TO: Members of the House Committee on Rules and the House Committee on Education
FROM: Robin S. Johnson, Education Committee Counsel Robin
DATE: July 9, 1997
RE: **HOUSE JOINT RESOLUTION 1004: State Board of Education Confirmation**

The proposed committee substitute for House Joint Resolution names the three individuals appointed by the Governor to fill terms of membership on the State Board of Education. These terms will expire March 31, 2005. The three appointments are Evelyn B. Monroe, John R. Lauritzen, and Jay M. Robinson.

House Joint Resolution 1004 must be adopted in a joint session of the General Assembly. **House Joint Resolution 1054,** which has been ratified, provided for the General Assembly to meet in joint session, upon the call of the Speaker and the President Pro Tempore, for the purpose of acting upon a separate joint resolution confirming the Governor's appointments of new members to the State Board of Education. The Speaker and the President Pro Tempore have scheduled this joint session for July 16, 1997.

Section 4(1) of Article IX of the NC Constitution directs the Governor to appoint 11 members to the State Board of Education for overlapping terms of eight years. Eight members represent the eight educational districts set out in G.S. 115C-65 and three members are at-large. These appointments are subject to confirmation by the General Assembly in joint session. G.S. 115C-10 requires the Governor to submit the names of his appointees to the presiding officers of each chamber, on or before the 60th legislative day, and the General Assembly, pursuant to joint resolution, to meet in joint session to consider the appointments.

This year there are three vacancies: (1) Jay M. Robinson, at-large; (2) Evelyn Bruton Monroe, 4th Education District, which includes Bladen, Columbus, Cumberland, Harnett, Hoke, Lee, Montgomery, Moore, Richmond, Robeson, and Scotland Counties; and (3) Barbara M. Tapscott, 5th Education District, which includes Alamance, Caswell, Chatham, Davidson, Forsyth, Guilford, Orange, Person, Randolph, Rockingham, and Stokes Counties. There is no limit on the number of terms an individual may serve. **This year the following individuals are ineligible for appointment to the State Board:**

(1) Public school employees[1] paid from State or local funds and their spouses;
(2) Employees of the Department of Public Instruction and their spouses; and
(3) Individuals who already hold two appointive offices in State or local government or who hold one elective[2] and one appointive State or local office.

H1004-SMRH-002

[1] One public school employee may serve as an appointed member of the Board; currently, Eddie Davis, a public school teacher, is a member of the Board.

The term 'elective' means filled by an election of the people.

July 16, 1997

The Committee on Rules, Calendar, and Operation of the House met July 16, 1997 at 2:00 p.m. in Room 421 of the Legislative Office Building. Representative Morgan, Committee Chair, called the meeting to order and asked the clerk to call the roll. The following members were present: Representative Bowie, Vice Chair; and Representatives Crawford, Culp, Dockham, Esposito, Gulley, Hill, McMahan, Miner, Mitchell, Neely, and Thompson.

The first bill before the Committee was House Bill 1241 - A JOINT RESOLUTION INVITING DR. JOHN HOPE FRANKLIN TO ADDRESS A JOINT SESSION OF THE HOUSE OF REPRESENTATIVES AND THE SENATE AND INVITING GOVERNOR JAMES B. HUNT, JR. Representative Michaux, bill sponsor, was recognized to explain the bill. Representative Crawford moved for a favorable report. Motion carried.

The next bill before the Committee was House Joint Resolution 1239 - A JOINT RESOLUTION HONORING THE LIFE AND MEMORY OF BARNEY PAUL WOODARD, FORMER MEMBER OF THE GENERAL ASSEMBLY. Staff Counsel, Terrence Sullivan, was recognized to explain the resolution. Representative Neely moved for a favorable report. Motion carried.

House Joint Resolution 1240 - A JOINT RESOLUTION HONORING THE LIFE AND MEMORY OF DAVID E. REYNOLDS, FORMER EXECUTIVE DIRECTOR OF THE NORTH CAROLINA LEAGUE OF MUNICIPALITIES - was the next bill before the Committee. Representative Hackney, bill sponsor, was recognized by the Chair to explain the bill. Representative Hill moved for a favorable report. Motion carried.

The next bill before the Committee was House Bill 420 -A BILL TO BE ENTITLED AN ACT TO AUTHORIZE THE CITY OF KINGS MOUNTAIN TO ANNEX CERTAIN NONCONTIGUOUS PROPERTY, CREATING THE MOSS LAKE AUTHORITY TO ADDRESS ISSUES RELATED TO THE LAKE, AND PROVIDING GUIDELINES FOR THE COLLECTION AND DISBURSEMENT OF FEES GENERATED FROM THE RECREATIONAL USE OF MOSS LAKE. Representative Thompson moved to place the proposed House committee substitute before the Committee for discussion. Motion carried. Representative Clary was recognized to explain the committee substitute and she asked the Chair to recognize Counsel to explain the committee substitute. Giles Perry, staff counsel, was recognized to explain the committee substitute.

Representative Clary was then recognized to further explain the committee substitute. The committee substitute reflected the wishes of a negotiating team that was comprised of representatives from Kings Mountain and homeowners of Moss Lake that met last weekend. Sole annexation of the Moss Lake property that was noncontiguous was the only provision not included in the committee substitute because it would require

a statewide bill to do that. Representative Hill moved for a favorable report to the committee substitute, and an unfavorable report to the original bill, and re-refer the committee substitute to the Committee on Finance. Representative Clary stated that the primary purpose of the committee substitute was to insure that moneys collected by the City of Kings Mountain from the Moss Lake homeowners for lake fees would be spent on patrol and security of Moss Lake. Motion carried.

The boundaries of any area annexed under this act shall not be considered the primary corporate limits of the City for the purpose of Part 4 of Article 4A of Chapter 160A of the General Statutes and shall not be considered the boundary of the municipality for the purpose of Part 1, 2, or 3 of that Article, even if the area becomes contiguous due to annexation of the intervening property.

PART 2. MOSS LAKE AUTHORITY; CREATION; MEMBERS.

Section 3. There is established the Moss Lake Authority, to be composed of five members: three shall be residents of the City of Kings Mountain who are not elected officials or City employees, appointed by the City Council; one shall be a member of the Moss Lake Property Owners' Association, appointed by the Association; and one shall be a member of the Cleveland County Board of

Commissioners, who is neither a resident of Moss Lake nor of the City of Kings Mountain, appointed by the Board. Members shall serve for a term of three years, except that the city clerk of the City of Kings Mountain shall randomly designate two of the initial members to serve initial two-year terms and one of the initial members to serve an initial one-year term.

POWERS AND DUTIES OF THE AUTHORITY AND THE CITY OF KINGS MOUNTAIN.

Section 4. (a) The Authority shall be responsible for addressing issues related to recreation user fees as described in Section 5 of this act, lake patrol, and the recreation-related operation, maintenance, and improvement of the Lake. (b) The Authority, at the expense of the City, shall biennially conduct an independent audit of the Moss Lake Fund receipts and disbursements.

(c) Except as provided by Chapter 166A of the General Statutes or any safety ordinances, homeowners who are current on any user fees or assessments shall have unlimited access to the waterfront contiguous to their property.

The General Assembly of North Carolina enacts:

Section 1. Mount Airy Occupancy Tax. (a) Authorization and scope. The Mount Airy Board of Commissioners may levy a room occupancy tax of up to three percent (3%) of the gross receipts derived from the rental of any room, lodging, or accommodation furnished by a hotel, motel, inn, tourist camp, or similar place within the city that is subject to sales tax imposed by the State under G.S. 105-164.4(a)(3). This tax is in addition to any State or local sales tax. This tax does not apply to accommodations furnished by nonprofit charitable, educational, or religious organizations or by nonprofit summer camps when the accommodations are furnished in furtherance of their nonprofit purpose.

(b) Administration. A tax levied under this section shall be levied, administered, collected, and repealed as provided in G.S. 160A-215. The penalties provided in G.S. 160A-215 apply to a tax levied under this section.

(c) Distribution and use of tax revenue. The City of Mount Airy shall, on a quarterly basis, remit the net proceeds of the occupancy tax to the Mount Airy Tourism Development Authority. The Authority shall use the funds remitted to it under this subsection only to promote travel and tourism in the Mount Airy area. The following definitions apply in this section:

(1) Net proceeds. -- Gross proceeds less the cost to the city of administering and collecting the tax, as determined by the finance officer, not to exceed seven percent (7%) of the gross proceeds.

(2) Promote travel and tourism. -- Advertise and market activities, develop and distribute promotional materials, conduct market research, and engage in other similar promotional activities that attract tourists or business travelers to the area. The term also includes administration of the Mount Airy Tourism Development Authority.

Section 2. Mount Airy Tourism Development Authority. (a) Appointment and membership. When the board of commissioners adopts a resolution levying a room occupancy tax under this act, it shall also adopt a resolution creating a Mount Airy Tourism Development Authority, which shall be a public authority under the Local Government Budget and Fiscal Control Act. The board of commissioners shall appoint the following eight members to the Authority:

(1) Two individuals who are owners or operators of taxable tourist accommodations in the city.

(3) Two residents of the city who are members of the Mount Airy Chamber of Commerce, selected by the Mount Airy Chamber of Commerce.

(4) One member of the board of commissioners.

(5) The city finance officer, who shall serve as an ex officio, nonvoting member.

Members of the Authority shall serve without compensation and shall serve for a term of three years. Vacancies shall be filled in the same manner as the original appointment. Members appointed to fill vacancies shall serve for the remainder of the unexpired term. An individual may serve as a member for no more than two consecutive terms. The members shall elect a chair from among the membership, who shall serve for three years. The Authority shall meet at the call of the chair and shall adopt rules of procedure to govern its meetings.

(b) Duties. The Authority shall expend the net proceeds of the tax levied under this act for the purposes provided in Section 1 of this act. The Authority shall promote travel and tourism in the Mount Airy area. In performing its duties, the Authority may contract with any person, firm, or agency to advise and assist it and may recommend to the board of commissioners that city staff be employed for this advice and assistance. Any city staff employed upon a

recommendation of the Authority shall be hired and supervised by the Authority, which shall pay the salaries and expenses of this staff.

(c) Reports. The Authority shall report quarterly and at the close of the fiscal year to the board of commissioners on its receipts and expenditures for the preceding quarter and for the year in such detail as the board may require.

Section 3. Municipal Administrative Provisions. (a) Article 9 of Chapter 160A of the General Statutes is amended by adding a new section to read:

"**§ 160A-215. Uniform provisions for room occupancy taxes.**

(a) Scope. -- This section applies only to municipalities the General Assembly has authorized to levy room occupancy taxes. For the purpose of this section, the term 'city' means a municipality.

(b) Levy. -- A room occupancy tax may be levied only by resolution after not less than 10 days' public notice and after a public hearing held pursuant thereto. A room occupancy tax shall become effective on the date specified in the resolution levying the tax. That date must be the first day of a calendar month, however, and may not be earlier than the first day of the second month after the date the resolution is adopted.

(c) Collection. -- Every operator of a business subject to a room occupancy tax shall, on and after the effective date of the levy of the tax, collect the tax. The tax shall be collected as part of the charge for furnishing a taxable accommodation. The tax shall be stated and charged separately from the sales records and shall be paid by the purchaser to the operator of the business as trustee for and on account of the taxing city. The tax shall be added to the sales price and shall be passed on to the purchaser instead of being borne by the operator of the business. The taxing city shall design, print, and furnish to all appropriate businesses and persons in the city the necessary forms for filing returns and instructions to ensure the full collection of the tax. An operator of a business who collects a room occupancy tax may deduct from the amount remitted to the taxing city a discount equal to the discount the State allows the operator for State sales and use tax.

(d) Administration. -- The taxing city shall administer a room occupancy tax it levies. A room occupancy tax is due and payable to the city finance officer in monthly installments on or before the 15th day of the month following the month in which the tax accrues. Every person, firm, corporation, or association liable for the tax shall, on or before the 15th day of each month, prepare and render a return on a form prescribed by the taxing city. The return shall state the total gross receipts derived in the preceding month from rentals upon which the tax is levied. A room occupancy tax return filed with the city finance officer is not a public record and may not be disclosed except in accordance with G.S. 153A-148.1 or G.S. 160A-208.1.

(e) Penalties. -- A person, firm, corporation, or association who fails or refuses to file a room occupancy tax return or pay a room occupancy tax as required by law is subject to the civil and criminal penalties set by G.S. 105-236 for failure to pay or file a return for State sales and use taxes. The governing board of the taxing city has the same authority to waive the penalties for a room occupancy tax that the Secretary of Revenue has to waive the penalties for State sales and use taxes.

(f) Repeal or Reduction. -- A room occupancy tax levied by a city may be repealed or reduced by a resolution adopted by the governing body of the city. Repeal or reduction of a room occupancy tax shall become effective on the first day of a month and may not become effective until the end of the fiscal year in which the resolution was adopted. Repeal or reduction of a room occupancy tax does not affect a liability for a tax that was attached before the effective date of the repeal or reduction, nor does it affect a right to a refund of a tax that accrued before the effective date of the repeal or reduction."

(b) This section applies only to the City of Mount Airy.

'(5a) If the governing body shall have adopted an ordinance, or the public officer shall have:

a. In a municipality ~~located in counties which have a population in excess of 163,000 by the last federal census,~~ other than municipalities with a population in excess of 190,000 by the last federal census, issued an order, ordering a dwelling to be repaired or vacated and closed, as provided

in subdivision (3)a, and if the owner has vacated and closed such dwelling and kept such dwelling vacated and closed for a period of one year pursuant to the ordinance or order;

b. In a municipality with a population in excess of 190,000 by the last federal census, commenced proceedings under the substandard housing regulations regarding a dwelling to be repaired or vacated and closed, as provided in subdivision (3)a., and if the owner has vacated and closed such dwelling and kept such dwelling vacated and closed for a period of one year pursuant to the ordinance or after such proceedings have commenced,

then if the governing body shall find that the owner has abandoned the intent and purpose to repair, alter or improve the dwelling in order to render it fit for human habitation and that the continuation of the dwelling in its vacated and closed status would be inimical to the health, safety, morals and welfare of the municipality in that the dwelling would continue to deteriorate, would create a fire and safety hazard, would be a threat to children and vagrants, would attract persons intent on criminal activities, would cause or contribute to blight and the deterioration of property values in the area, and would render unavailable property and a dwelling which might otherwise have been made available to ease the persistent shortage of decent and affordable housing in this State, then in such circumstances, the governing body may, after the expiration of such one year period, enact an ordinance and serve such ordinance on the owner, setting forth the following:

a. If it is determined that the repair of the dwelling to render it fit for human habitation can be made at a cost not exceeding fifty percent (50%) of the then current value of the dwelling, the ordinance shall require that the owner either repair or demolish and remove the dwelling within 90 days; or

b. If it is determined that the repair of the dwelling to render it fit for human habitation cannot be made at a cost not exceeding fifty percent (50%) of the then current value of the dwelling, the ordinance shall require the owner to demolish and remove the dwelling within 90 days.

This ordinance shall be recorded in the Office of the Register of Deeds in the county wherein the property or properties are located and shall be indexed in the name of the property owner in the grantor index. If the owner fails to comply with this ordinance, the public officer shall effectuate the purpose of the ordinance.

~~This subdivision only applies to municipalities located in counties which have a population in excess of 163,000 by the last federal census.~~'"

The General Assembly of North Carolina enacts:

Section 1. G.S. 20-118(c) reads as rewritten:

"(c) Exceptions. -- The following exceptions apply to G.S. 20-118(b) and 20-118(e).

(1) Two consecutive sets of tandem axles may carry a gross weight of 34,000 pounds each without penalty provided the overall distance between the first and last axles of the consecutive sets of tandem axles is 36 feet or more.

(2) When a vehicle is operated in violation of G.S. 20-118(b)(1), 20-118(b)(2), or 20-118(b)(3), but the gross weight of the vehicle or combination of vehicles does not exceed that permitted by G.S. 20-118(b)(3), the owner of the vehicle shall be permitted to shift the load within the vehicle, without penalty, from one axle to another to comply with the weight limits in the following cases:

a. Where the single-axle load exceeds the statutory limits, but does not exceed 21,000 pounds.

b. Where the vehicle or combination of vehicles has tandem axles, but the tandem-axle weight does not exceed 40,000 pounds.

(3) When a vehicle is operated in violation of G.S. 20-118(b)(4) the owner of the vehicle shall be permitted, without penalty, to shift the load within the vehicle from one axle to another to comply with the weight limits where the single-axle weight does not exceed the posted limit by 2,500 pounds.

(4) A truck or other motor vehicle shall be exempt from such light-traffic road limitations provided for pursuant to G.S. 20-118(b)(4), when transporting supplies, material or equipment necessary to carry out a farming operation engaged in the production of meats and agricultural crops and livestock or poultry by-products or a business engaged in the harvest or processing of seafood when the destination of such vehicle and load is located solely upon said light-traffic road.

(5) The light-traffic road limitations provided for pursuant to subdivision (b)(4) of this section do not apply to a vehicle while that vehicle is transporting only the following from its point of origin on a light-traffic road to either one of the two nearest ~~highway~~ highways that is not a light-traffic road:

a. Processed or unprocessed seafood from boats or any other point of origin to a processing plant or a point of further distribution.

(7) A wrecker may tow a disabled vehicle or combination of vehicles in an emergency to the nearest feasible point for parking or storage without being in violation of G.S. 20-118 provided that the wrecker and towed vehicle or combination of vehicles otherwise meet all requirements of this section.

COMMITTEE ON RULES, CALENDAR, AND OPERATIONS OF THE HOUSE
July 28, 1997

The Committee on Rules, Calendar, and Operations of the House met on Monday, July 28, 1997 at 5:30 p.m. in the House Conference Room. Representative Morgan called the meeting to order and asked the clerk to call the roll. The following members were present: Representative Bowie, Vice Chair; and Representatives Culp, Gulley, Hill, Mitchell, Neely, and Thompson.

Chairman Morgan turned the gavel over to Representative Bowie, Vice-Chair. Representative Bowie brought forward the Senate Committee Substitute for House Bill 515 CLEAN WATER RESPONSIBILITY ACT, for concurrence with the Senate changes. Representative Morgan stated that the House had passed House Bill 515. The Senate made numerous changes and as the bill sponsor he found some of changes to be unacceptable; therefore, he thinks the House should not concur with the Senate Committee Substitute.

Representative Mitchell was recognized, agreed with Representative Morgan that too many changes had been made in the bill and made the motion that the House not concur with the Senate Committee Substitute.

Representative Neely asked to be excused from the vote per House Rule 24.1.

Representative Bowie stated that the motion was for recommendation of non-concurrence and conferees be appointed. Motion carried.

The meeting adjourned at 5:35 p.m.

A BILL TO BE ENTITLED

AN ACT TO ENACT THE CLEAN WATER RESPONSIBILITY ACT, A COMPREHENSIVE AND BALANCED PROGRAM TO PROTECT WATER QUALITY, PUBLIC HEALTH, AND THE ENVIRONMENT AND TO IMPLEMENT A RECOMMENDATION OF THE GOVERNMENT PERFORMANCE AUDIT COMMITTEE TO MODIFY THE PROCEDURES CONCERNING FINAL ADMINISTRATIVE DECISIONS IN CONTESTED CASES HEARD BY THE OFFICE OF ADMINISTRATIVE HEARINGS.

The General Assembly of North Carolina enacts:

PART I. MORATORIUM ON CONSTRUCTION OR EXPANSION OF SWINE FARMS

Section 1.1. (a) Moratorium Established. -- As used in this section, "swine farm" and "lagoon" have the same meaning as in G.S. 106-802. As used in this section, "animal waste management system" has the same meaning as in G.S. 143-215.10B. There is hereby established a moratorium on the construction or expansion of swine farms and on lagoons and animal waste management systems for swine farms. The purposes of this moratorium are to allow counties time to adopt zoning ordinances under G.S. 153A-340, as amended by Section 2.1 of this act; to

allow time for the completion of the studies authorized by the 1995 General Assembly (1996 Second Extra Session); and to allow the 1999 General Assembly to receive and act on the findings and recommendations of those studies. Except as provided in subsection (b) of this section, the Environmental Management Commission shall not issue a permit for an animal waste management system for a new swine farm or the expansion of an existing swine farm for a period beginning on 1 March 1997 and ending on 1 March 1999. The construction or expansion of a swine farm or animal waste management system for a swine farm is prohibited during the period of the moratorium regardless of the date on which a site evaluation for the swine farm is completed and regardless of whether the animal waste management system is deemed permitted under 15A North Carolina Administrative Code 2H.0217.

(b) Exceptions. -- The moratorium established by subsection (a) of this section does not prohibit:

(1) Construction to repair a component of an existing swine farm or lagoon.

(2) Construction to replace a component of an existing swine farm or lagoon if the replacement does not result in an increase in swine population, except as provided in subdivision (3) or (7) of this section.

(3) Construction or expansion for the purpose of increasing the swine population to the projected population or to the population that the animal waste management system serving that swine farm is designed to accommodate, as set forth in a certified animal waste management plan filed with the Department of Environment, Health, and Natural Resources prior to 1 March 1997.

(4) Construction or expansion for the purpose of complying with applicable animal waste management rules and not for the purpose of increasing the swine population.

(5) Construction or expansion, if the person undertaking the construction or expansion of the swine farm, lagoon, or animal waste management system has been issued a permit under G.S. 143-215.1(a) or Part 1A of Article 21 of Chapter 143 of the General Statutes prior to the date this act becomes effective.

(6) Construction or expansion, if the person undertaking the construction or expansion of the swine farm, lagoon, or animal waste management system has, prior to 1 March 1997, either:

a. Laid a foundation for a component of the swine farm, lagoon, or animal waste management system.

b. Entered into a bona fide written contract for the construction or expansion of the swine farm, lagoon, or animal waste management system.

c. Been approved for a loan or line of credit to finance the construction or expansion of the swine farm, lagoon, or

animal waste management system and has obligated or expended funds derived from the loan or line of credit.

(7) Construction or expansion of an innovative animal waste management system that does not employ an anaerobic lagoon and that has been approved by the Department of Environment, Health, and Natural Resources.

(c) Establishing Eligibility for an Exemption. -- It shall be the responsibility of an applicant for a permit for an animal waste management system for a new swine farm or for the expansion of an existing swine farm under subdivisions (1) through (7) of subsection (b) of this section to provide information and documentation to the Department of Environment, Health, and Natural Resources that establishes, to the satisfaction of the Department, that the applicant is eligible for the permit. In demonstrating eligibility for a permit under this section, the burden of proof shall be on the applicant.

PART II. AGRICULTURAL ZONING BY COUNTIES

Section 2.1. G.S. 153A-340 reads as rewritten:

"**§ 153A-340. Grant of power.**

(a) For the purpose of promoting health, safety, morals, or the general welfare, a county may regulate and restrict the height, number of stories and size of buildings and other structures, the percentage of lots that may be occupied, the size of yards, courts and other open spaces, the density of population, and the location and use of buildings, structures, and land for trade, industry, residence, or other purposes, and to provide density credits or severable development rights for dedicated rights-of-way pursuant to G.S. 136-66.10 or G.S. 136-66.11.

(b) (1) These regulations may ~~not~~ affect property used for bona fide ~~farms, but any~~ farm purposes only as provided in subdivision (3) of this subsection. This subsection does not limit regulation under this Part with respect to the use of farm property for nonfarm ~~purposes is subject to the regulations.~~ purposes.

(2) Bona fide farm purposes include the production and activities relating or incidental to the production of crops, fruits, vegetables, ornamental and flowering plants, dairy, livestock, poultry, and all other forms of agricultural products having a domestic or foreign market.

(3) The definitions set out in G.S. 106-802 apply to this subdivision. A county may adopt zoning regulations governing swine farms served by animal waste management systems having a design capacity of 600,000 pounds steady state live weight (SSLW) or greater provided that the zoning regulations may not have the effect of excluding swine farms served by an animal waste management system having a design capacity of 600,000 pounds SSLW or greater from the entire zoning jurisdiction.

(c) The regulations may provide that a board of adjustment may determine and vary their application in harmony with their general purpose and intent and in accordance with general or specific rules therein contained. The regulations may also provide that the board of adjustment or the board of commissioners may issue special use permits or conditional use permits in the classes of cases or situations and in accordance with the principles, conditions, safeguards, and procedures specified therein and may impose reasonable and appropriate conditions and safeguards upon these permits. Where appropriate, the conditions may include requirements that street and utility rights-of-way be dedicated to the public and that recreational space be provided. When issuing or denying special use permits or conditional use permits, the board of commissioners shall follow the procedures for boards of adjustment except that no vote greater than a majority vote shall be required for the board of commissioners to issue such permits, and every such decision of the board of commissioners shall be subject to review by the superior court by proceedings in the nature of certiorari.

(d) A county may regulate the development over estuarine waters and over lands covered by navigable waters owned by the State pursuant to G.S. 146-12, within the bounds of that county.

(e) For the purpose of this section, the term 'structures' shall include floating homes.

(f) Any petition for review by the superior court shall be filed with the clerk of superior court within 30 days after the decision of the board of commissioners is filed in such office as the ordinance specifies, or after a written copy thereof is delivered to every aggrieved party who has filed a written request for such copy with the clerk at the time of the hearing of the case, whichever is later. The decision of the board of commissioners may be delivered to the aggrieved party either by personal service or by registered mail or certified mail return receipt requested."

Section 2.2. Zoning regulations governing swine farms served by animal waste management systems having a design capacity of 600,000 pounds steady state live weight (SSLW) or greater adopted under G.S. 153A-340(b), as amended by Section 2.1 of this act, shall not, with respect to a swine farm in existence at the time the zoning ordinance is adopted:

(1) Prohibit the continued existence of the swine farm.

(2) Require the amortization of the swine farm.

(3) Prohibit the repair or replacement on the same site of the swine farm so long as the repair or replacement does not increase the swine population beyond the population that the animal waste management system serving the swine farm is designed to accommodate, as set forth in the permit for the animal waste management system.

PART III. CONTROL OF ODOR EMISSIONS FROM ANIMAL OPERATIONS

Section 3.1. G.S. 143-215.107(a) is amended by adding a new subdivision to read:

"(11) To develop and adopt standards and plans necessary to implement programs to control the emission of odors from animal operations, as defined in G.S. 143-215.10B. Standards and plans adopted under this subdivision shall be required only to the extent that economically feasible technology sufficient to satisfy these standards and plans is available."

Section 3.2. The Board of Governors of The University of North Carolina shall present its final report and recommendations on economically feasible odor control technologies, as provided in Section 27.3 of Chapter 18 of the 1995 Session Laws (1996 Second Extra Session), to the Environmental Review Commission and the Environmental Management Commission not later than 1 November 1997. The Environmental Management Commission shall publish the text of a proposed rule to regulate the emission of odors from animal operations under G.S. 143-215.107(a)(11), as enacted by Section 3.1 of this act, within six months after the date on which the North Carolina Agricultural Research Service at North Carolina State University issues its final report on economically feasible odor control technologies if the report establishes that economically feasible odor control technology for animal operations is available. If economically feasible odor control technology for animal operations is available, the Environmental Management Commission shall adopt a rule to regulate the emission of odors from animal waste management systems no later than 1 March 1999. The Environmental Management Commission shall not adopt a temporary rule to regulate the emission of odors from animal waste management systems. The Environmental Management Commission shall report on its progress in developing and adopting a rule to regulate the emission of odors from animal waste management systems as a part of each quarterly report the Environmental Management Commission makes to the Environmental Review Commission pursuant to G.S. 143B-282(b).

PART V. PRIORITY FOR LOANS OR GRANTS FROM THE CLEAN WATER REVOLVING LOAN AND GRANT FUND TO ASSIST LOCAL GOVERNMENTS IN MEETING THE NITROGEN AND PHOSPHOROUS LIMITS FOR SURFACE WATERS; PRIORITY FOR FUNDING FROM VARIOUS FUNDING SOURCES BASED ON COMPREHENSIVE LAND-USE PLANNING BY LOCAL GOVERNMENTS

Section 5.1. G.S. 159G-10 reads as rewritten:

"**§ 159G-10. Priorities.**

(a) Determination. -- Determination of priorities to be assigned each eligible application shall be made semiannually by each receiving agency during each fiscal year. Every eligible application filed under G.S. 159G-5(c), G.S. 159G-6(b)(1) or G.S. 159G-6(c)(1) shall be considered by the receiving agency with every other application filed under G.S. 159G-5(c), G.S. 159G-6(b)(1) or G.S. 159G-6(c)(1), respectively, and eligible for consideration during the same priority period, to determine the priority to be assigned to each application. The same procedure shall apply to every eligible application filed under G.S. 159G-6(b)(3) and G.S. 159G-6(c)(3) of this Chapter. Any application which does not contain the information required by this Chapter or regulations adopted by the receiving agency(s) shall not be deemed received until such information is furnished by the applicant to the receiving agency.

(a1) **(See note)** Expired.

(b) Priority Factors. -- All applications for revolving loans or grants under this Chapter eligible for consideration during each priority period shall be assigned a priority for such funds by the receiving agency. The priority factors shall be similar to those developed under the North Carolina Clean Water Bond Act of 1977, as provided in and modified by this subsection.

(1) General Criteria. --

a. The general criteria provided in 1 NCAC 22.0401 through .0403 on January 1, 1987, shall apply, except that 1 NCAC 22.0401(c) shall apply only to State funds appropriated to match available federal funds.

b. The existence of a comprehensive land-use plan that meets the requirements of subsection (e) of this section is a general criterion for determining which local government units will receive a loan or grant. A local government unit that is not authorized to adopt a comprehensive land-use plan but that is located in whole or in part in another local government unit that has adopted a comprehensive land-use plan shall receive the same priority treatment as a local government unit that has authority to adopt a comprehensive land-use plan. A comprehensive land-use plan that meets the requirements of subsection (e) of this section and that exceeds the minimum State standards for protection of water resources shall receive more points than a plan that does not exceed those standards.

(2) Wastewater Treatment Work Projects. -- The priority criteria provided in 1 NCAC 22.0501 through .0506 on January 1, 1987, shall apply to applications for wastewater treatment work projects, except that 1 NCAC 22.0503 shall not apply.

(3) Wastewater Collection System Projects. -- The priority criteria provided in 1 NCAC 22.0601 through .0606 on January 1, 1987, shall apply to applications for wastewater collection system projects, except that 1 NCAC 22.0601(2)(a) and (3), and 1 NCAC 22.0605(2), (3) and (4) shall not apply.

(4) Water Supply System Projects. -- The priority criteria provided in 1 NCAC 22.0701 through .0704 on January 1, 1987, shall apply to applications for water supply system projects.

(5) Wastewater Treatment Works Improvements to Meet Nitrogen and Phosphorous Limits. -- The Environmental Management Commission shall adopt a rule specifying priority criteria for modifications to existing permitted wastewater treatment facilities that are owned or operated by local government units and that are subject to G.S. 143-215.1(c1) or G.S. 143-215.1(c2) to enable local government units to comply with G.S. 143-215.1(c1) and G.S. 143-215.1(c2).

~~(5)~~ (6) The total number of points available in the respective categories shall be deemed adjusted in accordance with the provisions of subdivisions (1) through ~~(4)~~ (5) of this subsection.

(c) Assignment of Priority. -- A written statement relative to each priority assigned shall be prepared by the receiving agency and shall be attached to the application. The priority assigned shall be conclusive.

(d) Failure to Qualify. -- Any application filed under G.S. 159G-5(c), G.S. 159G-6(b) or G.S. 159G-6(c) that does not qualify for a revolving loan or grant as of the priority period in which the application was eligible for consideration by reason of the priority assigned the application shall be considered for a revolving loan or grant during the next succeeding priority period upon request of the applicant. If such application should again fail to qualify for a revolving loan or grant during the second priority period by reason of the priority assigned, the application shall receive no further consideration. An applicant may file a new application at any time, and may amend any pending application to include additional data or information.

(e) Land-Use Plan. -- Local government units are encouraged to adopt comprehensive land-use plans. The Division of Community Assistance in the Department of Commerce shall, upon request, provide technical assistance to any economically distressed local government unit in preparing a comprehensive land-use plan. To qualify as a comprehensive land-use plan, a plan must meet all of the following requirements:

(1) Be adopted by the governing body of the local government unit covered by the plan.

(2) Promote economically and environmentally sustainable development.

(3) Establish verifiable goals to be met through compliance with the plan.

(4) Be approved by the Office of State Planning."

Section 5.2. G.S. 159G-3 is amended by adding a new subdivision to read:

"(7a) 'Economically distressed local government unit' means a local government unit located, in whole or in part, in a county designated as economically distressed by the Secretary of Commerce under G.S. 143B-437A."

PART VI. NITROGEN AND PHOSPHOROUS LIMITS FOR SURFACE WATERS

Section 6.1. G.S. 143-215.1 is amended by adding four new subsections to read:

"(c1) Any person who is required to obtain an individual wastewater permit under this section for a facility discharging either to the surface waters of the State that have been classified as nutrient sensitive waters (NSW) under rules adopted by the Commission or to other surface water bodies of the State specifically designated by the Commission by rule where nitrogen is a nutrient of concern shall not

discharge more than an average annual mass load of total nitrogen than would result from a discharge of the permitted flow having a total nitrogen concentration of four milligrams of nitrogen per liter (4.0 mg/l). If the Commission determines that the assimilative capacity for nitrogen of a water body has been exceeded, the Commission shall establish by rule a maximum mass load for total nitrogen for that water body. The maximum mass load for total nitrogen established by the Commission may require permitted flows to have a total nitrogen concentration less than those set out in this subsection. The maximum mass load of total nitrogen for all wastewater discharges into a water body shall not exceed that required to meet the wastewater discharge allocation or the annual mass load for nitrogen based on the permitted flow and total nitrogen concentration required by this subsection, whichever is less. The total nitrogen concentration of 4.0 mg/l for NSW and other waters required by this subsection apply only to:

(1) Facilities that were placed into operation prior to 1 July 1997 or for which an authorization to construct was issued prior to 1 July 1997 and that have a design capacity to discharge 500,000 gallons per day or more.

(2) Facilities for which an authorization to construct is issued on or after 1 July 1997.

(c2) Any person who is required to obtain an individual wastewater permit under this section for a facility discharging to surface water bodies of the State specifically designated by the Commission by rule where phosphorous is a nutrient of concern shall not discharge more than an average annual mass load of total phosphorous than would result from a discharge of the permitted flow having a total phosphorous concentration of two milligrams of phosphorous per liter (2.0 mg/l). If the Commission determines that the assimilative capacity for phosphorous of a water body has been exceeded, the Commission shall establish by rule a maximum mass load for total phosphorous for that water body. The maximum mass load for total phosphorous established by the Commission may require permitted flows to have a total phosphorous concentration less than that set out in this subsection. The maximum mass load of total phosphorous for all wastewater discharges into a water body shall not exceed that required to meet the wastewater discharge allocation or the annual mass load for phosphorous based on the permitted flow and total phosphorous concentration required by this subsection, whichever is less.

(c3) A person to whom subsection (c1) or (c2) of this section applies may meet the limits established under those subsections either individually or on the basis of a cooperative agreement with other persons who hold individual wastewater permits if the cooperative agreement is approved by the Commission. A person to whom subsection (c1) or (c2) of this section applies whose agreement to accept wastewater from another wastewater treatment facility that discharges into the same water body and that results in the elimination of the discharge from that wastewater treatment facility shall be allowed to increase the average annual mass load of total nitrogen and total phosphorous that person discharges by the average annual mass load of total nitrogen and total phosphorous of the wastewater treatment facility that is eliminated.

If the wastewater treatment facility that is eliminated has a permitted flow of less than 500,000 gallons per day, the average annual mass load of total nitrogen or phosphorous shall be calculated from the most recent available data. A person to whom this subsection applies shall comply with nitrogen and phosphorous discharge monitoring requirements established by the Commission. This average annual load of nitrogen or phosphorous shall be assigned to the wastewater discharge allocation of the wastewater treatment facility that accepts the wastewater.

(c4) A person to whom subsection (c1) of this section applies may request the Commission to approve a total nitrogen concentration greater than that set out in subsection (c1) of this section at a decreased permitted flow so long as the average annual mass load of total nitrogen is equal to or is less than that required under subsection (c1) of this section. A person to whom subsection (c2) of this section applies may request the Commission to approve a total phosphorous concentration greater than that set out in subsection (c2) of this section at a decreased permitted flow so long as the average annual mass load of total phosphorous is equal to or is less than that required under subsection (c2) of this section. If, after any 12-month period following approval of a greater concentration at a decreased permitted flow, the Commission finds that the greater concentration at a decreased permitted flow does not result in an average annual mass load of total nitrogen or total phosphorous equal to or less than those that would be achieved under subsections (c1) and (c2) of this section, the Commission shall rescind its approval of the greater concentration at a decreased permitted flow and the requirements of subsections (c1) and (c2) of this section shall apply."

Section 6.2. G.S. 143-215.6A(a) is amended by adding a new subdivision to read:

"(10) Violates G.S. 143-215.1(c1), G.S. 143-215.1(c2), or a rule adopted pursuant to G.S. 143-215.1(c1) or G.S. 143-215.1(c2)."

Section 6.3. By 1 November 1997, the Environmental Management Commission shall develop a schedule of dates between 1 January 1998, and 1 January 2003, by which existing facilities must comply with G.S. 143-215.1(c1) and G.S. 143-215.1(c2), as enacted by Section 6.1 of this act. The schedule of compliance dates shall follow as closely as possible the dates on which permits for existing facilities must be renewed. New facilities and expansions of existing facilities for which an application for a permit is received by the Department of Environment, Health, and Natural Resources on behalf of the Environmental Management Commission prior to the date this act becomes effective shall be treated as existing facilities.

PART VII. STORMWATER MANAGEMENT

Section 7.1. G.S. 143-214.7 reads as rewritten:

"**§ 143-214.7. Stormwater runoff rules and programs.**

(a) Policy, Purpose and Intent. -- The Commission shall undertake a continuing planning process to develop and adopt a statewide plan with regard to establishing

and enforcing stormwater rules for the purpose of protecting the surface waters of the State. It is the purpose and intent of this section that, in developing stormwater runoff rules and programs, the Commission may utilize stormwater rules established by the Commission to protect classified shellfish waters, water supply watersheds, and outstanding resource waters; and to control stormwater runoff disposal in coastal counties and other nonpoint sources. Further, it is the intent of this section that the Commission phase in the stormwater rules on a priority basis for all sources of pollution to the water. The plan shall be applied evenhandedly throughout the State to address the State's water quality needs. The Commission shall continually monitor water quality in the State and shall revise stormwater runoff rules as necessary to protect water quality. As necessary, the stormwater rules shall be modified to comply with federal regulations.

(b) The Commission shall ~~be authorized and directed to~~ implement stormwater runoff rules and programs for point and nonpoint sources on a phased-in statewide basis. The Commission shall consider standards and best management practices for the protection of the State's water resources in the following order of priority:

(1) Classified shellfish ~~waters;~~ waters.
(2) Water supply ~~watersheds;~~ watersheds.
(3) Outstanding resource ~~waters;~~ waters.
(4) High quality ~~waters; and~~ waters.
(5) ~~Other waters where~~ All other waters of the State to the extent that the Commission finds control of stormwater is needed to meet the purposes of this Article. ~~Provided however, that prior to implementation of rules under this subdivision (5), the Commission shall consult with the Environmental Review Commission.~~

(c) ~~Chapter 150B of the General Statutes governs adoption of rules by the Commission.~~ The Commission shall develop model stormwater management programs that may be implemented by State agencies and units of local government. A State agency or unit of local government may submit to the Commission for its approval a stormwater control program for implementation within its jurisdiction. To this end, State agencies are authorized to adopt rules, and units of local government are authorized to adopt ordinances and regulations necessary to establish and enforce stormwater control programs. Units of local government are authorized to create or designate agencies or subdivisions to administer and enforce the programs. Two or more units of local government are authorized to establish a joint program and to enter into any agreements that are necessary for the proper administration and enforcement of the program.

(d) The Commission shall review each stormwater management program submitted by a State agency or unit of local government and shall notify the State agency or unit of local government that submitted the program that the program has been approved, approved with modifications, or disapproved. The Commission shall approve a program only if it finds that the standards of the program equal or exceed those of the model program adopted by the Commission pursuant to this section.

(e) The Commission shall annually report to the Environmental Review Commission on the implementation of this section, including the status of any stormwater control programs administered by State agencies and units of local government, on or before 1 October of each year."

Section 7.2. The Environmental Management Commission shall make the first annual report required by G.S. 143-214.7(e), as enacted by Section 7.1 of this act, on or before 1 October 1998.

Section 7.3. The Department of Transportation shall work diligently and in full cooperation with the Division of Water Quality of the Department of Environment, Health, and Natural Resources, using whatever resources may be necessary, to complete the development of a statewide stormwater management permit under the National Pollutant Discharge Elimination System (NPDES). The General Assembly intends that this permit govern all programs administered by the Department of Transportation and that the permit will be issued no later than 1 October 1997. The Department of Transportation and the Division of Water Quality shall jointly report to the Environmental Review Commission as to their progress in meeting the mandate of this section no later than 1 October 1997.

PART VIII. COMPLETION OF BASINWIDE WATER QUALITY MANAGEMENT PLANS FOR EACH OF THE STATE'S SEVENTEEN RIVER BASINS; ADDITIONAL REQUIREMENTS FOR BASINWIDE WATER QUALITY MANAGEMENT PLANS; ADOPTION OF TOTAL MAXIMUM DAILY LOADS FOR EACH RIVER BASIN

Section 8.1. The General Assembly makes the following findings:

(1) There are 17 major river basins in the State.

(2) Many activities occur in the vicinity of each of these river basins, and the activities and conditions in one river basin may vary greatly from those in another river basin.

(3) The public is focusing on the swine industry's role in degrading water quality, but, in fact, numerous other industries and even private citizens are responsible for contributing nutrients and toxins to the waters of the State. Among the point source and nonpoint sources of nutrients and toxins in our State's waters are: municipal wastewater facilities, industrial wastewater systems, septic tank systems, stormwater management systems, golf courses, farms that use fertilizers and pesticides for crops, public and commercial lawns and gardens, as well as animal operations.

(4) The best and most effective approach to protecting and improving water quality is a comprehensive, systemwide management approach.

(5) Basinwide water quality management is an approach already being taken by the Department of Environment, Health, and Natural Resources to improve the efficiency, effectiveness, and consistency

of its water quality protection program. It is not a new regulatory program; it is a watershed-based approach that provides for basinwide permitting and integration of point and nonpoint source controls through existing regulatory and cooperative programs. The Neuse River Basinwide Management Plan has already been released. Seventeen basinwide plans are planned to be prepared by the Department over the next five years.

(6) The better solution to improving water quality lies not in abandoning efforts under way in an effort to find a new solution, but to accelerate effective efforts currently in progress by establishing a deadline for completing, and expediting the implementation of, the 17 comprehensive conservation and management plans for each major river basin in the State.

(7) The public should be informed of the complexity of the problems regarding water quality so that the public can appreciate the effectiveness of a systemwide approach and the degree of effort that has already been expended to address these problems. Public involvement should be encouraged, and public education should be enhanced.

Section 8.2. Part 1 of Article 21 of Chapter 143 of the General Statutes is amended by adding a new section to read:

"**§ 143-215.8B. Basinwide water quality management plans.**

(a) The Commission shall develop and implement a basinwide water quality management plan for each of the 17 major river basins in the State. In developing and implementing each plan, the Commission shall consider the cumulative impacts of all activities across a river basin and all point sources and nonpoint sources of nutrients and toxins, including municipal wastewater facilities, industrial wastewater systems, septic tank systems, stormwater management systems, golf courses, farms that use fertilizers and pesticides for crops, public and commercial lawns and gardens, and animal operations.

(b) Each basinwide water quality management plan shall:

(1) Provide that all point sources and nonpoint sources of pollutants jointly share the responsibility of reducing the nutrients and toxins in the State's waters in a fair, reasonable, and proportionate manner, using computer modeling and the best science and technology reasonably available and considering future anticipated population growth and economic development.

(2) Incorporate protective buffers along all perennial bodies of water for new developmental activities. The Commission shall consider the ecological reasons for each buffer and shall base any requirements for the buffer on those reasons. The Commission shall also consider and adopt an equitable approach for determining which developmental activities shall be defined as 'new developmental activities.'

(3) Require appropriate management of any new developmental activity that is agricultural, residential, commercial, or industrial in nature, if the new developmental activity is to occur on land that is located within a 100-year floodplain.

(4) If any of the waters located within the river basin are designated as nutrient sensitive water, then the basinwide water quality management plan shall establish a goal to reduce the average annual load of nutrients delivered to surface waters within the river basin from point and nonpoint sources. The Commission shall establish a nutrient reduction goal for the nutrient or nutrients of concern that will result in improvements to water quality such that the designated uses of the water, as provided in the classification of the water under G.S. 143-214.1(d), are not impaired. The plan shall require that incremental progress toward achieving the goal be demonstrated each year. The Commission shall develop a five-year plan to achieve the goal. In developing the plan, the Commission shall determine and allow appropriate credit toward achieving the goal for reductions of water pollution by point and nonpoint sources through voluntary measures.

(5) Any other components of the plan that the Commission determines to be necessary.

(c) The Commission shall review and revise its 17 basinwide water quality management plans at least every five years to reflect changes in permits that have been renewed during the previous five-year permit renewal cycle, improvements in modeling methods, improvements in wastewater treatment technology, and advances in scientific knowledge.

(d) The Commission and the Department shall each report on a quarterly basis to the Environmental Review Commission on the progress in developing and implementing basinwide water quality management plans and on increasing public involvement and public education in connection with basinwide water quality management planning. The report by the Department shall include a written statement as to all concentrations of heavy metals and other pollutants in the surface waters of the State that are identified in the course of preparing the basinwide water quality management plans. The report under this section by the Commission shall be made as a part of the quarterly report required under G.S. 143B-282(b). The report under this section by the Department shall be made on or before the first day of each calendar quarter."

Section 8.3. The Environmental Management Commission shall increase its current efforts to involve the public in the development and implementation of the basinwide water quality management plans, including conducting public hearings throughout the State. The Department of Environment, Health, and Natural Resources shall increase public education efforts to inform the public of the complexity of the problems related to water quality, the benefits of taking a comprehensive, systemwide approach to water quality improvement, and the need for

all point and nonpoint sources of pollutants to have an active role in reducing nutrients and toxins, either by reducing the amount of nutrients and toxins used or by improving the treatment and disposal of wastewater, or both. The Department shall provide press releases on at least a monthly basis for the purpose of keeping the public well-informed of water quality issues in the State.

Section 8.4. G.S. 143B-282 is amended by adding a new subsection to read:

"(c) The Environmental Management Commission shall implement the provisions of subsections (d) and (e) of 33 U.S.C. § 1313 by identifying and prioritizing impaired waters and by developing, on a basinwide basis, appropriate total maximum daily loads of pollutants for those targeted waters. The Commission shall incorporate those total maximum daily loads approved by the United States Environmental Protection Agency into its continuing planning process and shall adopt rules setting out strategies necessary for assuring that water quality standards are met by any point or nonpoint source or by any category of point or nonpoint sources that is determined by the Commission to be contributing to the water quality impairment. These strategies may include, but are not limited to, additional monitoring, effluent limitations, supplemental standards or classifications, best management practices, schedules of compliance, and the establishment of and delegations to intergovernmental basinwide groups."

Section 8.5. G.S. 143B-282(a)(2) is amended by adding a new sub-subdivision to read:

"j. To implement basinwide water quality management plans developed pursuant to G.S. 143-215.8B."

Section 8.6. The Environmental Management Commission may adopt rules to implement this Part as provided in Article 2A of Chapter 150B of the General Statutes. The Environmental Management Commission shall not adopt a temporary rule to implement this Part. The Environmental Management Commission shall report on its progress in implementing this Part as a part of each quarterly report the Environmental Management Commission makes to the Environmental Review Commission pursuant to G.S. 143B-282(b).

PART IX. FERTILIZER USE AT GOLF COURSES

Section 9.1. Article 3 of Chapter 90A of the General Statutes is amended by adding a new Part to read:

"Part 3. Certification of Applicators of Soil Enriching Nutrients at Golf Courses.

"**§ 90A-48. Purpose.**

The purpose of this Part is to reduce nonpoint source pollution in order to protect the public health, to conserve and protect the quality of the State's water resources, to encourage the development and improvement of the State's land for the recreational use and enjoyment of private and public golf courses, and to require the examination of persons who apply soil-enriching nutrients onto land at golf courses,

and certification of their competency to apply or supervise the application of soil-enriching nutrients onto land at golf courses.

"§ 90A-48.1. Definitions.

As used in this Part:

(1) 'Application' means spraying, laying, spreading on, irrigating, or injecting soil-enriching nutrients onto land.

(2) 'Commission' means the Water Pollution Control System Operators Certification Commission.

(3) 'Operator in charge' means a person who holds a currently valid certificate for the application of soil-enriching nutrients onto land at golf courses and who has primary responsibility for their application.

(4) 'Soil-enriching nutrients' means fertilizers or soil-enriching substances containing nitrogen, phosphorus, zinc, or other soil-enriching elements or minerals.

(5) 'Owner' means the person who owns or controls the land used for a golf course or the person's lessee or designee.

"§ 90A-48.2. Certified operator in charge required; qualifications for certification.

(a) No owner or other person in control of a golf course onto which soil-enriching nutrients are applied shall allow the application by a person who does not hold a valid certificate as an operator in charge of the application of soil-enriching nutrients onto land at golf courses issued by the Commission. No person shall perform the duties of an operator in charge of the application of soil-enriching nutrients onto land at golf courses without being certified under the provisions of this Part. Other persons may assist in the application of soil-enriching nutrients so long as they are directly supervised by an operator in charge who is certified under this Part.

(b) The owner or other person in control of a golf course onto which soil-enriching nutrients are applied may contract with a certified operator in charge of the application of soil-enriching nutrients onto land at golf courses to provide for the application of soil-enriching nutrients onto that land. The Commission may adopt rules requiring that any certified operator in charge who contracts with one or more owners or other persons in control of a golf course onto which soil-enriching nutrients are applied file an annual report with the Commission as to which property the services of the operator in charge are provided.

"§ 90A-48.3. Qualifications for certification; training; examination.

(a) The Commission shall develop and administer a certification program for an operator in charge of the application of soil-enriching nutrients onto land at golf courses that provides for receipt of applications, training, and examination of applicants and for investigation of the qualifications of applicants.

(b) The Commission, in cooperation with the Division of Water Quality of the Department of Environment, Health, and Natural Resources, and the Cooperative Extension Service, shall develop and administer a training program for an operator in charge of the application of soil-enriching nutrients onto land at golf courses. An applicant for initial certification shall complete 10 hours of classroom instruction

prior to taking the examination. In order to remain certified, an operator in charge of the application of soil-enriching nutrients onto land at golf courses shall complete six hours of approved additional training during each three-year period following initial certification. A certified operator in charge of the application of soil-enriching nutrients onto land at golf courses who fails to complete approved additional training within 30 days of the end of the three-year period shall take and pass the examination for certification in order to renew the certificate.

"**§ 90A-48.4. Certificate renewals.**

A certificate holder shall renew the certificate annually. A certificate holder who fails to renew the certificate within 30 days of its expiration shall be required to take and pass the examination for certification in order to renew the certificate.

"**§ 90A-48.5. Suspension; revocation of certificate.**

(a) The Commission, in accordance with the provisions of Chapter 150B of the General Statutes, may suspend or revoke the certificate of any operator in charge who:

(1) Engages in fraud or deceit in obtaining certification.

(2) Fails to exercise reasonable care, judgment, or use of the operator's knowledge and ability in the performance of the duties of an operator in charge.

(3) Is incompetent or otherwise unable to properly perform the duties of an operator in charge.

(b) In addition to revocation of a certificate, the Commission may levy a civil penalty, not to exceed one thousand dollars ($1,000) per violation, for willful violation of the requirements of this Part.

"**§ 90A-48.6. Rules.**

The Commission shall adopt rules to implement the provisions of this Part."

PART X. GRADUATED VIOLATION POINTS SYSTEM FOR SWINE OPERATORS; STUDY OF SWINE INTEGRATORS CIVIL PENALTY LIABILITY

Section 10.1. Part 1 of Article 21 of Chapter 143 of the General Statutes is amended by adding a new section to read:

"**§ 143-215.6E. Violation Points System applicable to swine farms.**

(a) The Commission shall develop a Violation Points System applicable to permits for animal waste management systems for swine farms. This system shall operate in addition to the provisions of G.S. 143-215.6A. This system shall not alter the authority of the Commission to revoke a permit for an animal waste management system for a swine farm. The Violation Points System shall provide that:

(1) Violations that involve the greatest harm to the natural resources of the State, the groundwater or surface water quantity or quality, public health, or the environment shall receive the most points and shall be considered significant violations.

(2) Violations that are committed willfully or intentionally shall be considered significant violations.

(3) The number of points received shall be directly related to the degree of negligence or willfulness.

(4) The commission of three significant violations, or the commission of lesser violations that result in a predetermined cumulative number of points, within a limited period of time of not less than five years shall result in the mandatory revocation of a permit.

(5) The commission of one willful violation that results in serious harm may result in the revocation of a permit.

(b) In developing the Violation Points System under this section, the Commission shall determine the:

(1) Number of points that lesser violations must cumulatively total to result in the revocation of a permit.

(2) Limited period of time during which the commission of three significant violations, or the commission of a greater number of lesser violations, will result in the revocation of the operator's permit. This limited period of time shall not be less than five years.

(3) Duration of the permit revocation.

(4) Conditions under which the person whose permit is revoked may reapply for another permit for an animal waste management system for a swine farm.

(c) In developing the Violation Points System under this section, the Commission shall provide for an appeals process."

Section 10.2. (a) The Department of Environment, Health, and Natural Resources shall develop a recommended system of civil penalties applicable to integrators of swine operations. These civil penalties shall be imposed upon the revocation of a permit of an operator under contract with that integrator for the production of swine at the time the violation that resulted in the revocation of the operator's permit occurred, whether or not that operator was under contract with that integrator throughout the period of time all the violations that contributed to this permit revocation occurred. In conjunction with developing this system of civil penalties for integrators of swine operations, the Environmental Management Commission shall provide that the Director of the Division of Water Quality of the Department of Environment, Health, and Natural Resources notify all integrators of all violations assessed against operators who are under contract for the production of swine with that integrator and, upon the written request by the integrator, notify that integrator of all violations assessed an operator with whom the integrator contemplates entering into a contract. The Environmental Management Commission shall also study the issue of liability for cleanup costs and appropriate penalties for integrators of swine operations if an operator commits a willful, wanton, or grossly negligent violation that results in significant environmental damage.

(b) No later than 1 March 1998, the Department of Environment, Health, and Natural Resources shall report its findings and recommendations, including legislative proposals, if any, on the issues to be studied under subsection (a) of this section. This report shall include a recommended system of civil penalties applicable to integrators of swine operations for violations by growers who are under contract with that integrator for the production of swine. The Environmental Review Commission shall determine whether to submit a legislative proposal based upon this recommended system to the 1997 General Assembly, 1998 Regular Session.

PART XI. CRIMINAL ENFORCEMENT FOR REPEATED VIOLATIONS; CLARIFICATION OF REQUIREMENT THAT PERMIT APPLICANTS DEMONSTRATE THAT THEY ARE FINANCIALLY QUALIFIED

Section 11.1. G.S. 143-215.6A is amended by adding a new subsection to read:

"(a1) The Secretary shall refer to the State Bureau of Investigation for its review as to the possible commission of any criminal offense any person or facility that discharges waste in a manner that significantly violates this Article or rules adopted pursuant to this Article on two or more separate occasions in any three-year period. Upon receipt of a referral under this section, the State Bureau of Investigation may conduct an investigation and, if appropriate, refer the matter to the district attorney in whose jurisdiction any criminal offense has occurred. This subsection shall not be construed to limit the authority of the Secretary to refer any matter to the State Bureau of Investigation for review without regard to the number of possible offenses within any particular period of time."

Section 11.2. G.S. 143-215.1(b) reads as rewritten:

"(b) Commission's Power as to Permits. --

(1) The Commission shall act on all permits so as to prevent, so far as reasonably possible, considering relevant standards under State and federal laws, any significant increase in pollution of the waters of the State from any new or enlarged sources. No permit shall be denied and no condition shall be attached to the permit, except when the Commission finds such denial or such conditions necessary to effectuate the purposes of this Article.

(2) The Commission shall also act on all permits so as to prevent violation of water quality standards due to the cumulative effects of permit decisions. Cumulative effects are impacts attributable to the collective effects of a number of projects and include the effects of additional projects similar to the requested permit in areas available for development in the vicinity. All permit decisions shall require that the practicable waste treatment and disposal alternative with the least adverse impact on the environment be utilized.

(3) General permits may be issued under rules adopted pursuant to Chapter 150B of the General Statutes. Such rules may provide that minor activities may occur under a general permit issued in accordance with conditions set out in such rules. All persons covered under general permits shall be subject to all enforcement procedures and remedies applicable under this Article.

(4) The Commission shall have the power:

a. To grant a permit with such conditions attached as the Commission believes necessary to achieve the purposes of this Article.

b. To require that an applicant satisfy the Department that the applicant, or any parent, subsidiary, or other affiliate of the applicant or parent:

1. Is financially qualified to carry out the activity for which the permit is required under subsection (a) of this ~~section; and~~ section. Financial qualification may be demonstrated through the use of a letter of credit, insurance, surety, trust agreement, financial test, bond, or a guarantee by corporate parents or third parties who can pass the financial test. No permit shall be issued under this section until financial qualification is established and the issuance of the permit shall be contingent on the continuance of the financial qualification for the duration of the activity for which the permit was issued.

2. Has substantially complied with the effluent standards and limitations and waste management treatment practices applicable to any activity in which the applicant has previously engaged, and has been in substantial compliance with other federal and state laws, regulations, and rules for the protection of the environment.

3. As used in this subdivision, the words 'affiliate,' 'parent,' and 'subsidiary' have the same meaning as in 17 Code of Federal Regulations § 240.12b-2 (1 April 1990 Edition).

c. To modify or revoke any permit upon not less than 60 days' written notice to any person affected.

d. To designate certain classes of minor activities for which a general permit may be issued, after considering:

1. The environmental impact of the activities;
2. How often the activities are carried out;
3. The need for individual permit oversight; and

4. The need for public review and comment on individual permits.

e. To designate certain classes of minor activities for which:

1. Performance conditions may be established by rule; and

2. Individual or general permits are not required."

PART XII. ADDITIONAL STUDIES

Section 12.1. The Environmental Review Commission shall study the feasibility and the desirability of requiring persons who apply fertilizers or other soil-enriching nutrients onto land other than golf courses to be certified under a certification program that requires training and passing an examination and that is similar to the certification program required of those who apply soil-enriching nutrients onto land at golf courses, as required by Article 3 of Chapter 90A of the General Statutes, as enacted by Section 9.1 of this act. In conjunction with this study, the Environmental Review Commission shall consider the amounts of fertilizers used on public roadways, at public parks and recreation areas, at commercial properties, at churches, at athletic fields and schools, near airstrips at airports, and on residential lawns and gardens that are maintained by commercial lawn services as well as those that are maintained by the residential dweller. During this study, the Department of Transportation shall report to the Environmental Review Commission the amounts of fertilizers and pesticides that it uses to maintain turfgrass, ornamental plantings, and trees along the State roadways. The Environmental Review Commission shall submit its legislative recommendations, if any, resulting from this study to the 1997 General Assembly, 1998 Regular Session.

Section 12.2. The Environmental Review Commission shall study the feasibility and desirability of establishing a voluntary education program designed to educate members of the public who maintain residential lawns or gardens concerning the impact nutrients and pesticides have on the environment of the State, the responsible use of nutrients and pesticides, and ways to reduce excessive inputs of nutrients and pesticides into the surface and groundwaters of the State. In conjunction with this study, the Environmental Review Commission shall study the feasibility and desirability of directing the North Carolina Cooperative Extension Service to develop and implement such a voluntary education program. The Environmental Review Commission shall submit its legislative recommendations, if any, resulting from this study to the 1997 General Assembly, 1998 Regular Session.

Section 12.3. The Department of Agriculture shall submit the next North Carolina Turfgrass Survey to the Environmental Review Commission no later than one month after the survey is published.

Section 12.4. The Environmental Review Commission shall study the development of guidelines for best management practices for golf courses. The study shall address golf course planning, siting, design, construction, maintenance, and operation in relation to water usage; stormwater runoff; use of fertilizers, pesticides,

and herbicides; waste management; and any other matters necessary to protect water quality, public health, and the environment. The Environmental Review Commission shall submit its legislative recommendations, if any, resulting from this study to the 1997 General Assembly, 1998 Regular Session.

Section 12.5. The Environmental Review Commission shall study the development of guidelines for best management practices for septic tank systems for both the installation of new septic tank systems and the replacement or improvement of existing septic tank systems that supplement any rules governing septic tank systems that are adopted by the Commission for Health Services, including standards for devices and practices relating to septic tank installation, operation, maintenance, and repair. The Environmental Review Commission shall consider the use of incentives, including tax credits, that could be implemented to encourage the use of best management practices for septic tank systems. The Environmental Review Commission shall submit its legislative recommendations, if any, resulting from this study to the 1997 General Assembly, 1998 Regular Session. As used in this section, the phrase "devices and practices" includes, but is not limited to:

(1) Filters or other devices designed to improve the efficiency of septic tank systems.

(2) Risers or other devices designed to facilitate pumping.

(3) Electronic warning devices that signal when the solid or liquid waste in the system has reached a level such that the septic tank needs to be pumped.

An agency that is subject to Article 3 of this Chapter and is a board or commission has ~~90~~ 45 days from the day it receives the official record in a contested case from the Office of Administrative Hearings or ~~90~~ 45 days after its next regularly scheduled meeting, whichever is longer, to make a final decision in the case. This time limit may be extended by the parties or, for good cause shown, by the agency for an additional period of up to ~~90~~ 30 days. If an agency subject to Article 3 of this Chapter has not made a final decision within these time limits, the agency is considered to have adopted the administrative law judge's recommended decision as the agency's final decision. Failure of an agency subject to Article 3A of this Chapter to make a final decision within ~~180~~ 75 days of the close of the contested case hearing is justification for a person whose rights, duties, or privileges are adversely affected by the delay to seek a court order compelling action by the agency or, if the case was heard by an administrative law judge, by the administrative law judge."

Section 14.4. G.S. 150B-51 reads as rewritten:

If the court determines that the agency heard new evidence, the court shall reverse the decision or remand the case to the agency to enter a decision in accordance with the evidence in the official record.

(2) Second, if the agency did not adopt the recommended decision, the court shall determine whether the administrative law judge's

findings of fact and conclusions of law are supported by substantial evidence admissible under G.S. 150B-29(a), 150B-30, or 150B-31 in view of the entire record. If the court determines that the agency failed to adhere to the administrative law judge's findings of fact and conclusions of law that are supported by substantial evidence, the court shall reverse the decision or remand the case to the agency to enter a decision in accordance with the evidence in the official record.

(3) Third, if the agency did not adopt the recommended decision, the court shall determine whether the agency's decision states the specific reasons why the agency did not adopt the recommended decision. If the court determines that the agency did not state specific reasons why it did not adopt a recommended decision, the court shall reverse the decision or remand the case to the agency to enter the specific reasons.

(b) Standard of Review. -- After making the determinations, if any, required by subsection (a), the court reviewing a final decision may affirm the decision of the agency or remand the case for further proceedings. It may also reverse or modify the agency's decision if the substantial rights of the petitioners may have been prejudiced because the agency's findings, inferences, conclusions, or decisions are:

(1) In violation of constitutional provisions;
(2) In excess of the statutory authority or jurisdiction of the agency;
(3) Made upon unlawful procedure;
(4) Affected by other error of law;
(5) Unsupported by substantial evidence admissible under G.S. 150B-29(a), 150B-30, or 150B-31 in view of the entire record as submitted; or

A BILL TO BE ENTITLED

AN ACT TO ALLOW INSURERS TO LIMIT OR EXCLUDE EXCESS LIABILITY COVERAGE FOR UNINSURED AND UNDERINSURED MOTORISTS AS PROVIDED BY LAW AND TO ALLOW INJURED PARTIES TO EXECUTE COVENANTS NOT TO ENFORCE JUDGMENT AS CONSIDERATION FOR PAYMENT OF THE APPLICABLE LIMITS OF LIABILITY BY THE INSURER.

The General Assembly of North Carolina enacts:

Section 1. Article 3 of Chapter 58 of the General Statutes is amended by adding a new section to read:

"**§ 58-3-152. Excess liability policies; uninsured and underinsured motorist coverages.**

With respect to policy forms that provide excess liability coverage, an insurer may limit or exclude coverage for uninsured motorists as provided in G.S. 20-279.21(b)(3) and for underinsured motorists as provided in G.S. 20-279.21(b)(4)."

Section 2. G.S. 20-279.21(b)(4) reads as rewritten:

"(4) Shall, in addition to the coverages set forth in subdivisions (2) and (3) of this subsection, provide underinsured motorist coverage, to be used only with a policy that is written at limits that exceed those prescribed by subdivision (2) of this section and that afford uninsured motorist coverage as provided by subdivision (3) of this subsection, in an amount not to be less than the financial responsibility amounts for bodily injury liability as set forth in G.S. 20-279.5 nor greater than one million dollars ($1,000,000) as selected by the policy owner. An 'uninsured motor vehicle,' as

described in subdivision (3) of this subsection, includes an 'underinsured highway vehicle,' which means a highway vehicle with respect to the ownership, maintenance, or use of which, the sum of the limits of liability under all bodily injury liability bonds and insurance policies applicable at the time of the accident is less than the applicable limits of underinsured motorist coverage for the vehicle involved in the accident and insured under the owner's policy. For the purposes of this subdivision, the term 'highway vehicle' means a land motor vehicle or trailer other than (i) a farm-type tractor or other vehicle designed for use principally off public roads and while not upon public roads, (ii) a vehicle operated on rails or crawler-treads, or (iii) a vehicle while located for use as a residence or premises. The provisions of subdivision (3) of this subsection shall apply to the coverage required by this subdivision. Underinsured motorist coverage is deemed to apply when, by reason of payment of judgment or settlement, all liability bonds or insurance policies providing coverage for bodily injury caused by the ownership, maintenance, or use of the underinsured highway vehicle have been exhausted. Exhaustion of that liability coverage for the purpose of any single liability claim presented for underinsured motorist coverage is deemed to occur when either (a) the limits of liability per claim have been paid upon the claim, or (b) by reason of multiple claims, the aggregate per occurrence limit of liability has been paid. Underinsured motorist coverage is deemed to apply to the first dollar of an underinsured motorist coverage claim beyond amounts paid to the claimant under the exhausted liability policy.

In any event, the limit of underinsured motorist coverage applicable to any claim is determined to be the difference between the amount paid to the claimant under the exhausted liability policy or policies and the limit of underinsured motorist coverage applicable to the motor vehicle involved in the accident. Furthermore, if a claimant is an insured under the underinsured motorist coverage on separate or additional policies, the limit of underinsured motorist coverage applicable to the claimant is the difference between the amount paid to the claimant under the exhausted liability policy or policies and the total limits of the claimant's underinsured motorist coverages as determined by combining the highest limit available under each policy; provided that this sentence shall apply only to insurance on nonfleet private passenger motor vehicles as described in G.S. 58-40-15(9) and (10). The underinsured motorist limits applicable to any one motor vehicle under a policy shall not be combined with or added to the limits applicable to any other motor vehicle under that policy.

An underinsured motorist insurer may at its option, upon a claim pursuant to underinsured motorist coverage, pay moneys without there having first been an exhaustion of the liability insurance policy covering the ownership, use, and maintenance of the underinsured highway vehicle. In the event of payment, the underinsured motorist insurer shall be either: (a) entitled to receive by assignment from the claimant any right or (b) subrogated to the claimant's right regarding any claim the claimant has or had against the owner, operator, or maintainer of the underinsured highway vehicle, provided that the amount of the insurer's right by subrogation or assignment shall not exceed payments made to the claimant by the insurer. No insurer shall exercise any right of subrogation or any right to approve settlement with the original owner, operator, or maintainer of the underinsured highway vehicle under a policy providing coverage against an underinsured motorist where the insurer has been provided with written notice before a settlement between its insured and the underinsured motorist and the insurer fails to advance a payment to the insured in an amount equal to the tentative settlement within 30 days following receipt of that notice. Further, the insurer shall have the right, at its election, to pursue its claim by assignment or subrogation in the name of the claimant, and the insurer shall not be denominated as a party in its own name except upon its own election. Assignment or subrogation as provided in this subdivision shall not, absent contrary agreement, operate to defeat the claimant's right to pursue recovery against the owner, operator, or maintainer of the underinsured highway vehicle for damages beyond those paid by the underinsured motorist insurer. The claimant and the underinsured motorist insurer may join their claims in a single suit without requiring that the insurer be named as a party. Any claimant who intends to pursue recovery against the owner, operator, or maintainer of the underinsured highway vehicle for moneys beyond those paid by the underinsured motorist insurer shall before doing so give notice to the insurer and give the insurer, at its expense, the opportunity to participate in the prosecution of the claim. Upon the entry of judgment in a suit upon any such claim in which the underinsured motorist insurer and claimant are joined, payment upon the judgment, unless otherwise agreed to, shall be applied pro rata to the claimant's claim beyond payment by the insurer of the owner, operator or maintainer of the underinsured highway vehicle and the claim of the underinsured motorist insurer.

A party injured by the operation of an underinsured highway vehicle who institutes a suit for the recovery of moneys

for those injuries and in such an amount that, if recovered, would support a claim under underinsured motorist coverage shall give notice of the initiation of the suit to the underinsured motorist insurer as well as to the insurer providing primary liability coverage upon the underinsured highway vehicle. Upon receipt of notice, the underinsured motorist insurer shall have the right to appear in defense of the claim without being named as a party therein, and without being named as a party may participate in the suit as fully as if it were a party. The underinsured motorist insurer may elect, but may not be compelled, to appear in the action in its own name and present therein a claim against other parties; provided that application is made to and approved by a presiding superior court judge, in any such suit, any insurer providing primary liability insurance on the underinsured highway vehicle may upon payment of all of its applicable limits of liability be released from further liability or obligation to participate in the defense of such proceeding. However, before approving any such application, the court shall be persuaded that the owner, operator, or maintainer of the underinsured highway vehicle against whom a claim has been made has been apprised of the nature of the proceeding and given his right to select counsel of his own choice to appear in the action on his separate behalf. If an underinsured motorist insurer, following the approval of the application, pays in settlement or partial or total satisfaction of judgment moneys to the claimant, the insurer shall be subrogated to or entitled to an assignment of the claimant's rights against the owner, operator, or maintainer of the underinsured highway vehicle and, provided that adequate notice of right of independent representation was given to the owner, operator, or maintainer, a finding of liability or the award of damages shall be res judicata between the underinsured motorist insurer and the owner, operator, or maintainer of underinsured highway vehicle.

As consideration for payment of policy limits by a liability insurer on behalf of the owner, operator, or maintainer of an underinsured motor vehicle, a party injured by an underinsured motor vehicle may execute a contractual covenant not to enforce against the owner, operator, or maintainer of the vehicle any judgment that exceeds the policy limits. A covenant not to enforce judgment shall not preclude the injured party from pursuing available underinsured motorist benefits, unless the terms of the covenant expressly provide otherwise, and shall not preclude an insurer providing underinsured motorist coverage from pursuing any right of subrogation.

The coverage required under this subdivision shall not be applicable where any insured named in the policy rejects the coverage. An insured named in the policy may select different coverage limits as provided in this subdivision. If the named insured does not reject underinsured motorist coverage and does not select different coverage limits, the amount of underinsured motorist coverage shall be equal to the highest limit of bodily injury liability coverage for any one vehicle in the policy. Once the option to reject underinsured motorist coverage or to select different coverage limits is offered by the insurer, the insurer is not required to offer the option in any renewal, reinstatement, substitute, amended, altered, modified, transfer, or replacement policy unless a named insured makes a written request to exercise a different option. The selection or rejection of underinsured motorist coverage by a named insured or the failure to select or reject is valid and binding on all insureds and vehicles under the policy.

Rejection of or selection of different coverage limits for underinsured motorist coverage for policies under the jurisdiction of the North Carolina Rate Bureau shall be made in writing by the named insured on a form promulgated by the Bureau and approved by the Commissioner of Insurance."

Section 3. G.S. 20-279.21 is amended by adding a new subsection to read:

"(l) A party injured by an uninsured motor vehicle covered under a policy in amounts less than those set forth in G.S. 20-279.5, may execute a contractual covenant not to enforce against the owner, operator, or maintainer of the uninsured vehicle any judgment that exceeds the liability policy limits, as consideration for payment of any applicable policy limits by the insurer where judgment exceeds the policy limits. A covenant not to enforce judgment shall not preclude the injured party from pursuing available uninsured motorist benefits, unless the terms of the covenant expressly provide otherwise, and shall not preclude an insurer providing uninsured motorist coverage from pursuing any right of subrogation."

Section 4. This act is effective when it becomes law.

A BILL TO BE ENTITLED

AN ACT TO MODIFY THE BURDEN OF PROOF THAT MUST BE SATISFIED TO OBTAIN A CERTIFICATE AUTHORIZING AN INTERBASIN TRANSFER OF SURFACE WATERS, TO DIRECT THE ENVIRONMENTAL REVIEW COMMISSION TO STUDY ISSUES RELATING TO INTERBASIN TRANSFERS, AND TO IMPOSE A TEMPORARY MORATORIUM ON CERTAIN INTERBASIN TRANSFERS DURING THE PENDENCY OF THE STUDY.

The General Assembly of North Carolina enacts:

Section 1. G.S. 143-215.22I(g) reads as rewritten:

"(g) A certificate shall be granted for a water transfer ~~unless~~ if the applicant establishes and the Commission concludes by a preponderance of the evidence based upon the findings of fact made under subsection (f) of this section ~~that the potential detriments of the proposed transfer outweigh the benefits of the transfer.~~ that: (i) the benefits of the proposed transfer outweigh the detriments of the proposed transfer, and (ii) the detriments have been or will be mitigated to a reasonable degree. The conditions necessary to ensure that the detriments are and continue to be mitigated to a reasonable degree shall be attached to the certificate in accordance with subsection (h) of this section."

Section 2. The Environmental Review Commission shall study issues relating to the transfer of surface waters between river basins in the State. As a part of this study, the Environmental Review Commission shall consider whether, and on

what basis, the total volume of water that may be transferred from any river basin should be limited and whether the Environmental Management Commission should be authorized to issue special orders to remedy violations of laws or rules regulating transfers. The Environmental Review Commission shall report its findings, recommendations, and legislative proposals, if any, to the 1998 Regular Session of the General Assembly.

Section 3. As used in this section, "transfer" has the same meaning as in G.S. 143-215.22G. There is imposed a moratorium on any new transfer and on any increase in the permitted volume of an existing transfer for which a certificate is required under G.S. 143-215.22I. The Environmental Management Commission shall not issue a certificate for a new transfer or approve an increase in the permitted volume of an existing transfer during the period that the moratorium imposed by this section is in effect. During the moratorium imposed by this section, the Environmental Management Commission may hold public meetings or hearings, gather information, and analyze additional data relevant to any interbasin transfer application submitted to it.

The moratorium imposed by this section does not apply to an application to increase the volume of an existing transfer that, on 1 May 1997, is registered under G.S. 143-215.22H and:

(1) Was not permitted under G.S. 153A-285, repealed by Section 4 of Chapter 348 of the 1993 Session Laws, or G.S. 162A-7, repealed by Section 6 of Chapter 348 of the 1993 Session Laws; and

(2) For which a certificate has not been issued under G.S. 143-215.22I.

Section 4. This act is effective when it becomes law. Section 3 of this act expires on the date that the 1997 General Assembly adjourns its 1998 Regular Session sine die.

AN ACT TO CLARIFY AND EXPAND THE CLASSIFICATION OF PERSONS WHO MAY OBTAIN A DOMESTIC VIOLENCE PROTECTIVE ORDER; TO CLARIFY THE CIRCUMSTANCES UNDER WHICH MAGISTRATES MAY ISSUE PROTECTIVE ORDERS; AND TO IMPOSE A CRIMINAL PENALTY FOR VIOLATION OF A PROTECTIVE ORDER.

Prior to the hearing, if the magistrate determines that at the time the party is seeking emergency relief ex parte ~~the clerk of superior court is not available,~~ the district court is not in ~~session,~~ session and a district court judge is not and will not be available to hear the motion for a period of four or more hours, the motion may be heard by the magistrate. If it clearly appears to the magistrate from specific facts shown that there is a danger of acts of domestic violence against the aggrieved party or a minor child, the magistrate may enter such orders as it deems necessary to protect the aggrieved party or minor children from such acts, except that a temporary order for custody ex parte and prior to service of process and notice shall not be entered unless the magistrate finds that the child is exposed to a substantial risk of bodily injury or sexual abuse. An ex parte order entered under this subsection shall expire and the magistrate shall schedule an ex parte hearing before a district court judge within 72 hours of the filing for relief under this subsection, or by the end of the next day on which the district court is in session in the county in which the action was filed, whichever occurs first. COMMITTEE ON RULES, CALENDAR AND OPERATIONS OF THE HOUSE
August 4, 1997

The Committee on Rules, Calendar and Operations of the House met on August 4, 1997, in Room 2305 of the Legislative Building. Representative Morgan, Chair, called the meeting to order and asked the clerk to call the roll. The following members were present: Representatives Bowie, Vice-Chair; Crawford, Culp, Dockham, Esposito, Gulley, Hill, McMahan, Miner, Mitchell, Neely, Thompson and C. Wilson.

The Committee considered Senate Committee Substitute for HB 896 - A BILL TO BE ENTITLED AN ACT TO AMEND THE LAW PERTAINING TO THE CUSTODY AND PLACEMENT OF JUVENILES TO ENHANCE THE STATE'S ABILITY TO ENSURE THAT JUVENILES ARE PLACED IN A SAFE, PERMANENT HOME WITHIN A REASONABLE PERIOD OF TIME, TO AUTHORIZE THE DEPARTMENT OF HUMAN RESOURCES TO ASSUME CONTROL OF DELIVERY OF COUNTY CHILD WELFARE SERVICES UNDER CERTAIN CIRCUMSTANCES, AND TO ESTABLISH THE LEGISLATIVE STUDY COMMISSION ON CHILDREN AND YOUTH. The Chair stated that this bill was back before the Committee for concurrence.

Representative Gardner, a supporter of the Senate committee substitute, was recognized to explain the changes in the Senate committee substitute. The daycare changes, which included playground equipment, that were in the original bill when it was sent over to the Senate are now incorporated in the Daycare Omnibus Bill. The bill now encompasses the following items when the juvenile is before the Juvenile Court Judge: 1) the child's safety is the primary consideration; 2) a takeover provision by the Division of Social Services if the Child Protective Services is not adequately providing protection for the juvenile; and 3) the creating of a legislative study commission on children and youth. Representative Miner moved that the House do concur with the Senate committee substitute for HB 896. Motion carried.

The meeting adjourned.

Respectfully submitted,

Representative Richard T. Morgan
Chairman

Anne M. Cole

A BILL TO BE ENTITLED

AN ACT TO AMEND THE LAW PERTAINING TO THE CUSTODY AND PLACEMENT OF JUVENILES TO ENHANCE THE STATE'S ABILITY TO ENSURE THAT JUVENILES ARE PLACED IN A SAFE, PERMANENT HOME WITHIN A REASONABLE PERIOD OF TIME, TO AUTHORIZE THE DEPARTMENT OF HUMAN RESOURCES TO ASSUME CONTROL OF DELIVERY OF COUNTY CHILD WELFARE SERVICES UNDER CERTAIN CIRCUMSTANCES, AND TO ESTABLISH THE LEGISLATIVE STUDY COMMISSION ON CHILDREN AND YOUTH.

The General Assembly of North Carolina enacts:

Section 1. G.S. 7A-289.32(3) reads as rewritten:

"(3) The parent has willfully left the child in foster care for more than 12 months without showing to the satisfaction of the court that reasonable progress under the circumstances has been made within 12 months in correcting those conditions which led to the removal of the child. ~~child or without showing positive response within 12 months to the diligent efforts of a county Department of Social Services, a child-caring institution or licensed child-placing agency to encourage the parent to strengthen the parental relationship to the child or to make and follow through with constructive planning for the future of the child.~~ Provided, however, that no parental

rights shall be terminated for the sole reason that the parents are unable to care for the child on account of their poverty."

Section 2. G.S. 7A-289.32(7) reads as rewritten:

"(7) That the parent is incapable ~~as a result of mental retardation, mental illness, organic brain syndrome, or any other degenerative mental condition~~ of providing for the proper care and supervision of the child, such that the child is a dependent child within the meaning of G.S. 7A-517(13), and that there is a reasonable probability that such incapability will continue ~~throughout the minority of the child.~~ for the foreseeable future. Incapability under this subdivision may be the result of substance abuse, mental retardation, mental illness, organic brain syndrome, or any other similar cause or condition."

Section 3. G.S. 7A-517 is amended by adding the following new subdivisions to read:

"(25a) 'Reasonable efforts'. -- The diligent use of preventive or reunification services by a department of social services when a juvenile's remaining at home or returning home is consistent with achieving a safe, permanent home for the juvenile within a reasonable period of time.

(25b) 'Safe home'. -- A home in which the child is not at substantial risk of physical or emotional abuse or neglect."

Section 3.1. G.S. 7A-544 reads as rewritten:

"**§ 7A-544. Investigation by Director; access to confidential information; notification of person making the report.**

When a report of abuse, neglect, or dependency is received, the Director of the Department of Social Services shall make a prompt and thorough investigation in order to ascertain the facts of the case, the extent of the abuse or neglect, and the risk of harm to the juvenile, in order to determine whether protective services should be provided or the complaint filed as a petition. When the report alleges abuse, the Director shall immediately, but no later than 24 hours after receipt of the report, initiate the investigation. When the report alleges neglect or dependency, the Director shall initiate the investigation within 72 hours following receipt of the report. The investigation and evaluation shall include a visit to the place where the juvenile resides. All information received by the Department of Social Services, including the identity of the reporter, shall be held in strictest confidence by the Department.

When a report of ~~a juvenile's death as a result of~~ suspected ~~maltreatment~~ abuse, neglect, or dependency of a juvenile is received, the Director of the Department of Social Services shall immediately ascertain if other juveniles remain in the home, and, if so, initiate an investigation in order to determine whether they require protective services or whether immediate removal of the juveniles from the home is necessary for their protection.

If the investigation indicates that abuse, neglect, or dependency has occurred, the Director shall decide whether immediate removal of the juvenile or any other

juveniles in the home is necessary for their protection. If immediate removal does not seem necessary, the Director shall immediately provide or arrange for protective services. If the parent or other caretaker refuses to accept the protective services provided or arranged by the Director, the Director shall sign a complaint seeking to invoke the jurisdiction of the court for the protection of the juvenile or juveniles.

If immediate removal seems necessary for the protection of the juvenile or other juveniles in the home, the Director shall sign a complaint which alleges the applicable facts to invoke the jurisdiction of the court. Where the investigation shows that it is warranted, a protective services worker may assume temporary custody of the juvenile for the juvenile's protection pursuant to Article 46 of this Chapter.

In performing any duties related to the investigation of the complaint or the provision or arrangement for protective services, the Director may consult with any public or private agencies or individuals, including the available State or local law-enforcement officers who shall assist in the investigation and evaluation of the seriousness of any report of abuse, neglect, or dependency when requested by the Director. The Director or the Director's representative may make a written demand for any information or reports, whether or not confidential, that may in the Director's opinion be relevant to the investigation of or the provision for protective services. Upon the Director's or the Director's representative's request and unless protected by the attorney-client privilege, any public or private agency or individual shall provide access to and copies of this confidential information and these records to the extent permitted by federal law and regulations. If a custodian of criminal investigative information or records believes that release of the information will jeopardize the right of the State to prosecute a defendant or the right of a defendant to receive a fair trial or will undermine an ongoing or future investigation, it may seek an order from a court of competent jurisdiction to prevent disclosure of the information. In such an action, the custodian of the records shall have the burden of showing by a preponderance of the evidence that disclosure of the information in question will jeopardize the right of the State to prosecute a defendant or the right of a defendant to receive a fair trial or will undermine an ongoing or future investigation. Actions brought pursuant to this paragraph shall be set down for immediate hearing, and subsequent proceedings in the actions shall be accorded priority by the trial and appellate courts.

Within five working days after receipt of the report of abuse, neglect, or dependency, the Director shall give written notice to the person making the report, unless requested by that person not to give notice, as to whether the report was accepted for investigation and whether the report was referred to the appropriate State or local law enforcement agency.

In determining whether a juvenile is a neglected juvenile, it is relevant whether that juvenile lives in a home where another juvenile has ~~died as a result of abuse or neglect or lives in a home where another juvenile has~~ been subjected to ~~sexual abuse or severe physical~~ abuse or neglect by an adult who regularly lives in the home."

Section 4. G.S. 7A-576 reads as rewritten:

"**§ 7A-576. Place of secure or nonsecure custody.**

(a) A juvenile meeting the criteria set out in G.S. 7A-574, subsection (a), may be placed in nonsecure custody with the Department of Social Services or a person designated in the order for temporary residential placement in:

(1) A licensed foster home or a home otherwise authorized by law to provide such care or

(2) A facility operated by the Department of Social Services or

(3) Any other home or facility approved by the court and designated in the order.

In placing a juvenile in nonsecure custody under this section and under G.S. 7A-629 and G.S. 7A-651, the court shall first consider whether a relative of the juvenile is willing and able to provide proper care and supervision of the juvenile in a safe home. If the court finds that the relative is willing and able to provide proper care and supervision in a safe home, then the court shall order placement of the juvenile with the relative. Prior to placement of a juvenile with a relative outside of this State, the placement must be in accordance with the Interstate Compact on the Placement of Children.

(b) A juvenile meeting the criteria set out in G.S. 7A-574(b) may be temporarily detained in an approved county detention home or a regional detention facility which shall be separate from any jail, lockup, prison, or other adult penal institution. Section 5. G.S. 7A-577(h) reads as rewritten:

"(h) Any order authorizing the continued nonsecure custody of a juvenile who is alleged to be abused, neglected, or dependent shall include findings as to whether reasonable efforts have been made to prevent or eliminate the need for placement of the juvenile in custody and may provide for services or other efforts aimed at returning the juvenile ~~home promptly.~~ promptly to a safe home. A finding that reasonable efforts have not been made ~~to prevent or eliminate the need for placement~~ shall not preclude the entry of an order authorizing continued nonsecure custody when the court finds that continued nonsecure custody is necessary for the protection of the juvenile. Where efforts to prevent the need for the juvenile's placement were precluded by an immediate threat of harm to the juvenile, the court may find that the placement of the juvenile in the absence of such efforts was reasonable. If the court finds through written findings of fact that efforts to eliminate the need for placement of the juvenile in custody clearly would be futile or would be inconsistent with the juvenile's safety and need for a safe, permanent home within a reasonable period of time, then the court shall specify in its order that reunification efforts are not required or order that reunification efforts cease."

Section 6. G.S. 7A-577 is amended by adding the following new subsection to read:

"(i) At each hearing to determine the need for continued nonsecure custody, the court shall:

(2) Inquire as to whether a relative of the juvenile is willing and able to provide proper care and supervision of the juvenile in a safe home. If the court finds that the relative is willing and able to provide proper care and supervision in a safe home, then the court shall order temporary placement of the juvenile with the relative. Prior to placement of a juvenile with a relative outside of this State, the placement must be in accordance with the Interstate Compact on the Placement of Children; and

(3) Inquire as to whether there are other juveniles remaining in the home from which the juvenile was removed and, if there are, inquire as to the specific findings of the investigation conducted under G.S. 7A-544 and any actions taken or services provided by the Director for the protection of the other juveniles."

Section 7. G.S. 7A-585 reads as rewritten:

"**§ 7A-585. Appointment of guardian.**

In any case when no parent appears in a hearing with the juvenile or when the judge finds it would be in the best interest of the juvenile, the judge may appoint a guardian of the person for the juvenile. The guardian shall operate under the supervision of the court with or without bond and shall file only such reports as the court shall require. The guardian shall have the care, custody, and control of the juvenile or may arrange a suitable placement for ~~him~~ the juvenile and may represent the juvenile in legal actions before any court. The authority of the guardian shall continue until the guardianship is terminated by court order, until the juvenile is emancipated pursuant to Article ~~56,~~ 56 of this Chapter, or until the juvenile reaches the age of majority."

Section 8. G.S. 7A-651(c) reads as rewritten:

"(c) Any order directing placement of a juvenile in foster care shall also contain:

(1) A finding that the juvenile's continuation in or return to his own home would be contrary to the juvenile's best interest; and

(2) Findings as to whether reasonable efforts have been made to prevent or eliminate the need for placement of the juvenile in foster care. A finding that reasonable efforts were not made ~~to prevent or eliminate the need for placement~~ shall not preclude entry of a dispositional order authorizing placement in foster care when the court finds that such placement is needed for protection of the juvenile. When efforts to prevent the need for the juvenile's placement are precluded by an immediate threat of harm to the juvenile, the court may find that placement of the juvenile in the absence of such efforts is reasonable.

The order may provide for services or other efforts aimed at returning the juvenile promptly to a safe home. If the court finds through written findings of fact that efforts to eliminate the need for placement of the juvenile in custody clearly would be futile or would be inconsistent with the juvenile's safety and need for a safe, permanent home within a reasonable period of time, the court shall specify in its order that reunification efforts are not required or order that reunification efforts cease."

Section 9. G.S. 7A-657 reads as rewritten:

"**§ 7A-657. Review of custody order.**

(a) ~~In any case where the judge removes custody from a parent or person standing in loco parentis because of dependency, neglect or abuse, the juvenile shall not be returned to the parent or person standing in loco parentis unless the judge finds sufficient facts to show that the juvenile will receive proper care and supervision.~~ In any case where custody is removed from a parent, the judge shall conduct a review within six months of the date the order was entered, shall conduct a second review within six months after the first review, and shall conduct subsequent reviews at least

(2) The placement is stable and continuation of the placement is in the juvenile's best interest; and

(3) Neither the juvenile's best interests nor the rights of any party require that review hearings be held every 12 months; and

(4) All parties are aware that the matter may be brought before the court for review at any time by the filing of a motion for review or on the court's own motion; and

(5) The court order has designated the relative or other suitable person as the juvenile's permanent caretaker or guardian of the person. ~~at the review at which these findings are made.~~

The court may not waive or refuse to conduct a review hearing if a party files a motion seeking the review.

If the juvenile is placed in or remains in the custody of the department of social services, the court may authorize the department to arrange and supervise a visitation plan. Except for such visitation, the juvenile shall not be returned to the parent or person standing in loco parentis without a hearing at which the court finds sufficient facts to show that the juvenile will receive proper care and supervision. The court may enter an order continuing the placement under review or providing for a different placement as is deemed to be in the best interest of the juvenile. If at any time custody is restored to a parent, the court shall be relieved of the duty to conduct periodic judicial reviews of the placement.

(d1) At a hearing designated by the court, but at least within 12 months after the juvenile's placement, a review hearing shall be held under this section and designated as a permanency planning hearing. (14d) To require the owners of developed property on which there are situated one or more residential dwelling units or commercial establishments located within the jurisdiction of the authority and within a reasonable distance of any waterline or sewer collection line owned, leased as lessee, or operated by the authority to connect the property with the waterline, sewer connection line, or both and fix charges for the connections. Such payments may be designed to cover the authority's operating costs (including debt service and related amounts) by allocating those costs among the participating political subdivisions and by requiring these subdivisions to pay additional amounts to make up for the nonpayment of defaulting subdivisions. The participating political subdivisions may agree to budget for and appropriate such payments. Such payment obligations may be made absolute, unconditional, and irrevocable and required to be performed strictly in accordance with the terms of such agreements and without abatement or reduction under all circumstances whatsoever, including whether or not any facility of the authority is completed, operable or operating and, notwithstanding the suspension, interruption, interference, reduction or curtailment of the output of any such facility or the treated water contracted for, and such obligations may be made subject to no reduction, whether by offset or otherwise, and not conditioned upon the performance or nonperformance of the authority or any participating political subdivision under any agreement. Such payment obligations are in consideration of any output or capacity that may at any time be available from facilities of the authority. The participating political subdivisions may agree to make such payments from limited or specified sources. To the extent such payments relate to debt service of the authority and related amounts, they may not be made from any moneys derived from exercise by the participating political subdivisions of their taxing power, and such payment obligations shall not constitute a pledge of such taxing power. The participating political subdivisions may agree (i) not to pledge or encumber any source of payment and (ii) to operate (including fixing rates and charges) in a manner that enables them to make such payments from such sources. The participating political subdivisions may also secure such payment obligations with a pledge of or lien upon any such sources of payment. Notwithstanding the provisions of G.S. 162A-9 or any other law to the contrary, an authority entering into any such agreement need not fix rates, fees and other charges for its services except as provided herein, and such rates, fees and charges need not be uniform through the authority's service areas. Notwithstanding the provisions of G.S. 160A-322 or any other law to the contrary, agreements described herein may have a term not exceeding 50 years. Notwithstanding any law to the contrary, the execution and effectiveness of any agreement authorized hereby shall not be subject to any authorizations or approvals by any entity except the parties thereto. Each authority and its participating political subdivisions shall have the power to do all acts and things necessary or convenient to carry out the powers granted by this subsection.

(c) In addition to the powers given under subsection (a) of this section, an authority that holds a certificate issued after December 1, 1991, by the Environmental Management Commission under G.S. 162A-7 (repealed) may acquire property by the power of eminent domain or by gift, purchase, grant, exchange, lease, or any other lawful method for one or more of the following purposes:

(3) To establish drainage programs and programs to prevent obstructions to the natural flow of streams, creeks and natural water channels or to improve drainage facilities. The authority contained in this subdivision is in addition to any authority contained in Chapter 156 of the General Statutes.

(4) To acquire property for wetlands mitigation."

Section 2. This act is effective when it becomes law.

AN ACT TO REQUIRE PHYSICIANS TO COMPLETE NOT TO EXCEED ONE HUNDRED FIFTY HOURS OF CONTINUING EDUCATION, TO REQUIRE PHYSICIANS TO REGISTER ANNUALLY WITH THE NORTH CAROLINA MEDICAL BOARD, TO AMEND THE LAW GOVERNING REPORTING OF SUSPENSIONS OF PHYSICIAN PRIVILEGES WITH RESPECT TO COMPLETION OF MEDICAL RECORDS, TO MAKE A TECHNICAL CHANGE IN THE PRACTICE OF MEDICINE ACT, AND TO IMPROVE NORTH CAROLINA'S PUBLIC HEALTH SERVICE CAPACITY BY AUTHORIZING APPROVAL OF NONPROFIT HEALTH CARE FACILITIES TO SERVE SOME OF THE DENTAL NEEDS OF LOW-INCOME POPULATIONS AND BY AUTHORIZING THE EMPLOYMENT OF DENTISTS, DENTAL STUDENTS, AND DENTAL INTERNS BY THOSE FACILITIES.

The General Assembly of North Carolina enacts:

Section 1. G.S. 90-14(a) reads as rewritten:

"(a) The Board shall have the power to deny, annul, suspend, or revoke a license, or other authority to practice medicine in this State, issued by the Board to any person who has been found by the Board to have committed any of the following acts or conduct, or for any of the following reasons:

(1) Immoral or dishonorable conduct.

(2) Producing or attempting to produce an abortion contrary to law.

(3) Made false statements or representations to the Board, or who has willfully concealed from the Board material information in connection with ~~his~~ an application for a license.

(4) Repealed by Session Laws 1977, c. 838, s. 3.

(5) Being unable to practice medicine with reasonable skill and safety to patients by reason of illness, drunkenness, excessive use of alcohol, drugs, chemicals, or any other type of material or by reason of any physical or mental abnormality. The Board is empowered and authorized to require a physician licensed by it to submit to a mental or physical examination by physicians designated by the Board before or after charges may be presented against ~~him,~~ the physician, and the results of the examination shall be admissible in evidence in a hearing before the Board.

(6) Unprofessional conduct, including, but not limited to, departure from, or the failure to conform to, the standards of acceptable and prevailing medical practice, or the ethics of the medical profession, irrespective of whether or not a patient is injured thereby, or the committing of any act contrary to honesty, justice, or good morals, whether the same is committed in the course of ~~his~~ the physician's practice or otherwise, and whether committed within or without North Carolina. The Board shall not revoke the license of or deny a license to a person solely because of that person's practice of a therapy that is experimental, nontraditional, or that departs from acceptable and prevailing medical practices unless, by competent evidence, the Board can establish that the treatment has a safety risk greater than the prevailing treatment or that the treatment is generally not effective.

(7) Conviction in any court of a crime involving moral turpitude, or the violation of a law involving the practice of medicine, or a conviction of a felony; provided that a felony conviction shall be treated as provided in subsection (c) of this section.

(8) By false representations has obtained or attempted to obtain practice, money or anything of value.

(9) Has advertised or publicly professed to treat human ailments under a system or school of treatment or practice other than that for which ~~he~~ the physician has been educated.

(10) Adjudication of mental incompetency, which shall automatically suspend a license unless the Board orders otherwise.

(11) Lack of professional competence to practice medicine with a reasonable degree of skill and safety for patients. In this connection the Board may consider repeated acts of a physician indicating ~~his~~ the physician's failure to properly treat a patient. The Board may, upon reasonable grounds, require a physician to submit to inquiries or examinations, written or oral, by members of the Board or by

(12) Promotion of the sale of drugs, devices, appliances or goods for a patient, or providing services to a patient, in such a manner as to exploit the patient, and upon a finding of the exploitation, the Board may order restitution be made to the payer of the bill, whether the patient or the insurer, by the physician; provided that a determination of the amount of restitution shall be based on credible testimony in the record.

(13) Having a license to practice medicine or the authority to practice medicine revoked, suspended, restricted, or acted against or having a license to practice medicine denied by the licensing authority of any jurisdiction. For purposes of this subdivision, the licensing authority's acceptance of a license to practice medicine voluntarily relinquished by a physician or relinquished by stipulation, consent order, or other settlement in response to or in anticipation of the filing of administrative charges against the physician's license, is an action against a license to practice medicine.

(14) The failure to respond, within a reasonable period of time and in a reasonable manner as determined by the Board, to inquiries from the Board concerning any matter affecting the license to practice medicine.

(15) The failure to complete an amount not to exceed 150 hours of continuing medical education during any three consecutive calendar years pursuant to rules adopted by the Board.

SESSION 1997

S 1

SENATE BILL 583

Short Title: Physician Education and Registration. (Public)

Sponsors: Senator Forrester.

Referred to: Children & Human Resources.

April 1, 1997

A BILL TO BE ENTITLED

AN ACT TO REQUIRE PHYSICIANS TO COMPLETE ONE HUNDRED FIFTY HOURS OF CONTINUING EDUCATION, TO REQUIRE PHYSICIANS TO REGISTER ANNUALLY WITH THE NORTH CAROLINA MEDICAL BOARD AND TO MAKE A TECHNICAL CHANGE IN THE PRACTICE OF MEDICINE ACT.

The General Assembly of North Carolina enacts:

Section 1. G.S. 90-14(a) reads as rewritten:

"(a) The Board shall have the power to deny, annul, suspend, or revoke a license, or other authority to practice medicine in this State, issued by the Board to any person who has been found by the Board to have committed any of the following acts or conduct, or for any of the following reasons:

(1) Immoral or dishonorable conduct.

(2) Producing or attempting to produce an abortion contrary to law.

(3) Made false statements or representations to the Board, or who has willfully concealed from the Board material information in connection with ~~his~~ an application for a license.

(4) Repealed by Session Laws 1977, c. 838, s. 3.

(5) Being unable to practice medicine with reasonable skill and safety to patients by reason of illness, drunkenness, excessive use of alcohol, drugs, chemicals, or any other type of material or by reason of any physical or mental abnormality. The Board is empowered and authorized to require a physician licensed by it to submit to a mental or physical examination by physicians

designated by the Board before or after charges may be presented against ~~him,~~ the physician, and the results of the examination shall be admissible in evidence in a hearing before the Board.

(6) Unprofessional conduct, including, but not limited to, departure from, or the failure to conform to, the standards of acceptable and prevailing medical practice, or the ethics of the medical profession, irrespective of whether or not a patient is injured thereby, or the committing of any act contrary to honesty, justice, or good morals, whether the same is committed in the course of ~~his~~ the physician's practice or otherwise, and whether committed within or without North Carolina. The Board shall not revoke the license of or deny a license to a person solely because of that person's practice of a therapy that is experimental, nontraditional, or that departs from acceptable and prevailing medical practices unless, by competent evidence, the Board can establish that the treatment has a safety risk greater than the prevailing treatment or that the treatment is generally not effective.

(7) Conviction in any court of a crime involving moral turpitude, or the violation of a law involving the practice of medicine, or a conviction of a felony; provided that a felony conviction shall be treated as provided in subsection (c) of this section.

(8) By false representations has obtained or attempted to obtain practice, money or anything of value.

(9) Has advertised or publicly professed to treat human ailments under a system or school of treatment or practice other than that for which ~~he~~ the physician has been educated.

(10) Adjudication of mental incompetency, which shall automatically suspend a license unless the Board orders otherwise.

(11) Lack of professional competence to practice medicine with a reasonable degree of skill and safety for patients. In this connection the Board may consider repeated acts of a physician indicating ~~his~~ the physician's failure to properly treat a patient. The Board may, upon reasonable grounds, require a physician to submit to inquiries or examinations, written or oral, by members of the Board or by other physicians licensed to practice medicine in this State, as the Board deems necessary to determine the professional qualifications of such licensee.

(12) Promotion of the sale of drugs, devices, appliances or goods for a patient, or providing services to a patient, in such a manner as to exploit the patient, and upon a finding of the exploitation, the Board may order restitution be made to the payer of the bill, whether the patient or the insurer, by the physician; provided that a determination of the amount of restitution shall be based on credible testimony in the record.

(13) Having a license to practice medicine or the authority to practice medicine revoked, suspended, restricted, or acted against or having a license to practice medicine denied by the licensing authority of any jurisdiction. For purposes of this subdivision, the licensing authority's acceptance of a license to practice medicine voluntarily relinquished by a physician or relinquished by stipulation, consent order, or other settlement in response to or in anticipation of the filing of administrative charges against the physician's license, is an action against a license to practice medicine.

(14) The failure to respond, within a reasonable period of time and in a reasonable manner as determined by the Board, to inquiries from the Board concerning any matter affecting the license to practice medicine.

(15) The failure to complete 150 hours of continuing medical education during any three calendar years. At least 60 of the hours required shall consist of the physician attending formally organized educational meetings, including conferences, symposia, and other similar learning activities. The physician shall maintain written documentation of all hours completed and such documentation may be inspected by the Board to verify the physician's compliance with this subdivision.

For any of the foregoing reasons, the Board may deny the issuance of a license to an applicant or revoke a license issued to ~~him,~~ a physician, may suspend such a license for a period of time, and may impose conditions upon the continued practice after such period of suspension as the Board may deem advisable, may limit the accused physician's practice of medicine with respect to the extent, nature or location of ~~his~~ the physician's practice as the Board deems advisable. The Board may, in its discretion and upon such terms and conditions and for such period of time as it may prescribe, restore a license so revoked or rescinded, except that no license that has been revoked shall be restored for a period of two years following the date of revocation."

Section 2. G.S. 90-15.1 reads as rewritten:

"**§ 90-15.1. (Effective January 1, 1998) Registration every year with Board.**

Every person licensed to practice medicine by the North Carolina Medical Board ~~shall, prior to January 31 of each year,~~ shall register ~~with~~ annually with the Board within 30 days of the person's birthday. ~~the Board.~~ A person who registers with the Board shall report to the Board the person's name and office and residence address and any other information required by the Board, and shall pay a registration fee fixed by the Board not in excess of one hundred dollars ($100.00). For purposes of annual registration, the Board shall use a simplified registration form which allows registrants to confirm information on file with the Board. A physician who fails to register ~~by January 31~~ as required by this section shall pay an additional fee of twenty dollars ($20.00) to the Board. The license of any physician who fails to register and ~~said~~ the failure continues for a period of 30 days after certified notice of ~~said~~ the

failure, is automatically suspended. Upon payment of all accumulated fees and penalties, the license of the physician may be reinstated, subject to the Board requiring the physician to appear before the Board for an interview and to comply with other licensing requirements."

Section 3. G.S. 90-16 reads as rewritten:

"**§ 90-16. Board to keep record; publication of names of licentiates; transcript as evidence; receipt of evidence concerning treatment of patient who has not consented to public disclosure.**

The North Carolina Medical Board shall cause to be entered in a separate book the name of each applicant to whom a license is issued to practice medicine or surgery, along with any information pertinent to such issuance. The North Carolina Medical Board shall publish the names of those licensed in three daily newspapers published in the State of North Carolina, within 30 days after granting the same. A transcript of any such entry in the record books, or certificate that there is not entered therein the name and proficiency or date of granting such license of a person charged with the violation of the provisions of this Article, certified under the hand of the secretary and the seals of the ~~Board of Medical Examiners of the State of North Carolina,~~ North Carolina Medical Board, shall be admitted as evidence in any court of this State when it is otherwise competent.

The Board may in a closed session receive evidence involving or concerning the treatment of a patient who has not expressly or impliedly consented to the public disclosure of such treatment as may be necessary for the protection of the rights of such patient or of the accused physician and the full presentation of relevant evidence. All records, papers and other documents containing information collected and compiled by the Board, or its members or employees as a result of investigations, inquiries or interviews conducted in connection with a licensing or disciplinary matter shall not be considered public records within the meaning of Chapter 132 of the General Statutes; provided, however, that any notice or statement of charges against any licensee, or any notice to any licensee of a hearing in any proceeding shall be a public record within the meaning of Chapter 132 of the General Statutes, notwithstanding that it may contain information collected and compiled as a result of any such investigation, inquiry or interview; and provided, further, that if any such record, paper or other document containing information theretofore collected and compiled by the Board, as hereinbefore provided, is received and admitted in evidence in any hearing before the Board, it shall thereupon be a public record within the meaning of Chapter 132 of the General Statutes.

In any proceeding before the Board, in any record of any hearing before the Board, and in the notice of the charges against any licensee (notwithstanding any provision herein to the contrary) the Board may withhold from public disclosure the identity of a patient who has not expressly or impliedly consented to the public disclosure of treatment by the accused physician."

A BILL TO BE ENTITLED

AN ACT TO ESTABLISH ADVANCE INSTRUCTION FOR MENTAL HEALTH TREATMENT.

The General Assembly of North Carolina enacts:

Section 1. Article 3 of Chapter 122C of the General Statutes is amended by designating G.S. 122C-51 through G.S. 122C-70 as "Part 1".

Section 2. Article 3 of Chapter 122C of the General Statutes is amended by adding the following new Part to read:

"Part 2. Advance Instruction for Mental Health Treatment.

"**§ 122C-71. Purpose.**

(a) The General Assembly recognizes as a matter of public policy the fundamental right of an individual to control the decisions relating to the individual's medical care, and that this right may be exercised on behalf of the individual by an agent chosen by the individual.

(b) The purpose of this Part is to establish an additional, nonexclusive method for an individual to exercise the right to consent to or refuse mental health treatment when the individual lacks sufficient understanding or capacity to make or communicate mental health treatment decisions.

(c) This Part is intended and shall be construed to be consistent with the provisions of Article 3 of Chapter 32A of the General Statutes, provided that in the event of a conflict between the provisions of this Part and Article 3 of Chapter 32A, the provisions of this Part control.

"**§ 122C-72. Definitions.**

As used in this Part, unless the context clearly requires otherwise, the following terms have the meanings specified:

(1) 'Advance instruction' or 'advance instruction for mental health treatment' means a written instrument, signed by two qualified witnesses, that makes a declaration of instructions, that also provides information and preferences regarding mental health treatment, and that may appoint an attorney-in-fact.

(2) 'Attending physician' means the physician who has primary responsibility for the care and treatment of the principal.

(3) 'Attorney-in-fact' means an adult validly appointed under G.S. 122C-75 to make mental health treatment decisions for a principal under an advance instruction for mental health treatment and also means an alternative attorney-in-fact.

(4) 'Incapable' means that, in the opinion of a physician or eligible psychologist, the person currently lacks the capacity to make and communicate mental health treatment decisions. As used in this subdivision, the term 'eligible psychologist' has the meaning given the term in G.S. 122C-3(13b).

(5) 'Mental health treatment' means the process of providing for the physical, emotional, psychological, and social needs of the principal. 'Mental health treatment' includes, but is not limited to, electroconvulsive treatment (ECT), commonly referred to as 'shock treatment', treatment of mental illness with psychotropic medication, and admission to and retention in a facility for care or treatment of mental illness.

(6) 'Principal' means the person making the advance instruction.

(7) 'Qualified witness' means a witness who affirms that the principal is personally known to the witness, that the principal signed or acknowledged the principal's signature on the advance instruction in the presence of the witness, that the witness believes the principal to be of sound mind and not to be under duress, fraud, or undue influence, and that the witness is not:

a. The attending physician or mental health service provider or a relative of the physician or provider; or

b. An owner, operator, or relative of an owner or operator of a health care facility in which the principal is a patient or resident.

"**§ 122C-73. Scope, use, and authority of advance instruction for mental health treatment.**

(a) Any adult of sound mind may make an advance instruction regarding mental health treatment. The advance instruction may include consent to or refusal of mental health treatment. The advance instruction may also appoint an attorney-in-fact.

(b) An advance instruction may include, but is not limited to, the names and telephone numbers of individuals to be contacted in case of mental health crisis, situations that may cause the principal to experience a mental health crisis, responses that may assist the principal to remain in the principal's home during a mental health crisis, the types of assistance that may help stabilize the principal if it becomes necessary to enter a facility, and medications that the principal is taking or has taken in the past and the effects of those medications.

(c) A person shall not be required to execute or to refrain from executing an advance instruction as a condition for insurance coverage, as a condition for receiving mental or physical health services, as a condition for receiving privileges while in a facility, or as a condition of discharge from a facility.

(d) A principal may nominate, by advance instruction for mental health treatment, the guardian of the person of the principal if a guardianship proceeding is thereafter commenced. The court shall make its appointment in accordance with the principal's most recent nomination in an unrevoked advance instruction for mental health treatment, except for good cause shown.

(e) If, following the execution of an advance instruction for mental health treatment, a court of competent jurisdiction appoints a guardian of the person of the principal, or a general guardian with powers over the person of the principal, the advance instruction for mental health treatment shall remain in effect and shall be superior to the powers and duties of the guardian of the person with respect to mental health treatment covered under the advance instruction.

(f) An advance instruction for mental health treatment may be combined with or incorporated into a health care power of attorney or general power of attorney that is executed in accordance with the requirements of Chapter 32A of the General Statutes.

"**§ 122C-74. Effectiveness and duration; revocation.**

(a) A validly executed advance instruction becomes effective when it is delivered to the principal's physician or other mental health treatment provider and remains valid until revoked or expired. The physician or provider shall act in accordance with an advance instruction when the principal has been determined to be incapable. The physician or provider shall continue to obtain the principal's informed consent to all mental health treatment decisions as required by law.

(b) Upon being presented with an advance instruction, a physician or other provider shall make the advance instruction a part of the principal's medical record. When acting under authority of an advance instruction, a physician or provider shall comply with it to the fullest extent possible, unless compliance is not consistent with:

(1) Best medical practice to benefit the principal;

(2) The availability of treatments requested; and

(3) Applicable law.

If the physician or other provider is unwilling at any time to comply with any part or parts of an advance instruction for one or more of the reasons set out in subdivisions (1) through (3) of this subsection, the physician or provider shall promptly notify the principal and, if applicable, the attorney-in-fact, and shall document the reason for

not complying with the advance instruction and shall document the notification in the principal's medical record.

(c) Except as provided in subsection (b) of this section, the physician or provider may subject the principal to mental health treatment in a manner contrary to the principal's instructions as expressed in an advance instruction for mental health treatment only:

(1) If the principal is committed to a 24-hour facility pursuant to Article 5 of G.S. 122C and treatment is authorized in compliance with G.S. 122C-57 and administrative rule; or

(2) In cases of emergency endangering life or health.

(d) An advance instruction does not limit any authority provided in Article 5 of G.S. 122C either to take a person into custody, or to admit, retain, or treat a person in a facility.

(e) An advance instruction for mental health treatment continues in effect for a period of two years, unless revoked. An advance instruction may be revoked in whole or in part at any time by the principal if the principal is capable. A revocation is effective when a capable principal communicates the revocation to the attending physician or other provider. The attending physician or other provider shall note the revocation as part of the principal's medical record. The authority of a named attorney-in-fact and any alternative attorney-in-fact named in the advance instruction continues in effect as long as the advance instruction appointing the attorney-in-fact is in effect or until the attorney-in-fact has withdrawn.

(f) A physician or provider who administers or does not administer mental health treatment according to and in good faith reliance upon the validity of an advance instruction is not subject to criminal prosecution, civil liability, or professional disciplinary action resulting from a subsequent finding of an advance instruction's invalidity.

"§ 122C-75. Scope of authority of attorney-in-fact; powers and duties; limitation on liability.

(a) An advance instruction may designate a competent adult to act as attorney-in-fact to make decisions about mental health treatment. An alternative attorney-in-fact may also be designated to act as attorney-in-fact if the original designee is unable or unwilling to act at any time. An attorney-in-fact who has accepted the appointment in writing may make decisions about mental health treatment on behalf of the principal only when the principal is incapable. The decisions shall be consistent with any desires the principal has expressed in the advance instruction.

(f) In exercising authority under the advance instruction, the attorney-in-fact shall act consistently with the desires of the principal as expressed in the advance instruction. If the principal's desires are not expressed in the advance instruction and are not otherwise known by the attorney-in-fact, the attorney-in-fact shall act in what the attorney-in-fact in good faith believes to be the manner in which the principal would act if the principal was not incapable.

(g) The appointment of an attorney-in-fact shall not revoke, restrict, or otherwise affect any nonmental health treatment powers granted by the principal to a health care agent pursuant to a health care power of attorney or attorney-in-fact pursuant to a general power of attorney; provided that the mental health treatment powers granted to the attorney-in-fact shall be superior to any similar powers granted by the principal to a health care agent pursuant to a health care power of attorney or an attorney-in-fact pursuant to a general power of attorney.

(h) An attorney-in-fact is not subject to criminal prosecution, civil liability, or professional disciplinary action for any action taken in good faith pursuant to an advance instruction for mental health treatment.

(j) A person who has withdrawn under the provision of subsection (i) of this section may rescind the withdrawal by executing an acceptance after the date of the withdrawal. The acceptance shall be in the same or similar form as provided for in G.S. 122C-77 for accepting an appointment. A person who rescinds a withdrawal shall give notice to the principal if the principal is capable or to the principal's health care provider if the principal is incapable.

"§ 122C-76. Penalty.

It is a Class 2 misdemeanor for a person, without authorization of the principal, willfully to alter, forge, conceal, or destroy an instrument, the reinstatement or revocation of an instrument, or any other evidence or document reflecting the principal's desires and interests, with the intent or effect of affecting a mental health treatment decision.

GENERAL ASSEMBLY OF NORTH CAROLINA

SESSION 1997

S 2

SENATE BILL 757
Children and Human Resources Committee Substitute Adopted 4/30/97

Short Title: Advance Instr./Mental Health. (Public)

Sponsors:

Referred to:

April 8, 1997

A BILL TO BE ENTITLED

AN ACT TO ESTABLISH ADVANCE INSTRUCTION FOR MENTAL HEALTH TREATMENT.

The General Assembly of North Carolina enacts:

Section 1. Article 3 of Chapter 122C of the General Statutes is amended by designating G.S. 122C-51 through G.S. 122C-70 as "Part 1".

Section 2. Article 3 of Chapter 122C of the General Statutes is amended by adding the following new Part to read:

"Part 2. Advance Instruction for Mental Health Treatment.

"**§ 122C-71. Purpose.**

(a) The General Assembly recognizes as a matter of public policy the fundamental right of an individual to control the decisions relating to the individual's medical care, and that this right may be exercised on behalf of the individual by an agent chosen by the individual.

(b) The purpose of this Part is to establish an additional, nonexclusive method for an individual to exercise the right to consent to or refuse mental health treatment when the individual lacks sufficient understanding or capacity to make or communicate mental health treatment decisions.

(c) This Part is intended and shall be construed to be consistent with the provisions of Article 3 of Chapter 32A of the General Statutes, provided that in the event of a conflict between the provisions of this Part and Article 3 of Chapter 32A, the provisions of this Part control.

"**§ 122C-72. Definitions.**

As used in this Part, unless the context clearly requires otherwise, the following terms have the meanings specified:

(1) 'Advance instruction' or 'advance instruction for mental health treatment' means a written instrument, signed by two qualified witnesses, that makes a declaration of instructions, that also provides information and preferences regarding mental health treatment, and that may appoint an attorney-in-fact.

(2) 'Attending physician' means the physician who has primary responsibility for the care and treatment of the principal.

(3) 'Attorney-in-fact' means an adult validly appointed under G.S. 122C-75 to make mental health treatment decisions for a principal under an advance instruction for mental health treatment and also means an alternative attorney-in-fact.

(4) 'Incapable' means that, in the opinion of a physician or eligible psychologist, the person currently lacks the capacity to make and communicate mental health treatment decisions. As used in this subdivision, the term 'eligible psychologist' has the meaning given the term in G.S. 122C-3(13b).

(5) 'Mental health treatment' means the process of providing for the physical, emotional, psychological, and social needs of the principal. 'Mental health treatment' includes, but is not limited to, electroconvulsive treatment (ECT), commonly referred to as 'shock treatment', treatment of mental illness with psychotropic medication, and admission to and retention in a facility for care or treatment of mental illness.

(6) 'Principal' means the person making the advance instruction.

(7) 'Qualified witness' means a witness who affirms that the principal is personally known to the witness, that the principal signed or acknowledged the principal's signature on the advance instruction in the presence of the witness, that the witness believes the principal to be of sound mind and not to be under duress, fraud, or undue influence, and that the witness is not:

a. The attending physician or mental health service provider or a relative of the physician or provider; or

b. An owner, operator, or relative of an owner or operator of a health care facility in which the principal is a patient or resident.

"§ 122C-73. Scope, use, and authority of advance instruction for mental health treatment.

(a) Any adult of sound mind may make an advance instruction regarding mental health treatment. The advance instruction may include consent to or refusal of mental health treatment. The advance instruction may also appoint an attorney-in-fact.

(b) An advance instruction may include, but is not limited to, the names and telephone numbers of individuals to be contacted in case of mental health crisis, situations that may cause the principal to experience a mental health crisis, responses that may assist the principal to remain in the principal's home during a mental health crisis, the types of assistance that may help stabilize the principal if it becomes necessary to enter a facility, and medications that the principal is taking or has taken in the past and the effects of those medications.

(c) A person shall not be required to execute or to refrain from executing an advance instruction as a condition for insurance coverage, as a condition for receiving mental or physical health services, as a condition for receiving privileges while in a facility, or as a condition of discharge from a facility.

(d) A principal may nominate, by advance instruction for mental health treatment, the guardian of the person of the principal if a guardianship proceeding is thereafter commenced. The court shall make its appointment in accordance with the principal's most recent nomination in an unrevoked advance instruction for mental health treatment, except for good cause shown.

(e) If, following the execution of an advance instruction for mental health treatment, a court of competent jurisdiction appoints a guardian of the person of the principal, or a general guardian with powers over the person of the principal, the advance instruction for mental health treatment shall remain in effect and shall be superior to the powers and duties of the guardian of the person with respect to mental health treatment covered under the advance instruction.

(f) An advance instruction for mental health treatment may be combined with or incorporated into a health care power of attorney or general power of attorney that is executed in accordance with the requirements of Chapter 32A of the General Statutes.

"**§ 122C-74. Effectiveness and duration; revocation.**

(a) A validly executed advance instruction becomes effective when it is delivered to the principal's physician or other mental health treatment provider and remains valid until revoked or expired. The physician or provider shall act in accordance with an advance instruction when the principal has been determined to be incapable. The physician or provider shall continue to obtain the principal's informed consent to all mental health treatment decisions if the principal is capable of providing informed consent or refusal.

(b) Upon being presented with an advance instruction, a physician or other provider shall make the advance instruction a part of the principal's medical record. When acting under authority of an advance instruction, a physician or provider shall comply with it to the fullest extent possible, unless compliance is not consistent with:

(1) Best medical practice to benefit the principal;

(2) The availability of treatments requested; and

(3) Applicable law.

If the physician or other provider is unwilling at any time to comply with any part or parts of an advance instruction for one or more of the reasons set out in subdivisions (1) through (3) of this subsection, the physician or provider shall promptly notify the

principal and, if applicable, the attorney-in-fact, and shall document the reason for not complying with the advance instruction and shall document the notification in the principal's medical record.

(c) Except as provided in subsection (b) of this section, the physician or provider may subject the principal to mental health treatment in a manner contrary to the principal's wishes as expressed in an advance instruction for mental health treatment only:

(1) If the principal is committed to a 24-hour facility pursuant to Article 5 of G.S. 122C and treatment is authorized in compliance with G.S. 122C-57 and administrative rule; or

(2) In cases of emergency endangering life or health.

(d) An advance instruction does not limit any authority provided in Article 5 of G.S. 122C either to take a person into custody, or to admit, retain, or treat a person in a facility.

(e) When making an advance instruction, the principal shall indicate whether the advance instruction may be revoked only if the principal is capable, or if it may be revoked at any time. If the advance instruction directs that it may be revoked only if the principal is capable, then the revocation is effective when a capable principal communicates the revocation to the attending physician or other provider. If the advance instruction directs that the revocation may be made at any time, then a revocation is effective when made by a capable principal, or when an incapable principal communicates the revocation to the attending physician or other provider, as the case may be. The attending physician or other provider shall note the revocation as part of the principal's medical record.

(f) If an advance instruction indicates that it may be revoked at any time, then the advance instruction continues in effect unless and until it is revoked by the principal. If an advance instruction indicates that it may be revoked only if the principal is capable, then an advance instruction that has not become operative expires at the end of two years from the date of execution, unless earlier revoked by the capable principal. The authority of a named attorney-in-fact and any alternative attorney-in-fact named in the advance instruction continues in effect as long as the advance instruction appointing the attorney-in-fact is in effect or until the attorney-in-fact has withdrawn.

(g) A physician or provider who administers or does not administer mental health treatment according to and in good faith reliance upon the validity of an advance instruction is not subject to criminal prosecution, civil liability, or professional disciplinary action resulting from a subsequent finding of an advance instruction's invalidity.

"§ 122C-75. Scope of authority of attorney-in-fact; powers and duties; limitation on liability.

(a) An advance instruction may designate a competent adult to act as attorney-in-fact to make decisions about mental health treatment. An alternative attorney-in-fact may also be designated to act as attorney-in-fact if the original designee is unable or unwilling to act at any time. An attorney-in-fact who has accepted the appointment

in writing may make decisions about mental health treatment on behalf of the principal only when the principal is incapable. The decisions shall be consistent with any desires the principal has expressed in the advance instruction.

(b) None of the following may serve as attorney-in-fact:

(1) The attending physician or mental health service provider or an employee of the physician or provider, if the physician, provider, or employee is unrelated to the principal by blood, marriage, or adoption.

(2) An owner, operator, or employee of a health care facility in which the principal is a patient or resident, if the owner, operator, or employee is unrelated to the principal by blood, marriage, or adoption.

(c) The attorney-in-fact shall not have authority to make mental health treatment decisions unless the principal is incapable.

(d) The attorney-in-fact is not, as a result of acting in that capacity, personally liable for the cost of treatment provided to the principal.

(e) Except to the extent the right is limited by the advance instruction or any federal law, an attorney-in-fact has the same right as the principal to receive information regarding the proposed mental health treatment and to receive, review, and consent to disclosure of medical records relating to that treatment. This right of access does not waive any evidentiary privilege.

(f) In exercising authority under the advance instruction, the attorney-in-fact shall act consistently with the desires of the principal as expressed in the advance instruction. If the principal's desires are not expressed in the advance instruction and are not otherwise known by the attorney-in-fact, the attorney-in-fact shall act in what the attorney-in-fact in good faith believes to be the manner in which the principal would act if the principal was not incapable.

(g) The appointment of an attorney-in-fact shall not revoke, restrict, or otherwise affect any nonmental health treatment powers granted by the principal to a health care agent pursuant to a health care power of attorney or attorney-in-fact pursuant to a general power of attorney; provided that the mental health treatment powers granted to the attorney-in-fact shall be superior to any similar powers granted by the principal to a health care agent pursuant to a health care power of attorney or an attorney-in-fact pursuant to a general power of attorney.

(h) An attorney-in-fact is not subject to criminal prosecution, civil liability, or professional disciplinary action for any action taken in good faith pursuant to an advance instruction for mental health treatment.

(i) An attorney-in-fact may withdraw by giving notice to the principal. If a principal is incapable, the attorney-in-fact may withdraw by giving notice to the attending physician or provider. The attending physician or provider shall note the withdrawal as part of the principal's medical record.

(j) A person who has withdrawn under the provision of subsection (i) of this section may rescind the withdrawal by executing an acceptance after the date of the withdrawal. The acceptance shall be in the same or similar form as provided for in

G.S. 122C-77 for accepting an appointment. A person who rescinds a withdrawal shall give notice to the principal if the principal is capable or to the principal's health care provider if the principal is incapable.

"§ 122C-76. Penalty.

It is a Class 2 misdemeanor for a person, without authorization of the principal, willfully to alter, forge, conceal, or destroy an instrument, the reinstatement or revocation of an instrument, or any other evidence or document reflecting the principal's desires and interests, with the intent or effect of affecting a mental health treatment decision.

"§ 122C-77. Statutory form for advance instruction for mental health treatment.

The use of the following or similar form in the creation of an advance instruction for mental health treatment is lawful, and when used, it shall be construed in accordance with the provisions of this Article.

If a report, statement or other document is not filed within the time required by this Article, then the individual, person, media, candidate, political committee, referendum committee or treasurer responsible for filing shall pay to the State Board of Elections election enforcement costs and a civil late penalty ~~of twenty dollars ($20.00) per day for each day the filing is late not to exceed five days.~~ as follows:

(1) Two hundred fifty dollars ($250.00) per day for each day the filing is late for a report that affects statewide elections, not to exceed a total of ten thousand dollars ($10,000); and

(2) Fifty dollars ($50.00) per day for each day the filing is late for a report that affects only nonstatewide elections, not to exceed a total of five hundred dollars ($500.00).

The State Board shall immediately notify, or cause to be notified, late filers, from which reports are apparently due, by registered or certified mail, return receipt requested, of the penalties under this section. ~~If the penalty has not been paid to or the report has not been filed with the Board within five days after receipt of the notification, then the Board shall report the late filing or failure to file to the appropriate district attorney who shall indict and prosecute the offender as required in G.S. 163-278.27. The civil action may be brought in the superior court of any county where the report was due to be filed or any county where the violator resides or maintains an office. A civil action must be filed within three years of the date the assessment was due. An assessment that is not contested is due when the violator is served with a notice of assessment. An assessment that is contested is due at the conclusion of the administrative and judicial review of the assessment. Consistent with G.S. 115C-437, the State Controller shall pay the clear proceeds of civil penalties collected under this section to the County School Fund in the county in which the person charged with the violation resides. The State Controller shall reduce the monies collected by the enforcement costs and the collection costs to determine the clear proceeds payable to the County School Fund. Monies set aside for the costs of enforcement and the costs of collection shall be credited to accounts of the State Board of Elections.

(b) ~~When a report, statement or other document, required by this Article is not apparently due (i.e., media, inactive candidate, individual, no organizational report filed, supplementary final report or annual report), the Board shall notify, as set forth above, the person or persons responsible for filing if information is presented indicating that the report, statement, or other document was in fact due. (3) The General Assembly is in 'regular session' from the date set by law or resolution that the General Assembly convenes until the General Assembly either adjourns sine die or recesses or adjourns for more than 10 days.

(4) A contribution is 'made' during regular session if the check or other instrument is dated during the session, or if the check or other instrument is delivered to the limited contributee during session, or if the limited contributor pledges during the session to deliver the check or other instrument at a later time.

(5) A contribution is 'accepted' during regular session if the check or other instrument is dated during the session, or if the limited contributee receives the check or other instrument during session

-- CHANGE THE METHOD OF DISTRIBUTING MONEY FROM THE POLITICAL PARTIES FINANCING FUND.

Section 10. (a) G.S. 105-159.1(a) reads as rewritten:

"(a) Every individual whose income tax liability for the taxable year is one dollar ($1.00) or more may designate on his or her income tax return that one dollar ($1.00) of the tax shall be credited to the North Carolina Political Parties Financing ~~Fund.~~ Fund for the use of the political party designated by the taxpayer. In the case of a married couple filing a joint return whose income tax liability for the taxable year is two dollars ($2.00) or more, each spouse may designate on the income tax return that one dollar ($1.00) of the tax shall be credited to the North Carolina Political Parties Financing ~~Fund.~~ Fund for the use of the political party designated by the taxpayer. Amounts credited to the Fund shall be allocated among the political parties according to the designation of the taxpayer. Where any taxpayer elects to designate but does not specify a particular political party, those funds shall be distributed among the political parties on a pro rata basis according to their respective party voter registrations as determined by the most recent certification of the State Board of Elections. As used in this section, the term 'political party' means one of the following that has at least one percent (1%) of the total number of registered voters in the State:

(1) A political party that at the last preceding general State election received at least ten percent (10%) of the entire vote cast in the State for Governor or for presidential electors.

(2) A group of voters who by July 1 of the preceding calendar year, by virtue of a petition as a new political party, had duly qualified as a new political party within the meaning of Chapter 163 of the General Statutes."

(b) This section becomes effective with respect to the 1997 taxable year and subsequent taxable years.

--DISCLOSURE OF SPENDING FOR MATERIAL THAT NAMES CANDIDATES.

Section 11. (a) Article 22A of Chapter 163 of the General Statutes is amended by adding a new section to read:

"**§ 163-278.12A. Disclosure of spending for material that names candidates.**

(a) General Duty to Report. -- Any individual, person, political committee, or other entity that makes an expenditure for printed material or advertisements broadcast or distributed to anyone other than members of the entity shall report those expenditures in accordance with subsection (b) of this section if the printed material or advertisement names a candidate or names an individual whose prospective or potential candidacy is the principal purpose of a political committee. The disclosure requirements of this section do not apply to the following:

(1) Material that is solely informational and is not intended to advocate the election or defeat of a candidate or prospective candidate; or

(2) The owner of a newspaper, magazine, radio outlet, or television outlet, if that owner is not a candidate, political committee, or the parent entity of a political committee under G.S. 163-278.19.

(b) Procedures for Reporting; Exceptions. -- Any political committee or other entity otherwise required by this Article to file reports with a board of elections shall include an expenditure described in subsection (a) of this section on those reports. Any entity not otherwise required by this Article to file reports shall report expenditures described in subsection (a) of this section to the State Board of Elections within 10 days after the aggregate expenditure has reached the lowest threshold amount set for candidates and political party committees in G.S. 163-278.10A. After the initial report, each entity shall report subsequent expenditures described in subsection (a) of this section according to the schedule set out in G.S. 163-278.9(a) or Part 2 of this Article, whichever is appropriate.

(c) Definition. -- For the purpose of this section, notwithstanding G.S. 163-278.6(9), the term 'expenditure' means any purchase, advance, conveyance, deposit, distribution, transfer of funds, loans, payment, gift, pledge, or subscription of money or anything of value whatsoever, whether or not made in an election year, and any contract, agreement, promise, or other obligation, whether or not legally enforceable. An individual or entity is deemed to have made an expenditure for printed material

or advertisements if that individual or entity has agreed to compensate another individual or entity for purchasing such printed material or advertisements.

(d) No Criminal Liability. -- No duty imposed by this section alone, and by no other law, shall be relied upon or otherwise interpreted to create criminal liability for any person."

(b) This section becomes effective December 1, 1997.

--DISCLOSING THE FLOW OF MONEY THROUGH NORTH CAROLINA AND NATIONAL POLITICAL ORGANIZATIONS.

Section 12. (a) G.S. 163-278.9(a) is amended by adding a new subdivision to read:

"(4a) 48-Hour Report. -- A political committee or political party that receives a contribution or transfer of funds from any political committee shall disclose within 48 hours of receipt a contribution or transfer of one thousand dollars ($1,000) or more received after the last preelection report but before an election. The disclosure shall be by report to the State Board of Elections identifying the source and amount of the funds. The State Board of Elections shall specify the form and manner of making the report."

(b) G.S. 163-278.9A(a) is amended by adding a new subdivision to read:

"(2a) 48-Hour Report. -- A referendum committee that receives a contribution or transfer of funds from any political committee shall disclose within 48 hours of receipt a contribution or transfer of one thousand dollars ($1,000) or more received after the last preelection report but before an election. The disclosure shall be by report to the State Board of Elections identifying the source and amount of such funds. The State Board of Elections shall specify the form and manner of making the report."

(c) This section becomes effective December 1, 1997.

Section 13. The provisions of this act are severable. If any provision is held invalid by a court of competent jurisdiction, the invalidity does not affect other provisions of the act that can be given effect without the invalid provision.

Section 14. Except as otherwise provided herein, this act is effective when it becomes law. Prosecutions for, or sentences based on, offenses occurring before the relevant effective dates in this act are not abated or affected by this act, and the statutes that would be applicable to those prosecutions or sentences but for the provisions of this act remain applicable to those prosecutions or sentences.

To: The Hon. Rep. Harold Brubaker,
Members of the House Rules Committee

Dear Representatives,

Our state is on the threshold of an historic opportunity to pass some meaningful campaign reform measures. S.B.1, the Full Disclosure Act, could be a genuine step forward if it includes employer disclosure and other key provisions described on the next page.

The public's desire for this kind of reform has been clearly illustrated in the polls, in attendance at Legislative Committee meetings, and in the thousands of signatures collected during the Alliance for Democracy" petition drives across this state.

Fewer people have the time to put their thoughts in writing, but many citizens have taken the time to write letters to the editors of their local papers, to voice their support for real campaign finance reform in our state.

Several of those letters are included in the attached packet. There are letters from **Hillsborough, Burlington, Greensboro, Southern Pines, Buies Creek, Wilmington, Wrightsville Beach, Durham, Raleigh, Pinehurst, Winston-Salem** and **Rockingham.**

We ask that you look over these letters, and recognize that these are the voices of your constituents from across the state. Passing a strong campaign disclosure measure is the right thing to do for the voters of this state.

Sincerely,

Paul M. Rosenberg
North Carolina Alliance for Democracy

ESSENTIAL INGREDIENTS FOR A NEW FULL-DISCLOSURE ACT

We appreciate that some aspects of a new disclosure law will inconvenience you as a candidate. But please recognize that you are designing rules that also apply to candidates raising hundreds of thousands, even millions of dollars. Other states - including a majority in the South - already have requirements for economic-interest disclosure and frequent reporting that are as strict as those proposed here and that apply to state legislative candidates. Your willingness to accept some inconvenience for the sake of sharing information with the public is a testament to your respect for good government and the healthy power of sunshine in public affairs.

In the comments below, we refer to three versions of SB1: the one passed by the Senate in February (Senate), the one advanced through House committees and to the floor under the able leadership of Connie Wilson (Wilson), and the July version circulated by Cary Allred (Allred). We believe the essential ingredients for a Full Disclosure Bill are:

(a) ***Require disclosure of donor's occupation and employer*** (in Senate & Allred versions). A majority of states and the federal government require such disclosure. It is the most fundamental provision in understanding the concentration or the diversity of support candidates receive from various financial interests. To provide meaningful disclosure, the occupational classification system in the Wilson version would be exceedingly complex and difficult to implement.

(b) ***Require more frequent reporting*** (in Senate and Connie Wilson versions). A majority of states and the federal government also require more frequent reports than N.C. A minimum improvement would be semi-annual reports in the off-election year and one additional report in the election year, due 42 days before the general election. The reports should be current through four days (not seven) before the deadline (as in Allred version). A quarterly reporting schedule helps, but leaves a long gap in reporting in the highly active period from July 1 to mid-October.

(c) ***Extend reporting requirements to elections in smaller jurisdictions***, down to those with populations of 5,000 or perhaps even less, from the current 50,000 (in all versions). Candidates with minimal spending or fundraising activity can be exempted from disclosure requirements.

(d) ***Require electronic reporting for all political committees and major campaigns*** (in Senate & Allred version). Wilson's version exempts legislative races. A reasonable compromise is to require electronic reporting for committees, statewide candidates, plus all other candidates beginning with the reporting period in which their total spending or fundraising exceeds $25,000. Candidates with this much activity should probably keep computerized records any way.

(e) ***Strengthen penalties for failure to report on time***. The Wilson version provides the best framework for the essential provision. Increasing civil penalties for failure to report is the absolute minimum improvement needed for North Carolina's weak enforcement system.

(f) ***Require disclosure of candidate(s) benefiting from party spending to aid specific campaign***. (in Wilson & Allred versions). If we can not get resolution of bringing party finances under the same rules as other committees, then we should at least require disclosure of activity targeted to assist particular candidates, an increasingly important reality in NC elections.

These are the basics. Other provisions – e.g., eliminating the 2nd primary loophole – are also welcome. The important goal is to enact a new law in 1997 with at least the elements above.

LETTERS TO THE EDITOR

A vote for better government

On June 3, Sen. Ham Horton made a courageous vote in the Senate Judiciary Committee. He voted for the N.C. Clean Elections Act, a bill to fix our corrupt campaign system.

In voting for the Clean Elections Act, Horton took a step toward reforming a campaign system that favors incumbents and wealthy corporate interests at the expense of ordinary folks. Since Horton himself is a long-term incumbent, his vote to change the system was particularly selfless.

The act would help slow down the flow of money into the campaign system by lowering the contribution limit to $500. It would also make it easier for citizens to track the money and the influence it buys by making donors disclose their employers, so we could tell when particular industries are funneling money toward candidates.

Most important, the act allows upstanding candidates the opportunity to opt out of the money chase entirely. If the proposal passes, candidates could receive publicly funded clean money, so long as they prove they have broad support and agree to accept no private contributions except for small in-kind donations.

The Clean Elections Act passed the Judiciary Committee with a strong 14-to-8 majority. Horton deserves our thanks for his vote for better government.

Additionally, the small group of citizens who took the time to write, call or sign the petition in favor of the bill also deserve applause. Their efforts were essential in allaying Horton's initial doubts about the bill. They proved democracy still can work for the people, as long as the people are willing to work for democracy.

The Clean Elections Act and the other reform legislation still have a long way to go before the tide of influence-buying campaign donations is stopped. Still, with ethical legislators such as Horton and strong supporters of clean elections, such as the growing activist base of Winston-Salem, the days of our corrupt campaign finance system may finally be numbered.

High time for reform

One of the more interesting characteristics of our current legislative and congressional sessions is the apathy of us citizens toward reform in campaign financing and lobby influence.

We wonder at low voter turnout, and every day in the news there are stories of special-interest influences in Raleigh and Washington. And yet we don't seem to correlate these circumstances.

Most people who study special influences agree that only a very few incumbent politicians want to change the current systems. It seems obvious that to get back to voter representation and to reduce the big-moneyed control over our everyday living, we must generate a groundswell of demand for reforming the uneven influences in our lawmaking processes.

Recent polls show that two-thirds or more of Americans want changes — but how many of us have contacted our representatives? Let us get busy writing and calling to support state Senate Bill 381 (Sen. Wib Gulley's "N.C. Clean Elections Act"); and on the national level the McCain-Feingold S-25, "Bipartisan Campaign Finance Reform Act of 1997."

Demand campaign reform

Many people question campaign finance reform, saying "It's never worked before, so we shouldn't try it again." The truth is that all the reform measures that have been tried contained such big loopholes they couldn't solve the money problem.

State Sen. Wib Gulley of Durham is proposing an excellent campaign reform bill for North Carolina. In Washington, a bipartisan group in the Congress is working on real campaign-reform legislation.

Those who vote should vote again: Write your senators and representatives and demand clean elections.

To the Editor:

I see by the papers that the U.S. Congress and the N.C. Legislature are talking political campaign finance reform. How far they will go is anybody's guess. Certainly the last election shows that reform is badly needed. One political party is as bad as the other.

Right now we have a state legislature mostly elected by special interests and lobbyists. This has come about because the cost of running for political office has gotten out of hand. Both political parties are putting the bite on the lobbyists for money. The lobbyists are crying on the outside that they are being squeezed to death for money, but they are laughing on the inside because they know they have bought influence, i.e. ownership.

In the last election the N.C. Senate and N.C. House, both Democrats and Republicans, hired expensive political consultants and put the bite on the lobbyists for campaign contributions. The lobbyists who represent mostly corporate America, insurance companies, banks and industry, largely financed both the Democrats and the Republicans in their quest for control of each house. It mattered little which party won because the lobbyists and their clients could not lose. Of course, all of this was perfectly legal, but it leaves the little ordinary working Joe out of the loop, with a voice that is seldom heard.

It is pleasing to see that Senator Wib Gulley has introduced a bill in the senate lowering the maximum individual contribution to candidates from $4,000 to $2,000, and limiting contributions to political parties to $2,000 and requiring candidates to report both the occupation and the employer of donors who donate $100 and more. The idea behind Senator Gulley's bill is to reduce the influence of wealthy contributors and to reduce the impact of anonymous donors.

I understand that Representative Connie Wilson has or will introduce a bill that would require more frequent campaign reporting of contributions, and that all campaign contributions must be reported. This I fully agree with.

Senator Richard Conder has introduced a bill to shorten the campaign season by moving primaries to late summer, which is an excellent idea because the campaigns are too long and too expensive. However, Senator Conder added to his bill that the highest vote-getter in a primary would be that political party's candidate, this eliminating second primaries. In my judgment, this is wrong because it will result in candidates who do not have the support of most of those who make up a political party. Conceivably, in a multi-candidate campaign, a person could become a party's candidate with as little as 10 to 15 percent of the vote. This would effectively kill the loyalty which is required if our two-party system, which has served us so well, is to survive.

Campaign finance reform is much needed and the three bills mentioned are excellent starts, except for the provision in the Conder bill eliminating second primaries. There is no simple answer.

I happened to read in the Asheville Citizen-Times a proposal that in my judgment merits attention, although it may be a little too extreme in some respects. The proposal was attributed to a Mr. Walter M. Plave, of Asheville. Mr. Plave said that only registered voters should be allowed to contribute to political campaigns, which would mean that big business, big labor, foreign countries, foreign companies, foreign individuals, PAC's, undocumented aliens, etc., would not be able to buy our elected officials. He said presidential campaigns should be limited to six months and all other campaigns, both state and national, be limited to three months. I really liked Mr. Plave's further recommendation that candidates who knowingly lie about their opponents would be subject to legal action — this could make interesting court cases.

What kind of political campaign finance reform comes, only time will tell. But the bottom line is that no matter what happens, the ball is in the voters' and the news media's court. The voter must study the candidates and then exercise his vote based on reliable information. The news media must report fairly and accurately, and the news media can make an instant start if they would report all campaign contributions in their coverage area. All they have to do is go to the State Board of Elections office in Raleigh. The information they have is public.

As my friend Chub Sewell used to say, "Call your next case."

Hugh Lee

There's a case for public campaign financing

It is unfortunate that public financing of political campaigns is trivialized by state Senate President Pro Tem Marc Basnight ("Under The Dome," Feb. 9).

The incumbents, especially the powerful ones, might not lose their power if they had to run on the same level with first-time candidates. But the big businesses and monied interests would lose their advantages in having access and insider standing.

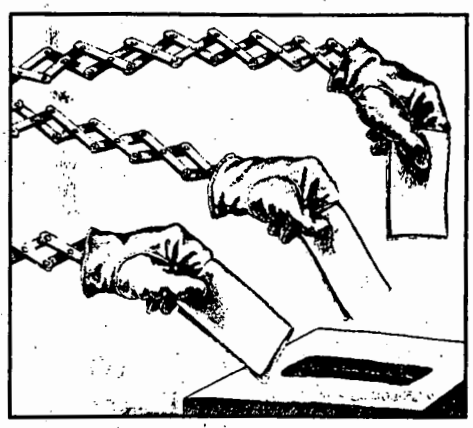
The environmental and consumer interests would be just as powerful as the bank lobby, for example.

At present the banks of North Carolina get a $50 million tax break for their spending $1 million in campaign financing.

This one tax break would reimburse the taxpayers many times over for the tax funds spent. When the taxpayers get this message, they will like it.

Basnight was quoted as saying that it would be ridiculous to ask folks at a country store to pay for his campaign. Of course they would not. But that is not the way to state the issue.

Rather, we must ask: "Friends, do you want private big money to pay for the elections so they can get back from the taxpayers millions in profits by special



tax exclusions and relaxed environmental regulations?"

Big businesses know investments in election campaigns are some of the biggest yields they can find in North Carolina. They fight for the opportunity. And if legislators continue to confuse their constituents about what "public financing" really means, the present corrupted practice will continue.

Surely Basnight knows better than his remarks suggest.

Free TV time could help

EDITOR: We are living in dangerous times, and I don't just mean the violence in the streets, although that is bad enough. I am talking about the apathy that has seized our nation, as scandal after scandal has swept through every level of government. . . .

Our citizens realize that the common man's voice is no longer heard. Special interest groups, large corporations and wealthy individuals control our government through large campaign contributions. This has been brought out in recent headlines involving both sides of the political street.

Our officials no longer vote for what will help the majority of the people. They vote for their pocket books. Political candidates are forced to raise huge amounts of money for their campaigns, if they hope to get elected.

I've read that television advertising is the most expensive part of any campaign budget. I think the federal government should make each television station donate free air time for the candidates as a condition for their license to operate with the FCC. This would allow more candidates to get into the political arena, give the voter more choice and reduce the need for term limits.

If network television can afford to pay performers like Roseanne $2.5 million an episode, they can certainly provide air time for such an important public service. . . .

Public financing of campaigns would result in true reform

BY BOB MARTELL

Serious consideration should be given to some form of public financing of campaigns for state offices in North Carolina. Current proposals for campaign finance reform do not appreciably alter the insidious influence of money in the election of our representatives.

It takes money, big money, to get elected. The average price tag for a state house race is now $50,000; and for the Senate, $70,000. It follows that those who provide the campaign funds expect to get the attention of the candidate when he or she is elected.

That's just the way it is--perfectly legal. The politicians and their sponsors are not necessarily crass or dishonorable. Many are comfortable with the situation. Some are not.

Proposals for reform now being considered by the General Assembly include:

--More timely reporting of campaign contributions, since post-election revelations are not very helpful.

--Full disclosure of the occupation and employer of the donor. This idea is now in trouble in the legislature.

--Limits on "soft money," largely untraceable funds contributed to political parties rather than to candidates. The Republican-controlled House characterizes this as an infringement of free speech.

--Reduction of the maximum of individual contribution to a candidate from the current $4,000 to half that.

--A shorter campaign period, which theoretically would reduce expenditures.

It would appear effective reform proposals hold little promise.

To the degree these measures become law they will be accepted as a solution and the issue will fade away. Moreover, such halfway measures will feed public cynicism and reduce voter interest in the electoral process.

The recent report of the Better Campaigns Commission, led by four former governors, didn't light any fires. It appears the honorables, in the solid tradition of political pragmatism, think their tepid approach reflects political reality.

Even the surge of media attention to campaign finance reform may not be helpful because it tends to emphasize the extreme examples of how the electoral process goes astray. Witness the unsavory image of the White House as a bed-and-breakfast inn for high rollers. Or a Republican warning to the Business Roundtable, a group of 200 CEOs, to cease any support to Democrats. Such stories stimulate a public turn-off rather than a call to action.

That action should be directed to the root of the problem--money or more precisely, the influence money buys.

Public financing would make a difference. It's a system whereby candidates voluntarily agree to spending limits in exchange for public money. If privately financed candidates spend more than their publicly financed opponents, the latter would receive additional money to help bridge the difference. Allocation of funds would be based upon the average campaign expenditure during the previous two elections for the particular office.

State Sen. Wib Gulley, D-Durham, sponsor of a public-financing bill, advises that the estimated maximum cost of such a measure is $12 million. The N.C. Alliance For Democracy, an advocacy group, puts the annual cost at $4 per household.

To a skeptical public's question, "Why should we pay for a politician's campaign?", I ask another question: Would we rather have the special interests, whose agenda may not coincide with yours or mine, elect our representatives?

The public has a chance to make a difference in the electoral process. Legislators in Raleigh are attuned to the problem, even as they seek cosmetic solutions. It's time for all of us to get into the act. Let's give force to Theodore Roosevelt's words: "We are the government, you and I."

Election reforms fall well short of a real solution

Selling access to the president and inviting lobbyists to write the laws that regulate their industries may seem shocking; however, they are logical consequences of the way our elections are financed. TV-based election campaigns are expensive, and that creates many opportunities for special interests to buy access and influence. Consequently, the country loses billions of tax dollars due to subsidies and tax breaks for wealthy individuals and corporations, and political and economic policymaking is distorted.

I fear many reforms proposed at the federal and state levels would merely plug a few more loopholes. Money would still find its way around these additional barriers and would still come from the same interests it came from before. Nothing would really change.

I have come to favor public funding of political campaigns. Most politicians are going to be beholden to someone for the money to run for office. I would rather it be we, the people, than a narrow range of special interests.

The North Carolina Clean Election Act would provide public funds to candidates who demonstrate public support by raising a certain amount in $5 contributions, who accept spending limits, and who refused to accept any further private donations. Additional matching funds would be available to candidates who were outspent by non-participating opponents.

If we want public servants who are going to put the public interest first, we need to free them from dependence on special interest money.

Which costs more?

Rob Christensen's Feb. 16 article on campaign finance reform demonstrated that a public groundswell against the selling of elections to the highest bidder is pushing even the most recalcitrant politicians toward some endorsement of campaign finance reform.

Unfortunately, Christensen's parenthetical coverage of state Sen. Wib Gulley's N. C. Clean Elections Act, in which he dismisses the bill's chances by stating that "most state leaders say there is little public taste for taxpayer-subsidized campaigns," perpetuated the notion that closing loopholes and broadening disclosure laws are the only legitimate options for cleaning up the system.

In weighing the merits of Gulley's bill, we need to adopt a broader definition of "taxpayer-subsidized campaigns."

Contributions from large corporations to the campaign coffers of our elected officials have bought wealthy corporations a compliant legislature eager to tailor tax, finance, worker safety and environmental laws to their needs. Consider, for instance, the cookie manufacturer whose promise to build a Garner factory, and thus create jobs, netted it a $40 million tax break. The factory was never built but this $40 million taxpayer-financed subsidy remains on the books.

In contrast, the cost estimated to publicly finance all North Carolina elections under Gulley's bill is only $13 million — about $4 per person per year. For that price the people could have elected officials who are beholden to their needs for a clean environment, jobs at a livable wage, a comprehensive educational system and a fairer tax code, rather than to the demands bought by corporate donations.

Under which system are the taxpayers paying the higher subsidy?

Subject: Campaign Finance Reform

Dear Speaker Brubaker:

Recent reports have it that S.B. 1, the signicant proposal on campaign finance reform, has now been much amended and is currently stalled in a House committee. I have written to my representatives here in the Cape Fear area before to express my support for this measure, but let me again add my voice to the many others that have encouraged North Carolina leaders to stand up for democracy in our time. It seems to me quite evident how wrong it is to allow a limited group of business concerns to dominate government for the sake of their own special interests. When that happens, the great majority of the people lose faith in government, which is the case today, judging by the poor turnout among the voters at election time. A handful of big corporate interests, if allowed to exert a dominant influence, will divert the function of government away from the public interest and in the direction of private profit for a limited group of people. Everything may go well enough as long as the economy is growing, but when boom turns to bust- as it will when all regulations are suspended and unbridled speculation is allowed to work its will upon the economy- then the people will be outraged and many people will seek to do away with free enterprise and eliminate the property rights of big business altogether.

The greatest danger of government by the special interests as I see it is that the people's business will not be done. Instead, the government will be diverted to the purposes of the very wealthy, and thereby lose the popular support of the majority of people, setting in motion a dangerous process of reform whose end no one can forsee. The best way to forestall this, I believe, is through signicant campaign finance reform now, undertaken in a public spirited manner by those who want to see government perform its proper function.

Through campaign finance reform which requires full disclosure of corporate contributors, which limits campaign contributions to a reasonable amount, and provides a public financing mechanism for those who can qualify, the balance of power in our society may well be restored, giving democracy back to the people and ensuring public interest government. We in North Carolina are in a position to lead the nation in the direction of better government and away from the tide of ultra-conservatism that is slowly but surely creating a reputation that future generations will have to live with.

I therefore urge you to do the right thing and stand up for the principles of democracy as we have inherited it from the founding fathers of this nation. Let government serve the public interest and I believe, business will prosper. But let government serve the interests of a limited group, and revolution will just as surely be the result.

Sincerely yours,
John L. Godwin

Corporations too

Several recent op-ed page columns have given the pros and cons of campaign finance reform. Molly Ivins stated that both the president and congressional Republicans "agree that if you can't vote, you shouldn't be able to contribute." That seems to be a good beginning for reform.

I was interested to note that state Rep. Connie Wilson of Charlotte ("Campaign reform in for a fight," Dec. 18) proposed a law requiring all labor unions and professional associations to get the approval of members before making political contributions. Glaring omissions from that proposal are corporations and political action committees.

I am not a member of a union, professional association or PAC. I am, however, a stockholder/owner of several corporations that shamelessly use my money without my consent.

No meaningful campaign finance reform will ever occur without including business corporations in the list. If corporations were not allowed to give away that money, it could be returned in dividends to stockholders or in reduced prices to customers. All these individuals could then contribute to the causes they choose to support.

What better way to cure voter apathy than to return elections to the voters?

Reform local campaigns

There has been talk of campaign finance reform on the national level, and it is desperately needed. However, we also need it right here on the state and local levels. The wealthy and big corporations currently have the ability to buy and control our state legislators and local officials.

Two things need to change: Voters need to know who contributes to election campaigns, and candidates need access to public funding so that good people can win elections without the help of big money.

We can't have a real democracy as long as moneyed interests can secretly contribute to election campaigns. The N.C. Clean Elections Act sponsored by Durham Sen. Wib Gulley would require full and timely disclosure of each donor's name, the company they work for, and the nature of that company's business. For example, with this information voters could decide whether to vote for a candidate whose campaign money comes primarily from the tobacco companies.

Public funding for election campaigns would not require increased taxes. One of the main reasons that big companies make large campaign donations is to get huge tax breaks. If we end corporate welfare in the form of huge tax breaks, we can easily afford to support election campaigns with public funds.

Kinnaird correct on public financing idea

On Feb. 19 state Sen. Ellie Kinnaird wrote a very interesting guest column about public financing for political campaigns. She is correct in her way of thinking, and in some ways I agree with her.

I work for Orange County. My coworkers, as well as many people that I know who work for Duke, have policies where we cannot take gifts, money, samples, lunch, etc. from any vendor or other persons coming into our work place. So, this means the working class people cannot be bribed, but the government officials [under current campaign financing] can be! Now we know how people in the Legislature afford their homes and cars.

If the people came together and put a law on the books, it might read like this: Any person or party taking money, gifts, etc. from any special interest group or major company will be impeached from office, from the president to the mayor. Then the representatives would be accountable to the citizens of the United States, and not to the industries and billion-dollar companies that are running the politicians and our country.

Wake up people.

SB 381 is best bet to clean up N.C. elections

● Let your legislators know these efforts have your support.

Criticisms of the N. C. Department of Transportation continue to mount, as do ideas for reform. The most promising is Sen. Jim "Wib" Gulley's thoughtful Clean Elections Act, Senate Bill 381.

BILL KNOX

The News & Record's lead editorial of April 11 rightly condemned the ethically bankrupt system of patronage appointments to the department's board. Appointment is a virtual license for construction and development interests to print money and a governor's payoff for munificent campaign contributions. The system is equally corrupt regardless of which party is in power.

The six board members appointed in early April each gave between $1,200 to $16,000 to Governor Hunt's 1996 re-election campaign. In all, current board members and their relatives donated more than $231,000.

For years this system of patronage has given control over transportation policy (and $1 billion a year) to construction and development interests. The News & Record recommended that Jim Hunt, with no re-election possibilities, break historical ground by composing the DOT board of non-contributors.

This unrealistic suggestion unfortunately ignores that over the years the system has become deeply entrenched: a web of bargains, implicit and explicit, in which money power and commitments are crystallized perpetually in a pattern of exchanges detrimental to the common good.

Other promising starts at destroying this pernicious system do not bank on gubernatorial whim.

First, board membership could be a locally elected office.

Second, county commissioners could have their voice in transportation planning restored, a voice stripped away more than 60 years ago and given to the Department of Prisons, then responsible for building roads.

Third, Gordon Smith recommended in February that Gov. Hunt transfer transportation planning out of the Division of Highways and into a "Division of Transportation Planning." Smith, president of the N.C. Sierra Club, pointed to "a series of arrogant and troublesome decisions made by the Department of Highways that will increase, instead of decrease, our air pollution and environmental problems."

Smith cited reasons — continuing highway construction and higher speed limits despite their effect on increased air pollution; and the state's refusal to accept more flexible federal transportation planning — planning should be transferred. While Smith's ideas are praiseworthy, insulating any such new body from the taint of patronage is crucial.

Senate Bill 381 is the best antidote to poisons now in our system. Under this act candidates for governor, council of state and the General Assembly could choose to run for office using public financing if they agreed to certain strict conditions. To be constitutional, the system must be voluntary.

Candidates could decide to finance their campaigns the old way, but they would be prohibited from receiving outside contributions of more than $500 per election. The current limit for individual contributions to campaigns is $4,000.

Candidates would have to qualify for public financing by receiving a specified number of $5 qualifying contributions to show broad public support. They would also have to agree to spend no more than authorized by a five-member N.C. Commission on Electoral Practices according to a formula based on average costs for similar races.

Moreover, candidates could accept no private contributions except for in-kind donations up to a value of 10 percent of the candidate's public financing. Furthermore, they would have to agree not to start campaign activities until January of an election year.

When candidates accepting public financing are outspent by those who don't or are targeted by an independent expenditure campaign, the publicly financed campaign will get extra matching funds up to twice the original limit.

Funds for public financing would come from contributions and allocations from the state's general fund. The cost of public financing would be a real bargain — cleaner elections at about a tenth of 1 per cent of the general fund.

Reforms contained in this act can help end his evil system and mitigate the stranglehold of special interests over truly representative government. The State of Maine recently enacted a similar reform by voter initiative — and some twelve other states are considering like reforms. The N.C. Alliance for Democracy and its 47 member groups, including the N.C. League of Women Voters and Common Cause of North Carolina are all in the vanguard of groups that designed this measure. It is time for citizens to let their senators and representatives know we want real and meaningful electoral change.

From an 'agitator'

As a middle-aged mother of three teen-agers and Bible teacher at my Methodist church, I find it intriguing to be branded an "agitator" by state Rep. Cary Allred (Times-News, July 16.)

Several of us from the citizens group N.C. Alliance for Democracy spent a few hours Tuesday at Holly Hill Mall listening to local shoppers who chose to sign our petition in favor of requiring more information about major campaign donors. Nine out of 10 people signed my petition.

We sought to test the reality of Rep. Allred's assertion that people back home aren't interested in his committee's bill on campaign-finance reform. The bill is mainly about disclosure vs. secrecy: whether to identify more thoroughly the major donors to election campaigns so we the people can better track special interests. Is there anyone in the general public who doesn't think influence peddling is a problem?

Campaign-finance reform was a hot topic at the beginning of this legislative session in January. Senate Bill I passed the Senate with much fanfare, and it is that campaign-finance reform bill that sits in Rep. Allred's Ways and Means Committee, where House leaders intended it to be buried.

Rep. Allred was quoted Wednesday as saying he hasn't heard complaints from anyone in his district "I would characterize as representing the average citizen."

"Agitators" like myself and the members of the other 47 groups in the Alliance for Democracy are regular people, Rep. Allred, just as busy as your "average citizens" with our families, jobs and community commitments. But we see ourselves as patriots, like Tom Paine with his pamphlets. We care enough about our democracy to spend time working for a system where votes count more than campaign donations.

Agitators won us independence from England, won women the right to vote and stopped Jim Crow. Legislators who scoff at those of us who care the most about our state and who will work for a better democracy look a lot more loyal to their donors, their "cash constituency," than to their average voters. Read those petitions, Rep. Allred. Your voters want change — now.

Terrified by reform...

State Rep. C. Robert Brawley, in his July 2 People's Forum letter, made the extraordinary statement that campaign finance reform will lead to "socialism, conformity, and communism." This is surely the statement of an elected official so terrified by the prospect of an honest election that he is driven to utter nonsense.

The present problem of campaign finance is one of recent years. Campaign expenses were no problem at all anywhere in America before 1950 or so. As recently as 1920, almost no one was paid money to express other people's political views. There were handbills and campaign buttons to buy and very little else. Somehow, the people withstood the blandishments of Marx.

Radio changed that somewhat. Television changed it more dramatically. And as the effectiveness of the media blitzkrieg has proved itself, politicians of all persuasions have been driven to a financial arms race. While many local offices in our state are not yet substantially affected, there are others in which money has become indeed the mother's milk of politics.

One need not be a socialist, conformist or communist to deplore that reality. One need only care about the integrity of democratic government.

Where did Brawley get his campaign funds? And what did he do to secure them? What public trust did he betray? It is difficult to resist the inference that he cannot bear discussion of these questions. Quite possibly Brawley is an honest representative of his constituents, but his position on campaign finance reform suggests otherwise.

• Sensible election finance

The Lincoln bedroom use by President Clinton as a fund-raiser is a novel twist on a tried and true tactic. All that's been shown so far in this case is these contributors got to spend the night in a historic spot as a guest of the president of the United States.

The Republicans will be fighting like mad to restrict the investigation of political fund-raising to the White House. If they fail, get ready for the real news.

Common sense will tell you that elections are being bought and sold to the highest bidder. Yet the public is not to the point of outrage. It isn't yet willing to do the obvious: establish a publicly financed election process in which special-interest money is strictly limited. It'll be the best money we've ever spent.

Read the provisions of state Sen. Wib Gulley's proposal to publicly finance elections in North Carolina and see if it isn't just about the most sensible thing you've seen in years. Get educated on this issue and then get behind your representative to see to it that some sense of integrity is brought back into the political process.

Clean campaigns

EDITOR: Thank you very much for your pithy editorial of May 26 on the fate of campaign finance reform in the North Carolina legislature.

The so-called campaign finance reform bill proposed by Rep. Connie Wilson provided little or no real reform to a system that is now dominated by big-money interests who are now able to wield tremendous influence over politicians through unrestricted soft money contributions.

Rep. Wilson removed all the substantive parts of the Senate proposal for reform, including lowering the maximum contribution from $4,000 to $2,000 and limiting soft money contributions. Soft money is that money contributed to political parties, which can pass it along to candidates. There is no limit on soft contributions now. . . .

Sen. Wib Gulley's North Carolina Clean Elections Act will come before the Senate Judiciary Committee for a vote June 3. This bill would lower the individual contribution from $4,000 to $2,000 and provide for public financing of campaigns that would enable a citizen of ordinary means to run for political office.

It would cost approximately $10 million per election cycle, which amounts to about $4 per voter. It is a small price to pay when you consider that millions of dollars the present system costs us in pork-barrel funding and special-interest tax breaks to big-money interests provided by the legislature. . . .

(a) General Duty to Report. -- Any individual, person, political committee, or other entity that makes an expenditure for printed material or advertisements broadcast or distributed to anyone other than members of the entity shall report those expenditures in accordance with subsection (b) of this section if a candidate or an individual whose prospective or potential candidacy is the principal purpose of a political committee is named in the printed material or advertisement. The disclosure requirements of this section do not apply to the following:

(1) Material that is solely informational and could not reasonably be understood as encouraging action to affect the outcome of an election; or

(2) The owner of a newspaper, magazine, radio outlet, or television outlet, if that owner is not a candidate, political committee, the parent entity of a political committee under G.S. 163-278.19.

(c) Definition. -- For the purpose of this section, the term 'expenditure' means any purchase, advance, conveyance, deposit, distribution, transfer of funds, loans, payment, gift, pledge, or subscription of money or anything of value whatsoever, whether or not made in an election year, and any contract, agreement, promise, or other obligation, whether or not legally enforceable. An individual or entity is deemed to have made an expenditure for printed material or advertisements if that individual or entity has agreed to compensate another individual or entity for purchasing such printed material or advertisements.

(d) No Criminal Liability; Authority to Petition for Equitable Relief. -- No duty imposed by this section alone, and by no other law, shall be relied upon or otherwise interpreted to create criminal liability for any person. The State Board of Elections shall have the authority to petition a superior court for mandamus or other appropriate equitable relief when the State Board finds that violation of this section has occurred."

(b) This section becomes effective December 1, 1997.

(b) This section is effective when it becomes law, and applies to any person who is a member of either the Senate or House of Representatives on or after that date.

Section 11. The provisions of this act are severable. If any provision is held invalid by a court of competent jurisdiction, the invalidity does not affect other provisions of the act that can be given effect without the invalid provision.

Section 12. This act is effective when it becomes law. Prosecutions for, or sentences based on, offenses occurring before the relevant effective date in this act are not abated or affected by this act, and the statutes that would be applicable to those prosecutions or sentences but for the provisions of this act remain applicable to those prosecutions or sentences.

S1-PCSRR-022 – SENATE BILL 1
CAMPAIGN REFORM ACT OF 1997

	CURRENT LAW	S1-PCSRR-022
1. General Limits on Contributions	Basic rule is that an individual or political committee may contribute no more than $4,000 to a candidate or political committee per election. An "election" for purposes of the $4,000 contribution limit is a 1st primary, a 2nd primary, or a general election. A candidate may receive an extra $4,000 from a contributor for a 2nd primary even if the candidate is not on the ballot in a second primary. Exceptions to the $4,000 limit: • A political party executive committee may receive from individuals and political committees, and give to candidates and political committees, an unlimited amount. A member of a candidate's family (spouse, parents, siblings) may give an unlimited amount to that candidate.	• Says that a second primary triggers an extra $4,000 in contributions only if the candidate is on the ballot in a second primary. • Says the candidate's spouse is the only relative who may give that candidate an unlimited amount. Eff. 1-1-1998.
2. Schedule of Reporting	Requires these reports for election year: • Organizational Report 10 days after filing candidacy or forming committee. • Pre-primary Report 10 days before primary. • Post-primary Report 30 days after primary—for losers only. • Pre-election Report 10 days before general election. • Annual Report by last Friday in January of next year. And this report for the off-year: The Annual Report only. (All reports cover period ending 7 days before due date.)	Requires these reports for election year: • Organizational Report 10 days after filing period ends or forming committee. • Pre-primary Report 10 days before primary. • Post-primary Report 30 days after primary—for winners and losers. • Pre-election Report10 days before general election. • Annual Report by last Friday in January of next year. • 48-Hour Reports – due from candidates, political committees, or parties within 48 hours after they receive any contribution of $1,000 or more after the last pre-election report from any political committee in or out of the state. (Effective Dec. 1, 1997.) • Annual Report by last Fri. in Jan. And this report for the off-year: The Annual Report-only (Pre-Primary and Pre-Election reports must cover period ending 4 days before due date.) Effective December 1, 1997.

	CURRENT LAW	S1-PCSRR-022
3. Reporting of Contributors; Best Efforts Rule	Report must show name and address of each contributor who gives over $100.	• Report must also show occupation and employer of contributor who gives over $100. • SBOE also required to write rules defining what are "best efforts" to gather the information, and deems reports to be in compliance if best efforts are used. Eff. for reports due after Feb. 1, 1998.
4. Exemptions from Reporting	• Exempts from reporting local races in counties and municipalities under 50,000 in population. • Exempts from reporting local referenda regardless of population. • Exempts from reporting candidates and party executive committees that have financial activity in their campaigns of less than $1,000.	• Removes the 50,000 population exemption for city and county races. • Removes the local referendum exemption. Eff.. for elections beginning in 1998.
5. Electronic Reporting and Internet Access.	No requirement of electronic reporting, although SBOE encourages it. SBOE puts some campaign report into on its web site, but is not required to.	Requires electronic filing, beginning in 1998, of any report by: • candidate for statewide office • political committee that makes more than $10,000 in contributions or independent expenditures affecting statewide races • party exec.committee at any level that makes more than $10,000 in contributions or independent expenditures affecting statewide races if report shows more than $10,000 in contributions, expenditures, or loans. SBOE must provide software to treasurers at no cost. SBOE would be required to provide full Internet access to campaign reports as soon as technically feasible. Eff. Beginning with 1998 reports.
6. Penalties for Late Filing	Penalty for late filing of campaign finance reports is $20 a day with a maximum of $100. Enforcement depends upon prosecution by a district attorney.	Raises the ceiling on $20-a-day penalties from $100 (five days) to $200 (ten days). Eff. 1-1-98.

	CURRENT LAW	S1-PCSRR-022
7. No Lobbyist Contributions.	Legislators and Council of State members are prohibited from soliciting or accepting contributions made by "or at the behest or recommendation of" a registered lobbyist during the long session of the General Assembly. The ban on soliciting and accepting extends to political committees whose principal purpose is to assist a member or members of the General Assembly , but the statute exempts from that group any political party executive committee or any "political committee that operates on a statewide basis in conjunction with the executive committee of a political party for the purpose of assisting that party's candidates for Council of State or General Assembly."	Extends the limitation in several ways: • Not only solicitation of lobbyists banned, but also lobbyists' spouse and solicitation of political committees whose parent entities hire lobbyists. • Ban is in effect not just during long session, but during long and short sessions for lobbyist-connected PACs, and at any time for lobbyists, their agents and spouses. • Not only incumbent legislators and Council of State members covered , but also candidates for those offices. • Not only direct solicitations banned, but also indirect solicitations on behalf of the officeholder or candidate. • Not only direct contributions banned, but also indirect contributions through third parties. • Political party committees no longer exempted from the groups that could not solicit or accept contributions. • Second-time offense by a lobbyist results in 2-year ban on lobbying. Third-time offense means ban for life. • Effective Jan. 1, 1998.
8. Allow Taxpayers to Choose the Party to Which They Give Their $1 Check-off for Political Parties Financing Fund & Abolish Income Tax Add-on for Candidates Financing Fund.	A person owing at least $1 of State income tax may designate $1 of that tax to go into the N.C. Political Parties Financing Fund. The Fund is distributed to the 2 largest parties in proportion to share of registered voters. A person who is due an income tax refund may donate any portion of the refund to the N.C. Candidates Financing Fund, which has been building up since 1988 to provide public financing for candidates for Governor who agreed to spending limits. As of late May, that Fund had accumulated $237,000. It has never been distributed.	Would allow taxpayers to choose which party they give their $1 check-off for the Political Parties Financing Fund. Would abolish Candidates Financing Fund and distribute the money to the two biggest political parties according to their percentage of the vote their nominees received in the 1996 general election for Governor. Effective beginning with 1997 taxable year.

7/30/97

	CURRENT LAW	S1-PCSRR-022
9. Disclosure of Issue Advocacy	• Candidates and political committees required to report "contributions" and "expenditures," both defined to mean spending to support or oppose a candidate, political committee, referendum committee, or party. • Individuals required to report independent expenditures (i.e., those made without consultation with the contributee. But no requirement to disclose spending for "issue advocacy" (e.g., ads that do not expressly urge voting for or against. Courts have ruled spending for issue advocacy cannot be limited, even if a candidate is consulted. But courts have not precluded requiring its disclosure.	Requires that spending be reported for any material or advertising that names a candidate or potential candidate who has an ongoing committee. The reporting is required whether or not the ad constitutes direct advocacy of a candidate. Exemptions: • Purely informational material that does not advocate; and • News media. If the sponsor is already required to file a campaign finance report, this kind of ad would be included on it. If the sponsor is not a candidate or political committee and not required to file a report, the sponsor would be as soon as spending on such material reaches the threshold for candidates to report. That threshold is currently $1,000. Effective December 1, 1997.
10. Waiting Period for Employment of Former Legislators.	No restriction is placed on employment of former legislators.	Would require a legislator to wait for one year after the beginning of the next General Assembly after the one for which that legislator was elected (or appointed to a vacancy) before serving either: • As a lobbyist or agency liaison; or • As an appointee of the Governor. Would be effective upon becoming law and would apply to any legislator in office at that time.

(2) Fifty dollars ($50.00) per day for each day the filing is late for a report that affects only nonstatewide elections, not to exceed a total of five hundred dollars ($500.00).

The State Board shall immediately notify, or cause to be notified, late filers, from which reports are apparently due, by registered or certified mail, return receipt requested, of the penalties under this section. ~~If the penalty has not been paid to or the report has not been filed with the Board within five days after receipt of the notification, then the Board shall report the late filing or failure to file to the appropriate district attorney who shall indict and prosecute the offender as required in G.S. 163-278.27. No criminal penalty shall be imposed if the penalty required by this section is paid and the delinquent report is filed within five days after notification by the Board.~~

(a1) The State Board shall calculate and assess the amount of the civil penalty due under subsection (a) of this section and shall notify the person who is assessed the civil penalty of the amount of the penalty. The notice of assessment shall be served by any means authorized under G.S. 1A-1, Rule 4, and shall direct the violator either to pay the assessment or to contest the assessment within 30 days by filing a petition for a contested case under Article 3 of Chapter 150B of the General Statutes. If a violator does not pay a civil penalty assessed by the Board within 30 days after it is due, the Board shall request the Attorney General to institute a civil action to recover the amount of the assessment. The civil action may be brought in the superior court of any county where the report was due to be filed or any county where the violator

resides or maintains an office. A civil action must be filed within three years of the date the assessment was due. An assessment that is not contested is due when the violator is served with a notice of assessment. An assessment that is contested is due at the conclusion of the administrative and judicial review of the assessment. Consistent with G.S. 115C-437, the State Controller shall pay the clear proceeds of civil penalties collected under this section to the County School Fund in the county in which the person charged with the violation resides. The State Controller shall reduce the monies collected by the enforcement costs and the collection costs to determine the clear proceeds payable to the County School Fund. Monies set aside for the costs of enforcement and the costs of collection shall be credited to accounts of the State Board of Elections.

(b) ~~When a report, statement or other document, required by this Article is not apparently due (i.e., media, inactive candidate, individual, no organizational report filed, supplementary final report or annual report), the Board shall notify, as set forth above, the person or persons responsible for filing if information is presented indicating that the report, statement, or other document was in fact due. No criminal penalties shall be imposed if the late penalty is paid and the delinquent report is filed within five days after notification.~~ The State Board of Elections may waive a late penalty where it determines there is reasonable cause."

(b) G.S. 163-278.6 is amended by adding a new subdivision to read:

"(7a) The term 'costs of collection' means monies spent by the State Board of Elections in the collection of the penalties levied pursuant to provisions in this Article to the extent the costs do not constitute more than fifty percent (50%) of the civil penalty. A BILL TO BE ENTITLED

AN ACT TO INCLUDE PRIOR IMPAIRED DRIVING CONVICTIONS IN FELONY PRIOR RECORD LEVEL CALCULATION, AND TO PROVIDE FOR AN INDEFINITE CIVIL SUSPENSION OF A DRIVERS LICENSE WHEN A DRIVER IS CHARGED WITH AN IMPAIRED DRIVING OFFENSE WHILE ANOTHER IMPAIRED DRIVING OFFENSE IS PENDING DISPOSITION.

The General Assembly of North Carolina enacts:

Section 1. G.S. 15A-1340.14(b) reads as rewritten:

"(b) Points. -- Points are assigned as follows:

(1) For each prior felony Class A conviction, 10 points.

(1a) For each prior felony Class B1 conviction, 9 points.

(2) For each prior felony Class B2, C, or D conviction, 6 points.

(3) For each prior felony Class E, F, or G conviction, 4 points.

(4) For each prior felony Class H or I conviction, 2 points.

(5) For each prior Class A1 or Class 1 misdemeanor conviction or prior impaired driving conviction under G.S. 20-138.1, 1 point, except that convictions for Class 1 misdemeanor offenses under Chapter 20 of the General Statutes, other than conviction for misdemeanor death by vehicle ~~(G.S. 20-141.4(a2))~~, (G.S. 20-141.4(a2)) and conviction for impaired driving in a commercial vehicle (G.S. 20-138.2), shall not be assigned any points for

purposes of determining a person's prior record for felony sentencing.

(6) If all the elements of the present offense are included in the prior offense, 1 point.

(7) If the offense was committed while the offender was on probation or parole, or while the offender was serving a sentence of imprisonment, or while the offender was on escape from a correctional institution while serving a sentence of imprisonment, 1 point.

For purposes of determining prior record points under this subsection, a conviction for a first degree rape or a first degree sexual offense committed prior to the effective date of this subsection shall be treated as a felony Class B1 conviction, and a conviction for any other felony Class B offense committed prior to the effective date of this subsection shall be treated as a felony Class B2 conviction."

Section 2. G.S. 20-16.5(a) reads as rewritten:

"(a) Definitions. -- As used in this section the following words and phrases have the following meanings:

(1) Charging Officer. -- As described in G.S. 20-16.2(a1).

(2) Clerk. -- As defined in G.S. 15A-101(2).

(3) Judicial Official. -- As defined in G.S. 15A-101(5).

(4) Revocation Report. -- A sworn statement by a charging officer and a chemical analyst containing facts indicating that the conditions of subsection (b) have been ~~met.~~ met, and whether the person has a pending offense for which the person's license had been or is revoked under this section. When one chemical analyst analyzes a person's blood and another chemical analyst informs a person of his rights and responsibilities under G.S. 20-16.2, the report must include the statements of both analysts.

(5) Surrender of a Driver's License. -- The act of turning over to a court or a law-enforcement officer the person's most recent, valid driver's license or learner's permit issued by the Division or by a similar agency in another jurisdiction, or a limited driving privilege issued by a North Carolina court. A person who is validly licensed but who is unable to locate his license card may file an affidavit with the clerk setting out facts that indicate that he is unable to locate his license card and that he is validly licensed; the filing of the affidavit constitutes a surrender of the person's license."

Section 3. G.S. 20-16.5(e) reads as rewritten:

"(e) Procedure if Report Filed with Judicial Official When Person Is Present. -- If a properly executed revocation report concerning a person is filed with a judicial official when the person is present before that official, the judicial official must, after completing any other proceedings involving the person, determine whether there is probable cause to believe that each of the conditions of subsection (b) has been met. If he determines that there is such probable cause, he must enter an order revoking

the person's driver's license for the period required in this subsection. The judicial official must order the person to surrender his license and if necessary may order a law-enforcement officer to seize the license. The judicial official must give the person a copy of the revocation order. In addition to setting it out in the order the judicial official must personally inform the person of his right to a hearing as specified in subsection (g), and that his license remains revoked pending the hearing. ~~Unless the person is not currently licensed, the~~ The revocation under this subsection begins at the time the revocation order is issued and continues until the person's license has been ~~surrendered for 10 days and the person has paid the applicable costs. If the person is not currently licensed, the revocation continues until 10 days from the date the revocation order is issued and the person has paid the applicable costs.~~ revoked for the period specified in this subsection and the person has paid the applicable costs. The period of revocation is 10 days, if there are no pending offenses for which the person's license had been or is revoked under this section. If at the time of the current offense, the person has one or more pending offenses for which his license had been or is revoked under this section, the revocation shall remain in effect until a final judgment, including all appeals, has been entered for the current offense and for all pending offenses. In no event may the period of revocation under this subsection be less than 10 days. If within five working days of the effective date of the order, the person does not surrender his license or demonstrate that he is not currently licensed, the clerk must immediately issue a pick-up order. The pick-up order must be issued to a member of a local law-enforcement agency if the charging officer was employed by the agency at the time of the charge and the person resides in or is present in the agency's territorial jurisdiction. In all other cases, the pick-up order must be issued to an officer or inspector of the Division. A pick-up order issued pursuant to this section is to be served in accordance with G.S. 20-29 as if the order had been issued by the Division."

Section 4. G.S. 20-16.5(f) reads as rewritten:

"(f) Procedure if Report Filed with Clerk of Court When Person Not Present. -- When a clerk receives a properly executed report under subdivision (d)(3) and the person named in the revocation report is not present before the clerk, the clerk must determine whether there is probable cause to believe that each of the conditions of subsection (b) has been met. If he determines that there is such probable cause, he must mail to the person a revocation order by first-class mail. The order must direct that the person on or before the effective date of the order either surrender his license to the clerk or appear before the clerk and demonstrate that he is not currently licensed, and the order must inform the person of the time and effective date of the revocation and of its duration, of his right to a hearing as specified in subsection (g), and that the revocation remains in effect pending the hearing. Revocation orders mailed under this subsection become effective on the fourth day after the order is deposited in the United States mail. If within five working days of the effective date of the order, the person does not surrender his license to the clerk or appear before the clerk to demonstrate that he is not currently licensed, the clerk must immediately issue a pick-up order. The pick-up order must be issued and

served in the same manner as specified in subsection (e) for pick-up orders issued pursuant to that subsection. A revocation under this subsection begins at the date specified in the order and continues until the person's license has been revoked for the period specified in this subsection and the person has paid the applicable costs. ~~The~~ If the person has no pending offenses for which his license had been or is revoked under this section, the period of revocation under this subsection is:

(1) Ten days from the time the person surrenders his license to the court, if the surrender occurs within five working days of the effective date of the order; or

(2) Ten days after the person appears before the clerk and demonstrates that he is not currently licensed to drive, if the appearance occurs within five working days of the effective date of the revocation order; or

(3) Thirty days from the time:

a. The person's driver's license is picked up by a law-enforcement officer following service of a pick-up order; or

b. The person demonstrates to a law-enforcement officer who has a pick-up order for his license that he is not currently licensed; or

c. The person's driver's license is surrendered to the court if the surrender occurs more than five working days after the effective date of the revocation order; or

d. The person appears before the clerk to demonstrate that he is not currently licensed, if he appears more than five working days after the effective date of the revocation order.

If at the time of the current offense, the person has one or more pending offenses for which his license had been or is revoked under this section, the revocation shall remain in effect until a final judgment, including all appeals, has been entered for the current offense and for all pending offenses. In no event may the period of revocation for the current offense be less than the applicable period of revocation in subdivision (1), (2), or (3) of this subsection. When a pick-up order is issued, it must inform the person of his right to a hearing as specified in subsection (g), and that the revocation remains in effect pending the hearing. An officer serving a pick-up order under this subsection must return the order to the court indicating the date it was served or that he was unable to serve the order. If the license was surrendered, the officer serving the order must deposit it with the clerk within three days of the surrender."

Section 5. G.S. 20-16.5(i) reads as rewritten:

"(i) Effect of Revocations. -- A revocation under this section revokes a person's privilege to drive in North Carolina whatever the source of his authorization to drive. Revocations under this section are independent of and run concurrently with any other revocations. No court imposing a period of revocation following conviction of an offense involving impaired driving may give credit for any period of revocation imposed under this section. ~~A~~ Except as provided in subsection (i1) of this section, a

person is not eligible for a limited driving privilege under any statute while his license is revoked under this section."

Section 6. G.S. 20-16.5 is amended by adding a new subsection to read:

"(i1) A person whose license has been indefinitely revoked under this section may, after completion of 10 days under subsection (e) of this section or the applicable period of time under subdivision (1), (2), or (3) of subsection (f) of this section, apply for a limited driving privilege as provided in G.S. 20-179.3. A judge of the division in which the current offense is pending may issue the limited driving privilege only if the privilege is necessary to overcome undue hardship and the person meets the eligibility requirements of G.S. 20-179.3, except that the requirements in G.S. 20-179.3(b)(1)c. and G.S. 20-179.3(e) shall not apply."

Section 7. G.S. 20-16.5(k) reads as rewritten:

"(k) Report to Division. -- Except as provided below, the clerk must mail a report to the ~~Division within~~ Division:

(1) If the license is revoked indefinitely, within 10 working days of the revocation of the license; and

(2) In all cases, within 10 working days of the return of a license under this section or of the termination of a revocation of the driving privilege of a person not currently licensed.

The report must identify the person whose license has been ~~revoked and~~ revoked, specify the date on which his license was ~~revoked.~~ revoked, and indicate whether the license has been returned. The report must also provide, if applicable, whether the license is revoked indefinitely. No report need be made to the Division, however, if there was a surrender of the driver's license issued by the Division, a 10-day minimum revocation was imposed, and the license was properly returned to the person under subsection (h) within five working days after the 10-day period had elapsed."

Section 8. The Judicial Department shall implement the provisions of this act from existing funds available to it.

Section 9. Section 1 of this act becomes effective December 1, 1997. Sections 2 through 7 of this act become effective July 1, 1998.

A BILL TO BE ENTITLED

AN ACT TO ALLOW A HOUSING AUTHORITY TO TERMINATE OR FAIL TO RENEW A LEASE IF A TENANT ENGAGES IN CRIMINAL ACTIVITY, TO ALLOW CERTAIN SUMMARY EJECTMENT ACTIONS INITIATED BY A HOUSING AUTHORITY TO BE HELD IN DISTRICT COURT INSTEAD OF IN MAGISTRATE'S COURT, AND TO CLARIFY THAT A BOND IS NOT REQUIRED BEFORE FILING AN ANSWER IN A SUMMARY EJECTMENT PROCEEDING.

The General Assembly of North Carolina enacts:

Section 1. G.S. 157-29 reads as rewritten:

"**§ 157-29.** ~~**Rentals and tenant selections.**~~ **Rentals; tenant selections; and summary ejectments.**

(a) It is hereby declared to be the policy of this State that each housing authority shall manage and operate its housing projects in an efficient manner so as to enable it to fix the cost of dwelling accommodations for persons of low income at the lowest possible rates consistent with its providing decent, safe, and sanitary dwelling accommodations. No housing authority may construct or operate its housing projects so as to provide revenues for other activities of the city.

(b) In the operation or management of housing projects, or portions of projects, for persons of low income, an authority shall at all times observe the following duties with respect to rentals and tenant selection:

(1) It may rent or lease dwelling accommodations set aside for persons of low income only to persons who lack the amount of income ~~which~~ that is necessary (as determined by the housing authority undertaking the project) to enable them, without financial assistance, to live in decent, safe, and sanitary dwellings, without overcrowding; and

(2) It may rent or lease dwelling accommodations to persons of low income only at rentals within the financial reach of such persons.

(c) An authority may terminate or refuse to renew a rental agreement for a serious or repeated violation of a material term of the rental agreement such as (i) failure to make payments due under the rental agreement, if such payments were properly and promptly calculated according to applicable HUD regulation, whether or not such failure was the fault of the tenant, (ii) failure to fulfill the tenant obligations set forth in 24 C.F.R. Section 966.4(f) or other applicable provisions of federal law as they may be amended from time to time, or (iii) other good cause. Except in the case of failure to make payments due under a rental agreement, fault on the part of a tenant may be considered in determining whether good cause exists to terminate a rental agreement.

(d) The receipt or acceptance of rent by an authority, with or without knowledge of a prior default or failure by the tenant under a rental agreement, shall not constitute a waiver of that default or failure unless (i) the authority expressly agrees to such waiver in writing, or (ii) within 120 days after obtaining knowledge of the default or failure, the authority fails either to notify the tenant that a violation of the rental agreement has occurred or to exercise one of the authority's remedies for such violation.

(e) In any summary ejectment action wherein a housing authority alleges that a tenant's lease has been terminated because the tenant, a household member, or a guest has engaged in a criminal activity that threatens the health and safety of others or the peaceful enjoyment of the premises by others, or has engaged in activity involving illegal drugs, as defined in 24 C.F.R. § 966.4, the housing authority may bring an action under Article 7 of Chapter 42 of the General Statutes."

Section 2. G.S. 1-112 reads as rewritten:

"**§ 1-112. Defense without bond.**

(a) The undertaking prescribed in ~~the preceding section~~ G.S. 1-111 is not necessary if an attorney practicing in the court where the action is pending certifies to the court in writing that he has examined the case of the defendant and is of the opinion that the plaintiff is not entitled to recover; and if the defendant also files an affidavit stating that he is unable to give and is not worth the amount of the undertaking in any property whatsoever.

(b) An undertaking shall not be required in any summary ejectment action brought pursuant to Articles 3 or 7 of Chapter 42 of the General Statutes."

Section 3. This act becomes effective October 1, 1997, and applies to acts committed on or after that date.

AN ACT AMENDING CHAPTER 143 OF THE GENERAL STATUTES TO PROVIDE FOR AN INCENTIVE BONUS PROGRAM TO RECOGNIZE AND REWARD THE COST-SAVING AND REVENUE-INCREASING INITIATIVES AND INNOVATIONS OF STATE EMPLOYEES.

The General Assembly of North Carolina enacts:

Section 1. Chapter 143 of the General Statutes is amended by adding a new Article to read:

"ARTICLE 36A.

"State Employee Incentive Bonus Program.

"**§ 143-345.10. Definitions.**

The following definitions apply in this Article:

(1) Baseline reversion. -- The two-year historical average of reversions by a State department, agency, or institution.

(2) Employing unit. -- Any of the following:

a. The principal Council of State office or department enumerated in G.S. 143A-11 for which a State employee works.

b. The principal State department enumerated in G.S. 143B-6 for which a State employee works.

c. The constituent institution of The University of North Carolina or the General Administration of The University of North Carolina for which a State employee works.

d. The local school administrative unit for which a State employee works.

e. The board, commission, or agency and its staff for which a State employee works, if that agency is not organizationally housed in any of the other offices, departments, or institutions listed in this subdivision.

(3) State employee. -- Any of the following:

a. A person who is a contributing member of the Teachers' and State Employees' Retirement System of North Carolina, the Consolidated Judicial Retirement System of North Carolina, or the Optional Program.

b. A person who receives wages from the State as a part-time or temporary worker, but is not otherwise a contributing member of one of the retirement programs listed in sub-subdivision a. of this subdivision.

"**§ 143-345.11. State employee incentive bonus.**

(a) A State employee or team of State employees may receive an incentive bonus or bonuses in reward for suggestions or innovations resulting in monetary savings to the State, increased revenues to the State, or improved quality of services delivered to the public.

(b) In addition to any bonuses paid directly to individual State employees, a portion of the cost-savings associated with any savings realized from permanent efficiencies implemented pursuant to this Article may be contributed to a reserve fund for State employee performance bonuses. Funds for State employee incentive bonuses shall only come from savings including reversions above the baseline reversion of the employing State department, agency, or institution.

(c) Savings generated by suggestions and innovations shall be determined at the end of the fiscal year in which the suggestion or innovation is implemented. Any savings are to be calculated using the actual expenditures for a program, activity, or service compared to the budgeted amount for the same, if an amount has been budgeted for the program, activity, or service. The savings calculation shall include the amount of any reversions in excess of the baseline reversion. The savings or revenue increases realized from any suggestion or innovation implemented for less than one full fiscal year shall be annualized. Any savings realized through the State Employee Incentive Bonus Program shall be weighed against continued service to the public.

(d) If a suggestion or innovation affects a program, activity, or service for which no separate budgeted amount has been made, the State Coordinator, in conjunction with the agency evaluator for that suggestion or innovation, shall determine the budgetary impact of the suggestion or innovation.

"**§ 143-345.12. Allocation of incentive bonus funds; nonmonetary recognition.**

(a) If a State employee's suggestion or innovation results in a monetary savings or increased revenue to the State, the funds saved or increased shall be distributed according to the following scale:

(1) Twenty percent (20%) of the annualized savings or increased revenues, up to a maximum of twenty thousand dollars ($20,000) for any one State employee, to constitute gainsharing. If a team of State employees is the suggester, the bonus provided in this subdivision shall be divided equally among the team members, except that no team member may receive in excess of twenty thousand dollars ($20,000), nor may the team receive an aggregate amount in excess of one hundred thousand dollars ($100,000).

(2) Thirty percent (30%) to a performance bonus reserve for all current employees of the employing unit of the suggester, to be distributed according to G.S. 126-7, the Comprehensive Compensation System for State employees, or according to the performance bonus compensation system in which the suggester's employing unit participates.

(3) The remainder to the General Fund for nonrecurring budget items.

(b) The budget of a State agency shall not be reduced in the following fiscal year by an amount similar to the monetary savings or increased revenues realized by the State Employee Incentive Bonus Program. The agency budget shall be reduced in subsequent years only if structural or organizational changes are made that warrant the reductions, including the transfer of responsibility for an activity or service to another agency or the elimination of some function of State government.

(c) If a suggestion or innovation results in improved quality of services to the public or to other State agencies, departments, and institutions, but not in monetary savings to the State, the suggester shall receive a nonmonetary award in the form of a certificate, leave with pay, or other similar recognition.

"§ 143-345.13. Suggestion and review process; role of agency coordinator and agency evaluator.

(a) The process for a State employee or team of State employees to submit a cost-saving or revenue-increasing proposal shall begin by the employee or team of employees submitting the suggestion or innovation to an agency coordinator designated by the State department, agency, or institution impacted by the suggestion or innovation. The agency coordinator, in conjunction with an agency evaluator, shall review the suggestion or innovation for submission to the Review Committee established in G.S. 143-345.14.

(b) The duties of the agency coordinator shall include:

(4) Judging impartially both the positive and negative effects of a suggestion or innovation on the current functions of the subject program, activity, or service.

The specific assignments of the agency evaluator shall be determined by the agency coordinator.

(d) The State Coordinator shall be responsible for general oversight and coordination of the State Employee Incentive Bonus Program. The State Coordinator shall be a State employee working in the Department of Administration.

(c) All administrative, management, clerical, and other functions and services required by the Review Committee shall be supplied by the Department of Administration. The Department of Administration and the Review Committee shall report annually to the Joint Legislative Commission on Governmental Operations on the administration of the State Employee Incentive Bonus Program.

"§ 143-345.15. Effect of decisions regarding bonuses.

All suggestions or innovations submitted by State employees pursuant to this Article are the property of the State. Decisions regarding the award of bonuses by the agency coordinator and the Review Committee are final and are not subject to review under the contested case procedures of Chapter 150B of the General Statutes."

Section 2. G.S. 143-340(1) reads as rewritten:

"(1) To establish ~~a meritorious service award system for State employee suggestions which may include cash awards to be paid from savings resulting from the adoption of employee suggestions, but in no case shall the cash award exceed twenty-five percent (25%) of the savings resulting during the first year following adoption or a maximum of five thousand dollars ($5,000).~~ the State Employee Incentive Bonus Program pursuant to Article 36A of this Chapter, with the authority to adopt all rules necessary to implement the program."

Section 3. This act shall not be construed to obligate the General Assembly to make any appropriation to implement the provisions of this act. Each State agency to which this act applies shall implement the provisions of this act from funds otherwise appropriated to that State agency.

A BILL TO BE ENTITLED

AN ACT PERTAINING TO THE FILING OF A DEFERRED CHARGE WITH EEOC OR THE OFFICE OF ADMINISTRATIVE HEARINGS BY STATE OR LOCAL GOVERNMENT EMPLOYEES.

The General Assembly of North Carolina enacts:

Section 1. G.S. 7A-759 reads as rewritten:

"**§ 7A-759. Role as deferral agency.**

(a) The Office of Administrative Hearings is designated to serve as the State's deferral agency for cases deferred by the Equal Employment Opportunity Commission to the Office of Administrative Hearings as provided in Section 706 of the Civil Rights Act of 1964, 42 U.S.C. § 2000e-5, the Age Discrimination in Employment Act, 29 U.S.C. § 621 et seq., and the Americans with Disabilities Act, 42 U.S.C. § 12101 et seq. for charges filed by State or local government employees covered under Chapter 126 of the General Statutes and shall have all of the powers and authority necessary to function as a deferral agency.

(b) The Chief Administrative Law Judge is authorized and directed to contract with the Equal Employment Opportunity Commission for the Office of Administrative Hearings to serve as a deferral agency and to establish and maintain a Civil Rights Division in the Office of Administrative Hearings to carry out the functions of a deferral agency.

(b1) As provided in the contract between the Office of Administrative Hearings and the Equal Employment Opportunity Commission, a deferred charge for purposes

of 42 U.S.C. § 2000e-5(c) or (d) is a charge that is filed by a State or local government employee covered under Chapter 126 of the General Statutes and alleges an unlawful employment practice prohibited under that Chapter or any other State law. A deferred charge may be filed with either agency.

The date a deferred charge is filed with either agency is considered to be a commencement of proceedings under State law for purposes of 42 U.S.C. § 2000e-5(c) or (d). The filing of a deferred charge automatically tolls the time limit under G.S. 126-7.2, 126-35, 126-38, and 150B-23(f) and any other State law that sets a time limit for filing a contested case under Article 3 of Chapter 150B of the General Statutes alleging an unlawful employment practice. These time limits are tolled until the completion of the investigation and of any informal methods of resolution pursued pursuant to subsection (d) of this section.

(c) In investigating charges an employee of the Civil Rights Division of the Office of Administrative Hearings specifically designated by an order of the Chief Administrative Law Judge filed in the pending case may administer oaths and affirmations.

(c1) In investigating charges, an employee of the Civil Rights Division shall have access at reasonable times to State premises, records, and documents relevant to the charge and shall have the right to examine, photograph, and copy evidence. Any challenge to the Civil Rights Division to investigate the deferred charge shall not constitute grounds for denial or refusal to produce or allow access to the investigative evidence.

(d) Any charge not resolved by informal methods of conference, conciliation or persuasion shall be heard as a contested case as provided in Article 3 of Chapter 150B of the General Statutes.

(e) Notwithstanding G.S. 150B-34 and G.S. 150B-36, an order entered by an administrative law judge after a contested case hearing on the merits of a deferred charge is a final agency decision and is binding on the parties. The administrative law judge may order whatever remedial action is appropriate to give full relief consistent with the requirements of federal statutes or ~~regulations.~~ regulations or State statutes or rules.

(f) In addition to the authority vested in G.S. 7A-756 and G.S. 150B-33, an administrative law judge may monitor compliance with any negotiated settlement, conciliation agreement or order entered in a deferred case.

(g) The standards of confidentiality established by federal statute or regulation for discrimination charges shall apply to deferred cases investigated or heard by the Office of Administrative Hearings.

(h) Nothing in this section shall be construed as limiting the authority or right of any federal agency to act under any federal statute or regulation.

(i) This section shall be broadly construed to further the general purposes stated in this section and the specific purposes of the particular provisions involved."

MEMORANDUM

From: Tom Covington, Director

Mary Ellen Sylvester MES
Fiscal Research Division

Subject: Federal Certification for Senate Bill 488

In compliance with G.S. 120-36.8 (Certification of legislation required by federal law), the purpose of this memo is to certify that Senate Bill 488, Vocational Rehabilitation Council Chair Selection, is necessary to conform with federal law.

Currently, North Carolina state law authorizes the Governor to designate the chairperson of the Vocational Rehabilitation Advisory Council. However, federal law (29 U.S.C. 725(b)(5)) requires that, if the Governor has veto power pursuant to state law, then the Council shall select a chairperson from among the membership of the Council. Therefore, Senate Bill 488 is complying with the federal law cited above by rewriting G.S. 143-548(c) to enable North Carolina's Vocational Rehabilitation Advisory Council to elect a Chair from among its members.

A copy of federal law 29 U.S.C. 725(b)(5) is attached. This memorandum has been prepared in consultation with the Research Division.

RE: Senate Bill 488 - Federal Certification

This memorandum is intended for the preparation of a federal certification note pursuant to G.S. 120-36.8.

Federal law requires that the chairperson of a state's vocational rehabilitation council be selected *by the Council* from among their members *if the Governor has veto power pursuant to state law (*29 U.S.C. §725(b)(5)).

Our current State law provides that the Governor selects the chairperson of the Vocational Rehabilitation Advisory Council. Because the Governor now has veto power, the federal law cited above requires that the Council appoint the chairperson.

A paper copy of the federal law is being provided. If you have any questions, please feel free to contact me at 733-2578.

COMMITTEE ON RULES, CALENDAR, AND OPERATIONS OF THE HOUSE
August 25, 1997

The Committee on Rules, Calendar, and Operations of the House met Monday, August 25, 1997, at 5:30 p.m. in Room 2305 in the Legislative Building. Representative Morgan, Committee Chair, called the meeting to order and asked the clerk to call the roll. The following members were present: Representative Bowie, Vice Chair; and Representatives Crawford, Culp, Dockham, Esposito, Gulley, Hill, McMahan, Miner, Mitchell, Neely, and Thompson

The first bill before the Committee was Senate committee substitute for House Bill 87 -AN ACT TO EXEMPT THE CENTENNIAL CAMPUS OF NORTH CAROLINA STATE UNIVERSITY AT RALEIGH FROM THE UMSTEAD ACT, WHICH PROHIBITS STATE GOVERNMENT FROM ENGAGING IN THE SALE OF GOODS IN COMPETITION WITH CITIZENS OF THE STATE. Representative Neely explained the bill and stated that it was requested by the University with regard to the Centennial campus and moved that the Rules Committee recommend that the House do concur with the Senate committee substitute. Motion carried.

The second bill before the Rules Committee was Senate committee substitute for House Bill 1087 - A BILL TO BE ENTITLED AN ACT TO MAKE TRESPASSING WITH A MOTORIZED ALL TERRAIN VEHICLE A MISDEMEANOR. Representative Baker was recognized to explain the three changes in the Senate committee substitute. The first change was to lower the penalty from a class one to a class two misdemeanor; the second was to strike the section of the bill that made it a misdemeanor to ride a MTV within 25 ft. of the edge of a stream or lake; and, the third change added a section to make it consistent with the current law regarding trespassing on utility easements. Representative Mitchell moved that the Rules Committee recommend that the House do concur with the Senate committee substitute. Motion carried.

House Bill 1156 was temporarily displaced.

Senate Bill 719 - AN ACT TO MODIFY THE PURPOSES FOR WHICH THE GOLDSBORO ROOM OCCUPANCY TAX MAY BE USED AND TO MAKE TECHNICAL AND CONFORMING CHANGES was next before the Committee. Senator Kerr, bill sponsor, was recognized for an explanation of the bill. He stated that he understood there was a proposed technical House committee substitute to Senate Bill 719. Representative Dockham moved for the adoption of the proposed House committee substitute for the purpose of Committee discussion. Motion carried. Senator Kerr explained that the bill allowed the City of Goldsboro to use up to 20% of the occupancy tax fund to develop and support tourism. He said the entire Wayne County delegation supported the bill and that it did not create a tax but was using funds accumulated from a tax collection. Representative Neely moved for a favorable report to the House

committee substitute bill, an unfavorable report to the original bill, and that the bill be referred to the Committee on Finance. Motion carried.

House Bill 1156 - AN ACT TO AUTHORIZE THE DEVELOPMENT OF SPECIAL REGISTRATION PLATES FOR SUPPORTERS OF THE MARCH OF DIMES SCHOOL TECHNOLOGY, AND SCENIC RIVERS AND TO AUTHORIZE THE DEVELOPMENT OF A REGISTRATION PLACE FOR WAR VETERANS was back before the Committee. Representative Morris was recognized to explain the changes in the Senate committee substitute and noted the Senate added School Technology Plates, Scenic Rivers Plate and War Veterans Plates to the bill. All plates must have 300 or more applications made to the Division before the plates can be developed. Representative Bowie spoke in opposition to the bill citing that there was a cost to the Department of Transportation and that the police did not favor this bill. Representative Culp made the motion that the House Rules Committee recommend to the House that it do concur with the Senate committee substitute for House Bill 1156. Motion carried with one no vote voiced by Representative Bowie.

Senate Joint Resolution 1087 - A JOINT RESOLUTION HONORING THE LIFE AND MEMORY OF CHARLES KURALT was before the Committee. Representative McMahan moved for a favorable report. Motion carried.

Senate Bill 841 -AN ACT TO ALLOW FOREIGN CORPORATIONS TO DEDUCT EXPENSES RELATED TO DEDUCTIBLE SUBSIDIARY DIVIDENDS TO THE SAME EXTEND AS NORTH CAROLINA CORPORATIONS AND TO CLARIFY THE TREATMENT OF DIVIDENDS AS BUSINESS OR NONBUSINESS INCOME - was the final bill before the Committee. Senator Kerr, bill sponsor, was recognized to explain the bill and told the Committee that the bill treats our-of-state corporations the same as in-state corporations; it clarifies the unconstitutional problem and is retroactive back to January of 1997. He further stated that there are cases now pending against the State that are going through the administrative process and there will be more litigation without this bill. The Chair told the Committee that there was a proposed House committee substitute and Representative Thompson moved for its adoption for Committee discussion. Motion carried with one no vote. Representative Shubert was recognized to explain the committee substitute and told the Committee that the committee substitute would stop public schools from paying sales tax. She further commented that the House had passed a similar bill by the vote of 112-2 and that it had not been considered by the Senate. Representative Neely spoke in opposition to the committee substitute. Representative Dockham made a motion to give a favorable report to the House committee substitute bill and an unfavorable vote to the original bill. The Chair ruled that the motion carried on voice vote, division was called. The motion carried on the division vote of six voting in favor and five voting against the motion.

There being no further business, the meeting adjourned at 5:45 p.m.

A BILL TO BE ENTITLED

AN ACT TO MODIFY THE PURPOSES FOR WHICH THE GOLDSBORO ROOM OCCUPANCY TAX MAY BE USED AND TO MAKE TECHNICAL AND CONFORMING CHANGES.

The General Assembly of North Carolina enacts:

Section 1. Sections 2 through 9 of Chapter 555 of the 1991 Session Laws read as rewritten:

"Sec. 2. Levy of Tax. The City of Goldsboro may ~~by resolution, after not less than 10 days public notice and after a public hearing held pursuant thereto,~~ levy a room occupancy and tourism development tax. ~~Collection of the tax, and liability, therefore, shall begin and continue only on and after the first day of a calendar month set in the resolution levying the tax, which in no case may be earlier than the first day of the second succeeding calendar month after the date of adoption of the resolution.~~

~~Sec. 3. Rate; Scope.~~ The room occupancy and tourism development tax that may be levied under this act shall not be less than three percent (3%) nor more than five percent (5%) of the gross receipts derived from the rental of any room, lodging, or similar accommodation furnished by any hotel, motel, inn, tourist camp, or other similar place within the levying unit now subject to the three percent (3%) sales tax imposed by the State under G.S. 105-164.4(a)(3). This tax is in addition to any State or local sales tax.

Sec. 4. Exemptions. The tax authorized by this act does not apply to gross receipts derived by the following entities from accommodations furnished by them:

(1) Religious organizations;
(2) A business that offers to rent fewer than five units;
(3) Educational organizations;
(4) Summer camps; and
(5) Charitable, benevolent, and other nonprofit organizations.

Sec. 5. Administration of Tax. A tax levied under this section shall be levied, administered, collected, and repealed as provided in G.S. 160A-215. The penalties provided in G.S. 160A-215 apply to a tax levied under this section. ~~(a) A tax levied under this act is due and payable to the city in monthly installments on or before the twenty-fifth day of the month following the month in which the tax accrues. Every person, firm, corporation, or association liable for the tax shall, on or before the twenty-fifth day of each month, prepare and render a return on a form prescribed by the city. The return shall state the total gross receipts derived in the preceding month from rentals upon which the tax is levied. A return filed under this section is not a public record as defined by G.S. 132-1 and may not be disclosed except as required by law.~~

~~(b) Any person, firm, corporation, or association who fails or refuses to file the return required by this act shall pay a penalty of fifty dollars ($50.00) for each day's omission as provided under G.S. 160A-175.~~

~~(c) Any person who willfully attempts in any manner to evade the occupancy tax imposed by this act or to make a return or who willfully fails to pay the tax or make and file a return shall, in addition to all other penalties provided by law, be guilty of a misdemeanor and shall be punishable by a fine not to exceed one thousand dollars ($1,000), imprisonment not to exceed six months, or both.~~

~~Sec. 6. Collection of Tax. Every operator of a business subject to the tax levied by this act shall, on and after the effective date of the tax, collect the tax. The tax shall be collected as part of the charge for the furnishing of any taxable accommodations. The tax shall be stated and charged separately from the sales records, and shall be paid by the purchaser to the operator of the business as trustee for and on account of the governing bodies. The room occupancy tax levied pursuant to this act shall be added to the sales price and shall be passed on to the purchaser instead of being borne by the operator of the business. The city shall design, print, and furnish to all appropriate businesses in the city the necessary forms for filing returns and instructions to ensure the full collection of the tax.~~

Sec. 7. Disposition of Taxes Collected. (a) Feasibility Study. After levying a tax under this act, the City of Goldsboro shall place the net proceeds of the tax in a special fund. 'Net proceeds' means gross proceeds less the cost to the city of collecting and administering the tax. When sufficient proceeds have been accumulated in the special fund, the city council shall create a citizens' advisory committee to conduct a study of the feasibility of the construction of a civic center in Goldsboro. The citizens' advisory committee shall be composed of either five or seven members, as determined by the city council. If the committee is composed of five members, three shall be appointed by the city council and two shall be appointed by the Chamber of Commerce of Wayne County. If the committee is composed of

seven members, four shall be appointed by the city council and three shall be appointed by the Chamber of Commerce of Wayne County. The city shall remit no more than twenty percent (20%) of the net proceeds of the tax levied under this act to the Goldsboro Tourism Council created in Section 8 of this act. Thereafter, if the Goldsboro City Council determines that a civic center would be a viable alternative for the city, then a citizens' advisory committee shall be again created, if it has been disbanded, pursuant to subsection (a) of this section, and the provisions of subsection (b) of this section shall apply. Further, the citizens' advisory committee may conduct additional feasibility studies as it deems necessary. If the Goldsboro City Council later determines that a civic center would not be a viable alternative for the city, then the provisions of subsection (d) of this section shall apply.

(d) If Civic Center Not Feasible. If the Goldsboro City Council determines that the results of the feasibility study indicate that a civic center would not be a viable alternative for the city, the proceeds of the tax levied under this act shall thereafter be used as provided in this subsection. AN ACT TO MODIFY THE PURPOSES FOR WHICH THE GOLDSBORO ROOM OCCUPANCY TAX MAY BE USED AND TO MAKE TECHNICAL AND CONFORMING CHANGES.

The General Assembly of North Carolina enacts:

Section 1. Sections 2 through 9 of Chapter 555 of the 1991 Session Laws read as rewritten:

"Sec. 2. Levy of Tax. The City of Goldsboro may ~~by resolution, after not less than 10 days public notice and after a public hearing held pursuant thereto,~~ levy a room occupancy and tourism development tax. ~~Collection of the tax, and liability, therefore, shall begin and continue only on and after the first day of a calendar month set in the resolution levying the tax, which in no case may be earlier than the first day of the second succeeding calendar month after the date of adoption of the resolution.~~

~~Sec. 3. Rate; Scope.~~ The room occupancy and tourism development tax that may be levied under this act shall not be less than three percent (3%) nor more than five percent (5%) of the gross receipts derived from the rental of any room, lodging, or similar accommodation furnished by any hotel, motel, inn, tourist camp, or other similar place within the levying unit now

subject to the three percent (3%) sales tax imposed by the State under G.S. 105-164.4(a)(3). This tax is in addition to any State or local sales tax.

Sec. 4. Exemptions. The tax authorized by this act does not apply to gross receipts derived by the following entities from accommodations furnished by them:

(1) Religious organizations;
(2) A business that offers to rent fewer than five units;
(3) Educational organizations;
(4) Summer camps; and
(5) Charitable, benevolent, and other nonprofit organizations.

Sec. 5. Administration of Tax. A tax levied under this section shall be levied, administered, collected, and repealed as provided in G.S. 160A-215. The penalties provided in G.S. 160A-215 apply to a tax levied under this section. ~~(a) A tax levied under this act is due and payable to the city in monthly installments on or before the twenty-fifth day of the month following the month in which the tax accrues. Every person, firm, corporation, or association liable for the tax shall, on or before the twenty-fifth day of each month, prepare and render a return on a form prescribed by the city. The return shall state the total gross receipts derived in the preceding month from rentals upon which the tax is levied. A return filed under this section is not a public record as defined by G.S. 132-1 and may not be disclosed except as required by law.~~

~~(b) Any person, firm, corporation, or association who fails or refuses to file the return required by this act shall pay a penalty of fifty dollars ($50.00) for each day's omission as provided under G.S. 160A-175.~~

~~(c) Any person who willfully attempts in any manner to evade the occupancy tax imposed by this act or to make a return or who willfully fails to pay the tax or make and file a return shall, in addition to all other penalties provided by law, be guilty of a misdemeanor and shall be punishable by a fine not to exceed one thousand dollars ($1,000), imprisonment not to exceed six months, or both.~~

~~Sec. 6. Collection of Tax. Every operator of a business subject to the tax levied by this act shall, on and after the effective date of the tax, collect the tax. The tax shall be collected as part of the charge for the furnishing of any taxable accommodations. The tax shall be stated and charged separately from the sales records, and shall be paid by the purchaser to the~~

Sec. 7. Disposition of Taxes Collected. (a) Feasibility Study. After levying a tax under this act, the City of Goldsboro shall place the net proceeds of the tax in a special fund. 'Net proceeds' means gross proceeds less the cost to the city of collecting and administering the tax. When sufficient proceeds have been accumulated in the special fund, the city council shall create a citizens' advisory committee to conduct a study of the feasibility of the construction of a civic center in Goldsboro. The citizens' advisory committee shall be composed of either five or seven members, as determined by the city council. If the committee is composed of five members, three shall be appointed by the city council and two shall be appointed by the Chamber of Commerce of Wayne County. The citizens' advisory committee shall use the remainder of the net proceeds of the tax levied under this act for a study of the feasibility of the construction of a civic center in Goldsboro.

(b) If Civic Center Feasible. If the Goldsboro City Council determines that the results of the feasibility study indicate that a civic center would be a viable alternative for the city, the proceeds of the tax levied under this act shall thereafter be used as provided in this subsection. The city shall ~~use~~ remit no more than twenty percent (20%) of the net proceeds of the tax levied under this act to the Goldsboro Tourism Council created in Section 8 of this act. The Council shall use the proceeds to develop tourism, support services, and tourist-related events, and for any other

appropriate activities to provide tourism-related facilities and attractions. ~~for development of tourism, support services, and tourist-related events and attractions.~~ The city shall use the remainder of the net proceeds for improving, leasing, constructing, financing, operating, or acquiring facilities and properties as needed to provide for a civic center facility for Goldsboro. The city may contract with any person, firm, or agency to assist it in carrying out the purposes provided in this subsection.

(c) If Civic Center Not Feasible at Present. The citizens' advisory committee created pursuant to subsection (a) of this section shall be disbanded. The city shall, on a monthly basis, remit the net proceeds of the tax to the Goldsboro Tourism Council created in Section 8 of this act. The Council shall use the proceeds to develop tourism, support services, and

tourist-related events, and for any other appropriate activities to provide tourism-related facilities and attractions.

Sec. 8. Goldsboro Tourism Council. (a) ~~If the~~ The Goldsboro City Council ~~determines that the results of the feasibility study indicate that a civic center would not be a viable alternative for the city, as provided in Section 7, it~~ shall adopt a resolution creating a Goldsboro Tourism Council. Section 2. (a) Article 9 of Chapter 160A of the General Statutes is amended by adding a new section to read:

"**§ 160A-215. Uniform provisions for room occupancy taxes.**

(a) Scope. -- This section applies only to municipalities the General Assembly has authorized to levy room occupancy taxes. For the purpose of this section, the term 'city' means a municipality.

(b) Levy. -- A room occupancy tax may be levied only by resolution, after not less than 10 days' public notice and after a public hearing held pursuant thereto. A room occupancy tax shall become effective on the date specified in the resolution levying the tax. That date must be the first day of a calendar month, however, and may not be earlier than the first day of the second month after the date the resolution is adopted.

(c) Collection. -- Every operator of a business subject to a room occupancy tax shall, on and after the effective date of the levy of the tax, collect the tax. The tax shall be collected as part of the charge for furnishing a taxable accommodation. The tax shall be stated and charged separately from the sales records and shall be paid by the purchaser to the operator of the business as trustee for and on account of the taxing city. The tax shall be added to the sales price and shall be passed on to the purchaser instead of being borne by the operator of the business. The taxing city shall design, print, and furnish to all appropriate businesses and persons in the city the necessary forms for filing returns and instructions to ensure the full collection of the tax. An operator of a business who collects a room occupancy tax may deduct from the amount remitted to the taxing city a discount equal to the discount the State allows the operator for State sales and use tax.

(d) Administration. -- The taxing city shall administer a room occupancy tax it levies. A room occupancy tax is due and payable to the city finance officer in monthly installments on or before the 15th day of the month following the month in which the tax accrues. Every person, firm, corporation, or association liable for the tax shall, on or before the 15th day of each month, prepare and render a return on a form prescribed by the taxing city. The return shall state the total gross receipts derived in the preceding month from rentals upon which the tax is levied. A room occupancy tax return filed with the city finance officer is not a public record and may not be disclosed except in accordance with G.S. 153A-148.1 or G.S. 160A-208.1.

(e) Penalties. -- A person, firm, corporation, or association who fails or refuses to file a room occupancy tax return or pay a room occupancy tax as required by law is subject to the civil and criminal penalties set by G.S. 105-236 for failure to pay or file a return for State sales and use taxes. The governing board of the taxing city has the same authority to waive the penalties for a room occupancy tax that the Secretary of Revenue has to waive the penalties for State sales and use taxes.

(f) Repeal or Reduction. -- A room occupancy tax levied by a city may be repealed or reduced by a resolution adopted by the governing body of the city. Repeal or reduction of a room occupancy tax shall become effective on the first day

of a month and may not become effective until the end of the fiscal year in which the resolution was adopted. AN ACT TO AUTHORIZE THE ISSUANCE OF GENERAL OBLIGATION BONDS OF THE STATE, SUBJECT TO A VOTE OF THE QUALIFIED VOTERS OF THE STATE, TO PROVIDE FUNDS FOR GRANTS, LOANS, AND REVOLVING LOANS TO LOCAL GOVERNMENT UNITS FOR WATER SUPPLY SYSTEMS, WASTEWATER COLLECTION SYSTEMS, WASTEWATER TREATMENT WORKS, AND WATER CONSERVATION PROJECTS AND TO REDUCE INHERITANCE TAXES.

The General Assembly of North Carolina enacts:

Section 1. Short title. This act shall be known as the "Clean Water Bond Act of 1997".

Section 2. Purpose. It is the intent of the General Assembly by this act to provide for the issuance of general obligation bonds of the State and to provide that the proceeds realized from the sale of the bonds shall be allocated as follows:

(1) $200,000,000 to provide State matching funds required to receive federal wastewater or water supply assistance funds and to provide additional funding for the Clean Water Revolving Loan and Grant Fund established in Chapter 159G of the General Statutes or to provide funding by grants and loans to local government units; and

(2) $800,000,000 to provide loans to local government units to finance all or a portion of the cost of construction, improvements, enlargements, extensions, and reconstruction of water supply systems, wastewater collection systems, wastewater treatment works, and water conservation projects.

The funds to be derived from the sale of the Clean Water Bonds authorized by this act are sufficient to meet no more than a fraction of the needs that now exist and will arise in the immediate future. For this reason, although public necessity and the criteria established by Chapter 159G of the General Statutes shall be the primary consideration in granting and loaning funds, great emphasis shall also be placed on achieving stringent reductions in the levels of nutrients and other pollutants discharged into the State's waters, particularly in nutrient sensitive river basins, in reducing the overall volume of effluent discharged to the State's waters by using alternative methods of wastewater treatment when feasible, on the creation of efficient systems of regional wastewater disposal and regional water supply, and on the willingness and ability of local government units to meet their responsibilities through sound fiscal policies, creative planning, and efficient operation and management.

Section 4. Authorization of bonds and notes. Subject to a favorable vote of a majority of the qualified voters of the State who vote on the question of issuing Clean Water Bonds in the election called and held as provided in this act, the State Treasurer is hereby authorized, by and with the consent of the Council of State, to issue and sell, at one time or from time to time, general obligation bonds of the State to be designated "State of North Carolina Clean Water Bonds", with any additional designations as may be determined to indicate the issuance of bonds from time to time, or notes of the State as provided in this act, in an aggregate principal amount not exceeding one billion dollars ($1,000,000,000) for the purpose of providing funds, with any other available funds, for the purposes authorized in this act.

Section 5. Uses of bond and note proceeds. The proceeds of Clean Water Bonds and notes shall be used for the purpose of making loans and grants to local governments as follows:

(1) The proceeds of two hundred million dollars ($200,000,000) of Clean Water Bonds shall be used and allocated for the same purposes for which funds in the Clean Water Revolving Loan and Grant Fund may be used including, without limitation, to provide funds to be used to make revolving loans and grants to local government units. The revolving loans and grants shall be made for the purpose of paying the cost of water supply systems, wastewater collection systems, and wastewater treatment works.

The first priority for use of these proceeds shall be to provide State funds necessary for the 1998-99 and 1999-2000 fiscal years to match the federal wastewater or water supply assistance funds deposited in the Water Pollution Control Revolving Fund or another fund that is used to pay the cost of water supply systems, wastewater collection systems, or wastewater treatment works and is eligible to receive federal matching funds, unless the General Assembly has provided the required match through other revenue, in which event this priority shall cease to exist to the extent of the availability of the other revenue. For the purpose of implementing this priority, the Department of Environment, Health, and Natural Resources shall certify to the State Treasurer the amount of funds required for the State match for each of the fiscal years ending June 30, 1999, and June 30, 2000, and the extent to which the General Assembly has provided other funds for this purpose. Upon certification to the State Treasurer of the amount of funds required for the State match for the fiscal year ending June 30, 1999, the State may issue up to one hundred million dollars ($100,000,000) of Clean Water Bonds authorized by this subdivision for the purpose of funding the State match for that fiscal year and for any other purposes authorized by this subdivision. Upon certification to the State Treasurer of the amount of funds required for the State match for the fiscal year ending June 30, 2000, the State may issue the remaining balance of Clean Water Bonds authorized by this subdivision for the purpose of funding the State match for that fiscal year and for any other purposes authorized by this subdivision. The proceeds of the bonds necessary for the State match for each fiscal year shall be deposited in the Water Pollution Control Revolving Fund or another appropriate fund or account determined by the State Treasurer.

The proceeds may be (i) transferred directly to the Clean Water Revolving Loan and Grant Fund to make revolving loans or grants, (ii) used to make revolving loans or grants directly to the appropriate local government qualifying for a revolving loan or grant from the Clean Water Revolving Loan and Grant Fund, (iii) used for any combination of (i) and (ii), or (iv) used in such other manner as shall effectuate the purposes of this act. Although public necessity and the criteria established by Chapter 159G of the General Statutes shall be the primary consideration in granting and loaning funds, great emphasis shall also be placed on achieving stringent reductions in the levels of nutrients and other pollutants discharged into the State's waters, particularly in nutrient sensitive river basins, in reducing the overall volume of effluent discharged

to the State's waters by using alternative methods of wastewater treatment when feasible, on the creation of efficient systems of regional wastewater disposal and regional water supply, and on the willingness and ability of local government units to meet their responsibilities through sound fiscal policies, creative planning, and efficient operation and management. Loans and grants made from bond proceeds transferred from the Clean Water Bonds Fund to the Clean Water Revolving Loan and Grant Fund shall be made and administered in accordance with the provisions of the Clean Water Revolving Loan and Grant Act. Loans and grants made from bond proceeds directly to local government units and any loan repayments shall, to the extent applicable, be made, administered, and applied in accordance with the provisions of the Clean Water Revolving Loan and Grant Act. Repayments of any direct loans may be initially placed into any fund or account as may be determined by the State Treasurer for the purpose of determining compliance with the applicable requirements of the federal tax law and shall be expended and disbursed therefrom under the direction and supervision of the Director of the Budget.

(2) The proceeds of eight hundred million dollars ($800,000,000) of Clean Water Bonds shall be used for the purpose of making loans to local government units to pay the cost of water supply systems, water conservation projects, wastewater collection systems, and wastewater treatment works. Sixty-nine percent (69%) of the proceeds of the bonds and notes shall be allocated for loans to local government units for wastewater collection systems and wastewater treatment works. Thirty-one percent (31%) of the proceeds of the bonds and notes shall be allocated for loans to local government units for water supply systems and water conservation projects.

The proceeds shall be used to make loans directly to local government units qualifying for a loan from the Clean Water Revolving Loan and Grant Fund or loaned in such other manner as shall effectuate the purposes of this act. To qualify for a loan from the Clean Water Bonds Fund for the purpose of paying the cost of water supply systems, a local government unit must have a water supply facility plan approved by the Department of Environment, Health, and Natural Resources. A water supply facility plan submitted by a local government unit to the Department under G.S. 143-355(l) will be sufficient to meet this requirement. To qualify for a loan from the Clean Water Bonds Fund for the purpose of paying the cost of wastewater collection systems or wastewater treatment works, a local government unit must have a wastewater facility plan approved by the Department

of Environment, Health, and Natural Resources. A wastewater facility plan must project future wastewater treatment needs, must present a long-range plan to meet those needs, and must include plans for system operations and maintenance of the facilities being built with the bond proceeds.

The Department of Environment, Health, and Natural Resources shall set the priorities and determine the eligibility of local government units for these loans in accordance with Section 10 of this act. The form of the loans and the details thereof including, without limitation, the maturity, interest rate, and amortization schedule shall be determined, from time to time, by the State Treasurer. In making these determinations, the State Treasurer shall consider the purpose of the loans, the ability of local government units to repay the loans, and the security for the loans. The interest rates on these loans shall reflect the self-supporting nature of the loan program and shall be sufficient to cover substantially all payments of debt service on the eight hundred million dollars ($800,000,000) of Clean Water Bonds and the issuance costs and administrative expenses associated with the issuance of these bonds and the making of these loans, subject to any applicable requirements of the federal tax law.

Repayments of the loans shall be credited to the General Fund and may be used to pay, directly or indirectly, debt service on the bonds and notes issued. Repayments may be initially placed into such fund or account as may be determined by the State Treasurer for the purpose of determining compliance with applicable requirements of the federal tax law and shall be expended and disbursed therefrom under the direction and supervision of the Director of the Budget.

Any additional moneys which may be received by means of a grant or grants from the United States of America or any agency or department thereof or from any other source for deposit to the Clean Water Bonds Fund may be placed in the Clean Water Bonds Fund or in a separate account or fund and shall be disbursed, to the extent permitted by the terms of the grant or grants, without regard to any limitations imposed by this act.

Moneys in the Clean Water Bonds Fund, the Clean Water Bonds Loan Fund, or any separate fund or account established under this act may be invested from time to time by the State Treasurer in the same manner permitted for investment of moneys belonging to the State or held in the State treasury, except with respect to grant money to the extent otherwise directed by the terms of the grant. Investment earnings, except investment earnings with respect to grant moneys to the extent otherwise directed or restricted by the terms of the grant, may be (i) credited to the Clean Water Bonds Fund, the Clean Water Bonds Loan Fund, or any separate fund or account established under this act, (ii) used to pay debt service on the bonds

authorized by this act, (iii) used to satisfy compliance with applicable requirements of the federal tax law, or (iv) transferred to the General Fund of the State.

The proceeds of bonds and notes may be used with any other moneys made available by the General Assembly for making grants and loans authorized by this act, including the proceeds of any other State bond issues, whether heretofore made available or which may be made available at the session of the General Assembly at which this act is ratified or any subsequent sessions. The proceeds of bonds and notes shall be expended and disbursed under the direction and supervision of the Director of the Budget. The funds provided by this act shall be disbursed for the purposes provided in this act upon warrants drawn on the State Treasurer by the State Controller, which warrants shall not be drawn until requisition has been approved by the Director of the Budget and which requisition shall be approved only after full compliance with the Executive Budget Act, Article 1 of Chapter 143 of the General Statutes.

Section 6. Allocation of proceeds. The proceeds of Clean Water Bonds and notes, including premium thereon, if any, except the proceeds of bonds the issuance of which has been anticipated by bond anticipation notes or the proceeds of refunding bonds or notes, shall be placed by the State Treasurer in a special fund to be designated "Clean Water Bonds Fund", which may include such appropriate special accounts therein as may be determined by the State Treasurer and shall be disbursed as provided in this act. Moneys in the Clean Water Bonds Fund shall be allocated and expended as provided in this act.

Allocations to the costs of a capital improvement or undertaking in each case may include allocations to pay the costs set forth in Section 3(4)c., d., e., f., and g. of this act in connection with the issuance of bonds for that capital improvement or undertaking.

Section 7. Election. The question of the issuance of the bonds authorized by this act shall be submitted to the qualified voters of the State at the next statewide election or statewide primary election, whichever comes first. Any other primary, election, or referendum validly called or scheduled by law at the time the election on the bond question provided for in this section is held, may be held as called or scheduled. Notice of the election shall be given in the manner and at the times required by G.S. 163-33(8). The election and the registration of voters therefor shall be held under and in accordance with the general laws of the State. Absentee ballots shall be authorized in the election.

The State Board of Elections shall reimburse the counties of the State for all necessary expenses incurred in holding the election that are in addition to those that would have otherwise been incurred, the same to be paid out of the Contingency and Emergency Fund or other funds available to the State Board of Elections.

Ballots, voting systems authorized by Article 14 of Chapter 163 of the General Statutes, or both may be used in accordance with rules prescribed by the State Board of Elections. The bond question to be used in the ballots or voting systems shall be in substantially the following form:

"[ ] FOR the issuance of one billion dollars ($1,000,000,000) State of North Carolina Clean Water Bonds constituting general obligation bonds of the State secured by a pledge of the faith and credit and taxing power of the State for the purpose of providing funds, with any other available funds, to make loans, revolving loans, and grants to local government units to pay all or a portion of the cost of clean water projects.

[ ] AGAINST the issuance of one billion dollars ($1,000,000,000) State of North Carolina Clean Water Bonds constituting general obligation bonds of the State secured by a pledge of the faith and credit and taxing power of the State for the purpose of providing funds, with any other available funds, to make loans, revolving loans, and grants to local government units to pay all or a portion of the cost of clean water projects."

If a majority of those voting on the Clean Water Bond question in the election vote in favor of the issuance of the bonds, the bonds may be issued as provided in this act. If a majority of those voting on the Clean Water Bond question in the election vote against the issuance of the bonds, the bonds shall not be issued.

The results of the election shall be canvassed and declared as provided by law for elections for State officers; the results of the election shall be certified by the State Board of Elections to the Secretary of State, in the manner and at the time provided by the general election laws of the State.

Section 8. Issuance of bonds and notes. (a) Terms and Conditions. Bonds or notes may bear such date or dates, may be serial or term bonds or notes, or any combination thereof, may mature in such amounts and at such time or times, not exceeding 40 years from their date or dates, may be payable at such place or places, either within or without the United States of America, in such coin or currency of the United States of America as at the time of payment is legal tender for payment of public and private debts, may bear interest at such rate or rates, which may vary from time to time, and may be made redeemable before maturity, at the option of the State or otherwise as may be provided by the State, at such price or prices, including a price less than the face amount of the bonds or notes, and under such terms and conditions, all as may be determined by the State Treasurer, by and with the consent of the Council of State.

(b) Signatures; Form and Denomination; Registration. Bonds or notes may be issued as certificated or uncertificated obligations. If issued as certificated obligations, bonds or notes shall be signed on behalf of the State by the Governor or shall bear his facsimile signature, shall be signed by the State Treasurer or shall bear his facsimile signature, and shall bear the Great Seal of the State or a facsimile thereof shall be impressed or imprinted thereon. If bonds or notes bear the facsimile signatures of the Governor and the State Treasurer, the bonds or notes shall also bear a manual signature which may be that of a bond registrar, trustee, paying agent, or designated assistant of the State Treasurer. Should any officer whose signature or facsimile signature appears on bonds or notes cease to be such officer before the

delivery of the bonds or notes, the signature or facsimile signature shall nevertheless have the same validity for all purposes as if the officer had remained in office until delivery and bonds or notes may bear the facsimile signatures of persons who at the actual time of the execution of the bonds or notes shall be the proper officers to sign any bond or note although at the date of the bond or note such persons may not have been such officers. The form and denomination of bonds or notes, including the provisions with respect to registration of the bonds or notes and any system for their registration, shall be as the State Treasurer may determine in conformity with this act; provided, however, that nothing in this act shall prohibit the State Treasurer from proceeding, with respect to the issuance and form of the bonds or notes, under the provisions of Chapter 159E of the General Statutes, the Registered Public Obligations Act, as well as under this act.

(c) Manner of Sale; Expenses. Subject to determination by the Council of State as to the manner in which bonds or notes shall be offered for sale, whether at public or private sale, whether within or without the United States of America, and whether by publishing notices in certain newspapers and financial journals, mailing notices, inviting bids by correspondence, negotiating contracts of purchase or otherwise, the State Treasurer is authorized to sell bonds or notes at one time or from time to time at such rate or rates of interest, which may vary from time to time, and at such price or prices, including a price less than the face amount of the bonds or the notes, as the State Treasurer may determine. All expenses incurred in preparation, sale, and issuance of bonds or notes shall be paid by the State Treasurer from the proceeds of bonds or notes or other available moneys.

(d) Notes; Repayment.

(1) By and with the consent of the Council of State, the State Treasurer is hereby authorized to borrow money and to execute and issue notes of the State for the same, but only in the following circumstances and under the following conditions:

a. For anticipating the sale of bonds to the issuance of which the Council of State shall have given consent, if the State Treasurer shall deem it advisable to postpone the issuance of the bonds;

b. For the payment of interest on or any installment of principal of any bonds then outstanding, if there shall not be sufficient funds in the State treasury with which to pay the interest or installment of principal as they respectively become due;

c. For the renewal of any loan evidenced by notes herein authorized;

d. For the purposes authorized in this act; and

e. For refunding bonds or notes as herein authorized.

(2) Funds derived from the sale of bonds or notes may be used in the payment of any bond anticipation notes issued under this act. Funds provided by the General Assembly for the payment of

interest on or principal of bonds shall be used in paying the interest on or principal of any notes and any renewals thereof, the proceeds of which shall have been used in paying interest on or principal of the bonds.

(e) Refunding Bonds and Notes. By and with the consent of the Council of State, the State Treasurer is authorized to issue and sell refunding bonds and notes pursuant to the provisions of the State Refunding Bond Act for the purpose of refunding bonds or notes issued pursuant to this act. The refunding bonds and notes may be combined with any other issues of State bonds and notes similarly secured.

(f) Tax Exemption. Bonds and notes shall be exempt from all State, county, and municipal taxation or assessment, direct or indirect, general or special, whether imposed for the purpose of general revenue or otherwise, excluding inheritance and gift taxes, income taxes on the gain from the transfer of bonds and notes, and franchise taxes. The interest on bonds and notes shall not be subject to taxation as to income.

(g) Investment Eligibility. Bonds and notes are hereby made securities in which all public officers, agencies, and public bodies of the State and its political subdivisions, all insurance companies, trust companies, investment companies, banks, savings banks, savings and loan associations, credit unions, pension or retirement funds, other financial institutions engaged in business in the State, executors, administrators, trustees, and other fiduciaries may properly and legally invest funds, including capital in their control or belonging to them. Bonds and notes are hereby made securities which may properly and legally be deposited with and received by any officer or agency of the State or political subdivision of the State for any purpose for which the deposit of bonds, notes, or obligations of the State or any political subdivision is now or may hereafter be authorized by law.

(h) Faith and Credit. The faith and credit and taxing power of the State are hereby pledged for the payment of the principal of and the interest on bonds and notes. In addition to the State's right to amend any provision of this act to the extent it does not impair any contractual right of a bond owner, the State expressly reserves the right to amend any provision of this act with respect to the making and repayment of loans, the disposition of any repayments of loans, and any intercept provisions relating to the failure of a local government unit to repay a loan, the bonds not being secured in any respect by loans, any repayments thereof, or any intercept provisions with respect thereto.

Section 9. Variable interest rates. In fixing the details of bonds and notes, the State Treasurer may provide that any of the bonds or notes may:

(1) Be made payable from time to time on demand or tender for purchase by the owner thereof provided a credit facility supports the bonds or notes, unless the State Treasurer specifically determines that a credit facility is not required upon a finding and determination by the State Treasurer that the absence of a credit facility will not materially or adversely affect the financial position

of the State and the marketing of the bonds or notes at a reasonable interest cost to the State;

(2) Be additionally supported by a credit facility;

(3) Be made subject to redemption or a mandatory tender for purchase prior to maturity;

(4) Bear interest at a rate or rates that may vary for such period or periods of time, all as may be provided in the proceedings providing for the issuance of the bonds or notes, including, without limitation, such variations as may be permitted pursuant to a par formula; and

(5) Be made the subject of a remarketing agreement whereby an attempt is made to remarket bonds or notes to new purchasers prior to their presentment for payment to the provider of the credit facility or to the State.

If the aggregate principal amount repayable by the State under a credit facility is in excess of the aggregate principal amount of bonds or notes secured by the credit facility, whether as a result of the inclusion in the credit facility of a provision for the payment of interest for a limited period of time or the payment of a redemption premium or for any other reason, then the amount of authorized but unissued bonds or notes during the term of such credit facility shall not be less than the amount of such excess, unless the payment of such excess is otherwise provided for by agreement of the State executed by the State Treasurer.

Section 10. Special provisions governing clean water loans. (a) Scope. The provisions of this section shall apply to loans being made from the proceeds of bonds authorized by this act for clean water projects, other than from funds deposited in the Clean Water Revolving Loan and Grant Fund.

(b) Clean Water Bonds Loan Fund. There is established in the Department of State Treasurer a fund to be known as the Clean Water Bonds Loan Fund, which may include any special or segregated accounts the State Treasurer considers appropriate. There shall be deposited in the Clean Water Bonds Loan Fund proceeds of the Clean Water Bonds and notes to be used to make loans, other than loans to be made through the Clean Water Revolving Loan and Grant Fund, to local government units for clean water projects as provided in this act.

Except as otherwise permitted by Section 5 of this act with respect to the use of investment earnings, all moneys accruing to the credit of the Clean Water Bonds Loan Fund, other than funds set aside for administrative expenses, including expenses related to determining compliance with applicable requirements of the federal tax law and costs of issuance, shall be used to make loans for the purposes provided in this act. The State Treasurer shall be responsible for making and administering all loans pursuant to the provisions of this section.

(c) Application for Loans; Hearings.

(1) Eligibility/Initial Hearing.

a. Prior to filing an application for a loan, a local government unit shall hold a public hearing. A notice of the public

hearing shall be published once at least 10 days before the date fixed for the hearing.

b. All applications for loans shall be filed with the Department of Environment, Health, and Natural Resources. The form of the application shall be prescribed by the Department and shall require any information necessary to determine the eligibility for a loan under the provisions of this section. All applications approved by the Department of Environment, Health, and Natural Resources shall be filed with the Local Government Commission. Each applicant shall furnish to the Department of Environment, Health, and Natural Resources and the Local Government Commission information in addition or supplemental to the information contained in its application, upon request.

c. A local government unit shall not be eligible for a loan unless it demonstrates to the satisfaction of the Department of Environment, Health, and Natural Resources and the Local Government Commission that:

1. The applicant is a local government unit;
2. The applicant has the financial capacity to pay the principal of and interest on its proposed loan as evidenced by the approval of the Local Government Commission;
3. The applicant has substantially complied or will substantially comply with all applicable laws, rules, regulations, and ordinances, whether federal, State, or local; and
4. The applicant has agreed by official resolution to adopt and place into effect a schedule of fees and charges or the application of other sources of revenue which will provide adequate funds for proper operation, maintenance, and administration of the project and repayment of all principal and interest on the loan.

(2) Assessment. The Department of Environment, Health, and Natural Resources may require any applicant to file with its application an assessment of the impact the project for which the funds are sought will have upon meeting the facility needs of the area within which the project is to be located.

(3) Hearing by the Department of Environment, Health, and Natural Resources or the Local Government Commission. A public hearing may be held by the Department of Environment, Health, and Natural Resources or the Local Government Commission at any time on any application. Public hearings may also be held by

the Department of Environment, Health, and Natural Resources in its discretion upon written request from any citizen or taxpayer who is a resident of the county or counties in which the project is to be located or a resident of the local government unit that proposes to borrow moneys under this act, if it appears that the public interest will be served by the hearing. The written request shall set forth each objection to the proposed project or other reason for requesting a hearing on the application and shall contain the name and address of the persons submitting it. In deciding whether to grant a request for a hearing on an application, the Department of Environment, Health, and Natural Resources may consider the application, the written objections to the proposed project, and the facility needs and shall determine if the public interest will be served by a hearing. The determination by the Department of Environment, Health, and Natural Resources shall be conclusive, and all written requests for a hearing shall be retained as a permanent part of the records pertaining to the application.

(4) Petition for Vote. A petition, demanding that the question of whether to enter into a loan agreement with the State under this act be submitted to voters, may be filed with the clerk of the local government unit applying for the loan within 15 days after the public hearing required by this section. The petition's sufficiency shall be determined and a referendum, if any, shall be conducted according to the standards, procedures, and limitations set out in G.S. 159-60 through G.S. 159-62.

(d) Priorities.

(1) Determination. Determination of priorities to be assigned each eligible project shall be made semiannually by the Department of Environment, Health, and Natural Resources during each fiscal year. Every eligible project shall be considered by the Department of Environment, Health, and Natural Resources with every other project eligible during this same priority period.

(2) Priority Factors. All applications for loans under this act shall be assigned a priority by the Department of Environment, Health, and Natural Resources. Having a comprehensive land-use plan that meets the requirements of G.S. 159G-10(e) shall be a priority factor, and having a plan that meets the requirements of that subsection and exceeds the minimum State standards for protection of the State's water resources shall receive greater priority than having a plan that does not exceed those standards. The Department of Environment, Health, and Natural Resources shall establish other priority factors criteria by rule.

(3) Assignment of Priority. A written statement relative to each priority assigned shall be prepared by the Department of Environment, Health, and Natural Resources and shall be attached to the application. The priority assigned shall be conclusive.

(4) Failure to Qualify. If an application does not qualify for a loan as of the prior period in which the application was eligible for consideration by reason of the priority assigned, the application shall be considered during the next succeeding priority period upon request of the applicant. If the application again fails to qualify for a loan during the second priority period by reason of the priority assigned, the application shall receive no further consideration. An applicant may file a new application at any time and may amend any pending application to include additional data or information.

(5) Withdrawal of Commitment. Failure of an applicant within one year after the date of acceptance of the loan to arrange for necessary financing of the proposed project or award of the contract of the construction of the proposed project shall constitute sufficient cause for withdrawal of the commitment. Prior to withdrawal of a commitment, the Department of Environment, Health, and Natural Resources shall give due consideration to any extenuating circumstances presented by the applicant as reasons for failure to arrange necessary financing or to award a contract, and the commitment may be extended for an additional period of time if, in the judgment of the Department of Environment, Health, and Natural Resources, the extension is justified.

(e) Disbursement. To be eligible to receive the loans provided for in this section, a local government unit must arrange to borrow the amounts necessary pursuant to rules adopted by the Local Government Commission. No funds shall be disbursed until the Department of Environment, Health, and Natural Resources gives a certificate of eligibility to the effect that the applicant meets all eligibility criteria and that all procedural requirements of this act have been met. The maximum principal amount of a loan shall be one hundred percent (100%) of the cost of any eligible project.

(f) Intercept. The governing body of a local government unit shall by resolution authorize to be included in its loan agreement a provision authorizing the State Treasurer, upon failure of the local government unit to make a scheduled repayment of the loan, to withhold from the local government unit any State funds that would otherwise be distributed to the local government unit in an amount sufficient to pay all sums then due and payable to the State as a repayment of the loan. In such event, notwithstanding any other provision of law, the State Treasurer is authorized to withhold and apply such funds to the repayment of the loan, except that such funds shall not be withheld if (i) before the execution of the loan agreement, such funds have been legally pledged to secure special obligation bonds or

other obligations of the local government unit, or (ii) after the execution of the loan agreement, such funds are legally pledged to secure special obligation bonds or other obligations of the local government unit as authorized in this subsection. After the execution of a loan agreement, all or any portion of the State funds specified in the loan agreement to be so withheld may be pledged to secure special obligation bonds or other obligations of the local government unit only with the prior written consent of the State Treasurer.

The State Treasurer shall notify the Secretary of Revenue and the State Controller of the amount to be withheld from the local government unit, and the Secretary of Revenue and the State Controller shall transfer to the State Treasurer the amount so requested to be applied by the State Treasurer to the repayment of the loan.

(g) Inspection. Inspection of a project for which a loan has been made under this act may be performed by qualified personnel of the Department of Environment, Health, and Natural Resources or may be performed by qualified engineers registered in this State approved by the Department of Environment, Health, and Natural Resources. No person shall be approved to perform inspections who is an officer employed by the local government unit to which the loan was made or who is an owner, officer, employer, or agent of a contractor or subcontractor engaged in the construction of the project for which the loan was made. For the purpose of payment of inspection fees, inspection services shall be included in the term "cost" as used in this act.

(h) Rules. The State Treasurer, the Local Government Commission, and the Department of Environment, Health, and Natural Resources may adopt, modify, and repeal rules necessary for the administration of their respective duties under this act. Uniform rules may be jointly adopted where feasible and desirable, and no rule, jointly adopted, may be modified or revoked except upon concurrence of all agencies involved.

(i) Federal Grants and Loans. In order to carry out the purposes of this act to secure the greatest possible benefits to the citizens of this State of the funds appropriated, the State Treasurer, the Local Government Commission, and the Department of Environment, Health, and Natural Resources shall adopt rules and criteria, not inconsistent with provisions of this act, as are necessary and appropriate to conform to regulations for federal grants and loans for any of the purposes set forth in this act.

(j) Reports. The Department of Environment, Health, and Natural Resources shall prepare and file each year on or before July 31 with the Joint Legislative Commission on Governmental Operations a report for the preceding fiscal year concerning the allocation and making of loans authorized by this act. The report shall set forth for the preceding fiscal year:

(1) Itemized and total allocations of loans authorized and unallocated funds for the loan program as of the end of the preceding fiscal year;

(2) Identification of each loan agreement entered into by the State during the preceding fiscal year and the total amount of loans authorized by such loan agreements;

(3) The amount disbursed to each local government unit pursuant to such loan agreements during the preceding fiscal year and the total amount of such disbursements;

(4) The loan repayments made by each local government unit pursuant to such loan agreements and the total amount of such loan repayments during the preceding fiscal year; and

(5) A summary for the five preceding years of the information required by subdivisions (1) through (4) of this subsection.

The report shall be signed by the Secretary of Environment, Health, and Natural Resources.

(k) Local Government Commission.

(1) Local government units may execute debt instruments payable to the State in order to obtain loans provided for in this act. Local government units shall pledge or agree to apply as security for such obligations:

a. Any available source of revenues of the local government unit, including revenues from benefitted facilities or systems, provided that (i) the local government unit has not otherwise pledged the revenues as security for, or contractually agreed to apply the revenues to, the payment of any other obligations of the local government unit, (ii) the use of the revenues is not otherwise restricted by law, or (iii) the revenues are not derived from the exercise of the local government unit's taxing power; or

b. Their faith and credit; or

c. Any combination of a. or b. above.

The faith and credit of a local government unit shall not be pledged or be deemed to have been pledged unless the requirements of Article 4 of Chapter 159 of the General Statutes have been met. The State Treasurer, with the assistance of the Local Government Commission, shall develop and adopt appropriate debt instruments for use under this act.

(2) Nothing contained in this act shall prohibit any local government unit from applying any funds of the local government unit not otherwise restricted as to use by law to the payment of any debt instrument payable to the State incurred pursuant to the provisions of this act.

(3) The Local Government Commission shall review and approve proposed loans to local government units under this act under the provisions of Articles 4 and 5 of Chapter 159 of the General Statutes. The Local Government Commission in considering the

ability of a local government unit to repay a loan may regard as a source of revenue for repayment of a loan revenue sources that may not be available other than on an annual discretionary basis and that may not be subject to a pledge or agreement to apply. Loans under this act shall be outstanding debts for the purposes of Article 10 of Chapter 159 of the General Statutes.

(4) The State Treasurer shall annually certify to the General Assembly the financial condition of the loan program and identify existing delinquencies.

Section 11. Minority business participation. The goals set by G.S. 143-128 for participation in projects by minority businesses apply to projects funded by the proceeds of bonds or notes issued under this act. The Department of Environment, Health, and Natural Resources shall monitor compliance with this requirement and shall report to the General Assembly by January 1 of each year on the participation by minority businesses in these projects.

Section 12. Interpretation of act. (a) Additional Method. The foregoing sections of this act shall be deemed to provide an additional and alternative method for the doing of the things authorized thereby and shall be regarded as supplemental and additional to powers conferred by other laws, and shall not be regarded as in derogation of any powers now existing.

(b) Statutory References. References in this act to specific sections or Chapters of the General Statutes or to specific acts are intended to be references to these sections, Chapters, or acts as they may be amended from time to time by the General Assembly.

(c) Broad Construction. This act, being necessary for the health and welfare of the people of the State, shall be broadly construed to effect the purposes thereof.

(d) Inconsistent Provisions. Insofar as the provisions of this act are inconsistent with the provisions of any general laws, or parts thereof, the provisions of this act shall be controlling.

(e) Severability. If any provision of this act or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect other provisions or applications of the act which can be given effect without the invalid provision or application, and to this end the provisions of this act are declared to be severable.

Section 13. Authorize regional planning loans and grants. G.S. 159G-3(4) reads as rewritten:

"(4) 'Construction costs' means the actual costs of planning, designing and constructing any project for which a revolving loan or grant is made under this Chapter including planning; environmental assessment; wastewater system analysis, evaluation and rehabilitation; engineering; legal, fiscal, administrative and contingency costs for water supply systems, wastewater collection systems, wastewater treatment works and any extensions,

improvements, remodeling, additions, or alterations to existing systems. Construction costs may include excess or reserve capacity costs, attributable to no more than 20-year projected domestic growth, plus ten percent (10%) unspecified industrial growth. In addition, construction costs shall include any fees payable to the Environmental Management Commission or the Division of Environmental Health for review of applications and grant of permits, and fees for inspections under G.S. 159G-14. Construction costs may also include the costs for purchase or acquisition of real property. The term may also include the costs for planning and designing a regional project or small town project. Funds for planning and designing a regional project or small town project may be advanced prior to construction of the project and may be paid even though the project is never actually constructed. However the recipient of any funds advanced as a loan prior to the construction of a project that is never actually constructed is still obligated to repay the loan in accordance with this Chapter. A small town is defined as a municipality with a population of 1,000 or less, based on the most recent annual estimate of population certified by the State Planning Officer."

Section 14. G.S. 159G-4(b) reads as rewritten:

"(b) Of the appropriations made from the General Fund to the Clean Water Revolving Loan and Grant Fund for use of the Department of Environment, Health, and Natural Resources as provided in this Chapter, allocations are made as follows after first subtracting the amounts allocated under subsection (a) of this section, to the extent that there are any excess funds available:

Wastewater Accounts		
General Wastewater Revolving Loan Account	~~39.00%~~	38.00%
Emergency Wastewater Revolving Loan Account	~~10.00%~~	9.00%
High-Unit Cost Wastewater Account	~~20.00%~~	22.00%
Water Supply Accounts		
General Water Supply Revolving Loan Account	~~21.00%~~	20.00%
High-Unit Cost Water Supply Account	~~5.00%~~	7.00%
Emergency Water Supply Revolving Loan Account	~~5.00%~~	4.00%".

Section 15. G.S. 159G-6 reads as rewritten:

"**§ 159G-6. Distribution of funds.**

(a) Revolving loans and grants.

(1) All funds appropriated or accruing to the Clean Water Revolving Loan and Grant Fund, other than funds set aside for administrative expenses, shall be used for revolving loans and grants to local government units for construction costs of wastewater treatment works, wastewater collection systems and water supply systems and other assistance as provided in this Chapter.

(2) The maximum principal amount of a revolving loan or a grant may be one hundred percent (100%) of the nonfederal share of the construction costs of any eligible project. ~~The maximum principal amount of revolving loans made to any one local government unit during any fiscal year shall be three million dollars ($3,000,000). The maximum principal amount of grants made to any one local government unit during any fiscal year shall be one million dollars ($1,000,000).~~ The Department of Environment, Health, and Natural Resources may establish maximum principal amounts for revolving loans and for grants made to the same local government unit in a fiscal year.

(3) The State Treasurer shall be responsible for investing and distributing all funds appropriated or accruing to the Clean Water Revolving Loan and Grant Fund for revolving loans and grants under this Chapter. In fulfilling his responsibilities under this section, the State Treasurer shall make a written request to the Department of Environment, Health, and Natural Resources to arrange for the appropriated funds to be (i) transferred from the appropriate accounts to a local government unit to provide funds for one or more revolving loans or grants or (ii) invested as authorized by this Chapter with the interest on and the principal of such investments to be transferred to the local government unit to provide funds for one or more revolving loans or grants.

(b) Wastewater Accounts. -- The sums allocated in G.S. 159G-4 and accruing to the various Wastewater Accounts in each fiscal year shall be used to make revolving loans and grants to local government units as provided below. The Department of Environment, Health, and Natural Resources shall disburse no funds from the Wastewater Accounts except upon receipt of written approval of the disbursement from the Environmental Management Commission.

(1) General Wastewater Revolving Loan and Grant Account. -- The funds in the General Wastewater Revolving Loan and Grant Account shall be used exclusively for the purpose of providing for revolving construction loans or grants in connection with approved wastewater treatment work or wastewater collection system projects.

(2) High-Unit Cost Wastewater Account. -- The funds in the High-Unit Cost Wastewater Account shall be available for grants to applicants for high-unit cost wastewater projects. Eligibility of an applicant for

such a grant shall be determined by comparing estimated average household user fees for water and sewer service, for debt service and operation and maintenance costs, to one and one-half percent (1.5%) of the median household income in the ~~county~~ local government unit in which the project is located. The projects which would require estimated average household water and sewer user fees greater than one and one-half percent (1.5%) of the median household income are defined as high-unit cost wastewater projects and will be eligible for a grant equal to the excess cost, subject to the limitations in ~~subsection~~ subdivision (a)(2) of this section.

(3) Emergency Wastewater Revolving Loan Account. -- The funds in the Emergency Wastewater Revolving Loan Account shall be available for revolving emergency loans to applicants in the event the Environmental Management Commission certifies that a serious public health hazard, related to the inadequacy of existing wastewater facilities, is present or imminent in a community.

(c) Water Supply Accounts. -- The sums allocated in G.S. 159G-4 and accruing to the various Water Supply Accounts in each fiscal year shall be used to provide revolving loans and grants to local government units as provided below. The Department of Environment, Health, and Natural Resources shall disburse no funds from the Water Supply Accounts except upon receipt of written approval of the disbursement from the Division of Environmental Health.

(1) General Water Supply Revolving Loan and Grant Account. -- The funds in the General Water Supply Revolving Loan and Grant Account shall be used exclusively for the purpose of providing for revolving construction loans and grants in connection with water supply systems generally and not upon a county allotment basis.

(2) High-Unit Cost Water Supply Account. -- The funds in the High-Unit Cost Water Supply Account shall be available for grants to applicants for high-unit cost water supply systems, on the same basis as provided in G.S. 159G-6(b)(2) for high-unit cost wastewater projects.

(3) Emergency Water Supply Revolving Loan Account. -- The funds in the Emergency Water Supply Revolving Loan Account shall be available for revolving emergency loans to applicants in the event the Division of Environmental Health certifies that a serious public health hazard, related to the water supply system, is present or imminent in a community.

(d) Repealed by Session Laws 1991, c. 186, s. 4.

(e) Notwithstanding any other provision of this Chapter, funds in the Water Pollution Control Revolving Fund shall not be available as grants except to the extent permitted by Title VI of the Federal Water Quality Act of 1987 and the regulations thereunder."

Section 16. Article 1 of Chapter 105 of the General Statutes is amended by adding a new section to read:

"**§ 105-6.1. Reduction of inheritance tax.**

When this Article imposes an inheritance tax on property transferred by a decedent but no state death tax credit is allowed under section 2011 of the Code against federal estate tax due on the transfer of the decedent's estate, the amount of inheritance tax is reduced by the appropriate percentage in the table below. When this Article imposes an inheritance tax on property transferred by a decedent and a state death tax credit is allowed under section 2011 of the Code against federal estate tax due on the transfer of the decedent's estate, the amount of inheritance tax that exceeds the maximum credit for state death taxes is reduced by the appropriate percentage in the following table:

Calendar Year of Decedent's Death	Percentage Reduction
1998	10%
1999 and thereafter	20%."

Section 17. Section 16 of this act does not affect the rights or liabilities of the State, a taxpayer, or another person arising under a statute amended or repealed by Section 16 of this act before the effective date of its amendment or repeal; nor does it affect the right to any refund or credit of a tax that accrued under the amended or repealed statute before the effective date of its amendment or repeal.

Section 18. Effective date. Sections 13 through 15 of this act become effective only if the voters approve the issuance of the Clean Water Bonds authorized by this act in the election required by Section 7 of this act. Sections 16 and 17 of this act become effective January 1, 1998, and apply to the estates of decedents dying on or after that date. The remaining sections of this act are effective when the act becomes law.

A BILL TO BE ENTITLED

AN ACT TO AUTHORIZE THE ISSUANCE OF GENERAL OBLIGATION BONDS OF THE STATE, SUBJECT TO A VOTE OF THE QUALIFIED VOTERS OF THE STATE, TO PROVIDE FUNDS FOR GRANTS, LOANS, AND REVOLVING LOANS TO LOCAL GOVERNMENT UNITS FOR WATER SUPPLY SYSTEMS, WASTEWATER COLLECTION SYSTEMS, WASTEWATER TREATMENT WORKS, AND WATER CONSERVATION PROJECTS.

The General Assembly of North Carolina enacts:

Section 1. Short title. This act shall be known as the "Clean Water Bond Act of 1997".

Section 2. Purpose. It is the intent of the General Assembly by this act to provide for the issuance of general obligation bonds of the State and to provide that the proceeds realized from the sale of the bonds shall be allocated as follows:

(1) $200,000,000 to provide State matching funds required to receive federal wastewater or water supply assistance funds and to provide additional funding for the Clean Water Revolving Loan and Grant Fund established in Chapter 159G of the General Statutes or to provide funding by grants and loans to local government units; and

(2) $800,000,000 to provide loans to local government units to finance all or a portion of the cost of construction, improvements,

enlargements, extensions, and reconstruction of water supply systems, wastewater collection systems, wastewater treatment works, and water conservation projects.

The funds to be derived from the sale of the Clean Water Bonds authorized by this act are sufficient to meet no more than a fraction of the needs that now exist and will arise in the immediate future. For this reason, although public necessity and the criteria established by Chapter 159G of the General Statutes shall be the primary consideration in granting and loaning funds, great emphasis shall also be placed on achieving stringent reductions in the levels of nutrients and other pollutants discharged into the State's waters, particularly in nutrient sensitive river basins, in reducing the overall volume of effluent discharged to the State's waters by using alternative methods of wastewater treatment when feasible, on the creation of efficient systems of regional wastewater disposal and regional water supply, and on the willingness and ability of local government units to meet their responsibilities through sound fiscal policies, creative planning, and efficient operation and management.

Section 3. Definitions. As used in this act, unless the context otherwise requires:

(1) "Bonds" means bonds issued under this act.

(2) "Clean Water Revolving Loan and Grant Act" means Chapter 796 of the 1987 Session Laws, as amended from time to time, codified as Chapter 159G of the General Statutes.

(3) "Clean Water Revolving Loan and Grant Fund" means the Clean Water Revolving Loan and Grant Fund as defined in the Clean Water Revolving Loan and Grant Act.

(4) "Cost" means, without intending thereby to limit or restrict any proper definition of this term in financing the cost of facilities or purposes authorized by this act:

c. Administrative expenses and charges,

d. Finance charges and interest prior to and during construction and, if deemed advisable by the State Treasurer, for a period not exceeding two years after the estimated date of completion of construction,

g. Any other costs and expenses necessary or incidental to the purposes of this act.

Allocations in this act of proceeds of bonds to the costs of a project or undertaking in each case may include allocations to pay the costs set forth in items c., d., e., f., and g. in connection with the issuance of bonds for the project or undertaking.

(5) "Credit facility" means an agreement entered into by the State Treasurer on behalf of the State with a bank, savings and loan association, or other banking institution, an insurance company, reinsurance company, surety company, or other insurance institution, a corporation, investment banking firm, or other investment institution, or any financial institution or other similar provider of a credit facility, which provider may be located within or without the United States of America, such agreement providing for prompt payment of all or any part of the principal or purchase price (whether at maturity, presentment or tender for purchase, redemption or acceleration), redemption premium, if any, and interest on any bonds or notes payable on demand or tender by the owner, in consideration of the State agreeing to repay the provider of the credit facility in accordance with the terms and provisions of such agreement.

(6) "Local government units" means local government units as defined in the Clean Water Revolving Loan and Grant Act.

b. A provision providing for such adjustment based upon a percentage or percentages of a prime rate or base rate, which percentage or percentages may vary or be applied for different periods of time, or

c. Such other provision as the State Treasurer may determine to be consistent with this act and will not materially and adversely affect the financial position of the State and the marketing of bonds or notes at a reasonable interest cost to the State.

(9) "State" means the State of North Carolina.

(10) "Wastewater collection systems" means wastewater collection systems as defined in the Clean Water Revolving Loan and Grant Act.

(11) "Wastewater treatment works" means wastewater treatment works as defined in the Clean Water Revolving Loan and Grant Act.

(12) "Water conservation projects" include, but are not limited to, any construction, repair, renovation, expansion, replacement of components, or other capital improvement, including related equipment and land acquisition, designed to:

a. Eliminate the wasteful or unnecessary use or loss of water in the operations of a wastewater collection system, wastewater treatment works, or water supply system; or

b. Enhance the operation of a wastewater collection system, wastewater treatment works, or water supply system to provide a more efficient use of water.

Section 4. Authorization of bonds and notes. Subject to a favorable vote of a majority of the qualified voters of the State who vote on the question of issuing Clean Water Bonds in the election called and held as provided in this act, the State Treasurer is hereby authorized, by and with the consent of the Council of State, to issue and sell, at one time or from time to time, general obligation bonds of the State to be designated "State of North Carolina Clean Water Bonds", with any additional designations as may be determined to indicate the issuance of bonds from time to time, or notes of the State as provided in this act, in an aggregate principal amount not exceeding one billion dollars ($1,000,000,000) for the purpose of providing funds, with any other available funds, for the purposes authorized in this act.

Section 5. Uses of bond and note proceeds. The proceeds of Clean Water Bonds and notes shall be used for the purpose of making loans and grants to local governments as follows:

(1) The proceeds of two hundred million dollars ($200,000,000) of Clean Water Bonds shall be used and allocated for the same purposes for which funds in the Clean Water Revolving Loan and Grant Fund may be used including, without limitation, to provide funds to be used to make revolving loans and grants to local government units. The revolving loans and grants shall be made for the purpose of paying the cost of water supply systems, wastewater collection systems, and wastewater treatment works.

The first priority for use of these proceeds shall be to provide State funds necessary for the 1998-99 and 1999-2000 fiscal years to match the federal wastewater or water supply assistance funds deposited in the Water Pollution Control Revolving Fund or

another fund that is used to pay the cost of water supply systems, wastewater collection systems, or wastewater treatment works and is eligible to receive federal matching funds, unless the General Assembly has provided the required match through other revenue, in which event this priority shall cease to exist to the extent of the availability of the other revenue. For the purpose of implementing this priority, the Department of Environment, Health, and Natural Resources shall certify to the State Treasurer the amount of funds required for the State match for each of the fiscal years ending June 30, 1999, and June 30, 2000, and the extent to which the General Assembly has provided other funds for this purpose. Upon certification to the State Treasurer of the amount of funds required for the State match for the fiscal year ending June 30, 1999, the State may issue up to one hundred million dollars ($100,000,000) of Clean Water Bonds authorized by this subdivision for the purpose of funding the State match for that fiscal year and for any other purposes authorized by this subdivision. Upon certification to the State Treasurer of the amount of funds required for the State match for the fiscal year ending June 30, 2000, the State may issue the remaining balance of Clean Water Bonds authorized by this subdivision for the purpose of funding the State match for that fiscal year and for any other purposes authorized by this subdivision. The proceeds of the bonds necessary for the State match for each fiscal year shall be deposited in the Water Pollution Control Revolving Fund or another appropriate fund or account determined by the State Treasurer.

The proceeds may be (i) transferred directly to the Clean Water Revolving Loan and Grant Fund to make revolving loans or grants, (ii) used to make revolving loans or grants directly to the appropriate local government qualifying for a revolving loan or grant from the Clean Water Revolving Loan and Grant Fund, (iii) used for any combination of (i) and (ii), or (iv) used in such other manner as shall effectuate the purposes of this act. Although public necessity and the criteria established by Chapter 159G of the General Statutes shall be the primary consideration in granting and loaning funds, great emphasis shall also be placed on achieving stringent reductions in the levels of nutrients and other pollutants discharged into the State's waters, particularly in nutrient sensitive river basins, in reducing the overall volume of effluent discharged to the State's waters by using alternative methods of wastewater treatment when feasible, on the creation of efficient systems of regional wastewater disposal and regional water supply, and on the willingness and ability of local government units to meet their

responsibilities through sound fiscal policies, creative planning, and efficient operation and management. Loans and grants made from bond proceeds transferred from the Clean Water Bonds Fund to the Clean Water Revolving Loan and Grant Fund shall be made and administered in accordance with the provisions of the Clean Water Revolving Loan and Grant Act. Loans and grants made from bond proceeds directly to local government units and any loan repayments shall, to the extent applicable, be made, administered, and applied in accordance with the provisions of the Clean Water Revolving Loan and Grant Act. Repayments of any direct loans may be initially placed into any fund or account as may be determined by the State Treasurer for the purpose of determining compliance with the applicable requirements of the federal tax law and shall be expended and disbursed therefrom under the direction and supervision of the Director of the Budget.

(2) The proceeds of eight hundred million dollars ($800,000,000) of Clean Water Bonds shall be used for the purpose of making loans to local government units to pay the cost of water supply systems, water conservation projects, wastewater collection systems, and wastewater treatment works. Sixty-nine percent (69%) of the proceeds of the bonds and notes shall be allocated for loans to local government units for wastewater collection systems and wastewater treatment works. Thirty-one percent (31%) of the proceeds of the bonds and notes shall be allocated for loans to local government units for water supply systems and water conservation projects.

The proceeds shall be used to make loans directly to local government units qualifying for a loan from the Clean Water Revolving Loan and Grant Fund or loaned in such other manner as shall effectuate the purposes of this act. To qualify for a loan from the Clean Water Bonds Fund for the purpose of paying the cost of water supply systems, a local government unit must have a water supply facility plan approved by the Department of Environment, Health, and Natural Resources. A water supply facility plan submitted by a local government unit to the Department under G.S. 143-355(l) will be sufficient to meet this requirement. To qualify for a loan from the Clean Water Bonds Fund for the purpose of paying the cost of wastewater collection systems or wastewater treatment works, a local government unit must have a wastewater facility plan approved by the Department of Environment, Health, and Natural Resources. A wastewater facility plan must project future wastewater treatment needs, must present a long-range plan to meet those needs, and must include

plans for system operations and maintenance of the facilities being built with the bond proceeds.

The Department of Environment, Health, and Natural Resources shall set the priorities and determine the eligibility of local government units for these loans in accordance with Section 10 of this act. The form of the loans and the details thereof including, without limitation, the maturity, interest rate, and amortization schedule shall be determined, from time to time, by the State Treasurer. In making these determinations, the State Treasurer shall consider the purpose of the loans, the ability of local government units to repay the loans, and the security for the loans. The interest rates on these loans shall reflect the self-supporting nature of the loan program and shall be sufficient to cover substantially all payments of debt service on the eight hundred million dollars ($800,000,000) of Clean Water Bonds and the issuance costs and administrative expenses associated with the issuance of these bonds and the making of these loans, subject to any applicable requirements of the federal tax law.

Repayments of the loans shall be credited to the General Fund and may be used to pay, directly or indirectly, debt service on the bonds and notes issued. Repayments may be initially placed into such fund or account as may be determined by the State Treasurer for the purpose of determining compliance with applicable requirements of the federal tax law and shall be expended and disbursed therefrom under the direction and supervision of the Director of the Budget.

Any additional moneys which may be received by means of a grant or grants from the United States of America or any agency or department thereof or from any other source for deposit to the Clean Water Bonds Fund may be placed in the Clean Water Bonds Fund or in a separate account or fund and shall be disbursed, to the extent permitted by the terms of the grant or grants, without regard to any limitations imposed by this act.

Moneys in the Clean Water Bonds Fund, the Clean Water Bonds Loan Fund, or any separate fund or account established under this act may be invested from time to time by the State Treasurer in the same manner permitted for investment of moneys belonging to the State or held in the State treasury, except with respect to grant money to the extent otherwise directed by the terms of the grant. Investment earnings, except investment earnings with respect to grant moneys to the extent otherwise directed or restricted by the terms of the grant, may be (i) credited to the Clean Water Bonds Fund, the Clean Water Bonds Loan Fund, or any separate fund or account established under this act, (ii) used to pay debt service on the bonds authorized by this act, (iii) used to satisfy compliance with applicable requirements of the federal tax law, or (iv) transferred to the General Fund of the State.

The proceeds of bonds and notes may be used with any other moneys made available by the General Assembly for making grants and loans authorized by this act, including the proceeds of any other State bond issues, whether heretofore made available or which may be made available at the session of the General Assembly at which this act is ratified or any subsequent sessions. The proceeds of bonds and notes shall be expended and disbursed under the direction and supervision of the Director of the Budget. The funds provided by this act shall be disbursed for the purposes provided in this act upon warrants drawn on the State Treasurer by the State Controller, which warrants shall not be drawn until requisition has been approved by the Director of the Budget and which requisition shall be approved only after full compliance with the Executive Budget Act, Article 1 of Chapter 143 of the General Statutes.

Section 6. Allocation of proceeds. The proceeds of Clean Water Bonds and notes, including premium thereon, if any, except the proceeds of bonds the issuance of which has been anticipated by bond anticipation notes or the proceeds of refunding bonds or notes, shall be placed by the State Treasurer in a special fund to be designated "Clean Water Bonds Fund", which may include such appropriate special accounts therein as may be determined by the State Treasurer and shall be disbursed as provided in this act. Moneys in the Clean Water Bonds Fund shall be allocated and expended as provided in this act.

Allocations to the costs of a capital improvement or undertaking in each case may include allocations to pay the costs set forth in Section 3(4)c., d., e., f., and g. of this act in connection with the issuance of bonds for that capital improvement or undertaking.

Section 7. Election. The question of the issuance of the bonds authorized by this act shall be submitted to the qualified voters of the State at the next statewide election or statewide primary election, whichever comes first. Any other primary, election, or referendum validly called or scheduled by law at the time the election on the bond question provided for in this section is held, may be held as called or scheduled. Notice of the election shall be given in the manner and at the times required by G.S. 163-33(8). The election and the registration of voters therefor shall be held under and in accordance with the general laws of the State. Absentee ballots shall be authorized in the election.

The State Board of Elections shall reimburse the counties of the State for all necessary expenses incurred in holding the election that are in addition to those that would have otherwise been incurred, the same to be paid out of the Contingency and Emergency Fund or other funds available to the State Board of Elections.

Ballots, voting systems authorized by Article 14 of Chapter 163 of the General Statutes, or both may be used in accordance with rules prescribed by the State Board of Elections. The bond question to be used in the ballots or voting systems shall be in substantially the following form:

"[ ] FOR the issuance of one billion dollars ($1,000,000,000) State of North Carolina Clean Water Bonds constituting general obligation bonds of the State secured by a pledge of the faith and credit and

taxing power of the State for the purpose of providing funds, with any other available funds, to make loans, revolving loans, and grants to local government units to pay all or a portion of the cost of clean water projects.

[ ] AGAINST the issuance of one billion dollars ($1,000,000,000) State of North Carolina Clean Water Bonds constituting general obligation bonds of the State secured by a pledge of the faith and credit and taxing power of the State for the purpose of providing funds, with any other available funds, to make loans, revolving loans, and grants to local government units to pay all or a portion of the cost of clean water projects."

If a majority of those voting on the Clean Water Bond question in the election vote in favor of the issuance of the bonds, the bonds may be issued as provided in this act. If a majority of those voting on the Clean Water Bond question in the election vote against the issuance of the bonds, the bonds shall not be issued.

The results of the election shall be canvassed and declared as provided by law for elections for State officers; the results of the election shall be certified by the State Board of Elections to the Secretary of State, in the manner and at the time provided by the general election laws of the State.

Section 8. Issuance of bonds and notes. (a) Terms and Conditions. Bonds or notes may bear such date or dates, may be serial or term bonds or notes, or any combination thereof, may mature in such amounts and at such time or times, not exceeding 40 years from their date or dates, may be payable at such place or places, either within or without the United States of America, in such coin or currency of the United States of America as at the time of payment is legal tender for payment of public and private debts, may bear interest at such rate or rates, which may vary from time to time, and may be made redeemable before maturity, at the option of the State or otherwise as may be provided by the State, at such price or prices, including a price less than the face amount of the bonds or notes, and under such terms and conditions, all as may be determined by the State Treasurer, by and with the consent of the Council of State.

(b) Signatures; Form and Denomination; Registration. Bonds or notes may be issued as certificated or uncertificated obligations. If issued as certificated obligations, bonds or notes shall be signed on behalf of the State by the Governor or shall bear his facsimile signature, shall be signed by the State Treasurer or shall bear his facsimile signature, and shall bear the Great Seal of the State or a facsimile thereof shall be impressed or imprinted thereon. If bonds or notes bear the facsimile signatures of the Governor and the State Treasurer, the bonds or notes shall also bear a manual signature which may be that of a bond registrar, trustee, paying agent, or designated assistant of the State Treasurer. Should any officer whose signature or facsimile signature appears on bonds or notes cease to be such officer before the delivery of the bonds or notes, the signature or facsimile signature shall nevertheless have the same validity for all purposes as if the officer had remained in office until delivery and bonds or notes may bear the facsimile signatures of persons who at the

actual time of the execution of the bonds or notes shall be the proper officers to sign any bond or note although at the date of the bond or note such persons may not have been such officers. The form and denomination of bonds or notes, including the provisions with respect to registration of the bonds or notes and any system for their registration, shall be as the State Treasurer may determine in conformity with this act; provided, however, that nothing in this act shall prohibit the State Treasurer from proceeding, with respect to the issuance and form of the bonds or notes, under the provisions of Chapter 159E of the General Statutes, the Registered Public Obligations Act, as well as under this act.

(c) Manner of Sale; Expenses. Subject to determination by the Council of State as to the manner in which bonds or notes shall be offered for sale, whether at public or private sale, whether within or without the United States of America, and whether by publishing notices in certain newspapers and financial journals, mailing notices, inviting bids by correspondence, negotiating contracts of purchase or otherwise, the State Treasurer is authorized to sell bonds or notes at one time or from time to time at such rate or rates of interest, which may vary from time to time, and at such price or prices, including a price less than the face amount of the bonds or the notes, as the State Treasurer may determine. All expenses incurred in preparation, sale, and issuance of bonds or notes shall be paid by the State Treasurer from the proceeds of bonds or notes or other available moneys.

(d) Notes; Repayment.

(1) By and with the consent of the Council of State, the State Treasurer is hereby authorized to borrow money and to execute and issue notes of the State for the same, but only in the following circumstances and under the following conditions:

a. For anticipating the sale of bonds to the issuance of which the Council of State shall have given consent, if the State Treasurer shall deem it advisable to postpone the issuance of the bonds;

b. For the payment of interest on or any installment of principal of any bonds then outstanding, if there shall not be sufficient funds in the State treasury with which to pay the interest or installment of principal as they respectively become due;

c. For the renewal of any loan evidenced by notes herein authorized;

d. For the purposes authorized in this act; and

e. For refunding bonds or notes as herein authorized.

(2) Funds derived from the sale of bonds or notes may be used in the payment of any bond anticipation notes issued under this act. Funds provided by the General Assembly for the payment of interest on or principal of bonds shall be used in paying the interest on or principal of any notes and any renewals thereof, the

proceeds of which shall have been used in paying interest on or principal of the bonds.

(e) Refunding Bonds and Notes. By and with the consent of the Council of State, the State Treasurer is authorized to issue and sell refunding bonds and notes pursuant to the provisions of the State Refunding Bond Act for the purpose of refunding bonds or notes issued pursuant to this act. The refunding bonds and notes may be combined with any other issues of State bonds and notes similarly secured.

(f) Tax Exemption. Bonds and notes shall be exempt from all State, county, and municipal taxation or assessment, direct or indirect, general or special, whether imposed for the purpose of general revenue or otherwise, excluding inheritance and gift taxes, income taxes on the gain from the transfer of bonds and notes, and franchise taxes. The interest on bonds and notes shall not be subject to taxation as to income.

(g) Investment Eligibility. Bonds and notes are hereby made securities in which all public officers, agencies, and public bodies of the State and its political subdivisions, all insurance companies, trust companies, investment companies, banks, savings banks, savings and loan associations, credit unions, pension or retirement funds, other financial institutions engaged in business in the State, executors, administrators, trustees, and other fiduciaries may properly and legally invest funds, including capital in their control or belonging to them. Bonds and notes are hereby made securities which may properly and legally be deposited with and received by any officer or agency of the State or political subdivision of the State for any purpose for which the deposit of bonds, notes, or obligations of the State or any political subdivision is now or may hereafter be authorized by law.

(h) Faith and Credit. The faith and credit and taxing power of the State are hereby pledged for the payment of the principal of and the interest on bonds and notes. In addition to the State's right to amend any provision of this act to the extent it does not impair any contractual right of a bond owner, the State expressly reserves the right to amend any provision of this act with respect to the making and repayment of loans, the disposition of any repayments of loans, and any intercept provisions relating to the failure of a local government unit to repay a loan, the bonds not being secured in any respect by loans, any repayments thereof, or any intercept provisions with respect thereto.

Section 9. Variable interest rates. In fixing the details of bonds and notes, the State Treasurer may provide that any of the bonds or notes may:

(1) Be made payable from time to time on demand or tender for purchase by the owner thereof provided a credit facility supports the bonds or notes, unless the State Treasurer specifically determines that a credit facility is not required upon a finding and determination by the State Treasurer that the absence of a credit facility will not materially or adversely affect the financial position of the State and the marketing of the bonds or notes at a reasonable interest cost to the State;

(2) Be additionally supported by a credit facility;

(3) Be made subject to redemption or a mandatory tender for purchase prior to maturity;

(4) Bear interest at a rate or rates that may vary for such period or periods of time, all as may be provided in the proceedings providing for the issuance of the bonds or notes, including, without limitation, such variations as may be permitted pursuant to a par formula; and

(5) Be made the subject of a remarketing agreement whereby an attempt is made to remarket bonds or notes to new purchasers prior to their presentment for payment to the provider of the credit facility or to the State.

If the aggregate principal amount repayable by the State under a credit facility is in excess of the aggregate principal amount of bonds or notes secured by the credit facility, whether as a result of the inclusion in the credit facility of a provision for the payment of interest for a limited period of time or the payment of a redemption premium or for any other reason, then the amount of authorized but unissued bonds or notes during the term of such credit facility shall not be less than the amount of such excess, unless the payment of such excess is otherwise provided for by agreement of the State executed by the State Treasurer.

Section 10. Special provisions governing clean water loans. (a) Scope. The provisions of this section shall apply to loans being made from the proceeds of bonds authorized by this act for clean water projects, other than from funds deposited in the Clean Water Revolving Loan and Grant Fund.

(b) Clean Water Bonds Loan Fund. There is established in the Department of State Treasurer a fund to be known as the Clean Water Bonds Loan Fund, which may include any special or segregated accounts the State Treasurer considers appropriate. There shall be deposited in the Clean Water Bonds Loan Fund proceeds of the Clean Water Bonds and notes to be used to make loans, other than loans to be made through the Clean Water Revolving Loan and Grant Fund, to local government units for clean water projects as provided in this act.

Except as otherwise permitted by Section 5 of this act with respect to the use of investment earnings, all moneys accruing to the credit of the Clean Water Bonds Loan Fund, other than funds set aside for administrative expenses, including expenses related to determining compliance with applicable requirements of the federal tax law and costs of issuance, shall be used to make loans for the purposes provided in this act. The State Treasurer shall be responsible for making and administering all loans pursuant to the provisions of this section.

(c) Application for Loans; Hearings.

(1) Eligibility/Initial Hearing.

a. Prior to filing an application for a loan, a local government unit shall hold a public hearing. A notice of the public hearing shall be published once at least 10 days before the date fixed for the hearing.

b. All applications for loans shall be filed with the Department of Environment, Health, and Natural Resources. The form of the application shall be prescribed by the Department and shall require any information necessary to determine the eligibility for a loan under the provisions of this section. All applications approved by the Department of Environment, Health, and Natural Resources shall be filed with the Local Government Commission. Each applicant shall furnish to the Department of Environment, Health, and Natural Resources and the Local Government Commission information in addition or supplemental to the information contained in its application, upon request.

c. A local government unit shall not be eligible for a loan unless it demonstrates to the satisfaction of the Department of Environment, Health, and Natural Resources and the Local Government Commission that:

1. The applicant is a local government unit;
2. The applicant has the financial capacity to pay the principal of and interest on its proposed loan as evidenced by the approval of the Local Government Commission;
3. The applicant has substantially complied or will substantially comply with all applicable laws, rules, regulations, and ordinances, whether federal, State, or local; and
4. The applicant has agreed by official resolution to adopt and place into effect a schedule of fees and charges or the application of other sources of revenue which will provide adequate funds for proper operation, maintenance, and administration of the project and repayment of all principal and interest on the loan.

(2) Assessment. The Department of Environment, Health, and Natural Resources may require any applicant to file with its application an assessment of the impact the project for which the funds are sought will have upon meeting the facility needs of the area within which the project is to be located.

(3) Hearing by the Department of Environment, Health, and Natural Resources or the Local Government Commission. A public hearing may be held by the Department of Environment, Health, and Natural Resources or the Local Government Commission at any time on any application. Public hearings may also be held by the Department of Environment, Health, and Natural Resources in its discretion upon written request from any citizen or taxpayer

who is a resident of the county or counties in which the project is to be located or a resident of the local government unit that proposes to borrow moneys under this act, if it appears that the public interest will be served by the hearing. The written request shall set forth each objection to the proposed project or other reason for requesting a hearing on the application and shall contain the name and address of the persons submitting it. In deciding whether to grant a request for a hearing on an application, the Department of Environment, Health, and Natural Resources may consider the application, the written objections to the proposed project, and the facility needs and shall determine if the public interest will be served by a hearing. The determination by the Department of Environment, Health, and Natural Resources shall be conclusive, and all written requests for a hearing shall be retained as a permanent part of the records pertaining to the application.

(4) Petition for Vote. A petition, demanding that the question of whether to enter into a loan agreement with the State under this act be submitted to voters, may be filed with the clerk of the local government unit applying for the loan within 15 days after the public hearing required by this section. The petition's sufficiency shall be determined and a referendum, if any, shall be conducted according to the standards, procedures, and limitations set out in G.S. 159-60 through G.S. 159-62.

(d) Priorities.

(1) Determination. Determination of priorities to be assigned each eligible project shall be made semiannually by the Department of Environment, Health, and Natural Resources during each fiscal year. Every eligible project shall be considered by the Department of Environment, Health, and Natural Resources with every other project eligible during this same priority period.

(2) Priority Factors. All applications for loans under this act shall be assigned a priority by the Department of Environment, Health, and Natural Resources. Having a comprehensive land-use plan that meets the requirements of G.S. 159G-10(e) shall be a priority factor, and having a plan that meets the requirements of that subsection and exceeds the minimum State standards for protection of the State's water resources shall receive greater priority than having a plan that does not exceed those standards. The Department of Environment, Health, and Natural Resources shall establish other priority factors criteria by rule.

(3) Assignment of Priority. A written statement relative to each priority assigned shall be prepared by the Department of

Environment, Health, and Natural Resources and shall be attached to the application. The priority assigned shall be conclusive.

(4) Failure to Qualify. If an application does not qualify for a loan as of the prior period in which the application was eligible for consideration by reason of the priority assigned, the application shall be considered during the next succeeding priority period upon request of the applicant. If the application again fails to qualify for a loan during the second priority period by reason of the priority assigned, the application shall receive no further consideration. An applicant may file a new application at any time and may amend any pending application to include additional data or information.

(5) Withdrawal of Commitment. Failure of an applicant within one year after the date of acceptance of the loan to arrange for necessary financing of the proposed project or award of the contract of the construction of the proposed project shall constitute sufficient cause for withdrawal of the commitment. Prior to withdrawal of a commitment, the Department of Environment, Health, and Natural Resources shall give due consideration to any extenuating circumstances presented by the applicant as reasons for failure to arrange necessary financing or to award a contract, and the commitment may be extended for an additional period of time if, in the judgment of the Department of Environment, Health, and Natural Resources, the extension is justified.

(e) Disbursement. To be eligible to receive the loans provided for in this section, a local government unit must arrange to borrow the amounts necessary pursuant to rules adopted by the Local Government Commission. No funds shall be disbursed until the Department of Environment, Health, and Natural Resources gives a certificate of eligibility to the effect that the applicant meets all eligibility criteria and that all procedural requirements of this act have been met. The maximum principal amount of a loan shall be one hundred percent (100%) of the cost of any eligible project.

(f) Intercept. The governing body of a local government unit shall by resolution authorize to be included in its loan agreement a provision authorizing the State Treasurer, upon failure of the local government unit to make a scheduled repayment of the loan, to withhold from the local government unit any State funds that would otherwise be distributed to the local government unit in an amount sufficient to pay all sums then due and payable to the State as a repayment of the loan. In such event, notwithstanding any other provision of law, the State Treasurer is authorized to withhold and apply such funds to the repayment of the loan, except that such funds shall not be withheld if (i) before the execution of the loan agreement, such funds have been legally pledged to secure special obligation bonds or other obligations of the local government unit, or (ii) after the execution of the loan agreement, such funds are legally pledged to secure special obligation bonds or other

obligations of the local government unit as authorized in this subsection. After the execution of a loan agreement, all or any portion of the State funds specified in the loan agreement to be so withheld may be pledged to secure special obligation bonds or other obligations of the local government unit only with the prior written consent of the State Treasurer.

The State Treasurer shall notify the Secretary of Revenue and the State Controller of the amount to be withheld from the local government unit, and the Secretary of Revenue and the State Controller shall transfer to the State Treasurer the amount so requested to be applied by the State Treasurer to the repayment of the loan.

(g) Inspection. Inspection of a project for which a loan has been made under this act may be performed by qualified personnel of the Department of Environment, Health, and Natural Resources or may be performed by qualified engineers registered in this State approved by the Department of Environment, Health, and Natural Resources. No person shall be approved to perform inspections who is an officer employed by the local government unit to which the loan was made or who is an owner, officer, employer, or agent of a contractor or subcontractor engaged in the construction of the project for which the loan was made. For the purpose of payment of inspection fees, inspection services shall be included in the term "cost" as used in this act.

(h) Rules. The State Treasurer, the Local Government Commission, and the Department of Environment, Health, and Natural Resources may adopt, modify, and repeal rules necessary for the administration of their respective duties under this act. Uniform rules may be jointly adopted where feasible and desirable, and no rule, jointly adopted, may be modified or revoked except upon concurrence of all agencies involved.

(i) Federal Grants and Loans. In order to carry out the purposes of this act to secure the greatest possible benefits to the citizens of this State of the funds appropriated, the State Treasurer, the Local Government Commission, and the Department of Environment, Health, and Natural Resources shall adopt rules and criteria, not inconsistent with provisions of this act, as are necessary and appropriate to conform to regulations for federal grants and loans for any of the purposes set forth in this act.

(j) Reports. The Department of Environment, Health, and Natural Resources shall prepare and file each year on or before July 31 with the Joint Legislative Commission on Governmental Operations a report for the preceding fiscal year concerning the allocation and making of loans authorized by this act. The report shall set forth for the preceding fiscal year:

(1) Itemized and total allocations of loans authorized and unallocated funds for the loan program as of the end of the preceding fiscal year;

(2) Identification of each loan agreement entered into by the State during the preceding fiscal year and the total amount of loans authorized by such loan agreements;

(3) The amount disbursed to each local government unit pursuant to such loan agreements during the preceding fiscal year and the total amount of such disbursements;

(4) The loan repayments made by each local government unit pursuant to such loan agreements and the total amount of such loan repayments during the preceding fiscal year; and

(5) A summary for the five preceding years of the information required by subdivisions (1) through (4) of this subsection.

The report shall be signed by the Secretary of Environment, Health, and Natural Resources.

(k) Local Government Commission.

(1) Local government units may execute debt instruments payable to the State in order to obtain loans provided for in this act. Local government units shall pledge or agree to apply as security for such obligations:

a. Any available source of revenues of the local government unit, including revenues from benefitted facilities or systems, provided that (i) the local government unit has not otherwise pledged the revenues as security for, or contractually agreed to apply the revenues to, the payment of any other obligations of the local government unit, (ii) the use of the revenues is not otherwise restricted by law, or (iii) the revenues are not derived from the exercise of the local government unit's taxing power; or

b. Their faith and credit; or

c. Any combination of a. or b. above.

The faith and credit of a local government unit shall not be pledged or be deemed to have been pledged unless the requirements of Article 4 of Chapter 159 of the General Statutes have been met. The State Treasurer, with the assistance of the Local Government Commission, shall develop and adopt appropriate debt instruments for use under this act.

(2) Nothing contained in this act shall prohibit any local government unit from applying any funds of the local government unit not otherwise restricted as to use by law to the payment of any debt instrument payable to the State incurred pursuant to the provisions of this act.

(3) The Local Government Commission shall review and approve proposed loans to local government units under this act under the provisions of Articles 4 and 5 of Chapter 159 of the General Statutes. The Local Government Commission in considering the ability of a local government unit to repay a loan may regard as a source of revenue for repayment of a loan revenue sources that may not be available other than on an annual discretionary basis

and that may not be subject to a pledge or agreement to apply. Loans under this act shall be outstanding debts for the purposes of Article 10 of Chapter 159 of the General Statutes.

(4) The State Treasurer shall annually certify to the General Assembly the financial condition of the loan program and identify existing delinquencies.

Section 11. Minority business participation. The goals set by G.S. 143-128 for participation in projects by minority businesses apply to projects funded by the proceeds of bonds or notes issued under this act. The Department of Environment, Health, and Natural Resources shall monitor compliance with this requirement and shall report to the General Assembly by January 1 of each year on the participation by minority businesses in these projects.

Section 12. Interpretation of act. (a) Additional Method. The foregoing sections of this act shall be deemed to provide an additional and alternative method for the doing of the things authorized thereby and shall be regarded as supplemental and additional to powers conferred by other laws, and shall not be regarded as in derogation of any powers now existing.

(b) Statutory References. References in this act to specific sections or Chapters of the General Statutes or to specific acts are intended to be references to these sections, Chapters, or acts as they may be amended from time to time by the General Assembly.

(c) Broad Construction. This act, being necessary for the health and welfare of the people of the State, shall be broadly construed to effect the purposes thereof.

(d) Inconsistent Provisions. Insofar as the provisions of this act are inconsistent with the provisions of any general laws, or parts thereof, the provisions of this act shall be controlling.

(e) Severability. If any provision of this act or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect other provisions or applications of the act which can be given effect without the invalid provision or application, and to this end the provisions of this act are declared to be severable.

Section 13. Authorize regional planning loans and grants. G.S. 159G-3(4) reads as rewritten:

"(4) 'Construction costs' means the actual costs of planning, designing and constructing any project for which a revolving loan or grant is made under this Chapter including planning; environmental assessment; wastewater system analysis, evaluation and rehabilitation; engineering; legal, fiscal, administrative and contingency costs for water supply systems, wastewater collection systems, wastewater treatment works and any extensions, improvements, remodeling, additions, or alterations to existing systems. Construction costs may include excess or reserve capacity costs, attributable to no more than 20-year projected domestic

growth, plus ten percent (10%) unspecified industrial growth. In addition, construction costs shall include any fees payable to the Environmental Management Commission or the Division of Environmental Health for review of applications and grant of permits, and fees for inspections under G.S. 159G-14. Construction costs may also include the costs for purchase or acquisition of real property. The term may also include the costs for planning and designing a regional project or small town project. Funds for planning and designing a regional project or small town project may be advanced prior to construction of the project and may be paid even though the project is never actually constructed. However the recipient of any funds advanced as a loan prior to the construction of a project that is never actually constructed is still obligated to repay the loan in accordance with this Chapter. A small town is defined as a municipality with a population of 1,000 or less, based on the most recent annual estimate of population certified by the State Planning Officer."

Section 14. G.S. 159G-4(b) reads as rewritten:

"(b) Of the appropriations made from the General Fund to the Clean Water Revolving Loan and Grant Fund for use of the Department of Environment, Health, and Natural Resources as provided in this Chapter, allocations are made as follows after first subtracting the amounts allocated under subsection (a) of this section, to the extent that there are any excess funds available:

Section 15. G.S. 159G-6 reads as rewritten:

"**§ 159G-6. Distribution of funds.**

(a) Revolving loans and grants.

(1) All funds appropriated or accruing to the Clean Water Revolving Loan and Grant Fund, other than funds set aside for administrative expenses, shall be used for revolving loans and grants to local government units for construction costs of wastewater treatment works, wastewater collection systems and water supply systems and other assistance as provided in this Chapter.

(2) The maximum principal amount of a revolving loan or a grant may be one hundred percent (100%) of the nonfederal share of the construction costs of any eligible project. ~~The maximum principal amount of revolving loans made to any one local government unit during any fiscal year shall be three million dollars ($3,000,000). The maximum principal amount of grants made to any one local government unit during any fiscal year shall be one million dollars ($1,000,000).~~ The Department of Environment, Health, and Natural Resources may establish maximum principal amounts for revolving loans and for grants made to the same local government unit in a fiscal year.

(3) The State Treasurer shall be responsible for investing and distributing all funds appropriated or accruing to the Clean Water Revolving Loan and Grant Fund for revolving loans and grants under this Chapter. In fulfilling his responsibilities under this section, the State Treasurer shall make a written request to the Department of Environment, Health, and Natural Resources to arrange for the appropriated funds to be (i) transferred from the appropriate accounts to a local government unit to provide funds for one or more revolving loans or grants or (ii) invested as authorized by this Chapter with the interest on and the principal of such investments to be transferred to the local government unit to provide funds for one or more revolving loans or grants.

(1) General Wastewater Revolving Loan and Grant Account. -- The funds in the General Wastewater Revolving Loan and Grant Account shall be used exclusively for the purpose of providing for revolving construction loans or grants in connection with approved wastewater treatment work or wastewater collection system projects.

(2) High-Unit Cost Wastewater Account. -- The funds in the High-Unit Cost Wastewater Account shall be available for grants to applicants for high-unit cost wastewater projects. Eligibility of an applicant for

such a grant shall be determined by comparing estimated average household user fees for water and sewer service, for debt service and operation and maintenance costs, to one and one-half percent (1.5%) of the median household income in the ~~county~~ local government unit in which the project is located. The projects which would require estimated average household water and sewer user fees greater than one and one-half percent (1.5%) of the median household income are defined as high-unit cost wastewater projects and will be eligible for a grant equal to the excess cost, subject to the limitations in ~~subsection~~ subdivision (a)(2) of this section.

(3) Emergency Wastewater Revolving Loan Account. -- The funds in the Emergency Wastewater Revolving Loan Account shall be available for revolving emergency loans to applicants in the event the Environmental Management Commission certifies that a serious public health hazard, related to the inadequacy of existing wastewater facilities, is present or imminent in a community.

However, the industrial project for which the grant is requested may be inside or outside the jurisdiction of the applicant.

No county may receive more than one grant for an industrial project.

(c) Water Supply Accounts. -- The sums allocated in G.S. 159G-4 and accruing to the various Water Supply Accounts in each fiscal year shall be used to provide revolving loans and grants to local government units as provided below. The Department of Environment, Health, and Natural Resources shall disburse no funds from the Water Supply Accounts except upon receipt of written approval of the disbursement from the Division of Environmental Health.

(1) General Water Supply Revolving Loan and Grant Account. -- The funds in the General Water Supply Revolving Loan and Grant Account shall be used exclusively for the purpose of providing for revolving construction loans and grants in connection with water supply systems generally and not upon a county allotment basis.

(2) High-Unit Cost Water Supply Account. -- The funds in the High-Unit Cost Water Supply Account shall be available for grants to applicants for high-unit cost water supply systems, on the same basis as provided in G.S. 159G-6(b)(2) for high-unit cost wastewater projects.

(3) Emergency Water Supply Revolving Loan Account. -- The funds in the Emergency Water Supply Revolving Loan Account shall be available for revolving emergency loans to applicants in the event the Division of Environmental Health certifies that a serious public health hazard, related to the water supply system, is present or imminent in a community.

(4) Industrial Project Water Supply Account. -- The funds in the Industrial Project Water Supply Account shall be available for grants to applicants for the construction of new water and sewer lines for new or proposed industrial buildings to be used for manufacturing or processing operations in underserved areas on the same basis as provided in G.S. 159G-6(b)(4).

Section 9. G.S. 58-45-1 reads as rewritten:

"**§ 58-45-1. Declarations and purpose of Article.**

(a) It is hereby declared by the General Assembly of North Carolina that an adequate market for essential property insurance is necessary to the economic welfare of the ~~beach area~~ beach and coastal areas of the State of North Carolina and that without such insurance the orderly growth and development of ~~the beach area of the State of North Carolina~~ those areas would be severely impeded; that furthermore, adequate insurance upon property in the ~~beach area~~ beach and coastal areas is necessary to enable homeowners and commercial owners to obtain financing for the purchase and improvement of their property; and that while the need for such insurance is increasing, the market for such insurance is not adequate and is likely to become less adequate in the future; and that the present plans to provide adequate insurance on property in the ~~beach area,~~ beach and coastal areas, while deserving praise, have not been sufficient to meet the needs of this area. It is further declared that the State has an obligation to provide an equitable method whereby every licensed insurer writing essential property insurance in North Carolina is required to meet its public responsibility instead of shifting the burden to a few willing and public-spirited insurers. It is the purpose of this Article to accept this obligation and to provide a mandatory program to assure an adequate market for essential property insurance in the beach ~~area~~ and coastal areas of North Carolina.

(b) The General Assembly further declares that it is its intent in creating and, from time to time, amending this Article that the market provided by this Article not be the first market of choice, but the market of last resort."

Section 10. G.S. 58-46-1(a) reads as rewritten:

"(a) It is the purpose of this Article to provide a program whereby adequate basic property insurance may be made available to property owners having insurable property in the State. It is further the purpose of this Article to encourage the improvement of properties located in the State and to arrest the decline of properties located in the State. It is the intent of the General Assembly in creating and, from time to time, amending this Article that the market provided by this Article not be the first market of choice, but the market of last resort."

Section 11. The Legislative Research Commission may study the provisions of Articles 45 and and 46 of Chapter 58 of the General Statutes, other relevant portions of the North Carolina General Statutes, and the plans and operations of the North Carolina Insurance Underwriting Association and the North Carolina Joint Underwriting Association. The Commission may consider all possible options to improve availability of property and homeowners insurance in the State. The Commission may report its findings and recommendations, along with legislation, to the 1998 Regular Session of the 1997 General Assembly and to the 1999 General Assembly.

Section 12. The North Carolina Insurance Underwriting Association and the Commissioner of Insurance shall consider any further revisions necessary for the participation formulas of the Association for the purpose of encouraging insurance companies to voluntarily write property insurance policies in the beach and coastal areas of the State.

Section 13. The North Carolina Insurance Underwriting Association shall use the "take out" program, as filed with and approved by the Commissioner, in the coastal area.

Section 14. If any section or provision of this act is declared unconstitutional or invalid by the courts, it does not affect the validity of the act as a whole or any part other than the part so declared to be unconstitutional or invalid.

Section 15. Section 4 of this act becomes effective October 1, 1997. Sections 2, 3, 6, 7, 8, 9, 10, and 13 of this act become effective January 1, 1998. The remainder of this act is effective when it becomes law.

The Committee on Rules, Calendar, and Operations of the House met August 28, 1997, at 9:10 a.m. in Room 421 in the Legislative Office Building. Representative Morgan, Committee Chair, called the meeting to order and asked the Clerk to call the roll. The following members were present: Representative Bowie, Vice Chair; and Representatives Crawford, Culp, Dockham, Esposito, Gulley, Hill, Miner, Mitchell, Neely, Thompson, and C. Wilson.

The following bills were considered:

Senate committee substitute for House Bill 435 - TO MAKE TECHNICAL CHANGES IN THE TEACHERS' AND STATE EMPLOYEES' COMPREHENSIVE MAJOR MEDICAL PLAN was back before the committee for recommendation for concurrence. The Chair recognized Representative Dockham, bill sponsor, who recommended that the House do concur with the Senate committee substitute. Motion carried.

Senate Committee Substitute for House Bill 786 - TO AMEND THE CHARTER OF THE CITY OF CONCORD TO ALLOW THE CITY MANAGER TO APPOINT THE FINANCE DIRECTOR AND THE CITY CLERK; TO PROVIDE FOR INITIATIVE AND REFERENDUM AUTHORITY FOR THE CONCORD CITY COUNCIL AND THE CABARRUS COUNTY BOARD OF COMMISSIONERS; AND AN ACT TO AMEND THE CHARTER OF THE CITY OF DURHAM AS IT RELATES TO VOLUNTARY ANNEXATIONS, PROTEST PETITIONS, THE APPROVAL OF PAYMENT OF FACILITIES FEES, AND THE RENAMING OF THE SUBDIVISION REVIEW BOARD, AND TO AMEND THE CHARTER OF THE CITY OF SANFORD RELATING TO THE PUBLICATION OF FRANCHISE ORDINANCES. Representative Moore, bill sponsor, urged the committee to support the committee substitute. Representative Thompson moved to recommend that the House do concur with the Senate committee substitute. Motion carried.

Senate Bill 122 - TO PROVIDE THAT THE LAWS RELATING TO MOTOR VEHICLES APPLY WITHIN THE LAKE ROYALE COMMUNITY IN FRANKLIN AND NASH COUNTIES. The Chair pointed out that the content of this bill had already been ratified in other format; however, there was a House committee substitute for Senate Bill 122, TO ALLOW A CONTRACTOR ON A PUBLIC PROJECT, ON BEHALF OF A SUBCONTRACTOR, TO FILE AN ACTION AGAINST THE OWNER REGARDING A CLAIM ARISING OUT OF THE CONTRACT BETWEEN THE SUBCONTRACTOR AND THE CONTRACTOR FOR THE SAME PROJECT THAT IS THE SUBJECT OF THE CONTRACT BETWEEN

THE CONTRACTOR AND THE OWNER AND TO MAKE NO DAMAGE FOR DELAY CLAUSES IN PUBLIC CONTRACTED UNENFORCEABLE. Representative Miner was recognized and moved that the committee substitute be adopted for discussion. Motion carried. Senator Hoyle was recognized to explain the committee substitute. He said two Senate bills had been rolled into this committee substitute to address a problem of the AGC office. Representative Miner moved to give the House committee substitute a favorable report; unfavorable to original bill. Motion carried.

House Committee Substitute for Senate Bill 550 - AN ACT TO AMEND CHAPTER 89C OF THE GENERAL STATUTES TO PROVIDE THAT THE DESIGN OF LAND APPLICATION IRRIGATION SYSTEMS FOR ANIMAL WASTE MANAGEMENT SYSTEMS MAY BE PERFORMED BY IRRIGATION DESIGN TECHNICAL SPECIALISTS AND CONCERNING AGRICULTURAL BEST MANAGEMENT PRACTICES. Representative Culp was recognized for a motion to adopt proposed House committee #2 to Senate Bill 550 for Committee discussion; motion carried. He then moved to give the House committee substitute bill #2 a favorable report and an unfavorable report to the original bill. Motion carried.

House Committee Substitute for Senate Bill 843 - AN ACT TO REPEAL OBSOLETE LAWS AND MAKE TECHNICAL AND CLARIFYING AMENDMENTS AND CORRECTIONS IN VARIOUS INSURANCE STATUTES; AND TO EXTEND THE EXPIRATION DATE OF THE 1986 RISK SHARING PLAN LAW. House committee substitute for Senate Bill 843 was before the Committee. Representative Dockham offered a proposed House committee substitute #2 for Senate Bill 843 and moved for its adoption for purposes of Committee discussion. Motion carried. Linwood Jones, Staff Counsel, was recognized to explain the changes in the committee substitute. He said that the majority of the changes were technical and had been considered in the Insurance Committee; however, some subtenant provisions were added on page 26 of the bill, Part XIV. Workers' Compensation TPA, third party administrators was pulled from SB 975 which has already been ratified. Other changes on page 30, lines 7 and 10, dealing with agent or broker of record; managed care contracts requires that insurance companies and service corporations must recognize the agents that have been designated by employers who must be licensed in good standing. A change on line 14 amends the law concerning exemptions on who must have an agent's license.

The Chairman recognized Susan Valauri, representative with Nationwide Insurance Company, who spoke in support of the change. Daschile Propes, chief deputy with the Department of Insurance, and Bob Bird, representing the Independent Agents, spoke in opposition to the regulation amendment. Jovita Mask with the Professional
Committee on Rules, Calendar, and Operations of the House
Insurance Association was recognized for comment and she also spoke in opposition to the change.

Representative Dockham was recognized for comment and asked to be excused from voting pursuant to Rule 24.1A. Representative Thompson moved to give a favorable report to the House committee substitute bill #2 and an unfavorable report to the House committee substitute bill #1 to Senate Bill 843. Motion carried. Two dissenting votes were cast.

House Committee Substitute for Senate Bill 932 -TO ESTABLISH HEALTH BENEFIT PLAN REPORTING AND DISCLOSURE REQUIREMENTS AND MAKE IMPROVEMENTS IN THE OPERATIONS OF HEALTH MAINTENANCE ORGANIZATIONS IN NORTH CAROLINA was before the Committee. Representative Hill moved that the House proposed committee substitute for Senate Bill 932 be adopted for Committee discussion. Motion carried. Senator Perdue, bill sponsor, was recognized to give an overview of the bill. She stated that the committee substitute contains the concepts of the four bills that have not been ratified and represents the consensus by all the players in managed care in North Carolina. She urged the committee to act favorably on the committee substitute. Counsel Linwood Jones was recognized to further explain the bill. He stated that the bill is organized into five parts--the first four parts correspond to the four bills to which Senator Perdue referred plus minor technical changes in the substitute. There are a number of conforming changes as two different pieces of managed care legislation have already been passed. The most substantive change from the four bills is the incorporation into this bill what the House passed sometime ago as House Bill 926, sponsored by Representative Brawley, being that for both PPO and HMO point of service plans, the penalty for going out of plans would be the same.

Representative Dockham was recognized for a motion to give House committee substitute for Senate Bill 932 a favorable report; unfavorable report to original bill. Motion carried

Senate Bill 992 - AN ACT AMENDING THE LAWS RELATED TO THE NORTH CAROLINA BOXING COMMISSION AND SUNSETTING THE COMMISSION AUGUST 1, 1998. Representative Bowie, vice-chair, recognized Representative Neely moved for the adoption of a proposed House committee substitute for Committee discussion. Motion carried. Representative Culpepper was recognized to explain the committee substitute which would bring our State law into compliance with the Federal Boxing Safety Act of 1996 and the Boxing Commission of this State. This bill was recommended by the Secretary of State's Office. It would also regulate boxing on the Cherokee Reservation. Representative Neely summarized an agreement with Mr. Shawn Lemmond, Director of the Boxing Commission, and Mr. Rodney Mattox, Chief Deputy Secretary of the Secretary of State's Office, to remove the tax provision and sunset. Representative Neely stated his intention to introduce a bill in the next short session to reimpose the tax and the sunset. Mr. Lemmond and Mr. Mattox were in attendance and in agreement with Representative Neely's intention to do this.

Representative Neely submitted an amendment to the proposed committee substitute for House Bill 992 and moved for its adoption. Motion carried. He then moved that the amendment be incorporated into a new committee substitute and be given a favorable report; unfavorable to original bill. Motion carried.

The meeting recessed until 10:30 a.m.

A BILL TO BE ENTITLED

AN ACT TO MAKE TECHNICAL CHANGES IN THE TEACHERS' AND STATE EMPLOYEES' COMPREHENSIVE MAJOR MEDICAL PLAN.

The General Assembly of North Carolina enacts:

Section 1. G.S. 135-40.1(1a) reads as rewritten:

"(1a) Covered Services. -- Any medically necessary, reasonable, and customary items of service, at least a portion of the expense of which is covered under at least one of the plans covering the person for whom claim is made or service provided. ~~To the extent legally possible, it~~ It shall be synonymous with allowable ~~expenses.~~ expenses, and with benefit or benefits."

Section 2. G.S. 135-40.1(7.1) reads as rewritten:

"(7.1) Experimental/Investigational Medical Procedures. -- ~~The use of any treatment, procedure, facility, equipment, drug, device, or supply not recognized as having scientifically established medical value nor accepted as standard medical treatment for the condition being treated as determined by the Executive Administrator and Board of Trustees upon the advice of the Claims Processor, nor any such items requiring federal or other governmental agency approval not granted at the time services were rendered. The Executive Administrator and Board of Trustees may overturn the advice of the Claims Processor upon convincing evidence from the American~~

~~Medical Association, North Carolina Medical Society, the United States Health Care Financing Administration, medical technological journals, associations of health care providers, and other major United States insurers of health care expenses on a consensus of medical value and accepted standard medical treatment.~~ The use of a service, supply, drug, or device not recognized as standard medical care for the condition, disease, illness, or injury being treated as determined by the Executive Administrator and Board of Trustees upon the advice of the Claims Processor. Determinations are made after independent review of scientific data. Opinions of experts in a particular field and opinions and assessments of nationally recognized review organizations shall also be considered by the Plan but are not determinative or conclusive. The fact that an experimental/investigational treatment is the only available treatment for a particular condition will not result in coverage if the treatment is experimental/investigational in the treatment of the particular condition, nor is it relevant for purposes of coverage that the member has tried other more conventional therapies without success. The following criteria are the basis for determination that a service or supply is investigational:

a. Services or supplies requiring federal or other governmental body approval, such as drugs and devices that do not have market approval from the Food and Drug Administration (FDA) or final approval from any other governmental regulatory body for use in treatment of the condition being treated, or are not recognized for the treatment of a condition in one of the standard reference compendia or in generally accepted peer-reviewed medical literature;
b. There is insufficient or inconclusive scientific evidence in peer review medical literature to permit the Plan's evaluation of the therapeutic value of the service or supply;
c. There is inconclusive evidence that the service or supply has a beneficial effect on health outcomes;
d. Is provided as part of a research or clinical trial;
e. Are provided pursuant to a written protocol or other document that lists an evaluation of the service's safety, toxicity, or efficacy as among its objectives;
f. Are subject to approval or review of an Institutional Review Board or other body that approves or reviews research; or
g. Are provided pursuant to informed consent documents that describe the service as experimental, investigational, or part of a research study."

Section 3. G.S. 135-40.6(6)i. reads as rewritten:

"i. No benefits are payable for organ transplants not listed in G.S. 135-40.6(5)a, nor will benefits be payable for surgical procedures or organ transplants determined ~~in the opinion of the~~ by the Executive Administrator and Board of Trustees upon the advice of the Claims Processor to be experimental."

Section 4. G.S. 135-40.7 is amended by adding the following subdivisions:

"(19) Any service, treatment, facility, equipment, drug, supply, or procedure that is experimental or investigational as defined in G.S. 1350-40.1(7.1).

(20) Complications arising from noncovered services known at the time the noncovered services were provided.

(21) Charges related to a noncovered service, even if the charges would have been covered if rendered in connection with a covered service."

Section 5. G.S. 135-40.6(6)j. reads as rewritten:

"j. No benefits are payable for radial keratotomy surgical ~~procedures.~~ procedures or for services to correct vision when performed in lieu of the use of corrective lenses."

Section 6. G.S. 135-40.6A(c) reads as rewritten:

"(c) No procedure for prior approval may be established except as provided by this ~~section~~ Article as it may be amended from time to time."

Section 7. G.S. 135-40.6(1) reads as rewritten:

"(1) In-Hospital Benefits. -- The Plan pays in-hospital benefits for each single confinement, when charged by a hospital, for room accommodations, including bed, board and general nursing care, but not to exceed the charge for semiprivate room or ward accommodations, or the rate negotiated for the Plan. Under the DRG reimbursement system, the coinsurance shall be based on the lower of the DRG amount or charges.

The Plan will pay the following covered charges, when charged by a hospital, for each confinement.

a. Intensive and cardiac nursing care.
b. All recognized drugs and medicines for use in the hospital.
c. Radiation services, including diagnostic x-rays, x-ray therapy, radiation therapy and treatment.
d. Clinical and pathological laboratory examinations.
e. Electrocardiograms and electroencephalograms.
f. Physical therapy.
g. Intravenous solutions.
h. Oxygen and oxygen therapy, plus the use of equipment.
i. Dressings, ordinary splints, plaster casts and sterile supplies.

j. Use of operating, delivery, recovery and treatment rooms and equipment.

k. Routine nursery charges, if the mother is eligible to receive maternity benefits.

l. Anesthetics and the administration thereof by the hospital's employee anesthesiologist.

m. Devices or appliances surgically inserted within the body.

n. Processing and administering of blood and blood plasma.

o. Children are entitled to benefits for treatment of illnesses or congenital defect, incubation or isolette care, and treatment of prematurity or postmaturity.

If the mother is a covered individual, benefits are provided for the newborn's circumcision and routine nursery care.

p. When a covered individual is admitted to or transferred to a section of a hospital providing ambulant, convalescent, or rehabilitative care, benefits are provided up to the average number of days of service for treatment of the particular diagnosis or condition involved, or more if medical necessity requires.

q. The Plan pays benefits for laboratory testing and administration of blood provided to a covered individual.

When a covered individual is the recipient of transplanted organs or bones, benefits are provided for services to the donor which are directly and specifically related to the transplantation.

r. Repealed by Session Laws 1991, c. 427, s. 31.

s. The use of nebulizers when authorized as medically necessary by the attending physician."

Section 8. G.S. 135-40.6(2)f. reads as rewritten:

"f. Prior to admission for scheduled inpatient hospitalization, the admitting physician shall contact the Plan and secure approval certification for an inpatient admission, including a length of stay, based upon clinical criteria established by the medical community, before any in-hospital benefits are allowed under G.S. 135-40.8(a). Immediately following an emergency or unscheduled inpatient hospitalization, the admitting physician shall contact the Plan and secure approval certification for the admission's length of stay before any in-hospital benefits are allowed under G.S. 135-40.8(a). ~~Effective January 1, 1987, failure~~ Failure to secure certification, or denial of certification, shall result in ~~in-hospital benefits being allowed at the rate maximum amount of out-of-pocket expenses established by G.S.~~

~~135-40.8(b).~~ a penalty of fifty percent (50%) of the eligible expenses up to five hundred dollars ($500.00) per admission and the denial of services that were not medically necessary or appropriate, as determined by the Claims Processor. Denial of certification by the Plan shall be made only after contact with the admitting physician and shall be subject to appeal to the Executive Administrator and Board of Trustees. Inpatient hospital admission and length of stay certifications required by this subdivision do not apply to inpatient admissions outside of the United States. While approval certification for inpatient admissions is required to be initiated by the admitting physician, the employee or individual covered by the Plan shall be responsible for insuring that the required certification is secured. Failure to secure certification for inpatient hospitalization shall not result in a penalty to the employee or individual when approval would have been given if requested. Denial of services under this subsection shall be done only after notification of the Plan member of his or her personal financial responsibility for such services."

Section 9. G.S. 135-40.1 is amended by adding a new subdivision to read:

"(17a) Skilled Care. -- Medically necessary services that can only be rendered under State law or regulation by licensed health professionals such as a medical doctor, physician's assistant, physical therapist, occupational therapist, speech therapist, certified clinical social worker, certified nurse midwife, licensed practical nurse, or registered nurse."

Section 10. G.S. 135-40.6(3) reads as rewritten:

"(3) Skilled Nursing Facility Benefits. -- The Plan will pay benefits in a skilled nursing facility licensed under applicable State laws as follows:

After discharge from a hospital for which inpatient hospital benefits were provided by this Plan for a period of not less than three days, and treatment consistent with the same illness or condition for which the covered individual was hospitalized, the daily charges will be paid for room and board in a semiprivate room or any multibed unit up to the maximum benefit specified in subsection (1) of this section, less the days of care already provided for the same illness in a hospital. Plan allowances for total daily charges may be negotiated but will not exceed the daily semiprivate hospital room rate as determined by the Plan.

Credit will be allowed toward private room charges in an amount equal to the facility's most prevalent charge for semiprivate accommodations. Charges will also be paid for general

nursing care and other services which would ordinarily be covered in a general hospital. In order to be eligible for these benefits, admission must occur within 14 days of discharge from the hospital.

In order to qualify for benefits provided by a skilled nursing facility, the following stipulations apply:

a. The services are medically required to be given on an inpatient basis because of the covered individual's need for medically necessary skilled nursing care on a continuing daily basis for any of the conditions for which he or she was receiving inpatient hospital services prior to transfer from a hospital to the skilled nursing facility or for a condition requiring such services which arose after such transfer and while he or she was still in the facility for treatment of the condition or conditions for which he or she was receiving inpatient hospital services,

b. Only on prior referral by and so long as, the patient remains under the active care of an attending doctor ~~who certifies that~~ and the patient requires continual hospital confinement ~~would be required~~ without the care and treatment of the skilled nursing facility, and

c. Approved in advance by the Claims Processor.

For facilities not qualified for delivery of services covered by the benefits of Title XVIII of the Social Security Act (Medicare), neither the Plan nor any of its members shall be billed or held liable by such facilities for charges that otherwise would be covered by Medicare."

(2) 'Insurer' means an entity that writes a health benefit plan and that is an insurance company subject to this Chapter, a service corporation under Article 65 of this Chapter, a health maintenance organization under Article 67 of this Chapter, or a multiple employer welfare arrangement under Article 49 of this Chapter.

(b) Medical Necessity. -- An insurer that limits its health benefit plan coverage to medically necessary services and supplies shall define 'medically necessary services or supplies' in its health benefit plan as those covered services or supplies that are:

(1) Provided for the diagnosis, treatment, cure, or relief of a health condition, illness, injury, or disease; and not for experimental, investigational, or cosmetic purposes.

(2) Necessary for and appropriate to the diagnosis, treatment, cure, or relief of a health condition, illness, injury, disease, or its symptoms.

(3) Within generally accepted standards of medical care in the community.

(4) Not solely for the convenience of the insured, the insured's family, or the provider.

For medically necessary services, nothing in this subsection precludes an insurer from comparing the cost-effectiveness of alternative services or supplies when determining which of the services or supplies will be covered.

(c) Coverage Determinations. -- If an insurer or its authorized representative determines that services, supplies, or other items are covered under its health benefit plan, including any determination under G.S. 58-50-61, the insurer shall not subsequently retract its determination after the services, supplies, or other items have been provided, or reduce payments for a service, supply, or other item furnished in reliance on such a determination, unless the determination was based on a material misrepresentation about the insured's health condition that was knowingly made by the insured or the provider of the service, supply, or other item.

(d) Services Outside Provider Networks. -- No insurer shall penalize an insured or subject an insured to the out-of-network benefit levels offered under the insured's approved health benefit plan unless contracting health care providers able to meet health needs of the insured are reasonably available to the insured without unreasonable delay.

(e) Nondiscrimination Against High-Risk Populations. -- No insurer shall establish provider selection or contract renewal standards or procedures that are designed to avoid or otherwise have the effect of avoiding enrolling high-risk populations by excluding providers because they are located in geographic areas that contain high-risk populations or because they treat or specialize in treating populations that present a risk of higher-than-average claims or health care services utilization. This subsection does not prohibit an insurer from declining to select a provider or from not renewing a contract with a provider who fails to meet the insurer's selection criteria.

(f) Continuing Care Retirement Community Residents. -- As used in this subsection, 'Medicare benefits' means medical and health products, benefits, and services used in accordance with Title XVIII of the Social Security Act. If an insured with coverage for Medicare benefits or similar benefits under a plan for retired federal government employees is a resident of a continuing care retirement community regulated under Article 64 of this Chapter, and the insured's primary care physician determines that it is medically necessary for the insured to be referred to a skilled nursing facility upon discharge from an acute care facility, the insurer shall not require that the insured relocate to a skilled nursing facility outside the continuing care retirement community if the continuing care retirement community:

(1) Is a Medicare-certified skilled nursing facility.

(2) Agrees to be reimbursed at the insurer's contract rate negotiated with similar providers for the same services and supplies.

(3) Agrees not to bill the insured for fees over and above the insurer's contract rate.

(4) Meets all guidelines established by the insurer related to quality of care, including:

a. Quality assurance programs that promote continuous quality improvement.

b. Standards for performance measurement for measuring and reporting the quality of health care services provided to insureds.
c. Utilization review, including compliance with utilization management procedures.
d. Confidentiality of medical information.
e. Insured grievances and appeals from adverse treatment decisions.
f. Nondiscrimination.

(5) Agrees to comply with the insurer's procedures for referral authorization, risk assumption, use of insurer services, and other criteria applicable to providers under contract for the same services and supplies.

A continuing care retirement community that satisfies subdivisions (1) through (5) of this subsection shall not be obligated to accept, as a skilled nursing facility, any patient other than a resident of the continuing care retirement community, and neither the insurer nor the retirement community shall be allowed to list or otherwise advertise the skilled nursing facility as a participating network provider for Medicare benefits for anyone other than residents of the continuing care retirement community."

PART III. PREFERRED PROVIDER AMENDMENTS

Section 3.1. Article 50 of Chapter 58 of the General Statutes is amended by adding a new section to read:

"**§ 58-50-56. Insurers, preferred provider organizations, and preferred provider benefit plans.**

(a) Definitions. -- As used in this section:

(1) 'Insurer' means an insurer or service corporation subject to this Chapter.

(2) 'Preferred provider' means a health care provider who has agreed to accept special reimbursement or other terms for health care services from an insurer for health care services on a fee-for-service basis. A 'preferred provider' is not a health care provider participating in any prepaid health service or capitation arrangement implemented or administered by the Department of Human Resources or its representatives.

(3) 'Preferred provider benefit plan' means a health benefit plan offered by an insurer in which both of the following features are present:

a. Utilization review or quality management programs are used to manage the provision of covered health care services; and

b. Enrollees are given incentives through benefit differentials to limit the receipt of covered health care services to those

furnished by participating providers, and health care services are provided by preferred providers under a contract pursuant to this section.

(4) 'Preferred provider organization' or 'PPO' means an insurer holding contracts with preferred providers to be used by or offered to insurers offering preferred provider benefit plans.

(b) Insurers may enter into preferred provider contracts or enter into other cost containment arrangements approved by the Commissioner to reduce the costs of providing health care services. These contracts or arrangements may be entered into with licensed health care providers of all kinds without regard to specialty of services or limitation to a specific type of practice.

(c) At the initial offering of a preferred provider plan to the public, health care providers may submit proposals for participation in accordance with the terms of the preferred provider plan within 30 days after that offering. After that time period, any health care provider may submit a proposal, and the insurer offering the preferred provider benefit plan shall consider all pending applications for participation and give reasons for any rejections or failure to act on an application on at least an annual basis. Any health care provider seeking to participate in the preferred provider benefit plan, whether upon the initial offering or subsequently, may be permitted to do so in the discretion of the insurer offering the preferred provider benefit plan. The second and third paragraphs of G.S. 58-50-30(a) apply to preferred provider benefit plans.

(d) Any provision of a contract between an insurer offering a preferred provider benefit plan and a health care provider that restricts the provider's right to enter into preferred provider contracts with other persons is prohibited, is void ab initio, and is not enforceable. The existence of that restriction does not invalidate any other provision of the contract.

(e) Except where specifically prohibited either by this section or by rules adopted by the Commissioner, the contractual terms and conditions for special reimbursements shall be those that the parties find mutually agreeable.

(f) Every insurer offering a preferred provider benefit plan and contracting with a PPO shall require by contract that the PPO shall provide all of the preferred providers with whom it holds contracts information about the insurer and the insurer's preferred provider benefit plans. This information shall include for each insurer and preferred provider benefit plan the benefit designs and incentives that are used to encourage insureds to use preferred providers.

(g) The Commissioner may adopt rules applicable to insurers offering preferred provider benefit plans under this section. These rules shall provide for:

(1) Accessibility of preferred provider services to individuals within the insured group.

(2) The adequacy of the number and locations of health care providers.

(3) The availability of services at reasonable times.

(4) Financial solvency.

(h) Each insurer offering a preferred provider benefit plan shall provide the Commissioner with summary data about the financial reimbursements offered to health care providers. All such insurers shall disclose annually the following information:

(1) The name by which the preferred provider benefit plan is known and its business address.

(2) The name, address, and nature of any PPO or other separate organization that administers the preferred provider benefit plan for the insurer.

(3) The terms of the agreements entered into by the insurer with preferred providers.

(4) Any other information necessary to determine compliance with this section, rules adopted under this section, or other requirements applicable to preferred provider benefit plans.

(i) A person enrolled in a preferred provider benefit plan may obtain covered health care services from a provider who does not participate in the plan. In accordance with rules adopted by the Commissioner and subject to G.S. 58-3-200(d), the preferred provider benefit plan may limit coverage for health care services obtained from a nonparticipating provider. The Commissioner shall adopt rules on product limitations, including payment differentials for services rendered by nonparticipating providers. These rules shall be similar in substance to rules governing HMO point-of-service products.

(j) A list of the current participating providers in the geographic area in which a substantial portion of health care services will be available shall be provided to insureds and contracting parties.

(k) Publications or advertisements of preferred provider benefit plans or organizations shall not refer to the quality or efficiency of the services of nonparticipating providers."

Section 3.2. Article 63 of Chapter 58 of the General Statutes is amended by adding a new section to read:

"**§ 58-63-70. Health care service discount practices by insurers and service corporations.**

(a) It is an unfair trade practice for any insurer or service corporation subject to this Chapter to make an intentional misrepresentation to a health care provider to the effect that the insurer or service corporation is entitled to a certain preferred provider or other discount off the fees charged for medical services, procedures, or supplies provided by the health care provider, when the insurer or service corporation is not entitled to any discount or is entitled to a lesser discount from the provider on those fees.

(b) It is an unfair trade practice for any person with knowledge that an insurer or service corporation intends to make the type of misrepresentation prohibited in subsection (a) of this section to provide substantial assistance to that insurer or service corporation in accomplishing that misrepresentation."

(1) 'Clinical peer' means a health care professional who holds an unrestricted license in a state of the United States, in the same or similar specialty, and routinely provides the health care services subject to utilization review.

(2) 'Clinical review criteria' means the written screening procedures, decision abstracts, clinical protocols, and practice guidelines used by an insurer to determine medically necessary services and supplies.

(3) 'Covered person' means a policyholder, subscriber, enrollee, or other individual covered by a health benefit plan. 'Covered person' includes another person, other than the covered person's provider, who is authorized to act on behalf of a covered person.

(4) 'Emergency medical condition' means a medical condition manifesting itself by acute symptoms of sufficient severity including, but not limited to, severe pain, or by acute symptoms developing from a chronic medical condition that would lead a prudent layperson, possessing an average knowledge of health and medicine, to reasonably expect the absence of immediate medical attention to result in any of the following:

a. Placing the health of an individual, or with respect to a pregnant woman, the health of the woman or her unborn child, in serious jeopardy.

b. Serious impairment to bodily functions.

c. Serious dysfunction of any bodily organ or part.

(5) 'Emergency services' means health care items and services furnished or required to screen for or treat an emergency medical condition until the condition is stabilized, including prehospital care and ancillary services routinely available to the emergency department.

(6) 'Grievance' means a written complaint submitted by a covered person about any of the following:

a. An insurer's decisions, policies, or actions related to availability, delivery, or quality of health care services.

b. Claims payment or handling; or reimbursement for services.

c. The contractual relationship between a covered person and an insurer.

d. The outcome of an appeal of a noncertification under this section.

(7) 'Health benefit plan' means any of the following if offered by an insurer: an accident and health insurance policy or certificate; a nonprofit hospital or medical service corporation contract; a health maintenance organization subscriber contract; or a plan provided by a multiple employer welfare arrangement. 'Health benefit plan' does not mean any plan implemented or administered through the

Department of Human Resources or its representatives. 'Health benefit plan' also does not mean any of the following kinds of insurance:

a. Accident.
b. Credit.
c. Disability income.
d. Long-term or nursing home care.
e. Medicare supplement.
f. Specified disease.
g. Dental or vision.
h. Coverage issued as a supplement to liability insurance.
i. Workers' compensation.
j. Medical payments under automobile or homeowners.
k. Hospital income or indemnity.
l. Insurance under which benefits are payable with or without regard to fault and that is statutorily required to be contained in any liability policy or equivalent self-insurance.

(8) 'Health care provider' means any person who is licensed, registered, or certified under Chapter 90 of the General Statutes; a health care facility as defined in G.S. 131E-176(9b); or a pharmacy.

For medically necessary services, nothing in this subdivision precludes an insurer from comparing the cost-effectiveness of alternative services or supplies when determining which of the services or supplies will be covered.

(13) 'Noncertification' means a determination by an insurer or its designated utilization review organization that an admission, availability of care, continued stay, or other health care service has been reviewed and, based upon the information provided, does not meet the insurer's requirements for medical necessity, appropriateness, health care setting, level of care or effectiveness, and the requested service is therefore denied, reduced, or terminated. A 'noncertification' is not a decision rendered solely on the basis that the health benefit plan does not provide benefits for the health care service in question, if the exclusion of the specific service requested is clearly stated in the certificate of coverage.

(14) 'Participating provider' means a provider who, under a contract with an insurer or with an insurer's contractor or subcontractor, has agreed to provide health care services to covered persons in return for direct or indirect payment from the insurer, other than coinsurance, copayments, or deductibles.

(18) 'Utilization review organization' or 'URO' means an entity that conducts utilization review under a managed care plan, but does not mean an insurer performing utilization review for its own health benefit plan.

(b) Insurer Oversight. -- Every insurer shall monitor all utilization review carried out by or on behalf of the insurer and ensure compliance with this section. If an insurer contracts to have a URO perform its utilization review, the insurer shall monitor the URO to ensure compliance with this section, which shall include:

(1) A written description of the URO's activities and responsibilities, including reporting requirements.

(2) Evidence of formal approval of the utilization review organization program by the insurer.

(3) A process by which the insurer evaluates the performance of the URO.

(c) Scope and Content of Program. -- Every insurer shall prepare and maintain a utilization review program document that describes all delegated and nondelegated review functions for covered services including:

(1) Procedures to evaluate the clinical necessity, appropriateness, efficacy, or efficiency of health services.
(2) Data sources and clinical review criteria used in decision making.
(3) The process for conducting appeals of noncertifications.
(4) Mechanisms to ensure consistent application of review criteria and compatible decisions.
(5) Data collection processes and analytical methods used in assessing utilization of health care services.
(6) Provisions for assuring confidentiality of clinical and patient information in accordance with State and federal law.
(7) The organizational structure (e.g., utilization review committee, quality assurance, or other committee) that periodically assesses utilization review activities and reports to the insurer's governing body.
(8) The staff position functionally responsible for day-to-day program management.
(9) The methods of collection and assessment of data about underutilization and overutilization of health care services and how the assessment is used to evaluate and improve procedures and criteria for utilization review.

(d) Program Operations. -- In every utilization review program, an insurer or URO shall use documented clinical review criteria that are based on sound clinical evidence and that are periodically evaluated to assure ongoing efficacy. An insurer may develop its own clinical review criteria or purchase or license clinical review criteria. Qualified health care professionals shall administer the utilization review program and oversee review decisions under the direction of a medical doctor. A medical doctor shall evaluate the clinical appropriateness of noncertifications. Compensation to persons involved in utilization review shall not contain any direct or indirect incentives for them to make any particular review decisions. Compensation to utilization reviewers shall not be directly or indirectly based on the number or type of noncertifications they render. In issuing a utilization review decision, an insurer shall: obtain all information required to make the decision, including pertinent clinical information; employ a process to ensure that utilization reviewers apply clinical review criteria consistently; and issue the decision in a timely manner pursuant to this section.

(e) Insurer Responsibilities. -- Every insurer shall:
(1) Routinely assess the effectiveness and efficiency of its utilization review program.
(2) Coordinate the utilization review program with its other medical management activity, including quality assurance, credentialing, provider contracting, data reporting, grievance procedures, processes for assessing satisfaction of covered persons, and risk management.

(3) Provide covered persons and their providers with access to its review staff by a toll-free or collect call telephone number whenever any provider is required to be available to provide services which may require prior certification to any plan enrollee. Every insurer shall establish standards for telephone accessibility and monitor telephone service as indicated by average speed of answer and call abandonment rate, on at least a month-by-month basis, to ensure that telephone service is adequate, and take corrective action when necessary.

(4) Limit its requests for information to only that information that is necessary to certify the admission, procedure or treatment, length of stay, and frequency and duration of health care services.

(5) Have written procedures for making utilization review decisions and for notifying covered persons of those decisions.

(6) Have written procedures to address the failure or inability of a provider or covered person to provide all necessary information for review. If a provider or covered person fails to release necessary information in a timely manner, the insurer may deny certification.

(f) Prospective and Concurrent Reviews. -- As used in this subsection, 'necessary information' includes the results of any patient examination, clinical evaluation, or second opinion that may be required. Prospective and concurrent determinations shall be communicated to the covered person's provider within three business days after the insurer obtains all necessary information about the admission, procedure, or health care service. If an insurer certifies a health care service, the insurer shall notify the covered person's provider. For a noncertification, the insurer shall notify the covered person's provider and send written or electronic confirmation of the noncertification to the covered person. In concurrent reviews, the insurer shall remain liable for health care services until the covered person has been notified of the noncertification.

(g) Retrospective Reviews. -- As used in this subsection, 'necessary information' includes the results of any patient examination, clinical evaluation, or second opinion that may be required. For retrospective review determinations, an insurer shall make the determination within 30 days after receiving all necessary information. For a certification, the insurer may give written notification to the covered person's provider. For a noncertification, the insurer shall give written notification to the covered person and the covered person's provider within five business days after making the noncertification.

(h) Notice of Noncertification. -- A written notification of a noncertification shall include all reasons for the noncertification, including the clinical rationale, the instructions for initiating a voluntary appeal or reconsideration of the noncertification, and the instructions for requesting a written statement of the clinical review criteria used to make the noncertification. An insurer shall provide the clinical review criteria used to make the noncertification to any person who received the notification of the noncertification and who follows the procedures for a request.

(i) Requests for Reconsideration. -- An insurer may establish procedures for informal reconsideration of noncertifications. The reconsideration shall be conducted between the covered person's provider and a medical doctor designated by the insurer. An insurer shall not require a covered person to participate in an informal reconsideration before the covered person may appeal a noncertification under subsection (j) of this section.

(j) Appeals of Noncertifications. -- Every insurer shall have written procedures for appeals of noncertifications by covered persons or their providers acting on their behalves, including expedited review to address a situation where the time frames for the standard review procedures set forth in this section would reasonably appear to seriously jeopardize the life or health of a covered person or jeopardize the covered person's ability to regain maximum function. Each appeal shall be evaluated by a medical doctor who was not involved in the noncertification.

(k) Nonexpedited Appeals. -- Within three business days after receiving a request for a standard, nonexpedited appeal, the insurer shall provide the covered person with the name, address, and telephone number of the coordinator and information on how to submit written material. For standard, nonexpedited appeals, the insurer shall give written notification of the decision to the covered person and the covered person's provider within 30 days after the insurer receives the request for an appeal. The written decision shall contain:

(1) The professional qualifications and licensure of the person or persons reviewing the appeal.

(2) A statement of the reviewers' understanding of the reason for the covered person's appeal.

(3) The reviewers' decision in clear terms and the medical rationale in sufficient detail for the covered person to respond further to the insurer's position.

(4) A reference to the evidence or documentation that is the basis for the decision, including the clinical review criteria used to make the determination, and instructions for requesting the clinical review criteria.

(5) A statement advising the covered person of the covered person's right to request a second-level grievance review and a description of the procedure for submitting a second-level grievance under G.S. 58-50-62.

(l) Expedited Appeals. -- An expedited appeal of a noncertification may be requested by a covered person or his or her provider acting on the covered person's behalf only when a nonexpedited appeal would reasonably appear to seriously jeopardize the life or health of a covered person or jeopardize the covered person's ability to regain maximum function. The insurer may require documentation of the medical justification for the expedited appeal. The insurer shall, in consultation with a medical doctor, provide expedited review, and the insurer shall communicate its decision in writing to the covered person and his or her provider as soon as possible, but not later than four days after receiving the information justifying expedited

review. The written decision shall contain the provisions specified in subsection (k) of this section. If the expedited review is a concurrent review determination, the insurer shall remain liable for the coverage of health care services until the covered person has been notified of the determination. An insurer is not required to provide an expedited review for retrospective noncertifications.

(m) Disclosure Requirements. -- In the certificate of coverage and member handbook provided to covered persons, an insurer shall include a clear and comprehensive description of its utilization review procedures, including the procedures for appealing noncertifications and a statement of the rights and responsibilities of covered persons, including the voluntary nature of the appeal process, with respect to those procedures. An insurer shall include a summary of its utilization review procedures in materials intended for prospective covered persons. An insurer shall print on its membership cards a toll-free telephone number to call for utilization review purposes.

(n) Maintenance of Records. -- Every insurer and URO shall maintain records of each review performed and each appeal received or reviewed, as well as documentation sufficient to demonstrate compliance with this section. The maintenance of these records, including electronic reproduction and storage, shall be governed by rules adopted by the Commissioner that apply to insurers. These records shall be retained by the insurer and URO for a period of three years or until the Commissioner has adopted a final report of a general examination that contains a review of these records for that calendar year, whichever is later.

(o) Violation. -- A violation of this section subjects an insurer to G.S. 58-2-70."

Section 4.2. Article 50 of Chapter 58 of the General Statutes is amended by adding a new section to read:

"**§ 58-50-62. Insurer grievance procedures.**

(a) Purpose and Intent. -- The purpose of this section is to provide standards for the establishment and maintenance of procedures by insurers to assure that covered persons have the opportunity for appropriate resolutions of their grievances.

(b) Availability of Grievance Process. -- Every insurer shall have a grievance process whereby a covered person may voluntarily request a review of any decision, policy, or action of the insurer that affects that covered person. The grievance process may provide for an immediate informal consideration by the insurer of a grievance. If the insurer does not have a procedure for informal consideration or if an informal consideration does not resolve the grievance, the grievance process shall provide for first- and second-level reviews of grievances; except that an appeal of a noncertification that has been reviewed under G.S. 58-50-61 shall be reviewed as a second-level grievance under this section.

(c) Grievance Procedures. -- Every insurer shall have written procedures for receiving and resolving grievances from covered persons. A description of the grievance procedures shall be set forth in or attached to the certificate of coverage and member handbook provided to covered persons. The description shall include a statement informing the covered person that the grievance procedures are voluntary

and shall also inform the covered person about the availability of the Commissioner's office for assistance, including the telephone number and address of the office.

(d) Maintenance of Records. -- Every insurer shall maintain records of each grievance received and the insurer's review of each grievance, as well as documentation sufficient to demonstrate compliance with this section. The maintenance of these records, including electronic reproduction and storage, shall be governed by rules adopted by the Commissioner that apply to insurers. The insurer shall retain these records for three years or until the Commissioner has adopted a final report of a general examination that contains a review of these records for that calendar year, whichever is later.

(e) First-Level Grievance Review. -- A grievance may be submitted by a covered person or his or her provider acting on the covered person's behalf.

(1) The insurer does not have to allow a covered person to attend the first-level grievance review. A covered person may submit written material. Within three business days after receiving a grievance, the insurer shall provide the covered person with the name, address, and telephone number of the coordinator and information on how to submit written material.

(2) An insurer shall issue a written decision to the covered person and, if applicable, to the covered person's provider, within 30 days after receiving a grievance. The person or persons reviewing the grievance shall not be the same person or persons who initially handled the matter that is the subject of the grievance and, if the issue is a clinical one, at least one of whom shall be a medical doctor with appropriate expertise to evaluate the matter. The written decision issued in a first-level grievance review shall contain:

a. The professional qualifications and licensure of the person or persons reviewing the grievance.

b. A statement of the reviewers' understanding of the grievance.

c. The reviewers' decision in clear terms and the contractual basis or medical rationale in sufficient detail for the covered person to respond further to the insurer's position.

d. A reference to the evidence or documentation used as the basis for the decision.

e. A statement advising the covered person of his or her right to request a second-level grievance review and a description of the procedure for submitting a second-level grievance under this section.

(f) Second-Level Grievance Review. -- An insurer shall establish a second-level grievance review process for covered persons who are dissatisfied with the first-level grievance review decision or a utilization review appeal decision.

(1) An insurer shall, within 10 business days after receiving a request for a second-level grievance review, make known to the covered person:

a. The name, address, and telephone number of a person designated to coordinate the grievance review for the insurer.

b. A statement of a covered person's rights, which include the right to request and receive from an insurer all information relevant to the case; attend the second-level grievance review; present his or her case to the review panel; submit supporting materials before and at the review meeting; ask questions of any member of the review panel; and be assisted or represented by a person of his or her choice, which person may be without limitation to: a provider, family member, employer representative, or attorney. If the covered person chooses to be represented by an attorney, the insurer may also be represented by an attorney.

(2) An insurer shall convene a second-level grievance review panel for each request. The panel shall comprise persons who were not previously involved in any matter giving rise to the second-level grievance, are not employees of the insurer or URO, and do not have a financial interest in the outcome of the review. A person who was previously involved in the matter may appear before the panel to present information or answer questions. All of the persons reviewing a second-level grievance involving a noncertification or a clinical issue shall be providers who have appropriate expertise, including at least one clinical peer. Provided, however, an insurer that uses a clinical peer on an appeal of a noncertification under G.S. 58-50-61 or on a first-level grievance review panel under this section may use one of the insurer's employees on the second-level grievance review panel in the same matter if the second-level grievance review panel comprises three or more persons.

(g) Second-Level Grievance Review Procedures. -- An insurer's procedures for conducting a second-level grievance review shall include:

(1) The review panel shall schedule and hold a review meeting within 45 days after receiving a request for a second-level review.

(2) The covered person shall be notified in writing at least 15 days before the review meeting date.

(3) The covered person's right to a full review shall not be conditioned on the covered person's appearance at the review meeting.

(h) Second-Level Grievance Review Decisions. -- An insurer shall issue a written decision to the covered person and, if applicable, to the covered person's provider,

within seven business days after completing the review meeting. The decision shall include:

(1) The professional qualifications and licensure of the members of the review panel.

(2) A statement of the review panel's understanding of the nature of the grievance and all pertinent facts.

(3) The review panel's recommendation to the insurer and the rationale behind that recommendation.

(4) A description of or reference to the evidence or documentation considered by the review panel in making the recommendation.

(5) In the review of a noncertification or other clinical matter, a written statement of the clinical rationale, including the clinical review criteria, that was used by the review panel to make the recommendation.

(6) The rationale for the insurer's decision if it differs from the review panel's recommendation.

(7) A statement that the decision is the insurer's final determination in the matter.

(8) Notice of the availability of the Commissioner's office for assistance, including the telephone number and address of the Commissioner's office.

(i) Expedited Second-Level Procedures. -- An expedited second-level review shall be made available where medically justified as provided in G.S. 58-50-61(l), whether or not the initial review was expedited. The provisions of subsections (f), (g), and (h) of this section apply to this subsection except for the following timetable: When a covered person is eligible for an expedited second-level review, the insurer shall conduct the review proceeding and communicate its decision within four days after receiving all necessary information. The review meeting may take place by way of a telephone conference call or through the exchange of written information.

(j) No insurer shall discriminate against any provider based on any action taken by the provider under this section or G.S. 58-50-61 on behalf of a covered person.

(k) Violation. -- A violation of this section subjects an insurer to G.S. 58-2-70."

Section 4.3. Article 1 of Chapter 90 of the General Statutes is amended by adding a new section to read:

"**§ 90-21.22A. Medical review committees.**

(a) As used in this section, 'medical review committee' means a committee composed of health care providers licensed under this Chapter that is formed for the purpose of evaluating the quality of, cost of, or necessity for health care services, including provider credentialing. 'Medical review committee' does not mean a medical review committee established under G.S. 131E-95.

(b) A member of a duly appointed medical review committee who acts without malice or fraud shall not be subject to liability for damages in any civil action on account of any act, statement, or proceeding undertaken, made, or performed within the scope of the functions of the committee.

(c) The proceedings of a medical review committee, the records and materials it produces, and the materials it considers shall be confidential and not considered public records within the meaning of G.S. 132-1 or G.S. 58-2-100; and shall not be subject to discovery or introduction into evidence in any civil action against a provider of health care services who directly provides services and is licensed under this Chapter or a hospital licensed under Chapter 122C or Chapter 131E of the General Statutes or that is owned or operated by the State, which civil action results from matters that are the subject of evaluation and review by the committee. No person who was in attendance at a meeting of the committee shall be required to testify in any civil action as to any evidence or other matters produced or presented during the proceedings of the committee or as to any findings, recommendations, evaluations, opinions, or other actions of the committee or its members. However, information, documents, or records otherwise available are not immune from discovery or use in a civil action merely because they were presented during proceedings of the committee. A member of the committee may testify in a civil action but cannot be asked about his or her testimony before the committee or any opinions formed as a result of the committee hearings.

(d) This section applies to a medical review committee, including a medical review committee appointed by one of the entities licensed under Articles 1 through 67 of Chapter 58 of the General Statutes.

(e) Subsection (c) of this section does not apply to proceedings initiated under G.S. 58-50-61 or G.S. 58-50-62."

Section 4.4. G.S. 58-50-60 is repealed.

PART V. EFFECTIVE DATE AND APPLICABILITY

Section 5. This act becomes effective January 1, 1998. Part II of this act applies to all health benefit plans that are delivered, issued for delivery, or renewed on and after January 1, 1998. For the purposes of this act, renewal of a health benefit plan is presumed to occur on each anniversary of the date on which coverage was first effective on the person or persons covered by the health benefit plan. Insurers other than health maintenance organizations that are subject to Part IV of this act have until July 1, 1998, to implement the procedures for grievances that are contained in Section 4.2 of Part IV of this act; provided, however, that insurers other than health maintenance organizations shall comply with the second-level grievance review procedures in Section 4.2 of Part IV of this act for appeals of noncertifications effective January 1, 1998.

COMMITTEE ON RULES, CALENDAR, AND OPERATIONS OF THE HOUSE
August 28, 1997
4:00 P.M. Meeting

The Committee on Rules, Calendar, and Operations of the House reconvened August 28, 1997, at 4:00 p.m. in Room 421 in the Legislative Office Building. Chairman Morgan called the meeting to order to consider the following bills:

Senate Committee Substitute for Senate Bill 977 - AN ACT TO ENACT INTO LAW THE SOUTHERN DAIRY COMPACT, TO DIRECT THE APPOINTMENT OF MEMBERS FROM NORTH CAROLINA TO THE SOUTHERN DAIRY COMPACT COMMISSION, AND TO APPROPRIATE FUNDS. The Chair recognized Representative Mitchell to explain the bill. He said it is identical to a House bill passed by the House in June; however, the Senate has requested that their bill be acted on. Representative Mitchell made a motion to give Senate Bill 977 a favorable report. Motion carried.

House committee substitute for Senate Bill 843 was before the Committee for reconsideration. Representative Miner offered an amendment. The Chairman recognized Linwood Jones, Staff Counsel, to explain the amendment which clarifies that the provision as written does not override the appointment statute that requires an insurance agent to be appointed by a company to carry out its business.

Bill Hale, Department of Insurance; Susan Valauri, Nationwide Insurance; Jovita Mask, Professional Insurance Association, and Bob Bird representing the Independent Agents, spoke in support of the amendment.

Representative Miner moved for adoption of the amendment. Motion carried. He then moved that the amendment be incorporated into a new committee substitute and be given a favorable report; unfavorable report to original bill. Motion carried.

House committee substitute for Senate Bill 32, TO AUTHORIZE STUDIES BY THE LEGISLATIVE RESEARCH COMMISSION, TO CREATE VARIOUS COMMISSIONS, TO CONTINUE A COUNSEL, TO DIRECT STATE AGENCIES AND LEGISLATIVE OVERSIGHT COMMITTEES AND COMMISSIONS TO STUDY SPECIFIED ISSUES, AND TO AMEND CERTAIN LAWS. The Chair recognized Representative Neely who moved for the adoption of House committee substitute for Senate Bill 32 for the purpose of discussion. Staff Counsel was recognized to explain the House committee substitute which deleted a few of the Senate provisions, moved some to different types of studies, and added a significant number of other studies on which House members have filled bills.

Representative Neely made a motion that the House committee substitute for Senate Bill 32 be given a favorable report; unfavorable to the original bill. Motion carried.

There being no further business before the Committee, the meeting adjourned.

Short Title: Southern Dairy Compact. (Public)

A BILL TO BE ENTITLED

AN ACT TO ENACT INTO LAW THE SOUTHERN DAIRY COMPACT, TO DIRECT THE APPOINTMENT OF MEMBERS FROM NORTH CAROLINA TO THE SOUTHERN DAIRY COMPACT COMMISSION, AND TO APPROPRIATE FUNDS.

The General Assembly of North Carolina enacts:

Section 1. Chapter 106 of the General Statutes is amended by adding a new Article to read:

"ARTICLE 68.

"Southern Dairy Compact.

"**§ 106-810. Southern Dairy Compact entered into; form of Compact.**

The Southern Dairy Compact is enacted into law and entered into with all other jurisdictions legally joining therein in the form substantially as follows:

ARTICLE I. Statement of Purpose, Findings, and Declaration of Policy

"**§ 1. Statement of purpose, findings, and declaration of policy.**

The purpose of this compact is to recognize the interstate character of the southern dairy industry and the prerogative of the states under the United States Constitution to form an interstate commission for the southern region. The mission of the Commission is to take such steps as are necessary to assure the continued viability of dairy farming in the South, and to assure consumers of an adequate, local supply of pure and wholesome milk.

The participating states find and declare that the dairy industry is an essential agricultural activity of the South. Dairy farms, and associated suppliers, marketers, processors, and retailers, are an integral component of the region's economy. Their ability to provide a stable, local supply of pure, wholesome milk is a matter of great importance to the health and welfare of the region.

The participating states further find that dairy farms are essential, and they are an integral part of the region's rural communities. The farms preserve land for agricultural purposes and provide needed economic stimuli for rural communities.

By entering into this compact, the participating states affirm that their ability to regulate the price that southern dairy farmers receive for their product is essential to the public interest. Assurance of a fair and equitable price for dairy farmers ensures their ability to provide milk to the market and the vitality of the southern dairy industry, with all the associated benefits.

Recent dramatic price fluctuations, with a pronounced downward trend, threaten the viability and stability of the southern dairy region. Historically, individual state regulatory action had been an effective emergency remedy available to farmers confronting a distressed market. The system of federal orders, implemented by the Agricultural Marketing Agreement Act of 1937, establishes only minimum prices paid to producers for raw milk, without preempting the power of states to regulate milk prices above the minimum levels so established.

In today's regional dairy marketplace, cooperative, rather than individual state action is needed to more effectively address the market disarray. Under our constitutional system, properly authorized states acting cooperatively may exercise more power to regulate interstate commerce than they may assert individually without such authority. For this reason, the participating states invoke their authority to act in common agreement, with the consent of Congress, under the compact clause of the Constitution.

In establishing their constitutional regulatory authority over the region's fluid milk market by this compact, the participating states declare their purpose that this compact neither displace the system of federal orders nor encourage the merging of federal orders. Specific provisions of the compact itself set forth this basic principle.

Designed as a flexible mechanism able to adjust to changes in a regulated marketplace, the compact also contains a contingency provision should the system of federal orders be discontinued. In that event, the interstate commission may regulate the marketplace in lieu of the system of federal orders. This contingent authority does not anticipate such a change, however, and should not be so construed. It is only provided should developments in the market other than establishment of this compact result in discontinuance of the system of federal orders.

ARTICLE II. Definitions and Rules of Construction

"**§ 2. Definitions.**

For the purposes of this compact, and of any supplemental or concurring legislation enacted pursuant thereto, except as may be otherwise required by the context:

(1) 'Class I milk' means milk disposed of in fluid form or as a fluid milk product, subject to further definition in accordance with the principles expressed in subsection (b) of Section 3.

(2) 'Commission' means the Southern Dairy Compact Commission established by this compact.

(3) 'Commission marketing order' means regulations adopted by the Commission pursuant to Sections 9 and 10 of this compact in place of a terminated federal marketing order or state dairy regulation. Such order may apply throughout the region or in any part or parts thereof as defined in the regulations of the Commission. Such order may establish minimum prices for any or all classes of milk.

(4) 'Compact' means this interstate compact.

(5) 'Compact over-order price' means a minimum price required to be paid to producers for Class I milk established by the Commission in regulations adopted pursuant to Sections 9 and 10 of this compact, which is above the price established in federal marketing orders or by state farm price regulation in the regulated area. Such price may apply throughout the region or in any part or parts thereof as defined in the regulations of the Commission.

(6) 'Milk' means the lacteal secretion of cows and includes all skim, butterfat, or other constituents obtained from separation or any other process. The term is used in its broadest sense and may be further defined by the Commission for regulatory purposes.

(7) 'Partially regulated plant' means a milk plant not located in a regulated area but having Class I distribution within such area. Commission regulations may exempt plants having such distribution or receipts in amounts less than the limits defined therein.

(8) 'Participating state' means a state which has become a party to this compact by the enactment of concurring legislation.

(9) 'Pool plant' means any milk plant located in a regulated area.

(10) 'Region' means the territorial limits of the states which are parties to this compact.

(11) 'Regulated area' means any area within the region governed by and defined in regulations establishing a compact over-order price or commission marketing order.

(12) 'State dairy regulation' means any state regulation of dairy prices and associated assessments, whether by statute, marketing order, or otherwise.

"§ 3. Rules of construction.

(a) This compact shall not be construed to displace existing federal milk marketing orders or state dairy regulation in the region but to supplement them. In the event some or all federal orders in the region are discontinued, the compact shall

be construed to provide the Commission the option to replace them with one or more commission marketing orders pursuant to this compact.

(b) This compact shall be construed liberally in order to achieve the purposes and intent enunciated in Section 1. It is the intent of this compact to establish a basic structure by which the Commission may achieve those purposes through the application, adaptation, and development of the regulatory techniques historically associated with milk marketing and to afford the Commission broad flexibility to devise regulatory mechanisms to achieve the purposes of this compact. In accordance with this intent, the technical terms which are associated with market order regulation and which have acquired commonly understood general meanings are not defined herein but the Commission may further define the terms used in this compact and develop additional concepts and define additional terms as it may find appropriate to achieve its purposes.

ARTICLE III. Commission Established

"§ 4. Commission established.

There is hereby created a commission to administer the compact, composed of delegations from each state in the region. The Commission shall be known as the Southern Dairy Compact Commission. A delegation shall include not less than three nor more than five persons. Each delegation shall include at least one dairy farmer who is engaged in the production of milk at the time of appointment or reappointment, and one consumer representative. Delegation members shall be residents and voters of, and subject to such confirmation process as is provided for in, the appointing state. Delegation members shall serve no more than three consecutive terms with no single term of more than four years, and be subject to removal for cause. In all other respects, delegation members shall serve in accordance with the laws of the state represented. The compensation, if any, of the members of a state delegation shall be determined and paid by each state, but their expenses shall be paid by the Commission.

"§ 5. Voting requirements.

All actions taken by the Commission, except for the establishment or termination of an over-order price or commission marketing order, and the adoption, amendment, or rescission of the Commission's bylaws, shall be by majority vote of the delegations present. Each state delegation shall be entitled to one vote in the conduct of the Commission's affairs. Establishment or termination of an over-order price or commission marketing order shall require at least a two-thirds vote of the delegations present. The establishment of a regulated area that covers all or part of a participating state shall require also the affirmative vote of that state's delegation. A majority of the delegations from the participating states shall constitute a quorum for the conduct of the Commission's business.

"§ 6. Administration and management.

(a) The Commission shall elect annually from among the members of the participating state delegations a chairperson, a vice-chairperson, and a treasurer. The Commission shall appoint an executive director and fix his or her duties and compensation. The executive director shall serve at the pleasure of the Commission,

and, together with the treasurer, shall be bonded in an amount determined by the Commission. The Commission may establish through its bylaws an executive committee composed of one member elected by each delegation.

(b) The Commission shall adopt bylaws for the conduct of its business by a two-thirds vote and shall have the power by the same vote to amend and rescind these bylaws. The Commission shall publish its bylaws in convenient form with the appropriate agency or officer in each of the participating states. The bylaws shall provide for appropriate notice to the delegations of all Commission meetings and hearings and of the business to be transacted at such meetings or hearings. Notice also shall be given to other agencies or officers of participating states as provided by the laws of those states.

(c) The Commission shall file an annual report with the Secretary of Agriculture of the United States, and with each of the participating states by submitting copies to the Governor, both houses of the legislature, and the head of the state department having responsibilities for agriculture.

(d) In addition to the powers and duties elsewhere prescribed in this compact, the Commission may engage in all of the following:

(1) Sue and be sued in any state or federal court.

(2) Have a seal and alter the same at pleasure.

(3) Acquire, hold, and dispose of real and personal property by gift, purchase, lease, license, or other similar manner, for its corporate purposes.

(4) Borrow money and to issue notes, to provide for the rights of the holders thereof, and to pledge the revenue of the Commission as security therefor, subject to the provisions of Section 18 of this compact.

(5) Appoint such officers, agents, and employees as it may deem necessary, prescribe their powers, duties, and qualifications.

(6) Create and abolish such offices, employments, and positions as it deems necessary for the purposes of the compact and provide for the removal, term, tenure, compensation, fringe benefits, pension, and retirement rights of its officers and employees.

(7) Retain personal services on a contract basis.

"§ 7. Rule-making power.

In addition to the power to promulgate a compact over-order price or commission marketing orders as provided by this compact, the Commission is further empowered to make and enforce such additional rules and regulations as it deems necessary to implement any provisions of this compact, or to effectuate in any other respect the purposes of this compact.

ARTICLE IV. Powers of the Commission

"§ 8. Powers to promote regulatory uniformity, simplicity, and interstate cooperation.

The Commission may:

(1) Investigate or provide for investigations or research projects designed to review the existing laws and regulations of the

participating states, to consider their administration and costs, to measure their impact on the production and marketing of milk and their effects on the shipment of milk and milk products within the region.

(2) Study and recommend to the participating states joint or cooperative programs for the administration of the dairy marketing laws and regulations and to prepare estimates of cost savings and benefits of such programs.

(3) Encourage the harmonious relationships between the various elements in the industry for the solution of their material problems. Conduct symposia or conferences designed to improve industry relations, or a better understanding of problems.

(4) Prepare and release periodic reports on activities and results of the Commission's efforts to the participating states.

(5) Review the existing marketing system for milk and milk products and recommend changes in the existing structure for assembly and distribution of milk which may assist, improve, or promote more efficient assembly and distribution of milk.

(6) Investigate costs and charges for producing, hauling, handling, processing, distributing, selling, and for all other services, performed with respect to milk.

(7) Examine current economic forces affecting producers, probable trends in production and consumption, the level of dairy farm prices in relation to costs, the financial conditions of dairy farmers, and the need for an emergency order to relieve critical conditions on dairy farms.

"**§ 9. Equitable farm prices.**

(a) The powers granted in this section and Section 10 shall apply only to the establishment of a compact over-order price, so long as federal milk marketing orders remain in effect in the region. In the event that any or all such orders are terminated, this Article authorizes the Commission to establish one or more commission marketing orders, as herein provided, in the region or parts thereof as defined in the order.

(b) A compact over-order price established pursuant to this section shall apply only to Class I milk. Such compact over-order price shall not exceed one dollar and fifty cents ($1.50) per gallon at Atlanta, Georgia, however, this compact over-order price shall be adjusted upward or downward at other locations in the region to reflect differences in minimum federal order prices. Beginning in 1990, and using that year as a base, the foregoing one dollar and fifty cents ($1.50) per gallon maximum shall be adjusted annually by the rate of change in the Consumer Price Index as reported by the Bureau of Labor Statistics of the United States Department of Labor. For purposes of the pooling and equalization of an over-order price, the value of milk used in other use classifications shall be calculated at the appropriate class price established pursuant to the applicable federal order or state dairy regulation and the

value of unregulated milk shall be calculated in relation to the nearest prevailing class price in accordance with and subject to such adjustments as the Commission may prescribe in regulations.

(c) A commission marketing order shall apply to all classes and uses of milk.

(d) The Commission may establish a compact over-order price for milk to be paid by pool plants and partially regulated plants. The Commission also may establish a compact over-order price to be paid by all other handlers receiving milk from producers located in a regulated area. This price shall be established either as a compact over-order price or by one or more commission marketing orders. Whenever such a price has been established by either type of regulation, the legal obligation to pay such price shall be determined solely by the terms and purpose of the regulation without regard to the situs of the transfer of title, possession, or any other factors not related to the purposes of the regulation and this compact. Producer-handlers as defined in an applicable federal market order shall not be subject to a compact over-order price. The Commission shall provide for similar treatment of producer-handlers under commission marketing orders.

(e) In determining the price, the Commission shall consider the balance between production and consumption of milk and milk products in the regulated area, the costs of production including, but not limited to, the price of feed, the cost of labor including the reasonable value of the producer's own labor and management, machinery expense and interest expense, the prevailing price for milk outside the regulated area, the purchasing power of the public, and the price necessary to yield a reasonable return to the producer and distributor.

(f) When establishing a compact over-order price, the Commission shall take such other action as is necessary and feasible to help ensure that the over-order price does not cause or compensate producers so as to generate local production of milk in excess of those quantities necessary to assure consumers of an adequate supply for fluid purposes.

(g) The Commission shall whenever possible enter into agreements with state or federal agencies for exchange of information or services for the purpose of reducing regulatory burden and cost of administering the compact. The Commission may reimburse other agencies for the reasonable cost of providing these services.

"§ 10. Optional provisions for pricing order.

Regulations establishing a compact over-order price or a commission marketing order may contain, but shall not be limited to, any of the following:

(1) Provisions classifying milk in accordance with the form in which or purpose for which it is used, or creating a flat pricing program.

(2) With respect to a commission marketing order only, provisions establishing or providing a method for establishing separate minimum prices for each use classification prescribed by the Commission, or a single minimum price for milk purchased from producers or associations of producers.

(3) With respect to an over-order minimum price, provisions establishing or providing a method for establishing such minimum price for Class I milk.

(4) Provisions for establishing either an over-order price or a commission marketing order may make use of any reasonable method for establishing such price or prices including flat pricing and formula pricing. Provision may also be made for location adjustments, zone differentials, and competitive credits with respect to regulated handlers who market outside the regulated area.

(5) Provisions for the payment to all producers and associations of producers delivering milk to all handlers of uniform prices for all milk so delivered, irrespective of the uses made of such milk by the individual handler to whom it is delivered, or for the payment of producers delivering milk to the same handler of uniform prices for all milk delivered by them.

a. With respect to regulations establishing a compact over-order price, the Commission may establish one equalization pool within the regulated area for the sole purpose of equalizing returns to producers throughout the regulated area.

b. With respect to any commission marketing order, as defined in Section 2, subdivision (9), which replaces one or more terminated federal orders or state dairy regulation, the marketing area of now separate state or federal orders shall not be merged without the affirmative consent of each state, voting through its delegation, which is partly or wholly included within any such new marketing area.

(6) Provisions requiring persons who bring Class I milk into the regulated area to make compensatory payments with respect to all such milk to the extent necessary to equalize the cost of milk purchased by handlers subject to a compact over-order price or commission marketing order. No such provisions shall discriminate against milk producers outside the regulated area. The provisions for compensatory payments may require payment of the difference between the Class I price required to be paid for such milk in the state of production by a federal milk marketing order or state dairy regulation and the Class I price established by the compact over-order price or commission marketing order.

(7) Provisions specially governing the pricing and pooling of milk handled by partially regulated plants.

(8) Provisions requiring that the account of any person regulated under the compact over-order price shall be adjusted for any payments made to or received by such persons with respect to a

producer settlement fund of any federal or state milk marketing order or other state dairy regulation within the regulated area.

(9) Provision requiring the payment by handlers of an assessment to cover the costs of the administration and enforcement of such order pursuant to subsection (a) of Section 18 of Article VII.

(10) Provisions for reimbursement to participants of the Women, Infants and Children Special Supplemental Food Program of the United States Child Nutrition Act of 1966.

(11) Other provisions and requirements as the Commission may find are necessary or appropriate to effectuate the purposes of this compact and to provide for the payment of fair and equitable minimum prices to producers.

ARTICLE V. Rule-Making Procedure.

"§ 11. Rule-making procedure.

Before promulgation of any regulations establishing a compact over-order price or commission marketing order, including any provision with respect to milk supply under subsection (f) of Section 9, or amendment thereof, as provided in Article IV, the Commission shall conduct an informal rule-making proceeding to provide interested persons with an opportunity to present data and views. Such rule-making proceeding shall be governed by Section 4 of the Federal Administrative Procedure Act, as amended (5 U.S.C. § 553). In addition, the Commission shall, to the extent practicable, publish notice of rule-making proceedings in the official register of each participating state. Before the initial adoption of regulations establishing a compact over-order price or a commission marketing order and thereafter before any amendment with regard to prices or assessments, the Commission shall hold a public hearing. The Commission may commence a rule-making proceeding on its own initiative or may in its sole discretion act upon the petition of any person including individual milk producers, any organization of milk producers or handlers, general farm organizations, consumer or public interest groups, and local, state or federal officials.

"§ 12. Findings and referendum.

(a) In addition to the concise general statement of basis and purpose required by section 4(b) of the Federal Administrative Procedure Act, as amended (5 U.S.C. § 53 (c)), the Commission shall make findings of fact with respect to:

(1) Whether the public interest will be served by the establishment of minimum milk prices to dairy farmers under Article IV.

(2) What level of prices will assure that producers receive a price sufficient to cover their costs of production and will elicit an adequate supply of milk for the inhabitants of the regulated area and for manufacturing purposes.

(3) Whether the major provisions of the order, other than those fixing minimum milk prices, are in the public interest and are reasonably designed to achieve the purposes of the order.

(4) Whether the terms of the proposed regional order or amendment are approved by producers as provided in Section 13.

"**§ 13. Producer referendum.**

(a) For the purpose of ascertaining whether the issuance or amendment of regulations establishing a compact over-order price or a commission marketing order, including any provision with respect to milk supply under subsection (f) of Section 9, is approved by producers, the Commission shall conduct a referendum among producers. The referendum shall be held in a timely manner, as determined by regulation of the Commission. The terms and conditions of the proposed order or amendment shall be described by the Commission in the ballot used in the conduct of the referendum, but the nature, content, or extent of such description shall not be a basis for attacking the legality of the order or any action relating thereto.

(b) An order or amendment shall be deemed approved by producers if the Commission determines that it is approved by at least two-thirds of the voting producers who, during a representative period determined by the Commission, have been engaged in the production of milk the price of which would be regulated under the proposed order or amendment.

(c) For purposes of any referendum, the Commission shall consider the approval or disapproval by any cooperative association of producers, qualified under the provisions of the Act of Congress of February 18, 1922, as amended, known as the Capper-Volstead Act, bona fide engaged in marketing milk, or in rendering services for or advancing the interests of producers of such commodity, as the approval or disapproval of the producers who are members or stockholders in, or under contract with, such cooperative association of producers, except as provided in subdivision (1) of this subsection and subject to the provisions of subdivisions (2) through (5) of this subsection.

(1) No cooperative that has been formed to act as a common marketing agency for both cooperatives and individual producers shall be qualified to block vote for either.

(2) Any cooperative that is qualified to block vote shall, before submitting its approval or disapproval in any referendum, give prior written notice to each of its members as to whether and how it intends to cast its vote. The notice shall be given in a timely manner as established, and in the form prescribed, by the Commission.

(3) Any producer may obtain a ballot from the Commission in order to register approval or disapproval of the proposed order.

(4) A producer who is a member of a cooperative which has provided notice of its intent to approve or not to approve a proposed order, and who obtains a ballot and with such ballot expresses his or her approval or disapproval of the proposed order, shall notify the Commission as to the name of the cooperative of which he or she is a member, and the Commission shall remove such producer's

name from the list certified by such cooperative with its corporate vote.

(5) In order to ensure that all milk producers are informed regarding a proposed order, the Commission shall notify all milk producers that an order is being considered and that each producer may register his or her approval or disapproval with the Commission either directly or through his or her cooperative.

"§ 14. Termination of over-order price or marketing order.

(a) The Commission shall terminate any regulations establishing an over-order price or commission marketing order issued under this Article whenever it finds that such order or price obstructs or does not tend to effectuate the declared policy of this compact.

(b) The Commission shall terminate any regulations establishing an over-order price or a commission marketing order issued under this Article whenever it finds that such termination is favored by a majority of the producers who, during a representative period determined by the Commission, have been engaged in the production of milk, the price of which is regulated by such order; but such termination shall be effective only if announced on or before such date as may be specified in such marketing agreement or order.

(c) The termination or suspension of any order or provision thereof, shall not be considered an order within the meaning of this Article and shall require no hearing, but shall comply with the requirements for informal rule making prescribed by Section 4 of the Federal Administrative Procedure Act, as amended (5 U.S.C. § 553).

ARTICLE VI. Enforcement

"§ 15. Records, reports, access to premises.

(a) The Commission may by rule and regulation prescribe record keeping and reporting requirements for all regulated persons. For purposes of the administration and enforcement of this compact, the Commission may examine the books and records of any regulated person relating to his or her milk business and for that purpose, the Commission's properly designated officers, employees, or agents shall have full access during normal business hours to the premises and records of all regulated persons.

(b) Information furnished to or acquired by the Commission officers, employees, or its agents pursuant to this section shall be confidential and not subject to disclosure except to the extent that the Commission deems disclosure to be necessary in any administrative or judicial proceeding involving the administration or enforcement of this compact, an over-order price, a compact marketing order, or other regulations of the Commission. The Commission may adopt rules further defining the confidentiality of information pursuant to this section. Nothing in this section shall be deemed to prohibit (i) the issuance of general statements based upon the reports of a number of handlers, which do not identify the information furnished by any person, or (ii) the publication by direction of the Commission of the name of any person violating any regulation of the Commission, together with a statement of the particular provisions violated by such person.

(c) No officer, employee, or agent of the Commission shall intentionally disclose information, by inference or otherwise, that is made confidential pursuant to this section. Any person violating the provisions of this section shall, upon conviction, be subject to a fine of not more than one thousand dollars ($1,000) or to imprisonment for not more than one year, or both, and shall be removed from office. The Commission shall refer any allegation of a violation of this section to the appropriate state enforcement authority or United States Attorney.

"§ 16. Subpoena, hearings, and judicial review.

(a) The Commission is hereby authorized and empowered by its members and its properly designated officers to administer oaths and issue subpoenas throughout all signatory states to compel the attendance of witnesses and the giving of testimony and the production of other evidence.

(b) Any handler subject to an order may file a written petition with the Commission stating that any order or any provision of any such order or any obligation imposed in connection therewith is not in accordance with law and praying for a modification thereof or to be exempted therefrom. The handler shall thereupon be given an opportunity for a hearing upon such petition, in accordance with regulations made by the Commission. After such hearing, the Commission shall make a ruling upon the prayer of such petition which shall be final, if in accordance with law.

(c) The district courts of the United States in any district in which the handler is an inhabitant, or has his or her principal place of business, are hereby vested with jurisdiction to review such ruling, provided a complaint for that purpose is filed within 30 days from the date of the entry of the ruling. Service of process in these proceedings may be had upon the Commission by delivering to it a copy of the complaint. If the court determines that the ruling is not in accordance with law, it shall remand such proceedings to the Commission with directions either (i) to make such ruling as the court shall determine to be in accordance with law, or (ii) to take such further proceedings as, in its opinion, the law requires. The pendency of proceedings instituted pursuant to this subdivision shall not impede, hinder, or delay the Commission form obtaining relief pursuant to Section 17. Any proceedings brought pursuant to Section 17, except where brought by way of counterclaim in proceedings instituted pursuant to this section, shall abate whenever a final decree has been rendered in proceedings between the same parties, and covering the same subject matter, instituted pursuant to this section.

"§ 17. Enforcement with respect to handlers.

(a) Any violation by a handler of the provisions of regulation establishing an over-order price or a commission marketing order, or other regulations adopted pursuant to this compact shall:

(1) Constitute a violation of the laws of each of the signatory states. Such violation shall render the violator subject to a civil penalty in an amount as may be prescribed by the laws of each of the participating states, recoverable in any state or federal court of

competent jurisdiction. Each day such violation continues shall constitute a separate violation.

(2) Constitute grounds for the revocation of license or permit to engage in the milk business under the applicable laws of the participating states.

(b) With respect to handlers, the Commission shall enforce the provisions of this compact, regulations establishing an over-order price, a commission marketing order or other regulations adopted hereunder by:

(4) The transfer of surface waters between river basins in the State (S.B. 947 - Cochrane). Commission should be authorized to issue special orders to remedy violations of laws or rules regulating transfers.

(5) The feasibility and desirability of establishing a voluntary education program designed to educate members of the public who maintain residential lawns or gardens concerning the impact nutrients and pesticides have on the environment of the State, the responsible use of nutrients and pesticides, and ways to reduce excessive inputs of nutrients and pesticides into the surface and groundwaters of the State (Albertson). In conjunction with this study, the Environmental Review Commission may study the feasibility and desirability of directing the North Carolina Cooperative Extension Service to develop and implement such a voluntary education program.

The study shall evaluate the costs and benefits of expanding the program, including the benefits resulting from a reduction in the likelihood that those counties will not meet the national ambient air quality standards

for ozone and carbon monoxide in the future, thereby incurring the restrictions on industries, power plants, vehicles, and other activities that apply to nonattainment counties. Beginning 1 January 1998, the Environmental Management Commission shall report its findings, recommendations, and any legislative proposals regarding the matters to be evaluated pursuant to this section to the Environmental Review Commission as part of the quarterly report the Environmental Management Commission is required to make to the Environmental Review Commission by G.S. 143B-282(b).

"**§ 120-70.107. Organization of Committee.**

(a) The President Pro Tempore of the Senate and the Speaker of the House of Representatives shall each designate a cochair of the Revenue Laws Study Committee. The Committee shall meet upon the joint call of the cochairs.

Section 15.1. The Joint Legislative Transportation Oversight Committee may study the following issues:

(1) Truck width and length, including the effect on highway safety and traffic engineering (H.B. 142 - Transportation Committee). (2) Ways to improve the safety of the operation of trucks in North Carolina and to increase the safety of tires on all motor vehicles (H.B. 142 - Transportation Committee). The study shall include the following:

a. Truck inspection violations, including operation of a truck without a required inspection sticker;

b. Increased penalties for brake safety violations, including strengthening penalties for second or subsequent offenses;

c. The need for additional inspectors to follow up on truck safety violations;

d. Measures necessary to ensure that trucks and other vehicles are equipped with tires that are safe for the operation of the motor vehicle and that do not expose the public to needless hazard;

e. The potential benefit of a commercial graduated drivers license to ensure that a person would have both instruction and experience before obtaining a commercial drivers license;

f. Effective enforcement of existing highway safety laws regarding speeding in highway work zones and properly securing loads of gravel, rock, or similar substances on trucks, trailers, or other vehicles;

g. The use and potential effectiveness of water and physical element deflectors in reducing truck accidents; and

h. The methods of removing unsafe vehicles from the public roads, including authorizing law enforcement officers to order that a vehicle be towed from the highway if the officer determines that the continued operation of the vehicle would constitute a hazard to the motoring public.

(3) Encouraging the growth of the trucking industry in North Carolina through increased truck registrations (S.B. 886 - Jordan; H.B. 1096 - Hiatt). The study may include:
a. The feasibility of removing the highway use tax on vehicles with a gross weight rating of more than 26,000 pounds;

c. Eliminate the stacking of overweight penalties by restricting the penalties so that they do not exceed the highest axle-group weight that exceeds the allowable limits rather than assessing separate penalties for each axle-group and stacking those penalties for the same weight violations.

(4) Unpaved secondary roads in North Carolina (S.B. 431 - Odom). The Committee may study the history, the current paving and maintenance programs, and any plans for the future paving and maintenance of secondary roads on the State secondary road system and those not currently on the State system or provided for in existing statutory or administrative programs.
