Preface

Volume 3 of the General Statutes of North Carolina of 1943 was replaced in 1952 by recompiled volumes 3A, 3B and 3C, containing Chapters 106 through 166 of the General Statutes, as amended and supplemented by the enactments of the General Assembly down through the 1951 Session. Chapter 167 was added at the 1953 Session. In 1960 a replacement volume 3A was published in which the statutes and annotations appearing in the recompiled volume 3A and in the 1959 Cumulative Supplement thereto were combined. In 1964 replacement volumes 3B and 3C were replaced by replacement volumes 3B, 3C and 3D, which combined the statutes and annotations appearing in the previous volumes 3B and 3C and in the 1963 Cumulative Supplement thereto. The present volume replaces the 1960 replacement volume 3A and combines the statutes and annotations appearing in the 1960 replacement volume and in the 1965 Cumulative Supplement.

In replacement volume 3A the form and the designations of subsections, subdivisions and lesser divisions of sections have in many instances been changed, so as to follow in every case the uniform system of numbering, lettering and indentation adopted by the General Statutes Commission. For example, subsections in the replacement volume are designated by lower case letters in parentheses, thus: (a). Subdivisions of both sections and subsections are designated by Arabic numerals in parentheses, thus: (1). Lesser divisions likewise follow a uniform plan. Attention is called to the fact that it has not, of course, been possible to make corresponding changes in any references that may appear in recompiled volumes 1A, 1B and 4A to sections contained in volume 3A.

The historical references appearing at the end of each section have been rearranged in chronological order. For instance, the historical references appended to § 31-5 read as follow: (1784, c. 204, s. 14; 1819, c. 1004, ss. 1, 2; 1840, c. 62; R. C., c. 119, s. 22; Code, s. 2176; Rev., s. 3115; C. S., s. 4133; 1945, c. 140.) In this connection attention should be called to a peculiarity in the manner of citing the early acts in the historical references. The acts through the year 1825 are cited, not by the chapter numbers of the session laws of the particular years, but by the chapter numbers assigned to them in Potter’s Revisal (published in 1821 and containing the acts from 1715 through 1820) or in Potter’s Revisal continued (published in 1827 and containing the acts from 1821 through 1825). Thus, in the illustration set out above the citations “1784, c. 204, s. 14; 1819, c. 1004, ss. 1, 2” refer to the chapter numbers in Potter’s Revisal and not to the chapter numbers of the Laws of 1784 and 1819, respectively. The chapter numbers in Potter’s Revisal and Potter’s Revisal continued run consecutively, and hence do not correspond, at least after 1715, to the chapter numbers in the session laws of the particular years. After 1825 the chapter numbers in the session laws are used.

This replacement volume has been prepared and published under the supervision of the Department of Justice of the State of North Carolina. The members of the North Carolina Bar are requested to communicate any defects they may find in the General Statutes, and any suggestions they may have for improving them, to the Department, or to The Michie Company, Law Publishers, Charlottesville, Virginia.

THOMAS WADE BRUTON,
Attorney General.

§ 106-9.2. Records and reports required of persons paying fees or taxes to Commissioner or Department; examination of records; determination of amount due by Commissioner in case of noncompliance. —

(a) Every person paying fees or taxes to the Commissioner of Agriculture or to the Department of Agriculture under the provisions of this chapter shall keep such records as the Commissioner may prescribe to indicate accurately the fees or taxes due to the Commissioner or Department, and such records shall be preserved for a period of three (3) years, and shall at all times during the business hours of the day be subject to inspection by the Commissioner or his deputies or such other agents as may be duly authorized by the Commissioner. Any person failing to comply with or violating any of the provisions of this section shall be guilty of a misdemeanor and upon conviction thereof shall be fined or imprisoned in the discretion of the court.

(b) It shall be the duty of the Commissioner of Agriculture, by competent auditors, to have the books and records of every person paying fees or taxes to the Commissioner or Department examined at least once each year to determine if such persons are keeping complete records as provided by this section, and to determine if correct reports have been made to the Commissioner or Department covering the total amount of fees or taxes due by such persons.

(c) If any person shall fail, neglect or refuse to keep such records or to make such reports or pay fees or taxes due as required, and within the time provided in this chapter, the Commissioner shall immediately inform himself as best he may as to the matters and things required to be set forth in such records and reports, and from such information as he may be able to obtain determine and fix the amount of fees or taxes due the State from such delinquent person for the period covering the delinquency. The Commissioner shall proceed immediately to collect the fees or taxes due the State, including any penalties and interest thereon, in the manner provided in this article. (1963, c. 458.)

§ 106-9.3. Procedure for assessment of fees and taxes.—(a) If the Commissioner of Agriculture discovers from the examination of any report filed by a taxpayer or otherwise that any fee or tax or additional fee or tax is due from any taxpayer, he shall give notice to the taxpayer in writing of the kind and amount of fee or tax which is due and of his intent to assess the same, which notice shall contain advice to the effect that unless application for a rehearing is made within the time specified in subsection (c), the proposed assessment will become conclusive and final.

If the Commissioner is unable to obtain from the taxpayer adequate and reliable information upon which to base such assessment, the assessment may be made upon the basis of the best information available and, subject to the provisions hereinafter made, such assessment shall be deemed correct.

(b) The notice required to be given in subsection (a) may be delivered to the taxpayer by an agent of the Commissioner or may be sent by mail to the last known address of the taxpayer and such notice will be deemed to have been received in due course of the mail unless the taxpayer shall make an affidavit to the contrary within ninety (90) days after such notice is mailed, in which event the taxpayer shall be heard by the Commissioner in all respects as if he had made timely application.

(c) Any taxpayer who objects to a proposed assessment of fee or tax or additional fee or tax shall be entitled to a hearing before the Commissioner of Agriculture, provided application therefor is made in writing within thirty (30) days after the mailing or delivery of the notice required by subsection (a). If ap-
application for a hearing is made in due time, the Commissioner of Agriculture shall set a time and place for the hearing and after considering the taxpayer's objections shall give written notice of his decision to the taxpayer. The amount of fee or tax or additional fee or tax due from the taxpayer as finally determined by the Commissioner shall thereupon be assessed and upon assessment shall become immediately due and collectible.

Provided, the taxpayer may request the Commissioner at any time within thirty (30) days of notice of such proposed assessment for a written statement, or transcript, of the information and the evidence upon which the proposed assessment is based, and the Commissioner of Agriculture shall furnish such statement, or transcript, to the taxpayer. Provided, further, after request by the taxpayer for such written statement, or transcript, the taxpayer shall have thirty (30) days after the receipt of the same from the Commissioner of Agriculture to apply in writing for such hearing, explaining in detail his objections to such proposed assessment. If no request for such hearing is so made, such proposed assessment shall be final and conclusive.

(d) If no timely application for a hearing is made within thirty (30) days after notice of a proposed assessment of fee or tax or additional fee or tax is given pursuant to subsection (a), such proposed fee or tax or additional fee or tax assessment shall become final without further notice and shall be immediately due and collectible.

(e) Where a proper report has been filed by a taxpayer and in the absence of fraud, the Commissioner of Agriculture shall assess any fee or tax or additional fee or tax due from the taxpayer within three (3) years after the date upon which such report is filed or within three (3) years after the date upon which such report was required by law to be filed, whichever is the later. If no report has been filed, and in the absence of fraud, any fee or tax or additional fee or tax due from a taxpayer may be assessed at any time within five (5) years after the date upon which such report was required by law to be filed. In the event a false and fraudulent report has been filed or there has been an attempt in any manner to fraudulently defeat or evade a fee or tax, any fee or tax or additional fee or tax due from the taxpayer may be assessed at any time.

(f) Except as hereinafter provided in subsection (g), the Commissioner of Agriculture shall have no authority to assess any fee or tax or additional fee or tax under this section until the notice required by subsection (a) shall have been given and the period within which an application for a hearing may be filed has expired, or if a timely application for a hearing is filed, until written notice of the Commissioner's decision has been given to the taxpayer, provided, however, that if the notice required by subsection (a) shall be mailed or delivered within the limitation prescribed in subsection (e), such limitation shall be deemed to have been complied with and the proceeding may be carried forward to its conclusion.

(g) Notwithstanding any other provision of this section, the Commissioner of Agriculture shall have authority at any time within the applicable period of limitations to proceed at once to assess any fee or tax or additional fee or tax which he finds is due from a taxpayer if, in his opinion, the collection of such fee or tax is in jeopardy and immediate assessment is necessary in order to protect the interest of the State, provided, however, that if an assessment is made pursuant to the authority set forth in this subsection before the notice required by subsection (a) is given, such assessment shall not be valid unless the notice required by subsection (a) shall be given within thirty (30) days after the date of such assessment.

(h) All assessments of fees or taxes or additional fees or taxes (exclusive of penalties assessed thereon) shall bear interest at the rate of one half of one percent (0.5%) per month or fraction thereof from the time said fees or taxes or additional fees or taxes were due to have been paid until paid. (1963, c. 458.)
§ 106-9.4. Collection of delinquent fees and taxes.—(a) If any fee or tax imposed by this chapter, or any other fee or tax levied by the State and payable to the Commissioner of Agriculture or the Department of Agriculture, or any portion of such fee or tax, be not paid within thirty (30) days after the same becomes due and payable, and after the same has been assessed, the Commissioner of Agriculture shall issue an order under his hand and official seal, directed to the sheriff of any county of the State commanding him to levy upon and sell the real and personal property of the taxpayer found within his county for the payment of the amount thereof, with the added penalties, additional taxes, interest, and cost of executing the same, and to return to the Commissioner of Agriculture the money collected by virtue thereof within a time to be therein specified, not less than sixty (60) days from the date of the order. The said sheriff shall, thereupon, proceed upon the same in all respects with like effect and in the same manner prescribed by law in respect to executions issued against property upon judgments of a court of record, and shall be entitled to the same fees for his services in executing the order, to be collected in the same manner.

(b) Bank deposits, rents, salaries, wages, and all other choses in action or property incapable of manual levy or delivery, hereinafter called the intangible, belonging, owing, or to become due to any taxpayer subject to any of the provisions of this chapter, or which has been transferred by such taxpayer under circumstances which would permit it to be levied upon if it were tangible, shall be subject to attachment or garnishment as herein provided, and the person owing said intangible, matured or unmatured, or having same in his possession or control, hereinafter called the garnishee, shall become liable for all sums due by the taxpayer under this chapter to the extent of the amount of the intangible belonging, owing, or to become due to the taxpayer subject to the setoff of any matured or unmatured indebtedness of the taxpayer to the garnishee. To effect such attachment or garnishment the Commissioner of Agriculture shall serve or cause to be served upon the taxpayer and the garnishee a notice as hereinafter provided, which notice may be served by any deputy or employee of the Commissioner of Agriculture or by any officer having authority to serve summonses. Said notice shall show:

1. The name of the taxpayer and his address, if known;
2. The nature and amount of the fee or tax, and the interest and penalties thereon, and the year or years for which the same were levied or assessed, and
3. Shall be accompanied by a copy of this subsection, and thereupon the procedure shall be as follows:

If the garnishee has no defense to offer or no setoff against the taxpayer, he shall, within ten (10) days after service of said notice, answer the same by sending to the Commissioner of Agriculture by registered mail a statement to that effect, and if the amount due or belonging to the taxpayer is then due or subject to his demand, it shall be remitted to the Commissioner with said statement, but if said amount is to mature in the future, the statement shall set forth that fact and the same shall be paid to the Commissioner upon maturity, and any payment by the garnishee hereunder shall be a complete extinguishment of any liability therefor on his part to the taxpayer. If the garnishee has any defense or setoff, he shall state the same in writing under oath, and, within ten (10) days after service of said notice, shall send two (2) copies of said statement to the Commissioner by registered mail; if the Commissioner admits such defense or setoff, he shall so advise the garnishee in writing within ten (10) days after receipt of such statement and the attachment or garnishment shall thereupon be discharged to the amount required by such defense or setoff, and any amount attached or garnished hereunder which is not affected by such defense or setoff shall be remitted to the Commissioner as above provided in cases where the garnishee has no defense or setoff, and with like effect. If the Commissioner shall not admit
the defense or setoff, he shall set forth in writing his objections thereto and shall send a copy thereof to the garnishee within ten (10) days after receipt of the garnishee’s statement, or within such further time as may be agreed on by the garnishee, and at the same time he shall file a copy of said notice, a copy of the garnishee’s statement, and a copy of his objections thereto in the superior court of the county where the garnishee resides or does business where the issues made shall be tried as in civil actions.

If judgment is entered in favor of the Commissioner of Agriculture by default or after hearing, the garnishee shall become liable for the fee or taxes, interest and penalties due by the taxpayer to the extent of the amount over and above any defense or setoff of the garnishee belonging, owing, or to become due to the taxpayer, but payments shall not be required from amounts which are to become due to the taxpayer until the maturity thereof, nor shall more than ten percent (10%) of any taxpayer’s salary or wages be required to be paid hereunder in any one month. The garnishee may satisfy said judgment upon paying said amount, and if he fails to do so, execution may issue as provided by law. From any judgment or order entered upon such hearing either the Commissioner of Agriculture or the garnishee may appeal as provided by law. If, before or after judgment, adequate security is filed for the payment of said taxes, interest, penalties, and costs, the attachment or garnishment may be released or execution stayed pending appeal, but the final judgment shall be paid or enforced as above provided. The taxpayer’s sole remedies to question his liability for said fees or taxes, interest, and penalties shall be those provided in this article, as now or hereinafter amended or supplemented. If any third person claims any intangible attached or garnished hereunder and his lawful right thereto, or to any part thereof, is shown to the Commissioner, he shall discharge the attachment or garnishment to the extent necessary to protect such right, and if such right is asserted after the filing of said copies as aforesaid, it may be established by interpleader as now or hereafter provided by the General Statutes in cases of attachment and garnishment. In case such third party has no notice of proceedings hereunder, he shall have the right to file his petition under oath with the Commissioner at any time within twelve (12) months after said intangible is paid to him and if the Commissioner finds that such party is lawfully entitled thereto or to any part thereof, he shall pay the same to such party as provided for refunds by § 105-407 and if such payment is denied, said party may appeal from the determination of the Commissioner to the Superior Court of Wake County or to the superior court of the county wherein he resides or does business. The intangibles of a taxpayer shall be paid or collected hereunder only to the extent necessary to satisfy said fees or taxes, interest, penalties, and costs. Except as hereinafter set forth, the remedy provided in this section shall not be resorted to unless a warrant for collection or execution against the taxpayer has been returned unsatisfied: Provided, however, if the Commissioner is of opinion that the only effective remedy is that herein provided, it shall not be necessary that a warrant for collection or execution shall be first returned unsatisfied, and in no case shall it be a defense to the remedy herein provided that a warrant for collection or execution has not been first returned unsatisfied: Provided, however, that no salary or wage at the rate of less than two hundred dollars ($200.00) per month, whether paid weekly or monthly, shall be attached or garnished under the provisions of this section.

(c) In addition to the remedy herein provided, the Commissioner of Agriculture is authorized and empowered to make a certificate setting forth the essential particulars relating to the said fee or tax, including the amount thereof, the date when the same was due and payable, the person, firm, or corporation chargeable therewith, and the nature of the fee or tax, and under his hand and seal transmit the same to the clerk of the superior court of any county in which the delinquent taxpayer resides or has property; whereupon, it shall be the duty of the clerk of the superior court of the county to docket the said certificate and index the same

on the cross index of judgments, and execution may issue thereon with the same force and effect as an execution upon any other judgment of the superior court; said tax shall become a lien on realty only from the date of the docketing of such certificate in the office of the clerk of the superior court and in personality only from the date of the levy on such personality and upon execution thereon no homestead or personal property exemption shall be allowed.

(d) The remedies herein given are cumulative and in addition to all other remedies provided by law for the collection of said fees and taxes. (1963, c. 458.)

§ 106-9.5. Refund of overpayment. — If the Commissioner of Agriculture discovers from the examination of any report, or otherwise, that any taxpayer has overpaid the correct amount of any fee or tax (including penalties, interest and costs, if any), such overpayment shall be refunded to the taxpayer within sixty (60) days after it is ascertained together with interest thereon at the rate of six percent (6%) per annum: Provided, that interest on any such refund shall be computed from a date ninety (90) days after date tax was originally paid by the taxpayer. Provided, further, that demand for such refund is made by the taxpayer within three (3) years from the date of such overpayment or the due date of the report, whichever is later. (1963, c. 458.)

§ 106-9.6. Suits to prevent collection prohibited; payment under protest and recovery of fee or tax so paid.—No court of this State shall entertain a suit of any kind brought for the purpose of preventing the collection of any fee or tax imposed in this chapter. Whenever a person shall have a valid defense to the enforcement of the collection of a fee or tax assessed or charged against him or his property, such person shall pay such fee or tax to the proper officer, and notify such officer in writing that he pays the same under protest. Such payment shall be without prejudice to any defense or rights he may have in the premises, and he may, at any time within thirty (30) days after such payment, demand the same in writing from the Commissioner of Agriculture; and if the same shall not be refunded within ninety (90) days thereafter, may sue such official in the courts of the State for the amount so demanded. Such suit must be brought in the Superior Court of Wake County, or in the county in which the taxpayer resides. (1963, c. 458.)

to the applicant. All registrations expire on July 1st of each year. The application
shall include the following information:

(1) The name and address of the person guaranteeing registration.

§ 106-50.7  Ch. 106. Agriculture—Fertilizer  § 106-50.7

Every person who distributes commercial fertilizers in this State shall make application to the Commissioner of Agriculture for a permit to report the tonnage of commercial fertilizer sold and shall pay to the North Carolina Department of Agriculture an inspection fee of twenty-five cents (25¢) per ton. The Commissioner of Agriculture is authorized to require each such distributor to keep such records as may be necessary to indicate accurately the tonnage of commercial fertilizers sold in the State, and as are satisfactory to the Commissioner of Agriculture. Such records shall be available to the Commissioner, or his duly authorized representative, at any and all reasonable hours for the purpose of making such examination as is necessary to verify the tonnage statement and the inspection fees paid. Each and every distributor shall report the tonnage sold monthly under oath and on forms furnished by the Commissioner. Such reports shall be made and inspection fee shall be due and payable monthly on the tenth day of each month covering the tonnage and kind of commercial fertilizers sold during the past month. If the report is not filed and the inspection fee paid by the tenth day following the date due or if the report of tonnage be false, the Commissioner may revoke the permit, and if the inspection fee be unpaid after the fifteen-day grace period, the amount shall bear a penalty of ten percent (10%) which shall be added to the inspection fee due and shall constitute a debt and become the basis of judgment against the securities or bond which may be required. In order to guarantee faithful performance with the provisions of this subsection each manufacturer, importer, jobber, firm, corporation or person shall, before being granted a permit to use the reporting system, deposit with the Commissioner cash in the amount of one thousand dollars ($1,000.00) or securities acceptable to the Commissioner of a value of at least one thousand dollars ($1,000.00) or shall post with the Commissioner a surety bond in like amount, executed by some corporate surety company authorized to do business in North Carolina. The Commissioner shall approve all such securities and bonds before acceptance. (1947, c. 1086, s. 6; 1949, c. 637, s. 3; 1959, c. 706, ss. 6, 7.)

Editor's Note. — The cases cited below were decided under a prior law.

Action to Secure Tax Wrongfully Collected.—The Board of Agriculture is a department of the State government, and an action against it to recover money alleged to have been wrongfully collected by it as a license tax cannot be maintained, the State not having given its consent to be sued in that respect. Lord & Folk Chem. Co. v. Board of Agriculture, 111 N.C. 135, 15 S.E. 1032 (1892).

Property Tax.—The statute will not be so construed as to relieve manufacturers of fertilizers or fertilizing material, paying this inspection tax, from the payment of property tax required by the Constitution. Pocomoke Guano Co. v. Biddle, 158 N.C. 212, 73 S.E. 996 (1912).

§ 106-50.7. Sampling, inspection and testing.—(a) It shall be the duty of the Commissioner, who may act through his authorized agent, to sample, inspect, make analysis of, and test commercial fertilizers offered for sale, sold, or distributed within the State at such time and place and to such an extent as he may deem necessary to determine whether such commercial fertilizers are in compliance with the provisions of this article. The Commissioner, individually or through his agent, is authorized to enter upon any public or private premises during regular business hours in order to have access to commercial fertilizers subject to the provisions of this article and the rules and regulations thereto.

(b) The methods of sampling shall be as follows:

(1) For the purposes of analysis by the Commissioner or his duly authorized chemists and for comparison with the guarantee supplied to the Commissioner in accordance with §§ 106-50.4 and 106-50.5, the Commissioner, or any official inspector duly appointed by him, shall take an official sample of not less than one pound from containers of commercial fertilizer. No sample shall be taken from less than five containers. If the lot comprises five (5) or more containers, portions shall

37
be taken from each one up to a total of ten (10) containers. If the lot comprises from ten (10) to one hundred (100) containers, portions shall be taken from ten (10) containers. Of lots comprising more than one hundred (100) containers, portions shall be taken from ten (10) percent of the total number of containers.

(2) In sampling commercial fertilizers, in bulk, either in a factory or a car, at least ten portions shall be drawn and these from different places so as fairly to represent the pile or car lot.

(3) In sampling, a core sampler shall be used that removes a core from a bag or other package from top to bottom, and the cores taken shall be mixed on clean oil cloth or paper, and if necessary shall be reduced after thoroughly mixing, by quartering, to the quantity of sample required. The composite sample taken from any lot of commercial fertilizer under the provision of this subdivision shall be placed in a tight container and shall be forwarded to the Commissioner with proper identification marks.

(4) The Commissioner may modify the provisions of this section to bring them into conformity with any changes that may hereafter be made in the official methods of and recommendations for sampling commercial fertilizers which shall have been adopted by the Association of Official Agricultural Chemists or by the Association of American Fertilizer Control Officials. Thereafter, such methods and recommendations shall be used in all sampling done in connection with the administration of this article in lieu of those prescribed in subdivisions (1), (2), and (3) of this subsection.

(5) All samples taken under the provisions of this section shall be taken from original unbroken bags or containers, the contents of which have not been damaged by exposure, water or otherwise.

(6) The Commissioner shall refuse to analyze all samples except such as are taken under the provisions of this section and no sample unless so taken shall be admitted as evidence in the trial of any suit or action wherein there is called into question the value or composition of any lot of commercial fertilizer distributed under the provisions of this article.

(7) In the trial of any suit or action wherein there is called in question the value or composition of any lot of commercial fertilizer, a certificate signed by the fertilizer chemist and attested with the seal of the Department of Agriculture, setting forth the analysis made by the chemist of the Department of Agriculture, of any sample of said commercial fertilizer, drawn under the provisions of this section and analyzed by them under the provisions of the same, shall be prima facie proof that the lot of fertilizer represented by the sample was of the value and constituency shown by said analysis. And the said certificate of the chemist shall be admissible in evidence to the same extent as if it were his deposition taken in said action in the manner prescribed by law for the taking of depositions.

(c) The methods of analysis shall be those adopted as official by the Board of Agriculture and shall conform to sound laboratory practices as evidenced by methods prescribed by the Association of Official Agricultural Chemists of the United States. In the absence of methods prescribed by the Board, the Commissioner shall prescribe the methods of analysis.

(d) The result of official analysis of any commercial fertilizer which has been found to be subject to penalty shall be forwarded by the Commissioner to the registrant at least ten days before the report is submitted to the purchaser. If during that period no adequate evidence to the contrary is made available to the

Plant food deficiency.—(a) The Commissioner in determining for administrative purposes whether any commercial fertilizer is deficient in plant food, shall be guided solely by the official sample as defined in subdivision (12) of § 106-50.3, and as provided for in subsections (b), (c), and (d) of § 106-50.7.
(b) If the analysis shall show that any commercial fertilizer falls short of the guaranteed analysis in any ingredient, a penalty shall be assessed in accordance with the following provisions:

1. Total nitrogen: A penalty of three times the value of the deficiency, if such deficiency is in excess of 0.20 of one percent on goods that are guaranteed two percent; 0.25 of one percent on goods that are guaranteed three percent; 0.35 of one percent on goods that are guaranteed four percent; 0.40 of one percent on goods that are guaranteed five percent up to and including eight percent; 0.50 of one percent on goods guaranteed above eight percent up to and including thirty percent; and 0.75 of one percent on goods guaranteed over thirty percent.

4. Should the basicity or acidity as equivalent of calcium carbonate of any sample of fertilizer be found upon analysis to differ more than five percent (or one hundred pounds of calcium carbonate equivalent per ton) from the guarantee, then a penalty of fifty cents per ton for each fifty pounds calcium carbonate equivalent, or fraction thereof in excess of the one hundred pounds allowed, may be assessed and paid as under subsection (c) of this section.

5. below the minimum amount guaranteed, a penalty of fifty cents per ton shall be assessed for each 0.50 of one percent additional deficiency or fraction thereof.

(9) Total calcium or total calcium oxide: If the calcium content found falls as much as 0.70 of one percent below the minimum amount guaranteed, a penalty of fifty cents per ton shall be assessed for each 0.35 of one percent additional deficiency or fraction thereof. If the calcium oxide content found falls as much as 1.00 percent below the minimum amount guaranteed, a penalty of fifty cents per ton shall be assessed for each 0.50 of one percent additional deficiency or fraction thereof.

(10) Sulfur: If the sulfur content is found to be as much as 1.50 percent below the minimum amount guaranteed in the case of all mixed fertilizers, including mixed fertilizers branded for tobacco, a penalty of fifty cents per ton for each 0.50 of one percent additional excess or fraction thereof, shall be assessed.

If said consumers cannot be found, the amount of the penalty assessed shall be paid to the Commissioner who shall deposit the same in the Department of Agriculture fund, of which the State Treasurer is custodian. Such sums as shall be found to be payable to consumers on lots of fertilizer against which said penalties were assessed shall not be subject to claim by the consumer after twelve months from the date of assessment. In the case of renewal of registration, a statement shall be required only with respect to information which is different from that furnished when the economic poison was registered or last reregistered.

(b) The registrant, before selling or offering for sale any economic poison in this State, shall register each brand or grade of such economic poison with the Department of Agriculture upon forms furnished by the Department, and, for purposes of defraying expenses connected for the enforcement of this article, shall pay to the Department an annual inspection fee of ten ($10.00) dollars for each and every brand or grade to be offered for sale in this State, whereupon there shall be issued to the registrant by the Department of Agriculture, a certificate entitling the registrant to sell all duly registered brands in this State until the expiration of the certificate. All certificates shall expire on December 31st of each year and are subject to renewal upon receipt of annual inspection fees.

(e) The Commissioner is authorized and empowered to refuse to register, or to cancel the registration of, any brand of economic poison as herein provided, upon satisfactory proof that the registrant has been guilty of fraudulent and deceptive practices in the evasions or attempted evasions of the provisions of this article or any rules and regulations promulgated thereunder: Provided, that no registration shall be revoked or refused until the registrant shall have been given a hearing by the Board of Agriculture.

(c) The Board of Agriculture is authorized to prescribe, after public hearing following due public notice, such rules, regulations, and standards relating to the sale and distribution of economic poisons as they may find necessary to carry into effect the full intent and meaning of this article.

(d) In order to avoid confusion endangering the public health, resulting from diverse requirements, particularly as to the labeling and coloring of economic poisons, and to avoid increased costs to the people of this State due to the necessity of complying with such diverse requirements in the manufacture and sale of such poisons, the Board of Agriculture and the Commissioner are authorized and empowered to cooperate with, and enter into agreements with, any other agency of this State, the United States Department of Agriculture, and any other state or agency thereof for the purpose of carrying out the provisions of this article and securing uniformity of regulations. (1947, c. 1087, s. 6.)

The Commissioner shall release the economic poison so withdrawn when the requirements of the provisions of this article have been complied with and upon payment of all costs and expenses incurred in connection with the withdrawal. (1947, c. 1087, s. 10.)

§ 106-65.11. Seizures, condemnation and sale. — Any lot of economic poison not in compliance with the provisions of this article shall be subject to seizure on complaint of the Commissioner to a court of competent jurisdiction in the area in which said economic poison is located. In the event the court finds the said economic poison to be in violation of this article and orders the condemnation of said economic poison, it shall be disposed of in any manner consistent with the quality of the economic poison and the laws of the State: Provided, that in no instance shall the disposition of said economic poison be ordered by the court without first giving the claimant an opportunity to apply to the court for the release of said economic poison or for permission to process or relabel said product to bring it into compliance with this article. (b) The Commissioner may require the applicant to show, upon examination, that he possesses adequate knowledge concerning the proper use and application of pesticides, and the dangers involved and precautions to be taken in connection with their application. If the applicant is other than an individual, the applicant shall designate an officer, member, or technician of the organization to take the examination, such designee to be subject to the approval of the Commissioner. If the extent of the applicant’s operations warrant it, the Commissioner may require more than one officer, member, or technician to take the examination.

(c) If the Commissioner finds the applicant qualified, the Commissioner shall issue a license, which shall authorize the licensee to perform custom application of pesticides within this State. The license may restrict the applicant to the use of a certain type or types of materials if the Commissioner finds that the appli-

All licenses issued under this article shall expire on December 31 of each year and may be renewed upon the filing of a new application therefor.

(d) The Commissioner may suspend, pending inquiry for not longer than ten days, and, after opportunity for a hearing, may revoke or modify the provisions of any license issued under this section, if he finds as a fact that the licensee is no longer qualified or has engaged in fraudulent business practices in the custom application of pesticides, or has made any custom application in a faulty, careless, or negligent manner, or has violated any of the provisions of this article or regulations made thereunder.

Any person injured by the breach of any such obligation or any person damaged by such aircraft shall be entitled to sue on the bond in his own name in any court of competent jurisdiction to recover the damages he may have sustained.

(f) Any person aggrieved by any action of the Commissioner may within ten days after notice thereof request a review of said action by the Board of Agriculture. If no request for review is so made, the decision of the Commissioner shall be final. If a review is so requested, the Board of Agriculture shall promptly review the action of the Commissioner and either affirm or overrule his action. If the Board of Agriculture affirms the Commissioner, it shall find the facts of the case and the aggrieved person may within thirty days after notice thereof appeal to the superior court of the county in which such person resides or to the Superior Court of Wake County and the matter may be heard in or out of chambers. Notice of the appeal shall be served on the Commissioner and within ten days thereafter the Commissioner shall certify and file in the court to which the appeal is taken a transcript of any record pertaining thereto, including a transcript of evidence received. Any license which has been suspended or revoked by the Commissioner or Board of Agriculture shall remain suspended or revoked until the laws, and regulations of the Board of Agriculture, have been complied with or until the decision or action of said Commissioner or Board has been set aside by court action. (1953, c. 1333.)

§ 106-65.15. Regulations, materials and methods of application.—The Board of Agriculture, after public hearing, may adopt regulations prohibiting the use of materials or methods in custom application of pesticides to the extent necessary to protect health or property and may make such other regulations as it may deem necessary to carry out the provisions of this article. Provided, however, such regulations shall not be inconsistent with regulations issued by this State or by the federal government respecting safety in air navigation or operation of aircraft and before issuing any regulations directly related to any matter within the jurisdiction of any other official of this State, the Commissioner shall consult with that official with reference thereto. (1953, c. 1333.)

§ 106-65.16. Reports.—The Board of Agriculture may by regulation require any licensee to maintain records and furnish reports giving information with respect to particular applications of pesticides and such other relevant information as the Board of Agriculture may deem necessary. (1953, c. 1333.)
§ 106-65.17. Said accusation must be in writing and under oath, verified by the person making the same. If by a member of the Commission, he shall be disqualified from sitting in judgment at the hearing on said accusation. Upon receiving such accusation, the Commission shall serve notice by registered mail of the time, place of hearing, and a copy of the charges upon the accused at least 30 days before the date of the hearing. The Commission for sufficient cause, in its discretion, may postpone or continue said hearing from time to time, or if after proper notice no appearance is made by the accused, it may enter judgment at the time of hearing as prescribed herein, either by suspending or revoking the license of the accused. Both the Commission and the accused may have the benefit of counsel and the right to cross-examine witnesses, to take depositions and to compel attendance of witnesses as in civil cases by subpoena issued by the secretary of the Commission under the seal of the Commission and in the name of the State of North Carolina. The testimony of all witnesses at any hearing before the Commission shall be under oath or affirmation.

A record of all hearings and judgments shall be kept by the secretary of the Commission and in the event of suspension or revocation of license, the Commission shall, within ten days, transmit a certified copy of said judgment to the clerk of the superior court of the county of the residence of the accused or his resident agent, and the clerk shall file said judgment in the judgment docket of said county. § 106-65.33. Penalty for violation. — Any person violating any of the provisions of this article or any rules or regulations made by the Commission pursuant to this article, shall be deemed guilty of a misdemeanor and upon conviction shall be punished as prescribed in § 14-3 of the General Statutes of North Carolina. (1955, c. 1017; 1957, c. 1243, s. 6.)

§ 106-65.34. The above provisions apply also to discharged service personnel or former members of the armed forces who apply for said business licenses within six months of their discharge if satisfactory evidence is submitted that the applicant was actively engaged in said work as set forth above in the State of North Carolina immediately preceding the beginning of such service with the armed forces. The above provisions as to the issuance of a license under this section shall be limited to the issuance of one license to a designated licensee at each business entity or branch office thereof, if said entity or branch office was in existence at least six months prior to July 1, 1955. ARTICLE 5.

Seed Cotton and Peanuts.

§ 106-66. Sale of seed cotton or peanuts.—If any person shall buy, sell, deliver or receive for a price, or for any reward whatever, any cotton in the seed where the quantity is less than what is usually baled, or any peanuts, and shall fail to enter upon a book to be kept by him for such purpose, and to be open to inspection by the public at all business hours, the date of such buying or receiving, the number of pounds in each lot, the true name of the person or persons from whom bought or received and that he is the owner thereof, the name of the owner of the land on which such cotton is raised, and the price paid for the same per pound, he shall be guilty of a misdemeanor, and upon conviction he shall be punished by a fine not exceeding fifty dollars or imprisoned not exceeding thirty days. In all prosecutions under this section it shall only be necessary for the State to allege and prove that the defendant bought or received the seed cotton or peanuts as charged, and the burden shall be upon the defendant to show that the provisions of this section have been complied with. (1887, c. 199; 1905, cc. 201, 523; Rev., s. 3812; C. S., s. 5083; 1929, c. 281, s. 1.)

§ 106-67. Traveling seed cotton buyers must report; failure a misdemeanor.—Any person engaged in traveling from house to house or from place to place buying or trading for seed cotton shall keep a correct record of the name and post-office address of each person from whom he buys or with whom he trades for seed cotton, together with the number of pounds he buys or trades for from each person and the amount paid in each case.
§ 106-67.1. Purpose of article.—The purpose of this article is to promote fair trade practices among growers, handlers and buyers in the selling and buying of farmers stock peanuts, so as to ensure fair grading, weighing, labeling, inspecting and computing of purchase price. (1957, c. 1053, s. 1.)

§ 106-67.2. Licenses to buy peanuts required; purchases for seed excepted.—Each person, firm or corporation that buys one (1) ton or more of farmers stock peanuts from producers for his account or the account of others during any calendar year shall obtain a license from the Commissioner of Agriculture each year to conduct such business. This article shall not apply to purchasers who buy peanuts for seed purposes only. (1957, c. 1053, s. 2.)

§ 106-67.3. Issuance of license; fee; effective period; use of fees collected. — (a) The Commissioner of Agriculture shall issue a license to any person, firm or corporation desiring to buy farmers stock peanuts upon the receipt of a prescribed application accompanied by a ten dollar ($10.00) license fee; provided, however, that the Commissioner may withhold the issuance of a license to any applicant who has been convicted of violating any provision of this article until the Commissioner has been given reasonable assurance that the applicant will comply with the provisions of this article and the rules and regulations adopted pursuant thereto.

(b) The effective period of the license shall be from July 1 through June 30 of each year.

(c) The moneys collected for license fees shall be used only for the administration and enforcement of the provisions of this article. (1957, c. 1053, s. 2.)

§ 106-67.4. Advisory Committee. — The Commissioner of Agriculture shall appoint an Advisory Committee consisting of five members: Two members to represent North Carolina peanut growers, at least one of whom shall represent the membership of the North Carolina Peanut Growers' Association; one member to represent the Cooperative Marketing Association serving the peanut growers of North Carolina; one member to represent the North Carolina peanut commission buyers; and one member to represent the peanut millers and shellers of North Carolina. The term of office of each member shall commence on July 1 of each year, or as soon thereafter as he is appointed and continue to the following June 30.

The duties of this Committee shall be to act in an advisory capacity to the Commissioner of Agriculture and the North Carolina State Board of Agriculture in formulating rules and regulations and in other matters relating to the administration of this article. (1957, c. 1053, s. 3.)

§ 106-67.5. False certificates, etc.; false representations. — It shall be unlawful for any person, firm or corporation knowingly to falsely make, issue, alter, forge or counterfeit any official certificate, memorandum, or falsely repre-
sent the weight, grade, class, quantity or condition or to knowingly represent that
the peanuts have been officially inspected or graded (by an authorized govern-
ment inspector or grader) when such product in fact has not been so graded
or inspected. (1957, c. 1053, s. 4.)

§ 106-67.6. Inspections and investigations by Commissioner.—In
order to carry out the purposes of this article effectively, the Commissioner of
Agriculture is authorized to inspect or investigate transactions for the sale or
delivery of farmers stock peanuts to persons acting as handlers; to require veri-
fied reports and accounts of all authorized handlers; to examine books, accounts,
memoranda, equipment, warehouses, storage and other facilities and articles con-
nected with the business of handlers of farmers stock peanuts. (1957, c. 1053,
s. 5.)

§ 106-67.7. Rules and regulations.—The North Carolina State Board
of Agriculture is hereby authorized to adopt such reasonable rules and regula-

The Commissioner of Agriculture is hereby authorized to suspend the license
of any person, firm or corporation, upon being convicted of violating any pro-
vision of this article, for any period of the remaining part of the licensed year
within his discretion. (1957, c. 1053, s. 7.)

ARTICLE 6.
Cottonseed Meal.

§ 106-68. Cottonseed meal defined; inspection tax.—Cottonseed meal
is a product of the cottonseed only, composed principally of the kernel with such
portion of the fiber or hull and oil as may be left in the course of manufacture
of cottonseed oil, and when sold for use as fertilizer or feed shall be subject to
an inspection tax of twenty-five cents per ton and be subject to inspection as
other fertilizers or fertilizing materials, unless sold to manufacturers for use in
manufacturing fertilizers or feed. (1917, c. 242, s. 1; C. S., s. 4704; 1939, c. 286.)

§ 106-69. Bags to be branded with specified particulars.—All cotton-
seed meal offered for sale, unless sold to manufacturers for use in manufactur-
ing fertilizers or feed, shall have plainly branded on the bag containing it, or on the
tag attached thereto, the following data:

1. Cottonseed meal (with brand and grade).
2. Weight of package.
3. Ammonia and protein.
4. Name and address of manufacturer. (1917, c. 242, s. 2; C. S., s. 4705.)

§ 106-70. Grades and standards established. — No person, firm, or
corporation shall offer for sale any cottonseed meal except as provided in § 106-
69, graded and classed as follows:

1. Prime cottonseed meal by analysis must contain at least seven and one
half percent of ammonia or thirty-eight and fifty-six one-hundredths
percent of protein.
2. Good cottonseed meal by analysis must contain at least seven percent
of ammonia, or thirty-six and no one-hundredths percent of protein.
3. Ordinary cottonseed meal by analysis must contain at least six and one
half percent of ammonia, or thirty-three and forty-four hundredths per
cent of protein. (1917, c. 242, s. 3; C.S., s. 4706.)

Purpose.—The purpose of this article is
to promote agriculture by insuring the sale
of fertilizers containing plant food in cer-
tain proportions and of sufficient quality
and quantity and to protect those who cul-
tivate the soil from imposition and fraud.
State v. Faulkner, 175 N.C. 787, 95 S.E.
171 (1918).

§ 106-71. Rules to enforce statute; misdemeanor. — The Board of
Agriculture is empowered and directed to make such rules and regulations as are
necessary to a proper carrying into effect of the provisions of this article, and to
provide for all such tags as manufacturers may demand, upon paying the tax
therefor. Any person willfully violating any of the regulations made by the Board
of Agriculture in connection with the provisions of this article shall be guilty of a
misdemeanor. (1917, c. 242, s. 4; C.S., s. 4707.)

§ 106-72. Sales without tag; misuse of tag; penalty; forfeiture.
— Every merchant, trader, manufacturer, or agent who shall sell or offer for sale
any cottonseed meal without having attached thereto such labels, stamps, and tags
as are required by law, or who shall use the required tag a second time to avoid
the payment of the tonnage charge, and every person who shall aid in the fraud-
ulent selling or offering for sale of any cottonseed meal, shall be liable to a penalty
of the price paid the manufacturer for each separate bag, barrel, or package sold,
offered for sale, or removed, to be recovered by the Commissioner of Agriculture
by suit brought in the name of the State, and any amount so recovered shall be
paid one half to the informant and one half to the State Treasurer for the use of
the Department of Agriculture. If any such cottonseed meal shall be condemned,
as provided by law, it shall be the duty of the Department to have an analysis
made of the same; cause printed tags or labels expressing the proper grade to be
put upon each bag, barrel, or package, and shall fix the commercial value at which
it may be sold; and it shall be unlawful for any person to sell, offer for sale, or re-
move any such cottonseed meal, or for any agent of any railroad or other trans-
portation company to deliver any such cottonseed meal in violation of this sec-
tion. (1917, c. 242, s. 4; C.S., s. 4708.)

Penalty Not Applicable to Purchaser.—
In construing a former statute of similar
import, it was held that the penalty applies
to the manufacturer or anyone, either as
principal or agent, who sells or offers to
sell, or removes the fertilizer, and the word
“revoke” does not apply to the purchaser
3

who receives the fertilizer not for sale, but
for use, and when the only removal by him
is taking the fertilizer from the railroad
station and then distributing the same un-
der his crops. Johnson v. Carson, 161 N.C.
R71, Vhs oe BUT Lodo),

§ 106-73. Sales contrary to article a misdemeanor. — Any person,
firm, or corporation who shall sell or offer for sale or shall act as agent of or
broker for the manufacturer of or dealer in any cottonseed meal contrary to the
provisions above set forth shall be guilty of a misdemeanor. (Rev., s. 3814; 1917,
c. 242, s. 5; 1919, c. 13, s. 2; C.S., s. 4709.)

Liability.—The fact that neither knowl-
edge of the defect nor intent to defraud is
made an element in the criminal offense is
strong reason for confining the statute to
the manufacturer, who should be held to
have knowledge of the composition of the
fertilizer he offers for sale, and to the
owner, not a manufacturer, and his agent
with authority to sell, who have the oppor-
tunity to test the fertilizer before they sell
it. State v. Faulkner, 175 N.C. 787, 95
S.E. 171 (1918).

Applied in State v. Southern Cotton Oil
Co., 154 N.C. 635, 70 S.E. 741 (1911).

§ 106-74. Forfeiture for unauthorized sale; release from forfeiture.
— All cottonseed meal sold or offered for sale contrary to the provisions above set
forth shall be subject to seizure, condemnation, and sale by the Commissioner of
Agriculture. The net proceeds from such sale shall be placed in the general fund
of the Department and accounted for upon its books. The Commissioner, how-
ever, shall have the discretion to release the meal so seized and condemned upon compliance with the law as set forth above and the payment of all costs and expenses incurred by the Department in any proceedings connected therewith. (1917, c. 242, s. 5; C. S., s. 4710.)

§ 106-75. Method of seizure and sale on forfeiture. — Such seizure and sale shall be made under the direction of the Commissioner of Agriculture by an officer or agent of the Department; the sale to be made at the courthouse door in the county in which the seizure is made, after thirty days advertisement in some newspaper published in said county, or if no newspaper is published in said county, then by like advertisement in a newspaper published in the nearest county thereto having a newspaper. The advertisement shall state the grade of the meal, the quantity, why seized and offered for sale. (1917, c. 242, s. 5; C. S., s. 4711.)

§ 106-76. Collection and analysis of samples. — The Department of Agriculture shall have the same authority and powers for taking and analyzing samples of cottonseed meal as are provided in case of commercial fertilizers and fertilizer materials; and the same procedure as to law and regulations shall be followed in taking such samples of cottonseed meals as are prescribed and followed for taking samples of fertilizer and fertilizer materials. (1919, c. 271; C. S., s. 4712.)

§ 106-77. Sales below guaranteed quality; duties of Commissioner. —When the Commissioner of Agriculture shall be satisfied that any cottonseed meal is five percent below the guaranteed analysis, it shall be his duty to assess twice the value of said deficiency against the manufacturer, and if said cottonseed meal shall fall as much as ten percent below the guaranteed analysis it shall be his duty to assess three times the value of said meal and require that his findings of said deficiency be made good to all persons who, in the opinion of the Commissioner, have purchased the said meal; and the Commissioner may seize any meal belonging to said company, to the value of the deficiency, if the deficiency shall not be paid within thirty days after notice to the company. If the Commissioner shall be satisfied that the deficiency in analysis was due to intention or fraud of the manufacturer, then the Commissioner shall assess twice the amount above provided for and pay over the same to parties who purchased said meal. If any manufacturer shall resist such collection or payment, the Commissioner shall immediately publish the analysis and the facts in the Bulletin and in such newspapers in the State as he may deem necessary. (1917, c. 242, s. 7; C. S., s. 4713.)

§ 106-78. Adulteration prohibited.—It shall be unlawful for any manufacturer to adulterate cottonseed meal in the process of manufacture or otherwise. (1917, c. 242, s. 8; C. S., s. 4714.)

ARTICLE 7.

Pulverized Limestone and Marl.

§ 106-79. Board of Agriculture authorized to make and sell lime to farmers.—The North Carolina Board of Agriculture is authorized and directed, for the purpose of furnishing marl or limestone to the farmers of the State, to make such arrangements as they deem advisable for this purpose, and to this end may lease or purchase oyster shells in large quantities and beds of limestone, and erect machinery suitable for the preparation of the material for use by the farmers; and any lime so prepared and any by-products shall be sold for agricultural purposes to the citizens of the State at a reasonable cost which shall produce an amount of money sufficient to maintain and operate the plant. (1919, c. 182, s. 1; C. S., s. 4715.)
§ 106-80. Convict labor authorized. — With the approval of the Governor, when requested by the Board of Agriculture, the chairman of the State Highway Commission may furnish a superintendent with a squad of able-bodied convicts, not to exceed fifty, to do such work as the Commissioner, with the authority of the Board, may deem necessary to mine, prepare, load and dispose of the material. The Board shall pay the State quarterly such amount as shall be agreed upon by the chairman of the State Highway Commission and the Board of Agriculture for their work, out of the proceeds of the sales, and the State shall guard, feed, clothe, and work such convicts: Provided, that after the first year's operations the expenses of the work shall not exceed the amount of the sales. (1919, c. 182, s. 2; C. S., s. 4716; 1933, c. 172, s. 18; 1957, c. 65, s. 11.)

Article 8.

§ 106-81. Regulation of sale, etc., of agricultural liming material, etc. — All agricultural liming material, agricultural liming material with potash, and land plaster, hereinafter named either as the aforesaid separate items, or collectively as “materials coming under this article,” or as “said materials,” to be sold, offered, or exposed for sale in this State, shall be subject to regulation as provided by the following sections of this article. (1941, c. 275, s. 1.)

§ 106-82. Registration of brands by manufacturers and vendors.—Every manufacturer or vendor proposing to sell, offer or expose for sale in this State, the materials coming under this article shall, annually on or before the first day of January of each year, or before offering said materials for sale in this State, register with the Commissioner of Agriculture, on forms to be furnished by said Commissioner, each brand of the said materials that he proposes to offer for sale during the next ensuing calendar year, or remainder thereof, giving for each brand the information prescribed in the following subdivisions:

1. Net weight when sold in packages.
2. A brand or trade name truly descriptive of the product.
3. The guaranteed analysis showing:
   a. In case of agricultural liming materials, the minimum percent of calcium expressed as calcium carbonate (CaCO$_3$) and of magnesium expressed as magnesium carbonate (MgCO$_3$) if the product be unburned or a mixture of both burned and unburned material; or as calcium oxide (CaO) and magnesium oxide (MgO) if the product be in the burned state and, in either case, the total neutralizing value expressed as calcium carbonate equivalent or neutralizing equivalent, and the fineness of the material, excepting that guarantee of screen analysis shall not be required for the products from completely burned limestone or shells. (The terms “calcium carbonate equivalent” and “neutralizing equivalent,” for the purpose of this article, shall mean one and the same thing. Fineness shall be determined by screens complying with the specifications of the United States Bureau of Standards.)
   b. In case of agricultural liming material with potash, the same requirement as for agricultural liming material, subdivision (3) a of this section, but including also the minimum percent of available potash as the oxide (K$_2$O). (The potash content of agricultural liming material with potash shall not be below four percent, and the guarantee for said potash content shall be in whole numbers only.)
   c. In case of land plaster, the minimum percent of calcium sulfate (CaSO$_4$).
§ 106-83. Labeling.—All of the said materials sold, offered, or exposed for sale in this State shall have attached thereto, or be accompanied by a plainly printed statement giving the information as required under § 106-82, subdivisions (1), (2), (3), (4) and (5). In case of materials sold in packages, the said information shall be plainly printed upon the package, or upon a tag or label attached thereto, of such quality and in such manner that it shall withstand normal handling, and, in case of material sold in bulk, the said statement shall be delivered to the purchaser either with the material, or with the invoice therefor. (1941, c. 275, s. 3.)

§ 106-84. Registration and tonnage fees; tags showing payment; reporting system; license certificates.—(a) For the purpose of defraying expenses connected with the registration, inspection and analysis of the materials coming under this article, there shall be paid, by the manufacturers or vendors, to the Department of Agriculture, for each brand or grade of said materials registered as required under § 106-82, an annual registration fee of five dollars ($5.00) for each calendar year or part thereof, said fee to be paid at the time of registration.

(b) Likewise, in addition to the above stated registration fee there shall be paid upon said materials sold in this State, in the manner specified under subsection (c) of this section, tonnage fees as follows: For agricultural liming material, five cents per ton; for agricultural liming material with potash, twenty-five cents per ton; and for land plaster, five cents per ton; excepting that these fees shall not apply to materials which are sold to fertilizer manufacturers for the sole purpose of use in the manufacture of fertilizer.

(c) Each bag, parcel, or shipment of said materials shall have attached thereto a tag, or label, to be furnished by the Department of Agriculture, stating that all charges specified in this article have been paid, and the Commissioner of Agriculture, with the advice and consent of the Board of Agriculture is hereby empowered to prescribe a form for such tags, or labels, and to adopt such regulations as will insure enforcement of this article. Whenever any manufacturer or vendor shall have paid the required charges, his goods shall not be liable to any further tax, whether by city, town or county. Tax tags or labels shall be issued each year by the Commissioner of Agriculture, and sold to persons applying for same at the tax rate provided herein. Tags or labels left in the possession of persons registering the materials coming under this article, at the end of a calendar year, may be exchanged for tags or labels for the next succeeding year.

Any manufacturer, importer, jobber, firm, corporation or person who distributes materials coming under this article in this State may make application for a permit to report the materials sold and pay the tonnage fees as set forth in subsection (b) of this section, as the basis of said report, in lieu of affixing inspection tags or labels. The Commissioner of Agriculture may, in his discretion, grant such permit. The issuance of all permits will be conditioned on the applicant's satisfying the Commissioner that he has a good bookkeeping system and keeps such records as may be necessary to indicate accurately the tonnage of liming materials, etc., sold in the State and as are satisfactory to the Commissioner of Agriculture, and granting the Commissioner, or his duly authorized representative, permission to examine such records and verify the statement. The report shall be quarterly and the tonnage fees shall be due and payable quarterly, on or before the tenth day of January, April, July, and October of each year, covering the tonnage of liming materials, etc., sold during the preceding quarter. The report shall be under oath and on forms furnished by the Commissioner. If the report
§ 106-85. Report of sales.—In addition to the statement required under § 106-82, each manufacturer or vendor of the materials covered in this article shall, on or before the first day of February of each year, file with the Department of Agriculture a written report showing the total number of net tons of each brand and grade of the said materials sold by him, or his representatives or agents in this State, during the last preceding year. License for the sale of said materials within this State shall not be issued for a succeeding year to any manufacturer or vendor for the continued sale of his product unless and until said report has been made. (1941, c. 275, s. 5.)

§ 106-86. Administration; inspections, sampling and analysis. — It shall be the duty of the Commissioner of Agriculture to institute the necessary proceedings and have prepared the necessary equipment to put into effect the provisions of this article, and to authorize the collecting of official samples of the materials covered by it, to have them analyzed, and to have results published for the information of the public. For this purpose such inspectors or representatives as he may duly authorize shall have full access, ingress and egress to and from all places of business, manufacture, storage, transportation, handling or sale of any of the said materials. They shall also have power to open any container or package containing or supposed to contain any of the said materials, and to take therefrom samples for analysis. The official methods and recommendations of the Association of Official Agricultural Chemists as to sampling and analyzing shall be used in administering this article. (1941, c. 275, s. 6.)

§ 106-87. Deficiencies; refunds to consumers.—Should any of the materials coming under this article be found, by procedures authorized therunder, to be deficient in the constituents as claimed by the manufacturer or vendor thereof, said manufacturer or vendor, upon being officially notified of such deficiency, by the Commissioner of Agriculture, shall, within ninety days following such notification, make refunds to the consumers of the deficient materials as follows: In case of “agricultural liming material” or “agricultural liming material with potash,” excepting potash deficiency of the latter, if the deficiency be five percent or more, there shall be refunded an amount equal to three times the value of such deficiency. In case of “potash” deficiency in “agricultural liming material with potash,” there shall be refunded an amount equal to three times the value of the deficiency, if such deficiency is in excess of forty points (which shall mean 0.40 of
one percent) on goods guaranteed four percent; fifty points (which shall mean 0.50 of one percent) on goods that are guaranteed five percent up to and including eight percent; and sixty points (which shall mean 0.60 of one percent) on goods guaranteed nine percent and up to and including twenty percent; and one hundred points (which shall mean 1.00 percent) on goods guaranteed over twenty percent; and in case of land plaster, for deficiencies in excess of one percent, there shall be refunded an amount equal to three times the value of the deficiency. Values shall be based on the selling price of said materials. When said consumers cannot be found within the above specified time, refunds shall be forwarded to the Commissioner of Agriculture for deposit with the State Treasurer to the credit of the Department of Agriculture, where said refund shall be held for payment to the proper consumer upon order of said Commissioner. Where the consumer to whom the refund is due cannot be found within a period of two years, such refund shall, after said period, revert to the Department of Agriculture for expenditure by said Commissioner in promoting the agricultural program of the State. (1941, c. 275, s. 7.)

§ 106-88. Violations and penalties. — Any person or persons selling, offering or exposing for sale in this State any of the materials covered in this article, without first having registered said materials, paid the fees required, secured the required license, and otherwise complied with the requirements of this article; or who shall have caused to be submitted, or to be associated with said registrations or materials, false, fraudulent, or misleading statements; or who shall have caused to be incorporated into said materials any substances which shall be harmful to plants or plant growth; shall be guilty of a misdemeanor, and on conviction shall be sentenced to pay a fine not less than ten dollars ($10.00) nor more than fifty dollars ($50.00) for the first offense and not less than one hundred dollars for each subsequent offense. (1941, c. 275, s. 8.)

§ 106-89. Certified analysis as evidence. — In the trial of any suit or action wherein there is called in question the value of composition of any of the materials covered by this article, a certified statement of the analysis made by the chemists of the Department of Agriculture shall be admissible as prima facie evidence of the content, value, or composition of said materials. (1941, c. 275, s. 9.)

§ 106-90. Revocation of licenses; seizure of materials. — The Commissioner of Agriculture is hereby authorized to revoke any license and require forfeit of fees paid under such license when it is ascertained that the registration upon which said license was issued has given false information in its statement relative to the kind, quality, composition or fineness of the materials sold, or offered for sale, under the provisions of this article; and to seize and withhold from sale or distribution any such materials where it is shown that they are being dispensed in violation of said article. (1941, c. 275, s. 10.)

§ 106-91. Regulations and standards. — The Commissioner of Agriculture, under the authority of the Board of Agriculture, is further empowered to prescribe and enforce such reasonable rules and regulations relating to the sale of the materials covered in this article as are consistent with the purpose of the article and are deemed necessary to carry into effect its full intent and meaning; and, conjointly with the State Board of Agriculture and the director of the North Carolina experiment station, to formulate and prescribe such definitions and standards as may be required for said purpose. (1941, c. 275, s. 11.)

Editor's Note. — Session Laws 1955, c. 276, s. 1, changed “agricultural experiment station,” as used in § 106-15, to read “agricultural research station.”

§ 106-92. Construction of article. — Nothing in this article shall be construed to restrict or avoid sales or exchanges of the materials coming under this article to each other by importers, manufacturers or manipulators who mix said materials for sale, or as preventing the free and unrestricted shipments of said ma-
§ 106-93. Purpose of article.—The purpose of this article is to protect a farmer-buyer from the manufacturer-seller of concentrated, commercial feeds who might sell substandard or mislabeled feedstuff, and not to protect from himself a farmer who mixes his own feed. (1965, c. 799, s. 1.)

Editor's Note.—Former § 106-93 has been redesignated as § 106-93.1 by the act inserting the present section.

§ 106-93.1. Packages to be marked with statement of specified particulars; methods of analysis.—Every lot or parcel of concentrated commercial feeding stuff sold, offered or exposed for sale or distributed within this State shall have affixed thereto or printed thereon, in a conspicuous place on the outside thereof, a legible and plainly printed statement in the English language clearly and truly certifying the weight of the package; the name, brand, or trademark under which the article is sold; the name and address of the manufacturer, jobber, or importer; the names of each and all ingredients of which the article is composed; a guarantee that the contents are pure and unadulterated, and a statement of the maximum percentage it contains of crude fiber, and the percentage of crude fat, and the percentage of crude protein. Provided, that minerals and other materials not valuable for their protein and fat content shall be labeled in accordance with rules and regulations promulgated by the State Board of Agriculture. The method of analysis shall be those adopted as official by the Board of Agriculture and shall conform to sound laboratory practices as evidenced by methods prescribed by the Association of Official Agricultural Chemists of the United States. In the absence of methods prescribed by the Board, the Commissioner shall prescribe the methods of analysis. (1909, c. 149, s. 1; C.S., s. 4724; 1949, c. 638, s. 1; 1953, c. 698, s. 3; 1955, c. 868, s. 1; 1965, c. 799, s. 2.)

Editor's Note.—Prior to the 1965 amendment this section was designated as § 106-93. The 1965 amendment also inserted "or distributed" near the beginning of this section.

§ 106-94. Weight of packages.—All concentrated commercial feeding stuffs, except that in bags or packages of five pounds or less, shall be in such standard weight bags or packages as the Board of Agriculture by regulation shall prescribe. (1909, c. 149, s. 1; C.S., s. 4725; 1943, c. 225, s. 1; 1953, c. 1113; 1963, c. 1089, s. 1.)

Editor's Note.—The 1963 amendment rewrote this section.

Section 6 of Session Laws 1943, c. 225, which act amended not only this section but also amended §§ 106-96, 106-102 and 106-106 and inserted §§ 106-97.1 and 106-102.1, provides that the act shall not repeal or nullify any of the provisions of the Uniform Weights and Measures Act (§ 81-1 et seq.) or any rules and regulations promulgated pursuant thereto.

§ 106-95. "Commercial feeding stuffs" defined.—The term "commercial feeding stuffs" shall be held to include the so-called mineral feeds and all feeds used for livestock, domestic animals and poultry, except cottonseed hulls, whole unground hays, straws and corn stover, when the same are not mixed with...
other materials, nor shall it apply to whole unmixed, unground and uncrushed
grains or seeds when not mixed with other materials. (1909, c. 149, s. 2; C. S.,
s. 4726; 1939, c. 354, s. 1; 1949, c. 638, s. 2.)

§ 106-95.1. Customer formula feed.—A “customer formula feed” is a
feed, each batch of which is mixed according to the formula of the customer, furn-
ished in writing over the signature of the customer or his designated agent,
not to be stocked or displayed in sales areas and not to be sold commercially by
any person, firm or corporation in the course of his or its regular business. (1959,

§ 106-96. Copy of statement and sample filed for registration.—
Each and every manufacturer, importer, jobber, agent, or seller, before selling,
offering or exposing for sale or distributing in this State any concentrated com-
cmercial feeding stuff, shall, for each and every feeding stuff, file for registration with
the Commissioner of Agriculture a copy of the statement required in § 106-93.1,
and accompany said statement, on request, by a sealed glass jar or bottle con-
taining at least one pound of such feeding stuff to be sold, exposed or offered
for sale, which sample shall correspond within reasonable limits to the feeding
stuff which it represents in the percentages of crude protein, crude fat, crude
fiber, and carbohydrates which it contains. For each and every statement so filed,
there shall be paid to the Commissioner of Agriculture an annual registration fee of
one dollar ($1.00), payable at the time of registration: Provided, that for each
brand of commercial feeding stuff marketed in packages of five pounds or less,
there shall be paid to the Commissioner of Agriculture an annual registration
fee of twenty-five dollars ($25.00): Provided, further, that manufacturers, im-
porters, jobbers, agents, or sellers who pay the twenty-five dollars ($25.00) regis-
tration fee prescribed by the above provision on any feeding stuff, shall not be
liable for the tonnage fee, prescribed by § 106-99, on the feeding stuff on which
said twenty-five dollar ($25.00) fee is paid.
All registration fees are payable at the time of registration, and shall be pay-
ment in full of registration fees through December thirty-first of the year in which
paid. All such feeds must be registered anew each year: Provided, that nothing
in this section shall be construed as applying to grain or other feed materials sup-
plied by a farmer and used in custom-mixed feed as defined in G.S. 106-95.1.
(1909, c. 149, s. 3; C. S., s. 4727; 1939, c. 354, s. 2; 1943, c. 225, s. 2; 1959, c.
1057, ss. 2, 3; 1965, c. 799, s. 4.)
Editor's Note. — The 1965 amendment
inserted “or distributing” near the begin-
ingen of the first paragraph.
Custom-mixed feed is no longer defined
in § 106-95.1. That section now defines
customer formula feed.
§ 106-97. Agent released by statement of manufacturer. — When a
manufacturer, importer, or jobber of any concentrated commercial feeding stuffs
files a statement, as required by § 106-96, no agent or seller of such manufacturer,
importer, or jobber, shall be required to file such statement. (1909, c. 149, s. 4;
C. S., s. 4728.)
§ 106-97.1. Registrants required to furnish Commissioner with
statement of tonnage sold in this State. — Each person registering feeding
stuff under this article shall furnish the Commissioner of Agriculture with a written statement of the tonnage of each grade or brand of feed sold by him in this State. This statement shall include all sales for the periods from January first to and including December thirty-first of each year. If the above statement is not made within thirty days from the date of notification by the Commissioner, he may, in his discretion, invoke a penalty of not less than ten dollars ($10.00) nor more than one hundred dollars ($100.00) on, or cancel the registration of, any person failing to so comply. The Commissioner, however, in his discretion, may grant a reasonable extension of time. (1943, c. 225, s. 3.)

Cross Reference.—See note to § 106-94.

§ 106-98. Power to refuse or to cancel registration.—The Commissioner of Agriculture shall have the power to refuse the registration of any concentrated commercial feeding stuff under a name which would be misleading as to the materials of which it is composed, or when the names of each and all ingredients of which it is composed are not stated, or where it does not comply with the standards and rulings adopted by the Board of Agriculture. Should any concentrated commercial feeding stuffs be registered and it is afterwards discovered that they are in violation of any of the provisions of this article, the Commissioner of Agriculture shall have the power to cancel such registration. (1909, c. 149, s. 5; C.S., s. 4729.)

§ 106-99. Inspection fee on commercial feeding stuffs. — Each and every manufacturer, importer, jobber, agent, seller, or distributor of any concentrated commercial feeding stuffs, as defined in this article, shall pay to the Commissioner of Agriculture an inspection fee of twelve cents (12¢) per ton for each ton of such commercial feeding stuffs sold, offered or exposed for sale or distributed in this State. This shall apply to all commercial feeding stuffs furnished, supplied or used for the growing or feeding under contract or agreement, of livestock, domestic animals and poultry, and shall also apply to any feeding stuffs which are produced by the purchase of grain or other materials and the grinding and mixing of same with concentrated commercial feeding stuffs being used as a supplement or base. The requirements of this section, however, are subject to the following conditions:

(1) If the concentrated commercial feeding stuffs, used as a supplement or a base, has already been assessed under this article and the inspection fee paid, then the amount paid shall be deducted from the gross amount of fee due on the total feeding stuffs produced.

(2) Only concentrates and so-called mineral feeds used in manufacturing customer formula feed shall be subject to the inspection fee as provided in this article.

(3) Whenever any concentrated commercial feeding stuff is kept for sale in bulk, stored in bins or otherwise, the manufacturer, dealer, jobber, or importer keeping the same for sale shall keep on hand cards of proper size, upon which the statement required in § 106-93.1 is plainly printed; and if the feeding stuff is sold at retail in bulk, or if it is put up in packages belonging to the purchaser, the manufacturer, dealer, jobber, or importer shall furnish the purchaser with one of said cards upon which is or are printed the statement or statements described in this section, except that “customer formula feed” shall be labeled by invoice as follows:

The invoice, which is to accompany delivery and be supplied to the customer at the time of delivery, shall bear the following information:

a. Name and address of the manufacturer.
b. Name and address of the customer.
c. Date of sale.
d. The product name and brand, if any, and number of pounds of
§ 106-99.1 Reporting system. — Each manufacturer, importer, jobber, firm, corporation, or person who sells or distributes concentrated commercial feeding stuffs in this State shall make application to the Commissioner of Agriculture for a permit to report the tonnage of feeding stuffs sold and shall pay to the North Carolina Department of Agriculture an inspection fee of twelve cents (12¢) per ton. The Commissioner of Agriculture is authorized to require each such distributor to keep such records as may be necessary to indicate accurately the tonnage of feeding stuffs sold in the State, and as are satisfactory to the Commissioner of Agriculture. Such records shall be available to the Commissioner, or his duly authorized representative, at any and all reasonable hours for the purpose of making such examination as is necessary to verify the tonnage statement and the tax paid. Each and every distributor shall report the tonnage sold monthly on forms furnished by the Commissioner. Such reports shall be made and the inspection fee shall be due and payable monthly on the tenth day of each month covering the tonnage and kind of commercial feeding stuffs sold during the preceding month. If the report is not filed and the inspection fee paid by the tenth day following the date due or if the report of tonnage be false, the Commissioner may

The use of permits issued under the provisions of this section shall be governed by rules and regulations promulgated by the Commissioner. (1909, c. 149, s. 6; C. S., s. 4730; 1933, c. 280; 1949, c. 638, s. 3; 1953, c. 698, s. 1; 1955, c. 868, s. 2; 1959, c. 1057, ss. 4-8; 1965, c. 799, s. 5.)

Editor's Note. — The 1965 amendment rewrote this section, which formerly provided for an inspection tax.

What Constitutes Furnishing Feed. — Defendant is not distributing feed or furnishing feed for the growing of poultry under contract within the meaning of this section when it transfers feed from its own mill to its own bins for use in feeding its own chickens, even though they are "growing out" on the lands of its employees. State ex rel. Graham v. Nash Johnson & Sons' Farms, 263 N.C. 66, 138 S.E.2d 773 (1964).

Duty of Purchaser to Minimize Loss. — Upon a purchase of feeding stuff, below grade and without tags, it is the duty of the purchaser to do what he reasonably can to lessen his loss. Jennette & Co. v. City Hay & Grain Co., 158 N.C. 156, 73 S.E. 884 (1912).

The measure of such purchaser's damages is the difference in value of the goods as it actually is and which it should have been under his contract, and such other expenses as were actually incurred by him in handling it. Jennette & Co. v. City Hay & Grain Co., 158 N.C. 156, 73 S.E. 884 (1912).
§ 106-100. Sale without complying with article; sale of feeding stuff below grade; forfeiture; authorizing use of adulterants; release from forfeiture. — Any manufacturer, importer, jobber, agent, or dealer who shall sell, offer or expose for sale or distribution in this State, any concentrated commercial feeding stuff, as defined above in this article, without complying with the requirements of the preceding sections of this article, or who shall sell or offer or expose for sale or distribution any concentrated commercial feeding stuff which contains substantially a smaller percentage of crude protein or crude fat or carbohydrates or a larger percentage of crude fiber than certified to be contained, or who shall adulterate any feeding stuff with foreign, mineral, or other substance or substances, such as rice chaff or hulls, peanut shells, corn cobs, oat hulls, or similar materials of little or no feeding value, or with substances injurious to the health of domestic animals, shall be guilty of a violation of this article, and the lot of feeding stuff in question shall be subject to seizure, condemnation, and sale by the Commissioner of Agriculture, and the proceeds from said sales shall be covered into the State treasury for the use of the Department executing the provisions of this article; provided, however, the Board of Agriculture may authorize and regulate the use of some such substances in feeding stuffs to satisfy certain feeding needs determined by research findings. The Commissioner of Agriculture, however, may in his discretion release the feeding stuff so withdrawn when the requirements of the provisions of this article have been complied with, and upon payment of all costs and expenses incurred by the Department of Agriculture in any proceedings connected with such seizure and withdrawal. (1909, c. 149, s. 7; C. S., s. 4731; 1963, c. 1176.)

Editor's Note. — The 1963 amendment added the proviso at the end of the first sentence.

§ 106-101. Method of seizure and sale on forfeiture. — Such seizure and sale shall be made under the direction of the Commissioner of Agriculture or an officer of the Department of Agriculture. The sale shall be made at the courthouse door in the county in which the seizure is made, after thirty days' advertisement in some newspaper published in such county, or if no newspaper is published in such county, then by like advertisement published in the nearest county thereto having a newspaper. The advertisement shall state the name or brand of the goods, the quantity, and why seized and offered for sale. (1909, c. 149, s. 7; C. S., s. 4732.)
§ 106-102. Collection and analysis of sample. — The Commissioner of Agriculture, together with his deputies, agents, and assistants, shall have free access to all places of business, mills, buildings, carriages, cars, vessels, and packages of whatsoever kind used in the manufacture, importation, or sale of any concentrated commercial feeding stuff, and shall have power and authority to open any package containing or supposed to contain any concentrated commercial feeding stuff, and, upon tender and full payment of the selling price of said samples, to take therefrom, in the manner hereinafter prescribed, samples for analysis; and he shall annually cause to be analyzed at least one sample so taken of every concentrated commercial feeding stuff that is found, sold, or offered or exposed for sale in this State under the provisions of this article. Said sample, not less than one pound in weight, shall be taken from not less than ten bags or packages, or if there be less than ten bags or packages, then the sample shall be taken from each bag or package, if it be in bag or package form, or if such feeding stuff be in bulk, then it shall be taken from ten different places of the lot. The sample or samples taken shall be kept a reasonable length of time by the Department of Agriculture, and on demand a portion of such sample or samples shall be furnished to the manufacturer, importer, or jobber of his feeds for examination by the chemists or other experts of said manufacturer, importer, or jobber. The Department of Agriculture is hereby authorized to publish from time to time in reports or bulletins the results of the analysis of such sample or samples, together with such additional information as circumstances advise: Provided, however, that if such sample or samples as analyzed differ from the statement prescribed in § 106-93.1, then, at least thirty days before publishing the results of such analysis, written notice shall be given of such results to the manufacturer, importer, agent, or jobber of such stock, if the name and address of such manufacturer, jobber, or importer be known: Provided further, that if the analysis of any such sample differs within reasonable limits only from the statement (prescribed in § 106-93.1) appearing upon the goods, the manufacturer shall be considered as having complied with the requirements of this article. (Rev., s. 3808; 1909, c. 149, s. 9; C. S., s. 4733; 1943, c. 225, s. 4.)

Cross Reference.—See note to § 106-94. Johnson & Sons' Farms, 263 N.C. 66, 138

§ 106-102.1. Misbranding; penalty; payable to purchaser; value of feed; deficiencies of weight.—If the analysis shall show that any feed bearing a guaranteed analysis of twenty-four percent protein or less falls as much as five percent (five percent of the guarantee) and not more than ten percent (ten percent of the guarantee) below the guaranteed analysis in protein, twice the value of such deficiency shall be assessed against the manufacturer or guarantor. If the feed shall fall over ten percent below the guaranteed analysis in protein, the penalty assessed shall be three times the value of the deficiency.

If the analysis shall show that any feed bearing a guaranteed analysis of more than twenty-four percent protein falls as much as two percent (two percent of the guarantee) and not more than four percent (four percent of the guarantee) below the guaranteed analysis in protein, twice the value of such deficiency shall be assessed against the manufacturer or guarantor. If the feed shall fall over four percent below the guaranteed analysis in protein, the penalty assessed shall be three times the value of the deficiency. If the analysis shall show that any feed is deficient in fat by more than fifty hundredths percent (one half unit), the Commissioner may, in his discretion, assess a penalty equal to twice the value of the deficiency.

If the fiber content of any lot of feed shall exceed the maximum guarantee by more than two percent (2%) (two units), a penalty shall be assessed equal to ten percent (10%) of the value of the feed; provided, if the fiber content of any lot of dairy or dairy cow feed shall exceed a maximum guarantee of fifteen percent (15%), a penalty shall be assessed equal to ten percent (10%) of the value of the feed.
§ 106-103  Ch. 106. Agriculture—Feeding Stuffs  § 106-106

If the microscopic analysis or any other analysis reveals that the feed is mislabeled, the Commissioner may, in his discretion, assess a penalty equal to ten percent (10%) of the value of the feed.

The minimum penalty under any of the foregoing provisions shall in no case be less than three dollars ($3.00), regardless of the value of the deficiency.

Within sixty days from the date of notice by the Commissioner to the manufacturer, guarantor, dealer, or agent, all penalties assessed and collected under this section shall be paid to the purchaser of the lot of feed represented by the sample analyzed. When such penalties are paid, receipts shall be taken and promptly forwarded to the Commissioner of Agriculture. If said consumers cannot be found, the amount of the penalty assessed shall be paid to the Commissioner of Agriculture who shall deposit the same in the Department of Agriculture fund, of which the State Treasurer is custodian. Such sums as shall thereafter be found to be payable to consumers on lots of feed against which penalties were assessed shall be paid from said fund on order of the Commissioner of Agriculture. After a twelve months' period such sums as have not been paid to consumers on lots of feed against which said penalties were assessed may be used by the Commissioner of Agriculture as he may see fit for the purpose of promoting the agricultural program of the State.

The approximate retail value per pound and per unit of the various guarantees shall be computed by the Commissioner and be used to establish the relative value of the feed sold or offered for sale in this State. The Commissioner is authorized to furnish, upon application, such relative values to any persons engaged in the manufacture or sale of feed in this State.

If any feed is found by an inspector of the Department of Agriculture to be short in weight, the manufacturer or guarantor of said feed shall, within ten days of official notice from the Department of Agriculture, make good such deficiency and pay to the consumer a penalty equal to four times the value of the actual shortage. The Commissioner, in his discretion, may allow reasonable tolerances for short weight due to loss through handling and transporting. (1943, c. 225, s. 5; 1953, c. 698, s. 2; 1955, c. 868, ss. 4, 5.)

§ 106-103. Rules and standards to enforce article. — The Board of Agriculture is empowered to adopt standards for concentrated commercial feeding stuffs and such rules and regulations as may be necessary for the enforcement of this article, and a violation of such rules and regulations shall be a misdemeanor. (Rev., s. 3808; 1909, c. 149, s. 9; C. S., s. 4734.)

(1909, c. 149, s. 10; C. S., s. 4735; 1959, c. 1057, s. 10.)

§ 106-105. Refusal to comply with article or hindering its enforcement. — Any manufacturer, importer, jobber, agent, or dealer who refuses to comply with the requirements of the provisions of this article, or any manufacturer, importer, jobber, agent, or dealer or person who shall impede, obstruct, hinder, or otherwise prevent or attempt to prevent any chemist, inspector, or other authorized agent in the performance of his duty in connection with the provisions of this article, shall be guilty of a violation of such provisions. (1903, c. 325, s. 8; Rev., s. 3827; 1909, c. 149, s. 11; C. S., s. 4736.)

§ 106-106. Violation of article a misdemeanor. — Any manufacturer, importer, jobber, agent or dealer who violates any of the provisions of this article
§ 106-107. Notice of charges to accused; hearing before Commissioner.—Whenever the Commissioner of Agriculture becomes cognizant of any violation of the provisions of this article he shall immediately notify in writing the manufacturer, importer, or jobber and dealer, if same be known. Any party so notified shall be given an opportunity to be heard, under such rules and regulations as may be prescribed by the Commissioner and the Board of Agriculture. (1909, c. 149, s. 13; C. S., s. 4738.)

§ 106-108. Commissioner to certify facts to solicitor and furnish analysis.—If it appears that any of the provisions of this article have been violated the Commissioner of Agriculture shall certify the facts to the solicitor in the district in which such sample was obtained, and furnish that officer with a copy of the results of the analysis or other examinations of such article, duly authenticated by the analyst or other officer making such examination, under the oath of such officer. (1909, c. 149, s. 13; C. S., s. 4739.)

§ 106-109. Solicitor to prosecute violations.—It shall be the duty of every solicitor to whom the Commissioner of Agriculture shall report any violation of this article to cause proceedings to be prosecuted without delay for the fines and penalties in such cases prescribed. § 106-266.1. Requirements to be complied with by out-of-state shippers of milk or cream.—No person, firm, association or corporation shall ship, transport, carry, send or bring into this State any milk or cream for fluid distribution without first having applied for and obtained from the Commissioner of Agriculture of this State a permit authorizing such transaction, shipment or transportation. In order to defray the expenses of the enforcement of this article, the Commissioner of Agriculture shall collect a fee of twenty-five dollars ($25.00) for the issuance of such permit. The Board of Agriculture is authorized and empowered to establish, determine, fix and promulgate rules and regulations containing all necessary definitions, conditions, standards and classifications of the type, kind, quality, conditions of production, sanitary conditions and other reasonable requirements that must be complied with before milk or cream is shipped, transported, carried or brought into this State, including compliance with the Milk Audit Law of this State. Before any person, firm, association or corporation ships, transports, brings, sends or carries any milk or cream into this State, advance notice of such shipment or transportation shall be given to the Commissioner of Agriculture of this State and contain such information as the Board of Agriculture shall prescribe by rules and regulations. The Commissioner of Agriculture is authorized to suspend, immediately upon notice to a permit holder, any permit issued under authority of this section if it is found by him that any of the conditions of the permit or any of the rules, regulations and laws have been violated. The holder of a permit so suspended shall be privileged at any time to apply for the reinstatement of such permit, and the Commissioner of Agriculture shall, immediately after prompt hearing and such other examinations or inspections as he deems proper, reinstate such permit if it is found that adequate measures have been taken to comply with and maintain the conditions of the permit, as originally issued or as amended. Any permit issued by the Commissioner of Agriculture under the authority of this section may be revoked after an opportunity for a hearing by the Commissioner of Agriculture, upon the violation by the holder of the permit of any of the terms, conditions, rules and regulations issued and promulgated by authority of this section. All milk or cream shipped, transported, carried, sent or brought into this State shall be sold to, consigned to, delivered to, be transported, sent or carried only to a person, firm, association or corporation or to a milk distributor in this State holding or possessing an unrevoked permit from the Commissioner of Agriculture authorizing the receiving or importation of such milk or cream. All unrevoked permits issued under the authority of this section shall become null and void after the expiration of December 31st of each year. In order that a sufficient supply of milk or cream shall always be available for the inhabitants of the State the Commissioner of Agriculture may issue to approved permit holders, or to nonpermit holders, temporary emergency permits.
§ 106-266.2. Requirements and standards for distributors in this State distributing imported milk or cream.—No person, firm, association or corporation shall import, transport into, receive, bring into or cause to be imported or to be sent into this State from another state for the purpose of sale, for the purpose of offering for sale, for the purpose of distribution any milk or cream unless such person, firm, association or corporation has obtained a permit from the Commissioner of Agriculture for such purpose. All permits issued under the authority of this section shall be issued after the payment of a fee of twenty-five dollars ($25.00) to the Commissioner of Agriculture. The holder of a permit so suspended shall be privileged at any time to apply for the reinstatement of such permit, and the Commissioner of Agriculture shall, immediately after prompt hearing, reinstate such permit if it is found that adequate measures have been taken to comply with and maintain the conditions of the permit as originally issued, or as amended. It shall be the duty of the Commissioner of Agriculture to issue and enforce a written or printed "stop sale, use or removal" order to the owner or custodian of any quantity of milk or cream imported, transported, or brought into this State and to hold the same at a designated place when the Commissioner of Agriculture finds that said milk or cream does not meet the requirements of the provisions of this article or the rules and regulations promulgated thereunder, until the law has been complied with and said milk or cream is released in writing by the Commissioner of Agriculture or said violation has been otherwise legally disposed of by written authority or by written order by the Commissioner of Agriculture directing the owner or custodian to remove the milk or cream from the State. The Commissioner of Agriculture shall release the milk or cream so withdrawn from the sale when the requirements of the provisions of this article and the rules and regulations promulgated thereunder have been complied with and upon payment by the out-of-state shipper of all costs and expenses incurred in connection with the withdrawal. All unrevoked permits issued under the authority of this section shall become null and void after the expiration of December 31st of each year. All authority vested in the Commissioner of Agriculture by virtue of the provisions of this article may, with like force and effect, be executed by such employees and agents of the Commissioner of Agriculture as may, from time to time, be designated by him for such purpose. The Commissioner of Agriculture or his duly authorized agent shall have free access at all reasonable hours to any dairy, milk processing plant, distributing plant or any establishment, depot, tank, truck or vehicle which contains milk for the purpose of inspecting any milk or cream, containers, or any other establishment or device pertaining to the transportation, the distribution, bottling or storage of milk or cream for the purpose of determining whether any of the provisions of this article or of the rules and regulations promulgated thereunder have been violated, and the Commissioner of Agriculture
may secure samples of specimens of any such milk or cream after paying or offering to pay for such sample.

In order that a sufficient supply of milk or cream shall always be available for the inhabitants of the State the Commissioner of Agriculture may issue to permit holders, or nonpermit holders upon payment of a permit fee of twenty-five dollars ($25.00), temporary emergency permits for limited periods or limited quantities of milk or cream and may restrict such permits to a limited area or to a particular city or to a particular market or markets in accordance with such regulations as the Commissioner of Agriculture may prescribe for each temporary permit. (1949, c. 822.)

§ 106-266.3. (1949, c. 822.)

§ 106-266.4. Penalty for violation.—Any person, firm, association or corporation found guilty by a competent court of violating any of the provisions of this article shall be guilty of a misdemeanor and upon plea of guilty or conviction shall be fined not to exceed fifty dollars ($50.00) for the first offense and for each subsequent offense shall be fined or imprisoned in the discretion of the court. (1949, c. 822.)

§ 106-266.5. without voting privileges except in cases of tie votes, but his presence and attendance at meetings shall be counted in determining a quorum of the Commission. Except for the Commissioner of Agriculture, all members of the Commission shall be appointed by the Governor. Of the members of the Commission first appointed, the Governor shall designate one for a term of one year; one for a term of two years; one for a term of three years; and three for a term of four years. Thereafter, appointments shall be made for terms of four years.

(b) The Commission shall select one of its members who shall act as chairman and shall provide such administrative personnel as may be necessary to carry out the provisions of this article.

(c) The pay of the members of the Commission shall be set by the Governor and the Council of State.

(d) Five members of the Commission shall constitute a quorum.

(e) The Commissioner of Agriculture and the Director of the Agricultural Experiment Station of North Carolina State University at Raleigh shall provide as far as practical without additional compensation such technical and other services as may be necessary to carry out the provisions of this article.

(f) The Commission shall, subject to the limitations herein contained and the rules and regulations of the Commission, enforce the provisions of this article, but no official act shall be taken, rule or regulation be promulgated, or official order be made or enforced, with respect to the provisions of this article, without the approval of the majority of the members of the Commission. (1953, c. 1338, s. 2; 1955, c. 406, ss. 2, 35; c. 1287, s. 1; 1965, c. 213.)

Editor’s Note.—Session Laws 1955, c. 276, s. 1, changed “agricultural experi-“agricultural research station.”ment station,” as used in § 106-15, to read

§ 106-266.8. Powers of Commission.—The Commission is hereby declared to be an instrumentality of the State of North Carolina, vested with power:

(1) To confer with the legally constituted authorities of other states of the United States, with a view of securing a uniformity of milk control, with respect to milk coming into the State of North Carolina and going out of the said State in interstate commerce, with a view of accomplishing the purpose of this article, and to enter into a compact or compacts for such uniform system of milk control.

(2) To investigate all matters pertaining to the production, processing, storage, distribution, and sale of milk for consumption in the State of North Carolina.

(3) To supervise and regulate the transportation, processing, storage, distribution, delivery and sale of milk for consumption; provided that nothing in this article shall be interpreted as giving the Commission any power to limit the quantity of milk that any producer can produce, nor the power to prohibit or restrict the admission of new producers; and provided further that any distributor, having on April 1, 1953, a local health department permit authorizing the selling of dairy products in any county, city and/or town, shall be granted a license by the Commission to continue to operate in said county, city and/or town unless and until the Commission shall suspend or revoke such license upon due notice and after a hearing as authorized by this article.

(4) To act as mediator or arbiter in any controversial issue that may arise among or between milk producers and distributors as between themselves, or that may arise between them as groups.

(5) To cause examination into the business, books, and accounts of any milk producer, association of producers or milk distributors, their affiliates or subsidiaries; to issue subpoenas to milk producers, association of producers, and milk distributors, and require them to
produce their records, books, and accounts; to subpoena any other person from whom information is desired.

(6) To take deposition of witnesses within or without the State. Any member of the Commission or any employee of the Commission, so designated, may administer oaths to witnesses and sign and issue subpoenas.

(7) To hold hearings, make and adopt rules and regulations and/or orders necessary to carry out the purposes of this article. Every rule or order of the Commission shall be filed in the office of the Commissioner and a certified copy sent to the chairman of the board in the marketing area affected by said rule or order. An order applying only to a person or persons named therein shall be served on the person or persons affected. An order, herein required to be served, shall be served by personal delivery of a certified copy, or by mailing a certified copy in a sealed envelope, by certified mail, return receipt requested, with postage prepaid, to each person affected thereby; or in the case of a corporation, to any officer or agent of the corporation upon whom legal processes may be served. The filing in the office of the Commissioner with a certified copy of any rule or order to the chairman of the board in the area affected shall constitute due and sufficient notice to all persons affected by such rule or order.

(8) The operation and effect of any provision of this article conferring a general power upon the Commission shall not be impaired or qualified by the granting to the Commission by this article of a specific power or powers.

(9) The Commission shall not exercise its power in any market until a public hearing has been held for such market, and the Commission determines that it will be to the public interest that it shall so exercise its power in such market. The Commission may, on its own motion, call such a hearing, and shall call such a hearing upon the written application of a producers' association organized under the laws of the State, supplying in the judgment of the Commission, a substantial proportion of the milk consumed in such market, but if no such producers' organization exists on said market, the Commission shall call such hearing upon the written application of producers supplying a substantial proportion of the milk consumed in said market; and shall call such hearing upon the written application of distributors, distributing a substantial proportion of the milk consumed in such market. Such hearing may be held at the time and place and after such notice as the Commission may determine.

The Commission may withdraw the exercise of its powers from any market after a public hearing has been held for such market, and the Commission determines that it will be to the public interest to withdraw the exercise of its powers from such market.

The Commission shall withdraw the exercise of its power from any market upon written application of a majority of the producers in said marketing area.

(10) The Commission, after public hearing and investigation, may fix prices to be paid producers and/or associations of producers by distributors in any market or markets, and may also fix different prices for different grades or classes of milk. Whenever the Commission, after a public hearing and investigation, finds as a fact that an impending marketing situation threatens to disrupt or demoralize the milk industry in any milk-marketing area or areas, it may establish such minimum prices at which milk may be sold in the said area or areas, as it may deem to be necessary to prevent the disruption of such market or markets; and when the Commission finds that such threat no longer
§ 106-266.8  Ch. 106. Agriculture—Milk, etc.  § 106-266.8

exists it shall withdraw such order or orders: Provided, that this
authority shall not apply to the resale of milk when it is purchased
for consumption on the premises. In exercising this authority, the Com-
mmission may take into consideration the type of container in which
the milk is marketed. In determining the reasonableness of prices to
be paid or charged in any market or markets for any grade, quantity,
or class of milk the Commission shall be guided by the cost of pro-
duction and distribution, including compliance with all sanitary reg-
ulations in force in such market or markets, necessary operating, pro-
cessing, storage and delivery charges, the prices of other foods and
other commodities, and the welfare of the general public. Prices to be
paid producers and/or associations of producers by distributors in any
market or markets fixed under the authority of this subdivision shall
not become effective until the distributors, and producer associations
affected thereby are notified in writing by certified or registered mail
and until the expiration of thirty (30) days after the mailing of said
notices. When a distributor handles or processes milk within the State
of North Carolina, the subsequent resale of the milk outside the State
shall not affect the right of the Commission to establish and enforce the
minimum price to be paid to producers for such milk. In establishing
producer prices for milk moving into other states, the Commission shall
take into consideration prevailing producer prices established by state
or federal milk control agencies operating in such other states.

(11) The Commission may require all distributors in any market designated
by the Commission to be licensed by the Commission for the purpose
of carrying out the provisions of this article. One who purchases milk
from a licensed distributor for the purpose of retail sales shall not be
required to be licensed hereunder. The Commission may decline to
grant a license, or may suspend or revoke a license already granted
upon due notice and after a hearing whenever said applicant or licensee
shall have violated or failed to comply with the requirements of this
article 28B, or upon any of the following grounds:

a. Where the distributor has failed to account and make payment
for any milk purchased or received on consignment or other-
wise from a producer or association of producers, or has, if a
subdistributor, failed to account and make payment for any milk
purchased or received on consignment or otherwise from a dis-
tributor; provided, however, that if it be shown there was rea-
sonable cause for any such failure to account and make pay-
ment, and that such accounting and payment can and will be
made promptly, the Commission shall not suspend or revoke a
license solely for such failure until a reasonable opportunity has
been afforded to make such accounting and payment.

b. Where the applicant or distributor has made a general assign-
ment for the benefit of creditors, or has been adjudged a bank-
r upt, or there has been entered against him a judgment upon
which an execution remains wholly or partly unsatisfied, or
where it is shown that the applicant or distributor has insuf-fi-
cient financial responsibility, personnel or equipment properly
to conduct the milk business.

c. Where the applicant or distributor has engaged in a course of ac-
tion such as to satisfy the Commission of an intent on his part
to deceive or defraud customers, producers or consumers.

d. Where the applicant or distributor has failed to maintain such
records as are required by the rules and regulations of the Com-
mision or has failed to furnish the statements or informa-
required by the Commission under this article 28B or has kept false records or furnished false statements with respect to such information.

e. Where the applicant or distributor has rejected, without reasonable cause, any milk purchased from a producer, or has refused to accept, without either reasonable cause or reasonable advance notice, milk delivered by or on behalf of a producer in ordinary continuance of a previous course of dealing, except when the contract has been lawfully terminated.

In any case where the Commission shall suspend a license, the Commission may, in its discretion, accept from the licensee an offer in compromise of not less than fifty dollars ($50.00) and not more than one thousand dollars ($1,000.00) as a penalty in lieu of such suspension, and thereupon rescind the suspension. All receipts from such penalties shall be paid by the Commission to the State Treasurer for disposition in the same manner as assessments, as provided by G.S. 106-266.12. The Commission may classify licenses, and may issue licenses to distributors to process or store or sell milk to a particular city or village or to a market or markets within the State of North Carolina.

(12) Any member of the Commission, or any person designated for the purpose, shall have access to, and may enter at all reasonable hours, all places where milk is processed, stored, bottled or manufactured into food products. Any member of the Commission or designated employee shall have the power to inspect and copy books and records in any place within the State for the purpose of ascertaining facts to enable the Commission to administer this article. The Commission may combine such information for any market or markets and make it public.

(13) The Commission may define after a public hearing what shall constitute a natural market area and define and fix limits of the milk shed or territorial area within which milk shall be produced to supply any such market area: Provided, that producers, producer-distributors or their successors now shipping milk to any market may continue to do so until they voluntarily discontinue shipping to the designated milk market.

(14) The Commission may delegate such of its powers given it by this article as it sees fit to the milk board in any particular market area, for the purpose of carrying out the provisions of this article within said market area.

(15) Each licensee shall from time to time, as required by the Commission, submit verified reports containing such information as the Commission may require. (1953, c. 1338, s. 3; 1955, c. 1287, s. 2; 1959, c. 1292; 1963, c. 797, ss. 1-3; 1965, c. 936, s. 1.)

Editor's Note. — The 1963 amendment substituted “certified mail” for “registered mail” near the middle of subdivision (7), added the fifth sentence of subdivision (10) and rewrote subdivision (11).

The 1965 amendment added the last two sentences in subdivision (10).

Section Is Constitutional.—This section, conferring upon the Milk Commission power to fix prices in respect to milk and its products in intrastate business, prescribes standards for the guidance of the Commission and leaves to the Commission only its proper administrative function. It does not violate N.C. Const., Art. I, §§ 17 and 37, nor the Fourteenth Amendment to the federal Constitution. State ex rel. North Carolina Milk Comm'n v. Gallo- way, 249 N.C. 638, 107 S.E.2d 691 (1959).

Regulation and Fixing of Transportation Rates.—In view of the very broad powers conferred upon the Milk Commission by subdivision (7) of this section to hold hearings, make and adopt rules and regulations and orders necessary to carry out the purposes of this act regulating the producing, etc., of milk, the Milk Commission, and the superior court on appeal, have the power,
fairly implied from the language of the act and essential to putting into effect its declared purposes and objects, to regulate and to fix transportation rates for distributors in North Carolina hauling milk of their producers in North Carolina to their processing plant in North Carolina—all intrastate business—and sufficient standards for their guidance in regulating and fixing such hauling prices are to be fairly implied from subdivision (10) of this section. State ex rel. North Carolina Milk Comm'n v. Galloway, 249 N.C. 658, 107 S.E.2d 631 (1959).

An order of the Milk Commission pursuant to this section prescribing a uniform hauling charge per cwt. upon all producers delivering milk to a certain distributor, regardless of the distance or route, is not arbitrary or discriminatory and is relevant to the legislative purpose of the Milk Commission Act. It does not deny a producer the equal protection of the laws or deprive him of property without due process of law, even though he is subject under the regulation to a higher charge than he was under a former system, and does not violate N.C. Const., Art. I, §§ 17 and 37, nor the Fourteenth Amendment to the federal Constitution. State ex rel. North Carolina Milk Comm'n v. Galloway, 249 N.C. 658, 107 S.E.2d 631 (1959).

§ 106-266.9. Distributors to be licensed; prices and practices of distributors regulated.—No distributor in a market in which the provisions of this article are in effect shall buy milk from producers, or others, for sale within the State, or sell or distribute milk within the State, unless such distributor is duly licensed under the provisions of this article. It shall be unlawful for a distributor to buy from or sell milk to a distributor who is not licensed as required by this article. It shall be unlawful for any distributor to deal in, or handle milk if such distributor has reason to believe that the milk has been previously dealt in, or handled, in violation of the terms and provisions of this article. No distributor shall violate the prices as established by or filed with the Commission or offer any discounts or rebates without authority from the Commission; and the Commission may prohibit such practices as it may deem to be contrary to the welfare of the public and the dairy industry, such as the use of special prices or special inducements in any form or any unfair trade practices in order to vary from the established prices. The Commission may require each distributor to file with the Commission one complete schedule of his wholesale and retail prices for each marketing area and may require each distributor to charge his posted prices for all sales and to give ten days' notice by certified mail to the Commission and every licensed distributor in each marketing area affected prior to the effective date of any changes in said posted prices. The requirements as to filing price schedules shall not apply to retail stores the principal business of which is selling other than dairy products and which do not maintain or control directly or indirectly a milk processing plant. The Commission may prohibit a distributor from selling or offering for sale milk in any market or county at prices less than the prices filed for the market or county in which such distributor’s processing or bottling plant is located, except in such cases as such sales may be made at a lower price or prices in good faith to meet competition. (1953, c. 1338, s. 4; 1955, c. 406, s. 4; 1963, c. 797, ss. 2, 4, 4½.)

Editor’s Note.—The 1963 amendment inserted the words “or filed with” near the beginning of the fourth sentence, substituted “certified mail” for “registered mail” in the fifth sentence and added at the end of the sixth sentence the words “and which do not maintain or control directly or indirectly a milk processing plant.”

§ 106-266.10. Application for distributor’s license.—An application to the Commission for a license to operate as a distributor shall be made by mail or otherwise within thirty days after the provisions of this article become effective in a market, and as to any distributor thereafter beginning business, before such distributor shall begin such business therein. The application shall be made on blanks furnished by the Commission for that purpose. (1953, c. 1338, s. 5.)

§ 106-266.11. Annual budget of Commission; collection of monthly assessments from local milk boards.—The Commission shall prepare an
§ 106-266.12. Milk Commission Account; deductions by distributor from funds owed to producer.—All receipts from assessments collected under this article shall be paid by the Commission to the State Treasurer and shall be placed by the State Treasurer in a general fund to the credit of an account to be known as the "Milk Commission Account" and such an amount as may be necessary, and no more, is hereby appropriated out of this Milk Commission Account, for the payment of all expenses incurred by the Commission in administering and enforcing this article. The Commission shall require a distributor to make such deductions from funds owed to a producer as authorized by the producer. (1953, c. 1338, s. 6.)

§ 106-266.13. Local milk boards.—(a) Members.—For the purpose of securing the benefits of this article, in any market area, the producers and distributors and producer-distributors in that market area shall establish a milk board of five members to carry out the provisions of this article in conjunction with the Commission. Each board shall be composed of two producers supplying milk to the market, one of whom shall be named by the producers operating in the market and one by the Commission. In the markets where the producers' association handles the selling of fifty percent (50%) or more of the milk, the association shall have the right to name both producer representatives on the milk board; and two representatives of the distributors operating in the market shall be named by the Commission. In markets where producer-distributors handle fifty percent (50%) or more of the milk used in the market, the Commission shall determine the representation of the producers, the producer-distributors and the distributors on the milk board on a basis fair to all parties.

The Commission shall appoint the fifth member of the milk board to represent the consumers and the public interest, who shall serve as chairman of the board. The representative of the consumer and the public interest shall have no connection financially or otherwise with the production or distribution of milk or products derived therefrom.

(b) Powers.—The milk board shall perform such functions as the Commission shall delegate to it. (1953, c. 1338, s. 8.)

§ 106-266.14. Assessments to meet expenses of carrying out article.—The expenses, including salaries and/or per diem found necessary to properly carry out the provisions of this article shall be met by an assessment or assessments of not over two cents (2c) per hundred pounds of milk and/or cream (converted to terms of milk of four percent (4%) of butterfat) handled by distributors and not over two cents (2c) per hundred pounds of milk and/or cream (converted to terms of milk of four percent (4%) of butterfat) sold by producers. All assessments shall be paid in monthly or semimonthly installments, at the time that distributors pay producers for the milk and after the original assessment is so paid, no additional assessment shall be levied for the purposes of this article. Assessments shall be made for such funds as are found necessary to carry out the provisions of this article, but no more. (1953, c. 1338, s. 9.)
§ 106-266.15. Injunctive relief.—In the event of violation of any provisions of this article, or order promulgated under the provisions thereof, in addition to any other remedy, the Commission may apply to any court of record in the State of North Carolina for relief by injunction, if necessary, to protect the public interest without being compelled to allege or prove that any adequate remedy at law does not exist. (1953, c. 1338, s. 10.)

§ 106-266.16. Penalties.—Any person violating any provisions of this article, or order promulgated under the provisions thereof, or of any license issued by the Commission shall be guilty of a misdemeanor and may be prosecuted and punished therefor, and upon conviction, shall be punished by a fine of not less than twenty-five dollars ($25.00) and not more than one hundred dollars ($100.00), or by imprisonment in the county jail for not less than thirty (30) days nor more than one year, or by both fine and imprisonment, and each day during which such violation shall continue shall be deemed a separate violation. Prosecutions for violations of this article shall be instituted by the Attorney General or otherwise, in any county or city of the State of North Carolina in which such violations occur. (1953, c. 1338, s. 11.)

§ 106-266.17. Appeals.—Any person or persons aggrieved by an order of the Commission refusing a license, to reissue or revoke or suspend a license, to a distributor or producer-distributor or to transfer a license from one person to another, and any order of the Commission applying only to a person or persons, and not otherwise specifically provided for, may be reviewed upon appeal to the superior court. Any person or persons aggrieved by an order of the Commission fixing, revising or amending the price at or the terms upon which milk may be bought and sold, or any other order, action, rule or regulation of the Commission, may, within forty (40) days after the effective date of such action, rule, regulation or order, appeal therefrom to the superior court. No such appeal shall, in either case, act as a supersedeas except on a special order of the superior court allowing a supersedeas. Before any such person, or persons, shall be allowed to appeal, he shall file written notice of appeal with the Commission and within ten (10) days after the receipt of said written notice of appeal it shall be the duty of the Commission to certify a complete record of its proceedings with all papers or evidence to the clerk of the superior court of the county in which the appellant resides or to the clerk of the superior court of a county in which the violation occurs. The cause shall be entitled “State of North Carolina on Relation of the North Carolina Milk Commission against (here insert name of appellant),” and said cause shall be heard de novo in the superior court. (1953, c. 1338, s. 12.)

A sedulous protection against abuse of power by the Milk Commission is provided in this section, which requires that when an appeal is taken from an order of the Milk Commission, the proceeding shall be heard de novo in the superior court. State ex rel. North Carolina Milk Comm’n v. Galloway, 249 N.C. 658, 107 S.E.2d 631 (1959).
§ 106-266.18. Saving clause.—No provisions of this article shall apply or be construed to apply to foreign or interstate commerce, except insofar as the same may be effective pursuant to the United States Constitution and to the laws of the United States enacted pursuant thereto. (1953, c. 1338, s. 13.)

§ 106-266.19. Marketing agreements not to be deemed illegal or in restraint of trade; conflicting laws.—The making of marketing agreements between producers' cooperative marketing associations and distributors and producer-distributors under the provisions of this article shall not be deemed a combination in restraint of trade or an illegal monopoly, nor an attempt to lessen competition or fix prices arbitrarily nor shall the marketing contract or agreements between the association and the distributors and producer-distributors, or any agreements authorized in this article, be considered illegal or in restraint of trade. All laws and clauses of laws in conflict with the provisions of this article are hereby repealed to the extent necessary for the full operation of this article. No provisions of this article shall be deemed in conflict with articles 28 and 28A of chapter 106, Volume 3A of the General Statutes. No provisions of this article shall be deemed in conflict with the authority granted to county, city-county and district boards of health by §§ 130-19, 130-20, 130-66, of chapter 130, Volume 3B of the General Statutes, to make and enforce rules and regulations governing milk sanitation or with the authority granted to the State Board of Health by § 130-3 of Volume 3B of the General Statutes, to make sanitary inquiries and investigations. (1953, c. 1338, s. 14.)

Editor's Note.—Chapter 130 of the General Statutes was completely rewritten by Session Laws 1957, c. 1357, s. 1. The authority of local boards of health is now contained in § 130-17. As to sanitary investigations by the State Board of Health, see now § 130-11.

§ 106-266.20. Limitations upon power of Commission.—Nothing in this article shall be interpreted as giving the Commission any power to limit the quantity of milk that any producer can produce, nor the power to prohibit or restrict the admission of new producers, nor the power to restrict the marketing area of any producer. (1953, c. 1338, s. 14½.)

§ 106-266.21. Sale below cost to injure or destroy competition prohibited.—The sale of milk by any distributor or producer-distributor or retailer below cost for the purpose of injuring, harassing or destroying competition is hereby prohibited. At any hearing or trial on a complaint under this section, evidence of sale of milk by a distributor or subdistributor or retailer below cost shall constitute prima facie evidence of the violation or violations alleged, and the burden of rebutting the prima facie case thus made, by showing that the same was justified in that it was not, in fact, made below cost or that it was not for the purpose of injuring, harassing or destroying competition, shall be upon the person charged with a violation of this section. As used herein the term "cost" shall be construed to mean the price paid for Grade A or Class I milk in the area where such sale is made plus a reasonable allocation of processing and marketing expenses. In determining whether any sale has been made in violation of this section, the Commission shall consider all discounts, rebates, gratuities or any other matters which may have the effect of either directly or indirectly reducing the price received by the distributor or producer-distributor or retailer involved. In the absence of specific proof to the contrary by a retailer as evidenced by a reasonable standard or method of accounting regularly employed by such retailer, the "cost" of the milk to the retailer shall be deemed to be the invoice price paid or incurred for the purchase of milk, plus a minimum of seven percent (7%) of the invoice price, computed to the nearest half cent (½¢) per sales unit, this being deemed to be a reasonable allocation of the retailer's expense in marketing its milk. Where a retailer processes its own milk, or purchases its milk from a subsidiary corporation,
§ 106-267. Inspection, grading and testing dairy products. — The State Board of Agriculture shall have full power to make and promulgate rules and regulations for the Department of Agriculture in its inspection and control of the purchase and sale of milk and other dairy products in North Carolina; to make and establish definitions, not inconsistent with the laws pertaining thereto; to qualify and determine the grade and contents of milk and of other dairy products sold in this State; to regulate the manner of testing the same and the handling, treatment and sale of milk and dairy products, and to promulgate such other rules and regulations not inconsistent with the law as may be necessary in connection with the authority hereby given to the Commissioner of Agriculture on this subject. (1933, c. 550, ss. 1-3; 1951, c. 1121, s. 1.)

§ 106-267.1. License required; fees; term of license; examination required. — Every person who shall test milk or cream in this State by, or sample milk for, the Babcock method or otherwise for the purpose of determining the percentage of butterfat or milk fat contained therein, where such milk or cream is bought and paid for on the basis of the amount of butterfat contained therein, shall first obtain a license from the Commissioner of Agriculture. Any person applying for such license or renewal of license shall make written and signed application on blanks to be furnished by the Commissioner of Agriculture. It shall be unlawful for any person to remove or dispose of any embargoed product, by sale or otherwise, without such permission: Provided, that if such adulteration or misbranding can be corrected by proper labeling or processing of the products so that the products meet the definitions and standards of purity and identity, then with the approval of such agent or inspector, sale and removal may be made. Any milk, dairy products or any of the products enumerated in this article or section not in compliance with this article or section shall be subject to seizure upon complaint of the Commissioner of Agriculture, or any of the agents or inspectors of the Department of Agriculture, to a court of competent jurisdiction in the area in which said products are located. § 106-284.6. Purposes; definitions and standards. — In order to improve farming in North Carolina and to enable potato growers to secure higher quality Irish potatoes and sweet potatoes and parts thereof for the purpose of propagation, and in order to prevent the spread of diseases affecting the future stability of the potato industry and the general welfare of the public, the following definitions and standards are hereby adopted:

“Certified” sweet potatoes and Irish potatoes and parts thereof for propagation uses shall mean sweet potatoes and Irish potatoes and parts thereof which conform to the standards adopted by the State Board of Agriculture, which shall conform to the standards fixed by the International Crop Improvement Association in classifying and determining what shall constitute “certified” potatoes for propagation uses.

“U.S. No. 1” Irish potatoes and/or sweet potatoes when the same are intended to be used for propagation purposes shall mean Irish and/or sweet potatoes which conform to the standards issued by the United States Department of Agriculture for “U.S. No. 1” potatoes when the same are intended to be used for propagation purposes. (1947, c. 467, s. 2.)

§ 106-284.7. Unlawful to sell seed potatoes not conforming to standards; rules and regulations.—It shall be unlawful for any person, firm or corporation to pack for sale, offer or expose for sale, or ship into this State for such purposes, or sell, any Irish potatoes, sweet potatoes or parts thereof intended for propagation purposes, which do not conform to the standards of “certified” and “U.S. No. 1” potatoes set out in § 106-284.6.

The State Board of Agriculture is hereby authorized to make such reasonable rules and regulations as may be necessary to carry out the purposes of this article. (1947, c. 467, s. 3.)

§ 106-284.8. Employment of inspectors; prohibiting sale.—The Board of Agriculture is authorized to employ qualified inspectors to assist in the enforcement of laws and regulations affecting the distribution and sale of Irish potatoes and sweet potatoes and parts thereof intended for propagation purposes, and may prohibit the sale for propagation purposes of such potatoes which fail to meet the standards set out in § 106-284.6, and which have not been produced and labeled.
§ 106-284.9. Inspection; "stop-sale" orders; sale for other purposes than seed; use of other than sale certification tags; notice required.—(a) To effectively enforce the provisions of this article, the Commissioner of Agriculture shall require the inspectors to inspect Irish and sweet potatoes and parts thereof shipped into, possessed, sold or offered for sale within this State for the purpose of propagation, and may enter any place of business, warehouse, common carrier or other place where such potatoes are stored or being held, for the purpose of making such inspection; and it shall be unlawful for any person, firm or corporation in custody of such potatoes or of the place in which the same are held to interfere with the Commissioner or his duly authorized agents in making such inspections.

(b) When the Commissioner or his authorized inspectors find potatoes or parts thereof held, offered or exposed for sale in violation of any of the provisions of this article or any rule or regulation adopted pursuant thereto, he may issue a written or printed "stop-sale" order to the owner or custodian of any such potatoes and it shall be unlawful for anyone, after receipt of such "stop-sale" order, to sell for propagation purposes any potatoes with respect to which such order has been issued. Such "stop-sale" order shall not prevent the sale of any such potatoes for other than propagation purposes.

(c) When a lot of seed potatoes is found to be in violation of the article and the owner or the person or firm in possession of the potatoes elects to remove the certification tags and sell for purposes other than for seed, such person or firm shall be required to furnish the Commissioner of Agriculture copies of sales memoranda or other acceptable evidence as to whom the potatoes were sold and a statement certifying that the potatoes were not sold for propagation purposes.

(d) It shall be unlawful for any person, firm or corporation to use, furnish for use or offer for use any tags, labels or other markings designating that the potatoes are intended for seed purposes except "Official Certification Tags" furnished by or approved by an officially designated certifying agency of the State of North Carolina.

(e) Any person, firm, or corporation receiving seed potatoes from outside of the State in lots of more than 20-100 pound bags shall notify the Department of Agriculture in Raleigh, or the nearest field office of the Department, not less than three (3) days and not more than ten (10) days prior to the anticipated arrival date, or on the date that the order is placed when said order is placed less than three (3) days prior to the anticipated arrival date, advising of said anticipated arrival date. (1947, c. 467, s. 6.)

§ 106-284.11. § 106-284.15. As used in this article, the words “plants” or “vegetable plants” shall mean pepper, eggplant, sweet potato, onion, cabbage and tomato plants intended for transplanting purposes and such other vegetable plants intended for transplanting purposes as the State Board of Agriculture may designate by regulation in order to protect the vegetable industry.

(1959, c. 91, s. 6.)

§ 106-284.20. Violation a misdemeanor; notice to violators; opportunity for hearing; facts and results of inspection furnished to solicitor.—Any person, firm or corporation violating any of the provisions of this article or any rule or regulation promulgated pursuant thereto shall be guilty of a misdemeanor and punished by fine or imprisonment, or both, in the discretion of the court. § 106-284.21. Authority to permit sale of substandard plants.—Notwithstanding any other provision of this article, the Commissioner of Agriculture is authorized when the public necessity, welfare, economy, or any emergency situation requires it, to permit for such periods of time as, in his discretion may seem necessary, the sale of vegetable plants for transplanting purposes which do not meet the standards referred to in § 106-284.16. (1959, c. 91, s. 8.)

§ 106-284.22. When article not applicable.—This article shall not apply to the sale by a grower or a retail merchant of vegetable plants grown within this State when such sale is made for home or garden or any other noncommercial use. If any person, firm, or corporation shall operate a public livestock market in violation of the provisions of this article, or the rules and regulations promulgated by the State Board of Agriculture, or shall fail to comply with the provisions of the article, or rules and regulations promulgated thereunder, a temporary restraining order may be issued by a judge of the superior court upon application by the Commissioner of Agriculture, and the judge of the superior court shall have the same power and the authority as in any other injunction.
§ 106-407. Bonds required of operators; exemptions as to permits and health requirements.—The Commissioner of Agriculture shall require the operator of said livestock market to furnish a bond acceptable to the Commissioner of Agriculture of two thousand dollars ($2,000.00) to secure the performance of all obligations incident to the operation of the livestock market, including prompt payment of proceeds for purchase or sale of livestock: Provided, that said bond shall not be required by a livestock market association organized under a law which requires such association to be bonded or a market operating under the Federal Packers and Stockyard Act. A livestock market where horses and mules are sold exclusively, or a market that sells only finished livestock that are shipped for immediate slaughter, shall be exempt from the health requirements of this article, as set forth in §§ 106-409 and 106-410 and shall not be required to secure a permit as provided for in § 106-406. Said market shall keep a complete permanent record showing from whom all animals are received and to whom sold, the weight, if purchased or sold by weight, the price paid and the price received, such record to be available to the Commissioner of Agriculture or his authorized representative.

The sales of all livestock at livestock auction markets shall start promptly at 1:00 P.M. on each sales day and the selling of livestock shall be continuous until all livestock is sold; provided, however, any livestock sale requiring no more than four hours selling time may begin sales at 2:00 P.M., but such sales must be concluded not later than 6:00 P.M.

All public livestock market operators operating under this article who shall begin sales later than 1:00 P.M., as provided in this section, shall post notice of the sales starting time in a conspicuous place on the market premises and shall notify the State Veterinarian in writing at least ten days prior to the initial sale. In the event of subsequent changes in starting times, notice shall be posted on the premises and notification given to the State Veterinarian in the same manner as set out above. All such swine shall be identified by an approved, numbered ear tag and descriptions which shall be entered on the health certificate. A copy of said certificate shall be kept on file by the market. All swine removed from any public livestock market for immediate slaughter shall be identified by a distinguishing paint mark or by other methods approved by the Commissioner of Agriculture and the person removing same shall sign a form in duplicate showing number of hogs, their description, where same are to be slaughtered or resold for slaughter. Provided, however, that the Commissioner of Agriculture may permit swine to be shipped out of the State of North Carolina, without vaccination and under the same conditions as if said swine were being delivered for immediate slaughter, for immediate delivery to holding or feeding lots in any other state when he determines that said holding or feeding lots are being operated in compliance with the laws of said state and the rules and regulations promulgated thereunder. (1941, c. 263, s. 5; 1943, c. 724, s. 3; 1949, c. 997, ss. 3, 4.)

§ 106-411. § 106-413. Sale, etc., of certain diseased animals prohibited; application of article; sales by farmers.—No person or persons shall sell or offer for sale, trade or otherwise dispose of any animal or animals that are affected with a contagious or infectious disease or that the owner or person in charge has reason to believe are so affected, except upon permission of the Commissioner of Agriculture or his authorized representatives and for immediate slaughter only. The provisions of this article requiring inspection, testing, vaccination, paint marking, identification with an ear tag and health certificate issued by a qualified veterinarian shall apply to all animals sold or offered for sale on any public highway, right of way, street, or within one-half mile of any public livestock market, or other public place: Provided, that this provision shall not apply to animals raised and owned by a bona fide farmer who is a resident of the State of North Carolina and sold or offered for sale by him. The burden of proof to establish the health of any animal transported on the public highways of this State, sold, traded, or otherwise disposed of in any public place shall be upon the vendor. Any person who shall sell, trade, or otherwise dispose of any animal affected with a contagious or infectious disease knowingly, or who has reasons to believe that the animal is so affected, shall be liable for all damages resulting from such sale or trade. § 106-417. Violation made misdemeanor; responsibility for health, etc., of animals.—Any person, firm, or corporation who shall knowingly violate any provisions set forth in this article or any rule or regulation duly established by the State Board of Agriculture, or any officer or inspector who shall willfully fail to comply with any provisions of this article shall be guilty of a misdemeanor, and shall be fined or imprisoned, or both, in the discretion of the court. A market operating under this article shall not be responsible for the health or death of an animal sold through such market if the provisions of this article have been complied with. (1941, c. 263, s. 12; 1943, c. 724, s. 6.)

§ 106-418. Exemption from health provisions.—The health provisions of this article shall not apply to no-sale cattle offered for sale by a bona fide farmer owning said stock for at least sixty days at any public livestock auction market in North Carolina. (1941, c. 263, s. 12 3/4.)

It may also adopt reasonable regulations for preventing the introduction of dangerous plant pests from without the State, and for governing common carriers in transporting plants, articles or things liable to harbor such pests into, from and within the State. The Board is authorized, in order to control plant pests, to adopt regulations governing the inspection, certification and movement of nursery stock, (i) into the State from outside the State, (ii) within the State, and (iii) from within the State to points outside the State. otherwise multiply upon his land, except under such regulations as the Board of
Agriculture may prescribe. All such infested or infected plants and premises
are hereby declared public nuisances. The owner of such plants or premises shall,
when notified to do so by the Commissioner of Agriculture, take such measures
as may be prescribed to eradicate such pests. The notice shall be in writing and
shall be mailed to the usual or last known address, or left at the ordinary place of
business, of the owner or his agent. If such person fails to comply with such
notice within such reasonable time as the notice prescribes, the Commissioner of
Agriculture, through his duly authorized agents, shall proceed to take such mea-

Agriculture shall be the agent of the Board in enforcing these regulations, and
shall have authority to designate such employees of the Department as may seem

—If anyone shall attempt to prevent inspection of his premises as provided in
the preceding sections, or shall otherwise interfere with the Commissioner of
Agriculture, or any of his agents, while engaged in the performance of his duties
under this article, or shall violate any provisions of this article or any regulations
of the Board of Agriculture adopted pursuant to this article, he shall be guilty
of a misdemeanor and shall be fined not less than five nor more than fifty dollars,
or imprisoned for not less than ten nor more than thirty days, for each offense.
Each day’s violation shall constitute a separate offense. (1957, c. 985.)

Marketing Cotton and Other Agricultural Commodities.

§ 106-429.1. Short title.—The provisions of this article may be known and designated as the “North Carolina Agricultural Warehouse Act.” (1965, c. 1029, s. 2.)

Editor's Note.—Section 1 of the act inserting this section sets out its purposes.

§ 106-430. Purpose of law.—In order to protect the financial interests of North Carolina by stimulating the development of an adequate warehouse system for cotton and other agricultural commodities, in order to enable growers of cotton and other agricultural commodities more successfully to withstand and remedy periods of depressed prices, in order to provide a modern system whereby cotton and other agricultural commodities may be more profitably and more scientifically marketed, and in order to give these products the standing to which
they are justly entitled as collateral in the commercial world, a warehouse system for cotton and other agricultural products in the State of North Carolina is hereby established as hereinafter provided. (1919, c. 168, s. 1; 1921, c. 137, s. 1; C. S., s. 4925(a); 1941, c. 337, s. 1.)

Editor's Note.—The 1941 act, amending several sections of this article and inserting § 106-439, provides that its provisions shall not apply to the storage of tobacco in any form.

§ 106-431. Definition of “other agricultural commodities”.—The term “other agricultural commodities” as used in this article shall mean such agricultural commodities other than cotton as shall be designated by the Board of Agriculture, through rules and regulations adopted pursuant to this article, as suitable to be stored in the warehouses operating under this article. (1941, c. 337, s. 1.5.)

§ 106-432. Board of Agriculture administers law, makes rules, appoints superintendent.—The provisions of this article shall be administered by the State Board of Agriculture, through a suitable person to be selected by said Board, and known as the State warehouse superintendent. In administering the provisions of this article the Board of Agriculture is empowered to make and enforce such rules and regulations as may be necessary to make effective the purposes and provisions of this article, and to fix and prescribe reasonable charges for storing cotton and other agricultural commodities in the local warehouses and publish the same from time to time as it may deem necessary. (1919, c. 168, s. 1; 1921, c. 137, s. 2; C. S., s. 4925 (b); 1941, c. 337, s. 2.)

§ 106-432.1. When employer-employee relationship deemed to exist; when person deemed employee, agent or officer of State, Board, superintendent or system.—For the purposes of this article, the relationship and status of employer-employee shall be deemed to exist only: When created and subsisting under an express contract of employment, written or oral; for a term, or terminable at the will of the employer; wherein the right to make and enter into the contract of hire or employment, and the right to fire, or to discharge, either at will or for cause reserved in the contract of employment, shall remain with the employer, with respect to the person employed; and the right to prescribe, direct, supervise and closely control the duties of the employee and the discharge of his duties of employment, remains substantially with the employer; and where the compensation of the employee is determined, pursuant to contract or otherwise, by the employer and paid wholly or in part from funds of the employer or funds controlled, at least in part, by and available to him.

No person functioning under or pursuant to this article shall be deemed an employee or agent or officer of the State of North Carolina, the State Board of Agriculture, the State warehouse superintendent, or of the State warehouse system, as such: Unless in this article and in pertinent regulations and in an express contract, specifically made and designated an employee or agent of the State or State agency (whether as an assistant, manager, inspector, grader, or classer) and unless actually engaged in and within the scope of his duties as an employee, official, or agent of the State of North Carolina, the Board, the superintendent or the system; and unless such person is compensated in whole or in part from funds of or within the control of the State of North Carolina; and unless subject to the right of the State or any of the State agencies, officers and instrumental-
ties mentioned, to engage, employ or hire him and to terminate his employment or agency, or to contract with him with respect to the terms and conditions and termination of his agency or employment; and unless subject to the direct control of the State of North Carolina or any of its officers, agencies or entities, with respect to fixing, supervising and controlling his duties of employment or agency. (1965, c. 1029, s. 3.)

Editor's Note.—Section 1 of the act inserting this section sets out its purposes.

§ 106-433. Employment of officers and assistants; licensing private facilities as components of warehouse system; licensing employees of private facilities.—(a) The Board of Agriculture shall have authority to employ a warehouse superintendent and necessary assistants, local managers, examiners, inspectors, expert cotton classers, and such other employees as may be necessary in carrying out the provisions of this article, and fix and regulate their duties.

(b) The Board of Agriculture acting through the State warehouse superintendent is authorized, from time to time, to license privately owned or operated warehouse facilities as component units of the State warehouse system (whether under a lease of such facilities from the State or not) to operate under and pursuant to the provisions of this article, and to require or permit such licensed warehouse facility to operate and function as a component of the State warehouse system and to subordinate and maintain the licensed warehouse operation (subject to the supervision and regulation of the State warehouse superintendent) under the United States Warehouse Act, and regulations thereunder, as referred to in G.S. 106-450. Licensing and operation requirements of such licensed component warehouse facilities of the State warehouse system may be determined and regulated generally by rules and regulations prescribed by the Board, and the State warehouse superintendent may, in addition, prescribe special rules, regulations, and conditions applicable to the particular licensed warehouse facility. Any license issued by the Board from time to time may be cancelled, revoked, or suspended in the unfettered discretion of the Board or the State warehouse superintendent, with or without cause. Such cancellation, revocation, termination or suspension shall also have the immediate effect of terminating, revoking, cancelling or suspending the operation of the warehouse facility as a component unit in the State warehouse system under the United States Warehouse Act and federal regulations issued thereunder. The Board of Agriculture or the State warehouse superintendent may, in their discretion, require and issue, and from time to time revoke, cancel, terminate or suspend, a license for individual warehouse superintendents, managers, examiners, inspectors, classers, and any other employees of privately owned and licensed warehouse facilities, and may generally fix and regulate their duties. The Board of Agriculture or the State warehouse superintendent may, in their unfettered discretion, take any action, with respect to such employees, deemed necessary to insure, or safeguard, or protect the State warehouse system, and to better carry out and enforce the provisions of this article, and those provisions of the United States Warehouse Act and regulations thereunder which may be incumbent upon the Board or the superintendent. Such individuals, whether licensed or not, shall not be employees or agents of the “State” (which is defined for the purposes of this section to mean and include the State of North Carolina, the State Board of Agriculture, the State warehouse superintendent, or the State warehouse system). (1919, c. 168, s. 3; 1921, c. 137, s. 3; C. S., s. 4925(c); 1965, c. 1029, s. 4.)

Editor's Note.—The 1965 amendment designated the former provisions of the section as subsection (a) and added subsection (b). Section 1 of the amendatory act sets out its purposes.

§ 106-434. Bonds of superintendent, State employees and private warehouse facilities and their employees.—The person named as State warehouse superintendent shall give bond to the State of North Carolina in the sum of fifty thousand dollars ($50,000) to guarantee the faithful performance of his duties, the expense of said bond to be paid by the State, to be approved as other bonds for State officers. The State warehouse superintendent shall, to safeguard the interests of the State, require bonds from other State employees or agents authorized in § 106-433 (a), and may, both for the purpose of safeguarding the interests of the State and of depositors of agricultural commodities with valid, subsisting, and duly authenticated official negotiable warehouse receipts issued under and pursuant to § 106-441, or the pledgee or transferee of such official negotiable warehouse receipts under § 106-442, require bonds with corporate surety from privately owned and licensed warehouse facilities and from warehouse superintendents, managers and other employees of the licensed warehouse facilities authorized under G.S. 106-433 (b). All such bonds shall be in such ample penal sums and secured by corporate surety authorized to do business in the State of North Carolina, as the State warehouse superintendent may direct and find that ordinary business experience in such matters would require. (1919, c. 168, s. 4; 1921, c. 137, s. 4; C. S., s. 4925(d); 1965, c. 1029, s. 5.)

Editor's Note.—The 1965 amendment substituted the present last two sentences for the former last sentence. Section 1 of the amendatory act sets out its purposes.

Liability for Loss as Affected by Negligence.—The larceny or loss of cotton from a warehouse through no fault of the warehouseman does not relieve his bond of liability, for a warehouseman is an insurer. Lacy v. Hartford Acc. & Indem. Co., 193 N.C., 179, 136 S.E. 359 (1927).

Fraudulent Negotiation of Warehouse Receipt.—Where the superintendent of a warehouse delivers cotton, takes the endorsed receipts and, instead of cancelling them, negotiates a loan for his own benefit, pledging the receipts as collateral, this is a clear breach of his duty for which an action on his bond will lie. Lacy v. Globe Indem. Co., 189 N.C. 24, 168 S.E. 316 (1925).

§ 106-435. Fund for support of system; collection and investment.—In order to provide a sufficient indemnifying or guarantee fund to cover any loss not covered by the bonds hereinbefore mentioned, in order to provide the financial backing which is essential to make the warehouse receipt universally acceptable as collateral, and in order to provide that a State warehouse system intended to benefit all cotton growers in North Carolina shall be supported by the class it is designed to benefit, it is hereby declared: That on each bale of cotton ginned in North Carolina during the period from the ratification of this bill until June thirty, one thousand nine hundred and twenty-two, twenty-five (25) cents shall be collected through the ginner of the bale and paid into the State treasury, to be held there as a special guarantee or indemnifying fund to safeguard the State warehouse system against any loss not otherwise covered. The State Tax Commission shall provide and enforce the machinery for the collection of this tax, which shall be held in the State treasury to the credit of the State warehouse system. Not less than ten per centum of the entire amount collected from the per bale tax shall be invested in United States government or farm loan bonds or North Carolina bonds, and the remainder may be invested in amply secured first mortgage notes or bonds to aid and encourage the establishment of warehouses operating under this system, and to aid and encourage the establishment of farm markets designed to serve the marketing, packaging, and grading needs for the sale and distribution of unprocessed farm commodities when adequate markets are not otherwise provided. Such investments shall be made by the Board of Agriculture, with the approval of the Governor and Attorney General: Provided, such first mortgages shall be for not more than one half the actual value of the warehouse property covered by such mortgages, and run not more than
ten years: Provided further, that the interest received from all investments shall
be available for the administrative expense of carrying into effect the provisions
of this law, including the employment of such persons and such means as the
State Board of Agriculture in its discretion may deem necessary: Provided fur-
ther, that the guarantee fund, raised under the provisions of §§ 4907 to 4925 of
the Consolidated Statutes of 1919, shall become to all intents and purposes a part
of guarantee fund to be raised under this law and subject to all the provisions
hereof. (1919, c. 168, s. 5; 1921, c. 137, s. 5; Ex. Sess. 1921, c. 28; C. S., s.
4925(e); 1957, c. 1091.)

Constitutionality.—The tax contemplated
under this section, being uniform upon
those of the class designated, and being laid
upon a trade, whether that of cotton gin-
ning or farming, is within the authority
conferred on the legislature to further "tax
trades," etc., and is constitutional. Bickett
v. State Tax Comm’n, 177 N.C. 493, 99
S.E. 415 (1919).

Proper Parties in Action to Enforce
Section.—The Governor, the State Board
of Agriculture, and the State warehouse
superintendent are proper parties plain-
tiff in an action against the members of
the State Tax Commission to require them
to provide and enforce the machinery for
the collection of the tax provided by this
article. Bickett v. State Tax Comm’n, 177

Liability of Fund Is Secondary.—A judg-
ment against defendants who had depos-
ited cotton and received negotiable ware-
house receipts without disclosing that the
cotton was a portion of crops included in
recorded liens held by plaintiff, and a judg-
ment against the State Treasurer to be
paid from the fund provided by this sec-
tion, should provide that the liability of
the defendants depositing the cotton is
primary and the liability of guaranty fund
is secondary. Ahoskie Prod. Credit Ass’n
v. Whedbee, 221 N.C. 24, 110 S.E.2d 795
(1959).

Recovery on Bond. — Where a ware-
house superintendent fraudulently negoti-
ates spent warehouse receipts and the bona
fide holder thereof recovers from the in-
demnifying fund provided by this section,
the State may recover on the bond of the
superintendent. The bond is the fund pri-

Loss Due to Failure to Issue Receipt
Not Recoverable from State Treasurer.—
A recovery may not be had against the
State Treasurer out of the fund accumu-
lated under this section, for a loss result-
ing to plaintiff by failure of a warehouse to
issue official receipts for cotton to plaintiff
as agreed, the receipts having been issued
to the holder of a lien against the cotton
and the warehouse having refused delivery
of the cotton to plaintiff upon his demand,
since the purpose of the statute is to make
warehouse receipts acceptable as collateral,
and plaintiff is not the holder of the
receipts. Northcutt v. People's Bonded
Warehouse Co., 206 N.C. 842, 175 S.E. 165
(1934).

§ 106-436. Registration of gins; gin records and reports; payment
of tax.—If the special levy authorized by § 106-446 is made, it shall be the duty
of the Commissioner of Agriculture to require the registration of all gins operat-
ing within the State, and to furnish the certificates of registration, num-
bered serially, free upon application; and each person, firm, partnership, or
corporation receiving the said certificate of registration shall post it conspicuously
in the gin to which it applies. For failure to make application and secure such
certificate of registration, and to post same as required in this section, before be-
ginning operation, each person, firm, partnership, or corporation shall be sub-
ject to a penalty of five dollars ($5) for each and every day such gin shall
be operated prior to securing and posting such certificate of registration. The
penalty herein provided for shall be recovered by the State in a civil action to
be brought by the State Commissioner of Agriculture in any court of competent
jurisdiction, and it shall be the duty of the Attorney General to prosecute all
such actions. Each person, firm, partnership, or corporation operating a gin
shall keep a record, on forms furnished or approved by the Commissioner of
195
Agriculture, showing the names and addresses of the owners of the cotton ginned, the number of bales ginned, and the date of each ginning; and each such operator of a gin shall report the number of bales ginned, and pay the tax levied in § 106-435 to the State at least once every thirty days after beginning operation, and shall send a true copy of the report to the Commissioner of Agriculture. (1921, c. 137, s. 6; C. S., s. 4925(f).)

§ 106-437. Qualifications of warehouse manager.—No otherwise qualified person shall be qualified as manager of a warehouse unless the members of the board of county commissioners and the president of some bank in the county in which the warehouse is operated shall certify to the State warehouse superintendent that the person desiring to be warehouse manager is in their opinion a man of good character, competent, and of good reputation, deserving the confidence of the people. (1919, c. 168, s. 6; 1921, c. 137, s. 7; C. S., s. 4925(g); 1965, c. 1029, s. 6.)

Editor's Note. — The 1965 amendment substituted “No otherwise qualified person shall be qualified as manager” for “No man shall be employed as manager” at the beginning of this section. Section 1 of the amendatory act sets out its purposes.

§ 106-438. Warehouse superintendent to accept federal standards.—The State warehouse superintendent shall accept as authority the standards and classifications of cotton established by the federal government. (1919, c. 168, s. 6; 1921, c. 137, s. 7; C. S., s. 4925(g); 1965, c. 1029, s. 6.)

Obligations of Warehouse Manager. — For obligations assumed by the manager of a warehouse operating pursuant to the provisions of this article, see Ahoskie Prod. Credit Ass'n v. Whedbee, 251 N.C. 24, 110 S.E.2d 795 (1959).

§ 106-439. Leasing and licensing of property by superintendent; manner of operating warehouse system.—The State warehouse superintendent shall have the power to lease for State operation by State employees and for stated terms property for the warehousing by the State of cotton and other agricultural commodities. The State warehouse superintendent shall also have the power to lease from, and to license private or corporate warehouse property for the warehousing of such agricultural commodities under State license, general supervision and control, as a component unit of the State warehouse system. The terms and conditions of the State license shall prevail over the stated terms and conditions of the lease. In no event, however, regardless of the terms and conditions of the lease, shall any rental be paid by the State until the operating expenses of the leased warehouse facility shall have been paid from the income from the leased warehouse facility. The State shall not be responsible in any case for the payment of rental, except from the income of any leased warehouse facility in excess of the operating expenses of the facilities. The State warehouse superintendent shall fix the terms upon which private or corporate warehouses may be permitted to operate under State license and supervision, and obtain the benefits thereof, regardless of the terms and conditions of any lease agreement between the private or corporate warehouse and the State. It shall be his special duty to foster and encourage the erection of warehouses in the various cotton-growing and agricultural counties of the State for operation under the terms of this article, and to provide an adequate system of inspection, and of rules, forms, and reports to insure the security of the system, such matters to be approved by the State Board of Agriculture. The violation of such rules shall be a misdemeanor. Cotton and other agricultural products may be stored in such warehouses by any person owning them, and receive all of the benefits accruing from operation of such warehouses under direct State management, or as the case may be, under State license, general supervision and regulation, as component units of the State warehouse system and any person permitted to store cotton or other products in any such warehouse shall pay to the manager of the warehouse such sum or
§ 106-440  Power of superintendent to sue or to be sued; liability for tort.—The said superintendent shall also have the power to sue, or to be sued, in the courts of this State in his official capacity, but not as an individual, except in case of tort or neglect of duty, when the action shall be upon his bond. Suits may be brought in the county of Wake or in the county in which the cause or action arose. (1919, c. 168, s. 11; 1921, c. 137, s. 10; C. S., s. 4925(j).) Stated in Ellison v. Hunsinger, 237 N.C. 619, 75 S.E.2d 884 (1953).

§ 106-441. Grading and weighing of products; negotiable receipts; authentication of receipts.—When agricultural commodities other than cotton have been stored in warehouses operated under this article and have been graded and standardized in conformity with the grades and standards heretofore or hereafter promulgated by the Board of Agriculture, acting under the provisions of §§ 106-185 to 106-196, negotiable warehouse receipts of form and design approved by the Board of Agriculture may be issued. As soon as possible after any lint cotton, properly baled, is received for storage, the local manager shall, if it has not been done previously, have it graded and stapled by a federal or State classifier and legally weighed. Official negotiable receipts of the form and design approved by the Board of Agriculture shall be issued for such cotton under the seal and in the name of the State of North Carolina, stating the location of the warehouse, the name of the manager, the mark on said bale, the weight, the grade, and the length of the staple, so as to be able to deliver on surrender of the receipt the identical cotton for which it was given. On request of the depositor, negotiable receipts may be issued under this section omitting the statement of grade or staple, such receipt to be stamped on its face, “Not graded or stamped on request of the depositor.” The warehouse manager shall fill in receipts issued under this section and they shall be signed by him or in his name by his duly authorized agent, and by the State warehouse superintendent or in the name of the State warehouse superintendent by his duly authorized licensee, State employee, or State agent. If the local manager cannot issue a negotiable receipt complete for cotton or other agricultural commodities, he shall issue nonnegotiable memorandum receipts therefor, said memorandum receipts to be taken up and marked “Canceled” by the local manager upon the delivery of negotiable receipts for such commodities. If the official negotiable receipt is issued for cotton or other agricultural commodities of which the manager is the owner, either solely or jointly or in common with others, the fact of such ownership must appear on the face of the receipt. No responsibility is assumed by the State warehouse system for fluctuation in weight or grade or quality due to natural causes; but in other respects the receipts issued under this section for cotton and other agricultural commodities shall be supported and guaranteed by the indemnifying fund provided in § 106-435. (1919, c. 168, s. 12; 1921, c. 137, s. 11; C. S., s. 4925(k); 1925, c. 225; 1941, c. 337, s. 4; 1965, c. 1029, s. 8.)

Editor’s Note.—The 1965 amendment rewrote the fifth sentence and inserted “or grade or quality” following “weight” near the beginning of the last sentence. Section
§ 106-442. Transfer of receipt; issuance and effect of receipt. — The official negotiable receipt issued under § 106-441 for cotton or other agricultural commodity so stored is to be transferable by written assignment and actual delivery, and the cotton or other agricultural commodity which it represents is to be deliverable only upon a physical presentation of the receipt, which is to be marked “Canceled,” with date of cancellation, when the cotton or other agricultural commodity is taken from the warehouse. The said official negotiable receipt carries absolute title to the cotton or other agricultural commodity, and it is the duty of the local manager accepting same for storage to satisfy himself that the depositor has good title to the same. (1921, c. 137, s. 12; GAS 13475 (1) LOA 1245.5 4030Z.)

"Satisfy Himself".—This section requires the local manager to satisfy himself, which implies that he must act as a prudent person and exercise reasonable care under existing conditions. Ahoskie Prod. Credit Ass’n v. Whedbee, 251 N.C. 24, 110 S.E.2d 795 (1959).

Sale by Wrongdoer to Innocent Purchaser.—Where wrongdoer obtained cotton by false pretense, stored it and obtained negotiable warehouse receipts without signing the certificates of ownership, and negotiated the receipts to an innocent purchaser for value without notice, by virtue of this section the purchaser obtained absolute title to the cotton. But the true owner is entitled to recover its value against the bond of the warehouse manager and the warehouse if the loss was occasioned by any default in the faithful performance of their obligations under this article, or if the bond of the State warehouse superintendent was not given or was not sufficient to cover the loss. (1921, c. 137, s. 12; C. S., s. 4925(1); 1941, c. 337, s. 5; 1955, s. 523.)

Facts Held Sufficient to Show Exercise of Due Diligence.—The manager of a warehouse, having had prior dealings with the depositor of cotton, issued negotiable receipts therefor in reliance on his belief in the integrity of such depositor and the depositor’s representations and written warranties that there were no liens or valid claims outstanding against the cotton; but the manager failed to examine the records in the office of the register of deeds, which would have shown registered liens against the commodity. It was held that whether the manager exercised the care of a reasonably prudent person in issuing the negotiable receipts is susceptible to different conclusions by reasonable people, and the facts were sufficient to support the inference of fact that the manager exercised due diligence. Ahoskie Prod. Credit Ass’n v. Whedbee, 251 N.C. 24, 110 S.E.2d 795 (1959).

§ 106-443. Issuance of false receipt a felony; punishment. — The manager of any warehouse, or any agent, employee, or servant, who issues or aids in issuing a receipt for cotton or other agricultural commodity without knowing that such cotton or other agricultural commodity has actually been placed in the warehouse under the control of the manager thereof shall be guilty of a felony, and upon conviction be punished for each offense by imprisonment in the State penitentiary for a period of not less than one or more than five years, or
§ 106-444. Delivery of cotton without receipt or failure to cancel receipt.—Any manager, employee, agent, or servant who shall deliver cotton or other agricultural commodity from a warehouse under this article without the production of the receipt therefor, or who fails to mark such receipt “Canceled” on the delivery of the cotton or other agricultural commodity, shall, upon conviction, be punished by a fine of not more than ten thousand dollars ($10,000), or imprisoned not more than five years, or both fine and imprisonment, in the discretion of the court. (1919, c. 168, s. 14; 1921, c. 137, s. 14; C. S., s. 4925(n); 1941, c. 337, s. 7.)

Editor’s Note. — The 1965 amendment substituted “A duplicate receipt is authorized to be issued” for “The State warehouse superintendent, or his duly authorized agent, and the manager of the local warehouse are authorized to issue a duplicate receipt” at the beginning of the first sentence, and substituted “the State and the component warehouse facility and the State warehouse system” for “the State warehouse superintendent and the local manager” near the end of that sentence. Section 1 of the amendatory act sets out its purposes.

§ 106-445. Rules for issuance of duplicate receipts.—A duplicate receipt is authorized to be issued for a lost or destroyed receipt, due record of the original receipt being found upon the books of the warehouse, only upon affidavit of the owner of the original that the original receipt has been lost or destroyed, and upon the owner’s giving the State warehouse superintendent bond with approved security in an amount equal to the double value of the cotton or other agricultural commodity represented by the original receipt to indemnify the State and the component warehouse facility and the State warehouse system from loss or damage and the cost of any litigation. In determining the amount of the bond required under this section, the value of cotton shall be estimated at the highest market price of middling cotton during the preceding two years. The value of other agricultural commodities shall be estimated for this purpose in accordance with regulations to be prescribed by the Board of Agriculture. (1919, c. 168, s. 15; 1921, c. 137, s. 15; C. S., s. 4925(o); 1941, c. 337, s. 8; 1965, c. 1029, s. 9.)

Editor’s Note. — The 1965 amendment deleted “of all officers” following “required” near the beginning of the second sentence. Section 1 of the amendatory act sets out its purposes.

§ 106-446. State not liable on warehouse debts; tax on cotton continued if losses sustained.—No debt or other liability shall be created against the State by reason of the lease or operation of the warehouse system created by this article or the storage of cotton or other agricultural commodities therein, it being the purpose of this article to establish a self-sustaining system to operate as nearly as practicable at cost, without profit or loss to the State, except that expenses of supervision may be paid by the Board of Agriculture. While it is believed that the provisions and safeguards mentioned in this article, including the bonds required and supplemental indemnifying or guarantee fund mentioned in § 106-435, will insure the security of the system beyond any reasonable possibility of loss, nevertheless, in order to establish the principle that this system should be supported by those for whose especial financial benefit it is established, it is hereby provided that in the eventuality that the system should suffer at any time any loss not fully covered by the aforementioned bonds and indemnifying fund, such losses shall be made good by having the State Board of Assessment repeat for another twelve months selected by it the special levy on ginned cotton, as prescribed in § 106-435, for the two years ending June thirtieth of the year one thousand nine hundred and twenty-three. (1919, c. 168, s. 16; 1921, c. 137, s. 16; C. S., s. 4925(p); 1941, c. 337, s. 9; 1965, c. 1029, s. 10.)

Editor’s Note. — The 1965 amendment deleted “of all officers” following “required” near the beginning of the second sentence.

by a fine not exceeding ten times the market value of the cotton or other agricultural commodity thus represented as having been stored. (1919, c. 168, s. 13; 1921, c. 137, s. 13; C. S., s. 4925(m); 1941, c. 337, s. 6.)
§ 106-447. Insurance of cotton; premiums; lien for insurance and storage charges.—The superintendent shall insure, or shall require the local manager to insure and keep insured for its full value, upon the best terms obtainable, by individual or blanket policy, all cotton and other agricultural commodities on storage against loss by fire and lightning. In case of loss, the superintendent shall collect the insurance due and pay the same, ratably, to those lawfully entitled to it, insurance policies to be in the name of the State and the premium collected from the owners of the cotton and other agricultural commodities, the State to have a lien on cotton and other agricultural commodities for insurance and storage charges as in the case of other public warehouses in the State. (1919, c. 168, s. 17; 1921, c. 137, s. 17; C. S., s. 4925(q); 1941, c. 337, s. 10; 1943, c. 474.)

§ 106-448. Superintendent to negotiate loans on receipts and sell cotton for owners.—The State warehouse superintendent, in addition to the duties hereinafter vested in him, is also permitted and empowered, upon the request of the owner or owners of the warehouse receipts and cotton or other agricultural commodities stored in such warehouses to aid, assist, and cooperate, or as the duly authorized agent of such owner or owners (which authorization shall be in writing), to secure and negotiate loans upon the warehouse receipts. And upon like written request or authorization of said owner or owners, and his or her duly authorized agent, he may sell and dispose of such warehoused cotton or other agricultural commodities for such owner or owners, either in the home or foreign markets, as may be agreed upon between such owner or owners and the said superintendent, in writing. And for said loan or sales the said superintendent shall charge reasonable and just commissions, without discrimination, all of which shall be accounted for and held as part of the fund for the maintenance and operation of the State warehouse system: Provided, however, that the State incurs no liability whatever for any act or representation of the superintendent in exercising any of the permissions or powers vested in him in this section: Provided, further, that the bond of the superintendent will be liable for any unfaithful or negligent act of his by reason of which the owner or owners of such warehoused cotton or other agricultural commodities suffers damage or loss. (1919, c. 168, s. 18; 1921, c. 137, s. 18; C. S., s. 4925(r); 1941, c. 337, s. 11.)

§ 106-449. Construction of 1941 amendment. — The provisions of chapter 337 of the Public Laws of 1941, amending this article, shall not apply to the storage of tobacco in any form. (1941, c. 337, s. 11½.)

§ 106-450. Compliance with United States warehouse law.—(a) The State warehouse superintendent may,

(1) Upon approval of the Board of Agriculture, operate or cause to be operated by State employees or State agents under his immediate and direct supervision and control, any or all State owned or State leased warehouses, or

(2) May cause to be operated privately owned and operated, but State licensed and generally regulated and supervised warehouses, also leased by the State warehouse superintendent, and forming component units of the State warehouse system,

(3) All under and pursuant to the provisions of this article, subject to the United States Warehouse Act and lawful regulations issued thereunder.

(b) The State warehouse superintendent is authorized, and the owners, operators, officers, and employees of affiliated State licensed component units in the State warehouse system are directed, to comply with the said United States Warehouse Act and such lawful regulations as may be issued thereunder, by the federal authorities, and such additional State rules and regulations which may be imposed, under and pursuant to this article, upon all parties concerned in the operation of
§ 106-450.1. Bond of State warehouse system under United States Warehouse Act. — Any bond required by the provisions of the United States Warehouse Act on behalf of the State warehouse system shall be procured in the name of, and shall show as the principal obligor thereon, the State of North Carolina and the obligations of such bond shall rest upon the State of North Carolina, acting through the State Board of Agriculture or the State warehouse superintendent on behalf of the State warehouse system. Any right of indemnity over as against the principal obligor for any loss under the bond by any surety, shall principally and primarily be directed against and encumber the State Warehouse Indemnifying or Guaranty Fund provided for under the terms and provisions of this article, including, but not restricted to, G.S. 106-435. Any cause of action arising out of or incidental to any bond furnished under and pursuant to the United States Warehouse Act shall be and constitute a claim and suit against the State of North Carolina, whether the State of North Carolina is designated as party defendant in any such action or not, and whether the action is brought against the State of North Carolina, the State Board of Agriculture, the State warehouse superintendent, the State warehouse system, the Treasurer of the State of North Carolina as custodian of the State Indemnity and Guaranty Fund, or any of them, or any individual holding an office or acting as agent of the State of North Carolina, the State Board of Agriculture, the State warehouse superintendent, the State warehouse system, the Treasurer of the State of North Carolina as custodian of the State Indemnity and Guaranty Fund, or any of them, or any individual holding an office or acting as agent of the State in the execution of this article, There shall be no liability or cause of action against any individual acting as an officer, employee, agency or instrumentality of the State in the execution of this article under any bond furnished by the State under and pursuant to the United States Warehouse Act, except as in this article otherwise provided. (1965, c. 1038.)

§ 106-451. Numbering of cotton bales by public ginneries; public gin defined.—(a) Any person, firm or corporation operating any public cotton gin; that is, any cotton gin other than one ginning solely for the individual owner, owners, or operators thereof, shall hereafter be required to distinctly and clearly number, serially, each and every bale of cotton ginned, in one of the following ways:

(1) Attach a metal strip carrying the serial number to one of the ties of the bale and ahead of the tie lock, and so secure it that ordinary handling will not remove or disfigure the number;

(2) Impress the serial number upon one of the bands or ties around the bale.

Any person, firm or corporation failing or refusing to comply with this section shall be guilty of a misdemeanor for each and every offense, and upon conviction shall be fined not exceeding fifty dollars or imprisoned not more than thirty days.

(b) Any person, firm or corporation buying a bale of cotton on which this number has: (i) Been removed; (ii) defaced by cutting; (iii) or otherwise altered, unless a new metal strip is attached and impression made by the original gin ginning said bale or bales of cotton, shall be guilty of a misdemeanor for each and every offense and upon conviction shall be fined not exceeding fifty dollars ($50.00) or imprisoned not more than thirty (30) days.

(c) Every public ginnyery, as defined in subsection (a) of this section, shall keep a book in which shall be registered all cotton received at the gin to be ginned in the name of the owner of the cotton and the name of the person from whom the cotton is received for ginning. Any person giving false information for entry
§ 106-451.1. Purchasers of cotton to keep records of purchases.—

This record shall contain the name and address of the seller of the cotton, the date on which purchased, the weight or amount and the serial number of the bales provided for by § 106-451. Any person violating the provisions of this section shall be guilty of a misdemeanor and shall, upon conviction, be fined or imprisoned in the discretion of the court: Provided, any person, firm or corporation who purchases cotton which has been ginned outside this State shall be required to keep only so much of the records hereinabove specified as purchasers are required to keep by the law of the state where said cotton was ginned. (1945, c. 61; 1947, c. 977.)

 ARTICLE 39.

§ 106-453. Oath of tobacco weigher; duty of weigher to furnish list of number and weight of baskets weighed.—All leaf tobacco sold upon the floor of any tobacco warehouse shall first be weighed by some reliable person, who shall have first sworn and subscribed to the following oath, to wit: "I do solemnly swear (or affirm) that I will correctly and accurately weigh all tobacco offered for sale at the warehouse of ........................., and correctly test and keep accurate the scales upon which the tobacco so offered for sale is weighed." Such oath shall be filed in the office of the clerk of the superior court of the county in which said warehouse is situated.

Immediately upon the weighing of any lot or lots of tobacco, the tobacco weigher shall furnish, upon request, to the person delivering such tobacco to the scale for weighing a true list showing the number of baskets of tobacco weighed and the individual weight of each such basket so presented. (1895, c. 81, s. 2; Rev., s. 3043; C. S., s. 5125; 1951, c. 1105, s. 1.)

Cross Reference.—As to provisions requiring accounts of sales and reports to Commissioner, see § 106-456 et seq.
§ 106-454. Warehouse proprietor to render bill of charges; penalty. — The proprietor of each and every warehouse shall render to each seller of tobacco at his warehouse a bill plainly stating the amount charged for weighing and handling, the amount charged for auction fees, and the commission charged on such sale, and it shall be unlawful for any other charges or fees to be made or accepted. (1931, c. 101, s. 1; 1939, c. 348.)

Editor's Note.—For discussion of this section prior to the 1939 amendment, see 9 N.C.L. Rev. 387.

ARTICLE 40.

Leaf Tobacco Sales.

§ 106-456. Accounts of warehouse sales required. — On and after the first day of August, one thousand nine hundred and seven, the proprietor of each and every leaf tobacco warehouse doing business in this State shall keep a correct account of the number of pounds of leaf tobacco sold upon the floor of his warehouse daily. (1907, c. 97, s. 1; C. S., s. 4926.)

Cross Reference.—As to effective period of lien upon leaf tobacco sold in auction warehouse, see § 44-69.

§ 106-457. Monthly reports to Commissioner; results classified. — On or before the tenth day of each succeeding month the said warehouse proprietors shall make a statement, under oath, of all the tobacco so sold upon the floor of his warehouse during the past month and shall transmit the said statement, at once, to the Commissioner of Agriculture at Raleigh, North Carolina. The report so made to the Commissioner of Agriculture shall be so arranged and classified as to show the number of pounds of tobacco sold for the producers of tobacco from first hand; the number of pounds sold for dealers; and the number of pounds resold by the proprietor of the warehouse for his own account or for the account of some other warehouse. (1907, c. 97, s. 2; C. S., s. 4927; Ex. Sess. 1921, c. 76.)

§ 106-458. Commissioner to keep record and publish in Bulletin. — The Commissioner of Agriculture shall cause said statements to be accurately copied into a book to be kept for this purpose, and shall keep separate and apart the statements returned to him from each leaf tobacco market in the State, so as to show the number of pounds of tobacco sold by each market for the sale of leaf tobacco; the number of pounds sold by producers, and the number of pounds resold upon each market. The Commissioner of Agriculture shall keep said books open to the inspection of the public, and shall, on or before the fifteenth day of each month, after the receipt of the reports above required to be made to him on or before the tenth day of each month, cause the said reports to be published in the Bulletin issued by the agricultural Department and in one or more journals published in the interest of the growth, sale, and manufacture of tobacco in the State, or having a large circulation therein. (1907, c. 97, s. 3; C. S., s. 4928; Ex. Sess. 1921, c. 76.)
§ 106-459. Penalty for failure to report sales. — Any warehouse failing to make the report as required by § 106-457 shall be subject to a penalty of twenty-five dollars and the costs in the case, to be recovered by any person suing for same in any court of a justice of the peace; and the magistrate in whose court the matter is adjudicated shall include in the cost of each case where the penalty is allowed one dollar, to be paid to the Department of Agriculture for expense of advertising. (1915, c. 31, s. 1; C. S., s. 4929.)

§ 106-460. Commissioner to publish names of warehouses failing to report sales; certificate as evidence.—The Commissioner shall, on the 14th day of each month, publish in some newspaper the names of the tobacco warehouses that have failed to comply with this article.

The certificate of the Commissioner under seal of the Department shall be admissible as evidence the same as if it were deposition taken in form as provided by law. (1915, c. 31, ss. 2, 3; C. S., s. 4930; Ex. Sess. 1921, c. 76.)

§ 106-461. Nested, shingled or overhung tobacco. — It shall be unlawful for any person, firm or corporation to sell or offer for sale, upon any leaf tobacco warehouse floor, any pile or piles of tobacco, which are nested, or shingled, or overhung, or either as hereinafter defined:

(1) Nesting tobacco: That is, so arranging tobacco in the pile offered for sale that it is impossible for the buyer thereof to pull leaves from the bottom of such pile for the purpose of inspection;

(2) Shingling tobacco: That is, so arranging a pile of tobacco that a better quality of tobacco appears upon the outside and tobacco of inferior quality appears on the inside of such pile; and

(3) Overhanging tobacco: That is, so arranging a pile of tobacco that there are alternate bundles of good and sorry tobacco. (1933, c. 467, s. 1.)

§ 106-462. Sale under name other than that of true owner prohibited.—It shall be unlawful for any person, firm or corporation to sell or offer for sale or cause to be sold, or offered for sale, any leaf tobacco upon the floors of any leaf tobacco warehouse, in the name of any person, firm or corporation, other than that of the true owner or owners thereof, which true owner’s name shall be registered upon the warehouse sales book in which it is being offered for sale. (1933, c. 467, s. 2.)

§ 106-463. Allowance for weight of baskets and trucks.—It shall be unlawful for any person, firm or corporation in weighing tobacco for sale to permit or allow the basket and truck upon which such tobacco is placed for the purpose of obtaining such weight to vary more than two pounds from the standard or uniform weight of such basket and truck. (1933, c. 467, s. 3.)

§ 106-464. Violation made misdemeanor.—Any person, firm or corporation violating the provisions of §§ 106-461 to 106-463 shall be guilty of a misdemeanor, and upon conviction shall be fined not more than fifty dollars or imprisoned not more than thirty days. (1933, c. 467, s. 4.)

§ 106-465. Organization and membership of tobacco boards of trade; rules and regulations; price fixing prohibited.—Tobacco warehousemen and the purchasers of leaf tobacco, at auction, on warehouse floors, are hereby authorized to organize, either as nonstock corporations, or voluntary associations, tobacco boards of trade in the several towns and cities in North Carolina in which leaf tobacco is sold on warehouse floors, at auction.

Such tobacco boards of trade as may now exist, or which may hereafter be organized, are authorized to make reasonable rules and regulations for the economical and efficient handling of the sale of leaf tobacco at auction on the warehouse floors in the several towns and cities in North Carolina in which an auction market is situated.

204
The tobacco boards of trade in the several towns and cities in North Carolina are authorized to require as a condition to membership therein the applicants to pay a reasonable membership fee and the following schedule of maximum fees shall be deemed reasonable, to wit:

A membership fee of fifty dollars ($50.00) in those towns in which less than three million pounds of tobacco was sold at auction between the dates of August 20, 1931, and May 1, 1932; a fee of one hundred dollars ($100.00) in those towns in which during said period of time more than three million and less than ten million pounds of tobacco was sold; a fee of one hundred fifty dollars ($150.00) in those towns in which during said period of time more than ten million and less than twenty-five million pounds of tobacco was sold; a fee of three hundred dollars ($300.00) in those towns in which during said period of time more than twenty-five million pounds of tobacco was sold.

Membership, in good standing, in a local board of trade shall be deemed a reasonable requirement by such board of trade as a condition to participating in the business of operating a tobacco warehouse or the purchase of tobacco at auction therein.

Membership in the several boards of trade may be divided into two categories:

1. Warehousemen;
2. Purchasers of leaf tobacco other than warehousemen.

Purchasers of leaf tobacco may be: (i) Participating or (ii) nonparticipating. The holder of a membership as a purchaser of leaf tobacco shall have the option of becoming, upon written notice to the board of trade, either a participating or a nonparticipating member. Individuals, partnerships, and/or corporations who are members of tobacco boards of trade, established under this section or coming within the provisions of this section, as nonparticipating members shall not participate in or have any voice or vote in the management, conduct, activities, allotment of sales time, and/or hours, the fixing of dates for the opening or closing of tobacco auction markets, or in any other manner or respect. Individuals, partnerships, and/or corporations who are such nonparticipating members in any of the several tobacco boards of trade shall not be responsible or liable for any of the acts, omissions or commissions of the several tobacco boards of trade.

It shall be unlawful and punishable as of a misdemeanor for any bidder or purchaser of tobacco upon warehouse floors to refuse to take and pay for any basket or baskets so bid off from the seller when the seller has or has not accepted the price offered by the purchaser or bidder of other baskets. Any person suspended or expelled from a tobacco board of trade under the provisions of this section may appeal from such suspension to the superior court of the county in which said board of trade is located.

Nothing in this section shall authorize the organization of any association having for its purpose the control of prices or the making of rules and regulations in restraint of trade. (1933, c. 268; 1951, c. 383.)

Jurisdiction of Federal Trade Commission. — There is a substantial public interest in maintaining free and open competition among warehousemen on tobacco auction markets. The public interest often is specific and substantial, because the unfair method employed threatens the existence of present or potential competition. That is the basis for the jurisdiction of the Federal Trade Commission in a case involving regulations adopted pursuant to this section governing the allocation of selling time to tobacco warehouses. Asheville Tobacco Bd. of Trade, Inc. v. Federal Trade Comm'n, 263 F.2d 502 (4th Cir. 1959).

The decisions of the North Carolina courts since the enactment of this section make it clear that the sale of tobacco at auction is of great public importance to the State of North Carolina, but they also show that the operation of the business is in the hands of private parties. A tobacco board of trade is organized primarily for the benefit of those engaged in the business; its articles of association and bylaws constitute a contract amongst the members by which each member consents to

205
reasonable regulations pertaining to the
circumstances of the business. Such a board is
not an instrumentality of the State, and
its activities are subject to the jurisdiction
of the Federal Trade Commission. Ashe-
villle Tobacco Bd. of Trade, Inc. v. Federal
Trade Comm’n, 263 F.2d 502 (4th Cir.
1959).

Rules and Regulations of Board.—The
authority granted to a tobacco board of
trade, under and by virtue of the provi-
sions of this section, to make reasonable
rules and regulations for the economical
and efficient handling of the sale of leaf
tobacco at auction on warehouse floors
where an auction market is situated, is
sufficiently broad to include the authority
to make reasonable rules and regulations
in respect to allotment of sales time. Co-
operative Warehouse v. Lumberton To-
bacco Bd. of Trade, 242 N.C. 123, 87 S.E.2d
25 (1955); Day v. Asheville Tobacco Bd.
of Trade, 242 N.C. 136, 87 S.E.2d 18
(1955).

The articles of association for the pur-
poses expressed in the charter and bylaws
of a tobacco board of trade, organized and
existing under and by virtue of this sec-
tion, constitute a contract between it and
its members, and as a consequence of
membership in the corporation for mutual
membership, each member is deemed to
have consented to all reasonable rules and
regulations pertaining to the business. Co-
operative Warehouse v. Lumberton To-
bacco Bd. of Trade, 242 N.C. 123, 87 S.E.2d
25 (1955); Day v. Asheville Tobacco Bd.

Regulations adopted by a local tobacco
board of trade involving allocation of sell-
ing time to warehouses were held in the
instant case to unreasonably and unduly
restrain trade in the purchase and sale of
tobacco and to constitute unfair methods
of competition and unfair acts or practices
in commerce within the meaning of the
Federal Trade Commission Act. Asheville
Tobacco Bd. of Trade, Inc. v. Federal
Trade Comm’n, 263 F.2d 502 (4th Cir.
1959).

A tobacco board of trade has no au-
thority to legislate. It cannot create a duty
where the law creates none. The legisla-
ture has the authority to regulate, within
constitutional limits, the sale of leaf to-
bacco upon the auction markets of this
State, and in doing so may prescribe
standards of conduct to be observed by
those who conduct auction warehouses as
well as others participating in the sales.
But this is a nondelegable power. Kinston
Tobacco Bd. of Trade v. Liggett & Myers
Tobacco Co., 235 N.C. 737, 71 S.E.2d 21
(1952).

Board Has No Right to Establish Sales
and Require Buyers to Purchase Thereat.
—This section is silent upon the question
of the number of sales and prescribes no
standard by which the number of sales
may be determined. Therefore, in the ab-

ence of an agreement, either expressed
or implied, a board organized under this
section has no right to establish sales and
require buyers to purchase thereat. Kinston
Tobacco Bd. of Trade v. Liggett & Myers
Tobacco Co., 235 N.C. 737, 71 S.E.2d 21
(1952).

Applied in Roberts v. Fuquay-Varina
608 (E.D.N.C. 1963), aff’d, 332 F.2d 521
(4th Cir. 1964).

Article 41.

Dealers in Scrap Tobacco.

§ 106-466. Application for license; amount of tax; exceptions.—
Every person, firm or corporation desiring to engage in the business of buying
and/or selling scrap or untied tobacco in the State of North Carolina shall first
procure from the Commissioner of Revenue of North Carolina a license so to do,
and for that purpose shall file with the said Commissioner of Revenue an applica-
tion setting forth the name of the county or counties in which such applicant pro-
poses to engage in the said business and the place or places where his, their or its
principal office (if any) shall be situated; and shall pay to the said Commissioner
of Revenue of North Carolina, to be placed in the general fund for the use of the
State, an annual license tax of five hundred dollars ($500.00) for each and every
county in North Carolina in which the applicant proposes to engage in such busi-
ness. Every such license issued hereunder shall run from the date thereof and
shall expire on the thirty-first day of May of the next year following its issue.
No license shall be issued for less than the full amount of tax prescribed. Any
lot of parts of leaves of tobacco, or any lot in which parts of leaves of tobacco

206
are commingled with whole leaves of tobacco, or any other leaf or leaves of tobacco, or parts of leaves of tobacco not permitted, under the rules and regulations of tobacco warehouses, to be offered for sale at auction on tobacco warehouse floors, shall be deemed to be "scrap or untied" tobacco within the meaning and purview of this article: Provided, that the tax herein levied shall not apply in cases where the producer delivers his scrap or untied tobacco to a tobacco warehouse or tobacco redrying plant. (1935, c. 360, s. 1; 1937, c. 414, s. 1; 1939, c. 389, s. 1; 1941, c. 246.)

Validity. — This article, imposing a license tax on dealers in scrap tobacco, is not vague or uncertain, and is uniform and equal in its application. Ficklen Tobacco Co. v. Maxwell, 214 N.C. 367, 199 S.E. 404 (1938), holding that the former tax of $1,000 was not excessive as a matter of law.

§ 106-467. Report to Commissioner of Agriculture each month.— On or before the tenth day of each month every person, firm or corporation engaged in the business set forth in § 106-466 shall make a report to the Commissioner of Agriculture of North Carolina, setting forth the number of pounds of scrap or untied tobacco purchased and the price paid therefor during the preceding month in each of the counties in which the said person, firm or corporation is doing business and also the purposes for which such scrap tobacco is bought or sold. (1935, c. 360, s. 2; 1937, c. 414, s. 2.)

§ 106-468. Display of license; no fixed place of business; agents, etc.; licensing of processors, redriers, etc.—(a) If any person, firm or corporation licensed to engage in the business aforesaid has a warehouse, office or fixed place of business, the license issued by the Commissioner of Revenue as herein provided shall be displayed in a conspicuous place in said warehouse, office or place of business. Such license so obtained shall not be transferable and shall authorize such person, firm or corporation to engage in the business described in this article only on the premises described in the license. Only one original license shall be issued to any person, firm or corporation, which will authorize such person, firm or corporation to engage in such business in the county for which such license is issued. If such person, firm or corporation shall have no warehouse, office, or fixed place of business in the county where such business is carried on, if the original license is to be issued to a firm, partnership or copartnership, there shall be designated on such license the name of the individual who is to exercise the privilege granted on behalf of such firm, partnership or copartnership. If such license is to be issued to a corporation, there shall be designated on such license the name of the individual who is to exercise the privilege granted on behalf of such corporation and the license so issued will authorize only the individual designated thereon to engage in such business for or on behalf of such person, firm, partnership, copartnership or corporation, and none other. If such person, firm or corporation carries on the business herein described through agents, representatives, solicitors, or peddlers other than those named on the original license issued, as herein provided, additional and like licenses, for which there shall be paid the sum of two hundred fifty dollars ($250.00) shall be obtained for such additional agents, representatives, solicitors, or peddlers for each county in which such business is carried on, in the manner hereinafter set out, and all original and additional licenses issued to persons, firms or corporations which have no warehouse, office or fixed place of business shall be carried on the person of such licensee and shall be exhibited when requested or demanded by any law enforcement officer of North Carolina, or any person from whom such tobacco is brought, or to whom the same may be sold.

Any person, firm or corporation applying for and obtaining a license under this article may employ traveling representatives, agents, peddlers, or solicitors for the purpose of buying and/or selling scrap tobacco, but such traveling representatives, agents or peddlers shall apply for and obtain from the Commissioner of Rev-
§ 106-469. Violation made misdemeanor.—Any person, firm or corporation violating any of the provisions of this article shall be guilty of a misdemeanor, and upon conviction shall be fined and/or imprisoned in the discretion of the court. (1937, c. 414, s. 4.)

§ 106-470. Exemptions.—Nothing in this article shall have any effect upon or apply to any stocks of leaf and scrap tobacco grown prior to the year one thousand nine hundred thirty-seven, or to purchases or sales of scrap or untied tobacco which has been processed, redried or manufactured. (1937, c. 414, s. 4½; 1939, c. 389, s. 3.)

Production, Sale, Marketing and Distribution of Tobacco.

§§ 106-471 to 106-489: Repealed by Session Laws 1955, c. 188, s. 1.

Editor's Note.—This article, known as the Tobacco Compact Act, depended upon similar action in other tobacco-producing states, which failed to materialize, and consequently was of no avail. 15 N.C.L. Rev. 323.

Article 43.

Combines and Power Threshers.

§§ 106-490 to 106-495: Repealed by Session Laws 1955, c. 268, s. 2.

§ 106-495.1. Reports of crops harvested by means of combines or power threshers.—It shall be the duty of the Commissioner of Agriculture to collect reports from every person, firm, or corporation who shall engage in the harvesting of crops by means of combines or power threshers; and it shall be the
duty of every person, firm, or corporation engaging in the harvesting of crops by means of combines or power threshers to keep an accurate and complete record of the acreages harvested, and amounts threshed or combined for each farm, and to make reports on forms to be provided by the Commissioner of Agriculture showing acreages and amounts for the preceding season. For crops combined or threshed between January 1 and July 31 of each year the report shall be made not later than the first day of September of such year. For crops combined or threshed between August 1 and December 31 of each year the report shall be made not later than the first day of February of the next succeeding year. (1955, c. 268, s. 1.)

§ 106-495.2. Reports of sales of combines or power threshers.—It shall be the duty of every person, firm, or corporation who shall sell any combine or power thresher in this State to report to the Commissioner of Agriculture the name and address of the purchaser thereof. Every sale completed on or after the first day of September and prior to the first day of May of the following year shall be reported on or before the first day of June of that year, and every sale completed on or after the first day of May and prior to the first day of September of each year shall be reported on or before the first day of October of said year. (1955, c. 268, s. 1.)

ARTICLE 44.
Unfair Practices by Handlers of Farm Products.

§ 106-496. Protection of producers of farm products against unfair trade practices.—The Board of Agriculture is hereby authorized to make rules and regulations necessary to protect producers of farm products from loss through financial irresponsibility and unfair, harmful and unethical trade practices of persons, firms and corporations (hereinafter referred to as “handlers”) and their agents, who incur financial liability for farm products. (1941, c. 359, s. 1.)

§ 106-497. Permits required of handlers of farm products not operating on cash basis.—No person shall act as a handler of farm products on any basis except a cash basis, until he obtains a permit from the Commissioner of Agriculture. The Commissioner of Agriculture may require from each applicant such verified information as he sees fit in order to determine the applicant’s financial responsibility and reputation, and the Board may make rules and regulations as to issuing permits. (1941, c. 359, s. 2.)

§ 106-498. Establishment of financial responsibility before permit issued; bond.—No such permit shall be issued to any handler who is not operating on a strictly cash basis and who is incurring or may incur financial liability to any grower, until such person, firm, or corporation shall furnish to the Commissioner of Agriculture sufficient and satisfactory evidence of their ability to carry out their contract or furnish a satisfactory bond in an amount not to exceed ten thousand ($10,000) dollars. The Commissioner of Agriculture may require a new bond or additional bonds up to the ten thousand dollar ($10,000.00) limit when he finds it necessary for the protection of the producer. Such bonds shall be payable to the State in favor of every contract producer or consignor of farm products, and shall be continued upon compliance with all the provisions of this article, and the faithful fulfillment of all contracts, and for the faithful accounting for and handling of produce by such handler, and for payment to the producer of the net proceeds of all consignments and sales. Any producer claiming to be injured by the fraud, deceit or willful negligence of any commission merchant or contractor, or by his failure to comply with this article or with the terms of a written contract between such parties, may bring action on the bond against both principal and surety in any court of competent jurisdiction and may recover the damages found by the court to be caused by such acts complained of. (1941, c. 359, s. 3.)
§ 106-499. Contracts between handlers and producers; approval of Commissioner.—No handler shall enter into any written contract with a producer in North Carolina, for the production, delivery, or sale of farm products, unless he files with the Commissioner of Agriculture a true copy of the contract and it is examined and approved by the Commissioner. The Commissioner may withhold his approval in his discretion if he is of the opinion that the contract is illegal or unfair to the producer, or that the contractor is insolvent or financially irresponsible, or if for any other cause it reasonably appears to him that the contract in question might defeat the purpose of this article. (1941, c. 359, s. 4.)

§ 106-500. Additional powers of Commissioner to enforce article.—In order to enforce this article, the Commissioner of Agriculture, upon his own motion or upon the verified complaint of any producer, shall have the following additional powers:

1. To inspect or investigate transactions for the sale or delivery of farm products to persons acting as handlers; to require verified reports and accounts of all authorized handlers; to examine books, accounts, memoranda, equipment, warehouses, storage, transportation and other facilities, farm products and other articles connected with the business of the handlers; to inquire into failure or refusal of any handlers to accept produce under his contracts and to pay for it as agreed;

2. To hold hearings after due notice to interested parties and opportunity to all to be heard; to administer oaths, take testimony and issue subpoenas; to require witnesses to bring with them relevant books, papers, and other evidence; to compel testimony; to make written findings of fact and on the basis of these findings to issue orders in controversies before him, and to revoke the permits of persons disobeying the terms of this article or of rules, regulations, and orders made by the Board or the Commissioner. Any party disobeying any order or subpoena of the Commissioner shall be guilty of contempt, and shall be certified to the superior court for punishment. Any party may appeal to the superior court from any final order of the Commissioner;

3. To issue all such rules and regulations, with the approval of the Board, and to appoint necessary agents and to do all other lawful things necessary to carry out the purposes of this article. (1941, c. 359, s. 5.)

§ 106-501. Violation of article or rules made misdemeanor.—Any person who violates the provisions of this article or the rules and regulations promulgated thereunder shall be guilty of a misdemeanor, and shall be punishable by a fine of not more than five hundred dollars ($500.00) or by imprisonment for not more than one year, or both. (1941, c. 359, s. 6.)

ARTICLE 45.
Agricultural Societies and Fairs.

§ 106-502. Land set apart.—For the purpose of the operating of a State Fair, expositions and other projects which properly represent the agricultural, manufacturing, industrial and other interests of the State of North Carolina, there is hereby dedicated and set apart two hundred acres of land owned by the State or any department thereof within five miles of the State Capitol, the particular acreage to be selected, set apart, and approved by the Governor and Council of the State of North Carolina. (1927, c. 209, s. 1; 1959, c. 1186, s. 1.)

§ 106-503. Board of Agriculture to operate fair.—The State Fair and other projects provided for in G.S. 106-502, shall be managed, operated and
conducted by the Board of Agriculture established in G.S. 106-502. To that end, said Board of Agriculture shall, at its first meeting after the ratification of this section, take over said State Fair, together with all the lands, buildings, machinery, etc., located thereon, now belonging to said State Fair and shall operate said State Fair and other projects with all the authority and power conferred upon the former board of directors, and it shall make such rules and regulations as it may deem necessary for the holding and conducting of said fair and other projects, and/or lease said fair properties so as to provide a State Fair. (1931, c. 360, s. 3; 1959, c. 1186, s. 2.)

Editor's Note.—Section 4 of the 1959 amendatory act provides: “All actions heretofore taken by the manager of the North Carolina State Fair in the operation of projects on the fair grounds at times other than the annual dates of the State Fair are confirmed, ratified and validated.”

§ 106-503.1. Board authorized to construct and finance facilities and improvements for fair.—(a) Borrowing Money and Issuing Bonds.—For the purpose of building, enlarging and improving the facilities on the properties of the State Fair, the State Board of Agriculture is hereby empowered and authorized to borrow a sum of money not to exceed one hundred thousand dollars ($100,000.00), and to issue revenue bonds therefor, payable in series at such time or times and bearing such rate of interest as may be fixed by the Governor and Council of State: Provided, that no part of the payments of the principal or interest charges on said loan shall be made out of the general revenue of the State of North Carolina, and the credit of the State of North Carolina and the State Department of Agriculture or the agricultural fund, other than the revenue of the State Fair funds, shall not be pledged either directly or indirectly for the payment of said principal or interest charges. The receipts, funds, and any other State Fair assets may be pledged as security for the payment of any bonds that may be issued.

(b) Contracts and Leases; Pledge of Gate Receipts, etc.—For the further purpose of acquiring, constructing, operating and financing said properties and facilities on the North Carolina State Fair grounds, the Board of Agriculture may enter into such agreements, contracts and leases as may be necessary for the purpose of this section, and may pledge, appropriate, and pay such sums out of the gate receipts or other revenues coming to the State Board of Agriculture from the operation of any facilities of the State Fair as may be required to secure, repay, or meet the principal and interest charges on the loan herein authorized.

(c) Gifts and Endowments.—The State Board of Agriculture may receive gifts and endowments, whether real estate, moneys, goods or chattels, given or bestowed upon or conveyed to them for the benefit of the State Fair, and the same shall be administered in accordance with the requirements of the donors. (1945, c. 1009; 1959, c. 1186, s. 3.)

§ 106-504. Lands dedicated by State may be repossessed at will of General Assembly.—Any lands which may be dedicated and set apart under the provisions of this article may be taken possession of and repossessed by the State of North Carolina, at the will of the General Assembly. (1927, c. 209, s. 4(a).)

Part 2. County Societies.

§ 106-505. Incorporation; powers and term of existence.—Any number of resident persons, not less than ten, may associate together in any county, under written articles of association, subscribed by the members thereof, and specifying the object of the association to encourage and promote agriculture, domestic manufactures, and the mechanic arts, under such name and style as they may choose, subject to any other applicable provisions of law, and thereby become a body corporate with all the powers incident to such a body, and may
§ 106-506. Organization; officers; new members.—Such society shall be organized by the appointment of a president, two vice-presidents, a secretary and treasurer, and such other officers as they may deem proper, who shall thereafter be chosen annually, and hold their places until others shall be appointed. And the society may from time to time, on such conditions as may be prescribed, receive other members of the corporation. (1852, c. 2, s. 3; R. C., c. 2, ss. 6, 7; Code, s. 2220; Rev., ss. 3868, 3869; C. S., s. 4941; 1949, c. 829, s. 2.)

§ 106-507. Exhibits exempt from State and county taxes.—Any society or association organized under the provisions of this chapter, desiring to be exempted from the payment of State, county, and city license taxes on its exhibits, shows, attractions, and amusements, shall each year, not later than sixty (60) days prior to the opening date of its fair, file an application with the Commissioner of Revenue for a permit to operate without the payment of said tax; said application shall state the various types of exhibits and amusements for which the exemption is asked, and also the date and place they are to be exhibited. The Commissioner of Revenue shall immediately refer said application to the Commissioner of Agriculture for approval or rejection. If the application is approved by said Commissioner of Agriculture, the Commissioner of Revenue shall issue a permit to said society or association authorizing it to exhibit within its fair grounds and during the period of its fair, without the payment of any State, county, or city license tax, all exhibits, shows, attractions, and amusements as were approved. Provided, however, that the Commissioner of Revenue shall have the right to cancel said permit at any time upon the recommendation of said Commissioner of Agriculture. Any society or association failing to so obtain a permit from the Commissioner of Revenue or having its permit canceled shall pay the same State, county, and city license taxes as may be fixed by law for all other persons or corporations exhibiting for profit within the State shows, carnivals, or other attractions. (1905, c. 513, s. 2; Rev., s. 3871; C. S., s. 4944; 1935, c. 371, s. 107; 1949, c. 829, s. 2.)

§ 106-508. Funds to be used in paying premiums.—All moneys so subscribed, as well as that received from the State treasury as herein provided, shall after paying the necessary incidental expenses of such society, be annually paid for premiums awarded by such societies, in such sums and in such way and manner as they severally, under their bylaws, rules and regulations, shall direct, on such live animals, articles of production, and agricultural implements and tools, domestic manufacturers, mechanical implements, tools and productions as are of the growth and manufacture of the county or region, and also such experiments, discoveries, or attainments in scientific or practical agriculture as are made within the county or region wherein such societies are respectively organized. § 106-520.3. (1935, c. 172, s. 1.)

Local Modification.—Granville: 1953, c. 1240.

It shall also state what means have been used heretofore, if any, to prevent soil erosion, and specifically the extent to which erosion now exists upon the premises. At any time subsequent to the said application, if relief is extended to him, he shall, when so requested by the said county commissioners or any other person delegated by them to receive the information, make detailed reports as to the condition of his said cultivated lands, the extent to which provision has been made thereon to prevent soil erosion, with the results of same. There shall also be stated in the said application the kind and quantity of equipment which, in the judgment of the applicant, is necessary for use upon his farm. (1935, c. 172, s. 2.)

§ 106-523. Investigation and extending relief.—Upon the filing of such application the county commissioners shall cause due investigation to be made with reference thereto, and for their guidance; shall fully consider the same and if, in their opinion, the relief asked for should be extended, they shall thereupon proceed to supply or have supplied such equipment as in their judgment may be necessary under the circumstances, as provided in this article. (1935, c. 172, s. 3.)

§ 106-524. Purchase of equipment and furnishing to farmers; notes and security from applicants; rental contracts; guarantee of payment.—The county commissioners are authorized and empowered to purchase the equipment by them deemed to be necessary and supply the applicant therewith, upon such terms and conditions of purchase, rental or repayment as may be deemed by them just and proper, and which will save the county from loss in the matter. To that end, they are authorized to accept from the applicant such notes and security, if any by them are deemed necessary, or shall make with them such rental contracts as may be reasonably prudent and safe in the premises. They are further authorized and empowered, when in their judgment it may be deemed advisable, to guarantee the payment to the seller, for such equipment as may be directly purchased by the applicant for the use aforesaid: Provided, however, that the purchase of the said equipment has been previously approved by the county commissioners. (1935, c. 172, s. 4.)
§ 106-525. Guarantee of payment where equipment purchased by federal agencies.—Where the said equipment may be purchased by any federal agency and by it furnished to any person, persons, firm or corporation engaged in the actual cultivation of the soil, the county commissioners are authorized, under such terms and conditions as to them may seem advisable, and as shall conserve the public interest and be just and proper to the county, to guarantee the payment of the purchase price of such equipment in full or the interest upon the obligations made in their purchase, and may do so in full or in part. (1935, c. 172, s. 5.)

§ 106-526. Expense of counties extending relief made lien on premises of applicant.—In the event the county commissioners shall extend any relief under this article, to the extent of the money furnished or the obligation of the county with respect thereto, the same shall be a lien upon the premises, lands and tenements of the owner and applicant for such relief, securing the repayment of the funds furnished by the county and securing the county against any loss by reason of its obligation in any respect, the said lien to be foreclosed in all respects as provided in the law for deeds of trust or real estate mortgages: Provided, however, that in case the county itself has entered into an obligation in order to extend to any persons herein named the relief provided in this article, the county shall not be postponed in its relief until loss is actually incurred by it, but may proceed in accordance with the contract and agreement made with the applicant for relief, and when the obligations of the county in any respect are due: Provided, further, that the lien created by this section shall not be effective as against innocent purchasers for value unless and until notice of such lien shall be docketed in the office of the clerk of the superior court of the county in which the land lies in the manner and form provided by law for perfecting laborer's or mechanic's liens against real property. (1935, c. 172, s. 6.)

Article 47.

State Marketing Authority.

§ 106-528. State policy and purpose of article.—It is declared to be the policy of the State of North Carolina and the purpose of this article to promote, encourage and develop the orderly and efficient marketing of products of the home, farm, sea and forest; to establish, maintain, supervise and control, with the cooperation of counties, cities and towns, centrally located markets for the sale and distribution of such products, so as to promote a steady flow of commodities, properly graded and labelled, into the channels of trade at the time and place to enable the producer to get the market price and the consumer to get a product in keeping with the price paid. (1941, c. 39, s. 1.)

§ 106-529. State Marketing Authority created; members and officers; commodity advisers; meetings and expenses.—To secure these aims, there is hereby created an incorporated public agency of the State, to be known as the State Marketing Authority, hereinafter referred to as the “Authority.” It shall consist of the members of the State Board of Agriculture, and the Commissioner of Agriculture shall be the chairman. They shall perform the duties and exercise the powers herein set out as a part of their official duties as members of the Board of Agriculture. The Governor shall appoint from time to time commodity advisers to plan with the Authority the programs undertaken in
their respective communities. The Authority shall elect and prescribe the duties of a secretary-treasurer, who shall not be a member of the Authority. He shall give bond in such amount as the Authority shall determine in some reliable surety company doing business in North Carolina, and the Authority shall pay the premiums. The Authority shall meet in regular session annually at a fixed place and date, and shall meet in special session at such other times and places as the chairman may request. The members shall receive no salary, but shall receive actual expenses plus seven dollars per day for actual time spent in performing their duties. (1941, c. 39, s. 2.)

§ 106-530. Powers of Authority.—The Authority shall have the following powers:

(1) To sue and be sued in its corporate name in any court or before any administrative agency of the State or of the United States, and to enter into agreements with the United States Department of Agriculture or any other legally constituted State or federal agency, or with any county, city or town in the furtherance of the purposes of this article.

(2) To plan, build, construct, or cause to be built or constructed, or to purchase, lease or acquire the use of any warehouses or other facilities that may be necessary for the successful operation by the Authority of wholesale markets for products of the home, farm, sea and forest at chosen points in North Carolina. The Authority may make such contracts as may be needed for these purposes. In no case shall the Authority be responsible for any rent except from the income of the market in excess of other operating expenses. The Authority may select and employ for each market capable managers, who shall be familiar with the problems of the grower and the distributor, and of the marketing of farm products, and who shall have the business ability and training to operate a market and to plan for its proper development and growth in order best to serve the interests of producers, distributors, consumers in the area, and the general public. The managers may employ assistants and agents with the approval of the Authority. The Authority may make such regulations as will promote the policy of this article, as to the manner in which the markets shall be operated, the business conducted, and stalls sublet to dealers.

(3) To fix the terms upon which individual, cooperative or corporate wholesale merchants, warehouses or warehousemen may place their facilities or services under the supervision and regulation of the Authority. The Authority may extend to any such wholesale merchants, warehouses or warehousemen marketing benefits in the form of inspection, market informational and news service and may make regulations as to the operation of such facilities or services and as to forms, reports, handling, grades, weights, packages, labels, and other standards for the products handled by such merchants, warehouses or warehousemen.

(4) To fix rentals and charges for each type of service or facility in the markets under its control, taking into consideration the cost of such facility or service, the interest and amortization period required, a proper relationship between types of operators in the market, cost of operation, and the need for reasonable reserves for repairs, depreciation, expansion, and similar items. These rentals and charges shall not bring any profit to any agency over and above the costs of operation, necessary reserves, and debt service.

(5) To issue permits to itinerant dealers in intrastate commerce, who express a willingness to come under the program of the State Marketing Authority. Such permits shall enable the holders to solicit orders and
§ 106-530  Ch. 106. Agriculture—Marketing  § 106-530

to buy and sell produce under the rules and regulations of the Authority and in conformance with §§ 106-185 to 106-196 and not inconsistent with the United States Perishable Agricultural Commodities Act, one thousand nine hundred and thirty (46 Stat. 531).

(6) To issue bonds and other securities to obtain funds to acquire, construct, and equip warehouses to be used in carrying out the purposes of this article. The bonds shall be entitled “North Carolina Marketing Authority Bonds” and shall be issued in such form and denominations and shall mature at such time or times, not exceeding thirty years after their date, and shall bear such interest, not exceeding five percent per annum, payable either annually or semiannually, as the Authority shall determine. They shall be signed by the chairman of the Authority, and the corporate seal affixed or impressed upon each bond and attested by the secretary-treasurer of the Authority. The coupons shall bear the facsimile signature of the chairman officiating when the bonds are issued. Any issue of these bonds and notes may be sold publicly, or at private sale for not less than par to the Reconstruction Finance Corporation or other State or federal agency or may be given in exchange to any county, city, town or individual for the lease or purchase of property to be used by the Authority. To secure such indebtedness, the Authority may give mortgages or deeds of trust, executed in the same manner as the bonds, on the property purchased or acquired, and may pledge the revenues from the markets in excess of operating expenses, interest and insurance: Provided, that each market shall be operated on a separate financial basis, and only such revenues and properties of each separate market shall be liable for the obligations of that market. No obligations incurred by the Authority shall be obligations of the State of North Carolina or any of its political subdivisions, or a burden on the taxpayers of the State or any political subdivision. This does not prevent the State or any of its agencies, departments or institutions, or any private or public agency from making a contribution to the Authority, in money or services or otherwise.

Bonds and notes issued under this article shall be exempt from all State, county or municipal taxes or assessments of any kind; the interest shall not be taxable as income, nor shall the notes, bonds, nor coupons be taxable as part of the surplus of any bank, trust company or other corporation.

Any resolution or resolutions authorizing any bonds shall contain provisions which shall be a part of the contract with the holders of the bonds, as to:

a. Pledging the fees, rentals, charges, dues, tolls, and inspection and sales fees, and other revenues to secure payment of the bonds;

b. The rates of the fees or tolls to be charged for the use of the facilities of the warehouse or warehouses, and the use and disposition of the revenues from its operation;

c. The setting aside of reserves or working funds, and the regulation and disposition thereof;

Position d. Limitations on the purposes to which the proceeds of sale of any issue of bonds may be applied;

e. Limitations on the issuance of additional bonds; and

f. The procedure, if any, by which the terms of any contract with bondholders may be amended or abrogated, the amount of bonds the holders of which must consent thereto, and the manner in which such consent may be given.

§ 106-531. Discrimination prohibited; restriction on use of funds.

The Authority shall not permit:

1. Any discrimination against the sale, on any of the markets under their control, of any farm product because of type of operator or area of production.

2. The use of any of its funds for any purpose other than for the support, necessary expansion, and operation of this State marketing system, or the use of any of its funds to establish any retail market or to build or furnish more than one market in any town. (1941, c. 39, s. 4.)

§ 106-532. Fiscal year; annual report to Governor.

The Authority shall operate on a fiscal year, which shall be from July first to June thirtieth. The Commissioner of Agriculture shall file an annual report with the Governor containing a statement of receipts and disbursements and the purposes of such disbursements, and a complete statement of the financial condition of the Authority, and an account of its activities for the year. (1941, c. 39, s. 5.)

§ 106-533. Application of revenues from operation of warehouses.

All rentals and charges, fees, tolls, storage and sales commissions and revenues of any sort from operation of each warehouse shall be applied to the payment of the cost of operating and administering the warehouse and market facilities including interest on bonds and other evidences of indebtedness issued therefor, and the cost of insurance against loss by injury to persons or property, and the balance shall be paid to the secretary-treasurer of the Authority and be used to provide a sinking fund to pay at or before maturity all bonds and notes and other evidences of indebtedness incurred for and on behalf of the building, constructing, maintaining and operating of each warehouse. A separate sinking fund account shall be kept for each market, and no market shall be liable for the obligations of any other market. (1941, c. 39, s. 6.)

§ 106-534. Exemption from taxes and assessments.

The Authority shall be regarded as performing an essential governmental function in constructing, operating or maintaining these markets, and shall be required to pay no taxes or assessments on any property acquired or used by it for the purposes herein set out. (1941, c. 39, s. 7.)

The assessment so deducted, shall, on or before the first day of June of each year following such deduction, be remitted by such purchaser to the Commissioner of Agriculture of North Carolina who shall thereupon pay the amount of the assessments to the duly certified agency of the producers en-
§ 106-564.2. Further alternative method for collection of assessments.—As an alternate method for the collection of assessments provided for in G.S. 106-564, the duly certified agency representing the producers of peaches, apples or other tree fruits, is hereby authorized to establish the names, addresses and number of trees or acres of trees and certify same to the Commissioner of Agriculture. The Commissioner of Agriculture shall then notify by registered letter such certified producers that on or before the date specified by the duly certified agency, the assessments shall be paid to the Commissioner of Agriculture by the producers. The date of collections of such assessments may be established by the duly certified agency representing the producers of any agricultural product referred to in G.S. 106-550. (1955, c. 374.)

§ 106-564.3. Alternative method for collection of assessments relating to cattle sold for slaughter.—As an alternative method for the collection of assessments provided for in article 50, of chapter 106 of the General Statutes, as amended, and as the same relates to cattle sold for slaughter, upon the request of the duly certified agency of the producers of cattle which are to be sold for slaughter, the Commissioner of Agriculture shall notify, by registered letter, all livestock auction markets, slaughterhouses, abattoirs, packinghouses, and any and all persons, firms and corporations engaged in the buying, selling or handling of cattle for slaughter in this State, and on and after the date specified in the letter the assessments approved and in force under said referendum shall be deducted by the purchaser, or his agent or representative, from the purchase price of any such cattle bought, acquired or sold for slaughter. It shall be unlawful for any livestock auction market, slaughterhouse, abattoir, packinghouse or the administrators or managers or agents of same or for any person, firm or corporation to acquire, buy or sell cattle for slaughter without deducting the assessments previously authorized by said referendum. The assessment or assessments for any month so deducted, shall, on or before the 20th day of the following month, be remitted by such purchaser as above described, to the Commissioner of Agriculture of North Carolina, who shall thereupon pay the amount of the assessments to the duly certified agency of the producers of such cattle entitled thereto. The books and records of all such livestock auction markets, slaughterhouses, abattoirs, packinghouses, or persons, firms or corporations engaged in buying, acquiring or selling cattle for slaughter shall at all times during regular business hours be open for the inspection by the Commissioner of Agriculture or his duly authorized agents. Provided, however, that if any livestock auction market, slaughterhouse, abattoir, packinghouse, or any person, firm or corporation engaged in buying, selling or handling cattle for slaughter in this State shall fail to collect or pay such assessments so deducted to the Commissioner of Agriculture of North Carolina, as herein provided, then and in such event suit may be brought by the duly certified agency concerned in a court of competent jurisdiction to enforce the collection of such assessments. (1959, c. 1176.)

§ 106-565. Subsequent referendum. — In the event such referendum so to be conducted as herein provided shall not be supported by two thirds or more of those eligible for participation therein and voting therein, then the duly certified agency conducting the said referendum shall have full power and authority to call another referendum for the purposes herein set forth in the next succeeding year, on the question of an annual assessment for three years. (1947, c. 1018, s. 16.)

§ 106-566. Referendum as to continuance of assessments approved at prior referendum.—In the event the first such referendum or any subsequent referendum is carried by the votes of two thirds or more of the eligible
farmers participating therein and assessments in pursuance thereof are levied annually for the period set forth in the call for such referendum, then the agency conducting such referendum shall in its discretion have full power and authority to call and conduct during the third year of such first period or the last year of any subsequent period another referendum in which the farmers and producers of such agricultural commodity shall vote upon the question of whether or not such assessments shall be continued for the next ensuing three years or continued for the next ensuing six years. (1947, c. 1018, s. 17; 1965, c. 1046, s. 2.)

Editor's Note.—The 1965 amendment substituted “the first such referendum or any subsequent referendum” for “such referendum” near the beginning of the section, substituted “period” for “three years” preceding “set forth,” inserted “first period or the last year of any subsequent” and added “or continued for the next ensuing six years” at the end of the section.

§ 106.567. Rights of farmers dissatisfied with assessments; time for demanding refund.—In the event such referendum is carried in the affirmative and the assessment is levied and collected as provided herein and under the regulations to be promulgated by the duly certified agency conducting the same, any farmer or producer upon and against whom such annual assessments shall have been levied and collected under the provisions of this article, if dissatisfied with said assessment and the result thereof, shall have the right to demand of and receive from the treasurer of said agency a refund of such annual assessment so collected from such farmer or producer, provided such demand for refund is made in writing within thirty days from the date on which said assessment is collected from such farmer or producer. Provided, however, that as to growers or producers of potatoes or peaches the right of refund of assessments as provided herein shall be contingent upon such growers or producers having paid said assessment on or before the end of the assessment year in which the assessment was levied. The assessment year shall be determined by the duly certified commission, council, board or agency representing the respective commodity. Provided further, that any farmer or producer of potatoes or peaches who fails to make any protest against the assessment and levy in writing, addressed to the duly certified commission, council, board or agency representing the commodity concerned, within thirty days from the date such assessment shall become due and payable, then, and in such event, suit may be brought by the duly certified commission, council, board or agency concerned in a court of competent jurisdiction to enforce the collection of the assessment. (1947, c. 1018, s. 18; 1959, c. 311.)

§ 106.568. Publication of financial statement by treasurer of agency; bond required.—In the event of the levying and collection of assessments as herein provided, the treasurer of the agency conducting same shall within thirty days after the end of any calendar year in which such assessments are collected, publish through the medium of the press of the State a statement of the amount or amounts so received and collected by him under the provisions of this article. Before collecting and receiving such assessments, such treasurer shall give a bond in the amount of at least the estimated total of such assessments as will be collected, such bond to have as surety thereon a surety company licensed to do business in the State of North Carolina, and to be in the form and amount approved by the agency conducting such referendum and to be filed with the chairman or executive head of such agency. (1947, c. 1018, s. 19.)

(1917, c. 131, s. 1; C. S., s. 4959.)

§ 107-2. Landowners' petition and deposits.—Whenever a petition signed by all the landowners in a proposed agricultural development district shall be filed in the office of the clerk of the superior court of any county in which a part of said lands is located, setting forth and certifying that it is their desire and intention to form an agricultural development district (hereinafter called “the district”) of an area aggregating not less than one thousand acres, and that it is their purpose, when cleared and put into condition for cultivation, to sell the said land to settlers on long time terms and at reasonable prices, they shall deposit with the clerk:

1. A certified check for not less than one thousand dollars, plus ten cents per acre for each additional acre in the proposed district, from which funds the clerk shall from time to time meet the actual expenses of examining and verifying and other expenses incidental to forming the district.

2. A complete map of the lands to be included in the district.

3. A soil map showing the types of soils.

4. A drainage map showing the natural drainage of the lands, and any proposed system of drainage it is intended to establish.

5. Certificates of title by a reputable attorney of the county.

6. An estimate of the cost of improvements under the plan submitted.

7. A certificate that the lands when improved will have a market value of at least twice the amount of the total cost of the proposed improvement. (1917, c. 131, s. 2; C. S., s. 4960.)
§ 107-3. Viewers' appointment.—The clerk shall then appoint a board of viewers (hereinafter called "the viewers"), composed of three members, one a competent civil engineer and the other two practical agriculturists, to examine the lands and data submitted to the clerk by the landowners, and report as to the facts being virtually as stated, or to give their opinion as to any variations. (1917, c. 131, s. 2; C. S., s. 4961.)

§ 107-4. Viewers' report.—Their written report shall be filed within two weeks from the date of their appointment. The clerk shall consider this report. If the viewers report that the project is not practicable or will not be for the public welfare, and the clerk shall approve such findings, the petition shall be dismissed at the cost of the petitioners. (1917, c. 131, s. 2; C. S., s. 4962.)

§ 107-5. Plan submitted to Department of Conservation and Development.—If the viewers report that the project is practicable, and that it will be for the public welfare and conducive to the general welfare of the community, and the court shall so find, then all of the data and reports of the proceedings shall be submitted to the Department of Conservation and Development, which shall designate:

(1) An engineer to survey and approve of the boundaries and drainage and road plans.
(2) An attorney of reputation to examine and approve of the chains of title submitted.
(3) A forester to make an estimate of the cost of clearing.
(4) A soil expert to report on the availability of the land for agricultural purposes. (1917, c. 131, s. 3; C. S., s. 4963.)

§ 107-6. District established, if Department approves.—The Department of Conservation and Development shall consider these reports, data, and plans, and, if it approves the same, shall so certify to the clerk of the court, who shall then declare the district established. (1917, c. 131, s. 3; C. S., s. 4964.)

§ 107-7. Board of agricultural development commissioners appointed.—After the said district shall have been declared established as aforesaid, and the complete plans therefor approved, the clerk shall appoint two persons, one of whom shall be a landowner of the district, the other a practical agriculturist of good character, not a landowner of the district, and these two shall choose a third, who may or may not be a landowner of the district, and the three so appointed and chosen shall be designated as the board of agricultural development commissioners of ............ district. (1917, c. 131, s. 4; C. S., s. 4965.)

§ 107-8. Commissioners incorporated; powers; officers; superintendent's bond.—Such commissioners when so appointed and chosen shall be immediately created a body corporate under the name and style of the board of agricultural development commissioners of ............. district (hereinafter called "the commissioners" or "the board of commissioners"), with the right to hold property and convey the same, to sue and be sued, and shall possess such other powers as usually pertain to corporations. They shall organize by electing from among their number a chairman and vice-chairman. They shall also elect a secretary, within or without their body, and shall adopt bylaws for the government of their proceedings. The treasurer of the county in which the proceedings are instituted shall be ex officio treasurer of such board of commissioners. Such board of commissioners shall adopt a seal, which it may alter at pleasure. They shall have and possess such powers as are herein granted. The name of such district shall constitute a part of its corporate name. The commissioners shall appoint a competent person as superintendent of construction; such person shall furnish a bond, to be approved by the commissioners, in the penal sum of ten thousand dollars, conditioned upon the honest and faithful performance of his duties. Such
§ 107-9. Classification of lands according to benefits.—It shall be the further duty of the viewers to personally examine the lands in the district and classify them with reference to the benefits they will receive from the improvements to be made. The land benefits shall be separated into five classes. The land receiving the highest benefit shall be marked Class A; that receiving the next highest benefit, Class B; that receiving the next highest benefit, Class C; that receiving the next highest benefit, Class D; and that receiving the smallest benefit, Class E. The holdings of any one landowner need not necessarily be all in one class, but the number of acres in each class shall be ascertained, though its boundary need not be marked on the ground or shown on the map. The total number of acres owned by one person in each class and the total number of acres benefited shall be determined, and the total number of acres in each class in the entire district shall be ascertained and presented in tabulated form. The scale of assessment upon the several classes of land returned by the viewers shall be in the ratio of five, four, three, two, and one; that is to say, as often as five cents per acre is assessed against the land in Class A, four cents per acre shall be assessed against the land in Class B, and three cents per acre in Class C, and two cents per acre in Class D, and one cent per acre in Class E. This shall form the basis of assessment for benefits to the lands of the district. (1917, c. 131, s. 5; C. S., s. 4967.)

§ 107-10. Appeal from viewers' report. — Any party aggrieved may, within ten days after the confirmation of the viewers' report, appeal to the superior court in termtime. Such an appeal shall be taken and prosecuted as now provided in special proceedings. Such an appeal shall be based and heard only upon such exceptions theretofore filed by the complaining party, either as to issue of law or fact, and no additional exceptions shall be considered by the court upon the hearing of the appeal. (1917, c. 131, s. 6; C. S., s. 4968.)

§ 107-11. Letting contract for construction.—The commissioners shall cause notice to be given for two consecutive weeks in some newspaper published in the county wherein said district is located, and such additional publication elsewhere as they deem expedient, of time and place of letting the work of construction, and in such notice they shall specify the approximate amount of work to be done, the time fixed for the completion thereof, and the date appointed for the letting. They, together with the superintendent of the district, shall convene and let to the lowest responsible bidder, either as a whole or in part, or in sections, as they deem most advantageous for the district, the proposed work. The landowners may bid on the work, and in the event of their securing the contract, the work shall be done at actual cost, it being distinctly understood that the landowners are to receive no profit from said contract, and any saving effected shall inure to the benefit of the district. No bids shall be entertained that exceed the estimated cost, except for good and satisfactory reasons it shall be shown that the original estimate was erroneous. The commissioners shall have the right to reject all bids and advertise again the work, if, in their judgment the interest of the district will be subserved by so doing. The successful bidder shall be required to enter into a contract with the board of commissioners, and to execute a bond for the faithful performance of such contract, with sufficient surety, in favor of the board of commissioners for the use and benefit of the district, in an amount equal to twenty-five per centum of the estimated cost of the work awarded to him. In canvassing bids and letting the contract the superintendent of construction shall act only in an advisory capacity to the board of commissioners. The contract shall be based on the plans and specifications submitted by the commissioners in a report, and confirmed by the court, the original of which shall remain on file in the office of the clerk and
shall be open to the inspection of all prospective bidders. All bids shall be sealed and shall not be opened except under authority of the commissioners, and on the date therefor appointed for the opening of bids. All bids must be accompanied by a certified check for three per centum of the amount of the bid. (1917, c. 131, s. 7; C. S., s. 4969.)

§ 107-12. Payment for work done.—The superintendent of construction shall make monthly estimates of the amount of work done and shall furnish one copy to the contractor and file the other with the secretary of the board of commissioners, and the commissioners shall within five days after filing of such estimate meet and direct the secretary to draw a warrant in favor of the contractor for ninety per centum of the work done according to the specifications and contract; and upon the presentation of such, properly signed by the chairman or vice chairman and secretary, to the treasurer of the district, he shall pay the amount due thereon. When the work is fully completed and accepted by the superintendent, he shall make an estimate for the whole amount due, including the amounts withheld on the previous monthly estimates, which shall be paid from the fund as before provided. In the event that the landowners receive the contract, the monthly payments shall cover only the actual cost of the work, as certified by the superintendent of construction, to whose certificates shall be attached all payrolls and vouchers. If any contractor to whom said work shall have been let shall fail to perform the same according to the terms specified in his contract, action may be had in behalf of the commissioners against such contractor and his bond in the superior court, for damages sustained in the district, and recovery made against such contractor and his sureties. In such an event the work shall be advertised and relet in the same manner as the original letting. (1917, c. 131, s. 8; C. S., s. 4970.)

§ 107-13. Record book kept by clerk.—The clerk shall provide a suitable book to be known as the Record Book of the Agricultural Development Commissioners of . . . . . . . District, in which he shall cause to be recorded every petition, motion, order, record, judgment, or finding of the board of commissioners in every transaction which may come before it, in such a way as to make a complete and continuous record of the case; copies of all the maps and plans are to be furnished by the commissioners, and marked by the clerk “Official Copy,” which shall be kept on file by him in his office, and one of the copies shall be pasted or otherwise attached to his record. (1917, c. 131, s. 9; C. S., s. 4971.)

§ 107-14. Assessment rolls; preparation; contents; execution.—After the classification of the land and ratios of assessment of the different classes to be made thereon has been confirmed by the court, the commissioners shall ascertain the total cost of improvement, including all incidental expenses, and shall certify under the hand of the chairman and secretary of the board of commissioners to the clerk the said total cost, and said certificate shall be forthwith recorded in the record book and open to the inspection of any landowner in the district. The commissioners shall immediately prepare in duplicate the assessment rolls or agricultural improvement tax lists, giving therein the names of the owners of the land in the district as ascertained from the public records, a brief description of the several tracts of land assessed, and the assessment against each tract of land. The first of these assessment rolls shall provide assessments sufficient for the payment of interest on the bond issue to accrue the third year after their issue and the installment of principal to fall due at the expiration of the third year after the date of issue, together with such amounts as shall have to be paid for the collection and handling of the same. The second assessment roll shall make like provision for the fourth year, and in like manner assessment rolls shall make provision for each succeeding year during the life of the bonds. Each of the said assessment rolls shall specify the time when collectible, and shall be numbered in their order, and the amounts assessed against the several tracts of land shall be in accordance with the benefits received, as shown by the classification and ratio of the assessment
Filing and collection of assessment rolls; to be lien on land. — One copy of each of said assessment rolls shall be filed in the record book and one copy shall be delivered to the sheriff or other county tax collector, after the clerk has appended thereto an order directing the collection of said assessment, and the said assessment shall thereupon have the force and effect of a judgment as in the case of State and county taxes. These assessments shall constitute a first and paramount lien, second only to State and county taxes, upon the lands assessed for the payment of the bonds and interest thereon as they become due, and shall be collected in the same manner, by the same officers, as the State and county taxes are collected. (1917, c. 131, s. 10; C.S., s. 4973.)

When assessments due; sale of delinquent lands. — The said assessments shall be due and payable on the first Monday in September each year, and if the same shall not be paid in full by the thirty-first day of December following, it shall be the duty of the sheriff to sell the land or lands so delinquent. The sale of lands for failure to pay such assessments shall be made at the courthouse door in the county in which the lands are located, between the hours of ten o'clock in the forenoon and four o'clock in the afternoon, on the first Monday of February of each year; and if for any necessary cause the sale cannot be made on that date, the sale may be continued from day to day for not exceeding four days, or the land may be readvertised and sold on the first Monday in March succeeding, during the same hours, without any order therefor. In all other respects, except as to the time of the sale of the land, the existing laws as to the collection of State and county taxes shall have application to the collection of assessments under this chapter. (1917, c. 131, s. 10; C.S., s. 4974.)

Settlement by tax collector. — It shall be the duty of the sheriff or tax collector to pay over to the county treasurer promptly the moneys so collected by him upon said tax assessments, to the end that the said treasurer may have funds in hand to meet the payment of interest and principal due upon outstanding bonds as they mature. (1917, c. 131, s. 10; C.S., s. 4975.)

Payment of interest and installments on bonds; county treasurer's liability. — It shall be the duty of the county treasurer, and without any previous order from the commissioners, to provide and pay the installments of interest at the time and place as evidenced by the coupons attached to said bonds, and also to pay the annual installments of principal due on said bonds at the time and place as evidenced by said bonds; and the said county treasurer shall be guilty of a misdemeanor and subject, on conviction, to fine and imprisonment, in the discretion of the court, if he shall neglect or fail to make prompt payment of said interest and principal of said bonds, and shall likewise be liable in a civil action for all damages which may accrue to the board of commissioners or holders of said bonds, to either or both of which a right of action is hereby given. (1917, c. 131, s. 10; C.S., s. 4976.)

New assessment on sale of land. — When any land in the district is sold, as provided in § 107-16, the court shall assess the new owner thereof, and deduct the amount of the new assessment from the assessment of the former owner, and correct the assessment rolls accordingly. (1917, c. 131, s. 10; C.S., s. 4977.)

Advertisement of intention to issue bonds. — The commissioners shall give notice for three weeks, by publication in some newspaper published in the county in which the district or a part of the district is situated, and shall also post a written or printed notice at the door of the courthouse and at five conspicuous places in the district, reciting that they propose to issue bonds for the
payment of the total cost of improvement, giving the amount of the bonds to be issued, the rate of interest they are to bear, and the time when payable. Any landowner in the district not wanting to pay interest on the bonds may within fifteen days after the publication of said notice pay to the county treasurer the full amount for which his land is liable, to be assessed from the classification sheet and certificate of the board of commissioners, showing the total cost of improvements, and have his lands released from liability to be assessed for such improvements. (1917, c. 131, s. 11; C. S., s. 4978.)

§ 107-21. Landowner's waiver.—Each and every person owning land in the district who shall fail to pay to the county treasurer the full amount for which his land is liable as aforesaid, within the time above specified, shall be deemed as consenting to the issuance of the bonds, and in consideration of the right to pay his proportion in installments, he hereby waives his right of defense to the payment of any assessment which may be levied for the payment of the bonds because of any irregularity or defect in the proceedings prior to this time, except in the case of an appeal as hereinafter provided, which is not affected by this waiver. (1917, c. 131, s. 12; C. S., s. 4979.)

§ 107-22. Bond issue.—At the expiration of fifteen days after the expiration of the notice of the bond issue, the board of commissioners may issue bonds of the district for an amount equal to the total estimated cost of the improvements, less such amounts as shall have been paid in in cash to the county treasurer, plus an amount sufficient to pay interest on the bond issue for the three years next following the date of the issue: Provided, that the total principal amount of the bonds to be issued shall not exceed fifty dollars per acre for the land to be improved.

These bonds shall bear six percent interest per annum, payable semiannually, and shall be paid in twenty equal installments. The first installment of the principal shall mature at the expiration of three years from the date of issue, and one installment for each succeeding year for nineteen additional years. The commissioners shall sell these bonds at not less than par and apply the proceeds to the payment of interest on said bonds for the three years next following the date of issue, and the payment of other expenses of the district provided for in this chapter. The proceeds from such bonds shall be for the exclusive use of the district specified on their face. The bonds shall be numbered by the board of commissioners and recorded in the record book, which record shall set out specifically the lands embraced in the district on which the tax has not been paid in full, which land is to be assessed as hereinafter provided. If any installment of principal or interest represented by said bonds shall not be paid at the time and in the manner when the same shall be due and payable, and such default shall continue for a period of six months, the holder or holders of such bond or bonds upon which default has been made shall have a right of action against said district, or the board of commissioners of said district, wherein the court may issue a writ of mandamus against said district, its officers, including the tax collector and treasurer, directing the levying of a tax or specific assessment as herein provided and the collection of the same in such sum as may be necessary to meet any unpaid installment of principal and interest and the cost of said action; and such other remedies are hereby vested in the holder or holders of such bond or bonds in default as may be authorized by law; and the right of action is hereby vested in the holder or holders of such bond or bonds upon which default has been made authorizing them to institute suit against any officer on his official bond for failure to perform any duty imposed by the provisions of this chapter. The official bonds of the tax collector and the county treasurer shall be liable for the faithful performance of the duties herein assigned them. Such official bonds may be increased by the board of county commissioners. (1917, c. 131, s. 13; C. S., s. 4980.)
§ 107-23. Fees allowed sheriff and treasurer. — The fee allowed the sheriff or the tax collector for collecting the tax as prescribed in this chapter shall be two per centum of the amount collected, and the fee allowed the county treasurer for disbursing the revenue obtained from the sale of the bonds shall be one per centum of the amount disbursed: Provided, no fee shall be allowed to the sheriff or other tax collector, or to the county treasurer, for collecting or receiving the revenue obtained from the sale of said bonds, nor for disbursing the revenue raised for paying off said bonds: Provided further, that in those counties where the sheriff, tax collector, and treasurer are on a salary basis, no fee whatever shall be allowed for collecting or disbursing the funds of the district. (1917, c. 131, s. 13 (2d); C. S., s. 4981.)

§ 107-24. Fees and expenses under chapter.—Any engineer employed under the provisions of this chapter shall receive such compensation for his services as shall be fixed and determined by the commissioners. The viewers, other than the engineer, shall receive five dollars per day; the rodman, axeman, chainman, and other laborers shall receive not to exceed two dollars per day. All other fees and costs incurred under the provisions of this chapter shall be the same as are usual for like services in other cases. Said costs and expenses shall be paid, by order of the court, out of the funds provided for that purpose, and the board of commissioners shall issue warrants therefor when funds shall be in the hands of the treasurer. Any engineer, viewer, superintendent of construction, or other person appointed under this chapter may be removed by the court, upon petition, for corruption, neglect of duty, or other good and satisfactory cause shown. (1917, c. 131, s. 14; C. S., s. 4982.)

§ 107-25. Liberal construction; defects in proceeding.—The provisions of this chapter shall be liberally construed to promote the objects herein declared and for the general welfare of the State. The collection of assessments shall not be defeated, whether proper notices have been given, by reason of any defect in the proceedings occurring prior to the order of the court confirming the final report of the commissioners; but such orders shall be conclusive and final that all prior proceedings were regular and according to law, unless they were appealed from. If on appeal the court shall deem it just and proper to release any person, or modify his assessment or liability, it shall in no manner affect the rights and legality of any other person than the appellant, and the failure to appeal from the order of the court within the time specified shall be a waiver of any illegality in the proceedings, and the remedies provided for in this chapter shall exclude all other remedies. Article 2.

County Boards of Public Welfare.

§ 108-11. County welfare boards; appointment; duties.—Each of the several counties of the State shall have a county welfare board composed of three members who shall be appointed as follows: The board of county commissioners shall appoint one member who may be one of their own number to serve as ex officio member of the county welfare board with the same powers and duties as the other two members, or they may appoint a person not of their own number to serve on the county welfare board; the State Board of Public Welfare shall appoint one member; and the two members so appointed shall select the third member. In the event the two members thus appointed are unable to agree upon the selection of the third member, such third member shall be appointed by the resident judge of the superior court of the district in which the county is situated.

The board of county commissioners of any county is hereby authorized at any time to increase the size of the county welfare board from three (3) members to five (5) members. The decision to increase the county welfare board shall be reported immediately to the State Board of Public Welfare. In the event that the county welfare board is increased to five (5) members, the said five (5) members shall be appointed as follows: The board of county commissioners shall appoint two (2) members, one or both of whom may be a member or members of the board of county commissioners to serve as ex officio members of the county welfare board with the same powers and duties as the other members, or the commissioners may appoint one or both members to the county welfare board from persons other than their own membership; the State Board of Public Welfare shall appoint two (2) members; and the four (4) members so appointed shall select a fifth member. In the event the four (4) members thus appointed are unable to agree upon the selection of the fifth member, such fifth member shall be appointed by the senior resident superior court judge of the district in which the county is situated.

Appointments of county welfare board members shall be made on or before the first day of July of the year in which the term of appointment expires, and shall be effective as of that date, and the terms of office shall be three years each. Appointments to fill vacancies shall be for the remainder of the term of office. Prior service on a county welfare board shall not disqualify any person for service under this article, but no member shall be eligible to serve more than two successive terms.

In the event that the county welfare board is composed of three (3) members, the term of the member appointed by the State Board of Public Welfare shall expire on June 30, 1963, and triennially thereafter; the term of the member appointed by the county commissioners shall expire on June 30, 1965, and triennially thereafter; and the term of the third member shall expire on June 30, 1964, and triennially thereafter. In the event that the county welfare board is increased to five (5) members, the State Board of Public Welfare shall appoint an additional member for a term expiring simultaneously with the term of the existing member appointed by the county commissioners, and the county commissioners shall appoint an additional member for a term expiring simultaneously with the term of the existing member appointed by the State Board of Public Welfare; thereafter
all appointments shall be for three (3) years upon the expiration of the term of any member. It is the intent of this provision relating to five-member boards to provide for the appointment of one (1) member by the board of county commissioners and one (1) member by the State Board of Public Welfare in each year except for every third year, when the fifth member is appointed.

In the event that a board of county commissioners, after having increased the county welfare board to five (5) members, desires to return to a three-member board, it may do so effective on July 1 next following the decision to reduce the size of the board to three (3) members. On the said July 1, the terms of one (1) member appointed by the State Board of Public Welfare and one (1) member appointed by the county commissioners shall thereupon cease. The term of the member appointed by the State Board whose term would have expired on June 30, 1965, or triennially thereafter, shall thereupon cease; and the term of the member appointed by the county commissioners whose term would have expired on June 30, 1966, or triennially thereafter, shall thereupon cease. Thereafter the terms of the three (3) remaining members shall expire as provided in the first sentence of the preceding paragraph.

The county welfare boards of the several counties shall have the duty of selecting the county director of public welfare, shall act in advisory capacity to county and municipal authorities in developing policies and plans in dealing with problems of dependency and delinquency, distribution of the poor funds, and with bettering social conditions generally, including cooperation with other agencies in placing indigent persons in gainful enterprises, shall prepare the administrative budget for the county welfare department for submission to and approval by the board of county commissioners, and shall have such other powers and duties as may be prescribed by law, particularly those set forth in the laws pertaining to old age assistance and aid to dependent children: Provided, that as to cases requiring immediate action to prevent undue hardship the county welfare board may at its discretion delegate to the director of public welfare authority to consider and process applications under these laws, and to determine eligibility for assistance, amount of such assistance; and date on which it shall begin. The board shall require that any action taken by the director pursuant to such delegated authority be fully reported to the board at its next meeting. The board of public welfare of each county shall at its next monthly meeting accept or reject or modify the action of the county director of public welfare made under the preceding proviso since the last monthly meeting of the county board of public welfare. The county welfare board shall meet with the director of public welfare and advise with him in regard to problems pertaining to his office, and the director of public welfare shall be the executive officer of the board and shall act as its secretary.

Two or more county boards of public welfare are hereby authorized to employ jointly a director of public welfare to serve the appointing counties. The appointing counties must agree as to what portion of the total salary of the director is to be paid by each of the counties he serves. All laws referring to county directors of public welfare shall be applicable to a county director of public welfare appointed to serve two or more counties.

Any member of a county board of public welfare is authorized to inspect and examine any papers, documents, data, case histories, clinical data, medical reports, or any records whatsoever on file in the office of the county director of public welfare, or in the custody of any case worker or agent or employee engaged in any service under any said county director of public welfare, which pertain in any manner to any applicant or applications for public assistance of any type or nature, as authorized by chapter 108 of the General Statutes, as amended. No member of a county board of public welfare shall disclose to anyone or make public any information acquired by him by virtue of such inspection of said records. (1917, c. 170, s. 1; 1919, c. 46, s. 3; C. S., s. 5014; 1937, c. 319, s. 3; 1941, c. 270, s. 2;
§ 108-12 Meetings of the board; compensation and expenses.—The county welfare boards so appointed shall meet immediately after their appointment and organize by electing a chairman, who shall serve for the term of his appointment, and shall forward notice of said chairman's election and the third member's appointment immediately to the State Board, and shall meet at least once a month with the director of welfare and advise with him in regard to problems pertaining to his office. Members of county boards of public welfare may at the discretion of the board of county commissioners receive a per diem not to exceed ten dollars ($10.00) a day and actual expenses when attending official meetings; any such payments heretofore made are hereby validated. (1917, c. 170, s. 1; 1919, c. 46, s. 4; C. S., s. 5015; 1937, c. 319, s. 4; 1941, c. 270, s. 3; 1947, c. 92; 1959, c. 320; 1961, c. 186.)

(1953, c. 882, s. 3.)

§ 108-14.4. Unlawful uses of information disclosed; unlawful to fail to file list.—Except as provided in this article, it shall be unlawful for any person, firm or corporation, board, body, association or other agency of any kind whatsoever to solicit, disclose, receive, make use of or to authorize, knowingly permit, participate in, or acquiesce in the use of, any list or lists of names or any list of names derived from the reports provided for by this article for commercial or political purposes of any nature, or for any purpose not directly connected with the administration of public assistance, and any person, firm, corporation, board, body or association violating any provision of this article prohibiting the use of the information appearing in the reports required by this article for commercial or political purposes, even though such information was at first legally obtained or disclosed under this article, shall be guilty of a misdemeanor. It shall be unlawful for any director of any county board of public welfare or any officer or agent of same to fail or refuse to file the lists required by this article. (1953, c. 882, s. 4; 1961, c. 186.)

§ 108-14.5. Only names, addresses and amounts to be disclosed; authority of State Board not limited.—Nothing contained in this article shall require data on liens or property reserves to be filed in said reports, nor shall any case record, papers, documents or data be disclosed except so much as may be necessary to show the names, addresses and amounts paid to recipients or beneficiaries as required by § 108-14.1. No provision of this article shall be construed as repealing or limiting the authority of the State Board of Public Welfare to establish and enforce rules and regulations to protect case records other than the reports required under this article and as permitted by § 618 of the Revenue Act of 1951 as enacted by the Congress of the United States. (1953, c. 882, s. 4½.)

ARTICLE 3.

Division of Public Assistance.

§ 108-15. Division of Public Assistance created.—There is hereby created in the State Board of Public Welfare a Division of Public Assistance, including (i) assistance to aged needy persons, (ii) aid to dependent children, and (iii) general assistance to other needy persons, as administered under authority of this article. (1937, c. 288, s. 1; 1949, c. 1038, s. 1; 1957, c. 100, s. 1.)

Part 1. Old Age Assistance.

§ 108-17. Short title. — This part may be cited as the “Old Age Assistance Act.” (1937, c. 288, s. 30.)

Cross Reference.—As to special county attorneys and their duties with respect to old age assistance, see §§ 108-14.01 to 108-14.03.

§ 108-18. Establishment of relief. — The care and relief of aged persons who are in need and who are unable to provide for themselves is a legitimate obligation of government which cannot be ignored or avoided without injustice to such persons and serious detriment to the purposes of organized society. Such care and relief is hereby declared to be a matter of State concern and necessary to promote the public health and welfare. In order to provide such care and relief at public expense, to the extent that the same may be proper, with due regard to the revenues which the State may equitably enjoy, and with due regard for other necessary objects of public expenditure, a state-wide system of old age relief is hereby established, to operate uniformly throughout the State and in every county thereof, and with due regard to the varying living conditions and the financial, physical, and other conditions of the recipient of such relief, more particularly dealt with in this article. The provisions of this article are mandatory on the State, and each and every county thereof, and, whenever the levy of any tax is required or directed herein, it shall be understood that the said tax is levied for a special purpose; and full authority is hereby given to the boards of county commissioners of the several counties to levy, impose, and collect the taxes herein required for the special purpose of old age assistance, as defined and provided for in this article. (1937, c. 288, s. 3.)

Editor’s Note. — For article discussing social security, see 15 N.C.L. Rev. 369.

§ 108-19. Definitions. — As used in this article,

(1) “Applicant” shall mean any person who has applied for relief under this part.

(2) “Assistance” as used under this part means the money payments to needy aged persons or payments for medical care in behalf of needy aged individuals.

(3) “The county board of welfare” shall mean the county board of public welfare of each of the several counties, as now established by law, subject to such modification as may be made by law.

(4) “Deputies” and “supervisors” shall mean such persons as may be designated and appointed by the State Board to exercise its power and duty of supervision under this article.

(5) “Recipient” shall mean any person who has received assistance under the provisions of this part.

(6) “Social Security Board” shall be interpreted to include any agency or agencies of the federal government which may be substituted therefor by law.

(7) “State Board” shall mean the State Board of Public Welfare, established by this chapter. (1937, c. 288, s. 4; 1939, c. 395, s. 1; 1951, c. 1098, s. 3; 1957, c. 100, ss. 1, 2.)

§ 108-20. Acceptance of federal grants. — The provisions of the federal Social Security Act, relating to grants-in-aid to the State for old age assistance and the benefits thereunder, are hereby accepted and adopted, and the provisions of this article shall be liberally construed in relation to the said federal Social Se-
§ 108-21. Eligibility.—Assistance shall be granted under this article to any person who:

(1) Is sixty-five years of age and over;
(2) Has not sufficient income, or other resources, to provide a reasonable subsistence compatible with decency and health;
(3) Is not an inmate of any public institution at the time of receiving assistance. An inmate of such institution may, however, make application for such assistance, but the assistance, if allowed, shall not begin until after he ceases to be an inmate.
(4) Has been a resident of this State for one year immediately preceding the date of his application.

Eligibility of applicants to receive benefits under this part, and the amount of assistance given, and such other conditions of awards as it may be necessary to determine shall be determined in the manner hereinafter set out.

The amount of assistance which any person shall receive shall be determined with due regard to the resources and necessary expenditures of the individual and the conditions existing in each case, and in accordance with the rules and regulations made by the State Board; and shall be sufficient when added to all other income and support of recipients to provide such person with a reasonable subsistence compatible with decency and health, but not exceeding forty dollars ($40.00) per month or four hundred eighty dollars ($480.00) during one year; and of this not more than twenty dollars ($20.00) per month nor more than two hundred forty dollars ($240.00) in one year shall be paid out of State and county funds.

Within the limitations of the State appropriation the maximum payment for old age assistance may be increased not in excess of the amount which may hereafter be matched by the federal government. (1937, c. 288, s. 1; 1939, c. 395, s. 1; 1941, c. 232; 1943, c. 753, s. 1; 1945, c. 615, ss. 1, 2; 1947, c. 91, s. 1.)

§ 108-22. State Old Age Assistance Fund.—A fund shall be created to be known as “The State Old Age Assistance Fund.” This Fund shall be created by appropriations made by the State from its ordinary revenues and such grants as may be made for old age assistance under the federal Social Security Act. Said Fund shall be used exclusively for the relief of aged persons coming within the eligibility provisions of this part and the cost of administration of the same. The appropriations to be made by the State for such purpose shall be supplemented by the amount provided under the federal Social Security Act for old age assistance and such further amount as the State may appropriate for the administration of this article. From said Fund there shall be paid as hereinafter provided three fourths of the benefit payments to aged person in accordance with the provisions hereof, and the other one fourth of said payments shall, subject to the provisions of § 108-73, be provided by the several counties of the State as hereinafter required.

In the event that the federal Social Security Act is amended providing for a larger percentage of contributions to said Fund, the provisions of this section shall be construed to accept such additional grants, and the percentages to be provided for old age assistance by the State and counties shall be adjusted proportionately. (1937, c. 288, s. 7; 1943, c. 505, s. 1; 1947, c. 91, s. 2.)

§ 108-23. State appropriation.—At its present session, and biennially thereafter, the General Assembly shall appropriate out of its ordinary revenues, for the use of such Fund, such amount as shall be reasonably necessary to carry out the provisions of this article, and provide relief to the aged persons coming within the eligibility provisions herein set out, to such an extent as may be proper upon due consideration of the ability of the State to produce sufficient revenues, and with due regard to other necessary objects of public expenditure. (1937, c. 288, s. 8.)

§ 108-24. County fund.—Annually, at the time other taxes are levied in each of the several counties of the State, there shall be levied and imposed a tax sufficient to raise such an amount as shall be found necessary, in the manner hereinafter provided, to supplement the State and federal funds available for expenditure in said county for old age assistance. The amount so ascertained shall be an obligation of the county, and the taxes imposed shall be collectible as other taxes. (1937, c. 288, s. 9.)

The General Assembly has the power to impose the duty upon the counties to raise a part of the matching funds for Social Security payments. State Bd. of Pub. Welfare v. Board of Comm'rs, 262 N.C. 475, 137 S.E.2d 801 (1964).

And County Is Not Relieved of Burden because Some Citizens Reside on Tax-Exempt Property. — The mere fact that some citizens of a county who receive payments from the welfare funds reside on property which is exempt from taxation does not relieve the county from the burden of matching federal funds imposed on it by the legislature. State Bd. of Pub. Welfare v. Board of Comm'rs, 262 N.C. 475, 137 S.E.2d 801 (1964).

§ 108-25. Appropriations not to lapse.—No appropriation made for the purposes of this article shall lapse or revert; but the unexpended balances may be considered in the making of further appropriations. Any proceeds of county taxation for the purposes of this article remaining unexpended shall be taken into account in determining the amount to be raised by taxation during the ensuing year, but shall not be used for any purpose not authorized by this article: Provided, that if at any time during any fiscal year it appears to be necessary and feasible, the county may transfer with the approval of the State Board of Allotments and Appeal a portion of the amount raised by the county for old age assistance to the county aid to dependent children fund. (1937, c. 288, s. 10; 1945, c. 615, s. 1.)

§ 108-26. Custody and receipt of funds.—The Treasurer of the State of North Carolina is hereby made ex officio treasurer of the State Old Age Assistance Fund herein established, including therein such grants-in-aid for old age assistance as may be received from the federal government for administration and distribution in this State; and the said Treasurer is hereby designated as the proper officer to receive grants-in-aid from the federal government. The Treasurer shall keep the funds in a separate account, to be known as the “State Old Age Assistance Fund,” and shall be responsible therefor on his official bond; and the said funds shall be protected by proper depository security as other State funds. The said Fund shall be drawn upon and disbursed as hereinafter provided. (1937, c. 288, s. 11.)
§ 108-27. Department of Public Welfare.—The powers and duties of the State Board of Public Welfare, established under Article XI, section seven, of the Constitution of North Carolina, and this chapter, and of the office of Commissioner of Welfare established thereunder, are not hereby abridged. The powers and duties herein given shall be in addition to those heretofore exercised under existing law; and the State Board of Public Welfare, through the Commissioner of Welfare as the executive head of the Department, is hereby empowered to organize the Department into such bureaus and divisions as may be deemed advisable, not inconsistent with the provisions of this article, in order that the work of the entire Department shall be coordinated on an efficiency basis and duplication of effort may be avoided. (1937, c. 288, s. 12; 1957, c. 100, s. 1.)

§ 108-28. Certain powers and duties of State Board of Public Welfare.—The State Board shall:

1. Supervise the administration of assistance to the needy aged under this article by the county boards;
2. Make such rules and regulations and take such action as may be necessary or desirable for carrying out the provisions of this article. All rules and regulations made by the State Board shall be binding on the counties and shall be complied with by the respective boards of county commissioners and county boards of welfare;
3. Prescribe the form of and print and supply to the county boards and agencies such forms as it may deem necessary and advisable;
4. Cooperate with the federal government in matters of mutual concern pertaining to assistance to the needy aged, including the adoption of such methods of administration as are found by the federal government to be necessary for the efficient operation of the plan for such assistance;
5. Make such reports, in such form and containing such information, as the federal government may from time to time require, and comply with such provisions as the federal government may from time to time find necessary to assure the correctness and verification of such reports;
6. Publish reports as may be necessary;
7. Enter into reciprocal agreements with public welfare agencies in other states relative to providing for assistance and services to residents, nonresidents or transients, and cooperate with other agencies of the State and federal governments in providing such assistance and services and in the study of the problems involved;
8. The State Board is hereby authorized and empowered to receive grants-in-aid from the federal government or any State or federal agency for general relief or for any other relief purposes; and all such grants so made and received shall be paid to the State Treasurer and credited to the account of the North Carolina State Board of Public Welfare, to be used in carrying out the provisions of this article. (1937, c. 288, s. 13; 1939, c. 395, s. 1; 1943, c. 505, s. 2; 1957, c. 100, s. 1.)

§ 108-29. Certain powers and duties of local boards; county welfare boards.—The county boards of welfare shall perform the duties herein required of them with relation to the administration of this article in the several counties, under the supervision and direction of the State Board, and in accordance with the rules and regulations prescribed by said State Board.

The county boards of welfare shall:

1. Report to the State Board at such times and in such manner and form as the State Board may from time to time direct;
2. Submit to the State Board the information required in this article pre-
liminary to determination of the county’s quota of funds and the determination of the amount required to be raised by taxation, together with its estimate and supporting data, setting forth the amount of money needed to carry out the provisions of this article; also submit to the board of county commissioners a duplicate of the estimate and supporting data furnished by it to the State Board. Make and report to the State Board and to the county board of commissioners such investigation as may be required in order that said State Board and boards of county commissioners may be fully informed as to the assistance required by aged persons coming within the eligibility provisions of this article, and may have such other information as may be required for proper determination upon any matter coming before the said boards;

(3) Perform any other duties required of them under this article or by proper rules and regulations made by the State Board under authority thereof. (1937, c. 288, s. 14.)

§ 108-30. Application for assistance; determination thereon.—Applications for assistance under this article shall be made to the county welfare board of the county in which the applicant resides. Such application shall be in writing and in duplicate, in compliance with the rules and regulations established by the State Board, which is required to furnish forms for such applications. Where the applicant is unable to present his application in writing by reason of illiteracy or other cause, the application shall be reduced to writing and filed in duplicate, on such forms as may be supplied by the State Board, or substantially in agreement therewith. The county board of welfare, and the county welfare officer, shall render to applicants for assistance under this article such aid and assistance in the preparation of applications as may be necessary. The application shall contain a statement of the amount of property, both real and personal, in which the applicant has an interest, and of all income which he may have at the time of filing the application, and shall contain such other information as may be required by the rules and regulations of the State Board. One copy of the application shall be forwarded to the State Board.

Whenever a county board of welfare receives an application for assistance under this article, an investigation and record shall promptly be made of the circumstances of the applicant, in order to ascertain the facts supporting the application, and in order to obtain such other information as may be required by the rules of the State Board. In the making of such investigation, the county welfare board and the county welfare officer shall make diligent investigation and record promptly all the information which it is reasonably possible to obtain with respect to such application.

Upon the completion of the investigation, the county board of welfare shall, upon due consideration, determine whether the applicant is eligible for assistance under the provisions of this article, and shall determine the amount of such assistance and the date on which it shall begin, but such award shall in no case exceed forty dollars ($40.00) per month or four hundred eighty dollars ($480.00) in one year, and there shall not be paid thereupon out of State and county funds more than twenty dollars ($20.00) per month or more than two hundred forty dollars ($240.00) in one year. Such award so made when effective shall thereafter be paid in advance monthly to the applicant, disbursement being made in the same manner and under the same procedure as in case of other county funds:Provided, that, when it appears to the county board of public welfare that the interest of the recipient of such award will be better served by smaller payments at more frequent intervals, such award shall be paid in two or more equal installments in each month. Within the limitations of the State appropriation the maximum payment for old age assistance may be increased not in excess of the amount which may hereafter be matched by the federal government.
§ 108-30.1 The county board of welfare shall promptly notify by mail each applicant of its action disallowing the application for granting assistance, stating, in case award is made, the amount of the award and when assistance shall be paid. A copy of such notice shall be immediately forwarded to the board of county commissioners and a duplicate copy forwarded to the State Board of Allocations and Appeal. The State Board is hereby authorized and empowered to establish and enforce reasonable rules and regulations governing the custody, use and preservation of the records, papers, files and communications relating to applicants and recipients. It shall be unlawful, except for purposes directly connected with the administration of old age assistance and in accordance with the rules and regulations of the State Board for any person or persons to solicit, disclose, receive, make use of, or to authorize, knowingly permit, participate in, or acquiesce in the use of, any list of or names of, or any information concerning, persons applying for or receiving old age assistance, directly or indirectly derived from the records, papers, files, or communications of the State Board or the county welfare board or acquired in the course of the performance of official duties. (1937, c. 288, s. 15; 1939, c. 395, s. 1; 1941, c. 232; 1945, c. 615, s. 1; 1947, c. 91, s. 3; 1953, c. 675, s. 12; 1959, c. 179, s. 1.)

§ 108-30.1. Lien on real property.—There is hereby created a general lien, enforceable as hereinafter provided, upon the real property of any person who is receiving or who has received old age assistance, to the extent of the total amount of such assistance paid to such recipient from and after October 1, 1951. Before any application for old age assistance is approved under the provisions of this article, the applicant shall agree that all such assistance paid to him shall constitute a claim against him and against his estate, enforceable according to law by any county paying all or part of such assistance. Such agreement may be contained in the application signed by the applicant. Immediately after the approval of an old age assistance grant, a statement showing the name of the recipient and the date of approval of the application shall be filed in the office of the clerk of the superior court in the county of residence of the recipient and in each county in which such recipient then owns or later acquires real property. The statement shall be filed in the regular lien docket, showing the name of the county filing said statement as claimant, or lienor, and the name of the recipient as owner, or lienee, and same shall be indexed in the name of the lienee in the defendants’, or reverse alphabetical, side of the cross index to civil judgments; in said index the county shall appear as plaintiff, or lienor; no cross index in the name of the county, or lienor, shall be required. From the time of filing, such statement shall be and constitute due notice of a lien against the real property then owned or thereafter acquired by the recipient and lying in such county to the extent of the total amount of old age assistance paid to such recipient from and after October 1, 1951. The lien thus established shall take priority over all other liens subsequently acquired and shall continue from the date of filing until satisfied: Provided, that no action to enforce such lien may be brought more than ten years from the last day for which assistance is paid nor more than three years after the death of any recipient and the failure to bring such action within said time shall be a complete bar against any recovery and shall extinguish the lien: Provided further, that no execution in enforcement of the lien shall be levied upon any real property, so long as such property is occupied as a home site by the surviving spouse or by any minor dependent child of such recipient, or as a home site by the recipient, or a dependent adult child of such recipient who is incapable of self-support because of total mental or physical disability: Provided, further, that the board of county commissioners and the county board of public welfare of the county in which the recipient resides, acting jointly and after investigation, shall have the authority to subordinate any lien created by this section to a mortgage or lien created against the property of such recipient for the necessary repairs.
or improvements on said property, whether title to said property is held by the recipient alone or by the entirety with his or her spouse.

The State Board of Public Welfare shall furnish to the county director of public welfare forms to be used which shall contain such information as is required to carry out the provisions of this section and such other information as may be prescribed by the said Board.

Each county department of public welfare shall notify all persons shown of record to be recipients of old age assistance as of the date of notice that all old age assistance grants paid from and after October 1, 1951, shall constitute a lien against the real property and a claim against the estate of each recipient. The notice may be given by letter mailed to the last known address of each recipient, but failure to give such notice shall not affect the validity of the lien.

Upon receipt of a statement signed by the director of public welfare, setting forth the total amount of old age assistance paid to a recipient from and after October 1, 1951, the clerk of the superior court may, after reasonable notice to the county attorney within the same calendar month in which said statement was executed, accept payment of the total sum set forth in said statement, tendered by said recipient or in his behalf, and cancel the lien of record. The clerk of the superior court shall, within the same calendar month, give the director of public welfare notice of the receipt of such payment and of the cancellation of the lien, and shall hold or disburse the funds so received as provided by law.

This article provides two separate and distinct methods by which a county may recover the aggregate amount paid as old age assistance to a recipient: One, a claim against the personalty of the estate, and the other a general lien upon the recipient's real estate, attaching upon the filing of the statement therefor in the lien docket and its proper indexing. Lenoir County v. Outlaw, 241 N.C. 97, 84 S.E.2d 330 (1954).

Section to Be Constrained in Pari Materia with §§ 2-42 and 161-22.—The recording and indexing requirements of this section are less specific than those relating to deeds and judgments. They should be construed in pari materia with the recording and indexing provisions of §§ 2-42 and 161-22. Cuthrell v. Camden County, 254 N.C. 181, 118 S.E.2d 601 (1961).

No old age assistance lien docket is contemplated or provided for. Not only is there no provision for an old age assistance docket, but this section positively requires that such claims be filed in the regular lien docket. It is patent, therefore, that liens for old age assistance and for building materials and labor must be filed in the same book—the lien docket. Saunders v. Woodhouse, 243 N.C. 608, 91 S.E.2d 701 (1956).

Duration of Lien.—As to duration of lien under former law, see Lenoir County v. Outlaw, 241 N.C. 97, 84 S.E.2d 330 (1954).
recipient's realty, any property, or (ii) that such recipient does own or his estate consists of personal property of a value in excess of one hundred dollars ($100.00), or (iii) in case of termination by death, that an executor, administrator, collector, or other personal representative has been appointed, then the department shall furnish to the county attorney all available information concerning the property of the recipient, the name of the spouse of the recipient, the township in which the recipient resides or resided, the race of the recipient, the total amount of old age assistance received by the recipient from and after October 1, 1951, by or through the State and the several counties thereof, and the reason for termination of the old age assistance grant. Upon receipt of this information, the county attorney shall take such steps as he may determine to be necessary to enforce the claim or lien herein provided. If it be made to appear to the clerk of the superior court that the personal property of the estate of a deceased recipient of old age assistance does not exceed one hundred dollars ($100.00) in value, a personal representative of such deceased recipient shall not be a necessary party to an action to enforce the old age assistance lien against such recipient’s realty. Any funds remaining after satisfaction of such lien shall be paid into the office of the clerk of the superior court.

The claim against the estate of a recipient herein provided for shall have equal priority in order of payment with the sixth class under § 28-105 of the General Statutes: Provided, that no such claims shall be satisfied out of any real property in which the recipient had any legal or equitable interest so long as such property is occupied as a homesite by the recipient, the surviving spouse, any minor dependent child of such recipient, or by a dependent adult child of such recipient who is incapable of self-support because of total mental or physical disability. (1951, c. 1019, s. 1; 1955, c. 237, s. 2; 1957, c. 1273.)

Cross Reference.—See note to § 108-30.1.

§ 108-30.3. Funds recovered.—The United States and the State of North Carolina shall be entitled to share in any sum collected under the provisions of this article, and their proportionate parts of such sum shall be determined in accordance with the matching formulas in use during the period for which assistance was paid to the recipient. The county enforcing the claim as herein provided and any other county within the State which has paid old age assistance to such recipient shall share proratably in any sum collected. All sums collected shall be deposited in the county old age assistance fund and a report of such deposit made to the State Board of Public Welfare. All sums to which the United States or the State of North Carolina may become entitled under the provisions of this article shall be promptly paid or credited. All such sums to which the State may become entitled shall be deposited in the State Old Age Assistance Fund and shall become a part of that fund.

All necessary costs incurred in the collection of any claim shall be borne proratably by the United States, the State, and the county in proportion to the share of the sum collected to which each may be entitled: Provided, that neither the United States nor the State shall in any instance be chargeable for cost in excess of the sum received by it from the claim. Necessary costs of collection of any claim shall include all costs of services in the filing, processing, investigation, and collection of such claim. (1951, c. 1019, s. 1; 1955, c. 237, s. 3.)

Cross Reference.—See note to § 108-30.1.

§ 108-31. Action by county commissioners.—The board of county commissioners, in the event that they shall be of the opinion that any award made by the county board of welfare should be reconsidered and reviewed by them, shall have the right to review such award. In case of such action by the board of county commissioners, notice shall be given to the applicant fixing the time and place at which such reconsideration will be held. In the event the board
§ 108-32. Assistance not assignable; checks payable to decedents.—The assistance granted under this article shall not be transferable or assignable at law or in equity; and none of the money paid or payable under this article shall be subject to execution, levy, attachment, garnishment, or other legal process, or to the operation of any bankruptcy or insolvency law.

If an application is not acted upon by the county welfare board within a reasonable time, or is denied in whole or in part, or if any award of assistance is modified or canceled under any provisions of this article, the applicant or recipient may appeal to the Board of Allotments and Appeal in the manner and form prescribed by the said Board of Allotments and Appeal. The Board of Allotments and Appeal shall, upon receipt of such an appeal, give the applicant or recipient, the board of county commissioners and the county board of welfare reasonable notice and opportunity for a fair hearing. Upon such hearing the applicant or recipient shall have an opportunity of presenting his claim in full to the Board upon such evidence as may be pertinent or proper; and the Board of Allotments and Appeal shall diligently inquire into the matter, and shall approve or disapprove or modify the action of the county board of welfare or the board of county commissioners, as in the judgment of the Board of Allotments and Appeal may be just and proper.

Upon any appeal from the board of county commissioners or county board of welfare, it shall be the duty of such board to forward to the Board of Allotments and Appeal a certified copy of the order refusing assistance or granting the same, with such information, in brief, as may bear upon the application and the action of the board of commissioners or county board of welfare, and such papers and documents or other matter as may be required under the rules of the State Board of Allotments and Appeal, or under its order in the particular matter.

When the State Board of Allotments and Appeal shall have made its final decision upon the matter, notice thereof shall be given to the applicant or
recipient and to the board of county commissioners and county board of welfare. The decision of the State Board of Allotments and Appeal shall be final.

The State Board of Allotments and Appeal may also, on notice to the board of county commissioners and county board of welfare, upon its own motion, review any decision of the board of county commissioners or county board of welfare, and may consider any application upon which a decision has not been made within thirty days. The State Board of Allotments and Appeal may make such additional investigation as it may deem necessary in all cases, and make such decision thereupon as in its opinion is justified and in conformity with the provisions of this article. Applicants, or recipients, affected by such decision of the State Board of Allotments and Appeal shall, upon request, be given reasonable notice and opportunity for a fair hearing by the State Board of Allotments and Appeal. All decisions of the State Board of Allotments and Appeal shall be final and shall be binding upon the county involved, and shall be complied with by the board of county commissioners and county board of welfare.

The State Board may authorize hearings of appeals in any county by other representatives selected by said Board, subject to final determination by the State Board of Allotments and Appeal. (1937, c. 288, s. 18; 1939, c. 395, s. 1; 1957, c. 100, s. 1.)

§ 108-34. Periodic reconsideration and changes in amount of assistance.—All assistance grants made under this article shall be reconsidered as frequently as may be required by the rules of the State Board. It shall be the duty of the county welfare board, with the assistance of the county welfare officer, to keep fully advised as to questions concerning old age assistance and the propriety and necessity of the continuance thereof to recipients and as to such changed conditions relating to recipients as may affect the necessity for such assistance or the amount thereof.

Where changes have occurred in the condition of any recipient requiring a modification or cancellation of an award, the county board of welfare is authorized and empowered to make such changes as the facts and circumstances may justify and in accordance with the provisions of this law. Prompt notice of such action shall be given to the recipient, and a copy of such notice shall be sent to the State Board and board of county commissioners. Such action on the part of the county board shall be subject to review by the State Board as provided in cases of original awards, and the recipient shall have the right to appeal therefrom to the State Board of Allotments and Appeal as in cases of original awards. (1937, c. 288, s. 19.)

§ 108-35. Removal to another county.—Any recipient who moves to another county in this State shall be entitled to receive assistance in the county to which he has moved, and the county welfare director of the county from which he has moved shall transfer all necessary records relating to the recipient to the county welfare director of the county to which he has moved. The county from which the recipient moves shall pay the assistance for a period of three months following such removal, and thereafter assistance shall be paid by the county to which such recipient has moved. (1937, c. 288, s. 20; 1943, c. 505, s. 3; 1961, c. 186; 1963, c. 136.)

Editor's Note. — The 1963 amendment deleted the words "not in excess of amount paid before removal" formerly appearing after the word "removal" in the last sentence of the section.

§ 108-36. Procedure preliminary to allotments and county taxation; investigation and report.—It shall be the duty of the county welfare boards to make diligent investigation within the county and obtain and record statistical and other information concerning aged persons in the county entitled to assistance under this article, and to keep such information compiled in convenient
§ 108-37. Allocation of funds.—As soon as may be practicable after receiving the said reports, and before the time for the annual levy of taxes in the respective counties, the State Board of Allotments and Appeal shall proceed to ascertain and determine the amount of State and federal funds available for disbursement in the counties for the purposes of this article for the next ensuing fiscal year. The Board shall, at the same time, determine the amount to be raised in each of the respective counties by taxation to supplement the State and federal funds allotted to such county. The allotment of State and federal funds to any county shall not exceed three times the amount to be raised in said county by local taxation, except as provided in § 108-73.

The determination of such amount by the Board of Allotments and Appeal shall be final and binding upon the several counties respectively, and shall be a part of the county budget. The county commissioners shall, at the time of levying other taxes, levy and impose upon all the taxable subjects within the county a tax sufficient to produce such amount; and the same shall be collected as other taxes.

The proceeds of such taxes shall be kept in a separate fund in the county treasury, and shall be subject to the provisions of the Local Government Act with respect to depository security and control, and shall be used only for the purposes of this article. It shall be the duty of the Board of Allotments and Appeal to inquire into the condition of the said fund from time to time and to require that such protection be afforded the funds as occasion may demand. The funds shall be disbursed for the purposes of this article on warrants drawn on the county treasurer or other designated county officials where there is no county treasurer, signed by the secretary of the county welfare board, countersigned by the county auditor and chairman of the welfare board, for payments of grants to recipients: Provided, that in the event any temporary vacancy should exist in the office of county welfare director, or in the office of chairman of the county welfare board, the signature of either remaining officer together with that of the county auditor shall be sufficient for the disbursement of such funds. Warrants shall be drawn under this article for administrative purposes in accordance with the County Fiscal Control Act. (1937, c. 288, s. 22; 1939, c. 395, s. 1; 1943, c. 505, s. 4; 1955, c. 310, s. 1; 1961, c. 186.)

Local Modification.—Rowan: 1955, c. 420.

§ 108-38. Administration expenses.—The State Board of Allotments and Appeal shall annually allocate to the several counties of the State, in accor-
dance with the total amount of benefit payments to be paid in each county for old age assistance therein, the sum provided by the federal government under the Social Security Act for payment of administrative expenses. Any amounts in excess of said allotments to the several counties, which are necessary to the proper administration of the public welfare program by the several counties, shall be determined by the State Board of Allotments and Appeal upon budgets submitted to said Board by the county welfare boards in each county. Said determination shall be made on or before the first day of June in each year.

After being so determined, an amount not to exceed one half of such costs shall be allocated and paid to the respective counties by the State Board of Allotments and Appeal from the appropriation made by the State for aid to county welfare administration. The balance of said county administrative expenses shall be paid by the respective counties. The State Board of Allotments and Appeal shall, on or before the first day of June in each year, notify the board of county commissioners in each county as to the amount of administrative expenses such county is required to provide, and upon receipt of such notice it shall be mandatory upon each county that taxes shall be levied within said county to provide for the payment of such part of such county's administrative expenses.

The county board of commissioners and the county board of welfare, in joint session, shall determine the number and salary of employees of the county board of welfare, having been advised by the county director of welfare and the State Board of Public Welfare; provided, however, that the members of the county boards of welfare shall not have a vote at such joint sessions. (1937, c. 288, s. 23; 1939, c. 395, s. 1; 1941, c. 232; 1945, c. 615, s. 1; 1957, c. 100, s. 1; 1961, c. 186; 1963, c. 248, s. 1.)

Local Modification.—Cabarrus: 1963, c. 248, s. 2.4½.

Editor's Note. — The 1963 amendment added the proviso at the end of the section.

§ 108-39. Transfer of State and federal funds to the counties.—The State Old Age Assistance Fund shall be drawn out on the warrant of the State Auditor, issued upon order of the State Board, evidenced by the signature of the Commissioner of Welfare. Quarterly, and oftener, if in the sound judgment of the State Board it may be necessary, the State Board shall transfer to the several counties such part of the county allotment as may be necessary for disbursement in such county, in connection with county-raised funds, for a reasonable period. Before transferring said funds the State Board may, in its discretion, require that the county shall certify, through its auditor or fiscal agent, that sufficient county funds are on hand to pay the county quota of disbursement corresponding to the amount of State funds to be so transferred. The State Board of Allotments and Appeal is authorized, in its discretion, to transfer to any county for the first quarter in any fiscal year an amount sufficient to pay in full the awards approved in such county, one fourth of said amount being advanced to the county in anticipation of the collection of taxes. Such amount so advanced shall be deducted from allotments thereafter to be made to such county within the fiscal year.

The funds so transferred shall go into the county old age assistance fund, and be subject to all the provisions of the Local Government Act as to custody and depository protection; and the State Board may require such additional protection to such funds as they may deem proper.

When in the judgment of the State Board the disbursement of funds in the counties to recipients entitled to assistance is being unduly delayed, or the payments to such recipients jeopardized, the State Board may require, as a condition for the allotment or transmission of any funds to the county for disbursement, that such awards shall be promptly paid, and may withhold the funds from such
counties until satisfied that the awards are being paid with promptness and certainty. When in its judgment the public interest may require and the funds collected in the county for disbursement hereunder may be better protected, and greater promptness and certainty may be secured in payment of awards to recipients entitled to receive same, the State Board may demand and require that the funds raised by taxation in any county be transmitted to the Treasurer of the State, subject to disbursement under such rules and regulations as the State Board may adopt. Immediately upon notice to the board of county commissioners of the county affected, and to the officials of the said county having any such funds in custody, such board of county commissioners and officials shall immediately transfer all of such funds and pay over the same to the State Treasurer for disbursement, under the rules and regulations aforesaid. (1937, c. 288, s. 24.)

§ 108-40. Accounts and reports from county officers.—The boards of county commissioners shall cause proper accounts to be kept of the receipts and disbursements under this article, and shall make a quarterly report to the State Board in detail, showing such receipts and the persons to whom disbursements have been made, and the amount thereof. Such reports may be required by the State Board as often as may be deemed necessary. The accounts shall at all times be open to inspection by the State Board and its authorized auditors, supervisors and deputies. (1937, c. 288, s. 25.)

§ 108-41. Further powers and duties of State Board.—The State Board is authorized and directed to make such reports as may be required by the federal government under the Social Security Act; to keep the funds received from the federal government in such manner and in such account, and cause the same to be disbursed as may be required by such federal administrative authority, notwithstanding any provisions hereof; and the provisions of this article with respect to the handling, disbursement of federal funds, where contrary to the rules and regulations of federal authority, shall be deemed directory only, so that such rules and regulations shall prevail; but otherwise they shall be mandatory. (1937, c. 288, s. 26.)

§ 108-42. Fraudulent acts made misdemeanor. — Whoever knowingly obtains an initial award of assistance, assistance, a continuation of assistance after such initial award, or assistance greater than that to which he is justly entitled, initially or thereafter, when such person is ineligible and not entitled to such assistance, by means of willfully making a false statement or representation knowing same to be false, or by means of failing to disclose a material fact, or by impersonation or by any fraudulent scheme, plan or device; or, whoever knowingly attempts to obtain or aids and abets any person to obtain an initial award of assistance, assistance, a continuation of assistance after such initial award, or assistance greater than that to which he is justly entitled, initially or thereafter, when such person is ineligible and not entitled to such assistance, by means of willfully making a false statement or representation knowing same to be false, or by failing to disclose a material fact or by any fraudulent scheme, plan, device, or impersonation, shall be guilty of a misdemeanor, and upon conviction, or plea of guilty, shall be fined or imprisoned, or both, at the discretion of the court. (1937, c. 288, s. 27; 1963, c. 1062.)

Editor's Note. — The 1963 amendment rewrote this section.

§ 108-43. Limitations of article.—All assistance granted under this article shall be deemed to be granted and to be held subject to the provisions of any amending or repealing act that may hereafter be passed, and no recipient shall have any claim for compensation, or otherwise, by reason of his assistance being affected in any way by any amending or repealing act. (1937, c. 288, s. 28.)
Part 2. Aid to Dependent Children.

§ 108-44. Short title.—This part may be cited as the “Aid to Dependent Children Act.” (1937, c. 288, s. 60.)

§ 108-45. Establishment of relief. — The care and relief of dependent children who are in need and who are unable to provide for themselves is a legitimate obligation of government which cannot be ignored or avoided without injustice to such persons and serious detriment to the purposes of organized society. Such care and relief is hereby declared to be a matter of State concern and necessary to promote the public health and welfare. In order to provide such care and relief at public expense, to the extent that the same may be proper, with due regard to the revenues which the State may equitably enjoy, and with due regard for other necessary objects of public expenditure, a state-wide system of aid to dependent children is hereby established, to operate uniformly throughout the State and in every county thereof, and with due regard to the varying living conditions and the financial, physical, and other conditions of the recipient of such relief, more particularly dealt with in this article. The provisions of this article are mandatory on the State, and each and every county thereof, and whenever the levy of any tax is required or directed herein, it shall be understood that the said tax is levied for a special purpose; and full authority is hereby given to the boards of county commissioners of the several counties to levy, impose, and collect the taxes herein required for the special purpose of aid to dependent children as defined and provided for in this article. (1937, c. 288, s. 31.)

§ 108-46. Definitions.—As used in this article,

(1) “Applicant” shall mean any person who has applied for relief for dependent children under this part.

(2) “Assistance” as used under this part means the money payments for any month with respect to or payments for medical care in behalf of a dependent child or dependent children and the needy relative with whom any dependent child or dependent children live if the money payments have been made with respect to such child or children for such month.

(3) “County board of welfare” shall mean the county board of public welfare of each of the several counties, as now established by law, subject to such modifications as may be made by law.

(4) “Recipient” shall mean any person who has received assistance for dependent children under the provisions of this part.

(5) “Social Security Board” shall be interpreted to include any agency or agencies of the federal government which may be substituted therefor by law.

(6) “State Board” shall mean the State Board of Public Welfare, established by this chapter. (1937, c. 288, s. 32; 1939, c. 395, s. 1; 1951, c. 1098, s. 4; 1957, c. 100, ss. 1, 2.)

§ 108-47. Acceptance of federal grants.—The provisions of the federal Social Security Act, relating to grants-in-aid to the State for aid to dependent children, and the benefits thereunder, are hereby accepted and adopted, and the provisions of this article shall be liberally construed in relation to the said federal Social Security Act, so that the intent to comply therewith shall be made effectual. (1937, c. 288, s. 33.)

§ 108-48. Amount of relief.—The maximum amount to be allowed per month under this article shall not exceed eighteen dollars ($18.00) for one child and twelve dollars ($12.00) additional per month for each of the other dependent children in the home eligible to assistance under this article: Provided, the total amount shall not exceed sixty-five dollars ($65.00), except in extraordinary circumstances in which it appears to the satisfaction of the State Board that a total of sixty-five dollars ($65.00) per month would be insufficient to secure the purpose above set forth. Provided further, that within the limitations of the State appropriation the maximum amount per child may be increased not in excess of the amount which may hereafter be matched by the federal government. (1937, c. 288, s. 34; 1945, c. 615, s. 1.)

§ 108-49. Dependent children defined.—The term “dependent child” as used in this article shall mean a child under twenty-one years of age who is living with his or her father, mother, grandfather, grandmother, brother, sister, stepfather, stepmother, stepsister, uncle or aunt, adoptive father, adoptive mother, grandfather-in-law, great-grandfather, grandmother-in-law, great-grandmother, brother of the half blood, brother-in-law, adoptive brother, sister of the half blood, sister-in-law, adoptive sister, uncle-in-law, aunt-in-law, great-uncle, and great-aunt, in a place of residence maintained by one or more of such relatives as his or their own home or who is living in a foster home licensed by the State Board of Public Welfare; who has resided in the State of North Carolina for one year immediately preceding the application for aid; or who was born within the State within one year immediately preceding the application if the mother has resided in the State for one year immediately preceding the birth, and who has been deprived of parental support or care by reason of the death, physical or mental incapacity or continued absence from the home of a parent, and who has no adequate means of support. (1937, c. 288, s. 35; 1939, c. 395, s. 1; 1941, c. 232; 1945, c. 615, s. 1; 1961, c. 533; 1965, c. 939, s. 1.)

Editor's Note.—The 1965 amendment substituted “twenty-one” for “eighteen” near the beginning of this section.

§ 108-50. Conditions of eligibility.—The following conditions of eligibility for assistance under this part are hereby established:

1. No child having passed his sixteenth birthday shall be eligible for assistance if such child has the ability and capacity for gainful employment, unless the child is regularly enrolled and attending school or unless no gainful employment is available: Provided that no such child will be eligible for assistance during the summer months unless no gainful employment is available; provided further, that no child who is eighteen or more years of age shall be eligible for assistance unless he is a student regularly attending a high school and successfully pursuing a course of study leading to a high school diploma or its equivalent, or regularly attending and successfully pursuing a course of vocational or technical training designed to fit him for gainful employment.

This Fund shall be created by appropriations made by the State from its ordinary revenues and such grants as may be made for aid to dependent children under the federal Social Security Act. Said Fund shall be used exclusively for the relief of dependent children coming within the eligibility provisions of this part and the cost of administration of the same. The appropriations to be made by the State for such purpose shall be supplemented by the amount provided under the federal Social Security Act for aid to dependent children and such further amount as the State may appropriate for the administration of this article. From said Fund there shall be paid as hereinafter provided three fourths of the benefit payments to dependent children in accordance with the provisions hereof, the other one fourth of said payments shall, subject to the provisions of § 108-73, be provided by the several counties of the State as hereinafter required.

In the event that the federal Social Security Act is amended by providing for a larger percentage of contributions to said Fund, the provisions herein made shall be construed to accept such additional grants, and the amounts to be provided for aid to dependent children by State and counties shall be adjusted proportionately.

(1937, c. 288, s. 37; 1941, c. 232; 1943, c. 505, s. 5.)

§ 108-52. State appropriation. — At its present session, and biennially thereafter, the General Assembly shall appropriate out of its ordinary revenues, for the use of such Fund, such amount as shall be reasonably necessary to carry out the provisions of this article, and provide relief to the dependent children coming within the eligibility provisions herein set out, to such an extent as may be proper upon due consideration of the ability of the State to produce sufficient revenues, and with due regard to other necessary objects of public expenditure.

(1937, c. 288, s. 38.)

§ 108-53. County fund.—Annually, at the time other taxes are levied in each of the several counties of the State, there shall be levied and imposed a tax sufficient to raise such an amount as shall be found necessary, in the manner hereinafter provided, to supplement the State and federal funds available for expenditure in said county for aid to dependent children. The amount so ascertained shall be an obligation of the county, and the taxes imposed shall be collectible as other taxes. (1937, c. 288, s. 39.)

§ 108-54. Appropriations not to lapse.—No appropriation made for the purpose of this article shall lapse or revert; but the unexpended balances may be considered in the making of further appropriations. Any proceeds of county taxation for the purposes of this article remaining unexpended shall be taken into account in determining the amount to be raised by taxation during the ensuing year, but shall not be used for any purpose not authorized by this article: Provided, that
if at any time during any fiscal year it appears to be necessary and feasible, the county may transfer with the approval of the State Board of Allotments and Appeal a portion of the amount raised by the county for aid to dependent children to the county old age assistance fund. The Treasurer shall keep the funds in a separate account, to be known as the State Aid to Dependent Children Fund, and shall be responsible therefor on his official bond; and the said funds shall be protected by proper depository security as other State funds. The said Fund shall be drawn upon and disbursed as hereinafter provided. (1937, c. 288, s. 41.)

§ 108-56. General powers and duties of Department of Public Welfare. — The powers and duties of the State Board of Public Welfare established under Article XI, section seven, of the Constitution of North Carolina, and this chapter, and of the office of Commissioner of Welfare established thereunder, are not hereby abridged. The powers and duties herein given shall be in addition to those heretofore exercised under existing laws; and the State Board of Public Welfare, through the Commissioner of Welfare as the executive head of the Department, is hereby empowered to organize the Department into such bureaus and divisions as may be deemed advisable, not inconsistent with the provisions of this article, in order that the work of the entire Department shall be coordinated on an efficiency basis and duplication of effort may be avoided. (1937, c. 288, s. 42; 1957, c. 100, s. 1.)

§ 108-57. Certain powers and duties of State Board of Public Welfare.—The State Board shall:

1. Supervise the administration of assistance to dependent children under this article by the county boards;
2. Make such rules and regulations and take such action as may be necessary or desirable for carrying out the provisions of this article. All rules and regulations made by the State Board shall be binding on the counties and shall be complied with by the respective boards of county commissioners and county boards of welfare;
3. Prescribe the form of and print and supply to the county boards and agencies such forms as it may deem necessary and advisable;
4. Cooperate with the federal government in matters of mutual concern pertaining to assistance to dependent children, including the adoption of such methods of administration as are found by the federal government to be necessary for the efficient operation of the plan for such assistance;
5. Make such reports, in such form and containing such information, as the federal government may from time to time require, and comply with such provisions as the federal government may from time to time find necessary to assure the correctness and verification of such reports;
6. Publish reports as may be necessary;
7. Enter into reciprocal agreements with public welfare agencies in other states relative to providing for assistance and services to residents, nonresidents or transients, and cooperate with other agencies of the State and federal governments in providing such assistance and services and in the study of the problems involved;
§ 108-58. Certain powers and duties of local boards; county welfare boards.—The county boards of welfare shall perform the duties herein required of them with relation to the administration of this article in the several counties, under the supervision and direction of the State Board, and in accordance with the rules and regulations prescribed by said State Board.

County boards of welfare shall:

(1) Report to the State Board at such times and in such manner and form as the State Board may from time to time direct;

(2) Submit to the State Board the information required in this article preliminary to determination of the county’s quota of funds and the determination of the amount required to be raised by taxation, together with its estimate and supporting data, setting forth the amount of money needed to carry out the provisions of this article; also submit to the board of county commissioners a duplicate of the estimate and supporting data furnished by it to the State Board. Make and report to the State Board and to the county board of commissioners such investigation as may be required in order that the said State Board and boards of county commissioners may be fully informed as to the assistance required by dependent children coming within the eligibility provisions of this article; and may have such other information as may be required for proper determination upon any matter coming before the said boards;

(3) Perform any other duties required of them under this article or by proper rules and regulations made by the State Board under authority thereof. (1937, c. 288, s. 44.)

§ 108-59. Application for assistance; determination thereon.—Applications for assistance under this article shall be made to the county welfare board of the county in which the applicant resides. Such application shall be in writing and in duplicate, in compliance with the rules and regulations established by the State Board, which is required to furnish forms for such applications. The county board of welfare, and the county welfare of-
§ 108-60  Action by county commissioners.—The board of county commissioners, in the event that they shall be of the opinion that any award made by the county board of welfare should be reconsidered and reviewed by them, shall have the right to review such award. In case of such action by the board of county commissioners, notice shall be given to the applicant fixing the time and place at which such reconsideration will be held. In the event the board of county commissioners deem that any award should be in any respect changed, an order shall be made thereon accordingly and notice thereof given to the applicant and a copy
sent to the county board of welfare and the State Board of Allotments and Appeal. (1937, c. 288, s. 46.)

§ 108-61. Assistance not assignable.—The assistance granted under this article shall not be transferable or assignable at law or in equity; and none of the money paid or payable under this article shall be subject to execution, levy, attachment, garnishment, or other legal process, or to the operation of any bankruptcy or insolvency law. (1937, c. 288, s. 47.)

§ 108-62. State Board of Allotments and Appeal.—For the purpose of making allotment of State and federal funds to the several counties, and of giving to applicants appealing from the county boards a fair hearing and determination upon such applications and appeal, the State Board of Allotments and Appeal, created under § 108-33 shall as an agency of the State Board have complete and final jurisdiction. If an application is not acted upon by the county welfare board within thirty days or is denied in whole or in part, or if any award of assistance is modified or canceled under any provisions of this article, the applicant or recipient may appeal to the Board of Allotments and Appeal in the manner and form prescribed by the said Board of Allotments and Appeal. The Board of Allotments and Appeal shall, upon receipt of such an appeal, give the applicant or recipient and the board of county commissioners and county board of welfare reasonable notice and opportunity for a fair hearing. Upon such hearing the applicant or recipient shall have an opportunity of presenting his claim in full to the Board upon such evidence as may be pertinent or proper; and the Board of Allotments and Appeal shall diligently inquire into the matter, and shall approve or disapprove or modify the action of the county board of welfare and the board of county commissioners, as in the judgment of the Board of Allotments and Appeal may be just and proper.

Upon any appeal from the board of county commissioners, it shall be the duty of such board to forward to the State Board of Allotments and Appeal a certified copy of the order refusing assistance or granting the same, with such information, in brief, as may bear upon the application and the action of the board of commissioners, and such papers and documents or other matter as may be required under the rules of the Board of Allotments and Appeal, or under its order in the particular matter.

When the State Board of Allotments and Appeal shall have made its final decision upon the matter, notice thereof shall be given to the applicant or recipient and to the board of county commissioners and the county board of welfare. The decision of the State Board of Allotments and Appeal shall be final.

The State Board of Allotments and Appeal may also on notice to the board of county commissioners and county board of welfare, upon its own motion, review any decision of the board of county commissioners or county board of welfare and may consider any application upon which a decision has not been made within thirty days. The State Board of Allotments and Appeal may make such additional investigation as it may deem necessary in all cases and make such decision thereupon as in its opinion is justified and in conformity with the provisions of this article. Applicants, or recipients, affected by such decision of the State Board of Allotments and Appeal shall, upon request, be given reasonable notice and opportunity for a fair hearing by the Board of Allotments and Appeal. All decisions of the State Board of Allotments and Appeal shall be final and shall be binding upon the county involved, and shall be complied with by the board of county commissioners and the county board of welfare.

The State Board may authorize hearings of appeals in any county by other representatives selected by said Board, subject to final determination by the State Board of Allotments and Appeal. (1937, c. 288, s. 48.)

§ 108-63. Periodic reconsideration and changes in amount of assistance.—All assistance grants made under this article shall be reconsidered as fre-
§ 108-63.1. Supervision of assistance in certain cases. — Whenever a county board of welfare determines that the recipient of assistance payments granted under the provisions of part 2 of this article, entitled the Aid to Dependent Children Act, has not used said assistance to provide food, shelter, clothing, household and medical supplies, and other necessities, which are required for the care and support of the dependent child or children who are the intended beneficiaries of the assistance, or of the needy relative with whom such child or children live, then the county welfare board shall enter an order requiring the county superintendent of public welfare to supervise the expenditure of such assistance payments by the recipient, to cause such assistance to be used for the aforementioned necessities, and the superintendent shall comply with said order. Said supervision may include conferences with the recipient, preparation of monthly budgets for the recipient, requiring reporting on such expenditures by the recipient, and otherwise directing the expenditure of the assistance in accordance with such budgets.

Following the entry of the order requiring the superintendent to supervise the expenditure of the assistance, the county board of welfare shall cause notice thereof to be served on the recipient. If the recipient objects to the order, he may appear at the next meeting of the board held not less than five days after service of notice of the order upon the recipient, and, in such event, the superintendent shall not begin the supervision of the expenditures of the assistance until further order by the board. If, after hearing the recipient, the board reaffirms the order directing the superintendent to supervise the expenditures of assistance, the recipient may appeal therefrom to the State Board of Allotments and Appeal, in the manner and form prescribed by the Board of Allotments and Appeal.

The Board of Allotments and Appeal shall, upon receipt of such appeal, give the recipient and the county board of welfare reasonable notice and opportunity for a fair hearing. The decision of the State Board of Allotments and Appeal shall be final. In the event of such appeal, the order directing the superintendent to supervise the expenditures of assistance shall not be operative unless and until the State Board of Allotments and Appeal determines that the county board of welfare properly entered such order in accordance with the provisions of the section.

The county board of welfare may, at any time, rescind or terminate the order requiring the county welfare superintendent to supervise the expenditure of assistance. The supervision of expenditures provided in this section shall continue until the order is terminated by the county welfare board. (1959, c. 668, s. 1.)

Editor's Note. — Session Laws 1961, c. 186, changed the title of the county superintendent of public welfare to county director of public welfare.
§ 108-64. Removal to another county. — Any resident who moves to another county and continues to have such dependent children in custody in this State shall be entitled to receive assistance in the county to which he has moved, and the county welfare director of the county from which he has moved shall transfer all necessary records relating to the recipient to the county welfare director of the county to which he has moved. The county from which the recipient moves shall pay the assistance for a period of three months following such removal, and thereafter assistance shall be paid by the county to which such recipient has moved. (1937, c. 288, s. 50; 1943, c. 505, s. 7; 1961, c. 186.)

§ 108-65. Procedure preliminary to allotments and county taxation; investigation and report.—It shall be the duty of the county welfare boards to make diligent investigation within the county and obtain and record statistical and other information concerning dependent children in the county entitled to assistance under this article, and to keep such information compiled in convenient accessible form. Therefrom they shall, annually, on or before the first day of May, compile and make a report to the board of county commissioners, for their better information and guidance, which report shall contain a concise statement or estimate of the total amount necessary to be expended within the county to carry out the provisions of this article for the next ensuing fiscal year, accompanied by such supporting data as the State Board of Allotments and Appeal may require. Such reports shall be made on forms furnished by the State Board or in compliance with the rules and regulations of said State Board. A copy thereof shall be immediately forwarded to the State Board.

Upon the information so furnished, and such other information as may be available, or may be obtained upon such further investigation as the board of commissioners may see proper to make, the board of commissioners shall make a careful estimate of the amount necessary to be expended within the county for the purpose of this article for the ensuing fiscal year, and, separately stated, the amount necessary to be raised by county taxation. The board of county commissioners shall, on or before the first day of May, make a report to the State Board of Allotments and Appeal, which report shall contain the said estimates, with supporting data, in such form and detail as the Board of Allotments and Appeal may require. (1937, c. 288, s. 51; 1943, c. 505, s. 8.)

§ 108-66. Allocation of funds.—As soon as may be practicable after receiving the said reports, and before the time for the annual levy of taxes in the respective counties, the State Board of Allotments and Appeal shall proceed to ascertain and determine the amount of State and federal funds available for disbursement in the counties for the purposes of this article for the next ensuing fiscal year. The Board shall, at the same time, determine the amounts to be raised in each of the respective counties by taxation to supplement the State and federal funds allotted to such county. The allotment of State and federal funds to any county shall not exceed three times the amount to be raised in said county by local taxation, except as provided in § 108-73.

The determination of such amount by the Board of Allotments and Appeal shall be final and binding upon the several counties respectively, and shall be a part of the county budget. The county commissioners shall, at the time of levying other
§ 108-67. Administration expenses. — The State Board of Allotments and Appeal shall annually allocate to the several counties of the State the sum provided by the federal government under the Social Security Act for payment of administrative expenses. Any amounts in excess of said allotments to the several counties, which are necessary to the proper administration of the public welfare program by the several counties, shall be determined by the State Board of Allotments and Appeal upon budgets submitted to said Board by the county welfare boards in each county. Said determination shall be made on or before the first day of June in each year.

After being so determined, an amount not to exceed one half of such costs shall be allocated and paid to the respective counties by the State Board of Allotments and Appeal from the appropriation made by the State for aid to county administration. The balance of said county administrative expenses shall be paid by the respective counties. The State Board of Allotments and Appeal shall, on or before the first day of June in each year, notify the board of county commissioners in each county as to the amount of administrative expenses such county is required to provide, and upon receipt of such notice, it shall be mandatory upon each county that taxes shall be levied within said county to provide for the payments of such part of such county's administrative expenses. (1937, c. 288, s. 53; 1941, c. 232; 1943, c. 505, s. 9; 1945, c. 615, s. 1.)

§ 108-68. Transfer of State and federal funds to the counties. — The aid to dependent children fund shall be drawn out on the warrant of the State Auditor, issued upon order of the State Board, evidenced by the signature of the Commissioner of Welfare. Quarterly, and oftener, if in the sound judgment of the State Board it may be necessary, the State Board shall transfer to the several counties such part of the county allotment as may be necessary for disbursement in such county, in connection with county-raised funds for a reasonable period. Before transferring said funds the State Board may, in its discretion, require that the county shall certify, through its auditor or fiscal agent, that sufficient county funds are on hand to pay the county quota of disbursement corresponding to the amount of State funds to be so transferred. The State Board of Allotments and
Appeal is authorized, in its discretion, to transfer to any county for the first quarter in any fiscal year an amount sufficient to pay in full the awards approved in such county, one fourth of said amount being advanced to the county in anticipation of the collection of taxes. Such amount so advanced shall be deducted from allotments thereafter to be made to such county within the fiscal year.

The funds so transferred shall go into the county aid to dependent children fund, and be subject to all the provisions of the Local Government Act as to custody and depository protection; and the State Board may require such additional protection to such funds as they may deem proper.

When in the judgment of the State Board the disbursement of funds in the counties to recipients entitled to assistance is being unduly delayed, or the payments to such recipients jeopardized, the State Board may require, as a condition for the allotment or transmission of any funds to the county for disbursement, that such awards shall be promptly paid, and may withhold the funds from such counties until satisfied that the awards are being paid with promptness and certainty. When in its judgment the public interest may require and the funds collected in the county for disbursement hereunder may be better protected, and greater promptness and certainty may be secured in payment of awards to recipients entitled to receive same, the State Board may demand and require that the funds raised by taxation in any county be transmitted to the Treasurer of the State, subject to disbursement under such rules and regulations as the State Board may adopt. Immediately upon notice to the board of county commissioners of the county affected, and to the officials of the said county having any such funds in custody, such board of county commissioners and officials shall immediately transfer all of such funds and pay over the same to the State Treasurer for disbursement, under the rules and regulations aforesaid. (1937, c. 288, s. 54; c. 405; 1943, c. 505, s. 10.)

§ 108-69. Accounts and reports from county officers.—The boards of county commissioners shall cause proper accounts to be kept of the receipts and disbursements under this article, and shall make a quarterly report to the State Board in detail, showing such receipts and the persons to whom disbursements have been made, and the amount thereof. Such reports may be required by the State Board as often as may be deemed necessary. The accounts shall at all times be open to inspection by the State Board and its authorized auditors, supervisors, and deputies. (1937, c. 288, s. 55.)

§ 108-70. Further powers and duties of State Board. — The State Board is authorized and directed to make such reports as may be required by the federal government under the Social Security Act; to keep the funds received from the federal government in such manner and in such account, and cause the same to be disbursed as may be required by such federal administrative authority, notwithstanding any provisions hereof; and the provisions of this article with respect to the handling, disbursement of federal funds, where contrary to the rules and regulations of federal authority, shall be deemed directory only, so that such rules and regulations shall prevail; but otherwise they shall be mandatory. (1937, c. 288, s. 56.)

§ 108-71. Fraudulent acts made misdemeanors.—Whoever knowingly obtains an initial award of assistance, assistance, a continuation of assistance after such initial award, or assistance greater than that to which he is justly entitled, initially or thereafter, when such person is ineligible and not entitled to such assistance, by means of willfully making a false statement or representation knowing same to be false, or by means of failing to disclose a material fact, or by impersonation or by any fraudulent scheme, plan or device; or, whoever knowingly attempts to obtain or aids and abets any person to obtain an initial award of assistance, assistance, a continuation of assistance after such initial award, or assistance greater than that to which he is justly entitled, initially or thereafter, when such
person is ineligible and not entitled to such assistance, by means of willfully making a false statement or representation knowing same to be false, or by failing to disclose a material fact or by any fraudulent scheme, plan, device, or impersonation, shall be guilty of a misdemeanor, and, upon conviction, or plea of guilty, shall be fined or imprisoned, or both, at the discretion of the court. (1937, c. 288, s. 57; 1963, c. 1013.)

Editor's Note.—The 1963 amendment rewrote this section.

§ 108-72. Limitations of article.—All assistance granted under this article shall be deemed to be granted and to be held subject to the provisions of any amending or repealing act that may hereafter be passed, and no recipient shall have any claim for compensation, or otherwise, by reason of his assistance being affected in any way by any amending or repealing act. (1937, c. 288, s. 58.)

§ 108-72.1. Payment by State for welfare payments to certain Indian residents.—The State Board of Public Welfare is authorized and directed to set apart and reserve out of State welfare appropriations such an amount of funds which shall be found by the State Board of Allotments and Appeal to be sufficient to pay the counties the amount of welfare payments, plus the amount of administrative costs incidental to such payments, which the counties are otherwise required to provide under the provisions of this chapter for making welfare payments to or for Indian residents of any federal reservation held in trust by the United States government for the benefit of Indians.

From the funds reserved out of State Welfare appropriations the State Board of Public Welfare shall pay amounts to the counties as the State Board of Allotments and Appeal shall determine are appropriate under the requirements of this section. Welfare payments and appropriations referred to in this section mean payments and appropriations for the purpose of old age assistance under G.S. 108-23, aid to dependent children under G.S. 108-52, aid to the permanently and totally disabled under G.S. 108-73.5, and medical assistance for the aged under G.S. 108-73.21. (1965, c. 708.)

§ 108-73. Equalizing fund.—The State Board of Allotments and Appeal is authorized and directed to set apart and reserve out of the appropriation authorized to be made by the State under § 108-23, relating to old age assistance, under § 108-52, relating to aid to dependent children, and under § 108-73.5, relating to aid to the permanently and totally disabled, and under § 108-73.21. relating to medical assistance for the aged, such an amount of said funds appropriated by the State to the respective funds as shall be found by the State Board of Allotments and Appeal to be necessary for the purpose of equalizing the burden of taxation in the several counties of the State, and the benefits received by the recipients of awards under this article, and such amount shall be expended and disbursed solely for the use and benefit of needy persons coming within the eligibility provisions of this article. Said amount shall be distributed to the counties according to the needs therein in conformity with the rules and regulations adopted by the State Board of Allotments and Appeal, producing, as far as practicable, a just and fair distribution thereof.

After determining the amount to be allotted to any county from such equalizing fund, the State Board of Allotments and Appeal shall determine the amount to be raised in such county by taxation to supplement the State and federal funds allotted to said county as in this article otherwise provided, and it shall be mandatory upon the boards of county commissioners in the several counties to annually levy taxes in accordance therewith. (1937, c. 288, s. 62; 1943, c. 505, s. 11; 1963, c. 551, ss. 1, 2; c. 599, s. 2; 1965, c. 409.)

Editor's Note.—The first 1963 amendment inserted in the first paragraph the reference to § 108-73.5, relating to aid to the permanently and totally disabled. It
also deleted two provisos at the end of the first paragraph. The second 1963 amendment inserted in the first paragraph the reference to § 108-73.21, relating to medical assistance for the aged.

The 1963 amendment substituted “needy persons coming within the eligibility provisions of this article” for “needy aged persons and dependent children coming within the eligibility provisions of this article” at the end of the first sentence.

§ 108-73.1. Establishment of relief.—The care and relief of all persons who are in need and who are unable to provide for themselves is a legitimate obligation of government which cannot be ignored or avoided without injustice to such persons and serious detriment to the purposes of organized society. Such care and relief is hereby declared to be a matter of State concern and necessity to promote the public health and welfare. In order to provide such care and relief at public expense, to the extent that the same may be proper, with due regard to State and county revenues and with due regard for other necessary objects of public expenditure, a state-wide system of general assistance is hereby established, to operate with due regard to the varying living conditions and the financial, physical, and other conditions of the recipient of such assistance. (1949, c. 1038, s. 2.)

§ 108-73.2. Acceptance of federal grants-in-aid; part liberally construed.—The State Board of Public Welfare is hereby authorized to accept any grants-in-aid for general assistance which may be made available to the State by the federal government and the provisions of part 3 of this article shall be liberally construed in order that the State and its needy citizens may benefit fully from such grants-in-aid. (1949, c. 1038, s. 2.)

§ 108-73.3. Assistance defined.—Assistance as herein used means money payments to a needy individual or payments for medical care in behalf of such needy individual. (1949, c. 1038, s. 2; 1951, c. 1098, s. 5.)

§ 108-73.4. Eligibility.—Assistance may be granted to any person who:

1. Is unable to earn a sufficient income and is without any resources to provide a subsistence compatible with decency and health; and
2. Is not an inmate of any public institution at the time of receiving assistance.

Applications for general assistance shall be made to the county director of public welfare who by and with the approval of the county welfare board shall determine whether aid is to be granted and the amount thereof.

The amount of assistance which any eligible person may receive shall be determined with due regard to the resources and necessary expenditures of the individual and the conditions existing in each case, and in accordance with the rules and regulations of the State Board of Public Welfare. Insofar as funds will permit, such assistance shall be sufficient when added to all other income and resources to provide such person with a reasonable subsistence compatible with decency and health, but the principle of equitable treatment shall be followed in each county as provided in the rules and regulations of the State Board of Public Welfare. Assistance may be granted to any person or for any purpose coming within the provisions of this section and the rules and regulations of the State Board of Public Welfare not inconsistent herewith, although such person or purpose may not come within federal requirements governing the use of federal grants-in-aid for general assistance purposes. Applications for general assistance shall be handled in the manner prescribed by the rules and regulations of the said Board. (1949, c. 1038, s. 2; 1961, c. 186.)
§ 108-73.5. State General Assistance Fund.—A fund shall be created to be known as the “State General Assistance Fund.” This Fund shall be created by appropriations made by the General Assembly and such grants as may be received from the federal government for this purpose. Such Fund shall be used exclusively for assistance to needy persons found to be eligible in accordance with the provisions of part 3 of this article and the rules and regulations of the State Board of Public Welfare not inconsistent therewith.

The Treasurer of the State of North Carolina is hereby made ex officio Treasurer of the State General Assistance Fund herein established, including therein such grants-in-aid for general assistance as may be received from the federal government for administration and distribution in this State; and the said Treasurer is hereby designated as the proper officer to receive grants-in-aid from the federal government. The Treasurer shall keep the funds in a separate account, to be known as the “State General Assistance Fund,” and shall be responsible therefor on his official bond; and the said funds shall be protected by proper depository security as other State funds. The said funds shall be disbursed for the purposes of this article on warrants drawn on the county treasurer or other designated county officials where there is no county treasurer, signed by the director of public welfare, countersigned by the county auditor, for payments of grants to recipients: Provided, that in the event any temporary vacancy should exist in the office of county welfare director, the signature of the chairman of the county welfare board together with that of the county auditor shall be sufficient for the disbursement of such funds. Warrants shall be drawn under this article for administrative purposes in accordance with the County Fiscal Control Act. (1949, c. 1038, s. 2; 1955, c. 310, s. 3; 1961, c. 186.)

§ 108-73.6. Allotment and transfer of federal and State funds to the counties.—Allotments shall be made annually by the State Board of Allotments and Appeal, created by § 108-33, in the manner prescribed in §§ 108-36 and 108-37: Provided, that no participating county shall receive from the State General Assistance Fund during any fiscal year less than ten percent (10%) or more than fifty percent (50%) of the total expenditures for general assistance as herein defined until such time as federal grants-in-aid for general assistance are available to the State.

When federal funds are available to North Carolina for general assistance, the State Board of Allotments and Appeal shall allot annually to each county from the State General Assistance Fund any proportion of the total amount to be expended for such purpose that the amount of federal and State funds available will permit: Provided that no county shall receive from such federal and State funds during any fiscal year more than ninety percent (90%) of the total expenditures for general assistance.

It is the purpose of the General Assembly that the allotments herein provided for shall be used by the counties entitled thereto solely as supplementary funds to increase the general assistance being provided, and no allotment shall be used, directly or indirectly, to replace county appropriations or expenditures.

State and federal funds shall be transferred to the counties as prescribed in § 108-39 of the General Statutes of North Carolina and all provisions of that section shall apply to general assistance funds, except that all funds so transferred shall be deposited in the county general assistance fund. (1949, c. 1038, s. 2.)

§ 108-73.7. Assistance not assignable.—The assistance granted under this article shall not be transferable or assignable at law or in equity; and none of the money paid or payable under this article shall be subject to execution, levy, attachment, garnishment, or other legal processes, or to the operation of any bankruptcy or insolvency law. (1949, c. 1038, s. 2.)

§ 108-73.8. Accounts and reports from county officers.—The boards of county commissioners shall cause proper accounts to be kept of the receipts.
§ 108-73.9. Further powers and duties of State Board.—The provisions of § 108-28 shall apply to part 3 of this article. The State Board of Public Welfare is authorized and directed to make such reports as may be required by the federal government under the Social Security Act; to keep the funds received from the federal government in such manner and in such account, and cause the same to be disbursed as may be required by such federal administrative authority, notwithstanding any provisions hereof; and the provisions of this article with respect to the handling and disbursement of federal funds, where contrary to the rules and regulations of federal authority, shall be deemed directory only, so that such rules and regulations shall prevail; but otherwise they shall be mandatory. (1949, c. 1038, s. 2.)

§ 108-73.10. Participation permissive; effect of federal grants.—The general assistance program herein established shall be administered as provided for in the rules and regulations of the State Board of Public Welfare, except that no county shall be granted any allotment from the State General Assistance Fund nor shall be subject to provisions of part 3 of this article unless its consent be given in the manner prescribed by the rules and regulations of the State Board of Public Welfare; Provided, that in the event federal general assistance grants shall be made available to the State upon condition that each county thereof participate in the general assistance program, then and in that event all of the provisions of part 3 of this article shall apply to and become mandatory upon every county. (1949, c. 1038, s. 2.)

§ 108-73.10a. Eligibility requirements for aid to the permanently and totally disabled; county medical review board. — Assistance shall be granted under this section to any person who:

(1) Is at least 18 years of age and under 65 years of age;
(2) Has resided in this State for one (1) year immediately preceding application for assistance;
(3) Has not sufficient income or other resources to provide reasonable subsistence compatible with decency and health;
(4) Is not an inmate of a public institution or an institution for tuberculosis or mental diseases;
(5) Is not a patient in a medical institution as a result of having tuberculosis or psychosis;
(6) Is found to be permanently and totally disabled within the meaning of this section. A permanently and totally disabled person is one who because of a mental or physical impairment is according to the present diagnosis substantially precluded from doing any work. The impairment must be of major importance and must be a condition not likely to improve or which will continue throughout the lifetime of the individual; and
(7) Is not receiving any public assistance from the State or from any political subdivision thereof, or any other type of federally aided public assistance.

For the purpose of determining whether or not applicants for assistance are permanently and totally disabled within the meaning of this section, the board of county commissioners of any county, with the approval of the county board of
§ 108-73.11. County fund for aid to the permanently and totally disabled.—Annually, at the time other taxes are levied in each of the several counties of the State, there may be levied and imposed a special tax for the purpose of raising such an amount as shall be determined necessary by the respective boards of county commissioners of the State for the program of aid to the permanently and totally disabled to supplement the State and federal funds available for expenditure in said county for aid to the permanently and totally disabled. The amount so ascertained shall be an obligation of the county, and the taxes imposed shall be collectible as are other taxes, and it shall be understood that the said tax is levied for a special purpose. The taxes collected from such levy shall be deposited to the credit of the county aid to the permanently and totally disabled fund. The levy of the special tax herein provided for shall be permissive and the requirement under this article that the several counties annually levy and impose taxes to provide for such amounts as such counties are required to pay for aid to the permanently and totally disabled shall be construed to mean that such counties may provide the sums to be raised by them from any sources of county income or revenue (including borrowing in anticipation of collection of taxes) which may be available for use for such purposes by such counties. (1953, c. 891; 1963, c. 535.)

Editor's Note. — The 1963 amendment deleted the words and figures "not to exceed five cents (5¢) per one hundred dollars ($100.00) assessed valuation" formerly appearing immediately after the words "special tax" near the beginning of the first sentence.

§ 108-73.12. Appropriation not to lapse.—No appropriation for aid to the permanently and totally disabled shall lapse or revert, but the unexpended balance may be considered in making further appropriations. Any proceeds of county taxation for aid to the permanently and totally disabled remaining unexpended shall be taken into account in determining the amount to be raised by taxation during the ensuing fiscal year, but shall not be used for any purpose not authorized by this article: Provided, that if at any time during any fiscal year it appears to be necessary and feasible, the county may transfer a portion of the amount raised by the county for any one of the three assistance programs (old age assistance, aid to dependent children, and aid to the permanently and totally disabled) to the county fund maintained for any one of the other two assistance programs named herein. (1953, c. 891.)

§ 108-73.12a. Lien on real property of recipients of aid to permanently and totally disabled.—There is hereby created a general lien, enforceable as hereinafter provided, upon the real property of any person who is receiving or who has received aid to permanently and totally disabled, to the extent of the total amount of such assistance paid to such recipient from and after October 1, 1963. Before any application for aid to the permanently and totally disabled is approved under the provisions of this article, the applicant shall agree that all such assistance paid to him shall constitute a claim against him and against his estate, enforceable according to law by any county paying all or part of such assistance. Such agreement may be contained in the application signed by the applicant. Immediately after the approval of an aid to the permanently and totally disabled grant, a statement showing the name of the recipient and the date of approval of the application shall be filed in the office of the clerk of the superior court in the county of residence of the recipient and in each county in which such recipient then owns or later acquires real property. The statement shall be filed in the regular lien docket, showing the name of the county filing said
§ 108-73.12b. Action to be taken upon termination of assistance to permanently and totally disabled person.—The county department of public welfare shall, within six (6) months after the termination of an aid to the permanently and totally disabled grant by reason of death or otherwise, examine the case record of such recipient, the tax records of the county, and, in case of termination because of death, the records relating to executors, administrators, collectors, or other personal representatives. If it appears from this examination or from any other information which has come to the attention of the department, (i) that such recipient does not own, or has not owned since the date of the
§ 108-73.12c. Disposition of funds recovered under §§ 108-73.12a and 108-73.12b.—The United States and the State of North Carolina shall be entitled to share in any sum collected under the provisions of §§ 108-73.12a and 108-73.12b, and their proportionate parts of such sum shall be determined in accordance with the matching formulas in use during the period for which assistance was paid to the recipient. The county enforcing the claim as herein provided and any other county within the State which has paid aid to the permanently and totally disabled to such recipient shall share proratably in any sum collected. All sums collected shall be deposited in the county aid to the permanently and totally disabled fund and a report of such deposit made to the State Board of Public Welfare. All sums to which the United States or the State of North Carolina may become entitled under the provisions of §§ 108-73.12a and 108-73.12b shall be promptly paid or credited. All such sums to which the State may become entitled shall be deposited in the State Aid to the Permanently and Totally Disabled Fund and shall become a part of that Fund.

All necessary costs incurred in the collection of any claim shall be borne proratably by the United States, the State, and the county in proportion to the share of the sum collected to which each may be entitled: Provided, that neither the United States nor the State shall in any instance be chargeable for cost in ex-
cess of the sum received by it from the claim. Necessary costs of collection of any claim shall include all costs of services in the filing, processing, investigation, and collection of such claim. (1963, c. 1085.)

§ 108-73.12d. Fraudulent acts made misdemeanor; aid to the permanently and totally disabled. — Whoever knowingly obtains an initial award of assistance, a continuation of assistance after such initial award, or assistance greater than that to which he is justly entitled, initially or thereafter, when such person is ineligible and not entitled to such assistance, by means of willfully making a false statement or representation knowing same to be false, or by means of failing to disclose a material fact, or by impersonation or by any fraudulent scheme, plan or device; or, whoever knowingly attempts to obtain or aids and abets any person to obtain an initial award of assistance, a continuation of assistance after such initial award, or assistance greater than that to which he is justly entitled, initially or thereafter, when such person is ineligible and not entitled to such assistance, by means of willfully making a false statement or representation knowing same to be false, or by failing to disclose a material fact or by any fraudulent scheme, plan, device, or impersonation, shall be guilty of a misdemeanor, and, upon conviction, or plea of guilty, shall be fined or imprisoned, or both, at the discretion of the court. Whoever aids or abets in buying or in any way disposing of the property, either real or personal, of a recipient of assistance with the intent to defeat the purposes of this article, shall be guilty of a misdemeanor, and upon conviction thereof shall be fined or imprisoned, or both, at the discretion of the court. (1963, c. 1024.)

§ 108-73.13. State Fund for Medical Assistance created; tax levy for counties' shares.—For the purpose of providing medical assistance and for the administration of an effective medical assistance program in North Carolina, the State Board of Public Welfare is hereby authorized and empowered to establish from federal, State and county appropriations available for the purpose a fund to be known as the State Fund for Medical Assistance, and to adopt rules and regulations under which payments are to be made out of said Fund in accordance with the provisions of this part. The nonfederal share may be divided between the State and the counties, in a manner consistent with the provisions of the federal Social Security Act, except that the share allocated to the counties may not exceed the share allocated to the State. If a portion of the nonfederal share is allocated to the counties, the boards of county commissioners of the several counties shall levy, impose and collect the taxes required for the special purpose of medical assistance as provided in this part, in an amount sufficient to cover each county's share of medical assistance. (1965, c. 1173, s. 1.)

Editor's Note.—Section 1, c. 1173, Session Laws 1965, repeals parts 4, 4A and 4B of this article, and substitutes therefor a new part 4 entitled "Medical Assistance," consisting of this and the following two sections. Section 4 of c. 1173, Session Laws 1965, provides: "This act shall become effective only in the event that the federal Social Security Act is amended by Congress to provide a program of grants to states for medical assistance, and shall then only become effective upon the adoption of rules and regulations by the State Board of Public Welfare pursuant to this act, approved by the Governor and the Advisory Budget Commission."

§ 108-73.14. Payments from Fund.—From the Fund established herein, the State Board of Public Welfare may, within appropriations made for this specific purpose, pay or cause to be paid all or part of the cost of medical and other remedial care for any eligible person, when it is essential to the health and welfare of such person that such care be provided, and when the total resources of such person are not sufficient to provide the necessary care. Payments for the cost of hospitalization, including in-patient and out-patient services, shall be made.
only to hospitals licensed by the North Carolina Medical Care Commission, or licensed or approved according to the laws of another state. (1965, c. 1173, s. 1.)

§ 108-73.15. Acceptance of federal grants; right to choose provider of care or service.—All of the provisions of the federal Social Security Act, as amended, providing grants to the states for medical assistance, are hereby accepted and adopted, and the provisions of this article shall be liberally construed in relation to the said federal Social Security Act, so that the intent to comply therewith shall be made effectual. Nothing in this part or the regulations made pursuant hereto shall be construed to deprive a recipient of assistance of the right to choose the licensed provider of the care or service made available under this part within the provision of the federal Social Security Law. (1965, c. 1173, s. 1.)

Part 4. Hospitalization and Other Care of Assistance Recipients.

§ 108-73.13. The fund shall be known as “The State Fund for the Hospitalization of Assistance Recipients,” hereinafter referred to as the Fund. Disbursement from the Fund shall be made only for the purpose of providing necessary hospital care including in-patient and out-patient services, and for the purpose of providing necessary drugs for recipients, and their spouses when such spouses are included in the assistance budget group, of old age assistance, aid to dependent children, and aid to the permanently and totally disabled. Any balance in the Fund at the end of any fiscal year and at the end of any biennium shall remain in the Fund and shall not expire or revert. (1955, c. 969; 1963, c. 599, s. 3.)

Editor's Note. — The 1963 amendment inserted the words “including in-patient and out-patient services, and for the purpose of providing necessary drugs” in the third sentence.

Repeal of Part.—Section 1, c. 1173, Session Laws 1965, repeals parts 4, 4A and 4B of this article and substitutes therefor a new part 4 entitled “Medical Assistance,” consisting of §§ 108-73.13 to 108-73.15, which is set out preceding this part.

Section 4 of c. 1173, Session Laws 1965, provides: “This act shall become effective only in the event that the federal Social Security Act is amended by Congress to provide a program of grants to states for medical assistance, and shall then only become effective upon the adoption of rules and regulations by the State Board of Public Welfare pursuant to this act, approved by the Governor and the Advisory Budget Commission.”

The rate per recipient of monthly payments into the Fund shall be fixed from time to time by the State Board taking into consideration costs of hospitalization, including in-patient and out-patient services, and cost of drugs, the number of persons covered, the extent of hospitalization and drug needs of such persons, and the availability of State funds. Such rules and regulations shall be established on the basis of money available for the purpose, the number of assistance recipients, the experience with respect to the incidence of illness, disease, accidents, and other reasons among such recipients, causing them to require hospitalization and the costs thereof, the amounts which recipients require otherwise in order to maintain a subsistence compatible with decency and health, and any other similar factors considered relevant by the State Board. The Fund thus established is hereby made an irrevocable trust and all payments into the Fund are irrevocable except upon repeal of this article as provided in G.S. 108-76. The Treasurer shall keep the Fund in a separate account and shall be responsible therefor on his official bond; and the said Fund shall be protected by proper depository security as are other State funds. The said Fund shall be drawn upon and disbursed as hereinafter provided. (1955, c. 969.)

§ 108-73.17. Disbursement. — Claims for the cost of hospitalization, including in-patient and out-patient services, and for the cost of drugs shall be submitted by the county director of public welfare to the State Board of Public Welfare, in accordance with the rules and regulations of the State Board. Payments from the Fund shall be made only to hospitals licensed by the North Carolina Medical Care Commission, or licensed or approved according to the laws of another state, and to pharmacies, on warrants drawn on “The State Fund for the Hospitalization of Assistance Recipients” upon order of the State Board of Public Welfare evidenced by the signature of the Commissioner of Public Welfare. (1955, c. 969; 1959, c. 180; 1961, c. 186; 1963, c. 599, s. 3.)

Editor's Note.—The 1963 amendment inserted the words “including in-patient and out-patient services” in the first sentence. It also inserted the words “and to pharmacies” in the second sentence.

§ 108-73.18. Acceptance of federal grants. — The provisions of the federal Social Security Act, relating to grants-in-aid to the State for the hospitalization of public assistance recipients and for other types of medical care, and the benefits thereunder, are hereby accepted and adopted, and the provisions of this article shall be liberally construed in relation to the said Social Security Act, so that the intent to comply therewith shall be made effectual. The State Board of Public Welfare is further authorized and empowered to pay for drugs for eligible medically indigent persons who do not qualify for money payments. The payments shall be established on the basis of money available for the purpose, taking into account the availability of federal matching funds and the State funds appropriated for the program, with the nonfederal share to be borne equally by the State and the several counties.

The State Board of Public Welfare shall promulgate rules and regulations for determining the indigency of the persons hospitalized or entitled to drugs and the basis upon which hospitals and pharmacies shall qualify to receive the benefits of this section.

Any unexpended balance remaining from the present annual appropriation for medically indigent patients shall forthwith be transferred from the Medical Care Commission to the State Board of Public Welfare.

All outstanding obligations existing under the rules and regulations of the Medical Care Commission at one dollar and a half ($1.50) per day for medically indigent patients shall be transferred from the Medical Care Commission to the State Board of Public Welfare for payment. Part 4B. Medical Assistance for the Aged.

§ 108-73.21. State Fund for Medical Assistance for the Aged created. — For the purpose of providing medical assistance for the aged, over and beyond the medical assistance provided by part 4 and part 4A of this article, and for the administration of an effective medical assistance program for the aged in North Carolina, the State Board of Public Welfare is hereby authorized and empowered to establish from federal, State and county appropriations available for the purpose, a fund to be known as the State Fund for Medical Assistance for the Aged, and to adopt rules and regulations under which payments are to be made out of said Fund in accordance with the provisions of this part. The nonfederal share shall be equally divided between the State and the counties, except as provided in G.S. 108-73, as amended. Annually, at the time other taxes are levied in each of the several counties of the State, there shall be levied and imposed a tax sufficient to cover the county's share and full authority is hereby given to the boards of county commissioners of the several counties to levy, impose and collect the taxes required for the special purpose of medical assistance for the aged as provided in this part. (1963, c. 599, s. 1.)

Repeal of Part.—See note to the second section numbered § 108-73.13, above.
§ 108-73.22. Payments. — From the Fund established herein, the State Board of Public Welfare may, within appropriations made for this specific purpose, pay or cause to be paid all or part of the cost of medical services for any person sixty-five years of age and over, when it is essential to the health and welfare of such aged person that medical services be provided, and when the total resources of such person are not sufficient to provide the necessary medical services. (1963, c. 599, s. 1.)

§ 108-73.23. Acceptance of federal grants.—All of the provisions of the federal Social Security Act, as amended, providing grants to the states for hospitalization, medical assistance and other remedial care for needy aged persons, are hereby accepted and adopted, and the State Board of Public Welfare is hereby authorized and empowered to accept grants under the provisions of said act which are most beneficial to the State for providing medical assistance for aged persons as defined in said federal Social Security Act. Nothing in this part or the regulations made pursuant hereto shall be construed to deprive a recipient of assistance of the right to choose the provider of the care or service made available under this part within the provisions of the federal Social Security Law. (1963, c. 599, s. 1.)

General Provisions.

§ 108-74. Organization; appointment of agencies; employment.—The State Board shall have opportunity to set up such organization as may in its judgment be deemed proper to secure the economic and efficient administration of this article, not inconsistent with other provisions hereof. It may delegate such powers as may be lawfully delegated to such persons and agencies as will expedite the prompt execution of the duties of the Board in ministerial matters; may appoint auditors, accountants, supervisors, and deputies, and other agents to aid it in its supervisory powers and to secure the proper care of the funds and administration of the law; and may employ clerical and other assistance. Except as herein otherwise provided, the salaries and compensation paid to the personnel shall be fixed by the Budget Commission, and the number of salaried persons and employees shall be subject to the approval of the Budget Commission. The organization shall likewise be such as to meet the approval of the federal Social Security Authority in charge of the old age assistance.

The Board is further authorized to pay ordinary expenses incident to administration, and to fix and pay per diem compensation to members of boards to whom new duties have been given and of whom additional service is required under this article. Such compensation shall be subject to the approval of the Director of the Budget. (1937, c. 288, s. 63.)

§ 108-74.1. Rules and regulations of Board subject to approval of Director of Budget and Advisory Budget Commission. — All rules and regulations made by the State Board of Public Welfare to determine eligibility for grants from appropriations made in the Biennial Appropriations Act for Old Age Assistance, Aid to Dependent Children, and Aid to the Permanently and Totally Disabled, or to determine the amount of any such grant, shall be subject to the approval of the Director of the Budget and the Advisory Budget Commission. (1959, c. 1254.)

§ 108-75. County funds; how provided.—Wherever in this article provisions are made requiring the several counties to annually levy or annually levy and collect taxes to provide for such amounts as such counties are required to pay for old age assistance, or for aid to dependent children, or for the cost of administration, such provisions shall be construed to mean that such counties may provide the sums to be raised by them from any sources of county income or revenue (including borrowing in anticipation of collection of taxes) which may be available for use for such purposes by such counties. (1937, c. 288, s. 63½.)
§ 108-75.1. Combined tax levy.—In lieu of levying separate special taxes for old age assistance, aid to dependent children, aid to the permanently and totally disabled, aid to the blind and welfare administration, the board of county commissioners of any county may combine any or all of these special taxes into a consolidated public assistance tax, which when combined with other available funds as provided in G.S. 108-75 shall be sufficient to meet the appropriations for these various programs and purposes: Provided that the appropriations and expenditures for each of these various programs and purposes shall be separately stated and accounted for. (1963, c. 866.)

§ 108-76. Termination of federal aid.—If for any reason there should be a termination of federal aid as anticipated in this article, then and in that event this article shall be ipso facto repealed and rendered null and void: Provided, however, such repeal shall not become or be in force unless and until the Governor of the State of North Carolina has issued a proclamation, duly attested by the Secretary of State of the State of North Carolina, to the effect that there has been a termination of such federal aid. In the event that this article should be ipso facto repealed as herein provided, the State funds on hand shall be converted into the general fund of the State for such use as may be authorized by the Director of the Budget, and the county funds accumulated by the provisions of this article in the respective counties of the State shall be converted into the general fund of such counties for such use as may be authorized by the county commissioners. (1937, c. 288, s. 63/4-A.)

§ 108-76.1. Diversion of aid or violation of article a misdemeanor.—If any person wilfully violates any provision of this article or diverts any assistance granted under the provisions of this article to any use other than that for which the assistance was granted, such person shall be guilty of a misdemeanor and upon conviction thereof shall be fined or imprisoned or both in the discretion of the court. (1959, c. 1210, s. 2.)

Cross Reference. — See § 108-76.2 and note thereto.

Editor's Note.—Section 5 of the act inserting this section provides that it shall not apply to the counties of Gaston and Mecklenburg.

§ 108-76.2. Further action prohibited upon termination of federal aid.—In the event that the Secretary of Health, Education, and Welfare notifies the State Board of Public Welfare that further payments of federal funds to the State of North Carolina for aid to dependent children, or for any other public assistance program, will not be made because any procedure provided by this act is prohibited by the Social Security Act, as amended, or by other applicable federal statutes, or by proper and authorized regulations having the force and effect of law, then and in that event no person or agency shall take any further action pursuant to such procedure. (1959, c. 1210, s. 41/2.)

Editor's Note.—Section 5 of the act inserting this section provides that it shall not apply to the counties of Gaston and Mecklenburg.

§ 108-76.3. Personal representatives for recipients of assistance; appointment authorized; procedure; removal; costs; appeals.—If any otherwise qualified applicant for or recipient of old age assistance, aid to the permanently and totally disabled, or general assistance, or payee in the case of aid to dependent children, is or shall become unable to manage the assistance payments, or otherwise fails so to manage, to the extent that deprivation or hazard to himself or others results, or, in the case of aid to dependent children, the payment is not being used for the children, a petition may be filed by the director of public welfare before the appropriate court under § 108-76.4, in the form of a verified written application for the appointment of a personal representative for the purpose of receiving and managing public assistance payments for
§ 108-76.4  Ch. 108. BOARD OF PUBLIC WELFARE § 108-76.6

any such recipient or payee, which application shall allege one or more of the above grounds for the legal appointment of such personal representative.

The court shall summarily order a hearing on the petition and shall cause the applicant or recipient to be notified at least five days in advance of the time and place for the hearing. Findings of fact shall be made by the court without a jury, and if the court shall find that the applicant for or recipient of old age or general assistance or aid to the permanently and totally disabled or the payee, in the case of aid to dependent children, is unable to manage the assistance payments, or otherwise fails so to manage, to the extent that deprivation or hazard to himself or others results, or, in the case of aid to dependent children, the payment is not being used for the children, the court may thereupon enter an order embracing said findings and appointing some responsible person as personal representative of the applicant or recipient, or of the payee in the case of aid to dependent children, for the purposes set forth herein. The personal representative so appointed shall serve with or without bond, in the discretion of the court, and without compensation. He will be responsible for receiving the monthly assistance payment and using the proceeds of such payment for the benefit of the recipient of old age or general assistance or aid to the permanently and totally disabled, or in the case of aid to dependent children, for the application of the payment to the best interest of the children. Such personal representative shall be responsible to the court for the faithful discharge of the duties of his trust. The court may consider the recommendation of the director of public welfare in the selection of a suitable person for appointment as personal representative for the limited purposes of §§ 108-76.3 to 108-76.5. The personal representative so appointed may be removed by the court, and the proceeding dismissed, or another suitable personal representative appointed. All costs of court with respect to any such proceedings shall be waived.

From the order of the court appointing or removing such personal representative, an appeal may be had to the judge of superior court who shall hear the matter de novo without a jury. (1959, c. 1239, s. 1; 1961, c. 186.)

§ 108-76.4. Courts for purposes of §§ 108-76.3 to 108-76.5; records.—For the purposes of §§ 108-76.3 to 108-76.5 the court may be either a domestic relations court established pursuant to article 13, chapter 7, General Statutes, or the clerk of the superior court in the county having responsibility for the administration of the particular public assistance payments. The court may, for the purposes of §§ 108-76.3 to 108-76.5, direct the superintendent of public welfare to maintain records pertaining to all aspects of any personal representative proceeding, which the court may adopt as the court’s record and in lieu of the maintenance of separate records by the court. (1959, c. 1239, s. 2.)

Editor’s Note.—Session Laws 1961, c. 186, changed the title of the county director of public welfare to county director of public welfare.

§ 108-76.5. Findings under § 108-76.3 not competent as evidence in other proceedings.—The findings of fact under the provisions of § 108-76.3 herein shall not be competent as evidence in any case or proceeding dealing with any subject matter other than provided in §§ 108-76.3 to 108-76.5. (1959, c. 1239, s. 3.)

§ 108-76.6. Protective payments in certain aid to dependent children cases.—In addition to the use of personal representatives as authorized in G.S. 108-76.3 through G.S. 108-76.5, the State Board of Public Welfare is to adopt rules and regulations providing for the use of protective payments to the extent authorized by Title IV of the federal Social Security Act, when it is determined that the payee in an aid to dependent children case fails to use the assistance funds for the purpose for which they were intended. (1963, c. 380.)
§ 108-77. State Boarding Home Fund created. — The General Assembly of North Carolina shall make appropriations to the State Board of Public Welfare for the purpose of providing aid for needy, dependent, and delinquent children and paying their necessary subsistence in boarding homes. The State Board of Public Welfare, from said appropriations, shall maintain a fund to be known and designated as the State Boarding Home Fund, from which said Fund there shall be paid, in accordance with the rules and regulations adopted by the State Board of Public Welfare, the amount necessary to provide homes for the needy, dependent, and delinquent children coming within the eligibility provisions of this article. (1937, c. 135, s. 1; 1955, c. 1044, s. 1; 1957, c. 100, s. 1.)

§ 108-78. No benefits to children otherwise provided for.—No needy or dependent child shall be eligible for the benefits provided in this article if such child is eligible for benefits provided by part 2 of article 3 entitled “Aid to Dependent Children.” (1937, c. 135, s. 2.)

§ 108-79. Administration of Fund by State Board of Public Welfare.—From the Fund so provided, the State Board of Public Welfare may provide for payment of the necessary costs of keeping in suitable boarding homes, needy, dependent, and delinquent children, including the children committed to the State Board of Public Welfare under the provisions of § 110-29, provided such children so committed to such State Board of Public Welfare are ineligible for assistance under the “Aid to Dependent Children Act” hereinbefore referred to. § 108-84. Sec. 109-1. Irregularities not to invalidate. — When any instrument is taken by or received under the sanction of the board of county commissioners, or by any person or persons acting under or in virtue of any public authority, purporting to be a bond executed to the State for the performance of any duty belonging to any office or appointment, such instrument, notwithstanding any irregularity or invalidity in the conferring of the office or making of the appointment,
§ 109-1  or any variance in the penalty or condition of the instrument from the provision prescribed by law, shall be valid and may be put in suit in the name of the State for the benefit of the person injured by a breach of the condition thereof, in the same manner as if the office had been duly conferred or the appointment duly made, and as if the penalty and condition of the instrument had conformed to the provisions of law: Provided, that no action shall be sustained thereon because of a breach of any condition thereof or any part of the condition thereof which is contrary to law. (1842 Rev. C., c. 78, s. 9; 1869-70, c. 169, s. 16; Code, s. 1891; Rev., s. 279; C. S., s. 324.)

In General.—This section does not have the effect of introducing into an official bond provisions which are not, but ought to have been inserted in the conditions, so as to extend the liabilities of the obligors; but the purpose is to cure certain defects and irregularities in conferring the office and accepting the instrument, and to maintain its validity as an official undertaking, as far as it goes, notwithstanding the penalty or condition may vary from those prescribed by law. State ex rel. Jordan v. Pool, 27 N.C. 105 (1844); State ex rel. Merrill v. McMinn, 29 N.C. 345 (1847); State ex rel. Murray v. Jones, 29 N.C. 359 (1847); Commissioners of Wake County v. Magnin, 86 N.C. 286 (1882). See also Midgett v. Nelson, 214 N.C. 396, 199 S.E. 393 (1938).

For article concerning contracts and referring generally to this section, see 13 N.C.L. Rev. 65.

Official bonds should be liberally construed and any variance in the condition of such an instrument from the provisions prescribed by the law will usually be treated as an irregularity, in view of this section, but this principle does not abrogate the freedom of contract. City of Washington v. Trust Co., 205 N.C. 382, 171 S.E. 438 (1933).

Nor does this rule preclude the parties from contracting in the bond for liability for a shorter period than the official term of office of the principal. City of Washington v. Trust Co., 205 N.C. 382, 171 S.E. 438 (1933).

Validity as Common-Law or Voluntary Bonds. — A statutory bond, not duly executed, or not conditioned as required by statute, may be sustained as a common-law or voluntary bond. Chambers v. Wither- spoon, 10 N.C. 42 (1824); Justices of Cumberland v. Armstrong, 14 N.C. 284 (1831); Justices of Curritack v. Dozier, 14 N.C. 287 (1831); Williams v. Ehringhaus, 14 N.C. 297 (1831); Vanhook v. Barnett, 15 N.C. 268 (1833); Davis v. Somerville, 15 N.C. 382 (1834); State ex rel. Davis v. McAlpin, 26 N.C. 140 (1843); Reid v. Humphreys, 52 N.C. 258 (1859).

County A.B.C. Board as Obligee.—The naming of county A.B.C. board as obligee in bond, rather than State, works no limitation of its character as official bond and affords no escape from its obligations as such. Jordan v. Harris, 225 N.C. 763, 36 S.E.2d 270 (1945).

Name of Constable Omitted. — Where a constable's official bond was signed by the obligors but a blank was left for the name of the constable, the omission was not cured by this section. Grier v. Hill, 51 N.C. 572 (1859).

Failure to Register Constable's Bond.—An irregularity, such as want of registration, will not, under this section, invalidate a constable's bond. Warren v. Boyd, 120 N.C. 56, 26 S.E. 700 (1897).

Failure to Name Conditions in Sheriff's Bond. — Failure to name conditions required by § 162-8, relating to sheriff's bonds, will not, under this section, invalidate the bond given. State ex rel. Bd. of Comm'r's v. Sutton, 120 N.C. 298, 26 S.E. 920 (1897).

Mistake in Name of Ward in Guardian's Bond.—Where, in the order of a county court appointing a guardian, the name Margaret is by mistake inserted as that of the ward instead of Miranda, a bond taken according to the proper requisitions, with the right name recited, will, under the operation of this section, be sustained as an official bond. Shuster v. Perkins, 46 N.C. 325 (1854).

Who May Sue. — The chairman of a board of fence commissioners, although
§ 109-2. Penalty for officer acting without bond.—Every person or officer of whom an official bond is required, who presumes to discharge any duty of his office before executing such bond in the manner prescribed by law, is liable to a forfeiture of five hundred dollars to the use of the State for each attempt so to exercise his office. (R. C., c. 78, s. 8; Code, s. 1882; Rev., s. 278; C. S., s. 325.)

§ 109-3. Condition and terms of official bonds.—Every clerk, treasurer, sheriff, coroner, register of deeds, surveyor, and every other officer of the several counties who is required by law to give a bond for the faithful performance of the duties of his office, shall give a bond for the term of the office to which such officer is chosen. (1869-70, c. 169; 1876-7, c. 275, s. 5; Code, s. 1874; 1895, c. 207, s. 4; 1899, c. 54, s. 54; Rev., s. 308; C. S., s. 326.)

§ 109-4. When county may pay premiums on bonds. — In all cases where the officers or any of them named in § 109-3 are required to give a bond, the county commissioners of the county in which said officer or officers are elected are authorized and empowered to pay the premiums on the bonds of any and all such officer or officers. The board of commissioners of any county are authorized and empowered to require individual or blanket bonds for any or all assistants, deputies or other persons regularly employed in the offices of any such county officer or officers, such bond or bonds to be conditioned upon faithful performance of duty, and, in the event of such requirement, to pay the premiums on such individual or blanket bonds. (1937, c. 440; 1953, c. 799.)

Local Modification.—Currituck: 1943, c. 269.

§ 109-5. Annual examination of bonds; security strengthened.—The bonds of the officers named in § 109-3 shall be carefully examined on the first Monday in December of every year, and if it appears that the security has been impaired, or for any cause become insufficient to cover the amount of money or property or to secure the faithful performance of the duties of the office, then the bond shall be renewed or strengthened, the insufficient security increased within the limits prescribed by law, and the impaired security shall be made good; but no renewal, or strengthening, or additional security shall increase the penalty of said bond beyond the limits prescribed for the term of office. (1869-70, c. 169; 1876-7, c. 275, s. 5; Code, s. 1874; 1895, c. 207, s. 4; 1899, c. 54, s. 54; Rev., s. 308; C. S., s. 327.)

§ 109-6. Effect of failure to renew bond. — Upon the failure of any such officer to make such renewal of his bond, it is the duty of the board of commissioners, by an order to be entered of record, to declare his office vacant, and to proceed forthwith to appoint a successor, if the power of filling the vacancy in...
§ 109-7. Justification of sureties.—Every surety on an official bond required by law to be taken or renewed and approved by the board of commissioners shall take and subscribe an oath before the chairman of the board or some person authorized by law to administer an oath, that he is worth a certain sum (which shall be not less than one thousand dollars) over and above all his debts and liabilities and his homestead and personal property exemptions, and the sum thus sworn to shall in no case be less in the aggregate than the penalty of the bond. But nothing herein shall be construed to abridge the power of the said board of commissioners to require the personal presence of any such surety before the board when the bond is offered, or at such subsequent time as the board may fix, for examination as to his financial condition or other qualifications as surety. (1869-70, c. 169, s. 3; Code, s. 1876; 1889, c. 7; 1891, c. 385; 1901, c. 32; Rev., s. 310; C. S., s. 329.)

Purpose — Contribution. — The intention of this section was to provide a statement under oath to show the solvency of the sureties and afford information to the county commissioners under like sanction that the aggregate amount of the bond equaled the penalty required, and does not affect the doctrine of contribution as it relates to the rights of the sureties to contribution between themselves. Board of Comm’rs v. Dorsett, 151 N.C. 307, 66 S.E. 132 (1909).

§ 109-8. Compelling justification before judge; effect of failure.—When oath is made before any judge of the superior court by five respectable citizens of any county within his district that after diligent inquiry made they verily believe that the bond of any officer of such county, which has been accepted by the board of commissioners, is insufficient either in the amount of the penalty or in the ability of the sureties, it is the duty of such judge to cause a notice to be served upon such officer requiring him to appear at some stated time and place and justify his bond by evidence other than that of himself or his sureties. If this evidence so produced fails to satisfy the judge that the bond is sufficient, both in amount and in the ability of the sureties, he shall give time to the officer not exceeding twenty days, to give another bond, fixing the amount of the new bond, when there is a deficiency in that particular. And upon failure of the said officer to give a good bond to the satisfaction of the judge within the twenty days, the judge shall declare the office vacant, and if the appointment be with himself, he shall immediately proceed to fill the vacancy; and if not, he shall notify the persons having the appointing power that they may proceed as aforesaid. (1874-5, c. 120; Code, s. 1885; Rev., s. 316; C. S., s. 330.)

§ 109-9. Successor bonded; official bonds considered liabilities.—The person so appointed shall give bond before the judge, and the bond so given shall in all respects be subject to the requirements of the law in relation to official bonds; and all official bonds shall be considered debts and liabilities within the meaning of § 109-7. (1874-5, c. 120, s. 2; Code, s. 1886; Rev., s. 317; C. S., s. 331.)

§ 109-10. Judge to file statement of proceedings with commissioners.—When a vacancy is declared by the judge, he shall file a written statement of all his proceedings with the clerk of the board of commissioners, to be recorded by him. (1874-5, c. 120, s. 3; Code, s. 1887; Rev., s. 318; C. S., s. 332.)

§ 109-11. Approval, acknowledgment and custody of bonds.—The approval of all official bonds taken or renewed by the board of commissioners
shall be recorded by their clerk. Every such bond shall be acknowledged by the parties thereto or proved by a subscribing witness, before the chairman of the board of commissioners, or before the clerk of the superior court, registered in the register's office in a separate book to be kept for the registration of official bonds, and the original bond, with the approval of the commissioners endorsed thereon and certified by their chairman, shall be deposited with the clerk of the superior court, except the bond of said clerk, which shall be deposited with the register of deeds, for safekeeping. Provided that an official bond executed as surety by a surety company authorized to do business in this State need not be acknowledged upon behalf of the surety when such bond is executed under seal in the name of the surety by an agent or attorney in fact by authority of a power of attorney duly recorded in the office of the register of deeds of such county and such bond may be recorded by the register of deeds without an order of probate entered by the clerk of the superior court. (1869-70, c. 169, s. 4; 1879, c. 207, s. 2; Code, s. 1877; Rev., s. 311; C. S., s. 333; 1957, c. 1011.)

§ 109-12. Clerk records vote approving bond; penalty for neglect. — It is the duty of the clerk of the board of commissioners to record in the proceedings of the board the names of those commissioners who are present at the time of the approval of any official bond, and who vote for such approval. Every clerk neglecting to make such record, besides other punishment, shall forfeit his office. Any commissioner may cause his written dissent to be entered on the records of the board. (1790, c. 327, P. R.; 1870, c. 777, P. R.; R. C., c. 78, s. 7; 1869-70, c. 169, s. 8; Code, s. 1881; Rev., s. 314; C. S., s. 336.)

Editor's Note. — This section serves to show the light in which individual responsibility is regarded by the legislature. See Rawls v. Deans, 11 N.C. 299 (1826).

§ 109-13. When commissioner liable as surety. — Every commissioner who approves an official bond, which he knows to be, or which by reasonable diligence he could have discovered to have been, insufficient in the penal sum, or in the security thereof, shall be liable as if he were a surety thereto, and may be sued accordingly by any person having a cause of action on said bond. (1869-70, c. 169, s. 6; Code, s. 1879; Rev., s. 313; C. S., s. 335.)

Supplements § 162-12. — This section supplements and somewhat extends the provision of § 162-12, relating to the liability of sureties on a sheriff's bond. Hudson v. McArthur, 152 N.C. 445, 67 S.E. 995 (1910).

Liable to All Persons Injured. — Construing this section and § 153-9 together, it is held that the county commissioners may be held individually liable by a person sustaining loss by reason of their failure to perform their ministerial duty of requiring bond of a clerk of the superior court. Moffitt v. Davis, 205 N.C. 565, 172 S.E. 317 (1934).

Cited in State ex rel. Cole v. Patterson, 97 N.C. 360, 2 S.E. 362 (1887), to show how stringently the obligation of seeing to the sufficiency of the bond is enforced.

§ 109-14. Record of board conclusive as to facts stated. — In all actions under § 109-13 a copy of the proceedings of the board of commissioners in the particular case, certified by their clerk under his hand and the seal of the county, is conclusive evidence of the facts in such record alleged and set forth. (1869-70, c. 169, s. 8; Code, s. 1881; Rev., s. 314; C. S., s. 336.)

§ 109-15. Person required to approve bond not to be surety. — No member of the board of commissioners, or any other person authorized to take official bonds, shall sign as surety on any official bond upon the sufficiency of which the board of which he is a member may have to pass. (1874-5, c. 120, s. 3; Code, s. 1887; Rev., s. 315; C. S., s. 337.)
§ 109-16. State officers may be bonded in surety company.—All persons who are required to give bond to the State of North Carolina to be received by the Governor or by any department of the State government, in lieu of personal security, may give as security for said bond and for the performance of the duties named in the said bond any indemnity or guaranty company authorized to do business in the State of North Carolina, subject to such regulations as the Governor or department may prescribe, and with power in them to demand additional security at any time. Any person presenting any indemnity or guaranty company as surety shall accompany his bond with a statement of the Insurance Commissioner as to the condition of such company as required by law. (1901, c. 754; Rev., s. 272; C. S., s. 338.)

Bond Construed against Company. — A surety bond shall be construed most strongly against the company and most favorably to its general intent and essential purpose. Bank of Tarboro v. Fidelity & Deposit Co., 128 N.C. 366, 38 S.E. 908 (1901), discussing compliance with requirement of notice of default.

§ 109-17. When surety company sufficient surety on bonds and undertakings.—A bond or undertaking by the laws of North Carolina required or permitted to be given by a public official, fiduciary, or a party to an action or proceeding, conditioned for the doing or not doing of an act specified therein, shall be sufficient when it is executed or guaranteed by a corporation authorized in this State to act as guardian or trustee, or to guarantee the fidelity of persons holding places of public or private trust, or to guarantee the performance of contracts, other than insurance policies, or to give or guarantee bonds and undertakings in actions or proceedings.

The bond or undertaking of a corporation having such power shall be sufficient, although the law or regulation in accordance with which it is given requires two or more sureties, or requires the sureties to be residents or freeholders. But the clerk of the superior court may exercise his discretion as to accepting such a corporation’s surety on the bonds of fiduciaries or parties to actions or proceedings.

Same Liability as an Individual. — A surety corporation allowed by this section to give guardian bonds is held to the same liability on a bond given by it as an individual would be, and is responsible to the ward when the guardian’s failure to properly perform his duties causes loss to the ward’s estate. Roebuck v. National Sur. Co., 200 N.C. 196, 156 S.E. 531 (1931).

§ 109-18. Clerk to notify county commissioners of condition of company.—Each clerk of the superior court shall furnish the chairman of the board of county commissioners of his county with notice of each surety company licensed in this State, and of each surety company whose license has been revoked, in which any officer of the county has been bonded. (Rev., ss. 295, 4803; C. S., s. 340.)

§ 109-19. Release of company from liability.—A company executing such bond, obligation or undertaking, may be released from its liability or security on the same terms as are or may be by law prescribed for the release of individuals upon any such bonds, obligations or undertakings. (1899, c. 54, s. 48; Rev., s. 274; C. S., s. 341.)

Company May Be Released Only by Getting Off Bond.—Under this section a surety company can be released from its liability on a bond only by getting off the bond. Bank of Tarboro v. Fidelity & Deposit Co., 128 N.C. 366, 38 S.E. 908 (1901).

§ 109-20. Company not to plead ultra vires.—Any company which executes any bond, obligation or undertaking under the provisions of this article is estopped, in any proceeding to enforce the liability which it assumes to incur, to deny its corporate power to execute such instrument or assume such liability. (1899, c. 54, s. 49; 1901, c. 706, s. 1, subsec. 5; Rev., s. 275; C. S., s. 342.)

§ 109-21. Failure to pay judgment is forfeiture.—If a surety company against which a judgment is recovered fails to discharge the same within sixty days from the time such final judgment is rendered, it shall forfeit its right to do business in this State, and the Insurance Commissioner shall cancel its license. (1901, c. 706, s. 1, subsec. 5; Rev., s. 275; C. S., s. 343.)

§ 109-22. On presentation of proper bond officer to be inducted.—Upon presentation to the person authorized by law to take, accept and file official bonds, of any bond duly executed in the penal sum required by law by the officer chosen to any such office, as principal, and by any surety company, as security thereto, whose insurance or guaranty is accepted as security upon the bonds of United States bonded officials (such insurance company having complied with the insurance laws of the State of North Carolina), or by any other good and sufficient security thereto, such bond shall be received and accepted as sufficient, and the principal thereon shall be inducted into office. (1899, c. 54, s. 53; 1901, c. 706, s. 1, subsec. 5; Rev., s. 276; C. S., s. 344.)

Estoppel to Deny Validity of Bond.—Although the failure of the treasurer to sign a bond was an irregularity under this section, both the treasurer and the surety recognized their liability thereon by offering a second bond in substitution, and both were estopped to deny the validity of the first bond on the ground of such irregularity. State ex rel. Bd. of Comm'rs v. Inman, 203 N.C. 542, 166 S.E. 519 (1932).

§ 109-23. Expense of fiduciary bond charged to fund.—A receiver, assignee, trustee, committee, guardian, executor or administrator, or other fiduciary required by law to give a bond as such, may include as part of his lawful expenses such sums paid to such companies for such suretyship to the extent of bond premiums actually paid per annum on the account of such bonds as the clerk, judge or court may allow. (1901, c. 706, s. 1, subsec. 5; Rev., s. 277; C. S., s. 345; 1939, c. 382.)

Article 3.

Mortgage in Lieu of Bond.

§ 109-24. Mortgage in lieu of required bond.—An administrator, executor, guardian, collector or receiver, or an officer required to give an official bond, or the agent or surety of such person or officer, may execute a mortgage on real estate, of the value of the bond required to be given by him to the State of North Carolina, conditioned to the same effect as the bond should be, were the same given, with a power of sale, which power of sale may be executed by the clerk of the superior court, with whom said mortgage shall be deposited, upon a breach of any of the conditions of said mortgage, after advertisement for thirty days. (1874-5, c. 103, s. 2; Code, s. 118; Rev., s. 265; C. S., s. 346.)

Mortgage of Intestate's Property.—A mortgage by an administrator on property of his intestate to which the administrator is heir does not comply with an order to increase the bond as such a mortgage does not increase the penalty. Sells v. Faulk, 118 N.C. 573, 24 S.E. 430 (1896).

Failure to Record.—The mortgage or deed in trust permitted by this section, to be given in lieu of an official bond, is, as to proper registration, to be regarded as a mortgage, or deed in trust, and accordingly registered as the law requires, construing the statute strictly, as required; and its entry upon the records in the clerk's office as a bond, alone, without recording it in its proper place as a mortgage is insufficient to give notice to, or priority of lien, over a deed of a subsequent purchaser of the land. Hooper v. Tallassee Power Co., 180 N.C. 651, 105 S.E. 327 (1920).

323
§ 109-25. Mortgage in lieu of security for appearance, costs, or fine.—Any person required to give a bond or undertaking, or required to enter into a recognizance for his appearance at any court, in any criminal proceeding, or for the security of any costs or fine in any criminal action, may also execute a mortgage on real or personal property of the value of such bond or recognizance, payable to the State of North Carolina, conditioned as such bond or recognizance would be required, with power of sale, which power shall be executed by the clerk or justice of the peace in whose court said mortgage is executed, upon a breach of any of the conditions of said mortgage.

Where such mortgage upon real property is executed before a justice of the peace the power of sale shall be enforced by the clerk of the court of the county in which the criminal proceeding is had.

No such mortgage on real property executed for the security for costs or fine shall allow a longer time for payment of said costs or fine than six months from the execution thereof, and no mortgage on personal property a longer time than three months, except in cases of appeal, when the time allowed shall be counted from the date of the final decision in the cause.

All legitimate expenses of sale, which shall only be made after due advertisement according to law, shall be paid out of the proceeds of the sale of the mortgaged property, as shall also the following fees, to wit: For each sale of real property mortgaged under this section the clerk shall receive two dollars, and for each sale of personal property mortgaged under this section the clerk or justice of the peace who enforces the power of sale shall receive one dollar. (1874-5, c. 103, s. 3; Code, s. 120; 1891, c. 425, ss. 1, 2, 3; Rev., s. 266; C. S., s. 347.)

Applicability to Justice's Court. — This section, as it read in the Code of 1883, had no application in courts of justices of the peace. Comron v. Standland, 103 N.C. 207, 9 S.E. 317 (1889). Since the decision in this case, however, the section has been amended and the words "or justice of the peace" have been inserted near the end of the first paragraph. Ed. Note.

Foreclosure and Sale.—The clerk of the superior court may foreclose a mortgage on land given by plaintiff to secure costs of his action when the costs are awarded against him, or the clerk may report the matter to the court for a decree of sale by himself, the latter being the better practice to insure a safer title and prevent a needless sacrifice. Clark v. Fairly, 175 N.C. 342, 95 S.E. 550 (1918).

When the superior court, in term, acting through the presiding judge, has duly acquired jurisdiction to decree foreclosure, it is his duty to supervise the sale and see that the land brings a fair price; and when such sale has not been made accordingly, he may set aside the sale, and permit the plaintiff to pay the costs properly chargeable against him. Clark v. Fairly, 175 N.C. 342, 95 S.E. 550 (1918).

It is proper for the court to confirm the sale, and possibly it is necessary for him to do so. Clark v. Fairly, 175 N.C. 342, 95 S.E. 550 (1918).

A decree of confirmation of the sale of lands to pay the cost of an action under a mortgage given to secure them, under this section, may be set aside by the judge during the term of the superior court at which it was entered. Clark v. Fairly, 175 N.C. 342, 95 S.E. 550 (1918).

Cited in State ex rel. Solicitor v. Jenkins, 121 N.C. 637, 28 S.E. 413 (1897).

§ 109-26. Cancellation of mortgage in such proceedings.—Any mortgage given by any person in lieu of bond as administrator, executor, guardian, collector, receiver or as an officer required to give an official bond, or as agent or surety of such person or officer, or in lieu of bond or undertaking or recognizance for his appearance at any court in any criminal proceeding, or for the security of any cost or fine in a criminal action which has been registered, when such party as administrator, executor, guardian, collector, or receiver has filed his final account and when the time required by statute for the bond given by any administrator, executor, guardian, collector, or receiver to remain in force for the purpose of action thereon has expired, or when the officer required to give an official bond has fully complied with the conditions of such bond and the time within which suit is allowed by law to be brought thereon has expired, or when the person giving such mortgage in lieu of bond has made his appearance at the court to which he
was bound and did not depart the court without leave, or paid the cost or fine re-
quired, may be canceled or discharged by the clerk of the superior court of the
county where such action was pending or where the mortgage in lieu of bond is
recorded by entry of “satisfaction” upon the margin of the record where such
mortgage is recorded in the presence of the register of deeds, or his deputy, who
shall subscribe his name as a witness thereto, and such cancellation shall have the
effect to discharge and release all the right, title and interest of the State of North
Carolina in and to the property described in such mortgage. (1905, c. 106; Rev.,
s. 267; C. S., s. 348; 1921, c. 29, ss. 1, 2; 1925, c. 252, s. 1.)

§ 109-27. Validating statute. — All acts heretofore done by the several
superior court clerks, canceling or satisfying any mortgage, or other instruments,
herein mentioned and specified are hereby validated. (1925, c. 252, s. 2.)

§ 109-28. Clerk of court may give surety by mortgage deposited
with register.—In all cases where the clerk of the superior court may be re-
quired to give surety, he may deposit a mortgage with the register of deeds, pay-
able to the State, and conditioned, as the bond would have been required, with
power of sale. The power of sale shall be executed by the register of deeds,
upon a breach of any of the conditions of said mortgage; and the register of deeds
shall in all cases immediately register the same, at the expense of the said clerk.
(1874-5, c. 103, s. 6; Code, s. 122; Rev., s. 268; C. S., s. 349.)

§ 109-29. Mortgage in lieu of bond to prosecute or defend in civil
case.—It is lawful for any person desiring to commence any civil action or
special proceeding, or to defend the same, his agent or surety, to execute a mort-
gage on real estate of the value of the bond or undertaking required to be given,
at the beginning of said action, or at any stage thereof, to the party to whom the
bond or undertaking would be required to be made, conditioned to the same effect
as such bond or undertaking, with power of sale, which power of sale may be
executed upon a breach of any of the conditions of the said mortgage after ad-
dvertisement for thirty days. (1874-5, c. 103, s. 1; Code, s. 117; Rev., s. 269; C.
S., s. 350.)

Section Strictly Observed.—This section
is exceptional in its provisions, and must
be strictly observed. Eshon v. Board of
Comm’rs, 95 N.C. 75 (1886).

Undertaking on Appeal.—If it be granted
that this section applies to an undertaking
on appeal, the section was not complied
with where the appellant deposited with
the clerk, a bond due to himself and sec-
cured by a mortgage, as a substitute for
the undertaking. Eshon v. Board of
Comm’rs, 95 N.C. 75 (1886).

Section Does Not Require Mortgage.—
This section does not authorize the
court to require a party to execute a mortgage
of real estate in the case therein provided
for. It simply allows the party of whom
an undertaking may be required in such
cases to give such mortgage instead of it,
and the former must be for the same
amount as the latter. Wilson v. Fowler,
104 N.C. 471, 10 S.E. 566 (1889).

Not Applicable to Justice’s Court.—This
section has no application in courts of jus-
tices of the peace. Comron v. Standland,
103 N.C. 207, 99 S.E. 317 (1889).

Third Person Executing Mortgage for
Defendant. — Where a mortgage is given
by a third person for the defendant in an
action, as is permitted by this section, and
the mortgagor subsequently purchases a
part of the mortgaged property, it was
held, upon the plaintiff’s recovering from
the defendant, that the mortgagor has no
such interest as will allow him to interfere
with the plaintiff’s rights under his judg-
ment. Ryan v. Martin, 104 N.C. 176, 10
S.E. 169 (1889).

§ 109-30. Affidavit of value of property required.—In all cases where
a mortgage is executed, as hereinbefore permitted, it is the duty of the clerk of
the court in which it is executed, or of the justice, to require an affidavit of the
value of the property mortgaged to be made by at least one witness not interested
in the matter, action or proceeding in which the mortgage is given. (1874-5, c.
103, s. 4; Code, s. 121; Rev., s. 270; C. S., s. 351.)
§ 109-31. When additional security required.—If, from any cause, the property mortgaged in lieu of a bond becomes of less value than the amount of the bond in lieu of which the mortgage is given, and it so appears upon affidavit of any person having any interest in the matter as a security for which the mortgage was given, it is the duty of the mortgagor to give additional security by a deposit of money, or the execution of a mortgage on more property, or justify as required in cases where bond or undertaking is given. (1874-5, c. 103, s. 5; Code, s. 119; Rev., s. 271; C. S., s. 352.)

ARTICLE 4.

Deposit in Lieu of Bond.

§ 109-32. Deposit of cash or securities in lieu of bond; conditions and requirements.—In lieu of any written undertaking or bond required by law in any matter, before any court of the State, the party required to make such undertaking or bond may make a deposit in cash or securities of the State of North Carolina or of the United States of America, of the amount required by law or, in the case of fiduciaries, of the amount of the trust, in lieu of the said undertaking or bond and such deposit shall be subject to all of the same conditions and requirements as are provided for in written undertakings or bonds, in lieu of which such deposit is made. (1923, c. 58; C. S., s. 352(a); 1947, c. 936.)

Editor's Note. — For comment on this section, see 1 N.C.L. Rev. 283; 25 N.C.L. Rev. 384.

ARTICLE 5.

Actions on Bonds.

§ 109-33. Bonds in actions payable to court officer may be sued on in name of State.—Bonds and other obligations taken in the course of any proceeding at law, under the direction of the court, and payable to any clerk, commissioner, or officer of the court, for the benefit of the suitors in the cause, or others having an interest in such obligation, may be put in suit in the name of the State. (R. C., c. 13, s. 11; Code, s. 51; Rev., s. 280; C. S., s. 353.)

Quoted in Lackey v. Pearson, 101 N.C. 651, 8 S.E. 121 (1888).

§ 109-34. Liability and right of action on official bonds.—Every person injured by the neglect, misconduct, or misbehavior in office of any clerk of the superior court, register, entry taker, surveyor, sheriff, coroner, constable, county treasurer, or other officer, may institute a suit or suits against said officer or any of them and their sureties upon their respective bonds for the due performance of their duties in office in the name of the State, without any assignment thereof; and no such bond shall become void upon the first recovery, or if judgment is given for the defendant, but may be put in suit and prosecuted from time to time until the whole penalty is recovered; and every such officer and the sureties on his official bond shall be liable to the person injured for all acts done by said officer by virtue or under color of his office. (1793, c. 384, s. 1, P. R.; 1825, c. 9, P. R.; 1833, c. 17; R. C., c. 78, s. 1; 1869-70, c. 169, s. 10; Code, s. 1883; Rev., s. 281; C. S., s. 354.)

Cross Reference.—As to surety waiving his rights under §§ 109-33 through 109-35 by appearing and answering in a summary proceeding, see § 109-36 and the note thereto.

Leave of Court Unnecessary.—The section gives in express terms the right to bring one or more suits upon one or more of the bonds to "every injured person," not on leave from the court, but absolutely and unconditionally so soon as the breach occurs, except that it is to be instituted in the name of the State. Boothe v. Upchurch, 110 N.C. 62, 14 S.E. 642 (1892); Reid v. Holden, 242 N.C. 408, 88 S.E.2d 125 (1955).
Sections Construed Together. — This section and § 109-37 relate to the same subject matter, are part of one and the same statute, and must be construed together. State ex rel. Underwood v. Watson, 223 N.C. 437, 27 S.E.2d 144 (1943).

Remedies against Superior Court Clerks. — Our statutes provide two separate and distinct remedies against clerks of the superior court—one in behalf of the injured individual for a specific fund to which he is entitled or on account of a particular wrong committed against him by the officer, as provided in this section; and one in behalf of the new clerk against his predecessor in office to recover possession of records, books, papers and money in the hands of the outgoing clerk by virtue or under color of his office, as provided for in § 2-22. State ex rel. Underwood v. Watson, 223 N.C. 437, 27 S.E.2d 144 (1943).

This section is not repugnant to the provisions of § 2-22, which requires that each successive clerk shall receive from his predecessor all the records, moneys, and property of his office, but only gives an additional remedy for the benefit of individuals who have cause of complaint against an unfaithful clerk of the superior court. Peebles v. Boone, 116 N.C. 57, 21 S.E. 187 (1893).

The failure of a register of deeds to properly index the registry of a mortgage renders him liable on his official bond to one injured by such neglect. State ex rel. Daniel v. Grizzard, 117 N.C. 105, 23 S.E. 93 (1895).

Person Injured. — Where H. places a note for collection in a constable's hands, and the constable sues out a warrant, obtains a judgment and receives the amount (even though there is no execution) and fails to pay the same to H., H. as the person injured is entitled to have the suit brought to his use under this section. Holcomb v. Franklin, 11 N.C. 274 (1826).

The father of a girl under eighteen, to whom a marriage license has been issued without the father's consent, is the person injured within the meaning of this section. Joyner v. Roberts, 112 N.C. 111, 16 S.E. 917 (1893).

Under this section, claimants of a fund arising from a partition sale are the proper parties to sue on bond of the clerk for failure of the clerk to pay funds turned over to him by the commissioners in partition. Smith v. Patton, 131 N.C. 396, 42 S.E. 849 (1902).

An action can be maintained by the clerk of a superior court in his own name upon the official bond of the sheriff, for the recovery of costs accrued in such court and collected by the sheriff, and due and payable to said clerk and others. Jackson v. Maultsby, 78 N.C. 174 (1878).

By Virtue or under Color of Office. — The last clause of this section is very comprehensive in its terms, scope and purpose. It, on purpose, enlarges the compass of the conditions of official bonds and their purpose, and the legislature intended by it, it seems, to prevent an evil pointed out in two or three of the cases. There were no adequate reasons why the conditions of official bonds should not extend to and embrace all the official duties of the office, and there were serious ones of justice and policy why they should. All persons interested are bound to accept the official services of such officers, as occasion may require, and they should be made secure in their rights, and have adequate remedy for wrongs done by them. Besides all public officers should be held to a faithful discharge of their duties as such. It is singular that the clause last recited, notwithstanding a well known evil to be remedied, was not enacted until 1883. It first appears as part of the Code. Now official bonds and the conditions of them embrace and extend to all acts done by virtue or under color of office of the officer giving the bond. Thomas v. Connelly, 104 N.C. 342, 10 S.E. 520 (1889); Kivett v. Young, 106 N.C. 507, 10 S.E. 1019 (1890).

In State ex rel. Wimmer v. Leonard, 68 F.2d 228 (4th Cir. 1934) a sheriff's bond contained a condition limiting the faithful execution of the office to specific duties such as execution of process and in view of this, and the wording of this section, the bond was held to afford no basis for a recovery by a person whom the sheriff wounded while acting in his official capacity.

This section extends the liability on the sheriff's general official bond and imposes liability for wrongful arrest and the use of excessive force in making an arrest under color of office. Price v. Honeycutt, 216 N.C. 270, 4 S.E.2d 611 (1939).

The surety on a bond of a delinquent tax collector is not liable for an arrest made by the collector in order to force the payment of a delinquent tax, since such act of the tax collector is not done under color of his office and does not come within the condition of the bond that he should "well and truly perform all the duties of his said office." Henry v. Wall, 217 N.C. 365, 8 S.E.2d 223, 127 A.L.R. 854 (1940).

Same—Acts Which Should Have Been Performed. — It is true that the clause
seems in terms to provide only for acts done by the officer, and not for those which he should do but does not. But it would be putting a very narrow construction on the statute to say that he and his sureties are liable for what he did, but not for what he should have done and did not do, although the damage to the party was equally as great. State ex rel. Daniel v. Grizzard, 117 N.C. 105, 23 S.E. 93 (1895).

**Same—Illustrative Acts.**—Where a clerk appointed the commissioner to make a partition sale, without bond, and on approving his report received and receipted the proceeds as clerk, took out his costs and entered the amount due each heir at law on his docket, and disbursed a portion of said fund to the parties entitled, this would seem to be a receipt of the fund by the clerk "by virtue of his office." The Judges v. Deans, 9 N.C. 93 (1822); McNeill v. Morrison, 63 N.C. 508 (1869); Cox v. Blair, 76 N.C. 78 (1877). But if this were otherwise the clerk received it "as clerk," and so receipted for it. This was certainly a receipt of the money "under color of his office," and, indeed, this is admitted in the answer. The older decisions were made when these words were not in the statute. The clause embraces all cases where the officer received the money in his official capacity, but when he may not be authorized or required to receive the same. In such case the bond is responsible for the safe custody of the fund so paid in. Smith v. Patton, 131 N.C. 396, 48 S.E. 849 (1902), citing Broughton v. Haywood, 61 N.C. 350 (1867); Greenlee v. Sudderth, 65 N.C. 470 (1871); Brown v. Cole, 76 N.C. 391 (1877); Ex parte Cassidey, 93 N.C. 225 (1886); Thomas v. Connelly, 104 N.C. 342, 30 S.E. 520 (1889); Sharpe v. Connelly, 105 N.C. 87, 11 S.E. 177 (1890); Presson v. Boone, 108 N.C. 78, 12 S.E. 897 (1891).

Under this section the official bond of a constable is liable for the false imprisonment of a person by a constable, as such, without process or color thereof. Warren v. Boyd, 120 N.C. 56, 28 S.E. 700 (1897).

When the clerk of the superior court is appointed receiver of a minor's estate, he takes and holds the funds by virtue of his office of clerk, and his sureties upon his official bond as such officer are liable for any failure of duty on his part in that respect. Boothe v. Upchurch, 110 N.C. 62, 14 S.E. 642 (1892).

**Bonds Cumulative.**—Official bonds given by an officer during any one term of office are cumulative, and the new bond does not discharge the old case. Oats v. Bryan, 14 N.C. 451 (1832); Bell v. Jasper, 37 N.C. 597 (1846); Poole v. Cox, 31 N.C. 69, 49 Am. Dec. 410 (1848); Moore v. Boudinot, 64 N.C. 190 (1870); Pickens v. Miller, 83 N.C. 544 (1886); Fidelity & Deposit Co. v. Fleming, 132 N.C. 332, 43 S.E. 899 (1903).

Where the surety has renewed the bond of a clerk of the court upon his election to that office a second time, acknowledged its liability and received premiums thereon, its liability is cumulative for all defalcations thereunder, whether for the second term its principal was continuing to act de facto or de jure. Lee v. Martin, 186 N.C. 127, 118 S.E. 914 (1923).

The first bonds continue to be a security for the discharge of the duties during the whole term, and the new bonds become additional security for the discharge of such of the duties as have not been performed at the time they are given. Poole v. Cox, 31 N.C. 69, 49 Am. Dec. 410 (1848). See also Oats v. Bryan, 14 N.C. 451 (1832); Bell v. Jasper, 37 N.C. 597 (1843).

**Action on Bond and on Case.**—An action of debt on a sheriff's bond for money collected, and a nonsuit therein, is a sufficient demand to enable the plaintiff to sustain an action on the case for the same cause of action. Fagan v. Williamson, 53 N.C. 433 (1862).

**Negligent Conduct of Jailer Imputed to Sheriff.**—Under this section the sheriff and the surety on his official bond are liable for the wrongful death of a prisoner resulting from the negligence of the jailer in locking the prisoner, in the weakened condition, in a cell with a person whom the sheriff and the jailer knew to be violently insane, and who assaulted the prisoner during the night, infecting the fatal injury. Dunn v. Swanson, 217 N.C. 279, 7 S.E.2d 563 (1940). For note on this case, see 19 N.C.L. Rev. 101.

**Necessary Parties in Action against Deputy Sheriff.**—If the defendant were acting in the capacity of deputy sheriff at the time of the alleged assault and false arrest, he and the surety on his bond, and the sheriff and the surety on his bond, would be proper and necessary parties to the action based on the cause of action for the alleged assault and false arrest. State ex rel. Cain v. Corbett, 235 N.C. 33, 69 S.E.2d 20 (1952).

**Applied in Bank of Spruce Pine v. McKinney, 209 N.C. 668, 184 S.E. 506 (1936).**

**Cited in Jordan v. Harris, 225 N.C. 763, 36 S.E.2d 270 (1945); Midgett v. Nelson, 214 N.C. 396, 199 S.E. 393 (1938); Davis v. Moore, 215 N.C. 440, 2 S.E.2d 366 (1939).**
§ 109-35. Complaint must show party in interest; election to sue officer individually.—Any person who brings suit in manner aforesaid shall state in his complaint on whose relation and in whose behalf the suit is brought, and he shall be entitled to receive to his own use the money recovered; but nothing herein contained shall prevent such person from bringing at his election an action against the officer to recover special damages for his injury. (1793, c. 384, ss. 2, 3, P. R.; R. C., c. 78, s. 2; 1869-70, c. 169, s. 11; Code, s. 1884; Rev., s. 282; C. S., s. 355.)

The relator is the real party in interest in an action brought in the name of the State on an official bond, and he will be so considered in determining the identity of the parties under a plea of res judicata in a subsequent action. Reid v. Holden, 242 N.C. 408, 88 S.E.2d 125 (1955).

§ 109-36. Summary remedy on official bond.—When a sheriff, coroner, constable, clerk, county or town treasurer, or other officer, collects or receives any money by virtue or under color of his office, and on demand fails to pay the same to the person entitled to require the payment thereof, the person thereby aggrieved may move for judgment in the superior court against such officer and his sureties for any sum demanded; and the court shall try the same and render judgment at the term when the motion shall be made, but ten days' notice in writing of the motion must have been previously given. (1819, c. 1002, P. R.; R. C., c. 78, s. 5; 1869-70, c. 169, s. 14; 1876-7, c. 41, s. 2; Code, s. 1889; Rev., s. 283; C. S., s. 356.)

Remedy Cumulative.—It has never been understood that this cumulative and optional remedy obstructed the bringing of a regular action on the bond, when the injured party preferred to have recourse to it. Lackey v. Pearson, 101 N.C. 651, 8 S.E. 121 (1888).

Justice Has No Jurisdiction.—Since the repeal of § 13 of c. 80 of Battle's Revision it has been decided by repeated adjudications that a justice of the peace has no jurisdiction of an action on a constable's bond. Coggins v. Harrell, 86 N.C. 317 (1889).

To What Officers Applicable.—In Smith v. Moore, 79 N.C. 86 (1878), it was held that the power conferred by this section as it read in the Revised Code of 1856, was confined to the officers named therein, and that there was no way to hold a commissioner appointed to make a judicial sale liable for the proceeds thereof, except by an action instituted by the parties entitled to the money. Subsequently to this decision the words "or other public officer," have been inserted in the section; but applying the ejusdem generis rule it would seem that these words would not include a master in chancery and that the Smith case declares the law as it still stands. See, however, Ex parte Curtis, 82 N.C. 435 (1880), where the court states that a remedy against executrix and clerk and master should have been by summary motion under this section.

Actions by Persons Entitled to Money.—The section gives a summary remedy against public officers only to those entitled to the money, so that a new clerk cannot proceed under it against a former clerk, for not paying office money over to him as his successor. O'Leary v. Harrison, 51 N.C. 338 (1859).

There is no provision in the statute giving a preference to the party or parties who first seek such summary remedy. And, withal, before any claim, preferential or otherwise, can be established under this statute, notice must be given, the court must try the cause, and judgment must be obtained. Western Carolina Power Co. v. Yount, 208 N.C. 182, 179 S.E. 804 (1935).

It was never intended that the mere lodging of a motion under this section, established a preference, or right to establish a preference, over other creditors when such other creditors had been guilty of no laches in asserting their claims. Western Carolina Power Co. v. Yount, 208 N.C. 182, 179 S.E. 804 (1935).

Minor Interested in Fund Must Be Represented by Guardian Ad Litem.—Where a judgment for personal injuries in an action prosecuted by the father as next friend for his minor son is paid only in part, it is error for the court on the father's motion under this section to order the clerk to pay the father out of the recovery the entire amount expended by the father for necessary medical treatment of the minor, when the minor is not represented by a disinterested guardian ad litem, since the interests of the father and the minor in the fund are antagonistic.
§ 109-37

Ch. 109. Bonds—Actions on § 109-37

Proceedings May Be Consolidated with General Creditors’ Suit. — Plaintiff instituted summary proceedings under this section against the clerk of the superior court and the surety on his bond to recover for the clerk’s default in failing to return to plaintiff, as ordered by the superior court, moneys deposited with the clerk. Notice and complaint in the proceeding were served on defendants. Thereafter another creditor of the clerk instituted suit in her own behalf and in behalf of all persons similarly situated, and decree was entered appointing a permanent receiver for the clerk, authorizing the receiver to bring suit on the clerk’s bonds, and enjoining all creditors of the clerk from instituting any other suit or action against him or on his bonds. In the summary proceeding under this section, the surety of the clerk’s bond pleaded the decree affirming receiver in bar to plaintiff’s right to judgment, and the trial court dismissed the summary proceeding. Held, the summary proceeding should have been consolidated with the suit in the nature of a general creditor’s bill. Western Carolina Power Co. v. Yount, 205 N.C. 321, 171 S.E. 321 (1933).

Demand Not Necessary.—In a proceeding by the State, against a clerk of the superior court and the surety on his bond to recover sums embezzled by the clerk, the plaintiffs have the right to pursue the summary remedy under this section, upon their motion after due notice, and demand upon the clerk is not necessary. State v. Gant, 201 N.C. 211, 159 S.E. 427 (1931).

Waiver by Appearance.—Where a summary proceeding under this section has been instituted against a clerk of the superior court and the surety on his bonds to recover sums embezzled by the clerk, and the surety has entered a general appearance and filed answer, etc., the surety has waived its rights, if any it had, under §§ 109-33 through 109-35, to object that the plaintiffs could not maintain a summary proceeding under this section. State v. Gant, 201 N.C. 211, 159 S.E. 427 (1931).

Judgment. — Under this practice, judgment was entered for the amount of the bond, the execution to be satisfied on payment of the sum collected and costs. Fell v. Porter, 69 N.C. 140 (1873). From the language of the opinion in this case, it would seem that at the time of decision the operation of this section had been suspended.—Ed. Note.

Where A. obtained a judgment against B., clerk of the superior court, for a sum of money in his hands by virtue of his office, and B. died, and his administrator, upon demand, failed to pay the money, it was held that the court below erred in overruling a motion by the plaintiff for a judgment upon the official bond of the clerk under the provisions of this section. Cooper v. Williams, 75 N.C. 94 (1876).

Notice.—As this section read in Battle’s Revision the proceedings were “without other notice than is given by the delinquency of the officer.” See Prairie v. Jenkins, 75 N.C. 545 (1876).

§ 109-37. Officer unlawfully detaining money liable for damages.—When money received as aforesaid is unlawfully detained by any of said officers, and the same is sued for in any mode whatever, the plaintiff is entitled to recover, besides the sum detained, damages at the rate of twelve percent per annum from the time of detention until payment. (1819 50710028552, PAR. Re Grease s. 9; 1868-9, c. 169; Code, s. 1890; Rev., s. 284; C. S., s. 357.)

This section must be considered in connection with § 109-38. Pasquotank County v. Hood, 269 N.C. 352, 144 S.E. 5 (1936).

And § 109-34.—This section and § 109-34 relate to the same subject matter and are a part of one and the same statute. They must be construed together. State ex rel. Underwood v. Watson, 223 N.C. 437, 27 S.E.2d 144 (1943).

This Section and § 109-36 Are Not Applicable to Liquidation of Banks by Commissioner of Banks.—This section and § 109-36 are inapplicable to impose liability for damages in a case where the Commissioner of Banks took over the affairs of a bank which had been theretofore constituted the financial agent of the county and which had county funds on deposit and in its possession. Pasquotank County v. Hood, 269 N.C. 352, 144 S.E. 5 (1936).

The Commissioner of Banks holding a portion of the fund, subject to the orders of the court and for the purpose of liquidation, could not be said to constitute an “unlawful detention,” nor should he in his representative capacity be liable in damages as a penalty for so doing. The punishment would not fall upon a defaulting or delinquent public officer, as intended by the statute, but would penalize funds held in trust for all the creditors and stockholders whose stock assessments

330
have helped to contribute. Pasquotank County v. Hood, 209 N.C. 552, 184 S.E. 5 (1936).

Default of Officer Must Be Shown.—In an action to recover the twelve percent allowed under this section, it is necessary that the plaintiff show some adequate default. Hannah v. Hyatt, 170 N.C. 634, 87 S.E. 517 (1916).

Liability of Surety.—While, as against the principal on the bond of a clerk of the superior court, interest under the statute at the rate of twelve percent is collectible from the time of defalcation, the amount of the penalty on his bond determines the liability of the surety thereon. State ex rel. Lee v. Martin, 188 N.C. 119, 123 S.E. 631 (1924).

Effect of Waiver of Interest from Date of Defalcation. — Where, in an action against a clerk of the superior court and his surety to recover sums embezzled by the clerk, the State waives the interest from the date of the actual defalcations, § 109-38. Evidence against principal admissible against sureties.—In actions brought upon the official bonds of clerks of courts, sheriffs, coroners, constables, or other public officers, and also upon the bonds of executors, administrators, collectors or guardians, when it may be necessary for the plaintiff to prove any default of the principal obligors, any receipt or acknowledgment of such obligors, or any other matter or thing which by law would be admissible and competent for or toward proving the same, any evidence otherwise admissible and competent as presumptive evidence only against all or any of his sureties who may be defendants with or without him in said actions. (1844, c. 38; R. C., c. 44, s. 10; 1881, c. 8; Code, s. 1345; Rev., s. 285; C. S., s. 358.)

Judgments as Evidence—Generally.—In action against an officer and one of the sureties on his official bond, the record of a judgment against the officer, and others of his sureties, in a previous action against them for the same demand, and on the same bond, but in which action the surety in the present action was not a party, is competent evidence to fix the amount due by the officer. Morgan v. Smith, 95 N.C. 396 (1886).

The question how far a judgment or decree is conclusive against a surety of a defendant, or against one who is liable over to a defendant, and who was not a party to the action, is involved in the greatest confusion. Between the intimate relations which exist between such a person and the defendant in the suit, on the one side, and the fundamental principle that no one ought to be bound by proceedings to which he was a stranger, on the other, the court has found it difficult to steer. Dixie Fire Ins. Co. v. American Bonding Co., 162 N.C. 384, 78 S.E. 430 (1913).

The cases are numerous in which it has been decided that a judgment rendered against a guardian is not, unaided by the statute, admissible as evidence against the surety to his bond. McKellar v. Powell, 11 N.C. 34 (1825).

The same rulings have been made in regard to the sureties to an administration bond. Chairman of Mecklenburg v. Clark, 11 N.C. 43 (1823); Vanhook v. Barnett, 15 N.C. 268 (1833); The Governor v. Montford, 23 N.C. 155 (1840); The Governor v. Carter, 25 N.C. 338 (1843). So in reference to the liability of his surety to an amercement against the sheriff.

The act of 1844, (this section) however, changed the rule of law, and rendered competent against the sureties to official bonds, and those given by executors, administrators and guardians, whatever evidence would be competent against the principals, and this was declared to be conclusive, where the evidence was a judgment against him, in Brown v. Pike, 74 N.C. 531 (1876); and in Badger v. Daniel, 79 N.C. 386 (1878).

The act of 1881 amended the previous
enactment by making the evidence "presumptive only" against the sureties. Moore v. Alexander, 96 N.C. 34, 1 S.E. 536 (1887).

"It seems that our predecessors in office upon this Bench have intimated, and in one case held, that such judgments, unaided by the statute, are inadmissible in evidence against the surety. Moore v. Alexander, 96 N.C. 34, 1 S.E. 536 (1887). But an examination of the question has convinced us that the decided trend of modern authority is to the effect that such a judgment against the principal prima facie only establishes the sum or amount of the liability against the sureties, although not parties to the action, but the sureties may impeach the judgment for fraud, collusion, or mistake, as well as set up an independent defense." Dixie Fire Ins. Co. v. American Bonding Co., 162 N.C. 384, 78 S.E. 430 (1913).

While this section fixed the rule as to actions brought upon the official bonds of clerks of courts, sheriffs, coroners, constables, or other public officers, and also upon the bonds of executors, administrators, collectors, or guardians, the precedents were in hopeless discord as to bonds not covered by the statute, until Associate Justice Brown laid down the rule in Dixie Fire Ins. Co. v. American Bonding Co., 162 N.C. 384, 78 S.E. 430 (1913). "But an examination of the question has convinced us that the decided trend of modern authority is to the effect that such a judgment against the principal prima facie only establishes the sum or amount of the liability against the sureties, although not parties to the action, but the sureties may impeach the judgment for fraud, collusion, or mistake, as well as set up an independent defense." Charleston & W.C. Ry. v. Robert G. Lassiter & Co., 208 N.C. 209, 179 S.E. 789 (1935).

Same—Evidence of Assets as Well as Debts.—See Armistead v. Harramond, 11 N.C. 339 (1826); Brown v. Pike, 74 N.C. 531 (1876); Badger v. Daniel, 79 N.C. 386 (1878); Morgan v. Smith, 95 N.C. 396 (1886).

Same—Section Not Applicable to Tort Action. — The rule that the judgment against the principal in an official or fiduciary bond is presumptive evidence against the sureties under this section does not apply where the action is not on the bond, but in tort. Martin v. Buffalo, 128 N.C. 305, 38 S.E. 992 (1901).

Same—Judgment Based on Admissions of Principal's Administrator, Where Interests of Administrator and Surety Conflict.—A judgment upon the admissions in the answer of the administrator bank of a deceased county treasurer is not competent in an action by the county commissioners as evidence against the surety on the official bond of the deceased when the bank has been made a party defendant and the surety at once raises the issue as to whether a part of the defalcation was moneys defaulted from the bank when the deceased was acting as its assistant cashier, the interest of the bank and the surety being in conflict, and this section not applying in such cases. Commissioners of Chowan County v. Citizens Bank, 197 N.C. 410, 149 S.E. 380 (1929).

Annual account of guardian is competent evidence against him, and presumptive evidence against his sureties. Loftin v. Cobb, 126 N.C. 58, 35 S.E. 230 (1900).

Joinder of Administrator and Sureties.—Under this section the sureties on an administrator's bond are properly joined with the administrator, where it is shown that the administrator received a benefit from a falsified final account by reason of which the plaintiffs' judgment against the administrator remained unpaid. State ex rel. Salisbury Morris Plan Co. v. McCanless, 193 N.C. 200, 136 S.E. 371 (1927).

Cited in Pullen v. Heron Mining Co., 71 N.C. 563 (1874); Gurganus v. McLawhorn, 212 N.C. 397, 193 S.E. 844 (1937).

§ 109-39. Officer liable for negligence in collecting debt.—When a claim is placed in the hands of any sheriff, coroner or constable for collection, and he does not use due diligence in collecting the same, he shall be liable for the full amount of the claim notwithstanding the debtor may have been at all times and is then able to pay the amount thereof. (1844, c. 64; R. C., c. 78, s. 3; 1869-70, c. 169, s. 12; Code, s. 1888; Rev., s. 286; C. S., s. 359.)

Section Applicable to Claims, Not Executions. — This section applies only to claims placed in the hands of the sheriff or other officer for collection—such claims as are within the jurisdiction of a justice of the peace, and may be collected by judgment and process of execution granted by that magistrate. It does not apply to exe-
cutions issuing from the superior or other courts of record. The reason for the distinction is clearly and certainly pointed out in McLaurin v. Buchanan, 60 N.C. 91 (1863). The statute, in effect, now is just as it was when that decision was made. Brunhild v. Potter, 107 N.C. 415, 12 S.E. 55 (1890).

What Constitutes Negligence.—The degree of diligence required is that which a prudent man would ordinarily exercise in the management of his own affairs. A constable is not bound to such strict accountability as when process is delivered to him as an officer. Morgan v. Horne, 44 N.C. 25 (1852); Lipscomb v. Cheek, 61 N.C. 332 (1867). Therefore, what constitutes negligence must depend upon the facts in each particular case; five months' delay was held negligence in Nixon v. Bagby, 52 N.C. 4 (1859).

A constable is not bound to sue out a warrant on a claim put in his hands for collection, when the issuing of such process would be entirely fruitless. State ex rel. Hutchins v. Holcombe, 24 N.C. 211 (1842).

Nothing in this article shall be construed to apply to the employment of a minor engaged in domestic or farm work performed under the direction or authority of the minor's parent or guardian. (1937, c. 317, s. 1.)

As to employment in messenger or delivery service, see Pettit v. Atlantic Coast Line Ry., 186 N.C. 9, 118 S.E. 840 (1933).

§ 110-2. Hours of labor.—No minor under sixteen years of age shall be employed, permitted or allowed to work in, about or in connection with any gainful occupation more than six consecutive days in any one week, or more than forty hours in any one week, or more than eight hours in any one day, nor shall any minor under sixteen years of age be so employed, permitted or allowed to work before seven o'clock in the morning or after six o'clock in the evening of any day. No minor over sixteen years of age and under eighteen years of age shall be employed, permitted or allowed to work in or about or in connection with any gainful occupation for more than six consecutive days in any one week, or more than forty-eight hours in any one week, or more than nine hours in any one day, nor shall any minor between sixteen and eighteen years of age be so employed, permitted or allowed to work before six o'clock in the morning or after twelve o'clock midnight of any day, except boys between the ages of sixteen and eighteen may be permitted to work until one o'clock in the morning as messengers where the offices of the company for which they work do not close before that hour: Provided, that no girl between sixteen and eighteen years of
§ 110-3. Lunch period.—No minor under sixteen years of age shall be employed or permitted to work for more than five hours continuously without an interval of at least thirty minutes for a lunch period, and no period of less than thirty minutes shall be deemed to interrupt a continuous period of work. (1937, c. 317, s. 3.)

§ 110-4. Posting of hours. — Every employer shall post and keep conspicuously posted in the establishment wherein any minor under eighteen is employed, permitted, or allowed to work, a printed abstract of this article and a list of the occupations prohibited to such minors, to be furnished by the State Department of Labor. (1937, c. 317, s. 4.)

§ 110-5. Time records.—Every employer shall keep a time book and/or record, which shall state the name of each minor employed, and which shall indicate the number of hours worked by said minor on each day of the week, and the amount of wages paid during each pay period. Such time record shall be kept on file for at least one year after the entry of the record, and shall be open to the inspection of the State Department of Labor. (1937, c. 317, s. 5.)

§ 110-6. Hazardous occupations prohibited for minors under sixteen.—No minor under sixteen years of age shall be employed, permitted or allowed to work on or in connection with power-driven machinery. No minor under sixteen years of age shall be employed, permitted or allowed to work in or about or in connection with: Construction work of any kind, shipbuilding, mines or quarries, stone cutting or polishing, the manufacture, transportation or use of explosives or highly inflammable substances, ore-reduction works, smelters, hot rolling mills, furnaces, foundries, forging shops or any other place in which the heating, melting or heat treatment of metals is carried on; lumbering or logging operations, saw or planing mills, pulp or paper mills, or in operating or assisting in operating punch presses or stamping machines, if the clearance between the ram and the die or the stripper exceeds one-fourth inch; power-driven wood-working machinery, cutting machines having a guillotine action, openers, pickers, cards or lappers, power shears, machinery having a heavy rolling or crush-action, corrugating, crimping, or embossing machines, meat grinding machines, dough brakes or mixing machines in bakeries or cracker making machinery, grinding, abrasive, polishing or buffing machines: Provided, that ap-

prentices operating under conditions of bona fide apprenticeship may grind their own tools; machinery used in the cold rolling of heavy metal stock, metal plate bending machines, power-driven metal planing machines, circular saws, power-driven laundry or dry cleaning machinery, oiling, cleaning or wiping machinery or shafting or applying belts to pulleys; or in the operation or repair of elevators or other hoisting apparatus, or as drivers of trucks or other motor vehicles, or in the operation of any unguarded machinery. (1937, c. 317, s. 6.)

"In or about or in Connection with Quarry."—In Campbell Contracting Co. v. Maryland Cas. Co., 21 F.2d 909 (4th Cir. 1927), it is said: "We cannot agree with the contention that a boy operating a hoist that, by means of a cable, pulls cars loaded with stone out of a quarry 150 to 175 feet distant, and whose duty it was upon signal to have the whistle blown, warning of a blast, and whose further duty it was to warn passerby, was not working 'in or about or in connection with a quarry.'"

§ 110-7. Hazardous occupations prohibited for minors under eighteen.—No minor under the age of eighteen years shall be employed, permitted, or allowed to work at any processes where quartz or any other form of silicon dioxide or an asbestos silicate is present in powdered form, or at work involving exposure to lead or any of its compounds in any form, or at work involving exposure to benzol or any benzol compound which is volatile or which can penetrate the skin, or at work in spray painting, or in the handling of unsterilized hides or animal or human hair. Nor shall any minor under eighteen be employed or permitted to work in, about or in connection with any establishment where alcoholic liquors are distilled, rectified, compounded, brewed, manufactured, bottled, sold, or dispensed, or in a pool or billiard room: Provided, however, that this section shall not prohibit a minor under the age of eighteen years from working in any establishment where beer is sold and not consumed on the premises, and to which has been issued only an "off premises" license for the sale of beer. Nor shall any girl under the age of eighteen years be employed, permitted or allowed to work as a messenger in the distribution or delivery of goods or messages for any person, firm or corporation engaged in the business of transmitting or delivering goods or messages. Nor shall any minor under eighteen years of age be employed, permitted, or allowed to work in any place of employment, or at any occupation hazardous or injurious to the life, health, safety or welfare of such minor. It shall be the duty of the State Department of Labor and the said State Department of Labor shall have power, jurisdiction, and authority, after due notice and after hearings duly held, to issue general or special orders, which shall have the force of law, prohibiting the employment of such minors in any place of employment or at any occupation hazardous or injurious to the life, health, safety or welfare of such minors. (1937, c. 317, s. 7; 1943, c. 670.)

§ 110-8. Employment of minors in street trades; sales or distribution of newspapers, etc.—No boy under fourteen years of age and no girl under eighteen years of age shall distribute, sell, expose or offer for sale newspapers, magazines, periodicals, candies, drinks, peanuts, or other merchandise in any street or public place, or exercise the trade of bootblack in any street or public place. No boy under sixteen years of age shall be employed or permitted or allowed to work at any of the trades or occupations mentioned in this section after seven P.M. or before six A.M., or unless he has an employment certificate issued in accordance with § 110-9. The State Commissioner of Labor shall have authority to make, promulgate and enforce such rules and regulations as he may deem necessary for the enforcement of this section, not inconsistent with this article or existing law.

Nothing in this section shall be construed to prevent male persons over fourteen years of age from distributing newspapers, magazines and periodicals on fixed routes, seven days per week: Provided, that such persons shall not be employed nor allowed to work after eight o'clock P.M. and before five o'clock.
A.M., and that the hours of work and the hours in school do not exceed eight in any one day, except boys twelve years of age and over who have secured a certificate from the Department of Labor for the sale or distribution of newspapers, magazines or periodicals: Provided further, that such person shall not be permitted or allowed to work more than four hours per day nor more than twenty-four hours per week: Provided further, that nothing in this article shall be construed to prevent boys twelve years of age and over, upon securing a proper certificate from the Department of Labor, from being employed outside school hours in the sale or distribution of newspapers, magazines and periodicals (where not more than seventy-five customers are served in one day): Provided, that such boys shall not be employed between the hours of seven o'clock P.M. and six o'clock A.M., nor for more than ten hours in any one week. (1937, c. 317, s. 8.)

§ 110-9. Employment certificate required. — Before any minor under eighteen years of age shall be employed, permitted or allowed to work in, about or in connection with any gainful occupation, the person employing such minor shall procure and keep on file an employment certificate for such minor, issued as hereinafter prescribed. In case of a minor engaged in street trade where the relationship of employer and employee does not exist between such minor and the supplier of the merchandise which the minor sells, the parent or guardian of such minor shall be deemed the employer of such minor and shall procure and keep on file the employment certificate herein required. (1937, c. 317, s. 9.)

Newsboy Not Employee. — A newsboy engaged in selling papers is not an employee of the newspaper within the meaning of that term as used in the Workmen's Compensation Act, the newsboy not being without authority to solicit subscriptions and being free to select his own methods of effecting sales, although some degree of supervision was exercised by the newspaper. Creswell v. Charlotte News Publishing Co., 204 N.C. 380, 168 S.E. 408 (1933).

§ 110-10. Officers authorized to issue certificates.—The employment certificate required by this article shall be issued only by county or city directors of public welfare in such form and under such conditions as may be prescribed by the State Department of Labor. (1937, c. 317, s. 10; 1961, c. 186.)

§ 110-11. Refusal and revocation of employment certificate. — The person designated to issue employment certificates may refuse to grant such certificate, or may revoke such certificate after issuance if, in his judgment, the best interests of the minor would be served by such refusal or revocation. Employer, parent or guardian of the minor whose employment certificate has been refused or revoked may appeal to the Commissioner of Labor. (1937, c. 317, s. 11.)

§ 110-12. Method of issuing employment certificates. — The person designated to issue employment certificates shall issue such certificates only upon the application in person of the minor desiring employment, and after having approved and filed the following papers:

1. A promise of employment signed by the prospective employer or by someone duly authorized by him, setting forth the specific nature of the occupation in which he intends to employ such minor, and the number of hours per day and days per week which said minor shall be employed.

2. Evidence of age showing that minor is of the age required by this article, which evidence shall consist of one of the following proofs of age and shall be required in the order herein designated, as follows:
   a. A duly attested transcript of the birth certificate filed according to law with a registrar of vital statistics, or other officer charged with the duty of recording births; or
§ 110-13
Ch. 110. Child Welfare—Labor Regulations § 110-15

b. A baptismal certificate or transcript of the record of baptism, duly certified, and showing the date and place of birth; or
c. Other documentary record of age (other than a school record or an affidavit of age) such as a Bible record, passport transcript thereof, duly certified, or life insurance policy which shall appear to the satisfaction of the issuing officer to be good and sufficient evidence of age; or
d. In the case none of the aforesaid proofs of age shall be obtainable, and only in such case, the issuing officer may accept the signed statement of the physician authorized to make the physical examinations required by this section, stating that, after examination, it is his opinion that the minor has attained the age required by law for the occupation in which he expects to engage. Such statement shall be accompanied by an affidavit, signed by the minor’s parents or guardian, certifying to the name, date and place of birth of the minor and that the proofs of age specified in the preceding subdivisions of this section cannot be produced.

(3) A statement of physical fitness, signed by a public health, public school or other physician assigned to this duty by the issuing officer with the approval of the State Department of Labor, setting forth that such minor has been thoroughly examined by such physician and that he is either physically fit to be employed in any legal occupation, or that he is physically fit to be employed under certain limitations, specified in the statement. If the statement of physical fitness is limited, the employment certificate issued thereon shall state clearly the limitations upon its use, and shall be valid only when used under the limitations so stated. The minor shall not be charged a fee for such examination or statement of physical fitness. The method of making such examinations shall be prescribed by the State Department of Labor.

(4) A school record signed by the principal of the school which the minor has last attended or by someone duly authorized by him, giving the full name, date of birth, grade last completed, and residence of the minor.

The employment certificate shall be delivered to the prospective employer of the minor for whom the employment certificate is issued, and such certificate shall be valid only for the employer named therein and for the occupation designated in the promise of employment. (1937, c. 317, s. 12.)

Prior Law.—For decisions under former law, see Rollin v. R. J. Reynolds Tobacco Co., 141 N.C. 300, 53 S.E. 891 (1906); Wilm.

§ 110-13. Employment certificate as evidence.—Said employment certificate duly issued shall be conclusive evidence of the age of the minor for whom issued in any proceeding involving the employment of the minor under the child labor or workmen’s compensation law or any other labor law of the State, as to any act occurring subsequent to its issuance. (1937, c. 317, s. 13.)

§ 110-14. Regular and vacation employment certificates. — Employment certificates shall be of two kinds, regular certificates permitting employment during school hours, and vacation certificates, permitting employment during the school vacation and during the school term at such time as the public schools are not in session. (1937, c. 317, s. 14.)

§ 110-15. Duties of employers in regard to employment certificates. — Every employer receiving an employment certificate shall, during the period of the minor’s employment, keep such certificate on file at the place of employ-
§ 110-16. Certificates of age.—Upon request, it shall be the duty of the officer authorized to issue employment certificates to issue to any person between the ages of eighteen and twenty-one desiring to enter employment a certificate of age upon presentation of the same proof of age as is required for the issuance of employment certificates under this article, and such certificate duly issued shall be conclusive evidence of the age of the minor for whom issued in any proceeding involving the employment of the minor under the child labor or workmen’s compensation law or any other labor law of the State, as to any act occurring subsequent to its issuance. (1937, c. 317, s. 16.)

§ 110-17. State supervision of the issuance of employment certificates.—The State Department of Labor shall prescribe such rules and regulations for the issuance of employment certificates and age certificates as will promote uniformity and efficiency in the administration of this article. It also shall supply to local issuing officers all blank forms to be used in connection with the issuance of such certificates. Duplicates of each employment or age certificate shall be mailed by the issuing officer to the State Department of Labor within one week after issuance. The State Department of Labor may revoke any such certificate if in its judgment it was improperly issued or if the minor is illegally employed. If the certificate be revoked, the issuing officer and the employer shall be notified of such action in writing, and such minor shall not thereafter be employed or permitted to work until a new certificate has been legally obtained. (1937, c. 317, s. 17.)

§ 110-18. Rules and regulations. — The Commissioner of Labor of North Carolina shall have the power to make such rules and regulations for enforcing and carrying out the provisions of this article as may be deemed necessary by said Commissioner. (1937, c. 317, s. 18.)

§ 110-19. Inspection and prosecutions.—It shall be the duty of the State Department of Labor and of the inspectors and agents of said State Department of Labor to enforce the provisions of this article, to make complaints against persons violating its provisions, and to prosecute violations of the same. The said State Department of Labor, its inspectors and agents shall have authority to enter and inspect at any time any place or establishment covered by the article, and to have access to employment certificates kept on file by the employer and such other records as may aid in the enforcement of this article. School attendance officers are likewise empowered to visit and inspect places where minors may be employed.

Any person authorized to enforce this article may require an employer of a minor for whom an employment certificate is not on file to either furnish him within ten days the evidence required for an employment certificate showing that the minor is at least eighteen years of age, or to cease to employ or permit or allow such minor to work. (1937, c. 317, s. 19.)

§ 110-20. Penalties.—Whoever employs or permits or allows any minor to be employed or to work in violation of this article, or of any order or ruling issued under the provisions of this article, or obstructs the State Department of Labor, its officers or agents, or any other persons authorized to inspect places of employment under this article, and whoever having under his control or custody any minor, permits or allows him to be employed or to work in violation of this article, shall be guilty of a misdemeanor, and upon conviction shall be punished by a fine of not less than five dollars ($5.00) nor more than fifty dollars ($50.00), or imprisonment for not more than thirty days, or both such fine and imprison-
ment. Each day during which any violation of this article continues after notice from the State Department of Labor to the proprietor, manager, or other officer of the partnership, firm or corporation, shall constitute a separate and distinct offense, and the employment of any minor in violation of the article shall, with respect to each minor so employed, constitute a separate and distinct offense. The penalties specified in this article may be recovered by the State in an action for debt brought before any court of competent jurisdiction, or through criminal proceedings, as may be deemed proper. (1937, c. 317, s. 20.)

ARTICLE 2.

Juvenile Courts.

§ 110-21. Exclusive original jurisdiction over children.—The superior courts shall have exclusive original jurisdiction of any case of a child less than sixteen years of age residing in or being at the time within their respective districts:

1. Who is delinquent or who violates any municipal or State law or ordinance or who is truant, unruly, wayward, or misdirected, or who is disobedient to parents or beyond their control, or who is in danger of becoming so; or

2. Who is neglected, or who engages in any occupation, calling, or exhibition, or is found in any place where a child is forbidden by law to be and for permitting which an adult may be punished by law, or who is in such condition or surroundings or is under such improper or insufficient guardianship or control as to endanger the morals, health, or general welfare of such child; or

3. Who is dependent upon public support or who is destitute, homeless, or abandoned, or whose custody is subject to controversy.

When jurisdiction has been obtained in the case of any child, unless a court order shall be issued to the contrary, or unless the child be committed to an institution supported and controlled by the State, it shall continue for the purposes of this article during the minority of the child. The duty shall be constant upon the court to give each child subject to its jurisdiction such oversight and control in the premises as will conduce to the welfare of such child and to the best interest of the State. (1919, c. 97, s. 1; C. S., s. 5039.)

Constitutionality. — This article is held to be a constitutional and valid enactment. State v. Burnett, 179 N.C. 735, 102 S.E. 711 (1920); In re Coston, 187 N.C. 509, 122 S.E. 183 (1924).

The statute creating juvenile courts in the several counties of this State is valid. Winner v. Brice, 212 N.C. 294, 193 S.E. 400 (1937).

The question as to the extent to which a child's constitutional rights are impaired by a restraint upon its freedom has arisen many times with reference to statutes authorizing the commitment of dependent, incorrigible, or delinquent children to the custody of some institution, and the decisions appear to warrant the statement, as a general rule, that, where the investigation is into the status and needs of the child, and the institution to which he or she is committed is not of a penal character, such investigation is not one to which the constitutional guaranty of a right to trial by jury extends, nor does the restraint put upon the child amount to a deprivation of liberty within the meaning of the Declaration of Rights, nor is it a punishment for crime. State v. Frazier, 254 N.C. 226, 118 S.E.2d 556 (1961).

The objection that this article ignores or unlawfully withholds the right to a trial by jury cannot be sustained. State v. Burnett, 179 N.C. 735, 102 S.E. 711 (1920); State v. Frazier, 254 N.C. 226, 118 S.E.2d 556 (1961).
Purpose. — This section undertakes to give the control and environment that may lead to the reformation of delinquent children and enable them to become law-abiding and useful citizens, and a support and not a hinderance to the Commonwealth. State v. Burnett, 179 N.C. 735, 102 S.E. 711 (1920); State v. Frazier, 254 N.C. 226, 118 S.E.2d 556 (1961).

Juvenile courts were created and organized for the purpose of administering this law, and for the original hearing and determination of matters and causes within its scope, and as such were empowered to make such orders and decrees therein as the right and justice of the case may require, with right of appeal. In re Prevatt, 223 N.C. 833, 28 S.E.2d 564 (1944).

The sections of this article are interrelated and interdependent, and the intent thereof is so to be interpreted. State v. Ferguson, 191 N.C. 668, 132 S.E. 644 (1926).

Powers Conferred. — This article primarily confers upon juvenile courts the power to initiate and examine and pass upon cases coming under its provisions. These powers are both judicial and administrative, and when, having acquired jurisdiction, a juvenile court has investigated the case and determined and adjudged that the child comes within the provisions of the law and shall be controlled and dealt with as a ward of the State, this being in the exercise of the judicial powers in the premises, fixes the status of the child, and the condition continues until the child is of age, unless and until such adjudication is modified or reversed by a further judgment of the court itself or by the superior court judge hearing the cause on appeal as the article provides. In re Blalock, 233 N.C. 493, 64 S.E.2d 848, 25 A.L.R.2d 818 (1951).

This section does not deal with delinquent children as criminals. State v. Burnett, 179 N.C. 735, 102 S.E. 711 (1920); State v. Frazier, 254 N.C. 226, 118 S.E.2d 556 (1961).

Duty Imposed. — This section imposes upon the court the constant duty to give to each child subject to its jurisdiction such oversight and control in the premises as will conduce to the welfare of such child and to the best interest of the State. In re Morris, 224 N.C. 487, 31 S.E.2d 539 (1944); In re Blalock, 233 N.C. 493, 64 S.E.2d 848, 25 A.L.R.2d 181 (1951).

Allegations Showing Jurisdiction. — Allegations of a petition, admitted by demurrer, that the children in question were each under sixteen years of age, resided in the county and were subject to such conditions and improper guardianship and control as to endanger their morals, health, and welfare, and that petitioner was entitled to their custody as their guardian under a deed executed by their father, for the purpose of placing them in a private institution in accordance with the wishes of their father, are sufficient to show exclusive original jurisdiction of the children, for the purposes of the statute, in the juvenile court of the county. Winner v. Brice, 212 N.C. 294, 193 S.E. 400 (1937).

Criminal Jurisdiction. — The juvenile court, as a separate part of the superior court, is given by this section, among other things, the sole power to investigate charges of misdemeanors, and of felonies with punishment not exceeding a ten-year imprisonment, made against children between the ages of fourteen and sixteen years at the time of the offense committed, and excludes the jurisdiction of the justice of the peace to bind them over to the superior court in such instances. State v. Coble, 181 N.C. 554, 107 S.E. 132 (1926).

By this article, in case of children under the age of sixteen years charged with being delinquent by reason of the violation of the criminal laws of the State, it is provided and intended to be provided, in effect: (a) That children under fourteen years of age are no longer indictable as criminals, but must be dealt with as wards of the State, to be cared for, controlled and disciplined with a view to their reformation. (b) That in case of children between fourteen and sixteen years of age, and as to felonies, whenever the punishment cannot exceed ten years, they may, if the instance requires it, be bound over to the superior court to be prosecuted under the criminal law appertaining to the charge. (c) That in case of children from fourteen to sixteen years of age as to felonies, whenever the punishment is ten years and over they are amenable to prosecution for crime as in case of adults. State v. Burnett, 179 N.C. 735, 102 S.E. 711 (1920).

Assault with Deadly Weapon. — The juvenile court has exclusive jurisdiction

over investigation of a charge of an assault with a deadly weapon, inflicting a serious injury, made by a child within sixteen years of age, and where a justice of the peace has assumed jurisdiction and bound the defendant over to the superior court, the case will, on motion, be removed to the juvenile court, to be proceeded with as the statute directs, though at the latter date the offender's age may be more than sixteen years. State v. Coble, 181 N.C. 554, 107 S.E. 132 (1921).

Jurisdiction to determine the right of custody of an infant as between persons with whom an infant had been placed with a view to adoption and welfare officers seeking to place the infant with his family, is within the exclusive jurisdiction of the juvenile court. In re Thompson, 228 N.C. 74, 44 S.E.2d 475 (1947).

This section gives exclusive original jurisdiction to the superior court where the custody of a child less than sixteen years of age is in question and establishes the juvenile courts as separate, though not necessarily independent, part of the superior courts for the administration of the acts, and makes the clerks of the superior courts judges of the juvenile courts of the juvenile courts. In re Hamilton, 189 N.C. 44, 108 S.E. 385 (1921).

And Exceptions Thereto.—The juvenile court, under this section, has exclusive original jurisdiction of a child under sixteen years of age "whose custody is subject to controversy" in all cases except those in which the superior court is given jurisdiction by § 17-39 or 50-13. In re Custody of Simpson, 262 N.C. 206, 136 S.E.2d 647 (1964).

Under the 1949 amendment to § 50-13 either parent may institute a special proceeding to obtain custody of his or her child in cases not theretofore provided for by § 50-13 or 17-39, and this amendment authorizes a special proceeding (now civil action) by the mother of an illegitimate child to obtain its custody from her aunt, with whom she had entrusted the child, and thus restricts the jurisdiction of the juvenile court in such instances. In re Custody of Simpson, 262 N.C. 206, 136 S.E.2d 647 (1964).

Where the father of a minor child brings a writ of habeas corpus in the superior court for the custody of the child, the respondent being the maternal grandmother of the child in whose care the child was left by its mother, the superior court has original jurisdiction, and the respondent's motion to transfer the hearing from the superior court to the juvenile court is properly overruled. In re Ten Hoopen, 202 N.C. 223, 162 S.E. 619 (1932).

Voluntary Surrender of Custody to Juvenile Court.—Where the mother of minor children, for the purpose of having their custody given to their maternal grandmother, the father being dead, voluntarily came before the juvenile court and signed a paper turning over the custody of her children to such court, the court obtained jurisdiction during such time as the custody and control of the children was necessary, notwithstanding the absence of the statutory requirements in cases where the juvenile court proceeds directly, and the mother might not thereafter attack, on the ground of want of jurisdiction, a subsequent order of the juvenile court taking

§ 110-21.1. Jurisdiction of juvenile courts over violations of motor vehicle laws. — All jurisdiction heretofore vested in the superior courts by the provisions of G.S. 20-218.1 is hereby vested in the juvenile courts of the State of North Carolina. (1949, c. 163, s. 2.)

Editor’s Note.—Former § 20-218.1 referred to in the above section provided: “No juvenile court or domestic relations court of this State shall have jurisdiction over any offense involving violation of any of the motor vehicle laws or of any of the laws relating to the operation of motor vehicles on the highways of this State when such offense has been committed by a person over fifteen years of age. Any such offense shall be within the jurisdiction of the court or courts which would have jurisdiction if the offender were over sixteen years of age.”

§ 110-22. Juvenile courts created; part of superior court; joint county and city courts. — There shall be established in each county of the State a separate part of the superior court of the district for the hearing of cases coming within the provisions of this article. Such part of the superior court shall be called the juvenile court of ............... county.

The clerk of the superior court of each county in the State shall serve ex officio as judge of the juvenile court in the hearing of cases coming within the provisions of this article, in which cases the child or children concerned therein reside in or are at the time within such county: Provided, that with the consent in writing or upon the request in writing of the clerk of the superior court of any county in the State, the board of county commissioners of such county shall have the right in its discretion at any time to appoint some other competent and qualified individual to serve as judge of the juvenile court in lieu of the clerk of the superior court. The judge so appointed shall serve for a term to run concurrent with the term of the clerk of the superior court, or the remainder of such term, and the county shall pay said judge such sum as the county commissioners of said county shall deem just and proper. Proceedings in such cases may be initiated before such judge, and in hearing such cases such judge shall comply with all the requirements and conform to the procedure provided in this article: Provided, the board of commissioners of any county shall have the right in their discretion to cooperate with the governing body of such city in the election of a judge of a juvenile court provided for in § 110-44, which judge when so elected shall perform all the duties, and possess all the powers and jurisdiction conferred by this article upon the clerk of the superior court, as well as that conferred upon the judge of the juvenile court of such cities by this article; such judge to be so elected by the joint action of the governing bodies of such city and county shall hold office for the term of one year, and until his successor shall be duly elected, and the county availing itself of the provisions of this section shall pay said judge for services rendered the county (outside of city) such sum as the county commissioners of said county shall deem just and proper. (1919, c. 97, s. 2; C. S., s. 5040; Ex. Sess. 1920, c. 85; 1945, c. 186, s. 2; 1955, c. 1043, s. 1; 1957, c. 359.)

Editor’s Note.—Section 3½ of the 1955
§ 110-22.1 Validation of acts of superior court clerk serving as judge of county juvenile court.—All of the acts and judgments of the several clerks of the superior court of the State while serving as judge of the juvenile court of their counties since the 18th day of May, 1955, are hereby in all respects ratified, confirmed and validated. (1957, c. 1042.)

§ 110-23. Definitions of terms.—(a) The term “adult” shall mean any person sixteen years of age or over.
(b) The term “child” shall mean any minor less than sixteen years of age.
(c) The term “court” when used in this article without modification shall refer to the juvenile courts to be established as herein provided.
(d) The term “judge” when used in this article shall refer to the clerk of the superior court acting as judge of the juvenile court, or to the other appointed judge, or to the judge of the joint county and city juvenile court elected as provided in § 110-22. (1919, c. 97, s. 3; C. S., s. 5041; 1955, c. 1043, s. 2.)

Editor’s Note.—As to counties to which the 1955 amendatory act does not apply, see note to § 110-22.

§ 110-24. Sessions of court; records; general provisions. — Sessions of the court shall be held at such times and in such places within the county as the judge shall from time to time determine. In the hearing of any case coming within the provisions of this article the general public may be excluded and only such persons admitted thereto as have a direct interest in the case. Sessions of the court shall not be held in conjunction with any other business of the superior court, and children’s cases shall not be heard at the same time as those against adults.

The court shall maintain a full and complete record of all cases brought before it, to be known as the juvenile record. All records may be withheld from indiscriminate public inspection in the discretion of the judge of the court, but such record shall be open to inspection by the parents, guardians, or other authorized representatives of the child concerned. No adjudication under the provisions of this article shall operate as a disqualification of any child for any public office, and no child shall be denominated a criminal by reason of such adjudication, nor shall any such adjudication be denominated a conviction.

This article shall be construed liberally and as remedial in character. The powers hereby authorized are intended to be general and for the purpose of effecting the beneficial purposes herein set forth. It is the intention of this article that in all proceedings under its provisions the court shall proceed upon the theory that a child under its jurisdiction is the ward of the State and is subject to the discipline and entitled to the protection which the court should give such child under the circumstances disclosed in the case. (1919, c. 97, s. 4; C. S., s. 5042.)

§ 110-25. Petition to bring child before court. — Any person having knowledge or information that a child is within the provisions of this article and subject to the jurisdiction of the court, may file with the court a petition verified by affidavit, stating the alleged facts which bring such child within such provisions. The petition shall set forth the name and residence of the child and of the parents, or the name and residence of the person having the guardianship, custody, or supervision of such child, if the same be known or ascertained by the petitioner, or the petition shall state that they are unknown, if that be the fact. (1919, c.97, s.5; C. S., s. 5043.)

Where the record does not disclose that a petition to the juvenile court was originally filed by appellant, as provided in this section, he may not be heard to complain of irregularity in this respect, since

§ 110-25.1. Investigations and petitions involving certain neglected illegitimate children; hearings; disposition of children.—When it appears from the birth certificates filed with the Bureau of Vital Statistics that a child has been born to an unwed mother who had previously given birth to two or more children out of wedlock, said Bureau shall forward copies of such birth certificates to the local health director of the county of such mother's residence; and whenever it shall come to the attention of any local official that a child has been born to a woman by a father other than her husband, which woman had previously given birth to two or more children out of wedlock, such local official shall furnish such information to the local health director of the county of residence of such woman. The local health director to whom such information may come, shall thereupon, by registered or certified mail, notify such mother that she is, or may be, subject to the provisions of this section, and shall instruct her to report to the county director of public welfare in the county of her residence for consultation and advice within fifteen (15) days after receipt of such letter. A copy of such letter shall be mailed to the county director of public welfare in the county of such mother's residence. If the mother fails to report to the county director of public welfare within fifteen (15) days following receipt of the letter, then the county director shall thereupon begin the investigation hereinafter required.

In the course of the consultation and advice hereinafter provided for, the county director of public welfare shall make, or cause to be made through his own staff or through the staff of a private social agency, an investigation for the purpose of determining if such child, and any other children living with such mother, are living under such conditions, or are under such improper or insufficient guardianship or control, as to endanger the health or general welfare of any such child or children, within the meaning of subdivision (2) of G.S. 110-21. If, upon such investigation, the county welfare director is of the opinion that such living conditions or surroundings, or such improper or insufficient guardianship or control of such child or children, are such as to endanger the health or general welfare of any such child or children, then said director or some person under his supervision, or the personnel of the private social agency hereinafter referred to, shall consult and advise with the mother of such child or children for the purpose and to the end that such conditions and surroundings be improved, and proper and sufficient guardianship and control be established. If, after such consultation and advice with said mother, such director is of the opinion that the health or general welfare of any such child or children is and will continue to be in danger, then such director shall thereupon file with the court a verified petition stating the alleged facts which bring such child or children within the provisions of the section, which said petition shall also contain all other information required by the provisions of G.S. 110-25. Upon the filing of such petition, the issuance and service of summons and the making of any interlocutory
orders shall be made in accordance with the provisions of G.S. 110-26, 110-27, and 110-28.

After having given due notice, as provided by G.S. 110-26, the court shall conduct a hearing in accordance with the provisions of G.S. 110-29, and if, upon said hearing, the court is satisfied that the health or general welfare of any such child or children is in danger, and that such child or children are in need of more suitable guardianship, then the court may thereupon take such action as, in its discretion, it deems proper and suitable, and as provided in G.S. 110-29, subdivisions (2), (3), (4) or (5). (1963, c. 1259.)

Cross Reference.—As to when consent of mother of illegitimate child is not necessary to the adoption of such child, see § 48-6.1.

§ 110-26. Issuance of summons; traveling expenses allowed.—Upon
the filing of the petition or upon the taking of a child into custody, the court
may forthwith, or after an investigation by a probation officer or other person,
cause to be issued a summons signed by the judge or the clerk of the court di-
rected to the child, unless such child has been taken into custody, and to the
parent, or, in case there is no parent, to the person having the guardianship,
custody, or supervision of the child, or the person with whom the child may
be, requiring them to appear with the child at the place and time stated in the
summons to show cause why the child should not be dealt with according to
the provisions of this article.

The judge may in his discretion authorize the payment of necessary traveling
expenses incurred by any witness or person summoned or otherwise required
to appear at the hearing of any case coming within the provisions of this article.
Such expenses shall be a charge upon the county in which the petition is filed.
(1919, c. 97, s. 5; C. S., s. 5044; 1939, c. 50.)

§ 110-27. Custody of child may be immediate; release; bail.—If it ap-
pears from the petition that the child is embraced within subdivision (1) of §
110-21, or is in such condition or surroundings that the welfare of the child re-
quires that its custody be immediately assumed, the court may endorse or cause
to be endorsed upon the summons a direction that the officer serving the same
shall at once take such child into his custody.

In the case of any child who has been taken into custody or pending the final
disposition of any case, the child may be released in the custody of a parent or
other person having charge of the child or in the custody of a probation officer or
other person appointed by the court, to be brought before the court at the time
designated. Any child embraced in this article may be admitted to bail as pro-
vided by law. When not released as herein provided, such child, pending the
hearing of the case, shall be detained in such place of detention as hereinafter
provided for. (1919, c. 97, s. 7; C. S., s. 5045.)

§ 110-28. Service of summons.—Service of summons shall be made per-
sonally by reading to and leaving with the person summoned a true copy there-
of: Provided, that if the court is satisfied that reasonable but unsuccessful effort
has been made to serve the summons personally upon any of the parties named
therein, or if it shall appear to the satisfaction of the court that it is impracticable
to serve a summons personally upon any of them, the court may make an or-
der providing for service of the summons by registered mail or by publication or
otherwise in such manner as the judge shall determine. It shall be sufficient to
confer jurisdiction if service is effected at any time before the time fixed in the
summons for the return thereof; but the court, if requested by the child or a
parent, or, in case there is no parent, by the person having the guardianship,
custody or supervision of the child, shall not proceed with the hearing earlier
than three days after the service. Failure to serve a summons upon any per-
son other than said child shall not impair the jurisdiction of the court to proceed
in cases arising under subdivision (1) of § 110-21, provided that for good cause
shown the court shall have made an order dispensing with such service.
If the person summoned as herein provided shall fail without reasonable cause to appear and abide the order of the court or bring the child, he may be proceeded against as for contempt of court. In case the summons cannot be served or the party served fails to obey the same, and in any case when it shall be made to appear to the court that such summons will be ineffectual or that the welfare of the child requires that he shall be brought forthwith into the custody of the court, a warrant may be issued on the order of the court either against the parent or guardian or other person having custody of the child or with whom the child may be, or against the child himself.

The sheriff or other lawful officer of the county in which the action is taken shall serve all papers as directed by the court, but the papers may be served by any person delegated by the court for that purpose. (1919, c. 97, s. 8; C.S., s. 5046.)

When Summons to Parents Unnecessary.—Where the juvenile court has examined into the condition of a child and has adjudged that the child is of wandering or dissolute parents, and living with its poor and dependent grandparents, who had acquiesced in the investigation and its results, it it unnecessary to the valid adjudication fixing the child as a ward of the State and taking its custody accordingly, that the parents should have been notified to be present at the investigation, though such course is to be commended when the child is living with its parents or under their control, or they are living at the time within the jurisdiction of the court. In re Coston, 187 N.C. 509, 122 S.E. 183 (1924).

§ 110-29. Hearing; disposition of child.—Upon the return of the summons or other process or after any child has been taken into custody, at the time set for the hearing, the court shall proceed to hear and determine the case in a summary manner. The court may adjourn the hearing from time to time and inquire into the habits, surroundings, condition and tendencies of the child so as to enable the court to render such order or judgment as shall best conserve the welfare of the child and carry out the objects of this article. In all cases the nature of the proceedings shall be explained to the child and to the parents or the guardian or person having the custody or the supervision of the child. At any stage of the case the court may, in its discretion, appoint any suitable person to be the guardian ad litem of the child for the purposes of the proceeding.

The court, if satisfied that the child is in need of the care, protection or discipline of the State, may so adjudicate, and may find the child to be delinquent, neglected, or in need of more suitable guardianship. Thereupon the court may:

(1) Place the child on probation subject to the conditions provided hereinafter; or

(2) Commit the child to the custody of a relative or other fit person of good moral character, subject, in the discretion of the court, to the supervision of a probation officer and the further orders of the court; or

(3) Commit the child to the custody of the county department of public welfare of the county wherein said child has legal residence to be placed by said department in a suitable home as designated in subdivision (4) of this section. The county department of public welfare to which custody is awarded shall be responsible for the general oversight and supervision of the child and shall pay the cost of care for said child. The juvenile court taking jurisdiction shall have the authority to determine the legal residence of the child and to award custody of said child to the county welfare department of the county which has been determined by the court to be the legal residence of the child. Provided, however, that if it should appear to the judge of the juvenile court exercising jurisdiction over said child that the child might be a legal resident of some county other than the county in which said court is sitting, that the judge of said court shall not enter any final
order pertaining to the custody of said child until at least ten days' notice shall have been given to the county welfare department of any county which shall appear to be the county of legal residence of said child. The county welfare department thus given ten days' notice shall have an opportunity to appear and show cause, if any it has, why the legal residence of said child should not be found to be in its county; or

(4) Commit the child to a suitable institution maintained by the State or any subdivision thereof, or to any suitable private institution, society or association incorporated under the laws of the State and approved by the State Board of Public Welfare authorized to care for children, or to place them in suitable family homes; or

(5) Render such further judgment or make such further order of commitment as the court may be authorized by law to make in any given case.

(6) If a child of fourteen years of age be charged with a felony for which the punishment as now fixed by law cannot be more than ten years in prison his case shall be investigated by the probation officer and the judge of the juvenile court as provided for in this article, unless it appears to the judge of the juvenile court that the case should be brought to the attention of the judge of the superior court, in which case the child shall be held in custody or bound to the next term of the superior court as now provided by law. (1919, c. 97, s. 9; C. S., s. 5047; 1929, c. 84; 1957, c. 100, s. 1; 1963, c. 631.)

Cross Reference. — As to authority to commit offenders to reformatory, see § 134-10.

Editor's Note. — The 1963 amendment rewrote subdivision (3) of this section.

Jurisdiction in Felonies.—In reference to the disposition of children charged as delinquents by reason of having violated a State or municipal law, and that alone, it is provided in this section that a child of 14 years, charged with a felony in which the punishment, as now fixed by law, cannot exceed 10 years, the judge of the juvenile court may, if the case be of a nature to require it, bind such child over to the next term of the superior court, it being the clear and necessary inference that, as to children of 14 years and upward, and in case of felonies when the punishment may exceed 10 years, the juvenile department of the superior court is without jurisdiction of the offense. As to children of 14 years and over, and in case of felonies in which the punishment may be more than 10 years, they shall, in all instances, be subject to prosecution for crime as in case of adults. State v. Burnett, 179 N.C. 735, 102 S.E. 711 (1920).

Legislation Justified. — The legislature has no unlimited and arbitrary power over minors in respect to detaining them in reformatories, and enactments relating there- to are justified only upon the idea that the child is without parental care, and that his environments are such that he may reach manhood without restraint or training under corrupting influences, unless the State, as parens patriae, performs the duty which devolves primarily upon the parent. In re Watson, 157 N.C. 340, 72 S.E. 1049 (1911).

The juvenile court has no power to place a child anywhere for adoption, and when it ordered a child committed to an asylum upon its finding that the child was a neglected child, the further provision of the order that the asylum should have power to place the child in a home for adoption is void. Ward v. Howard, 217 N.C. 201, 7 S.E.2d 625 (1940).

Trial by Jury.—The constitutional right of trial by jury does not extend to an investigation into the status and needs of a child upon the question as to whether he should be sent to a reformatory for his own good as well as the good of the community in the interest of good citizenship, nor does the restraint therein put upon the child amount to a deprivation of his liberty without due process of law, nor is it a punishment for crime. In re Watson, 157 N.C. 340, 72 S.E. 1049 (1911).

Habeas Corpus.—When a child is placed and detained in a reformatory under order of court, without notice to the parent or giving him an opportunity to be heard, the parent may have the legality of the detention inquired into upon his petition for a writ of habeas corpus. In re Watson, 157 N.C. 340, 72 S.E. 1049 (1911).

§ 110-30. Child to be kept apart from adult criminals; detention homes.—No child coming within the provisions of this article shall be placed in any penal institution, jail, lockup, or other place where such child can come in contact at any time or in any manner with any adult convicted of crime and committed or under arrest and charged with crime. Provisions shall be made for the temporary detention of such children in a detention home to be conducted as an agency of the court for the purposes of this article, or the judge may arrange for the boarding of such children temporarily in a private home or homes in the custody of some fit person or persons subject to the supervision of the court, or the judge may arrange with any incorporated institution, society or association maintaining a suitable place of detention for children for the use thereof as a temporary detention home.

In case a detention home is established as an agency of the court it shall be furnished and carried on as far as possible as a family home in charge of a superintendent or matron who shall reside therein. The judge of the juvenile court may, with the approval of the State Board of Public Welfare, appoint a matron or superintendent or both and other necessary employees for such home in the same manner as probation officers are appointed under this article, their salaries to be fixed and paid in the same manner as the salaries of probation officers. The necessary expense incurred in maintaining such detention home shall be a public charge.

In case the judge shall arrange for the boarding of children temporarily detained in private homes, a reasonable sum for the board of such children while temporarily detained in such homes shall be paid by the county in which such child shall reside or may be found.

In case the judge shall arrange with any incorporated institution, society or association, for the use of a detention home maintained by such institution, society or association, he shall enter an order which shall be effectual for that purpose and a reasonable sum shall be appropriated by the county commissioners for the compensation of such institution, society or association for the care of children residing or found within the county who may be detained therein. (1919, c. 97, §109 CrS 100 re 0000)

§ 110-31. Probation officers; appointment and discharge; compensation.—The judge of the juvenile court in each county shall appoint one or more suitable persons as probation officers who shall serve under his direction. The appointment of such probation officers shall be approved by the State Board of Public Welfare.

The county director of public welfare shall be the chief probation officer of every juvenile court in his county and shall have supervision over the work of any additional probation officer which may be appointed. Provided, that in those counties which have a domestic relations court or a juvenile court with its own probation staff separate from the county department of public welfare, the chief probation officer duly appointed by the judge of such domestic relations court or juvenile court shall be the chief probation officer rather than the county director of public welfare and shall have supervision of all probation services authorized under this article.

The judge appointing any probation officer may discharge such officer for cause after serving such officer with a written notice, but no probation officer shall be discharged without the approval of the State Board of Public Welfare.

The judge appointing any probation officer may in his discretion determine that a suitable salary be paid and may, with the approval of the judge of the superior court, fix the amount thereof. Such salary so determined and so approved shall be paid by the board of county commissioners; but no person shall be paid a salary as probation officer without a certificate of qualification from the State Board of Public Welfare.

The State Board of Public Welfare shall establish rules and regulations pur-

suitant to which appointments under this article shall be made, to the end that such appointments shall be based upon merit only.

The appointment of a probation officer shall be in writing and one copy of the order of appointment shall be delivered to the officer so appointed and another filed in the office of the State Board of Public Welfare. (1919, c. 97, s. 11; C. S., s. 5049; 1957, c. 100, s. 1; 1961, c. 186; 1963, c. 633.)

Editor’s Note. — The 1963 amendment added the proviso to the second paragraph.

§ 110-31.1. Probation officers as members of county welfare staffs.

(a) By written agreement between the judge of the juvenile court and the county director of public welfare, all probation officers of the juvenile court may be regular employees of the county department of public welfare, attached to the staff of the department and responsible directly to the county director of public welfare as chief probation officer of the county. Upon the election or appointment of a judge of the juvenile court who is not a party to any agreement herefore entered into under this section, a new agreement may be entered into as provided herein.

(b) When such agreement shall have been entered into, probation officers shall be employed and compensated in the same manner as all other employees of the county department of public welfare are employed and compensated. (1947, c. 94; 1961, c. 186.)

§ 110-32. Probation; conditions; revocation.—When the court places any child or adult on probation as provided in this article it shall determine the conditions of probation, which may be modified by the court at any time. A child shall remain on probation for such period as the court shall determine during the minority of such child. An adult shall remain on probation for such period as the court shall determine, not to exceed five years. The conditions of probation shall be such as the court shall prescribe, and may include among other conditions any or several of the following: That the probationer shall indulge in no unlawful or injurious habits; shall avoid places or persons of disreputable or harmful character; shall report to the probation officer as directed by the court or probation officers; shall permit the probation officer to visit him in a reasonable manner at his place of abode or elsewhere; shall answer any reasonable inquiries on the part of the probation officer concerning his conduct or condition; shall, if a child of compulsory school age, attend school regularly; shall, if an adult or a child who does not attend school, work faithfully at suitable employment; shall remain or reside within a specified place or locality; shall pay a fine in one or several sums; shall make restitution or reparation to the aggrieved parties for actual damages or losses caused by an offense upon such conditions as the court shall determine; and shall make payment for the support of any lawful dependents as required by the court.

Any person on probation may at any time be required to appear before the court, and in case of his failure to do so when properly notified by the probation officer, the court may issue a warrant for his arrest. In the case of a child on probation, if the court believes that the welfare of such child will thereby be promoted, the probation may be revoked at any time and the court may make such other disposition of the child as it might have made at the time the child was placed on probation. An adult on probation who violates any of the conditions thereof may be arrested upon a warrant issued by the court and the court may impose any penalties which it might have imposed at the time the defendant was placed on probation. (1919, c. 97, s. 12; C. S., s. 5050.)

§ 110-33. Duties and powers of probation officers. — It shall be the duty of a probation officer to make such investigations before, during or after the trial or hearing of any case coming before the court as the court shall direct, and to report thereon in writing. The probation officer shall take charge of any child
§ 110-34. Support of child committed to custodial agency.—Whenever any child is committed by the court to the custody of an institution, association, society or person other than its parent or guardian, compensation for the care of such child, when approved by the order of the court, shall be a charge upon the county, but the court may at the issuance and service of an order to show cause on the parent or other person having the duty under the law to support such child adjudge that such parent or other person shall pay in such manner as the court may direct such sum as will cover in whole or in part the support of such child, and willful failure to pay such sum may be punished as a contempt of court. (1919, c. 97, s. 13; C. S., s. 5051; 1957, c. 100, s. 1.)

§ 110-35. Selection of custodial agency.—In committing any child to any institution or other custodial agency other than one supported and controlled by the State or in placing the child under any guardianship other than that of its natural guardians, the court shall as far as practicable select as the custodial agency an institution, society or association governed by persons of like religious faith as the parents of such child or an individual holding the same religious belief. (1919, c. 97, s. 14; C. S., s. 5052.)

§ 110-36. Modification of judgment; determination whether child abandoned; return of child to parents.—Any order or judgment made by the court in the case of any child shall be subject to such modification from time to time as the court may consider to be for the welfare of such child, except that a child committed to an institution supported and controlled by the State may be released or discharged only by the governing board or officer of such institution.

Upon petition by any interested person, the court shall have power to determine whether any such child is an abandoned child, within the meaning and under the provisions of chapter 48 of the General Statutes.

Any parent or guardian, or, if there be no parent or guardian, the next friend of any child who has been or shall hereafter be committed by the court to the custody of an institution other than an institution supported and controlled by the State, or to the custody of any association, society or person, may at any time...
file with the court a petition verified by affidavit setting forth under what conditions such child is living, and that application for the release of the child has been made to and denied by such institution, association, society or person, or that the said institution, association, society or person has failed to act upon such application within a reasonable time. A copy of such petition shall at once be served by the court upon such institution, association, society or person, whose duty it shall be to file a reply to the same within five days. If, upon examination of the petition and reply, the court is of the opinion that an investigation should be had, it may, upon due notice to all concerned, proceed to hear the facts and determine the question at issue, and may return such child to the custody of its parents or guardian or direct such institution, association, society or person to make such other arrangements for the child's care and welfare as the circumstances of the case may require.

Any child while under the jurisdiction of the court shall be subject to the visitation of the probation officer or other agent of the court authorized to visit such child. (1919, c. 97, s. 16; C. S., s. 5054; 1957, c. 778, s. 9.)

Cross Reference. — As to appeals, see § 110-40.

Rights of Parents. — Parents, guardian, etc., must be notified and given an opportunity to be heard in proceedings in the juvenile courts under this section, with the right to review in the superior court upon adverse judgment; and if the child is taken over by the State, they are allowed, on proper application at any time, to have their child brought before the court, its condition inquired into, and further orders made concerning it, except where committed to a State institution and then they may apply directly to the superior court, thus giving full consideration to the family relation and parental rights. State v. Burnett, 179 N.C. 735, 102 S.E. 711 (1920).

The exception in this section, that a case may not be investigated on the petition of the parent, etc., when the child is committed to the custody of an institution controlled by the State, applies to the action of the juvenile court, and does not limit the superior court in its general jurisdiction over matters of law and equity in making, upon proper application and appropriate writs, inquiry and investigation into the status and condition of children disposed of under the statute, or in rendering such orders and decrees therein as the rights and justice of the case or the welfare of the child may require. State v. Burnett, 179 N.C. 735, 102 S.E. 711 (1920).

Court May Modify Decree in Absence of Parent or Child. — Under this section the court may alter or modify its decree as to the custody of the children, even in the absence of the parent or the child from its territorial jurisdiction. In re Blalock, 233 N.C. 493, 64 S.E.2d 848, 25 A.L.R.2d 818 (1951).

Dismissal of appeal from denial of motion by parents for modification of an order committing the custody of their minor children to the State Board of Public Welfare does not preclude the parents from later moving for modification of the judgment on the ground of changed conditions. In re De Febio, 237 N.C. 269, 74 S.E.2d 531 (1953).

§ 110-37. Guardian appointed if welfare of child promoted.—Whenever in the course of a proceeding instituted under this article it shall appear to the court that the welfare of any child within the jurisdiction of the court will be promoted by the appointment of an individual as general guardian of its person, when such child is not committed to an institution or to an incorporated society or association, or by the appointment of an individual or corporation as general guardian of its property, the court shall have jurisdiction to make such appointment, either upon the application of the child or of some relative or friend, or upon the court's own motion, and in that event an order to show cause may be made by the court to be served upon the parent or parents of such child in such manner and for such time, prior to the hearing, as the court may deem reasonable. In any case arising under this article the court may determine as between parents or others whether the father or mother or what person shall have the custody and direction of said child, subject to the provisions of the preceding section [§ 110-36]. (1919, c. 97, s. 17; C. S., s. 5055.)
§ 110-38. Medical examination and treatment of child; application for admission to center for mentally retarded.—The court, in its discretion, either before or after a hearing, may cause any child within its jurisdiction to be examined by one or more duly licensed physicians, who shall submit a written report thereon to the court. If it shall appear to the court that any child within the jurisdiction of the court is mentally retarded, the court may appoint a responsible person to make an application for the admission of such child to the appropriate center for the care and treatment of the mentally retarded, in accordance with the provisions of G.S. 122-70. No child shall be committed to such institution unless the parent or parents or the guardian or custodian of such child, if such there be, are given an opportunity for a hearing.

Whenever a child within the jurisdiction of the court and under the provisions of this article appears to the court to be in need of medical or surgical care a suitable order may be made for the treatment of such child in a hospital or otherwise, and the expense thereof, when approved by the court, shall be a charge upon the county or the appropriate subdivision thereof; but the court may adjudge that the person or persons having the duty under the law to support such child shall pay a part or all of the expenses of such treatment as provided in § 110-34 of this article. (1919, c. 97, s. 18; C. S., s. 5056; 1963, c. 1184, s. 34.)

Editor’s Note.—The 1963 amendment rewrote the second sentence of the first paragraph.

§ 110-39. Neglect by parents; encouraging delinquency by others; penalty.—(a) A parent, guardian, or other person having custody of a child, who omits to exercise reasonable diligence in the care, protection, or control of such child or who knowingly or wilfully permits such child to associate with vicious, immoral, or criminal persons, or to beg or solicit alms, or to be an habitual truant from school, or to enter any house of prostitution or assignation, or any place where gambling is carried on, or to enter any place which may be injurious to the morals, health, or general welfare of such child, and any such person or any other person who knowingly or wilfully is responsible for, or who encourages, aids, causes, or connives at, or who knowingly or wilfully does any act to produce, promote, or contribute to, any condition of delinquency or neglect of such child shall be guilty of a misdemeanor.

(b) It shall not be necessary that there shall have been a prior adjudication of delinquency or neglect of the child in order to proceed under this statute.

(c) A prior adjudication of delinquency or neglect shall not preclude a subsequent proceeding against any parent, guardian or other person who thereafter contributes to any condition of delinquency or neglect. (1919, c. 97, s. 19; C. S., s. 5057; 1959, c. 1284.)

§ 110-40. Appeals.—An appeal may be taken from any judgment or order of the juvenile court to the superior court having jurisdiction in the county by the parent or, in case there is no parent, by the guardian, custodian or next friend of any child, or by any adult described in §§ 110-38 and 110-39 of this article on behalf of any child whose case has been heard by the juvenile court. Written notice of such appeal shall be filed with the juvenile court within five days after the issuance of the judgment or order of such court.

On receipt of notice of such appeal the judge of the juvenile court shall, within five days thereafter, prepare, sign, and file with the record of the case a statement of the case on appeal, together with his decision, and notice of the appeal, and exhibit such statement to the parties or their attorneys upon request. If either party excepts or objects to the statement as partial, inadequate, or erroneous he must put his exceptions or objections in writing, and file the original and two copies thereof with the judge of the juvenile court within ten days of the filing by the judge of a statement of case on appeal. The judge of the juvenile court
shall forthwith transmit his statement of the case on appeal and any exceptions or objections thereto to the resident judge of the district or to the judge holding the courts of the district.

The judge of the superior court shall on receiving a statement or record of appeal from the juvenile court hear and determine the questions of law or legal inference and the judge shall deliver to the clerk of the superior court of the county in which the action or proceeding is pending his order or judgment. The clerk of the superior court shall immediately notify the judge of the juvenile court of the order or judgment.

Where the appeal is to the superior court upon issues of fact, either party may demand that the same be tried at the first term of said court after the appeal is docketed in said court, and said trial shall have precedence over all other cases except the cases of exceptions to homesteads and the cases of summary ejectment. Provided, that said appeal shall have been docketed prior to the convening of the said court: Provided further, that the presiding judge may take up for trial in advance any pending case in which the rights of the parties or the public require it. (1919, c. 97, s. 20; C. S., s. 5058; 1949, c. 976.)

Editor's Note. — For comment on the 1949 amendment, see 27 N.C.L. Rev. 443.

Authority of Superior Court Judge.—Where the proceedings for the custody of a child under sixteen years of age had been transferred to the juvenile court, and comes again to the superior court judge on appeal, the judge of the latter court has authority to review the findings of fact and the judgment of the former court, under the supervision and control given him by this section, and his findings upon competent evidence are conclusive on appeal to the Supreme Court. In re Hamilton, 182 N.C. 44, 108 S.E. 385 (1921).

Where the superior court judge has referred a proceeding brought by a husband in that court for the custody of his child, less than sixteen years of age, and the matter comes on appeal to the superior court again, the validity of the order sending or transferring the petition to the juvenile court for original investigation does not present a controlling question, or affect the jurisdiction of the superior court on the appeal, for thereon the judge thereof has ample authority to hear the case, either because it was properly instituted in the first instance or by virtue of the appeal. In re Hamilton, 182 N.C. 44, 108 S.E. 385 (1921).

Application for Possession of Child First Made to Juvenile Court.—Where the parent of a child that has been adjudicated a ward of the State afterwards claims the possession of the child, the procedure requires that she make application to the juvenile court that had adjudicated the matter in order to avoid conflict and uncertainty as to status or condition of the child, to the end that an investigation be made of the circumstances in the course and practice of the courts. In re Coston, 187 N.C. 509, 122 S.E. 183 (1924).

Effect of Juvenile Court's Adjudication. —Where the juvenile court has by proper proceeding acquired jurisdiction of the parties and of the subject matter of children whose custody is subject to controversy, its adjudication for the welfare of the children must be held effective and binding on the parties, subject to review on appeal. In re Prevatt, 223 N.C. 833, 28 S.E.2d 564 (1944).

Writ of Habeas Corpus.—The statutory remedy by appeal being provided from the determination of the juvenile court from its judgment that a certain child comes within the statutory provisions, and the status of the child has been ascertained by the juvenile court as being that of a ward of the State, the writ of habeas corpus is not available to the parent or other person claiming the child, unless in rare and exceptional cases wherein the welfare of the child has not been properly provided for. In re Coston, 187 N.C. 509, 122 S.E. 183 (1924).

While prima facie the parent has the right to the custody of his child in preference to others, this right is not an absolute one and must yield when the best interest of the child requires it; and when the father has filed his petition in habeas corpus proceedings for the custody of his child in the possession of his deceased wife's parents, the award of the superior court judge for the respondents upon findings, sustained by the evidence, that the father was an unsuitable person, and that the best interest of the child required that she should remain with her grandparents, will not be disturbed in the Supreme Court on appeal. In re Hamilton, 182 N.C. 44, 108 S.E. 385 (1921).

§ 110-41. Compensation of judge.—The judge of the juvenile court shall be paid a reasonable compensation for his services, the amount to be determined by the county commissioners, and the amount thus determined by the county commissioners shall be charged against the public funds of the county. And such compensation shall be independent of any compensation which may come to him as clerk of the superior court. (1919, c. 97, s. 21; C. S., s. 5059.)

Cross Reference. — As to salaries of judges of city and joint city and county juvenile courts, see §§ 110-22 and 110-44.

§ 110-42. Public officers and institutions to aid.—It is hereby made the duty of every State, county or municipal official or department to render such assistance and cooperation within his or its jurisdiction or power as shall further the objects of this article. All institutions or other agencies to which any person coming within the provision of this article may be sent are hereby required to give such information concerning such child to the court or to any other officer appointed by it as said court or official may require for the purposes of this article. The court is authorized to seek the cooperation of all societies, organizations or individuals to the end that the court may be assisted in every way in the discharge of its duties. (1919, c. 97, s. 22; C. S., s. 5060.)

§ 110-43. Rules of procedure devised by court.—The court shall have power to devise and publish rules to regulate the procedure in cases coming within the provisions of this article and for the conduct of all probation and other officers of the court in such cases. The court shall devise and cause to be printed for public use such forms for records and for various petitions, orders, processes, and other papers in the cases coming within this article as shall meet the requirements thereof, and all expenses incurred in complying with the provisions of this article shall be a public charge. (1919, c. 97, s. 23; C. S., § 5061.)

§ 110-44. City juvenile courts and probation officers.—Every city in North Carolina where the population was, by the last federal census report, ten thousand or more may maintain a juvenile court, to which is hereby given the powers, duties and obligations of this article to be exercised within their territorial boundaries. Such city juvenile courts shall conduct their business in accordance with the procedure set forth in this article as applying to the county juvenile court. It is hereby made the duty of governing bodies of such cities to make provisions for such courts and bear the expense thereof, either by requiring the recorder to act as a juvenile judge or by the appointment of a separate judge. The governing bodies of such cities shall also appoint one or more assistant probation officers who shall serve within its jurisdiction under the general supervision of the chief probation officer of the county, which chief probation officer of the county is hereby made the chief probation officer of the city court herein provided for. The salary of the juvenile court judge shall be fixed and paid by the governing body of the city, and such governing bodies are hereby given authority to expend such sums from the public funds of the city as may be required to carry this article into effect.

In case it may appear to the governing bodies of such cities herein described that it would be best to allow the county juvenile court to transact the business of the city, they may make such provisions and agreements with the county commissioners for the expense of the joint court as may be agreed upon, and in such event such a city is hereby permitted to make such arrangement in lieu of establishing a city juvenile court. But in case the county commissioners will not agree to such arrangement, then the city may establish a juvenile court, as provided in this section. Provided, that in the event the governing bodies of such cities reach an agreement with the county commissioners, whereby the county
juvenile court shall also transact the business of the city juvenile court, the governing bodies of such city and county, by joint resolution, may elect a judge and an assistant judge of the combined court, who may be persons other than the clerk of the superior court, and who shall hold such office for the term of one year, and until their successors shall be duly elected. Such judge and assistant judge, when so elected, shall perform all the duties and possess all the powers and jurisdiction conferred by this article upon the clerk of the superior court, as well as that conferred upon the judge of the juvenile court of such cities by this article. The assistant judge provided for by this section shall only perform the functions of judge of the combined juvenile court when the regular judge is unavoidably absent, or sick, and no orders shall be entered by him except in such cases. The compensation of the judge and of the assistant judge provided for by this section shall be determined by the county commissioners and paid by such county. The part of said salary that shall be paid by such city shall be determined by agreement between the governing bodies of the two units, as hereinbefore provided for. The authority is also hereby given by this section for the election of an assistant judge of the juvenile court in cases where counties elect to combine with a city juvenile court and let such court transact the joint business of both county and city.

Any town of five thousand population which is not a county seat, and in which there is a recorder's court, may, if deemed advisable and necessary by the governing body, provide for the conduct of a juvenile court within the territorial jurisdiction of such recorder's court: Provided, that the provisions and procedure of this article are fully followed as in case for towns of ten thousand inhabitants. (1919, c. 97, s. 24; C. S., s. 5062; 1923, c. 193; 1943, c. 594; 1945, c. 186, s. 1.)

Control over Child-Caring Facilities.

§ 110-45. Institution has authority of parent or guardian.—Every indigent child which may be placed in any orphanage, children's home, or children-placing institution in this State, which shall be an institution existing under and by virtue of the laws of this State, shall be under the control of the authorities of such institution so long as, under the rules and regulations of such institution, the child is entitled to remain in the same. The authority of the institution shall be the same as that of a parent or guardian before the child was placed in the institution; but such authority shall extend only to the person of the child. (1917, c. 133, s. 1; C. S., s. 5063.)

§ 110-46. Regulations of institution not abrogated.—Nothing in this article shall be construed in any way to abrogate any of the rules and regulations of such institutions insofar as the rules and regulations have for their purpose the welfare and protection of the institutions. (1917, c. 133, s. 2; C. S., s. 5064.)

§ 110-47. Enticing a child from institution.—It is unlawful for any person to entice or attempt to entice, persuade, harbor, or conceal, or in any manner induce any indigent child to leave any of the institutions hereinbefore mentioned without the knowledge or consent of the authorities of such institutions. But this article shall not interfere with a mother's right to her child in case she becomes able to sustain her child; and the county commissioners in the county in which she resides shall in case of doubt have authority to recommend to the institution concerning the child. (1917, c. 133, s. 3; C. S., s. 5065.)
§ 110-48. Violation a misdemeanor.—Any person violating any of the provisions of §§ 110-45, 110-46 and 110-47 shall be guilty of a misdemeanor, and upon conviction shall be fined or imprisoned, or both, in the discretion of the court. (1917, c. 133, s. 4; C. S., s. 5066.)

§ 110-49. Permits and licenses must be had by institutions caring for children. — No individual, agency, voluntary association, or corporation seeking to establish and carry on any kind of business or organization in this State for the purpose of caring for and placing dependent, neglected, abandoned, destitute, orphaned or delinquent children, or children separated temporarily from their parents, shall be permitted to organize and carry on such work without first having secured a written permit from the State Board of Public Welfare. The said Board shall issue such permit recommending such business or organization only after it has made due investigation of the purpose, character, nature, methods and assets of the proposed business or organization.

Upon establishment as provided above, every such organization, except those exempted in § 108-3, subdivision (5) shall annually procure a license from the State Board of Public Welfare, and it shall be unlawful to carry on said work or business without having such license.

Any individual, corporation, institution, or association violating any of the provision of this section shall, upon conviction thereof, be guilty of a misdemeanor and punished by a fine of not more than two hundred dollars or by imprisonment of not more than six months, or by both such fine and imprisonment. (1919, c. 46; C. S., s. 5067; 1931, c. 226, s. 6; 1957, c. 100, s. 1.)

Article 4.

Placing or Adoption of Juvenile Delinquents or Dependents.

§ 110-50. Consent required for bringing child into State for placement or adoption.—(a) No person, agency, association, institution, or corporation shall bring or send into the State any child for the purpose of giving his custody to some person in the State or procuring his adoption by some person in the State without first obtaining the written consent of the State Board of Public Welfare.

(b) The person with whom a child is placed for either of the purposes set out in subsection (a) of this section shall be responsible for his proper care and training. The Board or its agents shall have the same right of visitation and supervision of the child and the home in which it is placed as in the case of a child placed by the Board or its agents as long as the child shall remain within the State and until he shall have reached the age of eighteen years or shall have been legally adopted. (1931, c. 226, s. 1; 1947, c. 609, s. 1.)

§ 110-51. Said bond shall be made in favor of and filed with the State Board of Public Welfare with the premium prepaid by the said person, agency, association, institution or corporation desiring to place such child in the State. institution in which the child is placed shall report to the Board at such times as the Board may direct as to the location and well-being of such child until he shall have reached the age of eighteen years or shall have been legally adopted. (1931, c. 226, s. 3; 1947, c. 609, s. 3.)

ARTICLE 5.

Interstate Compact on Juveniles.

§ 110-58. Execution of compact.—The Governor is hereby authorized and directed to execute a compact on behalf of this State with any other state or states legally joining therein in the form substantially as follows: The contracting states solemnly agree:

Article I. Findings and Purposes.

That juveniles who are not under proper supervision and control, or who have absconded, escaped or run away, are likely to endanger their own health, morals and welfare, and the health, morals and welfare of others. The cooperation of the states party to this compact is therefore necessary to provide for the welfare and protection of juveniles and of the public with respect to

(1) Cooperative supervision of delinquent juveniles on probation or parole;
(2) The return, from one state to another, of delinquent juveniles who have escaped or absconded;
(3) The return, from one state to another, of nondelinquent juveniles who have run away from home; and
(4) Additional measures for the protection of juveniles and of the public, which any two or more of the party states may find desirable to undertake cooperatively.

In carrying out the provisions of this compact the party states shall be guided
by the noncriminal, reformatory and protective policies which guide their laws concerning delinquent, neglected or dependent juveniles generally. It shall be the policy of the states party to this compact to cooperate and observe their respective responsibilities for the prompt return and acceptance of juveniles and delinquent juveniles who become subject to the provisions of this compact. The provisions of this compact shall be reasonably and liberally construed to accomplish the foregoing purposes.

Article II. Existing Rights and Remedies.

That all remedies and procedures provided by this compact shall be in addition to and not in substitution for other rights, remedies and procedures, and shall not be in derogation of parental rights and responsibilities.

Article III. Definitions.

That, for the purposes of this compact, "delinquent juvenile" means any juvenile who has been adjudged delinquent and who, at the time the provisions of this compact are invoked, is still subject to the jurisdiction of the court that has made such adjudication or to the jurisdiction or supervision of an agency or institution pursuant to an order of such court; "probation or parole" means any kind of conditional release of juveniles authorized under the laws of the states party here-to; "court" means any court having jurisdiction over delinquent, neglected or dependent children; "state" means any state, territory or possession of the United States, the District of Columbia, and the Commonwealth of Puerto Rico; and "residence" or any variant thereof means a place at which a home or regular place of abode is maintained.

Article IV. Return of Runaways.

(a) That the parent, guardian, person or agency entitled to legal custody of a juvenile who has not been adjudged delinquent but who has run away without the consent of such parent, guardian, person or agency may petition the appropriate court in the demanding state for the issuance of a requisition for his return. The petition shall state the name and age of the juvenile, the name of the petitioner and the basis of entitlement to the juvenile's custody, the circumstances of his running away, his location if known at the time application is made, and such other facts as may tend to show that the juvenile who has run away is endangering his own welfare or the welfare of others and is not an emancipated minor. The petition shall be verified by affidavit, shall be executed in duplicate, and shall be accompanied by two certified copies of the document or documents on which the petitioner's entitlement to the juvenile's custody is based, such as birth certificates, letters of guardianship, or custody decrees. Such further affidavits and other documents as may be deemed proper may be submitted with such petition. The judge of the court to which this application is made may hold a hearing thereon to determine whether for the purposes of this compact the petitioner is entitled to the legal custody of the juvenile, whether or not it appears that the juvenile who has run away is endangering his own welfare or the welfare of others and is not an emancipated minor. The petition shall be verified by affidavit, shall be executed in duplicate, and shall be accompanied by two certified copies of the document or documents on which the petitioner's entitlement to the juvenile's custody is based, such as birth certificates, letters of guardianship, or custody decrees. Such further affidavits and other documents as may be deemed proper may be submitted with such petition. The judge of the court to which this application is made may hold a hearing thereon to determine whether for the purposes of this compact the petitioner is entitled to the legal custody of the juvenile, whether or not it appears that the juvenile has in fact run away without consent, whether or not he is an emancipated minor, and whether or not it is in the best interest of the juvenile to compel his return to the state. If the judge determines, either with or without a hearing, that the juvenile should be returned, he shall present to the appropriate court or to the executive authority of the state where the juvenile is alleged to be located a written requisition for the return of such juvenile. Such requisition shall set forth the name and age of the juvenile, the determination of the court that the juvenile has run away without the consent of a parent, guardian, person or agency entitled to his legal custody, and that it is in the best interest and for the protection of such juvenile that he be returned. In the event that a proceeding for the adjudication of the juvenile as a delinquent, neglected or dependent juvenile is pending in the court at the time when such juvenile runs away, the court may issue a requisition for the return of such juvenile upon its own motion, regardless of the
consent of the parent, guardian, person or agency entitled to legal custody, reciting therein the nature and circumstances of the pending proceeding. The requisition shall in every case be executed in duplicate and shall be signed by the judge. One copy of the requisition shall be filed with the compact administrator of the demanding state, there to remain on file subject to the provisions of law governing records of such court. Upon the receipt of a requisition demanding the return of a juvenile who has run away, the court or the executive authority to whom the requisition is addressed shall issue an order to any peace officer or other appropriate person directing him to take into custody and detain such juvenile. Such detention order must substantially recite the facts necessary to the validity of its issuance hereunder. No juvenile detained upon such order shall be delivered over to the officer whom the court demanding him shall have appointed to receive him, unless he shall first be taken forthwith before a judge of a court in the state, who shall inform him of the demand made for his return, and who may appoint counsel or guardian ad litem for him. If the judge of such court shall find that the requisition is in order, he shall deliver such juvenile over to the officer to whom the court demanding him shall have appointed to receive him. The judge, however, may fix a reasonable time to be allowed for the purpose of testing the legality of the proceeding.

Upon reasonable information that a person is a juvenile who has run away from another state party to this compact without the consent of a parent, guardian, person or agency entitled to his legal custody, such juvenile may be taken into custody without a requisition and brought forthwith before a judge of the appropriate court who may appoint counsel or guardian ad litem for such juvenile and who shall determine after a hearing whether sufficient cause exists to hold the person, subject to the order of the court, for his own protection and welfare, for such a time not exceeding ninety (90) days as will enable his return to another state party to this compact pursuant to a requisition for his return from a court of that state. If, at the time when a state seeks the return of a juvenile who has run away, there is pending in the state wherein he is found any criminal charge, or any proceeding to have him adjudicated a delinquent juvenile for an act committed in such state, or if he is suspected of having committed within such state a criminal offense or an act of juvenile delinquency, he shall not be returned without the consent of such state until discharged from prosecution or other form of proceeding, imprisonment, detention or supervision for such offense or juvenile delinquency. The duly accredited officers of any state party to this compact, upon the establishment of their authority and the identity of the juvenile being returned, shall be permitted to transport such juvenile through any and all states party to this compact, without interference. Upon his return to the state from which he ran away, the juvenile shall be subject to such further proceedings as may be appropriate under the laws of that state.

(b) That the state to which a juvenile is returned under this Article shall be responsible for payment of the transportation costs of such return.

(c) That "juvenile" as used in this Article means any person who is a minor under the law of the state of residence of the parent, guardian, person or agency entitled to the legal custody of such minor.

ARTICLE V. RETURN OF ESCAPEES AND ABSCONDERS.

(a) That the appropriate person or authority from whose probation or parole supervision a delinquent juvenile has absconded or from whose institutional custody he has escaped shall present to the appropriate court or to the executive authority of the state where the delinquent juvenile is alleged to be located a written requisition for the return of such delinquent juvenile. Such requisition shall state the name and age of the delinquent juvenile, the particulars of his adjudication as a delinquent juvenile, the circumstances of the breach of the terms of his probation or parole or of his escape from an institution or agency vested with his legal custody or supervision, and the location of such delinquent juvenile, if
known, at the time the requisition is made. The requisition shall be verified by affidavit, shall be executed in duplicate, and shall be accompanied by two certified copies of the judgment, formal adjudication, or order of commitment which subjects such delinquent juvenile to probation or parole or to the legal custody of the institution or agency concerned. Such further affidavits and documents as may be deemed proper may be submitted with such requisition. One copy of the requisition shall be filed with the compact administrator of the demanding state, there to remain on file subject to the provisions of law governing records of the appropriate court. Upon the receipt of a requisition demanding the return of a delinquent juvenile who has absconded or escaped, the court or the executive authority to whom the requisition is addressed shall issue an order to any peace officer or other appropriate person directing him to take into custody and detain such delinquent juvenile. Such detention order must substantially recite the facts necessary to the validity of its issuance hereunder. No delinquent juvenile detained upon such order shall be delivered over to the officer whom the appropriate person or authority demanding him shall have appointed to receive him, unless he shall first be taken forthwith before a judge of an appropriate court in the state, who shall inform him of the demand made for his return and who may appoint counsel or guardian ad litem for him. If the judge of such court shall find that the requisition is in order, he shall deliver such delinquent juvenile over to the officer whom the appropriate person or authority demanding him shall have appointed to receive him. The judge, however, may fix a reasonable time to be allowed for the purpose of testing the legality of the proceeding.

Upon reasonable information that a person is a delinquent juvenile who has absconded while on probation or parole, or escaped from an institution or agency vested with his legal custody or supervision in any state party to this compact, such person may be taken into custody in any other state party to this compact without a requisition. But in such event, he must be taken forthwith before a judge of the appropriate court, who may appoint counsel or guardian ad litem for such person and who shall determine, after a hearing, whether sufficient cause exists to hold the person subject to the order of the court for such a time, not exceeding ninety (90) days, as will enable his detention under a detention order issued on a requisition pursuant to this Article. If, at the time when a state seeks the return of a delinquent juvenile who has either absconded while on probation or parole or escaped from an institution or agency vested with his legal custody or supervision, there is pending in the state wherein he is detained any criminal charge or any proceeding to have him adjudicated a delinquent juvenile for an act committed in such state, or if he is suspected of having committed within such state a criminal offense or an act of juvenile delinquency, he shall not be returned without the consent of such state until discharged from prosecution or other form of proceeding, imprisonment, detention or supervision for such offense or juvenile delinquency. The duly accredited officers of any state party to this compact, upon the establishment of their authority and the identity of the delinquent juvenile being returned, shall be permitted to transport such delinquent juvenile through any and all states party to this compact, without interference. Upon his return to the state from which he escaped or absconded, the delinquent juvenile shall be subject to such further proceedings as may be appropriate under the laws of that state.

(b) That the state to which a delinquent juvenile is returned under this Article shall be responsible for the payment of the transportation costs of such return.

**Article VI. Voluntary Return Procedure.**

That any delinquent juvenile who has absconded while on probation or parole, or escaped from an institution or agency vested with his legal custody or supervision in any state party to this compact, and any juvenile who has run away from
§ 110-58 Cu. 110. Cuitp WELFARE—INTERSTATE COMPACT § 110-58

any state party to this compact, who is taken into custody without a requisition in another state party to this compact under the provisions of Article IV (a) or Article V (a), may consent to his immediate return to the state from which he absconded, escaped or ran away. Such consent shall be given by the juvenile or delinquent juvenile and his counsel or guardian ad litem, if any, by executing or subscribing a writing, in the presence of a judge of the appropriate court, which states that the juvenile or delinquent juvenile and his counsel or guardian ad litem, if any, consent to his return to the demanding state. Before such consent shall be executed or subscribed, however, the judge, in the presence of counsel or guardian ad litem, if any, shall inform the juvenile or delinquent juvenile of his rights under this compact. When the consent has been duly executed, it shall be forwarded to and filed with the compact administrator of the state in which the court is located and the judge shall direct the officer having the juvenile or delinquent juvenile in custody to deliver him to the duly accredited officer or officers of the state demanding his return, and shall cause to be delivered to such officer or officers a copy of the consent. The court may, however, upon the request of the state to which the juvenile or delinquent juvenile is being returned, order him to return unaccompanied to such state and shall provide him with a copy of such court order; in such event a copy of the consent shall be forwarded to the compact administrator of the state to which said juvenile or delinquent juvenile is ordered to return.

ARTICLE VII. COOPERATIVE SUPERVISION OF PROBATIONERS AND PAROLEES.

(a) That the duly constituted judicial and administrative authorities of a state party to this compact (herein called "sending state") may permit any delinquent juvenile within such state, placed on probation or parole, to reside in any other state party to this compact (herein called "receiving state") while on probation or parole, and the receiving state shall accept such delinquent juvenile, if the parent, guardian or person entitled to the legal custody of such delinquent juvenile is residing or undertakes to reside within the receiving state. Before granting such permission, opportunity shall be given to the receiving state to make such investigations as it deems necessary. The authorities of the sending state shall send to the authorities of the receiving state copies of pertinent court orders, social case studies and all other available information which may be of value to and assist the receiving state in supervising a probationer or parolee under this compact. A receiving state, in its discretion, may agree to accept supervision of a probationer or parolee in cases where the parent, guardian or person entitled to the legal custody of the delinquent juvenile is not a resident of the receiving state, and if so accepted the sending state may transfer supervision accordingly.

(b) That each receiving state will assume the duties of visitation and of supervision over any such delinquent juvenile and in the exercise of those duties will be governed by the same standards of visitation and supervision that prevail for its own delinquent juveniles released on probation or parole.

(c) That, after consultation between the appropriate authorities of the sending state and of the receiving state as to the desirability and necessity of returning such a delinquent juvenile, the duly accredited officers of a sending state may enter a receiving state and there apprehend and retake any such delinquent juvenile on probation or parole. For that purpose, no formalities will be required, other than establishing the authority of the officer and the identity of the delinquent juvenile to be retaken and returned. The decision of the sending state to retake a delinquent juvenile on probation or parole shall be conclusive upon and not reviewable within the receiving state, but if, at the time the sending state seeks to retake a delinquent juvenile on probation or parole, there is pending against him within the receiving state any criminal charge or any proceeding to have him adjudicated a delinquent juvenile for any act committed in such state or if he is suspected of having committed within such state a criminal offense or
an act of juvenile delinquency, he shall not be returned without the consent of the receiving state until discharged from prosecution or other form of proceeding, imprisonment, detention or supervision for such offense or juvenile delinquency. The duly accredited officers of the sending state shall be permitted to transport delinquent juveniles being so returned through any and all states party to this compact, without interference.

(d) That the sending state shall be responsible under this Article for paying the costs of transporting any delinquent juvenile to the receiving state or of returning any delinquent juvenile to the sending state.

ARTICLE VIII. Responsibility for Costs.

(a) That the provisions of Articles IV(b), V(b) and VII(d) of this compact shall not be construed to alter or affect any internal relationship among the departments, agencies and officers of and in the government of a party state, or between a party state and its subdivisions, as to the payment of costs, or responsibilities therefor.

(b) That nothing in this compact shall be construed to prevent any party state or subdivision thereof from asserting any right against any person, agency or other entity in regard to costs for which such party state or subdivision thereof may be responsible pursuant to Articles IV(b), V(b), or VII(d) of this compact.

ARTICLE IX. Detention Practices.

That, to every extent possible, it shall be the policy of states party to this compact that no juvenile or delinquent juvenile shall be placed or detained in any prison, jail or lockup nor be detained or transported in association with criminal, vicious or dissolute persons.

ARTICLE X. Supplementary Agreements.

That the duly constituted administrative authorities of a state party to this compact may enter into supplementary agreements with any other state or states party hereto for the cooperative care, treatment and rehabilitation of delinquent juveniles whenever they shall find that such agreements will improve the facilities or programs available for such care, treatment and rehabilitation. Such care, treatment and rehabilitation may be provided, in an institution located within any state entering into such supplementary agreement. Such supplementary agreements shall

1. Provide the rates to be paid for the care, treatment and custody of such delinquent juveniles, taking into consideration the character of facilities, services and subsistence furnished:
2. Provide that the delinquent juvenile shall be given a court hearing prior to his being sent to another state for care, treatment and custody;
3. Provide that the state receiving such a delinquent juvenile in one of its institutions shall act solely as agent for the state sending such delinquent juvenile;
4. Provide that the sending state shall at all times retain jurisdiction over delinquent juveniles sent to an institution in another state;
5. Provide for reasonable inspection of such institutions by the sending state;
6. Provide that the consent of the parent, guardian, person or agency entitled to the legal custody of said delinquent juvenile shall be secured prior to his being sent to another state; and
7. Make provisions for such other matters and details as shall be necessary to protect the rights and equities of such delinquent juveniles and of the cooperating states.

ARTICLE XI. Acceptance of Federal and Other Aid.

That any state party to this compact may accept any and all donations, gifts and grants of money, equipment and services from the federal or any local govern-
ment, or any agency thereof and from any person, firm or corporation, for any of
the purposes and functions of this compact, and may receive and utilize, the
same subject to the terms, conditions and regulations governing such donations,
gifts and grants.

**ARTICLE XII. Compact Administrators.**

That the governor of each state party to this compact shall designate an officer
who, acting jointly with like officers of other party states, shall promulgate rules
and regulations to carry out more effectively the terms and provisions of this
compact.

**ARTICLE XIII. Execution of Compact.**

That this compact shall become operative immediately upon its execution by
any state as between it and any other state or states so executing. When exe-
cuted it shall have the full force and effect of law within such state, the form or
[of] execution to be in accordance with the laws of the executing state.

**ARTICLE XIV. Renunciation.**

That this compact shall continue in force and remain binding upon each exe-
cuting state until renounced by it. Renunciation of this compact shall be by the
same authority which executed it, by sending six months' notice in writing of its
intention to withdraw from the compact to the other states party hereto. The
duties and obligations of a renouncing state under Article VII hereof shall con-
tinue as to parolees and probationers residing therein at the time of withdrawal
until retaken or finally discharged. Supplementary agreements entered into under
Article X hereof shall be subject to renunciation as provided by such supplemen-
tary agreements, and shall not be subject to the six months' renunciation notice of
the present Article.

**ARTICLE XV. Severability.**

That the provisions of this compact shall be severable and if any phrase, clause,
sentence or provision of this compact is declared to be contrary to the constitu-
tion of any participating state or of the United States or the applicability thereof
to any government, agency, person or circumstances is held invalid, the validity
of the remainder of this compact and the applicability thereof to any government,
agency, person or circumstances shall not be affected thereby. If this compact
shall be held contrary to the constitution of any state participating therein, the
compact shall remain in full force and effect as to the remaining states and in full
force and effect as to the state affected as to all severable matters. (1963, c. 910,
s. 1; 1965, c. 925, s. 1.)

Editor's Note. — The 1965 amendment
substituted "may hold a hearing" for "shall
hold a hearing" near the beginning of the
fifth sentence of the first paragraph of
subsection (a) of Art. IV, inserted "either
with or without a hearing" near the begin-
ing of the sixth sentence of that para-
graph, substituted "may" for "shall upon
request" in the last sentence of the same
paragraph, substituted "ninety (90)" for
"thirty (30)" near the end of the first sen-
tence of the second paragraph of subsec-
tion (a) of Art. IV, and rewrote subsection
(c) of that article.

§ 110-59. Compact administrator.—Pursuant to said compact, the Gov-
ernor is hereby authorized and empowered to designate an officer who shall be
the compact administrator and who, acting jointly with like officers of other party
states, shall promulgate rules and regulations to carry out more effectively the
terms of the compact. Said compact administrator shall serve subject to the ple-
asure of the Governor. The compact administrator is hereby authorized, empow-
ered and directed to cooperate with all departments, agencies and officers of and
in the government of this State and its subdivisions in facilitating the proper ad-
inistration of the compact or of any supplementary agreement or agreements
entered into by this State hereunder. (1963, c. 910, s. 2.)
§ 110-60. Supplementary agreements.—The compact administrator is hereby authorized and empowered to enter into supplementary agreements with appropriate officials of other states pursuant to the compact. In the event that such supplementary agreement shall require or contemplate the use of any institution or facility of this State or require or contemplate the provision of any service by this State, said supplementary agreement shall have no force or effect until approved by the head of the department or agency under whose jurisdiction said institution or facility is operated or whose department or agency will be charged with the rendering of such service. (1963, c. 910, s. 3.)

§ 110-61. Discharging financial obligations imposed by compact or agreement.—The compact administrator, subject to the approval of the Director of the Budget, may make or arrange for any payments necessary to discharge any financial obligations imposed upon this State by the compact or by any supplementary agreement entered into thereunder. (1963, c. 910, s. 4.)

§ 110-62. Enforcement of compact.—The courts, departments, agencies and officers of this State and subdivisions shall enforce this compact and shall do all things appropriate to the effectuation of its purposes and intent which may be within their respective jurisdictions. (1963, c. 910, s. 5.)

§ 110-63. Additional procedure for returning runaways not precluded.—In addition to any procedure provided in Articles IV and VI of the compact for the return of any runaway juvenile, the particular states, the juvenile or his parents, the courts, or other legal custodian involved may agree upon and adopt any other plan or procedure legally authorized under the laws of this State and the other respective party states for the return of any such runaway juvenile. (1963, c. 910, s. 6.)

§ 110-64. Proceedings for return of runaways under Article IV of compact; “juvenile” construed.—The judge of any court in North Carolina to which an application is made for the return of a runaway under the provisions of Article IV of the Interstate Compact on Juveniles shall hold a hearing thereon to determine whether for the purposes of the compact the petitioner is entitled to the legal custody of the juvenile, whether or not it appears that the juvenile has in fact run away without consent, whether or not he is an emancipated minor, and whether or not it is in the best interest of the juvenile to compel his return to the state. The judge of any court in North Carolina finding that a requisition for the return of a juvenile under the provisions of Article IV of the compact is in order shall upon request fix a reasonable time to be allowed for the purpose of testing the legality of the proceeding. The period of time for holding a juvenile in custody under the provisions of Article IV of the compact for his own protection and welfare, subject to the order of a court of this State, to enable his return to another state party to the compact pursuant to a requisition for his return from a court of that state, not exceed thirty (30) days. In applying the provisions of Article IV of the compact to secure the return of a runaway from North Carolina, the courts of this State shall construe the word “juvenile” as used in this Article to mean any male 16 years of age or under and any female 18 years of age or under. Such application may be made on the behalf of any such blind person by the North Carolina State Commission for the Blind, or by any other person. The board of county commissioners shall cause an investigation to be made by a qualified person, or persons, designated as their agents for this purpose and shall pass upon the said application without delay, determine the eligibility of the applicant, and allow or disallow the relief sought. In passing upon the application, they may take into consideration the facts set forth in the said application, and any other facts that are deemed necessary, and may at any time, within their discretion, require an additional examination of the applicant's eyes by an ophthalmologist designated by the North Carolina State Commission for the Blind. When satisfied with the merits of the application, the board of county commissioners shall allow the same and grant to the applicant such relief as may be suitable and proper, according to the rules and standards established by the North Carolina State Commission for the Blind, not inconsistent with this article and in accordance with the further provisions hereof. (1937, c. 124, s. 3; 1939, c. 124; 1951, c. 319, s. 1; 1957, c. 674.)

Editor's Note—For comment on the enactment of this article and its application, see 15 N.C.L. Rev. 369.

§ 111-15. Eligibility for relief. — Blind persons having the following qualifications shall be eligible for relief under the provisions of this article:

1. Whose vision with glasses is insufficient for use in ordinary occupations for which sight is essential; and

2. Who are unable to provide for themselves the necessities of life and who have insufficient means for their own support and who have no relative or relatives or other persons in this State able to provide for them who are legally responsible for their maintenance; and

3. Who have been residents of the State of North Carolina one year immediately preceding the application; and

4. Who are not inmates of any charitable or correctional institution of this State or of any county or city thereof: Provided, that an inmate of such charitable institution may be granted a benefit in order to enable such person to maintain himself or herself outside of an institution; and

5. Who are not publicly soliciting alms in any part of the State, and who are not, because of physical or mental condition, in need of continuing institutional care. Provided, that the State agency shall, in determining need, take into consideration any other income and resources of
§ 111-16. Application transmitted to Commission; notice of award; review by Commission.—Promptly after an application for aid is made to the board of county commissioners under this article the North Carolina State Commission for the Blind shall be notified thereof by mail, by said county commissioners, and one of the duplicate applications for aid made before the board of county commissioners shall be transmitted with said notice.

As soon as any award has been made by the board of county commissioners, or any application declined, prompt notice thereof in writing shall be forwarded by mail to the North Carolina State Commission for the Blind and to the applicant, in which shall be fully stated the particulars of the award or the facts of denial.

Within a reasonable time, in accordance with rules and regulations adopted by the North Carolina State Commission for the Blind, after action by the board of county commissioners, the applicant, if dissatisfied therewith, may appeal directly to the North Carolina State Commission for the Blind. Notice of such appeal must be given in writing to the board of county commissioners, and within thirty days after the receipt of such notice the board of county commissioners shall transmit to the North Carolina State Commission for the Blind copies of all proceedings and documents, including the award or denial, which may be necessary for the hearing of the said appeal, together with the grounds upon which the action was based.

As soon as may be practicable after the receipt of the said notice of appeal, the North Carolina State Commission for the Blind shall notify the applicant of the time and place where the hearing of such appeal will be had. The members of the North Carolina State Commission for the Blind shall hear the said appeal under such rules and regulations not inconsistent with this article as it may establish, and shall provide for granting an individual whose claim for aid is denied an opportunity for fair hearing before said Commission, and their decision shall be final. Any notice required to be given herein may be given by mail or by personally delivering in writing such notice to the clerk of the board of county commissioners or the executive secretary of the North Carolina State Commission for the Blind, except that notice of the time and place where the hearings of such appeals will be had shall be given by mail or by personal delivery of such notice in writing direct to the applicant.

In all cases, whether or not any appeal shall be taken by the applicant, the North Carolina State Commission for the Blind shall carefully examine such award or decision, as the case may be, and shall, in their discretion, approve, increase, allow or disallow any award so made. Immediately thereafter they shall notify the board of county commissioners and the applicant of such action, and if the award made by the board of county commissioners is changed, notice thereof shall be given by mail to the applicant and the board of county commissioners, giving the extent and manner in which any award has been changed.

If, in the absence of any appeal by the applicant, the North Carolina State Commission for the Blind shall make any order increasing or decreasing the award allowing or disallowing the same, the applicant or the board of county commissioners shall have the right, within ten days from notice thereof, to have such order reviewed by the members of the North Carolina State Commission for the Blind. The procedure in such cases shall be as provided in this section on appeals to the Commission by the applicant. (1937, c. 124, s. 5.)
§ 111-17. Amount and payment of assistance; source of funds.—When the board of county commissioners is satisfied that the applicant is entitled to relief under the provisions of this article, as provided in § 111-14, they shall order necessary relief to be granted under the rules and regulations prescribed by the North Carolina State Commission for the Blind, to be paid from county, State and federal funds available, said relief to be paid in monthly payments from funds hereinafter mentioned.

At the time of fixing the annual budget for the fiscal year beginning July first, one thousand nine hundred thirty-seven and annually thereafter, the board of county commissioners in each county shall, based upon such information as they are able to secure and with such information as may be furnished to them by the North Carolina State Commission for the Blind, estimate the number of needy blind persons in such county who shall be entitled to aid under the provisions of this article and the total amount of such county's part thereof required to be paid by such county. All such counties shall make an appropriation in their budgets which shall be found to be ample to pay their part of such payments and, at the time of levying other taxes, shall levy sufficient taxes for the payment of the same. This provision shall be mandatory on all of the counties in the State. Such taxes so levied shall be and hereby are declared to be for this special purpose and levied with the consent of the General Assembly. Any court of competent jurisdiction is authorized by mandamus to enforce the foregoing provisions. No funds shall be allocated to any county by the North Carolina State Commission for the Blind until the provisions hereof have been fully complied with by such county.

In case such appropriation is exhausted within the year and is found to be insufficient to meet the county's part of the amount required for aid to the needy blind, such deficiency may be borrowed, if within constitutional limitations, at the lowest rate of interest obtainable, not exceeding six percent, and provision for payment thereof shall be made in the next annual budget and tax levy.

The board of county commissioners in the several counties of the State shall cause to be transmitted to the State Treasurer their share of the total amount of relief granted to the blind applicants. Such remittances shall be made by the several counties in equal monthly installments on the first day of each month, beginning July first, one thousand nine hundred thirty-seven. The State Treasurer shall deposit said funds and credit same to the account of the North Carolina State Commission for the Blind to be employed in carrying out the provisions of this article.

Within the limitations of the State appropriation, the maximum payment for aid to the blind is to be such as will make possible maximum matching funds by the federal government. (1937, c. 124, s. 6; 1961, c. 666, s. 3.)

§ 111-18. Payment of awards.—After an award to a blind person has been made by the board of county commissioners, and approved by the North Carolina State Commission for the Blind the North Carolina State Commission for the Blind shall thereafter pay to such person to whom such award is made the amount of said award in monthly payments, or in such manner and under such terms as the North Carolina State Commission for the Blind shall determine. Such payment shall be made by warrant of the State Auditor, drawn upon such funds in the hands of the State Treasurer, at the instance and request and upon a proper voucher signed by the executive secretary of the North Carolina State Commission for the Blind, and shall not be subject to the provisions of the Executive Budget Act as to approval of said expenditure. (1937, c. 124, s. 7.)

§ 111-19. When applications for relief made directly to State Commission; transfer of residence.—If any person, otherwise entitled to relief
under this article, shall have the residence requirements in the State of North Carolina, but no legal settlement in any one of the counties therein, his or her application for relief under this article shall be made directly to the North Carolina State Commission for the Blind, in writing, in which shall be contained all the facts and information sufficient to enable the said Commission to pass upon the merits of the application. Blank forms for such application shall be furnished by the North Carolina State Commission for the Blind. If the said Commission finds the applicant entitled to assistance within the rules and regulations prescribed by it, and consonant with the provisions of this article, relief shall be given to such person coming under the rules of eligibility to such extent as the North Carolina State Commission for the Blind may consider just and proper, but not in excess of the amounts specified in § 111-17. Payment of the benefits thus awarded, however, shall be made entirely out of the funds provided by the State, together with such funds which may be added thereto as federal grants in aid, and shall not be a charge upon the funds locally raised by taxation in the counties until such person shall have resided in some county for sufficient time to acquire a settlement therein; thereafter payments shall be made as in other cases.

Any recipient of aid to the blind who moves to another county in this State shall be entitled to receive aid to the blind in the county to which he has moved, and the board of county commissioners, or its authorized agent, of the county from which he has moved shall transfer all necessary records relating to the recipient to the board of county commissioners, or its authorized agent, of the county to which he has moved. The county from which the recipient moves shall pay the aid to such recipient for a period of three months following such removal, and thereafter aid to such recipient shall be paid by the county to which such recipient has moved subject to the rules and regulations of the North Carolina State Commission for the Blind. (1937, c. 124, s. 8; 1947, c. 374; 1965, c. 905.)

Editor's Note. — The 1965 amendment in the last sentence of the second paragraph deleted "not in excess of the amount paid" before removal, following "such removal"

§ 111-20. Awards subject to reopening upon change in condition.— All awards to needy blind persons made under the provisions of this article shall be made subject to reopening and reconsideration at any time when there has been any change in the circumstances of any needy blind person or for any other reason. The North Carolina State Commission for the Blind and the board of county commissioners of each of the counties in which awards have been made shall at all times keep properly informed as to the circumstances and conditions of the persons to whom the awards are made, making reinvestigations biannually, or more often, as may be found necessary. The North Carolina State Commission for the Blind may at any time present to the proper board of county commissioners any case in which, in their opinion, the changed circumstances of the case should be reconsidered. The board of county commissioners shall reconsider such cases and any and all other cases which, in the opinion of the board of county commissioners, deserve reconsideration. In all such cases notice of the hearing thereon shall be given to the person to whom the award has been made. Any person to whom an award has been made may apply for a reopening and reconsideration thereof. Upon such hearing, the board of county commissioners may make a new award increasing or decreasing the former award or leaving the same unchanged, or discontinuing the same, as it may find the circumstances of the case to warrant, such changes always to be within the limitations provided by this article and in accordance with the terms hereof.

Any changes made in such award shall be reported to the North Carolina State Commission for the Blind, and shall be subject to the right of appeal and review, as provided in § 111-16. (1937, c. 124, s. 9.)

§ 111-23. Misrepresentation or fraud in obtaining assistance. — Any person who shall obtain, or attempt to obtain, by means of a willful, false statement, or representation, or impersonation, or other fraudulent devices, assistance to which he is not entitled shall be guilty of a misdemeanor and upon conviction shall be punished by a fine of not more than five hundred ($500.00) dollars, or by imprisonment in the county jail for not more than three months, or by both such fine and imprisonment. The North Carolina State Commission for the Blind is hereby further empowered and authorized to receive grants in aid from the United States government for assistance to the blind and grants made for payment of cost of administering the State plan for aid to the blind, and all such grants so received hereunder shall be paid into the State treasury and credited to the account of the North Carolina State Commission for the Blind in carrying out the provisions of the article. (1937, c. 124, s. 13.)

§ 111-25. Acceptance and use of federal aid. — The Commission for the Blind may expend, under the provisions of the Executive Budget Act, such grants as shall be made for paying the cost of administering this chapter by the federal government under Title X of the Social Security Act. § 111-26. Termination of federal aid. — If for any reason there should be a termination of federal aid as anticipated in this article, then and in that event this article shall be ipso facto repealed and rendered null and void: Provided, however, such repeal shall not become effective or be in force unless and until the Governor of the State of North Carolina has issued a proclamation duly attested by the Secretary of the State of North Carolina to the effect that there has been a termination of such federal aid. In the event that this article should be ipso facto repealed as herein provided, the State funds on hand shall be converted into the general fund of the State for such use as may be authorized by the Director of the Budget, and the county funds accumulated by the provisions of this article in the respective counties of the State shall be converted into the general fund of such counties for such use as may be authorized by the county commissioners. The Executive Budget Act shall apply to the operation of such enterprises as to all appropriations made by the State to aid in the organization and the establishment of such businesses. Purchases and sales of merchandise or equipment, the payment of rents and wages to blind persons operating such businesses, and other expenses thereof, from funds derived from local subscriptions and from the day by day operations shall not be subject to the provisions of law regulating purchases and contracts, or to the deposit and disbursement thereof applicable to State funds but shall be supervised by the State Commission for the Blind. All of the business operations under this law, however, shall be subject to regular audits by the State Auditor. (1945, c. 72, s. 2.)

§ 111-30. Personal representatives for certain recipients of aid to the blind.—If any otherwise qualified applicant for or recipient of aid to the blind is or shall become unable to manage the assistance payments, or otherwise fails so to manage, to the extent that deprivation or hazard to himself or others results, a petition may be filed by a relative of said blind person, or other interested person, or by the Director of Public Welfare before the appropriate court under § 111-31, in the form of a verified written application for the appointment of a personal representative for the purpose of receiving and managing public assistance payments for any such recipient, which application shall allege one or more of the above grounds for the legal appointment of such personal representative.

The court shall summarily order a hearing on the petition and shall cause the applicant or recipient to be notified at least five days in advance of the time and place for the hearing. Findings of fact shall be made by the court without a jury, and if the court shall find that the applicant for or recipient of aid to the blind is unable to manage the assistance payments, or otherwise fails so to manage, to the extent that deprivation or hazard to himself or others results, the court may thereupon enter an order embracing said findings and appointing some responsible person as personal representative of the applicant or recipient for the purposes set forth herein. SUBCHAPTER II. STATE FORESTS AND PARKS.

ARTICLE 2.

Acquisition and Control of State Forests and Parks.

§ 113-29. Policy and plan to be inaugurated by Division of Forestry. —The Department of Conservation and Development through the Division of Forestry shall inaugurate the following policy and plan looking to the cooperation with private and public forest owners in this State insofar as funds may be available through legislative appropriation, gifts of money or land, or such cooperation with landowners and public agencies as may be available:

1. The extension of the forest fire prevention organization to all counties in the State needing such protection.

2. To cooperate with federal and other public agencies in the restoration of forest growth on land unwisely cleared and subsequently neglected.

3. To furnish trained and experienced experts in forest management, to inspect private forest lands and to advise with forest landowners with a view to the general observance of recognized and practical rules of growing, cutting and marketing timber. The services of such trained experts of the Department must naturally be restricted to those landowners who agree to carry out so far as possible the recommendations of said Department.

4. To prepare and distribute printed and other material for the use of teachers and club leaders and to provide instruction to schools and clubs and other groups of citizens in order to train the younger generation in the principles of wise use of our forest resources.

5. To acquire small areas of suitable land in the different regions of the State on which to establish small, model forests which shall be developed and used by the said Department of Conservation and Development as State demonstration forests for experiment and demonstration in forest management. (1939, c. 317, s. 1.)

§ 113-29.1. Growing of timber on unused State lands authorized. —The Department of Administration may allocate to the Department of Conservation and Development, for management as a State forest, any vacant and unappropriated lands, any marsh lands or swamp lands, and any other lands title to which is vested in the State or in any State agency or institution, where such lands are not being otherwise used and are not suitable for cultivation. Lands under the supervision of the Wildlife Resources Commission and designated and in use as wildlife management areas, refuges, or fishing access areas and lands used as Research Stations shall not be subject to the provisions of this section. The Department of Conservation and Development, through the Division of Forestry, shall plant timber-producing trees on all lands allocated to it for that purpose by the Department of Administration. The Director of Conservation and Development may contract with the appropriate prison authorities for the furnishing, upon such conditions as may be agreed upon from time to time between such prison authorities and the Director of Conservation and Development, of prison labor for use in the planting, cutting, and removal of timber from State forests which are under the management of the Forestry Division. (1957, c. 584, s. 1.)
§ 113-30. Use of lands acquired by counties through tax foreclosures as demonstration forests.—The boards of county commissioners of the various counties of North Carolina are herewith authorized to turn over to the said Department of Conservation and Development title to such tax delinquent lands as may have been acquired by said counties under tax sale and as in the judgment of the State Forester may be suitable for the purposes named in § 113-29, subdivision (5). (1939, c. 317, s. 2.)

§ 113-31. Procedure for acquisition of delinquent tax lands from counties.—In the carrying out of the provisions of § 113-30, the several boards of county commissioners shall furnish forthwith on written request of the Department of Conservation and Development a complete list of all properties acquired by the county under tax sale and which have remained unredeemed for a period of two years or more. On receipt of this list the State Forester of the Department of Conservation and Development shall have the lands examined and if any one or more of these properties is in his judgment suitable for the purposes set forth in § 113-30, request shall be made through the Director of said Department to the county commissioners for the acquisition of such land by the Department at a price not to exceed the actual amount of taxes due without penalties. On receipt of this request the county commissioners shall make permanent transfer of such tract or tracts of land to the Department through fee simple deed or other legal transfer, said deed to be approved by the Attorney General of North Carolina, and shall then receive payment from the Department as above outlined. (1939, c. 317, s. 3.)

§ 113-32. Purchase of lands for use as demonstration forests.—Where no suitable tax-delinquent lands are available and in the judgment of the Department of Conservation and Development the establishment of a demonstration forest is advisable, the Department may purchase sufficient land for the establishment of such a demonstration forest at a fair and agreed-upon price, the deed for such land to be subject to approval of the Attorney General, but nothing in §§ 113-29 to 113-33 shall allow the Department of Conservation and Development to acquire land under the right of eminent domain. (1939, c. 317, s. 4.)

§ 113-33. Forest management appropriation.—Necessary funds for carrying out the provisions of §§ 113-29 and 113-30 to 113-33 shall be set up in the regular budget as an item entitled "forest management." (1939, c. 317, s. 5.)

§ 113-34. Power to acquire lands as State forests, parks, etc.; donations or leases by United States; leases for recreational purposes; rules governing public use.—The Governor of the State is authorized upon recommendation of the Board of Conservation and Development to accept gifts of land to the State, the same to be held, protected, and administered by said Board as State forests, and to be used so as to demonstrate the practical utility of timber culture and water conservation, and as refuges for game. Such gifts must be absolute except in such cases as where the mineral interest on the land has previously been sold. The State Board of Conservation and Development shall have the power to purchase lands in the name of the State, suitable chiefly for the production of timber, as State forests, for experimental, demonstration, educational, park, and protection purposes, using for such purposes any special appropriations or funds available. The State Board of Conservation and Development shall also have the power to acquire by condemnation under the provisions of chapter forty, such areas of land in different sections of the State as may in the opinion of the Department of Conservation and Development be necessary for the purpose of establishing and/or developing State forests, State parks and other areas and developments essential to the effective operation of the State forestry and State park activities with which the Department of Conservation and Development has been or may be entrusted. Such condemnation proceedings shall be instituted and prosecuted in the name of the State of North Carolina,
§ 113-34

and any property so acquired shall be administered, developed and used for experiment and demonstration in forest management, for public recreation and for such other purposes authorized or required by law: Provided, that before any action or proceeding under this section can be exercised, the approval of the Governor and Council of State shall be obtained and filed with the clerk of the superior court in the county or counties where such property may be situate, and until such approval is obtained, the rights and powers conferred by this section shall not be exercised. The Attorney General of the State is directed to see that all deeds to the State for land mentioned in this section are properly executed before the gift is accepted or payment of the purchase money is made.

The Board of Conservation and Development is further authorized and empowered to accept as gifts to the State of North Carolina such forest and submarginal farm land acquired by said federal government as may be suitable for the purpose of creating and maintaining State-controlled forests, game refuges, public shooting grounds, State parks, State lakes, and other recreational areas, or to enter into long-time leases with the federal government for such areas and administer them with such funds as may be secured from their administration in the best interest of long-time public use, supplemented by such necessary appropriations as may be made by the General Assembly. The Department of Conservation and Development is further empowered to segregate State hunting and fishing licenses, use permits, and concessions and other proper revenue secured through the administration of such forests, game refuges, public shooting grounds, State parks, State lakes, and other recreational areas to be deposited in the State treasury to the credit of the Department to be used for the administration of these areas.

The Department of Conservation and Development, with the approval of the Governor and Council of State, is further authorized and empowered to enter into leases of lands and waters for State parks, State lakes and recreational purposes; and the State Department of Conservation and Development may construct, operate and maintain on said lands and waters suitable public service facilities and conveniences and may charge and collect reasonable fees for

(1) The erection, maintenance and use of docks, piers and such other structures as may be permitted in or on said waters under its own regulations;

(2) Fishing privileges in said waters, provided that such privileges shall be extended only to holders of bona fide North Carolina fishing licenses, and provided further that all State fishing laws and regulations are complied with.

The Department of Conservation and Development may make reasonable rules and regulations for the operation and use of boats or other craft on the surface of the said waters but shall not be authorized to charge or collect fees for such operation or use.

The Department may make reasonable rules for the regulation of the use by the public of said lands and waters and of public service facilities and conveniences constructed thereon, and said regulations shall have the force and effect of law and any violation of such regulations shall constitute a misdemeanor and shall be punishable by a fine of not more than fifty dollars ($50.00) or imprisonment of not more than thirty (30) days.

The authority herein granted is in addition to other authority now held and exercised by the Department of Conservation and Development. (1915, c. 253, s. 1; C. S., s. 6124; 1925, c. 122, s. 22; 1935, c. 226; 1941, c. 118, s. 1; 1951, c. 443; 1953, c. 1109; 1957, c. 988, s. 2; 1965, c. 1008, s. 1.)

All liability, except as otherwise provided hereinafter, that may arise either under the laws of the requesting state or under the laws of the aiding state or under the laws of a third state on account of or in connection with a request for aid, shall be assumed and borne by the requesting state.

Any member state rendering outside aid pursuant to this compact shall be reimbursed by the member state receiving such aid for any loss or damage to, or expense incurred in the operation of any equipment answering a request for aid, and for the cost of all materials, transportation, wages, salaries, and subsistence of employees and maintenance of equipment incurred in connection with such request: Provided, that nothing herein contained shall prevent any assisting member state from assuming such loss, damage, expense or other cost or from loaning such equipment or from donating such service to the receiving member state without charge or cost.

Each member state shall provide for the payment of compensation and death benefits to injured employees and the representatives of deceased employees in case employees sustain injuries or are killed while rendering outside aid pursuant to this compact, in the same manner and on the same terms as if the injury or death were sustained within such state.

For the purposes of this compact the term employee shall include any volunteer or auxiliary legally included within the forest fire fighting forces of the aiding state under the laws thereof.

The final judgment in any such proceeding shall either dismiss the proceeding or direct that a writ of mandamus or an injunction, or both, issue as prayed for in the petition or in such modified or other form as the court may determine will afford appropriate relief. (1933, c. 178, s. 5.)

of Conservation and Development of the terms of such sale, transfer or assignment, and unless the Director of the Department of Conservation and Development shall consent thereto, and if the Director of the Department of Conservation and Development shall require it, unless the purchaser thereof shall agree that such real estate shall remain subject to the regulations and supervision of the Director of the Department of Conservation and Development for such period as the latter may require;

(2) Pay interest returns on its mortgage indebtedness at a higher rate than six per centum per annum without the consent of the Director of the Department of Conservation and Development;

(3) Mortgage any real property without first having obtained the consent of the Director of the Department of Conservation and Development.

(1933, c. 178, s. 13.)

§ 113-74. The notes or bonds so issued and secured and the mortgage or trust indenture relating thereto may contain such clauses and provisions as shall be approved by the Director of the Department of Conservation and Development, including the right to enter into possession in case of default; but the operations of the mortgagee or receiver entering in such event or of the purchaser of the property upon foreclosure shall be subject to the regulations of the Director of the Department of Conservation and Development for such period as the mortgage or trust indenture may specify. (3) The Director of the Department of Conservation and Development shall be satisfied that the project gives reasonable assurance of the operation of the forests involved on a sustained yield basis except insofar as the Director of the Department of Conservation and Development shall consider the same impracticable.

(4) The corporation proposing such project shall agree that the project shall at all times be subject to the supervision and inspection of the Director.

at all times comply with such rules and regulations concerning the
project as the Director of the Department of Conservation and Devel-

§ 113-76. Application of corporate income.—The gross annual income
of any such corporation, whether received from sales of timber, timber operations,
stumpage permits or other sources, shall be applied as follows: First, to the pay-

§ 113-81.1. Authority to render scientific forestry services.—The
North Carolina Department of Conservation and Development is hereby au-

§ 113-81.6. Duty of Wildlife Resources Commission.—The Wildlife Resources Commission is hereby authorized and directed to relieve all wildlife protectors of responsibility for the distribution of licenses to license agents and of accountability for the proceeds of the sale thereof as soon as may be practicable after July 1, 1962; provided, however, the Commission may require the services of any wildlife protector for the purpose of implementing the provisions of this article, for purposes of investigation and inspection of any hunting and fishing license agent or any applicant for the position of hunting and fishing license agent, and for the purpose of delivering licenses to any agent in any case of emergency. (1961, c. 352, s. 3.)

§ 113-81.7. Authority of the Commission.—The Wildlife Resources Commission is hereby authorized and empowered:

1. To appoint qualified persons, firms, or corporations to the position of State hunting and fishing license agent.

Such bond may be a blanket bond with corporate surety selected by the Executive Director. Any public official who is required to post an official bond, which in the judgment of the Executive Director is sufficient to protect the State against losses of licenses and license proceeds, may be authorized to sell hunting and fishing licenses without giving the bond required by this section. (1961, c. 352, s. 7.)

§ 113-81.11. Duties of license agents.—Each State hunting and fishing license agent shall:

Penalties; dismissal of agents.—(a) The failure of any State hunting and fishing license agent to perform any of the duties set forth in the preceding section [§ 113-81.11], or failure to comply with any regulation adopted pursuant to this article, shall be cause for immediate dismissal of such agent.

Before such a permit to take for scientific purposes is issued, the applicant must file written testimonials from two well known ornithologists or zoologists and pay the sum of two dollars ($2.00) for the permit, but duly accredited representatives of public educational or scientific institutions, or governmental departments of the United States engaged in the scientific study of birds and animals, may be granted such a permit without endorsements or charge or without being required to obtain a hunting license. Game birds and game animals lawfully taken may be possessed during the open season therefor and the first ten (10) days next succeeding the close of such open season, but a person may not have in possession at any one time more than two (2) deer, two (2) wild turkeys and two days' bag limit of other game animals or game birds.

Notwithstanding any other provisions of this section or any other section of law, it shall not be unlawful for any person to possess game birds and game animals for a period longer than ten (10) days next succeeding the close of the open season during which such birds or animals were lawfully taken, provided a written declaration of the kinds and amounts of birds or animals so possessed is filed with the county game and fish protector within ten (10) days of the close of the season during which such birds or animals were taken, but the amount and kinds of such birds and animals possessed at any one time shall not exceed the limitations imposed by law on the possession of any such birds or animals.

The bag limit, possession limit and open seasons on dove and all other migratory birds and wild fowl shall be the same as that prescribed by the United States biological survey legislation irrespective of bag limits, possession limits and seasons set forth by the North Carolina Game Law. (1935, c. 486, s. 17; 1949, c. 1205, s. 1.)

§ 113-102. Protected and unprotected game.—(a) Birds and animals for which no open season is provided shall be classed as protected and it shall be unlawful to take or possess them at any time. Unprotected birds and animals may be taken, possessed, bought, sold and transported at any time in any manner.

(b) Unprotected Birds: English sparrows, great horned owls, Cooper's hawks, sharp-shinned hawks, crows, jays, blackbirds, starlings and buzzards and their nests and eggs.

(c) Unprotected Animals: Wildcats, weasels and skunks; provided, that unprotected birds and animals may not be killed by the use of poison or dynamite except under permit issued by the Commissioner.

(d) No person shall take squirrels at any time in any public park. It shall be unlawful at any time to buy, or sell, rabbits or squirrels for the purpose of resale.
§ 113-103. Unlawful possession. — The possession, transportation, purchase or sale of any dead game animals, dead game birds, or parts thereof during the closed season in North Carolina, though said animals, birds, or any parts thereof were taken or killed without the State in the open season in such state, shall be unlawful; and the possession of same shall be prima facie evidence of the violation thereof: Provided, said animals or birds or parts thereof belong to any one of the family or classes protected by the North Carolina Game Law as amended to date.

The Commissioner, all game protectors, deputy game protectors and refuge keepers shall have the power to enter and search any refrigeration plant, refrigerators and ice boxes of all public refrigerating storage plants, meat shops, hotels, restaurants, or other public eating places, in which such officer, making such search, has reasonable grounds to believe that game taken, killed or stored in violation of the North Carolina Game Law has been concealed or stored, and which will furnish evidence of a violation of such laws; and such search may be made without warrant, except that no dwelling may be searched without a warrant. (1935, c. 486, s. 19.)

§ 113-104. Manner of taking game.—No person shall at any time of the year take in any manner, number, or quantity any wild bird or wild animal, or take the nests or eggs of any wild bird, or possess, buy, sell, offer or expose for sale, or transport at any time or in any manner any such bird, animal, or part thereof, or any birds’ nests or eggs, except as permitted by this article; the possession of any game animals, or game birds or part of such animals or game birds, except those expressly permitted by the Board, in any hotel, restaurant, cafe, market or store, or by any produce dealer in this State shall be prima facie evidence of the possession thereof for the purpose of sale in violation of the provisions of this article; but this provision shall not be construed to prohibit the person lawfully obtaining game from having it prepared in a public eating place and served to himself and guest: Provided, however, that for the purpose of this article any person hiring another to kill aforesaid game animals or game birds and receiving same shall be deemed buying same, and subject to the penalties of this article. Game birds and game animals shall be taken only in the daytime, between sunrise and sunset, with a shotgun not larger than number ten (10) gauge, a rifle, or with bow having minimum pull of forty-five (45) pounds and nonpoisonous, nonbarbed, nonexplosive arrow with minimum broadhead width of seven-eighths of an inch, unless otherwise specifically permitted by this article: Provided, however, blunt type arrowheads may be used in taking game birds and small game animals including, but not by way of limitation, rabbits, squirrels, quail, grouse, turkeys and pheasants. No person shall take any game animals or game birds or migratory game birds from any automobile, or from any engine powered or self-propelled vehicle or any vehicle especially equipped to provide
facilities for taking deer by any unlawful means, or by aid of or with the use of any jacklight, or other artificial light, net, trap, snare, fire, salt lick or poison; nor shall any such jacklight, net, trap, snare, fire, salt lick or poison be used or set to take any animals or birds; nor shall birds or animals be taken at any time from an airplane, power boat, sailboat, or any boat under sail, or any floating device towed by a power boat or sailboat or, during the hours between sunset and sunrise, from any other floating device; nor shall any person take any dove, wild turkey, or upland game bird on any field, or in any cover in which corn, wheat, or other grain has been deposited for the purpose of drawing such birds thereto. However, it shall be lawful to use an artificial light when hunting raccoons or opossum with dogs, or when hunting frogs. A person may take game birds and wild animals during the open season therefor with the aid of dogs, unless specifically prohibited by this article. It shall be lawful for individuals and organized field trial clubs or associations for the protection of game, to run trials or train dogs at any time: Provided, that no shotgun be used and that no game birds or game animals shall be taken during the closed season by reason thereof. The Board shall have, and is hereby given, full power and authority to make regulations defining the manner of taking fur-bearing animals and to prohibit the use of steel traps in any county or districts of the State when it shall appear necessary and advisable to the said Board. Any person who shall cut down den trees in taking game or fur-bearing animals shall be guilty of a misdemeanor.

It shall be unlawful for any person or persons to hunt with guns or dogs upon the lands of another without first having obtained permission from the owner or owners of such lands, and said permission so obtained may be continuous for one open hunting season only.

It shall be unlawful for any person to hunt, take or kill any upland game birds, squirrels or rabbits with or by means of any automatic-loading or hand-operated repeating shotgun capable of holding more than three shells, the magazine of which has not been cut off or plugged with a one-piece metal or wooden filler incapable of removal through the loading end thereof, so as to reduce the capacity of said gun to not more than three shells at one time in the magazine and chamber combined. It shall be unlawful for any person while hunting wild birds and animals with a gun to refuse to surrender such gun for inspection upon request of a duly authorized officer. It shall also be unlawful to shoot any such birds while such birds are sitting on the ground.

It shall be unlawful for any person to possess, sell, or offer for sale any noose-type commercially-manufactured snare by which an animal may be entangled and caught.

It shall be unlawful for any person to take or kill or attempt to take or kill any deer from or through the use of any boat or other floating device; provided that this section shall not prohibit the transportation of hunters or their legally taken game by means of any boat or other floating device, and shall not prohibit the hunter shooting from his stand, if such stand is not within or a part of such boat or floating device. This paragraph shall not apply to the counties of Beaufort, Bertie, Burke, Camden, Carteret, Cherokee, Chowan, Columbus, Craven, Cumberland, Currituck, Dare, Edgecombe, Gates, Hertford, Hoke, Lenoir, Martin, Northampton, Pamlico, Pasquotank, Perquimans, Person, Robeson, Sampson, Surry, Swain, Tyrrell, Washington, Wayne and Yadkin. (C. S., s. 2124: 1935, c. 486, s. 20; 1939, c. 235, s. 1; 1949, c. 1205, s. 3; 1955, c. 104; 1959, cc. 207, 500; 1961, c. 1182; 1963, c. 381; c. 697, ss. 1, 3½.)

Editor’s Note.—The first 1963 amendment inserted the words “or from any engine powered or self-propelled vehicle or any vehicle especially equipped to provide facilities for taking deer by any unlawful means” near the beginning of the third sentence. The second 1963 amendment added the last paragraph.

§ 113-105. License to engage in business of game propagation; sale and transportation regulated. — Any person desiring to engage in the business of propagating in captivity upland game birds, ducks and geese, or any of them on land of which he is the owner or lessee and selling same pursuant to the provisions of this section, may make application in writing to the Commissioner for a license to do so. The Commissioner, when it shall appear that such application is made in good faith, shall upon the payment of a fee of two dollars ($2.00), issue to each applicant a license permitting such licensee to propagate such game birds on land of which he is the owner or lessee, the location of which shall be stated in such application and such license; to sell and ship such propagated game birds in the State from the State alive at any time for breeding or stocking purposes and take such propagated game birds except quail and wild turkey in any manner and at any time and sell the carcasses for food as hereinafter prescribed: Provided, that propagated upland game birds may be killed by shooting only during the open season as established by the Board; and, provided further, that propagated migratory game birds may be killed by shooting only during the open season for migratory game birds. Each such license shall expire on the thirty-first day of December of the year in which it is issued. Each holder of a game bird propagating license shall keep such license prominently displayed at the place of business specified therein.

Every person holding a game bird propagating license issued by the Commissioner shall keep accurate, written records, showing the number of game birds of each species propagated, bought, or sold, and the disposition thereof. These records shall be kept permanently on the premises stated in such license and shall be open for inspection by any duly authorized representative of the Commissioner at all reasonable times.

Migratory game birds propagated in accordance with this section shall not be bought or sold for food, unless each bird before attaining the age of four weeks, shall have had removed from the web of one foot a portion thereof in the form of a “V” large enough to make a well-defined mark, which shall be sufficient to identify it as a bird propagated in accordance with this section of the North Carolina Game Law. Migratory game birds propagated in accordance with this section may be bought, sold or offered for sale for food only after being tagged with an indestructible metal tag which shall be supplied by the Board.

Common carriers shall receive and transport game birds tagged as aforesaid but to every package containing such propagated game birds shall be affixed a tag or label upon which shall plainly be printed or written the name, address and license number of the person by whom such propagated game birds are shipped and the name and address of the person to whom such propagated game birds are to be transported and number of each kind contained therein. The Board shall be entitled to receive and shall collect for each tag to be affixed to the carcass of each game bird propagated, in accordance with this section, the sum of five cents. The said tags shall remain affixed as aforesaid until the carcasses of such propagated game birds shall be finally prepared for consumption: Provided, that the owner or proprietor of a hotel, restaurant, boardinghouse, or the manager of a club, may sell a portion of a tagged game bird to a guest, customer, or member, for consumption on the premises.

The proprietor or keeper of a hotel, restaurant or cafe, boardinghouse or club, desiring to serve game to his patrons, may make application to the Department of Conservation and Development for a license to do so. The Department, when it shall appear that such application is made in good faith, shall upon the payment of a fee of ten dollars ($10.00) issue to each such applicant a license permitting the holder thereof to buy and possess game birds lawfully tagged, and to serve such game to his patrons for consumption at any time, but only on the premises, the location of which shall be definitely stated in such license and the application therefor. Each such license to serve game birds shall expire on the
§ 113-105.1. Possession, sale and transportation of certain ring-necked pheasants and chukar partridges legalized.—Nothing herein contained shall be deemed or held to prohibit or to render unlawful any market, store or any produce dealer in this State from possession, buying, selling, offering or exposing for sale or transporting, at any time or in any manner, any ring-necked pheasants or chukar partridges, or carcasses thereof, propagated in captivity and tagged with an indestructible metal tag as provided for by G.S. 113-105. (1957, c. 1007.)

§ 113-106. Unlawful transportation. — No common carrier or employee of such carrier shall, while engaged in such business, transport for the owner any wild animals or birds or any part thereof, or nest or eggs of any bird, nor shall any such carrier or employee knowingly receive or possess the same for shipment for another, unless the person offering the same for shipment is in possession of a valid hunting license or collecting permit. A person who is a resident of this State may transport within the State during the open season therefor, game birds and game animals lawfully taken. A person who is a nonresident of the State and a holder of a valid nonresident hunting license, may, under a permit issued by the Commissioner, transport within this State, or from a point within to a point without, during the open season therefor, game birds and game animals or parts thereof lawfully taken by him, but he shall not transport out of the State during any one open season more than two male deer and two wild turkeys, or during one calendar week more than two days' bag limit of other game animals and game birds. A person may transport, buy, or sell at any time or in any manner, nongame animals and the fur of fur-bearing animals lawfully taken and tagged. A person may transport, and possess at any time and in any manner the head, antlers, hides, feet or skin of game animals or game birds lawfully taken. A person may buy and sell at any time the mounted specimens of heads, antlers, hides and feet of game animals, and the skins of game birds lawfully taken and possessed: Provided, the person selling such specimens has a written permit issued by the Commissioner, authorizing him to do so. (1935, c. 486, s. 22; 1941, c. 231, s. 1.)

§ 113-107. Marking packages in which game transported. — Any package in which any wild animal or bird or parts thereof or egg or nest of any wild bird is transported shall have clearly and conspicuously marked on the outside thereof, the names and addresses of the consignor and consignee, together with an accurate statement of the number and kinds of animals or birds or parts thereof, or eggs or nests, contained therein. (1935, c. 486, s. 23.)
§ 113-108. Privately owned public hunting grounds.—In order to improve hunting, to open to the hunting public lands well stocked with game, and to give landowners some income through game protection and propagation, the State of North Carolina, through the Department of Conservation and Development, is authorized to recognize, list, and assist the owners in protecting their lands which are a part of public hunting grounds organized under this section of the North Carolina Game Law, subject to the following conditions, stipulations, and such rules as the Conservation Board may adopt for the regulation of said hunting grounds:

(1) The minimum area recognized under this article is one thousand (1,000) acres;

(2) Owners of land included in a hunting ground formed under this article must organize, adopt rules and regulations for the operation of said hunting grounds, and be recognized by the Department of Conservation and Development before such hunting grounds are put into operation under this article;

(3) The Department of Conservation and Development will list and assist in advertising such public hunting grounds as are formed under this article, subject to such rules and regulations as may be adopted by the Board from time to time, and in accordance with the North Carolina Game Law and this article. The Department of Conservation and Development will furnish at cost to the owners of public hunting grounds posters to be used in posting such lands, such posters to state that the lands are posted under this section of the North Carolina Game Law and in case of withdrawal of recognition by the Department such posters shall be removed from the land affected within ten days after notice to owner or owners;

(4) Owners of public hunting grounds shall require of each and every hunter the prescribed hunting licenses as set forth elsewhere in the North Carolina Game Law;

(5) The owners of public hunting grounds may require of each and every hunter a per day rate for hunting, rates to be approved by the Department of Conservation and Development, said rates not to exceed four dollars ($4.00). In addition to charges for privileges of shooting game, landowners may charge a dog hire when landowners furnish dogs, dogs to be furnished only by request of the hunter;

(6) When any group of owners of a public hunting ground, organized under this article, decide to promote the hunting of certain kinds of game, said kinds of game used for stocking to be propagated in game breeding plants organized and operated under the game and other laws of North Carolina, the owner shall be permitted to charge hunters such fees and rates as are approved by the Board of Conservation and Development;

(7) No hunter is allowed to quit the hunting grounds at the end of the day's or part of a day's hunting without seeing the authority who gave him permission to hunt on said hunting grounds and paying all accounts due said authority;

(8) No construction or interpretation shall be put on this section or any part thereof as to permit the sale of dead game killed in accordance with this article, abrogate the bag limits, time of hunting, open and closed seasons as prescribed elsewhere in the North Carolina Game Law;

(9) No person shall hunt or discharge firearms upon any public hunting grounds organized under this section without being accompanied by one of the landowners or a personal representative of one landowner, or after securing, on the day of the hunt, or day preceding the hunt, written permission to hunt under the authority of this article, said

Upon the second offense, a person convicted thereof shall be fined not less than thirty-five dollars ($35.00) nor more than two hundred dollars ($200.00), or by imprisonment for not more than six months, or both in the discretion of the court. Any person, firm, or corporation who buys or sells, or offers to buy or sell, game birds or game animals in violation of the provisions of this article shall, upon conviction thereof, be fined not less than fifty dollars ($50.00) or imprisoned for not more than sixty days, or both fined and imprisoned in the discretion of the court. In all cases of conviction under this article, the court in which such conviction is had shall revoke and require the surrender of any hunting license then held by the person so convicted, which license shall be forwarded together with the record of such conviction to the Wildlife Resources Commission. Such revocation of license shall be mandatory for the remainder of the period for which the license was issued, and any person whose license has been revoked who procures or uses any other hunting license, or hunts with gun or dogs without a license during this period shall be guilty of a misdemeanor, and shall, upon conviction, be fined not less than fifty dollars ($50.00) or imprisoned for not less than thirty days, and in addition shall have his license buying privilege suspended for an additional year following such conviction. The flashing or display of any artificial light from any highway or public or private driveway so that the beam thereof is visible for a distance of as much as fifty feet from such highway or public or private driveway, or such flashing or display of such artificial light at any place off such highway or driveway, when such acts are accompanied by the possession of firearms or bow and arrow during the hours between sunset and sunrise, except as authorized herein for the hunting of raccoons, opossums, or frogs, shall constitute prima facie evidence of a violation of the provisions of the preceding sentence.

(c) It shall be unlawful for any person, or group of persons, to take, attempt to take, or have in possession doe (female) deer in violation of the provisions of...
article 7 of chapter 113 of the General Statutes. Any person who takes, attempts to take, or has in possession doe (female) deer in violation of this article shall, upon conviction, be fined not less than one hundred dollars ($100.00) or imprisoned not less than ninety days, or both fined and imprisoned in the discretion of the court.

(d) Any person who shall take or attempt to take wild turkey during the closed season thereon as established by the Wildlife Resources Commission, or any person who shall take or attempt to take wild turkey during the open season as established by the Wildlife Resources Commission by the use of any unlawful means or method as defined in G.S. 113-104, shall, upon conviction, be fined not less than one hundred dollars ($100.00) or imprisoned for not less than ninety (90) days, or both in the discretion of the court.

(e) Any person who shall take or kill or attempt to take or kill any deer from any boat or other floating device in violation of the provisions of this article shall be guilty of a misdemeanor and, upon conviction thereof, shall be fined not less than fifty dollars ($50.00) nor more than one hundred dollars ($100.00), or imprisoned for not less than thirty (30) days nor more than sixty (60) days, in the discretion of the court. This subsection shall not apply to the counties of Beaufort, Bertie, Burke, Camden, Carteret, Cherokee, Chowan, Columbus, Craven, Cumberland, Currituck, Dare, Edgecombe, Gates, Hertford, Hoke, Lenoir, Martin, Northampton, Pamlico, Pasquotank, Perquimans, Person, Robeson, Sampson, Surry, Swain, Tyrrell, Washington, Wayne and Yadkin.

(f) The provisions of this section relating to penalties shall not apply in the case of deer killed while destroying crops on the land owned or leased by the person killing such deer. (1935, c. 486, s. 25; 1939, c. 235, s. 2; c. 269; 1941, c. 231, s. 2; c. 288; 1945, c. 635; 1949, c. 1205, s. 4; 1953, c. 1141; 1963, c. 147; c. 697, ss. 2, 3, 16; 1965, c. 616.)

Local Modification.—Buncombe: 1941, c. 156; Pitt: 1941, c. 285.

Editor's Note.—The first 1963 amendment inserted subsection (d) and the second 1963 amendment inserted present subsection (e). Former subsection (e) has been redesignated (f).

The 1965 amendment added in subsection (d) the provision as to taking wild turkey during open season by use of any unlawful means.

Editor's Note.—The repealing act provided: “The repeal of this section shall not affect the legal status of any local law listed thereunder as the same was prior to the adoption of the General Statutes of North Carolina by the General Assembly of one thousand nine hundred and forty-three.” Session Laws 1945, c. 844, repealed the portion of this section relating to Duplin County.

(1931, c. 143, s. 5.)

ARTICLE 9.

Federal Regulations on Federal Lands.

§ 113-113. Legislative consent; violation made a misdemeanor.—The consent of the General Assembly of North Carolina is hereby given to the making by the Congress of the United States, or under its authority, of all such rules and regulations as the federal government shall determine to be needful in respect to game animals, game and nongame birds, and fish on such lands in the western part of North Carolina as shall have been, or may hereafter be, purchased by the United States under the terms of the act of Congress of March first, one thousand nine hundred and eleven, entitled “An act to enable any state to cooperate with any other state or states, or with the United States, for the protection of the watersheds of navigable streams, and to appoint a commission for the acquisition of lands for the purposes of conserving the navigability of navigable rivers” (36 U.S. Stat. at Large, p. 961), and acts of Congress supplementary thereto and amendatory thereof, and in or on the waters thereon.

SUBCHAPTER IV. CONSERVATION OF FISHERIES RESOURCES.

ARTICLE 12.

General Definitions.

§ 113-127. Application of article. — Unless the context clearly requires otherwise, the definitions in this article apply throughout this subchapter. (1965, c. 957, s. 2.)

Editor's Note. — Session Laws 1965, c. 957, repealed former subchapter IV of this chapter, entitled “Fish and Fisheries,” composed of former articles 12 to 26, consisting of §§ 113-127 to 113-377.7, and substituted therefor a revised subchapter IV, entitled “Conservation of Fisheries Resources,” composed of present articles 12 to 24, consisting of §§ 113-127 to 113-321. Former article 26, relating to the Marine Fisheries Compact and Commission, and consisting of former §§ 113-377.1 to 113-377.7, was transferred to present article 19 by the act and appears as present §§ 113-252 to 113-258. Sections 19 and 21 of the act provide:

"Sec. 19. In the process of repealing the existing subchapter IV of the General Statutes and all special, local, and private acts and ordinances regulating the conservation of marine and estuarine resources, the repeal of acts which themselves repeal former acts is not intended to revive the former acts.

"Sec. 21. The provisions of this act become fully effective on January 1, 1966. Prior to this date, however, the Department of Conservation and Development and the North Carolina Wildlife Resources Commission are authorized by both regulatory and administrative action to take all such steps as may be necessary to implement the orderly transition from the provisions of the former law to the provisions contained in this act. Budgetary and accounting changes required by this act may be placed into effect as of July 1, 1965, in the discretion of the Department or the Commission, except that no increased tax or license fee authorized in this act may be charged for any tax assessed or any license in effect prior to January 1, 1966."

Where the provisions of former sections are similar to new sections in the revised subchapter, the historical citations of the former sections have been added to the new sections.

Provided, that the Department is given no authority over the taking of fish in inland fishing waters. Article 13.

Jurisdiction of Fisheries Agencies.

§ 113-131. Resources belong to public; stewardship of conservation agencies. — The marine and estuarine and wildlife resources of the State belong to the people of the State as a whole. The Department and the Commission are charged with stewardship of these resources. (1965, c. 957, s. 2.)

§ 113-132. Jurisdiction of fisheries agencies. — (a) The Department has jurisdiction over the conservation of marine and estuarine resources. Except as may be otherwise provided by law, it has jurisdiction over all activities connected with the conservation and regulation of marine and estuarine resources.

(b) The Commission has jurisdiction over the conservation of wildlife resources. Except as may be otherwise provided by law, it has jurisdiction over all activities connected with the conservation and regulation of wildlife resources.

(c) Notwithstanding the provisions of this article, the Department and the Commission do not have jurisdiction over matters with respect to which jurisdiction may now or hereafter be vested in the Board and Department of Water Resources, the State Stream Sanitation Committee, or the State Board of Health.

(d) To the extent that the grant of jurisdiction to the Department and the Commission may overlap, the Department and the Commission are granted concurrent jurisdiction. In cases of conflict between actions taken or regulations promulgated by either agency, as respects the activities of the other, pursuant to the dominant purpose of such jurisdiction, the Department and the Commission are empowered to make agreements concerning the harmonious settlement of such conflict in the best interests of the conservation of the marine and estuarine and wildlife resources of the State. In the event the Department and the Commission cannot agree, the Governor is empowered to resolve the differences.
§ 113-133. Abolition of local coastal fishing laws.—The enjoyment of the marine and estuarine resources of the State belongs to the people of the State as a whole and is not properly the subject of local regulation. As the Department is charged with administering the governing statutes and promulgating regulations in a manner to reconcile as equitably as may be the various competing interests of the people as regards these resources, considering the interests of those whose livelihood depends upon full and wise use of renewable and nonrenewable resources and also the interests of the many whose approach is recreational, all special, local, and private acts and ordinances regulating the conservation of marine and estuarine resources are repealed. Nothing in this section is intended to invalidate local legislation or local ordinances which exercise valid powers over subjects other than the conservation of marine and estuarine resources, even though an incidental effect may consist of an overlapping or conflict of jurisdiction as to some particular provision not essential to the conservation objectives set out in this subchapter. (1965, c. 957, s. 2.)

Cross Reference. — As to repeal of special, local and private acts and ordinances regulating the conservation of marine and estuarine resources not reviving acts repealed by them, see Editor's Note to § 113-127.

§ 113-134. Regulations. — The Department and the Commission are empowered to promulgate regulations implementing the provisions of this chapter, within the limits of the jurisdiction granted in this article. (1915, c. 84, s. 21; 1917, c. 290, s. 7; C. S., s. 1878; 1925, c. 168, s. 2; 1935, c. 35; 1945, c. 776; 1953, cc. 774, 1251; 1963, c. 1097, s. 1; 1965, c. 957, s. 2.)

§ 113-135. General penalty for violating subchapter or regulations. — Any person who violates any provision of this subchapter or any regulation adopted by the Department or the Commission pursuant to the authority of this subchapter is guilty of a misdemeanor. Unless a different level of punishment is elsewhere set out, anyone convicted of such a misdemeanor may be fined not exceeding fifty dollars ($50.00). Noncriminal sanctions, such as license revocation or suspension, and exercise of powers auxiliary to criminal prosecution, such as seizure of property involved in the commission of an offense, do not constitute alternative levels of punishment so as to oust criminal liability. (1965, c. 957, s. 2.)

§ 113-136. Enforcement authority of inspectors and protectors; refusal to obey or allow inspection by inspectors and protectors. — (a) Inspectors and protectors are granted the powers of peace officers anywhere in this State in enforcing all matters within their respective subject-matter jurisdiction as set out in this section.

(b) The jurisdiction of inspectors extends to all matters within the jurisdic-
§ 113-137

Conservation and Development

The jurisdiction of the Department as set out in this subchapter and to all other matters within the jurisdiction of the Division of Commercial and Sports Fisheries.

(c) The jurisdiction of protectors extends to all matters within the jurisdiction of the Commission, whether set out in this chapter, chapter 75A, chapter 143, or elsewhere.

(d) Inspectors and protectors are additionally authorized to arrest without warrant under the terms of § 15-41 for felonies, for breaches of the peace, for assaults upon them or in their presence, and for other offenses evincing a flouting of their authority as enforcement officers or constituting a threat to public peace and order which would tend to subvert the authority of the State if ignored. In particular, they are authorized, subject to the direction of their administrative superiors, to arrest for violations of §§ 14-223, 14-224, 14-225, 14-269, and 14-277.

(e) Inspectors and protectors may serve warrants, subpoenas, and other process connected with any cases within their subject-matter jurisdiction. In the exercise of their law-enforcement powers, inspectors and protectors are subject to provisions relating to police officers in general set out in chapter 15 and elsewhere.

(f) Inspectors and protectors are authorized to stop temporarily any persons they reasonably believe to be engaging in activity regulated by their respective agencies to determine whether such activity is being conducted within the requirements of the law, including license requirements. If the person stopped is in a motor vehicle being driven at the time and the inspector or protector in question is also in a motor vehicle, the inspector or protector is required to sound a siren or activate a special light, bell, horn, or exhaust whistle approved for law-enforcement vehicles under the provisions of § 20-125 (b) or 20-125 (c).

(g) Protectors may not temporarily stop or inspect vehicles proceeding along primary highways of the State without clear evidence that someone within the vehicle is or has recently been engaged in an activity regulated by the Commission. Inspectors may temporarily stop vehicles, boats, airplanes, and other conveyances upon reasonable grounds to believe that they are transporting taxable seafood products; they are authorized to inspect any seafood products being transported to determine whether they were taken in accordance with law and to require exhibition of any applicable license, tax receipts, permits, bills of lading, or other identification required to accompany such seafood products.

(h) The refusal of any person to stop in obedience to the implicit or explicit directions of an inspector or protector acting under the authority of this section is unlawful. It is unlawful to refuse to exhibit upon request any license, permit, tax receipt, certificate, or identification required to be carried by any law or regulation as to which inspectors and protectors have enforcement jurisdiction. It is unlawful to refuse to allow inspectors and protectors to inspect weapons, equipment, fish, or wildlife regulated by any law or regulation as to which inspectors and protectors have enforcement jurisdiction.

(i) Nothing in this section authorizes searches within the curtilage of a dwelling or of the living quarters of a vessel in contravention of constitutional prohibitions against unreasonable searches and seizures. (1915, c. 84, s. 6; 1917, c. 290, s. 2; C. S., s. 1885; 1935, c. 118; 1957, c. 1423, s. 2; 1965, c. 957, s. 2.)

§ 113-137. Search on arrest; seizure and confiscation of property; disposition of confiscated property. — (a) Every inspector or protector who arrests a person for an offense as to which he has enforcement jurisdiction is authorized to search the person arrested and the surrounding area for weapons and for fruits, instrumentalities, and evidence of any crime for which the person arrested is or might have been arrested.

(b) Every inspector or protector who issues a citation instead of arresting a person, in cases in which the inspector or protector is authorized to arrest, may seize all lawfully discovered evidence, fruits, and instrumentalities of any crime as to which he has arrest jurisdiction and probable cause.
(c) Every inspector or protector who in the lawful pursuit of his duties has probable cause for believing he has discovered a violation of the law over which he has jurisdiction may seize in connection therewith any fish, wildlife, weapons, equipment, vessels, or other evidence, fruits, or instrumentalities of the crime, notwithstanding the absence of any person in the immediate area subject to arrest or the failure or inability of the inspector or protector to capture or otherwise take custody of the person guilty of the violation in question. Where the owner of such property satisfies the Commissioner or the Executive Director, as the case may be, of his ownership and that he had no knowledge or culpability in regard to the offense involving the use of his property, such property must be returned to the owner. If after due diligence on the part of employees of the Department or the Commission, as the case may be, the identity or whereabouts of the violator or of the owner of the property seized cannot be determined, such property may be sold by the Department or the Commission in accordance with the provisions of this section.

(d) The Board and the Commission may provide by regulation for summary disposition of live or perishable fish seized by an inspector or protector pursuant to subsection (b) or (c) or pursuant to a search authorized under subsection (a). If the property seized consists of live fish which may again be placed to the benefit of the public on public grounds or in public waters, the inspector or protector may require the person in possession of the seized live property to transport it such distance as may be necessary to effect placement on appropriate grounds or waters. In the event of refusal by the person in question to transport the property, the inspector or protector must take appropriate steps to effect such transportation. The steps may include seizure of any conveyance or vessel of the person refusing to transport the property. Where a conveyance or vessel is seized, it is to be safeguarded by the inspector or protector seizing it pending trial and it becomes subject to the orders of the court. Such transportation costs as may be borne by the Department or by the Commission, as the case may be, may be collected by the agency from the proceeds of the sale of any other property of the defendant seized and sold in accordance with the provisions of this section.

Except as provided in subsection (g), where the seizure consists of edible fish which is not alive, may not live, or may not otherwise benefit conservation objectives if again placed on public grounds or in public waters, the inspector or protector must dispose of the property by turning it over to one or more appropriate public or charitable or nonprofit agencies or institutions, in accordance with the directions of his administrative superiors.

(e) Except as otherwise specifically provided in this section, all property seized must be safeguarded pending trial by the inspector or protector initiating the prosecution. Upon a conviction the property seized in connection with the offense in question is subject to the disposition ordered by the court. Upon an acquittal, property seized must be returned to the defendant or established owner, except:

1. Where the property was summarily disposed of in accordance with subsection (d);
2. Where possession of the property by the person to whom it otherwise would be returned would constitute a crime; and
3. Where the property seized has been sold in accordance with subsection (g). In this event the net proceeds of the sale must be returned to the defendant or established owner, as the case may be.

Where property seized summarily under subsection (d) is not available for return, an acquitted defendant or established owner is entitled to no compensation where there was probable cause for the action taken.

In safeguarding property seized pending trial, an inspector or protector is authorized in his discretion, subject to orders of his administrative superiors, to make his own provisions for storage or safekeeping or to deposit the property with the sheriff of the county in which the trial is to be held for custody pending trial. In
§ 113-137 Cu. 113. Conservation and Development § 113-137

(1) By the defendant if he is convicted but the court nevertheless orders the return of the property to the defendant;

(2) From the proceeds of the sale of the property if the property is sold under court order or in accordance with the provisions of this section; or

(3) By the Department or by the Commission, as the case may be, if no other provision for payment exists.

(f) Subject to orders of his administrative superiors, an inspector or protector in his discretion may leave property which he is authorized to seize in the possession of the defendant with the understanding that such property will be subject to the orders of the court upon disposition of the case. Willful failure or inexcusable neglect of the defendant to keep such property subject to the orders of the court is a misdemeanor punishable in the discretion of the court. In exercising his discretion, the inspector or protector should not permit property to be retained by the defendant if there is any substantial risk of its being used by the defendant in further unlawful activity.

(g) Where a prosecution involving seized saleable fish is pending and such fish are perishable or seasonal, the inspector or protector may apply to the court in which the trial is pending for an order permitting sale prior to trial. As used in this subsection, seasonal fish are those which command a higher price at one season than at another so that economic loss may occur if there is a delay in the time of sale. When ordered by the court, such sale prior to trial must be conducted in accordance with the order of the court or in accordance with the provisions of this section. The net proceeds of such sale are to be deposited with the court and are subject to the same disposition as would have been applicable to other types of property seized. Where sale is not lawful or otherwise not practicable or where prosecution is not pending, disposal of the fish is in accordance with subsection (d).

(h) Pending trial, the defendant or the established owner of any nonperishable and nonconsumable property seized may apply to the court designated to try the offense for return of the property. The property must be returned pending trial if:

(1) The court is satisfied that return of the property will not facilitate further violations of the law; and

(2) The claimant posts a bond for return of the property at trial in an amount double the value of the property as assessed by the court.

(i) Upon conviction of any defendant for a violation of the laws or regulations administered by the Department or the Commission under the authority of this subchapter, the court in its discretion may order seizure and sale of all weapons, equipment, vessels, conveyances, fish, and other evidence, fruits, and instrumentalities of the offense in question—whether or not seized or made subject to the orders of the court pending trial. The defendant may appeal the reasonableness of any order of seizure and sale. Unless otherwise specified in the order of the court, such sales are to be held by the Department or by the Commission, as the case may be.

The Board and the Commission may by regulation provide for an orderly public sale procedure of property which it may sell under the provisions of this section. Such procedure may include turning the property to be sold over to some other agency for sale, provided that the provisions of subsection (j) are complied with and there is proper accounting for the net proceeds of the sale. In the case of property unlikely to sell for a sufficient amount to offset the costs of sale, the Board and Commission may provide for destruction of the property.

(j) Except as provided in subsection (d), in the case of property seized under the provisions of subsection (c) or in any case where it appears that a person not a defendant has an interest in any property to be sold, destroyed, or otherwise disposed of, the Board and the Commission must provide for public notice.
of the description of the property and the circumstances of its seizure for a sufficient period prior to the time set for sale or other disposition to allow innocent owners or lienholders to assert their claims. The validity of such claims are to be determined by the trial court in the event there is or has been a prosecution in connection with the seizure of the property. Where there has been no prosecution, the validity of such claims must be determined by the Commissioner or by the Executive Director, as the case may be. Where there has been a sale under subsection (g), the provisions of this subsection apply to the net proceeds of the sale.

(k) Except as provided in subdivision (e) (3) and subsection (j), the net proceeds of all sales made pursuant to this section must be deposited in the school fund of the county in which the property was seized. (1915, c. 84, s. 6; 1917, c. 290, s. 2; C. S., s. 1885; 1935, c. 118; 1953, c. 1134; 1957, c. 1423, s. 2; 1961, c. 1189, s. 4; 1965, c. 957, s. 2.)

§ 113-138. Enforcement jurisdiction of special officers.—The Board and the Commission by regulation may confer law-enforcement powers over matters within their jurisdiction upon the employees of any local, State, or federal public agency who possess special law-enforcement jurisdiction that would not otherwise extend to the subject matter of this subchapter. The Board and Commission may confer such powers or not to any particular officers or class of officers as may be convenient or desirable in the interests of conservation of marine and estuarine and wildlife resources. Such conferring of powers does not constitute the appointment of any such special enforcement officer to an additional office and no oath need be taken. (1965, c. 957, s. 2.)

§§ 113-139 to 113-150: Reserved for future codification purposes.

ARTICLE 14.

Commercial and Sports Fisheries Licenses and Taxes.

§ 113-151. Regulations of Board; compensation of license agents.—The Board is authorized to make reasonable rules and regulations governing the administration and enforcement of all license requirements and taxes prescribed in this article. In the event license agents are utilized for the issuance of any license, such agents may be compensated not in excess of five percent (5%) of the license fees collected. (1965, c. 957, s. 2.)

§ 113-152. Licensing of vessels; fees.—(a) The following vessels are subject to the licensing requirements of this section:

(1) All vessels engaged in commercial fishing operations in coastal fishing waters and

(2) All North Carolina vessels engaged in commercial fishing operations without the State which result in landing and selling fish in North Carolina. North Carolina vessels are those which have their primary situs in North Carolina. Motorboats with North Carolina numbers under the provisions of chapter 75A of the General Statutes are deemed to have their primary situs in North Carolina; documented vessels which list a North Carolina port as home port are deemed to have their primary situs in North Carolina.

"Commercial fishing operations" are all operations preparatory to, during, and subsequent to the taking of fish:

(1) With the use of commercial fishing equipment or

(2) By any means, if a primary purpose of the taking is to sell the fish.

It is unlawful for the owner of a vessel subject to licensing requirements to permit it to engage in commercial fishing operations without having first procured the appropriate license. It is unlawful for any one to command such a vessel en-
gaged in commercial fishing operations without complying with the provisions of this section and of regulations made under the authority of this article. It is unlawful for anyone to command such a vessel engaged in commercial fishing operations that does not meet the license requirements of this article or of regulations made under the authority of the article, or without making reasonably certain that all persons on board are in compliance with the provisions of this article and regulations made under the authority of this article. It is unlawful to participate in any commercial fishing operation in connection with which there is a vessel subject to licensing requirements not meeting the licensing requirements under the provisions of this article or of regulations made under the authority of this article.

(b) Any license that may be required by this section is to be issued in the name of the owner of the vessel. It is unlawful for the owner to permit anyone who is not eligible to have the license issued to him in his own right to command such licensed vessel for the purpose of engaging in commercial fishing operations. It is unlawful for such an ineligible person to command a licensed vessel for such purposes. The license application for a menhaden vessel must state the name of the person in command of the vessel. Upon change in command of a menhaden vessel, the owner must notify the Commissioner within fifteen days. Upon change in ownership of any licensed vessel, the new owner must notify the Commissioner within fifteen days. The Board may provide by regulation for replacement of lost license plates upon tender of the original license receipt or upon such other evidence as the Board may deem sufficient. A fee not to exceed fifty cents (50¢) may be charged for replacement of a plate.

(c) Licenses are issued annually upon a calendar year basis for vessels of various lengths and types as follows for the fees indicated:

1. Vessels without motors, one dollar ($1.00).
2. Vessels with motors not over eighteen feet in length, three dollars ($3.00).
3. Vessels with motors over eighteen feet but not over twenty-six feet in length, fifty cents (50¢) per foot.
4. Vessels with motors over twenty-six feet in length, seventy-five cents (75¢) per foot.
5. Vessels engaged in menhaden fishing, as prescribed in subsection (d).

Length is measured from end to end over the deck excluding sheer.

(d) Vessels engaging in menhaden fishing are subject to the following license and fee requirements:

1. For the mother ship, one dollar and sixty cents ($1.60) per ton, gross tonnage, customhouse measurements.
2. For each purse boat carrying a purse seine used in connection with a licensed mother ship, no license required.

(e) Unless otherwise indicated, all licenses in this article expire on December 31 of each year and are subject to the full license fee regardless of when issued.

1953, c. 1134; 1955, c. 888, ss. 1, 3; 1961, c. 1004; 1965, c. 957, s. 2.)

§ 113-153. Vessels fishing beyond territorial waters.—Persons aboard vessels not having their primary situs in North Carolina which are carrying a cargo of fish taken outside the waters of North Carolina may land and sell their catch in North Carolina either by complying with the licensing provisions of § 113-152 with respect to the vessel in question or by complying, if eligible, with the provisions of § 113-155. The Board may by regulation modify the licensing procedure set out in § 113-152 in order to devise an efficient and convenient procedure for licensing out-of-state vessels after landing in order to permit sale of cargo. Provided, that persons aboard vessels having a primary situs in a jurisdiction that would allow North Carolina vessels without restriction to land and sell their catch,
taken outside such jurisdiction, may land and sell their catch in North Carolina without complying with this section. (1965, c. 957, s. 2.)

§ 113-154. Oyster and clam licenses.—(a) In addition to all other license requirements, every individual engaged in taking oysters or clams from the public or private grounds of North Carolina for commercial use by any means whatever must have first procured an individual oyster and clam license.

(b) It is unlawful for any individual to take oysters or clams from the public or private grounds of North Carolina without having ready at hand for inspection a current and valid oyster and clam license issued to him personally and bearing his correct name and address. It is unlawful for any such individual taking or possessing freshly taken oysters or clams to refuse to exhibit his license upon the request of an officer authorized to enforce the fishing laws.

(c) Oyster and clam licenses are issued annually on a calendar year basis upon payment of a fee of one dollar ($1.00) upon proof that the license applicant is a resident of North Carolina.

(d) In the event an individual possessing an oyster and clam license changes his name or address or receives one erroneous in this respect, he must within fifteen days surrender the license for one bearing the correct name and address. An individual prosecuted for failure to possess a valid license is exonerated if he can show that the invalidity consisted solely of an incorrect name or address appearing in a license to which he was lawfully entitled and that the erroneous condition had not existed for longer than fifteen days.

(e) It is unlawful for an individual issued an oyster and clam license to transfer or offer to transfer his license, either temporarily or permanently, to another. It is unlawful for an individual to secure or attempt to secure an oyster or clam license from a source not authorized by the Department. (1903, c. 516, s. 6; Rev., s. 2386; C. S., s. 1934; 1953, c. 1134; 1955, c. 888, s. 1; 1965, c. 957, s. 2.)

§ 113-155. Licenses to land and sell fish.—(a) Except as otherwise provided in this article, it is unlawful for any person to sell fish, no matter where or how taken, to a fish dealer required to be licensed under this article unless the fish were taken lawfully and unless:

1. He has a current and valid license to land and sell fish issued to him personally and has received less than two hundred dollars ($200.00) on account of the sale of fish within the last twelve months; or
2. The fish were taken in a commercial fishing operation meeting all licensing requirements, and he was a party to the operation; or
3. The fish were taken by him, whether by sport or commercial methods, through the use of a vessel currently and validly licensed under § 113-152; or
4. The fish were taken by him in inland fishing waters in conformity with laws and regulations administered by the Commission and are of a type permitted to be sold by the Commission; or
5. He is a licensed fish dealer.

(b) In the case of oysters or clams a license to land and sell is not required, but the person selling must satisfy the dealer that he took them or participated in the taking, that he then had a current and valid oyster and clam license issued to him personally, and that the oysters or clams were taken lawfully. In the event the person selling is a dealer, he must satisfy the purchasing dealer that the oysters or clams were acquired in conformity with law.

(c) Dealers purchasing fish must record such information relating to purchases as required by the Board to implement the provisions of this section.

(d) Annual licenses to land and sell are issued on a calendar year basis to individual residents and nonresidents upon payment of a fee of two dollars ($2.00).

(e) Any individual who receives in excess of two hundred dollars ($200.00)
§ 113-156. Licenses for fish dealers.—(a) Except as otherwise provided in this article, every person who sells fish or has any connection whatever with fish that results in his enrichment is a fish dealer, provided that individual employees of fish dealers are not fish dealers merely by virtue of transacting the business of their employers.

(b) The Board may make reasonable regulations to implement this section by clarifying the status of particular classes of persons as regards fish dealerships. Persons all of whose dealings with a category of fish fall under one or more of the following headings are not fish dealers as respects that category:

1. Persons whose dealings in fish are primarily educational, scientific, or official. Scientific, educational, or official agencies may sell fish harvested or processed in connection with research or demonstration projects without being deemed dealers, but such sales are subject to such reasonable regulations as the Board may make governing such sales.

2. Individuals selling legally acquired fish other than oysters and clams to individuals other than dealers on a casual, noncommercial basis, provided that such sales do not net in excess of five hundred dollars ($500.00) in cash or equivalent value in any twelve-month period. Any public offer to sell, or peddling of fish, is deemed commercial.

3. Fishermen who sell their catch exclusively to licensed dealers in accordance with § 113-155.

(c) Every fish dealer is subject to the licensing requirements of this section unless all fish handled within any particular licensing category meet one or more of the following requirements:

1. The fish are shipped to him by a dealer from without the State.

2. The fish are nongame fish taken in inland fishing waters.

3. The fish are of a kind the sale of which is regulated exclusively by the Commission.

4. The fish are purchased from a licensed dealer.

In the event the seller is a licensed fish dealer, he must satisfy any purchasing fish dealer, whether licensed or unlicensed, that the fish were acquired in conformity with law. It is unlawful for a fish dealer to purchase or sell or in any manner deal in fish except in conformity with the provisions of this section.

(d) Every fish dealer subject to the licensing provisions of this section must secure a separate license or set of licenses for each established location. Where a dealer does not have an established location for transacting the fisheries business within the State, the license application must be denied unless the applicant satisfies the Commissioner that his residence, or some other office or address, within the State, is a suitable substitute for an established location and that records
kept in connection with licensing, sale, and tax requirements will be available for inspection when necessary.

(e) Every fish dealer subject to licensing requirements must secure an annual license at each established location for each of the following activities transacted there, upon payment of the fee set out:

1. Dealing in shellfish:
   a. Shucker-packer (including sale of shell stock), twenty-five dollars ($25.00).
   b. Shell stock shipper, ten dollars ($10.00).

2. Dealing in hard and soft crabs:
   a. Crab processor (including dealing in unprocessed crabs), ten dollars ($10.00).
   b. Unprocessed crab dealer, five dollars ($5.00).

3. Dealing in shrimp, ten dollars ($10.00).

4. Dealing in finfish, ten dollars ($10.00).

5. Operating menhaden processing plant, one hundred dollars ($100.00).

6. Operating any other fish dehydrating or oil extracting plant, fifty dollars ($50.00).

Any person subject to fish-dealer licensing requirements who deals in fish not included in the above categories must secure a finfish dealer license. The Board may make reasonable regulations implementing and clarifying the dealer categories of this subsection. (1903, c. 516, s. 9; Rev., s. 2395; 1915, c. 136, s. 1; C. S., s. 1935; 1953, c. 1134; 1965, c. 957, s. 2.)

§ 113-157. Taxes on seafood.—(a) Taxes are due and payable to the Department from fish dealers required to be licensed upon delivery to them of any seafood listed in this section taken within the State, whether from public or private grounds, unless accompanied by evidence that the tax levied by this section has already been assessed. The Board may make reasonable regulations governing the administration, assessment, and collection of the seafood tax.

(b) In the event the fish dealer required to be licensed is also the fisherman taking the taxable seafood, the Board may make reasonable regulations fixing the point at which the seafood tax becomes due and payable.

(c) In the event that the Board authorizes a self-assessment method of collecting all or any part of the seafood tax, upon forms furnished to dealers by the Department, all taxes assessed are payable at all times on demand of any inspector or other authorized agent of the Department. If the Commissioner becomes satisfied that any dealer granted the privilege of self-assessment has substantially obstructed the efficient and equitable administration of the provisions of this article, either willfully or through inexcusable neglect, the Commissioner may order the dealer's self-assessment privilege terminated. Termination may not exceed ten days upon the first occasion. Upon the second occasion, the period of termination may not exceed thirty days. Upon the third or any subsequent occasion, the Commissioner may terminate the self-assessment privilege indefinitely subject to reinstatement in his discretion. If the Commissioner determines that termination of the privilege is likely to aggravate rather than reduce obstruction, he should employ other methods designed to secure compliance with laws, regulations, and reasonable requests of agents of the Department designed to produce equitable and efficient administration and enforcement of the provisions of this article.

(d) The following taxes are applicable to the seafood named below:

1. Oysters, eight cents (8¢) per bushel.
2. Clams, six cents (6¢) per bushel.
3. Scallops, five cents (5¢) per gallon.
4. Soft crabs, two cents (2¢) per dozen.
§ 113-158. Conservation and Development

(5) Hard crabs, ten cents (10¢) per one hundred pounds.

(6) Shrimp, green, heads off, fifteen cents (15¢) per one hundred pounds.

An additional tax of fifty cents (50¢) per bushel is levied upon all oysters taken in North Carolina which are shipped in the shell to any place outside the State.

(c) In the event the Board authorizes a self-assessment method of collecting all or any part of the seafood tax, all records and accounts required to be kept by the Department must be kept in a safe place and reasonable efforts must be made to preserve them from loss or destruction. If it becomes impossible to determine the amount of tax assessed for any period owing to loss or destruction of records or accounts, failure to make proper entries, or other fault of the dealer, an agent of the Department must reconstruct the approximate tax payable based upon previous sales in similar periods, the general condition of the market for the time in question, and other relevant information. The tax to be assessed for such period includes a one hundred percent (100%) penalty and is double the reconstructed figure. It is unlawful for any fish dealer to fail to remit upon demand of an authorized agent of the Department all taxes and penalties due. If any dispute arises as to the accuracy of the reconstructed figure, the dealer must bear the burden of showing it to be inaccurate. The dealer may appeal the reconstructed amount to the Commissioner and, if dissatisfied, to the Board. The decision of the Board is final. In the event of appeal, the dealer must pay the reconstructed tax plus penalty under protest. (1947, c. 1000, s. 2; 1953, c. 175, s. 2; c. 1134; c. 1153, ss. 1, 2; 1965, c. 957, s. 2.)

§ 113-158. Transplanting or holding seafood; when seafood taxes due; permits to transplant oysters or clams.—(a) Where a fish dealer acquires taxable live seafood and transfers it to private beds, holding ponds, fish boxes or traps, or otherwise in the waters of this State with the purpose of harvesting the seafood at a subsequent time, the tax becomes due and payable at the time of harvest. The Board may regulate such operations and require that such notice be given inspectors and that such records be kept as will minimize the risk of illicit traffic in taxable seafood under the cover of these operations. If as to any particular type of operation, regulation and inspection is made more efficient and equitable through the assessment of the tax at an earlier stage than that prescribed above, the Board may by regulation declare the tax due and payable at the earlier stage.

(b) The Board may require that special permits be secured in advance by all persons, whether dealers or otherwise, prior to transplanting oysters or clams. (1965, c. 957, s. 2.)

§ 113-159. Contribution of oyster shells.—All persons required to secure shellfish dealers' licenses must set aside and accumulate for the Department fifty percent (50%) of the oyster shells which come into their possession, or a lesser fractional amount of the total as set by the Board. Such fractional amount must not be more than half of the shells acquired within any calendar year, without regard to whether the oysters were taken from public or private beds or within the State or without. The Commissioner should collect the shells accumulated at least annually and in his discretion may do so more frequently, but he may decline to accept the contribution of shells from any dealer in the event he finds collection to be uneconomical or unfeasible. (1947, c. 1000, s. 2; 1953, c. 175, s. 2; c. 1153, ss. 1, 2; 1965, c. 957, s. 2.)

§ 113-160. Exportation and importation of fish and equipment.—The Board may make reasonable regulations governing the importation and exportation of fish, and equipment that may be used in taking or processing fish, as necessary to enhance the conservation of marine and estuarine resources of North Carolina. Such regulations may regulate, license, prohibit, or restrict importation into the State and exportation from the State of any and all species of fish which
are native to coastal fishing waters or which may thrive if introduced into such waters. (1947, c. 1000, s. 2; 1953, c. 175, s. 2; c. 1153, ss. 1, 2; 1965, c. 957, s. 2.)

§ 113-161. Reciprocal agreements.—Upon recommendation of the Commissioner, the Director may make reciprocal agreements with other jurisdictions to authorize persons licensed in such other jurisdictions to exercise licensed privileges within this State upon such terms and conditions that may be agreed on as mutually beneficial, provided that such jurisdictions accord privileges of similar nature or value to holders of North Carolina licenses. (1965, c. 957, s. 2.)

§ 113-162. Fraud or deception as to licenses, taxes or records.—It is unlawful to falsify, or to practice any fraud or deception designed to evade the provisions of this article or of regulations made under the authority of this article in connection with:

1. Any licenses authorized in this article;
2. Any tax receipts or other evidence that the tax has been assessed on seafood or that the seafood is not subject to tax; or
3. Any records required to be kept under the provisions of this article or of regulations made under the authority of this article. (1965, c. 957, s. 2.)

§ 113-163. Record-keeping requirements.—(a) The Department may require all licensees under this article to keep and to exhibit upon the request of an authorized agent of the Department such records and accounts as may be necessary to the equitable and efficient administration and enforcement of this article. In addition, licensees may be required to keep additional information of a statistical nature or relating to location of catch as may be needed to determine conservation policy. Records and accounts required to be kept must be preserved for inspection for not less than three years.

(b) It is unlawful for any licensee to refuse or to neglect without justifiable excuse to keep such records and accounts as may be reasonably required. The Department may distribute forms to licensees to aid in securing compliance with its requirements, or it may inform licensees of requirements in other effective ways such as distributing memoranda and sending agents of the Department to consult with licensees who have been remiss. Detailed forms or descriptions of records, accounts, collection and inspection procedures, and the like which reasonably implement the objectives of this article need not be embodied in regulations of the Board in order to be validly required. (1953, c. 1134; 1961, c. 1189, s. 3; 1965, c. 957, s. 2.)

§ 113-164. Regulations as to possession, transportation and disposition of seafood.—The Board may make reasonable regulations governing possession, transportation, and disposition of the seafood listed in § 113-157 (d) by all persons, including those not subject to fish dealer licensing and tax requirements, in order that inspectors may adequately distinguish the taxable seafood from that not subject to tax and equitably and efficiently enforce the provisions of this article. Such regulations may include requirements as to giving notice, filing declarations, securing permits, marking packages, and the like. (1965, c. 957, s. 2.)

§ 113-165. Violations with respect to taxable seafood and coastal fisheries products.—It is unlawful to take, possess, transport, process, sell, buy, offer or attempt to buy, or in any way deal in either seafood made taxable in this article or coastal fisheries products without conforming with the provisions of this article or of regulations made under the authority of this article. (1961, c. 1189, s. 2; 1965, c. 957, s. 2.)

§ 113-166. Suspension, revocation and reissuance of licenses.—(a) Upon receipt of reliable notice that a person licensed under this article has had
imposed against him a conviction of a criminal offense within the jurisdiction of the Department under the provisions of this subchapter or of regulations of the Board adopted under the authority of this subchapter, the Commissioner must suspend or revoke all licenses held by such person in accordance with the terms of this section. Reliable notice includes information furnished the Commissioner in prosecution or other reports from inspectors. As used in this section, a conviction includes a plea of guilty or nolo contendere, any other termination of a criminal prosecution unfavorably to the defendant after jeopardy has attached, or any substitute for criminal prosecution whereby the defendant expressly or impliedly confesses his guilt. In particular, procedures whereby bond forfeitures are accepted in lieu of proceeding to trial and cases indefinitely continued upon arrest of judgment or prayer for judgment continued are deemed convictions.

The Commissioner may act to suspend or revoke licenses upon the basis of any conviction in which:

1. No notice of appeal has been given; or
2. The time for appeal has expired without an appeal having been perfected; or
3. The conviction is sustained on appeal. Where there is a new trial, finality of any subsequent conviction will be determined in the manner set out above.

(b) The Commissioner must initiate an administrative procedure designed to give him systematic notice of all convictions of criminal offenses by licensees covered by subsection (a) above and keep a file of all such convictions reported to him. Upon receipt of notice of such conviction, the Commissioner must determine whether it is a first, a second, a third, or a fourth or subsequent conviction of some offense covered by subsection (a). In the case of second convictions, the Commissioner must suspend all licenses issued to the licensee for a period of ten days. In the case of third convictions, the Commissioner must suspend all licenses issued to the licensee for a period of thirty days. In the case of fourth or subsequent convictions, the Commissioner must revoke all licenses issued to the licensee. Where several convictions result from a single transaction or occurrence, they are to be treated as a single conviction so far as suspension or revocation of the licenses of any licensee is concerned. Anyone convicted of taking or of knowingly possessing, transporting, buying, selling, or offering to buy or sell oysters or clams from areas closed because of suspected pollution will be deemed by the Commissioner to have been convicted of two separate offenses on different occasions for license suspension or revocation purposes.

(c) Where a license has been suspended or revoked, the former licensee is not eligible to apply for reissuance of license or for any additional license authorized in this article during the suspension or revocation period. Licenses must be returned to the licensee by the Commissioner or his agents at the end of a period of suspension. Where there has been a revocation, application for reissuance of license or for an additional license may not be made until six months following the date of revocation. In such case of revocation, the eligible former licensee must satisfy the Commissioner that he will strive in the future to conduct the operations for which the license is sought in accord with all applicable laws and regulations. Upon the application of an eligible former licensee after revocation, the Commissioner in his discretion may issue one license sought but not another, as he deems it necessary to prevent the hazard of recurring violations of the law.

(d) Upon receiving reliable information of a licensee's conviction of a second or subsequent criminal offense covered by subsection (a), the Commissioner must promptly cause the licensee to be personally served with written notice of suspension or revocation, as the case may be. The written notice may be served upon any responsible individual affiliated with the corporation, partnership, or associa-
§ 113-167 Ch. 113. Conservation and Development § 113-181

tion where the licensee is not an individual. The notice of suspension or revocation may be served by an inspector or other agent of the Department, must state the ground upon which it is based, and takes effect immediately upon personal service. The agent of the Commissioner making such service must then or subsequently, as may be feasible under the circumstances, collect all license certificates and plates and other forms or records relating to the license as directed by the Commissioner. It is unlawful for any licensee willfully to evade the personal service prescribed in this subsection.

(e) Licensees served with notices of suspension or revocation may appeal in writing to the Commissioner on the question of whether or not they were in fact subjected to final convictions in the proceedings forming a basis for their license suspension or revocation. The license remains revoked or suspended, after personal service, pending appeal to the Commissioner. The Commissioner must hear the evidence of the licensee as promptly as may be feasible and either cancel or continue in effect the suspension or revocation order. The decision of the Commissioner as to imposition of suspension or revocation is the final administrative determination.

(f) In the event the Commissioner refuses to reissue the license of or issue an additional license to an eligible former licensee after revocation, the former licensee may appeal the decision of the Commissioner to the Director and, if dissatisfied, to the Board. In the event the decision not to issue the license is upheld, the former licensee must wait an additional six months before again applying to the Commissioner for issuance or reissuance of any license.

(g) The Board may by regulation provide for disclosure of the identity of any individual or individuals in responsible positions of control respecting operations of any licensee that is not an individual. For the purposes of this section, individuals in such responsible positions of control are deemed to be individual licensees and subject to suspension and revocation requirements in regard to any applications for license they may make—either as individual or as persons in responsible positions of control in any corporation, partnership, or association. In the case of individual licensees, the individual applying for a license or licensed under this article must be the real party in interest.

(h) In determining whether a conviction is a second or subsequent offense under the provisions of this section, the Commissioner may not consider convictions for:

1. Offenses which occurred prior to the effective date of this article; or
2. Offenses which occurred more than three years prior to the time of the latest offense the conviction for which is in issue as a subsequent conviction. (1953, c. 1134; 1961, c. 1189, ss. 4, 9; 1965, c. 957, s. 2.)

Editor's Note.—As to the effective date of this article, see Editor's Note to § 113-127.

Article 15.

Regulation of Coastal Fisheries.

§ 113-181. Duties and powers of Department.—(a) It is the duty of the Department to administer and enforce the provisions of this subchapter pertaining to the conservation of marine and estuarine resources. In execution of this duty, the Department may collect such statistics, market information, and research data as is necessary or useful to the promotion of sports and commercial fisheries in North Carolina and the conservation of marine and estuarine resources generally; conduct or contract for research programs or research and development programs applicable to resources generally and to methods of culti-
vating, harvesting, marketing, or processing fish as may be beneficial in achieving the objectives of this subchapter; enter into reciprocal agreements with other jurisdictions with regard to the conservation of marine and estuarine resources; and regulate placement of nets and other sports or commercial fishing apparatus in coastal fishing waters with regard to navigational and recreational safety as well as from a conservation standpoint.

(b) The Department is directed to make every reasonable effort to carry out the duties imposed in this subchapter. The Board may make regulations as necessary to implement the work of the Department in carrying out such duties.

§ 113-182. Regulation of fishing and fisheries.—(a) The Board is authorized to authorize, license, regulate, prohibit, prescribe, or restrict all forms of marine and estuarine resources in coastal fishing waters with respect to:

1. Time, place, character, or dimensions of any methods or equipment that may be employed in taking fish;
2. Seasons for taking fish;
3. Size limits on and maximum quantities of fish that may be taken, possessed, bailed to another, transported, bought, sold, or given away.

(b) The Board is authorized to authorize, license, regulate, prohibit, prescribe, or restrict:

1. The opening and closing of coastal fishing waters, except as to inland game fish, whether entirely or only as to the taking of particular classes of fish, use of particular equipment, or as to other activities within the jurisdiction of the Department; and
2. The possession, cultivation, transportation, importation, exportation, sale, purchase, acquisition, and disposition of all marine and estuarine resources and all related equipment, implements, vessels, and conveyances as necessary to implement the work of the Department in carrying out its duties.

§ 113-183. Unlawful possession, transportation and sale of fish.—(a) It is unlawful to possess, transport, offer to transport, sell, offer to sell, receive, buy, or attempt to buy any fish regulated by the Department with knowledge or reason to believe that such fish are illicit.

(b) Fish are illicit when taken, possessed, or dealt with unlawfully, or when there has occurred at any time with respect to such fish a substantial failure of compliance with the applicable provisions of this subchapter or of regulations made under the authority of this subchapter.

§ 113-184. Possession and transportation of prohibited oyster equipment.—(a) It is unlawful to carry aboard any vessel subject to licensing requirements under article 14 under way or at anchor in coastal fishing waters during the regular closed oyster season any scoops, scrapes, dredges, or winders such as are usually or can be used for taking oysters.

(b) If any vessel has recently been under way or at anchor in coastal fishing waters engaged in activity similar in manner to that in which oysters are taken with scoops, scrapes, or dredges and at a time or place in which the taking of oysters is prohibited, the presence on board of the vessel of wet oysters or scoops, scrapes, dredges, lines, or deck wet, indicating the taking of oysters, constitutes prima facie evidence that the vessel was engaged in taking oysters unlawfully with scoops, scrapes, or dredges at the time or place prohibited.
§ 113-185. Fishing near ocean piers; trash or scrap fishing.—(a) It is unlawful to fish in the ocean within 750 feet of an ocean pier except:

(1) From the pier or
(2) By means of surf casting.

This prohibition shall be effective whether or not the pier owner places in the area of his pier and at his own expense buoys located in accordance with directives of the Commissioner to indicate clearly to fishermen in vessels and on the beach the requisite distance of 750 feet from the pier.

(b) It is unlawful to engage in any fishing operations known as trash fishing or scrap fishing. "Trash fishing" or "scrap fishing" consists of intentionally taking the young of edible fish before they are of sufficient size to be of value as individual food fish:

(1) For commercial disposition as bait; or
(2) For sale to any dehydrating or nonfood processing plant; or
(3) For sale or commercial disposition in any manner other than for human consumption.

The Board may by regulation authorize the disposition of the young of edible fish taken incidentally and unavoidably in connection with legitimate commercial fishing operations, provided that the quantity of such fish that may be disposed of is sufficiently limited, or the taking and disposition is otherwise so regulated, as to discourage any practice of trash or scrap fishing for its own sake. (1965, c. 957, s. 2.)

§ 113-186. Measures for fish scrap and oil.—All persons buying or selling menhaden for the purpose of manufacturing fish scrap and oil within the State must buy or sell according to the measure prescribed in this section: Twenty-two thousand cubic inches for every one thousand fish. Each day of failure to use the prescribed measure constitutes a separate offense. (1911, c. 101; C. S., s. 1963; 1965, c. 957, s. 2.)

§ 113-187. Penalties for violations of article and regulations.—(a) It is unlawful for any person to participate in any commercial fishing operation conducted in violation of any provision of this article and its implementing regulations or in any operation in connection with which any vessel is used in violation of any provision of this article and its implementing regulations.

(b) Any owner of a vessel who knowingly permits it to be used in violation of any provision of this article and its implementing regulations is guilty of a misdemeanor punishable in the discretion of the court.

(c) Any person in charge of a commercial fishing operation conducted in violation of any provision of this article and its implementing regulations or in charge of any vessel used in violation of any provision of this article and its implementing regulations is guilty of a misdemeanor punishable in the discretion of the court. (1965, c. 957, s. 2.)

§ 113-188. Additional regulations authorized.—The setting out of particular offenses or requirements with regard to specific species of fish or with regard to certain types of equipment does not affect the authority of the Board to make similar additional regulations not in conflict with the provisions of this article under authority granted in this chapter. (1965, c. 957, s. 2.)

§§ 113-189 to 113-200: Reserved for future codification purposes.
§ 113-201. Authority of Board.—The Board is empowered to make regulations and take all steps necessary to develop and improve the cultivation, harvesting, and marketing of oysters and clams in North Carolina both from public grounds and private beds. (1921, c. 132, s. 1; C.S., s. 1959(a); 1965, c. 957, s. 2.)

§ 113-202. Existing and new or renewed oyster and clam leases.—
(a) Except as indicated below, all oyster and clam leases heretofore granted are subject to the provisions of this article. All oyster and clam leases renewed under the provisions of the former law are terminated upon the first day of April next following the effective date of this article, subject to the right to renewal of lease in conformity with the provisions of this article, upon the application of the lessee. All initial oyster and clam leases under the provisions of the former law more than fifteen years old but not more than twenty years old are terminated on the first of April one year next following the effective date of this article, subject to the right to renewal of lease in conformity with the provisions of this article, upon the application of the lessee. All initial oyster and clam leases under the provisions of the former law more than ten years old but not more than fifteen years old are terminated on the first day of April two years next following the effective date of this article, subject to the right to renewal of lease in conformity with the provisions of this article, upon the application of the lessee. All initial oyster and clam leases under the provisions of the former law not more than ten years old upon the effective date of this article are terminated at noon on the first day of April following the tenth anniversary of the granting of the lease and are subject to renewal in accordance with the provisions of this article. Except as otherwise provided in this article or in regulations of the Board implementing the orderly transition from the provisions of the former law to that in this article, the provisions of this article and its implementing regulations apply to all oyster and clam leases within the State. Rental amounts prescribed in this article apply to all leases granted under the provisions of previous legislation, effective the first day of April next following the effective date of this article.

(b) In order to encourage oyster and clam culture in North Carolina, the Board, upon the recommendation of the Commissioner, may lease to residents any of the public bottoms underlying coastal fishing waters which do not contain a natural oyster or clam bed, in accordance with the provisions of this article. A natural oyster or clam bed is an area of public bottom where oysters or clams are to be found growing in sufficient quantities to be valuable to the public.

(c) The area leased may not be less than one acre nor more than fifty acres, except that in the open waters of Pamlico Sound leases may not be less than five acres nor more than two hundred acres. For the purposes of this section, the open waters of Pamlico Sound are those waters more than two miles from the shoreline.

(d) No person may lease more than a total of fifty acres of public bottom outside the open waters of Pamlico Sound. In no event may any person lease more than a total of two hundred acres within the State.

(e) Any person desiring to apply for a lease or renewal of a lease must make written application to the Commissioner on forms prepared by him containing such information as deemed necessary to determine the desirability of granting or not granting the lease requested. The application must be accompanied by a survey, made at the expense of the applicant, showing the area proposed to be leased.

The survey must conform to standards prescribed by the Commissioner concerning accuracy of survey and the amount of detail that must be shown. If on the basis of the application information and survey the Commissioner deems that granting the lease would benefit the oyster and clam culture of North Carolina, the Commissioner, in the case of initial lease applications, must order an investigation of
§ 113-202  Ch. 113.  Conservation and Development  § 113-202

the bottom proposed to the [be] leased. The investigation is to be made by the
Commissioner or his authorized agent and by a qualified assistant appointed by the
board of county commissioners of the county in which the bottom, or the greater
portion of the bottom, is located to determine whether there is a natural oyster or
clam bed within the bounds of the proposed lease. In the event a natural oyster or
clam bed is encountered, the Commissioner in his discretion may either recommend
that the lease be denied or that it be amended so as to exclude such bed. In the
event the Commissioner authorizes amendment of the application, the applicant
must furnish a new survey meeting requisite standards showing the area proposed
to be leased under the amended application. At the time of making application for
an initial lease, the applicant must pay a filing fee of twenty-five dollars ($25.00).
At the time of making application for a renewal lease, the applicant must pay a
filing fee of ten dollars ($10.00).

(f) The area of bottom applied for in the case of an initial lease or amended
initial lease must be as compact as possible, taking into consideration the shape of
the body of water, the consistency of the bottom, and the desirability of separating
the boundaries of a leasehold by a sufficient distance from any known natural oyster
or clam bed to prevent the likelihood of disputes arising between the leaseholder
and members of the public taking oysters or clams from the natural bed.

(g) Upon determination by the Commissioner that the results of the investiga-
tion, if required, are satisfactory and that the application for lease or renewal of
lease and the accompanying survey are in order, and that the proper filing fee has
been tendered, the Commissioner must within a reasonable time notify the appli-
cant whether he recommends approval, disapproval, or modification of the lease
application. In the event the Commissioner recommends approval or a modification
to which the applicant agrees, the Commissioner must publish at least two notices
of intention to lease in a newspaper of general circulation in the county or counties
in which the proposed leasehold lies. The first publication must precede by more
than thirty days the meeting of the Board at which the granting of the lease or
renewal of lease is to be made; the second publication must follow the first by
seven to eleven days. The notice of intention to lease must contain a sufficient
description of the area of the proposed leasehold that its boundaries may be estab-
lished with reasonable ease and certainty and must also contain the date of the
meeting at which the Board is slated to act upon the application for lease or re-
newal of lease.

(h) Protests to the granting of the proposed lease or renewal of lease may be
filed with the Commissioner in writing under oath prior to the granting of the
lease by the Board. Protests cannot be considered unless accompanied by a filing
fee of twenty-five dollars ($25.00). The Commissioner must evaluate the suffi-
ciency of the grounds stated in the protest and make such investigation as he deems
necessary. In the interest of making a just evaluation, he may recommend that
the Board postpone consideration of the lease to a subsequent meeting. The Com-
missioner as a result of his evaluation may recommend denial or amendment of the
lease or the granting of it in its original form, in the best interests of the oyster and
clam culture of North Carolina, except that no lease may be granted which em-
braces a known or suspected natural oyster or clam bed. The lease applicant must
furnish any additional or amended survey required in the event the protest results
in a modification of the lease. In the event the protest does not prevail and the
lease is granted in its original form, the twenty-five dollars ($25.00) deposited
with the protest must be forfeited to the use of the Department. In the event the protest
is successful in causing a denial or modification of the lease, the twenty-five dollar
($25.00) deposit must be returned to the person protesting.

(i) The Board in its discretion may lease or decline to lease public bottoms for
oyster or clam culture in accordance with its duty to conserve the marine and es-
tuarine resources of the State. The Commissioner must present all lease applica-
tions to the Board as to which he has published a notice of intention to lease more
than thirty days prior to the meeting of the Board. In the event there was a pro-
test that did not prevail before the Commissioner as to any lease recommended by
him, the Commissioner must notify the Board of such protest. Persons whose
lease applications are not recommended or are recommended in amended form by
the Commissioner may appeal to the Board. In the event the Board sustains the
appeal in whole or in part, it may order the Commissioner to take the steps nec-
cessary to comply with its decisions and effect a reprocessing of the lease application
prior to the next Board meeting or such other time as it may direct.

(j) In the event of procedural delay upon an application for renewal of lease,
the leaseholder having made timely application may continue in possession of the
leasehold until a final decision is made by the Board either to grant, deny, or modify
the renewal lease for which he applied. Renewal applications are timely if received
by the Commissioner after January 1 and on or before April 1 in the year in which
the lease is subject to renewal.

(k) After a lease is granted by the Board and the Director is satisfied that the
survey submitted meets the Commissioner’s criteria and that the filing fee and
rent due in advance has been paid, the Director must execute the lease on forms
approved by the Attorney General. The leaseholder must erect markers complying
with regulations of the Board in order to define the bounds of the leased area.

(l) Initial leases begin upon the issuance of the lease by the Director and expire
at noon on the first day of April following the tenth anniversary of the granting of
the lease. Renewal leases are issued for a period of ten years effective from the
time of expiration of the previous lease. The rental for initial leases is one dollar
($1.00) per acre until noon on the first day of April following the first anniversary
of the lease. Thereafter, for initial leases, and from the beginning for renewal
leases, the rental is five dollars ($5.00) per acre per year. Rental must be paid
annually in advance prior to the first day of April each year. Upon initial granting
of a lease, the pro rata amount for the portion of the year left until the first day of
April must be paid in advance at the rate of one dollar ($1.00) per acre per year;
then, on or before the first day of April next, the lessee must pay the rental for
the next full year.

(m) Except as restricted by this subchapter, leaseholds granted under this sec-
tion are to be treated as if they were real property and are subject to all laws re-
lating to taxation, sale, devise, inheritance, gift, seizure and sale under execution or
other legal process, and the like. Leases properly acknowledged and probated are
eligible for recordation in the same manner as instruments conveying an estate in
real property. Within fifteen days after transfer of beneficial ownership of all or
any portion of or interest in a leasehold to another, the new owner must notify the
Commissioner of such fact. Such transfer is not valid until notice is furnished the
Commissioner. In the event such transferee is a nonresident, the Commissioner
must initiate proceedings to terminate the lease.

(n) Upon receipt of notice by the Commissioner of any of the following occur-
rences, he must commence action to terminate the leasehold:

(1) Failure to pay the annual rent in advance.
(2) Failure to file information required by the Commissioner upon annual
remittance of rental.
(3) Failure by new owner to report a transfer of beneficial ownership of all
or any portion of or interest in the leasehold.
(4) Failure to mark the boundaries in the leasehold and to keep them marked
as required in the regulations of the Board.
(5) Failure to utilize the leasehold on a continuing basis for the commercial
production of oysters or clams.
(6) Transfer of all or part of the beneficial ownership of a leasehold to a non-
resident.
(7) Substantial breach of compliance with the provisions of this article or of
regulations of the Board governing use of the leasehold.

471
The Board is authorized to make regulations defining commercial production of oysters and clams, based upon the productive potential of particular areas, climatic or biological conditions at particular areas or particular times, availability of seed oysters and clams, availability for purchase by lessees of shells or other material to which oyster spat may attach, and the like. Commercial production may be defined in terms of planting effort made as well as in terms of quantities of oysters and clams harvested.

(o) After receipt of notice of any occurrence listed in subsection (n), the Commissioner must mail the leaseholder a letter by registered or certified mail, return receipt requested, informing him of his intention to terminate and of the reason for the action. In the event the leaseholder takes steps within thirty days to remedy the situation upon which the notice of intention to terminate was based and the Commissioner is satisfied that continuation of the lease is in the best interests of the oyster and clam culture of the State, the Commissioner may discontinue termination procedures. Where there is no discontinuance of termination procedures, the leaseholder may appeal to the Director, and, if dissatisfied, to the Board. Where there is no appeal, or where an appeal does not prevail, the Director must send a final letter of termination to the leaseholder by registered or certified mail, return receipt requested. The final letter of termination may not be mailed sooner than thirty days after receipt by the leaseholder of the Commissioner’s notice of intention to terminate, as evidenced by the return receipt. The lease is terminated effective at midnight on the day the final notice of termination is received by the leaseholder, as evidenced by the return receipt. The final notice of termination may not be issued pending hearing of any appeal by the Director or by the Board.

(p) Upon final termination of any leasehold, the bottom in question is thrown open to the public for use in accordance with laws and regulations governing use of public grounds generally. Agents of the Commissioner are required as soon as possible after termination of lease to remove all markers denominating the area of the leasehold as a private bottom.

(q) Every year between January 1 and February 15 the Commissioner must mail to all leaseholders a notice of the annual rental due and include forms designed by him for determining the amount of shellfish or shells planted on the leasehold during the preceding calendar year, the amount of harvest gathered, and the names and addresses of those to whom the harvest was sold or delivered. Such forms may contain other pertinent questions relating to the utilization of the leasehold in the best interests of the oyster and clam culture of the State, and must be executed and returned by the leaseholder with the payment of his rental. Any leaseholder or his agent executing such forms for him who knowingly makes a false statement on such forms is guilty of a misdemeanor punishable in the discretion of the court.

(r) All leases and renewal leases granted before or after the effective date of this article are granted or made subject to reasonable amendment of governing statutes, regulations of the Board, and requirements imposed by the Commissioner or his agents in regulating the use of the leasehold or in processing applications or rentals. This includes such statutory increase in rentals as may be necessitated by changing conditions and refusal to renew lease after expiration, in the discretion of the Board. No increase in rentals, however, may be given retroactive effect. Any holder of any lease in effect upon the effective date of this article who deems himself damaged as to any vested property rights by the adoption of provisions of this article more restrictive than those in the law formerly governing his leasehold may apply to the Industrial Commission for the award of such damages as he may prove. The procedure governing such application shall follow as closely as feasible that set out in article 3 of chapter 143 of the General Statutes of North Carolina pertaining to tort claims against State departments and agencies, except that the limitation period upon any claims under this section is three rather than two years and the measure of damages is for any condemnation of leasehold effected by this section rather than for any tort. It is hereby directed that the amounts necessary to cover
§ 113-203. Transplanting of oysters and clams.—(a) It is unlawful to transplant oysters taken from public grounds to private beds except:

(1) When lawfully taken during open season and transported directly to a private bed in accordance with regulations of the Board;

(2) When the transplanting is done by a dealer in accordance with the provisions of § 113-158 and implementing regulations; or

(3) When the transplanting is done in accordance with the provisions of this section and implementing regulations.

(b) It is lawful to transplant to private beds oysters or clams taken from polluted waters with a permit from the Commissioner setting out the waters from which the oysters or clams may be taken, the quantities which may be taken, the times during which the taking is permissible, and other reasonable restrictions imposed by the Commissioner to aid him in his duty of regulating such transplanting operations. Any transplanting operation which does not substantially comply with the restrictions of the permit issued is unlawful.

(c) It is lawful to transplant to private beds oysters taken from public beds managed by the State for the production of seed oysters in accordance with the implementing regulations of the Board. Persons taking such seed oysters may, in the discretion of the Board, be required to pay to the Department for oysters taken an amount to reimburse the Department in full or in part for the costs of seed-oyster management operations.

(d) The Board may implement the provisions of this section by regulations governing sale, possession, transportation, storage, handling, planting, and harvesting of oysters and clams and setting out any system of marking oysters and clams or of permits or receipts relating to them generally, from both public and private beds. All rights.

§ 113-204. Propagation of shellfish.—The Board is authorized to close areas of public bottoms under coastal fishing waters for such time as may be necessary in any program of propagation of shellfish. The Board is authorized to expend State funds planting such areas and to manage them in ways beneficial to the overall productivity of the shellfish industry in North Carolina. The Board in its discretion in accordance with desirable conservation objectives may make shellfish produced by it available to commercial fishermen generally, to those in possession of private shellfish beds, or to selected individuals cooperating with the Board in demonstration projects concerned with the cultivation, harvesting, or processing of shellfish. (1921, c. 132, s. 2; C. S., s. 1959(a); 1961, c. 1189, s. 1; 1965, c. 957, s. 2.)

§ 113-205. Registration of grants in navigable waters; exercise of private fishery rights.—(a) Every person claiming title to any part of the bed lying under navigable waters of North Carolina or any right of fishery in navigable waters superior to that of the general public must register the grant, charter, or other authorization under which he claims with the Commissioner. Such registration must be accompanied by a survey of the claimed area, meeting criteria established by the Commissioner for surveys of oyster and clam leases. All rights.
§ 113-206. Chart of grants, leases and fishery rights; overlapping leases and rights; contest or condemnation of claims; damages for taking of property.—(a) The Commissioner must commence to prepare as expeditiously as possible charts of the waters of North Carolina containing the locations of all oyster and clam leaseholds made by the Department under the provisions of this article and of all existing leaseholds as they are renewed under the provisions of this article, the locations of all claims of grant of title to portions of the bed under navigable waters registered with him, and the locations of all areas in navigable waters to which a right of private fishery is claimed and registered with him. Charting or registering any claim by the Commissioner in no way implies recognition by the State of the validity of the claim.

(b) In the event of any overlapping of areas leased by the Department, the Commissioner shall recommend modification of the areas leased as he deems equitable to all parties. Appeal from the recommendation of the Commissioner lies for either party in the same manner as for a lease applicant as to which there is a recommendation of denial or modification of lease. If there is no appeal, or upon settlement of the issue upon appeal, the modified leases must be approved by the Board and reissued by the Director in the same manner as initial or renewal leases. Leaseholders must furnish the Commissioner surveys of the modified leasehold areas, meeting the requisite criteria for surveys established by the Commissioner.

(c) In the event of any overlapping of areas leased by the Department and of areas in which title or conflicting private right of fishery is claimed and registered under the provisions of this article, the Commissioner must give preference to the leaseholder engaged in the production of oysters or clams in commercial quantities who received the lease with no notice of the existence of any claimed grant or right of fishery. To this end, the Commissioner shall cause a modification of the claim registered with him and its accompanying survey to exclude the leasehold area. Such modification effected by the Commissioner has the effect of voiding the grant of title or right of fishing to the extent indicated.

(d) In the interest of conservation of the marine and estuarine resources of North Carolina, the Board may institute an action in the superior court to contest the claim of title or claimed right of fishery in any navigable waters of North Carolina registered with the Commissioner. In such proceeding, the burden of showing title or right of fishery, by the preponderance of the evidence, shall be upon the claiming title or right holder. In the event the claiming title or right holder prevails, the court shall fix the monetary worth of the claim. The Board may elect to condemn the claim upon payment of the established owners or right holders their pro rata shares of the amount so fixed. The Board may make such payments from such funds as may be available to it. An appeal lies to the Supreme Court by either party both as to the validity of the claim and as to the fairness of the amount fixed. The Board in such actions may be represented by the Attorney
General. In determining the availability of funds to the Board to underwrite the costs of litigation or make condemnation payments, the use which the Board proposes to make of the area in question may be considered; such payments are to be deemed necessary expenses in the course of operations attending such use or of developing or attempting to develop the area in the proposed manner.

(c) To the extent that any application of the provisions of § 113-205 and this section is deemed to constitute a taking of private property, any claimant may apply to the Industrial Commission for the award of such damages as he may prove. The procedure governing such application shall follow as closely as feasible that set out in article 3 of chapter 143 of the General Statutes of North Carolina pertaining to tort claims against State departments and agencies, except that the limitation period upon any claims brought under the authority of this subsection is three rather than two years and the measure of damages is for any condemnation effected rather than for any tort. Where the claiming party asserts damage from the voiding of a grant or right under § 113-205 (a) and further asserts his minority or other disability subsequent to January 1, 1970, the claimant is granted a period of three years after attaining majority or after removal of the disability in which to prosecute the claim before the Industrial Commission. No claims whatever may be entertained by the Industrial Commission, however, after January 1, 1990. It is hereby directed that the amounts necessary to cover awards made by the Industrial Commission under the authority of this subsection be paid from funds available to the Department. (1965, c. 957, s. 2.)

Article 17.

Administrative Provisions; Regulatory Authority of Board and Department.

§ 113-221. Filing, codification and publication of regulations; effective date of regulations; proclamations suspending or implementing regulations; presumption of publication; judicial notice of codifications; Director's certificates as evidence. — (a) All regulations of the Board promulgated under the authority of this subchapter must be filed with the Secretary of State in accordance with §§ 143-195 to 143-197. In addition, all such regulations the violation of which constitutes a crime must be filed with the clerk of superior court of each county containing coastal fishing waters within its borders.

(b) The Commissioner must periodically codify the regulations of the Board implementing this subchapter which are subject to annual or seasonal change; other regulations or sets of regulations need be recodified only as supplies are exhausted or substantial changes are made. The Commissioner must cause to be distributed to each licensee upon purchasing his license each year the appropriate set or sets of such codified regulations, plus any supplement needed to make them current, pertaining to the activities to be engaged in by the licensee.

(c) As soon as feasible after any meeting of the Board amending or adding regulations, the Commissioner must cause to be issued to all licensees who may be affected a newsletter containing the text of such amendments or added regulations. The newsletter need not be issued if a codification containing the amended or added regulations is scheduled for distribution within a reasonable period following the meeting of the Board.

(d) Unless an effective date is stated by the Board, its regulations take effect immediately upon passage. Any regulation change resulting in further restrictions upon licensees or the public, however, should in the ordinary case be given a future effective date sufficiently advanced to allow for compliance with the publication procedures of this section. Where circumstances require that such restric-
tive regulation be put into effect immediately, the Board should take steps to ins-
ure that actual public notice is given—in a fashion similar to that set out in sub-
section (e). Unless there are overriding policy considerations involved, any reg-
ulation of the Board which will in the judgment of the Board result in severe
curtailment of the usefulness or value of equipment in which fishermen have any
substantial investment should be given such a future effective date as to minimize
undue potential economic loss to fishermen. Whether or not any provision may
cause potential economic loss and whether or not a future effective date should be
set is a matter within the complete discretion of the Board. The Board need not
set any future effective date more than two years in advance of the passage of any
regulation.

(e) The Board may delegate to the Director the authority by proclamation to
suspend or implement, in whole or in part, particular regulations of the Board
which may be affected by variable conditions. Such proclamations are to be is-
sued by the Director upon the recommendation of the Commissioner. All procla-
mations must state the hour and date upon which they become effective and must
be issued at least forty-eight hours in advance of the effective date and time. The
Director must keep a permanent file of the texts of proclamations issued by him,
and furnish upon request certified copies of any proclamation for use in evidence
in any civil or criminal proceeding in which the text of a proclamation may be
in issue. Proclamations need not be filed with the Secretary of State or with any
clerk of court.

The Department must make every reasonable effort to give actual notice of the
terms of any proclamation to the persons who may be affected thereby. Such ef-
fort includes press releases to communications media, posting of notices at docks
and other places where persons affected may gather, personal communication by
inspectors and other agents of the Department, and such other measures designed
to reach the persons who may be affected.

(f) All persons who may be affected by them are under a duty to keep them-
selves informed of current regulations of the Board and proclamations of the
Director. It is no defense in any criminal prosecution for the defendant to show
that he in fact received no notice of a particular regulation or proclamation. In
any prosecution for violation of the provisions of any regulation or proclamation,
or in which proof of matter contained in a regulation or proclamation is involved,
the Department is deemed to have complied with publication procedures and the
burden is on the defendant to show by the greater weight of the evidence sub-
stantial failure of compliance by the Department with the publication procedures
of this section.

(g) Every court must take judicial notice of any codification of regulations is-
sued by the Commissioner within two years preceding the date of the offense
charged or transaction in issue. In the absence of any indication to the contrary,
such codifications are to be deemed accurate and current statements of the text
of the regulations in question and it is incumbent upon any person asserting that
a relevant portion of the codified text is inaccurate, or has been amended or de-
deleted, to satisfy the court as to the text of the regulations which is in fact properly
applicable.

(h) Certificates of the Director as to the text of a regulation or proclamation
or as to any other official matter concerning the Department must be received in
court as prima facie evidence of the truth of the statement in the certificate. Cer-
certificates bearing the signature of the Director upon paper containing the letterhead
of the Department are, in the absence of evidence to the contrary, to be accepted
as genuine without any need for formal proof of the signature of the Director.

§ 113-222. Arrest, service of process and witness fees of inspectors.—All arrest fees and other fees that may be charged in any bill of costs for service of process by inspectors must be paid to the county in which the trial is held. No witness fee may be taxed in any bill of costs by virtue of the appearance of an inspector as a witness in a criminal case within his enforcement jurisdiction. Acceptance by any inspector of any arrest fee, witness fee, or any other fee to which he is not entitled is a misdemeanor punishable in the discretion of the court. (1965, c. 957, s. 2.)

§ 113-223. Reciprocal agreements by Board generally.—Subject to the specific provisions of §§ 113-153 and 113-161 relating to reciprocal provisions as to landing and selling catch and as to licenses, the Board is empowered to make reciprocal agreements with other jurisdictions respecting any of the matters governed in this subchapter. Pursuant to such agreements the Board may modify provisions of this subchapter in order to effectuate the purposes of such agreements, in the overall best interests of the conservation of marine and estuarine resources. (1915, c. 84, s. 5; 1917, c. 290, s. 10; C. S., s. 1883; 1953, c. 1086; 1965, c. 957, s. 2.)

§ 113-224. Cooperative agreements by Board.—The Board is empowered to enter into cooperative agreements with public and private agencies and individuals respecting the matters governed in this subchapter. Pursuant to such agreements the Board may expend funds, assign employees to additional duties within or without the State, assume additional responsibilities, and take other actions that may be required by virtue of such agreements, in the overall best interests of the conservation of marine and estuarine resources. (1965, c. 957, s. 2.)

§ 113-225. Inspectors not to have financial interest in fisheries.—Except as provided in this subchapter respecting operations of demonstration and research projects by employees of the Department as part of their employment, no inspector may be financially interested in any fishing industry in the State of North Carolina. (1965, c. 957, s. 2.)

§ 113-226. Administrative authority of Board; administration of funds; delegation of powers.—(a) In the overall best interests of the conservation of marine and estuarine resources, the Board may lease or purchase lands, equipment, and other property; accept gifts and grants on behalf of the State; establish boating and fishing access areas; establish fisheries, fishery processing or storage plants, planted seafood beds, fish farms, and other enterprises related to the conservation of marine and estuarine resources as research or demonstration projects either alone or in cooperation with some individual or agency; sell the catch or processed fish or other marine and estuarine resources resulting from research fishing operations or demonstration projects; provide matching funds for entering into projects with some other governmental agency or with some scientific, educational, or charitable foundation or institution; condemn lands in accordance with the provisions of chapter 40 of the General Statutes and other governing provisions of law; and sell, lease, or give away property acquired by it. Provided, that any private person selected to receive gifts or benefits by the Department be selected:

(1) With regard to the overall public interest that may result, and
(2) From a defined class upon such a rational basis open to all within the class as to prevent constitutional infirmity with respect to requirements of equal protection of the laws or prohibitions against granting exclusive privileges or emoluments.

(b) All money credited to, held by, or to be received by the Department in respect of the conservation of marine and estuarine resources must be deposited with the Department for the use of the Division. In administering such funds and rec-
ommending expenditures, the Department must give attention to the sources of the revenues received so as to encourage disbursements to be made on an equitable basis; nevertheless, except as provided in this section, separate funds may not be established and particular projects and programs deemed to be of sufficient importance in the conservation of marine and estuarine resources may receive proportional shares of Division expenditures that are greater than the proportional shares of license and other revenues produced by such projects or programs for the Department.

(c) If as a precondition of receiving funds under any cooperative program there must be a separation of license revenues received from certain classes of licensees and utilization of such revenues for limited purposes, the Department is directed to make such arrangements for separate accounting or for separate funding as may be necessary to insure the use of the revenues for the required purposes and eligibility for the cooperative funds. In such instance, if required, such revenues may be retained by the Department until expended upon the limited purposes in question. This subsection applies whether the cooperative program is with a public or private agency and whether the Department acts alone on behalf of the State or in conjunction with the Commission or some other State agency.

(d) The Board may, within the terms of policies set by regulation and applicable statutes in this subchapter, delegate to the Director or the Commissioner, in its discretion, all administrative powers granted to it. (1965, c. 957, s. 2.)

§ 113-227. Appointment of Commissioner.—The Commissioner is to be appointed by the Director in accordance with § 113-12. (1965, c. 957, s. 2.)

§ 113-228. Adoption of federal regulations. — To the extent that the Department is granted authority in this subchapter over subject matter as to which there is concurrent federal jurisdiction, the Board in its discretion may by reference in its regulations adopt relevant provisions of federal laws and regulations as State regulations. To prevent confusion or conflict of jurisdiction in enforcement, the Board may provide for automatic incorporation by reference into its regulations of future changes within any particular set of federal laws or regulations relating to some subject clearly within the jurisdiction of the Department. (1965, c. 957, s. 2.)

§§ 113-229 to 113-240: Reserved for future codification purposes.

ARTICLE 18.

Commercial and Sports Fisheries Advisory Board.

§ 113-241. Creation; function, purpose and duties. — There is hereby created the Commercial and Sports Fisheries Advisory Board. The function, purpose, and duty of the Advisory Board is to study all matters and activities in connection with the conservation of marine and estuarine resources and make recommendations to the Commissioner respecting ways to improve the conservation of such resources.

The Advisory Board has the duty of acting as a liaison group between sports and commercial fishermen, and others interested in the beneficial utilization of the marine and estuarine resources, and the Commissioner. The Advisory Board is to consider all matters which may be referred to it for study by the Board, the Commercial and Sports Fisheries Committee, the Commissioner, or the General Assembly and it must render a report in writing giving conclusions on each matter so referred. It may originate its own studies on various matters within the scope of its interests and report on such matters to the public or to the agency or official appropriately concerned. The Advisory Board, through its chairman and other members, should keep in close communication with the Commissioner and with members of the Commercial and Sports Fisheries Committee and bring to their
attention all such matters as may be brought to the attention of the Advisory Board which do not require specific study but which may require decisions by them and by the Board. Aside from making recommendations to the Commissioner and other officials and agencies as to matters referred to it, the Advisory Board should make recommendations on all matters which are deemed relevant which may come to the attention of the various members of the Advisory Board through their associations with members of the public and various groups interested in the conservation of marine and estuarine resources. (1965, c. 957, s. 2.)

§ 113-242. Appointment of members; interests represented. — The Governor is authorized to appoint the Advisory Board to be composed of eleven members as follows:

1. Three sports fishermen;
2. Three commercial fishermen;
3. Two professional scientists with backgrounds relevant to the conservation of marine and estuarine resources; and
4. Three persons who are, at the time of their appointments, members of the General Assembly. (1965, c. 957, s. 2.)

§ 113-243. Appointment of chairman; terms of members.—The Governor must delegate one of the members of the Advisory Board as chairman. The member so designated serves as chairman at the pleasure of the Governor. Members of the Advisory Board serve at the pleasure of the Governor. (1965, c. 957, s. 2.)

§ 113-244. Organization and meetings. — At its first meeting after the appointment of a new chairman, or after the appointment of more than three new members since the last organizational election, the Advisory Board must organize and elect a vice-chairman and a secretary. In any event an organizational election must be held once every four years. A quorum for such organizational election meetings consists of seven members; the quorum for other meetings consists of six members.

Regular meetings of the Advisory Board may be held upon such a schedule as the Advisory Board may adopt. It may meet with the Commercial and Sports Fisheries Committee at the regular quarterly meetings of the Board, provided that the Advisory Board must hold at least one regular meeting per year prior to the meeting of the Board at some coastal area of the State as provided in § 113-6. Either the chairman of the Advisory Board or the Commissioner, in his discretion after consultation with interested persons, may call special meetings of the Advisory Board. The Commissioner and the chairman of the Commercial and Sports Fisheries Committee must be notified of and are entitled to attend all regular and special meetings of the Advisory Board. (1965, c. 957, s. 2.)

§ 113-245. Compensation and expenses. — The members of the Advisory Board are to be compensated while in attendance of meetings or engaged in the business of the Advisory Board by payment of per diem, subsistence, and travel allowances fixed for members of State boards, commissions, and committees in §§ 138-5 and 138-7. (1965, c. 957, s. 2.)

§§ 113-246 to 113-250: Reserved for future codification purposes.

Article 19.

Marine Fisheries Compact and Commission.

§ 113-251. Definition of terms.—(a) As used in this article, the word “Commission” refers to the Atlantic States Marine Fisheries Commission and the word “commissioner” refers to a member of that Commission.

(b) The reference in Article III of the compact set out in § 113-252 to the
chairman of the committee on commercial fisheries shall be deemed to refer to the chairman of the successor Commercial and Sports Fisheries Committee.

(c) The reference in Article III of the compact set out in § 113-252 to the Commissioner of Commercial Fisheries shall be deemed to refer to the Commissioner of Commercial and Sports Fisheries. (1965, c. 957, s. 2.)

§ 113-252. Atlantic States Marine Fisheries Compact and Commission. — The Governor of this State is hereby authorized and directed to execute a compact on behalf of the State of North Carolina with any one or more of the States of Maine, New Hampshire, Massachusetts, Connecticut, Rhode Island, New York, New Jersey, Delaware, Maryland, Virginia, South Carolina, Georgia, and Florida and with such other states as may enter into the compact, legally joining therein in the form substantially as follows:

ATLANTIC STATES MARINE FISHERIES COMPACT

The contracting states solemnly agree:

Article I

The purpose of this compact is to promote the better utilization of the fisheries, marine, shell and anadromous, of the Atlantic seaboard by the development of a joint program for the promotion and protection of such fisheries, and by the prevention of the physical waste of the fisheries from any cause. It is not the purpose of this compact to authorize the states joining herein to limit the production of fish or fish products for the purpose of establishing or fixing the price thereof, or creating and perpetuating monopoly.

Article II

This agreement shall become operative immediately as to those states executing it whenever any two or more of the States of Maine, New Hampshire, Massachusetts, Rhode Island, Connecticut, New York, New Jersey, Delaware, Maryland, Virginia, South Carolina, North Carolina, Georgia and Florida have executed it in the form that is in accordance with the laws of the executing state and the Congress has given its consent. Any state contiguous with any of the aforementioned states and riparian upon waters frequented by anadromous fish, flowing into waters under the jurisdiction of any of the aforementioned states, may become a party hereto as hereinafter provided.

Article III

Each state joining herein shall appoint three representatives to a commission hereby constituted and designated as the Atlantic States Marine Fisheries Commission. The Board of the North Carolina Department of Conservation and Development shall designate either the director of the Department, the chairman of the committee on commercial fisheries, or the Commissioner of Commercial Fisheries as one member of the Commission, and the Commission on Interstate Cooperation of the State shall designate a member of the North Carolina legislature as one of the members of said Commission, and the third member of said Commission, who shall be a citizen of the State having a knowledge of and interest in marine fisheries, shall be appointed by the Governor. This Commission shall be a body corporate, with the powers and duties set forth herein.

Article IV

The duty of the said Commission shall be to make inquiry and ascertain from time to time such methods, practices, circumstances and conditions as may be disclosed for bringing about the conservation and the prevention of the depletion and physical waste of the fisheries, marine, shell and anadromous, of the Atlantic seaboard. The Commission shall have power to recommend the coordination of the exercise of the police powers of the several states within their respective jurisdictions to promote the preservation of those fisheries and their protection against
overfishing, waste, depletion or any abuse whatsoever and to assure a continuing yield from the fisheries resources of the aforementioned states.

To that end the Commission shall draft and, after consultation with the advisory committee hereinafter authorized, recommend to the governors and legislatures of the various signatory states legislation dealing with the conservation of the marine, shell and anadromous fisheries of the Atlantic seaboard. The Commission shall more than one month prior to any regular meeting of the legislature in any signatory state, present to the governor of the state its recommendations relating to enactments to be made by the legislature of that state in furthering the intents and purposes of this compact.

The Commission shall consult with and advise the pertinent administrative agencies in the states party hereto with regard to problems connected with the fisheries and recommend the adoption of such regulations as it deems advisable.

The Commission shall have power to recommend to the states party hereto the stocking of the waters of such states with fish and fish eggs, or joint stocking by some or all of the states party hereto, and when two or more of the states shall jointly stock waters the Commission shall act as the coordinating agency for such stocking.

Article V

The Commission shall elect from its number a chairman and a vice-chairman and shall appoint and at its pleasure remove or discharge such officers and employees as may be required to carry the provisions of this compact into effect, and shall fix and determine their duties, qualifications and compensation. Said Commission shall adopt rules and regulations for the conduct of its business. It may establish and maintain one or more offices for the transaction of its business and may meet at any time or place but must meet at least once a year.

Article VI

No action shall be taken by the Commission in regard to its general affairs except by the affirmative vote of a majority of the whole number of compacting states present at any meeting. No recommendation shall be made by the Commission in regard to any species of fish except by the affirmative vote of a majority of the compacting states which have an interest in such species. The Commission shall define what shall be an interest.

Article VII

The Fish and Wildlife Service of the Department of the interior of the government of the United States shall act as the primary research agency of the Atlantic States Marine Fisheries Commission, cooperating with the research agencies in each state for that purpose. Representatives of the said Fish and Wildlife Service shall attend the meetings of the Commission.

An advisory committee to be representative of the commercial fishermen and the salt water anglers and such other interests of each state as the Commission deems advisable shall be established by the Commission as soon as practicable for the purpose of advising the Commission upon such recommendations as it may desire to make.

Article VIII

When any state other than those named specifically in Article II of this Compact shall become a party thereto for the purpose of conserving its anadromous fish in accordance with the provisions of Article II the participation of such state in the action of the Commission shall be limited to such species of anadromous fish.

Article IX

Nothing in this compact shall be construed to limit the powers of any signatory state or to repeal or prevent the enactment of any legislation or the enforcement
of any requirement by any signatory state imposing additional conditions and restrictions to conserve its fisheries.

Article X

Continued absence of representation or of any representative on the Commission from any state party hereto shall be brought to the attention of the governor thereof.

Article XI

The states party hereto agree to make annual appropriations to the support of the Commission in proportion to the primary market value of the products of their fisheries, exclusive of cod and haddock, as recorded in the most recently published reports of the Fish and Wildlife Service of the United States Department of the Interior, provided no state shall contribute less than two hundred dollars ($200.00) per annum and the annual contribution of each state above the minimum shall be figured to the nearest one hundred dollars ($100.00).

The compacting states agree to appropriate initially the annual amounts scheduled below, which amounts are calculated in the manner set forth herein, on the basis of the catch record of 1938. Subsequent budgets shall be recommended by a majority of the Commission and the cost thereof allocated equitably among the states in accordance with their respective interests and submitted to the compacting states.

Article XII

This compact shall continue in force and remain binding upon each compacting state until renounced by it. Renunciation of this compact must be preceded by sending six months' notice in writing of intention to withdraw from the compact to the other states party hereto. (1949, c. 1086, s. 1; 1965, c. 957, s. 18.)

Cross Reference.—See Editor's Note to amendment, this section was codified as §§ 113-127.

Editor's Note. — Prior to the 1965

§ 113-253. Amendment to compact to establish joint regulation of specific fisheries.—The Governor is authorized to execute on behalf of the State of North Carolina an amendment to the compact set out in § 113-252 with any one or more of the States of Maine, New Hampshire, Massachusetts, Rhode Island, Connecticut, New York, New Jersey, Pennsylvania, Delaware, Maryland, Virginia, South Carolina, Georgia, and Florida or such other states as may become party to that compact for the purpose of permitting the states that ratify this amendment to establish joint regulation of specific fisheries common to those states through the Atlantic States Marine Fisheries Commission and their representatives on that body. Notice of intention to withdraw from this amendment shall be executed and transmitted by the Governor and shall be in accordance with

482
Article XII of the Atlantic States Marine Fisheries Compact and shall be effective as to this State with those states which similarly ratify this amendment. This amendment shall take effect as to this State with respect to such other of the aforesaid states as take similar action.

AMENDMENT NO. 1 OF THE ATLANTIC STATES MARINE FISHERIES COMPACT

The states consenting to this amendment agree that any two or more of them may designate the Atlantic States Marine Fisheries Commission as a joint regulatory agency with such powers as they may jointly confer from time to time for the regulation of the fishing operations of the citizens and vessels of such designating states with respect to specific fisheries in which such states have a common interest. The representatives of such states on the Atlantic States Marine Fisheries Commission shall constitute a separate section of such Commission for the exercise of the additional powers so granted, provided that the states so acting shall appropriate additional funds for this purpose. The creation of such section as a joint regulatory agency shall not deprive the states participating therein of any of their privileges or powers or responsibilities in the Atlantic States Marine Fisheries Commission under the general compact. (1949, c. 1086, s. 2; 1965, c. 957, s. 18.)

Editor's Note.—Prior to the 1965 amendment this section was codified as § 113-377.2. The amendment also substituted "§ 113-252" for "§ 113-377.1" near the beginning of the section.

§ 113-254. North Carolina members of Commission.—In pursuance of Article III of said compact there shall be three members (hereinafter called commissioners) of the Atlantic States Marine Fisheries Commission (hereinafter called commission) from the State of North Carolina. The first commissioner from the State of North Carolina shall be either the Director of the Department of Conservation and Development, the chairman of the Commercial and Sports Fisheries Committee, or the Commissioner of Commercial and Sports Fisheries of the State of North Carolina ex officio, and the term of any such ex officio commissioner shall terminate at the time he ceases to hold said office and his successor as commissioner shall be his successor as either the Director of the Department of Conservation and Development, the chairman of the Commercial and Sports Fisheries Committee, or the Commissioner of Commercial and Sports Fisheries, as the case may be. The second commissioner from the State of North Carolina shall be a legislator and member of the Commission on Interstate Cooperation of the State of North Carolina, ex officio, designated by said Commission on Interstate Cooperation, and the term of any such ex officio commissioner shall terminate at the time he ceases to hold said legislative office or said office as Commissioner on Interstate Cooperation, and his successor as commissioner shall be named in like manner. The Governor (by and with the advice and consent of the Senate) shall appoint a citizen as a third commissioner who shall have a knowledge of and interest in the marine fisheries problem. The term of said Commissioner shall be three years and he shall hold office until his successor shall be appointed and qualified. Vacancies occurring in the office of such Commissioner from any reason or cause shall be filled by appointment by the Governor (by and with the advice and consent of the Senate) for the unexpired term. The Director of the Department of Conservation and Development, the chairman of the Commercial and Sports Fisheries Committee, or the Commissioner of Commercial and Sports Fisheries appointed pursuant to Article III as ex officio commissioner may delegate, from time to time, to any deputy or other subordinate in his department or office, the power to be present and participate, including voting, as his representative or substitute at any meeting of or hearing by or other proceeding of the Commission. The terms of each of the initial three members shall begin at the date of the appointment of the appointive commissioner, pro-
vided the said compact shall then have gone into effect in accordance with Article II of the compact; otherwise they shall begin upon the date upon which said compact shall become effective in accordance with said Article II.

Any commissioner may be removed from office by the Governor upon charges and after a hearing. (1949, c. 1086, s. 3; 1965, c. 957, s. 18.)

Editor's Note.—Prior to the 1965 amendment this section was codified as § 113-377.3. The amendment also substituted "Commercial and Sports Fisheries Committee" for "committee on commercial fisheries" and "Commissioner of Commercial and Sports Fisheries" for "Commissioner of Commercial Fisheries" throughout the section.

§ 113-255. Powers of Commission and commissioners. — There is hereby granted to the Commission and the commissioners thereof all the powers provided for in the said compact and all the powers necessary or incidental to the carrying out of said compact in every particular. All officers of the State of North Carolina are hereby authorized and directed to do all things falling within their respective provinces and jurisdiction necessary or incidental to the carrying out of said compact in every particular; it being hereby declared to be the policy of the State of North Carolina to perform and carry out the said compact and to accomplish the purposes thereof. All officers, bureaus, departments and persons of and in the State government or administration of the State of North Carolina are hereby authorized and directed at convenient times and upon request of the said Commission to furnish the said Commission with information and data possessed by them or any of them and to aid said Commission by loan of personnel or other means lying within their legal rights respectively. (1949, c. 1086, s. 4; 1965, c. 957, s. 18.)

Editor's Note.—Prior to the 1965 amendment this section was codified as § 113-317.5.

§ 113-256. Powers herein granted to Commission are supplemental. — Any powers herein granted to the Commission shall be regarded as in aid of and supplemental to and in no case a limitation upon any of the powers vested in said Commission by other laws of the State of North Carolina or by the laws of the states of Maine, New Hampshire, Massachusetts, Connecticut, Rhode Island, New York, New Jersey, Delaware, Maryland, Virginia, South Carolina, Georgia and Florida or by the Congress or the terms of said compact. (1949, c. 1086, s. 5; 1965, c. 957, s. 18.)

Editor's Note.—Prior to the 1965 amendment this section was codified as § 113-377.5.

§ 113-257. ARTICLE 20.

Miscellaneous Regulatory Provisions Applicable Both to Department and Commission.

§ 113-261. Taking fish for scientific purposes; cultural and scientific operations.—(a) The Department, the Commission, and any agency of the United States with jurisdiction over fish is hereby granted the right to take fish within the State, to conduct fish cultural operations and scientific investigations in the several waters of North Carolina, and to erect fish hatcheries and fish propagating plants without regard to any licensing or permit requirements in this subchapter.

(b) The Department with respect to fish in coastal fishing waters and the Commission with respect to fish in inland fishing waters may provide for the issuance of permits, on such terms as they deem just and in the best interests of conservation, authorizing persons to take such fish through the use of drugs, poisons, explosives, electricity, or any other normally prohibited manner. Such permits need not be restricted solely to victims of depredations or to scientific or educational institutions, but should be issued only for good cause. (1915, c. 84, s. 7; C. S., s. 1886; 1965, c. 957, s. 2.)

§ 113-262. Taking by poisons, drugs, explosives or electricity prohibited; exceptions; possession of illegally killed fish as evidence.—(a) Except as otherwise provided in this article, or in regulations permitting use of electricity to take certain fish, it is a misdemeanor punishable in the discretion of the court to take any fish through the use of poisons, drugs, explosives, or electricity.

(b) The possession of any fish which bears evidence of having been killed in violation of this section constitutes prima facie evidence that the person in possession intentionally took such fish. (1883, c. 290; Code, s. 1094; Rev., s. 3417; C. S., s. 1968; 1927, c. 107; 1953, c. 1134; 1955, c. 1053, ss. 1, 3, 4; 1957, c. 1056; 1965, c. 957, s. 2.)

§ 113-263. Inspecting plans and specifications of dams.—The Department and the Commission, in addition to other agencies primarily responsible, may inspect the plans and specifications of all dams proposed to be built, in North Carolina or elsewhere within the United States, the design or proposed mode of construction of which may have an adverse effect upon fish within the State. The Department or the Commission, as the case may be, may be heard before the appropriate agency charged with approving said plans and specifications, and due consideration shall be given to said Department or Commission in the approval or disapproval of the plans and specifications of proposed dams by the agencies so charged with said duty. (1965, c. 957, s. 2.)
§ 113-264. Regulatory power over property of agency. — The Board and the Commission are granted the power by regulation to license, regulate, prohibit, or restrict the public as to use and enjoyment of, or harm to, any property of the Department and the Commission, and may charge the public reasonable fees for access to or use of such property. "Property" as the word is used in this section is intended to be broadly interpreted and includes lands, buildings, vessels, vehicles, equipment, markers, stakes, buoys, posted signs and other notices, trees and shrubs and artificial constructions in boating and fishing access areas, and all other property owned, leased, or managed by either the Department or the Commission. Wilful destruction of any property of the Department or the Commission is a misdemeanor punishable in the discretion of the court. (1965, c. 957, s. 2.)

§ 113-265. Fishing from bridges; obstructing or polluting flow of water into hatchery; throwing fish offal into waters; robbing or injuring nets, seines, buoys, etc.—(a) The Board and the Commission may by regulation prohibit or restrict fishing from any bridge so constructed that persons fishing on the bridge are endangered by passing vehicular or rail traffic. The jurisdiction of the Board extends to bridges over coastal fishing waters; the jurisdiction of the Commission extends to bridges over inland fishing waters. In any event, no one may fish from the draw span of any bridge.

(b) No person may obstruct, pollute, or diminish the natural flow of water into or through any fish hatchery in violation of the requirements of the Department of Water Resources and the State Stream Sanitation Committee.

(c) It is unlawful for any person to throw or cause to be thrown into the channel of any navigable waters fish offal in any quantity likely to hinder or prevent the passage of fish along such channel. The Board and the Commission may by regulation impose further restrictions upon the throwing of fish offal in any coastal fishing waters or inland fishing waters respectively.

(d) It is unlawful for any person without the authority of the owner of the equipment to take any fish from nets, traps, and other devices to catch fish which have been placed in the open waters of the State. Violation of this subsection is a misdemeanor punishable in the discretion of the court.

(e) Any master or other person having the management or control of a vessel in the navigable waters of the State who wilfully, wantonly, and unnecessarily does injury to any seine or net which may lawfully be hauled, set, or fixed in such waters for the purpose of taking fish is guilty of a misdemeanor punishable in the discretion of the court.

(f) Any person who wilfully destroys or injures any buoys, markers, stakes, nets, or other devices or property lawfully set out in the open waters of the State in connection with any fishing or fishery is guilty of a misdemeanor punishable in the discretion of the court. Article 21.

Inland Fishing Licenses.

§ 113-271. Hook-and-line licenses in inland fishing waters.—(a) Except as otherwise provided in this article, no one may fish by means of hook and line in inland fishing waters without having first procured a current and valid hook-and-line fishing license.

(b) Except where indicated otherwise, all hook-and-line fishing licenses are annual licenses. Annual fishing licenses, except for the combination hunting-fishing license, are issued beginning January 1 each year and run until the following December 31.
§ 113-272. Special trout licenses.—(a) In addition to such hook-and-line fishing license as may be required in § 113-271, no one may fish in public mountain trout waters without having first procured a current and valid special trout license.

(b) All special trout licenses are annual licenses issued beginning January 1 each year and running until the following December 31.

(c) Public mountain trout waters are those waters designated by the Commission as having been stocked with trout at public expense.

(d) The special trout licenses issued by the Commission are as follows:

(1) Resident special trout license, $1.25 ($0.25). This license is valid only for use by an individual resident of the State in public mountain trout waters.

(2) Nonresident special trout license, $3.25 ($0.25). This license is valid for use by an individual within the State in public mountain trout waters. (1953, cc. 432, 828; 1955, c. 198, s. 2; 1961, c. 312; c. 834, ss. 3-6; 1965, c. 957, s. 2.)

§ 113-273. Licenses for propagation and sale of fish. — (a) All Licenses Annual.—All licenses under this section are annual licenses issued beginning January 1 each year and running until the following December 31.

(b) License Required; Regulations Governing Licensee.—Except as otherwise provided, no person may engage in any activity as to which a license is required by this section without having first procured a current and valid license for such activity. In implementing the provisions of this section, the Commission may by regulation govern every aspect of the licensee's dealings in fish and require licensees to keep records and statistics, be subject to inspection and audit, make periodic reports, post performance bonds payable to the Commission conditioned upon faithful compliance with provisions of law, and otherwise comply with reasonable regulations and administrative requirements that may be imposed under the authority of this section.

(c) Commercial Trout Pond License.—As used in this subsection, a “commercial trout pond” is an artificial impoundment of three acres or less lying on
§ 113-274. Permits.—(a) As used in this article, the word "permit" refers to a written authorization issued without charge by an employee or agent of the Commission to an individual or a person to conduct some activity over which the Commission has jurisdiction. Such permit may serve in lieu of any license which may otherwise be required or it may be necessary that the permit be secured in addition to adherence to regular license requirements, as the Commission may direct, in accordance with the provisions of this subchapter.

(b) Except as otherwise specifically provided by law, no one may engage in any activity as to which a permit is required without having first procured a current and valid permit.

(c) Under such circumstances and upon such terms and conditions as it may prescribe by regulation, the Commission may issue the following permits:

(1) Possession Permit.—Authorizes the possession of freshwater fish lawfully acquired. The Commission may by regulation implement the issuance and supervision of this permit, in accordance with governing laws and regulations respecting the possession of fish.

(2) Transportation Permit.—The Commission may require the use of transportation permits by persons required to be licensed under this article, or by persons and individuals exempt from license requirements, while
transporting within the State the fish described in subdivision (1) above, as necessary to discourage unlawful taking or dealing in such fish and to control and promote the orderly and systematic transportation of fish within, into, through, and out of the State. Transportation permits may be issued for such fish transported either dead or alive, in accordance with such restrictions as may reasonably be imposed. Where convenient, the Commission may require the retention and use of the license or permit authorizing the taking or acquisition of the fish as a transportation permit. Where circumstances warrant, however, the Commission may require a separate additional transportation permit. Any substantial deviation from reasonable requirements imposed by regulation or administratively under the authority of this section renders the transportation of the fish unlawful.

(3) Exportation or Importation Permit.—Authorizes the exportation or importation of the fish described in subdivision (1) above from or into the State. The Commission may by regulation implement the issuance and supervision of this permit, in accordance with governing laws and regulations respecting the exportation and importation of such fish.

(4) Other Permits.—In implementing the provisions of this subchapter, the Commission may require the use of such additional permits as may be necessary or desirable in carrying out the duties of the Commission. (1965, c. 957, s. 2.)

§ 113-275. General provisions respecting licenses.—(a) The Commission is authorized to make agreements with other jurisdictions as to reciprocal honoring of licenses in the best interests of the conservation of inland fishing resources.

(b) Every license issued under the provisions of this article is effective beginning upon its date of issuance unless the license expressly provides to the contrary, in accordance with regulations of the Commission and such administrative authority to set future effective dates in particular types of cases as may be delegated by the Commission to responsible employees or agents.

(c) Every license issued under the provisions of this article must be sold for the full prescribed amount notwithstanding that a portion of the prescribed license period may have elapsed prior to the license application.

(d) In implementing the sale and distribution of licenses issued under this article, the Commission may require license applicants to disclose such information as necessary for determining the applicant’s eligibility for a particular license. Such information as deemed desirable to assist in enforcement of license requirements may be required to be recorded on the face of any license. Fixing the form of the license may be by reasonable administrative directive, and requirements as to such form need not be embodied in regulations of the Commission in order to be validly required.

(e) Where employees of the Commission sell licenses of a type also sold through license agents, such employees must sell the licenses for the full amount and remit such full amount to the Commission without any deduction of the stipulated license agent’s fee.

(f) Except as exemptions or exceptions may be provided in § 113-276:

(1) All licenses and permits under this article must be kept ready at hand by or about the person of individual licensees and permittees while engaged in the regulated operations;

(2) All licenses and permits under this article are nontransferable; and

(3) All individuals engaged in operations subject to license or permit requirements must have an individual license or permit—except where such individuals are in the employ of and under the supervision of someone who has the license or permit or acceptable evidence of the
§ 113-276 Ch. 113. Conservation and Development § 113-276

same at hand and the activity is one for which a person not an individual may acquire a license.

(g) It is unlawful to buy, sell, lend, borrow, or in any other way transfer or receive or attempt to do any such things with respect to any nontransferable license or permit for the purpose of circumventing the requirements of this article.

(h) It is unlawful for any person engaged in regulated operations under this article to refuse to exhibit or display any required license, permit, or identification upon the request of any employee or agent of the Commission or of any officer authorized to enforce the provisions of this article.

(i) It is unlawful to refuse to comply with any provisions of this article or of regulations and administrative requirements reasonably promulgated under the authority of this article.

(j) It is a misdemeanor punishable in the discretion of the court for any person:

1. Knowingly to engage in any activity regulated under this article with an improper, false, or altered license or permit;
2. Knowingly to make any application for a license or permit to which he is not entitled;
3. Knowingly to make any false, fraudulent, or misleading statement in applying for a license or permit under this article;
or
4. To counterfeit, alter, or falsify any application, license, or permit under this article. (1929, c. 335, ss. 6, 10, 11; 1945, c. 567, ss. 5, 6; 1961, c. 329; 1965, c. 957, s. 2.)

§ 113-276. Members of armed forces deemed residents; exemptions and exceptions.—(a) Members of the armed forces of the United States stationed at a military facility in North Carolina are deemed residents of the State for the purpose of purchasing a resident State hook-and-line fishing license.

(b) A person holding a license under § 113-273 may take the fish regulated in connection with his license without any additional license under such restrictions, including permit requirements, as the Commission may by regulation impose. Provided, that such a licensee may not take fish from public fishing waters for use in any licensed operation.

(c) Every landowner, his spouse, and dependent members of his family under twenty-one years of age residing with him may fish upon the land of such landowner without being subject to the hook-and-line fishing license requirements of § 113-271.

(d) An individual under sixteen years of age is exempt from the hook-and-line fishing license requirements of § 113-271 anywhere within the State if:

1. He is accompanied by a responsible adult who is in compliance with any applicable license requirements; or
2. He is carrying a current and valid license which has been issued to one of his parents or to his guardian.

(e) A resident individual fishing with hook and line in the county of his residence using natural bait is exempt from the hook-and-line fishing license requirements of § 113-271. “Natural bait” is bait which may be beneficially digested by fish.

(f) Special device licenses issued by the Commission under its authority to regulate the taking of nongame fish are not required in the following instances:

1. When a landing net meeting the requirements set out below is used to take nongame fish in inland fishing waters.
2. When a landing net is used to assist in taking fish in inland fishing waters when the initial and primary method of taking is by the use of hook and line. Provided, that such license requirements as may be applicable to the fishing with hook and line are met.
The landing net authorized for use under subdivision (1) above must have a handle not exceeding eight feet in length and a hoop or frame to which the net is attached not exceeding sixty inches along its outer perimeter. The license exemption as to the use of landing nets may not be construed to apply to other special fishing devices the use of which is regulated by the Commission.

(g) Bow nets which have been properly licensed by the Commission may be used in inland fishing waters designated for and used by persons other than the licensee with the permission of the licensee.

(h) The Commission may by regulation require persons subject to license requirements and persons exempt from license requirements to carry or produce such identification as may be necessary to substantiate the person's entitlement to a particular license or to a particular exemption from license requirements. (1929, c. 335, ss. 1, 10; 1945, c. 567, ss. 1, 6; 1951, c. 1112, s. 2; 1961, cc. 312, 329; 1963, c. 170; 1965, c. 957, s. 2.)

§ 113-277. Suspension and revocation of licenses or permits.—(a) Upon conviction of any licensee or permittee under this article of a violation of any law or regulation administered by the Commission under the authority of this subchapter, the court in its discretion may order surrender of that license or permit plus any other license or permit issued by the Commission. The court may order suspension of any license or permit for some stipulated period or may order revocation of any license or permit for the remainder of the period for which it is valid. A period of suspension may extend past the expiration date of a license or permit, but no period of suspension longer than two years may be imposed. During any period of suspension or revocation, the licensee or permittee is not entitled to purchase or apply for any replacement, renewal, or additional license or permit regulating the same activity covered by the suspended or revoked license or permit. The Commission may by administrative action and by regulation devise procedures designed to implement license or permit suspensions and revocations that may be ordered by the courts.

(b) It is a misdemeanor punishable in the discretion of the court for any person during a period of suspension or revocation under the terms of this article:

1. To engage in any activity licensed in this article without the appropriate license or permit;
2. Knowingly to make any application for a license or permit to which he is not entitled;
3. Knowingly to make any false, fraudulent, or misleading statement in applying for a license or permit under this article;
4. To counterfeit, alter, or falsify any application, license, or permit under this article;
5. Knowingly to retain and use any license or permit which has been ordered revoked or suspended under the terms of this article; or
6. Wilfully to circumvent the terms of suspension or revocation in any manner whatsoever. (1965, c. 957, s. 2.)

Article 22.

Regulation of Inland Fisheries.

§ 113-291. General restrictions.—Except as specifically permitted in this subchapter or in regulations made under the authority of this subchapter, no person may take, possess, buy, sell, or transport:

1. Any fish taken from or found in inland fishing waters; or
2. Any inland game fish. (1965, c. 957, s. 2.)
§ 113-292. Authority of Commission in regulation of inland fishing.
(a) The Commission is authorized to authorize, license, regulate, prohibit, prescribe, or restrict all fishing in inland fishing waters, and the taking of inland game fish in coastal fishing waters, with respect to:

1. Time, place, character, or dimensions of any methods or equipment that may be employed in taking fish;
2. Seasons for taking fish;
3. Size limits on and maximum quantities of fish that may be taken, possessed, bailed to another, transported, bought, sold, or given away.

(b) The Commission is authorized to authorize, license, regulate, prohibit, prescribe, or restrict:

1. The opening and closing of inland fishing waters, whether entirely or only as to the taking of particular classes of fish, use of particular equipment, or as to other activities within the jurisdiction of the Commission; and
2. The possession, cultivation, transportation, importation, exportation, sale, purchase, acquisition, and disposition of all inland fisheries resources and all related equipment, implements, vessels, and conveyances as necessary to implement the work of the Commission in carrying out its duties.

To the extent not in conflict with provisions enforced by the Department, the Commission may exercise the powers conferred in this subsection in coastal fishing waters pursuant to its regulation of inland game fish in such waters.

(c) The Commission is authorized to make such regulations pertaining to the acquisition, disposition, transportation, and possession of fish in connection with private ponds as may be necessary in carrying out the provisions of this subchapter and the overall objectives of the conservation of wildlife resources. (1965, c. 957, s. 2.)

§ 113-293. Regulation of floats and number of lines; obstructing rivers or creeks; keeping open fishways in dams. — (a) The Commission may not adopt any regulation to require the exclusive use of a float made of plastic or any other substance in connection with hook-and-line fishing in inland fishing waters. In regulating the technique known as "jug fishing," however, the Commission may restrict or prohibit the use of floats made of glass.

(b) The Commission may not adopt any regulation limiting the number of lines to be used by any fishermen fishing by hook and line in inland fishing waters. The Commission, however, may regulate the number of such lines used in designated public mountain trout waters.

(c) It is unlawful for any person in inland fishing waters:

1. To set a net of any description across the main channel of any river or creek;
2. To erect so as to extend more than three fourths of the distance across any river or creek any stand, dam, weir, hedge, or other obstruction to the passage of fish;
3. To erect any stand, dam, weir, or hedge in any part of a river or creek required to be left open for the passage of fish; or,
4. Having erected any dam where the same was allowed, to fail to make and keep open such slope or fishway as may be required by law to be kept open for the free passage of fish.

The provisions of this section may not be construed to conflict in any way with the laws and regulations of any other agency with jurisdiction over the activity or subject matter in question. (Code, ss. 3387-3389; Rev., s. 2457; 1909, c. 466, s. 1; 1915, c. 84, s. 21; 1917, c. 290, s. 7; C. S., ss. 1878, 1974; 1925, c. 168, s. 2; 1935, c. 35; 1945, c. 776; 1951, c. 1045, s. 1; 1953, cc. 774, 1251; 1963, c. 1097, s. 1; 1965, c. 957, s. 2.)
§ 113-294. Penalties for unlawfully selling or buying game fish. — Any person who unlawfully sells, possesses for sale, buys, or offers or attempts to buy any game fish is guilty of a misdemeanor punishable by a fine of not less than fifty dollars ($50.00) in addition to such other punishment as the court may impose in its discretion. (1965, c. 957, s. 2.)

§§ 113-295 to 113-300: Reserved for future codification purposes.

ARTICLE 23.

Administrative Provisions; Regulatory Authority of Commission.

§ 113-301. Filing and publication of regulations. — (a) All regulations of the Commission promulgated under the authority of this chapter or any other statutes, including provisions in chapters 75A and 143 of the General Statutes of North Carolina, must be filed with the Secretary of State in accordance with §§ 143-195 to 143-197. In addition, all such regulations of the Commission the violation of which constitutes a crime must be filed with the clerk of the superior court:

(1) Of every county in the State, in the case of regulations of general application; and

(2) Of the county or counties affected, in the case of special or local regulations affecting only a particular area.

(b) Regulations promulgated by the Commission under the authority of this subchapter must be published at least once in some newspaper published in and having general circulation throughout the State. (1965, c. 957, s. 2.)

§ 113-302. Prima facie evidence from unlawful possession of game fish.—The prima facie evidence provisions of § 113-103 respecting game apply equally to the possession of game fish in such establishments. (1965, c. 957, s. 2.)

§ 113-303. Arrest, service of process and witness fees of protectors.—All arrest fees and other fees that may be charged in any bill of costs for service of process by protectors must be paid to the county in which the trial is held. No witness fee may be taxed in any bill of costs by virtue of the appearance of a protector as a witness in a criminal case within his enforcement jurisdiction. Acceptance by any protector of any arrest fee, witness fee, or any other fee to which he is not entitled is a misdemeanor punishable in the discretion of the court. (1965, c. 957, s. 2.)

§ 113-304. Reciprocal agreements by Commission.—The Commission is empowered to make reciprocal agreements with other jurisdictions respecting the matters governed in this subchapter. Pursuant to such agreements the Commission may by regulation modify provisions of this subchapter in order to effectuate the purposes of such agreements, in the overall best interests of the conservation of wildlife resources. (1965, c. 957, s. 2.)

§ 113-305. Cooperative agreements by Commission. — The Commission is empowered to enter into cooperative agreements with public and private agencies and individuals respecting the matters governed in this subchapter. Pursuant to such agreements the Commission may expend funds, assign employees to additional duties within or without the State, assume additional responsibilities, and take other actions that may be required by virtue of such agreements, in the overall best interests of the conservation of wildlife resources. (1965, c. 957, s. 2.)

§ 113-306. Administrative authority of Commission; disposition of license funds; delegation of powers.—(a) In the overall best interests of the conservation of wildlife resources, the Commission may lease or purchase lands, equipment, and other property; accept gifts and grants on behalf of the State;
establish wildlife refuges, management areas, and boating and fishing access areas, either alone or in cooperation with others; provide matching funds for entering into projects with some other governmental agency or with some scientific, educational, or charitable foundation or institution; condemn lands in accordance with the provisions of chapter 40 of the General Statutes and other governing provisions of law; and sell, lease, or give away property acquired by it. Provided, that any private person selected to receive gifts or benefits by the Commission be selected:

(1) With regard to the overall public interest that may result; and
(2) From a defined class upon such a rational basis open to all within the class as to prevent constitutional infirmity with respect to requirements of equal protection of the laws or prohibitions against granting exclusive privileges or emoluments.

(b) All money credited to, held by, or to be received by the Commission from the sale of licenses authorized by this subchapter must be consolidated and placed in the Wildlife Resources Fund.

(c) The Commission may, within the terms of policies set by regulation, delegate to the Executive Director all administrative powers granted to it. (1965, c. 957, s. 2.)

§ 113-307. Adoption of federal laws and regulations. — To the extent that the Commission is granted authority under this chapter or under any other provision of law, including chapter 75A of the General Statutes, over subject matter as to which there is concurrent federal jurisdiction, the Commission in its discretion may by reference in its regulations adopt relevant provisions of federal law and regulations as State regulations. To prevent confusion or conflict of jurisdiction in enforcement, the Commission may provide for an automatic incorporation by reference into its regulations of future changes within any particular set of federal laws or regulations relating to some subject clearly within the jurisdiction of the Commission. (1965, c. 957, s. 2.)

ARTICLE 24.
Miscellaneous Transitional Provisions.

§ 113-316. General statement of purpose and effect of revision of subchapter IV.—To clarify the conservation laws of the State and the authority and jurisdiction of the Department of Conservation and Development and the North Carolina Wildlife Resources Commission: The Commissioner of Commercial Fisheries and the Division of Commercial Fisheries of the Department of Conservation and Development are renamed the Commissioner of Commercial and Sports Fisheries and the Division of Commercial and Sports Fisheries; the Commercial Fisheries Committee of the Department of Conservation and Development is renamed the Commercial and Sports Fisheries Committee; the Commercial Fisheries Advisory Board is abolished and in its stead is created the Commercial and Sports Fisheries Advisory Board; commercial fishing waters are renamed coastal fishing waters and the Division of Commercial and Sports Fisheries is given jurisdiction over and responsibility for the marine and estuarine resources in coastal fishing waters; the laws pertaining to commercial fishing operations regulated by the Department of Conservation and Development are consolidated and revised generally and broadened to reflect the jurisdictional change respecting coastal fisheries; and the connected and related laws pertaining to fisheries resources administered by the North Carolina Wildlife Resources Commission are recodified to harmonize in such revision and consolidation. (1965, c. 957, s. 1.)
§ 113-317. Effect of revision on powers of Department of Conservation and Development and Wildlife Resources Commission.—The intention of this subchapter is to continue and broaden the powers and authority of the Department of Conservation and Development and the North Carolina Wildlife Resources Commission with respect to all matters pertaining to the conservation of fisheries resources, except as specific modifications, qualifications, and restrictions may appear in this subchapter. The failure to carry forward any specific administrative or regulatory power contained in the former statutes in chapter 113 of the General Statutes is not to be deemed to deprive the Department or the Commission of the authority in question. The failure to carry forward any specific prohibitions contained in the former statutes in chapter 113 of the General Statutes or of local laws repealed by this subchapter does not indicate an intention to make lawful the activity formerly prohibited; in the absence of provisions in this subchapter respecting such activity, the Department and the Commission in their discretion may continue, modify, or abolish the previous prohibition through the passage of regulations. In numerous instances particular provisions contained in the former law are omitted from this codification in order to leave the matter within the discretionary power of the Board and the Commission. (1965, c. 957, s. 3.)

§ 113-318. Effect of change of names of Commissioner and Division of Commercial Fisheries to Commissioner and Division of Commercial and Sports Fisheries.—Upon the effective date of this subchapter the Commissioner of Commercial Fisheries and the Division of Commercial Fisheries of the Department of Conservation and Development are renamed the Commissioner of Commercial and Sports Fisheries and the Division of Commercial and Sports Fisheries of such Department respectively. The change of name is not intended to disrupt continuance of employment, tenure, seniority, or any other rule, regulation, provision of law, custom, or administrative practice presently applicable to the Commissioner and the Division of Commercial Fisheries and employees of the Division—except as changes are made necessary by provisions within this subchapter. In addition, all contracts and all other legal or official documents and provisions applicable to the Commissioner and the Division of Commercial Fisheries and employees of that Division are made continuingly applicable to the Commissioner and the Division of Commercial and Sports Fisheries and employees of the Division. In particular, subject to the provisions of this subchapter, all appropriations, credits, revenues, funds, moneys, obligations, equipment, vehicles, vessels, offices, and other property, privileges, rights, and duties pertaining to the Commissioner and the Division of Commercial Fisheries and employees of that Division are made fully applicable to the Commissioner and the Division of Commercial and Sports Fisheries and employees of the Division.

Upon the effective date of this subchapter all money and credit from any fund, including the Commercial Fisheries Fund, the Commercial Fisheries Experimental and Oyster Demonstration Fund, the fund provided for in former §§ 113-216.3 and 113-216.4 of the General Statutes, and the Special Commercial Fisheries Equipment Fund, are transferred to the general account of the Department of Conservation and Development for the use of the Division of Commercial and Sports Fisheries. Except as otherwise provided in this subchapter, all appropriations and receipts of the Department of Conservation and Development for the conservation of marine and estuarine resources must be paid into such general account for the use of the Division. Notwithstanding the provisions of this section, the Department must provide for separate accounting or funding for any receipts of the Division which are required by law to be restricted as to their purpose of expenditure. (1965, c. 957, s. 4.)

Editor's Note.—As to the effective date of this subchapter, see Editor's Note to § 113-127.
§ 113-319. Effect of change of name of Commercial Fisheries Committee to Commercial and Sports Fisheries Committee.—Upon the effective date of this subchapter, the Commercial Fisheries Committee of the Board of Conservation and Development is renamed the Commercial and Sports Fisheries Committee of such Board. The change of name is not intended to change the composition of the Committee or its status and all statutes, rules, regulations, by-laws, contracts, and other legal and official documents or provisions applicable to the Commercial Fisheries Committee are, unless contrary to the purposes of this subchapter, madecontinuously applicable to the Commercial and Sports Fisheries Committee. (1965, c. 957, s. 5.)

Editor's Note.—As to the effective date of this subchapter, see Editor's Note to § 113-127.

§ 113-320. Dissolution of Commercial Fisheries Advisory Board; transfer of appropriations, property, privileges, etc., to Commercial and Sports Fisheries Advisory Board.—Upon the effective date of this subchapter, the Commercial Fisheries Advisory Board is dissolved. Upon the appointment of the Commercial and Sports Fisheries Advisory Board, the Advisory Board will become entitled to all appropriations, property, and privileges enjoyed by the Commercial Fisheries Advisory Board. To the extent appropriate to the purposes of this subchapter, all provisions in statutes, regulations, by-laws, contracts, and other legal or official documents or provisions applicable to the Commercial Fisheries Advisory Board are made applicable to the Commercial and Sports Fisheries Advisory Board. (1965, c. 957, s. 6.)

Editor's Note.—As to the effective date of this subchapter, see Editor's Note to § 113-127.

§ 113-321. Retention of boundary line between inland and commercial fishing waters; application of provisions as to commercial fishing waters to coastal fishing waters; regulation of fishing in joint fishing waters.—Subject to the power of future modification by the Board and Commission as provided in this subchapter, the existing boundary line between inland fishing waters and commercial fishing waters is retained as the boundary line between inland fishing waters and coastal fishing waters. Except as this subchapter provides otherwise, all statutes, regulations, by-laws, contracts, and other legal or official documents or provisions applicable to commercial fishing waters are made applicable to coastal fishing waters. Those areas of commercial fishing waters to which hook-and-line fishing license requirements of the North Carolina Wildlife Resources Commission applied on January 1, 1965, are to be deemed joint fishing waters, subject to modification by agreement between the Department of Conservation and Development and the Commission. Until such agreement provides otherwise, the Commission may continue to enforce license requirements and applicable inland fishing laws and regulations in such waters. (1965, c. 957, s. 7.)

§ 113-378. Persons drilling for oil or gas to register and furnish bond.—Any person, firm or corporation before making any drilling exploration in this State for oil or natural gas shall register with the Department of Conservation and Development or such other State agency as may hereafter be established to control the conservation of oil or gas in this State. To provide for such registration, the drilling operator must furnish the name and address of such person, firm or corporation, and the location of the proposed drilling operations, and file with the aforesaid Department of Conservation and Development a bond in the amount of two thousand five hundred dollars ($2,500.00) running to the State of North Carolina, conditioned that any well opened by the drilling operator upon abandonment shall be plugged in accordance with the rules and regulations of said Department of Conservation and Development. (1945, c. 765, s. 2.)

§ 113-379. Filing log of drilling and development of each well.—Upon the completion or shutting down of any abandoned well, the drilling operator shall file with the Department of Conservation and Development or other State agency, or with any division thereof hereinafter created for the regulation of drilling for oil or natural gas, a complete log of the drilling and development of each well. (1945, c. 765, s. 3.)

§ 113-380. Violation a misdemeanor.—Any person, firm or officer of a corporation violating any of the provisions of §§ 113-378 or 113-379 shall upon conviction thereof be guilty of a misdemeanor and shall be fined not less than five hundred dollars ($500.00) nor more than two thousand dollars ($2,000.00) and may in the discretion of the court be imprisoned for not more than two years. (1945, c. 765, s. 4.)
production and use and waste thereof in the absence of coequal or correlative rights of owners of crude oil or natural gas in a common source of supply to produce and use the same, this law is enacted for the protection of public and private interests against such evils by prohibiting waste and compelling ratable production. (1945, c. 702, s. 2.)

§ 113-383. Petroleum Division created; members; terms of office; compensation and expenses.—Subject to the provisions of § 113-382, there is hereby established in the Department of Conservation and Development a division thereof to be known as the “Petroleum Division,” hereinafter in this law called “the Division,” which Division shall be composed of the Director of the Department of Conservation and Development and the State Geologist as ex officio members thereof, and three members of the Board of Conservation and Development, to be designated by the Governor, the members so designated to serve on said Division for a term of two years, or until their successors are designated. The successors of said members of said Division shall be designated biennially by the Governor. Any vacancies of said Division may be filled by the Governor. The said Division shall designate one of its members, or such other person as it may select, to act as secretary thereof, unless a director of production and conservation is appointed as hereinafter provided. The members of the aforesaid Petroleum Division, other than the ex officio members thereof, shall receive the same per diem compensation for attending meetings thereof, and shall be allowed the same expenses, as are allowed to members of the Board of Conservation and Development at meetings thereof. (1945, c. 702, s. 3.)

§ 113-384. Quorum.—A majority of said Division shall constitute a quorum, and three affirmative votes shall be necessary for adoption or promulgation of any rules, regulations or orders. (1945, c. 702, s. 4.)

§ 113-385. Power to administer oaths. — Any member of the Division, or the secretary thereof, shall have power to administer oaths to any witness in any hearing, investigation or proceeding contemplated by this law or by any other law of this State relating to the conservation of oil or gas. (1945, c. 702, s. 5.)

§ 113-386. Director of production and conservation and other employees; duties of secretary; Attorney General to furnish legal services. — The Division may with the approval of the Governor appoint one director of production and conservation at a salary to be fixed by the Governor, and such other assistants, petroleum and natural gas engineers, bookkeepers, auditors, gaugers and stenographers, and other employees as may be necessary properly to administer and enforce the provisions of this law.

The director of production and conservation, when appointed, shall be ex officio secretary of the Division, and shall keep all minutes and records of said Division and, in addition thereto, shall collect and remit to the State Treasurer all moneys collected. He shall, as such secretary, give bond in such sum as the Division may direct with corporate surety to be approved by the Division, conditioned that he will well and truly account for all funds coming into his hands as such secretary.

The Attorney General shall furnish the required legal services and shall be given such additional assistants as he may deem to be necessary therefor. (1945, c. 702, s. 6.)

§ 113-387. Production of crude oil and gas regulated; tax assessments. — All common sources of supply of crude oil discovered after January first, one thousand nine hundred and forty-five, if so found necessary by the Division, shall have the production of oil therefrom controlled or regulated in accordance with the provisions of this law, and the Division is hereby authorized to assess from time to time against each barrel of oil produced and saved a tax not to exceed five (5) mills on each barrel. All moneys so collected shall be used solely to pay the expenses and other costs in connection with the administration of this law.
§ 113-388. Collection of assessments. — Any person purchasing oil or gas in this State at the well, under any contract or agreement requiring payment for such production to the respective owners thereof, in respect of which production any sums assessed under the provisions of § 113-387 are payable to the Division, is hereby authorized, empowered and required to deduct from any sums so payable to any such person the amount due the Division by virtue of any such assessment and remit that sum to the Division. Further, any person taking oil or gas from any well in this State for use or resale, in respect of which production any sums assessed under the provisions of § 113-387 are payable to the Division, shall remit any sums so due to the Division in accordance with those rules and regulations of the Division which may be adopted in regard thereto. (1945, c. 702, s. 8.)

§ 113-389. Definitions.—Unless the context otherwise requires, the words defined in this section shall have the following meaning when found in this law:

(1) "Division" shall mean the "Petroleum Division," as created by this law.
(2) "Field" shall mean the general area which is underlaid or appears to be underlaid by at least one pool; and "field" shall include the underground reservoir or reservoirs containing crude petroleum oil or natural gas, or both. The words "field" and "pool" mean the same thing when only one underground reservoir is involved; "field," unlike "pool," may relate to two or more pools.
(3) "Gas" shall mean all natural gas, including casing-head gas, and all other hydrocarbons not defined as oil in subdivision (7).
(4) "Illegal gas" shall mean gas which has been produced within the State of North Carolina from any well during any time that well has produced in excess of the amount allowed by any rule, regulation or order of the Division, as distinguished from gas produced within the State of North Carolina from a well not producing in excess of the amount so allowed, which is "legal gas."
(5) "Illegal oil" shall mean oil which has been produced within the State of North Carolina from any well during any time that that well has produced in excess of the amount allowed by rule, regulation or order of the Division, as distinguished from oil produced within the State of North Carolina from a well not producing in excess of the amount so allowed, which is "legal oil."
(6) "Illegal product" shall mean any product of oil or gas, any part of which was processed or derived, in whole or in part, from illegal oil or illegal gas or from any product thereof, as distinguished from "legal product," which is a product processed or derived to no extent from illegal oil or illegal gas.
(7) "Oil" shall mean crude petroleum oil, and other hydrocarbons, regardless of gravity, which are produced at the well in liquid form by ordinary production methods, and which are not the result of condensation of gas after it leaves the reservoir.
(8) "Owner" shall mean the person who has the right to drill into and to produce from any pool, and to appropriate the production either for himself or for himself and others.
§ 113-390 (9) “Person” shall mean any natural person, corporation, association, partnership, receiver, trustee, guardian, executor, administrator, fiduciary or representative of any kind.

(10) “Pool” shall mean an underground reservoir containing a common accumulation of crude petroleum oil or natural gas or both. Each zone of a general structure which is completely separated from the other zone in the structure is covered by the term “pool” as used herein.

(11) “Producer” shall mean the owner of a well or wells capable of producing oil or gas, or both.

(12) “Product” means any commodity made from oil or gas and shall include refined crude oil, crude tops, topped crude, processed crude petroleum, residue from crude petroleum, cracking stock, uncracked fuel oil, fuel oil, treated crude oil, residuum, gas oil, casing-head gasoline, natural gas gasoline, naphtha, distillate, gasoline, kerosene, benzine, wash oil, waste oil, blended gasoline, lubricating oil, blends or mixtures of oil with one or more liquid products or by-products derived from oil or gas, and blends or mixtures of two or more liquid products or by-products derived from oil or gas, whether hereinabove enumerated or not.

(13) “Tender” shall mean a permit or certificate of clearance for the transportation of oil, gas or products, approved and issued or registered under the authority of the Division.

(14) “Waste” in addition to its ordinary meaning, shall mean “physical waste” as that term is generally understood in the oil and gas industry. It shall include:

a. The inefficient, excessive or improper use or dissipation of reservoir energy; and the locating, spacing, drilling, equipping, operating or producing of any oil or gas well or wells in a manner which results, or tends to result, in reducing inefficiently the quantity of oil or gas ultimately to be recovered from any pool in this State.

b. The inefficient storing of oil, and the locating, spacing, drilling, equipping, operating or producing of any oil or gas well or wells in a manner causing, or tending to cause, unnecessary or excessive surface loss or destruction of oil or gas.

c. Abuse of the correlative rights and opportunities of each owner of oil and gas in a common reservoir due to nonuniform, disproportionate, and unratable withdrawals causing undue drainage between tracts of land.

d. Producing oil or gas in such manner as to cause unnecessary water channelling or coning.

e. The operation of any oil well or wells with an inefficient gas-oil ratio.

f. The drowning with water of any stratum or part thereof capable of producing oil or gas.

g. Underground waste however caused and whether or not defined.

h. The creation of unnecessary fire hazards.

i. The escape into the open air, from a well producing both oil and gas, of gas in excess of the amount which is necessary in the efficient drilling or operation of the well.

j. Permitting gas produced from a gas well to escape into the air.

(1945, c. 702, s. 9.)

§ 113-390. Waste prohibited.—Waste of oil or gas as defined in this law is hereby prohibited. (1945, c. 702, s. 10.)
§ 113-391. Jurisdiction and authority of Petroleum Division; rules, regulations and orders.—The Division shall have jurisdiction and authority of and over all persons and property necessary to administer and enforce effectively the provisions of this law and all other laws relating to the conservation of oil and gas.

The Division shall have the authority and it shall be its duty to make such inquiries as it may think proper to determine whether or not waste over which it has jurisdiction exists or is imminent. In the exercise of such power the Division shall have the authority to collect data; to make investigations and inspections; to examine properties, leases, papers, books and records; to examine, check, test and gauge oil and gas wells, tanks, refineries, and means of transportation; to hold hearings; and to provide for the keeping of records and the making of reports; and to take such action as may be reasonably necessary to enforce this law.

The Division shall have authority to make, after hearing and notice as herein-after provided, such reasonable rules, regulations and orders as may be necessary from time to time in the proper administration and enforcement of this law, including rules, regulations or orders for the following purposes:

1. To require the drilling, casing and plugging of wells to be done in such manner as to prevent the escape of oil or gas out of one stratum to another; to prevent the intrusion of water into an oil or gas stratum from a separate stratum; to prevent the pollution of fresh water supplies by oil, gas or salt water; and to require reasonable bond condition for the performance of the duty to plug each dry or abandoned well.

2. To require directional surveys upon application of any owner who has reason to believe that a well or wells of others has or have been drilled into the lands owned by him or held by him under lease. In the event such surveys are required, the costs thereof shall be borne by the owners making the request.

3. To require the making of reports showing the location of oil and gas wells, and the filing of logs and drilling records.

4. To prevent the drowning by water of any stratum or part thereof capable of producing oil or gas in paying quantities, and to prevent the premature and irregular encroachment of water which reduces, or tends to reduce, the total ultimate recovery of oil or gas from any pool.

5. To require the operation of wells with efficient gas-oil ratios, and to fix such ratios.

6. To prevent “blow-outs,” “caving” and “seepage” in the sense that conditions indicated by such terms are generally understood in the oil and gas business.

7. To prevent fires.

8. To identify the ownership of all oil or gas wells, producing leases, refineries, tanks, plants, structures and all storage and transportation equipment and facilities.

9. To regulate the “shooting,” perforating, and chemical treatment of wells.

10. To regulate secondary recovery methods, including the introduction of gas, air, water or other substances into producing formations.

11. To limit and prorate the production of oil or gas, or both, from any pool or field for the prevention of waste as herein defined.

12. To require; either generally or in or from particular areas, certificates of clearance or tenders in connection with the transportation of oil or gas.

13. To regulate the spacing of wells and to establish drilling units.

14. To prevent, so far as is practicable, reasonably avoidable drainage from each developed unit which is not equalized by counter-drainage.
§ 113-392. Protecting pool owners; drilling units in pools; location of wells; shares in pools.—(a) Whether or not the total production from a pool be limited or prorated, no rule, regulation or order of the Division shall be such in terms or effect

(1) That it shall be necessary at any time for the producer from, or the owner of, a tract of land in the pool, in order that he may obtain such tract's just and equitable share of the production of such pool, as such share is set forth in this section, to drill and operate any well or wells on such tract in addition to such well or wells as can produce without waste such share, or

(2) As to occasion net drainage from a tract unless there be drilled and operated upon such tract a well or wells in addition to such well or wells thereon as can produce without waste such tract's just and equitable share, as set forth in this section, of the production of such pool.

(b) For the prevention of waste and to avoid the augmenting and accumulation of risks arising from the drilling of an excessive number of wells, the Division shall, after a hearing, establish a drilling unit or units for each pool. The Division may establish drainage units of uniform size for the entire pool or may, if the facts so justify, divide into zones any pool, establish a drainage unit for each zone, which unit may differ in size from that established in any other zone; and the Division may from time to time, if the facts so justify, change the size of the unit established for the entire pool or for any zone or zones, or part thereof, establishing new zones and units if the facts justify their establishment.

(c) Each well permitted to be drilled upon any drilling unit shall be drilled approximately in the center thereof, with such exception as may reasonably be necessary where it is shown, after notice and upon hearing, and the Division finds that the unit is partly outside the pool or, for some other reason, a well approximately in the center of the unit would be nonproductive or where topographical conditions are such as to make the drilling approximately in the center of the unit unduly burdensome. Whenever an exception is granted, the Division shall take such action as will offset any advantage which the person securing the exception may have over producers by reason of the drilling of the well as an exception, and so that drainage from developed units to the tract with respect to which the exception is granted will be prevented or minimized and the producer of the well drilled as an exception will be allowed to produce no more than his just and equitable share of the oil and gas in the pool, as such share is set forth in this section.

(d) Subject to the reasonable requirements for prevention of waste, a producer's just and equitable share of the oil and gas in the pool (also sometimes referred to as a tract's just and equitable share) is that part of the authorized production for the pool (whether it be the total which could be produced without any restriction on the amount of production, or whether it be an amount less than that which the pool could produce if no restriction on the amount were imposed) which is substantially in the proportion that the quantity of recoverable oil and gas in the developed area of his tract in the pool bears to the recoverable oil and gas in the total developed area of the pool, insofar as these amounts can be ascertained practically; and to that end, the rules, regulations, permits and orders of the Division shall be such as will prevent or minimize reasonably avoidable net drainage from each developed unit (that is, drainage which is not equalized by counter-drainage), and will give to each producer the opportunity to use his just and equitable share of the reservoir energy. (1945, c. 702, s. 12.)
§ 113-393. Development of lands as drilling unit by agreement or order of Division.—(a) Integration of Interests and Shares in Drilling Unit.—When two or more separately owned tracts of land are embraced within an established drilling unit, the owners thereof may agree validly to integrate their interests and to develop their lands as a drilling unit. Where, however, such owners have not agreed to integrate their interests, the Division shall, for the prevention of waste or to avoid drilling of unnecessary wells, require such owners to do so and to develop their lands as a drilling unit. All orders requiring such integration shall be made after notice and hearing, and shall be upon terms and conditions that are just and reasonable, and will prevent or minimize reasonably avoidable drainage from each developed unit which is not equalized by counter-drainage. The portion of the production allocated to the owner of each tract included in a drilling unit formed by an integration order shall, when produced, be considered as if it had been produced from such tract by a well drilled thereon.

In the event such integration is required, and provided also that after due notice to all the owners of tracts within such drilling unit of the creation of such drilling unit, and provided further that the Division has received no protest thereto, or request for hearing thereon, whether or not ten days have elapsed after notice has been given of the creation of the drilling unit, the operator designated by the Division to develop and operate the integrated unit shall have the right to charge to each other interested owner the actual expenditures required for such purpose not in excess of what are reasonable, including a reasonable charge for supervision, and the operator shall have the right to receive the first production from the well drilled by him thereon, which otherwise would be delivered or paid to the other parties jointly interested in the drilling of the well, so that the amount due by each of them for his shares of the expense of drilling, equipping, and operating the well may be paid to the operator of the well out of production, with the value of the production calculated at the market price in the field at the time such production is received by the operator or placed to his credit. After being reimbursed for the actual expenditures for drilling and equipping and operating expenses incurred during the drilling operations and until the operator is reimbursed, the operator shall thereafter pay to the owner of each tract within the pool his ratable share of the production calculated at the market price in the field at the time of such production less the reasonable expense of operating the well. In the event of any dispute relative to such costs, the Division shall determine the proper costs.

(b) When Each Owner May Drill.—Should the owners of separate tracts embraced within a drilling unit fail to agree upon the integration of the tracts and the drilling of a well on the unit, and should it be established that the Division is without authority to require integration as provided for in subdivision (a) of this section, then, subject to all other applicable provisions of this law, the owner of each tract embraced within the drilling unit may drill on his tract, but the allowable production from each tract shall be such proportion of the allowable for the full drilling unit as the area of such separately owned tract bears to the full drilling unit.

(c) Cooperative Development Not in Restraint of Trade.—Agreements made in the interests of conservation of oil or gas, or both, or for the prevention of waste, between and among owners or operators, or both, owning separate holdings in the same oil or gas pool, or in any area that appears from geological or other data to be underlain by a common accumulation of oil or gas, or both, or between and among such owners or operators, or both, and royalty owners therein, of a pool or area, or any part thereof, as a unit for establishing and carrying out a plan for the cooperative development and operation thereof, when such agreements are approved by the Division, are hereby authorized and shall not be held or construed
§ 113-394. Limitations on production; allocating and prorating "allowables". — (a) Whenever the total amount of oil, including condensate, which all the pools in the State can produce, exceeds the amount reasonably required to meet the reasonable market demand for oil, including condensate, produced in this State, then the Division shall limit the total amount of oil, including condensate, which may be produced in the State by fixing an amount which shall be designated "allowable" for this State, which will not exceed the reasonable market demand for oil, including condensate, produced in this State. The Division shall then allocate or distribute the "allowable" for the State among the pools on a reasonable basis and in such manner as to avoid undue discrimination, and so that waste will be prevented. In allocating the "allowable" for the State, and in fixing "allowables" for pools producing oil or hydrocarbons forming condensate, or both oil and such hydrocarbons, the Division shall take into account the producing conditions and other relevant facts with respect to such pools, including the separate needs for oil, gas and condensate, and shall formulate rules setting forth standards or a program for the distribution of the "allowable" for the State, and shall distribute the "allowable" for the State in accordance with such standards or program, and where conditions in one pool or area are substantially similar to those in another pool or area, then the same standards or programs shall be applied to such pools and areas so that as far as practicable a uniform program will be followed; provided, however, the Division shall permit the production of a sufficient amount of natural gas from any pool to supply adequately the reasonable market demand for such gas for light and fuel purposes if such production can be obtained without waste, and the condensate "allowable" for such pool shall not be less than the total amount of condensate produced or obtained in connection with the production of the gas "allowable" for light and fuel purposes, and provided further that, if the amount allocated to pool as its share of the "allowable" for the State is in excess of the amount which the pool should produce to prevent waste, then the Division shall fix the "allowable" for the pool so that waste will be prevented.

(b) The Division shall not be required to determine the reasonable market demand applicable to any single pool except in relation to all pools producing oil of similar kind and quality and in relation to the demand applicable to the State, and in relation to the effect of limiting the production of pools in the State. In allocating "allowables" to pools, the Division shall not be bound by nominations or desires of purchasers to purchase oil from particular fields or areas, and the Division shall allocate the "allowable" for the State in such manner as will prevent undue discrimination against any pool or area in favor of another or others which would result from selective buying or nominating by purchasers of oil, as such term "selective buying or nominating" is understood in the oil business.

(c) Whenever the Division limits the total amount of oil or gas which may be produced in any pool in this State to an amount less than that which the pool could produce if no restrictions were imposed (which limitation may be imposed either incidental to, or without, a limitation of the total amount of oil or gas which may be produced in the State), the Division shall prorate or distribute the "allowable" production among the producers in the pool on a reasonable basis, and so that each producer will have the opportunity to produce or receive his just and equitable share, as such share is set forth in subsection I of section nine of this law. 

§ 113-394. Variations from Vertical. — Whenever the Division fixes the location of any well or wells on the surface, the point at which the maximum penetration of such wells into the producing formation is reached shall not unreasonably vary from the vertical drawn from the center of the hole at the surface, provided, that the Division shall prescribe rules, regulations and orders governing the reasonableness of such variation. (1945, c. 702, s. 13.)
§ 113-395  Notice and payment of fee to Division before drilling or abandoning well; plugging abandoned well.—Before any well, in search of oil or gas, shall be drilled, the person desiring to drill the same shall notify the Division upon such form as it may prescribe and shall pay a fee of fifty dollars ($50.00) for each well. The drilling of any well is hereby prohibited until such notice is given and such fee has been paid and permit granted.

Each abandoned well and each dry hole promptly shall be plugged in the manner and within the time required by regulations to be prescribed by the Division, and the owner of such well shall give notice, upon such form as the Division may prescribe, of the abandonment of each dry hole and of the owner’s intention to abandon, and shall pay a fee of fifteen dollars ($15.00). No well shall be abandoned until such notice has been given and such fee has been paid. (1945, c. 702, s. 15.)

§ 113-396. Wells to be kept under control.—In order to protect further the natural gas fields and oil fields in this State, it is hereby declared to be unlawful for any person to permit negligently any gas or oil well to go wild or to get out of control. The owner of any such well shall, after twenty-four (24) hours’ written notice by the Division given to him or to the person in possession of such well, make reasonable effort to control such well.

In the event of the failure of the owner of such well within twenty-four (24) hours after service of the notice above provided for, to control the same, if such can be done within the period, or to begin in good faith upon service of such notice, operations to control such well, or upon failure to prosecute diligently such operations, then the Division shall have the right to take charge of the work of controlling such well, and it shall have the right to proceed, through its own agents or by contract with a responsible contractor, to control the well or otherwise to prevent the escape or loss of gas or oil from such well all at the reasonable expense of the owner of the well. In order to secure to the Division the payment of the reasonable cost and expense of controlling or plugging such well, the Division shall retain the possession of the same and shall be entitled to receive and retain the rents, revenues and income therefrom until the costs and expenses incurred by the Division shall be repaid. When all such costs and expenses have been repaid, the Division shall restore possession of such well to the owner; provided, that in the event the income received by the Division shall not be sufficient to reimburse
§ 113-397. Hearing before Division; notice; rules, regulations or orders; public records and copies as evidence.—(a) The Division shall prescribe its rules of order or procedure in hearings or other proceedings before it under this law, but in all hearings the rules of evidence as established by law shall be applied; provided, however, that the procedure before the Division shall be summary.

(b) No rule, regulation or order, including change, renewal, or extension thereof, shall, in the absence of an emergency, be made by the Division under the provisions of this law except after a public hearing upon at least seven days' notice given in such form as may be prescribed by the Division. Such public hearing shall be held at such time, place, and in such manner as may be prescribed by the Division, and any person having any interest in the subject matter of the hearing shall be entitled to be heard.

(c) In the event an emergency is found to exist by the Division which in its judgment requires the making, changing, renewal or extension of a rule, regulation or order without first having a hearing, such emergency rule, regulation or order shall have the same validity as if a hearing with respect to the same had been held after due notice. The emergency rule, regulation or order permitted by this section shall remain in force no longer than ten days from its effective date, and, in any event, it shall expire when the rule, regulation or order made after due notice and hearing with respect to the subject matter of such emergency rule, regulation or order becomes effective.

(d) Should the Division elect to give notice by personal service, such service may be made by any officer authorized to serve process or by any agent of the Division in the same manner as is provided by law for the service of summons in civil actions in the superior courts of this State. Proof of the service by such agent shall be by the affidavit of the person making personal service.

(e) All rules, regulations and orders made by the Division shall be in writing and shall be entered in full by the director of production and conservation in a book to be kept for such purpose by the Division, which book shall be a public record and be open to inspection at all times during reasonable office hours. A copy of such rule, regulation or order, certified by such director of production and conservation, shall be received in evidence in all courts of this State with the same effect as the original.

(f) Any interested person shall have the right to have the Division call a hearing for the purpose of taking action in respect of any matter within the jurisdiction of the Division by making a request therefor in writing. Upon the receipt of any such request, the Division shall promptly call a hearing thereon, and, after such hearing, and with all convenient speed and in any event within thirty days after the conclusion of such hearing, shall take such action with regard to the subject matter thereof as it may deem appropriate. (1945, c. 702, s. 17.)

§ 113-398. Procedure and powers in hearings by Division. — In the exercise and enforcement of its jurisdiction, the said Division is authorized to summon witnesses, administer oaths, make ancillary orders and require the production of records and books for the purpose of examination at any hearing or investigation conducted by it. In connection with the exercise and enforcement of its jurisdiction, the Division shall also have the right and authority to certify as...
§ 113-399. Suits by Division.—The said Division shall have the right to maintain an action in any court of competent jurisdiction within this State to enforce by injunction, mandatory injunction, and any other appropriate or legal or equitable remedy, any valid rule, order or regulation made by the Division or promulgated under the provisions of this article, and said court shall have the authority to make and render such judgments, orders and decrees as may be proper to enforce any such rules, orders and regulations made and promulgated by the Division. (1945, c. 702, s. 19.)

§ 113-400. Assessing costs of hearings.—The said Division is hereby authorized and directed to tax and assess against the parties involved in any hearing the costs incurred therein. (1945, c. 702, s. 20.)

§ 113-401. Party to hearings; review.—The term “party” as used in this article shall include any person, firm, corporation or association. In proceedings for review of an order or decision of said Division, the Division shall have all rights and privileges granted by this article to any other party to such proceedings. (1945, c. 702, s. 21.)

§ 113-402. Rehearings.—Any party being dissatisfied with any order or decision of the said Division may, within ten (10) days from the date of the service of such order or decision, apply for a rehearing in respect to any matter determined therein; the application shall be granted or denied by the Division within ten (10) days from the date same shall be filed, and if the rehearing be not granted within ten (10) days, it shall be taken as denied. If a rehearing be granted, the matter shall be determined by the Division within thirty (30) days after the same shall be submitted. No cause of action arising out of any order or decision of the Division shall accrue in any court to any party unless such party makes application for a rehearing as herein provided. Such application shall set forth specifically the ground or grounds on which the applicant considers such order or decision to be unlawful or unreasonable. No party shall, in any court, urge or rely upon any ground not set forth in said application. An order made after a rehearing, abrogating, changing or modifying the original order or decision, shall have the same force and effect as an original order. (1945, c. 702, s. 22.)

§ 113-403. Application for court review; copy served on director who shall notify parties.—Within thirty (30) days after the application for a rehearing is denied, or if the application is granted, then within thirty (30) days after the rendition of the decision on rehearing, the applicant may apply to the court of the county in which the order of the Division is to become effective for a review of such order or decision; if the order of the Division is to become effective in more than one county, the application for review shall be filed in the office of the clerk of the superior court of the county mentioned above, and shall specifically state the grounds for review upon which the applicant relies and shall designate the order or decision sought to be reviewed. The clerk of the superior court shall immediately send a certified copy thereof, by registered mail, to the director of production and conservation. The director shall immediately notify all parties who appeared in the proceedings before the Division by registered mail, that such application for review has been filed. (1945, c. 702, s. 23.)
§ 113-404. Transcript transmitted to clerk of superior court; scope of review; procedure in superior court and upon appeal to Supreme Court.—The director of production and conservation, upon receipt of said copy of the application for review, shall forthwith transmit to the clerk of the superior court in which the application has been filed, a certified transcript of all pleadings, applications, proceedings, orders or decisions of the Division and of the evidence heard by the Division on the hearings of the matter or cause; provided, that the parties, with the consent and approval of the Division, may stipulate in writing that only certain portions of the record be transcribed. Said proceedings for review shall be for the purpose of having the lawfulness or reasonableness of the original order or decision, or the order or decision on rehearing, inquired into and determined, and the superior court hearing said cause shall have the power to vacate or set aside such order or decision on the ground that such order or decision is unlawful or unreasonable. After the said transcript shall be filed in the office of the clerk of the superior court of the county in which the application is filed, the judge of said superior court may, on his motion, or on application of any parties interested therein, make an order fixing a time for the filing of abstracts and briefs and shall fix a day for the hearing of such cause. All proceedings under this section shall have precedence in any court in which they may be pending, and the hearing of the cause shall be by the court without the intervention of a jury. An appeal shall lie to the Supreme Court of this State from orders, judgments and decisions made by the superior court. The procedure upon the trial of such proceedings in the superior court and upon appeal to the Supreme Court of this State shall be the same as in other civil actions, except as herein provided. No court of this State shall have power to set aside, modify or vacate any order or decision of the Division except as herein provided. (1945, c. 702, s. 24.)

§ 113-405. Introduction of new or additional evidence in superior court; hearing of additional material evidence by Division. — No new or additional evidence may be introduced upon the trial of any proceedings for review under the provisions of this article, but the cause shall be heard upon the questions of fact and law presented by the evidence and exhibits introduced before the Division and certified to it: Provided, that if it shall be shown to the satisfaction of the court that any party to said proceeding has additional material evidence which could not, by the exercise of due diligence, have been produced at the hearing before the Division, or which for some good reason it was prevented from producing at such hearing, or if upon the trial of the proceeding the court shall find that the Division has erroneously refused to admit or consider material evidence offered by any party at the hearing before the Division, the court may, in its discretion, stay the proceedings and make an order directing the Division to hear and consider such evidence. In such cases, it shall be the duty of the Division immediately to hear and consider such evidence and make an order modifying, setting aside or affirming its former decision. The Division after hearing and considering such additional evidence shall vacate, modify, or affirm its decision and a transcript of the additional evidence and the order or decision of the Division shall be certified and forwarded to the clerk of the superior court in which such proceeding is pending and said superior court shall on the motion of any interested party, order the trial to proceed upon the transcript as supplemented, so as to enable the court to properly determine if the order or decision of the Division as originally made or as modified is in any respect unlawful or unreasonable. (1945, c. 702, s. 25.)

§ 113-406. Effect of pendency of review; stay of proceedings.—The filing or pendency of the application for review provided for in this article shall not in itself stay or suspend the operation of any order or decision of the Division, but, during the pendency of such proceeding the court, in its discretion, may stay or suspend, in whole or in part, the operation of the order or decision of the Division. No order so staying or suspending an order or decision of the Division shall be
made by any court of this State otherwise than on five (5) days’ notice and, after a hearing, and if a stay or suspension is allowed the order granting the same shall contain a specific finding, based upon evidence submitted to the court and identified by reference thereto, that great or irreparable damage would otherwise result to the petitioner and specifying the nature of the damage. (1945, c. 702, s. 26.)

§ 113-407. Stay bond. — In case the order or decision of the Division is stayed or suspended, the order or judgment of the court shall not become effective until a bond shall have been executed and filed with and approved by the court, payable to the Division, sufficient in amount and security to secure the prompt payment, by the party petitioning for the stay, of all damages caused by the delay in the enforcement of the order or decision of the Division. (1945, c. 702, s. 27.)

§ 113-408. Enjoining violation of laws and regulations; service of process; application for drilling well to include residence address of applicant.—Whenever it shall appear that any person is violating, or threatening to violate, any statute of this State with respect to the conservation of oil or gas, or both, or any provision of this law, or any rule, regulation or order made thereunder by any act done in the operation of any well producing oil or gas, or by omitting any act required to be done thereunder, the Division, through the Attorney General, may bring suit against such person in the superior court in the county in which the well in question is located, to restrain such person or persons from continuing such violation or from carrying out the threat of violation. In such suit the Division may obtain injunctions, prohibitory and mandatory, including temporary restraining orders and temporary injunctions, as the facts may warrant, including, when appropriate, an injunction restraining any person from moving or disposing of illegal oil, illegal gas or illegal product, and any or all such commodities may be ordered to be impounded or placed under the control of an agent appointed by the court if, in the judgment of the court, such action is advisable.

If any such defendant cannot be personally served with summons in that county, personal jurisdiction of that defendant in such suit may be obtained by service made on any employee or agent of that defendant working on or about the oil or gas well involved in such suit, and by the Division mailing a copy of the complaint in the action to the defendant at the address of the defendant then recorded with the director of production and conservation.

Each application for the drilling of a well in search of oil or gas in this State shall include the address of the residence of the applicant or each applicant, which address shall be the address of each person involved in accordance with the records of the director of production and conservation, until such address is changed on the records of the Division after written request. (1945, c. 702, s. 28.)

§ 113-409. Punishment for making false entries, etc. — Any person who, for the purpose of evading this law, or of evading any rule, regulation, or order made thereunder, shall intentionally make or cause to be made any false entry or statement of fact in any report required to be made by this law or by any rule, regulation, or order made hereunder; or who, for such purpose, shall make or cause to be made any false entry in any account, record, or memorandum kept by any person in connection with the provisions of this law or of any rule, regulation or order made hereunder; or who, for such purpose, shall omit to make, or cause to be omitted, full, true and correct entries in such accounts, records, or memoranda, of all facts and transactions pertaining to the interest or activities in the petroleum industry of such person as may be required by the Division under authority given in this law or by any rule, regulation, or order made hereunder; or who, for such purpose shall remove out of the jurisdiction of the State, or who shall mutilate, alter, or by any other means falsify, any book, record, or other paper, pertaining to the transactions regulated by this law, or by any rule, regulation, or order made hereunder, shall be deemed guilty of a misdemeanor and
shall be subject, upon conviction in any court of competent jurisdiction, to a fine of not more than five hundred dollars ($500.00), or imprisonment for a term of not more than six months, or both such fine and imprisonment. (1945, c. 702, s. 29.)

§ 113-410. Penalties for other violations.—Any person who knowingly and willfully violates any provision of this law, or any rule, regulation, or order of the Division made hereunder, shall, in the event a penalty for such violation is not otherwise provided for herein, be subject to a penalty of not to exceed one thousand dollars ($1,000.00) a day for each and every day of such violation, and for each and every act of violation, such penalty to be recovered in a suit in the superior court of the county where the defendant resides, or in the county of the residence of any defendant if there be more than one defendant, or in the superior court of the county where the violation took place. The place of suit shall be selected by the Division, and such suit, by direction of the Division, shall be instituted and conducted in the name of the Division by the Attorney General. The payment of any penalty as provided for herein shall not have the effect of changing illegal oil into legal oil, illegal gas into legal gas, or illegal product into legal product, nor shall such payment have the effect of authorizing the sale or purchase or acquisition, or the transportation, refining, processing, or handling in any other way, of such illegal oil, illegal gas or illegal product, but, to the contrary, penalty shall be imposed for each prohibited transaction relating to such illegal oil, illegal gas or illegal product.

Any person knowingly and willfully aiding or abetting any other person in the violation of any statute of this State relating to the conservation of oil or gas, or the violation of any provision of this law, or any rule, regulation, or order made thereunder, shall be subject to the same penalties as prescribed herein for the violation by such other person. (1945, c. 702, s. 30.)

§ 113-411. Dealing in or handling of illegal oil, gas or product prohibited.—(a) The sale, purchase or acquisition, or the transportation, refining, processing or handling in any other way of illegal oil, illegal gas or illegal product is hereby prohibited. All persons purchasing any petroleum product must first be licensed to do so by the Petroleum Division.

(b) Unless and until the Division provides for certificates of clearance or tenders, or some other method, so that any person may have an opportunity to determine whether any contemplated transaction of sale, purchase or acquisition, or transportation, refining, processing or handling in any other way, involves illegal oil, illegal gas or illegal product, no penalty shall be imposed for the sale, purchase or acquisition, or the transportation, refining, processing or handling in any other way of illegal oil, illegal gas or illegal product, except under circumstances hereinafter stated. Penalties shall be imposed for the commission of each transaction prohibited in this section when the person committing the same knows that illegal oil, illegal gas or illegal product is involved in such transaction, or when such person could have known or determined such fact by the exercise of reasonable diligence or from facts within his knowledge. However, regardless of lack of actual notice or knowledge, penalties as provided in this law shall apply to any sale, purchase or acquisition, and to the transportation, refining, processing or handling in any other way, of illegal oil, illegal gas or illegal product, where administrative provision is made for identifying the character of the commodity as to its legality. It shall likewise be a violation for which penalties shall be imposed for any person to sell, purchase or acquire, or to transport, refine, process or handle in any other way any oil, gas or any product without complying with any rule, regulation or order of the Division relating thereto. (1945, c. 702, s. 31.)

§ 113-412. Seizure and sale of contraband oil, gas and product.—Apart from, and in addition to, any other remedy or procedure which may be available to the Division, or any penalty which may be sought against or imposed upon any person with respect to violations relating to illegal oil, illegal gas, or
illegal product, all illegal oil, illegal gas and illegal product shall, except under such circumstances as are stated herein, be contraband and shall be seized and sold, and the proceeds applied as herein provided. Such sale shall not take place unless the court shall find, in the proceeding provided for in this paragraph, that the commodity involved is contraband. Whenever the Division believes that illegal oil, illegal gas or illegal product is subject to seizure and sale, as provided herein, it shall, through the Attorney General, have issued a warrant of attachment and bring a civil action in rem for that purpose in the superior court of the county where the commodity is found, or the action may be maintained in connection with any suit or cross bill for injunction or for penalty relating to any prohibited transaction involving such illegal oil, illegal gas or illegal product. Any interested person who may show himself to be adversely affected by any such seizure and sale shall have the right to intervene in such suit to protect his rights.

The action referred to above shall be strictly in rem and shall proceed in the name of the State as plaintiff against the illegal oil, illegal gas or illegal product mentioned in the complaint, as defendant, and no bond or bonds shall be required of the plaintiff in connection therewith. Upon the filing of the complaint, the clerk of the court shall issue a summons directed to the sheriff of the county, or to such other officer or person as the court may authorize to serve process, requiring him to summon any and all persons (without undertaking to name them) who may be interested in the illegal oil, illegal gas, or illegal product mentioned in the complaint to appear and answer within thirty days after the issuance and service of such summons. The summons shall contain the style and number of the suit and a very brief statement of the nature of the cause of action. It shall be served by posting one copy thereof at the courthouse door of the county where the commodity involved in the suit is alleged to be located and by posting another copy thereof near the place where the commodity is alleged to be located. Copy of such summons shall be posted at least five days before the return day stated therein, and the posting of such copy shall constitute constructive possession of such commodity by the State. A copy of the summons shall also be published once each week for four weeks in some newspaper published in the county where the suit is pending and having a bona fide circulation therein. No judgment shall be pronounced by any court condemning such commodity as contraband until after the lapse of five days from the last publication of said summons. Proof of service of said summons, and the manner thereof, shall be as provided by general law.

Where it appears by a verified pleading on the part of the plaintiff, or by affidavit, or affidavits, or by oral testimony, that grounds for the seizure and sale exist, the clerk, in addition to the summons or warning order, shall issue a warrant of attachment, which shall be signed by the clerk and bear the seal of the court. Such warrant of attachment shall specifically describe the illegal oil, illegal gas or illegal product, so that the same may be identified with reasonable certainty. It shall direct the sheriff to whom it is addressed to take into his custody, actual or constructive, the illegal oil, illegal gas or illegal product, described therein, and to hold the same subject to the orders of the court. Said warrant of attachment shall be executed as a writ of attachment is executed. No bond shall be required before the issuance of such warrant of attachment, and the sheriff shall be responsible upon his official bond for the proper execution thereof.

In a proper case, the court may direct the sheriff to deliver the custody of any illegal oil, illegal gas or illegal product seized by him under a warrant of attachment, to a commissioner to be appointed by the court, which commissioner shall act as the agent of the court and shall give bond with such approved surety as the court may direct, conditioned that he will faithfully conserve such illegal oil, illegal gas or illegal product, as may come into his custody and possession in accordance with the orders of the court; provided, that the court may in its discretion appoint any member of the Division or any agent of the Division as such commissioner of the court.
Sales of illegal oil, illegal gas or illegal product seized under the authority of this law, and notices of such sales, shall be in accordance with the laws of this State relating to the sale and disposition of attached property; provided, however, that where the property is in custody of a commissioner of the court, the sale shall be held by said commissioner and not by the sheriff. For his services hereunder, such commissioner shall receive a reasonable fee to be paid out of the proceeds of the sale or sales to be fixed by the court ordering such sale.

The court may order that the commodity be sold in specified lots or portions, and at specified intervals, instead of being sold at one time. Title to the amount sold shall pass as of the date of the law which is found by the court to make the commodity contraband. The judgment shall provide for payment of the proceeds of the sale into the general fund of the State Treasurer, after first deducting the costs in connection with the proceedings and the sale. The amount sold shall be treated as legal oil, legal gas or legal product, as the case may be, in the hands of the purchaser, but the purchaser and the commodity shall be subject to all applicable laws, and rules, regulations and orders with respect to further sale or purchase or acquisition, and with respect to the transportation, refining, processing, or handling in any other way, of the commodity purchased.

Nothing in this section shall deny or abridge any cause of action a royalty owner, or a lien holder, or any other claimant, may have, because of the forfeiture of the illegal oil, illegal gas, or illegal product, against the person whose act resulted in such forfeiture. No illegal oil, illegal gas or illegal product shall be sold for less than the average market value at the time of sale of similar products of like grade and character. (1945, c. 702, s. 32.)

§ 113-413. Funds for administration.—If the Governor shall proclaim and declare this law to be in full force and effect prior to March first, one thousand nine hundred and forty-seven, the funds necessary for the administration of this law shall be provided by the Governor from the Contingency and Emergency Fund. (1945, c. 702, s. 33.)

§ 113-414. Filing list of renewed leases in office of register of deeds. —On December thirty-first of each year, or within ten days thereafter, every person, firm or corporation holding petroleum leases shall file in the office of the register of deeds of the county within which the land covered by such leases is located, a list showing the leases which have been renewed for the ensuing year. (1945, c. 702, s. 34.)

hicles, such duty, responsibility, or authority is hereby vested in the Director of
the State Bureau of Investigation. Wherever in said subsection any benefits,
duties, authority, or requirements are vested in, placed on, or extended to of-
ficers and members of the State Highway Patrol, such benefits, duties, authority
and requirements are vested in, placed on, and extended to officers and special

§ 114-14.1. Transfer of personnel.—The Director of the State Bureau
of Investigation shall have authority to transfer members of the Bureau from

The services of the Director of the Bureau, and of his assistants, may be required by the Governor in connection with the investigation of any crime committed anywhere in the State when called upon by the enforcement officers of the State, and when, in the judgment of the Governor, such services may be rendered with advantage to the enforcement of the criminal law. The State Bureau of Investigation is hereby authorized to investigate without request the attempted arson, or arson, damage of, theft from, or theft of, or misuse of, any state-owned personal property, buildings, or other real property.

No officer shall take the photograph of a person arrested and charged with a misdemeanor, unless such person is a fugitive from justice or unless such person shall, at the time of arrest, have in his possession property or goods reasonably believed by such officer to have been stolen, or unless the officer has reasonable grounds to believe that such person is wanted by the Federal Bureau of Investigation, the State Bureau of Investigation or some other law enforcement officer or agent.

Any fingerprints or photographs taken pursuant to this section may be forwarded by the chief of police or sheriff to the Director of the State Bureau of Investigation.

It shall be the duty of the State Bureau of Investigation to receive and collect police information, to assist in locating, identifying, and keeping records of criminals in this State, and from other states, and to compare, classify, compile, publish, make available and disseminate any and all such information to the sheriffs, constables, police authorities, courts or any other officials of the State requiring such criminal identification, crime statistics and other information respecting crimes local and national, and to conduct surveys and studies for the purpose of determining so far as is possible the source of any criminal conspiracy, crime wave, movement or cooperative action on the part of the criminals, reporting such conditions, and to cooperate with all officials in detecting and preventing. In the absence of the chairman, the vice-chairman shall preside; in the absence of both the chairman and the vice-chairman, the Board shall name one of its own members as chairman pro tempe.

(b) Regular Meetings of Board.—The regular meetings of the Board shall be held each month on a day certain, as determined by the Board. The Board shall determine the hour of the meeting, which may be adjourned from day to day, or to a day certain, until the business before the Board has been completed.
§ 115-11. Powers and duties generally.—The powers and duties of the State Board of Education are defined as follows:

1. General Supervision and Administration.—The Board shall have general supervision and administration of the educational funds provided by the State and federal governments, except those mentioned in § 5 of Article IX of the State Constitution, and also excepting such local funds as may be provided by a county, city, or district.

2. Successors to Powers of President of Literary Fund and to Boards or Commissions.—The Board shall succeed to all the powers and trusts of the president and directors of the Literary Fund of North Carolina; and to all the powers, functions, duties, and property of all abolished commissions and boards including the State School Commission, the State Textbook Commission, the State Board for Vocational Education, and the State Board of Commercial Education, including the power to take, hold and convey property, both real and personal, to the same extent that any corporation might take, hold and convey the same under the laws of this State.

3. Power to Divide the Administrative Units into Districts.—The Board shall have power to create in any county administrative units a convenient number of school districts, upon the recommendation of the county board of education. Such a school district may be entirely in one county or may consist of contiguous parts of two or more counties. The Board may modify the district organization in any administrative unit when it is deemed necessary for the economical and efficient administration and operation of the State school system, when requested to do so by the appropriate county or city board of education.

4. Divisions of Functions of Board.—The Board shall divide its duties into two separate functions, insofar as may be practicable, as follows:
   a. All those matters relating to the supervision and administration
of the public school system, except the supervision and management of the fiscal affairs of the Board, shall be under the direction of the State Superintendent in his capacity as the constitutional administrative head of the public school system.

(5) Appointment of Controller.—The Board shall appoint a controller, subject to the approval of the Governor, who shall serve at the will of the Board and who, under the direction of the Board, shall have supervision and management of the fiscal affairs of the Board. The salary of the controller shall be fixed by the Governor subject to the approval of the Advisory Budget Commission and shall be paid from Board appropriations.

(6) Apportionment of Funds.—The Board shall have authority to apportion and equalize over the State all State school funds and all federal funds granted to the State for assistance to educational programs administered within or sponsored by the public school system of the State.

(7) Investments.—The Board is authorized to direct the State Treasurer to invest in interest bearing securities any funds which may come into its possession, and which it deems expedient to invest, as other funds of the State are now or may be hereafter invested.

(8) Acceptance of Federal Funds and Aid.—The Board is authorized to accept, receive, use or reallocate to local school units any federal funds, or aids, that may be appropriated now or hereafter by the federal government for the encouragement and improvement of any phase of the free public school program which, in the judgment of the Board, will be beneficial to the operation of the schools. However, the Board is not authorized to accept any such funds upon any condition that the public schools of this State shall be operated contrary to any provisions of the Constitution or statutes of this State.

(9) Power to Purchase at Mortgage Sales; Payment of Drainage Assessments.—The State Board of Education is authorized to purchase at public sale any land or lands upon which it has a mortgage or deed of trust securing the purchase price, or any part thereof, and when any land so sold and purchased by the said Board of Education is a part of a drainage district theretofore constituted, upon which said land assessments have been levied for the maintenance thereof, such assessments shall be paid by the said State Board of Education, as if said land had been purchased or owned by an individual.

(10) Power to Adjust Debts for Purchase Price of Lands Sold; Sale of Mortgages, etc.—The State Board of Education is hereby authorized and empowered to settle, compromise or otherwise adjust any indebtedness due it upon the purchase price of any land or property sold by it, or to cancel and surrender the notes, mortgages, trust deeds, or other evidence of indebtedness without payment, when, in the discretion of said Board, it appears that it is proper to do so. The Board of Education is further authorized and empowered to sell or otherwise dispose of any such notes, mortgages, trust deeds, or other evidence of indebtedness.

(11) Power to Establish City Administrative Units.—The Board shall have power, in its discretion, to alter the boundaries of any city administrative unit, to establish additional city administrative units when, in its opinion, such change is desirable for better educational advantages
or better school administration: Provided, that such change in administration shall not have the effect of abolishing any special taxes that may have been voted in such unit.

(12) Power to Allot Special Teaching Personnel and Funds for Clerical Assistants to Principals.—The Board shall have power to provide for the enrichment and strengthening of educational opportunities for the children of the State, and when sufficient State funds are available to provide first for the allotment of such a number of teachers as to prevent the teacher load from being too great in any school, the Board is authorized, in its discretion, to make an additional allotment of teaching personnel to county and city administrative units of the State to be used either jointly or separately, as the Board may prescribe. Such additional teaching personnel may be used in the administrative units as librarians, special teachers, or supervisors of instruction and for other special instructional services such as art, music, physical education, adult education, special education, or industrial arts as may be authorized and approved by the Board. The salary of all such personnel shall be determined in accordance with the State salary schedule adopted by the Board.

In addition, the Board is authorized and empowered in its discretion, to make allotments of funds for clerical assistants for classified principals and for attendance counselors.

The Board is further authorized, in its discretion, to allot teaching personnel to county and city administrative units for experimental programs and purposes.

(13) Power to Make Provisions for Sick Leave.—The Board is authorized and empowered, in its discretion, to make provision for sick leave with pay for any teacher or principal not to exceed five days per school term and promulgate rules and regulations providing for necessary substitutes on account of said sick leave. The pay for a substitute shall be fixed by the Board. The Board may provide to each administrative unit not exceeding one percent (1%) of the cost of instructional services for the purpose of providing substitute teachers for those on sick leave as authorized by law or by regulations of the Board, but not exceeding the provisions made for other State employees.

(14) Miscellaneous Powers and Duties.—All the powers and duties exercised by the State Board of Education shall be in conformity with the Constitution and subject to such laws as may be enacted from time to time by the General Assembly. Among such duties are:

(1955, c. 1372, art. 3, s. 2; c. 1374; 1963, c. 1178, s. 2.)

Editor's Note. — The 1963 amendment increased the salary from $13,500.00 to $18,000.00.

8. To attend all meetings of the Board and to keep the minutes of the proceedings of the Board in a well-bound and suitable book, which minutes shall be approved by the Board prior to its adjournment; and, as soon thereafter as possible, to furnish to each member of the Board and the controller a copy of said minutes.

9. To perform such other duties as the Board may assign to him from time to time. (1955, c. 1372, art. 3, s. 4.)

(3) He shall certify to each administrative unit the teacher allotment as determined by the Board under G.S. 115-59. The superintendents of the administrative units shall then certify to the State Superintendent the names of the persons employed as teachers and principals by districts. The State Superintendent shall then determine the certificate ratings of the teachers and principals, shall certify such ratings to the controller, who shall then determine in accordance with the State standard salary schedule for teachers and principals, the salary rating of each person so certified. The controller shall then determine, in accordance with the schedule of salaries established, the total cost of salaries in each county and city administrative unit for teachers and principals to be included in the State budget for the current fiscal year.

(4) He shall satisfy himself before issuing any requisition upon the Budget Bureau for payment out of the State treasury of any funds placed to the credit of any administrative unit, under the provisions of G.S. 115-84:

(12) He shall perform such other duties as may be assigned to him by the Board from time to time. (1955, c. 1372, art. 4, s. 2.)
§ 115-18. How constituted. — The county board of education in each county shall consist of the number of members which have been or may be appointed by the General Assembly in its biennial act or acts appointing members of boards of education. The term of office shall be for two years, except as may be otherwise provided in the said act or acts; provided that this section shall not have the effect of repealing any local or special acts relating to the boards of education of any particular counties. (1955, c. 1372, art. 5, s. 1.)

Local Modification. — Burke: 1963, c. 1138; Camden: 1965, c. 594, s. 3; McDowell: 1957, c. 144; Orange: 1959, c. 176.

A member of the county board of education holds a public office under the State and is thus subject to the prohibition against double office holding contained in Art. XIV, § 7, N.C. Const. Edwards: 'v: Yancey County Bd. of Educ., 235 N.C. 345, 70 S.E.2d 170 (1952).

Under § 7, Art. XIV, the Constitution one person cannot hold the office of county commissioner and also be a member of the county board of education. State ex rel. Barnhill v. Thompson, 122 N.C. 493, 29 S.E. 720 (1898).

§ 115-19. How nominated and elected.—Nominations for membership on county boards of education shall be made biennially at party primaries or conventions at the same time and in the same manner as that in which other county officers are nominated. At such primaries or conventions each political party shall nominate members of county boards of education to take the place of the members of such boards whose terms next expire. The names of the persons so nominated in each county shall be duly certified by the chairman of the county board of elections within ten days after their nomination is declared to the State Superintendent of Public Instruction, who shall transmit the names of all persons so nominated, together with the name of the political party nominating them, to the chairman of the committee on education of the House of Representatives in the next regular session of the General Assembly within ten days after it convenes. The General Assembly shall elect or appoint one or more, from the candidates so nominated, members of the county board of education for such county. Upon failure of the General Assembly to elect or appoint members as herein provided, such failure shall constitute a vacancy, which shall be filled by the State Board of Education. The office of each member shall begin on the first Monday in April of the year in which he is elected, and shall continue until his successor is elected and qualified. This section shall not have the effect of repealing any local or special acts relating to the boards of education of any particular counties. (1955, c. 1372, art. 5, § 2.)

Editor's Note. — Session Laws 1959, c. 436, provides that notwithstanding any public-local or local act to the contrary, the members of the board of education of Polk County shall be nominated and elected as prescribed by this section.

Section 4 of c. 89, Session Laws 1965, provides that art. 5, c. 115, of the General Statutes “shall be applicable to Pitt County except as modified, or when in conflict with the provisions of this act.”

As to former statute, see State ex rel. Atkins v. Fortner, 236 N.C. 264, 72 S.E.2d 594 (1952).

shall make all necessary provisions for such nominations as are herein provided for. (1955, c. 1372, art. 5, s. 3.)

Local Modification. — Burke: 1963, c. 1138.

§ 115-21. City board of education, how constituted; how to employ principals, teachers, janitors and maids. — The board of education for any city administrative unit shall be appointed or elected as now provided by law. If no provision is now made by law for the filling of vacancies in the membership of any city board of education, such vacancy may be filled by the governing body of the city or town embraced by said administrative unit. In the event that any such vacancy is not filled in this manner within thirty days, the State Board of Education may fill such vacancy or vacancies.

In the city administrative units, principals and teachers shall be elected and janitors and maids appointed by the board of education of such administrative unit upon the recommendation of the superintendent of city schools. (1955, c. 1372, art. 5, s. 4.)

Final Authority for Election of Teachers Vested in Board. — The superintendent makes recommendations, but the final authority for the election of teachers is vested in the school board. Johnson v. Gray, 263 N.C. 507, 139 S.E.2d 551 (1965).

§ 115-22. Members to qualify. — Those persons who shall be elected or appointed members of the county board of education by the General Assembly, and those persons elected or appointed members of the city board of education, must qualify by taking the oath of office on or before the first Monday in April next succeeding their election or appointment. A failure to qualify within that time shall constitute a vacancy: Provided, that in the event that the General Assembly shall fail to elect members of the board of education by the first Monday in April, members shall qualify as soon as practicable after they are elected. Those persons elected or appointed to fill a vacancy must qualify within thirty days after notification. A failure to qualify within that time shall constitute a vacancy. This section shall not have the effect of repealing any local or special acts relating to the boards of education of any particular counties. (1955, c. 1372, art. 5, s. 5.)

Effect of Failure to Qualify on Day Prescribed. — A county board of education is a body politic and corporate, and is authorized to prosecute and defend suits in its own name, and to discharge certain duties imposed by statute, and where the members of the board appointed by the General Assembly failed to take the oath of office on the date prescribed by statute, but took oath on the next succeeding day, their failure to qualify on the day prescribed did not impair the existence of the corporate body, and where they had discharged the statutory duties imposed upon them, and no vacancy had been declared by the State Board of Education, and no proceedings in the nature of quo warranto had been instituted to determine their right to office, the acts of the appointees as members of the board could not be annulled by a proceeding to restrain the board from purchasing a school site in discharge of its statutory duties. Crabtree v. Bd. of Educ., 199 N.C. 645, 155 S.E. 550 (1930).

§ 115-23. Vacancies in nominations for membership on county boards. — If any candidate shall die, resign, or for any reason become ineligible or disqualified between the date of his nomination and the time for the election by the General Assembly of the members of the county board of education for the county of such candidate, the vacancy caused thereby may be filled by the action of the county executive committee of the political party of such candidate. (1955, c. 1372, art. 5, s. 6.)

§ 115-24. Vacancies in office. — All vacancies in the membership of the board of education in such counties by death, resignation, or otherwise, shall be filled by the action of the county executive committee of the political party of the
member causing such vacancy until the meeting of the next regular session of the General Assembly, and then for the residue of the unexpired term by that body. If the vacancy to be filled by the General Assembly in such cases shall have occurred before the primary or convention held in such county, then in that event nominations for such vacancies shall be made in the manner hereinbefore set out, and such vacancy shall be filled from the candidates nominated to fill such vacancy by the party primaries or conventions of such county. All such vacancies that are not filled by the county executive committee under the authority herein contained within thirty days from the occurrence of such vacancies shall be filled by appointment by the State Board of Education. This section shall not have the effect of repealing any local or special act relating to the board of education of any county. (1955, c. 1372, art. 5, s. 7.)

Local Modification. — Stokes: 1965, c. 967.

Purpose of Section.—The county board of education becomes incapable of performing its corporate functions whenever vacancies reduce its membership below the number required to constitute a quorum. In order to obviate the legal paralysis incident to such an eventuality and to maintain the county board of education at its full membership, the legislature has expressly authorized by this section county executive committees of political parties and the State Board of Education to fill vacancies occurring in the membership of the board. Edwards v. Yancey County Bd. of Educ., 235 N.C. 345, 70 S.E.2d 170 (1952).

Unexpired Term Divided into Two Parts. — When this section is reduced to simple terms, it specifies that whenever a vacancy occurs in the membership of a county board of education, the resulting unexpired term is divided into two parts; that the first part begins as soon as the vacancy occurs and continues until the meeting of the next regular session of the General Assembly, and the second part embraces all of the unexpired term thereafter remaining; that the power to fill the vacancy for the first part of the unexpired term resides in the county executive committee of the political party of the former member whose office is vacant during the thirty days next succeeding the occurrence of the vacancy, but passes to and vests in the State Board of Education in case the appropriate county executive committee does not fill the vacancy for the first part of the unexpired term within the thirty days specified; and that the power to fill the vacancy for the second part of the unexpired term belongs to the General Assembly exclusively. State ex rel. Atkins v. Fortner, 236 N.C. 264, 72 S.E.2d 594 (1952).

The second sentence of this section does not undertake to compel the county executive committee or the State Board of Education to fill vacancies in the membership of the county board of education for the first part of the unexpired term from the candidates nominated by the party primaries or conventions of the county. According to its express wording, this sentence applies only to vacancies "to be filled by the General Assembly," i.e., vacancies for the second parts of unexpired terms. State ex rel. Atkins v. Fortner, 236 N.C. 264, 72 S.E.2d 594 (1952).

§ 115-25. Eligibility for board membership.—No one shall be eligible to serve as a member of a county or city board of education who is not known to be a person of intelligence, good moral character, good business qualifications, and known to be in favor of public education. No person while actually engaged in teaching in the public schools, or serving as an employee of the schools, or engaged in teaching in or conducting a private school in connection with which private school there is in any manner conducted a public school, no member of a district committee, and no person prohibited by Article XIV, § 7, of the Constitution, shall be eligible as a member of a county or city board of education. (1955, c. 1372, art. 5, s. 8.)

Local Modification. — Cumberland and Robeson: 1963, c. 311.

§ 115-26. Organization of board.—At the first meeting of the new county board in April, the members of all such boards as shall have been appointed by the retiring General Assembly shall organize by electing one of their members as chairman for a period of one year, or until his successor is elected
§ 115-27. Board a body corporate.—The board of education of each county in the State shall be a body corporate by the name and style of “The County Board of Education,” and the board of education of each city administrative school unit in the State shall be a body corporate by the name and style of “The City Board of Education.” The several boards of education, both county and city, shall hold all school property and be capable of purchasing and holding real and personal property, of building and repairing schoolhouses, of selling and transferring the same for school purposes, and of prosecuting and defending suits for or against the corporation.

Where there is public school property now in the possession of school committees who were bodies corporate prior to January first, one thousand nine hundred, or who become bodies corporate by special act of the General Assembly but who have since ceased to be bodies corporate; and where land or lands were conveyed by deed bearing date prior to January first, one thousand nine hundred, to local trustees for school purposes, and such deed makes no provision for successor trustees to those named in said deed, and all of such trustees are dead; and where such land or lands are not now being used for educational purposes either by the county board of education or the city board of education of a city administrative unit wherein same are located, the clerk of the superior court of the county wherein such property or such land or lands are located shall convey said property or land or lands to the board of education of the administrative unit in which the land or lands are located.

County and city boards of education, subject to any paramount powers vested by law in the State Board of Education or any other authorized agency shall have general control and supervision of all matters pertaining to the public schools in their respective administrative units; they shall execute the school laws in their units; and shall have authority to make agreements with other boards of education to transfer pupils from one administrative unit to another unit when the administration of the schools can be thereby more efficiently and more economically accomplished. (1955, c. 1372, art. 5, s. 10.)

Board Has Legal Existence Apart from Members.—Since the county board of education is a corporate body, it necessarily has a legal existence separate and apart from its members. Edwards v. Yancey County Bd. of Educ., 235 N.C. 345, 70 S.E.2d 170 (1952); McLaughlin v. Beasley, 250 N.C. 221, 108 S.E.2d 226 (1959).

Committees are not given final authority. Their acts are under, subordinate to, and controlled by, the county or city boards. Revels v. Oxendine, 263 N.C. 510, 139 S.E.2d 737 (1965).

Actions against Board.—A county school board under the provisions of this section is a body corporate, and while it may sue and be sued in its corporate name, this fact, standing alone, is not determinative as to what actions may be maintained against it. Eller v. Board of Educ., 242 N.C. 584, 89 S.E.2d 144 (1955).

A county school board of education has immunity from liability for torts of its members or agents except such liability as may be established under our Tort Claims Act, § 143-291 et seq. Eller v. Board of Educ., 242 N.C. 584, 89 S.E.2d 144 (1955); Fields v. Durham City Bd. of Educ., 251 N.C. 699, 111 S.E.2d 910 (1960).

The Tort Claims Act, applicable to the State Board of Education and to the State departments and agencies, except as amended by § 143-300.1, does not include local units such as county and city boards.
§ 115-28. Meetings of the board.—All county and city boards of education shall meet on the first Monday in January, April, July, and October of each year, or as soon thereafter as practicable. A board may elect to hold regular monthly meetings, and to meet in special session upon the call of the chairman or of the secretary as often as the school business of the administrative unit may require. (1955, c. 1372, art. 5, s. 11.)

A county board of education has no authority to transact business except at a regular or special meeting, and statements or promises made by the individual members thereof have no binding effect on the board unless it expressly authorized them. Kistler v. Randolph County Bd. of Educ., 233 N.C. 400, 64 S.E.2d 403 (1951).

Attended by a Quorum. — A county board of education can exercise its power only in a regular or special meeting attended by at least a quorum of its members. It cannot perform its functions through its members acting individually, informally, and separately. Iredell County Bd. of Educ. v. Dickson, 235 N.C. 359, 70 S.E.2d 14 (1952).

The statute creating the county board of education does not specify in terms the number of members competent to transact its corporate business in the absence of other members. As a consequence, the common-law rule that a majority of the whole membership is necessary to constitute a quorum applies. Edwards v. Yancey County Bd. of Educ., 235 N.C. 345, 70 S.E.2d 170 (1952).

That action by a board of education was taken at a special meeting rather than a regular meeting has no bearing on the question of the bad faith or abuse of discretion in taking such action, since special meetings are permitted by this section. Kistler v. Randolph County Bd. of Educ., 233 N.C. 400, 64 S.E.2d 403 (1951).

§ 115-29. Compensation of board members.—County and city boards of education may fix the compensation for each member not to exceed five dollars ($5.00) per diem and seven cents (7¢) per mile to and from the places of meeting and no member of the board of education shall receive any compensation for any services rendered except the per diem provided herein for attending meetings of the board or such other traveling expenses as may be incurred while performing duties imposed upon any member by authority of the board.

The State Nine Months School Fund shall provide one hundred dollars ($100.00) of the cost of the per diem and mileage of each county board of education. Funds for the per diem and a mileage for all meetings of city boards of education and for the per diem and expenses of any meetings of the county board of education in excess of the one hundred dollars ($100.00) provided by the State, shall be provided from the current expense fund budget of such city or county.

This section shall not have the effect of repealing any local or special act relating to the compensation or expenses of members of any county or city boards of education. (1955, c. 1372, art. 5, s. 12.)

§ 115-30. Removal of member of county or city board.—In case the State Superintendent of Public Instruction shall have sufficient evidence that any member of a county or city board of education is not capable of discharging, or is not discharging, the duties of his office as required by law, or is guilty of immoral or disreputable conduct, he shall notify the chairman of such board of education, unless such chairman is the offending member, in which case all other members of such board shall be notified. Upon receipt of such notice there shall be a meeting of said board of education for the purpose of investigating the charges, and if the charges are found to be true, such board shall declare the office vacant: Provided, that the offending member shall be given proper notice of the hearing and that record of the findings of the other members shall be recorded in the minutes of such board of education. (1955, c. 1372, art. 5, s. 13.)

§ 115-31. Suits and actions.—(a) A county or city board of education shall institute all actions, suits, or proceedings against officers, persons, or corporations, or their sureties, for the recovery, preservation, and application of all money or property which may be due to or should be applied to the support and maintenance of the schools, except in case of a breach of his bond by the treasurer of the county school fund, in which case action shall be brought by the board of county commissioners.

(b) In all actions brought in any court against a county or city board of education, the order or action of the board shall be presumed to be correct and the burden of proof shall be on the complaining party to show the contrary. (1955, c. 1372, art. 5, s. 14.)

The right to sue for the protection or recovery of the school funds of a particular school administrative unit belongs by necessary implication to the governing board of that unit. Indeed, this section confers upon the county board of education in explicit terms the power to sue for the preservation and recovery of the money or property of the county administrative unit. § 115-32. Power to subpoena and to punish for contempt.—County and city boards of education shall have power to issue subpoenas for the attendance of witnesses. Subpoenas may be issued in any and all matters which may lawfully come within the powers of a board and which, in the discretion of the board, requires investigation; and it shall be the duty of the sheriff or any process serving officer to serve such subpoenas upon payment of their lawful fees.

County and city boards of education shall have power to punish for contempt for any disorderly conduct or disturbance tending to disrupt them in the transaction of official business. (1955, c. 1372, art. 5, s. 15.)

§ 115-33. Witness failing to appear; misdemeanor. — Any witness who shall wilfully and without legal excuse fail to appear before a county or city board of education to testify in any matter under investigation by the board shall be guilty of a misdemeanor, and shall be fined not more than fifty dollars ($50.00) or imprisoned not more than thirty days. (1955, c. 1372, art. 5, s. 16.)

§ 115-34. Appeals to board of education and to superior court.—An appeal shall lie from the decision of all school personnel to the appropriate county or city board of education. In all such appeals it shall be the duty of the board of education to see that a proper notice is given to all parties concerned and that a record of the hearing is properly entered in the records of the board conducting the hearing.

An appeal shall lie from the decision of a county or city board of education to
§ 115-35. Powers and duties of county and city boards generally.

(a) To Provide an Adequate School System.—It shall be the duty of county and city boards of education to provide an adequate school system within their respective administrative units, as directed by law.

(b) General Powers and General Control.—All powers and duties conferred and imposed by law respecting public schools, which are not expressly conferred and imposed upon some other official, are conferred and imposed upon county and city boards of education. Said boards of education shall have general control and supervision of all matters pertaining to the public schools in their respective administrative units and they shall enforce the school law in their respective units.

(c) Power to Divide Administrative Units into Attendance Areas. — County boards of education shall have authority to divide their various units into attendance areas without regard to district lines, and city boards of education shall have authority to divide their various units into attendance areas.

(d) Power to Regulate Extra Curricular Activities. — County and city boards of education shall make all rules and regulations necessary for the conducting of extra curricular activities in the schools under their supervision, including a program of athletics, where desired, without assuming liability therefor; provided, that all interscholastic athletic activities shall be conducted in accordance with rules and regulations prescribed by the State Board of Education.

(e) Fixing Time of Opening and Closing Schools.—The time of opening and closing the public schools shall be fixed and determined by county and city boards of education in their respective administrative units. Different opening and closing dates may be fixed for schools in the same administrative unit but all schools using the same buses for transportation of pupils must open and close at the same time.

(f) Power to Regulate Fees, Charges and Solicitations. — County and city boards of education shall adopt rules and regulations governing solicitations of, sales to, and fund raising activities conducted by, the students and faculty members in schools under their jurisdiction, and no fees, charges, or costs shall be collected from students and school personnel without approval of the board of education as recorded in the minutes of said board; provided, this section shall not apply to such textbook fees as are determined and established by the State Board of Education. All schedules of fees, charges and solicitations approved by county and city boards of education shall be reported to the State Superintendent of Public Instruction.

(g) Acceptance and Administration of Federal or Private Funds.—County and city boards of education shall have power and authority to accept, receive and administer any funds or financial assistance given, granted or provided under the provisions of the Elementary and Secondary Education Act of 1965 (Public Law 89-10, 89th Congress, HR 2362) and under the provisions of the Economic Opportunity Act of 1964 (Public Law 88-452, 88th Congress, S. 2642), or other federal acts or funds from foundations or private sources, and to comply with all conditions and requirements necessary for the receipt, acceptance and use of said funds. In the administration of such funds, county and city boards of education shall have authority to enter into contracts with and to cooperate with and to carry out projects with nonpublic elementary and secondary schools, community groups and nonprofit corporations, and to enter into joint agreements for these purposes with other county and city boards of education. County and city boards
§ 115-36. Length of school day, school month, and school term.

(a) School Day.—The length of the school day shall be determined by the several county and city boards of education for all public schools in their respective administrative units, and the minimum time for which teachers shall be employed in the schoolroom or on the grounds supervising the activities of children shall not be less than six hours.

(b) School Month.—A school month shall consist of twenty teaching days. Schools shall not be taught on Saturdays unless the needs of agriculture, or other conditions in the unit or district make it desirable that school be taught on such days. Whenever it is desirable to complete the school term of one hundred eighty days in a shorter term than nine calendar months, the board of education of any administrative unit may, in its discretion, require that school shall be taught on legal holidays, except Sundays, and in accordance with the custom and practice of such community.

(c) School Term.—There shall be operated in every school in the State a uniform school term for instructing pupils of one hundred eighty days: Provided, that the State Board of Education, or the board of education of any administrative unit with the approval of the State Board of Education, may suspend the operation of any school or schools in such units, not to exceed a period of sixty days of said term of one hundred eighty days, when in the sound judgment of the State
§ 115-37. Subjects taught in public schools. — County and city boards of education shall provide for the efficient teaching in each grade of all subjects included in the outline course of study prepared by the State Superintendent of Public Instruction, which course of study shall include instruction in Americanism, government of the State of North Carolina, government of the United States, fire prevention, alcoholism, and narcoticism at the appropriate grade levels. (1955, c. 1372, art. 5, s. 20; 1957, cc. 845, 1101.)

Cross References.—As to further provisions for teaching of "fire prevention" in the colleges and schools of the State, see § 69-7. As to instruction in the prevention of forest fires, see § 113-60.

§ 115-38. Kindergartens. — County and city boards of education may provide for their respective administrative units, or for any district in a county administrative unit, kindergartens as a part of the public school system when a tax to support same is authorized by a majority of the voters at an election held in such unit or district under provisions for holding school elections herein.

Such kindergarten instruction as may be established under the provisions of this section, or established in any other manner, shall be subject to the supervision of the State Department of Public Instruction and shall be operated in accordance with standards adopted by the State Board of Education. (1955, c. 1372, art. 5, s. 21.)

§ 115-39. Requirements and limitations of board in selecting superintendent and his term of office. — At a meeting to be held on the first Monday in April, one thousand nine hundred fifty-seven, or as soon thereafter as practicable, and biennially thereafter during the month of April, the various county boards of education named by the General Assembly which convened in February of such year or elected by the people at the preceding general election, as the case may be, shall meet and elect a county superintendent of schools, subject to the approval of the State Superintendent of Public Instruction and the State Board of Education. Such superintendent shall take office on the following July first and shall serve for a term of two years, or until his successor is elected and qualified. A certification to the county board of education by the State Superintendent of Public Instruction showing that the person proposed for the office of county superintendent of schools holds a superintendent's certificate and has had three years' experience in school work in the past ten years, together with a doctor's certificate showing the person to be free from any contagious or communicable disease, shall make any person eligible for this office: Provided, the requirement of a superintendent's certificate shall not be applicable to persons now serv-
ing as superintendents. Immediately after the election, the chairman of the county board of education shall report the name and address of the person elected to the State Superintendent of Public Instruction.

If any board of education shall elect a person to serve as superintendent of schools in any administrative unit who is not qualified, or cannot qualify, according to this section, such election is null and void and it shall be the duty of such board of education to elect a person who can qualify.

In all city administrative units, the superintendent of schools shall be elected by the city board of education of such unit, to serve for a period of two years; and the qualifications, provisions, approval, and date of election shall be the same as for county superintendents. (1955, c. 1372, art. 5, s. 22; 1957, c. 686, s. 1.)

Local Modification.—Clay (as to term of office of county superintendent): 1953, c. 1963, c. 481.

§ 115-40. Office, equipment, and clerical assistants for superintendent.—It shall be the duty of the various boards of education to provide the superintendent of schools with an appropriate office. Likewise, it shall be the duty of the various boards of education to furnish adequately the superintendent's office and provide all necessary office supplies. Authority is hereby given to boards of education to employ sufficient clerical assistants and purchase sufficient office machines and equipment to the end that the business of the superintendent of schools shall always be conducted in a prompt and efficient manner. (1955, c. 1372, art. 5, s. 23.)

§ 115-41. Prescribing duties of superintendent not in conflict with law.—All acts of county and city boards of education, not in conflict with State law, shall be binding on the superintendent, and it shall be his duty to carry out all rules and regulations of the board. (1955, c. 1372, art. 5, s. 24.)

§ 115-42. Removal of county or city superintendent.—County or city boards of education are authorized to remove a superintendent who is guilty of immoral or disreputable conduct or who shall fail or refuse to perform the duties required of him by law. In case the State Superintendent of Public Instruction shall have sufficient evidence at any time that any superintendent of schools is not capable of discharging, or is not discharging, the duties of his office as required by law or is guilty of immoral or disreputable conduct, he shall report this matter to the board of education employing said superintendent of schools. It shall then be the duty of said board of education to hear the evidence in such case and, if after careful investigation it shall find the charges true, it shall declare the office vacant at once and proceed to elect a successor; provided, that such superintendent shall have the right to try his title to office in the courts of the State. (1955, c. 1372, art. 5, s. 25.)

§ 115-43. Removal of committeemen for cause.—In case the county superintendent or any member of the county board of education shall have sufficient evidence at any time that any member of any school committee is not capable of discharging, or is not discharging, the duties of his office, or is guilty of immoral or disreputable conduct, he shall bring the matter to the attention of the county board of education, which shall thoroughly investigate the charges. If the board of education finds that the evidence supports the charges made to such an extent that the actions and conduct of said committeeman are not for the best interests of the schools, then the board shall proceed to remove such committeeman and appoint his successor: Provided, that such committeeman shall be given proper notice of the hearing and that a record of the findings of the board shall be recorded in the minutes of the meeting. (1955, c. 1372, art. 5, s. 26.)

Committeeman May Be Removed Only for Cause.—A school committeeman for a district, although appointed by the county board of education, holds for a definite term, and is not removable at the will or caprice of the county board of education,
but may be removed only for cause. Russ v. Board of Educ., 232 N.C. 128, 59 S.E.2d 589 (1950).

After Notice and Fair Hearing. — Any school committee member against whom the statutory proceeding for removal is brought must be given notice of the proceeding, and of the charges against him, and afforded an opportunity to be heard and to produce testimony in his defense, and the county board of education shall not remove him from his office unless it determines, after a full and fair hearing on the merits, that one or more of the specified causes for removal has been established by the evidence. Russ v. Board of Educ., 232 N.C. 128, 59 S.E.2d 589 (1950).

Review of Board's Proceedings.—A proceeding for the removal of a school district committee member is judicial or quasi-judicial in character, and, there being no statutory provision for appeal, the procedure to obtain a review of the board's proceedings is by certiorari. Russ v. Board of Educ., 232 N.C. 128, 59 S.E.2d 589 (1950).

Inconsistent Judgment.—Where a county board of education orders the removal of school committee members, judgment of the superior court holding the act of the board invalid and also dismissing the appeal for want of jurisdiction is inconsistent and erroneous. Board of Educ., v. Anderson, 200 N.C. 156, 156 S.E. 153 (1930).

§ 115-44. Assistant superintendent and supervisors. — County and city boards of education shall have authority to employ an assistant superintendent, and supervisors in addition to those that may be furnished by the State when, in the discretion of the board of education, the schools of the administrative unit can thereby be more efficiently and more economically operated and when funds for the same are provided in the current expense fund budget. The duties of such assistant superintendent and supervisors shall be assigned by the superintendent with the approval of the board of education. (1955, c. 1372, art. 5, s. 27.)

§ 115-45. Authority of board over teachers, supervisors and principals.—County and city boards of education, upon the recommendation of the superintendent, shall have full power to make all just and needful rules and regulations governing the conduct of teachers, principals, and supervisors; the kind of reports they shall make, and their duties in the care of school property.

County and city boards of education shall have power to investigate and pass upon the character of any teacher or school official in the public schools of the unit, and to dismiss any teacher or school official for immoral or disreputable conduct as provided in G.S. 115-145; also to investigate and pass upon the fitness of any applicant for employment in any public school in the administrative unit.

If the superintendent reports to the board that the work of any teacher, principal, or supervisor is unsatisfactory or that any such person is not observing the rules and regulations of the board, the board has full authority at any time during the year, upon notice of ten days, to investigate the charges, and if sustained, to take appropriate action according to the findings of the board. (1955, c. 1372, art. 5, s. 28.)

§ 115-46. Providing for training of teachers.—County and city boards of education are authorized to provide for the professional growth of teachers while in service and to pass rules and regulations requiring teachers to cooperate with their superintendent for the improvement of instruction in the classroom and for promoting community improvement. (1955, c. 1372, art. 5, s. 29.)

§ 115-47. Pay of teachers and other school employees.—It shall be the duty of every county and city board of education to provide for the prompt monthly payment of all salaries due teachers, other school officials and employees, all current bills and other necessary operating expenses. All salaries and bills shall be paid as provided by law for disbursing State and local funds. (1955, c. 1372, art. 5, s. 30.)

§ 115-48. Tax levying authorities authorized to borrow and boards of education limited in expenditures.—If the taxes for the current year are not collected when the salaries and other necessary operating expenses come due, and the money is not available for meeting such expenses, it shall be the duty of the tax levying authorities to borrow against the amount approved in the budget and to issue short term notes for the amounts so borrowed in accordance with the provisions of the County Finance Act and the Local Government Act. The interest on all such notes shall be provided by the tax levying authorities in addition to the amount approved in the budget, unless this item is specifically included in the budget. However, if a county or city board of education shall wilfully create a debt or shall in any other way cause the expenses for the year to exceed the amount authorized in the budget, without the approval of the tax levying authorities, the indebtedness shall not be a valid obligation of the county or city, as the case may be, and the members of the board responsible for making the debt may be held liable for the same. (1955, c. 1372, art. 5, s. 31.)

§ 115-49. Salary schedule for teachers.—Every county and city board of education may adopt, as to teachers and school officials not paid out of State funds, a salary schedule similar to the State salary schedule, but it likewise shall recognize a difference in salaries based on different duties, training, experience, professional fitness, and continued service in the same school system; but if any county or city board of education shall fail to adopt such a schedule, the State salary schedule shall be in force. No teacher shall receive a salary higher than that provided in the salary schedule, unless by action of the board of education a higher salary is allowed for special fitness, special duties, or under extraordinary circumstances.

Whenever a higher salary is allowed, the minutes of the board shall show what salary is allowed and the reason for the same: Provided, that a county board of education, upon the recommendation of the committee of a district, may authorize the committee and the superintendent to supplement the salaries of all teachers of the district from funds derived from taxes within such district, and the minutes of the board shall show what increase is allowed each teacher in each such district. Provided, further, that when one or more local tax districts have been combined to create an administrative district, the county board of education may supplement the salaries of all teachers of each local tax district from funds derived from taxes collected within such local tax district, and the minutes of the board shall show what increase is allowed each teacher in each such district. (1955, c. 1372, art. 5, s. 32; 1965, c. 584, s. 3.)

Editor's Note. — The 1965 amendment added the proviso at the end of the section.

§ 115-50. Authority for salary vouchers.—The authority for boards of education to issue salary vouchers to all school employees, whether paid from State or local funds, shall be a monthly payroll prepared on forms furnished by the State Board of Education and containing all information required by the controller of the State Board of Education. This monthly payroll shall be signed by the principal of each school. (1955, c. 1372, art. 5, s. 33; 1965, c. 584, s. 4.)

Local Modification.—Mecklenburg: 1959, c. 378, s. 11.

Editor's Note. — The 1965 amendment rewrote the second sentence.

§ 115-51. School food services provided by county and city boards of education.—As a part of the function of the public school system, county and city boards of education may, in their discretion, provide school food services in the schools under their jurisdiction. All school food services made available under this authority shall be provided in accordance with standards and regulations
§ 115-52. Purchase of equipment and supplies. — It shall be the duty of county and city boards of education to purchase or exchange all supplies, equipment and materials in accordance with contracts made by or with the approval of the Department of Administration. Title to instructional supplies, office supplies, fuel and janitorial supplies, enumerated in the current expense fund budget and purchased out of State funds, shall be taken in the name of the county or city board of education which shall be responsible for the custody and replacement: Provided, that no contracts shall be made by any county or city administrative unit for purchases unless provision has been made in the budget of such unit to provide payment therefor, or unless surplus funds are on hand to pay for same, and in order to protect the State purchase contracts, it is hereby made the mandatory duty upon the part of the governing authorities of such local units to pay for such purchases promptly in accordance with the terms of the contract of purchase. (1955, c. 1372, art. 5, s. 35; 1965, c. 840.)

Editor's Note. — The 1965 amendment inserted “or exchange” in the first sentence and substituted “Department of Administration” for “State Division of Purchase and Contract” in that sentence.

§ 115-53. Liability insurance and waiver of immunity as to torts of agents, etc.—Any county or city board of education, by securing liability insurance as hereinafter provided, is hereby authorized and empowered to waive its governmental immunity from liability for damage by reason of death or injury to person or property caused by the negligence or tort of any agent or employee of such board of education when acting within the scope of his authority or within the course of his employment. Such immunity shall be deemed to have been waived by the act of obtaining such insurance, but such immunity is waived only to the extent that said board of education is indemnified by insurance for such negligence or tort.

Any contract of insurance purchased pursuant to this section must be issued by a company or corporation duly licensed and authorized to execute insurance contracts in this State and must by its terms adequately insure the county or city board of education against any and all liability for any damages by reason of death or injury to person or property proximately caused by the negligent acts or torts of the agents and employees of said board of education or the agents and employees of a particular school in a county or city administrative unit when acting within the scope of their authority or within the course of their employment. Any company or corporation which enters into a contract of insurance as above
described with a county or city board of education, by such act waives any defense based upon the governmental immunity of such county or city board of education.

Every county or city board of education in this State is authorized and empowered to pay as a necessary expense the lawful premiums for such insurance.

Any person sustaining damages, or in case of death, his personal representative may sue a county or city board of education that has insurance coverage as provided by this section.

Except as hereinbefore expressly provided, nothing in this section shall be construed to deprive any county or city board of education of any defense whatsoever to any such action for damages, or to restrict, limit, or otherwise affect any such defense which said board of education may have at common law or by virtue of any statute; and nothing in this section shall be construed to relieve any person sustaining damages or any personal representative of any decedent from any duty to give notice of such claim to said county or city board of education or to commence any civil action for the recovery of damages within the applicable period of time prescribed or limited by statute.

A county or city board of education may incur liability pursuant to this section only with respect to a claim arising after such board of education has procured liability insurance pursuant to this section and during the time when such insurance is in force.

No part of the pleadings which relate to or allege facts as to a defendant's insurance against liability shall be read or mentioned in the presence of the trial jury in any action brought pursuant to this section. Such liability shall not attach unless the plaintiff shall waive the right to have all issues of law or fact relating to insurance in such an action determined by a jury and such issues shall be heard and determined by the judge without resort to a jury and the judge shall be absent during any motions, arguments, testimony or announcement of findings of fact or conclusions of law with respect thereto unless the defendant shall request a jury trial thereon: Provided, that this section shall not apply to claims for damages caused by the negligent acts or torts of public school bus, or school transportation service vehicle drivers, while driving school buses and school transportation service vehicles when the operation of such school buses and service vehicles is paid from the State nine months' school fund.

The several county and city boards of education in the State are hereby authorized and empowered to take title to school buses purchased with local or community funds for the purpose of transporting pupils to and from athletic events and for other local school activity purposes, and commonly referred to as activity buses. The provisions of this section shall be fully applicable to the ownership and operation of such activity school buses. (1955, c. 1256; 1957, c. 685; 1959, c. 573, s. 2; 1961, c. 1102, s. 4.)

This section, in its nature, is not retroactive. Turner v. Gastonia City Bd. of Educ., 250 N.C. 456, 109 S.E.2d 211 (1959).

Waiver of Tort Immunity Depends on Action of Board.—The legislature has not waived immunity from tort liability as to county and city boards of education, except as to such liability as may be established under the Tort Claims Act, but has left the waiver of immunity from liability for torts to the respective boards, and then only to the extent such board has obtained liability insurance to cover negligence or torts. Fields v. Durham City Bd. of Educ., 251 N.C. 699, 111 S.E.2d 910 (1960).

Without Waiver Liability Limited to Tort Claims Act.—A county board of education, unless it has duly waived immunity from tort liability, as authorized in this section, is not liable in a tort action or proceeding involving a tort, except such liability as may be established under the
§ 115-54

Residence, oath of office, and salary of superintendent.

—Every superintendent shall reside in the county in which he is employed. The superintendent shall not teach, nor be regularly employed in any other capacity that may limit or interfere with his duties as superintendent. Each superintendent, before entering upon the duties of his office, shall take an oath for the faithful performance thereof. The salary of the superintendent shall be in accordance with a State standard salary schedule, fixed and determined by the State Board of Education as provided by law; and such salary schedule for superintendents shall be determined on the same basis for both county and city superintendents and shall take into consideration the amount of work inherent to the office of both county and city superintendents; and such schedule shall be published in the same way and manner as the schedules for teachers' and principals' salaries are now published. (1955, c. 1372, art. 6, s. 1.)

§ 115-55. Vacancies in office of superintendent.—In case of vacancy by death, resignation, or otherwise, in the office of a county or city superintendent, such vacancy shall be filled by the county or city board of education in which such vacancy occurred. During the time any county or city superintendent is on an approved leave of absence, without pay, an acting superintendent may be appointed in the same manner to serve during the interim period, which appointment shall be subject to the same approvals and to the same educational qualifications as provided for superintendents. In case such position is not filled immediately on a permanent or temporary basis, or in case of absence of a superintendent on account of illness or other approved reason, the board of education, by resolution duly adopted and recorded in the minutes of such board, may assign to an employee of such school board, with the approval of the State Superintendent of Public Instruction and the controller of the State Board of Education, any duty or duties of such superintendent which necessity requires be performed during such time: Provided, that if the duty of signing warrants and checks is so assigned, said board shall give proper notice immediately to State and local disbursing officials. (1955, c. 1372, art. 6, s. 2; 1959, c. 573, s. 3.)

§ 115-56. Duties of superintendent as secretary to board of education.—County and city superintendents shall be ex officio secretary to their respective boards of education. As secretary to the board of education, the superintendent shall record all proceedings of the board, issue all notices and orders that may be made by the board, and otherwise be executive officer of the board of education. He shall see that the minutes of the meetings of the board of education are promptly and accurately recorded in the minute book which shall be kept in the office of the board of education and be open at all times to public inspection. It shall be the duty of every superintendent to visit the schools of his unit, to keep his board of education informed at all times as to the condition of the school plants in his administrative unit, and to make immediately provisions to remedy any unsafe or unsanitary conditions existing in any school building.

It shall be the duty of every superintendent to attend professional meetings conducted by the State Superintendent of Public Instruction and such other professional meetings as are necessary to keep him informed on educational matters.

It shall be the duty of every superintendent to furnish as promptly as possible to the State Superintendent when requested by him, information and statistics on any phase of the school work in his administrative unit.

The superintendent shall have authority to administer oaths to teachers and all other school officials when an oath is required of the same. (1955, c. 1372, art. 6, s. 3.)

§ 115-57. Duties of superintendents toward school personnel.—It shall be the duty of the superintendent to keep himself thoroughly informed as to all policies promulgated and rules adopted by the State Superintendent of Public Instruction and the State Board of Education, for the organization and government of the public schools. The superintendent shall notify and inform his board of education, the school committees, supervisors, principals, teachers, janitors, bus drivers, and all other persons connected with the public schools, of such policies and rules. In the performance of these duties, the superintendent shall confer, work, and plan with all school personnel to achieve the best methods of instruction, school organization and school government.

The superintendent shall hold each year such teachers’ meetings and study groups as in his judgment will improve the efficiency of the instruction in the schools of his unit.

The superintendent shall distribute to all school personnel all blanks, registers, report cards, record books, bulletins, and all other supplies and information furnished by the State Superintendent and the State Board of Education and give instruction for their proper use.

If the superintendent shall fail in these duties, or such other duties as may be assigned him, he shall be subject, after notice, to an investigation by the State Superintendent or by his board of education for failure to perform his duties. For persistent failure to perform these duties, his certificate may be revoked by the State Superintendent, or he may be dismissed by his board of education. (1955, c. 1372, art. 6, s. 4.)

§ 115-58. Duties with respect to election of principals, teachers and other personnel.—It shall be the duty of the county superintendent to approve, in his discretion, the election of all teachers and personnel by the several school committees of the administrative unit. He shall then present the names of all principals, teachers, and other school personnel to the county board of education for approval or disapproval, and he shall record in the minutes the action of the board in this matter. Provided, that in county administrative units which elect to operate as one school district without a school committee it shall be the duty of the county superintendent to recommend and the board of education to elect all principals, teachers, and other school personnel in the county administrative unit.
It shall be the duty of the city superintendent to record in the minutes the action of the city board of education in the election of all principals, teachers and other school personnel elected upon the recommendation of the superintendent. (1955, c. 1372, art. 6, s. 5; 1965, c. 584, s. 5.)

Editor's Note. — The 1965 amendment added the proviso at the end of the first paragraph.

§ 115-59. Superintendent to prepare organization statement and request for teachers.—On or before the twentieth day of May in each year, the superintendent of each administrative unit shall present to the State Board of Education a statement, certified by the chairman of the board of education and the superintendent, showing the organization of the schools in his unit, together with such other information as said Board may require. On the basis of such organization statement, together with all other available information, and under such rules and regulations as the State Board of Education may promulgate, said Board shall determine for each administrative unit, the number of elementary and high school teachers to be included in the State budget on the basis of the average daily attendance for the preceding year. The highest average daily attendance for a continuous six months' period of the first seven months of the preceding school year, together with other pertinent attendance data, shall be used as a basis for such allotment: Provided, that loss in attendance due to epidemics shall be taken into consideration in the initial allotment of teachers: Provided further, that the superintendent of an administrative unit shall not be included in the number of teachers and principals allotted on the basis of average daily attendance.

It shall be the duty of the superintendent and the board of education of each administrative unit, after the opening of the schools in said unit, to make a careful check of the school organization and to request the State Board of Education to make changes in the allocation of teachers to meet changed requirements of the said unit. (1955, c. 1372, art. 6, s. 6; 1963, c. 688, s. 3; 1965, c. 584, s. 6.)

Editor's Note. — The 1963 amendment inserted "together with other pertinent attendance data" in the last sentence of the first paragraph.

The 1965 amendment deleted "by districts" following "administrative unit" in the second sentence.

§ 115-60. Superintendents shall keep proper financial records.—It shall be the duty of each superintendent to keep in his office a complete, accurate and detailed record of all financial transactions of his board of education. Such records shall be kept in accordance with modern accounting methods and as prescribed and approved by the State Board of Education. If any superintendent shall fail to keep the records of the acts of the board of education so that they may be audited in accordance with law, the board of education may remove him from office. (1955, c. 1372, art. 6, s. 7.)

§ 115-61. County superintendents shall keep record of local taxes.—County superintendents shall keep a separate financial record of each special taxing district in the county and no part of any funds belonging to one district shall be used for any other district, or for any other purpose than to meet the lawful expenses of such district to which the funds collected belong. (1955, c. 1372, art. 6, s. 8; 1965, c. 584, s. 7.)

Editor's Note. — The 1965 amendment deleted the former second sentence, relating to the signing of vouchers.

§ 115-62. Record of fines, forfeitures, and penalties.—It shall be the duty of the county superintendent to keep a record of all fines, forfeitures and penalties due the school fund, and to this end all county officials who in any way
§ 115-63. Superintendents must furnish boundaries of special taxing districts.—It shall be the duty of county superintendents, and of city superintendents where their administrative units are not coterminal with city or township limits, to furnish tax listers at tax listing time the boundaries of each taxing district and city administrative unit in which a special tax will be levied to the end that all property in such district or unit may be properly listed. (1955, c. 1372, art. 6, s. 10.)

§ 115-64. Disbursement of local funds.—County and city local school funds shall be disbursed in the same manner as State school funds are disbursed. It shall be the duty of the county superintendent in addition to approving and signing State vouchers to approve and sign all vouchers for the disbursement of all county and district funds except funds belonging to a city administrative unit. The county treasurer shall honor no voucher that is not first approved and signed by the county superintendent. No voucher shall be signed by the county or city superintendent for more money than is provided in the county or city school budget. The county superintendent shall not sign a voucher drawn on district funds for more money than is apportioned to or raised by the special tax during the fiscal year of a special taxing school district.

County and city superintendents shall not approve and sign the voucher of any teacher who does not hold a certificate as required by law, nor for more money than the salary schedule in force in the city administrative unit or special taxing district entitles the teacher to receive.

It shall be the duty of county and city superintendents to sign all vouchers issued by order of their respective boards of education and signed by the chairman, and no voucher shall be paid by the county or city treasurer that is not thus signed. (1955, c. 1372, art. 6, s. 11.)

Approval of County Superintendent Required.—The treasurer of the school fund cannot pay out any of the money coming into his hands as such except upon order approved by the county superintendent. County Bd. v. County of Wake, 167 N.C. 114, 83 S.E. 257 (1914).

§ 115-65. Superintendent shall not pay teacher without contract.—No voucher for the salary of a principal or teacher shall be signed by the county or city superintendent unless a copy of the contract has been filed with him; Provided, that substitute and interim teachers may be paid under rules of the State Board of Education. (1955, c. 1372, art. 6, s. 12.)

§ 115-66. When superintendent may withhold pay of teachers.—The chairman and secretary of a county or city board of education may refuse to sign the salary voucher for the pay of any supervisor, principal or teacher who delays or refuses to render such reports as are required by law. But whenever the reports are delivered in accordance with law, the vouchers shall be signed and the supervisor, principal, or teacher paid. (1955, c. 1372, art. 6, s. 13.)

§ 115-67. Superintendents may suspend principals and teachers.—County and city superintendents shall have authority to suspend any principal or teacher who shall fail, or who may be incompetent, to give instruction in accordance with the directions of the superintendent, or who shall wilfully refuse to cooperate in teachers' meetings: Provided, that any principal or teacher who may be suspended by the superintendent, shall have the right to appeal first to the
§ 115-68. City superintendents, powers, duties and responsibilities. —All the powers, duties and responsibilities imposed by law upon the superintendents of county administrative units shall, with respect to city administrative units, be imposed upon, and exercised by, the superintendents of city administrative units, in the same manner and to the same extent, insofar as applicable thereto, as such powers and duties are exercised and performed by superintendents of county administrative units with reference to said county administrative units. (1955, c. 1372, art. 6, s. 15.)

Article 7.
School Committees—Their Duties and Powers.

§ 115-69. Eligibility and oath of office.—Each school committeeman shall be a person of intelligence, of good moral character, of good business qualifications, and one who is known to be in favor of public education and who resides in the district; and before entering upon the duties of his office, he shall take oath for the faithful performance thereof, which oath may be taken before the county superintendent.

No person, while employed as teacher in either a public school or a private school, or while serving as a member of any county or city board of education or serving as an employee of the schools or who is prohibited by Article XIV, § 7, of the Constitution, shall be eligible to serve as a member of a district committee. (1955, c. 1372, art. 7, s. 1.)

Editor's Note.—Session Laws 1965, c. 705, s. 19, provides that this article shall not apply to Richmond County.

§ 115-70. Appointment; number of members; terms; vacancies; advisory council.—At the first regular meeting during the month of April, 1965, or as soon thereafter as practicable, and biennially thereafter, the county board of education named by the General Assembly which convened in February of such year or elected at the preceding general election, as the case may be, shall elect and appoint school committees for each of the several districts in their counties, consisting of not less than three, nor more than five persons, for each school district, whose term of office shall be for two years: Provided, that in county school administrative units organized as one district, the county board of education need not appoint a district school committee, in which case the county board of education shall assume the duties of the district school committee or may authorize an advisory council, or councils, to assume such duties as it may legally delegate to them. In the event of death, resignation or removal from the district of any member of said school committee, the county board of education shall be empowered to select and appoint his or her successor to serve the remainder of the term; provided, that in units desiring the same, by action of the county board of education, one third of the members may be selected for a term of one year, one third of the members for a term of two years, and one third of the members for a term of three years, and thereafter all members for a term of three years from the expiration of said terms. This section shall not have the effect of repealing any local or special acts relating to the appointment or terms of office of school committees.

A county board of education may appoint an advisory council for any school or schools within the administrative unit. The purpose and function of an advisory council shall be to serve in an advisory capacity to the board on matters affecting the school or schools for which it is appointed. The organization, terms, composition and regulations for the operation of such advisory council shall be
§ 115-71. Organization of school committee; meetings.—The school committee, at its first meeting after the membership has been completed by the county board of education, shall elect from its number, a chairman and secretary, who shall keep a record of its proceedings in a book to be kept for that purpose, which shall be open to public inspection. The names and addresses of the chairman and secretary shall be reported to the county superintendent and recorded by him. The committee shall meet as often as the school business of the district may require. (1955, c. 1372, art. 7, s. 3.)

§ 115-72. How to employ principals, teachers, janitors and maids.—The district committee, upon the recommendation of the county superintendent of schools, shall elect the principals for the schools of the district, subject to the approval of the county board of education. The principal of each school shall nominate and the district committee shall elect the teachers for all the schools of the district, subject to the approval of the county superintendent of schools and the county board of education. Likewise, upon the recommendation of the principal of each school of the district, the district committee shall appoint janitors and maids for the schools of the district, subject to the approval of the county superintendent of schools and the county board of education. No election of a principal or teacher, or appointment of a janitor or maid, shall be deemed valid until such election or appointment has been approved by the county superintendent and the county board of education. No teacher under eighteen years of age may be employed, and the election of all teachers and principals and the appointment of all janitors and maids shall be done at regular or called meetings of the committee.

In the event the district committee and the county superintendent are unable to agree upon the nomination and election of a principal or the principal and the district committee are unable to agree upon the nomination and election of teachers or appointment of janitors or maids, the county board of education shall select the principal and teachers and appoint janitors and maids, which selection and appointment shall be final.

The distribution of the teachers and janitors among the several schools of the district shall be subject to the approval of the county board of education. (1955, c. 1372, art. 7, s. 4; 1965, c. 584, s. 9.)

Local Modification.—Polk: 1957, c. 1209.
Editor’s Note. — The 1965 amendment substituted “each school” for “the district” near the beginning of the second sentence.
tion to Elect Principal.—The county board of education is not authorized to elect a principal of a school unless it appears that the local school authorities are in disagreement as to such election, and therefore, in a suit to compel the county board to approve an election made by the local school authorities, a plea in abatement on the ground that the county board had already elected another to the position is probably overruled in the absence of a showing of disagreement by the local school authorities. Harris v. Board of Educ., 216 N.C. 147, 4 S.E.2d 328 (1939).

Validity of Election.—The election of a principal or teacher by the school committee of a district has no validity whatever until such election has been approved by both the county superintendent of schools and the county board of education. Iredell County Bd. of Educ., v. Dickson, 235 N.C. 359, 70 S.E.2d 14 (1952).

Refusal of the county superintendent to approve the election of a teacher on the ground that he did not have sufficiently high certificates as a teacher and that his election as a teacher would not be for the best interests of the school will not sustain the finding of the trial judge that the refusal of the county superintendent of schools to approve the election was arbitrary, capricious, and without just cause, and a mandamus to cause his approval is improvidently issued by the lower court. Cody v. Barrett, 200 N.C. 43, 156 S.E. 146 (1930).

Liability of Committeeman on Employment Contract.—In Robinson v. Howard, 84 N.C. 152 (1881), it was held that a school committee man was not liable personally on a contract by which he employed a teacher, and that the remedy was by mandamus to compel the payment of the money by the proper officer in the way provided by law. If, though, the act is wrongful and malicious, an action will lie against the officer in his personal capacity to recover damages for the wrong committed by him. Spruill v. Davenport, 178 N.C. 364, 100 S.E. 527 (1919).

As to reelection of principal or teacher, see Iredell County Bd. of Educ., v. Dickson, 235 N.C. 359, 70 S.E.2d 14 (1952).

§ 115-73. Committee’s responsibility as to school property.—It shall be the duty of the school committee to protect all school property in its district. To this end, it is given custody of all schoolhouses, schoolhouse sites, grounds, textbooks, apparatus, and other school property in the district, with full power to control same as it may deem best for the interests of the public schools and the cause of education, but not in conflict with the rules and regulations of the county board of education. It shall be the duty of the committee to report any misuse or damage of school property immediately to the county board of education: Provided, that if the committee is unable or shall fail to take due care of all school property of the district, the county board of education may designate some responsible citizen of the district to have special charge of the property during vacation. (1955, c. 1372, art. 7, s. 5.)

SUBCHAPTER III. SCHOOL DISTRICT ORGANIZATION.

Article 8.

Creating and Consolidating School Districts.

§ 115-74. Creation and modification of school districts by State Board of Education.—The State Board of Education, upon the recommendation of the county board of education, shall create in any county administrative unit a convenient number of school districts. Such district organization may be modified in the same manner in which it was created when it is deemed necessary. Provided that when changes in district lines are made between and among school districts that have voted upon themselves the same rate of supplemental tax, such changes in district lines shall not have the effect of abolishing any of such districts or of abolishing any supplemental taxes that may have been voted in any of such districts.

Nothing in this section shall prevent city administrative units from consolidating with county administrative units in which such city administrative unit is located, upon petition of the board of education of the city administrative unit
§ 115-75. Districts formed of portions of contiguous counties.—School districts may be formed out of contiguous counties by agreement of the county boards of education of the respective counties subject to the approval of the State Board of Education. Rules for the organization, support and operation of districts so formed are subject to the agreement of the boards of education concerned, and as a guide to the working out of such agreements the formulas contained in § 115-123 should be followed as far as applicable. (1955, c. 1372, art. 8, s. 2.)

§ 115-76. Consolidation of districts and discontinuance of schools.—County boards of education shall have the power and authority to consolidate schools located in the same district, and with the approval of the State Board of Education, to consolidate school districts or other school areas over which the board has full control, whenever and wherever in its judgment the consolidation will better serve the educational interests of the county or any part of it: Provided, existing schools having suitable buildings shall not be abolished until the county board of education has made ample provisions for transferring all children of said school to some other school.

In determining whether two or more public schools shall be consolidated, or in determining whether or not a school shall be closed and the pupils transferred therefrom, the State Board of Education and the boards of education of the several counties shall observe and be bound by the following rules, to wit:

(1) In any question involving the discontinuance or consolidation of any high school with an average daily attendance of sixty or more pupils, the board of education of the county in which such school is located and the State Board of Education shall cause a thorough study of
such school to be made, having in mind primarily the welfare of the students to be affected by a proposed consolidation and including in such study, among other factors, geographic conditions, anticipated increase or decrease in school enrollment, the inconvenience or hardship that might result to the pupils to be affected by such consolidation, the cost of providing additional school facilities in the event of such consolidation, and the importance of such school to the people of the community in which the same is located and their interest in and support of same. Before the entry of any order of consolidation, the county board of education shall provide for a public hearing in regard to such proposed consolidation, at which hearing the county and State boards of education and the public shall be afforded an opportunity to express their views. Upon the basis of the study so made and after such hearing, said boards may, in the exercise of their discretion and by concurrent action, approve the consolidation proposed: Provided, however, that when a high school is ordered closed, pursuant to law, the pupils attending such school may be assigned to another high school, if the board of education of the administrative unit in which such school is located consents to such assignment.

(2) Provision shall not be made by the State Board of Education for the operation of a high school with an average daily attendance of less than sixty pupils unless the State Board of Education and the State Superintendent of Public Instruction, after a careful survey by them, find that geographic or other conditions make it impractical to provide for such pupils otherwise. Upon such finding, the State Board of Education may make provision for the operation of such school.

(3) Notwithstanding the limitations imposed by the provisions of subdivision (2) of this section, the State Board of Education shall make provision for the continued operation of any high school now operating in any county administrative unit and having an average daily attendance of at least forty-five but fewer than sixty pupils, and shall allot to such school the number of teachers to which it may be entitled pursuant to law and rules of the State Board of Education if the continued operation of such school be requested by the board of education of such county by the inclusion of such school in the organization statement for the following year filed pursuant to the provisions of law: Provided, however, that at the time of making such request, the county board of education presents to the State Board of Education a certified statement that it has on hand and allocated for such purpose sufficient funds to pay the salaries, in accordance with the State standard salary schedule, of such additional teacher or teachers for said school as may be required in order to comply with minimum teacher requirements for a standard high school as now or hereafter defined and sufficient funds to pay the county’s contribution for such teacher or teachers to the Teachers’ and State Employees’ Retirement System of North Carolina, as provided by G.S. 135-8 (c), and that said county board of education will employ such teacher or teachers.

For the purpose of providing the funds required by the proviso of this subdivision, the boards of commissioners of the several counties are authorized to appropriate nontax funds, and the several county boards of education are authorized to accept and use privately donated funds.

(4) The provisions of this section shall not deprive any city or county board of education of the authority to assign or enroll any and all pupils
§ 115-77. **Enlarging tax districts and city units by permanently attaching contiguous property.**—The county boards of education with the approval of the State Board of Education may transfer from nontax territory and attach permanently to local tax districts or to city administrative units, real property contiguous to said local tax districts or city administrative units, upon the written petition of the owners thereof and the taxpayers of the family or families living on such real property, and there shall be levied upon the property of each individual in the area so attached, including landowners and tenants, the same tax as is levied upon other property in said district or unit: Provided, that such transfer shall be subject to the approval of the board of education of such city unit or the committee of such tax district, as the case may be. Provided the petition must be signed by persons who are the owners thereof and the taxpayers of the families living on such real property on the date the petition is filed with the county board of education. Provided further, that a person or corporation owning only an easement in real property shall not be considered an owner of said property within contemplation of this section; and provided further that no right of action or defense founded upon the invalidity of such transfer shall be asserted, nor shall the validity of such transfer be open to question in any court upon any ground whatever, except in an action or proceeding commenced within sixty (60) days after the approval of such transfer is given by the State Board of Education. (1955, c. 1372, art. 8, s. 4; 1959, c. 573, s. 4.)

§ 115-78. **Objects of expenditure for operation of public schools.**—

(a) The objects of expenditure for the operation of the public school system shall be listed by county and city boards of education in the school budget under three separate funds: The current expense fund; the capital outlay fund; and the debt service fund.

(b) The current expense fund shall include:

(1) General Control.—Salaries and travel of superintendent, assistant superintendent, business manager, and attendance counselor; salaries of clerical assistants, property cost clerks, and the treasurer, including
cost of his bond; per diem and travel of board of education; office expenses, cost of audit, elections and attorneys’ fees and other necessary expenses of general control.

(2) **Instructional Service.**—Salaries of elementary and high school teachers and principals; salaries, travel, and office expense of supervisors; salaries and travel of teachers of vocational education including agriculture, home economics, trades and industries and distributive education; clerical and travel expenses of principals; commencement expenses; and instructional supplies.

(3) **Operation of Plant.**—Wages of janitors, cost of fuel, water, light, power, janitors’ supplies, and telephones in school buildings.

(4) **Maintenance of Plant.**—Cost of repairs to buildings and grounds, including salary of the superintendent of grounds, and teacherages; repairs and replacements of furniture and instructional apparatus, and repairs and replacements of heating, electrical and plumbing equipment.

(5) **Fixed Charges.**—Cost of rents, insurance on buildings and equipment, workmen’s compensation, compensation to injured employees, payment for injuries to school children, retirement paid to the State and paid to employees, and tort claims.

(6) **Auxiliary Agencies.**—Cost of transportation, including wages of drivers, gas, oil and grease; gas storage and equipment; salaries of mechanics, repair parts and batteries; tires and tubes; insurance, license and title fees; garage equipment, contract transportation, major replacements of chassis and bodies, and bus travel of principals; cost of operation and maintenance of school libraries; replacement and rental of textbooks including salaries of clerical assistants; health, including clinics and recreation; aid to indigent pupils; night schools; summer schools; adult education; lunchrooms; veterans’ training; and interest on temporary loans.

(c) The capital outlay fund shall provide for the purchase of sites, the erection of all school buildings properly belonging to school plants, improvement of new school grounds, alteration and addition to buildings, purchase of furniture, equipment, trucks, automobiles, school buses, and other necessary items for the better operation and administration of the public schools in the following divisions:

(1) **New Buildings and Grounds.—** Estimated total cost of new buildings including grounds, heating, plumbing and electrical equipment, furniture and instructional apparatus, architect and engineering fees, and other costs; provided, the estimated cost of the site shall be included in the total estimated cost of the building but not as a separate item; provided further, that no contract for the purchase of the site shall be executed nor any funds expended therefor without the approval of the board of county commissioners as to the amount to be spent for the site; and in case of a disagreement between a board of education and a board of county commissioners as to the amount to be spent for the site, the procedure provided in G.S. 115-87 shall, insofar as the same may be applicable, be used to settle the disagreement.

(2) **Old Buildings and Grounds.**—Cost of additional sites and improvement of grounds, alterations and additions to existing buildings, installing new heating, electrical or plumbing systems, and adding additional furniture and instructional apparatus.

(3) **Auxiliary Agencies.**—Cost of new library and textbooks, new school buses operated for first time as an addition to fleet, activity buses, garage building and equipment, new and additional equipment for the superintendent’s office, and interest on temporary loans for capital outlay fund.

(d) The debt service fund shall provide for the payment of principal and
interest on indebtedness incurred for school purposes, as such principal and interest fall due, and the payment of moneys required to be paid into sinking funds. The term "indebtedness," as used in this article, includes bonds, notes and State loans, including, in the case of the county debt service fund, indebtedness assumed by the county as well as indebtedness incurred by the county. Where the indebtedness for school purposes of any city, town, school district, school taxing district, township, city administrative unit or other political subdivision in a county (hereinafter referred to in this article as "local district") has not been assumed by the county, the county debt service fund shall provide for payment, apportioned on a per capita basis as provided in subsection (d) of G.S. 115-80, of principal and interest on indebtedness of local districts, as such principal and interest fall due, and for payment of moneys required to be paid into sinking funds of local districts.

(e) Other objects of expenditure, including educational television, may be included in the school budget when authorized by the General Assembly, the State Board of Education, or county and city boards of education, when funds for the same are made available. (1955, c. 1372, art. 9, s. 1; 1957, c. 1220; 1959, c. 573, ss. 5, 6; 1963, c. 1223, s. 3.)

Local Modification.—Jones: 1955, c. 564. As to former statute, see Onslow County Bd. of Educ., v. Onslow County Bd. of Commmrs, 240 N.C. 118, 81 S.E.2d 256 (1954).

§ 115-79. Objects of expenditure included in State budget.—The appropriation of State funds, as provided by law, shall be used for meeting the cost of the operation of the public schools as determined by the State Board of Education, for the following items:

(1) General control:
   a. Salary of superintendent.
   b. Travel of superintendent.
   c. Salaries of clerical assistants.

      5. Repair parts and batteries.
§ 115-80. Rules for preparation of school budgets.—(a) County-Wide Current Expense Fund Budget.—County and city boards of education shall file with the appropriate tax levying authorities on or before the fifteenth day of June, on forms provided by the State Board of Education, all budgets requesting funds to operate the public schools, whether such funds are to be provided by the State or from local sources. There shall be no funds allotted for providing instruction to pupils for a term of more than one hundred eighty days either from State or local sources.

The county-wide current expense fund shall include all funds for current expenses levied by the board of county commissioners in any county to cover items for current expense purposes, and also all fines, forfeitures, penalties, poll and dog taxes, nontax funds, or any other funds, to be expended in the current expense budget and funds for vocational subjects, except those funds appropriated for such unit in the State budget.

In the preparation of the several school budgets, it shall be the first duty of county and city boards of education and the board of county commissioners to provide adequate funds for the items of expenditure included under maintenance of plant and the items under fixed charges not provided from State funds in order to protect and preserve the investment of the administrative units in the school plants.

When funds accruing by law to the board of education are not sufficient to repair, maintain and insure properly the school plants of an administrative unit, it shall be the duty of the board of county commissioners in which such unit is located to supplement these funds by a tax levy and said board is so directed and authorized.

In the event that county and city boards of education can by economy in management properly maintain, for use at all times, the school plants for a less amount than is placed to the credit of the school fund by law, it shall be in the discretion of such board of education with the approval of the board of county commissioners to use such excess to supplement any item of expenditure in its current expense fund.

When necessity is shown by county or city boards of education, or peculiar local conditions demand, for adding or supplementing items of expenditure not in the current expense fund provided by the State, the board of county commissioners may approve or disapprove, in part or in whole, any such proposed and requested expenditure. For those items it approves, it shall make a sufficient tax levy to provide the funds: Provided, that nothing in this chapter shall prevent the use of federal or privately donated funds which may be made available for
the operation of the public schools under such regulations as the State Board of Education may prescribe.

(b) Supplemental Tax Budget.—In cases where administrative units or districts have voted, or may hereafter vote, a tax in order to operate schools of a higher standard than that provided by State support, county and city boards of education, at the same time the other budgets are filed, shall file a supplemental budget therefor and request that a sufficient levy be made by the tax levying authorities, not in excess of the rate voted by the people in such unit or district. The tax levying authorities may approve or disapprove this supplemental budget in whole or in part, and shall levy such taxes as necessary to provide for the approved budget for supplemental purposes, not exceeding the amount of the tax levy authorized by the vote of the people. The expenditure of the proceeds of said levy shall be in accordance with the aforesaid supplemental budget as approved by the tax levying authorities, except where such levy is voted in a district, in which case the written consent of the chairman of the district committee shall also be obtained before any of said proceeds are expended except in administrative districts: Provided, that the tax levying authorities may fix a charge against any administrative unit or district for collection of such levies not exceeding one percent (1%) thereof.

c) Capital Outlay Budget.—In the same manner and at the same time each county and city administrative unit may file with the board of county commissioners a capital outlay budget, subject to the approval of the said board.

d) Debt Service Budget.—In the same manner and at the same time the county board of education shall file a budget for the school debt service fund of the county, and a budget for the debt service fund of each local district, the indebtedness of which has not been assumed by the county and when the payment of the principal and interest of such indebtedness is required to be provided for by taxes levied by the board of county commissioners. In like manner and at the same time the board of education of each city administrative unit, when such unit has outstanding indebtedness and the payment of principal and interest of such indebtedness is required to be provided for by taxes levied by a board or body other than the board of county commissioners, shall file a budget for the debt service fund of such unit. The budget for the debt service fund of the county shall include (i) the principal and interest on indebtedness of the county and assumed by the county falling due in the fiscal year for which the budget is prepared, (ii) the installment payable in such fiscal year to a sinking fund for county indebtedness and (iii) a per capita apportionment to each local district based upon (i) and (ii) above, exclusive of installments payable to a sinking fund for the retirement of funding and refunding bonds or notes and the interest on the same, and computed with the last enrollment of the county unit and of such local district certified to the county accountant or county auditor by the State Board of Education: Provided, the inclusion of such per capita apportionment shall not supersede an apportionment provided for in any public-local or private law pursuant to which the bonds of such local district were issued: Provided, further, such per capita apportionment shall not exceed the amount of principal and interest of the indebtedness of the local district falling due in the fiscal year for which the budget is prepared and the installment payable in such fiscal year to a sinking fund for the retirement of bonds of such local district. The budget of each local district shall include the principal and interest on the indebtedness of such local district falling due in the fiscal year for which the budget is prepared and the installment payable in such fiscal year to a sinking fund for the retirement of indebtedness of such local district.

The county accountant shall examine the county debt service budget and the debt service budget of each local district, shall determine their accuracy and make his recommendation to the tax levying authorities. Accordingly, such tax levying authorities shall levy the taxes necessary and sufficient to pay all items contained in each such budget.
The board of education of any county or city administrative unit may include funds derived from local sources in its local operating budget for the purpose of establishing and maintaining summer schools. Such summer schools as may be established shall be administered by county and city boards of education and shall be conducted in accordance with standards developed by the State Superintendent of Public Instruction and approved by the State Board of Education. The standards so developed shall specify the requirements for an approved curriculum, the qualifications of the personnel, the length of the session, and the conditions under which students may be granted credit for courses pursued during a summer school. In determining the eligibility of students for admission to summer schools, boards of education shall be governed by the provisions of article 21 of this chapter. (1955, c. 1372, art. 9, s. 3; 1961, c. 894, s. 1; 1965, c. 584, s. 10.)

Editor's Note. — The 1965 amendment inserted “except in administrative districts” immediately preceding the proviso at the end of subsection (b).

§ 115-80.1. Establishment of capital reserve fund; appropriations; depositary.—(a) A capital outlay budget of any school administration unit within the county may contain an amount to be appropriated for payment into a special fund which shall be designated “.......... County School Capital Reserve Fund,” hereinafter referred to as “the reserve fund.” Such amount, together with similar amounts which may be contained in subsequent capital outlay budgets of any such school administrative unit, shall be for the purpose of anticipating future needs for school capital outlay and for financing all or a part of the cost thereof: Provided, withdrawals from the reserve fund, as hereinafter provided, for the cost of needs in a particular school administrative unit shall be limited to the amount or the aggregate amounts contained in the approved capital outlay budget or budgets of the particular unit, together with a proportionate share of the net earnings from investment of the reserve fund.

(b) Upon approval of a capital outlay budget by the board of county commissioners, which budget contains such amounts so appropriated, the reserve fund shall be deemed to have been duly established. The reserve fund shall be maintained as a separate account from all other funds, and payments thereto or deposits therein shall be in such bank or trust company as the board of county commissioners may designate as depositary thereof. The board shall promptly designate such depositary upon establishment of the reserve fund, and all such deposits shall be secured as provided by G.S. 159-28 of the Local Government Act. (1959, c. 524.)

§ 115-80.2. Withdrawals from the reserve fund. — Each withdrawal from the reserve fund shall be authorized by order passed by the board of county commissioners and upon petition therefor as hereinafter provided. The board of education of any school administrative unit in the county may petition for a withdrawal, which petition shall be by resolution duly adopted by said board of education, and a certified copy of such resolution shall be transmitted to the board of county commissioners. The resolution shall set forth:

(1) A request to the board of county commissioners for the withdrawal;
(2) The amount of such withdrawal;
(3) A brief description of the needs and the name or location of the school or schools where such needs exist;
(4) A statement that the withdrawal is for the purpose of financing the cost of such needs either together with other funds available for the same,
§ 115-80.3. Investment of moneys in reserve fund. — Pending their use for the purposes hereinbefore authorized, all or part of the moneys in the capital reserve fund may be invested in either bonds, notes, bills, or certificates of indebtedness of the United States of America; or in bonds or notes of any agency or instrumentality of the United States of America the payment of principal and interest of which is guaranteed by the United States of America; or in bonds or notes of the State of North Carolina; or in bonds of any county, city or town of North Carolina which have been approved by the local government commission for the purpose of such investment; or in shares of any building and loan association organized and licensed under the laws of this State, or in shares of any federal savings and loan association organized under the laws of the United States with its principal office in this State, to the extent that such investment is insured by the federal government or any agency thereof. The proceeds of the sale or realization of such investments and any interest received from such investments shall accrue to the capital reserve fund. (1959, c. 524.)

§ 115-80.4. Unlawful expenditure or withdrawal of reserve fund. — It shall be unlawful to withdraw or expend, or to cause to be withdrawn or expended, all or any part of the capital reserve fund except as authorized by this article. (1959, c. 524.)

§ 115-80.5. Accounting for reserve fund. — The county accountant shall keep accurate accounts of all receipts, disbursements and assets of the reserve fund and, at the close of each fiscal year and at such other times as the board of county commissioners may request, prepare and submit to said board a statement of receipts and disbursements and of the assets of the reserve fund. He shall annually, and within thirty days after the close of each fiscal year, furnish such statement to the board of education of each school administrative unit in the county. (1959, c. 524.)

§ 115-81. Tax levying authorities must report action on budgets. — The tax levying authorities shall report to the administrative units filing budgets for local funds the action on said budgets on or before the tenth day of July of each year. (1955, c. 1372, art. 9, s. 4.)

§ 115-82. Copies of budgets to be filed with State Board of Education. — Copies of all budgets must be filed with the State Board of Education. Copies of all school budgets for the current expense fund, the capital outlay fund and the debt service fund, after approval by local authorities as provided by this article, shall be filed with the State Board of Education. (1955, c. 1372, art. 9, s. 5.)
§ 115-83. Operating budget.—It shall be the duty of the county and city boards of education, upon the receipt of the tentative allotment of State funds for operating the schools and the approval of all local funds budgets, including supplements to State funds for operating schools of a higher standard, funds for capital outlay and funds for debt service, to prepare an operating budget on forms provided by the State and file same with the State Superintendent of Public Instruction and the State Board of Education on or before the first day of October. Each operating budget shall be checked by the appropriate State school officials to ascertain if it is in accordance with the allotment of State funds and the approval of local funds; and when found to be in accordance with same, such budget shall be the total operating budget for said county or city administrative unit. (1955, c. 1372, art. 9, s. 6.)

§ 115-84. Provision for disbursement of State funds.—The deposit of State funds in the State treasury to the credit of the county and city administrative units shall be made in monthly installments, at such time and in such a manner as may be practicable to meet the needs and necessities of the nine months school term in the various county and city administrative units: Provided, that prior to the crediting of any monthly installments, it shall be the duty of the county or city board of education to file with the controller of the State Board of Education a certified statement of all expenditures and of all salaries and other obligations that may be due and payable in the succeeding month, said statement to be filed on or before the first day of each month.

When it shall appear to the controller from said certified statement that any amounts are due and necessary to be paid, he shall draw a requisition on the Budget Bureau covering the same; and upon the receipt of notice from the State Treasurer showing the amount placed to their credit, the duly constituted authorities may issue State warrants in the amount so certified: Provided, that no funds shall be released for payment of salaries for administrative officers of county or city units if any reports required to be filed with the State school authorities are more than thirty days overdue. (1955, c. 1372, art. 9, s. 7.)

§ 115-85. Fidelity bonds. — The State Board of Education shall, in its discretion, determine what State and local employees shall be required to give bonds for the protection of State school funds and for the faithful discharge of their duties as to such funds; and, in cases in which bonds are required, the State Board of Education is authorized to place the same and pay the premiums thereon.

Boards of education in each county and city administrative unit shall cause all persons authorized to draw or approve school checks or vouchers drawn on school funds, whether county, district, or special, and all persons who, as employees of such administrative units, are authorized or permitted to receive any school funds from whatever source, and all persons responsible for, or authorized to handle school property, to be bonded for the faithful discharge of their duties as to such school funds in such an amount as in the discretion of said county and city boards of education shall be deemed sufficient for the protection of said school funds or property with surety by some surety company authorized to do business in the State of North Carolina. The amount deemed necessary to cover the cost of such surety bond shall be included as an item in the current expense funds of the school budget of each school administrative unit and shall be paid from the funds provided therein; but nothing in this section shall prevent the governing authorities of the respective administrative units from prorating the cost of such bond between the funds protected. (1955, c. 1372, art. 9, s. 8; 1959, c. 573, s. 7.)

§ 115-86. Apportionment of local funds among administrative units. — All county-wide current expense funds shall be apportioned to the admin-
tractive units of a county on a per capita enrollment basis which shall be determined by the State Board of Education and certified to each administrative unit.

County-wide capital outlay funds for the cost of new school sites, or addition to present school sites, new school buildings, new additional construction at existing buildings and equipment for such new buildings and for new additional construction shall be apportioned to the administrative units of a county on the basis of budgets approved by the board of county commissioners for each administrative unit and for the amounts and purposes approved by said board of commissioners. All other capital outlay school funds shall be apportioned to the administrative units of a county on the same per capita enrollment basis used for apportionment of current expense funds.

Upon the basis of a budget approval and upon receiving the certificate of per capita enrollment, the county auditor or accountant shall determine the proportion of all county-wide tax and nontax revenue and other funds accruing to the current expense, and capital outlay funds, which is apportionable to the county and city administrative units within a county. The proportion thereof allocable to each administrative unit in said county shall be set up to the credit of such administrative unit by the county auditor or accountant.

On the basis of such apportionment, it shall be the duty of the county treasurer, or other county official performing such duties, to remit all of such funds for current expense and capital outlay as they are collected promptly at the end of each month to each administrative unit within the county.

In the event that a greater amount is collected and paid to any administrative unit than is authorized to be spent in its approved budget for current expense, and capital outlay funds, the same shall remain an unencumbered balance to be credited to those funds in the following fiscal year, and shall not be spent, committed, or obligated, unless a supplemental budget is first approved by the board of education and the board of county commissioners.

Collections of all taxes and other revenues accruing to a debt service fund shall be deposited promptly to the credit of such fund in the manner provided by law. Apportionments to local districts contained in the budget for the county debt service fund shall be paid and credited to the debt service funds of the local districts in such manner as may be practicable so as to provide for prompt payment of items of principal and interest therein, as the same fall due.

Funds derived from payments on insurance losses shall be used in the repair or replacement of buildings damaged or destroyed or, in the event the buildings are not replaced, shall be used to reduce the school indebtedness of the county or of the local district to which said payment has been made, or for other capital outlay purposes within said county or local district. (1955, c. 1372, art. 9, s. 9; 1959, c. 915, s. 3; 1961, c. 1199; 1963, c. 448, s. 24.)

Editor's Note. — The 1963 amendment deleted at the end of the first and second paragraphs provisions relating to industrial education centers.

Apportionment of County-Wide Taxes. — The principle upon which county-wide taxes were apportioned under the earlier law was fundamentally just and was preserved in the School Machinery Act of 1939. Board of School Trustees v. Benjamin, 222 N.C. 566, 24 S.E.2d 259 (1943).

§ 115-87. Procedure in cases of disagreement or refusal of tax levying authorities to levy taxes. — In the event of a disagreement between the county or city boards of education and the tax levying authorities as to the amount of the current expense fund, the capital outlay fund, and the debt service fund, or any item of either fund, the chairman of the county or city board of education and the presiding officer of the tax levying authorities shall arrange for a joint meeting of said boards within one week of the disagreement. At such joint meeting, the budget or budgets over which there is disagreement shall be gone over carefully and judiciously item by item. If agreement cannot be reached in this manner, the board of education whose budget is in question
and the tax levying authorities shall each have one vote on the question of the adoption of these amounts in the budget. A majority of the members of each board shall cast the vote for each board.

In the event of a tie, the clerk of the superior court shall act as arbitrator upon the issues arising between such boards and he shall render his decision thereon within five days, but either the board of education or the tax levying authorities shall have the right to appeal to the superior court within ten days from the date of the decision of the clerk of the superior court, and it shall be the duty of the judge hearing the case on appeal to find the facts as to the amount of the current expense fund, the capital outlay fund, and the debt service fund, which findings shall be conclusive and he shall give judgment requiring the tax levying authorities to levy the tax which will provide the amount of the current expense fund, the capital outlay fund, and the debt service fund, which he finds necessary to maintain the schools in the administrative unit. In case of an appeal to the Supreme Court which would result in a delay beyond a reasonable limit for levying the taxes for the year, the judge shall order the tax levying authorities to levy for the ensuing year a rate sufficient to pay the debt service fund, and to produce, together with what may be received from the nine months' school fund and from other sources, an amount for the current expense fund and the pro-rated part of capital outlay fund equal to the amount of these funds for the previous year. Also, in case of an appeal, all papers and records relating to the case shall be considered a part of the record for consideration by the court.

The tax levying authorities shall forthwith levy the taxes according to the judgment rendered and upon refusal to do so, the members of said authority shall be in contempt and may be punished accordingly. (1955, c. 1372, art. 9, s. 10.)

Controversy Must Be Resolved Prior to Provision of Funds.—When disagreement arises, the county commissioners cannot be required to provide funds beyond their estimate of needs until the controversy has been resolved in the manner provided by statute. § 115-88. Jury trial as to amount needed to maintain schools.—The tax levying authorities or boards of education shall have the right to have the issues tried by a jury, as to the amount of the current expense fund and the capital outlay fund, which jury trial shall be set at the first succeeding term of the superior court, and shall have precedence over all other business of the court. Provided, that if the judge holding the court shall certify to the Chief Justice of the Supreme Court, either before or during such term, that on account of the accumulation of other business, the public interest will be best served by not trying such action at said term, the Chief Justice shall immediately call a special term of the superior court for said county, to convene as early as possible, and assign a judge of the superior court or an emergency judge to hold the same, and the said action shall be tried at such term. There shall be submitted to the jury for its determination the issue as to what amount is needed to maintain the schools, and they shall take into consideration the amount needed and the amount available from all sources as provided by law. The final judgment rendered in such action shall be conclusive, and the tax levying authorities shall forthwith
§ 115-89. Operation of county and city school budget.—(a) Duty of County and City Boards of Education.—It shall be the duty of the county and city boards of education to pay all obligations incurred in the operation of the public schools promptly and when due, and to this end said boards of education shall inform the tax levying authorities from month to month of any anticipated expenditures which will exceed the current collection of taxes and such balance as may be on hand, if any, for the payment of said obligations in order that the tax levying authorities may make provisions for the funds to be available: Provided, that if a county or city board of education shall wilfully create a debt that shall in any way cause the expense of the year to exceed the amount authorized in the budget, without the approval of the tax levying authorities, the indebtedness shall not be a valid obligation of the administrative unit and the members of the board responsible for making the debt may be held liable for the same.

(b) Duty of Tax Levying Authorities.—It shall be the duty of the tax levying authorities to provide, when and as needed, the funds to meet the monthly expenditures, including salaries and other necessary operating expenses, as set forth in a statement prepared by the county or city boards of education and which expenditures are in accordance with the approved budget. If the collection of taxes does not yield sufficient revenue for this purpose, it shall be the duty of the tax levying authorities to borrow against the amount approved in the budget and to issue short term notes for the amount so borrowed in accordance with the provisions of "The County Finance Act" and "The Local Government Act." The interest on all such notes shall be provided by the tax levying authorities in addition to the amount approved in the budget, unless this item is specifically taken care of in the budget. (1955, c. 1372, art. 9, s. 12.)

§ 115-90. How school funds are paid out.—The school funds shall be paid out as follows:

(1) State School Funds.—All State school funds shall be released only on warrants drawn on the State Treasurer, signed by the chairman and the secretary of the county board of education for county administrative units, and by the chairman and the secretary of the city board of education for city administrative units.

(2) County, City, and District School Funds.—All county, city, and district school funds, from whatever source provided, shall be paid out only on warrants signed by the chairman and the secretary of the county board of education for county units and the chairman and the secretary of the city board of education for city administrative units. In county administrative units such warrants shall be countersigned by such officer as the county government laws may require, or by some other officer or employee of the county, or of the county board of education, designated from time to time by the board of county
commissioners with the approval of the county board of education, and in city administrative units such warrants shall be countersigned by the treasurer of the administrative unit: Provided, the countersigning officer shall countersign warrants drawn as herein specified when such warrants are within the funds set up to the credit of, and are within the budget amounts appropriated for the particular administrative unit, and further, when each warrant is accompanied by an invoice, statement, voucher or other basic document which, upon examination by the countersigning officer, satisfies such countersigning officer that issuance of such warrant is proper: Provided, further, that in county units before the chairman and secretary of the board of education shall draw a voucher on funds belonging to a local tax district, they shall have an order signed by the chairman of the committee of such district authorizing the expenditure of such funds, except in the case of administrative districts. All vouchers which are chargeable against district funds shall specify the district against which they are charged.

3. When Signatures of Chairman and Secretary May Be Affixed by Machine.—The signature of the chairman and the secretary of county and city boards of education required by this section on school warrants may be affixed to such warrants by signature machines. When such machines are used on warrants drawn on the State Treasurer, the same may be used only in accordance with such rules and regulations as may be prescribed by the State Board of Education with the approval of the State Treasurer. The use of such signature machines shall not be employed in any county or city administrative unit until the governing board thereof has adopted a resolution authorizing the use of same and accepting the full responsibility for any nonauthorized or improper use of such machines. In all cases where such signature machines are used, the secretary to the county board of education and the surety on his bond, or the secretary to the city board of education and the surety on his bond, shall be liable for any illegal, improper, or unauthorized use of such machines.

4. Special Funds of Individual Schools.—County and city boards of education shall, unless otherwise provided for by law, designate the bank, depository, or trust company authorized to do business in North Carolina, in which all special funds of each individual school shall be deposited. Such funds shall be paid out only on checks signed by the principal of the school and the treasurer who has been selected by the respective boards of education: Provided, that the schools handling less than three hundred dollars ($300.00) in any school year may not be required, in the discretion of the boards of the respective units, to follow this procedure for depositing and disbursing funds.

In all schools a complete record shall be kept by the treasurer and reports made of all the money received and disbursed by him in handling funds of the school: Provided, that nothing in this section shall prevent the depositing of all these special funds with the treasurer of the county or city administrative units and the disbursing of said funds upon the signatures of the chairman and secretary of the respective boards of education.

5. Records and Reports.—The State Superintendent of Public Instruction and the State Board of Education shall have full power and authority to make rules and regulations prescribing the manner in which records shall be kept by all county and city administrative units as to the expenditure of the current expense funds, the capital outlay funds and the debt service funds derived from local sources, and for making re-
§ 115-91. Treasurer of school funds.—(a) County School Administrative Unit.—The county treasurer of each county shall be the treasurer of all county school funds and school district funds of the county school administrative unit. He shall receive and disburse all such school funds and shall keep such funds separate and distinct from all other funds.

Before entering upon the duties of his office, the county treasurer shall furnish bond in some surety company authorized to do business in North Carolina in an amount to be fixed by the board of county commissioners, which bond shall be a separate bond, not including liability for other funds, and shall be conditioned for the faithful performance of his duties as treasurer of the county school funds and district school funds of the county administrative unit, and for the payment to his successor in office of any unexpended balance of school moneys which may be in his hands. The board of county commissioners may from time to time, if necessary, require the county treasurer to increase the amount of his bond or furnish additional security.

In all counties in which the office of county treasurer has been abolished as authorized by G.S. 155-3, or when by any other law a bank or trust company has been substituted therefor such bank or trust company shall act as treasurer and depository of all county school funds and district school funds: Provided, however, that such bank or trust company acting as treasurer of county school funds and district school funds shall not be required to maintain the system of bookkeeping and accounting imposed upon the county treasurer by G.S. 155-7, but the duty and responsibility of keeping and maintaining the accounting system as to county and district schools shall be the duty and responsibility of the county accountant or county auditor serving as such under the provisions of G.S. 153-115; provided, further, that nothing contained in this section shall relieve the superintendent of any county administrative unit from maintaining such accounting system and furnishing such reports as are now or may hereafter be imposed upon him by law.

(b) City School Administrative Unit.— Unless otherwise provided by law, the board of education of a city administrative unit shall appoint a treasurer of all the school funds of such unit. The treasurer so appointed shall continue to fill such position at the will of the board of education of such unit. No person authorized to make the expenditures or draw vouchers therefor, or to approve the same, shall act as treasurer of such funds.

Before entering upon the duties of his office, the treasurer of a city administrative unit shall file with the board of education a good and sufficient bond with surety by some surety company authorized to do business in North Carolina in an amount to be fixed by the board of education of such administrative unit, which shall be a separate bond, not including liability for any other funds, and shall be conditioned for the faithful performance of the duties of treasurer of the city.
administrative unit school funds and for the proper accounting for all such funds as may come into his possession by virtue of his office as treasurer and for payment to his successor in office of any unexpended balance of school moneys which may be in his hands. The board of education may from time to time, if necessary, require him to increase the amount of his bond, or furnish additional security.

The treasurer of city administrative unit school funds is hereby required to maintain and keep, with respect to said funds, like records and accounts and make such reports with respect to said funds as herein provided to be made, kept, and maintained by the treasurer of county and district school funds of county administrative units.

(c) Special Funds of Individual Schools.—The county board of education of all county administrative units and the board of education of all city administrative units shall, by proper resolution duly recorded, appoint a treasurer of all special school funds for each school in the respective administrative unit. In all individual schools, a complete record shall be kept by the treasurer so appointed and reports made of all money received and from what source and of all money disbursed and for what purpose: Provided, however, that nothing in this subsection (c) shall prevent the handling of these special school funds under subsection (a) or subsection (b) of this section. The treasurer of all special funds and the principal of each school shall make a monthly report and such other reports as may be required to the superintendent of the administrative unit wherein such individual school is located, showing the status of each special school fund, upon forms to be supplied for that purpose. (1955, c. 1372, art. 10, s. 1; 1957, c. 365.)

Local Modification. — Guilford: 1955, c. 671.
Legislature May Change Custodian of Fund.—Ordinarily the county treasurer is the proper custodian of all sinking fund securities, including school sinking fund securities and securities held for the retirement of term bonds where the county has assumed the payment of such bonds, but the General Assembly may designate or change the custodian of sinking fund securities. Johnson v. Marrow, 228 N.C. 58, 44 S.E.2d 468 (1947).

§ 115-92. Action against treasurer to recover funds.—If it shall appear that any part of the public school funds received by the county treasurer, or person or depository acting as treasurer, or the treasurer of a city administrative unit, has not been properly applied to the credit of the county or city board of education, as the case may be, such board or boards of education shall bring action on the bond of such official or depository to recover such part of the funds as has not been so applied to such board or boards of education. In the event such board does not bring appropriate action against the treasurer, or person or depository acting as treasurer, the tax levying authorities shall bring action in the name of the State for any breach of the bond of the treasurer of any school funds for any failure to account properly for the funds received by him. If the tax levying authorities shall fail to bring such action, it may be brought in the name of the State upon the relation of any taxpayer. (1955, c. 1372, art. 10, s. 2.)

§ 115-93. Annual reports of treasurer.—The treasurer of every county and city board of education shall report to the State Superintendent of Public Instruction on the first Monday of August of each year the entire amount of money received and disbursed by him during the preceding fiscal year. Such reports shall be made on blanks furnished by the State Superintendent and all information called for on such blanks shall be furnished in detail and by item as may be requested on said report.

On the same date that the treasurer reports to the State Superintendent, he shall file a duplicate of such report in the office of the county or city board of education, as the case may be. Likewise, the treasurer of every county or city
school fund shall make such other reports as the board of education may from
time to time require.

The treasurer of every school fund shall, when required by the county or city
board of education, produce his books and vouchers for examination and shall
also exhibit all moneys due the public school fund. (1955, c. 1372, art. 10, s. 3.)

Discretionary Power Not Given to Su-
perintendent. — The Supreme Court does
not construe this section as giving to the
State Superintendent of Public Instruction
any discretionary power in connection with
ascertaining the average current expense
 expenditures per student from local funds
throughout the State. It is a matter of tabulating and certifying to the local units
the facts as found from the reports sub-
mitted to him by the local units. Peacock
v. County of Scotland, 262 N.C. 199, 136
S.E.2d 612 (1964).

§ 115-94. Duties of treasurer on expiration of his term.—Each trea-
surer of public school funds, in going out of office, shall deposit in the office of the

misdemeanor and be fined or imprisoned in the discretion of the court. (1955, c.
1372, art. 10, s. 5.)

§ 115-96. Speculating in teachers' salary vouchers.—If any clerk,

more than one year shall be paid over to the county treasurer by the clerk of said court, on the first day of January, of each year, for the use of the public schools. All such moneys shall be used as other public school revenue. (1955, c. 1372, art. 10, s. 9.)

Cross Reference.—For section providing for like disposition of such unclaimed fees after three years, see § 2-50.

§ 115-100. Miscellaneous funds.—It shall be the duty of the county superintendent of schools at least once a year and as directed by the county board of education to examine the records of the county to see that the proceeds from the poll taxes and the dog taxes where applicable are correctly accounted for to the school fund each year; he shall likewise examine the records of the several courts of the county, including justices of the peace, and their reports filed with the clerk of the superior court, to see that all fines, forfeitures, and penalties, and any other special funds accruing to the county school fund are correctly and promptly accounted for to the school fund; and if the superintendent shall find that any such taxes or fines are not correctly and promptly accounted for to the school fund, it shall be the duty of the superintendent to make a prompt report thereof to the solicitor of the superior court in the district.

Article 11.

Loans from State Literary Fund.

§ 115-101. Loans by State Board from State Literary Fund.—The State Literary Fund includes all funds derived from the sources enumerated in § 4, Article IX, of the Constitution, and all funds that may be hereafter so derived, together with any interest that may accrue thereon. This Fund shall be separate and distinct from other funds of the State.

The State Board of Education, under such rules and regulations as it may deem advisable, not inconsistent with the provisions of this article, may make loans from the State Literary Fund to the counties for the use of county and city boards of education under such rules and regulations as it may adopt and according to law for the purpose of aiding in the erection and equipment of school plants. No warrant for the expenditure of money for such purposes shall be issued except upon the order of the State Superintendent of Public Instruction with the approval of the State Board of Education. (1955, c. 1372, art. 11, s. 1.)

Cross Reference.—As to authority to sell notes evidencing loans from State Literary Fund, see § 135-7.1. Editor's Note.—For act validating notes evidencing loans from Literary Fund, see Session Laws 1945, c. 404.

§ 115-102. Terms of loans.—Loans made under the provisions of this article shall be payable in ten installments, shall bear interest at a uniform rate determined by the State Board of Education not to exceed four per centum (4%), payable annually, and shall be evidenced by the note of the county, executed by the chairman, the clerk of the board of county commissioners, and the chairman
§ 115-103. How secured and paid.—At the January meeting of the board of education, before any installment shall be due on the next tenth day of February, the county or city board of education shall set apart out of the school funds an amount sufficient to pay such installment and interest to be due, and shall issue its order upon the treasurer of the county or city school fund therefor, who, prior to the tenth day of February, shall pay over to the State Treasurer the amount then due. Upon failure of any administrative unit to pay any installment of principal or interest, or any part of either, when due, the State Treasurer, upon demand of the State Board of Education, shall bring action against the county or city board of education and board of county commissioners to compel the levy and collection of sufficient taxes to pay said installment of principal and accrued interest. The State Board of Education may accept payment of any or all of said notes and the interest accrued thereon before maturity. (1955, c. 1372, art. 11, s. 3.)

§ 115-104. Loans by county board to school districts.—The county board of education, from any sum borrowed under the provisions of this article, may make loans only to districts that shall have levied a local tax sufficient to repay the installments and interest on said loan for the purpose of building schoolhouses in the district, and the amount so loaned to any district shall be payable in ten annual installments, with interest thereon at the same rate the county board of education is paying, payable annually. Any amount loaned under the provisions of this law shall be a lien upon the total local tax funds produced in the district. Whenever the local taxes may not be sufficient to pay the installments and the interest, the county board of education must supply the remainder out of the current expense fund, and shall make provision for the same when the county budget is made and presented to the commissioners.

All loans hereafter made to such districts shall be made upon the written petition of a majority of the committee of the district asking for the loan and authorizing the county board to deduct a sufficient amount from the local taxes to meet the indebtedness to the county board of education. Otherwise, the county board of education shall have no lien upon the local taxes for the repayment of this loan: Provided, this lien shall not lie against taxes collected or hereafter levied to pay interest and principal on bonds issued by or on behalf of the district. (1955, c. 1372, art. 11, s. 4.)

§ 115-105. State Board of Education authorized to accept funding or refunding bonds of counties for loans; approval by Local Government Commission.—In any case where a loan has heretofore been made from the State Literary Fund or from any special building fund of the State to a county and such county has heretofore or shall hereafter authorize the issuance of bonds for the purpose of funding or refunding interest on or the principal of all or a part of the notes evidencing such loan, the State Board of Education is hereby authorized to accept funding or refunding bonds or notes of such county in payment of interest on or the principal of the notes evidencing such loan: Provided, however, that the issuance of such funding or refunding bonds shall have been approved by the Local Government Commission. (1955, c. 1372, art. 11, s. 5.)

§ 115-106. Issuance of bonds as part of general refunding plan.—In any case where the funding or refunding of interest on or the principal of such
§ 115-107. Validating certain funding and refunding notes of counties.—The notes of any county held by the State Board of Education which were heretofore issued in exchange for and for the purpose of refunding and retiring notes evidencing loans made from the State Literary Fund pursuant to article twenty-four of chapter one hundred and thirty-six of the Public Laws of one thousand nine hundred and twenty-three, or from special building funds pursuant to either chapter one hundred and forty-seven of the Public Laws of one thousand nine hundred and twenty-one, or article twenty-five of chapter one hundred and thirty-six of the Public Laws of one thousand nine hundred and twenty-three, or chapter two hundred and one of the Public Laws of one thousand nine hundred and twenty-five, or chapter one hundred and ninety-nine of the Public Laws of one thousand nine hundred and twenty-seven, are hereby declared to be valid existing indebtedness of said county incurred by said county for the maintenance of the six-months' school term as required by the Constitution of North Carolina, notwithstanding any lack of authority for the issuance of said notes or error or omission or irregularity in the acts done or proceedings taken to provide for their issuance, and said notes held by the State Board of Education are hereby authorized to be refunded with bonds issued pursuant to the County Finance Act, being chapter eighty-one of the Public Laws of one thousand nine hundred and twenty-seven, as amended. (1955, c. 1372, art. 11, s. 7.)

§ 115-108. Special appropriation from fund.—The State Board of Education may annually set aside and use out of the funds accruing in interest to the State Literary Fund, a sum not exceeding seventeen thousand five hundred dollars ($17,500.00) to be used for giving directions in the preparation of proper plans for the erection of school buildings in providing inspection of such buildings as may be erected in whole, or in part, with money borrowed from said Fund, and such other purposes as said Board may determine to secure the erection of a better type of school building and better administration of said Fund. (1955, c. 1372, art. 11, s. 8.)

§ 115-108.1. Loans not granted in accordance with § 115-101.—The State Board of Education, under such rules and regulations as it may adopt, may make loans from the State Literary Fund to any county or city board of education, when the State Board of Education finds as a fact that it is not practicable for a loan to be granted in accordance with the provisions of G.S. 115-101, for the purpose of aiding in the erection and equipment of public school plants. Such a loan shall not constitute a credit obligation of the county. No warrant for the expenditure of money for a loan authorized under the provisions of this section shall be issued except upon the approval of the State Board of Education, and after a finding of fact by said Board that it is not practicable for a loan to be granted in accordance with the provisions of G.S. 115-101 and that a dire emergency exists in the administrative unit applying for such loan. Loans made under the provisions of this section shall be made in accordance with the terms specified in G.S. 115-102 and shall be evidenced by the note of the county or city board of education, executed by the chairman and the secretary of said board. The first installment of such loan, together with the interest then due, shall be paid by the county or city board of education on or before the tenth day of June in the fiscal year following the fiscal year in which the loan was made, and succeeding installments, together with accrued interest, shall be paid one each on or before the
§ 115-108.2. Pledge of nontax revenues to repayment of loans from State Literary Fund.—Any county or city board of education obtaining a loan from the State Literary Fund under the provisions of G.S. 115-108.1 may, with the approval of the board of county commissioners, pledge to the repayment of such loan any available nontax revenues, including but not limited to, fines, penalties, and forfeitures. (1959, c. 764, s. 1.)

Article 12.
Assumption of School District Indebtedness by Counties.

§ 115-109. Method of assumption; validation of proceedings.—The county board of education, with the approval of the board of commissioners, and when the assumption of such indebtedness is approved at an election as hereinafter provided, if such election is required by the Constitution, may include in the debt service fund in the school budget all outstanding indebtedness for school purposes of every city, town, school district, school taxing district, township, city administrative unit or other political subdivision in the county (hereinafter collectively called "local districts"), lawfully incurred in erecting and equipping school buildings necessary for the school term. The election on the question of assuming such indebtedness shall be called and held in accordance with the provisions of article 9 of chapter 153 of the General Statutes, known as "The County Finance Act," insofar as the same may be made applicable, and the returns of such election shall be canvassed and a statement of the result thereof prepared, filed and published as provided in the County Finance Act. No right of action or defense founded upon the invalidity of the election shall be asserted, nor shall the validity of the election be open to question in any court upon any ground whatever, except in an action or proceeding commenced within 30 days after the publication of such statement of result. When such indebtedness is taken over for payment by the county as a whole and the local districts are relieved of their annual payments, the county funds provided for such purpose shall be deducted from the debt service fund prior to the division of such fund among the schools of the county as provided in subsection (d) of § 115-80.

The assumption, as herein provided, by any county, at any time prior to the twenty-eighth day of February, one thousand nine hundred fifty-one, of the indebtedness of local districts for school purposes and all proceedings had in connection therewith are hereby in all respects ratified, approved, confirmed, and validated: Provided, that nothing herein shall prevent counties and local taxing districts from levying taxes to provide for the payment of their debt service requirements if they have not been otherwise provided for. (1955, c. 1372, art. 12, s. 1.)

Section Considered in Pari Materia with Special School Bond Act.—Where this section and a special school bond act (Session Laws 1957, c. 1078), deal with the same general subject, to wit: Assumption by counties of school district indebtedness, these statutory provisions must be regarded as in pari materia. It is presumed (1) that the earlier general act was known to the legislature when it enacted the later special act, and (2) that the later statute was enacted in the light of and in reference to the former general statute on the same subject. Strickland v. Franklin County, 248 N.C. 668, 104 S.E.2d 852 (1958).

§ 115-110. Taxes levied and collected for bonds assumed to be paid into school debt service fund of county; discharge of sinking fund custodian.—In any county where the bonds of a local district have been assumed under the provisions of this article, all taxes levied and collected for the
§ 115-111. Allocation to district bonds of taxes collected. — The collections of taxes levied for debt service on all taxable property of a county in which local district bonds have been assumed shall be proportionately allocated to each issue of such bonds. (1955, c. 1372, art. 12, s. 3.)

ARTICLE 13.

Refunding and Funding Bonds of School Districts.

§ 115-112. “School district” defined. — The term “school district,” as used in this article shall be deemed to include any special school taxing district, local tax district, special charter district, city administrative unit or other political subdivision of a county by which or on behalf of which bonds have been issued for erecting and equipping school buildings, or for refunding the same, and such bonds are outstanding. (1955, c. 1372, art. 13, s. 1.)

§ 115-113. Continuance of district until bonds are paid. — Notwithstanding the provisions of any law which affect the continued existence of a school district or the levy of taxes therein for the payment of its bonds, such school district shall continue in existence with its boundaries unchanged from those established at the time of issuance of its bonds, unless such boundaries shall have been extended and thereby embrace additional territory subject to the levy of such taxes, until all of its outstanding bonds, together with the interest thereon, shall be paid. (1955, c. 1372, art. 13, s. 2.)

§ 115-114. Funding and refunding of bonds authorized; issuance and sale or exchange; tax levy for repayment. — The board of commissioners of the county in which any such school district is located is hereby authorized to issue bonds at one time or from time to time for the purpose of refunding or funding the principal or interest of any bonds of such school district then outstanding. Such refunding or funding bonds shall be issued in the name of the school district and they may be sold or delivered in exchange for or upon the extinguishment of the obligations or indebtedness refunded or funded. Except as otherwise provided in this article, such refunding and funding bonds shall be issued in accordance with the provisions of §§ 159-59 to 159-62 of the General Statutes and the Local Government Act, § 159-1 et seq. and acts amendatory thereof and supplemental thereto. The tax levying body or bodies authorized by law to levy taxes for the payment of the bonds, the principal or interest of which shall be refunded or funded, shall levy annually a special tax on all taxable property in such school district sufficient to pay the principal and interest of said refunding or funding bonds as the same become due. (1955, c. 1372, art. 13, s. 3.)

§ 115-115. Issuance of bonds by cities and towns; debt statement; tax levy for repayment. — In case the governing body of any city or town is the body authorized by law to levy taxes for the payment of the bonds of such district, whether the territory embraced in such district lies wholly or partly within the corporate limits of such city or town, such governing body of such city or town is hereby authorized to issue bonds at the time or from time to time for the purpose of refunding or funding the principal or interest of any bonds then
outstanding which were issued by or on behalf of such school district. Except as otherwise provided in this article, such refunding and funding bonds shall be issued in accordance with the provisions of the Municipal Finance Act, as amended, relating to the issuance of refunding and funding bonds under that act, and the provisions of the Local Government Act and acts amendatory thereof and supplemental thereto, except in the following respects:

(1) The bonds shall be issued in the name and on behalf of the school district by the governing body of such city or town.

(2) It shall not be necessary to include in the ordinance authorizing the bonds, or in the notice required to be published after the passage of the ordinance, any statement concerning the filing of a debt statement, and, as applied to said bonds, §§ 160-379 and 160-383 of the General Statutes (the Municipal Finance Act), as amended, shall be read and understood as if they contained no requirements in respect to such matters.

(3) The governing body of such city or town shall annually levy and collect a tax ad valorem upon all the taxable property in such school district sufficient to pay the principal and interest of such refunding or funding bonds as the same become due. (1955, c. 1372, art. 13, s. 4.)

SUBCHAPTER V. SPECIAL LOCAL TAX ELECTIONS FOR SCHOOL PURPOSES.

Article 14.

§ 115-116. Purposes for which elections may be called.—(a) To Vote a Supplemental Tax.—Elections may be called to ascertain the will of the voters as to whether there shall be levied and collected a special tax in the several administrative units, districts, and other school areas, including districts formed from contiguous counties, to supplement the current expense funds from State and county allotments and hereby operate schools of a higher standard by supplementing any item of expenditure in the school budget. When supplementary funds are authorized by the carrying of such an election, such funds may be used to employ additional teachers, other than those allotted by the State, to teach any grades or subjects or for kindergarten instruction, to establish and maintain approved summer schools, and for making the contribution to the Teachers' and State Employees' Retirement System of North Carolina for such teachers, or for any object of expenditure: Provided, that elections may be called to ascertain the will of the voters of an entire county, as to whether there shall be levied and collected a special tax on all the taxable property within the county for the purposes enumerated in this subsection. In such event, the supplemental tax shall be apportioned among the administrative units of the county on a per capita enrollment basis which shall be determined by the State Board of Education and certified to each administrative unit involved.

(b) To Increase a Supplemental Tax Rate.—Elections may be called in any school area which has previously voted a supplemental tax of less than the maximum for the purpose of increasing the rate of tax previously voted but not to exceed the maximum.

(c) To Enlarge City Administrative Units.—Elections may be called in any district or districts, or other school area or areas, of a county administrative unit to ascertain the will of the voters in such district or districts or other school area or areas, as to whether an adjoining city administrative unit shall be enlarged by consolidating such district or districts, or other school area or areas, with such city administrative unit, and whether after such enlargement of the city administrative unit there shall be levied in such other district or districts, or other school
area or areas, so consolidated with the city administrative unit the same school taxes as shall be levied in the other portion of the city administrative unit.

(d) To Supplement and Equalize Educational Advantages.—Elections may be called in any area of a county administrative unit which is enclosed in one common boundary line to ascertain the will of the voters as to whether there shall be levied and collected a special tax to supplement and equalize the standards on which the schools in such areas are operated, and at the same time repeal any special taxes heretofore voted by any part or parts of such area.

(e) To Abolish a Special School Tax.—Elections may be called in any administrative unit, district or other school area which has previously voted a supplemental tax, to ascertain the will of the people as to whether such tax shall be abolished.

(f) To Vote School Bonds.—Boards of county commissioners are authorized as provided by law to call elections to ascertain the will of the voters as to whether bonds for school purposes may be issued.

(g) To Provide a Supplemental Tax on a County-Wide Basis after Petition for Consolidation of City or County Administrative Units.—Elections may be called for an entire county on the question of a special tax to supplement the current expense funds from State and county allotments and thereby operate schools of a higher standard by supplementing any item of expenditure in the school budget, where the boards of education of all the city administrative units in said county have petitioned the county board of education for a consolidation with the county administrative unit, pursuant to the provisions of G.S. 115-74 and prior to the approval of said petitions by the county and State boards of education. In which event, and provided the petitions so specify, if said election for a county-wide supplemental tax fails to carry, said petitions may be withdrawn and any existing supplemental tax theretofore voted in any of the city administrative units involved or in the county administrative unit, shall not be affected. If the vote for the county-wide supplemental tax carries, said tax shall not be levied unless and until the consolidation of the units involved shall be completed according to the requirements of G.S. 115-74.

(h) To Annex or Consolidate Areas or Districts from Contiguous Counties and to Provide a Supplemental School Tax in Such Annexed Areas or Consolidated Districts.—An election may be called in any district or districts or other school area or areas, from contiguous counties, as to whether the district or districts, in one county shall be enlarged by annexing or consolidating therewith any adjoining district or districts, or other school area or areas from an adjoining county, and if a special or supplemental school tax is levied and collected in the district or districts of the county to which the territory is to be annexed or consolidated, whether upon such annexation or consolidation there shall be levied and collected in the territory to be annexed or consolidated the same special or supplemental tax for schools as is levied and collected in the district or districts in the other county. If such election carries, the said special or supplemental tax shall be levied and collected by the county wherein such territory lies and remitted to the county school fund of the county already levying and collecting such special or supplemental tax; provided, that notwithstanding the provisions of G.S. 115-12.1, if the notice of election clearly so states, and the election shall be held prior to August 1, the annexation or consolidation shall be effective and the tax so authorized shall be levied and collected beginning with the fiscal year commencing July 1 next preceding such election. (1955, c. 1372, art. 14, s. 1; 1957, c. 1066; c. 1271, s. 1; 1959, c. 573, s. 9; 1961, c. 894, s. 2; c. 1019, s. 1.)

§ 115-117. Maximum rate and frequency of elections. — In no event shall a tax for supplementing the current expense fund budget exceed fifty cents (50¢) on the one hundred dollars ($100.00) valuation of property, real and personal: Provided, that in any school administrative unit, district, or other school area having a total population of not less than one hundred thousand (100,000) said local annual tax that may be levied shall not exceed sixty cents (60¢) on one hundred dollars ($100.00) valuation of said property.

In the event that a majority of those who shall vote in any election called pursuant to the provisions of this article do not vote in favor of the purpose for which such election is called, another election for the same purpose shall not be called for and held in the same unit, district, or area until the lapse of six months after such prior election; but the foregoing time limitation shall not apply to any election held in any unit, district, or other school area which is larger or smaller than the unit, district, or area in which such prior election shall have been held, or to any election held for a different purpose than such prior election. (1955, c. 1231, art. 9, s. 2; 1957, c. 276, s. 2.)

§ 115-118. Who may petition for election. — County and city boards of education may petition the board of county commissioners for an election in their respective administrative units or for any school area or areas therein.

In county administrative units, for any of the purposes enumerated in G.S. 115-116, the school committee of a district, or a majority of the committees in an area including a number of districts, or a majority of the qualified voters who have resided for the preceding twelve months in a school area less than a district, and which area is adjacent to a city unit or a district to which it is desired to be annexed and which can be included in a common boundary with said unit or district, or the committee of a district formed from portions of two or more contiguous counties, may petition the county board of education for an election.

The school committee of a district, or the majority of the committees in an area including a number of districts, or a majority of the qualified voters who have resided for the preceding twelve months in a school area less than a district, and which area, district, districts or territory is adjacent to a district or districts in a contiguous county to which it is desired to be annexed or consolidated, and with the approval of the county board of education of the contiguous county to which it is desired to be annexed or consolidated, may petition the county board of education for an election. § 115-119. Necessary information in petitions. — The petition for an election shall contain such of the following information as may be pertinent to the proposed election:

(1) Purpose or purposes for calling the proposed election.
(2) A legally-sufficient description of the area, by metes and bounds or otherwise, in which the election is requested.
(3) The maximum rate of tax which is proposed to be levied. This paragraph shall not apply to a petition for an election to enlarge a city administrative unit.
(4) If the petition is for an election to enlarge a city administrative unit, it shall state therein that, if a majority of those who shall vote in the area proposed to be consolidated with the city administrative unit shall vote in favor of such enlargement, such area shall be consolidated with the city administrative unit, effective July first next following such election, and that there shall thereafter be levied in such area so consolidated with the city administrative unit the same school taxes as shall be levied in the other portions of the city administrative unit, including any tax to provide for the payment of school bonds therefor issued by or for such city administrative unit or for all or some part of the school area annexed to such city administrative unit, unless payment of such bonds has otherwise been provided for.
(5) If the petition for an election is to supplement and equalize educational advantages, and if any school district or districts in the area in which it is proposed to vote such a tax have heretofore voted a supplementary tax, the petition and the notice of election shall state that in the event such election is carried, it will repeal all local taxes heretofore voted in any district except those in effect for debt service in any district, unless such debt service obligation is assumed by the county or otherwise provided for. (1955, c. 1372, art. 14, s. 4; 1957, c. 1271, ss. 3-5.)

§ 115-120. Boards of education must consider petitions. — The board of education to whom the petition requesting an election is addressed shall receive the petition and give it due consideration. If, in the discretion of the board of education, the petition for an election shall be approved, it shall be endorsed by the chairman and the secretary of the board and a record of the endorsement shall be made in the minutes of the board. Petitions for an election to enlarge a city administrative unit shall be subject to the approval and endorsement of both county and city boards of education which are therein affected.

County and city boards of education shall have no discretion in granting an election to abolish a special school tax in any administrative unit, or district, or other school area, which has previously voted a supplemental tax, whenever a majority of the qualified voters residing in said unit, district or school area, shall petition for an election. When such a petition, showing the proper number of names of qualified voters, is presented to a board of education, it is hereby made mandatory that such petition shall be granted and the election held. If at the election a majority of those in the district who have voted thereon have voted "against local tax," the tax shall be deemed revoked and shall not be levied: Provided, that in Alexander, Anson, Beaufort, Buncombe, Carteret, Catawba, Chatham, Chowan, Cleveland, Craven, Currituck, Davidson, Duplin, Franklin, Gates, Greene, Henderson, Hoke, Hyde, Iredell, Jackson, Johnston, Lenoir, Martin, Mecklenburg, Moore, Nash, Onslow, Pamlico, Pitt, Randolph, Richmond, Robeson, Rockingham, Transylvania, Vance, Wake, Warren and Wilkes counties, petition of twenty-five percent (25%) of the number of voters in the election creating said special tax district, said petition to be signed by qualified voters residing in such special tax district, shall be sufficient.
§ 115-121. Action of board of county commissioners or governing body of municipality. — Petitions requesting special school elections and bearing the approval of the board of education of the unit shall be presented to the board of county commissioners, and it shall be the duty of said board of county commissioners to call an election and fix the date for the same: Provided, that the board of education requesting the election may, for any reason deemed sufficient by said board which shall be specified and recorded in the minutes of the board, withdraw the petition before the close of the registration books, and if the petition be so withdrawn, the election shall not be held unless by some other provision of law the holding of such election is mandatory. In the case of a city administrative unit in any incorporated city or town and formed from portions of contiguous counties, said petition shall be presented to the governing body of the city or town situated within, coterminal with, or embracing such city administrative unit, and the election shall be ordered by said governing body, and said governing body shall perform all the duties pertaining to said election performed by the board of county commissioners in elections held under this article.

§ 115-122. Rules governing elections. — In all elections held under this article, the board of county commissioners shall designate the polling place or places, appoint the registrars and judges of election, canvass and judicially determine the results of said election when the returns have been filed with them by the officers holding the election, and record such determination on their records.

If the purpose of the election is to enlarge a city administrative unit, the notice of election shall include the following: A statement of the purpose of the election; a legal description of the area within which the election is to be held; and a statement that if a majority of those who shall vote in the area proposed to be consolidated with the city administrative unit shall vote in favor of such enlargement such area shall be consolidated with the city administrative unit, effective July first next following such election, and there shall thereafter be levied in such area so consolidated with the city administrative unit the same school taxes as shall be levied in the other portions of the city administrative unit, including any tax levy to provide for the payment of school bonds theretofore issued by or for
such city administrative unit or for all or some part of the school area annexed to such city administrative unit, unless payment of such bonds has otherwise been provided for.

If the election is to be held for any other purpose permitted by this article, the notice of election shall include the following: A statement of the purpose of the election; a legal description of the area within which the election is to be held; and, if any additional tax is proposed to be levied, the maximum rate of tax proposed to be levied, which shall not exceed the maximum prescribed by this article, and the purpose of the tax.

The notice of the election shall be given by publication at least once a week for at least three weeks in some newspaper published in, or having a general circulation in, the area in which the election is to be held. The first publication of such notice shall be made not less than thirty days before the election.

New registration of the qualified voters of the territory shall be ordered, unless the territory embraces an entire county or other organized political subdivision with current registration books; and in all cases a new registration may be ordered in the discretion of the board of county commissioners. Notice of said new registration shall be deemed to be sufficiently given by publication once in some newspaper published or circulated in said district at least twenty days before the close of the registration books. This notice of registration may be considered one of the three notices required of the election. Such published notice of registration shall state the days on which the books will be open for registration of voters and the place or places at which the books will be open on Saturdays. The books of such new registration shall close on the second Saturday before the election. The Saturday before the election shall be challenge day, and except as otherwise provided in this article, such election shall be held in accordance with the law governing general elections.

The ballots to be used in said election shall include, among other matter written or printed thereon, the words “For Local Tax” and “Against Local Tax” for all elections called under this article except those called under subsection (c) of G.S. 115-116, in which case the ballots shall have written or printed thereon the words “For Enlargement of the (here insert name of city) City Administrative Unit and school tax of the same rate” and “Against Enlargement of the (here insert name of city) City Administrative Unit and school tax of the same rate.”

All other details of said election shall be fixed by the board of county commissioners ordering the election, and the expense of holding and conducting the election shall be provided by the board of education of the administrative unit in which the election is held: Provided, that where territory is proposed to be added to a city administrative unit, the expense shall be borne by such unit.

In all cases where an election is called and held under the provisions of this article, and a majority of the qualified voters voting at such election voted in favor of the tax or of propositions submitted, and the results of such election have been officially determined and recorded in the minutes of the board of county commissioners, the validity of such election, and of the registration for such election, shall not be open to question except in an action or proceeding commenced within thirty days after the determination of the results of such election.

_Cross Reference._—As to time registration books must be kept open, see § 163-31.

_Notice of Election._—It is not necessary that the newspaper, in which the notice of election is given, be published in the district; it is sufficient if the paper is circulated in the district where the election is to be held. Miller v. Duke School Dist., 184 N.C. 197, 113 S.E. 786 (1922).

Failure to give the notice of election is immaterial where such failure does not affect the result of the election. Younts v. Commissioners of Union County, 151 N.C. 582, 66 S.E. 575 (1909); Gregg v. Board of Comm'rs, 162 N.C. 479, 78 S.E. 301 (1913).
§ 115-122.1. Effective date; levy of taxes.—(a) If, in any election authorized by this article, a majority of the voters voting in such election vote in favor of the enlargement of a city administrative unit, such enlargement shall become effective July first next following such election; and thereafter there shall be levied and collected in the area consolidated with the city administrative unit the same school taxes as shall be levied in the other portions of the city administrative unit.

(b) If, in any election authorized by this article, a majority of the voters voting in such election vote in favor of a supplemental tax, or in favor of the increase of a supplemental tax, or in favor of a tax to supplement and equalize educational advantages, the tax so authorized shall be levied and collected beginning with the fiscal year commencing July first next following such election. (1957, c. 1271, s. 8.)

§ 115-122.2. Conveyance of school property upon enlargement of city administrative unit.—Before any election is called to enlarge a city administrative unit, if any school property is located in the area proposed to be consolidated with the city administrative unit, the board of education of such city administrative unit and the board of education of the county administrative unit concerned shall agree with each other as to the school property to be conveyed and transferred to the board of education of the city administrative unit if a majority of the voters voting in the election vote in favor of such enlargement. And, if such enlargement is authorized by such election, the board of education of the county administrative unit shall, within ten days after July first next following such election, convey and transfer to the board of education of the city administrative unit the property so agreed to be conveyed and transferred. (1957, c. 1271, s. 8.)

§ 115-123. Elections in districts created from portions of contiguous counties.—Districts already created and those that may be created from portions of two or more contiguous counties, may hold elections under this article to be incorporated or to vote a special local tax therein for the purposes enumerated in G.S. 115-116.

Elections for either purpose must be initiated by petitions from the portion of each county included in the district, or the proposed district. In districts already created, the majority of the committeemen must sign the petition. In proposed districts, the petition must be signed by fifteen percent (15%) of the qualified voters who shall have resided in such area for the preceding twelve months. When the petitions shall have been approved by each of the boards of education of such contiguous counties, they shall then be presented by each of said boards of education to their respective boards of county commissioners.

The boards of commissioners of each of the contiguous counties, in compliance with the provisions of this article relating to the conduct of local tax elections, shall then call and hold an election in that portion of the proposed district lying in its county. Election returns shall be made from each portion of the proposed district to the board of commissioners ordering the election in that portion, and the returns shall be canvassed and recorded as required in this article for local tax districts.

If a majority of the voters who vote thereon in each of the counties shall vote in favor of the tax, or for incorporation, the election shall be determined to have carried in the whole district, and shall be so recorded in the records of the board of county commissioners in each county in which the district is located.

If the proposition submitted to the voters in the election is a question of incorporating the district, the ballots for this election shall have printed thereon the words "For incorporation" and "Against incorporation." If the election for incorporation is carried, the district is thereby incorporated and shall possess all the authority of incorporated districts.
In case the election carried in each portion of the proposed district, the several county boards of education concerned shall each pass a formal order consolidating the territory into one joint local tax district, which shall be and become a body corporate by the name and style of "............. Joint Local Tax School District of ..................... Counties." The county board of education having the largest school census and the largest area in the part of the joint local tax district lying in its county shall determine the location of the school-house; but if the largest census and largest area do not both lie in the same county, then the county boards shall jointly select the site for the building; and in case of a disagreement they shall submit the question to a board of arbitration consisting of three members, one member to be named by each board of education if three counties are concerned, or if there are but two counties, then each board shall choose one member and the two so named shall select the third member. The decision of this board of arbitration shall be binding on all county boards of education concerned.

The school committee shall consist of five members, three of whom shall be appointed by the board of education of the county in which the building is to be situated and two to be appointed by the other county or counties, but the terms of office shall be so arranged that not more than two members will retire in any one year. The committee shall officially exercise such corporate powers as are conferred by this section. This committee shall have all the powers and duties of committees of local tax districts, and in addition thereto it shall adopt a corporate seal and have the power to sue and be sued in its corporate name. The committee shall have the power to determine the rate of local taxes to be levied in said joint district, not exceeding the rate authorized by the voters of the district, and when the committee shall have so determined the rate of local taxes to be levied in said joint district and shall have certified same to the boards of commissioners of the several counties from which said joint district is created, the said boards of county commissioners, and each of them, shall levy said rate of local taxes within the portion of said joint district lying within their respective counties; and the taxes so levied shall be collected in the several counties as other taxes are collected therein, and shall be paid over by the officers collecting the same to the treasurer or other fiscal agent of the county in which the schoolhouse is located, or is to be located, to be by him placed to the credit of the joint district.

The committee shall have as full authority to call and hold elections for the voting of bonds of the district as is conferred upon boards of education and boards of commissioners. In calling the election for a bond issue, no petition of the county board of education shall be necessary; but the election shall be called and held by the school committee of the incorporated local tax school district under as ample authority as is conferred upon both county boards of education and boards of commissioners. When bonds of the district have been voted under authority of this section, they shall be issued subject to the limitations of the Local Government Act and County Fiscal Control Act in the corporate name of the district, signed by the chairman and secretary of the school committee, sold by the school committee, and the proceeds thereof deposited with the treasurer of the county board of education of the county in which the school building is, or is to be, located, to be placed to the credit of the joint district, and the taxes for the payment of principal and interest shall be levied and collected as provided hereinafore for the levy and collection of local taxes; Provided, that certified copies of the bond orders and resolutions shall be recorded on the minutes of the board of commissioners of each county constituting a part of the joint school district.

The building of all schoolhouses in such joint local tax districts shall be effected by the county board of education of the county in which the building is to be located under authority of law governing the erection of school buildings.
by county boards of education. It shall be lawful for the boards of education in the other county or counties to contribute to the cost of the building in proportion to the number of children shown by the official census to be resident within that part of the joint district lying within each county respectively. If the building is to be erected from moneys borrowed from the State Literary Fund or from county taxation, then each county board of education shall contribute to its construction in the proportion set out above and pay over its contribution to the treasurer of the county board having control of the erection of the building: Provided, it shall be lawful for the county board that controls the erection of the building to borrow from the State and lend to the district the full amount of the cost of the building in cases where the entire amount, or part of the amount, is to be repaid by the district from district funds.

All district funds of a joint local tax district shall be kept distinct from all other funds, placed to the credit of the district, and expended as other local tax or district bond funds are lawfully disbursed.

The county board of education and county superintendent of schools of the county in which the schoolhouse is located shall have as full and ample control over the joint school and the district as it has in the case of other local tax districts, subject only to the limitations of this section.

The committee of the joint school district shall prepare a budget annually in accordance with the law governing budgets in which the committee will indicate objects and items of expenditure which are proposed to be made from the collection of the special tax of the district. This budget shall show the proportionate part of the expense to be contributed by each county, which part shall be ascertained on the basis of the proportions of the total district school census living in each respective county. When this budget is completed by the committee of the joint district, a copy of it shall be filed with the county board of education of each county, and it shall be the duty of each board of education, if it approves the district budget, to incorporate it in the county budget to be submitted to the board of commissioners of each county. Each of the several county boards of education is hereby directed to pay over its proportionate part of the district budget, when and as collected, to the treasurer of the board of education of the county in which the school plant is located for the purposes for which it has been levied and collected.

All districts formed from portions of contiguous counties before the ratification of this article are hereby authorized and empowered to exercise all the powers and privileges conferred by this article. (1955, c. 1372, art. 14, s. 8.)

§ 115-124. Levy and collection of taxes.—In cases where administrative units or districts have voted, or may hereafter vote, a tax in order to operate schools of a higher standard than that provided by State support, county and city boards of education, at the same time the other budgets are filed, shall file a supplemental budget therefor and request that a sufficient levy be made by the tax levying authorities, not in excess of the rate voted by the people in such unit or district. The tax levying authorities may approve or disapprove this supplemental budget in whole or in part, and shall levy such taxes as necessary to provide for the approved budget for supplemental purposes, not exceeding the amount of the tax levy authorized by the vote of the people. The expenditure of the proceeds of said levy shall be in accordance with the aforesaid supplemental budget as approved by the tax levying authorities: Provided, that the tax levying authorities may fix a charge against any administrative unit or district for collection of such levies not exceeding one percent (1%) thereof. The superintendent of schools, the county accountant or auditor, the officer in charge of tax records, and the county treasurer shall keep records in their respective offices, showing the valuation of all property in the unit, district, or area; the rate of tax authorized annually to be levied, and the amount annually derived from the local tax. It shall be illegal for any part of the local tax fund to be used for any purpose other than

§ 115-125. Acquisition of sites.—County and city boards of education may acquire suitable sites for schoolhouses or other school facilities either within or without the administrative unit; but no school may be operated by an administrative unit outside its own boundaries, although other school facilities such as repair shops, may be operated outside the boundaries of the administrative unit. Whenever any such board is unable to acquire or enlarge a suitable site for a school, school building, school bus garage or for a parking area for school buses or for other school facilities by gift or purchase, condemnation proceedings to acquire same may be instituted by such board under the provisions of article 2, chapter 40 of the General Statutes, and the determination of the county or city board of education of the land necessary for such purposes shall be conclusive; provided that not more than a total of thirty (30) acres shall be acquired by condemnation for any one site for a schoolhouse or other school facility as aforesaid; provided, however, that any school administrative unit located within a county having a population of 150,000 or more may acquire by condemnation a total of not more than forty (40) acres for any one school site. (1955, c. 1335; c. 1372, art. 15, s. 1; 1957, c. 683.)

Constitutionality.—This section does not violate the requirements of just compensation and due process provided by the 14th Amendment to the United States Constitution. Doby v. Brown, 135 F. Supp. 584 (M.D.N.C. 1955), aff'd, 232 F.2d 504 (4th Cir. 1956).

History of Section.—See Board of Educ. v. Forrest, 190 N.C. 753, 130 S.E. 621 (1925).

Proceedings Instituted under § 40-2.—Condemnation proceedings for a school site must be considered as instituted under the provisions of § 40-2, pursuant to authority conferred by this section. Topping v. State Bd. of Educ., 249 N.C. 291, 106 S.E.2d 502 (1959).

The word "site" is broad enough to embrace such land, not exceeding the statutory limit, as may reasonably be required for the suitable and convenient use of the particular building; and land taken for a playground in conjunction with a school may be as essential as land taken for the schoolhouse itself. 24 R.C.L. 582.

Discretion of School Authorities.—The question of changing the location of a schoolhouse, as well as the selection of a site for a new one, is vested in the sound discretion of the school authorities, and their action cannot be restrained by the courts, unless it is in violation of some provision of the law, or the authorities have been influenced by improper motives, or there has been a manifest abuse of discretion on their part. Atkins v. McAden, 229 N.C. 752, 51 S.E.2d 484 (1949); Wayne County Bd. of Educ. v. Lewis, 231 N.C. 661, 58 S.E.2d 725 (1950); Feezor v. Sice-loff, 232 N.C. 563, 61 S.E.2d 714 (1950).

While school authorities have the discretionary power to select sites for new schools and to change the location of existing schools, their action in this regard may be enjoined when it is without authority of law, or when the selection of a proposed site is so clearly unreasonable as to amount to a manifest abuse of their discretion. Brown v. Candler, 236 N.C. 576, 72 S.E.2d 550 (1952).

The advisability of taking the property for public school use is a matter committed to the sound discretion of the petitioner.
with the exercise of which neither the respondents nor the courts can interfere. Burlington City Bd. of Educ. v. Allen, 243 N.C. 520, 91 S.E.2d 180 (1956).

Facts Not Showing Abuse of Discretion. —The facts that the site for a high school selected by the school authorities in a mountainous section of the State may be approached only by a crooked highway and over a narrow bridge, and that there may be other satisfactory sites for such school, does not compel or support the conclusion that the school authorities abused their discretion in selecting the site. Brown v. Candler, 236 N.C. 576, 73 S.E.2d 550 (1952).

Selection of Site on Grounds of County Home. — Section 153-9 does not preclude school authorities from selecting, without advertising, a part of the grounds of a county home for the site of a high school when its use would not interfere with the use of the remainder of the site for a county home. Brown v. Candler, 236 N.C. 576, 73 S.E.2d 550 (1952).

High School and Elementary School on Adjoining Sites.—A high school and an elementary school may be located on adjoining sites. However, neither site may contain more than ten (now thirty) acres of land, if any part thereof must be obtained by condemnation. Wayne County Bd. of Educ. v. Lewis, 231 N.C. 661, 58 S.E.2d 725 (1950).

Where the county board of education selects a site for an elementary school contiguous to its high school site, it may condemn for such elementary school site lands not in excess of ten (now thirty) acres, since the board has the discretionary power to locate the schools on adjoining sites. Wayne County Bd. of Educ. v. Lewis, 231 N.C. 661, 58 S.E.2d 725 (1950).

There is no limitation on the acreage which may be purchased or donated for a school site. The limitation applies only where the site, or any part thereof, must be obtained by condemnation. In such cases, the land owned, donated or purchased, together with the adjacent lands to be condemned, shall not exceed ten (now thirty) acres. Wayne County Bd. of Educ. v. Lewis, 231 N.C. 661, 58 S.E.2d 725 (1950).

Service by Publication.—The statutes relating to service of process by publication (§ 1-98 et seq.) apply to a resident defendant in a proceeding to condemn a school site, no less than to such defendant in any other special proceeding. Brown v. Doby, 242 N.C. 462, 87 S.E.2d 921 (1955).

Former Procedure. — As to procedure for condemnation of land for a school site under this section as it stood before the 1957 amendment, see Burlington City Bd. of Educ. v. Allen, 243 N.C. 520, 91 S.E.2d 180 (1956).

For case involving title to school property and decided under former statute, see Board of Educ. v. Town of Waynesville, 242 N.C. 558, 89 S.E.2d 239 (1955).

§ 115-126. Sale, exchange or lease of school property; easements and rights-of-way.—(a) When in the opinion of any county board of education, or of any board of education for any city administrative unit, the use of any building, building site, or other real property owned or held by such board is unnecessary or undesirable for public school purposes, the board may sell such property at public auction. Such sale shall be held on the property to be sold or at the courthouse door in the county in which such property is located, and shall be advertised and otherwise conducted as is prescribed by statute for judicial sales of real property. The sale shall then remain open for ten days to permit the making of an upset bid. The resale of such property following such upset bid, and the procedure therefor shall be as prescribed by statute for judicial sales of real property. If the time for making an upset bid shall expire without such bid having been made, the board may confirm the sale if it deems the highest bid to be an adequate price. Upon confirmation of the sale by the board, the chairman and the secretary of the board shall execute a deed to the purchaser of the property upon his compliance with his bid. Confirmation of the sale by the clerk of the superior court shall not be required. The proceeds of the sale shall be paid to the treasurer of the school fund of such county or city administrative unit, and shall be used either to reduce the bonded indebtedness of such administrative unit or for capital outlay purposes.

(b) When in the opinion of any county board of education, or of any board of
education for any city administrative unit, the use of any property, other than real property, owned or held by such board is unnecessary or undesirable for public school purposes, the board may sell such property either through the facilities of the North Carolina Division of Purchase and Contract or at public auction. If sold at public auction such sale shall be held at such place within such county or city administrative unit as shall be designated by the board, and shall be advertised and otherwise conducted as is prescribed by statute for the sale of personal property under a power of sale contained in a chattel mortgage. Title to the property so sold shall not pass by reason of such sale until the sale has been confirmed by the board and the purchaser has complied with the terms of his bid. The proceeds of such sale shall be paid to the treasurer of the school fund of such county or city administrative unit.

(c) If in the opinion of the board the highest bid at any sale or resale of real or personal property sold pursuant to the provisions of this section is not adequate, such bid may be rejected and the property may again be advertised for sale as provided in this section, or may be sold by the board at a private sale for a price in excess of the highest bid at such public sale: Provided such private sale is consummated within a period of one year from the date of the initial public offering.

Any sale of real property at private sale made prior to May 1, 1959 is hereby validated, provided the real property so sold was first advertised for sale at public auction as provided by this section and the price received therefor was in excess of the highest bid received at such public offering.

(d) In the acquisition by it of any property for public school purposes any county board of education, or any board of education for any city administrative unit, may exchange therefor, as full or partial payment therefor, any property owned or held by it, without compliance with the provisions of this section: Provided, that for at least ten days before any exchange of real property shall be consummated, the terms of such proposed exchange shall be filed in the office of the superintendent of schools of such administrative unit and in the office of the clerk of the superior court in the county in which such property is located, and a notice thereof published one or more times in a newspaper having a general circulation in the administrative unit at least ten days before the consummation of said exchange.

(e) When in the opinion of any county board of education, or of the board of education for any city administrative unit, the use of any property owned or held by it is unnecessary or undesirable for public school purposes, but the sale of such property is not practicable or in the public interest, such board may in its discretion enter into an agreement with any other person, firm or corporation for the lease of such property to such person, firm or corporation for a term not in excess of one year, upon such terms and conditions as the board shall deem advisable and in the public interest.

(f) In addition to the foregoing, county and city boards of education are hereby authorized and empowered, in their sound discretion, to grant easements to any public utility, municipality or quasi-municipal corporation to furnish utility services to school property, with or without compensation except the benefits accruing by virtue of the location of the said public utility, and to dedicate portions of any lands owned by such boards as rights-of-way for public streets, roads or sidewalks, with or without compensation except the benefits accruing by virtue of the location or improvement of such public streets, roads or sidewalks. (1955, c. 1372, art. 15, s. 2; 1959, c. 324; c. 573, s. 11; 1961, c. 395.)

Lease of Surplus Lands. — A city school administrative unit contemplated by § 115-4 is a governmental agency separate and distinct from the city, and such administrative unit, having acquired more land
than presently needed for school purposes, has legislative authority to lease the surplus, under this section, either for a public or a private purpose, so long as it exercises its discretion in good faith. Where the lease stipulates that use shall be for a public or semipublic purpose, the law will presume the parties intended and contemplated use of the property without unlawful discrimination because of race, color, religion or other illegal classification. State v. Cooke, 248 N.C. 485, 103 S.E.2d 846 (1958).

Delegation of Authority. — Where a chartered school district acquired property by foreclosure of a loan made from its sinking fund, the property thus acquired being in no way connected with the operation of its schools, and the trustees of the district instructed the property committee to consider any offers for the property in excess of a stipulated sum, and delegated “power to act” in the matter, and where the chairman thereafter entered into a contract for the sale of the property for a price in excess of the minimum amount stipulated by the trustees, upon a suit by a taxpayer of the district to restrain conveyance to the purchaser in the contract, it was held that the trustees of the district were without power to delegate authority to sell the school property, and the district was not bound by the contract entered into and a decree restraining the execution of the contract was proper. Bowles v. Fayetteville Graded Schools, 211 N.C. 36, 188 S.E. 615 (1936).

§ 115-127. Deeds to property.—All deeds to school property shall, after registration be delivered to the superintendent of the administrative unit in which the property is located and he shall provide a safe place for preserving all such deeds. (1955, c. 1372, art. 15, s. 3.)

§ 115-128. Vehicles owned by boards of education exempt from taxation; registration. — All school buses, trucks, automobiles and other motor vehicles owned by county and city boards of education and used for transporting pupils to and from school or used by other school personnel in the prosecution of their work, shall be exempt from taxation, but all such vehicles shall be duly registered in the Department of Motor Vehicles as provided in G.S. 20-84. (1955, c. 1372, art. 15, s. 4.)

§ 115-129. Provisions for school buildings and equipment.—It shall be the duty of the boards of education of the several administrative school units of the State to make provisions for the nine months' school term by providing adequate school buildings equipped with suitable school furniture and apparatus. The needs and the cost of such buildings, equipment, and apparatus, shall be presented each year when the school budget is submitted to the respective tax levying authorities. The boards of commissioners shall be given a reasonable time to provide the funds which they, upon investigation, shall find to be necessary for providing their respective units with buildings suitably equipped, and it shall be the duty of the several boards of county commissioners to provide funds for the same. (1955, c. 1372, art. 15, s. 5.)

Commissioners to Determine What Expenditures Shall Be Made.—The board of commissioners of the county, and not the board of education, is charged with the duty to determine what expenditures shall be made for the erection, repair and equipment of school buildings in the county. Johnson v. Marrow, 228 N.C. 58, 44 S.E.2d 468 (1947).

The county board of education surveys annually the needs of the county school system in respect to school plant facilities and equipment and by resolution presents its plan to the board of commissioners. Then, and only then, it becomes the duty of the board of commissioners to determine what expenditures, if any, proposed for such purposes by the board of education are necessary. When it determines that funds are necessary for any one or all of the proposed projects, then it must furnish the funds necessary to provide the facilities incorporated in the approved projects. Parker v. Anson County, 237 N.C. 78, 74 S.E.2d 338 (1953).

The right of the board of commissioners to determine what expenditures shall be made arises when a proposal for the expenditure of funds for school facilities is made by the board of education.
§ 115-130. Erection and repair of schoolhouses.—The building of all new schoolhouses and the repairing of all old schoolhouses shall be under the control and direction of, and by contract with, the board of education in which such building and repairing is done. Boards of education shall not invest any money in any new building that is not built in accordance with plans approved by the State Superintendent as to structural and functional soundness, safety and sanitation, nor contract for more money than is made available for its erection. All contracts for buildings shall be in writing and all buildings shall be inspected, received, and approved by the county or city superintendent and the architect before full payment is made therefor: Provided, that this section shall not prohibit boards of education from repairing and altering buildings with the help of janitors and other regular employees of said board.

In the case of any school buildings erected, repaired, or equipped with any money loaned or granted by the State to any administrative unit, the State Board of Education, under such rules as it may deem advisable, may retain any amount not to exceed fifteen percent (15%) of said loan or grant, until such completed buildings, erected or repaired, in whole or in part, from such loan or grant funds shall have been approved by a designated agent of the State Board of Education.

Upon such approval by the State Board of Education, the State Treasurer is authorized to pay the balance of the loan or grant to the treasurer of the school

Upon such approval by the State Board of Education, the State Treasurer is authorized to pay the balance of the loan or grant to the treasurer of the school
§ 115-131. Board cannot erect or repair building unless site is owned by board.—County and city boards of education shall make no contract for the erection or repair of any school building unless the site upon which it is located is owned in fee simple by the said board: Provided, that the board of education of a county or city administrative unit, with the approval of the board of county commissioners is authorized to appropriate funds to aid in the establishment of a school facility and the operation thereof in an adjoining county or city administrative unit when a written agreement between the boards of education of the administrative units involved has been reached and the same recorded in the minutes of said boards, whereby children from the unit making such appropriations shall be entitled to attend the school so established.

In all cases where title to property has been vested in the trustees of a special charter district which has been abolished and has not been reorganized, title to such property shall be vested in the county or city board of education of the county embracing such former special charter district. (1955, c. 1372, art. 15, s. 7.)

Not Applicable to Electric Light Wires.—A former statute similar to this section did not apply to the erection of electric light wires. It applied only to sites for school buildings; it did not extend to or include the rights-of-way. Conrad v. Board of Educ., 190 N.C. 389, 130 S.E. 53 (1925).

§ 115-132. Duty of board to provide equipment for school buildings.—It shall be the duty of county and city boards of education and tax levying authorities to provide suitable supplies for the school buildings under their jurisdiction. These shall include, in addition to the necessary instructional supplies, proper window shades, blackboards, reference books, library equipment, maps, and equipment for teaching the sciences.
Likewise, it shall be the duty of said boards of education and boards of county commissioners to provide every school with a good supply of water, approved by the State Board of Health, and where such school cannot be connected to water-carried sewerage facilities, there shall be provided sanitary privies for the boys and for the girls according to specifications of the State Board of Health. Such water supply and sanitary privies shall be considered an essential and necessary part of the equipment of each public school and may be paid for in the same manner as desks and other essential equipment of the school are paid for. (1955, c. 1372, art. 15, s. 8.)

Cross Reference. — As to penalty for school officials to have pecuniary interest in school supplies, see §§ 14-236, 14-237.

Compliance Presumed. — A county board will not be enjoined from constructing a new school building on the grounds that it has failed to make plans for water and sewer service for the school, where it appears from the complaint that at the time the suit was instituted the construction of the proposed building had progressed only to the stage where bids had been accepted, since presumably the defendants at the proper time will comply with this section and make provision for a proper supply of water. Lamb v. Randolph County Bd. of Educ., 235 N.C. 377, 70 S.E.2d 201 (1952).

§ 115-133. Duties of boards of education to keep buildings in repair and determine use of school property. — It shall be the duty of county and city boards of education and tax levying authorities, in order to safeguard the investment made in public schools, to keep all school buildings in good repair to the end that all public school property shall be taken care of and be at all times in proper condition for use. It shall be the duty of all committeemen, principals, teachers, and janitors to report to their respective boards of education immediately any unsanitary condition, damage to school property, or needed repair. All principals, teachers, and janitors shall be held responsible for the safekeeping of the buildings during the school session and all breakage and damage shall be repaired by those responsible for same, and where any principal or teacher shall permit damage to the public school buildings by lack of proper discipline of pupils, such principal or teacher shall be held responsible for such damage: Provided, principals and teachers shall not be held responsible for damage that they could not have prevented by reasonable supervision in the performance of their duties.

Notwithstanding the provisions of G.S. 115-51, county and city boards of education shall have authority to adopt rules and regulations by which school buildings, including cafeterias and lunchrooms, may be used for other than school purposes so long as such use is consistent with the proper preservation and care of the public school property. No liability shall attach to any board of education, individually or collectively, for personal injury suffered by reason of the use of such school property. (1955, c. 1372, art. 15, s. 9; 1957, c. 684; 1963, c. 253.)

Editor's Note. — The 1963 amendment rewrote the second paragraph.

§ 115-133.1. Duties of boards of education and tax levying authorities to insure public school buildings and equipment. — (a) The board of every administrative unit in the public school system of this State, in order to safeguard the investment made in public schools, shall

(1) Insure and keep insured to the extent of not less than seventy-five percent (75%) of the current insurable value as determined by the insurer and the insured of each of its insurable buildings against fire, lightning and the perils embraced in extended coverage; and

(2) Insure and keep insured adequately the equipment and contents of said building.
§ 115-134. Authority and rules for organization of system.—The State Board of Education is hereby authorized, directed and empowered to establish a division to manage and operate a system of insurance for public school property. The Board shall adopt such rules and regulations as, in its discretion, may be necessary to provide all details inherent in the insurance of public school property. The Board shall employ a director, safety inspectors, engineers and other personnel with suitable training and experience, which in its opinion is necessary to insure and protect effectively public school property, and it shall fix their compensation with the approval of the Personnel Department. (1955, c. 1372, art. 16, s. 1.)

§ 115-135. Public School Insurance Fund; decrease of premiums when fund reaches five percent ($5%) of total insurance in force.—There shall be set up in the books of the State Treasurer a fund to be known and designated as the "Public School Insurance Fund," which fund hereafter in this article is referred to as "the Fund." In order to provide adequate reserves against losses which may be incurred on account of the risks insured against as provided in this article and to provide payment for such losses as may be incurred therein, there is hereby appropriated to "the Fund" the sum of two million dollars ($2,000,000.00), which shall be paid from and charged to the State Literary Fund as set up and defined in this chapter. When the reserves in "the Fund" shall be increased by the payment of premiums by the governing boards of county and city administrative school units, or otherwise, to the extent of one million dollars ($1,000,000.00), there shall be transferred from "the Fund" back to the State Literary Fund the sum of one million dollars ($1,000,000.00) and when "the Fund" shall again be increased to the extent of another one million dollars ($1,000,000.00), there shall be transferred therefrom back to the State Literary Fund an additional sum of one million dollars ($1,000,000.00) in full reimbursement of the sum of two million dollars ($2,000,000.00), which is authorized to be transferred from the State Literary Fund by the provisions hereof. All funds paid over to the State Treasurer for premiums on insurance by the governing boards of county and city school administrative units and all money received from interest or from loans and deposits and from any other source connected with the insurance of the property hereinafter referred to shall be held by the State Treasurer in "the Fund" for the purpose of paying all fire, lightning, windstorm, hail and explosion losses for which the said Fund shall be liable and the expenses necessary for the proper conduct of the insurance of said property, together with such premiums for reinsurance of such part of said insurance as the State Board of Education may deem necessary to reinsure, as provided for in this article. Such part of the money in "the Fund" as may not be needed for the payment of current demands thereon shall be invested by the State Treasurer in such securities as constitute permissible investments for State sinking funds, and all of the earnings thereon shall be paid into "the Fund." The State Treasurer shall annually report to the State Board of Education and to the General Assembly the status of "the Fund" and a detailed statement of the investments therein and earnings therefrom.
When the Fund herein provided for reaches the sum of five percent (5%) of the total insurance in force, then annually thereafter the State Board of Education shall proportionately decrease the premiums on insurance to an amount which will be sufficient to maintain "the Fund" at five percent (5%) of the total insurance in force, and in the event in the judgment of the State Board of Education the income from the investments of "the Fund" are sufficient to maintain the same at five percent (5%) of the total insurance in force, no premiums shall be charged for the ensuing year, provided that no building or property insured shall cease to pay premiums until five annual payments of premiums have been made whether or not through such payments the Fund shall be increased beyond five percent (5%) of the total insurance in force, unless such building or property shall cease to be insurable within the meaning of this article within such five-year period. (1959, c. 1372, art. 16, s. 2.)

§ 115-136. Insurance of property by school governing boards; notice of election to insure and information to be furnished; outstanding policies.—All county and city boards of education may insure all property within their units against the direct loss or damage by fire, lightning, windstorm, hail or explosions resulting by reason of defects in equipment in public school buildings and other public school properties in "the Fund" hereinbefore set up and provided for. Any property covered by an insurance policy in effect on the date when the property of a unit is insured in "the Fund" shall be insured by "the Fund" as of the expiration of the policy. Each school governing board shall give notice of its election to insure in "the Fund" at least thirty days prior to such insurance becoming effective and shall furnish to the State Board of Education a full and complete list of all outstanding fire insurance policies, giving in complete detail the name of the insurers, the amount of the insurance and expirations thereof. While the said insurance policies remain in effect, "the Fund" shall act as coinsurer of the properties covered by such insurance to the same extent and in the same manner as is provided for coinsurance under the provisions of the standard form of fire insurance as provided by law, and in the event of loss shall have the same rights and duties as required by participating insurance companies. (1955, c. 1372, art. 16, s. 3; 1957, c. 686, s. 3.)

§ 115-137. Inspections of insured public school properties.—The State Board of Education shall provide for periodic inspections of all public school properties in the State of North Carolina insured under the provisions hereof, the said inspections for safety of buildings and particularly school buildings, against the loss or damage from fire and explosions. The inspections shall be the basis for offering such engineering advice as may be thought to be necessary to safeguard the children in the public schools from death and injury from school fires or explosions and to protect said school properties from loss, and the local school authorities shall be required so far as possible, and reasonable, to carry out and put into effect such recommendations in respect thereto as may be made by the State Board of Education. (1955, c. 1372, art. 16, s. 3; 1957, c. 686, s. 3.)

§ 115-138. Information to be furnished prior to insuring in fund; providing for payment of premiums.—County and city boards of education shall at least thirty days before insuring in "the Fund," furnish to the State Board of Education a complete and detailed list of all school buildings and contents thereof and other insurable school property, together with an estimate of the present value of the said property. Valuation for purposes of insuring in "the Fund" shall be reached by agreement in accordance with the procedure hereinafter set up for adjustment of losses. County and city boards of education and the tax levying authorities shall be required to provide for the payment of premiums for insurance on the school properties of each unit, respectively, to the extent of not less than seventy-five percent (75%) of the current insurable
§ 115-139. Determination and adjustment of premium rates; certificate as to insurance carried; no lapsation; notice as to premiums required, and payment thereof.—The State Board of Education shall determine the annual premium rate to be charged for insurance of school properties as herein provided, which said rate shall not, however, be in excess of the rates fixed by law for insurance of such properties in effect on May 31, 1948, and such rates shall be adjusted from time to time so as to provide insurance against damage or loss resulting from fires, lightning, windstorm, hail or explosions resulting from defects in equipment in public school buildings and properties for the local school units at the lowest cost possible in keeping with the payment of cost of administration of this article, and the creation of adequate reserves to pay losses which may be incurred. The State Board of Education shall furnish to each county and city administrative unit annually and, at such times as changes may require, a certificate showing the amount of insurance carried on each item of insurable property. The said insurance shall not lapse but shall remain in force until the county or city board of education requests that said insurance be cancelled or until such property becomes uninsurable in the manner set out in G.S. 115-141. From time to time the local school authorities shall be notified as to the amount of the premiums required to be paid for said insurance and the amounts thereof shall be provided for in the annual budget of such schools. The tax levying authorities shall provide by taxation or otherwise a sum sufficient to pay the required premiums thereon.

The local school authorities shall within thirty (30) days from notice thereof pay to the State Board of Education the premiums on such insurance, and in the event that there are no funds on hand at such time with which to make said payment, the same shall be paid out of the first funds available to such school board. Delayed payments shall bear interest at the rate of six percent (6%) per annum.

§ 115-140. Adjustment of losses; determination and report of appraisers; payment of amounts to treasurers of local units; disbursement of funds.—In the event of loss or damage by fire, lightning, windstorm, hail, or explosions resulting from defects in equipment in public school buildings and properties for the local school units, “the Fund” shall pay the loss in the same proportion as the amount of insurance carried bore to the valuation of the property at the time it was insured, but not exceeding the amount which it would cost to repair or replace the property with material of like quality within a reasonable time after such loss, not in excess of the amount of insurance provided for said property, and not in excess of the amount of such loss which “the Fund” is required to pay in participation with fire insurance companies having policies of insurance in force on said properties at the time of the loss or damage, and “the Fund” shall not be liable for a greater proportion of any loss than the amount of insurance thereon shall bear to the whole insurance covering the property against the peril involved.

In the event of loss or damage by fire, lightning, windstorm, hail, or explosions resulting from defects in equipment in public school buildings and properties of the local school units, to the property insured, when an agreement as to the extent of such loss or damage cannot be arrived at between the State Board of Education and the local officials having charge of the said property, the amount of such loss or damage shall be determined by three appraisers; one to be named by the State Board of Education, one by the local governing board having charge of the property, and the two so appointed shall select a third—all of whom shall be disinterested persons, and qualified from experience to appraise and value

603
such property: Provided, however, if the appraisers appointed by the State Board of Education and the local governing board shall fail for fifteen days to agree upon the third appraiser, then, on request of the State Board of Education or the local governing board having charge of the property, such third appraiser shall be selected by the resident judge of the superior court of the judicial district in which the property is located. The appraisers so named shall file their written report with the State Board of Education and with the local governing board having such property in charge. The costs of the appraisal shall be paid by "the Fund." Upon the determination of the loss by the appraisers, the State Board of Education shall pay the amount of such loss or damage to school property in the control of the county administrative unit to the county treasurer, and pay the amount of loss or damage to property of a city administrative unit to the treasurer of said unit upon proper warrant of the State Board of Education. Said funds shall be paid out by the treasurer of said units, as provided by this chapter for the disbursement of the funds of such unit. (1955, c. 1372, art. 16, s. 7.)

§ 115-141. Maintenance of inspection and engineering service; cancellation of insurance.—The State Board of Education is authorized and empowered to maintain an inspection and engineering service deemed by it appropriate and necessary to reduce the hazards of fire in public school buildings insured in "the Fund" as hereinbefore provided, and to expend for such purpose not in excess of ten percent (10%) of the annual premiums collected from the local school authorities. The State Board of Education is hereby authorized and empowered to cancel any insurance on any school property when, in its opinion, because of dilapidation and depreciation such property is no longer insurable. Before cancellation, the local school board shall be given at least thirty (30) days' notice, and in the event said property can be restored to insurable condition, the State Board of Education may make such orders with respect to the continuance of such coverage as may be deemed proper: Provided, that the findings and results of the inspection of local school property by the agents of the Board shall be reported to county and city boards of education and to the board of county commissioners of such units as carry insurance with the State thirty (30) days before budget making time in order that all school property shall be properly taken care of and made safe from fire hazards. (1955, c. 1372, art. 16, s. 8.)

SUBCHAPTER VII. EMPLOYEES.

Article 17.

Principals' and Teachers' Employment and Contracts.

§ 115-142. Contracts of principals and teachers terminated at end of 1954-1955 term; employment thereafter.—(a) The contracts of all principals and teachers now employed in the public schools of North Carolina are hereby terminated as of the end of the school term 1954-1955. County and city superintendents shall give each principal and teacher notice by mail of the termination of his contract, but the failure to give such notice shall not have the effect of continuing in force the contract of any principal or teacher beyond the end of the 1954-1955 school term.

(b) Any teacher or principal desiring election as teacher or principal in a particular administrative unit shall file his or her application in writing with the county or city superintendent of such unit. The application shall state the name and number of the certificate held, when the certificate expires, experience in teaching, if any, and the administrative unit in which the applicant last taught. It shall be the duty of all county and city boards of education to cause written contracts on forms to be furnished by the State Superintendent of Public Instruc-
§ 115-143. Health certificate required for teachers and other school personnel.—Any person serving as county superintendent, city superintendent, supervisor, district principal, building principal, teacher, or any other employee in the public schools of the State, shall file in the office of the county or city superintendent each year, before assuming his or her duties, a certificate from the county physician, local health director, or other reputable physician, certifying that the said person does not have tuberculosis in the communicable form, or other communicable disease, or any disease, physical or mental, which would impair the ability of the said person to perform effectively his or her duties.

The examining physician shall make the aforesaid certificate on an examination form supplied by the State Superintendent of Public Instruction. The certificate shall be issued only after a physical examination has been made at the time of the certification, and such examination shall be in accordance with rules and regulations adopted by the State Superintendent of Public Instruction, with approval of the State Health Director, and such rules and regulations may include the requirement of an X-ray chest examination.

It shall be the duty of the county or city superintendent of the school in which the person is employed to enforce the provisions of this section.

Any person violating any of the provisions of this section shall be guilty of a misdemeanor and subject to a fine or imprisonment in the discretion of the court. (1955, c. 1372, art. 17, s. 1; 1957, c. 1357, ss. 2, 14.)

§ 115-144. Resignation of supervisor, principal or teacher.—After entering into a written contract, any teacher, principal, or supervisor desiring to resign or abrogate his contract must give not less than thirty days' notice in writing to the county or city superintendent by whom employed. In the event the resignation is submitted within less than thirty days prior to the opening of school, or if there is evidence that the contract has been wilfully breached, the employing authorities shall have authority to request the State Superintendent of Public Instruction, in his discretion, to revoke the employee's certificate for a period of one year. (1955, c. 1372, art. 17, s. 2.)

§ 115-145. Removal of principals and teachers; revocation of certificate.—The county and city boards of education and district committees, with the approval of the superintendent, may dismiss a principal or teacher for immoral or disreputable conduct or for failure to comply with the provisions of the contract. The superintendent of schools, with the approval of the committee or the board of education, has authority and it is his duty to dismiss a principal or teacher who has proven himself incompetent, or who wilfully refuses to discharge the duties of a public school principal or teacher, or who may be persistently neglectful of such duties. However, no principal or teacher shall be dis-
§ 115-146. Duties of teachers generally; principals and teachers may use reasonable force in exercising lawful authority.—It shall be the duty of all teachers to maintain good order and discipline in their respective schools; to encourage temperance, morality, industry, and neatness; to promote the health of all pupils, especially of children in the first three grades, by providing frequent periods of recreation, to supervise the play activities during recess, and to encourage wholesome exercises for all children; to teach as thoroughly as they are able all branches which they are required to teach; to provide for singing in the school, and so far as possible to give instruction in the public school music; and to enter actively into the plans of the superintendent for the professional growth of the teachers. Teachers shall cooperate with the principal in ascertaining the cause of nonattendance of pupils that he may report all violators of the compulsory attendance law to the attendance officer in accordance with rules promulgated by the State Board of Education.

Principals and teachers in the public schools of this State may use reasonable force in the exercise of lawful authority to restrain or correct pupils and maintain order. No county or city board of education or district committee shall promulgate or continue in effect a rule, regulation or bylaw which prohibits the use of such force as is specified in this section. (1955, c. 1372, art. 17, s. 4; 1959, c. 1016.)

§ 115-147. Power to suspend or dismiss pupils.—The principal of a school shall have authority to suspend or dismiss any pupil who wilfully and persistently violates the rules of the school or who may be guilty of immoral or disreputable conduct, or who may be a menace to the school: Provided, any suspension or dismissal in excess of ten school days and any suspension or dismissal denying a pupil the right to attend school during the last ten school days of the school year shall be subject to the approval of the county or city superintendent. Every suspension or dismissal for cause shall be reported at once to the superintendent and to the attendance counselor, who shall investigate the cause and deal with the offender in accordance with rules governing the attendance of children.
§ 115-148. Duty to make reports to superintendent; making false reports or records.—Every principal or teacher of a public school shall make such reports as are required by the boards of education, and the superintendent shall not approve the vouchers for the pay of principals or teachers until the required monthly and annual reports are made: Provided, that the superintendents may require teachers to make reports to the principals and principals to make reports to the superintendent: Provided further, that any superintendent, principal, teacher or other school employee of the public schools, who knowingly and willfully makes or procures another to make any false report or records, requisitions, or payrolls, respecting daily attendance of pupils in the public schools, payroll data sheets, or other reports required to be made to any board or officer in the performance of their duties, shall be guilty of a misdemeanor and upon conviction shall be fined or imprisoned in the discretion of the court and the certificate of such person to teach in the public schools of North Carolina shall be revoked by the State Superintendent of Public Instruction.

When the governing board of any county or city administrative school unit shall have information that inaccurate school attendance records are being kept, the board concerned shall immediately investigate such inaccuracies and take necessary action to establish and maintain correct records and report its findings and action to the State Board of Education.

When it shall be found by the State Board of Education that inaccurate attendance records have been filed with the State Board of Education which resulted in an excess allotment of funds for teachers’ salaries in any school unit in any school year, the school unit concerned may be required to refund to the State Board the amount allotted to said unit in excess of the amount an accurate attendance record would have justified. (1955, c. 1372, art. 17, s. 6; 1959, c. 1294.)

Principal’s Duty to Keep Superintendent and Board Informed.—It is the duty of the principal to keep the superintendent and, through the superintendent, the board of education, informed about all phases of school operations. Johnson v. Gray, 263 N.C. 507, 139 S.E.2d 551 (1965).

Reports Qualifiedly Privileged.—The reports a principal makes in the performance of his duties are qualifiedly privileged. Johnson v. Gray, 263 N.C. 507, 139 S.E.2d 551 (1965).

§ 115-149. Care of school building.—It shall be the duty of every teacher and principal in charge of school buildings to instruct the children in the proper care of public property, and it is their duty to exercise due care in the protection of school property against damage, either by defacement of the walls and doors or any breakage on the part of the pupils, and if they shall fail to exercise a reasonable care in the protection of property during the day, they may be held financially responsible for all such damage, and if the damage is due to carelessness or negligence on the part of the teachers or principal, the superintendent may hold those in charge of the building responsible for the damage, and if it is not repaired before the close of a term, a sufficient amount may be deducted from their final vouchers to repair the damage for which they are responsible.

If any child in school shall carelessly or wilfully damage school property, the teacher or principal shall report the damage to the parent, and if the parent refuses to pay the cost of repairing the same, the teacher or principal shall report the offense to the superintendent of schools.
§ 115-150. Authority and duty of principal generally.—The principal shall have authority to grade and classify pupils and exercise discipline over the pupils of the school. The principal shall make all reports to the county or city superintendent and give suggestions to teachers for the improvement of instruction. It shall be the duty of each teacher in a school to cooperate with the principal in every way possible to promote good teaching in the school and a progressive community spirit among its patrons.

It shall be the duty of the principal to conduct a fire drill during the first week after the opening of school and thereafter at least one fire drill each school month, in each building in his charge, where children are assembled. Fire drills shall include all pupils and school employees, and the use of various ways of egress to simulate evacuation of said buildings under various conditions, and such other regulations as shall be prescribed for fire safety by the Commissioner of Insurance, the Superintendent of Public Instruction and the State Board of Education. A copy of such regulations shall be kept posted on the bulletin board in each building.

It shall be the duty of each principal to inspect each of the buildings in his charge at least twice each month during the regular school session. This inspection shall include cafeterias, gymnasiums, boiler rooms, storage rooms, auditoriums and stage area as well as all class rooms. This inspection shall be for the purpose of keeping the buildings safe from the accumulation of trash and other fire hazards.

It shall be the duty of the principal to file a written report once each month during the regular school session with his local school committee, and two copies of this report with the superintendent of his administrative unit, one copy of which shall be transmitted by the superintendent to the chairman of the county or city board of education. This report shall state the date the last fire drill was held, the time consumed in evacuating each building, that the inspection has been made as prescribed by law and such other information as is deemed necessary for fire safety by the Commissioner of Insurance, the Superintendent of Public Instruction and the State Board of Education. (1955, c. 1372, art. 17, s. 8; 1957, c. 573, s. 13; 1965, c. 584, s. 15.)

Editor's Note.—The 1965 amendment re-wrote the first paragraph. By virtue of Session Laws 1943, c. 170, "Commissioner of Insurance" has been substituted for "Insurance Commissioner."

§ 115-150.1. Duty of principal regarding fire hazards.—The principal of every public school in the State shall have the following duties regarding fire hazards during periods when he is in control of a school:

(1) Every principal shall make certain that all corridors, halls, and tower stairways which are used for exits shall always be kept clear and that nothing shall be permitted to be stored or kept in corridors or halls, or in, on or under stairways that could in any way interfere with the orderly exodus of occupants. The principal shall make certain that all doors used for exits shall be kept in good working condition. During the occupancy of the building or any portion thereof by the public or for school purposes, the principal shall make certain that all doors necessary for prompt and orderly exodus of the occupants are kept unlocked.

(2) Every principal shall make certain that no electrical wiring shall be installed within any school building or structure or upon the premises and that no alteration or addition shall be made in any existing wir-
§ 115-150.2. **Inspection of schools for fire hazards; reports; rules and regulations; removal or correction of hazard.**—Every public school building in the State shall be inspected every four months in accordance with the following plan: Provided, that the periodic inspections herein required shall be at least 90 days apart:

1. Each school building shall be inspected to make certain that none of the fire hazards enumerated in subdivisions (1), (3), (4) and (5) of G.S. 115-150.1 exist, and to insure that all heating, mechanical electrical, gas, and other equipment and appliances are properly installed and maintained in a safe and serviceable manner as prescribed by the North Carolina Building Code. Following each inspection, the person or persons making the inspection shall furnish to the principal of the school a written report of conditions found during inspection, upon forms furnished by the Commissioner of Insurance, and the person or persons making the inspection shall also furnish a copy of the report to the superintendent of schools; the superintendent shall keep such copy on file for a period of three years. In addition to the periodic inspections herein required, any alterations or additions to existing school buildings or to school building utilities or appliances shall be inspected immediately following completion.

2. The board of county commissioners of each county shall designate the person or persons to make the inspections and reports required by subdivision (1) of this section. The board may designate any city or county building inspector, any city or county fire prevention bureau, any city or county electrical inspector, the county fire marshal, or any other qualified person or persons, but no person shall make any electrical inspection unless he shall be qualified as required by G.S. 160-122. Nothing in G.S. 115-150.1 to 115-150.3 shall be construed as prohibiting two or more counties from designating the same person or persons to make the inspections and reports required by subdivision (1) of this section. The board of county commis-
§ 115-150.3. Liability for failure to perform duties imposed by §§ 115-150 to 115-150.2.—Any person wilfully failing to perform any of the duties imposed by G.S. 115-150, 115-150.1 or 115-150.2, shall be guilty of a misdemeanor and shall be fined not more than five hundred dollars ($500.00) in the discretion of the court. (1957, c. 844; 1959, c. 573, s. 14.)

§ 115-151. Salary increments for experience to teachers, principals and superintendents in armed and auxiliary forces.—The State Board of Education, in fixing the State standard salary schedule of teachers, principals and superintendents as authorized by law, shall provide that teachers, principals and superintendents who entered the armed or auxiliary forces of the United States after September sixteenth, one thousand nine hundred and forty, and who left their positions for such service, shall be allowed experience increments for the period of such service as though the same had not been interrupted thereby, in the event such persons return to the position of teachers, principals, or superintendents in the public schools of the State after having been honorably discharged from the armed or auxiliary forces of the United States. (1955, c. 1372, art. 17, s. 9.)
§ 115-152. Certificate prerequisite to employment.—All teachers, supervisors and other professional personnel employed in the public schools of the State, or in schools receiving public funds, shall be required to hold certificates in accordance with the law, and no contract for employment shall be valid until the certificate is secured: Provided, that nothing herein shall prevent the employment of temporary personnel under such rules as the State Board of Education may prescribe: Provided, further, that no person shall be employed to teach who is under eighteen years of age. (1955, c. 1372, art. 18, s. 1.)

§ 115-153. Certifying and regulating the grade and salary of teachers; furnishing to county or city boards available personnel information.—The State Board of Education shall have entire control of certificating all applicants for teaching, supervisory, and professional positions in all public elementary and high schools of North Carolina; and it shall prescribe the rules and regulations for the renewal and extension of all certificates, and shall determine and fix the salary for each grade and type of certificate which it authorizes.

Upon request the State Board of Education and the State Department of Public Instruction shall furnish to any county or city board of education any and all available personnel information relating to certification, evaluation and qualification including, but not limited to, semester hours or quarterly hours completed, graduate work, grades, scores, etc., that are on that date in the files of the State Board of Education or Department of Public Instruction. Editor's Note.—The 1965 amendment added the second paragraph.

§ 115-153.1. Authority of county and city boards of education to purchase annuity contracts for employees.—Notwithstanding the provisions of this chapter for the adoption of State and local salary schedules for the pay of teachers, principals, superintendents, and other school employees, county and city boards of education may enter into annual contracts with any employee of such board which provide for a reduction in salary below the total established compensation or salary schedule for a term of one (1) year. The county or city board of education shall use the funds derived from the reduction in the salary of the employee to purchase a nonforfeitable annuity contract for the benefit of said employee. An employee who has agreed to a salary reduction for this purpose shall not have the right to receive the amount of the salary reduction in cash or in any other way except the annuity contract. Funds used by the county and city boards of education for the purchase of an annuity contract shall not be in lieu of any amount earned by the employee before his election for a salary reduction has become effective.

The agreement for salary reductions referred to herein shall be effected under any necessary regulations and procedures adopted by the State Board of Education and on forms prepared by the State Board of Education.

Notwithstanding any other provisions of this section, the amount by which the salary of any employee is reduced pursuant to this section shall not be excluded, but shall be included, in computing and making payroll deductions for social security and retirement system purposes, and in computing and providing matching funds for retirement system purposes. (1963, c. 582.)

§ 115-154. Local approval of certificate required.—No certificate issued by the board shall be valid until approved and signed by the superintendent of the administrative unit in which the holder of said certificate resides, or con-
tract to teach, and the certificate when so approved shall be of state-wide validity. Should any superintendent refuse to approve and sign any such certificate, he shall notify the State Board of Education and state in writing the reasons for such refusal. The said Board shall have the right, upon appeal by the holder of said certificate, to review and investigate and finally determine the matter. (1955, c. 1372, art. 18, s. 3.)

§ 115-155. Employment of persons without certificate unlawful; salaries not paid.—It shall be unlawful for any board of education or school committee to employ or to keep in service any teacher, supervisor, or other professional school personnel who does not hold a certificate in compliance with the provisions of law or in accordance with the regulations of the State Board of Education governing emergency substituted personnel.

The county or city superintendent, or other official, is forbidden to approve any voucher for salary for any personnel employed in violation of the provisions of this section and the treasurer of the county or of the city schools is hereby forbidden to pay out of the school funds the salary of any such person. (1955, c. 1372, art. 18, s. 4.)

§ 115-156. Colleges to aid as to certificates.—Each and every college or university of the State is hereby authorized to aid public school teachers or prospective teachers in securing, raising, or renewing their certificates, in accordance with the rules and regulations of the State Board of Education. (1955, c. 1372, art. 18, s. 5.)

§ 115-157. Pay of school officials and other employees. — Teachers and principals shall be paid promptly when their salaries are due, provided they have been properly elected, have executed their contracts, and deposited a copy of the same with their respective boards of education, and have taught a school month of twenty days, or for a less number of days when their employment is terminating. All such teachers and principals employed by any administrative unit or any school district, who are to be paid from local funds, shall be paid promptly as provided by law and as State allotted teachers and principals are paid.

Public school employees paid from State funds shall be paid as follows:

Salary vouchers for the payment of all State allotted teachers, principals, and others employed for the school term shall be issued each month to such persons as are entitled to same. The salaries of superintendents and others employed on an annual basis shall be paid per calendar month: Provided, that teachers may be paid in twelve equal monthly installments in such administrative units as shall request the same of the State Board of Education on or before October first of each school year. Before such request shall be filed, it shall be approved by the board of education, the superintendent, and a majority of the teachers in said administrative unit. The payment of the annual salary in twelve installments instead of nine shall not increase or decrease said annual salary nor in any other way alter the contract made between the teacher and the said administrative unit; nor shall such payment apply to any teacher who is employed for a period of less than nine months. Classified principals in the public schools of the State shall be employed for a term of ten (10) months and shall be paid on the basis of ten (10) months' service: Provided, that the State Board of Education may in its discretion and under such rules and regulations as it may prescribe, provide for the payment of the salaries of classified principals and supervisors in twelve equal monthly installments in such administrative units as shall request the same.

The State Board of Education is authorized to prescribe what portion of said extra month shall apply to services rendered before the opening of the school term and after the closing of the school year and to fix and regulate the duties of principals during said extra month.
§ 115-158. Authority of superintendent to issue salary vouchers. — The authority for a superintendent to issue vouchers for the salary of all school employees, whether paid from State or local funds, shall be a monthly payroll, prepared on forms furnished by the State Board of Education and containing all information required by the controller of the State Board of Education. This monthly payroll shall be signed by the principal of the school. If any voucher so drawn is chargeable against district funds, the amount so charged and the district to which said amount is charged shall be specified on the voucher. No deductions shall be made from salaries of teachers of vocational agriculture and home economics whose salaries are paid in part from State and federal vocational funds while in attendance upon community, county and State meetings called for the specific purpose of promoting the agricultural interests of North Carolina, when such attendance is approved by the superintendent of the administrative unit and the State Director of Vocational Education. (1965, c. 504; 1966, c. 116.)

Editor's Note.—The 1963 amendment deleted “in city administrative units, and in county administrative units by the principal and the chairman of the local committee” at the end of the second sentence.

§ 115-159. Cashing vouchers and payment of sums due on death of school employees. — In the event of the death of any superintendent, teacher, principal, or other school employee, to whom payment is due for or in connection with services rendered by such person or to whom has been issued any uncashed voucher for or in connection with services rendered, when there is no administration upon the estate of such person, such voucher may be cashed by the clerk of the superior court of the county in which such deceased person resided, or a voucher due for such services may be made payable to such clerk, who will treat
§ 115-160. Workmen's Compensation Act applicable to school employees. — The provisions of the Workmen's Compensation Act shall be applicable to all school employees, and the State Board of Education shall make such arrangements as are necessary to carry out the provisions of the Workmen's Compensation Act as are applicable to such employees as are paid from State school funds. Liability of the State for compensation shall be confined to school employees paid by the State from State school funds for injuries or death caused by accident arising out of and in the course of their employment in connection with the State operated nine months' school term. The State shall be liable for said compensation on the basis of the average weekly wage of such employees as defined in the Workmen's Compensation Act, whether all of said compensation for the nine months' school term is paid from State funds or in part supplemented by local funds. The State shall also be liable for workmen's compensation for all school employees employed in connection with the teaching of vocational agriculture, home economics, trades and industries, and other vocational subjects, supported in part by State and federal funds, which liability shall cover the entire period of service of such employees. The county and city administrative units shall be liable for workmen's compensation for school employees, including lunchroom employees, whose salaries or wages are paid by such local units from local or special funds. Such local units are authorized and empowered to provide insurance to cover such compensation liability and to include the cost of such insurance in their annual budgets.

The provisions of this section shall not apply to any person, firm or corporation making voluntary contributions to schools for any purpose, and such person, firm or corporation shall not be liable for the payment of any sum of money under this subchapter. (1955, c. 1372, art. 18, s. 9.)

The expression “arising out of and in the course of their employment,” as used in this section, carries the same meaning and calls for the same interpretation and application as does the similar expression appearing in the text of the Workmen's Compensation Act, § 97-2, subdivision (6). Payroll Savings Plan for Purchase of United States Bonds.

§ 115-160.1. Authority of administrative school unit to establish plan. — The State Board of Education may authorize any county or city administrative school unit within the State to establish a voluntary payroll deduction plan for the purchase of United States Savings Bonds by the employees of such county or city administrative unit, and to set up the necessary machinery for carrying out the purposes of this article. (1957, c. 751, s. 1.)

§ 115-160.2. Agreement between employee and board of education. — Any employee of any county or city administrative school unit within the State may enter into a written agreement with the county or city board of education by which he is employed and which has adopted such payroll savings plan
to authorize deductions from his salary of certain designated sums to be invested in United States Savings Bonds of the kind and type specified in such agreement. (1957, c. 751, s. 2.)

§ 115-160.3. Payroll deductions and investment in United States Savings Bonds. — Upon execution of such agreement by an employee of any county or city administrative school unit the county or city board of education employing such person is authorized and empowered to deduct the sum specified in said agreement from the weekly or monthly salary of such employee and to show deductions on all payrolls in a manner similar to that in which withholding tax and retirement are shown. Such sums shall be deposited monthly with a depository authorized by the United States Treasury Department. The sums so deposited shall be held by the depository until sufficient moneys have accumulated to the credit of each individual sufficient to purchase a bond, and such sums shall be invested in United States Savings Bonds for and on behalf of such employee, and the bonds shall be delivered to the employee as soon as practicable. Provided that no coercion shall be exercised to require any person to participate in such plan. (1957, c. 751, s. 3.)

§ 115-160.4. Cancellation of agreement; refund to employee. — Such agreement may be cancelled by the employee executing the same by giving written notice to the county or city superintendent of schools who is ex officio secretary to the county or city board of education, not later than the 15th day of the month in which he desires such agreement to be terminated; and the county or city board of education may cancel any agreement herein provided for upon giving ten (10) days' written notice to the affected employee. Upon the termination of the agreement, the depository is hereby authorized and directed to refund any amount of money held for such employee. (1957, c. 751, s. 4.)

ARTICLE 19.

Census, Admissions and Attendance.

§ 115-161. Continuous school census. — The State Board of Education shall adopt such rules and regulations as may be necessary for taking a complete census of the school population and for installing and keeping in the office of the county and city superintendent in each school administrative unit of the State a continuous census of the school population. The cost of taking and keeping the census shall be included in the budget and shall be paid out of the current expense fund. If any parent, guardian, or other person having the custody of a child, refuses to give any properly authorized census taker the necessary information to enable such person to obtain an accurate and correct census, or shall knowingly and wilfully make any false statement relative to the age or the mental or physical condition of any child, he shall be deemed guilty of a misdemeanor and upon conviction shall be fined not to exceed twenty-five dollars ($25.00) or imprisoned not to exceed thirty days, in the discretion of the court. (1955, c. 1372, art. 19, s. 1.)

§ 115-162. Age requirement and time of enrollment. — Children to be entitled to enrollment in the public schools for the school year 1955-1956, and each year thereafter, must have passed the sixth anniversary of their birth before October first of the year in which they enroll, and must enroll during the first month of the school year: Provided, that if a particular child has already been attending school in another state in accordance with the laws or regulations
of the school authorities of such state before moving to and becoming a resident of North Carolina, such child will be eligible for enrollment in the schools of this State regardless of whether such child has passed the sixth anniversary of his birth before October first. The State Board of Education is hereby authorized and empowered, in its discretion, to change the above dates of October first. The principal of any public school shall have the authority to require the parents of any child presented for admission for the first time to such school to furnish a certified copy of the birth certificate of such child, which shall be furnished without charge by the register of deeds of the county having on file the record of the birth of such child, or other satisfactory evidence of date of birth. (1955, c. 1372, art. 19, s. 2.)

§ 115-163. Pupils residing in school district shall have advantages of public schools.—All pupils residing in a school district or attendance area, and who have not been removed from school for cause, shall be entitled to all the privileges and advantages of the public schools of such district or attendance area in such school buildings to which they are assigned by county and city boards of education: Provided, that wherever pupils from nontax units, districts, or attendance areas, are assigned to a school in a tax unit, district, or attendance area, the assignment shall be for only the current school year, unless satisfactory agreements are reached between all units, districts, or attendance areas concerned: Provided, further, that pupils residing in one administrative unit may be assigned either with or without the payment of tuition to a school located in another administrative unit upon such terms and conditions as may be agreed in writing between the boards of education of the administrative units involved and entered upon the official records of such boards: Provided, further, that the assignment of pupils living in one administrative unit or district to a school located in another administrative unit or district, either with or without the payment of tuition, shall have no effect upon the right of the administrative unit or district to which said pupils are assigned to levy and collect any supplemental tax heretofore or hereafter voted in such administrative unit or district: Provided, further, the boards of education of adjacent administrative units may operate schools in adjacent units upon written agreements between the respective boards of education and approval by the county commissioners and the State Board of Education.

Unless otherwise assigned by the county or city board of education, the following pupils are entitled to attend the schools in the district or attendance area in which they reside:

(1) All pupils of the district or attendance area who have not completed the prescribed course for graduation in the high school.

(2) All pupils whose parents have recently moved into the unit, district, or attendance area for the purpose of making their legal residence in the same.

(3) Any pupil or pupils living with either father, mother or guardian who has made his or her permanent home within the district. (1955, c. 1372, art. 19, s. 3.)

State Board No Longer Has Authority to Assign Children from One Unit to Another.—By virtue of the comprehensive rewriting of this chapter by c. 1372, Sess. Laws of 1955, the State Board no longer has the authority formerly vested in it to assign children from one administrative unit or district to another for the school term. In re Assignment of School Children, 242 N.C. 500, 87 S.E.2d 911 (1955).

§ 115-164. Children at orphanages permitted to attend public schools.—Children living in and cared for and supported by an institution established or incorporated for the purpose of rearing and caring for orphan children shall be considered legal residents of the administrative unit in which the institution is located, and a part or all of said orphan children shall be permitted to attend the public school or schools of their administrative unit: Provided, that
the provisions of this section shall be permissive only, and shall not be mandatory. (1955, c. 1372, art. 19, s. 4.)

Purpose of Trust Not Affected by Section.—A trust fund created by will for the purpose of educating through high school a girl inmate of an orphan asylum to be chosen by the board of trustees from time to time did not fall into the residuary clause for failure of the purpose of the trust on the ground that the State educated orphan children through high school without charge under the provisions of a statute similar to this section, since the statute made the payment for the education of the children in orphan asylums permissive only. Humphrey v. Board of Trustees, 203 N.C. 201, 165 S.E. 547 (1932).

§ 115-165. Children not entitled to attend public schools.—A child so severely afflicted by mental, emotional, or physical incapacity as to make it impossible for such child to profit by instruction given in the public schools shall not be permitted to attend the public schools of the State. In case such child is presented for enrollment in the public schools, it shall be the duty of the county or city superintendent of schools to make, or cause to be made by qualified psychologists and/or medical authorities, an examination to determine whether said child can profit by attending the public schools. Upon receipt of a report indicating that the child cannot profit from instruction given in the public schools the county or city superintendent of schools is hereby authorized to exclude said child from the public schools. In all such cases in which a child is excluded from schools, a complete record of the transaction shall be filed in the office of the county or city superintendent, the office of the county director of public welfare, and the office of the county health officer, and shall be available to all parties concerned. If the parent or guardian of such a child persists in forcing his attendance after such report has determined that the child should not attend the public schools, he shall be guilty of a misdemeanor and upon conviction shall be punished in the discretion of the court. (1955, c. 1372, art. 19, s. 5; 1961, c. 186; 1965, c. 584, s. 17.)

Editor's Note. — The 1965 amendment rewrote the section.

ARTICLE 20.

General Compulsory Attendance Law.

§ 115-166. Parent or guardian required to keep child in school; exceptions.—Every parent, guardian or other person in this State having charge or control of a child between the ages of seven and sixteen years shall cause such child to attend school continuously for a period equal to the time which the public school to which the child is assigned and in which he is enrolled shall be in session; provided, this requirement shall not apply with respect to any child when the board of education of the administrative unit in which the child resides finds that:

(1) Such child is now assigned against the wishes of his parent or guardian, or person standing in loco parentis to such child, to a public school attended by a child of another race and it is not reasonable and practicable to reassign such child to a public school not attended by a child of another race; and

(2) It is not reasonable and practicable for such child to attend a private nonsectarian school, as defined in article 35 of this chapter.

The principal, superintendent, or teacher who is in charge of such school shall have the right to excuse a child temporarily from attendance on account of sickness or other unavoidable cause which does not constitute unlawful absence as defined by the State Board of Education. The term "school" as used herein is defined to embrace all public schools and such nonpublic schools as have teachers and curricula that are approved by the county or city superintendent of schools or the State Board of Education.

All nonpublic schools receiving and instructing children of a compulsory school age shall be required to keep such records of attendance and render such reports
of the attendance of such children and maintain such minimum curriculum stand-
ards as are required of public schools; and attendance upon such schools, if the
school refuses or neglects to keep such records or to render such reports, shall not
be accepted in lieu of attendance upon the public school of the district to which the
child shall be assigned: Provided, that instruction in a nonpublic school shall not
be regarded as meeting the requirements of the law unless the courses of instruc-
tion run concurrently with the term of the public school in the district and extend
for at least as long a term. (1955, c. 1372, art. 20, s. 1; 1956, Ex. Sess., c. 5;
1963, c. 1223, s. 6.)

wrote the last two paragraphs.

islation, 1956, see 35 N.C.L. Rev. 1

(1956).

Indictment for Noncompliance.—For a

conviction of failure to keep children in

school it is necessary for the indictment
to allege, and the State offer evidence
tending to show, not only that the parent
or guardian of the children within the de-
scribed age had failed or refused to send
them to the public school within the dis-

trict, but also that such child or children
had not been sent to attend school periodi-
cally for a period equal to the time which
the public school in the district in which
they reside shall be in session. State v.
Johnson, 188 N.C. 591, 125 S.E. 183 (1924).

Where the indictment does not suf-
ciently allege the failure of the parent or
guardian to send the child to another than
the public school in the district, an amend-
ment may be allowed to cure the defect.
State v. Johnson, 188 N.C. 591, 125 S.E. 183 (1924).

An indictment charging a parent with un-

lawful and willfully failing to cause his
children, between the ages of 8 and 14
years, to attend the public schools of the
district of his and the children's residence,
is defective in not observing the distinc-
tion that the parent, having the custody of his
children, may have them attend private
schools for the required period, and no
conviction may be had under the charge
set out in the indictment. State v. Lewis,
194 N.C. 620, 140 S.E. 434 (1937).

Burden.—Where the indictment is de-

fective in failing to charge that a parent or
guardian had also failed to send the child
or children to another than the district
school, and the State offers no evidence in
respect to it, it is not required that the
parent or guardian offer evidence to show
that he had complied with the proviso of
the statute; and an instruction of the court
to the jury placing the burden upon the
defendant to so show, is reversible error.
State v. Johnson, 188 N.C. 591, 125 S.E.
183 (1924).

Parent Asserting Rights under Vaccina-
tion Statute.—Where it appeared that the
defendant did everything within his power
to keep his child in school, except to waive
what he believed to be his rights under §
130-93.1 (h), so long as the defendant, in
good faith, was asserting his rights as he
conceived them under the statute, he was
not subject to conviction under this section.

325 (1965).

§ 115-167. State Board of Education to make rules and regula-
tions; method of enforcement. — It shall be the duty of the State Board of
Education to formulate such rules and regulations as may be necessary for the
proper enforcement of the provisions of this article. The Board shall prescribe
what shall constitute unlawful absence, what causes may constitute legitimate ex-
cuses for temporary nonattendance due to physical or mental inability to attend,
and under what circumstances teachers, principals, or superintendents may excuse
pupils for nonattendance due to immediate demands of the farm or the home in
certain seasons of the year in the several sections of the State. It shall be the duty
of all school officials to carry out such instructions from the State Board of Educa-
tion, and any school official failing to carry out such instructions shall be guilty of
a misdemeanor: Provided, that the compulsory attendance law herein prescribed
shall not be in force in any city or county that has a higher compulsory attendance
feature than that provided herein. (1955, c. 1372, art. 20, s. 2; 1963, c. 1223, s. 7.)

Editor's Note. — The 1963 amendment
substituted "unlawful absence" for the
word "truancy" in the second sentence.
§ 115-168. Attendance counselors; reports; prosecutions. — The State Superintendent of Public Instruction shall prepare such rules and procedures and furnish such blanks for teachers and other school officials as may be necessary for reporting such case of unlawful absence or lack of attendance to the attendance counselor of the respective administrative units. Such rules shall provide, among other things, for a notification in writing, to the person responsible for the nonattendance of any child, that the case is to be reported to the attendance counselor of the administrative unit unless the law is complied with immediately. Upon recommendation of the superintendent, county and city boards of education may employ attendance counselors and such counselors shall have authority to report and verify on oath the necessary criminal warrants or other documents for the prosecutions of violations of this article: Provided, that school administrative units shall provide in their local operating budgets for travel and necessary office expense for such attendance counselors as may be employed through State and/or local funds. The State Board of Education shall determine the formula for allocating attendance counselors to the various county and city administrative units, establish their qualifications, and shall develop a salary schedule which shall be applicable to such personnel; provided that persons now employed by county and city boards of education as attendance officers shall be deemed qualified as attendance counselors under the terms of this article, subject to the approval of said county and city boards of education; provided further, that until qualified persons become available, county and city boards of education are hereby authorized to employ as attendance counselors persons not determined by the State Board of Education to be qualified under the terms of this article. (1955, c. 1372, art. 20, s. 3; 1957, c. 600; 1961, c. 186; 1963, c. 1223, s. 8.)

§ 115-169. Violation of law; penalty. — Any parent, guardian or other person violating the provisions of this article shall be guilty of a misdemeanor, and upon conviction shall be liable to a fine of not less than five dollars ($5.00), nor more than twenty-five dollars ($25.00), and upon failure to pay such fine, the said parent, guardian or other person shall be imprisoned not exceeding thirty days in the county jail. (1955, c. 1372, art. 20, s. 4.)

Local Modification. — Jackson: 1959, c. 94.

Imposition and Nonpayment of Fine Prerequisite to Prison Sentence. — Where there was nothing in the record tending to show that the court below had imposed a fine on defendant for failure to send his child to school, and by reason of his failure to pay such fine a prison sentence was imposed, a prison sentence imposed under this section was without sanction of law. State v. Miday, 263 N.C. 747, 140 S.E.2d 325 (1965).

§ 115-170. Investigation and prosecution by attendance counselor. — The school attendance counselor shall investigate all violators of the provisions of this article. The reports of unlawful absence required to be made by teachers and principals to the attendance counselor shall, in his hands, in case of any prosecution, constitute prima facie evidence of the violation of this article and the burden of proof shall be upon the defendant to show the lawful attendance of the child or children upon an authorized school. (1955, c. 1372, art. 20, s. 5; 1961, c. 186; 1963, c. 1223, s. 9.)

Editor’s Note. — The 1963 amendment deleted the former references to “county director of public welfare” and “truant officer provided by law.” It also substituted “counselor” for “officer” in the first and second sentences.

§ 115-171. Investigation as to indigency of child. — If affidavit shall be made by the parent of a child or by any other person that any child between the ages of seven and sixteen years is not able to attend school by reason of necessity to work or labor for the support of itself or the support of the family, then
§ 115-172. Deaf and blind children to attend school; age limits; minimum attendance. — Every deaf and every blind child of sound mind in North Carolina who shall be qualified for admission into a State school for the deaf or the blind shall attend a school for the deaf or the blind for a term of nine months each year between the ages of six and eighteen years. Parents, guardians, or custodians of every such blind or deaf child between the ages of six and eighteen years shall send, or cause to be sent, such child to some school for the instruction of the blind or deaf as herein provided: Provided, that the board of directors of any school for the blind or deaf may exempt any such child from attendance at any session or during any year, and may discharge from their custody any such blind or deaf child whenever such discharge seems necessary or proper. Whenever a blind or deaf child shall reach the age of eighteen years and still unable to become self-supporting because of his defects, such child shall continue in said school until he reaches the age of twenty-one, unless he becomes self-supporting sooner. (1955, c. 1372, art. 20, s. 7.)

§ 115-173. Parents, etc., failing to send deaf child to school guilty of misdemeanor; proviso. — The parents, guardians, or custodians of any deaf children between the ages of six and eighteen years failing to send such deaf child or children to some school for instruction, as provided herein, shall be guilty of a misdemeanor, and upon conviction shall be fined or imprisoned, at the discretion of the court, for each year said deaf child is kept out of school, between the ages herein provided: Provided, that this section shall not apply to or be enforced against the parent, guardian, or custodian of any deaf child until such time as the superintendent of any school for the instruction of the deaf, by and with the approval of the executive committee of such institution, shall in his and their discretion serve written notice on such parent, guardian, or custodian, directing that such child be sent to the institution whereof they have charge. (1955, c. 1372, art. 20, s. 8.)

§ 115-174. Parents, etc., failing to send blind child to school guilty of misdemeanor; provisos. — The parents, guardians, or custodians of any blind child or children between the ages of six and eighteen years failing to send such child or children to some school for the instruction of the blind shall be guilty of a misdemeanor, and upon conviction shall be fined or imprisoned, at the discretion of the court, for each year that such child or children shall be kept out of school between the ages specified; Provided,

(1) That this section not be enforced against the parents, guardians, or custodians of any blind child until such time as the authorities of some school for the instruction of the blind shall serve written notice on
§ 115-175. Superintendent to report defective children.—It shall be the duty of the county and city superintendents to report through proper legal channels, the names and addresses of parents, guardians, or custodians of deaf, mute, blind and feebleminded children to the principal of the institution provided for each. (1955, c. 1372, art. 20, s. 10.)

ARTICLE 20A.
Child Health Program.

§ 115-175.1. Expenditures. — Not less than ninety percent (90%) of the expenditures from the appropriation for each year to the State Board of Education under the Nine Months School Fund for the Child Health Program shall be expended through the Child Health Program of the State Board of Education for the diagnosis and correction of chronic, remediable physical defects of public school children, in the following manner:

(1) Upon discovery of a chronic, remediable defect, if it appears that the expenditure of school health funds will be required to provide spectacles, prosthesis, or other correction, the appropriate school official shall forthwith notify the county director of public welfare of the county in which the child resides. Thereupon, the director of public welfare shall make such investigation as necessary and only upon his certification of financial need shall funds be expended for this purpose: Provided, that in cases of minor dental defects involving expenditures not in excess of ten dollars ($10.00), school and health department personnel may determine financial need.

(2) Child Health Program funds as defined in this section shall be expended in accordance with a uniform state-wide schedule of fees and costs, and only to provide spectacles, prosthesis, and other correction of chronic, remediable defects of public school children: Provided, that an amount not in excess of ten percent (10%) of the appropriation for this program for each year may be expended for case finding, health education, and intensive follow-up services. (1961, c. 833, s. 15; 1965, c. 356.)

Editor's Note. — The 1965 amendment substituted “director” for “superintendent” in subdivision (1).

ARTICLE 21.
Assignment and Enrollment of Pupils.

§ 115-176. Authority to provide for assignment and enrollment of pupils; rules and regulations.—Each county and city board of education is hereby authorized and directed to provide for the assignment to a public school of each child residing within the administrative unit who is qualified under the laws of this State for admission to a public school. Except as otherwise provided in this article, the authority of each board of education in the matter of assignment of children to the public schools shall be full and complete, and its decision as to the assignment of any child to any school shall be final. A child residing in one administrative unit may be assigned either with or without the payment of tuition to a public school located in another administrative unit upon
such terms and conditions as may be agreed in writing between the boards of education of the administrative units involved and entered upon the official records of such boards. No child shall be enrolled in or permitted to attend any public school other than the public school to which the child has been assigned by the appropriate board of education. In exercising the authority conferred by this section, each county and city board of education shall make assignments of pupils to public schools so as to provide for the orderly and efficient administration of the public schools, and provide for the effective instruction, health, safety, and general welfare of the pupils. Each board of education may adopt such reasonable rules and regulations as in the opinion of the board are necessary in the administration of this article. (1955, c. 366, s. 1; 1956, Ex. Sess., c. 7, s. 1.)

Editor's Note. — For comment on this article, see 33 N.C.L. Rev. 552 (1955). For article on North Carolina school legislation, 1956, see 35 N.C.L. Rev. 1 (1956).

Constitutionality. — The standards set forth in § 115-177 as it stood before the 1956 amendment thereto, which standards were the same as those now set forth in the next to the last sentence of this section, were not on their face insufficient to sustain the exercise of the administrative power conferred. Carson v. Warlick, 238 F.2d 724 (4th Cir. 1956).

Authority for Assignment and Enrollment of Pupils Is Vested Solely in Local Boards. — While State officials are given broad general powers over the public school system, specific authority for the assignment and enrollment of pupils in all city and county administrative units throughout the State is vested solely in county and city boards of education. There is no provision giving the State officials any authority or control whatever over local school officials relating to the enrollment and assignment of pupils in the public schools. Jeffers v. Whitley, 165 F. Supp. 951 (M.D.N.C. 1958); McKissick v. Durham City Bd. of Educ., 176 F. Supp. 3 (M.D.N.C. 1959).

The duty to recognize the constitutional rights of pupils rests primarily upon the school board, and there it should be placed by an appropriate order of the court, for the United States district court has a secondary duty of enforcement of individual rights and of supervision of the steps taken by the school board to bring itself within the requirements of the law. Jeffers v. Whitley, 309 F.2d 621 (4th Cir. 1962).

Assumption That State Officials Will Obey Law. — Until there has been a failure of the administrative process, it should be assumed in a federal court that State officials will obey the law when their official action is properly invoked. Jeffers v. Whitley, 309 F.2d 621 (4th Cir. 1962).

Where the school board has represented to the court that standards and criteria of assignment will be applied without regard to the race of the applicant, until it can be demonstrated that this representation is false, there is no ground for complaint. Wheeler v. Durham City Bd. of Educ., 210 F. Supp. 839 (M.D.N.C. 1962).

When, however, administrators have displayed a firm purpose to circumvent the law, when they have consistently employed the administrative processes to frustrate enjoyment of legal rights, there is no longer room for indulgence of an assumption that the administrative proceedings provide an appropriate method by which recognition and enforcement of those rights may be obtained. Jeffers v. Whitley, 309 F.2d 621 (4th Cir. 1962).

Assignments on a racial basis are neither authorized nor contemplated by the permissive Pupil Enrollment Act. Jeffers v. Whitley, 309 F.2d 621 (4th Cir. 1962).

And Such Assignments Are Unconstitutional. — It is an unconstitutional administration of the North Carolina Pupil Enrollment Act to assign pupils to schools according to racial factors. Wheeler v. Durham City Bd. of Educ., 309 F.2d 630 (4th Cir. 1962).

Voluntary Separation of Races. — Though a voluntary separation of the races in schools is uncondemned by any provision of the Constitution, its legality is dependent upon the volition of each of the pupils. If a reasonable attempt to exercise a pupil's individual volition is thwarted by official coercion or compulsion, the organization of the schools, to that extent, comes into plain conflict with the constitutional requirement. Jeffers v. Whitley, 309 F.2d 621 (4th Cir. 1962).

If a voluntary system is to justify its name, it must, at reasonable intervals, offer to the pupils reasonable alternatives, so that, generally, those who wish to do so may attend a school with members of the

Dual System of Attendance Areas. — Where the school board maintained a dual system of attendance areas for elementary students based on race, the constitutional rights of negro applicants were offended. Wheeler v. Durham City Bd. of Educ., 196 F. Supp. 71 (M.D.N.C. 1961).

Even though in most instances a dual system of attendance areas resulted in children, both white and colored, being assigned to elementary schools nearest their homes, this did not remove the constitutional barrier against the maintenance of dual attendance areas, and negro plaintiffs were entitled to have such dual attendance areas abolished. Wheeler v. Durham City Bd. of Educ., 196 F. Supp. 71 (M.D.N.C. 1961).

Assignment to School outside Administrative Unit.—This section provides for assignment en masse upon the basis of residence to a school outside the administrative unit if the boards agree in writing, without notice, or the approval of the child or its parents, and without hearing, and no child shall be enrolled in or permitted to attend any other public school. In re Hayes, 261 N.C. 616, 135 S.E.2d 645 (1964).

Assignment of Pupils outside County of Their Residence.—Nowhere in this article is there any authority to assign pupils outside the county of their residence. The assignment by a county board of education of the plaintiffs to the schools in another county was without authority and of no effect. Plaintiffs have a legal right to the enjoyment of the opportunities in the county of their residence and the administrative board cannot justify requiring their resort to opportunities elsewhere. Griffith v. Board of Educ., 186 F. Supp. 511 (W.D.N.C. 1960).

Administrative Remedy Must Be Exhausted.—The administrative remedy provided by this article for persons who feel that they have not been assigned to the schools that they are entitled to attend must be exhausted before the federal courts will give relief. Carson v. Board of Educ., 227 F.2d 789 (4th Cir. 1955); Carson v. Warlick, 238 F.2d 724 (4th Cir. 1956); Holt v. Raleigh City Bd. of Educ., 164 F. Supp. 853 (E.D.N.C. 1958); Jeffers v. Whitley, 165 F. Supp. 951 (M.D.N.C. 1958); Covington v. Edwards, 264 F.2d 780 (4th Cir. 1959).

A contention that even if the Assignment and Enrollment of Pupils Act is constitutional it need not be complied with in the instant case because the provisions of the act were being unconstitutionally applied was completely untenable in view of the fact that there was no allegation that any of the plaintiffs ever sought to comply with the provisions of the act. Not until each of the plaintiffs had applied to the county board of education as individuals, and not as a class, for reassignment, and had failed to be given the relief sought, should the court be asked to interfere in school administration. Covington v. Edwards, 165 F. Supp. 957 (M.D.N.C. 1958).

The administrative remedies provided under this article must be exhausted before the courts of the United States will grant injunctive relief, and rights must be asserted as individuals, not as a class or group. McKissick v. Durham City Bd. of Educ., 176 F. Supp. 3 (M.D.N.C. 1959); Jeffers v. Whitley, 197 F. Supp. 84 (M.D.N.C. 1961), aff'd in part and rev'd in part in 309 F.2d 621 (4th Cir. 1962).

The fact that administrative remedies provided under the State statutes, if fairly administered, must be exhausted before courts of the United States will grant injunctive relief, and the fact that such rights must be asserted as individuals, and not as a class or group, is no longer subject to debate. Wheeler v. Durham City Bd. of Educ., 196 F. Supp. 71 (M.D.N.C. 1961).

The federal court is not authorized to act until the administrative remedies have been properly sought and it is shown that the statute is being unconstitutionally administered. After the hearing and final decision thereon, if one is not satisfied, and can show that he has been discriminated against because of his race, he may then apply to the federal court for relief. Morrow v. Mecklenburg County Bd. of Educ., 195 F. Supp. 109 (W.D.N.C. 1961).

Unless Such Remedy Perpetrates Discrimination. — When an administrative remedy respecting school assignments and transfers, however fair upon its face, has, in practice, been employed principally as a means of perpetration of discrimination and of denial of constitutionally protected rights, it is consistently held inadequate. A remedy so administered need not be exhausted or pursued before resort to the courts for enforcement of the protected rights. Jeffers v. Whitley, 309 F.2d 621 (4th Cir. 1962).

Hence, school boards are required to reasonably administer the assignment statutes if pupils are to be required to exhaust their administrative remedies under this article before applying to the courts for re-
§ 115-177. Methods of giving notice in making assignments of pupils.—In exercising the authority conferred by § 115-176, each county or city board of education may, in making assignments of pupils, give individual written notice of assignment, on each pupil's report card or by written notice by any other feasible means, to the parent or guardian of each child or the person standing in loco parentis to the child, or may give notice of assignment of groups or categories of pupils by publication at least two times in some newspaper having general circulation in the administrative unit. (1955, c. 366, s. 2; 1956, Ex. Sess., c. 7, s. 2.)

Good Faith Required. — Utmost good faith is required on the part of public officials and the court should never condone dilatory practices or schemes designed to deny any citizen of his constitutional rights. McKissick v. Durham City Bd. of Educ., 176 F. Supp. 3 (M.D.N.C. 1959).

And Reasonable Administration. — Although a school board technically complied with this section by giving notice of initial assignments by publication of notice two times in a local newspaper, but so late as to make it practically impossible for pupils desiring reassignment to pursue their administrative remedies prior to the opening of school, a reasonable administration is required if pupils are to be required to exhaust their administrative remedies before applying to the courts for relief. Wheeler v. Durham City Bd. of Educ., 196 F. Supp. 71 (M.D.N.C. 1961).

§ 115-178. Application for reassignment; notice of disapproval; hearing before board. — The parent or guardian of any child, or the person standing in loco parentis to any child, who is dissatisfied with the assignment made by a board of education may, within ten (10) days after notification of the assignment, or the last publication thereof, apply in writing to the board of education for the reassignment of the child to a different public school. Application for reassignment shall be made on forms prescribed by the board of education pursuant to rules and regulations adopted by the board of education. If the application for reassignment is disapproved, the board of education shall give notice to the applicant by registered mail, and the applicant may within five (5) days after receipt of such notice apply to the board for a hearing, and shall be entitled to a prompt and fair hearing on the question of reassignment of such child to a different school. A majority of the board shall be a quorum for the purpose of holding such hearing and passing upon application for reassignment, and the decision of a majority of the members present at the hearing shall be the decision of the board. If, at the hearing, the board shall find that the child is entitled to be reassigned to such school, or if the board shall find that the reassignment of the child to such school will be for the best interests of the child, and will not interfere with the proper administration of the school, or with the proper instruction of the pupils there enrolled, and will not endanger the health or safety of the children there enrolled, the board shall direct that the child be reassigned to and admitted to such school. The board shall render prompt decision upon the hearing, and notice of the decision shall be given to the applicant by registered mail. (1955, c. 366, s. 3; 1956, Ex. Sess., c. 7, s. 3.)

The combination of investigatory and quasi-judicial powers is established practice generally approved by the courts and subject to judicial review in case of abuse. In the operation of the public schools, such an arrangement is well-nigh essential and the North Carolina statute implies that both functions shall be exercised by the boards of education. Holt v. Raleigh City Bd. of Educ., 265 F.2d 95 (4th Cir. 1959), affirming 164 F. Supp. 853 (E.D.N.C. 1958).

The provisions of this section place the authority in the county boards of education to make the assignment and enrollment of pupils and contain no direction for the participation of the State Board of Education in these matters. A motion to amend the complaint to join these officials as additional defendants was denied in the instant case. Covington v. Edwards, 264 F.2d 780 (4th Cir. 1959).

Reassignment Is Made on Individual Basis.—Reassignment is in the nature of a special case and made on an individual student basis, upon the request of the parent. In re Hayes, 261 N.C. 616, 135 S.E.2d 645 (1964).

And Emphasis Is on Welfare of Child and Effect on School.—The statute places all emphasis on the welfare of the child and the effect upon the school to which reassignment is requested. In re Hayes, 261 N.C. 616, 135 S.E.2d 645 (1964).

Right to Apply for Reassignment Is Limited to Parent, Guardian or Person in Loco Parentis. — The language of this section is clear with respect to the right to apply for a reassignment. That right is limited to the parent, guardian, or person standing in loco parentis to the child seeking reassignment. Notice of the board’s decision must be given applicant or his parent. No notice is required to be given to the parents of other children; they are not parties to the hearing; they are not entitled to notice of the board’s decision. In re Application for Reassignment, 247 N.C. 413, 101 S.E.2d 359 (1958).

The provisions of this section authorize the parent to apply to the appropriate public school official for the enrollment of his child or children by name in any public school within the county or city administrative unit in which such child or children reside. But such parent is not authorized to apply for admission of any child or children other than his own unless he is the guardian of such child or children or stands in loco parentis to such child or children. Joyner v. McDowell County Bd. of Educ., 244 N.C. 164, 92 S.E.2d 795 (1956).

Criteria for Considering Applications for Transfer.—The courts have uniformly approved residence and academic preparedness as appropriate criteria for considering applications for transfer. A variety of other criteria would undoubtedly be appropriate in given situations, so long as such criteria
are not used in such a way as to deprive individuals of their constitutional rights. 

Failure of Parents and Child to Appear before Board for Interrogation.—A board of education, requested to transfer a child from one school to another, was clearly within its right before making its initial decision in requesting the child and his parents to appear for interrogation, and they on their part were clearly delinquent in refusing to attend and to furnish all relevant information in their possession. They were not justified in deferring their appearance until the “formal hearing” provided by this section for a review of an adverse decision, or on failing, even at that stage, to appear in person and submit to examination by members of the board. Thus they were not entitled to appeal for relief to the federal court, not having exhausted the remedies afforded them by the statutes of the State. Holt v. Raleigh City Bd. of Educ., 265 F.2d 95 (4th Cir. 1959).

Failure to Make Second Application Following Merger of Schools. — Where plaintiffs were assigned by the board to the school structure to which they sought admission, but a merger of two schools was followed in a few days by a series of actions whereby the newly integrated school was disintegrated without notice to the plaintiffs, their desire to attend an integrated school was completely frustrated and relief should not be denied on the ground that the plaintiffs have failed to make a second application to the board for reassignment after the merger of the two schools had taken place, nor should the plaintiffs be required again to pursue the administrative remedies without the aid of the court. McCoy v. Greensboro City Bd. of Educ., 283 F.2d 667 (4th Cir. 1960).

Separate Suit for Each Child Is Not Required.—The dismissal of a suit by several parents of school children on the ground that they had not exhausted their administrative remedies does not mean that there must be a separate suit for each child on whose behalf it is claimed that an application for reassignment has been improperly denied. There can be no objection to the joining of a number of applicants in the same suit as has been done in other cases. The county board of education, however, is entitled to consider each application on its individual merits, and if it is done without unnecessary delay and with scrupulous observance of individual constitutional rights, there will be no just cause for complaint. Covington v. Edwards, 264 F.2d 780 (4th Cir. 1959).

Exhaustion of State Remedies Required. — Persons aggrieved by the actions of the school officials of a state may not appeal for relief to the federal courts until they have exhausted the remedies afforded them by the statutes of the state. Holt v. Raleigh City Bd. of Educ., 265 F.2d 95 (4th Cir. 1959). See note to § 115-176.

Quoted in Carson v. Warlick, 238 F.2d 724 (4th Cir. 1956).

§ 115-179. Appeal from decision of board.—Any person aggrieved by the final order of the county or city board of education may at any time within ten (10) days from the date of such order appeal therefrom to the superior court of the county in which such administrative school unit or some part thereof is located. Upon such appeal, the matter shall be heard de novo in the superior court before a jury in the same manner as civil actions are tried and disposed of therein. The record on appeal to the superior court shall consist of a true copy of the application and decision of the board, duly certified by the secretary of such board. If the decision of the court be that the order of the county or city board of education shall be set aside, then the court shall enter its order so providing and adjudging that such child is entitled to attend the school as claimed by the appellant, or such other school as the court may find such child is entitled to attend, and in such case such child shall be admitted to such school by the county or city board of education concerned. From the judgment of the superior court an appeal may be taken by an interested party or by the board to the Supreme Court in the same manner as other appeals are taken from judgments of such court in civil actions. (1955, c. 366, s. 4.)
**Section 115-180.** Authority of county and city boards of education.—

Each county board of education, and each city board of education is hereby authorized, but is not required, to acquire, own and operate school buses for the transportation of pupils enrolled in the public schools of such county or city administrative unit and of persons employed in the operation of such schools within the limitations set forth in this subchapter. Each such board may operate such buses to and from such of the schools within the county or city administrative unit, and in such number, as the board shall from time to time find practicable and appropriate for the safe, orderly and efficient transportation of such pupils and employees to such schools. (1955, c. 1372, art. 21, s. 1.)

**State Board Relieved of Responsibility.**

—The General Assembly relieved the State Board of Education from all responsibility in connection with the operation and control of school buses in this State by the enactment of this article, which authorizes county and city boards of education to operate buses for the transportation of pupils enrolled in the public schools of such county or city administrative units.

SUBCHAPTER IX. SCHOOL TRANSPORTATION.

**Article 22.**

**School Buses.**

(115-180)

Transportation of School Bands and Athletic Teams. — While it is true that this article which governs the operation of school buses, makes no provision one way or the other for the transportation of athletic teams or school bands, it is equally true that school bands and athletic teams are under the control of the school authorities. Therefore the board controlling such activities would have the inherent right to contract for such transportation as might be necessary to transport its athletic teams and its bands to and from such events as have been scheduled under the supervision of school authorities. State ex rel. North Carolina Util. Comm'n v. McKinnon, 254 N.C. 134, 118 S.E.2d 134 (1961).

§ 115-181. Authority and duties of State Board of Education.— (a) The State Board of Education shall have no authority over or control of the transportation of pupils and employees upon any school bus owned and operated by any county or city board of education, except as provided in this subchapter.

(b) The State Board of Education shall be under no duty to supply transportation to any pupil or employee enrolled or employed in any school. Neither the State nor the State Board of Education shall in any manner be liable for the failure or refusal of any county or city board of education to furnish transportation, by school bus or otherwise, to any pupil or employee of any school, or for any neglect or action of any county or city board of education, or any employee of any such board, in the operation or maintenance of any school bus.

(c) The State Board of Education shall, as soon as may be practicable, allocate and assign all school buses and service vehicles now owned by the State to respective county and city boards of education in accordance with the present need of each such board for school bus transportation. Such need shall be determined by the State Board of Education from its records showing the number of state-owned buses and service vehicles presently being operated by such county or city administrative unit. Upon such assignment and allocation of such school buses and service vehicles the State Board of Education shall cause the title to each such bus or service vehicle to be transferred to the county board of education, or to the city board of education to which such bus or service vehicle has been so assigned and allocated.

(d) The State Board of Education shall from time to time adopt such rules and regulations with reference to the construction, equipment, color, and maintenance of school buses, the number of pupils who may be permitted to ride at the same time upon any bus, and the age and qualifications of drivers of school buses as it shall deem to be desirable for the purpose of promoting safety in the operation of school buses. No school bus shall be operated for the transportation of pupils unless such bus is constructed and maintained as prescribed in such regulations and is equipped with adequate heating facilities, a standard signaling device for giving due notice that the bus is about to make a turn, an alternating flashing stop light on the front of the bus, an alternating flashing stop light on the rear of the bus, and such other warning devices, fire protective equipment and first aid supplies as may be prescribed for installation upon such buses by the regulation of the State Board of Education.

(e) The State Board of Education shall, when requested so to do by any county or city board of education, but not otherwise, advise such county or city board with reference to the establishment and amendment of school bus routes, the acquisition and maintenance of school buses, or any other question which may arise in connection with the organization and operation of the school bus transportation system of such county or city board.

(f) The State Board of Education shall allocate to the respective county and city boards of education all funds appropriated from time to time by the General Assembly for the purpose of providing transportation to the pupils enrolled in the public schools within this State. All such funds shall be allocated by the State Board of Education in accordance with the number of pupils to be transported,
§ 115-181.1 Cu. 115. Education—School Buses § 115-183

the length of bus routes, road conditions and all other circumstances affecting the cost of the transportation of pupils by school bus to the end that the funds so appropriated may be allocated on a fair and equitable basis, according to the needs of the respective county and city administrative units and so as to provide the most efficient use of such funds. Such allocation shall be made by the State Board of Education at the beginning of each fiscal year, except that the State Board may reserve for future allocation from time to time within such fiscal year as the need therefor shall be found to exist, a reasonable amount not to exceed ten percent (10%) of the total funds available for transportation in such fiscal year from such appropriation.

(g) Upon such allocation by the State Board of Education, all funds so appropriated by the General Assembly shall be paid over to the respective county and city boards of education in accordance with such allocation in equal monthly installments throughout the regular school year: Provided, however, that upon the request of a county or city board of education, the State Board of Education may, in its discretion, pay over to the county or city board all or any part of any or all monthly installments prior to the time when the same would otherwise be payable. The respective county and city boards shall use such funds for the purposes of replacing, maintaining, insuring, and operating public school buses and service vehicles in accordance with the provisions of this subchapter, and for no other purpose, but in the making of expenditures for such purposes shall be subject to no control by the State Board of Education. § 115-182. Assignment of school buses to schools.—The superintendent of the schools of each county or city administrative unit which shall elect to operate a school bus transportation system, shall, prior to the commencement of each regular school year and subject to the approval of the county or city board of education, allocate and assign to the respective public schools within the jurisdiction of such county or city administrative unit the school buses which the county or city board shall own and direct to be operated during such school year. From time to time during such school year, subject to the directions of the county or city board of education, the superintendent may revise such allocation and assignment of school buses in accordance with the changing transportation needs and conditions at the respective schools of such county or city administrative unit, and may, pursuant to such revision, assign an additional bus or buses to a school or withdraw a bus or buses from a school in such county or city administrative unit. (1955, c. 1372, art. 21, s. 3.)

§ 115-183. Use and operation of school buses.—Public school buses may be used for the following purposes only, and it shall be the duty of the superintendent of the school of each county and city administrative unit to supervise the use of all school buses operated by such county or city administrative unit so as to assure and require compliance with this section:

1. A school bus may be used for the transportation of pupils enrolled in and employees in the operation of the school to which such bus is assigned by the superintendent of the schools of the county or city administrative unit. Except as otherwise herein provided, such transportation shall be limited to transportation to and from such school for the regularly organized school day, and from and to the points designated by
the principal of the school to which such bus is assigned, for the receiving and discharging of passengers. No pupil or employee shall be so transported upon any bus other than the bus to which such pupil or employee has been assigned pursuant to the provisions of this subchapter.

(2) In the case of illness or injury requiring immediate medical attention of any pupil or employee while such pupil or employee is present at the school in which such pupil is enrolled or such employee is employed, the principal of such school may, in his discretion, permit such pupil or employee to be transported by a school bus to a doctor or hospital for medical treatment, and may, in his discretion, permit such other person as he may select to accompany such pupil.

(3) The board of education of any county or city administrative unit may operate the school buses of such unit one day prior to the opening of the regular school term for the transportation of pupils and employees to and from the school to which such pupils are assigned or in which they are enrolled and such employees are employed, for the purposes of the registration of students, the organization of classes, the distribution of textbooks, and such other purposes as will, in the opinion of the superintendent of the schools of such unit, promote the efficient organization and operation of such public schools.

(4) A county school board or the school board of a city administrative unit, which elects to operate a school bus transportation system, shall not be required to provide transportation for any employee other than the driver of the bus, nor shall such board be required to provide transportation for any pupil living within one and one-half miles of the school in which such pupil is enrolled.

(5) The county or city board of education, under rules and regulations to be adopted by such board, may permit the use and operation of school buses for the transportation of pupils and teachers on necessary field trips to and from demonstration projects carried on in connection with courses in agriculture, home economics, and other vocational subjects; for the transportation of pupils and teachers to health clinics; and to concerts given by the North Carolina Symphony Orchestra; provided that under no circumstance shall the round-trip mileage for any one trip exceed 50 miles nor on any such trip shall a county or city-owned bus be taken out of the State of North Carolina. Under rules and regulations to be adopted by the board of education, school buses owned by said board may also be used for the evacuation of pupils and other school employees when such an evacuation is jointly authorized and directed by State and county or city civil defense directors; provided, the State Board of Education shall not be liable for operating costs nor for any compensation claims or tort claims incurred as a result of such an evacuation; provided further when buses are used for such civil defense purposes, the local civil defense agency in the area in which such evacuation tests are conducted shall be liable for operating costs and shall provide liability insurance for the full protection of the pupils and all school employees taking part in such evacuation tests and for all other compensation claims or tort claims incurred as a result of such evacuation. the schools of the county or city administrative unit embracing such school, shall assign to such bus or buses the pupils and employees who may be transported to and from such school upon such bus or buses. No pupil or employee shall be permitted to ride upon any school bus to which such pupil or employee has not been so assigned by the principal, except by the express direction of the principal.

(b) In the event that the superintendent of the schools of any county or city administrative unit shall assign a school bus to be used in the transportation of pupils to two or more schools, the superintendent shall designate the number of pupils to be transported to and from each such school by such bus, and the principals of the respective schools shall assign pupils to such buses in accordance with such designation.

(c) Any pupil enrolled in any school, or the parent or guardian of any such pupil, or the person standing in loco parentis to such pupil, may apply to the principal of such school for transportation to and from such school by school bus for the regularly organized school day. The principal thereupon shall assign such pupil to a school bus serving the bus route upon which such pupil lives, if any, and if such pupil is entitled to ride upon such bus in accordance with the provisions of this subchapter and the regulations of the State Board of Education herein provided for. Such assignment shall be made by the principal so as to provide for the orderly, safe and efficient transportation of pupils to such school and so as to promote the orderly and efficient administration of the school and the health, safety and general welfare of the pupils to be so transported. Assignments of pupils and employees to school buses may be changed by the principal of the school as he may from time to time find proper for the safe and efficient transportation of such pupils and employees.

(d) The parent or guardian of any pupil enrolled in any school, or the person standing in loco parentis to any such pupil, who shall apply to the principal of such school for the transportation of such pupil to and from such school by school bus, may, if such application is denied, or if such pupil is assigned to a school bus not satisfactory to such parent, guardian, or person standing in loco parentis to such pupil, pursuant to rules and regulations established by the county or city board of education, apply to such board for such transportation upon a school bus designated in such application, and shall be entitled to a prompt and fair hearing by such board in accordance with the rules and regulations established by it. The majority of such board shall be a quorum for the purpose of holding such hearing and passing upon such application, and the decision of the majority of the members present at such hearing shall be the decision of the board. If, at such hearing, the board shall find that pupil is entitled to be transported to and from such school upon the school bus designated in such application, or if the board shall find that the transportation of such pupil upon such bus to and from such school will be for the best interests of such pupil, will not interfere with the proper administration of such school, or with the safe and efficient transportation by school bus of other pupils enrolled in such school and will not endanger the health or safety of the children there enrolled, the board shall direct that such child be assigned to and transported to such school upon such bus.

(e) Any person aggrieved by the final order of the county or city board of education may at any time within ten (10) days from the date of such order appeal therefrom to the superior court of the county in which such administrative school unit or some part thereof is located. Upon such appeal, the matter shall be heard de novo in the superior court before a jury in the same manner as civil actions are tried and disposed of therein. The record on appeal to the superior court shall consist of a true copy of the application and decision of the board, duly certified by the secretary of such board. If the decision of the court be that the order of the county or city board of education shall be set aside, then the court shall enter its order so providing and adjudging that such child is entitled to be transported to and from such school upon the school bus designated in such application, and
in such case such child shall be assigned to such school bus by the county or city board of education concerned. From the judgment of the superior court an appeal may be taken by any interested party or by the board to the Supreme Court in the same manner as other appeals are taken from judgments of such court in civil actions.

(f) No employee shall be assigned to or permitted to ride upon a school bus when to do so will result in the overcrowding of such bus or will prevent the assignment to such bus of a pupil entitled to ride thereon, or will otherwise, in the opinion of the principal, be detrimental to the comfort or safety of the pupils assigned to such bus, or to the safe, efficient and proper operation of such bus. 

(1955, c. 1372, art. 21, s. 5.)

§ 115-185. School bus drivers; monitors.—(a) Each county or city school board, which elects to operate a school bus transportation system, shall employ the necessary drivers for such school buses. Such drivers shall possess all qualifications prescribed by the regulations of the State Board of Education herein provided for, but the selection and employment of each driver shall be made by the county or city board of education, and the driver shall be the employee of such county or city administrative unit. Each county or city board of education shall assign the bus drivers employed by it to the respective schools within the jurisdiction of such board, and the principal of each such school shall assign the drivers to the school buses to be driven by them. No school bus shall at any time be driven or operated by any person other than the bus driver assigned by such principal to such bus except by the express direction of such principal or in accordance with rules and regulations of the appropriate local board of education.

(b) The driver of a school bus subject to the direction of the principal shall have complete authority over and responsibility for the operation of the bus and the maintaining of good order and conduct upon such bus, and shall report promptly to the principal any misconduct upon such bus or disregard or violation of the driver's instructions by any person riding upon such bus. The principal may take such action with reference to any such misconduct upon a school bus, or any violation of the instructions of the driver, as he might take if such misconduct or violation had occurred upon the grounds of the school.

(c) The driver of any school bus shall permit no person to ride upon such bus except pupils or school employees assigned thereto or persons permitted by the express direction of the principal to ride thereon.

(d) The principal of a school, to which a school bus has been assigned, may, in his discretion, appoint a monitor for any bus so assigned to such school. It shall be the duty of such monitor, subject to the direction of the driver of the bus, to preserve order upon the bus and do such other things as may be appropriate for the safety of the pupils and employees assigned to such bus while boarding such bus, alighting therefrom or being transported thereon, and to require such pupils and employees to conform to the rules and regulations established by the county or city board of education for the safety of pupils and employees upon school buses. 

(1955, c. 1372, art. 21, s. 6.)

A report of such inspection, together with the recommendations of the person making the inspection, shall be filed promptly in the office of the superintendent of the schools of such county or city administrative unit, and a copy thereof shall be forwarded to the principal of the school to which such bus is assigned.

(b) It shall be the duty of the driver of each school bus to report promptly to the principal of the school, to which such bus is assigned, any mechanical defect or other defect which may affect the safe operation of the bus when such defect comes to the attention of the driver, and the principal shall thereupon report such (e) to read as it did prior to the 1963 amendment.

§ 115-188. Purchase and maintenance of school buses, materials and supplies.—(a) To the extent that the funds shall be made available to it for such purpose, a county board of education or a city board of education is authorized to purchase from time to time such additional school buses and service vehicles or replacements for school buses and service vehicles, as may be deemed by such board to be necessary for the safe and efficient transportation of pupils enrolled in the schools within such county or city administrative unit. Any school bus so purchased shall be constructed and equipped as prescribed by the provisions of this subchapter and by the regulations of the State Board of Education issued pursuant thereto.

(b) The tax levying authorities of any county are hereby authorized to make provision from time to time in the capital outlay budget of the county for the purchase of such school buses or service vehicles.

(c) Any funds appropriated from time to time by the General Assembly for the purchase of school buses or service vehicles shall be allocated by the State Board of Education to the respective county and city boards of education in accordance with the requirements of such boards as determined by the State Board of Education, and thereupon shall be paid over to the respective county and city boards of education in accordance with such allocation.

(d) The title to any additional or replacement school bus or service vehicle purchased pursuant to the provisions of this section, shall be taken in the name of the board of education of such county or city administrative unit, and such bus shall in all respects be maintained and operated pursuant to the provisions of this subchapter in the same manner as any other public school bus.

It shall be the duty of the tax levying authorities of such county to provide in its capital outlay budget for the construction or acquisition of such buildings and equipment as may be required for this purpose.

(f) In the event of the damage or destruction of any school bus or service vehicle by fire, collision, or otherwise, the board of education of the county or city administrative unit which shall own or operate such bus or service vehicle may apply to the State Board of Education for funds with which to replace it. If the State Board of Education finds that such bus or service vehicle has been destroyed or damaged to the extent that it cannot be made suitable for further use, and if the State Board of Education finds that the replacement of such bus or service vehicle is necessary in order to enable such county or city administrative unit to operate properly its school bus transportation system, the State Board of Education shall allot to the board of education of such county or city administrative unit from the funds now held by the State Board of Education for the replacement of school buses or service vehicles, or from funds hereafter appropriated by the General Assembly for that purpose, a sum sufficient to purchase a new school bus or service vehicle to be used as a replacement for such damaged or destroyed bus or service vehicle and upon such allocation such sum shall be paid over to or for the account of the board of education of such county or city administrative unit for such purpose.

(g) All school buses or service vehicles purchased by or for the account of any county or city board of education, except school buses or service vehicles purchased by such board from another county or city board of education of this State, shall be purchased through the Division of Purchase and Contract.

(h) Appropriations made in the biennial Budget Appropriation Act for the purchase of public school buses shall be permanent appropriations, and unexpended portions of those appropriations shall not revert to the general fund at the end of the biennium for which appropriated. Any unexpended portion of those appropriations shall at the end of each fiscal year be transferred to a reserve account and shall be held, together with any other funds appropriated for the purpose, for the purchase of public school buses. (1955, c. 1372, art. 21, s. 9; 1961, c. 833, s. 16.)

§ 115-189. Aid in lieu of transportation.—(a) When, by reason of road conditions or otherwise, any county or city board of education, which shall elect to operate a school bus transportation system, shall find it impracticable to furnish to a pupil transportation by school bus to the school in which such pupil is enrolled, or to which such pupil is assigned, the board may assign such pupil to such other school within such county or city administrative unit as the board shall deem advisable, unless the parent or guardian of such pupil or the person standing in loco parentis to such pupil, shall notify the principal of the school, in which such pupil is enrolled or to which such pupil is assigned, of the desire of such pupil to continue to attend such school without the benefit of transportation by school bus.

(b) In the event that any county or city board of education, which shall operate a system of school bus transportation, shall find it impracticable to furnish to a pupil such transportation to the school in which such pupil is enrolled, or to which such pupil is assigned, and if, as a result thereof, such pupil shall be required to obtain board and lodging at a place other than the residence of such pupil in order to attend a school, such board may, in its discretion, provide for the payment to the parent or guardian of such pupil of a sum not to exceed twenty-five dollars ($25.00) per month for each school month that such pupil shall so obtain board and lodging at a place other than the residence of the pupil for the purpose of attending a school. (1955, c. 1372, art. 21, s. 10.)
§ 115-190. Contracts for transportation.—Any county or city board of education may, in lieu of the operation by it of public school buses, enter into a contract with any person, firm or corporation for the transportation by such person, firm or corporation of pupils enrolled in the public schools of such county or city administrative unit for the same purposes for which such county or city administrative unit is authorized by this subchapter to operate public school buses. Any vehicle used by such person, firm or corporation for the transportation of such pupils shall be constructed and equipped as provided in this subchapter and in the regulations promulgated pursuant to this subchapter by the State Board of Education, and the driver of such vehicle shall possess all of the qualifications prescribed by such rules and regulations of the State Board of Education. In the event that any county or city board of education shall enter into such a contract, the board may use for such purposes any funds which it might use for the operation of school buses owned by the board, and the tax levying authorities of the county or of the city may provide in the county or city budget such additional funds as may be necessary to carry out such contracts. (1955, c. 1372, art. 21, s. 11.)

§ 115-190.1. Transportation continued for area annexed to municipality.—In each and every area of the State where school bus transportation of pupils to and from school is now being provided, such school transportation shall not be discontinued by any State or local governmental agency for the sole reason that the corporate limits of any municipality have been extended to include such area since February 6, 1957, and school bus transportation of pupils shall be continued in the same manner and to the same extent as if such area had not been included within the corporate limits of a municipality. (1957, c. 1375; 1963, c. 917; c. 990, s. 4; 1965, c. 1095, s. 4.)

Public school buses so furnished by any county or city administrative unit to the North Carolina State guard or the national guard shall be operated by members or employees of the State or national guard, and all expense of such operation, including any repair or replacement of any bus occasioned by such operation, shall be paid by the State from the appropriations available for the use of the State guard or the national guard. Responsibility of State Board of Education to supervise nonpublic schools; notice of intention to operate new school.—The State Board of Education, while providing a general and uniform system of education in the public schools of the State, shall always protect the right of every parent to have his children attend a nonpublic school by regulating and supervising all nonpublic schools serving children of secondary school age, or younger, to the end that all children shall become citizens who possess certain basic competencies necessary to properly discharge the responsibilities of American citizenship. The Board shall not, in its regulation of such nonpublic schools, interfere with any religious instruction which may be given in any private, denominational, or parochial school, but such nonpublic school shall meet the State minimum standards as prescribed in the course of study, and the children therein shall be taught the branches of education which are taught to the children of corresponding age and grade in the public schools and such instruction, except courses in foreign languages, shall be given in the English language.

Local Option.

§ 115-261. Statement of legislative policy and purposes.—The General Assembly of North Carolina recognizes and hereby affirms that knowledge, morality, and adherence to fundamental principles of individual freedom and responsibility are necessary to good government and the happiness of mankind; and further affirms that schools and the means of education ought forever to be encouraged. The value and importance of our public schools are known and acknowledged by all our people. It is further recognized that our public schools are so intimately related to the customs and feelings of the people of each community that their effective operation is impossible except in conformity with community attitudes. Our people in each community need to have a full and meaningful choice as to whether a public school, which may have some enforced mixing of the races, shall continue to be maintained and supported in that community. It is the purpose of this article to provide orderly procedures, consistent with law, for the effective expression of such choice. In so doing, it is the hope of the General Assembly of North Carolina that all peoples within our State shall respect deeply-felt convictions, and that our public school system shall be continually strengthened, improved, and sustained by the support of all our citizens. (1956, Ex. Sess., c. 4.)

Editor's Note.—For article on North Carolina school legislation, 1956, see 35 N.C.L. Rev. 1 (1956).

§ 115-262. Definitions of words and phrases.—The following words and phrases when used in this article shall, for the purposes of this article, have the meanings respectively prescribed to them in this section, except in those instances where the context clearly indicates a different meaning:

(1) Board of Education.—The board of education for any county or city school administrative unit.
§ 115-263. Boards of education may suspend operation of schools pursuant to article; local option units.—The board of education of any administrative unit may, pursuant to the provisions of this article, suspend the operation of one or more or all of the public schools under its jurisdiction. For purposes of this article, each county and city school administrative unit as defined in G.S. 115-4 shall constitute a local option unit; provided, however, the board of education of any administrative unit may in lieu thereof, and from time to time, subdivide the administrative unit into two or more local option units; and provided further, two or more administrative units, in whole or in part, may by agreement of each respective board of education constitute a local option unit and in such case all action with respect to such local option unit shall be taken by a majority of the members of each board of education concerned. One or more public schools shall be included within the territorial boundaries of each local option unit established by the board of education; provided, that two or more types of schools may within the discretion of the board of education be included in such local option unit. (1956, Ex. Sess., c. 4.)

§ 115-264. Two or more local option units within same administrative unit.—Two or more different and distinct local option units having the same or overlapping territorial boundaries may be established within an administrative unit by the board of education of the administrative unit. A specific public school shall be included in only one local option unit at any given time, but the elementary division of a union school or junior high school may be in one local option unit and the high school division of the same union school or junior high school may be in a different local option unit at the same time. (1956, Ex. Sess., c. 4.)

§ 115-265. Call for election on closing schools; suspension pursuant to election; right to education expense grant.—Any board of education may at any time, by resolution of a majority of the members, call for an election on the question of closing the public schools within a local option unit which is under that board's jurisdiction; provided, that an election shall be called by the board when a petition signed by at least fifteen percent (15%) of the registered voters residing within the local option unit is presented to the board...
§ 115-266. Call for election on reopening schools; reopening pursuant to election.—Any board of education may at any time, by resolution of a majority of its members, call for an election on the question of reopening the public schools within a local option unit which is under that board’s jurisdiction; provided, that an election shall be called by the board when a petition signed by at least fifteen percent (15%) of the registered voters residing within the local option unit is presented to the board requesting such an election. When a majority of the votes cast in such election shall be in favor of reopening the public schools in that local option unit, the board of education shall immediately proceed to take all steps necessary to accomplish such reopening at the earliest practicable date. (1956, Ex. Sess., c. 4.)

§ 115-267. Second elections within same school year.—When, for the same school year, there has been an election on the question of suspending the operation of the public schools of a local option unit, and a petition requesting another election on the same question is presented to the board of education, the board of education is not required to call a second election on that question, but may do so in its discretion. When, for the same school year, there has been an election on the question of reopening the public schools of a local option unit, and a petition requesting another election on the same question is presented to the board of education, the board of education is not required to call a second election on that question, but may do so in its discretion. (1956, Ex. Sess., c. 4.)

§ 115-268. Copy of resolution calling for election to be furnished board of elections; notice of election.—When by resolution of a majority of its members a board of education has called any election authorized or required by this article, a certified copy of such resolution shall thereupon be furnished to the county board of elections, or in the case of a local option unit which is located in more than one county to the board of elections of each county concerned, with each board having the authority and responsibility to call and conduct the election in its respective county. Within five (5) days after receipt of such resolution, the county board of elections shall give the first formal notice of such election. Notice of call of an election shall be given by the county board of elections at least once a week for four (4) successive weeks in some newspaper published or generally circulated in the territory, but when no newspaper is published or generally circulated in the territory so as to meet this requirement, it shall be sufficient to post notice of the election call at the courthouse of the county in which the election is to be held and at each public school involved in the election, for a period of at least thirty (30) days before the election. Notice of the election call shall contain the date on which the election is to be held, and shall contain adequate and full information as to which specific school or schools are involved in the election, as well as a clear designation of the area within which the qualified voters are entitled to vote in such election. (1956, Ex. Sess., c. 4.)

§ 115-269. Conduct of elections.—In any election held under this article, the county board of elections shall designate the polling place or places, app-

§ 115-270. Registration of voters for purposes of elections under article.—A new registration of the qualified voters of the territory concerned in an election held under this article may be ordered in the discretion of the county board of elections. In addition, the county board of elections, in its discretion, may order a separate registration of the qualified voters within the territory, with separate books of registration to be established and maintained for purposes of elections under this article; and in such event, registration for any election other than one provided for in this article shall not constitute registration for an election under this article, and registration for an election under this article shall not constitute registration for any election not provided for in this article. Notice of registration for an election under this article shall be deemed to be sufficiently given by publication once in some newspaper published or generally circulated in the territory, at last twenty (20) days before the close of the registration books. The published notice of registration shall state the days on which the books will be open for registration of voters and the place or places at which the books will be open on Saturdays. Registration shall close on the second Saturday before the election, and the Saturday before the election shall be challenge day. The expense of holding and conducting any election held under this article shall be borne by the board of education of the administrative unit in which the election is held. When the results of any such election have been officially determined and recorded in the minutes of the county board of elections, the validity of such election or of the registration for such election shall not be open to question except in an action or proceeding commenced within thirty (30) days after the determination of the results of such election. (1956, Ex. Sess., c. 4.)

§ 115-271. Form of ballots; use of voting machines.—In an election under this article on the question of suspending the operation of a public school or schools, the ballots to be used in such election shall have printed thereon the words “For suspending the operation of .......... [naming the specific public schools]” and “Against suspending the operation of .......... [naming the specific public schools]”; provided, however, that if the local option unit concerned shall include all the public schools within an administrative unit, the board of elections may in lieu of the wording of the ballots prescribed above have printed thereon the words “For suspending the operation of all the public schools in .......... [naming the administrative unit]” and “Against suspending the operation of all the public schools in .......... [naming the administrative unit].” In an election on the question of reopening a public school or schools which have previously been closed, the ballots to be used in such election shall contain the same language as indicated above, except the word “suspending” shall be used in lieu of the word “resuming.” Nothing in this article shall be construed to prohibit the use of voting machines in accordance with the laws of this State. (1956, Ex. Sess., c. 4.)

§ 115-272. Continuation of contracts of principals, teachers, etc., when schools suspended.—When the operation of any public school is suspended pursuant to this article, any principal, teacher or supervisor then under contract and affected by such suspension shall continue to receive all salaries and benefits provided under such contract for the term of the contract. When any such principal, teacher or supervisor has secured suitable and adequate employment prior to the expiration of the contract term, such contract shall thereupon

Article 35.

Education Expense Grants.

§ 115-274 Statement of legislative policy and purposes.—The General Assembly of North Carolina recognizes and hereby affirms that knowledge, morality, and adherence to fundamental principles of individual freedom and responsibility are necessary to good government and the happiness of mankind; and further affirms that schools and the means of education ought forever to be encouraged. The value and importance of our public schools are known and acknowledged by our people. It is further recognized that our public schools are so intimately related to the customs and feelings of the people of each community that their effective operation is impossible except in conformity with community attitudes. Our people need to be assured that no child will be forced to attend a school with children of another race in order to get an education. It is the purpose of the State of North Carolina to make available, under the conditions and qualifications set out in this article, education expense grants for the private education of any child of any race residing in this State. In so doing, it is the hope of the General Assembly of North Carolina that all peoples within our State shall respect deeply-felt convictions, and that our public school system shall be continually strengthened and improved, and sustained by the support of all our citizens. (1956, Ex. Sess., c. 3.)

Editor's Note. — For article on North Carolina school legislation, 1956, see 35 N.C.L. Rev. 1 (1956).

§ 115-275. Who may apply for State grants; when available; nonsectarian school defined.—Every child residing in this State for whom no public school is available, or who is assigned to a public school attended by a child of another race against the wishes of his parent or guardian or the person standing in loco parentis to such child, is entitled to apply for an education expense grant from State funds appropriated for that purpose. Such grants shall be available only for education in a private nonsectarian school, and in the case of a child assigned to a public school attended by a child of another race, shall, in addition, be available only when it is not reasonable and practicable to reassign such child to a public school not attended by a child of another race. For purposes of this article, a nonsectarian school is defined as a school whose operation is not controlled directly or indirectly by any church or sectarian body or by any individual or individuals acting on behalf of a church or sectarian body. (1956, Ex. Sess., c. 3.)

§ 115-276. Amount of State grants.—It shall be the policy of the State to make an education expense grant available to each eligible child, as provided under this article, which is equal to the per-day, per-student amount of State funds expended on public schools throughout the State during the preceding school year, but in no event, shall a grant for any child exceed the amount actually expended for the private education of such child. The State Board of Education shall determine the maximum amount of the grant to be made available.
§ 115-277. Applications to local boards for grants; standard forms; signing.—Application for an education expense grant shall be made to the board of education of the administrative unit within which the child resides. Such application shall be on standard forms prescribed by the State Board of Education for that purpose and shall be signed under oath or affirmation by the parent or guardian of or the person standing in loco parentis to the child for whom application is made. (1956, Ex. Sess., c. 3.)

§ 115-278. When applications to be approved.—Application for an education expense grant shall be approved if the board of education to whom application is made finds that:

1. The child for whom application is made resides within the administrative unit; and
2. There is no public school available for such child, or such child is now assigned against the wishes of his parent or guardian or of the person standing in loco parentis to such child to a public school attended by a child of another race and it is not reasonable and practicable to reassign such child to a public school not attended by a child of another race; and
3. Such child is enrolled in or has been accepted for enrollment in a private nonsectarian school, recognized and approved under article 32 of this chapter. (1956, Ex. Sess., c. 3.)

§ 115-279. Applications to state number of school days; restricted to 180 days; subsequent applications.—Each application for an education expense grant shall specify the number of school days for which the grant is requested, but in no event shall any one application be for more than one school year or the equivalent of one hundred and eighty (180) school days. If the conditions of § 115-278 continue to be met, application may be filed on behalf of a child, who has received benefits under a previous application, for another school year or part thereof. (1956, Ex. Sess., c. 3.)

§ 115-280. Notice of approval of application for State grant; commitment restricted to 180 days; continuance of payments.—Upon approving the application for an education expense grant from State funds, the board of education shall give notice in writing to the parent or guardian or person standing in loco parentis to the child concerned of an education grant commitment for a specified number of school days and for a specified amount for each school day, but no one commitment shall exceed one hundred and eighty (180) school days. So long as the requirements set out in subdivisions (1) and (3) of § 115-278 are met during the period of the education grant commitment, the board, unless requested otherwise by the parent or guardian or person standing in loco parentis, shall continue payments under such commitment notwithstanding the fact that a change of conditions since approval of the application may make it reasonable and practicable to assign such child to a public school not attended by a child of another race. (1956, Ex. Sess., c. 3.)

§ 115-281. Notice of disapproval of application; hearing; notice of disapproval after hearing; petition to superior court; notice and procedure; appeal to Supreme Court.—Upon disapproval of an application for an education expense grant, whether payable from State or local funds, the board of education shall give notice to the applicant by registered mail, and any applicant may within ten (10) days after receipt of such notice apply to such board for a hearing, and shall be given a prompt and fair hearing on the question of

663
entitlement to an education expense grant. The board shall render prompt decision upon such hearing, and if the board shall affirm its previous action of disapproval of the application, notice shall be given to the applicant by registered mail, and any applicant aggrieved by the action of the board may within ten (10) days after receipt of such notice file a petition in the superior court of the county in which the board sits for a hearing in the matter on all questions of fact and of law. Notice of the petition shall be properly served upon the board of education. The board shall have fifteen (15) days after receipt of notice of the petition within which to prepare and furnish to the petitioner or his attorney a certified transcript of the record in the case for filing in the superior court, which record shall include a copy of the application and any official orders and rulings of the board in the case. Additional time for preparation of the record may be granted to the board, for good cause, upon motion before the clerk of the superior court. The petition in the superior court may be heard by the resident judge of the district or by the judge presiding at a term of court in that district, and such judge shall have authority to take testimony and examine into the facts of the case, and to determine all questions of fact and of law, and enter judgment thereon. From the judgment of the superior court an appeal may be taken by the petitioner or the board to the Supreme Court in the same manner as other appeals are taken from judgments of such court in civil actions. (1956, Ex. Sess., c. 3.)

§ 115-282. Checks in payment of grants; certificates by schools attended; when child deemed in attendance.—Payments of education expense grants shall be made by check upon receipt of satisfactory evidence that the child for whom payment is made actually attended a private nonsectarian school, recognized and approved under article 32 of this chapter. The school attended shall furnish, upon forms prescribed by the State Board of Education, a sworn certificate signed by the director or other appropriate official of the school, showing the number of school days actually attended by the child for whom payment is made. A child is deemed to be in attendance, within the meaning of this section, although temporarily absent due to illness or other good cause, so long as such child is enrolled in the school as a bona fide student. Checks in payment of education expense grants shall be made payable jointly to the parent or guardian of or the person standing in loco parentis to the child and the school which the child attended, and shall be mailed to the parent or guardian or person standing in loco parentis for endorsement; provided, that if the school attended shall indicate in its certificate that the tuition and expenses for such child have already been paid the check shall be made payable to the parent or guardian or person standing in loco parentis alone. (1956, Ex. Sess., c. 3.)

§ 115-283. Payment periods; standard forms for applications, commitments, certificates, etc.; general supervision and administration of funds.—Payments of education expense grants shall be made by each board of education monthly, bimonthly or quarterly in accordance with uniform regulations adopted and promulgated by the State Board of Education. The State Board of Education is authorized and directed to prescribe standard forms for application for grants, for notice of education grant commitment, for certificates of attendance, and such other forms as may be necessary or desirable in the administration of the provisions of this article. The State Board of Education shall have general supervision and administration of the funds provided by the General Assembly for education expense grants, and it is intended that such funds shall be managed and allotted by the Controller of the State Board of Education, under direction of the Board, pursuant to the relevant provisions of chapter 115 of the General Statutes governing administration of fiscal affairs of the Board. (1956, Ex. Sess., c. 3.)
§ 115-284. Payment of grants from State funds; fiscal procedures.
Payments of individual education expense grants from State funds shall be made only by warrants drawn on the State Treasurer, signed by the chairman and the secretary of the county or city board of education. The fiscal procedures prescribed in other articles of this chapter, unless in conflict with some specific provision in this article, shall apply to the handling and management of State funds appropriated for education expense grants. (1956, Ex. Sess., c. 3.)

§ 115-285. Payments restricted to approved schools; lists; no control or supervision of schools vested in State.—No education expense grant shall be paid for any child except for attendance at a private nonsectarian school found to be in compliance with the provisions of article 32 of this chapter. It shall be the duty of the State Board of Education to maintain a current list of all such approved schools and to furnish such information from time to time to county and city boards of education. Payment of education expense grants for or on behalf of any child attending such a school shall not vest in the State of North Carolina, the State Board of Education or any agency or political subdivision of the State any supervision or control whatever over such nonpublic schools or any responsibility whatever for their conduct and operation. (1956, Ex. Sess., c. 3.)

§ 115-286. Appropriations for local grants; maximum grant from State and local funds.—The appropriate tax levying authorities for any administrative unit may, upon recommendation of the board of education of such unit, appropriate amounts from any local tax or nontax funds for a local education expense grant. In no event, shall the combined total of grants for any one child, from both State and local funds, exceed the amount of actual expenses incurred in the private education of such child. (1956, Ex. Sess., c. 3.)

§ 115-287. When application for local grant to be filed; eligibility for State grant prerequisite.—Application for a local education expense grant shall be filed with the board of education of the administrative unit when local funds have been appropriated or allotted for such purpose. No child shall be entitled to a local education expense grant who is not at the same time eligible, under the provisions of this article, for a grant from State funds. (1956, Ex. Sess., c. 3.)

§ 115-288. Applications for local grants to state number of school days; restricted to 180 days; subsequent applications.—Each application for a local education expense grant shall specify the number of school days for which the grant is requested, but in no event shall any one application be granted for more than one school year or the equivalent of one hundred and eighty (180) school days. If the child who has received benefits under a previous application continues to be otherwise eligible, an application for a local education expense grant for another school year or part thereof may be filed in his behalf. (1956, Ex. Sess., c. 3.)

§ 115-289. Checks in payment of local grants; certificates by schools attended; when child deemed in attendance.—Payments of local education expense grants shall be made by check upon receipt of satisfactory evidence that the child for whom payment is made actually attended a private nonsectarian school recognized and approved under article 32 of this chapter. The school attended shall furnish, in such form as may be prescribed by the local board of education, a sworn certificate signed by the director or other appropriate official of the school, showing the number of school days actually attended by the child for whom payment is made. A child is deemed to be in attendance, within the meaning of this section, although temporarily absent due to illness or...
§ 115-290. Payment periods for local grants; administration procedures. —Payments of local education expense grants shall be made by each board of education monthly, bimonthly or quarterly in accordance with rules and regulations adopted by each local board. In administering local grant payments, each board shall, so far as practicable, follow the procedures prescribed by the State Board of Education for the payment of education expense grants from State funds. (1956, Ex. Sess., c. 3.)

§ 115-291. Procedures for management, supervision and disbursement of local funds.—All local funds for education expense grants, from whatever source provided, shall be managed, supervised and disbursed in accordance with the procedures set out in other articles of this chapter, pertaining to administration of local school funds, except where such procedures are in conflict with some provision of this article. (1956, Ex. Sess., c. 3.)

§ 115-292. Payment of local grants restricted to approved schools.—No local education expense grant shall be paid for or on behalf of any child except for attendance at a private nonsectarian school found to be in compliance with the provisions of article 32 of this chapter. (1956, Ex. Sess., c. 3.)

§ 115-293. Making false affidavit, etc.—Any person who shall knowingly make any false affidavit or shall knowingly swear or affirm falsely to any matter or thing required by the terms of this article to be sworn or affirmed to shall be guilty of perjury, and upon conviction shall be punishable by a fine and imprisonment as other persons committing perjury are punishable. (1956, Ex. Sess., c. 3.)

§ 115-294. Parents, etc., accepting payments when not entitled thereto.—It shall be unlawful for any parent or guardian or the person standing in loco parentis to a child to accept any payment authorized by this article knowing that the child for whose benefit the payment is received did not actually attend, or was not actually a bona fide student at, a private nonsectarian school during the period for which payment is received. Any person violating this section shall be guilty of a felony and upon conviction shall be punished by imprisonment in the State’s prison for not more than five (5) years or by a fine of not more than five thousand dollars ($5,000.00) or by both such fine and imprisonment. (1956, Ex. Sess., c. 3.)

§ 115-295. The State Superintendent of Public Instruction shall formulate reasonable rules prescribing the general or specific nature of the program and the procedures for its operation and maintenance. Editor's Note. — The appropriation referred to in this section appears in s. 10 of c. 1077, Session Laws 1961, from which this article derives.

§ 115-315. Programs financed out of local funds not affected.—Nothing in this article shall prohibit or interfere with the operation in a local school administrative unit of any program for exceptionally talented children not qualifying for the State funds provided in § 115-313, but which is financed out of local funds. (1961, c. 1077, s. 11.)
§ 115-316. Creation of endowment funds; administration.—Any county or city board of education is hereby authorized and empowered upon the passage of a resolution to create and establish a permanent endowment fund which shall be financed by gifts, donations, bequests or other forms of voluntary contributions. Any endowment fund established under the provisions of this article shall be administered by the members of such board of education who, ex officio, shall constitute and be known as “The Board of Trustees of the Endowment Fund of the Public Schools of ............... County or ......................... City or Town” (in which shall be inserted the name of the county, city or town). The board of trustees so established shall determine its own organization and methods of procedure. (1961, c. 970.)

§ 115-317. Boards of trustees public corporations; powers and authority generally; investments.—Any board of trustees created and organized under this article shall be a body politic, public corporation and instrumentality of government and as such may sue and be sued in matters relating to the endowment fund and shall have the power and authority to acquire, hold, purchase and invest in all forms of property, both real and personal, including, but not by way of limitation, all types of stocks, bonds, securities, mortgages and all types, kinds and subjects of investments of any nature and description. The board of trustees of said endowment fund may receive pledges, gifts, donations, devises and bequests, and may in its discretion retain such in the form in which they are made, and may use the same as a permanent endowment fund. The board of trustees of any endowment fund created hereunder shall have the power to sell any property, real, personal or choses in action, of the endowment fund, at either public or private sale. The board of trustees shall be responsible for the prudent investment of any funds or moneys belonging to the endowment fund in the exercise of its sound discretion without regard to any statute or rule of law relating to the investment of funds by fiduciaries. (1961, c. 970.)

§ 115-318. Expenditure of funds; pledges.—It is not the intent that such endowment fund created hereunder shall take the place of State appropriations or any regular appropriations, tax funds or other funds made available by counties, cities, towns or school administrative units for the normal operation of the public schools. Any endowment fund created hereunder, or the income from same, shall be used for the benefit of the public schools of the county, city or town involved and to supplement regular and normal appropriations to the end that the public schools may improve and increase their functions, may enlarge their areas of service and may become more useful to a greater number of people. The board of trustees in its discretion shall determine the objects and purposes for which the endowment fund shall be spent. Nothing herein shall be construed to prevent the board of trustees of any such endowment fund established hereunder from receiving pledges, gifts, donations, devises and bequests and from using the same for such lawful school purposes as the donor or donors designate, provided, always, that the administration of any such pledges, gifts, donations, devises and bequests, or the expenditure of funds from same, will not impose any financial burden or obligation on the State of North Carolina or any subdivisions of government of the State. The board of trustees may with the consent of the donor of any pledges, transfer and assign such pledges as security for loans. This consent by the donor may be made at the time of the pledge or at any time before said pledges are paid off in full. It is the purpose of this provision to enable the board of trustees to have the immediate use of funds which the donor may desire to pledge as payable over a period of years. (1961, c. 970.)

§ 115A-3. State Board of Education to establish department to administer system of educational institutions.—The State Board of Education is authorized to establish and organize a department to provide state-level administration, under the direction of the Board, of a system of community colleges, technical institutes, and industrial education centers, separate from the free public school system of the State. The Board shall have authority to adopt and administer all policies, regulations, and standards which it may deem necessary for the establishment and operation of the department. The personnel of the department shall be governed by the same policies as the personnel of the other departments of the Board of Education and shall be subject to the provisions contained in article 2, chapter 143 of the General Statutes; except the position of the director or chief administrative officer of the department shall be exempt from the provisions of the State Personnel Act, and the compensation of this position shall be fixed by the Governor, upon the recommendation of the State Board of Education, subject to approval by the Advisory Budget Commission.

The State Board of Education shall appoint an Advisory Council consisting of at least seven members to advise the Board on matters relating to personnel, curricula, finance, articulation, and other matters concerning institutional programs and coordination with other educational institutions of the State. Two members of the Advisory Council shall be members of the North Carolina Board of Higher Education or of its professional staff, and two members of the Advisory Council shall be members of the faculties or administrative staffs of institutions of higher education in this State. (1963, c. 448, s. 23.)

§ 115A-4. Establishment and transfer of institutions.—After the effective date of this chapter, the establishment of all community colleges, technical institutes, and industrial education centers shall be subject to the prior approval of the State Board of Education and each institution shall be established only in accordance with the provisions of this chapter and the regulations, standards, and procedures adopted by the Board not inconsistent herewith. In no case, however, shall approval be granted by the Board for the establishment of an institution until it has been demonstrated to the satisfaction of the Board that a genuine educational need exists within a proposed administrative area, that existing public and private post-high-school institutions in the area will not meet the need, that adequate local financial support for the institution will be provided, that public schools in the area will not be affected adversely by the local financial support required for the institution, and that funds sufficient to provide State financial support of the institution are available.

In approving the request of the board of trustees of an industrial education center for the establishment of an educational program, it shall be a matter of general policy of the State Board of Education to require that it be demonstrated to the satisfaction of the State Board of Education that the educational and occupational needs the proposed program is designed to meet are not already met by similar educational programs maintaining standards acceptable to the State Board of Education in other public or private schools in the administrative area of the industrial education center.

In approving the request of the board of trustees of an industrial education center for the establishment of an educational program, it shall be a matter of general policy of the State Board of Education to require that it be demonstrated to the satisfaction of the State Board of Education that the industrial education center is not assuming the continuing responsibility for providing for individual manufacturing firms or corporations the routine training required for regular operator training in the factories of the firm or corporation made necessary because of turnover of personnel.

The State Board of Education and the North Carolina Board of Higher Education shall cooperate in providing for the orderly transferal of the administration
and operation of College of the Albemarle, Mecklenburg College, and all other public community colleges designated by the General Assembly, from the provisions of article 3, chapter 116, of the General Statutes of North Carolina to the provisions of this chapter. Such transferal shall be accomplished as provided by this chapter and regulations and procedures adopted jointly by the two boards. The two boards shall also provide by regulation for the transfer, without consideration, of title to all property, funds, and unexpended appropriations of the colleges held heretofore by the boards of trustees of the colleges from such Boards to the respective boards of trustees established pursuant to this chapter.

Provision shall be made for the orderly transferal of the administration and operation of all industrial education centers from local boards of education of the State public school system to boards of trustees established pursuant to this chapter for the purpose of administering and operating such centers as provided in this chapter. Such transferal shall be accomplished as provided by this chapter and regulations and procedures adopted by the State Board of Education. Upon transferal of each industrial education center the local board of education previously operating the center shall transfer, without consideration, title to the property, funds, and unexpended appropriations heretofore held by such board for the center to the board of trustees established for the center pursuant to this chapter. Provided, if an industrial education center ceases to operate as an institution, as defined in this chapter, title to real property transferred to a board of trustees from the local board of education, previously operating the center, shall revert to such board of education, and said board of trustees shall thereupon, by proper instrument, convey the same to such board of education. Where plans are being made to relocate an existing industrial education center by moving it from buildings on or adjacent to a senior high school campus, the State Board of Education may designate the local board of education now operating the industrial education center as the board of trustees for the continued operation of the industrial education center until such time as the industrial education center is so relocated; and the board of trustees provided for in this chapter may be appointed to develop the new or reorganized institution but shall not have control of the existing industrial education center until it is transferred to the new site.

The approval of any new institution, or the conversion of any existing institution into a new type of institution, or the expenditures of any State funds for any capital improvements at existing institutions shall be subject to the prior approval of the Governor and the Advisory Budget Commission. The expenditure of State funds at any institution herein authorized to be approved by the Board shall be subject to the terms of the Executive Budget Act unless specifically otherwise provided in this chapter. (1963, c. 448, s. 23; 1965, c. 1028.)

The State Board of Education shall establish standards and scales for salaries and allotments paid from funds administered by the Board, and all employees of the institutions shall be exempt from the provisions of the State Personnel Act. The Board shall have authority with respect to individual institutions: To approve sites, buildings, building plans, budgets; to approve the selection of the

On petition of the board of education of the school administrative unit in which an institution is proposed to be established, the State Board of Education may approve the utilization by such proposed institution of existing public school facilities, if the Board finds:

1. That an adequate portion of such facilities can be devoted to the exclusive use of the institution, and
2. That such utilization will be consistent with sound educational considerations. (1963, c. 448, s. 23.)

§ 115A-6. Withdrawal of State support.—The State Board of Education may withdraw or withhold State financial and administrative support of any institutions subject to the provisions of this chapter in the event that:

2. Sufficient State funds are not available;
3. The officials of an institution refuse or are unable to maintain prescribed standards of administration or instruction; or
4. Local educational needs for such an institution cease to exist. (1963, c. 448, s. 23.)

If there are two or more public school administrative units, whether city or county units, or both, located within the administrative area, the trustees shall be elected jointly by all of the boards of education of those units, each board having one vote in the election of each trustee, except as provided in § 115A-37.

Group Two—four trustees, elected by the board of commissioners of the county in which the institution is located. Provided, however, if the administrative area of the institution is composed of two or more counties, the trustees shall be elected jointly by the boards of commissioners of all those counties, each board having one vote in the election of each trustee.

Group Three—four trustees, appointed by the Governor.

(d) Vacancies occurring in any group for whatever reason shall be filled for the remainder of the unexpired term by the agency or agencies authorized to select trustees of that group and in the manner in which regular selections are made. Should the selection of a trustee not be made by the agency or agencies having the authority to do so within sixty (60) days after the date on which a vacancy occurs, whether by creation or expiration of a term or for any other reason, the Governor shall fill the vacancy by appointment for the remainder of the unexpired term. (1963, c. 448, s. 23.)
§ 115A-8. Term of office of trustees.—Trustees shall serve for terms of eight (8) years, except that initially:

(1) For all industrial education centers and technical institutes and for those community colleges for which boards of trustees first shall be established pursuant to the provisions of this chapter, terms of the members of each board shall be so set by the selecting agencies that the term of a member in each group in § 115A-7 (a), shall expire on June 30 of every other year, the shortest term to expire on June 30 of the next odd-numbered year following the date the board of trustees is established. Thereafter, all terms shall be eight (8) years and shall commence on July 1.

(2) For those community colleges which hereafter shall be operated pursuant to this chapter but for which the boards of trustees have previously been appointed pursuant to the provisions of article 3, chapter 116, of the General Statutes, all trustees previously appointed and currently serving shall continue to serve until the expiration of their respective terms.

a. As the terms of the four trustees previously appointed by the city and/or county boards of education expire, their successors shall be selected by the agencies specified for Group One in § 155A-7, so that a term shall expire on June 30 of every other year, the shortest term to expire on June 30 of the next odd-numbered year following the date the successors are appointed. Thereafter, all terms shall be eight (8) years and shall commence July 1.

b. As the terms of the four trustees previously appointed by the governing board of the municipality and/or the board of commissioners expire, their successors shall be selected by the agencies specified for Group Two in § 115A-7, so that a term shall expire on June 30 of every other year, the shortest term to expire on June 30 of the next odd-numbered year following the date the successors are appointed. Thereafter, all terms shall be eight (8) years and shall commence on July 1.

The official title of each board shall be “The Trustees of ..............” (filling in the name of the institution) and such title shall be the official corporate name of the institution.

The several boards of trustees shall hold title to all real and personal property donated to their respective institutions or purchased with funds provided by the tax levying authorities of their respective institutions. Title to equipment furnished by the State shall remain in the State Board of Education. In the event that an institution shall cease to operate, title to all real and personal property do
nated to the institution or purchased with funds provided by the tax levying au-
thorities, except as provided for in § 115A-4, shall vest in the county in which
the institution is located, unless the terms of the deed of gift in the case of
donated property provides otherwise, or unless in the case of two or more coun-
ties forming a joint institution the contract provided for in § 115-37 provides
otherwise. (1963, c. 448, s. 23.)

§ 115A-10. Trustees declared to be commissioners for special pur-
pose.—All trustees of institutions in this chapter are declared to be commissioners
for special purposes within the meaning of Article XIV, § 7, of the Constitution
of North Carolina. (1963, c. 448, s. 23.)

§ 115A-11. Compensation of trustees.—Trustees shall receive no compen-

lodging while performing their official duties. (1963, c. 448, s. 23.)

§ 115A-12. Organization of boards; meetings.—At the first meeting
after its selection, each board of trustees shall elect from its membership a chair-
man, who shall preside at all board meetings, and a vice-chairman, who shall pre-
side in the absence of the chairman. The trustees shall also elect a secretary, who
need not be a trustee, to keep the minutes of all board meetings. All three officers of
the board shall be elected for a period of one year but shall be eligible for reelection
by the board.

Each board of trustees shall meet as often as may be necessary for the conduct
of the business of the institution but shall meet at least once every three (3)
months. Meetings may be called by the chairman of the board or by the chief admin-
istrative officer of the institution. (1963, c. 448, s. 23.)

§ 115A-13. Removal of trustees.—Should the State Board of Educa-
tion have sufficient evidence that any member of the board of trustees of an in-
stitution is not capable of discharging, or is not discharging, the duties of his
office as required by law or lawful regulation, or is guilty of immoral or disrepu-
table conduct, the Board shall notify the chairman of such board of trustees,
unless the chairman is the offending member, in which case the other members of
the board shall be notified. Upon receipt of such notice there shall be a meeting of
the board of trustees for the purpose of investigating the charges, at which meet-

dence of the charges. The allegedly offending member shall be given proper and
adequate notice of the meeting and the findings of the other members of the board
shall be recorded, along with the action taken, in the minutes of the board of trustees. If the charges are, by an affirmative vote of two thirds of the members of
the board, found to be true, the board of trustees shall declare the office of the
offending member to be vacant.

Nothing in this section shall be construed to limit the authority of a board of
trustees to hold a hearing as provided herein upon evidence known or presented
to it. (1963, c. 448, s. 23.)

§ 115A-14. Powers and duties of trustees.—The trustees of each insti-

(1963, c. 448, s. 23.)

§ 115A-16. Workmen’s Compensation Act applicable to institutional employees.—The provisions of chapter 97 of the General Statutes of North Carolina, the Workmen’s Compensation Act, shall apply to all institutional employees. The State Board of Education shall make the necessary arrangements to carry out those provisions of chapter 97 which are applicable to employees whose wages are paid in whole or in part from State funds. The State shall be liable for compensation, based upon the average weekly wage as defined in the Act, of an employee regardless of the portion of such wage paid from other than State funds.

The board of trustees of each institution shall be liable for workmen’s compensation for employees whose salaries or wages are paid by the board entirely from local public or special funds. Each board of trustees is authorized to purchase insurance to cover such compensation liability and to include the cost of insurance in the annual budget of the institution.

The provisions of this section shall not apply to any person, firm or corporation making voluntary contributions to institutions for any purpose, and such a person, firm, or corporation shall not be liable for the payment of any sum of money under the provisions of this section. (1963, c. 448, s. 23.)
§ 115A-17. Waiver of governmental immunity from liability for negligence of agents and employees of institutions; liability insurance.

The board of trustees of any institution, by obtaining liability insurance as provided in § 115A-35, is authorized to waive its governmental immunity from liability for the death or injury of person or for property damage caused by the negligence or tort of any agent or employee of the board of trustees when the agent or employee is acting within the scope of his authority or the course of his employment. All automobiles, buses, trucks, or other motor vehicles intended primarily for use on the public roads and highways which are the property of a board of trustees shall be insured at all times with liability insurance as provided in § 115A-35. Governmental immunity shall be deemed to have been waived by the act of obtaining liability insurance, but only to the extent that the board is indemnified for the negligence or torts of its agents and employees and only as to claims arising after the procurement of liability insurance and while such insurance is in force. (1963, c. 448, s. 23.)

§ 115A-17.1. Purchase of annuity or retirement income contracts for employees. — Notwithstanding any provision of law relating to salaries and/or salary schedules for the pay of faculty members, administrative officers, or any other employees, of community colleges, technical institutes or industrial education centers, the board of trustees of any of the above institutions may authorize the business officer or agent of same to enter into annual contracts with any of the above officers, agents and employees which provide for a reduction in salary below the total established compensation or salary schedule for a term of one (1) year. The financial officer or agent shall use the funds derived from the reduction in the salary of the officer, agent or employee to purchase a non-forfeitable annuity or retirement income contract for the benefit of said officer, agent or employee. An officer, agent or employee who has agreed to a salary reduction for this purpose shall not have the right to receive the amount of the salary reduction in cash or in any other way except the annuity or retirement income contract. Funds used for the purchase of an annuity or retirement income contract shall not be in lieu of any amount earned by the officer, agent or employee before his election for a salary reduction has become effective. The agreement for salary reductions referred to herein shall be effected under any necessary regulations and procedures adopted by the State Board of Education and on forms prepared by the State Board of Education. Notwithstanding any other provisions of this section or law, the amount by which the salary of any officer, agent or employee is reduced pursuant to this section shall not be excluded, but shall be included, in computing and making payroll deductions for social security and retirement system purposes, and in computing and providing matching funds for retirement system purposes. The board of commissioners may also provide all or part of such funds by appropriations, in a manner consistent with the County Fiscal Control Act, from nontax revenues. The board of commissioners is authorized to provide additional funds, either by special tax levies or by appropriations from nontax revenues, or both, to an amount equal to that required to be provided above, for the purpose of supplementing the current expense budget of the center or institute financed from State funds.

(b) The board of commissioners of a county in which is located one of the above public community colleges or industrial education centers may provide funds for capital outlay for such institution by the issuance of bonds. All bonds shall be issued in accordance with the appropriate provisions of §§ 115A-20 and 115A-22.

(2) Proposed single-county administrative area: Formal requests shall be submitted by the board of education of any public school administrative unit within the county of the proposed administrative area or by petition of fifteen percent (15%) of the number of qualified voters of the county who voted in the last preceding election for Governor, to the board of commissioners of the county of the proposed administrative area, who may fix the time for such election by resolution which shall be entered in the minutes of the board.

(b) Formal requests for elections on any of the questions specified in (a) above, or on the question of increasing the maximum annual rate of special taxes
§ 115A-23. Elections on question of conversion of institutions and issuance of bonds therefor. — Whenever the board of trustees of an institution requests the State Board of Education to convert the institution from an industrial education center to a technical institute or community college, or from a technical institute to a community college, the Board may require, as a prerequisite to such conversion:

1. The authorization by the voters of the administrative area of an annual levy of taxes within a specified maximum annual rate sufficient to provide the required local financial support for the converted institution, in an election held in accordance with the appropriate provisions of §§ 115A-20 and 115A-22.

§ 115A-24. Payment of expenses of special elections under chapter. — The cost of special elections held under the authority of this chapter in connection with the establishment of an institution shall be paid out of the general fund of the county or counties which shall conduct such elections. All special elections held on behalf of a duly established institution shall be paid by such institution and the expenses may be included in the annual institutional budgets. (1963, c. 448, s. 23.)

§ 115A-25. Authority to issue bonds and notes, to levy taxes and to appropriate nontax revenues. — Counties are authorized to issue bonds and notes and to levy special taxes to meet payments of principal and interest on such bonds or notes and to levy special taxes for the special purpose of providing local financial support of an institution and otherwise to appropriate nontax revenues for the financial support of an institution, in the manner and for the purposes provided in this chapter.

shall prepare and submit a capital outlay budget and a current expense budget, on forms provided by the State Board of Education, and may prepare in their discretion a supplemental current expense budget. The budgets shall be prepared and submitted for approval according to the following procedures:

(1) Capital outlay budget: The budget shall contain the items of capital outlay, as provided in §§ 115A-18 and 115A-19, for which funds are requested, from whatever source. The budget shall be submitted first to the tax levying authority, which shall approve or disapprove, in whole or in part, that portion of the budget requesting local public funds. Upon approval by the tax levying authority, the budget shall be submitted by the trustees to the State Board of Education, which may approve or disapprove, in whole or in part, that portion of the budget requesting State or federal funds.

(2) Current expense budget: The budget shall contain the items of current operating expenses, as provided in §§ 115A-18 and 115A-19, for which funds are requested, from whatever source. The budget shall be submitted first to the tax levying authority, which shall approve or disapprove, in whole or in part, that portion of the budget requesting local public funds. Upon approval by the tax levying authority, the budget shall be submitted by the trustees to the State Board of Education, which may approve or disapprove, in whole or in part, the entire budget. The State Board is authorized to withhold the allocation of State funds to an institution until a budget has been submitted to and approved by the Board.

(3) Supplemental current expense budget: The budget may contain any items of the current expense budget to be financed from State or federal funds which the trustees desire to supplement with local funds. The tax levying authority shall approve or disapprove, in whole or in part, that portion of the budget requesting local public funds. An information copy of the budget as approved shall be filed with the State Board of Education.

(4) No public funds shall be provided an institution, either by the tax levying authority or by the State, except in accordance with the budget provisions of this chapter.

(5) The preparation of a budget for and the payment of interest and principal on indebtedness incurred on behalf of an institution shall be the responsibility of the county accountant or county accountants of the administrative area and the board of trustees of the institution shall have no duty or responsibility in this connection. (1963, c. 448, s. 220)

§ 115A-28. Administration of institutional budgets for local public funds. — (a) Duty of boards of trustees: It shall be the duty of the board of trustees of each institution to pay all obligations incurred in the operation of the institution promptly and when due, and to this end boards of trustees shall inform the tax levying authority from month to month of any anticipated expenditures which will exceed the current collection of taxes and such balance as may be on hand, if any, for the payment of said obligations, in order that the tax levying authority may make provision for the funds to be available. If a board of trustees shall willfully create a debt that shall in any way cause the expense of the year to exceed the amount authorized in the budget, without the approval of the tax levying authority, the indebtedness shall not be a valid obligation of the institution and the members of the board responsible for creating the debt may be held personally liable for the same.

(b) Duty of tax levying authorities: It shall be the duty of the tax levying authority of each institution to provide, as needed, the funds to meet the monthly expenditures, including salaries and other necessary operating expense, as set forth in a statement prepared by the board of trustees and in accordance with the
§ 115A-29. Payment of State and local public funds to boards of trustees. — (a) The State Board of Education may deposit funds in the State treasury to the credit of each institution in monthly installments, at such time and in such manner as may be necessary to meet the needs of the institution, or the Board may disburse State funds to each institution under policies and regulations established by the Board. Prior to the deposit or disbursement of State funds by the Board it shall be the duty of the board of trustees of each institution to file, on or before the first day of each month, with the State Board of Education a certified statement, on forms provided by the State Board of Education, of all expenditures, salaries, and other obligations that may be due and payable in the next succeeding month.

(b) Upon the basis of an approved budget, the county auditors or accountant of all counties of the administrative area of an institution shall determine the proportion of taxes, nontax revenues and other funds accruing to the current expense and capital outlay budgets of the institution and shall credit these funds to the institution as they are collected. The county treasurer or corresponding official of each county shall remit promptly at the end of each month all funds collected for current expenses and capital outlay, except bond funds, to the board of trustees of the institution.

In the event that a greater amount is collected and paid to the board of trustees of an institution than is authorized by its approved budgets for current expenses and capital outlay, the excess shall remain an unencumbered balance to be credited proportionally to those funds in the following fiscal year, and such excess shall not be spent, committed, or obligated unless the budget is revised with the approval of the board of trustees and the tax levying authority.

(c) Funds received by the trustees of an institution from insurance payments for loss or damage to buildings shall be used for the repair or replacement of such buildings or, if the buildings are not repaired or replaced, to reduce proportionally the institutional indebtedness borne by the counties of the administrative area of the institution receiving the insurance payments. If such payments which are not used to repair or replace institutional buildings exceed the total institutional indebtedness borne by all counties of the administrative area, such excess funds shall remain to the credit of the institution and be applied to the next succeeding capital outlay budgets until the excess fund shall be expended. Funds received by the trustees of an institution for loss or damage to the contents of buildings shall be divided between the board of trustees and the State Board of Education in proportion to the value of the lost contents owned by the board of trustees and the State, respectively. That portion retained by the trustees shall be applied to the repair or replacement of lost contents or shall remain to the credit of the institution to be applied to the next succeeding capital outlay and current expense budgets, as appropriate, until such funds shall be expended. (1963, c. 448, s. 23.)

§ 115A-30. Disbursement of institutional funds. — Public funds provided for an institution shall be paid out as follows:

(1) State funds: All State funds received by or deposited to the credit of an institution shall be disbursed only upon warrants drawn on the State Treasurer and signed by two employees of the institution who shall have been designated by the board of trustees and who shall have been approved by the State Board of Education. Such funds may be dis-
(2) Local funds: All local public funds received by or credited to an institution shall be disbursed on warrants signed by two employees of the institution who shall have been designated by the board of trustees and who shall have been approved by the State Board of Education. Such warrants shall be countersigned by the appropriate county officer or officers as provided by law, but only if the funds required by such warrant are within the amount of funds remaining to the credit of the institution and are within the unencumbered balance of the appropriation for the item of expenditure according to the approved budgets of the institution: Provided, that in lieu of countersignature by the county officer or officers as provided by law, the board of county commissioners which appropriated the local public funds may from time to time, with the approval of the board of trustees of the institution, designate an employee of the institution to countersign the warrants, and the employee so designated shall countersign a warrant only if the funds required by such warrant are within the amount of funds remaining to the credit of the institution and are within the unencumbered balance of the appropriation for the item of expenditure according to the approved budgets of the institution. Each warrant shall be accompanied by an invoice, statement, voucher, or other basic document which indicates to the satisfaction of the countersigning county officer or officers that the issuance of such warrant is proper. (1963, c. 448, s. 23; 1965, c. 488, s. 2.)

Local Modification. — Duplin County: Editor's Note. — The 1965 amendment inserted the proviso in subdivision (2).

§ 115A-31. Purchase of equipment and supplies.—It shall be the duty of the several boards of trustees to purchase all supplies, equipment, and materials in accordance with contracts made by or with approval of the North Carolina Department of Administration. No contract shall be made by any board of trustees for purchases unless provision has been made in the budget of the institution to provide payment therefor, and in order to protect the State purchase contracts, it is the mandatory duty of the board of trustees and administrative officers of each institution to pay for such purchases promptly in accordance with the contract of purchase. (1963, c. 448, s. 23.)

§ 115A-32. Audits of institutional accounts.—The State Auditor shall be responsible for conducting annually a thorough post audit of the receipts, expenditures, and fiscal transactions of each institution. The annual audits shall be completed as near to the close of the fiscal year as practicable and copies of each audit shall be filed with the chairman of the board of trustees, the executive head of the institution, the county auditor of each county of the administrative area, the State Board of Education, and the Director of the Local Government Commission. (1963, c. 448, s. 23.)

§ 115A-33. Surety bonds. — The State Board of Education shall determine what State employees and employees of institutions shall give bonds for the protection of State funds and property and the Board is authorized to place the bonds and pay the premiums thereon from State funds. The board of trustees of each institution shall require all institutional employees authorized to draw or approve checks or vouchers drawn on local funds, and all persons authorized or permitted to receive institutional funds from whatever source, and all persons responsible for or authorized to handle institutional property, to be bonded by a surety company authorized to do business in this State in such amount as the board of trustees deems sufficient for the protection of such
§ 115A-34. Fire and casualty insurance on institutional buildings and contents. — (a) The board of trustees of each institution, in order to safeguard the investment in institutional buildings and their contents, shall

(1) Insure and keep insured each building owned by the institution to the extent of the current insurable value, as determined by the insured and insurer, against loss by fire, lightning, and the other perils embraced in extended coverage; and

(2) Insure and keep insured equipment and other contents of all institutional buildings that are the property of the institution or the State or which are used in the operation of the institution.

(b) The tax levying authority of each institution shall provide the funds necessary for the purchase of the insurance required in (a) above.

(c) Boards of trustees may purchase insurance from companies duly licensed and authorized to sell insurance in this State or may obtain insurance in accordance with the provisions of article 16, chapter 115, of the General Statutes, “State Insurance of Public School Property.” (1963, c. 448, s. 23.)

§ 115A-35. Liability insurance; tort actions against boards of trustees. — (a) Boards of trustees may purchase liability insurance only from companies duly licensed and authorized to sell insurance in this State. Each contract of insurance must by its terms adequately insure the board of trustees against any and all liability for any damages by reason of death or injury to person or property proximately caused by the negligence or torts of the agents and employees of such board of trustees or institution when acting within the scope of their authority or the course of their employment. Any company which enters into such a contract of insurance with a board of trustees, by such act waives any defense based upon the governmental immunity of such board.

(b) Any person sustaining damages, or in case of death, his personal representative, may sue a board of trustees insured under this section for the recovery of such damages in any court of competent jurisdiction in this State, but only in a county of the administrative area of the institution against which the suit is brought; and it shall be no defense to any such action that the negligence or tort complained of was in pursuance of a governmental, municipal, or discretionary function of such board of trustees, to the extent that such board is insured as provided by this section.

(c) Nothing in this section shall be construed to deprive any board of trustees of any defense whatsoever to any action for damages, or to restrict, limit, or otherwise affect any such defense; and nothing in this section shall be construed to relieve any person sustaining damages or any personal representative of any decedent from any duty to give notice of such claim to the board of trustees or commence any civil action for the recovery of damages within the applicable period of time prescribed or limited by law.

(d) No part of the pleadings which relate to or allege facts as to a defendant’s insurance against liability shall be read or mentioned in the presence of the trial jury in any action brought pursuant to this section. Liability shall not attach unless the plaintiff shall waive the right to have all issues of law and fact relating to insurance in such action determined by a jury, and such issues shall be heard and determined by the judge without resort to a jury and the jury shall be absent during any motions, arguments, testimony or announcements of findings of fact or conclusions of law with respect thereto, unless the defendant shall request jury trial thereon.

(e) The board of trustees of all institutions in this chapter are authorized to

(b) Upon transferal of the administration and operation of a community college from the provisions of article 3, chapter 116, of the General Statutes of North Carolina, to the provisions of this chapter, and upon request of the State Board of Education, the Director of the Budget, with the approval of the Advisory Budget Commission, is authorized to transfer funds appropriated to the Department of Administration under the title of "Community Colleges" to appropriation accounts established for the support of the institutions provided in this chapter. (1963, c. 448, s. 23.)

§ 115A-37. Multiple county administrative areas.—Should two or more counties determine to form an administrative area for the purpose of establishing and supporting an institution, the boards of commissioners of all such counties shall jointly propose a contract to be submitted to the State Board of Education as part of the request for establishment of an institution. The contract shall provide, in terms consistent with this chapter, for financial support of the institution, selection of trustees, termination of the contract and the administrative area, and any other necessary provisions. The State Board of Education shall have authority to approve the terms of the contract as a prerequisite for granting approval of the establishment of the institution and the administrative area. (1963, c. 448, s. 23.)

§ 115A-38. Special provisions for Central Piedmont Community College.—(a) As soon as practicable in accordance with the provisions of § 115A-4, transferal shall be made of the administration and operation of Mecklenburg College and Charlotte Central Industrial Education Center from their respective administrative boards to a single board of trustees selected as provided in § 115A-7 (a). The two institutions shall thereafter constitute the Central Piedmont Community College, which shall be operated in accordance with the provisions of this chapter as a single institution.

(b) The board of commissioners of Mecklenburg County is authorized to provide the local financial support for the Central Piedmont Community College as provided in § 115A-19 by levying a special tax to a maximum annual rate equal to the maximum rate last approved by the voters of the county for the support of the Central Piedmont Community College as operated pursuant to article 3, chapter 116, of the General Statutes of North Carolina, or by appropriations from nontax revenues, or by both. The question of increasing the maximum annual rate may be submitted at an election held in accordance with the provisions of § 115A-20 (d) and the appropriate provisions of § 115A-22.

(c) When, in the opinion of the board of trustees of said institution, the use of any building, building site, or other real property owned or held by said board is unnecessary or undesirable for the purposes of said institution, the board of trustees may sell, exchange, or lease such property in the same manner as is provided by law for the sale, exchange, or lease of school property by county or
city boards of education. The proceeds of any such sale or lease shall be used for capital outlay purposes. (1963, c. 448, s. 23; 1965, c. 402.)

Editor's Note. — The 1965 amendment substituted "Central Piedmont Community College" for "Charlotte Community College System" throughout subsections (a) and (b), and added subsection (c).

Sections 116-21 and 116-22 apply to administrator for estate of person missing for seven years.—The provisions of G.S. 116-21 and 116-22 shall likewise apply to an administrator for the estate of a person who has been missing for seven years, and who has been appointed administrator under G.S. 28-2.1, when the superior court shall find in an action brought by the University of North Carolina under G.S. 116-21 or 116-22 that such missing person left no lawful heirs or lawful claimants to the property of such missing person, and that such property has escheated to the University of North Carolina. (1957, c. 1105, s. 2.)

§ 116-23.1. Unclaimed funds held or owing by life insurance companies.—(a) Definitions.—The term “unclaimed funds” as used in this section shall mean and include all moneys held and owing by any life insurance company doing business in this State which shall have remained unclaimed and unpaid for seven years or more after such moneys became due and payable under any life or endowment insurance policy, or moneys payable under annuity contracts or all dividends payable to holders of policies. A life insurance policy not matured by the prior death of the insured shall be deemed to be matured and the proceeds thereof shall be deemed to be “due and payable” within the meaning of this section when the insured shall have attained the limiting age under the mortality table on which the reserve is based. Moneys shall be deemed to be “due and payable” within the meaning of this section although the policy shall not have been surrendered nor proofs of death submitted as required and although the claim as to the payee is barred by a statute of limitations.

(b) Scope.—This section shall apply to all unclaimed funds, as herein defined, held and owing by any life insurance company doing business in this State where the last known address, according to the records of such company, of the person entitled to such funds is within this State, provided that if a person other than the insured be entitled to such funds and no address of such person be known to prove their claims, and a depositor who proved his claim and received dividends thereon as a common claim may not hold the escheat officer liable for the balance unpaid on his claim upon his contention that the claim should have been paid in full as a preferred claim. Windley v. Lupton, 212 N.C. 167, 193 S.E. 213 (1937). Cited in McMillan v. Robeson County, 262 N.C. 413, 137 S.E.2d 105 (1964).
such company or if it be not definite and certain from the records of such company
what person is entitled to such funds, then in either event it shall be presumed
for the purposes of this section that the last known address of the person entitled
to such funds is the same as the last known address of the insured according to
the records of such company.

(c) Reports.—Every such life insurance company shall on or before the first
day of May of each year make a report in writing to the Commissioner of In-
surance of all unclaimed funds, as hereinbefore defined, held or owing by it on
the thirty-first day of December next preceding. Such report shall be signed and
sworn to by an officer of such company and shall set forth:

dress according to the company’s records, and the policy number;
2. The amount appearing from the company’s records to be due on such
policy;
3. The date such unclaimed funds became payable;
4. The name and last known address of each beneficiary or other person
who, according to the company’s records, may have an interest in such
unclaimed funds; and
5. Such other identifying information as the Commissioner of Insurance
may require.

(d) Notice; Publication.—On or before the first day of September following
the making of such reports under this section, the Commissioner of Insurance
shall cause to be published notices entitled: “Notice of Certain Unclaimed Funds
Held or Owing by Life Insurance Companies.” Each such notice shall be pub-
lished once a week for two successive weeks in a newspaper published in the
county of this State in which is located such last known address of each such
insured, or other person who, according to the company’s records may have an
interest in such unclaimed fund, or by posting such notice at the courthouse door
of said county.

The notice shall set forth in alphabetical order the names contained in such
reports of each insured whose last known address is within the county of publica-
tion together with

1. The amount reported due and the date it became payable,
2. The name and last known address of each beneficiary or other person
who, according to the company’s records, may have an interest in such
unclaimed funds, and
3. The name and address of the company.

The notice shall also state that such unclaimed funds will be paid by the com-
pany to persons establishing to its satisfaction before the following December 1st
their right to receive the same, and that not later than December 1st such un-
claimed funds still remaining will be paid to the University of North Carolina
which shall thereafter be liable for the payment thereof.

It shall not be obligatory upon the Commissioner of Insurance to publish any
item of less than fifty dollars in such notice, unless the Commissioner of Insur-
ance deems such publication to be in the public interest. The expenses of publica-
tion shall be charged against the University of North Carolina.

(e) Payment to University of North Carolina.—All unclaimed funds con-
tained in the report required to be filed under this section, excepting those which
have ceased to be unclaimed funds since the date of such report, shall be paid over
to the University of North Carolina on or before the following December 1st.

The Commissioner of Insurance shall have the power, for cause shown, to
extend for a period of not more than one year the time within which a life in-
surance company shall file any report and in such event the time for publication
and payment required by this section shall be extended for a like period.

(f) Custody of Unclaimed Funds; Insurers Exonerated.—Upon the payment
of such unclaimed funds to the University of North Carolina, the State shall assume, for the benefit of those entitled to receive the same and for the safety of the money so paid, the custody of such unclaimed funds, and the life insurance company making such payment shall immediately and thereafter be relieved of and held harmless by the State from any and all liability for any claim or claims which exist at such time with reference to such unclaimed funds or which thereafter may be made or may come into existence on account of or in respect to any such unclaimed funds.

(g) Reimbursement for Claims Paid by Insurers.—Any life insurance company which has paid to the University of North Carolina moneys deemed unclaimed funds pursuant to the provisions of this section may make payment to any person appearing to such company to be entitled thereto, and upon proof of such payment the State of North Carolina shall forthwith reimburse such company to the extent of the full amount, without interest, paid the University of North Carolina for the account of such claimant.

(h) Determination and Review of Claims.—Any person entitled to unclaimed funds paid to the University of North Carolina may file a claim at any time with the Commissioner of Insurance. The Commissioner of Insurance shall possess full and complete authority to accept or reject any such claim. If he rejects such claim or fails to act thereon within ninety days after receipt of such claim, the claimant may make application to the Superior Court of Wake County, upon not less than thirty days' notice to the Commissioner of Insurance, for an order to show cause why he should not accept and order paid such claim.

(i) Payment of Allowed Claims.—Any claim which is accepted by the Commissioner of Insurance or ordered to be paid by a court of competent jurisdiction shall be paid by the University of North Carolina.

(j) Records Required.—The University of North Carolina shall keep a public record of each payment of unclaimed funds received from any life insurance company. Such record shall show in alphabetical order the name and last known address of each insured, and of each beneficiary or other person who, according to the company's records, may have an interest in such unclaimed funds, and with respect to each policy, its number, the name of the company, and the amount due.

(k) Payments to Other States; Pending Litigation.—This section shall not apply to or affect any unclaimed funds

(1) Which have been paid to another state or jurisdiction prior to March 31, 1949, or

The receipt of the University of North Carolina of any deposit hereunder shall be and constitute a release of the bank delivering over any deposit coming within the provisions of this section from any liability therefor to the depositor or any other person. Upon receipt of such funds, the University of North Carolina shall cause to be posted and kept posted for thirty days at the courthouse door of the county in which such bank is located, a notice giving the names of the persons in whose name or names such deposits were made in said bank, the amount thereof, and the last known address of such person, and the bank paying over said funds to the University of North Carolina shall furnish such information to be used in giving said notice. If any person at any time thereafter shall appear and show that he is the identical per-
son to whom such funds are due, the University of North Carolina shall pay the same in full to such person, but without any liability for interest or profits thereon. Debits of service charges and debits of intangible taxes made by banks shall not be considered debits within the meaning of this section. A bank shall be deemed to be unable to locate a depositor or owner when the present address of the depositor or owner is unknown to the bank, and United States mail addressed to the depositor or owner at the last known address, with a return address of the sending bank on the envelope, is returned undelivered to the bank mailing the same. (1961, c. 1078, s. 3.)

§ 116-41.4. Bonds authorized; amount limited; form, execution and sale; terms and conditions; use of proceeds; additional bonds; interim receipts or temporary bonds; replacement of lost, etc., bonds; approval or consent for issuance; bonds not debt of State.—The board is hereby
authorized to issue, subject to the approval of the Advisory Budget Commission, at one time or from time to time, revenue bonds of the University for the purpose of undertaking and carrying out any project or projects hereunder; provided, however, that the aggregate principal amount of revenue bonds which the board is authorized to issue under this section during the biennium ending June 30, 1967, shall not exceed three million five hundred thousand dollars ($3,500,000). The bonds shall be dated, shall mature at such time or times not exceeding thirty years from their date or dates, and shall bear interest at such rate or rates not exceeding six per centum (6%) per annum, as may be determined by the board, and may be made redeemable before maturity at the option of the board at such price or prices and under such terms and conditions as may be fixed by the board prior to the issuance of the bonds. The board shall determine the form and manner of execution of the bonds, and any interest coupons to be attached thereto, and shall fix the denomination or denominations of the bonds and the place or places of payment of principal and interest, which may be at any bank or trust company within or without the State. The bonds may be issued in coupon or registered form or both, as the board may determine, and provision may be made for the registration of any coupon bonds as to principal alone and also as to both principal and interest, and for the reconversion into coupon bonds of any bonds registered as to both principal and interest. The board may sell such bonds in such manner, at public or private sale, and for such price, as it may determine to be for the best interests of the University, but no sale shall be made at a price so low as to require the payment of interest on the money received therefor at more than six per centum (6%) per annum, computed with relation to the absolute maturity or maturities of the bonds in accordance with standard tables of bond values, excluding, however, from such computation the amount of any premium to be paid on redemption of any bonds prior to maturity.

The proceeds of the bonds of each issue shall be used solely for the purpose for which such bonds shall have been authorized and shall be disbursed in such manner and under such restrictions, if any, as the board may provide in the resolution authorizing the issuance of such bonds. Unless otherwise provided in the authorizing resolution, if the proceeds of such bonds, by error of estimates or otherwise, shall be less than such cost, additional bonds may in like manner be issued to provide the amount of such deficit and shall be deemed to be of the same issue and shall be entitled to payment from the same fund without preference or priority of the bonds first issued for the same purpose.

The resolution providing for the issuance of revenue bonds may also contain such limitations upon the issuance of additional revenue bonds as the board may deem proper, and such additional bonds shall be issued under such restrictions and limitations as may be prescribed by such resolution.

Prior to the preparation of definitive bonds, the board may, under like restrictions, issue interim receipts or temporary bonds, with or without coupons, exchangeable for definitive bonds when such bonds shall have been executed and are available for delivery. The board may also provide for the replacement of any bonds which shall become mutilated or be destroyed or lost.

Bonds may be issued by the board under the provisions of this part, subject to the approval of the Advisory Budget Commission, but without obtaining the consent of any other commission, board, bureau or agency of the State, and without any other proceedings or the happening of any other conditions or things than those.
§ 116-41.5. Contents of resolution authorizing issuance; powers liberally construed; deposit and use of revenues; rights and remedies of bondholders; service charges; insurance of projects; depositaries. — The board in the resolution authorizing the issuance of bonds under this part may provide for a pledge to the payment of such revenue bonds and the interest thereon of the revenue derived from the project and also for a pledge of the revenues derived from any system, facility, plant, works, instrumentalities or properties improved, bettered, or extended by the project or otherwise within the jurisdiction of or operated by the University in connection with the University of North Carolina at Chapel Hill, North Carolina, the revenues derived from any future improvements, betterments or extensions of the project, the revenues derived from the University Enterprises, or any part thereof, or the revenues from the project and any or all of the revenues mentioned in this sentence, without regard to whether the operations involved are deemed governmental or proprietary, it being the purpose hereof to vest in the board broad powers which shall be liberally construed. So long as any revenues of the University mentioned in this paragraph are pledged for the payment of the principal or interest on any bonds issued hereunder, such revenues shall be deposited in a special fund and shall be applied and used only as provided in the resolution authorizing such bonds, subject, however, to any prior pledge or encumbrance thereof.

The resolution authorizing the issuance of the bonds may contain provisions for protecting and enforcing the rights and remedies of the holders of the bonds, including covenants setting forth the duties of the University in relation to the construction of any project to be financed with the proceeds of said bonds, and to the maintenance, repair, operation and insurance of such project or any other project, systems, facilities, plants, works, instrumentalities, properties, the University Enterprises or any part thereof, if the revenues thereof are in any way pledged as security for the bonds; the fixing and revising of service charges and the collection thereof; and the custody, safeguarding and application of all moneys of the University pertaining to the project and the bonds, and all revenues pledged therefor. Notwithstanding the provisions of any other law, the board may carry insurance on any such project in such amounts and covering such risks as it may deem advisable. It shall be lawful for any bank or trust company incorporated under the laws of the State of North Carolina which may act as depositary of the proceeds of bonds or of revenues to furnish such indemnifying bonds or to pledge such securities as may be required by the board. Such resolution may set forth the rights and remedies of the bondholders and may restrict the individual right of action by bondholders. Such resolution may contain such other provisions in addition to the foregoing as the board may deem reasonable and proper for the security of the bondholders.

The board may provide for the payment of the proceeds of the bonds and any revenues pledged therefor to such officer, board or depositary as it may designate for the custody thereof, and for the method of disbursement thereof,
with such safeguards and restrictions as it may determine. All expenses in-
curred in carrying out the provisions of such resolution may be treated as a
part of the cost of operation. (1961, c. 1078, s. 5.)

§ 116-41.6. Pledge of revenues; lien.—All pledges of revenues under
the provisions of this part shall be valid and binding from the time such pledges
are made. All such revenues so pledged shall immediately upon receipt thereof
be subject to the lien of such pledge without any physical delivery thereof or
further action, and the lien of such pledge shall be valid and binding as against
all parties having claims of any kind in tort, contract or otherwise against the
University, irrespective of whether such parties have notice thereof. (1961, c.
1078, s. 6.)

§ 116-41.7. Proceeds of bonds, revenues, etc., deemed trust funds.
—The proceeds of all bonds issued and all revenues and other moneys received
pursuant to the authority of this part shall be deemed to be trust funds, to be
held and applied solely as provided in this part. The resolution authorizing the
issuance of bonds shall provide that any officer to whom, or bank, trust com-
pany or fiscal agent to which, such moneys shall be paid shall act as trustee of
such moneys and shall hold and apply the same for the purposes hereof, sub-
ject to such regulations as such resolution may provide. (1961, c. 1078, s. 7)

§ 116-41.8. Rights and remedies of bondholders.—Any holder of
revenue bonds issued under the provisions of this part or of any of the coupons
appertaining thereto, except to the extent that the rights herein given may be
restricted by the resolution authorizing the issuance of such bonds, may, either
at law or in equity, by suit, action, mandamus or other proceeding, protect and
enforce any and all rights under the laws of the State of North Carolina, in-
cluding this part, or under such resolution, and may enforce and compel the
performance of all duties required by this part or by such resolution to be per-
formed by the University or by any officer thereof or the board, including the
fixing, charging and collecting of service charges. (1961, c. 1078, s. 8.)

§ 116-41.9. Refunding revenue bonds.—The University is hereby au-
thorized, subject to the approval of the Advisory Budget Commission, to issue
from time to time refunding revenue bonds for the purpose of refunding any
revenue bonds issued by the University under this part in connection with any
project or projects, including the payment of any redemption premium thereon
and any interest accrued or to accrue to the date of redemption of such bonds.
The University is further authorized, subject to the approval of the Advisory
Budget Commission, to issue from time to time refunding revenue bonds for
the combined purpose of

(1) Refunding any revenue bonds or refunding revenue bonds issued by
the University in connection with any project or projects including
the payment of any redemption premium thereon and any interest
accrued or to accrue to the date of redemption of such bonds, and

(2) Paying all or any part of the cost of any project or projects.

The issuance of such refunding revenue bonds, the maturities and other de-
tails thereof, the rights and remedies of the holders thereof, and the rights, pow-
ers, privileges, duties and obligations of the University with respect to the same,
shall be governed by the foregoing provisions of this part insofar as the same
may be applicable. (1961, c. 1078, s. 9.)

§ 116-41.10. Exemption from taxation.—The bonds issued under the
provisions of this part and the income therefrom shall at all times be free from
taxation within the State. (1961, c. 1078, s. 10.)
§ 116-41.11. Executive committee may be authorized to exercise powers and functions of board.—The board by resolution may authorize its executive committee to exercise or perform any of the powers or functions vested in the board under this part. (1961, c. 1078, s. 11.)

§ 116-41.12. Part provides supplemental and additional powers; compliance with other laws not required.—This part shall be deemed to provide an additional and alternative method for the doing of the things authorized hereby and shall be regarded as supplemental and additional to powers conferred by other laws, and shall not be regarded as in derogation of or as repealing any powers now existing under any other law, either general, special or local; provided, however, that the issuance of revenue bonds or refunding revenue bonds under the provisions of this part need not comply with the requirements of any other law applicable to the issuance of bonds and provided, further, that all general, special or local laws, or parts thereof, inconsistent herewith are hereby declared to be inapplicable to the provisions of this part. (1961, c. 1078, s. 12.)

§ 116-42. License for operating billiard tables, etc., to be approved by president of University.—No person, firm or corporation shall apply for or receive from the governing body, or the representative of such governing body, of any county or incorporated city or town, any license or authorization to set up, maintain or keep in Chapel Hill, or within five miles thereof, any public billiard table or other public table of any kind, by whatever name called, at which games of chance or skill may be played, without first obtaining written permission therefor from the president of the University of North Carolina. Nor shall any person, firm or corporation apply for or receive a license from any such governing body, or the representative thereof, to keep, maintain or operate within the town of Chapel Hill or within five miles of the boundaries thereof, any house, place or establishment wherein ten pin alleys, bowling alleys, or other games of chance or skill shall be operated or conducted without first obtaining written permission therefor from the president of the University of North Carolina. A copy of the president’s permission shall be filed with the governing body, or the representative of such governing body, of any county or incorporated city or town at the time said license or permit is applied for in all cases covered by this section. such streets, alleys or driveways shall, upon conviction thereof, be punished as
therein prescribed. Nothing herein contained shall be construed as in any way
interfering with the ownership and control of such streets, alleys and driveways
on the campuses of the University of North Carolina as is now vested by law in
the trustees of the University of North Carolina.

(b) The board of trustees of the University of North Carolina is authorized

Editor's Note. — Session Laws 1957, c. 1142, repealed former articles 2 through 9, containing §§ 116-45 through 116-104, and substituted this new article 2 in lieu thereof. § 116-46.2. Purchase of annuity or retirement income contracts for faculty members, officers and employees.—Notwithstanding any provision of law relating to salaries and/or salary schedules for the pay of faculty members, administrative officers, or any other employees of universities, colleges and institutions of higher learning as named and set forth in articles 1 and 2 of chapter 116 of the General Statutes, as amended, and other State agencies qualified as educational institutions under § 501(c) (3) of the United States Internal Revenue Code, the board of trustees of any such universities, colleges and institutions of higher learning may authorize the business officer or agent of same to enter into annual contracts with any of the faculty members, administrative officers and employees of said institutions of higher learning which provide for a reduction in salary below the total established compensation or salary schedule for a term of one (1) year. The financial officer or agent shall use the funds derived from the reduction in the salary of the faculty member, administrative officer or employee to purchase a nonforfeitable annuity or retirement income contract for the benefit of said faculty member, administrative officer or employee of said universities, colleges and institutions of higher learning. A faculty member, administrative officer or employee who has agreed to a salary reduction for this purpose shall not have the right to receive the amount of the salary reduction in cash or in any other way except the annuity or retirement income contract. Funds used for the purchase of an annuity or retirement income contract shall not be in lieu of any amount earned by the faculty member, administrative officer or employee before his election for a salary reduction has become effective. The agreement for salary reductions referred to herein shall be effected under any necessary regulations and procedures adopted by the various boards of trustees of the various institutions of higher learning and on forms prepared by said boards of trustees. Notwithstanding any other provision of this section or law, the amount by which the salary of any faculty member, administrative officer or employee is reduced pursuant to this section shall not be excluded, but shall be included, in computing and making payroll deductions for social security and retirement system purposes, and in computing and providing matching funds for retirement system purposes. (1965, c. 365.)
§ 116-46.3. Participation in sixth-year program of graduate instruction for superintendents, assistant superintendents, and principals of public schools.—Notwithstanding any other provision of law or the regulations of any administrative agency the educational institutions of East Carolina College, North Carolina College of Durham, Appalachian State Teachers College, and Western Carolina College, are hereby authorized and shall be eligible colleges to participate in the sixth-year program adopted by the State Board of Education February 4, 1965, to provide a minimum of 60 semester hours of approved graduate, planned, nonduplicating instruction not beyond the masters degree for the education of superintendents, assistant superintendents, and principals of public schools. The satisfactory completion of such program and instruction shall qualify a person for the same certificate and stipend as now provided for other eligible educational institutions. (1965, c. 632.)

§ 116-46.4. School of medicine authorized at East Carolina College; meeting requirements of accrediting agencies.—The board of trustees of East Carolina College is hereby authorized to create a school of medicine at East Carolina College, Greenville, North Carolina.

The school of medicine shall meet all requirements and regulations of the Council on Medical Education and Hospitals of the American Medical Association, The Association of American Medical Colleges, and other such accrediting agencies whose approval is normally required for the establishment and operation of a two-year medical school. (1965, c. 986, ss. 1, 2.)

Editor's Note.—Section 4 of the act inserting this section provides that if the conditions imposed by ss. 3 and 4 of the act (as to appropriations) have not been met by Jan. 1, 1967, and accreditation granted, the Board of Higher Education shall study the proposal for an East Carolina College medical school and first give its approval before the college continues or implements a program for a two- or four-year school of medicine.

ARTICLE 3.

Community Colleges.

§ 116-47. Short title.—This article shall be known as “The Community College Act.” (1957, c. 1098, s. 1.)

Cross Reference.—See Editor's Note to § 116-45.

§ 116-48. Purpose.—The purpose of this article is to provide a plan of organization and operation for community colleges, to serve as a legislative charter for such colleges, and to authorize the levy of taxes and issuance locally of bonds for the support thereof. Provided, no additional community colleges shall be organized or operated pursuant to the provisions of this article after the effective date of chapter 115A of the General Statutes of North Carolina, “Community Colleges, Technical Institutes, and Industrial Education Centers.” (1957, c. 1098, s. 2; 1963, c. 448, s. 25.)

Editor's Note. — The 1963 amendment added the proviso.

§ 116-49. Definitions.—As used herein:

(1) The term “community college” is defined to be an educational institution

a. Dedicated primarily to the particular needs of a community or an area,

b. Offering the freshman and sophomore courses of a college of arts and sciences and/or the first or first and second year courses of a two-year technical institute of college grade, and

In addition to the courses above referred to, such college may also offer a variety of occupational, vocational, avocational and recreational training programs. Such college may consist of one or more units operating within the boundaries of one county.

(2) The term “Board of Higher Education” refers to the North Carolina Board of Higher Education. (1957, c. 1098, s. 3.)

System May Consist of More Than One Unit. — This section expressly authorizes a community college system to establish two units. Wynn v. Trustees of Charlotte Community College Sys., 255 N.C. 594, 122 S.E.2d 404 (1961).

At Different Locations. — A board of trustees has full authority to establish two community colleges in different locations and as separate units. Wynn v. Trustees of Charlotte Community College Sys., 255 N.C. 594, 122 S.E.2d 404 (1961).

§ 116-50. Boards of trustees to govern colleges; composition; appointment, terms and qualifications of members; vacancies; election of officers.—(a) Each community college shall be governed by a board of trustees consisting of twelve (12) members, appointed as follows:

Two (2) members by the governing board of the municipality in which the community college is located; provided, that, if the college is not located within the corporate limits of a municipality, then such appointment shall be by the governing board of the largest municipality, according to population, in the county in which the college is located.

Those appointed by a board of county commissioners, or by a county board of education shall be residents of the county (including the municipality) in which the college is located. After the first appointment of the first board of trustees of each college under this article, all terms of all trustees shall commence on July 1. The authority appointing a particular member shall, in the event a vacancy occurs through the loss of such member as a trustee, appoint a member to fill the vacancy for the unexpired term.

(c) The trustees shall elect annually from among their number a chairman and a vice-chairman. They shall also elect a secretary and a treasurer who may, but
§ 116-51. Official title of board of trustees; name of college; powers generally.—The board of trustees of each community college shall be known as “The Trustees of .................” filling in the name of the college; and such designation (“The Trustees of .................”) shall constitute the official corporate name of the college. Such board shall be a body corporate, with all the powers usually conferred upon such bodies and necessary to enable it to acquire, hold and transfer property, make contracts, sue and be sued, and to exercise such other rights and privileges as may be necessary for the management and administration of the college, and for carrying out the provisions and purposes of this article. (1957, c. 1098, s. 5.)

§ 116-52. Enumerated powers of board.—The trustees of each community college shall have authority, in the exercise of which they shall be subject to the provisions of article 16, chapter 116 of the General Statutes:

1. To employ a president, dean or other chief administrative officer of the college upon such terms and conditions as the trustees shall fix and determine.
2. To employ, or to delegate to the chief administrative officer the authority to employ subject to the approval of the trustees, all such other officers, teachers, instructors and employees as may be necessary for the operation of the college and to prescribe their titles and duties.
3. To prescribe the curricula which shall be offered, and the certificates or degrees which shall be awarded upon satisfactory completion of any given course of study.

The determination of the trustees of the land necessary for such purpose shall be conclusive.
9. To receive and accept private donations for such purposes and upon such terms as the donor may prescribe and which are consistent with the provisions of this article.
10. To utilize, pursuant to agreement with any local administrative school unit, any service, property or facilities of any such unit, and, in their
§ 116-53. Appropriations by State.—(a) Appropriations by the State of North Carolina as grants-in-aid to community colleges for operating expenses shall be paid on the basis of a specified sum per student quarter-hour of instruction delivered in a limited curriculum consisting of courses at the freshman and sophomore levels in liberal arts and sciences and in the first and second year offerings of technical institutes of college grade prescribed by the Board of Higher Education. The total annual amounts of these grants-in-aid to each college shall not, except when the Appropriation Act specifically provides otherwise, exceed the total of local public or private funds (exclusive of student fees and charges) made available annually to such college for operating expenses. Certification on forms prescribed by the Board of Higher Education shall be made to said Board and upon approval by said Board payments shall be made by the State disbursing officer to each community college in amounts not in excess of appropriations therefor.

(b) Appropriations by the State of North Carolina for capital or permanent improvements for community colleges shall, except when the Appropriation Act specifically provides otherwise, be on an equal matching fund basis, the moneys raised by a particular community college from public or private sources being matched by an equal amount of State funds, up to but not in excess of appropriations therefor. The sole purposes for which such appropriations may be expended shall be to acquire real property and to construct and equip classrooms, laboratories, administration offices, utility plants, libraries, cafeterias, physical education instructional facilities, and auditorium facilities, in such order of priority as the Board of Higher Education and the Advisory Budget Commission shall determine. Such appropriations shall not be expended for any other purpose, it being expressly intended that the construction of all other facilities and procurement of all other equipment shall be the sole obligation and responsibility of the community college.

Preliminary studies and cost estimates for the construction of all buildings or other capital improvements and proposals for the purchase of all original equipment to be installed or used therein, involving the expenditure of State funds, shall be first submitted to and approved by the Board of Higher Education and the State Budget Bureau.

After approval by the Board of Higher Education and the Budget Bureau, payments shall be made by the State disbursing officer to the community college, within authorized appropriations, according to procedures established by the Budget Bureau. (1957, c. 1098, s. 7; 1961, c. 1099.)

§ 116-54. Local appropriations or bond issues to supplement State appropriations.—When the State of North Carolina has made appropriations for the purpose of financing the cost of capital or permanent improvements for the benefit and use of one or more community colleges on such terms as shall require funds from other sources to supplement that part of said appropriations allocated to a particular community college and the amount of such funds available therefor is insufficient, the board of trustees of said community college may request the board of commissioners of the county in which said community college is situated to provide such funds. Upon receipt of such request said board of commissioners shall, within a reasonable time thereafter, proceed with providing sufficient funds either by appropriation in a manner consistent with the pro-
visions of the County Fiscal Control Act or by issuance of bonds voted in an
election called by said board of commissioners, or by both, as said board of
commissioners may deem expedient. Any such bonds shall be issued pursuant
to the County Finance Act, as amended, and shall be subject to the provisions of
the Local Government Act. The board of commissioners shall not be required
to call an election for the issuance of bonds for the benefit of a community college
within two (2) years after the date of the last preceding election for such pur-
pose. The request to the board of commissioners shall specify the amount of
funds required to be provided in order to match State appropriation: Provided,
the board of trustees may at the same time request an amount in addition to the
amount required to match State appropriation either for the same or for different
purposes for which such State appropriation is made and may at any time request
the board of commissioners may [to] proceed to provide funds to meet such re-
quests for funds not required to match State appropriation by county appropri-
ation or bond issue as hereinafore provided or may modify such request and
proceed or may deny such request. Bonds may be authorized for such amount
required to match State appropriation and for such additional amount by a single
bond order or by separate bond orders in the discretion of the board of commis-
sioners. (1957, c. 1098, s. 8.)

§ 116-55. Disposition of proceeds of local bond issue.—The proceeds
of the sale of bonds issued by a county for a community college, after deducting
therefrom the cost of preparing, issuing and marketing said bonds and the amount
of any accrued interest and premium contained therein, may be turned over to
the board of trustees of such community college, in which event no member of the
board of commissioners of the county nor any county officer shall be liable for
a penalty under the provisions of G.S. 153-107 with respect to the application of
such proceeds. (1957, c. 1098, s. 9.)

Taxpayer May Not Object Because Unit
Racially Segregated.—Plaintiffs alleged the
use of bond proceeds for the construction
of a unit of a community college system
was for an illegal and unauthorized purpose
on the ground it would be operated as a
racially segregated public college facility in
violation of the 14th Amendment of the
U.S. Constitution. Plaintiffs and all other
property owners were subject to the ad
valorem tax levied to provide funds for the
payment of the bonds. No fact alleged in-
dicated plaintiffs would be otherwise af-
fected by the construction and operation
of the college. Upon the facts alleged, no
constitutional right of plaintiffs was denied.
A constitutional question may not be
raised by one whose rights are not directly
and certainly affected. Wynn vy. Trustees
of Charlotte Community College Sys., 255

Funds May Be Used for More Than One
Unit.—The expenditure of public funds to
provide necessary facilities and services at
each of two units of a community college
system is not an expenditure for an illegal
or unauthorized purpose. Wynn v. Trus-
tees of Charlotte Community College Sys.,

§ 116-56. County taxes for maintenance of college; election on
question of levying. — Notwithstanding any constitutional limitation or limita-
tion provided by any general or special law, taxes may be levied by the board of
commissioners of a county for the purpose of financing the cost of operation,
equipment and maintenance of any community college situated within the bound-
aries of the county, and the special approval of the General Assembly is hereby
given for the annual levying of taxes for such special purposes: Provided, that
the levy of such special taxes shall be approved by the vote of a majority of the
qualified voters of such county who shall vote on the question of levying such
taxes in an election held for such purpose. The board of trustees may request
the board of commissioners of the county to call an election, as hereinafter pro-
vided, upon the question of levying such taxes and shall specify in such request
the maximum rate or amount of such taxes. Upon receipt of such request the
board of commissioners of the county shall, within a reasonable time thereafter.
§ 116-57. Election by college to come under article; procedure; provisions as to certain colleges.—Any college now or hereafter eligible, or desiring to become eligible, to receive the benefit of any direct appropriations of the State of North Carolina as a community college, and which desires to take advantage of such appropriations, must first elect to come under the provisions of this article. Such election shall be duly made by the governing board of the college and by such other group or body as may be necessary under the provisions of any charter or bylaws applicable to the college in question.

The resolutions of election to come under the provisions of this article shall include appropriate resolutions:

1. Electing to come under the provisions of this article and to have this article, as written and as subsequently amended, serve as the charter of said college in lieu of any existing charter or other authority under which the existing college is operated;

2. Designating the name by which the community college shall be known;

3. Providing for the transfer and conveyance of all assets owned or used by the existing college to the community college (authority is hereby given to any board of education, board of county commissioners or governing board of any municipality owning funds and properties so used, to transfer and convey same to a community college in the county, without consideration, upon authorization of an annual tax levy for the maintenance of such college);

4. Petitioning the State of North Carolina to approve it as a community college, and

5. Providing that all such resolutions of election are adopted subject to approval of such institution by the State of North Carolina as a community college and subject to the authorization of an annual tax levy by a vote of the people of the county in which the college is located.

The petition of the college for approval, accompanied by a copy of all resolutions of election to come under the provisions of this article, duly certified by the president or chairman of the governing board of the college and attested by the secretary, shall be submitted to the Board of Higher Education for approval. Written approval of the petition by the Board of Higher Education and the Ad-
visory Budget Commission, and by the Attorney General as to form and legality, shall constitute approval by the State of North Carolina, subject to an authorization of an annual tax levy as aforesaid.

The petition for approval as a community college of any existing college which, prior to June 5, 1957, has received appropriations from State funds and is receiving public support from any county and/or municipal tax or nontax revenues may be approved, and may operate as a community college under this article, without an authorization of an annual tax levy by a vote of the people of the county in which the college is located.

For good cause shown, the Board of Higher Education and the Advisory Budget Commission may approve the petition of the petitioning college without requiring the transfer of all funds and properties used by it to the community college, provided that the petitioner shall comply with such conditions as said Board and Commission may impose to assure the provision of adequate facilities for the community college. Following approval of the State of North Carolina as aforesaid, the board of commissioners of the county in which the college is located shall, within a reasonable time after receiving a request from the governing board of the college therefor, submit at an election the question of levying taxes to finance the operation, equipment and maintenance thereof. Such election shall be called and held in accordance with the provisions of § 116-56.

If the governing board of the existing college shall submit to the Board of Higher Education, within eighteen months after the approval of the college by the State of North Carolina as aforesaid, a certificate of the result of such election showing approval of levying of taxes for the maintenance of the college as a community college, the Board of Higher Education shall, upon receipt thereof, file the resolutions of election, together with written approval thereof as aforesaid, and the certificate of the result of the election in the office of the Secretary of State.

From and after the filing of said documents in the office of the Secretary of State, said college shall be a community college under this article; the existing governing board shall continue to act pending appointment of the first board of trustees under this article; said existing board shall take all such action as shall be necessary and proper to transfer the funds and properties owned or used by the former institution to the new community college and to dissolve or otherwise terminate the former corporation, if such there be. From and after the organization of the new community college this article shall serve as its charter.

Asheville-Biltmore College, Charlotte College (including Carver College), and Wilmington College (including Williston unit) may, by filing with the Board of Higher Education a petition for approval as a community college, receive during the fiscal year July 1, 1957 through June 30, 1958 any appropriations from State funds for operating expenses for community colleges in the manner provided in § 116-53 (a). Such funds may be paid, with the approval of the Board of Higher Education, to the college or to the county or city administrative school unit operating such college. The petitioner shall, prior to June 30, 1958, comply with all of the applicable provisions of this article for qualification as a community college. If the Board of Higher Education shall find that the petitioner is not proceeding with reasonable diligence to comply with the provisions of this article, it is hereby authorized to withhold from such college State appropriations. (1957, c. 1098, s. 11.)

Editor's Note.—"Charlotte College," referred to in the last paragraph of this section, is now "The University of North Carolina at Charlotte." See § 116-39.
to the Board of Higher Education and shall contain such information concerning
the proposed location and plans for the financing and operation of the college as
the Board of Higher Education may require. Written approval of the petition
by the Board of Higher Education and the Advisory Budget Commission, and
by the Attorney General as to form and legality, shall constitute approval by the
State of North Carolina, subject to the authorization of an annual tax levy for
the operation, equipment and maintenance of the proposed college by a vote of
the people of the county in which the college is to be located. Following approval
of the State of North Carolina as aforesaid, the board of commissioners of the
county in which it is proposed that the college shall be located shall, within a
reasonable time after receiving a request from the petitioning county board of
education therefor, submit at an election the question of levying taxes to finance
the operation, equipment and maintenance of such college. The election shall be
called and held in accordance with the provisions of § 116-56.

If, within eighteen months after the approval of the petition by the State of
North Carolina as aforesaid, the petitioning county board of education shall sub-
mitt to the Board of Higher Education a certificate of the result of such election
showing approval of the levying of taxes for the maintenance of the proposed
community college, the Board of Higher Education shall file the petition, together
with the written approval thereof as aforesaid, and the certificate of the result of
the election in the office of the Secretary of State.

From and after the filing of said documents in the office of the Secretary of
State, said proposed college shall be deemed chartered as a community college
under this article; provided, however, that unless and until appropriations shall
be made by the State of North Carolina for the benefit of said college the trustees
who would otherwise be appointed by the Governor of North Carolina, under §
116-50(a), shall be appointed by the petitioning county board of education and
their successors in office and shall all be residents of the county in which the
college is located.

Approval of the petition by the State of North Carolina as aforesaid shall be-
come null and void at the end of eighteen months from the date of such approval
if the election hereinabove provided for authorizing the levying of taxes for the
maintenance of the community college shall not have been held and voted upon
favorably within that time. (1957, c. 1098, s. 12.)

§ 116-59. Board of Higher Education authorized to establish mini-
mum standards.—The Board of Higher Education shall have authority to pre-
scribe minimum standards with respect to student enrollment or prospective
enrollment in academic courses, facilities, and other pertinent matters for approval
as a community college under this article. (1957, c. 1098, s. 13.)

§ 116-60. Payment of expenses of special election under article.—
The cost of any special election held under authority of this article shall be paid
out of the general fund of the county or, in the discretion of the board of com-
missioners of the county and with the concurrence of the board of education of
the county, out of the school current expense fund of the county, and the author-
ity to appropriate from school current expense fund for such cost is hereby given.
(1957, c. 1098, s. 14.)

§ 116-61. Discontinuance as a community college.—A community
college may, by appropriate resolutions of its trustees and of the board of com-
missioners of the county in which it is located elect to discontinue its existence
and operation as a community college under this article as of the end of any regu-
lar school year; provided, however, that any community college which shall have
accepted funds from the State of North Carolina for capital or permanent im-
provements shall, upon its discontinuance as a community college under this
article, pay to the State of North Carolina a sum equal to all appropriations made
§ 116-62. Higher Education § 116-64

by the State to said college for capital or permanent improvements, less 2½% per annum from the date of payment of each such appropriation by the State to the date of such discontinuance as a community college; provided, further, that such payment may, for good cause, be waived in part or in toto by the Governor and the Advisory Budget Commission, acting jointly. If such payment, not being waived, is not made within ninety days after the discontinuance of the college as a community college under this article, such failure to pay shall work an automatic forfeiture of all the assets and property of the college to the State of North Carolina. (1957, c. 1098, s. 15.)

§ 116-62. Construction and effect of article. — This article is in addition to and shall not be construed as superseding or repealing any prior act of the General Assembly establishing or authorizing the establishment of any college or the levy of taxes or the appropriation of local public funds for the support of any college. (1957, c. 1098, s. 17.)

§ 116-62.1. Motor vehicle laws applicable to streets, alleys and driveways on campus of Chowan College; college trustees authorized to adopt traffic regulations.—(a) All the provisions of chapter 20 of the General Statutes relating to the use of the highways of the State and the operation of motor vehicles thereon are hereby made applicable to the streets, alleys and driveways on the campus of Chowan College. Any person violating any of the provisions of said chapter in or on such streets, alleys or driveways on the campus of Chowan College shall, upon conviction thereof, be punished as therein prescribed. Nothing herein contained shall be construed as in any way interfering with the ownership and control of such streets, alleys and driveways on the campus of Chowan College as is now vested by law in the trustees of Chowan College or town of Murfreesboro.

(b) The board of trustees of Chowan College is authorized to make such additional rules and regulations and adopt such additional ordinances with respect to the use of the streets, alleys, driveways, and to the establishment of parking areas on such campus not inconsistent with the provisions of chapter 20, General Statutes of North Carolina, and the ordinances of the town of Murfreesboro, as in its opinion may be necessary. All regulations and ordinances adopted pursuant to the authority of this subsection shall be recorded in the proceedings of the board and printed, and copies of such regulations and ordinances shall be filed in the office of the Secretary of State of North Carolina. Any person violating any such regulations or ordinances shall, upon conviction thereof, be guilty of a misdemeanor, and shall be punishable by fine of not exceeding fifty dollars ($50.00) or imprisonment for not exceeding thirty days.

(c) The board of trustees of Chowan College shall cause to be posted at appropriate places on the campus of Chowan College notice to the public of applicable speed limits and parking laws and ordinances. (1965, c. 688.)

§ 116-65. Board of trustees to govern; appointment of members; terms; officers; title of board; powers generally.—The school shall be governed by a board of trustees consisting of twelve members, appointed by the Governor, who will serve terms of six (6) years, except that, of the first board of trustees appointed pursuant to this article, four members of the said board of trustees shall serve for terms of six (6) years, four members shall serve for terms of four (4) years, and four members shall serve for terms of two (2) years, with all terms to commence on July 1 of the year in which the members shall be appointed. The conductor of the North Carolina Symphony shall be an ex officio member of the board of trustees. In the event of a vacancy arising, the Governor shall appoint a member to fill the vacancy for the unexpired term.

The board of trustees shall elect annually from their number a chairman and a vice-chairman. The board shall also elect a secretary and a treasurer, who may, but need not be, a member of the board of trustees, and the offices of secretary and treasurer may be held by the same person. The meeting for the election of officers shall be held not earlier than July 1 and not later than September 1 of each year. Officers shall be elected to serve for terms of one (1) year, and until their successors are elected and qualified. The board of trustees shall be known as "The Trustees of ................." (here insert name of school) and shall be a body corporate, with all the powers usually conferred upon such bodies and necessary to enable it to acquire, hold and transfer property, make contracts, sue and be sued, and to exercise such other rights and privileges as may be necessary for the management and administration of the school, and for carrying out the provisions and purposes of this article. (1963, c. 1116.)

§ 116-66. Enumerated powers of board.—The trustees of the said school shall have authority, in the exercise of which they shall be advised and assisted by the State Board of Education and the State Board of Higher Education, as the level of training programs for high school and college students in the school may require, and by the advisory board of the school:

(1) To meet, as soon as practicable after appointment, to consider sites which may be offered as a location for the school. From all sites offered, the board of trustees shall recommend to the Governor that site considered most suitable as the location for the said school, and shall, upon the Governor's approval of that site, or of some subsequently recommended site, and pursuant to the authority herein granted to it, establish the school at that approved site.

(2) To select an appropriate name for the school which shall be acceptable to the Governor and the advisory board, and to supporting donors.

(6) To prescribe, with the advice and approval of the State Board of Education and the State Board of Higher Education, as appropriate, and in consultation with the advisory board of the school, the curricula
which shall be offered, and the certificates or degrees which shall be awarded upon satisfactory completion of any given course of study.

(7) To do all things necessary or proper to comply with any conditions which may be prescribed by the State of North Carolina or the United States of America in order to be eligible to receive moneys or other assistance appropriated or designated for the benefit of such institutions.

(8) To fix tuition, fees, and other charges for students attending or applying for attendance at the school.

(9) To prescribe and require the use of entrance examinations, so that professional training shall be made available only to those students who possess exceptional talent in the performing arts.

(11) To utilize, pursuant to agreement with institutions of higher education or with any local administrative school unit, existing facilities and such academic nonarts courses and programs of instruction which will be needed by the students of the school, and, in their discretion, to employ personnel jointly with any such unit on a cooperative, cost sharing basis.

(12) To hold in trust for the State of North Carolina title to all property which may be acquired by the said board for the benefit of the school.

(13) To provide for the management of all the affairs of the school, subject to the applicable laws of the State, and particularly subject to the provisions of the Executive Budget Act, and to provide for the handling and expenditure of all moneys whatsoever belonging to, appropriated to, or in any way acquired by the said institution or board of trustees; to provide for the erection of all buildings, the making of all needed improvements and the maintenance of the physical plant of said school.

(14) To confer and cooperate with the Southern Regional Education Board and with other regional and national organizations to obtain wide support and to establish the school as the center in the South for the professional training and performance of artists.

(15) To perform such other acts and do such other things as may be necessary or proper for the exercise of the foregoing specific powers, including the adoption and enforcement of all reasonable rules, regulations and bylaws for the government and operation of the school under this article and for the discipline of students. (1963, c. 1116.)

§ 116-67. Advisory board.—An advisory board, to consist of at least ten members who shall have achieved national, or international distinction as performers, playwrights, or composers, shall be appointed by the Governor, to serve for terms of eight (8) years each; provided, that of the original advisory board, one third shall be appointed for terms of eight (8) years, one third shall be appointed for terms of six (6) years, and one third shall be appointed for terms of four (4) years. The members of the advisory board shall be notified of all meetings of the board of trustees, and shall be invited to attend such meetings and to advise and counsel with the board of trustees, but the members of the advisory board shall not be entitled to vote. Vacancies arising on the said advisory board shall be filled by election of replacement members by the advisory board, with the approval of the Governor, for terms of eight (8) years, or, if to fill a vacancy arising during an unexpired term, for the remainder of the term of the vacating member. (1963, c. 1116.)
§ 116-68. Endowment fund.—The board of trustees is authorized to establish a permanent endowment fund, and shall perform such duties in relation thereto as are prescribed by the provisions of G.S. 116-46 (7). (1963, c. 1116.)

§ 116-69. Purpose of school program.—The primary purpose of the school shall be the professional training, as distinguished from liberal arts instruction, of talented students in the fields of music, drama, the dance, and allied performing arts, at both the high school and college levels of instruction, with emphasis placed upon performance of the arts, and not upon academic studies of the arts. The said school may also offer high school and college instruction in academic subjects, and such other programs as are deemed necessary to meet the needs of its students and of the State, consistent with appropriations made and gifts received therefor, and may cooperate, if it chooses, with other schools which provide such courses of instruction. The school, on occasion, may accept elementary grade students of rare talent, and shall arrange for such students, in cooperation with an elementary school, a suitable educational program. (1963, c. 1116.)

§ 116-70. Applicable statutes.—All of the powers, duties and responsibilities herein conferred shall be subject to the provisions of article 1, chapter 143 of the General Statutes, entitled “Executive Budget Act,” and article 2, chapter 143 of the General Statutes, entitled “State Personnel Department.” (1963, c. 1116.)

ARTICLE 5.
Loan Fund for Prospective College Teachers.

§ 116-71. Purpose of article.—The purpose of this article is to encourage, assist, and expedite the postgraduate level education and training of competent teachers for the public and private universities, colleges and technical institutions in this State by the granting of loans to finance such study. The funds shall be used to increase the number of teaching faculty as distinguished from research specialists. (1965, c. 1148, s. 1.)

Cross Reference.—See Editor’s Note to § 116-45.

§ 116-72. Fund established.—There is established a loan fund for prospective college teachers to assist capable persons to pursue study and training leading to masters or doctorate degrees in preparation to become teachers in the public and private institutions of education beyond the high school in North Carolina. § 116-73. Joint committee for administration of Fund; rules and regulations.—“The Scholarship Loan Fund for Prospective College Teachers” shall be the responsibility of the State Board of Higher Education and the State Board of Education and will be administered by them through a joint committee, “The College Scholarship Loan Committee.” This committee will operate under the following rules and regulations and under such further rules and regulations as the State Board of Higher Education and the State Board of Education shall jointly promulgate.

§ 116-74. Duration of Fund; use of repaid loans and interest.—The Scholarship Loan Fund for Prospective College Teachers shall continue in effect until terminated by action of the General Assembly of North Carolina. Such amounts of loans as shall be repaid from time to time under the provisions of this article, together with such amounts of interest as may be received on account of loans made shall become a part of the principal amount of said Loan Fund. These funds shall be administered for the same purposes and under the same provisions as are set forth herein to the end that they may be utilized in addition to such further amounts as may be privately donated or appropriated from time to time by public or corporate bodies. ARTICLE 14.

General Provisions as to Tuition Fees in Certain State Institutions.

§ 116-143. State-supported institutions of higher education required to charge tuition fees.—Each of the board of trustees of the several institutions of higher education provided for in articles 1, 2, and 3 of chapter 116 shall fix the tuition and fees for the institution or institutions under its control, in such amount or amounts as it may deem best, taking into consideration the nature of each institution and program of study and the cost of equipment and maintenance; and each board shall charge and collect from each student, at the beginning of each semester or quarter, tuition, fees, and an amount sufficient to pay other expenses for the term.

In the event that said students are unable to pay the cost of tuition and required academic fees as the same may become due, in cash, the said several boards of trustees are hereby authorized and empowered, in their discretion, to accept the obligation of the student or students together with such collateral or security as they may deem necessary and proper, it being the purpose of this article that all students in State institutions of higher learning shall be required to pay tuition, and that free tuition is hereby abolished.

Inasmuch as the giving of tuition and fee waivers, or especially reduced rates, represent in effect a variety of scholarship awards, the said practice is hereby prohibited except where expressly authorized by statute; and, furthermore, it is hereby directed and required that all budgeted funds expended for scholarships of any type must be clearly identified in budget reports.

Where an individual serves as a faculty member on a part-time basis and is enrolled at the same time as a part-time student, a special tuition rate not lower than the North Carolina resident rate may be granted in the discretion of the board of trustees of the institution.

Notwithstanding the above provision relating to the abolition of free tuition, the said boards of trustees of the institutions of higher education provided for in articles 1 and 2 of chapter 116 may, in their discretion, provide regulations under which a full-time faculty member of the rank of full-time instructor or above,
and any full-time staff member, may during the period of normal employment enroll for courses in their respective institutions free of charge for tuition, provided such enrollment does not interfere with normal employment obligations. (1933, c. 320, s. 1; 1939, cc. 178, 253; 1949, c. 586; 1961, c. 833, s. 16.1; 1963, c. 448, s. 27.1; 1965, c. 903.)

Editor's Note.—The 1963 amendment rewrote the first paragraph. The 1965 amendment added the last paragraph.

§ 116-144. Higher fees from nonresidents may be charged.—The provisions of this article shall not be construed to prohibit the several boards of trustees from charging nonresident students tuition in excess of that charged resident students. (1933, c. 320, s. 3.)

§ 116-149. Definitions.—(a) As used in this article, "veteran" means a person who served as a member of the armed forces of the United States at any time between April 6, 1917, the date of the declaration of war with respect to the war known as World War I, and July 2, 1921, or between December 7, 1941, the date of the declaration of war with respect to the war known as World War II, and December 31, 1946, and who was separated from the armed forces under conditions other than dishonorable. A person who was separated from the armed forces under conditions other than dishonorable and whose death or disability was incurred (i) as a direct result of armed conflict or (ii) while engaged in extra-hazardous service including such service under conditions simulating war, shall also be deemed a "veteran" and such death or disability shall be considered wartime service-connected.

(b) As used in this article, "eligible child" means:

(1) A child of a veteran who was a legal resident of North Carolina at the time of said veteran's entrance into the armed forces, or

(2) A veteran's child who was born in North Carolina and has lived in North Carolina continuously since birth. Provided, that the requirement in the preceding sentence as to birth in North Carolina be waived by the North Carolina Veterans Commission if it is shown to the satisfaction of the Commission that the child's mother was a native born resident of North Carolina and was such resident at the time of her marriage to the veteran and was outside the State temporarily at the time of the child's birth, following which the child was returned to North Carolina within a reasonable period of time where said child has since lived continuously.

(3) A child meeting either of the requirements set forth in subdivisions (1) and (2) above, and who was legally adopted by the veteran prior to or during such military service in which such veteran served and/or became disabled or died. (1951, c. 1160, s. 1; 1955, c. 469; 1963, c. 384, s. 1; 1965, c. 749, s. 1.)

Editor's Note. — The 1963 amendment added the proviso to subsection (b) (2). The 1965 amendment added the last sentence in subsection (a).
time they were inducted or whose children were born and remained in the State, and, prima facie, this is a reasonable distinction. Ramsey v. North Carolina Veterans Comm'n, 261 N.C. 645, 135 S.E.2d 659 (1964).

And it was not the purpose of the General Assembly to impose the burden of another state's quota upon the taxpayers of this State. Ramsey v. North Carolina Veterans Comm'n, 261 N.C. 645, 135 S.E.2d 659 (1964).

Constitutionality of Subsection (b). — The provisions of subsection (b) defining those eligible for scholarships as children of veterans resident of North Carolina at the time of induction or a veteran's child who was born in North Carolina and has lived here continuously since birth, is held not unconstitutional as discriminating against children of disabled veterans who have moved their residence to this State after birth of the children. Ramsey v. North Carolina Veterans Comm'n, 261 N.C. 645, 135 S.E.2d 659 (1964).

Limitation on Power of Court. — Should the legislative designation of beneficiaries of scholarships contained in subsection (b) be held unconstitutional, the court would remain without authority to specify a residence requirement and legislate a petitioner into the classification of an "eligible child," as only the General Assembly may amend or rewrite a statute. Ramsey v. North Carolina Veterans Comm'n, 261 N.C. 645, 135 S.E.2d 659 (1964).

§ 116-149.1. "State educational institution" defined to include community college.—The term "State educational institution" as referred to in this article is hereby defined to include any community college operated under the provisions of article 3 of this chapter of the General Statutes of North Carolina. (1965, c. 1160.)

§ 116-150. Scholarship.—A scholarship granted pursuant to this article shall consist of free tuition, room and a reasonable board allowance in any State educational institution and such other items and institutional services as are embraced within the so-called institutional matriculation fees and other special fees and charges required to be paid as a condition to remaining in said institution and pursuing the course of study selected: Provided, the scholarships awarded under the one hundred percent (100%) service-connected disability provision, as the same appears in G.S. 116-151(1) shall be limited to free tuition only.

Every applicant for benefits pursuant to this section shall furnish a statement from the United States Veterans Administration stating such facts as the Administration records disclose showing that the applicant comes within the provisions of this article.

A scholarship granted pursuant to this article shall not extend for a longer period than four academic years with respect to any one child, which years, however, need not be consecutive. (1951, c. 1160, s. 1; 1965, c. 392, s. 1.)

Editor's Note. — The 1965 amendment added the proviso at the end of the first paragraph.

§ 116-151. Classes of eligible children entitled to scholarships.—An eligible child shall be entitled to and granted a scholarship as provided by this article if such child falls within the provisions of any one of the three classes described below, subject to any limitations set out therein. The North Carolina Veterans Commission shall determine the eligibility of applicants, select the scholarship recipients and maintain necessary records on scholarship applications and awards.

(1) Class I: Any eligible child whose father was killed in action or died from wounds or other causes while a member of the armed forces during either period of military service or under the conditions of military service described in § 116-149, or whose father has died as a direct result of injuries, wounds, or other illness contracted during said service, or any eligible child whose father is or was a veteran who, at the time the benefits pursuant to this article are sought to be availed of, is
§ 116-152. Institution reimbursed for free room rent and board.—Any State educational institution furnishing free room rent and board allowance pursuant to this article shall be reimbursed therefrom the State Contingency and Emergency Fund at such rate as the Director of the Budget may determine to be reasonable. (1951, c. 1160, s. 1.)

§ 116-153. Scholarships for children of veterans of World War I dying in veterans hospitals.—Any child of a veteran of World War I who has died or dies in a hospital maintained by the Veterans Administration or after his discharge from such institution as incurable following an illness or disablement for at least five (5) years preceding his death and who leaves no real estate above the homestead exemption and no more than one thousand dollars ($1,000.00) in personal property, shall be awarded the scholarships described
in G.S. 116-150 provided such child was born in North Carolina, is or was a resident of North Carolina upon the death of such veteran, is less than twenty (20) years of age at the time of application for such scholarship, presents reasonable proof for the need of such scholarship, and is a resident of North Carolina at the time of application for such scholarship. Proof of compliance with the requirements of this section and of the need for such scholarship shall be presented to the board of trustees of the institution such child desires to attend. Scholarships provided under this section shall be limited to a standard four (4) year undergraduate course. Provided, however, that benefits hereunder shall be limited to not more than five (5) children in any one school year; provided further, that if more than five (5) children apply for such benefits in any one school year, the North Carolina Veterans Commission shall designate the five (5) children who shall receive such benefits. (1953, c. 1336.)

ARTICLE 16.

§ 116-154. Creation and purpose.—There is hereby created the North Carolina Board of Higher Education. The purpose of the Board shall be, through the exercise of the powers and performance of the duties set forth in this article, to plan and promote the development of a sound, vigorous, progressive, and coordinated system of higher education in the State of North Carolina. In pursuit of this objective the Board will seek the cooperation of all the institutions of higher education and of other educational agencies in planning a system of higher education that will serve all the higher educational needs of the State and that will encourage a high standard of excellence in all institutions composing the system, each operating under the direction of its own board of trustees in the performance of the functions assigned to it. (1955, c. 1186, s. 1; 1959, c. 326, s. 1.)

Editor's Note.—Session Laws 1957, c. 1142, inserting §§ 116-45 and 116-46, provides: “Nothing herein contained shall be taken as repealing or altering any section of G.S. 116-154 through G.S. 116-167; and in the event of any conflict between the provisions of this act and G.S. 116-154 through G.S. 116-167, inclusive, the latter shall control.”

§ 116-155. Definitions.—As used herein:

“Board” refers to the North Carolina Board of Higher Education.

“Higher education” refers to all educational and instructional curricula and services in the university system and the senior colleges.

“Institutions of higher education” and “such institutions” refer to all senior institutions of higher education now existing or hereafter established supported wholly or in part by direct appropriations of the North Carolina General Assembly.

“Senior colleges” refers to all State supported four-year colleges, except the university system. (1955, c. 1186, s. 2; 1965, c. 1096, s. 1.)

Editor's Note. — The 1965 amendment substituted “in the university system and the senior colleges” for “beyond the twelfth grade or its equivalent” in the definition of “Higher education,” inserted “senior” in the definition of “Institutions of higher education,” and added the definition of “Senior colleges.”

§ 116-156. Membership; appointment, term and qualifications; vacancies.—The Board shall consist of fifteen citizens of North Carolina, one of whom shall be a member of the State Board of Education to be appointed by the Governor, eight of whom shall be appointed by the Governor to represent the public at large, but none of whom shall be officers or employees of the State, or officers, employees or trustees of the institutions of higher education, four of whom shall be selected by the boards of trustees of state-supported senior colleges, and two of whom shall be selected by the board of trustees of the University, provided,
no trustee member shall be a member of the General Assembly. The four senior colleges, whose trustees shall select one of their members as a Board member to serve for a two-year term, shall be selected by the Governor in such order of rotation as he may choose every two years; provided, that the right of selection of such Board member shall be rotated among all institutions equally.

Members of the Board other than the six selected by the trustees of institutions shall be appointed by the Governor for terms of six years, except that of the first Board appointed, three members shall serve for two years, three shall serve for four years and three for six years. Terms of all members of the first Board so selected shall commence July 1, 1965.

All regular appointments, except appointments to the first Board, shall be subject to confirmation by the House of Representatives and the Senate in joint session assembled. The Governor shall forward all such appointments, except those of the first Board, to the General Assembly before the fortieth legislative day of each regular session. The Governor shall, without such confirmation, appoint members to fill vacancies for unexpired terms.

Appointees to the Board shall be selected for their interest in and ability to contribute to the fulfillment of the purpose of the Board. All members of the Board shall be deemed members-at-large, charged with the responsibility of serving the best interests of the whole State. (1955, c. 1186, s. 3; 1965, c. 1096, s. 2.)

Editor's Note. — The 1965 amendment rewrote this section.

§ 116-158. Powers and duties generally.—The Board shall have the following specific powers and duties, in the exercise and performance of which it shall be subject to the provisions of article 1, chapter 143 of the General Statutes except as herein otherwise provided:

1. The primary function of the Board of Higher Education shall be to plan and coordinate the major educational functions and activities of higher education in the State and to allot the functions and activities of the institutions of higher education in addition to the purposes specified in articles 1 and 2 of chapter 116 of the General Statutes. The Board shall not, however, allot to any senior college the right to award the doctor's degree. The Board shall give the Governor, the General Assembly and the various institutions advice on higher education policy and problems.

2. In carrying out the duties prescribed in subdivision (1) hereof and subject thereto, the Board shall determine the types of degrees which shall be granted by each of such institutions.

3. The Board shall cause to be made such visits to the institutions as it shall deem necessary and proper in the performance of its duties.

4. The Board shall prescribe uniform statistical reporting practices and policies to be followed by such institutions where it finds such uniformity will promote the purpose of the Board.

5. Subject to the provisions of subdivision (1), all institutions included in the State System of Higher Education shall conform to the educational functions and activities assigned to them respectively; provided, that the Board shall not require any institution to abandon or discontinue any existing educational functions or activities, if, after notice and hearing, the institution is not in agreement with the decision of the Board, until such decision is first recommended to any approved by the General Assembly.
(6) Each institution shall furnish the Board a copy of its biennial budget requests and related data at the same time said requests are furnished to the Advisory Budget Commission. The Board shall review the institutional budget requests to determine whether the same are consistent with the primary purposes of the institution and with the functions and activities allocated to the institution by statute or by the Board. The Board shall concentrate on broad fiscal policy and avoid a line-by-line detailed review of budget requests. The Board shall advise the Advisory Budget Commission and the institution of any budget requests inconsistent with the purposes and allocated functions and activities.

(7) Any requests of an institution for transfers and changes as between objects and items in the approved budget of such institution and involving the establishment of new educational functions or activities shall be submitted to the Board of Higher Education for review to determine the compatibility of the request with the assigned functions of the respective institution.

(8) The Board shall possess such powers as are necessary and proper for the exercise of the foregoing specific powers, including the power to make and enforce such rules and regulations as may be necessary for effectuating the provisions of this article. (1955, c. 1186, s. 5; 1959, c. 326, ss. 2-7; 1965, c. 1096, s. 3.)

Editor's Note.—The 1965 amendment rewrote this section.

§ 116-159. Board's decisions limited by appropriations.—The exercise of the powers conferred on the Board and its decisions of an educational nature shall be made by the Board within the limits of appropriated funds and fiscal availability. (1955, c. 1186, s. 6; 1965, c. 1096, s. 4.)

Editor's Note.—The 1965 amendment deleted a former provision pertaining to approval of fiscal decisions by the Director of the Budget.

§ 116-160. Hearings concerning proposed action.—Before final action is taken by the Board in the exercise of powers conferred by § 116-158, the presidents and such persons as they may designate shall, upon request, be granted an opportunity to be heard by the Board concerning the proposed action. (1955, c. 1186, s. 7; 1959, c. 326, s. 8; 1965, c. 1096, s. 5.)

Editor's Note.—The 1965 amendment deleted former references to subdivisions of § 116-158, and inserted “upon request.”

§ 116-161. Licensing of institutions; regulation of degrees.—(a) No educational institution created or established in this State after April 15, 1923, by any person, firm, or corporation shall have power or authority to confer degrees upon any person except as provided in this section.

(b) The Board of Higher Education, under such standards as it shall establish, may issue its license to confer degrees in such form as it may prescribe to an educational institution established in this State after April 15, 1923, by any person, firm, organization, or corporation; but no educational institution established in the State subsequent to that date shall be empowered to confer degrees unless it has income sufficient to maintain an adequate faculty and equipment sufficient to provide adequate means of instruction in the arts and sciences, or any other recognized field of learning or knowledge.

(c) All institutions licensed under this section shall file such information with the Director of Higher Education as the Board of Higher Education may direct, and the Board may evaluate any institution applying for a license to confer degrees under this section. If any such institution shall fail to maintain the required standards, the Board of Higher Education shall revoke its license to con-
fer degrees, subject to a right of review of this decision in the manner provided in §§ 143-306 through 143-316.

(d) The State Board of Education shall have sole authority to administer and supervise, at the State level, the system of community colleges, technical institutes, and industrial education centers provided in chapter 115A, and shall regulate the granting of appropriate awards and marks of distinction by those institutions. Editor's Note.—The 1963 amendment rewrote this section.

§ 116-162. Biennial reports.—The Board shall prepare and publish biennially a report to the Governor, the General Assembly, and such institutions setting forth the progress, needs and recommendations of the Board. (1955, c. 1186, s. 9.)

§ 116-163. The salary of the Director of Higher Education shall be fixed by the Governor subject to the approval of the Advisory Budget Commission. The Director of Higher Education shall have training and experience in the field of higher education and shall be well qualified to serve as the Director of a State System of Higher Education as contemplated by this article. The Director of Higher Education shall be responsible to the Board and shall perform such duties and exercise such powers as shall be prescribed by the Board. Any institution aggrieved by any action of the Director of Higher Education shall, upon request, be afforded an opportunity to be heard by the Board with respect thereto. The Board shall, within the limits of funds provided by law, appoint such professional staff members as shall be sufficient to carry out the provisions of this article, whose salaries shall be fixed by the Governor subject to the approval of the Advisory Budget Commission, and such other necessary employees who shall be subject to the provisions of article 2, chapter 143 of the General Statutes. (1955, c. 1186, s. 10; 1957, c. 541, s. 21; 1965, c. 1096, s. 6.)

Editor's Note.—The 1965 amendment rewrote the former fifth sentence and made it the present last sentence, made the former last sentence the present fifth sentence, and in such sentence deleted “or decision” formerly appearing between “action” and “of the Director.”

§ 116-164. Compensation and expenses of members.—Members of the Board shall receive no compensation for their services other than such per diem allowances and such allowance for travel expenses as shall be provided in each biennial Appropriation Act for such members. (1955, c. 1186, s. 11.)

§ 116-167. Control over institutions by boards of trustees.—The various boards of trustees of the institutions of higher education shall continue to exercise such control over the institutions as is provided by law, subject only to the North Carolina Board of Higher Education within the limits of its jurisdiction.
tion as herein specified. It is not intended that the trustees of such institutions shall be divested of any powers or initiative now existing with reference to the internal affairs of such institutions, except to the extent that same are affected by the Board’s exercise of the powers and performance of the duties specified in this article. (1955, c. 1186, s. 14.)

**Article 17.**

**College Revolving Fund.**

§ 116-168. Establishment, purpose and nature of Fund; loans.—There is hereby established a revolving fund to be known as the “College Revolving Fund.” The College Revolving Fund shall be separate and distinct from other funds of the State, and shall be used only for the purpose of constructing, reconstructing, renovating, adding to and equipping dormitories and other self-liquidating buildings and facilities at institutions of higher education owned and operated by the State of North Carolina.

The College Revolving Fund shall consist of such moneys as shall from time to time be appropriated to or for it by the General Assembly of North Carolina out of the general fund or other funds of the State, of such moneys, securities or other property as may be donated, bequeathed or devised to it from any other sources, of all moneys received in payment of principal and interest on loans made from said Fund, and of all other income derived from and accretions to said Fund.

Funds accruing to the College Revolving Fund and all notes evidencing loans therefrom shall be deposited with the State Treasurer. The Advisory Budget Commission, under such rules and regulations as it may deem advisable, not inconsistent with the provisions of this article, may, in accordance with priorities of need as determined by the North Carolina Board of Higher Education, make loans from the College Revolving Fund, for the aforesaid purposes, to institutions of higher education owned and operated by the State of North Carolina; provided, however, that no such loan shall be made for any project which shall not have been previously approved by the General Assembly.

Warrants for the payment of money from the College Revolving Fund shall be issued upon the joint order of the chairman of the Advisory Budget Commission and the Board of Higher Education. (1957, c. 1252, s. 1.)

§ 116-169. Terms of loans.—Loans from the College Revolving Fund shall be made upon such terms and conditions as shall be determined by the Advisory Budget Commission, provided, however, that the term of such loans shall not exceed fifty (50) years and interest charged thereon shall not exceed four percent (4%) per annum. All such loans shall be evidenced by a promissory note or notes of the institution to which the loan is made, duly executed in the name of the institution by the chairman of the board of trustees, and attested by its secretary, pursuant to resolution duly adopted by the board of trustees of the institution. No institution to which any such loan is made shall mortgage or otherwise encumber any building or other facility constructed in whole or in part with the proceeds of such loans or encumber any of the revenue derived from such building or facility. (1957, c. 1252, s. 2.)

§ 116-170. How loans secured and paid.—Room rentals for dormitories, and rents, fees, or charges to be made in connection with the use of other facilities or buildings constructed with loans from the College Revolving Fund shall be fixed, and if necessary changed from time to time, pursuant to agreement between the borrowing institution and the Advisory Budget Commission at such amount or amounts as will provide for the operation and maintenance of the
building or other facility and equipment and will insure the liquidation of the loan according to its terms; provided, however, that if agreement cannot be reached, the Advisory Budget Commission shall have authority to fix all such rents, fees and charges. Payments on such loans shall be made by the borrowing institution to the State Treasurer, who shall deposit same in the College Revolving Fund. The borrowing institution shall have the privilege of prepaying such loans and interest accrued thereon without penalty. (1957, c. 1252, s. 3.)

ARTICLE 18.

Scholarship Loan Fund for Prospective Teachers.

§ 116-171. Establishment of Fund.—There is hereby established a revolving loan fund which shall be known as the “Scholarship Loan Fund for Prospective Teachers.” (1957, c. 1237.)

§ 116-172. Appropriations paid into Fund; how administered.—Such funds as may be appropriated by the General Assembly to said Fund or to the State Board of Education for the purpose of a student loan fund for teacher education shall be paid into the Scholarship Loan Fund for Prospective Teachers and administered by the State Board of Education and the State Superintendent of Public Instruction as follows:

During the first year of the 1957-1959 biennium, to provide for prospective teachers not to exceed 300 regular scholarship loans in the amount of not more than three hundred fifty dollars ($350.00) each, and for the second year of the biennium to provide for such persons not to exceed 600 regular scholarship loans in the amount of not more than three hundred fifty dollars ($350.00) each, and for each summer of said biennium to provide for prospective teachers and for teachers taking undergraduate courses not to exceed 200 summer school scholarship loans in the amount of not more than seventy-five dollars ($75.00) each; provided, however, the State Board of Education in its discretion may, within the funds available, vary the number and proportion of regular and summer scholarship loans to be established in any one year.

During years after the first biennium in which this Fund shall be established, loans of the type and amounts provided for during the first biennium shall be made in such numbers and amounts and proportions as the State Board of Education in its discretion may prescribe within the funds available from appropriations or otherwise. (1957, c. 1237.)

§ 116-173. Duration of Fund; loans repaid and interest received added to Fund and administered for same purposes.—The Scholarship Loan Fund for Prospective Teachers shall continue in effect until terminated by action of the General Assembly of North Carolina and such amounts of loans as shall be repaid from time to time under the provisions of this article, together with such amounts of interest as may be received on account of loans made shall become a part of the principal amount of said Loan Fund and shall be administered for the same purposes and under the same provisions as are set forth herein to the end that such funds may be utilized in addition to such further amounts as may be appropriated from time to time by the General Assembly to said Loan Fund. (1957, c. 1237.)

§ 116-174. Fund administered by State Superintendent of Public Instruction; rules and regulations.—The Scholarship Loan Fund for Prospective Teachers shall be administered by the State Superintendent of Public Instruction, under the following rules and regulations, and under such further rules and regulations as the State Board of Education shall in its discretion promulgate:
§ 116-174

(1) Any resident of North Carolina who is interested in preparing to teach in the public schools of the State shall be eligible to apply in writing to the State Superintendent of Public Instruction for a regular scholarship loan in the amount of not more than three hundred fifty dollars ($350.00) per academic school year and any such person or any person who is teaching in the public schools of the State and is interested in taking further undergraduate courses shall be eligible to apply for a summer school scholarship loan in the amount of not more than seventy-five dollars ($75.00). Recipients of scholarship loans may attend any North Carolina college or university, public or private, which offers teacher training or work leading to teacher training and which is approved by the State Board of Education; except that scholarship loans may not be used in obtaining credit through correspondence or extension courses.

(2) All scholarship loans shall be evidenced by notes made payable to the State Board of Education which shall bear interest at the rate of 4% per annum from and after September 1 following fulfillment by a prospective teacher of the requirements for a teacher’s certificate based upon the bachelor’s degree; or in the case of persons already teaching in the public schools who obtain scholarship loans such notes shall bear interest at the prescribed rate from and after September 1 of the school year beginning immediately after the use of such scholarship loans; or in the event any such scholarship shall be terminated under the provisions of subdivision (3) of this section then such notes shall bear interest from the date of such termination. A minor recipient who signs such note or notes shall also obtain the endorsement thereon by a parent, if there be a living parent, unless such endorsement is waived by the Superintendent of Public Instruction. Such minor recipient shall be obligated upon such note or notes as fully as if he or she were of age and shall not be permitted to plead such minority as a defense in order to avoid the obligations undertaken upon such note or notes.

(3) Each recipient of a scholarship loan under the provisions of this program shall be eligible for scholarship loans each year until he has qualified for a teacher’s certificate based upon the bachelor’s degree, but he shall not be so eligible for more than four years nor after qualifying for said certificate. The permanent withdrawal of any recipient from college or failure of such recipient to do college work in a manner acceptable to the State Superintendent of Public Instruction will immediately forfeit such recipient’s right to retain such scholarship and subject such scholarship to termination by the State Superintendent of Public Instruction in his discretion. All terminated scholarships shall be regarded as vacant and subject to being awarded to other eligible persons.

(4) Except under emergency conditions acceptable to the State Superintendent of Public Instruction, recipients of scholarship loans shall enter the public school system of North Carolina at the beginning of the next school term after qualifying for a teacher's certificate, based upon the bachelor's degree, or, in case of persons already teaching in the public schools, at the beginning of the next school term after the use of such loan. All teaching service for which the recipient of any scholarship loan is obligated shall be rendered within seven (7) years after the completion of the use of each such scholarship loan.

(5) For each full school year taught in a North Carolina public school the recipient of a scholarship loan shall receive credit upon the amount due by reason of such loan equal to all interest accrued upon the loan.
§ 116-174.1  Ch. 116. Higher Education § 116-175

§ 116-174.1. Minors authorized to borrow for higher education; interest; requirements of loans.—All minors in North Carolina of the age of 17 years and upwards shall have full power and authority to enter into written contracts of indebtedness with persons, North Carolina firms and corporations and to execute notes evidencing such indebtedness, which notes shall bear interest, if any, at no greater than six percent (6%) per annum. Such loans shall be:

(1) Unsecured by the conveyance of any property as security, whether real, personal or mixed;

(2) For the sole purpose of borrowing money to obtain a higher education at a North Carolina college, university, junior college, or industrial education center; provided, however, that none of the proceeds of any such loans shall be used to pay for any correspondence courses;

(3) The proceeds of the loan shall be disbursed either directly to a college, university, junior college, or industrial education center for the benefit of the borrower, or jointly to the borrower and the college, university, junior college, or industrial center. (1963, c. 780.)

§ 116-175. Definitions.—As used in this article, the following words and terms shall have the following meanings, unless the context shall indicate another or different meaning or intent.

(1) The word “board” shall mean the board of trustees of any of the following: The University of North Carolina, Agricultural and Technical College of North Carolina, Appalachian State Teachers College, East Carolina College, Elizabeth City State College, Fayetteville State
Teachers College, North Carolina College at Durham, Pembroke State College, Western Carolina College, and Winston-Salem State College, Asheville-Biltmore College, and Wilmington College.

(2) The word “cost” as applied to a project shall include the cost of acquisition or construction, the cost of all labor, materials and equipment, the cost of all lands, property, rights and easements acquired, financing charges, interest prior to and during construction and, if deemed advisable by the board, for one year after completion of construction, cost of plans and specifications, surveys and estimates of cost and/or revenues, cost of engineering and legal services, and all other expenses necessary or incident to such acquisition or construction, administrative expense and such other expenses, including reasonable provision for initial operating expenses, as may be necessary or incident to the financing herein authorized. Any obligation or expense incurred by the board prior to the issuance of bonds under the provisions of this article in connection with any of the foregoing items of cost may be regarded as a part of such cost.

(3) The word “institution” shall mean each of the institutions enumerated in § 116-2 and § 116-45.

(4) The word “project” shall mean and shall include any one or more buildings for student housing of any size or type approved by the board of trustees, the Board of Higher Education, and the Advisory Budget Commission, and any enlargements or improvements thereof or additions thereto, so approved for the housing of students at either institution, together with the necessary land and equipment. The approval of a project by the Board of Higher Education and the Advisory Budget Commission shall specify a time within which construction contracts shall be awarded. (1957, c. 1131, s. 1; 1963, cc. 421, 422; c. 448, s. 20.1; c. 1158, ss. 1, 1½; 1965, c. 31, s. 3.)

Cross References.—As to revenue bonds for services and auxiliary facilities at the University of North Carolina, see §§ 116-41.1 to 116-41.12.

As to change of name of Winston-Salem Teachers College to Winston-Salem State College and Fayetteville State Teachers College to Fayetteville State College, see § 116-45 and note thereto.

Editor’s Note. — Pursuant to Session Laws 1963, c. 422, codified as § 116-45.1, “Elizabeth City State College” has been substituted for “Elizabeth City State Teachers College” in subdivision (1). Session Laws 1963, c. 448, s. 20.1, rewrote subdivision (3).

Session Laws 1963, c. 448, s. 1, added “Asheville-Biltmore College, Charlotte College and Wilmington College” at the end of subdivision (1). Session Laws 1963, c. 1158, s. 1½, added the same words at the end of subdivision (3). However, subdivision (3) had been rewritten by Session Laws 1963, c. 448, s. 20.1, and as rewritten it includes the three colleges by referring to § 116-45, to which they were added by Session Laws 1963, c. 448, s. 21. Subdivision (3) is set out above as rewritten by Session Laws 1963, c. 448, s. 20.1.

The 1965 amendment deleted “Charlotte College” following “Asheville-Biltmore College” in subdivision (1).

§ 116-176. Issuance of bonds.—The board is hereby authorized to issue, subject to the approval of the Advisory Budget Commission, at one time or from time to time, revenue bonds of the board for the purpose of acquiring or constructing any project or projects. The bonds of each issue shall be dated, shall mature at such time or times not exceeding fifty years from their date or dates, shall bear interest at such rate or rates not exceeding five per centum (5%) per annum, as may be determined by the board, and may be redeemable before maturity, at the option of the board, at such price or prices and under such terms and conditions as may be fixed by the board prior to the issuance of the bonds. The board shall determine the form and manner of execution of the bonds, including any interest coupons to be attached thereto, and shall fix the denomination
or denominations of the bonds and the place or places of payment of principal and interest, which may be at any bank or trust company within or without the State. In case any officer whose signature or a facsimile of whose signature shall appear on any bonds or coupons shall cease to be such officer before the delivery of such bonds, such signature or such facsimile shall nevertheless be valid and sufficient for all purposes the same as if he had remained in office until such delivery. Notwithstanding any of the other provisions of this article or any recitals in any bonds issued under the provisions of this article, all such bonds shall be deemed to be negotiable instruments under the laws of this State. The bonds may be issued in coupon or registered form or both, as the board may determine, and provision may be made for the registration of any coupon bonds as to principal alone and also as to both principal and interest, and for the reconversion into coupon bonds of any bonds registered as to both principal and interest. The board may sell such bonds in such manner, at public or private sale, and for such price, as it may determine to be for the best interests of the board, but no sale shall be made at a price so low as to require the payment of interest on the money received therefor at more than five per centum (5%) per annum, computed with relation to the absolute maturity or maturities of the bonds in accordance with standard tables of bond values, excluding, however, from such computation the amount of any premium to be paid on redemption of any bonds prior to maturity.

The proceeds of the bonds of each issue shall be used solely for the purpose for which such bonds shall have been authorized and shall be disbursed in such manner and under such restrictions, if any, as the board may provide in the resolution authorizing the issuance of such bonds or in the trust agreement hereinafter mentioned securing the same. Unless otherwise provided in the authorizing resolution or in the trust agreement securing such bonds, if the proceeds of such bonds, by error of estimates or otherwise, shall be less than such cost, additional bonds may in like manner be issued to provide the amount of such deficit and shall be deemed to be of the same issue and shall be entitled to payment from the same fund without preference or priority of the bonds first issued for the same purpose.

The resolution providing for the issuance of revenue bonds, and any trust agreement securing such bonds, may also contain such limitations upon the issuance of additional revenue bonds as the board may deem proper, and such additional bonds shall be issued under such restrictions and limitations as may be prescribed by such resolution or trust agreement.

Prior to the preparation of definitive bonds, the board may, under like restrictions, issue interim receipts or temporary bonds, with or without coupons, exchangeable for definitive bonds when such bonds shall have been executed and are available for delivery. The board may also provide for the replacement of any bonds which shall become mutilated or be destroyed or lost.

Bonds may be issued by the board under the provisions of this article, subject to the approval of the Advisory Budget Commission, but without obtaining the consent of any other commission, board, bureau or agency of the State, and without any other proceedings or the happening of any other conditions or things than those consents, proceedings, conditions or things which are specifically required by this article.

Revenue bonds issued under the provisions of this article shall not be deemed to constitute a debt of the State of North Carolina or a pledge of the faith and credit of the State, but such bonds shall be payable solely from the funds herein provided therefor and a statement to that effect shall be recited on the face of the bonds. (1957, c. 1131, s. 2.)
such facilities or to receive any such services. Such rentals shall be fixed and revised so that the revenues received by the board from any project or projects, together with any other available funds, will be sufficient at all times

1. To pay the cost of maintaining, repairing and operating such project or projects, including reserves for such purposes, and
2. To pay when added to increased rentals from existing facilities the principal of and the interest on the bonds for the payment of which such revenues are pledged and to provide reserves therefor.

The board shall increase the rentals for the facilities furnished by any existing dormitories at any institution to provide, to the extent necessary, additional funds to liquidate in full any revenue bonds issued under this article.

The board is further authorized to make and enforce and to contract to make and enforce parietal rules that shall insure the maximum use of any project or existing facilities. (1957, c. 1131, s. 3.)

§ 116-178. Trust agreement.—In the discretion of the board and subject to the approval of the Advisory Budget Commission, each or any issue of revenue bonds may be secured by a trust agreement by and between the board and a corporate trustee, which may be any trust company or bank having the powers of a trust company within or without the State. The resolution authorizing the issuance of the bonds or such trust agreement may pledge to the extent necessary the revenues to be received from any project or projects at any institution and from any similar existing facilities described in § 116-175 (4) at the same institution, in excess of amounts now charged to each occupant of such project, but shall not convey or mortgage any such project or existing facilities, and may contain such provisions for protecting and enforcing the rights and remedies of the bondholders as may be reasonable and proper and not in violation of law, including covenants setting forth the duties of the board in relation to the acquisition or construction of such project or projects and in relation to the maintenance, repair, operation and insurance of such project or projects and such existing facilities, the fixing and revising of rentals and other charges; and, the custody, safeguarding and application of all moneys, and for the employment of consulting engineers or architects in connection with such acquisition, construction or operation. Notwithstanding the provisions of any other law the board may carry insurance on any such project or projects in such amounts and covering such risks as it may deem advisable. It shall be lawful for any bank or trust company incorporated under the laws of the State of North Carolina which may act as depository of the proceeds of bonds or of revenues to furnish such indemnifying bonds or to pledge such securities as may be required by the board. Such resolution or trust agreement may set forth the rights and remedies of the bondholders and of the trustees, if any, and may restrict the individual right of action by bondholders. Such resolution or trust agreement may contain such other provisions in addition to the foregoing as the board may deem reasonable and proper for the security of the bondholders.

The board may provide for the payment of the proceeds of the sale of the bonds and the revenues of any project or existing facilities or part thereof to such officer, board or depository as it may designate for the custody thereof, and for the method of disbursement thereof, with such safeguards and restrictions as it may determine. All expenses incurred in carrying out the provisions of such resolution or trust agreement may be treated as a part of the cost of operation.

All pledges of revenues under the provisions of this article shall be valid and binding from the time when such pledges are made. All such revenues so pledged and thereafter received by the board shall immediately be subject to the lien of such pledges without any physical delivery thereof or further action, and the lien of such pledges shall be valid and binding as against all parties having claims of
§ 116-179. Sale of bonds; functions performed by executive committee.—The board may authorize its executive committee to sell any bonds which the board has, with the approval of the Advisory Budget Commission, authorized to be issued under this article in such manner and under such limitations or conditions as the board shall prescribe and to perform such other functions under this article as the board shall determine. (1957, c. 1131, s. 5.)

§ 116-180. Moneys received deemed trust funds.—All moneys received pursuant to the authority of this article shall be deemed to be trust funds, to be held and applied solely as provided in this article. The resolution authorizing the issuance of bonds or the trust agreement securing such bonds shall provide that any officer to whom, or bank, trust company or fiscal agent to which, such moneys shall be paid shall act as trustee of such moneys and shall hold and apply the same for the purposes hereof, subject to such regulations as such resolution or trust agreement may provide. (1957, c. 1131, s. 6.)

§ 116-181. Remedies.—Any holder of revenue bonds issued under the provisions of this article or of any of the coupons appertaining thereto, and the trustee under any trust agreement, except to the extent that the rights herein given may be restricted by the resolution authorizing the issuance of such bonds or by such trust agreement, may, either at law or in equity, by suit, action, mandamus or other proceeding, protect and enforce any and all rights under the laws of the State of North Carolina or granted hereunder or under such resolution or trust agreement, and may enforce and compel the performance of all duties required by this article or by such resolution or trust agreement to be performed by the board or by any officer thereof, including the fixing, charging and collecting of fees, rentals and other charges. (1957, c. 1131, s. 7.)

§ 116-182. Refunding bonds.—The board is hereby authorized, subject to the approval of the Advisory Budget Commission, to issue from time to time revenue refunding bonds for the purpose of refunding any revenue bonds issued by the board in connection with any project or projects at any one institution, including the payment of any redemption premium thereon and any interest accrued or to accrue to the date of redemption of such bonds. The board is further authorized, subject to the approval of the Advisory Budget Commission, to issue from time to time revenue refunding bonds for the combined purpose of

(1) Refunding any revenue bonds or revenue refunding bonds issued by the board in connection with any project or projects at any one institution, including the payment of any redemption premium thereon and any interest accrued or to accrue to the date of redemption of such bonds, and

(2) Paying all or any part of the cost of acquiring or constructing any additional project or projects at the same institution.

The issuance of such bonds, the maturities and other details thereof, the rights and remedies of the holders thereof, and the rights, powers, privileges, duties and obligations of the board with respect to the same, shall be governed by the foregoing provisions of this article insofar as the same may be applicable. (1957, c. 1131, s. 8.)

Cross Reference.—As to refunding bonds issued under this article, see § 116-195.

§ 116-183. Acceptance of grants; exemption from taxation.—The board is hereby authorized, subject to the approval of the Advisory Budget Commission, to accept grants of money or materials or property of any kind for any project from a federal agency, private agency, corporation or individual, upon
such terms and conditions as such federal agency, private agency, corporation or individual may impose. The bonds issued under the provisions of this article and the income therefrom shall at all times be free from taxation within the State. (1957, c. 1131, s. 9.)

§ 116-184. Article cumulative.—This article shall be deemed to provide an additional and alternative method for the doing of the things authorized hereby and shall be regarded as supplemental and additional to powers conferred by other laws, and shall not be regarded as in derogation of or as repealing any powers now existing under any other law, either general, special or local; provided, however, that the issuance of revenue bonds or revenue refunding bonds under the provisions of this article need not comply with the requirements of any other law applicable to the issuance of bonds. (1957, c. 1131, s. 10.)

§ 116-185. Inconsistent laws declared inapplicable.—All general, special or local laws, or parts thereof, inconsistent herewith are hereby declared to be inapplicable to the provisions of this article. (1957, c. 1131, s. 11.)

Article 20.

Motor Vehicles of Students.

§ 116-186. Registration and regulation of motor vehicles maintained and operated by students on campuses.—The respective boards of trustees of the institutions enumerated in articles 1, 2, and 3 of chapter 116 of the General Statutes may adopt reasonable rules and regulations governing the registration and operation on the campuses thereof of motor vehicles maintained and operated by students enrolled therein and may, in connection with such registration, charge a fee therefor not in excess of twenty-five dollars ($25.00) annually, which fee shall be placed in a special fund at each institution, to be used by appropriate resolution of the board of trustees to develop, maintain, and supervise parking areas and facilities. No fee shall be charged on those motor vehicles operated by physically handicapped students. (1961, c. 1192; 1963, cc. 421, 422; 1965, c. 31, s. 3.)

Editor's Note.—The 1965 amendment rewrote the section.

(1963, c. 847, s. 1.)

§ 116-188. Credit and taxing power of State not pledged; statement on face of bonds.—Revenue bonds issued as in this article provided shall not be deemed to constitute a debt or liability of the State or any political subdivision thereof or a pledge of the faith and credit of the State or of any such political subdivision, but shall be payable solely from the funds herein provided therefor from revenues. All such revenue bonds shall contain on the face thereof a statement to the effect that neither the State nor the board (herein mentioned) shall be obligated to pay the same or the interest thereon except from revenues as herein defined and that neither the faith and credit nor the taxing power
of the State or of any political subdivision or instrumentality thereof is pledged to the payment of the principal of or the interest on such bonds. The issuance of revenue bonds hereunder shall not directly or indirectly or contingently obligate the State or any political subdivision thereof to levy or to pledge any taxes whatsoever therefor. (1963, c. 847, s. 2.)

(4) To establish and enforce, and to agree through any resolution or trust agreement authorizing or securing bonds under this article to make and enforce, rules and regulations for the use of and services rendered by any project or projects and any existing facilities, including parietal rules, when deemed desirable by the board, to provide for the maximum use of any project or projects and any existing facilities;

(5) To acquire, hold, lease and dispose of real and personal property in the exercise of its powers and the performance of its duties hereunder and to lease all or any part of any project or projects and any existing facilities for such period or periods of years, not exceeding forty (40) years, upon such terms and conditions as the board determines subject to the provisions of G.S. 143-341;

§ 116. Higher Education § 116-191

(8) To receive and accept from any federal, State or other public agency and any private agency, person or other entity donations, loans, grants, aid or contributions of any money, property, labor or other things of value for any project or projects, and to agree to apply and use the same in accordance with the terms and conditions under which the same are provided; and

(9) To do all acts and things necessary or convenient to carry out the powers granted by this article. (1963, c. 847, s. 4.)

§ 116-191. Issuance of bonds.—The board is hereby authorized to issue, subject to the approval of the Advisory Budget Commission, at one time or from time to time, revenue bonds of the board for the purpose of paying all or any part of the cost of acquiring, constructing or providing any project or projects. The bonds of each issue shall be dated, shall mature at such time or times not exceeding fifty (50) years from their date or dates, shall bear interest at such rate or rates not exceeding five per centum (5%) per annum, as may be determined by the board, and may be redeemable before maturity, at the option of the board, at such price or prices and under such terms and conditions as may be fixed by the board prior to the issuance of the bonds. The board shall determine the form and manner of execution of the bonds, including any interest coupons to be attached thereto, and shall fix the denomination or denominations of the bonds and the place or places of payment of principal and interest, which may be at any bank or trust company within or without the State. In case any officer whose signature or a facsimile of whose signature shall appear on any bonds or coupons shall cease to be such officer before the delivery of such bonds, such signature or such facsimile shall nevertheless be valid and sufficient for all purposes the same as if he had remained in office until such delivery. Notwithstanding any of the other provisions of this article or any recitals in any bonds issued under the provisions of this article, all such bonds shall be deemed to be negotiable instruments under the laws of this State, subject only to the provisions for registration in any resolution authorizing the issuance of such bonds or any trust agreement securing the same. The bonds may be issued in coupon or registered form or both, as the board may determine, and provision may be made for the registration of any coupon bonds as to principal alone and also as to both principal and interest, and for the reconversion into coupon bonds of any bonds registered as to both principal and interest. The board may sell such bonds in such manner, at public or private sale, and for such price, as it may determine to be for the best interests of the board, but no sale shall be made at a price so low as to require the payment of interest on the money received therefor at more than five per centum (5%) per annum, computed with relation to the absolute maturity or maturities of the bonds in accordance with standard tables of bond values, excluding, however, from such computation the amount of any premium to be paid on redemption of any bonds prior to maturity.

The proceeds of the bonds of each issue shall be used solely for the purpose for which such bonds shall have been authorized and shall be disbursed in such manner and under such restrictions, if any, as the board may provide in the resolution authorizing the issuance of such bonds or in the trust agreement hereinafter mentioned securing the same. Unless otherwise provided in the authorizing resolution or in the trust agreement securing such bonds, if the proceeds of such bonds, by error of estimates or otherwise, shall be less than such cost, additional bonds may in like manner be issued to provide the amount of such deficit and shall be deemed to be of the same issue and shall be entitled to payment from the same fund without preference or priority of the bonds first issued for the same purpose.

The resolution providing for the issuance of revenue bonds, and any trust
agreement securing such bonds, may also contain such limitations upon the is-
suance of additional revenue bonds as the board may deem proper, and such
additional bonds shall be issued under such restrictions and limitations as may
be prescribed by such resolution or trust agreement.

Prior to the preparation of definitive bonds, the board may, under like restric-
tions, issue interim receipts or temporary bonds, with or without coupons, ex-
changeable for definitive bonds when such bonds shall have been executed and
are available for delivery. The board may also provide for the replacement of
any bonds which shall become mutilated or be destroyed or lost.

Except as herein otherwise provided, bonds may be issued under this article
and other powers vested in the board under this article may be exercised by the
board without obtaining the consent of any department, division, commission,
board, bureau or agency of the State and without any other proceedings or the
happening of any other conditions or things than those proceedings, conditions
or things which are specifically required by this article. (1963, c. 847, s. 5.)

§ 116-192. Trust agreement; money received deemed trust funds;
insurance; remedies.—In the discretion of the board and subject to the ap-
proval of the Advisory Budget Commission, any revenue bonds issued under this
article may be secured by a trust agreement by and between the board and a cor-
porate trustee (or trustees) which may be any trust company or bank having the
powers of a trust company within or without the State. Such trust agreement or
the resolution providing for the issuance of such bonds may pledge or assign the
revenues to be received, but shall not convey or mortgage any project or projects
or any existing facilities or any part thereof. Such trust agreement or
resolution providing for the issuance of such bonds may contain such provisions for pro-
tection and enforcing the rights and remedies of the holders of such bonds as may
be reasonable and proper and not in violation of law, including covenants setting
forth the duties of the board in relation to the acquisition, construction or provi-
sion of any project or projects, the maintenance, repair, operation and insurance
of any project or projects and any existing facilities, student fees and admission
fees and charges and other fees, rents and charges to be fixed and collected, and
the custody, safeguarding and application of all moneys. It shall be lawful for
any bank or trust company incorporated under the laws of the State which may
act as depositary of the proceeds of bonds or of revenues to furnish such indemni-
fying bonds or to pledge such securities as may be required by the board. Any such
trust agreement or resolution may set forth the rights and remedies of the holders
of the bonds and the rights, remedies and immunities of the trustee or trustees, if
any, and may restrict the individual right of action by such holders. In addition
to the foregoing, any such trust agreement or resolution may contain such other
provisions as the board may deem reasonable and proper for the security of such
holders. All expenses incurred in carrying out the provisions of such trust agree-
ment or resolution may be treated as a part of the cost of the project or projects
for which such bonds are issued or as an expense of operation of such project or
projects, as the case may be.

All moneys received pursuant to the authority of this article, whether as pro-
ceeds from the sale of bonds or as revenues, shall be deemed to be trust funds to
be held and applied solely as provided in this article. The board may provide for
the payment of the proceeds of the sale of the bonds and the revenues, or part
thereof, to such officer, board or depository as it may designate for the custody
thereof, and for the method of disbursement thereof, with such safeguards and
restrictions as it may determine. Any officer with whom, or any bank or trust
company with which, such moneys shall be deposited shall act as trustee of such
moneys and shall hold and apply the same for the purposes hereof, subject to
such requirements as are provided in this article and in the resolution or trust
agreement authorizing or securing such bonds.
Notwithstanding the provisions of any other law the board may carry insurance on any project or projects and any existing facilities in such amounts and covering such risks as it may deem advisable.

Any holder of bonds issued under this article or of any of the coupons appertaining thereto, and the trustee or trustees under any trust agreement, except to the extent the rights herein given may be restricted by such trust agreement or the resolution authorizing the issuance of such bonds, may, either at law or in equity, by suit, action, mandamus or other proceedings, protect and enforce any and all rights under the laws of the State or granted hereunder or under such trust agreement or resolution, and may enforce and compel the performance of all duties required by this article or by such trust agreement or resolution to be performed by the board or by any officer thereof, including the fixing, charging and collecting of fees, rents and charges. (1963, c. 847, s. 6.)

§ 116-193. Fixing fees, rents and charges; sinking fund.—For the purpose of aiding in the acquisition, construction or provision of any project and the maintenance, repair and operation of any project or any existing facilities, the board is authorized to fix, revise from time to time, charge and collect from students enrolled at the institution under its jurisdiction such student fee or fees for such privileges and services and in such amount or amounts as the board shall determine, and to fix, revise from time to time, charge and collect other fees, rents and charges for the use of and for the services furnished or to be furnished by any project or projects and any existing facilities, or any portion thereof, and admission fees for athletic games and other public events, and to contract with any person, partnership, association or corporation for the lease, use, occupancy or operation of, or for concessions in, any project or projects and any existing facilities, or any part thereof, and to fix the terms, conditions, fees, rents and charges for any such lease, use, occupancy, operation or concession. So long as bonds issued hereunder and payable therefrom are outstanding, such fees, rents and charges shall be so fixed and adjusted, with relation to other revenues available therefor, as to provide funds pursuant to the requirements of the resolution or trust agreement authorizing or securing such bonds at least sufficient with such other revenues, if any, (i) to pay the cost of maintaining, repairing and operating any project or projects and any existing facilities any part of the revenues of which are pledged to the payment of the bonds issued for such project or projects, (ii) to pay the principal of and the interest on such bonds as the same shall become due and payable, and (iii) to create and maintain reserves for such purposes. Such fees, rents and charges shall not be subject to supervision or regulation by any other commission, board, bureau or agency of the State. A sufficient amount of the revenues, except such part thereof as may be necessary to pay such cost of maintenance, repair and operation and to provide such reserves therefor and for renewals, replacements, extensions, enlargements and improvements as may be provided for in the resolution authorizing the issuance of such bonds or in the trust agreement securing the same, shall be set aside at such regular intervals as may be provided in such resolution or such trust agreement in a sinking fund which is hereby pledged to, and charged with, the payment of the principal of and the interest on such bonds as the same shall become due and the redemption price or the purchase price of bonds retired by call or purchase as therein provided. Such pledge shall be valid and binding from the time when the pledge is made, the fees, rents and charges and other revenues or other moneys so pledged and thereafter received by the board shall immediately be subject to the lien of such pledge without any physical delivery thereof or further act, and the lien of any such pledge shall be valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the board, irrespective of whether such parties have notice thereof. Neither the resolution nor any trust agreement by which a pledge is created need be filed or recorded except in the
§ 116-194. Vesting powers in executive committee.—The board may authorize its executive committee to sell any bonds which the board has, with the approval of the Advisory Budget Commission, authorized to be issued under this article in such manner and under such limitations or conditions as the board shall prescribe and to perform such other functions under this article as the board shall determine. (1963, c. 847, s. 8.)

§ 116-195. Refunding bonds.—The board is hereby authorized, subject to the approval of the Advisory Budget Commission, to issue from time to time revenue refunding bonds for the purpose of refunding any revenue bonds or revenue refunding bonds issued by the board under chapter 1289 of the 1955 Session Laws of North Carolina or under §§ 116-175 to 116-185, inclusive, of the General Statutes of North Carolina or under this article, including the payment of any redemption premium thereon and any interest accrued or to accrue to the date of redemption of such bonds. The board is further authorized, subject to the approval of the Advisory Budget Commission, to issue from time to time revenue refunding bonds for the combined purpose of (i) refunding any such revenue bonds or revenue refunding bonds issued by the board under said chapter 1289 or under said §§ 116-175 to 116-185, inclusive, General Statutes, or under this article, including the payment of any redemption premium thereon and any interest accrued or to accrue to the date of redemption of such bonds, and (ii) paying all or any part of the cost of acquiring or constructing any additional project or projects.

The issuance of such refunding bonds, the maturities and other details thereof, the rights and remedies of the holders thereof, and the rights, powers, privileges, duties and obligations of the board with respect to the same, shall be governed by the foregoing provisions of this article insofar as the same may be applicable. (1963, c. 847, s. 9.)

§ 116-196. Exemption from taxation; bonds eligible for investment or deposit.—Any bonds issued under this article, including any of such bonds constituting a part of the surplus of any bank, trust company or other corporation, and the transfer of and the income from any such bonds (including any profit made on the sale thereof and all principal, interest and redemption premiums, if any) shall at all times be exempt from all taxes or assessment, direct or indirect, general or special, whether imposed for the purpose of general revenue or otherwise, which are levied or assessed by the State or by any county, political subdivision, agency or other instrumentality of the State. Bonds issued by the board under the provisions of this article are hereby made securities in which all public officers and public bodies of the State and its political subdivisions, all insurance companies, trust companies, banking associations, investment companies, executors, administrators, trustees and other fiduciaries may properly and legally invest funds, including capital in their control or belonging to them. Such bonds are hereby made securities which may properly and legally be deposited with and received by any State or municipal officer or any agency or political subdivision of the State for any purpose for which the deposit of bonds or obligations of the State is now or may hereafter be authorized by law. (1963, c. 847, s. 10.)

§ 116-197. Article provides additional and alternative method.—This article shall be deemed to provide an additional and alternative method for the doing of the things authorized hereby and shall be regarded as supplemental and additional to powers conferred by other laws, including §§ 116-175 to 116-185, inclusive, of the General Statutes of North Carolina, and shall not be regarded as
in derogation of or as repealing any powers now existing under any other law, either general, special or local; provided, however, that the issuance of revenue bonds or revenue refunding bonds under the provisions of this article need not comply with the requirements of any other law applicable to the issuance of bonds. (1963, c. 847, s. 11.)

§ 116-198. Inconsistent laws declared inapplicable.—All general, special or local laws, or parts thereof, inconsistent herewith are hereby declared to be inapplicable to the provisions of this article. (1963, c. 847, s. 12.)

Article 22.

Visiting Speakers at State-Supported Institutions.

§ 116-199. Use of facilities for speaking purposes.—The board of trustees of each college or university which receives any State funds in support thereof, shall adopt and publish regulations governing the use of facilities of such college or university for speaking purposes by any person who:

(1) Is a known member of the Communist Party;
(2) Is known to advocate the overthrow of the Constitution of the United States or the State of North Carolina;
(3) Has pleaded the Fifth Amendment of the Constitution of the United States in refusing to answer any question, with respect to Communist or subversive connections, or activities, before any duly constituted legislative committee, any judicial tribunal, or any executive or administrative board of the United States or any state. (1963, c. 1207, s. 1; 1965, Ex. Sess., c. 1, s. 1.)

Editor’s Note. — The 1965 amendment rewrote the first paragraph. For comment on the barring of speakers from State educational institutions, see 42 N.C.L. Rev. 179 (1963).

§ 116-200. Enforcement of article.—Any such regulations shall be enforced by the board of trustees, or other governing authority, of such college or university, or by such administrative personnel as may be appointed therefor by the board of trustees or other governing authority of such college or university. (1963, c. 1207, s. 2; 1965, Ex. Sess., c. 1, s. 2.)

Editor’s Note. — The 1965 amendment substituted “Any such regulations” for “This article” at the beginning of the section.

Section 3 of the 1965 act provides that neither the act nor the provisions of this article as it appeared prior to the 1965 act should repeal or be construed to repeal any provision of article 4 of chapter 14 of the General Statutes (§§ 14-11 to 14-12.1).

Article 23.

State Education Assistance Authority.

§ 116-201. Definitions.—As used in this article, the following words and terms shall have the following meanings, unless the context shall indicate another or different meaning or intent:

(1) The words “act” or “undertaking” shall mean the official act of the Authority in connection with the acquisition or disposition of all or any part of obligations or interest therein which the Authority is authorized to buy or sell under G.S. 116-202.
(2) The word “Authority” shall mean the State Education Assistance Authority created by this article, or if the Authority shall be abolished, the board, body, commission or agency succeeding to the principal functions thereof or on whom the powers given by this article to the Authority shall be conferred by law.
§ 116-202. Authority may buy and sell students' obligations; undertakings of Authority limited to revenues.—In order to facilitate the college education of residents of this State and promote the industrial and economic development of the State, the State Education Assistance Authority (hereinafter created) is hereby authorized and empowered to buy and sell obligations of students at institutions of higher education representing loans made to such students for the purpose of obtaining an education.

No act or undertaking of the Authority shall be deemed to constitute a debt of the State or of any political subdivision thereof or a pledge of the faith and credit of the State or of any such political subdivision, but shall be payable solely from the funds of the Authority. All such acts and undertakings shall contain on the face thereof a statement to the effect that neither the State nor the Authority shall be obligated to pay the same or the interest thereon except from revenues of the Authority and that neither the faith and credit nor the taxing power of the State or of any political subdivision thereof is pledged to the payment of the principal of or the interest on such acts and undertakings.

All expenses incurred in carrying out the provisions of this article shall be payable solely from funds provided under the provisions of this article and no liability or obligation shall be incurred by the Authority hereunder beyond the extent to which moneys shall have been provided under the provisions of this article. (1965, c. 1180, s. 1.)

§ 116-203. Authority created as subdivision of State; appointment, terms and removal of board of directors; officers; quorum; expenses and compensation of directors.—There is hereby created and constituted a political subdivision of the State to be known as the “State Education Assistance Authority.” The exercise by the Authority of the powers conferred by this article shall be deemed and held to be the performance of an essential governmental function.

The Authority shall be governed by a board of directors consisting of seven members, each of whom shall be appointed by the Governor. Two of the first members of the board appointed by the Governor shall be appointed for terms of one year, two for terms of two years, two for terms of three years, and one for a term of four years from the date of their appointment; and thereafter the members of the board shall be appointed for terms of four years. Vacancies in the membership of the board shall be filled by appointment of the Governor for the unexpired portion of the term. Members of the board shall be subject to removal from office in like manner as are State, county, town and district officers. Immediately after such appointment, the directors shall enter upon the performance of their duties. The board shall annually elect one of its members as chairman and another as vice-chairman, and shall also elect annually a secretary, or a secretary-treasurer, who may or may not be a member of the board. The chairman, or in his absence, the vice-chairman, shall preside at all meetings of the board. In the absence of both the chairman and vice-chairman, the board shall appoint a chairman pro tempore, who shall preside at such meetings. Four directors shall constitute a quorum for the transaction of the business of the Authority, and no vacancy in the membership of the board shall impair the right of a quorum to exercise all the rights and perform all the duties of the Authority. The members of the board shall be entitled to reimbursement for their expenses incurred in attendance upon the meetings of the board or while otherwise engaged in the discharge of their duties. Each member of the board shall also be paid the sum of twenty-five dollars ($25.00) per day for each day or portion thereof during which he is engaged in the performance of his duties. Such expenses and compensation shall be paid out of the treasury.
§ 116-204. **Powers of Authority.**—The Authority is hereby authorized and empowered:

1. To fix and revise from time to time and charge and collect fees for its acts and undertakings;
2. To establish rules and regulations concerning its acts and undertakings;
3. To acquire, hold and dispose of personal property in the exercise of its powers and the performance of its duties;
4. To make and enter into all contracts and agreements necessary or incidental to the performance of its duties and the execution of its powers under this article;
5. To employ, in its discretion, consultants, attorneys, accountants, and financial experts, superintendents, managers and such other employees and agents as may be necessary in its judgment, and to fix their compensation to be payable from funds made available to the Authority by law;
6. To receive and accept from any federal or private agency, corporation, association or person grants to be expended in accomplishing the objectives of the Authority, and to receive and accept from the State, from any municipality, county or other political subdivision thereof and from any other source aid or contributions of either money, property, or other things of value, to be held, used and applied only for the purposes for which such grants and contributions may be made;
7. To sue and to be sued; to have a seal and to alter the same at its pleasure; and to make and from time to time amend and repeal bylaws, rules and regulations not inconsistent with law to carry into effect the powers and purposes of the Authority;
8. To do all other acts and things necessary or convenient to carry out the powers expressly granted in this article; provided, however, that nothing in this article shall be construed to empower the Authority to engage in the business of banking or insurance. (1965, c. 1180, s. 1.)

§ 116-205. **Titles to property; use of State lands; offices.**—(a) Title to any property acquired by the Authority shall be taken in the name of the Authority.

(b) The State hereby consents, subject to the approval of the Governor and Council of State, to the use of any other lands or property owned by the State, which are deemed by the Authority to be necessary for its purposes.

(c) The Authority may establish such offices in state-owned or rented structures as it deems appropriate for its purposes. (1965, c. 1180, s. 1.)

§ 116-206. **Acquisition of contingent interests in obligations from lending institutions; collection of delinquent obligations.**—With the funds available to the Authority, for purposes other than the payment of personnel and the lease or rental of offices or equipment, the Authority may acquire from any bank or other lending institution of this State a contingent interest not exceeding eighty percent (80%) of any individual obligation; the total contingent interest of the Authority on all such obligations shall not exceed at any one time a sum equal to twelve and one-half times the total funds which the Authority can employ to acquire such contingent interests. When the Authority acquires any such contingent interest, it may require the payment to it of a portion of the interest payable upon any such obligation. In each such acquisition, the Authority shall provide that at such time as the obligation becomes delinquent, the bank or other lending institution shall notify the Authority forthwith, and shall transfer forthwith
to the Authority, by assignment or otherwise, an interest in such obligation equal
to the contingent interest of the Authority therein. The bank or other lending in-
stitution and the Authority shall forthwith take such steps as may be necessary
to recover the balance due upon any such obligation; any such recovery shall be
apportioned between the Authority and the bank or other lending institution as
their respective interests may appear. (1965, c. 1180, s. 1.)

§ 116-207. Terms of acquisitions.—The Authority shall prescribe the
terms, conditions and limitations upon which it will acquire a contingent or direct
interest in any obligation and such terms, conditions and limitations shall include,
but without limiting the generality hereof, the interest rate payable upon such ob-
ligations, the maturities thereof, the terms for payment of principal and interest,
applicable life or other insurance which may be required in connection with any
such obligation and who shall pay the premiums thereon, the safekeeping of as-
sets pledged to secure any such undertaking, and any and all matters in connec-
tion with the foregoing as will protect the assets of the Authority. (1965, c.
1180, s. 1.)

§ 116-208. Construction of article.—The provisions of this article shall
be liberally construed to the end that its beneficial purposes may be effectuated.
(1965, c. 1180, s. 1.)

§ 116-209. Trust fund established; use and investment of fund; du-
ties of State Treasurer.—The appropriation made to the Authority under this
article shall be used exclusively for the purpose of acquiring contingent or vested
rights in obligations which it may acquire under this article; such appropriations,
payments, revenue and interest as well as other income received in connection
with such obligations is hereby established as a trust fund. Such fund shall be used
for the purposes of the Authority other than maintenance and operation.

The maintenance and operating expenses of the Authority shall be paid from
funds specifically appropriated for such purposes. No part of the trust fund estab-
lished under this section shall be expended for such purposes.

The Authority shall be the trustee of the trust fund hereby created and shall
have full power to invest and reinvest such funds, subject to the limitation that
no investment shall be made, except upon the exercise of bona fide discretion, in
securities which, at the time of making the investment, are, by statute, permitted
for the investment of reserves of domestic life insurance companies. Subject to
such limitation, the Authority shall have full power to hold, purchase, sell, assign,
transfer or dispose of, any of the securities or investments in which any of the
funds created herein have been invested, as well as of the proceeds of such invest-
ments and any moneys belonging to such funds.

In lieu of exercising all of the powers hereunder with respect to the investment
and reinvestment of the several funds, the Authority may delegate such powers
to the State Treasurer, in which event the State Treasurer shall exercise the in-
vestment powers as prescribed herein.

The State Treasurer shall be the custodian of the assets of the Authority. All
payments from the accounts thereof shall be made by him issued upon vouchers
signed by such persons as are designated by the Authority. A duly attested copy
of a resolution of the Authority designating such persons and bearing on its
face the specimen signatures of such persons shall be filed with the State Treasurer
as his authority for issuing warrants upon such vouchers. (1965, c. 1180, s. 1.)

Editor's Note. — The appropriation re-
ferred to in this section is authorized to be
made from the Contingency and Emer-
gency Fund by s. 2 of the act adding this
article.
