, issue, give, tender, or honor any free fares except to its bona fide officers, agents, commission agents, employees, and members of their immediate families, and such persons as the commission may designate in its employ, or the employ of the motor vehicle department for the inspection of equipment and supervision of traffic upon the highways of the state: Provided, that motor carriers under this article may exchange free transportation within the limits of this section. (1949, c. 1132, s. 27.)

§ 62-121.70. Depots and stations.—Upon notice and hearing and upon a finding by the commission that public convenience and necessity so requires, the commission is authorized and empowered to compel any motor carrier operating under the provisions of this article and serving any municipality or town to establish and maintain a passenger depot or station for the security, accommodation and convenience of the traveling public. When two or more carriers operating under the provisions of this article shall serve any municipality or town, the commission is authorized and empowered to require such carriers to establish and maintain a union passenger depot or station for the security, accommodation and convenience of the traveling public, and to unite in the joint undertaking and expense of securing, erecting, constructing and maintaining such union passenger depot or station, commensurate with the business and revenue of such motor carriers, on such terms, regulations, provisions and conditions as the commission shall prescribe: Provided, that whenever the commission shall require that a union depot or station shall be provided, it shall first allow the carriers required to provide such station an opportunity to submit to the commission for approval any agreement between or among such carriers for the securing, construction, maintenance and operation of such station or depot. The commission shall approve such agreement or agreements, if the same be, in the commission's discretion, reasonable and just and in the public interest. (1949, c. 1132, s. 28.)

§ 62-121.71. Separation of races.—The commission shall require every common carrier by motor vehicle to provide separate but substantially equal accommodations for the white and colored races at passenger stations or waiting rooms where the carrier receives passengers of both races, and on all common carriers by motor vehicles operating on a route or routes over which such carrier transports passengers of both races. Provided, that any requirement as to separate accommodation for the races shall not apply to specially chartered motor vehicles or to negro servants and attendants and their employers, or to officers or guards transporting prisoners. (1949, c. 1132, s. 29.)

Nature of Segregation Provisions.—Former sections 62-109 and 62-118, of similar import to this section and § 62-121.72, did not purport to deal with the enforcement of segregation, but made it mandatory on the part of the utilities commission to require transportation companies to provide equal accommodations for the white and colored races, in order that the settled policy of this state, which calls for the segregation of the white and colored races in the public institutions of the state, and on our intrastate transportation systems, might be enforced. State v. Johnson, 229 N. C. 701, 51 S. E. (2d) 186.

§ 62-121.72. Unlawful operation.—(1) Any person, whether carrier, or any officer, employee, agent or representative thereof, knowingly and willfully violating any provision of this article or any rule, regulation, requirement, or order thereunder, or any term of condition of any certificate or permit, for which a penalty is not otherwise herein provided, shall be guilty of a misdemeanor, and upon conviction thereof be fined not more than one hundred dollars ($100.00) for the first offense and not more than five hundred dollars ($500.00) for any subsequent offense.

(2) If any motor carrier, or any other person or corporation, shall operate a motor vehicle for the transportation of passengers for compensation in violation of any provision of this article, except as to the reasonableness of rates or charges and the discriminatory character thereof, or shall operate in violation of any rule, regulation, requirement or order of the commission, or of any term or condition of any certificate or permit, the commission or any holder of a certificate or permit duly issued by the commission may apply to the resident superior court judge of any judicial district where such motor carrier or other person or corporation so operates, or to any superior court judge holding court in such judicial district, for the enforcement of any provision of this article, or of any rule, regulation, requirement, order, term or condition of the commission. Such court shall have jurisdiction to enforce obedience to this article or to any rule, order, or decision of the commission by a writ of injunction or other process, mandatory or otherwise, restraining such carrier, person or corporation, or its officers, agents, employees and representatives from further violation of this article or of any rule, order, regulation, or decision of the commission.

(3) Any person, whether carrier, passenger, shipper, consignee, or any officer, employee, agent, or representative thereof, who shall knowingly offer, grant, or give or solicit, accept, or receive any rebate, concession, or discrimination in violation of any provision of this article, or who by means of any false statement or representation, or by the use of any false or fictitious bill, bill of lading, receipt, voucher, roll, account, claim, certificate, affidavit, deposition, lease, or bill of

sale, or by any other means or device, shall knowingly and willfully by any such means or otherwise fraudulently seek to evade or defeat regulations as in this article provided for motor carriers, shall be deemed guilty of a misdemeanor and upon conviction thereof be fined not more than five hundred dollars ($500.00) for the first offense and not more than two thousand dollars ($2,000.00) for any subsequent offense.

(4) It shall be unlawful for any special agent, accountant, auditor, inspector, or examiner to knowingly and willfully divulge any fact or information which may come to his knowledge during the course of any examination or inspection made under authority of § 62-121.67 of this article, except as he may be directed by the commission or by a court or judge thereof. Nothing in this article shall be construed to prevent the giving of such information in response to any legal process issued under the authority of any court, or to any officer or agent of the state or of the government of the United States, in the exercise of his power, or to any officer or other duly authorized person seeking such information for the prosecution of persons charged with or suspected of crimes or to another carrier, or its duly authorized agent, for the purpose of adjusting mutual traffic accounts in the ordinary course of business of such carriers.

(5) Any motor carrier, or other person, or any officer, agent, employee, or representative thereof, who shall willfully fail or refuse to make a report to the commission as required by this article, or other applicable law, or to make specific and full, true, and correct answer to any question within thirty days from the time it is lawfully required by the commission so to do, or to keep accounts, records, and memoranda in the form and manner prescribed by the commission, or shall knowingly and willfully falsify, destroy, mutilate, or alter any such report, account, record, or memorandum, or shall knowingly and willfully neglect or fail to make true and correct entries in such accounts, records, or memoranda of all facts and transactions appertaining to the business of the carrier, or person required under this article to keep the same, or shall knowingly and willfully keep any accounts, records, or memoranda contrary to the rules, regulations, or orders of the commission with respect thereto, shall be deemed guilty of a misdemeanor and upon conviction thereof be subject for each offense to a fine of not more than five thousand dollars ($5,000.00). As used in this subsection the words "kept" and "keep" shall be construed to mean made, prepared, or compiled, as well as retained. It shall be the duty of the commission to prescribe and enforce such general rules and regulations as it may deem necessary to compel all motor carriers to keep accurate records of all revenue received by them to the end that any tax levied and assessed by the state of North Carolina upon revenues may be collected. Any agent or employee of a motor carrier who shall willfully and knowingly make a false report or record of fares, charges, or other revenue received by a carrier or collected in its behalf shall be guilty of a misdemeanor and upon conviction shall be fined or imprisoned, or both, in the discretion of the court. (1949, c. 1132, s. 30.)

As to right of common carrier to apply to court for injunctive relief against wrongful acts of another carrier under former article 6 of this chapter, repealed and superseded by this article, see Burke Transit Co. v. Queen City Coach Co., 228 N. C. 768, 47 S. E. (2d) 297.

§ 62-121.73. Evidence; liability of surety or insurer.—No report by any motor carrier of any accident arising in the course of the operations of such carrier, made pursuant to this article or to any requirement of the commission, and no report by the commission of any investigation of any such accident, shall be admitted as evidence, or used for any other purpose in any suit or action for damages growing out of any matter mentioned in such report or investigation; nor shall the discharge by any carrier of any vehicle driver or other employee after any such accident be offered or admitted in evidence for any purpose in any suit or action against such carrier for damages arising out of any such accident. No evidence of any policy, bond or other security required under § 62-121.61 shall be offered or received in any such action or suit against a motor carrier, but the surety or insurer shall be obligated within the amount of such policy, bond or other security to pay any final judgment against the carrier. (1949, c. 1132, s. 31.)

§ 62-121.74. Interstate carriers.—(1) Except in so far as the provisions of this article may be inconsistent with, or shall contravene, the constitution and laws of the United States this article shall apply to persons and vehicles engaged in interstate commerce over the highways of this state; and the commission may, in its discretion, require such carriers to file with it copies of their respective interstate authority, registration of their vehicles operated in this state, and the observance of such reasonable rules and regulations as the commission may deem advisable in the administration of this article and for the protection of persons and property upon the highways of this state.

(2) The commission or its authorized representative is authorized to confer with and hold joint hearings with the authorities of other states or with the Interstate Commerce Commission or its representatives in connection with any matter arising under this article, or under the Federal Motor Carrier Act, which may directly or indirectly affect the interests of the people of this state or the transportation policy declared by this article. (1949, c. 1132, s. 32.)

§ 62-121.75. Fees and charges.—The following fees and charges shall be paid to the commission under the provisions of this article:

(1) Twenty-five dollars ($25.00) with each application for a certificate or permit, and with each application for the amendment to a certificate or permit for new or additional operating rights, but credit shall be given for fees paid on applications filed under the existing law and heard after this article becomes effective.

(2) Ten dollars ($10.00) for each application for approval of a sale, assignment, pledge, hypothecation, transfer of a certificate or permit, or lease of any right or interest under a certificate or permit, or for any approval of any merger combination or change of control of the operating rights under a certificate of permit through stock transfer or otherwise.

(3) One dollar ($1.00) for registration of each

motor vehicle of a certificate or permit holder added to its rolling equipment after the effective date of this article.

(4) Twenty-five cents ($.25) for annual re-registration of each motor vehicle operated by a certificate or permit holder.

(5) Twenty-five dollars ($25.00) filing fee for each broker and twenty-five dollars ($25.00) each year thereafter for each such broker in addition to any other tax or fee provided by law.

(6) Such reasonable charges for copies of transcripts of testimony, or for copies of other papers, records, or documents, or for certifying records, as the commission shall prescribe in its rules of practice and procedure. All fees and charges received by the commission under this section shall be in addition to any other tax or fee provided by law and shall be paid forthwith to the state treasurer. (1949, c. 1132, s. 33.)

§ 62-121.76. Applicability of Utilities Commission Procedure Act of 1949; appeals.—Except as otherwise provided in this article, the Utilities Commission Procedure Act of 1949, codified as G. S. §§ 62-11 to 62-26.15, shall apply to and govern the procedure in all cases and proceedings before the commission arising under this article, including appeals from the commission's orders and decisions. (1949, c. 1132, s. 34.)

§ 62-121.77. Construction of article.—Nothing herein contained shall be construed to relieve any motor carrier, as herein defined, from any regulation otherwise imposed by law or lawful authority, and this article shall not be construed to relieve any such motor carrier from any obligation or duty imposed by chapter 20 of the General Statutes of North Carolina of 1943, as amended. (1949, c. 1132, s. 35.)

§ 62-121.78. Allocation of funds.— Sufficient funds shall be provided in the budget and allocated to the commission to be disbursed under the supervision of the director of the budget for the administration and enforcement of the provisions of this article, including the employment of such additional personnel as may be required for that purpose. (1949, c. 1132, s. 36.)

§ 62-121.79. Repeal of inconsistent acts.—This article regulating motor carriers of passengers, mail and light express and chapter 1008, Public Laws of 1947, now article 6b, chapter 62, General Statutes of North Carolina of 1943, regulating motor carriers of property shall be construed as superseding article 6, chapter 62 of the General Statutes of North Carolina of 1943 and said article 6 is hereby repealed. All other acts or parts of acts relating to motor carriers as defined in this article and in conflict or inconsistent with this article are hereby repealed to the extent of such conflict or inconsistency. (1949, c. 1132, s. 38.)

Art. 7. Rate Regulation.

§ 62-122. Commission to fix rates for public utilities.

Fees and Charges Made by Municipality.—The North Carolina utilities commission has no jurisdiction under paragraph 3 of this section to fix or supervise the fees and charges to be made by a municipality for connections with a city sewerage system, either within or without its corporate limits. Atlantic Constr. Co. v. Raleigh, 230 N. C. 365, 53 S. E. (2d) 165.

§ 62-123. Rates established deemed just and reasonable.

Where Rates Re-Established upon Reconsideration.—Where the utilities commission, after due notice and hearing, had established rates for intrastate shipments of pulpwood which it found to be just and reasonable, and thereafter upon petition of defendant and other carriers for reconsideration, the rate so established was ordered "to remain in full force and effect," it was held that by virtue of this section these rates so established must be deemed the only just and reasonable rates for this commodity over defendant's lines, rendering it unlawful for defendant to charge a greater amount. State v. Atlantic Coast Line R. Co., 224 N. C. 283, 287, 29 S. E. (2d) 912.

§ 62-125. Hearing before utilities commission upon request for change of rates, etc.—Whenever there shall be filed with the utilities commission any schedule stating a change in any new individual or joint rate, fare, charge, or classification for the transportation of passengers or property by a public carrier or carriers by railroad, or express, or highway, or water, or any rule, regulation, or practice affecting such rate, fare, or charge, or the value of the service thereunder, the commission is hereby authorized and empowered upon complaint of any interested party or upon its own initiative at once and, if it so orders, without answer or formal pleading by the interested carrier or carriers, but upon reasonable notice, to enter upon a hearing concerning the lawfulness of such rate, fare, or charge, or such rule, regulation, or practice, and pending such hearing and the decision thereon the commission, by filing with such schedule and delivering to the carrier or carriers affected thereby a statement in writing and its reasons for such suspension, may suspend the operation of such schedule and defer the use of such rate, fare, or charge, or such rule, regulation, or practice, for a period of ninety days, and if the proceeding has not been concluded and a final order made within such period, the commission may, from time to time, extend the period of suspension by order, but not for a longer period in the aggregate than one hundred and eighty days beyond the time when it would otherwise go into effect; and after hearing, whether completed before or after the rate, fare, charge, classification, rule, regulation, or practice goes into effect, the commission may make such order with reference thereto as would be proper in a proceeding instituted after it had become effective. If the proceeding has not been concluded and an order made within the period of suspension, the proposed change of rate, fare, or charge, or classification, rule, regulation, or practice, may go into effect at the end of such period. At any hearing involving a rate, fare, charge, or classification, changed or sought to be changed, or involving a rule, regulation, or practice, resulting in a change, the burden of proof shall be upon the carrier to show that the changed rate, fare, charge, or classification, or rule, regulation, or practice, or the proposed changed rate, fare, charge, or classification, or the proposed rule, regulation, or practice, is just and reasonable. (1939, c. 365, s. 3; 1941, c. 97; 1945, c. 725.)

The 1945 amendment substituted in line three the words "a change" for the words "an increase" and made similar changes in the last sentence of the section.

Pending further investigation into the reasonableness of a rate which has been established by the commission as the only just and reasonable rate for that commodity, the rate so fixed should not be superseded by a higher rate

by the railroad, in violation of an order in the proceeding forbidding it, except after proper determination of the reasonableness of the increase desired. State v. Atlantic Coast Line R. Co., 224 N. C. 283, 288, 29 S. E. (2d) 912.

§ 62-126. Notice required for change in rates, etc.—No change shall be made in any rate, fare, charge, or classification, nor shall any change be made in any rule, regulation, or practice, which has been published and filed by any of the transportation companies named in the preceding section, except upon not less than thirty days' notice to the commission and the public: Provided, that the commission may, in its discretion, and for good cause shown, authorize the publication and filing of changed rates, fares, charges, or classification, or rules, regulations, or practices, upon less than thirty days' notice. (1939, c. 365, s. 4; 1941, c. 97; 1945, c. 725.)

Editors Note.—Prior to the 1945 amendment notice was required only where there was an increase in rate.

The requirement of this section that the thirty days' notice of an increase in rates to be given the utilities commission properly may be implemented by rule of the commission requiring that the notice be in writing in triplicate. State v. Atlantic Coast Line R. Co., 224 N. C. 283, 289, 29 S. E. (2d) 912.

The utilities commission's rules of practice and procedure, promulgated under legislative authority, require a defendant, if it desires the vacation or modification of a previous order, to file a written notice of intention to make changes resulting in increases, which would seem to implement the requirements of this section that thirty days' notice of an increase be given the commission. State v. Atlantic Coast Line R. Co., 224 N. C. 283, 29 S. E. (2d) 912.

Greensboro-High Point Airport Authority v. Johnson, 226 N. C. 1, 10, 36 S. E. (2d) 803.

§ 63-12. Ownership of space.

Flight of Planes over Property as Taking.—Holding that flights by planes at low levels over plaintiff's land deprived plaintiffs of use and enjoyment of their property and constituted "taking" entitling them to compensation was not inconsistent with this section. United States v. Causby, 328 U. S. 256, 66 S. Ct. 1062, 90 L. Ed. 1206, discussed in 25 N. C. Law Rev. 64.

§ 63-13. Lawfulness of flight.—Flight in aircraft over the lands and waters of this State is lawful, unless at such a low altitude as to interfere with the then existing use to which the land or water, or the space over the land or water, is put by the owner, or unless so conducted as to be injurious to the health and happiness, or imminently dangerous to persons or property lawfully on the land or water beneath. The landing of an aircraft on the lands or waters of another, without his consent, is unlawful, except in the case of a forced landing. For damages caused by a forced landing, however, the owner or lessee of the aircraft or the aeronaut shall be liable as provided in § 63-14. (1929, c. 190, s. 4; 1947, c. 1001, s. 1.)

Editor's Note.—The 1947 amendment inserted in line seven the words "injurious to the health and happiness, or."

§ 63-18. Dangerous flying a misdemeanor. — Any aeronaut or passenger who, while in flight over a thickly inhabited area or over a public gathering within this State, shall engage in trick or acrobatic flying, or in any acrobatic feat, or shall except while in landing or taking off, fly at

such a low level as to disturb the public peace or the rights of private persons in the enjoyment of their homes, or injure the health, or endanger the persons or property on the surface beneath, or drop any object except loose water or loose sand ballast, shall be guilty of a misdemeanor and punishable by a fine of not more than five hundred dollars ($500.00) or imprisonment for not more than one year, or both. (1929, c. 190, s. 9; 1947, c. 1001, s. 2.)

Editor's Note.—The 1947 amendment struck out the words "endanger the persons" formerly appearing in line six and inserted in lieu thereof the words "disturb the public peace or the rights of private persons in the enjoyment of their homes, or injure the health, or endanger the persons or property."

Art. 4. Model Airport Zoning Act.

§ 63-29. Definitions.

(3) "Political subdivision" means any municipality, city, town, county, or any municipal corporation, authority or commission created by the general assembly of North Carolina for the purpose of owning, operating or regulating any airport or airports.

(1945, c. 300.)

Editor's Note.—Prior to the 1945 amendment subsection (3) read as follows: "'Political subdivision' means any municipality, city, county, or town." As only this subsection was affected by the amendment the rest of the section is not set out.

See note under § 63-31.

§ 63-31. Adoption of airport zoning regulations.

(4) The jurisdiction of each political subdivision is hereby extended to the promulgating, adopting, administering and enforcement of airport zoning regulations to protect the approaches of any airport or landing field which is owned by said political subdivision, although the area affected by the zoning regulations may be located outside the corporate limits of said political subdivision. In case of conflict with any airport zoning or other regulations promulgated by any political subdivision, the regulations adopted pursuant to this section shall prevail.

(1945, c. 300.)

Editor's Note.—Session Laws 1945, c. 635, struck out subsection (6) of this section.

Session Laws 1945, c. 300 purports to amend only subsection (3) of section 63-29 and then proceeds to set out the amended subsection and an additional subsection numbered (4), which is the one appearing above. The amendatory act makes no reference to this section and only by reading it in conjunction with the amended act can it be surmised that an amendment of this section was intended. Therefore, there is some doubt as to whether this section has been amended.

Art. 5. Aeronautics Commission; Federal Regulations.

§§ 63-38 to 63-44: Repealed by Session Laws 1949, c. 865, s. 1.

§ 63-45. Enforcement of article.—It shall be the duty of every state, county and municipal officer charged with the enforcement of state and municipal laws to enforce and assist in the enforcement of this article. (1945, c. 198, s. 8.)

§ 63-46: Repealed by Session Laws 1949, c. 865, s. 2.

§ 63-47. Enforcement of regulations of Civil Aeronautics Administration.—In the general public interest and safety, the safety of persons receiving instructions concerning or operating, using or traveling in aircraft, and of persons and property on the ground, and in the interest of aeronautical progress, the public officers of the state, counties and cities shall enforce the rules and regulations of the Civil Aeronautics Administration. (1945, c. 198, s. 10.)

Art. 6. Public Airports and Related Facilities.

For discussion of the 1945 statute enacting this and the following sections, see 23 N. C. Law Rev. 327.

The 1949 act repealed subsection (f).

§ 63-49. Municipalities may acquire airports.—(a) Every municipality is hereby authorized, through its governing body, to acquire property, real or personal, for the purpose of establishing, constructing, and enlarging airports and other air navigation facilities and to acquire, establish, construct, enlarge, improve, maintain, equip, operate, and regulate such airports and other air navigation facilities and structures and other property incidental to their operation, either within or without the territorial limits of such municipality and within or without this state; to make, prior to any such acquisition, investigations, surveys, and plans; to construct, install, and maintain airport facilities for the servicing of aircraft and for the comfort and accomodation of air travelers; and to purchase and sell equipment and supplies as an incident to the operation of its airport properties. It may not, however, acquire or take over any airport or other air navigation facility owned or controlled by any other municipality of the state without the consent of such municipality. It may use for airport purposes any available property that is now or may at any time hereafter be owned or controlled by it. Such air navigation facilities as are established on airports shall be supplementary to and coordinated in design and operation with those established and operated by the federal government.

(b) All property needed by a municipality for an airport or restricted landing area, or for the enlargement of either, or for other airport purposes, may be acquired by purchase, gift, devise, lease or other means if such municipality is able to agree with the owners of said property on the terms of such acquisition, and otherwise by condemnation in the manner provided by the law under which such municipality is authorized to ac-

quire like property for public purposes, full power to exercise the right of eminent domain for such purposes being hereby granted every municipality both within and without its territorial limits. If but one municipality is involved and the charter of such municipality prescribes a method of acquiring property by condemnation, proceedings shall be had pursuant to the provisions of such charter and may be followed as to property within or without its territorial limits. The fact that the property needed has been acquired by any agency or corporation authorized to institute condemnation proceedings under power of eminent domain shall not prevent its acquisition by the municipality by the exercise of the right of eminent domain herein conferred when such right is exercised on the approach zone or on the airport site. For the purpose of making surveys and examinations relative to any condemnation proceedings, it shall be lawful to enter upon any land, doing no unnecessary damage. Provided that municipalities building airports after the ratification of this article shall not acquire by condemnation any property of any corporation engaged in the operation of a railroad or railroad bridge in this state if such property is used in the business of such corporation.

(c) Where necessary, in order to provide unobstructed air space for the landing and taking-off of aircraft utilizing airports or restricted landing areas acquired or operated under the provisions of this article, every municipality is authorized to acquire, in the same manner as is provided for the acquisition of property for airport purposes, easements through or other interests in air space over land or water, interests in airport hazards, or airport hazards outside the boundaries of the airports or restricted landing areas and such other airports protection privileges as are necessary to insure safe approaches to the landing areas of said airports or restricted landing areas and the safe and efficient operation thereof. It is also hereby authorized to acquire, in the same manner, land for the removal of airport hazards and the right of easement for a term of years or perpetually, to place or maintain suitable marks for the daytime marking and suitable lights for the nighttime marking of airport hazards, including the right of ingress or egress to or from such airport hazards for the purpose of maintaining and repairing such lights and marks. This authority shall not be so construed as to limit any right, power or authority to zone property adjacent to airports and restricted landing areas under the provisions of any law of this state.

(d) It shall be unlawful for anyone to build, rebuild, create, or cause to be built, rebuilt, or created any object, or plant, cause to be planted, or permit to grow higher any tree or trees or other vegetation which shall encroach upon any airport protection privileges acquired pursuant to the provisions of this section. Any such encroachment is declared to be a public nuisance and may be abated in the manner prescribed by law for the abatement of public nuisances, or the municipality in charge of the airport or restricted landing area for which airport protection privileges have been acquired as in this section provided, may go upon the land of others and remove any such encroachment without being liable for damages in so doing. (1945, c. 490, s. 2; c. 810.)

Editor's Note.—Session Laws 1945, c. 810 added the proviso at the end of subsection (b).

§ 63-50. Airports a public purpose.—The acquisition of any lands for the purpose of establishing airports or other air navigation facilities; the acquisition of airport protection privileges; the acquisition, establishment, construction, enlargement, improvement, maintenance, equipment and operation of airports and other air navigation facilities, and the exercise of any other powers herein granted to municipalities, are hereby declared to be public, governmental and municipal functions exercised for a public purpose and matters of public necessity, and such lands and other property, easements and privileges acquired and used by such municipalities in the manner and for the purposes enumerated in this article, shall and are hereby declared to be acquired and used for public, governmental and municipal purposes and as matter of public necessity. (1945, c. 490, s. 3.)

A municipality is liable for torts committed by it in the operation and maintenance of a municipal airport, since such activity is a proprietary or corporate function of the municipality, and this section, declaring such activity to be a public, governmental and municipal function exercised for a public purpose, does not purport to exempt it from tort liability. Rhodes v. Asheville, 230 N. C. 134, 52 S. E. (2d) 371.

§ 63-51. Prior acquisition of airport property validated.—Any acquisition of property within or without the limits of any municipality for airports and other air navigation facilities or of airport protection privileges heretofore made by any such municipality in any manner, together with the conveyance and acceptance thereof, is hereby legalized and made valid and effective. (1945, c. 490, s. 4.)

§ 63-52. Airport property and income exempt from taxation.—No municipality shall be required to pay any tax to the state of North Carolina or any other municipality on account of property, either real or personal, now owned or hereafter acquired for aeronautical purposes. (1945, c. 490, s. 5.)

§ 63-53. Specific powers of municipalities operating airports.—In addition to the general powers in this article conferred, and without limitation thereof, a municipality which has established or may hereafter establish airports, restricted landing areas or other air navigation facilities, or which has acquired or set apart or may hereafter acquire or set apart real property for such purpose or purposes is hereby authorized:

(a) To vest authority for the construction, enlargement, improvement, maintenance, equipment, operation and regulation thereof in an officer, a board or body of such municipality by ordinance or resolution which shall prescribe the powers and duties of such officer, board or body. The expense of such construction, enlargement, improvement, maintenance, equipment, operation and regulation shall be a responsibility of the municipality.

(b) To adopt and amend all needful rules, regulations and ordinances for the management, government and use of any properties under its

control whether within or without the territorial limits of the municipality; to appoint airport guards or police with full police powers; to fix by ordinance, penalties for the violation of said ordinances and enforce said penalities in the same manner in which penalties prescribed by other ordinances of the municipality are enforced. It may also adopt ordinances designed to safeguard the public upon or beyond the limits of private airports or landing strips within such municipality or its police jurisdiction against the perils and hazards of instrumentalities used in aerial navigation. Such ordinances shall be published as provided by general law or the charter of the municipality for the publication of similar ordinances. They must conform to and be consistent with the laws of this state and shall be kept in conformity, as nearly as may be, with the then current federal legislation governing aeronautics and the regulations duly promulgated thereunder and rules and standards issued from time to time pursuant thereto.

(c) To lease such airports or other air navigation facilities, or real property acquired or set apart for airport purposes, to private parties, to any municipal or state government or to the national government, or to any department of either thereof, for operation; to lease to private parties, to any municipal or state government or to the national government, or any department of either thereof, for operation or use consistent with the purpose of this article, space, area, improvements, or equipment on such airports; to sell any part of such airports, other air navigation facilities or real property to any municipal government, or to the United States or to any department or instrumentality hereof, for aeronautical purposes or purposes incidental thereto, and to confer the privileges of concessions of supplying upon its airports goods, commodities, things, services and facilities; provided that in each case in so doing the public is not deprived of its rightful, equal, and uniform use thereof.

(d) To sell or lease any property, real or personal, acquired for airport purposes and belonging to the municipality, which, in the judgment of its governing body, may not be required for aeronautic purposes in accordance with the laws of this state or the provisions of the charter of the municipality governing the sale or leasing of similar municipally owned property.

(e) To determine the charge or rental for the use of any properties under its control and the charges for any services or accommodations and the terms and conditions under which such properties may be used, provided that in all cases the public is not deprived of its rightful, equal, and uniform use of such property. Charges shall be reasonable and uniform for the same class of service and established with due regard to the property and improvements used and the expense of operation to the municipality. The municipality shall have and may enforce liens as provided by law for liens and enforcement thereof, for repairs to or improvement or storage or care of any personal property, to enforce the payment of any such charges.

(f) To exercise all powers necessarily incidental to the exercise of the general and special powers herein created. (1945, c. 490, s. 6.)

Where a night watchman at a municipal airport kills a person on the property in the nighttime, the question of whether he was acting in his capacity as servant or agent of the airport, or in his capacity as a police officer, is a question of fact to be determined by the jury on an issue raised by proper pleadings. Rhodes v. Asheville, 230 N. C. 134, 52 S. E. (2d) 371.

§ 63-54. Federal aid.—(a) A municipality is authorized to accept, receive, and receipt for federal moneys and other moneys, either public or private, for the acquisition, construction, enlargement, improvement, maintenance, equipment, or operation of airports and other air navigation facilities and sites therefor, and to comply with the provisions of the laws of the United States and any rules and regulations made thereunder for the expenditures of federal moneys upon such airports and other air navigation facilities.

(b) The governing body of any municipality is authorized, if necessary, to comply with any federal law or regulation of any agency thereof to designate the North Carolina Aeranautics Commission as its agent to accept, receive, and receipt for federal moneys in its behalf for airport purposes. Such moneys as are paid over by the United States government shall be paid over to said municipality under such terms and conditions as may be imposed by the United States government in making such grant.

(c) All contracts for the acquisition, construction, enlargement, improvement, maintenance, equipment or operation of airports or other air navigation facilities made by the municipality shall be made pursuant to the laws of this state governing the making of like contracts, provided, however, that where such acquisition, construction, improvement, enlargement, maintenance, equipment or operation is financed wholly or partly with federal moneys the municipality may let contracts in the manner prescribed by the federal authorities, acting under the laws of the United States and any rules or regulations made thereunder notwithstanding any other state law to the contrary. (1945, c. 490, s. 7.)

Editor's Note.—The commission referred to in subsection (b) has been abolished. See Session Laws 1949, c. 865, repealing §§ 63-38 to 63-44 and 63-46.

§ 63-55. Airports on public waters and reclaimed land.—(a) The powers herein granted to a municipality to establish and maintain airports shall include the power to establish and maintain such airports in, over, and upon any public waters of this state within the limits or jurisdiction of or bordering on the municipality, any submerged land under such public water, and any artificial or reclaimed land which before the artificial making or reclamation thereof constituted a portion of the submerged land under such public waters, and as well the power to construct and maintain terminal buildings, landing floats, causeways, roadways and bridges for approaches to or connecting with the airport, and landing floats and breakwaters for the protection of any such airport.

(b) All the other powers herein granted municipalities with reference to airports on land or granted to them with reference to such airports in, over, and upon public waters, submerged land under public waters, and artificial or reclaimed land. (1945, c. 490, s. 8.)

§ 63-56. Joint operation of airports.—(a) All

powers, rights and authority granted to any municipality in this article may be exercised and enjoyed by two or more municipalities either within or without the territorial limits of either or any of said municipalities and within or without this state, or by any municipality acting jointly with any other municipality therein either within or without this state, provided the laws of such other state permit such joint action.

(b) Any two or more municipalities may enter into agreements with each other, duly authorized by ordinance or resolution, as may be appropriate, for joint action pursuant to the provisions of this section. Concurrent action by the governing bodies of the municipalities involved shall constitute joint action.

(c) Each such agreement shall specify its term; the proportionate interest which each municipality shall have in the property, facilities and privileges involved, and the proportion of preliminary costs, costs of acquisition, establishment, construction, enlargement, improvement and equipment, and of expenses of maintenance, operation and regulation to be borne by each, and make such other provisions as may be necessary to carry out the provisions of this section. It shall provide for amendments thereof and for conditions and methods of termination; for the disposition of all or any part of the property, facilities and privileges jointly owned if said property, facilities and privileges, or any part thereof, shall cease to be used for the purposes herein provided or if the agreement shall be terminated, and for the distribution of the proceeds received upon any such disposition, and of any funds or other property jointly owned and undisposed of, and the assumption or payment of any indebtedness arising from the joint venture which remains unpaid, upon any such disposition or upon a termination of the agreement.

(d) Municipalities acting jointly as herein authorized may create a board from the inhabitants of such municipalities for the purpose of acquiring property for establishing, constructing, enlarging, improving, maintaining, equipping, operating and regulating the airports and other air navigation facilities and airport protection privileges to be jointly acquired, controlled, and operated. Such board shall consist of members to be appointed by the governing body of each municipality involved, the number to be appointed by each to be provided for by the agreement for the joint venture. Each member shall serve for such time and upon such terms and as to compensation, if any, as may be provided for in the agreement.

(e) Each such board shall organize, select officers for terms to be fixed by the agreement, and adopt and from time to time amend rules of procedure.

(f) Such board may exercise, on behalf of the municipalities acting jointly by which it is appointed, all the powers of each of such municipalities granted by this article, except as herein provided, subject, however, to such limitations as may be contained in the agreement between such municipalities. Real property, airports, restricted landing areas, air protection privileges, or personal property costing in excess of a sum to be fixed by the joint agreement, may be acquired, and condemnation proceedings may be instituted, only by authority of the governing bodies of each of the municipalities involved. The total amount of expenditures to be made by the board for any purpose in any calendar year shall be determined by the municipalities involved by the approval by each. No real property and no airport, other air navigation facility, or air protection privilege, owned jointly, shall be disposed of by the board, by sale, or otherwise, except by authority of the appointed governing bodies, but the board may lease space, area or improvements and grant concessions or airports for aeronautical purposes or purposes incidental thereto.

(g) Each municipality is authorized and empowered to enact such ordinances as are provided for by this article, and to fix by such ordinances penalties for the violation thereof, which ordinances shall have the same force and effect within the municipality which enacted them, and on any property controlled by it, either separately or jointly with another municipality, or adjacent thereto, whether within or without the territorial limits of it, or either or any of them, as ordinances of the municipality involved, and may be enforced in such municipality in like manner as are its other ordinances.

(h) Condemnation proceedings may be instituted in the names of two or more municipalities jointly, and the property acquired by such joint condemnation proceedings shall be held by the municipalities as tenants in common, each municipality being entitled to a pro rata interest in said property as the value of its contribution to the acquisition of said property bears to the total cost of acquiring said property, and in the event one municipality desires to acquire property for expansion of or addition to the facilities, and the other or others do not elect to join in the acquisition of such property, such municipality may institute condemnation proceedings in its name individually, and all property now owned or hereafter acquired by a municipal corporation for additions to or expansions of aeronautical facilities operated jointly shall be and remain the sole property of the municipal corporation acquiring same.

(i) For the purpose of providing funds for necessary expenditures in carrying out the provisions of this section, a joint fund shall be created and maintained, into which each of the municipalities involved shall deposit its proportionate share as provided by the joint agreement, and into which shall be paid the revenues obtained from the ownership, control and operation of the airports and other air navigation facilities jointly controlled.

(j) All disbursements from such fund shall be made by order of the board, subject, however, to such limitations as shall be contained in the agreement between such municipalities.

(k) Specific performance of the provisions of any joint agreement entered into as provided for in this section may be enforced as against any party thereto by the other party or parties thereto.

(l) In the event any property is now held or may hereafter be acquired by two or more municipalities for aeronautical purposes, and such municipalities do not agree upon the terms of an agreement, as heretofore provided, and shall not

agree to create a board as heretofore provided, then and in that event a board of not less than five nor more than seven members shall be created from the inhabitants of such municipalities, each municipality being entitled to appoint as nearly as possible the proportionate number of representatives on said board as the value of its contribution shall bear to the entire amount of money or property so held by such municipalities for aeronautical purposes. In determining the value of the contribution of any municipality, the value of any funds or property used for the development of said property or the building of facilities on said property shall be taken into consideration.

(m) The said board shall have all powers given by this article to boards created by agreements between municipalities, provided, however, that any funds appropriated by a municipality and turned over to the board for aeronautical purposes shall only be used for these purposes designated by the municipality furnishing such funds.

(n) The actions of such board shall be determined by a majority vote of the members thereof, and a majority of the members shall constitute a quorum for any meeting of the board, and such boards so created shall have full control of all revenues received by reason of the airport or other aeronautical facilities, and shall have power to expend all sums so received for such aeronautical purposes as the board deems proper, and pay over any surplus to the municipalities in proportion to their respective interests.

(o) In the event the aeronautical facilities or any part thereof shall cease to be used for aeronautical purposes, such of the facilities as are jointly owned by two or more municipalities shall be sold, and each municipality shall receive its pro rata proportion of the sums realized from the sale of facilities jointly owned.

(p) In the event aeronautical facilities are now owned or hereafter acquired by two or more municipalities, and are operated under a board as hereinabove provided, and one or more of such municipalities deem it advisable to expand or enlarge the facilities or invest more money in such facilities, all of the municipalities then having representation on the board shall be entitled, if they so desire, to contribute their pro rata part of such additional investment and maintain their pro rata representation on said board, provided, however, that if one or more of the municipalities involved shall fail to contribute its or their proportionate part of such additional investment, the representation of such municipality on such board shall be readjusted, to the end that the representation of each municipality on said board shall represent as nearly as possible its pro rata contribution to the entire investment.

Provided further that where one municipality at the time of the passage of this article shall have invested more than one half of the total investment in a jointly owned airport, then, and in that event the minority owner or owners shall be allowed five years from the date of the passage of this article in which to pay over to the majority owner a sum sufficient to equalize the amount of ownership of the present minority owner or owners with the total ownership of the majority owner. Provided further that this article shall not be construed to amend or impair in any respect contracts or agreements in effect at the time of the adoption of this article. (1945, c. 490, s. 9.)

§ 63-57. Powers specifically granted to counties.—(a) The purposes of this article are specifically declared to be county purposes as well as generally public, governmental and municipal.

(b) The powers herein granted to all municipalities are specifically declared to be granted to counties in this state, any other statute to the contrary notwithstanding. (1945, c. 490, s. 10.)

Operation of Airport Is Proprietary Function.—In operating and maintaining an airport a county engages in a proprietary or corporate function, in the exercise of which it is subject to tort liability. Rhodes v. Asheville, 230 N. C. 134, 52 S. E. (2d) 371.

§ 63-58. Municipal jurisdiction exclusive. Every airport and other air navigation facility controlled and operated by any municipality, or jointly controlled and operated pursuant to the provisions of this article, shall, subject to federal and state laws, rules, and regulations, be under the exclusive jurisdiction and control of the municipality or municipalities controlling and operating it, and no other municipality in which such airport or air navigation facility is located shall have any police jurisdiction of the same. (1945, c. 490, s. 11.)

§ 65-14.1. Churches may remove graves under their custody to regular cemeteries.—Where any church has assumed the care and custody of any grave or graves not located in a regular cemetery or burying ground, said church is authorized to remove said grave or graves and re-inter the remains in some cemetery or other suitable place in the same county to be selected by the next of kin of the deceased resident in that county or the welfare officer of the county or the clerk of the superior court of the county in the order named. Due care shall be taken to do said work of removal in a proper, decent and seemly manner, and if necessary, to furnish suitable coffins or boxes for re-interring said remains and due care shall be taken to remove, protect and replace all tombstones or other markers so as to leave the grave in as good condition as it was before removal. The work of removal shall be done under the supervision of the superintendent of welfare of the county, if one, and if not, under the supervision of the clerk of the superior court of the county. All the expenses of removal are to be borne by the church causing the grave to be removed. The church shall give the grave or graves at the location to which they are removed, the same care, custody and attention which it was obligated to give said grave or graves at the original location. (1947, c. 576.)

§ 65-30. Burial association commissioner to administer article; examinations.—This article shall be administered by the burial association commissioner of North Carolina, who shall make periodic examination of affairs of such cemeteries to ascertain whether they are in fact complying with the terms hereof. Examinations shall be made not less frequently than once a year and more frequently if by him deemed necessary. Such examination shall extend back into the business of the cemeteries as far as the burial association commissioner shall deem it necessary in order to show a true picture of the cemetery's financial condition. (1943, c. 644, s. 13; 1945, c. 351, s. 1.)

Editor's Note.—The 1945 amendment added the last sentence.

§ 65-36. Funds for expenses of supervision.—In order to meet the expenses of the supervision of the cemeteries herein provided for, the burial association commissioner shall assess each cemetery operating under the terms of this article, an equal amount sufficient to collect an aggregate of one thousand dollars ($1,000.00), which said amount shall be deposited and commingled with all other funds coming into the hands of the burial association commissioner and he may use said sum of money derived from this section in the discharge of the duties delegated to him by the laws of North Carolina. The assessments provided for in this section shall be due and payable on the first day of July, one thousand nine hundred and forty-five, and on the first day of July of each and every year thereafter. If any cemetery shall fail or refuse to pay the said assessment to the burial association commissioner within thirty (30) days after the making of said assessment, then and in that event the said burial association commissioner is hereby directed and empowered to cancel the license of such cemetery. (1945, c. 351, s. 2.)

Editor's Note.—The 1945 amendment repealed the former section, which exempted certain counties and cemeteries from the application of the article, and inserted in lieu thereof the present section.

Art. 8. Municipal Cemeteries.

§ 65-37. Authority to take possession of and continue the use of certain lands as cemetery.—In any case where property not under the control or in the possession of any church or religious

organization in any town or municipality has been heretofore set aside or used for cemetery purposes, and the trustees or owners named in the deed or deeds for said property have died, or are unknown, or the deeds of conveyance have been lost or misplaced and no record of title thereto has been found, and said property has been occupied and used for burial purposes for a time sufficient to identify its use as cemetery property, the municipality in which any such cemetery property is located is hereby authorized and empowered in its discretion to appropriate and take possession of all such land within its corporate limits which has heretofore been used for cemetery purposes and such adjoining land not held or owned by known claimants of title, and to cause the same to be surveyed and lines established and to designate and appropriate the said property as a cemetery, or burial ground. (1947, c. 821, s. 1.)

§ 65-38. Racial restrictions as to use of cemeteries for burial of dead.—In the event said property has been heretofore used exclusively for the burial of members of the negro race, then said cemetery or burial ground so established shall remain and be established as a burial ground for the negro race. In the event said property has been heretofore used exclusively for the burial of members of the white race, then said cemetery or burial ground so established shall remain and be established as a burial ground for the white race. (1947, c. 821, s. 2.)

§ 65-39. Subdivision into burial plots; sale of lots and use of proceeds.—Said town or municipality shall have power and authority in such cases to cause the same to be subdivided and to lay off and allot for family burial plots any property heretofore appropriated or used for burial purposes for or by different families without any charge therefor, and to cause the remainder of said property to be subdivided and laid off into lots; and shall have the power and authority to sell to any person or persons for burial purposes, any of said lots so subdivided and surveyed, except those heretofore appropriated as referred to in this section of this article, and use the proceeds of such sale for the improvement and upkeep of said cemetery property. (1947, c. 821, s. 3.)

§ 65-40. Appropriations for improvement and maintenance; application of existing laws.—In the event any town or municipality appropriates or takes possession of land used for cemetery purposes as set forth and described herein, it is further authorized and empowered to appropriate and use such funds as may be necessary and proper for the improvement and maintenance of said cemetery; and all statutes and ordinances heretofore enacted and passed relative to cemeteries in said town or municipality, are hereby made applicable to said cemetery property. (1947, c. 821, s. 4.)

(1947, c. 748.)

§ 76-62. Appointment and regulation of pilots' apprentices.—The board is hereby authorized to appoint in its discretion apprentices, and to make and enforce reasonable rules and regulations relating to apprentices. Every bond taken of a pilot shall be filed with and preserved by the board in trust for every person, firm, or corporation, who shall be injured by the neglect or misconduct of such pilots, and any person, firm, or corporation so injured may severally bring suit for the damage by each one sustained. On any warrant issued as herein provided any one of said commissioners may give judgment for any sum not exceeding five hundred ($500.00) dollars, and may issue execution thereon, in like manner as is provided for the issuing of execution of judgments rendered by justices of the peace, which writ of execution shall be executed agreeably to the law regulating the levy and sale under executions issuing from courts of justices of the peace. Any member of the board shall have authority to issue summons for witnesses and to administer oaths, and hearings before any member of the board and any matters as provided in this section shall conform as nearly as may be to procedure provided by law in the courts of justices of the peace. For the purpose of administering and giving effect to the provisions of this article, the rules and codes of specifications and tolerances as adopted by the National Conference of Weights and Measures and recommended by the United States Bureau of Standards and approved by the North Carolina Department of Agriculture are hereby adopted; however, the Department of Agriculture is empowered to make such further rules and regulations as may be necessary to make effective the purposes and provisions of this article, and to fix and prescribe reasonable charges and fees for examining, testing, adjusting and certifying the correct, or incorrect, equipment used in the buying or selling of any commodity or thing, or any equipment used for hire or award, or in the computation of any charge for services rendered on the basis of weight or measure, or in the determination of weight or measure, when a charge is made for such determination. Such rules and regulations and fees and charges shall be published thirty days before such rules, regulations, fees and

charges become effective. (1927, c. 261, s. 2; 1931, c. 150; 1943, c. 762, s. 1; 1949, c. 984.)

Editor's Note.—The 1949 amendment rewrote the second sentence.

§ 81-2.1. Board of agriculture authorized to establish standards of weights and measures for commodities having none.—The board of agriculture is authorized, directed and empowered to establish by order (after public notice as may be determined by it), standards of weights and measures on any commodity in any instance where no standard has been established by the congress of the United States, or by the laws of the state of North Carolina, provided, however, that when a standard is established by congress, or by the laws of the state of North Carolina, such standard shall supersede the standard or standards established by the board of agriculture. Provided that this section does not authorize the board of agriculture to establish a standard log rule measure. (1945, c. 280, s. 1; 1949, c. 984.)

Editor's Note.—The 1949 amendment inserted the comma after the phrase in parentheses and struck out in the next line the word "and" formerly appearing after the word "commodity." It also changed "act" to "section' in the proviso.

§ 81-3. Employment of superintendent of weights and measures.—The Commissioner of Agriculture shall have authority to employ a superintendent of weights and measures and necessary assistants, local inspectors and such other employees as may be necessary in carrying out the provisions of this article, and fix and regulate their duties.

The person named as superintendent of weights and measures shall give bond to the state of North Carolina in the sum of ten thousand dollars to guarantee the faithful performance of his duties, the expense of said bond to be paid by the state and said bond to be approved as other bonds for the state officers. The superintendent of weights and measures shall, to safeguard the interests of the buyer and seller, require bond from other employees authorized under the first paragraph of this section in the amounts of not less than one thousand dollars for each employee designated as a local inspector or sealer of weights and measures. (1927, c. 261, ss. 3, 4; 1949, c. 984.)

Editor's Note.—The 1949 amendment inserted the words "and said bond" in line six of the second paragraph.

§ 81-4. Salaries and expenses.—All salaries and necessary expenses shall be paid as now provided for the other departments and agencies of the state government. (1927, c. 261, s. 5; 1931, c. 150; 1949, c. 984.)

Editor's Note.—The 1949 amendment substituted "paid" for "provided" in line two.

§ 81-5. Standard of work for local standard keepers.—When any town or county wishes to appoint a local standard keeper or inspector or sealer of weights and measures, the appointment and regulation of his work must be in keeping with the rules and regulations of the state department of agriculture and his work subject to supervision of the state superintendent of weights and measures. (1927, c. 261, s. 6; 1949, c. 984.)

Editor's Note.—The 1949 amendment inserted the comma after the word "measures" in line three.

§ 81-6. Receipts for fees; approved standards to be marked.—The state superintendent of weights and measures, or his deputies, or inspectors on his direction, shall, after examining any standards of weights or measures or other equipment used for determining the weight or measure of anything, issue to the owner of such measuring device or equipment a receipt for any fees collected and, when such measuring device or equipment is found to be accurate, stamp upon, or tag, the measuring instrument with the letters "N.C." and two figures representing the year in which the inspection was made. (1927, c. 261, s. 7; 1949, c. 984.)

Editor's Note.—The 1949 amendment substituted "equipment" for "apparatus."

§ 81-8. Standards of weights and measures.—The weights and measures received from the United States under joint resolution of Congress, approved June fourteenth, one thousand eight hundred and thirty-six, and July twenty-seventh, one thousand eight hundred and sixty-six, and such new weights and measures as shall be received from the United States as standards of weights and measures in addition thereto, or in renewal thereof, and such as shall be supplied by the state in conformity therewith and certified by the National Bureau of Standards shall be the state standards of weights and measures, and in addition thereto there shall be supplied from time to time such copies of these as may be deemed necessary.

(1949, c. 984.)

Editor's Note.—The 1949 amendment substituted "thirty-six" for "twenty-six" in line four of the first sentence. As only this sentence was changed the rest of the section is not set out.

§ 81-8.1. Authority to prescribe standards of weight or measurement for sale of milk or milk products.—The board of agriculture is hereby authorized and empowered to adopt and promulgate, after due notice and hearing, rules and regulations prescribing standards or units of weight or measurement by which milk, cream or other fluids containing milk or milk products may be sold at retail in bottles or other capped or sealed containers, and the sale thereof by any other standards or units of weight or measurement shall be unlawful. (1949, c. 982.)

§ 81-9. Supervision of weights and measures and weighing or measuring devices.—The state superintendent of weights and measures shall have and keep general supervision of the weights and measures and weighing or measuring devices offered for sale, sold, or in use in the state. He, or his deputies or inspectors at his direction, shall, upon written request of any citizen, firm, or corporation, or educational institution in the state, test or calibrate weights, measures and weighing or measuring devices used as standards in the state. (1927, c. 261, s. 10; 1949, c. 984.)

Editor's Note. — The 1949 amendment struck out "a" formerly appearing before "general" in line three. It also struck out the comma formerly appearing after "deputies" in line six.

§ 81-14.2. Commodities to be sold by weight, measure or numerical count.—It shall be unlawful to sell except for immediate consumption by the purchaser, on the premises of the seller, liquid commodities in any other manner than by weight or liquid measures, or commodities not liquid in any other manner than by measure of length, by weight, or by numerical count. When a commod-

ity is sold by numerical count in excess of one unit, the units which constitute said numerical count shall be uniform in size and/or weight, and be so exposed as to be readily observed by the purchaser: Provided, however, that nothing in this section shall be construed to prevent the sale of fruits, vegetables, and other dry commodities in standard containers defined by acts of the United States congress known as "Standard Container Acts," and the rules and regulations promulgated in accordance therewith; or of fruits and vegetables sold by the head, or bunch, or of any other commodity which is especially provided for by some other section of this chapter. (1945, c. 280, s. 1; 1949, c. 973.)

Editor's Note.—The 1949 amendment rewrote the first sentence and changed the former words "consumption on the premises" to read "consumption by the purchaser, on the premises of the seller."

§ 81-14.3. Unlawful for package to mislead purchaser.—It shall be unlawful to keep for the purpose of sale, offer or expose for sale, or sell, any commodity in package form when said package is so made, or formed, or filled, or wrapped, or exposed, or marked, or labeled as to mislead, or deceive the purchaser as to the quantity of its contents. (1945, c. 280, s. 1.)

§ 81-14.4. However, nonstandard weight packages may be packed for sale, offered or exposed for sale, or sold in this state, weighing three pounds or less, if said nonstandard weight packages shall be plainly and conspicuously marked showing net contents in avoirdupois weight: Provided, that nothing in this section shall be construed to prevent the retail sale of any amount of flour or meal direct to the consumer from bulk, upon order and weight at time of delivery to the consumer.

The term "flour" as used herein shall be construed to mean any finely ground product of wheat, or other grain, corn, peas, beans, seeds or other substance, with or without added ingredients, intended for use as food for man.

The term "meal" as used herein shall be construed to mean any product of grain, corn, peas, beans, seed or other substance coarsely ground, with or without added ingredients, either bolted, or unbolted, including grits and hominy, intended for use as food for man. (1945, c. 280, s. 1; 1949, c. 984.)

Editor's Note.—The 1949 amendment substituted the word "used" for "said" in line one of the second paragraph.

§ 81-14.5. Weight and measure terms defined.—(a) Whenever the term "pound" is used in connection with weight, it shall be understood to be the avoirdupois pound as declared by act of the United States congress, except in those cases where it is common practice to use the "troy" pound or "apothecaries" pound, and the "ounce" is one-sixteenth part of an avoirdupois pound.

(b) The term "ton" shall be understood to mean a unit of two thousand (2000) pounds, avoirdupois weight.

(c) Whenever the term "gallon" is used in connection with liquid measure, it shall be understood to mean a unit of two hundred and thirty-one (231) cubic inches of which the liquid quart, liquid pint, and gill are respectively, the quarter, the one eighth and the one-thirty-second parts.

(d) The term "bushel" when used in connection with dry measure and standard containers shall be understood to mean a unit of two thousand one hundred and fifty and forty-two one hundredths (2150.42) cubic inches, of which the dry quart and dry pint, respectively, are the one-thirty-second and one-sixty-fourth parts.

(f) Whenever wood is solicited, bought or sold in this state on the basis of ricked or stacked measurement, as is customarily the case in transactions involving such forest products as, for example, pulp wood and fuel wood, the unit of said measurement shall be the cord and no other; except that until June first, one thousand nine hundred and forty-six, same may be purchased on the basis of a unit of one hundred and sixty cubic feet or of the cord of one hundred and twenty-eight cubic feet. The term "cord" when used in connection with such purchases of wood, shall be understood to mean a quantity of wood consisting of any number of sticks, bolts or pieces laid parallel and together so as to form a rick or stack occupying a space four feet wide, four feet high and eight feet long, or such other dimensions that will, when multiplied together, equal one hundred and twenty-eight cubic feet by volume, construed as being seventy per cent solid and thirty per cent air space or ninety solid cubic feet. (1945, c. 280, s. 1.)

§ 81-14.6. Sale of cement blocks, cinder blocks and other concrete masonry units.—In order to protect the purchasers of concrete block, cinder block, and other concrete masonry units and to provide for a minimum load bearing strength, on and after July 1st, 1947, all concrete block, cinder block, and other concrete masonry units offered for sale or sold in this state shall have a load bearing strength of not less than 700 pounds per square inch of gross bearing area, or the minimum load bearing strength approved by the National Underwriters Laboratory or by the American Society of Testing Materials, whichever is less. The manufacturer shall furnish proof, acceptable to the board of agriculture, that the concrete block, cinder block, or other concrete masonry units being offered for sale or sold complies with the minimum load bearing strength required by this section; and each and every sale shall be accompanied with a bill of sale or invoice on which shall be printed or stamped in ink or other indelible substance, a statement guaranteeing that the products covered by said bill of sale or invoice meet the minimum load bearing strength as required by this section signed by a duly authorized official or agent of the manufacturer; provided, however, that the provisions of this section shall not prohibit the sale or offer for sale of cement block, cinder block, or other concrete masonry units, known as "seconds"

or "rejects," due to size, shape, or less than minimum load bearing requirement, if and when said sale is accompanied with a bill of sale or invoice on which is printed or stamped in ink or other indelible substance in bold letters a statement that the cement block, cinder block, or other concrete masonry units so billed or invoiced are inferior in quality and do not comply with minimum load bearing requirement signed by a duly authorized official or agent of the manufacturer. (1947, c. 788.)

§ 81-14.7. Approval of heating units, etc., for curing tobacco.—All heating units and/or curing assemblies offered for sale or sold in this state, intended for use in curing the so-called flue cured tobacco, shall bear a label or seal of approval, authorized by the board of agriculture, and be accompanied with a statement, including drawings and instructions, signed by the manufacturer thereof, specifying how said heating unit shall be installed, operated, and/or used, so as to reduce to a minimum the fire hazard involved. Such expense as incurred in obtaining the label or seal of approval referred to in this section shall be borne by the manufacturer or distributor of the heating unit involved. (1947, c. 787.)

§ 81-14.8. Sale of coal, coke and charcoal by weight.—(a) All coal, coke or charcoal sold in this state shall be sold by weight only. The standard unit of weight shall be the avoirdupois pound, and a ton shall be two thousand (2000) pounds.

(b) All coal, coke or charcoal sold or offered for sale in this state, or which is being transported on any public street or highway in North Carolina, shall be weighed on scales suitable for such weighing, which have been tested and sealed by a state inspector of weights and measures. It shall not be unlawful to transport such coal, coke or charcoal to the nearest such scale for the purpose of having same weighed, but no sale or delivery of same shall take place until the load shall have been weighed.

(c) Each and every sale or delivery of coal, coke or charcoal to the consumer shall be accompanied by a weight certificate on which shall be expressed in ink or other indelible substance the name and address of the seller or dealer, name and address of purchaser or receiver, the kind and size of coal being delivered and the gross tare and net weights, the date of weighing, the signature of the weighmaster, a place for signature of receiver, the name of delivery man, and the number or license number of delivery vehicle. The weight certificate shall be made with an original and two (2) carbon copies, one (1) going to the purchaser or receiver, one to be held by the delivery man, and the third (3rd) to be held by the weighmaster: Provided, however, that when coal, coke or charcoal is delivered in this state in railway carload lots, the railway bill of lading may be used in lieu of the weight certificate required by this section. (1949, c. 860.)

(1949, c. 1005.)

§ 81-15. Weights of goods sold in packages to be stated on package.—It shall be unlawful to keep for the purpose of sale, or expose for sale, or sell any commodity in package form unless the net quantity of the contents are plainly or conspicuously marked on the outside of the package in terms of weight, measure, or numerical count: Provided, however, that reasonable variations or tolerances shall be permitted and that these reasonable variations or tolerances, and also exemptions as to small packages shall be established by rules and regulations made by and published with other rules and regulations approved by the department of agriculture.

The words "in package form," as used in this section, shall be construed to include a commodity in a package, carton, case, can, box, bundle, barrel, bottle, phial, or other receptacle, on a spool or similar holder, in a container or band, or in a bolt or roll or in a ball, coil or skein or in coverings or wrappings of any kind, put up by the manufacturer, or when put up prior to the order of the commodity, by the vendor for either or both wholesale or retail, whether sealed or unsealed, closed or open. The words "plainly and conspicuously marked" as used in this section shall be construed to mean that the principal label shall indicate the net weight contents by legend as plain and conspicuous as any other legend thereon and as likely to be read as any other legend, and shall not be obscured by crowding or by color or by other legend. (1945, c. 280, s. 3.)

§ 81-16: Repealed by Session Laws 1945, c. 280, s. 2.

Editor's Note.—The 1945 amendment inserted, beginning in line twenty-nine, the provision relating to use of weighing or measuring device not so positioned that its indications and operation may be observed by a customer.

The 1949 amendment struck out the words "any provisions of this article" formerly appearing in lines thirty-six and thirty-seven and inserted in lieu thereof the words "any provision, rule, regulation, code or order made and/or adopted as provided for by this article."

§ 81-21: Repealed by Session Laws 1945, c. 280, s. 2.

None of the provisions of this section shall apply to contracts entered into prior to the ratification of this section, nor to the measure of damages in any action in tort. This section shall not prevent the buyer and the seller from agreeing that some other log rule shall be used to determine the number of board feet in trees or logs covered by the contract between them. (1947, c. 400, s. 1.)

Editor's Note.—The act inserting this section was ratified on March 20, 1947, and provided that it shall be effective January 1, 1948.

For a brief discussion of this section, see 25 N. C. Law Rev. 428.

§ 81-24: Repealed by Session Laws 1945, c. 280, s. 2.

Editor's Note.—The 1945 amendment struck out the word "and" formerly appearing after the word "act" in line fifteen and substituted a comma therefor.

§ 81-36.1. Administration of article.—The provisions of this article shall be administered by the state department of agriculture through the state superintendent of weights and measures. (1945, c. 1067.)

§ 81-37. Application for license permit.—Any person desiring to be a public weigh master in this state shall apply for and obtain license permit from the state of North Carolina through the state superintendent of weights and measures by filing formal application under oath as follows:

I certify that I am of sound mind and am physically fit to perform the duties imposed upon a public weigh master and that I will, if licensed, abide by and enforce all laws, rules and regulations relating to the public weigh master Act to

the best of my knowledge and ability. (1939, c. 285, s. 2; 1949, c. 983, s. 1.)

(1945, c. 1067.)

Art. 5. Scale Mechanics.

§ 81-52. Purpose.—The purpose and intent of this article shall be:

(a) To protect the owners and/or users of scales and weighing devices in their needs or requirements for scale repair and service.

(b) To define the name "scale mechanic," provide for scale mechanic registration, and to provide for financial underwriting of services rendered. (1941, c. 237, s. 1; 1947, c. 380.)

Editor's Note.—

Session Laws 1947, c. 380, rewrote former sections 81-52 through 81-58 to appear as set forth herein. The title of the act purports to amend "sections 52-58 inclusive of the General Statutes" which is an obvious misnumbering and was clearly intended to refer to sections 81-52 through 81-58. It will be noted that there is no section numbered 81-56. Section 81-50 and repealed section 81-51 appearing under this article in the original volume belong under article 4.

§ 81-53. Definitions.—The definition of certain terms used in this article shall be as follows:

(a) The term "scale mechanic" is defined as meaning any person who, for hire or award, renders service involving adjustment, installation, repair, or maintenance of a scale or weighing device, either used or intended to be used in determining weight value, or values, by either physical act, instruction, or supervision.

(b) The term "adjustment" is defined as meaning an act involving the tightening or loosening, or lengthening or shortening, or movement, of any part of a scale or weighing device, or the coordination of mechanical action of parts with or upon each other, so as to make the scale or weighing device give correct indications of applied weight values within legal tolerance, and the correctness of indications shall be determined by test provided for under definition of the term "service" as defined in this article.

(c) The term "installation" is defined as meaning an act involving the erection, or building, or assembling of parts, or the placing or setting up of a scale or weighing device so as to give correct indications of applied weight values within legal tolerance when used for the purpose intended, and the correctness of indications shall be determined by test provided for under definition of the term "service" as defined in this article.

(d) The term "repair" is defined as meaning an act involving the replacement or mending of a broken or nonadjustable part or parts and the restoration of a scale or weighing device to such working condition as to give correct indications of applied weight values within legal tolerance when used for the purpose intended, and the correctness of indications shall be determined by test provided for under the term "service" as defined in this article.

(e) The term "maintenance" is defined as meaning an act pursuant to the retention of a scale or weighing device in such working condition as to give correct applied weight value indications within legal tolerance when used as intended, which may involve either or both adjustment or repair before or after inaccuracy develops in fact, and the correctness of indications shall be determined by test provided for under the term "service" as defined in this article.

(f) The term "service" is defined as meaning activity involving adjustment, installation, repair, or maintenance or a combination of two or more of these activities with respect to a scale or weighing device, and, in addition thereto, a test for determination of the accuracy of weight value indication. Said determination is to be accomplished by applying a series of loads of standard weight on a platter or platform up to capacity on a scale of 30 pounds capacity, and up to ¼ scale capacity, applied to the respective corners, on a scale having a capacity in excess of 30 pounds. (1941, c. 237, s. 2; 1947, c. 380.)

§ 81-54. Prerequisites for scale mechanic.—It shall be unlawful for any scale mechanic to render service as a scale mechanic until after he or she has complied with the following requirements:

(a) Obtain from the office of state superintendent of weights and measures a copy of Scale Mechanic Act, a copy of regulations pertinent to said act, and an application form for registration.

(b) Obtain a bond in the sum of one thousand dollars ($1,000.00) issued by a corporate surety company licensed to do business in North Carolina.

(c) File bond with clerk of superior court of the county in which such applicant resides, unless he or she be a resident of some other state, in which event such bond shall be filed with clerk of superior court in Wake county, North Carolina.

(d) Obtain receipt in duplicate for such bond filed with clerk of superior court and mail or deliver one copy of such receipt together with the application form for registration, completely filled out, to office of state superintendent of weights and measures, Raleigh, North Carolina.

(e) Obtain a registration card or certificate from state superintendent of weights and measures and a model form of service certificate.

The provisions of this section shall not apply to a full time employee who renders service only on a scale or weighing device, or on scales or weighing devices, owned solely by his or her employer unless additional pay or compensation is received for such service. (1941, c. 237, s. 3; 1947, c. 380.)

§ 81-55. Registration.—The state superintendent of weights and measures shall register any person who has complied with the requirements stipulated under this article by making a record of receipt of application and of bond, and the issuing of a certificate or card of registration to applicant, whereupon the applicant becomes a registered scale mechanic and shall be known thereafter as such. Such registration shall be in effect from date of registration until July 1st next and shall be renewed on the 1st day of July of each year

thereafter. (1941, c. 237, ss. 4, 5; 1943, c. 543; 1947, c. 380.)

§ 81-56.1. Service Certificate.—Whenever any service is rendered on any scale or weighing device used or intended to be used in this state by a scale mechanic, a certificate shall be issued by such scale mechanic who rendered said service, which shall be known as a "service certificate." The size and form of said service certificate will be determined by the state superintendent of weights and measures. Inclusive of other pertinent information or statements, the said certificate shall bear a statement expressed in ink or other indelible substance naming the kind of service rendered, whether adjustment, installation, repair, or maintenance, and stating that a service test as defined under the term "service" has been made, and that the service rendered is guaranteed to be as represented. The service certificate shall be made out in triplicate, with original going to the owner of such scale or weighing device or his agent, and a duplicate shall be sent to office of state superintendent of weights and measures if service is upon a scale or weighing device which has been condemned by a weights and measures inspector, and the triplicate copy shall be retained by the scale mechanic issuing such certificate. (1947, c. 380.)

§ 81-56.2. Bond.—The bond required by this article shall underwrite the guarantee of a refund or compensation, covering any claim by owner of scale or weighing device for damage or injury, which claim is sustained by the court, resulting in misrepresentation of service rendered, or failure to comply with all the provisions of this article, by the scale mechanic, regardless of his or her intent; provided, however, that the aggregate liability of the surety to all claimants sustained by the court shall in no event exceed the amount of said bond. (1947, c. 380.)

§ 81-56.3. Scale removal. — When a scale or weighing device is removed from the premises where located by a scale mechanic, the scale mechanic or his servant or agent shall issue a receipt for said scale or weighing device, on which shall be written in ink or other indelible substance the name and address of the owner, the name and address of receiving agent, date of receipt, anticipated date of return, name or make of scale, and such other information pertinent to its identification. The form of receipt shall be approved by the state superintendent of weights and measures. (1947, c. 380.)

§ 81-56.4. Condemned scale.—It shall be unlawful for any owner of a scale or weighing device which has been condemned by a weights and measures inspector to either use or dispose of same in any manner but shall hold same at the disposal of the state superintendent of weights and measures, his deputy, or inspector; provided, however, said scale or weighing device may be removed from the premises for scale service only. (1947, c. 380.)

§ 81-56.5. Secondhand scale.—It shall be unlawful for any person to sell, or offer for sale, or put into use, a secondhand or rebuilt or reconditioned scale or weighing device unless said scale shall have been tested and approved by the superintendent of weights and measures, or his deputy, or inspector, or shall be accompanied by a service certificate as provided for in this article. Said service certificate shall be retained by the purchaser or user of said scale until an inspector of weights and measures has tested and approved such secondhand scale. The said certificate shall serve as proof of the accuracy of scale at the time scale was purchased or put into service. A secondhand or rebuilt or reconditioned scale or weighing device as referred to in this section shall be considered as being a scale or weighing device in the channels of trade which does not belong to the previous user. (1947, c. 380.)

§ 81-56.6. Scale location.—It shall be unlawful for any scale or weighing device to be installed, set up, put into service, or used on a foundation or support that aids in giving false indication of weight values applied to platter, platform, or other load receiving element. (1947, c. 380.)

§ 81-57. Exemption.—The provisions of this article shall not prohibit the user of a scale or weighing device from employing some person other than a scale mechanic to render service as defined by this article upon his or her scale or weighing device, nor apply to the person so employed, who does not solicit such employment, provided that said user shall not be relieved of his or her responsibility or liability concerning the accuracy of the scale or weighing device after service has been rendered. (1947, c. 380.)

§ 81-57.1. Rules and regulations.—Such rules and regulations as are necessary to carry out the purpose and intent of this article shall be made and published by the state superintendent of weights and measures, by and with the advice of his advisory board. (1941, c. 237, s. 6; 1947, c. 380.)

§ 81-58. Penalty.—Any person who violates any of the provisions of this article, or who for hire or award renders service as a scale mechanic on a scale or weighing device without registering as a scale mechanic or who shall fail to issue a service certificate or who shall issue a service certificate bearing false statements regarding service rendered, shall be guilty of a misdemeanor, and upon conviction, shall be fined not less than fifty dollars ($50.00) nor more than five hundred dollars ($500.00) or by imprisonment for not more than three months or by both fine and imprisonment upon conviction in any court of competent jurisdiction; and in addition, if the defendant be a scale mechanic, he or she shall forfeit any charges or remuneration for service rendered, if service be involved, and he or she and/or the bonding company shall, at the discretion of the court, reimburse or compensate the owner of the scale or weighing device in question for such damage, or injury, sustained; and upon a subsequent conviction in any court of competent jurisdiction, the penalty shall be the same as for first conviction and in addition, at the discretion of the court, if defendant be a scale mechanic, his or her privilege to act as or in the capacity of a scale mechanic may be revoked for a specified length of time, his or her registration card or certificate seized and turned over to the state superintendent of weights and measures with instructions con-

cerning reinstatement or renewal. (1941, c. 237, s. 7; 1947, c. 380; 1949, c. 983, s. 2.)

Editor's Note.—The 1949 amendment inserted, beginning in line five, the following: "or who shall fail to issue a service certificate or who shall issue a service certificate bearing false statements regarding service rendered."

Sec.

84-38. Solicitation of retainer or contract for legal services prohibited; division of fees.

Art. 1. Qualifications of Attorney; Unauthorized Practice of Law.

§ 84-2.1. "Practice law" defined.—The phrase "practice law" as used in this chapter is defined to be performing any legal service for any other person, firm or corporation, with or without compensation, specifically including the preparation or aiding in the preparation of deeds, mortgages, wills, trust instruments, inventories, accounts or reports of guardians, trustees, administrators or executors, or preparing or aiding in the preparation of any petitions or orders in any probate or court proceeding; abstracting or passing upon titles, the preparation and filing of petitions for use in any court, or assisting by advice, counsel, or otherwise in any such legal work; and to advise or give opinion upon the legal rights of any person, firm or corporation: Provided, that the above reference to particular acts which are specifically included within the definition of the phrase "practice law" shall not be construed to limit the foregoing general definition of such term, but shall be construed to include the foregoing particular acts, as well as all other acts within said general definition. (Rev., ss. 210, 3641; Code, ss. 27, 28, 110; 1870-1, c. 90; 1883, c. 406; 1871-2, c. 120; 1880, c. 43; C. C. P., s. 424; 1919, c. 205; 1933, c. 15; 1941, c. 177; 1943, c. 543; 1945, c. 468; C. S. 198.)

Editor's Note.—The 1945 amendment extended the definition of "practice law" to include "aiding in the preparation" of certain instruments and writings listed, added inventories and accounts to the list and inserted the provision as to petitions or orders in any probate or court proceeding.

Art. 3. Arguments.

§ 84-14. Court's control of argument.

Wide latitude is given counsel in the exercise of the right to argue to the jury the whole case, as well of law as of fact, but counsel is not entitled to travel outside of the record and argue facts not included in the evidence, and when counsel attempts to do so it is the right and duty of the court to correct the argument, either at the time or in the charge to the jury. State v. Little, 228 N. C. 417, 45 S. E. (2d) 542.

Art. 4. North Carolina State Bar.

§ 84-24. Admission to practice.

The examination shall be held in such manner and at such times as the board of law examiners may determine, but no change in the time or place shall become effective within one year from the date upon which the change is determined, except that during the years 1947, 1948, 1949, 1950 and 1951 the board of law examiners may provide for an additional regular examination to be held in Raleigh to commence on the first Tuesday in March of each of said years or upon such other date as the board may determine after consideration of the needs of qualified applicants and issue license if otherwise qualified.

Editor's Note.—
The 1947 amendment added the exception clause to the fourth paragraph. As the rest of the section was not affected by the amendment it is not set out.

§ 84-27: Repealed by Session Laws 1945, c. 782.

§ 84-38. Solicitation of retainer or contract for legal services prohibited; division of fees.—It shall be unlawful for any person, firm, corporation, or association or his or their agent, agents, or employees, acting on his or their behalf, to solicit or procure through solicitation either directly or indirectly, any legal business, whether to be performed in this state or elsewhere, or to solicit or procure through solicitation either directly or indirectly, a retainer or contract, written or oral, or any agreement authorizing an attorney or any other person, firm, corporation, or association to perform or render any legal services, whether to be performed in this state or elsewhere.

It shall be unlawful for any person, firm, corporation, or association to divide with or receive from any attorney at law, or group of attorneys at law, whether practicing in this state or elsewhere, either before or after action is brought, any portion of any fee or compensation charged or received by such attorney at law, or any valuable consideration or reward, as an inducement for placing or in consideration of being placed in the hands of such attorney or attorneys at law, or in the hands of another person, firm, corporation or association, a claim or demand of any kind, for the purpose of collecting such claim or instituting an action thereon or of representing claimant in the pursuit of any civil remedy for the recovery thereof, or for the settlement or compromise thereof, whether such compromise, settlement, recovery, suit, claim, collection or demand shall be in this state or elsewhere. This paragraph shall not apply to agreements between attorneys to divide compensation received in cases or matters legitimately, lawfully and properly received by them.

Any person, firm, corporation or association of persons violating the provisions of this section shall be guilty of a misdemeanor and punished by fine or imprisonment or both in the discretion of the court.

The council of the North Carolina state bar is hereby authorized and empowered to investigate and bring action against persons charged with violations of this section and the provisions as set forth in § 84-37 shall apply. Nothing contained herein shall be construed to supersede the author-

ity of solicitors to seek injunctive relief or institute criminal proceedings in the same manner as provided for in § 84-7. Nothing herein shall be construed as abridging the inherent powers of the courts to deal with such matters. (1947, c. 573.)

Chapter 86. Barbers.

Sec.

§ 86-1. Necessity for certificate of registration and shop or school permit.—No person or combination of persons shall, either directly or indirectly, practice or attempt to practice barbering as hereinafter defined in the State of North Carolina without a Certificate of Registration either as a Registered Apprentice or as a Registered Barber issued pursuant to the provisions of this chapter by the State Board of Barber Examiners hereinafter established. No person, or combination of persons, or corporation, shall operate, manage, or attempt to manage or operate a barber school, barber shop, or any other place where barber service is rendered, after July first, one thousand nine hundred and forty-five, without a shop permit, or school permit, issued by the state board of barber examiners, pursuant to the provisions of this chapter. (1929, c. 119, s. 1; 1941, c. 375, s. 1; 1945, c. 830, s. 1.)

Editor's Note.—
The 1945 amendment added the second sentence.

Validity of Chapter Is No Longer Open to Attack.—The validity of this chapter, providing for the licensing of barbers and the control and regulation of the trade, having been judicially determined, it may not be attacked in a subsequent suit. Motley v. State Board of Barber Examiners, 228 N. C. 337, 45 S. E. (2d) 550, 175 A. L. R. 253.

§ 86-7. Office; seal; officers and secretary; bond.

Said Board shall elect its own officers, and in addition thereto, shall elect a full time Secretary, which Secretary shall receive an annual salary not to exceed thirty-six hundred dollars ($3600.00), such salary as well as all other expenses of said Board, to be paid only out of the revenue derived from fees collected under the provisions of this chapter.

(1945, c. 830, s. 2.)

Editor's Note.—
The 1945 amendment increased the annual salary of the secretary from three thousand to thirty-six hundred dollars. As only the second sentence was affected by the amendment the rest of the section is not set out.

§ 86-8. Salary and expenses; employees; audit; annual report to Governor.—Each member of the Board of Barber Examiners shall receive for his services an annual salary of thirty-six hundred dollars ($3600.00) payable in equal monthly installments, and shall be reimbursed for his actual expenses, and shall receive not less than five cents (5c) per mile for the distance traveled in performance of his duties, which said salary and expense and all other salaries and expenses in connection with the administration of this chapter, shall be paid upon warrant drawn on the State Treasurer, solely from the funds derived from the fees collected and received under this chapter.

(1945, c. 830, s. 3.)

Editor's Note.—
The 1945 amendment increased the annual salary from three thousand to thirty-six hundred dollars. As only the first sentence was affected by the amendment the rest of the section is not set out.

§ 86-11.1. Issuance of certificates of registration, without examination, to certain war veterans.—The board shall issue to honorably discharged veterans of World War I or II, who are bona fide residents of North Carolina for at least six months, upon application, certificates of registration to practice barbering by any such veteran without requiring him to take the examination provided for in this chapter. The application shall be accompanied by a certified or photostatic copy of the honorable discharge of such applicant from the armed forces, an affidavit by such veteran that he or she has practiced barbering for a period of three or more years, either in or out of the service, and that he or she was a resident of North Carolina immediately prior to entering the United States armed forces, accompanied by supporting affidavits of two or more unrelated individuals, and a certificate from a physician licensed to practice medicine in this state to the effect that applicant is of good health and is free from any communicable or contagious disease.

The application, honorable discharge, affidavit and health certificate accompanied by the fees prescribed in this chapter shall be the sole requirement for the issuance to such veterans of a certificate of registration as a registered barber provided for in this chapter. (1947, c. 941.)

Cross Reference.—See Const., Art. I, §§ 1, 7, 17, and notes.

Section Is Constitutional.—The provisions of this section, that veterans of World War I or World War II, who have practiced barbering for three or more years prior to application, are eligible for license without standing the examination required by the general law, prescribe a reasonable classification and are valid. Motley v. State Board of Barber Examiners, 228 N. C. 337, 45 S. E. (2d) 550, 175 A. L. R. 253.

Licensed barbers in their individual capacity may not challenge the constitutionality of this section, by a suit for an injunction upon the ground that the granting of licenses to returned veterans under the provisions of the statute would tend to lower the standards or destroy the security of the trade, since there is no allegation of specific injury to personal or property right sufficient to invoke equitable jurisdiction. Motley v. State Board of Barber Examiners, 228 N. C. 337, 45 S. E. (2d) 550, 175 A. L. R. 253.

Licensed barbers may not attack the constitutionality of this section by suit for injunction on the ground that the granting of licenses to returned veterans under the provisions of this section would result in unlawful competition which would diminish their income from the trade, or even amount to its confiscation, since if the section is unconstitutional there is adequate remedy by prosecution of interlopers. Id.

Suit Determined on Its Merits.—A suit by an experienced barber who had applied for and was refused a license for failure to pass the examination of the Board of Barber

Examiners, to enjoin the Board from issuing licenses to returned veterans without an examination under the provisions of this section, was determined upon its merits. Motley v. State Board of Barber Examiners, 228 N. C. 337, 45 S. E. (2d) 550, 175 A. L. R. 253.

§ 86-12. Barbers from other states; temporary permits; graduates of out-of-state barber schools.—Persons who have practiced barbering in another state or county for a period of not less than two years, and who move into this state, shall prove and demonstrate their fitness to the board of barber examiners, as herein created, before they will be issued a certificate of registration to practice barbering, but said board may issue such temporary permits as are necessary.

Any person who has graduated from a barber school in any other state having substantially the same standards as are required of barber schools in this state and who is otherwise qualified as required by this chapter, shall be allowed, upon making the application and paying the fee required by this chapter, to take the examination for a certificate of registration as a registered barber or as a registered apprentice, as the case may be. And the state board of barber examiners shall issue a proper certificate to each such person who passes such examination. When any such person makes application for permission to take an examination, it shall be the duty of the state board of barber examiners to ascertain and determine whether the barber school from which such person has graduated has substantially the same standards as are required of barber schools in this state. (1929, c. 119, s. 12; 1941, c. 375, s. 5; 1947, c. 1024.)

Editor's Note.—
The 1947 amendment added the second paragraph.

§ 86-15. Fees.—The fee to be paid by applicant for examination to determine his fitness to receive a certificate of registration, as a registered apprentice, shall be five ($5.00) dollars, and such fee must accompany his application. The annual license fee of an apprentice shall be three ($3.00) dollars. The fee to be paid by an applicant for an examination to determine his fitness to receive a certificate of registration as a registered barber shall be fifteen ($15.00) dollars, and such fee must accompany his application. The annual license fee of a registered barber shall be five ($5.00) dollars. All licenses, both for apprentices and for registered barbers, shall be renewed as of the thirtieth day of June of each and every year, and such renewals for apprentices shall be three ($3.00) dollars, and for registered barbers five ($5.00) dollars. The fee for restoration of an expired certificate for registered barbers shall be seven ($7.00) dollars, and restoration of expired certificate of an apprentice shall be four ($4.00) dollars. The fee to be paid for all barber shop permits, established, and under the inspection of the state board of barber examiners as of July first, one thousand nine hundred and forty-five, shall be two dollars ($2.00), and the initial fee to be paid by barber shops thereafter established, shall be five dollars ($5.00) for the first year, or portion thereof, and the annual renewal fee for each barber shop permit shall be two dollars ($2.00). The fee to be paid for barber school permits operating on, or before July first, one thousand nine hundred and forty-five, shall be twenty-five dollars ($25.00). The initial fee to be paid by each barber school thereafter established, shall be fifty dollars ($50.00), and the annual renewal fee for each barber school permit shall be twenty-five dollars ($25.00). Each barber shop permit and each barber school permit shall be renewed as of the thirtieth day of June, each and every year, and shall not be transferable from one person to another, and such barber shop and barber school permit shall be conspicuously posted within each shop or school, or any place or establishment: Provided, further, that all fees received under this chapter shall be used exclusively for the enforcement of this chapter as provided by law. (1929, c. 119, s. 14; 1937, c. 138, s. 4; 1945, c. 830, s. 4.)

Editor's Note.—
The 1945 amendment rewrote the latter half of this section.

§ 86-19. Renewal or restoration of certificates. All persons serving in the United States armed forces or any persons whose certificates of registration as a registered barber, or registered apprentice, were in force one year prior to entering service, or one year prior to the beginning of war, may, without taking the required examination, renew said certificate within three years after receiving an honorable discharge, any other persons three years after the end of war, by paying the current annual license fee and furnishing the state board of barber examiners with a satisfactory health certificate. (1929, c. 119, s. 18; 1937, c. 138, s. 5; 1945, c. 830, s. 5.)

Editor's Note.—
The 1945 amendment added the above sentence at the end of this section. As the rest of the section was not affected by the amendment it is not set out.

§ 86-20. Disqualifications for certificate.—The Board may either refuse to issue or renew, or may suspend or revoke, any Certificate of Registration, or barber shop permit, or barber school permit for any one or combination of the following causes:

1. Conviction of a felony shown by certified copy of the record of the court of conviction.
2. Gross malpractice or gross incompetency.
3. Continued practice by a person knowingly having an infectious or contagious disease.
4. Advertising by means of knowingly false or deceptive statements.
5. Habitual drunkenness or habitual addiction to the use of morphine, cocaine or other habit-forming drugs.
6. The commission of any of the offences described in § 86-22, sub-divisions three, four and six.
7. The violation of any one or a combination of the sanitary rules and regulations.

Editor's Note.—
The 1945 amendment inserted in lines four and five the words "or barber shop permit or barber school permit." The amendment also added the reference to § 86-15 at the end of the section.

§ 86-21. Notice; public hearing; appeal.—The Board may neither refuse to issue nor refuse to renew, nor suspend, or revoke any Certificate of Registration, barber shop permits, or barber school permits, however, for any of these causes, unless the person accused has been given at least

thirty days' notice in writing of the charge against him and a public hearing by the Board.

Upon the hearing of any such proceeding, the Board may administer oaths and may procure by its subpoena, the attendance of witnesses and the production of relevant books and papers.

Any barber in the State whose case has been passed upon by the Board of Barber Examiners shall have the right and is hereby given the right to appeal to the Superior Court of the State, which Court may in its discretion reverse or modify any order made by the said Board of Barber Examiners if it appears to the court that the law was not followed in said action. (1929, c. 119, s. 20; 1939, c. 218, s. 1; 1945, c. 830, s. 7.)

Editor's Note.—The 1945 amendment inserted in lines four and five the words "barber shop permits, or barber school permits." It also added at the end of the section the words "if it appears to the court that the law was not followed in said action."

§ 86-25. Licensing and regulating barber schools and colleges.—The North Carolina state board of barber examiners shall have the right to approve barber schools or colleges in the state, and to prescribe rules and regulations for their operation. Sec.
87-1. "General contractor" defined; exemptions.

Art. 1. General Contractors.

§ 87-1. "General contractor" defined; exemptions.—For the purpose of this article, a "general contractor" is defined as one who for a fixed price, commission, fee or wage, undertakes to bid upon or to construct any building, highway, sewer main, grading or any improvement or structure where the cost of the undertaking is fifteen thousand dollars ($15,000.00) or more and anyone who shall bid upon or engage in constructing any undertakings or improvements above mentioned in the state of North Carolina costing fifteen thousand dollars ($15,000.00) or more shall be deemed and held to have engaged in the business of general contracting in the state of North Carolina.

This section shall not apply to persons or firms or corporations furnishing or erecting industrial equipment, power plant equipment, radial brick chimneys, and monuments. (1925, c. 318, s. 1; 1931, c. 62, s. 1; 1937, c. 429, s. 1; 1949, c. 936.)

Editor's Note.—As only subsection (g) was changed by the amendment the rest of the section is not set out.

§ 88-28.1. Restraining orders against persons engaging in illegal practices.—The state board of health and/or any county, city or district health officer and/or the state board of cosmetic art examiners, if it shall be found that any licensed cosmetologist or other person, who is subject to the provisions of this chapter, is violating any of the rules and regulations adopted by the state board of cosmetic art examiners, as approved by the state board of health, or any provisions of chapter 88, section 28, of the General Statutes of North Carolina, may, after notice to such person of such violation, apply to the superior court for a temporary or permanent restraining order to restrain such person from continuing such illegal practices. If, upon such application, it shall appear to the court that such person has violated and/or is violating any of the said rules and regulations or any provisions of chapter 88, section 28, of the General Statutes of North Carolina, the court may issue an order restraining any further violations thereof. All such actions for injunctive relief shall be governed by the provisions of article 37 of chapter 1 of the General Statutes: Provided, such injunctive relief may be granted regardless of whether criminal prosecution has been or may be instituted under any of the provisions of this chapter. (1949, c. 505, s. 1.)

Art. 1. Practice of Medicine.

§ 90-18. Practicing without license; practicing defined; penalties.

The distinction between the practice of osteopathy and the practice of medicine and surgery is recognized by articles 1 and 7 of this chapter. State v. Baker, 229 N. C. 73, 48 S. E. (2d) 61.

The legislature has denied to a licensed osteopath the privilege of using drugs in his practice. It necessarily follows that he exceeds the limits of his certificate and is guilty of practicing medicine without being licensed so to do within the purview of this section if he administers or prescribes drugs in treating the ailments of his patients. State v. Baker, 229 N. C. 73, 48 S. E. (2d) 61. See § 90-129 and note.

But he is not guilty of practicing medicine without a license in administering violet ray treatments to his patients suffering with skin diseases. Subsection 13 specifically confers upon him the privilege of practicing radiology. State v. Baker, 229 N. C. 73, 48 S. E. (2d) 61.

A person administers drugs when he gives or applies drugs to a patient. Thus, the giving of a hypodermic injection of a drug is administering a drug. State v. Baker, 229 N. C. 73, 48 S. E. (2d) 61.

Or Gives Oral Directions for Their Use or Application.—The giving of oral directions by an osteopath to his patient directly, or indirectly by telephone directions to the druggist, for the use or application by the patient of recommended remedies, is prescribing drugs. State v. Baker, 229 N. C. 73, 48 S. E. (2d) 61.

Meaning of "Drugs." — In so far as the practice of osteopathy is concerned, a "drug" is any substance used as a medicine or in the composition of medicines for internal or external use, and a "medicine" is any substance or preparation used in treating disease. State v. Baker, 229 N. C. 73, 48 S. E. (2d) 61.

The Narcotic Drug Act does not furnish the criterion for determining the meaning of "drugs" in relation to the practice of medicine without a license. State v. Baker, 229 N. C. 73, 48 S. E. (2d) 61.

Laxatives and tonics are "drugs" in so far as the practice of osteopathy is concerned. State v. Baker, 229 N. C. 73, 48 S. E. (2d) 61.

Also Patent or Proprietary Remedies.—A person who holds himself out as an expert in medical affairs and prescribes drugs for his patients and charges fees for so doing practices medicine notwithstanding the drugs are patent or proprietary remedies purchasable without a prescription, and notwithstanding the fact that the recommendation of such remedies to acquaintances without the charge of a fee would not be unlawful. State v. Baker, 229 N. C. 73, 48 S. E. (2d) 61.

Canned Milk Is Not a Drug.—An osteopath does not practice medicine in advising a client to feed her baby a designated brand of canned milk, since milk is a food and not a drug. State v. Baker, 229 N. C. 73, 48 S. E. (2d) 61.

Whether a vitamin preparation is a drug or a food is ordinarily a question of fact. The same substance may be a drug under one set of circumstances, and not a drug under another. The test is whether it is administered or employed as a medicine. State v. Baker, 229 N. C. 73, 48 S. E. (2d) 61, wherein for the purpose of the particular case it was assumed that vitamin preparations were used solely for nourishment, and that the defendant did not transgress the scope of his osteopathic certificate in urging their use by his patients.

§ 90-19. Practicing without registration; penalties.

Practice of Medicine by Licensed Osteopath.—A licensed osteopathic physician exceeds the limits of his certificate and is guilty of practicing medicine without being registered within the purview of this section, if he administers or prescribes drugs in treating the ailments of his patents. State v. Baker, 229 N. C. 73, 48 S. E. (2d) 61. See notes to §§ 90-18, 90-129.

Art. 3. The Licensing of Mouth Hygienists, to Teach and Practice Mouth Hygiene in Public Institutions.

§§ 90-49 to 90-52: Repealed by Session Laws 1945, c. 639, s. 14.

Art. 4. Pharmacy.

Part 1. Practice of Pharmacy.

§ 90-57. Powers of board; reports; quorum; records.—The board of pharmacy shall have a common seal, and shall have the power and authority to define and designate nonpoisonous domestic remedies, to adopt such rules, regulations, and by-laws, not inconsistent with this article, as may be necessary for the regulation of its proceedings and for the discharge of the duties imposed under this article, and shall have power and authority to employ inspectors, chemists, and an attorney to conduct prosecutions and to assist in the conduct of prosecutions under this article, and for any other purposes which said board may deem necessary. The said board of pharmacy shall keep a record of its proceedings and a register of all persons to whom certificates of license as pharmacists and permits have been issued, and of all renewals thereof; and the books and register of the said board, or a copy of any part thereof, certified by the secretary, attested by the seal of said board, shall be taken and accepted as competent evidence in all the courts of the state. The said board of pharmacy shall make annually to the governor and to the North Carolina pharmaceutical association written reports of its proceedings and of its receipts and disbursements under this article, and of all persons licensed to practice as pharmacists in this state. A majority of the board shall constitute a quorum for the transaction of all business. (Rev., s. 4475; 1905, c. 108, s. 9; 1907, c. 113, s. 1; 1945, c. 572, s. 1; C. S. 6654.)

Editor's Note.—The 1945 amendment authorized the employment of inspectors and chemists.

§ 90-60. Fees collectible by board.—The board of pharmacy shall be entitled to charge and collect the following fees: For the examination of an applicant for license as a pharmacist, ten dollars; for renewing the license as a pharmacist or an assistant pharmacist, five dollars; for licenses without examination as provided in § 90-64, original, twenty-five dollars ($25.00) and renewal thereof, five dollars ($5.00); for original registration of a drug store, twenty-five dollars ($25.00) and renewal thereof, ten dollars ($10.00); for issuing a permit to a physician to conduct a drug store in a village of not more than five hundred inhabitants, ten dollars; for the renewal of permit to a physician to conduct a drug store in a village of not more than five hundred inhabit-

ants, five dollars. All fees shall be paid before any applicant may be admitted to examination or his name placed upon the register of pharmacists or before any license or permit, or any renewal thereof, may be issued by the board. (Rev., s. 4478; 1905, c. 108, s. 12; 1921, c. 57, s. 3; 1945, c. 572, s. 3; C. S. 6657.)

Editor's Note.—The 1945 amendment inserted the provision as to fees for licenses without examination.

§ 90-64. When license without examination issued.—The board of pharmacy may issue licenses to practice as pharmacists in this state, without examination, to such persons as have been legally registered or licensed as pharmacists by other boards of pharmacy, if the applicant for such license shall present satisfactory evidence of the same qualifications as are required from licentiates in this state, and that he was registered or licensed by examination by such other board of pharmacy, and that the standard of competence required by such board of pharmacy is not lower than that required in this state. All applicants for license under this section shall, with their application, forward to the secretary of the board of pharmacy a fee of twenty-five dollars ($25.00). (Rev., s. 4482; 1905, c. 108, s. 16; 1945, c. 572, s. 2; C. S. 6660.)

Editor's Note.—The 1945 amendment substituted the words "a fee of twenty-five dollars ($25.00)" at the end of the section for the words "the same fees as are required of other candidates for license."

§ 90-66. Expiration and renewal of license; failure to renew misdemeanor.

And if any pharmacist or assistant pharmacist shall fail, for a period of sixty days after the expiration of his license, to make application to the board for its renewal, his name shall be erased from the register of licensed pharmacists and assistant pharmacists and such person, in order to again become registered as a licensed pharmacist or assistant pharmacist shall be required to pay the same fee as in the case of original registration. (1947, c. 781.)

Editor's Note.—The 1947 amendment substituted "sixty" for "six" in line two of the third sentence. As the rest of the section was not affected by the amendment it is not set out.

Part 2. Dealing in Specific Drugs Regulated.

§ 90-85.1. Enjoining illegal practices. — The board of pharmacy may, if it shall find that any person is violating any of the provisions of this article, and after notice to such person of such violation, apply to the superior court for a temporary or permanent restraining order or injunction to restrain such person from continuing such illegal practices. If upon such application, it shall appear to the court that such person has violated, or is violating, the provisions of this article, the court may issue an order restraining any further violations thereof. All such actions by the board for injunctive relief shall be governed by the provisions of article 37 of the chapter on "Civil Procedure": Provided, such injunctive relief may be granted regardless of whether criminal prosecution has been or may be instituted under any of the provisions of this article. (1947, c. 229.)

Editor's Note.—For a brief comment on this section, see 25 N. C. Law Rev. 429.

Art. 5. Narcotic Drug Act.

§ 90-103. Places unlawfully possessing drugs declared nuisances.

Suit to Abate Will Not Lie.—A suit cannot be maintained to abate a public nuisance as defined by this section, since §§ 19-2 to 19-8, are not applicable, and the Narcotic Drug Act does not provide the remedy of abatement. State v. Townsend, 227 N. C. 642, 44 S. E. (2d) 36.

Art. 6. Optometry.

§ 90-114. Optometry defined.

This article was intended to regulate the practice of optometry, and not the optical trade. Palmer v. Smith, 229 N. C. 612, 51 S. E. (2d) 8.

This section is in substantial accord with the definitions given in other jurisdictions. Palmer v. Smith, 229 N. C. 612, 51 S. E. (2d) 8.

The duplication of an ophthalmic lens, or the duplication or replacement of a frame or mounting for such lenses, does not constitute the practice of optometry as defined in this section. Palmer v. Smith, 229 N. S. 612, 51 S. E. (2d) 8. See note to § 90-115.

§ 90-115. Practice without registration unlawful.

Section Is Invalid in Part.—This section is invalid in so far as it declares that a person is practicing optometry when he replaces or duplicates an ophthalmic lens, or replaces or duplicates the frame or mounting for such lens, for these acts do not constitute the practice of optometry as defined by § 90-114, and the proscription has no reasonable relation to the public health, safety or welfare. Palmer v. Smith, 229 N. C. 612, 51 S. E. (2d) 8. See Const., Art. I, §§ 1, 17, 31.

Effect of Definition in § 90-114.—The mere fact that this section provides that a person shall be deemed to be practicing optometry if he duplicates a lens or replaces or duplicates a frame or mounting, without a prescription, does not make it so, unless such duplication or replacement constitutes the practice of optometry within the definition thereof in § 90-114. Palmer v. Smith, 229 N. C. 612, 51 S. E. (2d) 8.

What Optician May Do.—So long as an optician confines his work to the mere mechanical process of duplicating lenses, replacing or duplicating frames and mountings, "making mechanical repairs to frames for spectacles," and filling prescriptions issued by a duly licensed optometrist or oculist, and does not in any manner undertake "the measurement of the powers of vision and the adaptation of lenses for the aid thereof," he is not practicing optometry. Palmer v. Smith, 229 N. C. 612, 51 S. E. (2d) 8.

§ 90-118. Examination for practice; prerequisites; registration.

1. He must be twenty-one years of age: Provided, that the examination may be given to any applicant who will be twenty-one years of age before the next regular period for giving examinations: Provided, further, that no license shall be issued until the applicant reaches twenty-one years of age.

(1949, c. 357.)

Editor's Note.—The 1949 amendment added the provisos to subsection 1. As the rest of the section was not affected by the amendment it is not set out.

§ 90-126.1. Board may enjoin illegal practices.

For comment on this section, see 21 N. C. Law Rev. 324.

Art. 7. Osteopathy.

§ 90-129. Osteopathy defined.

Cro. Reference.—As to what constitutes illegal practice of medicine by licensed osteopath, see also §§ 90-18, 90-19 and notes.

Purpose of Article.—In all probability, the general assembly enacted the statutes relating to the practice of osteopathy now embodied in this article because of the decision in State v. McKnight, 131 N. C. 717, 42 S. E. 580, 59 L. R. A. 187, which recognized that osteopathy is a "mode of treatment which absolutely excludes medicines and surgery from its pathology" and held that for this reason the statutes requiring examination and license "before beginning the

practice of medicine or surgery" did not apply to osteopaths. State v. Baker, 229 N. C. 73, 48 S. E. (2d) 61.

The distinction between the practice of osteopathy and the practice of medicine and surgery is recognized by articles 1 and 7 of this chapter. State v. Baker, 229 N. C. 73, 48 S. E. (2d) 61.

"Osteopathy" Does Not Involve Use of Drugs. — "Osteopathy" is the very antithesis of any science of medicine involving the use of drugs. It is a system of treating diseases of the human body without drugs or surgery. State v. Baker, 229 N. C. 73, 48 S. E. (2d) 61.

The words "as taught by the various colleges of osteopathy" do not set at large the signification of "osteopathy," permitting the colleges to give it any meaning they choose. The legislature merely authorizes the colleges to determine, select, and teach the most desirable methods of doing what is comprehended within the term "osteopathy." The colleges cannot widen the scope of the osteopath's certificate so as to permit him to practice other systems of healing by the simple expedient of varying their curricula. State v. Baker, 229 N. C. 73, 48 S. E. (2d) 61.

In a prosecution of an osteopath for practicing medicine without a license, the state does not have the burden of showing that the administration or prescription of medicines with which defendant is charged was not taught in the recognized colleges of osteopathy. Id.

Art. 8. Chiropractic.

§ 90-139. Creation and membership of board of examiners.

Editor's Note.—For a brief comment on the 1949 amendments to this article, see 27 N. C. Law Rev. 406.

§ 90-144. Meetings of association and board of examiners.—The North Carolina chiropractic association shall meet at least once a year at such time and place as said association shall determine. The North Carolina board of chiropractic examiners shall meet at least once a year at such time and place as said board shall determine at which meetings applicants for license shall be examined. (1917, c. 73, s. 6; 1933, c. 442, s. 1; 1949, c. 785, s. 1; C. S. 6716.)

Editor's Note.—The 1949 amendment rewrote this section. Prior to the amendment the annual meetings of the association and the board of examiners were required to be held at the same time and place.

§ 90-145. Grant of license; temporary license.—The board of chiropractic examiners shall grant to each applicant who is found to be competent, upon examination, a license authorizing him or her to practice chiropractic in North Carolina. Said board may grant a temporary license to any applicant who shall comply with the requirements of this article as to proof of good character and of graduation from a chiropractic school or college as prescribed in this article; but such temporary license shall not continue in force longer than until the next meeting of said board, and in no case shall a temporary license be granted to an applicant who has already been refused a license by said board. (1917, c. 73, s. 7; 1949, c. 785, s. 2; C. S. 6717.)

Editor's Note.—The 1949 amendment rewrote this section.

§ 90-154. Grounds for refusal or revocation of license. — The board of chiropractic examiners may refuse to grant or may revoke a license to practice chiropractic in this state, upon the following grounds: Immoral conduct, bad character, the conviction of a crime involving moral turpitude, habitual intemperance in the use of ardent spirits, narcotics, or stimulants to such an extent as to incapacitate him or her for the performance of such professional duties, unethical advertising, unprofessional or dishonorable conduct unworthy of and affecting the practice of his profession. (1917, c. 73, s. 14; 1949, c. 785, s. 3; C. S. 6725.)

Editor's Note.—The 1949 amendment added at the end of the section the following: "unethical advertising, unprofessional or dishonorable conduct unworthy of and affecting the practice of his profession."

§ 90-156. Pay of board and authorized expenditures.—The members of the board of chiropractic examiners shall receive their actual expenses, including railroad fare and hotel bills, when meeting for the purpose of holding examinations, and performing any other duties placed upon them by this article, such expenses to be paid by the treasurer of the board out of the moneys received by him as license fees, or from renewal fees. The board shall also expend out of such fund so much as may be necessary for preparing licenses, securing seal, providing for programs for licensed doctors of chiropractic in North Carolina, and all other necessary expenses in connection with the duties of the board. (1917, c. 73, s. 16; 1949, c. 785, s. 4; C. S. 6727.)

Editor's Note.—The 1949 amendment inserted in the second sentence the following: "providing for programs for licensed doctors of chiropractic in North Carolina."

Art. 9. Trained Nurses.

§ 90-163. Scope of examination; fees; licensing. Before an applicant shall be permitted to take such an examination he or she shall pay to the secretary of the examining board an examination fee of fifteen dollars. In the event of the failure of the applicant to pass examination, one-half of the above named fee shall be returned to the applicant. (1917, c. 17, s. 4; 1925, c. 87, s. 7; 1947, c. 116, s. 1; C. S. 6732.)

Editor's Note.—
The 1947 amendment substituted "fifteen" for "ten" in line four of the second paragraph. As the first paragraph was not affected by the amendment it is not set out.

§ 90-164. Licenses and certificates without examination; fee.

The fee for license without examination shall be fifteen dollars ($15.00). (1917, c. 17, s. 5; 1925, c. 87, s. 8; 1947, c. 116, s. 2; C. S. 6733.)

Editor's Note.—
The 1947 amendment decreased the fee in the last sentence from $25.00 to $15.00. As the rest of the section was not affected by the amendment it is not set out.

§ 90-165. Only licensed nurses to practice.—On and after February 28, 1925, all "trained," "graduate," "licensed," or "registered" nurses must obtain licenses from the board of nurse examiners before practicing their profession in this state, and before using the abbreviation "R. N." But nothing in this section shall be construed to apply to any nurse who is qualified and practicing her profession on February 28, 1925. (1917, c. 17, s. 6; 1917, c. 288; 1925, c. 87, s. 9; 1947, c. 116, s. 3; C. S. 6734.)

Editor's Note.—
The 1947 amendment struck out the words "must obtain certificates of registration from the clerk of the superior court of any county as hereinafter provided," formerly appearing after the abbreviation R. N.

§ 90-168. Renewal of license; lapsation and reinstatement; temporary retirement from practice.—The license of every person licensed or deemed to be licensed under the provisions of this article shall be annually renewed, except as hereinafter provided. On or before Novembe 1st, 1947, and annually thereafter, the board shall mail to the

last known address an application for renewal of license to every person who has received from the board license or who has a right to renewal of license because of having received license under the provisions of chapter 87 of the Public Laws of North Carolina, 1925, as amended, or under laws existing prior thereto. The applicant shall fill in the application blank and return it to the board with a renewal fee of one dollar ($1.00) before January 1st, 1948, and on or before January 1st of each year thereafter. Upon receipt of the application and fee the board shall verify the accuracy of the application and issue to the applicant a certificate of renewal for the current year beginning January 1st and expiring December 31st. Such certificate of renewal shall render the holder thereof a legal practitioner for the period stated on the certificate of renewal.

Any licensee who allows his or her license to lapse by failing to renew the license as provided above may be reinstated by the board on satisfactory explanation for such failure to renew his or her license and on payment of a fee of five dollars ($5.00). A lapse shall not be deemed to have accrued during a period of service in the armed services of the United States and for six months thereafter.

Any person practicing nursing during the time his or her license has lapsed shall be considered an illegal practitioner and shall be subject to the penalties provided for violations of this article. A person licensed under the provisions of this article desiring to retire from practice temporarily, shall send a written notice to the board. Upon receipt of such notice the board shall place the name of such person upon the non-practicing list. While remaining on this list the person shall not be subject to the payment of any renewal fees and shall not practice in the state. When the person desires to resume practice, application for renewal of license and payment of renewal fee for the current year shall be made to the board. (1917, c. 17, s. 8; 1925, c. 87, s. 11; 1947, c. 116, s. 4; C. S. 6736.)

Editor's Note.—
The 1947 amendment rewrote this section. Formerly the section related to registration of nurses.

§ 90-169. Revocation or suspension of license and procedure therefor.—The board shall have the power to suspend or revoke the license of any registered nurse upon any one or more of the following grounds, after notice, hearing, and determination by the board as hereinafter provided for: gross incompetency, dishonesty, intemperance, or any act derogatory to the morals or standing of the profession of nursing. The procedure for the revocation or suspension of a license shall be in accordance with the provisions of chapter 150, General Statutes of North Carolina, 1943, entitled "Uniform Revocation of Licenses." Upon the revocation or suspension of a license the name of the holder thereof shall be stricken from the roll of registered nurses in the hands of the secretary of the board. (1917, c. 17, s. 9; 1925, c. 87, s. 12; 1947, c. 116, s. 5; C. S. 6737.)

Editor's Note.—
The 1947 amendment rewrote this section.

Art. 9A. Practical Nurses.

§ 90-171.1. Board of examiners.—Solely and exclusively for the purpose of examining, licensing, and regulating practical nurses in accordance with and under the provisions of this article and for the purpose of administering the provisions of this article as it relates to practical nurses, the North Carolina board of nurse examiners is hereby enlarged by adding to the board three members who shall be practical nurses, who shall be appointed by the Undergraduate and Practical Nurses Organization, Incorporated, and the Practical Nurses Association of Durham. These practical nurse members added to the board for the purposes stated shall be originally appointed for terms commencing on June 1, 1947, one for a term of one year, one for a term of two years, and one for a term of three years, and until their successors shall be appointed and shall qualify. Thereafter, appointments shall be for a term of three years. Following the formation of a licensed practical nurses association in North Carolina, all appointments of the practical nurse members of the board, as enlarged, shall be made by such licensed practical nurse association.

For all other purposes, except as herein specifically provided, the membership of the North Carolina board of nurse examiners shall be and remain constituted as provided by General Statutes, chapter 90, article 9, and except as herein specifically provided, the powers, duties, and functions of the board as constituted by chapter 90, article 9, of the General Statutes, shall not be affected by the provisions of this article.

The practical nurse members of the board, as enlarged by this article, shall participate only in such action and functions of the board as shall concern and affect matters relating to the examination, licensing and the regulation of undergraduate and practical nurses and relating to the administration of the provisions of this article. No business shall be transacted or other action taken concerning undergraduate and practical nurses at any meeting of the board, as enlarged by this article, unless at least two of the practical nurse members shall be present.

The officers of the board, as enlarged by this article, shall be the officers of the North Carolina board of nurse examiners, who shall continue to be registered professional nurses.

The secretary-treasurer of the board shall keep and maintain separate records and accounts of the funds arising from fees received under the provisions of General Statutes, chapter 90, article 9, as amended, from registered professional nurses and applicants for licensure as registered professional nurses, and of the funds arising from fees received under the provisions of this article from licensed practical nurses and applicants for licensure as licensed practical nurses.

The practical nurse members of the board, as enlarged by this article, shall receive a per diem for attendance at meetings of the board not exceeding ten dollars ($10.00) per day, and in addition thereto they shall be entitled to their actual traveling and hotel expenses, to be approved by the enlarged board, which shall be paid from the practical nurse funds arising from fees authorized by this article.

The board, as enlarged by this article, is hereby empowered to authorize and direct the use of the funds arising from fees received under the provisions of this article from licensed practical nurses and applicants for licensure as licensed

practical nurses for the purpose of contributing towards the payment of joint office expenses and joint operating expenses, including salaries of the secretary-treasurer and other employees who serve both the North Carolina board of nurse examiners and the board, as enlarged by this article, and including the salary of the educational director, in the event the same individual is serving and performs the duties of educational director with respect to both the schools and training of professional nurses and the schools and training of practical nurses; provided, however, that the amount of funds arising from fees received under the authority and provisions of this article which may be so authorized and used for such joint purposes shall not exceed one-half of the total annual amount of such joint salaries and expenses during any fiscal year.

The board, as enlarged by this article, is authorized and empowered to appoint and employ an educational director, together with such assistants as the board may deem necessary, for the purpose of performing such duties and functions as may be prescribed by the joint committee on standardization, as enlarged by this article, in carrying out the provisions of this article. Such educational director may be the same individual acting and serving as educational director as provided for by the General Statutes, § 90-160, in which event the salary and expenses of such educational director shall be fixed in accordance with the provisions of General Statutes § 90-160. In the event an additional educational director shall be named by the board, as enlarged by this article, the board is authorized to fix and to pay the salary of such director and assistants out of funds arising from fees authorized by this article received from licensed practical nurses and applicants for licensure as licensed practical nurses.

All moneys received from fees authorized by this article from licensed practical nurses and from applicants for licensure as licensed practical nurses, in excess of the expenditures authorized and directed by the board to be used for salaries and expenses as hereinbefore provided for, shall be held by the secretary-treasurer for future expenses and for extending practical nursing education in North Carolina. No moneys used in carrying out this article shall be paid out of the state treasury.

The board, as enlarged by this article, shall provide for the examination, licensing, and regulation of licensed practical nurses, and shall provide for the licensing of those now practicing as undergraduate and practical nurses, or attendants, in the manner hereinafter provided. (1947, c. 1091, s. 1.)

§ 90-171.2. Committee on standardization. — Solely and exclusively for the purpose of carrying out the educational and standardization provisions of this article, there are added to the joint committee on standardization, as provided for by the General Statutes § 90-159, three practical nurse members, who shall be originally appointed by the Undergraduate and Practical Nurses Organization, Incorporated, and the Practical Nurses Association of Durham, who shall serve for a period of three years from the date of appointment or until their successors are appointed and qualified. After the formation of a licensed practical nurses association, future appointments shall be made by such association. The practical nurse members shall participate only in those meetings or activities of the standardization committee as concern or pertain to practical nursing. This joint committee on standardization, as enlarged by this article, shall have the power to establish standards and provide minimum requirements for the conducting of schools of practical nursing, of which applicants for examination for the practical nurses' license under this article must be graduates before taking such examination. Nothing in this article shall be construed to limit or otherwise affect the constitution, powers, duties, and functions of the joint committee on standardization created by General Statutes § 90-159, as provided for by chapter 90, article 9, of the General Statutes. (1947, c. 1091, s. 1.)

§ 90-171.3. Applicants; qualifications; procedure.—Any applicant who desires to obtain a license to practice as a licensed practical nurse shall submit to the board, on forms furnished by the board, satisfactory written evidence under oath that the applicant is at least eighteen years of age, is a citizen of the United States, or has legally declared intention of becoming a citizen, is of good moral character, is in good physical and mental health, has completed an education through the first-year high school, or its equivalent, and has successfully completed a course of training for practical nursing approved and accredited by the standardization committee. The application shall be accompanied by a fee of ten dollars ($10.00) for examination and certification. (1947, c. 1091, s. 1.)

§ 90-171.4. Examination; procedure.—An examination for licenses to practice practical nursing shall be given by the board at least once in each year, after notice of the time and place of holding the examination has been published at least once a week for four weeks immediately preceding such examination in such newspapers, having statewide circulation as may be selected by the board. The examination shall be of such character as to determine the fitness of the applicant to practice practical nursing of the sick. In the discretion of the board written examinations may be supplemented by oral or practical examinations. If the result of the examination of any applicant shall be satisfactory to a majority of the board, the secretary shall, upon an order of the board, issue the applicant a certificate to that effect; whereupon the person named in the certificate shall be declared duly licensed to practice practical nursing in North Carolina. (1947, c. 1091, s. 1.)

§ 90-171.5. License without examination.—Persons twenty years of age or over now practicing as undergraduate nurses, practical nurses, or performing similar services under any other title may make application to the board for licensure as a licensed practical nurse under this provision on or before July 1st, 1949. The above application shall be made on forms furnished by the board, in the manner prescribed by the board and verified by oath. The board, without requiring an examination, shall issue a license to practice as a licensed practical nurse to any person found to be a citizen of the United States and a resident of North Carolina, twenty years of age or more, of

good moral character, in good physical and mental health, and to have lived in and cared for the sick as a vocation in this state for two years immediately preceding the date of such application.

Before such license is issued such applicant must be favorably endorsed by two physicians licensed to practice in North Carolina who have personal knowledge of the applicant's qualifications as a practical nurse, must be endorsed by two persons who have employed the applicant in the capacity of a practical nurse.

The fee for each such license shall be seven dollars and fifty cents ($7.50) and shall accompany each application filed under this section.

The board upon written application and such references and proof of identity as it may by rule prescribe may issue a license to practice as a licensed practical nurse without examination to any applicant who has been duly licensed or registered as a practical nurse, licensed or trained attendant, or as a person entitled to perform similar services under any other title under the laws of any other state, if in the opinion of the board the applicant meets the preliminary requirements for licensed practical nurses under the provisions of this article upon application in the prescribed manner accompanied by a fee of ten dollars ($10.00). (1947, c. 1091, s. 1.)

§ 90-171.6. Licensed practical nurses formally recognized.—A person holding a license to practice as a licensed practical nurse in this state shall have the right to hold and use the title "Licensed Practical Nurse" and the abbreviation "L. P. N." No other person shall assume such title or abbreviation, or any other word, symbols or letters to indicate that the person is a licensed or registered practical nurse unless licensed as such under the provisions of this article. (1947, c. 1091, s. 1.)

§ 90-171.7. Renewal of licenses annually; procedure and fees.—The license of every person practicing under the provisions of this article shall be renewed annually upon application to the board. On or before November one of each year, the secretary of the board shall mail to the last known address an application for renewal of license to every licensed practical nurse in the state, but the failure to receive such application shall not excuse any practitioner from the requirements for renewal herein contained. The person receiving such application shall furnish the information indicated thereon and return the form to the board with a renewal fee of one dollar ($1.00) prior to January one of the following year. Upon receipt of the application duly filled in and signed and the required fee, the secretary of the board shall verify the accuracy of the application and issue to the applicant a certificate of renewal for the period beginning January 1st and ending December 31st of the following year. Such certificate of renewal shall constitute the holder thereof a duly licensed practical nurse for the period indicated on such certificate. Failure to renew the license thus annually shall automatically result in forfeiture of the right to practice nursing in North Carolina as a licensed practical nurse until application shall have been made and the fee therefor paid for the current year. (1947, c. 1091, s. 1.)

§ 90-171.8. Revocation and suspension of licenses; procedure for reinstatement.—The board, as enlarged by this article, shall have power to deny, revoke or suspend any license to practice as a licensed practical nurse applied for or issued by the board in accordance with the provisions of this article for gross incompetency, negligence while on duty, the commission of a felony or a crime involving moral turpitude, habitual drunkenness, addiction to the use of drugs, or for any habit rendering her unfit to care for the sick, or for violation of any provision of this article. The procedure for revocation or suspension of a license shall be in accordance with the provisions of chapter 150 General Statutes of North Carolina, 1943, entitled, "Uniform Revocation of Licenses." Upon revocation or suspension of a license the name of the holder thereof shall be stricken from the roll of licensed practical nurses in the hands of the secretary of the board.

When the license of any person has been revoked as herein provided, the board may, after the expiration of three months, and upon payment of a fee of five dollars ($5.00), entertain an application for and grant a new license without further examination. No such new license shall be granted except upon the affirmative vote of at least five members of the board. (1947, c. 1091, s. 1.)

§ 90-171.9. Accredited institutions and courses for training practical nurses; powers of standardization committee.—Any institution desiring to conduct a course for the training of licensed practical nurses shall apply to the standardization committee, and submit evidence that it is prepared to give a course of not less than twelve months of theoretical instruction and practical training and experience in practical nursing prescribed in a curriculum adopted by the standardization committee and specified by law and that it is prepared to meet other standards and regulations adopted by the standardization committee. Such instruction and experience may be secured in one or more institutions approved for the purpose by the standardization committee. The length of such course shall not be less than twelve months. Upon receipt of such application, a survey of the institution or institutions with which the course is to be affiliated shall be made by an educational director designated by the enlarged board, and a written report of such survey shall be submitted to the standardization committee. If in the opinion of the standardization committee the requirements for accredited courses for licensed practical nurses are met, the standardization committee shall declare the course to be an accredited course for licensed practical nurses.

The standardization committee shall, annually or more often, as it may deem necessary, survey all courses for the training of licensed practical nurses in the state. Written reports of such surveys shall be submitted to the standardization committee. If the standardization committee determines that any accredited course for the training of practical nurses is not attaining the standard required by the statutes and the standardization committee, notice thereof in writing specifying the deficiencies shall be given immediately to the institution giving such course. If the deficiencies are not corrected to the satisfaction of the standardization committee within a reasonable time, the course of training shall be removed from the list

of courses accredited for training licensed practical nurses. (1947, c. 1091, s. 1.)

§ 90-171.10. Article does not prohibit other persons from performing nursing service.—No provision of this article shall be construed to prohibit the performance of general nursing service by any person for compensation or gratuitously, or to prohibit the gratuitous nursing of the sick, the furnishing of services, by domestic servants, friends or relatives, or any midwife or other person who does not assume to be or hold herself out to be a licensed practical nurse. (1947, c. 1091, s. 1.)

§ 90-171.11. Violation of article; penalties. — After the effective date of this article it shall be unlawful for any person to:

a. Represent herself to be a licensed practical nurse or use the designation "Licensed Practical Nurse" or the abbreviation "L. P. N.", unless she is licensed under the provisions of this article.

b. Make a material false statement or representation to the board in applying for a license under this article.

c. Refuse to surrender a license which has been revoked in the manner prescribed herein.

d. Represent that any school or course is approved or accredited as a course or school for the training of licensed practical nurses unless such course or school has been approved and accredited by the standardization committee hereinabove referred to.

Any person violating any of the provisions of this article shall be guilty of a misdemeanor, and upon conviction thereof shall be fined not more than fifty dollars ($50.00) or imprisoned not more than thirty (30) days. (1947, c. 1091, s. 1.)

(1919, c. 78, s. 2; 1945, c. 126; C. S. 6763.)

(1925, c. 288; 1931, cc. 277, 312, ss. 5, 6; 1933, cc. 46, 244; 1945, c. 723, s. 2.)

Editor's Note.—

The 1945 amendment struck out former subsection (f) authorizing the commissioner "to aid veterans of the World War in securing adjustment of claims against the federal government," and relettered former subsection (g) as subsection (f). As the introductory paragraph and subsections (a) through (e) were not affected by the amendment they are not set out.

Section 4 of the amendatory act provided that it should become effective as of the date upon which the governor effects the transfer of veterans activities in compliance with § 165-11.

Art. 2. Maximum Working Hours.

(1947, c. 825; 1949, c. 1057.)

The 1947 amendment inserted the proviso beginning in line twenty-two of the sixth paragraph. The 1949 amendment inserted the proviso beginning in line twenty-six of the second paragraph. As the other paragraphs were not changed they are not set out.

For discussion of the 1947 amendment, see 25 N. C. Law Rev. 449.

Art. 4. Conciliation Service and Mediation of Labor Disputes.

§ 95-32. Declaration of policy.

For subsequent statute affecting this article, see §§ 95-36.1 to 95-36.7.

§ 95-36. Powers and duties of commissioner and conciliator.—Upon his own motion in an existent or imminent labor dispute, the commissioner of labor may, and, upon the direction of the governor, must order a conciliator to take such steps as seem expedient to effect a voluntary, amicable and expeditious adjustment and settlement of the differences and issues between employer and employees which have precipitated or culminated in or threaten to precipitate or culminate in such labor dispute.

The conciliator shall promptly put himself in communication with the parties to such controversy, and shall use his best efforts, by mediation, to bring them to agreement.

The commissioner of labor, any conciliator or conciliators and all other employees of the commissioner of labor engaged in the enforcement and duties prescribed by this article, shall not be compelled to disclose to any administrative or judicial tribunal any information relating to, or acquired in the course of their official activities under the provisions of this article, nor shall any reports, minutes, written communications, or other documents or copies of documents of the commissioner of labor and the above employees pertaining to such information be subject to subpoena: Provided, that the commissioner of labor, any conciliator or conciliators and all other employees of the commissioner of labor engaged in the enforcement of this article, may be required to testify fully in any examination, trial, or other proceeding in which the commission of a crime is the subject of inquiry. (1941, c. 362, s. 5; 1949, c. 673.)

Editor's Note.—The 1949 amendment added the last paragraph. For brief comment on the amendment, see 27 N. C. Law Rev. 465.

Art. 4A. Arbitration Service for Voluntary Arbitration of Labor Disputes.

§ 95-36.1. Declaration of policy.—It is hereby declared as the public policy of this state that the best interests of the people of the state are served by the prompt settlement of labor disputes; that strikes and lockouts and other forms of industrial strife, regardless of where the merits of the controversy lie, are forces productive ultimately of economic waste; that the interests and rights of the consumers and the people of the state, while not direct parties thereto, should always be considered, respected and protected; and where amicable settlement by conciliation and/or mediation have been unsuccessful that the voluntary arbitration of such disputes under the guidance and supervision of a governmental agency will tend to promote permanent industrial peace and the health, welfare, comfort and safety of the people of the state. To carry out such policy, the necessity for the enactment of the provisions of this article is hereby declared as a matter of legislative determination. (1945, c. 1045, s. 1.)

§ 95-36.2. Scope of article.—The provisions of this article shall apply to labor disputes pertain-

ing to wages, hours and working conditions in North Carolina when parties wish to avail themselves of arbitration under this article. (1945, c. 1045, s. 2.)

§ 95-36.3. Administration of article.—The administration of this article shall be under the general supervision of the commissioner of labor of North Carolina. (1945, c. 1045, s. 3.)

§ 95-36.4. Arbitration service established; personnel; removal; compensation.—There is hereby established in the department of labor an arbitration service. The commissioner of labor may appoint such employees as may be required for the consummation of the work under this article, prescribe their duties and fix their compensation, subject to existing laws applicable to the appointment and compensation of employees of the state of North Carolina. Any member of or employee in the arbitration service may be removed from office by the commissioner of labor, acting in his discretion. (1945, c. 1045, s. 4.)

§ 95-36.5. Arbitration.—(a) Submission of Controversy to Arbitration Panel.—Whenever a controversy pertaining to wages, hours and working conditions shall arise between employees and employer and where amicable settlement by conciliation and/or mediation have been unsuccessful such controversy may by agreement of the parties thereto, be submitted to an arbitration panel of three persons, or should the parties so desire a single arbitrator appointed by the commissioner of labor as provided for in subsection (b); provided, however, that the failure or refusal of either party to submit a controversy to arbitration shall not be construed as a violation of any legal obligation imposed upon such party by the terms of this article or otherwise.

(b) Manner of Selecting Arbitration Panel or Arbitrator.—Such panel or arbitrator shall be chosen in the following manner: In case a panel is desired, the employer shall designate one arbitrator, the union or other representative of the employees shall designate one arbitrator, and they by agreement shall select the third arbitrator, who shall serve as chairman of the panel. If they are unable, within a reasonable time, to agree upon such third arbitrator, he may, upon the request of the parties to the dispute, be appointed by the commissioner of labor. Should the parties prefer to submit the dispute to a single arbitrator, and be unable within a reasonable time, to agree upon such an arbitrator, he may, upon the request of the parties to the dispute, be appointed by the commissioner of labor. All appointments of third and single arbitrators by the commissioner of labor shall be made from the list of qualified arbitrators maintained by him. It shall be the duty of the commissioner of labor to maintain a list of qualified and public spirited citizens who will serve as arbitrators. The third arbitrator, when appointed by the commissioner, may be paid, within the discretion of the commissioner, per diem compensation, at the rate established by the commissioner of labor, and actual travel and necessary expenses incurred while performing duties arising under this article. Necessary stenographic, clerical and technical service and assistance to the panel or arbitrator, in those cases wherein an arbitrator has been named by the commissioner of labor, shall be furnished by the department of labor. Expenditures provided for under this section shall be paid from funds appropriated for the administration of this article.

(c) Arbitration Procedure; Witnesses; and Award.—The submission of the dispute to the arbitration panel or arbitrator shall be in writing, signed by the parties or their authorized agents, and shall contain a statement of the issues or questions in dispute and an agreement to continue in business or at work without a lockout or strike during the arbitration and to abide by the arbitration award. Upon such submission, the panel or arbitrator shall examine the matter in controversy, and, after reasonable notice, afford the parties an opportunity to be heard and to examine and cross-examine witnesses. The arbitrator or panel, or a majority of them, may require any person to attend before him or them as a witness and to bring with him any book or writing or other evidence. Subpoenas shall issue in the name of the arbitrator or panel, or a majority of them, and shall be directed to the person and shall be served in the same manner as subpoenas to testify before a court of record in this state; if any persons so summoned to testify shall refuse or neglect to obey such subpoenas, upon petition the superior court may compel the attendance of such person before the arbitrator or panel, or punish such persons for contempt in the same manner now provided for the attendance of witnesses or the punishment of them in the courts of this state. A written report of the panel's or arbitrator's findings of fact and recommendations shall be made to each party to the controversy; where the commissioner of labor has appointed an arbitrator, such reports shall be made within thirty (30) days after the selection of the arbitrator, unless this period of time shall be extended by agreement of the parties or by the commissioner of labor for good and sufficient reasons. If any panel is unable to reach a unanimous decision on the merits of any issue, the finding and decision of a majority of the members of the panel shall constitute the award of the panel on that issue; if a majority vote cannot be obtained on any issue, the finding and decision of the chairman shall constitute the award of the panel on that issue. Arbitration proceedings under this article shall be filed with the commissioner of labor, who may make a public report. (1945, c. 1045, s. 5; 1947, c. 379, ss. 1-3.)

The 1947 amendment substituted "three" for "five" in line eight of subsection (a) and substituted "a single" for "an" in the next line. It also rewrote subsection (b) and inserted the next to last sentence of subsection (c). For discussion of the amendment, see 25 N. C. Law Rev. 446.

§ 95-36.6. Disqualification.—No person named by the commissioner of labor to act as an arbitrator in a dispute which has been submitted to arbitration shall be qualified to serve as such arbitrator if such person has any financial or other interest in the company or union involved in the dispute. (1945, c. 1045, s. 6; 1947, c. 379, s. 4.)

Editor's Note.—The 1947 amendment rewrote the latter part of this section. For discussion of the amendment, see 25 N. C. Law Rev. 446.

§ 95-36.7. Rules.—The commissioner of labor with the written approval of the attorney general shall have power to adopt, alter, amend or

repeal such rules in connection with the voluntary arbitration of labor disputes as may be necessary for the proper administration and enforcement of the provisions of this article. (1945, c. 1045, s. 7.)

Art. 9. Earnings of Employees in Interstate Commerce.

§ 95-73. Collections out of state to avoid exemptions forbidden.

The resident creditor is not forbidden to send his claim out of the state for collection by suit or otherwise, provided no effort is made, in the foreign state by attachment or garnishment, to deprive the resident debtor of his personal earnings and property exempt from application to the payment of his debts under the laws of this state. Padgett v. Long, 225 N. C. 392, 35 S. E. (2d) 234.

§ 95-75. Remedies for violation of section 95-73 or 95-74; damages; indictment.

Necessary Allegation.—In a suit to recover damages for violation of the provisions of § 95-73, an allegation that the forbidden purpose of the statute was accomplished by instituting in the foreign state an action, suit or proceeding for the attachment or garnishment of the debtor's earnings in the hands of his employer, would seem to be an essential element of the cause of action. An allegation, that the debtor was threatened with attachment or garnishment of his wages and was forced to pay the foreign judgment in order to avoid same, is not sufficient. Padgett v. Long, 225 N. C. 392, 35 S. E. (2d) 234.

Art. 10. Declaration of Policy as to Labor Organizations.

§ 95-78. Declaration of public policy.—The right to live includes the right to work. The exercise of the right to work must be protected and maintained free from undue restraints and coercion. It is hereby declared to be the public policy of North Carolina that the right of persons to work shall not be denied or abridged on account of membership or non-membership in any labor union or labor organization or association. (1947, c. 328, s. 1.)

Editor's Note.—For discussion of this article, see 25 N. C. Law Rev. 447.

Article Is Constitutional.—This article does not abridge the freedom of speech and the opportunities of unions and their members "peaceably to assemble and to petition the Government for a redress of grievances," which are guaranteed by the First Amendment and made applicable to the states by the Fourteenth Amendment. Nor does it conflict with Art. I, § 10, of the Constitution, insofar as it impairs the obligation of contracts made prior to its enactment. Nor does it deny unions and their members equal protection of the laws contrary to the Fourteenth Amendment. Nor does it deprive employers, unions or members of unions of their liberty without due process of law in violation of the Fourteenth Amendment. Lincoln Federal Labor Union v. Northwestern Iron, etc., Co., 335 U. S. 525, 69 S. Ct. 251, 93 L. Ed. 201, affirming State v. Whitaker, 228 N. C. 352, 45 S. E. (2d) 860.

It is a valid exercise of the police power of the state, and does not violate § 17, Art. I, of the State Constitution. State v. Whitaker, 228 N. C. 352, 45 S. E. (2d) 860, affirmed in Lincoln Federal Labor Union v. Northwestern Iron, etc., Co., 335 U. S. 525, 69 S. Ct. 251, 93 L. Ed. 201.

And Is Not Discriminatory.—This article is applicable to all employers and employees within the state, and therefore the fact that persons or groups coming within its scope must perforce be affected in different degrees because of the difference of their economic, social or political positions, does not render the act unconstitutional as discriminatory. State v. Whitaker, 228 N. C. 352, 45 S. E. (2d) 860, affirmed in Lincoln Federal Labor Union v. Northwestern Iron, etc., Co., 335 U. S. 525, 69 S. Ct. 251, 93 L. Ed. 201.

The violation of this article is a criminal offense. State v. Whitaker, 228 N. C. 352, 45 S. E. (2d) 860, affirmed in Lincoln Federal Labor Union v. Northwestern Iron, etc., Co., 335 U. S. 525, 69 S. Ct. 251, 93 L. Ed. 201.

Punishable as for Misdemeanor.—This article is declaratory of public policy and was enacted in the interest of the public welfare, and therefore the violation of its provisions is a criminal offense punishable as for a misdemeanor, notwithstanding the failure of the statute to prescribe a penalty for its breach. The fact that the act incidentally provides for the redress of private injuries does not alter this result. State v. Bishop, 228 N. C. 371, 45 S. E. (2d) 858.

§ 95-79. Certain agreements declared illegal.—Any agreement or combination between any employer and any labor union or labor organization whereby persons not members of such union or organization shall be denied the right to work for said employer, or whereby such membership is made a condition of employment or continuation of employment by such employer, or whereby any such union or organization acquires an employment monopoly in any enterprise, is hereby declared to be against the public policy and an illegal combination or conspiracy in restraint of trade or commerce in the state of North Carolina. (1947, c. 328, s. 2.)

§ 95-80. Membership in labor organization as condition of employment prohibited.—No person shall be required by an employer to become or remain a member of any labor union or labor organization as a condition of employment or continuation of employment by such employer. (1947, c. 328, s. 3.)

§ 95-81. Non-membership as condition of employment prohibited.—No person shall be required by an employer to abstain or refrain from membership in any labor union or labor organization as a condition of employment or continuation of employment. (1947, c. 328, s. 4.)

§ 95-82. Payment of dues as condition of employment prohibited.—No employer shall require any person, as a condition of employment or continuation of employment, to pay any dues, fees, or other charges of any kind to any labor union or labor organization. (1947, c. 328, s. 5.)

§ 95-83. Recovery of damages by persons denied employment.—Any person who may be denied employment or be deprived of continuation of his employment in violation of sections 95-80, 95-81 and 95-82 or of one or more of such sections, shall be entitled to recover from such employer and from any other person, firm, corporation, or association acting in concert with him by appropriate action in the courts of this State such damages as he may have sustained by reason of such denial or deprivation of employment. (1947, c. 328, s. 6.)

§ 95-84. Application of article.—The provisions of this article shall not apply to any lawful contract in force on the effective date hereof but they shall apply in all respects to contracts entered into thereafter and to any renewal or extension of any existing contract. (1947, c. 328, s. 7.)

Editor's Note.—The act inserting this article became effective on March 18, 1947.

§ 96-3. Employment security commission.—(a) Organization.—There is hereby created a commission to be known as the Employment Security Commission of North Carolina. The commission shall consist of seven (7) members to be appointed by the governor on or before July 1, 1941. The governor shall have the power to designate the member of said commission who shall act as the chairman thereof. The chairman of the commission shall not engage in any other business, vocation or employment, and no member of the commission shall serve as an officer or a committee member of any political party organization. Three (3) members of the commission shall be appointed by the governor to serve for a term of two (2) years. Three (3) members shall be appointed to serve for a term of four (4) years, and upon the expiration of the respective terms, the successors of said members shall be appointed for a term of four (4) years each, thereafter, and the member of said commission designated by the governor as chairman shall be appointed for a term of four (4) years from and after his appointment. The governor may at any time after notice and hearing, remove any commissioner for gross inefficiency, neglect of duty, malfeasance, misfeasance, or nonfeasance in office.

(b) Divisions.—The commission shall establish two co-ordinate divisions: the North Carolina state employment service division, created pursuant to § 96-20, and the unemployment compensation division. Each division shall be responsible for the discharge of its distinctive functions. Each division shall be a separate administrative unit with respect to personnel and duties, except in so far as the commission may find that such separation is impracticable.

Editor's Note.—The 1947 amendment substituted "Employment Security Commission" for "Unemployment Compensation Commission".

§ 96-4. Administration. — (a) Duties and Powers of Commission. — It shall be the duty of the commission to administer this chapter. The commission shall meet at least once in each sixty days and may hold special meetings at any time at the call of the chairman or any three (3) members of the commission, and the commission shall have power and authority to adopt, amend, or rescind such rules and regulations, to employ such persons, make such expenditures, require such reports, make such investigations, and take such other action as it deems necessary or suitable in the administration of this chapter. Such rules and regulations shall be effective upon publication in the manner, not inconsistent with the provisions of this chapter, which the commission shall prescribe. The commission shall determine its own organization and methods of procedure in accordance with the provisions of this chapter, and shall have an official seal which shall be judicially noticed. The chairman of said commission shall, except as otherwise provided by the commission, be vested with all authority of the commission, including the authority to conduct hearings and make decisions and determinations, when the commission is not in session and shall execute all orders, rules and regulations established by said commission. Not later than November twentieth preceding the meeting of the general assembly, the commission shall submit to the governor, a report covering the administration and operation of this chapter during the preceding biennium, and shall make such recommendation for amendments to this chapter as the commission deems proper. Such report shall include a balance sheet of the moneys in the fund in which there shall be provided, if possible, a reserve against the liability in future years to pay benefits in excess of the then current contributions, which reserve shall be set up by the commission in accordance with accepted actuarial principles on the basis of statistics of employment, business activity, and other relevant factors for the longest possible period. Whenever the commission believes that a change in contribution or benefit rates will become necessary to protect the solvency of the fund, it shall promptly so inform the governor and the legislature, and make recommendations with respect thereto.

(b) Regulations and General and Special Rules. —General and special rules may be adopted, amended, or rescinded by the commission only after public hearing or opportunity to be heard thereon, of which proper notice has been given by mail to the last known address in cases of special rules, or by publication as herein provided, and by one publication as herein provided as to general rules. General rules shall become effective ten days after filing with the secretary of state and publication in one or more newspapers of general circulation in this state. Special rules shall be-

come effective ten days after notification to or mailing to the last known address of the individuals or concerns affected thereby. Regulations may be adopted, amended, or rescinded by the commission and shall become effective in the manner and at the time prescribed by the commission.

(c) Publication.—The commission shall cause to be printed for distribution to the public the text of this chapter, the commission's regulations and general rules, its biennial reports to the governor, and any other material the commission deems relevant and suitable, and shall furnish the same to any person upon application therefor.

(d) Personnel.—Subject to other provisions of this chapter, the commission is authorized to appoint, fix the compensation, and prescribe the duties and powers of such officers, accountants, attorneys, experts, and other persons as may be necessary in the performance of its duties. It shall provide for the holding of examinations to determine the qualifications of applicants for the positions so classified, and except for temporary appointments not to exceed six months in duration, shall appoint its personnel on the basis of efficiency and fitness as determined in such examinations. All positions shall be filled by persons selected and appointed on a nonpartisan merit basis. The commission shall not employ or pay any person who is an officer or committee member of any political party organization. The commission may delegate to any such person so appointed such power and authority as it deems reasonable and proper for the effective administration of this chapter, and may, in its discretion, bond any person handling moneys or signing checks hereunder.

(e) Advisory Councils.—The governor shall appoint a state advisory council and local advisory councils, composed in each case of an equal number of employer representatives and employee representatives who may fairly be regarded as representative because of their vocation, employment, or affiliations, and have such members representing the general public as the governor may designate. Such councils shall aid the commission in formulating policies and discussing problems related to the administration of this chapter, and in assuring impartiality and freedom from political influence in the solution of such problems. Such local advisory councils shall serve without compensation, but shall be reimbursed for any necessary expenses. The state advisory council shall be paid ten dollars per day per each member attending actual sitting of such council, including necessary time spent in traveling to and from their place of residence within the state to the place of meeting, and mileage and subsistence as allowed to state officials.

(f) Employment Stabilization. — The commission, with the advice and aid of its advisory councils, and through its appropriate divisions, shall take all appropriate steps to reduce and prevent unemployment; to encourage and assist in the adoption of practical methods of vocational training, retraining and vocational guidance; to investigate, recommend, advise, and assist in the establishment and operation, by municipalities, counties, school districts, and the state, of reserves for public works to be used in times of business depression and unemployment; to promote the re-employment of unemployed workers throughout the state in every other way that may be feasible; and to these ends to carry on and publish the results of investigations and research studies.

(g) Records and Reports.—(1) Each employing unit shall keep true and accurate employment records, containing such information as the commission may prescribe. Such records shall be open to inspection and be subject to being copied by the commission or its authorized representatives at any reasonable time and as often as may be necessary. The commission may require from any employing unit any sworn or unsworn reports, with respect to persons employed by it, which the commission deems necessary for the effective administration of this chapter. Information thus obtained shall not be published or be open to public inspection (other than to public employees in the performance of their public duties) in any manner revealing the employing unit's identity, but any claimant at a hearing before an appeal tribunal or the commission shall be supplied with information from such records to the extent necessary for the proper presentation of his claims. Any individual may be supplied with information as to his potential benefit rights from such records. Any employee or member of the commission who violates any provision of this section shall be fined not less than twenty dollars ($20.00) nor more than two hundred dollars ($200.00), or imprisoned for not longer than ninety days, or both. All reports, statements, information and communications of every character so made or given to the commission, its deputies, agents, examiners and employees, whether same be written, oral or in the form of testimony at any hearing, or whether obtained by the commission from the employing unit's books and records shall be absolute privileged communications in any civil or criminal proceedings other than proceedings instituted pursuant to this chapter and proceedings involving the administration of this chapter: Provided, nothing herein contained shall operate to relieve any employing unit from disclosing any information required by this chapter or as prescribed by the commission involving the administration of this chapter.

(2) If the commission finds that any employer has failed to file any report or return required by this chapter or any regulation made pursuant hereto, or has filed a report which the commission finds incorrect or insufficient, the commission may make an estimate of the information required from such employer on the basis of the best evidence reasonably available to it at the time, and make, upon the basis of such estimate, a report or return on behalf of such employer, and the report or return so made shall be deemed to be prima facie correct, and the commission may make an assessment based upon such report and proceed to collect contributions due thereon in the manner as set forth in § 96-10 (b) of this chapter; Provided, however, that no such report or return shall be made until the employer has first been given at least ten days' notice by registered mail to the last known address of such employer: Provided further, that no such report or return shall be used as a basis in determining whether such employing unit is an employer within the meaning of this chapter.

(h) Oaths and Witnesses.—In the discharge of

the duties imposed by this chapter, the chairman of an appeal tribunal and any duly authorized representative or member of the commission shall have power to administer oaths and affirmations, take depositions, certify to official acts, and issue subpœnas to compel the attendance of witnesses and the production of books, papers, correspondence, memoranda, and other records deemed necessary as evidence in connection with a disputed claim or the administration of this chapter.

(i) Subpœnas.—In case of contumacy by, or refusal to obey a subpœna issued to any person by the commission or its authorized representative, any clerk of a superior court of this state within the jurisdiction of which the inquiry is carried on or within the jurisdiction of which said person guilty of contumacy or refusal to obey is found or resides or transacts business, upon application by the commission, or its duly authorized representatives, shall have jurisdiction to issue to such person an order requiring such person to appear before the commission, or its duly authorized representatives, there to produce evidence if so ordered, or there to give testimony touching upon the matter under investigation or in question; and any failure to obey such order of the said clerk of superior court may be punished by the said clerk of superior court as a contempt of said court. Any person who shall, without just cause, fail or refuse to attend and testify or to answer any lawful inquiry or to produce books, papers, correspondence, memoranda, or other records in obedience to a subpœna of the commission, shall be punished by a fine of not more than fifty dollars ($50.00) or by imprisonment for not longer than thirty days.

(j) Protection against Self-Incrimination. — No person shall be excused from attending and testifying or from producing books, papers, correspondence, memoranda, and other records before the commission or in obedience to the subpœna of the commission or any member thereof, or any duly authorized representative of the commission, in any cause or proceeding before the commission, on the ground that the testimony or evidence, documentary or otherwise, required of him may tend to incriminate him or subject him to a penalty or forfeiture; but no individual shall be prosecuted or subjected to any penalty or forfeiture for or on account of any transaction, matter, or thing concerning which he is compelled, after having claimed his privilege against self-incrimination, to testify or produce evidence, documentary or otherwise, except that such individual so testifying shall not be exempt from prosecution and punishment for perjury committed in so testifying.

(k) State-Federal Co-Operation.—In the administration of this chapter, the commission shall cooperate, to the fullest extent consistent with the provisions of this chapter, with the Social Security Administration, created by the Social Security Act, approved August fourteenth, one thousand nine hundred and thirty-five, as amended; shall make such reports, in such form and containing such information as the Social Security Administration may from time to time require, and shall comply with such provisions as the Social Security Administration may from time to time find necessary to assure the correctness and verification of such reports; and shall comply with the regulations prescribed by the Social Security Administration governing the expenditures of such sums as may be allotted and paid to this state under Title III of the Social Security Act for the purpose of assisting in the administration of this chapter. The commission shall further make its records available to the railroad retirement board, created by the Railroad Retirement Act and the Railroad Unemployment Insurance Act, and shall furnish to the railroad retirement board at the expense of the railroad retirement board, such copies thereof as the board shall deem necessary for its purposes in accordance with the provisions of section three hundred three (c) of the Social Security Act as amended.

Upon request therefor, the commission shall furnish to any agency of the United States charged with the administration of public works or assistance through public employment, the name, address, ordinary occupation, and employment status of each recipient of benefits, and such recipient's rights to further benefits under this chapter.

The commission is authorized to make such investigations, secure and transmit such information, make available such services and facilities and exercise such of the other powers provided herein with respect to the administration of this chapter as it deems necessary or appropriate to facilitate the administration of any employment security or public employment service law, and in like manner, to accept and utilize information, services and facilities made available to this state by the agency charged with the administration of such other employment security or public employment service law.

The commission is also authorized and directed to apply for an advance to the unemployment compensation fund and to accept the responsibility for the repayment of such advance in accordance with the conditions specified in Title XII of the Social Security Act, as amended, in order to secure to this state and its citizens the advantages available under the provisions of such title.

The commission shall fully cooperate with the agencies of other states and shall make every proper effort within its means to oppose and prevent any further action which would, in its judgment, tend to effect complete or substantial federalization of state unemployment compensation funds or state employment security programs.

(l) Reciprocal Arrangements.—(1) The commission is hereby authorized to enter into reciprocal arrangements with appropriate and duly authorized agencies of other states or of the federal government, or both, whereby:

(A) Services performed by an individual for a single employing unit for which services are customarily performed in more than one state shall be deemed to be services performed entirely within any one of the states (i) in which any part of such individual's service is performed or (ii) in which such individual has his residence or (iii) in which the employing unit maintains a place of business, provided there is in effect, as to such services, an election by the employing unit, approved by the agency charged with the administration of such state's employment security law, pursuant to which the services performed by such individual for such employing unit are deemed to be performed entirely within such state;

(B) Potential rights to benefits accumulated under the employment security laws of one or more states or under one or more such laws of the federal government, or both, may constitute the basis for the payment of benefits through a single appropriate agency under terms which the commission finds will be fair and reasonable as to all affected interests and will not result in any substantial loss to the fund;

(C) Wages or services, upon the basis of which an individual may become entitled to benefits under an employment security law of another state or of the federal government, shall be deemed to be wages for insured work for the purpose of determining his rights to benefits under this chapter, and wages for insured work, on the basis of which an individual may become entitled to benefits under this chapter shall be deemed to be wages or services on the basis of which unemployment compensation under such law of another state or of the federal government is payable, but no such arrangement shall be entered into unless it contains provisions for reimbursements to the fund for such of the benefits paid under this chapter upon the basis of such wages or services, and provisions for reimbursements from the fund for such of the compensation paid under such other law upon the basis of wages for insured work, as the commission finds will be fair and reasonable as to all affected interests; and

(D) Contributions due under this chapter with respect to wages for insured work shall for the purposes of § 96-10 be deemed to have been paid to the fund as of the date payment was made as contributions therefor under another state or federal employment security law, but no such arrangement shall be entered into unless it contains provisions for such reimbursement to the fund of such contributions as the commission finds will be fair and reasonable as to all affected interests.

(E) The services of the commission may be made available to such other agencies to assist in the enforcement and collection of judgments of such other agencies.

(F) The services on vessels engaged in interstate or foreign commerce for a single employer, wherever performed, shall be deemed performed within this state or within such other state.

(G) Services performed by an individual for a single employing unit which customarily operates in more than one state shall be deemed to be services performed entirely within any of the states (i) in which such individual has residence or (ii) in which the employing unit maintains a place of business; provided there is in effect as to such service an election approved by the agency charged with the administration of such state's employment security law, pursuant to which all the services performed by such individual for such employing unit are deemed to be performed entirely within such state; provided, further, that no such election shall apply to more than three such individuals.

(H) Wages earned by an individual in covered employment in more than one state which is less than the eligibility requirements of either of such states may be combined and constitute the basis for the payment of benefits through a single and appropriate agency under terms which the commission finds will be fair and reasonable as to all affected interests and will not result in any substantial loss to the fund: Provided, that any benefits paid under the provisions of this subparagraph shall not be charged to the reserve account of any employer as provided in § 96-9, subsection (c) (2) of this chapter, but shall be charged to the partially pooled account: Provided further, that any such wages or services shall be deemed to be within the provisions of subparagraph (C) of this subsection.

(2) Reimbursements paid from the fund pursuant to clause (C), of paragraph (1) of this subsection shall be deemed to be benefits for the purpose of §§ 96-6, 96-9 and 96-12. The commission is authorized to make to other states or federal agencies and to receive from such other state or federal agencies, reimbursements from or to the fund, in accordance with arrangements entered into pursuant to Paragraph (1) of this subsection.

(3) To the extent permissible under the laws and constitution of the United States, the commission is authorized to enter into or cooperate in arrangements whereby facilities and services provided under this chapter and facilities and services provided under the employment security law of any foreign government, may be utilized for the taking of claims and the payment of benefits under the employment security law of this state or under a similar law of such government.

(m) The commission after due notice shall have the right and power to hold and conduct hearings for the purpose of determining the rights, status and liabilities of any "employing unit" or "employer" as said terms are defined by § 96-8(e) and § 96-8(f) and subsections thereunder of this chapter. The commission shall have the power and authority to determine any and all questions and issues of fact or questions of law that may arise under the employment security law that may affect the rights, liabilities and status of any employing unit or employer as heretofore defined by the employment security law including the right to determine the amount of contributions, if any, which may be due the commission by any employer. All hearings shall be conducted and held at the office of the commission and shall be open to the public and shall be stenographically reported and the commission shall provide for the preparation of a record of all hearings and other proceedings. The commission may provide for the taking of evidence by a deputy in which event he shall swear or cause the witnesses to be sworn and shall transmit all testimony to the commission for its determination. From all decisions or determinations made by the commission any party affected thereby shall be entitled to an appeal to the superior court. Before such party shall be allowed to appeal, he shall within ten days after notice of such decision or determination, file with the commission exceptions to the decision or the determination of the commission, which exceptions will state the grounds of objection to such decision or determination. If any one of such exceptions shall be overruled then such party may appeal from the order overruling the exceptions, and shall, within ten days after the decision overruling the exceptions, give notice of his appeal. When an exception is made to the facts as found by the commission, the appeal shall

be to the superior court in term time but the decision or determination of the commission upon such review in the superior court shall be conclusive and binding as to all questions of fact supported by any competent evidence. When an exception is made to any rulings of law, as determined by the commission, the appeal shall be to the judge of the superior court at chambers. The party appealing shall, within ten days after the notice of appeal has been served, file with the commission exceptions to the decision or determination overruling the exception which statement shall assign the errors complained of and the grounds of the appeal. Upon the filing of such statement the commission shall, within thirty days, transmit all the papers and evidence considered by it, together with the assignments of errors filed by the appellant to a judge of the superior court holding court or residing in some district in which such appellant either resides, maintains a place of business or conducts business: Provided, however, the thirty-day period specified herein may be extended by agreement of parties. If there be no exceptions to any facts as found by the commission the facts so found shall be binding upon the court and it shall be heard by the judge at chambers at some place in the district, above mentioned, of which all parties shall have ten days notice.

(n) The cause shall be entitled "State of North Carolina on Relationship of the Employment Security Commission of North Carolina against (here insert name of appellant)," and if there are exceptions to any facts found by the commission it shall be placed on the civil issue docket of such court and shall have precedence over other civil actions except those described in § 96-10(b), and such cause shall be tried under such rules and regulations as are prescribed for the trial of other civil causes. By consent of all parties the appeal may be held and determined at chambers before any judge of a district in which the appellant either resides, maintains a place of business or conducts business, or said appeal may be heard before any judge holding court therein, or in any district in which the appellant either resides, maintains a place of business or conducts business. Either party may appeal to the supreme court from the judgment of the superior court under the same rules and regulations as are prescribed by law for appeals, except that if an appeal shall be taken on behalf of the Employment Security Commission of North Carolina it shall not be required to give any undertaking or make any deposit to secure the cost of such appeal and such court may advance the cause on its docket so as to give the same a speedy hearing.

(o) The decision or determination of the commission when docketed in the office of the clerk of the superior court of any county and when properly indexed and cross indexed shall have the same force and effect as a judgment rendered by the superior court, and if it shall be adjudged in the decision or determination of the commission that any employer is indebted to the commission for contributions, penalties and interest or either of the same, then said judgment shall constitute a lien upon any realty owned by said employer in the county only from the date of docketing of such decision or determination in the office of the clerk of the superior court and upon personalty owned by said employer in said county only from the date of levy on such personalty, and upon the execution thereon no homestead or personal property exemptions shall be allowed; provided, that nothing herein shall affect any rights accruing to the commission under § 96-10. The provisions of this section, however, shall not have the effect of releasing any liens for contributions, penalties or interest, or either of the same, imposed by other law, nor shall they have the effect of postponing the payment of said contributions, penalties or interest, or depriving the said Employment Security Commission of North Carolina of any priority in order of payment provided in any other statute under which payment of the said contributions, penalties and interest or either of the same may be required. The superior court or any appellate court shall have full power and authority to issue any and all executions, orders, decrees, or writs that may be necessary to carry out the terms of said decision or determination of the commission or to collect any amount of contribution, penalty or interest adjudged to be due the commission by said decision or determination. In case of an appeal from any decision or determination of the commission to the superior court or from any judgment of the superior court to the supreme court all proceedings to enforce said judgment, decision, or determination shall be stayed until final determination of such appeal but no proceedings for the collection of any amount of contribution, penalty or interest due on same shall be suspended or stayed unless the employer or party adjudged to pay the same shall file with the clerk of the superior court a bond in such amount not exceeding double the amount of contribution, penalty, interest or amount due and with such sureties as the clerk of the superior court deems necessary conditioned upon the payment of the contribution, penalty, interest or amount due when the appeal shall be finally decided or terminated.

(p) The conduct of hearings shall be governed by suitable rules and regulations established by the commission. The manner in which appeals and hearings shall be presented and conducted before the commission shall be governed by suitable rules and regulations established by it. The commission shall not be bound by common law or statutory rules of evidence or by technical or formal rules of procedure but shall conduct hearings in such manner as to ascertain the substantial rights of the parties.

(q) All subpoenas for witnesses to appear before the commission, and all notices to employing units, employers, persons, firms, or corporations shall be issued by the commission or its secretary; all such subpoenas shall be directed to any sheriff, constable, or to the marshal of any city or town, who shall execute the same and make due return thereof, as directed therein, under the penalties prescribed by law for a failure to execute and return the process of any court; all such notices to employing units, employers, persons, firms, or corporations shall be served by mailing to the last known address of such employing units, employers, persons, firms, or cor-

porations, by registered mail with a return receipt requested, a copy of such notice at least ten days prior to the date of the scheduled hearing. Such notice shall set forth the hour, date, place, and purpose of the hearing. Any such return receipt issued by the postal authorities, signed by such employing units, employers, persons, firms, or corporations, shall be prima facie evidence of the service of such notice. All bonds or undertakings required to be given for the purpose of suspending or staying execution shall be payable to the Employment Security Commission of North Carolina, and may be sued on as are other undertakings which are payable to the state.

(r) None of the provisions or sections herein set forth in this amendment shall have the force and effect nor shall the same be construed or interpreted as repealing any of the provisions of § 96-15 which provide for the procedure and determination of all claims for benefits and such claims for benefits shall be prosecuted and determined as provided by said § 96-15. (Ex. Sess., 1936, c. 1, s. 11; 1939, c. 2; c. 27, s. 8; c. 52, s. 5; cc. 207, 209; 1941, c. 279, ss. 4, 5; 1943, c. 377, ss. 16-23; 1945, c. 522, ss. 1-3; 1947, c. 326, ss. 1, 3, 4, 26; c. 598, ss. 1, 6, 7; 1949, c. 424, s. 1.)

Editor's Note.—

The 1945 amendment made changes in subsection (i), added the next to last paragraph of subsection (k), struck out the word "benefit" in the catchline of subsection (l) and added to paragraph (l) of said subsection the three subparagraphs (E), (F) and (G).

The 1947 amendments added paragraph (2) to subsection (g), the last paragraph of subsection (k) and subparagraph (H) of subsection (l) (1); changed the next to the last sentence in subsection (m) and added the proviso thereto; rewrote subsection (q); substituted "Social Security Administration" for "social security board" in the first paragraph of subsection (k) and substituted "Employment Security Commission" for "Unemployment Compensation Commission" in subsections (n) and (o).

The 1949 amendment deleted the words "and the actual earnings thereon" formerly appearing after the word "contributions" in line nine of subparagraph (D) of paragraph (1) of subsection (l).

Conclusiveness of Findings of Fact on Review.—The findings of fact of the employment security commission are conclusive upon review when there is any competent evidence or reasonable inference from such evidence to support them. State v. Champion Distributing Co., 230 N. C. 464, 53 S. E. (2d) 674.

Findings of fact by the commission as to the eligibility of a claimant to benefits under this chapter are conclusive when supported by any competent evidence. State v. Roberts, 230 N. C. 262, 52 S. E. (2d) 890.

Authority of Chairman of Commission.—By subsection (a) of this section the chairman of the employment security commission, except as otherwise provided by the commission, is vested with all authority of the commission, including authority to conduct hearings and make decisions when the commission is not in session. State v. Roberts, 230 N. C. 262, 52 S. E. (2d) 890.

§ 96-5. Employment Security Administration Fund.—(a) Special Fund.—There is hereby created in the state treasury a special fund to be known as the Employment Security Administration Fund. All moneys which are deposited or paid into this fund shall be continuously available to the commission for expenditure in accordance with the provisions of this chapter, and shall not lapse at any time or be transferred to any other fund. The Employment Security Administration Fund, except as otherwise provided in this chapter, shall be subject to the provisions of the Executive Budget Act (§ 143-1 et seq.) and the Personnel Act (§ 143-35 et seq.). All moneys in this fund which are received from the federal government or any agency thereof or which are appropriated by this state for the purpose described in § 96-20 shall be expended solely for the purposes and in the amounts found necessary by the Social Security Administration for the proper and efficient administration of this chapter. The fund shall consist of all moneys appropriated by this state, all moneys received from the United States of America, or any agency thereof, including the Social Security Administration, and all moneys received from any other source for such purpose, and shall also include any moneys received from any agency of the United States or any other state as compensation for services or facilities supplied to such agency, any amounts received pursuant to any surety bond or insurance policy or from other sources for losses sustained by the Employment Security Administration Fund or by reason of damage to equipment or supplies purchased from moneys in such fund, and any proceeds realized from the sale or disposition of any such equipment or supplies which may no longer be necessary for the proper administration of this chapter: Provided, any interest collected on contributions and/or penalties collected pursuant to this chapter subsequent to June 30th, 1947, shall be paid into the Special Employment Security Administration Fund created by subsection (c) of this section. All moneys in this fund shall be deposited, administered, and disbursed in the same manner and under the same conditions and requirements as is provided by law for other special funds in the state treasury, and shall be maintained in a separate account on the books of the state treasury. The state treasurer shall be liable on his official bond for the faithful performance of his duties in connection with the Employment Security Administration Fund provided for under this chapter. Such liability on the official bond shall be effective immediately upon the enactment of this provision, and such liability shall exist in addition to any liability upon any separate bond existent on the effective date of this provision, or which may be given in the future. All sums recovered on any surety bond for losses sustained by the Employment Security Administration Fund shall be deposited in said fund.

(b) Replacement of Funds Lost or Improperly Expended.—If any moneys received after June 30th, 1941, from the Social Security Administration under Title III of the Social Security Act, or any unencumbered balances in the Employment Security Administration Fund as of that date, or any moneys granted after that date to this state pursuant to the provisions of the Wagner-Peyser Act, or any moneys made available by this state or its political subdivisions and matched by such moneys granted to this state pursuant to the provisions of the Wagner-Peyser Act, are found by the Social Security Administration, because of any action or contingency, to have been lost or expended for purposes other than, or in amounts in excess of those found necessary by the Social Security Administration for the proper administration of this chapter, it is the policy of this state that such moneys, not available from the Special Employment Security Administration Fund established by subsection (c) of this section, shall be replaced by moneys appropriated for such purpose from the general funds

of this state to the Employment Security Administration Fund for expenditure as provided in subsection (a) of this section. Upon receipt of notice of such a finding by the Social Security Administration, the commission shall promptly pay from the Special Employment Security Administration Fund such sum if available in such fund; if not available, it shall promptly report the amount required for such replacement to the governor and the governor shall, at the earliest opportunity, submit to the legislature a request for the appropriation of such amount. This subsection shall not be construed to relieve this state of its obligation with respect to funds received prior to July 1st, 1941, pursuant to the provisions of Title III of the Social Security Act.

(c) There is hereby created in the state treasury a special fund to be known as the Special Employment Security Administration Fund. All interest and penalties, regardless of when the same became payable, collected from employers under the provisions of this act subsequent to June 30th, 1947, shall be paid into this fund. No part of said fund shall be expended or available for expenditure in lieu of federal funds made available to the commission for the administration of this act. Said fund shall be used by the commission for the payment of costs and charges of administration which are found by the Social Security Administration not to be proper and valid charges payable out of any funds in the Employment Security Administration Fund received from any source. Refunds of interest allowable under § 96-10, subsection (e) shall be made from this special fund: Provided, such interest was deposited in said fund: Provided further, that in those cases where an employer takes credit for a previous overpayment of interest on contributions due by such employer pursuant to § 96-10, subsection (e), that the amount of such credit taken for such overpayment of interest shall be reimbursed to the Unemployment Compensation Fund from the Special Employment Security Administration Fund. The Special Employment Security Administration Fund, except as otherwise provided in this chapter, shall be subject to the provisions of the Executive Budget Act (§ 143-1 et seq.) and the Personnel Act (§ 143-35 et seq.). All moneys in this fund shall be deposited, administered, and disbursed in the same manner and under the same conditions and requirements as is provided by law for other special funds in the state treasury, and shall be maintained in a separate account on the books of the state treasury. The state treasurer shall be liable on his official bond for the faithful performance of his duties in connection with the Special Employment Security Administration Fund provided for under this chapter. Such liability on the official bond shall be effective immediately upon the enactment of this provision, and such liability shall exist in addition to any liability upon any separate bond existent on the effective date of this provision, or which may be given in the future. All sums recovered on any surety bond for losses sustained by the Special Employment Security Administration Fund shall be deposited in said fund. The moneys in the Special Employment Security Administration Fund shall be continuously available to the commission for expenditure in accordance with the provisions of this section.

(d) The other provisions of this section and § 96-6, to the contrary notwithstanding, the commission is authorized to requisition and receive from its account in the Unemployment Trust Fund in the treasury of the United States of America, in the manner permitted by federal law, such moneys standing to its credit in such fund, as are permitted by federal law to be used for expense of administering this chapter and to expend such moneys for such purpose, without regard to a determination of necessity by a federal agency. The state treasurer shall be treasurer and custodian of the amounts of money so requisitioned. Such moneys shall be deposited, administered, and disbursed in the same manner and under the same conditions and requirements as are provided by law for other special funds in the state treasury. (Ex. Sess. 1936, c. 1, s. 13; 1941, c. 108, ss. 12, 13; 1947, c. 326, s. 5; c. 598, s. 1; 1949, c. 424, s. 2.)

Editor's Note.—The 1947 amendments rewrote paragraphs (a) and (b) and added paragraph (c). Paragraph (c) conflicts with the second sentence of § 96-10 (a). By reason of the conflict such sentence is repealed.

The 1949 amendment added subsection (d).

§ 96-6. Unemployment compensation fund.—(a) Establishment and Control.—There is hereby established as a special fund, separate and apart from all public moneys or funds of this state, an unemployment compensation fund, which shall be administered by the commission exclusively for the purposes of this chapter. This fund shall consist of:

(1) All contributions collected under this chapter, together with any interest earned upon any moneys in the fund;

(2) Any property or securities acquired through the use of moneys belonging to the fund;

(3) All earnings of such property or securities;

(4) Any moneys received from the federal unemployment account in the unemployment trust fund in accordance with Title XII of the Social Security Act as amended. All moneys in the fund shall be mingled and undivided, except that within the unemployment compensation fund "reserve accounts" and a "partially pooled account" shall be maintained as provided in § 96-9. To the "reserve accounts" established under § 96-9 shall be credited such portion of the contributions computed as provided in § 96-9, and the "partially pooled account" to be credited with the balance of such contributions paid as well as the remaining portions and additions thereto of the unemployment compensation fund which have not heretofore been set aside as employer "reserve accounts" within the fund under prior amendments to this chapter. Provided, however, that the "partially pooled account" established hereunder and the "reserve accounts of employer," as defined by section one (a) of the Railroad Unemployment Insurance Act, shall be subject to such withdrawals and transfers as are provided for by this section.

(b) Accounts and Deposit.—The state treasurer shall be ex officio the treasurer and custodian of the fund who shall disburse such fund in accordance with the directions of the commission and in accordance with such regulations as the commission shall prescribe. He shall maintain within the fund three separate accounts: (1) a clearing ac-

count, (2) an unemployment trust fund account, and (3) a benefit account. All moneys payable to the fund, upon receipt thereof by the commission, shall be forwarded immediately to the treasurer who shall immediately deposit them in the clearing account. Refunds payable pursuant to § 96-10 may be paid from the clearing account upon warrants issued upon the treasurer by the state auditor under the requisition of the commission. After clearance thereof, all other moneys in the clearing account shall be immediately deposited with the secretary of the treasury of the United States of America to the credit of the account of this state in the unemployment trust fund, established and maintained pursuant to section nine hundred and four of the Social Security Act, as amended, any provision of law in this state relating to the deposit, administration, release, or disbursement of moneys in the possession or custody of this state to the contrary notwithstanding. The benefit account shall consist of all moneys requisitioned from this state's account in the unemployment trust fund. Moneys in the clearing and benefit accounts may be deposited by the treasurer, under the direction of the commission, in any bank or public depository in which general funds of the state may be deposited, but no public deposit insurance charge or premium shall be paid out of the fund. The treasurer shall give a separate bond, conditioned upon the faithful performance of those duties as custodian of the fund, in an amount fixed by the commission and in a form prescribed by law or approved by the attorney-general. Premiums for said bond shall be paid from the administration fund.

(c) Withdrawals. — Moneys shall be requisitioned from this state's account in the unemployment trust fund solely for the payment of benefits and in accordance with regulations prescribed by the commission. The commission shall, from time to time, requisition from the unemployment trust fund such amounts, not exceeding the amounts standing to its account therein, as it deems necessary for the payment of benefits for a reasonable future period. Upon receipt thereof the treasurer shall deposit such moneys in the benefit account and shall pay all warrants drawn thereon by the state auditor requisitioned by the commission for the payment of benefits solely from such benefit account. Expenditures of such moneys in the benefit account and refunds from the clearing account shall not be subject to approval of the budget bureau or any provisions of law requiring specific appropriations or other formal release by state officers of money in their custody. All warrants issued upon the treasurer for the payment of benefits and refunds shall bear the signature of the state auditor, as requisitioned by a member of the commission or its duly authorized agent for that purpose. Any balance of moneys requisitioned from the unemployment trust fund which remains unclaimed or unpaid in the benefit account after the expiration of the period for which such sums were requisitioned shall either be deducted from estimates for, and may be utilized for the payment of, benefits during succeeding periods, or, in the discretion of the commission, shall be re-deposited with the secretary of the treasury of the United States of America, to the credit of this state's account in the unemployment trust fund, as provided in subsection (b) of this section.

(d) Management of Funds upon Discontinuance of Unemployment Trust Fund.—The provisions of subsections (a), (b), and (c), to the extent that they relate to the unemployment trust fund, shall be operative only so long as such unemployment trust fund continues to exist, and so long as the secretary of the treasury of the United States of America continues to maintain for this state a separate book account of all funds deposited therein by this state for benefit purposes, together with this state's proportionate share of the earnings of such unemployment trust fund, from which no other state is permitted to make withdrawals. If and when such unemployment trust fund ceases to exist, or such separate book account is no longer maintained, all moneys, properties, or securities therein belonging to the unemployment compensation fund of this state shall be transferred to the treasurer of the unemployment compensation fund, who shall hold, invest, transfer, sell, deposit, and release such moneys, properties, or securities in a manner approved by the commission, in accordance with the provisions of this chapter: Provided, that such moneys shall be invested in the following readily marketable classes of securities: Bonds or other interest-bearing obligations of the United States of America or such investments as are now permitted by law for sinking funds of the state of North Carolina; and provided further, that such investment shall at all times be so made that all the assets of the fund shall always be readily convertible into cash when needed for the payment of benefits. The treasurer shall dispose of securities or other properties belonging to the unemployment compensation fund only under the direction of the commission.

(e) Benefits shall be deemed to be due and payable under this chapter only to the extent provided in this chapter and to the extent that moneys are available therefor to the credit of the unemployment compensation fund, and neither the state nor the commission shall be liable for any amount in excess of such sums. (Ex. Sess. 1936, c. 1, ss. 9, 18; 1939, c. 27, s. 7; c. 52, s. 4; c. 208; 1941, c. 108; 1945, c. 522, s. 4; 1947, c. 326, s. 6.)

Editor's Note.—
The 1945 amendment changed the second sentence of subsection (a), and the 1947 amendment rewrote the sentence.

Art. 2. Unemployment Compensation Division.

§ 96-8. Definitions.—As used in this chapter, unless the context clearly requires otherwise:

(a) (1) The term "year" as used in § 96-9, subsection (b), paragraph (4), subparagraph (A), (except when preceded by the word "calendar" or by the word "payroll") means the twelve months' period ending on July 31st of any calendar year.

(2) The term "payroll year" as used in § 96-9, subsection (b), paragraph (4), subparagraph (A) means the twelve calendar months ending on June 30th of any calendar year.

(b) "Benefits" means the money payments payable to an individual, as provided in this chapter, with respect to his unemployment.

(c) "Commission" means the employment security commission established by this chapter.

(d) "Contributions" means the money payments

to the state unemployment compensation fund required by this chapter.

(e) "Employing unit" means any individual or type of organization, including any partnership, association, trust, estate, joint-stock company, insurance company, or corporation, whether domestic or foreign, or the receiver, trustee in bankruptcy, trustee or successor thereof, or the legal representative of a deceased person which has, on or subsequent to January first, one thousand nine hundred and thirty-six, had in its employ one or more individuals performing services for it within this state. All individuals performing services within this state for any employing unit which maintains two or more separate establishments within this state shall be deemed to be employed by a single employing unit for all the purposes of this chapter. Each individual employed to perform or to assist in performing the work of any agent or employee of an employing unit shall be deemed to be employed by such employing unit for all the purposes of this chapter, whether such individual was hired or paid directly by such employing unit or by such agent or employee, provided the employing unit had actual or constructive knowledge of such work: Provided, however, that nothing herein, on or after July first, one thousand nine hundred thirty-nine, shall be construed to apply to that part of the business of such "employers" as may come within the meaning of that term as it is defined in section one (a) of the Railroad Unemployment Insurance Act.

(f) "Employer" means (1) Any employing unit which in each of twenty different weeks within either the current or the preceding calendar year (whether or not such weeks are or were consecutive) has, or had in employment, eight or more individuals (not necessarily simultaneously and irrespective of whether the same individuals are or were employed in each such week): Provided, for the purpose of this subsection, when a calendar week falls partly within each of two calendar years, such week shall be deemed to be within the calendar year within which such week ends: Provided further, that for purposes of this subsection "employment" shall include services which would constitute "employment" but for the fact that such services are deemed to be performed entirely within another state pursuant to an election under an arrangement entered into by the commission pursuant to subsection (l) of § 96-4, and an agency charged with the administration of any other State or Federal Employment Security Law.

(2) Any employing unit which acquired the organization, trade or business or substantially all the assets thereof, of another which at the time of such acquisition was an employer subject to this chapter, or which acquired a part of the organization, trade, or business of another, which at the time of such acquisition was an employer subject to this chapter; provided, such other would have been an employer under paragraph (1) of this subsection, if such part had constituted its entire organization, trade, or business; provided further, that § 96-10, subsection (d), shall not be applicable to an individual or employing unit acquiring such part of the organization, trade, or business. The provisions of § 96-11 (a), to the contrary notwithstanding, any employing unit which becomes an employer solely by virtue of the provisions of this paragraph shall not be liable for contributions based on wages paid or payable to individuals with respect to employment performed by such individuals for such employing unit prior to the date of acquisition of the organization, trade, business, or a part thereof as specified herein, or substantially all the assets of another, which at the time of such acquisition was an employer subject to this chapter. This provision shall not be applicable with respect to any employing unit which is an employer by reason of any other provision of this chapter. The provisions of this paragraph shall not be applicable if the successor within sixty days from the date of the acquisition of the organization, trade, or business, or substantially all the assets of the predecessor, or a part thereof as provided herein, files a written request with the commission to be relieved from the provisions of this paragraph, and the commission finds the predecessor was an employer at the time of such acquisition only because such predecessor had failed to make application for termination of coverage as provided in § 96-11 of this chapter.

(3) Any employing unit which acquired the organization, trade, or business, or substantially all the assets thereof, of another employing unit and which, if treated as a single unit with such other employing unit, would be an employer under paragraph (1) of this subsection.

(4) Any employing unit which, having become an employer under paragraphs (1), (2), or (3), has not, under § 96-11, ceased to be an employer subject to this chapter; or

(5) For the effective period of its election pursuant to § 96-11 (c) any other employing unit which has elected to become fully subject to this chapter.

(6) Any employing unit not an employer by reason of any other paragraph of this subsection, for which, within any calendar year, services in employment are or were performed with respect to which such employing unit is or was liable for any federal tax against which credit may or could have been taken for contributions required to be paid into a state unemployment compensation fund; provided, that such employer, notwithstanding the provisions of § 96-11, shall cease to be subject to the provisions of this chapter during any calendar year if the commission finds that during such period the employer was not subject to the provisions of the Federal Unemployment Tax Act and any other provision of this chapter.

(7) Any employing unit with its principal place of business located outside of the state of North Carolina, which engages in business within the state of North Carolina, and which, during any period of twelve consecutive months, has in employment eight or more individuals in as many as twenty different weeks shall be deemed to be an employer and subject to the other provisions of this chapter. .

(8) Any employing unit which maintains an operating office within this state from which the operations of an American vessel operating on navigable waters within or within and without the United States are ordinarily and regularly supervised, managed, directed, and controlled: Provided, the employing unit would be an em-

ployer by reason of any other paragraph of this subsection.

(g) (1) "Employment" means service performed prior to January 1, 1949, which was employment as defined in this chapter prior to such date, and any service performed after December 31, 1948, including service in interstate commerce, except employment as defined in the Railroad Retirement Act and the Railroad Unemployment Insurance Act, performed for wage or under any contract of hire, written or oral, express or implied, in which the relationship of the individual performing such service and the employing unit for which such service is rendered is, as to such service, the legal relationship of employer and employee. Provided, however, the term "employee" includes an officer of a corporation, but such term does not include (1) any individual who, under the usual common-law rules applicable in determining the employer-employee relationship, has the status of an independent contractor or (2) any individual (except an officer of a corporation) who is not an employee under such common-law rules.

(2) The term "employment" shall include an individual's entire service, performed within or both within and without this state if:

(A) The service is localized in this state; or

(B) The service is not localized in any state but some of the service is performed in this state, and (i) the base of operations, or, if there is no base of operations, then the place from which such service is directed or controlled, is in this state; or (ii) the base of operations or place from which such service is directed or controlled is not in any state in which some part of the service is performed, but the individual's residence is in this state.

(3) Services performed within this state but not covered under paragraph (2) of this subsection shall be deemed to be employment subject to this chapter, if contributions are not required and paid with respect to such services under an employment security law of any other state or of the federal government.

(4) Services not covered under paragraph (2) of this subsection, and performed entirely without this state, with respect to no part of which contributions are required and paid under an employment security law of any other state or of the federal government, shall be deemed to be employment subject to this chapter if the individual performing such service is a resident of this state and the commission approves the election of the employing unit for whom such services are performed that the entire service of such individual shall be deemed to be employment subject to this chapter, and services covered by an election duly approved by the commission in accordance with an arrangement pursuant to subsection (l) of § 96-4 shall be deemed to be employment during the effective period of such election.

(5) Service shall be deemed to be localized within a state if

(A) The service is performed entirely within such state; or

(B) The service is performed both within and without such state, but the service performed without such state is incidental to the individual's service within the state; for example, is temporary or transitory in nature or consists of isolated transactions.

(6) The term "employment" shall include:

(A) Services covered by an election pursuant to § 96-11, subsection (c), of this chapter; and

(B) Services covered by an election duly approved by the commission in accordance with an arrangement pursuant to § 96-4, subsection (l), of this chapter during the effective period of such election.

(C) Any service of whatever nature performed by an individual for an employing unit on or in connection with an American vessel under a contract of service which is entered into within the United States or during the performance of which the vessel touches at a port in the United States, if such individual is employed on and in connection with such vessel when outside the United States: Provided, such service is performed on or in connection with the operations of an American vessel operating on navigable waters within or within and without the United States and such operations are ordinarily and regularly supervised, managed, directed, and controlled from an operating office maintained by the employing unit in this state: Provided further, that this subparagraph shall not be applicable to those services excluded in subsection (g), paragraph (7), subparagraph (F) of this section.

(7) The term "employment" shall not include:

(A) Service performed in the employ of this state, or of any political subdivision thereof, or of any instrumentality of this state or its political subdivisions;

(B) Service performed in the employ of any other state or its political subdivisions, or of the United States government, or of an instrumentality of any other state or states or their political subdivisions or of the United States. From and after March 10, 1941, service performed in the employ of the United States government or an instrumentality of the United States exempt under the Constitution of the United States from the contributions imposed by this chapter, except that to the extent that the Congress of the United States shall permit states to require any instrumentalities of the United States to make payments into an unemployment fund under a State employment security law, all of the provisions of this Chapter shall be applicable to such instrumentalities, and to services performed for such instrumentalities, in the same manner, to the same extent and on the same terms as to all other employers, employing units, individuals and services: Provided, that if this state shall not be certified for any year by the Social Security Administration under section one thousand six hundred and three (c) of the Federal Internal Revenue Code, the payments required of such instrumentalities with respect to such year shall be refunded by the commission from the fund in the same manner and within the same period as is provided in § 96-10(e) with respect to contributions erroneously collected.

(C) Service with respect to which unemployment compensation is payable under an employment security system established by an act of congress: Provided, that the commission is hereby authorized and directed to enter into agreements with the proper agencies under such act of congress, which agreements shall become effective ten days after publication thereof in the

manner provided in § 96-4 (b) for general rules, to provide reciprocal treatment to individuals who have, after acquiring potential rights to benefits under this chapter, acquired rights to unemployment compensation under act of congress, or who have, after acquiring potential rights to unemployment compensation under such act of congress, acquired rights to benefits under this chapter;

(D) Agricultural labor;

(E) Domestic service in a private home;

(F) Service performed on or in connection with a vessel not an American vessel by an individual, if the individual is performing service on and in connection with such vessel when outside the United States; or, service performed by an individual in (or as an officer or member of the crew of a vessel while it is engaged in) the catching, taking, harvesting, cultivating, or farming of any kind of fish, shellfish, crustacea, sponges, seaweeds, or other aquatic forms of animal and vegetable life (including service performed by any such individual as an ordinary incident to any such activity), except (i) service performed in connection with the catching or taking of salmon or halibut, for commercial purposes, and (ii) service performed on or in connection with a vessel of more than ten net tons (determined in the manner provided for determining the registered tonnage of merchant vessels under the laws of the United States).

(G) Service performed by an individual in the employ of his son, daughter, or spouse, and service performed by a child under the age of twenty-one in the employ of his father or mother;

(H) Service performed in the employ of a corporation, community chest, fund, or foundation, organized and operated exclusively for religious, charitable, scientific, literary, or educational purposes, or for the prevention of cruelty to children or animals, no part of the net earnings of which inures to the benefit of any private shareholder or individual;

(I) Service performed on and after March 10, 1941, by an individual for an employing unit or an employer as an insurance agent or as an insurance solicitor or as a securities salesman if all such service performed by such individual for such employing unit or employer is performed for remuneration solely by way of commission;

(J) From and after March 10, 1941, service performed in any calendar quarter by any officer, individual or committeeman of any building and loan association organized under the laws of this state, or any federal savings and loan association, where the remuneration for such service does not exceed forty-five dollars in any calendar quarter;

(K) From and after March 10, 1941, service in connection with the collection of dues or premiums for a fraternal benefit society, order or association performed away from the home office, or its ritualistic service in connection with any such society, order or associations;

(L) Service performed by an individual under the age of eighteen in the delivery or distribution of newspapers or shopping news, not including delivery or distribution to any point for subsequent delivery or distribution.

(M) Except as provided in paragraph (1) of subsection (f) of this section, service covered by an election duly approved by the agency charged with the administration of any other State or Federal Employment Security Law in accordance with an arrangement pursuant to subsection (l) of § 96-4 during the effective period of such election.

(N) Notwithstanding any of the other provisions of this subsection, services shall be deemed to be in employment if with respect to such services a tax is required to be paid under any federal law imposing a tax against which credit may be taken for contributions required to be paid into a state unemployment compensation fund.

(O) Casual labor not in the course of the employing unit's trade or business.

(P) The term "employment" shall not include services performed in the employ of any nationally recognized veterans' organization chartered by the Congress of the United States.

(h) "Employment office" means a free public employment office, or branch thereof, operated by this state or maintained as a part of a state-controlled system of public employment offices.

(i) "Fund" means the unemployment compensation fund established by this chapter, to which all contributions required and from which all benefits provided under this chapter shall be paid.

(j) "State" includes, in addition to the states of the United States of America, Alaska, Hawaii, and the District of Columbia.

(k) "Total and partial unemployment."

(1) An individual shall be deemed "totally unemployed" in any week with respect to which no wages are payable to him and during which he performs no services.

(2) An individual shall be deemed "partially unemployed" in any week in which, because of lack of work, he worked less than sixty per cent of the customary scheduled full time hours of the industry or plant in which he is employed, and with respect to which the wages payable to him are less than his weekly benefit amount plus two dollars ($2.00): Provided, however, that the commission may find the customary scheduled full time hours of any individual to be less or more than the customary scheduled full time hours of the industry or plant in which he is employed, if such individual customarily performs services in an occupation which requires that he customarily work a greater or smaller number of hours than the customary scheduled full time hours of the industry or plant in which he is employed.

(3) An individual's week of unemployment shall be deemed to commence only after his registration at an employment office, except as the commission may by regulation otherwise prescribe.

(l) "Employment security administration fund" means the employment security administration fund established by this chapter, from which administrative expenses under this chapter shall be paid.

(m) From and after March 10, 1941, "wages" means all remuneration for services from whatever source: Provided, that from and after March 18, 1947, wages shall not include, and no contributions shall be paid on that part of wages earned by an individual in this state, which, when added to wages previously earned by such individual in another state or states, exceeds the sum of three thousand dollars ($3,000.00), and the employer has paid contributions to such other state or states on the wages earned therein by such

individual during the calendar year applicable. This provision shall be applicable only to wages earned by such individual in the employ of one and the same employer.

(n) From and after March 10th, 1941, "wages" shall include commissions and bonuses and the cash value of all remuneration in any medium other than cash. The reasonable cash value of remuneration in any medium other than cash, and the reasonable amount of gratuities shall be estimated and determined in accordance with rules prescribed by the commission: Provided, if the remuneration of an individual is not based upon a fixed period or duration of time or if the individual's wages are paid at irregular intervals or in such manner as not to extend regularly over the period of employment, the wages for any week or for any calendar quarter for the purpose of computing an individual's right to unemployment benefits only shall be determined in such manner as may by authorized regulations be prescribed. Such regulations shall, so far as possible, secure results reasonably similar to those which would prevail if the individual were paid his wages at regular intervals: Provided, further, that the term "wages" shall not include the amount of any payment with respect to services performed from and after March 10th, 1941, to, or on behalf of, an individual in its employ under a plan or system established by an employing unit which makes provision for individuals in its employ generally or for a class or classes of such individuals (including any amount paid by an employing unit for insurance or annuities, or into a fund, to provide for any such payment), on account of (A) retirement, or (B) sickness or accident disability, or (C) medical and hospitalization expenses in connection with sickness or accident disability, or (D) death: Provided further, the individual in its employ (i) has not the option to receive, instead of provision for such death benefit, any part of such payment, or, if such death benefit is insured, any part of the premiums (or contributions to premiums) paid by his employing unit, and (ii) has not the right under the provisions of the plan or system or policy of insurance providing for such death benefit, to assign such benefit, or to receive cash consideration in lieu of such benefit either upon his withdrawal from the plan or system providing for such benefit or upon termination of such plan or system or policy of insurance or of his services with such employing unit: Provided, further, wages shall not include payment by an employer without deduction from the remuneration of the employee of the tax imposed upon an employee under the Federal Insurance Contributions Act.

(o) "Week" means such period or periods of seven consecutive calendar days ending at midnight as the commission may by regulations prescribe.

(p) "Calendar quarter" means the period of three consecutive calendar months ending on March thirty-first, June thirtieth, September thirtieth or December thirty-first, excluding, however, any calendar quarter or portion thereof which occurs prior to January first, one thousand nine hundred and thirty-seven, or the equivalent thereof as the commission may by regulation prescribe.

(q) "Weekly benefit amount." An individual's "weekly benefit amount" means the amount of benefits he would be entitled to receive for one week of total unemployment.

(r) "Benefit year" with respect to any individual means the one-year period beginning with the first day of the first week with respect to which such individual first registers for work and files a valid claim for benefits, and after the termination of such benefit year the next benefit year shall be the next one-year period beginning with the first day of the first week with respect to which such individual registers for work and files a valid claim for benefits; a valid claim shall be deemed to have been filed if such individual, at the time the claim is filed, is unemployed and has been paid wages for employment amounting to at least two hundred dollars in the applicable base period: Provided, however, that any individual whose employment under this chapter prior to July first, one thousand nine hundred and thirty-nine, shall have been for an employer subject after July first, one thousand nine hundred and thirty-nine, to the Railroad Unemployment Insurance Act and some other employer subject to this chapter, such individual's benefit year, if established before July first, one thousand nine hundred and thirty-nine, shall terminate on that date and if again unemployed after July first, one thousand nine hundred and thirty-nine, he shall establish another benefit year after such date with respect to employment subject to this chapter.

(s) For benefit years beginning on or after February fifteenth, one thousand nine hundred thirty-nine, the term "base period" shall mean the completed calendar year immediately preceding the first day of an individual's benefit year as defined in subsection (r) of this section, if the benefit year begins subsequent to July first; and if the benefit year begins prior to July first, the base period shall be the next to the last completed calendar year, notwithstanding the fact that an otherwise eligible individual may have exhausted wage credits to his account prior to February fifteenth, one thousand nine hundred thirty-nine, for any such calendar year. Except that for weeks of unemployment of any individual after July first, one thousand nine hundred thirty-nine, who has worked in employment for an employer which after July first, one thousand nine hundred thirty-nine, is subject to the Railroad Unemployment Insurance Act, then only the wages payable to such an individual earned in employment during the base period for an employer other than one subject to the Railroad Unemployment Insurance Act shall be used in determining his weekly benefit amount after July first, one thousand nine hundred thirty-nine.

(t) Wages payable to an individual with respect to covered employment performed prior to January first, one thousand nine hundred and forty-one, shall, for the purpose of § 96-12 and § 96-9, be deemed to be wages paid within the calendar quarter with respect to which such wages were payable.

(u) The term "American vessel", as used in this chapter, means any vessel documented or numbered under the laws of the United States; and includes any vessel which is neither documented or numbered under the laws of the United States

nor documented under the laws of any foreign country, if its crew is performing service solely for one or more citizens or residents of the United States or corporations organized under the laws of the United States or of any state.

(v) The words "Employment Security Law" as used in this chapter mean any law enacted by this state or any other state or territory or by the federal government providing for the payment of unemployment compensation benefits. (Ex. Sess. 1936, c. 1, s. 19; 1937, c. 448, s. 5; 1939, c. 27, ss. 11-13; c. 52, ss. 6, 7; c. 141; 1941, cc. 108, 198; 1943, c. 377, ss. 31-34; 1943, c. 552, ss. 1, 2; 1945, c. 522, ss. 5-10; c. 531, ss. 1, 2; 1947, c. 326, ss. 7-12; c. 598, ss. 1, 5, 8; 1949, c. 424, ss. 3-8½; cc. 523, 863.)

Editor's Note.—

The first 1945 amendment added that part of paragraph (2) of subsection (f) beginning with the word "or" in line five, and also added to said subsection paragraph (7). The amendment also made changes in subsections (g) and (k).

The second 1945 amendment struck out the former third sentence of subsection (e) and added paragraph (8) to subsection (f).

The 1947 amendments made substantial changes in subsection (a) and paragraph (8) of subsection (f), made changes in subsection (g), changed the name of the fund in subsection (l), added the proviso and second sentence to subsection (m), rewrote subsection (n) and added subsections (u) and (v).

The first 1949 amendment inserted the first proviso in paragraph (1) of subsection (f) and made changes in paragraph (6) thereof. It rewrote paragraph (1) of subsection (g), struck out former paragraph (6) and renumbered former paragraphs (7) and (8) as (6) and (7), respectively. The amendment also inserted in lines three and four of (m) the words "from and after March 18, 1947," added the last proviso to subsection (n), and increased the amount in line fourteen of subsection (r) from one hundred and thirty dollars to two hundred dollars. The second 1949 amendment added that part of paragraph (2) of subsection (f) beginning with the second sentence, and the third 1949 amendment added clause (P) of paragraph (7) of subsection (g).

The General Assembly, etc.—

In accord with 2nd paragraph in original. See State v. Harvey & Son Co., 227 N. C. 291, 42 S. E. (2d) 86.

Subsection (e) merely determines who shall be liable for the contributions to the unemployment compensation commission on wages paid to employees as between an employing unit and a contractor or subcontractor under certain specified circumstances. State v. Nissen, 227 N. C. 216, 219, 41 S. E. (2d) 734.

Corporation Held Contractee and Not Mere Lessor.—The corporate defendant operated a department store. Upon the discontinuance of its shoe department, it entered into a contract with the individual defendant under which he occupied space in the store at a rental of a fixed percentage of the gross and carried on the shoe business under the name of the corporation, with full authority to hire and fire employees and order stock, but under which the corporation required money from sales to be turned over to it immediately as received, controlled the extension of credit and owned all accounts, paid sales taxes and advertised in its own name with the individual defendant paying for the proportion of advertising devoted to shoes. It was held that the corporation was a contractee and not a mere landlord was a legitimate inference from the contract, and that the corporation was liable under former subsection (e), for unemployment compensation tax on wages paid by the individual to his employees for the period of operation prior to the amendment of 1945. State v. Harvey & Son Co., 227 N. C. 291, 42 S. E. (2d) 86.

Effect of Subsection (f) (2).—Subsection (f) (2) of this section is a definitive statute by which it can be determined whether or not an employing unit which is the transferee of all, substantially all, or a part of an organization, trade, or business of another, is subject to the provisions of the Employment Security Law and required to make the contributions as provided therein. State v. News Publishing Co., 228 N. C. 332, 45 S. E. (2d) 391. But see the 1949 amendment to § 96-9 (c) 4.

Employing Unit Acquiring Part of Organization, Trade or Business of Another.—In subsection (f) (2) of this section, the employing unit that acquires only a part of the organization, trade, or business of another is expressly exempted from the lien imposed by § 96-10 (d) on the assets transferred, although the former owner may not have paid all the contributions due at the time of the transfer. If it had been the intent and purpose of the legislature in enacting § 96-9 (c) (4), to authorize the transfer of such percentage of the reserve account as the transferred assets bear to the entire assets of the transferor, when only a part of the organization, trade, or business is transferred, then there would be no sound reason for exempting such assets from the provisions of § 96-10 (d). State v. News Publishing Co., 228 N. C. 332, 45 S. E. (2d) 391. But see the 1949 amendment to § 96-9 (c) (4).

Liability of Contractor.—A person who is a contractor within the meaning of paragraph (8) of subsection (f) of this section is liable for unemployment compensation taxes for wages paid to his employees for the period subsequent to the effective date of chap. 231, Session Laws 1945, until March 18, 1947, the effective date of the repeal of this section. State v. Harvey & Son Co., 227 N. C. 291, 42 S. E. (2d) 86.

Before the 1949 amendment to subsection (g), paragraphs (1) and (6), it was held that the provisions of the Employment Security Act classifying and designating those persons who are subject to the provisions of the Act, rather than the common law definition of the relationship of master and servant, were controlling, when not capricious or unreasonable. State v. Champion Distributing Co., 230 N. C. 464, 53 S. E. (2d) 674.

And the burden was upon the employer to show to the satisfaction of the employment security commission that persons performing services came within the exceptions enumerated in former paragraphs A, B and C of subsection (g) (6). Id.

Evidence Held to Support Finding That Salesmen Were "Employees."—The evidence tended to show that the services performed by defendant's salesmen were in the usual course of defendant's business, that goods were loaded on the salesmen's cars on defendant's premises, and the unsold goods returned there, that the salesmen were bonded, were allotted territory by defendant, were not permitted to sell any competitor's merchandise, paid no license or sales tax, were reported as employees in federal returns and their taxes deducted from the pay roll, were required to turn in all money for goods sold and were paid weekly on a commission basis. Held: The evidence supports the finding of the employment security commission that the salesmen were "employees" within the meaning of this section. State v. Champion Distributing Co., 230 N. C. 464, 53 S. E. (2d) 674. See the 1949 amendment to subsection (g), paragraphs (1) and (6).

§ 96-9. Contributions. — (a) Payment.—(1) On and after January first, one thousand nine hundred and thirty-six, contributions shall accrue and become payable by each employer for each calendar year in which he is subject to this chapter, with respect to wages for employment (as defined in § 96-8 (g)). Such contributions shall become due and be paid by each employer to the commission for the fund in accordance with such regulations as the commission may prescribe, and shall not be deducted in whole or in part from the remuneration of individuals in his employ, provided that, on and after July first, one thousand nine hundred and forty-one, contributions shall be paid for each calendar quarter with respect to wages paid in such calendar quarter for employment after December thirty-first, one thousand nine hundred and forty. Contributions shall become due on and shall be paid on or before the last day of the month following the close of the calendar quarter in which such wages are paid and such contributions shall be paid by each employer to the commission for the fund in accordance with such regulations as the commission may prescribe, and shall not be deducted in whole or in part from the remuneration of individuals in his employ, provided, further, that if the commission shall be advised by its duly authorized officers or agents that the collection of any contribution under any provision of this chapter will be jeopardized by delay, the commission shall, whether or not the time otherwise prescribed by law for making returns

and paying such tax has expired, immediately assess such contributions (together with all interest and penalties, the assessment of which is provided for by law). Such contributions, penalties and interest shall thereupon become immediately due and payable, and immediate notice and demand shall be made by the commission for the payment thereof. Upon failure or refusal to pay such contributions, penalties, and interest, it shall be lawful to make collection thereof as provided by § 96-10 and subsections thereunder and such collection shall be lawful without regard to the due date of contributions herein prescribed, provided, further, that nothing in this paragraph shall be construed as permitting any refund of contributions heretofore paid under the law and regulations in effect at the time such contributions were paid.

(2) In the payment of any contributions a fractional part of a cent shall be disregarded unless it amounts to one-half cent or more, in which case it shall be increased to one cent. For the purposes of this section, the term "wages" shall not include that part of the remuneration which, after remuneration equal to $3,000 has become payable to an individual by an employer with respect to employment during the calendar year 1940, becomes payable to such individual by such employer with respect to employment during such calendar year, and which, after remuneration equal to $3,000 has been paid to an individual by an employer with respect to employment during the calendar year 1941, and during any calendar year thereafter, is paid to such individual by such employer with respect to employment occurring during such calendar year but after December 31, 1940: Provided, that from and after December 31st, 1946, for the purposes of this section, the term "wages" shall not include that part of remuneration in excess of three thousand dollars ($3,000.00) paid to an individual during any calendar year for employment, irrespective of the year in which such employment occurred.

(b) Rate of Contributions.—Each employer shall pay contributions equal to the following percentages of wages payable by him with respect to employment:

(1) Nine-tenths of one percentum with respect to employment during the calendar year one thousand nine hundred and thirty-six;

(2) One and eight-tenths percentum with respect to employment during the calendar year one thousand nine hundred and thirty-seven;

(3) Two and seven-tenths percentum with respect to employment during the calendar year one thousand nine hundred and thirty-eight, and each year thereafter: Provided, however, that each employer shall pay contributions equal to two and seven-tenths percentum of wages paid by him during the calendar year one thousand nine hundred and forty-one, and during each calendar year thereafter, with respect to employment occurring after December thirty-first, one thousand nine hundred and forty, which shall be deemed the standard rate of contributions payable by each employer except as provided herein.

(4) Variations from the standard rate of contributions shall be determined in accordance with the following requirements:

(A) If, as of any computation date, the commission finds that: Compensation has been payable from an employer's account throughout the year preceding the computation date; and the balance of such account amounts to not less than five times the largest amount of compensation paid from such account within any one of the three years preceding such date; and the balance of such account as of the computation date amounts to not less than two and one-half percentum of that part of the payroll or payrolls in the three payroll years preceding such date by which contributions were measured; and such contributions were payable to such account with respect to the three years preceding the computation date, contribution rates for the calendar year following such computation date shall be determined pursuant to subparagraph (B) of this paragraph.

(B) If, as of any computation date, the cumulative total of all an employer's contributions which were paid and accredited to his "reserve account" before such computation date exceeds the cumulative total benefits which were chargeable to his "reserve account" and were paid before such computation date; and if such excess of contributions over benefits paid and chargeable to such account equals that percentage of his wages by which contributions were measured during the thirty-six consecutive calendar-month period ending June thirtieth preceding such computation date, which percentage is shown in Column 1 of the table below, and is less than the percentage opposite thereto in Column 2 of the table below, his contribution rate in the ensuing calendar year beginning on or after January 1, 1949, shall be equal to that percentum of the wages paid for employment by him during such ensuing year, which is shown in Column 3 of the table below. Of the payments so made, there shall be credited to the partially pooled account the percentage of wages for employment paid by him during such calendar years which is shown opposite thereto in Column 4 of the table below, and there shall be credited to the "reserve account" of the employer that percentage of the wages for employment paid by him during such calendar year, which is shown opposite thereto in Column 5 of the table below:

Column 1 As much as but	Column 2 Less than	Column 3 Rate of Contrib.	Column 4 Cr. Pool Account	Column 5 Credit Reserve Account
	2.5%	2.70%	.10%	2.60%
2.5%	2.8	2.00	.10	1.90
2.8	3.1	1.50	.10	1.40
3.1	3.4	1.00	.10	.90
3.4	3.8	.80	.10	.70
3.8	4.2	.60	.10	.50
4.2	4.6	.40	.10	.30
4.6	5.	.20	.10	.10
5% & in excess thereof		.10	.10	0

(C) The computation date for any contribution rates shall be August first of the calendar year preceding the calendar year with respect to which such rates are effective.

(D) Should the commission be of the opinion that the balance to the credit of the "partially pooled account" is insufficient to provide adequate security in the payment of all compensation to all eligible individuals, it shall direct such fact to the attention of the council of state, and, upon finding of the council that such a situation exists and a declaration that emergency steps are advis-

able, the commission is hereby authorized and empowered to require the payment by all employers of as much as 60% of the standard rate to be credited entirely to the "partially pooled account," and if such additional credit to the "partially pooled account" as required by this section exceeds the rate for any employer as fixed under § 96-9 (b), (4), (B), his rate shall be such percentage of the standard rate with no credit to his reserve account. If the additional credit to the "partially pooled account" as required by this subsection is less than the standard rate or rate for any employer as fixed under § 96-9 (b), (4), (B), such employer shall pay the standard rate or the rate of contributions as provided in § 96-9 (b), (4), (B) and his reserve account be credited with the balance of payment after crediting the "partially pooled account" with the additional credit as provided in this subsection. Any increased contribution rate thus required by the commission shall be applicable with respect to contributions on wages paid during the quarter in which such finding of the council of state occurred, and shall continue to be applicable with respect to contributions on wages paid up to the last day of the calendar quarter preceding the quarter in which, upon recommendation by the commission, the council of state shall find that the balance to the credit of the "partially pooled account" is sufficient to provide adequate security for the payment of all compensation to all eligible individuals.

(E) Any employer may at any time make voluntary contributions, additional to the contributions required under this chapter, to the fund to be credited to his reserve account and such voluntary contributions when made shall for all intents and purposes be deemed "contributions required" as said term is used in § 96-8 (i). Any voluntary contributions so made by an employer within ten days after the date of mailing of statement of charges to the reserve account of such employer for the previous quarter ending July 31st, shall be credited to the reserve account as of July 31st of such quarter: Provided, such notice of charges shall be mailed to the employer prior to December 1st of such year. The commission in accepting a voluntary contribution shall not be bound by any condition stipulated in or made a part of such voluntary contribution by any employer.

(F) If within the calendar month next following the computation date, the commission finds that any employing unit failed to file any report required in connection therewith, or has filed a report which the commission finds incorrect or insufficient, the commission shall make an estimate of the information required from such employing unit on the basis of the best evidence reasonably available to it at the time, and shall notify the employing unit thereof by registered mail addressed to its last known address. Unless such employing unit shall file the report or a corrected or sufficient report as the case may be, within fifteen days after the mailing of such notice, the commission shall compute such employing unit's rate of contributions on the basis of such esti mates, and the rate as so determined shall be subject to increases but not to reduction, on the basis of subsequently ascertained information.

(c) (1) The commission shall maintain a separate fiscal account for each employer and shall credit his account with all the contributions which he has paid or is paid on his own behalf. On and after January 1, 1939, the commission shall establish and maintain an employer's "reserve account" for each employer subject to this chapter, to which account the commission shall credit out of the unemployment compensation fund an amount equal to fifty percent of the contributions paid by such employers pursuant to § 96-9 (b) with respect to employment during the calendar year 1938 for the purpose of paying out of such accounts compensation payable to all eligible individuals in accord with the provisions of paragraph (2) of this subsection. To these "reserve accounts" shall also be credited seventy-five per cent of all contributions paid each year pursuant to this act from and after January 1, 1939, the remaining twenty-five per cent of the contributions to be credited to the "partially pooled account" and for each calendar year, beginning January 1, 1941, to these "reserve accounts" shall be credited ninety percentum of all contributions paid each calendar year pursuant to the act, the remaining ten percentum to be credited to the "partially pooled account," except as provided in subsection (b) (4) hereof, and as hereinafter provided. Irrespective of any other provisions of this chapter, all contributions paid by an employer during a calendar year shall be credited to the reserve account of such employer if on the computation date in the preceding calendar year the funds in the partially pooled account amounted to as much as twenty-five million dollars ($25,000,000.00), this provision to be first effective as to contributions paid on and after April 1, 1949. If the amount of funds in the partially pooled account as of the computation date is less than twenty-five million dollars ($25,000,000.00), the reserve account of the employer shall be credited during the ensuing calendar year with the contributions paid during such calendar year less an amount equal to one-tenth of one per cent of the wages by which such contributions were measured, which one-tenth of one per cent shall be credited to the partially pooled account. Provided, further, that if on the computation date, beginning first with August 1, 1948, the funds in the partially pooled account amount to as much as twenty-five million dollars ($25,000,000.00), the ratio of the credit balance in each individual reserve account to the total of all the credit balances in all employer reserve accounts shall be computed as of such computation date and an amount equal to the interest credited to this state's account in the unemployment trust fund in the treasury of the United States for the four most recently completed calendar quarters shall be charged prior to the next computation date to the partially pooled account and credited on a pro rata basis to all employers' reserve accounts having a credit balance on the computation date. Such amount shall be prorated to the individual reserve accounts in the same ratio that the credit balance in each individual reserve account bears to the total of the credit balances in all such reserve accounts. No provision in this section shall in any way be subject to or affected by any provisions of the Executive Budget Act, as amended.

(2) Charging of benefit payments.—(A) All

benefits for weeks of unemployment paid during the period beginning with the last computation date and ending on July thirty-first of each year to any eligible individual shall be paid out of the reserve account of such individual's employer or employers by whom he was employed during his base period. In accordance with the regulations of the commission, such payments shall be charged against all employers of such individual during his base period in the same ratio that the wages paid to such individual by each base period employer bears to the total wages paid him by all his employers during the base period, except as provided in subparagraph (B) of this paragraph. In the event an employer's credits in his reserve account become exhausted through the payment of benefits chargeable to such account, the benefit payments which are chargeable to such account shall be paid out of the partially pooled account and at the same time the reserve account of the employer shall be debited accordingly. Whenever through inadvertence or mistake erroneous charges or credits are found to have been made to reserve accounts, the same shall be readjusted as of the date of discovery and such readjustment shall not affect any computation made under this section prior to the date of discovery.

(B) Any benefits paid to any claimant under a claim filed for a period occurring after the date of such separations as are set forth in this subparagraph and based on wages earned prior to the date of (a) the voluntary leaving of work by the claimant without good cause attributable to the employer, or (b) the discharge of claimant for misconduct in connection with his work, shall not be charged to the reserve account of the employer by whom claimant was employed at the time of such separation, but any such benefits chargeable under the provisions of subparagraph (A) of this subsection to the reserve account of such employer shall be charged to the partially pooled account; this provision to be effective as to benefits paid for periods of unemployment which establish benefit years following separations occurring after June 30, 1949. All benefits paid claimants during benefit years existing as of June 30, 1949, and for periods of unemployment which establish benefit years following separations occurring prior to July 1, 1949, shall be charged in accordance with the provisions of this chapter as in effect immediately prior to March 21, 1949, notwithstanding the repeal of the provisos formerly contained in § 96-14, subsections (a) and (b) of the General Statutes: Provided, however, said employer promptly furnishes the commission with such notices regarding the separation of the individual from work as are or may be required by the regulations of the commission.

(3) As of July 31st of each year, and prior to the effective date of any variation from standard rate of contribution, the commission shall determine the balance of each employer in his reserve account and shall furnish him with a statement of all charges and credits thereto. At the same time the commission shall notify each employer of his rate of contributions as determined for the succeeding calendar year pursuant to this section. Such determination shall become final unless the employer files an application for review or redetermination within thirty days after the effective date of such rates.

(4) Transfer of reserve account.—(A) Whenever any individual, group of individuals, or employing unit, who or which, in any manner, succeeds to or acquires substantially all or a distinct or severable portion of the organization, trade, or business of another employing unit as provided in § 96-8, subsection (f), paragraph (2), the reserve account or that part of the reserve account of the predecessor which relates to the acquired portion of the business shall, upon the mutual consent of the parties concerned and approval of the commission in conformity with the regulations as prescribed therefor, be transferred as of the date of acquisition to the successor employer for use in the determination of his rate of contributions, provided that after the transfer the successor employing unit continues to operate the transferred portion of such organization, trade, or business. This provision shall not be retroactive with respect to the transfer of a part of a reserve account of the predecessor in those cases in which an employing unit succeeds to or acquires a distinct and severable portion of the organization, trade, or business of another employing unit as provided in § 96-8, subsection (f), paragraph (2), and shall apply only when the transfer of such distinct and severable portion of the organization, trade or business of another occurs after March 21, 1949.

(B) Notwithstanding any other provisions of this section, if the successor employer was an employer subject to this chapter prior to the date of acquisition, his rate of contributions for the period from such date to the end of the then current contribution year shall be the same as his rate with respect to the period immediately preceding the date of acquisition. If the successor was not an employer prior to the date of the acquisition, his rate shall be the rate applicable to the predecessor employer or employers with respect to the period immediately preceeding the date of acquisition, provided there was only one predecessor, or if more than one and the predecessors had identical rates. In the event the rates of the predecessors were not identical, the rate of the successor shall be the highest rate applicable to any of the predecessor employers with respect to the period immediately preceding the date of acquisition.

(5) In the event any employer subject to this chapter ceases to be such an employer, his reserve account shall be maintained for a period of five years from the termination date, and shall be charged with benefits paid to any individual based on wages paid by such employer during the individual's base period as hereinabove provided. If within such five-year period he again becomes an employer subject to this chapter, he shall be entitled to a variation from the standard rate of contributions only if thereafter the conditions specified in § 96-9 (b) (4) are met. If within such five-year period he fails to become an employer subject to this chapter the reserve account standing to the credit of such employer shall immediately revert to the partially pooled account established herein and the reserve account shall be closed.

(d) In order that the commission shall be kept

informed at all times on the circumstances and conditions of unemployment within the state and as to whether the stability of the fund is being impaired under the operation and effect of the system provided in subsection (c) of this section, the actuarial study now in progress shall be continued and such other investigations and studies of a similar nature as the commission may deem necessary shall be made. (Ex. Sess. 1936, c. 1, s. 7; 1939, c. 27, s. 6; 1941, c. 108, ss. 6, 8; c. 320; 1943, c. 377, ss. 11-14; 1945, c. 522, ss. 11-16; 1947, c. 326, ss. 13-15, 17; c. 881, s. 3; 1949, c. 424, ss. 9-13; c. 969.)

Editor's Note.—The 1945 amendment made changes in subparagraphs (A), (B) and (C) of paragraph (4) of subsection (b), and in paragraphs (2), (3) and (4) of subsection (c). The 1947 amendments made changes in paragraph (2) of subsection (a), in subparagraphs (A) and (E) of paragraph (4) of subsection (b) and in paragraphs (2) and (3) of subsection (c). The 1949 amendments rewrote subparagraph (B) of paragraph (4) of subsection (b), made changes in paragraphs (1), (2) and (4) of subsection (c), and added paragraph (5) to subsection (c).

Prior to the 1949 amendment, subsection (c) (4) of this section, by its own limitation, restricted the transfer of reserve accounts to those cases where the account was to be transferred in toto; and even then, such reserve account could be transferred only to such employing unit defined in § 96-8(f) (2), as might acquire the organization, trade, or business of another for whom a reserve account had been theretofore established and maintained. State v. News Publishing Co., 228 N. C. 332, 45 S. E. (2d) 391.

An employer under the Employment Security Act was engaged in the business of printing and publishing a newspaper and also the business of operating a job printing business as separate businesses with separate books. Thereafter an independent corporation was organized which took over all the assets of the job printing business and retained all the employees of that department. It was held, under subsection (c) (4) of this section as it stood before the 1949 amendment, that the new corporation was not entitled to a pro rata transfer to it of the reserve fund. Id.

Transfer of Reserve Credited to Particular Employer through Misapprehension.—Paragraph 4 of subsection (c) authorizes the commission to transfer a reserve fund only upon the mutual consent of the parties. However, the law does not apply where such reserve was credited to a particular person, firm or corporation under a misapprehension of the facts or the status of the person, firm or corporation making the contribution. State v. Nissen, 227 N. C. 216, 220, 41 S. E. (2d) 734.

§ 96-10. Collection of contributions.—(a) Interest on Past-Due Contributions.—Contributions unpaid on the date on which they are due and payable, as prescribed by the commission, shall bear interest at the rate of one-half of one per centum per month from and after such date until payment plus accrued interest is received by the commission. Interest collected pursuant to this subsection shall be paid into the special employment security administration fund. If any employer, in good faith, pays contributions to another state or to the United States under the Federal Unemployment Tax Act, prior to a determination of liability by this commission, which contributions were legally payable to this state, such contributions, when paid to this state, shall be deemed to have been paid by the due date under the law of this state if paid by the due date of such other state or the United States.

(b) Collection.— (1) If, after due notice, any employer defaults in any payment of contributions or interest thereon, the amount due shall be collected by civil action in the name of the commission, and the employer adjudged in default shall pay the costs of such action. Civil actions brought under this section to collect contributions or interest thereon from an employer shall be heard by the court at the earliest possible date, and shall be entitled to preference upon the calendar of the court over all other civil actions except petitions for judicial review under this chapter and cases arising under the Workmen's Compensation Law of this state; or, if any contribution imposed by this chapter, or any portion thereof, and/or penalties duly provided for the nonpayment thereof shall not be paid within thirty days after the same become due and payable, and after due notice and reasonable opportunity for hearing, the commission under the hand of its chairman, may certify the same in duplicate and forward one copy thereof to the clerk of the superior court of the county in which the delinquent resides or has property, and additional copies for each county in which the commission has reason to believe such delinquent has property located, which copy so forwarded to the clerk of the superior court shall be immediately docketed by said clerk and indexed on the cross index of judgment, and from the date of such docketing shall constitute a preferred lien upon any property which said delinquent may own in said county, with the same force and effect as a judgment rendered by the superior court; for docketing said certificate and indexing same as above set forth, the clerks of superior courts shall charge a fee of one dollar ($1.00), which shall be in lieu of any other fee chargeable under the General Statutes of North Carolina or any Public-Local or Private Act. The duplicate of said certificate shall be forwarded by the commission to the sheriff or sheriffs of such county or counties, or to a duly authorized agent of the commission, and in the hands of such sheriff or agent of the commission shall have all the force and effect of an execution issued to such sheriff or agent of the commission by the clerk of the superior court upon the judgment of the superior court duly docketed in said county. Provided, however, that notwithstanding any provision of this subsection, upon filing one written notice with the commission the sheriff of any county shall have the sole and exclusive right to serve all executions and make all collections mentioned in this subsection and in such case no agent of the commission shall have the authority to serve any executions or make any collections therein in such county. A return of such execution shall be made to the commission, together with all moneys collected thereunder, and when such order or execution is referred to the agent of the commission for service the said agent of the commission shall be vested with all the powers of the sheriff to the extent of serving such order or execution and levying or collecting thereunder. The agent of the commission to whom such order or execution is referred shall give a bond not to exceed three thousand dollars ($3,000.00) approved by the commission for the faithful performance of such duties. The liability of said agent shall be in the same manner and to the same extent as is now imposed on sheriffs in the service of executions. If any sheriff of this state or any agent of the commission who is charged with the duty of serving executions shall wilfully fail, refuse, or neglect to execute any order directed to him by the said commission and within the time provided by law, the official bond of such sheriff or of such agent of the

commission shall be liable for the contributions, penalty, interest, and costs due by the employer.

(2) When the commission furnishes the clerk of superior court of any county in this state a written statement or certificate to the effect that any judgment docketed by the commission against any firm or individual has been satisfied and paid in full, and said statement or certificate is signed by the chairman of the commission and attested by its secretary, with the seal of the commission affixed, it shall be the duty of the clerk of superior court to file said certificate and enter a notation thereof on the margin of the judgment docket to the effect that said judgment has been paid and satisfied in full, and is in consequence cancelled of record. Such cancellation shall have the full force and effect of a cancellation entered by an attorney of record for the commission. This paragraph shall apply to judgments already docketed, as well as to the future judgments docketed by the commission. For the filing of said statement or certificate and making new notations on the record, the clerk of superior court shall be paid a fee of fifty cents (50c.) by the commission.

(c) Priorities under Legal Dissolution or Distributions.—In the event of any distribution of an employer's assets pursuant to an order of any court under the laws of this state, including any receivership, assignment for benefit of creditors, adjudicated insolvency, composition, or similar proceeding, contributions then or thereafter due shall be paid in full prior to all other claims except taxes, and claims for remuneration of not more than two hundred and fifty dollars to each claimant, earned within six months of the commencement of the proceeding. In the event of an employer's adjudication in bankruptcy, judicially confirmed extension proposal, or composition, under the Federal Bankruptcy Act of one thousand eight hundred and ninety-eight, as amended, contributions then or thereafter due shall be entitled to such priority as is provided in section sixty-four (b) of that act (U. S. C., Title II, sec. 104 (b), as amended.

(d) Collections of Contributions upon Transfer or Cessation of Business.—The contribution or tax imposed by § 96-9, and subsections thereunder, of this chapter shall be a lien upon the assets of the business of any employer subject to the provisions hereof who shall lease, transfer or sell out his business, or shall cease to do business and such employer shall be required, by the next reporting date as prescribed by the commission, to file with the commission all reports and pay all contributions due with respect to wages payable for employment up to the date of such lease, transfer, sale or cessation of the business and such employer's successor in business shall be required to withhold sufficient of the purchase money to cover the amount of said contributions due and unpaid until such time as the former owner or employer shall produce a receipt from the commission showing that the contributions have been paid, or a certificate that no contributions are due. If the purchaser of a business or a successor of such employer shall fail to withhold purchase money or any money due to such employer in consideration of a lease or other transfer and the contributions shall be due and unpaid after the next reporting date, as above set forth, such successor shall be personally liable to the extent of the assets of the business so acquired for the payment of the contributions accrued and unpaid on account of the operation of the business by the former owner or employer.

(e) Refunds.—If not later than three years from the last day of the period with respect to which a payment of any contributions or interest thereon was made, or one year from the date on which such payment was made, whichever shall be the later, an employer who has paid such contributions or interest thereon shall make application for an adjustment thereof in connection with subsequent contribution payments, or for a refund, and the commission shall determine that such contributions or any portion thereof was erroneously collected, the commission shall allow such employer to make an adjustment thereof, without interest, in connection with subsequent contribution payments by him, or if such an adjustment cannot be made in the next succeeding calendar quarter after such application for such refund is received, or if said money which constitutes the overpayment has been in the possession of the commission for six months or more, a cash refund may be made, without interest, from the fund: Provided, that any interest refunded under this subsection, which has been paid into the Special Employment Security Administration Fund established pursuant to § 96-5 (c), shall be paid out of such fund. For like cause and within the same period, adjustment or refund may be so made on the commission's own initiative. Provided further, that nothing in this section or in any other section of this chapter shall be construed as permitting the refund of moneys due and payable under the law and regulations in effect at the time such moneys were paid. In any case where the commission finds that any employing unit has erroneously paid to this state contributions or interest upon wages earned by individuals in employment in another state, refund or adjustment thereof shall be made, without interest, irrespective of any other provisions of this subsection, upon satisfactory proof to the commission that the payment of such contributions or interest has been made to such other state.

(f) No injunction shall be granted by any court or judge to restrain the collection of any tax or contribution or any part thereof levied under the provisions of this chapter nor to restrain the sale of any property under writ of execution, judgment, decree or order of court for the non-payment thereof. Whenever any employer, person, firm or corporation against whom taxes or contributions provided for in this chapter have been assessed, shall claim to have a valid defense to the enforcement of the tax or contribution so assessed or charged, such employer, person, firm or corporation shall pay the tax or contribution so assessed to the commission; but if at the time of such payment he shall notify the commission in writing that the same is paid under protest, such payment shall be without prejudice to any defenses or rights he may have in the premises, and he may, at any time within thirty days after such payment, demand the same in writing from the commission; and if the same shall not be refunded within ninety

days thereafter, he may sue the commission for the amount so demanded; such suit against the Employment Security Commission of North Carolina must be brought in the superior court of Wake county, or in the county in which the taxpayer resides, or in the county where the taxpayer conducts his principal place of business; and if, upon the trial it shall be determined that such tax or contribution or any part thereof was for any reason invalid, excessive or contrary to the provisions of this chapter, the amount paid shall be refunded by the commission accordingly. The remedy provided by this subsection shall be deemed to be cumulative and in addition to such other remedies as are provided by other subsections of this chapter. No suit, action or proceeding for refund or to recover contributions or payroll taxes paid under protest according to the provisions of this subsection shall be maintained unless such suit, action or proceeding is commenced within one year after the expiration of the ninety days mentioned in this subsection, or within one year from the date of the refusal of said commission to make refund should such refusal be made before the expiration of said ninety days above mentioned. The one-year limitation here imposed shall not be retroactive in its effect, shall not apply to pending litigation nor shall the same be construed as repealing, abridging or extending any other limitation or condition imposed by this chapter.

(g) Any employer refusing to make reports required under this chapter, after ten days written notice sent by the commission to the employer's last known address by registered mail, may be enjoined from operating in violation of the provisions of this chapter upon the complaint of the commission, in any court of competent jurisdiction, until such reports shall have been made. When an execution has been returned to the commission unsatisfied, and the employer, after ten days written notice sent by the commission to the employer's last known address by registered mail, refuses to pay contributions covered by the execution, such employer may be enjoined from operating in violation of the provisions of this chapter upon the complaint of the commission, in any court of competent jurisdiction, until such contributions have been paid.

(h) When any uncertified check is tendered in payment of any contributions to the commission and such check shall have been returned unpaid on account of insufficient funds of the drawer of said check in the bank upon which same is drawn, a penalty shall be payable to the commission, equal to ten per cent (10%) of the amount of said check, and in no case shall such penalty be less than one dollar ($1.00) nor more than two hundred dollars ($200.00).

(i) No suit or proceedings for the collection of unpaid contributions may be begun under this chapter after five years from the date on which such contributions become due, and no suit or proceeding for the purpose of establishing liability and/or status may be begun with respect to any period occurring more than five years prior to the first day of January of the year within which such suit or proceeding is instituted; provided, that this subsection shall not apply in any case of willful attempt in any manner to defeat or evade the payment of any contributions becoming due under this chapter: Provided, further, that a proceeding shall be deemed to have been instituted or begun upon the date of issuance of an order by the chairman of the commission directing a hearing to be held to determine liability or nonliability, and/or status under this act of an employing unit, or upon the date notice and demand for payment is mailed by registered mail to the last known address of the employing unit: Provided, further, that the order mentioned herein shall be deemed to have been issued on the date such order is mailed by registered mail to the last known address of the employing unit. Sess. 1936, c. 1, s. 14; 1939, c. 27, ss. 9, 10; 1941, c. 108, ss. 14-16; 1943, c. 377, ss. 24-28; 1945, c. 221, s. 1; c. 288, s. 1; c. 522, ss. 17-20; 1947, c. 326, ss. 18-20; c. 598, s. 9; 1949, c. 424, ss. 14-16.)

Editor's Note.—

The first 1945 amendment inserted the provision as to venue beginning in line twenty-four of subsection (f).

The second 1945 amendment inserted at the end of the second sentence of subsection (b) the provision as to fee for docketing and indexing certificate.

The third 1945 amendment inserted the references to the United States in subsection (a), added subparagraph (2) to subsection (b), made changes in subsection (e), and added subsection (h) and (i).

The 1947 amendments changed the amount of the bond in paragraph (1) of subsection (b) from two to three thousand dollars, added the proviso at the end of the first sentence of subsection (e), substituted "commission" for "commissioner" in the next to last sentence of subsection (f) and added the provisos at the end of subsection (i).

The 1949 amendment substituted in the second sentence of subsection (a) the words "special employment security administration fund" for the words "unemployment compensation fund," added the last sentence of subsection (e) and made changes in subsection (i).

Subsection (e) relating to refund is procedural, and limitation it imposes is addressed to the power of the commission to make a refund and the conditions upon which it may be made rather than to any limitation upon an action for the recovery of money. B-C Remedy Co. v. Unemployment Compensation Comm., 226 N. C. 52, 36 S. E. (2d) 733, 163 A. L. R. 773.

It is broad enough in its phraseology to cover refund of money paid through mistake, without raising technical distinctions between voluntary and involuntary payments. B-C Remedy Co. v. Unemployment Compensation Comm., 226 N. C. 52, 36 S. E. (2d) 733, 736, 163 A. L. R. 773.

Retroactive Extension of Time for Applying for Refunds.—While the limitation on the authority of commission to make refunds is fatal to a claim, so long as the limitation lasts, a change of law, enlarging time in which refunds may be applied for or made, does not involve any constitutional inhibitions such as apply to ordinary statutes of limitation, and legislature has the power to apply the extended time retroactively. B-C Remedy Co. v. Unemployment Compensation Comm., 226 N. C. 52, 36 S. E. (2d) 733, 163 A. L. R. 773, so holding as to the 1943 amendment of subsection (e).

§ 96-11. Period, election, and termination of employer's coverage.—(a) Any employing unit which is or becomes an employer subject to this chapter within any calendar year shall be subject to this chapter during the whole of such calendar year except as otherwise provided in § 96-8 (f) (2); provided, however, that on and after July first, one thousand nine hundred thirty-nine, this section shall not be construed to apply to any part of the business of an employer as may come within the terms of section one (a) of the Federal Railroad Unemployment Insurance Act.

(b) Except as otherwise provided in subsections (a), (c) and (d) of this section, an employing unit shall cease to be an employer subject to this act only as of the first day of January of any

calendar year, if it files with the commission prior to the first day of March of such year a written application for termination of coverage and the commission finds that there were no twenty different weeks within the preceding calendar year (whether or not such weeks are or were consecutive) within which said employing unit employed eight or more individuals in employment (not necessarily simultaneously and irrespective of whether the same individuals were employed in each such week). For the purpose of this subsection, the two or more employing units mentioned in paragraphs two or three of § 96-8, subsection (f), of this chapter shall be treated as a single employing unit.

(c) (1) An employing unit, not otherwise subject to this chapter, which files with the commission its written election to become an employer subject hereto for not less than two calendar years shall, with the written approval of such election by the commission, become an employer subject hereto to the same extent as all other employers, as of the date stated in such approval, and shall cease to be subject hereto as of January one of any calendar year subsequent to such two calendar years only if, prior to the first day of March following such first day of January, it has filed with the commission a written notice to that effect.

(2) Any employing unit for which services that do not constitute employment as defined in this chapter are performed may file with the commission a written election that all such services performed by individuals in its employ, in one or more distinct establishments or places of business, shall be deemed to constitute employment for all the purposes of this chapter for not less than two calendar years. Upon the written approval of such election by the commission such services shall be deemed to constitute employment subject to this chapter from and after the date stated in such approval. Such services shall cease to be deemed employment, subject hereto as of January one of any calendar year subsequent to such two calendar years only if, prior to the first day of March following such first day of January, such employing unit has filed with the commission a written notice to that effect.

(d) An employer who has not had any individuals in employment for a period of five consecutive calendar years shall cease to be subject to this chapter. (Ex. Sess. 1936, c. 1, s. 8; 1939, c. 52, ss. 2, 3; 1941, c. 108, s. 9; 1945, c. 522, ss. 21-23; 1949, c. 424, ss. 17, 18; c. 522.)

Editor's Note.—
The 1945 amendment substituted in line six of subsection (b) the words "first day of March" for "thirty-first day of January." The amendment also substituted near the ends of paragraphs (1) and (2) of subsection (c) the words "prior to the first day of March following" for the words "at least thirty days prior to."

The 1949 amendment inserted the exception clause in subsection (a), inserted the reference to (d) in line two of subsection (b) and added subsection (d).

(c) Weekly Benefit for Partial Unemployment.—Each eligible individual who is partially unemployed (as defined in § 96-8 (k) (2)) in any week shall be paid with respect to such week a partial benefit. Such partial benefit shall be an amount figured to the nearest multiple of fifty cents (50c) which is equal to the difference between the weekly benefit amount as defined in § 96-8 (q) plus two dollars ($2.00) and the wages payable to him, if any, with respect to such week.

(d) Duration of Benefits.—The maximum amount of benefits payable to any eligible individual whose benefit year begins prior to March 21, 1949, shall be sixteen times his weekly benefit amount during such benefit year. The maximum amount of benefits payable to any eligible individual whose benefit year begins after the effective date of this act shall be twenty times his weekly benefit amount during any benefit year. The commission shall maintain accounts for each individual who earns wages in such manner and form as the commission may prescribe as being adequate to administer the provisions of this chapter. (Ex. Sess., 1936, c. 1, s. 3; 1937, c. 448, s. 1; 1939, c. 27, ss. 1-3, 14; c. 141; 1941, c. 108, s. 1; c. 276; 1943, c. 377, ss. 1-4; 1945, c. 522, ss. 24-26; 1947, c. 326, s. 21; 1949, c. 424, ss. 19-21.)

Editor's Note.—The 1945 amendment made changes in subsections (b) and (c) and in former subsection (e), which was repealed by the 1947 amendment. The 1949 amendment rewrote subsection (b), the second sentence of subsection (c) and subsection (d).

§ 96-13. Benefit eligibility conditions.—An unemployed individual shall be eligible to receive benefits with respect to any week only if the commission finds that—

(a) He has registered for work at and thereafter has continued to report at an employment office in accordance with such regulations as the commission may prescribe;

(b) He has made a claim for benefits in accordance with the provisions of § 96-15 (a);

(c) He is able to work, and is available for work: Provided that no individual shall be deemed available for work unless he establishes to the satisfaction of the commission that he is actively seeking work: Provided further, that an individual customarily employed in seasonal employment, shall during the period of nonseasonal operations, show to the satisfaction of the commission that such individual is actively seeking employment which such individual is qualified to perform by past experience or training during such nonseasonal period: Provided further, that no individual shall be considered able and available for work for any week during the three-month period immediately before the expected birth of a child to such individual, and for any week during the three-month period immediately following the birth of a child to such individual; however, no individual shall be denied benefits by reason of this proviso in the event of the death of such child, if such individual is otherwise eligible: Provided further, however, that effective January 1, 1949, no individual shall be considered available for work for any week not to exceed two in any calendar year in which the commission finds that his unemployment is due to a vacation. In administering this proviso, benefits shall be paid or denied on a payroll week basis as established by the employing unit. A week of unemployment due to a vacation as provided herein means any payroll week within which as much as sixty per cent of the full time working hours consists of a vacation period. For the purpose of this subsection, any unemployment which is caused by a vacation period and which occurs in the calendar year following that within which the vacation period begins shall be deemed to have occurred in the calendar year within which such vacation period begins.

(d) He has been totally unemployed for a waiting period of one week (and for the purpose of this subsection, two weeks of partial unemployment shall be deemed to be equivalent to one week of total unemployment. Such weeks of partial unemployment need not be consecutive). No week shall be counted as a week of total unemployment for the purpose of this subsection:

(1) If benefits have been paid with respect thereto;

(2) Unless the individual was eligible for benefits with respect thereto in all respects except for the requirements of this subsection and subsection (g) of § 96-14;

(3) Unless it occurred within the benefit year which includes the week with respect to which he claims benefits.

Provided, that no individual shall be required to accumulate more than one such waiting period week in any benefit year. (Ex. Sess. 1936, c. 1, s. 4; 1939, c. 27, ss. 4, 5; c. 141; 1941, c. 108, s. 2; 1943, c. 377, s. 5; 1945, c. 522, ss. 27-28; 1947, c. 326, s. 22; 1949, c. 424, s. 22.)

Editor's Note.—

The 1945 amendment made changes in subsection (c) and rewrote subsection (d).

The 1947 amendment rewrote subsection (c).

The 1949 amendment made changes in that part of subsection (c) beginning with "Provided" in line twenty-two.

Evidence Showing Failure Actively to Seek Work.—Evidence that during a period of six months claimant's efforts to obtain employment, in addition to reporting to the employment service office, were limited to two occasions at one mill and one occasion at each of three other mills, is sufficient to sustain the commission's finding that he had failed to show that he had been actively seeking work within the purview of subsection (c) of this section. State v. Roberts, 230 N. C. 262, 52 S. E. (2d) 890.

§ 96-14. Disqualification for benefits.—An individual shall be disqualified for benefits:

(a) For not less than four, nor more than twelve consecutive weeks of unemployment, which occur within a benefit year, beginning with the first day of the first week after the disqualifying act occurs with respect to which week an individual files a claim for benefits (in addition to the waiting period) if it is determined by the commission that such individual is, at the time such claim is filed, unemployed because he left work voluntarily without good cause attributable to the employer, and the maximum benefits due said individual during his then current benefit year shall be reduced by an amount determined by multiplying the number of such consecutive weeks of unemployment by the weekly benefit amount.

(b) For not less than five, nor more than twelve consecutive weeks of unemployment, which occur within a benefit year, beginning with the first day of the first week after the disqualifying act occurs with respect to which week an individual files a claim for benefits (in addition to the waiting period) if it is determined by the commission that such individual is, at the time such claim is filed, unemployed because he was discharged for misconduct connected with his work, and the maximum amount of benefits due said individual during his then current benefit year shall be reduced by an amount determined by multiplying the number of such consecutive weeks of unemployment by the weekly benefit amount.

(c) For not less than four, nor more than twelve consecutive weeks of unemployment, which occur within a benefit year, beginning with the first day of the first week after the disqualifying act occurs with respect to which week an individual files a claim for benefits (in addition to the waiting period) if it is determined by the commission that such individual has failed without good cause (i) to apply for available suitable work when so directed by the employment office of the commission; or (ii) to accept suitable work when offered him; or (iii) to return to his customary self-employment (if any) when so directed by the commission and the maximum amount of benefits due said individual during his then current benefit year shall be reduced by an amount determined by multiplying the number of such consecutive weeks of unemployment by the weekly benefit amount.

Provided, however, that in any case where any week or weeks of disqualification as provided in subsections (a), (b), and (c) of this section have not elapsed on account of the termination of an individual's benefit year, such remaining week or weeks of disqualification shall be applicable in the next benefit year at the then current benefit amount of such individual; provided such new benefit year is established by the individual within twelve months from the date of the ending of the preceding benefit year. When any individual who has been disqualified as provided in subsections (a), (b) and (c) of this section returns to employment before the disqualifying period has elapsed, the remaining week or weeks of disqualification shall be cancelled and no deduction based on such weeks shall be made from the maximum amount of benefits of such individual; provided such individual shows the fact of employment to the satisfaction of the commission.

(1) In determining whether or not any work is suitable for an individual, the commission shall consider the degree of risk involved to his health, safety, and morals, his physical fitness and prior training, his experience and prior earnings, his length of unemployment and prospects for securing local work in his customary occupation, and the distance of the available work from his residence.

(2) Notwithstanding any other provisions of this chapter, no work shall be deemed suitable and benefits shall not be denied under this chapter to any otherwise eligible individual for refusing to accept new work under any of the following conditions: (a) If the position offered is vacant due directly to a strike, lockout, or other labor dispute; (b) if the remuneration, hours, or other conditions of the work offered are substantially less favorable to the individual than those prevailing for similar work in the locality; (c) if as a condition of being employed the individual would be required to join a company union or to resign from or refrain from joining any bona-fide labor organization.

(d) For any week with respect to which the commission finds that his total or partial unemployment is due to a stoppage of work which exists because of a labor dispute at the factory, establishment, or other premises at which he is or was last employed, provided that this subsection shall not apply if it is shown to the satisfaction of the commission that—

(1) He is not participating in or financing or directly interested in the labor dispute which caused the stoppage of work; and

(2) He does not belong to a grade or class of workers of which, immediately before the commencement of the stoppage, there were members employed at the premises at which the stoppage occurs, any of whom are participating in or financing or directly interested in the dispute: Provided, for the purpose of this subsection (d), that if in any case separate branches of work which are commonly conducted as separate business in separate premises are conducted in separate departments of the same premises, each such department shall be deemed to be a separate factory, establishment, or other premises.

(e) For any week with respect to which he is receiving or has received remuneration in the form of remuneration in lieu of notice: Provided, that if such remuneration is less than the benefits which would otherwise be due under this chapter he shall be entitled to receive for such week, if otherwise eligible, benefits reduced by the amount of such remuneration.

(f) If the commission finds he is customarily self-employed and can reasonably return to self-employment.

(g) For any week after June thirtieth, one thousand nine hundred thirty-nine with respect to

which he shall have and assert any right to unemployment benefits under an employment security law of either the federal or a state government, other than the state of North Carolina. (Ex. Sess., 1936, c. 1, s. 5; 1937, c. 448, ss. 2, 3; 1939, c. 52, s. 1; 1941, c. 108, ss. 3, 4; 1943, c. 377, ss. 7, 8; 1945, c. 522, s. 29; 1947, c. 598, s. 10; c. 881, ss. 1, 2; 1949, c. 424, ss. 23-25.)

Editor's Note.—

The 1945 amendment added that part of the first paragraph of subsection (c) beginning with the words "and the" in line fourteen.

The 1947 amendment added provisions to subsections (a) and (b) which were struck out by the 1949 amendment, and substituted "and" for "or" in line three of subsection (g). The 1949 amendment also rewrote the second paragraph under subsection (c).

Where Labor Dispute Involves General Wage Increase.—Subsection (d) of this section disqualifies for unemployment compensation benefits employees belonging to a grade or class of workers some of whom participated in and were directly interested in the strike which brought about a stoppage of work, notwithstanding the fact that the employee-claimants were not members of the union and did not participate in, or help finance, the strike, especially where the strike involved, in addition to a maintenance of membership clause in the contract of employment, a general increase in wages, from which the employee-claimants stood to benefit. Unemployment Compensation Comm. v. Lunceford, 229 N. C. 570, 50 S. E. (2d) 497.

Employees Disqualified under Subsection (d) (2).—Employee-claimants who are not directly interested in the labor dispute which brings about the stoppage of work, and who do not participate in, help finance or benefit from the dispute, are nevertheless disqualified from unemployment compensation benefits if they belong to a grade or class of workers employed at the premises immediately before the commencement of the stoppage, some of whom, immediately before the stoppage occurs, participate in, finance or are directly interested in such labor dispute. State v. Martin, 228 N. C. 227, 45 S. E. (2d) 385.

§ 96-15. Claims for benefits. — (a) Filing. — Claims for benefits shall be made in accordance with such regulations as the commission may prescribe. Each employing unit shall post and maintain in places readily accessible to individuals performing services for it printed statements, concerning benefit rights, claims for benefits, and such other matters relating to the administration of this chapter as the commission may direct. Each employing unit shall supply to such individuals copies of such printed statements or other materials relating to claims for benefits as the commission may direct. Such printed statements and other materials shall be supplied by the commission to each employing unit without cost to the employing unit.

(e) Commission Review.—The commission may on its own motion affirm, modify, or set aside any decision of an appeals tribunal on the basis of the evidence previously submitted in such case, or direct the taking of additional evidence, or may permit any of the parties to such decision to initiate further appeals before it, or may provide for group hearings in such cases as the commission may deem expedient. Provided, however, that upon denial by the commission of an application for appeal from the decision of an appeals tribunal, the decision of the appeals tribunal shall be deemed to be the decision of the commission within the meaning of this subsection for purposes of judicial review and shall be subject to judicial review within the time and in the manner provided for with respect to a decision of the commission, except that the time for initiating such review shall run from the date of mailing or delivery of the notice of the order of the commission denying the application for appeal. The commission shall permit such further appeal by any of the parties interested in the decision of an appeals tribunal which is not unanimous. The commission may remove to itself or transfer to another appeals tribunal, the proceedings on any claim pending before an appeals tribunal. Any proceedings so removed to the commission shall be heard by a quorum thereof in accordance with the requirements in subsection (c) of this section. The commission shall promptly notify the interested parties of its findings and decision.

(f) Procedure.—The manner in which disputed claims shall be presented, the reports thereon required from the claimant and from employers, and the conduct of hearings and appeals shall be in accordance with rules prescribed by the commission for determining the rights of the parties, whether or not such rules conform to common law or statutory rules of evidence and other technical rules of procedure. A full and complete record shall be kept of all proceedings in connection with a disputed claim. All testimony at any hearing before an appeals tribunal upon a disputed claim shall be recorded unless the recording is waived by all interested parties, but need not be transcribed unless the disputed claim is further appealed.

(1945, c. 522, ss. 30-32; 1947, c. 326, s. 23.)

Editor's Note.—

The 1945 amendment rewrote subsection (a), inserted in subsection (e) the proviso following the first sentence, and inserted in the last sentence of subsection (f) the words "before an appeals tribunal." The 1947 amendment inserted in the last sentence of subsection (f) the words "unless the recording is waived by all interested parties". Only the subsections affected by the amendment are set out.

Appeal to Superior Court.—Under subsection (a) of § 96-4 the chairman of the employment security commission is vested with all authority of the commission, and where it appears that a claim was heard on appeal by the chairman, and that claimant appealed therefrom "to the full commission or to the superior court," the hearing of the appeal by the superior court was in accordance with the statute. State v. Roberts, 230 N. C. 262, 52 S. E. (2d) 890.

Finding of Commission Held Conclusive on Appeal.—The finding of the unemployment compensation commission that employee-claimants belong to the same grade or class of workers as other employees, some of whom, immediately before the stoppage occurred, participated in and were directly interested in the labor dispute causing the stoppage, was supported by ample evidence and was therefore conclusive, there being no allegation or evidence of fraud. State v. Martin, 228 N. C. 277, 45 S. E. (2d) 385.

§ 96-16. Seasonal pursuits.—(a) A seasonal pursuit is one which, because of seasonal conditions making it impracticable or impossible to do otherwise, customarily carries on production operations only within a regularly recurring active period or periods of less than an aggregate of thirty-six weeks in a calendar year. No pursuit shall be deemed seasonal unless and until so found by the commission.

(b) Upon application therefor by a pursuit, the commission shall determine or redetermine whether such pursuit is seasonal and, if seasonal, the active period or periods thereof. The commission may, on its own motion, redetermine the active period or periods of a seasonal pursuit. An application for a seasonal determination must be made on forms prescribed by the commission and must be made at least twenty days prior to the beginning date of the period of production operations for which a determination is requested.

(c) Whenever the commission has determined or redetermined a pursuit to be seasonal, such

pursuit shall be notified immediately, and such notice shall contain the beginning and ending dates of the pursuit's active period or periods. Such pursuits shall display notices of its seasonal determination conspicuously on its premises in a sufficient number of places to be available for inspection by its workers. Such notices shall be furnished by the commission.

(d) A seasonal determination shall become effective unless an interested party files an application for review within ten days after the beginning date of the first period of production operations to which it applies. Such an application for review shall be deemed to be an application for a determination of status, as provided in § 96-4, subsections (m) through (q), of this chapter, and shall be heard and determined in accordance with the provisions thereof.

(e) All wages paid to a seasonal worker during his base period shall be used in determining his weekly benefit amount.

(f) (1) A seasonal worker shall be eligible to receive benefits based on seasonal wages only for a week of unemployment which occurs, or the greater part of which occurs within the active period or periods of the seasonal pursuit or pursuits in which he earned base period wages.

(2) A seasonal worker shall be eligible to receive benefits based on nonseasonal wages only for a week of unemployment which occurs, or the greater part of which occurs within the inactive period or periods of the seasonal pursuit or pursuits in which he earned base period wages.

(3) The maximum amount of benefits which a seasonal worker shall be eligible to receive based on seasonal wages shall be an amount, adjusted to the nearest multiple of fifty cents (50c.), determined by multiplying the maximum benefits payable in his benefit year, as provided in § 96-12 (d) of this chapter, by the percentage obtained by dividing the seasonal wages in his base period by all of his base period wages.

(4) The maximum amount of benefits which a seasonal worker shall be eligible to receive based on nonseasonal wages shall be an amount, adjusted to the nearest multiple of fifty cents (50c.), determined by multiplying the maximum benefits payable in his benefit year, as provided in § 96-12 (d) of this chapter, by the percentage obtained by dividing the nonseasonal wages in his base period by all of his base period wages.

(5) In no case shall a seasonal worker be eligible to receive a total amount of benefits in a benefit year in excess of the maximum benefits payable for such benefit year, as provided in § 96-12 (d) of this chapter.

(g) (1) All benefits paid to a seasonal worker based on seasonal wages shall be charged, as prescribed in § 96-9 (c) (2) of this chapter, against the reserve account of his base period employer or employers who paid him such seasonal wages, and for the purpose of this paragraph such seasonal wages shall be deemed to constitute all of his base period wages.

(2) All benefits paid to a seasonal worker based on nonseasonal wages shall be charged, as prescribed in § 96-9 (c) (2) of this chapter, against the reserve account of his base period employer or employers who paid him such nonseasonal wages, and for the purpose of this paragraph such nonseasonal wages shall be deemed to constitute all of his base period wages.

(h) The benefits payable to any otherwise eligible individual shall be calculated in accordance with this section for any benefit year which is established on or after the beginning date of a seasonal determination applying to a pursuit by which such individual was employed during the base period applicable to such benefit year, as if such determination had been effective in such base period.

(i) Nothing in this section shall be construed to limit the right of any individual whose claim for benefits is determined in accordance herewith to appeal from such determination as provided in § 96-15 of this chapter.

(j) As used in this section:

(1) "Pursuit" means an employer or branch of an employer.

(2) "Branch of an employer" means a part of an employer's activities which is carried on or is capable of being carried on as a separate enterprise.

(3) "Production operations" mean all the activities of a pursuit which are primarily related to the production of its characteristic goods or services.

(4) "Active period or periods" of a seasonal pursuit means the longest regularly recurring period or periods within which production operations of the pursuit are customarily carried on.

(5) "Seasonal wages" mean the wages earned in a seasonal pursuit within its active period or periods. The commission may prescribe by regulation the manner in which seasonal wages shall be reported.

(6) "Seasonal worker" means a worker at least twenty-five per cent of whose base period wages are seasonal wages.

(7) "Interested party" means any individual affected by a seasonal determination.

(8) "Inactive period or periods" of a seasonal pursuit means that part of a calendar year which is not included in the active period or periods of such pursuit.

(9) "Nonseasonal wages" means the wages earned in a seasonal pursuit within the inactive period or periods of such pursuit, or wages earned at any time in a nonseasonal pursuit.

(10) "Wages" mean remuneration for employment. (1939, c. 28; 1941, c. 108, s. 7; 1943, c. 377, s. 14½; 1945, c. 522, s. 33.)

The 1945 amendment rewrote this section.

§ 96-18. Penalties.

(b) Any employing unit or any officer or agent of an employing unit or any other person who makes a false statement or representation, knowing it to be false, or who knowingly fails to disclose a material fact to prevent or reduce the payment of benefits to any individual entitled thereto, or to avoid becoming or remaining subject hereto or to avoid or reduce any contributions or other payment required from an employing unit under this chapter, or who wilfully fails or refuses to furnish any reports required hereunder, or to produce or permit the inspection or copying of records as required hereunder, shall be punished by a fine of not less than twenty dollars ($20.00) or more than fifty dollars ($50.00) or by imprisonment for not longer than thirty

days; and each such false statement or representation or failure to disclose a material fact, and each day of such failure or refusal shall constitute a separate offense.

(c) Any person who shall wilfully violate any provisions of this chapter or any rule or regulation thereunder, the violation of which is made unlawful or the observance of which is required under the terms of this chapter, or for which a penalty is neither prescribed herein nor provided by any other applicable statute, shall be punished by a fine of not less than twenty dollars ($20.00) or more than fifty dollars ($50.00) or by imprisonment for not longer than thirty days, and each day such violation continues shall be deemed to be a separate offense.

(f) Any individual discharged for larceny or embezzlement in connection with his employment, if such individual is convicted thereof in a court of competent jurisdiction, or if the commission finds that he has made a voluntary confession of guilt, shall not be entitled to receive any benefits based on wages earned by such individual prior to and including the quarter within which such discharge occurred; provided the provisions of this subsection shall not be effective as to any benefits accrued or paid under a claim filed by such individual prior to the date of such discharge. (Ex. Sess. 1936, c. 1, s. 16; 1943, c. 319; 1943, c. 377, ss. 29, 30; 1945, c. 552, s. 34; 1949, c. 424, s. 26.)

Editor's Note.—
The 1945 amendment made changes in subsections (b) and (c), and the 1949 amendment made changes in subsection (f). As the other subsections were not affected by the amendments they are not set out.

§ 96-19. Enforcement of employment security law discontinued upon repeal or invalidation of federal acts.—It is the purpose of this chapter to secure for employers and employees the benefits of Title III and Title IX of the Federal Social Security Act, approved August fourteenth, one thousand nine hundred thirty-five, as to credit on payment of federal taxes, of state contributions, the receipt of federal grants for administrative purposes, and all other provisions of the said Federal Social Security Act; and it is intended as a policy of the state that this chapter and its requirements for contributions by employers shall continue in force only so long as such employers are required to pay the federal taxes imposed in said Federal Social Security Act by a valid act of congress. Therefore, if Title III and Title IX of the said Federal Social Security Act shall be declared invalid by the United States supreme court, or if such law be repealed by congressional action so that the federal tax cannot be further levied, from and after the declaration of such invalidity by the United States supreme court, or the repeal of said law by congressional action, as the case may be, no further levy or collection of contributions shall be made hereunder. The enactment by the Congress of the United States of the Railroad Retirement Act and the Railroad Unemployment Insurance Act shall in no way affect the administration of this law except as herein expressly provided.

All federal grants and all contributions heretofore collected, and all funds in the treasury by virtue of this chapter, shall, nevertheless, be disbursed and expended, as far as may be possible, under the terms of this chapter: Provided, however, that contributions already due from any employer shall be collected and paid into the said fund, subject to such distribution; and provided further, that the personnel of the state employment security commission shall be reduced as rapidly as possible.

The funds remaining available for use by the North Carolina Employment Security Commission shall be expended, as necessary, in making payment of all such awards as have been made and are fully approved at the date aforesaid, and the payment of the necessary costs for the further administration of this chapter, and the final settlement of all affairs connected with same. After complete payment of all administrative costs and full payment of all awards made as aforesaid, any and all moneys remaining to the credit of any employer shall be refunded to such employer, or his duly authorized assignee: Provided, that the state employment service, created by chapter one hundred six, Public Laws of one thousand nine hundred thirty-five, and transferred by chapter one, Public Laws of one thousand nine hundred thirty-six, Extra Session, and made a part of the Employment Security Commission of North Carolina, shall in such event return to and have the same status as it had prior to enactment of chapter one, Public Laws of one thousand nine hundred thirty-six, Extra Session, and under authority of chapter one hundred six, Public Laws of one thousand nine hundred thirty-five, shall carry on the duties therein prescribed; but, pending a final settlement of the affairs of the Employment Security Commission of North Carolina, the said state employment service shall render such service in connection therewith as shall be demanded or required under the provisions of this chapter or the provisions of chapter one, Public Laws of one thousand nine hundred thirty-six, Extra Session. (1937, c. 363; 1939, c. 52, s. 8; 1947, c. 598, s. 1.)

Editor's Note.—The 1947 amendment substituted "Employment Security Commission" for "unemployment compensation commission".

Art. 3. Employment Service Division.

§ 96-20. Duties of division; conformance to Wagner-Peyser Act; organization; director; employees.—The employment service division of the Employment Security Commission shall establish and maintain free public employment offices in such number and in such places as may be necessary for the proper administration of this chapter, and for the purpose of performing such duties as are within the purview of the Act of Congress entitled "An act to provide for the establishment of a national employment system and for cooperation with the states in the promotion of such system and for other purposes," approved June 6th, 1933, (48 Stat., 113; U.S.C., Title 29, § 49 (c), as amended). The said division shall be administered by a full time salaried director. The Employment Security Commission shall be charged with the duty to cooperate with any official or agency of the United States having powers or duties under the provisions of the said Act of Congress, as amended, and to do and perform all things necessary to secure to this state

the benefits of the said Act of Congress, as amended, in the promotion and maintenance of a system of public employment offices. The provisions of the said Act of Congress, as amended, are hereby accepted by this state, in conformity with § 4 of said Act, and this state will observe and comply with the requirements thereof. The Employment Security Commission is hereby designated and constituted the agency of this state for the purpose of said Act. The commission is directed to appoint the director, other officers, and employees of the employment service division. (Ex. Sess. 1936, c. 1, s. 12; 1941, c. 108, s. 11; 1947, c. 326, s. 24.)

Editor's Note.—The 1947 amendment rewrote this section.

§ 96-23. Job placement; information; research and reports.—The employment service division shall make public, through the newspapers and other media, information as to situations it may have applicants to fill, and establish relations with employers for the purpose of supplying demands for labor. The division shall collect, collate, and publish statistical and other information relating to the work under its jurisdiction; investigate economic developments, and the extent and causes of unemployment and remedies therefor within and without the state, with the view of preparing for the information of the general assembly such facts as in its opinion may make further legislation desirable. All information obtained by the North Carolina state employment service division from workers, employers, applicants, or other persons, or groups of persons in the course of administering the state public employment service program shall be absolute privileged communications and shall not be disclosed directly or indirectly except as by regulations prescribed by the commission. (1921, c. 131, s. 5; Ex. Sess. 1936, c. 1, s. 12; 1947, c. 326, s. 25; C. S. 7312(e).)

Editor's Note.—The 1947 amendment added the last sentence to this section.

§ 96-27. Method of handling employment service funds.—All federal funds received by this state under the Wagner-Peyser Act (48 Stat. 113; Title 29, U. S. C., § 49) as amended, and all state funds appropriated or made available to the employment service division shall be paid into the employment security administration fund, and said moneys are hereby made available to the state employment service to be expended as provided in this article and by said act of Congress. For the purpose of establishing and maintaining free public employment offices, said division is authorized to enter into agreements with any political subdivision of this state or with any private, nonprofit organization, and as a part of any such agreement the commission may accept moneys, services, or quarters as a contribution to the employment security administration fund. (1935, c. 106, s. 7; Ex. Sess. 1936, c. 1, s. 12; 1941, c. 108, s. 11; 1947, c. 598, s. 1.)

Editor's Note.—
The 1947 amendment substituted at the end of the section "employment security administration fund" for "unemployment compensation administration fund."

§ 96-28. Annual appropriation.—There is hereby appropriated to the Employment Security Commission seventy-five thousand dollars annually, for the purpose of paying the state's contribution towards the expenses of the employment service division. (Ex. Sess. 1936, c. 1, s. 13; 1941, c. 108, s. 12; 1947, c. 598, s. 1.)

Editor's Note.—The 1947 amendment substituted "Employment Security Commission" for "unemployment compensation commission."

Chapter 97. Workmen's Compensation Act.

Art. 1. Workmen's Compensation Act.

Art. 2. Compensation Rating and Inspection Bureau.

Art. 1. Workmen's Compensation Act.

§ 97-1. Official title.

Purpose.—The primary purpose of legislation of this kind is to compel industry to take care of its own wreckage. Barber v. Minges, 223 N. C. 213, 216, 25 S. E. (2d) 837.

The general purpose of the Workmen's Compensation Act, in respect to compensation for disability, is to substitute, for common law or statutory rights of action and grounds of liability, a system of money payments by way of financial relief for loss of capacity to earn wages. There is no compensation provided for physical pain or discomfort. Branham v. Denny Roll, etc., Co., 223 N. C. 233, 25 S. E. (2d) 865.

Application. — The Workmen's Compensation Act deals with the incidents and risks of the contract of employment, in which is included the negligence of the employer in that relation. It has no application outside the field of industrial accident; and does not intend, by its general terms, to take away common law or other rights which pertain to the parties as members of the general public, disconnected from the employment. Barber v. Minges, 223 N. C. 213, 25 S. E. (2d) 837.

Cited in Dark v. Johnson, 225 N. C. 651, 36 S. E. (2d) 237.

§ 97-2. Definitions.—When used in this article, unless the context otherwise requires—

(a) Employment.—The term "employment" includes employment by the State and all political subdivisions thereof, and all public and quasi-public corporations therein and all private employments in which five or more employees are regularly employed in the same business or establishment, except agriculture and domestic services, and an individual sawmill and logging operator with less than ten (10) employees, who saws and logs less than sixty (60) days in any six consecutive months and whose principal business is unrelated to sawmilling or logging.

(b) Employee.—The term "employee" means every person engaged in an employment under any appointment or contract of hire or apprenticeship, express or implied, oral or written, including aliens, and also minors, whether lawfully or unlawfully employed, but excluding persons whose employment is both casual and not in the course of the trade, business, profession or occupation of his employer, and as relating to those so employed by the state, the term "employee" shall include all officers and employees of the state, except only such as are elected by the people, or by the general assembly, or appointed by the governor, either with or without the confirmation of the senate; as relating to municipal corporations and political subdivisions of the state, the term "employee" shall include all officers and employees thereof, except such as are elected by the people or elected by the council or other governing body of said municipal corporation or political subdivision, who act in purely administrative capacities, and to serve for a definite term of office. The term "employee" shall include members of the North Carolina National Guard, except when called into the service of the United States, and members of the North Carolina State Guard, and members of these organizations shall be entitled to compensation for injuries arising out of and in the course of the performance of their duties at drill, in camp, or on special duty under orders of the governor. The term "employee" shall include deputy sheriffs and all persons acting in the capacity of deputy sheriffs, whether appointed by the sheriff or by the governing body of the county and whether serving on a fee basis or on a salary basis, or whether deputy sheriffs serving upon a full time basis or a part time basis, and including deputy sheriffs appointed to serve in an emergency, but as to those so appointed, only during the continuation of the emergency. The sheriff shall furnish to the board of county commissioners a complete list of all deputy sheriffs named or appointed by him immediately after their appointment, and notify the board of commissioners of any changes made therein promptly after such changes are made. Any reference to an employee who has been injured shall, when the employee is dead, include also his legal representative, dependents, and other persons to whom compensation may be payable: Provided, that the third and fourth sentences herein shall not apply to Pender, Cherokee, Avery, Perquimans, Gates, Macon, Watauga, Ashe, Union, Wilkes, Hyde, Caswell, Bladen and Carteret Counties: Provided, further, that any employee as herein defined of a municipality, county, or of the state of North Carolina while engaged in the discharge of his official duty outside the jurisdictional or territorial limits of the municipality, county, or the state of North Carolina and while acting pursuant to authorization or instruction from any superior officer, shall have the same rights under this article as if such duty or activity were performed within the territorial boundary limits of his employer.

(e) Average Weekly Wages.—"Average weekly wages" shall mean the earnings of the injured employee in the employment in which he was working at the time of the injury during the period of fifty-two weeks immediately preceding the date of the injury, including the subsistence allowance paid to veteran trainees by the United States government, provided the amount of said allowance shall be reported monthly by said trainee to his employer, divided by fifty-two; but if the injured employee lost more than seven consecutive calendar days at one or more times during such period, although not in the same week, then the earnings for the remainder of such fifty-two weeks shall be divided by the number of weeks remaining after the time so lost has been deducted. Where the employment prior to the injury extended over a period of less than fifty-two weeks, the method of dividing the earnings during that period by the number of weeks and parts thereof during which the employee earned wages shall be followed; provided, results fair and just to both parties will be thereby obtained. Where, by reason of a shortness of time during which the employee has been in the employment of his employer or the casual nature or terms of his employment, it is impractical to compute the average weekly wages as above defined, regard shall be had to the average weekly amount which during the fifty-two weeks previous to the injury was being earned by a person of the same grade and character employed in the same class of employment in the same locality or community.

But where for exceptional reasons the foregoing would be unfair, either to the employer or employee, such other method of computing average weekly wages may be resorted to as will most nearly approximate the amount which the injured employee would be earning were it not for the injury.

Wherever allowances of any character made to an employee in lieu of wages are specified part of the wage contract they shall be deemed a part of his earnings.

Where a minor employee, under the age of twenty-one years, sustains a permanent disability or dies, the compensation payable for permanent disability or death shall be calculated, first, upon the average weekly wage paid to adult employees employed by the same employer at the time of the accident in a similar or like class of work which the injured minor employee would probably have been promoted to if not injured, or, second, upon such other method as may be used to compute the average weekly wage as will most nearly approximate the amount which the injured employee would be earning as an adult if it were not for the accident. Compensation for temporary total disability shall be computed upon the average weekly wage at the time of the accident, unless the total disability extends more than fifty-two weeks and then the compensation may be increased in proportion to his expected earnings.

(1945, c. 766; 1947, c. 698; 1949, c. 399.)

Editor's Note.—

The 1945 amendment rewrote the latter part of subsection (a) relating to sawmilling and logging, and added the fourth paragraph of subsection (e). The 1947 amendment inserted in subsection (e), beginning in line six thereof, the provision as to subsistence allowance paid to veteran trainees. The 1949 amendment added the last proviso to subsection (b). As the other subsections were not affected by the amendments they are not set out.

For a brief comment on the 1949 amendment, see 27 N. C. Law Rev. 495.

Subsection (a) of This Section Modified by § 97-19.—As a general proposition the only private employments covered by the Workmen's Compensation Act are those "in which

five or more employees are regularly employed in the same business or establishment." But this general rule is subject to the exception created by § 97-19, which was manifestly enacted to protect the employees of financially irresponsible sub-contractors who do not carry workmen's compensation insurance, and to prevent principal contractors, immediate contractors, and sub-contractors from relieving themselves of liability under the Act by doing through subcontractors what they would otherwise do through the agency of direct employees. Withers v. Black, 230 N. C. 428, 53 S. E. (2d) 668.

As to Secondary Liability of Contractor to Employees of Sub-contractor.—Where a contractor sublets a part of the contract to a sub-contractor without requiring from the subcontractor certificate that he had procured compensation insurance or had satisfied the industrial commission of his financial responsibility as a self-insurer under § 97-93, such contractor is properly held secondarily liable for compensation to an employee of the sub-contractor, even though the contractor regularly employs less than five employees. Withers v. Black, 230 N. C. 428, 53 S. E. (2d) 668.

Evidence Sufficient to Show Five or More Persons Regularly Employed.—Evidence tending to show that the employer regularly employed three persons in his general mercantile business and that for more than two months prior to the accident in suit he had employed two other persons at stated weekly wages to deliver fertilizers by truck in the operation of his mercantile business, supports the finding of the industrial commission that the employer had five or more persons regularly employed in his business and that he was therefore subject to the Workmen's Compensation Act. Hunter v. Peirson, 229 N. C. 356, 49 S. E. (2d) 653.

One who seeks to avail himself of the Workmen's Compensation Act must come within its terms and must be held to proof that he is in a class embraced in the act. Hayes v. Board of Trustees, 224 N. C. 11, 29 S. E. (2d) 137.

Employees and Independent Contractors.—Generally independent contractor is one who exercises independent employment and contracts to do a piece of work according to his own judgment and method, without being subject to his employer except as to the results of his work. Smith v. Southern Waste Paper Co., 226 N. C. 47, 36 S. E. (2d) 730, 731.

Where evidence tended to show that deceased, a machinist, contracted to construct a conveyor from materials furnished by defendant and in accordance with his rough sketch, hourly wage being basis of pay, and parties appeared to have treated contract as one of employment, such evidence was sufficient to sustain finding of commission that deceased was employee and not independent contractor. Id.

The evidence tended to show that deceased was a licensed contract hauler, and was engaged to haul sand, gravel and concrete from the defendant's bins to defendant's concrete mixer along a route selected by defendant, but that defendant had no control over the number of hours deceased worked or whether deceased drove his own truck or employed a driver, and that deceased paid for his own gas and oil and made his own repairs to his truck. Deceased was paid a stipulated sum per load and was also paid the hourly wage of truck drivers employed by defendant for that time lost waiting in line when the concrete mixer broke down. Deceased was killed when struck by a train at a grade crossing while hauling for defendant on the route selected. It was held that, upon the evidence, deceased was an independent contractor and not an employee within the meaning of this section and the judgment of the superior court affirming the award of compensation by the industrial commission, was reversed. Perley v. Ballenger Paving Co., 228 N. C. 479, 46 S. E. (2d) 298.

Evidence held sufficient to support finding of industrial commission that intestate was an employee within the coverage of the Workmen's Compensation Act and not an independent contractor. Cooper v. Colonial Ice Co., 230 N. C. 43, 51 S. E. (2d) 889.

The distinction between an independent contractor and an employee entitled to benefits under the Workmen's Compensation Act has frequently been considered by the supreme court and applied to the particular circumstances of individual cases. Cooper v. Colonial Ice Co., 230 N. C. 43, 51 S. E. (2d) 889, citing Perley v. Ballenger Paving Co., 228 N. C. 479, 46 S. E. (2d) 298; Bell v. Williamston Lbr. Co., 227 N. C. 173, 41 S. E. (2d) 281; Creighton v. Snipes, 227 N. C. 90, 40 S. E. (2d) 612; Smith v. Southern Waste Paper Co., 226 N. C. 47, 36 S. E. (2d) 730; Hayes v. Board of Trustees of Elon College, 224 N. C. 11, 29 S. E. (2d) 137; Beach v. McLean, 219 N. C. 521, 14 S. E. (2d) 515; Creswell v. Charlotte News Pub. Co., 204 N. C. 380, 168 S. E. 408; Johnson v. Asheville Hosiery Co., 199 N. C. 38, 153 S. E. 591.

The threefold conditions antecedent to the right to compensation under the North Carolina Workmen's Compensation Act are, namely: (1) That claimant suffered a personal injury by accident; (2) that such injury arose in the course of the employment; and (3) that such injury arose out of the employment. Withers v. Black, 230 N. C. 428, 53 S. E. (2d) 668.

An injury compensable under the Workmen's Compensation Act must be the result of an accident which arises out of and in the course of the employment. Taylor v. Wake Forest, 228 N. C. 346, 45 S. E. (2d) 387.

Injury Arising out of and in the Course of Employment.—

In accord with 4th paragraph in original. See Brown v. Carolina Aluminum Co., 224 N. C. 766, 32 S. E. (2d) 320; Taylor v. Wake Forest, 228 N. C. 346, 45 S. E. (2d) 387; Withers v. Black, 230 N. C. 428, 53 S. E. (2d) 668.

As to note on accidents arising out of and in the course of employment of traveling employees, see 23 N. C. Law Rev. 159.

An injury "arises out of" the employment when it occurs in the course of the employment and is a natural and probable consequence or incident of it, so that there is some causal relation between the accident and the performance of some service of the employment. Rewis v. New York Life Ins. Co., 226 N. C. 325, 38 S. E. (2d) 97.

An injury is one "arising out of the employment" within the purview of the Workmen's Compensation Act, when it occurs in the course of the employment and is a natural or probable consequence or incident of it. Withers v. Black, 230 N. C. 428, 53 S. E. (2d) 668.

"Arising out of" has been defined to mean coming from the work the employee is to do, or out of the services he is to perform, and as a natural result of one of the risks of the employment. The injury must spring from the employment or have its origin therein. Bolling v. Belkwhite Co., 228 N. C. 749, 46 S. E. (2d) 838.

The accident "arises out of" the employment when it occurs in the course of the employment and is the result of a risk involved therein or incident thereto, or to the conditions under which it is required to be performed. There must be some causal connection between the employment and the injury. Id.

The term "arising out of the employment" within the meaning of the Workmen's Compensation Act refers to the origin or cause of the accident, and while it must be interpreted in the light of the facts and circumstances of each case and may not be precisely defined, there must be some causal connection between the injury and the employment. Taylor v. Wake Forest, 228 N. C. 346, 45 S. E. (2d) 387.

The test for determining whether an accidental injury arises out of an employment is this: "There must be some causal relation between the employment and the injury; but if the injury is one which, after the event, may be seen to have had its origin in the employment, it need not be shown that it is one which ought to have been foreseen or expected." Withers v. Black, 230 N. C. 428, 53 S. E. (2d) 668.

The finding that the claimant's injury arose in the course of the employment was required by the evidence that it occurred during the hours of the employment and at the place of the employment while the claimant was actually engaged in the performance of the duties of the employment. Id.

Where there was friction and enmity between two employees, growing out of criticism of the work of one of them by the other and complaint thereof to the employer, and the employee, whose work was criticised, assaulted his fellow worker from anger and revenge over such criticism, which resulted in the death of the one assaulted, such death occurred from an accident in the course of the employment. Hegler v. Cannon Mills Co., 224 N. C. 669, 31 S. E. (2d) 918.

Where a workmen is injured by a fellow employee because of a dispute about the manner of doing the work he is employed to do, the accident to the injured workman grows out of the employment and is compensable. Withers v. Black, 230 N. C. 428, 53 S. E. (2d) 668.

Where the evidence discloses that the two employees had no personal contacts outside of the employment, and there was evidence that the dispute between them arose over the work they were performing for their common employer, the evidence was sufficient to sustain the finding by the industrial commission that an assault made by the one upon the other arose out of the employment. Id.

The fact that deceased was not actually engaged in the performance of his duties as watchman, at the time he was pushed over and injured unintentionally by a fellow employee in a hurry, does not perforce defeat his claim for compensation under this act where both employees had checked in for work, were on the premises and where they

had a right to be. Brown v. Carolina Aluminum Co., 224 N. C. 766, 32 S. E. (2d) 320.

Determination of the industrial commission that employee's death resulting from heat exhaustion or sunstroke was an injury which arose out of and in course of employment, was held supported by the evidence, where evidence showed that the general outside temperature was 104° Fahrenheit and employee's work required that he be in close proximity to melted lead which increased the temperature in the partly finished building where employee was working on day of his death. Fields v. Tompkins-Johnston Plumbing Co., 224 N. C. 841, 32 S. E. (2d) 623.

Where the employment subjects a workman to a special or particular hazard from the elements, such as excessive heat or cold, likely to produce sunstroke or freezing, death or disability resulting from such cause usually comes within the purview of the compensation acts. On the other hand, where the employee is not by reason of his work peculiarly exposed to injury by sunstroke or freezing, such injuries are not ordinarily compensable. The test is whether the employment subjects the workman to a greater hazard or risk than that to which he otherwise would be exposed. Fields v. Tompkins-Johnston Plumbing Co., 224 N. C. 841, 32 S. E. (2d) 623.

Employee Need Not Be in Exact Spot Designated by Employer.—The Workmen's Compensation Act must be liberally construed, and the term "out of the employment" will not preclude recovery for an accident occurring while an employee is not in the exact spot designated by the employer if the employee is at the place he is required to be in the performance of his duties. Howell v. Standard Ice, etc., Co., 226 N. C. 730, 40 S. E. (2d) 197.

Acts which are necessary to the health and comfort of an employee while at work, though personal to himself and not technically acts of service, such as visits to the washroom, are incidental to the employment. Rewis v. New York Life Ins. Co., 226 N. C. 325, 38 S. E. (2d) 97.

Evidence tending to show that the employee was suffering from a disease which weakened him and subjected him to frequent fainting spells, that during the course of his employment he went to the men's washroom, and while there felt faint, and in seeking fresh air, went to the open window, slipped on the tile floor, and fell through the window to his death, held sufficient to support the finding of the industrial commission that his death was the result of an accident arising out of and in the course of his employment. Id.

Voluntarily Helping Another Employee.—Claimant was employed as a lumber-piler and was instructed to stay away from the saws, but there was evidence that on the day of his injury he was instructed to leave his regular job and to perform some work in the vicinity of one of the saws, and that while waiting at the place designated he started to assist another employee, in the absence of the regular sawyer, in cutting off a board, and suffered an injury when his hand came in contact with the saw. Two men were usually required to operate the saw. The court held the evidence was sufficient to sustain the finding of the industrial commission that the injury arose out of and in the course of his employment. Riddick v. Richmond Cedar Works, 227 N. C. 647, 43 S. E. (2d) 850.

Injury to Policeman Pursuing Offender Beyond Jurisdiction.—

Note the effect of the 1949 amendment to subsection (b) of this section.

Evidence tending to show that deceased employee, a township constable, was also employed by a municipality of the township to maintain order in its business district during certain hours of the night, and that prior to the hours of his employment by the town, a policeman of the municipality, who knew he was a constable but did not know of his employment by the town, requested him to go with him on a call outside the limits of the town, and that there he was fatally injured in attempting to make an arrest, was held to show that the fatal injury did not arise in the course of his employment by the municipality. Taylor v. Wake Forest, 228 N. C. 346, 45 S. E. (2d) 387.

Evidence tending to show that deceased came to his death as a result of a pistol wound while at a place where he had a right to be in the course of his employment, without evidence that he was authorized to keep a pistol or use it in the business of the employer, is insufficient to support an award of compensation on the ground that in the absence of a showing of suicide it will be presumed that the death resulted from an accident, since, even so, there is neither presumption nor evidence to support the necessary basis for compensation that the accident arose out of the employment. Bolling v. Belkwhite Co., 228 N. C. 749, 46 S. E. (2d) 838.

Hernia.—

The evidence tended to show that employee lifted a plate weighing 40 or 50 pounds in the regular and usual course of his employment, and while handing it to the pressman with his body in a twisted position, felt a sharp pain. Expert testimony was introduced to the effect that the employee had ruptured an inter-vertebral disc and that the lifting of the weight in the manner described was sufficient to have produced the injury. Plaintiff employee admitted that on two different occasions, several years previously, when he arose from a sitting position he had a catch in his back. It was held that the evidence is sufficient to support the finding of the industrial commission that the injury resulted from an accident. Edwards v. Piedmont Pub. Co., 227 N. C. 184, 41 S. E. (2d) 592.

Ordinarily, heart disease is not an injury and death therefrom is not ordinarily compensable. West v. North Carolina Dept. of Conservation and Development, 229 N. C. 232, 49 S. E. (2d) 398.

Dilatation of the Heart Due to Unusual Exertion.—A policeman fifty-six years of age who was in good health and without any physical defect or disease, arrested a young man who, because of intoxication, violently and viciously resisted, and after the officer subdued him and transported him to the jail, the officer and another had to carry the prisoner up three flights of stairs because the elevator was out of order. The officer collapsed with acute dilatation of the heart due to the unusual exertion. This injury to the heart muscle was chronic and progressive and the policeman suffered a fatal heart attack some ten months thereafter. It was held that the evidence warranted the conclusion that the injury to the heart resulted not from inherent weakness or disease but from an unusual and unexpected happening, and that therefore death resulted from an accident within the meaning of this section. Gabriel v. Newton, 227 N. C. 314, 42 S. E. (2d) 96.

As to falls due to dizziness, vertigo, epilepsy and like causes as compensable accidents, see 26 N. C. Law Rev. 320.

Casual Employment.—

Employment continuously for five or six weeks in construction of facilities for defendant's plant may not be held to be either casual or not in the course of defendant's business. Smith v. Southern Waste Paper Co., 226 N. C. 47, 36 S. E. (2d) 730.

The evidence tended to show that the defendant operated a general mercantile business, which included the selling and delivery of commercial fertilizers, and that plaintiffs' intestates had been working for a period of more than two months at stated weekly wages in delivering the fertilizers by truck when they met with fatal accident arising out of and in the course of their employment. It was held that decedents were not casual employees, and further, the injury arose within the scope of the employer's regular business, and therefore they were employees of defendant within the coverage of the Workmen's Compensation Act. Hunter v. Peirson, 229 N. C. 356, 49 S. E. (2d) 653.

An accident.—

In accord with 1st paragraph in original. See Brown v. Carolina Aluminum Co., 224 N. C. 766, 32 S. E. (2d) 320; Gabriel v. Newton, 227 N. C. 314, 42 S. E. (2d) 96.

The word "accident" as used in this act is an unlooked for and untoward event which is not expected or designed by the injured employee. Edwards v. Piedmont Pub. Co., 227 N. C. 184, 41 S. E. (2d) 592.

An assault is an "accident" within the meaning of the Workmen's Compensation Act, when from the point of view of the workman who suffers from it it is unexpected and without design on his part, although intentionally caused by another. Withers v. Black, 230 N. C. 428, 53 S. E. (2d) 668.

Deputy Sheriff as Employee.—

The 1939 amendment including deputy sheriffs within the meaning of the term "employee" as used in this section is not violative of art. I, § 7 or art. II, § 29 of the constitution. Towe v. Yancey County, 224 N. C. 579, 31 S. E. (2d) 754.

"Employee."—Except as to public officers the definition of "employee" contained in this section adds nothing to the common law meaning of the term. Nor does it encroach upon or limit the common law meaning of "independent contractor." These terms must be given their natural and ordinary meaning in their accepted legal sense. Hayes v. Board of Trustees, 224 N. C. 11, 29 S. E. (2d) 137.

Disability, under the Workmen's Compensation Act, is measured by the capacity or incapacity of the employee to earn the wages he was receiving at the time of the injury, by the same or any other employment. And the fact that the same wages are paid by the employer, because of long service, does not alter the rule. Branham v. Denny Roll, etc., Co., 223 N. C. 233, 25 S. E. (2d) 865.

There is no "disability" if the employee is receiving the same wages in the same or any other employment. That "in the same" employment he is not required to perform all the physical work theretofore required of him can make no difference. Even so, if this be not "the same employment" then it clearly comes within the term "other employment." To remove the employment from one classification necessarily shifts it to the other. Furthermore, there is no language used in this section or in any other part of the statute which even suggests that "other employment" must be with a different employer. Branham v. Denny Roll, etc., Co., 223 N. C. 233, 237, 25 S. E. (2d) 865.

Attending a good will picnic at the invitation of the employer was held not to invoke the relation of the master and servant where the employee did no work and was not paid for attendance, nor penalized for nonattendance, nor ordered to go. Barger v. Minges, 223 N. C. 213, 25 S. E. (2d) 837.

Payment of medical or hospital expenses constitutes no part of compensation to an employee or his dependents under the provisions of our Workmen's Compensation Act. Whitted v. Palmer-Bee Co., 228 N. C. 447, 46 S. E. (2d) 109.

Review of Decision.—

Where the evidence is such that several inferences appear equally plausible, the finding of the industrial commission is conclusive on appeal, and courts are not at liberty to reweigh the evidence and set aside the finding simply because other conclusions might have been reached. § 97-4. Notice of nonacceptance and waiver of exemption.—Either an employer or an employee, who has exempted himself by proper notice from the operation of this article, may at any time waive such exemption, and thereby accept the provisions of this article by giving notice as herein provided.

The notice of nonacceptance of the provisions of this article shall be given thirty days prior to any accident resulting in injury or death: Provided, that if any such accident occurred less than thirty days after the date of employment, notice of such exemption or acceptance given at the time of employment shall be sufficient notice thereof. An employee may waive notice of nonacceptance by giving five days notice in the manner provided for nonacceptance. The notice shall be in writing or print, in substantially the form prescribed by the Industrial Commission, and shall be given by the employer by posting the same in a conspicuous place in the shop, plant, office, room, or place where the employee is employed, or by serving it personally upon him; and shall be given by the employee by sending the same in registered letter, addressed to the employer at his last known residence or place of business, or by giving it personally to the employer or any of his agents upon whom a summons in civil action may be served under the laws of the state. A copy of the notice in prescribed form shall also be filed with the Industrial Commission.

In any suit by an employer or an employee who has exempted himself by proper notice from the application of this article, a copy of such notice duly certified by the Industrial Commission shall be admissible in evidence as proof of such exemption. (1929, c. 120, s. 5; 1945, c. 766.)

Editor's Note.—The 1945 amendment struck out the words "and notice of waiver of exemption heretofore referred to" formerly appearing after the word "article" in line two of the second paragraph. It also inserted the second sentence of the paragraph.

§ 97-7. State or subdivision and employees thereof.—Neither the State nor any municipal corporation within the State, nor any political subdivision thereof, nor any employee of the State or of any such corporation or subdivision, shall have the right to reject the provisions of this article relative to payment and acceptance of compensation, and the provisions of §§ 97-4, 97-5, 97-14, 97-15, and 97-16 shall not apply to them: Provided, that all counties are hereby authorized to self-insure or purchase insurance to secure its liability under this article and to include thereunder the liability of such subordinate governmental agencies as the county board of health, the school board, and other political and quasi-political subdivisions supported in whole or in part by the county, and to appropriate an amount sufficient for this purpose and levy a special tax if a special tax is necessary to pay the costs of same. (1929, c. 120, s. 8; 1931, c. 274, s. 1; 1945, c. 766.)

In General.—

Expressions in this section regarding the surrender of the right to maintain common law or statutory actions against the employer are not absolute—not words of universal import, making no contact with time, place or circumstance. They must be construed within the framework of the act, and as qualified by its subject and purposes. Barber v. Minges, 223 N. C. 213, 216, 25 S. E. (2d) 837.

Remedy under Act Is Exclusive as against Employer Only.—The remedies given an employee under the Workmen's Compensation Act are exclusive as against the employer only, and the Act does not preclude an employee from waiving his claim against his employer and pursuing his remedy against a third-party tort-feasor by common law action for negligence, although his rights against such third party after a claim for compensation is filed are limited. Ward v. Bowles, 228 N. C. 273, 45 S. E. (2d) 354.

Illegal Agreement between Employee's Dependents and Employer.—In an action by the administrator of a deceased employee against the third-party tort-feasor, allegations in defendant's answer of an illegal agreement between the dependents and the employer for the distribution of the fund, are properly stricken on motion, since the administrator is an official of the court under duty to make disbursement of any recovery in conformity with statute, and could not be bound by the terms of the agreement alleged. Penny v. Stone, 228 N. C. 295, 45 S. E. (2d) 362.

Allegations Failing to Show Contract by Employer and Carrier Not to Sue.—An action was instituted by the ad-

ministrator of a deceased employee against the third-party tort-feasor. Compensation had been paid for the employee's death under the Workmen's Compensation Act. Defendant alleged in its answer that in the collision causing the death of plaintiff's intestate, other persons were killed or injured, that the other actions growing out of the collision were compromised, and that in the settlement defendant made a substantial contribution upon the assurance of the attorneys for the employer and insurance carrier that they would recommend that this action not be instituted. It was held that the allegations failed to show a contract by the employer or the insurance carrier not to sue, or that the attorneys did not make the promised recommendation in good faith; and the allegations were properly stricken upon motion in the administrator's action. Penny v. Stone, 228 N. C. 295, 45 S. E. (2d) 362.

Evidence as to Amount of Compensation Prohibited.—In an action by the administrator of an employee against the third-party tort-feasor, evidence concerning amount of compensation paid by the employer, or the amount thereof to which dependents are entitled, is prohibited. Penny v. Stone, 228 N. C. 295, 45 S. E. (2d) 362.

§ 97-13. Exceptions from provisions of article.

(b) Casual Employment, Domestic Servants, Farm Laborers, Federal Government, Employer of Less than Five Employees.—This article shall not apply to casual employees, farm laborers, federal government employees in North Carolina, and domestic servants, nor to employees of such persons, nor to any person, firm or private corporation that has regularly in service less than five employees in the same business within this state. Except that any employer, without regard to number of employees, including an employer of domestic servants, farm laborers, or one who previously had exempted himself, who has purchased workmen's compensation insurance to cover his compensation liability shall be conclusively presumed during life of the policy to have accepted the provisions of this article from the effective date of said policy, and his employees shall be so bound unless waived as provided in this article.

(1945, c. 766.)

Editor's Note.—
The 1945 amendment rewrote subsection (b). As the rest of the section was not affected by the amendment it is not set out.

§ 97-14. Employers not bound by article may not use certain defenses in damage suit.

Employer Is Not an Insurer.—This section although abolishing an employer's most cherished defenses, does not make him an insurer, nor does it relieve the employee of establishing a breach of duty. It is elementary, however, that this section leaves the employer in a completely exposed position. Great Atlantic, etc., Tea Co. v. Robards, 161 F. (2d) 929, 932.

§ 97-19. Liability of principal contractors; certificate that sub-contractor has complied with law; right to recover compensation of those who would have been liable; order of liability.

The principal or owner may insure any or all of his contractors and their employees in a blanket policy, and when so insured such contractor's employees will be entitled to compensation benefits regardless of whether the relationship of employer and employee exists between the principal and the contractor. (1929, c. 120, s. 19; 1941, c. 358, s. 1; 1945, c. 766.)

Editor's Note.—
The 1945 amendment added the above paragraph at the end of this section. As the rest of the section was not affected by the amendment it is not set out.

This Section Modifies § 97-2 (a).—As a general proposition the only private employments covered by the Workmen's Compensation Act are those "in which five or more employees are regularly employed in the same business or establishment." § 97-2 (a). But this general rule is subject to the exception created by this section, which was manifestly enacted to protect the employees of financially irresponsible subcontractors who do not carry workmen's compensation insurance, and to prevent principal contractors, immediate contractors, and subcontractors from relieving themselves of liability under the Act by doing through subcontractors what they would otherwise do through the agency of direct employees. Withers v. Black, 230 N. C. 428, 53 S. E. (2d) 668.

Number of Persons Regularly Employed by Contractor Is Immaterial.—Where a contractor sublets a part of the contract to a subcontractor without requiring from the subcontractor certificate that he had procured compensation insurance or had satisfied the industrial commission of his financial responsibility as a self-insurer under § 97-93, such contractor is properly held secondarily liable for compensation to an employee of the subcontractor, even though the contractor regularly employs less than five employees. Withers v. Black, 230 N. C. 428, 53 S. E. (2d) 668. See § 97-2.

§ 97-21. Claims unassignable and exempt from taxes and debts; agreement of employee to contribute to premium or waive right to compensation void; unlawful deduction by employer.

Cited in Matros v. Owen, 229 N. C. 472, 50 S. E. (2d) 509.

§ 97-24. Right to compensation barred after one year.

(c) When all claims and reports required by this article have been filed, and the cases and records of which they are a part have been closed by proper reports, receipts, awards or orders, these records, may after five years, in the discretion of the commission, with and by the authorization and approval of the North Carolina department of archives and history, be destroyed by burning or otherwise. (1929, c. 120, s. 24; 1933, c. 449, s. 2; 1945, c. 766.)

Editor's Note.—
The 1945 amendment added subsection (c). As the rest of the section was not affected by the amendment it is not set out.

Claim Need Not Be Filed with Commission as Court of First Instance.—This section does not require plaintiff to file a claim with the industrial commission, as a court of first instance, before bringing an action in the Superior Court. Barber v. Minges, 223 N. C. 213, 25 S. E. (2d) 837.

Where the industrial commission finds a general partial disability, in adjudging the rights and liabilities of the parties, the commission may direct compensation at the statutory rate, whenever it is shown, within 300 weeks of the accident, that claimant is earning less than his former wages, due to the injury. By so doing the commission retains jurisdiction for future adjustments and does not exceed its authority. Branham v. Denny Roll, etc., Co., 223 N. C. 233, 25 S. E. (2d) 865.

Implied Agreement Not to Plead Statute.—
Evidence held not to show any representation by the employer that the accident had been reported, or any agreement, express or implied, that the bar of the statute of limitations in this section would not be pleaded, and therefore the employer was not estopped from setting up the defense of the bar of the statute. Jacobs v. Safie Mfg. Co., 229 N. C. 660, 50 S. E. (2d) 738.

Claim Not Filed within Time Prescribed.—
Claimant was injured by accident arising out of and in the course of his employment. He reported the accident to the employer, who, on the day of the accident, reported it to the industrial commission as required by § 97-92. Subsequently bills for medical services rendered claimant as a

result of the injury were approved for payment by the commission. No claim for compensation was filed by the employee, the employer or the insurance carrier. More than a year after the accident the employee first discovered the serious effects of the accident and requested a hearing before the industrial commission. It was held that no claim for compensation having been filed within twelve months from the date of the accident and no request for a hearing having been made within that time, and no payment of bills for medical treatment having been made within the twelve months prior to the request for a hearing, the claim was barred by this section. § 97-29. Compensation rates for total incapacity.—Where the incapacity for work resulting from the injury is total, the employer shall pay, or cause to be paid, as hereinafter provided, to the injured employee during such total disability a weekly compensation equal to 60 per centum of his average weekly wages, but not more than twenty-four dollars, nor less than eight dollars, a week; and in no case shall the period covered by such compensation be greater than four hundred weeks, nor shall the total amount of all compensation exceed six thousand dollars. Except that in cases in which total disability is due to paralysis resulting from injuries to the spinal cord, compensation including reasonable and necessary medical and hospital care shall be paid during the life of the injured employee, without regard to the four hundred weeks limited herein, or to the six thousand dollars ($6,000.00) maximum compensation under this article. Provided, however, should death result from the injury and within three hundred and fifty weeks from the date of the accident and before the maximum compensation is paid, compensation for the remaining weeks or until the full six thousand dollars ($6,000.00) including two hundred dollars ($200.00) funeral expense shall be paid as in any other death case and as provided for in §§ 97-38 and 97-40 of this article.

In cases of total and permanent disability due to paralysis resulting from an injury to the spinal cord the commission may, in its discretion taking into consideration the financial need and necessity of the injured employee, enter an award and pay compensation and reasonable, necessary medical, nursing, hospital and other treatment expenses from the second injury fund during the life of the injured employee where the injury occurred prior to the effective date of this amendment and compensation is still being paid or in cases where the last payment of compensation has been made subsequent to January 1, 1941; such compensation, to be paid only from April 4, 1947 and after the employer's liability for compensation, medical, nursing, hospital and other treatment expenses has ceased; but when compensation is allowed in any case under this amendment, the commission may authorize payment of medical, nursing, hospital and other treatment expenses accrued prior to the date compensation was allowed but after the employer's liability therefor has ceased; provided funds are available after paying claims in second injury cases; provided, further, should the fund be insufficient to pay compensation, medical, nursing and hospital expenses, then the said expenses shall be paid first and compensation thereafter according to the availability of funds.

The basis for compensation of members of the North Carolina national guard and the North Carolina state guard shall be the maximum amount of twenty-four dollars per week as fixed herein. The basis for compensation of deputy sheriffs, or those acting in the capacity of deputy sheriffs, who serve upon a fee basis shall be the minimum amount of eight dollars a week as fixed herein. Provided that the last sentence herein shall not apply to Pender, Cherokee, Avery, Perquimans, Gates, Macon, Watauga, Ashe, Union, Wilkes, Hyde, Caswell, Bladen and Carteret Counties. (1929, c. 120, s. 29; 1939, c. 277, s. 1; 1943, c. 502, s. 3; 1943, cc. 543, 672, s. 2; 1945, c. 766; 1947, c. 823; 1949, c. 1017.)

Editor's Note.—

The 1945 amendment struck out the former second sentence which read: "In case of death the total sum paid shall be six thousand dollars less any amount that may have been paid as partial compensation during the period of disability, payable in one sum to the personal representative of deceased."

The 1947 amendment, effective April 4, 1947, substituted in line seven of the first paragraph "twenty-four" for "twenty-one" and "eight" for "seven", added the second sentence and the proviso to such paragraph, and inserted the second paragraph. It also substituted "twenty-four" for "eighteen" and "eight" for "seven" in the last paragraph.

The 1949 amendment, effective April 15, 1949, rewrote the second paragraph.

§ 97-30. Partial incapacity.—Except as otherwise provided in § 97-31, where the incapacity for work resulting from the injury is partial, the employer shall pay, or cause to be paid, as hereinafter provided, to the injured employee during such disability, a weekly compensation equal to 60 per centum of the difference between his average weekly wages before the injury and the average weekly wages which he is able to earn thereafter, but not more than twenty-four dollars a week, and in no case shall the period covered by such compensation be greater than three hundred weeks from the date of injury. In case the partial disability begins after a period of total disability, the latter period shall be deducted from the maximum period herein allowed for partial disability. (1929, c. 120, s. 30; 1943, c. 502, s. 4; 1947, c. 823.)

Editor's Note.—

The 1947 amendment substituted "twenty-four" for "twenty-one" in line ten.

For comment on the 1943 amendment, see 21 N. C. Law Rev. 384.

The Workmen's Compensation Act is only intended to furnish compensation for loss of earning capacity. Without such loss there is no provision for compensation in this section, although even permanent physical injury may have been suffered. Branham v. Denny Roll, etc., Co., 223 N. C. 233, 236, 25 S. E. (2d) 865.

Test of Earning Capacity.—Under the act wages earned, or the capacity to earn wages, is the test of earning capacity, or, to state it differently, the diminution of the power or capacity to earn is the measure of compensability. Branham v. Denny Roll, etc., Co., 223 N. C. 233, 237, 25 S. E. (2d) 865.

§ 97-31. Schedule of injuries; rate and period of compensation.

Editor's Note.—

For comment on the 1943 amendment, see 21 N. C. Law Rev. 384.

Total Loss of 95% of Vision of Each Eye.—Upon evidence showing that claimant had suffered permanent loss of 95% of the vision of each eye, an award for permanent and total loss of vision of each eye is proper. Withers v. Black, 230 N. C. 428, 53 S. E. (2d) 668.

Disfigurement must be evidenced by an outward observable blemish, scar or mutilation, under the Workmen's Compensation Act, and it must be so permanent and serious as to hamper or handicap the person in his earning or in securing employment. Branham v. Denny Roll, etc., Co., 223 N. C. 233, 25 S. E. (2d) 865.

Compensation for disfigurement is not required by the act. Its allowance or disallowance is within the legal discretion of the industrial commission. Branham v. Denny Roll, etc., Co., 223 N. C. 233, 25 S. E. (2d) 865.

§ 97-32. Refusal of injured employee to accept suitable employment as suspending compensation.

The purpose of this section is to guard against the possibility that an injured employee may refuse to work when, in fact, he is able to work and earn wages, and thus increase or attempt to increase the amount of his compensation. Branham v. Denny Roll, etc., Co., 223 N. C. 233, 236, 25 S. E. (2d) 865.

§ 97-36. Accidents taking place outside state; employee receiving compensation from another state.

Concurrence of Three Factors Is Requisite for Jurisdiction.—

"In Reaves v. Earle-Chesterfield Mill Co., 216 N. C. 462, 5 S. E. (2d) 305, it is said that insofar as it depends upon the statute alone the jurisdiction of the industrial commission attaches (a) if the contract of employment was made in this State; (b) if the employer's place of business is in this State; and (c) if the residence of the employee is in this State. A practical application of the statute requires the addition of one other requisite: the employer-employee relation must exist at the time of and in respect to the injury or death or to the transaction out of which such injury or death arose." Barber v. Minges, 223 N. C. 213, 221, 25 S. E. (2d) 837 (dis. op.).

§ 97-37. Where injured employee dies before total compensation is paid.—When an employee receives or is entitled to compensation under this article for an injury covered by § 97-31 and dies from any other cause than the injury for which he was entitled to compensation, payment of the unpaid balance of compensation shall be made: First, to the surviving whole dependents; second, to partial dependents, and, if no dependents, to the next of kin as defined in the article; if there are no whole or partial dependents or next of kin as defined in the article, then to the personal representative and second injury fund as provided in the article, in lieu of the compensation the employee would have been entitled to had he lived.

Provided, however, that if the death is due to a cause that is compensable under this article, and the dependents of such employee are awarded compensation therefor, all right to unpaid compensation provided by this section shall cease and determine. (1929, c. 120, s. 37; 1947, c. 823.)

Editor's Note.—Prior to the 1947 amendment the unpaid balance was made to the employee's next of kin dependent upon him for support.

§ 97-38. Where death results proximately from the accident; dependents; burial expenses; compensation to aliens; election by partial dependents.—If death results proximately from the accident and within two years thereafter, or while total disability still continues, and within six years after the accident, the employer shall pay for or cause to be paid, subject, however, to the provisions of the other sections of this article in one of the methods hereinafer provided, to the dependents of the employee, wholly dependent upon his earnings for support at the time of accident, a weekly payment equal to 60 per centum of his average weekly wages, but not more than twenty-four dollars, nor less than eight dollars, a week for a period of three hundred and fifty weeks from the date of the injury, and burial expenses not exceeding two hundred dollars.

(1947, c. 823.)

Editor's Note.—

The 1947 amendment substituted "twenty-four" for "twenty-one" and "eight" for "seven" near the end of the first sentence. As the rest of the section was not changed only the first sentence is set out.

For comment on the 1943 amendment, see 21 N. C. Law Rev. 384.

§ 97-40. Commutation of benefit and payment on absence of dependents; second injury fund.—If the deceased employee leaves no dependents the employer shall pay to the next of kin as herein defined the commuted amount provided for in § 97-38 for whole dependents; but if the deceased left no next of kin as herein defined, then said commuted amount shall be paid to the Industrial Commission to be held and disbursed by it in the manner hereinafter provided; one-half of said commuted amount shall be retained by the Industrial Commission and the other one-half paid to the personal representative of the deceased to be by him distributed to the next of kin as defined in the Statutes of Distribution; but if there be no next of kin as defined in the Statutes of Distribution, then the personal representative shall pay the same to the Industrial Commission after payment of costs of administration. For the purpose of this section the term "next of kin" shall include only father, mother, widow, child, brother, or sister of the deceased.

For the purpose of providing additional money for the Second Injury Fund, hereinafter provided for, the Industrial Commission shall assess against the employer or its insurance carrier the payment of twenty-five dollars ($25.00) in all cases of permanent partial disability where there is a loss of, or loss of use of, each minor member; and one hundred dollars ($100.00) in each case of a major member where the permanent partial disability is fifty per cent (50%) or more loss of, or loss of use of. Major members are defined as a foot, leg, hand, arm, eye or hearing.

Amounts paid to the Industrial Commission under this section shall constitute a Second Injury Fund, to be held by the commission and disbursed by it in unusual cases of second injuries as follows: (1) To provide additional compensation in case of second injuries referred to in § 97-33: Provided, however, such additional compensation when added to the compensation awarded under

said section, shall not exceed the amount which would have been payable for both injuries had both been sustained in the subsequent accident: Provided, further, that the original and the increased permanent disabilities were each at least 20% of the entire member. (2) To provide for an injured employee who has sustained permanent total disability, in the manner referred to in § 97-35, compensation in addition to the compensation which shall be awarded under said section; such additional compensation, however, when added to the compensation awarded under said section shall not exceed the compensation for permanent total disability as provided in § 97-29.

The additional compensation herein provided for is to be paid out of the Second Injury Fund exclusively and only to the extent which the assets of said fund shall permit. (1929, c. 120, s. 40; 1931, c. 274, s. 5; 1931, c. 319; 1945, c. 766.)

Editor's Note.—
The 1945 amendment inserted the second paragraph. It also inserted the second proviso under subdivision (1) of the third paragraph.

§ 97-41. Total compensation not to exceed $6,000.—The total compensation payable under this article shall in no case exceed six thousand ($6,000) dollars, except in cases of total disability due to paralysis resulting from injuries to the spinal cord when the terms of § 97-29 shall apply. (1929, c. 120, s. 41; 1947, c. 823.)

Editor's Note.—The 1947 amendment added the exception clause.

§ 97-47. Change of condition; modification of award.—Upon its own motion or upon the application of any party in interest on the grounds of a change in condition, the Industrial Commission may review any award, and on such review may make an award ending, diminishing, or increasing the compensation previously awarded, subject to the maximum or minimum provided in this article, and shall immediately send to the parties a copy of the award. No such review shall affect such award as regards any moneys paid but no such review shall be made after twelve months from the date of the last payment of compensation pursuant to an award under this article, except that in cases in which only medical or other treatment bills are paid, no such review shall be made after twelve months from the date of the last payment of bills for medical or other treatment, paid pursuant to this article. (1929, c. 120, s. 46; 1931, c. 274, s. 6; 1947, c. 823.)

Editor's Note.—
The 1947 amendment added the exception clause at the end of the section.

The review of an award for change of condition must be made within twelve months from the date of the last payment of compensation pursuant to an award, and while the right to review as enlarged by the 1947 amendment to this section, to include instances in which only medical or other treatment bills are paid, the amendment provides for review in such cases only within twelve months of the date of last payment of bills for medical or other treatment. § 97-48. Receipts relieving employer; payment to minors; when payment of claims to dependents subsequent in right discharges employer.

(d) A minor employee under the age of eighteen (18) years may sign agreements and receipts for payments of compensation for temporary total disability, and such agreements and receipts executed by such minor shall acquit the employer. Where the injury results in a permanent disability and the sum to be paid does not exceed five hundred dollars the minor employee may execute agreements and sign receipts and such agreements and receipts shall acquit the employer; provided, that when deemed necessary the commission may require the signature of a parent or person standing in place of a parent. (1929, c. 120, s. 47; 1931, c. 274, s. 7; 1945, c. 766.)

Editor's Note.—
The 1945 amendment added subsection (d). As the rest of the section was not affected by the amendment it is not set out.

§ 97-52. Occupational disease made compensable; "accident" defined.

Special Provisions Relating to Asbestosis and Silicosis.— When the special provisions of the occupational disease amendment relating to asbestosis and silicosis are read in their entirety, it is apparent that they are designed to effect these objects: (1) To prevent the employment of unaffected persons peculiarly susceptible to asbestosis or silicosis in industries with dust hazards; (2) to secure compensation to those workers affected with asbestosis or silicosis, whose principal need is compensation; and (3) to provide compulsory changes of occupations for those workmen affected by asbestosis or silicosis, whose primary need is removal to employments without dust hazards. Young v. Whitehall Co., 229 N. C. 360, 49 S. E. (2d) 797.

A proper consideration of the special provisions of this chapter relating to asbestosis and silicosis must rest upon a conviction that in passing these laws the legislature gave due heed to the nature of these diseases. Id.

§ 97-53. Occupational diseases enumerated; when due to exposure to chemicals.

26. In case of members of fire departments of cities, counties or municipal corporations or political subdivisions of the state, whether such members are voluntary, partly paid or fully paid, coronary thrombosis, coronary occlusion, anginapectoris or acute coronary insufficiency shall each be deemed to be an occupational disease within the meaning of this article, provided:

(a) Such disease develops or first manifests itself during a period while such member is an active member of such department or unit, and

(b) Said member, prior to such manifestation or development, shall have served five consecutive years or more immediately preceding such manifestation or development as an active member of said fire service, and

(c) Said member, upon entering said fire service or not less than five years prior to first manifestation or development of said heart disease, shall have undergone a medical examination, which examination failed to disclose the presence of such disease.

(d) Cities may adopt their own plans for the purpose of carrying out the intent of this subsection.

For the purpose of the foregoing, the time of development or first manifestation of such diseases shall only be determined by and run from the date of first notice of the existence of such diseases to such member by a physician or the date of death as a result of such diseases. (1935, c. 123; 1949, c. 1078.)

Editor's Note.—The 1949 amendment added subsection 26 to this section. As the rest of the section was not affected by the amendment it is not set out.

For a brief comment on the 1949 amendment, see 27 N. C. Law Rev. 495.

Heart disease is not an occupational disease. West v.

North Carolina Dept. of Conservation and Development, 229 N. C. 232, 49 S. E. (2d) 398.

Common Law Actions Excluded as to Certain Occupational Diseases.—In dealing with certain unscheduled occupational diseases, the Supreme Court has held common law actions to be excluded by the Workmen's Compensation Act; but in these cases the condition admittedly and allegedly arose out of the employment. Barber v. Minges, 223 N. C. 213, 25 S. E. (2d) 837.

§ 97-54. "Disablement" defined.

Criterion of Disability in Cases of Asbestosis and Silicosis.—There is a radical difference between the criterion of disability in cases of asbestosis and silicosis and that of disability in cases of injuries and other occupational diseases. An employee is disabled by injury or an ordinary occupational disease within the purview of the Workmen's Compensation Act only if he suffers incapacity because of the injury or disease to earn the wages which he was receiving at the time of the injury or disease in the same or any other employment. § 97-2. But a worker is disabled in cases of asbestosis or silicosis if he is "actually incapacitated, because of such occupational disease, from performing normal labor in the last occupation in which remuneratively employed." Young v. Whitehall Co., 229 N. C. 360, 49 S. E. (2d) 797.

The distinction in tests is highly significant, and arises out of the legislative consciousness that any attempt to compel an indiscriminate transfer of workers affected by asbestosis or silicosis from their accustomed occupations to other employments under the economic threat of deprivation of compensation would inevitably lead to unjust and oppressive consequences, because of their doubtful capacity to engage in other work or because of the inherent difficulty of forecasting the courses of their diseases. Young v. Whitehall Co., 229 N. C. 360, 49 S. E. (2d) 797.

Evidence that plaintiff could do "light work" if no silicosis dust were involved is insufficient to support a finding that he was not disabled from doing "ordinary work," since the two terms are not synonymous in the realm of manual labor. Young v. Whitehall Co., 229 N. C. 360, 49 S. E. (2d) 797.

The fact that a worker performed his duties with regularity until the date he was dismissed because he was affected with silicosis does not require a finding that he was not disabled at that time as defined by this section. Young v. Whitehall Co., 229 N. C. 360, 49 S. E. (2d) 797.

§ 97-57. Employer liable.—In any case where compensation is payable for an occupational disease, the employer in whose employment the employee was last injuriously exposed to the hazards of such disease, and the insurance carrier, if any, which was on the risk when the employee was so last exposed under such employer, shall be liable.

For the purpose of this section when an employee has been exposed to the hazards of asbestosis or silicosis for as much as thirty working days, or parts thereof, within seven consecutive calendar months, such exposure shall be deemed injurious but any less exposure shall not be injurious. (1935, c. 123; 1945, c. 762.)

Editor's Note.—The 1945 amendment added the second paragraph.

Liability of Insurance Carrier.—The carrier of the insurance during the employee's last thirty day period of exposure to the hazards of an occupational disease is solely liable for compensation allowed for total disability from the occupational disease. This result is not affected by the fact that prior to the time such insurance company became the carrier, medical examinations had disclosed that the employee was suffering with the disease, that the industrial commission had advised him as to the compensation and rehabilitation provisions of the Act, but had, in the exercise of its discretion, failed to order him to quit the occupation pursuant to § 97-61. Bye v. Interstate Granite Co., 230 N. C. 334, 53 S. E. (2d) 274.

§ 97-58. Claims for certain diseases restricted; time limit for filing claims. — (a) An employer shall not be liable for any compensation for asbestosis, silicosis or lead poisoning unless disablement or death results within two years after the last exposure to such disease, or, in case of death, unless death follows continuous disability from such disease, commencing within the period of two years limited herein, and for which compensation has been paid or awarded or timely claim made as hereinafter provided and results within seven years after such last exposure.

(b) The report and notice to the employer as required by § 97-22 shall apply in all cases of occupational disease except in case of asbestosis, silicosis, or lead poisoning. The time of notice of an occupational disease shall run from the date that the employee has been advised by competent medical authority that he has same.

(c) The right to compensation for occupational disease shall be barred unless a claim be filed with the industrial commission within one year after death, disability, or disablement as the case may be. (1935, c. 123; 1945, c. 762.)

Editor's Note.—The 1945 amendment inserted the letter (a) at the beginning of the section, substituted "two" for "three" in lines four and seven, and struck out the former last sentence reading: "Claims for all other occupational diseases shall be barred unless claims shall be filed with the industrial commission within one year from the disablement or death caused by such occupational disease." The amendment also added subsections (b) and (c).

In this section the legislature recognizes that silicosis is a progressive disease, and provides that an employer may be held liable for compensation for silicosis if disablement results at any time within two years after the last exposure to the disease. Young v. Whitehall Co., 229 N. C. 360, 49 S. E. (2d) 797.

Cited in Whitted v. Palmer-Bee Co., 228 N. C. 447, 46 S. E. (2d) 109.

§ 97-59. Employer to provide treatment. — In the event of disability from an occupational disease, the employer shall provide reasonable medical and/or other treatment for such time as in the judgment of the industrial commission will tend to lessen the period of disability or provide needed relief; provided, however, medical and/or other treatment for asbestosis and/or silicosis shall not exceed a period of three years nor cost in excess of one thousand ($1,000.00) dollars in any one year; and, provided further, all such treatment shall be first authorized by the industrial commission after consulting with the advisory medical committee. (1935, c. 123; 1945, c. 762.)

Editor's Note.—The 1945 amendment increased the amount mentioned in this section from $334.00 to $1,000.00.

§ 97-60. Examination of employees by advisory medical committee; designation of industries with dust hazards.

Applied in Young v. Whitehall Co., 229 N. C. 360, 49 S. E. (2d) 797.

§ 97-61. Compensation for employee temporarily removed from hazardous employment; payment for training for readjustment to other work; waiver of right to compensation.—Where an employee, though not actually disabled, is found by the industrial commission to be affected by asbestosis and/or silicosis, and it is also found by the industrial commission that such employee would be benefited by being taken out of his employment and that such disease with such employee has progressed to such a degree as to make it hazardous for him to continue in his employment and is in consequence removed therefrom by order of the industrial commission, or where an employee affected by asbestosis and/or silicosis as hereinbefore set forth is unable to secure employ-

ment by reason of such disease; he shall be paid compensation as for temporary total or partial disability, as the case may be, until he can obtain employment in some other occupation in which there are no hazards of such occupational disease: Provided, however, compensation in no such case shall be paid for a longer period than twenty weeks to an employee without dependents, nor for a longer period than forty weeks to an employee with dependents, and in either case said period shall begin from the date of removal from the employment, unless actual disablement from such disease results later and within the time limited in § 97-58. When in any such case the forced change of occupation shall in the opinion of the industrial commission require that the employee be given special training in order to properly readjust himself there shall be paid for such training and incidental traveling and living expenses an additional sum which shall not exceed three hundred ($300.00) dollars, in the case of an employee without dependents, and which shall not exceed five hundred ($500.00) dollars in the case of an employee with dependents, such payment to be made for the benefit of the employee to such person or persons as the industrial commission may direct; provided, however, no such payment shall be made unless the employee accepts the special training herein provided, nor shall payment be made for a longer period of time than the employee shall accept such special training. Except that where it is shown to the satisfaction of the commission that some other form of rehabilitation will be beneficial to the employee the payments may be authorized therefor in lieu of the special training. If an employee has been so compensated, and whether or not specially trained for another occupation, and he thereafter engages in any occupation which exposes him to hazards of silicosis and/or asbestosis without first having obtained the written approval of the industrial commission, neither he, his dependents, personal representative nor any other person shall be entitled to any compensation for disablement or death from silicosis and/or asbestosis: Provided, however, that an employee so affected, as an alternative to forced change of occupation, may, subject to the approval of the industrial commission, waive in writing his right to compensation for any aggravation of his condition that may result from his continuing in his hazardous occupation; but in the event of total disablement and/or death as a result of asbestosis and/or silicosis with which the employee was so affected compensation shall nevertheless be payable, but in no case, whether for disability or death or both, for a longer period than one hundred (100) weeks. Such written waiver must be filed with the industrial commission, and the commission shall keep a record of each waiver, which record shall be open to the inspection of any interested person. (1935, c. 123; 1945, c. 762.)

Editor's Note.—The 1945 amendment inserted after the word commission in line eleven the words "or where an employee affected by asbestosis and/or silicosis as hereinbefore set forth is unable to secure employment by reason of such disease." The amendment also inserted the third sentence.

Employee May Contest Order for Compensation under This Section.—A summary order of the industrial commission directing that an employee be removed from employment having attendant hazards of silicosis, and stipulating that the employee is entitled to compensation as stipulated in this section, does not preclude the worker from contesting before the industrial commission the applicability of the statute to him, since such order is entered without notice or hearing. Young v. Whitehall Co., 229 N. C. 360, 49 S. E. (2d) 797.

He Must Be Capable of Pursuing Gainful Non-Hazardous Occupation.—Obviously, the legislature enacted this section for the paramount purpose of securing to an affected worker undergoing a compulsory change of occupation an independent position as a wage earner in some work free from dust hazards. When the language of the statute is considered in the light of the mischief sought to be avoided and the remedies intended to be applied, it becomes manifest that the legislature has authorized the industrial commission to order a forced change of occupation for an employee affected by asbestosis or silicosis only in case it appears to the commission that there is a reasonable basis for the conclusion that such employee possesses the actual or potential capacity of body and mind to work with substantial regularity during the foreseeable future in some gainful occupation free from the hazards of asbestosis and silicosis. Young v. Whitehall Co., 229 N. C. 360, 49 S. E. (2d) 797.

If Not, He Is Entitled to Ordinary Compensation.—If an employee is disabled by silicosis from performing normal labor in an occupation subject to the hazard of silica dust, such worker is entitled to ordinary compensation under the general provisions of the Workmen's Compensation Act unless the industrial commission further finds that there is a reasonable basis for the conclusion that he shows the actual or potential capacity of body and mind to work with substantial regularity during the foreseeable future in another occupation free from this hazard, and findings as to disablement and employability in other occupations are necessary for a proper determination by the commission of the applicability of this section. Young v. Whitehall Co., 229 N. C. 360, 49 S. E. (2d) 797.

"Occupation" and "Employment."—The term "occupation" denotes a vocation, trade, or business in which a person engages as the means of making a livelihood. The word "employment," as used here, implies continuity and some degree of permanency of occupation for hire or profit. Young v. Whitehall Co., 229 N. C. 360, 49 S. E. (2d) 797.

Effect of Failure to Order Change of Occupation.—The carrier of the insurance during the employee's last thirty day period of exposure to the hazards of an occupational disease is solely liable for compensation allowed for total disability from the occupational disease. § 97-57. This result is not affected by the fact that prior to the time such insurance company became the carrier, medical examinations had disclosed that the employee was suffering with the disease, and that the industrial commission had advised him as to the compensation and rehabilitation provisions of the Act, but had, in the exercise of its discretion, failed to order him to quit the occupation. Bye v. Interstate Granite Co., 230 N. C. 334, 53 S. E. (2d) 274.

Effect of Voluntary Transfer.—It is clearly implicit in the special provisions relating to asbestosis and silicosis that the lawmaking body did not contemplate that a worker suffering disablement by asbestosis or silicosis within the meaning of § 97-54 should forfeit any right to ordinary compensation under the general provisions of the Act by voluntarily transferring his activities from an industry with dust hazards to an employment where no such hazards prevail. But the general assembly did recognize that under exceptional circumstances salutary effects would follow a forced change of occupation by a worker affected by asbestosis or silicosis. Consequently, the legislature enacted this section. Young v. Whitehall Co., 229 N. C. 360, 49 S. E. (2d) 797.

§ 97-62. "Silicosis" and "asbestosis" defined.

Asbestosis is a disease of the lungs occurring in persons working in air laden with asbestos dust. It is infrequent as compared to silicosis, but has somewhat similar symptoms and consequences. Young v. Whitehall Co., 229 N. C. 360, 49 S. E. (2d) 797.

§ 97-64. General act to control as regards benefits.

Purpose of Section.—With a view to averting the unjust and oppressive results of an indiscriminate transfer of workers affected by asbestosis or silicosis from their accustomed occupations to other employments under the economic threat of deprivation of compensation, the legislature established, in this section, the general rule that an employee becoming disabled by asbestosis or silicosis within the terms of the specific definition embodied in § 97-54 should

be entitled to ordinary compensation measured by the general provisions of the Workmen's Compensation Act. Young v. Whitehall Co., 229 N. C. 360, 49 S. E. (2d) 797.

§ 97-66. Claim where benefits are discontinued.—Where compensation payments have been made and discontinued, and further compensation is claimed, whether for disablement, disability, or death from asbestosis, silicosis, or lead poisoning, the claim for such further compensation shall be made within two years after the last payment, but in all other cases of occupational disease claim for further compensation shall be made within one year after the last payment. (1935, c. 123; 1945, c. 762.)

Editor's Note.—Prior to the 1945 amendment the section also related to requirements as to notice of disease to employer or industrial commission, and to waiver of notice and claim where payments are made.

§ 97-76. Inspection of hazardous employments; refusal to allow inspection made misdemeanor.

Cited in Young v. Whitehall Co., 229 N. C. 360, 49 S. E. (2d) 797.

§ 97-77. North Carolina Industrial Commission created; members appointed by Governor; terms of office; chairman.

Editor's Note.—For act authorizing the industrial commission to hear and determine certain listed tort claims against certain state departments and agencies, see Session Laws 1949, c. 1138.

The industrial commission is not a court of general jurisdiction. It can have no implied jurisdiction beyond the presumption that it is clothed with power to perform the duties required of it by the law entrusted to it for administration. Barber v. Minges, 223 N. C. 213, 217, 25 S. E. (2d) 837.

Cited in Worley v. Pipes, 229 N. C. 465, 50 S. E. (2d) 504.

§ 97-78. Salaries and expenses; secretary and other clerical assistance; annual report.

(c) The members of the commission and its assistants shall be entitled to receive from the state their actual and necessary expenses while traveling on the business of the commission, but such expenses shall be certified by the person who incurred the same, and shall be approved by the chairman of the commission before payment is made.

(1947, c. 823.)

Editor's Note.—

The 1947 amendment substituted "certified" for "sworn to" in line five of subsection (c). As the rest of the section was not affected by the amendment it is not set out.

§ 97-80. Rules and regulations; subpoena of witnesses; examination of books and records; depositions; costs.

Stated in Worley v. Pipes, 229 N. C. 465, 50 S. E. (2d) 504.

§ 97-83. In event of disagreement, commission is to make award after hearing.

Section Provides for Settlement of Any Matter in Dispute.—In this section and §§ 97-84 to 97-86 the general assembly has prescribed an adequate remedy by which any matter in dispute and incident to any claim under the provisions of the Workmen's Compensation Act may be determined and settled. Worley v. Pipes, 229 N. C. 465, 50 S. E. (2d) 504.

Physician May Request Hearing on Claim for Medical Services.—Where a physician renders services to an injured employee under private contract without knowledge that the injury was covered by the Compensation Act, and thereafter upon discovery that the injury is compensable files claim for such services with the industrial commission in order that the employee may get the benefit thereof, his remedy upon approval by the industrial commission in a sum less than the full amount of his claim, is to request a hearing before the commission with right of appeal to the courts for review, this section and §§ 97-84 to 97-86, and this remedy is exclusive and precludes the physician from maintaining an action against the employee to recover the full contractual amount for the services and attacking the constitutionality of the relevant provisions of the Compensation Act. Worley v. Pipes, 229 N. C. 465, 50 S. E. (2d) 504.

Remedy Is Exclusive.—The remedy provided by this and the three following sections is exclusive. Worley v. Pipes, 229 N. C. 465, 50 S. E. (2d) 504.

The sole remedy of a physician to recover for services to an injured employee, where the employee and employer are subject to the Workmen's Compensation Act, is by implication to the industrial commission in accordance with this section and §§ 97-84 to 97-86 to consider plaintiff's bill for such services, notwithstanding that the employer denies liability for the injury on the ground that it did not arise out of and in the course of the employment. The physician may not challenge the constitutionality of the relevant provisions of this chapter by an independent suit against the employee to recover for the medical services. Matros v. Owen, 229 N. C. 472, 50 S. E. (2d) 509.

§ 97-84. Determination of disputes by commission.

§ 97-86. Award conclusive as to facts; appeal; certified questions of law.

Provided the commission shall have sixty days after receipt of notice of appeal, properly served on the opposing party and the industrial commission, within which to prepare and furnish to the appellant or his attorney a certified transcript of the record in the case for filing in superior court.

(1947, c. 823.)

Cross Reference.—As to exclusiveness of remedy provided by §§ 97-83 to 97-86, see notes to § 97-83.

Editor's Note.—The 1947 amendment directed that the above proviso be placed at the end of the first sentence. As the rest of the section was not changed it is not set out.

Matters to Be Considered on Appeal.—While findings of fact by industrial commission, when supported by competent evidence, are conclusive, the rulings of commission are subject to review on questions of law, whether the industrial commission has jurisdiction, whether the findings are supported by the evidence, and whether upon the facts established the decision is correct. Smith v. Southern Waste Paper Co., 226 N. C. 47, 36 S. E. (2d) 730, 731.

An appeal from the industrial commission is permitted only on matters of law. Fox v. Cramerton Mills, 225 N. C. 580, 35 S. E. (2d) 869.

Evidence Not Considered on Appeal.—

The factual determinations of the industrial commission are conclusive on appeal to the superior court and in the supreme court. Brown v. Carolina Aluminum Co., 224 N. C. 766, 32 S. E. (2d) 320.

Findings Supported by Competent Evidence Are Conclusive on Appeal.—

In accord with 5th paragraph in original. See Hegler v. Cannon Mills Co., 224 N. C. 669, 31 S. E. (2d) 918; Fox v. Cramerton Mills, 225 N. C. 580, 35 S. E. (2d) 869; DeVine v. Dave Steel Co., 227 N. C. 684, 44 S. E. (2d) 77.

A finding of fact of the industrial commission is conclusive on appeal if supported by evidence notwithstanding that the evidence upon the entire record might also support a contrary finding. Riddick v. Richmond Cedar Works, 227 N. C. 647, 43 S. E. (2d) 850.

Determination of the industrial commission that additional hazard created by artificial heat was the direct and super-inducing cause of plaintiff's intestate's death was conclusive on appeal. Fields v. Tompkins-Johnston Plumbing Co., 224 N. C. 841, 843, 32 S. E. (2d) 623.

Though Court Might Reach Different Conclusion.—"Under G. S. § 97-86, 'findings of fact by the industrial commission, on a claim properly constituted under the Workmen's Compensation Act, are conclusive on appeal, both in the superior court and in this court, when supported by competent evidence.' Fox v. Mills, Inc., 225 N. C. 580, 35 S.

E. (2d) 869. This is so even in proceedings where the courts would reach different conclusions if they were clothed with fact-finding authority. McGill v. Lumberton, 218 N. C. 586, 11 S. E. (2d) 873." Withers v. Black, 230 N. C. 428, 53 S. E. (2d) 668.

But Court Is Not Bound by Facts Found under Misapprehension of Law. — In order to implement the remedial purposes of the Workmen's Compensation Act the industrial commission is constituted the fact-finding body, and the statute declares that the findings of the commission shall be "conclusive and binding as to all questions of fact." But this does not mean that the conclusions of the commission from the facts found are in all respects unexceptionable, and when facts are found by the commission under a misapprehension of the law, the court is not bound by such findings. Cooper v. Colonial Ice Co., 230 N. C. 43, 51 S. E. (2d) 889.

Facts found by the industrial commission under a misapprehension of law are not binding on appeal. Whitted v. Palmer-Bee Co., 228 N. C. 447, 46 S. E. (2d) 109.

Or Where Findings Are Not Supported by Evidence.— The rule declared by the statute and uniformly upheld by the supreme court that the findings of fact made by the industrial commission, when supported by any competent evidence, are conclusive on appeal, does not mean, however, that the conclusions of the commission from the evidence are in all respects unexceptionable. If those findings, involving mixed questions of law and fact, are not supported by evidence, the award cannot be upheld. Perley v. Ballenger Paving Co., 228 N. C. 479, 46 S. E. (2d) 298.

The Statutes Regulating Appeals from a Justice of the Peace Are Applicable.—

While the Workmen's Compensation Act does not set out with particularity the procedure on appeal, it has been held by supreme court that by analogy that prescribed for appeals from judgments of justices of the peace, when practical, should apply; but this rule refers only to the mechanics of appeal, as to notice and docketing, for the appeal from the industrial commission is only on matters of law and not de novo. Fox v. Cramerton Mills, 225 N. C. 580, 35 S. E. (2d) 869.

Judgment Should Refer to Specific Assignments of Error. —Where upon an appeal from the industrial commission the exceptions point out specific assignments of error, the judgment in the superior court thereon properly should overrule or sustain respectively each of the exceptions on matters of law thus designated. And where the judgment in the superior court merely decreed that the award be in all respects affirmed, the supreme court will presume the judge below considered each of the assignments of error and overruled them. Fox v. Cramerton Mills, 225 N. C. 580, 35 S. E. (2d) 869.

Cited in Worley v. Pipes, 229 N. C. 465, 50 S. E. (2d) 504, treated under § 97-83.

§ 97-90. Legal and medical fees to be approved by commission; misdemeanor to receive fees unapproved by commission, or to solicit employment in adjusting claims.

Agreement by Employee to Pay Physician Held Void.— An agreement by an injured employee to pay the physician engaged by him any balance due on his account after application of the amount approved by the industrial commission for the services is unenforceable and void, since this section makes the receipt of any fee for such services not approved by the commission a misdemeanor. Worley v. Pipes, 229 N. C. 465, 50 S. E. (2d) 504.

Remedy Where Physician's Bill Approved for Less than Full Amount.—Where a physician has submitted his bill to the industrial commission for its approval, and received approval for less than the full amount, his remedy is to request a hearing before the commission with the right of appeal to the courts under §§ 97-83 to 97-86, and this remedy is exclusive. Worley v. Pipes, 229 N. C. 465, 50 S. E. (2d) 504.

Independent Action by Physician against Employee. — Where a physician has submitted his bill to the industrial commission for its approval, and received approval for less than the full amount, and has failed to pursue his exclusive statutory remedy of a hearing before the industrial commission with the right of appeal to the courts under §§ 97-83 to 97-86, he has no standing to attack the constitutionality of this section in an independent suit against the employee to recover for the medical services. Worley v. Pipes, 229 N. C. 465, 50 S. E. (2d) 504.

§ 97-91. Commission to determine all questions.

Applied, as to physician's claim for medical services, in Worley v. Pipes, 229 N. C. 465, 50 S. E. (2d) 504.

§ 97-92. Employer's record and report of accidents; records of Commission not open to public; supplementary report upon termination of disability; penalty for refusal to make report; when insurance carrier liable. — (a) Every employer shall hereafter keep a record of all injuries, fatal or otherwise, received by his employees in the course of their employment on blanks approved by the Commission. Within five days after the occurrence and knowledge thereof, as provided in § 97-22, of an injury to an employee, causing his absence from work for more than one day, a report thereof shall be made in writing and mailed to the Industrial Commission on blanks to be procured from the Commission for this purpose.

(1945, c. 766.)

Editor's Note.—The 1945 amendment substituted "five" for "ten" in line five and "one day" for "three days" in line eight. As only subsection (a) was affected by the amendment the rest of the section is not set out.

Applied in Whitted v. Palmer-Bee Co., 228 N. C. 447, 46 S. E. (2d) 109.

§ 97-93. Employers required to carry insurance or prove financial ability to pay for benefits.

Cited in Matros v. Owen, 229 N. C. 472, 50 S. E. (2d) 509.

§ 97-94. Employers required to give proof within 30 days that they complied with preceding section; fine for not keeping liability insured; review; liability for compensation.

(b) Any employer required to secure the payment of compensation under this article who refuses or neglects to secure such compensation shall be punished by a fine of ten cents for each employee, but not less than one dollar nor more than fifty dollars for each day of such refusal or neglect, and until the same ceases; and he shall be liable during continuance of such refusal or neglect to an employee either for compensation under this article or at law in the same manner as provided in § 97-14.

The fine herein provided may be assessed by the Commission in an open hearing, with the right of review and appeal as in other cases. (1929, c. 120, s. 68; 1945, c. 766.)

Editor's Note.—The 1945 amendment struck out the words "at the time of the insurance becoming due" formerly appearing after the word "employee" in line five of subsection (b). As subsection (a) was not affected by the amendment it is not set out.

§ 97-99. Law written into each insurance policy; form of policy to be approved by insurance commissioner; cancellation; single catastrophe hazards.—(a) Every policy for the insurance of the compensation herein provided, or against liability therefor, shall be deemed to be made subject to the provisions of this article. No corporation, association, or organization shall enter into any such policy of insurance unless its form shall have been approved by the insurance commissioner. No policy form shall be approved unless the same shall provide a thirty-day prior notice of an intention to cancel same by the carrier to the insured by registered mail. This shall not apply to the expiration date shown in the policy. The carrier may cancel the policy for nonpayment of premium on ten days' written notice to the insured, and the insured may cancel the policy on ten days written notice by registered mail to the carrier.

(b) This article shall not apply to policies of

insurance against loss from explosion of boilers or fly-wheels or other similar single catastrophe hazards: Provided, that nothing herein contained shall be construed to relieve the employer from liability for injury or death of an employee as a result of such explosion or catastrophe. (1929, c. 120, s. 72; 1945, c. 381, s. 1.)

Editor's Note.—The 1945 amendment added the last three sentences of subsection (a).

§ 97-100. Rates for insurance; carrier to make reports for determination of solvency; tax upon premium; returned or canceled premiums; reports of premiums collected; wrongful or fraudulent representation of carrier punishable as misdemeanor; notices to carrier; employer who carries own risk shall make report on payroll.

(d) Every such insurance carrier shall, for the six months ending December thirty-first, nineteen hundred and twenty-nine, and annually thereafter, make a return, verified by the affidavit of its president and secretary, or other chief officers or agents, to the Commissioner of Insurance, stating the amount of all such premiums and credits during the period covered by such return. Every insurance carrier required to make such return shall file the same with the Commissioner of Insurance on or before the first day of April after the close of the period covered thereby, and shall at the same time pay to the State Insurance Commissioner the tax provided in the Revenue Act then in force on such premium ascertained, as provided in sub-section (c) hereof, less returned premium on canceled policies.

(1947, c. 574.)

Editor's Note.—The 1947 amendment substituted "annually" for "semi-annually" in line three of subsection (d). It also struck out the words "within thirty days" formerly appearing in line eleven and inserted in lieu thereof the words "on or before the first day of April." As only this subsection was changed the rest of the section is not set out.

Art. 2. Compensation Rating and Inspection Bureau.

§ 97-102. Compensation rating and inspection bureau created; objects, functions, etc.; hearings where rates changed.

(d) The bureau shall provide reasonable means to be approved by the commissioner whereby any person affected by a rate made by it may be heard in person or by his authorized representative before the governing or rating committee or other proper executive of the bureau. (1931, c. 279, s. 1; 1945, c. 381, s. 1.)

Editor's Note.—The 1945 amendment added subsection (d). As the rest of the section was not changed it is not set out.

§ 97-103. Membership in Bureau of carriers of insurance; acceptance of rejected risks; rules and regulations for maintenance; Insurance Commissioner or deputy ex-officio Chairman.—Before the Insurance Commissioner shall grant permission to any mutual association, reciprocal or stock company, or any other insurance organization to write compensation or employers' liability insurance in this State, it shall be a requisite that they shall subscribe to and become members of the Compensation Rating and Inspection Bureau of North Carolina.

It shall be the duty of all companies underwriting workmen's compensation insurance in this State and being members of the compensation rating and inspection bureau of North Carolina, as defined in this section, to insure and accept any workmen's compensation insurance risk which shall have been tendered to and rejected by any three members of said bureau in the manner hereinafter provided. When any such rejected risk is called to the attention of the compensation rating and inspection bureau of North Carolina and it appearing that said risk is in good faith entitled to such coverage, the bureau shall fix the initial premium therefor, (subject to the approval of the insurance commissioner), and upon its payment said bureau shall designate a member whose duty it shall be to issue a standard workmen's compensation policy of insurance containing the usual and customary provisions found in such policies therefor. Upon receipt of the required premium at the office of the bureau during regular working hours the bureau shall instruct the designated carrier to issue its policy of insurance to become effective as of twelve one a. m. the following day, and the carrier shall be so bound; provided, that the carrier may request of the bureau a certificate of the department of labor that the insured is complying with the laws, rules and regulations of that department. Said certificate shall be furnished within thirty days by the department of labor, unless extension of time is granted by agreement between the bureau and the department of labor. The bureau shall within thirty days after March 8, 1935, make and adopt such rules as may be necessary to carry this article into effect, subject to final approval of the insurance commissioner. As a prerequisite to the transaction of workmen's compensation insurance in this State every member of said bureau shall file with the insurance commissioner written authority permitting said bureau to act in its behalf as provided in this section, and an agreement to accept such risks as are assigned to said insurance by said bureau, as provided in this section.

(a) Each member of the Compensation Rating and Inspection Bureau writing compensation insurance in the State of North Carolina shall, as a requisite thereto, be represented in the aforesaid Bureau and shall be entitled to one representative and one vote in the administration of the affairs of the Bureau. They shall, upon organization, elect a governing committee, which governing committee shall be composed of equal representation by participating and non-participating members.

(b) The Bureau, when created, shall adopt such rules and regulations for its procedure as may be necessary for its maintenance and operation.

No such rules or regulations shall discriminate against any type of insurer because of its plan of operation, nor shall any insurer be prevented from returning any unused or unabsorbed premium, deposit, savings or earnings to its policyholders or subscribers. The expense of such bureau shall be borne by its members by quarterly contributions to be made in advance, such necessary expense to be advanced by prorating such expense among the members in accordance with the amount of gross Workmen's Compensation premiums written in North Carolina during the preceding year ending December the thirty-first, one thousand nine hun-

dred and thirty, and members entering since that date to advance an amount to be fixed by the governing committee. After the first fiscal year of operation of the bureau the necessary expenses of the bureau shall be advanced by the members in accordance with rules and regulations to be established and adopted by the governing committee.

(c) The Insurance Commissioner of the State of North Carolina, or such deputy as he may appoint, shall be ex officio chairman of the Compensation Rating and Inspection Bureau of North Carolina, and the Insurance Commissioner or such deputy designated by him shall preside over all meetings of the governing committee or other meetings of the Bureau and it shall be his duty to determine any controversy that may arise by reason of a tie vote between the members of the governing committee. (1931, c. 279, s. 2; 1935, c. 76; 1945, c. 381, s. 1.)

Editor's Note.—
The 1945 amendment inserted the third and fourth sentences in the second paragraph in lieu of a sentence which read: "Before any such risk shall be assigned under the provisions of this section such risk shall, if demanded, furnish the bureau a certificate of the division of standards and inspection of the department of labor that he is complying with the rules and regulations of that department."
The amendment also inserted the second sentence of subsection (b).

§ 97-104.1. Commissioner can order adjustment of rates and modification of procedure.—Whenever the commissioner, upon his own motion or upon petition of any aggrieved party, shall determine, after notice and a hearing, that the rates charged or filed on any class of risks are excessive, inadequate, unreasonable, unfairly discriminatory, or otherwise not in the public interest, or that a classification or classification assignment is unwarranted, unreasonable, improper or unfairly discriminatory he shall issue an order to the bureau directing that such rates, classifications or classification assignments be altered or revised in the manner and to the extent stated in such order to produce rates, classifications or classification assignments which are reasonable, adequate, not unfairly discriminatory, and in the public interest. (1945, c. 381, s. 1.)

§ 97-104.2. General provisions.—No insurer subject to this article shall enter into any agreement for the purpose of making or establishing rates except in accordance with the provisions hereof. No member of the bureau shall charge or receive any rate which deviates from the rates, rating plans, classifications, schedules, rules and standards made and filed by the bureau. No insurer and no agent or other representative of any insurer and no insurance broker shall knowingly charge, demand or receive a rate or premiums which deviate from the rates, rating plans, classifications, schedules, rules and standards, made and last filed by or on behalf of the insurer, or issue or make any policy or contract involving a violation of such rate filings. (1945, c. 381, s. 1.)

§ 97-104.3. Commissioner can revoke license for violations.—If the commissioner shall find, after due notice and hearing that any insurer, officer, agent or representative thereof has violated any of the provisions of this article, he may issue an order revoking or suspending the license of any such insurer, agent, broker or representative thereof. (1945, c. 381, s. 1.)

§ 97-104.4. Violation a misdemeanor. — Any insurer, officer, agent or representative thereof failing to comply with, or otherwise violating any of the provisions of this article, shall be guilty of a misdemeanor and upon conviction be punished by a fine of not less than one hundred ($100.00) dollars nor more than five hundred ($500.00) dollars. (1945, c. 381, s. 1.)

§ 97-104.5. Appeal from decision of commissioner.—A review of any order made by the commissioner in accordance with the provisions of this article, shall be by appeal to the superior court of Wake county in accordance with the provisions of § 58-9.3. (1945, c. 381, s. 1.)

§ 97-104.6. Appeals from bureau to commissioner.—Any member of the bureau may appeal to the commissioner from any decision of such bureau and the commissioner shall, after a hearing held on not less than ten days' written notice to the appellant and to the bureau, issue an order approving the decision of the bureau or directing it to give further consideration to such proposal. In the event the bureau fails to take satisfactory action, the commissioner shall make such order as he may see fit. (1945, c. 381, s. 1.)

SUBCHAPTER I. LEVY OF TAXES.

§ 105-1. Title and purpose of subchapter.

The Revenue Act reflects the same philosophy which underlies the statutes of descent and distribution. It recognizes in the decedent the privilege of disposition of his property; and, if not the moral and social obligations which rest upon him with respect to its exercise, yet, indeed, the fitness of his provision for those more closely related to him by consanguinity or marital ties. This privilege may be exercised either by testamentary disposition or by leaving his property to be distributed under the law. Valentine v. Gill, 223 N. C. 396, 400, 27 S. E. (2d) 2.

Art. 1. Schedule A. Inheritance Tax.

§ 105-2. General provisions.

Editor's Note.—For comment on changes in the inheritance tax law made by the 1947 General Assembly, see 25 N. C. Law Rev. 470.

For a leading article on planning for North Carolina death and gift taxes, see 27 N. C. Law Rev. 114.

Whole Act Construed in Pari Materia.—The whole Revenue Act of 1939 and all of its parts are to be considered in pari materia, and construed accordingly. Valentine v. Gill, 223 N. C. 396, 27 S. E. (2d) 2.

§ 105-3. Property exempt.

(d) The amount of twenty thousand dollars ($20,000.00), only, of the total proceeds of life insurance policies, when such policy or policies are payable to a beneficiary or beneficiaries named in such policy or policies, and such beneficiary or beneficiaries are any such person or persons as are designated in § 105-4, subsection (a); and the amount of two thousand dollars ($2,000.00) only, of the total proceeds of life insurance policies, when such policy or policies are payable to a beneficiary or beneficiaries named in such policy or policies, and such beneficiary or beneficiaries are any person or persons as are designated in §§ 105-5 and 105-6. Provided, that no more than the amounts so specified of any such policy or policies shall be exempt from taxation, whether in favor of one beneficiary or more, and the exemption thus provided shall be prorated between the beneficiaries in proportion to the amounts received under the policies, unless otherwise provided by the decedent; provided further, that the exemption herein provided in the sum of two thousand dollars ($2,000.00) as to insurance policies payable to beneficiaries designated in §§ 105-5 and 105-6 shall be allowed only to the extent that such amount is not allowed as to insurance policies payable to beneficiaries designated in § 105-4, subsection (a), it being the intention to grant an exemption as to policies payable to Class B and Class C beneficiaries only in those cases where the exemption allowed as to Class A beneficiaries is less than two thousand dollars ($2,000.00). And also proceeds of all life insurance policies payable to beneficiaries named in sub-sections (a), (b), and (c) of this section. And also proceeds of all policies of insurance and the proceeds of all adjusted service certificates that have been or may be paid by the United States Government, or that have been or may be paid on account of policies required to be carried by the United States government or any agency thereof, to the estate, beneficiary, or beneficiaries of any person who has served in the armed forces of the United States or in the merchant marine during the first or second World War; and proceeds, not exceeding the sum of ten thousand dollars ($10,000.00), of all policies of insurance paid to the estate, beneficiary or beneficiaries of any person whose death was caused by enemy action during the second World War. This provision will be operative only when satisfactory proof that the death was caused by enemy action is filed by the executor, administrator or beneficiary with the commissoner of revenue. (1939, c. 158, s. 2; 1943, c. 400, s. 1; 1947, c. 501, s. 1.)

Editor's Note.—
The 1947 amendment rewrote subsection (d). As the rest of the section was not affected by the amendment it is not set out.

Applied in Nash v. Tarboro, 227 N. C. 283, 42 S. E. (2d) 209.

§ 105-4. Rate of tax—Class A.

Categories of Relationship Named Are Inclusive and Exclusive.—The categories of relationship named in this and the following section are stated with that precision which is necessary to a taxing measure, and are both inclusive and exclusive, and are controlling in applying the exemption. To qualify for the exemption there must, of course, be an identity of the property which is the subject of the transfer and claimed to be recurrently taxed. However, the tax is not on the property, but on the transfer; and the exemption is to the transferee. Valentine v. Gill, 223 N. C. 396, 400, 27 S. E. (2d) 2.

§ 105-5. Rate of tax—Class B.

The inheritance tax of the 1939 Revenue Act is not a tax on the property, but on the transfer of the property; and, while there must be an identity of the property, which is the subject of the transfer and claimed to be recurrently taxed, to qualify for the exemption provided in § 105-14, the exemption is allowed only to the transferees as set out in this and the preceding section. Valentine v. Gill, 223 N. C. 396, 27 S. E. (2d) 2.

§ 105-6. Rate of tax—Class C.

Cited in Valentine v. Gill, 223 N. C. 396, 27 S. E. (2d) 2.

§ 105-13. Life insurance proceeds.

(b) Or where, with respect to such insurance, the decedent possessed at his death any of the incidents of ownership, exercisable either alone or in conjunction with any other person. The term "incident of ownership," as used herein, does not include a reversionary interest.

The decedent shall not be deemed to have paid premiums or other consideration, within the meaning of this section, where the decedent has made a gift, either before or after the issuance of the policy, of money or property and the gift tax, if any, has been paid with respect to such gift, and the said money or property has been used by the donee to pay any premium or premiums.

This section shall not apply to the proceeds of insurance policies transferred, by assignment or otherwise, during the life of the decedent if the transfer did not constitute a gift, in whole or in part, under article 6, Schedule G, of this chapter, or in case the transfer was made at a time when said article was not in effect, if the transfer would not have constituted a gift, in whole or in part, under said article had it been in effect at such time.

If a gift tax has been paid with respect to any gift of an insurance policy by the decedent, the amount of tax so paid shall be credited against the amount of inheritance tax due on the proceeds of such policy under this article, and if there was more than one beneficiary to such insurance, such credit shall be apportioned against the inheritance tax payable by each beneficiary in the ratio that the interest receivable by each beneficiary bears to the total amount of the insurance proceeds. (1939, c. 158, s. 11; 1943, c. 400, s. 1; 1945, c. 708, s. 1; 1947, c. 501, s. 1.)

Editor's Note.—
The 1945 amendment struck out the word "or" formerly appearing after the word "effect" in line seven of the third paragraph under subdivision (b) of subsection 2.

The 1947 amendment struck out the former proviso to the first paragraph of said subdivision. As the rest of the section was not affected by the amendments, only this subdivision is set out.

For comment on the 1943 amendment, see 21 N. C. Law Rev. 366.

§ 105-14. Recurring taxes.

Construed in Pari Materia.—The whole Revenue Act, of which this section and its inclusive references are a part, has a connotation of application to the current transfer upon which the tax is imposed—and all of its parts are to be considered in pari materia. Valentine v. Gill, 223 N. C. 396, 400, 27 S. E. (2d) 2.

Exemption Is Limited to Circumstances Attending Immediate Transfer.—When there have been successive transfers of the property during the two-year period, the law intends to limit and define the exemption to the circumstances attending the immediate transfer sought to be taxed, and to limit the transferee claiming the exemption to the relationship existing between such transferee and the decedent from whom the estate is received—such transferee must be a Class A or Class B beneficiary of such decedent. Valentine v. Gill, 223 N. C. 396, 400, 27 S. E. (2d) 2.

Second Tax Required to Be Paid.—Where inheritance taxes, under the Revenue Act of 1939, are paid on property passing from a wife's estate to her husband, who dies within less than two years thereafter leaving the same property to a sister of his deceased wife, a second inheritance tax must be paid thereon. Valentine v. Gill, 223 N. C. 396, 27 S. E. (2d) 2.

§ 105-16. Interest and penalty. — All taxes imposed by this article shall be due and payable at the death of the testator, intestate, grantor, donor, or vendor; if not paid within twelve months from date of death of the testator, intestate, grantor, donor, or vendor, such tax shall bear interest at the rate of six per centum (6%) per annum, to be computed from the expiration of twelve months from the date of the death of such testator, intestate, grantor, donor, or vendor until paid: Provided, that if the taxes herein levied shall not be paid in full within two years from date of death of testator, intestate, grantor, donor, or vendor, then and in such case a penalty of five per centum (5%) upon the amount of taxes remaining due and unpaid shall be added: Provided further, that the penalty of five per centum (5%) herein imposed may be remitted by the commissioner of revenue in case of unavoidable delay in settlement of estate or of pending litigation, and the commissioner of revenue is further authorized, in case of protracted litigation or other delay in settlement not attributable to laches of the party liable for the tax, to remit all or any portion of the interest charges accruing under this schedule, with respect to so much of the estate as was involved in such litigation or other unavoidable cause of delay: Provided, that time for payment and collection of such tax may be extended by the commissioner of revenue for good reasons shown. (1939, c. 158, s. 14; 1947, c. 501, s. 1.)

Editor's Note.—The 1947 amendment struck out the former provision relating to discount for payment within six months from date of death of testator, etc.

§ 105-23. Information by administrator and executor.

The statement herein provided for shall be filed with the commissioner of revenue at Raleigh, North Carolina, within twelve months after the qualification of the executor or administrator, upon blank forms to be prepared by the commissioner of revenue.

(1947, c. 501, s. 1.)

Editor's Note.—The 1947 amendment substituted "twelve" for "six" in the fourth sentence. As the rest of the section was not affected by the amendment it is not set out.

Art. 2. Schedule B. License Taxes.

Editor's Note.—

The 1945 amendment rewrote the last paragraph of former subsection (f). The 1947 amendment rewrote subsection (e), which ends the section as it now stands, and also rewrote former subsections (f) and (g) as new section 105-37.1. The first 1949 amendment, effective June 1, 1949, rewrote subsection (b) of this section. The second 1949 amendment, which was in the identical language of the first amendment and effective April 23, 1949, provides: "The commissioner of revenue is hereby authorized to refund, without interest, the difference between the amount actually paid for privilege license taxes under this subsection for the license tax years 1947-1948 and 1948-1949 and the tax which would have been due if this amendment had been in effect during such years provided, that request for such refund is made within one year after the effective date of this act."

Only the subsections affected by the amendments are set out.

An agricultural fair shall be construed as meaning one that has operated at least one year prior to March 24, 1939.

(1947, c. 501, s. 2.)

Editor's Note.—
The 1947 amendment substituted "thirty" for "fifteen" in line five of the second paragraph of subsection (b). As only this paragraph was affected by the amendment the rest of the section is not set out.

§ 105-41.1. Bondsmen. — Every person, firm, or corporation, excepting agents of insurance or bonding companies which are licensed by the commissioner of insurance to issue bonds, engaged in the business of writing or executing, for a consideration, appearance, compliance, or bail bonds, or any type of bond or undertaking required in connection with criminal proceedings in any of the courts of this state, shall apply for and obtain from the commissioner of revenue a state-wide license for the privilege of engaging in such business and shall pay for such license the following tax:

In cities or towns of less than 2000 population	$10.00
In cities or towns of 2,000 and less than 5,000 population	15.00

Editor's Note.—

The 1945 amendment inserted the paragraph following the table of tax amounts. The 1947 amendment added the last paragraph.

§ 105-47. Dealers in horses and/or mules.

Section Does Not Discriminate against Interstate Commerce.—The license tax imposed on dealers purchasing horses or mules for resale by this section both in its provisions for graduation according to the number of carloads of horses or mules purchased for resale and the head tax on such animals purchased for resale is imposed and the exceptions to the head tax are applicable regardless of whether such animals were raised in this state or are shipped into the state from other states, and therefore the statute makes no discrimination between local or interstate commerce. Nesbitt v. Gill, 227 N. C. 174, 41 S. E. (2d) 646.

Head Tax on Animals Bought for Resale Is Just and Equitable.—The imposition of an additional license tax of $3.00 per head on horses and mules, required to be paid by dealers purchasing such animals for resale, is a just and equitable manner for determining the amount of license tax to be paid by such dealers, based upon the quantity of business done by them, particularly in view of the fact that such sales have been exempt from the 3% sales tax and the head tax substituted. Nesbitt v. Gill, 227 N. C. 174, 41 S. E. (2d) 646.

Exemptions Not Unconstitutional.—Under the provisions of this section, a dealer is exempt from the head tax on horses and mules therein imposed: On horses and mules purchased from another dealer within the state who has paid the tax; on horses and mules received in part payment; and on horses and mules repossessed for failure of a purchaser to pay the purchase price, and such exemptions are based upon reasonable distinctions and apply to all dealers alike and therefore do not violate any provisions of the state or federal constitutions. Nesbitt v. Gill, 227 N. C. 174, 41 S. E. (2d) 646.

§ 105-53. Peddlers.

(b) Any person, firm, or corporation employing the services of another as a peddler, either on a salary or commission basis, and/or furnishing spices, flavoring extracts, toilet articles, soaps, insecticide, proprietary medicine and household remedies in original packages of the manufacturer and other packaged articles of the kind commonly used on the farm and in the home, to be sold by a peddler, under any kind of contractual agreement, shall be liable for the payment of taxes levied in this section, instead of the peddler.

Provided, however, any person peddling fruits, vegetables, or products of the farm shall pay a license tax of twenty-five dollars ($25.00) per year, which license shall be state-wide. Counties, cities and towns may levy a tax under this subsection not in excess of one-half of the state tax. Provided, however, no county, city or town shall issue any license, or permit any person, firm, or corporation to do any business under the provisions of this subsection, until and unless such person shall produce and exhibit to the tax collector of such county, city or town, his or its state license for the privilege of engaging in such business.

(e) The provisions of this section shall not apply to any person, firm, or corporation who sells or offers for sale books, periodicals, printed music, ice, wood for fuel, fish, beef, mutton, pork, bread, cakes, pies, products of the dairy, poultry, eggs, livestock, or articles produced by the individual vendor offering them for sale, but shall apply to medicines, drugs, or articles assembled.

(f) The board of county commissioners of any county in this state, upon proper application, may exempt from the annual license tax levied in this section Confederate soldiers, disabled veterans of the Spanish-American War, disabled soldiers of the first and second World Wars, who have been bona fide residents of this state for twelve or more months continuously, and the blind who have been bona fide residents of this state for twelve or more months continuously, widows with dependent children; and when so exempted, the board of county commissioners shall furnish such person or persons with a certificate of exemption, and such certificate shall entitle the holder thereof to peddle within the limits of such county without payment of any license tax to the state.

(1945, c. 708, s. 2.)

Editor's Note.—

The 1945 amendment, effective June 1, 1945, rewrote the first paragraph of subsection (b), substituted "for" for "or" in line four of subsection (e) and substituted "first and second World Wars" for "World War" in line six of subsection (f). As the rest of the section was not affected by the amendment it is not set out.

Editor's Note.—The 1945 amendment, effective June 1, 1945, extended the effective duration of this section from 1945 to 1947. As only the last paragraph was affected by the amendment the rest of the section is not set out.

Art. 3. Schedule C. Franchise Tax.

§ 105-114. Nature of taxes; definitions. — The taxes levied in this article upon persons and partnerships are for the privilege of engaging in business or doing the act named. The taxes levied in this article upon corporations are privilege or excise taxes levied upon: (1) Corporations organized under the laws of this state for the existence of the corporate rights and privileges granted by their charters, and the enjoyment, under the protection of the laws of this state, of the powers, rights, privileges and immunities derived from the state by the form of such existence; and (2) corporations not organized under the laws of this state for doing business in this state and for the benefit and protection which such corporations receive from the government and laws of this state in doing business in this state.

The term "corporation" as used in this article shall, unless the context clearly requires another interpretation, mean and include not only corporations but also associations or joint stock companies and every other form of organization for pecuniary gain, having capital stock represented by shares, whether with or without par value, and having privileges not possessed by individuals or partnerships; and whether organized under, or without, statutory authority.

When the term "doing business" is used in this article, it shall mean and include each and every act, power or privilege exercised or enjoyed in this state, as an incident to, or by virtue of the powers and privileges acquired by the nature of such organization whether the form of existence be corporate, associate, joint stock company or common law trust.

If the corporation is organized under the laws of this state, the payment of the taxes levied by this article shall be a condition precedent to the right to continue in such form of organization; and if the corporation is not organized under the laws of this state, payment of said taxes shall be a condition precedent to the right to continue to engage in doing business in this state. The taxes levied in this article or schedule shall be for the fiscal year of the state in which said taxes become due. (1939, c. 158, s. 201; 1943, c. 400, s. 3; 1945, c. 708, s. 3.)

Editor's Note.—
The 1945 amendment, effective January 1, 1945, rewrote this section.

§ 105-115. Franchise or privilege tax on railroads.

(g) In determining the franchise tax of any railroad company now leasing its properties, there shall be excluded from the value of its properties or railroad properties being operated by any lessee company upon which valuation the franchise tax is required to be paid by the operating company. (1939, c. 158, s. 202; 1945, c. 708, s. 3.)

Editor's Note.—The 1945 amendment, effective January 1, 1945, added subsection (g). As the rest of the section was not affected by the amendment it is not set out.

§ 105-116. Franchise or privilege tax on electric light, power, street railway, gas, water, sewerage, and other similar public-service companies not otherwise taxed.

(6) Companies taxed under this section shall not be required to pay the franchise tax imposed by § 105-122 or § 105-123 unless the tax levied by § 105-122 or § 105-123 exceeds the tax levied in this section, and no county shall impose a franchise, license or privilege tax upon the business taxed under this section.

(7) The commissioner of revenue shall ascertain the total gross receipts derived from the sale within any municipality of the commodities or services described in this section, except water and sewerage services, and out of the tax of six per cent (6%) of gross receipts levied by this section, an amount equal to a tax of ¾ of 1% of the gross receipts from sales within any municipality shall be distributed to such municipality: Provided, that out of the tax of four per cent (4%) of the first $25,000.00 of gross receipts of gas companies an amount equal to a tax of ¾ of 1% of the gross receipts from sales within any municipality, and out of the tax of six per cent (6%) of gross receipts of gas companies in excess of $25,000.00 an amount equal to a tax of ¾ of 1% of the gross receipts from sales within any municipality, shall be distributed to such municipality. If the gross receipts of any gas company from sales within and without any municipality exceed $25,000.00, receipts from sales without the municipality shall be allocated to the first $25,000.00 of total gross receipts.

Not later than fifteen days after the date on which each quarterly payment of taxes is due under this section, the commissioner of revenue shall report to the state board of assessment the amount collected under this section on account of receipts from the sale within each municipality of the commodities or services, other than water and sewerage services, described in this section. The state board of assessment shall examine such reports and, if found to be correct, shall certify a copy of the same to the state auditor and state treasurer. Upon certification by the state board of assessment, as herein provided, it shall be the duty of the state auditor to issue warrant on the state treasurer to the treasurer, or other officer authorized to receive public funds, of each municipality in the amount to be distributed to each such municipality as herein provided.

So long as there is a distribution to municipalities of the amount herein provided from the tax imposed by this section, no municipality shall impose or collect any greater franchise, privilege or license taxes, in the aggregate, on the businesses taxed under this section, than was imposed and collected on or before January 1, 1947. If any municipality shall have collected any privilege, license or franchise tax between January 1, 1947, and April 1, 1949, in excess of the tax collected by it prior to January 1, 1947, then upon distribution of the taxes imposed by this section to municipalities, the amount distributable to any municipality shall be credited with such excess payment. (1939, c. 158, s. 203; 1949, c. 392, s. 2.)

Editor's Note.—The 1949 amendment, effective April 1, 1949, rewrote subsection (6) and added subsection (7). As subsections (1) through (5) were not changed they are not set out.

For brief comment on the 1949 amendment, see 27 N. C. Law Rev. 482.

For the history of subsection (6) of this section, see Duke Power Co. v. Bowles, 229 N. C. 143, 48 S. E. (2d) 287.

"Privilege or License Tax" Does Not Include Franchise Taxes.—The term "privilege or license tax," as used in

subsection (6) of this section, does not include franchise taxes, it being apparent that the legislature would have used the term "franchise" eo nomine if it had intended to include franchise taxes within the limitation upon taxes to be imposed by cities or towns. Duke Power Co. v. Bowles, 229 N. C. 143, 48 S. E. (2d) 287.

§ 105-120. Franchise or privilege tax on telephone companies.

(4) The commissioner of revenue shall ascertain the total gross receipts derived from local business conducted within each municipality in this state by persons, firms or corporations taxed under this section, and out of the tax levied by this section, an amount equal to a tax of ¾ of 1% of the gross receipts from local business conducted within any municipality shall be distributed to such municipality. When a person, firm or corporation taxed under this section properly receives a credit on said taxes under the proviso in subsection (2) because of payments made to a municipality, such municipality's distributive share of the taxes levied by this section shall be reduced by the amount of the credit properly received by said person, firm or corporation. If the credit received under the proviso is greater than the municipality's distributive share of the taxes levied under this section, no distribution to such municipality shall be made.

Not later than fifteen days after the date on which each quarterly payment of taxes is due under this section, the commissioner of revenue shall report to the state board of assessment the amount collected under this section on account of receipts from local business conducted within each municipality. The state board of assessment shall examine such reports and, if found to be correct, shall certify a copy of the same to the state auditor and state treasurer. Upon certification by the state board of assessment, as herein provided, it shall be the duty of the state auditor to issue warrant on the state treasurer to the treasurer, or other officer authorized to receive public funds, of each municipality in the amount to be distributed to each such municipality as herein provided.

In determining what constitutes local business conducted within a municipality for the purposes of this subsection, all business originating within a municipality, except long-distance calls, shall be construed as local business.

The department of revenue is hereby authorized and empowered to require any and all persons, firms or corporations taxed under this section to file additional reports disclosing the gross receipts derived from local business as herein defined and the gross receipts from long-distance business.

If the records of the corporation taxed under this section do not readily disclose allocation to municipalities of revenues from local business as above defined, the commissioner of revenue shall prescribe some practicable method of allocating such local revenues.

(5) Nothing in this section shall be construed to authorize the imposition of any tax upon interstate commerce.

(6) Counties, cities and towns shall not levy any franchise, license, or privilege tax on the business taxed under this section. (1939, c. 158, s. 207; 1949, c. 392, s. 2.)

Editor's Note.—The 1949 amendment, effective April 1, 1949, inserted new subsection (4), and renumbered old subsections (4) and (5) as (5) and (6), respectively. As subsections (1), (2) and (3) were not affected by the amendment they are not set out.

§ 105-121: Repealed by Session Laws 1945, c. 752, s. 1.

§ 105-122. Franchise or privilege tax on domestic and foreign corporations.

Every corporation doing business in this state which is a parent, subsidiary or affiliate of another corporation shall add to its capital stock surplus and undivided profits all indebtedness owed to or endorsed or guaranteed by a parent, subsidiary or affiliated corporation as a part of its capital used in its business and as a part of the base for franchise tax under this section. The term "indebtedness" as used in this paragraph shall include all loans, credits, goods, supplies or other capital of whatsoever nature furnished by a parent, subsidiary, or affiliated corporation. The terms "parent," "subsidiary," and "affiliate" as used in this paragraph shall have the meaning specified in § 105-143. If any part of the capital of the creditor corporation is capital borrowed from a source other than a parent, subsidiary or affiliate, the debtor corporation, which is required under this paragraph to include in its tax base the amount of debt by reason of being a parent, subsidiary, or affiliate of the said creditor corporation, may deduct from the debt thus included a proportionate part determined on the basis of the ratio of such borrowed capital as above specified of the creditor corporation to the total assets of the said creditor corporation. Further, in case the creditor corporation s above specified is also taxable under the provisions of this section, such creditor corporation shall be allowed to deduct from the total of its capital, surplus and undivided profits the amount of any debt owed to it by a parent, subsidiary or affiliated corporation to the extent that such debt has been included in the tax base of said parent, subsidiary or affiliated debtor corporation reporting for taxation under the provisions of this section.

(4) After determining the proportion of its total capital stock, surplus and undivided profits as set out in subsection three of this section, which amount so determined shall in no case be less than the total assessed value (including total gross valuation returned for taxation of intangible personal property) of all the real and personal property in this state of each such corporation for the year in which report is due nor less than its total actual investment in tangible property in this state, every corporation taxed under this section shall annually pay to the commissioner of revenue, at the time the report and statement are due, a franchise or privilege tax, which is hereby levied, at the rate of one dollar and fifty cents ($1.50) per one thousand dollars ($1,000.00) of the total amount of

capital stock, surplus and undivided profits as herein provided. The tax imposed in this section shall in no case be less than ten dollars ($10.00) and shall be for the privilege of carrying on, doing business, and/or the continuance of articles of incorporation or domestication of each such corporation in this state: Provided, that the basis for the franchise tax on all corporations, eighty per cent (80%) of whose outstanding capital stock is owned by persons or corporations to whom or to which such stock was issued prior to January first, one thousand nine hundred thirty-five, in part payment or settlement of their respective deposits in any closed bank of the state of North Carolina, shall be the total assessed value of the real and tangible personal property of such corporation in this state for the year in which report and statement is due under the provisions of this section. The term "total actual investment in tangible property" as used in this section shall be construed to mean the total original purchase price or consideration to the reporting taxpayer of its tangible properties, including real estate, in this state plus additions and improvements thereto less reserve for depreciation as permitted for income tax purposes, and also less any indebtedness incurred and existing by virtue of the purchase of any real estate and any permanent improvements made thereon.

In determining the total tax payable by any corporation under this section and under § 105-115 there shall be allowed as a credit on such tax the amount of intangibles tax paid during the preceding franchise tax year on bank deposits under the provisions of § 105-199, except that the minimum tax herein provided shall not be less than the ten dollars ($10.00) elsewhere specified.

The 1945 amendment rewrote the second paragraph of subsection (2) which appears as the first paragraph above, and added the second paragraph of subsection (4). The 1947 amendment changed the amount in line fifteen of subsection (4) from $1.75 to $1.50. As the rest of the section was not affected by the amendment it is not set out.

In the case of a corporation organized or domesticated within the state within the taxable year, which shall acquire the entire assets within the state of a corporation previously operating therein which shall have paid prior to the disposal of said assets the franchise tax for the taxable year, the newly organized or domesticated corporation shall be allowed to deduct that portion of the capital stock, surplus, and undivided profits, or other alternative tax base as provided in § 105-122 (4), of the prior corporation previously reported and taxed in the taxable year in determining the tax for the balance of the year upon such newly organized or domesticated corporation.

(1945, c. 708, s. 3.)

Editor's Note.—The 1945 amendment, effective January 1, 1945, added the above paragraph at the end of subsection (1). As the rest of the section was not affected by the amendment it is not set out.

For a summary and discussion of the changes made in this article by the Session Laws of 1949, see 27 N. C. Law Rev. 482.

Imposition of Income Tax.

§ 105-134. Corporations.

Editor's Note.—
The 1945 amendment struck out paragraph (f) of subdivision 2 of subsection II, relating to foreign insurance companies. As this was the only change made by the amendment the section is not set out.

§ 105-136. Railroads and public-service corporations.

In any case when the state of North Carolina jointly with the federal government has made any advances or has made any loans to a nonoperating railroad in which the state of North Carolina owns more than a majority of the capital stock, which advances or loans are made for the purpose of rehabilitating the properties of such railroad and are to be repaid by the operating railroad in the form of special and additional rents, such special or additional rents so paid shall be deducted from operating revenues in determining the net taxable income of such operating railroad. This deduction shall be allowable for the taxable years beginning with the year ending December thirty-first, one thousand nine hundred and forty-four, and subsequent years. (1939, c. 158, s. 312; 1941, c. 50, s. 5; 1945, c. 708, s. 4.)

Editor's Note.—
The 1945 amendment added the above paragraph at the end of this section. As the rest of the section was not affected by the amendment it is not set out.

§ 105-138. Conditional and other exemptions.

9. Mutual associations formed under §§ 54-111 to 54-128, formed to conduct agricultural business on the mutual plan; or to marketing associations organized under §§ 54-129 to 54-158.

Nothing in this subsection shall be construed to exempt any cooperative, mutual association or other organization from an income tax on net income (gross income minus operating expenses, including interest paid on capital stock) which has not been allocated to patrons on a patronage basis and distributed either in cash, stock, certificates, or in some other manner that discloses to each patron the amount of his patronage refund; provided, that no stabilization or marketing organization, which handles agricultural products for sale for producers on a pool basis, shall be deemed to have realized any net income or profit in the disposition of a pool or any part of a pool until all of the products in that pool shall have been sold and the pool shall have been closed; provided, further, that a pool shall not be deemed closed until the expiration of at least 90 days after the sale of the last remaining product in that pool. Such cooperatives and other organizations shall file an annual informational return with the state department of revenue on forms to be furnished by the commissioner and shall include therein the names and addresses of all persons, patrons and/or shareholders, whose patronage refunds or interest on stock amount to $50.00 or more.

10. Pension, profit sharing, stock bonus and annuity trusts, or combinations thereof, established by employers for the purpose of distributing both the principal and income thereof exclusively to eligible employees, or the beneficiaries of such employees, and so constituted that no part of the corpus or income may be used for, or diverted to,

any purpose other than for the exclusive benefit of the employees or their beneficiaries; provided, there is no discrimination, as to eligibility requirements, contributions or benefits, in favor of officers, shareholders, supervisors, or highly paid employees; provided further, that the interest of individual employees participating therein shall be irrevocable and nonforfeitable to the extent of any contributions made thereto by such employees; and provided further, the commissioner of revenue shall be empowered to promulgate rules and regulations regarding the qualification of such trusts for exemption under this subsection. The exemption of any trust under the provisions of the federal income tax law shall be a prima facie basis for exemption of said trust under this paragraph. This subdivision shall be effective from and after January first, one thousand nine hundred and forty-four.

11. Insurance companies paying the tax on gross premiums as specified in § 105-228.5. (1939, c. 158, s. 314; 1945, c. 708, s. 4; c. 752, s. 3; 1949, c. 392, s. 3.)

Editor's Note.—The first 1945 amendment added subsection 10, and the second 1945 amendment added subsection 11. The 1949 amendment, effective January 1, 1949, added that part of subsection 9 beginning with the second sentence. As the rest of the section was not affected by the amendments, it is not set out.

§ 105-141. Gross income defined.

The commissioner of revenue is hereby authorized, in his discretion, to adopt rules and regulations providing that recoveries of bad debts or similar items which have been charged off by banks or other businesses under the regulations and supervision of a state agency, where such charge-offs were required to be made by said supervising state agency, shall be includible in gross income to the same extent as such recoveries are includible in gross income under the federal income tax laws in effect at the time of the issuance of said rules and regulations, or to adopt such other rules and regulations regarding such recoveries as may be deemed just, reasonable and proper. These rules and regulations may be made applicable to charge-offs made prior to January first, one thousand nine hundred and forty-five, but not recovered until after January first, one thousand nine hundred and forty-five.

(f) The rental value of any dwelling and the appurtenances thereof furnished to a minister of the gospel as a part of his compensation; also the rental value of any homes and quarters and the appurtenances thereof furnished the officers and employees of orphanages, whose duties require them to live on the premises and in buildings owned by such institutions, as a part of their compensation. (1939, c. 158, s. 317; 1941, c. 50, s. 5; c. 283; 1943, c. 400, s. 4; 1945, c. 708, s. 4; c. 752, s. 3.)

Editor's Note.—

The first 1945 amendment, effective Jan. 1, 1945, directed that the first paragraph above be inserted at the end of subsection 1 and added present paragraph (f) to appear at the end of subsection 2. The second 1945 amendment struck out former paragraph (f). As the rest of the section was not affected by the amendments it is not set out.

A gain resulting from the involuntary conversion of a capital asset by fire was taxable under the state law as income, notwithstanding that the proceeds of the fire insurance plus additional cash were necessary for and used in the restoration of the building, under this section and § 105-142, prior to the passage of § 105-144.1. State v. Speizman, 230 N. C. 459, 53 S. E. (2d) 533.

§ 105-142. Basis of return of net income.

5. In the case of trusts which qualify for exemption under § 105-138 (10), employees or their beneficiaries shall include in their gross incomes only the amounts actually received or made available to them within the income year; provided, that if such employees have made contributions to such trusts, and the benefits are received as periodical payments, the amounts annually received shall be taxed as an annuity to the extent of three per cent (3%) of the amount of such contributions, until the excess of receipts over and above the portion thus taxable as an annuity shall equal the total contributions, at which time all receipts thereafter received shall be annually taxable; provided further, that if such employees have made contributions to such trusts and the benefits are received in lump sum payments, only that portion of such receipts in excess of contributions shall be taxable. This subdivision shall be effective from and after January first, one thousand nine hundred and forty-four.

6. An individual, who patronizes or owns stock or has membership in a farmers' marketing or purchasing cooperative or mutual, organized under subchapter 4 or subchapter 5 of chapter 54 of the General Statutes of North Carolina, shall include in his gross income for the year in which the allocation is made his distributive share of any savings or interest on stock, whether distributed in cash or credit, allocated by the cooperative or mutual association for each income year. (1939, c. 158, s. 318; 1943, c. 400, s. 4; 1945, c. 708, s. 4; 1949, c. 392, s. 3.)

Editor's Note.—

The 1945 amendment added subsection 5. The 1949 amendment, effective January 1, 1949, added subsection 6. As the rest of the section was not affected by the amendments it is not set out.

A gain resulting from the involuntary conversion of a capital asset by fire was taxable under the state law as income, notwithstanding that the proceeds of the fire insurance plus additional cash were necessary for and used in the restoration of the building, under this section and § 105-141, prior to the passage of § 105-144.1. State v. Speizman, 230 N. C. 459, 53 S. E. (2d) 533.

Effect of Requirement That Commissioner Follow Federal Practice.—Subsection 1 of this section, stipulating that the commissioner of revenue shall follow the federal practice as nearly as practicable in instances where the method of accounting of the taxpayer does not clearly reflect the income of the taxpayer, does not require the commissioner to apply the provisions of sec. 112(f), 26 U. S. C. A. 95, in computing the income of a taxpayer from involuntary conversion of a capital asset. State v. Speizman, 230 N. C. 459, 53 S. E. (2d) 533. See § 105-144.1 and notes.

§ 105-143. Subsidiary and affiliated corporations.—The net income of a corporation doing business in this state which is a subsidiary or affiliate of another corporation shall be determined by eliminating all payments to or charges by the parent corporation or other subsidiaries or affiliates of the parent corporation in excess of fair compensation for all services performed for or commodities or property sold, transferred, leased, or licensed to the parent or to its other subsidiary or affiliated corporations by the corporation doing business in this state. If the commissioner of revenue shall find as a fact that a report by such subsidiary or affiliated corporation does not disclose the true earnings of such corporation on its business carried on in this state, the commissioner may require

that such subsidiary or affiliated corporation file a consolidated return of the entire operations of such parent corporation and of its subsidiaries and affiliates, including its own operations and income, and may determine the true amount of net income earned by such subsidiary or affiliated corporation in this state by taking the factor of investment in real estate and tangible personal property in this state and volume of business in this state and by relating these factors to the total investment of the parent corporation and its subsidiaries and affiliated corporations in real estate and tangible personal property in and out of this state and their total volume of business in and out of this state. The authority hereby given to require consolidated returns as aforesaid and to ascertain the true amount of income earned in this state on the basis herein prescribed may also be used by the commissioner as the basis of ascertaining the true net income earned in this state during the calendar year one thousand nine hundred and forty and for the three calendar years prior thereto. For the purposes of this section, a corporation shall be deemed a subsidiary of another corporation hereby designated the parent corporation, when, directly or indirectly, it is subject to control by such other corporation by stock ownership, interlocking directors, or by any other means whatsoever exercised by the same or associated financial interests, whether such control is direct or through one or more subsidiary, affiliated, or controlled corporations, and a corporation shall be deemed an affiliate of another corporation when both are directly or indirectly controlled by the same parent corporation or by the same or associated financial interests by stock ownership, interlocking directors, or by any other means whatsoever, whether such control be direct or through one or more subsidiary, affiliated or controlled corporations. Upon such finding by the commissioner, the consolidated returns authorized by this section may be required whether the parent or controlling corporation or interest or its subsidiaries or affiliates are or are not doing business in this state. The provisions of this paragraph do not apply to corporations subject to regulation by a regulatory body of this state which are required to maintain accounts in such manner as to reflect separately the business done in this state and file a report thereof with such regulatory body. This paragraph shall not apply unless the commissioner further finds that the business in this state is handled or effected in such manner as to distort or not reflect the true income earned in this state and finds in addition either or both of the following facts: (a) that the several corporations are owned or controlled by the same financial interests or (b) that they are members of a group of corporations associated together in carrying on a unitary business or are branches or parts of a unitary business or are engaged in different phases of the same general business or industry. If such consolidated return is required and is not filed within sixty days after demand, said subsidiary or affiliated corporation shall be subject to the penalty provided in this act for failure to file returns and in addition shall be subject to the penalty provided in § 105-230, and in such event the provisions of subsection 5 of § 105-161 shall apply.

Every subsidiary of a parent corporation doing business in this state shall not be allowed to deduct interest on indebtedness owed to or endorsed or guaranteed by the parent corporation and used by the subsidiary in carrying on its business in this state. The term "indebtedness" used in this paragraph shall include all loans, credits, goods, supplies or other capital of whatsoever nature furnished by the parent corporation, or by any subsidiary of the parent corporation. The term "parent corporation" shall include any subsidiary of the parent corporation. If any part of the capital used by the parent corporation is borrowed capital, the subsidiary may deduct from its gross income interest paid to the parent corporation in such proportion as the borrowed capital of the parent corporation is to the total assets of such parent corporation. The term "borrowed capital" used in this paragraph shall include all loans and credits obtained by the parent corporation and also all goods, supplies or other capital of whatever nature borrowed by the parent corporation.

(1945, c. 708, s. 4.)

Editor's Note.—

The 1945 amendment, effective January 1, 1945, inserted in the fourth sentence of the first paragraph the words "hereby designated the parent corporation," and substituted in the sixth and seventh sentences the word "paragraph" for the word "section." The amendment also struck out the former third sentence of paragraph two which read: "The term 'subsidiary corporation' as used in this paragraph shall mean any corporation, a majority of stock in which is owned by a parent corporation." As the third and fourth paragraphs were not affected by the amendment they are not set out.

§ 105-144.1. Involuntary conversions; recognition of gain or loss; replacement fund and surety bond.—If property (as a result of its destruction in whole or in part, theft or seizure, or an exercise of the power of requisition or condemnation, or the threat or imminence thereof) is compulsorily or involuntarily converted into property similar or related in service or use to the property so converted, or into money which is forthwith in good faith, under regulations which the commissioner may, in his discretion, prescribe, expended in the acquisition of other property similar or related in service or use to the property so converted, or in the acquisition of control of a corporation owning such other property, or in the establishment of a replacement fund, no gain shall be recognized, but loss shall be recognized if such loss would be recognized under this article if such conversion had been voluntary. If any part of the money is not so expended, the gain, if any, shall be recognized to the extent of the money which is not so expended (regardless of whether such money is received in one or more taxable years). In the event a replacement fund is established, the commissioner may require the taxpayer to deposit with him a surety bond or a bond secured by sufficient collateral, in double the amount of the tax which would be assessable if the funds or any part thereof were not used in the replacement of the property compulsorily or involuntarily converted, which bond shall be conditioned upon using such replacement fund in replacing such property within a reasonable time, not to exceed one year after the receipt of the funds by the taxpayer, to be determined by the commissioner, which time may be extended by the commissioner from time to time not to ex-

ceed a total time of three years within which the replacement fund may be so used or expended, and such bond shall further be conditioned upon the payment of the tax which would have been assessable if the property had been voluntarily converted if the taxpayer fails to use the fund for the replacement of the involuntarily converted property within the time allowed by the commissioner.

The establishment of a replacement fund and the giving of bond as herein provided shall be deemed a waiver by the taxpayer of any statute limiting the time within which the commissioner may make an assessment against the taxpayer on account of any taxable gain which may have been realized from such involuntary conversion, and the commissioner may make such assessment at any time within three years after the expiration of the time or extended time within which the taxpayer shall have been permitted to expend the replacement fund in the replacement of the property involuntarily converted. If an assessment is made, such assessment shall be for the year or years in which the gain would have been taxable if no replacement fund had been established, and to such tax so assessed there shall be added all penalties and interest applicable to such year or years.

As used in this section, the term "control" means the ownership of stock possessing at least eighty per centum (80%) of the total combined voting power of all classes of stock entitled to vote, and at least eighty per centum (80%) of the total number of shares of all other classes of stock of the corporation.

In the administration of this section, the commissioner may, in his discretion, apply the federal rules and regulations, rulings, and federal court decisions pertinent to the administration and construction of § 112 (f) of the Federal Internal Revenue Code, but the commissioner shall not be bound by such rules and regulations, rulings and decisions. (1949, c. 1171.)

Federal Regulations and Rulings Adopted by Commissioner.—On 5 May, 1949, the commissioner of revenue of North Carolina promulgated a regulation for the purpose of administering this section, in which he adopted the federal rules and regulations, rulings and federal court decisions pertinent to the administration and construction of section 112(f) of the Internal Revenue Code. State v. Speizman, 230 N. C. 459, 53 S. E. (2d) 533.

Pending Litigation.—The mere statement in the act from which this section was codified that it is to affect pending litigation, will not be construed as sufficient authority to authorize the commissioner of revenue to refund to a taxpayer a tax legally assessed and collected prior to the enactment of the act. State v. Speizman, 230 N. C. 459, 53 S. E. (2d) 533.

Section Does Not Authorize Refund of Tax Previously Collected.—This section adopting the federal rule for determining income tax upon the involuntary conversion of a capital asset, does not authorize the commissioner of revenue to refund income tax legally assessed and collected upon such capital gain prior to the enactment of this section, even though the tax was paid under protest. State v. Speizman, 230 N. C. 459, 53 S. E. (2d) 533.

§ 105-147. Deductions.

1½. In the case of an individual, all the ordinary and necessary expenses paid or incurred during the income year for the production or collection of income, or for the management, conservation, or maintenance of property held for the production of income.

1¾. All the ordinary and necessary expenses paid during the income year by any teacher, principal or superintendent of the public schools of the state for the purpose of attending summer school in any accredited college or university. Ordinary and necessary expenses shall be construed to include tuition, matriculation fees, registration fees, amounts paid for books and necessary classroom supplies, subsistence and individual athletic supplies. The deductions authorized under this subsection shall be allowed only upon the presentation to the commissioner of revenue, or his authorized agent, receipts showing the expenditures made hereunder; provided, said sums shall not exceed the sum of two hundred and fifty dollars ($250.00) for any one year.

5. Dividends from stock in any corporation, the income of which shall have been assessed, and the tax on such income paid by the corporation under the provisions of this article: Provided, that when only part of the income of any corporation shall have been assessed under this article, whether paid directly to the taxpayer or paid to the taxpayer by a trustee of a distributable trust, only a corresponding part of the dividends received therefrom shall be deducted. In the case of insurance companies taxed under the provisions of § 105-228.5 the dividends from stock in domestic insurance corporations shall be deductible and a proportionate part of any dividends received from stock in foreign insurance corporations shall be deductible, such part to be determined on the basis of the ratio of premiums reported for taxation in this state to total premiums collected both in and out of the state.

6. Losses of such nature as designated below:

(a) Losses of capital or property used in trade or business actually sustained during the income year except that: No deduction shall be allowed for losses arising from personal loans, endorsements or other transactions of a personal nature not entered into for profit; and losses of such character as specified in subdivision (c) below shall be deductible only to the extent therein provided.

(b) Losses of property not connected with a trade or business sustained in the income year if arising from fire, storm, shipwreck or other casualties or theft to the extent such losses are not compensated for by insurance or otherwise.

(c) Losses incurred in the income year from the sale of corporate shares or bonds of corporations or governments owned less than one year, or from transactions in commodity futures contracts where the transactions are of such nature that no title to actual commodities passes, provided that the amount of loss deductible in any year shall be limited to the extent of gains from similar sources in the same year. In determining the amount of loss deductible in any year any losses arising from sales or transactions as specified in this subdivision may be offset against any gains arising from any sales or transactions as specified in this subdivision. Losses incurred from trading in commodity contracts shall be deductible without respect to gains from any sources specified herein in cases where the loss claimed shall arise from hedging operations carried on in connection with an established business or in connection with market operations regularly conducted which involve the purchase and sale of tangible commodities.

(d) Losses in the nature of net economic losses sustained in either or both of the two preceding income years arising from business transactions or to capital or property as specified in (a) and (b) above subject to the following limitations:

First, the purpose in allowing the deduction of net economic loss of a prior year or years is that of granting some measure of relief to taxpayers who have incurred economic misfortune or who are otherwise materially affected by strict adherence to the annual accounting rule in the determination of taxable income, and the deduction herein specified does not authorize the carrying forward of any particular items or category of loss except to the extent that such loss or losses shall result in the impairment of the net economic situation of the taxpayer such as to result in a net economic loss as hereinafter defined.

Second, the net economic loss for any year shall mean the amount by which allowable deductions for the year other than contributions, personal exemptions, prior year losses, taxes on property held for personal use, and interest on debts incurred for personal rather than business purposes shall exceed income from all sources in the year including any income not taxable under this article.

Third, any net economic loss of a prior year or years brought forward and claimed as a deduction in any income year may be deducted from taxable income of the year only to the extent that such carry-over loss from the prior year or years shall exceed any income not taxable under this article received in the same year in which the deduction is claimed, except that in the case of foreign corporations, and of domestic corporations or resident individuals eligible for the deduction of a part of net income under the provisions of subsection ten of this section by reason of having net income earned and taxed in another state, only such proportionate part of the net economic loss of a prior year or years shall be deductible from the income taxable in this state as would be determined by the ratio of net income allocable to this state as compared to all net income received both within and without the state. For such corporations and resident individuals as specified herein any income properly allocable without the state shall be disregarded in offsetting income not taxable under this article against the amount of any prior year loss to determine the amount of prior year loss deductible from taxable income in any year.

Fourth, a net economic loss carried forward from any year shall first be applied to, or offset by, any income taxable or nontaxable of the next succeeding year before any portion of such loss may be carried forward to a second succeeding year. If there is any income taxable or nontaxable in the first succeeding year not otherwise offset only the balance of any carry-over loss may be carried forward to a second year.

Fifth, the amount of any loss arising from sales or transactions as specified in subdivision (c) above and not allowed as a deduction for the year in which such loss occurred may be carried forward for deduction in either or both of the succeeding years but only to the extent that such loss when added to other deductions permitted in the second limitation above shall result in a net economic loss as defined in the said second limitation. Further, any portion of such loss from sales or transactions specified in subdivision (c) above which is carried forward to one or both of the two succeeding years may be deducted from taxable income in either year only to the extent of gain not otherwise offset from similar sales or transactions in the year in which such deduction is claimed, but not to exceed such amount as would be permitted as a deduction under the other limitations above.

Sixth, no loss shall either directly or indirectly be carried forward more than two years.

7. Debts ascertained to be worthless and actually charged off within the income year, if connected with business and, if the amount has previously been included in gross income in a return under this article; or, in the discretion of the commissioner, a reasonable addition to a reserve for bad debts.

7½. Amounts expended by an individual during the year for medical care and insurance against illness or accident for himself, or herself, and dependents, and for funeral expenses for dependents leaving no net estate, to the extent that the total of such expenditures not compensated for by insurance or otherwise shall exceed five per centum of net income computed without the benefit of the deduction authorized in this subdivision. The deduction authorized in this subdivision shall apply only to amounts that were actually paid in the income year, and the total allowable deduction in any tax year shall not exceed twenty-five hundred dollars. ($2,500.00).

9. Contributions or gifts made by individuals, firms, partnerships and corporations within the income year to corporations, trusts, community chests, funds, foundations or associations organized and operated exclusively for religious, charitable, literary, scientific, or educational purposes or for the prevention of cruelty to children or animals, no part of the net earnings of which inures to the benefit of any private stockholder or individual, or contributions or gifts made by individuals, firms, partnerships and corporations within the income tax year to posts or organizations of war veterans, or auxiliary units or societies of any such posts or organizations, if such posts, organizations, units, or societies are organized in the United States or any of its possessions, and if no part of their net earnings inures to the benefit of any private shareholder or individual: Provided, that in the case of such contributions or gifts by corporations and partnerships, the amount allowed as a deduction hereunder shall be limited to an amount not in excess of five (5%) per centum of the corporation's or partnership's net income, as computed without the benefit of this subdivision; and provided that in the case of such contributions or gifts by individuals, the amount allowed as a deduction shall be limited to an amount not in excess of ten (10%) per centum of the individual's net income, as computed without the benefit of this subsection.

9½. Amounts actually expended by an individual, other than a married woman having a separate and independent income, who is not entitled to a personal exemption of two thousand dollars ($2,000.00) under the provisions of subdivisions (a), (b), (c), and (d) of subsection one of § 105-

149 in maintaining one or more dependent relatives in an institution for the care of mental or physical defectives irrespective of whether such dependent relatives be above or below the age of eighteen: Provided, that the deduction authorized in this section shall apply only to actual expenditures in excess of the amounts allowed as personal exemption for dependents under the provisions of subdivision (e) of subsection one of § 105-149, and the maximum amount that may be deducted by an individual under the authorization herein stated shall not exceed eight hundred dollars ($800.00).

9¾. Contributions by persons and corporations to the state of North Carolina, any of its institutions, instrumentalities, or agencies, any county of this state, its institutions, instrumentalities, or agencies, any municipality of this state, its institutions, instrumentalities, or agencies.

10. Income earned in another state, nation, territory or possession (hereinafter referred to as "state") by resident individuals and domestic corporations to the extent hereinafter provided.

(a) Domestic corporations having an established business in another state, or investment in property in another state, may deduct the net income from such business or property if the said net income is taxed under an income tax levied by the state or states in which the business or property is located. The deduction herein authorized shall not include income received from stocks, bonds, notes, mortgages, securities, or bank or other deposits or credits, except to the extent that it may be shown that such securities or credits or the income therefrom are a part of an established business in another state and that the income therefrom has been taxed by such other state or states in connection with the established business therein. In case a deduction is claimed under the provisions herein stated for income earned and taxed in another state, the amount allocated to another state or other states and claimed as a deduction shall not exceed such an amount as would be determined to be allocable to such other state or states by the application of the same allocation ratio as is specified in Part II of § 105-134 for the allocation of the net income of a foreign corporation operating a similar type of business in this state, unless any domestic corporation claiming the deduction of a portion of net income in excess of an amount determined by the application of said ratio shall submit sufficient evidence to prove to the satisfaction of the commissioner of revenue that the portion claimed as a deduction is properly allocable to another state or other states. In determining the maximum amount of net income properly allocable to another state or other states the respective allocation fraction shall apply to net income only after the subtraction of any net income from stocks, bonds, or other securities or credits excluded above from the deduction herein authorized. In all cases a domestic corporation which has an established business or investment in property in another state which does not levy an income tax shall treat any income or loss from such business or investment as though it occurred from a business or investment in North Carolina.

The provision above stated for the deduction of income that is earned and taxed in another state as net income shall be construed to include income that is earned and taxed in another state even though the tax thereon may be levied in such other states as a franchise or excise tax. The deduction of income earned and taxed in another state shall depend upon whether the tax is in fact a tax upon net income irrespective of what name may be given thereto.

(b) Resident individuals having an established business or an investment in real or tangible property in another state or other states may deduct the net income from such business or property but only to the extent that such income is in fact reported for taxation in such other state or states which levies or levy a net income tax. The deduction herein authorized shall not apply to income for personal services or income from any other source than an established business or real and/or tangible property owned in another state except to the extent provided in § 105-151. Resident individuals who have an established business or investment in property in another state which does not levy an income tax on the income therefrom shall treat any income or loss from such business or investment as though it occurred from a business or investment in North Carolina.

(c) The deductions authorized in this section for income earned and taxed in another state by domestic corporations and resident individuals shall not include income earned in another state from the lease or rental of movable personal property unless such property shall be regularly located in such other state in connection with an established business therein. For purposes of this section no business shall be deemed to be an established business in another state unless an office or plant at some fixed place of business is maintained in connection therewith.

12. In computing net income no deduction shall be allowed under this section relating to salaries, wages, or other expenses, rentals or other similar payments, interest or taxes, if (1) the same are not actually paid within the taxable year or within two and one-half (2½) months after the close thereof; and (2) if, by reason of the method of accounting of the person or corporation to whom the payment is to be made, the amount thereof is not, unless actually paid, includible in the gross income of such person or corporation for the taxable year in which or with which the taxable year of the taxpayer ends. In the case of taxpayers who keep their accounts and report for income tax purposes on a cash basis, items of expenditure of such nature as specified above in this subsection shall not be allowed as a deduction unless such were actually paid within the income year for which a report is made.

13. Reasonable amounts paid by employers within the income year to trusts which qualify for exemption under subsection ten of § 105-138; provided, that amounts which are deductible for federal income tax purposes shall be prima facie allowable as deductions hereunder; provided further, that, in the case of taxpayers on the accrual basis, they shall be deemed to have made payments on the last day of the year of accrual if actual payments are made within sixty days after the close of such year. This subsection shall be effective from and after January first, one thousand nine hundred and forty-two.

14. Payments made by a divorced or estranged spouse to his or her spouse who is living separate and apart from the spouse making such payments for the separate support and maintenance of such spouse, whether made pursuant to an order of court or under the terms of an agreement, oral or written, between the parties. The deduction authorized by this subsection shall in no case exceed the amount actually paid or one thousand dollars ($1,000.00), whichever is smaller. In case a spouse is making payments to more than one divorced or estranged spouse living separate and apart from the spouse making the payments for their separate support and maintenance, payments made under the conditions outlined above may be deducted by the spouse making the payments up to the payments made to each such spouse or one thousand dollars ($1,000.00) each, whichever is smaller. Any individual who reports his income to the state of North Carolina for income tax purposes on an accrual basis may claim the deductions authorized by this subsection if the payments claimed as a deduction are actually made within seventy-five (75) days after the close of the taxpayer's fiscal or calendar year, whichever is used. No deduction shall be allowed under this subsection for payments made for the support of dependents, whether made directly to the dependents or to the spouse for the support of such dependents. When a sum is to be paid under the conditions outlined above to a spouse living separate and apart from the spouse making the payments for the support of said spouse and a dependent or dependents of the spouse making the payments, only the amount paid for the support of the spouse (not to exceed $1,000.00) shall be claimed as a deduction under this subsection.

When a legal obligation to support a divorced or estranged spouse living separate and apart from his or her spouse is satisfied by the payment of a lump sum or a transfer of property, the amount of such lump sum payment or the market value of such property at the time of the conveyance thereof, or one thousand dollars ($1,000.00), whichever is smaller, may be claimed as a deduction under this subsection. The deduction claimed under this paragraph must be claimed for the income year in which the payment is made or the transfer of property is effected and no deduction on account thereof may be claimed in any subsequent year: Provided, that when a taxpayer reports income for income tax purposes on the accrual basis, the deduction authorized by this paragraph may be claimed on that basis and no subsequent deduction shall be allowed under this paragraph. Editor's Note.—

The first 1945 amendment, effective January 1, 1945, rewrote subsections 6 and 10, added subsections 7¼, 9¼ and 13, changed the last word of subsection 9 from "section" to "subsection," and added the second sentence of subsection 12. The second 1945 amendment added the second sentence of subsection 5.

The first 1947 amendment, effective Jan. 1, 1947, added subsections 1½ and 1¾, added the part of subsection 7 appearing after the semicolon, added the second sentence of subsection 7½ and substituted "forty-two" for "forty-four" in the last line of subsection 13. The second 1947 amendment, effective Jan. 1, 1947, inserted in subsection 9 the provision as to contributions to organizations of war veterans, etc.

The 1949 amendment, effective January 1, 1949, added subsections 9¾ and 14.

Only the subsections affected by the amendments are set out.

For a discussion of the provisions of this and other sections of the North Carolina income tax law designed to guard against excessive duplicate taxation, see 27 N. C. Law Rev. 582.

Income from Business Situated in Another State.—In order for a resident taxpayer to be entitled to deduct income derived from a business situated in another state from his income taxable by this state, the taxpayer must show that he has a business or investment in such other state, that the income therefrom is taxable in that state, and that the questioned income is derived from such business or investment. Sabine v. Gill, 229 N. C. 599, 51 S. E. (2d) 1.

Where the taxpayer was entitled to a portion of the income from a business carried on in another state by trustees, the state of the situs of the business taxed the income therefrom, and the profit from the business was paid to a trustee in this state, which distributed the income, the taxpayer did not "have" a business in such other state so as to bring her within the purview of subsection 10 of this section. Sabine v. Gill, 229 N. C. 599, 51 S. E. (2d) 1.

§ 105-149. Exemptions. — 1. There shall be deducted from the net income the following exemptions:

(a) In the case of a single individual, a personal exemption of one thousand dollars ($1,000.00).

(b) In the case of a married man with a wife living with him, two thousand dollars ($2,000.00), or in the case of a person who is the head of a household and maintains the same and therein supports one or more dependent relatives, under eighteen years of age, or, if over eighteen years of age, incapable of self-support because mentally or physically defective, two thousand dollars ($2,000.00).

(c) A married woman having a separate and independent income, one thousand dollars ($1,000.00).

(d) In the case of a widow or widower having minor child or children, natural or adopted, two thousand dollars ($2,000.00).

(e) Three hundred dollars ($300.00) for each individual (other than husband and wife) dependent upon and receiving his chief support from the taxpayer, if such dependent individual is under eighteen years of age or is incapable of self-support because mentally or physically defective or is regularly enrolled for fulltime study in a school, college, or other institution of learning. Exemptions for the children of taxpayers shall be allowed under this subsection only to the person entitled to the $2,000.00 exemption provided in subsection (b) of this subdivision.

(f) In the case of a fiduciary filing a return for that part of the net income of estates or trusts which has not become distributable during the income year one thousand dollars ($1,000.00). Provided, that in cases where two or more trusts have been established for the benefit of the same individual or beneficiaries the exemption allowed each of such trusts shall be such amount as would be determined by dividing one thousand dollars ($1,000.00) ratably among such trusts in proportion to the corpus of each.

In the case of a fiduciary filing a return for the net income received during the income year of a deceased resident or nonresident individual who has died during the tax year or income year without having made a return, two thousand dollars ($2,000.00) if the individual was a married man.

and one thousand dollars ($1,000.00) if the individual was single or a married woman not qualifying as "head of a household."

In the case of a fiduciary filing a return for an insolvent or incompetent individual resident or non-resident where the fiduciary has complete charge of such net income the same exemption to which the beneficiary would be entitled.

(g) In the case of a divorced person having the sole custody of a minor child or children and receiving no alimony for the support of himself, herself, child, or children two thousand dollars ($2,000.00.)

(h) In the case of any person who is totally blind, such person shall be entitled to an additional exemption of one thousand dollars ($1,000.00) in addition to all other exemptions allowed by law. Provided, such person shall submit to the department of revenue a certificate from a physician certifying that such condition exists.

2. The exemptions allowable under this section shall be denied to an individual having income both within and without this state unless the entire income of such individual is shown in his or her return to this state; and if the entire income of such individual is shown in his or her return, the exemptions allowable under this section shall be denied in the proportion that the income earned ouside of this state bears to the total income both within and without this state; provided, that when an individual includes in his or her gross income taxable in this state income earned in another state and no deduction is claimed under this article because said income is earned outside of this state, such individual shall be allowed the same exemption under this section as a person earning all of his or her income in this state.

3. The status on the last day of the income year shall determine the right to the exemptions provided in this section: Provided, that a taxpayer shall be entitled to such exemption for husband or wife or dependents who have died during the income year. (1939, c. 158, s. 324; 1941, c. 50, s. 5; 1943, c. 400, s. 4; 1945, c. 708, s. 4; 1947, c. 501, s. 4; 1949, c. 392, s. 3; c. 1173.)

Editor's Note.—
The 1945 amendment, effective January 1, 1945, added at the end of the first sentence of subdivision (e) of subsection 1 the words "or is regularly enrolled for fulltime study in a school, college, or other institution of learning." It also added the proviso to the first paragraph of subdivision (f) and added subdivision (g).

The 1947 amendment, effective Jan. 1, 1947, rewrote subsection 2.

The first 1949 amendment, effective January 1, 1949, increased the amount in line one of subdivision (e) of subsection 1 from two hundred to three hundred dollars. The second 1949 amendment, which added paragraph (h) of subsection 1, provides that it shall not apply to taxes collectible on or before April 22, 1949.

§ 105-150. Exemption as to insurance or other compensation received by veterans.

The benefits of this section are hereby extended to and include those coming within the provisions of said section serving at any time between December seventh, one thousand nine hundred and forty-one and the termination of World War II. (1929, c. 184; 1945, c. 968, s. 1.)

Editor's Note.—The 1945 amendment added the above sentence at the end of this section. As the rest of the section was not affected by the amendment it is not set out.

§ 105-151. Exemption of compensation for personal services of residents taxed elsewhere; credit allowed nonresident taxpayer.

Editor's Note.—For a discussion of the provisions of this and other sections of the North Carolina income tax law designed to guard against excessive duplicate taxation, see 27 N. C. Law Rev. 582.

§ 105-152. Returns.

3. The return of a corporation shall be signed by the president, vice president, or other principal officer, and by the treasurer or assistant treasurer. There shall be annexed to the return the affirmation of the officers signing the same, which shall be in the form prescribed in § 105-155 of this article, and the same penalties prescribed in § 105-155 shall apply to any person making willful misstatements in said returns.

(1945, c. 708, s. 4.)

Editor's Note.—
The 1945 amendment, effective January 1, 1945, rewrote subsection 3. As the rest of the section was not affected by the amendment it is not set out.

Cited in Garrou Knitting Mills v. Gill, 228 N. C. 764, 47 S. E. (2d) 240.

§ 105-154. Information at the source.

2. Every partnership having a place of business in the state shall make a return, stating specifically the items of its gross income and the deductions allowed by this article, and shall include in the return the names and addresses of the individuals who would be entitled to share in the net income if distributable, and the amount of the distributive share of each individual, together with the distributive shares of corporation dividends. The return shall be signed by one of the partners under affirmation in the form prescribed in § 105-155 of this article, and the same penalties prescribed in § 105-155 shall apply in the event of a willful misstatement.

(1945, c. 708, s. 4.)

Editor's Note.—The 1945 amendment, effective January 1, 1945, rewrote the second sentence of subsection 2. As the rest of the section was not affected by the amendment it is not set out.

Collection and Enforcement of Income Tax.

§ 105-157. Time and place of payment of tax.—

(1) The full amount of the tax payable, as shown on the face of the return, shall be paid to the commissioner of revenue at the office where the return is filed at the time fixed by law for filing the return. If the amount of the tax exceeds fifty dollars ($50.00), payment may be made in two equal installments: one-half on the date the return is filed, and one-half on or before September 15th, with interest on the deferred payment at the rate of four per cent (4%) per annum from March 15th until paid; provided, that if the deferred payment is not made when due, interest at the rate of six per cent (6%) per annum shall be added to such deferred payment from March 15th until paid. This provision for deferred payment shall become effective as of January 1st, 1948. If the amount of the tax exceeds four hundred dollars ($400.00), payment may be made in four equal installments, one-fourth at the time of filing the report, one-fourth on or before June 15th, one-fourth on or before September 15th, and one-fourth on or before December 15th, with interest on the deferred payments at the rate of four per cent (4%) per annum from March 15th until paid; provided, that if any deferred payment is not made when due, the entire unpaid balance of the tax shall become immediately

due and payable, and interest at the rate of six per cent (6%) per annum shall be added to such balance from March 15th until paid. This provision for deferred payments shall become effective as of January 1st, 1948.

(1947, c. 501, s. 4.)

Editor's Note.—The 1947 amendment rewrote subsection (1). As the rest of the section was not affected by the amendment it is not set out.

§ 105-158. Examination of returns.

Cited in Garrou Knitting Mills v. Gill, 228 N. C. 764, 47 S. E. (2d) 240.

§ 105-159. Corrections and changes. — If the amount of the net income for any year of any taxpayer under this article, as returned to the United States treasury department, is changed and corrected by the commissioner of internal revenue or other officer of the United States of competent authority, such taxpayer, within two years after receipt of internal revenue agent's report or supplemental report reflecting the corrected net income, shall make return under oath or affirmation to the commissioner of revenue of such corrected net income. If the taxpayer fails to notify the commissioner of revenue of assessment of additional tax by the commissioner of internal revenue, the statute of limitations shall not apply. The commissioner of revenue shall thereupon proceed to determine, from such evidence as he may have brought to his attention or shall otherwise acquire, the correct net income of such taxpayer for the fiscal or calendar year, and if there shall be any additional tax due from such taxpayer the same shall be assessed and collected; and if there shall have been an over-payment of the tax the said commissioner shall, within thirty days after the final determination of the net income of such taxpayer, refund the amount of such excess: Provided, that any taxpayer who fails to comply with this section as to making report of such change as made by the federal government within the time specified shall be subject to all penalties as provided in § 105-161, in case of additional tax due, and shall forfeit his rights to any refund due by reason of such change.

If a refund of taxes paid is made under this section, interest thereon at six per cent (6%) per annum computed from ninety (90) days after the overpayment was made shall be added to such refund. If an assessment is made under this section, interest thereon at six per cent (6%) per annum computed from the due date of the original return shall be added.

When the taxpayer makes the return reflecting the corrected net income as required by this section, the commissioner of revenue shall make assessments or refunds based thereon within three (3) years from the date the return required by this section is filed and not thereafter. When the taxpayer does not make the return reflecting the corrected net income as required by this section but the department of revenue receives from the United States government or one of its agents a report reflecting such corrected net income, the commissioner of revenue shall make assessments for taxes due based on such corrected net income within five (5) years from the date the report from the United States government or its agent is actually received and not thereafter. (1939, c. 158, s. 334; 1947, c. 501, s. 4; 1949, c. 392, s. 3.)

Editor's Note.—The 1947 amendment substituted "two years" for "thirty days" in line seven and struck out the second sentence. The 1949 amendment, effective January 1, 1949, restored the said sentence and added the second and third paragraphs.

This section imposes on the taxpayer a positive duty with respect to his income tax liability beyond that required by § 105-152, respecting his original return; it is his duty not only to report the change made by the federal department but to file another return under oath reflecting it. And the fact that three years had already elapsed after the filing of the original return before the taxpayer received notice of the change made by the federal department did not bring into operation the statute of limitations in § 105-160, as it stood prior to the amendments of 1947 and 1949, so as to relieve the taxpayer of this duty. Garrou Knitting Mills v. Gill, 228 N. C. 764, 47 S. E. (2d) 240.

§ 105-160. Additional taxes.

Upon failure to file returns and in the absence of fraud the limitation shall be five years. (1939, c. 158, s. 335; 1947, c. 501, s. 4; 1949, c. 392, s. 3.)

Editor's Note.—The 1947 amendment inserted after the word "returns" in the last sentence the following phrase "(including the notice or return required by G. S. sec. 105-159 with respect to federal correction of net income)." The 1949 amendment, effective January 1, 1949, struck out the quoted phrase.

Former Law.—The three year limitation from the time of filing original income tax returns during which the commissioner of revenue might review returns and make additional assessments, under this section as it stood before the 1947 and 1949 amendments, was not strictly a statute of limitations and did not affect the right to additional tax but applied solely to administrative procedure by which the tax is assessed. Garrou Knitting Mills v. Gill, 228 N. C. 764, 47 S. E. (2d) 240.

Failure to File Additional Return under § 105-159.—This section, considered in pari materia with the other pertinent provisions of the Revenue Act prior to the amendment of c. 501, s. 4, Session Laws of 1947, did not preclude the commissioner of revenue from making additional assessments or refunds of income taxes after the expiration of three years from the filing of the original returns, where the taxpayer had been required to make changes in his federal income tax return and pay an additional assessment of federal income taxes, and had failed to notify the commissioner of revenue of such changes and to file an additional return under oath as required by § 105-159, notwithstanding that three years had already elapsed after the filing of the original return before the taxpayer received notice of the change made by the federal department. Garrou Knitting Mills v. Gill, 228 N. C. 764, 47 S. E. (2d) 240.

Art. 5. Schedule E. Sales Tax.

§ 105-167. Definitions.

8. The word "sale" or "selling" shall mean any transfer of title or possession, or both, exchange, or barter of tangible personal property, conditional or otherwise, however effected and by whatever name called, for a consideration paid or to be paid, in installments or otherwise, and shall include any of said transactions whereby title or ownership is ultimately to pass notwithstanding the retention of title or possession, or both, for security or other purposes, and shall further mean and include any bailment, loan, lease, rental or license to use or consume tangible personal property for a consideration paid or to be paid, in installments or otherwise, in which possession of said property passes to the bailee, borrower, lessee, or licensee: Provided, the provisions of this subsection shall not apply to the lease or rental of motion picture films used for exhibition purposes and for which a license tax is imposed under the provisions of § 105-37.

(1945, c. 708, s. 5.)

Editor's Note.—

The 1945 amendment inserted immediately before the proviso in subsection 8 the words "in which possession of said property passes to the bailee, borrower, lessee, or licensee."

It substituted the latter part of the proviso for the words "tax of three per cent is paid on the total admissions for such exhibitions." As the rest of the section was not affected by the amendment it is not set out.

Construction of Article.—As to the incidence of the tax where it is imposed upon a general class, as for instance retail merchants, the law is construed more strictly against the agency imposing the tax, and in favor of the taxpayer. Henderson v. Gill, 229 N. C. 313, 49 S. E. (2d) 754.

§ 105-168. Licenses; wholesale and retail sales tax rates; use tax on motor vehicles.

(c) Motor Vehicles.—In addition to the taxes levied in this article or in any other law, there is hereby levied and imposed upon every person, for the privilege of using the streets and highways of this state, a tax of three per cent (3%) of the sales or purchase price of any new or used motor vehicle purchased or acquired for use on the streets and highways of this state requiring registration thereof under the Motor Vehicle Laws of this state, which said amount shall not exceed fifteen dollars ($15.00), and shall be paid to the commissioner of revenue at the time of applying for certificate of title or registration of such motor vehicle. No certificate of title or registration plate shall be issued for same unless and until said tax has been paid: Provided, however, if such person so applying for certificate of title or registration and license plate for such motor vehicle shall furnish to the commissioner of revenue a certificate from a motor vehicle dealer licensed to do business in this state, upon a form furnished by the commissioner, certifying that such person has paid the tax thereon levied in this article, the tax herein levied shall be remitted to such person to avoid in effect double taxation on said motor vehicle under this article. The term "motor vehicle" as used in this section shall include trailers. It is declared to have been the purpose of this subsection that whenever a motor vehicle chassis is or has been purchased separately from the body which is thereafter installed thereon, the maximum tax herein levied shall be imposed only on the sale of the chassis and no additional tax shall be imposed upon the body mounted upon the same. It is not the intention of this section to impose any tax upon a body mounted upon the chassis of a motor vehicle which temporarily enters the state for the purpose of having such body mounted thereon by the manufacturer thereof. The commissioner of revenue is authorized to cancel any taxes assessed contrary to the provisions hereof.

The tax levied under this subsection shall not apply to the owner of a motor vehicle who purchases or acquires said motor vehicle from some person, firm or corporation who or which is not a dealer in new and/or used motor vehicles if the tax levied under this subsection, this article, or article 8 has been paid with respect to said motor vehicle. (1939, c. 158, s. 405; 1943, c. 400, s. 5; 1947, c. 501, s. 5.)

The 1947 amendment added the second paragraph of subsection (c). As the rest of the section was not affected by the amendment it is not set out.

Merchants are statutory agents for the collection of the tax on sales, which is definitely imposed upon the consumer, and their responsibility arises on the assumption that they must so collect. Henderson v. Gill, 229 N. C. 313, 49 S. E. (2d) 754.

The state is not estopped to collect the retail sales tax levied by this section by the action of an agent of the department of revenue in erroneously advising the merchant that certain sales were not subject to the tax, notwithstanding that the merchant was thereby deprived of the opportunity to collect the tax from his customers. Henderson v. Gill, 229 N. C. 313, 49 S. E. (2d) 754.

§ 105-169. Exemptions.

(b) Sales of gasoline or other motor fuel on which the tax levied in § 105-434 and/or § 105-435 is due and has been paid, and the fact that a refund of the tax levied by either of said sections is made pursuant to the provisions of subchapter V of chapter 105 shall not make the sale or the seller of such fuels subject to the tax levied by this article.

(b1) Sales of fuels to farmers to be used by them for any farm purpose other than preparing food, heating dwellings, and other household purposes.

(c1) Sales of semen to be used in the artificial insemination of animals.

(k) Sales of medicines sold on prescriptions of physicians, or medicines compounded, processed or blended by the druggist offering the same for sale at retail or sales of drugs or medical supplies to physicians or hospitals or by physicians and hospitals to patients in connection with medical treatments.

(q) Sales of tangible personal property to hospitals not operated for profit, churches, orphanages, and other charitable or religious institutions or organizations not operated for profit, and educational institutions not operated for profit, when such tangible personal property is purchased for use in carrying on the work of such institutions or organizations. Sales of building materials to contractors to be used in construction and repair work for the institutions and agencies described in this subsection shall be construed as sales to said institutions or agencies for the purposes of this subsection.

(s) Sales of seeds, feeds for livestock and poultry, and insecticides for livestock, poultry and agriculture.

(t) Sales of lubricants, repair parts and accessories for motor vehicles and airplanes, when made to the owner and operator of fleets of five or more motor vehicles or airplanes to be used in or upon such motor vehicles or airplanes, shall be classified as wholesale sales, and, therefore, only subject to the wholesale rate of tax. (1939, c. 158, s. 406; 1941, c. 50, s. 6; 1943, c. 400, s. 5; 1945, c. 708, s. 5; 1947, c. 501, s. 5; 1949, c. 392, s. 4; c. 1271.)

Editor's Note.—The 1945 amendment made subsection (k) applicable to sales of drugs or medical supplies to physicians, etc., and added subsections (s) and (t). The 1947 amendment rewrote subsections (b) and (t) and substituted in subsection (q) the words "not operated for profit" for the words "principally supported by the state of North Carolina." The first 1949 amendment rewrote subsection (b), inserted subsection (b1) and added the second sentence of subsection (q). The second 1949 amendment inserted subsection (c1). Only the subsections added or affected by the amendments are set out.

For a brief comment on the 1949 amendments, see 27 N. C. Law Rev. 484.

Burden of Proof.—Where the tax coverage is challenged by virtue of an exemption or exception, the burden is upon the challenger to bring himself within the exemption or exception. Henderson v. Gill, 229 N. C. 313, 49 S. E. (2d) 754.

Flowers grown upon the vendors' own land are farm products within the meaning of the exemption of such products from the sales tax. Henderson v. Gill, 229 N. C. 313, 49 S. E. (2d) 754.

Sale by Florist of Flowers Grown on Own Land. — Plaintiffs operated a florist shop and sold therein flowers grown by themselves on their own land and also flowers purchased from wholesalers. It was held that the sale of flowers grown by them on their own land was not ex-

empt from the sales tax, since even though such flowers are regarded as farm products, such sales were made by plaintiffs in their character and capacity of florists and not as farmers or producers. Henderson v. Gill, 229 N. C. 313, 49 S. E. (2d) 754.

§ 105-170. Taxes payable; failure to make return; duty and power of commissioner.

(c) Not to Issue Certificate of Title or License.—As an additional means of enforcement of the payment of the tax herein levied the department of motor vehicles shall not issue a certificate of title or a license plate for any new or used motor vehicle sold by any merchant or dealer licensed to do business in this state until the tax levied for the sale of same in this article has been paid, or a certificate, duly signed by a dealer licensed to do business in this state, is filed at the time the application for title or license plate is made for such motor vehicle; such certificate to be on such form as may be prescribed by the commissioner of motor vehicles, and such certificate shall show that the said licensed dealer has assumed the responsibility for the payment of the tax levied under this article and agrees to report and remit the tax in his next regular monthly sales tax report required to be filed under this article. (1939, c. 158, s. 407; 1943, c. 400, s. 5; 1947, c. 501, s. 5.)

The 1947 amendment substituted "motor vehicles" for "revenue" in lines four and fourteen of subsection (c). As the rest of the section was not affected by the amendment it is not set out.

§ 105-174. Commissioner to correct error.

(b) If any part of the deficiency is due to negligence or intentional disregard of authorized rules and regulations, with knowledge thereof, but without intent to defraud, there shall be added as damages ten per centum of the total amount of the deficiency in the tax, and interest in such a case shall be collected at the rate of one per centum per month of the amount of such deficiency in the tax from the time it was due, which interest and damages shall become due and payable upon notice and demand by the commissioner; provided, however, in the absence of fraud, no assessment authorized by this article shall extend to sales made more than three (3) years prior to the date of assessment; and in cases where an audit shall have been made under the direction of the commissioner of revenue any assessment in respect to such audit shall be made within one year after the completion of the audit: Provided, further, that when the returns required under this article have not been filed, the commissioner of revenue shall proceed to determine the total amount of the tax due because of sales made not more than five (5) years prior to such determination, and any assessment made as a result of such determination shall extend to and include sales made within such period.

(1947, c. 501, s. 5.)

The 1947 amendment added the proviso at the end of subsection (b). As the rest of the section was not affected by the amendment it is not set out.

§ 105-187. Tax on building materials.—There is hereby levied and there shall be collected from every person, firm, or corporation, an excise tax of three per cent of the purchase price of all tangible personal property purchased or used subsequent to June 30, 1939, which shall enter into or become a part of any building or any other kind of structure in this state, including all materials, supplies, fixtures and equipment of every kind and description which shall be annexed thereto or in any manner become a part thereof, except rough and dressed lumber (but not millwork), brick or hollow tile, cement blocks, cinder blocks, clinker blocks, sand, gravel, crushed stone, rock, and granite.

(1949, c. 392, s. 4.)

Editor's Note.—The 1949 amendment rewrote the first paragraph. As the rest of the section was not affected by the amendment it is not set out.

For a brief comment on the 1949 amendment, see 27 N. C. Law Rev. 485.

Art. 6. Schedule G. Gift Taxes.

§ 105-188. Gift taxes; classification of beneficiaries; exemptions; rates of tax.—State gift taxes, as hereinafter prescribed, are hereby levied upon the shares of the respective beneficiaries in all property within the jurisdiction of this state, real, personal and mixed, and any interest therein which shall in any one calendar year pass by gift made after March 24, 1939.

The taxes shall apply whether the gift is in trust or otherwise and whether the gift is direct or indirect. In the case of a gift made by a nonresident, the taxes shall apply only if the property is within the jurisdiction of this state. The taxes shall not apply to gifts made prior to March 24, 1939.

The tax shall not apply to the passage of property in trust where the power to revest in the donor title to such property is vested in the donor, either alone or in conjunction with any person not having substantial adverse interest in the disposition of such property or the income therefrom, but the relinquishment or termination of such power (other than by the donor's death) shall be considered to be a passage from the donor by gift of the property subject to such power, and any payment of the income therefrom to a beneficiary other than the donor shall be considered to be a passage by donor of such income by gift.

Gifts to any one donee not exceeding a total value of one thousand dollars ($1,000.00) in any one calendar year shall not be considered gifts taxable under this article, and where gifts are made to any one donee in any one calendar year in excess of one thousand dollars ($1,000.00), only that portion of said gifts exceeding one thousand dollars ($1,000.00) in value shall be subject to the tax levied by this article.

The tax shall be based on the aggregate sum of the net gifts made by the donor to the same donee, and shall be computed as follows:

1. Determine the aggregate sum of the net gifts to the donee for the calendar year and the net gifts to the same donee for each of the preceding calendar years since January 1st, 1948.

2. Compute the tax upon said aggregate sum by applying the rates hereinafter set out.

3. From the tax thus computed, deduct the total gift tax, if any, paid with respect to gifts to the same donee in any prior year or years since January 1st, 1948. The sum thus ascertained shall be the gift tax due.

The term "net gifts" shall mean the sum of the gifts made by a donor to the same donee during any stated period of time in excess of the annual exclusion and the applicable specific exemption.

The rates of tax, which are based on the relationship between the donor and the donee, shall be as follows:

(a) Where the donee is lineal issue, or lineal ancestor, or husband, or wife of the donor, or child adopted by the donor in conformity with the laws of this state, or of any of the United States, or of any foreign kingdom or nation, or stepchild of the donor, (for each one hundred dollars ($100.00) or fraction thereof):

A donor shall be entitled to a total exemption of twenty-five thousand dollars ($25,000.00) to be deducted from gifts made to donees named in subsection (a) of this section, less the sum of amounts claimed and allowed as an exemption in prior calendar years. The exemption, at the option of the donor, may be taken in its entirety in a single year, or may be spread over a period of years. When this exemption has been exhausted, no further exemption is allowable. When the exemption or any portion thereof is applied to gifts to more than one donee in any one calendar year, said exemption shall be apportioned against said gifts in the same ratio as the gross value of the gifts to each donee is to the total value of said gifts in the calendar year in which said gifts are made. No exemption shall be allowed to a donor for gifts made to donees named in subsections (b) and (c) of this section.

It is expressly provided, however, that the tax levied in this article shall not apply to so much of said property as shall so pass exclusively: (1) for state, county or municipal purposes within this state; (2) to or for the exclusive benefit of charitable, educational, or religious organizations located within this state, no part of the net earnings of which inures to the benefit of any private shareholder or individual; (3) to or for the exclusive benefit of charitable, religious and educational corporations, foundations and trusts, not conducted for profit, incorporated or created or administered under the laws of any other state, when such other state levies no gift taxes upon property similarly passing from residents of such state to charitable, educational or religious corporations, foundations and trusts incorporated or created or administered under the laws of this state, or when such corporation, foundation or trust receives and disburses funds donated in this state for religious, charitable and educational purposes. (1939, c. 158, s. 600; 1943, c. 400, s. 7; 1945, c. 708, s. 7; 1947, c. 501, s. 6.)

Editor's Note.—

The 1945 amendment made changes in the last paragraph of subsection (c). The 1947 amendment, effective January 1, 1948, struck out the former fifth paragraph and inserted in lieu thereof the portions of this section beginning with the present fifth paragraph and going down to subsection (a).

For comment on the 1947 amendment, see 25 N. C. Law Rev. 467.

For a leading article on planning for North Carolina death and gift taxes, see 27 N. C. Law Rev. 114.

§ 105-192. Penalties and interest.

If any tax, or any assessment of tax, penalties and interest, or any part thereof, be not paid when due, it shall bear interest at six per centum (6%) per annum from the date same is due until paid. (1939, c. 158, s. 604; 1947, c. 501, s. 6.)

Editor's Note.—The 1947 amendment, effective January 1, 1948, substituted at the end of the second paragraph the words "same is due until paid" for the words "of assessment until paid." As the first paragraph was not affected by the amendment it is not set out.

§ 105-194. Period of limitation upon assessment; assessment upon failure or refusal to file proper return.

In the case of a false or fraudulent return with intent to evade tax or of a failure to file a return the tax may be assessed at any time. Where a donor dies within three years after filing a return, taxes may be assessed at any time within said three years, or the date of final settlement of state inheritance taxes.

(1947, c. 501, s. 6.)

The 1947 amendment, effective January 1, 1948, added the second sentence to the second paragraph. As the first and third paragraphs were not affected by the amendment they are not set out.

Art. 7. Schedule H. Intangible Personal Property.

§ 105-199. Money on deposit. — All money on deposit (including certificates of deposit and postal savings) with any bank or other corporation, firm or person doing a banking business, whether such money be actually in or out of this state, having a business, commercial or taxable situs in this state, shall be subject to an annual tax, which is

hereby levied, of ten cents (10c) on every one hundred dollars ($100.00) of the total amount of such deposit without deduction for any indebtedness or liabilities of the taxpayer.

For the purpose of determining the amount of deposits subject to this tax every such bank or other corporation, firm or person doing a banking business shall set up the credit balance of each depositor on the fifteenth day of each February, May, August, and November in the calendar year next preceding the due date of tax return, and the average of such quarterly credit balances shall constitute the amount of deposit of each depositor subject to the tax herein levied; for the purposes of this section accounts having an average of quarterly balances for the year of less than three hundred dollars ($300.00) may be disregarded.

The tax levied in this section upon money on deposit shall be paid by the cashier, treasurer or other officer or officers of every such bank or other corporation, firm or person doing a banking business in this state by report and payment to the commissioner of revenue on or before March fifteenth of each year; any taxes so paid as agent for the depositor shall be recovered from the owners thereof by the bank or other corporation, firm or person doing a banking business in this state by deduction from the account of the depositor on November sixteenth of each year or on such date thereafter as in the ordinary course of business it becomes convenient to make such charge. The bank may immediately report and pay the tax due on any account closed out during any quarter in which the bank has withheld the amount of the tax. The tax on deposits represented by time certificates shall be chargeable to the original depositor unless such depositor has given notice to the depository bank of transfer of such certificate of deposit. Accounts that have been closed during the year, leaving no credit balance against which the tax can be charged, may be reported separately to the commissioner of revenue and the tax due on such accounts shall become a charge directly against the depositor, and such tax may be collected by the commissioner of revenue from the depositor in the same manner as other taxes levied in this act; the bank or other corporation, firm or person doing a banking business in this state shall not be held liable for the payment of the tax due on accounts so reported. None of the provisions of this section shall be construed to relieve any taxpayer of liability for a full and complete return of postal savings and of all money on deposit outside this state having business, commercial or taxable situs in this state.

The tax levied in this section shall not apply to deposits by one bank in another bank, nor to deposits of the United States, state of North Carolina, political subdivisions of this state or agencies of such governmental units. Deposits representing the actual payment of benefits to World War veterans by the federal government, when not reinvested, shall not be subject to the tax levied in this section. Further, deposits in North Carolina banks by nonresident individuals and foreign corporations, when such deposits are not related to business activities in this state, shall not be subject to the tax levied in this section. The tax levied in this section shall not apply to deposits of foreign and alien insurance companies which pay the two and one-half per cent (2½%) gross premium tax levied by § 105-228.5. (1939, c. 158, s. 701; 1945, c. 708, s. 8; 1947, c. 501, s. 7; 1949, c. 392, s. 5.)

Editor's Note.—The 1945 amendment substituted in the second paragraph "February, May, August and November" for "March, June, September and December," inserted the second sentence of paragraph three and added the next to the last sentence of the section.

The 1947 amendment increased the amount of the quarterly balances mentioned in the second paragraph from $100 to $300. It also substituted "November" for "December" in line twelve of the third paragraph.

The 1949 amendment, effective March 18, 1949, added the last sentence.

For a brief comment on the 1949 amendment, see 27 N. C. Law Rev. 485.

§ 105-202. Bonds, notes, and other evidences of debt.—All bonds, notes, demands, claims and other evidences of debt however evidenced, whether secured by mortgage, deed of trust, judgment or otherwise, or not so secured, having a business, commercial or taxable situs in this state on December thirty-first of each year shall be subject to annual tax, which is hereby levied, of twenty-five cents (25c) on every one hundred dollars ($100.00) of the actual value thereof: Provided, that from the actual value of such bonds, notes, demands, claims and other evidences of debt there may be deducted like evidences of debt owed by the taxpayer on December thirty-first of the same year.

(1947, c. 501, s. 7.)

Editor's Note.—The 1947 amendment decreased the tax mentioned in the first sentence from 50 to 25 cents. As the rest of the section was not affected by the amendment it is not set out.

§ 105-203. Shares of stock.—All shares of stock owned by residents of this state or having business, commercial or taxable situs in this state on December thirty-first of each year, with the exceptions hereinafter provided, shall be subject to an annual tax, which is hereby levied, of twenty-five cents (25c) on every one hundred dollars ($100.00) of the total fair market value thereof.

The tax herein levied shall not apply to shares of stock in banks, banking associations, trust companies or domestic insurance companies which are otherwise taxed in this state, nor to shares of stock in building and loan associations which pay a tax as levied under § 105-73; nor shall the tax apply to shares of stock in corporations which pay to this state a franchise tax on their entire capital stocks, surplus and undivided profits or entire gross receipts as provided under Schedule C, §§ 105-114 to 105-129, together with the tax upon all of the net income, if any, of such corporations as provided under §§ 105-130 to 105-163. With respect to corporations which pay to this state a franchise tax on a part of their capital stock, surplus and undivided profits or part of their gross receipts as provided in Schedule C, §§ 105-114 to 105-129, and a tax upon a part of the net income of such corporations as provided under §§ 105-130 to 105-163, when such income is earned, there shall be exempt so much of the fair market value of such shares of stock as is represented by the percentage of net income on which tax is paid to this state. In the case of corporations having the same allocation ratios for income and franchise taxes paid to this state the allocation percentages reported on the franchise returns due in July of

each year and received in the year, may be used to determine the portion of the value of the shares of stock of such corporations taxable under this section. In the case of foreign insurance corporations paying tax on gross premiums under the provisions of § 105-228.5 there shall be exempt that proportion of the fair market value of the shares of stock as is represented by the percentage of total gross premiums of such corporations taxed in this state.

(1945, c. 708, s. 8; c. 752, s. 4; 1947, c. 501, s. 7.)

Editor's Note.—
The first 1945 amendment inserted the next to the last sentence of the second paragraph. The second 1945 amendment inserted in line three thereof the word "domestic" and struck out the words "not exempted from an income tax under subsection 2(f) of § 105-134," formerly appearing after the word "companies" in the same line. It also added the last sentence of the paragraph. The 1947 amendment decreased the tax mentioned in the first paragraph from 30 to 25 cents. As the third paragraph was not affected by the amendments it is not set out.

§ 105-204. Beneficial interest in foreign trusts.—The beneficial or equitable interest on December thirty-first of each year of any resident of this state, or of a nonresident having a business, commercial or taxable situs in this state, in any trust, trust fund or trust account (including custodian accounts) held by a foreign fiduciary, shall be subject to an annual tax, which is hereby levied, of twenty-five cents (25c) on every one hundred dollars ($100.00) of the total actual value thereof. (1939, c. 158, s. 706; 1941, c. 50, s. 8; 1947, c. 501, s. 7.)

The 1947 amendment decreased the tax rate from 30 to 25 cents.

§ 105-205. Funds on deposit with insurance companies.—All funds on deposit with insurance companies on December thirty-first of each year, belonging to or held in trust for a resident of this state or having acquired a taxable situs in this state, shall be subject to an annual tax, which is hereby levied, of ten cents (10c) on every one hundred dollars ($100.00) thereof.

(1947, c. 501, s. 7.)

The 1947 amendment decreased the tax rate mentioned in the first sentence from 25 to 10 cents. As the rest of the section was not affected by the amendment it is not set out.

§ 105-210. Moneyed capital coming into competition with the business of banks.—On all moneyed capital coming into competition with the business of banks, whether state or national, there is hereby annually levied a tax at the same rate as is assessed upon the shares of stock of such banks located in this state at the place of residence of such banks, less deduction of real estate otherwise taxed in this state, to the same extent and under the same corresponding conditions as this deduction is allowed in the assessment of such shares of stock of banks located in this state: Provided, that bonds, notes or other evidences of indebtedness in the hands of individual citizens not employed or engaged in the banking or investment business and representing merely personal investments not made in competition with such business shall not be deemed moneyed capital within the meaning of this section.

In cases where the commissioner of revenue shall find moneyed capital, as specified in the preceding paragraph, to be in competition with banks, such moneyed capital shall be assessed by the same methods as applicable to the shares of banks, and shall be taxed at the same rates as are applicable to the shares of banks in the same locality where such moneyed capital is found to be in competition with banks. The rates of tax thus applied shall be in lieu of the rates of tax specified in this article. (1939, c. 158, s. 712; 1945, c. 708, s. 8.)

Editor's Note.—The 1945 amendment made this section applicable to state as well as national banks and added the second paragraph.

§ 105-211. Conversion of intangible personal property to evade taxation not to defeat assessment and collection of proper taxes; taxpayer's protection.—Any taxpayer who shall, for the purpose of evading taxation under the provisions of this article or schedule, within thirty days prior to December thirty-first of any year or other taxable dates, namely February fifteenth, May fifteenth, August fifteenth, and November fifteenth, either directly or indirectly, convert any intangible personal property taxable under the provisions of this article or schedule, or with like intent shall, either directly or indirectly, convert such intangible personal property into a class of property which is taxable in this state at a lower rate than the intangible personal property so converted, shall be taxable on such intangible personal property as if such conversion had not taken place; the fact that such taxpayer within thirty days after December thirty-first of any year, either directly or indirectly, converts such property non-taxable in this state or taxable at the lower rate in this state into intangible personal property taxable at the higher rate shall be prima facie evidence of intent to evade taxation by this state, and the burden of proof shall be upon such taxpayer to show that the first conversion was for a bona fide purpose of investment and not for the purpose of evading taxation by this state.

Taxpayers making a complete return on or before March fifteenth of each year of all their holdings of intangible personal property as provided by this article or schedule (or by similar provisions of prior Revenue Act) shall not thereafter be held liable for failure to list such intangible personal property with the local taxing units of this state in previous years; the taxes levied in this article or schedule shall be in lieu of all other property taxes in this state on such intangible personal property. (1939, c. 158, s. 713; 1945, c. 708, s. 8.)

Editor's Note.—The 1945 amendment inserted after the word "year" in line four the words "or other taxable dates, namely February fifteenth, May fifteenth, August fifteenth, and November fifteenth."

§ 105-212. Institutions exempted; conditional and other exemptions. — None of the taxes levied in this article or schedule shall apply to religious, educational, charitable or benevolent organizations not conducted for profit, nor to any funds held irrevocably in trust exclusively for the maintenance and care of places of burial; nor, on or after January first, one thousand nine hundred and forty-two, to any funds, evidences of debt, or securities held irrevocably in pension, profit sharing, stock bonus, or annuity trusts, or combinations thereof, established by employers for the purpose of distributing both the principal and income

thereof exclusively to eligible employees, or the beneficiaries of such employees, if such trusts qualify for exemption from income tax under the provisions of § 105-138, subsection 10; insurance companies reporting premiums to the insurance commissioner of this state and paying a tax thereon under the provisions of Article 8B, Schedule I-B shall not be subject to the provisions of §§ 105-201, 105-202 and 105-203; building and loan associations paying a tax under the provisions of § 105-73 shall not be subject to the provisions of §§ 105-201, 105-202 and 105-203; state credit unions organized pursuant to the provisions of subchapter III, chapter fifty-four, paying the supervisory fees required by law, shall not be subject to any of the taxes levied in this article or schedule; banks, banking associations and trust companies shall not be subject to the tax levied in this article or schedule on evidences of debt held by them when said evidences of debt represent investment of funds on deposit with such banks, banking associations and trust companies; Provided, that each such institution must, upon request by the commissioner of revenue, establish in writing its claim for exemption as herein provided. The exemptions in this section shall apply only to those institutions, and only to the extent, specifically mentioned, and no other.

If any intangible personal property held or controlled by a fiduciary domiciled in this state is so held or controlled for the benefit of a nonresident or nonresidents, or for the benefit of any organization exempt under this section from the tax imposed by this article, such intangible personal property shall be partially or wholly exempt from taxation under the provisions of this article in the ratio which the net income distributed or distributable to such nonresident, nonresidents or organization, derived from such intangible personal property during the calendar year for which the taxes levied by this article are imposed, bears to the entire net income derived from such intangible personal property during such calendar year. "Net income" shall be deemed to have the same meaning that it has in the income tax article. Where the intangible personal property for which this exemption is claimed is held or controlled with other property as a unit, allocation of appropriate deductions from gross income shall be made to that part of the entire gross income which is derived from the intangible personal property by direct method to the extent practicable; and otherwise by such other method as the commissioner of revenue shall find to be reasonable: provided, that each fiduciary claiming the exemption provided in this paragraph shall, upon the request of the commissioner of revenue, establish in writing its claim to such exemption. No provision of law shall be construed as exempting trust funds or trust property from the taxes levied by this article except in the specific cases covered by this section.

A clerk of any court of this state may, upon written application therefor, obtain from the commissioner of revenue a certificate relieving the depository bank of such clerk from the duty of collecting the tax levied in this article or schedule from deposits of said clerk: Provided, that such clerk of court shall be liable under his official bond for the full and proper remittance to the commissioner of revenue under the provisions of this article or schedule of taxes due on any deposits so handled. (1939, c. 158, s. 714; 1943, c. 400, s. 8; 1945, c. 708, s. 8; 1947, c. 501, s. 7.)

Editor's Note.—

The 1945 amendment, effective as of January 1, 1944, inserted the words appearing between the first and second semi-colons in the first paragraph.

The 1947 amendment substituted "forty-two" for "forty-four" in line eight of the first paragraph and substituted "Article 8B, Schedule I-B" for "§ 105-121" formerly appearing in line nineteen. It also inserted the second paragraph.

For discussion of the 1947 amendment, see 25 N. C. Law Rev. 473.

§ 105-213. Separate records by counties; disposition and distribution of taxes collected; purpose of tax.—The commissioner of revenue shall keep a separate record by counties of tax collected under the provisions of this article or schedule, and shall not later than the twentieth day of July of each year submit to the state board of assessment an accurate account of such taxes collected during the fiscal year ending June thirtieth next preceding, showing separately by sections the total collections less refunds in each county of the state. The state board of assessment shall examine such reports and, if found to be correct, shall certify a copy of same to the state auditor and state treasurer. Twenty per cent (20%) of the total amount of such revenue shall be retained by the state for use in the maintenance and operation of the public school system of the state, and eighty per cent (80%) of such revenue shall be distributed to the counties and municipalities of the state on the following basis:

(1947, c. 501, s. 7.)

Editor's Note.—

The 1947 amendment substituted "Twenty per cent (20%)" for "Twenty-five per cent (25%)" and "Eighty per cent (80%)" for "Seventy-five per cent (75%)" in the first paragraph. As the rest of the section was not affected by the amendment it is not set out.

§ 105-214: Repealed by Session Laws 1947, c. 501, s. 7.

Art. 8. Schedule I. Compensating Use Tax.

§ 105-219. Definitions.

(c) The word "sale" or "selling" shall mean any transfer of title or possession, or both, exchange, or barter of tangible personal property, conditional or otherwise, however affected and by whatever name called, for a consideration paid or to be paid, in installments or otherwise, and shall include any of said transactions whereby title or ownership is ultimately to pass notwithstanding the retention of title or possession, or both, for security or other purposes, and shall further mean and include any bailment, loan, lease, rental or license to use or consume tangible personal property for a consideration paid or to be paid, in installments or otherwise, in which possession of said property passes to the bailee, borrower, lessee, or licensee: Provided, the provisions of this subsection shall not apply to the lease or rental of motion picture films used for exhibition purposes and for which a license tax is imposed under the provisions of § 105-37.

(1945, c. 708, s. 9.)

Editor's Note.—The 1945 amendment inserted immediately before the proviso of subsection (c) the words "in which possession of said property passes to the bailee, borrower, lessee, or licensee." It also substituted the latter part of the proviso for the words "license tax is imposed under the

provisions of § 105-37." As the rest of the section was not affected by the amendment it is not set out.

§ 105-220. Taxes levied.

The tax is not a sales tax. Its chief function is to prevent the evasion of the sales tax by persons purchasing tangible personal property outside of North Carolina for storage, use, consumption within the state. Thus it prevents unfair competition on the part of out-of-state merchants. It and our sales tax law, G. S., ch. 105, art. 5, taken and applied together, provide a uniform tax upon either the sale or use of all tangible personal property irrespective of where it may be purchased. That is, the sales tax and the use tax are complementary and functional parts of one system of taxation. Johnston v. Gill, 224 N. C. 638, 643, 32 S. E. (2d) 30.

§ 105-223. Retailer to collect tax from purchaser.—Every retailer engaged in the business of selling, or delivering or taking orders for the sale or delivery of tangible personal property for storage, use, or consumption in this state shall at the time of selling or delivering or taking an order for the sale or delivery of said tangible personal property or collecting the sales price thereof, or any part thereof, add to the sales price of such tangible personal property the amount of the tax on the sale thereof, and when so added said tax shall constitute a part of such price, shall be a debt from the purchaser to the retailer until paid, and shall be recoverable at law in the same manner as other debts.

(1945, c. 708, s. 9.)

Editor's Note.—

The 1945 amendment made the first sentence applicable to taking orders for sale or delivery. As only this sentence was affected by the amendment the rest of the section is not set out.

Soliciting Orders.—Where one is engaged within this state in a regular business of soliciting orders for tailor-made clothing on commission, part of which he collects at the time the order is taken, and the clothes are shipped by the maker, who collects the balance of the price, directly from the purchaser, such transaction is subject to the use tax and the solicitor is a retailer and an agent for collecting the use tax, for which he is liable on his failure to do so. Johnston v. Gill, 224 N. C. 638, 32 S. E. (2d) 30.

§ 105-227. Provisions of other articles applicable.

Statute of Limitations.—The collection of a use or excise tax being subject to the same statute of limitations, which applies to the collection of the sales tax, a use or excise tax which accrued in the year 1937 is barred by the three-year statute of limitations when assessed in 1942. Art. 8B. Schedule I-B. Taxes Upon Insurance Companies.

§ 105-228.3. To whom this article shall apply.—The provisions of this article shall apply to every person, firm, corporation, association, society, or order operating in this state, hereinafter to be referred to as insurance company, which contracts or offers on his, their, or its account to issue any policy or contract for annuities or insurance as defined in § 58-3, or to exchange or issue reciprocal or inter-insurance contracts, or to function as a rate making bureau or association, or to serve as an underwriters agency. (1945, c. 752, s. 2.)

Editor's Note.—The act inserting this article and making other changes in the chapter provides that, unless otherwise expressly provided, its provisions shall be in effect as to all fees and taxes affected hereby which shall become due and payable after March 15, 1945. The provisions of the Revenue Act of 1939, as amended, in effect December 31, 1944, shall govern with respect to reports and taxes on premiums received by insurance companies through December 31, 1944, and on income received in the calendar year 1944.

§ 105-228.4. Annual registration fees for insurance companies.—Each and every insurance company shall, as a condition precedent for doing business in this state, between March sixteenth and the first day of April in one thousand nine hundred and forty-five and on or before April first of each year thereafter apply for and obtain from the commissioner of insurance a certificate of registration, or license, and shall pay for such certificate the following annual fees except as hereinafter provided in subdivisions (a) and (b):

For each domestic farmer's mutual assessment fire insurance company or association, and each branch thereof.	$10.00
For each fraternal order	25.00
For each of all other insurance companies, except mutual burial associations taxed under § 105-121.1	300.00

(b) Upon payment of the fee specified above and the fees and taxes elsewhere specified each insurance company, exchange, bureau, or agency, shall be entitled to do the types of business specified in chapter fifty-eight, of the General Statutes of North Carolina as amended, to the extent authorized therein, except that: Insurance companies authorized to do either the types of business specified for (A) life insurance companies, or (B) for fire and marine companies, or (C) for casualty and fidelity and surety companies, in § 58-77, which shall also do the types of business authorized in one or both of the other of the above classifications shall in addition to the fees above specified pay one hundred dollars ($100.00) for each such additional classification of business done.

(c) Any rating bureau established by action of the general assembly of North Carolina shall be exempt from the fees above levied. (1945, c. 752, s. 2; 1947, c. 501, s. 2.)

Cross Reference.—As to subsequent provision affecting this section, see § 105-228.7.

Editor's Note.—The 1947 amendment inserted "domestic" in the first line following the preliminary paragraph, and substituted in the third line the words "and each branch thereof" for the words "operating in not more than five counties". The amendment was made effective as of January 1, 1945, except as to branches of said associations.

§ 105-228.5. Taxes measured by gross premi-

ums.—Each and every insurance company shall annually pay to the Commissioner of Insurance at the time and at the rates hereinafter specified, a tax measured by gross premiums as hereinafter defined from business done in this state during the preceding calendar year.

Gross premiums from business done in this state in the case of life insurance and annuity contracts, including any supplemental contracts thereto providing for disability benefits, accidental death benefits, or other special benefits, shall for the purposes of the taxes levied in this section mean any and all premiums collected in the calendar year (other than for contracts for reinsurance) for policies the premiums on which are paid by or credited to persons, firms or corporations resident in this state, or in the case of group policies for any contracts of insurance covering persons resident within this state, with no deduction for considerations paid for annuity contracts which are subsequently returned except as below specified, and with no other deduction whatsoever except for premiums returned under one or more of the following conditions: premiums refunded on policies rescinded for fraud or other breach of contract; premiums which were paid in advance on life insurance contracts and subsequently refunded to the insured, premium payer, beneficiary or estate; and in the case of group annuity contracts the premiums returned by reason of a change in the composition of the group covered. Said gross premiums shall be deemed to have been collected for the amounts as provided in the policy contracts for the time in force during the year, whether satisfied by cash payment, notes, loans, automatic premium loans, applied dividend or in any other manner whatsoever, except in the case of premiums waived by any of said companies pursuant to a contract for waiver of premium in case of disability.

Gross premiums from business done in this state in the case of contracts for fire insurance, casualty insurance, and any other type of insurance except life and annuity contracts as above specified, including contracts of insurance required to be carried by the Workmen's Compensation Act, shall for the purposes of the taxes levied in this section mean any and all premiums written during the calendar year, or the equivalent thereof in the case of self-insurers under the Workmen's Compensation Act, for contracts covering property or risks in this state, other than for contracts of reinsurance, whether such premiums are designated as premiums, deposits, premium deposits, policy fees, membership fees, or assessments. Gross premiums shall be deemed to have been written for the amounts as provided in the policy contracts, new and renewal, becoming effective during the year irrespective of the time or method of making payment or settlement for such premiums, and with no deduction for dividends whether returned in cash or allowed in payment or reduction of premiums or for additional insurance, and without any other deduction except for return of premiums, deposits, fees or assessments for adjustment of policy rates or for cancellation or surrender of policies.

In determining the amount of gross premiums from business in this state all gross premiums received in this state, or credited to policies written or procured in this state, or derived from business written in this state shall be deemed to be for contracts covering persons, property or risks resident or located in this state except for such premiums as are properly reported and properly allocated as being received from business done in some other nation, territory, state or states, and except for premiums from policies written in federal areas for persons in military service who pay premiums by assignment of service pay.

On the basis of the gross amount of premiums, as above defined, each company or self-insurer shall pay as to:

The amounts collected on contracts applicable to liabilities under the Workmen's Compensation Act, or the equivalent thereof in the case of self-insurers, a tax of four per cent (4%).

The amounts collected on annuities and all other contracts of insurance a tax at the rate of one per cent (1%) in the case of domestic companies and at the rate of two and one-half per cent (2½%) in the case of foreign and alien companies.

The taxes levied herein measured by premiums shall be in lieu of all other taxes upon insurance companies except: fees and licenses under this article, or as specified in chapter 58 of the General Statutes of North Carolina as amended; taxes imposed by chapter 118 of the General Statutes of North Carolina; and ad valorem taxes upon real property and personal property owned in this state.

For the tax above levied as measured by gross premiums the president, secretary, or other executive officer of each insurance company doing business in this state shall within the first fifteen days of March in 1946 and in each year thereafter file with the Commissioner of Insurance a full and accurate report of the total gross premiums as above defined collected in this state during the preceding calendar year. The report shall be in such form and contain such information as the Commissioner of Insurance may specify, and the report shall be verified by the oath of the company official transmitting the same or by some principal officer at the home or head office of the company or association in this country. At the time of making such report the taxes above levied with respect to the gross premiums shall be paid to the Commissioner of Insurance. The provisions above shall likewise apply as to reports and taxes for any firm, corporation, or association exchanging reciprocal or inter-insurance contracts, and said reports and taxes shall be transmitted by their attorneys-in-fact.

The provisions as to reports and taxes as measured by gross premiums shall not apply to farmers' mutual assessment fire insurance companies above specified or to fraternal orders or societies that do not operate for a profit and do not issue policies on any person except members.

With respect to the taxes levied in this section on the equivalent of premiums of self-insurers under the provisions of the Workmen's Compensation Act, the reports required herein shall be transmitted to and the taxes collected by the North Carolina industrial commission as provided in subdivision (j) of section 97-100 of the General Statutes of North Carolina. (1945, c. 752, s. 2; 1947, c. 501, s. 8.)

Editor's Note.—The 1947 amendment struck out the former first paragraph and inserted in lieu thereof the first

four paragraphs. It also added the last paragraph. It further struck out of the seventh paragraph the words "of two per cent (2%)" and inserted in lieu thereof the present provision as to rates. As to the last mentioned change, the amendatory act provided (1) that it should apply only to gross premiums collected in the state during 1947 and succeeding calendar years; and (2) that if such change be judicially declared invalid the provisions of law existing immediately prior to such change shall have the same force and effect as if such change had not been enacted.

For discussion of the 1947 amendment, see 25 N. C. Law Rev. 471.

§ 105-228.6. Taxes in case of withdrawal from state.—Any insurance company which for any cause withdraws from this state or ceases to register and transact new business in this state shall be liable for the taxes specified in § 105-228.5 with respect to gross premiums collected in the calendar year in which such withdrawal may occur. In case any company which was formerly licensed or registered in this state and which subsequently ceased to do business therein, may apply to reenter this state, application for reentry or renewal of registration shall be denied unless and until said company shall have paid all taxes, together with any penalties and interest, due as to premiums collected in the year of withdrawal and also taxes as specified in § 105-228.5 for gross premiums collected in the calendar year next preceding the year in which such application for renewal of registration is made. (1945, c. 752, s. 2.)

§ 105-228.7. Registration fees for agents, brokers and others.—Each and every manager, organizer, independent adjuster, adjuster, broker or agent of whatever kind representing in this state any company referred to in this article, shall on or before the first day of April of each year apply for and obtain from the commissioner of insurance an annual certificate of registration, or license, and shall pay for said certificate an annual fee at the following rates, with no additional fee for affixing of seal to the certificate:

Insurance agent (local), for each company represented	$ 2.50
General agent or manager, for each company represented	6.00
Special agent or organizer, for each company represented	5.00
Insurance adjuster, for each company represented	3.00
Insurance broker	2.50
Independent adjuster	100.00
Nonresident broker	10.00

The above fees shall be in lieu of any and all other license fees.

In cases where temporary license may be issued pursuant to law the fee for a temporary certificate shall be at the same rates as above specified, and any amounts so paid for temporary license may be credited against the fees required for issuance of the annual license or certificate.

Any person not registered who is required by law to pass examination as a condition for securing of license shall upon application for registration pay to the commissioner of insurance an examination fee of ten dollars ($10.00), and in case more than two examinations in any one kind of insurance are requested, an additional fee of ten dollars ($10.00) shall be paid for each added examination above two for the same kind of insurance. The requirement for examination and examination fee shall not apply to agents for domestic farmers' mutual assessment fire insurance companies or associations specified in section 105-228.4.

In the event a certificate issued under this section is lost or destroyed the Commissioner of Insurance, for a fee of fifty cents ($0.50) may certify to its issuance, giving number, date, and form, which may be used by the original party named thereon in lieu of the annual certificate. There shall be no charge for the seal attached to such certification. (1945, c. 752, s. 2; 1947, c. 1023, s. 2; 1949, c. 958, s. 2.)

Editor's Note.—The 1947 amendment rewrote all of this section except the last paragraph. The 1949 amendment inserted "independent adjuster" near the beginning of the section, struck out the words "for each company represented in the state" formerly appearing after the words "annual fee" near the end of the first paragraph, made changes in the list of fees and added the provision that such fees "shall be in lieu of any and all other license fees."

For act relating to licenses of insurance adjusters for the current year and to chapter 958 of the Session Laws of 1949, see Session Laws 1949, c. 1244.

§ 105-228.8. Uniformity of taxes.—No fees or taxes imposed in this article shall be increased on account of any retaliatory law now in effect in this or any other state, but such fees and taxes shall apply to all insurance companies alike, as specified in this article, without regard to state, territory or country of domicile or location of home office, and without regard to any fees or taxes which may be levied by any jurisdiction in which any company may be domiciled or have its home office. (1945, c. 752, s. 2.)

§ 105-228.9. Powers of the commissioner of insurance.—All provisions of this chapter, not inconsistent with this article, relating to administration, auditing and making returns, promulgation of rules and regulations, the imposition and collection of tax, and the lien thereof, assessments, refunds and penalties, shall be applicable to the fees and taxes imposed in this article; and with respect thereto, the commissioner of insurance is hereby given the same power and authority as is given to the commissioner of revenue under the provision of this chapter. (1945, c. 752, s. 2.)

§ 105-228.10. No additional local taxes. — No county, city, or town shall be allowed to impose any additional tax, license, or fee, other than ad valorem taxes, upon any insurance company or association paying the fees and taxes levied in this article. (1945, c. 752, s. 2.)

Art. 9. Schedule J. General Administration—Penalties and Remedies.

§ 105-232. Corporate rights restored. —Any corporation whose articles of incorporation or certificate of authority to do business in this state has been suspended by the secretary of state, as provided in § 105-230, or similar provisions of prior Revenue Acts, upon the filing, within five years after such suspension or cancellation under previous acts, with the secretary of state, of a certificate from the commissioner of revenue that it has complied with all the requirements of this subchapter and paid all state taxes, fees, or penalties due from it (which total amount due may be computed, for years prior and subsequent to said suspension or cancellation, in the same manner as if said suspension or cancellation had not taken

place), shall be entitled to exercise again its rights, privileges, and franchises in this state; and the secretary of state shall cancel the entry made by him under the provisions of § 105-230 or similar provisions of prior Revenue Acts, and shall issue his certificate entitling such corporation to exercise again its rights, privileges, and franchises, and certify such reinstatement to the clerk of superior court in the county in which the principal office or place of business of such corporation is located with instructions to said clerk, and it shall be his duty to cancel from his records the entry showing suspension of corporate privileges. (1939, c. 158, s. 903; 1939, c. 370, s. 1; 1943, c. 400, s. 9; 1947, c. 501, s. 9.)

Editor's Note.—The 1947 amendment substituted "five" for "ten" in lines six and struck out the words and figures "and upon payment to the commissioner of revenue, to be transferred to the secretary of state, of an additional penalty of ten dollars ($10.00) to cover the cost of reinstatement", which formerly appeared following the parenthesis in line sixteen.

§ 105-241. Taxes payable in national currency; for what period, and when a lien; priorities.

Provided, however, that the lien of state taxes shall not be enforceable as against bona fide purchasers for value, and as against duly recorded mortgages, deeds of trust and other recorded specific liens, as to real estate, except upon docketing of a certificate of tax liability or a judgment in the office of the clerk of the superior court of the county wherein the real estate is situated, and as to personalty, except upon a levy upon such property under an execution or a tax warrant, and the priority of the state's tax lien against property in the hands of bona fide purchasers for value, and as against duly recorded mortgages, deeds of trust and other recorded specific liens, shall be determined by reference to the date and time of the docketing of judgment or certificate of tax liability or the levy under execution or tax warrant. Provided further, that in the event any taxpayer shall execute an assignment for the benefit of creditors, or if receivership, a creditor's bill or other insolvency proceedings are instituted against any taxpayer indebted to the state on account of any taxes levied by the state, the lien of state taxes shall attach to any and all property of such taxpayer or of such insolvent's estate as of the date and time of the execution of the assignment for the benefit of creditors or of the institution of proceedings herein mentioned and shall be subject only to prior recorded specific liens and reasonable costs of administration. Notwithstanding the provisions of this paragraph, the provisions contained in § 105-174 and § 105-176 shall remain in full force and effect with respect to the lien of sales taxes.

(1949, c. 392, s. 6.)

Editor's Note.—The 1949 amendment, effective March 18, 1949, rewrote the second paragraph. As the rest of the section was not affected by the amendment it is not set out.

For a brief comment on the 1949 amendment, see 27 N. C. Law Rev. 485.

§ 105-241.1. Additional taxes; assessment procedure.—If the commissioner of revenue discovers from the examination of any return or otherwise that any tax or additional tax is due from any taxpayer, he may, at any time within three years of the date the tax or additional tax was due to be paid, where a proper application for a license or a return has been filed, or within five years where no proper application for a license or no return has been filed, notify the taxpayer in writing by mail the kind and amount of tax which is being assessed against him, and thereupon such tax or additional tax shall become due and collectible as in the case of other taxes due the state, together with any interest and penalties applicable to such tax.

If the commissioner is unable to obtain from the taxpayer information deemed by him to be adequate and reliable upon which to base such assessment, the assessment may be made upon the basis of the best information available and, subject to the provisions hereinafter made, such assessment shall be deemed correct.

Any taxpayer feeling aggrieved by such assessment shall be entitled to a hearing before the commissioner of revenue upon making application therefor in writing within thirty days after the receipt of notice of the assessment. Such application shall set out in detail the taxpayer's objections to the assessment. If no application for a hearing is made within thirty days after notice of assessment is given, the assessment shall be final and conclusive. If application for a hearing is made in due time, the commissioner shall set a time and place for such hearing and after considering the taxpayer's objections shall give written notice of his decision to the taxpayer. The amount of the assessment as finally determined by the commissioner shall become immediately due and collectible.

The provisions of §§ 105-162 and 105-163 of the General Statutes shall be applicable to the tax so assessed, or the taxpayer may, at his option, pay the tax so assessed under protest and institute a suit to recover such tax in accordance with the provisions of § 105-267 of the General Statutes.

This section is in addition to and not in substitution of any other provision of this article relative to the assessment and collection of taxes, and shall not be construed as repealing any other provision of this article. (1949, c. 392, s. 6.)

Editor's Note.—This section became effective March 18, 1949.

§ 105-242. Warrant for the collection of taxes; certificate or judgment for taxes.

A certificate or judgment in favor of the state or the commissioner of revenue for taxes payable to the department of revenue, whether docketed before or after the effective date of this paragraph, shall be valid and enforceable for a period of ten years from the date of docketing. When any such certificate or judgment, whether docketed before or after the effective date of this paragraph, remains unsatisfied for ten years from the date of its docketing, the same shall be unenforceable and the tax represented thereby shall abate. Upon the expiration of said ten-year period, the commissioner of revenue or his duly authorized deputy shall cancel of record said certificate or judgment. Any such certificate or judgment now on record which has been docketed for more than ten years shall, upon the request of any interested party, be cancelled of record by the commissioner of revenue or his duly authorized deputy.

(1949, c. 392, s. 6.)

Editor's Note.—The 1949 amendment, effective March 18, 1949, added the second paragraph to subsection 3. As the rest of the section was not affected by the amendment only this paragraph is set out.

For a brief comment on the 1949 amendment, see 27 N. C. Law Rev. 485.

Garnishee Held Liable for Costs.—Where the commissioner of revenue has garnisheed a bank deposit for taxes due by the depositor, and the garnishee bank, in refusing to comply with the order, asserts no defense or set-off against the taxpayer, the bank, in the commissioner's action to compel compliance, will be held liable also for the costs. Gill v. Bank of French Broad, 230 N. C. 118, 52 S. E. (2d) 4.

§ 105-244.1. Cancellation of certain assessments.—The commissioner of revenue is hereby authorized, empowered and directed to cancel and abate all assessments made after October 16, 1940, for or on account of any tax owing to the state of North Carolina and which is payable to the department of revenue against any person who was killed while a member of the armed forces or who has a service connected disability as a result of which the United States is paying him disability compensation. This provision shall apply only to assessments made after October 16, 1940, for taxes which were due prior to the time the taxpayer was inducted into the armed forces. If any such assessment is or has been paid, the commissioner of revenue may refund the amount paid but shall not add thereto any interest. (1949, c. 392, s. 6.)

Editor's Note.—This section became effective March 18, 1949.

§ 105-250.1. Distributors of coin operated machines required to make quarterly reports.—Every person, firm or corporation who or which owns and places on location other than on his or its own premises, under any lease or rental agreement, loan or otherwise, or which sells coin operated machines or vending machines of any type whatsoever upon which a tax is levied under §§ 105-65 and 105-65.1 of the General Statutes (or upon which a tax shall hereafter be levied), hereinafter referred to as a distributor, shall file a quarterly informational report with the commissioner of revenue, in duplicate, as of the first day of March, June, September and December of each year, setting out the following information:

1. The name and address of the distributor making the report.

2. A description of the principal business of such distributor.

3. A list giving the location of each machine placed or remaining on location under any lease or rental agreement, loan or other arrangement whatsoever, other than by sale, together with the type of each such machine and its serial or other identifying number.

4. A list giving the location of each machine theretofore sold by the distributor, (whether such sale was for cash, on open account, or under a conditional sale or other title retention contract), together with the type of each such machine and its serial or other identifying number. Provided, that machines sold by the distributor but known by him to be no longer in service need not be reported.

5. A list giving the location of each machine, other than those described in Items 3 and 4 above, for the sale or use by, for or in which the distributor sells, leases, services or in any manner furnishes any goods, wares, merchandise, records, equipment, accessories, supplies, parts or any services whatsoever, together with the type of each such machine and its serial or other identifying number.

Provided, that the report required to be made as of June 1, 1949, (or the first report made by any distributor) shall contain a complete and true list of all of the machines described in Items 3, 4 and 5 above, together with the information required by said items, but the quarterly reports required to be made as of the first day of March, June, September and December thereafter need show only those machines placed on location or sold by the distributor or for which the distributor has begun furnishing supplies, equipment and other services since the date as of which the next preceding quarterly report was made.

As used herein, "location" shall include the name and address of the owner or operator of the place of business where the machine is located, or the address of the premises on which the machine is located and the name of the person principally responsible for the operation of the machine.

Each quarterly report required by this section shall be made to the license tax division of the department of revenue not later than twenty days after the date as of which each report is required to be made.

The commissioner of revenue is hereby authorized and empowered to prescribe forms to be used in making the reports required by this section.

Any distributor who shall fail to comply with the provisions of this section and who shall fail, without showing good cause therefor, to make timely, full and accurate reports shall be liable to a penalty equal to the amount of the tax on all the machines described in Items 3 and 4, whether or not the distributor would otherwise be liable for the tax on such machines: Provided, that this shall not be construed as relieving the owner and/or operator of such machines of liability for any tax which may be due thereon. (1949, c. 392, s. 6.)

Editor's Note.—This section became effective June 1, 1949.

§ 105-264. Construction of the subchapter; population.

Authority of Commissioner to Construe.—This section gives the Commissioner of Revenue the power to construe the act and such construction will be given due consideration by the courts, although it is not controlling. Valentine v. Gill, 223 N. C. 396, 27 S. E. (2d) 2.

§ 105-266. Overpayment of taxes to be refunded with interest.—If the commissioner of revenue discovers from the examination of any return, or otherwise, that any taxpayer has overpaid the correct amount of tax (including penalties, interests and costs, if any), such overpayment shall be refunded to the taxpayer within sixty days after it is ascertained together with interest thereon at the rate of six per cent (6%) per annum: Provided, that interest on any such refund shall be computed from a date ninety (90) days after date tax was originally paid by the taxpayer: Provided, further, that demand for such refund is made by the taxpayer within three years from the date of such overpayment or the due date of the return, whichever is later.

Provided, further, that irrespective of any demand for refund, such overpayment may be credited upon any taxes against the same taxpayer which shall have become due prior to January 1st, 1947, if such taxpayer shall request such credit prior to paying the taxes against which the credit may be made. (1939, c. 158, s. 937; 1941, c. 50, s. 10; 1947, c. 501, s. 9; 1949, c. 392, s. 6.)

Editor's Note.—The 1947 amendment added the last proviso. The 1949 amendment, effective March 18, 1949, added to the second proviso the words "or the due date of the return, whichever is later."

§ 105-388. Certificates of sale. — (a) Issued to Private Purchasers. — As soon as possible after sale, but not earlier than payment of the purchase price, the collector shall issue to each successful bidder, other than taxing units, a certificate of sale, for the tax lien on real property of each delinquent, purchased by him, dated as of the day of sale. Property held jointly by two or more owners shall be construed as the property of one delinquent for this purpose. Said certificate shall be in substantially the following form:

"North Carolina, ... (taxing unit) .....

I, ... tax collector of ..... (taxing unit) ..... do hereby certify that the tax lien on the following described real property in said taxing unit, to wit: ..... (describing the same) ....., was, on the ..... day of ....., ..., duly sold by me in the manner provided by law, for the delinquent taxes of ..... for the year ....., amounting to $....., including penalties thereon and costs allowed by law, when and where ..... (name of purchaser) ..... purchased said lien on said real property at the price of $....., said amount being the highest and best bid for same. And I further certify that unless payment of said lien is made, within the time and in the manner provided by law, said ..... (name of purchaser) ....., his heirs or assigns, shall have the right to foreclose said real property by any proceeding allowed by law.

"In witness whereof, I have hereunto set my hand this ..... day of .....

Tax Collector."

A copy of each such certificate shall be retained by the collector in a special book or file designated "Certificates of Sale for Taxes for the Year .....". All payments made on any such certificate shall be made to the collector for the use of the owner of such certificate, and all such payments shall be credited by the collector on the copy of the certificate in his possession, and shall be remitted to the owner of the certificate upon proper receipt therefor. For failure to account for and pay over any such payments the collector shall be liable on his bond to the person entitled thereto. The copies of such certificates in the collector's office shall be the official records for the purpose of determining whether a lien exists in favor of any certificate owner other than a taxing unit. The owner of a certificate may assign it at any time, but said assignment shall not be effective until the collector shall have actually received written notice thereof from the assignor. Each such purchaser, his heirs or assignees, shall have a lien on the real property for the amount of the purchase price, plus interest thereon at the rate of six per centum per annum, of the same dignity as similar liens owned by taxing units, and shall have the right to foreclose said lien, by action in the nature of an action to foreclose a mortgage, in the manner hereinafter prescribed: Provided, that the six per cent per annum interest herein provided shall accrue only

on so much of the purchase price as represents the amount of the tax, penalties to the date of sale, and the costs of advertising and sale. Each such purchaser, his heirs and assignees, shall also have a lien for other taxes and assessments levied against said property, paid by him after acquisition of said certificate, whether such taxes or assessments were charged before or after such acquisition. Said lien shall be entitled to the same priorities as the original lien of the taxes and assessments so paid.

(b) Issued to Taxing Units.—The governing body of each taxing unit which becomes the purchaser at a tax sale, as hereinbefore provided, shall determine whether or not it is necessary to issue certificates to and in the name of such unit. If, in the opinion of said governing body, the issuance of such certificates is not necessary in order to provide adequate records of tax liens and tax collections, the said certificates may be dispensed with and the collector ordered to mark or stamp the original tax receipts or accounts "Sold to ..... (name of tax unit) .....". If issuance of certificates is deemed necessary, they shall be issued in substantially the form set forth in subsection (a) of this section, with stubs or duplicates on which shall be reflected all payments or assignments. In either case, the taxing unit shall have the right to foreclose the real property by any method authorized by law; and in either case interest at the rate of six per cent per annum shall accrue, on the amount bid by said unit, from the date of the sale.

(c) Prima Facie Case.—A certificate issued, or a tax receipt or account marked or stamped, in accordance with the provisions of subdivisions (a) or (b) of this section, shall be presumptive evidence of the regularity of all prior proceedings incident to the sale and of the due performance of all things essential to the validity thereof. (1939, c. 310, s. 1716; 1945, c. 247, ss. 1, 2.)

Local Modification.—Bladen: 1945, c. 267.

(g) The county commissioners of the several counties of the state of North Carolina are hereby authorized and empowered in their discretion to relieve the tax collector, sheriff, or other officer charged with the collection of taxes of and from the charges of all insolvent taxes, five years or more delinquent, when it appears to the satisfaction of the board of commissioners of any county that said taxes are uncollectible. § 105-391. Foreclosure of tax liens by action in nature of action to foreclose a mortgage.

(e) Parties; Summons.—The listing taxpayer and spouse, if any, the current owner, all other taxing units having tax liens, all other lien-holders of record, and all persons who would be entitled to be made parties to a court action (in which no deficiency judgment is sought) to foreclose a mortgage on such property, shall be made parties and served with summons in the manner provided by § 1-89: Provided, that service by publication may be begun at any time within two years after the issuance of the original summons and that alias and pluries summonses may be issued as provided by § 1-95.

The fact that the listing taxpayer or any other defendant is a minor, is incompetent or is under any other disability shall not prevent or delay the collector's sale or the foreclosure of the tax lien; and all such defendants shall be made defendants and served with summons in the same manner as in other civil actions.

Persons who have disappeared or cannot be located and persons whose names and whereabouts are unknown, and all possible heirs or assignees of such persons may be served by publication; and such persons, their heirs and assignees may be designated by general description or by fictitious names in such action. It is hereby declared that service of summons by publication against such persons, in the manner provided by law, shall be as valid in all respects as such service against known persons who are non-residents of this state.

(q) Exceptions and Increased Bids.—At any time within ten days after the filing of said report of sale any person having an interest in the property may file exceptions to said report, and at any time within said period an increased bid may be filed in the amount specified by and subject to the provisions (other than provisions in conflict herewith) of § 45-28, or to the provisions (other than provisions in conflict herewith) of any law enacted in substitution for said section.

(r) Judgment of Confirmation.—At any time after the expiration of said ten days, if no exception or increased bid has been filed, the commissioner may apply for judgment of confirmation; and in like manner he may apply for such judgment after the court has passed upon any exceptions filed, or after any necessary resales have been held and reported and ten days have elapsed: Provided that the court may, in its discretion, order resale of the property, in the absence of exceptions or increased bids, whenever it deems such resale necessary for the best interests of the parties.

Said judgment of confirmation shall direct the commissioner to deliver the deed upon payment of the purchase price.

Said judgment may be rendered by the clerk of superior court, subject to appeal in the same manner as appeals are taken from other judgments of said clerk.

The 1945 amendment added "summons" to the title of subsection (e) and rewrote the proviso appearing at the end of the first paragraph thereof.

The 1947 amendment substituted "ten" for "twenty" in line two of subsection (q) and in lines two and eight of subsection (r). Section 5 of the amendatory act excepted

from its provisions estates, proceedings and actions pending on June 30th, 1947.

As only subsections (e), (q) and (r) were changed by the amendments the rest of the section is not set out.

Effect of Failure to Allege Collection of Costs and Fees. —In an action by an ex-clerk of the superior court against a county for the recovery of fees allegedly due such clerk in tax foreclosure suits by the county, the complaint, alleging that all of the tax suits in question were prosecuted to judgment against the various defendants, without any allegation or admission that in any of the suits the costs or fees were collected and turned over to the county, is demurrable as not stating a cause of action, the county being under no obligation to pay costs and officer's fees in advance, or ever unless collected. Watson v. Lee County, 224 N. C. 508, 31 S. E. (2d) 535.

§ 105-392. Alternative method of foreclosure. —(a) Docketing Taxes as a Judgment. — In lieu of following the procedure set forth in § 105-391, the governing body of any taxing unit may order the collecting official to file, not less than six months or more than two years (four years as to taxes of the principal amount of five dollars or less) following the collector's sale of certificates, with the clerk of superior court a certificate showing the name of the taxpayer listing the real estate on which such taxes are a lien, together with the amount of taxes, interest, penalties and costs which are a lien thereon, the year for which such taxes are due, and a description of such real property sufficient to permit its identification by parol testimony. The clerk of superior court shall enter said certificate in a special book entitled "Tax Judgment Docket for Taxes for the Year ....." and shall index the same therein in the name of the listing taxpayer: Provided that the clerk of the superior court may enter said certificate in a special continuing book or books entitled "Tax Judgment Docket for taxes for the years beginning ————" and index the same in the general judgment index in the name of the listing taxpayer or taxpayers. Immediately upon said docketing and indexing, said taxes, interest, penalties and costs shall constitute a valid judgment against said property, with the priority hereinbefore provided for tax liens, which said judgment, except as herein expressly provided, shall have the same force and effect as a duly rendered judgment of the superior court directing sale of said property for the satisfaction of the tax lien, and which judgment shall bear interest at the rate of six per cent per annum. The clerk shall be allowed fifty cents per certificate for such docketing and indexing, payable when such taxes are collected or such property is sold, and shall account for said fees in the same manner as other fees of his office are accounted for: Provided, that the governing body of any county, if said clerk is on salary, or said clerk, if he is on fees or salary plus fees, may require such fees to be advanced by the taxing unit.

(1945, c. 646.)

Editor's Note.—The 1945 amendment inserted the proviso to the second sentence of subsection (a). As the rest of the section was not affected by the amendment, only the first paragraph of subsection (a) is set out.

§ 105-394. Facsimile signatures.

Authority to Render Judgments Not Delegable.—Clerks of the superior courts, under provisions of this section relating to the use and the authorization of the use of facsimile signatures in signing judgments or other papers in tax foreclosure proceedings, may not delegate to another the authority to render judgments in such proceedings. SUBCHAPTER III. COLLECTION OF TAXES.

Art. 30. General Provisions.

§ 105-403. No taxes released.

Local Modification.—Guilford: 1945, c. 324; Mitchell: 1947, c. 855.

Cited in Middleton v. Wilmington, etc., R. Co., 224 N. C. 309, 30 S. E. (2d) 42.

§ 105-404. Uncollected inheritance taxes remitted after 20 years.—All inheritance taxes levied by the state which remain uncollected twenty years or more after the death of the person upon whose estate said taxes were levied shall be, and they are hereby remitted. The provisions of this section shall be retroactive from the date of its enactment. (1935, c. 483; 1949, c. 605.)

Editor's Note.—The 1949 amendment added the second sentence.

§ 105-405. Taxing authorities authorized to release or remit taxes.—The board of county commissioners or city council or board of aldermen or city commissioners, or any other governing body in any city or town, shall have power to release, discharge, remit or commute any portion of the taxes assessed and levied against any person or property within their respective jurisdictions when there has been destruction or partial destruction or any damage to the property assessed for valuation when such destruction, partial destruction or damage occurs between midnight of December thirty-first and midnight of March thirty-first of any year, and when said destruction or partial destruction or damage has been caused by tornado, cyclone, hurricane or other wind or windstorm: Provided, application for release, discharge, remission or commutation is made to the aforesaid governing body within one year of the date of said destruction, partial destruction or damage: Provided further, that in cases of applicants for such relief who have received, or may receive, reimbursements for such damage or destruction from insurance policy contracts or otherwise, or whose property has been restored or rehabilitated, wholly or partially, by the Red Cross or any public welfare agency or organization without full value having been paid therefor by the property owner, such applicant shall, as a condition precedent to the relief herein provided for, list for taxation for the year for which relief is asked the equivalent in value of such reimbursement or restoration or rehabilitation; and provided further, that such governing body shall apply this section

uniformly to all persons and property within its jurisdiction. This section shall be retroactive to and including April first, one thousand nine hundred and thirty-six. (1937, c. 15; 1945, c. 635.)

Local Modification.—Durham and city of Durham: 1947, cc. 96, 515; Montgomery and municipalities therein: 1947, c. 515.

Editor's Note.—The 1945 amendment substituted the words "December thirty-first and midnight of March thirty-first" for the words "April first and midnight of June thirtieth" formerly appearing in line twelve.

§ 105-406. Remedy of taxpayer for unauthorized tax.

Cross Reference.—

The reference appearing in original should be disregarded.

A compliance with this section is a prerequisite to a right of action for the recovery of taxes or any part thereof. Taxes paid voluntarily and without objection or compulsion cannot be recovered, even though the tax be levied unlawfully. Middleton v. Wilmington, etc., R. Co., 224 N. C. 309, 30 S. E. (2d) 42.

Applied in Duke Power Co. v. Bowles, 229 N. C. 143, 48 S. E. (2d) 287; Henderson v. Gill, 229 N. C. 313, 49 S. E. (2d) 754.

Cited in Newton v. Chason, 225 N. C. 204, 34 S. E. (2d) 70.

Art. 31. Rights of Parties Adjusted.

§ 105-408. Taxes paid in judical sales and sales under powers.

This section creates an alternative remedy in behalf of the taxing agency, and it may look to the trustee or mortgagee for the payment required by this section or it may waive that remedy and resort to a foreclosure of the tax lien. New Hanover County v. Sidbury, 225 N. C. 679, 36 S. E. (2d) 242, 243.

Art. 32. Tax Liens.

§ 105-414. Tax lien enforced by action to foreclose.

Cross Reference.—

For article on summary procedure for foreclosure of taxes, see 22 N. C. Law Rev. 226.

Consolidation of Tax Foreclosure Suits.—Where actions are pending in the same court, at the same time, between the same parties and involving substantially the same facts, they may be consolidated. This principle applies to tax foreclosure suits. McIver Park, Inc. v. Brinn, 223 N. C. 502, 27 S. E. (2d) 548.

Judgment in Foreclosure Suit Is a Lien in Rem.—In an action to foreclose a lien for delinquent taxes or special assessments, the judgment obtained in said action constitutes a lien in rem and the owner of the property is not personally liable for the payment thereof. Apex v. Templeton, 223 N. C. 645, 647, 27 S. E. (2d) 617.

Inadequacy of Price in Foreclosure Action.—In an action to foreclose a tax lien on land, the mere inadequacy of the price bid therefor is not sufficient to avoid the sale and cancel the deed to the purchaser, unless some element of fraud, suppression of bidding, or other unfairness in the sale appears. Duplin County v. Ezzell, 223 N. C. 531, 27 S. E. (2d) 448.

Order of Foreclosure Restricted to Land Described in Complaint.—In an action under this section, where complaint describes the real estate sought to be foreclosed to enforce the tax lien, the order of foreclosure is restricted to the described parcels, and so much of the judgment as authorizes the sale of other lands is in excess of the jurisdiction of the court. Miller v. McConnell, 226 N. C. 28, 36 S. E. (2d) 722.

Statute of Limitation.—

In accord with 3rd paragraph in original. See Raleigh v. Mechanics, etc., Bank, 223 N. C. 286, 26 S. E. (2d) 573.

In view of the fact that this section contains no limitation of action, the maxim that time does not bar the sovereign still subsists as the law in this state, at least in respect to collection of taxes. Miller v. McConnell, 226 N. C. 28, 36 S. E. (2d) 722, 726.

In a suit under this section, to foreclose a statutory lien on abutting property, given a city for street improvements, all installments of the amounts assessed therefor, which are ten years overdue when action is brought, are barred by the statute of limitations under § 160-93, and no part of the proceeds of sale can be applied to the payment of such installments. Raleigh v. Mechanics, etc., Bank, 223 N. C. 286, 26 S. E. (2d) 573.

Taxes Not Subject to Set-Off or Counterclaim.—

In a suit by a town against defendants to foreclose a tax lien under this section, where defendants set up defense by answer and also a counterclaim, motion to strike the counterclaim and order thereon was proper, but the other defenses were unaffected thereby. Apex v. Templeton, 223 N. C. 645, 27 S. E. (2d) 617.

Ample Opportunity Given to Redeem.—Where the judgment of foreclosure, in a tax suit authorized a sale, in default of payment of all taxes, etc., on or before sixty days from the date of the judgment, and the original sale was held within sixty days of such date and after two resales, the last of which was held more than three months after the date of the judgment, the sale was finally consummated, there was ample opportunity to redeem, and sale and confirmation were valid. McIver Park, Inc. v. Brinn, 223 N. C. 502, 27 S. E. (2d) 548.

Applied in Robeson County Drainage Dist. v. Bullard, 229 N. C. 633, 50 S. E. (2d) 742.

Art. 33A. Agreements with United States or Other States.

§ 105-417.1. Agreements to coordinate the administration and collection of taxes.

For comment on this enactment, see 21 N. C. Law Rev. 363.

Art. 34. Tax Sales.

Part 2. Refund of Tax Sales Certificates.

§ 105-422. Tax liens barred.—No action shall be maintained by any county or municipality to enforce any remedy provided by law for the collection of taxes or the enforcement of any tax liens held by counties and municipalities, whether such taxes or tax liens are evidenced by the original tax books or tax sales certificates or otherwise, unless such action shall be instituted within ten years from the time such taxes became due: Provided, that as to tax foreclosure actions which under existing laws are not and will not be barred prior to December 31st, 1948, foreclosure actions may be instituted thereon at any time prior to December 31st, 1948: Provided, further, that this article shall not be construed as applying to the liens for street and/or sidewalk improvements; and provided further, that this article shall not be applicable to any pending tax foreclosure actions. Provided that the provisions of this article shall not apply to Ashe, Buncombe, Burke, Carteret, Camden, Clay, Columbus, Cumberland, Currituck, Dare, Davie, Edgecombe, Franklin, Gates, Greene, Harnett, Hoke, Hyde, Iredell, Lee, Macon, Madison, Moore, Nash, Northhampton, Orange, Pender, Pamlico, Perquimans, Richmond, Scotland, Rockingham, Vance, Warren, Wayne and Wilson counties or any of the political subdivisions thereof. (1933, c. 181, s. 7; 1933, c. 399; 1947, c. 1065, s. 1; 1949, cc. 60, 735.)

Editor's Note.—The 1947 amendment rewrote this section. Section 2 of the amendatory act, in addition to repealing section 105-423, provided: "All public and public-local laws and clauses of laws in conflict with this act, or providing for different statute of limitations for tax foreclosure actions, are hereby repealed, the purpose hereof being to make this a state-wide act applicable to all the counties of the state; provided, that nothing herein shall bar or prevent the institution of suits to foreclose the lien of taxes for which certificates have been filed as judgments under the provisions of G. S. § 105-392, within the time and under the conditions set out in subsection (h) of said section."

The first 1949 amendment struck out "Yadkin" from the list of counties at the end of this section so as to make it applicable to Yadkin county. The second 1949 amendment, which struck out "Rowan" so as to make this sec-

tion applicable thereto, provides that as to tax foreclosure actions which, under existing laws, are not and will not be barred prior to June 30, 1950, foreclosure actions may be instituted thereon in Rowan county at any time prior to June 20, 1950.

For comment on the 1947 amendment, see 25 N. C. Law Rev. 461.

§ 105-423: Repealed by Session Laws 1947, c. 1065, s. 2.

§ 105-423.1. Tax liens, where foreclosure suit not instituted, barred in certain counties ten years after due date.—No action shall be maintained by any county or municipality to enforce any remedy provided by law for the collection of taxes or the enforcement of any tax liens held by counties and municipalities whether such taxes or tax liens are evidenced by original tax books or tax sales certificates unless such action shall be instituted, and a lis pendens shall have been filed in the office of the clerk of the superior court in the county where the tax was levied, within ten years from the time such taxes became due, or if payable in installments, ten years from the due date of each installment. This section shall apply only to the counties of Guilford, Mecklenburg, Durham, Jones and Onslow and municipalities therein; but this section shall apply to Harnett county from and after July 1, 1950. (1945, c. 832; 1949, c. 269.)

Editor's Note.—The act inserting this section, as amended by Session Laws 1947, c. 984, provides that it shall be in effect from October 1, 1946, except that as to Durham County it shall be in effect from October 1, 1949. Session Laws 1945, c. 1023, re-affirmed the effective date as to Mecklenburg county and municipalities therein.

The 1949 amendment made this section applicable to Harnett county.

SUBCHAPTER IV. LISTING OF AUTOMOBILES IN CERTAIN COUNTIES.

§ 105-429. Counties to which article applicable.—This article shall apply to the following counties: Alamance, Buncombe, Cabarrus, Camden, Caswell, Chowan, Clay, Currituck, Cleveland, Columbus, Durham, Gates, Guilford, Halifax, Harnett, Henderson, Hertford, Johnston, Iredell, Lee, Nash, Moore, McDowell, Orange, Pasquotank, Perquimans, Pitt, Polk, Rowan, Rutherford, Swain, Wayne and Watauga. (1931, c. 392, s. 5; 1949, c. 64.)

Editor's Note.—The 1949 amendment inserted "Clay" in the list of counties.

Chapter 106. Agriculture.

Sec.
106-578. Appropriation for enforcement of article.
106-579. Copy of analysis in evidence.

Art. 1. Department of Agriculture.

Part 1. Board of Agriculture.

§ 106-9.1. Investment of surplus in agriculture fund in interest bearing government securities.—The board of agriculture, with the approval of the governor and council of state, is hereby authorized and empowered whenever in their discretion there is a cash surplus in the agriculture fund in excess of the amount required to meet the current needs and demands of the department, to invest said surplus funds in bonds or certificates of indebtedness of the United States of America or bonds, notes or other obligations of any agency or instrumentality of the United States of America, when the payment of principal and interest thereof is fully guaranteed by the United States of America, or in bonds or notes of the state of North Carolina. The said funds shall be invested in such obligations as in the judgment of the board of agriculture, the governor, and the council of state may be readily converted into money. The interest and revenue received from such investment or profits realized from the sale thereof shall become a part of the agriculture fund and be likewise invested. (1945, c. 999.)

Part 2. Commissioner of Agriculture.

§ 106-11. Salary of commissioner of agriculture.

Editor's Note.—Session Laws 1947, c. 1041, increased the salary of the commissioner of agriculture to $7,500.00 per year. And Session Laws 1949, c. 1278, effective April 23, 1949, provides that the salary, from and after the expiration of the present term of office of said officer, shall be $9,000.00 per year, payable in equal monthly installments.

Part 5. Coöperation between Department and United States Department of Agriculture, and County Commissioners.

§ 106-25. Department to furnish report books or forms for procuring and tabulating information; duties of tax supervisors and list takers or other appointees; information confidential.—The said department shall annually provide and submit report books or forms to the person appointed by the board of county commissioners of the several counties of the state to collect and compile the statistical information required by §§ 106-24 to 106-26. In selecting the person to collect such information, the board of county commissioners in each county in the state may require such information to be collected by the tax supervisor or the list takers of each county, or they may appoint some other person for the specific purpose of supervising and collecting such information. The person so appointed shall serve at the will of the county commissioners and shall be paid such compensation for such services as may be deemed proper. Such report books or forms shall be furnished the person so appointed before he enters upon his duties. It shall be the duty of each person so appointed to fill out or cause to be filled out in the report books or forms, herein provided for and received by him, authentic information required to be tabulated therein, and, upon completion of such tabulation, he shall return and deliver the said books or forms to the board of county commissioners of his county, within ten days after the time prescribed by law for securing the tax lists of his county. The person so appointed shall carefully check said books or forms for the purpose of determining whether or not at least ninety per cent (90%) of the tracts of land of such county are acceptably reported on in such report books or forms. Upon the receipt of the report books or forms properly filled out in accordance with §§ 106-24 to 106-26, the board of county commissioners of each county in the state shall, within ten days after receipt thereof, inspect and transmit or deliver such report books or forms to the department of agriculture. The information required in §§ 106-24 to 106-26 shall be held confidential by all persons having any connection therewith and by the department of agriculture. No information shall be required hereunder on land tracts consisting of less than three acres. (1921, c. 201, s. 2; 1941, c. 343; 1947, c. 540; 1949, c. 1273, s. 1; C. S. 4689(b).)

Editor's Note.—The 1947 amendment made changes in the first sentence and the 1949 amendment rewrote the section.

§ 106-26. Compensation for making reports; examination of report books, etc., by department of agriculture.—In order to encourage maximum cooperation and efficiency, the department of agriculture shall pay to the county commissioners of the various counties of the state from appropriations made to the department of agriculture, the sum of ten cents (10c) per acceptable report received by the department of agriculture in accordance with the provisions of §§ 106-24 to 106-26: Provided, however, that no such payment shall be made for any report from any township which does not cover acceptably at least ninety per cent (90%) of the tracts of land within such townships. In all those cases where the report covers less than eighty per cent (80%) of the tracts of land in a township, the department of agriculture shall withhold from the amount due the county for furnishing such reports the sum of twenty cents (20c) for each farm report shortage, and shall further deduct therefrom the sum of two dollars ($2.00) for each unauthenticated report. Upon request, all report books or forms which are not complete in accordance with the provisions of §§ 106-24 to 106-26 shall be returned to the county board of commissioners or person charged with the duty of supervising or compiling the statistical survey information, in order that the same may be properly completed to comply with the provisions of this part. (1921, c. 201, s. 3; 1941, c. 343; 1949, c. 1273, s. 2; C. S. 4689(c).)

Editor's Note.—The 1949 amendment rewrote this section.

Art. 2. North Carolina Fertilizer Law of 1947.

§§ 106-27 to 106-50: Superseded by §§ 106-50.1 to 106-50.22.

See note under § 106-50.1.

§ 106-50.1. Title.—This article shall be known as the "North Carolina Fertilizer Law of 1947". (1947, c. 1086, s. 1.)

Session Laws 1947, c. 1086, effective July 1, 1947, which rewrote Article 2 of Chapter 106 of the General Statutes, as amended by Session Laws 1945, c. 287, has been codified as §§ 106-50.1 to 106-50.22. Section 25 of the act provides: "Any carry over fertilizer in distributors' ware-

houses on the date on which this act shall become effective may thereafter be sold in the usual course of business."

§ 106-50.2. Enforcing official.—This article shall be administered by the commissioner of agriculture of the state of North Carolina, hereinafter referred to as the "commissioner". (1947, c. 1086, s. 2.)

§ 106-50.3. Definitions.—When used in this article:

(a) The term "person" includes individuals, partnerships, associations, firms and corporations.

(b) Words importing the singular number may extend and be applied to several persons or things, and words importing the plural number may include the singular.

(c) The term "distributor" means any person who offers for sale, sells, barters, or otherwise supplies mixed fertilizers or fertilizer materials.

(d) The term "sell" or "sale" includes exchange.

(e) The term "fertilizer material" means any substance containing nitrogen, phosphoric acid, potash, or any other recognized plant food element or compound which is used primarily for its plant food content or for compounding mixed fertilizers except unmanipulated animal and vegetable manures.

(f) The term "mixed fertilizers" means any combination or mixture of fertilizer materials designed for use or claimed to have value in promoting plant growth.

(g) The term "commercial fertilizer" includes both mixed fertilizer and/or fertilizer materials.

(h) The term "grade" means the minimum percentage of total nitrogen, available phosphoric acid, and soluble or available potash stated in the order given in this paragraph and, when applied to mixed fertilizers, shall be in whole numbers only.

(i) The term "brand name" means the name under which any individual mixed fertilizer or fertilizer material is offered for sale and may include a number, trademark, or other designation.

(j) The term "official sample" means any sample of commercial fertilizer taken by the commissioner or his authorized agent according to the methods prescribed in paragraph (b) of § 106-50.7.

(k) The term "ton" means a net ton of two thousand pounds avoirdupois.

(l) The term "per cent" or "percentage" means the percentage by weight.

(n) The term "specialty fertilizer" means any fertilizer distributed primarily for use on non-commercial crops such as garden, lawns, shrubs, and flowers; and may include fertilizers used for research or experimental purposes. (1947, c. 1086, s. 3.)

§ 106-50.4. Registration of brands.—

(a) Each brand of commercial fertilizer shall be registered before being offered for sale, sold, or distributed in this state. The application for registration shall be submitted in duplicate to the commissioner on forms furnished by the commissioner, and shall be accompanied by a remittance of $2.00 per brand and grade as a registration fee. Upon approval by the commissioner a copy of the registration shall be furnished to the applicant. All registrations expire on July 1st of each year. The application shall include the following information:

(1) The name and address of the person guaranteeing registration.

(2) The brand.

(3) The grade.

(4) The guaranteed analysis showing the minimum percentage of plant food in the following order and form:

A. In mixed fertilizers (other than those branded for tobacco):

Total nitrogen .....—— per cent
(Optional) water insoluble nitrogen —— per cent
Percentage of total in multiples of five
Available phosphoric acid .....—— per cent
Soluble or available potash .....—— per cent
Whether the fertilizer is acid-forming or non-acid forming. The potential basicity or acidity expressed as equivalent of calcium carbonate in multiples of five per cent (or one hundred pounds per ton) only.

B. In mixed fertilizers (branded for tobacco):

Total nitrogen .....—— per cent
(Optional) nitrogen in the form of nitrate, per cent of total in multiples of five.
Water insoluble nitrogen .....—— per cent
Percentage of total in multiples of five
Available phosphoric acid .....—— per cent
Soluble or available potash .....—— per cent
Maximum chlorine .....—— per cent
Total magnesium or total magnesium oxide .....—— per cent
All fertilizer branded for tobacco must contain a minimum of two per cent magnesium oxide or its equivalent in magnesium.
Whether the fertilizer is acid-forming or non-acid forming. The potential basicity or acidity expressed as equivalent of calcium carbonate in multiples of five per cent (or one hundred pounds per ton) only.

C. In fertilizer materials (if claimed):

Total nitrogen .....—— per cent
Available prosphoric acid .....—— per cent
In the case of bone, tankage, and other organic phosphate materials on which the chemist makes no determination of available phosphoric acid, the total phosphoric acid shall be guaranteed: Provided, that unacidulated mineral phosphatic materials and basic slag shall be guaranteed as to both total and available phosphoric acid and the degree of fineness.
Soluble or available potash .....—— per cent
Other recognized plant food .....—— per cent

(5) The sources from which the nitrogen, phosphoric acid, and potash are derived.

(6) Magnesium (Mg) or magnesium oxide (MgO), calcium (Ca) or calcium oxide (CaO), and sulfur (S) may be claimed as secondary plant foods in all mixed fertilizers, but when one or more of these is so claimed the minimum percentage of total magnesium (Mg) or total magnesium oxide (MgO), total calcium (Ca) or total calcium oxide (CaO), and total sulfur (S), as applicable, shall be guaranteed; excepting that the sulfur guarantee for fertilizers branded for tobac-

co shall be both the maximum and the minimum percentages.

(7) Borax may be claimed as an ingredient in mixed fertilizers. If claimed, it shall be guaranteed in terms of borax per 100 pounds of fertilizer in increments of ½, 1, and multiples of 1 pound per 100 pounds of fertilizer. The guarantee will be considered both a minimum and maximum guarantee. The analysis guarantee shall be on a separate tag as prescribed by the commissioner.

(8) Additional plant food elements, compounds, or classes of compounds, determinable by chemical control methods, may be guaranteed only by permission of the commissioner by and with the advice of the director of the experiment station. When any such additional plant food elements, compounds, or classes of compounds are included in the guarantee, they shall be subject to inspection and analysis in accordance with the methods and regulations that may be prescribed by the commissioner. The commissioner shall also fix penalties for failure to fulfill such guarantees.

(9) In no case, except in the case of unacidulated mineral phosphates and/or basic slag unmixed with other materials shall both the terms total phosphoric acid and available phosphoric acid be used in the same statement of analysis.

(b) The distributor of any brand and grade of commerical fertilizer shall not be required to register the same if it has already been registered under this article by a person entitled to do so and such registration is then outstanding.

(c) The grade of any brand of mixed fertilizer shall not be changed during the registration period, but the guaranteed analysis may be changed in other respects and the sources of materials may be changed: Provided, prompt notification of such change is given to the commissioner and the change is noted on the container of tag: Provided, further, that the guaranteed analysis shall not be changed if it, in any way, lowers the quality of the fertilizer: Provided, further, that if at a subsequent registration period, the registrant desires to make any change in the registration of a given brand and grade of fertilizer, said registrant shall notify the commissioner of such change 30 days in advance of such registration; that if the commissioner, after consultation with the director of the agricultural experiment station decides that such change materially lowers the crop producing value of the fertilizer, he shall notify the registrant of his conclusions, and if the registrant registers the brand and grade with the proposed changes, then the commissioner shall give due publicity to said changes through the Agricultural Review and/or by such other means as he may deem advisable. (1947, c. 1086, s. 4; 1949, c. 637, s. 1.)

Editor's Note.—The 1949 amendment inserted in subsection (a) (4) B the sentence "All fertilizer branded for tobacco must contain a minimum of two per cent magnesium oxide or its equivalent in magnesium."

§ 106-50.5. Labeling.—

(a) Any commercial fertilizer offered for sale, sold, or distributed in this state in bags, barrels, or other containers shall have placed on or affixed to the container the net weight and the data in written or printed form, required by paragraph (a), with the exception of item (5), of § 106-50.4 printed either (1) on tags to be affixed to the end of the package or (2) directly on the package. In case the brand name appears on the package, the grade shall also appear on the package, immediately preceding the guaranteed analysis or as a part of the brand name. The size of the type of numerals indicating the grade on the container shall not be less than 2 inches in height for containers of 100 pounds or more; not less than 1 inch for containers of 50 and 99 pounds; and not less than ½ inch for packages of less than 50 pounds. In case of fertilizers sold in containers on which the brand or other designations of the distributer do not appear, the grade must appear in a manner prescribed by the commissioner on tags attached to the container.

(b) If transported in bulk, the net weight and the data, in written or printed form, as required by paragraph (a), with the exception of item (5), of § 106-50.4. shall accompany delivery and be supplied to the purchaser.

(c) If mixed fertilizer is sold or intended to be sold in bags weighing more than 100 pounds, each bag must have a tag attached thereto, of a type approved by the commissioner, showing the grade of the fertilizer contained therein. Such tag must be attached between the ears of each bag, or in the case of a machine sewed bag, approximately at the center of the sewed end of the bag: provided, that in lieu of such tag the grade of the fertilizer may be printed on the end of the bag in readily legible numerals. (1947, c. 1086, s. 5; 1949, c. 637, s. 2.)

Editor's Note.—The 1949 amendment added subsection (c).

§ 106-50.6. Inspection fees. —

(a) For the purpose of defraying expenses of the inspection and of otherwise determining the value of commercial fertilizers in this state, there shall be paid to the department of agriculture a charge of twenty-five cents per ton or one cent for each individual package containing fifty pounds net or less and more than five pounds of such commercial fertilizers, which charge shall be paid before a delivery is made to agents, dealers, or consumers in this state. Each bag, barrel, or other container of commercial fertilizer shall have attached thereto a tag to be furnished by the department of agriculture stating that all charges specified in this section have been paid, and the commissioner, with the advice and consent of the board of agriculture is hereby empowered to prescribe a form for such tags, and to adopt such regulations as will insure the enforcement of this law. Whenever any manufacturer of commercial fertilizer shall have paid the charges required by this section his goods shall not be liable to further tax, whether by city, town, or county: Provided, this shall not exempt the commercial fertilizers from an ad valorem tax.

(b) The tax tags required under this section shall be issued each fiscal year (July 1st-June 30th) by the commissioner and be sold to persons applying for same at the rate provided in paragraph (a) of this section. Undetached tags left in the possession of persons registering commercial fertilizers at the end of any fiscal year (July 1st-June 30th) may be exchanged for tags of the succeeding year, on or before September first.

(c) If any distributor of fertilizer shall desire

to ship in bulk any commercial fertilizers, the said distributor of fertilizer shall send with the bill of lading sufficient cancelled tax tags to pay the tax on the amount of goods shipped, and the agent of the railroad or other transportation company shall deliver the tags to the consignee when the goods are delivered. If otherwise delivered, the distributor shall associate such tags or stamps to each lot or with some document relating thereto.

(d) On individual packages of five pounds or less, there shall be paid in lieu of the tonnage fee an annual registration fee of twenty-five dollars ($25.00) for each brand offered for sale, sold, or distributed.

(e) Any distributor of fertilizer may make application to the commissioner of agriculture for a permit to report the tonnage of fertilizer sold and pay the inspection fee of 25 cents per ton on the basis of the report, in lieu of affixing inspection tags or stamps.

(f) The commissioner may, in his discretion, grant such permit. The issuance of all permits will be conditional on the applicant's satisfying the commissioner that he has a good bookkeeping system and keeps such records as may be necessary to indicate accurately the tonnage of fertilizer sold in the state.

(g) In the event such permit is granted by the commissioner, the distributor must, as a further condition thereto, grant to the commissioner or his duly authorized representative permission to examine such records and verify the tonnage statement.

(h) The tonnage report shall be monthly and the inspection fee shall be due and payable monthly, on the tenth of each month, covering the tonnage and grade of fertilizer sold during the past month.

(i) The report shall be under oath and on forms furnished by the commissioner.

(j) If the report is not filed and the inspection fee paid by the tenth day following due date or if the report of tonnage be false, the commissioner may revoke the permit; and if the inspection fee be unpaid after a fifteen day grace period, the amount shall bear a penalty of ten per cent which shall be added to the inspection fee due and shall constitute a debt and become the basis of judgment against the securities or bonds which may be required.

(k) In order to guarantee faithful performance each distributor shall before being granted a permit to use the reporting system deposit with the commissioner cash in the amount of one thousand dollars ($1000.00) or securities acceptable to the commissioner of a value of at least one thousand dollars. ($1000.00) or shall post with the commissioner a surety bond in like amount, executed by some corporate surety company authorized to do business in North Carolina. (1947, c. 1086, s. 6; 1949, c. 637, s. 3.)

Editor's Note.—The 1949 amendment added subsections (e)-(k).

§ 106-50.7. Sampling, inspection and testing.—(a) It shall be the duty of the commissioner, who may act through his authorized agent, to sample, inspect, make analysis of, and test commercial fertilizers offered for sale, sold, or distributed within the state at such time and place and to such an extent as he may deem necessary to determine whether such commercial fertilizers are in compliance with the provisions of this article. The commissioner, individually or through his agent, is authorized to enter upon any public or private premises during regular business hours in order to have access to commercial fertilizers subject to the provisions of this article and the rules and regulations thereto.

(b) The methods of sampling shall be as follows:

(1) For the purposes of analysis by the commissioner or his duly authorized chemists and for comparison with the guarantee supplied to the commissioner in accordance with §§ 106-50.4. and 106-50.5, the commissioner, or any official inspector duly appointed by him, shall take an official sample of not less than one pound from containers of commercial fertilizer. No sample shall be taken from less than five containers. If the lot comprises five (5) or more containers, portions shall be taken from each one up to a total of ten (10) containers. If the lot comprises from ten (10) to one hundred (100) containers, portions shall be taken from ten (10) containers. Of lots comprising more than one hundred (100) containers, portions shall be taken from ten (10) per cent of the total number of containers.

(2) In sampling commercial fertilizers, in bulk, either in a factory or a car, at least ten portions shall be drawn and these from different places so as fairly to represent the pile or car lot.

(3) In sampling, a core sampler shall be used that removes a core from a bag or other package from top to bottom, and the cores taken shall be mixed on clean oil cloth or paper, and if necessary shall be reduced after thoroughly mixing, by quarting, to the quantity of sample required. The composite sample taken from any lot of commercial fertilizer under the provision of this paragraph shall be placed in a tight container and shall be forwarded to the commissioner with proper identification marks.

(4) The commissioner may modify the provisions of this section to bring them into conformity with any changes that may hereafter be made in the official methods of and recommendations for sampling commercial fertilizers which shall have been adopted by the Association of Official Agricultural Chemists or by the Association of American Fertilizer Control Officials. Thereafter, such methods and recommendations shall be used in all sampling done in connection with the administration of this article in lieu of those prescribed in items (1), (2), and (3) of this section.

(5) All samples taken under the provisions of this section shall be taken from original unbroken bags or containers, the contents of which have not been damaged by exposure, water or otherwise.

(6) The commissioner shall refuse to analyze all samples except such as are taken under the provisions of this section and no sample unless so taken shall be admitted as evidence in the trial of any suit or action wherein there is called into question the value or composition of any lot of commercial fertilizer distributed under the provisions of this article.

(7) In the trial of any suit or action wherein there is called in question the value or composition of any lot of commercial fertilizer, a certificate

signed by the fertilizer chemist and attested with the seal of the department of agriculture, setting forth the analysis made by the chemist of the department of agriculture, of any sample of said commercial fertilizer, drawn under the provisions of this section and analyzed by them under the provisions of the same, shall be prima facie proof that the lot of fertilizer represented by the sample was of the value and constituency shown by said analysis. And the said certificate of the chemist shall be admissible in evidence to the same extent as if it were his deposition taken in said action in the manner prescribed by law for the taking of depositions.

(c) The methods of analysis shall be those adopted as official by the board of agriculture and shall conform to the methods prescribed by the Association of Official Agricultural Chemists or by the Association of American Fertilizer Control Officials. In the absence of methods prescribed by either of these associations, the commissioner shall prescribe the method of analysis.

(d) The result of official analysis of any commercial fertilizer which has been found to be subject to penalty shall be forwarded by the commission to the registrant at least ten days before the report is submitted to the purchaser. If during that period no adequate evidence to the contrary is made available to the commissioner, the report shall become official. Upon request the commissioner shall furnish to the registrant a portion of any sample found subject to penalty.

(e) Any purchaser or consumer may take and have a sample of mixed fertilizer or fertilizer material analyzed if taken in accordance with the following rules and regulations:

(1) At least five days before taking a sample, the purchaser or consumer shall notify the manufacturer or seller of the brand in writing, at his permanent address, of his intention to take such a sample and shall request the manufacturer or seller to designate a representative to be present when the sample is taken.

(2) The sample shall be drawn in the presence of the manufacturer, seller, or a representative designated by either party together with two disinterested freeholders; or in case the manufacturer, seller, or representative of either refuses or is unable to witness the drawing of such a sample, a sample may be drawn in the presence of three disinterested freeholders: Provided, any such sample shall be taken with the same type of sampler as used by the inspector of the department of agriculture in taking samples and shall be drawn, mixed, and divided as directed in paragraphs (1), (2), (3), (4), and (5) of subsection (b) of this section, except that the sample shall be divided into two parts each to consist of at least one pound. Each of these is to be placed into a separate, tight container, securely sealed, properly labeled, and one sent to the commissioner for analysis and the other to the manufacturer. A certificate statement in a form which will be prescribed and supplied by the commissioner must be signed by the parties taking and witnessing the taking of the sample. Such certificate is to be made and signed in duplicate and one copy sent to the commissioner and the other to the manufacturer or seller of the brand sampled. The witnesses of the taking of any sample, as provided for in this section, shall be required to certify that such sample has been continuously under their observation from the taking of the sample up to and including the delivery of it to an express agency, a post office or to the office of the commissioner.

(3) Samples drawn in conformity with the requirements of this section shall have the same legal status in the courts of the state as those drawn by the commissioner or any official inspector appointed by him as provided for in subsection (b) of this section.

(4) No suit for damages claimed to result from the use of any lot of mixed fertilizer or fertilizer material may be brought unless it shall be shown by an analysis of a sample taken and analyzed in accordance with the provisions of this article, that the said lot of fertilizer as represented by a sample or samples taken in accordance with the provisions of this section do not conform to the provisions of this article with respect to the composition of the mixed fertilizer or fertilizer material, unless it shall appear to the commissioner that the manufacturer of the fertilizer in question has, in the manufacture of other goods offered in this state during such season, employed such ingredients as are outlawed by the provisions of this article, or unless it shall appear to the commissioner that the manufacturer of such fertilizer has offered for sale during that season any kind of dishonest or fraudulent goods. (1947, c. 1086, s. 7.)

§ 106-50.8. Plant food deficiency.—

(a) The commissioner in determining for administrative purposes whether any commercial fertilizer is deficient in plant food, shall be guided solely by the official sample as defined in paragraph (j) of § 106-50.3, and as provided for in paragraphs (b), (c), and (d) of § 106-50.7.

(b) If the analysis shall show that any commercial fertilizer falls short of the guaranteed analysis in any ingredient, a penalty shall be assessed in accordance with the following provisions:

(1) Total nitrogen: A penalty of three times the value of the deficiency, if such deficiency is in excess of 0.20 of one per cent on goods that are guaranteed two per cent; 0.25 of one per cent on goods that are guaranteed three per cent; 0.35 of one per cent on goods that are guaranteed four per cent; 0.40 of one per cent on goods that are guaranteed five per cent up to and including eight per cent; 0.50 of one per cent on goods guaranteed above eight per cent up to and including thirty per cent; and 0.75 of one per cent on goods guaranteed over thirty per cent.

(2) Available phosphoric acid: A penalty of three times the value of the deficiency, if such deficiency exceeds 0.40 of one per cent on goods that are guaranteed up to and including ten per cent; 0.50 of one per cent on goods that are guaranteed above ten per cent up to and including twenty-five per cent; 0.75 of one per cent on goods guaranteed over twenty-five per cent.

(3) Soluble or available potash: A penalty of three times the value of the deficiency, if such deficiency is in excess of 0.20 of one per cent on goods that are guaranteed two per cent; 0.30 of one per cent on goods that are guaranteed three per cent; 0.40 of one per cent on goods guar-

anteed four per cent; 0.50 of one per cent on goods guaranteed above four per cent guaranteed above eight per cent up to and including twenty per cent; and 1.00 per cent on goods guaranteed over twenty per cent.

(4) Should the basicity or acidity as equivalent of calcium carbonate of any sample of fertilizer be found upon analysis to differ more than five per cent (or one hundred pounds of calcium carbonate equivalent per ton) from the guarantee, then a penalty of fifty cents per ton for each fifty pounds calcium carbonate equivalent, or fraction thereof in excess of the one hundred pounds allowed, may be assessed and paid as under paragraph (c) of this section.

(5) Chlorine: If the chlorine content of any lot of fertilizer branded for tobacco shall exceed the maximum amount guaranteed by more than 0.5 of one per cent, a penalty shall be assessed equal to ten per cent of the value of the fertilizer for each additional 0.5 of one per cent of excess or fraction thereof.

(6) Water insoluble nitrogen: A penalty of three times the value of the deficiency shall be assessed, if such deficiency is in excess of 0.10 of one per cent on goods guaranteed up to and including fifty-hundredths per cent; 0.20 of one per cent on goods guaranteed from five-tenths per cent to one per cent; 0.30 of one per cent on goods guaranteed from one per cent to two per cent; 0.50 of one per cent on goods guaranteed above two per cent and up to and including five per cent; and 1.00 per cent on goods guaranteed over five per cent.

(7) Nitrate nitrogen: A penalty of three times the value of the deficiency shall be assessed if the deficiency shall exceed 0.10 of one per cent for goods guaranteed up to and including five-tenths per cent; 0.15 of one per cent for goods guaranteed from five-tenths to one per cent; 0.25 of one per cent for goods guaranteed from one to two per cent; and 0.35 of one per cent for goods guaranteed above two per cent.

(8) Total magnesium or total magnesium oxide: If the magnesium content found falls as much as 0.30 of one per cent below the minimum amount guaranteed, a penalty of fifty cents per ton shall be assessed for each 0.15 of one per cent additional deficiency or fraction thereof. If the magnesium oxide content found falls as much as 0.50 of one per cent below the minimum amount guaranteed, a penalty of fifty cents per ton shall be assessed for each 0.25 of one per cent additional deficiency or fraction thereof.

(9) Total calcium or total calcium oxide: If the calcium content found falls as much as 0.70 of one per cent below the minimum amount guaranteed, a penalty of fifty cents per ton shall be assessed for each 0.35 of one per cent additional deficiency or fraction thereof. If the calcium oxide content found falls as much as 1.00 per cent below the minimum amount guaranteed, a penalty of fifty cents per ton shall be assessed for each 0.50 of one per cent additional deficiency or fraction thereof.

(10) Sulfur: If the sulfur content is found to be as much as 1.50 per cent below the minimum amount guaranteed in the case of all mixed fertilizers, including mixed fertilizers branded for tobacco, a penalty of fifty cents per ton for each 0.50 of one per cent additional excess or fraction thereof, shall be assessed.

(11) Deficiencies or excesses in any other constituent or constituents covered under items (6) and (7), paragraph (a), § 106-50.4 which the registrant is required to or may guarantee shall be evaluated by the commissioner and penalties therefor shall be prescribed by the commissioner.

(c) All penalties assessed under this section shall be paid to the consumer of the lot of fertilizer represented by the sample analyzed within three months from the date of notice by the commissioner to the distributor, receipts taken therefor, and promptly forwarded to the commissioner: Provided, that in no case shall the total assessed penalties exceed the commercial value of the goods to which it applies. If said consumers cannot be found, the amount of the penalty assessed shall be paid to the commissioner who shall deposit the same in the department of agriculture fund, of which the state treasurer is custodian. Such sums as thereafter shall be found to be payable to consumers on lots of fertilizer against which said penalties were assessed shall be paid from said fund on order of the commissioner and may be used by the commissioner as he may see fit for the purpose of promoting the agricultural program of the state. (1947, c. 1086, s. 8.)

Editor's Note.—Paragraph (b) (3) of this section is printed just as it appears in the authenticated copy of the act. However, there seems to be something missing in line eight between "per cent" and "guaranteed."

§ 106-50.9. Determination and publication of commercial values.—

For the purpose of determining the commercial values to be applied under the provisions of § 106-50.8, the commissioner shall determine and publish annually the values per pound of nitrogen, phosphoric acid, and potash in commercial fertilizers in this state. The values so determined and published shall be used in determining and assessing penalties. (1947, c. 1086, s. 9.)

§ 106-50.10. Minimum plant food content; branding of low grade tobacco fertilizer.—

No superphosphate containing less than eighteen per cent available phosphoric acid nor any mixed fertilizer in which the sum of the guarantees for the nitrogen, available phosphoric acid, and soluble or available potash totals less than twenty per cent shall be offered for sale, sold, or distributed in this state except for complete fertilizers containing twenty-five per cent or more of their nitrogen in water insoluble form of plant or animal origin, in which case the total nitrogen, available phosphoric acid, and soluble or available potash need not total more than eighteen per cent: Provided, however, there may be one grade of tobacco plant bed fertilizer in which the sum of the guarantees for total nitrogen, available phosphoric acid, and soluble or available potash shall not total less than sixteen per cent; and, provided, further, that the water insoluble nitrogen guarantee in this tobacco plant bed fertilizer shall not be less than twenty-five per cent of the total; and provided, further, there may be one grade of regular tobacco fertilizer (3-8-5). The water insoluble nitrogen guarantee in this tobacco fertilizer shall not be less than twenty-five per cent of the total. This grade of regular tobacco fertilizer (3-8-5) shall be branded "low grade" and shall carry a red tag reading as follows:

THIS IS A LOW GRADE FERTILIZER. It costs too much per unit of plant food. You are paying too much for bagging, freight, labor, etc., on too much inert material. It is not recommended by your Experiment Station. (1947, c. 1086, s. 10.)

§ 106-50.11. Grade list. — The board of agriculture, after a public hearing open to all interested parties, and upon approval by the director of the agricultural experiment station, shall, prior to June 30th of each year or as early as practicable thereafter, promulgate a list of grades of mixed fertilizer adequate to meet the agricultural needs of the state. After this list of grades has been established, no other grades of mixed fertilizers shall be eligible for registration. The commissioner may revise this list of grades by conforming to the procedure prescribed in this section.

It is provided, however, that any distributor may be permitted to sell one but not exceeding one brand and grade of specialty fertilizer not on the current approved list. The commissioner may, in his discretion, require a sample label to be submitted before registering such fertilizer. (1947, c. 1086, s. 11.)

§ 106-50.12. False or misleading statements. — It shall be unlawful to make any false or misleading statement or representation in regard to any commercial fertilizer offered for sale, sold, or distributed in this state, or to use any misleading or deceptive trademark or brand name in connection therewith. The commissioner is hereby authorized to refuse the registration of any commercial fertilizer with respect to which this section is violated. (1947, c. 1086, s. 12.)

§ 106-50.13. Grade-tonnage reports. — Each person registering commercial fertilizers under this article shall furnish the commissioner with a confidential written statement of the tonnage of each grade of fertilizer sold by him in this state. Said statement shall include all sales for the periods of July first to and including December thirty-first and of January first to and including June thirtieth of each year. The commissioner may, in his discretion, cancel the registration of any person failing to comply with this section if the above statement is not made within thirty days from date of the close of each period. The commissioner, however, in his discretion, may grant a reasonable extension of time. No information furnished under this section shall be disclosed in such a way as to divulge the operations of any person. (1947, c. 1086, s. 13.)

§ 106-50.14. Publication of information concerning fertilizers. — The commissioner shall publish at least annually, in such forms as he may deem proper, complete information concerning the sales of commercial fertilizers, together with such data on their production and use as he may consider advisable, and a report of the results of the analyses based on official samples of commercial fertilizers sold within the state as compared with the analyses guaranteed under §§ 106-50.4 and 106-50.5: Provided, however, that the information concerning production and use of commercial fertilizers shall be shown separately for periods July first to December thirty-first and January first to June thirtieth of each year, and that no disclosure shall be made of the operations of any person. (1947, c. 1086, s. 14.)

§ 106-50.15. Rules, regulations and standards. — The board of agriculture is authorized, after public hearing, to prescribe such rules and regulations as may be found necessary for the enforcement of this article; and, upon recommendation of the director of the agricultural experiment station, to prescribe maximum chlorine for tobacco fertilizer. The board of agriculture is also authorized to regulate the weight of bags and/or packages in which fertilizer may be sold or offered for sale. (1947, c. 1086, s. 15; 1949, c. 637, s. 4.)

Editor's Note.—The 1949 amendment struck out the former second sentence relating to minimum of magnesium oxide required in tobacco fertilizer and inserted in lieu thereof the present second sentence. The stricken provision now appears in subsection (a) (4) B of § 106-50.4.

§ 106-50.16. Short weight. — If any commercial fertilizer in the possession of the consumer is found by the commissioner to be short in weight, the registrant of said commercial fertilizer shall within thirty days after official notice from the commissioner pay to the consumer a penalty equal to four times the value of the actual shortage. The commissioner may in his discretion allow reasonable tolerance for short weight due to loss through handling and transporting. (1947, c. 1086, s. 16.)

§ 106-50.17. Cancellation of registration. — The commissioner, upon approval of the board of agriculture, is authorized and empowered to cancel the registration of any brand of commercial fertilizer or to refuse to register any brand of commercial fertilizer as herein provided, upon satisfactory proof that the registrant has been guilty of fraudulent and deceptive practices in the evasions or attempted evasions of the provisions of this article or any rules and regulations promulgated thereunder: Provided, that no registration shall be revoked or refused until the registrant shall have been given a hearing by the commissioner. (1947, c. 1086, s. 17.)

§ 106-50.18. "Stop sale", etc., orders. — It shall be the duty of the commissioner to issue and enforce a written or printed "stop sale, use, or removal" order to the owner or custodian of any lot of commercial fertilizer and to hold at a designated place when the commissioner finds said commercial fertilizer is being offered or exposed for sale in violation of any of the provisions of this article until the law had been complied with and said commercial fertilizer is released in writing by the commissioner or said violation has been otherwise legally disposed of by written authority. The commissioner shall release the commercial fertilizer so withdrawn when the requirements of the provisions of this article have been complied with and upon payment of all costs and expenses incurred in connection with the withdrawal. (1947, c. 1086, s. 18.)

§ 106-50.19. Seizure, condemnation and sale. — Any lot of commercial fertilizer not in compliance with the provisions of this article shall be subject to seizure on complaint of the commissioner to a court of competent jurisdiction in the area in which said commercial fertilizer is located. In the event the court finds the said commercial fertilizer to be in violation of this article and

orders the condemnation of said commercial fertilizer, it shall be disposed of in any manner consistent with the quality of the commercial fertilizer and the laws of the state: Provided, that in no instance shall the disposition of said commercial fertilizer be ordered by the court without first giving the claimant an opportunity to apply to the court for the release of said commercial fertilizer or for permission to process or relabel said commercial fertilizer to bring it into compliance with this article. (1947, c. 1086, s. 19.)

§ 106-50.20. Punishment for violations. — Each of the following offenses shall be a misdemeanor and any person upon conviction thereof shall be punished as provided by law for the punishment of misdemeanors:

(a) To manufacture, offer for sale, or sell in this state any mixed fertilizer or fertilizer materials containing any substance used as a filler that is injurious to crop growth or deleterious to the soil, or to use in such mixed fertilizer or fertilizer materials as a filler any substance that contains inert plant food material or any other substance for the purpose or with the effect of defrauding the purchaser.

(b) To offer for sale or to sell in this state for fertilizer purposes any raw or untreated leather, hair, wool waste, hoof, horn, rubber or similar nitrogenous materials, the plant food content of which is largely unavailable, either as such or mixed with other fertilizer materials.

(c) To make any false or misleading representation in regard to any mixed fertilizer or fertilizer material shipped, sold or offered for sale by him in this state, or to use any misleading or deceptive trademark or brand in connection therewith. The sale or offer for sale of any mixture of nitrogenous fertilizer materials under a name or other designation descriptive of only one of the components of the mixture shall be considered deceptive and fraudulent.

The commissioner is hereby authorized to refuse registration for any commercial fertilizer with respect to which this section is violated.

(d) The filing with the commissioner of any false statement of fact in connection with the registration under § 106-50.4 of any commercial fertilizer.

(e) Forcibly obstructing the commissioner or any official inspector authorized by the commissioner in the lawful performance by him of his duties in the administration of this article.

(f) Knowingly taking a false sample of commercial fertilizer for use under provisions of this article; or knowingly submitting to the commissioner for analysis a false sample thereof; or making to any person any false representation with regard to any commercial fertilizer sold or offered for sale in this state for the purpose of deceiving or defrauding such other person.

(g) The fraudulent tampering with any lot of commercial fertilizer so that as a result thereof any sample of such commercial fertilizer taken and submitted for analysis under this article may not correctly represent the lot; or tampering with any sample taken or submitted for analysis under this article, if done prior to such analysis and disposition of the sample under the direction of the commissioner.

(h) The delivery to any person by the fertilizer chemist or his assistants or other employees of the commissioner of a report that is willfully false and misleading on any analysis of commercial fertilizer made by the department in connection with the administration of this article.

(i) Selling or offering for sale in this state commercial fertilizer without marking the same as required by § 106-50.5.

(j) Selling or offering for sale in this state commercial fertilizer containing less than the minimum content required by § 106-50.10.

(k) Failure to obtain and affix tags as provided for in this article. (1947, c. 1086, s. 20.)

§ 106-50.21. Sales or exchanges between manufacturers.— Nothing in this article shall be construed to restrict or avoid sales or exchanges of commercial fertilizers to each other by importers or manufacturers who mix fertilizer materials for sale or as preventing the free and unrestricted shipments of commercial fertilizers to manufacturers who have registered their brands as required by the provisions of this article. (1947, c. 1086, s. 21.)

§ 106-50.22. Appeals from assessments and orders of commissioner. — Nothing contained in this article shall prevent any person from appealing to a court of competent jurisdiction from any assessment or penalty or other final order or ruling of the commissioner or board of agriculture. (1947, c. 1086, s. 22.)

Art. 4. Insecticides and Fungicides.

Editor's Note.—For subsequent law affecting this article, see §§ 106-65.1 to 106-65.12.

§ 106-62. Seizure of articles.—(a) When any Paris green, calcium arsenate, lead arsenate or any other insecticide or fungicide is found to be sold, offered or exposed for sale in this state in violation of any provisions of this article, or whenever a duly authorized agent of the department of agriculture finds he has probable cause to believe that any insecticide or fungicide is being sold, offered or exposed for sale in this state in violation of any provisions of this article, he shall affix to such insecticide or fungicide a tag, appropriate marking, or shall post a notice on the premises in which said insecticide or fungicide is located, giving notice that such insecticide or fungicide is suspected of being sold, offered or exposed for sale in violation of the provisions of this article or that the same is being sold, offered or exposed for sale in violation of the provisions of this article, and that the same has been detained or embargoed, and warning all persons not to remove or dispose of such Paris green, calcium arsenate, lead arsenate or other insecticides or fungicide by sale or otherwise until permission for removal or disposal is given by such agent or the court. It shall be unlawful for any person to remove or dispose of such detained or embargoed insecticide or fungicide by sale or to offer to expose same for sale without such permission.

(b) When an insecticide or fungicide detained or embargoed under subsection (a) has been found by such agent to be sold, offered or exposed for sale in violation of any provisions of this article he shall petition the judge of any recorder's, county or superior court in whose juris-

diction the insecticide or fungicide is detained or embargoed for an order of condemnation of such insecticide or fungicide. When such agent has found that such insecticide or fungicide so detained or embargoed is not being sold, offered or exposed for sale in violation of any of the provisions of this article he shall remove the tag, marking or notice.

(c) If the court finds that the detained or embargoed insecticide or fungicide is being sold, offered or exposed for sale in violation of any of the provisions of this article such insecticide and fungicide shall, after entry of the decree of the court, be destroyed at the expense of the claimant thereof, under the supervision of such agent and all court costs and fees and storage and other proper expenses, shall be taxed against the claimant of such article or his agent: Provided, that if any insecticide or fungicide can be corrected by proper labeling or processing or by any other correction so that the same will comply with the provisions of this article, the court, after entry of the decree and after such costs, fees, and expenses have been paid and a good and sufficient bond, conditioned that such insecticide or fungicide shall be so labeled, processed or corrected, has been executed, may by order direct that such insecticide or fungicide be delivered to the claimant thereof for such labeling, processing or correction under the supervision of an agent of the department of agriculture. The expense of such supervision shall be paid by the claimant. Such bond shall be returned to the claimant on representation to the court by the department of agriculture that the insecticide or fungicide is no longer in violation of this article, and that the expenses of such supervision have been paid. (1927, c. 53, s. 11; 1945, c. 668.)

Editor's Note.—The 1945 amendment rewrote this section.

Art. 4A. Insecticide, Fungicide and Rodenticide Act of 1947.

§ 106-65.1. Title. — This article may be cited as the Insecticide, Fungicide and Rodenticide Act of 1947. (1947, c. 1087, s. 1.)

Section 15 of the act from which this article was codified made it effective as of Jan. 1, 1948.

§ 106-65.2. Definitions. — For the purpose of this article—

a. (5) Any economic poison which is adulterated or misbranded, or any device which is misbranded.

b. It shall be unlawful—

(1) for any person to detach, alter, deface, or destroy, in whole or in part, any label or labeling provided for in this article or the rules and regulations promulgated hereunder, or to add any substance to, or take any substance from an economic poison in a manner that may defeat the purpose of this article;

(2) for any manufacturer, distributor, dealer, carrier, or other person to refuse, upon a request in writing specifying the nature or kind of economic poison or device to which such request relates, to furnish to or permit any person designated by the commissioner to have access to and to copy such records of business transactions as may be essential in carrying out the purposes of this article;

§ 106-65.4. Injunctions.— In addition to the remedies herein provided the commissioner of agriculture is hereby authorized to apply to the superior court for, and such court shall have jurisdiction upon hearing and for cause shown, to grant a temporary or permanent injunction restraining any person from violating any provision of § 106-65.3, irrespective of whether or not there exists an adequate remedy at law. (1947, c. 1087, s. 4.)

§ 106-65.5. Registration.—a. Every economic poison which is distributed, sold, or offered for sale within this state or delivered for transportation or transported in interstate commerce or between points within this state shall be registered in the office of the commissioner, and such registrations shall be renewed annually; provided, that products which have the same formula, are manufactured by the same person, the labeling of which contains the same claims, and the labels of which bear a designation identifying the product as the same economic poison may be registered as a single economic poison; and additional names and labels may, in the discretion of the commissioner, be added by supplement statements during the current period of registration. The registrant shall file with the commissioner a statement including—

(1) the name and address of the registrant and the name and address of the person whose name will appear on the label, if other than the registrant;

(2) the name of the economic poison;

(3) a complete copy of the labeling accompanying the economic poison and a statement of all claims to be made for it including directions for use; and

(4) if requested by the commissioner a full description of the tests made and the results thereof upon which the claims are based. In the case of renewal of registration, a statement shall be required only with respect to information which is different from that furnished when the economic poison was registered or last reregistered.

b. The registrant, before selling or offering for sale any economic poison in this state, shall register each brand or grade of such economic poison with the department of agriculture upon forms furnished by the department, and, for purposes of defraying expenses connected with the enforcement of this article, shall pay to the department an annual inspection fee of ten ($10.00) dollars for each and every brand or grade to be offered for sale in this state, whereupon there shall be issued to the registrant by the department of agriculture, a certificate entitling the registrant to sell all duly registered brands in this state until the expiration of the certificate. All certificates shall expire on December 31st of each year and are subject to renewal upon receipt of annual inspection fees.

c. The commissioner, whenever he deems it necessary in the administration of this article, may require the submission of the complete formula of any economic poison. If it appears to the commissioner that the composition of the article is such as to warrant the proposed claims for it and if the article and its labeling and other material required to be submitted comply with the requirements of this article, he shall register the article.

d. If it does not appear to the commissioner that the article is such as to warrant the proposed claims for it or if the article and its labeling and other material required to be submitted do not comply with the provisions of this article, he shall notify the registrant of the manner in which the article, labeling, or other material required to be submitted fail to comply with the article so as to afford the registrant an opportunity to make the necessary corrections.

e. The commissioner is authorized and empowered to refuse to register, or to cancel the registration of, any brand of economic poison as herein provided, upon satisfactory proof that the registrant has been guilty of fraudulent and deceptive practices in the evasions or attempted evasions of the provisions of this article or any rules and regulations promulgated thereunder: Provided, that no registration shall be revoked or refused until the registrant shall have been given a hearing by the board of agriculture.

f. Notwithstanding any other provision of this article, registration is not required in the case of an economic poison shipped from one plant within this state to another plant within this state operated by the same person. (1947, c. 1087, s. 5.)

§ 106-65.6. Determination; rules and regulations; uniformity.—a. The commissioner is authorized, after opportunity for a hearing,

(1) to declare as a pest any form of plant or animal life or virus which is injurious to plants, man, domestic animals, articles, or substances;

(2) to determine whether economic poisons are highly toxic to man; and

(3) to determine standards of coloring or dis-

coloring for economic poisons, and to subject economic poisons to the requirements of paragraph (4), subsection a of § 106-65.3.

b. The commissioner is further authorized

(1) to effect the collection and examination of samples of economic poisons and devices to determine compliance with the requirements of this article; and he shall have the authority at all reasonable hours to enter into any car, warehouse, store, building, boat, vessel or place supposed to contain economic poison, or devices, for the purpose of inspection or sampling, and to procure samples for analysis or examination from any lot, package or parcel of economic poison, or any device;

(2) to publish from time to time, in such forms as he may deem proper, complete information concerning the sale of economic poisons, together with such data on their production and use as he may consider advisable, and reports of the results of the analyses based on official samples of economic poisons sold within the state.

c. The board of agriculture is authorized to prescribe, after public hearing following due public notice, such rules, regulations, and standards relating to the sale and distribution of economic poisons as they may find necessary to carry into effect the full intent and meaning of this article.

d. In order to avoid confusion endangering the public health, resulting from diverse requirements, particularly as to the labeling and coloring of economic poisons, and to avoid increased costs to the people of this state due to the necessity of complying with such diverse requirements in the manufacture and sale of such poisons, the board of agriculture and the commissioner are authorized and empowered to cooperate with, and enter into agreements with, any other agency of this state, the United States department of agriculture, and any other state or agency thereof for the purpose of carrying out the provisions of this article and securing uniformity of regulations. (1947, c. 1087, s. 6.)

§ 106-65.7. Violations.—a. If it shall appear from the examination or evidence that any of the provisions of this article or the rules and regulations issued thereunder have been violated, the commissioner may cause notice of such violation to be given to the registrant, distributor, and possessor from whom said sample or evidence was taken. Any party so notified shall be given an opportunity to be heard under such rules and regulations as may be prescribed by the board of agriculture. If it appears after such hearing that there has been a sufficient number of violations of this article or the rules and regulations issued thereunder, the commissioner may certify the facts to the proper prosecuting attorney and furnish that officer with a copy of the results of the examination of such sample duly authenticated by the analyst or other officer making the examination under the oath of such officer. It shall be the duty of every solicitor to whom the commissioner shall report any violation of this article to cause proceedings to be prosecuted without delay for the fines and penalties in such cases. Any person convicted of violating any provisions of this article or the rules and regulations issued thereunder shall be adjudged guilty of a misdemeanor and shall be punished in the discretion of the court.

b. Nothing in this article shall be construed as requiring the commissioner to report for the institution of proceedings under this article, minor violations of this article, whenever the commissioner believes that the public interest will be adequately served in the circumstances by a suitable written notice or warning. (1947, c. 1087, s. 7.)

§ 106-65.8. Exemptions.—a. The penalties provided for violations of subsection a of § 106-65.3 shall not apply to—

(1) any carrier while lawfully engaged in transporting an economic poison within this state, if such carrier shall, upon request, permit the commissioner or his designated agent to copy all records showing the transactions in and movement of the articles;

(2) public officials of this state and the federal government engaged in the performance of their official duties;

(3) the manufacturer or shipper of an economic poison for experimental use only

(a) by or under the supervision of an agency of this state or of the federal government authorized by law to conduct research in the field of economic poisons; or

(b) by others if the economic poison is not sold and if the container thereof is plainly and conspicuously marked "For experimental use only —Not to be sold", together with the manufacturer's name and address: Provided, however, that if a written permit has been obtained from the commissioner, economic poisons may be sold for experimental purposes subject to such restrictions and conditions as may be set forth in the permit;

(4) any person who establishes a guaranty signed by, and containing the name and address of, the registrant or person residing in the United States from whom he purchased and received in good faith the article in the same unbroken package, to the effect that the article was lawfully registered at the time of sale and delivery to him, and that it complies with the other requirements of this article, designating this article. In such case the guarantor shall be subject to the penalties which would otherwise attach to the person holding the guaranty under the provisions of this article. (1947, c. 1087, s. 8.)

§ 106-65.9. Short weight.—If any economic poison in the possession of consumers is found by the commissioner to be short in weight, the registrant of said economic poison shall within thirty days after official notice from the commissioner pay to the consumer a penalty equal to four times the value of the actual shortage. (1947, c. 1087, s. 9.)

§ 106-65.10. "Stop sale" orders.—It shall be the duty of the commissioner to issue and enforce a written or printed "stop sale, use, or removal" order to the owner or custodian of any lot of economic poison and to hold at a designated place when the commissioner finds said economic poison is being offered or exposed for sale in violation of any of the provisions of this article until the law has been complied with and said economic poison is released in writing by the commissioner or said violation has been otherwise

legally disposed of by written authority. The commissioner shall release the economic poison so withdrawn when the requirements of the provisions of this article have been complied with and upon payment of all costs and expenses incurred in connection with the withdrawal. (1947, c. 1087, s. 10.)

§ 106-65.11. Seizures, condemnation and sale.— Any lot of economic poison not in compliance with the provisions of this article shall be subject to seizure on complaint of the commissioner to a court of competent jurisdiction in the area in which said economic poison is located. In the event the court finds the said economic poison to be in violation of this article and orders the condemnation of said economic poison, it shall be disposed of in any manner consistent with the quality of the economic poison and the laws of the state: Provided, that in no instance shall the disposition of said economic poison be ordered by the court without first giving the claimant an opportunity to apply to the court for the release of said economic poison or for permission to process or relabel said product to bring it into compliance with this article. (1947, c. 1087, s. 11.)

§ 106-65.12. Delegation of duties.— All authority vested in the commissioner by virtue of the provisions of this article may with like force and effect be executed by such employees of the department of agriculture as the commissioner may from time to time designate for said purpose. (1947, c. 1087, s. 12.)

Art. 8. Sale, etc., of Agricultural Liming Material, etc.

§ 106-84. Registration and tonnage fees; tags showing payment; reporting system; license certificates.

(c) Each bag, parcel, or shipment of said materials shall have attached thereto a tag, or label, to be furnished by the department of agriculture, stating that all charges specified in this article have been paid, and the commissioner of agriculture, with the advice and consent of the board of agriculture is hereby empowered to prescribe a form for such tags, or labels, and to adopt such regulations as will insure enforcement of this article. Whenever any manufacturer or vendor shall have paid the required charges, his goods shall not be liable to any further tax, whether by city, town or county. Tax tags or labels shall be issued each year by the commissioner of agriculture, and sold to persons applying for same at the tax rate provided herein. Tags or labels left in the possession of persons registering the materials coming under this article, at the end of a calendar year, may be exchanged for tags or labels for the next succeeding year.

Any manufacturer, importer, jobber, firm, corporation or person who distributes materials coming under this article in this state may make application for a permit to report the materials sold and pay the tonnage fees as set forth in subsection (b) of this section, as the basis of said report, in lieu of affixing inspection tags or labels. The commissioner of agriculture may, in his discretion, grant such permit. The issuance of all permits will be conditioned on the applicant's satisfying the commissioner that he has a good bookkeeping system and keeps such records as may be necessary to indicate accurately the tonnage of liming materials, etc., sold in the state and as are satisfactory to the commissioner of agriculture, and granting the commissioner, or his duly authorized representative, permission to examine such records and verify the statement. The report shall be quarterly and the tonnage fees shall be due and payable quarterly, on or before the tenth day of January, April, July, and October of each year, covering the tonnage of liming materials, etc., sold during the preceding quarter. The report shall be under oath and on forms furnished by the commissioner. If the report is not filed and the tonnage fees paid by the tenth day following the date due or if the report be false, the commissioner may revoke the permit, and if the tonnage fees be unpaid after a fifteen day grace period, the amount shall bear a penalty of ten per cent which shall be added to the tonnage fees due and shall constitute a debt and become the basis of judgment against the securities or bonds which may be required. In order to guarantee faithful performance with the provisions of this paragraph each manufacturer, importer, jobber, firm, corporation or person shall, before being granted a permit to use the reporting system, deposit with the commission cash in the amount of two hundred fifty dollars ($250) or securities acceptable to the commissioner of a value of at least two hundred fifty dollars ($250) or shall post with the commissioner a surety bond in like amount, executed by some corporate surety company authorized to do business in North Carolina. The commissioner shall approve all such securities and bonds before acceptance.

(1949, c. 828.)

Editor's Note.—The 1949 amendment added the second paragraph of subsection (c). As the other subsections were not affected by the amendment they are not set out.

Art. 9. Commercial Feeding Stuffs.

Packages to be marked with statement of specified particulars; methods of analysis. —Every lot or parcel of concentrated commercial feeding stuff sold, offered or exposed for sale within this state shall have affixed thereto or printed thereon, in a conspicuous place on the outside thereof, a legible and plainly printed statement in the English language clearly and truly certifying the weight of the package; the name, brand, or trade-mark under which the article is sold; the name and address of the manufacturer, jobber, or importer; the names of each and all ingredients of which the article is composed; a guarantee that the contents are pure and unadulterated, and a statement of the maximum percentage it contains of crude fiber, and the percentage of crude fat, and the percentage of crude protein, and the percentage of carbohydrates: Provided, that minerals and other materials not valuable for their protein and fat content shall be labeled in accordance with rules and regulations promulgated by the state board of agriculture. The methods of analysis shall be those adopted as official by the board of agriculture and shall conform to the methods prescribed by the Association of Official Agricultural Chemists. In the absence of methods prescribed by said association, the commissioner shall prescribe the methods of analysis. (1909, c. 149, s. 1; 1949, c. 638, s. 1; C. S. 4724.)

Editor's Note.—The 1949 amendment struck out the lat-

ter part of the former section and inserted in lieu thereof the proviso and the last two sentences.

§ 106-95. Concentrated commercial feeding stuffs defined.—The term "commercial feeding stuffs" shall be held to include the so-called mineral feeds and all feeds used for livestock, domestic animals and poultry, except cottonseed hulls, whole unground hays, straws and corn stover, when the same are not mixed with other materials, nor shall it apply to whole unmixed, unground and uncrushed grains or seeds when not mixed with other materials. (1909, c. 149, s. 2; 1939, c. 354, s. 1; 1949, c. 638, s. 2; C. S. 4726.)

Editor's Note.—The 1949 amendment rewrote this section.

§ 106-99. Inspection tax on feeding stuffs; tax tags; reporting system.

Any manufacturer, importer, jobber, firm, corporation or person who distributes concentrated commercial feeding stuffs in this state may make application to the commissioner of agriculture for a permit to report the tonnage of feeding stuffs sold and pay the inspection tax of twenty-five cents (25c) per ton as hereinbefore mentioned, as the basis of said report, in lieu of affixing or furnishing inspection fee tags or stamps. The commissioner of agriculture may, in his discretion, grant such permit. The issuance of all permits will be conditioned on the applicant's satisfying the commissioner that he has a good bookkeeping system and keeps such records as may be necessary to indicate accurately the tonnage of feeding stuffs sold in the state and as are satisfactory to the commissioner of agriculture, and granting the commissioner, or his duly authorized representative, permission to examine such records and verify the tonnage statement. The tonnage report shall be monthly and the inspection fee shall be due and payable monthly, on the tenth of each month, covering the tonnage and kind of commercial feeding stuffs sold during the past month. The report shall be under oath and on forms furnished by the commissioner. If the report is not filed and the inspection fee paid by the tenth day following the date due or if the report of tonnage be false, the commissioner may revoke the permit, and if the inspection fee be unpaid after a fifteen day grace period, the amount shall bear a penalty of ten per cent (10%) which shall be added to the inspection fee due and shall constitute a debt and become the basis of judgment against the securities or bonds which may be required. In order to guarantee faithful performance with the provisions of this paragraph each manufacturer, importer, jobber, firm, corporation or person shall, before being granted a permit to use the reporting system, deposit with the commissioner cash in the amount of one thousand dollars ($1000.00) or securities acceptable to the commissioner of a value of at least one thousand dollars ($1000.00) or shall post with the commissioner a surety bond in like amount, executed by some corporate surety company authorized to do business in North Carolina. The commissioner shall approve all such securities and bonds before acceptance. (1909, c. 149, s. 6; 1939, c. 286; 1949, c. 638, s. 3; C. S. 4730.)

Editor's Note.—The 1949 amendment added the above paragraph relating to reporting system at the end of this section. As the rest of the section was not changed by the amendment it is not set out.

Art. 12. Food, Drugs and Cosmetics.

§ 106-134. Drugs deemed misbranded.

(k) If (1) it is a drug sold at retail and contains any quantity of amidopyrine, barbituric acid, cinchophen, dinitrophenol, sulfanilamide, pituitary, thyroid, or their derivatives, or (2) it is a drug or device sold at retail and its label bears a statement that it is to be dispensed or sold only by or on the prescription of a physician, dentist or veterinarian; unless it is sold on a written prescription signed by a member of the medical, dental, or veterinary profession who is licensed by law to administer such drug or device, and its label bears the name and place of business of the seller, the serial number and date of such prescription, and the name of such member of the medical, dental or veterinary profession. Such prescription shall not be refilled except on the specific authorization of the prescribing physician, dentist or veterinarian.

Nothing in this subsection shall apply to a compound, mixture, or preparation containing salts or derivatives of barbituric acid which is sold in good faith for the purpose for which it is intended and not for the purpose of evading the provisions of this subsection if

(1) Such compound, mixture, or preparation contains a sufficient quantity of another drug or drugs, in addition to such salts or derivatives, to cause it to produce an action other than its hypnotic or somnifacient action; or

(2) Such compound, mixture, or preparation is intended for use as a spray or gargle or for external application and contains, in addition to such salts or derivatives, some other drug or drugs rendering it unfit for internal administration.

(1949, c. 370.)

Editor's Note.—The 1949 amendment rewrote subsection (k). As the rest of the section was not affected by the amendment it is not set out.

Art. 13. Canned Dog Foods.

§ 106-150. Annual registration fee; inspection tax; stamps; reporting system.—Upon registration of each brand or kind of dog food, the manufacturer, agent or distributor thereof shall pay to the commissioner of agriculture an annual registration fee of five dollars ($5.00) payable at the time of registration, and thereafter on or before the last day of December of each year. Furthermore, each such manufacturer, agent or distributor shall pay to the commissioner of agriculture an inspection tax at the rate of two cents for each carton of forty-eight cans and shall affix to each such carton a stamp to be furnished by the commissioner of agriculture stating that all charges specified in this section have been paid. Said stamps shall be redeemed by the department issuing said stamps, upon surrender of same, accompanied by an affidavit that the same have not been used: Provided, said stamps shall be returned for redemption within the time fixed by the board of agriculture.

Any manufacturer, importer, jobber, firm, corporation or person who distributes canned dog food in this state may make application for a permit to report the quantity of canned dog food sold and pay the inspection tax at the rate of two (2) cents for each carton of forty-eight cans as hereinbefore mentioned, as the basis of said report, in lieu of affixing inspection stamps. The commissioner of agriculture may, in his discretion, grant

such permit. The issuance of all permits will be conditioned on the applicant's satisfying the commissioner that he has a good bookkeeping system and keeps such records as may be necessary to indicate accurately the quantity of canned dog food sold in the state and as are satisfactory to the commissioner of agriculture, and granting the commissioner, or his duly authorized representative, permission to examine such records and verify the statement. The report shall be quarterly and the inspection fee shall be due and payable quarterly, on or before the tenth day of January, April, July, and October of each year, covering the quantity of canned dog food sold during the preceding quarter. The report shall be under oath and on forms furnished by the commissioner. If the report is not filed and the inspection fee paid by the tenth day following the date due or if the report be false, the commissioner may revoke the permit, and if the inspection fee be unpaid after a fifteen day grace period, the amount shall bear a penalty of ten per cent which shall be added to the inspection fee due and shall constitute a debt and become the basis of judgment against the securities or bonds which may be required. In order to guarantee faithful performance with the provisions of this paragraph each manufacturer, importer, jobber, firm, corporation or person shall, before being granted a permit to use the reporting system, deposit with the commissioner cash in the amount of two hundred fifty dollars ($250) or securities acceptable to the commissioner of a value of at least two hundred fifty dollars ($250) or shall post with the commissioner a surety bond in like amount, executed by some corporate surety company authorized to do business in North Carolina. § 106-266.1. Requirements to be complied with by out-of-state shippers of milk or cream.—No person, firm, association or corporation shall ship, transport, carry, send or bring into this state any milk or cream for fluid distribution without first having applied for and obtained from the commissioner of agriculture of this state a permit authorizing such transaction, shipment or transportation. In order to defray the expenses of the enforcement of this article, the commissioner of agriculture shall collect a fee of twenty-five dollars ($25.00) for the issuance of such permit. The board of agriculture is authorized and empowered to establish, determine, fix and promulgate rules and regulations containing all necessary defini-

tions, conditions, standards and classifications of the type, kind, quality, conditions of production, sanitary conditions and other reasonable requirements that must be complied with before milk or cream is shipped, transported, carried or brought into this state, including compliance with the Milk Audit Law of this state. Before any person, firm, association or corporation ships, transports, brings, sends or carries any milk or cream into this state, advance notice of such shipment or transportation shall be given to the commissioner of agriculture of this state and contain such information as the board of agriculture shall prescribe by rules and regulations. The commissioner of agriculture is authorized to suspend, immediately upon notice to a permit holder, any permit issued under authority of this section if it is found by him that any of the conditions of the permit or any of the rules, regulations and laws have been violated. The holder of a permit so suspended shall be privileged at any time to apply for the reinstatement of such permit, and the commissioner of agriculture shall, immediately after prompt hearing and such other examinations or inspections as he deems proper, reinstate such permit if it is found that adequate measures have been taken to comply with and maintain the conditions of the permit, as originally issued or as amended. Any permit issued by the commissioner of agriculture under the authority of this section may be revoked after an opportunity for a hearing by the commissioner of agriculture, upon the violation by the holder of the permit or any of the terms, conditions, rules and regulations issued and promulgated by authority of this section. All milk or cream shipped, transported, carried, sent or brought into this state shall be sold to, consigned to, delivered to, be transported, sent or carried only to a person, firm, association or corporation or to a milk distributor in this state holding or possessing an unrevoked permit from the commissioner of agriculture authorizing the receiving or importation of such milk or cream. All unrevoked permits issued under the authority of this section shall become null and void after the expiration of December 31st of each year.

In order that a sufficient supply of milk or cream shall always be available for the inhabitants of the state the commissioner of agriculture may issue to approved permit holders, or to non-permit holders, temporary emergency permits for limited periods or limited quantities of milk or cream and may restrict such permits to a limited area in accordance with such regulations as the commissioner of agriculture may prescribe for each temporary permit. (1949, c. 822.)

§ 106-266.2. Requirements and standards for distributors in this state distributing imported milk or cream.—No person, firm, association or corporation shall import, transport into, receive, bring into or cause to be imported or to be sent into this state from another state for the purpose of sale, for the purpose of offering for sale, for the purpose of distribution any milk or cream unless such person, firm, association or corporation has obtained a permit from the commissioner of agriculture for such purpose. All permits issued under the authority of this section shall be issued after the payment of a fee of twenty-five dollars ($25.00) to the commissioner of agriculture. The permits issued hereunder shall be conditioned upon compliance by the applicant or holder with the rules and regulations and laws of North Carolina governing milk or cream and such other definitions and standards as may be established and promulgated by the board of agriculture. The commissioner of agriculture is authorized to suspend, immediately upon due notice, any permit issued under authority of this section if it is found by the commissioner that any of the conditions of the permit have been violated. The holder of a permit so suspended shall be privileged at any time to apply for the reinstatement of such permit, and the commissioner of agriculture shall, immediately after prompt hearing, reinstate such permit if it is found that adequate measures have been taken to comply with and maintain the conditions of the permit as originally issued, or as amended. The permits issued hereunder may be revoked after due notice and an opportunity for hearing by the commissioner of agriculture upon a finding at such hearing of any violation of any of the conditions, terms or requirements established and promulgated by the board of agriculture or of any of the laws of the state governing milk or cream, including but not by way of limitation, the Milk Audit Law and other dairy laws of the state. It shall be the duty of the commissioner of agriculture to issue and enforce a written or printed "Stop sale, use or removal" order to the owner or custodian of any quantity of milk or cream imported, transported, or brought into this state and to hold the same at a designated place when the commissioner of agriculture finds that said milk or cream does not meet the requirements of the provisions of this article or the rules and regulations promulgated thereunder, until the law has been complied with and said milk or cream is released in writing by the commissioner of agriculture or said violation has been otherwise legally disposed of by written authority or by written order by the commissioner of agriculture directing the owner or custodian to remove the milk or cream from the state. The commissioner of agriculture shall release the milk or cream so withdrawn from sale when the requirements of the provisions of this article and the rules and regulations promulgated thereunder have been complied with and upon payment by the out-of-state shipper of all costs and expenses incurred in connection with the withdrawal. All unrevoked permits issued under the authority of this section shall become null and void after the expiration of December 31st of each year. All authority vested in the commissioner of agriculture by virtue of the provisions of this article may, with like force and effect, be executed by such employees and agents of the commissioner of agriculture as may, from time to time, be designated by him for such purpose. The commissioner of agriculture or his duly authorized agent shall have free access at all reasonable hours to any dairy, milk processing plant, distributing plant or any establishment, depot, tank, truck or vehicle which contains milk for the purpose of inspecting any milk or cream, containers, or any other establishment or device pertaining to the transportation, the distribution, bottling or storage of milk or cream for the purpose of determining whether any of the provisions of this article or of the rules and regulations promulgated thereunder have been violated, and the commissioner of agriculture may secure samples of

specimens of any such milk or cream after paying or offering to pay for such sample.

In order that a sufficient supply of milk or cream shall always be available for the inhabitants of the state the commissioner of agriculture may issue to permit holders, or non-permit holders upon payment of a permit fee of twenty-five dollars ($25.00), temporary emergency permits for limited periods or limited quantities of milk or cream and may restrict such permits to a limited area or to a particular city or to a particular market or markets in accordance with such regulations as the commissioner of agriculture may prescribe for each temporary permit. (1949, c. 822.)

§ 106-266.3. Power to make rules and regulations.—The board of agriculture is authorized to make such regulations not in conflict with this article as shall be necessary to make the provisions of this article effective and insure the proper enforcement of same, and a violation of such regulations shall be deemed a violation of this article. (1949, c. 822.)

§ 106-266.4. Penalty for violation.—Any person, firm, association or corporation found guilty by a competent court of violating any of the provisions of this article shall be guilty of a misdemeanor and upon plea of guilty or conviction shall be fined not to exceed fifty dollars ($50.00) for the first offense and for each subsequent offense shall be fined or imprisoned in the discretion of the court. (1949, c. 822.)

§ 106-266.5. Exemption clause.—The provisions of this article shall not be construed as extending to or applying to evaporated milk, powdered whole milk, powdered skimmed milk, or cream used for manufacturing purposes. Out-of-state dairy farms producing milk for North Carolina plants under a permit from, and in accordance with the local health regulations of the county or city to which milk is being delivered, may be exempted from the provisions of this article at the discretion of the commissioner of agriculture. (1949, c. 822.)

"Certified" sweet potatoes and Irish potatoes and parts thereof for propagation uses shall mean sweet potatoes and Irish potatoes and parts thereof which conform to the standards adopted by the state board of agriculture, which shall conform to the standards fixed by the International Crop Improvement Association in classifying and determining what shall constitute "certified" potatoes for propagation uses.

The fee charged in such cases by the rabies inspector shall not exceed one dollar ($1.00) per animal, to be fixed by the board of county commissioners. (1935, c. 122, s. 10, c. 344; 1941, c. 259, s. 8; 1949, c. 645, s. 6.)

Local Modification.—Session Laws 1949, cc. 529, 1226, struck out the words "Edgecombe" and "Nash" in Public Laws 1941, c. 259, s. 8, so as to make this section applicable to such counties.

Editor's Note.—The 1949 amendment struck out of the second sentence the words "seventy-five cents per animal" and inserted in lieu thereof the words and figures "one dollar ($1.00) per animal, to be fixed by the board of county commissioners."

§ 106-375. Quarantine of districts infected with rabies.—The county health officer, and in those counties where health officers are not employed, the board of county commissioners, may declare quarantine against rabies in any designated district when in its judgment this disease exists to the extent that the lives of persons are endan-

gered and all dogs in said district shall be confined on the premises of the owner or in a veterinary hospital: Provided, a dog may be permitted to leave the premises of the owner if on leash or under the control of its owner or other responsible person. (1935, c. 122, s. 12; 1941, c. 259, s. 9; 1949, c. 645, s. 3.)

Editor's Note.—The 1949 amendment inserted the words "and in those counties where health officers are not employed, the board of county commissioners."

§ 106-383. Regulation of content of vaccine; doses.—Rabies vaccine intended for use on dogs and other animals shall not be shipped or otherwise brought into North Carolina, used, sold or offered for sale unless said rabies vaccine shall be approved by the United States bureau of animal industry and be non-virulent and potent as shown by the required tests of the United States bureau of animal industry. Said rabies vaccine shall be recommended in doses of not less than five (5) c. c. each for dogs and other small animals; relatively larger doses being recommended for larger animals. (1935, c. 122, s. 20; 1949, c. 645, s. 4.)

Editor's Note.—The 1949 amendment struck out the words "contain not less than twenty per cent (20%) of fixed virus material" and inserted in lieu thereof the words "be approved by the United States bureau of animal industry."

Part 8. Bang's Disease.

§ 106-389. "Bang's disease" defined; co-operation with the federal department of agriculture.—Bang's disease shall mean the disease wherein an animal is infected with the Bang's bacillus, irrespective of the occurrence or absence of an abortion. An animal shall be declared infected with Bang's disease if it reacts to a serological test, or, if the Bang's bacillus has been found in the body or its secretions or discharges. The state veterinarian is hereby authorized and empowered to set up a program for the vaccination of calves between the ages of four and eight months, and older cattle, with strain nineteen Brucella vaccine in accordance with the recommendations of the United States bureau of animal industry. Such vaccination shall be done under rules and regulations promulgated by the department of agriculture. The committee of agriculture may permit the sale of valuable animals that have reacted to an official Bang's test or are suspicious to same, provided such animals go direct to infected herds that have been vaccinated with strain nineteen Brucella vaccine, as provided for in this section, and are held under quarantine in accordance with the law and regulations covering. Such vaccinated animals shall be permanently identified by tattooing or other methods approved by the committee of agriculture and no indemnity shall be paid on any such vaccinated animal. It shall be the duty of the state veterinarian to test all animals vaccinated with strain nineteen Brucella vaccine twelve months after the date of vaccination and regularly thereafter. All such vaccinated animals that show a positive reaction to an official Bang's test eighteen months or more after vaccination shall be considered as affected with Bang's disease and shall be branded with the letter "B" in accordance with the law covering. It shall be unlawful to sell, offer for sale, distribute or use strain nineteen Brucella vaccine or any other product containing living Bang's organisms, except as provided for in this section.

The control and eradication of Bang's disease in the herds of the state shall be conducted as far as funds of the department of agriculture will permit, and in accordance with the rules and regulations made by the said department. Said department of agriculture is hereby authorized to co-operate with the United States department of agriculture in the control and eradication of Bang's disease. (1937, c. 175, s. 2; 1945, c. 462, s. 1.)

Editor's Note.—The 1945 amendment omitted the words "or if it has been treated with a live culture of the Bang bacillus," formerly appearing at the end of the second sentence, and inserted the part of the first paragraph beginning with the third sentence.

§ 106-390. Blood samples; diseased animals to be branded and quarantined; sale, etc.—All blood samples for a Bang's disease test shall be drawn by a qualified veterinarian whose duty it shall be to brand all animals affected with Bang's disease with the letter "B" on the left hip or jaw, not less than three or more than four inches high, and to tag such animals with an approved cattle ear tag and to report same to the state veterinarian. Cattle affected with Bang's disease shall be quarantined on the owner's premises. No animal affected with Bang's disease shall be sold, traded or otherwise disposed of except for immediate slaughter, and it shall be the duty of the person disposing of such infected animals to see that they are promptly slaughtered and a written report of same is made to the state veterinarian. All dairy and breeding cattle over six months of age offered or sold at public sale, except for immediate slaughter, shall be negative to a Bang's test made within thirty days prior to sale and approved by the state veterinarian. (1937, c. 175, s. 3; 1945, c. 462, s. 2.)

Editor's Note.—The 1945 amendment added the last sentence. The amendatory act directed that the sentence be added to § 106-389 but it seems clear that this section was intended.

The sales of all livestock at livestock auction markets shall start promptly at 1:00 P. M. on each sales day and the selling of livestock shall be continuous until all livestock is sold. (1941, c. 263, s. 3; 1949, c. 997, s. 1.)

Editor's Note.—The 1949 amendment added the above paragraph at the end of this section. As the rest of the section was not affected by the amendment it is not set out.

§ 106-409. Health certificates for cattle removed for nonslaughter purposes; identification; information form; bill of sale.—No cattle except those for immediate slaughter shall be removed from any public livestock market unless they are accompanied by a health certificate issued by a qualified veterinarian, said veterinarian to be approved or provided by the commissioner of agriculture, showing that such animals are apparently healthy and come directly from a herd all of which animals in the herd have passed a negative test for Bang's disease within twelve months prior to the date of sale, or that said animal or animals have passed a satisfactory test for Bang's disease

made within thirty days prior to sale and such other tests and vaccinations as the commissioner of agriculture may require.

(1949, c. 997, s. 2.)

Editor's Note.—The 1949 amendment inserted the words "or provided" in line six of the first sentence. As only this sentence was changed the rest of the section is not set out.

§ 106-410. Health certificates for swine removed for nonslaughter purposes; identification; information form; bill of sale.—No swine, except those for immediate slaughter, shall be removed from any public livestock market unless they are accompanied by a health certificate issued by a qualified veterinarian, said veterinarian to be approved or provided by the commissioner of agriculture, showing that such animals are apparently healthy and that they have received a proper dose of anti-hog cholera serum not more than twenty-one days or a proper dose of serum and virus not less than thirty days prior to the date of sale, and such other vaccinations as may be required by the commissioner of agriculture. All such swine shall be identified by an approved, numbered ear tag and descriptions which shall be entered on the health certificate. A copy of said certificate shall be kept on file by the market. All swine removed from any public livestock market for immediate slaughter shall be identified by a distinguishing paint mark or by other methods approved by the commissioner of agriculture and the person removing same shall sign a form in duplicate showing number of hogs, their description, where same are to be slaughtered or resold for slaughter. Said swine shall be resold only to a recognized slaughter plant or the agent of same, or to a person, firm or corporation that handles swine for immediate slaughter only and said swine shall be used for immediate slaughter only. No market operator shall allow the removal of any swine from a market in violation of this section.

Provided, however, that the commissioner of agriculture may permit swine to be shipped out of the state of North Carolina, without vaccination and under the same conditions as if said swine were being delivered for immediate slaughter, for immediate delivery to holding or feeding lots in any other state when he determines that said holding or feeding lots are being operated in compliance with the laws of said state and the rules and regulations promulgated thereunder. (1941, c. 263, s. 5; 1943, c. 724, s. 3; 1949, c. 997, ss. 3, 4.)

Editor's Note.—The 1949 amendment inserted the words "or provided" in line six of the first paragraph, and added the second paragraph.

§ 106-411. Regulation of use of livestock removed from market; swine shipped out of state.—Any person or persons who shall remove from a public livestock market any cattle, swine, or other livestock for immediate slaughter shall use them for immediate slaughter only or resale for slaughter in accordance with this article and the regulations issued in accordance with same. The owner of said animals shall be charged with the responsibility of having said animals slaughtered and shall be liable for all damages resulting from diverting them to other uses or failing to have them slaughtered, in addition to the criminal liability imposed in this article.

Provided this section shall not apply to swine shipped out of this state to holding or feeding lots as provided for in G. S. § 106-410. (1941, c. 263, s. 6; 1943, c. 724, s. 4; 1949, c. 997, s. 5.)

Editor's Note.—The 1949 amendment added the second paragraph.

§ 106-413. Sale, etc., of certain diseased animals prohibited; application of article; sales by farmers.

Editor's Note.—
The word "identication" in the tenth line of this section should read "identification."

§ 106-415. Fees for permits; term of permits; cost of tests, serums, etc.—The commissioner of agriculture is hereby authorized to collect a fee of one hundred dollars ($100.00) for each permit issued to a public livestock market under the provisions of this article. The fees provided for in this article shall be used exclusively for the enforcement of this article. All permits issued under the provisions of this article shall be effective until the following July first unless cancelled for cause. The cost of all tests, serums, vaccine, and other medical supplies necessary for the enforcement of this article and the protection of livestock against contagious and infectious diseases shall be paid for by the owner of said livestock and said cost shall constitute a lien against all of said animals. (1941, c. 263, s. 10; 1949, c. 997, s. 6.)

Editor's Note.—The 1949 amendment increased the fee from $25.00 to $100.00.

Art. 38. Marketing Cotton and Other Agricultural Commodities.

§ 106-451. Numbering of cotton bales by public ginneries; public gin defined.—Any person, firm or corporation operating any public cotton gin; that is, any cotton gin other than one ginning solely for the individual owner, owners, or operators thereof, shall hereafter be required to distinctly and clearly number, serially, each and every bale of cotton ginned, in one of the following ways: (1) attach a metal strip carrying the serial number to one of the ties of the bale and ahead of the tie lock, and so secure it that ordinary handling will not remove or disfigure the number; (2) impress the serial number upon one of the bands or ties around the bale. Any person, firm or corporation failing or refusing to comply with this section shall be guilty of a misdemeanor for each and every offense, and upon conviction shall be fined not exceeding fifty dollars or imprisoned not more than thirty days.

Any person, firm or corporation buying a bale of cotton on which this number has: (1) been removed; (2) defaced by cutting; (3) or otherwise altered, unless a new metal strip is attached and impression made by the original gin ginning said bale or bales of cotton, shall be guilty of a misdemeanor for each and every offense and upon conviction shall be fined not exceeding fifty dollars ($50.00) or imprisoned not more than thirty (30) days.

Every public ginnery, as defined in the first paragraph of this section, shall keep a book in which shall be registered all cotton received at the gin to be ginned in the name of the owner of the cotton and the name of the person from whom the cotton is received for ginning. Any person giving false information for entry in this book shall be guilty of a misdemeanor. There shall be furnished by the ginner for each bale of cotton ginned, to the owner thereof, a gin ticket bearing the name

of the gin, the serial number of the bale prescribed by the first paragraph of this section, the weight of the bale and the name of the owner of the cotton. Such gin ticket shall be presented, for comparison with the serial number prescribed in the first paragraph of this section, at the time such bale is sold or offered for sale, as prima facie evidence of ownership thereof. (1923, c. 167; 1949, c. 824.)

Editor's Note.—The 1949 amendment deleted "(1) mark in color upon the bagging of the bale, in figures", formerly appearing in the first paragraph, and renumbered former (2) and (3) to be (1) and (2), respectively. It also added the second and third paragraphs.

Any person violating the provisions of this section shall be guilty of a misdemeanor and shall, upon conviction, be fined or imprisoned in the discretion of the court: Provided, any person, firm or corporation who purchases cotton which has been ginned outside this state shall be required to keep only so much of the records herein above specified as purchasers are required to keep by the law of the state where said cotton was ginned. (1945, c. 61; 1947, c. 977.)

Editor's Note.—The 1947 amendment added the proviso.

Therefore, the counties named are no longer exempted from the provisions of said sections.

§ 106-551. Federal Agricultural Marketing Act.—The passage by the Seventy-ninth Congress of a law designated as Public Law 733, and more particularly Title II of that act, cited as "Agricultural Marketing Act of 1946", makes it all the more important for producers, handlers, processors and others of specific agricultural commodities to associate themselves in action programs, separately and with public and private agencies, to obtain the greatest and most immediate benefits under the provisions of such law, in respect

to research, studies and problems of marketing, transportation and distribution. (1947, c. 1018, s. 2.)

§ 106-552. Associations, activity, etc., deemed not in restraint of trade.—No association, meeting or activity undertaken in pursuance of the provisions of this article and intended to benefit all of the producers, handlers and processors of a particular commodity shall be deemed or considered illegal or in restraint of trade. (1947, c. 1018, s. 3.)

§ 106-553. Policy as to referenda, assessments, etc., for promoting use and sale of farm products.—It is hereby further declared to be in the public interest and highly advantageous to the agricultural economy of the state that farmers, producers and growers commercially producing the commodities herein referred to shall be permitted by referendum to be held among the respective groups and subject to the provisions of this article, to levy upon themselves an assessment on such respective commodities or upon the acreage used in the production of the same and provide for the collection of the same, for the purpose of financing or contributing towards the financing of a program of advertising and other methods designed to increase the consumption of and the domestic as well as foreign markets for such agricultural products. (1947, c. 1018, s. 4.)

§ 106-554. Application to board of agriculture for authorization of referendum.—Any existing commission, council, board or other agency fairly representative of the growers and producers of any agricultural commodity herein referred to, and any such commission, council, board or other agency hereafter created for and fairly representative of the growers or producers of any such agricultural commodity herein referred to, may at any time after the passage and ratification of this article make application to the board of agriculture of the state of North Carolina for certification and approval for the purpose of conducting a referendum among the growers or producers of such particular agricultural commodity, for commercial purposes, upon the question of levying an assessment under the provisions of this article, collecting and utilizing the same for the purposes stated in such referendum. (1947, c. 1018, s. 5.)

§ 106-555. Action by board on application.—Upon the filing with the board of agriculture of such application on the part of any commission, council, board or other agency, the said board of agriculture shall within thirty days thereafter meet and consider such application; and if upon such consideration the said board of agriculture shall find that the commission, council, board or other agency making such application is fairly representative of and has been duly chosen and delegated as representative of the growers producing such commodity, and shall otherwise find and determine that such application is in conformity with the provisions of this article and the purposes herein stated, then and in such an event it shall be the duty of the board of agriculture to certify such commission, council, board or other agency as the duly delegated and authorized group or agency representative of the commercial growers and producers of such agricultural commodity, and shall likewise certify that such agency is duly authorized to conduct among the growers and producers of such commodity a referendum for the purposes herein stated. (1947, c. 1018, s. 6.)

§ 106-556. Conduct of referendum among growers and producers on question of assessments.—Upon being so certified by the said board of agriculture in the manner hereinbefore set forth, such commission, council, board or other agency shall thereupon be fully authorized and empowered to hold and conduct on the part of the producers and growers of such particular agricultural commodity a referendum on the question of whether or not such growers and producers shall levy upon themselves an assessment under and subject to and for the purposes stated in this article. Such referendum may be conducted either on a state-wide or area basis. (1947, c. 1018, s. 7.)

§ 106-557. Notice of referendum; statement of amount, basis and purpose of assessment; maximum assessment.—With respect to any referendum conducted under the provisions of this article, the duly certified commission, council, board or other agency shall, before calling and announcing such referendum, fix, determine and publicly announce at least sixty days before the date determined upon for such referendum, the date, hours and polling places for voting in such referendum, the amount and basis of the assessment proposed to be collected, the means by which such assessment shall be collected if authorized by the growers, and the general purposes to which said amount so collected shall be applied; no annual assessment levied under the provisions of this article shall exceed one-half of one per cent of the value of the year's production of such agricultural commodity grown by any farmer, producer or grower included in the group to which such referendum is submitted. (1947, c. 1018, s. 8.)

§ 106-558. Management of referendum; expenses.—The arrangements for and management of any referendum conducted under the provisions of this article shall be under the direction of the commission, council, board or other agency duly certified and authorized to conduct the same, and any and all expenses in connection therewith shall be borne by such commission, council, board or other agency. (1947, c. 1018, s. 9.)

§ 106-559. Basis of referendum; eligibility for participation; question submitted.—Any referendum conducted under the provisions of this article may be held either on an area or state-wide basis, as may be determined by the certified agency before such referendum is called; and such referendum, either on an area or state-wide basis, may be participated in by all farmers engaged in the production of such agricultural commodity on a commercial basis, including owners of farms on which such commodity is produced, tenants and share-croppers. In such referendum, such individuals so eligible for participation shall vote upon the question of whether or not there shall be levied an annual assessment for a period of three years in the amount set forth in the call for such referendum on the agricultural product covered by such referendum. (1947, c. 1018, s. 10.)

§ 106-560. Effect of more than one-third vote against assessment.—If in such referendum with respect to any agricultural commodity herein referred to more than one-third of the farmers and

producers in the area in which such referendum is conducted, eligible to participate and voting therein shall vote in the negative and against the levying or collection of such assessment, then in such an event no assessment shall be levied or collected. (1947, c. 1018, s. 11.)

§ 106-561. Effect of two-thirds vote for assessment.—If in such referendum called under the provisions of this article two-thirds or more of the farmers or producers in the area in which such referendum is conducted, eligible to participate and voting therein shall vote in the affirmative and in favor of the levying and collection of such assessment proposed in such referendum on the agricultural commodity covered thereby, then such assessment shall be collected in the manner determined and announced by the agency conducting such referendum. (1947, c. 1018, s. 12.)

§ 106-562. Regulations as to referendum; notice to farm organizations and county agents.—The hours, voting places, rules and regulations and the area within which such referendum herein authorized with respect to any of the agricultural commodities herein referred to shall be established and determined by the agency of the commercial growers and producers of such agricultural commodity duly certified by the board of agriculture as hereinbefore provided; the said referendum date, area, hours, voting places, rules and regulations with respect to the holding of such referendum shall be published by such agency conducting the same through the medium of the public press in the state of North Carolina at least sixty days before the holding of such referendum, and direct written notice thereof shall likewise be given to all farm organizations within the state of North Carolina and to each county agent in any county in which such agricultural product is grown. Such notice shall likewise contain a statement of the amount of annual assessment proposed to be levied—which assessment in any event shall not exceed one-half of one per cent of the value of the year's production of such agricultural commodity grown by any farmer, producer or grower included in the group to which such referendum is submitted—and shall likewise state the method by which such assessment shall be collected and how the proceeds thereof shall be administered and the purposes to which the same shall be applied, which purposes shall be in keeping with the provisions of this article. (1947, c. 1018, s. 13.)

§ 106-563. Distribution of ballots; arrangements for holding referendum; declaration of results.—The duly certified agency of the producers of any agricultural product among whom a referendum shall be conducted under the provisions of this article shall likewise prepare and distribute in advance of such referendum all necessary ballots for the purposes thereof, and shall, under rules and regulations promulgated by said agency, arrange for the necessary poll holders for conducting the said referendum; and following such referendum; and within ten days thereafter the said agency shall canvass and publicly declare the result of such referendum. (1947, c. 1018, s. 14.)

§ 106-564. Collection of assessments; custody and use of funds.—In the event two-thirds or more of the farmers eligible for participation in such referendum and voting therein shall vote in favor of such assessment, then the said assessment shall be collected annually for the three years set forth in the call for such referendum, and the collection of such assessment shall be under such method, rules and regulations as may be determined by the agency conducting the same; and the said assessment so collected shall be paid into the treasury of the agency conducting such referendum, to be used together with other funds from other sources, including donations from individuals, concerns or corporations, and grants from state or governmental agencies, for the purpose of promoting and stimulating, by advertising and other methods, the increased use and sale, domestic and foreign, of the agricultural commodity covered by such referendum. (1947, c. 1018, s. 15.)

§ 106-565. Subsequent referendum. — In the event such referendum so to be conducted as herein provided shall not be supported by two-thirds or more of those eligible for participation therein and voting therein, then the duly certified agency conducting the said referendum shall have full power and authority to call another referendum for the purposes herein set forth in the next succeeding year, on the question of an annual assessment for three years. (1947, c. 1018, s. 16.)

§ 106-566. Referendum as to continuance of assessments approved at prior referendum.—In the event such referendum is carried by the votes of two-thirds or more of the eligible farmers participating therein and assessments in pursuance thereof are levied annually for the three years set forth in the call for such referendum, then the agency conducting such referendum shall in its discretion have full power and authority to call and conduct during the third year of such period another referendum in which the farmers and producers of such agricultural commodity shall vote upon the question of whether or not such assessments shall be continued for the next ensuing three years. (1947, c. 1018, s. 17.)

§ 106-567. Rights of farmers dissatisfied with assessments; time for demanding refund.—In the event such referendum is carried in the affirmative and the assessment is levied and collected as provided herein and under the regulations to be promulgated by the duly certified agency conducting the same, any farmer or producer upon and against whom such annual assessment shall have been levied and collected under the provisions of this article, if dissatisfied with said assessment and the results thereof, shall have the right to demand of and receive from the treasurer of said agency a refund of such annual assessment so collected from such farmer or producer, provided such demand for refund is made in writing within thirty days from the date on which said assessment is collected from such farmer or producer. (1947, c. 1018, s. 18.)

§ 106-568. Publication of financial statement by treasurer of agency; bond required.—In event of the levying and collection of assessments as herein provided, the treasurer of the agency conducting same shall within thirty days after the end of any calendar year in which such assessments are collected, publish through the medium of the press of the state a statement of the amount or amounts

so received and collected by him under the provisions of this article. Before collecting and receiving such assessments, such treasurer shall give a bond in the amount of at least the estimated total of such assessments as will be collected, such bond to have as surety thereon a surety company licensed to do business in the state of North Carolina, and to be in the form and amount approved by the agency conducting such referendum and to be filed with the chairman or executive head of such agency. (1947, c. 1018, s. 19.)

Art. 51. Inspection and Regulation of Sale of Antifreeze Substances and Preparations.

§ 106-569. Definitions.—When used in this article, unless the context or subject matter otherwise requires:

(a) The term or word "antifreeze" shall include all substances and preparations intended for use as the cooling medium, or to be added to the cooling liquid, in the cooling system of internal combustion engines to prevent freezing of the cooling liquid or to lower its freezing point.

(b) The term "person," as used in this article, shall be construed to mean both the singular and plural as the case demands, and shall include individuals, partnerships, corporations, companies and associations. (1949, c. 1165.)

§ 106-570. Adulteration; what constitutes.—An antifreeze shall be deemed to be adulterated:

(1) If it consists in whole or in part of any substance which will render it injurious to the cooling system of an internal combustion engine or will make the operation of the engine dangerous to the user.

(2) If its strength, quality, or purity falls below the standard of strength, quality, or purity under which it is sold.

(3) If it consists of, or is compounded with calcium chloride, magnesium chloride, sodium chloride, petroleum distillates or other chemicals or substances in quantities harmful to the cooling systems of internal combustion engines. (1949, c. 1165.)

§ 106-571. Misbranding; what constitutes.—An antifreeze shall be deemed to be misbranded:

(1) If its labeling is false or misleading in any particular.

(2) If in package form it does not bear a label containing the name and place of business of the manufacturer, packer, seller or distributor; and an accurate statement of quantity of the contents in terms of weight or measure, and they are not plainly and correctly stated on the outside of the package or container. (1949, c. 1165.)

§ 106-572. Inspection, analysis and permit for sale of antifreeze.—Before any antifreeze shall be sold, exposed for sale, or stored, packed or held with intent to sell within this state, a sample thereof must be inspected under the supervision of the state chemist in the department of agriculture, created by chapter 106 of the General Statutes. Upon application of the manufacturer, packer, seller or distributor and the payment of a license or inspection fee of twenty-five dollars ($25.00) for each brand or type of antifreeze submitted, the state chemist shall subject to inspection or analysis the antifreeze so submitted. If the antifreeze is not adulterated or misbranded, if it meets the standards established and promulgated by the North Carolina state board of agriculture, established by chapter 106 of the General Statutes, and if the said antifreeze is not such a type or kind that is in violation of this article, the commissioner of agriculture shall give the applicant a written license or permit authorizing the sale of such antifreeze in this state for the fiscal year in which the license or inspection fee is paid, which license or permit shall be subject to renewal annually. If the commissioner of agriculture shall, at a later date, find that the antifreeze product or substance to be sold, exposed for sale or held with intent to sell has been materially altered or adulterated, or a change has been made in the name, brand or trademark under which the antifreeze is sold, or that it violates the provisions of this article, the commissioner of agriculture shall notify the applicant and the license or permit shall be canceled forthwith. No license or permit for the sale of antifreeze in this state shall be issued until application has been made as provided by this article and such samples of the product as may be required by the state chemist to qualify it have been submitted and until the state chemist notifies the commissioner of agriculture that said antifreeze meets the requirement of this article. (1949, c. 1165.)

§ 106-573. Article to be administered by the commissioner of agriculture.—The commissioner of agriculture shall administer and enforce the provisions of this article by inspections, chemical analysis, or any other appropriate methods. All quantities or samples of antifreeze submitted for inspection or analysis shall be taken from stocks in this state or intended for sale in this state, or the commissioner of agriculture, through his agents, may call upon the manufacturer or distributor applying for an inspection of antifreeze to supply such sample thereof for analysis. The commissioner of agriculture, through his agents or inspectors, shall have free access during business hours to all places of business, buildings, vehicles, cars and vessels used in the manufacture, transportation, sale or storage of any antifreeze, and the commissioner of agriculture, acting through his agents, may open any box, carton, parcel, package or container holding or containing or supposed to contain any antifreeze and may take therefrom samples for analysis. If it appears that any of the provisions of this article have been violated, the commissioner of agriculture, acting through his authorized agents, inspectors or representatives, is hereby authorized to issue a "stop-sale" order which shall prohibit further sale of any antifreeze being sold, exposed for sale or held with intent to sell within this state in violation of this article, until the law has been complied with or said violation has otherwise been legally disposed of. Any antifreeze not in compliance with the provisions of this article shall be subject to seizure upon complaint of the commissioner of agriculture or any of his agents, inspectors or representatives to a court of competent jurisdiction in the area in which said antifreeze is located. In the event the court finds said antifreeze to be in violation of this article, it may order the condemnation of said antifreeze, and the same shall be disposed of in any manner consistent with the rules and regulations of the board of agriculture and the laws of the state: Provided, that in no instance

shall the disposition of said antifreeze be ordered by the court without first giving the claimant or owner of same an opportunity to apply to the court for the release of said antifreeze or for permission to process or relabel said antifreeze so as to bring it into compliance with this article. In case any "stop sale" order shall be issued under the provisions of this article, the agents, inspectors or representatives of the commissioner of agriculture shall release the antifreeze so withdrawn from sale when the requirements of the provisions of this article have been complied with and upon payment of all costs and expenses incurred in connection with the withdrawal. (1949, c. 1165.)

§ 106-574. Rules and regulations.—The board of agriculture shall have authority to establish and promulgate such rules and regulations and standards as are necessary to promptly and efficiently enforce the provisions of this article. The commissioner of agriculture shall administer this article and shall execute all orders, rules and regulations established by the board of agriculture. All authority vested in the commissioner of agriculture by virtue of the provisions of this article may, with like force and effect, be executed by such employees, agents, inspectors and representatives of the commissioner of agriculture as he may, from time to time, designate for such purpose. The commissioner of agriculture may publish or furnish, upon request, a list of the brands and classes or types of antifreeze inspected by the state chemist during the fiscal year which have been found to be in accord with this article and for which a license or permit for sale has been issued, and it shall be lawful for any manufacturer, packer, seller, or distributor of antifreeze to show, by advertising, in any manner, that his or its brand of antifreeze has been inspected, analyzed and licensed for sale by the commissioner of agriculture, acting through the state chemist. It shall be unlawful for any manufacturer, packer, seller, or distributor of antifreeze to advertise, in any manner, that such antifreeze so advertised for sale has been approved by the commissioner of agriculture. (1949, c. 1165.)

§ 106-575. Gasoline and oil inspectors may be designated as agents of the commissioner.—The commissioner of agriculture, with the approval of the commissioner of revenue, may designate any or all of the gasoline and oil inspectors appointed under article 3 of chapter 119 of the General Statutes as agents and representatives of the commissioner of agriculture for the purposes of administering and carrying out the duties imposed by this article. All or any gasoline and oil inspectors designated as agents of the commissioner of agriculture pursuant to this section shall have all of the power and authority that may be delegated to them by the commissioner of agriculture for the enforcement of this article; and when acting in the enforcement of this article, such gasoline and oil inspectors shall be deemed to be agents and representatives of the commissioner of agriculture. (1949, c. 1165.)

§ 106-576. Submission of formula or chemical contents of antifreeze to the commissioner.—When any manufacturer, packer, seller or distributor of antifreeze applies to the commissioner of agriculture for a license or permit to sell antifreeze in this state, the commissioner of agriculture may require such manufacturer, packer, seller or distributor to furnish the state chemist a statement of the formula or contents of such antifreeze, which said statement shall conform to rules and regulations established by the board of agriculture: Provided, that the statement or formula or contents need not include the inhibitor ingredients if such inhibitor ingredients total less than five percent (5%) by weight of the antifreeze and if in lieu thereof the manufacturer, packer, seller or distributor furnishes the state chemist with satisfactory evidence, other than by disclosure of the inhibitor ingredients, that the said antifreeze is in conformity with the provisions of § 106-570. All statements of contents, formulae or trade secrets furnished under this section shall be privileged and confidential and shall not be made public or open to the inspection of any person, firm, association or corporation other than the state chemist. All such statements of contents shall not be subject to subpoena nor shall the same be exhibited or disclosed before any administrative or judicial tribunal by virtue of any order or subpoena of such tribunal unless with the consent of the person, firm, association or corporation owning and/or furnishing to the state chemist such statement of contents. (1949, c. 1165.)

§ 106-577. Penalties for violation.—Any person, firm, association or corporation violating or failing to comply with any of the provisions of this article, or any rule, regulation or standard issued pursuant thereto, shall be deemed guilty of a misdemeanor, and upon plea of guilty or conviction shall be punished in the discretion of the court, and each day that any violation of this article shall exist shall be deemed to be a separate offense. Whenever the commissioner of agriculture or his agents or representatives shall discover that any antifreeze is being sold or has been sold in violation of this article, the commissioner of agriculture or his agent or representative may furnish the facts to the solicitor or prosecuting officer of the court having jurisdiction in the area in which such violation occurred, and it shall be the duty of such prosecuting officer or solicitor to promptly institute proper legal proceedings. (1949, c. 1165.)

§ 106-578. Appropriation for enforcement of article.—All license or permit fees provided for in this article shall be collected by the commissioner of agriculture, deposited in the department of agriculture fund, of which the state treasurer is custodian, and shall be expended for the administration and enforcement of this article. The commissioner of agriculture is hereby authorized to employ such number of agents, clerks and experts as may be necessary to administer and effectively enforce all of the provisions of this article. There shall, from time to time, be allotted by the budget bureau from the inspection fees collected under G. S. § 119-18 such sums as may be necessary to administer and effectively enforce the provisions of this article. (1949, c. 1165.)

§ 106-579. Copy of analysis in evidence.—A copy of the analysis made by any chemist of the department of agriculture of antifreeze certified to by him shall be admitted as evidence in any court of the state on trial of any issue involving the merits of antifreeze as defined and covered by this article. (1949, c. 1165.)

Chapter 108. Board of Public Welfare.

Art. 1. State Board of Public Welfare.

§ 108-1. Appointment, term of office, and compensation.—There shall be appointed by the governor seven members who shall be styled "The State Board of Public Welfare," and at least one of such persons shall be a woman.

(1945, c. 43, s. 1.)

Editor's Note.—
The 1945 amendment changed the name of the state board of charities and public welfare to the state board of public welfare. As only the first sentence was affected by the amendment, the rest of the section is not set out.

Session Laws 1945, c. 43, s. 4 changed the title of the chapter from "Board of Charities" to "Board of Public Welfare."

§ 108-1.1. Change of name in statutes and regulations relating to board.—Wherever in the General Statutes of North Carolina, or in any session law, public, public-local, private or special act of the general assembly, or in any rule or regulation, a duty or obligation is imposed upon the state board of charities and public welfare, or any authority, privilege or power is granted to the state board of charities and public welfare, the same shall be construed as referring to the state board of public welfare. (1945, c. 43, s. 2.)

§ 108-3. Powers and duties of board.

15. To establish standards, provide rules and regulations for the operation of, and to inspect and license boarding homes, rest homes or convalescent homes for persons who are aged or mentally or physically infirm and who are not related or connected by blood or marriage to the applicant for license when a charge is made for such care: Provided said homes care for two or more persons who obtain services from the county public welfare department or are supported in whole or in part by public welfare funds. Such license shall be valid for one year from the date of issuance unless revoked earlier by the board for cause. Such homes shall be under the supervision of the board, and its agents may at any time visit and inspect the homes. Licensing authority shall not apply to any institution established, maintained or operated by any unit of government nor to commercial inns or hotels. (Rev., ss. 3914, 3915; Code, ss. 2332, 2333; 1868-9, c. 170, s. 3; 1917, c. 170, s. 1; 1919, c. 46, ss. 1, 2; 1925, c. 90, ss. 1, 2; 1927, c. 65; 1931, c. 175; 1937, c. 319, s. 2; 1937, c. 436, ss. 3, 5; 1941, c. 270, s. 1; 1945, c. 185; C. S. 5006.)

Editor's Note.—
The 1945 amendment added the above subsection. As the rest of the section was not changed it is not set out.

Art. 2. County Boards of Public Welfare.

§ 108-11. County welfare boards; appointment; duties.

The respective appointments shall be made on or before the first day of April, one thousand nine hundred and forty-five and shall be effective as of that date. In order to secure overlapping terms of office and to give continuity of policy, the first appointment of the county commission shall be for a term of two years; the first appointment of the state board of public welfare shall be for a term of three years; and the first appointment of the third member shall be for a term of one year; but at the expiration of the terms of the three appointees their successors shall be appointed for terms of three years each. Appointments to fill vacancies shall be for the remainder of the term of office. Prior service on a county welfare board shall not disqualify any person for service under this article, but no member shall be eligible in the future to serve more than two successive terms.

(1945, c. 47.)

Editor's Note.—
The 1945 amendment substituted at the end of the second paragraph the words "serve more than two successive terms" for the words "succeed himself after three successive terms as a member of a county welfare board. Provided, however, that no member shall serve more than six successive years." As the first and third paragraphs were not changed, they are not set out.

§ 108-12. Meetings of the board.—The county welfare boards so appointed shall meet immediately after their appointment and organize by electing a chairman, who shall serve for the term of his appointment, and shall forward notice of said chairman's election and the third member's appointment immediately to the state board, and shall meet at least once a month with the superin-

tendent of welfare and advise with him in regard to problems pertaining to his office.

Members of county boards of public welfare may at the discretion of the board of county commissioners receive a per diem not to exceed five dollars ($5.00) a day and actual expenses when attending official meetings; any such payments heretofore made are hereby validated. (1917, c. 170, s. 1; 1919, c. 46, s. 4; 1937, c. 319, s. 4; 1941, c. 270, s. 3; 1947, c. 92; C. S. 5015.)

Editor's Note.—The 1947 amendment rewrote the last sentence.

§ 108-12.1. Change of name in statutes and regulations relating to board.—Wherever in the General Statutes of North Carolina, or in any session law, public, public-local, private or special act of the general assembly, or in any rule or regulation, a duty or obligation is imposed upon a county welfare board or upon a county board of charities and public welfare, or any authority, privilege or power is granted thereto, the same shall be construed as referring to the county board of public welfare which shall henceforth be the designation of any of said county welfare boards or county boards of charities and public welfare. (1945, c. 43, s. 3.)

Art. 3. Division of Public Assistance.

§ 108-15. Division of public assistance created.—There is hereby created in the state board of charities and public welfare a division of public assistance, including (a) assistance to aged needy persons, (b) aid to dependent children, and (c) general assistance to other needy persons, as administered under authority of this article. (1937, c. 288, s. 1; 1949, c. 1038, s. 1.)

Editor's Note.—The 1949 amendment inserted subdivision (c).

Part 1. Old Age Assistance.

§ 108-17. Short title.

Cited in Atlantic Coast Line R. Co. v. Beaufort County, 224 N. C. 115, 29 S. E. (2d) 201; Atlantic Coast Line R. Co. v. Duplin County, 226 N. C. 719, 40 S. E. (2d) 371.

§ 108-21. Eligibility.—Assistance shall be granted under this article to any person who:

(a) Is sixty-five years of age and over;

(c) Has not sufficient income, or other resources, to provide a reasonable subsistence compatible with decency and health;

(d) Is not an inmate of any public institution at the time of receiving assistance. An inmate of such institution may, however, make application for such assistance, but the assistance, if allowed, shall not begin until after he ceases to be an inmate.

(e) Has been a resident of this state for one year immediately preceding the date of his application.

Eligibility of applicants to receive benefits under this title, and the amount of assistance given, and such other conditions of award as it may be necessary to determine shall be determined in the manner hereinafter set out.

The amount of assistance which any person shall receive shall be determined with due regard to the resources and necessary expenditures of the individual and the conditions existing in each case, and in accordance with the rules and regulations made by the state board; and shall be sufficient when added to all other income and support of recipients to provide such person with a reasonable subsistence compatible with decency and health, but not exceeding forty dollars ($40.00) per month or four hundred eighty dollars ($480.00) during one year; and of this not more than twenty dollars ($20.00) per month nor more than two hundred forty dollars ($240.00) in one year shall be paid out of state and county funds.

Within the limitations of the state appropriation the maximum payment for old age assistance may be increased not in excess of the amount which may hereafter be matched by the federal government. (1937, c. 288, s. 6; 1939, c. 395, s. 1; 1941, c. 232; 1943, c. 753, s. 1; 1945, c. 615, ss. 1, 2; 1947, c. 91, s. 1.)

Editor's Note.—

The 1945 amendment repealed subsection (b) of this section and increased the amounts specified in the next to last paragraph.

The 1947 amendment struck out former subsection (e) and re-lettered former subsection (f) as subsection (e). It also added the last paragraph of the section.

§ 108-22. State old age assistance fund.

In the event that the Federal Social Security Act is amended providing for a larger percentage of contributions to said fund, the provisions of this section shall be construed to accept such additional grants, and the percentages to be provided for old age assistance by the state and counties shall be adjusted proportionately. (1937, c. 288, s. 7; 1943, c. 505, s. 1; 1947, c. 91, s. 2.)

Editor's Note.—The 1947 amendment added the above paragraph at the end of this section. As the rest of the section was not affected by the amendment it is not set out.

§ 108-25. Appropriations not to lapse.—No appropriation made for the purposes of this article shall lapse or revert; but the unexpended balances may be considered in the making of further appropriations. Any proceeds of county taxation for the purposes of this article remaining unexpended shall be taken into account in determining the amount to be raised by taxation during the ensuing year, but shall not be used for any purpose not authorized by this article: Provided, that if at any time during any fiscal year it appears to be necessary and feasible, the county may transfer with the approval of the state board of allotments and appeal a portion of the amount raised by the county for old age assistance to the county aid to dependent children fund. (1937, c. 288, s. 10; 1945, c. 615, s. 1.)

Editor's Note.—The 1945 amendment added the proviso.

§ 108-30. Application for assistance; determination therein.

Upon the completion of the investigation, the county board of welfare shall, upon due consideration, determine whether the applicant is eligible for assistance under the provisions of this article, and shall determine the amount of such assistance and the date on which it shall begin, but such award shall in no case exceed forty dollars ($40.00) per month or four hundred eighty dollars ($480.00) in one year, and there shall not be paid thereupon out of state and county funds more than twenty dollars ($20.00) per month or more than two hundred forty dollars ($240.00) in one year. Such award so made when effective shall thereafter be paid in advance monthly to the ap-

plicant, disbursement being made in the same manner and under the same procedure as in case of other county funds. Within the limitations of the state appropriation the maximum payment for old age assistance may be increased not in excess of the amount which may hereafter be matched by the federal government.

(1945, c. 615, s. 1; 1947, c. 91, s. 3.)

Editor's Note.—
The 1945 amendment increased the amounts specified in the third paragraph; and the 1947 amendment added the last sentence thereto. As the rest of the section was not affected by the amendment it is not set out.

§ 108-32. Assistance not assignable.—The assistance granted under this article shall not be transferable or assignable at law or in equity; and none of the money paid or payable under this article shall be subject to execution, levy, attachment, garnishment, or other legal process, or to the operation of any bankruptcy or insolvency law.

In the event of the death of an old age assistance recipient during or after the first day of the month for which a grant was previously authorized by the county welfare board, any old age assistance check or checks payable to such recipient, not endorsed prior to such recipient's death, shall be endorsed by the clerk of the superior court of the county on which the check was drawn and the proceeds thereof paid to the spouse of the deceased recipient. If there is no living spouse, the proceeds of such check or checks shall be applied to the funeral expenses of such deceased recipient. (1937, c. 288, s. 17; 1945, c. 615, s. 1.)

Editor's Note.—The 1945 amendment added the second paragraph.

§ 108-38. Administration expenses.—The state board of allotments and appeal shall annually allocate to the several counties of the state, in accordance with the total amount of benefit payments to be paid in each county for old age assistance therein, the sum provided by the federal government under the Social Security Act for payment of administrative expenses. Any amounts in excess of said allotments to the several counties, which are necessary to the proper administration of the public welfare program by the several counties, shall be determined by the state board of allotments and appeal upon budgets submitted to said board by the county welfare boards in each county. Said determination shall be made on or before the first day of June in each year.

After being so determined, an amount not to exceed one half of such costs shall be allocated and paid to the respective counties by the state board of allotments and appeal from the appropriation made by the state for aid to county welfare administration. The balance of said county administrative expenses shall be paid by the respective counties. The state board of allotments and appeal shall, on or before the first day of June in each year, notify the board of county commissioners in each county as to the amount of administrative expenses such county is required to provide, and upon receipt of such notice it shall be mandatory upon each county that taxes shall be levied within said county to provide for the payment of such part of such county's administrative expenses.

The county board of commissioners and the county board of welfare, in joint session, shall determine the number and salary of employees of the county board of welfare, having been advised by the county superintendent of welfare and the state board of charities and public welfare. (1937, c. 288, s. 23; 1939, c. 395, s. 1; 1941, c. 232; 1945, c. 615, s. 1.)

§ 108-48. Amount of relief.—The maximum amount to be allowed per month under this article shall not exceed eighteen dollars ($18.00) for one child and twelve dollars ($12.00) additional per month for each of the other dependent children in the home eligible to assistance under this article: Provided, the total amount shall not exceed sixty-five dollars ($65.00), except in extraordinary circumstances in which it appears to the satisfaction of the state board that a total of sixty-five dollars ($65.00) per month would be insufficient to secure the purpose above set forth. Provided further, that within the limitations of the state appropriation the maximum amount per child may be increased not in excess of the amount which may hereafter be matched by the federal government. (1937, c. 288, s. 34; 1945, c. 615, s. 1.)

Editor's Note.—
The 1945 amendment substituted the words "under eighteen years of age" in line three for the words "under sixteen years of age, or under eighteen years of age if regularly attending school," and struck out a former provision relating to making every effort to apprehend the parent.

Such award so made when effective shall thereafter be paid in advance monthly to the applicant, disbursement being made in the same manner and under the same procedure as in the case of other county funds. (1945, c. 615, s. 1.)

Editor's Note.—
The 1945 amendment inserted the second proviso in the third paragraph. As the rest of the section was not affected by the amendment it is not set out.

Editor's Note.—
The 1945 amendment added the above proviso at the end of this section. As the rest of the section was not affected by the amendment it is not set out.

§ 108-67. Administration expenses.—The state board of allotments and appeal shall annually allocate to the several counties of the state the sum provided by the federal government under the Social Security Act for payment of administrative expenses. Any amounts in excess of said allotments to the several counties, which are necessary to the proper administration of the public welfare program by the several counties, shall be determined by the state board of allotments and appeal upon budgets submitted to said board by the county welfare boards in each county. Part 3. General Assistance.

§ 108-73.1. Establishment of relief.—The care and relief of all persons who are in need and who are unable to provide for themselves is a legitimate obligation of government which cannot be ignored or avoided without injustice to such persons and serious detriment to the purposes of organized society. Such care and relief is hereby declared to be a matter of state concern and necessary to promote the public health and welfare. In order to provide such care and relief at public expense, to the extent that the same may be proper, with due regard to state and county revenues and with due regard for other necessary objects of public expenditure, a state-wide system of general assistance is hereby established, to operate with due regard to the varying living conditions and the financial, physical, and other conditions of the recipient of such assistance. (1949, c. 1038, s. 2.)

§ 108-73.2. Acceptance of federal grants in aid; part liberally construed.—The state board of public welfare is hereby authorized to accept any grants in aid for general assistance which may be made available to the state by the federal government and the provisions of Part 3 of this article shall be liberally construed in order that the state and its needy citizens may benefit fully from such grants in aid. (1949, c. 1038, s. 2.)

§ 108-73.3. General assistance defined.—General assistance as herein used is defined to be assistance granted in money or in kind to an individual for the purpose of providing him with the necessities of life including food, clothing, shelter, fuel,

and other necessary living expenses but not including, directly or indirectly, any hospital or other institutional care or treatment: Provided, that residence in a duly licensed boarding home shall not constitute institutional care or treatment within the meaning of this section. (1949, c. 1038, s. 2.)

§ 108-73.4. Eligibility. — Assistance may be granted to any person who:

(a) Is unable to earn a sufficient income and is without any resources to provide a subsistence compatible with decency and health; and

(b) Is not an inmate of any public institution at the time of receiving assistance.

Applications for general assistance shall be made to the county superintendent of public welfare who by and with the approval of the county welfare board shall determine whether aid is to be granted and the amount thereof.

The amount of assistance which any eligible person may receive shall be determined with due regard to the resources and necessary expenditures of the individual and the conditions existing in each case, and in accordance with the rules and regulations of the state board of public welfare. In so far as funds will permit, such assistance shall be sufficient when added to all other income and resources to provide such person with a reasonable subsistence compatible with decency and health, but the principle of equitable treatment shall be followed in each county as provided in the rules and regulations of the state board of public welfare. Assistance may be granted to any person or for any purpose coming within the provisions of this section and the rules and regulations of the state board of public welfare not inconsistent herewith, although such person or purpose may not come within federal requirements governing the use of federal grants in aid for general assistance purposes. Applications for general assistance shall be handled in the manner prescribed by the rules and regulations of the said board. (1949, c. 1038, s. 2.)

§ 108-73.5. State general assistance fund.—A fund shall be created to be known as the "state general assistance fund." This fund shall be created by appropriations made by the general assembly and such grants as may be received from the federal government for this purpose. Such fund shall be used exclusively for assistance to needy persons found to be eligible in accordance with the provisions of Part 3 of this Article and the rules and regulations of the state board of public welfare not inconsistent therewith.

The treasurer of the state of North Carolina is hereby made ex officio treasurer of the state general assistance fund herein established, including therein such grants in aid for general assistance as may be received from the federal government for administration and distribution in this state; and the said treasurer is hereby designated as the proper officer to receive grants in aid from the federal government. The treasurer shall keep the funds in a separate account, to be known as the "state general assistance fund," and shall be responsible therefor on his official bond; and the said funds shall be protected by proper depository security as other state funds. The said funds shall be disbursed for the purposes of this article on warrants drawn on the county treasurer or other designated county officials where there is no county treasurer, signed by the superintendent of public welfare, countersigned by the county auditor, for both payments of grants to recipients and for administrative purposes: Provided, that in the event any temporary vacancy should exist in the office of county welfare superintendent, the signature of the chairman of the county welfare board together with that of the county auditor shall be sufficient for the disbursement of such funds. (1949, c. 1038, s. 2.)

§ 108-73.6. Allotment and transfer of federal and state funds to the counties.—Allotments shall be made annually by the state board of allotments and appeal, created by § 108-33, in the manner prescribed in §§ 108-36 and 108-37: Provided, that no participating county shall receive from the state general assistance fund during any fiscal year less than ten per cent (10%) or more than fifty per cent (50%) of the total expenditures for general assistance as herein defined until such time as federal grants in aid for general assistance are available to the state.

When federal funds are available to North Carolina for general assistance, the state board of allotments and appeal shall allot annually to each county from the state general assistance fund any proportion of the total amount to be expended for such purpose that the amount of federal and state funds available will permit: Provided that no county shall receive from such federal and state funds during any fiscal year more than ninety per cent (90%) of the total expenditures for general assistance.

It is the purpose of the general assembly that the allotments herein provided for shall be used by the counties entitled thereto solely as supplementary funds to increase the general assistance being provided, and no allotment shall be used, directly or indirectly, to replace county appropriations or expenditures.

State and federal funds shall be transferred to the counties as prescribed in § 108-39 of the General Statutes of North Carolina and all provisions of that section shall apply to general assistance funds, except that all funds so transferred shall be deposited in the county general assistance fund. (1949, c. 1038, s. 2.)

§ 108-73.7. Assistance not assignable.—The assistance granted under this article shall not be transferable or assignable at law or in equity; and none of the money paid or payable under this article shall be subject to execution, levy, attachment, garnishment, or other legal processes, or to the operation of any bankruptcy or insolvency law. (1949, c. 1038, s. 2.)

§ 108-73.8. Accounts and reports from county officers. — The boards of county commissioners shall cause proper accounts to be kept of the receipts and disbursements under this article, and shall make a quarterly report to the state board of public welfare in detail, showing such receipts and the persons to whom disbursements have been made, and the amount thereof. Such reports may be required by the state board of public welfare as often as may be deemed necessary. The accounts shall at all times be open to inspection by the state board of public welfare and its authorized auditors, supervisors and deputies. (1949, c. 1038, s. 2.)

§ 108-73.9. Further powers and duties of state board.—The provisions of § 108-28 shall apply to Part 3 of this article. The state board of public welfare is authorized and directed to make such reports as may be required by the federal government under the Social Security Act; to keep the funds received from the federal government in such manner and in such account, and cause the same to be disbursed as may be required by such federal administrative authority, notwithstanding any provisions hereof; and the provisions of this article with respect to the handling and disbursement of federal funds, where contrary to the rules and regulations of federal authority, shall be deemed directory only, so that such rules and regulations shall prevail; but otherwise they shall be mandatory. (1949, c. 1038, s. 2.)

§ 108-73.10. Participation permissive; effect of federal grants.—The general assistance program herein established shall be administered as provided for in the rules and regulations of the state board of public welfare, except that no county shall be granted any allotment from the state general assistance fund nor shall be subject to provisions of Part 3 of this article unless its consent be given in the manner prescribed by the rules and regulations of the state board of public welfare: Provided, that in the event federal general assistance grants shall be made available to the state upon condition that each county thereof participate in the general assistance program, then and in that event all of the provisions of Part 3 of this article shall apply to and become mandatory upon every county. (1949, c. 1038, s. 2.)

Art. 5. Regulation of Organizations and Individuals Soliciting Public Alms.

§ 108-80. Regulation of solicitation of public aid for charitable, etc., purposes.—Except as hereinafter provided in G. S. § 108-84, no person, organization, corporation, institution, association, agency or co-partnership except in accordance with provisions of this article shall solicit the public whether by mail, or through agents or representatives or other means for donations, gifts or subscriptions of money and/or of gifts of goods, wares, merchandise or other things of value or to sell or offer for sale or distribute to the public anything or object whatever to raise money or to sell memberships, periodicals, books or advertising space or to secure or attempt to secure money or donations or other property by promoting any public bazaar, sale, entertainment or exhibition or by any similar means for any charitable, benevolent, health, educational, religious, patriotic or other similar public cause or for the purpose of relieving suffering of animals unless the solicitation is authorized by and the money or other goods or property is to be given to an organization, corporation, institution, association, agency or co-partnership holding a valid license for such purpose from the state board of public welfare, issued as herein provided. (1939, c. 144, s. 1; 1947, c. 572.)

Editor's Note.—The 1947 amendment rewrote former sections 108-80 to 108-90 to appear as present sections 108-80 to 108-86.

§ 108-81. Application for license to solicit public aid.—Any person, organization, corporation, institution, association, agency, or co-partnership wishing to secure a license from the state board of public welfare for the purpose of soliciting the public for any of the aforenamed causes shall file a written application with the state board of public welfare on a form furnished by the said board setting forth proof of the worthiness of the cause, chartered responsibility, the existence of an adequate and responsible governing board to administer receipts and disbursements of funds, goods, or other property sought, the need of public solicitation, proposed use of funds sought, and a verified report of the operation of such organization, corporation, institution, association, agency or co-partnership for a fiscal period determined by the said state board, said verified report to show reserve funds and endowment funds as well as receipts and disbursements. (1939, c. 144, s. 1; 1947, c. 572.)

§ 108-82. Issuance of license by state board of public welfare.—If the state board of public welfare after full investigation and careful study of the purpose and functioning of an organization, corporation, institution, association, agency, or co-partnership filing an application for a license to solicit deems such organization, corporation, institution, association, agency or co-partnership a proper one and not inimical to the public welfare and its proposed solicitations to be truly for the purpose set forth in its application and provided for in this article, it shall issue to such organization, corporation, institution, association, agency or co-partnership a license to solicit for its purposes and program for a period not to exceed one year, unless revoked for cause.

The state board of public welfare shall not issue a license to solicit to any such organization, corporation, institution, association, agency or co-partnership which pays or agrees to pay to any individual, corporation, co-partnership or association an unreasonable or exorbitant amount of the funds collected as compensation.

In the event the said board refuses to issue said license, the organization, corporation, institution, association, agency or co-partnership shall be entitled to a hearing before said board provided written request therefor is made within fifteen days after notice of refusal is delivered or mailed to the applicant. All such hearings shall be held in the offices of said board and shall be open to the public. Decisions of said board shall be mailed to the interested parties within ten days after the hearing.

The state board of public welfare before granting or refusing a license as herein provided shall call upon the state commission for the blind, the division of vocational rehabilitation and other divisions of the state department of public instruction, the bureau of labor for the deaf, and the state board of health for advice in any situation or cause in which any of the several state agencies named has an interest or responsibility. (1939, c. 144, s. 1; 1947, c. 572.)

§ 108-83. Solicitors and collectors must have evidence of authority and show same on request.—No person shall solicit or collect any contribution in money or other property for any of the purposes set forth in this article without a written authorization, pledge card, receipt form, or other evidence of authority to solicit for a duly licensed organization, corporation, institution, association,

agency, or co-partnership for which the donation or contribution is made and said evidence of authority must be shown to any person on request. Said evidence of authority must be provided by the organization, corporation, institution, association, agency or co-partnership for which the donation or contribution is solicited or by the agency through which the donation or contribution is collected and distributed. (1939, c. 144, s. 2; 1947, c. 572.)

§ 108-84. Organizations, etc., exempted from article.—The provisions of this article shall not apply to any solicitation or appeal made by any church, or religious organization, school or college, fraternal or patriotic organization, or civic club located in this state when such appeal or solicitation is confined to its membership nor shall the provisions of this article apply to any locally indigenous organization, institution, association or agency having its own office, managing board, committee or trustees or chief executive offices located in or residing in a city or county from publicly soliciting donations or contributions within a city and the county or counties in which said city is located or within the county in which such an organization, institution, association or agency is located and operates; provided that nothing in this article shall apply to any solicitation or appeal by any church for the construction, upkeep, or maintenance of the church and its established organization or for the support of its clergy. (1939, c. 144, s. 2a; 1947, c. 572.)

§ 108-85. Regulation and licensing of solicitation of alms for individual livelihood.—It shall be unlawful for an individual to engage in the business of soliciting alms or begging charity for his or her own livelihood or for the livelihood of another individual upon the streets or highways of this state or through door to door solicitations without first securing a license to solicit for this purpose from the state board of public welfare.

Any individual desiring to engage in the business of soliciting alms or begging charity for his or her own livelihood or for the livelihood of another individual as set forth in the first paragraph of this section shall file a written application for a license on a form or forms furnished by the said board, setting forth his or her own true name and address, his or her correct address or addresses for the past five years, the purpose for which he or she desires to solicit alms, the reason why public solicitation is considered a necessary means to obtain a livelihood or relief from suffering rather than the pursuit of a legitimate trade or the acceptance of benefits provided through the social security measures and funds administered by the federal, state and county governments and any other information which the said board may deem necessary to carry out the provisions of this article. A copy of the license must be carried by the solicitor while soliciting and must be shown upon request.

The carrying and offering for sale of merchandise by the individual soliciting alms or begging charity shall not exempt the individual so soliciting from the provisions of this article. The state board of public welfare shall call upon the several state agencies named in § 108-82 for advice in issuing a license to an individual in accordance with the provisions of this article. (1947, c. 572.)

§ 108-86. Punishment for violation of article; misapplication of funds collected.—Any person who, or any organization, corporation, institution, association, agency or co-partnership which violates any of the provisions of this article or solicits donations and contributions from the public without first applying for and obtaining a license as herein provided shall be guilty of a misdemeanor, and upon conviction shall be punished in case of an organization, corporation, institution, association, agency or co-partnership by a fine of not more than one thousand dollars ($1,000.00); in the case of an individual the punishment shall be that provided for a misdemeanor.

Any person who, or organization, corporation, institution, association, agency or co-partnership which, after having conducted a solicitation campaign and obtained funds from such solicitation shall wilfully convert or misapply any of said funds from the purposes for which solicited as set out in the application for license to solicit shall be guilty of a felony and shall be punished in the discretion of the court. (1939, c. 144, s. 3; 1947, c. 572.)

(1923, c. 58; 1947, c. 936; C. S. 352(a).)

§ 109-34. Liability and right of action on official bonds.

Sections Construed Together.—This section and § 109-37 allowing damages at twelve per cent on any such recovery, relate to the same subject matter, are part of one and the same statute, and must be construed together. State v. Watson, 223 N. C. 437, 27 S. E. (2d) 144.

Remedies against Clerks of Superior Courts.—Our statutes provide two separate and distinct remedies against clerks of the Superior Courts—one in behalf of the injured individual for a specific fund to which he is entitled or on account of a particular wrong committed against him by the officer, as provided in this section; and one in behalf of the new clerk against his predecessor in office to recover possession of records, books, papers and money in the hands of the outgoing clerk by virtue or under color of his office, as provided for in § 2-22. State v. Watson, 223 N. C. 437, 27 S. E. (2d) 144.

§ 109-36. Summary remedy on official bond.

Applied in State v. Sawyer, 223 N. C. 102, 25 S. E. (2d) 443.

§ 109-37. Officer unlawfully detaining money liable for damages.

This Section Must Be Considered in Connection with, etc.—

Authority for an individual to sue an officer for money wrongfully detained, as provided for in § 109-34, and this section relate to the same subject matter and are a part of one and the same statute. They must be construed together. State v. Watson, 223 N. C. 437, 441, 27 S. E. (2d) 144.

Interest by Way of Damages.—Whether or not the clerk is entitled to the benefits of this section, in a suit against his predecessor, is not now decided; but, granting that he is not so entitled, the law allows interest by way of damages on money wrongfully detained. State v. Watson, 223 N. C. 437, 27 S. E. (2d) 144; State v. Watson, 224 N. C. 502, 31 S. E. (2d) 465.

Chapter 110. Child Welfare.

Art. 2. Juvenile Courts.

Art. 4. Placing or Adoption of Juvenile Delinquents or Dependents.

Art. 2. Juvenile Courts.

§ 110-21. Exclusive original jurisdiction over children.

Purpose.—

Juvenile courts were created and organized for the purpose of administering this law, and for the original hearing and determination of matters and causes within its scope, and as such were empowered to "make such orders and decrees therein as the right and justice of the case may require," with right of appeal. In re Prevatt, 223 N. C. 833, 835, 28 S. E. (2d) 564.

This section imposes upon the court the constant duty to give to each child subject to its jurisdiction such oversight and control in the premises as will conduce to the welfare of such child and to the best interest of the state. In re Morris, 224 N. C. 487, 492, 31 S. E. (2d) 539.

Section Not Inconsistent with § 17-39.—Original jurisdiction to adjudge a child delinquent or neglected having been conferred on the juvenile court by this section, nevertheless this statute does not repeal § 17-39, and is not inconsistent therewith. No limitation is placed by this statute upon the jurisdiction previously conferred upon the Superior Court by that section to issue writs of habeas corpus and to hear and determine the custody of children of parents separated but not divorced. In re Prevatt, 223 N. C. 833, 836, 28 S. E. (2d) 564.

Willful Neglect of or Refusal to Support Illegitimate Child.—Where defendant is over sixteen years of age during the time he is charged with willfully neglecting or refusing to support his illegitimate child, the superior court and not the juvenile court has jurisdiction, notwithstanding that conception of the child occurred prior to defendant's sixteenth birthday. State v. Bowser, 230 N. C. 330, 53 S. E. (2d) 282.

Jurisdiction to determine the right of custody of an infant as between persons with whom the infant had been placed with a view to adoption and welfare officers seeking to place the infant with his family, is within the exclusive jurisdiction of the juvenile court. In re Thompson, 228 N. C. 74, 44 S. E. (2d) 475.

Exceptions to Jurisdiction in Cases Involving Custody of Child.—The juvenile branch of the superior court has exclusive original jurisdiction in all cases wherein the custody of an infant under sixteen years of age is the subject of the controversy except (1) in cases between undivorced parents living in a state of separation, § 17-39, or (2) where there is an action for divorce, in which a complaint has been filed, pending in this state, § 50-13, or (3) where the parents have been divorced by decree of a court of a state other than North Carolina, § 50-13. Phipps v. Vannoy, 229 N. C. 629, 50 S. E. (2d) 906. And see the 1949 amendment to § 50-13 which was intended to give the superior court jurisdiction in all cases where one of the parents is seeking custody. 27 N. C. Law Rev. 452.

"Controversy" Respecting Custody of Child.—In a proceeding by a father to obtain custody of his child from the parents of his deceased wife, it was contended that the father, being a fit and suitable person, had sole right to the custody of his child as a matter of law, and that therefore a "controversy" respecting the child's custody, such as would confer jurisdiction upon the juvenile court under paragraph 3 of this section, could not arise in the absence of proof of abandonment or other special fact. It was held that this contention was untenable, since the question was one of jurisdiction and not of the father's right to custody, and since the contention was perforce made in the midst of a "controversy." Phipps v. Vannoy, 229 N. C. 629, 50 S. E. (2d) 906. See the 1949 amendment to § 50-13.

Controversy between Father and Parents of Deceased Wife.—Under paragraph 3 of this section the juvenile branch of the superior court has exclusive jurisdiction of a proceeding by a father to obtain custody of his child from the parents of his deceased wife, notwithstanding that the custody of the child was awarded to the wife in a divorce action pursuant to the provisions of § 50-13. Phipps v. Vannoy, 229 N. C. 629, 50 S. E. (2d) 906. The 1949 amendment to § 50-13 was intended to overrule this case and give the superior court jurisdiction in all cases where one of the parents is seeking custody. 27 N. C. Law Rev. 452.

Voluntary Surrender of Custody to Juvenile Court.—Where the mother of minor children, for the purpose of having their custody given to their paternal grandmother, the father being dead, voluntarily came before the juvenile court and signed a paper turning over the custody of her children to such court, the court obtained jurisdiction during such time as the custody and control of the children is necessary, notwithstanding the absence of the statutory requirements in cases where the juvenile court proceeds directly, and the mother might not thereafter attack on the ground of want of jurisdiction a subsequent order of the juvenile court taking the custody away from the grandmother for change of condition and placing the children in the custody of an institution. In re Bumgarner, 228 N. C. 639, 46 S. E. (2d) 833.

A court awarding exclusive custody of a minor assumes the obligation to see that its confidence is not abused, and the court is justified in proceeding to that end with an inquiry ex mero motu or at the instance of an interested party. In re Morris' Custody, 225 N. C. 48, 33 S. E. (2d) 243.

§ 110.21.1. Jurisdiction of juvenile courts over violations of motor vehicle laws.—All jurisdiction heretofore vested in the superior courts by the provisions of G. S. § 20-218.1 is hereby vested in the juvenile courts of the state of North Carolina. (1949, c. 163, s. 2.)

Editor's Note.—Section 4 of the act from which this section was derived made it effective on February 28, 1949.

Former § 20-218.1 referred to in the above section provided: "No juvenile court or domestic relations court of this state shall have jurisdiction over any offense involving violation of any of the motor vehicle laws or of any of the laws relating to the operation of motor vehicles on the highways of this state when such offense has been committed by a person over fifteen years of age. Any such offense shall be within the jurisdiction of the court or courts which would have jurisdiction if the offender were over sixteen years of age."

§ 110-22. Juvenile courts created; part of superior court; joint county and city courts.—There shall be established in each county of the state a separate part of the superior court of the district for the hearing of cases coming within the provisions of this article. Such part of the superior court shall be called the juvenile court of ..... county.

The clerk of the superior court of each county in the state shall act as judge of the juvenile court in the hearing of cases coming within the provisions of this article, in which cases the child or children concerned therein reside in or are at the time within such county. Proceedings in such cases may be initiated before such judge, and in hearing such cases such judge shall comply with all the requirements and conform to the procedure provided in this article: Provided, the board of commissioners of any county shall have the right in their discretion to coöperate with the governing body of such city in the election of a judge of a juvenile court provided for in § 110-44, which judge when so elected shall perform all the duties, and possess all the powers and jurisdiction conferred by this article upon the clerk of superior court, as well as that conferred upon the judge of the juvenile court of such cities by this article; such judge to be so elected by the joint action of the governing bodies of such city and county shall hold office for the term of one year, and until his successor shall be duly elected, and the county availing itself of the provisions of this section shall pay said judge for services rendered the county (outside of city) such sum as the county commissioners of said county shall deem just and proper. (1919, c. 97, s. 2; Ex. Sess. 1920, c. 85; 1945, c. 186, s. 2; C. S. 5040.)

Local Modification.—Durham: 1945, c. 503.

Editor's Note.—

Prior to the 1945 amendment the proviso to the second sentence of the second paragraph applied only to counties whose county seat contained twenty-five thousand inhabitants or more.

For comment on the 1945 amendment, see 23 N. C. Law Rev. 341.

§ 110-23. Definitions of terms.

The Term "Court."—While the act confers general jurisdiction upon the Superior Court, it will be understood that the term "court" when used in this statute without modification refers to the juvenile court which is therein created as a separate but not independent part of the Superior Court. In re Prevatt, 223 N. C. 833, 835, 28 S. E. (2d) 564.

Cited in In re McGraw, 228 N. C. 46, 44 S. E. (2d) 349.

§ 110-25. Petition to bring child before court.

While the record in In re Prevatt, 223 N. C. 833, 28 S. E. (2d) 564, did not disclose that a written petition to the juvenile court was originally filed by appellant, as provided in this section, it was held that appellant might not be heard to complain of irregularity in this respect, since the proceeding was instituted at his instance, and he was personally present at the hearing.

§ 110-31.1. Probation officers as members of county welfare staffs.—(a) By written agreement between the judge of the juvenile court and the county superintendent of public welfare, all probation officers of the juvenile court may be regular employees of the county department of public welfare, attached to the staff of the department and responsible directly to the county superintendent of public welfare as chief probation officer of the county. Upon the election or appointment of a judge of the juvenile court who is not a party to any agreement heretofore entered into under this section, a new agreement may be entered into as provided herein.

(b) When such agreement shall have been entered into, probation officers shall be employed and compensated in the same manner as all other employees of the county department of public welfare are employed and compensated. (1947, c. 94.)

§ 110-39. Neglect by parents; encouraging delinquency by others; penalty.

Instruction.—In a prosecution under this section, a charge that defendant would be guilty if he encouraged, aided and abetted the prosecuting witness "in moral delinquency" is error, since this section uses the term "to be adjudged a delinquent" and the two terms are not synonymous. State v. Bullins, 226 N. C. 142, 36 S. E. (2d) 915.

§ 110-40. Appeals.—An appeal may be taken from any judgment or order of the juvenile court to the superior court having jurisdiction in the county by the parent or, in case there is no parent, by the guardian, custodian or next friend of any child, or by any adult described in §§ 110-38 and 110-39 of this article on behalf of any child whose case has been heard by the juvenile court. Written notice of such appeal shall be filed with the juvenile court within five days after the issuance of the judgment or order of such court.

On receipt of notice of such appeal the judge of the juvenile court shall, within five days thereafter, prepare, sign, and file with the record of the case a statement of the case on appeal, together with his decision, and notice of the appeal, and exhibit such statement to the parties or their attorneys upon request. If either party excepts or objects to the statement as partial, inadequate, or erroneous he must put his exceptions or objections in writing, and file the original and two copies thereof with the judge of the juvenile court within ten days of the filing by the judge of a statement of case on appeal. The judge of the juvenile court shall forthwith transmit his statement of the case on appeal and any exceptions or objections thereto to the resident judge of the district or to the judge holding the courts of the district.

The judge of the superior court shall on receiving a statement or record of appeal from the juvenile court hear and determine the questions of law or legal inference and the judge shall deliver to the clerk of the superior court of the county in which the action or proceeding is pending his order or judgment. The clerk of the superior court shall immediately notify the judge of the juvenile court of the order or judgment.

Where the appeal is to the superior court upon issues of fact, either party may demand that the same be tried at the first term of said court after the appeal is docketed in said court, and said trial shall have precedence over all other cases except the cases of exceptions to homesteads and the cases of summary ejectment: Provided, that said appeal shall have been docketed prior to the convening of the said court: Provided further, that the presiding judge may take up for trial in advance any pending case in which the rights of the parties or the public require it. (1919, c. 97, s. 20; 1949, c. 976; C. S. 5058.)

Editor's Note.—The 1949 amendment rewrote this section. For brief comment on the amendment, see 27 N. C. Law Rev. 443.

Effect of Juvenile Court's Adjudication.—Where the juvenile court has by proper proceeding acquired jurisdiction of the parties and of the subject matter of children whose custody is subject to controversy, its adjudication for the welfare of the children must be held effective and binding on the parties, subject to review on appeal. In re Prevatt, 223 N. C. 833, 28 S. E. (2d) 564.

§ 110-44. City juvenile courts and probation officers.—Every city in North Carolina where the population was, by the last federal census report, ten thousand or more may maintain a juvenile court, to which is hereby given the powers, duties and obligations of this article to be exercised within their territorial boundaries. Such city juvenile courts shall conduct their business in accordance with the procedure set forth in this article as applying to the county juvenile court. It is hereby made the duty of governing bodies of such cities to make provisions for such courts and bear the expense thereof, either by requiring the recorder to act as a juvenile judge or by the appointment of a separate judge. The governing bodies of such cities shall also appoint one or more assistant probation officers who shall serve within its jurisdiction under the general supervision of the chief probation officer of the county, which chief probation officer of the county is hereby made the chief probation officer of the city court hercin provided for. The salary of the juvenile court judge shall be fixed and paid by the governing body of the city, and such governing bodies are hereby given authority to expend such sums from the public funds of the city as may be required to carry this article into effect.

In case it may appear to the governing bodies of such cities herein described that it would be best to allow the county juvenile court to transact the business of the city, they may make such provisions and agreements with the county commissioners for the expense of the joint court as may be agreed upon, and in such event such a city is hereby permitted to make such arrangement in lieu of establishing a city juvenile court. But in case the county commissioners will not agree to such arrangement, then the city may establish a juvenile court, as provided in this section. Provided, that in the event the governing bodies of such cities reach an agreement with the county commissioners, whereby the county juvenile court shall also transact the business of the city juvenile court, the governing bodies of such city and county, by joint resolution, may elect a judge and an assistant judge of the combined court, who may be persons other than the clerk of the superior court, and who shall hold such office for the term of one year, and until their successors shall be duly elected. Such judge and assistant judge, when so elected, shall perform all the duties and possess all the powers and jurisdiction conferred by this article upon the clerk of the superior court, as well as that conferred upon the judge of the juvenile court of such cities by this article. The assistant judge provided for by this section shall only perform the functions of judge of the combined juvenile court when the regular judge is unavoidably absent, or sick, and no orders shall be entered by him except in such cases. The compensation of the judge and of the assistant judge provided for by this section shall be determined by the county commissioners and paid by such county. The part of said salary that shall be paid by such city shall be determined by agreement between the governing bodies of the two units, as hereinbefore provided for. The authority is also hereby given by this section for the election of an assistant judge of the juvenile court in cases where counties elect to combine with a city juvenile court and let such court transact the joint business of both county and city.

Any town of five thousand population which is not a county seat, and in which there is a recorder's court, may, if deemed advisable and necessary by the governing body, provide for the conduct of a juvenile court within the territorial jurisdiction of such recorder's court: Provided, that the provisions and procedure of this article are fully followed as in case for towns of ten thousand inhabitants. (1919, c. 97, s. 24; 1923, c. 193; 1943, c. 594; 1945, c. 186, s. 1; C. S. 5062.)

Local Modification.—Durham: 1945, c. 503; City of Greensboro: 1949, c. 669.

Editor's Note.—

The 1945 amendment substituted in the first sentence the words "last federal census report" for the words "census of one thousand nine hundred and twenty." Prior to the amendment the maintenance and establishment of a juvenile court was made mandatory by the first and second paragraphs.

For comment on the 1943 amendment, see 21 N. C. Law Rev. 344.

Consent required for bringing child into state for placement or adoption.—(a) No person, agency, association, institution, or corporation shall bring or send into the state any child for the purpose of giving his custody to some person in the state or procuring his adoption by some person in the state without first obtaining the written consent of the state board of public welfare.

(b) The person with whom a child is placed for either of the purposes set out in subsection (a) of this section shall be responsible for his proper care and training. The board or its agents shall have the same right of visitation and supervision of the child and the home in which it is placed as in the case of a child placed by the board or its agents as long as the child shall remain within the state and until he shall have reached the age of eighteen years or shall have been legally adopted. (1931, c. 226, s. 1; 1947, c. 609, s. 1.)

Editor's Note.—The 1947 amendment rewrote this section.

§ 110-51. Bond required.—The state board of

public welfare may, in its discretion, require of a person, agency, association, institution, or corporation which brings or sends a child into the state with the written consent of the board, as provided by § 110-50, a continuing bond in a penal sum not in excess of one thousand dollars ($1000.00) with such conditions as may be prescribed and such sureties as may be approved by the state board of public welfare. Said bond shall be made in favor of and filed with the state board of public welfare with the premium prepaid by the said person, agency, association, institution or corporation desiring to place such child in the state. (1931, c. 226, s. 2; 1947, c. 609, s. 2.)

Editor's Note.—The 1947 amendment rewrote the first sentence.

§ 110-52. Consent required for removing child from state.—No child shall be taken or sent out of the state for the purpose of placing him in a foster home or in a childcaring institution without first obtaining the written consent of the state board of public welfare. The foster home or childcaring institution in which the child is placed shall report to the board at such times as the board may direct as to the location and well-being of such child until he shall have reached the age of eighteen years or shall have been legally adopted. (1931, c. 226, s. 3; 1947, c. 609, s. 3.)

Editor's Note.—The 1947 amendment rewrote this section.

§ 110-53: Repealed by Session Laws 1947, c. 609, s. 4.

§ 110-57. Application of article.—None of the provisions of this article shall apply when a child is brought into or sent into, or taken out of, or sent out of the state, by the guardian of the person of such child, or by a parent, step-parent, grand-parent, uncle or aunt of such child, or by a brother, sister, half-brother, or half-sister of such child, if such brother, sister, half-brother, or half-sister is twenty-one years of age or older. (1947, c. 609, s. 5.)

Chapter 111. Commission for the Blind.

Art. 1. Organization and General Duties of Commission.

Art. 2. Aid to the Needy Blind.

Art. 1. Organization and General Duties of Commission.

§ 111-6.1. Pre-conditioning center for the adult blind.—In addition to other powers and duties granted it by law, the North Carolina state commission for the blind is hereby authorized and directed to establish and operate a pre-conditioning center for the blind for the purpose of assisting them in their mental, emotional, physical, and economic adjustments to blindness through the application of proper tests, measurements, and intensive training in order that they may develop manual dexterity, obstacle and direction awareness, acceptable work habits, and maximum skills in industrial and commercial processes.

The commission shall make all rules and regulations necessary for this purpose and is hereby authorized to enter into any agreement or contract, to purchase or lease property both real and personal, to accept grants and gifts of whatsoever nature, and to do all other things necessary to carry out the intent and purpose of such a pre-conditioning center.

The state commission for the blind is hereby authorized to receive grants in aid from the federal government for carrying out the provisions of this section, as well as for other related rehabilitation programs for the North Carolina blind, under the provisions of the act of congress known as the Barden-Rehabilitation Act (volume fifty-seven, United States Statutes at Large, chapter one hundred and ninety). Blind persons, who have been residents of North Carolina for one year immediately preceding the date of application for rehabilitation services or who show an established intent to reside continuously in this state, may enjoy the benefits of this section, or any other related rehabilitation benefits under the said Barden-Rehabilitation Act. (1945, c. 698.)

Editor's Note.—The act inserting this section appropriated from the general funds of the state the sum of fifteen thousand dollars for the purpose of establishing a pre-conditioning center for the adult blind.

§ 111-8.1. Certain eye examinations to be reported to commission.—Whenever, upon examination at a clinic, hospital or other institution, or elsewhere by a physician, optometrist or other person examining eyes any person is found to have no vision or vision with glasses which is so defective as to prevent the performance of ordinary activities for which eyesight is essential, the physician, the superintendent of such institution or other person who conducted or was in charge of the examination shall within thirty days report the results of the examination to the North Carolina state commission for the blind. (1945, c. 72, s. 3.)

Art. 2. Aid to the Needy Blind.

Any recipient of aid to the blind who moves to another county in this state shall be entitled to receive aid to the blind in the county to which he has moved, and the board of county commissioners, or its authorized agent, of the county from

which he has moved shall transfer all necessary records relating to the recipient to the board of county commissioners, or its authorized agent, of the county to which he has moved. The county from which the recipient moves shall pay the aid to such recipient for a period of three months following such removal, not in excess of the amount paid before removal, and thereafter aid to such recipient shall be paid by the county to which such recipient has moved subject to the rules and regulations of the North Carolina state commission for the blind. (1937, c. 124, s. 8; 1947, c. 374.)

Editor's Note.—The 1947 amendment added the above paragraph at the end of this section. As the rest of the section was not affected by the amendment it is not set out.

§ 111-27.1. Commission authorized to conduct certain business operations.—For the purpose of assisting blind persons to become self-supporting the North Carolina state commission for the blind is hereby authorized to carry on activities to promote the rehabilitation and employment of the blind, including the operation of various business enterprises suitable for the blind to be employed in or to operate. The executive budget act shall apply to the operation of such enterprises as to all appropriations made by the state to aid in the organization and the establishment of such businesses. Purchases and sales of merchandise or equipment, the payment of rents and wages to blind persons operating such businesses, and other expenses thereof, from funds derived from local subscriptions and from the day by day operations shall not be subject to the provisions of law regulating purchases and contracts, or to the deposit and disbursement thereof applicable to state funds but shall be supervised by the state commission for the blind. All of the business operations under this law, however, shall be subject to regular audits by the state auditor. (1945, c. 72, s. 2.)

§ 111-28.1. Commission authorized to cooperate with federal government in rehabilitation of blind.—The North Carolina state commission for the blind is hereby authorized and empowered to make the necessary rules and regulations to cooperate with the federal government in the furtherance of the provisions of the act of congress known as the Barden-Rehabilitation Act (Volume fifty-seven, United States Statutes at Large, chapter one hundred and ninety) providing for the rehabilitation of the blind. (1945, c. 72, s. 1.)

§ 111-30. Appointment of guardians for certain blind persons.—If any indigent blind person, who is receiving any moneys available to the needy blind, is unable to manage his own affairs, and this fact is brought to the attention of the clerk of the superior court of the county where said indigent blind person resides by petition of a relative of said blind person, or other interested person, or by the chairman of the county commissioners or by the state commission for the blind, it shall be the duty of the clerk to set a day for hearing the facts in the matter and to notify all interested persons. The indigent blind person shall be present at the hearing in person, or by representation, and the clerk of the superior court shall inquire into his condition. The hearing and inquiry shall be conducted in the manner provided by the general guardianship laws of North Carolina. If, after the hearing, the clerk finds that such indigent blind person is unable to manage his own affairs, it shall be the duty of the clerk to appoint some discreet and solvent person to act as guardian for said indigent blind person to whom said moneys may be paid. No bond shall be required of, or fee paid to, the guardian where the amount of money received does not exceed fifty dollars ($50.00) per month. Such person so designated shall use and faithfully apply said moneys for the sole benefit and maintenance of such indigent blind person. The person so designated shall give a receipt to the officer disbursing said moneys and the clerk, in his discretion, may require such person to render a periodic account of the expenditure of such moneys. (1945, c. 72, s. 4.)

Chapter 112. Confederate Homes and Pensions.

Art. 1. Confederate Woman's Home.

§ 112-1. Incorporation and powers of association.—Julian S. Carr, John H. Thorp, Robert H. Ricks, Robert H. Bradley, E. R. Preston, Simon B. Taylor, Joseph F. Spainhour, A. D. McGill, M. Leslie Davis, T. T. Thorne, and W. A. Grier, together with their successors in office, are constituted a body politic and corporate under the name and style of Confederate Woman's Home Association, and by that name may sue and be sued, purchase, hold and sell real and personal property, and have all the powers and enjoy all the privileges of a charitable corporation under the law enabling them to establish, maintain, and govern a home for the deserving wives, daughters and widows of North Carolina Confederate Soldiers: Provided, however, no such daughters of North Carolina Confederate Soldiers shall be admitted to said home after January 1, 1953.

The corporation may solicit and receive donations in money or property for the purpose of obtaining a site on which to erect its buildings, for equipping, furnishing and maintaining them, or for any other purpose whatsoever; and said corporation may invest its funds to constitute an endowment fund. Said corporation shall have a corporate existence until January 1, 1960. It shall also have the power to solicit and receive donations for the purpose of aiding indigent Confederate women at their homes in the various counties of the state, and shall have all powers necessary to this end. (1913, c. 62, s. 1; 1949, c. 121; C. S. 5134.)

Editor's Note.—The 1949 amendment rewrote the last few lines of the first paragraph, and substituted "until January 1, 1960" for the words "for forty years" in the second sentence of the second paragraph.

Art. 2. Pensions.

§ 112-17: Repealed by Session Laws 1945, c. 699, s. 2.

Editor's Note.—
The repealing act was made effective as of Dec. 31, 1944.

§ 112-18. Classification of pensions for soldiers and widows.

§ 113-59. Cooperation between counties and state in forest fire protection.—The board of county commissioners of any county are hereby authorized and empowered to coöperate with the department of conservation and development in the protection from fire of the forests within their respective counties, and to appropriate and pay out of the funds under their control such amount as is provided in § 113-54. The devices, instruments, weapons, craft, and vehicles so seized shall be delivered to the sheriff of the county in which such offense is committed, or placed under said sheriff's constructive possession, if delivery of actual possession is impracticable; and the same shall be held by said sheriff pending the trial of the person or persons arrested for any of the offenses herein mentioned; and upon conviction of such person or persons of any of said offenses, the court may in its discretion, and subject to the rights of any third person in the property seized, adjudge the property so seized forfeited, and order the same sold in the manner provided by law for the sale of personal property under execution; the net proceeds of such sale shall be paid into the school fund of said county as other fines and forfeitures; the forfeiture and sale of such property when ordered shall be in addition to such fine or imprisonment as may be imposed by the court.

After the trial, any weapon or device so seized shall be returned to the owner thereof unless the offense shall be one of the offenses mentioned in subsection (f) hereof, in which case the same may be returned to the owner thereof in such manner as the court may direct, unless the same be adjudged forfeited and ordered sold by the court upon conviction of the owner thereof for one of the offenses mentioned in said subsection (f) hereof.

(h) Whenever any devices, instruments, weapons, air or water craft, or vehicles are seized and placed in the possession of the sheriff pursuant to subsections (f) or (g) of this section, any person who establishes ownership in any such property to the satisfaction of the court or the sheriff shall be entitled to possession of the same upon furnishing the sheriff a bond in the amount of the value of such property, as fixed by the sheriff, conditioned on such person's producing such property in court on the day of the trial for the offense with respect to which such property was seized. (1935, c. 486, s. 8; 1949, c. 489.)

Editor's Note.—The 1949 amendment struck out of subsection (d) the former provision relating to seizure and confiscation of devices illegally used in taking wild birds or animals, and rewrote the sentence of subsection (e) relating to return of seized devices to acquitted persons. Subsections (f), (g) and (h) are new with the amendment. As the rest of the section was not affected by the amendment only subsections (d) through (h) are set out.

Any lands and waters acquired as above provided are to be used for the propagation of game birds, game animals and fish for public hunting and fishing.

(1945, c. 617; 1949, c. 1203, s. 1.)

Editor's Note.—The 1945 amendment made changes in the fees specified under the heading "License Fees" and in the paragraph following such heading. It also added the proviso at the end of the paragraph and struck out a former proviso relating to Northampton county. The 1949 amendment rewrote the latter part of the second paragraph. As the last two paragraphs were not affected by the amendments they are not set out.

For temporary act authorizing resident members of armed forces to hunt without license, see Session Laws 1945, c. 647.

Use of Unexpended Funds.—Session Laws 1949, c. 1203, s. 3, provides that fifty per cent of the fund which has heretofore accumulated for the purchase, lease, development, and management of lands and waters, pursuant to §§ 113-95 and 113-144, and remains unexpended, may be expended by the North Carolina wildlife resources commission, in its discretion, to expand, enlarge and make more effective the work of the education and enforcement divisions of the commission.

§ 113-104. Manner of taking game.—No person shall at any time of the year take in any manner, number, or quantity any wild bird or wild animal, or take the nests or eggs of any wild bird, or possess, buy, sell, offer or expose for sale, or transport at any time or in any manner any such bird, animal, or part thereof, or any birds' nests or eggs, except as permitted by this article; the possession of any game animals, or game birds or part of such animals or game birds, except those expressly permitted by the board, in any hotel, restaurant, café, market or store, or by any produce dealer in this state shall be prima facie evidence of the possession thereof for the purpose of sale in violation of the provisions of this article; but this provision shall not be construed to prohibit the person lawfully obtaining game from having it prepared in a public eating place and served to himself and guest: Provided, however, that for the purpose of this article any person hiring another to kill aforesaid game animals or game birds and receiving same shall be deemed buying same, and subject to the penalties of this article. Game birds and game animals shall be taken only in the daytime, between sunrise and sunset with a shot gun not larger than number ten (10) gauge, or a rifle, unless otherwise specifically permitted by this article. No person shall take any game animals or game birds or migratory game birds from any automobile, or by aid of or with the use of any jack-light, or other artificial light, net, trap, snare, fire, salt-lick or poison; nor shall any such jack-light, net, trap, snare, fire, salt-lick or poison be used or set to take any animals or birds; nor shall birds or animals be taken at any time from an airplane, power boat, sail boat, or any boat under sail, or any floating device towed by a power boat or sail boat or, during the hours between sunset and sunrise, from any other floating device; nor shall any person take any dove, wild turkey, or upland game bird on any field, or in any cover in which corn, wheat, or other grain has been deposited for the purpose of drawing such birds thereto. However, it shall be lawful to use an artificial light when hunting raccoons or opossum with dogs, or when hunting frogs. A person may take game birds and wild animals during the open season therefor with the aid of dogs, unless specifically prohibited by this article. It shall be lawful for individuals and organized field trial clubs or associations for the protection of game, to run trials or train dogs at any time: Provided, that no shot gun be used and that no game birds or game animals shall be taken during the closed season by reason thereof. The board shall have, and is hereby given, full power and authority to make regulations defining the manner of taking fur-bearing animals and to prohibit the use of steel traps in any county or districts of the state when it shall appear necessary and advisable to the said board. Any person who shall cut down den trees in taking game or fur-bearing animals shall be guilty of a misdemeanor. (1949, c. 1205, s. 3.)

Editor's Note.—The 1949 amendment made changes in the first paragraph by inserting the words "at any time" in the provision prohibiting the taking of birds or animals from an airplane, etc., and added to said provision the following words: "or, during the hours between sunset and sunrise, from any other floating device." It also made lawful the use of an artificial light when hunting raccoons, opossum, or frogs. As the second and third paragraphs were not changed, they are not set out.

§ 113-109. Punishment for violation of article.—Any person who takes, possesses, transports, buys, sells, offers for sale or has in possession for sale or transportation any wild bird, animal, or part thereof, or nest or egg of any bird, in violation of any of the provisions of this article, or who violates any other provisions of this article, or fails

And in all cases of conviction under this section, the court in which such conviction is had shall revoke any hunting license then held by the person so convicted, and the court shall require the surrender of said license, which shall be forwarded together with the record of such conviction to the board. Such revocation of license shall be mandatory for the remainder of the period for which the license was issued. Any person who shall swear or affirm to any false statement in any application for a hunting license shall be deemed guilty of perjury and on conviction shall be subject to the punishment provided for in the crime of perjury.

Any person who takes or attempts to take deer between sunset and sunrise with the aid of a spotlight or other artificial light on any highway or in any field, woodland, or forest, in violation of this article shall upon conviction be fined not less than one hundred dollars ($100.00) or imprisoned for not less than sixty (60) days or both fined and imprisoned in the discretion of the court. The following acts or circumstances shall constitute prima facie evidence of a violation of provisions of the preceding sentence: The flashing or display of any artificial light or device from any highway or public or private driveway so that the beam thereof is visible for a distance of as much as fifty (50) feet from such highway or public or private driveway, or such flashing or display of such artificial light or device at any place off such highway or driveway when such acts or circumstances are accompanied by the possession of firearms or bow and arrow during the hours between sunset and sunrise. Editor's Note.—The 1945 amendment increased the license tax in each instance.

§ 113-172. Discharge of deleterious matter into waters prohibited.

Section Is Unconstitutional.—The proviso of this section exempting corporations chartered prior to 4 March, 1915, from the proscription against emptying into streams of the state deleterious or poisonous substances inimical to fish, creates a distinction having no relation to the evil sought to be remedied and renders the statute unconstitutional for failure to apply alike to all corporations or persons similarly situated. State v. Glidden Co., 228 N. C. 664, 46 S. E. (2d) 860.

However, the contention that this section is offensive to the constitution in that without due process of law it deprives or may deprive any person of property rights is not well taken. No matter how long the practice of polluting the waters by waste products from mining or manufacturing has been practiced, there is no proscription against the state when it sees fit to remedy the evil. Art. 16A. Development of Oyster and Other Bivalve Resources.

§ 113-216.1. Statement of purpose.—The purpose of this article is to authorize the department of conservation and development, through the division of commercial fisheries, to manage, restore, develop, cultivate, conserve, and rehabilitate the oyster, clam, scallop, and other bivalve resources in the waters of Eastern North Carolina by qualified, specialized personnel. (1947, c. 1000, s. 1.)

§ 113-216.2. Powers of board of conservation and development; oyster rehabilitation program.—I. II. The board of conservation and development is authorized and empowered to adopt rules and regulations to enforce the provisions of this article and to carry out its true purpose and intent, and in particular, dealing with and controlling the following subjects:

A. To limit the number of bushels of marketable oysters which may be taken from public beds in any one day and the number, weight, and size of dredges, but no one boat may take more than seventy-five (75) bushels in one day.

B. To close any or all portions of the public oyster beds when it is determined that such action will be beneficial to the shellfish industry or for the protection and propagation of oysters or because of prevailing marketing conditions.

1. A tax not exceeding eight cents (8c) per bushel on oysters.

2. An annual license of fifteen dollars ($15.00) on each oyster dredge boat.

D. To require persons dredging oysters from public beds to obtain a license and to deny the issuance of licenses to nonresidents, or to boats owned by nonresidents, or on which a lien is held by a nonresident.

E. To regulate, control, or prohibit the importation of new species of mollusks such as the Pacific oyster, Ostrea gigas.

F. To regulate, control, or prohibit the shipment of oysters in the shell out of the state of North Carolina and the sale of the oysters in the shell for shipment out of the state. If the board permits the sale of such oysters to nonresidents or for the purpose of shipment out of the state the purchasers shall pay a tax of fifty cents (50c) per bushel in addition to any other tax or fee levied. (1947, c. 1000, s. 2.)

§ 113-216.3. Appropriation for use by division of commercial fisheries.—There is hereby appropriated out of the general fund of the state to the department of conservation and development, for the use and benefit of the division of commercial fisheries, the sum of one hundred thousand dollars ($100,000.00) to serve as a revolving fund to carry out the provisions of this article; and any portions of said fund remaining unexpended at the end of any fiscal year shall be carried over into the next fiscal year until otherwise directed by the general assembly of North Carolina. (1947, c. 1000, s. 3.)

§ 113-216.4. Use of proceeds from licenses, taxes and fees.—To make the program herein authorized self-supporting in so far as possible, all licenses, taxes, and fees imposed by this article or by other statutes applicable to shellfish shall be deposited with the state treasurer to be used solely to effectuate the purposes and requirements of this article. (1947, c. 1000, s. 4.)

Art. 21. Commercial Fin Fishing; General Regulations.

§ 113-238. § 113-242. Menhaden fishing forbidden to nonresidents.—It is unlawful for any person, firm, or corporation, not a citizen or resident of the state

of North Carolina, to catch, capture, or otherwise take any menhaden or fatbacks within the waters of the state of North Carolina to the extreme limits of the state's jurisdiction in and over said waters; and for the purpose of this section the following boundaries are hereby declared to be the boundaries to which the waters of the said state extended, to wit: a distance of three nautical miles, measured from the outer beach shores of the state of North Carolina out and into waters of the Atlantic ocean; and any portions or portion of any water within a distance of three nautical miles from said waters of the Atlantic ocean to any beach or shore of said state shall be deemed, for the purposes of this section, within the waters of said state: Provided, that any citizen or resident of the state of North Carolina, whether person, firm or corporation, may take, capture, or catch any menhaden or fatbacks at any time, subject to existing laws; provided, it shall be lawful for non-residents of the state to catch, or capture menhaden (fat-backs) from the waters of North Carolina, north of Cape Hatteras, on the payment to the commissioner of commercial fisheries of one dollar per ton on gross tonnage of such boats as they may operate and five dollars on each purse seine, licenses issued under this proviso to expire December thirty-first of each year.

§ 113-244. Poisoning streams.

Protection of Riparian Owners.—This section and § 113-287 were enacted, in part at least, for the protection of riparian owners and those similarly situated. Hampton v. North Carolina Pulp Co., 223 N. C. 535, 543, 27 S. E. (2d) 538.

In an action by plaintiff, a riparian proprietor on a navigable river, who was the owner of a long established fishery upon the shores of his property along such stream wherein it was alleged that plaintiff had suffered damages by the interference of defendant in polluting the waters of the river with toxic chemicals and other matter deleterious to fish life, discharged into said river as waste from defendant's recently established pulp mill, causing a public nuisance and seriously interrupting the migratory passage of fish, it was held error to sustain a demurrer to the complaint as not stating a cause of action. Art. 26. Marine Fisheries Compact and Commission.

§ 113-377.1. Atlantic states marine fisheries compact and commission.—The governor of this state is hereby authorized and directed to execute a compact on behalf of the state of North Carolina with any one or more of the states of Maine, New Hampshire, Massachusetts, Connecticut, Rhode Island, New York, New Jersey, Delaware, Maryland, Virginia, South Carolina, Georgia, and Florida and with such other states as may enter into the compact, legally joining therein in the form substantially as follows:

Atlantic States Marine Fisheries Compact

The contracting states solemnly agree:

Article I

The purpose of this compact is to promote the better utilization of the fisheries, marine, shell and anadromous, of the Atlantic seaboard by the development of a joint program for the promotion and protection of such fisheries, and by the prevention of the physical waste of the fisheries from any cause. It is not the purpose of this compact to authorize the states joining herein to limit the production of fish or fish products for the purpose of establishing or fixing the price thereof, or creating and perpetuating monopoly.

Article II

This agreement shall become operative immediately as to those states executing it whenever any two or more of the states of Maine, New Hampshire, Massachusetts, Rhode Island, Connecticut, New York, New Jersey, Delaware, Maryland, Virginia, South Carolina, North Carolina, Georgia and Florida have executed it in the form

that is in accordance with the laws of the executing state and the congress has given its consent. Any state contiguous with any of the aforementioned states and riparian upon waters frequented by anadromous fish, flowing into waters under the jurisdiction of any of the aforementioned states, may become a party hereto as hereinafter provided.

Article III

Each state joining herein shall appoint three representatives to a commission hereby constituted and designated as the Atlantic states marine fisheries commission. The board of the North Carolina department of conservation and development shall designate either the director of the department, the chairman of the committee on commercial fisheries, or the commissioner of commercial fisheries as one member of the commission, and the commission on interstate cooperation of the state shall designate a member of the North Carolina legislature as one of the members of said commission, and the third member of said commission, who shall be a citizen of the state having a knowledge of and interest in marine fisheries, shall be appointed by the governor. This commission shall be a body corporate, with the powers and duties set forth herein.

Article IV

The duty of the said commission shall be to make inquiry and ascertain from time to time such methods, practices, circumstances and conditions as may be disclosed for bringing about the conservation and the prevention of the depletion and physical waste of the fisheries, marine, shell and anadromous, of the Atlantic seaboard. The commission shall have power to recommend the coordination of the exercise of the police powers of the several states within their respective jurisdictions to promote the preservation of those fisheries and their protection against overfishing, waste, depletion or any abuse whatsoever and to assure a continuing yield from the fisheries resources of the aforementioned states.

To that end the commission shall draft and, after consultation with the advisory committee hereinafter authorized, recommend to the governors and legislatures of the various signatory states legislation dealing with the conservation of the marine, shell and anadromous fisheries of the Atlantic seaboard. The commission shall more than one month prior to any regular meeting of the legislature in any signatory state, present to the governor of the state its recommendations relating to enactments to be made by the legislature of that state in furthering the intents and purposes of this compact.

The commission shall consult with and advise the pertinent administrative agencies in the states party hereto with regard to problems connected with the fisheries and recommend the adoption of such regulations as it deems advisable.

The commission shall have power to recommend to the states party hereto the stocking of the waters of such states with fish and fish eggs, or joint stocking by some or all of the states party hereto, and when two or more of the states shall jointly stock waters the commission shall act as the coordinating agency for such stocking.

Article V

The commission shall elect from its number a chairman and a vice chairman and shall appoint and at its pleasure remove or discharge such officers and employees as may be required to carry the provisions of this compact into effect, and shall fix and determine their duties, qualifications and compensation. Said commission shall adopt rules and regulations for the conduct of its business. It may establish and maintain one or more offices for the transaction of its business and may meet at any time or place but must meet at least once a year.

Article VI

No action shall be taken by the commission in regard to its general affairs except by the affirmative vote of a majority of the whole number of compacting states present at any meeting. No recommendation shall be made by the commission in regard to any species of fish except by the affirmative vote of a majority of the compacting states which have an interest in such species. The commission shall define what shall be an interest.

Article VII

The fish and wildlife service of the department of the interior of the government of the United States shall act as the primary research agency of the Atlantic states marine fisheries commission, cooperating with the research agencies in each state for that purpose. Representatives of the said fish and wildlife service shall attend the meetings of the commission.

An advisory committee to be representative of the commercial fishermen and the salt water anglers and such other interests of each state as the commission deems advisable shall be established by the commission as soon as practicable for the purpose of advising the commission upon such recommendations as it may desire to make.

Article VIII

When any state other than those named specifically in Article II of this compact shall become a party thereto for the purpose of conserving its anadromous fish in accordance with the provisions of Article II the participation of such state in the action of the commission shall be limited to such species of anadromous fish.

Article IX

Nothing in this compact shall be construed to limit the powers of any signatory state or to repeal or prevent the enactment of any legislation or the enforcement of any requirement by any signatory state imposing additional conditions and restrictions to conserve its fisheries.

Article X

Continued absence of representation or of any representative on the commission from any state party hereto shall be brought to the attention of the governor thereof.

Article XI

The states party hereto agree to make annual appropriations to the support of the commission in proportion to the primary market value of the products of their fisheries, exclusive of cod and haddock, as recorded in the most recently published reports of the fish and wildlife service of the United States department of the interior, provided no state shall contribute less than two hundred dollars ($200.00) per annum and the annual

contribution of each state above the minimum shall be figured to the nearest one hundred dollars ($100.00).

The compacting states agree to appropriate initially the annual amounts scheduled below, which amounts are calculated in the manner set forth herein, on the basis of the catch record of 1938. Subsequent budgets shall be recommended by a majority of the commission and the cost thereof allocated equitably among the states in accordance with their respective interests and submitted to the compacting states.

Schedule of Initial Annual State Contributions

Maine	$ 700
New Hampshire	200
Massachusetts	2300
Rhode Island	300
Connecticut	400
New York	1300
New Jersey	800
Delaware	200
Maryland	700
Virginia	1300
North Carolina	600
South Carolina	200

Article XII

This compact shall continue in force and remain binding upon each compacting state until renounced by it. Renunciation of this compact must be preceded by sending six months' notice in writing of intention to withdraw from the compact to the other states party hereto. (1949, c. 1086, s. 1.)

§ 113-377.2. Amendment to compact to establish joint regulation of specific fisheries. — The governor is authorized to execute on behalf of the state of North Carolina an amendment to the compact set out in § 113-377.1 with any one or more of the states of Maine, New Hampshire, Massachusetts, Rhode Island, Connecticut, New York, New Jersey, Pennsylvania, Delaware, Maryland, Virginia, South Carolina, Georgia, and Florida or such other states as may become party to that compact for the purpose of permitting the states that ratify this amendment to establish joint regulation of specific fisheries common to those states through the Atlantic states marine fisheries commission and their representatives on that body. Notice of intention to withdraw from this amendment shall be executed and transmitted by the governor and shall be in accordance with Article XII of the Atlantic states marine fisheries compact and shall be effective as to this state with those states which similarly ratify this amendment. This amendment shall take effect as to this state with respect to such other of the aforesaid states as take similar action.

Amendment No. 1 of the Atlantic States Marine Fisheries Compact

The states consenting to this amendment agree that any two or more of them may designate the Atlantic states marine fisheries commission as a joint regulatory agency with such powers as they may jointly confer from time to time for the regulation of the fishing operations of the citizens and vessels of such designating states with respect to specific fisheries in which such states have a common interest. The representatives of such states on the Atlantic states marine fisheries commission shall constitute a separate section of such commission for the exercise of the additional powers so granted, provided that the states so acting shall appropriate additional funds for this purpose. The creation of such section as a joint regulatory agency shall not deprive the states participating therein of any of their privileges or powers or responsibilities in the Atlantic states marine fisheries commission under the general compact. (1949, c. 1086, s. 2.)

§ 113-377.3. North Carolina members of commission. — In pursuance of Article III of said compact there shall be three members (hereinafter called commissioners) of the Atlantic states marine fisheries commission (hereinafter called commission) from the state of North Carolina. The first commissioner from the state of North Carolina shall be either the director of the department of conservation and development, the chairman of the committee on commercial fisheries, or the commissioner of commercial fisheries of the state of North Carolina ex officio, and the term of any such ex officio commissioner shall terminate at the time he ceases to hold said office and his successor as commissioner shall be his successor as either the director of the department of conservation and development, the chairman of the committee on commercial fisheries, or the commission of commercial fisheries, as the case may be. The second commissioner from the state of North Carolina shall be a legislator and member of the commission on interstate cooperation of the state of North Carolina, ex officio, designated by said commission on interstate cooperation, and the term of any such ex officio commissioner shall terminate at the time he ceases to hold said legislative office or said office as commissioner on interstate cooperation, and his successor as commissioner shall be named in like manner. The governor (by and with the advice and consent of the senate) shall appoint a citizen as a third commissioner who shall have a knowledge of and interest in the marine fisheries problem. The term of said commissioner shall be three years and he shall hold office until his successor shall be appointed and qualified. Vacancies occurring in the office of such commissioner from any reason or cause shall be filled by appointment by the governor (by and with the advice and consent of the senate) for the unexpired term. The director of the department of conservation and development, the chairman of the committee on commercial fisheries, or the commissioner of commercial fisheries appointed pursuant to Article III as ex officio commissioner may delegate, from time to time, to any deputy or other subordinate in his department or office, the power to be present and participate, including voting, as his representative or substitute at any meeting of or hearing by or other proceeding of the commission. The terms of each of the initial three members shall begin at the date of the appointment of the appointive commissioner, provided the said compact shall then have gone into effect in accordance with Article II of the compact; otherwise they shall begin upon the date upon

which said compact shall become effective in accordance with said Article II.

Any commissioner may be removed from office by the governor upon charges and after a hearing. (1949, c. 1086, s. 3.)

§ 113-377.4. Powers of commission and commissioners.—There is hereby granted to the commission and the commissioners thereof all the powers provided for in the said compact and all the powers necessary or incidental to the carrying out of said compact in every particular. All officers of the state of North Carolina are hereby authorized and directed to do all things falling within their respective provinces and jurisdiction necessary or incidental to the carrying out of said compact in every particular; it being hereby declared to be the policy of the state of North Carolina to perform and carry out the said compact and to accomplish the purposes thereof. All officers, bureaus, departments and persons of and in the state government or administration of the state of North Carolina are hereby authorized and directed at convenient times and upon request of the said commission to furnish the said commission with information and data possessed by them or any of them and to aid said commission by loan of personnel or other means lying within their legal rights respectively. (1949, c. 1086, s. 4.)

§ 113-377.5. Powers herein granted to commission are supplemental. — Any powers herein granted to the commission shall be regarded as in aid of and supplemental to and in no case a limitation upon any of the powers vested in said commission by other laws of the state of North Carolina or by the laws of the states of Maine, New Hampshire, Massachusetts, Connecticut, Rhode Island, New York, New Jersey, Delaware, Maryland, Virginia, South Carolina, Georgia and Florida or by the congress or the terms of said compact. (1949, c. 1086, s. 5.)

§ 113-377.6. Report of commission to governor and legislature; recommendations for legislative action; examination of accounts and books by comptroller.—The commission shall keep accurate accounts of all receipts and disbursements and shall report to the governor and the legislature of the state of North Carolina on or before the tenth day of December in each year, setting forth in detail the transactions conducted by it during the twelve months preceding December 1st of that year and shall make recommendations for any legislative action deemed by it advisable, including amendments to the statutes of the state of North Carolina which may be necessary to carry out the intent and purposes of the compact between the signatory states.

The comptroller of the state of North Carolina is hereby authorized and empowered from time to time to examine the accounts and books of the commission, including its receipts, disbursements and such other items referring to its financial standing as such comptroller may deem proper and to report the results of such examination to the governor of such state. (1949, c. 1086, s. 6.)

§ 113-377.7. Appropriation by state; disbursement.—The sum of six hundred dollars ($600.00), or so much thereof as may be necessary, is hereby appropriated out of any moneys in the state treasury not otherwise appropriated, for the expenses of the commission created by the compact authorized by this article. The moneys hereby appropriated shall be paid out of the state treasury on the audit and warrant of the comptroller upon vouchers certified by the chairman of the commission in the manner prescribed by law. (1949, c. 1086, s. 7.)

SUBCHAPTER V. OIL AND GAS CONSERVATION.

Art. 27. Oil and Gas Conservation.

Part I. General Provisions.

§ 113-378. Persons drilling for oil or gas to register and furnish bond.—Any person, firm or corporation before making any drilling exploration in this state for oil or natural gas shall register with the department of conservation and development or such other state agency as may hereafter be established to control the conservation of oil or gas in this state. To provide for such registration, the drilling operator must furnish the name and address of such person, firm or corporation, and the location of the proposed drilling operations, and file with the aforesaid department of conservation and development a bond in the amount of two thousand five hundred dollars ($2,500.00) running to the state of North Carolina, conditioned that any well opened by the drilling operator upon abandonment shall be plugged in accordance with the rules and regulations of said department of conservation and development. (1945, c. 765, s. 2.)

§ 113-379. Filing log of drilling and development of each well.—Upon the completion or shutting down of any abandoned well, the drilling operator shall file with the department of conservation and development or other state agency, or with any division thereof hereinafter created for the regulation of drilling for oil or natural gas, a complete log of the drilling and development of each well. (1945, c. 765, s. 3.)

§ 113-380. Violation a misdemeanor.—Any person, firm or officer of a corporation violating any of the provisions of §§ 113-378 or 113-379 shall upon conviction thereof be guilty of a misdemeanor and shall be fined not less than five hundred dollars ($500.00) nor more than two thousand dollars ($2,000.00) and may in the discretion of the court be imprisoned for not more than two years. (1945, c. 765, s. 4.)

Part II. Provisions Dependent upon Action of Governor.

§ 113-381. Title.—This law shall be designated and known as the Oil and Gas Conservation Act. (1945, c. 702, s. 1.)

Editor's Note.—As to discussion of this act, see 23 N. C. Law Rev. 332.

§ 113-382. Declaration of policy.—If and when there should be discovered natural oil and/or natural gas within this state as a result of prospecting therefor by the drilling of wells, and where the discovery thereof in commercial quantities has been called to the attention of the governor and council of state, the governor shall there-

upon, with the advice of the council of state, proclaim and declare this law to be in full force and effect, and shall proceed with the necessary action to see that the provisions of this law are carried out.

The general assembly, in recognition of imminent evils that can occur in the production and use and waste thereof in the absence of coequal or correlative rights of owners of crude oil or natural gas in a common source of supply to produce and use the same, this law is enacted for the protection of public and private interests against such evils by prohibiting waste and compelling ratable production. (1945, c. 702, s. 2.)

§ 113-383. The successors of said members of said division shall be designated biennially by the governor. Any vacancies of said division may be filled by the governor. The said division shall designate one of its members, or such other person as it may select, to act as secretary thereof, unless a director of production and conservation is appointed as hereinafter provided. The members of the aforesaid petroleum division, other than the ex officio members thereof, shall receive the same per diem compensation for attending meetings thereof, and shall be allowed the same expenses, as are allowed to members of the board of conservation and development at meetings thereof. (1945, c. 702, s. 3.)

§ 113-384. Quorum.—A majority of said division shall constitute a quorum, and three affirmative votes shall be necessary for adoption or promulgation of any rules, regulations or orders. (1945, c. 702, s. 4.)

(1945, c. 702, s. 5.)

§ 113-386. Director of production and conservation and other employees; duties of secretary; attorney general to furnish legal services.—The division may with the approval of the governor appoint one director of production and conservation at a salary to be fixed by the governor, and such other assistants, petroleum and natural gas engineers, bookkeepers, auditors, gaugers and stenographers, and other employees as may be necessary properly to administer and enforce the provisions of this law.

The director of production and conservation, when appointed, shall be ex officio secretary of the division, and shall keep all minutes and records of said division and, in addition thereto, shall collect and remit to the state treasurer all moneys collected. He shall, as such secretary, give bond in such sum as the division may direct with corporate surety to be approved by the division, conditioned that he will well and truly account for all funds coming into his hands as such secretary.

The attorney general shall furnish the required legal services and shall be given such additional assistants as he may deem to be necessary therefor. (1945, c. 702, s. 6.)

§ 113-387. Production of crude oil and gas regulated; tax assessments.—All common sources of supply of crude oil discovered after January first, one thousand nine hundred and forty-five, if so found necessary by the division, shall have the production of oil therefrom controlled or regulated in accordance with the provisions of this law, and the division is hereby authorized to assess from time to time against each barrel of oil produced and saved a tax not to exceed five (5) mills on each barrel. All moneys so collected shall be used solely to pay the expenses and other costs in connection with the administration of this law.

All common sources of supply of natural gas discovered after January first, one thousand nine hundred and forty-five, if so found necessary by the division, shall have the production of gas therefrom controlled or regulated in accordance with the provisions of this law, and the division is hereby authorized to assess from time to time against each thousand cubic feet of gas produced and saved from a gas well a tax not to exceed one half (½) mill on each one thousand cubic feet of gas. All moneys so collected shall be used solely to pay the expenses and other costs in connection with the administration of this law. (1945, c. 702, s. 7.)

§ 113-388. Collection of assessments.—Any person purchasing oil or gas in this state at the well, under any contract or agreement requiring payment for such production to the respective owners thereof, in respect of which production any sums assessed under the provisions of § 113-387 are payable to the division, is hereby authorized, empowered and required to deduct from any sums so payable to any such person the amount due the division by virtue of any such assessment and remit that sum to the division.

Further, any person taking oil or gas from any well in this state for use or resale, in respect of which production any sums assessed under the provisions of § 113-387 are payable to the division, shall remit any sums so due to the division in accordance with those rules and regulations of the division which may be adopted in regard thereto. (1945, c. 702, s. 8.)

§ 113-389. Definitions.—Unless the context otherwise requires, the words defined in this section shall have the following meaning when found in this law:

(A) "Division" shall mean the "petroleum division," as created by this law.

(B) "Person" shall mean any natural person, corporation, association, partnership, receiver, trustee, guardian, executor, administrator, fiduciary or representative of any kind.

(C) "Oil" shall mean crude petroleum oil, and other hydrocarbons, regardless of gravity, which are produced at the well in liquid form by ordinary production methods, and which are not the result of condensation of gas after it leaves the reservoir.

(D) "Gas" shall mean all natural gas, including casinghead gas, and all other hydrocarbons not defined as oil in subsection "C" above.

(E) "Pool" shall mean an underground reservoir containing a common accumulation of crude petroleum oil or natural gas or both. Each zone of a general structure which is completely separated from the other zone in the structure is covered by the term "pool" as used herein.

(F) "Field" shall mean the general area which is underlaid or appears to be underlaid by at least one pool; and "field" shall include the underground reservoir or reservoirs containing crude petroleum oil or natural gas, or both. The words "field" and "pool" mean the same thing when only one underground reservoir is involved; "field," unlike "pool," may relate to two or more pools.

(G) "Owner" shall mean the person who has the right to drill into and to produce from any pool, and to appropriate the production either for himself or for himself and others.

(H) "Producer" shall mean the owner of a well or wells capable of producing oil or gas, or both.

(I) "Waste" in addition to its ordinary meaning, shall mean "physical waste" as that term is generally understood in the oil and gas industry. It shall include:

(1) The inefficient, excessive or improper use or dissipation of reservoir energy; and the locating, spacing, drilling, equipping, operating or producing of any oil or gas well or wells in a manner which results, or tends to result, in reducing inefficiently the quantity of oil or gas ultimately to be recovered from any pool in this state.

(2) The inefficient storing of oil, and the locating, spacing, drilling, equipping, operating or producing of any oil or gas well or wells in a manner causing, or tending to cause, unnecessary or excessive surface loss or destruction of oil or gas.

(3) Abuse of the correlative rights and opportunities of each owner of oil and gas in a common reservoir due to nonuniform, disproportionate, and unratable withdrawals causing undue drainage between tracts of land.

(4) Producing oil or gas in such manner as to cause unnecessary water channeling or coning.

(5) The operation of any oil well or wells with an inefficient gas-oil ratio.

(6) The drowning with water of any stratum or part thereof capable of producing oil or gas.

(7) Underground waste however caused and whether or not defined.

(8) The creation of unnecessary fire hazards.

(9) The escape into the open air, from a well producing both oil and gas, of gas in excess of the amount which is necessary in the efficient drilling or operation of the well.

(10) Permitting gas produced from a gas well to escape into the air.

(J) "Product" means any commodity made from oil or gas and shall include refined crude oil, crude tops, topped crude, processed crude petroleum, residue from crude petroleum, cracking stock, uncracked fuel oil, fuel oil, treated crude oil, residuum, gas oil, casing-head gasoline, natural gas gasoline, naphtha, distillate, gasoline, kersone, benzine, wash oil, waste oil, blended gasoline, lubricating oil, blends or mixtures of oil with one or more liquid products or by-products derived from oil or gas, and blends or mixtures of two or more liquid products or by-products derived from oil gas, whether hereinabove enumerated or not.

(K) "Illegal oil" shall mean oil which has been produced within the state of North Carolina from any well during any time that that well has produced in excess of the amount allowed by rule, regulation or order of the division, as distinguished from oil produced within the state of North Carolina from a well not producing in excess of the amount so allowed, which is "legal oil."

(L) "Illegal gas" shall mean gas which has been produced within the state of North Carolina from any well during any time that well has produced in excess of the amount allowed by any rule, regulation or order of the division, as distinguished from gas produced within the state of North Carolina from a well not producing in excess of the amount so allowed, which is "legal gas."

(M) "Illegal product" shall mean any product of oil or gas, any part of which was processed or derived, in whole or in part, from illegal oil or illegal gas or from any product thereof, as distinguished from "legal product," which is a product processed or derived to no extent from illegal oil or illegal gas.

(N) "Tender" shall mean a permit or certificate of clearance for the transportation of oil, gas or products, approved and issued or registered under the authority of the division. (1945, c. 702, s. 9.)

§ 113-390. Waste prohibited.—Waste of oil or gas as defined in this law is hereby prohibited. (1945, c. 702, s. 10.)

§ 113-391. Jurisdiction and authority of petroleum division; rules, regulations and orders.—The division shall have jurisdiction and authority of and over all persons and property necessary to administer and enforce effectively the provisions of this law and all other laws relating to the conservation of oil and gas.

The division shall have the authority and it shall be its duty to make such inquiries as it may think proper to determine whether or not waste over which it has jurisdiction exists or is imminent. In the exercise of such power the division shall have the authority to collect data; to make investigations and inspections; to examine properties, leases, papers, books and records; to examine, check, test and gauge oil and gas wells, tanks, refineries, and means of transportation; to hold hearings; and to provide for the keeping of records and the making of reports; and to take such action as may be reasonably necessary to enforce this law.

The division shall have authority to make, after hearing and notice as hereinafter provided, such reasonable rules, regulations and orders as may be necessary from time to time in the proper administration and enforcement of this law, including rules, regulations or orders for the following purposes:

A. To require the drilling, casing and plugging of wells to be done in such maner as to prevent

the escape of oil or gas out of one stratum to another; to prevent the intrusion of water into an oil or gas stratum from a separate stratum; to prevent the pollution of fresh water supplies by oil, gas or salt water; and to require reasonable bond condition for the performance of the duty to plug each dry or abandoned well.

B. To require directional surveys upon application of any owner who has reason to believe that a well or wells of others has or have been drilled into the lands owned by him or held by him under lease. In the event such surveys are required, the costs thereof shall be borne by the owners making the request.

C. To require the making of reports showing the location of oil and gas wells, and the filing of logs and drilling records.

D. To prevent the drowning by water of any stratum or part thereof capable of producing oil or gas in paying quantities, and to prevent the premature and irregular encroachment of water which reduces, or tends to reduce, the total ultimate recovery of oil or gas from any pool.

E. To require the operation of wells with efficient gas-oil ratios, and to fix such ratios.

F. To prevent "blow-outs," "caving" and "seepage" in the sense that conditions indicated by such terms are generally understood in the oil and gas business.

G. To prevent fires.

H. To identify the ownership of all oil or gas wells, producing leases, refineries, tanks, plants, structures and all storage and transportation equipment and facilities.

I. To regulate the "shooting," perforating, and chemical treatment of wells.

J. To regulate secondary recovery methods, including the introduction of gas, air, water or other substances into producing formations.

K. To limit and prorate the production of oil or gas, or both, from any pool or field for the prevention of waste as herein defined.

L. To require, either generally or in or from particular areas, certificates of clearance or tenders in connection with the transportation of oil or gas.

M. To regulate the spacing of wells and to establish drilling units.

N. To prevent, so far as is practicable, reasonably avoidable drainage from each developed unit which is not equalized by counter-drainage.

O. To prevent where necessary the use of gas for the manufacture of carbon black. (1945, c. 702, s. 11.)

§ 113-392. Protecting pool owners; drilling units in pools; location of wells; shares in pools.—A. Whether or not the total production from a pool be limited or prorated, no rule, regulation or order of the division shall be such in terms or effect (1) that it shall be necessary at any time for the producer from, or the owner of, a tract of land in the pool, in order that he may obtain such tract's just and equitable share of the production of such pool, as such share is set forth in this section, to drill and operate any well or wells on such tract in addition to such well or wells as can produce without waste such share, or (2) as to occasion net drainage from a tract unless there be drilled and operated upon such tract a well or wells in addition to such well or wells thereon as can produce without waste such tract's just and equitable share, as set forth in this section, of the production of such pool.

B. For the prevention of waste and to avoid the augmenting and accumulation of risks arising from the drilling of an excessive number of wells, the division shall, after a hearing, establish a drilling unit or units for each pool. The division may establish drainage units of uniform size for the entire pool or may, if the facts so justify, divide into zones any pool, establish a drainage unit for each zone, which unit may differ in size from that established in any other zone; and the division may from time to time, if the facts so justify, change the size of the unit established for the entire pool or for any zone or zones, or part thereof, establishing new zones and units if the facts justify their establishment.

C. Each well permitted to be drilled upon any drilling unit shall be drilled approximately in the center thereof, with such exception as may reasonably be necessary where it is shown, after notice and upon hearing, and the division finds that the unit is partly outside the pool or, for some other reason, a well approximately in the center of the unit would be nonproductive or where topographical conditions are such as to make the drilling approximately in the center of the unit unduly burdensome. Whenever an exception is granted, the division shall take such action as will offset any advantage which the person securing the exception may have over producers by reason of the drilling of the well as an exception, and so that drainage from developed units to the tract with respect to which the exception is granted will be prevented or minimized and the producer of the well drilled as an exception will be allowed to produce no more than his just and equitable share of the oil and gas in the pool, as such share is set forth in this section.

D. Subject to the reasonable requirements for prevention of waste, a producer's just and equitable share of the oil and gas in the pool (also sometimes referred to as a tract's just and equitable share) is that part of the authorized production for the pool (whether it be the total which could be produced without any restriction on the amount of production, or whether it be an amount less than that which the pool could produce if no restriction on the amount were imposed) which is substantially in the proportion that the quantity of recoverable oil and gas in the developed area of his tract in the pool bears to the recoverable oil and gas in the total developed area of the pool, in so far as these amounts can be ascertained practically; and to that end, the rules, regulations, permits and orders of the division shall be such as will prevent or minimize reasonably avoidable net drainage from each developed unit (that is, drainage which is not equalized by counter-drainage), and will give to each producer the opportunity to use his just and equitable share of the reservoir energy. (1945, c. 702, s. 12.)

§ 113-393. Development of lands as drilling unit by agreement or order of division.—A. Integration of Interests and Shares in Drilling Unit.—When two or more separately owned tracts of land are embraced within an established drilling unit, the

owners thereof may agree validly to integrate their interests and to develop their lands as a drilling unit. Where, however, such owners have not agreed to integrate their interests, the division shall, for the prevention of waste or to avoid drilling of unnecessary wells, require such owners to do so and to develop their lands as a drilling unit. All orders requiring such integration shall be made after notice and hearing, and shall be upon terms and conditions that are just and reasonable, and will afford to the owner of each tract the opportunity to recover or receive his just and equitable share of the oil and gas in the pool without unnecessary expense, and will prevent or minimize reasonably avoidable drainage from each developed unit which is not equalized by counter-drainage. The portion of the production allocated to the owner of each tract included in a drilling unit formed by an integration order shall, when produced, be considered as if it had been produced from such tract by a well drilled thereon.

In the event such integration is required, and provided also that after due notice to all the owners of tracts within such drilling unit of the creation of such drilling unit, and provided further that the division has received no protest thereto, or request for hearing thereon, whether or not ten days have elapsed after notice has been given of the creation of the drilling unit, the operator designated by the division to develop and operate the integrated unit shall have the right to charge to each other interested owner the actual expenditures required for such purpose not in excess of what are reasonable, including a reasonable charge for supervision, and the operator shall have the right to receive the first production from the well drilled by him thereon, which otherwise would be delivered or paid to the other parties jointly interested in the drilling of the well, so that the amount due by each of them for his shares of the expense of drilling, equipping, and operating the well may be paid to the operator of the well out of production, with the value of the production calculated at the market price in the field at the time such production is received by the operator or placed to his credit. After being reimbursed for the actual expenditures for drilling and equipping and operating expenses incurred during the drilling operations and until the operator is reimbursed, the operator shall thereafter pay to the owner of each tract within the pool his ratable share of the production calculated at the market price in the field at the time of such production less the reasonable expense of operating the well. In the event of any dispute relative to such costs, the division shall determine the proper costs.

B. When Each Owner May Drill.—Should the owners of separate tracts embraced within a drilling unit fail to agree upon the integration of the tracts and the drilling of a well on the unit, and should it be established that the division is without authority to require integration as provided for in subdivision A of this section, then, subject to all other applicable provisions of this law, the owner of each tract embraced within the drilling unit may drill on his tract, but the allowable production from each tract shall be such proportion of the allowable for the full drilling unit as the area of such separately owned tract bears to the full drilling unit.

C. Cooperative Development Not in Restraint of Trade.—Agreements made in the interests of conservation of oil or gas, or both, or for the prevention of waste, between and among owners or operators, or both, owning separate holdings in the same oil or gas pool, or in any area that appears from geological or other data to be underlaid by a common accumulation of oil or gas, or both, or between and among such owners or operators, or both, and royalty owners therein, of a pool or area, or any part thereof, as a unit for establishing and carrying out a plan for the cooperative development and operation thereof, when such agreements are approved by the division, are hereby authorized and shall not be held or construed to violate any of the statutes of this state relating to trusts, monopolies, or contracts and combinations in restraining of trade.

D. Variation from Vertical.—Whenever the division fixes the location of any well or wells on the surface, the point at which the maximum penetration of such wells into the producing formation is reached shall not unreasonably vary from the vertical drawn from the center of the hole at the surface, provided, that the division shall prescribe rules, regulations and orders governing the reasonableness of such variation. (1945, c. 702, s. 13.)

§ 113-394. Limitations on production; allocating and prorating "allowables."—A. Whenever the total amount of oil, including condensate, which all the pools in the state can produce, exceeds the amount reasonably required to meet the reasonable market demand for oil, including condensate, produced in this state, then the division shall limit the total amount of oil, including condensate, which may be produced in the state by fixing an amount which shall be designated "allowable" for this state, which will not exceed the reasonable market demand for oil, including condensate, produced in this state. The division shall then allocate or distribute the "allowable" for the state among the pools on a reasonable basis and in such manner as to avoid undue discrimination, and so that waste will be prevented. In allocating the "allowable" for the state, and in fixing "allowables" for pools producing oil or hydrocarbons forming condensate, or both oil and such hydrocarbons, the division shall take into account the producing conditions and other relevant facts with respect to such pools, including the separate needs for oil, gas and condensate, and shall formulate rules setting forth standards or a program for the distribution of the "allowable" for the state, and shall distribute the "allowable" for the state in accordance with such standards or program, and where conditions in one pool or area are substantially similar to those in another pool or area, then the same standards or program shall be applied to such pools and areas so that as far as practicable a uniform program will be followed; provided, however, the division shall permit the production of a sufficient amount of natural gas from any pool to supply adequately the reasonable market demand for such gas for light and fuel purposes if such production can be obtained without waste, and the condensate "allowable" for such pool shall not be less than the total amount of condensate produced or obtained in connection with

the production of the gas "allowable" for light and fuel purposes, and provided further that, if the amount allocated to pool as its share of the "allowable" for the state is in excess of the amount which the pool should produce to prevent waste, then the division shall fix the "allowable" for the pool so that waste will be prevented.

B. The division shall not be required to determine the reasonable market demand applicable to any single pool except in relation to all pools producing oil of similar kind and quality and in relation to the demand applicable to the state, and in relation to the effect of limiting the production of pools in the state. In allocating "allowables" to pools, the division shall not be bound by nominations or desires of purchasers to purchase oil from particular fields or areas, and the division shall allocate the "allowable" for the state in such manner as will prevent undue discrimination against any pool or area in favor of another or others which would result from selective buying or nominating by purchasers of oil, as such term "selective buying or nominating" is understood in the oil business.

C. Whenever the division limits the total amount of oil or gas which may be produced in any pool in this state to an amount less than that which the pool could produce if no restrictions were imposed (which limitation may be imposed either incidental to, or without, a limitation of the total amount of oil or gas which may be produced in the state), the division shall prorate or distribute the "allowable" production among the producers in the pool on a reasonable basis, and so that each producer will have the opportunity to produce or receive his just and equitable share, as such share is set forth in subsection I of section nine of this law [§ 113-392, subsec. D], subject to the reasonable necessities for the prevention of waste.

D. Whenever the total amount of gas which can be produced from any pool in this state exceeds the amount of gas reasonably required to meet the reasonable market demand therefrom, the division shall limit the total amount of gas which may be produced from such pool. The division shall then allocate or distribute the allowable production among the developed areas in the pool on a reasonable basis, so that each producer will have the opportunity to produce his just and equitable share, as such share is set forth in subsection one of section nine of this law whether the restriction for the pool as a whole is accomplished by order or by the automatic operation of the prohibitory provisions of this law [§ 113-392, subsec. D]. As far as applicable, the provisions of subsection A of this section shall be followed in allocating any "allowable" of gas for the state.

E. After the effective date of any rule, regulation, or order of the division fixing the "allowable" production of oil or gas, or both, or condensate, no person shall produce from any well, lease, or property more than the "allowable" production which is fixed, nor shall such amount be produced in a different manner than that which may be authorized. (1945, c. 702, s. 14.)

Editor's Note.—Subsections C and D of this section refer to "subsection I" and "subsection one" of section nine. Apparently the reference should have been to subsection D of section twelve, codified herein as § 113-392.

§ 113-395. Notice and payment of fee to division before drilling or abandoning well; plugging abandoned well.—Before any well, in search of oil or gas, shall be drilled, the person desiring to drill the same shall notify the division upon such form as it may prescribe and shall pay a fee of fifty dollars ($50.00) for each well. The drilling of any well is hereby prohibited until such notice is given and such fee has been paid and permit granted.

Each abandoned well and each dry hole promptly shall be plugged in the manner and within the time required by regulations to be prescribed by the division, and the owner of such well shall give notice, upon such form as the division may prescribe, of the abandonment of each dry hole and of the owner's intention to abandon, and shall pay a fee of fifteen dollars ($15.00). No well shall be abandoned until such notice has been given and such fee has been paid. (1945, c. 702, s. 15.)

§ 113-396. Wells to be kept under control.—In order to protect further the natural gas fields and oil fields in this state, it is hereby declared to be unlawful for any person to permit negligently any gas or oil well to go wild or to get out of control. The owner of any such well shall, after twenty-four (24) hours' written notice by the division given to him or to the person in possession of such well, make reasonable effort to control such well.

In the event of the failure of the owner of such well within twenty-four (24) hours after service of the notice above provided for, to control the same, if such can be done within the period, or to begin in good faith upon service of such notice, operations to control such well, or upon failure to prosecute diligently such operations, then the division shall have the right to take charge of the work of controlling such well, and it shall have the right to proceed, through its own agents or by contract with a responsible contractor, to control the well or otherwise to prevent the escape or loss of gas or oil from such well all at the reasonable expense of the owner of the well. In order to secure to the division the payment of the reasonable cost and expense of controlling or plugging such well, the division shall retain the possession of the same and shall be entitled to receive and retain the rents, revenues and incomes therefrom until the costs and expenses incurred by the division shall be repaid. When all such costs and expenses have been repaid, the division shall restore possession of such well to the owner; provided, that in the event the income received by the division shall not be sufficient to reimburse the division as provided for in this section, the division shall have a lien or privilege upon all of the property of the owner of such well, except such as is exempt by law, and the division shall proceed to enforce such lien or privilege by suit brought in any court of competent jurisdiction, the same as any other civil action, and the judgment so obtained shall be executed in the same manner now provided by law for execution of judgments. Any excess over the amount due the division which the property seized and sold may bring, after payment of court costs, shall be paid over to the owner of such well. (1945, c. 702, s. 16.)

§ 113-397. Hearing before division; notice; rules, regulations or orders; public records and copies as evidence.—A. The division shall pre-

scribe its rules of order or procedure in hearings or other proceedings before it under this law, but in all hearings the rules of evidence as established by law shall be applied; provided, however, that the procedure before the division shall be summary.

B. No rule, regulation or order, including change, renewal, or extension thereof, shall, in the absence of an emergency, be made by the division under the provisions of this law except after a public hearing upon at least seven days' notice given in such form as may be prescribed by the division. Such public hearing shall be held at such time, place, and in such manner as may be prescribed by the division, and any person having any interest in the subject matter of the hearing shall be entitled to be heard.

C. In the event an emergency is found to exist by the division which in its judgment requires the making, changing, renewal or extension of a rule, regulation or order without first having a hearing, such emergency rule, regulation or order shall have the same validity as if a hearing with respect to the same had been held after due notice. The emergency rule, regulation or order permitted by this section shall remain in force no longer than ten days from its effective date, and, in any event, it shall expire when the rule, regulation or order made after due notice and hearing with respect to the subject matter of such emergency rule, regulation or order becomes effective.

D. Should the division elect to give notice by personal service, such service may be made by any officer authorized to serve process or by any agent of the division in the same manner as is provided by law for the service of summons in civil actions in the superior courts of this state. Proof of the service by such agent shall be by the affidavit of the person making personal service.

E. All rules, regulations and orders made by the division shall be in writing and shall be entered in full by the director of production and conservation in a book to be kept for such purpose by the division, which book shall be a public record and be open to inspection at all times during reasonable office hours. A copy of such rule, regulation or order, certified by such director of production and conservation, shall be received in evidence in all courts of this state with the same effect as the original.

F. Any interested person shall have the right to have the division call a hearing for the purpose of taking action in respect of any matter within the jurisdiction of the division by making a request therefor in writing. Upon the receipt of any such request, the division shall promptly call a hearing thereon, and, after such hearing, and with all convenient speed and in any event within thirty days after the conclusion of such hearing, shall take such action with regard to the subject matter thereof as it may deem appropriate. (1945, c. 702, s. 17.)

§ 113-398. Procedure and powers in hearings by division.—In the exercise and enforcement of its jurisdiction, the said division is authorized to summon witnesses, administer oaths, make ancillary orders and require the production of records and books for the purpose of examination at any hearing or investigation conducted by it. In connection with the exercise and enforcement of its jurisdiction, the division shall also have the right and authority to certify as for contempt, to the court of any county having jurisdiction, violations by any person of any of the provisions of this article or of the rules, regulations or orders of the division, and if it be found by said court that such person has knowingly and wilfully violated same, then such person shall be punished as for contempt in the same manner and to the same extent and with like effect as if said contempt had been of an order, judgment or decree of the court to which said certification is made. (1945, c. 702, s. 18.)

§ 113-399. Suits by division.—The said division shall have the right to maintain an action in any court of competent jurisdiction within this state to enforce by injunction, mandatory injunction, and any other appropriate or legal or equitable remedy, any valid rule, order or regulation made by the division or promulgated under the provisions of this article, and said court shall have the authority to make and render such judgments, orders and decrees as may be proper to enforce any such rules, orders and regulations made and promulgated by the division. (1945, c. 702, s. 19.)

§ 113-400. Assessing costs of hearings.—The said division is hereby authorized and directed to tax and assess against the parties involved in any hearing the costs incurred therein. (1945, c. 702, s. 20.)

§ 113-401. Party to hearings; review.—The term "party" as used in this article shall include any person, firm, corporation or association. In proceedings for review of an order or decision of said division, the division shall have all rights and privileges granted by this article to any other party to such proceedings. (1945, c. 702, s. 21.)

§ 113-402. Rehearings.—Any party being dissatisfied with any order or decision of the said division may, within ten (10) days from the date of the service of such order or decision, apply for a rehearing in respect to any matter determined therein; the application shall be granted or denied by the division within ten (10) days from the date same shall be filed, and if the rehearing be not granted within (10) ten days, it shall be taken as denied. If a rehearing be granted, the matter shall be determined by the division within thirty (30) days after the same shall be submitted. No cause of action arising out of any order or decision of the division shall accrue in any court to any party unless such party makes application for a rehearing as herein provided. Such application shall set forth specifically the ground or grounds on which the applicant considers such order or decision to be unlawful or unreasonable. No party shall, in any court, urge or rely upon any ground not set forth in said application. An order made after a rehearing, abrogating, changing or modifying the original order or decision, shall have the same force and effect as an original order. (1945, c. 702, s. 22.)

§ 113-403. Application for court review; copy served on director who shall notify parties.—Within thirty (30) days after the application for a rehearing is denied, or if the application is granted, then within thirty (30) days after the rendition of the decision on rehearing, the applicant may apply

to the court of the county in which the order of the division is to become effective for a review of such order or decision; if the order of the division is to become effective in more than one county, the application for review shall be filed in the office of the clerk of the superior court of the county mentioned above, and shall specifically state the grounds for review upon which the applicant relies and shall designate the order or decision sought to be reviewed. The clerk of the superior court shall immediately send a certified copy thereof, by registered mail, to the director of production and conservation. The director shall immediately notify all parties who appeared in the proceedings before the division by registered mail, that such application for review has been filed. (1945, c. 702, s. 23.)

§ 113-404. Transcript transmitted to clerk of superior court; scope of review; procedure in superior court and upon appeal to supreme court.—The director of production and conservation, upon receipt of said copy of the application for review, shall forthwith transmit to the clerk of the superior court in which the application has been filed, a certified transcript of all pleadings, applications, proceedings, orders or decisions of the division and of the evidence heard by the division on the hearings of the matter or cause; provided, that the parties, with the consent and approval of the division, may stipulate in writing that only certain portions of the record be transcribed. Said proceedings for review shall be for the purpose of having the lawfulness or reasonableness of the original order or decision, or the order or decision on rehearing, inquired into and determined, and the superior court hearing said cause shall have the power to vacate or set aside such order or decision on the ground that such order or decision is unlawful or unreasonable. After the said transcript shall be filed in the office of the clerk of the superior court of the county in which the application is filed, the judge of said superior court may, on his motion, or on application of any parties interested therein, make an order fixing a time for the filing of abstracts and briefs and shall fix a day for the hearing of such cause. All proceedings under this section shall have precedence in any court in which they may be pending, and the hearing of the cause shall be by the court without the intervention of a jury. An appeal shall lie to the supreme court of this state from orders, judgments and decisions made by the superior court. The procedure upon the trial of such proceedings in the superior court and upon appeal to the supreme court of this state shall be the same as in other civil actions, except as herein provided. No court of this state shall have power to set aside, modify or vacate any order or decision of the division except as herein provided. (1945, c. 702, s. 24.)

§ 113-405. Introduction of new or additional evidence in superior court; hearing of additional material evidence by division.—No new or additional evidence may be introduced upon the trial of any proceedings for review under the provisions of this article, but the cause shall be heard upon the questions of fact and law presented by the evidence and exhibits introduced before the division and certified to it: Provided, that if it shall be shown to the satisfaction of the court that any party to said proceeding has additional material evidence which could not, by the exercise of due diligence, have been produced at the hearing before the division, or which for some good reason it was prevented from producing at such hearing, or if upon the trial of the proceeding the court shall find that the division has erroneously refused to admit or consider material evidence offered by any party at the hearing before the division, the court may, in its discretion, stay the proceedings and make an order directing the division to hear and consider such evidence. In such cases, it shall be the duty of the division immediately to hear and consider such evidence and make an order modifying, setting aside or affirming its former decision. The division after hearing and considering such additional evidence shall vacate, modify, or affirm its decision and a transcript of the additional evidence and the order or decision of the division shall be certified and forwarded to the clerk of the superior court in which such proceeding is pending and said superior court shall on the motion of any interested party, order the trial to proceed upon the transcript as supplemented, so as to enable the court to properly determine if the order or decision of the division as originally made or as modified is in any respect unlawful or unreasonable. (1945, c. 702, sec. 25.)

§ 113-406. Effect of pendency of review; stay of proceedings.—The filing or pendency of the application for review provided for in this article shall not in itself stay or suspend the operation of any order or decision of the division, but, during the pendency of such proceeding the court, in its discretion, may stay or suspend, in whole or in part, the operation of the order or decision of the division. No order so staying or suspending an order or decision of the division shall be made by any court of this state otherwise than on five (5) days' notice and, after a hearing, and if a stay or suspension is allowed the order granting the same shall contain a specific finding, based upon evidence submitted to the court and identified by reference thereto, that great or irreparable damage would otherwise result to the petitioner and specifying the nature of the damage. (1945, c. 702, s. 26.)

§ 113-407. Stay bond.—In case the order or decision of the division is stayed or suspended, the order or judgment of the court shall not become effective until a bond shall have been executed and filed with and approved by the court, payable to the division, sufficient in amount and security to secure the prompt payment, by the party petitioning for the stay, of all damages caused by the delay in the enforcement of the order or decision of the division. (1945, c. 702, s. 27.)

§ 113-408. Enjoining violation of laws and regulations; service of process; application for drilling well to include residence address of applicant.—Whenever it shall appear that any person is violating, or threatening to violate, any statute of this state with respect to the conservation of oil or gas, or both, or any provision of this law, or any rule, regulation or order made thereunder by any act done in the operation of any well producing oil or gas, or by omitting any act required to be done thereunder, the division, through the attorney general, may bring suit against such person in the

superior court in the county in which the well in question is located, to restrain such person or persons from continuing such violation or from carrying out the threat of violation. In such suit the division may obtain injunctions, prohibitory and mandatory, including temporary restraining orders and temporary injunctions, as the facts may warrant, including, when appropriate, an injunction restraining any person from moving or disposing of illegal oil, illegal gas or illegal product, and any or all such commodities may be ordered to be impounded or placed under the control of an agent appointed by the court if, in the judgment of the court, such action is advisable.

If any such defendant cannot be personally served with summons in that county, personal jurisdiction of that defendant in such suit may be obtained by service made on any employee or agent of that defendant working on or about the oil or gas well involved in such suit, and by the division mailing a copy of the complaint in the action to the defendant at the address of the defendant then recorded with the director of production and conservation.

Each application for the drilling of a well in search of oil or gas in this state shall include the address of the residence of the applicant or each applicant, which address shall be the address of each person involved in accordance with the records of the director of production and conservation, until such address is changed on the records of the division after written request. (1945, c. 702, s. 28.)

§ 113-409. Punishment for making false entries, etc.—Any person who, for the purpose of evading this law, or of evading any rule, regulation, or order made thereunder, shall intentionally make or cause to be made any false entry or statement of fact in any report required to be made by this law or by any rule, regulation, or order made hereunder; or who, for such purpose, shall make or cause to be made any false entry in any account, record, or memorandum kept by any person in connection with the provisions of this law or of any rule, regulation or order made thereunder; or who, for such purpose, shall omit to make, or cause to be omitted, full, true and correct entries in such accounts, records, or memoranda, of all facts and transactions pertaining to the interest or activities in the petroleum industry of such person as may be required by the division under authority given in this law or by any rule, regulation, or order made hereunder; or who, for such purpose shall remove out of the jurisdiction of the state, or who shall mutilate, alter, or by any other means falsify, any book, record, or other paper, pertaining to the transactions regulated by this law, or by any rule, regulations, or order made hereunder, shall be deemed guilty of a misdemeanor and shall be subject, upon conviction in any court of competent jurisdiction, to a fine of not more than five hundred ($500.00) dollars, or imprisonment for a term of not more than six months, or both such fine and imprisonment. (1945, c. 702, s. 29.)

§ 113-410. Penalties for other violations.—Any person who knowingly and wilfully violates any provision of this law, or any rule, regulation, or order of the division made hereunder, shall, in the event a penalty for such violation is not otherwise provided for herein, be subject to a penalty of not to exceed one thousand dollars ($1,000.00) a day for each and every day of such violation, and for each and every act of violation, such penalty to be recovered in a suit in the superior court of the county where the defendant resides, or in the county of the residence of any defendant if there be more than one defendant, or in the superior court of the county where the violation took place. The place of suit shall be selected by the division, and such suit, by direction of the division, shall be instituted and conducted in the name of the division by the attorney general. The payment of any penalty as provided for herein shall not have the effect of changing illegal oil into legal oil, illegal gas into legal gas, or illegal product into legal product, nor shall such payment have the effect of authorizing the sale or purchase or acquisition, or the transportation, refining, processing, or handling in any other way, of such illegal oil, illegal gas or illegal product, but, to the contrary, penalty shall be imposed for each prohibited transaction relating to such illegal oil, illegal gas or illegal product.

Any person knowingly and wilfully aiding or abetting any other person in the violation of any statute of this state relating to the conservation of oil or gas, or the violation of any provision of this law, or any rule, regulation, or order made thereunder, shall be subject to the same penalties as prescribed herein for the violation by such other person. (1945, c. 702, s. 30.)

§ 113-411. Dealing in or handling of illegal oil, gas or product prohibited.—A. The sale, purchase or acquisition, or the transportation, refining, processing or handling in any other way of illegal oil, illegal gas or illegal product is hereby prohibited. All persons purchasing any petroleum product must first be licensed to do so by the petroleum division.

B. Unless and until the division provides for certificates of clearance or tenders, or some other method, so that any person may have an opportunity to determine whether any contemplated transaction of sale, purchase or acquisiton, or transportation, refining, processing or handling in any other way, involves illegal oil, illegal gas or illegal product, no penalty shall be imposed for the sale, purchase or acquisition, or the transportation, refining, processing or handling in any other way of illegal oil, illegal gas or illegal product, except under circumstances hereinafter stated. Penalties shall be imposed for the commission of each transaction prohibited in this section when the person committing the same knows that illegal oil, illegal gas or illegal product is involved in such transaction, or when such person could have known or determined such fact by the exercise of reasonable diligence or from facts within his knowledge. However, regardless of lack of actual notice or knowledge, penalties as provided in this law shall apply to any sale, purchase or acquisition, and to the transportation, refining, processing or handling in any other way, of illegal oil, illegal gas or illegal product, where administrative provision is made for identifying the character of the commodity as to its legality. It shall likewise be a violation for which penalties shall be imposed for

any person to sell, purchase or acquire, or to transport, refine, process or handle in any other way any oil, gas or any product without complying with any rule, regulation or order of the division relating thereto. (1945, c. 702, s. 31.)

§ 113-412. Seizure and sale of contraband oil, gas and product.—Apart from, and in addition to, any other remedy or procedure which may be available to the division, or any penalty which may be sought against or imposed upon any person with respect to violations relating to illegal oil, illegal gas, or illegal product, all illegal oil, illegal gas and illegal product shall, except under such circumstances as are stated herein, be contraband and shall be seized and sold, and the proceeds applied as herein provided. Such sale shall not take place unless the court shall find, in the proceeding provided for in this paragraph, that the commodity involved is contraband. Whenever the division believes that illegal oil, illegal gas or illegal product is subject to seizure and sale, as provided herein, it shall, through the attorney general, have issued a warrant of attachment and bring a civil action in rem for that purpose in the superior court of the county where the commodity is found, or the action may be maintained in connection with any suit or crossbill for injunction or for penalty relating to any prohibited transaction involving such illegal oil, illegal gas or illegal product. Any interested person who may show himself to be adversely affected by any such seizure and sale shall have the right to intervene in such suit to protect his rights.

The action referred to above shall be strictly in rem and shall proceed in the name of the state as plaintiff against the illegal oil, illegal gas or illegal product mentioned in the complaint, as defendant, and no bond or bonds shall be required of the plaintiff in connection therewith. Upon the filing of the complaint, the clerk of the court shall issue a summons directed to the sheriff of the county, or to such other officer or person as the court may authorize to serve process, requiring him to summon any and all persons (without undertaking to name them) who may be interested in the illegal oil, illegal gas, or illegal product mentioned in the complaint to appear and answer within thirty days after the issuance and service of such summons. The summons shall contain the style and number of the suit and a very brief statement of the nature of the cause of action. It shall be served by posting one copy thereof at the courthouse door of the county where the commodity involved in the suit is alleged to be located and by posting another copy thereof near the place where the commodity is alleged to be located. Copy of such summons shall be posted at least five days before the return day stated therein, and the posting of such copy shall constitute constructive possession of such commodity by the state. A copy of the summons shall also be published once each week for four weeks in some newspaper published in the county where the suit is pending and having a bona fide circulation therein. No judgment shall be pronounced by any court condemning such commodity as contraband until after the lapse of five days from the last publication of said summons. Proof of service of said summons, and the manner thereof, shall be as provided by general law.

Where it appears by a verified pleading on the part of the plaintiff, or by affidavit, or affidavits, or by oral testimony, that grounds for the seizure and sale exist, the clerk, in addition to the summons or warning order, shall issue a warrant of attachment, which shall be signed by the clerk and bear the seal of the court. Such warrant of attachment shall specifically describe the illegal oil, illegal gas or illegal product, so that the same may be identified with a reasonable certainty. It shall direct the sheriff to whom it is addressed to take into his custody, actual or constructive, the illegal oil, illegal gas or illegal product, described therein, and to hold the same subject to the orders of the court. Said warrant of attachment shall be executed as a writ of attachment is executed. No bond shall be required before the issuance of such warrant of attachment, and the sheriff shall be responsible upon his official bond for the proper execution thereof.

In a proper case, the court may direct the sheriff to deliver the custody of any illegal oil, illegal gas or illegal product seized by him under a warrant of attachment, to a commissioner to be appointed by the court, which commissioner shall act as the agent of the court and shall give bond with such approved surety as the court may direct, conditioned that he will faithfully conserve such illegal oil, illegal gas or illegal product, as may come into his custody and possession in accordance with the orders of the court; provided, that the court may in its discretion appoint any member of the division or any agent of the division as such commissioner of the court.

Sales of illegal oil, illegal gas or illegal product seized under the authority of this law, and notices of such sales, shall be in accordance with the laws of this state relating to the sale and disposition of attached property; provided, however, that where the property is in custody of a commissioner of the court, the sale shall be held by said commissioner and not by the sheriff. For his services hereunder, such commissioner shall receive a reasonable fee to be paid out of the proceeds of the sale or sales to be fixed by the court ordering such sale.

The court may order that the commodity be sold in specified lots or portions, and at specified intervals, instead of being sold at one time. Title to the amount sold shall pass as of the date of the law which is found by the court to make the commodity contraband. The judgment shall provide for payment of the proceeds of the sale into the general fund of the state treasurer, after first deducting the costs in connection with the proceedings and the sale. The amount sold shall be treated as legal oil, legal gas or legal product, as the case may be, in the hands of the purchaser, but the purchaser and the commodity shall be subject to all applicable laws, and rules, regulations and orders with respect to further sale or purchase or acquisition, and with respect to the transportation, refining, processing, or handling in any other way, of the commodity purchased.

Nothing in this section shall deny or abridge any cause of action a royalty owner, or a lien holder, or any other claimant, may have, because of the forfeiture of the illegal oil, illegal gas, or illegal product, against the person whose act resulted in such forfeiture. No illegal oil, illegal gas

or illegal product shall be sold for less than the average market value at the time of sale of similar products of like grade and character. (1945, c. 702, s. 32.)

§ 113-413. Funds for administration.—If the governor shall proclaim and declare this law to be in full force and effect prior to March first, one thousand nine hundred and forty-seven, the funds necessary for the administration of this law shall be provided by the governor from the contingency and emergency fund. (1945, c. 702, s. 33.)

§ 113-414. Filing list of renewed leases in office of register of deeds.—On December thirty-first of each year, or within ten days thereafter, every person, firm or corporation holding petroleum leases shall file in the office of the register of deeds of the county within which the land covered by such leases is located, a list showing the leases which have been renewed for the ensuing year. (1945, c. 702, s. 34.)

See § 115-31.7, par. 8.

§ 115-25.1. Revolving fund for counties receiving federal aid for school lunches.

1. Fund Provided for.—In order that the school administrative units of the state may participate in grants in aid and allotments in kind made by the federal government to provide low cost lunches for the school children of the state and in order that funds may be made quickly available to supply the casual deficits incurred by the school administrative units of the state while waiting payments of claims filed for approved federal aid the director of the budget is authorized to advance out of the general fund of this state a sum not exceeding three hundred thousand dollars ($300,000.00) to be used as a revolving special fund by the state board of education to pay the counties of the state the amount of requisitions for funds approved by the state board of education that have been expended for school lunches in the schools of the counties and in the city school administrative units within the counties. These funds so advanced shall be returned to the general fund at the close of each school year.

2. Counties to Give Liens on Federal Funds.—The county boards of education and the tax levying authorities of the counties of the state are hereby authorized and required to give the state board of education liens on all federal funds received by the state board of education for payment to counties and in anticipation of which advances have been made to these counties by the state board of education.

3. Period for Advancement of Funds.—No advancement of funds shall be made to any county of the state for a longer period than that of the approved federal application on the basis of which the advancement of funds was made; provided, no funds shall be advanced to any county or city administrative school unit to cover the amount of the reimbursement due the school unit by the federal government covering the last month's lunch room operation in any school year. This period is construed to mean until final payment is made on the approved application.

4. Counties Authorized to Pledge Their Credit.—Since moneys advanced under the provisions of this section are for the purpose of supplying casual deficits incurred in anticipation of funds that have been approved for payment by the federal government upon the submission of properly prepared requisitions, it is the intent and purpose of the general assembly to authorize the counties of the state to pledge their faith and credit in accordance with section four of article V, of the constitution of the state of North Carolina.

5. Regulations.—Rules and regulations for advancing funds to the counties of the state under the provisions of this section and in addition to those recited in this section may be made by the state board of education.

6. Restrictions.—The advancement of funds to the counties of the state by the state board of education shall be made only to those counties receiving part payment of the cost of school lunches from the federal government. Should the federal government withdraw aid from the school lunch program or if for any reason the counties of the state do not participate in federal aid to school lunches or if changes are made in the distribution of federal funds for school lunches that make it unnecessary for further advances to be made to the counties of the state, all funds advanced under the provisions of this section shall be returned to the general fund of this state. (1945, c. 777.)

§ 115-31.24. Inspections of insured public school properties.—The state board of education shall provide for periodic inspections of all public school properties in the state of North Carolina insured under the provisions hereof, the said inspections to be made by persons trained in making inspections for safety of buildings and particularly school buildings, against the loss or damage from fire and explosions. The inspections shall be the basis for offering such engineering advice as may be thought necessary to safeguard the children in the public schools from death and injury from school fires or explosions and to protect said school properties from loss, and the local school authorities shall be required, so far as possible, and reasonable, to carry out and put into effect such recommendations in respect thereto as may be made by the state board of education. (1949, c. 1182, s. 4.)

§ 115-31.25. Information to be furnished prior to insuring in the fund; providing for payment of premiums.—Governing boards of city and county administrative units shall at least thirty days before insuring in "the fund", furnish to the state board of education a complete and detailed list of all school buildings and contents thereof and other insurable school property, together with an estimate of the present value of the said property. Valuation for purposes of insuring in "the fund" shall be reached by agreement in accordance with the procedure hereinafter set up in § 115-31.27 for adjustment of losses. Each governing board of city and county administrative units and the tax levying authorities shall be required to provide for the payment of premiums for insurance on the school properties of each unit, respectively, to the extent of not less than seventy-five per cent (75%) of the present value of the said properties, including the insurance in fire insurance companies and the insurance provided by "the fund" as set out herein. (1949, c. 1182, s. 5.)

§ 115-31.26. Determination and adjustment of premium rates; certificate as to insurance carried; no lapsation; notice as to premiums required, and payment thereof. — The state board of education shall as soon as practical determine the annual premium rate to be charged for insurance of school properties as herein provided, which said rate shall not, however, be in excess of the rates fixed by law for insurance of such properties in effect on May 31st, 1948, and such rates shall be adjusted from time to time so as to provide insurance against damage or loss resulting from fires, lightning, windstorm, hail or explosions resulting from defects in equipment in public school buildings and properties for the local school units at the lowest cost possible in keeping with the payment of cost of administration of this article and the creation of adequate reserves to pay losses which may be incurred. The state board of edu-

cation shall furnish to each county and city administrative unit annually and, at such times as changes may require, a certificate showing the amount of insurance carried on each item of insurable property. The said insurance shall not lapse but shall remain in force until such property shall be abandoned for use as school property. From time to time the local school authorities shall be notified as to the amount of the premiums required to be paid for said insurance and the amounts thereof shall be provided for in the annual budget of such schools. The tax levying authorities shall provide by taxation or otherwise a sum sufficient to pay the required premiums thereon.

The local school authorities shall within thirty (30) days from notice thereof, pay to the state board of education the premiums on such insurance, and in the event that there are no funds on hand at such time with which to make said payment, the same shall be paid out of the first funds available to such school board. Delayed payments shall bear interest at the rate of six per cent (6%) per annum. (1949, c. 1182, s. 6.)

§ 115-31.27. Adjustment of losses; determination and report of appraisers; payment of amounts to treasurers of local units; disbursement of funds.—In the event of loss or damage by fire, lightning, windstorm, hail, or explosions resulting from defects in equipment in public school buildings and properties for the local school units, "the fund" shall pay the loss in the same proportion as the amount of insurance carried bore to the valuation of the property at the time it was insured, but not exceeding the amount which it would cost to repair or replace the property with material of like quality within a reasonable time after such loss, not in excess of the amount of insurance provided for said property, and not in excess of the amount of such loss which "the fund" is required to pay in participation with fire insurance companies having policies of insurance in force on said properties at the time of the loss or damage, and "the fund" shall not be liable for a greater proportion of any loss than the amount of insurance thereon shall bear to the whole insurance covering the property against the peril involved.

In the event of loss or damage by fire, lightning, windstorm, hail, or explosions resulting from defects in equipment in public school buildings and properties for the local school units, to the property insured, when an agreement as to the extent of such loss or damage cannot be arrived at between the state board of education and the local officials having charge of the said property, the amount of such loss or damage shall be determined by three appraisers; one to be named by the state board of education; one by the local governing board having charge of the property, and the two so appointed shall select a third—all of whom shall be disinterested persons, and qualified from experience to appraise and value such property. The appraisers so named shall file their written report with the state board of education, and with the local governing board having such property in charge. The costs of the appraisal shall be paid by "the fund". When approved by the state board of education, the amount of such loss or damage to school property in the control of the county administrative unit shall be paid to the county treasurer, and the amount of loss or damage to property of a city administrative unit shall be paid to the treasurer of said unit upon proper warrant of the state board of education. Said funds shall be paid out by the treasury of said units, as provided by this chapter for the disbursement of the funds of such unit. (1949, c. 1182, s. 7.)

§ 115-31.28. Operating expenses.—There is hereby appropriated to "the fund", to be expended by the state board of education for costs of operation under this article for the period of the next biennium, the sum of fifty thousand dollars ($50,000.00), but such additional necessary cost of operation shall be paid from "the fund" and thereafter all the costs of the operation of the said fund shall be provided from the premiums charged to the local school boards for insurance carried by "the fund" and earnings of "the fund" from investments thereof. (1949, c. 1182, s. 8.)

§ 115-31.29. Maintenance of inspection and engineering service; cancellation of insurance.—The state board of education is authorized and empowered to maintain an inspection and engineering service deemed by it appropriate and necessary to reduce the hazards of fire in public school buildings insured in "the fund", as hereinbefore provided, and to expend for such purpose not in excess of ten per cent (10%) of the annual premiums collected from the local school authorities. The state board of education is hereby authorized and empowered to cancel any insurance on any school property when, in its opinion, because of dilapidation and depreciation such property is no longer insurable. Before cancellation, the local school board shall be given at least thirty (30) days' notice, and in the event said property can be restored to insurable condition, the state board of education may make such orders with respect to the continuance of such coverage as may be deemed proper. (1949, c. 1182, s. 9.)

§ 115-31.30. Rules and regulations.—The state board of education is hereby authorized and empowered to adopt all such rules and regulations providing for the details for insurance of public school properties in "the fund" as in their opinion are necessary for effectuating the purposes of this article. (1949, c. 1182, s. 10.)

Said tax shall be collected as all other taxes in the county are collected and shall be paid by the sheriff or tax collector to the treasurer of the said school district to be used exclusively for providing adequate quarters and for equipment and for the maintenance of said kindergarten department.

Art. 10. Erection, Repair and Equipment of School Buildings.

§ 115-83. Provisions for school buildings and equipment.

County Commissioners to Determine What Expenditures Shall Be Made.—The board of commissioners of the county, and not the board of education is charged with the duty to determine what expenditures shall be made for the erection, repair and equipment of school buildings in the county. Johnson v. Marrow, 228 N. C. 58, 61, 44 S. E. (2d) 468.

The control of the board of county commissioners over the expenditure of funds for the erection, repair and equipment of school buildings by the board of county commissioners, will not be construed so as to interfere with the exclusive control of the schools vested in the county board of education or the trustees of an administrative unit. Atkins v. McAden, 229 N. C. 752, 51 S. E. (2d) 484.

All Expenditures Must Be Authorized.—All expenditures for the construction, repair and equipment of school buildings in a county must be authorized by the board of county commissioners, acting in good faith, pursuant to statutory and constitutional authority. Atkins v. McAden, 229 N. C. 752, 51 S. E. (2d) 484.

Commissioners May Reallocate Proceeds of Bond Issue.—A bond order issued under § 153-78 set out in detail the estimates and projects for which the funds were proposed to be used in discharge of the constitutional requirement of a six months' school term within the municipal administrative unit. It was held that § 153-107 did not preclude the board of county commissioners, upon its finding, after investigation, of changed conditions, from reallocating the proceeds of bonds to different projects upon further finding, after investigation provided for in § 115-83, that such reallocation of the funds was necessary to effectuate the purpose of the bond issue. Atkins v. McAden, 229 N. C. 752, 51 S. E. (2d) 484.

§ 115-85. Acquisition of sites.

The question of changing the location of a schoolhouse, as well as the selection of a site for a new one, is vested in the sound discretion of the school authorities, and their action cannot be restrained by the courts, unless it is in violation of some provision of the law, or the authorities have been influenced by improper motives, or there has been a manifest abuse of discretion on their part. Atkins v. McAden, 229 N. C. 752, 51 S. E. (2d) 484.

§ 115-91. Duty of board to provide equipment for school buildings.—It is the duty of the county board of education or the board of trustees of a city administrative unit to provide suitable supplies for school buildings under its jurisdiction, such as window shades, fuel, chalk, erasers, blackboards, and other necessary supplies, and to provide public schools with reference books, library, maps and equipment for teaching science, and the teachers and principal shall be held responsible for the proper care of the same during the school term. (1923, c. 136, s. 66; 1945, c. 970, s. 2; C. S. 5474.)

Editor's Note.—The 1945 amendment substituted "public schools" for "standard high schools" in line seven.

SUBCHAPTER IV. COUNTY SUPERINTENDENTS' POWERS, DUTIES AND RESPONSIBILITIES.

Art. 13. Duty of County Superintendent Toward Committeemen, Teachers and Principals.

§ 115-116. Holding teachers' meetings. — The county superintendent shall hold each year such teachers' meetings as in his judgment will improve the efficiency of the instruction in school. He may, with the cooperation of the supervisors or principals, outline reading courses for teachers and organize the teachers into special study groups.

If a superintendent shall fail to advise with his teachers and to provide for the professional growth of his teachers while in service, the state superintendent shall notify the county board of education, and, after due notice, if he shall fail to perform his duties in this respect, either the county board of education may remove him from

office or the state board of education may revoke his certificate. (1923, c. 136, s. 106; 1947, c. 1077, s. 5; C. S. 5512.)

Editor's Note.—The 1947 amendment struck out the words "and, if necessary, not exceeding three school days may be set apart for this purpose" formerly appearing at the end of the first paragraph.

SUBCHAPTER VI. TEACHERS AND PRINCIPALS.

Art. 16. Their Powers, Duties and Responsibilities.

§ 115-140. Health certificate required for teachers and other school personnel.—Any person serving as county superintendent, city superintendent, principal, teacher, or any other employee in the public schools of the state, shall file in the office of the county or city superintendent each year, before assuming his or her duties, a certificate from the county physician, health officer, or other reputable physician, certifying that the said person does not have tuberculosis in the communicable form, or other communicable disease, or any disease, physical or mental, which would impair the ability of the said person to perform effectively his or her duties.

The examining physician shall make the aforesaid certificate on an examination form supplied by the state superintendent of public instruction. The certificate shall be issued only after a physical examination has been made at the time of the certification, and such examination shall be in accordance with rules and regulations adopted by the state superintendent of public instruction, with the approval of the state health officer, and such rules and regulations may include the requirement of an X-ray chest examination.

Any person violating any of the provisions of this section shall be guilty of a misdemeanor and subject to a fine or imprisonment in the discretion of the court.

It shall be the duty of the county or city superintendent of the school in which the person is employed to enforce the provisions of this section. (1923, c. 136, s. 159; 1947, c. 387; C. S. 5556.)

Editor's Note.—The 1947 amendment rewrote this section.

SUBCHAPTER VII. REVENUE FOR THE PUBLIC SCHOOLS.

Art. 20. The Treasurer: His Powers, Duties and Responsibilities in Disbursing School Funds.

§ 115-165. Treasurer of school funds. — (1) County School Administrative Unit.—The county treasurer of each county shall be the treasurer of all county school funds and school district funds of county school administrative units. He shall receive and disburse all such school funds and shall keep the same separate and distinct from all other funds.

Before entering upon the duties of his office, the county treasurer shall furnish bond in some surety company authorized to do business in North Carolina in an amount to be fixed by the board of county commissioners, which bond shall be a separate bond, not including liability for other funds, and shall be conditioned for the faithful performance of his duties as treasurer of the county school funds and school district funds of the county administrative unit and for the payment to his successor in office of any unexpended balance of school moneys which may be in his hands. The board of county commissioners may from time to time, if necessary, require him to strengthen his bond.

In all counties in which the office of county treasurer has been abolished as authorized by General Statutes, § 155-3, or when by any other law a bank or trust company has been substituted therefor, such bank or trust company shall act as treasurer and depository of all county school funds and school district funds; provided, however, that such bank or trust company acting as treasurer of county school funds and district school funds shall not be required to maintain the system of bookkeeping and accounting imposed upon the county treasurer by General Statutes, § 155-7, but the duty and responsibility of keeping and maintaining the accounting system as to county and district school funds shall be the duty and responsibility of the county accountant or county auditor serving as such under the provisions of General Statutes, § 153-15; and, provided further, that nothing contained in this section shall relieve the superintendent of any county administrative unit from maintaining such accounting system and furnishing such reports as are now or may hereinafter be imposed upon him by law.

(2) City School Administrative Unit. — Unless otherwise provided by law, the board of trustees of a city administrative unit shall appoint a treasurer of all the school funds of such city administrative unit. The treasurer so appointed shall continue to fill such position at the will of the board of trustees of such city administrative unit. No person authorized to make the expenditures or draw vouchers therefor, or to approve the same, shall act as treasurer of such funds.

Before entering upon the duties of his office, the treasurer of such city administrative unit shall file with the trustees of such administrative unit a good and sufficient bond with surety by some surety company authorized to do business in North Carolina in an amount to be fixed by the board of trustees of such administrative unit, which shall be a separate bond, not including liability for any other funds, and shall be conditioned for the faithful performance of the duties of treasurer of the city administrative unit school funds and for the proper accounting for all such funds as may come into his possession by virtue of his office as treasurer and for payment to his successor in office of any unexpended balance of school moneys which may be in his hands.

The treasurer of city administrative unit school funds is hereby required to maintain and keep, with respect to said funds, like records and accounts and make such reports with respect to said funds as herein provided to be made, kept, and maintained by the treasurer of county and district school funds of county administrative units.

(3) Special Funds of Individual Schools.—The county board of education of all county administrative units and the board of trustees of all city administrative units shall, by proper resolution duly recorded, appoint a treasurer of all special school funds for each school in the respective administrative unit. In all individual schools a complete record shall be kept by the treasurer so

appointed and reports made of all money received and from what source and of all money disbursed and for what purpose; provided, however, that nothing in this subsection (3) shall prevent the handling of these special school funds under subsection (1) and subsection (2) of this section. The treasurer of all special funds so appointed and the principal of each school shall make a monthly report, and such other reports as may be required, to the superintendent of the administrative unit wherein such individual school is located, showing the status of each special school fund, upon forms to be supplied for that purpose. (1923, c. 136, s. 193; 1949, c. 1082, s. 1; C. S. 5614.)

Editor's Note.—The 1949 amendment rewrote this section.

§ 115-168. County board of education to have accounts of the board of education and the county treasurer of the public school fund audited.

Local Modification.—Currituck: 1945, c. 898.

SUBCHAPTER VIII. LOCAL TAX ELECTIONS FOR SCHOOLS.

Art. 22. School Districts Authorized to Vote Local Taxes.

§ 115-189. Levy and collection of taxes. — In case a majority of those who shall vote thereon shall vote at the election in favor of the tax, it shall be annually levied and collected in the manner prescribed for the levy and collection of other taxes, and the maximum rate so voted shall be levied, unless the county board of education or board of trustees shall request a levy at a lower rate, in which event the rate requested shall be levied and collected; and the superintendent of schools and the officer in charge of tax records shall keep records in their respective offices showing the valuation of the property, real and personal, in the district or unit, the rate of tax authorized annually to be levied, and the amount annually derived from the local tax, and it shall be illegal for any part of the local tax fund to be used for any purpose other than to supplement the funds for a nine months school term in the district or unit. (1923, c. 136, s. 222; 1943, c. 255, s. 2; 1949, c. 918, s. 1; C. S. 5642.)

Editor's Note.—Prior to the 1949 amendment this section referred to "a majority of the qualified voters" instead of to "a majority of those who shall vote." For brief comment on the amendment, see 27 N. C. Law Rev. 454.

As to subsequent statute affecting the majority of voters required, see § 153-92.1.

§ 115-191. Frequency of election.—In the event that a majority of those who shall vote thereon in a district or unit do not at the election cast their votes for the local tax, another election or elections under the provisions of this article may be held after the lapse of six months in the same district or unit. (1923, c. 136, s. 225; 1949, c. 918, s. 2; C. S. 5645.)

Editor's Note.—Prior to the 1949 amendment this section referred to "a majority of the qualified voters" instead of to "a majority of those who shall vote." For brief comment on the amendment, see 27 N. C. Law Rev. 454.

§ 115-192. Enlargement of local tax districts. —Upon a written petition of a majority of the governing board of any district, the county board of education, after approving the petition, shall present the same to the board of county commissioners and ask for an election on the question of the enlargement of the boundary lines of any such district so as to include any contiguous territory, and an election in such new territory may be ordered and held under rules governing elections for local taxes as provided in this article: Provided, the local tax rate specified in the petition and submitted to the qualified voters shall be a local tax of the same rate as that voted in the said district to which the territory is to be added. If a majority of those who shall vote thereon in such new territory shall vote in favor of such tax, the new territory shall become a part of said district, and the term "local tax of the same rate" herein used shall include, in addition to the usual local tax, any tax levied to meet the interest and sinking fund of any bonds heretofore issued by the district proposed to be enlarged. In case a majority of those who shall vote thereon at the election shall vote in favor of the tax, the district shall be deemed enlarged as so proposed. (1923, c. 136, s. 226; 1925, c. 151; 1927, c. 88; 1949, c. 918, s. 3; C. S. 5646.)

Editor's Note.—Prior to the 1949 amendment this section referred to "a majority of the qualified voters" instead of to "a majority of those who shall vote." For brief comment on the amendment, see 27 N. C. Law Rev. 454.

§ 115-193. Abolition of district upon election.— Upon petition of one-half of the qualified voters residing in any local tax district established under this article, the same shall be indorsed and approved by the county board of education, and the board of county commissioners shall order another election in the district for submitting the question of revoking the tax and abolishing the district, to be held under the provisions prescribed in this act for holding other elections. It shall be the duty of the board of education to indorse the petition when presented, containing the proper number of names of qualified voters, and this provision is made mandatory, and the board is allowed no discretion to refuse to indorse the same when so presented. If at the election a majority of those who shall vote thereon in the district shall vote "Against Local Tax," the tax shall be deemed revoked and shall not be levied, and the district shall be discontinued: Provided, that in Alexander, Anson, Beaufort, Buncombe, Carteret, Catawba, Chatham, Chowan, Cleveland, Craven, Currituck, Davidson, Duplin, Franklin, Gates, Greene, Henderson, Hoke, Hyde, Iredell, Jackson, Johnson, Lenoir, Martin, Mecklenburg, Moore, Nash, Onslow, Pamlico, Pitt, Randolph, Richmond, Robeson, Rockingham, Transylvania, Vance, Wake, Warren and Wilkes counties, petition of twenty-five per cent (25%) of the number of registered voters in the election creating said special tax district, said petition to be signed by qualified voters residing in such special tax district, shall be sufficient: Provided, further, that in said counties, this section shall not apply to that part of such tax, if any, in said district as may be necessary to pay the interest on or amortization of any bonded or other indebtedness incurred in consequence of the voting of said special tax district but to that extent, and to that extent only, shall said special tax district be maintained. (1923, c. 136, s. 227; 1931, c. 372; 1949, c. 918, s. 4; C. S. 5647.)

Editor's Note.—Prior to the 1949 amendment this section referred to "a majority of the qualified voters" instead of

to "a majority of those who shall vote." For brief comment on the amendment, see 27 N. C. Law Rev. 454.

§ 115-196. Enlarging boundaries of district within incorporated city or town.—The boundaries of a district situated entirely within the corporate limits of a city or town, but not coterminous with such city or town, may be enlarged so as to make the district coterminous with such city or town either in the manner prescribed by this section or in the manner prescribed by § 115-192. Provided, however, that no district shall be enlarged under this section if the new territory necessary to be added to such district, in order to make it coterminous with such city or town, has any bonded debt incurred for school purposes, other than debt payable by taxation of all taxable property in such district and such new territory. In cases where the local annual tax voted to supplement the funds of the nine months public school term is of the same rate in such district and in the new territory necessary to be added to such district in order to make the district coterminous with such city or town, the county board of education shall have power to enlarge the boundaries of the district as aforesaid. In cases where such tax rates are not the same, the boundaries of the district shall become so enlarged upon the adoption of a proposition for such enlargement by a majority of those who shall vote thereon in such new territory. The governing body of such city or town may at any time, upon petition of the board of education or other governing body of such district, or upon its own initiative if the governing body of the city or town is also the governing body of the district, submit the question of enlarging the district as aforesaid to the qualified voters of such new territory proposed to be added to such district at any general or municipal election or at a special election called for said purpose. Such an election may be ordered and held and a new registration for said election provided under the rules governing elections for local taxes as provided under the article, except that the election and registration shall be ordered by and held under the supervision of and the result of the election determined by the governing body of such city or town. The ballots to be used in said election shall have printed or written thereon the words: "For the enlargement of ..... school district, pursuant to section two hundred and thirty of chapter one hundred and thirty-six of the Public Laws of one thousand nine hundred and twenty-three, as amended," and "Against the enlargement of ..... school district, pursuant to section two hundred and thirty of chapter one hundred and thirty-six of the Public Laws of one thousand nine hundred and twenty-three, as amended." If a majority of those who shall vote thereon in such new territory proposed to be added to such district shall vote in favor of such enlargement, said district shall thereupon become coterminous with said city or town, and there shall be levied annually in such new territory all taxes previously voted in said district for the purpose of supplementing the funds for the nine months public school term for said district and for the purpose of paying the principal or interest of any bonds or other indebtedness previously issued or incurred by said district; and a vote in favor of such enlargement shall be deemed and held to be a vote in favor of the levying of such taxes. The validity of the said election and of the registration for said election and of the correctness of the determination of the result of said election shall not be open to question except in an action or proceeding commenced within thirty days after the determination of the result of said election. At the same time that said election is held, it shall be lawful to hold an election in the entire territory of said city or town on the question of issuing bonds of said city or town or of said school district as so enlarged, for school purposes, and levying sufficient tax for the payment of said bonds, or on the question of levying a local annual tax on all taxable property in said city or town or in said school district as so enlarged, to supplement the funds for the nine months public school term for said district, in addition to taxes for the payment of bonds, in the same manner that would be lawful if said district had been so enlarged prior to the submission of said questions. One registration may be provided for all of said simultaneous elections. (1923, c. 136, s. 230; 1925, c. 143, s. 3; 1943, c. 255, s. 2; 1949, c. 918, s. 5; C. S. 5650.)

Editor's Note.—Prior to the 1949 amendment this section referred to "a majority of the qualified voters" instead of to "a majority of those who shall vote." For brief comment on the amendment, see 27 N. C. Law Rev. 454.

§ 115-198. District already created out of portion of two or more counties.—Districts that have already been created out of portions of two or more counties may be incorporated in the following manner: Upon petition of the county board of education of each county, calling for an election, the commissioners of each county shall call an election which shall be conducted in all respects as an election for voting local taxes. The ballots to be used in said election shall have written or printed thereon the words, "For Incorporation," and, "Against Incorporation."
