Preface

This Cumulative Supplement to Replacement Volume 3B contains the general laws of a permanent nature enacted at the 1963, 1965, 1966, 1967, 1969, 1971 and 1973 Sessions of the General Assembly, which are within the scope of such volume, and brings to date the annotations included therein.

Amendments of former laws are inserted under the same section numbers appearing in the General Statutes, and new laws appear under the proper chapter headings. Editors' notes point out many of the changes effected by the amendatory acts.

Chapter analyses show new sections and also old sections with changed captions. An index to all statutes codified herein appears in Replacement Volumes 4B, 4C and 4D and the 1973 Supplements thereto.

A majority of the Session Laws are made effective upon ratification but a few provide for stated effective dates. If the Session Law makes no provision for an effective date, the law becomes effective under G.S. 120-20 "from and after thirty days after the adjournment of the session" in which passed. All legislation appearing herein became effective upon ratification, unless noted to the contrary in an editor's note or an effective date note.

Beginning with the opinions issued by the North Carolina Attorney General on July 1, 1969, any opinion which construes a specific statute will be cited as an annotation to that statute. For a copy of an opinion or of its headnotes write the Attorney General, P.O. Box 629, Raleigh, N.C. 27602.

The members of the North Carolina Bar are requested to communicate any defects they may find in the General Statutes or in this Supplement and any suggestions they may have for improving the General Statutes, to the Department of Justice of the State of North Carolina, or to The Michie Company, Law Publishers, Charlottesville, Virginia.

§ 117-10.2. Restriction on municipal service.—No electric membership

The directors of the corporation, other than those named in its certificate of incorporation, shall be elected annually by the members entitled to vote, but if the bylaws so provide the directors may be elected on a staggered term basis: Provided, that the total number of directors on a board shall be so divided that not less than one third of them, or as nearly thereto as their division for that purpose will permit, shall be elected annually, and no term shall be longer than for three years; and provided further that, except as may be necessary in inaugurating such a plan, all directors shall be elected for terms of equal duration. The directors must be members and shall be entitled to receive for their services only such compensation as is provided in the bylaws: Provided, that such compensation shall not exceed thirty dollars (\$30.00) for each day of their attendance at meetings for which their attendance has been duly authorized. The board shall elect annually from its own number a president and a secretary. (1935, c. 291, s. 8; 1959, c. 387, s. 1; 1969, c. 760.)

00)" in the proviso near the end of the section.

§ 117-16.1. Discrimination prohibited. — No electric membership corporation shall, as to rates or services, make or grant any unreasonable preference or advantage to any member or subject any member to any unreasonable prejudice or disadvantage. No electric membership corporation shall establish or maintain any unreasonable difference as to rates or services either as between localities or as between classes of service. No electric membership corporation shall

give, pay, or receive any rebate or bonus, directly or indirectly, or mislead or deceive its members in any manner as to rates charged for the services of such electric membership corporation. (1965, c. 287, s. 11.)

§ 117-19. Taxes and assessments.—(a) From and after April 20, 1965, no electric membership corporation heretofore or hereafter organized, reorganized, or domesticated under the provisions of this chapter shall be a public agency; nor shall any such corporation be, or have the rights of, a political subdivision of the State.

(b) With respect to its properties owned and revenues received on and after January 1, 1967, each electric membership corporation operating within the State shall be subject to, and shall pay taxes and assessments under, all laws relative to State, county, municipal and other local taxes and assessments applicable to the electric light and power companies in this State, except income tax.

(c) Each electric membership corporation operating in this State shall, on all of its properties located within any incorporated city or town, pay in lieu of taxes to such cities and towns and to the counties in which such cities and towns are located, amounts equal for 1965 to fifty per cent (50%), and equal for 1966 to one hundred per cent (100%), of the ad valorem property taxes that would be paid on such properties if such properties were owned by persons fully subject to such taxes.

(d) For the privilege of engaging in business in one or more incorporated cities or towns for the period beginning May 1, 1965, and ending December 31, 1966, or any part of such period, an electric membership corporation shall pay to the State an amount equal to six per cent (6%) of its gross receipts received within such period from the business of furnishing electricity to or within all such cities and towns, less, however, six per cent (6%) of such amount as such electric membership corporation has paid with respect to such sales to any public utility which pays a six per cent (6%) franchise tax to the State on its wholesale sales of electricity to such electric membership corporation. The reporting, payment, and collection provisions of G.S. 105-116 shall apply to the levy herein made. The State shall remit to such cities and towns the same proportion of such payments, and in the same manner, as is provided in G.S. 105-116 with respect to taxes paid by electric light and power companies.

(e) Except as provided in subsections (c) and (d) of this section, no electric membership corporation shall be subject during the years 1965 and 1966 to any tax levied by chapter 105 of the General Statutes except those taxes to which it was subject on December 31, 1964. (1935, c. 291, s. 14; 1965, c. 287, s. 12.)

Editor's Note. — The 1965 amendment rewrote the section, which formerly consisted of one paragraph declaring an electric membership corporation to be a public agency, with the rights of a political subdivision.

§ 117-20. Encumbrance, sale, etc., of property.—No corporation may sell, mortgage, lease or otherwise encumber or dispose of any of its property (other than merchandise and property which lie within the limits of an incorporated city or town, or which shall represent not in excess of ten percent (10%) of the total value of the corporation's assets, or which in the judgment of the board are not necessary or useful in operating the corporation) unless

- (1) Authorized so to do by the votes of at least a majority of its members, and
- (2) The consent of the holders of seventy-five per centum (75%) in amount of the bonds of such corporation then outstanding is obtained.

Notwithstanding the foregoing provisions of this section, the members of such a corporation may, by the affirmative majority of the votes cast in person or by proxy at any meeting of the members, delegate to the board of directors the power

and authority (i) to borrow monies from any source and in such amounts as the board may from time to time determine and (ii) to mortgage or otherwise pledge or encumber any or all of the corporation's property or assets as security therefor. (1935, c. 291, s. 15; 1965, c. 287, s. 13; 1969, c. 670, s. 1.)

Editor's Note.—

The 1971 amendment substituted "General Assembly" for "legislature" in the second sentence, added the present sixth sentence, substituted the language follow-

§ 118-24.1. Retroactive membership.—Any fireman who is now eligible and who has not previously elected to become a member may make application through the board of trustees heretofore created for membership in said fund on or before June 30, 1974; provided, that such person shall make a lump-sum payment of five dollars (\$5.00) per month retroactively to the time he first became eligible to become a member, plus interest at an annual rate of four percent (4%) for each year of his retroactive payments. Upon making such lump-sum payment, such person will be given credit for all prior service in the same manner as if he had made application for membership at the time he first became eligible; provided, further, that any member who made application for membership subsequent to the time he was first eligible and did not receive credit for prior service may receive credit for such prior service upon lump-sum payment of five dollars (\$5.00) per month retroactively to the time he first became eligible, plus interest at an annual rate of four percent (4%) for each year of his retroactive payments. Upon making such lump-sum payments, the date of membership would be the same as if he had made application for membership at the time he was first eligible.

Nothing in this section shall be construed as modifying or changing any provisions of Article 3 of Chapter 118 of the General Statutes except as herein expressly provided. (1973, c. 578, ss. 1, 2.)

Editor's Note. — Session Laws 1973, c. 578, s. 3, provides: "This act shall become effective upon ratification and subject to the availability of an appropriation of funds

adequate for funding on an actuarially sound basis." The act was ratified May 18, 1973.

§ 118-25. Monthly pensions upon retirement. — Any member who has served 20 years as a fireman in the State of North Carolina, who has been an "eligible fireman" for two years immediately preceding his application for the payment of a pension hereunder and who is otherwise eligible as provided in G.S. 118-23 hereof, and who has attained the age of 55 years shall be entitled to be paid from the fund herein created a monthly pension. Said monthly pension shall be in the amount of fifty dollars (\$50.00) per month or less as below set forth, provided that those members retiring after the age of 55 and before attaining the age of 60 may

elect to receive the reduced amount to account for longer expectancy, said amount of monthly pension available at various retirement ages to be as follows:

Retirement Age	Amount	Retirement Age	Amount
55	\$36.00	58	\$44.00
56	38.00	59	47.00
57	41.00	60 and above	50.00

Members shall pay five dollars (\$5.00) per month as required by G.S. 118-24 until retirement from active service or until they shall have made said monthly payments for a period of 20 years, whichever first occurs; provided, any member retiring after 20 years of service, but before reaching the age of 55 years, shall continue to pay the monthly payments required by G.S. 118-24 in order to continue his membership in the fund until he shall reach the age of 55 or until he shall have paid said monthly payments into the fund for 20 years, whichever is the earlier. Upon reaching retirement age and being otherwise eligible he shall receive a pension as set out above. Notwithstanding the above provisions, no person shall receive a pension hereunder prior to January 1, 1960, but those persons eligible and retiring prior to said date who have paid into said fund five dollars (\$5.00) per month with respect to a period of not less than 12 months or sixty dollars (\$60.00) whichever occurs first, shall be entitled to a pension in the amount of fifty dollars (\$50.00) per month or such reduced amount as set out above commencing January 1, 1960. No person shall be entitled to a pension hereunder until his official duties as a fireman shall have been terminated and he shall have retired as such according to standards or rules fixed by the Board of Trustees.

The pension herein provided for shall be in addition to all other pensions or benefits provided for under any other statutes of the State of North Carolina or the United States, notwithstanding any exclusionary provisions of other pensions or retirement systems provided by law. (1957, c. 1420, s. 1; 1959, c. 1212, s. 1; 1961, c. 980; 1971, c. 336.)

Editor's Note.—

The 1971 amendment substituted "20 years" for "30 years" in the first sentence

of the first paragraph and in three places in the first sentence of the second paragraph.

§ 118-32. Exemption of pensions from attachment, etc.; rights non-assignable.—The pensions herein provided shall not be subject to attachment, garnishments or judgments against the fireman entitled to same, nor shall any rights in said fund or pensions or benefits therefrom be assignable nor shall the pensions be subject to any State or municipal tax. (1957, c. 1420, s. 1; 1959, c. 1212, s. 1; 1969, c. 486.)

Editor's Note. — The 1969 amendment, effective as to all taxable years beginning on or after Jan. 1, 1969, added, at the

end of the section, "nor shall the pensions be subject to any State or municipal tax."

§ 119-16.2. **Application for license.**—Any person, firm or corporation having in his possession kerosene on which the inspection fee has not been paid, and who is not required to, be licensed under the provisions of G.S. 105-433, shall, prior to the commencement of doing business, file a duly acknowledged application for a license with the Commissioner of Revenue on a form prescribed by the Commissioner setting forth the name under which such distributor transacts or intends to transact business within this State, the address of each place of business and a designation of the principal place of business. The inspection tax shall be due and payable at the same time that the gasoline road tax is due and payable under the provisions of §§ 105-434 to 105-436, and payment shall be made concurrently with payment of said gasoline road tax, unless the Commissioner of Revenue shall by rule and regulation prescribe other methods for the collection of such tax. After the adoption and publication of said standards it shall be unlawful to sell or offer for sale or exchange or use in this State any products which do not comply with the standards so adopted. The said Gasoline and Oil Inspection Board shall, from time to time after a public hearing, have the right to amend, alter, or change said standards. In addition to the weekly travel allowance provided in the preceding paragraph of this section, members and presiding officers of the General Assembly shall receive travel allowance at the rate allowed by statute for State employees whenever the members or presiding officers are traveling as representatives of the General Assembly or of its committees or commissions, whether in or out of session, when such travel has been authorized by the Legislative Services Commission.

Claims for travel and subsistence payments shall be paid at such times as may be prescribed by the Legislative Services Commission.

(1957, c. 8; 1959, c. 939; 1961, c. 889; 1965, c. 86, s. 1; 1969, c. 1257, s. 1; 1971, c. 1200, ss. 1-4.)

day the General Assembly has been in session since January 15, 1969."

Session Laws 1971, c. 1200, s. 9 provides: "As used in this act, the term 'presiding officer' shall not include the Lieutenant Governor after December 31, 1972."

§ 120-4. Speaker and President pro tempore.—For each day spent in the service of the State at times when the General Assembly is not in session, the President pro tempore of the Senate shall be entitled to receive subsistence and travel allowances at the rates prescribed in G.S. 138-5(b). The costs of clerical assistance, postage, and other office expenses incurred by the Speaker of the House of Representatives and the President pro tempore of the Senate in the performance of their official duties when the General Assembly is not in session shall be a proper charge against the funds appropriated for the maintenance and operation of the Legislative Research Commission. (1967, c. 1015, s. 1; 1969, c. 1257, s. 2; c. 1278, s. 2.)

Editor's Note. — Section 3 of Session Laws 1967, c. 1015, makes the act effective July 1, 1967. Former § 120-4 was repealed by Session Laws 1951, c. 23, s. 2.

Session Laws 1969, c. 1257, substituted "§ 120-3.1" for "§ 138-5 (b)" at the end of the first sentence.

Session Laws 1969, c. 1278, s. 2, effective on the first day of the convening of the 1971 session of the General Assembly, deleted "the Speaker of the House of Representatives and" preceding "the President" in the first sentence. The section is set out above as it appears in c. 1278.

§ 120-4.1. Legislative Retirement Fund.—(a) For the purpose of furthering the general welfare of the State, and in recognition of the public service rendered to the State and its citizens by the members of the General Assembly, there is hereby established a retirement fund to be designated as the "Legislative Retirement Fund," hereinafter referred to as the "Fund." The Fund shall be administered as set forth in this section. This Fund is established to provide retirement allowances for eligible members of the General Assembly of the State who qualify for such allowances as hereinafter provided.

(b) The Fund shall be administered by the Board of Trustees of the Teachers' and State Employees' Retirement System, hereinafter referred to as the Board.

(c) There is hereby created an office to be known as Director of the Legislative Retirement Fund. The Director of the Teachers' and State Employees' Retirement System of North Carolina shall serve ex officio as Director of the Fund at such additional salary as may be determined by the Board from time to time in its sole discretion.

(d) The Board shall have the power and duty to request the allocations necessary to carry out the provisions of this section, which shall be provided from funds appropriated to the General Assembly, to employ necessary clerical and other assistance as it may require, to determine the acceptability of all applications for retirement allowances, to provide for the payment of allowances hereunder, to make all necessary rules and regulations not inconsistent with law for the government of said Fund, to expend funds in accordance with the provisions of this section, and generally to exercise all other powers necessary for the administration of the Fund established by this section.

(e) The State Treasurer shall be the custodian of the retirement fund for members of the General Assembly of North Carolina. One fourth of the annual allocation to the Fund shall be transferred quarterly to a special fund to be established in the State Treasurer's Office to be known as the Legislative Retirement Fund. The Board of Trustees shall have authority to manage and invest all monies in the Fund not immediately needed for retirement allowances in the same manner as provided for the Teachers' and State Employees' Retirement Fund. The interest on such investments shall be credited to this Fund. The State Treasurer shall serve as investment officer under authority granted by the Board of Trustees.

(f) "Member" shall mean any person who is elected at a general election or appointed as a member of the General Assembly and who serves in said General Assembly as a member thereof, as a result of said election or appointment. A "full term" shall consist of any regular biennial session of the General Assembly during the period from the time of convening until the time of adjournment. For the purposes of this section, credit shall be given only for a full term, and no credit shall be given for any period of service in which the member (i) fails to complete serving the full term or (ii) serves such term or any portion of such term as a result of election thereto in other than a general election: Provided, however, a member who is otherwise eligible and assumes his duties as a member of the General Assembly within one week after the convening of a regular session shall not be barred from credit for a full term.

(g) Any former member or elected officer of the General Assembly who has at least four full terms of creditable service and who has attained the age of 65 shall be entitled to receive from the Fund a monthly retirement allowance of twenty-five dollars (\$25.00) per each full term of service. Credit shall be given for each full term of service as an active member or elected officer for which said member or elected officer makes the contribution required by G.S. 120-4.1(1); provided, that a member or elected officer may make a contribution as calculated by G.S. 120-4.1(1) on the salary received in terms prior to the 1971 term so as to receive credit for terms served prior to the 1971 term. Credit shall be given to any member or elected officer serving in the 1969 session who has attained the age of 70 years, has a total of three terms of creditable service, has made the contribution required by G.S. 120-4.1(1) for the number of terms sought to be credited, and the member or elected officer qualifying shall be entitled to the retirement benefits provided for in this section.

Notwithstanding any other provisions of this section or subsection, any person who has served as a member or as an elected officer of the General Assembly for a total of four or more regular sessions and does not qualify under the provisions set out above in this subsection, may file an application with the Director of the Legislative Retirement Fund, together with a certification as to his legislative service including a certification as to his total salary for such legislative service together with a remittance of a sum equal to five percent (5%) of such total salary. Any such person shall be entitled to the retirement benefits provided herein, computed in the manner provided herein, and subject to the age and service limits provided herein in the same manner as any other person entitled to retirement benefits under this section. Benefits payable under this provision shall commence on the first day of the month following receipt of a qualifying application.

Notwithstanding anything herein to the contrary, no person shall be entitled to receive a retirement allowance hereunder unless his service as a member or elected officer of the General Assembly or as an employee of the State in another capacity shall have been terminated and he shall have retired from the service of the State. No survivor benefits shall be payable under this section.

(h) Service retirement benefits shall be payable under this section effective the first day of the month following retirement. Application therefor by an eligible member for such service retirement benefits shall be filed as rules and regulations of the Board may provide.

(i) If a member who has served not less than three full terms becomes physically disabled during a fourth or later term, and such disability application is approved by the medical board of the Teachers' and State Employees' Retirement System, such person shall be entitled to receive disability benefits at the same rate as service retirement benefits, irrespective of age. Application for disability benefits shall be filed as rules and regulations of the Board may provide.

(j) If a member has commenced to receive service retirement or disability benefits and thereafter serves as a member of the General Assembly, or becomes a teacher or State employee within the definition thereof of the Teachers' and

State Employees' Retirement System Act, payment of benefits shall be suspended during the period when such member is being paid a salary as a member of the General Assembly or teacher or State employee.

(k) There is hereby allocated as of July 1, 1969, and annually thereafter, as an item of joint expense from funds appropriated for the support of the General Assembly, to the Legislative Retirement Fund, such sums as are determined by the Board to be necessary in order (i) to cover the cost of the allowances provided in this section, and (ii) to cover any administrative expenses which the Board of Trustees may incur in the operation of the Fund.

(l) There shall be deducted from the salary of each member and elected officer of the General Assembly on each and every payroll of the General Assembly for each and every payroll period the same per centum thereof as is provided for with respect to State employee payroll deductions under the provisions of G.S. 135-8, of the Teachers' and State Employees' Retirement System Act. There is hereby established in the office of the State Treasurer a fund to be known as the "Legislative Retirement Contributions Fund," and the amounts deducted as provided above shall be paid into this Fund. The management and investment of moneys in the Fund shall be the same as provided in subsection (e) of this section. The contributions made by members and elected officers of the General Assembly pursuant to this section shall be subject to all the provisions of Chapter 135 of the General Statutes relating to refund or return of contributions to employee members of that system. Upon retirement of a member of the General Assembly or elected officer, all funds credited to the retiring member's account in the Fund, including both contributions and interest, shall be transferred to the Legislative Retirement Fund, to be expended in defraying, to the extent possible, the expense in paying the retirement allowance authorized in this section.

No service credit shall be allowed under this section for any period of service with respect to which a member or elected officer has made contributions as provided herein and received a refund thereof. (1969, c. 1269, ss. 1-10; 1971, c. 905, ss. 1, 1.1, 1.2.)

Editor's Note.—The 1971 amendment, effective Jan. 13, 1971, added "during the period from the time convening until the time of adjournment" at the end of the second sentence in subsection (f), in subsection (g), inserted "or elected officer" near the beginning of the first sentence, rewrote the second sentence, deleted "and" following "70 years" in the third sentence, inserted "has made the contribution required by G.S. 120-4.1(1) for the number of terms sought to be credited" in that sentence, inserted "or elected officer" therein,

added the second paragraph, inserted "or elected officer" in the next-to-last sentence, and added subsection (1).

Session Laws 1969, c. 1269, s. 12, provides: "This act shall be in full force and effect on and after the first day of the convening of the 1971 session of the General Assembly."

State Government Reorganization.—The Legislative Retirement Fund was transferred to the Department of State Treasurer by § 143A-37, enacted by Session Laws, 1971, c. 864.

These papers shall be compiled and a selection made therefrom by a skilled and competent editor. The editor shall edit, according to acceptable scholarly standards, the selected materials which shall be published in a documentary volume as soon as practicable after the conclusion of the term of office of each Governor. If, for any reason, a Governor serves less than a full term, a documentary volume shall be edited and published for such portion of a term as he shall have served. If a Governor serves more than one term, a documentary volume shall be edited and published for each term served. Funds for editorial assistance, printing, binding, and distribution shall be paid from the Contingency and Emergency Fund. The number of copies of each volume to be printed shall be determined by the Department of Cultural Resources in consultation with the Governor whose papers are being published. Within available funds, one or more branch museums of history may be established and administered by the Department. The Department of Cultural Resources, subject to the availability of staff and funds, may give technical and professional assistance to nonstate historical museum projects sponsored by governmental agencies and nonprofit organizations.

Insofar as practicable, the North Carolina Museum of History shall accession and maintain records showing provenance, value, location, and other pertinent information on such furniture, furnishings, decorative items, and other objects as have historical or cultural importance and which are owned by or to be acquired by the State for use in the State Capitol and the Executive Mansion, and, upon request of the Department of Administration, any other state-owned building. When any such item or object has been entered in the accession records of the Museum of History, the custodian of such item or object shall, upon its removal from the premises upon which it was located or when it is otherwise disposed of, submit to the Museum of History sufficient details concerning its removal or disposition to permit an adequate entry in the accession records to the end that its location or disposition, and authority for such change, shall be shown therein. Upon approval of the North Carolina Historical Commission, the Secretary or his designee as the State's liaison officer for historic preservation, may nominate appropriate properties for entry in the National Register of Historic Places as established by the National Historic Preservation Act of 1966, Public Law 89-665, 16 U.S.C. section 470. The Department of Cultural Resources shall maintain a permanent file containing research reports, descriptions, photographs, and other appropriate documentation relating to properties deemed worthy of inclusion in the statewide survey.

(c) **Statewide Historic Preservation Plan.**—The Department of Cultural Resources shall prepare and revise as needed a State plan for historic preservation, which plan, when approved by the North Carolina Historical Commission, shall constitute official State policy for the preservation, or the encouragement of the preservation, of important historic, architectural, archaeological, and other cultural properties in North Carolina.

(d) **Cooperation with Federal Government.**—The Department of Cultural Resources and/or the Department of Administration may enter into and carry out contracts with the federal government or any agency thereof under which said government or agency grants financial or other assistance to the Department of Cultural Resources to further the purposes of this Chapter. Either of the Departments may agree to and comply with any reasonable conditions not inconsistent with State law which are imposed on such grants. Such grants or other assistance may be accepted from the federal government or an agency thereof and expended whether or not pursuant to a contract.

(e) **Cooperation with Local Governments.**—The Department shall, within the limits of staff and available funds, cooperate with and assist counties, cities, municipalities, and other subdivisions of government, and, where appropriate, private individuals and organizations, in promoting historic preservation to the end that important properties which are not owned by the State may be preserved or encouraged to be preserved. Such cooperation and assistance may include but not be limited to reviewing historic preservation plans, evaluating historic properties, and providing technical, financial and professional assistance. The Department may further enter into and carry out contracts with local governments or their agencies and with any private party to further the purposes of this article.

(f) **Continuing Programs.**—The Department of Cultural Resources shall develop a continuing program of historical, architectural, archaeological, and cultural research and development to include surveys, excavation, salvage, preservation, scientific recording, interpretation, and publication of the State's historical, architectural, archaeological, and cultural resources. A reasonable charge may be made for publications resulting therefrom and the income from such sales may be devoted to the work of the Department. (1973, c. 476, s. 48.)

§ 121-9. Historic properties.—(a) **Administration of Properties Acquired by State.**—Historic or archaeological properties acquired by the State for administration by the State of North Carolina shall be under the control and administration of the Department of Cultural Resources. Upon approval of the North Carolina Historical Commission and the Secretary of Cultural Resources, the Department of Cultural Resources may, in its discretion, make a contract with any county or municipality within the State or with any nonprofit corporation or organization for the administration of any portion of such property.

(b) **Acquisition of Historic Properties.**—For the purpose of protecting or preserving any property of historical, architectural, archaeological, or other cultural importance to the people of North Carolina, and subject to the provisions of Subchapter II of Chapter 146 of the General Statutes, the Department may, with the approval of the North Carolina Historical Commission, acquire, preserve, restore, hold, maintain, operate, and dispose of such properties, together with such adjacent lands as may be necessary for their protection, preservation, maintenance, and operation. Such property may be real or personal in nature, and in the case of real property, the acquisition may include the fee or any lesser interest therein. Property may be acquired by gift, grant, bequest, devise, lease, purchase, or condemnation pursuant to the provisions of Article 2 of Chapter 40 of the North Carolina General Statutes, or otherwise. Property may be acquired by the Department, using such funds as may be appropriated for the purpose or moneys available to it from any other source.

(c) **Interests Which May Be Acquired.**—In the case of real property, the interest acquired shall be limited to that estate, interest, or term deemed by the De-

partment to be reasonably necessary for the continued protection or preservation of the property. The Department may acquire the fee simple title, but where it finds that a lesser interest, including any development right, negative or affirmative easement in gross or appurtenant, covenant, lease, or other contractual right of or to any real property to be the most practical and economical method of protecting and preserving historic property, the lesser interest may be acquired.

(d) Conveyance of Property for Preservation Purposes.—In appropriate cases, the Department may acquire or dispose of the fee or lesser interest to any such property for the specific purpose of conveying or leasing the property back to its original owner or of conveying or leasing it to such other person, firm, association, corporation, or other organization under such covenants, deed restrictions, lease, or other contractual arrangements as will limit the future use of the property in such a way as to insure its preservation. Where such action is taken, the property may be conveyed or leased by private sale. In all cases where property is conveyed, it shall be subjected by covenant or otherwise to such rights of access, public visitation, and other conditions or restrictions of operation, maintenance, restoration, and repair as the Department may prescribe, or to such conditions as may be agreed upon between the Department and the grantee or lessee to accomplish the purposes of this section.

(e) Use of Property so Acquired.—Any historic property acquired, whether in fee or otherwise, may be used, maintained, improved, restored, or operated by the Department for any public purpose within its powers and not inconsistent with the purpose of the continued preservation of the property. The property shall not be subject to condemnation by the State of North Carolina or any of its agencies or political subdivisions at any time, unless such method of acquisition is first approved by the Governor and Council of State.

(f) Emergency Acquisition Where Funds Not Immediately Available.—If funds or contributions for the acquisition of needed historic property are not available, the Governor and Council of State may, upon the recommendation of the Secretary of Cultural Resources and approval of the North Carolina Historical Commission, allocate from the Contingency and Emergency Fund an amount sufficient to acquire an option on the property or properties, which option shall continue until 90 days after the adjournment sine die of the next General Assembly. Upon recommendation of the Secretary and approval of the Historical Commission, the Governor and Council of State may allocate funds from the Contingency and Emergency Fund for the immediate acquisition, preservation, restoration, or operation of historically, archaeologically, architecturally, or culturally important properties. All funds hereinafter appropriated to purchase, restore, maintain, develop, or operate historic or archaeological or other important property shall be administered subject to the provisions of Article I of Chapter 143 of the General Statutes unless the statute making the appropriation shall in specific and express terms provide otherwise.

(g) Power to Acquire Property by Condemnation.—In the event that a property which has been found by the Department of Cultural Resources to be important for public ownership or assistance is in danger of being sold, used, or neglected to such an extent that its historical or cultural importance will be destroyed or seriously impaired, or that the property is otherwise in danger of destruction or serious impairment, the Department of Cultural Resources, after receiving the approval of the North Carolina Historical Commission and of the Governor and Council of State, may acquire the historic property or any interest therein by condemnation under the provision of Article 2 of Chapter 40 of the General Statutes of North Carolina. The Department of Cultural Resources, upon finding that destruction or serious impairment of the value of the property is imminent, shall file with the Governor and Council of State a report on the importance of the property and the desirability of ownership of the property, or the ownership of an interest therein, by the State of North Carolina. Upon giving their approval, the Governor and Council of State shall cause to have

filed such approval with the clerk of the superior court in the county or counties where the property is situated. Until the approval is filed, the power of condemnation may not be exercised. All condemnation proceedings shall be instituted and prosecuted in the name of the State of North Carolina.

The aforesaid areas shall be preserved as historic shrines and shall be maintained insofar as practicable as they shall appear following the restoration of the Capitol. The Department of Cultural Resources is authorized to deny the use of the legislative chambers for meetings in order that they, with their historic furnishings, may be better preserved for posterity; provided, however, that the General Assembly may hold therein such sessions as it may by resolution deem proper.

The Department of Cultural Resources is hereby entrusted with the responsibilities herein specified as being the agency with the experience best qualified to preserve and administer historic properties in a suitable manner. However, for the purposes of carrying out the provisions of this section, it is hereby directed that such cooperation and assistance shall be made available to the said Department of Cultural Resources and such labor supplied, as may be feasible, by the Department of Administration.

The offices and working areas of the first floor as well as all washrooms and the exterior of the Capitol shall remain under the jurisdiction of the Department of Administration: Provided, however, that the Department of Administration shall seek the advice of the Department of Cultural Resources in matters relating to any alteration, renovation, and furnishing of said offices and areas. § 121-10. Security of historic properties.—(a) **Designated Employees Commissioned Special Peace Officers by Governor.**—Upon application by the Secretary of Cultural Resources, the Governor is hereby authorized and empowered to commission as special peace officers such employees of the Department of Cultural Resources as the Secretary may designate for the purpose of enforcing the laws, rules, and regulations enacted or adopted for the protection, preservation and government of State historic or archaeological properties under the control or supervision of the Department of Cultural Resources. Such employees shall receive no additional compensation for performing the duties of special peace officers under this section.

(b) **Powers of Arrest.**—Any employee of the Department of Cultural Resources commissioned as a special peace officer shall have the right to arrest with warrant any person violating any law, rule, or regulation on or relating to the State historic or archaeological properties under the control or supervision of the Department of Cultural Resources, and shall have power to pursue and arrest without warrant any person violating in his presence any law, rule, or regulation on or relating to said historic and archaeological properties under the control or supervision of the Department of Cultural Resources.

(c) **Bond Required.**—Each employee of the Department of Cultural Resources commissioned as a special peace officer under this section shall give a bond with a good surety, payable to the State of North Carolina in a sum not less than one thousand dollars (\$1,000), conditioned upon the faithful discharge of his duty as such peace officer. The bond shall be duly approved by and filed in the office of the Commissioner of Insurance, and copies of the same, certified by the Commissioner of Insurance, shall be received in evidence in all actions and proceedings in this State.

(d) Oaths Required.—Before any employee of the Department of Cultural Resources commissioned as a special peace officer shall exercise any power of arrest under this Article, he shall take the oaths required of public officers before an officer authorized to administer oaths. (1955, c. 543, s. 1; 1973, c. 476, s. 48.)

§ 121-11. Procedures where assistance extended to cities, counties, and other agencies or individuals.—In consideration of the public purpose thereby achieved, the Department of Cultural Resources may assist any county, city, or other political subdivision, corporation or organization, or private individual in the acquisition, maintenance, preservation, restoration, or development of historic or archaeological property by providing a portion of the cost therefor: Provided, that no acquisition, maintenance, preservation, restoration, or development of any property, nor any assistance therefor may be made by the State of North Carolina and no contribution for these purposes may be made from State funds until

- (1) The property or properties shall have been approved for these purposes by the Department of Cultural Resources according to criteria adopted by the North Carolina Historical Commission,
- (2) The report and recommendations of the Commission have been received and considered by the Department of Cultural Resources, and
- (3) The Department has found that there is a feasible and practical method of providing funds for the acquisition, restoration, preservation, maintenance, and operation of such property.

In all cases where assistance is extended to nonstate owners of property, whether from State funds or otherwise, it shall be a condition of assistance that

- (1) The property assisted shall, upon its acquisition or restoration, be made accessible to the public at such times and upon such terms as the Department of Cultural Resources shall by rule prescribe;
- (2) That the plans for preservation, restoration, and development be reviewed and approved by the Department of Cultural Resources;
- (3) That the expenditure of such funds be supervised by the Department of Cultural Resources; and
- (4) That such expenditures be accounted to the Department in a manner and at such times as are satisfactory to it. (1973, c. 476, s. 48.)

§ 121-12. North Carolina Historical Commission.—(a) Protection of Properties on National Register.—It shall be the duty of the Historical Commission, meeting at such times and according to such procedures as it shall by rule prescribe, to provide an advisory and coordinative mechanism in and by which State undertakings of every kind that are potentially harmful to the cause of historic preservation within the State may be discussed, and where possible, resolved, giving due consideration to the competing public interests that may be involved. To this end, the head of any State agency having direct or indirect jurisdiction over a proposed State or state-assisted undertaking, or the head of any State department, board, commission, or independent agency having authority to build, construct, operate, license, authorize, assist, or approve any State or state-assisted undertaking, shall, prior to the approval of any State funds for the undertaking, or prior to any approval, license, or authorization, as the case may be, take into account the effect of the undertaking on any district, site, building, structure, or object that is listed in the National Register of Historic Places established pursuant to Public Law 89-665, 16 U.S.C. 470.

Where, in the judgment of the Commission, an undertaking will have an effect upon any listed district, site, building, structure, area, or object, the head of the appropriate State agency shall afford the Commission a reasonable opportunity to comment with regard to such undertaking.

The Historical Commission shall act with reasonable diligence to insure that all State departments, boards, commissions, or agencies potentially affected by

the provisions of this section be kept currently informed with respect to the name, location, and other significant particulars of any district, site, building, structure, or object listed or placed upon the National Register of Historic Places. Each affected State department or agency shall furnish, either upon its own initiative or at the request of the Historical Commission such information as may reasonably be required by the Commission for the proper implementation of this section.

(b) **Criteria for State Historic Properties.**—The Commission shall prepare and adopt criteria for the evaluation of State historic sites and all other real and personal property which it may consider to be of such historic, architectural, archaeological, or cultural importance as would justify the acquisition and ownership thereof by the State of North Carolina, or for the extension of any assistance or aid thereto by the State, acting by itself or in connection with any county, city, corporation, organization, or individual. The Commission shall cooperate to the fullest practical extent with any local historical organization and with any city or county historic district properties commission.

(c) **Criteria for State Aid.**—The Commission shall also prepare and adopt criteria for the evaluation of all properties of historic or archaeological importance owned by, under option to, or being considered for acquisition by a county, city, historic properties commission, or other organization or individual for which State aid or assistance is requested. The Commission shall investigate, evaluate, and prepare a written report on all historic or archaeological property for which State aid or appropriations are proposed. This report, which shall be filed as a matter of record in the custody of the Department of Cultural Resources, shall set forth the following opinions or recommendations of the Commission:

- (1) Whether the property is historically authentic;
- (2) Whether it is of such educational, historical, or cultural significance as to be essential to the development of a balanced State program of historic and archaeological sites and properties;
- (3) The estimated total cost of the project under consideration and the apportionment of said cost among State and nonstate sources;
- (4) Whether practical plans have been or can be developed for the funding of the nonstate portion of the costs;
- (5) Whether practical plans have been developed for the continued staffing, maintenance and operation of the property without State assistance; and
- (6) Such further comments and recommendations that the Commission may make.

(d) **Commission to Furnish Recommendations to Legislative Committees.**—The Commission through the Department of Cultural Resources shall furnish as soon as practicable to the chairman of each legislative committee to which is referred any bill seeking as [an] appropriation of State funds for the purpose of acquiring, preserving, restoring, or operating, or otherwise assisting, any property having historic, archaeological, architectural, or other cultural value or significance, at least five copies of a report on the findings and recommendations of the Commission relating to such property. (1973, c. 476, s. 48.)

§ 121-13. Acquisition of portrait of Governor during term of office.

Upon the painting and acquisition of such portrait, the same shall be placed in some appropriate building to be designated by the Department of Cultural Resources and which is located in the City of Raleigh.

The cost of the painting and acquisition of said portrait, including the cost of the frame and other necessary expenses incident thereto, shall be paid from the Contingency and Emergency Fund. (1955, c. 1248; 1973, c. 476, s. 48.)

In this Chapter as it stood before the enactment of the 1973 act, the State Department and Board of Mental Health were variously referred to as North

Carolina State Department of Mental Health, Department of Mental Health, Board of Mental Health, North Carolina Board of Mental Health, etc. In order to give effect to the obvious intent of the 1973 act, it has been treated as substituting references to the Department of Human Resources for references to the State Department and Board of Mental Health throughout this Chapter and elsewhere in the General Statutes, even though the Department and Board were not referred to by the exact titles quoted in the 1973 act.

ARTICLE 1.

Organization and Management.

§ 122-1. Jurisdiction and authority of Department of Human Resources.—The Department of Human Resources is to have jurisdiction over all of the State's mental hospitals, all of the State's residential centers for the mentally retarded, and joint State and community sponsored mental health clinics. The Department is to have authority and responsibility over all phases of mental health in North Carolina to the extent provided in this Chapter including that heretofore vested by law in the Department of Mental Health. § 122-1.1: Repealed by Session Laws 1973, c. 476, s. 133, effective July 1, 1973.

§ 122-1.2. Powers and duties of Department.—All the powers and duties vested in the State Hospitals Board of Control immediately prior to June 24, 1963, are hereby transferred and vested in the Department of Human Resources, to be carried out pursuant to the rules and regulations of the Commission for Mental Health Services. In addition to these transferred powers and duties, and all other powers and duties of the Department as specified in the General Statutes of North Carolina, the Department shall have the following general powers and duties:

- (1) The Department shall cooperate with the State's correctional and penal institutions by providing psychiatric and psychological service for students, inmates, and for inmates scheduled for parole. In addition to the regular full-time employees of the Department, the Department is authorized to employ part-time professional staff to perform this work. Funds for the payment of these services shall be made available by the respective departments, or, if not available, from those departments, from an allotment by the Governor and the Council of State from the Contingency and Emergency Fund.
- (2) The Department shall cooperate with any local health authorities in augmenting, promoting, and improving local residential programs for the mentally retarded, mentally ill, and inebriate.
- (3) The Department shall cooperate with the State Board of Education, [and] State Department of Public Instruction, in rehabilitation services for mentally retarded persons through education and training programs.
- (4) The Department shall coordinate programs of preventive and rehabilitative services through home care and maternal and child health.

Local mental health authorities to operate drug abuse programs.—The local mental health authorities representing the areas selected by the Secretary of Human Resources for the establishment of community-based drug abuse programs shall be responsible for the operation of such programs in accordance with rules and regulations of the State Commission for Mental Health Services governing the operation of community-based drug abuse programs. Failure to comply with these standards, as determined by the Commission for Mental Health Services, shall be grounds for the Department of Human Resources to cease participating in the funding of the particular community-based drug abuse program. Where necessary or expedient the local mental health authority, or its administrative agent, may contract with other agencies, institutions, or resources for the provisions of one or more of the services needed for the proper operation of the community-based drug abuse program, but it shall remain the responsibility of the local mental health authority to insure that such contracted services meet the rules and regulations as set by the Commission for Mental Health Services. (1971, c. 1123, s. 3; 1973, c. 476, s. 133.)

The amendment also substituted "rules and regulations of the State Commission for Mental Health Services" for "standards set by the Commissioner of Mental Health" in the first sentence and substituted "rules and regulations" for "standards" near the end of the last sentence.

§ 122-35.27. Selection of areas in which community-based drug abuse programs are to be established.—As funds available to the Department of Human Resources for such purpose permit, the Secretary of Human Resources shall select areas in which there shall be established, pursuant to this Article, community-based drug abuse programs. One or more political subdivisions of the State may be included in such areas. In selecting areas in which such programs shall be established, the Secretary of Human Resources shall give due consideration of the degree of need that an area has for the program, the availability of resources to serve the program, and the demonstrated desire of the local mental health authority serving the area to cooperate fully in making the program as comprehensive as possible. (1971, c. 1123, s. 4; 1973, c. 476, s. 133.)

§ 122-37. Findings as to residence reported by clerk; mentally ill or inebriates not to become residents.—In every examination of an alleged mentally ill person or alleged inebriate it shall be the duty of the clerk to particularly inquire whether the proposed patient is a resident of this State, and he shall state his findings upon the subject in his report to the administrator of the hospital. If it is not possible to ascertain the legal residence of the proposed patient the clerk shall give all available information concerning the proposed patient and his past residence to the administrator. The alleged mentally ill person or alleged inebriate shall then be treated as a bona fide resident until facts are presented to the clerk of court warranting a finding of nonresidence. A finding of residence by the clerk shall in no case have a binding effect, and if facts are later ascertained showing legal residence in another state the procedure set forth in G.S. 122-38 shall be followed.

No person who shall have removed into this State while mentally ill or inebriate, or while under care in an institution in any other state, nor any person not a resident of North Carolina but under care in an institution, public or private, in this State shall be considered a resident; and no length of residence in this State of such a person, while mentally ill or inebriate, or under care shall be sufficient to make him a resident of this State or entitled to State institutional care. § 122-38. Proceedings in case of mentally ill or inebriate citizen of another state.—If any person not a citizen of this State but of another state of the United States shall be ascertained to be a proper subject for care and treatment in an institution of this State for the mentally ill or inebriate, the clerk of the superior court shall hospitalize such person to the proper State institution and shall record on the order of hospitalization that the person being hospitalized is not a resident of this State. He shall also give on the order of hospitalization such information as is available in regard to the proper residence of the person being hospitalized. Upon the admission of such person to the hospital, the administrator of the hospital shall notify the Department of Human Resources that such person appears to be a resident of another state, so that the Department of Human Resources can take steps to establish such person's residence and have him transferred to the state in which he is legally resident.

After the legal residence of such alleged mentally ill person or alleged inebriate has been verified and confirmed by the state of his residence, such person shall be transferred to the state of his residence. If that state shall not provide for his removal to that state within a reasonable time, the administrator of the State hospital shall cause him to be conveyed directly from the State hospital to the state of his legal residence and delivered there to the administrator of the proper state hospital.

The cost of such proceedings and conveyance away from the State shall be borne

by the State of North Carolina. (1899, c. 1, s. 16; Rev., s. 4584; C. S., s. 6210; 1945, c. 952, s. 33; 1947, c. 537, s. 18; 1963, c. 1184, s. 1; 1971, c. 1140; 1973, c. 476, s. 133; c. 673, s. 13.)

§ 122-39. Reciprocal agreements with other states to set requirements for State hospital care and release of patients.—The Department of Human Resources is authorized to enter into reciprocal agreements with other states regarding the return of residents to or from such other states and for the purpose of fixing the requirements whereby a patient under hospitalization to a state hospital in such other state or states may be released and come into this State while still on conditional release from the state hospital of such other state or states. The said Department may also enter into reciprocal agreements with another state or states to fix and establish the requirements whereby a patient under hospitalization in a State hospital in this State may be released and go into such other state or states on conditional release from a State hospital in this State. Any such patient so released from a state hospital or other institution in another state or states for the purpose of coming into this State shall not be considered to gain residence in this State by any period of time he resides in this State, and a person or patient released from a State hospital in North Carolina will retain his North Carolina residence during his acceptance in the other state under agreements authorized under this section. No members of the Commission for Mental Health Services or the Secretary of Human Resources or any physician, psychiatrist, officer, agent, or employee of the Department of Human Resources shall be held personally liable for any acts done or damages sustained by reason of any official acts done or committed under the authority of this section. Transfer of mentally ill citizens of North Carolina from another state to North Carolina.—The Department of Human Resources is authorized, upon being satisfied by report of residence investigation made by the Department of Human Resources that person hospitalized in a State hospital for the mentally ill in another state is a resident of this State, to authorize such a person to be returned to the appropriate institution in this State at the expense of the sending state. The hospitalization of an alleged mentally ill person or an alleged inebriate in another state and the authorization by the Department of Human Resources for his return shall be sufficient authority for the administrator of the appropriate State hospital in this State to hold this patient for a reasonable period not to exceed 30 days. During this time hospitalization procedures for temporary observation and treatment may be initiated as provided for in Article 7 of this Chapter, without the removal of the patient from the hospital. (1945, c. 952, s. 34; 1947, c. 537, s. 19; 1959, c. 1002, ss. 20, 21; 1963, c. 1184, s. 1; 1965, c. 800, s. 9; 1969, c. 982; 1973, c. 476, ss. 133, 138; c. 673, s. 13.)

§ 122-41. Expenses to be paid by county of residence; penalty; recovery from estate of patient or inebriate.—Immediately upon the hospitalization of any alleged mentally ill person or alleged inebriate under article 7 of this chapter, a transcript of the proceedings shall be sent to the county in which he has residence and that county shall pay over to the county from which he was hospitalized all the cost of the examination and hospitalization proceedings, and if the board of commissioners of the county of residence shall fail to pay all proper expense of said examination and proceedings within sixty (60) days after the claim shall have been presented, they shall forfeit and pay to the county which hospitalized the alleged mentally ill person or alleged inebriate the sum of two hundred and fifty dollars (\$250.00), to be recovered by the commissioners of that county in a civil action brought in the superior court of the county from which the patient was hospitalized, against the commissioners of the county of residence of the alleged mentally ill patient or inebriate. The county of residence of the alleged mentally ill patient or inebriate may recover the cost of the examination and hospitalization proceedings of such mentally ill patient or inebriate if said mentally ill patient or inebriate has sufficient estate or property to bear the cost of such examination and hospitalization. ARTICLE 5A.

Involuntary Commitment.

§ 122-58.1. Declaration of policy.—It is the policy of the State to insure that no person shall be committed to a treatment facility unless he is determined to

be dangerous to himself or others or gravely disabled. It is further the policy of the State to insure that the commitment of any person with mental illness or inebriety to a treatment facility will be implemented under conditions that protect the dignity and rights of the person; to establish procedures which promptly respond to the needs of the person; to encourage the utilization of voluntary admissions to programs and treatment facilities; and to assure that any person admitted to inpatient treatment facilities is discharged as soon as a less restrictive mode of treatment is appropriate. (1973, c. 726, s. 1.)

Editor's Note.—Session Laws 1973, c. 726, s. 6, makes the act effective Sept. 1, 1973.

A Veterans Administration Physician

§ 122-58.3. Authority of law-enforcement officer.—A person may be involuntarily committed only in the following ways:

- (1) **Judicial Hospitalization.**—Any person who, by reason of the commission of overt acts, is determined by a law-enforcement officer to be violent and of imminent danger to himself or others, or to be gravely disabled, may be taken into custody by a law-enforcement officer but only for the purpose of obtaining a personal medical examination and evaluation of the person by a qualified physician. The law-enforcement officer may not retain the person in custody after such personal examination and evaluation without the authorization required by this section, nor may the law-enforcement officer retain the person in custody for more than 24 hours prior to obtaining the personal medical examination and evaluation. Any person who, by reason of the commission of overt acts, is determined by a qualified physician to be violent and of imminent danger to himself or others, or to be gravely disabled, may be taken into custody by a law-enforcement officer as authorized by this section. Authorization may be given by any qualified physician in the form of a written statement that he has made a personal examination of the person within 24 hours of the date of his statement and that it is his professional opinion, based upon such examination, that the person is violent and of imminent danger to himself or others, or is gravely disabled. The written statement of the qualified physician must specify the overt acts upon which his professional opinion is based. The qualified physician's written statement, when in the possession of the law-enforcement officer for a period not to exceed 72 hours after it is made, shall constitute authority, without any court order, for such law-enforcement officer to bring the person and the written authorization of the qualified physician immediately before a magistrate.
- (2) **Emergency Hospitalization.**—If a law-enforcement officer has reasonable grounds to believe, by reason of the commission of overt acts, that any person is violent and of imminent danger to himself or others and that the delay of obtaining a medical examination would likely endanger life or property, such law-enforcement officer may take the person into custody and bring the person immediately before a magistrate. (1973, c. 726, s. 1.)

Common Law.—At common law there was a right to detain a mentally ill person in order to protect such person from self-injury, and the public from injury at the hands of such deranged person. This doubtless accounts for the action of the legislature in authorizing such an emergency commitment. The action of the legislature supplanted the common-law rule.

§ 122-58.4. Duties of magistrate.—(a) **Judicial Hospitalization.**—When the person is brought before the magistrate pursuant to G.S. 122-58.3(1), it shall be the duty of the magistrate to determine if there are reasonable grounds to believe, by reason of the commission of overt acts, that the person is violent and of imminent danger to himself or others, or is gravely disabled. In making such determination, the magistrate must first take and consider oral testimony and may also consider any written authorization of a qualified physician.

After hearing the evidence, the magistrate shall issue a written order either releasing the person from custody or directing the law-enforcement officer to transport the person to a treatment facility where the person shall remain pending the hearing unless released according to G.S. 122-58.5.

If the magistrate orders the law-enforcement officer to transport the person to a treatment facility, the written order shall contain findings of fact which specify the overt acts that give reasonable grounds to believe that the person is violent and of imminent danger to himself or others, or is gravely disabled.

(b) Emergency Hospitalization.—When the person is brought before the magistrate pursuant to G.S. 122-58.3(2), the magistrate shall order the release of the person from custody if he determines that there are not reasonable grounds to believe, by reason of the commission of overt acts, that the person is violent and of imminent danger to himself or others or is gravely disabled, or if he determines that there are not reasonable grounds to believe that the delay of obtaining a medical examination prior to taking the person into custody would likely endanger life or property.

In making his determination, the magistrate must take and consider oral testimony.

If the magistrate does not order the release of the person from custody, he shall issue an order directing a law-enforcement officer to transport the person to a treatment facility for the purpose of obtaining a medical examination as provided in G.S. 128-58.5.

Upon receiving the written statement of the qualified physician who has examined the patient pursuant to G.S. 122-58.5, the magistrate shall determine if there are reasonable grounds to believe, by reason of the commission of overt acts, that the person is violent and of imminent danger to himself or others, or is gravely disabled. In making such determination, the magistrate shall consider oral testimony which he has previously heard and may also consider the written statement of the qualified physician and additional oral testimony.

If the magistrate determines that there are not reasonable grounds to believe, by reason of the commission of overt acts, that the person is violent and of imminent danger to himself or others, or is gravely disabled, then he shall order the release of the person from custody.

If the magistrate determines that there are reasonable grounds to believe, by reason of the commission of overt acts, that the person is violent and of imminent danger to himself or others, or is gravely disabled, then the magistrate shall order that the person be retained in custody pending the district court hearing provided for in G.S. 122-58.6; provided that if the written statement of the qualified physician who has examined the person pursuant to G.S. 122-58.5 concludes that the person is not violent and of imminent danger to himself or others and is not gravely disabled, then the magistrate shall order the person released from custody pending the district court hearing provided for in G.S. 122-58.6.

If the magistrate orders that the person be retained in custody or released pending the district court hearing, the written order shall contain findings of fact which specify the overt acts that give reasonable grounds to believe that the person is violent and of imminent danger to himself or others, or is gravely disabled.

If no written statement containing the determination of a qualified physician pursuant to G.S. 122-58.5 is furnished to the magistrate within 48 hours of the arrival of the person at the treatment facility, the magistrate shall order the immediate release of the person from custody. (1973, c. 726, s. 1.)

§ 122-58.5. Examination by qualified physician at treatment facility.—(a) Within 24 hours of arrival of a person at a treatment facility pursuant to G.S. 122-58.4, he shall receive a personal medical examination and evaluation by a qualified physician, who shall determine on the basis of the examination whether the person is violent and of imminent danger to himself or others, or is gravely disabled. The determination shall be in the form of a written statement. If the qualified physician determines that the person is violent and of imminent danger to himself or others, he shall record reasons for his determination in his written statement.

- (b) (1) If a person is brought to the treatment facility for judicial hospitalization pursuant to G.S. 122-58.4(1),
- a. He may be released from the treatment facility pending the time of the district court hearing provided for in G.S. 122-58.5 if the qualified physician who examines him determines that he is not violent and of imminent danger to himself or others and is not gravely disabled;
 - b. He shall remain at the treatment facility pending the district court hearing provided for in G.S. 122-58.6 if the qualified physician who examined him determines that he is violent and of imminent danger to himself or others or is gravely disabled.
- (2) If a person is brought to the treatment facility for emergency hospitalization pursuant to G.S. 122-58.4(2), the written statement of the qualified physician shall be furnished to the magistrate within 24 hours of the medical examination. (1973, c. 726, s. 1.)

§ 122-58.6. District court hearing.—(a) Within five days, or for good cause shown for delay, within 10 days of the date that the person is taken into custody, a district court judge shall hear the case to determine, by reason of the commission of overt acts, whether the person is violent and of imminent danger to himself or others, or is gravely disabled. If the district court judge makes such determination, he shall order the person to be committed to a treatment facility, or, in the alternative, he may order outpatient treatment of the person at a treatment facility or at a private facility which provides mental health care and treatment; provided, that treatment provided by a private facility shall be paid for by the person.

Calendaring of the hearing shall be in accordance with G.S. 7A-146. The clerk of court shall give notice to the person taken into custody and his attorney of the date of the hearing, no later than 48 hours preceding the date of hearing, unless such notice is waived by the attorney of the person.

(b) If the hearing has not been held and a written order of involuntary commitment signed by the district court judge within 10 days of the date the person is taken into custody, the person shall be immediately released from custody and from the treatment facility.

(c) The court shall inquire whether the person is indigent as defined in G.S. 7A-450. If the court finds the person to be indigent, counsel shall be appointed by the court pursuant to Chapter 7A. The judge at the time of or prior to the hearing shall inquire whether the person is represented by counsel and, if not, shall appoint counsel. Such fees and other necessary expenses of representation shall be borne by the State, provided that such fees and other necessary expenses of representation paid by the State shall be reimbursed to the State by the person represented unless the person is determined to be indigent under Chapter 7A.

(d) The person shall be present at the hearing, and such right shall be waived only at the written recommendation of the attorney of the person, with the concurrence of the court.

(e) The person has a right to be represented by counsel at the hearing, but this right may be waived with the consent of the court.

(f) A transcript of the hearing shall be made, and the cost of the transcript added to the court costs. If the person is eligible for court-appointed counsel under Chapter 7A, he shall be provided with a transcript, and such cost shall be borne by the State.

(g) The order of the district court judge may be appealed to the superior court for a hearing de novo. The person at such hearing shall retain the right to a jury

determination of the issues in accordance with the North Carolina Rules of Civil Procedure. (1973, c. 726, s. 1.)

Editor's Note.—The Rules of Civil Procedure are found in § 1A-1.

§ 122-58.7. Length of involuntary commitment; rehearing.—(a) Length of Involuntary Commitment.—If the district court judge determines at the hearing provided for in G.S. 122-58.6, by reason of the commission of overt acts, that the person is violent and of imminent danger to himself or to others, or is gravely disabled, the district court judge shall issue an order that such person be admitted for care and treatment at the appropriate treatment facility for a period not to exceed 90 days.

(b) Rehearing.—If the superintendent or director of the treatment facility determines that the person will be in need of care and treatment beyond the initial period of commitment, he shall make written request for rehearing to the chief district judge at least 30 days prior to the end of the commitment period. At the time he makes this request, the superintendent or director shall give a copy of such request to the person, or to his guardian if the person has been adjudicated incompetent under Chapter 35 and has not been restored to legal capacity, and to the person's attorney. At least 15 days before the rehearing, the clerk of court shall notify the person, or his guardian if the person has been adjudicated incompetent according to Chapter 35 and has not been restored to legal capacity, and his attorney of the date set for rehearing. The rehearing shall be conducted according to the procedure set forth in G.S. 122-58.7(c), (d), (e), (f), and (g). At the rehearing, the person shall be accorded all rights to which he was entitled at the initial commitment hearing before the district court judge. Each subsequent commitment order after rehearing by the district court judge shall not exceed 120 days and shall not be extended except by the procedures set forth in this section. (1973, c. 726, s. 1.)

§ 122-58.8. Discharge.—The superintendent or the director of the treatment facility may discharge an involuntarily committed person at any time before the expiration of the commitment period.

When an involuntarily committed person is discharged from the treatment facility, transportation must be provided for him to the county of his residence by the sheriff of such county. The costs of such return shall be borne by the county of residence.

An involuntarily committed person who is discharged may, however, elect to use alternate means of transportation, including bus or private automobile. Should such an election be made by the person, he may be discharged provided that he bears the cost of such transportation.

Within 10 days following the discharge of an involuntarily committed person, the superintendent or director of the treatment facility shall prepare and send to the district court judge upon whose order commitment was authorized a certificate of discharge which shall be filed in the court record. In such certificate, the superintendent or director may find that the patient is no longer in need of care and treatment in a treatment facility, in which case such certificate shall operate to remove all disabilities arising from the commitment. (1973, c. 726, s. 1.)

Jurisdiction over such chronic alcoholic may be retained for so long as appropriate for treatment but no longer than two years.

(b) If at the time of acquittal or upon later return to court the presiding judge determines that the chronic alcoholic is likely to endanger himself or others, the presiding judge may order him to be taken into custody and detained for not longer than five days in his own home, in a private or public hospital, or in any other suitable facility approved by the local health director for such detention, and returned to court for any further action to be taken under the authority of this article. The second 1973 amendment, effective Sept. 1, 1973, deleted subdivision (1), authorizing the court to enter an order for the clerk of the superior court to commence judicial hospitalization procedures, and deleted, in subdivision (5), a proviso relating to commitment of persons acquitted of public drunkenness by reason of chronic alcoholism.

§ 122-71.4. Department control of funds.—The Department of Human Resources is hereby authorized and directed to expend any moneys appropriated for the purpose of funding subsidy or grant-in-aid programs providing day-care or sheltered workshop services from nonprofit facilities to severely or moderately mentally retarded individuals in such a manner as to obtain, insofar as is practicable and expedient, the maximum monetary participation or assistance available from any appropriate federal or other program. Provided that such funds shall not be expended in any manner which will result in fewer individuals receiving services from such programs than received such services during fiscal year 1970, and that

no eligible person will receive less than forty dollars (\$40.00) monthly grant-in-aid from the combination of all funds. Any additional funds generated from appropriate federal or other programs shall be used to provide additional services to severely or moderately mentally retarded individuals. (1971, c. 1227, s. 1; 1973, c. 476, s. 133.)

Editor's Note. — The 1973 amendment, effective July 1, 1973, substituted "Department of Human Resources" for "Department of Mental Health with the approval

velopmental Disabilities" in the third sentence.

The second 1973 amendment, effective July 1, 1973, deleted "below the age of six years" following the word "children" in the first sentence.

§ 122-71.6. **Duty of Council on Developmental Disabilities.** — The Council on Developmental Disabilities created by the Executive Organization Act of 1973 shall advise the Secretary of Human Resources as to the appropriateness of the expenditures provided for in this Article. (1973, c. 476, s. 133.)

Cross Reference.—As to the Council on Developmental Disabilities, see §§ 143B-177 through 143B-179.

Editor's Note.—Session Laws 1973, c. 476, s. 194, makes the act effective July 1, 1973.

ARTICLE 10.

Private Hospitals for the Mentally Disordered.

§ 122-72. **Licensing and control of private mental institutions and homes.**—(a) It shall be unlawful for any person or corporation to establish or maintain a private hospital, home or school for the cure, treatment or rehabilitation of mentally ill persons, mentally retarded, or inebriates without having a license therefor from the Department of Human Resources. Any person who carries on, conducts or attempts to carry on or conduct a private hospital, home or school for the cure, treatment or rehabilitation of mentally ill persons, mentally retarded, or inebriates without having a license therefor from the Department of Human Resources shall be guilty of a misdemeanor and upon conviction thereof shall be punished by a fine of not more than one thousand dollars (\$1,000), or by imprisonment for not more than six months, or by both such fine and imprisonment. The managing and executive officers of any corporation violating the provisions of this section shall be liable under the provisions of this section in the same manner and to the same extent as a private individual violating the law.

(b) Licenses shall be obtained annually. Every application for license hereunder shall be accompanied by a plan of the premises proposed to be occupied describing the capacities of the buildings for the uses intended, the extent and location of the grounds and the number of patients proposed to be received therein with such other information and in such form as the Department may require. The Commission for Mental Health Services shall prescribe minimum standards for

each type of establishment which must be met by the applicant before the license will be granted by the Department.

(c) Hospitals, homes or schools licensed under this Article by the Department of Human Resources shall at all times be subject to the visitation of the said Department or any representative thereof, and each such hospital, home or school shall make to the Department a semiannual report on the first days of January and July of each year. The report shall state the number and residence of all patients admitted, the number discharged during the six months preceding, and the officers of the hospital, home, or school. Each such hospital, home or school shall file with the Department a copy of its bylaws, rules, and regulations. The statistical records of each such hospital, home, or school shall at all times be open to the inspection of the Department of Human Resources. The Department of Human Resources is authorized to license all private hospitals, homes, and schools established hereafter in this State for the cure, treatment and rehabilitation of the mentally ill, mentally retarded, and inebriate, and the Commission for Mental Health Services shall prescribe such minimum standards as they may deem necessary, and shall exercise the power of visitation, and for that purpose may depute any member of the Department to visit any private hospital, home, or school established under this Article.

(d) The Department of Human Resources may bring an action in the Superior Court of Wake County to vacate and annul any license granted by the Department, and such license shall be vacated and annulled upon a showing by the Department that the managers of any private hospital, home, or school shall have been guilty of immorality, cruelty, gross neglect, or wilful violation of the rules and regulations of the Commission for Mental Health Services.

(e) The authority to adopt standards for inspection of licensing privately operated homes or other institutions (including religious facilities) for mentally ill persons, mentally retarded persons, and inebriates shall be the responsibility of the Commission for Mental Health Services. (1899, c. 1, s. 60; Rev., s. 4600; C. S., s. 6219; 1945, c. 952, s. 41; 1957, c. 100, ss. 1, 4; 1963, c. 1166, s. 7; 1965, c. 1178, ss. 1-3; 1969, c. 954; 1973, c. 476, s. 133.)

Editor's Note.—

The 1965 amendment added "or from the State Board of Public Welfare in accordance with subsection (e) of this section" at the end of the first sentence in subsection (a) and in the second sentence of that subsection. The amendment also rewrote subsection (e).

Section 4, c. 1178, Session Laws 1965 provides: This act shall not apply where said homes or other nonmedical institutions or facilities care for no more than four persons, all of whom are under the supervision of the United States Veterans Administration."

The 1969 amendment, effective July 1, 1969, deleted "first" preceding "having" and "obtained" following "having" in the first and second sentences of subsection (a), added the first sentence of subsection (b) and deleted a reference to subsection (d) in subsection (e).

The 1973 amendment, effective July 1, 1973, substituted "Department of Human

Resources" for "Department of Mental Health, or from the State Board of Public Welfare in accordance with subsection (e) of this section" in the first and second sentences of subsection (a), rewrote the second sentence of subsection (b), substituted "Department of Human Resources" for "Department of Mental Health" in the first and fourth sentences of subsection (c) and for "State Department of Mental Health" near the beginning of the fifth sentence of subsection (c) and substituted, near the middle of the fifth sentence of subsection (c), "Commission for Mental Health Services shall" for "Board of Mental Health may." The amendment also substituted "Department of Human Resources" for "State Department of Mental Health" near the beginning subsection (d) and "Commission for Mental Health Services" for "Board of Mental Health" at the end of subsection (d) and rewrote subsection (e).

substituting "Department of Human Resources" for "State Department of Mental Health."

§ 122-74. Private hospitals part of public charities.—All hospitals, homes, or schools for the care and treatment of mentally ill and mentally retarded persons and inebriates, formed in compliance with the two preceding sections [G.S. 122-72, 122-73] and duly licensed by the Department of Human Resources as in this Article provided, shall, during the continuance of such license, become and be a part of the system of public charities of the State of North Carolina. (1903, c. 329, s. 1; Rev., s. 4602; C. S., s. 6221; 1957, c. 100, s. 1; 1963, c. 1166, s. 9; c. 1184, s. 15; 1973, c. 476, s. 133.)

The 1973 amendment, effective July 1, 1973, substituted "Department of Human

Resources" for "Department of Mental Health or Board of Public Welfare."

Session Laws 1973, c. 476, s. 133, effective July 1, 1973, amends this section by

substituting "Department of Human Resources" for "State Department of Mental Health."

§ 122-82.1: Repealed by Session Laws 1973, c. 726, s. 2, effective September 1, 1973.

ARTICLE 11.*Mentally Ill Criminals.*

§ 122-83. Mentally ill persons charged with crime to be committed to facility.—All persons who may hereafter commit crime while mentally ill, and all who, being charged with crime, are adjudged to be mentally ill at the time of their arraignment, and for that reason cannot be put on trial for the crimes alleged against them, shall be sent by the court before whom they are or may be arraigned for trial, when it shall be ascertained by due course of law that such person is mentally ill and cannot plead, to any State mental health facility in North Carolina, and they shall be confined therein under the rules and regulations prescribed by the Commission for Mental Health Services under the authority of this Article, and they shall be treated, cared for, and maintained in said facility. As a means of such care and treatment, the said board of directors may make rules and regulations under which the persons so committed to said facilities may be employed in labor upon the farms of said facilities under such supervision as said boards of directors may direct: Provided, that the administrator and chief of medical services of the facility shall determine, in each case, that such employment is advantageous in the physical or mental treatment of the particular inmate to be so employed. Their confinement in said facility shall not be regarded as punishment for any offense. (1899, c. 1, s. 63; Rev., s. 4617; C. S., s. 6236; 1923, c. 165, ss. 2, 3; 1927, c. 228; 1945, c. 952, s. 53; 1959, c. 1028, ss. 1, 2; 1963, c. 1184, s. 25; 1965, c. 929, s. 4; 1973, c. 253, s. 1; c. 476, s. 133; c. 673, s. 20.)

Cross Reference.—

As to appointment of interpreters for deaf persons in commitment proceedings see § 8A-1.

Editor's Note.—

The 1965 amendment deleted "persons"

following "and all" near the beginning of the first sentence and deleted all references to race in hospital assignments therein.

The first 1973 amendment substituted "any State mental health facility in North Carolina" for "Dorothea Dix Hospital, or

to Cherry Hospital" in the first sentence, substituted "facility" for "hospital" at the end of the first sentence, in the proviso to the second sentence and in the third sentence, and substituted "facilities" for "institutions" in two places in the second sentence.

The first 1973 amendatory act was so worded as to appear to direct the deletion of the word "to" which preceded "Dorothea Dix Hospital" in the section as it stood before the amendment. It would seem that this was unintentional, and "to" has not been deleted in the section as set out above.

The second 1973 amendment, effective July 1, 1973, substituted "Commission for Mental Health Services" for "board of directors" near the end of the first sentence.

The third 1973 amendment substituted "administrator and chief of medical services" for "superintendent and medical director" in the proviso to the second sentence.

For a note on a committed mental patient's right to treatment in public mental hospitals, see 45 N.C.L. Rev. 761 (1967).

Section Distinguished from § 122-84.—This section applies to a person "charged with crime" while § 122-84 is applicable to a person "accused of the crime of murder, attempt at murder, rape, assault with intent to commit rape, highway robbery, train wrecking, arson, or other crime," and this points out that one of the distinguishing provisions of the two sections is the type of crime to which it applies. *State v. Lewis*, 11 N.C. App. 226, 181 S.E.2d 163 (1971).

No Irreconcilable Conflict with § 122-84.—When the second and third paragraphs of § 122-84 are considered and harmonized with the first paragraph, and also with this section, the provisions of the two sections are not in irreconcilable conflict. *State v. Lewis*, 11 N.C. App. 226, 181 S.E.2d 163 (1971).

Common-Law Method of Determining Mental Condition.—At common law, the method of determining the defendant's present mental condition rests in the discretion of the trial judge. He may impanel a jury or decide the question himself. *State v. Lewis*, 11 N.C. App. 226, 181 S.E.2d 163 (1971).

Applies in Absence of Statutory Provision.—Under this section and § 122-84, it is not specifically stated that the judge may impanel a jury to try the issue of mental illness, but the common-law rule applies and such determination may be made by the court with or without the aid of a

jury. *State v. Lewis*, 11 N.C. App. 226, 181 S.E.2d 163 (1971).

Ability to Plead and Conduct Defense Should Be Determined Prior to Trial.—Whether defendant is able to plead to the indictment and conduct a rational defense should be determined prior to the trial of defendant for the crime charged in the indictment. *Rutledge v. Rutledge*, 10 N.C. App. 427, 179 S.E.2d 163 (1971).

And May Be Determined with or without a Jury.—Under this section and § 122-84, the question of whether the defendant had sufficient mental capacity to plead to the indictment and conduct a rational defense may be determined by the judge or he may submit the issue to a jury prior to the trial of defendant for the crime charged. *State v. Lewis*, 11 N.C. App. 226, 181 S.E.2d 163 (1971).

Because Formal Inquiry as to Defendant's Mental Capacity to Plead and Conduct Defense Discretionary with Court.—In a criminal case, ordinarily, it is for the court, in its discretion, to determine whether the circumstances brought to its attention are sufficient to call for a formal inquiry to determine whether defendant has sufficient mental capacity to plead to the indictment and conduct a rational defense, and such determination may be made by the court with or without the aid of a jury. *Rutledge v. Rutledge*, 10 N.C. App. 427, 179 S.E.2d 163 (1971).

Proper to Request Court-Conducted Inquiry of Defendant's Mental Capacity.—It is proper for the defendant's counsel to request the court to conduct an inquiry to determine whether the defendant has sufficient mental capacity to plead to the indictment and conduct a rational defense. *State v. Lewis*, 11 N.C. App. 226, 181 S.E.2d 163 (1971).

No Rules Provided for Inquisition Preceding other than Due Process.—No rules or procedure are provided in this section or § 122-84 other than "by due course of law" (set out in this section) as to how the judge shall conduct the inquisition when he is called upon to determine whether a person accused of crime is unable to plead because of mental illness. However, due process must be observed. *State v. Lewis*, 11 N.C. App. 226, 181 S.E.2d 163 (1971).

The distinction between the test of the competency of a person to stand trial and the test of the mental responsibility in the commission of a crime is set forth in *State v. Propst*, 274 N.C. 62, 161 S.E.2d 560 (1968). *State v. Lewis*, 11 N.C. App. 226, 181 S.E.2d 163 (1971).

Findings Sufficient to Show Defendant Mentally Ill at Time of Arraignment.—

The findings by the judge that the defendant was unable to plead to the bill "for that he does not have the capacity at this time to stand trial or to comprehend his position, to understand the nature and object of the proceedings against him, to conduct his defense in a rational manner, or to cooperate understandingly with his counsel with respect to his defense" in the context of the order were sufficient findings that the defendant was mentally ill at the time of arraignment and for that reason could not plead. *State v. Lewis*, 11 N.C. App. 226, 181 S.E.2d 163 (1971).

Finding Commitment in Best Interest of Defendant or for Protection of Society Not

Required.—If the defendant could have been committed under this section, it is clear that this section does not require a finding by the judge that the commitment is in the defendant's best interest or that the protection of society demands that the defendant be committed before sending such person to a State hospital. *State v. Lewis*, 11 N.C. App. 226, 181 S.E.2d 163 (1971).

Commitment by District Court Judge of Person Incompetent to Stand Trial.—See opinion of Attorney General to Mr. J.W.H. Roberts, 41 N.C.A.G. 259 (1971).

Applied in *re Tew*, 280 N.C. 612, 187 S.E.2d 13 (1972).

§ 122-84. Persons acquitted of certain crimes or incapable of being tried, on account of mental illness, committed to facility; return for trial; detention for treatment.—When a person accused of the crime of murder, attempt at murder, rape, assault with the intent to commit rape, highway robbery, train wrecking, arson, or other crime, shall have escaped indictment or shall have been acquitted upon trial upon the ground of mental illness, or shall be found by the court to be without sufficient mental capacity to undertake his defense or to receive sentence after conviction, the court before which such proceedings are had shall detain such person in custody until an inquisition shall be had in regard to his mental condition. The judge shall, at the session of court at which such person is acquitted, cause notice to be given in writing to such person and his attorney, and, if in his good judgment it be necessary, to his nearest relative, naming the day upon which he shall proceed to make an inquisition in regard to the mental condition of such person. The judge shall cause such witness to be summoned and examined as he may deem proper or as the person so acquitted or his counsel may desire. At such inquisition the judge shall cause the testimony to be taken in writing and be preserved, and a copy of which shall be sent to the administrator of a facility designated in G.S. 122-83. If upon such inquisition the judge shall find that the mental condition or disease of such person is such as to render him dangerous either to himself or other persons, and that his confinement for care, treatment, and security demands it, he shall commit such person to a facility designated in G.S. 122-83, to be kept in custody therein for treatment and care as herein provided. Such person shall be kept therein, unless transferred under the previous provisions of this Chapter, until restored to his right mind, in which event it shall be the duty of the authorities having the care of such person to notify the sheriff of the county from which he came, who shall order that he appear before the judge of the superior court of the district, to be dealt with according to law. The expense incident to such commitment and removal shall be paid by the county authorities from which such patient was sent.

When a person committed to a State facility under this section as unable to plead shall have been reported by the facility to the court having jurisdiction as being mentally able to stand trial and plead, the said patient shall be returned to the court to stand trial as provided in G.S. 122-87. If the facility authorities feel that an outright discharge or release of said person (in the event he is found not guilty), would be harmful or dangerous to himself or the public at large involved, and that further care and treatment is necessary, said authorities will when reporting that he is able to stand trial and plead, make a request for his return for further care and treatment, in the event he is found not guilty.

If at the trial it is determined that the defendant is not guilty of a criminal offense and it appears to the trial judge that the State facility in its report has requested that the defendant be returned to said facility for further care and treatment as an outright discharge or release of said defendant would be harmful or dangerous to

himself or the public at large, the trial judge shall commit said defendant to the proper State facility for care and treatment and shall require him to remain at said facility until discharged by the administrator thereof upon the advice of the medical staff. (1899, c. 1, s. 65; Rev., s. 4618; C. S., s. 6237; 1923, c. 165, s. 4; 1945, c. 952, s. 54; 1951, c. 989, s. 1; 1963, c. 1184, s. 26; 1973, c. 108, s. 78; c. 253, s. 2; c. 673, s. 21.)

Cross Reference.—See note to § 122-83.

Editor's Note.—

The first 1973 amendment substituted "session" for "term" near the beginning of the second sentence.

The second 1973 amendment substituted "a facility" for "the hospital" in two places in the first paragraph and "facility" for "hospital" throughout the second and third paragraphs.

The third 1973 amendment substituted "administrator" for "superintendent" in the fourth sentence of the first paragraph and near the end of the last paragraph.

A verdict of not guilty due to insanity constitutes a full acquittal, and one thus acquitted is entitled to all the protection and constitutional rights as if acquitted upon any other ground. In re Tew, 280 N.C. 612, 187 S.E.2d 13 (1972).

Commitment Is Imposed for Protection of Society and Individual Involved.—The commitment of a person under this section following an acquittal is imposed for the protection of society and the individual confined—not as punishment for crime. In re Tew, 280 N.C. 612, 187 S.E.2d 13 (1972).

And a person committed can be confined in an asylum only until his mental health is restored, when he will be entitled to his release, like any other insane person. In re Tew, 280 N.C. 612, 187 S.E.2d 13 (1972).

Common-Law Rule to Determine Defendant's Capacity to Stand Trial.—If a defendant is capable of understanding the nature and object of the proceedings against him and to conduct his defense in a rational manner, he is sane for the purpose of being tried, though on some other subject his mind may be deranged. This is the common-law rule to determine a defendant's capacity to stand trial. State v. Jones, 278 N.C. 259, 179 S.E.2d 433 (1971); State v. Lewis, 11 N.C. App. 226, 181 S.E.2d 163 (1971).

Authority to Detain for Inquisition.—The first sentence of the first paragraph of this section deals with the authority of the judge to detain a person temporarily until an inquisition can be held. State v. Lewis, 11 N.C. App. 226, 181 S.E.2d 163 (1971).

Finding Before Commitment That Defendant Is Dangerous Not Required.—While the portion of paragraph one after the first sentence is suggestive of pro-

cedures which are proper to follow in determining whether a person has sufficient mental capacity to undertake his defense, it does not require a finding before commitment thereunder that "the mental condition or disease of such person is such as to render him dangerous either to himself or other persons, and that his confinement for care, treatment, and security demands it." State v. Lewis, 11 N.C. App. 226, 181 S.E.2d 163 (1971).

Procedures for Committing Person after Acquittal.—The remainder of the first paragraph of this section specifically establishes procedures for committing a person after he has been acquitted, and does not specifically apply to a person accused of crime and found to be without sufficient mental capacity to undertake his defense. State v. Lewis, 11 N.C. App. 226, 181 S.E.2d 163 (1971).

The second sentence in the first paragraph of this section begins a new thought which provides procedure for an inquisition to be held by the judge after a person is acquitted of a crime importing serious menace to others. State v. Lewis, 11 N.C. App. 226, 181 S.E.2d 163 (1971).

The third sentence in the first paragraph refers to witnesses for the "person so acquitted." The next two sentences point to "such inquisition." The remaining sentences in the paragraph all have to do with the inquisition and commitment of the person acquitted. State v. Lewis, 11 N.C. App. 226, 181 S.E.2d 163 (1971).

Scope of Second and Third Paragraphs.—The second and third paragraphs of this section are concerned, among other things, with procedures for dealing with the person accused of crime and committed under this section as unable to plead who subsequently becomes mentally able to stand trial and is thereupon acquitted. State v. Lewis, 11 N.C. App. 226, 181 S.E.2d 163 (1971).

The second paragraph in this section applies to a person already committed to a State hospital as unable to plead under the section. This second paragraph provides procedures for after-commitment dealings with a person unable to plead as well as in the event such person is later tried and then acquitted. State v. Lewis, 11 N.C. App. 226, 181 S.E.2d 163 (1971).

High Degree, etc.—

The felony of breaking and entering

with intent to steal is a crime importing serious menace to others, and it is proper in such case for the judge to proceed under this section. *State v. Lewis*, 11 N.C. App. 226, 181 S.E.2d 163 (1971).

Incompetency to Stand Trial.—If a defendant is incapable of understanding the nature and object of the proceedings against him and to conduct his defense in a rational manner, he is not competent to stand trial. *State v. Lewis*, 11 N.C. App. 226, 181 S.E.2d 163 (1971).

And Presumption of Need of Psychiatric Treatment.—Ordinarily it may be presumed that a person charged with a crime of the nature of those set forth in this section, who is without sufficient mental capacity to plead to the bill of indictment and undertake his defense, is in need of psychiatric treatment. *State v. Lewis*, 11 N.C. App. 226, 181 S.E.2d 163 (1971).

How Mental, etc.—

Ordinarily, it is for the court, in its discretion, to determine whether the circumstances brought to its attention are sufficient to call for a formal inquiry to determine whether defendant has sufficient mental capacity to plead to the indictment and conduct a rational defense. By virtue of this section and § 122-83, such determination may be made by the court with or without the aid of a jury. *State v. Propst*, 274 N.C. 62, 161 S.E.2d 560 (1968).

Elements of Proof Required Before Commitment of Person Charged with Crime.—It is required before the issuance of a commitment to a State hospital of a person charged with crime of the nature referred to in this section, that the judge or the jury first ascertain by due course of law that such person is "charged with" or "accused of" the commission of such a crime and is without sufficient mental capacity to undertake his defense at the time of arraignment and for that reason cannot be put on trial. *State v. Lewis*, 11 N.C. App. 226, 181 S.E.2d 163 (1971).

Distinction between Types of Insanity.—A clear distinction must be drawn between the insanity which precludes responsibility for crime and insanity which precludes trial. *State v. Jones*, 278 N.C. 259, 179 S.E.2d 433 (1971).

The test of mental responsibility is the capacity of defendant to distinguish between right and wrong at the time of and in respect to the matter under investigation. *State v. Propst*, 274 N.C. 62, 161 S.E.2d 560 (1968).

The test for insanity which precludes responsibility for crime is the ability to distinguish the difference between right and

wrong. *State v. Jones*, 278 N.C. 259, 179 S.E.2d 433 (1971).

In determining a defendant's capacity to stand trial, the test is whether he has the capacity to comprehend his position, to understand the nature and object of the proceedings against him, to conduct his defense in a rational manner, and to cooperate with his counsel to the end that any available defense may be interposed. *State v. Propst*, 274 N.C. 62, 161 S.E.2d 560 (1968); *State v. Jones*, 278 N.C. 259, 179 S.E.2d 433 (1971).

Circumstances Insufficient to Raise Doubt As to Competency.—While a defendant may possess a sociopathic personality and suffer from psychological and social disturbances, these circumstances without more are not sufficient to raise a bona fide doubt as to his competence. *State v. Jones*, 278 N.C. 259, 179 S.E.2d 433 (1971).

When Determination of Mental Capacity to Be Made.—The defendant's capacity to enter upon a trial should be determined before he is put upon the trial; for the trial would amount to nothing if the defendant has not the required capacity to defend himself against the charge. *State v. Propst*, 274 N.C. 62, 161 S.E.2d 560 (1968).

The action of the trial judge in accepting the plea, but then sending defendant to the hospital for treatment before sentencing, created an apparent contradiction. *State v. Jones*, 278 N.C. 259, 179 S.E.2d 433 (1971).

Then Judge Should Request Necessary Medical Treatment for Defendant.—Where the defendant has ample mental capacity both to plead and to be sentenced, the trial judge should sentence defendant after accepting the plea and then request the prison authorities to give defendant such medical treatment as he might require. *State v. Jones*, 278 N.C. 259, 179 S.E.2d 433 (1971).

Capacity to Plead Indicates Capacity to Receive Sentence.—If defendant has sufficient mental capacity to plead, he has sufficient mental capacity to receive sentence. *State v. Jones*, 278 N.C. 259, 179 S.E.2d 433 (1971).

Failure to Act under § 122-91 Not a Bar to Proceeding under This Section in Proper Cases.—Where the superintendent of the State hospital has not reported his findings and recommendations to the clerk of the superior court as required in § 122-91, the clerk could not institute proceedings under that section. But the failure to act under the provisions of § 122-91 does not prevent a judge of the superior court from proceeding under the provisions of this section in proper cases. *State v. Lewis*, 11 N.C. App. 226, 181 S.E.2d 163 (1971).

Applied in *Bell v. Smith*, 263 N.C. 814, 140 S.E.2d 542 (1965); *State v. Swann*, 275 N.C. 644, 170 S.E.2d 611 (1969); *State v. Swann*, 9 N.C. App. 18, 175 S.E.2d 382 (1970); In re *Tew*, 11 N.C. App. 64, 180 S.E.2d 434 (1971).

§ 122-85. Convicts becoming mentally ill committed to facility.—All convicts becoming mentally ill after commitment to any penal institution in this State shall be admitted to a facility designated in G.S. 122-83. The same commitment procedure as prescribed in Article 7 of this Chapter shall be followed except that temporary authority for admission of the convict may be given by the clerk of court of the county in which the prison is located, that the prisoner need not be removed from the prison for a hearing, and that the clerk of court of the county from which the convict was sentenced shall issue the order of commitment.

In case of the expiration of the sentence of any convicted mentally ill person, while such person is confined in said facility, such person shall be kept in said facility until transferred or discharged, as provided by G.S. 122-65, 122-66.1, 122-67 and 122-68. (1899, c. 1, s. 66; Rev., s. 4619; C. S., s. 6238; 1923, c. 165, s. 5; 1945, c. 952, s. 55; 1955, c. 887, s. 14; 1957, c. 1232, s. 26; 1963, c. 1184, s. 27; 1965, c. 800, s. 13; 1973, c. 253, s. 3.)

Editor's Note.—

The 1973 amendment substituted "a facility" for "the hospital" in the first sentence of the first paragraph, substituted "commitment" for "hospitalization" in two places in the second sentence of the first paragraph and substituted "facility" for "hospital" in two places in the second paragraph.

§ 122-85.1. Persons on parole.—Any person who has been released from any penal institution on parole who becomes mentally ill or inebriate shall be committed, in the manner provided in Article 7 of this Chapter, in the appropriate State facility. (1959, c. 1002, s. 24; 1963, c. 1184, s. 28; 1973, c. 253, s. 4.)

Editor's Note.—

The 1973 amendment substituted "com-

mitted" for "hospitalized" and "facility" for "hospital."

§ 122-86. Persons acquitted of crime on account of mental illness; how discharged from hospital. — Any person acquitted of a crime on the ground of mental illness, and committed to the hospital designated in G.S. 122-83, shall have the right to apply to any judge having jurisdiction for a writ of habeas corpus. At the habeas corpus hearing the burden will be on the petitioner to prove that he has recovered from his mental illness and that he does not appear to require further hospitalization and treatment to avoid danger [to] himself or others. The judge will consider all the evidence offered by the petitioner and the State and make his finding therefrom. The judge may release the petitioner unconditionally or conditionally, or he may remand the petitioner to the custody of the hospital. (1899, c. 1, s. 67; Rev., s. 4620; C. S., s. 6239; 1923, c. 165, s. 6; 1945, c. 952, s. 56; 1963, c. 1184, s. 29; 1973, c. 253, s. 5; c. 658, s. 2.)

Editor's Note.—

The first 1973 amendment substituted, throughout the section as it stood before the second 1973 amendment, references to "facility" or "facilities" for references to "hospital," "hospitals" and "several State hospitals."

The second 1973 amendment rewrote this

section. Session Laws 1973, c. 658, s. 1, provides: "Purpose of act. The purpose of this act is to revise G.S. 122-86 in accord with the decision of the Supreme Court of North Carolina in the 1972 case of *In re Tew*."

Section 22 of Session Laws 1973, c. 673, ratified on the same day as the second 1973

amendatory act, repealed this section "as the same appears in the 1964 Replacement Volume 3B of the General Statutes."

The section is set out above as it appears in the second 1973 amendatory act.

In this section the legislature clearly manifested its dual purpose to protect the public from the premature release of a criminally insane person and to protect such an individual from himself. In *re Tew*, 280 N.C. 612, 187 S.E.2d 13 (1972).

Person Seeking Release Must Resort to Habeas Corpus.—Since North Carolina has no adequate statutory procedures whereby

one acquitted of crime because of mental illness may have determined the issue of his restoration to sanity, one who seeks his own release must resort to habeas corpus proceedings. In *re Tew*, 280 N.C. 612, 187 S.E.2d 13 (1972).

Burden on Petitioner in Habeas Corpus Proceeding.—In a habeas corpus proceeding for release from a mental hospital the petitioner has the burden of proving not only that he has recovered his sanity, but that his release would not endanger himself or others. In *re Tew*, 280 N.C. 612, 187 S.E.2d 13 (1972).

§ 122-87. Proceedings in case of recovery of patient charged with crime.—Whenever a person confined in any facility for the mentally ill, and against whom an indictment for crime is pending, has recovered or has been restored to normal health and sanity, the administrator of such facility shall notify the clerk of the court of the county from which said person was sent, and the clerk will place the case against said person upon the docket of the superior or district court of his county for trial, and the person shall not be discharged without an order from said court. In all cases where such person confined in said facility shall have recovered his mind, the clerk of the court of the county from which he was committed shall fix the amount of bail required for his appearance at the next session of the superior or district court of the county for trial, except in cases where the offense charged is a capital felony, and in this case only the judge of the superior court residing within or holding the courts of said district shall have the power to fix bail. If the person confined in the facility, and reported sane as aforesaid, shall give the bond fixed by the clerk or judge as above provided for, he shall be discharged by the administrator, and if he does not give the bond, he shall be transferred to the jail of the county from which he was committed. The administrator will notify the sheriff of said county, and the sheriff will remove the person to the jail of his county. The sheriff will pay the expenses of such removal, and the county of the person's residence will repay the sheriff for his expenses and services.

The administrator may take the actions relative to discharge of patients as authorized by this section only after receiving the advice of the chief of medical services of his hospital and the action taken by the administrators shall be in accordance with the advice which he has received from the chief of medical services. (1899, c. 1, s. 64; Rev., s. 4621; C. S., s. 6240; 1923, c. 165, s. 7; 1945, c. 952, s. 57; 1963, c. 1184, s. 30; 1973, c. 108, s. 79; c. 253, s. 6; c. 673, s. 23.)

Editor's Note.—

The first 1973 amendment substituted "district" for "criminal" in the first and second sentences and "session" for "term" in the second sentence.

The second 1973 amendment substituted "facility" for "hospital" in two places in the first sentence and in the second and third sentences and substituted "committed" for

"hospitalized" in the second and third sentences.

The third 1973 amendment substituted "administrator" for "superintendent" in the first, third and fourth sentences of the first paragraph and added the second paragraph.

Applied in *State v. Swann*, 275 N.C. 644, 170 S.E.2d 611 (1969); *State v. Swann*, 9 N.C. App. 18, 175 S.E.2d 382 (1970).

§ 122-87.1. Proceedings in case criminal charges are terminated.—Whenever an indictment for crime which has been pending against a person who is confined in a State facility has been quashed, nol prossed, or otherwise terminated except by trial, the patient shall thereafter be treated in all respects as if he had been committed under the provisions of article 7 of this Chapter. (1959, c. 1002, s. 25; 1963, c. 1184, s. 31; 1973, c. 253, s. 7.)

Editor's Note.—

The 1973 amendment substituted "facil-

ity" for "hospital" and "committed" for "hospitalized."

§ 122-88. Ex-convicts with homicidal tendency committed to facility.—Whenever any person who has been confined in the State prison under sentence for the felonious killing of another person, and who has been discharged therefrom at the expiration of his term of sentence, or as the result of executive clemency, shall thereafter so act as to justify the belief that he is possessed of a homicidal tendency, and shall be duly adjudged mentally ill, in accordance with the provisions of Article 7 of this Chapter, the clerk of the superior court or other officer having jurisdiction of the proceedings in which such person shall be adjudged mentally ill may, in his discretion, commit such person to a State facility designated in G.S. 122-83, as authorized and provided in this Chapter. (1911, c. 169, s. 1; C. S., s. 6241; 1923, c. 165, s. 8; 1945, c. 952, s. 58; 1963, c. 1184, s. 32; 1973, c. 253, s. 8.)

Editor's Note.—

The 1973 amendment substituted "commit" for "hospitalize" and "a State facility"

for "the State hospital" near the end of the section.

§ 122-89. Facility authorities to receive and treat such patients.—It shall be the duty of the duly constituted authorities of the State facilities designated in this Article for the mentally ill to receive all such mentally ill persons as shall be committed to said facilities in accordance with the provisions of this Article, and to treat and care properly for the same until discharged in accordance with the provisions of the law. (1911, c. 169, s. 2; C. S., s. 6242; 1923, c. 165, s. 9; 1945, c. 952, s. 59; 1963, c. 1184, s. 33; 1973, c. 253, s. 9.)

Editor's Note.—

The 1973 amendment substituted "facilities" for "hospitals" near the beginning of the section and for "institutions" near the middle of the section.

For a note on a committed mental patient's right to treatment in public mental hospitals, see 45 N.C.L. Rev. 761 (1967).

§ 122-90: Repealed by Session Laws 1969, c. 767, s. 1.

§ 122-91. Commitment of criminal defendant for observation and treatment.—Any alleged criminal indicted or charged with the commission of a felony may, on the order of the presiding or resident judge of the superior court or the chief district court judge, in or out of session, be committed to a State facility for a period of not exceeding 60 days for observation and treatment. The order of commitment shall contain the name and address of the nearest responsible relative, if known, and shall also contain the address of the alleged criminal, if known. If at the end of the observation and treatment period herein provided the alleged criminal is found to be mentally incompetent of pleading to the charge against him, the administrator of the State hospital concerned shall forward the findings and recommendations of his medical personnel to the clerk of superior court of the county from which the alleged criminal was committed. It shall be the duty of such clerk to bring the report to the attention of the presiding or residing judge of the superior court or the chief district court judge. It shall also be the duty of the clerk to notify the clerk of the superior court of the county in which the alleged criminal is committed, and the duty of the clerk so notified to initiate proceedings to have the alleged criminal committed for a minimum necessary period under the procedures prescribed in G.S. 122-65. If the alleged criminal shall be found competent, the administrator of the State hospital concerned shall forward the findings of his medical personnel to the clerk of the superior court of the county from which such alleged criminal was committed and the clerk shall notify the sheriff who shall remove the alleged criminal from the State facility and return him to the county for trial. (1945, c. 952, s. 60; 1951, c. 181; 1957, c. 1232, s. 27; 1961, c. 511, s. 12; 1963, c. 1184, s. 39; 1969, c. 767, s. 2; 1973, c. 253, s. 10; c. 673, s. 24.)

Editor's Note.—

The 1969 amendment inserted "or the chief district court judge" and substituted "session" for "term" in the first sentence

and added "or the chief district court judge" at the end of the fourth sentence.

The first 1973 amendment substituted "facility" for "hospital" in the first sen-

tence, in the third sentence as it stood before the second 1973 amendment and in two places in the last sentence as it stood before the second 1973 amendment. The first 1973 amendment also substituted "committed" for "hospitalized" in the first and third sentences.

The second 1973 amendment substituted "the administrator of the State hospital concerned shall forward the findings and recommendations of his medical personnel" for "the superintendent of the State hospital concerned shall report his findings and recommendations" in the third sentence and "the administrator of the State hospital concerned shall forward the findings of his medical personnel" for "the superintendent of the State hospital concerned shall report his findings" in the last sentence.

Order of Commitment Is Discretionary.
—A defendant is not entitled to an order of commitment to a State hospital for a period of not exceeding 60 days for observation and treatment as a matter of right; he must show that the failure to grant his belated motion is an abuse of discretion. *State v. Washington*, 283 N.C. 175, 195 S.E.2d 534 (1973).

Failure to Act under This Section Not a Bar to Proceeding under § 122-84 in Proper

Cases.—Where the superintendent of the State hospital has not reported his findings and recommendations to the clerk of the superior court as required in this section, the clerk could not institute proceedings under this section. But the failure to act under the provisions of this section does not prevent a judge of the superior court from proceeding under the provisions of § 122-84 in proper cases. *State v. Lewis*, 11 N.C. App. 226, 181 S.E.2d 163 (1971).

Constitutionality.—This Chapter is not unconstitutional on its face or when considered with reference to the facts set forth in the instant case. *Martin v. North Carolina Housing Corp.*, 277 N.C. 29, 175 S.E.2d 665 (1970).

The West Virginia Housing Development Fund Act is similar to this Chapter. *Martin v. North Carolina Housing Corp.*, 277 N.C. 29, 175 S.E.2d 665 (1970).

The public purpose of this Chapter is to

make additional residential housing available to persons and families of lower income by promoting the construction thereof. *Martin v. North Carolina Housing Corp.*, 277 N.C. 29, 175 S.E.2d 665 (1970).

This Chapter was enacted for a public purpose and the North Carolina Housing Corporation’s authorized activities pursuant thereto are for a public purpose. *Martin v. North Carolina Housing Corp.*, 277 N.C. 29, 175 S.E.2d 665 (1970).

General Assembly Determines Wisdom of Public Policy and Program.—Whether the public policy and program established by the North Carolina Housing Corporation Act is wise or unwise is for determination by the General Assembly. *Martin v. North Carolina Housing Corp.*, 277 N.C. 29, 175 S.E.2d 665 (1970).

§ 122A-2. **Legislative findings and purposes.**—The General Assembly hereby finds and declares that as a result of the spread of slum conditions and blight to formerly sound urban and rural neighborhoods and as a result of actions involving highways, public facilities and urban renewal activities there exists in the State of North Carolina a serious shortage of decent, safe and sanitary residential housing available at low prices or rentals to persons and families of lower income. This shortage is severe in certain urban areas of the State, is especially critical in the rural areas, and is inimical to the health, safety, welfare and prosperity of all residents of the State and to the sound growth of North Carolina communities.

The General Assembly hereby finds and declares further that private enterprise and investment have not been able to produce, without assistance, the needed construction of decent, safe and sanitary residential housing at low prices or rentals which persons and families of lower income can afford, or to achieve the urgently needed rehabilitation of much of the present lower income housing. It is imperative that the supply of residential housing for persons and families of lower income affected by the spread of slum conditions and blight and for persons and families of lower income displaced by public actions or natural disaster be increased; and that private enterprise and investment be encouraged to sponsor, build and rehabilitate residential housing for such persons and families, to help prevent the

recurrence of slum conditions and blight and assist in their permanent elimination throughout North Carolina.

The General Assembly hereby finds and declares further that the purposes of this chapter are to provide financing for development costs, land development and residential housing construction, new or rehabilitated, for sale or rental to persons and families of lower income.

The General Assembly hereby finds and declares further that in accomplishing this purpose, the North Carolina Housing Corporation, a public agency and an instrumentality of the State, is acting in all respects for the benefit of the people of the State in the performance of essential public functions and serves a public purpose in improving and otherwise promoting their health, welfare and prosperity, and that the North Carolina Housing Corporation is empowered to act on behalf of the State of North Carolina and its people in serving this public purpose for the benefit of the general public. (1969, c. 1235, s. 2.)

Purpose of North Carolina Housing Corporation.—The North Carolina Housing Corporation was created as a public agency, an instrumentality of the State of North Carolina, and empowered to act on behalf of the State for the purpose of providing residential housing “for sale or rental to persons and families of lower income.” *Martin v. North Carolina Housing Corp.*, 277 N.C. 29, 175 S.E.2d 665 (1970).

§ 122A-4. North Carolina Housing Corporation. — There is hereby created a body politic and corporate to be known as the "North Carolina Housing Corporation" which shall be constituted a public agency and an instrumentality of the State for the performance of essential public functions. The Corporation shall be composed of nine members. The State Treasurer, Director of the Department of Administration, Director of the Department of Conservation and Development, Director of the Department of Local Affairs and the Secretary of Human Resources and their successors in office from time to time shall, by virtue of their incumbency in such offices and without further appointment or qualification, be members of the Corporation. The Governor shall appoint the other four members of the Corporation who shall be residents of the State and shall not hold other public office. One of such appointees shall have had experience

in real estate, one shall have had experience in banking, one shall have had experience in mortgage finance and another shall have had experience in insurance. The four members of the Corporation thus appointed shall continue in office for terms of one, two, three and four years, respectively, as designated by the Governor, and until their successors shall be duly appointed and qualified. The successor of each such member shall be appointed for a term of four years and until his successor shall be duly appointed and qualified, except that any person appointed to fill a vacancy shall serve only for the unexpired term. Any member of the Corporation shall be eligible for reappointment. Each member of the Corporation appointed by the Governor may be removed by the Governor for misfeasance, malfeasance or wilful neglect of duty after reasonable notice and a public hearing, unless the same are in writing expressly waived. Each member of the Corporation appointed by the Governor before entering upon his duty shall take an oath of office to administer the duties of his office faithfully and impartially and a record of such oath shall be filed in the office of the Secretary of State. The Governor shall designate a member of the Corporation to serve as chairman. The term of the chairman shall extend to the earlier of either the date of expiration of his then current term as a member of the Corporation or a date six months after the expiration of the then current term of the Governor designating such chairman. The Corporation shall annually elect one of its members as vice-chairman. The Corporation shall also elect or appoint, and prescribe the duties of, such other officers as the Corporation deems necessary or advisable, including an executive director and a secretary, and the Governor and the Advisory Budget Commission shall fix the compensation of such officers.

No part of the revenues or assets of the Corporation shall inure to the benefit of or be distributable to its members or officers or other private persons. The members of the Corporation shall receive no compensation for their services but shall be entitled to receive, from funds of the Corporation, for attendance at meetings of the Corporation or any committee thereof and for other services for the Corporation reimbursement for such actual expenses as may be incurred for travel and subsistence in the performance of official duties and, only as to the members appointed by the Governor, such per diem as is allowed by law for members of other State boards, commissions and committees.

The executive director shall administer, manage and direct the affairs and business of the Corporation, subject to the policies, control and direction of the members of the Corporation. The secretary of the Corporation shall keep a record of the proceedings of the Corporation and shall be custodian of all books, documents and papers filed with the Corporation, the minute book or journal of the Corporation and its official seal. He shall have authority to cause copies to be made of all minutes and other records and documents of the Corporation and to give certificates under the official seal of the Corporation to the effect that such copies are true copies, and all persons dealing with the Corporation may rely upon such certificates. Five members of the Corporation shall constitute a quorum and the affirmative vote of five members at a meeting of the members duly called and held shall be necessary for any action taken by the membership of the Corporation, except adjournment. No vacancy in the membership of the Corporation shall impair the rights of a quorum to exercise all the rights and to perform all the duties of the corporation. (1969, c. 1235, s. 4; 1973, c. 476, s. 128.)

Editor's Note.—The 1973 amendment, tary of Human Resources" for "State effective July 1, 1973, substituted "Secre- Health Officer" in the first paragraph.

§ 122A-5. General powers.—The Corporation shall have all of the powers necessary or convenient to carry out and effectuate the purposes and provisions of this chapter, including, but without limiting the generality of the foregoing, the power:

- (1) To make or participate in the making of insured construction loans to

sponsors of land development or residential housing; provided, however, that such loans shall be made only upon the determination by the Corporation that construction loans are not otherwise available, wholly or in part, from private lenders upon reasonably equivalent terms and conditions;

- (2) To make or participate in the making of insured mortgage loans to sponsors of residential housing; provided, however, that such loans shall be made only upon the determination by the Corporation that mortgage loans are not otherwise available, wholly or in part, from private lenders upon reasonably equivalent terms and conditions;
- (3) To purchase or participate in the purchase of insured mortgage loans made to sponsors of residential housing or to persons of lower income for residential housing where the Corporation has given approval prior to the initial making of such loan; provided, however, that any such purchase shall be made only upon the determination by the Corporation that mortgage loans were, at the time such approval was given, not otherwise available, wholly or in part, from private lenders upon reasonably equivalent terms and conditions;

- (16) To receive, administer and comply with the conditions and requirements respecting any appropriation or any gift, grant or donation of any property or money;
- (17) To sue and be sued in its own name, plead and be impleaded;
- (18) To maintain an office in the city of Raleigh and at such other place or places as it may determine;
- (19) To adopt an official seal and alter the same at pleasure;
- (20) To adopt bylaws for the regulation of its affairs and the conduct of its business and to prescribe rules, regulations and policies in connection with the performance of its functions and duties; and
- (21) To employ fiscal consultants, engineers, attorneys, real estate counselors, appraisers and such other consultants and employees as may be required in the judgment of the Corporation and to fix and pay their compensation from funds available to the Corporation therefor. (1969, c. 1235, s. 5.)

Corporation Is Not a Legislative Body.

—The North Carolina Housing Corporation does not legislate but determines factually, by application of the factors the General Assembly has prescribed, what persons or families are persons and families of lower income and therefore entitled to the benefits of this Chapter. *Martin v. North Carolina Housing Corp.*, 277 N.C. 29, 175 S.E.2d 665 (1970).

Nor Is It Vested with Power of Eminent Domain.

—The North Carolina Housing Corporation is not vested with the power of eminent domain. Rather, its function is to foster the planning, construction and financing of modest residences which would not otherwise be available to "persons and families of lower income." *Martin v. North Carolina Housing Corp.*, 277 N.C. 29, 175 S.E.2d 665 (1970).

Public Purpose of Chapter.—This Chapter was enacted for a public purpose and the North Carolina Housing Corporation's authorized activities pursuant thereto are for a public purpose. *Martin v. North Carolina Housing Corp.*, 277 N.C. 29, 175 S.E.2d 665 (1970).

Scope of Corporation's Activities.—The North Carolina Housing Corporation's authorized activities respond to a serious need of deep public concern but do so only when the planning, construction and financing of residential housing is not otherwise available to "persons and families of lower in-

come." *Martin v. North Carolina Housing Corp.*, 277 N.C. 29, 175 S.E.2d 665 (1970).

Function of Corporation.—The evident function of the North Carolina Housing Corporation created by this Chapter is to assist "persons and families of lower income" who desire and seek residential housing elsewhere than as tenants in a low-cost housing project. Such persons would include those who were or are ineligible to be tenants in a housing project. *Martin v. North Carolina Housing Corp.*, 277 N.C. 29, 175 S.E.2d 665 (1970).

The reason and justification for the corporation's existence is to make available decent, safe and sanitary housing to "persons and families of lower income" who cannot otherwise obtain such housing accommodations. *Martin v. North Carolina Housing Corp.*, 277 N.C. 29, 175 S.E.2d 665 (1970).

Nature of Loans Made by Corporation.

—A loan which the North Carolina Housing Corporation is authorized to make or participate in making or to purchase or participate in purchasing is an "insured construction loan" or an "insured mortgage loan," which, as provided in §§ 122A-3(7) and 122A-3(8) means a loan secured by a federally insured mortgage or insured or guaranteed by the United States or an instrumentality thereof or for which there is a commitment by the United States or an instrumentality thereof to insure such

loan or mortgage. This provides sufficient standards for the use of the proceeds from the sale of the Corporation's tax-exempt

bonds. *Martin v. North Carolina Housing Corp.*, 277 N.C. 29, 175 S.E.2d 665 (1970).

§ 122A-6. Credit of State not pledged.—Obligations issued under the provisions of this chapter shall not be deemed to constitute a debt, liability or obligation of the State or of any political subdivision thereof or a pledge of the faith and credit of the State or of any such political subdivision, but shall be payable solely from the revenues or assets of the Corporation. Each obligation issued under this chapter shall contain on the face thereof a statement to the effect that the Corporation shall not be obligated to pay the same nor the interest thereon except from the revenues or assets pledged therefor and that neither the faith and credit nor the taxing power of the State or of any political subdivision thereof is pledged to the payment of the principal of or the interest on such obligation.

Expenses incurred by the Corporation in carrying out the provisions of this chapter may be made payable from funds provided pursuant to this chapter and no liability shall be incurred by the Corporation hereunder beyond the extent to which moneys shall have been so provided. (1969, c. 1235, s. 6.)

The method of financing set forth in this section does not create a debt within the meaning of the Constitution and therefore the limitations of former N.C. Const., Art. V, § 3 (see now N.C. Const., Art. V, § 2), are inapplicable. *Martin v. North Carolina Housing Corp.*, 277 N.C. 29, 175 S.E.2d 665 (1970).

Legislative Appropriations Precluded.—

The North Carolina Housing Corporation has no authority to incur any debt which would obligate the General Assembly to make appropriations. *Martin v. North Carolina Housing Corp.*, 277 N.C. 29, 175 S.E.2d 665 (1970).

§ 122A-7. Housing development fund.—There is hereby created and established a special revolving loan fund to be known as the "housing development fund" and to be administered by the Corporation as a trust fund separate and distinct from any other moneys or funds administered by the Corporation.

The housing development fund shall be comprised of the proceeds of grants and contributions and of fund notes issued by the Corporation for the purpose of providing funds therefor. The Corporation is hereby authorized to receive and accept from any source whatever any grants or contributions for the housing development fund. The Corporation is further authorized to provide for the issuance, at one time or from time to time, of housing development fund notes for the purpose of providing funds for such fund; provided, however, that not more than five million dollars (\$5,000,000.00) fund notes shall be outstanding at any one time. The principal of and the interest on any such fund notes shall be payable solely from the housing development fund. The fund notes of each issue shall be dated, shall mature at such time or times not exceeding 10 years from their date or dates, and may be made redeemable before maturity, at the option of the Corporation, at such price or prices and under such terms and conditions as may be determined by the Corporation. The Corporation shall determine the form and manner of execution of the fund notes, including any interest coupons to be attached thereto, and shall fix the denomination or denominations and the place or places of payment of principal and interest, which may be any bank or trust company within or without the State or any agent, including the lender. In case any officer whose signature or a facsimile of whose signature shall appear on any fund notes or coupons attached thereto shall cease to be such officer before the delivery thereof, such signature or such facsimile shall nevertheless be valid and sufficient for all purposes the same as if he had remained in office until such delivery. The fund notes may be issued in coupon or in registered form, or both, as the Corporation may determine, and provision may be made for the registration of any coupon fund notes as to principal alone and also as to both principal and interest, and for the reconversion into coupon fund notes of any fund notes registered as to both principal and interest, and for the interchange of registered and coupon fund notes. Any such fund notes shall bear interest at such rate or rates

as may be determined by the Corporation and may be sold in such manner, either at public or private sale, and for such price as the Corporation shall determine to be for the best interest of the Corporation and best effectuate the purposes of this Chapter.

The proceeds of any fund notes shall be used solely for the purposes for which issued and shall be disbursed in such manner and under such restrictions, if any, as the Corporation may provide in the resolution authorizing the issuance of such fund notes. The Corporation may provide for the replacement of any fund notes which shall become mutilated or shall be destroyed or lost.

Fund notes may be issued under the provisions of this section without obtaining the consent of any department, division, commission, board, body, bureau or agency of the State, and without any other proceedings or the happening of any conditions or things other than those proceedings, conditions or things which are specifically required by this Chapter and the provisions of the resolution authorizing the issuance of such fund notes.

The purpose of the housing development fund is to provide a source from which the Corporation may make temporary loans, and the Corporation is authorized to make temporary loans from the housing development fund, at such interest rate or rates as may be determined by the Corporation to be for the best interest of the Corporation and best effectuate the purposes of this Chapter, and with such security for repayment as the Corporation deems reasonably necessary and practicable, to

- (1) Defray development costs of sponsors, builders and developers of residential housing, or
- (2) Provide to persons and families of lower income who are applying for mortgages, the amounts required to make down payments and pay closing costs, or
- (3) Make or participate in the making of construction loans which are not federally insured to sponsors, builders and developers of land development or residential housing; provided, however, that such loans shall be made only upon the determination by the Corporation that construction loans are not otherwise available, wholly or in part, from private lenders upon reasonably equivalent terms and conditions; and provided further that no such loan shall be made unless
 - a. The United States or an instrumentality thereof has approved the subdivision planning and has agreed to insure or make the mortgage loan or loans, the proceeds of which shall be applied to the payment of all or any part of such construction loans, and
 - b. A North Carolina banking or lending institution has agreed to furnish not less than twenty percent (20%) of such construction loan.

No temporary loan shall be made by the Corporation from the housing development fund except in accordance with a written agreement which shall include, without limitation, the following terms and conditions:

- (1) The proceeds of such loan shall be used only for the purposes for which such loan shall have been made as provided in the agreement;
- (2) Such loan shall be repaid in full as provided in the agreement;
- (3) All repayments in connection with a loan to defray development costs shall be made concurrent with receipt by the borrower of the proceeds of a construction loan or mortgage loan, as the case may be, or at such other times as the Corporation deems reasonably necessary or practicable; and
- (4) Such security for repayment shall be specified and shall be upon such terms and conditions as the Corporation deems reasonably necessary or practicable to insure all repayments.

No funds from the housing development fund shall be used to carry on propaganda or otherwise attempt to influence legislation. (1969, c. 1235, s. 7; 1971, c. 753, ss. 1, 2.)

Editor's Note. — The 1971 amendment inserted "or make" in subdivision (3)a of the fifth paragraph and deleted at the end of subdivision (3)b of the fifth paragraph "the security interest of the banking or lending institution under the loan to be subordinate in all respects to the corporation's security interest in such loan."

The function of the Housing Development Fund is to initiate the North Carolina Housing Corporation's program. *Martin v. North Carolina Housing Corp.*, 277 N.C. 29, 175 S.E.2d 665 (1970).

The North Carolina Housing Corporation must exercise its discretion and judgment with reference to the choice of sites and the identity of the sponsor, builder or developer with whom the Corporation will deal in connection with a particular project. It is contemplated that such sponsor, builder or developer will continue until completion of the program. *Martin v. North Carolina Housing Corp.*, 277 N.C. 29, 175 S.E.2d 665 (1970).

§ 122A-8. Bonds and notes.—The Corporation is hereby authorized to provide for the issuance, at one time or from time to time, of not exceeding two hundred million dollars (\$200,000,000) bonds of the Corporation to carry out and effectuate its corporate purposes; provided, however, that not more than fifty million dollars (\$50,000,000) bonds shall be issued prior to June 30, 1971. In anticipation of the issuance of such bonds, the Corporation also is hereby authorized to provide for the issuance, at one time or from time to time, of bond anticipation notes; provided, however, that prior to June 30, 1971 the total amount of bonds and bond anticipation notes outstanding at any one time shall not exceed fifty million dollars (\$50,000,000.00) excluding therefrom any bond anticipation notes for the payment of which bonds shall have been issued. The principal of and the interest on such bonds or notes shall be payable solely from the funds herein provided for such payment. Any such notes may be made payable from the proceeds of bonds or renewal notes or, in the event bond or renewal note proceeds are not available, such notes may be paid from any available revenues or assets of the Corporation. The bonds or notes of each issue shall be dated and may be made redeemable before maturity at the option of the Corporation at such price or prices and under such terms and conditions as may be determined by the Corporation. Any such bonds or notes shall bear interest at such rate or rates as may be determined by the Local Government Commission of North Carolina with the approval of the Corporation. Notes shall mature at such time or times not exceeding 10 years from their date or dates and bonds shall mature at such time or times not exceeding 40 years from their date or dates, as may be determined by the Corporation. The Corporation shall determine the form and manner of execution of the bonds or notes, including any interest coupons to be attached thereto, and shall fix the denomination or denominations and the place or places of payment of principal and interest, which may be any bank or trust company within or without the State. In case any officer whose signature or a facsimile of whose signature shall appear on any bonds or notes or coupons attached thereto shall cease to be such officer before the delivery thereof, such signature or such facsimile shall nevertheless be valid and sufficient for all purposes the same as if he had remained in office until such delivery. The Corporation may also provide for the authentication of the bonds or notes by a trustee or fiscal agent. The bonds or notes may be issued in coupon or in registered form, or both, as the Corporation may determine, and provision may be made for the registration of any coupon bonds or notes as to principal alone and also as to both principal and interest, and for the reconversion into coupon bonds or notes of any bonds or notes registered as to both principal and interest, and for the interchange of registered and coupon bonds or notes. Upon the filing with the Local Government Commission of North Carolina of a resolution of the Corporation requesting that its bonds or notes be sold, such bonds or notes may be sold in such manner, either at public or private sale, and for such price as said Commission shall determine to be for the best interest of the Corpora-

tion and best effectuate the purposes of this chapter provided that such sale shall be approved by the Corporation.

The proceeds of any bonds or notes shall be used solely for the purposes for which issued and shall be disbursed in such manner and under such restrictions, if any, as the Corporation may provide in the resolution authorizing the issuance of such bonds or notes or in the trust agreement hereinafter mentioned securing the same.

Prior to the preparation of definitive bonds, the Corporation may, under like restrictions, issue interim receipts or temporary bonds, with or without coupons, exchangeable for definitive bonds when such bonds shall have been executed and are available for delivery. The Corporation may also provide for the replacement of any bonds or notes which shall become mutilated or shall be destroyed or lost.

Bonds or notes may be issued under the provisions of this chapter without obtaining, except as otherwise expressly provided in this chapter, the consent of any department, division, commission, board, body, bureau or agency of the State, and without any other proceedings or the happening of any conditions or things other than those proceedings, conditions or things which are specifically required by this chapter and the provisions of the resolution authorizing the issuance of such bonds or notes or the trust agreement securing the same. (1969, c. 1235, s. 8.)

§ 122A-9. Trust agreement or resolution.—In the discretion of the Corporation any obligations issued under the provisions of this chapter may be secured by a trust agreement by and between the Corporation and a corporate trustee, which may be any trust company or bank having the powers of a trust company within or without the State. Such trust agreement or the resolution providing for the issuance of such obligations may pledge or assign all or any part of the revenues or assets of the Corporation, including, without limitation, mortgage loans, mortgage loan commitments, construction loans, temporary loans, contracts, agreements and other security or investment obligations, the fees or charges made or received by the Corporation, the moneys received in payment of loans and interest thereon and any other moneys received or to be received by the Corporation. Such trust agreement or resolution may contain such provisions for protecting and enforcing the rights and remedies of the holders of any such obligations as may be reasonable and proper and not in violation of law, including covenants setting forth the duties of the Corporation in relation to the purposes to which obligation proceeds may be applied, the disposition or pledging of the revenues or assets of the Corporation, the terms and conditions for the issuance of additional obligations, and the custody, safeguarding and application of all moneys. It shall be lawful for any bank or trust company incorporated under the laws of the State which may act as depository of the proceeds of obligations, revenues or other money hereunder to furnish such indemnifying bonds or to pledge such securities as may be required by the Corporation. Any such trust agreement or resolution may set forth the rights and remedies of the holders of any obligations and of the trustee, and may restrict the individual right of action by any such holders. In addition to the foregoing, any such trust agreement or resolution may contain such other provisions as the Corporation may deem reasonable and proper for the security of the holders of any obligations. All expenses incurred in carrying out the provisions of such trust agreement or resolution may be paid from the revenues or assets pledged or assigned to the payment of the principal of and the interest on obligations or from any other funds available to the Corporation. (1969, c. 1235, s. 9.)

§ 122A-10. Validity of any pledge.—The pledge of any assets or revenues of the Corporation to the payment of the principal of or the interest on any obligations of the Corporation shall be valid and binding from the time when the pledge is made and any such assets or revenues shall immediately be subject to the lien of

such pledge without any physical delivery thereof or further act, and the lien of any such pledge shall be valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the Corporation, irrespective of whether such parties have notice thereof. Nothing herein shall be construed to prohibit the Corporation from selling any assets subject to any such pledge except to the extent that any such sale may be restricted by the trust agreement or resolution providing for the issuance of such obligations. (1969, c. 1235, s. 10.)

§ 122A-11. Trust funds.—Notwithstanding any other provisions of law to the contrary, all moneys received pursuant to the authority of this chapter shall be deemed to be trust funds to be held and applied solely as provided in this chapter. The resolution authorizing any obligations or the trust agreement securing the same may provide that any of such moneys may be temporarily invested pending the disbursement thereof and shall provide that any officer with whom, or any bank or trust company with which, such moneys shall be deposited shall act as trustee of such moneys and shall hold and apply the same for the purposes hereof, subject to such regulations as this chapter and such resolution or trust agreement may provide. Any such moneys or any other moneys of the Corporation may be invested as provided in G.S. 159-28.1. (1969, c. 1235, s. 11.)

Editor's Note.—Section 159-28.1, referred provisions dealing with investment of to in this section, was repealed by Session idle funds, see § 159-30. Laws 1971, c. 780. For present statutory

§ 122A-12. Remedies.—Any holder of obligations issued under the provisions of this chapter or any coupons appertaining thereto, and the trustee under any trust agreement or resolution authorizing the issuance of such obligations, except to the extent the rights herein given may be restricted by such trust agreement or resolution, may, either at law or in equity, by suit, action, mandamus or other proceeding, protect and enforce any and all rights under the laws of the State or granted hereunder or under such trust agreement or resolution, or under any other contract executed by the Corporation pursuant to this chapter, and may enforce and compel the performance of all duties required by this chapter or by such trust agreement or resolution to be performed by the Corporation or by any officer thereof. (1969, c. 1235, s. 12.)

§ 122A-13. Negotiable instruments.—Notwithstanding any of the foregoing provisions of this chapter or any recitals in any obligations issued under the provisions of this chapter, all such obligations and interest coupons appertaining thereto shall be and are hereby made negotiable instruments under the laws of this State, subject only to any applicable provisions for registration. (1969, c. 1235, s. 13.)

§ 122A-14. Obligations eligible for investment. — Obligations issued under the provisions of this chapter are hereby made securities in which all public officers and public bodies of the State and its political subdivisions, all insurance companies, trust companies, banking associations, investment companies, executors, administrators, trustees and other fiduciaries may properly and legally invest funds, including capital in their control or belonging to them. Such obligations are hereby made securities which may properly and legally be deposited with and received by any State or municipal officer or any agency or political subdivision of the State for any purpose for which the deposit of bonds, notes or obligations of the State is now or may hereafter be authorized by law. (1969, c. 1235, s. 14.)

§ 122A-15. Refunding obligations.—The Corporation is hereby authorized to provide for the issuance of refunding obligations for the purpose of refunding any obligations then outstanding which shall have been issued under the provisions of this chapter, including the payment of any redemption premium thereon and any interest accrued or to accrue to the date of redemption of such obligations and, if deemed advisable by the Corporation, for any corporate purpose of the

Corporation. The issuance of such obligations, the maturities and other details thereof, the rights of the holders thereof, and the rights, duties and obligations of the Corporation in respect of the same shall be governed by the provisions of this chapter which relate to the issuance of obligations, insofar as such provisions may be appropriate therefor.

Refunding obligations may be sold or exchanged for outstanding obligations issued under this chapter and, if sold, the proceeds thereof may be applied, in addition to any other authorized purposes, to the purchase, redemption or payment of such outstanding obligations. Pending the application of the proceeds of any such refunding obligations, with any other available funds, to the payment of the principal, accrued interest and any redemption premium on the obligations being refunded, and, if so provided or permitted in the resolution authorizing the issuance of such refunding obligations or in the trust agreement securing the same, to the payment of any interest on such refunding obligations and any expenses in connection with such refunding, such proceeds may be invested in direct obligations of, or obligations the principal of and the interest on which are unconditionally guaranteed by, the United States of America which shall mature or which shall be subject to redemption by the holders thereof, at the option of such holders, not later than the respective dates when the proceeds, together with the interest accruing thereon, will be required for the purposes intended. (1965, c. 1235, s. 15.)

§ 122A-16. Annual reports.—The Corporation shall, promptly following the close of each fiscal year, submit an annual report of its activities for the preceding year to the Governor, State Auditor, the General Assembly, the Advisory Budget Commission and the Local Government Commission. Each such report shall set forth a complete operating and financial statement of the Corporation during such year. The Corporation shall cause an audit of its books and accounts to be made at least once in each year by an independent certified public accountant and the cost thereof may be paid from any available moneys of the Corporation. (1969, c. 1235, s. 16.)

§ 122A-17. Officers not liable.—No member or other officer of the Corporation shall be subject to any personal liability or accountability by reason of his execution of any obligations or the issuance thereof. (1969, c. 1235, s. 17.)

§ 122A-18. Authorization to accept appropriated moneys. — The Corporation is authorized to accept such moneys as may be appropriated from time to time by the General Assembly for effectuating its corporate purposes including, without limitation, the payment of the initial expenses of administration and operation and the establishment of a reserve or contingency fund to be available for the payment of the principal of and the interest on any bonds or notes of the Corporation. (1969, c. 1235, s. 18.)

Appropriations for Reserve Fund Not a Pledge of Faith and Credit of State or Subdivisions.—The fact that such appropriations as the General Assembly may see fit to make may be used for the establishment of a reserve or contingency fund to be available for the payment of the principal of and the interest on any bonds or

notes of the North Carolina Housing Corporation, does not constitute a pledge of the faith and credit of the State or of any political subdivision thereof for the payment of the principal of and the interest on any bonds or notes of the Corporation. *Martin v. North Carolina Housing Corp.*, 277 N.C. 29, 175 S.E.2d 665 (1970).

§ 122A-19. Tax exemption.—The exercise of the powers granted by this chapter will be in all respects for the benefit of the people of the State, for their well-being and prosperity and for the improvement of their social and economic conditions, and the Corporation shall not be required to pay any tax or assessment on any property owned by the Corporation under the provisions of this chapter or upon the income therefrom.

Any obligations issued by the Corporation under the provisions of this chapter, their transfer and the income therefrom (including any profit made on the sale

thereof), shall at all times be free from taxation by the State or any local unit or political subdivision or other instrumentality of the State, excepting inheritance or gift taxes. (1969, c. 1235, s. 19.)

Property and Obligations of Corporation May Be Exempted from Taxation.—Since this Chapter and the North Carolina Housing Corporation's activities pursuant thereto are for a public purpose, it is permissible for the General Assembly to exempt

from taxation the property of the Corporation and the obligations incurred by the Corporation to effectuate such public purpose. *Martin v. North Carolina Housing Corp.*, 277 N.C. 29, 175 S.E.2d 665 (1970).

§ 122A-20. Conflict of interest.—If any member, officer or employee of the Corporation shall be interested either directly or indirectly, or shall be an officer or employee of or have an ownership interest in any firm or corporation interested directly or indirectly in any contract with the Corporation, including any loan to any sponsor, builder or developer, such interest shall be disclosed to the Corporation and shall be set forth in the minutes of the Corporation, and the member, officer or employee having such interest therein shall not participate on behalf of the Corporation in the authorization of any such contract. (1969, c. 1235, s. 20.)

§ 122A-21. Additional method.—The foregoing sections of this chapter shall be deemed to provide an additional and alternative method for the doing of the things authorized thereby and shall be regarded as supplemental and additional to powers conferred by other laws, and shall not be regarded as in derogation of any powers now existing; provided, however, that the issuance of bonds or notes under the provisions of this chapter need not comply with the requirements of any other law applicable to the issuance of bonds or notes. (1969, c. 1235, s. 21.)

§ 122A-22. Chapter liberally construed.—This chapter, being necessary for the prosperity of the State and its inhabitants, shall be liberally construed to effect the purposes thereof. (1969, c. 1235, s. 22.)

§ 122A-23. Inconsistent laws inapplicable.—Insofar as the provisions of this chapter are inconsistent with the provisions of any general or special laws, or parts thereof, the provisions of this chapter shall be controlling. (1969, c. 1235, s. 24.)

§ 123A-1. **Short title.**—This chapter shall be known, and may be cited, as the “North Carolina Industrial Development Financing Act.” (1967, c. 535, s. 1.)

Chapter Unconstitutional.—The North Carolina Industrial Financing Authority’s primary function, to acquire sites and to construct and equip facilities for private industry, is not for a public use or purpose; it may not expend the challenged appropriation of tax funds for its organizations; and the act which purports to authorize the expenditure violates former N.C. Const., Art. V, § 3 (see now N.C. Const., Art.

V, § 2). *Mitchell v. North Carolina Indus. Dev. Financing Authority*, 273 N.C. 137, 159 S.E.2d 745 (1968).

In *Mitchell v. North Carolina Indus. Dev. Financing Authority*, 273 N.C. 137, 159 S.E.2d 745 (1968), the Supreme Court held unconstitutional the North Carolina Industrial Development Financing Act. *Martin v. North Carolina Housing Corp.*, 277 N.C. 29, 175 S.E.2d 665 (1970).

§ 123A-2. **Legislative findings and purposes.**—The General Assembly finds and determines that in order to meet the challenge of attracting new industry posed by the inducements to industry offered through legislative enactments in other jurisdictions and to continue the State’s progress in industrial development, it is necessary to establish a public agency and an instrumentality of the State to facilitate the provision of facilities promoting industrial development in the State and otherwise effectuating the purposes of this chapter, without the levy of any additional taxes therefor. The purposes of this chapter are to promote the industry and natural resources of the State, increase opportunities for gainful employment, increase purchasing power, improve living conditions, advance the general economy, expand facilities for research and development, increase vocational training opportunities and otherwise contribute to the prosperity and welfare of the State and its inhabitants by providing facilities for operation by private operators useful for industrial and research pursuits, such purposes being, and are hereby declared to be, public purposes. (1967, c. 535, s. 2.)

§ 123A-3. **Definitions.**—The following words and terms, unless the context clearly indicates a different meaning, shall have the following respective meanings:

- (1) “Authority,” the North Carolina Industrial Development Financing Authority created by this chapter.

- (5) "Governmental agency," any department, division, public agency, political subdivision or other public instrumentality, including any economic development commission or local unit, of the State, any other state or local public agency, or any two or more thereof.

- (8) "State," the State of North Carolina. (1967, c. 535, s. 3.)

§ 123A-4. North Carolina Industrial Development Financing Authority.—(a) There is hereby created a body politic and corporate to be known as the "North Carolina Industrial Development Financing Authority" which shall be constituted a public agency and an instrumentality of State for the performance of essential public functions. The Authority shall be composed of seven members. The State Treasurer and the chairman of the Department of Conservation and Develop-

ment and their successors in office from time to time shall, by virtue of their incumbency in such offices and without further appointment or qualification, be members of the Authority. The Governor shall appoint the other five members of the Authority who shall be residents of the State and shall not hold other public office. One of such appointees shall have had experience in industrial real estate, one shall have had experience in county government in the capacity of an elected officer thereof and another shall have had experience in municipal government in the capacity of an elected officer thereof and two of such appointees shall be selected at large. The five members of the Authority thus appointed shall continue in office for terms of one year, two, three, four and five years, respectively, as designated by the Governor, and until their successors shall be duly appointed and qualified. The successor of each such member shall be appointed for a term of five years and until his successor shall be duly appointed and qualified, except that any person appointed to fill a vacancy shall serve only for the unexpired term. Any member of the Authority shall be eligible for reappointment. Each member of the Authority appointed by the Governor may be removed by the Governor for misfeasance, malfeasance or wilful neglect of duty after reasonable notice and a public hearing, unless the same are in writing expressly waived. Each member of the Authority, other than the State Treasurer and the chairman of the Department of Conservation and Development, before entering upon his duty shall take an oath of office to administer the duties of his office faithfully and impartially and a record of such oath shall be filed in the office of the Secretary of State. The Governor shall designate a member of the Authority to serve as chairman. The term of the chairman shall extend to the earlier of either the date of expiration of his then current term as a member of the Authority or a date six months after the expiration of the then current term of the Governor designating such chairman. The Authority shall annually elect one of its members as vice chairman. The Authority shall also elect or appoint, and prescribe the duties of, such other offices [officers] as the Authority deems necessary or advisable, including an executive director and a secretary, and the Governor and the Advisory Budget Commission shall fix the compensation for such officers.

(b) The members of the Authority shall be entitled to receive, from funds of the Authority, for attendance of meetings of the Authority or any committee thereof and for other services for the Authority reimbursement for actual expenses as may be incurred for travel and subsistence in the performance of official duties and, as to only the members appointed by the Governor, such per diem as is allowed by law for members of other State boards, commissions and committees. The executive director shall administer, manage and direct the affairs and business of the Authority, subject to the policies, control and direction of the Authority. The secretary of the Authority shall keep a record of the proceedings of the Authority and shall be custodian of all books, documents and papers filed with the Authority, the minute book or journal of the Authority and its official seal. He shall have authority to cause copies to be made of all minutes and other records and documents of the Authority and to give certificates under the official seal of the Authority to the effect that such copies are true copies, and all persons dealing with the Authority may rely upon such certificates. Four members of the Authority shall constitute a quorum and the affirmative vote of four members shall be necessary for any action taken by the Authority, except adjournment. No vacancy in the membership of the Authority shall impair the rights of a quorum to exercise all the rights and to perform all the duties of the Authority. (1967, c. 535, s. 4.)

Editor's Note.—The word "officers" in (a) is suggested as a correction of "offices," brackets in the last sentence of subsection which appears in the 1967 Session Laws.

§ 123A-5. General powers.—The Authority shall have all of the powers necessary or convenient to carry out and effectuate the purposes and provisions of this chapter, including, but without limiting the generality of the foregoing, the power:

- (1) To adopt bylaws for the regulation of its affairs and the conduct of its business and to prescribe rules, regulations and policies in connection with the performance of its functions and duties;
 - (2) To adopt an official seal and alter the same at pleasure;
 - (3) To maintain an office in the city of Raleigh and at such other place or places as it may determine;
 - (4) To sue and be sued in its own name, plead and be impleaded;
 - (5) To receive, administer and comply with the conditions and requirements respecting any gift, grant or donation of any property or money;
 - (6) To make and execute agreements of lease, contracts and other instruments necessary or convenient in the exercise of the powers and functions of the Authority under this chapter, including contracts with persons, firms, corporations, governmental agencies and others, and governmental agencies are hereby authorized to enter into contracts and otherwise cooperate with the Authority to facilitate the financing and construction of any project;
 - (7) To acquire by purchase, lease, gift or otherwise, or to obtain options for the acquisition of, any property, real or personal, improved or unimproved, and interests in land less than the fee thereof, for the construction, operation or maintenance of any project; provided that no project shall be financed hereunder unless the Authority shall, in acquiring the site thereof, obtain thereby at least a leasehold interest, sufficient for the purpose, terminating not earlier than 25 years from the final maturity date of the bonds that shall be initially issued to pay any part of the cost of such project;
 - (8) To sell, lease, exchange, transfer or otherwise dispose of, or to grant options for any such purposes with respect to, any real or personal property or interest therein;
 - (9) To pledge or assign any money, rents, charges, fees or other revenues and any proceeds derived from sales of property, insurance or condemnation awards by the Authority;
 - (10) To issue industrial revenue bonds of the Authority for the purpose of providing funds to pay all or any part of the cost of any project and any revenue refunding bonds;
 - (11) To construct, acquire, own, repair, maintain, extend, improve, rehabilitate, renovate, furnish and equip projects and to pay all or any part of the costs thereof from the proceeds of bonds of the Authority or from any contribution, gift or donation or other funds made available to the Authority for such purpose;
 - (12) To fix, charge and collect rents, fees and charges for the use of any project; and
 - (13) To employ consulting engineers, architects, attorneys, real estate counselors, appraisers and such other consultants and employees as may be required in the judgment of the Authority and to fix and pay their compensation from funds available to the Authority therefor.
- (1967, c. 535, s. 5.)

§ 123A-6. Criteria and requirements.—In undertaking any project pursuant to this chapter, the Authority shall be guided by and shall observe the following criteria and requirements; provided that the determination of the Authority as to its compliance with such criteria and requirements shall be final and conclusive:

- (1) The project, in the determination of the Authority, shall make a significant contribution to the economic growth of the local unit in which it shall be located, shall provide gainful employment and shall serve a public purpose by advancing the economic prosperity and the public welfare of the State and its people;

- (2) The project shall not involve the relocation of an industrial or research facility existing in the State to some other part of the State unless the Authority determines that there is a clear and justifiable reason therefor;
- (3) No project shall be leased to any lessee which is not financially responsible and fully capable and willing to fulfill its obligations under the agreement of lease, including the obligation to pay rent in the amounts and at the times required, the obligation to operate, repair and maintain at its own expense the project leased and to serve the purposes of the chapter and such other responsibilities as may be imposed under the lease, and in determining the financial responsibility of such lessee consideration shall be given to the lessee's ratio of current assets to current liabilities, net worth, earnings trends, coverage of all fixed charges, the nature of the industry or business involved, its inherent stability, any guarantee of the obligations by some other financially responsible corporation, firm or person, and other factors determinative of the capability of the lessee, financially and otherwise, to fulfill its obligations consistently with the purposes of this chapter;
- (4) The local unit in which the project is to be located, in the determination of the Authority, will be able to cope satisfactorily with the impact of such project and will be able to provide, or cause to be provided, when needed the public facilities, including utilities, and public services that will be necessary for the construction, operation, repair and maintenance of the project and on account of any increases in population resulting therefrom; and
- (5) Adequate provision shall be made for the operation, repair and maintenance of the project at the expense of the lessee and for the payment of principal of and interest on the bonds and for reserves therefor. (1967, c. 535, s. 6.)

§ 123A-7. Procedural requirements.—(a) Any one or more governmental agencies may submit to the Authority a proposal for financing a project, using such forms and following such instructions as may be prescribed by the Authority. Such proposal shall set forth the type and location of the project and may include other information and data, available to the governmental agency or agencies submitting the proposal, respecting the project, the proposed lessee, if any, and the extent to which such project conforms to the criteria and requirements set forth in this chapter. The Authority shall promptly consider every project and cooperate with any governmental agency submitting any such proposal. The Authority may request governmental agencies to provide such information and data as the Authority may deem pertinent, and governmental agencies are authorized to provide to the Authority any information or data available to them and otherwise to render assistance to and cooperate with the Authority in carrying out the purposes of this chapter. The Authority may also request any proposed lessee of any project to provide information and data respecting the project and such lessee. The Authority is authorized to make or cause to be made, in cooperation with governmental agencies to the fullest extent feasible, such investigations, surveys, studies, reports and reviews as in its judgment are necessary and desirable to determine the feasibility and desirability of the project, the extent to which the project contributes to the development and advancement of the prosperity and economic welfare of the State, and, as to the proposed lessee, the experience, background, past and present financial condition, record of earnings, credit standing, present and future markets and prospects and the integrity and capability of the management of such lessee, the extent to which the project or such proposed lessee otherwise conform to the criteria and requirements of this chapter, and such other factors as may be deemed relevant or convenient in carrying out the purposes of this chapter.

(b) If the Authority determines that the project is feasible and desirable and that the criteria and requirements of this chapter may be complied with in undertaking and financing such project, the Authority shall promptly notify the local unit in which the project is to be located and request the approval of the project by the governing body of the local unit. For the purpose of determining whether to approve the project, the governing body of such local unit may in its discretion or shall, at the request of the Authority, hold a public hearing within the boundaries of the local unit after giving notice of such hearing by one publication thereof, in a newspaper of general circulation in the local unit, at least 10 days before such hearing. The governing body of the local unit and a representative or representatives of the Authority shall attend such public hearing to provide information and otherwise hear and consider the comments and suggestions made at such hearing. No further action respecting such project shall be taken by the Authority unless the governing body of the local unit shall adopt (after the public hearing, if one shall be held) a resolution approving the project and requesting the Authority to finance and carry out the project. (1967, c. 535, s. 7.)

§ 123A-8. **Agreements of lease.**—No project financed under the provisions of this chapter shall be operated by the Authority or any other governmental agency; provided, that the Authority may temporarily operate or cause to be operated all or any part of a project to protect its interest therein pending any leasing of such project in accordance with this chapter. The Authority shall lease a project or projects to one or more persons, firms or private corporations for operation and maintenance in such manner as shall effectuate the purposes of this chapter, under an agreement of lease in form and substance not inconsistent herewith. Any such agreement of lease may provide, among other provisions, that:

- (1) The lessee shall, at its own expense, operate, repair and maintain the project or projects leased thereunder;
- (2) The rent payable under the lease shall in the aggregate be not less than an amount sufficient to pay all of the interest, principal and redemption premiums, if any, on the bonds that shall be issued by the Authority to pay the cost of the project or projects leased thereunder;
- (3) The lessee shall pay all other costs incurred by the Authority in connection with the financing, construction and administration of the project or projects leased, except as may be paid out of the proceeds of bonds or otherwise, including, but without limitation, insurance costs, the cost of administering the bond resolution authorizing such bonds and any trust agreement securing the bonds and the fees and expenses of trustees, paying agents, attorneys, consultants and others;
- (4) The term of the lease shall terminate not earlier than the date on which all such bonds and all other obligations incurred by the Authority in connection with the project or projects leased thereunder shall be paid in full, including interest, principal and redemption premiums, if any, or adequate funds for such payment shall be deposited in trust; and
- (5) The lessee's obligation to pay rent shall not be subject to cancellation, termination or abatement by the lessee until such payment of the bonds or provision for such payment shall be made. Such agreement of lease may contain such additional provisions as in the determination of the Authority are necessary or convenient to effectuate the purposes of this chapter, including provisions for extensions of the term and renewals of the lease and vesting in the lessee an option to purchase the project or projects leased thereunder pursuant to such terms and conditions consistent with this chapter as shall be prescribed in the lease; provided, that, except as may otherwise be expressly stated in the agreement of lease to provide for any contingencies involving the

destruction or condemnation of the project or projects leased, or any substantial portion thereof, such option to purchase may not be exercised until the expiration of a period of not less than 10 years from the date the final installment of the first year's rent under the lease shall be paid by the lessee and until all bonds issued for such project or projects, including all interest and redemption interest and redemption premiums, if any, and all other obligations incurred by the Authority in connection with such project or projects shall have been paid in full or sufficient funds shall have been deposited in trust for such payment; and provided further that the purchase price of such project or projects shall not be less than the increase, if any, from the date the lease becomes legally effective to the date of the lessee's exercise of the option in the value of all of the Authority's interest in the site or sites of such project or projects, whether such interest be in fee, a leasehold or other lesser estate, as determined for the purposes of and in conformity with the provisions of the next succeeding section [§ 123A-9]. (1967, c. 535, s. 8.)

§ 123A-9. Tax exemption; payments in lieu of taxes.—(a) The exercise of the powers granted by this chapter in all respects will be for the benefit of the people of the State, for the increase of their industry and prosperity, for the provision of gainful employment and for the improvement of their health and living conditions and will constitute the performance of essential public functions, and the Authority shall not be required to pay any taxes on any project or any other property owned by the Authority under the provisions of this chapter or upon the income therefrom, and the bonds issued under the provisions of this chapter, their transfer and the income therefrom (including any profit made on the sale thereof), shall at all times be free from taxation by the State or any local unit or political subdivision or other instrumentality of the State, excepting inheritance or gift taxes. Nothing in this section, however, shall be construed as exempting from taxation or assessments the leasehold interest of any lessee in any project or any other property or interest owned by any lessee.

(b) The agreement for the Authority's leasing of any project shall require that the lessee thereunder shall pay each year, in addition to all other obligations, an amount equal to the total amount of ad valorem taxes that would otherwise be levied upon the property owned and leased by the Authority thereunder which is exempted from taxation. The agreement of lease shall require the lessee to covenant and agree that, for the purposes of this section and during the term of such lease, the amount of such annual payment in lieu of taxes, the time, method and place of payment thereof, its apportionment to the various local government taxing units entitled thereto, the procedures and the rights of review and appeal of the lessee shall, to the fullest extent appropriate, be deemed to be the same as if such payment were an ad valorem tax payment and as if the property of the Authority leased by the lessee thereunder were actually owned by the lessee and legally subject to ad valorem taxation under applicable law, including particularly the Machinery Act, G.S. §§ 105-271 to 105-398, inclusive, as amended, and further to covenant and agree that the lessee shall file a tax list, listing such property in the name of, and as if owned by, the lessee (referring expressly therein to this section) in the form and manner and at the place or places and at the time or times required under said Machinery Act for the listing of real and personal property in the local unit subject to ad valorem taxation. Upon the execution of any such agreement of lease, the property of the Authority leased thereunder to the lessee during the term of such lease shall be treated (but only for the purposes of this section) as if it were subject to ad valorem taxation and, pursuant to the Machinery Act, said property shall be listed, appraised, assessed and revalued and shall be subject to the imposition of an amount in lieu of taxes equal to the ad valorem taxes that would otherwise be levied

against such property if it were actually owned by the lessee and the lessee shall be deemed to be, for the purposes hereof, the owner of such property and to have such rights of review and appeal respecting such property as are vested in owners of property subject to ad valorem taxation under applicable law. The amount imposed in lieu of taxes against such property shall constitute the amount of payment in lieu of taxes required to be made by the lessee hereunder and such amount shall be imposed and collected in the same manner and at such time as ad valorem taxes under said Machinery Act, and shall be apportioned and made available to the local government taxing units that would have been entitled thereto if such payment were a tax payment on such property, and may be used for the same purposes for which ad valorem property tax proceeds may be lawfully used by such taxing units, to be expended pro rata for purposes for which the unit levies property taxes. (1967, c. 535, s. 9.)

§ 123A-10. Construction contracts.—Contracts for the construction of the project may be awarded by the Authority in such manner as in its judgment will best promote free and open competition, including advertisement for competitive bids in a newspaper of general circulation in the local unit in which the project is to be located; provided, however, that if the Authority shall determine that the purposes of the chapter will thereby be more effectively served, the Authority in its discretion may award contracts for the construction of any project, or any part thereof, upon a negotiated basis as determined by the Authority. The Authority shall prescribe such bid security requirements and other procedures in connection with the award of such contracts as in its judgment shall protect the public interest. The Authority may by written contract engage the services of the lessee or prospective lessee of any project in the construction of such project and may provide in such contract that the lessee or prospective lessee may act as an agent of, or an independent contractor for the Authority for the performance of the functions described therein, subject to such conditions and requirements, consistent with the provisions of this chapter, as shall be prescribed in such contract, including such functions as the acquisition of the site and other real property for such project, the preparation of plans, specifications and contract documents, the award of construction and other contracts upon a competitive or negotiated basis, the construction of such project, or any part thereof, directly by such lessee or prospective lessee, the inspection and supervision of construction, the employment of engineers, architects, builders and other contractors and the provision of money to pay the cost thereof pending reimbursement by the Authority. Any such contract may provide that the Authority may, out of proceeds of bonds, make advances to or reimburse the lessee or prospective lessee for its costs incurred in the performance of such functions and shall set forth the supporting documents required to be submitted to the Authority and the reviews, examinations and audits that shall be required in connection therewith to assure compliance with the provisions of this chapter and such contract. (1967, c. 535, s. 10.)

§ 123A-11. Conflict of interest.—No officer, member, agent or employee of the Authority, the State or any local unit shall be interested either directly or indirectly in any contract with the Authority or in the sale of property, real or personal, to the Authority for the purposes of the project; provided, however, that this section shall not apply to any interest which the Authority determines is so minor as not to be within the purview of the purpose of this section. If any such officer, member, agent or employee shall have any interest in real property acquired prior to the determination of the location of any project, such interest shall immediately be disclosed to the Authority and shall be set forth in the minutes of the Authority, and the officer, member, agent or employee having any interest therein shall not participate on behalf of the Authority in the acquisition of such property by the Authority. (1967, c. 535, s. 11.)

§ 123A-12. Authorization of funds for initial expenditures. — In order to enable the Authority to organize and commence its operations under the chapter, the Governor and the Council of State are authorized to transfer to the Authority out of the Contingency and Emergency Fund not otherwise obligated such amount or amounts as the Governor and the Council of State shall deem necessary to enable the Authority to organize and to pay the expenses of administration during the first two years of the Authority's operations. (1967, c. 535, s. 12.)

§ 123A-13. Credit of State not pledged.—(a) Bonds issued under the provisions of this chapter shall not be deemed to constitute a debt, liability or obligation of the State or of any political subdivision thereof or a pledge of the faith and credit of the State or of any such political subdivision, but shall be payable solely from the revenues and other funds provided therefor. Each bond issued under this chapter shall contain on the face thereof a statement to the effect that the Authority shall not be obligated to pay the same nor the interest thereon except from the revenues, proceeds and other funds pledged therefor and that neither the faith and credit nor the taxing power of the State or of any political subdivision thereof is pledged to the payment of the principal of or the interest on such bonds.

(b) Expenses incurred by the Authority in carrying out the provisions of this chapter may be made payable from funds provided pursuant to this chapter and no liability or obligation shall be incurred by the Authority hereunder beyond the extent to which moneys shall have been so provided. (1967, c. 535, s. 13.)

§ 123A-14. Bonds.—(a) The Authority is hereby authorized to provide for the issuance, at one time or from time to time, of industrial revenue bonds of the Authority for the purpose of paying all or any part of the cost of any project or projects. The bonds shall be designated, subject to such additions or changes as the Authority deems advisable, "North Carolina Industrial Development Financing Authority Revenue Bonds, Series," inserting in the blank space the name of the local unit in which shall be located the project for which the bonds are to be issued. The principal of and the interest on such bonds shall be payable solely from the funds herein provided for such payment. The bonds of each issue shall be dated, shall bear interest at such rate or rates, shall mature at such time or times not exceeding 40 years from their date or dates, as may be determined by the Authority, and may be made redeemable before maturity, at the option of the Authority, at such price or prices and under such terms and conditions as may be fixed by the Authority prior to the issuance of the bonds. The Authority shall determine the form and the manner of execution of the bonds, including any interest coupons to be attached thereto, and shall fix the denomination or denominations of the bonds and the place or places of payment of principal and interest, which may be at any bank or trust company within or without the State. In case any officer whose signature or a facsimile of whose signature shall appear on any bonds or coupons shall cease to be such officer before the delivery of such bonds, such signature or such facsimile shall nevertheless be valid and sufficient for all purposes the same as if he had remained in office until such delivery. The Authority may also provide for the authentication of the bonds by a trustee or fiscal agent. The bonds may be issued in coupon or in registered form, or both, as the Authority may determine, and provision may be made for the registration of any coupon bonds as to principal alone and also as to both principal and interest, and for the reconversion into coupon bonds of any bonds registered as to both principal and interest, and for the interchange of registered and coupon bonds. The Authority may sell such bonds in such manner, either at public or private sale, and for such price as it may determine will best effectuate the purposes of this chapter.

(b) The proceeds of the bonds of each issue shall be used solely for the pay-

ment of the cost of the project or projects, or portion or portions thereof, for which such bonds shall have been issued, and shall be disbursed in such manner and under such restrictions, if any, as the Authority may provide in the resolution authorizing the issuance of such bonds or in the trust agreement hereinafter mentioned securing the same. If the proceeds of the bonds of any issue, by reason of increased construction costs or error in estimates or otherwise, shall be less than such cost, additional bonds may in like manner be issued to provide the amount of such deficiency, and, unless otherwise provided in the bond resolution or in the trust agreement, shall be deemed to be of the same issue and shall be entitled to payment from the same fund without preference or priority of the bonds first issued. If the proceeds of the bonds of any issue shall exceed such cost, such excess shall be deposited to the credit of the sinking fund for such bonds, or, if so provided in such resolution or trust agreement, may be applied to the payment of the cost of any additional project or projects.

(c) Prior to the preparation of definitive bonds, the Authority may, under like restrictions, issue interim receipts or temporary bonds, with or without coupons, exchangeable for definitive bonds when such bonds shall have been executed and are available for delivery. The Authority may also provide for the replacement of any bonds which shall become mutilated or shall be destroyed or lost.

(d) Bonds may be issued under the provisions of this chapter without obtaining, except as otherwise expressly provided in this chapter, the consent of any department, division, commission, board, body, bureau or agency of the State, and without any other proceedings or the happening of any conditions or things other than those proceedings, conditions or things which are specifically required by this chapter and the provisions of the resolution authorizing the issuance of such bonds or the trust agreement securing the same. (1967, c. 535, s. 14.)

Issuance of Bonds Held Not for Public Purpose.—The issuance of revenue bonds by the Industrial Development Financing Authority, pursuant to this chapter, in order to acquire sites and to construct and equip buildings and other facilities thereon for lease to private industry, such bonds to

be retired by the rental payments, is not a public use or purpose for which State tax funds may be appropriated to enable the Authority to commence its operations. *Mitchell v. North Carolina Indus. Dev. Financing Authority*, 273 N.C. 137, 159 S.E.2d 745 (1968).

§ 123A-15. Trust agreement. — In the discretion of the Authority any bonds issued under the provisions of this chapter may be secured by a trust agreement by and between the Authority and a corporate trustee, which may be any trust company or bank having the powers of a trust company within or without the State. Such trust agreement or the resolution providing for the issuance of such bonds may pledge or assign the fees, rents, charges, proceeds from the sale of any project, or part thereof, insurance proceeds, condemnation awards and other funds and revenues to be received therefor, but shall not convey or mortgage any project or any part thereof. Such trust agreement or resolution providing for the issuance of such bonds may contain such provisions for protecting and enforcing the rights and remedies of the bondholders as may be reasonable and proper and not in violation of law, including covenants setting forth the duties of the Authority in relation to the acquisition of property and the construction, improvement, maintenance, repair, operation and insurance of the project or projects in connection with which such bonds shall have been authorized, the fees, rents and other charges to be fixed and collected, the sale of any project, or part thereof, or other property, the terms and conditions for the issuance of additional bonds, and the custody, safeguarding and application of all moneys. It shall be lawful for any bank or trust company incorporated under the laws of the State which may act as depository of the proceeds of bonds, revenues or other money hereunder to furnish such indemnifying bonds or to pledge such securities as may be required by the Authority. Any such trust agreement or resolution may set forth the rights and remedies of the bondholders and of the trustee, and may restrict the individual right of action

by bondholders. In addition to the foregoing, any such trust agreement or resolution may contain such other provisions as the Authority may deem reasonable and proper for the security of the bondholders. All expenses incurred in carrying out the provisions of such trust agreement or resolution may be treated as a part of the cost of the project or projects in connection with which bonds are issued or as an expense of administration of such project or projects, as the case may be. (1967, c. 535, s. 15.)

§ 123A-16. Revenues.—(a) The Authority is hereby authorized to fix and to collect fees, rents and charges for the use of any project or projects, and any part or section thereof, and to contract with any person, partnership, association or corporation respecting the use thereof. The Authority may require that the lessee or users of any project, or any part thereof, shall operate, repair and maintain the project and shall bear the cost thereof and other costs of the Authority in connection with the project or projects leased, as may be provided in the agreement of lease or other contract with the Authority, in addition to other obligations imposed under such agreement or contract.

(b) The fees, rents and charges shall be so fixed as to provide a fund sufficient, with such other funds as may be made available therefor, to pay the principal of and the interest on such bonds as the same shall become due and payable and to create reserves for such purposes. The fees, rents and charges and all other revenues and other proceeds derived from the project or projects in connection with which the bonds of any issue shall have been issued, except such part thereof as may be necessary to provide such reserves therefor as may be provided for in the resolution authorizing the issuance of such bonds or in the trust agreement securing the same, shall be set aside at such regular intervals as may be provided in such resolution or such trust agreement in a sinking fund which is hereby pledged to, and charged with, the payment of the principal of and the interest on such bonds as the same shall become due and the redemption price or the purchase price of bonds retired by call or purchase as therein provided. Such pledge shall be valid and binding from the time when the pledge is made. The fees, rents, charges and other revenues and moneys so pledged and thereafter received by the Authority shall immediately be subject to the lien of such pledge without any physical delivery thereof or further act, and the lien of any such pledge shall be valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the Authority, irrespective of whether such parties have notice thereof. Neither the resolution nor any trust agreement by which a pledge is created need be filed or recorded except in the records of the Authority. The use and disposition of money to the credit of such sinking fund shall be subject to the provisions of the resolution authorizing the issuance of such bonds or of such trust agreement. Except as may otherwise be provided in such resolution or such trust agreement, such sinking fund shall be a fund for all such bonds without distinction or priority of one over another. (1967, c. 535, s. 16.)

§ 123A-17. Trust funds.—Notwithstanding any other provisions of law to the contrary, all money received pursuant to the authority of this chapter, whether as proceeds from the sale of bonds, sale of property, insurance or condemnation awards, or as revenues, shall be deemed to be trust funds to be held and applied solely as provided in this chapter. The resolution authorizing the bonds of any issue or the trust agreement securing such bonds may provide that any of such moneys may be temporarily invested pending the disbursement thereof and shall provide that any officer with whom, or any bank or trust company with which, such moneys shall be deposited shall act as trustee of such money and shall hold and apply the same for the purposes hereof, subject to such regulations as this chapter and such resolution or trust agreement may provide. (1967, c. 535, s. 17.)

§ 123A-18. Remedies.—Any holder of bonds issued under the provisions of this chapter or any of the coupons appertaining thereto, and the trustee under any trust agreement, except to the extent the rights herein given may be restricted by such trust agreement or the resolution authorizing the issuance of such bonds, may, either at law or in equity, by suit, action, mandamus or other proceeding, protect and enforce any and all rights under the laws of the State or granted hereunder or under such trust agreement or resolution authorizing the issuance of such bonds, or under any agreement of lease or other contract executed by the Authority pursuant to this chapter, and may enforce and compel the performance of all duties required by this chapter or by such trust agreement or resolution to be performed by any lessee or the Authority or by any officer thereof, including the fixing, charging and collecting of fees, rents and charges. (1967, c. 535, s. 18.)

§ 123A-19. Negotiable instruments. — Notwithstanding any of the foregoing provisions of this chapter or any recitals in any bonds issued under the provisions of this chapter, all such bonds and interest coupons appertaining thereto shall be and are hereby made negotiable instruments under the laws of this State, subject only to the provisions for registration in any resolution authorizing the issuance of such bonds or any trust agreement securing the same. (1967, c. 535, s. 19.)

§ 123A-20. Bonds eligible for investment. — Bonds issued by the Authority under the provisions of this chapter are hereby made securities in which all public officers and public bodies of the State and its political subdivisions, all insurance companies, trust companies, banking associations, investment companies, executors, administrators, trustees and other fiduciaries may properly and legally invest funds, including capital in their control or belonging to them. Such bonds are hereby made securities which may properly and legally be deposited with and received by any State or municipal officer or any agency or political subdivision of the State for any purpose for which the deposit of bonds or obligations of the State is now or may hereafter be authorized by law. (1967, c. 535, s. 20.)

§ 123A-21. Revenue refunding bonds. — (a) The Authority is hereby authorized to provide by resolution for the issuance of revenue refunding bonds of the Authority for the purpose of refunding any bonds then outstanding which shall have been issued under the provisions of this chapter, including the payment of any redemption premium thereon and any interest accrued or to accrue to the date of redemption of such bonds, and, if deemed advisable by the Authority, for either or both of the following additional purposes:

- (1) Constructing improvements, additions, extensions or enlargements of the project or projects in connection with which the bonds to be refunded shall have been issued, and
- (2) Paying all or any part of the cost of any additional project or projects.

The issuance of such bonds, the maturities and other details thereof, the rights of the holders thereof, and the rights, duties and obligations of the Authority in respect to the same shall be governed by the provisions of this chapter which relate to the issuance of revenue bonds, insofar as such provisions may be appropriate therefor.

(b) Revenue refunding bonds issued under this section may be sold or exchanged for outstanding bonds issued under this chapter and, if sold, the proceeds thereof may be applied, in addition to any other authorized purposes, to the purchase, redemption or payment of such outstanding bonds. Revenue refunding bonds may be issued, in the determination of the Authority, at any time not more than five years prior to the date of maturity or maturities or the date selected for the redemption of the bonds being refunded thereby. Pending the application of the proceeds of such refunding bonds, with any other available funds, to the payment of the principal, accrued interest and any redemption premium on the bonds being

refunded, and, if so provided or permitted in the resolution authorizing the issuance of such refunding bonds or in the trust agreement securing the same, to the payment of any interest on such refunding bonds and any expenses in connection with such refunding, such proceeds may be invested in direct obligations of, or obligations the principal of and the interest on which are unconditionally guaranteed by, the United States of America which shall mature or which shall be subject to redemption by the holder thereof, at the option of such holder, not later than the respective dates when the proceeds, together with the interest accruing thereon, will be required for the purposes intended. (1967, c. 535, s. 21.)

§ 123A-22. Reversion to local unit.—When all revenue bonds issued for any project by the Authority under the provisions of this chapter, including interest and redemption premiums, if any, and other costs incurred by the Authority therefor shall have been paid, or a sufficient amount for such payment shall have been deposited in trust for the benefit of the holders of such bonds and others entitled thereto, the Authority shall convey by quitclaim deed to the local unit in which such project is located, with the consent of the governing body of such local unit, all of the interest of the Authority in such project, subject to any agreement of lease, including renewal and option to purchase provisions therein, and any other covenants, limitations, liens and other encumbrances affecting the project. Any property so conveyed may be administered and used by the local unit for the purposes of this chapter or any other lawful purpose. (1967, c. 535, s. 22.)

§ 123A-23. Annual reports.—The Authority shall, promptly following the close of each fiscal year, submit an annual report of its activities for the preceding year to the Governor and the General Assembly. Each such report shall set forth a complete operating and financial statement covering the operations of the Authority during such year. The Authority shall cause an audit of its books and accounts to be made at least once in each year by the State Auditor or by certified public accountants and the cost thereof may be treated as a part of the cost of construction of a project, to the extent such audit covers the construction of the project, or otherwise as part of the expense of administration of the project covered by such audit. (1967, c. 535, s. 23.)

§ 123A-24. Officers not liable.—No member or other officer of the Authority shall be subject to any personal liability or accountability by reason of his execution of any bonds or the issuance thereof. (1967, c. 535, s. 24.)

§ 123A-25. Additional method.—The foregoing sections of this chapter shall be deemed to provide an additional and alternative method for the doing of the things authorized thereby and shall be regarded as supplemental and additional to powers conferred by other laws, and shall not be regarded as in derogation of any powers now existing; provided, however, that the issuance of revenue bonds or revenue refunding bonds under the provisions of this chapter need not comply with the requirements of any other law applicable to the issuance of bonds. (1967, c. 535, s. 25.)

§ 123A-26. Chapter liberally construed.—This chapter, being necessary for the prosperity and welfare of the State and its inhabitants, shall be liberally construed to effect the purposes thereof. (1967, c. 535, s. 26.)

§ 123A-27. Inconsistent laws inapplicable.—Insofar as the provisions of this chapter are inconsistent with the provisions of any general or special laws, or parts thereof, the provisions of this chapter shall be controlling. (1967, c. 535, s. 28.)

§ 125-2. **Powers and duties of Department of Cultural Resources.**—The Department of Cultural Resources shall have the following powers and duties:

- (1) To adopt a seal for use in official business.
- (2) To make to the Governor a biennial report of its activities and needs, including recommendations for improving its services to the State, to be transmitted by the Governor to the General Assembly.
- (3) To accept gifts, bequests and endowments for the purposes which fall within the general legal powers and duties of the Department of Cultural Resources. Unless otherwise specified by the donor or legator, the Department of Cultural Resources may either expend both the principal and interest of any gift or bequest or may invest such sums in whole or in part, by and with the consent of the State Treasurer, in securities in which sinking funds may be invested under the provisions of G.S. 142-34.
- (4) To purchase and maintain a general collection of books, periodicals, newspapers, maps, films and audio-visual materials, and other materials for the use of the people of the State as a means for the general promotion of knowledge within the State. All materials owned by the State Library shall be available for free circulation to public libraries and to all citizens of the State

- (5) To give assistance, advice and counsel to other State agencies maintaining special reference collections as to the best means of establishing and administering such libraries and collections, and to establish in the State Library a union catalogue of all books, pamphlets and other materials owned and used for reference purposes by all other State agencies in Raleigh and of all books, pamphlets and other materials maintained by public libraries in the State which are of interest to the people of the whole State. Where practical, the State Library may maintain a union catalogue of a part or all of the book collections in the Supreme Court Library, the North Carolina State College Library, and other libraries in the State for the use and convenience of patrons of the State Library.

- (7) To maintain at least two sets of the laws and journals of the General Assembly for the use of members of the General Assembly while in session. Before each session of the General Assembly the Librarian shall have these and other requested materials moved into the Senate and House chambers for the use of members of the General Assembly.
- (8) To give assistance, advice and counsel to all libraries in the State, to all communities which may propose to establish libraries, and to all persons interested in public libraries, as to the best means of establishing and administering such libraries, as to the selection of books, cataloguing, maintenance and other details of library management.
- (9) To enter into contracts with library agencies of other states for providing library service for the blind in this State and other states, provided adequate compensation is paid for such service and such contract is otherwise deemed advantageous to this State. (1955, c. 505, s. 3; 1961, c. 1161; 1973, c. 476, s. 84.)

Editor's Note.—

The 1973 amendment, effective July 1, 1973, substituted "Department of Cultural Resources" for "North Carolina State Library," "State Library" and "Library" in the introductory paragraph and in subdivisions (3) and (6). The amendment

also rewrote the second sentence of subdivision (4), deleted "and approved by the board of trustees" following "by the Librarian" and "with the approval of the board" following "except that the Librarian" in the third sentence of subdivision (4).

§§ 125-3, 125-4: Repealed by Session Laws 1973, c. 476, s. 84, effective July 1, 1973.

§ 125-5. Public libraries to report to Department of Cultural Resources.—Every public library in the State shall make an annual report to the Department of Cultural Resources in such form as may be prescribed by the Department. (1955, c. 505, s. 3; 1973, c. 476, s. 84.)

Library" and "Department" for "board of trustees" in the first sentence.

§ 125-7. State policy as to public library service; annual appropriation therefor; administration of funds.—(a) It is hereby declared the policy of the State to promote the establishment and development of public library service throughout all sections of the State.

(b) For promoting, aiding, and equalizing public library service in North Carolina a sum shall annually be appropriated out of the moneys within the State treasury to be known as the Aid to Public Libraries Fund.

(c) The fund herein provided shall be administered by the Department of Cultural Resources, which shall frame bylaws, rules and regulations for the allocation and administration of such funds. The funds shall be used to improve, stimulate, increase and equalize public library service to the people of the whole State, shall be used for no other purpose, except as herein provided, and shall be allocated among the counties in the State taking into consideration local needs, area and population to be served, local interest and such other factors as may affect the State program of public library service.

(d) For the necessary expenses of administration, allocation, and supervision, a sum not to exceed seven percent (7%) of the annual appropriation may annually be used by the Department of Cultural Resources.

(e) The fund appropriated under this section shall be separate and apart from the appropriations of the Department of Cultural Resources, which appropriation shall not be affected by this section or the appropriation hereunder.

(f) Repealed by Session Laws 1973, c. 476, s. 84, effective July 1, 1973. (1955, c. 505, s. 3; 1973, c. 476, s. 84.)

Editor's Note. — The 1973 amendment, effective July 1, 1973, substituted "Department of Cultural Resources" for "North Carolina State Library" in subsections (c), (d) and (e), deleted "board" between "which" and "shall frame" in the first

sentence of subsection (c) and repealed subsection (f), providing that the powers granted by the section should be in addition to other powers granted to the State Library or Library Commission.

§ 125-8. Department of Cultural Resources authorized to accept and administer funds from federal government and other agencies.—The Department of Cultural Resources is hereby authorized and empowered to receive, accept and administer any money or moneys appropriated or granted to it, separate and apart from the appropriation by the State for the Department of Cultural Resources, for providing and equalizing public library service in North Carolina:

(1) By the federal government and,

(2) By any other agencies, private and/or otherwise.

The fund herein provided for shall be administered by the Department of Cultural Resources, which Department shall frame bylaws, rules and regulations for the allocation and administration of this fund. This fund shall be used to increase, improve, stimulate and equalize library service to people of the whole State, and shall be used for no other purpose whatsoever except as hereinafter provided, and shall be allocated among the counties of the State, taking into consideration local needs, area and population to be served, local interests as evidence by local appropriations, and such other factors as may affect the State program of library service. Any gift or grant from the federal government or other sources shall become a part of said funds, to be used as part of the State fund, or may be invested as the Department of Cultural Resources may deem advisable, according to provisions of G.S. 125-5(5), the income to be used for the promotion of libraries as stated in this section. (1955, c. 505, s. 3; 1973, c. 476, s. 84.)

Editor's Note.—

tural Resources" for "Library board of trustees" and "Public Librarian Certification Commission" for "Library Certification Board."

ARTICLE 2.

Interstate Library Compact.

§ 125-12. Compact enacted into law; form.—The Interstate Library Compact is hereby enacted into law and entered into by this State with all states legally joining therein in the form substantially as follows:

INTERSTATE LIBRARY COMPACT.

ARTICLE I. POLICY AND PURPOSE.

Because the desire for the services provided by libraries transcends governmental boundaries and can most effectively be satisfied by giving such services to communities and people regardless of jurisdictional lines, it is the policy of the states party to this compact to cooperate and share their responsibilities; to authorize cooperation and sharing with respect to those types of library facilities and services which can be more economically or efficiently developed and maintained on a cooperative basis, and to authorize cooperation and sharing among localities, states and others in providing joint or cooperative library services in areas where the distribution of population or of existing and potential library resources make the provision of library service on an interstate basis the most effective way of providing adequate and efficient service.

ARTICLE II. DEFINITIONS.

As used in this compact: (a) "Public library agency" means any unit or agency of local or State government operating or having power to operate a library.

(b) "Private library agency" means any nongovernmental entity which operates or assumes a legal obligation to operate a library.

(c) "Library agreement" means a contract establishing an interstate library district pursuant to this compact or providing for the joint or cooperative furnishing of library services.

ARTICLE III. INTERSTATE LIBRARY DISTRICTS.

(a) Any one or more public library agencies in a party state in cooperation with

any public library agency or agencies in one or more other party states may establish and maintain an interstate library district. Subject to the provisions of this compact and any other laws of the party states which pursuant hereto remain applicable, such district may establish, maintain and operate some or all of the library facilities and services for the area concerned in accordance with the terms of a library agreement therefor. Any private library agency or agencies within an interstate library district may cooperate therewith, assume duties, responsibilities and obligations thereto, and receive benefits therefrom as provided in any library agreement to which such agency or agencies become party.

(b) Within an interstate library district, and as provided by a library agreement, the performance of library functions may be undertaken on a joint or cooperative basis or may be undertaken by means of one or more arrangements between or among public or private library agencies for the extension of library privileges to the use of facilities or services operated or rendered by one or more of the individual library agencies.

(c) If a library agreement provides for joint establishment, maintenance or operation of library facilities or services by an interstate library district, such district shall have power to do any one or more of the following in accordance with such library agreement:

- (1) Undertake, administer and participate in programs or arrangements for securing, lending or servicing of books and other publications, any other materials suitable to be kept or made available by libraries, library equipment or for the dissemination of information about libraries, the value and significance of particular items therein, and the use thereof.
- (2) Accept for any of its purposes under this compact any and all donations, and grants of money, equipment, supplies, materials, and services, (conditional or otherwise), from any state or the United States or any subdivision or agency thereof, or interstate agency, or from any institution, person, firm or corporation, and receive, utilize and dispose of the same.
- (3) Operate mobile library units or equipment for the purpose of rendering bookmobile service within the district.
- (4) Employ professional, technical, clerical and other personnel, and fix terms of employment, compensation and other appropriate benefits; and where desirable, provide for the in-service training of such personnel.
- (5) Sue and be sued in any court of competent jurisdiction.
- (6) Acquire, hold, and dispose of any real or personal property or any interest or interests therein as may be appropriate to the rendering of library service.
- (7) Construct, maintain and operate a library, including any appropriate branches thereof.
- (8) Do such other things as may be incidental to or appropriate for the carrying out of any of the foregoing powers.

ARTICLE IV. INTERSTATE LIBRARY DISTRICTS, GOVERNING BOARD.

(a) An interstate library district which establishes, maintains or operates any facilities or services in its own right shall have a governing board which shall direct the affairs of the district and act for it in all matters relating to its business. Each participating public library agency in the district shall be represented on the governing board which shall be organized and conduct its business in accordance with provision therefor in the library agreement. But in no event shall a governing board meet less often than twice a year.

(b) Any private library agency or agencies party to a library agreement establishing an interstate library district may be represented on or advise with the

governing board of the district in such manner as the library agreement may provide.

ARTICLE V. STATE LIBRARY AGENCY COOPERATION.

Any two or more state library agencies of two or more of the party states may undertake and conduct joint or cooperative library programs, render joint or cooperative library services, and enter into and perform arrangements for the cooperative or joint acquisition, use, housing and disposition of items or collections of materials which, by reason of expense, rarity, specialized nature, or infrequency of demand therefor would be appropriate for central collection and shared use. Any such programs, services or arrangements may include provision for the exercise on a cooperative or joint basis of any power exercisable by an interstate library district and an agreement embodying any such program, service or arrangement shall contain provisions covering the subjects detailed in Article VI of this compact for interstate library agreements.

ARTICLE VI. LIBRARY AGREEMENTS.

(a) In order to provide for any joint or cooperative undertaking pursuant to this compact, public and private library agencies may enter into library agreements. Any agreement executed pursuant to the provisions of this compact shall, as among the parties to the agreement:

- (1) Detail the specific nature of the services, programs, facilities, arrangements or properties to which it is applicable.
- (2) Provide for the allocation of costs and other financial responsibilities.
- (4) Specify the respective rights, duties, obligations and liabilities of the parties.
- (4) Set forth the terms and conditions for duration, renewal, termination, abrogation, disposal of joint or common property, if any, and all other matters which may be appropriate to the proper effectuation and performance of the agreement.

(b) No public or private library agency shall undertake to exercise itself, or jointly with any other library agency, by means of a library agreement any power prohibited to such agency by the constitution or statutes of its state.

(c) No library agreement shall become effective until filed with the compact administrator of each state involved, and approved in accordance with Article VII of this compact.

ARTICLE VII. APPROVAL OF LIBRARY AGREEMENTS.

(a) Every library agreement made pursuant to this compact shall, prior to and as a condition precedent to its entry into force, be submitted to the attorney general of each state in which a public library agency party thereto is situated, who shall determine whether the agreement is in proper form and compatible with the laws of his state. The attorneys general shall approve any agreement submitted to them unless they shall find that it does not meet the conditions set forth herein and shall detail in writing addressed to the governing bodies of the public library agencies concerned the specific respects in which the proposed agreement fails to meet the requirements of law. Failure to disapprove an agreement submitted hereunder within 90 days of its submission shall constitute approval thereof.

(b) In the event that a library agreement made pursuant to this compact shall deal in whole or in part with the provision of services or facilities with regard to which an officer or agency of the state government has constitutional or statutory powers of control, the agreement shall, as a condition precedent to its entry into force, be submitted to the state officer or agency having such power of control and shall be approved or disapproved by him or it as to all matters within his or its jurisdiction in the same manner and subject to the same requirements govern-

ing the action of the attorneys general pursuant to paragraph (a) of this article. This requirement of submission and approval shall be in addition to and not in substitution for the requirement of submission to and approval by the attorneys general.

ARTICLE VIII. OTHER LAWS APPLICABLE.

Nothing in this compact or in any library agreement shall be construed to supersede, alter or otherwise impair any obligation imposed on any library by otherwise applicable law, nor to authorize the transfer or disposition of any property held in trust by a library agency in a manner contrary to the terms of such trust.

ARTICLE IX. APPROPRIATIONS AND AID.

(a) Any public library agency party to a library agreement may appropriate funds to the interstate library district established thereby in the same manner and to the same extent as to a library wholly maintained by it and, subject to the laws of the state in which such public library agency is situated, may pledge its credit in support of an interstate library district established by the agreement.

(b) Subject to the provisions of the library agreement pursuant to which it functions and the laws of the states in which such district is situated, an interstate library district may claim and receive any state and federal aid which may be available to library agencies.

ARTICLE X. COMPACT ADMINISTRATOR.

Each state shall designate a compact administrator with whom copies of all library agreements to which his state or any public library agency thereof is party shall be filed. The administrator shall have such other powers as may be conferred upon him by the laws of his state and may consult and cooperate with the compact administrators of other party states and take such steps as may effectuate the purposes of this compact. If the laws of a party state so provide, such state may designate one or more deputy compact administrators in addition to its compact administrator.

ARTICLE XI. ENTRY INTO FORCE AND WITHDRAWAL.

(a) This compact shall enter into force and effect immediately upon its enactment into law by any two states. Thereafter, it shall enter into force and effect as to any other state upon the enactment thereof by such state.

(b) This compact shall continue in force with respect to a party state and remain binding upon such state until six months after such state has given notice to each other party state of the repeal thereof. Such withdrawal shall not be construed to relieve any party to a library agreement entered into pursuant to this compact from any obligation of that agreement prior to the end of its duration as provided therein.

ARTICLE XII. CONSTRUCTION AND SEVERABILITY.

This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any party state or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any state party thereto, the compact shall remain in full force and effect as to the remaining states and in full force and effect as to the state affected as to all severable matters. (1967, c. 190, s. 1.)

§ 125-13. **Political subdivisions to comply with laws governing capital outlay and pledging of credit.**—No county, municipality, or other political subdivision of this State shall be party to a library agreement which provides for the construction or maintenance of a library pursuant to Article III, subdivision (c) (7) of the compact, nor pledge its credit in support of such a library, or contribute to the capital financing thereof, except after compliance with any laws applicable to such counties, municipalities, or other political subdivisions relating to or governing capital outlays and the pledging of credit. (1967, c. 190, s. 2.)

§ 125-14. **"State library agency" defined.**—As used in the compact, "state library agency," with reference to this State, means the Department of Cultural Resources. (1967, c. 190, s. 3; 1973, c. 476, s. 84.)

Editor's Note. — The 1973 amendment, ment of Cultural Resources" for "North effective July 1, 1973, substituted "Depart- Carolina State Library."

§ 125-15. **State and federal aid to interstate library districts.**—An interstate library district lying partly within this State may claim and be entitled to receive State aid in support of any of its functions to the same extent and in the same manner as such functions are eligible for support when carried on by entities wholly within this State. For the purposes of computing and apportioning State aid to an interstate library district, this State will consider that portion of the area which lies within this State as an independent entity for the performance of the aided function or functions and compute and apportion the aid accordingly. Subject to any applicable laws of this State, such a district also may apply for and be entitled to receive any federal aid for which it may be eligible. (1967, c. 190, s. 4.)

§ 125-16. **Compact administrator and deputies.** — The State Librarian shall be the compact administrator pursuant to Article X of the compact. The State Librarian may appoint one or more deputy compact administrators pursuant to said article. (1967, c. 190, s. 5.)

State Government Reorganization.—The Interstate Library Compact administration was transferred to the department of Art, Culture and History by § 143A-196, enacted by Session Laws 1971, c. 864.

§ 125-17. **Withdrawal from compact.**—In the event of withdrawal from the compact the Governor shall send and receive any notices required by Article XI (b) of the compact. (1967, c. 190, s. 6.)

Of the initial members of the Board, two shall be appointed to serve for terms of two years, two shall be appointed to serve for terms of four years, and three shall be appointed to serve for terms of six years. § 126-3. State Personnel Department established; administration and supervision; appointment, compensation and tenure of Director.—

§ 126-5. Employees subject to Chapter; exemptions.—(a) The provisions of this Chapter shall apply to all State employees not herein exempt, and to employees of local welfare departments, public health departments, mental health clinics, and local civil defense agencies which receive federal grant-in-aid funds; and the provisions of this Chapter may apply to such other county employees as the several boards of county commissioners may from time to time determine.

(b) The provisions of this Chapter shall not apply to the following persons or employees: public school superintendents, principals, teachers, and other public school employees; instructional and research staff, physicians and dentists of the educational institutions of the State; business managers of the University of North Carolina and its several campuses, East Carolina University, and Appalachian State University; members of boards, committees, commissions, councils, and advisory councils compensated on a per diem basis, constitutional officers of the State and except as to salaries, their chief administrative assistants; employees of the General Assembly and its agencies and temporary employees of activities ancillary to the General Assembly; officials and employees whose salaries are fixed by the Governor, or by the Governor and Council of State, or by the Governor subject to the approval of the Council of State or the Advisory Budget Commission; blind or visually handicapped employees of the Department of Human Resources; officials or employees whose salaries are fixed by statute or by virtue of a specific statutory method other than the method provided by this Chapter, and explicitly pertaining to such officials or employees. (1965, c. 640, s. 2; 1967, c. 24, s. 20; cc. 1038, 1143; 1971, c. 1025, s. 2; 1973, c. 476, s. 143.)

Editor's Note. — Session Laws 1967, c. 24, originally effective Oct. 1, 1967, corrected an error by eliminating a redundant clause in subsection (b). Session Laws 1967, c. 1078, amends Session Laws 1967, c. 24, so as to make it effective July 1, 1967.

Session Laws 1967, c. 1038, substituted "East Carolina University" for "East Carolina College" and "Appalachian State University" for "Appalachian State Teachers College" in subsection (b).

Session Laws 1967, c. 1143, effective July 1, 1967, amended the list of excluded employees in subsection (b) by deleting "Physicians and dentists on the staff of hospitals,

mental institutions, reformatories and correctional institutions of the State, deputy directors, director of professional training and director of research of the State Department of Mental Health" and inserting "physicians and dentists" preceding "of the educational institutions of the State."

Resources" for "State Commission for the Blind, Bureau of Employment for the Blind Division" near the end of the first sentence of subsection (b).

§ 126-6. Policies continued; powers, etc., transferred.—(a) All classifications, grades, salaries, conditions of work, and rules and regulations established prior to July 1, 1965, by the State Personnel Council, the State Personnel Director, or the North Carolina Merit System Council shall remain in force until amended, repealed, or superseded by the Board, acting under the authority of this chapter.

(b) The State Personnel Board and the State Personnel Director herein provided shall be the successors of the State Personnel Council, the State Personnel Director, North Carolina Merit System Council, and the Merit System Supervisor. All records and property in the custody of these agencies and individuals are hereby transferred to the State Personnel Board and the State Personnel Department, effective July 1, 1965.

(c) Any status of employment or privilege previously attained by an employee in accordance with the State Personnel Act or the State Merit System Act shall continue under the provisions of this chapter. (1965, c. 640, s. 2.)

ARTICLE 2.

Salaries and Leave of State Employees.

§ 126-7. Automatic and merit salary increases for State employees.—It shall be considered a part of the personnel policy of this State that salary increases as provided in the compensation plan shall be granted in accordance with a standard of efficiency as established by the State Personnel Board. Each employee whose performance merits his retention in service shall be granted a salary increase in an amount corresponding to the increments between steps of the applicable salary range at least once each year until he reaches the intermediate salary step nearest to, but not exceeding, the middle of the salary range established for the class to which his position is assigned. Prior to July 1, 1965, each agency, board, commission, department, or institution of State government subject to the provisions of this article shall file with the State Personnel Director a written description of the plan or method it is currently following in awarding or allocating efficiency or merit salary increments. At the same time, each such agency, board, commission, department, or institution shall cause a copy thereof to be distributed to each employee. The State Personnel Director, with the approval of the State Personnel Board, shall modify, alter or disapprove any such plan submitted to it which it deems not to be in accordance with the provisions of this article. Within the limit of available funds, each employee meeting higher standards may be granted increases up to but not exceeding the maximum of the salary range established for the class to which his position is assigned. If, in addition to the salary ranges, the State Personnel Board shall establish uniform provisions for a system of payments over and above the standard salary ranges on a basis combining longevity in service and merit in the performance of duties, that plan of payments shall not be considered in applying this policy governing annual salary increments. The head of each department, bureau, agency, or commission, when making his budget request for the ensuing biennium, shall anticipate the funds which will be required during the biennium for the purpose of paying salary increments and shall include those amounts in his budget request. In no case shall the amount estimated for increments above the step nearest but not exceeding the middle of the range exceed two thirds of the sum which would be required to grant increments to all the personnel of the agency then receiving or who will receive during the first year of the biennium a salary equal to or above the intermediate step of the salary range. With the approval of the State Personnel Board, State departments, bureaus, agencies, or commissions with twenty-five or less employees subject to the provisions of this chapter may exceed the two-thirds restriction herein provided. (1965, c. 640, s. 2.)

§ 126-8. Minimum leave granted State employees.—The amount of vacation leave granted to each full-time State employee subject to the provisions of this Chapter shall be determined in accordance with a graduated scale established by the State Personnel Board which shall allow the equivalent rate of not less than two week's vacation per calendar year, prorated monthly, cumulative to at least 30 days. Sick leave allowed as needed to such State employees shall be at a rate not less than 10 days for each calendar year, cumulative from year to year. Notwithstanding any other provisions of this section, no full-time State employee subject to the provisions of Chapter 126, as the same appears in the Cumulative Supplement to Volume 3B of the General Statutes, on May 23, 1973 shall be allowed less than the equivalent of three weeks' vacation per calendar year, cumulative to at least 30 days. (1965, c. 640, s. 2; 1973, c. 697, ss. 1, 2.)

Editor's Note.—

The 1973 amendment rewrote the first sentence and added the third sentence.

ARTICLE 3.

Local Discretion as to Local Government Employees.

§ 126-9. County or municipal employees may be made subject to rules adopted by local governing body.—(a) When a board of county commissioners adopts rules and regulations governing annual leave, sick leave, hours of work, holidays, and the administration of the pay plan for county employees generally and the county rules and regulations are filed with the State Personnel Director, the county rules will supersede the rules adopted by the State Personnel Board as to the county employees otherwise subject to the provisions of this chapter.

(b) No county employees otherwise subject to the provisions of this chapter may be paid a salary less than the minimum nor more than the maximum of the applicable salary range adopted in accordance with this chapter without approval of the State Personnel Board. Provided, however that subject to the approval of the State Personnel Board, a board of county commissioners may adjust the salary ranges applicable to employees who are otherwise subject to the provisions of this chapter, in order to cause the level of pay to conform to local financial ability and fiscal policy. The State Personnel Board shall adopt policies and regulations to ensure that significant relationships within the schedule of salary ranges are maintained.

(c) When two or more counties are combined into a district for the performance of an activity whose employees are subject to the provisions of this chapter, the boards of county commissioners of the counties may jointly exercise the authority hereinabove granted in subsections (a) and (b) of this section.

(d) When a municipality is performing an activity by or through employees which are subject to the provisions of this chapter, the governing body of the municipality may exercise the authority hereinabove granted in subsections (a) and (b) of this section. (1965, c. 640, s. 2.)

§ 126-10. Personnel services to local governmental units.—The State Personnel Board may make the services and facilities of the State Personnel Department available upon request to the political subdivisions of the State. The State Personnel Board may establish reasonable charges for the service and facilities so provided, and all funds so derived shall be deposited in the State treasury to the credit of the general fund. (1965, c. 640, s. 2.)

§ 126-11. Local personnel system may be established.—The board of county commissioners of any county which shall establish and maintain a personnel system for all employees of the county subject to its jurisdiction, which system is found from time to time by the State Personnel Board to be substantially equivalent to the system established under article 1 of this chapter for employees of local wel-

fare departments, public health departments, and mental health clinics, may include employees of these local agencies within the terms of such system. Employees covered by that system shall be exempt from the provisions of article 1 of this chapter. (1965, c. 640, s. 2.)

Applied in *Bean v. Darr*, 354 F. Supp. 1157 (M.D.N.C. 1973).

A member of the national guard, the State defense militia, or the naval militia who without fault or negligence on his part is disabled through illness, injury, or disease contracted or incurred while on duty or by reason of duty in the service of the State or while reasonably proceeding to or returning from such duty shall receive the actual necessary expenses for care and medicine and medical attention at the expense of the State and if such shall temporarily incapacitate him for pursuing his usual business or occupation he shall receive during such incapacity the pay and allowances as are provided for the same grade and rating in like circumstances in the active armed forces of the United States. If such member is permanently disabled, he shall receive the pensions and rewards that persons under similar circumstances in the military service of the United States receive from the United States. In case any such member shall die as a result of such injury, illness, or disease within one year after it has been incurred or contracted, the widow, minor children, or dependent parents of the member shall receive such pension and rewards as persons under similar circumstances receive from the United States.

The cost incurred by reason of this section shall be paid out of the Contingency and Emergency Fund, or such other fund as may be designated by law.

The Adjutant General, with the approval of the Governor, shall make and publish such regulations pursuant to this section as may be necessary for its implementation. Before the name of any person is placed on the disability or pension rolls of the State under this section, proof shall be made in accordance with such regulations that the applicant is entitled to such care, pension, or reward.

Nothing herein shall in any way limit or condition any other payment to such member as by law may be allowed; provided, however, any payments made under the provisions of chapter 97 of the General Statutes or under federal statutes as now or hereafter amended shall be deducted from the payments made under this section. (1917, c. 200, s. 54; C. S., s. 6868; 1959, c. 218, s. 19; c. 763; 1965, c. 1058.)

Editor's Note.—

The 1965 amendment rewrote this section.

§ 127-82.1. Proceedings against third party injuring or killing guardsman.—(a) The right to compensation and other benefits under G.S. 127-82 shall not be affected by the fact that the injury or death was caused under circumstances creating a liability in some person other than the State to pay damages therefor, such person hereinafter being referred to as the "third party." The respective rights and interests of the guardsman under this article, and the

State, if any, in respect of the common-law cause of action against such third party and the damages recovered shall be as set forth in this section.

(b) The guardsman, or his personal representative if he be dead, shall have the exclusive right to proceed to enforce the liability of the third party by appropriate proceedings if such proceedings are instituted not later than 12 months after the date of injury or death, whichever is later. During said 12-month period, and at any time thereafter if summons is issued against the third party during said 12-month period, the guardsman or his personal representative shall have the right to settle with the third party and to give a valid and complete release of all claims to the third party by reason of such injury or death, subject to the provisions of (h) below.

(c) If settlement is not made and summons is not issued within said 12-month period, then all rights of the guardsman, or his personal representative if he be dead, against the third party shall pass by operation of law to the State upon the expiration of said 12-month period. All such rights shall then remain in the State until 60 days before the expiration of the period fixed by the statute of limitations applicable to such rights and if the State shall not have settled with or instituted proceedings against the third party within such time, then all such rights shall revert to the guardsman or his personal representative 60 days before the expiration of the applicable statute of limitations.

(d) The person in whom the right to bring such proceeding or make settlement is vested shall, during the continuation thereof, also have the exclusive right to make settlement with the third party and the release of the person having the right shall fully acquit and discharge the third party except as provided by (h) below. A proceeding so instituted by the person having the right shall be brought in the name of the guardsman or his personal representative and the State shall not be a necessary or proper party thereto. If the guardsman or his personal representative should refuse to cooperate with the State by being the party plaintiff, then the action shall be brought in the name of the State and the guardsman or his personal representative shall be made a party plaintiff or party defendant by order of court.

(e) The amount of compensation and other benefits paid or payable on account of such injury or death shall not be admissible in evidence in any proceeding against the third party. If the third party defending such proceeding, by answer duly served on the State, sufficiently alleges that actionable negligence of the State joined and concurred with the negligence of the third party in producing the injury or death, then an issue shall be submitted to the jury in such case as to whether actionable negligence of the State joined and concurred with the negligence of the third party in producing the injury or death. The State shall have the right to appear, to be represented, to introduce evidence, to cross-examine adverse witnesses, and to argue to the jury as to this issue as fully as though he were a party although not named or joined as a party to the proceeding. Such issue shall be the last of the issues submitted to the jury. If the verdict shall be that actionable negligence of the State did join and concur with that of the third party in producing the injury or death, then the court shall reduce the damages awarded by the jury against the third party by the amount which the State would otherwise be entitled to receive therefrom by way of subrogation hereunder and the entire amount recovered, after such reduction, shall belong to the guardsman or his personal representative free of any claim by the State and the third party shall have no further right by way of contribution or otherwise against the State, except any right which may exist by reason of an express contract of indemnity between the State and the third party, which was entered into prior to the injury to the guardsman.

(f) (1) Any amount obtained by any person by settlement with, judgment against, or otherwise from the third party by reason of such injury or

death shall be disbursed by order of the court for the following purposes and in the following order of priority:

- a. First to the payment of actual court costs taxed by judgment.
- b. Second to the payment of the fee of the attorney representing the person making settlement or obtaining judgment, and such fee shall not exceed one third of the amount obtained or recovered of the third party.
- c. Third to the reimbursement of the State for all benefits by way of compensation or medical treatment expense paid or to be paid by the State pursuant to G.S. 127-82.
- d. Fourth to the payment of any amount remaining to the guardsman or his personal representative.

(2) The attorney fee paid under (f) (1) shall be paid by the guardsman and the State in direct proportion to the amount each shall receive under (f) (1) c and (f) (1) d hereof and shall be deducted from such payments when distribution is made.

(g) In any proceeding against or settlement with the third party, every party to the claim for compensation shall have a lien to the extent of his interest under (f) hereof upon any payment made by the third party by reason of such injury or death, whether paid in settlement, in satisfaction of judgment, as consideration for covenant not to sue, or otherwise and such lien may be enforced against any person receiving such funds. Neither the guardsman or his personal representative nor the State shall make any settlement with or accept any payment from the third party without the written consent of the other and no release to or agreement with the third party shall be valid or enforceable for any purpose unless both State and guardsman or his personal representative join therein; provided, that this sentence shall not apply if the State is made whole for all benefits paid or to be paid by him under this chapter less attorney's fees as provided by (f) (1) and (2) hereof and the release to or agreement with the third party is executed by the guardsman. The Attorney General shall have the right on behalf of the State to reduce by compromise its claim.

(h) Institution of proceedings against or settlement with the third party, or acceptance of benefits under this chapter, shall not in any way or manner affect any other remedy which any party to the claim for compensation may have except as otherwise specifically provided in this chapter, and the exercise of one remedy shall not in any way or manner be held to constitute an election of remedies so as to bar the other. (1967, c. 1081, s. 1.)

Editor's Note. — Section 3 of Session Laws 1967, c. 1081, makes this section effective as to any actions arising on or after July 1, 1967.

ARTICLE 8.

Privilege of Organized Militia.

§ 127-84. Contributing members.—Each organization of the national guard and naval militia may, besides its regular and active members, enroll twenty-five contributing members on payment in advance by each person desiring to become such contributing member of not less than ten dollars per annum, which money shall be paid into the company treasury. Each contributing member shall be entitled to receive from the commanding officer thereof a certificate of membership. (1917, c. 200, s. 90; C. S., s. 6871; 1967, c. 218, s. 3.)

Editor's Note. — The 1967 amendment certificate shall exempt the holder from deleted, at the end of the section, "which jury duty."

ARTICLE 9.

Care of Military Property.

§ 127-91. **Equipment and vehicles.**—Equipment and vehicles issued by the Department of Defense to the national guard or State defense militia shall be used solely for military purposes, except in those specific cases where nonmilitary use is authorized by the Department of Defense and/or the Governor. Necessary expense in maintaining such equipment and vehicles, not provided for by the federal government shall be a proper charge against State funds appropriated for the national guard: Provided such expense shall be specifically authorized by the Governor and certified by the Adjutant General. § 127-120. **Definitions; mutual aid.**—(a) As used in this article:

- (2) "Requesting state" means the state whose Governor requests assistance in coping with an emergency.
- (3) "Responding state" means the state furnishing aid, or requested to furnish aid.

(1969, c. 674, s. 1.)

I. GENERAL CONSIDERATION.

Editor's Note. — The 1967 amendment, originally effective Oct. 1, 1967, substituted "notaries public" for "justices of the peace." Session Laws 1967, c. 1078, amends the 1967 amendatory act so as to make it effective July 1, 1967.

The 1969 amendment added at the end

of the section "or to city or county building inspectors, electrical inspectors, plumbing inspectors, fire prevention inspectors, or similar local governmental inspectors."

The 1971 amendment, effective July 1, 1971, substituted "except as provided in G.S. 128-1.1" for the former proviso at the end of the section.

§ 128-1.1. **Dual-office holding allowed.**—(a) Any person who holds an appointive office, place of trust or profit in State or local government is hereby authorized by the General Assembly, pursuant to Article VI, Sec. 9 of the North Carolina Constitution, to hold concurrently one other appointive office, place of trust or profit, or an elective office in either State or local government.

(b) Any person who holds an elective office in State or local government is hereby authorized by the General Assembly, pursuant to Article VI, Sec. 9 of the North Carolina Constitution to hold concurrently one other appointive office, place of trust or profit, in either State or local government.

§ 128-2. **Holding office contrary to the Constitution; penalty.**—If any person presumes to hold any office, or place of trust or profit, or is elected to a seat in either house of the General Assembly, contrary to Article VI, Sec. 9 of the North Carolina Constitution, he shall forfeit all rights and emoluments incident thereto. Sess. 1924, c. 110; 1971, c. 697, s. 3.)

Editor's Note.—

The 1971 amendment, effective July 1, 1971, substituted "Article VI, § 9 of the

North Carolina Constitution" for "the seventh section of the fourteenth article of the Constitution of the State" and "all

rights and emoluments incident thereto" for "and pay two hundred dollars to any person who will sue for the same." The

amendment also deleted a proviso relating to the action for the penalty.

Elected and Qualifying City Councilman Is De Facto Officer Until Removed.—Upon his election, and after having been sworn in as a member of a city council, a person is a de facto councilman until he is removed

from such office in a quo warranto proceeding or otherwise removed therefrom as provided by law. *Armstrong v. McInnis*, 264 N.C. 616, 142 S.E.2d 670 (1965).

§ 128-7.1. Failure to qualify creates vacancy.—If any person who has been elected to public office (i) dies or becomes disqualified for the office before qualifying for the office, or (ii) for any reason refuses to qualify for the office, the office shall be declared vacant. Unless otherwise provided by law, such vacancy shall be filled by appointment by the authority having the power to fill vacancies as prescribed by law. (1971, c. 183.)

blanket bond. Section 14 of the 1969 act provides: "It is the intent and purpose of this act that all officers and employees of State departments, institutions and agencies be covered by the blanket bond provided for in G.S. 128-8."

§ 128-15. Employment preference for veterans and their wives or widows.—Hereafter, in all examinations of applicants for positions with this State or any of its departments, institutions or agencies, a preference rating of ten (10) points shall be awarded to all the citizens of the State who served the State or the United States honorably in either the army, navy, marine corps, nurses' corps, air corps, air force, or any of the armed services in time of war, including the Korean war or conflict and including all citizens of the State who served in any of the armed services at any time between January 31, 1955, and the end of hostilities in Vietnam in which the United States is involved.

All the departments, or institutions of the State, or their agencies, shall give preference in appointments and promotional appointments to qualified veteran applicants as enumerated in this section in filling vacant positions in construction or maintenance of public buildings and grounds, construction of highways or any other employment under the supervision of the State or its departments, institutions, or agencies; provided, that the provisions of this section shall apply to the widows of such veterans and to the wives of disabled veterans. No State department, officer, institution or agency of the State shall bar or prohibit any veteran or person named in this section from employment because of age if such veteran or person is otherwise qualified.

In all promotional examinations a preference rating of one point for each year, or greater fraction thereof, of service in time of war, including the Korean conflict, and including service in any of the armed forces at any time between January 31, 1955, and the end of hostilities in Vietnam in which the United States is involved, shall be awarded in all departments of this State, institutions or agencies, to the veterans or persons named in this section; provided, that such points shall not exceed a total of 5 points. (1939, c. 8; 1953, c. 1332; 1967, c. 536.)

Editor's Note.—

as to service between January 31, 1955, and the end of hostilities in Vietnam.

The 1967 amendment inserted in the first and third paragraphs the provisions

§ 128-15.3. Discrimination against handicapped prohibited in hiring.—There shall be no discrimination in the hiring policies of the State Personnel System against any applicant for employment based upon any physical defect

or impairment of the applicant unless the defect or impairment to some degree prevents the applicant from performing the duties required by the employment sought. (1971, c. 748.)

Local Modification.—Onslow, 1965, c. 753.

Editor's Note.—

The 1973 amendment rewrote that portion of the introductory paragraph preceding "shall be removed," which formerly read: "Any judge or prosecuting attorney of any court inferior to the superior court; any justice of the peace, any sheriff, police officer, or constable."

The superior court shall fix the time of hearing. § 128-26. Allowance for service.—(a) Each person who becomes a member during the first year of his employer's participation, and who was an employee of the same employer at any time during the year immediately preceding the date

of participation, shall file a detailed statement of all service rendered by him to that employer prior to the date of participation for which he claims credit.

A participating employer may allow prior service credit to any of its employees on account of their earlier service to the aforesaid employer, or on account of earlier service to any other employer as the term employer is defined in G.S. 128-21(11).

With respect to a member retiring on or after July 1, 1967, the governing board of a participating unit may allow credit for any period of military service in the armed forces of the United States if the person returned to the service of his employer within two years after having been honorably discharged, or becoming entitled to be discharged, released, or separated from such armed services; provided that, notwithstanding the above provisions, any member having credit for not less than 10 years of otherwise creditable service may be allowed credit for such military services which are not creditable in any other governmental retirement system; provided further, that a member will receive credit for military service under the provisions of this paragraph only if he submits satisfactory evidence of the military service claimed and the participating unit of which he is an employee agrees to grant credit for such military service prior to January 1, 1972.

A member retiring on or after July 1, 1971, who is not granted credit for military service under the provisions of the preceding paragraph will be allowed credit for any period in the armed services of the United States up to the date he was first eligible to be separated or released therefrom; provided that he was an employee as defined in G.S. 128-21(10) at the time he entered military service, and either of the following conditions is met:

- (2) He is in service, with the employer by whom he was employed when he entered military service, for a period of not less than 10 years after he is separated or released from such armed services under other than dishonorable conditions.

(d) Any member may, up to his date of retirement and within one year thereafter, request the Board of Trustees to modify or correct his prior service credit.

(e) Creditable service at retirement on which the retirement allowance of a member shall be based shall consist of the membership service rendered by him since he last became a member, and also if he has a prior service certificate which is in full force and effect, the amount of the service certified on his prior service certificate; and if he has sick leave standing to his credit upon retirement on or after July 1, 1971, one month of credit for each 20 days or portion thereof, but sick leave shall not be counted in computing creditable service for the purpose of determining eligibility for service retirement, disability retirement, early retirement or for a vested deferred allowance.

On and after July 1, 1971, a member whose account was closed on account of absence from service under the provisions of G.S. 128-24(1a) and who subsequently returns to service for a period of five years, may thereafter repay the amount withdrawn plus regular interest thereon from the date of withdrawal through the year of repayment and thereby increase his creditable service by the amount of creditable service lost when his account was closed.

On and after July 1, 1973, a member whose account in the Teachers' and State Employees' Retirement System was closed on account of absence from service under the provisions of G.S. 135-3(3) and who subsequently became or becomes a member of this System with credit for five years of service, may thereafter repay in a lump sum the amount withdrawn from the Teachers' and State Employees' Retirement System plus regular interest thereon from the date of withdrawal

through the year of repayment and thereby increase his creditable service in this System by the amount of creditable service lost when his account was closed.

(g) During periods when a member is on leave of absence and is receiving less than his full compensation, he will be deemed to be in service only if he is contributing to the Retirement System as provided in G.S. 128-30(b)(4). If he is so contributing, the annual rate of compensation paid to such employee immediately before the leave of absence began will be deemed to be the actual compensation rate of the employee during the leave of absence.

(h) Creditable service at retirement shall include any service rendered by a member while on leave of absence to serve as a member or officer of the General Assembly which is not creditable toward retirement under the Legislative Retirement Fund provided the allowance of such credit shall be contingent upon the cancellation of service credit in the Fund and the transfer of the member's contributions plus accumulated interest from the Fund to this System. A beneficiary restored to active service at a salary less than the average final compensation shall not become a member of the Retirement System.

- (2) Should a disability beneficiary under the age of 62 years be restored to active service at a compensation not less than his average final compensation, his retirement allowance shall cease, he shall again become a member of the Retirement System and he shall contribute thereafter at the contribution rate which is applicable during his subsequent membership service. Any prior service certificate on the basis of which his service was computed at the time of his retirement shall be restored to full force and effect, and in addition, upon his subsequent retirement he shall be credited with all his service as a member, but should he be restored to active service on or after the attainment of the age of 50 years his pension upon subsequent retirement shall not exceed the sum of the pension which he was receiving immediately prior to his last restoration after June 30, 1951, and the pension that he would have received on account of his service since such last restoration had he entered service at that time as a new entrant.
- (3) Notwithstanding the foregoing, a member retired on a disability retirement allowance who is restored to service and subsequently retires on or after July 1, 1971, shall be entitled to an allowance not less than the allowance prescribed in a below reduced by the amount in b below.
 - a. The allowance to which he would have been entitled if he were retiring for the first time, calculated on the basis of his total creditable service represented by the sum of his creditable service at the time of his first retirement and his creditable service after he was restored to service.
 - b. The actuarial equivalent of the retirement benefits he previously received.

(f) Return of Accumulated Contributions.—Should a member cease to be an employee except by death or retirement under the provisions of this Chapter, he shall upon submission of an application be paid, not earlier than 60 days from receipt in the Raleigh offices of the Board of Trustees of an acceptable application on a form provided by the Retirement System, the sum of his contributions and the accumulated regular interest thereon, provided that he has not in the meantime returned to service. Upon payment of such sum his membership in the System shall cease and, if he thereafter again becomes a member, no credit shall be allowed for any service previously rendered except as provided in G.S. 128-26; and such payment shall be in full and complete discharge of any rights in or to any benefits otherwise payable hereunder. Upon receipt of proof satisfactory to the Board of Trustees of the death, prior to retirement, of a member or former member there shall be paid to such person or persons as he shall have nominated by written designation duly acknowledged and filed with the Board of Trustees, if such person or persons are living at the time of the member's death, otherwise to the member's legal representatives, the amount of his accumulated contributions at the time of his death, unless the beneficiary elects to receive the alternate benefit under the provisions of (m) below. Notwithstanding any other provision of Chapter 128, there shall be deducted from any amount otherwise payable hereunder any

amount due any participating employer by the member by reason of any outstanding overpayment of salary or by reason of the embezzlement of fees collected by the member for any participating employer; provided that, notwithstanding any other provisions of this Chapter, even if the member fails to demand the return of his accumulated contributions within 90 days from the day he ceases to be an employee, any amount due such participating employer by reason of any outstanding overpayment of salary or embezzlement of fees shall be paid to such participating employer upon demand; provided, further, that such participating employer shall have notified the executive secretary of any amount so due and that the Retirement System shall have no liability for amounts so deducted and transmitted to such participating employer nor for any failure by the Retirement System for any reason to make such deductions.

(g) Election of Optional Allowance.—With the provision that until the first payment on account of any benefit becomes normally due, or his first retirement check has been cashed, any member may elect to receive his benefits in a retirement allowance payable throughout life, or he may elect to receive the actuarial equivalent of such retirement allowance in a reduced allowance payable throughout life under the provisions of one of the Options set forth below. The election of Option two or Option three or nomination of the person thereunder shall be revoked if such person nominated dies prior to the date the first payment becomes normally due or the first retirement check has been cashed. Such election may be revoked by the member prior to the date the first payment becomes normally due or his first retirement check has been cashed.

Option one. (a) In the Case of a Member Who Retires Prior to July 1, 1965.—If he dies before he has received in annuity payments the present value of his annuity as it was at the time of his retirement, the balance shall be paid to such person as he shall nominate by written designation duly acknowledged and filed with the Board of Trustees or, if none, to his legal representative.

(b) In the Case of a Member Who Retires on or After July 1, 1965.—If he dies within 10 years from his retirement date, an amount equal to his accumulated contributions at retirement, less one one-hundred-twentieth (1/120th) thereof for each month for which he has received a retirement allowance payment, shall be paid to such person as he shall nominate by written designation duly acknowledged and filed with the Board of Trustees or, if none, to his legal representative; or

Option two. Upon his death his reduced retirement allowance shall be continued throughout the life of and paid to such person as he shall nominate by written designation duly acknowledged and filed with the Board of Trustees at the time of his retirement; or

Option three. Upon his death, one half of his reduced retirement allowance shall be continued throughout the life of, and paid to such person as he shall nominate by written designation duly acknowledged and filed with the Board of Trustees at the time of his retirement; or

Option four. Adjustment of Retirement Allowance for Social Security Benefits.—Until the first payment on account of any benefit becomes normally due, any member may elect to convert his benefit otherwise payable on his account after retirement into a retirement allowance of equivalent actuarial value of such amount that with his benefit under Title II of the Federal Social Security Act, he will receive, so far as possible, approximately the same amount per year before and after the earliest age at which he becomes eligible, upon application therefor, to receive a social security benefit. A member who makes an election in accordance with this option shall be deemed to have made a further election of Option one above.

Option five. The member may elect:

- (1) To receive a reduced retirement allowance under the conditions of Option two or Option three, as provided for above, with the modification that if both he and the person nominated die within 10 years from his retirement date, an amount equal to his accumulated contributions at

retirement, less 1/120th thereof for each month for which a retirement allowance has been paid, shall be paid to his legal representatives or to such person as he shall nominate by written designation duly acknowledged and filed with the Board of Trustees; or

- (2) To receive a reduced retirement allowance during his life with provisions for some other benefit to be paid after his death in accordance with a plan submitted to and approved by the Board of Trustees.

(h) Until June 30, 1951, all benefits payable to or on account of any beneficiary retired before such date shall be computed on the basis of the provisions of chapter 128 as they existed at the date of establishment of the Retirement System. On and after July 1, 1951, all such benefits shall be adjusted to take into account, under such rules as the board of trustees may adopt, the provisions of chapter 128 and all amendments thereto in effect on July 1, 1951, and no further contributions on account of such adjustments shall be required of such beneficiaries. The board of trustees may authorize such transfers of reserves between the funds of the Retirement System as may be required on account of such adjustments.

(i) No action shall be commenced against the State or the Retirement System by any retired member or beneficiary respecting any deficiency in the payment of benefits more than three years after such deficient payment was made, and no action shall be commenced by the State or the Retirement System against any retired member or former member or beneficiary respecting any overpayment of benefits or contributions more than three years after such overpayment was made.

(j) Increase in Benefits to Those Persons Who Were in Receipt of Benefits Prior to July 1, 1967.—From and after July 1, 1967, the monthly benefits, to or on account of persons who commenced receiving benefits from the System prior to July 1, 1967, shall be increased by a percentage thereof. Such percentage shall be determined in accordance with the following schedule:

The minimum increase pursuant to this subsection (j) shall be five dollars (\$5.00) per month; provided that, if an optional benefit has been elected, said minimum shall be reduced actuarially as determined by the board and shall be applicable to a retired member, if surviving, otherwise to his designated beneficiary under the option elected.

(k) **Post-Retirement Increases in Allowances.**—As of December 31, 1969, the ratio of the Consumer Price Index to such index one year earlier shall be determined. If such ratio indicates an increase that equals or exceeds three per centum (3%), each beneficiary receiving a retirement allowance as of December 31, 1968, shall be entitled to have his allowance increased three per centum (3%) effective July 1, 1970.

As of December 31, 1970, the ratio of the Consumer Price Index to such index one year earlier shall be determined. If such ratio indicates an increase of at least one per centum (1%), each beneficiary on the retirement rolls as of July 1, 1970, shall be entitled to have his allowance increased effective July 1, 1971 as follows:

As of December 31, 1971, an increase in retirement allowances shall be calculated and made effective July 1, 1972, in the manner described in the preceding paragraph. As of December 31 of each year after 1971, the Ratio (R) of the Consumer Price Index to such index one year earlier shall be determined, and each beneficiary on the retirement rolls as of July 1 of the year of determination shall be entitled to have his allowance increased effective on July 1 of the year following the year of determination by the same percentage of increase indicated by the ratio (R) calculated to the nearest tenth of one per centum (1/10 of 1%), but not more than four per centum (4%); provided that any such increase in allowances shall be contingent upon the total fund providing sufficient investment gains to cover the additional actuarial liabilities on account of such increase.

The allowance of a surviving annuitant of a beneficiary whose allowance is increased under this subsection shall, when and if payable, be increased by the same per centum.

Any increase in allowance granted hereunder shall be permanent, irrespective of any subsequent decrease in the Consumer Price Index, and shall be included in determining any subsequent increase.

For purposes of this subsection, Consumer Price Index shall mean the Consumer Price Index (all items—United States city average), as published by the United States Department of Labor, Bureau of Labor Statistics.

(1) **Death Benefit.**—The provisions of this subsection shall become effective for any employer only after an agreement to that effect has been executed by the employer and the Director of the Retirement System.

Upon receipt of proof, satisfactory to the Board of Trustees, of the death, in service, of a member who had completed at least one full calendar year of membership in the System, there shall be paid to such person as he shall have nominated by written designation duly acknowledged and filed with the Board of Trustees, if such person is living at the time of the member's death, otherwise to the member's legal representatives, a death benefit. Such death benefit shall be equal to the greater of:

- (1) The compensation on which contributions were made by the member during the calendar year preceding the year in which his death occurs, or
- (2) The compensation on which contributions were made by the member during the 12-month period ending on the last day of the month preceding the month in which his death occurs;

subject to a maximum of fifteen thousand dollars (\$15,000). Such death benefit shall be payable apart and separate from the payment of the member's accumulated contributions on his death pursuant to the provisions of subsection (f) of this G.S.

128-27. For purposes of this subsection (1), a member shall be deemed to be in service at the date of his death if his last day of actual service occurred not more than 90 days before the date of his death.

The death benefit provided in this subsection (1) shall not be payable, notwithstanding the member's compliance with all the conditions set forth in the preceding paragraph, if his death occurs

- (1) After June 30, 1969 and after he has attained age 70; or
- (2) After December 31, 1969 and after he has attained age 69; or
- (3) After December 31, 1970 and after he has attained age 68; or
- (4) After December 31, 1971 and after he has attained age 67; or
- (5) After December 31, 1972 and after he has attained age 66; or
- (6) After December 31, 1973 and after he has attained age 65.

Notwithstanding the above provisions, the Board of Trustees may and is specifically authorized to provide the death benefit according to the terms and conditions otherwise appearing in this subsection in the form of group life insurance, either (i) by purchasing a contract or contracts of group life insurance with any life insurance company or companies licensed and authorized to transact business in this State for the purpose of insuring the lives of members in service, or (ii) by establishing a separate reserve fund under the Retirement System for such purpose. To that end the Board of Trustees is authorized, empowered and directed to investigate the desirability of utilizing group life insurance by either of the foregoing methods for the purpose of providing the death benefit. If a separate reserve fund is established it shall be operated in accordance with rules and regulations adopted by the Board of Trustees and all investment earnings on the reserve fund shall be credited to such fund.

In administration of the death benefit the following shall apply:

- (1) For the purpose of determining eligibility only, in this subsection, "calendar year" shall mean any period of 12 consecutive months. For all other purposes in this subsection, "calendar year" shall mean the 12 months beginning January 1 and ending December 31.
- (2) Last day of actual service shall be:
 - a. When employment has been terminated, the last day the member actually worked.
 - b. When employment has not been terminated, the date on which an absent member's sick and annual leave expire.
- (3) For a period when a member is on leave of absence, his status with respect to the death benefit will be determined by the provisions of G.S. 128-26(g).
- (4) A member on leave of absence from his position as a local governmental employee for the purpose of serving as a member or officer of the General Assembly shall be deemed to be in service during sessions of the General Assembly and thereby covered by the provisions of the death benefit, if applicable. The amount of the death benefit for such member shall be the equivalent of the salary to which the member would have been entitled as a local governmental employee during the 12-month period immediately prior to the month in which death occurred, not to exceed \$15,000.

(m) **Survivor's Alternate Benefit.**—Upon the death of a member in service, the principal beneficiary designated to receive a return of accumulated contributions shall have the right to elect to receive in lieu thereof the reduced retirement allowance provided by Option two of subsection (g) above computed by assuming that the member had retired on the first day of the month following the date of his death, provided that all three of the following conditions apply:

- (1) The member had attained age 50 with at least 20 years of creditable ser-

vice, or had attained age 55 regardless of length of service, or had credit for at least 30 years of service regardless of age.

(2) The member had designated as the principal beneficiary to receive a return of his accumulated contributions one and only one person who is living at the time of his death.

(3) The member had not instructed the Board of Trustees in writing that he did not wish the provisions of this subsection apply.

(n) Increases in Benefits Paid in Respect to Members Retired Prior to July 1, 1967.—From and after July 1, 1971, the monthly benefits to or on account of persons who commenced receiving benefits prior to July 1, 1965, shall be increased by twenty percent (20%) thereof; the monthly benefits to or on account of persons who commenced receiving benefits after June 30, 1965 and before July 1, 1967, shall be increased by five percent (5%) thereof. These increases shall be calculated after monthly retirement allowances as of July 1, 1971 have been increased to the extent provided for in subsection (k) above.

(o) Increases in Benefits to Those Persons Who Were Retired prior to January 1, 1969.—From and after July 1, 1973, the monthly benefits to or on account of persons who commenced receiving benefits from the System prior to January 1, 1969, shall be increased by a percentage thereof. <i>Years in Which Benefits Commenced</i>	<i>Percentage</i>
1959 through 1968	10
1946 through 1958	25

These increases shall be calculated after monthly retirement allowances as of July 1, 1973, have been increased to the extent provided for in the preceding subsection (k). - (1) Prior to July 1, 1951, each participating employer shall cause to be deducted from the salary of each member on each and every payroll of such employer for each and every payroll period four per centum (4%) of his earnable compensation. On and after such date the rate so deducted shall be five per centum (5%) in the case of a Class A member or a Class C member, and four per centum (4%) in the case of a Class

B member; provided, however, that with respect to any member who is covered under the Social Security Act in accordance with the agreement entered into during 1955 in accordance with the provisions of Article 2 of Chapter 135 of Volume 3B of the General Statutes, as amended, such deduction shall, commencing with the first day of the period of service with respect to which such agreement is effective, be at the rate of three per centum (3%) of the part of his actual compensation not in excess of the amount taxable to him under the Federal Insurance Contributions Act as from time to time in effect plus five per centum (5%) of the part of his actual compensation not so taxable; provided that in the case of any member so eligible and receiving compensation from two or more employers such deductions may be adjusted under such rules as the Board of Trustees may establish so as to be as nearly equivalent as practicable to the deductions which would have been made had the member received all of such compensation from one employer. Notwithstanding the foregoing, the Board of Trustees may in its discretion cause such portion as it may determine of deductions made between January 1, 1955, and December 1, 1955, to be transferred into the contribution fund established under G.S. 135-24; such amounts so transferred shall in that event be deemed to be taxes contributed by employees as required under Article 2 of Chapter 135 of Volume 3B of the General Statutes, as amended, and shall be in lieu of contributions otherwise payable in the same amount as so required. In determining the amount earned by a member whose compensation is derived partly or wholly from fees, such member shall submit a sworn statement to his employer monthly, or at least quarterly, each year as to the amount of fees received by such member as compensation during the period, and each month, or at least quarterly, such member shall pay to his employer the proper per centum of such compensation received from fees, which shall be considered as deductions by the employer as provided in subdivisions (1) and (2) of this subsection.

Notwithstanding the foregoing, effective July 1, 1965, with respect to the period of service commencing on July 1, 1965, and ending December 31, 1965, the rates of such deductions shall be four per centum (4%) of the portion of compensation not in excess of forty-eight hundred dollars (\$4800.00) and six per centum (6%) of the portion of compensation in excess of forty-eight hundred dollars (\$4800.00); and with respect to the period of service commencing January 1, 1966, and ending June 30, 1967, the rate of such deduction shall be four per centum (4%) of the portion of compensation not in excess of fifty-six hundred dollars (\$5600.00) and six per centum (6%) of the portion of compensation in excess of fifty-six hundred dollars (\$5600.00); and with respect to the period of service commencing July 1, 1967, the rate of such deductions shall be five per centum (5%) of the portion of compensation not in excess of five thousand six hundred dollars (\$5,600.00) and six per centum (6%) of the portion of compensation in excess of five thousand six hundred dollars (\$5,600.00). Such rates shall apply uniformly to all members of the Retirement System, irrespective of class.

- (2) The deductions provided for herein shall be made notwithstanding that the minimum compensation provided for by law for any member shall be reduced thereby. Every member shall be deemed to consent and agree to the deductions made and provided for herein and shall receipt for his full salary or compensation, and payment of salary or compensation less said deduction shall be a full and complete discharge and acquittance of all claims and demands whatsoever for the services rendered by such person during the period covered by such payment,

except as to the benefits provided under this Article. The employer shall certify to the Board of Trustees on each and every payroll or in such other manner as the Board of Trustees may prescribe, the amounts to be deducted; and each of said amounts shall be deducted, and when deducted shall be paid into said annuity savings fund, and shall be credited, together with regular interest thereon to the individual account of the member from whose compensation said deduction was made.

- (3) The accumulated contributions of a member drawn by him, or paid to his estate or to his designated beneficiary in event of his death as provided in this Article, shall be paid from the annuity savings fund. Upon the retirement of a member his accumulated contributions shall be transferred from the annuity savings fund to the annuity reserve fund.
- (4) Subject to the approval of the Board of Trustees, any member who is granted by his employer a leave of absence for the sole purpose of acquiring knowledge, talents, or abilities which are, in the opinion of the employer, expected to increase the efficiency of the services of the member to his or her employer, may make monthly contributions to the Retirement System on the basis of the salary or wage such member was receiving at the time such leave of absence was granted.

(d) Pension Accumulation Fund.—The pension accumulation fund shall be the fund in which shall be accumulated all reserves for the payment of all pensions and other benefits payable from contributions made by employers and from which shall be paid all pensions and other benefits on account of members with prior service credit. Contributions to and payments from the pension accumulation fund shall be made as follows:

- (1) Each participating employer shall pay to the pension accumulation fund monthly, or at such other intervals as may be agreed upon with the Board of Trustees, an amount equal to a certain percentage of the actual compensation of each member, to be known as the "normal contribution" and an additional amount equal to a percentage of his actual compensation to be known as the "accrued liability contribution." In addition, such contributions by participating employers will be required for each member on leave of absence who makes monthly contributions in accordance with (b) (4) above, and will be based on the salary or wage the member was receiving at the time the leave of absence was granted. The rate per centum of such contributions shall be fixed on the basis of the liabilities of the Retirement System as shown by actuarial valuation. Until the first valuation for any employer whose participation commenced prior to July 1, 1951, the normal contribution shall be three percent (3%) for general employees and five percent (5%) for firemen and policemen, and the accrued liability contribution shall be three percent (3%) for general employees and six percent (6%) for firemen and policemen. Until the first valuation for any employer whose participation commenced on or after July 1, 1951, the normal contribution shall be four percent (4%) for general employees and six and two-thirds percent (6⅔%) for firemen and policemen, and the accrued liability contribution shall be four percent (4%) for general employees and eight percent (8%) for firemen and policemen.
- (2) On the basis of regular interest and of such mortality and other tables as shall be adopted by the Board of Trustees, the actuary engaged by the board to make each valuation required by this article during the period over which the accrued liability contribution is payable, immediately after making such valuation, shall determine the uniform and constant percentage of the actual compensation of the average new entrant throughout his entire period of active service which would be sufficient to provide for the payment of any pension payable on his account and

for the pro rata share of the cost of administration of the Retirement System. The rate per centum so determined shall be known as the "normal contribution" rate. After the accrued liability contribution has ceased to be payable, the normal contribution rate shall be the rate per centum of the earnable salary of all members obtained by deducting from the total liabilities of the pension accumulation fund the amount of the funds in hand to the credit of that fund and dividing the remainder by one per centum of the present value of the prospective future salaries of all members as computed on the basis of the mortality and service tables adopted by the Board of Trustees and regular interest. The normal rate of contribution shall be determined by the actuary after each valuation.

- (3) The "accrued liability contribution" shall be set for each employer on the basis of the prior service credits allowable to the employees thereof, who are entitled to prior service certificates, and shall be paid for a period of approximately 30 years, provided that the length of the period of payment for each employer after contributions begin shall be the same for all employers and shall be determined by the Board of Trustees as the result of actuarial valuations.
- (4) At the end of the first year following the date of participation for each employer, the accrued liability payable by such employer shall be set, by deducting from the present value of the total liability for all pensions payable on account of all members and pensioners of the System who became participants through service for such employer, the present value of the future normal contributions payable, and the amount of any assets resulting from any contributions previously made by such employer. Then the "accrued liability contribution" rate for such employer shall be the per centum of the total annual compensation of all members employed by such employer which is equivalent to four per centum (4%) of the amount of such accrued liability. The expense of making such actuarial valuation to determine the accrued liability contribution for each employer shall be paid by such employer. The accrued liability contribution rate shall be increased on the basis of subsequent valuation if benefits are increased over those included in the valuations on the basis of which the original accrued liability contribution rate was determined.
- (5) The total amount payable in each year to the pension accumulation fund shall not be less than the sum of the rate per centum known as the normal contribution rate and the accrued liability contribution rate of the total earned compensation of all members during the preceding year: Provided, however, that the amount of each annual accrued liability contribution shall be at least three per centum (3%) greater than the preceding annual accrued liability payment, and that the aggregate payment by employers shall be sufficient, when combined with the amount in the fund, to provide the pensions and other benefits payable out of the fund during the year then current.
- (6) The accrued liability contribution shall be discontinued as soon as the accumulated reserve in the pension accumulation fund shall equal the present value, as actuarially computed and approved by the Board of Trustees, of the total liability of such fund less the present value, computed on the basis of the normal contribution rate then in force, of the prospective normal contributions to be received on account of all persons who are at that time members.
- (7) All pensions, and benefits in lieu thereof, with the exception of those payable on account of members who received no prior service allowance, payable from contributions of employers, shall be paid from the pension accumulation fund.

- (8) Upon the retirement of a member not entitled to credit for prior service, an amount equal to his pension reserve shall be transferred from the pension accumulation fund to the pension reserve fund.

(g) Collection of Contributions.—

- (1) The collection of members' contributions shall be as follows:

- a. Each employer shall cause to be deducted on each and every payroll of a member for each and every payroll subsequent to the date of participation in the Retirement System the contributions payable by such member as provided in this Article. Each employer shall certify to the treasurer of said employer on each and every payroll a statement as vouchers for the amount so deducted.
- b. The treasurer of each employer on the authority from the employer shall make deductions from salaries of members as provided in this Article and shall transmit monthly, or at such time as the board of trustees shall designate, the amount specified to be deducted, to the secretary-treasurer of the board of trustees. The secretary-treasurer of the board of trustees after making a record of all such receipts shall deposit them in a bank or banks selected by said board of trustees for use according to the provisions of this Article.

- (2) The collections of employers' contributions shall be made as follows: Upon the basis of each actuarial valuation provided herein the board of trustees shall annually prepare and certify to each employer a statement of the total amount necessary for the ensuing fiscal year to the pension accumulation fund as provided under subsection (d) of this section.

- (3) If within 90 days after request therefor by the board any employer shall not have provided the System with the records and other information required hereunder or if the full accrued amount of the contributions provided for under this section due from members employed by an employer or from an employer shall not have been received by the System from the chief fiscal officer of such employer within 30 days after the last due date as herein provided, then, notwithstanding anything herein or in the provisions of any other law to the contrary, upon notification by the board to the State Treasurer as to the default of such employer as herein provided, any distributions which might otherwise be made to such employer from any funds of the State shall be withheld from such employer until notice from the board to the State Treasurer that such employer is no longer in default.

The Council of State may upon request of this Authority allot additional funds from the Contingency and Emergency Fund when in the opinion of the Governor and Council of State such additional funds as are required for the operation of this Authority. Any funds remaining at the end of each biennium shall revert to the general fund of the State. (1967, c. 994, s. 7.)

ARTICLE 8.

State Construction Finance Authority.

§ 129-50. Creation of Authority.—There is hereby created a body corporate and politic and constituting an agency of the State government to be known as the North Carolina State Construction Finance Authority. It shall consist of five members, all of whom shall serve ex officio: the Governor, the Director of the Department of Administration, the State Treasurer, the State Auditor, and the Lieutenant Governor. The Governor shall serve as chairman unless he elects to designate some other member as chairman. The members of the Authority shall receive no compensation for their services in that capacity, but shall be entitled to

reimbursement for all reasonable expenses necessarily incurred in connection with performance of their duties and functions as such members.

Three members of the Authority shall constitute a quorum for the transaction of business, and in the absence of a quorum one or more members may adjourn from time to time. The Authority shall elect a secretary and a treasurer who need not be members of the Authority, each of whom shall serve at the pleasure of the Authority and, if not members of the Authority, receive such compensation as the Governor and the Advisory Budget Commission shall determine. The treasurer shall give such bond as the Authority shall prescribe. (1969, c. 1048, s. 1.)

State Government Reorganization.—The State Construction Finance Authority was transferred to the Department of Administration by § 143A-92, enacted by Session Laws 1971, c. 864.

§ 129-51. Purpose of article.—The purpose of this article is to provide a method of financing, through the Authority, the acquisition or construction of buildings and other facilities authorized by the General Assembly for the operation of the State government and its departments, institutions and agencies, without a pledge of the faith and credit or the taxing power of the State. (1969, c. 1048, s. 2.)

§ 129-52. Definitions.—As used in this article, the following words shall have the following meanings, unless another or different meaning or intent shall be clearly indicated by the context:

- (1) The word "Authority" shall mean the North Carolina State Construction Finance Authority.
- (2) The word "bonds" shall mean bonds or revenue refunding bonds of the Authority issued under the provisions of this article.
- (3) The word "cost" as applied to a project shall include the cost of acquisition or construction, the cost of acquisition of all property, both real and personal, or interests therein, the cost of demolishing, removing or relocating any buildings or structures on land so acquired, including the cost of acquiring any lands to which such buildings or structures may be moved or relocated, the cost of all labor, materials, equipment and furnishings, financing charges, interest prior to and during construction and, if deemed advisable by the Authority, for a period not exceeding one year after completion of such construction, cost of engineering, financial and legal services, plans, specifications, studies, surveys, estimates of cost, administrative expenses, and such other expenses as may be necessary or incident to the acquisition or construction of the project and the financing of such acquisition or construction. Any obligation or expense incurred by the State or the Authority prior to the issuance of bonds under the provisions of this article in connection with any of the foregoing items of cost may be regarded as a part of such cost.
- (4) The word "project" shall mean any building, structure or other facility authorized by the General Assembly to be acquired, constructed, enlarged, extended, remodelled or improved by the Authority for the operation of the State government or any department, agency or institution thereof, and such authorization shall state the maximum authorized cost thereof, and any such project may include any necessary land, furnishings and equipment and parking facilities, utilities and landscaping. (1969, c. 1048, s. 3.)

§ 129-53. Revenue bonds not debts.—Revenue bonds issued pursuant to this article shall not be deemed to constitute a debt or liability of the State or any political subdivision thereof or a pledge of the faith and credit of the State or of any such political subdivision, but shall be payable solely from the funds herein provided therefor from revenues. All such revenue bonds shall contain on the face

thereof a statement to the effect that neither the State nor the Authority shall be obligated to pay the same or the interest thereon except from revenues as herein defined and that neither the faith and credit nor the taxing power of the State or of any political subdivision thereof is pledged to the payment of the principal of or the interest on such bonds. The issuance of revenue bonds hereunder shall not directly or indirectly or contingently obligate the State or any political subdivision thereof to levy or to pledge any taxes whatsoever therefor. (1969, c. 1048, s. 4.)

§ 129-54. General powers of Authority.—The Authority shall have all of the powers necessary or convenient to carry out and effectuate the purposes and provisions of this article, including, but without limiting the generality of the foregoing, the following powers:

- (1) To sue and be sued;
- (2) To make contracts;
- (3) To adopt and use a common seal and to alter the same as may be deemed expedient;
- (4) To acquire by purchase or otherwise (including the power of condemnation by the exercise of the right of eminent domain under the eminent domain laws of the State), construct, complete, remodel, enlarge, extend, improve and equip any project;
- (5) To acquire property of any and every kind and description, real, personal, or mixed, by gift, purchase or otherwise, including property of the State or of any department, board, commission, or other agency of the State transferred to the Authority as herein authorized;
- (6) To lease any project to, and to charge and collect rents from, any officer, department, board, commission or other agency of the State for the use of any such project;
- (7) In the event of nonpayment of rents under any such lease, to maintain and operate any such project or lease such project to others for any suitable purpose or dispose of any such project, all as hereinafter provided;
- (8) To borrow money and to issue bonds or notes or other obligations as hereinafter provided to pay all or any part of the cost of any project or projects, and to fund or refund the same;
- (9) To fix and revise and charge and collect rents and other charges for the use of any project;
- (10) To employ consulting engineers, architects, attorneys, accountants, construction and financial experts, superintendents, managers and such other employees and agents as may be necessary in the judgment of the Authority, and to fix their compensation;
- (11) To make and enter into all contracts and agreements necessary or incidental to the performance of its duties and the execution of its powers under this article;
- (12) To receive and accept from any federal, State or other public agency or from any private agency, person or other entity donations, loans, grants, aid or contributions of any money, property, labor or other things of value for any project or projects, and to agree to apply and use the same in accordance with the terms and conditions under which the same are provided; and
- (13) To do all acts and things necessary or convenient to carry out the powers granted by this article. (1969, c. 1048, s. 5.)

§ 129-55. Issuance of revenue bonds and bond anticipation notes.—The Authority is hereby authorized to issue, at one time or from time to time, revenue bonds of the Authority for the purpose of paying all or any part of the cost of any project or projects. The bonds of each issue shall be dated and shall mature at such time or times not exceeding forty years from their date or dates,

as may be determined by the Authority, and may be made redeemable before maturity, at the option of the Authority, at such price or prices and under such terms and conditions as may be fixed by the Authority prior to the issuance of the bonds. Any such bonds shall bear interest at such rate or rates as may be determined by the Local Government Commission of North Carolina with the approval of the Authority. The Authority shall determine the form and manner of execution of the bonds, including any interest coupons to be attached thereto, and shall fix the denomination or denominations of the bonds and the place or places of payment of principal and interest, which may be at any bank or trust company within or without the State. In case any officer whose signature or a facsimile of whose signature shall appear on any bonds or coupons shall cease to be such officer before the delivery of such bonds, such signature or such facsimile shall nevertheless be valid and sufficient for all purposes the same as if he had remained in office until such delivery. Notwithstanding any of the other provisions of this article or any recitals in any bonds issued under the provisions of this article, all such bonds shall be deemed to be negotiable instruments under the laws of this State, subject only to the provisions for registration in any resolution authorizing the issuance of such bonds or any trust agreement securing the same. The bonds may be issued in coupon or registered form or both, as the Authority may determine, and provision may be made for the registration of any coupon bonds as to principal alone and also as to both principal and interest, and for the reconversion into coupon bonds of any bonds registered as to both principal and interest.

The proceeds of the bonds of each issue shall be used solely for the purpose for which such bonds shall have been authorized and shall be disbursed in such manner and under such restrictions, if any, as the Authority may provide in the resolution authorizing the issuance of such bonds or in the trust agreement hereinafter mentioned securing the same. Unless otherwise provided in the authorizing resolution or in the trust agreement securing such bonds, if the proceeds of such bonds, by error of estimates or otherwise, shall be less than the cost of a project or projects for which such bonds shall have been issued, additional bonds may in like manner be issued to provide the amount of such deficit and shall be deemed to be of the same issue and shall be entitled to payment from the same fund without preference or priority of the bonds first issued for the same purpose.

Any resolution providing for the issuance of revenue bonds, and any trust agreement securing such bonds, may also contain such limitations upon the issuance of additional revenue bonds thereunder as the Authority may deem proper, and such additional bonds shall be issued under such restrictions and limitations as may be prescribed by such resolution or trust agreement.

Prior to the preparation of definitive bonds, the Authority may, under like restrictions, issue interim receipts or temporary bonds, with or without coupons, exchangeable for definitive bonds when such bonds shall have been executed and are available for delivery. The Authority may also provide for the replacement of any bonds which shall become mutilated or be destroyed or lost.

Except as herein otherwise provided, bonds may be issued by the Authority under this article and other powers vested in the Authority under this article may be exercised by the Authority without obtaining the consent of any department, division, commission, board, bureau or agency of the State and without any other proceedings or the happening of any other conditions or things than those proceedings, conditions or things which are specifically required by this article.

In anticipation of the issuance of bonds for any project the Authority may borrow money at the lowest rate of interest obtainable and execute and issue notes of the Authority for the payment of any of the costs of such project. The provisions of this article relating to bonds of the Authority and the proceeds thereof shall govern as to any bond anticipation notes issued hereunder and the proceeds thereof insofar as such provisions may be made applicable thereto. To the extent that any such notes shall not have been retired from revenues received by the Authority

on account of the project for which they were issued or from other sources, such notes shall be paid from the proceeds of the bonds of the Authority issued for such project. (1969, c. 1048, s. 6.)

§ 129-56. Leases of projects.—The Authority and the department, board, Commission or other agency of the State or the State Treasurer on behalf of the State government are authorized and empowered to enter into a lease or leases with respect to any project or projects financed by the Authority hereunder for such department, board, commission or other agency of the State or the State government, as the case may be, any such lease to be payable solely from appropriations to be made by the General Assembly for the payment of the rent therein provided to be paid. Any such lease may be entered into contemporaneously with or at any time after the financing by the Authority of the project described in such lease, and payments under the lease may begin at any time after execution of such lease. Any such lease shall extend only for the biennium in which it is executed, and shall be automatically renewed for the succeeding biennium, effective on the first day thereof, unless the General Assembly shall fail to make an appropriation or appropriations for the payment of the rent therein provided to be paid during such succeeding biennium.

The rents provided for in the lease with respect to any project shall be sufficient at all times to pay the principal of and the interest on the bonds issued therefor and a proportion of the administrative expenses of the Authority as provided for by such lease and such reserves as may be required by the resolution authorizing the issuance of such bonds.

In the event any such lease is not renewed the Authority may maintain and operate the project described therein, or lease all or any part of such project to any other person, firm or corporation for any purpose deemed by the Authority to be suitable, or sell or otherwise dispose of such project in any manner and on such terms and conditions as the Authority shall determine to be for the best interest of the State, the Authority and the holders of bonds or other obligations of the Authority issued to finance such project or payable in whole or in part from the revenues thereof. Any fees, rents or charges on the part of the Authority or any such lessee shall not be subject to supervision or regulation by any other commission, board, bureau or agency of the State. (1969, c. 1048, s. 7.)

§ 129-57. Trust agreement; money received deemed trust funds; insurance; remedies.—In the discretion of the Authority, any revenue bonds issued under this article may be secured by a trust agreement by and between the Authority and a corporate trustee which may be any trust company or bank having the powers of a trust company within or without the State. Such trust agreement or the resolution providing for the issuance of such bonds may pledge or assign all or any part of the revenues to be received, but shall not convey or mortgage any project or projects or any part thereof. Such trust agreement or resolution may contain such provisions for protecting and enforcing the rights and remedies of the holders of such bonds as may be reasonable and proper and not in violation of law, including covenants setting forth the duties of the Authority in relation to the acquisition, construction or provision of any project or projects; the maintenance, repair, operation and insurance of any project or projects; rents, charges or fees to be fixed and collected, and the custody, safeguarding and application of all moneys. It shall be lawful for any bank or trust company incorporated under the laws of the State which may act as depositary of the proceeds of bonds, revenues or other money hereunder to furnish such indemnifying bonds or to pledge such securities as may be required by the Authority. Any such trust agreement or resolution may set forth the rights and remedies of the holders of the bonds and the rights, remedies and immunities of the trustee or trustees, if any, and may restrict the individual right of action by such holders. In addition to the foregoing, any such trust agreement or resolution may contain such other provi-

sions as the Authority may deem reasonable and proper for the security of such holders. All expenses incurred in carrying out the provisions of such trust agreement or resolution may be treated as an administrative expense of the Authority or as a part of the cost of the project or projects for which such bonds are issued or as an expense of operation of such project or projects, as the case may be.

All moneys received pursuant to the authority of this article, whether as proceeds from the sale of bonds or as revenues, shall be deemed to be trust funds to be held and applied solely as provided in this article. The Authority may provide for the payment of the proceeds of the sale of the bonds and the revenues, or part thereof, to such officer, board or depository as it may designate for the custody thereof, and for the method of disbursement thereof, with such safeguards and restrictions as it may determine, and may provide for the temporary investment thereof pending such disbursement. Any officer with whom or any bank or trust company with which, such moneys shall be deposited shall act as trustee of such moneys and shall hold and apply the same for the purposes hereof, subject to such requirements as are provided in this article and in the resolution or trust agreement authorizing or securing such bonds.

Notwithstanding the provisions of any other law the Authority may carry insurance on any project or projects in such amounts and covering such risks as it may deem advisable.

Any holder of bonds issued under this article or of any of the coupons appertaining thereto, and the trustee or trustees under any trust agreement, except to the extent the rights herein given may be restricted by such trust agreement or the resolution authorizing the issuance of such bonds, may, either at law or in equity, by suit, action, mandamus or other proceedings, protect and enforce any and all rights under the laws of the State or granted hereunder or under such trust agreement or resolution, and may enforce and compel the performance of all duties required by this article or by such trust agreement or resolution to be performed by the Authority or by any officer thereof. (1969, c. 1048, s. 8.)

§ 129-58. Sinking fund; pledge of revenues.—Any resolution or trust agreement providing for the issuance of and securing bonds hereunder shall provide that all revenues derived from or on account of the leasing of any project, except such part thereof as may be necessary to pay administrative costs of the Authority and the cost of maintenance, repair and operation of any project during any operation thereof by the Authority and reserves for the payment of such cost, shall be set aside in a sinking fund or funds which shall be and are hereby pledged to and charged with the payment of the principal of and the interest on such bonds as the same shall become due and the redemption or purchase price of bonds retired by call or purchase as therein provided. Such pledge shall be valid and binding from the time when the pledge is made; the fees, rents and charges and other revenues or other moneys so pledged and thereafter received by the Authority shall immediately be subject to the lien of such pledge without any physical delivery thereof or further act, and the lien of any such pledge shall be valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the Authority, irrespective of whether such parties have notice thereof. Neither the resolution nor any trust agreement by which a pledge is created need be filed or recorded except in the records of the Authority. The use and disposition of moneys to the credit of such sinking fund shall be subject to the provisions of the resolution authorizing the issuance of such bonds or of the trust agreement securing the same. (1969, c. 1048, s. 9.)

§ 129-59. Refunding bonds.—The Authority is hereby authorized to issue from time to time revenue refunding bonds for the purpose of refunding any revenue bonds or revenue refunding bonds issued by the Authority under this article, including the payment of any redemption premium thereon and any interest accrued or to accrue to the date of redemption of such bonds. The Authority

is further authorized to issue from time to time revenue refunding bonds for the combined purpose of

- (1) Refunding any such revenue bonds or revenue refunding bonds issued by the Authority under this article, including the payment of any redemption premium thereon and any interest accrued or to accrue to the date of redemption of such bonds, and
- (2) Paying all or any part of the cost of acquiring or constructing any additional project or projects.

The issuance of such refunding bonds, the maturities and other details thereof, the rights and remedies of the holders thereof, and the rights, powers, privileges, duties and obligations of the Authority with respect to the same, shall be governed by the foregoing provisions of this article insofar as the same may be applicable. (1969, c. 1048, s. 10.)

§ 129-60. Sale of bonds; sale or exchange of refunding bonds.—Upon the filing with the Local Government Commission of North Carolina of a resolution of the Authority so requesting, bonds authorized to be issued hereunder shall be sold on behalf of the Authority by the Local Government Commission in such manner, at public or private sale, and for such price as the Local Government Commission may determine to be for the best interest of the Authority and the State, provided that such sale shall be approved by the Authority.

Refunding bonds may be sold or exchanged by the local Government Commission on behalf and with the approval of the Authority for outstanding bonds of the Authority issued under this article and, if sold, the proceeds thereof may be applied to the purchase, redemption or payment of such outstanding bonds. Pending the application of the proceeds of any such refunding bonds, with any other available funds, to the payment of the principal, accrued interest and any redemption premium on the obligations being refunded, and, if so provided or permitted in the resolution authorizing the issuance of such refunding bonds or in the trust agreement securing the same, to the payment of any interest on such refunding bonds and any expenses in connection with such refunding, such proceeds may be invested in direct obligations of, or obligations the principal of and the interest on which are unconditionally guaranteed by, the United States of America which shall mature or which shall be subject to redemption by the holders thereof, at the option of such holders, not later than the respective dates when the proceeds, together with the interest accruing thereon, will be required for the purposes intended. (1969, c. 1048, s. 11.)

§ 129-61. Exemption from taxation; bonds eligible for investment or deposit.—Any bonds issued under this article, including any of such bonds constituting a part of the surplus of any bank, trust company or other corporation and the transfer of and the income from any such bonds (including any profit made on the sale thereof and all principal, interest and redemption premiums, if any), and all property of the Authority, shall at all times be exempt from all taxes or assessment, direct or indirect, general or special, whether imposed for the purpose of general revenue or otherwise, which are levied or assessed by the State or by any county, political subdivision, agency or other instrumentality of the State.

Bonds issued by the Authority under the provisions of this article are hereby made securities in which all public officers and public bodies of the State and its political subdivisions, all insurance companies, trust companies, banking associations, investment companies, executors, administrators, trustees and other fiduciaries may properly and legally invest funds, including capital in their control or belonging to them. Such bonds are hereby made securities which may properly and legally be deposited with and received by any State or municipal officer or any agency or political subdivision of the State for any purpose for which the deposit

of bonds or obligations of the State is now or may hereafter be authorized by law. (1969, c. 1048, s. 12.)

§ 129-62. Transfer of State property.—Any department, board, commission, agency or officer of the State may transfer jurisdiction of or title to any property under its or his control to the Authority when such transfer is approved in writing by the Governor as being advantageous to the State. (1969, c. 1048, s. 13.)

§ 129-63. Conveyance of property by the Authority to the State.—Upon the final payment of all obligations of the Authority on account of any project financed hereunder the Authority shall convey such project, without charge, to the State or to the appropriate agency thereof. (1969, c. 1048, s. 14.)

§ 129-64. Authorization to accept appropriated moneys.—The Authority is authorized to accept such moneys as may be appropriated from time to time by the General Assembly for effectuating the purposes of this article, including, without limitation, the payment of expenses of administration and operation of the Authority or of any project, lease payments, and the establishment of a reserve or contingency fund to be available for the payment of the principal of and the interest on any bonds or notes of the Authority. (1969, c. 1048, s. 15.)

§ 129-65. Annual reports.—The Authority shall, promptly following the close of each fiscal year, submit an annual report of its activities for the preceding year to the Governor, the General Assembly, the Advisory Budget Commission and the Local Government Commission. Each such report shall set forth a complete operating and financial statement of the Authority during such year. The Authority shall cause an audit of its books and accounts to be made at least once in each year by an independent certified public accountant and the cost thereof may be paid from any available moneys of the Authority. (1969, c. 1048, s. 16.)

§ 129-66. Officers not liable.—No member or other officer of the Authority shall be subject to any personal liability or accountability by reason of his execution of any obligations or the issuance thereof. (1969, c. 1048, s. 17.)

§ 129-67. Additional method.—The foregoing sections of this article shall be deemed to provide an additional and alternative method for the doing of the things authorized thereby and shall be regarded as supplemental and additional to powers conferred by other laws, and shall not be regarded as in derogation of any powers now existing; provided, however, that the issuance of bonds or notes under the provisions of this article need not comply with the requirements of any other law applicable to the issuance of bonds or notes. (1969, c. 1048, s. 18.)

§ 129-68. Article liberally construed.—This article, being necessary for the prosperity of the State and its inhabitants, shall be liberally construed to effect the purposes thereof. (1969, c. 1048, s. 19.)

§ 129-69. Constitutional construction.—The provisions of this article are severable, and if any of its provisions shall be held unconstitutional by any court of competent jurisdiction, the decision of such court shall not affect or impair any of the remaining provisions. (1969, c. 1048, s. 20.)

§ 129-70. Inconsistent laws inapplicable.—Insofar as the provisions of this article are inconsistent with the provisions of any general or special laws, or parts thereof, the provisions of this article shall be controlling. (1969, c. 1048, s. 21.)

Editor's Note.—The Executive Organization Act of 1973, Session Laws 1973, c. 476, s. 128, provides that whenever the words "State Board of Health" or "Board" when referring to the State Board of Health are used or appear in any statute of law of this State, they shall be deleted and the words "Department of Human Resources" or "Department," as appropriate, shall be inserted in lieu thereof, unless otherwise provided for in the act. Section 128 further provides for substituting references to the Department of Human Resources for the words "North Carolina Board of Anatomy," or "Board" when referring to the North Carolina Board of Anatomy, and for "Office of Vital Statistics" or "Central Office of Vital Statistics" or "Bureau of Vital Statistics" and for substituting references to the "Secretary of Human Resources" for "Chairman of the Board of Anatomy," "Chief Medical Examiner" or "State Health Director" whenever those words are used or appear

in any statute or law of the State. Other provisions of the 1973 act, similarly worded, provide for substituting references to the Department of Human Resources, its Secretary or a constituent agency thereof, for references to various other State officers and agencies. In the General Statutes before the enactment of the Executive Organization Act of 1973, the various State officers and agencies now incorporated in the Department of Human Resources were frequently referred to by titles differing somewhat from those quoted in the 1973 act. In order to give effect to the obvious intent of the 1973 act, the codifiers have substituted references to the Department of Human Resources, or its Secretary or a constituent agency, for references to the former officers and agencies throughout this Chapter and elsewhere in the General Statutes, even though the precise language quoted in the 1973 act did not appear in the sections as they stood at the time of its passage.

ARTICLE 1.**General Provisions.****§ 130-1. Rules of construction.**

(d) Whenever a duty is imposed upon a public officer, the duty may be performed unless this Chapter expressly provides otherwise, by a deputy of the officer or by a person duly authorized by the Department of Human Resources.

(e) The operation and effect of any provision of this Chapter conferring a general power upon the Department of Human Resources and the Commission for

ARTICLE 2.

Administration of Public Health Law.

§§ 130-4 to 130-8: Repealed by Session Laws 1973, c. 476, s. 128, effective July 1, 1973.

Cross Reference.—As to organization of the Department of Human Resources, see §§ 143B-136 through 143B-140.

§ 130-9. Powers and duties of the Department of Human Resources and Commission for Health Services.—(a) Repealed by Session Laws 1973, c. 476, s. 128, effective July 1, 1973.

(b) The Department of Human Resources is authorized to accept and allocate or

expend any grants-in-aid for public health purposes which may be made available to the State by the federal government. This Chapter is to be liberally construed in order that the State and its citizens may benefit fully from such grants-in-aid. The Commission for Health Services is further authorized and empowered to make such rules and regulations, not inconsistent with the laws of this State, as may be required by the federal government for receiving such federal funds. Any moneys so received are to be deposited with the State Treasurer and are to be expended by the Department of Human Resources for the public health purposes specified.

(c) The Secretary of Human Resources is authorized to establish and appoint as many special advisory committees as may be deemed necessary to advise and confer with the Commission for Health Services concerning the public health. Members of any special advisory committee shall serve without compensation but may be allowed actual and necessary travel and subsistence expenses when in attendance at meetings away from their places of residence.

(d) The Commission for Health Services shall not have any power or authority to regulate or restrict the license to practice of any person licensed to practice under Chapter 90.

(e) Nursing Homes.—

(1) The Commission for Health Services shall establish standards, adopt rules and regulations for the operation, inspection, and licensing of nursing homes as the same are hereinafter defined.

(1a) The Department of Human Resources shall inspect and license nursing homes as the same are hereinafter defined utilizing the standards, rules and regulations provided for in G.S. 130-9(e) (1).

(2) Nursing Home Defined.—For the purposes of this section, a “nursing home” is defined as an institution, however named, which is advertised, announced, or maintained for the express or implied purpose of providing nursing or convalescent care for three or more persons unrelated to the licensee. A “nursing home” is a home for chronic or convalescent patients who, on admission, are not as a rule, acutely ill and who do not usually require special facilities, such as an operating room, X-ray facilities, laboratory facilities, and obstetrical facilities. A “nursing home” provides care for persons who have remedial ailments or other ailments, for which medical and nursing care is indicated; who, however, are not sick enough to require general hospital care. Nursing care is their primary need, but they will require continuing medical supervision.

(3) Penalties.—Any person establishing, conducting, managing, or operating any nursing home without a license shall be guilty of a misdemeanor, and upon conviction thereof shall be liable to a fine of not more than fifty dollars (\$50.00) for the first offense and not more than five hundred dollars (\$500.00) for each subsequent offense, and each day of a continuing violation after conviction shall be considered a separate offense.

(4) Home for the Aged and Infirm Distinguished.—A “home for the aged and infirm,” usually designated as a boarding home, as distinguished from a “nursing home” is a place for the care of aged and infirm persons whose principal need is a home with such sheltered and custodial care as their age and infirmities require. In such homes, medical care is only occasional or incidental, such as may be required in the home of any individual or family for persons who are aged and infirm. The residents of such homes will not, as a rule, have remedial ailments or other ailments for which continuing skilled planned medical and nursing care is indicated. A major factor which distinguishes these homes is that the residents may be given congregate services as distinguished from the individualization of medical care required in “patient” care. A person may be accepted for sheltered or custodial care because of a disability which does not require continuing planned medical care, but which does make

him unable to maintain himself in individual living arrangements. In further distinguishing between a "nursing home" and a "home for the aged and infirm," it is recognized that a "nursing home" is not a place for the care of aged and infirm persons whose principal need is a home with such custodial and sheltered care as their age and infirmities require. In such "nursing homes" medical care is not merely occasional and incidental, such as may be required in the home of any individual or family. The residents of these "nursing homes" will, as a rule, have remedial ailments, or other ailments, for which continuing planned medical and skilled nursing care is indicated. A major factor which distinguishes these "nursing homes" is that the residents will require the individualization of medical care required in "patient" care.

- (5) Operation of Nursing Home and Home for the Aged and Infirm in Same or Adjoining Buildings.—Any person may operate a nursing home, as defined in subdivision (2) of this subsection, and a home for the aged and infirm, as defined in subdivision (4) of this subsection, in the same building or in two or more buildings adjoining or next to each other on the same site. In such cases, both the nursing home and the home for the aged and infirm must comply with standards prescribed by the Commission for Health Services and be licensed by the Department of Human Resources; it shall not be necessary for these combination homes to secure a license from any other State agency; and other State agencies shall accept the standards prescribed by the Commission for Health Services and the license issued by the Department of Human Resources. The Commission for Health Services shall consult with the Commission for Social Services regarding the standards for the boarding home area of the homes licensed by the Department of Human Resources as combination nursing homes and boarding homes for the aged and infirm.
- (6) Evaluation of Residents in Homes for the Aged and Infirm.—It shall be the duty of the Department of Human Resources, to prescribe the method for the evaluation of residents in homes for the aged and infirm in order to determine when any such residents are in need of professional medical and nursing care as provided in licensed nursing homes.

(f) The Department of Human Resources shall have the power and duty to inspect and license home health agencies as provided by law.

(g) The Department of Human Resources upon consultation with a public health standards advisory committee to be composed of three local health directors, three local board of health chairmen, and three county commissioners (which commissioners shall be chosen from a list of five persons recommended by the North Carolina Association of County Commissioners), all to be appointed by the Secretary of Human Resources, shall have power, in the best interests of the public health, to establish reasonable standards governing the nature and scope of public health services rendered by local health departments. The Department may provide financial support to units complying with these standards. (1957, c. 1357, s. 1; 1961, c. 51, s. 3; 1963, c. 859; 1971, c. 539, s. 2; 1973, c. 110; c. 476, s. 128.)

Editor's Note.—

The 1971 amendment added subsection (f).

The first 1973 amendment added subsection (g).

The second 1973 amendment, effective July 1, 1973, repealed subsection (a), relating to the policy-making and rule-making functions of the former State Board of Health, substituted "Commission for Health Services" for "Board" in the third sentence of subsection (b) and in the first

sentence of subsection (c), and for "State Board of Health" in subsection (d), rewrote subdivision (e)(1), added subdivision (e)(1a), substituted "the Commission for Health Services and be licensed by the Department of Human Resources" for "and be licensed by the State Board of Health" and substituted "the Commission for Health Services and the license issued by the Department of Human Resources" for "and the license issued by the State Board of Health" in the second sentence

of subdivision (e)(5), rewrote the last sentence of subdivision (e)(5), substituted "Department of Human Resources" for "State Board of Health, in cooperation with the State Board of Public Welfare" in subdivision (e)(6), substituted "Secretary of

Human Resources" for "State Health Director" in subsection (g), and substituted "Department of Human Resources" for "State Board of Health" throughout the rest of the section.

§ 130-10. Employees of Department of Human Resources.—In order that the rules, regulations and directives of the Commission for Health Services may be enforced, the employees of the Department of Human Resources shall perform such functions as shall be delegated to them by the Department of Human Resources or by law. The Department of Human Resources may employ such persons as are deemed necessary by the Department for the purpose of carrying out the provisions of this Chapter and the public health programs established thereunder. All such employees must meet the qualifications and conform to the provisions of Chapter 126 of the General Statutes of North Carolina. (1957, c. 1357, s. 1; 1973, c. 476, s. 128.)

Editor's Note. — The 1973 amendment, effective July 1, 1973, substituted "Commission for Health Services" for "State Board of Health" in the first sentence, substituted "Department of Human Re-

sources" for "State Board of Health" in two places in the first sentence and in one place in the second sentence and substituted "Department" for "Board" in the second sentence.

§ 130-11. Duties of the administrative staff of the Department of Human Resources.—The administrative staff of the Department of Human Resources shall have and exercise such administrative duties and authority as may be assigned by the Department of Human Resources, including the following:

- (1) To enforce the State health laws and the rules and regulations established under and pursuant to the Public Health Law of North Carolina by the Commission for Health Services.

The industrial hygiene unit of the Department of Human Resources shall, under the direction and supervision of the Industrial Commission, carry out all of the provisions of the Workmen's Compensation Act with respect to occupational disease work, and the Department of Human Resources shall file with the Industrial Commission sufficient reports to enable it to carry out the provisions of the occupational disease law. After all

occupational disease work required by the Industrial Commission has been completed, the Department of Human Resources may use the services of the industrial hygiene unit for such other work as the Department may deem advisable.

ARTICLE 3.

Local Health Departments.

§ 130-13. **Provision of public health services.**—(a) Each county shall make public health services available to its residents. Counties may furnish services by operating a county health department, by contracting with the State for provision of services or by operating, jointly with other counties, a district health department.

(b) Where a county furnishes public health services by operating a county health department, the policy-making body for the county health department shall be a county board of health composed of nine members appointed by the board of county commissioners, upon consultation with the local health director.

(c) The county board of health shall include: one licensed physician, one licensed dentist, one licensed pharmacist, one county commissioner, and five persons appointed from the general public.

(d) The composition of the local board shall reasonably reflect the population makeup of the entire county.

(f) The county board of health shall elect its own chairman annually. The county health director shall serve as secretary to the county board of health. A majority of the members shall constitute a quorum.

The 1973 amendment rewrote this section.

Session Laws 1973, c. 137, s. 2, provides: "The terms of all members of a county board of health holding office on the date

At the expiration of the term of the board member now holding office whose term first expires, the board of county commissioners shall appoint his successor and a sufficient number of persons to bring the membership of the board to nine. The county commissioners may appoint persons to fill vacancies from time to time." The act was ratified April 5, 1973.

§ 130-14. **District health departments.** — (a) Under rules and regulations established by the Commission for Health Services, district health departments including more than one county may be formed in lieu of county health de-

partments upon agreement of the boards of county commissioners and local boards of health having jurisdiction over each of the counties involved.

(b) The Department of Human Resources may request the health department of a county to become part of a district health department composed of several counties, if in the opinion of the board, the public interest and the delivery of public health services to all the people of the new district would be enhanced thereby.

(c) Where counties offer public health services through a district health department, the policy-making body shall be a district board of health composed of 15 members. The board of county commissioners of each county in the district shall appoint one county commissioner to the board. The appointed commissioners shall, upon consultation with the local health director, appoint the other members of the board in such a manner as to provide for equitable district-wide representation.

(1) In addition to the county commissioners appointed, the district board of health shall include: one licensed physician; one licensed dentist; one licensed pharmacist; and enough other persons appointed from the general public to bring the number to 15.

Thereafter all appointments shall be for three years.

(g) The terms of all members of district boards of health holding office on April 9, 1973, shall expire on the same date as they would have had this [1973 amendatory] act not been passed. Upon expiration of these terms their successors shall be appointed to terms of three years and until their successors have been appointed and qualified. At the expiration of the term of the board member now holding office whose term first expires, the county commissioners of all the counties in the district shall appoint his successor and a sufficient number of persons to bring the membership of the board up to 15. § 130-14.1. Dissolution of a district health department.—Whenever the boards of county commissioners, each by a majority vote, of all counties constituting a district health department, as that term is defined in G.S. 130-14, determine that such district health department is not operating in the best health interests of the residents of the respective counties, they may direct that all of the counties comprising the district be withdrawn from the district in order that they may operate as county health departments, as that term is defined in G.S. 130-13. In addition, whenever a board of county commissioners of any county which is a member of a district health department determines, by a majority vote, that such district health department is not operating in the best health interests of that county, it may withdraw from the district health department and operate as a county health department. Dissolution of any district health department or withdrawal from such district health department by any county shall take place only at the end of the fiscal year in which the action of dissolution or withdrawal transpired.

Any budgetary surplus available to a district health department at the time of complete dissolution of the district health department shall be distributed to those counties comprising the district on the same pro rata basis that such counties appropriated and contributed funds to the district health department budget. Distribution to the counties shall be determined on the basis of an audit of the district health department financial records by an independent public-accounting firm as selected by the district board of health. The same method of distribution of funds described above shall apply when one or more counties of a district health department withdraws from a district.

All ordinances and regulations adopted by a district board of health shall become void upon dissolution except that if two or more counties of the original district continue to operate as a district health department, those ordinances and regulations adopted by the original district board of health shall continue in effect. Also, any county or counties withdrawing from a district health department may retain any ordinances adopted by the original district board of health, such retention of ordinances or regulations being contingent upon the adoption of the same ordinances and regulations by the new county board of health. (1971, c. 858.)

§ 130-14.2. Contracts with State for provision of local public health services.—Subject to the approval of all boards of county commissioners having jurisdiction, county and district boards of health are empowered to enter into contracts with the Department of Human Resources for the furnishing of services required by this Article when, in the opinion of the Department of Human Resources and the local board of health of any county or district, special problems or special projects arise which could be handled more advantageously by direct State provision of local public health services.

Whenever a county or a district contracts with the State for provision of public health services, the policy-making board for the health department shall be appointed and constituted as provided by G.S. 130-13 in the case of county departments and as provided by G.S. 130-14 in the case of district departments. travel is authorized by the board of commissioners. (1957, c. 1357, s. 1; 1971, c. 940, s. 1.)

§ 130-17. Powers and duties of local boards; expenditures.

(b) The local boards of health shall make such rules and regulations, not inconsistent with law, as are necessary to protect and advance the public health. Where such rules and regulations deal with subject matter also covered by rules and regulations of the Commission for Health Services, and there is an emergency, or a peculiar local condition or circumstance, requiring such action in the interest of public health, the rules and regulations of the local boards may be more stringent, but not less stringent, than those of the Commission. In other instances where there is a conflict between the rules and regulations of the Commission and the local boards, the rules and regulations of the Commission shall prevail. All rules and regulations heretofore adopted by a local board of health shall remain in full force and effect until repealed by said local board of health or superseded by rules and regulations duly adopted by said local board of health.

(e) The local boards of health are hereby authorized to enter into contracts with any governmental or private agency, or with any person, whereby the local board of health agrees to render services to or for such agency or person in exchange for a fee to cover the cost of rendering such service. This authority is to be limited to services voluntarily rendered and voluntarily received, but shall not apply where the charging of a fee for a particular service is specifically prohibited by statute, regulation, or ordinance. The fees to be charged under the authority of this subsection are to be based upon a plan recommended by the local health director and approved by the local board of health and the appropriate board or boards of county commissioners, and in no event is the fee charged to exceed the cost to the health department of rendering the service.

The fees collected under the authority of this subsection are to be deposited to the account of the health department so that they may be expended for public health purposes in accordance with the provisions of the County Fiscal Control Act. No individual employee is to receive any compensation over and above his regular salary as a result of rendering services for which a fee is charged. Editor's Note.—

The first 1973 amendment, effective July 1, 1973, substituted "Commission for Health Services" for "State Board of Health" in one place and "Commission" for "State Board" in three places in subsection (b).

The second 1973 amendment, effective July 1, 1973, in the first paragraph of subsection (e), substituted "any" for "the Veteran's Administration or any other" preceding "governmental or private

agency" in the first sentence, substituted the language beginning "but shall not apply" for "and shall not apply to services required by statute, regulation, or ordinance to be rendered or received" at the end of the second sentence and substituted appropriate board or boards of county commissioners" for "State Health Director" in the last sentence.

(c) The State Registrar may promulgate rules and regulations to provide for the issuance of a burial-transit permit prior to the filing of a certificate of death or fetal death in cases in which compliance with the requirement that the certificate be filed prior to the issuance of the permit would result in undue hardship. (1913, c. 109, s. 5; 1915, c. 164, s. 1; C. S., s. 7092; 1955, c. 951, s. 9; 1957, c. 1357, s. 1; 1969, c. 1031, s. 1.)

§ 130-43. Fetal death registration.—(a) A fetal death certificate for each fetal death (stillbirth) which occurs in this State after gestation period of twenty completed weeks or more shall be filed with the local registrar of the district in which the delivery occurred within seventy-two hours after such delivery and prior to final disposition of the fetus or removal from the State. If the place of fetal death is unknown, a fetal death certificate shall be filed in the registration district in which a dead fetus was found within seventy-two hours after the occurrence. If a fetal death occurs on a moving conveyance, a fetal death certificate shall be filed in the registration district in which the fetus was first removed from such conveyance.

(b) The funeral director or person acting as such who first assumes custody of a fetus shall file the fetal death certificate. In the absence of such person, the physician in attendance at or after the delivery shall file the certificate. He shall obtain the personal data from the next of kin or the best qualified person or source

available. He shall obtain the medical certification of cause of death and other required medical information from the person responsible therefor. The medical certification and other required medical information shall be completed and signed within seventy-two hours after delivery by the physician in attendance at or after delivery except when inquiry is required by article 21 of this chapter. When such inquiry is required, the medical examiner shall complete and sign the medical certification within seventy-two hours after taking charge of the case.

(c) When a fetal death is attended by a midwife, the midwife shall sign as the attendant but shall not sign the medical certificate of fetal death; such cases, and fetal deaths occurring without attendance of either physician or midwife, shall be treated as deaths without medical attendance as provided for in G.S. 130-45. (1913, c. 109, s. 6; C. S., s. 7093; 1933, c. 9, s. 2; 1951, c. 1091, s. 1; 1955, c. 951, s. 10; 1957, c. 1357, s. 1; 1969, c. 1031, s. 1.)

§ 130-44. Contents of death certificate.—The certificate of death shall contain, as a minimum, those items prescribed and specified on the standard certificate of death as prepared by the national agency in charge of vital statistics except as the same may be changed or amended by the North Carolina State Registrar of Vital Statistics. (1913, c. 109, s. 7; C. S., s. 7094; 1949, c. 161, s. 1; 1955, c. 951, s. 11; 1957, c. 1357, s. 1; 1963, c. 492, ss. 1, 4; 1969, c. 1031, s. 1.)

§ 130-45. Death without medical attendance; duty of funeral directors and officials; approval required before cremation.—(a) In case of death without medical attendance, it shall be the duty of the funeral director or person acting as such, and any other person having knowledge of such death, to notify the local medical examiner and local registrar of such death. No burial-transit permit shall be issued until the medical examiner has completed his investigation and certification. If there is no local medical examiner, the registrar shall refer the case to the Secretary of Human Resources, for investigation and certification of death. The certificate of death, required for a burial-transit permit, shall state therein the name of deceased, the disease causing death, or, if from external causes, the means of death, whether probably accidental, suicidal, or homicidal, and such other information as may be required by the State Registrar in order to properly classify the death.

(b) No cremation of a dead body shall take place until the medical examiner has made inquiry into the cause of and the manner of death and has certified in writing that the inquiry has been made and in his opinion no further examination is necessary. This provision does not apply to deaths occurring less than 24 hours after birth unless the death falls within the circumstances noted in G.S. 130-198. (1913, c. 109, s. 8; C. S., s. 7095; 1951, c. 1091, s. 2; 1955, c. 972, s. 4; 1957, c. 1357, s. 1; 1963, c. 492, ss. 3, 4; 1967, c. 1154, s. 5; 1969, c. 1031, s. 1; 1971, c. 444, s. 4; 1973, c. 476, s. 128.)

Editor's Note.—The 1971 amendment, in subsection (b), deleted "in case of death without medical attendance" following "dead body" in the first sentence, inserted "the" preceding "manner of death" in that

sentence, and added the second sentence.

The 1973 amendment, effective July 1, 1973, substituted "Secretary of Human Resources" for "Chief Medical Examiner" in subsection (a).

§ 130-46. Death registration.—(a) A death certificate for each death which occurs in this State shall be filed with the local registrar of the district in which the death occurred within seventy-two hours after such death and prior to final disposition of the body or removal from the State. If the place of death is unknown, a death certificate shall be filed in the registration district in which a dead body is found within seventy-two hours after such occurrence. If death occurs in a moving conveyance, a death certificate shall be filed in the registration district in which the dead body was first removed from such conveyance.

(b) The funeral director or person acting as such who first assumes custody of

a dead body shall file the death certificate. He shall obtain the personal data from the next of kin or the best qualified person or source available. He shall obtain the medical certification of cause of death from the person responsible therefor. He shall then state the facts required relative to the date and place of burial, over his signature and over the signature of the embalmer, if applicable. He shall present the completed certificate to the local registrar or his representative in order to obtain a burial-transit permit. He shall deliver the burial-transit permit to the person in charge of the place of burial before interring or otherwise disposing of the body; or shall attach the burial-transit permit to the box containing the corpse, when shipped by any transportation company.

(c) The medical certificate shall be made and signed by the physician, if any, who last treated the deceased for the disease or injury which caused death, and such physician shall specify the time in attendance, the time he last saw the deceased alive, and the hour of the day at which death occurred, and he shall further state the cause of death. Indefinite and unsatisfactory terms, denoting only symptoms of disease or conditions resulting from disease, will not be held sufficient for the issuance of a burial-transit permit; and any certificate containing any such indefinite or unsatisfactory terms, as defined by the State Registrar, shall be returned to the physician or person making the medical certificate for correction and more definite statement. In deaths in hospitals, institutions, or of nonresidents, the physician shall supply the information required above, if he is able to do so, and may state where, in his opinion, the disease was contracted.

(d) It shall be the duty of the physician or medical examiner making the medical certification as to the cause of death to complete the medical certification prior to interment but in no event more than seventy-two hours after death. The said physician or medical examiner may, in appropriate cases, designate the cause of death as unknown pending an autopsy or upon some other reasonable cause for delay, but shall send the supplementary information to the local registrar as soon as it is obtained. (1913, c. 109, ss. 7, 9; C. S., ss. 7094, 7096; 1949, c. 161, s. 1; 1955, c. 951, ss. 11, 12; 1957, c. 1357, s. 1; 1963, c. 492, ss. 1, 2, 4; 1969, c. 1031, s. 1.)

§ 130-47. Interment without burial-transit permit forbidden.—No person in charge of any premises in which interments are made shall inter or permit the interment, disinterment, or other disposition of any body unless it is accompanied by a burial-transit permit, as herein provided. Such person shall endorse upon the burial-transit permit the date of interment, or disinterment over his signature, and shall return all burial-transit permits so endorsed to the local registrar of his district within ten days from the date of disposal. He shall also keep a record of all bodies interred or otherwise disposed of on the premises under his charge, in each case stating the name of each deceased person, place of death, date of burial or disposal, and the name and address of the funeral director; which record shall at all times be open to official inspection. When burying a body in a cemetery or burial ground having no person in charge, the funeral director, or person acting as such, shall sign the burial-transit permit, giving the date of burial, and shall write across the face of the burial-transit permit the words "No person in charge," and file the burial-transit permit within ten days with the registrar of the district in which the cemetery is located. (1913, c. 109, s. 11; C. S., s. 7099; 1955, c. 951, s. 14; 1957, c. 1357, s. 1; 1963, c. 492, s. 4; 1969, c. 1031, s. 1.)

§ 130-48. Registration of divorces and annulments. — (a) For each divorce and annulment of marriage granted by any court of jurisdiction in this State, a report shall be prepared and filed by the clerk of court with the State Registrar. The information necessary to prepare the report shall be furnished to the clerk of court by the parties or their legal representatives on forms prescribed and furnished by the State Registrar. On or before the fifteenth day of each month, the clerk of court shall forward to the State Registrar the report of each divorce

and annulment granted during the preceding calendar month. Upon request, the Department of Human Resources shall furnish a true copy of any such record, which may be, but is not required to be, photographic, upon the payment to the Department of a fee not to exceed two dollars (\$2.00), and such true copy shall be competent evidence in any court or other proceeding in this State with like force and effect as the original. The moneys received by the Department pursuant to this section shall be turned over to the State Treasurer and paid into the general fund of the State. The Department of Human Resources is hereby authorized and empowered to do all things necessary to implement and carry out the provisions of this section.

(b) In any county in which the district court is not established, the sum of one dollar (\$1.00) shall be taxed as a part of the cost in the cause in which the decree of divorce or annulment is granted and the same shall be collected by the clerk of the court as costs. With each monthly report, the clerk shall transmit to the Department of Human Resources one half of these costs. (1957, c. 983; 1969, c. 1031, s. 1; 1973, c. 476, s. 128.)

Editor's Note. — The 1973 amendment, Vital Statistics" and "Department" for effective July 1, 1973, substituted "Department of Human Resources" for "Office of "office."

The form prescribed by the State Registrar shall contain and set forth in substance the forms and information required by G.S. 51-16, as amended, as a minimum requirement, and shall be the official form of a marriage license, certificate of marriage, and application for marriage license, issued by the register of deeds. The form so prescribed shall contain additional information in order to conform to the minimum requirements of the national agency in charge of vital statistics. Each form signed and issued by the register of deeds, assistant register of deeds, or deputy register of deeds shall constitute an original or duplicate original. Upon request, the Department of Human Resources shall furnish a true copy of any such record, which may be, but is not required to be, photographic, upon the payment to the Department of a fee of two dollars (\$2.00), and such true copy shall be competent evidence in any court or other proceeding in this State with like force and effect as the original. The moneys received pursuant to this section shall be paid into the general fund of the State. The Department of Human Resources is authorized to do all things necessary to implement and carry out the provisions of this section. (1961, c. 862; 1969, c. 1031, s. 1; 1973, c. 476, s. 128.)

Such certificate shall be on the form adopted and furnished by the State Registrar. When a birth occurs on a moving conveyance, a birth certificate shall be filed in the district in which the child was first removed from the conveyance. When a birth occurs in a hospital or other medical facility, the person in charge of the institution or his designated representative shall obtain the personal data, prepare the certificate, secure the signatures

(b) When a birth occurs outside a hospital or other medical facility, the certificate shall be prepared and filed by one of the following in the indicated order of priority:

- (1) The physician in attendance at or immediately after the birth, or in the absence of such a person,
- (2) The midwife or any other person in attendance at or immediately after the birth, or in the absence of such a person,
- (3) Either parent, or, in the absence of the father and the inability of the mother, the person in charge of the premises where the birth occurred.

(c) If the mother was married either at the time of conception or birth, the name of the husband shall be entered on the certificate as the father of the child and the surname of the child shall be the same as that of the husband, unless paternity has been determined otherwise by a court of competent jurisdiction in which case the name of the father as determined by the court shall be entered and the surname of the child shall be the same as that of the mother. If the mother was not married either at the time of conception or birth, the certificate shall be completed as provided in G.S. 130-54. (1913, c. 109, s. 13; 1915, c. 85, s. 1; C. Such registration shall have the same force and effect as if the registration had occurred within five days of birth: Provided, such registration shall not relieve any person of criminal liability for the failure to register such birth within five days of birth as required by G. S. 130-50. (1941, c. 126; 1957, c. 1357, s. 1; 1969, c. 1031, s. 1.)

§ 130-52. Registration of birth four years or more after birth.—(a) When the birth of a person born in this State has not been registered within four years after birth, a delayed certificate may be filed with the register of deeds in the county in which the birth occurred in accordance with regulations promulgated by the State Registrar. Each such birth must be registered in duplicate on forms approved and furnished by the State Registrar. Such certificate so registered shall have the same evidentiary value as those registered within five days. Certificates of birth registered four years or more after the date of occurrence shall be marked "delayed" and show on their face the date of the delayed registration. A summary statement of the evidence submitted in support of the delayed registration shall be endorsed on the certificate. The register of deeds shall forward the original and duplicate certificate to the Department of Human Resources for final approval. If the certificate complies with the rules and regulations and has not been previously registered, the State Registrar shall file the original and return the duplicate to the register of deeds for recording.

(b) When an applicant does not submit the minimum documentation required in the regulations for delayed registration or when the State Registrar finds reason to question the validity or adequacy of the certificate or the documentary evidence, the State Registrar shall not register the delayed certificate and shall advise the applicant of the reasons for this action. In the event the deficiencies are not corrected, the registration official shall advise the applicant of his right of appeal to a court of competent jurisdiction. Such records shall be in the form of the certificates provided for by this article, as directed by the State Registrar. This information must be obtained at the time of the inmate's or patient's admittance or as soon thereafter as practicable, but in any event prior to the discharge of said inmate or patient. In case of persons admitted or committed for treatment of disease, the physician in charge shall specify for entry in the record the nature of the disease, and where, in his opinion, it was contracted. The personal particulars and information required by this section shall be obtained from the individual himself if it is practicable to do so; and when they cannot be so obtained, they shall be obtained in as complete a manner as

This certificate of identification shall contain such information and be in such form as the State Registrar may prescribe and shall serve in lieu of a birth certificate. (1941, c. 297, s. 3; 1957, c. 1357, s. 1; 1969, c. 1031, s. 1.)

§ 130-58. Certificate of identification for child of foreign birth.—In the case of an adopted child born in a foreign country and having legal settlement in this State, the State Registrar shall, upon the presentation of a certified copy of the original birth certificate from the country of birth and a copy of the final order of adoption signed by the clerk of court or other appropriate official prepare a certificate of identification for such child. The certificate shall contain the same information as is required by G.S. 48-29 (a) for children adopted in this State, except that the country of birth shall be specified in lieu of the state of birth. § 130-58.1. Investigations and petitions involving certain neglected illegitimate children; hearings; disposition of children.—When it appears from the birth certificates filed with the Department of Human Resources that a child has been born to an unwed mother who had previously given birth to two or more children out of wedlock, said Department shall forward copies of such birth certificates to the local health director of the county of such mother's residence; and whenever it shall come to the attention of any local official that a child has been born to a woman by a father other than her husband, which woman had previously given birth to two or more children out of wedlock, such local official shall furnish such information to the local health director of the county of residence of such woman. The local health director to whom such information may come, shall thereupon, by registered or certified mail, notify such mother that she is, or may be, subject to the provisions of this section, and shall instruct her to report to the county director of social services in the county of her residence for consultation and advice within 15 days after receipt of such letter. A copy of such letter shall be mailed to the county director of social services in the county of such mother's residence. If the mother fails to report to the county director of social services within 15 days following receipt of the letter, then the county director shall thereupon begin the investigation hereinafter required.

In the course of the consultation and advice hereinabove provided for, the county director of social services shall make, or cause to be made through his own staff or through the staff of a private social agency, an investigation for the purpose of determining if such child, and any other children living with such mother, are living under such conditions, or are under such improper or insufficient guardianship or control, as to endanger the health or general welfare of any such child or children, within the meaning of subdivision (4) of G.S. 7A-278. If, upon such investigation, the county director of social services is of the opinion that such living conditions or surroundings, or such improper or insufficient guardianship or control of such child or children, are such as to endanger the health or general welfare of any such child or children, then said director or some person under his supervision, or the personnel of the private social agency hereinabove referred to, shall consult and advise with the mother of such child or children for the purpose and to the end that such conditions and surroundings be improved, and proper and sufficient guardianship and control be established. If, after such consultation and advice with said mother, such director is of the opinion that the health or general welfare of any such child or children is and will

continue to be in danger, then such director shall thereupon file with the court a verified petition stating the alleged facts which bring such child or children within the provisions of the section, which said petition shall also contain all other information required by the provisions of G.S. 7A-281. Upon the filing of such petition, the issuance and service of summons and the making of any interlocutory orders shall be made in accordance with the provisions of G.S. 7A-282, 7A-283, and 7A-284.

After having given due notice, as provided by G.S. 7A-283, the court shall conduct a hearing in accordance with the provisions of G.S. 7A-285, and if, upon said hearing, the court is satisfied that the health or general welfare of any such child or children is in danger, and that such child or children are in need of more suitable guardianship, then the court may thereupon take such action as, in its discretion, it deems proper and suitable, and as provided in G.S. 7A-286. (1963, c. 1259; 1969, c. 911, s. 3; c. 982; 1973, c. 476, s. 128.)

Editor's Note. — This section formerly appeared as § 110-25.1. It was transferred to its present position by Session Laws 1969, c. 911, s. 3. The 1969 act also amended the section by substituting references to various sections in chapter 7A for references to sections in chapter 110 throughout.

Session Laws 1969, c. 911, s. 11, provides: "This act shall be effective January 1, 1970, provided that in those districts where the district court is not yet established, the

courts exercising juvenile jurisdiction on the effective date shall continue to exercise juvenile jurisdiction until the district court is established."

The 1973 amendment, effective July 1, 1973, substituted "Department of Human Resources" for "Bureau of Vital Statistics" and "Department" for "Bureau" in the first paragraph.

For note on illegitimacy in North Carolina, see 46 N.C.L. Rev. 813 (1968).

§ 130-60. amendment which must accompany the request for a change or amendment in the certificate of birth or death, or other record made in pursuance of this article: Provided, further, that a new certificate of birth shall be made by the State Registrar whenever:

- (1) Proof is submitted to the State Registrar that the previously unwed parents of a person have intermarried subsequent to the birth of such person;
- (2) When notification is received by the State Registrar from the clerk of a court of competent jurisdiction of a judgment, order, or decree disclosing different or additional information relating to the parentage of a person;
- (3) Satisfactory proof is submitted to the State Registrar that there has been entered in a court of competent jurisdiction a judgment, order, or decree disclosing different or additional information relating to the parentage of a person.

identity of the deceased, the bodily injury or disease which was the cause of death, the disposition of the body and possibly other matters relating to the death. *State v. Hamilton*, 16 N.C. App. 330, 192 S.E.2d 24 (1972).

If a child is admitted to a public, private or parochial school in North Carolina after the first official day of the school year, the required immunizations must be completed within a 30-day period dating from the first day of admission to school. It shall be the duty of school authorities to inform the parent, parents, guardian or person in loco parentis of this requirement on or before the first official day of the school year or first day of admission. No teacher or principal shall permit a child to continue in school after expiration of this 30-day period unless the parent, parents, guardian or person in loco parentis responsible for such child presents evidence of immunization as described previously in this section. Precautions necessary pending admission to the hospital. — Whenever it has been determined that any person has tuberculosis in an active stage or in a communicable form, and such person is not immediately admitted as a patient in a State sanatorium for tuberculosis, county sanatorium for tuberculosis or in a private hospital or ward of a private hospital maintained for the treatment of tuberculosis, it shall be the duty of the local health director to instruct such person as to the precautions necessary to be taken to protect the members of such person's household or the community from becoming infected by tuberculosis communicated by such person, and it shall be the duty of such tuberculous person to conduct himself and to live in such a manner as not to expose members of his family or household, or any other person with whom he may be associated to danger of infection, and said health director shall investigate from time to time to make certain that his instructions are being carried out in a reasonable and acceptable manner. It shall be unlawful for any person to:

- (1) Wilfully fail and refuse to present himself to any private physician qualified in chest diseases, hospital, clinic, county sanatorium or State sanatorium for an examination for tuberculosis at such time and place as is fixed by the health director or at such time and place agreed upon between such suspected person and the health director,

- (3) Wilfully fail or refuse to follow the instructions of the health director as to the precautions necessary to be taken to protect the members of his or her household or any member of the community or any other person with whom he or she may be associated from danger of infection by tuberculosis communicated by such person.

The associate superintendent-medical director of the North Carolina Sanatorium, located at McCain, North Carolina, upon signing and placing among the permanent records of the North Carolina Sanatorium a statement to the effect that a person imprisoned under this section may be discharged without danger to the health or life of others, or for any other reason stated in full which he may deem adequate and sufficient, may discharge the person so committed at any time during the period of commitment. He shall report each such discharge, together with a full statement of the reasons therefor, at once to the health director serving the territory from which the person came and to the board of trustees or other controlling authority of such sanatorium and to the prison division of the State Department of Correction. The court in which a person is convicted of violating subdivision (2) or (3) of this section may suspend judgment, however, if such convicted person shall be hospitalized in a county sanatorium or State sanatorium and shall remain there until discharged by the associate superintendent-medical director or controlling authority of such county sanatorium or State sanatorium. The superintendent-medical director of the North Carolina sanatorium system with the advice and consent of the Commissioner of Paroles where he finds that a person committed to the prison division of the State sanatorium has obeyed the rules and regulations of such division or department for a period of not less than sixty days may, in his discretion, have the authority to transfer any patient who, in his judgment, will conform to the rules of the sanatorium, from the prison division to any State sanatorium, or Veterans Administration tuberculosis hospital.

The county of legal residence of such committed person shall be responsible for the regularly established fee for indigent or welfare patients and shall be responsible for this fee during the patient's period of hospitalization in the prison division of the North Carolina Sanatorium located at McCain, North Carolina.

The provisions of this section apply to minors as well as adults; provided, however, that persons under 16 years of age, upon conviction of a violation of the provisions of this section, shall not be imprisoned in the prison division of the North Carolina Sanatorium, but shall be placed in a State, county or private sanatorium for treatment. ARTICLE 12.

Sanitary Districts.

§ 130-123. Creation by Commission for Health Services. — For the purpose of preserving and promoting the public health and welfare the Commission for Health Services may, as hereinafter provided, create sanitary districts without regard for county, township or municipal lines: Provided, however, that no municipal corporation or any part of the territory in a municipal corporation shall be included in a sanitary district except at the request of the governing board of such municipal corporation; provided further that if such municipal corporation shall not have levied any tax nor performed any official act nor held any elections within a period of four years next preceding the date of the petition for said sanitary district, as hereinafter provided, such a request of the governing board shall not be required. (1927, c. 100, s. 1; 1955, c. 1307; 1957, c. 1357, s. 1; 1973, c. 476, s. 128.)

Editor's Note. — The 1973 amendment, effective July 1, 1973, substituted "Commission for Health Services" for "State Board of Health."

The holder of a nonexclusive franchise has no monopoly, and cannot complain of competition from a publicly created utility system. Phrased another way, the creation by a state of a competing public utility does not amount to a "taking" compensa-

ble under the Fourteenth Amendment. *Durham v. North Carolina*, 395 F.2d 58 (4th Cir. 1968).

Hence, a water company had no cause of action for damages against the state, the Utilities Commission, or a sanitary district for infringement of its franchise. *Durham v. North Carolina*, 395 F.2d 58 (4th Cir. 1968).

§ 130-124. Procedure for incorporating district. — A sanitary district shall be incorporated as hereinafter set out. Either fifty-one percent (51%) or more of the resident freeholders within a proposed sanitary district, or fifty-one percent (51%) or more of the freeholders within a proposed sanitary district, whether residents therein or not, may petition the board of county commissioners of the county in which all or the largest portion of the land of the proposed district is located, setting forth the boundaries of the proposed sanitary district and the objects it is proposed to accomplish. Upon receipt of such petition the board of county commissioners, through its chairman, shall notify the Department of Human Resources and the chairman of the board of county commissioners of any other county or counties in which any portion of the proposed district lies, of the receipt of said petition, and shall request that a representative of the Department of Human Resources hold a joint public hearing with the county commissioners of all the counties in which a portion of the district lies concerning the creation of the proposed sanitary district. The Secretary of Human Resources and the chairman of the board of county commissioners shall name a time and place within the proposed district at which the public hearing shall be held. The chairman of the board of county commissioners shall give prior notice of such hearing by posting a notice at the courthouse door of the county and also by publication in a newspaper published in said county at least once a week for four successive weeks; and in the event such hearing is to be before a joint meeting of the boards of county commissioners of more than one county, or in the event the land to be affected lies in more than one county, then a like publication and notice shall be made and given in each of said counties. In the event that all matters pertaining to the cre-

ation of this sanitary district cannot be concluded at the hearing, any such hearing may be continued to a time and place within the proposed district named by the representative of the Department of Human Resources. (1927, c. 100, ss. 2-4; 1951, c. 178, s. 1; 1957, c. 1357, s. 1; 1959, c. 1189, s. 1; 1965, c. 135; 1967, c. 24, s. 21; 1973, c. 476, s. 128.)

Local Modification.—Guilford: 1973, c. 263.

Editor's Note.—

Prior to the 1965 amendment, the second sentence referred to resident freeholders only.

The 1967 amendment, originally effective Oct. 1, 1967, substituted "largest" for "majority" in the second sentence. Session Laws 1967, c. 1078, amends the 1967 amendatory act so as to make it effective July 1, 1967.

The 1973 amendment, effective July 1, 1973, substituted "Department of Human Resources" for "State Board of Health" and "Secretary of Human Resources" for "State Health Director."

§ 130-125. Declaration that district exists; status of industrial villages within boundaries of district.—If, after such hearing the Commission for Health Services and the county commissioners concerned shall deem it advisable to comply with the request of said petition, and determine that a district for the purpose or purposes therein stated should be created and established, and Commission for Health Services shall adopt a resolution to that effect, defining the boundaries of such district and declaring the territory within such boundaries to be a sanitary district; provided that the Commission for Health Services may make minor deviation, in defining the boundaries, from those prescribed in the petition when the Commission determines that it is advisable in the interest of the public health; provided further that any industrial plant and its contiguous village shall be included within or excluded from the areas embraced within such sanitary district as expressed in the application of the person, persons or corporation owning or controlling such industrial plant and its contiguous village, said application to be filed with the Commission for Health Services on or before the date of the public hearing as hereinbefore provided. Each district when created shall be identified by a name or number assigned by the Commission for Health Services. (1927, c. 100, s. 5; 1957, c. 1357, s. 1; 1973, c. 476, s. 128.)

Editor's Note.— The 1973 amendment, effective July 1, 1973, substituted "Commission for Health Services" for "State

Board of Health" in five places and "Commission" for "Board" in one place.

July 1, 1973, amends this section by substituting "Department of Human Resources" for "State Board of Health."

§ 130-128. Corporate powers.—When a sanitary district is organized as herein provided the sanitary district board selected under the provisions of this Article shall be a body politic and corporate and as such may sue and be sued in matters relating to such sanitary district. In addition, such board shall have the following powers:

- (1) To acquire, construct, maintain and operate a sewerage system, sewage disposal or treatment plant, water supply system, water purification or treatment plant and such other utilities as may be necessary for the preservation and promotion of the public health and sanitary welfare within the district, such utilities to be constructed, operated, and maintained in accordance with rules and regulations promulgated by the Commission for Health Services.
- (2) Repealed by Session Laws, 1971, c. 780, s. 29, effective July 1, 1973.

- (3) Repealed by Session Laws 1971, c. 780, s. 29, effective July 1, 1973.
- (4) To levy taxes on property having a situs in the district to carry out the powers and duties conferred and imposed on the district by law, and to pay the principal of and interest on bonds and notes of the district.
- (5) To acquire, either by purchase, condemnation or otherwise and hold real and personal property, easements, rights-of-way and water rights in the name of the district within or without the corporate limits of the district, necessary or convenient for the construction or maintenance of the works of the district.
- (6) To employ such engineers, counsel and other persons as may be necessary to carry into effect any projects undertaken and to fix the compensation of such persons.
- (7) To negotiate and enter into agreements with the owners of existing water supplies, sewerage systems or other such utilities as may be necessary to carry into effect the intent of this Article.
- (8) To formulate rules and regulations necessary for the proper functioning of the works of the district, but such rules and regulations shall not conflict with rules and regulations promulgated by the Commission for Health Services, or the local board of health having jurisdiction over the area.
- (9)
 - a. To contract with any person, firm, corporation, city, town, village or political subdivision of the State both within or without the corporate limits of the district to supply raw water without charge to said person, firm, corporation, city, town, village or political subdivision of the State in consideration of said person, firm, corporation, city, town, village or political subdivision permitting the contamination of its source of water supply by discharging sewage therein and to construct all improvements necessary or convenient to effect the delivery of said water at the expense of the district when in the opinion of the sanitary district board and the Commission for Health Services, it will be for the best interest of the district.
 - b. To contract with any person, firm, corporation, city, town, village or political subdivision of the State within or without the corporate limits of the district to supply raw or filtered water to said person, firm, corporation, city, town, village, or political subdivision of the State where the service is available: Provided, however, that for service supplied outside the corporate limits of the district, the sanitary district board may fix a different rate from that charged within the corporate limits but shall in no case be liable for damages for a failure to furnish a sufficient supply of water.
 - c. To contract with any person, firm, corporation, city, town, village or political subdivision of the State within or without the corporate limits of the district for the treatment of the district's sewage in a sewage disposal or treatment plant owned and constructed or to be constructed by such person, firm, corporation, city, town, village or political subdivision of the State and upon such terms and conditions as the governing body of such district and person, firm, corporation or the governing body of such city, town, village or political subdivision of the State shall agree upon.
- (10) After adoption of a plan as provided in G.S. 130-133, the sanitary district board, may, in its discretion, alter or modify such plan if, in the opinion of the Commission for Health Services, such alteration or modification does not constitute a material deviation from the objective of

such plan. The alteration or modification must be approved by the Commission for Health Services, and may provide among other things for the construction of a water line for the supply of any person, firm, corporation, city, town, village or political subdivision of the State either within or without the corporate limits of the district instead of a sewerage disposal line and other improvements, where such alteration or modification would permit the disposal of sewage at a point nearer the district either within or without the corporate limits, thereby contaminating the prevailing water supply of the person, firm, corporation, city, town, village or political subdivision of the State to whom the water is to be supplied and would effect a saving to the district, and the sanitary district board may appropriate or reappropriate money of the district for carrying out such plans as altered or modified.

- (11) Subject to the approval of the Commission for Health Services, to engage in and undertake the prevention and eradication of diseases transmissible by mosquitoes by instituting programs for the eradication of the mosquito.
- (12) To collect and dispose of garbage, waste, and other refuse by contract or otherwise.
- (13) To establish a fire department for the protection of life and property within the district, or to contract with cities, counties or other governmental units to furnish fire-fighting apparatus and personnel for use in the district.
- (14) The district, and in the event the district enters into a contract with any other governmental unit for the collection and disposal of garbage, waste or other refuse or for fire protection, as aforesaid, then, in that event, the district and such other governmental unit shall each have and enjoy all privileges and immunities that are now granted to other governmental units in exercising the governmental functions of collecting garbage, waste and other refuse, and furnishing fire protection.
- (15) To use the income of the district, and if necessary, to cause taxes to be levied and collected upon all the taxable property within the district sufficient to pay the costs of collecting and disposing of garbage, waste and other refuse, and to provide fire protection in said district, such taxes to be levied and collected at the same time and in the same manner as taxes for debt service as provided in G.S. 130-141.
- (16) Repealed by Session Laws 1971, c. 780, s. 29, effective July 1, 1973.
- (17) To make rules and regulations in the interest of and for the promotion and protection of the public health and the welfare of the people within the sanitary district, and for such purposes to possess the following powers:
 - a. To require any person, firm or corporation owning, occupying or controlling improved real property within the district to connect with either or both, the water or sewerage systems of the district when the local health director, having jurisdiction over the area in which the greater portion of the residents of the district reside, determines that the health of the people residing within the district will be endangered by a failure to connect.
 - b. To require any person, firm or corporation owning, occupying or controlling improved real property within the district where the water or sewerage systems of the district are not immediately available or it is impractical to connect therewith to install sanitary toilets, septic tanks and other health equipment or installations in accordance with the requirements of the Commission for Health Services.
 - c. To require any person, after notice and hearing, to abate any

nuisance detrimental or injurious to the public health of the district. The person being ordered to abate the nuisance may appeal such order to the local board of health as provided in G.S. 130-20.

 - e. Upon the noncompliance by any person, firm or corporation of any rule and regulation promulgated and enacted hereunder, the sanitary district board shall cause to be served upon the person, firm or corporation who fails to so comply a notice setting forth the rule and regulation and wherein the same is being violated, and such person, firm or corporation shall have a reasonable time, as determined by the local health director of the area within which the noncomplying person resides, from the service of such notice in which to comply with such rule and regulation.
 - f. Upon failure to comply with any rule and regulation of a sanitary district board within 30 days as directed in the notice provided for above, or within the time extended by the sanitary district board, such person, firm or corporation shall be guilty of a misdemeanor and fined or imprisoned in the discretion of the court.
 - g. The sanitary district board is authorized to enforce the rules and regulations enacted or promulgated hereunder by criminal action or civil action, including injunctive relief.
- (18) For the purpose of promoting the public health, safety, morals, and the general welfare of the State, the sanitary district boards of the various sanitary districts of the State are hereby empowered, within the areas of said districts and not under the control of the United States or the State of North Carolina or any agency or instrumentality thereof, to designate, make, establish and constitute as zoning units any portions of said sanitary districts in accordance with the manner, method and procedure as follows:
- a. No sanitary district board, under the provisions of this subsection, shall designate, make, establish and constitute any area in their respective sanitary districts a zoning area until a petition signed by two thirds of the qualified voters in said area as shown by the registration books used in the last general election, together with a petition signed by two thirds of the owners of the real property in said area as shown by the records in the office of the register of deeds for the county on the date said petition is filed with any sanitary district board, and a public hearing after 20 days' notice has been given. Such notice must be published in a newspaper of general circulation in said county at least two times, and a copy of said notice posted at the courthouse of said county and in three other public places in the sanitary district for 20 days before the date of the hearing. The petition must be accompanied by a map of any proposed zoning area.
 - b. When any portion of any sanitary district has been made, established and constituted a zoning area, as herein provided, the sanitary district boards as to any such zoning areas shall have, exercise and perform all of the rights, privileges, powers and duties granted to municipal corporations under Article 14, Chapter 160, of the General Statutes of North Carolina, as amended, provided, however, the sanitary district boards shall not be re-

quired to appoint any zoning commission or board of adjustment, and upon the failure to appoint either said sanitary district boards shall have, exercise and perform all the rights, privileges, powers and duties granted to said zoning commission and board of adjustment.

- c. The governing body of any city, town or sanitary district is hereby authorized to enter into agreements with any other city, town or sanitary district for the establishment of a joint zoning commission, and to cooperate fully with each other.
 - d. The sanitary district boards are hereby authorized to appropriate such amounts of money as they deem necessary to carry out the effective provisions of this subsection, and are authorized to enforce its rules and regulations in order to give effect to this subsection, and for such purposes to use the income of the district or cause taxes to be levied and collected upon the taxable property within the district to pay such costs.
 - e. None of the provisions of Chapter 176 of the Public Laws of North Carolina, Session 1931 (the proviso to G.S. 160-174), shall apply to any sanitary district.
 - f. This subdivision shall apply only to sanitary districts which adjoin and are contiguous to any incorporated town and are located within three miles or less of the boundaries of two other cities or towns.
- (19) To negotiate for and acquire any distribution system located outside the district when the water for such distribution system is furnished by the district pursuant to contract. If any such distribution system be acquired by a district it may continue the operation of such system even though it remains outside the district.
- (20) To accept gifts of real and personal property for the purpose of operating a nonprofit cemetery; to own, operate, and maintain cemeteries with the property so donated; and to establish perpetual care funds for such cemeteries in the manner provided by G.S. 160-258 through 160-260 of the General Statutes.
- (21) Repealed by Session Laws 1971, c. 780, s. 29, effective July 1, 1973. Consideration of reports and adoption of a plan.—The report or reports filed by the engineers pursuant to G.S. 130-132 shall be given careful consideration by the sanitary district board, and said board shall adopt a plan, but before adopting such plan said board may, in its discretion, hold a public hearing, giving due notice of the time and place thereof, for the purpose of considering objections to such plan. The plan adopted as aforesaid shall be submitted by the sanitary district board to the Commission for Health Services and shall not become effective unless and until it is approved by the Commission for Health Services.

The provisions of this section and of G.S. 130-132 above shall apply when it shall have been determined by the sanitary district board that consummation of the plan is predicated upon the issuance of bonds of the district, except that such provisions shall not apply to a proposed purchase of fire-fighting equipment and apparatus. Failure to observe or comply with said provisions shall not, however, affect the validity of any bonds of a sanitary district which may be hereafter issued pursuant to this Article. § 130-141. **Annual budget; tax levy.** — (a) Each sanitary district shall operate under an annual balanced budget adopted in accordance with the Local Government Budget and Fiscal Control Act.

(b) Each sanitary district has the option of either collecting its own taxes or having its taxes collected by the county or counties in which it is located. Unless a district takes affirmative action to collect its own taxes, its taxes shall be collected by the county. Subsection (c) of this section applies to districts whose taxes are collected by the county; subsection (d) applies to districts that collect their own taxes.

(c) Before May 1 of each year, the tax supervisor of each county in which the district is located shall certify to the district board the total assessed value of property in the county subject to taxation by the district, and the county's assessment ratio. Upon adopting its annual budget ordinance, but not later than July 1, the district board shall certify to the board of county commissioners of each county the rate of ad valorem tax levied by the district on property in that county. If the assessment ratios are not identical in all counties in which the district is located, the district budget ordinance shall levy separate rates of ad valorem taxes for each county. These rates shall be adjusted so that the effective rate is the same for all property located in the district. The "effective rate" is that rate of tax which will produce the same tax liability on property of equal appraised value. Upon receiving the district's certification of its tax levy, the county commissioners shall cause the district tax to be computed for each taxpayer and shall include the district tax, separately stated, on the county tax receipts for the fiscal year. The county shall collect the district tax in the same manner that county taxes are collected, and shall remit these collections to the district at least monthly. Partial payments shall be proportionately divided between the county and the district. The district budget ordinance may include an appropriation to the county for the cost to the county of computing, billing, and collecting the district tax. The amount of the appropriation shall be agreed upon by the county and the district, but may not exceed five percent (5%) of the district levy. Any such agreement shall stand from year to year until modified by mutual agreement. The amount due the county for collecting the district tax may be deducted by the county from its monthly remittances to the district, or may be paid to the county by the district.

(d) Sanitary districts electing to collect their own taxes shall be deemed cities for the purposes of the Machinery Act. If such a district is located in more than one county, the district governing board may adopt the assessments placed upon property located in the district by the counties in which the district is located if, in the opinion of the governing board, the same appraisal and assessment standards will thereby apply uniformly throughout the municipality. If the governing board determines that adoption of the assessments fixed by the counties will not result in uniform appraisals and assessments throughout the district, the governing board may, by horizontal adjustments, equalize the appraisal values fixed by

the counties and then, in accordance with the procedure prescribed in the Machinery Act, select and adopt an assessment ratio to be applied to the appraised values of property subject to district taxation as equalized by the governing board. Taxes levied by the district shall be levied uniformly on the assessments so determined. (1927, c. 100, s. 17; 1935, c. 287, ss. 3, 4; 1949, c. 880, s. 1; 1951, c. 17, s. 1; 1957, c. 1357, s. 1; 1959, c. 994; 1963, c. 1226; 1965, c. 496, s. 3; 1971, c. 780, s. 29.)

Editor's Note.—

The 1965 amendment inserted, in the second sentence of the first paragraph, "and, to the extent not otherwise provided for the interest on and the principal of all outstanding bond anticipation notes."

The amendment also inserted "bond anticipation notes" in the first sentence of the third paragraph and "bond anticipation notes not otherwise provided for" in the second sentence of the third paragraph.

The 1971 amendment, effective July 1, 1973, rewrote this section.

§ 130-144. **Service charges and rates.**—A sanitary district board shall immediately upon the placing into service of any of its works apply service charges and rates which shall, as nearly as practicable, be based upon the exact benefits derived. Such service charges and rates shall be sufficient to provide funds for the proper maintenance, adequate depreciation, and operation of the work of the district, and provided said service charges and rates would not thereby be made unreasonable, to include in said service charges and rates an amount sufficient to pay the principal and interest maturing on the outstanding bonds and, to the extent not otherwise provided for, bond anticipation notes of the district and thereby make the project self-liquidating. Any surplus from operating revenues shall be set aside as a separate fund to be applied to the payment of interest on bonds or on bond anticipation notes or to the retirement of bonds or bond anticipation notes or for any one or more of said purposes. As the necessity arises the sanitary district board may modify and adjust such service charges and rates from time to time. (1927, c. 100, s. 20; 1933, c. 8, s. 5; 1957, c. 1357, s. 1; 1965, c. 496, s. 4.)

Editor's Note. — The 1965 amendment inserted "and, to the extent not otherwise provided for, bond anticipation notes" in the second sentence and "or on bond anticipation notes or" in the third sentence.

It also substituted "or bond anticipation notes or for any one or more of said purposes" for "or both" at the end of the third sentence.

§ 130-144.1. **Liens for sewer service charges in sanitary districts not operating water distribution system; collection of charges; disconnection of sewer lines.** — In sanitary districts which maintain and operate a sewerage system but do not maintain and operate a water distribution system, the charges made for sewer service or for use of sewer service facilities shall be a lien upon the property served, and if such charges shall not be paid within fifteen days after they become due and payable, suit may be brought therefor in the name of the sanitary district in the county in which the property served is located, or the property, subject to the lien thereof, may be sold by the sanitary district under the same rules and regulations, rights of redemption and savings, as are now or may hereafter be prescribed by law for the sale of land for unpaid ad valorem taxes. Such sanitary districts shall have the right to establish reasonable rules and regulations for the use of said sewerage works and the collection of charges therefor, and said sanitary districts, through their officers or agents, are hereby authorized

and empowered, in accordance with such reasonable regulations, to enter upon the premises of any person, firm or corporation using said sewerage works and failing to pay the charges therefor, and to disconnect the sewer line of such person, firm or corporation from the public sewer line or disposal plant; and any person, firm or corporation who shall connect with such public sewer line or disposal plant or reconnect his or their property therewith, without a permit from the officer authorized to give the same, shall be guilty of a misdemeanor. (1965, c. 920, s. 1.)

Local Modification. — Burke, Chowan, Forsyth, Gaston and Onslow: 1965, c. 920, s. 1½.

§ 130-148. Procedure for extension of district.—(a) If, after any sanitary district shall have been created pursuant to the provisions of this Article or the provisions of this Article shall have been made applicable to any sanitary district, a petition signed by not less than fifteen per centum (15%) of the freeholders resident within any territory contiguous to and adjoining any such sanitary district shall be presented to the sanitary district board of such sanitary district praying that the territory described therein be annexed to and included within such sanitary district, the sanitary district board shall certify a copy thereof to the board of commissioners of the county in which such sanitary district is located and to the North Carolina Commission for Health Services, and said sanitary district board, through its chairman, shall request that a representative of the Commission for Health Services hold a joint public hearing with the sanitary district board on the question of such annexation. The chairman of the Commission for Health Services and the chairman of the sanitary district board shall name a time and place at which such public hearing shall be held. The chairman of said sanitary district board shall publish a notice of such public hearing once in a newspaper or newspapers published or circulating in the territory proposed to be annexed and in such sanitary district stating that a public hearing concerning such annexation will be held jointly by the Commission for Health Services and the sanitary district board on a date not less than 15 days after the publication of such notice. If, after the holding of such public hearing, the Commission for Health Services shall approve the annexation of the territory described in said petition, the Department of Human Resources shall advise said board of commissioners of such approval and, upon its receipt of such advice, the board of commissioners shall order and provide for the holding of a special election within the territory proposed to be annexed upon the question of such annexation.

If at or prior to such public hearing there shall be filed with the sanitary district board a petition signed by not less than fifteen per centum (15%) of the freeholders residing in the sanitary district requesting an election to be held therein on the question of such annexation, the sanitary district board shall certify a copy of such petition to the board of commissioners and the board of commissioners shall order and provide for the submission of such question to the qualified voters within the sanitary district. Any such election may be held on the same day as the election in the territory proposed to be annexed, and both such elections and the registration therefor may be held pursuant to a single notice.

The date or dates of any such election or elections, the election officers, the polling places and the election precincts shall be determined by the board of commissioners who shall also provide any necessary registration and polling books, and the expenses of holding any such elections shall be paid from the funds of the sanitary district.

Notice of any such election shall be given by publication once a week for three successive weeks, the first publication to be at least 30 days before any such election, in a newspaper published or circulating in the territory to be annexed and, if an election is to be held in the sanitary district, in a newspaper published or circulating in said sanitary district. The notice shall state

- (1) The boundary lines of the territory proposed to be annexed to the sanitary district,
- (2) The boundary lines of the sanitary district after the annexation of such additional territory, and
- (3) That if a majority of the qualified voters voting at said election in the territory to be annexed and, if an election is being held in the sanitary district, a majority of the qualified voters voting at said election in such sanitary district, shall vote in favor of such annexation, the territory so annexed to such sanitary district shall be subject to all debts of such sanitary district.

A new registration of the qualified voters in the territory to be annexed shall be ordered by the board of commissioners and, if an election is to be held in the sanitary district and such election is the first election held in said sanitary district after its organization, a new registration of the qualified voters of said sanitary district shall be ordered. If an election has already been held in said sanitary district, a supplemental registration of all qualified voters not theretofore registered may, at the discretion of the board of commissioners, be ordered and held in accordance with the provisions for registration as herein set forth. Notice of any such registration shall be given by the board of commissioners by publication once at least 30 days before the close of the registration books and such notice of registration may be considered one of the three notices required of the election. The time and manner of any such registration shall, as near as may be, conform with that of the registration of voters provided in G.S. 163-31. The notice of any such registration shall state the days on which the books will be open for the registration of voters and the place or places at which they will be open on Saturdays. The books for any such registration shall close on the second Saturday before the election. The Saturday before the election shall be challenge day and, except as otherwise provided in this Article, any such election shall be held in accordance with the law governing general elections.

A ballot shall be furnished to each qualified voter in any such election, which ballot may contain the words "For Annexation to Sanitary District" and the words "Against Annexation to Sanitary District," with squares opposite said affirmative and negative forms of the question of annexation submitted to the voters, in one of which squares the voter may make a cross (X) mark, but this form of ballot is not prescribed.

If a majority of the qualified voters voting at said election in the territory to be annexed and, if an election has been held in the sanitary district, a majority of the qualified voters voting at said election in such sanitary district, shall vote in favor of the annexation of such territory to such sanitary district, the sanitary district shall be deemed to be enlarged from and after the date of the declaration of the result of the election or elections by the sanitary district board and the territory so annexed to the sanitary district shall be subject to all debts of such sanitary district.

The returns of any such election shall be canvassed by the board of commissioners and certified to the sanitary district board which shall declare the result thereof.

A statement of the result of any such election shall be prepared and signed by a majority of the members of the sanitary district board, which statement shall show the date of any such election, the number of qualified voters within the territory to be annexed who voted for and against the annexation and, if an election has been held within the sanitary district, the number of qualified voters within said sanitary district who voted for and against the annexation. If a majority of the qualified voters voting at the election in the territory to be annexed and, if an election has been held in the sanitary district, a majority of the qualified voters voting at the election in the sanitary district shall vote in favor of the annexation, the statement of result shall so declare the result of the election and state that such territory is from the date of such declaration a part of such sanitary district and subject to all debts thereof. Such statement shall be published once. No right of action or defense founded upon the invalidity of any such election shall be asserted, nor shall

the validity of any such election be open to question in any court upon any ground whatever, except in an action or proceeding commenced within 30 days after the publication of such statement.

If a sanitary district is located in more than one county, or if a sanitary district and all or any part of the territory proposed to be annexed is located in more than one county, or if the territory proposed to be annexed is located in more than one county, any petitions to be filed with, or requests to be made to, or actions or proceedings to be taken by the board of commissioners under the provisions of this section, shall be filed with, made to, or taken severally by the board of commissioners of each county in which any part of the sanitary district or of the territory to be annexed is located.

In any case where additional territory shall have been annexed to a sanitary district and the proposition of issuing bonds of the sanitary district after such annexation shall not be approved by the qualified voters at an election held within one year subsequent to such annexation fifty-one per cent (51%) or more of the resident freeholders within the territory so annexed may petition the sanitary district board for the removal and exclusion of such territory from the sanitary district, provided, however, that no such petition may be filed after bonds of the sanitary district shall have been approved in an election held at any time after such annexation. If the sanitary district board shall approve such petition it shall certify a copy thereof to the Department of Human Resources requesting that the petition be granted and shall certify additional copies to the board or boards of commissioners of the county or counties in which all or any part of the sanitary district is located. If, after a public hearing, conducted under the same procedure as provided herein for the annexation of additional territory, the Commission for Health Services shall deem it advisable to comply with the request of such petition, said Commission shall adopt a resolution to that effect and shall redefine the boundaries of the sanitary district, which shall be the boundaries of the sanitary district as it existed before the annexation of such additional territory.

(1973, c. 476, s. 128.)

Editor's Note.—

The 1973 amendment, effective July 1, 1973, substituted "Commission for Health Services" for "State Board of Health" in four places in the first paragraph and in one place in the last paragraph of subsection (a), substituted "chairman of the Commission for Health Services" for "State Health Director" in the second sentence and "Department of Human Resources" for "State Board of Health" in the fourth sentence of the first paragraph of subsection (a), and substituted "Depart-

ment of Human Resources" for "State Board of Health" in the second sentence and "Commission" for "Board" in the third sentence of the last paragraph of subsection (a).

As subsections (b) and (c) were not changed by the amendment, they are not set out.

The reference in this section to § 163-31 is to that section in Chapter 163 before its revision in 1967. For present provisions as to registration of voters, see §§163-65 to 163-78.

§ 130-149. District and municipality extending boundaries and corporate limits simultaneously.—Whenever the boundaries of a sanitary district lie wholly within or are coterminous with the corporate limits of a city or town and such sanitary district provides the only public water supply and sewage disposal system for such city or town, the boundaries of such sanitary district and the corporate limits of such city or town may, if and when extended, be extended simultaneously in the following manner;

Twenty-five percent (25%) or more of the resident freeholders within the territory proposed to be annexed to the sanitary district and to the city or town may petition the sanitary district board and the governing board of the city or town setting forth the boundaries of the area proposed to be annexed and the objects it is proposed to accomplish, which petition may also include any area already within the corporate limits of the city or town but not already within the boundaries of the sanitary district. Upon receipt of such petition the sanitary district board

and the governing board of the city or town shall meet jointly, and before passing upon the petition shall hold a public hearing upon the same and shall give prior notice of such hearing by posting a notice at the courthouse door of their county and also by publishing a notice at least once a week for four successive weeks in a newspaper published in said county. If at or after the public hearing the sanitary district board and the governing board of the city or town, acting jointly and with the approval of the Commission for Health Services, shall each approve the petition, then the question shall be submitted to a vote of all the qualified voters in the area or areas proposed to be annexed and in the sanitary district and in the city or town, voting as a whole. Such election to be held on date approved by the sanitary district board and by the governing board of the city or town.

At such election the qualified voters who present themselves to the election officials at the respective voting places shall be furnished with ballots upon which shall be written or printed the words "For Extension" and "Against Extension," and if at such election a majority of all the votes cast be "For Extension," then from and after the date of the declaration of the result of such election the territory and its citizens and property shall be subject to all debts, ordinances, and regulations in force in said sanitary district and in said city or town, and shall be entitled to the same privileges and benefits as other parts of said sanitary district and said city or town. The newly annexed territory shall be subject to the sanitary district and the city or town taxes levied for the fiscal year following the date of such annexation.

If at such election a majority of all the votes cast be "Against Extension" then there shall be no extension of either the boundaries of the sanitary district or the corporate limits of the city or town.

The costs of holding and conducting such election for annexation, as herein provided, shall be paid one half by the sanitary district and one half by the city or town.

Except as herein otherwise provided, when ordered by the sanitary district board and the governing board of the city or town acting jointly, the board of elections of the county in which the sanitary district and the city or town are located, shall call, hold, conduct and determine the result of such election, according to the provisions of G.S. 160-448 of the General Statutes.

In any cases where the boundaries of a sanitary district and the corporate limits of a city or town are extended as herein provided, and the proposition of issuing bonds of the sanitary district as enlarged, in order to provide adequate facilities for the annexed area or areas, as may be determined by the sanitary district board, shall not be approved by the voters at an election held within one year subsequent to such extension, the territory so annexed may be disconnected and excluded from such sanitary district in the manner provided by G.S. 130-148; and if the territory so annexed is disconnected and excluded from such sanitary district it shall automatically and without any further procedure or action of any kind whatsoever be disconnected and excluded from such city or town, provided, however, if the petition also includes areas within the present corporate limits of the city or town but not within the present boundaries of the sanitary district, such areas already within the corporate limits of the city or town shall not be disconnected or excluded from such city or town under the provisions of this section.

The powers granted by this section shall be supplemental and additional to powers conferred by any other law and shall not be regarded as in derogation to any powers now existing. (1953, c. 977; 1957, c. 1357, s. 1; 1973, c. 476, s. 128.)

Editor's Note. — The 1973 amendment, effective July 1, 1973, substituted "Commission for Health Services" for "State Board of Health" in the second paragraph.

§ 130-150. Procedure for withdrawing from district.—In any sanitary district created under the provisions of this Article which has no outstanding indebtedness, fifty-one percent (51%) or more of the resident freeholders of a portion of any such sanitary district, with the approval of the sanitary district board,

may petition the county commissioners of the county in which a major portion of the petitioners reside, that said portion of the district be disconnected and excluded from the said district and dissolved. If the board of county commissioners approves the petition, they shall submit to the residents of the entire district, at an election duly called for that purpose, the question of whether or not the portion of the district petitioning to be excluded shall be excluded. If a majority of those voting at said election vote to allow the petitioning portion of the district to be excluded, the county commissioners shall transmit that fact to the Commission for Health Services who shall exclude said portion of the district, dissolve said portion, and redefine the limits accordingly. in which the petition for dissolution is filed after the date of ratification of this act, and also to the dissolution of sanitary districts under § 130-151 of the General Statutes of North Carolina in which the petition for dissolution was filed and the joint public hearing held prior to the date of ratification of act if the said petition set forth that the assets of a district being dissolved were to be conveyed to a public utility company operating or to be operated under a certificate of public con-

venience and necessity granted by the North Carolina Utilities Commission." The act was ratified Feb. 28, 1967.

The 1973 amendment, effective July 1, 1973, substituted "Department of Human Resources" for "State Board of Health" near the beginning of the second sentence, substituted "Commission for Health Ser-

In the event that all matters pertaining to the dissolution of the sanitary district cannot be concluded at the hearing, any such hearing may be continued to a time and place determined by the representative of the Commission for Health Services. If, after such hearing, the Commission for Health Services, the board or boards of commissioners of the county or counties concerned and the governing body of such city or town shall deem it advisable to comply with the request of said petition, the Commission for Health Services shall adopt a resolution to that effect, whereupon the district shall be deemed dissolved and all taxes levied by such sanitary district which were levied prior to but which are collected after such dissolution shall vest in and inure to such city or town and all property, real, personal and mixed, of whatsoever character or description, or wheresoever situate, held, owned, controlled or used by such sanitary district upon such dissolution or which may thereafter be vested in such sanitary district, and any and all judgments, liens, rights of liens and causes of action of any and all kinds in favor of such sanitary district shall vest in and remain and inure to such city or town. Systems of water supply; plans submitted.—The Department of Human Resources shall from time to time consult with and advise the boards of all State institutions, the authorities of cities and towns, and persons already having or intending to introduce systems of water supply, or intending to make major alterations to existing systems of water supply as to the most appropriate source of water supply and the best practical method of assuring the purity thereof, having regard to the present and prospective needs and interests of other cities, towns, and persons which may be affected thereby. All such boards of directors, authorities, and persons are hereby required to give notice to the Department of Human Resources of their intentions to introduce or alter a system of water supply, and to submit to the Department such plans, surveys, and other information as may be required by rules and regulations promulgated by the Commission for Health Services. The second 1973 amendatory act also directed that "Commission for Health Services" or "Department of Human Resources" be substituted for "Board of Health" in the former fifth sentence, which was eliminated by the first 1973 amendment.

Session Laws 1973, c. 471, s. 3, contains a severability clause.

§ 130-161.1. Public water supply systems; requirements.—(a) The Legislative Research Commission was directed by Senate Resolution 875 of the 1969 General Assembly to study and report to the 1971 General Assembly on the need for legislation "concerning local and regional water supplies (including sources of water, and organization and administration of water systems)." Pursuant to said resolution a report was prepared and adopted by the Legislative Research Commission in 1970 concerning local and regional water supplies. In this report the Legislative Research Commission made the following findings concerning problems arising from the rapid growth in the number of small public water supply systems, of which the General Assembly hereby takes cognizance:

- (1) In recent years small privately owned public water supplies have been increasing rapidly, at a rate in excess of 20 new supplies per month. As of June 1, 1970, there were 1782 public water supplies of record in North Carolina, of which over eighty percent (80%) served less than 1,000 persons each. The rapid increase in small water supplies is making it exceedingly difficult for State regulating agencies to maintain proper surveillance over service, and over the quality and safety of the water provided.
- (2) Small public supply systems are generally inferior to systems serving

larger communities as regards adequacy of source, facilities and quality. Few provide treatment, and some can be considered as potentially hazardous. Most are installed primarily for domestic use without thought of adequate fire protection or further extension into surrounding areas. Small systems cannot be easily expanded to meet the demands of population growth, nor can they be interconnected with expanding municipal, county, or regional systems. Lack of ample source and storage facilities make small supplies particularly vulnerable to drought. Ownership of many small systems is in the hands of real estate developers, whose interest terminates with the sale of lots served by the system. Thus, no assured responsibility exists for continued operation, service, and maintenance.

- (3) The proliferation of small public water supplies poses a growing threat of inadequate, unreliable, and potentially hazardous water service to areas not served by large municipal or county systems. Better coordination and management of water supply systems in North Carolina is essential to protect the public health and in the public interest.

(b) In order to enable the Department of Human Resources to coordinate and strengthen public water supply systems in the public interest, and to insure that all public water supplies are adequate and safe for drinking and domestic purposes, the Department of Human Resources is hereby authorized:

- (1) To adopt standards and criteria for the design and construction of public water supply systems constructed or modified on or after January 1, 1972, including but not limited to; waterworks facilities, appurtenances and pipe size of distribution lines; provided, however, this provision shall not limit the authority of the Utilities Commission under Chapter 62 of the General Statutes, or of the Commission for Health Services under Chapter 130 of the General Statutes, to require, when found necessary, improvements to public water supply systems in order to provide adequate and safe service.
- (2) To require disinfection by a method approved by the Commission for Health Services of all public water supplies introduced on or after January 1, 1972, and of all existing public water supplies whenever the number of water samples from a public water supply system examined by the Department of Human Resources is found to exceed the limits for coliform bacteria established in the drinking water standards of the U.S. Public Health Service, or when conditions are found to exist which make the continued use of the water potentially hazardous to health.
- (3) To require that all proposed public water supply systems be designed in such manner as will permit the provision of an adequate, reliable and safe supply of water to all service areas anticipated or projected by the owner, owners or developer of the system, and as will further permit interconnection of the system, at an appropriate time, with an expanding municipal, county or regional system.
- (4) To require that detailed plans and specifications for all public water supply systems be prepared by an engineer licensed to practice in the State of North Carolina, and approved by the Commission for Health Services prior to construction of any part of the proposed system, or prior to the award of a contract (if any) for construction of any part of the proposed system, whichever may be sooner.
- (5) To require developers or owners of proposed privately owned public water supplies to submit with their plans such evidence as may be required by the Commission for Health Services concerning arrangements made for continued operation, service and maintenance of the proposed water supply system.

(c) All public water supply systems for which plans must be approved by the Commission for Health Services, and all plans for such systems to be hereafter introduced or altered, shall comply with applicable requirements and standards adopted pursuant to this section.

(d) This section shall be construed as providing supplemental authority in addition to the powers of the Commission for Health Services under G.S. 130-161 and any other provisions of this Chapter, and in addition to the powers of the North Carolina Utilities Commission under General Statutes Chapter 62 concerning water supply systems, and in addition to the powers of the North Carolina Board of Water and Air Resources under General Statutes Chapters 87 and 143.

(e) As used in this section, the terms "public water supply system" and "public water supply" mean a "public water supply system" as defined in G.S. 130-31. (1971, c. 343, s. 1; 1973, c. 476, s. 128.)

Editor's Note.—Session Laws 1971, c. 343, s. 4, makes the act effective Jan. 1, 1972.

Session Laws 1971, c. 343, s. 2, is a severability clause.

Session Laws 1971, c. 343, s. 3, provides: "Subject to the provisions of G.S. 130-161-1(d) as added by this act, all laws and clauses of laws in conflict with this act are hereby repealed, provided, however, that all provisions of law affecting in any manner the regulation in the public interest of the rates or services of any public water or sewer utility as defined in Chapter 62 of

the North Carolina General Statutes which is subject to the jurisdiction of the Utilities Commission shall remain in full force and effect."

The 1973 amendment, effective July 1, 1973, substituted "Department of Human Resources" for "State Board of Health" in two places in the introductory paragraph and in subdivision (2) of subsection (b), and substituted "Commission for Health Services" for "State Board of Health" in subdivisions (1), (2), (4) and (5) of subsection (b) and in subsections (c) and (d).

lina's eminent domain laws, see 45 N.C.L. Rev. 587 (1967).

§ 130-163. Sanitation of watersheds; rules.—The Commission for Health Services is hereby authorized, empowered and directed to adopt rules and regulations governing the sanitation of watersheds from which public domestic or drinking water supplies are obtained. In promulgating such regulations the Commission is authorized to consider the different classes of watersheds, taking into account general topography, nature of watershed development, density of population, need for frequency of sampling of raw water, and particular needs for public health protection. The regulations shall govern the keeping of livestock, operation of recreational areas, maintenance of residences and places of business, disposal of sewage, establishment of cemeteries or burying grounds, and any other factors which would endanger the public water supply, provided, that regulations concerning the disposal of sewage shall not conflict with G.S. 130-161.

Any municipality or person furnishing water for domestic uses and human consumption, which secures its water from unfiltered surface supplies, shall have inspections made of the watershed area at least quarterly, and more often when, in the opinion of the Department of Human Resources, such inspections are necessary. first paragraph and substituted "Department of Human Resources" for "State Board of Health" in the second paragraph.

Solid Waste Disposal.

§ 130-166.16. **Definitions.**—The following definitions shall apply in the enforcement and interpretation of this article:

- (1) "Garbage"—all putrescible wastes, including animal and vegetable matter, animal offal and carcasses, and recognizable industrial by-products, but excluding sewage and human wastes.
- (2) "Refuse"—all nonputrescible wastes.
- (3) "Solid waste"—garbage, refuse, rubbish, trash, and other discarded solid materials, including solid waste materials resulting from industrial, commercial, and agricultural operations, and from community activities, but does not include solids or dissolved materials in domestic sewage or other significant pollutants in water resources, such as silt, dissolved or suspended solids in industrial waste water effluents, dissolved materials in irrigation return flows or other common water pollutants.
- (4) "Solid waste disposal"—the collection, storage, treatment, utilization, processing, or final disposal of solid waste.
- (5) "Solid waste disposal facility"—land, personnel, equipment or other resources used in the disposal of solid wastes.
- (6) "Solid waste disposal site"—any place at which solid wastes are disposed of by incineration, sanitary landfill or any other methods. (1969, c. 899.)

"Garbage" Distinguished from "Trash" and "Rubbish". — This section clearly shows that the legislature distinguished "garbage" from "trash" and "rubbish." *Lafayette Transp. Serv., Inc. v. County of Robeson*, 283 N.C. 494, 196 S.E.2d 770 (1973).

Definitions Properly Adopted in Construing Authority Conferred by § 153-272. —In construing the authority conferred upon counties by § 153-272 to grant an exclusive franchise to collect and dispose of "garbage," the trial court did not err in

adopting the definitions of "garbage," "refuse" and "solid waste" contained in subdivisions (1), (2) and (3), respectively. *Porter v. Suburban San. Serv., Inc.*, 283 N.C. 479, 196 S.E.2d 760 (1973).

While the definitions in subdivisions (1) through (3), as such, apply only to the defined terms as used in the act of which they are a part, this section is also a part of the context in which § 153-272 appears. *Lafayette Transp. Serv., Inc. v. County of Robeson*, 283 N.C. 494, 196 S.E.2d 770 (1973).

§ 130-166.17. **Solid waste unit in Department of Human Resources.** —For the purpose of promoting and preserving an environment that is conducive to public health and welfare, and preventing the creating of nuisances, the Department of Human Resources shall maintain an appropriate administrative unit to promote sanitary disposal of solid waste and the Department shall employ and retain such qualified personnel as may be necessary. (1969, c. 899; 1973, c. 476, s. 128.)

Editor's Note. — The 1973 amendment, effective July 1, 1973, substituted "Department of Human Resources" for "State Board of Health" and "Department" for "Board."

§ 130-166.18. **Solid waste disposal program.**—The Department of Human Resources is authorized and directed to engage in research, conduct investigations and surveys, make inspections, and establish a statewide solid waste disposal program. In establishing a program, the Department shall have authority to:

- (1) Develop a comprehensive program for implementation of safe and sanitary practices for disposal of solid waste throughout the State; and
- (2) Advise, consult, cooperate, and contract with other agencies and units of State and local governments, the federal government, and industries

and individuals in the formulation and carrying out of a solid waste disposal program.

The Commission shall have authority to provide standards for the establishment, location, operation, maintenance, use and discontinuance of solid waste disposal sites and facilities. Such standards shall be designed to accomplish the maintenance of safe and sanitary conditions in and around solid waste disposal sites and facilities, and shall be based on recognized public health practices and procedures, sanitary engineering research and studies, and current technological development in equipment and methods. Such standards shall not apply to the disposal of solid waste accumulated by an individual or individual family or household unit and disposed of on his own property. (1969, c. 899; 1973, c. 476, s. 128.)

(1969, c. 899; 1973, c. 476, s. 128.)

Editor's Note. — The 1973 amendment, effective July 1, 1973, substituted "Department of Human Resources" for "State Board of Health."

§ 130-166.21. The register of deeds shall record the copy of the order of approval and index it in the grantor index under the name of the owner or owners of the landfill site.

When the Department transmits its order of approval to the successful applicant, it shall cause a certified copy of its order to be included with the original order, which copy shall be the copy filed in the register of deeds' office by the applicant. The Secretary of Human Resources or his duly authorized representative shall certify the copy of the order of approval, and this certificate need not be acknowledged nor probated. Ground Absorption Sewage Disposal System Act of 1973.

§ 130-166.22. **Short title.**—This Article shall be known and may be cited as the “Ground Absorption Sewage Disposal System Act of 1973.” (1973, c. 452, s. 2.)

Editor’s Note.—Session Laws 1973, c. 452, s. 14, contains 452, s. 15, makes the act effective Oct. 1, 1973. a severability clause.

§ 130-166.23. **Preamble.**—The General Assembly finds and declares that continued installation, at a rapidly and constantly accelerating rate, of septic tanks and other types of ground absorption sewage disposal systems in a faulty or improper manner and in areas where unsuitable soil and population density adversely affect the efficiency and functioning of these systems has a detrimental effect on the public health through contamination of the ground water supply. Recognizing, however, that ground absorption sewage disposal can be rendered ecologically safe and the public health protected if such methods of sewage disposal are properly regulated and recognizing that ground absorption sewage disposal will continue to be necessary for the adequate and economical housing of an expanding population, the General Assembly intends hereby to insure the regulation of ground absorption sewage disposal systems so that such systems may continue to be used, where appropriate, without jeopardizing the public health. (1973, c. 452, s. 3.)

§ 130-166.24. **Definitions.**—As used herein, unless the context otherwise requires:

(b) The local health department shall issue an improvements permit authorizing work to proceed and the use of a septic tank or other ground absorption disposal system when it has determined, after a field investigation of the area, including such factors as character and porosity of soil, percolation rate, topography,

depth to water table and rock or other impervious formations and location or proposed location of any water supply wells, that such a system can be installed at the site in compliance with the rules and regulations of the local board of health governing such installations; provided, however, that no septic tank system which is attempted to be installed shall be covered with the soil until the local health department determines that the system as installed is in compliance with the rules and regulations governing such installations; provided further, that this Article does not limit or interfere with the authority of the Department of Human Resources to adopt and enforce reasonable rules and regulations under authority of G.S. 130-160. (1973, c. 452, s. 5; c. 476, s. 128.)

Upon determining that a ground absorption sewage disposal system is properly installed, the local health department shall issue a certificate of completion authorizing a mobile home to be occupied following its location or relocation. The board shall give the appellant not less than five days' notice of the date, time, and place of the hearing. Any party may appear in person or by agent or attorney. In considering appeals, the board shall have authority only to determine whether a ground absorption system can be installed in compliance with its rules and regulations or whether the work done so complies.

No person denied an improvements permit or certificate of completion shall pro-

ceed with any work or improvement activity whatsoever or shall occupy any dwelling or reside in any mobile home unless and until the department issues the necessary permit. (1973, c. 452, s. 9.)

Editor's Note.—

The 1965 amendment effective Jan. 1, 1966, deleted "quilt" following "spring" in the second paragraph, deleted "in the man-

ufacture of another article or used" preceding "for any other purpose" in the ninth paragraph and rewrote the tenth paragraph.

§ 130-172. Sanitizing.—No person shall renovate any mattress without first sanitizing it in accordance with rules and regulations adopted by the Commission for Health Services.

Any sanitizing apparatus or process used under this Article must conform to rules and regulations adopted by the Commission for Health Services, and shall be inspected and approved by a representative of the Department of Human Resources according to the rules and regulations of the Commission for Health Services. If, in the opinion of such representatives, the apparatus or process does not meet the standards established by said rules and regulations, such apparatus or process may be condemned by the representative of the Department of Human Resources, in which event such apparatus or process shall not be used for sanitizing any bedding or material required to be sanitized under this Article until the defects have been remedied and the apparatus or process complies with the rules and regulations of the Commission for Health Services.

Any person sanitizing bedding must attach to said bedding a yellow tag containing such information as the Department of Human Resources may require, and affix thereto the adhesive stamp prescribed by G.S. 130-177.

Any person sanitizing material or bedding for another person shall keep a complete record of the kind of material and bedding so sanitized, such record to be open to inspection by any representative of the Department of Human Resources.

Any person who receives bedding for renovation or storage shall keep attached thereto, from the time received, a tag on which is legibly written the date of receipt and the name and address of the owner. (1937, c. 298, s. 2; 1957, c. 1357, s. 1; 1973, c. 476, s. 128.)

Editor's Note.—

The 1973 amendment, effective July 1, 1973, substituted "Commission for Health

Services" and "Department of Human Resources" for "State Board of Health" throughout the section.

§ 130-173. Manufacture regulated.—No person shall manufacture in this State any bedding containing previously used materials without first sanitizing the previously used materials in accordance with rules and regulations adopted by the Commission for Health Services.

No manufacturing establishment shall store any unsanitized previously used materials in the same room with bedding or materials that are new or have been sanitized unless the new or sanitized bedding or materials are completely segregated from the unsanitized materials in a manner approved by regulations of the Commission for Health Services.

All materials used in the manufacture of bedding in this State or to be sold in this State shall be free of toxic materials and shall be reasonably clean and free from other trash, oil, grease, or other extraneous matter. No material known as "sweeps" or "oily sweeps" may be used unless washed by a process approved by the Secretary of Human Resources.

No person shall manufacture any bedding to which is not securely sewed a tag of durable material approved by the Department of Human Resources, which tag shall be at least two inches by three inches in size, and to which is affixed the adhesive stamp provided for in G.S. 130-177. Such stamp shall be so affixed as not to interfere with the wording on the tag.

Upon said tag shall be plainly stamped or printed with ink in English:

- (1) The name and kind of material or materials used to fill such bedding listed in the order of their predominance;
- (2) A registration number designated by the Secretary of Human Resources;
- (3) In letters at least one-eighth inch high the words "made of new material," if such bedding contains no previously used material; or the words "made of previously used materials," if such bedding contains any previously used material; or the word "secondhand" on any bedding which has been used but not remade.

A white tag shall be used for new materials and a yellow tag for previously used materials or secondhand bedding.

Nothing false or misleading shall appear on said tag, and it shall contain all statements and the adhesive stamp required by this Article, and shall be sewed to the outside covering of every piece of bedding being manufactured. Except in the case of dual purpose furniture, said tag must be sewed to the outside covering before the filling material has been inserted. No trade name or advertisement will be permitted on said tag. (1937, c. 298, s. 3; 1951, c. 929, s. 2; 1957, c. 1357, s. 1; 1959, c. 619; 1965, c. 579, s. 2; 1971, c. 371, ss. 1, 2; 1973, c. 476, s. 128.)

Editor's Note.—

The 1965 amendment, effective Jan. 1, 1966, inserted "shall be free of toxic materials and" near the beginning of the third paragraph and deleted "(as defined by this article or by the regulations of the State Board of Health)" following "materials" in subdivision (1).

The 1971 amendment, effective Jan. 1, 1972, inserted "or to be sold in this State" in the first sentence of the third paragraph, and added "listed in the order of their pre-

dominance" at the end of subdivision (1), deleted former subdivision (2) and redesignated former subdivisions (3) and (4) as (2) and (3) in the fifth paragraph.

The 1973 amendment, effective July 1, 1973, substituted "Commission for Health Services" for "State Board of Health" in two places, substituted "Secretary of Human Resources" for "State Health Director" in two places and substituted "Department of Human Resources" for "State Board of Health" in one place.

§ 130-174. Altering, etc., tags prohibited.

Editor's Note. — Session Laws 1973, c. 476, s. 128, effective July 1, 1973, amends this section by substituting "Department of Human Resources" for "State Board of Health."

§ 130-175. Selling regulated.—No person shall sell any bedding in this State (whether manufactured within or without this State) which has not been manufactured, tagged, labeled, and stamped in the manner required by this Article, and which does not otherwise comply with the provisions of this Article.

No person shall sell any secondhand bedding or bedding containing any previously used material unless sanitized, since last used, in accordance with rules and regulations adopted by the Commission for Health Services: Provided, this Article shall not apply to a mattress sold by the owner and previous user from his home directly to a purchaser for his own personal use unless such mattress has been exposed to an infectious or contagious disease.

Possession of any item covered by this Article in any store, warehouse, itinerant vendor's conveyance, or place of business, other than a private home, hotel, or other place where such articles are ordinarily used, shall constitute prima facie evidence that the item so possessed is possessed with intent to sell. No second-hand bedding shall be so possessed for a period exceeding 60 days until sanitized. (1957, c. 1357, s. 1; 1973, c. 476, s. 128.)

Editor's Note. — The 1973 amendment, effective July 1, 1973, substituted "Commission for Health Services" for "State Board of Health" in the second paragraph.

§ 130-176. Registration numbers; licenses.—All persons manufacturing or sanitizing bedding in North Carolina, or manufacturing bedding to be sold in North Carolina, shall make an application, in such form as the Secretary of Human Resources shall prescribe, for a registration number. Upon receipt of such application, the Department of Human Resources shall issue to the applicant a certificate of registration showing such person's name and address, registration number, and such other pertinent information as the Commission for Health Services may require.

For the purpose of defraying expenses incurred in the enforcement of the provisions of this Article, the following license fees are to be paid to the Department of Human Resources, deposited in the "bedding law fund," and expended in accordance with the provisions of G. S. 130-177. No person shall sanitize any bedding, as required by this Article, unless he is exempted by other provisions of this Article, until he has secured a "sanitizer's license" from the Department of Human Resources upon the payment of twenty-five dollars (\$25.00) for each calendar year. No person shall manufacture any bedding in this State or manufacture bedding to be sold in this State unless he is exempted by other provisions of this Article, until he has secured a "manufacturer's license" from the Department of Human Resources upon the payment of twenty-five dollars (\$25.00) for each calendar year.

The regular license period shall be from January 1 to December 31 of each year. However, any license bought after July 1 of any year shall be valid for the remaining part of that calendar year and shall be furnished at half the regular license fee. If any establishment owned by the holder of any such license or licenses should be sold, the license or licenses may be transferred with the business, such transfer to be accomplished under rules prescribed by the Commission for Health Services.

All licenses required by this Article shall, at all times, be kept conspicuously posted in the place of business of the licensee.

The Secretary of Human Resources may revoke and void any of the aforesaid licenses of any person convicted twice within a 12 months' period for violating this Article; provided, that the Commission for Health Services shall have authority, after 30 days from the date of revocation, to reinstate any revoked license upon the

payment of the required fees. (1937, c. 298, s. 7; 1951, c. 929, s. 1; 1957, c. 1357, s. 1; 1959, c. 619; 1971, c. 371, s. 3; 1973, c. 476, s. 128.)

Editor's Note.—

The 1971 amendment, effective Jan. 1, 1972, inserted "or manufacture bedding to be sold in this State" in the third sentence of the second paragraph.

The 1973 amendment, effective July 1,

1973, substituted "Department of Human Resources" and "Commission for Health Services" for "State Board of Health" throughout the section and substituted "Secretary of Human Resources" for "State Health Director" in two places.

§ 130-177. Enforcement funds.—The Department of Human Resources is hereby charged with the administration and enforcement of this Article, and the Department shall provide specially designated adhesive stamps for use under the provisions of this Article. Upon request the Department shall furnish no less than 500 such stamps to any person paying in advance eighteen dollars (\$18.00) per 500 stamps.

Any person who manufactures bedding in North Carolina or any person who manufactures bedding to be sold in North Carolina may, in lieu of purchasing and affixing the adhesive stamps provided for by this Article, annually secure from the Department of Human Resources a "stamp exemption permit" upon compliance with the provisions of this section and the rules and regulations of the Commission for Health Services. The holder of a stamp exemption permit shall not be required to purchase or affix adhesive stamps to bedding manufactured or sold in North Carolina, but the North Carolina stamp exemption number must appear on the law label. The cost of a stamp exemption permit is to be determined annually by the total number of bedding units manufactured or sold in North Carolina by the applicant during the calendar year immediately preceding the issuance of the permit, at the rate of eighteen dollars (\$18.00) for each 500 bedding units or fraction thereof. A maximum charge of seven hundred fifty dollars (\$750.00) shall be made for units of bedding manufactured in North Carolina but not sold in North Carolina.

For the purpose of computing the cost of stamp exemption permits only, the following definitions shall apply: One mattress is defined as one bedding unit; one upholstered spring is defined as one bedding unit; five comforters are defined as one bedding unit; five pillows are defined as one bedding unit.

Other items defined as bedding in G.S. 130-171 are each defined as one bedding unit.

Applications for stamp exemption permits must be submitted in such form as the Department of Human Resources shall prescribe. No stamp exemption permit may be issued to any person unless he has done business in North Carolina throughout the preceding calendar year in compliance with the provisions of this Article, and unless he complies with the rules and regulations of the Commission for Health Services governing the granting of stamp exemption permits.

The Commission for Health Services is hereby authorized and directed to prepare rules and regulations for the proper enforcement of this section. The rules and regulations shall include provisions governing the type and amount of proof which must be submitted by the applicant to the Department of Human Resources in order to establish the number of bedding units that were, during the preceding calendar year:

- (1) Manufactured in North Carolina and sold in North Carolina;
- (2) Manufactured outside of North Carolina and sold in North Carolina; and
- (3) Manufactured in North Carolina but not sold in North Carolina.

Because of the greater difficulty involved in auditing the records of out-of-state manufacturers, the Department of Human Resources is authorized to require a greater amount of proof from out-of-state manufacturers than from in-state manufacturers. The Commission for Health Services may provide in its regulations for additional proof of the number of bedding units sold during the preceding calendar year when it has reason to believe that the proof submitted by the manu-

facturer (whether in-state or out-of-state) is incomplete, misleading, or incorrect.

All money collected under this Article shall be paid to the Secretary of Human Resources who shall place all such money in a special "bedding law fund," which is hereby created and specifically appropriated to the Department of Human Resources, solely for expenses in furtherance of the enforcement of this Article. The Secretary of Human Resources shall semiannually render to the State Auditor a true statement of all receipts and disbursements under said fund, and the State Auditor shall furnish a true copy of said statement to any person requesting it.

All money in the "bedding law fund" shall be expended solely for:

- (1) Salaries and expenses of inspectors and other employees who devote their time to the enforcement of this Article, or
- (2) Expenses directly connected with the enforcement of this Article, including attorney's fees, which are expressly authorized to be incurred by the Secretary of Human Resources without authority from any other source when in his opinion it is advisable to employ an attorney to prosecute any persons: Provided, however, that a sum not exceeding twenty percent (20%) of such salaries and expenses above enumerated may be used for supervision and general expenses of the Department of Human Resources. (1937, c. 298, s. 5; 1949, c. 636; 1957, c. 1357, s. 1; 1965, c. 579, s. 3; 1967, c. 771; 1971, c. 371, ss. 4-7; 1973, c. 476, s. 128.)

Editor's Note — The 1965 amendment, effective Jan. 1, 1966, substituted "ten dollars (\$10.00)" for "eight dollars (\$8.00)" in the first and second paragraphs and substituted "five hundred dollars (\$500.00)" for "four hundred dollars (\$400.00)" in the second paragraph.

The 1967 amendment, effective Jan. 1, 1968, substituted "twelve dollars (\$12.00)" for "ten dollars (\$10.00)" in the first and second paragraphs.

The 1971 amendment, effective Jan. 1, 1972, substituted "eighteen dollars (\$18.00)" for "twelve dollars (\$12.00)" in the second sentence of the first paragraph, added "but the North Carolina stamp exemption number must appear on the law label" at the end of the second sentence of the second

paragraph, substituted "units" for "items" and "eighteen dollars (\$18.00)" for "twelve dollars (\$12.00)" in the third sentence of the second paragraph and "seven hundred fifty dollars (\$750.00)" for "five hundred dollars (\$500.00)" and "units" for "pieces" in the fourth sentence of the second paragraph, added the third and fourth paragraphs and substituted "units" for "items" in the sixth and seventh paragraphs.

The 1973 amendment, effective July 1, 1973, substituted "Department of Human Resources" and "Commission for Health Services" for "State Board of Health" and "Secretary of Human Resources" for "State Health Director" throughout the section.

§ 130-178. Enforcement by Department of Human Resources.—The Department of Human Resources, through its duly authorized representatives, is hereby authorized and empowered to enforce the provisions of this Article. Any person who shall hinder any representative of the Department of Human Resources in the performance of his duty under the provisions of this Article shall be guilty of a violation of this Article.

Every place within the State where bedding is made, remade, renovated, or sold, or where material which is to be used in the manufacture of bedding is mixed, worked, or stored, shall be inspected by duly authorized representatives of the Department of Human Resources.

Any representative of the Department of Human Resources may order off sale, and so tag, any bedding which is not made, sanitized, tagged, or stamped as required by this Article, or which is tagged with a tag containing a statement false or misleading, and such bedding shall not be sold or otherwise removed except with the consent of a representative of the Department of Human Resources, until such defect is remedied and a representative of the Department of Human Resources has reinspected same and removed the "off-sale" tag.

Any person supplying material to a bedding manufacturer shall furnish therewith an itemized invoice of all material so furnished. Each material entering into willowed or other mixtures shall be shown on such invoice. The bedding manufacturer shall keep such invoice on file for one year subject to inspection by any representative of the Department of Human Resources.

When an authorized representative of the Department of Human Resources has reason to believe that bedding is not tagged or filled as required by this Article, he shall have authority to open a seam of such bedding to examine the filling; and if unable after such examination to determine if the filling is of the kind stated on the tag, he shall have the power to examine any purchase or other records necessary to determine definitely the kind of material used in such bedding, and he shall have power to seize and hold for evidence any such records and any bedding or bedding material which in his opinion is made, possessed or offered for sale contrary to this Article, and shall have power to take a sample of any bedding or bedding material for the purpose of examination or for evidence. (1937, c. 298, s. 6; 1957, c. 1357, s. 1; 1971, c. 371, s. 8; 1973, c. 476, s. 128.)

Editor's Note. — The 1971 amendment, effective Jan. 1, 1972, inserted "within the State" near the beginning of the second paragraph. The 1973 amendment, effective July 1, 1973, substituted "Department of Human Resources" for "State Board of Health."

§ 130-179. Exemptions for blind persons and State institutions.—

In the cases where bedding is manufactured, sanitized, or renovated in a plant or place of business owned or operated by blind persons in which place of business not more than one sewing assistant who is not blind is employed in the manufacture or renovation of bedding, the bedding shall be inspected pursuant to this Article, but it shall not be required that stamps be affixed or that a license tax be paid, and bedding made by such blind persons may be sold by any dealer without the stamps being affixed.

State institutions engaged in the manufacture, renovation, or sanitation of bedding for their own use or that of another State institution are exempted from all provisions of this Article. (1937, c. 298, s. 11; 1957, c. 1357, s. 1; 1971, c. 371, s. 9.)

Editor's Note. — The 1971 amendment, effective Jan. 1, 1972, substituted "bedding" for "mattresses" following "manufacture or renovation of" near the middle of the first paragraph.

Such diagnosis, hospitalization, and treatment shall be given said patients in any hospital in this State which meets the minimum requirements for cancer control established by the Commission for Health Services. In order to administer such financial aid in

Editor's Note.—

Chapter 239, Session Laws 1967, amended c. 238, Session Laws 1961, referred to in note in original, by adding Beaufort County.

Chapter 361, Session Laws 1967,

amended c. 238, Session Laws 1961, by adding Dare County therein.

Chapter 315, Session Laws 1971, amended c. 238, Session Laws 1961, by adding New Hanover County.

§ 130-211. Nature of district; procedure for forming districts.—

(a) A mosquito control district may be formed as hereinafter set out and when so formed, it shall be a body politic and corporate, and a political subdivision of the State of North Carolina and may sue and be sued in its corporate name.

(b) If the proposed district lies wholly within a single county, ten percent (10%) or more of the resident freeholders within the proposed district may petition the board of county commissioners of the county in which the proposed district lies setting forth the boundaries of the district and a suggested name for the district. Upon receipt of such petition, the board of county commissioners shall consider it and if the formation of the district appears feasible and in the interest of public health, it shall forward said petition or a copy thereof to the Department of Human Resources which shall consider the advisability of the formation of such district. If the Commission for Health Services deems the formation of such district advisable and in the interest of public health, it shall so notify the board of county commissioners whereupon said board shall give notice of a public hearing upon the question of the formation of such district by advertising the time, place and purpose of the hearing once each week for four successive weeks prior to such hearing in some newspaper either published in the county or having a general circulation therein. The public hearing shall be presided over by the chairman of the board of county commissioners and shall be attended by a representative of the Commission for Health Services, and said hearing may be continued from time to time as may be necessary to hear the proponents and opponents of the formation of such district. If, after such hearing and after consultation with the representative of the Commission for Health Services, the board of county commissioners deems it advisable that such district should be created and established, it shall submit to the qualified voters residing within the proposed district at an election called for that purpose, the question of whether or not the district shall be created. Upon determining that the district should be created and established, and

prior to the submission of the question of the formation of the district to the voters of the proposed district, the board of county commissioners may determine the maximum amount of special tax to be levied for mosquito control purposes should the formation of the district be approved by the voters; provided, however, that in no event shall the maximum authorized levy exceed thirty-five cents (35¢) upon the one hundred dollar (\$100.00) assessed valuation. If the board of county commissioners determines that the maximum amount of special tax to be levied for mosquito control purposes should the voters approve the formation of the proposed district is to be less than thirty-five cents (35¢) on the one hundred dollar (\$100.00) valuation, the maximum amount thus determined must appear on the ballot to be used by the voters voting on the question of the creation of the district.

Prior to the submission of the question of the formation of the district to the voters within the proposed district, the board of county commissioners may make minor deviations in defining the boundaries of the proposed district upon a determination that such minor deviation from the boundaries described in the petition is in the interest of public health, provided that ten percent (10%) of the resident freeholders within the revised boundaries shall have signed the petition proposing the creation of said district or additional resident freeholders within the revised boundaries of the proposed district shall sign the petition to bring the total number of petitioners within the proposed revised boundaries to not less than ten percent (10%) of the qualified electors therein.

At the election provided for herein, the board of county commissioners shall provide one or more polling places within the proposed district, shall provide for a registrar and for judges of election at the polling places, shall provide for the registration of all qualified voters residing in said proposed district, shall cause to be prepared the necessary ballots, shall fix the time for holding the election, and shall conduct said election in every other respect according to the provisions of the laws governing general elections, so far as same may be applicable. The cost of holding the election shall be paid from the general or health fund of the county or from both as may be determined by the board of county commissioners. § 130-230. **Permit required to operate ambulance.**—(a) No person, firm, corporation, or association, either as owner, agent, or otherwise, shall hereafter furnish, operate, conduct, maintain, advertise, or otherwise engage in or profess to be engaged in the business or service of transporting patients upon the streets or highways in North Carolina unless he holds a currently valid permit for each ambulance used in such business or service, issued by the Department of Human Resources or a duly authorized representative thereof.

(b) Before a permit may be issued for a vehicle to be operated as an ambulance, its registered owner must apply to the Department for an ambulance permit. Application shall be made upon forms and according to procedures established by the Department. Prior to issuing an original or renewal permit for an ambulance, the Department shall determine that the vehicle for which the permit is issued meets all requirements as to medical equipment and supplies and sanitation as set forth in this Article and in the regulations of the Commission for Health Services. Permits issued for ambulances shall be valid for a period specified by the Department, not to exceed one year.

(c) Duly authorized representatives of the Department may issue temporary permits for vehicles not meeting required standards valid for a period not to exceed 60 days, when it determines the public interest will be served thereby.

(d) When a permit has been issued for an ambulance as specified herein, the vehicle for which issued, and records relating to maintenance and operation of such vehicle shall be open to inspection by duly authorized representatives of the Department at all reasonable times.

(e) The issuance of a permit hereunder shall not be construed so as to authorize any person, firm, corporation, or association to provide ambulance services or to operate any ambulances without a franchise in any county or municipality which has enacted an ordinance pursuant to G.S. 153-9(58) making it unlawful to do so. (1967, c. 343, s. 3; 1973, c. 476, s. 128.)

Regulations so adopted shall also require that the interior of the ambulance and the equipment within the ambulance be sanitary and maintained in good working order at all times.

(b) Every ambulance shall be equipped with the medical equipment and supplies specified by the "Minimal Equipment List for Ambulances and Dual Purpose Vehicles Serving as Ambulances" as approved by the Committee on Trauma of the American College of Surgeons on January 14, 1961; provided, however, the Commission for Health Services may require additional equipment or supplies to be aboard ambulances or may delete items of medical equipment or supplies from the required Minimal Equipment List adopted herein by reference.

(c) The Department shall inspect medical equipment and supplies required of ambulances when it deems such inspection is necessary and maintain a record thereof. Upon a determination, based upon an inspection, that required medical supplies or equipment fail to meet the requirements of this Article or regulations adopted pursuant hereto, the Department shall suspend the permit for the ambu-

lance concerned, until such requirements are met. (1967, c. 343, s. 3; 1973, c. 476, s. 128.)

Editor's Note.—Section 9, c. 343, Session Laws 1967, provides: "This act shall become effective upon its ratification; provided that compliance with regulations and standards of the State Board of Health established pursuant to the authority granted by § 3 [§§ 130-230 to 130-235] of this act shall be mandatory only after 90 days following the date of promulgation thereof by the State Board of Health."

(c) Persons desiring certification as ambulance attendants shall apply to the Department using forms prescribed by that agency. Upon receipt of such application the Department shall examine the applicant and if it determines the applicant meets the requirements of its regulations duly adopted pursuant to this Article, it shall issue a certificate to the applicant. Ambulance attendant's certificates so issued shall be valid for a period not to exceed two years and may be renewed after reexamination if the holder meets the requirements set forth in the regulations of the Commission for Health Services. The Department is authorized to cancel a certificate so issued at any time it determines that the holder no longer meets the qualifications prescribed for ambulance attendants.

(d) Duly authorized representatives of the Department may issue temporary certificates with or without examination when it finds that such will be in the public interest. Temporary certificates shall be valid for a period not exceeding 90 days. (1967, c. 343, s. 3; 1973, c. 476, s. 128; c. 725.)

They shall have the exclusive control of the expenditure of all money collected to the credit of the hospital fund, and the purchase of the site or sites, the purchase or construction of any hospital building or buildings, and of the supervision, care, and custody of the grounds, rooms, or buildings purchased, constructed, leased, or set apart for that purpose.

The County Hospital Act.

§ 131-28.2. **Conveyance of hospitals to counties; assumption of indebtedness approved by voters.**—The governing body of any political subdivision or public hospital corporation or agency in the State is authorized to convey any hospital owned by it to the county in which such political subdivision or public hospital corporation or agency is located, upon such county assuming all outstanding indebtedness of such political subdivision or public hospital corporation or agency which was incurred for the purpose of erecting or purchasing such hospital, and any county is hereby authorized to acquire any such hospital and, subject to the provisions of this section, to assume such indebtedness. The board of commissioners of any such county is hereby authorized and empowered to call an election of the qualified registered voters of the county on the question of the assumption by such county of the outstanding indebtedness of such political subdivision or public hospital corporation or agency which was incurred for the purpose of erecting or purchasing such hospital, and the levy of a county-wide property tax without limitation as to rate or amount for the payment of the principal of and the interest on such indebtedness. Such election shall be called and conducted in accordance with the laws of North Carolina governing elections for the issuance of county bonds, and it shall be lawful to vote on other matters at such election. If a majority of the qualified registered voters of the county who shall vote on such assumption shall vote in favor thereof, then it shall be the duty of the board of commissioners of such county to include in the annual county budget beginning with the fiscal year next succeeding such election, a sum sufficient to meet the payment of the principal of and the interest on such indebtedness; provided, however, that said board shall have the same power and authority to fund or refund such indebtedness as it has to fund or refund other indebtedness of the county. Upon the assumption of such indebtedness by the county, all funds on hand for the payment of the principal of and the interest on such indebtedness, and all funds subsequently collected from taxes already levied in such political subdivision on account of such indebted-

ness, shall be paid over to the county and used to reduce the amount of the county-wide tax levy authorized by such election. Upon approval of the assumption of such indebtedness by the county, such indebtedness shall become, to all intents and purposes, indebtedness of such county; and it is hereby specifically declared that all payments on account of the principal of such indebtedness which shall be made after such assumption shall be construed as a reduction of the outstanding indebtedness of the county within the meaning of Sec. 4 of Article V of the Constitution of North Carolina. (1945, c. 506, s. 2; 1949, c. 358, s. 1; 1973, c. 803, s. 18.)

§ 131-28.8. Appointment of board of trustees; terms of office; vacancies.—Each county in this State, upon conveyance to it of any hospital pursuant to the requirements of this Article, shall proceed at once to appoint county citizens to serve upon a board of hospital trustees. The board shall consist of three trustees from each township in which a hospital or hospitals are to be acquired or erected hereunder and one trustee from each of the remaining townships in the county. These trustees are to be chosen with special reference to their fitness for such office. In the event that a hospital is thereafter acquired or erected hereunder in any of said remaining townships the board of commissioners shall thereupon appoint two additional trustees from such township. The trustees so appointed shall constitute a board of trustees for the hospital or hospitals acquired or erected under the provisions of this Article. The first trustees from each township from which there shall be three trustees shall be appointed by the board of commissioners for terms of one, two and three years, respectively. The first trustees from the remaining townships shall be appointed for terms of one, two and three years, respectively, so that the terms of at least one third of the trustees from such remaining townships shall expire each year. As the term of each trustee expires a successor trustee shall be appointed from the same township for a term of three years.

Each trustee shall serve until his or her successor is appointed and qualified. No trustee shall succeed himself or herself. Any vacancy in the board of trustees shall be filled by the board of commissioners of the county for the unexpired term. (1945, c. 506, s. 8; 1949, c. 358, s. 5; 1973, c. 803, s. 23.)

County-City Hospital Facilities for the Poor.

§ 131-28.23. County-city hospital facilities for the poor.—Authority is hereby granted to the board of commissioners of any county in the State now or hereafter having a population of 100,000 or over and a city within its borders now or hereafter having a population of 75,000 or over to provide adequate hospital facilities for the care of the sick and afflicted poor of such county. Each such county is authorized to make appropriations for the purposes of this Article and to fund them by levy of property taxes pursuant to G.S. 153-65 and by the allocation of other revenues whose use is not otherwise prohibited by law. The term "board of aldermen," as used in this Article, shall be deemed to include any governing body of any municipality coming within the provisions of this Article by whatever name designated. (1945, c. 516, s. 1; 1973, c. 803, s. 24.)

Editor's Note. — The 1973 amendment for the former second, third and fourth substituted the present second sentence sentences.

§ 131-28.28. Revenue.—The funds of the county and the city for the operation and maintenance of such hospital facilities shall be applied by the governing bodies toward the payment of any annual deficit arising from the treatment of the sick and afflicted poor in any of the hospitals covered by the plan agreed upon by the governing bodies, subject to the limitations hereinbefore provided, and shall be disbursed by the finance officer of the city on vouchers approved by the superintendent of hospitals, provided appropriations for such expenditures have been made and a sufficient balance is available. All purchases shall be made through the purchasing department of the city. The portion of the funds charged to the county shall be paid not later than 30 days from the close of each fiscal year to the finance officer of the city, to be applied as hereinbefore provided.

The governing bodies of the county and city meeting in joint session shall set aside each year out of the hospital plan revenues a sum not to exceed ten percent (10%) of the original cost of the hospital plants covered by the plan, including land, buildings and equipment, for future expansion and modernization of buildings and appurtenances, the funds so set aside to be deposited with the sinking fund commission of the city and kept separate by it from other funds handled by it, and the investments of such funds to be governed by the laws pertaining to the city sinking funds. The expenditure of all or any part of said accumulated funds shall be made upon recommendation of the city-county hospital commission to both governing bodies, meeting in joint session.

In anticipation of the annual payments to be made by the county toward the cost of constructing the additional facilities hereinbefore referred to, the city is authorized to advance such additional funds and if necessary to issue its short-term securities for that purpose. If such short-term securities are issued by the city, interest thereon shall be paid by the county. (1945, c. 516, s. 6; 1973, c. 803, s. 25.)

Editor's Note.—The 1973 amendment, effective July 1, 1973, deleted the former first, second and third sentences, which authorized a tax levy and provided for

§ 131-55. Register of tuberculous persons.—The Department of Human Resources shall keep a register of all persons in this State known to be afflicted with tuberculosis. The Department shall have exclusive control of such register and shall not permit the inspection thereof, nor disclose any of its personal particulars, except to representatives of municipal or county governments, the State government, or organizations, orders, churches, or corporations interested in and contemplating making financial provision in the institution for the care and treatment of afflicted citizens or members of their respective organizations, orders, churches, or corporations. Revision of Article.—Session Laws 1971, c. 799, revised and rewrote this Article. The principal change effected by the revision was to make the Article applicable to every county, city and town in the State, rather than only to cities and towns having a population of more than 75,000.

§ 131-91. **Finding and declaration of necessity.**—It is hereby declared that conditions resulting from the concentration of population in various cities, towns and counties of the State require the construction, maintenance and operation of adequate hospital facilities for the care of the public health and for the control and treatment of epidemics, for the care of the indigent and for the public welfare; that in various cities, towns and counties of the State there is a lack of adequate hospital facilities available to the inhabitants thereof and that consequently many persons including persons of low income are forced to do without adequate medical and hospital care and accommodations; that these conditions cause an increase in and spread of disease and crime and constitute a menace to the health, safety, morals and welfare of the State and impair economic values; that the aforesaid conditions also exist in certain areas surrounding such cities, towns and counties; that these conditions cannot be remedied by the ordinary operations of private enterprises; that the providing of adequate hospital and medical care are public uses and purposes for which public money may be spent and private property acquired; that it is in the public interest that adequate hospital and medical facilities and care be provided in order to care for and protect the health and public welfare; and the necessity in the public interest for the provision hereinafter enacted is hereby declared as a matter of legislative determination. - (1) That there is a lack of adequate hospital facilities and medical accommodations from the operations of private enterprises in the city, town or county and said surrounding area; and/or

- (2) That the public health and welfare, including the health and welfare of persons of low income in the city, town or county and said surrounding area, require the construction, maintenance or operation of public hospital facilities for the inhabitants thereof;

the council or board of county commissioners shall adopt a resolution so finding (which need not go into any detail other than the mere finding) and shall cause notice of such determination to be given to the mayor or the chairman of the board of county commissioners, who shall thereupon appoint, as hereinafter provided, not less than six and not more than 30 commissioners to act as an authority. Said commission shall be a public body and a body corporate and politic upon the completion of the taking of the following proceedings:

The commissioners shall present to the Secretary of State an application signed by them, which shall set forth (without any detail other than the mere recital):

- (1) That the council has made the aforesaid determination after such investigation, and that the mayor or the chairman of the board of county commissioners has appointed them as commissioners;
- (2) The name and official residence of each of the commissioners, together with a certified copy of the appointment evidencing their right to office, the date and place of induction into and taking oath of office, and that they desire the hospital authority to become a public body and a body corporate and politic under this Article;
- (3) The term of office of each of the commissioners;
- (4) The name which is proposed for the corporation; and
- (5) The location and the principal office of the proposed corporation.

The application shall be subscribed and sworn to by each of the said commissioners before an officer authorized by the laws of the State to take and certify oaths, who shall certify upon the application that he personally knows the commissioners and knows them to be the officers as asserted in the application, and that each subscribed and swore thereto in the officer's presence. The Secretary of State shall examine the application and if he finds that the name proposed for the corporation is not identical with that of a person or of any other corporation of this State or so nearly similar as to lead to confusion and uncertainty he shall receive and file it and shall record it in an appropriate book of record in his office.

When the application has been made, filed and recorded, as herein provided, the authority shall constitute a public body and a body corporate and politic under the name proposed in the application; the Secretary of State shall make and issue to the said commissioners a certificate of incorporation pursuant to this Article, under the seal of the State, and shall record the same with the application.

The boundaries of such authority shall include said city, town or county and the area within 10 miles from the territorial boundaries of any city, town or county but in no event shall it include the whole or a part of any area included within the boundaries of another authority. In case an area lies within 10 miles of the boundaries of more than one city, town or county such area shall be deemed to be within the boundaries of the authority embracing such area which was first established, all priorities to be determined on the basis of the time of the issuance of the aforesaid certificates by the Secretary of State. After the creation of an authority, the subsequent existence within its territorial boundaries of more than one city, town or county shall in no way affect the territorial boundaries of such authority.

In any suit, action or proceeding involving the validity or enforcement of or relating to any contract of the authority, the authority shall be conclusively deemed to have been established in accordance with the provisions of this Article upon proof of the issuance of the aforesaid certificate by the Secretary of State. A copy of such certificate, duly certified by the Secretary of State, shall be admissible in

evidence in any such suit, action or proceeding, and shall be conclusive proof of the filing and contents thereof. (1943, c. 780, s. 4; 1971, c. 799.)

§ 131-93.1. Change of name by authority.—An authority created and existing pursuant to this Article, may at any time, by resolution adopted by a majority of the commissioners, change its name. A copy of such resolution, duly verified by the chairman and secretary of the board of commissioners before an officer authorized by the laws of this State to take and certify oaths, shall be delivered to the Secretary of State, together with a conformed copy thereof. If the Secretary of State shall find that the proposed name is not identical with that of a person or of any other corporation of this State, or so nearly similar as to lead to confusion and uncertainty, he shall receive and file it, and shall record it in an appropriate book of record in his office, and thereupon return to the authority the conformed copy, together with a certificate stating that attached thereto is a true copy of the document filed in his office and showing the date of such filing. Thereafter, the term of office shall be three years. A commissioner shall hold office until his successor has been appointed and has qualified. Vacancies shall be filled for the unexpired term. In the event of an increase in the number of commissioners, or in the event of a vacancy or vacancies in the membership of the board by expiration of term of office or otherwise, the remaining members of the board shall submit to the mayor, or the chairman of the board of county commissioners, nominations for appointments. The mayor, or the chairman of the board of county commissioners, shall appoint within a reasonable period of time a person or persons to fill the vacancy or vacancies created by an increase in the number of commissioners or a vacancy or vacancies in the membership of the board by expiration of a term of office or otherwise, but may successively require any number of additional nominations, and shall have power to appoint any person so nominated. All such vacancies shall be filled from such nominations. The commissioners, upon a finding that it is in the public interest, may adopt a resolution increasing the membership of the board by a fixed number and submit the certified resolution and nominations for appointments to the mayor or the chairman of the board of county commissioners for appointment of the new commissioners from the persons so nominated or from among such additional nominations as the mayor or the chairman of the board of county commissioners may require to be submitted from the commissioners. A majority of the commissioners shall constitute a quorum. The mayor shall file with the city clerk, or the chairman of the board of county commissioners shall file with the county clerk, a certificate of the appointment or reappointment of any commissioner and such certificate shall be conclusive evidence of the due and proper appointment of such commissioner. A commissioner shall receive no compensation for his services but he shall be entitled to the necessary expenses, including traveling expenses, incurred in the discharge of his duties.

When the office of the first chairman of the authority becomes vacant, the authority shall select a chairman from among its members. An authority shall select from among its members a vice-chairman, and it may employ a secretary, technical experts and such other officers, agents and employees, permanent and temporary, as it may require, and shall determine their qualifications, duties and compensation. An authority may employ its own counsel and legal staff. An au-

thority may delegate to one or more of its agents or employees such powers or duties as it may deem proper. (1943, c. 780, s. 5; 1971, c. 799; 1973, c. 792.)

If any commissioner or employee of an authority owns or controls an interest direct or indirect in any property included or planned to be included in any hospital facility, he shall immediately disclose the same in writing to the authority and such disclosure shall be entered upon the minutes of the authority. Failure to so disclose such interest shall constitute misconduct in office. (1943, c. 780, s. 7; 1971, c. 799.)

Any obligee of the authority may file with the mayor or chairman of the board of county commissioners written charges that the authority is violating willfully any law of the State or any term, provision or covenant in any contract to which the authority is a party. The mayor or the chairman of the board of county commissioners shall give each of the commissioners a copy of such charges at least 10 days prior to the hearing thereon and an opportunity to be heard in person or by counsel and shall within 15 days after receipt of such charges remove any commissioners of the authority who shall have been found to have acquiesced in any such willful violation.

If, after due and diligent search, a commissioner to whom charges are required to be delivered hereunder cannot be found within the county where the authority is located, such charges shall be deemed served upon said commissioner if mailed to him at his last known address as same appears upon the records of the authority.

A commissioner shall be deemed to have acquiesced in a willful violation by the authority of a law of this State or of any term, provision or covenant contained in a contract to which the authority is a party, if, before a hearing is held on charges against him, he shall not have filed a written statement with the authority of his objections to, or lack of participation in, such violation.

In the event of the removal of any commissioner, the mayor shall file in the office of the city clerk, or the chairman of the board of county commissioners shall file with the county clerk a record of the proceedings together with the charges made against the commissioners and the findings thereon. (b) The Department of Human Resources is hereby authorized and empowered to act as the agency of the State of North Carolina for the purpose of setting up and administering any statewide plan in accordance with standards adopted by the Commission for Medical Facility Services and Licensure for the construction and maintenance of hospitals, public health centers and related facilities and to receive and administer any funds which may be provided by the General Assembly of North Carolina and by the Congress of the United States for such purpose. The Department, as such agency of the State of North Carolina, shall have the right to promulgate such statewide plans for the construction and maintenance of hospitals, medical centers and related facilities, or such other plans as may

Editor's Note.—

The 1971 amendment divided this section into subsections, substituted "continue" for "begin immediate" in the opening clause of subsection (a), inserted "periodically" and substituted "the reports to the General Assembly" for "this report to the next session of the General Assembly" in the portion of subsection (a) that follows subdivision (3), made certain changes in form, wording and punctuation in subsection (b), increased the number of members of the State Advisory Council provided for in the first sentence of subsection (c) from five to seven members and otherwise rewrote that sentence, added the second sentence of subsection (c) and deleted a former second paragraph of subsection (e), authorizing the North Carolina Medical Care Commission to make a supplemental appropriation out of certain funds for the building and equipping of a new unit for the diagnosis and treatment of tuberculosis and other respiratory and related diseases.

The 1973 amendment, effective July 1, 1973, rewrote the first sentence of subsection (b), deleted an obsolete proviso at the end of subsection (e), substituted "Commission for Medical Facility Services and Licensure" for "Commission" in the fourth sentence of subsection (b) and for "North Carolina Medical Care Commission" in four places in subsection (e) and substituted "Department of Human Resources" for "North Carolina Medical Care Commission" and "Department" for "Commission" throughout the rest of the section.

Session Laws 1973, c. 476, s. 152(a) provides that whenever the words "North

Carolina Medical Care Commission" are used or appear in any statute or law of this State, the same shall be deleted and the words "Department of Human Resources" or "Department," as appropriate, shall be inserted in lieu thereof, unless otherwise provided for in the Executive Organization Act of 1973, with the exception that in certain specified references the words "North Carolina Medical Care Commission" and "Commission" when referring to the North Carolina Medical Care Commission, shall be deleted and the words "Commission for Medical Facility Services and Licensure" or "Commission," as appropriate, shall be inserted in lieu thereof. Throughout this Article and Article 13A of this Chapter as they stood before the 1973 amendments, the former North Carolina Medical Care Commission was frequently referred to simply as the "Commission" and sometimes as the "Medical Care Commission." In order to carry out the evident intent of the 1973 act, the codifiers have, in the sections set out herein, substituted references to the Department of Human Resources and to the Commission for Medical Facility Services and Licensure, as appropriate, for references to the former North Carolina Medical Care Commission, even where that agency was not referred to by its full title.

State Government Reorganization.—The State Advisory Council to the Medical Care Commission was transferred to the Department of Human Resources by § 143A-143, enacted by Session Laws 1971, c. 864.

The loans shall bear such interest rate as contracted for not to exceed the per annum interest rate allowed by law. The Department shall have the authority to cancel any contract made between it and any applicant for assistance upon such cause deemed sufficient by the Department; provided, the assent to cancellation be first obtained from the Attorney General of North Carolina. The Commission for Medical Facility Services and Licensure is hereby granted full power and authority to make reasonable rules and regulations so as to implement and promote the student loan and scholarship program in the best interests of the State.

The Department of Human Resources is hereby authorized and empowered to expend up to thirty thousand dollars (\$30,000) per biennium from its appropriations for scholarship loans for the purposes of establishing programs for the recruitment of persons interested in embarking upon careers in the health professions who are eligible for financial assistance under G.S. 131-121, 131-121.3 and 131-124, encouraging nonpracticing nurses to return to their profession and encouraging the establishment of new training schools of nursing.

All funds heretofore appropriated to the Commission for Medical Facility Services and Licensure for student loans and scholarships, including the appropriation made by Chapter 1185 of the Session Laws of 1963, shall be administered by the Department pursuant to the provisions of this section. This section shall be applicable also to all loans or scholarship funds repaid to the Department pursuant to this program. Editor's Note.—

The first 1965 amendment rewrote this section. The second 1965 amendment inserted "optometrists" near the middle of the first sentence.

The first 1969 amendment rewrote the second sentence and added the proviso to the third sentence of the first paragraph.

The second 1969 amendment added the second paragraph.

The 1973 amendment substituted "as the Commission for Medical Facility Services and Licensure may adopt" for "as it may

promulgate" in the first sentence of the first paragraph, substituted "Department of Human Resources" for "North Carolina Medical Care Commission" in the first sentence of the first paragraph and near the beginning of the second paragraph, and substituted "Commission for Medical Facility Services and Licensure" for "Medical Care Commission" in one place in the first paragraph and near the beginning of the last paragraph, and substituted "Department" for "Commission" throughout the rest of the section.

Editor's Note.—Section 2 of the repealing act provides that "said laws shall continue in full force and effect with respect

§ 131-126.5. Issuance and renewal of license.—Upon receipt of an application for license, the Department of Human Resources shall issue a license if it finds that the applicant and hospital facilities comply with the provisions of this Article and the regulations of the said Commission for Medical Facility Services Licensure. Each such license, unless sooner suspended or revoked, shall be renewable annually without charge upon filing of the license, and approval by the Department of Human Resources, of an annual report upon such uniform dates and containing such information in such form as the Department of Human Resources shall prescribe by regulation. Each license shall be issued only for the premises and persons or governmental units named in the application and shall not be transferable or assignable except with the written approval of the Department of Human Resources. Licenses shall be posted in a conspicuous place on the licensed premises as prescribed by regulation of the said Commission for Medical Facility Services and Licensure. (1947, c. 933, s. 6; 1949, c. 920, s. 4; 1973, c. 476, s. 152.)

Editor's Note.—

The 1973 amendment, effective July 1, 1973, substituted "Department of Human Resources" for "Commission" in four

places and substituted "Commission for Medical Facility Services and Licensure" for "Commission" in two places.

§ 131-126.6. Denial or revocation of license; hearings and review.

—The Department of Human Resources shall have the authority to deny, suspend or revoke a license in any case where it finds that there has been a substantial failure to comply with the provisions of this Article or the rules, regulations or minimum standards promulgated under this Article.

Such denial, suspension, or revocation shall be effected by mailing to the applicant or licensee by registered mail, or by personal service of, a notice setting forth the particular reasons for such action. Such denial, suspension, or revocation shall become effective 30 days after the mailing or service of the notice, unless the applicant or licensee, within such 30-day period shall give written notice to the Commission for Medical Facility Services and Licensure requesting a hearing, in which case the notice shall be deemed to be suspended. If a hearing has been requested, the applicant or licensee shall be given an opportunity for a prompt and

fair hearing before the Commission for Medical Facility Services and Licensure. At any time at or prior to the hearing, the Department of Human Resources may rescind the notice of denial, suspension or revocation upon being satisfied that the reasons for the denial, suspension, or revocation have been or will be removed. On the basis of any such hearing, or upon default of the applicant or licensee the determination involved in the notice may be affirmed, modified, or set aside, by the Commission for Medical Facility Services and Licensure. A copy of such decision, setting forth the finding of facts and the particular reasons for the decision shall be sent by registered mail, or served personally upon, the applicant or licensee. The decision shall become final 30 days after it is so mailed or served, unless the applicant or licensee, within such 30-day period, appeals the decision to the court, pursuant to G.S. 131-126.14 hereof.

The procedure governing hearings authorized by this section shall be in accordance with rules promulgated by said Commission for Medical Facility Services and Licensure. A full and complete record shall be kept of all proceedings, and all testimony shall be reported but need not be transcribed unless the decision is appealed pursuant to G.S. 131-126.14 hereof. A copy or copies of the transcript may be obtained by an interested party on payment of the cost of preparing such copy or copies. Witnesses may be subpoenaed by either party and shall be allowed fees at a rate prescribed by the aforesaid rules. (1947, c. 933, s. 6; 1973, c. 476, s. 152.)

Editor's Note. — The 1973 amendment, effective July 1, 1973, added "for Medical Facility Services and Licensure" following "Commission" in four places, substituted "Department of Human Resources" for

"Commission" in two places, and deleted "with the advice of the hospital advisory council" at the end of the first sentence of the last paragraph.

§ 131-126.7. Rules, regulations and enforcement.—The Commission shall adopt, amend and promulgate and the Department shall so enforce such rules, regulations and standards with respect to the different types of hospitals to be licensed hereunder as may be designed to further the accomplishment of the Article. (1947, c. 933, s. 6; 1973, c. 476, s. 152.)

Editor's Note. — The 1973 amendment, effective July 1, 1973, rewrote this section.

§ 131-126.9. Inspections and consultations.—The Department of Human Resources shall make or cause to be made such inspections as it may deem necessary. The Department of Human Resources may delegate to any State officer, agent, board, bureau or division of State government authority to make such inspections as the Department of Human Resources may designate and according to rules and regulations promulgated by the Commission for Medical Facility Services and Licensure. The Department of Human Resources may revoke such delegated authority in its discretion and make its own inspections according to the powers granted hereunder. The Commission for Medical Facility Services and Licensure may prescribe by regulations that any licensee or prospective applicant desiring to make specified types of alteration or addition to its facilities or to construct new facilities shall before commencing such alteration, addition or new construction, submit plans and specifications therefor to the Department of Human Resources for preliminary inspection and approval or recommendations with respect to compliance with the regulations and standards herein authorized. (1947, c. 933, s. 6; 1973, c. 476, s. 152.)

Editor's Note. — The 1973 amendment, effective July 1, 1973, substituted "Department of Human Resources" for "Commission" in five places and substituted "Commission for Medical Facility Services and

Licensure" for "Commission" in two places.

The 1973 amendatory act directed that "Commission for Medical Facility Services and Licensure" should be substi-

tuted for "Commission" in lines 5 and 7 of this section. The word "Commission" appeared twice in line 5 of this section as it appeared before the enactment of the 1973 act. The substitution has been made in the first reference only.

§ 131-126.14. **Judicial review.**—Any applicant or licensee who is dissatisfied with the decision of the Commission for Medical Facility Services and Licensure as a result of the hearing provided in G.S. 131-126.6 may, within 30 days after the mailing or serving of notice of the decision as provided in said section, file a notice of appeal to the superior court in the office of the clerk of the superior court of the county in which the hospital is located or to be located, and serve a copy of said notice of appeal upon the Commission. Thereupon the Commission for Medical Facility Services and Licensure shall promptly certify and file with the court a copy of the record and decision, including the transcript of the hearings on which the decision is based. Findings of fact by the Commission for Medical Facility Services and Licensure shall be conclusive unless contrary to the weight of the evidence but upon good cause shown the court may remand the case to the Commission to take further evidence, and the Commission may thereupon make new or modified findings of facts or decision. The court shall have power to affirm, modify or reverse the decision of the Commission for Medical Facility Services and Licensure and either the applicant or licensee or the Commission may appeal to the Supreme Court. Pending final disposition of the matter the status quo of the applicant or licensee shall be preserved, except as the court shall otherwise order in the public interest. (1947, c. 933, s. 6; 1973, c. 476, s. 152.)

Editor's Note. — The 1973 amendment, effective July 1, 1973, added "for Medical Facility Services and Licensure" following "Commission" in four places.

lated facilities such as laboratories, out-patient departments, nurses' home and training facilities, and central service facilities operated in connection with hospitals.

(1965, c. 863, s. 1.)

Editor's Note.—

The 1965 amendment inserted "(including mental health clinic), nursing or convalescent facility" in subdivision (2).

As the rest of the section was not af-

ected by the amendment, it is not set out.

§ 131-126.19. Purpose and construction of article.—It is the purpose of this article to confer additional authority upon municipalities for the furnishing of hospital, clinic and similar services to the people of this State, through the construction, operation, and maintenance of hospital facilities and otherwise, and to this end to authorize municipalities to co-operate with other public and private agencies and with each other and to accept assistance from agencies of this State or the federal government or from other sources. This article shall be liberally construed to effect these purposes.

This article shall be deemed to provide an additional and alternative method for the doing of the things authorized hereby and shall be regarded as supplemental and additional to powers heretofore or hereafter conferred by any other law, including without limitation chapter 122 of the General Statutes and shall not be regarded as in derogation of or as repealing any powers now existing under any other law, either general, special or local. (1947, c. 933, s. 6; 1965, c. 863, s. 2.)

Editor's Note. — The 1965 amendment added the last paragraph.

§ 131-126.20. General powers of municipalities in the construction, acquisition, operation and maintenance of hospital facilities.

(c) Any municipality may enter into a contract or other arrangement with any other municipality or other public agency of this or any other state or of the United States or with any individual, private organization or nonprofit association for the provision of hospital, clinic, or similar services. Pursuant to such contract or other arrangement, the municipality may pay for such services out of any appropriations or other moneys made available for such purposes. A municipality may lease any hospital facilities to any nonprofit association on such terms and subject to such conditions as will carry out the purposes of this article. Such lease may be for such duration or term of years as the municipality may deem wise and expedient, but no such lease shall be deemed to convey a freehold interest. (1947, c. 933, s. 6; 1967, c. 820.)

Editor's Note. — The 1967 amendment added the last sentence in subsection (c).

As only subsection (c) was changed by the amendment, the rest of the section is not set out.

§ 131-126.21. Board of managers; county hospital authority.

(b) Board of County Commissioners May Establish Hospital Authority in Any County with Membership Representation from Town or City.—The board of county commissioners of any county may elect to establish a county hospital authority which shall be designated by the title or name of: "..... County Hospital Authority," which shall consist of seven members, six of whom shall be appointed by the board of county commissioners and shall be composed of men and women representing the various dominant or primary interests of the county. Two of said members shall be appointed for a term of three years, two for a term of four years and two for a term of five years, and thereafter the term of office of each successor member shall be five years. In making said appointments the board of

county commissioners of any county electing to establish a hospital authority under this subsection shall appoint three members of the said authority, who shall be residents of a town or city of said county, and three members who shall be residents of said county, or of cities or towns in said county other than the cities or towns in which the three other members appointed under this subsection reside. The seventh member of said authority shall be a member of the board of county commissioners of said county who shall serve in the capacity of a member at large, and whose term of office shall be commensurate with his term of office as a member of the board of county commissioners, and said member shall serve ex officio and because of his position as a member of the board of county commissioners. All vacancies in the office or position of a member of said hospital authority by death, resignation or otherwise shall be filled by appointments made by the board of county commissioners of said county and shall be for the unexpired term of the member causing said vacancy. Any authority vested in a county by virtue of article 13B of chapter 131 of Volume 3B of the General Statutes or any authority or power that may be exercised by a hospital authority under G.S. 131-98 of article 12 of chapter 131, and as described and granted in said section, may be vested by resolution of the board of county commissioners of such county in the county hospital authority herein authorized, which such power and authority shall be applicable to the whole area of the county, and in addition to the purposes described in the statutes and articles heretofore referred to such power and authority shall also be exercised and delegated for the planning, establishment, construction, maintenance or operation of hospital facilities, clinics, public health centers, housing or quarters for local public health departments and centers, laboratories, outpatient departments and clinics, nurses' home and training facilities, and any and all services, including central service facilities operated in connection with such hospitals, clinics, laboratories and other facilities. The said county hospital authority, however, shall exercise only such powers and duties as are prescribed in the resolution of the board of county commissioners granting and vesting such authority and powers in said county hospital authority, and the said board of county commissioners of said county shall fix in said resolution the compensation, travelling and other expenses, if any, which shall be paid to each member of said county hospital authority; provided, however, that the expenses of such planning, establishment, construction or operation of all the hospital facilities named and mentioned in this subsection shall be a responsibility of said county. (1947, c. 933, s. 6; 1955, c. 710, s. 1; c. 1363: 1965 c. 260, s. 1.)

Editor's Note.—

The 1965 amendment struck out the former sixth sentence of subsection (b), making members of county hospital authorities ineligible to succeed themselves. Section 2 of the act provides that it shall not apply to Warren County.

As only subsection (b) was changed by the amendment, the rest of the section is not set out.

The 1973 amendment, effective July 1, 1973, rewrote this section.

§ 131-126.23: Repealed by Session Laws 1973, c. 803, s. 27, effective July 1, 1973.

§ 131-126.25. **Federal and State aid.**—(a) Every municipality or non-profit association is authorized to accept, receive, receipt for, disburse and expend federal and State moneys and other moneys, public or private, made available by grant, loan, gift or devise, to accomplish, in whole or in part, any of the purposes of this Article. All federal moneys accepted under this section shall be accepted and expended by a municipality or nonprofit association upon such terms and conditions as are prescribed by the United States and as are consistent with State law; and all State moneys accepted under this section shall be accepted and expended by the municipality or nonprofit association upon such terms and conditions as are prescribed by the State and/or Commission for Medical Facility Services and Licensure. Unless otherwise prescribed by the agency from which such moneys were received, the chief financial officer of the municipality shall, on its behalf, deposit all moneys received pursuant to this section and shall keep them in separate funds designated according to the purposes for which the moneys were made available, in trust for such purposes.

(b) Out of funds made available by the State, the Department of Human Resources shall make grants-in-aid, as provided in this subsection, to municipalities and/or nonprofit associations to acquire real estate and construct thereon hospital facilities, including the reconstruction, remodeling or addition to any hospital facilities which have been or may be acquired by such municipalities and/or nonprofit associations for use as community hospitals. The amount of State funds to be granted hereunder shall be determined in each case by the Commission for Medical Facility Services and Licensure in accordance with standards, rules and regulations as determined by the Commission for Medical Facility Services and Licensure.

Application for a grant under this subsection shall be made to the Department of Human Resources by any municipality, acting separately or with one or more other municipalities, or by any nonprofit association, on such forms and in such manner as may be prescribed by the Commission for Medical Facility Services and Licensure. The Commission for Medical Facility Services and Licensure may establish such reasonable requirements for approval as it deems necessary or desirable to effectuate the purposes of this Article. The Department of Human Resources shall give preference to applications in accordance with their priority in the hospital construction program established pursuant to the Federal Hospital Survey and Construction Act. (1947, c. 933, s. 6; 1973, c. 476, s. 152.)

Editor's Note.—The 1973 amendment, effective July 1, 1973, substituted "Commission for Medical Facility Services and Licensure" for "North Carolina Medical Care Commission" once in subsection (a) and in four places in subsection (b) and substituted "Department of Human Resources" for "North Carolina Medical Care Commission" in three places in subsection (b).

ARTICLE 13C.

Creation of Hospital Districts with Authority to Issue Bonds and Levy Taxes for Hospital Purposes.

§ 131-126.31. **Petition for formation of hospital district; hearing.**—Upon receipt of a petition, signed by at least 500 of the qualified voters of the ter-

ritory described in such petition, praying that such territory be created into a hospital district, the Commission for Medical Facility Services and Licensure, with the approval of the board of county commissioners of the county in which such proposed hospital district is located, shall cause notice to be given by posting at the courthouse door, and at three public places in such proposed hospital district, and by three weekly publications in a newspaper circulating in such proposed hospital district, that on a date to be named in such notice, which shall not be earlier than 20 days after the first posting and publication of such notice, it will hold a public hearing at a designated place within the proposed hospital district or some designated place within the county in which the district is to be created, upon the question of creating a hospital district comprising the territory described in such petition and set forth in such notice, and that any taxpayer or other interested person may appear and be heard at the time and place set forth in such notice.

Such petition shall set forth:

- (1) A description of the territory to be embraced within the proposed district,
- (2) The names of all municipalities or parts thereof located within the area,
- (3) The names of all publicly owned hospitals located within the area,
- (4) The purpose or purposes sought to be accomplished by the creation of the proposed district, and
- (5) The name of the proposed district.

At the time and place set forth in the notice of hearing on such petition, the Commission for Medical Facility Services and Licensure, or its duly authorized representative, shall hear all interested persons and may adjourn the hearing from time to time.

A hospital district may be established under this Article in those territories which have less than 1100 qualified voters resident therein upon petition of 250 qualified voters of such territory requesting that such territory be created into a hospital district. (1949, c. 766, s. 5; 1953, c. 1045, s. 1; 1959, c. 877; 1973, c. 476, s. 152.)

Editor's Note.—

The 1973 amendment, effective July 1, 1973, substituted "Commission for Medical Facility Services and Licensure" for "North Carolina Medical Care Commission" in the first and third paragraphs.

The 1973 amendatory act directed that the substitution be made in the first and second paragraphs. The first and third paragraphs were evidently intended.

§ 131-126.32. Result of hearing; name of district; limitation of actions.—If, after such hearing, the Commission for Medical Facility Services and Licensure shall deem it advisable to create such hospital district, it shall adopt a resolution creating such district, determining that the residents of all the territory to be included in such district will be benefited by the creation of such district; and defining the territory comprising such district, which shall be either the territory described in such petition or a part of such territory; provided, however, that all the territory embraced in a hospital district shall be located in one county; and provided, further, that no municipality or part thereof shall be included in any hospital district unless the governing body of such municipality shall have approved thereof by resolution and shall have filed with the Department of Human Resources a certified copy of such resolution. Each hospital district so created shall be designated by the Commission for Medical Facility Services and Licensure as the "..... Hospital District of County," inserting in the blank spaces some name identifying the locality and the name of the county.

Notice of the creation of such hospital district shall be given by publication of the resolution of the Commission for Medical Facility Services and Licensure creating such district, once in each of two successive weeks after the adoption of such resolution, in the newspaper in which the notice of hearing mentioned above

in G.S. 131-126.31 of this Article was published. A notice substantially in the following form (The blanks being first properly filled in), with the printed or written signature of the executive secretary of the Department of Human Resources appended thereto, shall be published with the resolution:

The foregoing resolution was passed by the Commission for Medical Facility Services and Licensure on the day of, 19.., and was first published on the day of, 19...

Any action or proceeding questioning the validity of said resolution or the creation of said Hospital District of County or the inclusion in said district of any of the territory described in said resolution, must be commenced within 30 days after the first publication of said resolution.

.....
Department of Human Resources

Any action or proceeding in any court to set aside a resolution of the Commission for Medical Facility Services and Licensure creating any hospital district, or questioning the validity of any such resolution or the creation of any hospital district or the inclusion in any such district of any of the territory described in the resolution creating such district, must be commenced within 30 days after the first publication of such resolution and such notice. After the expiration of such period of limitation, no right of action or defense founded upon the invalidity of such resolution or the creation of such district or the inclusion of any territory in such district shall be asserted, nor shall the validity of such resolution or the creation of such district or the inclusion of such territory be open to question in any court upon any ground whatever, except in an action or proceeding commenced within such period. (1949, c. 766, s. 5; 1951, c. 805; 1953, c. 1045, s. 2; 1973, c. 476, s. 152.)

Editor's Note.—

The 1973 amendment, effective July 1, 1973, substituted "Commission for Medical Facility Services and Licensure" for "North Carolina Medical Care Commission" in five places and substituted "Department of Human Resources" for "North Carolina Medical Care Commission" in three places. The 1973 amend-

tory act directed that "Commission for Medical Facility Services and Licensure" be substituted for "North Carolina Medical Care Commission" in line two of paragraph four. The last paragraph of the section was obviously intended. The codifiers have deleted "Executive" preceding "Secretary of the Department of Human Resources" at the end of the notice.

Discharge from Hospital.

§ 131-137. **Authority of superintendent or administrator; payment of patient's transportation; refusal to leave after discharge.**—Whenever, in the opinion of the superintendent or administrator of any hospital in this State, and in the opinion of two physicians authorized to practice medicine in this State, any patient should be discharged therefrom as cured, or as no longer needing treatment, or for the reason that treatment cannot benefit his case, or for other good and sufficient reasons, said superintendent or administrator may discharge said patient.

If, upon the discharge of any patient from the hospital, it shall appear to the superintendent or administrator thereof that said patient, upon his discharge, is not financially able to provide himself with transportation to his home or other place to which he may be discharged, said superintendent or administrator, if so empowered by the hospital, may authorize the payment of such transportation on behalf of said patient.

If upon discharge, as described above, and upon tender of transportation or payment therefor under the circumstances authorized above, said patient shall refuse or fail to leave the hospital after being so directed by the superintendent or administrator, such refusal shall constitute a trespass and the patient shall be guilty of a misdemeanor, and upon conviction shall be punished by a fine not to exceed fifty dollars (\$50.00), or imprisoned not more than thirty (30) days. (1965, c. 258.)

ARTICLE 16.

Hospital Facilities Finance Act.

§ 131-138. **Short title.**—This Article shall be known, and may be cited, as the Department of Human Resources Hospital Facilities Finance Act." (1971, c. 597, s. 1; 1973, c. 476, s. 152.)

Editor's Note.—Session Laws 1971, c. 597, s. 2, contains a severability clause.

The 1973 amendment, effective July 1, 1973, substituted "Department of Human Resources" for "North Carolina Medical Care Commission."

Article Held Unconstitutional.—The Supreme Court held this Article unconstitutional under two sections of the State Constitution. Provisions of this Article which authorize local governmental units to enter into lease agreements with the Medical Care Commission (now Department of Human Resources) and which make obligations of any such governmental unit under a lease agreement payable not only from revenues derived from the leased facility but also from revenues derived from other hospital facilities owned

by the lessee and related to the leased facility were held unconstitutional in that they authorize local governmental units to contract a debt without a vote of the people in excess of the amount specified in N.C. Const., Art. V, § 4. Also, the expenditure of public funds raised by taxation to finance or facilitate the financing of the construction of a hospital facility to be privately operated, managed and controlled was held not to be an expenditure for a public purpose and to be prohibited by N.C. Const., Art. V, § 2(1). The Supreme Court then concluded that the unconstitutional portions of this Article are not separable from the remainder of the Article. *Foster v. North Carolina Medical Care Comm'n*, 283 N.C. 110, 195 S.E.2d 517 (1973).

§ 131-139. **Legislative findings.**—It is hereby declared to be the policy of the State of North Carolina to promote the public health and welfare by providing means for the financing, acquiring, constructing, equipping and providing of hospital facilities to serve the people of the State and to make accessible to them modern and efficient hospital facilities.

The General Assembly hereby finds and declares that :

- (1) There is a need to overcome existing and anticipated physical and technical obsolescence of existing hospital facilities and to provide additional, modern and efficient hospital facilities in the State; and

- (2) Unless measures are adopted to alleviate such need, the shortage of such facilities will become increasingly more urgent and serious; and
- (3) In order to meet such shortage and thereby promote the public health and welfare of the people of the State, it is necessary for the State to assist in the providing of adequate, modern and efficient hospital facilities in the State so that health and hospital care and services may be expanded, improved and fostered to the fullest extent practicable.

The General Assembly hereby further finds and declares that the financing, acquiring, constructing, equipping and providing of hospital facilities and such other facilities as may be incidental or appurtenant thereto are public uses and public purposes for which public money may be expended and that enactment of this Article is necessary and proper for effectuating the purposes hereof. (1971, c. 597, s. 1.)

Editor's Note.—The 1973 amendment, effective July 1, 1973, substituted "Depart-

ment of Human Resources" for "North Carolina Medical Care Commission" in subdivision (2) and substituted "Department" for "Commission" in subdivisions (1), (2) and (3).

§ 131-141. Additional powers of Department of Human Resources.—The Department shall have all of the powers necessary or convenient to carry out and effectuate the purposes and provisions of this Article, including, but without limiting the generality of the foregoing, the power:

- (1) To make and execute contracts and agreements necessary or incidental to the exercise of its powers and duties under this Article, including agreements of lease, with public and nonprofit agencies, persons, firms, corporations, governmental agencies and others;

- (13) To sue and be sued in its own name, plead and be impleaded. (1971, c. 597, s. 1; 1973, c. 476, s. 152.)

Editor's Note.—The 1973 amendment, effective July 1, 1973, substituted "Department" for "Commission" throughout this section.

Authority granted by Subdivision (12).—In its broadest aspects, subdivision (12) of this section might be deemed to grant to the Commission (now Department) au-

thority to enter into an agreement with an agency of the federal government or other agency or instrumentality obligating the Commission (now Department) to take actions beyond the scope of this Article. *Foster v. North Carolina Medical Care Comm'n*, 283 N.C. 110, 195 S.E.2d 517 (1973).

§ 131-142. Criteria and requirements.—In undertaking any hospital facilities pursuant to this Article, the Department shall be guided by and shall observe the following criteria and requirements; provided that the determination of the Department as to its compliance with such criteria and requirements shall be final and conclusive:

- (1) There is a need for the hospital facilities in the area in which the hospital facilities are to be located;
- (2) No hospital facilities shall be leased to any public or nonprofit agency which is not financially responsible and capable of fulfilling its obligations under the agreement of lease, including the obligations to pay rent, to operate, repair and maintain at its own expense the hospital facilities leased and to discharge such other responsibilities as may be imposed under the lease;
- (3) Adequate provision shall be made for the payment of the principal of and the interest on the bonds and any necessary reserves therefor and for the operation, repair and maintenance of the hospital facilities at the expense of the lessee; and
- (4) The public facilities, including utilities, and public services necessary

for the hospital facilities will be made available. (1971, c. 597, s. 1; 1973, c. 476, s. 152.)

Editor's Note.—The 1973 amendment, effective July 1, 1973, substituted "Department" for "Commission" in the introductory paragraph.

No Unconstitutional Delegation of Legislative Power.—Where the legislature has declared the policy of the State and has established the broad framework of law within which it is to be accomplished, and has established standards and requirements which the Commission (now Department) is to observe in determining the eligibility of each proposed project for the contemplated financial aid, there is no delegation of legislative power such as would require the conclusion that the Ar-

ticle, in its entirety, is unconstitutional. *Foster v. North Carolina Medical Care Comm'n*, 283 N.C. 110, 195 S.E.2d 517 (1973).

Determination as to Compliance with Criteria, etc., Is Question of Law.—The determination by an administrative body, such as the Commission (now Department), that, in a specific instance, it has complied with conditions precedent to the exercise of its statutory authority is its determination of a question of law and is subject to judicial review. *Foster v. North Carolina Medical Care Comm'n* 283 N.C. 110, 195 S.E.2d 517 (1973).

§ 131-143. Additional powers of public agencies.—For the purposes of this Article, public agencies are authorized and empowered to enter into contracts and agreements, including agreements of lease, with the Department to facilitate the financing, acquiring, constructing, equipping, providing, operating and maintaining of hospital facilities and pursuant to any such agreement of lease to operate, repair and maintain any hospital facilities and subject to the provisions of G.S. 131-145 of this Article to pay the cost thereof and the rent therefor from any funds available for such purposes. (1971, c. 597, s. 1; 1973, c. 476, s. 152.)

Editor's Note.—The 1973 amendment, effective July 1, 1973, substituted "Department" for "Commission."

Expenditure of Public Funds to Finance Construction of Hospital Is Unconstitutional.—The expenditure of public funds raised by taxation to finance, or facilitate the financing of, the construction of a

hospital facility to be privately operated, managed and controlled is not an expenditure for a public purpose and is therefore prohibited by N.C. Const., Art. V, § 2(1). *Foster v. North Carolina Medical Care Comm'n*, 283 N.C. 110, 195 S.E.2d 517 (1973).

§ 131-144. Procedural requirements.—In addition to hospital facilities initiated by the Department, any public or nonprofit agency may submit to the Department, and the Department may consider a proposal using such forms and following such instructions as may be prescribed by the Department for financing hospital facilities. Such proposal shall set forth the type and location of the hospital facilities and may include other information and data available to the public or nonprofit agency respecting the hospital facilities and the extent to which such hospital facilities conform to the criteria and requirements set forth in this Article. The Department may request the proposed lessee to provide additional information and data respecting the hospital facilities. The Department is authorized to make or cause to be made such investigations, surveys, studies, reports and reviews as in its judgment are necessary and desirable to determine the feasibility and desirability of the hospital facilities, the extent to which the hospital facilities will contribute to the health and welfare of the area in which they will be located, the powers, experience, background, financial condition, record of service and capability of the management of the proposed lessee, the extent to which the hospital facilities otherwise conform to the criteria and requirements of this Article, and such other factors as may be deemed relevant or convenient in carrying out the purposes of this Article. (1971, c. 597, s. 1; 1973, c. 476, s. 152.)

Editor's Note.—The 1973 amendment, effective July 1, 1973, substituted "Department" for "Commission" throughout this section.

§ 131-145. Operation of hospital facilities; agreements of lease; conveyance of hospital facilities to lessee.—All hospital facilities shall be operated to serve and benefit the general public and there shall be no discrimination against any person based on race, creed, color or national origin.

The Department may lease any hospital facilities to a public or nonprofit agency for operation and maintenance in such manner as shall effectuate the purposes of this Article, under an agreement of lease in form and substance not inconsistent herewith. Any such agreement of lease may include provisions that:

- (1) The lessee shall, at its own expense, operate, repair and maintain the hospital facilities leased thereunder;
- (2) The rent payable under the lease shall in the aggregate be not less than an amount sufficient to pay all of the interest, principal and any redemption premium on the bonds or notes issued by the Department to pay the cost of the hospital facilities leased thereunder;
- (3) The lessee shall pay all other costs incurred by the Department in connection with the providing of the hospital facilities leased, except such costs as may be paid out of the proceeds of bonds or notes or otherwise, including, but without limitation, insurance costs, the cost of administering the resolution authorizing the issuance of, or any trust agreement securing, such bonds or notes and the fees and expenses of trustees, paying agents, attorneys, consultants and others;
- (4) The lease shall terminate not earlier than on the date on which all such bonds and all other obligations incurred by the Department in connection with the hospital facilities leased thereunder shall be paid in full or adequate funds for such payment shall be deposited in trust; and
- (5) The lessee's obligation to pay rent shall not be subject to cancellation, termination or abatement by the lessee until the bonds have been paid or sufficient funds have been made available for such payment.

All obligations payable by a public agency under an agreement of lease, including the obligation to pay rent and to pay the costs of operating, repairing and maintaining hospital facilities, shall be payable solely from the revenues of the hospital facilities being leased or other hospital facilities of the public agency related thereto and shall not be payable from or charged upon any funds of the public agency other than the revenues pledged to such payment; provided, however, that nothing herein shall restrict the power of any county, city, town or other political subdivision of the State or any hospital district created pursuant to Article 13C of Chapter 131 of the General Statutes to submit to its qualified voters a hospital facility maintenance tax under Article 13B of said Chapter 131 for the purposes of financing the cost of operation, equipment and maintenance of any hospital facility financed under this Article, and all hospital facilities authorized to be financed under this Article and leased to public agencies are hereby declared to be included within the definition "hospital facility" as used in said Article 13B.

Where the site for the hospital facilities has been conveyed by a public or nonprofit agency lessee to the Department without the payment of any consideration therefor to such lessee or where the cost of acquiring the site has been paid from bond or note proceeds and when all bonds or notes issued and obligations incurred by the Department in connection with such hospital facilities shall have been paid or sufficient funds made available for such payment, whether during or at the expiration of the term of the lease, the title to such hospital facilities shall promptly be conveyed by the Department to such lessee. (1971, c. 597, s. 1; 1973, c. 476, s. 152.)

Editor's Note.—The 1973 amendment, ment" for "Commission" throughout this effective July 1, 1973, substituted "Depart- section.

Constitutionality of Section.—The provision of this section making obligations of local government units under a lease agreement payable not only from revenues derived from the leased facility but also from revenues derived from other hospital facilities owned by the lessee and related to the leased facility was held unconstitutional in that they authorize local government units to contract a debt without a vote of the people in excess of the amount specified in N.C. Const., Art. V, § 4.

Foster v. North Carolina Medical Care Comm'n, 283 N.C. 110, 195 S.E.2d 517 (1973).

The expenditure of public funds raised by taxation to finance, or facilitate the financing of, the construction of a hospital facility to be privately operated, managed and controlled is not a public purpose and is therefore prohibited by N.C. Const., Art. V, § 2(1). *Foster v. North Carolina Medical Care Comm'n*, 283 N.C. 110, 195 S.E.2d 517 (1973).

§ 131-146. Construction contracts. — Contracts for the construction of any hospital facilities on behalf of a public agency shall be awarded by the Department in accordance with Article 8 of Chapter 143 of the General Statutes. If the Department shall determine that the purposes of this Article will be more effectively served, the Department in its discretion may award or cause to be awarded contracts for the construction of any hospital facilities on behalf of a nonprofit agency upon a negotiated basis as determined by the Department. The Department shall prescribe such bid security requirements and other procedures in connection with the award of such contracts as in its judgment shall protect the public interest. The Department may by written contract engage the services of the lessee or prospective lessee of any hospital facilities in the construction of such hospital facilities and may provide in such contract that the lessee or prospective lessee, subject to such conditions and requirements consistent with the provisions of this Article as shall be prescribed in such contract, may act as an agent of, or an independent contractor for, the Department for the performance of the functions described therein, including the acquisition of the site and other real property for such hospital facilities, the preparation of plans, specifications and contract documents, the award of construction and other contracts upon a competitive or negotiated basis; the construction of such hospital facilities directly by such lessee or prospective lessee, the inspection and supervision of construction, the employment of engineers, architects, builders and other contractors and the provision of money to pay the cost thereof pending reimbursement by the Department. Any such contract may provide that the Department may, out of proceeds of bonds or notes, make advances to or reimburse the lessee or prospective lessee for its costs incurred in the performance of such functions, and shall set forth the supporting documents required to be submitted to the Department and the reviews, examinations and audits that shall be required in connection therewith to assure compliance with the provisions of this Article and such contract. (1971, c. 597, s. 1; 1973, c. 476, s. 152.)

Editor's Note.— The 1973 amendment, ment" for "Commission" throughout this effective July 1, 1973, substituted "Depart- section.

§ 131-147. Credit of State not pledged.—Bonds or notes issued under the provisions of this Article shall not be deemed to constitute a debt, liability or obligation of the State or of any political subdivision thereof or a pledge of the faith and credit of the State or of any such political subdivision, but shall be payable solely from the revenues and other funds provided therefor. Each bond or note issued under this Article shall contain on the face thereof a statement to the effect that the Department shall not be obligated to pay the same nor the interest thereon except from the revenues and other funds pledged therefor and that neither the faith and credit nor the taxing power of the State or of any political subdivision thereof is pledge to the payment of the principal of or the interest on such bond or note.

Expenses incurred by the Department in carrying out the provisions of this Article may be made payable from funds provided pursuant to, or made available for use under, this Article and no liability shall be incurred by the Depart-

ment hereunder beyond the extent to which moneys shall have been so provided. (1971, c. 597, s. 1; 1973, c. 476, s. 152.)

Editor's Note.—The 1973 amendment, effective July 1, 1973, substituted "Department" for "Commission" in three places.

Article Does Not Authorize Pledging Credit of State.—This Article does not authorize the contracting of a debt by the

State, or its agency, or the pledging, giving, or lending of the faith and credit of the State, or of its agency, in violation of N.C. Const., Art. V, § 3(1) and (2). *Foster v. North Carolina Medical Care Comm'n*, 283 N.C. 110, 195 S.E.2d 517 (1973).

§ 131-148. **Bonds and notes.**—The Department is hereby authorized to provide for the issuance, at one time or from time to time, of bonds, or notes in anticipation of the issuance of bonds, of the Department to carry out and effectuate its corporate purposes. The principal of and the interest on such bonds or notes shall be payable solely from funds provided under this Article for such payment. Any such notes may be made payable from the proceeds of bonds or renewal notes or, in the event bond or renewal note proceeds are not available, such notes may be paid from any available revenues or other funds provided therefor. The bonds or notes of each issue shall be dated and may be made redeemable before maturity at the option of the Department at such price or prices and upon such terms and conditions as may be determined by the Department. Any such bonds or notes shall bear interest at such rate or rates as may be determined by the Local Government Commission of North Carolina with the approval of the Department. Notes shall mature at such time or times not exceeding 10 years from their date or dates and bonds shall mature at such time or times not exceeding 40 years from their date or dates, as may be determined by the Department. The Department shall determine the form and manner of execution of the bonds or notes, including any interest coupons to be attached thereto, and shall fix the denomination or denominations and the place or places of payment of principal and interest, which may be any bank or trust company within or without the State. In case any officer whose signature or a facsimile of whose signature shall appear on any bonds or notes or coupons attached thereto shall cease to be such officer before the delivery thereof, such signature or such facsimile shall nevertheless be valid and sufficient for all purposes the same as if he had remained in office until such delivery. The Department may also provide for the authentication of the bonds or notes by a trustee or fiscal agent. The bonds or notes may be issued in coupon or in registered form, or both, as the Department may determine, and provision may be made for the registration of any coupon bonds or notes as to principal alone and also as to both principal and interest, and for the reconversion into coupon bonds or notes of any bonds or notes registered as to both principal and interest, and for the interchange of registered and coupon bonds or notes. No bonds or notes may be issued by the Department under this Article unless the issuance thereof is approved by the Local Government Commission of North Carolina.

The Department shall file with the Secretary of the Local Government Commission an application requesting approval of the issuance of such bonds or notes which shall contain such information and have attached to it such documents concerning the proposed financing and prospective lessee as the Secretary may require.

In determining whether a proposed bond or note issue should be approved, the Local Government Commission may consider, in addition to the criteria and requirements mentioned in G.S. 131-142 of this Article, the effect of the proposed financing upon any scheduled or proposed sale of tax-exempt obligations by the State or any of its agencies or departments or by any unit of local government in the State.

The Local Government Commission shall approve the issuance of such bonds or notes if, upon the information and evidence it receives, it finds and determines that the proposed financing will effectuate the purposes of this Article.

Upon the filing with the Local Government Commission of a resolution of the Department requesting that its bonds or notes be sold, such bonds or notes may

be sold in such manner, either at public or private sale, and for such price as the Local Government Commission shall determine to be for the best interests of the Department and effectuate best the purposes of this Article, provided that such sale shall be approved by the Department.

The proceeds of any bonds or notes shall be used solely for the purposes for which issued and shall be disbursed in such manner and under such restrictions, if any, as the Department may provide in the resolution authorizing the issuance of, or any trust agreement securing, such bonds or notes.

Prior to the preparation of definitive bonds, the Department may, under like restrictions, issue interim receipts or temporary bonds, with or without coupons, exchangeable for definitive bonds, when such bonds shall have been executed and are available for delivery. The Department may also provide for the replacement of any bonds or notes which shall become mutilated or shall be destroyed or lost.

Bonds or notes may be issued under the provisions of this Article without obtaining, except as otherwise expressly provided in this Article, the consent of any department, division, commission, board, body, bureau or agency of the State, and without any other proceedings or the happening of any conditions or things other than those proceedings, conditions or things which are specifically required by this Article and the provisions of the resolution authorizing the issuance of, or any trust agreement securing, such bonds or notes. (1971, c. 597, s. 1; 1973, c. 476, s. 152.)

Editor's Note.—The 1973 amendment, effective July 1, 1973, substituted "Department" for "Commission" throughout this section.

Stated in Foster v. North Carolina Medical Care Comm'n, 283 N.C. 110, 195 S.E.2d 517 (1973).

§ 131-149. Trust agreement or resolution.—In the discretion of the Department any bonds or notes issued under the provisions of this Article may be secured by a trust agreement by and between the Department and a corporate trustee, which may be any trust company or bank having the powers of a trust company within or without the State. Such trust agreement or the resolution authorizing the issuance of such bonds or notes may pledge or assign all or any part of the revenues of the Department received pursuant to this Article, including, without limitation, fees, rents, charges, insurance proceeds, condemnation awards and any other revenues and funds received in connection with any hospital facilities, but shall not mortgage any hospital facilities. Such trust agreement or resolution may contain such provisions for protecting and enforcing the rights and remedies of the holders of any such bonds or notes as may be reasonable and proper and not in violation of law, including covenants setting forth the duties of the Department in relation to the purposes to which bond or note proceeds may be applied, the disposition or pledging of the revenues of the Department, the duties of the Department with respect to the acquisition, construction, maintenance, repair and operation of any hospital facilities, the fees, rents and charges to be fixed and collected in connection therewith, the terms and conditions for the issuance of additional bonds or notes, and the custody, safeguarding and application of all moneys. It shall be lawful for any bank or trust company incorporated under the laws of the State which may act as depository of the proceeds of bonds or notes, revenues or other money hereunder to furnish such indemnifying bonds or to pledge such securities as may be required by the Department. Any such trust agreement or resolution may set forth the rights and remedies of the holders of any bonds or notes and of the trustee, and may restrict the individual right of action by any such holders. In addition to the foregoing, any such trust agreement or resolution may contain such other provisions as the Department may deem reasonable and proper for the security of the holders of any bonds or notes. Expenses incurred in carrying out the provisions of such trust agreement or resolution may be treated as a part of the cost of any hospital facilities or paid from

the revenues pledged or assigned to the payment of the principal of and the interest on bonds or notes or from any other funds available to the Department. (1971, c. 597, s. 1; 1973, c. 476, s. 152.)

Editor's Note.—The 1973 amendment, effective July 1, 1973, substituted "Department" for "Commission" throughout this section.

§ 131-150. **Revenues; pledges of revenues.** — (a) The Department is hereby authorized to fix and to collect fees, rents and charges for the use of any hospital facilities, and any part or section thereof, and to contract with any public or nonprofit agency for the use thereof. The Department may require that the lessee or users of any hospital facilities or any part thereof shall operate, repair and maintain such facilities and shall bear the cost thereof and other costs of the Department in connection therewith, subject to the provisions of G.S. 131-145 of this Article with respect to public agency lessees, as may be provided in the agreement of lease or other contract with the Department, in addition to other obligations imposed under such agreement or contract.

(b) The fees, rents and charges shall be fixed so as to provide a fund sufficient with such other funds as may be made available therefor, (i) to pay the costs of operating, repairing and maintaining the hospital facilities, to the extent that adequate provision for the payment of such costs has not otherwise been provided for, (ii) to pay the principal of and the interest on all the bonds as the same shall become due and payable and (iii) to create and maintain any reserves provided for in the resolution authorizing the issuance of, or any trust agreement securing, such bonds; provided, however, that nothing herein shall prohibit the application of fees, rents and charges to the payment of debt service on the bonds prior to the payment of the costs of operating, repairing and maintaining the hospital facilities.

(c) All pledges of fees, rents, charges and other revenues under the provisions of this Article shall be valid and binding from the time when such pledges are made. All such revenues so pledged and thereafter received by the Department shall immediately be subject to the lien of such pledge without any physical delivery thereof or further act, and the lien of any such pledge shall be valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the Department, irrespective of whether such parties have notice thereof. The resolution or any trust agreement by which a pledge is created or any lease need not be filed or recorded except in the records of the Department. (1971, c. 597, s. 1; 1973, c. 476, s. 152.)

Editor's Note.—The 1973 amendment, effective July 1, 1973, substituted "Department" for "Commission" throughout this section.

The resolution authorizing the issuance of, or any trust agreement securing, any bonds or notes may provide that any of such moneys may be temporarily invested pending the disbursement thereof and shall provide that any officer with whom, or any bank or trust company with which, such moneys shall be deposited shall act as trustee of such moneys and shall hold and apply the same for the purposes of this Article, subject to such regulations as this Article and such resolution or trust agreement may provide. Any such moneys may be invested as provided in G.S. 159-28.1, as it may be amended from time to time. (1971, c. 597, s. 1.)

§ 131-152. Remedies.—Any holder of bonds or notes issued under the provisions of this Article or any coupons appertaining thereto, and the trustee under any trust agreement or resolution authorizing the issuance of such bonds or notes, except to the extent the rights herein given may be restricted by such trust agreement or resolution, may, either at law or in equity, by suit, action, mandamus or other proceeding, protect and enforce any and all rights under the laws of the State or granted hereunder or under such trust agreement or resolution, or under any other contract executed by the Department pursuant to this Article, and may enforce and compel the performance of all duties required by this Article or by such trust agreement or resolution to be performed by the Department or by any officer thereof. (1971, c. 597, s. 1; 1973, c. 476, s. 152.)

Editor's Note.—The 1973 amendment, effective July 1, 1973, substituted "Department" for "Commission" in two places.

§ 131-153. Negotiable instruments.—Notwithstanding any of the foregoing provisions of this Article or any recitals in any bonds or notes issued under the provisions of this Article, all such bonds or notes and interest coupons appertaining thereto shall be and are hereby made negotiable instruments under the laws of this State, subject only to any applicable provisions for registration. (1971, c. 597, s. 1.)

Stated in *Foster v. North Carolina Medical Care Comm'n*, 283 N.C. 110, 195 S.E.2d 517 (1973).

§ 131-154. Bonds or notes eligible for investment.—Bonds or notes issued under the provisions of this Article are hereby made securities in which all public officers and public bodies of the State and its political subdivisions, all insurance companies, trust companies, banking associations, investment companies, executors, administrators, trustees and other fiduciaries may properly and legally invest funds, including capital in their control or belonging to them. Such bonds or notes are hereby made securities which may properly and legally be deposited with and received by any State or municipal officer or any agency or political subdivision of the State for any purpose for which the deposit of bonds, notes or obligations of the State is now or may hereafter be authorized by law. (1971, c. 597, s. 1.)

Effect of Section.—By this section this Article makes it lawful for guardians of and trustees for minor children and incompetents, executors and administrators of estates and trustees of charities to invest the capital held in trust for such wards and beneficiaries in these bonds, for which

no one is personally liable and which are unsecured except by a pledge of revenues to be produced in the future by such hospital facilities. *Foster v. North Carolina Medical Care Comm'n*, 283 N.C. 110, 195 S.E.2d 517 (1973).

§ 131-155. Refunding bonds or notes.—The Department is hereby authorized to provide for the issuance of refunding bonds or notes for the purpose of refunding any bonds or notes then outstanding which shall have been issued under the provisions of this Article, including the payment of any redemption premium thereon and any interest accrued or to accrue to the date of redemption of such bonds or notes and, if deemed advisable by the Department for any corporate purpose of the Department, including, without limitation.

- (1) Constructing improvements, additions, extensions or enlargements of the hospital facilities in connection with which the bonds or notes to be refunded shall have been issued, and
- (2) Paying all or any part of the cost of any additional hospital facilities.

The issuance of such bonds or notes, the maturities and other details thereof, the rights of the holders thereof, and the rights, duties and obligations of the Department in respect of the same shall be governed by the provisions of this Ar-

ticle which relate to the issuance of bonds or notes, insofar as such provisions may be appropriate therefor.

Refunding bonds or notes may be sold or exchanged for outstanding bonds or notes issued under this Article and, if sold, the proceeds thereof may be applied, in addition to any other authorized purposes, to the purchase, redemption or payment of such outstanding bonds or notes. Pending the application of the proceeds of any such refunding bonds or notes, with any other available funds, to the payment of the principal, accrued interest and any redemption premium on the bonds or notes being refunded, and, if so provided or permitted in the resolution authorizing the issuance of, or in the trust agreement securing, such bonds or notes, to the payment of any interest on such refunding bonds or notes and any expenses in connection with such refunding, such proceeds may be invested in direct obligations of, or obligations the principal of and the interest on which are unconditionally guaranteed by, the United States of America which shall mature or which shall be subject to redemption by the holders thereof, at the option of such holders, not later than the respective dates when the proceeds, together with the interest accruing thereon, will be required for the purposes intended. (1971, c. 597, s. 1; 1973, c. 476, s. 152.)

Annual report.—The Department shall, promptly following the close of each fiscal year, submit an annual report of its activities under this Article for the preceding year to the Governor, the State Auditor, the General Assembly, the Advisory Budget Commission and the Local Government Commission. The Department shall cause an audit of its books and accounts relating to its activities under this Article to be made at least once in each year by an independent certified public accountant and the cost thereof may be paid from any available moneys of the Department. (1971, c. 597, s. 1; 1973, c. 476, s. 152.)

Editor's Note.—The 1973 amendment, effective July 1, 1973, substituted "Department" for "Commission."

§ 131-158. Tax exemption.—The exercise of the powers granted by this Article will be in all respects for the benefit of the people of the State and will promote their health and welfare, and the Department shall not be required to pay any tax or assessment on any property owned by the Department under the provisions of this Article or upon the income therefrom.

Any bonds or notes issued by the Department under the provisions of this Article, their transfer and the income therefrom (including any profit made on the sale thereof), shall at all times be free from taxation by the State or any local unit or political subdivision or other instrumentality of the State, excepting inheritance or gift taxes. (1971, c. 597, s. 1; 1973, c. 476, s. 152.)

§ **131-159. Conflict of interest.**—If any member, officer or employee of the Department shall be interested either directly or indirectly, or shall be an officer or employee of or have an ownership interest in any firm or corporation interested directly or indirectly in any contract with the Department, such interest shall be disclosed to the Department and shall be set forth in the minutes of the Department, and the member, officer or employee having such interest therein shall not participate on behalf of the Department in the authorization of any such contract. (1971, c. 1107, s. 1.)

§ 133-7. **Definitions.**—As used in this Article:

- (1) “Agency” means the State of North Carolina or any board, bureau, commission, institution, or other agency of the State, or any board or gov-

erning body of a political subdivision of the State, or an agency, commission, or authority of a political subdivision of the State.

- (2) "Business" means any lawful activity, excepting a farm operation, conducted primarily :
 - a. For the purchase, sale, lease and rental of personal and real property, and for the manufacture, processing, or marketing of products, commodities, or any other personal property ;
 - b. For the sale of services to the public ;
 - c. By a nonprofit organization ; or
 - d. Solely for the purposes of G.S. 133-8(a), for assisting in the purchase, sale, resale, manufacture, processing, or marketing of products, commodities, personal property, or services by the erection and maintenance of an outdoor advertising display or displays, whether or not such display or displays are located on the premises on which any of the above activities are conducted.
- (3) "Displaced person" means any person who, on or after January 1, 1972, moves from real property or moves his personal property from real property, as a result of the acquisition of such real property, in whole or in part, or as the result of the written order of the acquiring agency to vacate real property for a program or project undertaken by an agency ; and solely for the purposes of G.S. 133-8(a) and (b) and G.S. 133-11, as a result of the acquisition of or as a result of the written order of the acquiring agency to vacate other real property, on which such person conducts a business or farm operation, for such program or project.

- (7) "Relocation officer" means the head of the department delegated the authority to carry out relocation policies by the agency. (1971, c. 1107, s. 1.)

§ 133-8. Moving and related expenses.—(a) Whenever the acquisition of real property for a program or project undertaken by an agency will result in the displacement of any person, such agency may make a payment to any displaced person, upon application as approved by the head of the agency for :

- (1) Actual reasonable expenses in moving himself, his family, business, farm operation, or other personal property ;
- (2) Actual direct losses of tangible personal property as a result of moving or discontinuing a business or farm operation, but not to exceed an amount equal to the reasonable expenses that would have been required to relocate such property, as determined by the relocation officer ; and
- (3) Actual reasonable expenses in searching for a replacement business or farm.

(b) Any displaced person eligible for payments under subsection (a) of this section who is displaced from a dwelling and who elects to accept the payments authorized by this subsection in lieu of the payments authorized by subsection (a) of this section may receive a moving expense or allowance, determined according

to a schedule established by the head of the agency, not to exceed three hundred dollars (\$300.00); and a dislocation allowance of two hundred dollars (\$200.00).

(c) Any displaced person eligible for payments under subsection (a) of this section who is displaced from his place of business or from his farm operation and who elects to accept the payment authorized by this subsection in lieu of the payment authorized by subsection (a) of this section, may receive a fixed payment in an amount equal to the average annual net earnings of the business or farm operation, except that such payment shall be not less than two thousand five hundred dollars (\$2,500) nor more than ten thousand dollars (\$10,000). In the case of a business no payment shall be made under this subsection unless the head of the agency is satisfied that the business (i) cannot be relocated without a substantial loss of its existing patronage, and (ii) is not a part of a commercial enterprise having at least one other establishment not being acquired by the agency which is engaged in the same or similar business. For purposes of this subsection, the term "average annual net earnings" means one half of any net earnings of the business or farm operation, before federal, State, and local income taxes, during the two taxable years immediately preceding the taxable year in which such business or farm operation moves from the real property acquired for such project, or during such other period as the head of such agency determines to be more equitable for establishing such earnings, and includes any compensation paid by the business or farm operation to the owner, his spouse, or his dependents during such period. To be eligible for the payment authorized by this section, the business or farm operation must make its State income tax returns available, as well as its financial statements and accounting records for confidential use to determine the payment authorized by this section. (1971, c. 1107, s. 1.)

§ 133-9. Replacement housing for homeowners.—(a) In addition to payments otherwise authorized by this Article the agency may make an additional payment not in excess of fifteen thousand dollars (\$15,000) to any displaced person who is displaced from a dwelling actually owned and occupied by such displaced person for not less than 180 days prior to the initiation of negotiations for the acquisition of the property. Such additional payment shall include the following elements:

- (1) The amount, if any, which when added to the acquisition cost of the dwelling acquired by the agency, equals the reasonable cost of a comparable replacement dwelling which is a decent, safe, and sanitary dwelling adequate to accommodate such displaced person, reasonably accessible to public services and places of employment and available on the private market. All determinations required to carry out this section shall be made in accordance with standards established by the agency making the additional payment.
- (2) The amount, if any, shall be the amount which will compensate such displaced person for any increased interest costs which such person is required to pay for financing the acquisition of any such comparable replacement dwelling. Such amount shall be paid only if the dwelling acquired by the agency was encumbered by a bona fide mortgage which was a valid lien on such dwelling for not less than 180 days prior to the initiation of negotiations for the acquisition of such dwelling. Such amount shall be equal to the excess in the aggregate interest and other debt service costs of that amount of the principal of the mortgage on the replacement dwelling which is equal to the unpaid balance of the mortgage on the acquired dwelling, over the remainder term of the mortgage on the acquired dwelling, reduced to discounted present value. The discount rate shall be the prevailing interest rate paid on savings deposits by commercial banks in the general area in which the replacement dwelling is located.

- (3) Reasonable expenses incurred by such displaced person for evidence of title, recording fees, and other closing costs incident to the purchase of the replacement dwelling, but not including prepaid expenses.

(b) The additional payment authorized by this section shall be made only to such a displaced person who purchases and occupies a replacement dwelling which is decent, safe, and sanitary not later than the end of the one-year period beginning on the date on which he receives from the agency final payment of all costs of the acquired dwelling, or on the date on which he moves from the acquired dwelling, whichever is the later date.

(c) The agency may, in cooperation with any federal agency upon application by a mortgagee, insure any mortgage (including advances during construction) on a comparable replacement dwelling executed by a displaced person assisted under this section, which mortgage is eligible for insurance under any federal law administered by such agency notwithstanding any requirements under such law relating to age, physical condition, or other personal characteristics of eligible mortgagors, and may make commitments for the insurance of such mortgage prior to the date of execution of the mortgage. (1971, c. 1107, s. 1.)

§ 133-10. Replacement housing for tenants and certain others.—In addition to amounts otherwise authorized by this Article, the agency may make a payment to or for any displaced person displaced from any dwelling not eligible to receive a payment under G.S. 133-9 which dwelling was actually and lawfully occupied by such displaced person for not less than 90 days prior to the initiation of negotiations for acquisition of such dwelling. Such payment shall be either:

- (1) The amount necessary to enable such displaced person to lease or rent for a period not to exceed four years, a decent, safe, and sanitary dwelling of standards adequate to accommodate such person in areas not generally less desirable in regard to public utilities and public and commercial facilities, and reasonably accessible to his place of employment, but not to exceed four thousand dollars (\$4,000), or
- (2) The amount necessary to enable such person to make a down payment (including incidental expenses described in G.S. 133-9(a)(3), on the purchase of a decent, safe, and sanitary dwelling of standards adequate to accommodate such person in areas not generally less desirable in regard to public utilities and public and commercial facilities, but not to exceed four thousand dollars (\$4,000), except that if such amount exceeds two thousand dollars (\$2,000), such person must equally match any such amount in excess of two thousand dollars (\$2,000), in making the down payment. (1971, c. 1107, s. 1.)

§ 133-11. Relocation assistance advisory services. — (a) Whenever the acquisition of real property for a program or project undertaken by an agency will result in the displacement of any person the agency may provide a relocation assistance advisory program for displaced persons which shall offer the services described in subsection (c) of this section. If the relocation officer determines that any person occupying property immediately adjacent to the real property acquired is caused substantial economic injury because of the acquisition, he may offer such person relocation advisory services under such program.

(b) All agencies administering programs which may be of assistance to displaced persons covered by this Article shall cooperate to the maximum extent feasible with the agency causing the displacement to assure that such displaced persons receive the maximum assistance available to them.

(c) Each relocation assistance advisory program authorized by subsection (a) of this section shall include such measures, facilities, or services as may be necessary or appropriate in order to:

- (1) Determine the need, if any, of displaced persons, for relocation assistance;

- (2) Provide current and continuing information on the availability, prices and rentals, of comparable decent, safe, and sanitary sales and rental housing, and of comparable commercial properties and locations for displaced businesses;
 - (3) Assure that, within a reasonable period of time, prior to displacement there will be available in areas not generally less desirable in regard to public utilities and public and commercial facilities and at rents or prices within the financial means of the families and individuals displaced, decent, safe, and sanitary dwellings, as defined by such agency head, equal in number to the number of and available to such displaced persons who require such dwellings and reasonably accessible to their places of employment, except that the agency head may prescribe by regulation situations when such assurances may be waived;
 - (4) Assist a displaced person displaced from his business or farm operation in obtaining and becoming established in a suitable replacement location;
 - (5) Supply information concerning federal and State housing programs, disaster loan programs, and other federal or State programs offering assistance to displaced persons; and
 - (6) Provide other advisory services to displaced persons in order to minimize hardships to such persons in adjusting to relocation.
- (d) The agencies shall coordinate relocation activities with project work and other planned or proposed governmental actions in the community or nearby areas which may affect the carrying out of relocation assistance programs. (1971, c. 1107, s. 1.)

§ 133-12. Expenses incidental to transfer of property.—(a) In addition to amounts otherwise authorized by this Article, the agency is authorized to reimburse or to pay on behalf of the owners of real property acquired for a program or project for reasonable and necessary expenses incurred for:

- (1) Recording fees, transfer taxes, and similar expenses incidental to conveying such property;
- (2) Penalty costs for prepayment of any preexisting mortgage recorded and entered into in good faith encumbering such real property; and
- (3) The pro rata portion of real property taxes paid which are allocable to a period subsequent to vesting of title in the agency, or the effective date of possession of such real property by the agency, whichever is earlier.

(b) Local taxing authorities shall accept prepayment of the agency's estimate of the amount of any taxes not levied but constituting a lien against real estate acquired by the agency, or the agency's estimate of its pro rata portion of such taxes, and such prepayment shall be applied to such taxes upon levy being made. (1971, c. 1107, s. 1.)

§ 133-13. Administration.—(a) The agency may enter into contracts with any individual, firm, association or corporation for services in connection with relocation assistance programs.

(b) The agency shall in carrying out relocation assistance activities utilize, whenever practicable, the services of other State or local agencies having experience in the administration or conduct in similar housing assistance activities.

(c) In acquisition of right-of-way for any State highway project, a municipality making the acquisition shall be vested with the same authority to render such services and to make such payments as is given the Board of Transportation in this Article. Such municipalities furnishing right-of-way are authorized to enter into

contracts with any other municipal corporation, or State or federal agency, rendering such services. (1971, c. 1107, s. 1; 1973, c. 507, s. 5.)

Editor's Note.—The 1973 amendment, of Transportation" for "State Highway effective July 1, 1973, substituted "Board Commission" in subsection (c).

The agency is authorized and empowered to adopt all or any part of applicable federal rules and regulations which are necessary or desirable to implement this Article. Such rules and regulations shall include, but not be limited to, provisions relating to:

- (4) Standards for decent, safe and sanitary dwelling;
- (5) Eligibility of displaced persons for relocation assistance payments, the procedure for such persons to claim such payments, and the amounts thereof;
- (6) Procedure for an aggrieved displaced person to have his determination of eligibility or amount of payment reviewed by the agency head or its administrative officer;
- (7) Projects or classes of projects on which payments as herein provided will be made. (1971, c. 1107, s. 1.)

§ 133-15. Payments not to be considered as income.—No payment received under this Article shall be considered as income for the purposes of the State income tax law; nor shall such payments be considered as income or resources to any recipient of public assistance and such payment shall not be deducted from the amount of aid to which the recipient would otherwise be entitled under the provisions of Chapter 108 of the General Statutes. (1971, c. 1107, s. 1.)

§ 133-16. Real property furnished to the federal government.—Whenever real property is acquired by an agency and furnished as a required contribution to a federal project, the agency has the authority to make all payments and to provide all assistance in the same manner and to the same extent as in cases of acquisition by the agency of real property for a federal aid project. (1971, c. 1107, s. 1.)

§ 135-3. Membership.—The membership of this Retirement System shall be composed as follows:

- (1) All persons who shall become teachers or state employees after the date as of which the Retirement System is established. On and after July 1, 1947, membership in the Retirement System shall begin 90 days

after the election, appointment or employment of a "teacher or employee" as the terms are defined in this Chapter. On and after July 1, 1955, membership in the Retirement System shall begin immediately upon the election, appointment or employment of a "teacher or employee," as the terms are defined in this Chapter. Provided, that every person who is employed by the State as a State highway patrolman or other law-enforcement officer as defined in G.S. 143-166(m) shall automatically become a member of the Teachers' and State Employees' Retirement System unless such person shall, within 15 days after his employment, become a member of the Law-Enforcement Officers' Benefit and Retirement Fund, in which event such person shall not be entitled to membership in the Teachers' and State Employees' Retirement System; provided, that any such State employee who joins said fund and is later transferred to a position other than one described in G.S. 143-166(m) shall be enrolled in the Teachers' and State Employees' Retirement System and in addition thereto be entitled to transfer to this Retirement System his contributions in lump sum and credits for membership and prior service standing to his credit in the Law-Enforcement Officers' Benefit and Retirement Fund. Upon request for transfer of such credits, the State's employer contributions shall also be paid to the Teachers' and State Employees' Retirement System by the executive secretary of the Law-Enforcement Officers' Benefit and Retirement Fund. This right shall apply retroactively in the case of any member who heretofore has transferred to nonlaw-enforcement duties.

Under such rules and regulations as the board of trustees may establish and promulgate, Cooperative Agricultural Extension Service employees may, in the discretion of the governing authority of a county, become members of the Teachers' and State Employees' Retirement System to the extent of that part of their compensation derived from a county. On and after July 1, 1965, new extension service employees in the employ of a county participating in the Local Governmental Employees' Retirement System are hereby excluded from participation in the Teachers' and State Employees' Retirement System to the extent of that part of their compensation derived from a county; provided that on and after July 1, 1965, new extension service employees who are required to accept a federal Civil Service appointment may elect in writing, on a form acceptable to the Retirement System, to be excluded from the Teachers' and State Employees' Retirement System and the Local Retirement System.

- (3) Should any member in any period of six consecutive years after becoming a member be absent from service more than five years, or should he withdraw his accumulated contributions, or should he become a beneficiary or die, he shall thereupon cease to be a member: Provided that on and after July 1, 1967, should any member in any period of eight consecutive years after becoming a member be absent from service more than seven years, or should he withdraw his accumulated contributions, or should he become a beneficiary or die, he shall thereupon cease to be a member; provided further that the period of absence from service shall be computed from January 1, 1962, or later date of separation for any member whose contributions were not withdrawn prior to July 1, 1967: Provided that on and after July 1, 1971, a member shall cease to be a member only if he withdraws his accumulated contributions, or becomes a beneficiary, or dies.
- (5) Any teacher or State employee whose membership is contingent on his own election and who elects not to become a member may thereafter apply for and be admitted to membership; but no such teacher or State

employee shall receive prior service credit unless he elected to become a member prior to July 1, 1946. Any such member on or after June 30, 1965, anything in this Chapter to the contrary, may deposit in the annuity savings fund by a single payment the contributions plus interest which would have been credited to his account had he not signed a nonelection blank on or before January 1, 1942, and be entitled to such membership service credits and any prior service credits which became void upon execution of such nonelection blank; provided that the employer will pay the appropriate matching contributions.

- (6) No person who becomes a teacher or employee, as the terms are defined in this Chapter, shall thereby become a member of the Retirement System who is elected, appointed, employed or reemployed after he has attained the age of 62 years: Provided, however, that this will not apply to any member whose account is active upon his return to service.
- (7) The provisions of this subdivision (7) shall apply to any member whose retirement became effective prior to July 1, 1963 and who became entitled to benefits hereunder in accordance with the provisions hereof. Such benefits shall be computed in accordance with the provisions of G.S. 135-5(b) as in effect at the date of such retirement.
 - a. Notwithstanding any other provision of this Chapter, any member who separates from service prior to the attainment of the age of 60 years for any reason other than death or retirement for disability as provided in G.S. 135-5(d), after completing 20 or more years of creditable service, and who leaves his total accumulated contributions in said System shall have the right to retire on a deferred retirement allowance upon attaining the age of 60 years: Provided, that such member may retire only upon written application to the Board of Trustees setting forth at what time, not less than 30 days nor more than 90 days subsequent to the execution and filing thereof, he desires to be retired. Such deferred retirement allowance shall be computed in accordance with the provisions of G.S. 135-5(b), subdivisions (1), (2) and (3).
 - b. In lieu of the benefits provided in paragraph a of this subdivision (7), any member who separates from service on or after July 1, 1951 and prior to the attainment of the age of 60 years, for any reason other than death or retirement for disability as provided in G.S. 135-5(d), after completing 30 or more years of creditable service, and who leaves his total accumulated contributions in said System, may elect to retire on an early retirement allowance; provided that such member may so retire only upon written application to the Board of Trustees setting forth at what time, not less than 30 days nor more than 90 days subsequent to the execution and filing thereof, he desires to be retired; provided further that such application shall be duly filed within 60 days following the date of such separation. Such early retirement allowance so elected shall be the actuarial equivalent of the deferred retirement allowance otherwise payable at the attainment of the age of 60 years upon proper application therefor.
 - c. In lieu of the benefits provided in paragraph a of this subdivision (7), any member who separated from service before July 1, 1951 and prior to the age of 60 years for any reason other than death or retirement for disability as provided in G.S. 135-5(d), and who left his total accumulated contributions in said Sys-

tem, may elect to retire on an early retirement allowance; provided that such member may so retire only upon written application to the Board of Trustees setting forth at what time, subsequent to July 1, 1951 and not less than 30 days nor more than 90 days subsequent to the execution and filing thereof, he desires to be retired; provided that such application shall be duly filed not later than August 31, 1951. Such early retirement allowance so elected shall be the actuarial equivalent of the deferred retirement allowance otherwise payable at the attainment of the age of 60 years upon proper application therefor.

- d. Should a teacher or employee who retired on an early or service retirement allowance be restored to service prior to the attainment of the age of 62 years, his allowance shall cease, he shall again become a member of the Retirement System, and he shall contribute thereafter at the uniform contribution rate payable by all members. Upon his subsequent retirement, he shall be entitled to the allowance described in 1 below reduced by the amount in 2 below.

1. The allowance to which he would have been entitled if he were retiring for the first time, calculated on the basis of his total creditable service represented by the sum of his creditable service at the time of his first retirement, and his creditable service after he was restored to service.

2. The actuarial equivalent of the retirement benefits he previously received.

- e. Should a teacher or employee who retired on an early or service retirement allowance be restored to service after the attainment of the age of 62 years, his retirement allowance shall be reduced to the extent necessary (if any) so that the sum of the retirement allowance and earnings from employment by a unit of the Retirement System for any year (beginning January 1 and ending December 31) will not exceed the member's average final compensation. Provided, however, that under no circumstances will the member's retirement allowance be reduced below the amount of his annuity as defined in G.S. 135-1(3).

(8) The provisions of this subdivision (8) shall apply to any member whose membership is terminated on or after July 1, 1963 and who becomes entitled to benefits hereunder in accordance with the provisions hereof.

- a. Notwithstanding any other provision of this Chapter, any member who separates from service prior to the attainment of the age of 60 years for any reason other than death or retirement for disability as provided in G.S. 135-5(c), after completing 15 or more years of creditable service, and who leaves his total accumulated contributions in said System shall have the right to retire on a deferred retirement allowance upon attaining the age of 60 years; provided that such member may retire only upon written application to the Board of Trustees setting forth at what time, not less than 30 days nor more than 90 days subsequent to the execution and filing thereof, he desires to be retired; and further provided that in the case of a member who so separates from service on or after July 1, 1967 or whose account is active on July 1, 1967, or has not withdrawn his contributions, the aforesaid requirement of 15 or more years of creditable service shall be reduced to 12 or more years

of creditable service; and further provided that in the case of a member who so separates from service on or after July 1, 1971, or whose account is active on July 1, 1971, the aforementioned requirement of 12 or more years of creditable service shall be reduced to five or more years of creditable service. Such deferred retirement allowance shall be computed in accordance with the provisions of G.S. 135-5(b1); provided that such benefits will be computed in accordance with (b2) on or after July 1, 1967, but prior to July 1, 1969; and provided further that such benefits will be computed in accordance with (b3) on or after July 1, 1969. § 135-4. Certification of such service shall be furnished to the Teachers' and State Employees' Retirement System.

(d) Any member may, up to his date of retirement and within one year thereafter, request the Board of Trustees to modify or correct his prior service credit.

(e) Creditable service at retirement on which the retirement allowance of a member shall be based shall consist of the membership service rendered by him since he last became a member, and also if he has a prior service certificate which is in full force and effect, the amount of service certified on his prior service certificate; and if he has sick leave standing to his credit upon retirement on or after July 1, 1971, one month of credit for each 20 days or portion thereof, but sick leave shall not be counted in computing creditable service for the purpose of determining eligibility for service retirement, disability retirement, early retirement or for a vested deferred allowance.

On and after July 1, 1971, a member whose account was closed on account of absence from service under the provisions of G.S. 135-3(3) and who subsequently returns to service for a period of five years, may thereafter repay in a lump sum the amount withdrawn plus regular interest thereon from the date of withdrawal through the year of repayment and thereby increase his creditable service by the amount of creditable service lost when his account was closed.

On and after July 1, 1973, a member whose account in the North Carolina Local Governmental Employees' Retirement System was closed on account of absence from service under the provisions of G.S. 128-24(1a) and who subsequently became or becomes a member of this System with credit for five years of service, may thereafter repay in a lump sum the amount withdrawn from the North Carolina Local Governmental Employees' Retirement System plus regular interest thereon from the date of withdrawal through the year of repayment and thereby increase his creditable service in this System by the amount of creditable service lost when his account was closed.

- (2) Teachers and other State employees who entered the armed services of the United States on or after September 16, 1940, and who returned to the service of the State prior to October 1, 1952, or who devote not less than 10 years of service to the State after they are separated or released from such armed services under other than dishonorable conditions, shall be entitled to full credit for all prior service, and, in addition they shall receive membership service credit for the period of service in such armed services up to the date they were first eligible

to be separated or released therefrom, occurring after the date of establishment of the Retirement System.

- (3) Teachers and other State employees who enter the armed services of the United States on or after July 1, 1950, or who engage in active military service on or after July 1, 1950, and who return to the service of the State within a period of two years after they are first eligible to be separated or released from such active military service under other than dishonorable conditions shall be entitled to full membership service credit for the period of such active service in the armed services.
- (4) Under such rules as the board of trustees shall adopt, credit will be provided by the Retirement System with respect to each such teacher or other State employee in the amounts that he would have been paid during such service in such armed services on the basis of his earnable compensation when such service commenced. Such contributions shall be credited to the individual account of the member in the annuity savings fund, in such manner as the Board of Trustees shall determine, but any such contributions so credited and any regular interest thereon shall be available to the member only in the form of an annuity, or benefit in lieu thereof, upon his retirement on a service, disability or special retirement allowance; and in the event of cessation of membership or death prior thereto, any such contributions so credited and regular interest thereon shall not be payable to him or on his account, but shall be transferred from the annuity savings fund to the pension accumulation fund. (h) During periods when a member is on leave of absence and is receiving less than his full compensation, he will be deemed to be in service only if he is contributing to the Retirement System as provided in G.S. 135-8(b)(5). If he is so contributing, the annual rate of compensation paid to such employee immediately before the leave of absence began will be deemed to be the actual compensation rate of the employee during the leave of absence.

(i) Any person who became a member after June 30, 1947, and before July 1, 1955, and did not subsequently withdraw his contributions may, prior to his retirement, increase his creditable service to the extent of the period of time from the date he became a "teacher or employee" as the terms are defined in this Chapter to the date he became a member, but not exceeding three months immediately preceding membership, provided that he makes an additional contribution in one lump sum equal to five per centum (5%) of the compensation he received for the aforesaid period of time plus regular interest thereon from the date he became a member to the date of payment.

(j) Creditable service at retirement shall include any service rendered by a member while on leave of absence to serve as a member or officer of the General Assembly which is not creditable toward retirement under the Legislative Retirement Fund provided the allowance of such credit shall be contingent upon the cancellation of service credit in the Fund and the transfer of the member's contributions plus accumulated interest from the Fund to this System. A beneficiary restored to active service at a salary less than the average final compensation shall not become a member of the Retirement System.

- (2) Should a disability beneficiary under the age of 60 years be restored to active service at a compensation not less than his average final compensation, his retirement allowance shall cease, he shall again become a member of the Retirement System, and he shall contribute thereafter at the same rate he paid prior to disability; provided that, on and after July 1, 1971, if a disability beneficiary under the age of 62 years is restored to active service at a compensation not less than his average final compensation, his retirement allowance shall cease, he shall again become a member of the Retirement System, and he shall contribute thereafter at the uniform contribution rate payable by all members. Any such prior service certificate on the basis of which his service was computed at the time of his retirement shall be restored to full force and effect, and in addition, upon his subsequent retirement he shall be credited with all his service as a member, but should he be restored to active service on or after the attainment of the age of 50 years his pension upon subsequent retirement shall not exceed the sum of the pension which he was receiving immediately prior to his last restoration and the pension that he would have received on account of his service since his last restoration had he entered service at the time as a new entrant.
- (3) Notwithstanding the foregoing, a member retired on a disability retirement allowance who is restored to service and subsequently retires on or after July 1, 1971, shall be entitled to an allowance not less than the allowance described in a below reduced by the amount in b below:

(g) Election of Optional Allowance.—With the provision that until the first payment on account of any benefit becomes normally due, or his first retirement check has been cashed, any member may elect to receive his benefits in a retirement allowance payable throughout life, or he may elect to receive the actuarial equivalent of such retirement allowance in a reduced allowance payable throughout life under the provisions of one of the options set forth below. The election of Option 2 or Option 3 or nomination of the person thereunder shall be revoked if such person nominated dies prior to the date the first payment becomes normally due or until the first retirement check has been cashed. Option 2. Upon his death his reduced retirement allowance shall be continued throughout the life of and paid to such person as he shall nominate by written designation duly acknowledged and filed with the Board of Trustees at the time of his retirement; or

A member who makes an election in accordance with this option shall be deemed to have made a further election of Option 1 above.

Option 5. The member may elect :

- (1) To receive a reduced retirement allowance under the conditions of Option 2 or Option 3, as provided for above, with the modification that if both he and the person nominated die within 10 years from his retirement date, an amount equal to his accumulated contributions at retirement, less 1/120th thereof for each month for which a retirement allowance has been paid, shall be paid to his legal representatives or to such person as he shall nominate by written designation duly acknowledged and filed with the Board of Trustees; or
- (2) To receive a reduced retirement allowance during his life with provision for some other benefit to be paid after his death in accordance with a plan submitted to and approved by the Board of Trustees.

(1) Death Benefit.—Upon receipt of proof, satisfactory to the Board of Trustees, of the death, in service, of a member who had completed at least one full calendar year of membership in the System, there shall be paid to such person as he shall have nominated by written designation duly acknowledged and filed with the Board of Trustees, if such person is living at the time of the member's death, otherwise to the member's legal representatives, a death benefit. Such death benefit shall be equal to the greater of:

- (1) The compensation on which contributions were made by the member during the calendar year preceding the year in which his death occurs, or
- (2) The compensation on which contributions were made by the member during the 12-month period ending on the last day of the month preceding the month in which his death occurs;

Such death benefit shall be payable apart and separate from the payment of the member's accumulated contributions on his death pursuant to the provisions of subsection (f) of this G.S. 135-5. For the purposes of this subsection (1), a member shall be deemed to be in service at the date of his death if his last day of actual service occurred not more than 90 days before the date of his death.

The death benefit provided in this subsection (1) shall not be payable, notwithstanding the member's compliance with all the conditions set forth in the preceding paragraph, if his death occurs

Notwithstanding the above provisions, the Board of Trustees may and is specifically authorized to provide the death benefit according to the terms and conditions otherwise appearing in this subsection in the form of group life insurance, either (1) by purchasing a contract or contracts of group life insurance with any life insurance company or companies licensed and authorized to transact business in this State for the purpose of insuring the lives of members in service, or (2) by establishing a separate reserve fund under the Retirement System for such purpose. To that end the Board of Trustees is authorized, empowered and directed to investigate the desirability of utilizing group life insurance by either of the foregoing methods for the purpose of providing the death benefit. If a separate reserve fund is established, it shall be operated in accordance with rules and regulations adopted by the Board of Trustees and all investment earnings on the reserve fund shall be credited to such fund.

In administration of the death benefit the following shall apply:

- (3) For a period when a member is on leave of absence, his status with respect to the death benefit will be determined by the provisions of G.S. 135-4(h).
- (4) A member on leave of absence from his position as a teacher or State employee for the purpose of serving as a member or officer of the General Assembly shall be deemed to be in service during sessions of the General Assembly and thereby covered by the provisions of the death benefit. The amount of the death benefit for such member shall be the equivalent of the salary to which the member would have been entitled as a teacher or State employee during the 12-month period immediately prior to the month in which death occurred, not to exceed fifteen thousand dollars (\$15,000).

(m) **Survivor's Alternate Benefit.**—Upon the death of a member in service, the principal beneficiary designated to receive a return of accumulated contributions shall have the right to elect to receive in lieu thereof the reduced retirement allowance provided by Option 2 of subsection (g) above computed by assuming that the member had retired on the first day of the month following the date of his death, provided that all three of the following conditions apply:

- (1) The member had attained age 50 with at least 20 years of creditable service, or had attained age 55 regardless of length of service, or had credit for at least 30 years of service regardless of age.
- (2) The member had designated as the principal beneficiary to receive a return of his accumulated contributions one and only one person who was living at the time of his death.

- (3) The member had not instructed the Board of Trustees in writing that he did not wish the provisions of this subsection to apply.

(o) *Post-Retirement Increases in Allowances.*—As of December 31, 1969, the ratio of the Consumer Price Index to such index one year earlier shall be determined. If such ratio indicates an increase that equals or exceeds three per centum (3%), each beneficiary receiving a retirement allowance as of December 31, 1968, shall be entitled to have his allowance increased three per centum (3%) effective July 1, 1970.

As of December 31, 1970, the ratio of the Consumer Price Index to such index one year earlier shall be determined. 1.00 to 1.49%	1%
1.50 to 2.49%	2%
2.50 to 3.49%	3%
3.50% or more	4%

As of December 31, 1971, an increase in retirement allowances shall be calculated and made effective July 1, 1972, in the manner described in the preceding paragraph. As of December 31 of each year after 1971, the ratio (R) of the Consumer Price Index to such index one year earlier shall be determined, and each beneficiary on the retirement rolls as of July 1 of the year of determination shall be entitled to have his allowance increased effective on July 1 of the year following the year of determination by the same percentage of increase indicated by the ratio (R) calculated to the nearest tenth of one per centum, but not more than four per centum (4%); provided that any such increase in allowances shall become effective only if the additional liabilities on account of such increase do not require an increase in the total employer rate of contributions.

The allowance of a surviving annuitant of a beneficiary whose allowance is increased under this subsection shall, when and if payable, be increased by the same per centum.

Any increase in allowance granted hereunder shall be permanent, irrespective of any subsequent decrease in the Consumer Price Index, and shall be included in determining any subsequent increase.

For purposes of this subsection, Consumer Price Index shall mean the Consumer Price Index (all items-United States city average), as published by the United States Department of Labor, Bureau of Labor Statistics.

These increases shall be calculated after monthly retirement allowances as of July 1, 1971, have been increased to the extent provided for in the preceding subsection (o).

(q) *Increases in Benefits to Those Persons Who Were Retired prior to January 1, 1970.*—From and after July 1, 1973, the monthly benefits to or on account of persons who commenced receiving benefits from the System prior to January

1, 1970, shall be increased by a percentage thereof. Such percentage shall be determined in accordance with the following schedule:

(r) Notwithstanding anything herein to the contrary, effective July 1, 1973, any member who retired after attaining the age of 60 with 15 or more years of creditable service shall receive a monthly benefit of no less than seventy-five dollars (\$75.00) prior to the application of any optional benefit. The 1965 amendment, effective July 1, 1965, substituted "director" for "secretary" in the second sentence of subsection (g) and "not less than three nor more than five" for "three" in the first sentence of subsection (k).

The first 1969 amendment, effective July 1, 1969, changed subsection (b) by increasing the membership of the board from eight to ten and the number of appointive members from six to eight and inserting in subdivision (3) the provisions for an appointive member to be a representative of higher education and an appointive member to be a retired teacher or State employee.

- (8) Shares of any building and loan association organized under the laws of this State or of any federal savings and loan association having its principal office in this State, to the extent that such investment is insured by the federal government or an agency thereof.

Subject to the limitations set forth above, said trustees shall have full power to hold, purchase, sell, assign, transfer and dispose of any of the securities and investments in which any of the funds created herein shall have been invested, as well as the proceeds of said investments and any moneys belonging to said funds.

In order to carry out the duties and exercise the powers imposed and granted by this section, the Board of Trustees is specifically authorized to retain the services of a reputable investment counseling firm.

(c) Custodian of Funds; Disbursements; Bond of Director.—The State Treasurer shall be the custodian of the several funds. All payments from said funds shall be made by him only upon vouchers signed by two persons designated by the Board of Trustees. "Secretary of the Board of Trustees" to Mean "Director."—Section 1 of c. 780, Session Laws 1965, provides that reference in any statute to the secretary of the board of trustees of the Teachers' and State Employees' Retirement System shall be deemed to be a reference to the director of such Retirement System. Accordingly "director" has been substituted for "secretary" in subsection (c).

Investment by Teachers' and State Employees' Retirement System in Government National Mortgage Association Mortgages.—See opinion of Attorney General to Mr. R. Moore, Assistant Treasurer, State of North Carolina, 40 N.C.A.G. 752 (1970).

§ 135-7.2. Authority to invest in certain common and preferred stocks.—In addition to all other powers of investment, the Board of Trustees, within the limitations set forth in this section, is also authorized to invest Retirement System funds in stocks, preferred or common, issued or guaranteed by a corporation created or existing under the laws of the United States or any state, district, or territory thereof, provided:

(8) That the total value of common and preferred stocks shall not exceed twenty-five per centum (25%) of the total value of all invested funds of the Retirement System; provided, further:

(1965, c. 415, s. 1; 1973, c. 241, s. 10.)

Editor's Note.—

The 1965 amendment, effective July 1, 1965, substituted "fifteen per centum" for "ten per centum" near the beginning of subdivision (8), deleted former paragraph c of that subdivision providing that not more than 1½% of the total value of such funds should be invested in stocks during any year, and designated former paragraph d as paragraph c.

The 1973 amendment, effective July 1, 1973, substituted "twenty-five per centum (25%)" for "fifteen per centum" near the beginning of subdivision (8).

As the rest of the section was not changed by the amendments, only the introductory paragraph and subdivision (8) are set out.

§ 135-8. Method of financing.

(b) Annuity Savings Fund.—The annuity savings fund shall be a fund in which shall be accumulated contributions from the compensation of members to provide for their annuities. Contributions to and payments from the annuity savings fund shall be made as follows:

- (1) Prior to the first day of July, 1947, each employer shall cause to be deducted from the salary of each member on each and every payroll of such employer for each and every payroll period four per centum (4%) of his actual compensation; and the employer also shall deduct four per centum (4%) of any compensation received by any member for teaching in public schools, or in any of the institutions, agencies or departments of the State from salaries other than the appropriations from the State of North Carolina. On and after such date the rate so deducted shall be five per centum (5%) of actual compensation except that, with respect to each member who is eligible for coverage under the Social Security Act in accordance with the agreement entered into during 1955 in accordance with the provisions of Article 2 of Chapter 135 of Volume 3B of the General Statutes, as amended, and with respect to members covered under G.S. 135-27, with such coverage retroactive to January 1, 1955, such deduction shall, commencing with the first day of the period of service with respect to which such agreement is effective, be at the rate of three per centum (3%) of the part of his actual compensation not in excess of the amount taxable to him under the Federal Insurance Contributions Act as from time to time in effect plus five per centum (5%) of the part of his earnable compensation

not so taxable; provided that in the case of any member so eligible and receiving compensation from two or more employers such deductions may be adjusted under such rules as the Board of Trustees may establish so as to be as nearly equivalent as practicable to the deductions which would have been made had the member received all of such compensation from one employer. Notwithstanding the foregoing, the Board of Trustees may in its discretion cause such portion as it may determine of deductions made between January 1, 1955 and December 1, 1955, to be transferred into the contribution fund established under G.S. 135-24; such amounts so transferred shall in that event be deemed to be taxes contributed by employees as required under Article 2, Chapter 135 of Volume 3B of the General Statutes as amended, and shall be in lieu of contributions otherwise payable in the same amount as so required.

Notwithstanding the foregoing, effective July 1, 1963, with respect to the period of service commencing on July 1, 1963 and ending December 31, 1965 the rates of such deduction shall be four per centum (4%) of the portion of compensation not in excess of forty-eight hundred dollars (\$4800.00) and six per centum (6%) of the portion of compensation in excess of forty-eight hundred dollars (\$4800.00); and with respect to the period of service commencing January 1, 1966, and ending June 30, 1967, the rate of such deductions shall be four per centum (4%) of the portion of compensation not in excess of fifty-six hundred dollars (\$5600.00) and six per centum (6%) of the portion of compensation in excess of fifty-six hundred dollars (\$5600.00); and with respect to the period of service commencing July 1, 1967, the rate of such deductions shall be five per centum (5%) of the portion of compensation not in excess of fifty-six hundred dollars (\$5600.00) and six per centum (6%) of the portion of compensation in excess of fifty-six hundred dollars (\$5600.00). Such rates shall apply uniformly to all members of the Retirement System, without regard to their coverage under the Social Security Act.

- (2) The deductions provided for herein shall be made notwithstanding that the minimum compensation provided for by law for any member shall be reduced thereby. Every member shall be deemed to consent and agree to the deductions made and provided for herein and shall receipt for his full salary or compensation, and payment of salary or compensation less said deduction shall be a full and complete discharge and acquittance of all claims and demands whatsoever for the services rendered by such person during the period covered by such payment, except as to the benefits provided under this Chapter. The employer shall certify to the Board of Trustees on each and every payroll or in such other manner as the Board of Trustees may prescribe, the amounts to be deducted; and each of said amounts shall be deducted, and when deducted shall be paid into said annuity savings fund, and shall be credited, together with regular interest thereon to the individual account of the member from whose compensation said deduction was made.
- (3) Each board of education of each county and each board of education of each city, and the employer in any department, agency or institution of the State, in which any teacher receives compensation from sources other than appropriations of the State of North Carolina shall deduct from the salaries of these teachers paid from sources other than State appropriations an amount equal to that deducted from the salaries of the teachers whose salaries are paid from State funds, and remit this amount to the State Retirement System. City boards of education and county boards of education in each and every county and city which

has employees compensated from other than the State appropriation shall pay to the State Retirement System the same per centum of the compensation that the State of North Carolina pays and shall transmit same to the State Retirement System monthly: Provided, that for the purpose of enabling the boards of education to make such payment, the tax levying authorities are hereby authorized, empowered and directed to provide the necessary funds therefor. In case the salary is paid in part from State funds and in part from local funds, the local authorities shall not be relieved of providing and remitting the same per centum of the salary paid from local funds as is paid from State funds. In case the entire salary of any teacher, as defined in this Chapter, is paid from county or local funds, the county or city paying such salary shall provide and remit to the Retirement System the same per centum that would be required if the salary were provided by the State of North Carolina.

- (4) In addition to contributions deducted from compensation as hereinbefore provided, subject to the approval of the Board of Trustees, any member may redeposit in the annuity savings fund by a single payment an amount equal to the total amount which he previously withdrew therefrom, as provided in this Chapter. Such amounts so redeposited shall become a part of his accumulated contributions as if such amounts had initially been contributed within the calendar year of such redeposit. In no event, however, shall any member be permitted to redeposit any amount withdrawn after July 1, 1959, except as provided for in G.S. 135-4(e).
- (5) Subject to the approval of the Board of Trustees, any member who is granted by his employer a leave of absence for the sole purpose of acquiring knowledge, talents, or abilities which are, in the opinion of the employer, expected to increase the efficiency of the services of the member to his or her employer, may make monthly contributions to the Retirement System on the basis of the salary or wage such member was receiving at the time such leave of absence was granted.
- (6) The contributions of a member, and such interest as may be allowed thereon, paid upon his death or withdrawn by him as provided in this Chapter, shall be paid from the annuity savings fund, and any balance of the accumulated contributions of such a member shall be transferred to the pension accumulation fund.

(d) **Pension Accumulation Fund.**—The pension accumulation fund shall be the fund in which shall be accumulated all reserves for the payment of all pensions and other benefits payable from contribution made by employers and from which shall be paid all pensions and other benefits on account of members with prior service credit. Contributions to and payments from the pension accumulation fund shall be made as follows:

- (1) On account of each member there shall be paid in the pension accumulation fund by employers an amount equal to a certain percentage of the actual compensation of each member to be known as the "normal contribution," and an additional amount equal to a percentage of his actual compensation to be known as the "accrued liability contribution." In addition, such contributions by employers will be required for each member on leave of absence who makes monthly contributions in accordance with (b)(5) above, and will be based on the salary or wage the member was receiving at the time the leave of absence was granted. The rate per centum of such contributions shall be fixed on the basis of the liabilities of the Retirement System as shown by actuarial valuation. Until the first valuation the normal contribution shall be two and fifty-seven one-hundredths percent (2.57%) for

teachers, and one and fifty-seven one-hundredths percent (1.57%) for State employees, and the accrued liability contribution shall be two and ninety-four one-hundredths percent (2.94%) for teachers and one and fifty-nine one-hundredths percent (1.59%) of the salary of other State employees.

- (2) On the basis of regular interest and of such mortality and other tables as shall be adopted by the Board of Trustees, the actuary engaged by the board to make each valuation required by this Chapter during the period over which the accrued liability contribution is payable, immediately after making such valuation, shall determine the uniform and constant percentage of the earnable compensation of the average new entrant throughout his entire period of active service which would be sufficient to provide for the payment of any pension payable on his account. The rate per centum so determined shall be known as the "normal contribution" rate. After the accrued liability contribution has ceased to be payable, the normal contribution rate shall be the rate per centum of the earnable salary of all members obtained by deducting from the total liabilities of the pension accumulation fund the amount of the funds in hand to the credit of that fund and dividing the remainder by one per centum of the present value of the prospective future salaries of all members as computed on the basis of the mortality and service tables adopted by the Board of Trustees and regular interest. The normal rate of contribution shall be determined by the actuary after each valuation.
- (3) Immediately succeeding the first valuation the actuary engaged by the Board of Trustees shall compute the rate per centum of the total annual compensation of all members which is equivalent to four percent (4%) of the amount of the total pension liability on account of all members and beneficiaries which is not dischargeable by the aforesaid normal contribution made on account of such members during the remainder of their active service. The rate per centum originally so determined shall be known as the "accrued liability contribution" rate. Such rate shall be increased on the basis of subsequent valuations if benefits are increased over those included in the valuation on the basis of which the original accrued liability contribution rate was determined. Upon certification by the actuary engaged by the Board of Trustees that the accrued liability contribution rate may be reduced without impairing the Retirement System, the Board of Trustees may cause the accrued liability contribution rate to be reduced.
- (4) The total amount payable in each year to the pension accumulation fund shall not be less than the sum of the rate per centum known as the normal contribution rate and the accrued liability contribution rate of the total actual compensation of all members during the preceding year: Provided, however, that, subject to the provisions of subdivision (3) of this subsection the amount of each annual accrued liability contribution shall be at least three percent (3%) greater than the preceding annual accrued liability payment, and that the aggregate payment by employers shall be sufficient, when combined with the amount in the fund, to provide the pensions and other benefits payable out of the fund during the year then current.
- (5) The accrued liability contribution shall be discontinued as soon as the accumulated reserve in the pension accumulation fund shall equal the present value as actuarially computed and approved by the Board of Trustees, of the total liability of such fund less the present value, computed on the basis of the normal contribution rate then in force, of the prospective normal contributions to be received on account of all persons who are at the time members.
- (6) All pensions, and benefits in lieu thereof, with the exception of those

payable on account of members who received no prior service allowance, payable from contributions of employer shall be paid from the pension accumulation fund.

- (7) Upon the retirement of a member not entitled to credit for prior service, an amount equal to his pension reserve shall be transferred from the pension accumulation fund to the pension reserve fund.

(f) Collection of Contributions.

- (1) The collection of members' contributions shall be as follows:

- a. Each employer shall cause to be deducted on each and every payroll of a member for each and every payroll subsequent to the date of establishment of the Retirement System the contributions payable by such member as provided in this Chapter, and the employer shall draw his warrant for the amount so deducted, payable to the Teachers' and State Employees' Retirement System of North Carolina, and shall transmit the same, together with schedule of the contributions, on such forms as prescribed.

- (2) The collection of employers' contributions shall be made as follows:

- a. Upon the basis of each actuarial valuation provided herein there shall be prepared biennially and certified to the budget division of the Department of Administration a statement of the total amount necessary for the ensuing biennium to the pension accumulation and expense funds, as provided under subsections (d) and (f) of this section, and these funds shall be handled and disbursed in accordance with Chapter 100, Public Laws of 1929, and amendments thereto (G.S. 143-1 et seq.), known as the Executive Budget Act.
- b. Until the first valuation has been made and the rates computed as provided in subsection (d) of this section, the amount payable by employers on account of the normal and accrued liability contributions shall be five and fifty-one one-hundredths percent (5.51%) of the payroll of all teachers and three and sixteen one-hundredths percent (3.16%) for other State employees.
- c. The auditor shall issue his warrant to the State Treasurer directing the State Treasurer to pay this sum to the Board of Trustees, from the appropriations for the Teachers' and State Employees' Retirement System.
- d. Each board of education in each county and each board of education in each city in which teachers or other employees of the schools receive compensation for services in the public schools from sources other than the appropriation of the State of North Carolina shall pay the Board of Trustees of the State Retirement System such rate of their respective salaries as are paid those of other employees.
- e. Each employer shall transmit monthly to the State Retirement System on account of each employee, who is a member of this System, an amount sufficient to cover the normal contribution and the accrued liability contribution of each member employed by such employer for the preceding month.

- (3) If within 90 days after request therefor by the board any employer shall not have provided the System with the records and other information required hereunder or if the full accrued amount of the contributions provided for under this section due from members employed by an employer or from an employer other than the State shall not have been received by the System from the chief fiscal officer of such em-

ployer within 30 days after the last due date as herein provided, then, notwithstanding anything herein or in the provisions of any other law to the contrary, upon notification by the board to the State Treasurer as to the default of such employer as herein provided, any distributions which might otherwise be made to such employer from any funds of the State shall be withheld from such employer until notice from the board to the State Treasurer that such employer is no longer in default.

The 1971 amendment substituted "compensation" for "salaries" in the portion of the second sentence of subdivision (3) of subsection (b) preceding the proviso, rewrote the proviso and eliminated a former second proviso in the same sentence. The amendment also added, at the end of subdivision (4) of subsection (b), "except as provided for in G.S. 135-4(e)." The amendment to subdivision (3) of subsection (b) is effective July 1, 1972. The 1973 amendment deleted, at the end of subdivision (1), "but does not include a justice of the peace or a township constable or any other judicial or law enforcement officer elected or appointed on a township basis."

As the rest of the section was not

changed by the amendments, only the introductory paragraph and subdivisions (1) and (7) are set out.

The second 1969 amendment inserted "North Carolina State Firemen's Association" in subsection (a).

The third 1969 amendment added the last sentence of subsection (d).

As the rest of the section was not changed by the amendments, only subsections (a) and (d) are set out.

§ 135-28. Transfer of members to employment covered by the North Carolina Local Governmental Employees' Retirement System.—(a) Any member whose services as a teacher or State employee are terminated for any reason other than retirement or death, who, while his account remains active, becomes employed by an employer participating in the North Carolina Local Governmental Employees' Retirement System or an employer which brings its employees into participation in said System while his account is active, may elect to leave his total accumulated contributions in the Teachers' and State Employees' Retirement System during the period he is in the employment of such employer, or his account remains active in the local system. This subsection shall be effective retroactively as well as prospectively.

(b) Any such member shall retain all the rights, credits and benefits obtaining to him under this Retirement System at the time of such transfer while he is a member of the local system and does not withdraw his contributions hereunder and in addition, he shall be granted membership service credits under this Retirement System on account of the period of his membership in the local system for the purpose of increasing his years of creditable service hereunder in order to meet any service requirements of any retirement benefit under this Retirement System and. if he is a member in service under the local system, he shall be deemed to be a member in service under this Retirement System if so required by such benefit: Provided, however, that in lieu of transfer of funds from one retirement system to another, such member who is eligible for retirement benefits shall file application therefor with each retirement system to the end that each retirement system shall pay appropriate benefits without transfer of funds between the systems.

(c) Any member who became or becomes employed by an employer of the North Carolina Local Governmental Employees' Retirement System as provided in (a) above shall be entitled to waive the provisions of (b) above and to transfer to the local system his credits for membership and prior service in this System

provided such member shall request this System to transfer his accumulated contributions, interest and service credits to the local system. If such request is made, in addition to the member's accumulated contributions, interest and service credits, there shall be transferred to the local system the amount of reserve held in this System as a result of previous employer contributions on behalf of the transferring employee. (1953, c. 1050, s. 2; 1961, c. 516, s. 6; 1965, c. 780, s. 1; 1971, c. 117, ss. 16, 18; 1973, c. 241, s. 12.)

Editor's Note.—

The 1965 amendment, effective July 1 1965, rewrote subsection (a) and substituted "Any such member" for "Any member who files such an election" at the beginning of subsection (b).

The 1971 amendment, effective July 1, 1971, substituted "while his account remains active" for "within five years from date of such termination" and "while his

account is active" for "within five years after such teacher or State employee has ceased to be a teacher or State employee" in the first sentence of subsection (a) and added subsection (c).

The 1973 amendment, effective July 1, 1973, substituted "became or" for "on or after July 1, 1971" near the beginning of the first sentence of subsection (c).

§ 135-28.1. Transfer of members to employment covered by the Uniform Judicial Retirement System.—(a) Any member whose service as a teacher or State employee is terminated other than by retirement or death and, who, while still a member of this Retirement System, becomes a judge participating in the Uniform Judicial Retirement System, may elect to retain his membership in this Retirement System by not withdrawing his accumulated contributions hereunder. Any such member shall retain all the rights, credits and benefits obtaining to him under this Retirement System at the time of such termination of service hereunder while he is a member of the other system and does not withdraw his contributions hereunder.

(b) The provisions of the preceding subsection to the contrary notwithstanding, with respect to each judge or former judge of the district court division of the General Court of Justice who was a member of this Retirement System immediately prior to January 1, 1974, and who becomes a member of the Uniform Judicial Retirement System on or after January 1, 1974, upon his commencement of membership in the other system there shall be paid in a lump sum to his account in the annuity savings fund of the other system the amount of his accumulated contributions under this System that are attributable to contributions made by him hereunder while a judge of said district court division. Upon such payment, the member's accumulated contributions hereunder shall be reduced by the amount of such payment and his period of creditable membership service shall be reduced by the period of service during which such repaid contributions were originally made.

Any member for whom the payment of his accumulated contributions as herein provided reduces the balance of his account in the annuity savings fund to zero and cancels his entire period of creditable service shall no longer be a member of this Retirement System.

In the case of any member who retains his membership in this Retirement System after the payment hereinabove provided and who subsequently becomes eligible for retirement benefits under this Retirement System or whose death results in benefit payments to another beneficiary, the average final compensation used in the computation of the amount of any such benefits shall be computed as of the date of commencement of his membership in the other system on the same basis as if his retirement or death had occurred as of such date of commencement. Moreover, for the sole purpose of increasing his creditable service hereunder in order to meet any applicable service requirements for benefits hereunder, any such member shall be granted membership service credits under this Retirement System on account of (i) the period of membership service cancelled under the first paragraph of this subsection and (ii) the period of his membership in the other system so long as he remains a member hereunder and, if he is a member in service under the other

system, he shall be deemed to be a member in service under this Retirement System if so required for any benefit hereunder.

(c) Any member who becomes eligible for benefits under both this Retirement System and the Uniform Judicial Retirement System may file application therefor with each retirement system to the end that each retirement system shall pay appropriate benefits without transfer of funds between the systems except as otherwise provided in subsection (b) above.

(d) The Board of Trustees shall effect such rules as it may deem necessary to administer the provisions of the preceding subsections of this section and to prevent any duplication of service credits or benefits that might otherwise occur. (1973, c. 640, s. 2.)

(1971, c. 1009, s. 1; 1973, c. 746.)

Editor's Note.—The 1973 amendment, effective July 1, 1973, deleted "to the board" at the end of the first sentence.

§ 135-35. § 135-36. **Membership in Retirement System not necessary.**—The fact that a teacher or State employee is not a member of the Teachers' and State Employees' Retirement System does not affect his right to benefits provided under this Article, with the exception of school bus drivers in the public school system and temporary and part-time employees, who are specifically excluded. (1973, c. 640, s. 1.)

§ 135-57. Service retirement.—(a) Any member in service on or after January 1, 1974, who has attained his fiftieth birthday may retire upon written application to the Board of Trustees setting forth at what time, as of the first day of a calendar month, not less than 30 days nor more than 90 days subsequent to the execution of and the filing thereof, he desires to be retired.

Service retirement benefits.—(a) Any member who retires under the provisions of subsection (a) or subsection (c) of G.S. 135-57 after he either has attained his sixty-fifth birthday or has completed 24 years or more of creditable service shall receive an annual retirement allowance, payable monthly, which shall commence on the effective date of his retirement and shall be continued on the first day of each month thereafter during his lifetime, the amount of

which shall be computed as the sum of (1), (2) and (3) following, provided that in no event shall the annual allowance payable to any member be greater than an amount which, when added to the allowance, if any, to which he is entitled under the Teachers' and State Employees' Retirement System or the North Carolina Local Governmental Employees' Retirement System (prior in any case to any reduction for early retirement or for an optional mode of payment) would total three fourths of his final compensation:

- (1) Four percent (4%) of his final compensation, multiplied by the number of years of his creditable service rendered as a justice of the Supreme Court or judge of the Court of Appeals;
- (2) Three and one-half percent (3½%) of his final compensation, multiplied by the number of years of his creditable service rendered as a judge of the superior court or as Administrative Officer of the Courts;
- (3) Three percent (3%) of his final compensation, multiplied by the number of years of his creditable service rendered as a judge of the district court division of the General Court of Justice.

(b) Any member who retires under the provisions of subsection (a) or subsection (c) of G.S. 135-57 before he either has attained his sixty-fifth birthday or has completed 24 years of creditable service shall receive an annual retirement allowance, payable monthly, which shall commence on the effective date of his retirement and shall be continued on the first day of each month thereafter during his lifetime, the amount of which shall be determined in the same manner and be subject to the same maximum limitation as provided for in subsection (a) above except that the allowance so computed shall be reduced by one quarter of one percent ($\frac{1}{4}$ of 1%) thereof for each month by which the member's retirement date precedes the first day of the month coincident with or next following the earlier of

- (1) The member's sixty-fifth birthday, or
- (2) The date the member would have completed 24 years of creditable service if he had been in service as a judge from his retirement date until such date.

For the sole purpose of determining whether a member has completed the required 24 years of creditable service referred to in this subsection (b) or the date on which he would have completed such period of creditable service if he had remained in service as a judge, in the case of a member of the Teachers' and State Employees' Retirement System who became a member of this Retirement System under circumstances described in G.S. 135-28.1, and who at the time of his retirement hereunder is in service and has retained his membership in the Teachers' and State Employees' Retirement System as provided for in G.S. 135-28.1, his creditable service shall be taken as the sum of his creditable service hereunder plus the amount of creditable service remaining to his credit in such other system as provided for in G.S. 135-28.1.

(c) The foregoing subsections of this section to the contrary notwithstanding, in no event will the retirement allowance initially payable upon the retirement of any member who was a member of a previous system immediately prior to January 1, 1974, prior to any reduction of such allowance in accordance with G.S. 135-61, be less than the retirement allowance to which he would have been entitled under the terms of such previous system if this Article had not been enacted.

(d) Commencing with the payment for the month of January 1974, the retirement allowance of each retired member of a previous system who was in receipt of a retirement allowance thereunder as of January 1, 1974, shall be paid from the assets of the Retirement System in the same amount as would have been applicable for January 1974, if this Article had not been enacted. (1973, c. 640, s. 1.)

§ 135-59. Disability retirement.—Upon application by or on behalf of the member, any member in service who has completed five or more years of

creditable service and who has not attained his sixty-fifth birthday may be retired by the Board of Trustees, on the first day of any calendar month, not less than 30 and not more than 90 days next following the date of filing such application, on a disability retirement allowance; provided, that the medical board, after a medical examination of such member, shall certify that such member is mentally or physically incapacitated for the further performance of duty, that such incapacity was incurred at the time of active employment and has been continuous thereafter, that such incapacity is likely to be permanent, and that such member should be retired; and, provided further, that if a member is removed by the Supreme Court for mental or physical incapacity under the provisions of G.S. 7A-376, no action is required by the medical board under this section. (1973, c. 640, s. 1.)

§ 135-60. Disability retirement benefits.—(a) Upon retirement for disability in accordance with G.S. 135-59, a member shall receive a disability retirement allowance computed and payable as provided for service retirement in G.S. 135-58(a) except that the member's creditable service shall be taken as the creditable service he would have completed at his sixty-fifth birthday if he had continued in service to such birthday as a judge in the same division of the General Court of Justice in which he was serving on his disability retirement date.

(b) Once each year during the first five years following retirement of a member on a disability retirement allowance, and once in every three-year period thereafter, the Board of Trustees may, and upon his application shall, require any disability beneficiary who has not yet attained his sixtieth birthday to undergo a medical examination, such examination to be made at the place of residence of the beneficiary or other place mutually agreed upon, by a physician or physicians designated by the Board of Trustees. Should any disability beneficiary who has not yet attained his sixtieth birthday refuse to submit to at least one medical examination in any such year by a physician or physicians designated by the Board of Trustees, his allowance may be discontinued until his withdrawal of such refusal, and should his refusal continue for one year, it shall be assumed that he is no longer disabled.

(c) Should the medical board certify to the Board of Trustees that a disability beneficiary prior to his sixty-fifth birthday has recovered to the extent that he would not satisfy the requirements for disability retirement if he were an active member of the Retirement System, or if his disability shall be assumed to have terminated in accordance with subsection (b) above, his disability retirement allowance shall thereupon cease, he shall be restored as a member of the Retirement System, and the period during which he was in receipt of a disability retirement allowance shall not be included in his creditable service. (1973, c. 640, s. 1.)

§ 135-61. Election of optional allowance.—Any member who retires under the provisions of this Article shall have the right to elect to have his allowance payable under any one of the optional forms provided for in G.S. 135-5(g), subject to the conditions therein contained, in lieu of the allowance that would otherwise be payable. (1973, c. 640, s. 1.)

§ 135-62. Return of accumulated contributions.—(a) Should a member cease to be a judge otherwise than by death or retirement under the provisions of this Article, he shall, upon submission of an application, be paid, not earlier than 60 days from receipt in the Raleigh offices of the Board of Trustees of an acceptable application on a form provided by the Retirement System, the amount of his accumulated contributions, provided that he has not in the meantime returned to service as a judge. Upon payment of such accumulated contributions his membership in the Retirement System shall cease and, if he thereafter again becomes a member, no credit shall be allowed for any service previously rendered, except as otherwise provided in G.S. 135-56(b). Any such payment of a member's accumulated contributions shall be in full and complete discharge of any rights in or to any benefits otherwise payable under this Article.

(b) Any other provision of this Article to the contrary notwithstanding, there shall be deducted from any amount otherwise payable hereunder any amount due any agency or subdivision of the State by the member by reason of any outstanding overpayment of salary or by reason of the embezzlement of fees collected by the member for any agency or subdivision of the State; provided that, notwithstanding any other provisions of this Article, even if the member fails to demand the return of his accumulated contributions within 90 days from the day he ceases to be a judge, any amount due such agency or subdivision by reason of any outstanding overpayment of salary or embezzlement of fees shall be paid to such agency or subdivision by the Retirement System upon demand; and provided further, that such agency or subdivision shall have notified the director of any amount so due and that the Retirement System shall have no liability for amounts so deducted and transmitted to such agency or subdivision nor for any failure by the Retirement System for any reason to make such deductions. (1973, c. 640, s. 1.)

§ 135-63. Benefits on death before retirement.—(a) Upon receipt of proof, satisfactory to the Board of Trustees, of the death of a member in service, there shall be paid in a lump sum to such person as the member shall have nominated by written designation duly acknowledged and filed with the Board of Trustees, if such person is living at the time of the member's death, otherwise to the member's legal representatives, a death benefit equal to the sum of (i) the member's accumulated contributions, plus (ii) the member's final compensation; provided, however, that if the member has attained his fiftieth birthday at his date of death, and if the designated recipient of the death benefits is the member's spouse who survives him, and if the spouse so elects, then the lump-sum death benefit provided for herein shall consist only of a payment equal to the member's final compensation and there shall be paid to the surviving spouse an annual retirement allowance, payable monthly, which shall commence on the first day of the calendar month coinciding with or next following the death of the member and shall be continued on the first day of each month thereafter until the remarriage or death of the spouse. The amount of any such retirement allowance shall be equal to one half of the amount of the retirement allowance to which the member would have been entitled had he retired under the provisions of G.S. 135-57(a) on the first day of the calendar month coinciding with or next following his date of death, reduced by two percent (2%) thereof for each full year, if any, by which the age of the member at his date of death exceeds that of his spouse. If the retirement allowance to the spouse shall terminate on the remarriage or death of the spouse before the total of the retirement allowance payments made equals the amount of the member's accumulated contributions at date of death, the excess of such accumulated contributions over the total of the retirement allowances paid to the spouse shall be paid in a lump sum to such person as the member shall have nominated by written designation duly acknowledged and filed with the Board of Trustees, if such person is living at the time such payment falls due, otherwise to the former member's legal representatives.

(b) There shall be paid to the surviving unremarried spouse of any former judge who died in service prior to January 1, 1974, and after his fiftieth birthday an annual retirement allowance which shall commence on January 1, 1974, and shall be continued on the first day of each month thereafter until the remarriage or death of the spouse. The amount of any such retirement allowance shall be computed in accordance with the provisions of subsection (a) above as if the provisions of this Article had been in effect on the date of death of the former judge, and the final compensation of such former judge had been equal to the rate of annual compensation in effect on December 31, 1973, for the office held by the former judge at the time of his death.

(c) Upon receipt of proof, satisfactory to the Board of Trustees, of the death of a member not in service, there shall be paid in a lump sum to such person as the member shall have nominated by written designation duly acknowledged and

filed with the Board of Trustees, if such person is living at the time of the member's death, otherwise to the member's legal representatives, a death benefit equal to the member's accumulated contributions. (1973, c. 640, s. 1.)

§ 135-64. Benefits on death after retirement.—(a) In the event of the death of a former member while in receipt of a retirement allowance pursuant to his retirement under the provisions of G.S. 135-57, or after a former member's sixty-fifth birthday while in receipt of a retirement allowance pursuant to his retirement under the provisions of G.S. 135-59, there shall be paid to the former member's surviving spouse, if any, an annual retirement allowance, payable monthly, which shall commence on the first day of the calendar month next following the date of death of the former member and shall be continued on the first day of each month thereafter until the remarriage or death of the spouse. The amount of any such allowance shall be equal to one half of the allowance that was payable to the former member for the month immediately prior to his month of death, or which would have been so payable had an optional mode of payment not been elected under the provisions of G.S. 135-51, reduced by two percent (2%) thereof for each full year, if any, by which the age of the former member at date of death exceeds that of his spouse.

(b) In the event of the death of a former member prior to his sixty-fifth birthday while in receipt of a retirement allowance pursuant to his retirement under the provisions G.S. 135-59, there shall be paid to the former member's surviving spouse, if any, an annual retirement allowance, payable monthly, which shall commence on the first day of the calendar month next following the date of death of the former member and shall be continued on the first day of each month thereafter until the remarriage or death of the spouse. The amount of any such allowance shall be equal to one half of the allowance to which the former member would have been entitled under the provisions of G.S. 135-58 if he had remained in service from his disability retirement date to his date of death with no change in his final compensation or status and had then retired, reduced by two percent (2%) thereof for each full year, if any, by which the age of the former member at date of death exceeds that of his spouse.

(c) In the event of the death of a former member while in receipt of a retirement allowance under the provisions of G.S. 135-58 or G.S. 135-60 (but not G.S. 135-61), if such former member is not survived by a spouse to whom a retirement allowance is payable under the provisions of subsection (a) or subsection (b) above, there shall be paid to such person as the member shall have nominated by written designation duly acknowledged and filed with the Board of Trustees, if such person is living at the time of the member's death, otherwise to the member's legal representatives, a death benefit equal to the excess, if any, of the accumulated contributions of the member at his date of retirement over the total of the retirement allowances paid to him prior to his death.

(d) In the event that a retirement allowance becomes payable to the spouse of a former member under the provisions of subsection (a) or subsection (b) above, provided that the member's retirement allowance had not been paid under one of the optional modes of payment under G.S. 135-61, and such retirement allowance to the spouse shall terminate on the remarriage or death of the spouse before the total of the retirement allowances paid to the former member and his spouse combined equals the amount of the member's accumulated contributions at his date of retirement, the excess of such accumulated contributions over the total of the retirement allowances paid to the former member and his spouse combined shall be paid in a lump sum to such person as the member shall have nominated by written designation duly acknowledged and filed with the Board of Trustees, if such person is living at the time such payment falls due, otherwise to the former member's legal representatives.

(e) In the event of the death of a retired former judge while in receipt of a retirement allowance under the provisions of G.S. 135-58(d), there shall be paid

to the former judge's surviving spouse, if any, an annual retirement allowance payable monthly, which shall commence on the first day of the calendar month next following the date of death of the former judge and shall be continued on the first day of each month thereafter until the remarriage or death of the spouse. The amount of any such allowance shall be equal to one half of the allowance that was payable to the former judge for the month immediately prior to his month of death, reduced by two percent (2%) thereof for each full year, if any, by which the age of the former judge at date of death exceeds that of his spouse.

(f) There shall be paid to the surviving unremarried spouse of any former judge who died prior to January 1, 1974, while in receipt of a retirement allowance under the provisions of a previous system, a retirement allowance which shall commence on January 1, 1974, and shall be continued on the first day of each month thereafter until the remarriage or death of the spouse. The amount of any such retirement allowance shall be equal to one half of the allowance that would have been payable to the former judge for the month of December 1973, if the previous system had been in effect at his date of retirement and if he had survived to January 1, 1974, reduced by two percent (2%) thereof for each full year, if any, by which the age of the former judge at date of death exceeded that of his spouse. (1973, c. 640, s. 1.)

§ 135-65. Post-retirement increases in allowances.—Commencing with the post-retirement adjustment, effective July 1, 1974, all retirement allowances payable under the provisions of this Article shall be adjusted annually in accordance with the provisions of G.S. 135-5(o). (1973, c. 640, s. 1.)

§ 135-66. Administration; management of funds.—The provisions of G.S. 135-6, 135-7, 135-7.1 and 135-7.2 shall be applicable to the administration of this Retirement System and to the assets thereof.

The assets of this Retirement System may be commingled for investment purposes with those of the Teachers' and State Employees' Retirement System, but the records of the Board of Trustees shall at all times show the relative interest of each system in the commingled funds. (1973, c. 640, s. 1.)

§ 135-67. Assets of Retirement System.—(a) All of the assets of the Retirement System shall be credited according to the purpose for which they are held to one of two funds, namely, the annuity savings fund and the pension accumulation fund.

(b) The annuity savings fund shall be the fund to which all members' contributions, and regular interest allowances thereon as provided for in G.S. 135-7(b), shall be credited. From this fund shall be paid the accumulated contributions of a member in accordance with G.S. 135-52, or G.S. 135-53.

(c) Upon the retirement of a member, his accumulated contributions shall be transferred from the annuity savings fund to the pension accumulation fund. In the event that a retired former member should subsequently again become a member of the Retirement System as provided for in G.S. 135-55(c) or G.S. 135-71, any excess of his accumulated contributions at his date of retirement over the sum of the retirement allowance payments received by him since his date of retirement shall be transferred from the pension accumulation fund to the annuity savings fund and shall be credited to his individual account in the annuity savings fund.

(d) The pension accumulation fund shall be the fund in which shall be accumulated contributions by the State and amounts transferred from the annuity savings fund in accordance with subsection (c) above, and to which all income from the invested assets of the Retirement System shall be credited. From this fund shall be paid retirement allowances and any other benefits provided for under this Article except payments of accumulated contributions as provided in subsection (b) above.

(e) The regular interest allowance on the members' accumulated contributions

provided for in G.S. 135-7(b) shall be transferred each year from the pension accumulation fund to the annuity savings fund. (1973, c. 640, s. 1.)

§ 135-68. Contributions by the members.—Each member shall contribute by payroll deduction for each pay period for which he receives compensation six percent (6%) of his compensation for such period. (1973, c. 640, s. 1.)

§ 135-69. Contributions by the State.—(a) The State shall contribute annually an amount equal to the sum of the “normal contribution” and the “accrued liability contribution.”

(b) The normal contribution for any period shall be determined as a percentage, equal to the normal contribution rate, of the total compensation of the members for such period. The normal contribution rate shall be determined as the percentage represented by the ratio of (i) the annual normal cost to provide the benefits of the Retirement System, computed in accordance with recognized actuarial principles on the basis of methods and assumptions approved by the Board of Trustees, in excess of the part thereof provided by the members' contributions, to (ii) the total annual compensation of the members of the Retirement System.

(c) The accrued liability contribution for any period shall be determined as a percentage, equal to the accrued liability contribution rate, of the total compensation of the members for such period. The accrued liability contribution rate shall be determined as the percentage represented by the ratio of (i) the level annual contribution necessary to amortize the unfunded accrued liability over a period of 40 years, computed in accordance with recognized actuarial principles on the basis of methods and assumptions approved by the Board of Trustees, to (ii) the total annual compensation of the members of the Retirement System.

(d) The unfunded accrued liability as of any date shall be determined, in accordance with recognized actuarial principles on the basis of methods and assumptions approved by the Board of Trustees, as the excess of (i) the then present value of the benefits to be provided under the Retirement System in the future over (ii) the sum of the assets of the Retirement System then currently on hand in the annuity savings fund and the pension accumulation fund, plus the then present value of the stipulated contributions to be made in the future by the members, plus the then present value of the normal contributions expected to be made in the future by the State.

(e) The normal contribution rate and the accrued liability contribution rate shall be determined after each annual valuation of the Retirement System and shall remain in effect until a new valuation is made.

(f) The annual contributions by the State for any year shall be at least sufficient, when combined with the amount held in the pension accumulation fund at the start of the year, to provide the retirement allowances and other benefits payable out of the fund during the year then current. (1973, c. 640, s. 1.)

§ 135-70. Transfer of members to another system.—(a) Any member whose service as a judge is terminated other than by retirement or death and, who, while still a member of this Retirement System becomes a member of either the Teachers' and State Employees' Retirement System or the North Carolina Local Governmental Employees' Retirement System, may elect to retain his membership in this Retirement System by not withdrawing his accumulated contributions hereunder. Any such member shall retain all the rights, credits and benefits obtaining to him under this Retirement System at the time of such termination of service while he is a member of such other system and does not withdraw his contributions hereunder.

(b) Any member who becomes eligible for benefits under more than one system may file application therefor with each retirement system to the end that each retirement system shall pay appropriate benefits without transfer of funds between the systems.

(c) The Board of Trustees shall effect such rules as it may deem necessary to

administer the provisions of the preceding subsections of this section and to prevent any duplication of service credits or benefits that might otherwise occur. (1973, c. 640, s. 1.)

§ 135-71. Return to membership of retired former member.—(a) In the event that a retired former member should at any time return to service as a justice or judge, his retirement allowance shall thereupon cease and he shall be restored as a member of the Retirement System.

(b) In the computation of the amount of any benefits to which he may subsequently become entitled under any of the provisions of this Article, his creditable service shall be taken as the sum of the creditable service rendered by him prior to the date of his previous retirement plus the period of membership service rendered by him subsequent to his restoration to membership, except as otherwise provided in G.S. 135-60(c). (1973, c. 507, s. 3.)

- (1) The general supervision over all matters relating to the construction of the State highways, letting of contracts therefor, and the selection of materials to be used in the construction of State highways under the authority of this Chapter.
- (2) To take over and assume exclusive control for the benefit of the State of any existing county or township roads, and to locate and acquire rights-of-way for any new roads that may be necessary for a State highway system, with full power to widen, relocate, change or alter the grade or location thereof and to change or relocate any existing roads that the Board of Transportation may now own or may acquire; to acquire by gift, purchase, or otherwise, any road or highway, or tract of land or other property whatsoever that may be necessary for a State highway system: Provided, all changes, or alterations authorized by this subdivision shall be subject to the provisions of G.S. 136-54 to 136-63, to the extent that said sections are applicable: Provided, that nothing in this Chapter shall be construed to authorize or permit the Board of Transportation to allow or pay anything to any county, township, city or town, or to any board of commissioners or governing body thereof, for any existing road or part of any road heretofore constructed by any such county, township, city or town, unless a contract has already been entered into with the Board of Transportation.

- (3) To provide for such road materials as may be necessary to carry on the work of the Board of Transportation, either by gift, purchase, or condemnation: Provided, that when any person, firm or corporation owning a deposit of sand, gravel or other material, necessary, for the construction of the system of State highways provided herein, has entered into a contract to furnish the Board of Transportation, either by gift, purchase, or condemnation: Provided, that when any person, firm or corporation owning a deposit of sand, gravel or other material, necessary, for the construction of the system of State highways provided herein, has entered into a contract to furnish the Board of Transportation, thereafter the Board of Transportation shall have the right to condemn the necessary right-of-way under the provisions of Article 9 of Chapter 136, to connect said deposit with any part of the system of State highways or public carrier, provided that easements to material deposits, condemned under this Article shall not become a public road and the condemned easement shall be returned to the owner as soon as the deposits are exhausted or abandoned by the Board of Transportation.
- (4) To enforce by mandamus or other proper legal remedies all legal rights or causes of action of the Board of Transportation with other public bodies, corporations, or persons.
- (5) To make rules, regulations and ordinances for the use of, and to police traffic on, the State highways, and to prevent their abuse by individuals, corporations and public corporations, by trucks, tractors, trailers or other heavy or destructive vehicles or machinery, or by any other means whatsoever, and to provide ample means for the enforcement of same; and the violation of any of the rules, regulations or ordinances so prescribed by the Board of Transportation shall constitute a misdemeanor: Provided, no rules, regulations or ordinances shall be made that will conflict with any statute now in force or any ordinance of incorporated cities or towns, except the Board of Transportation may regulate parking upon any street which forms a link in the State highway system, if said street be maintained with State highway funds.
- (6) To establish a traffic census to secure information about the relative use, cost, value, importance, and necessity of roads forming a part of the State highway system, which information shall be a part of the public records of the State, and upon which information the Board of Transportation shall, after due deliberation and in accordance with these established facts, proceed to order the construction of the particular highway or highways.
- (7) To assume full and exclusive responsibility for the maintenance of all roads other than streets in towns and cities, forming a part of the State highway system from date of acquiring said roads. The Board of Transportation shall have authority to maintain all streets constructed by the Board of Transportation in towns of less than 3,000 population by the last census, and such other streets as may be constructed in towns and cities at the expense of the Board of Transportation, whenever in the opinion of the Board of Transportation it is necessary and proper so to do.

authorities, federal agencies, civic bodies and individuals in the furtherance of those objectives. No such roadside parks, picnic areas, picnic tables, scenic overlooks or other turnouts, or any part of the highway right-of-way shall be used for commercial purposes and every use or attempted use of any such area for commercial purposes shall constitute a misdemeanor and each day's use shall constitute a separate offense.

- (10) To make proper and reasonable rules, regulations and ordinances for the placing or erection of telephone, telegraph or other poles, signboards, fences, gas, water, sewerage, oil, or other pipelines, and other similar obstructions that may, in the opinion of the Board of Transportation, contribute to the hazard upon any of the said highways or in any wise interfere with the same, and to make reasonable rules and regulations for the proper control thereof. And whenever the order of the said Board of Transportation shall require the removal of, or changes in, the location of telephone, telegraph, or other poles, signboards, fences, gas, water, sewerage, oil, or other pipelines, or other similar obstructions, the owners thereof shall at their own expense move or change the same to conform to the order of said Board of Transportation. Any violation of such rules and regulations or noncompliance with such orders shall constitute a misdemeanor.
- (11) To regulate, abandon and close to use, grade crossings on any road designated as part of the State highway system, and whenever a public highway has been designated as part of the State highway system and the Board of Transportation, in order to avoid a grade crossing or crossings with a railroad or railroads, continues or constructs the said road on one side of the railroad or railroads, the Board of Transportation shall have power to abandon and close to use such grade crossings; and whenever an underpass or overhead bridge is substituted for a grade crossing, the Board of Transportation shall have power to close to use and abandon such grade crossing and any other crossing adjacent thereto.
- (12) The Board of Transportation shall have such powers as are necessary to comply fully with the provisions of the present or future federal aid acts. The said Board of Transportation is hereby authorized to enter into all contracts and agreements with the United States government relating to survey, construction, improvement and maintenance of roads, urban area traffic operations studies and improvement projects on the streets on the State highway system and on the municipal system in urban areas, under the provisions of the present or future congressional enactments, to submit such scheme or program of construction or improvement and maintenance as may be required by the Secretary of Transportation or otherwise provided by federal acts, and to do all other things necessary to carry out fully the cooperation contemplated and provided for by present or future aid acts of Congress for the construction or improvement and maintenance of federal aid of State highways. The good faith and credit of the State are further hereby pledged to make available funds necessary to meet the requirements of the acts of Congress, present or future, appropriating money to construct and improve rural post roads and apportioned to this State during each of the years for which federal funds are now or may hereafter be apportioned by the said act or acts, to maintain the roads constructed or improved with the aid of funds so appropriated and to make adequate provisions for carrying out such construction and maintenance. The good faith and credit of the State are further pledged to maintain such roads now built with federal aid and hereafter to be built and to make adequate provisions for carrying out such maintenance. Upon request of the Board of Transportation and in order to enable it to meet

the requirements of acts of Congress with respect to federal aid funds apportioned to the State of North Carolina, the State Treasurer is hereby authorized, with the approval of the Governor and Council of State, to issue short term notes from time to time, and in anticipation of State highway revenue, and to be payable out of State highway revenue for such sums as may be necessary to enable the Board of Transportation to meet the requirements of said federal aid appropriations, but in no event shall the outstanding notes under the provisions of this section amount to more than two million dollars (\$2,000,000).

- (13) The Board of Transportation is authorized and empowered to construct and maintain all walkways and driveways within the Mansion Square in the City of Raleigh including the approaches connecting with the city streets, and any funds expended therefor shall be a charge against general maintenance.
- (14) The Board of Transportation shall have authority to provide roads for the connection of airports in the State with the public highway system, and to mark the highways and erect signals along the same for the guidance and protection of aircraft.
- (15) The Board of Transportation shall have authority to provide facilities for the use of waterborne traffic by establishing connections between the highway system and the navigable waters of the State by means of connecting roads and piers.
- (16) The Board of Transportation shall have authority, under the power of eminent domain and under the same procedure as provided for the acquirement of rights-of-way, to acquire title in fee simple to parcels of land for the purpose of exchanging the same for other real property to be used for the establishment of rights-of-way or for the widening of existing rights-of-way or the clearing of obstructions that, in the opinion of the Board of Transportation, constitute dangerous hazards at intersections. Real property may be acquired for such purposes only when the owner of the property needed by the Board of Transportation has agreed in writing to accept the property so acquired in exchange for that to be used by the Board of Transportation, and when, in the opinion of the Board of Transportation, an economy in the expenditure of public funds and the improvement and convenience and safety of the highway can be effected thereby.
- (17) The Board of Transportation is hereby authorized and required to maintain and keep in repair, sufficient to accommodate the public school buses, roads leading from the state-maintained public roads to all public schools and public school buildings to which children are transported on public school buses to and from their homes. Said Board of Transportation is further authorized to construct, pave, and maintain school bus driveways and sufficient parking facilities for the school buses at those schools. The Board of Transportation is further authorized to construct, pave, and maintain all other driveways and entrances to the public schools leading from public roads not required in the preceding portion of this subdivision.
- (18) To cooperate with appropriate agencies of the United States in acquiring rights-of-way for and in the construction and maintenance of flight strips or emergency landing fields for aircraft adjacent to State highways.
- (19) To prohibit the erection of any informational, regulatory, or warning signs within the right-of-way of any highway project built within the corporate limits of any municipality in the State where the funds for such construction are derived in whole or in part from federal appropriations expended by the Board of Transportation, unless such signs have first been approved by the Board of Transportation.
- (20) The Board of Transportation is hereby authorized to maintain and

keep in repair a suitable way of ingress and egress to all public or church cemeteries or burial grounds in the State notwithstanding the fact that said road is not a part of the state-maintained system of roads. For the purpose of this subdivision a public or church cemetery or burial ground shall be defined as a cemetery or burial ground in which there are buried or permitted to be buried deceased persons of the community in which said cemetery or burial ground is located, but shall not mean a privately owned cemetery operated for profit or family burial plots.

- (21) The Board of Transportation is hereby authorized and directed to remove all dead animals from the traveled portion and rights-of-way of all primary and secondary roads and to dispose of such animals by burial or otherwise. In cases where there is evidence of ownership upon the body of any dead dog, the Board of Transportation shall take reasonable steps to notify the owner thereof by mail or other means.
- (22) No airport or aircraft landing area shall be constructed or altered where such construction or alteration when undertaken or completed may reasonably affect motor vehicle operation and safety on adjoining public roads except in accordance with a written permit from the Board of Transportation or its duly authorized officers. The Board of Transportation is authorized and empowered to regulate airport and aircraft landing area construction and alteration in order to preserve safe clearances between highways and airways and the Board of Transportation is authorized and empowered to make rules, regulations, and ordinances for the preservation of safe clearances between highways and airways. The Board of Transportation shall be responsible for determining safe clearances and shall fix standards for said determination which shall not exceed the standards adopted for similar purposes by the United States Bureau of Public Roads under the Federal Aid Highway Act of 1958. Any person, firm, corporation or airport authority constructing or altering an airport or aircraft landing area without obtaining a written permit as herein provided, or not in compliance with the terms of such permit, or violating the provisions of the rules, regulations or ordinances promulgated under the authority of this section shall be guilty of a misdemeanor punishable in the discretion of the court; provided, that this subdivision shall not apply to publicly owned and operated airports and aircraft landing areas receiving federal funds and subject to regulation by the Federal Aviation Authority.
- (23) When in the opinion of the Board of Transportation an economy in the expenditure of public funds can be effected thereby, the Board of transportation shall have authority to enter into agreements with adjoining states regarding the planning, location, engineering, right-of-way acquisition and construction of roads and bridges connecting the North Carolina State Highway System with public roads in adjoining states, and the Board of Transportation shall have authority to do planning, surveying, locating, engineering, right-of-way acquisition and construction on short segments of roads and bridges in adjoining states with the cost of said work to be reimbursed by the adjoining state, and may also enter into agreements with adjoining states providing for the performance of and reimbursement to the adjoining state of the cost of such work done within the State of North Carolina by the adjoining state: Provided, that the Board of Transportation shall retain the right to approve any contract for work to be done in this State by an adjoining state for which the adjoining state is to be reimbursed.
- (24) The Board of Transportation is further authorized to pave driveways

leading from state-maintained roads to rural fire district firehouses which are approved by the North Carolina Fire Insurance Rating Bureau and to facilities of rescue squads furnishing ambulance services which are approved by the North Carolina State Association of Rescue Squads, Inc.

- (25) The Board of Transportation is hereby authorized and directed to design, construct, repair, and maintain paved streets and roads upon the campus of each of the State's institutions of higher education, at state-owned hospitals for the treatment of tuberculosis, state-owned orthopedic hospitals, juvenile correction centers, mental health hospitals and retarded centers, schools for the deaf, and schools for the blind, when such construction, maintenance, or repairs have been authorized by the General Assembly in the appropriations bills enacted by the General Assembly. Cost for such construction, maintenance, and repairs shall be borne by the Highway Fund. Upon the General Assembly authorizing the construction, repair, or maintenance of a paved road or drive upon any of the above-mentioned institutions, the Board of Transportation shall give such project priority to insure that it shall be accomplished as soon as feasible, at the minimum cost to the State, and in any event during the biennium for which the authorization shall have been given by the General Assembly. clusive control over the State highway system. *Van Leuven v. Akers Motor Lines, Inc.*, 261 N.C. 539, 135 S.E.2d 640 (1964).

Powers of Commission (now Board) Are Incidental, etc.—

The Commission (now Board) is vested with the power of "general supervision over all matters relating to the construction of the State highways . . ." All the other powers it possesses are incidental to the purpose for which it was created. *State Highway Comm'n v. Batts*, 265 N.C. 346, 144 S.E.2d 126 (1965).

Power to Regulate and Close Grade Crossings.—The Highway Commission (now Board of Transportation) is authorized to regulate, abandon, and close grade crossings and intersections. *Snow v. North Carolina State Highway Comm'n*, 262 N.C. 169, 136 S.E.2d 678 (1964).

Owner of Land Subject to Highway Easement Is Entitled to Nominal Damages for Encroachment.—It may be conceded that an easement acquired by the State for a public highway is, under existing law, so extensive in nature and the control exercised by the Highway Commission (now Board of Transportation) is so exclusive in extent that the subservient estate in the land, from a practical standpoint, amounts to little more than the right of reverter in the event the easement is abandoned. Nevertheless, the subservient estate still exists and any encroachment thereon entitles the owner to nominal damages at least. *Van Leuven v. Akers Motor Lines, Inc.*, 261 N.C. 539, 135 S.E.2d 640 (1964).

Substitute Condemnation Described.—Substitute condemnation, provided for by subdivision (16), is a transaction in which the State or an agency with the power of eminent domain takes land under an agreement to compensate its owner with land to be taken in condemnation proceedings from a third person, instead of with money. *North Carolina State Highway Comm'n v. Farm Equip. Co.*, 281 N.C. 459, 189 S.E.2d (1972).

When Substitute Condemnation Is Valid.—Substitute condemnation, provided for by subdivision (16), is a valid exercise of a power of eminent domain only when the substitution of other property is the sole method by which the owner of land taken for public use can be justly compensated, and the practical problems resulting from the taking can be solved. *North Carolina State Highway Comm'n v. Farm Equip. Co.*, 281 N.C. 459, 189 S.E.2d 272 (1972).

Substitute condemnation of land for exchange under subdivision (16) can only be justified when the property for which

it is substituted accomplishes the public purpose for which it was taken, and the cost is not disproportionate to the benefit derived. *North Carolina State Highway Comm'n v. Farm Equip. Co.*, 281 N.C. 459, 189 S.E.2d 272 (1972).

Condemnation of Property for Exchange for Railroad Right-of-Way.—Under subdivision (16) the Commission (now Board) is without authority to condemn land in fee simple for the purpose of exchanging it for railroad right-of-way property to be used in a highway construction project, but may only condemn an easement to be used for railroad purposes. *North Carolina State Highway Comm'n v. Farm Equip. Co.*, 281 N.C. 459, 189 S.E.2d 272 (1972).

Prohibition against Taking Property for Private Uses Applies to Subdivision (16).—Any exercise of the power of eminent domain, under subdivision (16), is subject to the constitutional prohibition against the taking of property for private uses. *North Carolina State Highway Comm'n v. Farm Equip. Co.*, 281 N.C. 459, 189 S.E.2d 272 (1972).

Commission (now Board) Has No Power to Condemn Property for Private Road.—This section and § 136-45 vest in the State Highway Commission (now Board of Transportation) broad discretionary powers in establishing, constructing, and maintaining highways as part of a statewide system of hard-surfaced and other dependable highways, but the State Highway Commission (now Board of Transportation) has no power to condemn private property to construct a road for the private use of any person or group of persons, and if it does so, it is an arbitrary act and an abuse of the discretion vested in it. *State Highway Comm'n v. Batts*, 265 N.C. 346, 144 S.E.2d 126 (1965).

Commission's (Board's) Requirements as to Signs and Flagmen Do Not Give Contractor Right-of-Way.—Where a contractor for the improvement of an airport is granted permission by the Highway Commission (now Board of Transportation) to construct a dirt ramp over the highway to protect it from heavy equipment, the Commission's (now Board's) requirements with reference to signs and flagmen are primarily for the protection of the users of the highway and do not confer on the contractor special privileges in respect to right-of-way. *C.C. Mangum, Inc. v. Gasperson*, 262 N.C. 32, 136 S.E.2d 234 (1964).

Use of Highway by Telephone, etc.—

In accord with 1st paragraph in original. See *Van Leuven v. Akers Motor Lines, Inc.*, 261 N.C. 539, 135 S.E.2d 640 (1964).

The State Highway Commission (now Board of Transportation) has full authority to make proper and reasonable rules, regulations and ordinances for the placing or erection of telephone, telegraph or other poles within the right-of-way, and it may, at any time, require the removal of, change in, or relocation of any such poles. *Van Deuven v. Akers Motor Lines, Inc.*, 261 N.C. 539, 135 S.E.2d 640 (1964).

§ 136-18.1. Use of Bermuda grass.—The use of Bermuda grass shall be restricted to sections of the highway where the abutting property is not in cultivation, except where the Board of Transportation has written consent of the abutting landowner. In long sections of woodland or wasteland sufficiently distant from cultivated areas, Bermuda grass may be used. The Board of Transportation and its employees shall use every reasonable effort to eliminate Bermuda grass heretofore planted on the shoulders of the highways through cultivated farm areas. Editor's Note.—

The 1973 amendment, effective July 1, 1973, substituted "Board of Transporta-

tion" for "State Highway Commission" and for "Commission."

§ 136-18.2. Seed planted by Board of Transportation to be approved by Department of Agriculture.—The Board of Transportation shall not cause any seed to be planted on or along any highway or road right-of-way unless and until such seed has been approved by the State Department of Agriculture as provided for in the rules and regulations of the Department of Agriculture for such seed. (1957, c. 1002; 1973, c. 507, s. 5.)

Editor's Note.—

The 1973 amendment, effective July 1,

1973, substituted "Board of Transportation" for "State Highway Commission."

§ 136-19. Acquisition of land and deposits of materials; condemnation proceedings; federal parkways. — The Board of Transportation is vested with the power to acquire either in the nature of an appropriate easement or in fee simple such rights-of-way and title to such land, gravel, gravel beds or bars, sand, sand beds or bars, rock, stone, boulders, quarries, or quarry beds, lime or other earth or mineral deposits or formations, and such standing timber as it may deem necessary and suitable for road construction, maintenance, and repair, and the necessary approaches and ways through, and a sufficient amount of land surrounding and adjacent thereto, as it may determine to enable it to properly prosecute the work, either by purchase, donation, or condemnation, in the manner hereinafter set out. If any parcel is acquired in fee simple as authorized by this section and the Board of Transportation later determines that the parcel is not needed for highway purposes, first consideration shall be given to any offer to repurchase made by the owner from whom said parcel was acquired or the heirs or assigns of such owner. The Board of Transportation is also vested with the power to acquire such additional land alongside of the rights-of-way or roads as in its opinion may be necessary and proper for the protection of the roads and roadways, and such additional area as may be necessary as by it determined for approaches to and from such material and other requisite area as may be desired by it for working purposes. The Board of Transportation may, in its discretion, with the consent of the landowner, acquire in fee simple an entire lot, block or tract of land, if by so doing, the interest of the public will be best served, even though said entire lot, block or tract is not immediately needed for right-of-way purposes.

Whenever the Board of Transportation and the owner or owners of the lands, materials, and timber required by the Board of Transportation to carry on the work as herein provided for, are unable to agree as to the price thereof, the Board of Transportation is hereby vested with the power to condemn the lands, materials,

and timber and in so doing the ways, means, methods, and procedure of Article 9 of this Chapter shall be used by it exclusively.

The Board of Transportation shall have the same authority, under the same provisions of law provided for construction of State highways, for acquirement of all rights-of-way and easements necessary to comply with the rules and regulations of the United States government for the construction of federal parkways and entrance roads to federal parks in the State of North Carolina. The acquirement of a total of 125 acres per mile of said parkways, including roadway and recreational and scenic areas on either side thereof, shall be deemed a reasonable area for said purpose. The right-of-way acquired or appropriated may, at the option of the Board of Transportation, be a fee-simple title. The said Board of Transportation is hereby authorized to convey such title so acquired to the United States government, or its appropriate agency, free and clear of all claims for compensation. All compensation contracted to be paid or legally assessed shall be a valid claim against the Board of Transportation, payable out of the State Highway Fund. Any conveyance to the United States Department of Interior of land acquired as provided by this section shall contain a provision whereby the State of North Carolina shall retain concurrent jurisdiction over the areas conveyed. The Governor is further authorized to grant concurrent jurisdiction to lands already conveyed to the United States Department of Interior for parkways and entrances to parkways.

The action of the Board of Transportation heretofore taken in the acquirement of areas for the Blue Ridge Parkway in accordance with the rules and regulations of the United States government is hereby ratified and approved and declared to be a reasonable exercise of the discretion vested in the said Board of Transportation in furtherance of the public interest.

When areas have been tentatively designated by the United States government to be included within a parkway, but the final survey necessary for the filing of maps as provided in this section has not yet been made, no person shall cut or remove any timber from said areas pending the filing of said maps after receiving notice from the Board of Transportation that such area is under investigation; and any property owner who suffers loss by reason of the restraint upon his right to use the said timber pending such investigation shall be entitled to recover compensation from the Board of Transportation for the temporary appropriation of his property, in the event the same is not finally included within the appropriated area, and the provisions of this section may be enforced under the same law now applicable for the adjustment of compensation in the acquirement of rights-of-way on other property by the Board of Transportation. Editor's Note.—

The 1971 amendment, in the third paragraph, deleted "hereinbefore" following "law" in the first sentence, deleted the language following "be a fee simple title," in the third sentence, and added the sixth and seventh sentences.

The 1973 amendment, effective July 1, 1973, substituted "State Highway Fund" for "construction fund of said Commission" at the end of the fifth sentence of the third paragraph. The amendment also substituted "Board of Transportation" for "State Highway Commission" and for "Commission" throughout the section.

The Commission (now Board of Transportation) possesses the sovereign power, etc.—

In accord with original. See Hughes v. North Carolina State Highway Comm'n, 2 N.C. App. 1, 162 S.E.2d 661 (1968).

The State Highway Commission (now Board of Transportation) as a State agency or instrumentality possesses the

sovereign power of eminent domain, and by reason thereof can take private property for public use for highway purposes upon payment of just compensation. *State Highway Comm'n v. Batts*, 265 N.C. 346, 144 S.E.2d 126 (1965).

The General Assembly has expressly granted to the State Highway Commission (now Board of Transportation), under prescribed conditions, the power of eminent domain and has set forth the procedure to be followed in the exercise of such power. This procedure must be followed, and the conditions prescribed therein must be met before the State Highway Commission (now Board of Transportation) has the right to exercise the power of eminent domain. *State Highway Comm'n v. Matthis*, 2 N.C. App. 233, 163 S.E.2d 35 (1968).

As a State agency, the Highway Commission (now Board of Transportation) possesses the power of eminent domain for the purpose of acquiring property and property rights necessary to carry out its designated functions. *North Carolina State Highway Comm'n v. Asheville School, Inc.*, 5 N.C. App. 684, 169 S.E.2d 193 (1969).

Commission (now Board) Has Power to Acquire Rights-of-Way.—There is no question about the right of the Commission (now Board) to procure by dedication, purchase, prescription or condemnation such rights-of-way as it may deem necessary for highway purposes. *Browning v. North Carolina State Highway Comm'n*, 263 N.C. 130, 139 S.E.2d 227 (1964).

The Commission (now Board) has authority by virtue of this section to acquire rights-of-way by purchase. *McNeill v. North Carolina State Highway Comm'n*, 4 N.C. App. 354, 167 S.E.2d 58 (1969).

North Carolina statutes and court decisions set forth the following methods by which the Highway Commission (now Board of Transportation) can acquire right-of-way easements: (1) purchase or agreement; (2) donation; (3) dedication; (4) prescription; or (5) condemnation. *Hughes v. North Carolina State Highway Comm'n*, 2 N.C. App. 1, 162 S.E.2d 661 (1968).

But Not to Appropriate Personal Property.—The Highway Commission (now Board of Transportation) has no authority to appropriate personal property for public use. *Lyerly v. North Carolina State Highway Comm'n*, 264 N.C. 649, 142 S.E.2d 658 (1965); *Givens v. Sellars*, 273 N.C. 44, 159 S.E.2d 530 (1968).

This section does not authorize High-

way Commission (now Board of Transportation) to appropriate personal property for public use. *Midgett v. North Carolina State Highway Comm'n*, 260 N.C. 241, 132 S.E.2d 599 (1963).

The Highway Commission (now Board of Transportation) has the responsibility of repairing, whenever possible, damage caused by a highway project, and it is not precluded by the law or Constitution from making reasonable use of land acquired for the project in doing so. *North Carolina State Highway Comm'n v. Asheville School, Inc.*, 5 N.C. App. 684, 169 S.E.2d 193 (1969).

The existence of a public use is a prerequisite to the right of the State Highway Commission (now Board of Transportation) to exercise the power of eminent domain to condemn private property, and final determination as to whether the proposed condemnation and taking of defendants' land by condemnation is for a public use is for judicial determination. *State Highway Comm'n v. Batts*, 265 N.C. 346, 144 S.E.2d 126 (1965).

It is elementary law that the Highway Commission (now Board of Transportation) can condemn property only for a public purpose. *North Carolina State Highway Comm'n v. Asheville School, Inc.*, 276 N.C. 556, 173 S.E.2d 909 (1970).

What constitutes a public use is a judicial question to be decided by the court as a matter of law. *North Carolina State Highway Comm'n v. Asheville School, Inc.*, 5 N.C. App. 684, 169 S.E.2d 193 (1969).

Any highway condemnation proceeding may incite controversy as to whether the proposed road will serve a public or private purpose. This question, when the facts are determined, is one of law for the courts. *North Carolina State Highway Comm'n v. Asheville School, Inc.*, 276 N.C. 556, 173 S.E.2d 909 (1970).

Commission (now Board) Cannot Take Land Solely to Construct Road for Private Use.—The Highway Commission (now Board of Transportation) cannot take the land of one property owner for the sole purpose of constructing a road for the private use of another. *North Carolina State Highway Comm'n v. Asheville School, Inc.*, 276 N.C. 556, 173 S.E.2d 909 (1970).

But it May Provide for Access to Property Otherwise Landlocked by Highway.—Condemnation of land by the State Highway Commission (now Board of Transportation) to provide access to private property which otherwise would have been landlocked by the Highway

Commission's (now Board of Transportation's) construction of a controlled access interstate highway was for a public purpose and was authorized by this section, and §§ 136-89.49 and 136-89.52. *North Carolina State Highway Comm'n v. Asheville School, Inc.*, 276 N.C. 556, 173 S.E.2d 909 (1970).

Condemnation of property by the Highway Commission (now Board of Transportation) for the sole purpose of providing a private driveway into adjoining property which had been landlocked as the result of the construction of a controlled access freeway is a taking for a public purpose, where the driveway is constructed in connection with the freeway project and not as a separate and distinct project completely unrelated to any public undertaking, and since the landlocking of the property was a damage to the owners thereof, which if not repaired, would have entitled them to compensation. *North Carolina State Highway Comm'n v. Asheville School, Inc.*, 5 N.C. App. 684, 169 S.E.2d 193 (1969).

Procuring an easement and creating a right-of-way for the benefit of parcels of land incidentally deprived of all or of some means of access to an existing way by reason of the construction of a turnpike, throughway, freeway or other limited access highway has been held to be for a public use. *North Carolina State Highway Comm'n v. Asheville School, Inc.*, 5 N.C. App. 684, 169 S.E.2d 193 (1969).

A service road alleviating a landlocked condition caused by the construction of a freeway constituted a public use whether such road served one property owner or many. *North Carolina State Highway Comm'n v. Asheville School, Inc.*, 276 N.C. 556, 173 S.E.2d 909 (1970).

Attack on Commission's (now Board's) Authority to Condemn Property Precluded by Withdrawal of Sum Paid into Court as Compensation. — Defendant's withdrawal of the amount paid into court by the Highway Commission (now Board of Transportation) as its estimate of just compensation precluded an attack on the Commission's (now Board's) authority to condemn the property in question. *North Carolina State Highway Comm'n v. Asheville School, Inc.*, 5 N.C. App. 684, 169 S.E.2d 193 (1969).

Any injury to personal property is damnum absque injuria. *Lyerly v. North Carolina State Highway Comm'n*, 264 N.C. 649, 142 S.E.2d 658 (1965).

Extent of Right, etc.—

In accord with original. See Van Leuven

v. Akers Motor Lines, Inc., 261 N.C. 539, 135 S.E.2d 640 (1964).

The owner of land abutting a highway has a right beyond that which is enjoyed by the general public, a special right of easement in the public road for access purposes, and this is a property right which cannot be damaged or taken from him without due compensation. *McNeill v. North Carolina State Highway Comm'n*, 4 N.C. App. 354, 167 S.E.2d 58 (1969).

A right of access to a public highway is an easement appurtenant to the land. The Commission (now Board) stands in the position of a servient owner with the right to locate an access route under the general rule that where an easement is granted or reserved in general terms, which do not fix a specific location, then the owner of the servient estate has the right in the first instance to designate the specific location of such easement, subject to the limitation that this right be exercised in a reasonable manner with due regard to the rights of the owner of the easement. *McNeill v. North Carolina State Highway Comm'n*, 4 N.C. App. 354, 167 S.E.2d 58 (1969).

The right of direct access from the plaintiff's land to the highway, whether it existed prior to the agreement or was created by it, was an easement appurtenant to the plaintiff's land and was a private property right in the plaintiff, over and above the plaintiff's right, as a member of the public, to use this ramp as a means of getting to the lanes of the highway. *McNeill v. North Carolina State Highway Comm'n*, 4 N.C. App. 354, 167 S.E.2d 58 (1969).

And Is Subject to Condemnation. — A right of access is an easement, a property right, and as such is subject to condemnation. *McNeill v. North Carolina State Highway Comm'n*, 4 N.C. App. 354, 167 S.E.2d 58 (1969).

The fact that landowner's right of access arose out of an agreement and a deed does not prevent its being a property right. *McNeill v. North Carolina State Highway Comm'n*, 4 N.C. App. 354, 167 S.E.2d 58 (1969).

Construing Right-of-Way Agreement. — In construing a right-of-way agreement all of the language contained therein is to be considered and a landowner can rely upon language creating easement rights and property rights greater than those of the general public. *McNeill v. North Carolina State Highway Comm'n*, 4 N.C. App. 354, 167 S.E.2d 58 (1969).

Consideration for Right-of-Way Agreement. — The Commission (now Board) cannot only pay money as consideration

for a right-of-way agreement, but can grant to the landowner a right of access at a particularly designated point. *McNeill v. North Carolina State Highway Comm'n*, 4 N.C. App. 354, 167 S.E.2d 58 (1969).

Payment for Elimination of Hazardous Access Point.—While the Commission (now Board) has the power to eliminate a hazardous access point, it cannot do so without paying the landowner for his property right. *McNeill v. North Carolina State Highway Comm'n*, 4 N.C. App. 354, 167 S.E.2d 58 (1969).

Condition Precedent to Right of Eminent Domain.—This section is a condition precedent to the State Highway Commission's (now Board of Transportation's) right of eminent domain. *State Highway Comm'n v. Matthis*, 2 N.C. App. 233, 163 S.E.2d 35 (1968).

General benefits are those which arise from the fulfillment of the public object which justified the taking. *State Highway Comm'n v. Mode*, 2 N.C. 464, 163 S.E.2d 429 (1968).

Special benefits are those which arise from the peculiar relation of the land in question to the public improvement. *State Highway Comm'n v. Mode*, 2 N.C. App. 464, 163 S.E.2d 429 (1968).

A lessee as tenant of an estate for years takes and holds his term in the same manner as any other owner of realty holds his title, subject to the right of the sovereign to take the hold or any part of it for public use upon the payment to him of just compensation. *Givens v. Sellars*, 273 N.C. 44, 159 S.E.2d 530 (1968).

Removal of Personalty from Leasehold Estate.—When a leasehold estate is taken under the power of eminent domain, the ownership of personalty kept on the premises taken, but not permanently affixed thereto, is not affected, and the owner is entitled to remove same at his own expense. *Givens v. Sellars*, 273 N.C. 44, 159 S.E.2d 530 (1968).

Compensatory damages for injury to personal property is the difference between its fair market value immediately before and immediately after the injury. If the property has no market value the measure of damages may be gauged by the cost of repairs. *Givens v. Sellars*, 273 N.C. 44, 159 S.E.2d 530 (1968).

Compensation for Land Containing Mineral Deposits.—See *State Highway Comm'n v. Mode*, 2 N.C. App. 464, 163 S.E.2d 429 (1968).

Compensation for Land Containing Stone Deposits.—See *State Highway*

Comm'n v. Mode, 2 N.C. App. 464, 163 S.E.2d 429 (1968).

Purchase from One Cotenant Does Not Affect Interest of Other Cotenant.—The purchase of an easement from one cotenant does not carry with it an easement in the interest of the other cotenant. *Browning v. North Carolina State Highway Comm'n*, 263 N.C. 130, 139 S.E.2d 227 (1964).

A property owner has a constitutional right to just compensation for the taking of his property for a public purpose. *Browning v. North Carolina State Highway Comm'n*, 263 N.C. 130, 139 S.E.2d 227 (1964).

And to Reasonable Notice and Opportunity to Be Heard on Damages.—As both the federal and State Constitutions protect all persons from being deprived of their property for public use without the payment of just compensation and a reasonable notice and a reasonable opportunity to be heard, proceedings to condemn property must not violate these guaranties. *Browning v. North Carolina State Highway Comm'n*, 263 N.C. 130, 139 S.E.2d 227 (1964).

But Notice Property Is to Be Appropriated Is Unnecessary.—It is not necessary to notify the owner that his property is to be appropriated provided he is notified and given opportunity to appear and be heard on the question of the compensation that may be due him. *Browning v. North Carolina State Highway Comm'n*, 263 N.C. 130, 139 S.E.2d 227 (1964).

The due process clause is not violated by failure to give the owner of property an opportunity to be heard as to the necessity and extent of appropriating his property to public use; but it is essential to due process that the mode of determining the compensation to be paid for the appropriation be such as to afford the owner an opportunity to be heard. *Browning v. North Carolina State Highway Comm'n*, 263 N.C. 130, 139 S.E.2d 227 (1964).

"Taking" Defined.—See *Browning v. North Carolina State Highway Comm'n*, 263 N.C. 130, 139 S.E.2d 227 (1964).

Laying Out Right of Way Is Not "Taking."—The mere laying out of a right of way is not in contemplation of law a full appropriation of property. Complete appropriation occurs when the property is actually taken for the specified purpose after due notice to the owner; and the owner's right to compensation arises only from the actual taking or occupation of

the property by the Highway Commission (now Board of Transportation). *Browning v. North Carolina State Highway Comm'n*, 263 N.C. 130, 139 S.E.2d 227 (1964).

Nor Is Paving Existing Highway "Taking" or Notice Thereof.—The completion of a project is, in ordinary cases, a clear taking of the owner's property and notice to him of the taking, but this is not true where the project consists of the mere paving of an existing public highway. Such paving, where the rights of the public are unquestioned, would be no assertion of rights over adjacent land or notice to the owners that such rights were being asserted. *Browning v. North Carolina State Highway Comm'n*, 263 N.C. 130, 139 S.E.2d 227 (1964).

Registering Maps Covering Adjacent Lands.—Prior to the 1971 amendment, the third paragraph of this section contained provisions pertaining to the filing and registration of maps. For a case decided under the former provisions, see *Browning v. North Carolina State Highway Comm'n*, 263 N.C. 130, 139 S.E.2d 227 (1964).

Interference with Natural Flow of Water.—The right to have water flow in the direction provided by nature is a property right, and if such right of a landowner is materially interfered with so that his land is flooded by the manner in which a highway is constructed, it is a nuisance and a taking of property for public use for which compensation must be paid. *Midgett v. North Carolina State Highway Comm'n*, 260 N.C. 241, 132 S.E.2d 599 (1963).

Liability of Contractor.—

In accord with original. See *Millsaps v. Wilkes Contracting Co.*, 14 N.C. App. 321, 188 S.E.2d 663 (1972).

Measure of Damages for Property Injured.—

In accord with 2nd paragraph in original. See *State Highway Comm'n v. Conrad*, 263 N.C. 394, 139 S.E.2d 553 (1965).

Price at Which Land Was Bought as Evidence of Market Value.—It is accepted law that when land is taken in the exercise of eminent domain it is competent, as evidence of market value, to show the price at which it was bought if the sale was voluntary and not too remote in point of time. *North Carolina State Highway Comm'n v. Nuckles*, 271 N.C. 1, 155 S.E.2d 772 (1967).

Evidence of Market Value, etc.—

In accord with original. See *State Highway Comm'n v. Phillips*, 267 N.C. 369, 148 S.E.2d 282 (1966).

When the taking renders the remaining land, etc.—

In accord with original. See *State Highway Comm'n v. Phillips*, 267 N.C. 369, 148 S.E.2d 282 (1966).

Loss of profits or injury, etc.—

In accord with original. See *State Highway Comm'n v. Phillips*, 267 N.C. 369, 148 S.E.2d 282 (1966).

Undeveloped Property, etc.—

Under proper circumstances a map of a proposed subdivision of undeveloped land is admissible to illustrate and explain the testimony of witnesses as to the highest and best available use of the property and that it is capable of subdivision. But where such map is admitted in evidence, the inclusion of a price per lot noted thereon or by testimony of witnesses is incompetent and should be excluded. *State Highway Comm'n v. Conrad*, 263 N.C. 394, 139 S.E.2d 553 (1965).

The fair market value of undeveloped land immediately before condemnation is not a speculative value based on an imaginary subdivision and sales in lots to many purchasers. It is the fair market value of the land as a whole in its then state according to the purpose or purposes to which it is best adapted and in accordance to its best and highest capabilities. *State Highway Comm'n v. Conrad*, 263 N.C. 394, 139 S.E.2d 553 (1965).

Cutting Off Access over Private Way or Neighborhood Road to Public Road.—To completely cut off one's access over a private way or neighborhood road to the nearest public road, without providing other reasonable accesses to a public road, may diminish the value of the land involved to the same extent as if access was denied to a public highway abutting the premises. *State Highway Comm'n v. Phillips*, 267 N.C. 369, 148 S.E.2d 282 (1966).

Where a landowner's access to a public highway over a section of neighborhood public road is cut off by the construction of a limited access highway across a portion of his land, leaving no access from the property to a public highway, the deprivation of access affects the value of the property and the landowner is entitled to introduce evidence of such deprivation of access as an element of damages. *State Highway Comm'n v. Phillips*, 267 N.C. 369, 148 S.E.2d 282 (1966).

Right to Jury Trial on Ownership of Land Is Inapplicable to Eminent Domain.—Article I, § 25, N.C. Const., is a constitutional guaranty of jury trial when the issue determinative of the rights of the litigants is: "Who owns the land, plain-

tiff or defendant?" This issue does not arise when the state, or its agency, exercises the power of eminent domain. The phrase "eminent domain" by definition admits condemnor did not own, but took or appropriated the property of another for a public purpose. *Wescott v. State Highway Comm'n*, 262 N.C. 522, 138 S.E.2d 133 (1964).

But Where Commission (now Board) Claims It is Owner, Issue Must Be Tried by Jury.—When the Highway Commission (now Board of Transportation) denies the plaintiff, in a proceeding for compensation for the taking of and damage to his property, is entitled to compensation because it, not the plaintiff, was the owner of the property rights in controversy, the Commission (now Board) in effect converts what began as a condemnation proceeding into an action in ejectment or trespass to try title. On that issue the plaintiff is entitled to a jury trial. *Wescott v. State Highway Comm'n*, 262 N.C. 522, 138 S.E.2d 133 (1964).

§ 136-19.1. Surplus material derived from grading to be made available to adjoining landowners.—It shall be the duty of the Board of Transportation or any contractor working for said Board of Transportation to make available to the adjoining landowner any gravel, dirt or material which is available from grading a road or highway through such adjoining lands which is not required or desired by the Board of Transportation for use upon any part of the highway, and said surplus material shall not be sold or disposed of by the Board of Transportation or any contractor working for them until the adjoining landowner has been given the right to accept and use the same when deposited on any convenient place at or near his land by the contractor or the Board of Transportation. (1949, c. 1076; 1957, c. 65, s. 11; 1973, c. 507, s. 5.)

Editor's Note.—

The 1973 amendment, effective July 1, 1973, substituted "Board of Transporta-

tion" for "State Highway Commission" and for "Commission."

§ 136-19.2: Repealed by Session Laws 1969, c. 733, s. 13, effective January 1, 1970.

§ 136-19.3. Acquisition of buildings.—Where the right-of-way of a proposed highway necessitates the taking of a portion of a building or structure, the Board of Transportation may acquire, by condemnation or purchase, the entire building or structure, together with the right to enter upon the surrounding land for the purpose of removing said building or structure, upon a determination by the Board of Transportation based upon an affidavit of an independent real estate appraiser that the partial taking will substantially destroy the economic value or utility of the building or structure and (i) that an economy in the expenditure of public funds will be promoted thereby; or (ii) that it is not feasible to cut off a portion of the building without destroying the entire building; or (iii) that the convenience, safety or improvement of the highway will be promoted thereby; provided, nothing herein contained shall be deemed to give the Board of Transportation authority to condemn the underlying fee of the portion of any building or structure

which lies outside the right-of-way of any existing or proposed public road, street or highway. (1965, c. 660; 1973, c. 507, s. 5.)

Editor's Note.—The 1973 amendment, Commission" and for "Highway Commission." effective July 1, 1973, substituted "Board of Transportation" for "State Highway

§ 136-19.4. Registration of right-of-way plans.—(a) A copy of the cover sheet and plan and profile sheets of the final right-of-way plans for all Board of Transportation projects, on those projects for which plans are prepared, under which right-of-way or other interest in real property is acquired or access is controlled shall be certified by the Department of Transportation and Highway Safety to the register of deeds of the county or counties within which the project is located. The Department shall certify said plan sheets to the register of deeds within two weeks from their formal approval by the Board of Transportation.

(b) The copy of the plans certified to the register of deeds shall consist of a xerox, photographic, or other permanent copy and shall measure approximately 20 inches by 12 inches including no less than 1½ inches binding space on the left-hand side.

(c) Notwithstanding any other provision in the law, upon receipt of said original certified copy of the right-of-way plans, the register of deeds shall record said right-of-way plans and place the same in a book maintained for that purpose, and the register of deeds shall maintain a cross-index to said right-of-way plans by number of road affected, if any, and by project number. No probate before the clerk of the superior court shall be required.

(d) If after the approval of said final right-of-way plans the Board of Transportation shall by resolution alter or amend said right-of-way or control of access, the Department of Transportation and Highway Safety, within two weeks from the adoption by the Board of Transportation of said alteration or amendment, shall certify to the register of deeds in the county or counties within which the project is located a copy of the amended plan and profile sheets approved by the Board of Transportation and the register of deeds shall remove the original plan sheets and record the amended plan sheets in lieu thereof.

(e) The register of deeds in each county shall collect a fee from the Board of Transportation of five dollars (\$5.00) for each original or amended plan and profile sheet recorded. (1967, c. 228, s. 1; 1969, c. 80, s. 13; 1973, c. 507, ss. 5, 12-15.)

Editor's Note.—Section 5, c. 228, Session Laws 1967, makes the act effective July 1, 1967.

The 1969 amendment, effective July 1, 1969, eliminated "fifty cents (50¢) for the indexing of each project and in addition shall collect a fee of" from subsection (e).

Section 14 of c. 80, Session Laws 1969 provides that nothing in the act "shall prevent any register of deeds whose compensation is derived from fees from retaining those fees as heretofore provided by law except that the amount of such fees shall be determined as provided herein."

The 1973 amendment, effective July 1, 1973, substituted "by the Department of

Transportation and Highway Safety" for "under the State Highway Commission's seal by the secretary of the State Highway Commission" in the first sentence and "Department" for "secretary" in the second sentence of subsection (a), substituted "Department of Transportation and Highway Safety" for "secretary to the Commission" in subsection (d) and deleted "under seal of the State Highway Commission" following "certify" near the middle of subsection (d). The amendment also substituted "Board of Transportation" for "State Highway Commission" throughout the section.

§ 136-20. Elimination or safeguarding of grade crossings and inadequate underpasses or overpasses.—(a) Whenever any road or street forming a link in or a part of the State highway system, whether under construction or heretofore or hereafter constructed, shall cross or intersect any railroad at the same level or grade, or by an underpass or overpass, and in the opinion of the chairman of the Board of Transportation such crossing is dangerous to the traveling public, or unreasonably interferes with or impedes traffic on said State highway, the Board of

Transportation shall issue notice requiring the person or company operating such railroad to appear before the Board of Transportation, at its office in Raleigh, upon a day named, which shall not be less than 10 days or more than 20 days from the date of said notice, and show cause, if any it has, why such railroad company shall not be required to alter such crossing in such way as to remove such dangerous condition and to make such changes and improvements thereat as will safeguard and secure the safety and convenience of the traveling public thereafter. Such notice shall be served on such railroad company as is now provided by law for the service of summons on domestic corporations, and officers serving such notice shall receive the same fees as now provided by law for the service of such summons.

(b) Upon the day named, the Board of Transportation shall hear said matter and shall determine whether such crossing is dangerous to public safety, or unreasonably interferes with traffic thereon. If it shall determine that said crossing is, or upon the completion of such highway will be, dangerous to public safety and its elimination or safeguarding is necessary for the proper protection of the traffic on said State highway, the Board of Transportation shall thereupon order the construction of an adequate underpass or overpass at said crossing or it may in its discretion order said railroad company to install and maintain gates, alarm signals or other approved safety devices if and when in the opinion of said Board of Transportation upon the hearing as aforesaid the public safety and convenience will be secured thereby. And said order shall specify that the cost of construction of such underpass or overpass or the installation of such safety device shall be allocated between the railroad company and the Board of Transportation in the same ratio as the net benefits received by such railroad company from the project bear to the net benefits accruing to the public using the highway, and in no case shall the net benefit to any railroad company or companies be deemed to be more than ten percent (10%) of the total benefits resulting from the project. The Board of Transportation shall be responsible for determining the proportion of the benefits derived by the railroad company from the project, and shall fix standards for the determining of said benefits which shall be consistent with the standards adopted for similar purposes by the United States Bureau of Public Roads under the Federal-Aid-Highway Act of 1944.

(c) Upon the filing and issuance of the order as hereinbefore provided for requiring the construction of any underpass or overpass or the installation and maintenance of gates, alarm signals or other safety devices at any crossing upon the State highway system, it shall be the duty of the railroad company operating the railroad with which said public road or street intersects or crosses to construct such underpass or overpass or to install and maintain such safety device as may be required in said order. The work may be done and material furnished either by the railroad company or the Board of Transportation, as may be agreed upon, and the cost thereof shall be allocated and borne as set out in subsection (b) hereof. If the work is done and material furnished by the railroad company, an itemized statement of the total amount expended therefor shall, at the completion of the work, be furnished the Board of Transportation, and the Board of Transportation shall pay such amount to the railroad company as may be shown on such statement after deducting the amount for which the railroad company is responsible; and if the work is done by the Board of Transportation, an itemized statement of the total amount expended shall be furnished to the railroad company, and the railroad company shall pay to the Board of Transportation such part thereof as the railroad company may be responsible for as herein provided; such payment by the railroad company shall be under such rules and regulations and by such methods as the Board of Transportation may provide.

(d) Within 60 days after the issuance of the order for construction of an underpass or overpass or the installation of other safety devices as herein provided for, the railroad company against which such order is issued shall submit to the Board of Transportation plans for such construction or installation, and within 10 days thereafter said Board of Transportation, through its chairman of the Board of

Transportation, shall notify such railroad company of its approval of said plan or of such changes and amendments thereto as to it shall seem advisable. If such plans are not submitted to the Board of Transportation by said railroad company within 60 days as aforesaid, the chairman of the Board of Transportation shall have plans prepared and submit them to the railroad company. The railroad company shall within 10 days notify the chairman of the Board of Transportation of its approval of the said plans or shall have the right within such 10 days to suggest such changes and amendments in the plans so submitted by the chairman of the Board of Transportation as to it shall seem advisable. The plans so prepared and finally approved by the chairman of the Board of Transportation shall have the same force and effect, and said railroad company shall be charged with like liability, and said underpass or overpass shall be constructed or such safety device installed in accordance therewith, as if said plans had been originally prepared and submitted by said railroad company. If said railroad company shall fail or neglect to begin or complete the construction of said underpass or overpass, or the installation of such safety device, as required by the order of the Board of Transportation, said Board of Transportation is authorized and directed to prepare the necessary plans therefor, which plans shall have the same force and effect, and shall fix said railroad company with like liability, as if said plans had been originally prepared and submitted by said railroad company, and the Board of Transportation shall proceed to construct said underpass or overpass or install such safety device in accordance therewith. An accurate account of the cost of said construction or installation shall be kept by the Board of Transportation and upon the completion of such work a statement of that portion thereof chargeable to such railroad company as set out in the order of the Board of Transportation shall be rendered said railroad company. Upon the failure or refusal of said company to pay the bill so rendered, the Board of Transportation shall recover the amount thereof by suit therefor against said company in the Superior Court of Wake County: Provided, that the payment by such railroad company of said proportionate part may be made under such rules and regulations and by such methods as the Board of Transportation may provide. If the Board of Transportation shall undertake to do the work, it shall not obstruct or impair the operation of the railroad and shall keep the roadbed and track safe for the operation of trains at every stage of work. If said railroad company shall construct such underpass or overpass or shall install such safety devices in accordance with the order of the Board of Transportation, the proportionate share of the cost thereof as set out in subsection (b) hereof shall upon the completion of said work be paid to the railroad company by the Board of Transportation. The Board of Transportation may inspect and check the expenditures for such construction or installation so made by the railroad company and an accurate account of the cost thereof shall upon the completion of said work be submitted to the Board of Transportation by the railroad company. If the Board of Transportation shall neglect or refuse to pay that portion of the cost of said construction or installation chargeable to it, the railroad company shall recover the amount thereof by suit therefor against the Board of Transportation in the Superior Court of Wake County.

(e) If any railroad company so ordered by the Board of Transportation to construct an underpass or overpass or to install safety devices at grade crossings as hereinbefore provided for shall fail or refuse to comply with the order of the Board of Transportation requiring such construction or installation, said railroad company shall be guilty of a misdemeanor and shall be fined not less than fifty (\$50.00) nor more than one hundred dollars (\$100.00) in the discretion of the court for each day such failure or refusal shall continue, each said day to constitute a separate offense.

(f) The jurisdiction over and control of said grade crossings and safety devices upon the State highway system herein given the Board of Transportation shall be exclusive.

(g) From any order or decision so made by the Board of Transportation the railroad company may appeal to the superior court of the county wherein is located the

crossing affected by said order. Such appeal shall not defer or delay the construction of such underpass or overpass or the installation of such safety device as required by the order of the Board of Transportation, but the railroad company shall proceed to comply with such order in accordance with its terms. The action of the railroad company in complying with and carrying out such order pending said appeal shall not prejudice or affect the right or remedies of such railroad company on such appeal. Upon such appeal the court shall determine only whether the order of the Board of Transportation for such construction or installation is unreasonable and unnecessary for the protection of the traveling public and the apportionment of the cost to the extent hereinafter provided in this subsection, and if upon the hearing of said appeal it shall be determined that said order was unnecessary for the protection of the traveling public, the Board of Transportation shall bear the total cost of the construction of such underpass or overpass or the installation of such safety device. In the event the decision on appeal should be that the construction or installation was necessary but the cost or apportionment thereof unreasonable, then the railroad company shall bear its proportion as provided in this section of such cost as may be determined on appeal to have been reasonable to meet the necessity of the case. Upon said appeal from an order of the Board of Transportation, the burden of proof shall be upon the railroad company, and if it shall not be found and determined upon said appeal that said order was unreasonable or unnecessary for the protection of the traveling public at said crossing, then such railroad company shall bear its proportion of the cost of such construction or installation in accordance with this section.

(h) The Board of Transportation shall pay the cost of maintenance of all overpasses and the railroad company shall pay the cost of maintenance of all underpasses constructed in accordance with this section. The cost of maintenance of safety devices at all intersections of any railroad company and any street or road forming a link in or a part of the State highway system which have been constructed prior to July 1, 1959, or which shall be constructed thereafter shall be borne fifty percent (50%) by the railroad company and fifty percent (50%) by the Board of Transportation. The maintenance of said overpasses and underpasses shall be performed by the railroad company or the Board of Transportation as may be agreed upon and reimbursement for the cost thereof, in accordance with this section, shall be made annually. The maintenance of such safety devices shall be performed by the railroad company and reimbursement for the cost thereof, in accordance with this section, shall be made annually by the Board of Transportation. Editor's Note.—

The 1973 amendment, effective July 1, 1973, substituted "Board of Transportation" for "State Highway Commission," "Highway Commission" and "Commission" throughout the section. The amendment also inserted "of the Board of Transportation" following "chairman" in two places.

Section Applies Only to Specific Factual Situations. — Although this section and § 62-237 may indicate a legislative trend in the field of allocating costs of grade crossing improvements, these statutes fall short of establishing a State policy applicable to factual situations other than those to which they relate in express and specific terms. *Southern Ry. v. City of Winston-Salem*, 275 N.C. 465, 168 S.E.2d 396 (1969).

Section Not Binding on Municipality in All Cases Where Railroads Cross City

Streets.—The explicit language chosen by the legislature clearly negatives any intention that this section should be construed as the adoption of a state-wide policy binding upon municipalities in administering their city streets which were not parts or links in the State highway system. Had the legislature intended this section to be binding upon municipalities in all cases where railroads crossed its city street, surely the legislature would have employed language which expressed, rather than language which would negative, that intent. *Southern Ry. v. City of Winston-Salem*, 4 N.C. App. 11, 165 S.E.2d 751 (1969).

This section does not adopt a state-wide policy with respect to the allocation of costs of safety devices at railroad crossings which is binding upon municipalities in administering city streets which are not

parts of or links in the State highway system. *Southern Ry. v. City of Winston-Salem*, 4 N.C. App. 11, 165 S.E.2d 751 (1969).

This section does not apply where the streets involved, at the location of the crossings, are not links in or parts of the State highway system. *Southern Ry. v. City of Winston-Salem*, 275 N.C. 465, 168 S.E.2d 396 (1969).

Railroad Crossings to Which Section Applies.—This section by its express terms applies to railroad crossings of "any road or street forming a link in or a part of the State highway system." *Southern Ry. v. City of Winston-Salem*, 4 N.C. App. 11, 165 S.E.2d 751 (1969).

The language of this section expressly and clearly limits its applications to railroad crossings of roads or streets which are parts of the State highway system. *Southern Ry. v. City of Winston-Salem*, 4 N.C. App. 11, 165 S.E.2d 751 (1969).

Determining Which Roads Become Part of Highway System.—Under §§ 136-54, 136-58, 136-59 and 136-66.2 it is for the State Highway Commission (now Board of Transportation) rather than for the courts to determine which particular roads and streets shall become a part or link in the State highway system. *Southern Ry. v. City of Winston-Salem*, 4 N.C. App. 11, 165 S.E.2d 751 (1969).

Section Applies Only to Construction of Overpasses and Underpasses or Safety Devices.—This section applies only to the construction of an underpass or overpass or the installation and maintenance of gates, alarm signals or other safety devices. *State Highway Comm'n v. Clinchfield R.R.*, 260 N.C. 274, 132 S.E.2d 595 (1963).

This section applies only to a factual situation for which provision is made, namely, the construction of an underpass or overpass or the installation and maintenance of gates, alarm signals or other safety devices. *Cecil v. High Point, T. & D.R.R.*, 269 N.C. 541, 153 S.E.2d 102 (1967).

And Not to Widening of Crossing.—A proceeding under this section to require railroad to widen solely at its own expense a crossing sequent to the widening of the intersecting highway, will be dismissed. *State Highway Comm'n v. Clinchfield R.R.*, 260 N.C. 274, 132 S.E.2d 595 (1963)

Erection of Signaling Devices.—In accord with 1st paragraph in original. See *Cecil v. High Point, T. & D.R.R.*, 269 N.C. 541, 153 S.E.2d 102 (1967).

Section Does Not Relieve Railroad of Duty to Give Notice and Warning of Existence of Grade Crossing.—This section, giving the Highway Commission (now Board of Transportation) exclusive jurisdiction to require gates, alarm signals or other approved safety devices to be installed at railroad crossings does not include signs and notices of the existence of a crossing, and does not relieve a railroad company of the duty to give users of the highway adequate notice and warning of the existence of a grade crossing, even though it be one at which the Highway Commission (now Board of Transportation) has not required the erection of gates, gongs or signaling devices. *Cecil v. High Point, T. & D.R.R.*, 269 N.C. 541, 153 S.E.2d 102 (1967).

This section, which empowers the State Highway Commission (now Board of Transportation) under certain circumstances, to require a railroad company to install gates, alarm signals or other safety devices at a crossing, does not relieve the railroad from its common-law duty to give users of a highway adequate warning of the existence of a grade crossing at which the Commission (now Board) has not required such devices to be installed. *Cox v. Gallamore*, 267 N.C. 537, 148 S.E.2d 616 (1966); *Cecil v. High Point, T. & D.R.R.*, 269 N.C. 541, 153 S.E.2d 102 (1967); *Price v. Seaboard Air Line R.R.*, 274 N.C. 32, 161 S.E.2d 590 (1968).

Or of Duty to Install Gates and Signals.—This section does not entrust to the State Highway Commission (now Board of Transportation), and relieve a railroad of, the duty to install gates and signals at a crossing where vision is obstructed. *Hunter v. Seaboard Coast Line R.R.*, 443 F.2d 1319 (4th Cir. 1971).

§ 136-21. Drainage of highway; application to court; summons; commissioners.—Whenever in the establishment, construction, improvement or maintenance of any public highway it shall be necessary to drain said highway, and to accomplish such purpose it becomes necessary to excavate a canal or canals for

carrying the surplus water to some appropriate outlet, either along the right-of-way of said highway or across the lands of other landowners, and by the construction, enlargement or improvement of such canal or canals, lands other than said highway will be drained and benefited, then, and in such event, the Board of Transportation, if said highway be a part of the State highway system, or the county commissioners, if said road is not under State supervision, may, by petition, apply to the superior court of the county in which, in whole or in part, said highway lies or said canal is to be constructed, setting forth the necessity for the construction, improvement or maintenance of said canal, the lands which will be drained thereby, with such particularity as to enable same to be identified, the names of the owners of said land and the particular circumstances of the case; whereupon a summons shall be issued for and served upon each of the proprietors, requiring them to appear before the court at a time to be named in the summons, which shall not be less than 10 days from the service thereof, and upon such day the petition shall be heard, and the court shall appoint three disinterested persons, one of whom shall be a competent civil and drainage engineer recommended by the Department of Conservation and Development, and the other two of whom shall be resident freeholders of the county or counties in which the road and lands are, in whole or in part, located, as commissioners, who shall, before entering upon the discharge of their duties, be sworn to do justice between the parties. (1925, c. 85, s. 3; c. 122, s. 44; 1933, c. 172, s. 17; 1957, c. 65, s. 11; 1973, c. 507, s. 5.)

Editor's Note.—

The 1973 amendment, effective July 1,

1973, substituted "Board of Transportation" for "State Highway Commission."

§ 136-25. Repair of road detour.—It shall be mandatory upon the Board of Transportation, its officers and employees, or any contractor or subcontractor employed by the said Board of Transportation, to select, lay out, maintain and keep in as good repair as possible suitable detours by the most practical route while said highways or roads are being improved or constructed, and it shall be mandatory upon the said Board of Transportation and its employees or contractors to place or cause to be placed explicit directions to the traveling public during repair of said highway or road under the process of construction. All expense of laying out and maintaining said detours shall be paid out of the State Highway Fund. (1921, c. 2, s. 11; C. S., s. 3846(s); 1933, c. 172, s. 17; 1957, c. 65, s. 11; 1973, c. 507, s. 5.)

Editor's Note.—

The 1973 amendment, effective July 1, 1973, substituted "Board of Transportation" for "State Highway Commission" and for "Commission."

Driver's Right to Assume Compliance with Section.—Where a contractor's flag-

man motioned a driver to proceed, the driver had the right to assume, nothing else appearing, that the contractor had complied with the provisions of this section. *Dowless v. C.C. Mangum, Inc.*, 12 N.C. App. 258, 182 S.E.2d 828 (1971).

§ 136-26. Closing of State highways during construction; injury to barriers, warning signs, etc.—If it shall appear necessary to the Board of Transportation, its officers, or appropriate employees, to close any road or highway coming under its jurisdiction so as to permit of proper completion of work which is being performed, such Board of Transportation, its officers or employees, may close, or cause to be closed, the whole or any portion of such road or highway deemed necessary to be excluded from public travel. While any such road or highway, or portion thereof, is so closed, or while any such road or highway, or portion thereof, is in process of construction or maintenance, such Board of Transportation, its officers or appropriate employees, or its contractor, under authority from such Board of Transportation, may erect, or cause to be erected, suitable barriers or obstruction thereon; may post, or cause to be posted, conspicuous notices to the effect that the road or highway, or portion thereof, is closed; and may place warning signs, lights and lanterns on such road or highway, or portions thereof. When such road or highway is closed to the public or in process of construction or maintenance, as provided herein, any person who wilfully drives into new construction

work, breaks down, removes, injures or destroys any such barrier or barriers or obstructions on the road closed or being constructed, or tears down, removes or destroys any such notices, or extinguishes, removes, injures or destroys any such warning lights or lanterns so erected, posted or placed, shall be guilty of a misdemeanor. (1921, c. 2, s. 12; C. S., s. 3846(t); 1933, c. 172, s. 17; 1957, c. 65, s. 11; 1973, c. 507, s. 5.)

Editor's Note.—

The 1973 amendment, effective July 1, 1973, substituted "Board of Transportation" for "State Highway Commission" and for "Commission."

Purpose of Closing Highways.—The closing or temporary closing of highways or portions thereof during construction and repair operations is designed to avoid interruptions and delays in the prosecution of the work. *C. C. Mangum, Inc. v. Gasperson*, 262 N.C. 32, 136 S.E.2d 234 (1964).

The exercise of authority to close a highway, which relates to a highway "in process of construction or maintenance," is for the public benefit. *C. C. Mangum, Inc. v. Gasperson*, 262 N.C. 32, 136 S.E.2d 234 (1964).

Public Travel, etc.—

This section authorizes the State Highway Commission (now Board of Transportation) through "its officers or appropriate employees, or its contractor," to close a highway to public travel while a ramp is in use by its contractor's equipment. *C. C. Mangum, Inc. v. Gasperson*, 262 N.C. 32, 136 S.E.2d 234 (1964).

Requirements as to Signs and Flagmen

§ 136-27. Connection of highways with improved streets; pipelines and conduits; cost.—When any portion of the State highway system shall run through any city or town and it shall be found necessary to connect the State highway system with improved streets of such city or town as may be designated as part of such system, the Board of Transportation shall build such connecting links, the same to be uniform in dimensions and materials with such State highways: Provided, however, that whenever any city or town may desire to widen its streets which may be traversed by the State highway, the Board of Transportation may make such arrangements with said city or town in connection with the construction of said road as, in its discretion, may seem wise and just under all the facts and circumstances in connection therewith: Provided further, that such city or town shall save the Board of Transportation harmless from any claims for damage arising from the construction of said road through such city or town and including claims for rights-of-way, change of grade line, and interference with public-service structures. And the Board of Transportation may require such city or town to cause to be laid all water, sewer, gas or other pipelines or conduits, together with all necessary house or lot connections or services, to the curb line of such road or street to be constructed: Provided further, that whenever by agreement with the road governing body of any city or town any street designated as a part of the State highway system shall be surfaced by order of the Board of Transportation at the expense, in whole or in part, of a city or town it shall be lawful for the governing body of such city or town to declare an assessment district as to the street to be improved, without petition by the owners of property abutting thereon, and the costs thereof, exclusive of so much of the cost as is incurred at street intersections and the share of railroads or street railways whose tracks are laid in said street, which shall be

Do Not Give Contractor Special Privileges.—Where a contractor for the improvement of an airport is granted permission by the Highway Commission (now Board of Transportation) to construct a dirt ramp over the highway to protect it from heavy equipment, the Commission's (now Board's) requirements with reference to signs and flagmen are primarily for the protection of the users of the highway and do not confer on the contractor special privileges in respect to right of way. *C.C. Mangum, Inc. v. Gasperson*, 262 N.C. 32, 136 S.E.2d 234 (1964).

Care Required of Traveler.—

Where travel on the highway was closed temporarily by means of warning signs and flagmen's signals, it was the duty of the motorist to stop and yield the right of way to the contractor's earth movers. *C. C. Mangum, Inc. v. Gasperson*, 262 N.C. 32, 136 S.E.2d 234 (1964).

§ 136-28: Repealed by Session Laws 1971, c. 972, s. 6, effective January 1, 1972.

Editor's Note. — Session Laws 1971, c. 972, s. 6, provides: "G.S. 136-28 is hereby repealed, provided however, the repeal of G.S. 136-28 shall have no application to those contracts and bonds to which section

3 [G.S. 136-28.3] of this act does not apply, and as to those contracts the law that was in effect prior to the passage of this act shall apply."

§ 136-28.1. **Letting of contracts to bidders after advertisement; exceptions.**—(a) All contracts over ten thousand dollars (\$10,000) that the Board of Transportation may let for construction or repair necessary to carry out the provisions of this Chapter shall be let to a responsible bidder after public advertising under rules and regulations to be made and published by the Board of Transportation. The right to reject any and all bids shall be reserved to the Board of Transportation.

(b) In those cases in which the amount of the work to be let to contract for highway construction or repair is ten thousand dollars (\$10,000) or less, at least three informal bids shall be solicited. Upon a written determination of the Secretary of Transportation that the soliciting of three bids is not feasible and is not in the public interest, the requirement may be waived.

(c) The construction and repair of ferryboats and all other marine floating equipment and the construction and repair of all types of docks by the Board of Transportation shall be deemed highway construction or repair for the purpose of G.S. 136-28.1 and G.S. 136-28.3 and Article 1 of Chapter 143, "The Executive Budget Act." In cases of a written determination by the Secretary of Transportation that the requirement for compatibility does not make public advertising feasible for the repair of ferryboats, the public advertising as well as the soliciting of informal bids may be waived. The bond requirements of G.S. 136-28.3 shall not apply to ferry repair or construction.

(d) The construction and repair of the highway rest area buildings and facilities, weight stations and the Board of Transportation's participation in the construction of welcome center buildings shall be deemed highway construction or repair for the purpose of G.S. 136-28.1 and G.S. 136-28.3 and Article 1 of Chapter 143 of the General Statutes, "The Executive Budget Act."

(e) The Board of Transportation may enter into contracts for construction or repair without complying with the bidding requirements of this section upon a determination of the chairman of the Board of Transportation or the State Highway Administrator that an emergency exists and that it is not feasible or not in the public interest for the Board of Transportation to comply with the bidding requirements.

(f) Contracts for professional engineering services may be let without taking and considering bids or proposals. However, the Board of Transportation is encouraged to solicit proposals when it is in the public interest to do so.

(g) The Board of Transportation may enter into contracts for research and development with educational institutions and nonprofit organizations without soliciting bids or proposals.

(h) The Board of Transportation may enter into contracts for applied research and experimental work without soliciting bids or proposals; provided, however,

that if the research or work is for the purpose of testing equipment, materials, or supplies, the provisions of Article 3 of Chapter 143 of the General Statutes shall apply. The Board of Transportation is encouraged to solicit proposals when contracts are entered into with private firms when it is in the public interest to do so. (1971, c. 972, s. 1; 1973, c. 507, ss. 5, 16.)

Editor's Note. — Session Laws 1971, c. 972, s. 5, makes the act effective Jan. 1, 1972.

The 1973 amendment, effective July 1, 1973, substituted "Secretary of Transportation" for "State Highway Purchasing Officer" in the second sentences of subsections (b) and (c). The amendment also substituted "Board of Transportation" for "State Highway Commission" and for "Commission" throughout the section.

A statutory requirement for competitive bids constitutes a jurisdictional prerequisite to the exercise of the power of a public corporation to enter into a contract. Nello L. Teer Co. v. North Carolina State Highway Comm'n, 265 N.C. 1, 143 S.E.2d 247 (1965); Nello L. Teer Co. v. North Carolina State Highway Comm'n, 4 N.C. App. 126, 166 S.E.2d 705 (1969).

Persons dealing with a public agency are presumed to know the law with respect to the requirement of competitive bidding and act at their peril. Nello L. Teer Co. v. North Carolina State Highway Comm'n, 265 N.C. 1, 143 S.E.2d 247 (1965).

Persons dealing with a public agency are presumed to know the law with respect to the requirement of competitive bidding and act at their peril. This includes knowledge that the officials and agents of the public agency may not waive the sovereign right of immunity or act in violation of statutory requirements. Nello L. Teer Co. v. North Carolina State Highway Comm'n, 4 N.C. App. 126, 166 S.E.2d 705 (1969).

§ 136-28.2. Relocated highways; contracts let by others.—The Board of Transportation is authorized to permit power companies and governmental agencies, including agencies of the federal government, when it is necessary to relocate a public highway by reason of the construction of a dam, to let contracts for the construction of the relocated highway. The construction shall be in accordance with the Board of Transportation standards and specifications. The Board of Transportation is further authorized to reimburse the power company or governmental agency for betterments arising out of the construction of the relocated highway, provided the bidding and the award is in accordance with the Board of Transportation's regulations and the Board of Transportation approves the award of the contract. (1971, c. 972, s. 2; 1973, c. 507, s. 5.)

Editor's Note.—Session Laws 1971, c. 972, s. 5, makes the act effective Jan. 1, 1972.

The 1973 amendment, effective July 1,

Powers of Highway Commission (now Board of Transportation).—See Nello L. Teer Co. v. North Carolina State Highway Comm'n, 4 N.C. App. 126, 166 S.E.2d 705 (1969).

Implied Power to Take Action.—Where a course of action is reasonably necessary for the effective prosecution of the Commission's obligation to supervise the construction, repair and maintenance of public highways, the power to take such action must be implied from the general authority given and the duty imposed. Nello L. Teer Co. v. North Carolina State Highway Comm'n, 4 N.C. App. 126, 166 S.E.2d 705 (1969).

Performance of Extra Remedial Work on Highways under Existing Contract.—See Nello L. Teer Co. v. North Carolina State Highway Comm'n, 4 N.C. App. 126, 166 S.E.2d 705 (1969).

Invalidity of Subsequent Agreements to Pay Additional Compensation.—In general, but subject to certain limitations and exceptions, statutes requiring the letting of public contracts to the lowest bidder are regarded as rendering invalid and unenforceable subsequent agreements to pay one to whom a public contract has been duly awarded additional compensation for extras or additional labor and materials not included in the original contract, at least where the additional compensation exceeds the amount for which public contracts may be made without competitive bidding. Nello L. Teer Co. v. North Carolina State Highway Comm'n, 4 N.C. App. 126, 166 S.E.2d 705 (1969).

1973, substituted "Board of Transportation" for "State Highway Commission" and for "Commission" and "Board of Transportation's" for "Commission's."

§ 136-28.3. **Performance bonds; enforcement.** — (a) The Board of Transportation shall require a performance bond and a payment bond of any contractor awarded a highway construction or repair contract which exceeds the sum of ten thousand dollars (\$10,000). The performance bond and the payment bond shall be acceptable to the Board of Transportation and each shall be in the amount of the contract awarded, provided that the amount of the bonds may be rounded to the nearest five dollars (\$5.00). Each of such bonds shall be executed by one or more surety companies legally authorized to do business in the State of North Carolina.

(b) The performance bond shall be conditioned upon the faithful performance of the contract in accordance with the plans and specifications and conditions of the contract. Such bond shall be for the protection of the Board of Transportation.

(c) The payment bond shall be conditioned upon the prompt payment of all such material furnished or labor performed in the prosecution of the work called for in contract. The payment bond shall be solely for the protection of persons or firms furnishing materials or performing labor in or about the construction of the highway project for which the contractor or subcontractor is liable. "Labor or materials" shall include, but without limitation, water, gas, power, light, heat, oil, gasoline, telephone services, and rental of equipment or the reasonable value of the use of equipment directly applicable to the contract. The payment bond shall cover materials furnished or labor performed in the prosecution of the work called for in the contract regardless of whether or not it enters into and becomes a component part of the public improvement.

(d) Subject to the provisions of subsection (e) hereof, any claimant who has performed labor or furnished material in the prosecution of the work provided for in any contract for which a payment bond has been given pursuant to the provisions of this section, and who has not been paid in full therefor before the expiration of 90 days after the date on which such claimant performed the last of such labor or furnished the last of such materials for which he claims payment, may bring an action on such payment bond in his own name, to recover any amount due him for such labor or material and may prosecute such action to final judgment and have execution on the judgment.

(e) Any claimant who has a direct contractual relationship with any subcontractor of the prime contractor who gave such payment bond but has no contractual relationship, express or implied, with such prime contractor, may bring an action on the payment bond only if he has given written notice to such contractor within 90 days from the date on which the claimant performed the last of the labor or furnished the last of the materials for which he claims payment, stating with substantial accuracy the amount claimed and the name of the person or persons for whom the work was performed or to whom the material was furnished. The failure to file such a notice as required by this subsection shall be a complete bar against any recovery on the bond of the contractor and the surety thereon.

(f) The notice required by subsection (e) may be served on the contractor by registered mail, postage prepaid in an envelope addressed to such contractor at any place where his office is regularly maintained for the transaction of business or served in any manner in which legal process may be served in the manner now or hereafter provided by law for the service of a summons.

(g) Every action on a payment bond as provided for in this section shall be brought in the appropriate court where the contract or any part thereof for which the bond was given was to be performed. No surety shall be liable under the payment bond for more than the amount of the payment bond.

(h) Any person entitled to bring an action shall have the right to require the Board of Transportation to furnish a certified copy of the payment bond. It shall be the duty of the Board of Transportation to give any such person a certified copy thereof upon proper notice and request. The Board of Transportation may require a reasonable payment for the cost of furnishing the certified copy.

(i) No suit or action shall be commenced on a payment bond given pursuant

to this section after the expiration of six months following the date on which the contractor receives the final estimate and payment therefor.

(j) Every bond given by any contractor to the Board of Transportation for the construction or repair of highways as required by this section shall be conclusively presumed to have been given in accordance therewith, whether such bond be so drawn as to conform to the statute or not, and this statute shall be conclusively presumed to have been written into every such bond so given. (1971, c. 972, s. 3; 1973, c. 507, s. 5.)

Editor's Note. — Session Laws 1971, c. 972, s. 5, makes the act effective Jan. 1, 1972.

Session Laws 1971, c. 972, s. 4, provides that this section shall "apply only to those contracts for which invitation for bids were issued after the effective date of this act."

Session Laws 1971, c. 972, s. 6, provides: "G.S. 136-28 is hereby repealed, provided however, the repeal of G.S. 136-28 shall have no application to those contracts and bonds to which section 3 [G.S. 136-28.3] of

this act does not apply, and as to those contracts the law that was in effect prior to the passage of this act shall apply."

The 1973 amendment, effective July 1, 1973, substituted "Board of Transportation" for "State Highway Commission" in the first sentence of subsection (a), in the second sentence of subsection (b) and in subsection (j) and for "Commission" in the second sentence of subsection (a) and in subsection (h).

§ 136-29. Adjustment of claims.—(a) Upon the completion of any contract for the construction of any State highway awarded by the Board of Transportation to any contractor, if the contractor fails to receive such settlement as he claims to be entitled to under his contract, he may, within 60 days from the time of receiving his final estimate, submit to the State Highway Administrator a written and verified claim for such amount as he deems himself entitled to under the said contract setting forth the facts upon which said claim is based. In addition, the claimant, either in person or through counsel, may appear before the State Highway Administrator and present any additional facts and argument in support of his claim. Within 90 days from the receipt of the said written claim or within such additional time as may be agreed to between the State Highway Administrator and the contractor, the State Highway Administrator shall make an investigation of said claim and may allow all or any part or may deny said claim and shall have the authority to reach a compromise agreement with the contractor and shall notify the contractor in writing of his decision.

(b) As to such portion of the claim as is denied by the State Highway Administrator, the contractor may, within six (6) months from receipt of said decision, institute a civil action for such sum as he claims to be entitled to under said contract by the filing of a verified complaint and issuance of summons in the Superior Court of Wake County or in the superior court of any county wherein the work under said contract was performed. The procedure shall be the same as in all civil actions except as herein and as hereinafter set out.

(c) All issues of law and fact and every other issue shall be tried by the judge, without a jury; provided that the matter may be referred in the instances and in the manner provided for in Article 20 of Chapter 1 of the General Statutes.

(d) The submission of the claim to the State Highway Administrator within the time and as set out in subsection (a) of this section and the filing of an action in the superior court within the time as set out in subsection (b) of this section shall be a condition precedent to bringing such an action under this section and shall not be a statute of limitations.

(e) The provisions of this section shall be deemed to enter into and form a part of every contract entered into between the Board of Transportation and any contractor, and no provision in said contracts shall be valid that is in conflict herewith. (1939, c. 318; 1947, c. 530; 1957, c. 65, s. 11; 1963, c. 667; 1965, c. 55, s. 11; 1967, c. 873; 1973, c. 507, ss. 5, 17, 18.)

Editor's Note.—

The 1965 amendment, effective July 1, 1965, substituted "State Highway Admin-

istrator" for "Director of the State Highway Commission" in subsections (a), (b) and (d) and added "with the approval of

the State Highway Commission" near the end of subsection (a).

The 1967 amendment inserted "or within such additional time as may be agreed to between the State Highway Administrator and the contractor" in the third sentence of subsection (a).

The 1973 amendment, effective July 1, 1973, deleted "with the approval of the Highway Commission" following "said claim and" and deleted "with the approval of the State Highway Commission" following "and shall have" in the last sentence of subsection (a). The amendment also substituted "Board of Transportation" for "State Highway Commission" in the first sentence of subsection (a) and in subsection (e).

Article 20 of Chapter 1, referred to in subsection (c) was repealed by Session Laws 1967, c. 954, s. 4. For provisions similar to those of the repealed Article, see Rule 53 of the Rules of Civil Procedure (§ 1A-1).

Construction of Section.—In determining whether this section authorizes a suit, the district court notes the principle that statutes in derogation of the common law are generally construed strictly. On the other hand, as a remedial statute, it ought to receive from the courts such a construction as will remedy the existing evil so as to advance the remedy and permit the courts to bring the parties to an issue. *Wilmington Shipyard, Inc. v. North Carolina State Highway Comm'n*, 6 N.C. App. 649, 171 S.E.2d 222 (1969).

The rule that statutes waiving governmental immunity must be strictly construed does not compel the court to take the strictest possible view of this section, permitting suit against the Highway Commission (now Board of Transportation) on claims arising out of construction contracts, but the district court will simply examine the language of the statute within its context, mindful of the principle that the intent of the legislature controls the interpretation of a statute. *Wilmington Shipyard, Inc. v. North Carolina State Highway Comm'n*, 6 N.C. App. 649, 171 S.E.2d 222 (1969).

Former Methods for Presenting Claims.—Prior to enactment of this section, one who had any claim growing out of a contract with the Commission (now Board) could not bring suit against the Commission (now Board), for it is a State agency and no consent to suit has been given. The claimant might present his claim to the General Assembly or he might invoke the original jurisdiction of the Supreme Court. The latter course was not

very satisfactory for the court has said that in such a proceeding it will consider only questions of law. The decision of the court, if in favor of the claimant, was simply recommendatory and was reported to the next General Assembly for its action. *Wilmington Shipyard, Inc. v. North Carolina State Highway Comm'n*, 6 N.C. App. 649, 171 S.E.2d 222 (1969).

General Assembly Relieved of Judicial Function.—The attitude of the General Assembly, which enacted this section, was to relieve that body from the judicial function of passing upon certain claims against the State. *Wilmington Shipyard, Inc. v. North Carolina State Highway Comm'n*, 6 N.C. App. 649, 171 S.E.2d 222 (1969).

Section Assumes Valid Contract Is Subsisting.—The procedure under this section is available when the contractor has completed his contract with the Highway Commission (now Board of Transportation) and fails to receive "such settlement as he claims to be entitled to under his contract." This assumes a valid contract is subsisting. *Nello L. Teer Co. v. North Carolina State Highway Comm'n*, 265 N.C. 1, 143 S.E.2d 247 (1965).

Unless the claim arises under a contract, the provisions of this section are not applicable. *Nello L. Teer Co. v. North Carolina State Highway Comm'n*, 4 N.C. App. 126, 166 S.E.2d 705 (1969).

Recovery, if any, under the contract must be based on the terms and provisions thereof. *Nello L. Teer Co. v. North Carolina State Highway Comm'n*, 265 N.C. 1, 143 S.E.2d 247 (1965).

The procedure is to resolve any controversy as to what (additional) amount, if any, the contractor is entitled to recover under the terms of the contract. *Nello L. Teer Co. v. North Carolina State Highway Comm'n*, 265 N.C. 1, 143 S.E.2d 247 (1965).

Recovery, if any, must be within the terms and framework of the provisions of the contract. *Nello L. Teer Co. v. North Carolina State Highway Comm'n*, 4 N.C. App. 126, 166 S.E.2d 705 (1969).

When Final Estimate Received by Contractor.—Where the Highway Commission (now Board of Transportation) sent its contractor a warrant for the balance of the contract price less an amount withheld as liquidated damages, with a letter characterizing the payment as "final payment of the contract," and the contractor returned the warrant with a request that it be reissued without words jeopardizing the contractor's right to contest the liquidated damages, the final esti-

mate was received by the contractor within the purview of this section on the date he received a letter returning the warrant with notation permitting its negotiation without jeopardizing the contractor's claim, and the filing of claim by the contractor within sixty days thereafter was timely. *L. A. Reynolds Co. v. State Highway Comm'n*, 271 N.C. 40, 155 S.E.2d 473 (1967).

A ferryboat is included in the term "highway" as used in this section. *Wilmington Shipyard, Inc. v. North Carolina State Highway Comm'n*, 6 N.C. App. 649, 171 S.E.2d 222 (1969).

And Action on Contract for Maintenance and Reconditioning of Ferryboats Is Authorized.—This section authorizes an action against the State Highway Commission (now Board of Transportation) on a contract for the maintenance and reconditioning of ferryboats used in the North Carolina highway system. *Wilmington Shipyard, Inc. v. North Carolina State Highway Comm'n*, 6 N.C. App. 649, 171 S.E.2d 222 (1969).

§ 136-30. **Uniform guide and warning signs on highways.**—The Board of Transportation is hereby authorized to classify, designate and mark both intra-state and interstate highways, including connecting streets in incorporated towns and cities, lying within this State and to provide a system of marking and signing such highways. Highways shall be distinctly marked with some standard, uniform design and the numbers thereon shall correspond with the numbers given the various routes by the Board of Transportation and shown on official maps issued by the Board of Transportation. Other guide signs and warning signs shall also be of uniform design. The system of marking and signing highways shall correlate with and so far as possible conform to the system adopted in other states.

The Board of Transportation shall have the power to control all signs within the right-of-way of State highways.

The Board of Transportation may erect proper and uniform signs directing persons to roads and places of importance. (1921, c. 2, ss. 9(a), 9(b); C. S., ss. 3846(q), 3846(r); 1927, c. 148, s. 54; 1933, c. 172, s. 17; 1957, c. 65, s. 11; 1973, c. 507, s. 5.)

Editor's Note.—

The 1973 amendment, effective July 1, 1973, substituted "Board of Transporta-

As "Maintenance" Is Deemed to Be Included within "Construction" for Purposes of Section.—A contract for the establishment of a ferry, which the Commission (now Board) may undertake by § 136-82, is equivalent to the "construction of a highway." Repair or reconditioning, i.e., "maintenance"—which the Commission (now Board) may undertake by § 136-82—as a means of reestablishing ferry service, is a lesser act and is deemed to be included within "construction" for the adjustment of claims under this section. *Wilmington Shipyard, Inc. v. North Carolina State Highway Comm'n*, 6 N.C. App. 649, 171 S.E.2d 222 (1969).

For case construing provisions for a board of review contained in this section prior to 1963 amendment see *Nello L. Teer Co. v. North Carolina State Highway Comm'n*, 265 N.C. 1, 143 S.E.2d 247 (1965).

tion" for "State Highway Commission" and for "Commission."

§ 136-30.1. **Center line and pavement edge line markings.**—(a) The Board of Transportation shall mark with center lines and edge lines all interstate and primary roads and all paved secondary roads having an average traffic volume of 100 vehicles per day or more, and which are traffic service roads forming a connecting link in the State highway system. The Board of Transportation shall not be required to mark with center and edge lines local subdivision roads, loop roads, dead-end roads of less than one mile in length or roads the major purpose of which is to serve the abutting property, nor shall the Board of Transportation be required to mark with edge lines those roads on which curbing has been installed or which are less than 16 feet in width.

(b) Whenever the Board of Transportation shall construct a new paved road, relocate an existing paved road, resurface an existing paved road, or pave an existing road which under the provisions of subsection (a) hereof is required

to be marked with lines, the Board of Transportation shall, within 30 days from the completion of the construction, resurfacing or paving, mark the said road with the lines required in subsection (a) hereof.

(c) The center and pavement edge lines required by this section shall be installed and maintained in conformance with the Manual on Uniform Traffic Control Devices for Streets and Highways issued by the United States Department of Transportation, Federal Highway Administration, 1971, or any subsequent revisions thereof approved by the Board of Transportation. (1969, c. 1172, s. 1; 1973, c. 496, ss. 1, 2; c. 507, s. 5.)

Editor's Note. — Session Laws 1969, c. 1172, s. 3, makes the act effective July 1, 1969.

The first 1973 amendment substituted "100" for "200" in the first sentence of subsection (a) and substituted "Department of Transportation, Federal Highway Admin-

istration, 1971" for "Department of Commerce, Bureau of Public Roads, dated June 1, 1961," in subsection (c).

The second 1973 amendment, effective July 1, 1973, substituted "Board of Transportation" for "State Highway Commission" and for "Commission."

§ 136-32. Other than official signs prohibited.—No unauthorized person shall erect or maintain upon any highway any warning or direction sign, marker, signal or light or imitation of any official sign, marker, signal or light erected under the provisions of G.S. 136-30 and 136-31, except in cases of emergency. No person shall erect or maintain upon any highway any traffic or highway sign or signal bearing thereon any commercial advertising: Provided, nothing in this section shall be construed to prohibit the erection or maintenance of signs, markers, or signals bearing thereon the name of an organization authorized to erect the same by the Board of Transportation or by any local authority referred to in G.S. 136-31. Any person who shall violate any of the provisions of this section shall be guilty of a misdemeanor and punished in the discretion of the court. The Board of Transportation may remove any signs erected without authority. (1921, c. 2, s. 9(b); C. S., s. 3846(r); 1927, c. 148, ss. 56, 58; 1933, c. 172, s. 17; 1957, c. 65, s. 11; 1973, c. 507, s. 5.)

Editor's Note.—

The 1973 amendment, effective July 1, 1973, substituted "Board of Transporta-

tion" for "State Highway Commission" and for "Commission."

§ 136-32.2. Placing blinding, deceptive or distracting lights unlawful.

(c) The provisions of this section shall not apply to any lights or lighting devices erected or maintained by the Board of Transportation or other properly constituted State or local authorities and intended to effect or implement traffic control and safety. Nothing contained in this section shall be deemed to prohibit the otherwise reasonable use of lights or lighting devices for advertising or other lawful purpose when the same do not fall within the provisions of subdivisions (1) through (3) of subsection (a) of this section.

(1973, c. 507, s. 5.)

Editor's Note.—

The 1973 amendment, effective July 1, 1973, substituted "Board of Transportation" for "State Highway Commission" in subsection (c).

As the rest of the section was not changed by the amendment, only subsection (c) is set out.

§ 136-33. Injuring or removing signs, rewards.—(a) Any person who shall willfully deface, injure, knock down or remove any sign posted as provided in G.S. 136-26, G.S. 136-30, or G.S. 136-31 shall be guilty of a misdemeanor.

(b) Any person who without just cause or excuse shall have in his possession any highway sign as provided for by G.S. 136-26, G.S. 136-30, or G.S. 136-31 shall be guilty of a misdemeanor.

(c) The Board of Transportation is authorized to offer a reward of two hundred

dollars (\$200.00) for information leading to the arrest and conviction of persons who violate the provisions of this section; such reward to be paid from funds of the Board of Transportation. (1927, c. 148, s. 57; 1971, c. 671; 1973, c. 507, s. 5.)

Editor's Note.—The 1971 amendment designated the former provisions of this section as subsection (a) and inserted the word “willfully” and the reference to § 136-26 therein and added subsections (b) and (c).

The 1973 amendment, effective July 1, 1973, substituted “Board of Transportation” for “State Highway Commission” in subsection (c).

§ 136-33.1. Signs for protection of cattle.—Upon written request of any owner of more than five head of cattle, the Board of Transportation shall erect appropriate and adequate signs on any road or highway under the control of the Board of Transportation, such signs to be so worded, designed and located as to give adequate warning of the presence and crossing of cattle. Such signs shall be located at points agreed upon by the owner and the Board of Transportation at points selected to give reasonable warning of places customarily or frequently used by the cattle of said owner to cross said road or highway, and no one owner shall be entitled to demand the placing of signs at more than one point on a single or abutting tracts of land. (1949, c. 812; 1957, c. 65, s. 11; 1973, c. 507, s. 5.)

Editor's Note.—

The 1973 amendment, effective July 1,

1973, substituted “Board of Transportation” for “State Highway Commission.”

§ 136-34. Board of Transportation authorized to furnish road equipment to municipalities.—The Board of Transportation is hereby authorized to furnish municipalities road maintenance equipment to aid such municipalities in the maintenance of streets for which no State highway funds are provided, upon such rental agreement as may be agreed upon by the Board of Transportation and the said municipality. Such rental, however, is to be at least equal to the cost of operation, plus wear and tear on such equipment; and the Board of Transportation shall not be required to furnish equipment when to do so would interfere with the maintenance of the streets and highways under the control of the Board of Transportation. (1941, c. 299; 1957, c. 65, s. 11; 1973, c. 507, s. 5.)

§ 136-35. Cooperation with other states and federal government.—It shall be the duty of the mayor of each municipality to report to the Board with the state highway commissions of other states and with the federal government in the correlation of roads so as to form a system of intercounty, interstate, and national highways. (1915, c. 113, s. 12; C. S., s. 3584; 1933, c. 172, s. 17; 1957, c. 65, s. 11; 1973, c. 507, s. 5.)

Editor's Note.—

The 1973 amendment, effective July 1,

1973, substituted “Board of Transportation” for “State Highway Commission.”

§ 136-41.1. Appropriation to municipalities; allocation of funds.—(a) There is hereby annually appropriated out of the State Highway Fund a sum equal to the net amount after refunds that was produced during the fiscal year by a one cent (1¢) tax on each gallon of motor fuel as taxed by G.S. 105-434 and G.S. 105-435, to be allocated in cash on or before October 1 of each year to the cities and towns of the State in accordance with the following formula.

Seventy-five percent (75%) of said funds shall be distributed among the several eligible municipalities of the State in the percentage proportion that the population of each eligible municipality bears to the total population of all eligible municipalities according to the most recent annual estimates of population as certified to the Secretary of Revenue by the Secretary of the North Carolina Department of Administration, and twenty-five percent (25%) of said fund shall

be distributed among the several eligible municipalities of the State in the percentage proportion that the mileage of public streets in each eligible municipality which does not form a part of the highway system bears to the total mileage of the public streets in all eligible municipalities which do not constitute a part of the State highway system.

It shall be the duty of the mayor of each municipality to report to the Board of Transportation such information as it may request for its guidance in determining the eligibility of each municipality to receive funds by virtue of G.S. 136-41.1 and 136-41.2 and in determining the amount of allocation to which each is entitled. Upon failure of any municipality to make such report within the time prescribed by the Board of Transportation, the Board of Transportation may disregard such defaulting unit in making said allotment.

The funds to be allocated under this section shall be paid in cash to the various eligible municipalities on or before October 1 each year after March 15, 1951. Provided that eligible municipalities are authorized within the discretion of their governing bodies to enter into contracts for the purpose of maintenance, repair, construction, reconstruction, widening, or improving streets of such municipalities at any time after January 1 of any calendar year in total amounts not to exceed ninety percent (90%) of the amount received by such municipality during the preceding fiscal year, in anticipation of the receipt of funds under this section during the next fiscal year, to be paid for out of such funds when received.

No allocation to cities and towns shall be made under the provisions of this section from the one-cent (1¢) per gallon additional tax on gasoline imposed by Chapter 46 of the Session Laws of 1965, unless and until said additional one-cent (1¢) per gallon gasoline tax produces funds which are not needed for or committed by said Chapter 46 of the Session Laws of 1965, to the payment of the principal of or the interest on the secondary road bonds issued pursuant to the provisions of said Chapter 46 of the Session Laws of 1965. The Board of Transportation is hereby authorized to withhold each year an amount not to exceed one percent (1%) of the total amount appropriated in G.S. 136-41.1 for the purpose of correcting errors in allocations: Provided, that the amount so withheld and not used for correcting errors will be carried over and added to the amount to be allocated for the following year.

The word "street" as used in this section is hereby defined as any public road maintained by a municipality and open to use by the general public, and having an average width of not less than 16 feet. In order to obtain the necessary information to distribute the funds herein allocated, the Board of Transportation may require that each municipality eligible to receive funds under G.S. 136-41.1 and 136-41.2 submit to it a statement, certified by a registered engineer or surveyor of the total number of miles of streets in such municipality. The Board of Transportation may in its discretion require the certification of mileage on a biennial basis.

(b) For purposes of this section and of G.S. 136-41.2 and 136-41.3, urban service districts defined by the governing board of a consolidated city-county in which street services are provided by the consolidated city-county shall be considered eligible municipalities, and the allocations to be made thereby shall be made to the government of the consolidated city-county. Editor's Note.—

The 1969 amendment rewrote the first paragraph and added the reference to Chapter 46 of Session Laws 1965 throughout the fifth paragraph.

The 1971 amendment, in the first paragraph, substituted "net amount after refunds" for "amount," substituted "a one

cent tax" for " $\frac{1}{2}$ of one-cent tax," inserted "as" following "gallon of motor fuel," and substituted "October 1st of each year" for "October first each year after March 15, 1951." In the second paragraph, the amendment substituted "Seventy-five percent (75%) of said funds" for "One half of said fund," substituted "Twenty-five percent

(25%) of said funds" for "one half of said fund," substituted "does not form" for "do not form," and inserted "the" preceding "public streets in all eligible municipalities." The amendment also deleted references to Chapter 1250 of the Session Laws of 1949 throughout the fifth paragraph.

Session Laws 1971, c. 182, s. 5, provides: "Sections 3 and 4 of this act shall become effective upon ratification. Sections 1 and 2 of this act shall become effective July 1, 1971, provided that neither the appropriations made from the State Highway Fund for the fiscal year 1970-1971 nor the allocation of such funds appropriated shall be affected by this act."

The first 1973 amendment, effective July 1, 1973, substituted "Secretary of Revenue" for "Commissioner of Revenue" in the second paragraph of subsection (a).

The second 1973 amendment substituted, in the second paragraph, the language beginning "according to the most recent annual estimates" and ending "Department of Administration" for "as indicated by the latest certified federal decennial census."

The third 1973 amendment, effective

July 1, 1973, substituted "Board of Transportation" for "State Highway Commission."

The fourth 1973 amendment, effective July 1, 1973, designated the former provisions of this section as subsection (a) and added subsection (b).

Session Laws 1973, c. 537, s. 8, contains a severability clause.

§ 136-41.3. Use of funds; records and annual statement; excess accumulation of funds; contracts for maintenance, etc., of streets.—The funds allocated to cities and towns under the provisions of G.S. 136-41.2 shall be expended by said cities and towns only for the purpose of maintaining, repairing, constructing, reconstructing or widening of any street or public thoroughfare including bridges, drainage, curb and gutter, and other necessary appurtenances within the corporate limits of the municipality or for meeting the municipality's proportionate share of assessments levied for such purposes.

Each municipality receiving funds by virtue of G.S. 136-41.1 and 136-41.2 shall maintain a separate record of accounts indicating in detail all receipts and expenditures of such funds. It shall be unlawful for any municipal employee or member of any governing body to authorize, direct, or permit the expenditure of any funds accruing to any municipality by virtue of G.S. 136-41.1 and 136-41.2 for any purpose not herein authorized. Any member of any governing body or municipal employee shall be personally liable for any unauthorized expenditures. On or before the first day of August each year, the treasurer, auditor, or other responsible official of each municipality receiving funds by virtue of G.S. 136-41.1 and 136-41.2 shall file a statement under oath with the chairman of the Board of Transportation showing in detail the expenditure of funds received by virtue of G.S. 136-41.1 and 136-41.2 during the preceding year and the balance on hand.

No funds allocated to municipalities pursuant to G.S. 136-41.1 and 136-41.2 shall be permitted to accumulate for a period greater than permitted by this section. Interest on accumulated funds shall be used only for the purposes permitted by the provisions of G.S. 136-41.3. Any municipality having accumulated an amount greater than the sum of the past 10 allocations made, shall have an amount equal to such excess deducted from the next allocation after receipt of

the report required by this section. Such deductions shall be carried over and added to the amount to be allocated to municipalities for the following year.

In the discretion of the local governing body of each municipality receiving funds by virtue of G.S. 136-41.1 and 136-41.2 it may contract with the Board of Transportation to do the work of maintenance, repair, construction, reconstruction, widening or improving the streets in such municipality; or it may let contracts in the usual manner as prescribed by the General Statutes to private contractors for the performance of said street work; or may undertake the work by force account. The Board of Transportation within its discretion is hereby authorized to enter into contracts with municipalities for the purpose of maintenance, repair, construction, reconstruction, widening or improving streets of municipalities. And the Board of Transportation in its discretion may contract with any city or town which it deems qualified and equipped so to do that the city or town shall do the work of maintaining, repairing, improving, constructing, reconstructing, or widening such of its streets as form a part of the State highway system.

In the case of each eligible municipality, as defined in G.S. 136-41.2, having a population of less than 5,000, the Board of Transportation shall upon the request of such municipality made by official action of its governing body, on or prior to June 1, 1953, or June 1 in any year thereafter, for the fiscal year beginning July 1, 1953, and for the years thereafter do such street construction, maintenance, or improvement on nonsystem streets as the municipality may request within the limits of the current or accrued payments made to the municipality under the provisions of G.S. 136-41.1.

In computing the costs, the Board of Transportation may use the same rates for equipment, rental, labor, materials, supervision, engineering and other items, which the Board of Transportation uses in making charges to one of its own department or against its own department, or the Board of Transportation may employ a contractor to do the work, in which case the charges will be the contract cost plus engineering and inspection. The municipality is to specify the location, extent, and type of the work to be done, and shall provide the necessary rights-of-way, authorization for the removal of such items as poles, trees, water and sewer lines as may be necessary, holding the Board of Transportation free from any claim by virtue of such items of cost and from such damage or claims as may arise therefrom except from negligence on the part of the Board of Transportation, its agents, or employees.

If a municipality elects to bring itself under the provisions of the two preceding paragraphs, it shall enter into a two-year contract with the Board of Transportation and if it desires to dissolve the contract at the end of any two-year period it shall notify the Board of Transportation of its desire to terminate said contract on or before April 1 of the year in which such contract shall expire; otherwise, said contract shall continue for an additional two-year period, and if the municipality elects to bring itself under the provisions of the two preceding paragraphs and thereafter fails to pay its account to the Board of Transportation for the fiscal year ending June 30, by August 1 following the fiscal year, then the Board of Transportation shall apply the said municipality's allocation under G.S. 136-41.1 to this account until said account is paid and the Board of Transportation shall not be obligated to do any further work provided for in the two preceding paragraphs until such account is paid.

Section 143-129 of the General Statutes relating to the procedure for letting of public contracts shall not be applicable to contracts undertaken by any municipality with the Board of Transportation in accordance with the provisions of the three preceding paragraphs.

The Board of Transportation is authorized to apply a municipality's share of funds allocated to a municipality under the provisions of G.S. 136-41.1 to any of the following accounts of the municipality with the said Board of Transportation, which the municipality fails to pay:

- (1) Cost sharing agreements for right-of-way entered into pursuant to G.S.

136-66.3, but not to exceed ten percent (10%) of any one year's allocation until the debt is repaid,

- (2) The cost of relocating municipally owned waterlines and other municipally owned utilities on a State highway project which is the responsibility of the municipality,
- (3) For any other work performed for the municipality by the Board of Transportation or its contractor by agreement between the Board of Transportation and the municipality, and
- (4) For any other work performed that was made necessary by the construction, reconstruction or paving of a highway on the State highway system for which the municipality is legally responsible. Editor's Note.—

The 1969 amendment substituted "136-41.1" for "136-41.2" at the end of the fourth paragraph and near the end of the sixth paragraph, and made minor changes in wording in the fourth paragraph.

The 1971 amendment added the last paragraph.

Sections 1 and 2 of this act shall become effective July 1, 1971, provided that neither the appropriations made from the State Highway Fund for the fiscal year 1970-1971 nor the allocation of such funds appropriated shall be affected by this act."

The first 1973 amendment, effective Jan. 1, 1974, added the third paragraph.

The second 1973 amendment, effective July 1, 1973, substituted "Board of Transportation" for "State Highway Commission," "Highway Commission" and "Commission."

The Department of Transportation and Highway Safety, from time to time, shall restudy the costs and criteria used as a basis for its annual maintenance program. Copies of the annual maintenance program shall be made available to members of the House and Senate Road Committees and to the members of appropriations subcommittees for highway matters, as well as other interested parties, upon request at the time the "Budget Appropriations Bill" is presented. The study shall determine the number of miles of unpaved State-maintained roads in each county, and the total number of miles unpaved State-maintained roads in the State. Except for federal-aid programs, the Department shall allocate all secondary road construction funds on the basis of a formula using the study figures. The allocation shall be as follows: Each county shall receive a percentage of the total funds available for totally State-funded secondary road construction, the percentage to be determined as a factor of the number of miles of unpaved State-maintained secondary roads in the county divided by the total number of miles of unpaved State-maintained secondary roads in the State. Copies of the Department study of unpaved State-maintained secondary roads and copies of the individual county allocations shall be made available to newspapers having general circulation in each county. The formula shall take into consideration the number of paved and unpaved miles of secondary roads in each county and such other factors as experience may dictate. (1973, c. 507, s. 3.)

Cross Reference.—As to the effective date of this section, see the note to § 136-44.1.

§ 136-44.7. Secondary roads; annual work program.—The Department of Transportation and Highway Safety shall be responsible for developing criteria for improvements and maintenance of secondary roads. The criteria shall be adopted by the Secondary Roads Council before it shall become effective. The Department of Transportation and Highway Safety shall be responsible for developing annual work programs for both construction and maintenance of secondary roads in each county in accordance with criteria developed. It shall reflect the long-range and immediate goals of the Department of Transportation and Highway Safety. Projects on the annual construction program for each county shall be rated according to their priority based upon the secondary road criteria and standards which shall be uniform throughout the State. Upon final adoption of the annual work program, the same shall be published and it shall be followed, unless changes are approved by the Secondary Roads Council and notice of any changes is given the board of county commissioners. The board of county commissioners may petition the Board of Transportation for review of any changes to which it does not consent, and the determination of the Board of Transportation shall be final. The most recent annual work programs adopted shall be submitted to the House and Senate Roads Committee and the House and Senate Appropriations Subcommittee on Roads at the time of introduction of the "Budget Appropriations Bill." The Department of Transportation and Highway Safety shall make available the construction work program in each county to the newspapers having a general circulation in the county. All such roads shall be planned, designed, engineered and constructed through joint action between the Department of Transportation and the Division of State Parks of the Department of Natural and Economic Resources. This joint action shall encompass all accepted park planning and design principles. Particular concern shall be given to traffic counts and vehicle weight, minimal cutting into or through any natural and scenic areas, width of shoulders, the cutting of natural growth along roadways, and the reduction of any potential use of roads for any purpose other than by park users. All State park roads shall conform to the standards regarding width and other roadway specifications as agreed upon by the Division of State Parks of the Department of Natural and Economic Resources and the Department of Transportation.

The State park road systems may be closed to the public in accordance with approved park practices that control the use of State areas so as to protect these areas from overuse and abuse and provide for functional use of the park areas, or for any other purpose considered in the best interest of the public by the Division of State Parks of the Department of Natural and Economic Resources.

- (4) One curb ramp or curb cut may be provided under special conditions between each radius point of a street turnout of an intersection, if adequate provisions are made to prevent vehicular traffic from encroaching on the ramp.

(b) Minimum requirements for curb ramps or curb cuts under subsection (a) shall be met (i) in the initial construction of such curbs, and (ii) whenever such curbs are reconstructed, including, but not limited to, reconstruction for maintenance procedures and traffic operations, repair, or correction of utilities.

ARTICLE 3.

State Highway System.

Part 1. Highway System.

§ 136-45. General purpose of law; control, repair and maintenance of highways.—The general purpose of the laws creating the Board of Transportation is that said Board of Transportation shall take over, establish, construct, and maintain a statewide system of hard-surfaced and other dependable highways running to all county seats, and to all principal towns, State parks, and principal State institutions, and linking up with state highways of adjoining states and with national highways into national forest reserves by the most practical routes, with special view of development of agriculture, commercial and natural resources of the State, and for the further purpose of permitting the State to assume control of the State highways, repair, construct, and reconstruct and maintain said highways at the expense of the entire State, and to relieve the counties and cities and towns of the State of this burden. (1921, c. 2, s. 2; C. S., s. 3846(a); 1943, c. 410; 1957, c. 65, s. 11; 1973, c. 507, s. 5.)

Editor's Note.—

The 1973 amendment, effective July 1, 1973, substituted "Board of Transportation" for "State Highway Commission" and for "Commission."

Commission (now Board) Is Agency Created to Construct and Maintain Highway System.—The State Highway Commission (now Board of Transportation) is the State agency created for the purpose of constructing and maintaining statewide highways at the expense of the entire State. *North Carolina Turnpike Authority v. Pine Island, Inc.*, 265 N.C. 109, 143 S.E.2d 319 (1965).

Commission (now Board) Has no Power

to Condemn Property for Private Use.

This section and § 136-18 vest in the State Highway Commission (now Board of Transportation) broad discretionary powers in establishing, constructing, and maintaining highways as part of a statewide system of hard-surfaced and other dependable highways, but the State Highway Commission (now Board of Transportation) has no power to condemn private property to construct a road for the private use of any person or group of persons, and if it does so, it is an arbitrary act and an abuse of the discretion vested in it. *State Highway Comm'n v. Batts*, 265 N.C. 346, 144 S.E.2d 126 (1965).

§ 136-47. Routes and maps; objections; changes.—The designation of all roads comprising the State highway system as proposed by the Board of Transportation shall be mapped, and there shall be publicly posted at the courthouse door in every county in the State a map of all the roads in such county in the State system, and the board of county commissioners or county road-governing body of each county, or street-governing body of each city or town in the State shall be notified of the routes that are to be selected and made a part of the State system of highways; and if no objection or protest is made by the board of county commis-

sioners of the county, road-governing body of any county, or street-governing body of any city or town in the State within 60 days after the notification before mentioned, then and in that case the said roads or streets, to which no objections are made, shall be and constitute links or parts of the State highway system. If any objections are made by the board of county commissioners or county road-governing body of any county or street-governing body of the city or town, the whole matter shall be heard and determined by the Board of Transportation in session, under such rules and regulations as may be laid down by the Board of Transportation, notice of the time and place of hearing to be given by the Board of Transportation at the courthouse door in the county, and in some newspaper published in the county, at least 10 days prior to the hearing, and the decision of the Board of Transportation shall be final. A map showing the proposed roads to constitute the State highway system is attached to Chapter 2 of the Public Laws of 1921 and made a part hereof. The roads so shown can be changed, altered, added to or discontinued by the Board of Transportation: Provided, no roads shall be changed, altered or discontinued so as to disconnect county seats, principal towns, State or national parks or forest reserves, principal State institutions, and highway systems of other states. The rights-of-way to all roads taken over under this section shall be not less than 30 feet: Provided, that no toll road shall be taken over under this section unless by agreement or condemnation as herein provided. (1921, c. 2, s. 7; C. S., s. 3846(c); 1933, c. 172, s. 17; 1943, c. 410; 1957, c. 65, s. 11; 1973, c. 507, s. 5.)

Part 2. County Public Roads Incorporated into State Highway System.

§ 136-51. Maintenance of county public roads vested in Board of Transportation.—From and after July 1, 1931, the exclusive control and management and responsibility for all public roads in the several counties shall be vested in the Board of Transportation as hereinafter provided, and all county, district, and township highway or road commissioners, by whatever name designated, and whether created under public, public-local, or private acts, shall be abolished:

Provided, that for the purpose of providing for the payment of any bonded or other indebtedness, and for the interest thereon, that may be outstanding as an obligation of any county, district, or township commission herein abolished, the boards of county commissioners of the respective counties are hereby constituted fiscal agents, and are vested with authority and it shall be their duty to levy such taxes on the taxable property or persons within the respective county, district, or township by or for which said bonds or other indebtedness were issued or incurred and as are now authorized by law to the extent that the same may be necessary to provide for the payment of such obligations; and the respective commissions herein abolished shall on or before July 1, 1931, turn over to said boards of county commissioners any moneys on hand or evidences of indebtedness properly applicable to the discharge of any such indebtedness (except such moneys as are mentioned in paragraph (a) above); and all uncollected special road taxes shall be payable to said boards of county commissioners, and the portion of said taxes applicable to indebtedness shall be applied by said commissioners to said indebtedness, or invested in a sinking fund according to law. All that portion of said taxes or other funds coming into the hands of said county commissioners and properly applicable to the maintenance or improvement of the public roads of the county shall be held by them as a special road fund and disbursed upon proper orders of the Board of Transportation.

Provided, further, that in order to fully carry out the provisions of this section the respective boards of county commissioners are vested with full authority to prosecute all suitable legal actions. (1931, c. 145, s. 7; 1933, c. 172, s. 17; 1957, c. 65, s. 11; 1973, c. 507, s. 5.)

§ 136-53. Map of county road systems posted; objections.—On or before May 1, 1931, the designation of all roads comprising the several county road systems as are proposed to be taken over for maintenance and improvement by the Board of Transportation shall be mapped, and there shall be publicly posted at the courthouse door in each county a map of all the roads in such county to be contained in the county road system of such county, and the board of county commissioners of such county and the street-governing body of each city or town in such county shall be notified of the roads that are to be selected and to be made a part of the county road system of such county. If no objection is made by the board of county commissioners or the street-governing body of any city or town in such county within 30 days after the notification herein provided for, then and in that event the roads to which no objections are made shall be and constitute the county road system for such county. If objections are made by the board of county commissioners of the county or the street-governing body of any city or town in the county, the Board of Transportation shall as soon as practicable send an agent to such county who shall take the matter up with the view of adjusting the objections and agreeing with the county commissioners or the street-governing body of any city or town. If such agent and the board of county commissioners or the street-governing body of any city or town cannot agree, then the whole matter shall be heard and determined by the Board of Transportation in session under such rules and regulations as may be made by the Board of Transportation. Notice of the time and place of the hearing shall be given by the Board of Transportation at the courthouse door and in some newspaper, if any, published in the county, at least 10 days prior to the hearing, and the decision of the Board of Transportation shall be final. It is the intent and purpose of this section that all roads legally established and used as public roads in the various counties on March 20, 1931, are to and shall be included in the county road systems of the various counties. Maps showing the proposed roads to constitute the county road systems in the several counties have been printed and bound and are now on file in the office of the Board of Transportation, and are the maps which shall be posted. If it shall appear to the Board of Transportation prior to the posting of the maps under this section that any road or roads which should be included in the county road systems of any county have been omitted from the map of any county as printed, the Board of Transportation may change such maps

so as to include such road or roads before posting. (1931, c. 145, s. 11; 1933, c. 172, s. 17; 1957, c. 65, s. 11; 1973, c. 507, s. 5.)

The Board of Transportation shall be responsible for the mainte-

nance, repair, improvement, widening, construction and reconstruction of this system. These streets and highways within corporate limits are of primary benefit to the State in developing a statewide coordinated system of primary and secondary streets and highways, but many of these streets and highways also have varying degrees of benefit to the municipalities. Therefore, the respective responsibilities of the Board of Transportation and the municipalities for the acquisition and cost of rights-of-way for State highway system street improvement projects shall be determined by mutual agreement between the Board of Transportation and each municipality.

- (2) The Municipal Street System.—In each municipality the municipal street system shall consist of those streets and highways accepted by the municipality which are not a part of the State highway system. The municipality shall be responsible for the maintenance, construction, reconstruction, and right-of-way acquisition for this system.
- (3) Maintenance of State Highway System by Municipalities.—Any city or town, by written contract with the Board of Transportation, may undertake to maintain, repair, improve, construct, reconstruct or widen those streets within municipal limits which form a part of the State highway system, and may also, by written contract with the Board of Transportation, undertake to install, repair and maintain highway signs and markings, electric traffic signals and other traffic-control devices on such streets. All work to be performed by the city or town under such contract or contracts shall be in accordance with Board of Transportation standards, and the consideration to be paid by the Board of Transportation to the city or town for such work, whether in money or in services, shall be adequate to reimburse the city or town for all costs and expenses, direct or indirect, incurred by it in the performance of such work.
- (4) In the event that the governing body of any municipality shall determine that it is in the best interest of its citizens to do so, it may expend its funds for the purpose of making the following improvements on streets within its corporate limits which form a part of the State highway system:
 - a. Construction of curbing and guttering;
 - b. Adding of lanes for automobile parking;
 - c. Bearing that portion of the cost of constructing street drainage facilities which may by reasonable engineering estimates be attributable to that amount of surface water collected upon and flowing from municipal streets which do not form a part of the State highway system;
 - d. Constructing sidewalks; provided, that no part of the funds allocated to the municipality by G.S. 136-41.1 may be expended for sidewalk purposes.

In exercising the authority granted herein, the municipality may, with the consent of the Board of Transportation, perform the work itself, or it may enter into a contract with the Board of Transportation to perform such work. Any work authorized by this subdivision may be financed jointly by the municipality and the Board of Transportation pursuant to a cost-sharing agreement entered into by each.

The cost of any work financed by a municipality pursuant to this subdivision may be assessed against the properties abutting the street or highway upon which such work was performed in accordance with the procedures of either Article 9 of Chapter 160 of the General Stat-

utes or any charter provisions or local acts applicable to the particular municipality. (1959, c. 687, s. 1; 1969, cc. 798, 978; 1973, c. 507, s. 5.)

Editor's Note. — The first 1969 amendment added subdivision (3).

The second 1969 amendment added subdivision (4).

The 1973 amendment, effective July 1, 1973, substituted "Board of Transportation" for "State Highway Commission" and for "Commission" in subdivisions (1), (3) and (4).

Article 9 of Chapter 160, referred to in subdivision (4), was repealed by Session Laws 1971, c. 698, s. 2. For present statutory provisions relating to local improvements, see Article 10 of Chapter 160A.

Highway Commission (now Board of Transportation) Is Responsible for City Street in State System. — When a city street becomes a part of the State highway system, the Commission (now Board of Transportation) is responsible for its condition thereafter to the same extent as if originally constructed by it; and this applies to the fill and culvert as well as to the surface areas of the highway. *Sherrill v. North Carolina State Highway Comm'n*, 264 N.C. 643, 142 S.E.2d 653 (1965).

This section and §§ 160-54 (now repealed) and 136-93 indicate that the Highway Commission (now Board of Transportation) is under a statutory obligation with reference to the construction, maintenance and repair of all city streets, including culverts which support city streets, which constitute a part of the State high-

way system. *Milner Hotels, Inc. v. City of Raleigh*, 271 N.C. 224, 155 S.E.2d 543 (1967).

Municipality May Not Contract to Take Over Obligations of Commission (now Board). — This section and §§ 160-54 (now repealed) and 136-93 do not authorize a municipality, in the absence of specific legislative authority, to contract to take over the responsibilities of the Highway Commission (now Board of Transportation) with reference to the construction, maintenance and repair of city streets and supporting culverts which constitute a part of the State highway system. *Milner Hotels, Inc. v. City of Raleigh*, 271 N.C. 224, 155 S.E.2d 543 (1967).

No Retroactive Application to Allow Payment for. — See opinion of Attorney General to Mr. Hobart Brantley, Spring Hope Town Attorney, 40 N.C.A.G. 515 (1970).

Powell Bill Funds May Not Be Used for Drainage Purposes Generally but May Be Used to Pay for a Portion of the Cost of Drainage Facilities on a State Highway System Street Which Is Necessary to Provide for Drainage Arising from Streets on the Municipal Street System for Which the Municipality Is Responsible. — See opinion of Attorney General to Mr. William S. Withers, 41 N.C.A.G. 656 (1971).

§ 136-66.2. Development of a coordinated street system. — (a) Each municipality, with the cooperation of the Board of Transportation, shall develop a comprehensive plan for a street system that will serve present and anticipated volumes of vehicular traffic in and around the municipality. The plan shall be based on the best information available including, but not limited to, population growth, economic conditions and prospects, and patterns of land development in and around the municipality, and shall provide for the safe and effective use of streets and highways through such means as parking regulations, signal systems, and traffic signs, markings, construction and other devices. The Board of Transportation may provide financial and technical assistance in the preparation of such plans.

(b) After completion and analysis of the plan, the plan may be adopted by both the governing body of the municipality and the Board of Transportation as the basis for future street and highway improvements in and around the municipality. As a part of the plan, the governing body of the municipality and the Board of Transportation shall reach an agreement as to which of the existing and proposed streets and highways included in the plan will be a part of the State highway system and which streets will be a part of the municipal street system. As used in this Article, the State highway system shall mean both the primary highway system of the State and the secondary road system of the State within municipalities.

(c) From and after the date that the plan is adopted, the streets and highways designated in the plan as the responsibility of the Board of Transportation shall become a part of the State highway system and all such system streets shall be subject to the provisions of G.S. 136-93, and all streets designated in the plan as

the responsibility of the municipality shall become a part of the municipal street system.

(d) Either the municipality or the Board of Transportation may propose changes in the plan at any time by giving notice to the other party, but no change shall be effective until it is adopted by both the Board of Transportation and the municipal governing board.

(e) Until the adoption of a comprehensive plan for future development of the street system in and around municipalities, the Board of Transportation and any municipality may reach an agreement as to which existing or proposed streets and highways within the municipal boundaries shall be added to or removed from the State highway system.

(f) Streets within municipalities which are on the State highway system as of July 1, 1959, shall continue to be on that system until changes are made as provided in this section. (1959, c. 687, s. 2; 1969, c. 794, s. 3; 1973, c. 507, s. 5.)

Local Modification. — City of Roanoke Rapids: 1965, c. 987.

The 1973 amendment, effective July 1, 1973, substituted "Board of Transportation" for "State Highway Commission" in subsections (a), (b), (c) and (e) and for "Commission" in subsection (d).

Cross Reference.—See note to § 136-20.

Editor's Note. — The 1969 amendment inserted "construction" near the end of the second sentence of subsection (a).

§ 136-66.3. Acquisition of rights-of-way.—(a) When any one or more street construction or improvement projects are proposed on the State highway system in and around a municipality, the Board of Transportation and the municipal governing body shall reach agreement on their respective responsibilities for the acquisition and cost of rights-of-way necessary for such project or projects. In reaching such agreement, the Board of Transportation and the municipality shall take into consideration:

- (1) The relative importance of the project to a coordinated statewide system of highways.
- (2) The relative benefit of the project to the municipality.
- (3) The degree to which the cost of acquisition of rights-of-way can be reduced or minimized through action by the municipality and/or the Board of Transportation to acquire all or part of the rights-of-way for proposed projects well in advance of construction of such projects.

(b) Whenever a municipality agrees to acquire rights-of-way for a State highway system street improvement project, the Board of Transportation may agree to reimburse the municipality in whole or in part for expenditures made by the municipality to acquire such rights-of-way.

(c) In the acquisition of rights-of-way for any State highway system street or highway in or around a municipality, the municipality shall be vested with the same authority to acquire such rights-of-way as is granted to the Board of Transportation in this Chapter. In the acquisition of such rights-of-way, municipalities may use the procedures provided in Article 9 of this Chapter, and wherever the words "Board of Transportation" appear in Article 9 they shall be deemed to include "municipality" or "municipal governing body," and wherever the words "Administrator," "Administrator of Highways," "Administrator of the Board of Transportation," or "chairman of the Board of Transportation" appear in Article 9 they shall be deemed to include "municipal clerk." It is the intention of this subsection that the powers herein granted to municipalities for the purpose of acquiring rights-of-way shall be in addition to and supplementary to those powers granted in any local act or in any other general statute, and in any case in which the provisions of this subsection or Article 9 of this Chapter are in conflict with the provisions of any local act or any other provision of any general statute, then the governing body of the municipality may in its discretion proceed in accordance with the provisions of such local act or other general statute, or, as an alternative method of

procedure, in accordance with the provisions of this subsection and Article 9 of this Chapter.

(d) In the absence of an agreement, the Board of Transportation shall retain authority to pay the full cost of acquiring rights-of-way where the proposed project is deemed important to a coordinated State highway system.

(e) Either the municipality or the Board of Transportation may at any time propose changes in the agreement setting forth their respective responsibilities for right-of-way acquisition by giving notice to the other party, but no change shall be effective until it is adopted by both the municipal governing body and the Board of Transportation.

(f) Any municipality which agrees to contribute any part of the cost of acquiring rights-of-way for any State highway system street or highway shall be a proper party in any proceeding in court relating to the acquisition of such rights-of-way. (1959, c. 687, s. 3; 1965, c. 867; 1967, c. 1127; 1973, c. 507, s. 5.)

Editor's Note. — The 1965 amendment rewrote subsection (c).

The 1967 amendment substituted "'Administrator,' 'Administrator of Highways,' 'Administrator of the Highway Commission' (now Board of Transportation), 'chairman' or 'chairman of the Highway Commission'" (now Board of Transportation) for "'Director' or 'Director of Highways' or 'Director of the Highway Com-

mission'" near the end of the second sentence of subsection (c).

The 1973 amendment, effective July 1, 1973, substituted "Board of Transportation" for "State Highway Commission" and for "Highway Commission" throughout the section.

§ 136-66.4. Rules and regulations; authority of municipalities. — The Board of Transportation shall have authority to adopt such rules and regulation as are necessary to carry out the responsibilities of the Board of Transportation under this Article, and municipalities shall have and may exercise such authority as is necessary to carry out their responsibilities under this Article. (1959, c. 687, s. 4; 1973, c. 507, s. 5.)

Editor's Note. — The 1973 amendment, effective July 1, 1973, substituted "Board of Transportation" for "State Highway Commission" and for "Commission."

§ 136-66.5. Improvements in urban area streets to reduce traffic congestion.—(a) The Board of Transportation is authorized to enter into contracts with municipalities for highway improvement projects which are a part of an overall plan authorized under the provisions of section 135 of Title 23 of the United States Code, the purpose of which is to facilitate the flow of traffic in urban areas. In connection with these contracts, the Board of Transportation and the municipalities are authorized to enter into contracts for improvement projects on the municipal system of streets, and pursuant to contract with the municipalities, the Board of Transportation is authorized to construct or to let to contract the said improvement projects on streets on the municipal street system; provided that no portion of the cost of the improvements made on the municipal street system shall be paid from Board of Transportation funds except the proportionate share of funds received from the Federal Highway Administration and allocated for the purposes set out in section 135 of Title 23 of the United States Code. Pursuant to contract with the Board of Transportation, the municipalities may construct or let to contract the said improvement projects on the municipal street system and the Board of Transportation is authorized to pay over to the municipalities the proportionate share of funds received pursuant to section 135 of Title 23 of the United States Code; provided that no portion of the costs of the improvements made on the municipal street system shall be paid for from the State Highway Fund except those received from the Federal Highway Administration and allocated for the purpose set out in section 135 of Title 23 of the United States Code.

(b) The municipalities are authorized to enter into contracts with the Board of Transportation for improvement projects which are a part of an overall plan au-

thorized under the provisions of section 135 of Title 23 of the United States Code, the purpose of which is to facilitate the flow of traffic in urban areas, on the State highway system streets within the municipalities with the approval of the Federal Highway Administration. Pursuant to contract for the foregoing improvement projects, the municipalities are authorized to construct or let to contract the said improvement projects and the Board of Transportation is authorized to reimburse the municipalities for the cost of the construction of the said improvement projects.

(c) The municipalities in which improvements are made pursuant to section 135 of Title 23 of the United States Code shall provide proper maintenance and operation of such completed projects and improvements on the municipal system streets or will provide other means for assuring proper maintenance and operation as is required by the Board of Transportation. In the event the municipality fails to maintain such project or provide for their proper maintenance, the Board of Transportation is authorized to maintain the said projects and improvements and deduct the cost from allocations to the municipalities made under the provisions of G.S. 136-41.1. (1969, c. 794, s. 1; 1973, c. 507, ss. 5, 19.)

Editor's Note.—The 1973 amendment, effective July 1, 1973, substituted "State Highway Fund" for "State Highway Commission funds" in the proviso to the third sentence of subsection (a) and substituted "Board of Transportation" for "State Highway Commission" throughout the section.

§ 136-66.6. Arrangements in a consolidated city-county.—The provisions of this Article applying to municipalities apply to each consolidated city-county with respect to each urban service district defined by its governing board that includes the total area of a previously existing municipality in the same manner as if the urban service district were a municipality. The provisions of this Article do not apply to any consolidated city-county with respect to an urban service district defined by its governing board within previously unincorporated areas of the county unless the governing board determines that street services are to be provided within such urban service district. (1973, c. 537, s. 7.)

Editor's Note.—Session Laws 1973, c. 537, s. 9, makes the act effective July 1, 1973. Session Laws 1973, c. 537, s. 8, contains a severability clause.

ARTICLE 4

Neighborhood Roads, Cartways, Church Roads, etc.

§ 136-67. Neighborhood public roads.—All those portions of the public road system of the State which have not been taken over and placed under maintenance or which have been abandoned by the Board of Transportation, but which remain open and in general use as a necessary means of ingress to and egress from the dwelling house of one or more families, and all those roads that have been laid out, constructed, or reconstructed with unemployment relief funds under the supervision of the Department of Human Resources, and all other roads or streets or portions of roads or streets whatsoever outside of the boundaries of any incorporated city or town in the State which serve a public use and as a means of ingress or egress for one or more families, regardless of whether the same have ever been a portion of any State or county road system, are hereby declared to be neighborhood public roads and they shall be subject to all of the provisions of G.S. 136-68, 136-69 and 136-70 with respect to the alteration, extension, or discontinuance thereof, and any interested party is authorized to institute such proceeding, and in lieu of personal service with respect to this class of roads, notice by publication once a week in any newspaper published in said county, or in the event there is no such newspaper, by posting at the courthouse door and three other public places, shall be deemed sufficient: Provided, that this definition of neighborhood public roads shall not be construed to embrace any street, road or driveway that serves an essentially private use, and all those portions and segments of old roads, formerly

a part of the public road system, which have not been taken over and placed under maintenance and which have been abandoned by the Board of Transportation and which do not serve as a necessary means of ingress to and egress from an occupied dwelling house are hereby specifically excluded from the definition of neighborhood public roads, and the owner of the land, burdened with such portions and segments of such old roads, is hereby invested with the easement or right-of-way for such old roads heretofore existing.

Upon request of the board of county commissioners of any county, the Board of Transportation is permitted, but is not required, to place such neighborhood public roads as above defined in a passable condition without incorporating the same into the State or county system, and without becoming obligated in any manner for the permanent maintenance thereof.

This section shall not authorize the reopening on abandoned roads of any railroad grade crossing that has been closed by order of the Board of Transportation in connection with the building of an overhead bridge or underpass to take the place of such grade crossing. (1929, c. 257, s. 1; 1933, c. 302; 1941, c. 183; 1949, c. 1215; 1957, c. 65, s. 11; 1969, c. 982; 1973, c. 476, s. 138; c. 507, s. 5.)

Editor's Note.—

The first 1973 amendment, effective July 1, 1973, substituted "Department of Human Resources" for "Department of Public Welfare."

The second 1973 amendment, effective July 1, 1973, substituted "Board of Transportation" for "State Highway Commission."

Section Applies Only to Established Easements and Roads.—

In accord with original. See *Walton v. Meir*, 14 N.C. App. 183, 188 S.E.2d 56 (1972).

No road serving an essentially private use is embraced in the definition of neighborhood public road. *Walton v. Meir*, 14 N.C. App. 183, 188 S.E.2d 56 (1972).

A jury finding that a road was constructed with unemployment relief funds is not, standing alone, sufficient to sustain a judgment that a cartway was a neighborhood public road in the absence of a finding that it serves a public rather than a private use. *Walton v. Meir*, 14 N.C. App. 183, 188 S.E.2d 56 (1972).

A road which served only as a driveway for the defendants and, until it was obstructed, as a driveway for the plaintiffs, their guest and invitees, is not a neighborhood public road within the meaning of this section. *Walton v. Meir*, 14 N.C. App. 183, 188 S.E.2d 56 (1972).

Persons living along a highway, etc.—

Abutting landowners have an easement over a public highway abandoned by the State Highway Commission (now Board of Transportation). *Walton v. Meir*, 14 N.C. App. 183, 188 S.E.2d 56 (1972).

§ 136-68. Special proceeding for establishment, alteration or discontinuance of cartways, etc.; petition; appeal.

Review of the Law Regarding Appeals in Cartway Proceedings Prior to 1931. —

Complaint Must Allege Road Is Neighborhood Public Road or Refer to This Article.—In a plaintiff's action seeking to enjoin defendants from obstructing an alleged public road, where the complaint does not allege that the road in controversy is a neighborhood public road nor does it refer to this Article, defendants are not entitled to a dismissal of the action on the ground that the action is one to establish a neighborhood public road under this Chapter and the clerk of superior court therefore has original jurisdiction over the action. *Gragg v. Burns*, 9 N.C. App. 240, 175 S.E.2d 774 (1970).

Dangerous Grade Intersection Underpass or Overpass Eliminated by Highway Commission. — Every segment of a public road which has been abandoned as a part of the State road system coming within the terms of this section is, by legislative enactment, established as a neighborhood public road; however, the elimination by the Highway Commission (now Board of Transportation) of a section of a road so as to exclude a dangerous grade intersection underpass or overpass is not a segment of an abandoned road "which remain(s) open and in general use" by the public so as to qualify it as a neighborhood road which must be kept open. *Snow v. North Carolina State Highway Comm'n*, 262 N.C. 169, 136 S.E.2d 678 (1964).

Applied in State Highway Comm'n v. Phillips, 267 N.C. 369, 148 S.E.2d 282 (1966).

This Section and § 136-69, etc.—

This section and § 136-69 are in derogation of the rights of private property and must be strictly construed. *Taylor v. West Virginia Pulp & Paper Co.* 262 N.C. 452, 137 S.E.2d 833 (1964).

Where it does not appear that a road is a neighborhood public road there is no necessity for any action or proceeding under this section to discontinue its use. *Walton v. Meir*, 14 N.C. App. 183, 188 S.E.2d 56 (1972).

Possession and Use of Land Pending Appeal.—The provision in § 40-19, which gives the court the authority to give possession and use of land to the condemnor while pending appeal, is not applicable to proceedings to establish a cartway brought under this section. *Lowe v. Rhodes*, 9 N.C. App. 111, 175 S.E.2d 721 (1970).

Dismissal by Clerk a Final Order.—The order of the clerk of superior court that petitioners' action be dismissed was certainly a "final order" within the meaning of this section. *Taylor v. Askew*, 11 N.C. App. 386, 181 S.E.2d 192 (1971).

Reviewable by Judge Without Delay. — Where the only issue to be tried has been determined adversely to the petitioners by the clerk of superior court, they have a right to have that determination reviewed by the judge of superior court, without further delay. *Taylor v. Askew*, 11 N.C. App. 386, 181 S.E.2d 192 (1971).

Superior Court Acquires Full Jurisdiction of Appeal from Clerk's Order.—Upon the docketing of an appeal of a clerk's final order on the civil issue docket the superior court acquires full jurisdiction thereof. *Taylor v. Askew*, 11 N.C. App. 386, 181 S.E.2d 192 (1971).

And Trial Is De Novo.—When a case involving a cartway is appealed from the clerk to the superior court, trial in superior court is de novo. *Lowe v. Rhodes*, 9 N.C. App. 111, 175 S.E.2d 721 (1970).

Therefore, it is its duty to determine the

issues of fact and questions of law involved. *Taylor v. Askew*, 11 N.C. App. 386, 181 S.E.2d 192 (1971).

The issue to be tried, etc.—

The issue to be tried in superior court is the same as before the clerk—whether petitioners are entitled to a cartway over some lands. It involves only the elements set out in § 136-69. *Lowe v. Rhodes*, 9 N.C. App. 111, 175 S.E.2d 721 (1970).

If the issue to be determined by the judge on appeal is whether petitioners are entitled to a cartway over some lands, it does not involve the actual location of the road or whose land shall be burdened thereby, these being questions to be initially determined by the jury of view. *Taylor v. Askew*, 11 N.C. App. 386, 181 S.E.2d 192 (1971).

Procedure Where Petitioners Entitled to Cartway.—If the judge determines that the petitioners are entitled to a cartway, he should so order and remand the matter to the clerk of superior court for the appointment of a jury of view and for further proceedings as prescribed by this section. *Taylor v. Askew*, 11 N.C. App. 386, 181 S.E.2d 192 (1971).

Or Where Additional Parties Deemed Necessary. — If the judge feels that additional parties respondent are necessary before a determination of the appeal, he should enter such orders as necessary to bring them in, but it is not proper to remand the matter to the clerk of superior court without first passing upon the merits of petitioners' appeal. *Taylor v. Askew*, 11 N.C. App. 386, 181 S.E.2d 192 (1971).

Or Where Clerk's Ruling Upheld.—If the clerk of superior court's ruling that the petitioners are not entitled to a cartway is upheld by the judge of superior court, the proceeding should be dismissed. *Taylor v. Askew*, 11 N.C. App. 386, 181 S.E.2d 192 (1971).

Cited in *Taylor v. Askew*, 17 N.C. App. 620, 195 S.E.2d 316 (1973).

§ 136-69. Cartways, tramways, etc., laid out; procedure.—If any person, firm, association, or corporation shall be engaged in the cultivation of any land or the cutting and removing of any standing timber, or the working of any quarries, mines, or minerals, or the operating of any industrial or manufacturing plants, or public or private cemetery, or taking action preparatory to the operation of any such enterprises, to which there is leading no public road or other adequate means of transportation affording necessary and proper means of ingress thereto and egress therefrom, such person, firm, association, or corporation may institute a special proceeding as set out in the preceding section, and if it shall be made to appear to the court necessary, reasonable and just that such person shall have a private way to a public road or watercourse or railroad over the lands of other persons, the court shall appoint a jury of view of three disinterested freeholders to

view the premises and lay off a cartway, tramway, or railway of not less than eighteen feet in width, or cableways, chutes, and flumes, and assess the damages the owner or owners of the land crossed may sustain thereby, and make report of their findings in writing to the clerk of the superior court. Exceptions to said report may be filed by any interested party and such exceptions shall be heard and determined by the clerk of the superior court. The clerk of the superior court may affirm or modify said report, or set the same aside and order a new jury of view. All damages assessed by a judgment of the clerk, together with the cost of the proceeding, shall be paid into the clerk's office before the petitioners shall acquire any rights under said proceeding.

Where a tract of land lies partly in one county and partly in an adjoining county, or where a tract of land lies wholly within one county and the public road nearest or from which the most practical roadway to said land would run, lies in an adjoining county and the practical way for a cartway to said land would lead over lands in an adjoining county, then and in that event the proceeding for the laying out and establishing of a cartway may be commenced in either the county in which the land is located or the adjoining county through which said cartway would extend to the public road, and upon the filing of such petition in either county the clerk of the court shall have jurisdiction to proceed for the appointment of a jury from the county in which the petition is filed and proceed for the laying out and establishing of a cartway as if the tract of land to be reached by the cartway and the entire length of the cartway are all located within the bounds of said county in which the petition may be filed. Editor's Note.—

The 1965 amendment substituted "eighteen" for "fourteen" near the end of the first sentence. Section 1½ of the act provides that it shall not apply to the counties of Alleghany, Clay, Graham, Jackson, Mitchell, Polk, Swain and Yancey.

Session Laws 1969, c. 653, amended Session Laws 1965, c. 414, s. 1½, by striking Mitchell from the list of counties to which the 1965 amendment does not apply.

Section Strictly Construed.—

In accord with 1st paragraph in original. See Taylor v. Askew, 17 N.C. App. 620, 195 S.E.2d 316 (1973).

This section and § 136-68 are in derogation of the rights of private property and must be strictly construed. Taylor v. West Virginia Pulp & Paper Co., 262 N.C. 452, 137 S.E.2d 833 (1964).

Effect of Permissive Way.—

In accord with 3rd paragraph in original. See Taylor v. Askew, 17 N.C. App. 620, 195 S.E.2d 316 (1973).

An adequate permissive way meets the requirements of this section. Taylor v. West Virginia Pulp & Paper Co. 262 N.C. 452, 137 S.E.2d 833 (1964).

Cartway Quasi-Public Road.—

Once established, a cartway becomes a

quasi-public road. Taylor v. West Virginia Pulp & Paper Co., 262 N.C. 452 137 S.E.2d 833 (1964).

Requisites for Cartways.—

As one taking action preparatory to cutting and removing standing timber from his land, petitioner is entitled to condemn a cartway over another's property, provided (1) there is no public road or other adequate means of transportation affording him necessary and proper access to his own property, and (2) he satisfies the court that it is necessary reasonable, and just that he have such a private way. Taylor v. West Virginia Pulp & Paper Co., 262 N.C. 452, 137 S.E.2d 833 (1964).

Access to a navigable stream would not in every instance afford an adequate outlet for the purposes enumerated in this section and thus preclude relief under it. Taylor v. West Virginia Pulp & Paper Co., 262 N.C. 452, 137 S.E.2d 833 (1964).

Where a petitioner does, in fact, have access to his lands, albeit by water, if such access affords adequate and proper means of ingress and egress, he is not entitled to another and different way by land, even though it would prove more convenient and economical. Taylor v. West Virginia Pulp & Paper Co., 262 N.C. 452, 137 S.E.2d 833 (1964).

The laying off of a cartway, etc.—

Even a petitioner qualifying under this section for a private way over the lands of another is not entitled to select his route or to use existing private roads on a respondent's land as a matter of right, however expedient and economical their use would be to him. The location of the way is the task of a jury of view, but its acts are reviewable by the court. *Taylor v. West Virginia Pulp & Paper Co.*, 262 N.C. 452, 137 S.E.2d 833 (1964).

Thus, Petitioner Is Not Entitled to Use of Existing Road as Matter of Law. — Unless the only avenue over a respondent's land reasonably adequate for access to a petitioner's property happened to be a road already constructed by the respondent, a petitioner entitled to a cartway should have no right, as a matter of law, to the use of that particular road. *Taylor v.*

West Virginia Pulp & Paper Co., 262 N.C. 452, 137 S.E.2d 833 (1964)

If petitioner already has a private way, or by parol license an unobstructed way, across the land of another, the petition should be denied, and evidence tending to show that the desired cartway would be shorter than the outlet in use should be excluded as immaterial. *Taylor v. Askew*, 17 N.C. App. 620, 195 S.E.2d 316 (1973).

The issue to be tried, etc.—

The issue to be tried in superior court is the same as before the clerk—whether petitioners are entitled to a cartway over some lands. It involves only the elements set out in this section. *Lowe v. Rhodes*, 9 N.C. App. 111, 175 S.E.2d 721 (1970).

ARTICLE 5.*Bridges.*

§ 136-72. Load limits for bridges; liability for violations.—The Board of Transportation shall have authority to determine the maximum load limit for any and all bridges on the State highway system or on any county road systems, to be taken over under G.S. 136-51 to 136-53, and post warning signs thereon, and it shall be unlawful for any person, firm, or corporation to transport any vehicle over and across any such bridge with a load exceeding the maximum load limit established by the Board of Transportation and posted upon said bridge, and any person, firm, or corporation violating the provisions of this section, shall, in addition to being guilty of a misdemeanor, be liable for any or all damages resulting to such bridge because of such violation, to be recovered in a civil action, in the nature of a penalty, to be brought by the Board of Transportation in the superior court in the county in which such bridge is located or in the county in which the person, firm, or corporation is domiciled; if such person, firm, or corporation causing the damage shall be a nonresident or a foreign corporation, such action may be brought in the Superior Court of Wake County. (1931, c. 145, s. 16; 1933, c. 172, s. 17; 1957, c. 65, s. 11; 1973, c. 507, s. 5.)

negligence per se. *Byers v. Standard Concrete Prods. Co.*, 268 N.C. 518, 151 S.E.2d 38 (1966); *Shephard v. North Carolina State Highway Comm'n*, 2 N.C. App. 223, 162 S.E.2d 520 (1968).

§ 136-79: Repealed by Session Laws 1965, c. 491.

§ 136-81. Board of Transportation may maintain footways.—The Board of Transportation shall have the power to erect and maintain adequate footways over swamps, waters, chasms, gorges, gaps, or in any other places whatsoever, whenever said Board of Transportation shall find that such footways are necessary, in connection with the use of the highways, for the safety and convenience of the public. tion" for "State Highway Commission" and for "Commission."

ARTICLE 6.

Ferries and Toll Bridges.

§ 136-82. Board of Transportation to establish and maintain ferries.—The Board of Transportation is vested with authority to provide for the establishment and maintenance of ferries connecting the parts of the State highway system, whenever in its discretion the public good may so require, and to prescribe and collect such tolls therefor as may, in the discretion of the Board of Transportation, be expedient.

To accomplish the purpose of this section said Board of Transportation is authorized to acquire, own, lease, charter or otherwise control all necessary vessels, boats, terminals or other facilities required for the proper operation of such ferries or to enter into contracts with persons, firms or corporations for the operation thereof and to pay therefor such reasonable sums as may in the opinion of said Board of Transportation represent the fair value of the public service rendered. (1927, c. 223; 1933, c. 172, s. 17; 1957, c. 65, s. 11; 1973, c. 507, s. 5.)

Editor's Note.—

The 1973 amendment, effective July 1, 1973, substituted "Board of Transportation" for "State Highway Commission" and for "Commission."

Establishment or Maintenance of Ferry Deemed Construction of Highway for Purposes of Claims Adjustment.—A contract for the establishment of a ferry, which the Commission (now Board) may undertake by this section, is equivalent to the "con-

struction of a highway." Repair or reconditioning, i.e., "maintenance"—which the Commission (now Board) may undertake by this section—as a means of reestablishing ferry service, is a lesser act and is deemed to be included within "construction" for the § 136-29 adjustment of claims. *Wilmington Shipyard, Inc. v. North Carolina State Highway Comm'n*, 6 N.C. App. 649, 171 S.E.2d 222 (1969).

§ 136-82.1. Authority to insure ferries operated by Board of Transportation.—The Board of Transportation is vested with authority to purchase hull insurance and protection and indemnity insurance on all vessels and boats owned, leased, chartered or otherwise controlled and operated by said Board of Transportation as ferries: Provided that the collision, protection and indemnity clauses of said insurance shall be limited so as to indemnify said Board of Transportation only for such liability as the said Board of Transportation might have under the provisions of Article 31 of Chapter 143 of the General Statutes and such liability as the said Board of Transportation might have to the United States for damage to United States property, for wreck removal, or otherwise. (1961, c. 486; 1973, c. 507, s. 5.)

Editor's Note.—The 1973 amendment, effective July 1, 1973, substituted "Board

of Transportation" for "State Highway Commission" and for "Commission."

§ 136-83. Control of county public ferries and toll bridges transferred to State.—The Board of Transportation shall succeed to all rights and duties vested in the county commissioners or county highway commissions on the thirty-first day of March, one thousand nine hundred and thirty-one, with respect to the maintenance and operation of any public ferries or toll bridges forming links in the county highway systems: Provided, that where there is an outstanding indebtedness against any such ferries or bridges, all tolls collected shall be turned over to the county treasurer to be applied to debt service until all indebtedness

against such ferry or bridge has been discharged. (1931, c. 145, s. 38; 1933, c. 172, s. 17; 1957, c. 65, s. 11; 1973, c. 507, s. 5.)

Board of Transportation to fix charges.—The Board of Transportation is directed, authorized and empowered to fix and determine the charges to be made by all ferries and toll bridges connecting any State highway within the State of North Carolina, which said charges shall be uniform for the same service rendered. (Ex. Sess. 1921, c. 86, s. 1; C. S., s. 3821(a); 1933, c. 172, s. 17; 1957, c. 65, s. 11; 1973, c. 507, s. 5.)

Editor's Note.—

The 1973 amendment, effective July 1,

1973, substituted "Board of Transportation"

for "State Highway Commission."

§ 136-85. Extent of power to fix rates.—The Board of Transportation is vested with all the rights, powers and authorities granted the Utilities Commission in the hearing and fixing of rates for ferries and toll bridges now vested in it by law. (Ex. Sess. 1921, c. 86, s. 2; C. S., s. 3821(b); 1933, c. 134, s. 8; c. 172, s. 17; 1941, c. 97; 1943, c. 410; 1957, c. 65, s. 11; 1973, c. 507, s. 5.)

Editor's Note.—

1973, substituted "Board of Transportation"

for "State Highway Commission."

Existing rights of appeal conferred.—All rights given any firm, person or corporation in any hearing before the Utilities Commission in the fixing of rates by way of appeal shall exist in all cases of charges fixed by the Board of Transportation under and by virtue of G.S. 136-84 to 136-87. (Ex. Sess. 1921, c. 86, s. 3; C. S., s. 3821(c); 1933, c. 134, s. 8; c. 172, s. 17; 1941, c. 97; 1957, c. 65, s. 11; 1973, c. 507, s. 5.)

Editor's Note.—

The 1973 amendment, effective July 1,

1973, substituted "Board of Transportation"

for "State Highway Commission."

§ 136-87. Making of excessive charges a misdemeanor; punishment.—Any person, firm or corporation who shall charge any sum greater than the amount fixed by the Board of Transportation for crossing any ferry or toll bridge connecting any State highway within the State of North Carolina, shall be guilty of a misdemeanor and upon conviction shall be fined not exceeding the sum of one hundred dollars (\$100.00) or imprisoned not exceeding six months, or both in the discretion of the court. (Ex. Sess. 1921, c. 86, s. 4; C. S., s. 3821(d); 1933, c. 172, s. 17; 1957, c. 65, s. 11; 1973, c. 507, s. 5.)

1973, substituted "Board of Transportation"

for "State Highway Commission."

§ 136-88. Authority of county commissioners with regard to ferries and toll bridges; right and liabilities of owners of ferries or toll bridges not under supervision of Board of Transportation.—Subject to the provisions of G.S. 136-67, 136-99, and 153-198, the boards of commissioners of the several counties are vested, in regard to the establishment, operation, maintenance, and supervision of ferries and toll bridges on public roads not under the supervision and control of the Board of Transportation, with all the power and authority regarding ferries and toll bridges vested by law in county commissioners on the thirty-first day of March, one thousand nine hundred and thirty-one. And the owners or operators of ferries or toll bridges not under the supervision and control of the Board of Transportation shall be entitled to the same rights, powers, and privileges, and subject to the same duties, responsibilities and liabilities, to which owners or operators of ferries or toll bridges were entitled or were subject on the thirty-first day of March, one thousand nine hundred and thirty-one. (1957, c. 65, s. 11; 1973, c. 507, s. 5.)

Editor's Note.—

Section 136-99, referred to in this section, was repealed by Session Laws 1971, c. 1106.

§ 136-89. Safety measures; guard chains or gates.—Each and every person, firm or corporation, owning or operating a public ferry upon any sound, bay, river, creek or other stream, shall have securely affixed and attached thereto, at each end of the same, a detachable steel or iron chain, or in lieu thereof a steel or iron gate, and so affixed and arranged that the same shall be closed or fastened across the opposite end from the approach, whenever any motor vehicle, buggy, cart, wagon, or other conveyance shall be driven upon or shall enter upon the same; and shall be securely fastened or closed at each end of the ferry after such motor vehicle, buggy, cart, wagon, or other conveyance shall have been driven or shall have entered upon the same. And the said gates or chains shall remain closed or fastened, at each end, until the voyage across the stream upon which said ferry is operated shall have been completed. The Board of Transportation, as to ferries under its supervision, and the respective boards of county commissioners, as to other ferries, shall fix and determine a standard weight or size of chain, and a standard size, type, or character of gate, for use by said ferries, leaving optional with the said owner or operator the use of chains or gates.

Any person, firm or corporation violating any of the provisions of this section shall be guilty of a misdemeanor. (1923, c. 133; C. S., ss. 3825(a), 3825(b), 3825(c); 1927, c. 223; 1931, c. 145, s. 38; 1933, c. 172, s. 17; 1957, c. 65, s. 11; 1973, c. 507, s. 5.)

ARTICLE 6C.*State Toll Bridges and Revenue Bonds.*

§ 136-89.32. Definitions.—As used in this Article, the following words and terms shall have the following meanings, unless the context shall indicate another or different meaning or intent:

- (1) The word "bonds" or the words "revenue bonds" or "bridge revenue bonds" shall mean revenue bonds of the Board of Transportation issued under the provisions of this Article.
- (2) The word "bridge" shall mean any bridge acquired or constructed by the Board of Transportation under the provisions of this Article, and shall embrace the substructure and superstructure thereof and the approaches thereto and such entrance plazas, interchanges, overpasses, underpasses, connecting highways (including elevated or depressed highways), toll houses, administration, storage and other buildings, and other structures as the Board of Transportation may determine to construct in connection therewith, together with all property, rights, easements and interests acquired by the Board of Transportation for the construction or the operation of such bridge.
- (3) The word [words] "Board of Transportation" shall mean the Board of Transportation or, if said Board of Transportation shall be abolished, any board, body or commission succeeding to the principal functions thereof or to whom the powers given by this Article to the Board of Transportation shall be given by law.
- (4) The word "cost" as applied to any bridge shall embrace the cost of acquisition or construction, the cost of the acquisition of all land, rights-of-way, property, rights, easements and interests acquired by the

Board of Transportation for such construction, the cost of all machinery and equipment, financing charges, interest prior to and during construction and for one year after completion of construction, cost of traffic estimates and of engineering and legal services, plans, specifications, surveys, estimates of cost and of revenues, other expenses necessary or incident to determining any such project, administrative expense, and such other expense as may be necessary or incident to the acquisition or construction of the bridge, the financing of such acquisition or construction and the placing of the bridge in operation. Any obligation or expense heretofore or hereafter incurred by the Board of Transportation for traffic surveys, borings, preparation of plans and specifications, and other engineering services in connection with the acquisition or construction of a bridge hereunder shall be regarded as a part of the cost of such bridge and shall be reimbursed to the Board of Transportation out of the proceeds of revenue bonds hereinafter authorized.

- (5) The word "owner" shall include all individuals, copartnerships, associations or corporations and also municipalities, political subdivisions and all public agencies and instrumentalities having any title or interest in any property, rights, easements and interests authorized to be acquired by this Article. (1953, c. 900, s. 2; 1957, c. 65, s. 11; 1973, c. 507, s. 5.)

Editor's Note.—

The 1973 amendment, effective July 1, 1973, substituted "Board of Transporta-

tion" for "Commission" and "State Highway Commission" in subdivisions (1), (2), (3) and (4).

§ 136-89.33. General grant of powers.—The Board of Transportation is hereby authorized and empowered, subject to the provisions of this Article:

- (3) To combine for financing purposes any two or more bridges hereafter acquired, constructed or operated by the Board of Transportation;
- (7) To enter upon any lands and structures and upon lands under water, to make surveys, borings, soundings or examinations as it may deem necessary or convenient for the purposes of this Article, and such entry shall not be deemed a trespass, nor shall any entry for such purposes be deemed an entry under any condemnation proceedings which may be then pending; provided, however, that the Board of Transportation shall make reimbursement for any actual damage resulting to such lands, structures and lands under water as a result of such activities;

(1973, c. 507, s. 5.)

Editor's Note.—The 1973 amendment, effective July 1, 1973, substituted "Board of Transportation" for "Commission" in the introductory paragraph and in subdivisions (3) and (7).

As the rest of the section was not changed by the amendment, only the introductory paragraph and subdivisions (3) and (7) are set out.

§ 136-89.34. Acquisition of property.—The Board of Transportation is hereby authorized and empowered to acquire by purchase, whenever it shall deem such purchase expedient, from funds provided under the authority of this Article, either within or without the State, such lands, structures, property rights, rights-of-way, franchises, easements and other interests in lands, including lands lying under water and riparian rights, as it may deem necessary or convenient for the construction or operation of any bridge, upon such terms and at such prices as may be considered by it to be reasonable and can be agreed upon between it and the owner thereof, and to take title thereto in the name of the State.

Whenever a reasonable price cannot be agreed upon, or whenever the owner is legally incapacitated or is absent, unknown or unable to convey valid title, the Board of Transportation is hereby authorized and empowered to acquire by condemnation or by the exercise of the power of eminent domain any lands, property, rights, rights-of-way, franchises, easements and other property, including

public lands, parks, playgrounds, reservations, highways or parkways, or part thereof or rights therein, of any person, copartnership, association, railroad, public service, public utility or other corporation, or municipality or political subdivision deemed necessary or convenient for the construction or the efficient operation of any bridge or necessary in the restoration of public or private property damaged or destroyed, and in so doing the ways, means, methods and procedure of Chapter 40 of the General Statutes of North Carolina, entitled "Eminent Domain," shall be used by the Board of Transportation as near as the same is suitable for the purposes of this section, and in all instances the general and special benefits shall be assessed as offsets against damages. In case condemnation shall become necessary the Board of Transportation is authorized to enter the lands or other property and take possession of the same prior to bringing the proceedings for condemnation, and prior to the payment of the money for such property. In the event the owner or owners shall appeal from the report of the commissioners, it shall not be necessary for the Board of Transportation to deposit the money assessed with the clerk, but it may proceed and use the property to be condemned until the final determination of the action.

The State hereby consents to the use of all lands owned by it, including lands lying under water, which are deemed by the Board of Transportation to be necessary for the construction or operation of any bridge. (1953, c. 900, s. 4; 1973, c. 507, s. 5.)

Editor's Note.—The 1973 amendment, effective July 1, 1973, substituted "Board of Transportation" for "Commission."

§ 136-89.35. Bridge revenue bonds.—The Board of Transportation is hereby authorized to provide by resolution, at one time or from time to time, for the issuance of bridge revenue bonds of the State for the purpose of paying all or any part of the cost of any one or more bridges; provided, however, that no such bonds shall be issued unless the Board of Transportation shall make a finding in such resolution, or in a separate resolution adopted by the Board of Transportation prior to the issuance of such bonds, that (i) sufficient funds for paying such cost are not available to the Board of Transportation from appropriations or other State or federal funds, and (ii) the revenues of such bridge or bridges, as the case may be, as estimated by the Board of Transportation following traffic surveys made by competent engineers for the Board of Transportation, after providing for the payment of the cost of maintenance and operation thereof and reserves therefor, will be sufficient to provide for the payment of such bonds and the interest thereon as the same shall fall due. The principal of and the interest on such bonds shall be payable solely from the funds herein provided for their payment.

The bonds of each issue shall be dated, shall bear interest at such rate or rates not exceeding five per centum (5%) per annum, shall mature at such time or times not exceeding 40 years from their date or dates, as may be determined by the Board of Transportation, and may be made redeemable before maturity, at the option of the Board of Transportation, at such price or prices and under such terms and conditions as may be fixed by the Board of Transportation prior to the issuance of the bonds. The Board of Transportation shall determine the form of the bonds, including any interest coupons to be attached thereto, and shall fix the denomination or denominations of the bonds and the place or places of payment of principal and interest, which may be at any bank or trust company within or without the State. The bonds shall be signed by the chairman of the Board of Transportation and the official seal of the Board of Transportation shall be impressed thereon, attested by the secretary or other officer of the Board of Transportation designated by the Board of Transportation, and any coupons attached thereto shall bear the facsimile signature of said chairman of the Board of Transportation. In case any officer whose signature or a facsimile of whose signature shall appear on any bonds or coupons shall cease to be such officer before the delivery of such bonds, such signature or such facsimile shall nevertheless be valid

and sufficient for all purposes the same as if he had remained in office until such delivery. The bonds may be issued in coupon or in registered form, or both, as the Board of Transportation may determine, and provision may be made for the registration of any coupon bonds as to principal alone and also to both principal and interest, for the reconversion into coupon bonds of any bonds registered as to both principal and interest, and for the interchange of registered and coupon bonds. The Board of Transportation may sell such bonds in such manner and for such price as it may determine will best effect the purposes of this Article, but no such sale shall be made at a price so low as to require the payment of interest on the money received therefor at more than five per centum (5%) per annum, computed with relation to the absolute maturity or maturities of the bonds in accordance with standard tables of bond values, excluding, however, from such computation the amount of any premium to be paid on redemption of any bonds prior to maturity.

The proceeds of the bonds of each issue shall be used solely for the purpose for which such bonds shall have been authorized, and shall be disbursed in such manner and under such restrictions, if any, as the Board of Transportation may provide in the resolution authorizing the issuance of such bonds or in the trust agreement, hereinafter mentioned, securing the same. If the proceeds of such bonds issued for the purpose of paying the cost of construction of any bridge or bridges, by error of estimates or otherwise, shall be less than such cost, additional bonds may in like manner be issued to provide the amount of such deficit and, unless otherwise provided in the authorizing resolution or in the trust agreement securing such bonds, shall be deemed to be of the same issue and shall be entitled to payment from the same fund without preference or priority of the bonds first issued for the same purpose.

The resolution providing for the issuance of revenue bonds, or any trust agreement securing such bonds, may contain such limitations upon the issuance of additional revenue bonds as the Board of Transportation may deem proper, and such additional bonds shall be issued under such restrictions and limitations as may be prescribed by such resolution or trust agreement.

Prior to the preparation of definitive bonds, the Board of Transportation may, under like restrictions, issue interim receipts or temporary bonds, with or without coupons, exchangeable for definitive bonds when such bonds shall have been executed and are available for delivery. The Board of Transportation may also provide for the replacement of any bonds which shall become mutilated or shall be destroyed or lost.

Bonds may be issued under the provisions of this Article without obtaining the consent of any department, division, commission, board, bureau or agency of the State, and without any other proceedings, conditions or things which are specifically required by this Article. (1953, c. 900, s. 5; 1973, c. 507, s. 5.)

Editor's Note.—The 1973 amendment, effective July 1, 1973, substituted "Board of Transportation" for "Commission."

§ 136-89.36. Credit of State not pledged.—Revenue bonds issued under the provisions of this Article shall not be deemed to constitute a debt of the State or of any political subdivision thereof or a pledge of the faith and credit of the State or of any such political subdivision, but shall be payable solely from the funds provided therefor from tolls and revenues. All such revenue bonds shall contain on the face thereof a statement to the effect that neither the State nor the Board of Transportation shall be obligated to pay the same or the interest thereon except from the special fund provided therefor from tolls and revenues under this Article, and that the faith and credit of the State are not pledged to the payment of the principal of or the interest on such bonds. The issuance of revenue bonds under the provisions of this Article shall not directly or indirectly

or contingently obligate the State to levy or to pledge any form of taxation whatever therefor. (1953, c. 900, s. 6; 1973, c. 507, s. 5.)

Editor's Note.—The 1973 amendment, effective July 1, 1973, substituted "Board of Transportation" for "Commission."

§ 136-89.37. Trust agreement.—In the discretion of the Board of Transportation any bonds issued under the provisions of this Article may be secured by a trust agreement by and between the Board of Transportation and a corporate trustee, which may be any trust company or bank having the powers of a trust company within or without the State. Such trust agreement or the resolution providing for the issuance of such bonds may pledge or assign the tolls and other revenues to be received, but shall not convey or mortgage any bridge or any part thereof. Such trust agreement or resolution providing for the issuance of such bonds may contain such provisions for protecting and enforcing the rights and remedies of the bondholders as may be reasonable and proper and not in violation of law, including covenants setting forth the duties of the Board of Transportation in relation to the acquisition of property and the construction, enlargement, improvement, maintenance, repair, operation and insurance of the bridge or bridges in connection with which such bonds shall have been authorized, the rates of toll to be charged, and the custody, safeguarding and application of all moneys. It shall be lawful for any bank or trust company incorporated under the laws of the State which may act as depository of the proceeds of bonds or of revenues to furnish such indemnifying bonds or to pledge such securities as may be required by the Board of Transportation. Any such trust agreement may set forth the rights and remedies of the bondholders and of the trustee, and may restrict the individual right of action by bondholders. In addition to the foregoing, any such trust agreement or resolution may contain such other provisions as the Board of Transportation may deem reasonable and proper for the security of the bondholders. All expenses incurred in carrying out the provisions of such trust agreement or resolution may be treated as a part of the cost of the operation of the bridge or bridges. (1953, c. 900, s. 7; 1973, c. 507, s. 5.)

Editor's Note.—The 1973 amendment, effective July 1, 1973, substituted "Board of Transportation" for "Commission."

§ 136-89.38. Revenues.—The Board of Transportation is hereby authorized to fix, revise, charge and collect tolls for the use of any bridge acquired or constructed under the provisions of this Article. Such tolls shall be so fixed and adjusted with respect to the aggregate of tolls from any such bridge or bridges as to provide a fund sufficient, with other revenues, if any, to pay (i) the cost of maintaining, repairing and operating such bridge or bridges and any other expenses payable from such tolls and (ii) the principal of and the interest on the bonds which are payable from such tolls as the same shall become due and payable, and to create reserves for such purposes. Such tolls shall not be subject to supervision or regulation by any other department, division, commission, board, bureau or agency of the State. The tolls and all other revenues derived from the bridge or bridges in connection with which the bonds of any issue shall have been issued, except such part thereof as may be necessary to pay such cost of maintenance, repair and operation and to provide such reserves therefor as may be provided for in the resolution authorizing the issuance of such bonds or in the trust agreement securing the same, shall be set aside at such regular intervals as may be provided in such resolution or such trust agreement in a sinking fund which is hereby pledged to and charged with the payment of the principal of and the interest on such bonds as the same shall become due, and the redemption price or the purchase price of bonds retired by call or purchase as therein provided. Such pledge shall be valid and binding from the time when the pledge is made; the tolls and other revenues or other moneys so pledged and thereafter

received by the Board of Transportation shall immediately be subject to the lien of such pledge without any physical delivery thereof or further act, and the lien of any such pledge shall be valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the Board of Transportation, irrespective of whether such parties have notice thereof. Neither the resolution nor any trust agreement by which a pledge is created need be filed or recorded except in the records of the Board of Transportation. The use and disposition of moneys to the credit of such sinking fund shall be subject to the provisions of the resolution authorizing the issuance of such bonds or of such trust agreement. Except as may otherwise be provided in such resolution or such trust agreement, such sinking fund shall be a fund for all such bonds without distinction or priority of one over another.

Notwithstanding any of the foregoing provisions of this section the Board of Transportation may, unless prohibited by any provision of the Constitution of North Carolina, covenant in such resolution or such trust agreement to pay the cost of maintaining, repairing and operating any bridge or bridges acquired or constructed under the provisions of this Article, and, inasmuch as such bridge or bridges will at all times belong to the State, such covenant shall have the force of contract between the State and the holders of the bonds issued for such bridge or bridges. (1953, c. 900, s. 8; 1973, c. 507, s. 5.)

Editor's Note.—The 1973 amendment, effective July 1, 1973, substituted "Board of Transportation" for "Commission."

§ 136-89.40. Remedies.—Any holder of bonds issued under the provisions of this Article or any of the coupons appertaining thereto, and the trustees under any trust agreement, except to the extent the rights herein given may be restricted by such trust agreement may, either at law or in equity, by suit, action, mandamus or other proceeding, protect and enforce any and all rights under the laws of the State or granted hereunder or under such trust agreement or the resolution authorizing the issuance of such bonds, and may enforce and compel the performance of all duties required by this Article or by such trust agreement or resolution to be performed by the Board of Transportation or by any officer thereof, including the fixing, charging and collecting of tolls. (1953, c. 900, s. 10; 1973, c. 507, s. 5.)

Editor's Note.—The 1973 amendment, effective July 1, 1973, substituted "Board of Transportation" for "Commission."

§ 136-89.42. Exemption from taxation.—The exercise of the powers granted by this Article will be in all respects for the benefit of the people of the State, for the increase of their commerce and prosperity, and for the improvement of their health and living conditions, and as the operation and maintenance of bridges by the Board of Transportation will constitute the performance of essential governmental functions, the Board of Transportation shall not be required to pay any taxes or assessments upon any bridge or any property acquired or used by the Board of Transportation under the provisions of this Article or upon the income therefrom, and the bonds issued under the provisions of this Article, their transfer and the income therefrom (including any profit made on the sale thereof) shall at all times be free from taxation within the State. (1953, c. 900, s. 12; 1973, c. 507, s. 5.)

Editor's Note.—The 1973 amendment, effective July 1, 1973, substituted "Board of Transportation" for "Commission."

§ 136-89.43. Bonds eligible for investment.—Bonds issued by the Board of Transportation under the provisions of this Article are hereby made securities in which all public officers and public bodies of the State and its political subdivisions, all insurance companies, trust companies, banking associations,

investment companies, executors, administrators, trustees and other fiduciaries may properly and legally invest funds, including capital in their control or belonging to them. Such bonds are hereby made securities which may properly and legally be deposited with and received by any State or municipal officer or any agency or political subdivision of the State for any purpose for which the deposit of bonds or obligations of the State is now or may hereafter be authorized by law. (1953, c. 900, s. 13; 1973, c. 507, s. 5.)

Editor's Note.—The 1973 amendment, effective July 1, 1973, substituted "Board of Transportation" for "Commission."

§ 136-89.44. Bridge revenue refunding bonds.—The Board of Transportation is hereby authorized to provide for the issuance of bridge revenue refunding bonds of the State for the purpose of refunding any bonds then outstanding which shall have been issued under the provisions of this Article, including the payment of any redemption premium thereon and any interest accrued or to accrue to the date of redemption of such bonds, and, if the Board of Transportation shall so determine, for the additional purpose of constructing improvements, extensions or enlargements of the bridge or bridges in connection with which the bonds to be refunded shall have been issued. The Board of Transportation is further authorized to provide for the issuance of bridge revenue bonds of the State for the combined purpose of

- (1) Refunding any bonds then outstanding which shall have been issued under the provisions of this Article, including the payment of any redemption premium thereon and any interest accrued or to accrue to the date of redemption of such bonds, and
- (2) Paying all or any part of the cost of any additional bridge or bridges.

The issuance of such bonds, the maturities and other details thereof, the rights of the holders thereof, and the rights, duties and obligations of the Board of Transportation in respect of the same, shall be governed by the provisions of this Article insofar as the same may be applicable. (1953, c. 900, s. 14; 1973, c. 507, s. 5.)

Editor's Note.—The 1973 amendment, effective July 1, 1973, substituted "Board of Transportation" for "Commission."

ARTICLE 6D.

Controlled-Access Facilities.

§ 136-89.48. Declaration of policy.

Designating Highways as "Controlled-Access" Is Exercise of Police Power.—When the Highway Commission (now Board of Transportation) acts in the interest of public safety, convenience and general welfare, in designating highways as controlled-access highways, its action is the exercise of the police power of the State. *Wofford v. North Carolina State Highway Comm'n*, 263 N.C. 677, 140 S.E.2d 376 (1965).

Impairing Property Value by Exercise of Police Power Gives No Right to Compensation.—The impairment of the value of property by the exercise of police

power, where property itself is not taken, does not entitle the owner to compensation. *Wofford v. North Carolina State Highway Comm'n*, 263 N.C. 677, 140 S.E.2d 376 (1965).

Applied in *Moses v. State Highway Comm'n*, 261 N.C. 316, 134 S.E.2d 664 (1964).

Stated in *Snow v. North Carolina State Highway Comm'n*, 262 N.C. 169, 136 S.E.2d 678 (1964).

Cited in *Prestige Realty Co. v. State Highway Comm'n*, 1 N.C. App. 82, 160 S.E.2d 83 (1968).

§ 136-89.49. Definitions.—When used in this Article:

- (1) "Board" means the Board of Transportation.

- (2) "Controlled-access facility" means a State highway, or section of State highway, especially designed for through traffic, and over, from or to which highway owners or occupants of abutting property, or others, shall have only a controlled right or easement of access.
- (3) "Frontage road" means a way, road or street which is auxiliary to and located on the side of another highway, road or street for service to abutting property and adjacent areas and for the control of access to such other highway, road or street. (1957, c. 993, s. 2; 1973, c. 507, s. 5.)

Editor's Note.—The 1973 amendment, effective July 1, 1973, substituted "Board" for "Commission" and "Board of Transportation" for "State Highway Commission" in subdivision (1) A literal compliance with the 1973 amendatory act would have required the substitution of "Board of Transportation" for both "Commission" and "State Highway Commission."

"Frontage Road".—A road constructed by the Highway Commission to provide access to private property which would otherwise be landlocked by construction of a controlled-access highway is a "frontage road" within the meaning of this section

and § 136-89.52. *North Carolina State Highway Comm'n v. Asheville School, Inc.*, 276 N.C. 556, 173 S.E.2d 909 (1970).

§ 136-89.50. **Authority to establish controlled-access facilities.**—The Board of Transportation may designate, establish, abandon, improve, construct, maintain and regulate controlled-access facilities as a part of the State highway system, National System of Interstate Highways, and Federal Aid Primary System whenever the Board of Transportation determines that traffic conditions, present or future, justify such controlled-access facilities, or the abandonment thereof. (1957, c. 993, s. 3; 1973, c. 507, s. 5.)

Editor's Note.—The 1973 amendment, effective July 1, 1973, substituted "Board of Transportation" for "Commission."

Cited in *Prestige Realty Co. v. State Highway Comm'n*, 1 N.C. App. 82, 160 S.E.2d 83 (1968).

§ 136-89.51. **Design of controlled-access facility.**—The Board of Transportation is authorized so to design any controlled-access facility and so to regulate, restrict, or prohibit access as best to serve the traffic for which such facility is intended. In this connection the Board of Transportation is authorized to divide and separate any controlled-access facility into separate roadways by the construction of raised curbings, central dividing sections, or other physical separations, or by designating such separate roadways by signs, markers, or stripes, and the proper lane for such traffic by appropriate signs, markers, stripes, and other devices. No person shall have any right of ingress or egress to, from or across controlled-access facilities to or from abutting lands, except at such designated points at which access may be permitted, upon such terms and conditions as may be specified from time to time by the Board of Transportation. (1957, c. 993, s. 4; 1973, c. 507, s. 5.)

Editor's Note.—The 1973 amendment, effective July 1, 1973, substituted "Board of Transportation" for "Commission."

Commission (now Board) May Forbid Construction and Use of Driveway.—There can be no doubt of the authority of the State Highway Commission (now Board of Transportation) upon its finding that the construction and use of a driveway, affording direct access from adjoining property onto a controlled-access

highway, would be or is an obstruction to the free flow of traffic thereon, or a hazard to the safety of travelers upon the highway, to forbid the construction of the driveway or to prohibit its further use. *Kenco Petroleum Marketers, Inc. v. State Highway Comm'n*, 269 N.C. 411, 152 S.E.2d 508 (1967).

Cited in *Prestige Realty Co. v. State Highway Comm'n*, 1 N.C. App. 82, 160 S.E.2d 83 (1968).

§ 136-89.52. Acquisition of property and property rights.—For the purposes of this Article, the Board of Transportation may acquire private or public property and property rights for controlled-access facilities and service or frontage roads, including rights of access, air, view and light, by gift, devise, purchase, or condemnation in the same manner as now or hereafter authorized by law to acquire such property or property rights in connection with highways. The property rights acquired under the provisions of this Article may be in fee simple or an appropriate easement for right-of-way in perpetuity. In connection with the acquisition of property or property rights for any controlled-access facility or portion thereof, or frontage road in connection therewith, the Board of Transportation may, in its discretion, with the consent of the landowner, acquire an entire lot, parcel, or tract of land, if by so doing, the interests of the public will be best served, even though said entire lot, parcel, or tract is not immediately needed for the right-of-way proper.

Along new controlled-access highway locations, abutting property owners shall not be entitled to access to such new locations, and no abutter's easement of access to such new locations shall attach to said property. Where part of a tract of land is taken or acquired for the construction of a controlled-access facility on a new location, the nature of the facility constructed on the part taken, including the fact that there shall be no direct access thereto, shall be considered in determining the fair market value of the remaining property immediately after the taking. (1957, c. 993, s. 5; 1969, c. 946; 1973, c. 507, s. 5.)

Editor's Note. — The 1969 amendment, effective Jan. 1, 1970, substituted "parcel" for "block" twice in the third sentence, rewrote the former last sentence, which is now the first sentence of the second paragraph, and added the second sentence of the second paragraph.

The 1973 amendment, effective July 1, 1973, substituted "Board of Transportation" for "Commission."

For article on recent developments in North Carolina law of eminent domain, see 48 N.C.L. Rev. 767 (1970).

A number of cases cited in the note below construe this section prior to the 1969 amendment, which deleted the language "the denial of such rights of access shall be considered in determining general damages" in the rewritten former last sentence, which is now the first sentence of the second paragraph.

Commission (now Board) Is Vested with Broad Discretion.—It is well-settled law in this State that the State Highway Commission (now Board of Transportation) is vested by statute with broad discretionary authority in the performance of its statutory duties, and the court cannot substitute its judgment for that of the State Highway Commission, (now Board of Transportation) and control the discretion vested in the State Highway Commission (now Board of Transportation) to acquire by condemnation property sought to be acquired for "controlled-access facilities"; the exercise by it of such discretionary authority and powers is not subject to judicial review, unless its action is so

clearly unreasonable as to amount to oppressive and manifest abuse. *State Highway Comm'n v. Greensboro City Bd. of Educ.*, 265 N.C. 35, 143 S.E.2d 87 (1965).

Owner of land abutting highway has a right beyond that which is enjoyed by the general public, a special right of easement in the public road for access purposes, and this is a property right which cannot be damaged or taken from him without due compensation. *McNeill v. North Carolina State Highway Comm'n*, 4 N.C. App. 354, 167 S.E.2d 58 (1969).

At common law the owner of land abutting a highway, while not entitled to access at all points along the boundary between his land and the highway, has a special right of easement for access purposes, and substantial interference with this free and convenient access to the highway is a "taking" of a property right for which he may recover just compensation. *State Highway Comm'n v. Yarbrough*, 6 N.C. App. 294, 170 S.E.2d 159 (1969).

It is generally recognized that the owner of land abutting a highway has a right beyond that which is enjoyed by the general public, a special right of easement in the public road for access purposes, and this is a property right which cannot be damaged or taken from him without due compensation. *State Highway Comm'n v. North Carolina Realty Corp.*, 4 N.C. App. 215, 166 S.E.2d 469 (1969).

A right of access to a public highway is an easement appurtenant to the land. The Commission (now Board) stands in the position of a servient owner with the right

to locate an access route under the general rule that where an easement is granted or reserved in general terms, which do not fix a specific location, then the owner of the servient estate has the right in the first instance to designate the specific location of such easement, subject to the limitation that this right be exercised in a reasonable manner with due regard to the rights of the owner of the easement. *McNeill v. North Carolina State Highway Comm'n*, 4 N.C. App. 354, 167 S.E.2d 58 (1969).

The right of direct access from the plaintiff's land to the highway, whether it existed prior to the agreement or was created by it, was an easement appurtenant to the plaintiff's land and was a private property right in the plaintiff, over and above the plaintiff's right, as a member of the public, to use this ramp as a means of getting to the lanes of the highway. *McNeill v. North Carolina State Highway Comm'n*, 4 N.C. App. 354, 167 S.E.2d 58 (1969).

The landowner has an easement consisting of the right of reasonable access to the particular highway on which his land abuts. *State Highway Comm'n v. Yarborough*, 6 N.C. App. 294, 170 S.E.2d 159 (1969).

And Is Subject to Condemnation. — A right of access is an easement, a property right, and as such is subject to condemnation. *McNeill v. North Carolina State Highway Comm'n*, 4 N.C. App. 354, 167 S.E.2d 58 (1969).

A landowner has no constitutional right to have anyone pass by his premises at all. Highways are built and maintained for public necessity, convenience and safety in travel and not for the enhancement of property along the route. *State Highway Comm'n v. Yarborough*, 6 N.C. App. 294, 170 S.E.2d 159 (1969).

"Frontage Road."—A road constructed by the Highway Commission (now Board of Transportation) to provide access to private property which would otherwise be landlocked by construction of a controlled-access highway is a "frontage road" within the meaning of this section and § 136-89.49. *North Carolina State Highway Comm'n v. Asheville School, Inc.*, 276 N.C. 556, 173 S.E.2d 909 (1970).

Denial of Access Equivalent to Taking. — Since an abutting landowner has rights of access, a denial thereof is the equivalent of the taking thereof. *State Highway Comm'n v. North Carolina Realty Corp.*, 4 N.C. App. 215, 166 S.E.2d 469 (1969).

Authority to Acquire Rights-of-Way by Purchase.—The Commission (now Board) has authority by virtue of § 136-19 to ac-

quire rights-of-way by purchase. *McNeill v. North Carolina State Highway Comm'n*, 4 N.C. App. 354, 167 S.E.2d 58 (1969).

Payment for Elimination of Hazardous Access Point.—While the Commission (now Board) has the power to eliminate a hazardous access point, it cannot do so without paying the landowner for his property right. *McNeill v. North Carolina State Highway Comm'n*, 4 N.C. App. 354, 167 S.E.2d 58 (1969).

The fact that landowner's right of access arose out of an agreement and a deed does not prevent its being a property right. *McNeill v. North Carolina State Highway Comm'n*, 4 N.C. App. 354, 167 S.E.2d 58 (1969).

Construing Right-of-Way Agreement. — In construing a right-of-way agreement all of the language contained therein is to be considered and a landowner can rely upon language creating easement rights and property rights greater than those of the general public. *McNeill v. North Carolina State Highway Comm'n*, 4 N.C. App. 354, 167 S.E.2d 58 (1969).

Consideration for Right-of-Way Agreement.—The Commission cannot only pay money as consideration for a right-of-way agreement, but can grant to the landowner a right of access at a particularly designated point. *McNeill v. North Carolina State Highway Comm'n*, 4 N.C. App. 354, 167 S.E.2d 58 (1969).

In connection with the purchase of a right-of-way, the Commission (now Board) cannot only pay money, but can grant a right of access at a particularly designated point. *McNeill v. North Carolina State Highway Comm'n*, 4 N.C. App. 354, 167 S.E.2d 58 (1969).

The State Highway Commission (now Board of Transportation) has authority to expropriate a school board's property for the purpose of acquiring land for a controlled-access highway facility, even though the property sought to be condemned is devoted to a public use and even though the school board itself is vested with power of expropriation. *State Highway Comm'n v. Greensboro City Bd. of Educ.*, 265 N.C. 35, 143 S.E.2d 87 (1965).

The General Assembly by virtue of the provisions of this section has granted to the State Highway Commission (now Board of Transportation) acting in behalf of the State of North Carolina and for its sovereign purposes in constructing, developing and maintaining "a state-wide system of roads and highways commensurate with the needs of the State as a whole." express and explicit power and authority in plain and unmistakable words

to acquire by condemnation property owned by a city board of education for "controlled-access facilities." *State Highway Comm'n v. Greensboro City Bd. of Educ.*, 265 N.C. 35, 143 S.E.2d 87 (1965).

Provided Compensation Is Paid Therefor.—There is nothing in the State Constitution inhibiting the legislature from granting express and explicit power and authority to the State Highway Commission (now Board of Transportation) to condemn for "controlled-access facilities" property owned by a city board of education and devoted to public use, except that the organic law provides that just compensation shall be paid for property so appropriated. *State Highway Comm'n v. Greensboro City Bd. of Educ.*, 265 N.C. 35, 143 S.E.2d 87 (1965).

A landowner is entitled to compensation where there is a complete denial of access, even if such access did not previously exist because the road in question is a newly constructed limited access facility. *State Highway Comm'n v. Yarborough*, 6 N.C. App. 294, 170 S.E.2d 159 (1969).

But Not Where He Is Provided with Freely Accessible Service Road.—A landowner is entitled to no compensation for the restriction of access where he is provided with a freely accessible service road connecting with the highway on which his property formerly abutted. *State Highway Comm'n v. Yarborough*, 6 N.C. App. 294, 170 S.E.2d 159 (1969).

Or Where He Is Merely Inconvenienced.—When a road or street is closed or abandoned so as to leave the landowner's property on a cul-de-sac and increase the distance one must travel to reach points in one direction, such inconvenience is not compensable. *State Highway Comm'n v. Yarborough*, 6 N.C. App. 294, 170 S.E.2d 159 (1969).

An abutting landowner is not entitled to compensation because of circuity of travel to and from his property; such inconvenience is held to be no different in kind, but merely in degree, from that sustained by the general public, and is *damnum absque injuria*. This principle does not extend to a situation where the closing of a road, even though private in nature, cuts off the landowner's access to any public road. *State Highway Comm'n v. Yarborough*, 6 N.C. App. 294, 170 S.E.2d 159 (1969).

Denial of access is to be considered in determining the fair market value of land immediately after the taking, and an instruction to the effect that the denial of access should not be taken into consideration is prejudicial error. *North Carolina*

State Highway Comm'n v. Gasperson, 268 N.C. 453, 150 S.E.2d 860 (1966).

Refusing Access Retained under Right-of-Way Agreement.—Compensation must be paid where under a right-of-way agreement the owner retains the right of access at a particular point and is subsequently refused access at that point. *State Highway Comm'n v. Yarborough*, 6 N.C. App. 294, 170 S.E.2d 159 (1969).

Extent That Value of Land Is Diminished by Denial of Access.—To completely cut off one's access over a private way or neighborhood road to the nearest public road, without providing other reasonable access to a public road, may diminish the value of the land involved to the same extent as if access was denied to a public highway abutting the premises. *State Highway Comm'n v. Yarborough*, 6 N.C. App. 294, 170 S.E.2d 159 (1969).

Limiting Access to One Traffic Lane by Construction of Median Strip.—The construction of a median strip so as to limit landowner's ingress and egress to lands for southbound travel when he formerly had direct access to both the north and southbound lanes has been held to be a valid traffic regulation adopted by the Highway Commission (now Board of Transportation) in the exercise of the police power vested in it by statutes. Injury, if any, caused thereby is not compensable. *State Highway Comm'n v. Yarborough*, 6 N.C. App. 294, 170 S.E.2d 159 (1969).

Effect of Stipulation as to Right to Access.—Where the Highway Commission, (now Board of Transportation) by agreement for compensation for the taking of a part of a tract of land, stipulates the right of such owner to access to the highway, the right of access as to the owner and his grantees by mesne conveyance is governed by the stipulations. *Kenco Petroleum Marketers, Inc. v. State Highway Comm'n*, 269 N.C. 411, 152 S.E.2d 508 (1967).

Where the agreement between the owner and the Highway Commission (now Board of Transportation) for a taking of a part of land stipulated that the owner should have no right of access to the highway except at a designated survey station, the agreement, in order to have any meaning, must perforce contemplate direct access by the owner to the highway or to a ramp at or near the designated survey station, and the denial by the Highway Commission (now Board of Transportation) of such direct access constituted a taking, either of an easement appurtenant or of a right conferred by the agreement, entitling

the owner or those claiming under him to compensation. *Kenco Petroleum Marketers, Inc. v. State Highway Comm'n*, 269 N.C. 411, 152 S.E.2d 508 (1967).

Right-of-Way Agreement Made before Enactment of Section.—See *Kenco Petroleum Marketers, Inc. v. State Highway Comm'n*, 269 N.C. 411, 152 S.E.2d 508 (1967).

Condemnation of Land to Provide Access to Landlocked Private Property.—Condemnation of land by the State Highway Commission (now Board of Transportation) to provide access to private property which otherwise would have been landlocked by the Highway Commission's (now Board of Transportation) construction of a controlled access interstate highway was for a public purpose and was authorized by this section and §§ 136-19 and 136-89.49. *North Carolina State Highway Comm'n v. Asheville School, Inc.*, 276 N.C. 556, 173 S.E.2d 909 (1970).

A service road alleviating a landlocked condition caused by the construction of a freeway constituted a public use whether such road served one property owner or many. *North Carolina State Highway Comm'n v. Asheville School, Inc.*, 276 N.C. 556, 173 S.E.2d 909 (1970).

§ 136-89.53. New and existing facilities; grade crossing eliminations.—The Board of Transportation may designate and establish controlled-access highways as new and additional facilities or may designate and establish an existing street or highway as included within a controlled-access facility. When an existing street or highway shall be designated as and included within a controlled-access facility the owners of land abutting such existing street or highway shall be entitled to compensation for the taking of or injury to their easements of access. The Board of Transportation shall have authority to provide for the elimination of intersections at grade of controlled-access facilities with existing State highways and county roads, and city and town streets, by grade separation or frontage road, or by closing off such roads and streets, or other public ways at the right-of-way boundary line of such controlled-access facility; and after the establishment of any controlled-access facility, no highway or street which is not part of said facility shall intersect the same at grade. No street or any city or town and no State highway, county road, or other public way shall be opened into or connected with any such controlled-access facility without the consent and previous approval of the Board of Transportation. Such consent and approval shall be given only if the public interest shall be served thereby. (1957, c. 993, s. 6; 1973, c. 507, s. 5.)

Editor's Note.—The 1973 amendment, effective July 1, 1973, substituted "Board of Transportation" for "Commission."

For article on recent developments in North Carolina law of eminent domain, see 48 N.C.L. Rev. 767 (1970).

Abutting Owner Has Right in Street beyond That of General Public.—The owner of property abutting a highway has a right in the street beyond that which is enjoyed by the general public since egress and in-

Restriction of Access to Protect Those Using Highway.—While a substantial or unreasonable interference with an abutting landowner's access constitutes the taking of a property right, the restriction of his right of entrance to reasonable and proper points so as to protect others who may be using the highway does not constitute a taking. Such reasonable restriction is within the police power of the sovereign and any resulting inconvenience is *damnum absque injuria*. *State Highway Comm'n v. Yarborough*, 6 N.C. App. 294, 170 S.E.2d 159 (1969).

When access has been interfered with by the State the question involved is one of "degree." If the interference is not substantial and if reasonable means of ingress and egress remains or is provided, there has been a legitimate exercise of the police power. If the interference is substantial and no reasonable means of ingress and egress remains or is provided, there has been a taking of a property right under the power of eminent domain. *State Highway Comm'n v. Yarborough*, 6 N.C. App. 294, 170 S.E.2d 159 (1969).

gress to his property is a necessity peculiar to himself. *North Carolina State Highway Comm'n v. Nuckles*, 271 N.C. 1, 155 S.E.2d 772 (1967).

Access Cannot Be Taken without Compensation.—The right of a property owner to reasonable access to a public highway which abuts his land is a property right which cannot be taken without compensation. *State Highway Comm'n v. Raleigh Farmers Mkt., Inc.*, 263 N.C. 622, 139

S.E.2d 904 (1965); *North Carolina State Highway Comm'n v. Nuckles*, 271 N.C. 1, 155 S.E.2d 772 (1967).

The owner of land abutting a highway has a right beyond that which is enjoyed by the general public, a special right of easement in the highway for access purposes, an easement appurtenant which cannot be damaged or taken from him without compensation and which consists of the right of access to the particular highway upon which the land abuts. *Dr. T.C. Smith Co. v. North Carolina State Highway Comm'n*, 279 N.C. 328, 182 S.E.2d 383 (1971).

If There Is Taking or Destruction of Preexisting Property Right.—When the Commission, (now Board) in the interest of the public safety, convenience and general welfare, without the taking or destruction of a property right, regulates the right to enter upon or to proceed along a controlled-access highway, the owner of land which is thereby diminished in value, such as by the diminution in volume of traffic upon the highway in front of it, is not entitled to compensation. Conversely, if such action by the Commission (now Board) is a taking or destruction of a preexisting property right, the owner of such right is entitled to compensation for its taking or destruction. In the latter event, the remedy of such property owner is by a proceeding under this chapter. *Kenco Petroleum Marketers, Inc. v. State Highway Comm'n*, 269 N.C. 411, 152 S.E.2d 508 (1967).

But Requiring Circuity of Travel Does Not Give Right to Compensation.—If the abutting owner is afforded reasonable access, he is not entitled to compensation merely because of circuity of travel to reach a particular destination. *State Highway Comm'n v. Raleigh Farmers Mkt., Inc.*, 263 N.C. 622, 139 S.E.2d 904 (1965).

If afforded reasonable access to the highway on which his property abuts, the owner is not entitled to compensation merely because of circuity of travel to reach a particular destination. *Dr. T.C. Smith Co. v. North Carolina State Highway Comm'n*, 279 N.C. 328, 182 S.E.2d 383 (1971).

An abutting landowner is entitled to recover compensation for injury to his entire tract of land by reason of the denial of his abutter's rights of access to an existing highway when the highway was

made a part of a controlled-access facility, not just for injury to the portion of the tract directly abutting the highway. *Dr. T.C. Smith Co. v. North Carolina State Highway Comm'n*, 279 N.C. 328, 182 S.E.2d 383 (1971).

Construction of Highway with Different Lanes for Different Kinds and Directions of Traffic.—An abutting property owner is not entitled to compensation because of the construction of a highway with different lanes for different kinds and directions of traffic, if he be afforded direct access by local traffic lanes to points designated for access to through traffic. *North Carolina State Highway Comm'n v. Nuckles*, 271 N.C. 1, 155 S.E.2d 772 (1967).

Construction of Median Strip on and Dead-Ending of Abutting Streets.—Where plaintiffs retained full right of access to and from all abutting streets and highways, the construction of a median strip on one of the abutting streets and the dead-ending of another abutting street were legitimate and proper exercises of the police power of the State not entitling the plaintiffs to damages under this section. *Chrysler Realty Corp. v. North Carolina State Highway Comm'n*, 15 N.C. App. 704, 190 S.E.2d 677 (1972).

The law will not permit a condemnor or a condemnee to "pick and choose" segments of a tract of land, logically to be considered as a unit, so as to include parts favorable to his claim or exclude parts unfavorable. *Dr. T.C. Smith Co. v. North Carolina State Highway Comm'n*, 279 N.C. 328, 182 S.E.2d 383 (1971).

There is no single rule or principle established for determining the unity of lands for the purpose of awarding damages or offsetting benefits in eminent domain cases. *Dr. T.C. Smith Co. v. North Carolina State Highway Comm'n*, 279 N.C. 328, 182 S.E.2d 383 (1971).

Power to Regulate and Close Crossings.—The Highway Commission (now Board of Transportation) is authorized to regulate, abandon, and close grade crossings and intersections. *Snow v. North Carolina State Highway Comm'n*, 262 N.C. 169, 136 S.E.2d 678 (1964).

§ 136-89.54. Authority of local units to consent.—The Board of Transportation, as the highway authority of the State, and the governing body of any county, city or town are authorized, after a public hearing to be held in the county affected, to enter into agreements with each other, and the Board of Transportation is authorized to enter into agreements with the federal govern-

ment, respecting the financing, planning, establishment, improvement, maintenance, use, regulations, or vacation of controlled-access facilities or other public ways in their respective jurisdictions, to facilitate the purposes of this Article. (1957, c. 993, s. 7; 1973, c. 507, s. 5.)

Editor's Note.—The 1973 amendment, effective July 1, 1973, substituted "Board of Transportation" for "Commission."

Stated in *Wofford v. North Carolina State Highway Comm'n*, 263 N.C. 677, 140 S.E.2d 376 (1965).

§ 136-89.55. Local service roads.—In connection with the development of any controlled-access facility the Board of Transportation is authorized to plan, designate, establish, use, regulate, alter, improve, maintain, and vacate local service or frontage roads and streets or to designate as local service or frontage roads and streets any existing road or street, and to exercise jurisdiction over service or frontage roads in the same manner as is authorized over controlled-access facilities under the terms of this Article, if in its opinion such local service or frontage roads and streets are necessary or desirable; provided, however that after a local service or frontage road has been established, the same shall not be vacated or abandoned in such a manner as to reduce access to the facility without the consent of the abutting property owners or the payment of just compensation, so long as the controlled-access facility is maintained as such facility, and the Board of Transportation shall not have any authority to control or restrict the right of access of abutting property owners from their property to such local service or frontage roads or streets without the property owners' consent or the payment of just compensation, except such authority as the Board of Transportation has with respect to primary and secondary roads under the police power. Such local service or frontage roads or streets shall be of appropriate design, and shall be separated from the controlled-access facility proper by means of all devices designated as necessary or desirable. (1957, c. 993, s. 8; 1969, c. 795; 1973, c. 507, s. 5.)

Editor's Note.—The 1969 amendment rewrote the proviso to the first sentence.

1973, substituted "Board of Transportation" for "Commission."

The 1973 amendment, effective July 1,

§ 136-89.56. Commercial enterprises.—No commercial enterprises or activities shall be authorized or conducted by the Board of Transportation, or the governing body of any city or town, within or on the property acquired for or designated as a controlled-access facility, as defined in this Article. In order to permit the establishment of adequate fuel and other service facilities by private owners or their lessees for the users of a controlled-access facility, the Board of Transportation shall permit access to service or frontage roads within the publicly owned right-of-way of any controlled-access facility established or designated as provided in this Article, at points which, in the opinion of the Board of Transportation, will best serve the public interest. The location of such fuel and other service facilities may be indicated to the users of the controlled-access facilities by appropriate signs, the size, style, and specifications of which shall be determined by the Board of Transportation. (1957, c. 993, s. 9; 1973, c. 507, s. 5.)

Editor's Note.—The 1973 amendment, effective July 1, 1973, substituted "Board of Transportation" for "Commission."

§ 136-89.57: Repealed by Session Laws 1965, c. 474, s. 1.

§ 136-89.58. Unlawful use of National System of Interstate and Defense Highways and other controlled-access facilities.—On those sections of highways which are or become a part of the National System of Interstate and Defense Highways and other controlled-access facilities it shall be unlawful for any person:

- (1) To drive a vehicle over, upon or across any curb, central dividing section or other separation or dividing line on said highways.

- (2) To make a left turn or a semicircular or U-turn except through an opening provided for that purpose in the dividing curb section, separation, or line on said highways.
- (3) To drive any vehicle except in the proper lane provided for that purpose and in the proper direction and to the right of the central dividing curb, separation section, or line on said highways.
- (4) To drive any vehicle into the main travel lanes or lanes of connecting ramps or interchanges except through an opening or connection provided for that purpose by the Board of Transportation.
- (5) To stop, park, or leave standing any vehicle, whether attended or unattended, on any part or portion of the right-of-way of said highways, except in the case of an emergency or as directed by a peace officer, or as designated parking areas.
- (6) To willfully damage, remove, climb, cross or breach any fence erected within the rights-of-way of said highways.

Any person who violates any of the provisions of this section shall be guilty of a misdemeanor and upon conviction thereof shall be punished by a fine not in excess of one hundred dollars (\$100.00) or by imprisonment not in excess of 60 days or by both such fine and imprisonment, in the discretion of the court. (1959, c. 647; 1965, c. 474, s. 2; 1973, c. 507, s. 5.)

Editor's Note. — The 1965 amendment inserted "and other controlled-access facilities" near the beginning of the section.

The 1973 amendment, effective July 1, 1973, substituted "Board of Transporta-

tion" for "State Highway Commission."

Miscellaneous Provisions.

§ 136-90. Obstructing highways and roads misdemeanor.

Editor's Note.—For article dealing with the legal problems in southern desegregation, see 43 N.C.L. Rev. 689 (1965).

Obstruction a Nuisance.—

Intentionally obstructing the flow of

traffic constitutes an indictable nuisance, a misdemeanor, punishable by fine, or imprisonment not exceeding two years, or both. State v. Fox, 262 N.C. 193, 136 S.E.2d 761 (1964).

§ 136-91. Placing glass, etc., or injurious obstructions in road.—(a) No person shall throw, place, or deposit any glass or other sharp or cutting substance or any injurious obstruction in or upon any highway or public vehicular area.

(b) As used in this section:

- (1) "Highway" shall be defined as it is in Article 3 of Chapter 20; and
- (2) "Public vehicular area" shall be defined as any driveway, roadway, parking lot, or other public or private area open to the public, or a segment of the public, for vehicular traffic or parking.

(c) Any person violating the provisions of this section shall be guilty of a misdemeanor punishable by a fine not to exceed two hundred dollars (\$200.00) or im-

prisonment for not more than 30 days. (1917, c. 140, ss. 18, 21; C. S., ss. 2599, 2619; 1971, c. 200.)

Editor's Note.—The 1971 amendment, effective from and after Oct. 1, 1971, designated the first sentence as subsection (a), rewrote the second sentence and designated

it as subsection (c), and added subsection (b). In subsection (a) the amendment substituted "highway or public vehicular area" for "or the public highways of this State."

§ 136-93. Openings, structures, pipes, trees, and issuance of permits.—No opening or other interference whatsoever shall be made in any State road or highway other than streets not maintained by the Board of Transportation in cities and towns, nor shall any structure be placed thereon, nor shall any structure which has been placed thereon be changed or removed except in accordance with a written permit from the Board of Transportation or its duly authorized officers, who shall exercise complete and permanent control over such roads and highways. No State road or State highway, other than streets not maintained by the Board of Transportation in cities and towns, shall be dug up for laying or placing pipes, conduits, sewers, wires, railways, or other objects, and no tree or shrub in or on any State road or State highway shall be planted, trimmed, or removed, and no obstruction placed thereon, without a written permit as hereinbefore provided for, and then only in accordance with the regulations of said Board of Transportation or its duly authorized officers or employees; and the work shall be under the supervision and to the satisfaction of the Board of Transportation or its officers or employees, and the entire expense of replacing the highway in as good condition as before shall be paid by the persons, firms, or corporations to whom the permit is given, or by whom the work is done. The Board of Transportation, or its duly authorized officers, may, in its discretion, before granting a permit under the provisions of this section, require the applicant to file a satisfactory bond, payable to the State of North Carolina, in such an amount as may be deemed sufficient by the Board of Transportation or its duly authorized officers, conditioned upon the proper compliance with the requirements of this section by the person, firm, or corporation granted such permit. Any person making any opening in a State road or State highway, or placing any structure thereon, or changing or removing any structure thereon without obtaining a written permit as herein provided, or not in compliance with the terms of such permit, or otherwise violating the provisions of this section, shall be guilty of a misdemeanor: Provided, this section shall not apply to railroad crossings. The railroads shall keep up said crossings as now provided by law. (1921, c. 2, s. 13; 1923, c. 160, s. 2; C. S., s. 3846(u); 1933, c. 172, s. 17; 1943, c. 410; 1957, c. 65, s. 11; 1973, c. 507, s. 5.)

Editor's Note.—

The 1973 amendment, effective July 1, 1973, substituted "Board of Transportation" for "State Highway Commission" and for "Commission."

For article on remedies for trespass to land in North Carolina, see 47 N.C.L. Rev. 334 (1969).

Municipality May Not Contract to Take Over Highway Commission's (now Board of Transportation) Responsibilities.—This section and §§ 160-54 (now repealed) and 136-66.1 do not authorize a municipality, in the absence of specific legislative authority, to contract to take over the responsibilities of the Highway Commission (now Board of Transportation) with reference to the construction, maintenance and repair of city streets and supporting culverts which constitute a part of the State

highway system. *Milner Hotels, Inc. v. City of Raleigh*, 271 N.C. 224, 155 S.E.2d 543 (1967).

Statutory Obligation of Highway Commission (now Board of Transportation).

—This section and §§ 160-54 (now repealed) and 136-66.1 indicate that the Highway Commission (now Board of Transportation) is under a statutory obligation with reference to the construction, maintenance and repair of all city streets, including culverts which support city streets, which constitute a part of the State highway system. *Milner Hotels, Inc. v. City of Raleigh*, 271 N.C. 224, 155 S.E.2d 543 (1967).

Issuance of Sewer Construction Permits.—The State Highway Commission (now Board of Transportation) or its duly authorized officers may give in writing a

permit to an individual firm or corporation authorizing the holder of such permit to construct or install a sewer line within the right of way along any highway under the control of the Commission (now Board) provided the installation of such sewer

line is made under the supervision and to the satisfaction of the Commission (now Board) or its officers or employees. *Van Leuven v. Akers Motor Lines, Inc.*, 261 N.C. 539, 135 S.E.2d 640 (1964).

§ 136-96. Road or street not used within 15 years after dedication deemed abandoned; declaration of withdrawal recorded; joint tenants or tenants in common; defunct corporations.

Editor's Note.—

For a note discussing the disposition of property within the boundaries of dedicated streets when use of the street is discontinued, see 45 N.C.L. Rev. 564 (1967).

This section provides a means by which the owners may withdraw their offer of dedication and after withdrawal it protects the landowners against the right of the public to insist on the dedication. *Osborne v. Town of North Wilkesboro*, 280 N.C. 696, 187 S.E.2d 102 (1972).

Section Not Applicable, etc.—

If a street is necessary to afford convenient access to a portion of a park not conveniently reached by other public streets, or the other public streets, due to their width, the amount of traffic or some like consideration, do not provide convenient access to the park, then the street may not be withdrawn from public use. *Andrews v. Country Club Hills, Inc.*, 18 N.C. App. 6, 195 S.E.2d 584 (1973).

"Continued Use of" Construed.—The words "continued use of" in the statutory exception to the application of this section have been construed to mean the continued right to use. *Andrews v. Country Club Hills, Inc.*, 18 N.C. App. 6, 195 S.E.2d 584 (1973).

Continued Right to Use Not Contingent on Prior Use.—The continued right to use in the statutory exception to the application of this section is not contingent on some prior use but is merely a continuance of a right that existed at the time of dedication. *Andrews v. Country Club Hills, Inc.*, 18 N.C. App. 6, 195 S.E.2d 584 (1973).

But "Shall" Be Necessary to Afford Convenient Ingress or Egress.—The operation of the statutory exception to the application of this section is predicated upon a determination of whether the continued right to use the dedicated street "shall" be necessary to afford convenient ingress or egress to any lot or parcel of land conveyed by the dedicator. *Andrews v. Country Club Hills, Inc.*, 18 N.C. App. 6, 195 S.E.2d 584 (1973).

Owners Are Only Parties, etc.—

In accord with 2nd paragraph in original. See *Owens v. Taylor*, 2 N.C. App. 178, 162 S.E.2d 576 (1968).

Question Is Whether Street Is Reasonably Necessary. —Under certain circumstances a seller-dedicator or other lot owners may abandon and close a street or a portion of a street. As to a purchaser, opposing such closing, the question is whether the street is reasonably necessary for the use of his lot. *Wofford v. North Carolina State Highway Comm'n*, 263 N.C. 677, 140 S.E.2d 376 (1965).

When sales are made in reference to a map showing streets and alleys, the sale is an offer of dedication of these streets and alleys to the municipality. The municipal authorities may or may not accept the dedication at their election. If they improve the streets and open them to public use, acceptance is conclusively presumed. *Osborne v. Town of North Wilkesboro*, 280 N.C. 696, 187 S.E.2d 102 (1972).

Effect of Municipality's Failure to Develop or Use.—If the municipality for a period of 15 years or more fails to improve and open to public use a street or alley shown on the developers' map, the owner may file and record a declaration withdrawing the street and alley from dedication. By failure to develop or use, the municipality's right to insist on the dedication is lost. *Osborne v. Town of North Wilkesboro*, 280 N.C. 696, 187 S.E.2d 102 (1972).

Where land developers in 1900 registered a map of property in a municipality showing a street or alley on property now owned by plaintiffs, but the street and alley have never been opened or used in any way as a public street since the map was filed in 1900, plaintiffs had a right, as against the municipality, to withdraw the street and alley from dedication in 1969 under the provisions of this section so as to defeat the right of the municipality to thereafter open the street and alley to public use. *Osborne v. Town of North Wilkesboro*, 280 N.C. 696, 187 S.E.2d 102 (1972).

§ 136-97. Responsibility of counties for upkeep, etc., terminated.—

The board of county commissioners or other road-governing bodies of the various counties in the State are hereby relieved of all responsibility or liability for the upkeep or maintenance of any of the roads or bridges thereon constituting the State highway system, after the same shall have been taken over, and the control thereof assumed by the Board of Transportation. (1921, c. 2, s. 50; C. S., s. 3846(dd); 1933, c. 172, s. 17; 1957, c. 65, s. 11; 1973, c. 507, ss. 5, 20.)

Editor's Note.—

The 1973 amendment, effective July 1, 1973, substituted "Board of Transportation" for "State Highway Commission" at the end of section and deleted the former

second sentence of the section, relating to liability of the State Highway Commission and its members for damage sustained on the State highway system.

§ 136-98. Prohibition of local road taxes and bonds and construction of roads by local authorities; existing contracts.—From and after the first day of July, 1931, no county or road district by authority of any public, public-local, or private act shall levy any taxes for the maintenance, improvement, reconstruction, or construction of any of the public roads in the various and several counties of the State, nor shall any county, through the board of commissioners thereof or the highway commission, nor shall any district or township highway commission, issue or sell or enter into any contract to issue or sell any bonds heretofore authorized to be issued and sold, but unissued and unsold, for the purpose of obtaining money with which to improve, maintain, reconstruct, or construct roads, except for the purpose of discharging obligations entered into prior to the ratification of this section, and all acts authorizing the board of county commissioners, the county highway commissions, district highway or township commissions, to issue and sell bonds for the purpose aforesaid, are hereby amended so as to conform to this section. No board of county commissioners nor county highway commission, nor district nor township highway commission from and after the passage of this section shall enter into any contract to build or construct roads in the various and several counties except for such projects as can be completed and paid for prior to July 1, 1931. All contracts heretofore entered into by any county through the board of county commissioners, county highway commission, and all contracts heretofore entered into by any district or township highway commission which shall be incomplete on July 1, 1931, shall be taken over by the Board of Transportation and completed by the Board of Transportation by the use of money and funds applicable thereto, by the terms of the said contracts. Nothing in this section or in any section of Chapter 145 of the Public Laws of 1931 that may appear in this Code shall be construed to prohibit the levying of taxes authorized by law for the payment of interest or principal on outstanding bonds or other evidences of debt lawfully issued. Any county or road district which has heretofore issued bonds or other evidences of debt by authority of law for road improvement purposes may refund said bonds or other evidences of debt under and pursuant to the laws of the State of North Carolina relative thereto. (1931, c. 145, s. 35; 1957, c. 65, s. 11; 1973, c. 507, s. 5.)

Editor's Note.—

The 1973 amendment, effective July 1, 1973, substituted "Board of Transportation"

tion" for "State Highway Commission" and for "Commission."

§§ 136-99 to 136-101: Repealed by Session Laws 1971, c. 1106.

§ 136-102.2. Authorization required for test drilling or boring upon right-of-way; filing record of results with chairman of Board of Transportation.—No person, firm or corporation shall make any test drilling or boring upon the right-of-way of any road or highway, under the jurisdiction of the Board of Transportation, until written authorization has been obtained from the owner or the person in charge of the land on which the highway easement is located. A complete record showing the results of the test drilling or boring shall be

filed forthwith with the chairman of the Board of Transportation and shall be a public record. This section shall not apply to the Board of Transportation making test drilling or boring for highway purposes only. (1967, c. 923, s. 1; 1973, c. 507, s. 5.)

Editor's Note. — The 1973 amendment, of Transportation" for "State Highway effective July 1, 1973, substituted "Board Commission."

§ 136-102.3. Filing record of results of test drilling or boring with directors of Departments of Administration and Conservation and Development.—Any person, firm or corporation making any test drilling or boring upon any public land, owned or controlled by the State of North Carolina shall, forthwith after completion, file a complete record of the results of the test drilling or boring with the Director of the Department of Administration and with the Director of the Department of Conservation and Development, of each test hole bored or drilled. Such records filed shall become a matter of public record. Provided, that after exploratory drilling and boring has been completed, and a lease or contract has been executed for operation, production or development of the area the results of test drillings or borings made incidental to the operation, production or development of the area under lease or contract shall not be subject to the provisions of §§ 136-102.2 to 136-102.4 unless otherwise provided in such lease or contract. (1967, c. 923, s. 2.)

§ 136-102.4. Penalty for violation of §§ 136-102.2 and 136-102.3.—Violation of §§ 136-102.2 and 136-102.3 shall be a misdemeanor, punishable in the discretion of the court. (1967, c. 923, s. 3.)

§ 136-102.5. Signs on fishing bridges.—When requested to do so by any county or municipality that has enacted an ordinance under G.S. 153-9(66) and G.S. 160-200(47) regulating or prohibiting fishing on any bridge of the North Carolina State highway system, the Board of Transportation shall erect signs on such bridges indicating the prohibition or regulation of the ordinance enacted under G.S. 153-9 (66) and G.S. 160-200(47). (1971, c. 690, s. 5; 1973, c. 507, s. 5.)

Editor's Note.—The 1973 amendment, effective July 1, 1973, substituted "Board of Transportation" for "North Carolina State Highway Commission."

Section 160-200, referred to in this sec-

tion, was repealed by Session Laws 1971, c. 698, s. 2. For present statutory provisions regulating fishing from bridges, see § 160A-302.1.

Condemnation.

§ 136-103. Institution of action and deposit.—In case condemnation shall become necessary the Board of Transportation shall institute a civil action by filing in the superior court of any county in which the land is located a complaint and a declaration of taking declaring that such land, easement, or interest therein is thereby taken for the use of the Board of Transportation. Said declaration shall contain or have attached thereto the following:

- (1) A statement of the authority under which and the public use for which said land is taken.
- (2) A description of the entire tract or tracts affected by said taking sufficient for the identification thereof.

- (3) A statement of the estate or interest in said land taken for public use and a description of the area taken sufficient for the identification thereof.
- (4) The names and addresses of those persons who the Board of Transportation is informed and believes may have or claim to have an interest in said lands, so far as the same can by reasonable diligence be ascertained and if any such persons are infants, non compos mentis, under any other disability, or their whereabouts or names unknown, it must be so stated.
- (5) A statement of the sum of money estimated by said Board of Transportation to be just compensation for said taking.

Said complaint shall contain or have attached thereto the following:

- (1) A statement of the authority under which and the public use for which said land is taken.
- (2) A description of the entire tract or tracts affected by said taking sufficient for the identification thereof.
- (3) A statement of the estate or interest in said land taken for public use and a description of the area taken sufficient for the identification thereof.
- (4) The names and addresses of those persons who the Board of Transportation is informed and believes may have or claim to have an interest in said lands, so far as the same can by reasonable diligence be ascertained and if any such persons are infants, non compos mentis, under any other disability, or their whereabouts or names unknown, it must be so stated.
- (5) A statement as to such liens or other encumbrances as the Board of Transportation is informed and believes are encumbrances upon said real estate and can by reasonable diligence be ascertained.
- (6) A prayer that there be a determination of just compensation in accordance with the provisions of this Article.

The filing of said complaint and said declaration of taking shall be accompanied by the deposit of the sum of money estimated by said Board of Transportation to be just compensation for said taking and upon the filing of said complaint and said declaration of taking and deposit of said sum, summons shall be issued and together with a copy of said complaint and said declaration of taking and notice of the deposit be served upon the person named therein in the manner now provided for the service of process in civil actions. The Board of Transportation may amend the complaint and declaration of taking and may increase the amount of its deposit with the court at any time while the proceeding is pending, and the owner shall have the same rights of withdrawal of this additional amount as set forth in G.S. 136-105 of this Chapter. (1959, c. 1025, s. 2; 1961, c. 1084, s. 1; 1963, c. 1156, s. 1; 1973, c. 507, s. 5.)

Editor's Note.—

The 1973 amendment, effective July 1, 1973, substituted "Board of Transportation" for "State Highway Commission," "Highway Commission" and "Commission."

For an article urging revision and recodification of North Carolina's eminent domain laws, see 45 N.C.L. Rev. 587 (1967). For article on recent developments in North Carolina law of eminent domain, see 48 N.C.L. Rev. 767 (1970).

For note on expansion of definition of "taking" in eminent domain proceedings, see 47 N.C.L. Rev. 441 (1969).

The Highway Commission (now Board of Transportation) as a State agency or

instrumentality possesses the sovereign power of eminent domain, and by reason thereof can take private property for public use for highway purposes upon payment of just compensation. *State Highway Comm'n v. Batts*, 265 N.C. 346, 144 S.E.2d 126 (1965).

Section Inapplicable, etc.—

By express provision of the enacting statute, this section applies only to proceedings begun subsequent to July 1, 1960. *Wescott v. State Highway Comm'n*, 262 N.C. 522, 138 S.E.2d 133 (1964).

Prior to July 1, 1960, Procedure Prescribed by § 40-11 Et Seq. Applied.—The procedure prescribed by § 40-11 et seq. was applicable to condemnation proceed-

ings instituted by the State Highway Commission (now Board of Transportation) prior to July 1, 1960. *City of Kings Mt. v. Goforth*, 283 N.C. 316, 196 S.E.2d 231 (1973).

Strict Construction.—The exercise of the power of eminent domain is in derogation of common right, and all laws conferring such power must be strictly construed. *Greensboro-High Point Airport Authority v. Irvin*, 2 N.C. App. 341, 163 S.E.2d 118 (1968).

In construing statutes which are claimed to authorize the exercise of the power of eminent domain, a strict rather than a liberal construction is the rule. *State v. Core Banks Club Properties*, 275 N.C. 328, 167 S.E.2d 385 (1969).

Power of Eminent Domain Is Prerogative of Sovereign State.—The right to take private property for public use, the power of eminent domain, is one of the prerogatives of a sovereign state. The right is inherent in sovereignty; it is not conferred by constitutions. Its exercise, however, is limited by the constitutional requirements of due process and payment of just compensation for property condemned. *State v. Core Banks Club Properties*, 275 N.C. 328, 167 S.E.2d 385 (1969).

Only the legislative branch can authorize the exercise of the power of eminent domain and prescribe the manner of its use. *State v. Core Banks Club Properties*, 275 N.C. 328, 167 S.E.2d 385 (1969).

The right of eminent domain must be conferred by statute, either in express words or by necessary implication. *State v. Core Banks Club Properties*, 275 N.C. 328, 167 S.E.2d 385 (1969).

The right of eminent domain lies dormant in the State until the legislature, by statute, confers the power and points out the occasion, mode, conditions and agencies for its exercise. *State v. Core Banks Club Properties*, 275 N.C. 328, 167 S.E.2d 385 (1969).

Hence, the executive branch of the government cannot, without the authority of some statute, proceed to condemn property for its own uses. Once authority is given to exercise the power of eminent domain, the matter ceases to be wholly legislative. The executive authorities may then decide whether the power will be invoked and to what extent, and the judiciary must decide whether the statute authorizing the taking violates any constitutional rights. *State v. Core Banks Club Properties*, 275 N.C. 328, 167 S.E.2d 385 (1969).

Power of Eminent Domain Expressly Granted.—The General Assembly has expressly granted to the State Highway

Commission (now Board of Transportation), under prescribed conditions, the power of eminent domain and has set forth the procedure to be followed in the exercise of such power. This procedure must be followed and the conditions prescribed therein must be met before the State Highway Commission (now Board of Transportation) has the right to exercise the power of eminent domain. *State Highway Comm'n v. Matthis*, 2 N.C. App. 233, 163 S.E.2d 35 (1968).

Section Sets Out Procedure and Necessary Allegations.—The General Assembly, by the express provisions of this section, has set out the procedure required and the necessary allegations of a complaint. *State Highway Comm'n v. Matthis*, 2 N.C. App. 233, 163 S.E.2d 35 (1968).

The procedures for acquisition to the time of condemnation are governed by Article 6 of Chapter 146, while the condemnation, if required, is regulated by this Article. *State v. Johnson*, 278 N.C. 126, 179 S.E.2d 371 (1971).

"Taking".—"Taking" under the power of eminent domain may be defined generally as entering upon private property for more than a momentary period and, under the warrant or color of legal authority, devoting it to a public use, or otherwise informally appropriating or injuriously affecting it in such a way as substantially to oust the owner and deprive him of all beneficial enjoyment thereof. *Ledford v. North Carolina State Highway Comm'n*, 279 N.C. 188, 181 S.E.2d 466 (1971).

Taking Occurred When Further Use Prevented.—A taking occurred when the State Highway Commission (now Board of Transportation) erected the fence, severing the right-of-way and preventing its further use, and not at the time plaintiffs were first inconvenienced by it. *Ledford v. North Carolina State Highway Comm'n*, 279 N.C. 188, 181 S.E.2d 466 (1971).

Inability to Agree on Price of Lands Need Not Be Alleged.—It is not necessary in order for the court to obtain jurisdiction in a condemnation proceeding instituted by the Highway Commission (now Board of Transportation) pursuant to this chapter that the Commission (now Board) allege in its complaint that the Commission (now Board) and the owners are unable to agree as to the price of the lands sought to be condemned. *State Highway Comm'n v. Matthis*, 2 N.C. App. 233, 163 S.E.2d 35 (1968).

Nor Good Faith Attempts to Acquire Property by Negotiation.—Since the effec-

tive date of this section an allegation of prior good faith attempts to acquire the property by negotiation is not required in a condemnation complaint filed by the State Highway Commission (now Board of Transportation) in order to show jurisdiction, but that absent such an allegation a complaint otherwise containing the express allegations required by this section would allege a defective statement of a good cause of action. *City of Charlotte v. Robinson*, 2 N.C. App. 429, 163 S.E.2d 289 (1968).

Owner Entitled to Compensation When Deprived of Easement. — An owner whose access to a public road is a right-of-way over adjoining property is entitled to just compensation when the State deprives him of this easement. *Ledford v. North Carolina State Highway Comm'n*, 279 N.C. 188, 181 S.E.2d 466 (1971).

The fixing of compensation is wholly a judicial question. *State v. Core Banks Club Properties*, 275 N.C. 328, 167 S.E.2d 385 (1969).

The General Assembly made inapplicable the provisions of former § 1-122 insofar as it related to complaints filed in eminent domain cases by the State Highway Commission (now Board of Transportation) arising after 1 July 1960. This is the distinguishing difference between

cases brought under the provisions of chapter 40 and by the State Highway Commission (now Board of Transportation) under this article. *State Highway Comm'n v. Matthis*, 2 N.C. App. 233, 163 S.E.2d 35 (1968).

Applied in North Carolina State Highway Comm'n v. Gasperson, 268 N.C. 453, 150 S.E.2d 860 (1966); *State Highway Comm'n v. Hemphill*, 269 N.C. 535, 153 S.E.2d 22 (1967); *North Carolina State Highway Comm'n v. Nuckles*, 271 N.C. 1, 155 S.E.2d 772 (1967); *North Carolina State Highway Comm'n v. § 136-103.1. Outside counsel.—The Attorney General is authorized to employ outside counsel as he deems necessary for the purpose of obtaining title abstracts and title certificates for highway rights-of-way and for assistance in the trial of condemnation cases involving the acquisition of rights-of-way and other interests in land for the purpose of highway construction. Compensation, as approved by the Attorney General, shall be paid out of the appropriations from the Highway Fund. (1973, c. 507, s. 4.)

Editor's Note. — Session Laws 1973, c. 507, s. 24, makes the act effective July 1, 1973.

§ 136-104. Vesting of title and right of possession; recording memorandum or supplemental memorandum of action.—Upon the filing of the complaint and the declaration of taking and deposit in court, to the use of the person entitled thereto, of the amount of the estimated compensation stated in the declaration, title to said land or such other interest therein specified in the complaint and the declaration of taking, together with the right to immediate possession hereof shall vest in the Board of Transportation and the judge shall enter such orders in the cause as may be required to place the Board of Transportation in possession, and said land shall be deemed to be condemned and taken for the use of the Board of Transportation and the right to just compensation therefor shall vest in the person owning said property or any compensable interest therein at the time of the filing of the complaint and the declaration of taking and deposit of the money in court, and compensation shall be determined and awarded in said action and established by judgment therein.

On and after July 1, 1961, the Board of Transportation, at the time of the filing of the complaint and declaration of taking and deposit of estimated compensation,

shall record a memorandum of action with the register of deeds in all counties in which the land involved therein is located and said memorandum shall be recorded among the land records of said county. Upon the amending of any complaint and declaration of taking affecting the property taken, the Board of Transportation shall record a supplemental memorandum of action. The memorandum of action shall contain

- (1) The names of those persons who the Board of Transportation is informed and believes may have or claim to have an interest in said lands and who are parties to said action;
- (2) A description of the entire tract or tracts affected by said taking sufficient for the identification thereof;
- (3) A statement of the estate or interest in said land taken for public use;
- (4) The date of institution of said action, the county in which said action is pending, and such other reference thereto as may be necessary for the identification of said action.

As to those actions instituted by the Board of Transportation under the provisions of this Article prior to July 1, 1961, the Board of Transportation shall, on or before October 1, 1961, record a memorandum of action with the register of deeds in all counties in which said land is located as hereinabove set forth; however, the failure of the Board of Transportation to record said memorandum shall not invalidate those actions instituted prior to July 1, 1961. (1959, c. 1025, s. 2; 1961, c. 1084, s. 2; 1963, c. 1156, s. 2; 1973, c. 507, s. 5.)

Cross Reference.—As to right of condemnor to take voluntary nonsuit, see § 1-209.2 and note thereto.

Editor's Note.—

The 1973 amendment, effective July 1, 1973, substituted "Board of Transportation" for "State Highway Commission" and for "Highway Commission."

The purpose of the first paragraph is to vest title in the State upon the filing of the complaint, the declaration of taking, and the deposit in cash of the estimated compensation. *State v. Johnson*, 278 N.C. 126, 179 S.E.2d 371 (1971).

And of the Second Paragraph. — The manifest purpose of the second paragraph of this section is to assure public record of the change in ownership. *State v. Johnson*, 278 N.C. 126, 179 S.E.2d 371 (1971).

The obvious intent of the second sentence of the second paragraph is to assure that any change in the complaint or declaration of taking that affects the property will be entered into the land records of the county. *State v. Johnson*, 278 N.C. 126, 179 S.E.2d 371 (1971).

Supplemental Memoranda Not Required for All Amendments.—The second sentence of the second paragraph does not mean that a supplemental memorandum of action must be filed as to all amendments, significant or insignificant, to the original complaint. *State v. Johnson*, 278 N.C. 126, 179 S.E.2d 371 (1971).

Where the purpose of this section is to require notice of ownership, an amendment to the complaint which only adds additional parties defendant who may or may not

share in the proceeds requires no supplemental notice to the public, and the same is true with respect to an amendment that only substitutes a more specific metes and bounds description for a description less exact, both descriptions covering the same property. *State v. Johnson*, 278 N.C. 126, 179 S.E.2d 371 (1971).

But Only Where Amendment And Declaration of Taking Affect Property Taken.—A supplemental memorandum is required only where the amendment to the complaint and declaration of taking affect the property taken. *State v. Johnson*, 278 N.C. 126, 179 S.E.2d 371 (1971).

Formerly, the property owner's title was divested by decree in a special proceeding under § 40-11, and then only when fair compensation had been ascertained and paid as directed by decree confirming the award. *North Carolina State Highway Comm'n v. York Industrial Center, Inc.*, 263 N.C. 230, 139 S.E.2d 253 (1964).

Prior to the enactment of this section, title was not divested until compensation was paid; and the person who owned the property when the award was confirmed was the person to be compensated. *North Carolina State Highway Comm'n v. Hettiger*, 271 N.C. 152, 155 S.E.2d 469 (1967).

Since July 1, 1960, title is divested by a civil action. *North Carolina State Highway Comm'n v. York Industrial Center, Inc.*, 263 N.C. 230, 139 S.E.2d 253 (1964).

Upon the filing of the complaint and the declaration of a taking, together with the making of a deposit in court, title and right to immediate possession of property con-

demned by the Highway Commission (now Board of Transportation) vests in the Commission (now Board). *North Carolina State Highway Comm'n v. Myers*, 270 N.C. 258, 154 S.E.2d 87 (1967).

Filing Memorandum Has Same Effect as Conveyance.—The Highway Commission (now Board of Transportation), when it files its complaint must file a memorandum of its action with the register of deeds where the land lies, and this has the same effect as a conveyance of the property. *North Carolina State Highway Comm'n v. York Industrial Center, Inc.*, 263 N.C. 230, 139 S.E.2d 253 (1964); *City of King's Mt. v. Goforth*, 283 N.C. 316, 196 S.E.2d 231 (1973).

Person Owning Land Immediately Prior to Filing Complaint Has Right to Compensation.—The right to compensation rests in the person who owned the land immediately prior to the filing of the complaint and declaration of taking. *North Carolina State Highway Comm'n v. York Industrial Center Inc.*, 263 N.C. 230, 139 S.E.2d 253 (1964); *North Carolina State Highway Comm'n v. Hettiger*, 271 N.C. 152, 155 S.E.2d 469 (1967); *City of King's Mt. v. Goforth*, 283 N.C. 316, 196 S.E.2d 231 (1973).

The right to compensation for a taking of property by the power of eminent domain is in those who owned compensable interests in the property immediately prior to the filing of the complaint and declaration of taking. *City of Charlotte v. Charlotte Park & Recreation Comm'n*, 278 N.C. 26, 178 S.E.2d 601 (1971).

But such person has nothing he can sell pending ascertainment of fair compensation. *North Carolina State Highway Comm'n v. York Industrial Center, Inc.*, 263 N.C. 230, 139 S.E.2d 253 (1964); *City of King's Mt. v. Goforth*, 283 N.C. 316, 196 S.E.2d 231 (1973).

"Compensable Interest" Is Interest in Property Condemned.—The "compensable interest" referred to in this section is an interest in the property condemned, not in property conveyed away just prior to condemnation. *North Carolina State Highway Comm'n v. Hettiger*, 271 N.C. 152, 155 S.E.2d 469 (1967).

Statutory Provisions Not Affected by Agreement Made in Anticipation of Condemnation.—Defendants could not, by agreement made in anticipation of the condemnation of a portion of their property, change the statutory provisions relating

to the time of, and basis for, the compensation to be paid when the Commission (now Board) condemns the property for highway purposes. *North Carolina State Highway Comm'n v. Hettiger*, 271 N.C. 152, 155 S.E.2d 469 (1967).

Former Owner Not Entitled to Compensation for Reduced Sale Price of Land Condemned.—Where landowners were forced by business reverses to sell a part of their tract of land to third persons just prior to the time the Highway Commission (now Board of Transportation) acquired title to a part of the remainder and they alleged that the price obtained for the tract sold was greatly reduced because of public knowledge of the location of the planned highway, they were not entitled to compensation for the reduced sale price of the land conveyed. *North Carolina State Highway Comm'n v. Hettiger*, 271 N.C. 151, 155 S.E.2d 469 (1967).

Transfer in Condemnation Proceeding Does Not Destroy Estate by Entirety.—Where title to land held by the entirety is transferred to the State Highway Commission (now Board of Transportation) upon the payment into court of a sum estimated by the Commission (now Board) to be just compensation, such involuntary transfer of title does not destroy the estate by the entirety, and the compensation paid by the Commission (now Board) has the status of real property owned by the husband and wife as tenants by the entirety. *North Carolina State Highway Comm'n v. Myers*, 270 N.C. 258, 154 S.E.2d 87 (1967).

Declaration of Taking by Fee Simple Absolute Destroys Possibility of Reverter.—Where the condemning authority, in its declaration of taking, asserted that it thereby acquired a fee simple absolute in the land described as taken, it therefore took by condemnation both the fee simple determinable estate and the possibility of reverter. These were taken simultaneously, and there was no interval following the taking of the fee simple determinable estate, for use for a purpose other than that stated in the deed, in which the reverter could have occurred. Thus, the condemnation destroyed the possibility of reverter. *City of Charlotte v. Charlotte Park & Recreation Comm'n*, 278 N.C. 26, 178 S.E.2d 601 (1971).

§ 136-105. Disbursement of deposit; serving copy of disbursing order on Board of Transportation.—The person named in the complaint and

declaration of taking may apply to the court for disbursement of the money deposited in the court, or any part thereof, as full compensation, or as a credit against just compensation without prejudice to further proceedings in the cause to determine just compensation. Upon such application, the judge shall, unless there is a dispute as to title, order that the money deposited be paid forthwith to the person entitled thereto in accordance with the application. The judge shall have power to make such orders with respect to encumbrances, liens, rents, taxes, assessments, insurance, and other charges, if any, as shall be just and equitable.

No notice to the Board of Transportation of the hearing upon the application for disbursement of deposit shall be necessary, but a copy of the order disbursing the deposit shall be served upon the chairman of the Board of Transportation, or such other process agents as may be designated by the Board of Transportation. (1959, c. 1025, s. 2; 1961, c. 1084, s. 3; 1965, c. 55, s. 14; 1969, c. 649; 1973, c. 507, s. 5.)

Cross Reference.—See note to § 136-106.

Editor's Note.—

The 1965 amendment, effective July 1, 1965, substituted "chairman of the State Highway Commission (now Board of Transportation) or such other process agents as may be designated by the Highway Commission (now Board of Transportation)" for "Director of the Highway Commission" at the end of the section.

The 1969 amendment deleted "Any time prior to the expiration of two years from service of summons" at the beginning of the section.

The 1973 amendment, effective July 1, 1973, substituted "Board of Transportation" for "State Highway Commission" and for "Highway Commission."

There Can Be No Disbursement Unless Specifically Authorized by Order of Court.

—There can be no disbursement of any portion of money deposited as a credit against just compensation for any purpose

unless specifically authorized by order of the court entered after hearing pursuant to notice to all interested parties. *North Carolina State Highway Comm'n v. Myers*, 270 N.C. 258, 154 S.E.2d 87 (1967).

A wife separated from her husband and seeking alimony pendente lite has no present right to disbursement of money deposited by the State Highway Commission (now Board of Transportation) as a credit against just compensation for land owned by the wife and her husband as tenants by entirety. *North Carolina State Highway Comm'n v. Myers*, 270 N.C. 258, 154 S.E.2d 87 (1967).

Applied in *Davis v. North Carolina State Highway Comm'n*, 271 N.C. 405, 156 S.E.2d 685 (1967).

§ 136-106. Answer, reply and plat.—(a) Any person whose property has been taken by the Board of Transportation by the filing of a complaint and a declaration of taking, may within the time hereinafter set forth file an answer to the complaint only praying for a determination of just compensation. No answer shall be filed to the declaration of taking and notice of deposit. Said answer shall, in addition, contain the following:

- (1) Such admissions or denials of the allegations of the complaint as are appropriate.
- (2) The names and addresses of the persons filing said answer, together with a statement as to their interest in the property taken.
- (3) Such affirmative defenses or matters as are pertinent to the action.

(b) A copy of the answer shall be served on the chairman of the Board of Transportation, or such other process agents as may be designated by the Board of Transportation, in Raleigh, provided that failure to serve the answer shall not deprive the answer of its validity. The affirmative allegations of said answer shall be deemed denied. The Board of Transportation may, however, file a reply within 30 days from receipt of a copy of the answer.

(c) The Board of Transportation, within 90 days from the receipt of the answer shall file in the cause a plat of the land taken and such additional area as may be necessary to properly determine the damages, and a copy thereof shall be mailed to the parties or their attorney; provided, however, the Board of Transportation

shall not be required to file a map or plat in less than six months from the date of the filing of the complaint. (1959, c. 1025, s. 2; 1961, c. 1084, s. 4; 1963, c. 1156, ss. 3, 4; 1965, c. 55, s. 15; 1973, c. 507, s. 5.)

Editor's Note.—

The 1965 amendment, effective July 1, 1965, substituted "chairman of the State Highway Commission (now Board of Transportation, or such other process agents as may be designated by the Highway Commission (now Board of Transportation)" for "Director of Highways, State Highway Commission" near the beginning of subsection (b).

The 1973 amendment, effective July 1, 1973, substituted "Board of Transportation" for "State Highway Commission" and for "Highway Commission."

An answer is "filed" when it is delivered for that purpose to the proper officer and received by him. *State Highway Comm'n v. Hemphill*, 269 N.C. 535, 153 S.E.2d 22 (1967).

The word "only" in the first sentence of this section modifies "complaint," not "praying for a determination of just compensation." That is, the defendants were authorized by the statutory procedure, established by the State, to file an answer denying that the proposed condemnation is for a public use, and were authorized to do so at any time within twelve months after the summons and complaint were served upon them. If this procedure puts the Commission (now Board) at a disadvantage in constructing highways to meet the public need the remedy is in the legis-

lature, not the courts. *State Highway Comm'n v. Thornton*, 271 N.C. 227, 156 S.E.2d 248 (1967), commented on in 46 N.C.L. Rev. 663 (1968).

Presumption That Copy of Answer Mailed to Plaintiff or His Attorney. —

Upon admission that answer has been filed it will be presumed that a copy thereof for the use of plaintiff had likewise been filed and mailed to him or his attorney of record, as required by former § 1-25 (see now Rule 12 of the Rules of Civil Procedure (§ 1A-1). *State Highway Comm'n v. Hemphill*, 269 N.C. 535, 153 S.E.2d 22 (1967).

Petition for Disbursement under § 136-105 Cannot Be Construed as Answer.—

A petition under § 136-105 to withdraw the amount deposited by the Highway Commission (now Board of Transportation) as compensation cannot be construed as an answer within the meaning of §§ 136-106 and 136-107. *State Highway Comm'n v. Hemphill*, 269 N.C. 535, 153 S.E.2d 22 (1967).

Applied in *Kaperonis v. North Carolina State Highway Comm'n* 260 N.C. 587, 133 S.E.2d 464 (1963); *North Carolina State Highway Comm'n v. Myers*, 270 N.C. 258, 154 S.E.2d 87 (1967); *North Carolina State Highway Comm'n v. Hettiger*, 271 N.C. 152, 155 S.E.2d 469 (1967).

§ 136-107. Time for filing answer.—Any person named in and served with a complaint and declaration of taking shall have 12 months from the date of service thereof to file answer. Failure to answer within said time shall constitute an admission that the amount deposited is just compensation and shall be a waiver of any further proceeding to determine just compensation; in such event the judge shall enter final judgment in the amount deposited and order disbursement of the money deposited to the owner. For good cause shown and upon notice to the Board of Transportation the judge may within the initial 12 months' period extend the time for filing answer for a period not to exceed an additional six months. (1959, c. 1025, s. 2; 1973, c. 507, s. 5.)

Editor's Note.—The 1973 amendment, effective July 1, 1973 substituted "Board of Transportation" for "Highway Commission."

This section expresses a definite, sensible and mandatory meaning concerning procedure in condemnation proceedings under this chapter. *State Highway Comm'n v. Hemphill*, 269 N.C. 535, 153 S.E.2d 22 (1967).

Court Has No Discretionary Power to Allow Extension of Time for Filing

Answer.—This section, limiting the time for the filing of answer in condemnation proceedings instituted by the Highway Commission, (now Board of Transportation) must be construed as an exception to the general power of the court to extend the time for the filing of pleadings, so that the court has no discretionary power to allow the filing of an answer after the time limited in the condemnation statute.

§ 136-108. Determination of issues other than damages.—After the filing of the plat, the judge, upon motion and 10 days' notice by either the Board of Transportation or the owner, shall, either in or out of term, hear and determine any and all issues raised by the pleadings other than the issue of damages, including, but not limited to, if controverted, questions of necessary and proper parties, title to the land, interest taken, and area taken. (1959, c. 1025, s. 2; 1963, c. 1156, s. 5; 1973, c. 507, s. 5.)

Editor's Note.—

The 1973 amendment, effective July 1, 1973, substituted "Board of Transportation" for "Highway Commission."

One of the purposes of this section was to eliminate from the jury trial any question as to what land the State Highway Commission (now Board of Transportation) is condemning and any question as to its title. **North Carolina State Highway Comm'n v. Nuckles**, 271 N.C. 1, 155 S.E.2d 772 (1967).

Section Does Not Infringe Right to Trial by Jury.—This section is constitutional and does not deprive the plaintiffs of their right to trial by jury as the same is guaranteed by the North Carolina and United States Constitutions. **Kaperonis v. North Carolina State Highway Comm'n**, 260 N.C. 587, 133 S.E.2d 464 (1963).

When the taking by the sovereign is conceded, questions preliminary to the determination of the amount to be paid are questions of fact to be determined by the court—not issues of fact which must be determined by a jury. This is the basis 260 N.C. 587, 133 S.E.2d 464 (1963), holding for the conclusion reached in **Kaperonis v. North Carolina State Highway Comm'n**, finding this section constitutional. **Wescott v. State Highway Comm'n**, 262 N.C. 522, 138 S.E.2d 133 (1964).

Parties are fixed with notice of all motions or orders made during the session of court in causes pending therein, and the statutory provisions for notice of motions are not applicable in such instances. **State Highway Comm'n v. Stokes**, 3 N.C. App. 541, 165 S.E.2d 550 (1969).

Judge's Function.—It is immaterial whether a proceeding before a judge be considered (1) a pretrial hearing for condemnation under this section or (2) a motion to dismiss, converted under § 1A-1, Rule 12(b) into a motion for summary judgment by the introduction of matters outside the pleading. In either event, it is the judge's function to decide all questions of fact and adjudicate Commission's (now Board's) controverted right to condemn a

tract for the purpose specified. **North Carolina State Highway Comm'n v. Farm Equip. Co.**, 281 N.C. 459, 189 S.E.2d 272 (1972).

Effect of Court's Findings as to Damages.—In a hearing held under this section, the trial court's findings as to damages would not be competent at the trial on the issue of damages. **Cogdill v. North Carolina State Highway Comm'n**, 279 N.C. 313, 182 S.E.2d 373 (1971).

The trial judge in a proceeding against the Highway Commission (now Board of Transportation) held under this section could consider evidence of damages for the limited purpose of finding that the plaintiffs had made a prima facie showing of substantial and measurable damages, although his finding as to damages would not be competent at the jury trial on the issue of damages. **Cogdill v. North Carolina State Highway Comm'n**, 279 N.C. 313, 182 S.E.2d 373 (1971).

Evidence as to damages in hearing under this section is competent and necessary for limited purpose of making a prima facie showing that the plaintiffs had suffered substantial and measurable damages. **Cogdill v. North Carolina State Highway Comm'n**, 279 N.C. 313, 182 S.E.2d 373 (1971).

Assessment of Damages to Tracts Other Than Those Taken.—Obviously, it would be an exercise in futility, completely thwarting the purpose of this section to have the jury assess damages to four certain tracts if plaintiff were condemning only two other tracts, and the verdict would be set aside on appeal for errors committed by the judge in determining the issues other than damages. **North Carolina State Highway Comm'n v. Nuckles**, 271 N.C. 1, 155 S.E.2d 772 (1967).

Immediate Appeal.—Should there be a fundamental error in the judgment rendered under this section resolving the vital preliminary issues of what land is being condemned and the title thereto, ordinary prudence requires an immediate appeal. **North Carolina State Highway Comm'n v. Nuckles**, 271 N.C. 1, 155 S.E.2d 772 (1967).

§ 136-109. Appointment of commissioners.—(a) Upon request of the owner in the answer, or upon motion filed by either the Board of Transportation or the owner within 60 days after the filing of answer, the clerk shall appoint, after the determination of other issues as provided by G.S. 136-108 of this Chapter, three competent, disinterested freeholders residing in the county to go upon the property and under oath appraise the damage to the land sustained by reason of the taking and report same to the court within a time certain. If no request or motion is made for the appointment of commissioners within the time permitted, the cause shall be transferred to the civil issue docket for trial as to the issue of just compensation.

(b) Such commissioners, if appointed, shall have the power to make such inspection of the property, hold such hearings, swear such witnesses, and take such evidence as they may, in their discretion, deem necessary, and shall file into court a report of their determination of the damages sustained.

(c) Said report of commissioners shall in substance be in written form as follows:

TO THE SUPERIOR COURT OF COUNTY
We,, and, Commissioners appointed by the Court to assess the damages that have been and will be sustained by, the owner of certain land lying in County, North Carolina, which has been taken by the Board of Transportation for highway purposes, do hereby certify that we convened, and, having first been duly sworn, visited the premises, and took such evidence as was presented to us, and after taking into full consideration the quality and quantity of the land and all other facts which reasonably affect its fair market value at the time of the taking, we have determined the fair market value of the part of the land taken to be the sum of \$..... and the damage to the remainder of the land of the owner by reason of the taking to be the sum of \$..... (if applicable).

We have determined the general and special benefits resulting to said owner from the construction of the highway to be the sum of \$..... (if applicable).

GIVEN under our hands, this the day of, 19.....

(d) A copy of the report shall at the time of filing be mailed to each of the parties. Within 30 days after the filing of the report, either the Board of Transportation or the owner, may except thereto and demand a trial de novo by a jury as to the issue of damages. Whereupon the action shall be placed on the civil issue

docket of the superior court for trial de novo by a jury as to the issue of damages, provided, that upon agreement of both parties trial by jury may be waived and the issue determined by the judge. The report of commissioners shall not be competent as evidence upon the trial of the issue of damages in the superior court, nor shall evidence of the deposit by the Board of Transportation into the court be competent upon the trial of the issue of damages. If no exception to the report of commissioners is filed within the time prescribed final judgment shall be entered by the judge upon a determination and finding by him that the report of commissioners, plus interest computed in accordance with G.S. 136-113 of this Chapter, awards to the property owners just compensation. In the event that the judge is of the opinion and, in his discretion, determines that such award does not provide just compensation he shall set aside said award and order the case placed on the civil issue docket for determination of the issue of damages by a jury. (1959, c. 1025, s. 2; 1961, c. 1084, s. 5; 1963, c. 1156, s. 6; 1973, c. 108, s. 85; c. 507, s. 5.)

Editor's Note.—

The first 1973 amendment deleted "at term" following "trial" in the second sentence of subsection (a) and following "by a jury" in the third sentence of subsection (d).

The second 1973 amendment, effective July 1, 1973, substituted "Board of Transportation" for "State Highway Commission," "Highway Commission" and "Commission."

Condemnee is only entitled to fair compensation for such of his property, if any,

as the Commission (now Board) has taken. *North Carolina State Highway Comm'n v. York Industrial Center Inc.*, 263 N.C. 230, 139 S.E.2d 253 (1964).

Neither the Commission's (now Board's) nor the owner's estimate of the value of the land taken is conclusive. *North Carolina State Highway Comm'n v. York Industrial Center, Inc.*, 263 N.C. 230, 139 S.E.2d 253 (1964).

§ 136-111. Remedy where no declaration of taking filed; recording memorandum of action.—Any person whose land or compensable interest therein has been taken by an intentional or unintentional act or omission of the Board of Transportation and no complaint and declaration of taking has been filed by said Board of Transportation may, within 24 months of the date of the taking of the affected property or interest therein or the completion of the project involving the taking, whichever shall occur later, file a complaint in the superior court setting forth the names and places of residence of the parties, so far as the same can by reasonable diligence be ascertained, who own or have, or claim to own or have estates or interests in the said real estate and if any such persons are under a legal disability, it must be so stated, together with a statement as to any encumbrances on said real estate; said complaint shall further allege with particularity the facts which constitute said taking together with the dates that they allegedly occurred; said complaint shall describe the property allegedly owned by said parties and shall describe the area and interests allegedly taken. Upon the filing of said complaint summons shall issue and together with a copy of said complaint be served on the Director of Highways. The allegations of said complaint shall be deemed denied; however, the Board of Transportation within 60 days of service of summons and complaint may file answer thereto, and if said taking is admitted by the Board of Transportation, it shall, at the time of filing answer, deposit with the court the estimated amount of compensation for said taking and notice of said deposit shall be given to said owner. Said owner may apply for disbursement of said deposit and disbursement shall be made in accordance with the applicable provisions of G.S. 136-105 of this Chapter. If a taking is admitted, the Board of Transportation shall, within 90 days of the filing of the answer to the complaint, file a map or plat of the land taken. The procedure hereinbefore set out shall be followed for the purpose of determining all matters raised by the pleadings and the determination of just compensation.

The plaintiff at the time of filing of the complaint shall record a memorandum of action with the register of deeds in all counties in which the land involved

therein is located, said memorandum to be recorded among the land records of said county. The memorandum of action shall contain

- (1) The names of those persons who the plaintiff is informed and believes may have or claim to have an interest in said lands and who are parties to said action;
- (2) A description of the entire tract or tracts affected by the alleged taking sufficient for the identification thereof;
- (3) A statement of the estate or interest in said land allegedly taken for public use; and
- (4) The date on which plaintiff alleges the taking occurred, the date on which said action was instituted, the county in which it was instituted, and such other reference thereto as may be necessary for the identification of said action. (1959, c. 1025, s. 2; 1961, c. 1084, s. 6; 1963, c. 1156, s. 8; 1965, c. 514, ss. 1, 1½; 1971, c. 1195; 1973, c. 507, s. 5.)

Editor's Note.

The 1965 amendment inserted "an intentional or unintentional act or omission of" near the beginning of the section and substituted near the beginning of the section, "24" for "twelve (12)" and "date of said taking" for "completion of highway project for which the land was taken."

Section 2 of the 1965 amendatory act provides: "All laws and clauses of laws in conflict with this act are hereby repealed except that as to those actions or proceedings pending upon the effective date of this act or to any takings or causes of actions arising prior to the effective date of this act the present provisions of the law shall remain in full force and effect until such actions or proceedings are concluded."

The 1971 amendment substituted "the taking of the affected property or interest therein or the completion of the project involving the taking, whichever shall occur later" for "said taking" in the first sentence.

The 1973 amendment, effective July 1, 1973, substituted "Board of Transportation" for "Highway Commission" and for "Commission."

Statutory Remedy Is Ordinarily Exclusive.—The statutory remedy for the recovery of damages to private property taken for public service is ordinarily exclusive, and when the statutory procedure is available, the owner, failing to pursue the statutory procedure, may not institute an action in superior court to recover his damages. *Midgett v. North Carolina State Highway Comm'n*, 260 N.C. 241, 132 S.E.2d 599 (1963).

But Common Law Provides Action for Taking of Property If Statute Inadequate.—Where the Constitution points out no remedy and no statute affords an adequate remedy under a particular fact situation, the common law will furnish the appropriate action for adequate redress a

grievance based on the constitutional prohibition against taking or damaging private property for public use without just compensation. *Midgett v. North Carolina State Highway Comm'n*, 260 N.C. 241, 132 S.E.2d 599 (1963).

Thus, Plaintiff May Recover for Flooding of Land by Ocean from Highway Construction.—The owner of land may maintain an action at common law to recover for the depreciation in the value of land resulting from a nuisance created by the construction of a highway at an elevation which periodically diverts storm waters of the ocean across the land, there being no undertaking by defendant to condemn plaintiff's property under this article. *Midgett v. North Carolina State Highway Comm'n*, 260 N.C. 241, 132 S.E.2d 599 (1963).

Although Statute of Limitations, If Strictly Applied, Would Bar Cause of Action.—See *Midgett v. North Carolina State Highway Comm'n*, 260 N.C. 241, 132 S.E.2d 599 (1963).

Since plaintiff is not restricted to the procedures set out in this article. *Midgett v. North Carolina State Highway Comm'n*, 260 N.C. 241, 132 S.E.2d 599 (1963).

This section was designed to limit the time within which an action can be brought. *Wilcox v. North Carolina State Highway Comm'n*, 279 N.C. 185, 181 S.E.2d 435 (1971).

Prescribed Remedy Must Be Pursued within Time Specified.—Although a property owner is always entitled to just compensation when his land is taken for public use, he must pursue the prescribed remedy within the time specified. *Ledford v. North Carolina State Highway Comm'n*, 279 N.C. 188, 181 S.E.2d 466 (1971).

Otherwise, Plea of Statute of Limitations Is Complete Defense.—Where the plaintiff—notwithstanding he had actual knowledge that the State Highway Commission

(now Board of Transportation) had appropriated his property—did not bring this action for compensation within the time fixed by this section for its commencement, defendant's plea of the statute is a complete defense to the action. *Wilcox v. North Carolina State Highway Comm'n*, 279 N.C. 185, 181 S.E.2d 435 (1971).

"Taking". — "Taking" under the power of eminent domain may be defined generally as entering upon private property for more than a momentary period and, under the warrant or color of legal authority, devoting it to a public use, or otherwise informally appropriating or injuriously affecting it in such a way as substantially to oust the owner and deprive him of all beneficial enjoyment thereof. *Ledford v. North Carolina State Highway Comm'n*, 279 N.C. 188, 181 S.E.2d 466 (1971).

Taking Occurred When Further Use Prevented.—The taking occurred when the State Highway Commission (now Board of Transportation) erected the fence, severing the right-of-way and preventing its further use, and not at the time plaintiffs were first inconvenienced by it. *Ledford v. North Carolina State Highway Comm'n*, 279 N.C. 188, 181 S.E.2d 466 (1971).

§ 136-112. Measure of damages.

This section prescribes the rule for determining what constitutes just compensation. *North Carolina State Highway Comm'n v. Hettiger*, 271 N.C. 152, 155 S.E.2d 469 (1967).

Subdivision (1) states the applicable rule as to the ultimate measure of damages. *North Carolina State Highway Comm'n v. Gasperson*, 268 N.C. 453, 150 S.E.2d 860 (1966).

It contains no provision as to factors to be considered by the jury in determining fair market value. *North Carolina State Highway Comm'n v. Gasperson*, 268 N.C. 453, 150 S.E.2d 860 (1966).

Compensation Must Be Full and Complete.—In condemnation proceedings, damages are to be awarded to compensate for loss sustained by the landowner. The compensation must be full and complete and include everything which affects the value of the property and in relation to the entire property affected. *State Highway Comm'n v. Yarborough*, 6 N.C. App. 294, 170 S.E.2d 159 (1969).

All Pertinent Factors Are to Be Considered.—All factors pertinent to the fair market value of the remainder immediately after the taking are to be considered by the jury. *North Carolina State Highway*

Right to Compensation Not Dependent on intent of State Highway Commission (now Board of Transportation).—A landowner's right to recover compensation by court action under this section in no way depends upon whether the State Highway Commission (now Board of Transportation) intends to compensate him. *Wilcox v. North Carolina State Highway Comm'n*, 279 N.C. 185, 181 S.E.2d 435 (1971).

Owner Entitled to Compensation When Deprived of Easement.—An owner whose access to a public road is a right-of-way over adjoining property is entitled to just compensation when the State deprives him of this easement. *Ledford v. North Carolina State Highway Comm'n*, 279 N.C. 188, 181 S.E.2d 466 (1971).

Applied in *Kaperonis v. North Carolina State Highway Comm'n*, 260 N.C. 587, 133 S.E.2d 464 (1963); *Browning v. North Carolina State Highway Comm'n*, 263 N.C. 130, 139 S.E.2d 227 (1964); *Davis v. North Carolina State Highway Comm'n*, 271 N.C. 405, 156 S.E.2d 685 (1967); *Dr. T.C. Smith Co. v. North Carolina State Highway Comm'n*, 279 N.C. 328, 182 S.E.2d 383 (1971).

Comm'n v. Gasperson, 268 N.C. 453, 150 S.E.2d 860 (1966).

All factors pertinent to a determination of what a buyer, willing to buy but not under compulsion to do so, would pay and what a seller, willing to sell but not under compulsion to do so, would take for the property must be considered. *City of Charlotte v. Charlotte Park & Recreation Comm'n*, 278 N.C. 26, 178 S.E.2d 601 (1971).

The rule as to measure of damages stated in subdivision (1) is in accord with that adopted and stated by the Supreme Court in numerous decisions. *North Carolina State Highway Comm'n v. Gasperson*, 268 N.C. 453, 150 S.E.2d 860 (1966).

Portion of Tract Taken for Highway Purposes.—Where a portion of a tract of land is taken for highway purposes, the just compensation to which the landowner is entitled is the difference between the fair market value of the property as a whole immediately before and immediately after the appropriation of the portion thereof. *City of Charlotte v. Charlotte Park & Recreation Comm'n*, 278 N.C. 26, 178 S.E.2d 601 (1971).

Determination of Value.—

Market value in a condemnation case may

not be arrived at by assessing separately the value of land and improvements and adding the two together. *State Highway Comm'n v. Yarborough*, 6 N.C. App. 294, 170 S.E.2d 159 (1969).

As to land upon which buildings have been erected and affixed to the soil taken by eminent domain, so far as the buildings add to the market value of the land, they must be considered in determining the compensation to be awarded to the owner. *State Highway Comm'n v. Yarborough*, 6 N.C. App. 294, 170 S.E.2d 159 (1969).

As to Undeveloped Land Suitable for Subdivision.—A designated number of lots multiplied by a price per lot is not a proper basis for determining value of undeveloped land which is suitable for subdivision. *State Highway Comm'n v. Reeves*, 8 N.C. App. 47, 173 S.E.2d 494 (1970).

It is proper to show in a highway condemnation proceeding that a particular tract of land is suitable and available for division into lots and is valuable for that purpose, but it is not proper to show the number and value of lots as separated parcels in an imaginary subdivision thereof. In other words, it is not proper for the jury in these cases to consider an undeveloped tract of land as though a subdivision thereon is an accomplished fact. Such undeveloped property may not be valued on a per lot basis. The cost factor is too speculative. *State Highway Comm'n v. Reeves*, 8 N.C. App. 47, 173 S.E.2d 494 (1970).

The fair market value of undeveloped land immediately before condemnation is not a speculative value based on an imaginary subdivision and sales in lots to many purchasers. It is the fair market value of the land as a whole in its then state according to the purpose or purposes to which it is best adapted and in accordance to its best and highest capabilities. It is not proper for a jury to consider an undeveloped tract of land as though a subdivision thereon is an accomplished fact. Such undeveloped property may not be valued on a per lot basis. *State Highway Comm'n v. Reeves*, 8 N.C. App. 47, 173 S.E.2d 494 (1970).

A court is correct in excluding testimony as to value of the land based on supposed subdivisions and the sale of lots at an estimated price per lot after deducting an estimated cost per lot for development. Such a method of valuation is too speculative and remote. *State Highway Comm'n v. Reeves*, 8 N.C. App. 47, 173 S.E.2d 494 (1970).

The market value of property is to be determined on basis of conditions existing at

time of taking. *City of Charlotte v. Charlotte Park & Recreation Comm'n*, 278 N.C. 26, 178 S.E.2d 601 (1971).

And it is not limited by the use then actually being made of the property. *City of Charlotte v. Charlotte Park & Recreation Comm'n*, 278 N.C. 26, 178 S.E.2d 601 (1971).

But it is determined in the light of all uses to which the property was then adapted and for which it could have been used. *City of Charlotte v. Charlotte Park & Recreation Comm'n*, 278 N.C. 26, 178 S.E.2d 601 (1971).

Condemnation of Fee Simple Determinable and Possibility of Reverter.—In the absence of exceptional circumstances, if both the fee simple determinable estate and the possibility of reverter are condemned and if, at the time of the taking, the event which would otherwise terminate the fee simple determinable is not a probability for the near future, the award is made on the basis of the full market value of the land without restrictions as to its use. *City of Charlotte v. Charlotte Park & Recreation Comm'n*, 278 N.C. 26, 178 S.E.2d 601 (1971).

Where both the fee simple determinable and the possibility of reverter have been taken in the same condemnation proceeding, the full fee simple absolute has been taken and its full value should be paid by the taker to the party or parties rightfully entitled. *City of Charlotte v. Charlotte Park & Recreation Comm'n*, 278 N.C. 26, 178 S.E.2d 601 (1971).

Taker-Grantor of Fee Simple Determinable Not Liable for Possibility of Reverter.—Where the taker was the grantor of the fee simple determinable and, therefore, was already the owner of the possibility of reverter, it was not required to pay for it, and the award was properly limited to the value of the fee simple determinable estate. *City of Charlotte v. Charlotte Park & Recreation Comm'n*, 278 N.C. 26, 178 S.E.2d 601 (1971).

Taker Only Liable for Value of Servient Estate Where Encumbrance Not Taken or Destroyed.—Where the encumbrance was not taken, or destroyed, by the condemnation proceeding, the taker, not having taken or destroyed the right of the owner of the dominant estate, was held liable for the value of the servient estate only. *City of Charlotte v. Charlotte Park & Recreation Comm'n*, 278 N.C. 26, 178 S.E.2d 601 (1971).

Statutory Provisions Not Affected by Agreement Made in Anticipation of Con-

demnation. — Defendants could not, by agreement made in anticipation of the condemnation of a portion of their property, change the statutory provisions relating to the time of, and basis for, the commission (now Board) condemns the property for highway purposes. *North Carolina State Highway Comm'n v. Hettiger*, 271 N.C. 152, 155 S.E.2d 469 (1967).

Admissible Evidence.—

In accord with 1st paragraph in original. See *State Highway Comm'n v. Phillips*, 267 N.C. 369, 148 S.E.2d 282 (1966).

Any witness familiar with the land may testify as to his opinion of the value of the land taken, and as to the value of the respondent's contiguous lands before and after the taking. *State Highway Comm'n v. Fry*, 6 N.C. App. 370, 170 S.E.2d 91 (1969).

And He May Explain Value Placed on Improvements.—It is competent for a witness to explain the value he placed on improvements in arriving at the total value of the property before the taking. *State Highway Comm'n v. Yarborough*, 6 N.C. App. 294, 170 S.E.2d 159 (1969).

It is error to permit testimony which at-

taches a specific value to an imaginary lot. *State Highway Comm'n v. Reeves*, 8 N.C. App. 47, 173 S.E.2d 494 (1970).

Son of Landowner as Witness.—An objection to the son of the landowner testifying about the value of the land goes to the weight of the evidence rather than to its admissibility. *State Highway Comm'n v. Fry*, 6 N.C. App. 370, 170 S.E.2d 91 (1969).

Loss of Use of Property.—Landowners were not entitled to recover any damages, other than interest, for the loss of use of their property between the time they vacated it and the time the Highway Commission (now Board of Transportation) deposited its estimate of just compensation for the property appropriated. Its fair market value as of the day of the taking was the full measure of the damages. *Davis v. North Carolina State Highway Comm'n*, 271 N.C. 405, 156 S.E.2d 685 (1967).

Applied in North Carolina State Highway Comm'n v. Pearce, 261 N.C. 760, 136 S.E.2d 71 (1964).

§ 136-113. Interest as a part of just compensation.

Interest Is Separate from and Additional to Damages.—Interest is an element of recovery that is separate from and in addition to the measure of damages to be used by the jury in arriving at just compensation. *State Highway Comm'n v. Yarborough*, 6 N.C. App. 294, 170 S.E.2d 159 (1969).

Formerly It Was Jury's Function to Award Interest.—Prior to the enactment of this section it was the jury's function to award interest as just compensation for a delay in the payment for the property taken

and it was necessary for the court to charge as to that duty. *State Highway Comm'n v. Yarborough*, 6 N.C. App. 294, 170 S.E.2d 159 (1969).

But now it is the duty of the court to add interest to an award of damages for the taking of property pursuant to this chapter. *State Highway Comm'n v. Yarborough*, 6 N.C. App. 294, 170 S.E.2d 159 (1969).

And Court Has No Duty to Instruct Jury Not to Award Interest. — See *State Highway Comm'n v. Yarborough*, 6 N.C. App. 294, 170 S.E.2d 159 (1969).

§ 136-115. Definitions.—For the purpose of this Article

- (1) The word "judge" shall mean the resident judge of the superior court in the district where the cause is pending, or special judge residing in said district, or the judge of the superior court assigned to hold the courts of said district or the emergency or special judge holding court in the county where the cause is pending.
- (2) The words "person," "owner," and "party" shall include the plural; the word "person" shall include a firm or public or private corporation, and the words [word] "Board" shall mean the Board of Transportation. (1959, c. 1025, s. 2; 1961, c. 1084, s. 7; 1965, c. 422; 1973, c. 507 s. 5.)

Editor's Note.—

The 1965 amendment inserted "the word 'person' shall include a firm or public or private corporation;" in subdivision (2).

The 1973 amendment, effective July 1, 1973, substituted "Board" for "Highway Commission" and "Board of Transportation" for "State Highway Commission"

in subdivision (2). A literal compliance with the 1973 amendatory act would have required the substitution of "Board of

Transportation" for both "Highway Commission" and "State Highway Commission."

§ 136-116. Final judgments.—Final judgments entered in actions instituted under the provisions of this Article shall contain a description of the property affected, together with a description of the property and estate or interested acquired by the Board of Transportation and a copy of said judgment shall be certified to the register of deeds in the county in which the land or any part thereof lies and be recorded among the land records of said county. (1959, c. 1025, s. 2; 1973, c. 507, s. 5.)

Editor's Note.—The 1973 amendment, effective July 1, 1973, substituted "Board of Transportation" for "Commission."

§ 136-117. Payment of compensation.—If there are adverse and conflicting claimants to the deposit made into the court by the Board of Transportation or the additional amount determined as just compensation, on which final judgment is entered in said action, the judge may direct the full amount determined to be paid into said court by the Board of Transportation and may retain said cause for determination of who is entitled to said moneys and may by further order in the cause direct to whom the same shall be paid and may in its discretion order a reference to ascertain the facts on which such determination and order are to be made. (1959, c. 1025, s. 2; 1973, c. 507, s. 5.)

Editor's Note.—The 1973 amendment, effective July 1, 1973, substituted "Board of Transportation" for "Highway Commission."

Taker Not Affected by Court's Division of Award.—The taker of the property, once having its total liability determined, is not affected by or interested in the division of the award by the court. *City of Charlotte v. Charlotte Park & Recreation Comm'n*, 278 N.C. 26, 178 S.E.2d 601 (1971).

Method for Determining Compensation of Holders of Separate Interests in Condemned Property.—In condemnation proceedings, where there are several separately owned interests in the condemned property, a proper method for determining compensation to be paid the holder of each interest is, first, to determine the value of the property taken, as a whole, and then apportion the award among the several claimants. *City of Charlotte v. Charlotte Park & Recreation Comm'n*, 278 N.C. 26, 178 S.E.2d 601 (1971).

Owner of Fee Simple Determinable Entitled to Full Compensation for Taking

if Termination Not Probable.—If, at the time of the taking of both the fee simple determinable estate and the possibility of reverter, the event which would otherwise have terminated the fee simple determinable estate is not a probability for the near future, the owner of the fee simple determinable estate is entitled to the full award of compensation for the taking, the possibility of reverter being considered of no value. *City of Charlotte v. Charlotte Park & Recreation Comm'n*, 278 N.C. 26, 178 S.E.2d 601 (1971).

Or If Claimants of Possibility of Reverter Fail to Answer or Disclaim Interest.—Where those designated as claimants of the possibility of reverter have either failed to file answer, or have filed answer disclaiming any interest in the award and asserting that they have transferred such interest as they might otherwise have to the holder of the fee simple determinable the holder of that interest is entitled to the full award to be made. *City of Charlotte v. Charlotte Park & Recreation Comm'n*, 278 N.C. 26, 178 S.E.2d 601 (1971).

§ 136-118. Agreements for entry.—The provisions of this Article shall not prevent the Board of Transportation and the owner from entering into a written agreement whereby the owner agrees and consents that the Board of Transportation may enter upon his property without filing the complaint and declaration of taking and depositing estimated compensation as herein provided and the Board of Transportation shall have the same rights under such agreement with the owner in carrying on work on such project as it would have by having filed a complaint and a declaration of taking and having deposited estimated com-

pensation as provided in this Article. (1959, c. 1025, s. 2; 1961, c. 1084, s. 8; 1973, c. 507, s. 5.)

Editor's Note.—

The 1973 amendment, effective July 1,

1973, substituted "Board of Transportation" for "Highway Commission."

§ 136-119. Costs and appeal.—The Board of Transportation shall pay all court costs taxed by the court. Either party shall have a right of appeal to the Supreme Court for errors of law committed in any proceedings provided for in this Article in the same manner as in any other civil actions and it shall not be necessary that an appeal bond be posted.

The court having jurisdiction of the condemnation action instituted by the Board of Transportation to acquire real property by condemnation shall award the owner of any right, or title to, or interest in, such real property such sum as will in the opinion of the court reimburse such owner for his reasonable cost, disbursements, and expenses, including reasonable attorney fees, appraisal, and engineering fees, actually incurred because of the condemnation proceedings, if (i) the final judgment is that the Board of Transportation cannot acquire real property by condemnation; or (ii) the proceeding is abandoned by the Board of Transportation.

The judge rendering a judgment for the plaintiff in a proceedings brought under G.S. 136-111 awarding compensation for the taking of property, shall determine and award or allow to such plaintiff, as a part of such judgment, such sum as will in the opinion of the judge reimburse such plaintiff for his reasonable cost, disbursements and expenses, including reasonable attorney, appraisal, and engineering fees, actually incurred because of such proceeding. (1959, c. 1025, s. 2; 1971, c. 1102, s. 1; 1973, c. 507, s. 5.)

Editor's Note. — The 1971 amendment added the second and third paragraphs.

Session Laws 1971, c. 1102, s. 2, provides that the amendment shall not affect pending litigation.

The 1973 amendment, effective July 1, 1973, substituted "Board of Transportation" for "Highway Commission" and "State Highway Commission."

This section is intended to accomplish the same purpose as that expressed in § 160A-243.1, which allows for the payment of costs in condemnation proceedings involving the State Housing Authority. *Housing Auth. v. Farabee*, 17 N.C. App. 431, 194 S.E.2d 553 (1973).

Section Is Inapplicable If Commission Found Not To Have Taken Property.—Where it is adjudicated upon supporting evidence that the Highway Commission

(now Board of Transportation) had taken no property of the complaining landowners, this section does not apply, and plaintiffs may not complain of the taxing of the costs against them upon the dismissal of their action to recover compensation for the asserted taking. *Kaperonis v. North Carolina State Highway Comm'n*, 260 N.C. 587, 133 S.E.2d 464 (1963).

Appeals Governed by § 1-277.—When the State Highway Commission (now Board of Transportation) condemns property under this article, appeals by either party are governed by § 1-277, the same as any other civil action. *North Carolina State Highway Comm'n v. Nuckles*, 271 N.C. 1, 155 S.E.2d 772 (1967).

§ 136-120. Entry for surveys.—The Board of Transportation without having filed a complaint and a declaration of taking as provided in this Article is authorized to enter upon any lands and structures upon lands to make surveys, borings, soundings or examinations as may be necessary in carrying out and performing its duties under this Chapter, and such entry shall not be deemed a trespass, or taking within the meaning of this Article; provided, however, that the Board of Transportation shall make reimbursement for any damage resulting to such land as a result of such activities and the owner, if necessary, shall be entitled to proceed under the provisions of G.S. 136-111 of this Chapter to recover for such damage. (1959, c. 1025, s. 2; 1973, c. 507, s. 5.)

Commission" and for "Highway Commission."

§ 136-121. Refund of deposit.—In the event the amount of the final judgment is less than the amount deposited by the Board of Transportation pursuant to the provisions of this Article, the Board of Transportation shall be entitled to recover the excess of the amount of the deposit over the amount of the final judgment and court costs incident thereto: Provided, however, in the event there are not sufficient funds on deposit to cover said excess the Board of Transportation shall be entitled to a judgment for said sum against the person or persons having received said deposit. (1959, c. 1025, s. 2; 1973, c. 507, s. 5.)

Preservation, etc., of Scenic Beauty of Areas along Highways.

§ 136-122. Legislative findings and declaration of policy.—The General Assembly finds that the rapid growth and the spread of urban development along and near the State highways is encroaching upon or eliminating many areas having significant scenic or aesthetic values, which if restored, preserved and enhanced would promote the enjoyment of travel and the protection of the public investment in highways within the State and would constitute important physical, aesthetic or economic assets to the State.
