"§ 105-328. Listing, appraisal, and assessment of property subject to taxation by cities and towns situated in more than one county.

(a) ~~For~~ Except as provided in subsection (a1) of this section, for purposes of municipal taxation, all property subject to taxation by a city or town situated in two or more counties may, by resolution of the governing body of the municipality, be listed, appraised, and assessed as provided in G.S. 105-326 and 105-327 if, in such a case, in the opinion of the governing body, the same appraisal and assessment standards will thereby apply uniformly throughout the municipality. However, if, in such a case, the governing body ~~shall determine~~ determines that adoption of the

appraisals and assessments fixed by the counties will not result in uniform appraisals and assessments throughout the municipality, the governing body may, by horizontal adjustments, equalize the appraisal and assessment values fixed by the counties in order to obtain the required uniformity. Taxes levied by the city or town shall be levied uniformly on the assessments so determined.

(a1) This section does not apply to assessments of property that differ in any of the counties in which the city or town is located because of a local option adjustment in the homestead exclusion under G.S. 105-277.1(a1).

(b) Should the governing body of a city or town situated in two or more counties not adopt the procedure provided in subsection ~~(a), above,~~ (a) of this section, all property subject to taxation by the municipality shall be listed, appraised, and assessed as provided in subdivisions (b)(1) through (b)(6), below.

Whenever a vacancy occurs in the office, the governing body shall appoint a qualified person to serve as municipal assessor for the period of the unexpired term. Persons holding the position of municipal assessor on July 1, 1971, shall be deemed qualified to fill the position. A person appointed as a municipal assessor shall meet the qualifications and requirements set for a county assessor under G.S. 105-294.

(2) With the approval of the governing body, a municipal assessor may employ testers, appraisers, and clerical assistants necessary to carry out the listing, appraisal, assessing, and billing functions required by law.

(3) A municipal assessor and the persons employed by him have the same powers and duties as their county equivalents with respect to property subject to taxation by a city or town.

(4) The governing body shall, with respect to property subject to city or town taxation, be vested with the powers and duties vested by this Subchapter in boards of county commissioners and boards of equalization and review. Appeals may be taken from the municipal board of equalization and review or governing body to the Property Tax Commission in the manner provided in this Subchapter for appeals from county boards of equalization and review and boards of county commissioners.

(5) All expenses incident to the listing, appraisal, and assessment of property for the purpose of city or town taxation shall be borne by the municipality for whose benefit the work is undertaken.

(6) The intent of this subsection (b) is to provide cities and towns that are situated in two or more counties with machinery for listing, appraising, and assessing property for municipal taxation equivalent to that established by this Subchapter for counties. The powers to be exercised by, the duties imposed on, and the possible penalties against municipal governing bodies, boards of equalization and review, assessors, and persons employed by an assessor shall be the same as those provided in this Subchapter by, on, or against county boards of commissioners, boards of equalization and review, assessors, and persons employed by an assessor."

Section 6. The amendment set out in Section 2 of this act shall be submitted to the qualified voters of the State at the first statewide primary election to be held in 2000. The election shall be conducted under the laws then governing elections in the State. Ballots, voting systems, or both may be used in accordance with Chapter 163 of the General Statutes. The question to be used in the voting systems and ballots shall be:

"[ ] FOR [ ] AGAINST

Constitutional amendment authorizing the General Assembly to allow counties to (1) increase the property tax exemption for a residence owned by a low-income elderly or disabled person and (2) raise the definition of 'low-income' so more elderly and disabled persons can qualify for the exemption."

Section 7. If a majority of the votes cast on the question are in favor of the amendment set out in Section 2 of this act, the State Board of Elections shall certify the amendment to the Secretary of State. The amendment becomes effective upon this certification. The Secretary of State shall enroll the amendment so certified among the permanent records of that office.

Section 8. The catch line of G.S. 105-277.1 reads as rewritten:

"**§ 105-277.1. Property ~~classified for taxation at reduced valuation.~~ tax homestead exclusion.**"

Section 9. The catch line of G.S. 105-277.1A reads as rewritten:

"**§ 105-277.1A. Property ~~classified for taxation at reduced valuation; duties of tax collectors;~~ tax homestead exclusion; reimbursement of localities for portion of tax lost.**"

Section 10. Section 1 of this act becomes effective for taxes imposed for taxable years beginning on or after July 1, 1999. Sections 3, 4, and 5 of this act become effective only if the constitutional amendment proposed by Section 2 of this act is approved as provided in Sections 6 and 7 of this act. If the constitutional amendment is approved, Sections 3, 4, and 5 of this act become effective when the State Board of Elections certifies the amendment to the Secretary of State. PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: North Carolina Department of Revenue, cities and counties.

EFFECTIVE DATE: Effective for taxable years beginning on or after July 1, 1999.
* See Note in Assumptions and Methodology.

SUMMARY: The proposal increases the Homestead Property Tax Exemption income eligibility threshold to $20,000. The localities will be responsible for the entire revenue loss. The bill also authorizes a statewide vote to allow counties to increase the exemption, at their own cost. The vote will take place at the first primary election in 2000. If the option passes statewide the counties can increase the exemption locally, should they choose to do so.

ASSUMPTIONS AND METHODOLOGY: The Homestead Exemption is a partial exemption from property taxes for the residence of a person who is aged 65 or older, or totally disabled, and who has an income of less than $15,000. The exemption amount was last increased in 1996, when it was increased from $15,000 to $20,000 effective July 1, 1997. Before then the exemption was last increased in 1993 from $12,000 to $15,000. The income eligibility amount was last increased in 1996, when it was increased from $11,000 to $15,000. Before then the income threshold had last been increased in 1987, when it was increased from $10,000 to $11,000.

The proposal increases the Homestead Property Tax Exemption income eligibility threshold from $15,000 to $20,000. The localities will absorb the entire cost.

The current annual cost of the Homestead Exemption program is approximately $26 million. That cost is divided between the state and the localities. History indicates that approximately

80% of the total cost is related to the property exemption and 20% is related to the income requirement. The proposal increases the income threshold by 33.4%. If 20% of the cost of the program is devoted to the income threshold or $5.2 million ($26 million x 20%), then a 33.4 7% increase in the threshold equals $1.8 million ($5.2 million x 33.4%). An additional adjustment of $0.2 million was added to account for the disproportionate number of elderly that receive between $15,000 and $20,000 annually.

Note: The estimated local losses associated with the bill provide only a minimum for the out years. If the concept is approved by voters statewide, localities could take action to further increase the exemption and/or the income threshold. In that case, the revenue loss would grow as a direct result of the act of individual counties.

EXPLANATION OF SENATE BILL 421 (PCS)
Homestead Property Tax Exemption

TO: House Finance Committee
FROM: Martha H. Harris, Staff Attorney
DATE: December 8, 1997
SPONSOR: Senator Cooper

The proposed committee substitute for Senate Bill 421 make two changes related to the Property Tax Homestead Exemption. First, it raises the income ceiling for qualifying for the exemption from $15,000 to $20,000 effective with the 1999-2000 property tax year. Second, it authorizes a constitutional amendment to be considered by the voters in the 2000 primary that would give counties the option of increasing the property tax homestead exemption amount and the property tax homestead income ceiling amount above the Statewide amounts set by the General Assembly. A constitutional amendment is necessary because the constitution requires property tax classifications to be uniform statewide.

The homestead exemption is a partial exemption from property taxes for the residence of a person who is at least 65 years old or totally disabled and has an income of less than $15,000. The current homestead exemption amount is $20,000. The income used to determine the income eligibility amount includes moneys received from every source other than gifts or inheritances received from a spouse, lineal ancestor, or lineal descendant. For married applicants residing with their spouses, the income of both spouses is included, whether or not the property is in both names.

The State reimburses local governments for part of their revenue loss due to the homestead exemption. This bill provides no reimbursement for losses due to the increase in the income ceiling or due to the local option increases counties may enact if the constitutional amendment is adopted.

Section 2 of Article V of the North Carolina Constitution authorizes the General Assembly to classify property for taxation on a Statewide basis. Property that is classified must be taxed by a general law that is uniformly applicable in every city, county, or other local government unit. Section 2 of the bill proposes an amendment to this section of the Constitution to give the General Assembly the authority to permit counties, on a local option basis, to adopt a higher homestead exemption amount and to apply higher maximum income levels for eligibility than are authorized by the General Assembly on a uniform, Statewide basis. Counties would not have the option of reducing the homestead exemption amount or the income eligibility amount lower than the amounts set by statute. The proposed constitutional amendment would be submitted to the voters in the Statewide primary election in 2000.

The exemption amount was last increased in 1996, when it was increased from $15,000 to $20,000 effective July 1, 1997. The exemption amount had last been increased in 1993 from $12,000 to $15,000. The income eligibility amount was last increased in 1996, when it was increased from $11,000 to $15,000 effective July 1, 1997. Before then, the income threshold had last been increased in 1987, when it was increased from $10,000 to $11,000.

The bill makes conforming changes to implement the constitutional amendment. Section 3 establishes the procedure for county commissioners to adopt a resolution increasing the amount of the exclusion and the maximum income threshold for the homestead exemption greater than the amounts set in G.S. 105-277.1(a). It also authorizes the Board to repeal or reduce any such increase, as long as the reduction is not below the uniform Statewide limits. Section 4 authorizes notice of the adopted levels. Section 5 would provide that for municipalities that lie in two or more counties, the municipalities may not adjust values because of different homestead exclusions adopted by the various counties. These statutory changes would be effective only if the constitutional amendment is approved by the voters. The increase in the income ceiling from $15,000 to $20,000 becomes effective whether or not the constitutional amendment is adopted.

Historically, local governments have borne most of the cost of the property tax homestead exemption. The homestead exemption was created in 1972. In 1982, the General Assembly established a mechanism for the State to reimburse cities and counties for a percentage of the revenue loss from the homestead exemption. From 1982 until 1985, the State reimbursed local governments for 15% of their loss. From 1985 until 1987, the State reimbursed local governments for 35% of the cost of the homestead exemption. From 1987 to 1991, the State reimbursed counties and cities for 50% of their losses from the homestead exemption. In 1991, the General Assembly froze the amount of reimbursements made to local governments to the amount each city and county was entitled to receive in 1991. That amount is approximately $7.9 million. No additional reimbursement was provided when the exemption amount was increased in 1993. When the homestead exemption was expanded in 1996, the General Assembly provided that, in addition to the existing $7.9 million reimbursement, the State would, for two years, reimburse local governments for one-half of the revenue loss attributable to the 1996 changes.

A BILL TO BE ENTITLED

AN ACT TO AMEND THE CONSTITUTION OF NORTH CAROLINA TO AUTHORIZE THE GENERAL ASSEMBLY TO ENACT LEGISLATION LIMITING THE VALUATION OF REAL PROPERTY FOR PROPERTY TAX PURPOSES TO ITS APPRAISED VALUE ON THE 2000-01 TAX BILL AND TO ADJUST THE APPRAISED VALUE TO REFLECT ITS SALES PRICE WHEN IT IS SOLD.

The General Assembly of North Carolina enacts:

Section 1. Section 2 of Article V of the North Carolina Constitution is amended by adding a new subdivision to read:

"(9) Property valuation. -- Notwithstanding any other provision of this Section, the fair market value of property for property tax purposes is the county assessor's valuation of real property as shown on the 2000-01 tax bill or, thereafter, the appraised value of real property when purchased, newly constructed, or a change in ownership has occurred after the 2000 assessment. All real property not already assessed up to the 2000-01 fair market value may be reassessed to reflect that valuation.

The fair market value base may reflect from year to year the inflationary rate not to exceed two percent (2%) for any given year or reduction as shown in the consumer price index or comparable data for the area under taxing jurisdiction, or may be reduced to reflect substantial damage, destruction, or other factors causing a decline in value."

Section 2. The amendment set out in Section 1 of this act shall be submitted to the qualified voters of the State at the general election in November 1998. The election shall be conducted under the laws then governing elections in the State. Ballots, voting systems, or both may be used in accordance with Chapter 163 of the General Statutes. The question to be used in the voting systems and ballots shall be:

"[ ] FOR [ ] AGAINST

Constitutional amendment authorizing the General Assembly to set the fair market value of property for property tax purposes as the property's fair market value as shown on the 2000-01 tax bill or, thereafter, the appraised value of real property when purchased, newly constructed, or a change in ownership has occurred after the 2000 assessment. The fair market value base may reflect from year to year the inflationary rate not to exceed two percent (2%) for any given year."

Section 3. If a majority of the votes cast on the question are in favor of the amendment set out in Section 1 of this act, the State Board of Elections shall certify the amendment to the Secretary of State. The amendment becomes effective upon this certification. The Secretary of State shall enroll the amendment so certified among the permanent records of that office.

Section 4. This act is effective when it becomes law.

A BILL TO BE ENTITLED

AN ACT TO INCREASE THE PROPERTY TAX HOMESTEAD EXEMPTION INCOME THRESHOLD TO TWENTY THOUSAND DOLLARS WITH FIFTY PERCENT REIMBURSEMENT TO LOCAL GOVERNMENTS FOR THE RESULTING REVENUE LOSS, AND TO AMEND THE CONSTITUTION OF NORTH CAROLINA, IF APPROVED BY THE VOTERS IN THE 2000 GENERAL ELECTION, TO AUTHORIZE THE GENERAL ASSEMBLY TO ENACT LEGISLATION ALLOWING EACH COUNTY TO (I) INCREASE THE AMOUNT OF THE PROPERTY TAX HOMESTEAD EXEMPTION FOR LOW-INCOME ELDERLY AND DISABLED INDIVIDUALS IN THAT COUNTY AND (II) RAISE THE DEFINITION OF "LOW-INCOME" SO THAT MORE ELDERLY AND DISABLED INDIVIDUALS CAN QUALIFY FOR THE EXEMPTION.

The General Assembly of North Carolina enacts:

Section 1. (a) G.S. 105-277.1(a)(2) reads as rewritten:

"(2) Has an income for the preceding calendar year of not more than ~~fifteen thousand dollars ($15,000).~~ twenty thousand dollars ($20,000)."

(b) G.S. 105-309(f) reads as rewritten:

"(f) The following information shall appear on each abstract or on an information sheet distributed with the abstract. The abstract or sheet must include the address and

telephone number of the assessor below the notice required by this subsection. The notice shall read as follows:

'PROPERTY TAX RELIEF FOR ELDERLY AND PERMANENTLY DISABLED PERSONS.

North Carolina excludes from property taxes the first twenty thousand dollars ($20,000) in appraised value of a permanent residence owned and occupied by North Carolina residents aged 65 or older or totally and permanently disabled whose income does not exceed ~~fifteen thousand dollars ($15,000).~~ twenty thousand dollars ($20,000). Income means the owner's adjusted gross income as determined for federal income tax purposes, plus all moneys received other than gifts or inheritances received from a spouse, lineal ancestor or lineal descendant.

If you received this exclusion in (assessor insert previous year), you do not need to apply again unless you have changed your permanent residence. If you received the exclusion in (assessor insert previous year) and your income in (assessor insert previous year) was above ~~fifteen thousand dollars ($15,000),~~ twenty thousand dollars ($20,000), you must notify the assessor. If you received the exclusion in (assessor insert previous year) because you were totally and permanently disabled and you are no longer totally and permanently disabled, you must notify the assessor. If the person receiving the exclusion in (assessor insert previous year) has died, the person required by law to list the property must notify the assessor. Failure to make any of the notices required by this paragraph before April 15 will result in penalties and interest.

If you did not receive the exclusion in (assessor insert previous year) but are now eligible, you may obtain a copy of an application from the assessor. It must be filed by April 15.'"

(c) This section becomes effective for taxes imposed for taxable years beginning on or after July 1, 1999.

Section 2. Section 2 of Article V of the North Carolina Constitution is amended by adding a new subsection to read:

"(8) Property tax homestead exclusion. If the General Assembly enacts legislation classifying and excluding from ad valorem taxation part of the value of the residence of each elderly or disabled individual whose income is below a maximum amount and who satisfies other conditions, the General Assembly may, notwithstanding subsection (2) of this section, enact a general law uniformly applicable throughout the State authorizing each county to increase the portion of a classified residence's value that is excluded in that county and to increase the maximum income threshold to qualify for the exclusion in that county."

Section 3. G.S. 105-277.1 is amended by adding a new subsection to read:

"(a1) Local Option Increase. -- The board of commissioners of a county may, by resolution, increase the amount of the exclusion provided in subsection (a) of this section, increase the maximum income threshold provided in subdivision (a)(2) of this section, or both. An increase adopted under this subsection shall apply uniformly within the county. The board of commissioners of a county may, by

resolution, repeal or reduce an increase adopted under this subsection, but may not reduce the exclusion or the income threshold provided in subsection (a) of this section. A resolution changing the exclusion amount or the income threshold within a county pursuant to this subsection shall become effective no earlier than for the taxable year beginning July 1 following adoption of the resolution."

Section 4. G.S. 105-309(f), as amended by Section 1 of this act, reads as rewritten:

"(f) The following information shall appear on each abstract or on an information sheet distributed with the abstract. If the county has increased the exclusion amount or the income threshold pursuant to G.S. 105-277.1(a1), the assessor shall substitute the applicable dollar amounts. The abstract or sheet must include the address and telephone number of the assessor below the notice required by this subsection. The notice shall read as follows:

'PROPERTY TAX RELIEF FOR ELDERLY AND PERMANENTLY DISABLED PERSONS.

North Carolina excludes from property taxes the first twenty thousand dollars ($20,000) in appraised value of a permanent residence owned and occupied by North Carolina residents aged 65 or older or totally and permanently disabled whose income does not exceed twenty thousand dollars ($20,000). Income means the owner's adjusted gross income as determined for federal income tax purposes, plus all moneys received other than gifts or inheritances received from a spouse, lineal ancestor or lineal descendant.

If you received this exclusion in (assessor insert previous year), you do not need to apply again unless you have changed your permanent residence. If you received the exclusion in (assessor insert previous year) and your income in (assessor insert previous year) was above twenty thousand dollars ($20,000), you must notify the assessor. If you received the exclusion in (assessor insert previous year) because you were totally and permanently disabled and you are no longer totally and permanently disabled, you must notify the assessor. If the person receiving the exclusion in (assessor insert previous year) has died, the person required by law to list the property must notify the assessor. Failure to make any of the notices required by this paragraph before April 15 will result in penalties and interest.

If you did not receive the exclusion in (assessor insert previous year) but are now eligible, you may obtain a copy of an application from the assessor. It must be filed by April 15.'"

Section 4.1. G.S. 105-277.1A is amended by adding two new subsections to read:

"(a2) On December 1, 1999, the tax collector of each county and the tax collector of each city shall furnish to the Secretary of Revenue a list containing the name and address of each taxpayer who has qualified in that year for the exemption provided in G.S. 105-277.1 and whose income was above fifteen thousand dollars ($15,000). On the list, the tax collector shall provide for each name the total amount of property

exempted, the tax rate the property is subject to, and the product obtained by multiplying the tax rate by the amount of property. The list shall be accompanied by an affidavit attesting to the accuracy of the list and shall be on a form prescribed by the Secretary of Revenue.

(d2) Before May 31, 2000, the Secretary of Revenue shall distribute to the county or city fifty percent (50%) of the total for each list provided the preceding December 1 pursuant to subsection (a2) of this section of the product obtained by multiplying the applicable tax rate times the amount listed for each taxpayer. Each year thereafter, on or before May 31, the Secretary of Revenue shall pay to each county and city the amount it received under this subsection in 2000."

Section 5. G.S. 105-328 reads as rewritten:

"**§ 105-328. Listing, appraisal, and assessment of property subject to taxation by cities and towns situated in more than one county.**

(a) ~~For~~ Except as provided in subsection (a1) of this section, for purposes of municipal taxation, all property subject to taxation by a city or town situated in two or more counties may, by resolution of the governing body of the municipality, be listed, appraised, and assessed as provided in G.S. 105-326 and 105-327 if, in such a case, in the opinion of the governing body, the same appraisal and assessment standards will thereby apply uniformly throughout the municipality. However, if, in such a case, the governing body ~~shall determine~~ determines that adoption of the appraisals and assessments fixed by the counties will not result in uniform appraisals and assessments throughout the municipality, the governing body may, by horizontal adjustments, equalize the appraisal and assessment values fixed by the counties in order to obtain the required uniformity. Taxes levied by the city or town shall be levied uniformly on the assessments so determined.

(a1) This section does not apply to assessments of property that differ in any of the counties in which the city or town is located because of a local option adjustment in the homestead exclusion under G.S. 105-277.1(a1).

(b) Should the governing body of a city or town situated in two or more counties not adopt the procedure provided in subsection ~~(a), above,~~ (a) of this section, all property subject to taxation by the municipality shall be listed, appraised, and assessed as provided in subdivisions (b)(1) through (b)(6), below.

(1) The governing body of the city or town shall appoint a municipal assessor on or before the first Monday in July in each odd-numbered year. The governing body may remove the municipal assessor from office during his term for good cause after giving him notice in writing and an opportunity to appear and be heard at a public session of the appointing body. Whenever a vacancy occurs in the office, the governing body shall appoint a qualified person to serve as municipal assessor for the period of the unexpired term. Persons holding the position of municipal assessor on July 1, 1971, shall be deemed qualified to fill the position. A person appointed as a municipal assessor shall meet the

qualifications and requirements set for a county assessor under G.S. 105-294.

(2) With the approval of the governing body, a municipal assessor may employ testers, appraisers, and clerical assistants necessary to carry out the listing, appraisal, assessing, and billing functions required by law.

(3) A municipal assessor and the persons employed by him have the same powers and duties as their county equivalents with respect to property subject to taxation by a city or town.

(4) The governing body shall, with respect to property subject to city or town taxation, be vested with the powers and duties vested by this Subchapter in boards of county commissioners and boards of equalization and review. Appeals may be taken from the municipal board of equalization and review or governing body to the Property Tax Commission in the manner provided in this Subchapter for appeals from county boards of equalization and review and boards of county commissioners.

(5) All expenses incident to the listing, appraisal, and assessment of property for the purpose of city or town taxation shall be borne by the municipality for whose benefit the work is undertaken.

(6) The intent of this subsection (b) is to provide cities and towns that are situated in two or more counties with machinery for listing, appraising, and assessing property for municipal taxation equivalent to that established by this Subchapter for counties. The powers to be exercised by, the duties imposed on, and the possible penalties against municipal governing bodies, boards of equalization and review, assessors, and persons employed by an assessor shall be the same as those provided in this Subchapter by, on, or against county boards of commissioners, boards of equalization and review, assessors, and persons employed by an assessor."

Section 6. The amendment set out in Section 2 of this act shall be submitted to the qualified voters of the State at the statewide general election to be held in 2000. The election shall be conducted under the laws then governing elections in the State. Ballots, voting systems, or both may be used in accordance with Chapter 163 of the General Statutes. The question to be used in the voting systems and ballots shall be:

"[ ] FOR [ ] AGAINST

Constitutional amendment authorizing the General Assembly to allow counties to (1) increase the property tax exemption for a residence owned by a low-income elderly or disabled person and (2) raise the definition of 'low-income' so more elderly and disabled persons can qualify for the exemption."

Section 7. If a majority of the votes cast on the question are in favor of the amendment set out in Section 2 of this act, the State Board of Elections shall

certify the amendment to the Secretary of State. The amendment becomes effective upon this certification. The Secretary of State shall enroll the amendment so certified among the permanent records of that office.

Section 8. The catch line of G.S. 105-277.1 reads as rewritten:

"**§ 105-277.1. Property ~~classified for taxation at reduced valuation.~~ tax homestead exclusion.**"

Section 9. The catch line of G.S. 105-277.1A reads as rewritten:

"**§ 105-277.1A. Property ~~classified for taxation at reduced valuation; duties of tax collectors;~~ tax homestead exclusion; reimbursement of localities for portion of tax lost.**"

Section 10. Sections 1 and 4.1 of this act become effective for taxes imposed for taxable years beginning on or after July 1, 1999. Sections 3, 4, and 5 of this act become effective only if the constitutional amendment proposed by Section 2 of this act is approved as provided in Sections 6 and 7 of this act. If the constitutional amendment is approved, Sections 3, 4, and 5 of this act become effective when the State Board of Elections certifies the amendment to the Secretary of State. The remainder of this act is effective when it becomes law.

A BILL TO BE ENTITLED

AN ACT TO AMEND THE EXCISE TAX ON CONTROLLED SUBSTANCES.

Whereas, North Carolina enacted the Controlled Substances Tax Act in 1989 for the purpose of levying an excise tax to generate revenue for State and local law enforcement agencies and the General Fund and to collect taxes from persons engaged in a highly profitable activity that had escaped taxation; and

Whereas, the intent of the General Assembly in enacting this tax continues to be to raise revenue through a civil tax on this highly profitable activity; and

Whereas, the intent of the General Assembly in enacting this tax is not to create a criminal penalty, other than for nonpayment of the tax, above and beyond the criminal sanctions in the criminal code; and

Whereas, upon constitutional challenge on double jeopardy grounds by a defendant who had been assessed for the tax and also convicted of criminal drug charges, the North Carolina Court of Appeals held that the tax "was not predicated upon whether the taxpayer in possession of the controlled substance has been arrested or charged with criminal conduct, nor is it assessed on property that necessarily has been confiscated or destroyed"; and

Whereas, the court further held that the statute "is a legitimate and remedial effort to recover revenue from those persons who would otherwise escape taxation when engaging in the highly profitable, but illicit and sometimes deadly activity of possessing, delivering, selling, or manufacturing large quantities of

controlled drugs" and that the statute "does not have such fundamentally punitive characteristics as to render it violative of the prohibition against multiple punishments for the same offense contained in the Double Jeopardy Clause"; and

Whereas, that decision was affirmed on appeal to the North Carolina Supreme Court and not disturbed by the United States Supreme Court; and

Whereas, upon further challenge in the federal courts, the controlled substance tax has been found to be a criminal penalty, and a petition for certiorari is now pending in the United States Supreme Court; and

Whereas, according to law enforcement officials, the current market price of cocaine is approximately $100.00 per gram and hence the excise tax imposed herein is proportionately less than the tax imposed by the taxing authorities in many states upon cigarettes; and

Whereas, it is, therefore, the intent of the North Carolina General Assembly to modify the tax during the pendency of the appeal so that the tax may continue to be assessed in a manner consistent with the opinion now in effect, but to reinstate it as it read on January 12, 1998, if the United States Supreme Court reverses the lower court decision and finds the tax constitutional; and

Whereas, it is also the intent of the General Assembly that if the lower court decision is reversed, the higher tax rate should be reinstated; Now, therefore,

The General Assembly of North Carolina enacts:

Section 1. G.S. 105-113.107(a) reads as rewritten:

"(a) Controlled Substances. -- An excise tax is levied on controlled substances possessed, either actually or constructively, by dealers at the following rates:

(1) At the rate of forty cents (40¢) for each gram, or fraction thereof, of harvested marijuana stems and stalks that have been separated from and are not mixed with any other parts of the marijuana plant.

(1a) At the rate of three dollars and fifty cents ($3.50) for each gram, or fraction thereof, of marijuana, other than separated stems and stalks taxed under subdivision (1) of this section.

(1b) At the rate of fifty dollars ($50.00) for each gram, or fraction thereof, of cocaine.

(2) At the rate of two hundred dollars ($200.00) for each gram, or fraction thereof, of any other controlled substance that is sold by weight.

(2a) At the rate of fifty dollars ($50.00) for each 10 dosage units, or fraction thereof, of any low-street-value drug that is not sold by weight.

(3) At the rate of ~~four hundred dollars ($400.00)~~ two hundred dollars ($200.00) for each 10 dosage units, or fraction thereof, of any other controlled substance that is not sold by weight.

(a1) Weight. -- A quantity of marijuana or other controlled substance is measured by the weight of the substance whether pure or impure or dilute, or by dosage units when the substance is not sold by weight, in the dealer's possession. A quantity of a

controlled substance is dilute if it consists of a detectable quantity of pure controlled substance and any excipients or fillers."

Section 2. G.S. 105-113.110A reads as rewritten:

"**§ 105-113.110A. ~~Interest and penalty.~~ Administration.**

~~The tax due under this Article shall bear interest at the rate established pursuant to G.S. 105-241.1(i) from the date due until paid. In addition, a dealer who neglects, fails, or refuses to pay the tax due under this Article is liable for a penalty equal to fifty percent (50%) of the tax.~~ Article 9 of this Chapter applies to this Article."

Section 3. This act is effective when it becomes law. If the United States Supreme Court rules in Lynn, et al. v. West, et al. that the provisions of Article 2D of Chapter 105 of the General Statutes, as they existed on January 12, 1998, are constitutional, then Section 1 of this act is repealed effective on the date the United States Supreme Court's ruling is issued.

EXPLANATION OF SENATE BILL 1554
Modify Controlled Substance Tax

TO: House Finance Committee
FROM: Martha H. Harris, Staff Attorney
DATE: October 5, 1998
SPONSOR: Senator Rand

Senate Bill 1554 changes the controlled substance tax in two ways, effective when it becomes law:

1. It reduces certain tax rates of the excise tax on controlled substances, in order to remove features of the tax found unconstitutional by the United States Court of Appeals for the Fourth Circuit in Lynn v. West.
2. It removes the 50% penalty for failure to pay the tax and provides instead that interest and penalties for this tax will be the same as for all other taxes.

The purpose of the tax rate reductions is to remove features of the tax that caused the federal court to hold it unconstitutional. If these rate reductions have the effect of rendering the tax constitutional, then the State can collect the tax. If a court later holds that these rate reductions did not render the tax constitutional, the State could be required to refund taxes illegally collected or to rescind criminal drug prosecutions. The rate reductions appear to address the federal court's concerns but, because the federal court did not provide a clear test of what would make the tax constitutional, there remains some risk that the tax might later be invalidated again notwithstanding the rate reductions. The issues, outlined below, are complex.

In Lynn v. West, the federal court ruled that the controlled substance tax was, "in reality," a criminal penalty rather than a tax, and could not be enforced without all the criminal procedure safeguards guaranteed by the Fifth and Sixth Amendments of the United States Constitution. As a result of the Lynn case, the Department of Revenue was forced to stop collecting the tax on the date the opinion was issued, January 13, 1998. The Department of Revenue did not stop collecting the tax on illicit spirituous liquor, however. The United States Supreme Court declined the review the Lynn case, so it is now the controlling law.

The double jeopardy clause was not an issue in the Lynn case because only the federal government, not the State, had brought criminal charges against Lynn for illegal drug possession. The double jeopardy clause protects against successive prosecutions by the same sovereign, but not against prosecutions by

different sovereigns. The holding in the Lynn case that the tax is a criminal penalty means, however, that North Carolina would not be able to collect the tax from an individual and also prosecute the individual for a criminal drug violation. Therefore, the State was required to drop criminal charges against some drug defendants who had also been assessed the controlled substance tax.

The federal court in the Lynn case analyzed the tax under the United States Supreme Court's 1994 Kurth Ranch[1] case holding Montana's illegal drug tax unconstitutional because it was a second punishment, not a true tax, and thus violated the double jeopardy clause of the Fifth Amendment. In analyzing a civil measure to determine if it is in fact a criminal penalty, the court will look first at whether the legislature intended it as a civil penalty and second, even if it is so intended, whether it is so punitive either in purpose or in effect to transform it into a criminal penalty.[2] The Court in the Kurth Ranch case stated that the tax must be examined as a whole to determine whether it has crossed the line to becoming a criminal punishment. Neither a high rate of tax alone nor an obvious deterrent purpose alone would make a tax a criminal punishment, but these factors are significant, the Court ruled. The Court found both these factors present in the Montana law, as well as the fact that the tax was conditioned on the commission of a crime and had no relationship to lawful possession.

In the Lynn case, the federal court found that all four of these same factors were present in North Carolina's controlled substance tax: a high rate of tax, a deterrent purpose, application only to illegal activity, and no relationship to lawful possession. For this reason, the court ruled that North Carolina's controlled substance tax is a criminal penalty. This bill would lower the tax rates, and the civil penalty for failure to pay, in the hope of addressing the first factor, high rates. It would be difficult to address the deterrent purpose of the tax, its application only to illegal drug possession, or its lack of a relationship to legal position.

Nearly a kilogram of cocaine was seized from Lynn in 1993. The tax rate was $200 a gram, with a penalty equal to 100% of the tax.[3] Although no evidence of the value of cocaine had been offered, the court found that its market value was $25,000 a kilogram, which translates to $25 a gram. Thus, the court found the tax rate to be eight times the market value of the cocaine, which, when

[2] Hudson v. United States, 118 U.S. 488 (1997).
[3] The tax on marijuana is $3.50 a gram, except for separated stems and stalks, which are taxed at 40¢ a gram. The tax on "low-street-value" drugs is $50.00 for ten dosage units and the tax on other drugs not sold by weight is $400.00 for ten dosages units.

combined with the 100% tax penalty,[4] yielded a total tax that was sixteen times the market value of the cocaine. The tax rate in the Kurth Ranch case, by comparison, was eight times the market value of the drug. The Lynn court's concern with North Carolina's high tax rate was compounded by the fact that the full rate applies no matter how pure or dilute the controlled substance may be.

This bill provides a separate tax rate of $50 a gram for cocaine and changes the tax rate on drugs sold by dosage units from $400 to $200 per ten dosage units. Crack cocaine is sold in dosage units. The bill also reduces the 50% failure to pay penalty to 10%, to keep it in line with a pending reduction in the tobacco tax penalty. Based on the court's holding that cocaine's market value is $25 a gram, the proposed rate tax would be twice the market value; when the 10% penalty is added, the total would be only slightly more than twice the the market value. The bill does not address the court's concern that the same tax rate applies whether the substance is pure or dilute.

The General Assembly enacted the excise tax on controlled substances in 1989 as a means of generating revenue for State and local law enforcement agencies and for the General Fund. Under the law, a person who acquires illegal drugs is required to pay tax on them within 48 hours of acquiring possession if the tax has not already been paid as evidenced by a tax stamp. A person paying the tax is not required to disclose his or her identity and any information obtained in assessing the tax is confidential and cannot be used in a criminal prosecution other than a prosecution for failure to comply with the tax statute itself. Seventy-five percent of the revenue generated by assessments of the tax is distributed to the law enforcement agencies whose investigation led to the assessment. The remainder of the revenue is credited to the General Fund.

The North Carolina Court of Appeals upheld the constitutionality of the State's excise tax on controlled substances in 1996 and the North Carolina Supreme court affirmed March 7, 1997. Because the constitutionality of the tax depends on an interpretation of the federal constitution, the federal courts are not bound by the opinion of the North Carolina courts.

---

[4] The 100% penalty was reduced to 50% in 1995. The tobacco tax penalty was also 50% at that time. Senate Bill 1241, expected to be enacted this session, will reduce the tobacco tax penalty to 10% to bring it in line with other taxes.

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: Department of Revenue - Unauthorized Substance Tax Division

EFFECTIVE DATE: The act is effective when it becomes law.

BILL SUMMARY: This bill reinstates the excise tax on controlled substances, but reduces the tax rates.

BACKGROUND: The General Assembly enacted the excise tax on controlled substances in 1989 as a means of generating revenue for State and local law enforcement agencies and for the General Fund. Under the law, a person who acquires illegal drugs is required to pay tax on the drugs within 48 hours of acquiring possession if the tax has not already been paid as evidenced by a tax stamp. A person paying the tax is not required to disclose his or her identity and any information obtained in assessing the tax is confidential and cannot be used in a criminal prosecution other than a prosecution for failure to comply with the tax statute itself. Seventy-five percent of the revenue generated by assessments of the tax is distributed to the law enforcement agencies whose investigation led to the assessment. The remainder of the revenue is credited to the General Fund as a non-tax revenue.

In Lynn v. West, the United States Court of Appeals for the Fourth Circuit ruled that the controlled substance tax was, "in reality," a criminal penalty rather than a tax, and could not be enforced without all the criminal procedure safeguards guaranteed by the Fifth and Sixth Amendments of the United States Constitution. As a result of the Lynn case, the Department of Revenue was forced to stop collecting the tax on the date the opinion was issued, January 13, 1998. However, the Department of Revenue did not stop collecting the tax on illicit spirituous liquor.

The federal court in the Lynn case analyzed the tax under the United States Supreme Court's 1995 opinion holding Montana's illegal drug tax unconstitutional because it was a second punishment, not a true tax, and thus violated the double jeopardy clause of the Fifth Amendment. 970 grams of cocaine were seized from Lynn in 1993. The tax rate was $200 a gram, with a penalty equal to 100% of the tax.[1] The court concluded that the tax is a criminal penalty because the rate of tax appeared to be eight times the street value of the cocaine and, when combined with the 100% tax penalty[2], yielded a total tax that was sixteen times the street value of the cocaine. The court also based its ruling on the tax exemption for those who possess drugs legally and the tax's lack of a relationship to lawful possession.

The North Carolina Court of Appeals upheld the constitutionality of the State's excise tax on controlled substances in 1996 and the North Carolina Supreme Court affirmed March 7, 1997. Because the constitutionality of the tax depends on an interpretation of the federal constitution, the federal court in Lynn was not bound by the opinion of the North Carolina courts. The Department of Revenue is asked the United States Supreme Court to review and overturn the Lynn decision. On October 5, 1998, the U.S. Supreme Court let stand the federal appeals court ruling in Lynn.

ASSUMPTIONS AND METHODOLOGY:
The Department of Revenue has collected between $5 million and $6.5 million from the controlled substance tax each year since FY 1992-93. (see chart below)

	Assessments	Amount Collected
FY 92-93	3,406	$6,079,479
FY 93-94	4,230	$5,651,844
FY 94-95	4,984	$5,352,982
FY 95-96	5,026	$5,852,463
FY 96-97	6,096	$6,436,959
FY 97-98 (7 months)	3,036	$3,976,904

[1] The tax on marijuana is $3.50 a gram, except for separated stems and stalks, which are taxed at 40¢ a gram. The tax on "low-street-value" drugs is $50.00 for ten dosage units and the tax on other drugs not sold by weight is $400.00 for ten dosages units.
[2] The 100% penalty was reduced to 50% in 1995. The tobacco tax penalty is also 50%.

Before the court ruling, the Department was on pace to collect $8.3 million in FY 1997-98. The Department of Revenue's Director of the Unauthorized Substance Division had no explanation for the increase. If the program were renewed, the Director projected future year collections would average $6 to $7 million per year based on the previous tax rates. This fiscal note will assume the midpoint of this range or $6.5 million.

The controlled substance tax program ended in January 1998 except for voluntary installment payments, garnishment payments, and collections from those waiving their Lynn v. West created rights. Based on the court ruling, future year budget and revenue projections assume no collections from the controlled substance tax. With SB 1554, the controlled substance taxes are reinstated and the resulting tax collections are considered new revenue from a tax estimating standpoint. The Department of Revenue estimates a decline in revenues of 15% to 20% based on the lower tax rates in SB 1554. This estimate is based on the fact that half of the tax collection is from marijuana, which is unchanged, and the remaining half is from cocaine and other drugs. Applying a 20% reduction to the previous law collection rate of $6.5 million yields $5.2 million in annual controlled substance tax revenue. Of this amount, $3.9 million will go to law enforcement agencies (75%) and $1.3 million will go to the General Fund (25%). Due to the delay in passage of SB 1554, it is anticipated that the Department of Revenue would be unable to restart drug tax collections until January 1, 1999 and thus FY 1998-99 revenues will be half the annual estimate.

A BILL TO BE ENTITLED

AN ACT TO AMEND THE EXCISE TAX ON CONTROLLED SUBSTANCES.

Whereas, North Carolina enacted the Controlled Substances Tax Act in 1989 for the purpose of levying an excise tax to generate revenue for State and local law enforcement agencies and the General Fund and to collect taxes from persons engaged in a highly profitable activity that had escaped taxation; and

Whereas, the intent of the General Assembly in enacting this tax continues to be to raise revenue through a civil tax on this highly profitable activity; and

Whereas, the intent of the General Assembly in enacting this tax is not to create a criminal penalty, other than for nonpayment of the tax, above and beyond the criminal sanctions in the criminal code; and

Whereas, upon constitutional challenge on double jeopardy grounds by a defendant who had been assessed for the tax and also convicted of criminal drug charges, the North Carolina Court of Appeals held that the tax "was not predicated upon whether the taxpayer in possession of the controlled substance has been arrested or charged with criminal conduct, nor is it assessed on property that necessarily has been confiscated or destroyed"; and

Whereas, the court further held that the statute "is a legitimate and remedial effort to recover revenue from those persons who would otherwise escape taxation when engaging in the highly profitable, but illicit and sometimes deadly

activity of possessing, delivering, selling, or manufacturing large quantities of controlled drugs" and that the statute "does not have such fundamentally punitive characteristics as to render it violative of the prohibition against multiple punishments for the same offense contained in the Double Jeopardy Clause"; and

Whereas, that decision was affirmed on appeal to the North Carolina Supreme Court and not disturbed by the United States Supreme Court; and

Whereas, upon further challenge in the federal courts, the controlled substance tax was found in 1998 to be a criminal penalty, and the United States Supreme Court let the federal ruling stand; and

Whereas, according to law enforcement officials, the current market price of cocaine is approximately $100.00 per gram and hence the excise tax rate proposed by this act is proportionately less than the tax imposed by the taxing authorities in many states upon cigarettes; and

Whereas, it is, therefore, the intent of the North Carolina General Assembly to modify the tax in accordance with the recent federal court ruling, so that the tax may continue to be assessed in a manner consistent with the law as interpreted by the federal courts; Now, therefore,

The General Assembly of North Carolina enacts:

Section 1. G.S. 105-113.107(a) reads as rewritten:

"(a) Controlled Substances. -- An excise tax is levied on controlled substances possessed, either actually or constructively, by dealers at the following rates:

(1) At the rate of forty cents (40¢) for each gram, or fraction thereof, of harvested marijuana stems and stalks that have been separated from and are not mixed with any other parts of the marijuana plant.

(1a) At the rate of three dollars and fifty cents ($3.50) for each gram, or fraction thereof, of marijuana, other than separated stems and stalks taxed under subdivision (1) of this section.

(1b) At the rate of fifty dollars ($50.00) for each gram, or fraction thereof, of cocaine.

(2) At the rate of two hundred dollars ($200.00) for each gram, or fraction thereof, of any other controlled substance that is sold by weight.

(2a) At the rate of fifty dollars ($50.00) for each 10 dosage units, or fraction thereof, of any low-street-value drug that is not sold by weight.

(3) At the rate of ~~four hundred dollars ($400.00)~~ two hundred dollars ($200.00) for each 10 dosage units, or fraction thereof, of any other controlled substance that is not sold by weight.

(a1) Weight. -- A quantity of marijuana or other controlled substance is measured by the weight of the substance whether pure or impure or dilute, or by dosage units when the substance is not sold by weight, in the dealer's possession. A quantity of a controlled substance is dilute if it consists of a detectable quantity of pure controlled substance and any excipients or fillers."

Section 2. G.S. 105-113.110A reads as rewritten:

"**§ 105-113.110A. ~~Interest and penalty.~~ Administration.**

~~The tax due under this Article shall bear interest at the rate established pursuant to G.S. 105-241.1(i) from the date due until paid. In addition, a dealer who neglects, fails, or refuses to pay the tax due under this Article is liable for a penalty equal to fifty percent (50%) of the tax.~~ Article 9 of this Chapter applies to this Article."

Section 3. This act is effective when it becomes law.

TO: Members of the General Assembly.

RE: Judge Howard Manning's Decision in *Winborne v. Easley*.

Yesterday, Judge Howard Manning of Wake County Superior Court announced a decision to invalidate a portion of G.S. 163-278.13B, the statute that limits contributions from lobbyists and lobbyist-connected political committees while the General Assembly is in regular session. The effect of his decision is that:

- Legislators and legislative candidates will still be barred while the session lasts from soliciting or receiving contributions from lobbyists or their PACs personally; but
- Political committees whose purpose is to assist a legislator or legislative candidate will not be barred.

Judge Manning is expected to sign and enter his order today.

The order enters a summary judgment in the lawsuit of Vaughan Winborne Jr., a non-incumbent candidate for House District 92. Mr. Winborne filed his lawsuit Friday, October 2. He alleged that the statute was an infringement on the First Amendment rights of himself and other non-incumbent candidates for the General Assembly, as well as lobbyists and PACs desiring to contribute to non-incumbent candidates. Limiting contributions could only be done if narrowly tailored to meet a compelling state interest, he said. The prevention of "influence peddling" might be a compelling state interest, he said, but extending the ban to challengers exceeded the purpose. Moreover, he said, the statute gave incumbent candidates control over how long the ban would extend because they had control over how long the session would last. If the session lasted much longer, the ban on lobbyist/PAC contributions would be a total one, because the election is only a month away. Because of the importance of time, Mr. Winborne asked the court to grant a preliminary injunction against the enforcement of the statute against challengers.

The State, represented by the Attorney General, argued that there is a compelling state interest in preventing corruption or the appearance of corruption. They said the statute is narrowly tailored to prevent those things because it attempts to remove those with an interest in legislation, i.e., lobbyists and their PACs, from funding legislative races while legislators are in session making decisions on legislation. Legislators and candidates may solicit and receive contributions from non-lobbyists while the legislature is in session. Moreover, incumbent legislators are at least as burdened by the ban as challengers, the State said, and perhaps more, since incumbents typically get more of their money from PACs than challengers do. No one incumbent has the power to end the session. The State further argued that any change in the law would add to the disruption the election process has already suffered this year.

Judge Manning decided that the statute is indeed required to be narrowly tailored to meet a compelling state interest. The compelling state interest is to prevent corruption and the appearance of corruption. He found that much of the statute was narrowly tailored to meet that interest. "To prevent the general view and appearance that legislation is `for sale' to special interest groups and their lobbyists, the lobbyist and related political committees are not permitted to roam the halls of the General Assembly with checkbooks in hand or to cajole or threaten to withhold contributions from members of the General Assembly. . . The Legislature has recognized that one of its own may be wrongfully influenced by money given to him or her during the session, but also that the threat of money given to an opponent if the legislator fails to go with the program sought by the lobbyist. "

But Judge Manning found that the extension of the ban to contributions made to "a political committee the purpose of which is to assist a member or members of or candidate for the Council of State or General Assembly " went beyond narrow tailoring.

He compared legislative elections to judicial elections. Judges decide cases, and it would look improper if they solicited or received campaign contributions from prospective litigants. Yet courts are in session all the time and judges are subject to elections, so fundraising must be done. The Code of Judicial Conduct handles the dilemma by saying that a judicial candidate should not personally solicit or accept campaign contributions, "but may establish committees of responsible persons to secure and manage the expenditure of such funds. Such committees are not prohibited from soliciting campaign contributions from anyone not otherwise prohibited by law from making such contributions or from soliciting public support from anyone."

Accordingly, Judge Manning said, "the Court believes that if the campaign committee, an independent registered body, is sufficient to satisfy the State's interest in protecting its courts from the appearance of corruption or impropriety, thus, the independent committees established by legislative candidates . . . should likewise provide a sufficient safeguard against the appearance of impropriety or corruption if allowed to function as fund raising organizations even while the General Assembly is in session."

So, Judge Manning severed the term "a political committee the purpose of which is to assist a member or members of or candidate for the Council of State or General Assembly " from the definition of "limited contributee" in G.S. 163-278.13B and held the rest of the statute constitutional as a matter of law.

Several questions arise. The judge said "independent committees *established by* legislative candidates" should be able to raise funds, so he did not seem to mean that the committees must be totally detached from the candidate. Not all legislative candidates, however, have established anything that could rise to the level of "independent committees." All candidates are required to file organizational statements with the Board of Elections and name a treasurer. But in many cases the candidate names him/herself as treasurer. Such an operation would seem not to be entitled to receive lobbyist contributions for a legislative candidate as a result of Judge Manning's order.

Any campaign-finance practice gains safety if approved by the Executive Secretary -Director of the State Board of Elections in a written ruling requested by the candidate or political committee. Such rulings are provided for in G.S. 163-278.23.

Thank you.

A BILL TO BE ENTITLED

AN ACT TO EXTEND THE TIME FOR THE RESOLUTION OF CLAIMS TO LAND UNDER NAVIGABLE WATERS AND TO AMEND THE CURRENT LAW REGARDING THE CONTROL OF CHILDHOOD LEAD EXPOSURE.

The General Assembly of North Carolina enacts:

Section 1. G.S. 113-206 reads as rewritten:

"**§ 113-206. Chart of grants, leases and fishery rights; overlapping leases and rights; contest or condemnation of claims; damages for taking of property.**

(a) The Secretary must commence to prepare as expeditiously as possible charts of the waters of North Carolina containing the locations of all oyster and clam leaseholds made by the Department under the provisions of this Article and of all existing leaseholds as they are renewed under the provisions of this Article, the locations of all claims of grant of title to portions of the bed under navigable waters registered with him, and the locations of all areas in navigable waters to which a right of private fishery is claimed and registered with him. Charting or registering any claim by the Secretary in no way implies recognition by the State of the validity of the claim.

(a1) If a claim is based on an oyster or other shellfish grantor a perpetual franchise for shellfish cultivation, the Secretary may, to resolve the claim, grant a shellfish lease to the claimant for part or all of the area claimed. If a claim of exclusive shellfishing rights was registered based upon a conveyance by the Literary Fund, the North Carolina Literary Board or the State Board of Education, and the claimant shows that the area had been cultivated by the claimant or his predecessor

in title for the seven-year period prior to registration of the claim, the Secretary may, to resolve the claim, grant a shellfish lease to the claimant for all or part of the area claimed, not to exceed ten acres. A shellfish lease granted under this subsection is subject to the restrictions imposed on shellfish leases in G.S. 113-202, except the prohibition against leasing an area that contains a natural shellfish bed in G.S. 113-202(a)(2). This restriction is waived because, due to the cultivation efforts of the claimant, the area is likely to contain a natural shellfish bed.

(b) In the event of any overlapping of areas leased by the Department, the Secretary shall recommend modification of the areas leased as he deems equitable to all parties. Appeal from the recommendation of the Secretary lies for either party in the same manner as for a lease applicant as to which there is a recommendation of denial or modification of lease. If there is no appeal, or upon settlement of the issue upon appeal, the modified leases must be approved by the Marine Fisheries Commission and reissued by the Secretary in the same manner as initial or renewal leases. Leaseholders must furnish the Secretary surveys of the modified leasehold areas, meeting the requisite criteria for surveys established by the Secretary.

(c) In the event of any overlapping of areas leased by the Department and of areas in which title or conflicting private right of fishery is claimed and registered under the provisions of this Article, the Secretary must give preference to the leaseholder engaged in the production of oysters or clams in commercial quantities who received the lease with no notice of the existence of any claimed grant or right of fishery. To this end, the Secretary shall cause a modification of the claim registered with him and its accompanying survey to exclude the leasehold area. Such modification effected by the Secretary has the effect of voiding the grant of title or right of fishing to the extent indicated.

(d) In the interest of conservation of the marine and estuarine resources of North Carolina, the Department may institute an action in the superior court to contest the claim of title or claimed right of fishery in any navigable waters of North Carolina registered with the Secretary. In such proceeding, the burden of showing title or right of fishery, by the preponderance of the evidence, shall be upon the claiming title or right holder. In the event the claiming title or right holder prevails, the trier of fact shall fix the monetary worth of the claim. The Department may elect to condemn the claim upon payment of the established owners or right holders their pro rata shares of the amount so fixed. The Department may make such payments from such funds as may be available to it. An appeal lies to the appellate division by either party both as to the validity of the claim and as to the fairness of the amount fixed. The Department in such actions may be represented by the Attorney General. In determining the availability of funds to the Department to underwrite the costs of litigation or make condemnation payments, the use which the Department proposes to make of the area in question may be considered; such payments are to be deemed necessary expenses in the course of operations attending such use or of developing or attempting to develop the area in the proposed manner.

(e) A person who claims that the application of G.S. 113-205 or this section has deprived him of his private property rights in land under navigable waters or his right

of fishery in navigable waters without just compensation may file a complaint in the superior court of the county in which the property is located to contest the application of G.S. 113-205 or this section. If the plaintiff prevails, the trier of fact shall fix the monetary worth of the claim, and the Department may condemn the claim upon payment of this amount to him if the Secretary considers condemnation appropriate and necessary to conserve the marine and estuarine resources of the State. The Department may pay for a condemned claim from available funds. An action under this subsection is considered a condemnation action and is therefore subject to G.S. 7A-248.

The limitation period for an action brought under this subsection is three years. This period is tolled during the disability of the plaintiff. No action, however, may be instituted under this subsection after ~~December 31, 2001.~~ 31 December 2006.

(f) In evaluating claims registered pursuant to G.S. 113-205, the Secretary shall favor public ownership of submerged lands and public trust rights. The Secretary's action does not alter or affect in any way the rights of a claimant or the State.

To facilitate resolution of claims registered pursuant to G.S. 113-205, the Secretary, in cooperation with the Secretary of Administration and the Attorney General, shall establish a plan to resolve these claims by ~~December 31, 1998.~~ 31 December 2003. The Secretary shall notify the Secretary of Administration and the Attorney General of the resolution of each claim. In addition, on or before October 1 of each year, the Secretary shall submit a report to the Joint Legislative Commission on Governmental Operations stating the following:

(1) The number of claims registered pursuant to G.S. 113-205 that were resolved during the preceding year;
(2) The cost of resolving these claims;
(3) The number of unresolved claims; and
(4) Payments made to acquire claims by condemnation."

Section 2. G.S. 105-151.12(e) reads as rewritten:

"(e) In the case of marshland for which a claim has been filed pursuant to G.S. 113-205, the offer of donation must be made before ~~December 31, 1998,~~ 31 December 2003 to qualify for the credit allowed by this section."

Section 3. G.S. 130A-131.5 reads as rewritten:

"**§ 130A-131.5. Commission to adopt rules.**

(a) For the protection of the public health, the Commission shall adopt rules for the prevention and control of lead poisoning in children in accordance with this Part. ~~children. The rules shall include provisions for:~~

~~(1) Reporting by laboratories of elevated blood lead levels in children less than six years of age; the rules shall specify the public health agency to which reports shall be made, and shall establish when a blood lead level is considered to be elevated. The rules shall further provide the specific information to be included in the reports, the time limits for reporting, and the form in which reports shall be submitted;~~

~~(2) Investigation by the Department to determine the source of elevated blood lead levels;~~
~~(3) Identification of lead poisoning hazards;~~
~~(4) Examination and testing of children less than six years of age who are reasonably suspected of having elevated blood lead levels; and~~
~~(5) Abatement of lead poisoning hazards in dwellings, schools and child care centers determined by the Department to be a potential source of an elevated blood lead level in a child less than six years of age.~~

~~(b) Abatement orders issued by the Department pursuant to this section shall require elimination of the lead poisoning hazard. Removal of children from the dwelling, school, or child care center shall not constitute abatement if the property continues to be used for a dwelling, school, or child care center.~~"

Section 4. G.S. 130A-131.7(1) reads as rewritten:

"(1) 'Abatement' means ~~identifying lead-based paint, identifying or assessing a lead-based paint hazard, or~~ undertaking any of the following measures to eliminate a lead-based paint hazard:

a. Removing lead-based paint from a surface and repainting the surface.
b. Removing a component, such as a windowsill, painted with lead-based paint and replacing the component.
c. Enclosing a surface painted with lead-based paint with paneling, vinyl siding, or another approved material.
d. Encapsulating a surface painted with lead-based paint with a sealant.
e. Any other measure approved by the Commission.

~~The term includes an inspection and a risk assessment.~~"

Section 5. G.S. 130A-131.9C(j) reads as rewritten:

"(j) The Department shall verify by visual inspection that the approved remediation plan has been completed. The Department may also verify plan completion by residual lead dust monitoring and soil or drinking water lead level measurement.

(j1) Compliance with the maintenance standard ~~shall be deemed equivalent to meeting~~ satisfies the remediation ~~plan requirements as long as exterior surfaces are also addressed.~~ requirements for confirmed lead poisoning cases identified on or after 1 October 1990 as long as all lead poisoning hazards identified on interior and exterior surfaces are addressed by remediation. Except for owner-occupied residential housing units, continued compliance shall be verified by means of an annual monitoring inspection conducted by the Department. For owner-occupied residential housing units, continued compliance shall be verified (i) by means of an annual monitoring inspection, (ii) by documentation that no child less than six years of age has resided in or regularly visited the residential housing unit within the past year, or (iii) by documentation that no child less than six years of age residing in or regularly visiting the unit has an elevated blood lead level."

Section 6. G.S. 130A-131.9D reads as rewritten:

"**§ 130A-131.9D. Effect of compliance with maintenance standard.**

Any owner of a residential housing unit constructed prior to 1978 who is sued by a current or former occupant seeking damages for injuries allegedly arising from exposure to lead-based paint or lead-contaminated dust, shall not be deemed liable (i) for any injuries sustained by that occupant after the owner first complied with the maintenance standard defined under G.S. ~~130A-131.7(10)~~ 130A-131.7 provided the owner has repeated the steps provided for in the maintenance standard annually for units in which children of less than six years of age have resided or regularly visited within the past year and obtained a certificate of compliance under G.S. 130A-131.9E annually during such occupancy; or (ii) if the owner is able to show by other documentation that compliance with the maintenance standard has been maintained during the period when the injuries were sustained; or (iii) if the owner is able to show that the unit was lead-safe housing containing no lead-based paint hazards during the period when the injuries were sustained."

Section 7. Part 4 of Article 5 of Chapter 130A of the General Statutes is amended by adding a new section to read:

"**§ 130A-131.9H. Application fees for certificates of compliance.**

The Department shall collect an application fee of ten dollars ($10.00) for each certificate of compliance. Fee receipts shall be used to support the program that is developed to implement this Part. Fee receipts also may be used to provide for relocation and medical expenses incurred by children with confirmed lead poisoning."

Section 8. This act is effective when it becomes law.

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: Department of Environment and Natural Resources, Division of Environmental Health; Marine Fisheries, Local Health Departments.

EFFECTIVE DATE: When it becomes law.

BILL SUMMARY: The second edition of Senate Bill 1274 combines the provisions of the first edition of Senate Bill 1274 (Extend Submerged Lands Claims) and the provisions of the second edition of House Bill 1438 (Childhood Lead Exposure Amendments).

Section 1 extends two deadlines related to submerged land claims. First, the bill extends until December 31, 2006, the time allowed to file a submerged land claim. Under current law that period closes on December 31, 2001. As such, the bill gives the potential plaintiff five more years to take action. Second, the bill gives the Department of Environment and Natural Resources until December 31, 2003, to establish a plan to resolve submerged land claims. Under current law, the Department's time expires on December 31, 1998.

Section 2 extends the date by which claimed marshlands must be donated to qualify for a tax credit under G.S. 105-151,12 from December 31, 1998, to December 31, 2003.

Section 3 deletes the specific provisions for what the lead poisoning prevention and control rules adopted by the Commission for Health Services (Commission) should include. Section 3 also

deletes the provision stating that abatement orders must require elimination of the lead poisoning hazard and that removal of children from a dwelling, school, or child care center shall not constitute abatement if the property continues to be used for a dwelling, school, or child care center.

Section 4 deletes the following activities from the definition of "abatement": the identification of lead-based paint, the identification or assessment of a lead-based paint hazard, inspection, and risk assessment.

Section 5 provides that compliance with the maintenance standard satisfies remediation requirements for confirmed lead poisoning cases identified on or after October 1, 1990, as long as all lead poisoning hazards identified on interior and exterior surfaces are addressed by remediation.

Continued compliance for owner-occupied residential housing units may be verified by:

- Means of an annual monitoring inspection
- Documentation that no child less than 6 years of age has resided in or regularly visited the unit within the past year
- Documentation that no child less than 6 years of age residing in or regularly visiting the unit has an elevated blood lead level

For all other properties, the Department of Environment and Natural Resources (DENR or the Department) will conduct an annual monitoring inspection to verify continued compliance.

For compliance purposes, "maintenance standard" means:

- Using safe work practices, repairing and repainting areas of deteriorated paint inside a residential housing unit and for single-family and duplex residential dwelling built prior to 1950, repairing and repainting areas of deteriorated paint on interior and exterior surfaces
- Cleaning the interior of the unit to remove dust that constitutes a lead poisoning hazard
- Adjusting doors and windows to minimize friction or impact on surfaces
- Subject to the occupant's approval, appropriately cleaning any carpets
- Taking such steps as are necessary to ensure that all interior surfaces on which dust might collect are readily cleanable
- Providing the occupant or occupants with all information required to be provided under federal law related to lead-based paint hazard reduction

Section 6 modifies the lead exposure liability statute so that any owner of a residential housing unit constructed prior to 1978 will not be deemed liable for injuries sustained by an occupant after the owner first complied with the maintenance standard, provided that the owner has repeated the maintenance annually for units in which children younger than 6 years of age have resided in or regularly visited within the past year.

Section 7 directs DENR to establish and collect a ten dollar ($10.00) application fee for each housing unit, for certificates of compliance. These fees are to be used to support the lead poisoning in children program and may be used to provide for relocation and medical expenses incurred by children with confirmed lead poisoning.

Section 8 makes this act effective when it becomes law.[1]

ASSUMPTIONS AND METHODOLOGY:

SECTIONS 1 - 2: SUBMERGED LANDS CLAIMS:

The only change in this area that may have a fiscal impact is the extension of time to claim a tax credit. Under G.S. 105-151.12(e), a person who makes a "qualified" donation of claimed marshland can take an income tax credit of up to 25% of the fair market value of the land. The credit can not exceed $100,000. Any unused portion of the credit may be carried forward for five years. To "qualify" a donation must be accepted by the state. The tax credit for the marshland donations portion of G.S. 105-151.12(e) sunsets on December 31, 1998. Under current law, the claim to marshland must be made by that date to be eligible for a tax credit, if the land is donated. The bill extends this portion of G.S. 105-151.12(e) to December 31, 2003.

In calendar year 1996 (the most recent year for which data is available) only one organization took advantage of the submerged lands credit. That donation was of 1,143.5 acres. The donor estimated the value of the property at $205,000. Under current law that donation would create a $51,250.00 tax credit. (However, because the credit cap for this program was at $25,000 in 1996, the total liability associated with this claim was $25,000). Officials from Marine Fisheries have processed claims for approximately 11,000 acres since 1985. They processed less than one claim per year under the program. State officials are only aware on one project that is "in the pipeline" at this time, but more are possible. They do not believe last session's action to increase the credit cap has had a significant impact on this portion of the conservation program.

Assuming one claim is filed per year, and the maximum tax credit applies, the loss is $100,000 per year.

The Department currently absorbs the cost of the program out of existing resources, and expects to be able to continue the program without additional appropriations.

SECTIONS 3 - 7: CHILDHOOD LEAD EXPOSURE:

Under current law, if a residential housing unit is identified as containing a lead hazard, the owner of that unit must comply with one of two remediation requirements: 1) lead hazard abatement, which requires the elimination of the lead hazard, or 2) compliance with the maintenance standard, which requires that the deteriorated areas be repaired, repainted and maintained. Compliance with the maintenance standard also requires an annual on-site monitoring inspection by a certified lead inspector or risk assessor so long as children less than 6 years old reside in or regularly visit the unit.

This bill amends the current law by providing owners of owner-occupied residential housing units with two additional methods of verifying compliance with the maintenance standard. In

[1] Memo to House Committee on Environment dated September 16, 1998 from Jeff Hudson, Committee Counsel.

lieu of an annual monitoring inspection, compliance with the maintenance standard can be verified by either of the following:

1) documentation than no child less than six years of age has resided in or regularly visited the residential housing unit within the past year, or
2) documentation that no child less than six years of age residing in or regularly visiting the unit has an elevated blood lead level.

For non-owner-occupied residential housing units (i.e., rental units) compliance with the maintenance standard can only be verified by means of an annual monitoring inspection.

This bill also extends the maintenance standard option as an acceptable means of remediation to residential housing units identified as containing a lead hazard on or after October 1, 1990. The bill also directs the Department to collect an application fee of $10 for each certificate of compliance issued.

REVENUES:

The amount of revenue generated from the $10 application fee is based on the number of housing units which choose to comply with the maintenance standard in lieu of abatement. Because the maintenance standard is not a permanent method of removing the lead hazard, the maintenance standard follows the unit indefinitely or until the unit is abated. Consequently, the number of units requiring annual reinspections is cumulative and the number of reinspections conducted by the Department will accumulate indefinitely.

"Old" Units: Of the units identified prior to October 1, 1997, the Department estimates that only 50 units statewide are still outstanding and that all of these outstanding cases will choose to comply with the maintenance standard. In addition to outstanding cases, the Department estimates that approximately 200 units identified since October 1, 1990 have been abandoned. Because these owners have chosen to abandon their unit rather than assume the cost of abatement, this note assumes that none of these owners will choose the maintenance standard due to a number of factors: 1) the owners are not willing to invest the money necessary to bring the unit into compliance with the maintenance standard, 2) the unit may be so dilapidated that it could never be made to comply with the maintenance standard, or 3) the owners of the abandoned units may be unaware of the new maintenance standard option.

"New" Units: Of the approximately 200 new cases identified annually, the Department estimates that 90 percent (or 180 units) will choose to comply with the maintenance standard and pay the $10 application fee annually rather than comply with the more expensive option of lead hazard abatement. Based on the availability of federal funds for lead hazard abatement and number of owners who have qualified for these funds in the past, the Department estimates the remaining 10 percent (or 20 units) will choose to abate.

Owner-Occupied vs. Non-Owner Occupied Units: Of the 200 units identified annually, the Department estimates that 10 percent are owner-occupied and 90 percent are non-owner occupied units (rental units). This distinction is important because annual monitoring is required

indefinitely for owners of rental units who choose to comply with the maintenance standard. Whereas, owner-occupied units can verify compliance through either of the additional two methods proposed, neither of which require the owner to pay the $10 application fee. Thus, at a minimum, 162 units (all non-owner occupied) would require an annual monitoring inspection. If all of the owner-occupied units choose to verify compliance through an inspection, then the number of units requiring an annual inspection would rise to 180.

Units Identified Annually by Type	Maintenance Standard Option	Abatement Option	Total Units
Owner-Occupied	18	2	20
Non-Owner Occupied	162	18	180
Total	180	20	200

Although the Department anticipates that many of the owner-occupied units will be able to verify compliance through a method other than an annual monitoring inspection, an accurate estimate of this number can not be determined at this time. Thus, the fiscal impact presented below is based on a maximum number of units verifying compliance with the maintenance standard through annual reinspections and represents the upper limit on the amount of revenue to be generated from the $10 application fee. This fee will be collected for the initial inspection and each year the annual monitoring inspection is conducted.

FY 1998 - 99	50 outstanding cases	X	$10 application fee =	$ 500
	180 new inspections	X	$10 application fee =	$ 1,800
	230 total inspections			$ 2,300
FY 1999 - 00	230 reinspections	X	$10 application fee =	$ 2,300
	180 new inspections	X	$10 application fee =	$ 1,800
	410 total inspections			$ 4,100
FY 2000 - 01	410 reinspections	X	$10 application fee =	$ 4,100
	180 new inspections	X	$10 application fee =	$ 1,800
	590 total inspections			$ 5,900
FY 2001 - 02	590 reinspections	X	$10 application fee =	$ 5,900
	180 new inspections	X	$10 application fee =	$ 1,800
	770 total inspections			$7,700
FY 2002 - 03	770 reinspections	X	$10 application fee =	$ 7,700
	180 new inspections	X	$10 application fee =	$ 1,800
	950 total inspections			$ 9,500

EXPENDITURES:

According to the Department, no new positions are necessary to conduct the annual monitoring inspections required of the maintenance standard; however, these reinspections will impact the costs of the childhood lead prevention programs of the local health departments. Local environmental health specialists, who have been trained and certified as lead inspectors or risk assessors, will be responsible for conducting the annual reinspections. Each reinspection will take approximately 4 hours to complete including travel and related paperwork. The Department estimates each monitoring inspection will require a 30 mile round-trip at $0.325 per mile. The Department estimates that the local health departments' costs of conducting these annual reinspections is an opportunity cost of environmental health specialists not being able to complete other inspections, such as food and lodging inspections. Thus, mileage is the only net expenditure associated with the annual monitoring inspection.

FY 1998 - 99	230 cases	X	(30 miles round-trip	X	$0.325/per mile)	=	$ 2,243
FY 1999 - 00	410 cases	X	(30 miles round-trip	X	$0.325/per mile)	=	$ 3,998
FY 2000 - 01	590 cases	X	(30 miles round-trip	X	$0.325/per mile)	=	$ 5,753
FY 2001- 02	770 cases	X	(30 miles round-trip	X	$0.325/per mile)	=	$ 7,508
FY 2002 - 03	950 cases	X	(30 miles round-trip	X	$0.325/per mile)	=	$ 9,263

In addition to directing the Department to use receipts collected from the application fee to support program expenditures, this bill also allows the Department to use some of these receipts to pay for relocation and medical expenses of children with confirmed lead poisoning. Based on conversations with Ed Norman, Program Supervisor of the Children's Environmental Health Branch, the Department would like to use a portion of the receipts collected to develop a fund to support families in need of financial assistance with medical or relocation expenses. The need for this type of financial assistance is based on past requests made to local health departments and the experience of Maryland which has a childhood lead prevention program similar to North Carolina.

Memorandum

September 23, 1998

TO: House Committee on Finance

FROM: Jeff Hudson, Committee Counsel; House Committee on Environment

SUBJECT: Senate Bill 1274, 2nd Edition (Submerged Lands/Lead Exposure Amendments)

Senate Bill 1274 (Extend Submerged Lands Claims) was recommended to the 1998 Regular Session of the 1997 General Assembly by the Environmental Review Commission and introduced by Senator Charles Albertson in the Senate. This bill was requested by the Department of Environment and Natural Resources (DENR) in order to provide more time for DENR, in conjunction with the Attorney General's Office, to review and resolve outstanding submerged lands claims. The companion to Senate Bill 1274, House Bill 1490 (Extend Submerged Lands Claims), was introduced in the House of Representatives by Representative John Weatherly.

House Bill 1438 (Childhood Lead Exposure Amendments) was recommended to the 1998 Regular Session of the 1997 General Assembly by the Environmental Review Commission and was introduced by Representative Rick Eddins in the House of Representatives. The companion bill to House Bill 1438, Senate Bill 1305 (Childhood Lead Exposure Amendments), was introduced in the Senate by Senator Fountain Odom.

Senate Bill 1274, 2nd Edition contains the provisions of Senate Bill 1274 (Extend Submerged Lands Claims) as introduced and the provisions of House Bill 1438, 2nd Edition (Childhood Lead Exposure Amendments).

Senate Bill 1274, 2nd Edition

Section 1 extends the date by which a submerged lands claim must be instituted from December 31, 2001 to December 31, 2006. This section also extends the date by which the Secretary of Environment and Natural Resources must establish a plan to resolve submerged lands claims from December 31, 1998 to December 31, 2003.

Section 2 extends the date by which marshland claimed under the submerged lands claims statutes must be donated in order to qualify for a tax credit under G.S. 105-151.12 (credit for certain real property donations) from December 31, 1998 to December 31, 2003.

AN EQUAL OPPORTUNITY/AFFIRMATIVE ACTION EMPLOYER

Section 3 deletes the specific provisions for what the lead poisoning prevention and control rules adopted by the Commission for Health Services (Commission) should include. Section 1 also deletes the provision stating that abatement orders must require elimination of the lead poisoning hazard and that removal of children from a dwelling, school, or child care center shall not constitute abatement if the property continues to be used for a dwelling, school, or child care center.

Section 4 deletes the following activities from the definition of "abatement": the identification of lead-based paint, the identification or assessment of a lead-based paint hazard, inspection, and risk assessment.

Section 5 provides that compliance with the maintenance standard satisfies remediation requirements for confirmed lead poisoning cases identified on or after October 1, 1990, as long as all lead poisoning hazards identified on interior and exterior surfaces are addressed by remediation.

Continued compliance for owner-occupied residential housing units may be verified by:

- Means of an annual monitoring inspection
- Documentation that no child less than 6 years of age has resided in or regularly visited the unit within the past year
- Documentation that no child less than 6 years of age residing in or regularly visiting the unit has an elevated blood lead level

For all other properties, the Department of Environment and Natural Resources (DENR) will conduct an annual monitoring inspection to verify continued compliance.

For compliance purposes, "maintenance standard" means:

- Using safe work practices, repairing and repainting areas of deteriorated paint inside a residential housing unit and for single-family and duplex residential dwelling built prior to 1950, repairing and repainting areas of deteriorated paint on interior and exterior surfaces
- Cleaning the interior of the unit to remove dust that constitutes a lead poisoning hazard
- Adjusting doors and windows to minimize friction or impact on surfaces
- Subject to the occupant's approval, appropriately cleaning any carpets
- Taking such steps as are necessary to ensure that all interior surfaces on which dust might collect are readily cleanable
- Providing the occupant or occupants with all information required to be provided under federal law related to lead-based paint hazard reduction

Section 6 modifies the lead exposure liability statute so that any owner of a residential housing unit constructed prior to 1978 will not be deemed liable for injuries sustained by an occupant after the owner first complied with the maintenance standard, provided that the owner has repeated the maintenance annually for units in which children younger than 6 years of age have resided in or regularly visited within the past year.

Section 7 directs DENR to establish and collect an application fee, not to exceed ten dollars ($10.00) for each housing unit, for certificates of compliance. These fees are to be used to support the lead poisoning in children program and may be used to provide for relocation and medical expenses incurred by children with confirmed lead poisoning.

Section 8 makes this act effective when it becomes law.

AN ACT TO PROVIDE THAT THE STATE SHALL NOT TAX INTERNET ACCESS CHARGES, SHALL ENFORCE SALES TAXES ON INTERNET COMMERCE ONLY TO THE SAME EXTENT IT ENFORCES SALES TAX ON MAIL-ORDER COMMERCE, AND SHALL IMPOSE NO NEW TAXES ON THE INTERNET OR INTERNET COMMERCE.

The General Assembly of North Carolina enacts:

Section 1. It is the intent of the General Assembly that no new taxes shall be authorized on Internet access charges, the Internet, or Internet commerce.

Section 2. The Department of Revenue shall enforce the sales and use tax laws with respect to Internet commerce only to the same extent it enforces the sales and use tax laws with respect to mail-order commerce.

FISCAL IMPACT

Yes ( ) **No (X)** **No Estimate Available ( )**

EFFECTIVE DATE: Transactions occurring on or after April 15, 1998.

BILL SUMMARY: States the intent of the General Assembly that no new taxes be authorized on Internet access charges, the Internet, or Internet commerce. The bill also states legislative intent to the Department of Revenue to enforce sales and use tax laws on interstate commerce only to the same extent it enforces the sales and use tax laws with respect to mail order commerce.

ASSUMPTIONS AND METHODOLOGY: The bill expresses legislative intent and thus has no direct fiscal impact. The 1988 General Assembly did enact legislation attempting to tax mail order sales but the Department of Revenue has been unable to aggressively enforce the tax due to the Quill decision of the U.S. Supreme Court. A few years ago the Department did enter into an agreement with other Southeastern states to swap sales tax information within each state so that states had the opportunity to try to collect the use tax on mail order sales.

In addition, at this time the Department of Revenue has no plans to aggressively pursue the taxation of the transactions identified in the bill language.

FISCAL RESEARCH DIVISION (733-4910)
PREPARED BY: Dave Crotts
DATE: September 2, 1998.

EXPLANATION OF HOUSE BILL 1347:
Prohibit Internet Taxation

TO: House Finance Committee
FROM: Martha Walston, Committee Counsel
DATE: September 1, 1998
SPONSOR: Representative Shubert

House Bill 1347 is a recommendation of the Legislative Research Commission Business Development Committee and was given a favorable report in House Commerce. The Bill provides that it is the intent of the General Assembly not to tax Internet access charges, the Internet, or Internet commerce. The bill further directs the Department of Revenue to enforce the sales and use tax laws with respect to Internet commerce only to the extent it enforces the sales and use tax laws with respect to mail-order commerce. The act is effective when it becomes law and applies to transactions occurring on or after April 15, 1998.

Under current law, North Carolina does not tax Internet access charges. The following states impose sales taxes on Internet access:

STATE	RATE	
	State	Local
Connecticut	6%	
District of Columbia	City 5.75%	
Iowa	5%	Up to 1%
New Mexico	5%	Up to 1.25%
North Dakota	5%	Up to 1%
Ohio	5%	Up to 2%
South Carolina	5%	Up to 1%
South Dakota	4%	Up to 2%
Tennessee	6%	Up to 2.75%
Texas	6.25%	Up to 2%
Wisconsin	5%	Up to 1%

Since 1996, California, Florida, Georgia, and Massachusetts have passed legislation exempting Internet access charges from sales tax. The proposed federal Internet Tax Freedom Act would prohibit state and local governments from imposing new taxes on the Internet for three years. Taxes prohibited by the federal bill include sales taxes on Internet access charges, taxes on online services, transmission of data over the Internet or taxes on the capability to transmit data over the Internet. The federal bill has passed the House of Representatives but is still pending in the Senate.

Under current law, the Department of Revenue is enforcing the sales and use tax laws with respect to Internet commerce if the retailer has a sufficient nexus with North Carolina. This is the same way the sales and use tax is enforced with respect to mail-order commerce. G.S. 105-164.3(8) defines "mail order sale" as "a sale of tangible personal property, ordered by mail, telephone, computer link, or other similar method, to a purchaser who is in this State at the time the order is remitted from a retailer who receives the order in another state and transports the property or causes the property to be transported to a person in this State." This definition appears to be broad enough to include Internet commerce. In addition, under G.S. 105-164.8(b), a mail order retailer will be subject to the sales and use tax if the retailer is found to have a sufficient nexus with the State such as maintaining an office in the State, retaining representatives who solicit business in the State, or being domiciled in the State. A nexus is also found when the retailer purposefully or systematically exploits the market provided by N.C. by any media-assisted, media-facilitated, or media-solicited means, including direct mail advertising, distribution of catalogs, computer-assisted shopping, television, radio or other electronic media, telephone solicitation, magazine or newspaper advertisements, or other media.

Task Force Update

ALEC Nexus Hearing a Success

Model Legislation Planned to Protect Internet Commerce and Remote Sellers and Limit Ability of States to Tax Out-of-State Businesses

by Michael Flynn

ALEC's Nexus/Electronic Commerce Subcommittee met June 17-19 in Washington, D.C. to hear testimony on a wide range of views related to Internet commerce and remote selling. The hearing was organized by ALEC's Tax and Fiscal Policy Task Force. Items discussed included: Internet taxes; electronic commerce; multi-state taxation; nexus standards; and, "doing business" requirements.

"This hearing was the first step in ALEC's comprehensive project to examine all aspects of multi-state taxation," explained subcommittee chair Colorado State Representative Bob Hagedorn. "We're concerned by the aggressive stance taken by many revenue departments in trying to impose taxes on out of state businesses and non-residents. Many of these actions do not reflect the intent of the legislature."

Hagedorn explained that ALEC's project was driven, in large measure, by the Internet tax bills under consideration in Congress. The legislation would establish a moratorium or "cooling off" period before any taxes could be imposed on the Internet. Although ALEC has not adopted formal policy on the federal bills, it has called for states to enact their own moratoriums.

The federal cooling off period would allow the establishment of an advisory commission to study issues related to Internet commerce taxation. This commission could recommend to Congress a system to allow the taxation of the Internet and all remote sellers. "There is concern among our members that any system which is set up to tax Internet commerce could have profound effects on other businesses and our economy," Hagedorn said.

Hagedorn singled out a proposal that would overturn the "physical presence" nexus standard as one of particular concern to ALEC. "Nexus" is the point at which a business's activities in a state trigger tax liability or tax collection obligation. The Supreme Court has ruled that a company must have "physical presence" in a state before nexus is met. "Any change in the "physical presence" standard would cripple the ability of small businesses to participate in the new information economy."

The Nexus Hearing brought together key legislative members of the Tax & Fiscal Policy Task Force's Nexus/Electronic Commerce Subcommittee. The committee will use the information gained from the hearing to develop model legislation to construct a fair and sensible tax policy for the Internet, electronic commerce and multi-state businesses. Later this summer the subcommittee will publish an *Issue Analysis* based on its findings.

"The quality of the presenters was exceptional," said State Representative Howard Fargo, Pennsylvania House Majority Caucus Chair and Chair of ALEC's Tax and Fiscal Policy Task Force. "The members gained key insights that will be used as we draft legislation." Fargo said he expected the full Task Force to discuss the legislation at ALEC's Annual Meeting in August in Chicago and at the fall Task Force Meeting in New Orleans.

Among those testifying were: U.S. Senator Ron Wyden (D-Ore.), co-author of the *Internet Tax Freedom Act*; Donald W. Upson, Virginia's recently appointed Secretary of Technology; Val Oveson, Chairman of the Utah State Tax Commission; Dr. Richard Vedder, Professor at Ohio University and Advisor to the Task Force; Mark Rhoads of the U.S. Internet Council; and Mark Micali of the Direct Marketing Association. Altogether, the subcommittee heard testimony from over 20 panelists, representing industry, government and academe. ■

No fee may be charged under this provision, however, to a farmer who submits an application that pertains to his farming operations.

(1b) ~~The fee to be charged pursuant to G.S. 143-215.3(a)(1a) for processing an application for a permit under G.S. 143-215.1 of Article 21 may not exceed four hundred dollars ($400.00).~~ The fee to be charged pursuant to G.S. 143-215.3(a)(1a) for processing an application for a permit under G.S. 143-215.108 and G.S. 143-215.109 of Article 21B of this Chapter may not exceed five hundred dollars ($500.00). The fee to be charged pursuant to G.S. 143-215.3(a)(1a) for processing a registration under Part 2A of this Article or Article 38 of this Chapter may not exceed fifty dollars ($50.00) for any single registration. An additional fee of twenty percent (20%) of the registration processing fee may be assessed for a late registration under Article 38 of this Chapter. The fee for administering and compliance monitoring under ~~G.S. 143-215.1 of Article 21~~ Article 21, other than Parts 1 and 1A, and G.S. 143-215.108 and G.S. 143-215.109 of Article 21B shall be charged on an annual basis for each year of the permit term and may not exceed one thousand five hundred dollars ($1,500) per year. Fees for processing all permits under Article 21A and all other sections of ~~Articles 21 and~~ Article 21B shall not exceed one hundred

dollars ($100.00) for any single permit. ~~Notwithstanding any other provision of this subdivision, the~~ The total payment for fees ~~required~~ that are set by the Commission under this subsection for all permits ~~under this subsection~~ for any single facility shall not exceed seven thousand five hundred dollars ($7,500) per year, which amount shall include all application fees and fees for administration and compliance monitoring. A single facility is defined to be any contiguous area under one ownership and in which permitted activities occur. For all permits issued under these Articles where a fee schedule is not specified in the statutes, the Commission, or other commission specified by statute shall adopt a fee schedule in a rule following the procedures established by the Administrative Procedure Act. Fee schedules shall be established to reflect the size of the emission or discharge, the potential impact on the environment, the staff costs involved, relative costs of the issuance of new permits and the reissuance of existing permits, and shall include adequate safeguards to prevent unusual fee assessments which would result in serious economic burden on an individual applicant. A system shall be considered to allow consolidated annual payments for persons with multiple permits. In its rulemaking to establish fee schedules, the Commission is also directed to consider a method of rewarding facilities which achieve full compliance with administrative and self-monitoring reporting requirements, and to consider, in those cases where the cost of renewal or amendment of a permit is less than for the original permit, a lower fee for the renewal or amendment.

(1c) Moneys collected pursuant to G.S. 143-215.3(a)(1a) shall be used to:

a. Eliminate, insofar as possible, backlogs of permit applications awaiting agency action;
b. Improve the quality of permits issued;
c. Improve the rate of compliance of permitted activities with environmental standards; and
d. Decrease the length of the processing period for permit applications.

(1d) The Commission may adopt and implement a graduated fee schedule sufficient to cover all direct and indirect costs required for the State to develop and administer a permit program which meets the requirements of Title V. The provisions of subdivision (1b) of this subsection do not apply to the adoption of a fee schedule under this subdivision. In adopting and implementing a fee schedule, the Commission shall require that the owner or operator of all air contaminant sources subject to the requirement

to obtain a permit under Title V to pay an annual fee, or the equivalent over some other period, sufficient to cover costs as provided in section 502(b)(3)(A) of Title V. The fee schedule shall be adopted according to the procedures set out in Chapter 150B of the General Statutes.

a. The total amount of fees collected under the fee schedule adopted pursuant to this subdivision shall conform to the requirements of section 502(b)(3)(B) of Title V. No fee shall be collected for more than 4,000 tons per year of any individual regulated pollutant, as defined in section 502(b)(3)(B)(ii) of Title V, emitted by any source. Fees collected pursuant to this subdivision shall be credited to the Title V Account.

b. The Commission may reduce any permit fee required under this section to take into account the financial resources of small business stationary sources as defined under Title V and regulations promulgated by the United States Environmental Protection Agency.

c. When funds in the Title V Account exceed the total amount necessary to cover the cost of the Title V program for the next fiscal year, the Secretary shall reduce the amount billed for the next fiscal year so that the excess funds are used to supplement the cost of administering the Title V permit program in that fiscal year.

(1e) The Commission shall collect the application, annual, and project fees for processing and administering permits, certificates of coverage under general permits, and certifications issued under Parts 1 and 1A of this Article and for compliance monitoring under Parts 1 and 1A of this Article as provided in G.S. 143-215.3D and G.S. 143-215.10G.

(2) To direct that such investigation be conducted as it may reasonably deem necessary to carry out its duties as prescribed by this Article or Article 21A or Article 21B of this Chapter, and for this purpose to enter at reasonable times upon any property, public or private, for the purpose of investigating the condition of any waters and the discharge therein of any sewage, industrial waste, or other waste or for the purpose of investigating the condition of the air, air pollution, air contaminant sources, emissions, or the installation and operation of any air-cleaning devices, and to require written statements or the filing of reports under oath, with respect to pertinent questions relating to the operation of any air-cleaning device, sewer system, disposal system, or treatment works. In the case of effluent or emission data, any records, reports, or information obtained under this Article or Article 21A or Article

21B of this Chapter shall be related to any applicable effluent or emission limitations or toxic, pretreatment, or new source performance standards. No person shall refuse entry or access to any authorized representative of the Commission or Department who requests entry for purposes of inspection, and who presents appropriate credentials, nor shall any person obstruct, hamper or interfere with any such representative while in the process of carrying out his official duties.

(3) To conduct public hearings and to delegate the power to conduct public hearings in accordance with the procedures prescribed by this Article or by Article 21B of this Chapter.

(4) To delegate such of the powers of the Commission as the Commission deems necessary to one or more of its members, to the Secretary or any other qualified employee of the Department. The Commission shall not delegate to persons other than its own members and the designated employees of the Department the power to conduct hearings with respect to the classification of waters, the assignment of classifications, air quality standards, air contaminant source classifications, emission control standards, or the issuance of any special order except in the case of an emergency under subdivision (12) of this subsection for the abatement of existing water or air pollution. Any employee of the Department to whom a delegation of power is made to conduct a hearing shall report the hearing with its evidence and record to the Commission.

(5) To institute such actions in the superior court of any county in which a violation of this Article, Article 21B of this Chapter, or the rules of the Commission has occurred, or, in the discretion of the Commission, in the superior court of the county in which any defendant resides, or has his or its principal place of business, as the Commission may deem necessary for the enforcement of any of the provisions of this Article, Article 21B of this Chapter, or of any official action of the Commission, including proceedings to enforce subpoenas or for the punishment of contempt of the Commission.

(6) To agree upon or enter into any settlements or compromises of any actions and to prosecute any appeals or other proceedings.

(7) To direct the investigation of any killing of fish and wildlife which, in the opinion of the Commission, is of sufficient magnitude to justify investigation and is known or believed to have resulted from the pollution of the waters or air as defined in this Article, and whenever any person, whether or not he shall have been issued a certificate of approval, permit or other document of approval authorized by this or any other State law, has negligently, or carelessly or unlawfully, or willfully and unlawfully, caused

pollution of the waters or air as defined in this Article, in such quantity, concentration or manner that fish or wildlife are killed as the result thereof, the Commission, may recover, in the name of the State, damages from such person. The measure of damages shall be the amount determined by the Department and the North Carolina Wildlife Resources Commission, whichever has jurisdiction over the fish and wildlife destroyed to be the replacement cost thereof plus the cost of all reasonable and necessary investigations made or caused to be made by the State in connection therewith. Upon receipt of the estimate of damages caused, the Department shall notify the persons responsible for the destruction of the fish or wildlife in question and may effect such settlement as the Commission may deem proper and reasonable, and if no settlement is reached within a reasonable time, the Commission shall bring a civil action to recover such damages in the superior court in the county in which the discharge took place. Upon such action being brought the superior court shall have jurisdiction to hear and determine all issues or questions of law or fact, arising on the pleadings, including issues of liability and the amount of damages. On such hearing, the estimate of the replacement costs of the fish or wildlife destroyed shall be prima facie evidence of the actual replacement costs of such fish or wildlife. In arriving at such estimate, any reasonably accurate method may be used and it shall not be necessary for any agent of the Wildlife Resources Commission or the Department to collect, handle or weigh numerous specimens of dead fish or wildlife.

The State of North Carolina shall be deemed the owner of the fish or wildlife killed and all actions for recovery shall be brought by the Commission on behalf of the State as the owner of the fish or wildlife. The fact that the person or persons alleged to be responsible for the pollution which killed the fish or wildlife holds or has held a certificate of approval, permit or other document of approval authorized by this Article or any other law of the State shall not bar any such action. The proceeds of any recovery, less the cost of investigation, shall be used to replace, insofar as and as promptly as possible, the fish and wildlife killed, or in cases where replacement is not practicable, the proceeds shall be used in whatever manner the responsible agency deems proper for improving the fish and wildlife habitat in question. Any such funds received are hereby appropriated for these designated purposes. Nothing in this paragraph shall be construed in any way to limit or prevent any other action which is now authorized by this Article.

(8) After issuance of an appropriate order, to withhold the granting of any permit or permits pursuant to G.S. 143-215.1 or G.S.

143-215.108 for the construction or operation of any new or additional disposal system or systems or air-cleaning device or devices in any area of the State. Such order may be issued only upon determination by the Commission, after public hearing, that the permitting of any new or additional source or sources of water or air pollution will result in a generalized condition of water or air pollution within the area contrary to the public interest, detrimental to the public health, safety, and welfare, and contrary to the policy and intent declared in this Article or Article 21B of this Chapter. The Commission may make reasonable distinctions among the various sources of water and air pollution and may direct that its order shall apply only to those sources which it determines will result in a generalized condition of water or air pollution.

The determination of the Commission shall be supported by detailed findings of fact and conclusions set forth in the order and based upon competent evidence of record. The order shall describe the geographical area of the State affected thereby with particularity and shall prohibit the issuance of permits pending a determination by the Commission that the generalized condition of water or air pollution has ceased.

Notice of hearing shall be given in accordance with the provisions of G.S. 150B-21.2.

A person aggrieved by an order of the Commission under this subdivision may seek judicial review of the order under Article 4 of Chapter 150B of the General Statutes without first commencing a contested case. An order may not be stayed while it is being reviewed.

(9) If an investigation conducted pursuant to this Article or Article 21B of this Chapter reveals a violation of any rules, standards, or limitations adopted by the Commission pursuant to this Article or Article 21B of this Chapter, or a violation of any terms or conditions of any permit issued pursuant to G.S. 143-215.1 or 143-215.108, or special order or other document issued pursuant to G.S. 143-215.2 or G.S. 143-215.110, the Commission may assess the reasonable costs of any investigation, inspection or monitoring survey which revealed the violation against the person responsible therefor. If the violation resulted in an unauthorized discharge to the waters or atmosphere of the State, the Commission may also assess the person responsible for the violation for any actual and necessary costs incurred by the State in removing, correcting or abating any adverse effects upon the water or air resulting from the unauthorized discharge. If the person responsible for the violation refuses or fails within a reasonable time to pay any sums assessed,

the Commission may institute a civil action in the superior court of the county in which the violation occurred or, in the Commission's discretion, in the superior court of the county in which such person resides or has his or its principal place of business, to recover such sums.

(10) To require a laboratory facility that performs any tests, analyses, measurements, or monitoring required under this Article or Article 21B of this Chapter to be certified annually by the Department, to establish standards that a laboratory facility and its employees must meet and maintain in order for the laboratory facility to be certified, and to charge a laboratory facility a fee for certification. Fees collected under this subdivision shall be credited to the Water and Air Account and used to administer this subdivision. These fees shall be applied to the cost of certifying commercial, industrial, and municipal laboratory facilities.

(11) Repealed by Session Laws 1983, c. 296, s. 6.

(12) To declare an emergency when it finds that a generalized condition of water or air pollution which is causing imminent danger to the health or safety of the public. Regardless of any other provisions of law, if the Department finds that such a condition of water or air pollution exists and that it creates an emergency requiring immediate action to protect the public health and safety or to protect fish and wildlife, the Secretary of the Department with the concurrence of the Governor, shall order persons causing or contributing to the water or air pollution in question to reduce or discontinue immediately the emission of air contaminants or the discharge of wastes. Immediately after the issuance of such order, the chairman of the Commission shall fix a place and time for a hearing before the Commission to be held within 24 hours after issuance of such order, and within 24 hours after the commencement of such hearing, and without adjournment thereof, the Commission shall either affirm, modify or set aside the order.

In the absence of a generalized condition of air or water pollution of the type referred to above, if the Secretary finds that the emissions from one or more air contaminant sources or the discharge of wastes from one or more sources of water pollution is causing imminent danger to human health and safety or to fish and wildlife, he may with the concurrence of the Governor order the person or persons responsible for the operation or operations in question to immediately reduce or discontinue the emissions of air contaminants or the discharge of wastes or to take such other measures as are, in his judgment, necessary, without regard to any other provisions of this Article or Article 21B of this Chapter. In

such event, the requirements for hearing and affirmance, modification or setting aside of such orders set forth in the preceding paragraph of this subdivision shall apply.

(13) Repealed by Session Laws 1983, c. 296, s. 6.

(14) To certify and approve, by appropriate delegations and conditions in permits required by G.S. 143-215.1, requests by publicly owned treatment works to implement, administer and enforce a pretreatment program for the control of pollutants which pass through or interfere with treatment processes in such treatment works; and to require such programs to be developed where necessary to comply with the Federal Water Pollution Control Act and the Resource Conservation and Recovery Act, including the addition of conditions and compliance schedules in permits required by G.S. 143-215.1. Pretreatment programs submitted by publicly owned treatment works shall include, at a minimum, the adoption of pretreatment standards, a permit or equally effective system for the control of pollutants contributed to the treatment works, and the ability to effectively enforce compliance with the program.

(15) To adopt rules for the prevention of pollution from underground tanks containing petroleum, petroleum products, or hazardous substances. Rules adopted under this section may incorporate standards and restrictions which exceed and are more comprehensive than comparable federal regulations.

(16) To adopt rules limiting the manufacture, storage, sale, distribution or use of cleaning agents containing phosphorus pursuant to G.S. 143-214.4(e), and to adopt rules limiting the manufacture, storage, sale, distribution or use of cleaning agents containing nitrilotriacetic acid.

(17) To adopt rules to implement Part 2A of Article 21A of Chapter 143."

Section 2. G.S. 78A-28 reads as rewritten:

"**§78A-28. Provisions applicable to registration generally.**

(a) A registration statement may be filed by the issuer, any other person on whose behalf the offering is to be made, or a registered dealer.

"(b) Every person filing a registration statement shall pay a filing fee of ~~one hundred dollars ($100.00), plus a registration fee of one-tenth of one percent (1/10 of 1%) of the maximum aggregate offering price at which the registered securities are to be offered in this State, but the registration fee may not be less than twenty-five dollars ($25.00) nor more than one thousand five hundred dollars ($1,500).~~ two thousand dollars ($2,000). When a registration statement is withdrawn before the effective date or a pre-effective stop order is entered under G.S. 78A-29, the Administrator shall retain the filing fee. A registration statement relating to ~~securities issued or to be issued by a mutual fund, open-end management company, or unit investment trust or relating to other~~ redeemable securities, other than a security covered under federal law, to be offered for a period in excess of one year, must be renewed annually by payment of a renewal fee of one hundred dollars ($100.00) and by filing any documents or reports that the Administrator may by rule or order require.

(c) Every registration statement shall specify (i) the amount of securities to be offered in this State; (ii) the states in which a registration statement or similar document in connection with the offering has been or is expected to be filed; and (iii) any adverse order, judgment, or decree entered in connection with the offering by the regulatory authorities in each state or by any court or the Securities and Exchange Commission.

(d) Any document filed under this Chapter or a predecessor law within five years preceding the filing of a registration statement may be incorporated by reference in the registration statement to the extent that the document is currently accurate.

(e) The Administrator may by rule or otherwise permit the omission of any item of information or document from any registration statement.

(f) In the case of a nonissuer distribution, information may not be required under G.S. 78A-27 or 78A-28(i) unless it is known to the person filing the registration statement or to the persons on whose behalf the distribution is to be made, or can be furnished by them without unreasonable effort or expense.

(g) The Administrator may by rule or order require as a condition of registration by qualification or coordination (i) that any security issued within the past three years or to be issued to a promoter for a consideration substantially different

from the public offering price, or to any person for a consideration other than cash, be deposited in escrow; and (ii) that the proceeds from the sale of the registered security in this State be impounded until the issuer receives a specified amount from the sale of the securities either in this State or elsewhere. The Administrator may by rule or order determine the conditions of any escrow or impounding required hereunder, but he may not reject a depository solely because of location in another state.

(h) Except during the time a stop order is in effect under G.S. 78A- 29, a registration statement relating to ~~securities issued or to be issued by a mutual fund, open-end management company, or unit investment trust or relating to other~~ redeemable securities, other than a security covered under federal law, to be offered for a period in excess of one year, expires on December 31 of each year or some other date not more than one year from its effective date as the Administrator may by rule or order provide. Every other registration statement is effective for one year from its effective date, or any longer period during which the security is being offered or distributed in a nonexempted transaction by or for the account of the issuer or other person on whose behalf the offering is being made or by any underwriter or dealer who is still offering part of an unsold allotment or subscription taken by him as a participant in the distribution, except during the time a stop order is in effect under G.S. 78A-29. All outstanding securities of the same class as a registered security are considered to be registered for the purpose of any nonissuer transaction (i) so long as the registration statement is effective and (ii) between the thirtieth day after the entry of any stop order suspending or revoking the effectiveness of the registration statement under G.S. 78A-29 (if the registration statement did not relate in whole or in part to a nonissuer distribution) and one year from the effective date of the registration statement. A registration statement may not be withdrawn for one year from its effective date if any securities of the same class are outstanding. A registration statement may be withdrawn otherwise only in the discretion of the Administrator.

(i) So long as a registration statement is effective, the Administrator may by rule or order require the person who filed the registration statement to file reports, not more often than quarterly, to keep reasonably current the information contained in the registration statement and to disclose progress of the offering.

(j) A registration statement filed in accordance with subsection (b) of this section may be amended after its effective date to increase the securities specified as proposed to be offered. Such an amendment becomes effective when the Administrator so orders. Every person filing such an amendment shall pay a ~~registration fee calculated in the manner specified in subsection (b) and a~~ filing fee of fifty dollars ($50.00) with respect to the additional securities proposed to be offered."

Section 3. G.S. 78A-30 is amended by adding a new subsection to read:

The Administrator shall set the fee based upon the time and expenses incurred by the Administrator. The fee may not be less than five hundred dollars ($500.00), and it may not exceed five thousand dollars ($5,000)."

(2) After the initial offer of the security in this State, all documents that are part of an amendment to a federal registration statement filed with the Securities and Exchange Commission under the Securities Act of 1933, or, in lieu thereof, a form prescribed by the Administrator, which shall be filed concurrently with the Administrator.

(3) A report of the value of securities covered under federal law that are offered or sold in this State.

b. Administering permits or registrations issued under ~~Articles~~ Article 21, other than Parts 1 and 1A, Articles 21A, 21B, ~~or~~ and 38 of this Chapter including monitoring compliance with the terms of those permits; and

c. Reviewing, processing, and publicizing applications for construction grant awards under the Federal Water Pollution Control Act.

No fee may be charged under this provision, however, to a farmer who submits an application that pertains to his farming operations.

(1b) ~~The fee to be charged pursuant to G.S. 143-215.3(a)(1a) for processing an application for a permit under G.S. 143-215.1 of Article 21 may not exceed four hundred dollars ($400.00).~~ The fee to be charged pursuant to G.S. 143-215.3(a)(1a) for processing an application for a permit under G.S. 143-215.108 and G.S. 143-215.109 of Article 21B of this Chapter may not exceed five hundred dollars ($500.00). For all permits issued under these Articles where a fee schedule is not specified in the statutes, the Commission, or other commission specified by statute shall adopt a fee schedule in a rule following the procedures established by the Administrative Procedure Act. Fee schedules shall be established to reflect the size of the emission or discharge, the potential impact on the environment, the staff costs involved, relative costs of the issuance of new permits and the reissuance of existing permits, and shall include adequate safeguards to prevent unusual fee assessments which would result in serious economic burden on an individual applicant. A system shall be considered to allow consolidated annual payments for persons with multiple permits. In its rulemaking to establish fee schedules, the Commission is also directed to consider a method of rewarding facilities which achieve full compliance with administrative and self-monitoring reporting requirements, and to consider, in those cases where the cost of renewal or amendment of a permit is less than for the original permit, a lower fee for the renewal or amendment.

(1c) Moneys collected pursuant to G.S. 143-215.3(a)(1a) shall be used to:

a. Eliminate, insofar as possible, backlogs of permit applications awaiting agency action;

b. Improve the quality of permits issued;

c. Improve the rate of compliance of permitted activities with environmental standards; and
d. Decrease the length of the processing period for permit applications.

(1d) The Commission may adopt and implement a graduated fee schedule sufficient to cover all direct and indirect costs required for the State to develop and administer a permit program which meets the requirements of Title V. The provisions of subdivision (1b) of this subsection do not apply to the adoption of a fee schedule under this subdivision. In adopting and implementing a fee schedule, the Commission shall require that the owner or operator of all air contaminant sources subject to the requirement to obtain a permit under Title V to pay an annual fee, or the equivalent over some other period, sufficient to cover costs as provided in section 502(b)(3)(A) of Title V. The fee schedule shall be adopted according to the procedures set out in Chapter 150B of the General Statutes.

a. The total amount of fees collected under the fee schedule adopted pursuant to this subdivision shall conform to the requirements of section 502(b)(3)(B) of Title V. No fee shall be collected for more than 4,000 tons per year of any individual regulated pollutant, as defined in section 502(b)(3)(B)(ii) of Title V, emitted by any source. Fees collected pursuant to this subdivision shall be credited to the Title V Account.
b. The Commission may reduce any permit fee required under this section to take into account the financial resources of small business stationary sources as defined under Title V and regulations promulgated by the United States Environmental Protection Agency.
c. When funds in the Title V Account exceed the total amount necessary to cover the cost of the Title V program for the next fiscal year, the Secretary shall reduce the amount billed for the next fiscal year so that the excess funds are used to supplement the cost of

administering the Title V permit program in that fiscal year.

(1e) The Commission shall collect the application, annual, and project fees for processing and administering permits, certificates of coverage under general permits, and certifications issued under Parts 1 and 1A of this Article and for compliance monitoring under Parts 1 and 1A of this Article as provided in G.S. 143-215.3D and G.S. 143-215.10G.

(2) To direct that such investigation be conducted as it may reasonably deem necessary to carry out its duties as prescribed by this Article or Article 21A or Article 21B of this Chapter, and for this purpose to enter at reasonable times upon any property, public or private, for the purpose of investigating the condition of any waters and the discharge therein of any sewage, industrial waste, or other waste or for the purpose of investigating the condition of the air, air pollution, air contaminant sources, emissions, or the installation and operation of any air-cleaning devices, and to require written statements or the filing of reports under oath, with respect to pertinent questions relating to the operation of any air-cleaning device, sewer system, disposal system, or treatment works. In the case of effluent or emission data, any records, reports, or information obtained under this Article or Article 21A or Article 21B of this Chapter shall be related to any applicable effluent or emission limitations or toxic, pretreatment, or new source performance standards. No person shall refuse entry or access to any authorized representative of the Commission or Department who requests entry for purposes of inspection, and who presents appropriate credentials, nor shall any person obstruct, hamper or interfere with any such representative while in the process of carrying out his official duties.

(3) To conduct public hearings and to delegate the power to conduct public hearings in accordance with the procedures prescribed by this Article or by Article 21B of this Chapter.

(4) To delegate such of the powers of the Commission as the Commission deems necessary to one or more of its members, to the Secretary or any other qualified employee of the Department. The Commission shall not delegate to persons other than its own members and the designated employees of the Department the power to conduct hearings with respect to the classification of waters, the assignment of classifications, air quality standards, air contaminant source classifications, emission control standards, or the issuance of any special order except in the case of an emergency under subdivision (12) of this subsection for the abatement of existing water or air pollution. Any employee of the Department to whom a delegation of power is made to conduct a hearing shall report the hearing with its evidence and record to the Commission.

(5) To institute such actions in the superior court of any county in which a violation of this Article, Article 21B of this Chapter, or the rules of the Commission has occurred, or, in the discretion of the Commission, in the superior court of the county in which any defendant resides, or has his or its principal place of business, as the Commission may deem necessary for the enforcement of any of the provisions of this Article, Article 21B of this Chapter, or of any official action of the Commission, including proceedings to enforce subpoenas or for the punishment of contempt of the Commission.

(6) To agree upon or enter into any settlements or compromises of any actions and to prosecute any appeals or other proceedings.

(7) To direct the investigation of any killing of fish and wildlife which, in the opinion of the Commission, is of sufficient magnitude to justify investigation and is known or believed to have resulted from the pollution of the waters or air as defined in this Article, and whenever any person, whether or not he shall have been issued a certificate of approval, permit or other document of approval authorized by this or any other State law, has negligently, or carelessly or unlawfully,

or willfully and unlawfully, caused pollution of the waters or air as defined in this Article, in such quantity, concentration or manner that fish or wildlife are killed as the result thereof, the Commission, may recover, in the name of the State, damages from such person. The measure of damages shall be the amount determined by the Department and the North Carolina Wildlife Resources Commission, whichever has jurisdiction over the fish and wildlife destroyed to be the replacement cost thereof plus the cost of all reasonable and necessary investigations made or caused to be made by the State in connection therewith. Upon receipt of the estimate of damages caused, the Department shall notify the persons responsible for the destruction of the fish or wildlife in question and may effect such settlement as the Commission may deem proper and reasonable, and if no settlement is reached within a reasonable time, the Commission shall bring a civil action to recover such damages in the superior court in the county in which the discharge took place. Upon such action being brought the superior court shall have jurisdiction to hear and determine all issues or questions of law or fact, arising on the pleadings, including issues of liability and the amount of damages. On such hearing, the estimate of the replacement costs of the fish or wildlife destroyed shall be prima facie evidence of the actual replacement costs of such fish or wildlife. In arriving at such estimate, any reasonably accurate method may be used and it shall not be necessary for any agent of the Wildlife Resources Commission or the Department to collect, handle or weigh numerous specimens of dead fish or wildlife.

The State of North Carolina shall be deemed the owner of the fish or wildlife killed and all actions for recovery shall be brought by the Commission on behalf of the State as the owner of the fish or wildlife. The fact that the person or persons alleged to be responsible for the pollution which killed the fish or wildlife holds or has held a certificate of approval, permit or other document of approval authorized by this Article or any other

law of the State shall not bar any such action. The proceeds of any recovery, less the cost of investigation, shall be used to replace, insofar as and as promptly as possible, the fish and wildlife killed, or in cases where replacement is not practicable, the proceeds shall be used in whatever manner the responsible agency deems proper for improving the fish and wildlife habitat in question. Any such funds received are hereby appropriated for these designated purposes. Nothing in this paragraph shall be construed in any way to limit or prevent any other action which is now authorized by this Article.

(8) After issuance of an appropriate order, to withhold the granting of any permit or permits pursuant to G.S. 143-215.1 or G.S. 143-215.108 for the construction or operation of any new or additional disposal system or systems or air-cleaning device or devices in any area of the State. Such order may be issued only upon determination by the Commission, after public hearing, that the permitting of any new or additional source or sources of water or air pollution will result in a generalized condition of water or air pollution within the area contrary to the public interest, detrimental to the public health, safety, and welfare, and contrary to the policy and intent declared in this Article or Article 21B of this Chapter. The Commission may make reasonable distinctions among the various sources of water and air pollution and may direct that its order shall apply only to those sources which it determines will result in a generalized condition of water or air pollution.

The determination of the Commission shall be supported by detailed findings of fact and conclusions set forth in the order and based upon competent evidence of record. The order shall describe the geographical area of the State affected thereby with particularity and shall prohibit the issuance of permits pending a determination by the Commission that the generalized condition of water or air pollution has ceased.

Notice of hearing shall be given in accordance with the provisions of G.S. 150B-21.2.

A person aggrieved by an order of the Commission under this subdivision may seek judicial review of the order under Article 4 of Chapter 150B of the General Statutes without first commencing a contested case. An order may not be stayed while it is being reviewed.

(9) If an investigation conducted pursuant to this Article or Article 21B of this Chapter reveals a violation of any rules, standards, or limitations adopted by the Commission pursuant to this Article or Article 21B of this Chapter, or a violation of any terms or conditions of any permit issued pursuant to G.S. 143-215.1 or 143-215.108, or special order or other document issued pursuant to G.S. 143-215.2 or G.S. 143-215.110, the Commission may assess the reasonable costs of any investigation, inspection or monitoring survey which revealed the violation against the person responsible therefor. If the violation resulted in an unauthorized discharge to the waters or atmosphere of the State, the Commission may also assess the person responsible for the violation for any actual and necessary costs incurred by the State in removing, correcting or abating any adverse effects upon the water or air resulting from the unauthorized discharge. If the person responsible for the violation refuses or fails within a reasonable time to pay any sums assessed, the Commission may institute a civil action in the superior court of the county in which the violation occurred or, in the Commission's discretion, in the superior court of the county in which such person resides or has his or its principal place of business, to recover such sums.

(10) To require a laboratory facility that performs any tests, analyses, measurements, or monitoring required under this Article or Article 21B of this Chapter to be certified annually by the Department, to establish standards that a laboratory facility and its employees must meet and maintain in order for the laboratory facility to be certified, and to charge a laboratory facility a fee for

certification. Fees collected under this subdivision shall be credited to the Water and Air Account and used to administer this subdivision. These fees shall be applied to the cost of certifying commercial, industrial, and municipal laboratory facilities.

(11) Repealed by Session Laws 1983, c. 296, s. 6.

(12) To declare an emergency when it finds that a generalized condition of water or air pollution which is causing imminent danger to the health or safety of the public. Regardless of any other provisions of law, if the Department finds that such a condition of water or air pollution exists and that it creates an emergency requiring immediate action to protect the public health and safety or to protect fish and wildlife, the Secretary of the Department with the concurrence of the Governor, shall order persons causing or contributing to the water or air pollution in question to reduce or discontinue immediately the emission of air contaminants or the discharge of wastes. Immediately after the issuance of such order, the chairman of the Commission shall fix a place and time for a hearing before the Commission to be held within 24 hours after issuance of such order, and within 24 hours after the commencement of such hearing, and without adjournment thereof, the Commission shall either affirm, modify or set aside the order.

In the absence of a generalized condition of air or water pollution of the type referred to above, if the Secretary finds that the emissions from one or more air contaminant sources or the discharge of wastes from one or more sources of water pollution is causing imminent danger to human health and safety or to fish and wildlife, he may with the concurrence of the Governor order the person or persons responsible for the operation or operations in question to immediately reduce or discontinue the emissions of air contaminants or the discharge of wastes or to take such other measures as are, in his judgment, necessary, without regard to any other provisions of this Article or Article 21B of this Chapter. In such

event, the requirements for hearing and affirmance, modification or setting aside of such orders set forth in the preceding paragraph of this subdivision shall apply.

(13) Repealed by Session Laws 1983, c. 296, s. 6.

(14) To certify and approve, by appropriate delegations and conditions in permits required by G.S. 143-215.1, requests by publicly owned treatment works to implement, administer and enforce a pretreatment program for the control of pollutants which pass through or interfere with treatment processes in such treatment works; and to require such programs to be developed where necessary to comply with the Federal Water Pollution Control Act and the Resource Conservation and Recovery Act, including the addition of conditions and compliance schedules in permits required by G.S. 143-215.1. Pretreatment programs submitted by publicly owned treatment works shall include, at a minimum, the adoption of pretreatment standards, a permit or equally effective system for the control of pollutants contributed to the treatment works, and the ability to effectively enforce compliance with the program.

(15) To adopt rules for the prevention of pollution from underground tanks containing petroleum, petroleum products, or hazardous substances. Rules adopted under this section may incorporate standards and restrictions which exceed and are more comprehensive than comparable federal regulations.

(16) To adopt rules limiting the manufacture, storage, sale, distribution or use of cleaning agents containing phosphorus pursuant to G.S. 143-214.4(e), and to adopt rules limiting the manufacture, storage, sale, distribution or use of cleaning agents containing nitrilotriacetic acid.

(17) To adopt rules to implement Part 2A of Article 21A of Chapter 143."

Section 12. G.S. 90A-47.4(a) reads as rewritten:

"(a) An applicant for certification under this Part shall pay a fee of ~~ten dollars ($10.00)~~ twenty-five dollars ($25.00) for the examination and the certificate."

Section 13. Subsection (d) of Section 27.13 of Chapter 18 of the 1995 Session Laws (1996 Second Extra Session) is repealed.

Section 14. This Part of this act shall not be construed to relieve any person of the obligation to pay any fee due for any activity described in this Part under the schedule of fees in effect prior to the date this Part becomes effective.

PART IV. INCREASE COURT FEES

Section 15. G.S. 7A-304(a) reads as rewritten:

"(a) In every criminal case in the superior or district court, wherein the defendant is convicted, or enters a plea of guilty or nolo contendere, or when costs are assessed against the prosecuting witness, the following costs shall be assessed and collected, except that when the judgment imposes an active prison

sentence, costs shall be assessed and collected only when the judgment specifically so provides, and that no costs may be assessed when a case is dismissed.

(1) For each arrest or personal service of criminal process, including citations and subpoenas, the sum of ~~five dollars ($5.00),~~ ten dollars ($10.00), to be remitted to the county wherein the arrest was made or process was served, except that in those cases in which the arrest was made or process served by a law-enforcement officer employed by a municipality, the fee shall be paid to the municipality employing the officer.

(2) For the use of the courtroom and related judicial facilities, the sum of ~~six dollars ($6.00)~~ twelve dollars ($12.00) in the district court, including cases before a magistrate, and the sum of ~~twenty-four dollars ($24.00)~~ thirty dollars ($30.00) in superior court, to be remitted to the county in which the judgment is rendered. In all cases where the judgment is rendered in facilities provided by a municipality, the facilities fee shall be paid to the municipality. Funds derived from the facilities fees shall be used exclusively by the county or municipality for providing, maintaining, and constructing adequate courtroom and related judicial facilities, including: adequate space and furniture for judges, district attorneys, public defenders, magistrates, juries, and other court related personnel; office space, furniture and vaults for the clerk; jail and juvenile detention facilities; free parking for jurors; and a law library (including books) if one has heretofore been established or if the governing body hereafter decides to establish one. In the event the funds derived from the facilities fees exceed what is needed for these purposes, the county or municipality may, with the approval of the Administrative Officer of the Courts as to the amount, use any or all of the excess to retire outstanding indebtedness incurred in the construction of the facilities, or to reimburse the county or municipality for funds expended in constructing or renovating the facilities (without incurring any indebtedness) within a period of two

years before or after the date a district court is established in such county, or to supplement the operations of the General Court of Justice in the county.

(3) For the retirement and insurance benefits of both State and local government law-enforcement officers, the sum of seven dollars and twenty-five cents ($7.25), to be remitted to the State Treasurer. Fifty cents (50¢) of this sum shall be administered as is provided in Article 12C of Chapter 143 of the General Statutes. Five dollars and seventy-five cents ($5.75) of this sum shall be administered as is provided in Article 12E of Chapter 143 of the General Statutes, with one dollar and twenty-five cents ($1.25) being administered in accordance with the provisions of G.S. 143-166.50(e). One dollar ($1.00) of this sum shall be administered as is provided in Article 12F of Chapter 143 of the General Statutes.

(3a) For the supplemental pension benefits of sheriffs, the sum of seventy-five cents (75¢) to be remitted to the Department of Justice and administered under the provisions of Article 12G of Chapter 143 of the General Statutes.

(4) For support of the General Court of Justice, the sum of sixty-one dollars ($61.00) in the district court, including cases before a magistrate, and the sum of sixty-eight dollars ($68.00) in the superior court, to be remitted to the State Treasurer.

(5) For using pretrial release services, the district or superior court judge shall, upon conviction, impose a fee of fifteen dollars ($15.00) to be remitted to the county providing the pretrial release services. This cost shall be assessed and collected only if the defendant had been accepted and released to the supervision of the agency providing the pretrial release services.

(6) For support of the General Court of Justice, for the issuance by the clerk of a report to the Division of Motor Vehicles pursuant to G.S. 20-24.2, the sum of fifty dollars ($50.00), to be remitted to the State Treasurer. Upon a showing to the court that the defendant failed to appear because of an error or omission of a judicial

official, a prosecutor, or a law-enforcement officer, the court shall waive this fee."

Section 16. G.S. 7A-305(a) reads as rewritten:

"(a) In every civil action in the superior or district court the following costs shall be assessed:

(1) For the use of the courtroom and related judicial facilities, the sum of ~~six dollars ($6.00)~~ twelve dollars ($12.00) in cases heard before a magistrate, and the sum of ~~ten dollars ($10.00)~~ sixteen dollars ($16.00) in district and superior court, to be remitted to the county in which the judgment is rendered, except that in all cases in which the judgment is rendered in facilities provided by a municipality, the facilities fee shall be paid to the municipality. Funds derived from the facilities fees shall be used in the same manner, for the same purposes, and subject to the same restrictions, as facilities fees assessed in criminal actions.

(2) For support of the General Court of Justice, the sum of fifty-five dollars ($55.00) in the superior court, and the sum of forty dollars ($40.00) in the district court except that if the case is assigned to a magistrate the sum shall be twenty-eight dollars ($28.00). Sums collected under this subsection shall be remitted to the State Treasurer."

Section 17. G.S. 7A-306(a) reads as rewritten:

"(a) In every special proceeding in the superior court, the following costs shall be assessed:

(1) For the use of the courtroom and related judicial facilities, the sum of ~~four dollars ($4.00)~~ ten dollars ($10.00) to be remitted to the county. Funds derived from the facilities fees shall be used in the same manner, for the same purposes, and subject to the same restrictions, as facilities fees assessed in criminal actions.

(2) For support of the General Court of Justice the sum of twenty-six dollars ($26.00). In addition, in proceedings involving land, except boundary disputes, if the fair market value of the land involved is over one hundred dollars ($100.00), there shall be an additional sum of thirty cents (30¢) per one hundred dollars ($100.00) of value,

or major fraction thereof, not to exceed a maximum additional sum of two hundred dollars ($200.00). Fair market value is determined by the sale price if there is a sale, the appraiser's valuation if there is no sale, or the appraised value from the property tax records if there is neither a sale nor an appraiser's valuation. Sums collected under this subsection shall be remitted to the State Treasurer."

Section 18. G.S. 7A-307(a) reads as rewritten:

"(a) In the administration of the estates of decedents, minors, incompetents, of missing persons, and of trusts under wills and under powers of attorney, and in collections of personal property by affidavit, the following costs shall be assessed:

(1) For the use of the courtroom and related judicial facilities, the sum of ~~four dollars ($4.00),~~ ten dollars ($10.00), to be remitted to the county. Funds derived from the facilities fees shall be used in the same manner, for the same purposes, and subject to the same restrictions, as facilities fees assessed in criminal actions.

(2) For support of the General Court of Justice, the sum of twenty-six dollars ($26.00), plus an additional forty cents (40¢) per one hundred dollars ($100.00), or major fraction thereof, of the gross estate, not to exceed three thousand dollars ($3,000). Gross estate shall include the fair market value of all personalty when received, and all proceeds from the sale of realty coming into the hands of the fiduciary, but shall not include the value of realty. In collections of personal property by affidavit, the fee based on the gross estate shall be computed from the information in the final affidavit of collection made pursuant to G.S. 28A-25-3 and shall be paid when that affidavit is filed. In all other cases, this fee shall be computed from the information reported in the inventory and shall be paid when the inventory is filed with the clerk. If additional gross estate, including income, comes into the hands of the fiduciary after the filing of the inventory, the fee for such additional value shall be assessed and paid upon the filing of any

account or report disclosing such additional value. For each filing the minimum fee shall be ten dollars ($10.00). Sums collected under this subsection shall be remitted to the State Treasurer.

(2a) Notwithstanding subdivision (2) of this subsection, the fee of forty cents (40¢) per one hundred dollars ($100.00), or major fraction, of the gross estate, not to exceed three thousand dollars ($3,000), shall not be assessed on personalty received by a trust under a will when the estate of the decedent was administered under Chapters 28 or 28A of the General Statutes. Instead, a fee of fifteen dollars ($15.00) shall be assessed on the filing of each annual and final account.

(2b) Notwithstanding subdivisions (1) and (2) of this subsection, no costs shall be assessed when the estate is administered or settled pursuant to G.S. 28A-25-6.

(3) For probate of a will without qualification of a personal representative, the clerk shall assess a facilities fee as provided in subdivision (1) of this subsection and shall assess for support of the General Court of Justice, the sum of seventeen dollars ($17.00)."

Section 19. G.S. 7A-311(a) reads as rewritten:

"(a) In a civil action or special proceeding, the following fees and commissions shall be assessed, collected, and remitted to the county:

(1) a. ~~Effective October 1, 1990, for every civil action filed on or after that date, for~~ For each item of civil ~~process,~~ process served, including summons, subpoenas, notices, motions, orders, writs and ~~pleadings served,~~ pleadings, the sum of ~~five dollars ($5.00).~~ ten dollars ($10.00). When two or more items of civil process are served simultaneously on one party, only one ~~five dollar ($5.00)~~ ten dollar ($10.00) fee shall be charged.

b. When an item of civil process is served on two or more persons or organizations, a separate service charge shall be made for each person or organization. If the process is served, or attempted to be served, by a city policeman,

the fee shall be remitted to the city rather than the county. If the process is served, or attempted to be served by the sheriff, the fee shall be remitted to the county. This subsection shall not apply to service of summons to jurors.

(2) For the seizure of personal property and its care after seizure, all necessary expenses, in addition to any fees for service of process.

(3) For all sales by the sheriff of property, either real or personal, or for funds collected by the sheriff under any judgment, five percent (5%) on the first five hundred dollars ($500.00), and two and one-half percent (2 1/2%) on all sums over five hundred dollars ($500.00), plus necessary expenses of sale. Whenever an execution is issued to the sheriff, and subsequently while the execution is in force and outstanding, and after the sheriff has served or attempted to serve such execution, the judgment, or any part thereof, is paid directly or indirectly to the judgment creditor, the fee herein is payable to the sheriff on the amount so paid. The judgment creditor shall be responsible for collecting and paying all execution fees on amounts paid directly to the judgment creditor.

(4) For execution of a judgment of ejectment, all necessary expenses, in addition to any fees for service of process.

(5) For necessary transportation of individuals to or from State institutions or another state, the same mileage and subsistence allowances as are provided for State employees."

PART V. PUBLIC UTILITIES REGULATORY FEE

Section 20. The percentage rate to be used in calculating the public utility regulatory fee under G.S. 62-302(b)(2) is nine-hundredths percent (0.09%) of each public utility's North Carolina jurisdictional revenues earned during each quarter that begins on or after July 1, 1998.

PART VI. INSURANCE REGULATORY CHARGE

Section 21. The percentage rate to be used in calculating the insurance regulatory charge under G.S. 58-6-25 is six percent (6%) for the 1998 calendar year.

Section 22. G.S. 58-6-25(a) reads as rewritten:

"(a) Charge Levied. -- There is levied on each insurance company an annual charge for the purposes stated in subsection (d) of this section. As used in this section, the term "insurance company" means a company that pays the gross premiums tax levied in G.S. 105-228.5 and G.S. 105-228.8, except a service corporation subject to Article 65 of this Chapter. A health maintenance organization subject to Article 67 of this Chapter is not subject to those taxes and is therefore not subject to the charge levied in this section. The charge levied in this section is in addition to all other fees and taxes. The charge shall be at a percentage rate of the company's premium tax liability for the taxable year. In determining an insurance company's premium tax liability for a taxable year, the following shall be disregarded:

(1) ~~additional~~ Additional taxes imposed by G.S. ~~105-228.8,~~ 105-228.8.

(2) The ~~the~~ additional local fire and lightning tax imposed by G.S. ~~105-228.5(d)(4), and any~~ 105-228.5(d)(4).

(3) Any tax credits for guaranty or solvency fund assessments under G.S. 105-228.5A or G.S. ~~97-133(a) shall be disregarded.~~ 97-133(a).

(4) Any tax credits allowed under Chapter 105 of the General Statutes other than tax payments made by or on behalf of the taxpayer."

PART VII.

Section 23. PARTS 1, II, and IV of this act become effective November 1, 1998; PART II applies to autopsies or other studies performed on or after November 1, 1998, and PART IV applies to fees assessed or paid on or after November 1, 1998. PART III of this act becomes effective January 1, 1999. PART V of this act becomes effective July 1, 1998. PART VI of this act becomes effective January 1, 1998. The remainder of this act is effective when it becomes law.

RE: Addition of Utility Rates to SB 1199

FISCAL IMPACT

REVENUES					
Utilities Special Fund	8.50	($.67 million increase over FY 1997-98)			

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: Utility Commission.

EFFECTIVE DATE: November 1, 1998.

BILL SUMMARY:
This section of the bill sets the utilities regulatory fee at 0.09% of each public utilities' North Carolina jurisdictional revenues earned during each quarter that begins on or after July 1, 1998. **(This maintains the current 0.09% rate set in fiscal year 1997-98.)** The revenue generated from this fee supports the operations of the North Carolina Utilities Commission and Public Staff.

ASSUMPTIONS AND METHODOLOGY:

Per G.S. 62-302(b)(2), the percentage rate established by the General Assembly and assessed by the Commission "may not exceed the amount necessary to generate funds sufficient to defray the estimated cost of the operations of the Commission and Public Staff for the upcoming fiscal year, including a reasonable margin for a reserve fund." The Utilities Commission estimates that

combined operations of the Commission and the Public Staff in FY 1998-99 will require expenditures of not less than $9,297,845. Revenues generated by the utilities regulatory fee are estimated at $8,500,000. The balance will be derived from other revenues generated by Commission fees and charges, or from the Accumulated Fee Margin Reserve Account.

The Utilities Commission indicates that the status of the Accumulated Fee Margin Reserve is as follows:

Balance as of 7/1/98	$ 9,587,836
Add: Estimated Collections and Interest for FY 1998-99	$ 9,356,285
Total Funds Available	$18,944,121
Less: Estimated FY 1998-99 Expenditures Reimbursable from Fees	$(9,297,845)*
Estimated Margin Reserve for Period Ending 6/30/99	$ 9,646,276

** Not included in FY 1998-99 are the estimated costs incurred by the Legislative Study Commission on the Future of Electric Service in North Carolina. Study Commission expenses are to be refunded from the Utilities Commission and Public Staff Fund (Chapter 483, Section 10.1, 1997 Session Laws). The amount is expected to be $900,000. Additional estimated expenses include any legislative salary increase for FY 1998-99 and costs associated with Year 2000 conversion (estimated to be $150,000).*

Based on the projected Fee Margin Reserve, the fee of 0.09% should be sufficient to cover the operations of the Utilities Commission and Public Staff.

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: Department of the Secretary of State, Department of Health and Human Services, Department of Environment and Natural Resources, Judicial Department, County and Municipal Finance Offices.

EFFECTIVE DATE: Part III (water quality fees) becomes effective January 1, 1999. The remainder of the act becomes effective November 1, 1998.

BILL SUMMARY: Part I increases several fees collected by the Secretary of State and creates a new fee for fairness hearings conducted by the Secretary of State. Part II increases the fee paid by the state and counties for conducting an autopsy. Part III revises the schedule of permit fees under the Water Quality program and places the new fee schedule into the statutes. Part IV increases the process and facilities fees in the General Court of Justice.

ASSUMPTIONS AND METHODOLOGY:

Part One: Secretary of State Fees

Section 1 - Notary Commissions (GS 10A-7)

The fee to obtain and to renew a notary commission is increased from $25 to $30. The Secretary of State reports annual average increases of 2.72% in the number of initial appointments over the past five fiscal years (from 93-94 to 97-98). Based on the 97-98 figure of 14,147, the number of initial appointments for 1998-99 through 2002-03 is projected using a 2.72% annual average increase. The numbers below represent the projected number of initial appointments in the out years.

1998-99	1999-00	2000-01	2001-02	2002-03
14,532	14,927	15,333	15,750	16,178

The additional revenue from the fee increase is calculated by multiplying the number of initial appointments (above) by the $5 fee increase. The projected revenue by fiscal year appears below:

1998-99	1999-00	2000-01	2001-02	2002-03
$72,660	$74,635	$76,665	$78,750	$80,890

The Secretary of State reports an annual average increase of 8.35% in the number of notary commission reappointments for the past five fiscal years (93-94 to 97-98). Relying on the 97-98

figure of 19,937 reappointments, the number of reappointments for 1998-99 through 2002-03 is projected below:

1998-99	1999-00	2000-01	2001-02	2002-03
21,602	23,406	25,360	27,478	29,772

The additional revenue from the $5 increase in the notary commission reappointment fee is shown below (by fiscal year).

1998-99	1999-00	2000-01	2001-02	2002-03
$108,010	$117,030	$126,800	$137,390	$148,860

Sections 2 & 4 - Registration (GS 78A-28(b) & 31(a))
The registration/filing fee for companies selling investment securities and mutual funds is set at a flat $2,000 rate. The current fee is based on volume and is set at 1/10 of 1% of the maximum aggregate offering price, not to exceed $1,600. The Secretary of State reports 550 initial mutual fund registrations during the 1997 calendar year, and projects 650 such registrations for the 1998 calendar year. The projected 650 registrations x $400 (the difference in the current maximum and the proposed $2,000 fee) yields $260,000 in additional revenues from the flat fee for FY 1999. The Secretary of State did not provide registration projections for the out years. Relying on the 1998 figure of 650 registrations, results in a stable estimate of $260,000 in additional revenues from the increase for the 1998-99 to 2002-03 years.

Section 3 - Fairness Hearings (GS 78A-30(g))
The new fee for fairness hearings is based upon the time and expenses incurred by the Secretary of State staff. The fee shall be a minimum of $500 and a maximum of $5,000. The Director of the Securities Division of the Secretary of State conducts between 30-35 hearings annually. It takes the Director from a minimum of 5-6 hours to a maximum of between 18-20 hours to prepare for and conduct a hearing, and to generate a post-hearing Order. The Secretary of State recommends assessing a flat $500 fee for all hearings, and $200 per hour for all staff time devoted to a hearing in excess of five hours, up to a maximum of $5,000.

Relying on the Department's reported experience above, 13 hours of staff time (the midpoint) is devoted to the average hearing. The expected revenue as a result of assessing fees for Fairness Hearings follows:

1.) Multiply the expected number of cases times the $500 flat fee.
   a.) Given the reported 30-35 hearings per year, 32.5 hearings (the midpoint) is projected for the out years.
   b.) The $500 fee multiplied by 32.5 yields $16,250 in revenue from the flat fee.

2.) Multiply the $200 hourly fee times the number of hours in excess of five.
   a.) The average (or expected) 13 hours per hearing projected above is used to determine the number of hours in excess of five. On average, Secretary of State staff expends an extra eight hours (in excess of five) on individual hearings.

b.) The $200 hourly fee times the eight hours (in excess of five) yields $1,600 in revenue per hearing.
c.) The $1,600 revenue per hearing times the expected 32.5 hearing yields $52,000.

3.) Add the $16,250 to the $52,000 for a total of $68,250 in revenue from Fairness Hearings fees.

Section 5 - Authentications (GS 147-37)
Document Certification Fees (Authentications and Apostilles) are increased from $6.25 per document to $10 per document. The Secretary of State reports that there were 5,359 total documents certified in FY 1996, 11,249 in FY 1997, and 13,200 projected for FY 1998. The Department experienced an annual average increase in document certifications of 64% for the past two fiscal years. The 17% increase from FY '97 to FY '98 appears to be a much more reliable measure of change than the 110% increase from FY '96 to FY '97. This note relies on the 17% increase to calculate a projected 15,444 document certifications for FY 1999. The 15,444 document certifications x $3.75 (the difference in the fee) yields $57,915 in additional revenues from the fee for FY 1999. The additional revenue projections for the out years appear below:

1998-99	1999-00	2000-01	2001-02	2002-03
$57,915	$67,761	$79,280	$92,757	$108,526

The total additional revenue resulting from Documentation Certification, Securities Registration, fairness hearings, and Notary Commission fee increases in the Department of the Secretary of State appear below:

	1998-99	1999-00	2000-01	2001-02	2002-03
Notary fees	$135,503	$191,665	$203,465	$216,140	$229,750
Securities	173,342	260,000	260,000	260,000	260,000
Fairness hearings	45,502	68,250	68,250	68,250	68,250
Authentication	38,612	67,761	79,280	92,757	108,526
	$392,959	$587,676	$610,995	$637,147	$666,526

The FY 1998-9 fiscal estimate listed in the chart has been adjusted for the November 1998 effective date.

Part Two: Autopsy Fee

Section six increases the fee for autopsies from $400 to $1,000. According to the Office of the Chief Medical Examiner, there are approximately 3,570 medical examiner autopsies performed each year. This number is expected to remain constant. Of the medical examiner autopsies performed each year, approximately 2,010 are performed by private contracted pathologists,

1,260 are performed at the Office of the Chief Medical Examiner in Chapel Hill, and 300 are performed at the Mecklenburg County Office. Payment for these autopsies is as follows:

402	paid by the state to private contracted pathologists
1,608	paid by the county to private contracted pathologists
1,008	paid by the county to the state
552	no payment, conducted by the state for the state
3,570	TOTAL AUTOPSIES PERFORMED

The increase in costs paid by the state to private contracted pathologists is computed below:

402 x $400 = $160,800
- 402 x $1,000 = $402,000
$241,200

The cost increase for the state of $241,200 is offset by the autopsy fees paid to the state from the counties. (When adjusted for the November effective date the actual expenditure estimate is $180,900.

As shown above, the counties pay the Office of the Chief Medical Examiner for 1008 autopsies each year. The increased revenue to the state generated by a $600 increase in the autopsy fee is $604,800. When adjusted for the November effective date, the FY 1998-9 estimate for this item is $453,600.

The increased cost for counties is $1,569,600 a year based on a $600 for the 2,616 autopsies the counties pay for each year. 1,608 autopsies are performed each year by private contracted pathologists and 1,008 autopsies are performed by the state. When adjusted for the November effective date the FY 1998-9 expenditure is $1,177,200.

Part Three: Water Quality Fees

Funding for programs administered by the Water Quality Section in the Department of Environment and Natural Resources (DENR) is provided through three sources: federal funds, state general fund appropriations, and permit fee receipts. In 1996 the Division of Water Quality projected a shortfall in water quality permit fee receipts. In response, the General Assembly appropriated $1 million for the 1997-98 fiscal year in a special reserve fund to help offset any unrealized permit fee revenue and to allow for additional analysis of a variety of water quality funding issues. (Based on year to date actual collections, the Office of State Budget and Management does not expect the Division to draw funds from the reserve for the 1997-98 fiscal year). The Environmental Review Commission (ERC) created the Water Quality Funding Working Group comprising representatives of the regulated community to evaluate the state's water quality programs, funding sources and budgetary needs, as well as make recommendations to improve the current funding structure. Part V of this bill is a result of the working group's effort and is recommended by the ERC.

Focus on water quality funding needs has shifted from total budgetary requirements to determining an appropriate level of operating support, which includes data processing and communications, travel, supplies, equipment and other general operating expenses. The Water Quality Section's authorized budget, excluding pass-through grants and aid, for the 1997-98 fiscal year is approximately $14.5 million. This aggregate amount is consistent with the Division's calculation of a "healthy budget." However, salary and fringes for personnel in the Water Quality Section account for over 80% of the total budget. According to the Division, additional operating support is needed by the Water Quality Section to carry out their statutory obligations. As such additional revenue resulting from fee increases proposed in this bill will be used primarily for operating expenses.

Part III of this bill revises the schedule of fees for water quality permits for non-animal facilities, animal waste management systems, and certification and training requirements. The new fee schedule is also being codified in the general statutes. The bill also provides that revenue generated by animal waste operations be credited to the Water and Air Quality Account, rather than the General Fund as required by current law.

The differences in the current permit fees (at the maximum compliance level) and the permit fees proposed in the legislation are shown in the chart below. The number of facilities in each category was provided by the Division of Water Quality, and shows the number of each type of non-animal facility permitted in 1998. The Division assumes that the number of facilities in each non-animal category will remain relatively constant over time. The numbers given for animal waste management facilities represent the number of operations expected to be permitted annually, once all facilities are in the permitting system. The Division began permitting animal waste systems in January 1997 and plan to have all systems permitted by January 2002. The number of facilities, and the associated revenue streams, are then expected to remain relatively constant over time.

Activity	# of Facilities	Current Fees (compliance maximums)	Proposed Fees

Fee Change: Non-Animal Facilities: The change in Water Quality permit fees will alter revenue to the Division of Water Quality beginning in FY 1998-99. Using the above permit fees, and excluding the animal facilities, the total revenue generated from fees addressed in the bill will be approximately $1.8 million in 1998-99. (This represents 6 months of the fiscal year. The annual total, as shown below, is $3.6 million.). Because the statute sets the fees, and the number of facilities is constant, the revenue associated with non-animal facilities is expected to remain constant over time.

Category	**Revenue Under Bill**
Category A - Subject to Annual Fees (Does not include animal permits in this category).	$2,666,590
Category B - Subject to Project and Annual Fees.	$41,750
Category C - Application Fees.	$854,125
TOTAL NON-ANIMAL FEES	$3,562,465

In FY 1997-98 water quality permits are expected to generate $2.8 million in revenues. The three year average revenue collected from water quality permits is $2.9 million. This three year average is used as an approximation for future years. The Division believes that there will be no growth in non-animal permits in future years. Because of the effective date of the legislation, one-half of the three year average amount ($1.45 million) is used to estimate the net revenue increase for FY 1998-99. As such, the net revenue gain associated with non-animal permits is estimated at $350,000 in FY 1998-99, and $700,000 in succeeding years. Under current law, non-animal system permit fees are placed in a special non-reverting Water and Air Quality Account within DENR.

Fee Change: Animal Facilities: The Division of Water Quality began permitting animal waste management facilities January 1997. The Division assumes that all animal waste systems will be "on line," paying annual permit fees, by January 2002. As such, approximately 20% of the total number of facilities (and their revenue) will be added each year. Because the legislation instructs the Division to permit the largest facilities first, and larger operations are required to pay higher

fees, revenue growth slows as additional facilities are phased in each year. This note assumes calendar year revenue additions will be as follows: 23% in 1997, 22% in 1998, 20% in 1999, 20% in 2000, and 15% in 2001. After January 2002 the revenue is expected to remain constant under both the current system and the bill. Once 100% of the animal facilities are permitted, the bill will result in $161,800 of additional revenue, when compared to the existing fee structure. In the interim years an adjustment is made to convert the calendar year figures to fiscal year estimates. The bill requires these funds to be credited to the non-reverting Water and Air Quality Account.

Actual	Current	Proposed	Change
FY 1996-7	$ 38,910	$ 57,517	$ 18,607
FY 1997-8	$ 115,039	$ 170,051	$ 55,012
FY 1998-9	$ 186,093	$ 275,083	$ 88,990
FY 1999-0	$ 253,763	$ 375,113	$ 121,350
FY 2000-1	$ 312,974	$ 462,639	$ 149,665
FY 2001-2	$ 338,350	$ 500,150	$ 161,800
FY 2002-3	$ 338,350	$ 500,150	$ 161,800

Training and Certification: Currently the Division of Water Quality offers a number of training and certification programs, and charges a fee for their efforts. The working group recommended that the fees associated with these training and certification activities be increased. The Division provided a 1998-99 estimate of the number of operators. The number of certification and training participants was then increased annually by the forecasted population growth rate (approximately 1%) to reflect expected growth in the program. The 1998-99 revenue projections for training and certification are as follows:

Fee Type	**Existing Fee**	**Current Revenue**	**Proposed Fee**	**Proposed Revenue**	**Change**
Examination Fees (non-animal)	$75	$237,300	$85	$268,940	$31,640
Examination Fees (animal)	$10	$5,000	$25	$12,500	$7,500
Renewal Fees (non-animal)	$30	$242,430	$35	$282,835	$40,405
Renewal Fees (non-animal)	$10	$35,000	$10	$35,000	-
TOTAL		$519,730		$599,275	$79,545

One-half of the $79,545 is actually cited in the fiscal chart, as a result of the January effective date. These funds are credited to the non-reverting Water System Contract Account in the Department.

NOTE: Under current law revenue from animal waste system permits is credited to the General Fund. This bill revises the current practice by directing that the revenue be credited to the Water and Air Quality Account. This change will result in a revenue loss to the General Fund. The estimated reduction in General Fund revenue, as presented in this note, is based on the existing fee schedule, not the revised schedule being proposed. As mentioned above, the Division assumes that future permit revenue will remain constant since they do not expect significant changes at the federal level. However, it should be noted that any change in federal regulations will have an impact on North Carolina water quality permit revenue. These federal changes, in past years, have created a positive growth trend in permit revenue.

Part IV: Court Fees (G.S. 7A-304(a))

This part of the bill first amends G.S. 7A-304(a) by increasing the following fees in criminal court cases: 1) arrest and processing service fee from $5 to $10; 2) district court facilities fee from $6 to $12; and 3) superior court facilities fee from $24 to $30. Process and facilities fees for criminal cases are remitted directly to counties and municipalities for court related expenses.

Section 15: Criminal Cases (G.S. 7A-304(a)

This section of the bill increases service and facilities fees associated with criminal court fees. For the criminal service fee, Judicial Department data for FY 1996-97 indicates that there were 1,600,808 total cases involving processing service fees. Of these 1,600,808 cases, an estimated 1,120,566, or 70%, were criminal cases subject to this provision. Raising this service fee from $5 to $10 would have increased revenues by $5,602,830 in FY 1996-97. Extrapolating to future years using a conservative estimate of 2% growth in new criminal cases per year, we project the following annual revenue increases by raising district and superior court service fees:

FY 1998-99*	1,165,837 cases	$5,829,183
FY 1999-00	1,189,154 cases	$5,945,769
FY 2000-01	1,212,937 cases	$6,064,685
FY 2001-02	1,237,196 cases	$6,185,979
FY 2002-03	1,261,940 cases	$6,309,700

***Since effective date is November 1, 1998, the actual revenue increase for FY 1998-99 would be $3,886,122.**

For the criminal facilities fee, Judicial Department data for FY 1996-97 indicates that there were 997,017 criminal cases in district courts and 18,526 criminal cases in superior courts (1,015,543 total cases). Raising the district court facilities fee from $6 to $12 would have increased revenues by $5,982,102, while raising the superior court facilities fee from $24 to $30 would have increased revenues by $111,156. The total revenues gained by increasing the facilities fees would have been $6,093,258. Extrapolating to future years using a conservative estimate of 2% growth in new criminal cases per year, we project the following annual revenue increases from raising the district and superior court facilities fees:

FY 1998-99*	1,056,571 cases	$6,339,426
FY 1999-00	1,077,702 cases	$6,466,212
FY 2000-01	1,099,256 cases	$6,595,536
FY 2001-02	1,121,241 cases	$6,727,447
FY 2002-03	1,143,666 cases	$6,861,994

***Since effective date is November 1, 1998, the actual revenue increase for FY 1998-99 would be $4,226,284.**

Section 16 - Civil Cases G.S. 7A-305(a)

Section 16 raises the service and facilities fees associated with civil actions[1]. For the civil service fees, as indicated earlier, there were a total of 1,600,808 cases that involved processing service fees in FY 1996-97. Of these 1,600,808 cases, an estimated 428,746 cases, or 26%, were civil actions or special proceedings subject to this section. Raising the service fee from $5 to $10 would have increased revenues by $2,143,730 in FY 1996-97. Extrapolating to future years using a conservative estimate of 2% growth in new civil actions and per year, we project the following annual revenue increases from raising civil service fees:

FY 1998-99*	446,067 cases	$2,230,337
FY 1999-00	454,988 cases	$2,274,942
FY 2000-01	464,088 cases	$2,320,439
FY 2001-02	473,370 cases	$2,366,849
FY 2002-03	482,837 cases	$2,414,187

***Since effective date is October 1, 1998, the actual revenue increase for FY 1998-99 would be $1,486,890.**

For the civil and estates facilities fees, Judicial Department data for FY 1996-97 indicated that there were 271,994 civil cases heard before a magistrate, 105,389 cases in district court and 21,807 cases in superior court, 29,106 special proceedings, and 56,952 estates cases (485,248 total cases). Raising the magistrate facilities fee from $6 to $12 would have increased revenues by $1,631,964, while raising the district and superior facilities fee for civil cases from $10 to $16 would have increased revenues by a combined $765,876 ($635,034 from district court and $130,842 from superior). Raising the special proceedings and estates facilities fees from $4 to $10 would bring in an additional $516,348 ($174,636 from special proceedings and $341,712 from estates cases). The total revenues gained by increasing the facilities fees would have been $2,914,188. Extrapolating this revenue increase to future years using a conservative estimate of 2% growth in new civil actions and estates cases, we project the following revenue increases from raising the civil and estates facilities fees:

[1] Civil actions are defined here as civil cases before a magistrate or in district or superior court, and special proceedings.

FY 1998-99*	504,852 cases	$3,029,112
FY 1999-00	514,949 cases	$3,089,694
FY 2000-01	525,248 cases	$3,151,488
FY 2001-02	535,753 cases	$3,214,518
FY 2002-03	546,468 cases	$3,278,808

***Since effective date is October 1, 1998, the actual revenue increase for FY 1998-99 would be $2,019,408.**

EXPLANATION OF SENATE BILL 1199:
House Finance Committee Substitute
Increase Various Fees

TO: House Finance Committee
FROM: Cindy Avrette, Committee Counsel
DATE: September 2, 1998
SPONSOR: Senator Kerr

The House Finance committee substitute for Senate Bill 1199 makes the following changes to the bill:

- It lowers the insurance regulatory charge from 6.5% to 6%. This is the rate the Committee adopted when it gave House Bill 1429, which also set the 1998 insurance regulatory fee, a favorable report. It also adds a provision that ensures the regulatory charge will be based upon gross premium tax collections.
- It adds the provisions of House Bill 1544 to the bill. House Bill 1544 increases the court fees payable to local governments. The House passed this bill on July 16, 1998. It is in the Senate Finance Committee.
- It makes a couple of conforming changes to G.S. 78A-28 and 78A-31, as requested by the Secretary of State's Office.
- Lastly, it delays the effective date of the bill from July 1, 1998, to November 1, 1998.

Part I. Secretary of State Fee Increases

Sections 1 through 5 of the bill contain the fee increases applicable to the Office of the Secretary of State. The revenue generated by these fee increases is credited to the General Fund. These fees become effective November 1, 1998.

- It increases the fee imposed to be commissioned or recommissioned as a notary public from $25 to $30. A commission must be renewed every five years.
- It converts the volume-based registration fee imposed on companies that sell investment securities and mutual funds to North Carolina investors to a flat $2,000 registration fee. The current volume-based registration fee is 1/10 of 1% of the maximum aggregate offering price, not to exceed $1,600.
- It authorizes the Secretary of State to charge a fee for fairness hearings. The amount of the fee is to be based upon the time and expenses incurred by the Secretary's staff. The fee may not be less than $500, nor more than $5,000.

  When securities are being exchanged, as opposed to purchased, a

corporation may request the Securities Division to conduct a "fairness hearing" to determine whether the exchange rates and values are fair. A fairness hearing conducted by the Securities Division exempts the corporation from having to register with the SEC – which is a very costly and time-consuming process.

The Director of the Securities Division conducts between 30 and 35 hearings annually. It takes a minimum of 5-6 hours to a maximum of 18-20 hours to prepare for and conduct a hearing and to generate a post-hearing Order. The Secretary recommends assessing a flat $500 fee for all hearings, and $200 per hour for all staff time devoted to a hearing in excess of 5 hours, not to exceed a maximum of $5,000.

- It increases the fee for authenticating documents from $6.25 to $10.

Part II. Autopsy Fees

Section 6 increases the fee that may be charged for an autopsy by private contracted pathologists and the medical institutions from $400 to $1,000, effective for autopsies performed on or after November 1, 1998. An autopsy must be performed when a medical examiner, a district attorney, or a superior court judge decides that one is necessary. The cost of performing the autopsy is borne by the State unless the decedent is a resident of the county in which the death or fatal accident occurred. In that instance, the county pays the cost of the autopsy.

Of the 3,570 autopsies performed each year, approximately 2,010 are performed by private contracted pathologists and the remaining 1,560 are performed by the State through the Office of the Chief Medical Examiner in Chapel Hill and the Mecklenburg County Office. The State pays private contracted pathologists to perform 402 autopsies a year. However, the counties pay the State to perform 1,008 autopsies a year.

Part III. Water Qualify Fees

Sections 7 through 14 of the bill codify all of the existing fees related to water quality and increases many of them to accomplish two goals: To achieve greater equity among the groups that pay the fees and to maintain the goal of generating 30% of the program's costs through fees. The remaining 70% of the program's costs are funded through General Fund appropriations and federal monies. There is a separate handout that more fully explains this Part of the bill. These fees become effective January 1, 1999.

Part IV. Increase Court Fees

Sections 15 through 19 of the bill increase the court fees that are payable to the municipalities and counties to assist them in covering the costs of maintaining

judicial facilities. The bill is supported by the Association of County Commissioners and requested by several counties. The current fees cover 15% or less of the counties' and municipalities' costs of maintaining the judicial facilities. This Part of the bill becomes effective November 1, 1998, and applies to fees assessed or paid on or after that date.

Sections 15 and 19 of the bill increase the fee for service of criminal and civil processes from $5 to $10. These fees were last increased from $4 to $5 in 1990. The fees are remitted to the county where the process was served except in those cases in which the process was served by a municipal law enforcement officer. In those cases, the fee is payable to the municipality. Although there is not a requirement that the revenue from this fee be used for law enforcement, most local governments, if not all, dedicate the revenue to law enforcement.

Sections 15, 16, 17, and 18 of the bill increase the facilities fee by $6. These fees were last increased from $5 to $6 in 1992. Funds derived from the facilities fees must be used exclusively by the county or municipality for providing, maintaining, and constructing adequate courtroom and related judicial facilities. If the funds derived from the facilities fees exceed what is needed for this purpose, a county or municipality may, with the approval of the Administrative Office of the Courts, use the excess funds to retire outstanding indebtedness incurred in the construction of judicial facilities, to reimburse the county or municipality for renovations made to the facilities within the past two years, or to supplement the operations of the judicial system in the county.

The specific increased fee amounts are as follows:

1.	Magistrate, criminal cases:	$12
2.	District Court, criminal cases:	$12
3.	Superior Court, criminal cases:	$30
4.	Magistrate, civil cases:	$12
5.	District Court, civil cases:	$16
6.	Superior Court, civil cases:	$16
7.	Superior Court, special proceedings:	$10
8.	Administration of estates, etc.:	$10

Part V. Set Public Utility Regulatory Fee

Section 20 of the bill sets the public utility regulatory fee for fiscal year 1998-99 at 0.09%. This rate maintains the current 0.09% rate set in fiscal year 1997-98. The utility regulatory fee was imposed in 1989. Its purpose is to defray the State's cost in regulating public utilities. The regulatory fee is imposed on all utilities that are subject to regulation by the North Carolina Utilities Commission. The fee is a percentage of the utility's North Carolina jurisdictional

revenues. In general, jurisdictional revenue is revenue derived from providing utility service in North Carolina.

Part VI. Set Insurance Regulatory Fee

Section 21 decreases the insurance regulatory charge from 8.75% to 6%. This charge was first imposed in 1991. Its purpose is to make the Department of Insurance receipt-supported and thereby eliminate General Fund support of the Department. The regulatory charge is imposed on insurance companies that pay the gross premiums tax, other than service corporations such as Blue Cross/Blue Shield and Delta Dental Corporation. Health maintenance organizations do not pay the regulatory charge because they do not pay the gross premiums tax. The charge is a percentage of the insurance company's premiums tax liability.

Last year, the General Assembly clarified that the premiums tax liability upon which the charge is levied is not reduced by any tax credits allowed a taxpayer for guaranty or solvency fund assessments. This change explains in part the reason why the charge is able to be decreased this fiscal year by 2.75%. Section 22 ensures that the regulatory charge will continue to be based upon gross premium tax collections by providing that the premium tax liability upon which the charge is levied is not reduced by any tax credits allowed a taxpayer under Chapter 105. The Economic Opportunity Act of 1989, passed earlier this session by the General Assembly, allows a tax credit against the gross premiums tax for investing in central administrative office property.

Memorandum

September 2, 1998

TO: House Committee on Finance

FROM: George F. Givens, Counsel to the Environmental Review Commission
Jeff Hudson, Counsel to the Environmental Review Commission

SUBJECT: **Part III (Water Quality Fees), Proposed House Committee Substitute for Senate Bill 1199 (Increase Various Fees)**

History/Background

Funding for water quality programs within the Department of Environment and Natural Resources (DENR) has been historically supported by three main sources: federal monies, State General Fund appropriations, and permit fee receipts. In 1996, the Water Quality Section of DENR delivered a presentation to the Environmental Review Commission (ERC) projecting a shortfall in the funding of its water quality programs. The Water Quality Section proposed that the General Assembly increase both the percentage and dollar amount limits on the water quality permit fees established by rules adopted by the Environmental Management Commission. At that time, however, there was no consensus among the interested parties in support of this proposal.

In early 1997, the ERC established a stakeholder working group, the Water Quality Programs Funding Working Group (Working Group), to evaluate the water quality programs within DENR and to develop recommendations on a long-term strategy for funding. The Working Group consisted of 15 members representing business and industry, agriculture, local governments, the conservation community, and economic development interests (see next section for complete membership list). The Working Group held ten meetings over a thirteen month period. The Working Group's efforts culminated in an April 27, 1998 presentation to the ERC.

AN EQUAL OPPORTUNITY/AFFIRMATIVE ACTION EMPLOYER

The Working Group recommended to the ERC that fees related to the water quality programs be codified in the North Carolina General Statutes. Currently, some of the water quality program fees are established by rule of the Environmental Management Commission, while others are set out in the General Statutes. Codifying all of the fees in the General Statutes would remove the authority of the Environmental Management Commission to set fees related to the water quality programs. The fee structure recommended to the ERC by the Working Group had two main goals: to continue to fund 30% of the water quality program budget through permit fees and to establish a greater degree of proportionality between the fee for a specific permit and the time and effort that DENR must expend in processing permit applications and in enforcing permit conditions governing the activity for which the permit was issued (i.e. the more time/effort DENR must expend to process and enforce a permit, the greater the permit fee).

Pursuant to the Working Group's recommendations, the ERC recommended two companion bills to codify the fee structure proposed by the Working Group, House Bill 1484 (Water Quality Fees), introduced by Representative Frank Mitchell in the House of Representatives, and Senate Bill 1330, introduced in the Senate by Senator Fountain Odom. Senate Bill 1330 was referred to the Senate Finance Committee where it was incorporated into a Senate Finance Committee Substitute for Senate Bill 1199 (Set Regul. Fees/Increase Various Fees).

The General Assembly of North Carolina enacts:

PART I. SECRETARY OF STATE FEES

Section 1. G.S. 10A-7 reads as rewritten:

"**§ 10A-7. Fee with commission application.**

Every applicant for a notarial commission shall pay to this State a nonrefundable fee of ~~twenty-five dollars ($25.00).~~ thirty dollars ($30.00). Every applicant for recommissioning shall pay to this State a nonrefundable fee of ~~twenty-five dollars ($25.00).~~ thirty dollars ($30.00)."

Section 2. G.S. 78A-28 reads as rewritten:

"**§ 78A-28. Provisions applicable to registration generally.**

(a) A registration statement may be filed by the issuer, any other person on whose behalf the offering is to be made, or a registered dealer.

(b) Every person filing a registration statement shall pay a filing fee of ~~one hundred dollars ($100.00), plus a registration fee of one-tenth of one percent (1/10 of 1%) of the maximum aggregate offering price at which the registered securities are to be offered in this State, but the registration fee may not be less than twenty-five dollars ($25.00) nor more than one thousand five hundred dollars ($1,500).~~ two thousand dollars ($2,000). When a registration statement is withdrawn before the effective date or a pre-effective stop order is entered under G.S. 78A-29, the Administrator shall retain the filing fee. A registration statement relating to ~~securities issued or to be issued by a mutual fund, open-end management company, or unit investment trust or relating to other~~ redeemable securities, other than a security covered under federal law, to be offered for a period in excess of one year, must be renewed annually by payment of a renewal fee of one hundred dollars ($100.00) and by filing any documents or reports that the Administrator may by rule or order require.

(c) Every registration statement shall specify (i) the amount of securities to be offered in this State; (ii) the states in which a registration statement or similar document in connection with the offering has been or is expected to be filed; and (iii) any adverse order, judgment, or decree entered in connection with the offering by the regulatory authorities in each state or by any court or the Securities and Exchange Commission.

(d) Any document filed under this Chapter or a predecessor law within five years preceding the filing of a registration statement may be incorporated by reference in the registration statement to the extent that the document is currently accurate.

(e) The Administrator may by rule or otherwise permit the omission of any item of information or document from any registration statement.

(f) In the case of a nonissuer distribution, information may not be required under G.S. 78A-27 or 78A-28(i) unless it is known to the person filing the registration statement or to the persons on whose behalf the distribution is to be made, or can be furnished by them without unreasonable effort or expense.

(g) The Administrator may by rule or order require as a condition of registration by qualification or coordination (i) that any security issued within the past three years or to be issued to a promoter for a consideration substantially different from the public offering price, or to any person for a consideration other than cash, be deposited in escrow; and (ii) that the proceeds from the sale of the registered security in this State be impounded until the issuer receives a specified amount from the sale of the securities either in this State or elsewhere. The Administrator may by rule or order determine the conditions of any escrow or impounding required hereunder, but he may not reject a depository solely because of location in another state.

(h) Except during the time a stop order is in effect under G.S. 78A- 29, a registration statement relating to ~~securities issued or to be issued by a mutual fund, open-end management company, or unit investment trust or relating to other~~ redeemable securities, other than a security covered under federal law, to be offered for a period in excess of one year, expires on December 31 of each year or some

other date not more than one year from its effective date as the Administrator may by rule or order provide. Every other registration statement is effective for one year from its effective date, or any longer period during which the security is being offered or distributed in a nonexempted transaction by or for the account of the issuer or other person on whose behalf the offering is being made or by any underwriter or dealer who is still offering part of an unsold allotment or subscription taken by him as a participant in the distribution, except during the time a stop order is in effect under G.S. 78A-29. All outstanding securities of the same class as a registered security are considered to be registered for the purpose of any nonissuer transaction (i) so long as the registration statement is effective and (ii) between the thirtieth day after the entry of any stop order suspending or revoking the effectiveness of the registration statement under G.S. 78A-29 (if the registration statement did not relate in whole or in part to a nonissuer distribution) and one year from the effective date of the registration statement. A registration statement may not be withdrawn for one year from its effective date if any securities of the same class are outstanding. A registration statement may be withdrawn otherwise only in the discretion of the Administrator.

(i) So long as a registration statement is effective, the Administrator may by rule or order require the person who filed the registration statement to file reports, not more often than quarterly, to keep reasonably current the information contained in the registration statement and to disclose progress of the offering.

(j) A registration statement filed in accordance with subsection (b) of this section may be amended after its effective date to increase the securities specified as proposed to be offered. Such an amendment becomes effective when the Administrator so orders. Every person filing such an amendment shall pay a ~~registration fee calculated in the manner specified in subsection (b) and a~~ filing fee of fifty dollars ($50.00) with respect to the additional securities proposed to be offered."

Section 3. G.S. 78A-30 is amended by adding a new subsection to read:

"(g) The Administrator shall charge a fee for a fairness hearing that the Administrator holds under this section. The Administrator shall set the fee based upon the time and expenses incurred by the Administrator. The fee may not be less than five hundred dollars ($500.00), and it may not exceed five thousand dollars ($5,000)."

No fee may be charged under this provision, however, to a farmer who submits an application that pertains to his farming operations.

(1b) ~~The fee to be charged pursuant to G.S. 143-215.3(a)(1a) for processing an application for a permit under G.S. 143-215.1 of Article 21 may not exceed four hundred dollars ($400.00).~~ The fee to be charged pursuant to G.S. 143-215.3(a)(1a) for processing an application for a permit under G.S. 143-215.108 and G.S. 143-215.109 of Article 21B of this Chapter may not exceed five hundred dollars ($500.00). The fee for administering and compliance monitoring under ~~G.S. 143-215.1 of Article 21~~ Article 21, other than Parts 1 and 1A, and G.S. 143-215.108 and G.S. 143-215.109 of Article 21B shall be charged on an annual basis for each year of the permit term and may not exceed one thousand five hundred dollars ($1,500) per year. A system shall be considered to allow consolidated annual payments for persons with multiple permits. In its rulemaking to establish fee schedules, the Commission is also directed to consider a method of rewarding facilities which achieve full compliance with administrative and self-monitoring reporting requirements, and to consider, in those cases where the cost of renewal or amendment of a permit is less than for the original permit, a lower fee for the renewal or amendment.

(1c) Moneys collected pursuant to G.S. 143-215.3(a)(1a) shall be used to:

a. Eliminate, insofar as possible, backlogs of permit applications awaiting agency action;
b. Improve the quality of permits issued;

d. Decrease the length of the processing period for permit applications.

(1d) The Commission may adopt and implement a graduated fee schedule sufficient to cover all direct and indirect costs required for the State to develop and administer a permit program which meets the requirements of Title V. The provisions of subdivision (1b) of this subsection do not apply to the adoption of a fee schedule under this subdivision. In adopting and implementing a fee schedule, the Commission shall require that the owner or operator of all air contaminant sources subject to the requirement to obtain a permit under Title V to pay an annual fee, or the equivalent over some other period, sufficient to cover costs as provided in section 502(b)(3)(A) of Title V. The fee schedule shall be adopted according to the procedures set out in Chapter 150B of the General Statutes.

a. The total amount of fees collected under the fee schedule adopted pursuant to this subdivision shall conform to the requirements of section 502(b)(3)(B) of Title V. No fee shall be collected for more than 4,000 tons per year of any individual regulated pollutant, as defined in section 502(b)(3)(B)(ii) of Title V, emitted by any source. Fees collected pursuant to this subdivision shall be credited to the Title V Account.

b. The Commission may reduce any permit fee required under this section to take into account the financial resources of small business stationary sources as defined under Title V and regulations promulgated by the United States Environmental Protection Agency.

c. When funds in the Title V Account exceed the total amount necessary to cover the cost of the Title V program for the next fiscal year, the Secretary shall reduce the amount billed for the next fiscal year so that the excess funds are used to supplement the cost of administering the Title V permit program in that fiscal year.

(1e) The Commission shall collect the application, annual, and project fees for processing and administering permits, certificates of coverage under general permits, and certifications issued under Parts 1 and 1A of this Article and for compliance monitoring under Parts 1 and 1A of this Article as provided in G.S. 143-215.3D and G.S. 143-215.10G.

for the purpose of investigating the condition of any waters and the discharge therein of any sewage, industrial waste, or other waste or for the purpose of investigating the condition of the air, air pollution, air contaminant sources, emissions, or the installation and operation of any air-cleaning devices, and to require written statements or the filing of reports under oath, with respect to pertinent questions relating to the operation of any air-cleaning device, sewer system, disposal system, or treatment works. In the case of effluent or emission data, any records, reports, or information obtained under this Article or Article 21A or Article 21B of this Chapter shall be related to any applicable effluent or emission limitations or toxic, pretreatment, or new source performance standards. No person shall refuse entry or access to any authorized representative of the Commission or Department who requests entry for purposes of inspection, and who presents appropriate credentials, nor shall any person obstruct, hamper or interfere with any such representative while in the process of carrying out his official duties.

(3) To conduct public hearings and to delegate the power to conduct public hearings in accordance with the procedures prescribed by this Article or by Article 21B of this Chapter.

(4) To delegate such of the powers of the Commission as the Commission deems necessary to one or more of its members, to the Secretary or any other qualified employee of the Department. The Commission shall not delegate to persons other than its own members and the designated employees of the Department the power to conduct hearings with respect to the classification of waters, the assignment of classifications, air quality standards, air contaminant source classifications, emission control standards, or the issuance of any special order except in the case of an emergency under subdivision (12) of this subsection for the abatement of existing water or air pollution. Any employee of the Department to whom a delegation of power is made to conduct a hearing shall report the hearing with its evidence and record to the Commission.

(5) To institute such actions in the superior court of any county in which a violation of this Article, Article 21B of this Chapter, or the rules of the Commission has occurred, or, in the discretion of the Commission, in the superior court of the county in which any defendant resides, or has his or its principal place of business, as the Commission may deem necessary for the enforcement of any of the provisions of this Article, Article 21B of this Chapter, or of any official action of the Commission, including proceedings to enforce subpoenas or for the punishment of contempt of the Commission.

(6) To agree upon or enter into any settlements or compromises of any actions and to prosecute any appeals or other proceedings.

(7) To direct the investigation of any killing of fish and wildlife which, in the opinion of the Commission, is of sufficient magnitude to justify investigation and is known or believed to have resulted from the pollution of the waters or air as defined in this Article, and whenever any person, whether or not he shall have been issued a certificate of approval, permit or other document of approval authorized by this or any other State law, has negligently, or carelessly or unlawfully, or willfully and unlawfully, caused pollution of the waters or air as defined in this Article, in such quantity, concentration or manner that fish or wildlife are killed as the result thereof, the Commission, may recover, in the name of the State, damages from such person. The measure of damages shall be the amount determined by the Department and the North Carolina Wildlife Resources Commission, whichever has jurisdiction over the fish and wildlife destroyed to be the replacement cost thereof plus the cost of all reasonable and necessary investigations made or caused to be made by the State in connection therewith. Upon receipt of the estimate of damages caused, the Department shall notify the persons responsible for the destruction of the fish or wildlife in question and may effect such settlement as the Commission may deem proper and reasonable, and if no settlement is reached within a reasonable time, the Commission shall bring a civil action to recover such damages in the superior court in the county in which the discharge took place. Upon such action being brought the superior court shall have jurisdiction to hear and determine all issues or questions of law or fact, arising on the pleadings, including issues of liability and the amount of damages. On such hearing, the estimate of the replacement costs of the fish or wildlife destroyed shall be prima facie evidence of the actual replacement costs of such fish or wildlife. In arriving at such estimate, any reasonably accurate method may be used and it shall not be necessary for any agent of the Wildlife Resources Commission or the Department to collect, handle or weigh numerous specimens of dead fish or wildlife.

The State of North Carolina shall be deemed the owner of the fish or wildlife killed and all actions for recovery shall be brought by the Commission on behalf of the State as the owner of the fish or wildlife. The fact that the person or persons alleged to be responsible for the pollution which killed the fish or wildlife holds or has held a certificate of approval, permit or other document of approval authorized by this Article or any other law of the State shall not bar any such action. The proceeds of any recovery, less

the cost of investigation, shall be used to replace, insofar as and as promptly as possible, the fish and wildlife killed, or in cases where replacement is not practicable, the proceeds shall be used in whatever manner the responsible agency deems proper for improving the fish and wildlife habitat in question. Any such funds received are hereby appropriated for these designated purposes. Nothing in this paragraph shall be construed in any way to limit or prevent any other action which is now authorized by this Article.

(8) After issuance of an appropriate order, to withhold the granting of any permit or permits pursuant to G.S. 143-215.1 or G.S. 143-215.108 for the construction or operation of any new or additional disposal system or systems or air-cleaning device or devices in any area of the State. Such order may be issued only upon determination by the Commission, after public hearing, that the permitting of any new or additional source or sources of water or air pollution will result in a generalized condition of water or air pollution within the area contrary to the public interest, detrimental to the public health, safety, and welfare, and contrary to the policy and intent declared in this Article or Article 21B of this Chapter. The Commission may make reasonable distinctions among the various sources of water and air pollution and may direct that its order shall apply only to those sources which it determines will result in a generalized condition of water or air pollution.

The determination of the Commission shall be supported by detailed findings of fact and conclusions set forth in the order and based upon competent evidence of record. The order shall describe the geographical area of the State affected thereby with particularity and shall prohibit the issuance of permits pending a determination by the Commission that the generalized condition of water or air pollution has ceased.

Notice of hearing shall be given in accordance with the provisions of G.S. 150B-21.2.

A person aggrieved by an order of the Commission under this subdivision may seek judicial review of the order under Article 4 of Chapter 150B of the General Statutes without first commencing a contested case. An order may not be stayed while it is being reviewed.

(9) If an investigation conducted pursuant to this Article or Article 21B of this Chapter reveals a violation of any rules, standards, or limitations adopted by the Commission pursuant to this Article or Article 21B of this Chapter, or a violation of any terms or conditions of any permit issued pursuant to G.S. 143-215.1 or 143-215.108, or special order or other document issued pursuant to

G.S. 143-215.2 or G.S. 143-215.110, the Commission may assess the reasonable costs of any investigation, inspection or monitoring survey which revealed the violation against the person responsible therefor. If the violation resulted in an unauthorized discharge to the waters or atmosphere of the State, the Commission may also assess the person responsible for the violation for any actual and necessary costs incurred by the State in removing, correcting or abating any adverse effects upon the water or air resulting from the unauthorized discharge. If the person responsible for the violation refuses or fails within a reasonable time to pay any sums assessed, the Commission may institute a civil action in the superior court of the county in which the violation occurred or, in the Commission's discretion, in the superior court of the county in which such person resides or has his or its principal place of business, to recover such sums.

(10) To require a laboratory facility that performs any tests, analyses, measurements, or monitoring required under this Article or Article 21B of this Chapter to be certified annually by the Department, to establish standards that a laboratory facility and its employees must meet and maintain in order for the laboratory facility to be certified, and to charge a laboratory facility a fee for certification. Fees collected under this subdivision shall be credited to the Water and Air Account and used to administer this subdivision. These fees shall be applied to the cost of certifying commercial, industrial, and municipal laboratory facilities.

(11) Repealed by Session Laws 1983, c. 296, s. 6.

(12) To declare an emergency when it finds that a generalized condition of water or air pollution which is causing imminent danger to the health or safety of the public. Immediately after the issuance of such order, the chairman of the Commission shall fix a place and time for a hearing before the Commission to be held within 24 hours after issuance of such order, and within 24 hours after the commencement of such hearing, and without adjournment thereof, the Commission shall either affirm, modify or set aside the order.

In the absence of a generalized condition of air or water pollution of the type referred to above, if the Secretary finds that the emissions from one or more air contaminant sources or the discharge of wastes from one or more sources of water pollution is causing imminent danger to human health and safety or to fish and wildlife, he may with the concurrence of the Governor order the person or persons responsible for the operation or operations in question to immediately reduce or discontinue the emissions of air contaminants or the discharge of wastes or to take such other measures as are, in his judgment, necessary, without regard to any other provisions of this Article or Article 21B of this Chapter. In such event, the requirements for hearing and affirmance, modification or setting aside of such orders set forth in the preceding paragraph of this subdivision shall apply.

(13) Repealed by Session Laws 1983, c. 296, s. 6.

(14) To certify and approve, by appropriate delegations and conditions in permits required by G.S. 143-215.1, requests by publicly owned treatment works to implement, administer and enforce a pretreatment program for the control of pollutants which pass through or interfere with treatment processes in such treatment works; and to require such programs to be developed where necessary to comply with the Federal Water Pollution Control Act and the Resource Conservation and Recovery Act, including the addition of conditions and compliance schedules in permits required by G.S. 143-215.1. Pretreatment programs submitted by publicly owned treatment works shall include, at a minimum, the adoption of pretreatment standards, a permit or equally effective system for the control of pollutants contributed to the treatment works, and the ability to effectively enforce compliance with the program.

Section 2. G.S. 7A-544 reads as rewritten:

"§ 7A-544. Investigation by Director; access to confidential information; notification of person making the report.

When a report of abuse, neglect, or dependency is received, the Director of the Department of Social Services shall make a prompt and thorough investigation in order to ascertain the facts of the case, the extent of the abuse or neglect, and the risk of harm to the juvenile, in order to determine whether protective services should be provided or the complaint filed as a petition. When the report alleges abuse, the Director shall immediately, but no later than 24 hours after receipt of the report, initiate the investigation. When the report alleges neglect or dependency, the Director shall initiate the investigation within 72 hours following receipt of the report. The investigation and evaluation shall include a visit to the place where the juvenile resides. All information received by the Department of Social Services, including the identity of the reporter, shall be held in strictest confidence by the Department.

When a report of <u>a juvenile's death as a result of suspected maltreatment or a report of</u> suspected abuse, neglect, or dependency of a juvenile is received, the Director of the Department of Social Services shall immediately ascertain if other juveniles remain in the home, and, if so, initiate an investigation in order to determine whether they require protective services or whether immediate removal of the juveniles from the home is necessary for their protection.

If the investigation indicates that abuse, neglect, or dependency has occurred, the Director shall decide whether immediate removal of the juvenile or any other juveniles in the home is necessary for their protection. If immediate removal does not seem necessary, the Director shall immediately provide or arrange for protective services. If the parent or other caretaker refuses to accept the protective services provided or arranged by the Director, the Director shall sign a complaint seeking to invoke the jurisdiction of the court for the protection of the juvenile or juveniles.

If immediate removal seems necessary for the protection of the juvenile or other juveniles in the home, the Director shall sign a complaint which alleges the applicable facts to invoke the jurisdiction of the court. Where the investigation shows that it is warranted, a protective services worker may assume temporary custody of the juvenile for the juvenile's protection pursuant to Article 46 of this Chapter.

In performing any duties related to the investigation of the complaint or the provision or arrangement for protective services, the Director may consult with any public or private agencies or individuals, including the available State or local law-enforcement officers who shall assist in the investigation and evaluation of the seriousness of any report of abuse, neglect, or dependency when requested by the Director. The Director or the Director's representative may make a written demand for any information or reports, whether or not confidential, that may in the Director's opinion be relevant to the investigation of or the provision for protective services.

Upon the Director's or the Director's representative's request and unless protected by the attorney-client privilege, any public or private agency or individual shall provide access to and copies of this confidential information and these records to the extent permitted by federal law and regulations. If a custodian of criminal investigative information or records believes that release of the information will jeopardize the right of the State to prosecute a defendant or the right of a defendant to receive a fair trial or will undermine an ongoing or future investigation, it may seek an order from a court of competent jurisdiction to prevent disclosure of the information. In such an action, the custodian of the records shall have the burden of showing by a preponderance of the evidence that disclosure of the information in question will jeopardize the right of the State to prosecute a defendant or the right of a defendant to receive a fair trial or will undermine an ongoing or future investigation. Actions brought pursuant to this paragraph shall be set down for immediate hearing, and subsequent proceedings in the actions shall be accorded priority by the trial and appellate courts.

Within five working days after receipt of the report of abuse, neglect, or dependency, the Director shall give written notice to the person making the report, unless requested by that person not to give notice, as to whether the report was accepted for investigation and whether the report was referred to the appropriate State or local law enforcement agency.

Within five working days after completion of the protective services investigation, the Director shall give subsequent written notice to the person making the report, unless requested by that person not to give notice, as to whether there is a finding of abuse, neglect, or dependency, whether the county Department of Social Services is taking action to protect the juvenile, and what action it is taking, including whether or not a petition was filed. The person making the report shall be informed of procedures necessary to request a review by the prosecutor of the Director's decision not to file a petition. A request for review by the prosecutor shall be made within five working days of receipt of the second notification. The second notification shall include notice that, if the person making the report is not satisfied with the Director's decision, he may request review of the decision by the prosecutor within five working days of receipt. The person making the report may waive the person's right to this notification and no notification is required if the person making the report does not identify himself to the Director."

Section 3. G.S. 7A-576 reads as rewritten:

"**§ 7A-576. Place of secure or nonsecure custody.**

(a) A juvenile meeting the criteria set out in G.S. 7A-574, subsection (a), may be placed in nonsecure custody with the Department of Social Services or a person designated in the order for temporary residential placement in:

(1) A licensed foster home or a home otherwise authorized by law to provide such care or

(2) A facility operated by the Department of Social Services or

(3) Any other home or ~~facility~~ facility, including a relative's home, approved by the court and designated in the order.

In placing a juvenile in nonsecure custody under this ~~section and under G.S. 7A-629 and G.S. 7A-651;~~ section, the court shall first consider whether a relative of the juvenile is willing and able to provide proper care and supervision of the juvenile in a safe home. If the court finds that the relative is willing and able to provide proper care and supervision in a safe home, then the court shall order placement of the juvenile with the ~~relative.~~ relative unless the court finds that the placement is contrary to the best interests of the juvenile. ~~Prior to placement~~ In placing a juvenile in nonsecure custody under this section, the court shall consider any federal law that may apply. Placement of a juvenile with a relative outside of this ~~State, the placement~~ State must be in accordance with the Interstate Compact on the Placement of Children.

(b) A juvenile meeting the criteria set out in G.S. 7A-574(b) may be temporarily detained in an approved county detention home or a regional detention facility which shall be separate from any jail, lockup, prison, or other adult penal institution. It shall be unlawful for a county or any unit of government to operate a juvenile detention home unless the facility meets the standards promulgated by the Department of Health and Human Services."

Section 4. G.S. 7A-577 reads as rewritten:

"§ 7A-577. Hearing to determine need for continued secure or nonsecure custody.

(a) No juvenile shall be held under a secure custody order for more than five calendar days or under a nonsecure custody order for more than seven calendar days, without a hearing on the merits or a hearing to determine the need for continued custody. A hearing on secure custody conducted under this subsection may not be continued or waived. A hearing on nonsecure custody conducted under this subsection may be continued for up to 10 business days with the consent of the juvenile's parent, guardian, or custodian, and, if appointed, the juvenile's guardian ad litem. In addition, the court may require the consent of additional parties or may schedule the hearing on nonsecure custody despite a party's consent to a continuance. In every case in which an order has been entered by an official exercising authority delegated pursuant to G.S. 7A-573, a hearing to determine the need for continued custody shall be conducted on the day of the next regularly scheduled session of district court in the city or county where the order was entered if such session precedes the expiration of the applicable time period set forth in this subsection: Provided, that if such session does not precede the expiration of the time period, the hearing may be conducted at another regularly scheduled session of district court in the district where the order was entered.

(b) Any juvenile who is alleged to be delinquent shall be advised of the right to have legal representation as provided in G.S. 7A-584 if the juvenile appears without counsel at the hearing.

(c) At a hearing to determine the need for continued custody, the judge shall receive testimony and shall allow the juvenile, and the juvenile's parent, guardian, or custodian an opportunity to introduce evidence, to be heard in their own behalf, and to examine witnesses. The State shall bear the burden at every stage of the proceedings to provide clear and convincing evidence that restraints on the juvenile's

liberty are necessary and that no less intrusive alternative will suffice. The judge shall not be bound by the usual rules of evidence at such hearings.

(d) The judge shall be bound by criteria set forth in G.S. 7A-574 in determining whether continued custody is warranted.

(e) The judge shall impose the least restrictive interference with the liberty of a juvenile who is released from secure custody including:

(1) Release on the written promise of the juvenile's parent, guardian, or custodian to produce the juvenile in court for subsequent proceedings; or

(2) Release into the care of a responsible person or organization; or

(3) Release conditioned on restrictions on activities, associations, residence or travel if reasonably related to securing the juvenile's presence in court; or

(4) Any other conditions reasonably related to securing the juvenile's presence in court.

(f) If the judge determines that the juvenile meets the criteria in G.S. 7A-574 and should continue in custody, the judge shall issue an order to that effect. The order shall be in writing with appropriate findings of fact. The findings of fact shall include the evidence relied upon in reaching the decision and the purposes which continued custody is to achieve.

(g) Pending a hearing on the merits, further hearings to determine the need for continued secure custody shall be held at intervals of no more than seven calendar days. A subsequent hearing on continued nonsecure custody shall be held within seven business days, excluding Saturdays, Sundays, and legal holidays, of the initial hearing required in subsection (a) of this section and hearings thereafter shall be held at intervals of no more than 30 calendar days.

(g1) Hearings conducted under subsection (g) of this section may be waived as follows:

(1) In the case of a juvenile alleged to be delinquent, only with the consent of the juvenile, through counsel for the juvenile; and

(2) In the case of a juvenile alleged to be abused, neglected, or dependent, only with the consent of the juvenile's parent, guardian, or custodian, and, if appointed, the juvenile's guardian ad litem.

The court may require the consent of additional parties or schedule a hearing despite a party's consent to waiver.

~~(h) Any order authorizing the continued nonsecure custody of a juvenile who is alleged to be abused, neglected, or dependent shall include findings as to whether reasonable efforts have been made to prevent or eliminate the need for placement of the juvenile in custody and may provide for services or other efforts aimed at returning the juvenile promptly to a safe home. A finding that reasonable efforts have not been made shall not preclude the entry of an order authorizing continued nonsecure custody when the court finds that continued nonsecure custody is necessary for the protection of the juvenile. Where efforts to prevent the need for the~~

~~juvenile's placement were precluded by an immediate threat of harm to the juvenile, the court may find that the placement of the juvenile in the absence of such efforts was reasonable. If the court finds through written findings of fact that efforts to eliminate the need for placement of the juvenile in custody clearly would be futile or would be inconsistent with the juvenile's safety and need for a safe, permanent home within a reasonable period of time, then the court shall specify in its order that reunification efforts are not required or order that reunification efforts cease.~~

(i) At each hearing to determine the need for continued nonsecure custody, the court shall:

(1) Inquire as to the identity and location of any missing parent. The court shall include findings as to the efforts undertaken to locate the missing parent and to serve that parent. The order may provide for specific efforts aimed at determining the identity and location of any missing parent;

(2) Inquire as to whether a relative of the juvenile is willing and able to provide proper care and supervision of the juvenile in a safe home. If the court finds that the relative is willing and able to provide proper care and supervision in a safe home, then the court shall order temporary placement of the juvenile with the ~~relative.~~ relative unless the court finds that the placement is contrary to the best interests of the juvenile. ~~Prior to placement~~ In placing a juvenile in nonsecure custody under this section, the court shall first consider any federal law that may apply. Placement of a juvenile with a relative outside of this ~~State, the placement~~ State must be in accordance with the Interstate Compact on the Placement of Children; and

(3) Inquire as to whether there are other juveniles remaining in the home from which the juvenile was removed and, if there are, inquire as to the specific findings of the investigation conducted under G.S. 7A-544 and any actions taken or services provided by the Director for the protection of the other juveniles."

Section 4.1. Article 46 of Chapter 7A of the General Statutes is amended by adding the following new section to read:

"**§ 7A-577.1. Reasonable efforts.**

(a) An order placing or continuing the placement of a juvenile in the custody or placement responsibility of a county department of social services, whether an order for continued nonsecure custody, a dispositional order, or a review order:

(1) Shall contain a finding that the juvenile's continuation in or return to the juvenile's own home would be contrary to the juvenile's best interest;

(2) Shall contain findings as to whether a county department of social services has made reasonable efforts to prevent or eliminate the need for placement of the juvenile, unless the court has previously

determined under subsection (b) of this section that such efforts are not required or shall cease;

(3) Shall contain findings as to whether a county department of social services should continue to make reasonable efforts to prevent or eliminate the need for placement of the juvenile, unless the court has previously determined or determines under subsection (b) of this section that such efforts are not required or shall cease;

(4) Shall specify that the juvenile's placement and care are the responsibility of the county department of social services and that the agency is to provide or arrange for the foster care or other placement of the juvenile; and

(5) May provide for services or other efforts aimed at returning the juvenile to a safe home or at achieving another permanent plan for the juvenile.

A finding that reasonable efforts have not been made by a county department of social services shall not preclude the entry of an order authorizing the juvenile's placement when the court finds that placement is necessary for the protection of the juvenile. Where efforts to prevent the need for the juvenile's placement were precluded by an immediate threat of harm to the juvenile, the court may find that the placement of the juvenile in the absence of such efforts was reasonable.

(b) In any order placing a juvenile in the custody or placement responsibility of a county department of social services, whether an order for continued nonsecure custody, a dispositional order, or a review order, the court may direct that reasonable efforts to eliminate the need for placement of the juvenile shall not be required or shall cease if the court makes written findings of fact that:

(1) Such efforts clearly would be futile or would be inconsistent with the juvenile's health, safety, and need for a safe, permanent home within a reasonable period of time;

(2) A court of competent jurisdiction has determined that the parent has subjected the child to aggravated circumstances as defined in G.S. 7A-517(3a);

(3) A court of competent jurisdiction has terminated involuntarily the parental rights of the parent to another child of the parent; or

(4) A court of competent jurisdiction has determined that: the parent has committed murder or voluntary manslaughter of another child of the parent; has aided, abetted, attempted, conspired, or solicited to commit murder or voluntary manslaughter of the child or another child of the parent; or has committed a felony assault resulting in serious bodily injury to the child or another child of the parent.

(c) At any hearing at which the court finds that reasonable efforts to eliminate the need for the juvenile's placement are not required or shall cease, the court shall direct that a permanency planning hearing as required by G.S. 7A-657.1 be held

within 30 calendar days after the date of the hearing and, if practicable, shall set the date and time for the permanency planning hearing.

(d) In determining reasonable efforts to be made with respect to a juvenile and in making such reasonable efforts, the juvenile's health and safety shall be the paramount concern. Reasonable efforts to preserve or reunify families may be made concurrently with efforts to plan for the juvenile's adoption, to place the juvenile with a legal guardian, or to place the juvenile in another permanent arrangement."

Section 5. G.S. 7A-629 reads as rewritten:

"**§ 7A-629. Adjudicatory hearing.**

The adjudicatory hearing shall be held in the district at such time and place as the chief district judge shall ~~designate.~~ designate but no later than 60 days from the filing of the petition, unless the judge pursuant to G.S. 7A-632 orders that it be held at a later time. The judge may exclude the general public from ~~the~~ a hearing in which a juvenile is alleged to be undisciplined or delinquent unless the juvenile moves that the hearing be open, which motion shall be granted. At a hearing in which a juvenile is alleged to be abused, neglected, or dependent, the judge shall exclude the general public."

Section 6. G.S. 7A-647 reads as rewritten:

"**§ 7A-647. Dispositional alternatives for delinquent, undisciplined, abused, neglected, or dependent juvenile.**

The following alternatives for disposition shall be available to any judge exercising jurisdiction, and the judge may combine any of the applicable alternatives when he finds such disposition to be in the best interest of the juvenile:

(1) The judge may dismiss the case, or continue the case in order to allow the juvenile, parent, or others to take appropriate action.

(2) In the case of any juvenile who needs more adequate care or supervision or who needs placement, the judge may:

a. Require that he be supervised in his own home by the Department of Social Services in his county, a court counselor or other personnel as may be available to the court, subject to conditions applicable to the parent or the juvenile as the judge may specify; or

b. Place him in the custody of a parent, relative, private agency offering placement services, or some other suitable person; or

c. Place him in the custody of the Department of Social Services in the county of his residence, or in the case of a juvenile who has legal residence outside the State, in the physical custody of the Department of Social Services in the county where he is found so that agency may return the juvenile to the responsible authorities in his home state. The Director may, unless otherwise ordered by the judge, arrange for, provide, or consent to, needed routine or emergency medical or surgical care or treatment. In the case

where the parent is unknown, unavailable or unable to act on behalf of their child or children, the Director may, unless otherwise ordered by the judge, arrange for, provide or consent to any psychiatric, psychological, educational, or other remedial evaluations or treatment for the juvenile placed by a judge or his designee in the custody or physical custody of a county Department of Social Services under the authority of this or any other Chapter of the General Statutes. Prior to exercising this authority, the Director shall make reasonable efforts to obtain consent from a parent or guardian of the affected child. If the Director can not obtain such consent, the Director shall promptly notify the parent or guardian that care or treatment has been provided and shall give him frequent status reports on the circumstances of the child. Upon request of a parent or guardian of the affected child, the results or records of the aforementioned evaluations, findings or treatment shall be made available to such parent or guardian by the Director unless prohibited by G.S. 122C-53(d). If a juvenile is removed from the home and placed in custody or placement responsibility of a county department of social services, the Director shall not allow unsupervised visitation with, or return physical custody of the juvenile to, the parent or person standing in loco parentis without a hearing at which the court finds that the juvenile will receive proper care and supervision in a safe home.

In placing a juvenile in out-of-home care under this section, the court shall first consider whether a relative of the juvenile is willing and able to provide proper care and supervision of the juvenile in a safe home. If the court finds that the relative is willing and able to provide proper care and supervision in a safe home, then the court shall order placement of the juvenile with the relative unless the court finds that the placement is contrary to the best interests of the juvenile. Placement of a juvenile with a relative outside of this State must be in accordance with the Interstate Compact on the Placement of Children.

(3) In any case, the judge may order that the juvenile be examined by a physician, psychiatrist, psychologist or other qualified expert as may be needed for the judge to determine the needs of the juvenile.

a. Upon completion of the examination, the judge shall conduct a hearing to determine whether the juvenile is in need of medical, surgical, psychiatric, psychological, or other

treatment and who should pay the cost of the treatment. The county manager, or such person who shall be designated by the chairman of the county commissioners, of the juvenile's residence shall be notified of the hearing, and allowed to be heard. If the judge finds the juvenile to be in need of medical, surgical, psychiatric, psychological or other treatment, the judge shall permit the parent or other responsible persons to arrange for treatment. If the parent declines or is unable to make necessary arrangements, the judge may order the needed treatment, surgery or care, and the judge may order the parent to pay the cost of the care pursuant to G.S. 7A-650. If the judge finds the parent is unable to pay the cost of treatment, the judge shall order the county to arrange for treatment of the juvenile and to pay for the cost of the treatment. The county department of social services shall recommend the facility that will provide the juvenile with treatment.

b. If the judge believes, or if there is evidence presented to the effect that the juvenile is mentally ill or is developmentally disabled, the judge shall refer the juvenile to the area mental health, developmental disabilities, and substance abuse services director for appropriate action. A juvenile shall not be committed directly to a State hospital or mental retardation center; and orders purporting to commit a juvenile directly to a State hospital or mental retardation center except for an examination to determine capacity to proceed shall be void and of no effect. The area mental health, developmental disabilities, and substance abuse director shall be responsible for arranging an interdisciplinary evaluation of the juvenile and mobilizing resources to meet the juvenile's needs. If institutionalization is determined to be the best service for the juvenile, admission shall be with the voluntary consent of the parent or guardian. If the parent, guardian, or custodian refuses to consent to a mental hospital or retardation center admission after such institutionalization is recommended by the area mental health, developmental disabilities, and substance abuse director, the signature and consent of the judge may be substituted for that purpose. In all cases in which a regional mental hospital refuses admission to a juvenile referred for admission by a judge and an area mental health, developmental disabilities, and substance abuse director or discharges a juvenile previously admitted on court referral prior to completion of his treatment, the hospital shall

submit to the judge a written report setting out the reasons for denial of admission or discharge and setting out the juvenile's diagnosis, indications of mental illness, indications of need for treatment, and a statement as to the location of any facility known to have a treatment program for the juvenile in question.

(4) In any case in which a juvenile, who was at least eleven years of age at the time of the offense, is adjudicated delinquent for committing a violation of G.S. 14-27.2 (first degree rape), G.S. 14-27.3 (second degree rape), 14-27.4 (first degree sexual offense), 14-27.5 (second degree sexual offense), or G.S. 14-27.6 (attempted rape or sexual offense), the judge, upon a finding that the juvenile is a danger to the community, may order that the juvenile register in accordance with Part 4 of Article 27A of Chapter 14 of the General Statutes."

Section 7. G.S. 7A-651 reads as rewritten:

"**§ 7A-651. Dispositional order.**

(a) The dispositional order shall be in writing and shall contain appropriate findings of fact and conclusions of law. The judge shall state with particularity, both orally and in the written order of disposition, the precise terms of the disposition including the kind, duration and the person who is responsible for carrying out the disposition and the person or agency in whom custody is vested.

(b) A dispositional order under which a juvenile is removed from the custody of a parent or person standing in loco parentis shall direct that the review hearing required by G.S. 7A-657 be held within ~~six months of~~ 90 days from the date of the ~~juvenile's placement in custody~~ dispositional hearing and, if practicable, shall set the date and time for the review hearing.

(c) Any dispositional order ~~directing placement of a juvenile in foster care shall also contain:~~ shall comply with the requirements of G.S. 7A-577.1.

~~(1) A finding that the juvenile's continuation in or return to his own home would be contrary to the juvenile's best interest; and~~

~~(2) Findings as to whether reasonable efforts have been made to prevent or eliminate the need for placement of the juvenile in foster care. A finding that reasonable efforts were not made shall not preclude entry of a dispositional order authorizing placement in foster care when the court finds that such placement is needed for protection of the juvenile. When efforts to prevent the need for the juvenile's placement are precluded by an immediate threat of harm to the juvenile, the court may find that placement of the juvenile in the absence of such efforts is reasonable.~~

~~The order may provide for services or other efforts aimed at returning the juvenile promptly to a safe home. If the court finds through written findings of fact that efforts to eliminate the need for placement of the juvenile in custody clearly would be futile or would be inconsistent with the juvenile's safety and need for a safe, permanent~~

~~home within a reasonable period of time, the court shall specify in its order that reunification efforts are not required or order that reunification efforts cease.~~

~~(d) An order that places a juvenile in the custody of a county department of social services for placement shall specify that the juvenile's placement and care are the responsibility of the county department of social services and that the county department is to provide or arrange for the foster care or other placement of the juvenile.~~ Any dispositional order shall provide for appropriate visitation as may be in the best interests of the juvenile and consistent with the juvenile's health and safety. If the juvenile is placed in the custody or placement responsibility of a county department of social services, the court may order the director to arrange, facilitate, and supervise a visitation plan expressly approved by the court.

(e) An order that commits a juvenile to the Division of Youth Services shall recite detailed findings that support commitment to the Division as the least restrictive alternative in light of the circumstances. These findings shall state that all alternatives to commitment prescribed in G.S. 7A-647, 7A-648, and 7A-649 have been attempted unsuccessfully or were considered and found to be inappropriate and that the juvenile's behavior constitutes a threat to persons or property in the community. These findings shall be supported by substantial evidence in the record that the judge determined the needs of the juvenile, determined the appropriate community resources required to meet those needs, and explored and exhausted or considered inappropriate those resources prior to committing the juvenile to the Division."

Section 8. G.S. 7A-657 reads as rewritten:

"**§ 7A-657. Review of custody order.**

(a) In any case where custody is removed from a ~~parent,~~ parent or person standing in loco parentis, the judge shall conduct a review hearing within ~~six months of~~ 90 days from the date ~~the order was entered,~~ of the dispositional hearing ~~shall conduct a second review within six months after the first review,~~ and shall conduct a subsequent ~~reviews~~ review hearing within six months ~~at least every year~~ thereafter. The Director of Social Services shall make a timely ~~requests~~ request to the clerk to calendar ~~the case~~ each review at a session of court scheduled for the hearing of juvenile matters. ~~matters within six months of the date the order was entered. The Director shall make timely requests for calendaring subsequent reviews.~~ The clerk shall give 15 days' notice of the review and its purpose to the parent ~~or~~ and to any ~~the~~ person standing in loco parentis, the juvenile if 12 years of age or more, the guardian, any foster parent, relative, or preadoptive parent providing care for the child, the custodian or agency with custody, the guardian ad litem, and any other person or agency the court may specify, indicating the court's impending review. Nothing in this subsection shall be construed to make any foster parent, relative, or preadoptive parent a party to the proceeding solely based on receiving notice and an opportunity to be heard.

(b) Notwithstanding other provisions of this Article, the court may waive the holding of review hearings required by subsection (a), may require written reports to the court by the agency or person holding custody in lieu of review hearings, or order

that review hearings be held less often than every ~~12~~ six months, if the court finds by clear, cogent and convincing evidence that:

(1) The juvenile has resided with a relative or has been in the custody of another suitable person for a period of at least one year; and

(2) The placement is stable and continuation of the placement is in the juvenile's best interest; and

(3) Neither the juvenile's best interests nor the rights of any party require that review hearings be held every ~~12~~ six months; and

(4) All parties are aware that the matter may be brought before the court for review at any time by the filing of a motion for review or on the court's own motion; and

(5) The court order has designated the relative or other suitable person as the juvenile's permanent caretaker or guardian of the person.

The court may not waive or refuse to conduct a review hearing if a party files a motion seeking the review.

(c) At every review hearing, the court shall consider information from ~~the Department of Social Services, the court counselor, the juvenile, the parent or person standing in loco parentis, the custodian, the foster parent, the guardian ad litem, and any public or private agency~~ the parent, any person standing in loco parentis, the juvenile, the guardian, any foster parent, relative, or preadoptive parent providing care for the child, the custodian or agency with custody, the guardian ad litem, and any other person or agency which will aid it in its review.

In each case the court shall consider the following criteria and make written findings regarding those that are relevant:

(1) Services which have been offered to reunite the family, or whether efforts to reunite the family clearly would be futile or inconsistent with the juvenile's safety and need for a safe, permanent home within a reasonable period of time;

(2) Where the juvenile's return home is unlikely, the efforts which have been made to evaluate or plan for other methods of care;

(3) Goals of the foster care placement and the appropriateness of the foster care plan;

(4) A new foster care plan, if continuation of care is sought, that addresses the role the current foster parent will play in the planning for the juvenile;

(5) Reports on the placements the juvenile has had and any services offered to the juvenile and the parent;

(5a) An appropriate visitation plan;

(5b) If the juvenile is 16 or 17 years of age, a report on an independent living assessment of the juvenile and, if appropriate, an independent living plan developed for the juvenile;

(6) When and if termination of parental rights should be considered;

(7) Any other criteria the court deems necessary.

(d) The judge, after making findings of fact, may appoint a guardian of the person for the juvenile pursuant to G.S. 7A-585 or may make any disposition authorized by G.S. 7A-647, including the authority to place the child in the custody of either parent or any relative found by the court to be suitable and found by the court to be in the best interest of the juvenile. ~~If the juvenile is placed in or remains in the custody of the department of social services, the court may authorize the department to arrange and supervise a visitation plan. Except for such visitation, the juvenile shall not be returned to the parent or person standing in loco parentis without a hearing at which the court finds sufficient facts to show that the juvenile will receive proper care and supervision.~~ The court may enter an order continuing the placement under review or providing for a different placement as is deemed to be in the best interest of the juvenile. If at any time custody is restored to a parent, the court shall be relieved of the duty to conduct periodic judicial reviews of the placement.

~~(d1) At a hearing designated by the court, but at least within 12 months after the juvenile's placement, a review hearing shall be held under this section and designated as a permanency planning hearing. The purpose of the hearing shall be to develop a plan to achieve a safe, permanent home for the juvenile within a reasonable period of time. Notice of the hearing shall inform the parties of the purpose of the hearing. At the conclusion of the hearing, if the juvenile is not returned home, the judge shall make specific findings as to the best plan of care to achieve a safe, permanent home for the juvenile within a reasonable period of time and shall enter an order consistent with those findings.~~

(e) The provisions of ~~subsections (b), (c), and (d) of G.S. 7A-651~~ G.S. 7A-577.1 shall apply to any order entered under this ~~section which continues the foster care placement of a juvenile.~~ section."

Section 8.1. Article 52 of Chapter 7A of the General Statutes is amended by adding the following new section to read:

"**§ 7A-657.1. Permanency planning hearing.**

(a) In any case where custody is removed from a parent or person standing in loco parentis, the judge shall conduct a review hearing designated as a permanency planning hearing within 12 months after the date of the initial order removing custody, and the hearing may be combined, if appropriate, with a review hearing required by G.S. 7A-657. The purpose of the permanency planning hearing shall be to develop a plan to achieve a safe, permanent home for the juvenile within a reasonable period of time. Subsequent permanency planning hearings shall be held at least every six months thereafter, or earlier as set by the court, to review the progress made in finalizing the permanent plan for the juvenile, or if necessary, to make a new permanent plan for the juvenile. The Director of Social Services shall make a timely request to the clerk to calendar each permanency planning hearing at a session of court scheduled for the hearing of juvenile matters. The clerk shall give 15 days' notice of the hearing and its purpose to the parent and to any person standing in loco parentis, the juvenile if 12 years of age or more, the guardian, any foster parent, relative, or preadoptive parent providing care for the child, the custodian or agency with custody, the guardian ad litem, and any other person or

agency the court may specify, indicating the court's impending review. Nothing in this provision shall be construed to make any foster parent, relative, or preadoptive parent a party to the proceeding solely based on receiving notice and an opportunity to be heard.

(b) At any permanency planning review, the court shall consider information from the parent, any person standing in loco parentis, the juvenile, the guardian, any foster parent, relative, or preadoptive parent providing care for the child, the custodian or agency with custody, the guardian ad litem, and any other person or agency which will aid it in the court's review. At the conclusion of the hearing, if the juvenile is not returned home, the court shall consider the following criteria and make written findings regarding those that are relevant:

(1) Whether it is possible for the juvenile to be returned home immediately or within the next six months, and if not, why it is not in the juvenile's best interests to return home;

(2) Where the juvenile's return home is unlikely within six months, whether legal guardianship or custody with a relative or some other suitable person should be established, and if so, the rights and responsibilities which should remain with the parents;

(3) Where the juvenile's return home is unlikely within six months, whether adoption should be pursued, and if so, any barriers to the juvenile's adoption;

(4) Where the juvenile's return home is unlikely within six months, whether the juvenile should remain in the current placement or be placed in another permanent living arrangement and why;

(5) Whether the county department of social services has since the initial permanency plan hearing made reasonable efforts to implement the permanent plan for the juvenile;

(6) Any other criteria the court deems necessary.

(c) At the conclusion of the hearing, the judge shall make specific findings as to the best plan of care to achieve a safe, permanent home for the juvenile within a reasonable period of time. The judge may appoint a guardian of the person for the juvenile pursuant to G.S. 7A-585 or make any disposition authorized by G.S. 7A-647, including the authority to place the child in the custody of either parent or any relative found by the court to be suitable and found by the court to be in the best interests of the juvenile. If the juvenile is not returned home, the court shall enter an order consistent with its findings that directs the department of social services to make reasonable efforts to place the juvenile in a timely manner in accordance with the permanent plan, to complete whatever steps are necessary to finalize the permanent placement of the juvenile, and to document such steps in the juvenile's case plan. If at any time custody is restored to a parent, or findings are made in accordance with G.S. 7A-657(b), the court shall be relieved of the duty to conduct periodic judicial reviews of the placement.

If the court continues the juvenile's placement in the custody or placement responsibility of a county department of social services, the provisions of G.S. 7A-577.1 shall apply to any order entered under this section.

(d) In the case of a juvenile who is in the custody or placement responsibility of a county department of social services, and has been in placement outside the home for 15 of the most recent 22 months; or a court of competent jurisdiction has determined that the parent has abandoned the child; or has committed murder or voluntary manslaughter of another child of the parent; or has aided, abetted, attempted, conspired, or solicited to commit murder or voluntary manslaughter of the child or another child of the parent, the court shall order the director of the department of social services to initiate a proceeding to terminate the parental rights of the parent unless the court finds:

(1) The permanent plan for the juvenile is guardianship or custody with a relative or some other suitable person;

(2) The court makes specific findings why the filing of a petition for termination of parental rights is not in the best interests of the child; or

(3) The department of social services has not provided the juvenile's family with such services as the department deems necessary, when reasonable efforts are still required to enable the juvenile's return to a safe home.

(e) If a proceeding to terminate the parental rights of the juvenile's parents is necessary in order to perfect the permanent plan for the juvenile, the director of the department of social services shall file a petition to terminate parental rights within 60 calendar days from the date of the permanency planning hearing unless the court makes written findings why the petition cannot be filed within 60 days. If the court makes findings to the contrary, the court shall specify the time frame in which any needed petition to terminate parental rights shall be filed."

Section 9. G.S. 7A-659 reads as rewritten:

"**§ 7A-659. Post termination of parental rights' placement court review.**

(a) The purpose of each placement review is to insure that every reasonable effort is being made to provide for a permanent placement plan for the child who has been placed in the custody of a county director or licensed child-placing agency, which is consistent with the child's best interest. At each review hearing the court may consider information from the Department of Social Services, the licensed child-placing agency, the guardian ad litem, the child, ~~the~~ any foster parent, relative, or preadoptive parent providing care for the child, and any other person or agency the court determines is likely to aid in the review.

(b) The court shall conduct a placement review not later than six months from the date of the termination hearing when parental rights have been terminated by a petition brought by any person or agency designated in G.S. 7A-289.24(2) through (5) and a county director or licensed child-placing agency has custody of the child. The court shall conduct reviews every six months thereafter until the child is placed for adoption and the adoption petition is filed by the adoptive parents.

(1) No more than 30 days and no less than 15 days prior to each review, the clerk shall give notice of the review to the child if he is at least 12 years of age, the legal custodian of the child, ~~the~~ any foster parent, relative, or preadoptive parent providing care for the child, the guardian ad litem, if any, and any other person or agency the court may specify. Only the child if he is at least 12 years of age, the legal custodian of the child, ~~the~~ any foster parent, relative, or preadoptive parent providing care for the child, and the guardian ad litem shall attend the review hearings, except as otherwise directed by the court. Nothing in this subdivision shall be construed to make any foster parent, relative, or preadoptive parent a party to the proceeding solely based on receiving notice and an opportunity to be heard.

(2) If a guardian ad litem for the child has not been appointed previously by the court in the termination proceeding, the court, at the initial six-month review hearing, may appoint a guardian ad litem to represent the child. The court may continue the case for such time as is necessary for the guardian ad litem to become familiar with the facts of the case.

(c) The court shall consider at least the following in its review:

(1) The adequacy of the plan developed by the county department of social services or a licensed child-placing agency for a permanent placement relative to the child's best interest and the efforts of the department or agency to implement such plan;

(2) Whether the child has been listed for adoptive placement with the North Carolina Adoption Resource Exchange, the North Carolina Photo Adoption Listing Service (PALS), or any other specialized adoption agency; and

(3) The efforts previously made by the department or agency to find a permanent home for the child.

(d) The court, after making findings of fact, shall affirm the county department's or child-placing agency's plans or require specific additional steps which are necessary to accomplish a permanent placement which is in the best interests of the child.

(e) If the child has been placed for adoption prior to the date scheduled for the review, written notice of said placement shall be given to the clerk to be placed in the court file and the review hearing shall be cancelled, with notice of said cancellation given by the clerk to all persons previously notified.

(f) The process of selection of specific adoptive parents shall be the responsibility of and within the discretion of the county department of social services or licensed child-placing agency. The guardian ad litem may request information from and consult with the county department or child-placing agency concerning the selection process. If the guardian ad litem requests information about the selection process, the county shall provide the information within five days. Any issue of abuse of

discretion by the county department or child-placing agency in the selection process must be raised by the guardian ad litem within 10 days following the date the agency notifies the court and the guardian ad litem in writing of the filing of the adoption petition."

Section 9.1. Article 24B of Chapter 7A of the General Statutes is amended by adding the following new section to read:

"**§ 7A-289.23.1. Pending child abuse, neglect, or dependency hearings.**

When a juvenile is currently within the jurisdiction of the district court based upon an abuse, neglect, or dependency proceeding, a petition for termination of parental rights to that juvenile may be filed as a motion in the cause in the abuse, neglect, or dependency proceeding. Any parent of that juvenile who was previously served in the abuse, neglect, or dependency proceeding in accordance with G.S. 7A-565 shall be served with the petition to terminate parental rights in accordance with G.S. 1A-1, Rule 5."

Section 10. G.S. 78A-289.27 reads as rewritten:

"**§ 7A-289.27. Issuance of summons.**

(a) Except as provided in G.S. 7A-289.26, upon the filing of the petition, the court shall cause a summons to be issued, directed to the following persons or agency, not otherwise a party petitioner, who shall be named as respondents:

(1) The parents of the child;

(2) Any person who has been judicially appointed as guardian of the person of the child;

(3) The custodian of the child appointed by a court of competent jurisdiction;

(4) Any county department of social services or licensed child-placing agency to whom a child has been released by one parent pursuant to Part 7 of Article 3 of Chapter 48 of the General ~~Statutes;~~ Statutes or any county department of social services to whom placement responsibility for the child has been given by a court of competent jurisdiction; and

(5) The child, if he or she is 12 years of age or older at the time the petition is filed.

Provided, no summons need be directed to or served upon any parent who has previously surrendered the child to a county department of social services or licensed child-placing agency, nor to any parent who has consented to the adoption of the child by the petitioner. The summons shall notify the respondents to file a written answer within 30 days after service of the summons and petition. Service of the summons shall be completed as provided under the procedures established by G.S. 1A-1, Rule 4(j); but the parent of the child shall not be deemed to be under disability even though such parent is a minor.

(b) The summons shall be issued for the purpose of terminating parental rights pursuant to the provisions of subsection (a) of this section and shall include:

(1) The name of the minor child;

(2) Notice that a written answer to the petition must be filed with the clerk who signed the petition within 30 days after service of the summons and a copy of the petition, or the parent's rights may be terminated;

(3) Notice that if they are indigent, the parents are entitled to appointed counsel. The parents may contact the clerk immediately to request counsel;

(4) Notice that this is a new case. Any attorney appointed previously will not represent the parents in this proceeding unless ordered by the court;

(5) Notice that the date, time and place of the hearing will be mailed by the clerk upon filing of the answer or 30 days from the date of service if no answer is filed;

(6) Notice of the purpose of the hearing and notice that the parents may attend the termination hearing.

(c) If a county department of social services, not otherwise a party petitioner, is served with a petition alleging that the parental rights of the parent should be terminated pursuant to G.S. 7A-289.32, the department shall file a written answer and shall be deemed a party to the proceeding."

Section 11. G.S. 7A-289.32 reads as rewritten:

"**§ 7A-289.32. Grounds for terminating parental rights.**

The court may terminate the parental rights upon a finding of one or more of the following:

(1) Repealed by Session Laws 1979, c. 669, s. 2.

(2) The parent has abused or neglected the child. The child shall be deemed to be abused or neglected if the court finds the child to be an abused child within the meaning of G.S. 7A-517(1), or a neglected child within the meaning of G.S. 7A-517(21).

(3) The parent has willfully left the child in foster care or placement outside the home for more than 12 months without showing to the satisfaction of the court that reasonable progress under the circumstances has been made within 12 months in correcting those conditions which led to the removal of the child. Provided, however, that no parental rights shall be terminated for the sole reason that the parents are unable to care for the child on account of their poverty.

(3a) The burden in such proceedings shall be upon the petitioner to prove the facts justifying such termination by clear and convincing evidence.

(4) The child has been placed in the custody of a county Department of Social Services, a licensed child-placing agency, a child-caring institution, or a foster home, and the parent, for a continuous period of six months next preceding the filing of the petition, has willfully failed for such period to pay a reasonable portion of the

cost of care for the child although physically and financially able to do so.

(5) One parent has been awarded custody of the child by judicial decree, or has custody by agreement of the parents, and the other parent whose parental rights are sought to be terminated has for a period of one year or more next preceding the filing of the petition willfully failed without justification to pay for the care, support, and education of the child, as required by said decree or custody agreement.

(6) The father of a child born out of wedlock has not prior to the filing of a petition to terminate his parental rights:

a. Establish(ed) paternity judicially or by affidavit which has been filed in a central registry maintained by the Department of Health and Human Services; provided, the court shall inquire of the Department of Health and Human Services as to whether such an affidavit has been so filed and shall incorporate into the case record the Department's certified reply; or

b. Legitimated the child pursuant to provisions of G.S. 49-10, or filed a petition for this specific purpose; or

c. Legitimated the child by marriage to the mother of the child; or

d. Provided substantial financial support or consistent care with respect to the child and mother.

(7) That the parent is incapable of providing for the proper care and supervision of the child, such that the child is a dependent child within the meaning of G.S. 7A-517(13), and that there is a reasonable probability that such incapability will continue for the foreseeable future. Incapability under this subdivision may be the result of substance abuse, mental retardation, mental illness, organic brain syndrome, or any other similar cause or condition.

(8) The parent has willfully abandoned the child for at least six consecutive months immediately preceding the filing of the petition. For the purpose of this subdivision, a child may be willfully abandoned by his or her natural father if the mother of the child had been willfully abandoned by and was living separate and apart from the father at the time of the child's birth, although the father may not have known of such birth; but in any event the child must be over the age of three months at the time of the filing of the petition.

(9) The parent has committed murder or voluntary manslaughter of another child of the parent or other child residing in the home; has aided, abetted, attempted, conspired, or solicited to commit murder or voluntary manslaughter of the child, another child of the parent,

or other child residing in the home; or has committed a felony assault that results in serious bodily injury to the child, another child of the parent, or other child residing in the home.

(10) The parental rights of the parent with respect to another child of the parent have been terminated involuntarily by a court of competent jurisdiction and the parent lacks the ability or willingness to establish a safe home."

(c) The preplacement assessment must, after a reasonable investigation, report on the following about the individual being assessed:

(1) Age and date of birth, nationality, race, or ethnicity, and any religious preference;

(2) Marital and family status and history, including the presence of any children born to or adopted by the individual and any other children in the household;

If a prospective adoptive parent is seeking to adopt a minor who is in the custody or placement responsibility of a county department of social services, a county department of social services shall have the individual's criminal history investigated pursuant to G.S. 48-3-309, and based on the criminal history, make a determination pursuant to subsection (e) of this section as to the individual's fitness to have responsibility for the safety and well-being of children.

(e) In the preplacement assessment, the agency shall review the information obtained pursuant to subsections (b), (c), and (d) of this section and evaluate the individual's strengths and weaknesses to be an adoptive parent. (f) If the agency determines that the individual is suitable to be an adoptive parent, the preplacement assessment shall include specific factors which support that determination.

(g) If the agency determines that the individual is not suitable to be an adoptive parent, the replacement assessment shall state the specific concerns which support that determination. A specific concern is one that reasonably indicates that placement

of any minor, or a particular minor, in the home of the individual would pose a significant risk of harm to the well-being of the minor.

(h) In addition to the information and finding required by subsections (c) through (g) of this section, the preplacement assessment must contain a list of the sources of information on which it is based.

(i) The Social Services Commission shall have authority to establish by rule additional standards for preplacement assessments."

"**§ 48-3-309. Mandatory preplacement criminal checks of prospective adoptive parents seeking to adopt a minor who is in the custody or placement responsibility of a county department of social services.**

(a) The department shall ensure that the criminal histories of all prospective adoptive parents seeking to adopt a minor who is in the custody or placement responsibility of a county department of social services are checked prior to placement and, based on the criminal history, a determination is made as to the individual's fitness to have responsibility for the safety and well-being of children. The department shall ensure that all prospective adoptive parents seeking to adopt a minor who is in the custody or placement responsibility of a county department of social services are checked prior to placement for county, state, and federal criminal histories.

(b) A county department of social services may issue an unfavorable preplacement assessment to a prospective adoptive parent if the county department of social services determines pursuant to G.S. 48-3-303(e) that the individual is unfit to have responsibility for the safety and well-being of children based on the criminal history.

(c) The Department of Justice shall provide to the Department of Health and Human Services the criminal history of such a prospective adoptive parent obtained from the State and National Repositories of Criminal Histories as requested by the Department. The Department shall provide to the Department of Justice, along with the request, the fingerprints of the prospective adoptive parent to be checked, any additional information required by the Department of Justice, and a form consenting to the check of the criminal record and to the use of fingerprints and other identifying information required by the State or National Repositories signed by the individual to be checked. The fingerprints of the prospective adoptive parent shall be forwarded to the State Bureau of Investigation for a search of the State's criminal history record file, and the State Bureau of Investigation shall forward a set of fingerprints to the Federal Bureau of Investigation for a national criminal history record check.

(d) At the time of the request for a preplacement assessment or at a subsequent time prior to placement, a prospective adoptive parent whose criminal history is to be checked shall be furnished with a statement substantially similar to the following:

'NOTICE

MANDATORY CRIMINAL HISTORY CHECK: NORTH CAROLINA LAW REQUIRES THAT A CRIMINAL HISTORY CHECK BE CONDUCTED

PRIOR TO PLACEMENT ON PROSPECTIVE ADOPTIVE PARENTS SEEKING TO ADOPT A MINOR WHO IS IN THE CUSTODY OR PLACEMENT RESPONSIBILITY OF A COUNTY DEPARTMENT OF SOCIAL SERVICES.

'Criminal history' means a county, state, or federal criminal history of conviction or a pending indictment of a crime, whether a misdemeanor or a felony, that bears upon an individual's fitness to have responsibility for the safety and well-being of children, including the following North Carolina crimes contained in any of the following Articles of Chapter 14 of the General Statutes: Article 6, Homicide; Article 7A, Rape and Kindred Offenses; Article 8, Assaults; Article 10, Kidnapping and Abduction; Article 13, Malicious Injury or Damage by Use of Explosive or Incendiary Device or Material; Article 26, Offenses Against Public Morality and Decency; Article 27, Prostitution; Article 39, Protection of Minors; Article 40, Protection of the Family; and Article 59, Public Intoxication; violation of the North Carolina Controlled Substances Act, Article 5 of Chapter 90 of the General Statutes, and alcohol-related offenses such as sale to underage persons in violation of G.S. 18B-302 or driving while impaired in violation of G.S. 20-138.1 through G.S. 20-138.5; or similar crimes under federal law or under the laws of other states. Your fingerprints will be used to check the criminal history records of the State Bureau of Investigation (SBI) and the Federal Bureau of Investigation (FBI).

If it is determined, based on your criminal history, that you are unfit to have responsibility for the safety and well-being of children, you shall have the opportunity to complete, or challenge the accuracy of, the information contained in the SBI or FBI identification records.

If you are denied a favorable preplacement assessment by a county department of social services as a result of the criminal history check, you may request a review of the assessment pursuant to G.S. 48-3-308(a).

Any prospective adoptive parent who intentionally falsifies any information required to be furnished to conduct the criminal history is guilty of a Class 2 misdemeanor.'

Refusal to consent to a criminal history check is grounds for the issuance by a county department of social services of an unfavorable preplacement assessment. Any prospective adoptive parent who intentionally falsifies any information required to be furnished to conduct the criminal history is guilty of a Class 2 misdemeanor.

(e) The department shall notify the prospective adoptive parent's supervising county department of social services of the results of the criminal history check in accordance with the federal and State law regulating the dissemination of the contents of the criminal history file. The department shall not release nor disclose

any portion of the prospective adoptive parent's criminal history to the prospective adoptive parent. The department shall also ensure that the prospective adoptive parent is notified of the prospective adoptive parent's right to review the criminal history information, the procedure for completing or challenging the accuracy of the criminal history, and the prospective adoptive parent's right to contest the preplacement assessment of the county department of social services.

A prospective adoptive parent who disagrees with the preplacement assessment of the county department of social services may request a review of the assessment pursuant to G.S. 48-3-308(a).

(f) All the information that the department receives through the checking of the criminal history is privileged information and is not a public record but is for the exclusive use of the Department and those persons authorized under this section to receive the information. The department may destroy the information after it is used for the purposes authorized by this section after one calendar year.

(g) There is no liability for negligence on the part of a State or local agency, or the employees of a State or local agency, arising from any action taken or omission by any of them in carrying out the provisions of this section. The immunity established by this subsection shall not extend to gross negligence, wanton conduct, or intentional wrongdoing that would otherwise be actionable. The immunity established by this subsection shall be deemed to have been waived to the extent of indemnification by insurance, indemnification under Article 31A of Chapter 143 of the General Statutes, and to the extent sovereign immunity is waived under the Tort Claims Act, as set forth in Article 31 of Chapter 143 of the General Statutes.

(h) The Department of Justice shall perform the State and national criminal history checks on prospective adoptive parents seeking to adopt a minor in the custody or placement responsibility of a county department of social services and shall charge the Department of Health and Human Services a reasonable fee only for conducting the checks of the national criminal history records authorized by this section. The Division of Social Services, Department of Health and Human Services, shall bear the costs of implementing this section."

Section 16. Article 4 of Chapter 114 of the General Statutes is amended by adding the following new section to read:

"**§ 114-4-19.7. Criminal record checks prior to placement of prospective adoptive parents seeking to adopt a minor who is in the custody or placement responsibility of a county department of social services.**

The Department of Justice may provide to the Division of Social Services, Department of Health and Human Services, the criminal history from the State and National Repositories of Criminal Histories as defined in G.S. 48-1-101(5a). The Division shall provide to the Department of Justice, along with the request, the fingerprints of the prospective adoptive parent seeking to adopt a minor who is in the custody or placement responsibility of a county department of social services, any additional information required by the Department of Justice, and a form consenting to the check of the criminal record and to the use of fingerprints and other identifying information required by the State or National Repositories signed by the

individual to be checked. The fingerprints of the prospective adoptive parent shall be forwarded to the State Bureau of Investigation for a search of the State's criminal history record file, and the State Bureau of Investigation shall forward a set of fingerprints to the Federal Bureau of Investigation for a national criminal history record check. The Division shall keep all information pursuant to this section privileged, as provided in G.S. 48-3-309(f). The Department of Justice shall charge a reasonable fee only for conducting the checks of the national criminal history records authorized by this section."

Section 17. The Legislative Research Commission may study changes proposed to the juvenile justice system contained in House Bill 1561 and Senate Bill 1513, 1997 General Assembly. The study may include other issues relevant to child abuse, neglect, and dependency cases. The Commission shall report its findings, recommendations, and any legislative proposals to the 1999 General Assembly.

Section 19. G.S. 7B-302, as rewritten and recodified by enacted Senate Bill 1260, 1997 General Assembly, reads as rewritten:

"**§ 7B-302. Investigation by director; access to confidential information; notification of person making the report.**

When a report of abuse, neglect, or dependency is received, the director of the department of social services shall make a prompt and thorough investigation in order to ascertain the facts of the case, the extent of the abuse or neglect, and the risk of harm to the juvenile, in order to determine whether protective services should be provided or the complaint filed as a petition. When the report alleges abuse, the director shall immediately, but no later than 24 hours after receipt of the report, initiate the investigation. When the report alleges neglect or dependency, the director shall initiate the investigation within 72 hours following receipt of the report. The investigation and evaluation shall include a visit to the place where the juvenile resides. All information received by the department of social services, including the identity of the reporter, shall be held in strictest confidence by the department.

When a report of a juvenile's death as a result of suspected maltreatment or a report of suspected abuse, neglect, or dependency of a juvenile is received, the director of the department of social services shall immediately ascertain if other juveniles remain in the home, and, if so, initiate an investigation in order to determine whether they require protective services or whether immediate removal of the juveniles from the home is necessary for their protection.

If the investigation indicates that abuse, neglect, or dependency has occurred, the director shall decide whether immediate removal of the juvenile or any other juveniles in the home is necessary for their protection. If immediate removal does not seem necessary, the director shall immediately provide or arrange for protective services. If the parent or other caretaker refuses to accept the protective services provided or arranged by the director, the director shall sign a complaint seeking to invoke the jurisdiction of the court for the protection of the juvenile or juveniles.

If immediate removal seems necessary for the protection of the juvenile or other juveniles in the home, the director shall sign a complaint which alleges the applicable facts to invoke the jurisdiction of the court. Where the investigation shows that it is warranted, a protective services worker may assume temporary custody of the juvenile for the juvenile's protection pursuant to Article 5 of this Chapter.

In performing any duties related to the investigation of the complaint or the provision or arrangement for protective services, the director may consult with any public or private agencies or individuals, including the available State or local law enforcement officers who shall assist in the investigation and evaluation of the seriousness of any report of abuse, neglect, or dependency when requested by the director. The director or the director's representative may make a written demand for any information or reports, whether or not confidential, that may in the director's opinion be relevant to the investigation of or the provision for protective services. Upon the director's or the director's representative's request and unless protected by the attorney-client privilege, any public or private agency or individual shall provide access to and copies of this confidential information and these records to the extent permitted by federal law and regulations. If a custodian of criminal investigative information or records believes that release of the information will jeopardize the right of the State to prosecute a defendant or the right of a defendant to receive a fair trial or will undermine an ongoing or future investigation, it may seek an order from a court of competent jurisdiction to prevent disclosure of the information. In such an action, the custodian of the records shall have the burden of showing by a preponderance of the evidence that disclosure of the information in question will jeopardize the right of the State to prosecute a defendant or the right of a defendant to receive a fair trial or will undermine an ongoing or future investigation. Actions brought pursuant to this paragraph shall be set down for immediate hearing, and subsequent proceedings in the actions shall be accorded priority by the trial and appellate courts.

Within five working days after receipt of the report of abuse, neglect, or dependency, the director shall give written notice to the person making the report, unless requested by that person not to give notice, as to whether the report was accepted for investigation and whether the report was referred to the appropriate State or local law enforcement agency.

Within five working days after completion of the protective services investigation, the director shall give subsequent written notice to the person making the report, unless requested by that person not to give notice, as to whether there is a finding of abuse, neglect, or dependency, whether the county department of social services is taking action to protect the juvenile, and what action it is taking, including whether or not a petition was filed. The person making the report shall be informed of procedures necessary to request a review by the prosecutor of the director's decision not to file a petition. A request for review by the prosecutor shall be made within five working days of receipt of the second notification. The second notification shall include notice that, if the person making the report is not satisfied with the director's decision, the person may request review of the decision by the prosecutor within five working days of receipt. The person making the report may waive the person's right to this notification, and no notification is required if the person making the report does not identify himself to the director."

Section 20. G.S. 7B-505, as rewritten and recodified by enacted Senate Bill 1260, 1997 General Assembly, reads as rewritten:

"**§ 7B-505. Place of nonsecure custody.**

A juvenile meeting the criteria set out in G.S. 7B-503 may be placed in nonsecure custody with the department of social services or a person designated in the order for temporary residential placement in:

(1) A licensed foster home or a home otherwise authorized by law to provide such care; or

(2) A facility operated by the department of social services; or

(3) Any other home or ~~facility~~ facility, including a relative's home approved by the court and designated in the order.

In placing a juvenile in nonsecure custody under this section, the court shall first consider whether a relative of the juvenile is willing and able to provide proper care and supervision of the juvenile in a safe home. If the court finds that the relative is willing and able to provide proper care and supervision in a safe home, then the court shall order placement of the juvenile with the ~~relative.~~ relative unless the court finds that the placement is contrary to the best interests of the juvenile. ~~Prior to placement~~ Placement of a juvenile with a relative outside of this ~~State, the placement~~ State must be in accordance with the Interstate Compact on the Placement of Children, Article 38 of this Chapter."

Section 21. G.S. 7B-506, as rewritten and recodified by enacted Senate Bill 1260, 1997 General Assembly, reads as rewritten:

"**§ 7B-506. Hearing to determine need for continued nonsecure custody.**

(a) No juvenile shall be held under a nonsecure custody order for more than seven calendar days without a hearing on the merits or a hearing to determine the need for continued custody. A hearing on nonsecure custody conducted under this subsection may be continued for up to 10 business days with the consent of the juvenile's parent, guardian, custodian, or caretaker and, if appointed, the juvenile's guardian ad litem. In addition, the court may require the consent of additional parties or may schedule the hearing on custody despite a party's consent to a continuance. In every case in which an order has been entered by an official exercising authority delegated pursuant to G.S. 7B-502, a hearing to determine the need for continued custody shall be conducted on the day of the next regularly scheduled session of district court in the city or county where the order was entered if such session precedes the expiration of the applicable time period set forth in this subsection: Provided, that if such session does not precede the expiration of the time period, the hearing may be conducted at another regularly scheduled session of district court in the district where the order was entered.

(b) At a hearing to determine the need for continued custody, the court shall receive testimony and shall allow the guardian ad litem, or juvenile, and the juvenile's parent, guardian, custodian, or caretaker an opportunity to introduce evidence, to be heard in the person's own behalf, and to examine witnesses. The State shall bear the burden at every stage of the proceedings to provide clear and convincing evidence that the juvenile's placement in custody is necessary. The court shall not be bound by the usual rules of evidence at such hearings.

(c) The court shall be bound by criteria set forth in G.S. 7B-503 in determining whether continued custody is warranted.

(d) If the court determines that the juvenile meets the criteria in G.S. 7B-503 and should continue in custody, the court shall issue an order to that effect. The order shall be in writing with appropriate findings of fact. The findings of fact shall include the evidence relied upon in reaching the decision and the purposes which continued custody is to achieve.

(e) If the court orders at the hearing required in subsection (a) of this section that the juvenile remain in custody, a subsequent hearing on continued custody shall be held within seven business days of that hearing, excluding Saturdays, Sundays, and legal holidays, and pending a hearing on the merits, hearings thereafter shall be held at intervals of no more than 30 calendar days.

(f) Hearings conducted under subsection (e) of this section may be waived only with the consent of the juvenile's parent, guardian, custodian, or caretaker, and, if appointed, the juvenile's guardian ad litem.

The court may require the consent of additional parties or schedule a hearing despite a party's consent to waiver.

~~(g) Any order authorizing the continued custody of a juvenile shall include findings as to whether reasonable efforts have been made to prevent or eliminate the need for placement of the juvenile in custody and may provide for services or other efforts aimed at returning the juvenile promptly to a safe home. A finding that reasonable efforts have not been made shall not preclude the entry of an order authorizing continued custody when the court finds that continued custody is necessary for the protection of the juvenile. Where efforts to prevent the need for the juvenile's placement were precluded by an immediate threat of harm to the juvenile, the court may find that the placement of the juvenile in the absence of such efforts was reasonable. If the court finds through written findings of fact that efforts to eliminate the need for placement of the juvenile in custody clearly would be futile or would be inconsistent with the juvenile's safety and need for a safe, permanent home within a reasonable period of time, then the court shall specify in its order that reunification efforts are not required or order that reunification efforts cease.~~

(h) At each hearing to determine the need for continued custody, the court shall:

(1) Inquire as to the identity and location of any missing parent. The court shall include findings as to the efforts undertaken to locate the missing parent and to serve that parent. The order may provide for specific efforts aimed at determining the identity and location of any missing parent;

(2) Inquire as to whether a relative of the juvenile is willing and able to provide proper care and supervision of the juvenile in a safe home. If the court finds that the relative is willing and able to provide proper care and supervision in a safe home, then the court shall order temporary placement of the juvenile with the ~~relative.~~ relative unless the court finds that the placement is contrary to the best interests of the juvenile. ~~Prior to placement~~ Placement of a

juvenile with a relative outside of this ~~State, the placement~~ State must be in accordance with the Interstate Compact on the Placement of Children set forth in Article 38 of this Chapter; and

(3) Inquire as to whether there are other juveniles remaining in the home from which the juvenile was removed and, if there are, inquire as to the specific findings of the investigation conducted under G.S. 7B-302 and any actions taken or services provided by the director for the protection of the other juveniles."

Section 21.1. If Senate Bill 1260, 1997 General Assembly, is enacted into law by the 1997 General Assembly, then G.S. 7A-577.1, as enacted in Part I of this act is recodified as G.S. 7B-506.1 and reads as rewritten:

"**§ 7B-506.1. Reasonable efforts.**

(a) An order placing or continuing the placement of a juvenile in the custody or placement responsibility of a county department of social services, whether an order for continued nonsecure custody, a dispositional order, or a review order:

(1) Shall contain a finding that the juvenile's continuation in or return to the juvenile's own home would be contrary to the juvenile's best interest;

(2) Shall contain findings as to whether a county department of social services has made reasonable efforts to prevent or eliminate the need for placement of the juvenile, unless the court has previously determined under subsection (b) of this section that such efforts are not required or shall cease;

(3) Shall contain findings as to whether a county department of social services should continue to make reasonable efforts to prevent or eliminate the need for placement of the juvenile, unless the court has previously determined or determines under subsection (b) of this section that such efforts are not required or shall cease;

(4) Shall specify that the juvenile's placement and care are the responsibility of the county department of social services and that the agency is to provide or arrange for the foster care or other placement of the juvenile; and

(5) May provide for services or other efforts aimed at returning the juvenile to a safe home or at achieving another permanent plan for the juvenile.

A finding that reasonable efforts have not been made by a county department of social services shall not preclude the entry of an order authorizing the juvenile's placement when the court finds that placement is necessary for the protection of the juvenile. Where efforts to prevent the need for the juvenile's placement were precluded by an immediate threat of harm to the juvenile, the court may find that the placement of the juvenile in the absence of such efforts was reasonable.

(b) In any order placing a juvenile in the custody or placement responsibility of a county department of social services, whether an order for continued nonsecure custody, a dispositional order, or a review order, the court may direct that reasonable

efforts to eliminate the need for placement of the juvenile shall not be required or shall cease if the court makes written findings of fact that:

(1) Such efforts clearly would be futile or would be inconsistent with the juvenile's health, safety, and need for a safe, permanent home within a reasonable period of time;

(2) A court of competent jurisdiction has determined that the parent has subjected the child to aggravated circumstances as defined in G.S. ~~7A-517(3a);~~ 7B-101(1a);

(3) A court of competent jurisdiction has terminated involuntarily the parental rights of the parent to another child of the parent; or

(4) A court of competent jurisdiction has determined that: the parent has committed murder or voluntary manslaughter of another child of the parent; has aided, abetted, attempted, conspired, or solicited to commit murder or voluntarily manslaughter of the child or another child of the parent; or has committed a felony assault resulting in serious bodily injury to the child or another child of the parent..

(c) At any hearing at which the court finds that reasonable efforts to eliminate the need for the juvenile's placement are not required or shall cease, the court shall direct that a permanency planning hearing as required by G.S. ~~7A-657.1~~ 7B-906.1 be held within 30 calendar days after the date of the hearing and, if practicable, shall set the date and time for the permanency planning hearing.

(d) In determining reasonable efforts to be made with respect to a juvenile and in making such reasonable efforts, the juvenile's health and safety shall be the paramount concern. Reasonable efforts to preserve or reunify families may be made concurrently with efforts to plan for the juvenile's adoption, to place the juvenile with a legal guardian, or to place the juvenile in another permanent arrangement."

Section 22. G.S. 7B-801, as rewritten and recodified by enacted Senate Bill 1260, 1997 General Assembly, reads as rewritten:

"**§ 7B-801. Adjudicatory hearing.**

The adjudicatory hearing shall be held in the district at such time and place as the chief district court judge shall ~~designate.~~ designate but no later than 60 days from the filing of the petition, unless the judge pursuant to G.S. 7B-803 orders that it be held at a later time. ~~The court may exclude the public from the hearing unless the juvenile moves that the hearing be open, which motion shall be granted.~~ At a hearing in which a juvenile is alleged to be abused, neglected, or dependent, the judge shall exclude the general public."

Section 23. G.S. 7B-903, as rewritten and recodified by enacted Senate Bill 1260, 1997 General Assembly, reads as rewritten:

"**§ 7B-903. Dispositional alternatives for abused, neglected, or dependent juvenile.**

The following alternatives for disposition shall be available to any court exercising jurisdiction, and the court may combine any of the applicable alternatives when the court finds the disposition to be in the best interests of the juvenile:

(1) The court may dismiss the case or continue the case in order to allow the parent or others to take appropriate action.

(2) In the case of any juvenile who needs more adequate care or supervision or who needs placement, the court may:

a. Require that the juvenile be supervised in the juvenile's own home by the department of social services in the juvenile's county, or by other personnel as may be available to the court, subject to conditions applicable to the parent, guardian, custodian, or caretaker as the court may specify; or

b. Place the juvenile in the custody of a parent, relative, private agency offering placement services, or some other suitable person; or

c. Place the juvenile in the custody of the department of social services in the county of the juvenile's residence, or in the case of a juvenile who has legal residence outside the State, in the physical custody of the department of social services in the county where the juvenile is found so that agency may return the juvenile to the responsible authorities in the juvenile's home state. The director may, unless otherwise ordered by the court, arrange for, provide, or consent to, needed routine or emergency medical or surgical care or treatment. In the case where the parent is unknown, unavailable, or unable to act on behalf of the juvenile, the director may, unless otherwise ordered by the court, arrange for, provide, or consent to any psychiatric, psychological, educational, or other remedial evaluations or treatment for the juvenile placed by a court or the court's designee in the custody or physical custody of a county department of social services under the authority of this or any other Chapter of the General Statutes. Prior to exercising this authority, the director shall make reasonable efforts to obtain consent from a parent or guardian of the affected juvenile. If the director cannot obtain such consent, the director shall promptly notify the parent or guardian that care or treatment has been provided and shall give the parent frequent status reports on the circumstances of the juvenile. Upon request of a parent or guardian of the affected juvenile, the results or records of the aforementioned evaluations, findings, or treatment shall be made available to such parent or guardian by the director unless prohibited by G.S. 122C-53(d). <u>If a juvenile is removed from the home and placed in custody or placement responsibility of a county department of social services, the Director shall not allow unsupervised visitation</u>

with, or return physical custody of the juvenile to, the parent, guardian, custodian, or caretaker without a hearing at which the court finds that the juvenile will receive proper care and supervision in a safe home.

In placing a juvenile in out-of-home care under this section, the court shall first consider whether a relative of the juvenile is willing and able to provide proper care and supervision of the juvenile in a safe home. If the court finds that the relative is willing and able to provide proper care and supervision in a safe home, then the court shall order placement of the juvenile with the relative unless the court finds that the placement is contrary to the best interests of the juvenile. Placement of a juvenile with a relative outside of this State must be in accordance with the Interstate Compact on the Placement of Children.

(3) In any case, the court may order that the juvenile be examined by a physician, psychiatrist, psychologist, or other qualified expert as may be needed for the court to determine the needs of the juvenile:

a. Upon completion of the examination, the court shall conduct a hearing to determine whether the juvenile is in need of medical, surgical, psychiatric, psychological, or other treatment and who should pay the cost of the treatment. The county manager, or such person who shall be designated by the chairman of the county commissioners, of the juvenile's residence shall be notified of the hearing, and allowed to be heard. If the court finds the juvenile to be in need of medical, surgical, psychiatric, psychological, or other treatment, the court shall permit the parent or other responsible persons to arrange for treatment. If the parent declines or is unable to make necessary arrangements, the court may order the needed treatment, surgery, or care, and the court may order the parent to pay the cost of the care pursuant to G.S. 7B-904. If the court finds the parent is unable to pay the cost of treatment, the court shall order the county to arrange for treatment of the juvenile and to pay for the cost of the treatment. The county department of social services shall recommend the facility that will provide the juvenile with treatment.

b. If the court believes, or if there is evidence presented to the effect that the juvenile is mentally ill or is developmentally disabled, the court shall refer the juvenile to the area mental health, developmental disabilities, and substance abuse services director for appropriate action. A juvenile shall not

be committed directly to a State hospital or mental retardation center; and orders purporting to commit a juvenile directly to a State hospital or mental retardation center except for an examination to determine capacity to proceed shall be void and of no effect. The area mental health, developmental disabilities, and substance abuse director shall be responsible for arranging an interdisciplinary evaluation of the juvenile and mobilizing resources to meet the juvenile's needs. If institutionalization is determined to be the best service for the juvenile, admission shall be with the voluntary consent of the parent or guardian. If the parent, guardian, custodian, or caretaker refuses to consent to a mental hospital or retardation center admission after such institutionalization is recommended by the area mental health, developmental disabilities, and substance abuse director, the signature and consent of the court may be substituted for that purpose. In all cases in which a regional mental hospital refuses admission to a juvenile referred for admission by a court and an area mental health, developmental disabilities, and substance abuse director or discharges a juvenile previously admitted on court referral prior to completion of treatment, the hospital shall submit to the court a written report setting out the reasons for denial of admission or discharge and setting out the juvenile's diagnosis, indications of mental illness, indications of need for treatment, and a statement as to the location of any facility known to have a treatment program for the juvenile in question."

Section 24. G.S. 7B-905, as rewritten and recodified by enacted Senate Bill 1260, 1997 General Assembly, reads as rewritten:

"**§ 7B-905. Dispositional order.**

(a) The dispositional order shall be in writing and shall contain appropriate findings of fact and conclusions of law. The court shall state with particularity, both orally and in the written order of disposition, the precise terms of the disposition including the kind, duration, and the person who is responsible for carrying out the disposition and the person or agency in whom custody is vested.

(b) A dispositional order under which a juvenile is removed from the custody of a parent, guardian, custodian, or caretaker shall direct that the review hearing required by G.S. 7B-906 be held within ~~six months~~ 90 days from of the date of the ~~juvenile's placement in custody~~ dispositional hearing and, if practicable, shall set the date and time for the review hearing.

(c) Any dispositional order ~~directing placement of a juvenile in foster care shall also contain:~~ shall comply with the requirements of G.S. 7B-506.1.

~~(1) A finding that the juvenile's continuation in or return to the juvenile's home would be contrary to the juvenile's best interests; and~~

~~(2) Findings as to whether reasonable efforts have been made to prevent or eliminate the need for placement of the juvenile in foster care. A finding that reasonable efforts were not made shall not preclude entry of a dispositional order authorizing placement in foster care when the court finds that such placement is needed for protection of the juvenile. When efforts to prevent the need for the juvenile's placement are precluded by an immediate threat of harm to the juvenile, the court may find that placement of the juvenile in the absence of such efforts is reasonable.~~

~~The order may provide for services or other efforts aimed at returning the juvenile promptly to a safe home. If the court finds through written findings of fact that efforts to eliminate the need for placement of the juvenile in custody clearly would be futile or would be inconsistent with the juvenile's safety and need for a safe, permanent home within a reasonable period of time, the court shall specify in its order that reunification efforts are not required or order that reunification efforts cease.~~

~~(d) An order that places a juvenile in the custody of a county department of social services for placement shall specify that the juvenile's placement and care are the responsibility of the county department of social services and that the county department is to provide or arrange for the foster care or other placement of the juvenile.~~ Any dispositional order shall provide for appropriate visitation as may be in the best interests of the juvenile and consistent with the juvenile's health and safety. If the juvenile is placed in the custody or placement responsibility of a county department of social services, the court may order the director to arrange, facilitate, and supervise a visitation plan expressly approved by the court."

Section 25. G.S. 7B-906, as rewritten and recodified by enacted Senate Bill 1260, 1997 General Assembly, reads as rewritten:

"**§ 7B-906. Review of custody order.**

(a) In any case where custody is removed from a parent, guardian, custodian, or caretaker the court shall conduct a review hearing within ~~six months of~~ 90 days from the date ~~the order was entered,~~ of the dispositional hearing ~~shall conduct a second review within six months after the first review,~~ and shall conduct ~~subsequent reviews at least every year thereafter.~~ a review hearing within six months thereafter. The director of social services shall make ~~timely requests~~ a timely request to the clerk to calendar ~~the case~~ each review at a session of court scheduled for the hearing of juvenile ~~matters within six months of the date the order was entered.~~ matters. ~~The director shall make timely requests for calendaring subsequent reviews.~~ The clerk shall give 15 days' notice of the review and its purpose to the parent, the juvenile, if 12 years of age or more, the guardian, any foster parent, relative, or preadoptive parent providing care for the child, the custodian or agency with custody, the guardian ad litem, and any other person or agency the court may specify, indicating the court's impending review. Nothing in this subsection shall be construed to make

any foster parent, relative, or preadoptive parent a party to the proceeding solely based on receiving notice and an opportunity to be heard.

(b) Notwithstanding other provisions of this Article, the court may waive the holding of review hearings required by subsection (a) of this section, may require written reports to the court by the agency or person holding custody in lieu of review hearings, or order that review hearings be held less often than every ~~12~~ six months, if the court finds by clear, cogent, and convincing evidence that:

(1) The juvenile has resided with a relative or has been in the custody of another suitable person for a period of at least one year;

(2) The placement is stable and continuation of the placement is in the juvenile's best interests;

(3) Neither the juvenile's best interests nor the rights of any party require that review hearings be held every 12 months;

(4) All parties are aware that the matter may be brought before the court for review at any time by the filing of a motion for review or on the court's own motion; and

(5) The court order has designated the relative or other suitable person as the juvenile's permanent caretaker or guardian of the person.

The court may not waive or refuse to conduct a review hearing if a party files a motion seeking the review.

(c) At every review hearing, the court shall consider information from the ~~department of social services, the juvenile, the parent, the guardian, the custodian, the foster parent, the guardian ad litem, and any public or private agency which will aid it in its review.~~ parent, the juvenile, the guardian, any foster parent, relative or preadoptive parent providing care for the child, the custodian or agency with custody, the guardian ad litem, and any other person or agency which will aid in its review.

In each case the court shall consider the following criteria and make written findings regarding those that are relevant:

(1) Services which have been offered to reunite the family, or whether efforts to reunite the family clearly would be futile or inconsistent with the juvenile's safety and need for a safe, permanent home within a reasonable period of time.

(2) Where the juvenile's return home is unlikely, the efforts which have been made to evaluate or plan for other methods of care.

(3) Goals of the foster care placement and the appropriateness of the foster care plan.

(4) A new foster care plan, if continuation of care is sought, that addresses the role the current foster parent will play in the planning for the juvenile.

(5) Reports on the placements the juvenile has had and any services offered to the juvenile and the parent.

(5a) An appropriate visitation plan.

(5b) If the juvenile is 16 or 17 years of age, a report on an independent living assessment of the juvenile and, if appropriate, an independent living plan developed for the juvenile.

(6) When and if termination of parental rights should be considered.

(7) Any other criteria the court deems necessary.

(d) The court, after making findings of fact, may appoint a guardian of the person for the juvenile pursuant to G.S. 7B-600 or may make any disposition authorized by G.S. 7B-903, including the authority to place the juvenile in the custody of either parent or any relative found by the court to be suitable and found by the court to be in the best interests of the juvenile. ~~If the juvenile is placed in or remains in the custody of the department of social services, the court may authorize the department to arrange and supervise a visitation plan. Except for such visitation, the juvenile shall not be returned to the parent, guardian, custodian, or caretaker without a hearing at which the court finds sufficient facts to show that the juvenile will receive proper care and supervision.~~ The court may enter an order continuing the placement under review or providing for a different placement as is deemed to be in the best interests of the juvenile. If at any time custody is restored to a parent, guardian, custodian, or caretaker the court shall be relieved of the duty to conduct periodic judicial reviews of the placement.

~~(e) At a hearing designated by the court, but at least within 12 months after the juvenile's placement, a review hearing shall be held under this section and designated as a permanency planning hearing. The purpose of the hearing shall be to develop a plan to achieve a safe, permanent home for the juvenile within a reasonable period of time. Notice of the hearing shall inform the parties of the purpose of the hearing. At the conclusion of the hearing, if the juvenile is not returned home, the court shall make specific findings as to the best plan of care to achieve a safe, permanent home for the juvenile within a reasonable period of time and shall enter an order consistent with those findings.~~

(f) The provisions of ~~subsections (b), (c), and (d) of G.S. 7B-905~~ G.S. 7B-506.1 shall apply to any order entered under this ~~section which continues the foster care placement of a juvenile.~~ section."

Section 25.1. If Senate Bill 1260, 1997 General Assembly, is enacted into law by the 1997 General Assembly, then G.S. 7A-657.1 as enacted in Part I of this act is recodified as G.S. 7B-906.1 and reads as rewritten:

"**§ 7B-906.1. Permanency planning hearing.**

(a) In any case where custody is removed from a ~~parent or person standing in loco parentis,~~ parent, guardian, custodian, or caretaker, the judge shall conduct a review hearing designated as a permanency planning hearing within 12 months after the date of the initial order removing custody, and the hearing may be combined, if appropriate, with a review hearing required by G.S. ~~7A-657.~~ 7B-906. The purpose of the permanency planning hearing shall be to develop a plan to achieve a safe, permanent home for the juvenile within a reasonable period of time. Subsequent permanency planning hearings shall be held at least every six months thereafter, or earlier as set by the court, to review the progress made in finalizing the permanent

plan for the juvenile, or if necessary, to make a new permanent plan for the juvenile. The Director of Social Services shall make a timely request to the clerk to calendar each permanency planning hearing at a session of court scheduled for the hearing of juvenile matters. The clerk shall give 15 days' notice of the hearing and its purpose to the ~~parent and to any person standing in loco parentis,~~ parent, the juvenile if 12 years of age or more, the guardian, any foster parent, relative, or preadoptive parent providing care for the child, the custodian or agency with custody, the guardian ad litem, and any other person or agency the court may specify, indicating the court's impending review. Nothing in this provision shall be construed to make any foster parent, relative, or preadoptive parent a party to the proceeding solely based on receiving notice and an opportunity to be heard.

(b) At any permanency planning review, the court shall consider information from the parent, ~~any person standing in loco parentis,~~ the juvenile, the guardian, any foster parent, relative or preadoptive parent providing care for the child, the custodian or agency with custody, the guardian ad litem, and any other person or agency which will aid it in the court's review. At the conclusion of the hearing, if the juvenile is not returned home, the court shall consider the following criteria and make written findings regarding those that are relevant:

(1) Whether it is possible for the juvenile to be returned home immediately or within the next six months, and if not, why it is not in the juvenile's best interests to return home;

(2) Where the juvenile's return home is unlikely within six months, whether legal guardianship or custody with a relative or some other suitable person should be established, and if so, the rights and responsibilities which should remain with the parents;

(3) Where the juvenile's return home is unlikely within six months, whether adoption should be pursued and if so, any barriers to the juvenile's adoption;

(4) Where the juvenile's return home is unlikely within six months, whether the juvenile should remain in the current placement or be placed in another permanent living arrangement and why;

(5) Whether the county department of social services has since the initial permanency plan hearing made reasonable efforts to implement the permanent plan for the juvenile;

(6) Any other criteria the court deems necessary.

(c) At the conclusion of the hearing, the judge shall make specific findings as to the best plan of care to achieve a safe, permanent home for the juvenile within a reasonable period of time. The judge may appoint a guardian of the person for the juvenile pursuant to G.S. ~~7A-585~~ 7B-600 or make any disposition authorized by G.S. ~~7A-647~~ 7B-903 including the authority to place the child in the custody of either parent or any relative found by the court to be suitable and found by the court to be in the best interest of the juvenile. If the juvenile is not returned home, the court shall enter an order consistent with its findings that directs the department of social services to make reasonable efforts to place the juvenile in a timely manner in

accordance with the permanent plan, to complete whatever steps are necessary to finalize the permanent placement of the juvenile, and to document such steps in the juvenile's case plan. If at any time custody is restored to a parent, or findings are made in accordance with G.S. ~~7A-657(b),~~ 7B-906(b) the court shall be relieved of the duty to conduct periodic judicial reviews of the placement.

If the court continues the juvenile's placement in the custody or placement responsibility of a county department of social services, the provisions of G.S. ~~7A-577.1~~ 7B-506.1 shall apply to any order entered under this section.

(d) In the case of a juvenile who is in the custody or placement responsibility of a county department of social services, and has been in placement outside the home for 15 of the most recent 22 months; or a court of competent jurisdiction has determined that the parent has abandoned the child; or has committed murder or voluntary manslaughter of another child of the parent; or has aided, abetted, attempted, conspired, or solicited to commit murder or voluntary manslaughter of the child or another child of the parent, the court shall order the director of the department of social services to initiate a proceeding to terminate the parental rights of the parent unless the court finds:

(1) The permanent plan for the juvenile is guardianship or custody with a relative or some other suitable person;

(2) The court makes specific findings why the filing of a petition for termination of parental rights is not in the best interests of the child; or

(3) The department of social services has not provided the juvenile's family with such services as the department deems necessary, when reasonable efforts are still required to enable the juvenile's return to a safe home.

(e) If a proceeding to terminate the parental rights of the juvenile's parents is necessary in order to perfect the permanent plan for the juvenile, the director of the department of social services shall file a petition to terminate parental rights within 60 calendar days from the date of the permanency planning hearing unless the court makes written findings why the petition cannot be filed within 60 days. If the court makes findings to the contrary, the court shall specify the time frame in which any needed petition to terminate parental rights shall be filed."

Section 26. G.S. 7B-907, as rewritten and recodified by enacted Senate Bill 1260, 1997 General Assembly, reads as rewritten:

"**§ 7B-907. Posttermination of parental rights' placement court review.**

(a) The purpose of each placement review is to ensure that every reasonable effort is being made to provide for a permanent placement plan for the juvenile who has been placed in the custody of a county director or licensed child-placing agency, which is consistent with the juvenile's best interests. At each review hearing the court may consider information from the department of social services, the licensed child-placing agency, the guardian ad litem, the ~~juvenile, the~~ child, any foster parent, relative, or preadoptive parent providing care for the child, and any other person or agency the court determines is likely to aid in the review.

(b) The court shall conduct a placement review not later than six months from the date of the termination hearing when parental rights have been terminated by a petition brought by any person or agency designated in G.S. 7B-1102(2) through (5) and a county director or licensed child-placing agency has custody of the juvenile. The court shall conduct reviews every six months thereafter until the juvenile is placed for adoption and the adoption petition is filed by the adoptive parents:

(1) No more than 30 days and no less than 15 days prior to each review, the clerk shall give notice of the review to the juvenile if the juvenile is at least 12 years of age, the legal custodian of the juvenile, ~~the~~ any foster parent, relative, or preadoptive parent providing care for the juvenile, the guardian ad litem, if any, and any other person or agency the court may specify. Only the juvenile, if the juvenile is at least 12 years of age, the legal custodian of the juvenile, ~~the~~ any foster parent, relative, or preadoptive parent providing care for the juvenile, and the guardian ad litem shall attend the review hearings, except as otherwise directed by the court. Nothing in this subdivision shall be construed to make any foster parent, relative, or preadoptive parent a party to the proceeding solely based on receiving notice and an opportunity to be heard.

(2) If a guardian ad litem for the juvenile has not been appointed previously by the court in the termination proceeding, the court, at the initial six-month review hearing, may appoint a guardian ad litem to represent the juvenile. The court may continue the case for such time as is necessary for the guardian ad litem to become familiar with the facts of the case.

(c) The court shall consider at least the following in its review:

(1) The adequacy of the plan developed by the county department of social services or a licensed child-placing agency for a permanent placement relative to the juvenile's best interests and the efforts of the department or agency to implement such plan;

(2) Whether the juvenile has been listed for adoptive placement with the North Carolina Adoption Resource Exchange, the North Carolina Photo Adoption Listing Service (PALS), or any other specialized adoption agency; and

(3) The efforts previously made by the department or agency to find a permanent home for the juvenile.

(d) The court, after making findings of fact, shall affirm the county department's or child-placing agency's plans or require specific additional steps which are necessary to accomplish a permanent placement which is in the best interests of the juvenile.

(e) If the juvenile has been placed for adoption prior to the date scheduled for the review, written notice of said placement shall be given to the clerk to be placed

in the court file, and the review hearing shall be cancelled with notice of said cancellation given by the clerk to all persons previously notified.

(f) The process of selection of specific adoptive parents shall be the responsibility of and within the discretion of the county department of social services or licensed child-placing agency. The guardian ad litem may request information from and consult with the county department or child-placing agency concerning the selection process. If the guardian ad litem requests information about the selection process, the county shall provide the information within five days. Any issue of abuse of discretion by the county department or child-placing agency in the selection process must be raised by the guardian ad litem within 10 days following the date the agency notifies the court and the guardian ad litem in writing of the filing of the adoption petition."

Section 26.1. If Senate Bill 1260, 1997 General Assembly, is enacted into law by the 1997 General Assembly, then G.S. 7A-289.23.1 as enacted in Part I of this act is recodified as G.S. 7B-1101.1 and reads as rewritten:

"**§ 7B-1101.1. Pending child abuse, neglect, or dependency hearings.**

When a juvenile is currently within the jurisdiction of the district court based upon an abuse, neglect, or dependency proceeding, a petition for termination of parental rights to that juvenile may be filed as a motion in the cause in the abuse, neglect, or dependency proceeding. Any parent of that juvenile who was previously served in the abuse, neglect, or dependency proceeding in accordance with G.S. ~~7A-565~~ 7B-407 shall be served with the petition to terminate parental rights in accordances with G.S. 1A-1, Rule 5."

Section 27. G.S. 7B-1105, as rewritten and recodified by enacted Senate Bill 1260, 1997 General Assembly, reads as rewritten:

"**§ 7B-1105. Issuance of summons.**

(a) Except as provided in G.S. 7B-1104, upon the filing of the petition, the court shall cause a summons to be issued. The summons shall be directed to the following persons or agency, not otherwise a party petitioner, who shall be named as respondents:

(1) The parents of the juvenile;

(2) Any person who has been judicially appointed as guardian of the person of the juvenile;

(3) The custodian of the juvenile appointed by a court of competent jurisdiction;

(4) Any county department of social services or licensed child-placing agency to whom a juvenile has been released by one parent pursuant to Part 7 of Article 3 of Chapter 48 of the General ~~Statutes;~~ Statutes or any county department of social services to whom placement responsibility for the child has been given by a court of competent jurisdiction; and

(5) The juvenile, if the juvenile is 12 years of age or older at the time the petition is filed.

Provided, no summons need be directed to or served upon any parent who has previously surrendered the juvenile to a county department of social services or licensed child-placing agency nor to any parent who has consented to the adoption of the juvenile by the petitioner. The summons shall notify the respondents to file a written answer within 30 days after service of the summons and petition. Service of the summons shall be completed as provided under the procedures established by G.S. 1A-1, Rule 4(j); but the parent of the juvenile shall not be deemed to be under disability even though the parent is a minor.

(b) The summons shall be issued for the purpose of terminating parental rights pursuant to the provisions of subsection (a) of this section and shall include:

(1) The name of the minor juvenile;

(2) Notice that a written answer to the petition must be filed with the clerk who signed the petition within 30 days after service of the summons and a copy of the petition, or the parent's rights may be terminated;

(3) Notice that if they are indigent, the parents are entitled to appointed counsel. The parents may contact the clerk immediately to request counsel;

(4) Notice that this is a new case. Any attorney appointed previously will not represent the parents in this proceeding unless ordered by the court;

(5) Notice that the date, time, and place of the hearing will be mailed by the clerk upon filing of the answer or 30 days from the date of service if no answer is filed; and

(6) Notice of the purpose of the hearing and notice that the parents may attend the termination hearing.

(c) If a county department of social services, not otherwise a party petitioner, is served with a petition alleging that the parental rights of the parent should be terminated pursuant to G.S. 7B-1110, the department shall file a written answer and shall be deemed a party to the proceeding."

Section 28. G.S. 7B-1110, as rewritten and recodified by enacted Senate Bill 1260, 1997 General Assembly, reads as rewritten:

"**§ 7B-1110. Grounds for terminating parental rights.**

The court may terminate the parental rights upon a finding of one or more of the following:

(1) The parent has abused or neglected the juvenile. The juvenile shall be deemed to be abused or neglected if the court finds the juvenile to be an abused juvenile within the meaning of G.S. 7B-101(1) or a neglected juvenile within the meaning of G.S. 7B-101(14)

(2) The parent has willfully left the juvenile in foster care or placement outside the home for more than 12 months without showing to the satisfaction of the court that reasonable progress under the circumstances has been made within 12 months in

correcting those conditions which led to the removal of the juvenile. Provided, however, that no parental rights shall be terminated for the sole reason that the parents are unable to care for the juvenile on account of their poverty.

(3) The burden in such proceedings shall be upon the petitioner to prove the facts justifying such termination by clear and convincing evidence.

(4) The juvenile has been placed in the custody of a county department of social services, a licensed child-placing agency, a child-caring institution, or a foster home, and the parent, for a continuous period of six months next preceding the filing of the petition, has willfully failed for such period to pay a reasonable portion of the cost of care for the juvenile although physically and financially able to do so.

(5) One parent has been awarded custody of the juvenile by judicial decree or has custody by agreement of the parents, and the other parent whose parental rights are sought to be terminated has for a period of one year or more next preceding the filing of the petition willfully failed without justification to pay for the care, support, and education of the juvenile, as required by said decree or custody agreement.

(6) The father of a juvenile born out of wedlock has not, prior to the filing of a petition to terminate parental rights:

a. Established paternity judicially or by affidavit which has been filed in a central registry maintained by the Department of Health and Human Services; provided, the court shall inquire of the Department of Health and Human Services as to whether such an affidavit has been so filed and shall incorporate into the case record the Department's certified reply; or

b. Legitimated the juvenile pursuant to provisions of G.S. 49-10 or filed a petition for this specific purpose; or

c. Legitimated the juvenile by marriage to the mother of the juvenile; or

d. Provided substantial financial support or consistent care with respect to the juvenile and mother.

(7) That the parent is incapable of providing for the proper care and supervision of the juvenile, such that the juvenile is a dependent juvenile within the meaning of G.S. 7B-101(7), and that there is a reasonable probability that such incapability will continue for the foreseeable future. Incapability under this subdivision may be the result of substance abuse, mental retardation, mental illness, organic brain syndrome, or any other similar cause or condition.

(8) The parent has willfully abandoned the juvenile for at least six consecutive months immediately preceding the filing of the petition. For the purpose of this subdivision, a juvenile may be willfully abandoned by the juvenile's natural father if the mother of the juvenile had been willfully abandoned by and was living separate and apart from the father at the time of the juvenile's birth, although the father may not have known of such birth; but in any event the juvenile must be over the age of three months at the time of the filing of the petition.

(9) The parent has committed murder or voluntary manslaughter of another child of the parent or other child residing in the home; has aided, abetted, attempted, conspired, or solicited to commit murder or voluntary manslaughter of the child, another child of the parent, or other child residing in the home; or has committed a felony assault that results in serious bodily injury to the child, another child of the parent, or other child residing in the home.

(10) The parental rights of the parent with respect to another child of the parent have been terminated involuntarily by a court of competent jurisdiction and the parent lacks the ability or willingness to establish a safe home."

Section 29. Sections 1 through 9 of this act become effective December 1, 1998, and apply to abuse, neglect, and dependency reports received, juvenile petitions filed, and review hearings commenced on and after that date. Sections 10 and 11 of this act become effective December 1, 1998, and apply to termination of parental rights petitions filed on and after that date. Sections 12 through 16 of this act become effective January 1, 1999, and apply to any placement of a minor who is in the custody or placement responsibility of a county department of social services on and after that date. If the 1997 General Assembly enacts Senate Bill 1260, Sections 1 through 4, 5 through 8, 9, 10, and 11 of this act expire June 30, 1999, and Sections 18 through 28 of this act become effective on July 1, 1999. The remainder of this act is effective when it becomes law.

EXPLANATION OF HOUSE BILL 1720 (2nd Edition):
Adoption & Safe Families Act

TO: House Finance Committee
FROM: Martha Walston, Committee Counsel
DATE: August 31, 1998
SPONSOR: Representative Culpepper

The committee substitute for House Bill 1720 was given a favorable report by House Judiciary II on August 17, 1998. Part 1 of the bill makes changes to the North Carolina Juvenile Code and the Adoption Chapter in the General Statutes to ensure that these statutes are in compliance with the federal requirements of Public Law 105-89. This compliance with federal law will ensure continuation of federal funding for the foster care and adoption program. Part II of the bill makes conforming changes to sections of the North Carolina Juvenile Code if Senate Bill 1260 (Juvenile Justice Reform Act) is enacted. The House Committee Substitute is different from the 1st Edition in that it authorizes an LRC study and deletes a $95,399 appropriation. **The Bill is before House Finance because of a fee imposed in Section 15 of the Bill.**

PART I

The bill amends the N.C. Juvenile Code in Chapter 7A as follows:

Section 1 adds new definitions for "aggravated circumstances" and "court of competent jurisdiction." The section amends the definition for "neglected juvenile" by adding that in determining whether a juvenile is a "neglected juvenile", it is relevant whether that juvenile lives in a home where another juvenile has died as a result of suspected abuse or neglect The definition for reasonable efforts is amended by adding: If a court of competent jurisdiction determines that the juvenile is not to be returned home, then reasonable efforts means the diligent and timely use of permanency planning services by a department of social services to develop and implement a permanent plan for the juvenile.

Section 2 directs the Director of the Department of Social Services, upon receipt of a report of a juvenile's death as a result of suspected maltreatment , to immediately ascertain if other juveniles are in the home, and, if so, initiate an investigation.

Section 3 provides for placement of a juvenile, meeting the requirements of nonsecure custody, to be placed in a relative's home, unless the court finds the placement is contrary to the best interests of the juvenile. The court must also

consider any federal law that may apply. This finding must also be made by the court in a hearing to determine the need for continued nonsecure custody.

Section 4.1 adds a new section to the Juvenile Code spelling out the reasonable efforts that the Department of Social Services must make to prevent or eliminate the need for placement of the juvenile in custody.

Section 5 Under current law, the chief district court judge determines the date of an adjudicatory hearing and may exclude the public unless the juvenile moves that the hearing be open. House Bill 1720 requires that the hearing be held no later than 60 days from the filing of the juvenile petition, unless the judge orders a continuance for good cause. The bill further allows the judge to exclude the general public from a hearing of an alleged undisciplined or delinquent juvenile, unless the juvenile moves for an open hearing. The judge must exclude the general public if the juvenile is alleged to be abused, neglected, or dependent.

Section 6 provides that if a juvenile is placed in the custody or placement responsibility of a county DSS, then the director of the DSS shall not allow unsupervised visitation or return of physical custody to the parent without a hearing wherein the court finds that the juvenile will receive proper care and supervision in a safe home. When placing a juvenile in out-of-home care, the court must first consider placement with a relative.

Section 7 provides that if a juvenile is placed in the custody or placement responsibility of a county DSS, then the court may order the director to direct a visitation plan approved by the court.

Section 8 requires that a hearing to review a custody order be held 90 days from the dispositional hearing (now 6 months). A subsequent review hearing must be conducted 6 months thereafter. The bill clarifies that a foster parent, relative, or preadoptive parent is not a party to the proceeding solely based on receiving notice and an opportunity to be heard. In making its written findings, the court shall consider the following additional criteria: an appropriate visitation plan, and an independent living assessment if the juvenile is 16 or 17.

Section 8.1 adds a new section to the Juvenile Code describing the requirements of a permanency planning hearing including written findings if the juvenile is not returned home. If a juvenile has been in placement outside the home for 15 of the last 22 months, or if the juvenile has been abandoned or is the child of a parent who has murdered or committed voluntary manslaughter of another child or the parent attempted to kill the child or another child of the

parent, the court must order DSS to initiate proceedings to terminate parental rights. Exceptions to termination are if the permanent plan for the juvenile calls for placements with a relative or some other suitable person, termination is not in the best interest of the child, or DSS has not provided the juvenile's family with services necessary for the juvenile's safe return.

Section 9 provides that at each placement review hearing after the termination of parental rights, the court may also consider information from a relative or preadoptive parents providing care for the child.

Section 9.1 adds a new section to provide that in any abuse, neglect, or dependency proceeding, a petition for termination of parental rights may be filed as a motion in the cause in that proceeding.

Section 10 adds any county DSS to whom placement responsibility for the child has been given by a court, to the list of agencies that will receive a summons in a hearing for termination of parental rights. The DSS must file an answer to the proceeding and is deemed a party.

Section 11 adds the following new grounds for termination of parental rights:

- The parent has committed murder or voluntary manslaughter of another child of the parent or other child residing in the home; has aided, abetted, attempted, conspired, or solicited to commit murder or voluntary manslaughter of the child, another child of the parent, or other child residing in the home, or has committed a felony assault that results in serious bodily injury to the child, another child of the parent, or other child residing in the home.
- The parental rights of the parent with respect to another child of the parent have been terminated involuntarily by a court of competent jurisdiction and the parent lacks the ability or willingness to establish a safe home.

Sections 12 through 15 of the bill amends the statutes dealing with adoption of minors.

Section 12 adds to the definition section a definition for "criminal history".

Section 13 requires the completion of an investigation of a selected prospective adoptive parent's criminal history and a determination as to the person's fitness to have responsibility for the safety and well-being of children,

before the placement of a minor who is in the custody or placement responsibility of a county DSS.

Section 14 requires the county DSS, to include in the preplacement assessment, a review of the prospective adoptive parent's criminal history and, based upon the criminal history, a determination of the individual's fitness.

Section 15 adds a new section to the adoption of minors law that requires mandatory preplacement criminal checks of prospective adoptive parents seeking to adopt a minor who is in the custody or placement responsibility of a county DSS. **The section provides that the Department of Justice shall charge the Department of Health and Human Services a reasonable fee only for conducting the checks of the national criminal history records authorized by the section. The Division of Social Services within DHHS shall bear the costs of implementing this section.**

Section 16 adds a new section to the State Bureau of Investigation statutes authorizing the Department of Justice to provide to the Department of Health and Human Services, Division of Social Services, the criminal history from the State and National Repositories of Criminal Histories of prospective adoptive parents. The Department of Justice shall charge a reasonable fee only for conducting the checks of the national criminal history records.

Section 16 authorizes the LRC to study changes proposed to the juvenile justice system contained in House Bill 1561 and Senate Bill 1513, 1997 General Assembly. The study may include other relevant issues, and the Commission shall report to the 1999 General Assembly.

Sections 1-11 of the Bill become effective December 1, 1998,and Sections 12-16 become effective January 1, 1999.

PART II

The Bill makes conforming changes to sections of the North Carolina Juvenile Code if Senate Bill 1260 (Juvenile Justice Reform Act) is enacted. Part II would be effective July 1, 1999. Sections 1 through 11 would expire June 30, 1999 The changes to the adoption statutes would not expire.

Memorandum

Date: August 31, 1998

To: Representative Culpepper

From: Gann Watson, Staff Attorney, gannw@ms.ncga.state.nc.us

Subject **H1720 - Adoption Federal Requirements - Certification**

G.S. 120-36.8 requires that every introduced bill that proposes any change in the law which purports to implement federal law or purports to be required or necessary for compliance with federal law, or on which is conditioned the receipt of federal funds, shall have attached a certification identifying the federal law. The certification is to be provided by the Fiscal Research Division in consultation with Bill Drafting/General Research.

House Bill 1720 makes changes to State law to ensure that the State is in compliance with Public Law 105-89, The Adoption and Safe Families Act of 1997. Compliance with P.L. 105-89 is required in order for the State to continue to receive federal funds for the State's foster care and adoption program.

The purpose of the federal law is to assure safe homes for children in a timely manner, expedite reunification of families when reunification is in the child's best interest, provide for permanent placement of children with their relatives when appropriate and in the child's best interest, initiate proceedings to terminate parental rights when parents have not provided for their children or have subjected their children to an unsafe home environment, and to facilitate timely adoption of children for whom reunification with the family is inappropriate. In order to accomplish these purposes, federal law requires the following: the health and safety of children must be of paramount concern when making reasonable efforts to keep children in the home or reunify families when children have been removed; initiate proceedings to terminate parental rights for certain children in foster care; and require criminal history record checks on foster parents and prospective adoptive

parents. These federal requirements also necessitate changes in State law pertaining to permanency planning hearings and to the time lines for adjudicatory, dispositional, and review stages of custody order hearings.

Sections 1- 16 and Section 18 are necessary changes in State law in order to comply with P.L. 105-89. Section 17 appropriates funds to implement the criminal history record checks required for foster care and prospective adoptive parents. Section 2 includes a technical change to the law to restore language deleted in error in S.L. 1997-390.

EFFECTIVE DATE: Sections 1-11, December 1, 1998; Sections 12-16, January 1, 1999; all remaining Sections are effective when the bill becomes law.

BILL SUMMARY:

House Bill 1720 incorporates into statute those requirements mandated by Public Law 105-89, The Adoption and Safe Families Act of 1997, passed by the U. S. Congress and signed into law by the President in the fall of 1997. The bill also authorizes the Legislative Research Commission to study changes to the Juvenile Justice System pertaining to child abuse, neglect and dependency.

Several sections in HB 1720 are technical in nature (e.g., Section 2 restores language repealed in error in S.L. 1997-309), simply moving statutes around while other sections are substantive changes as mandated by federal law. These sections are summarized below:

Section 4.1 requires permanency planning hearings to be held within 30 days after the court finds that reasonable efforts are not required or shall cease;

Section 5 specifies that adjudicatory hearings are to be held no more than 60 days from the filing of a petition;

Section 6 prohibits unsupervised visitation or return of physical custody to the parents of a juvenile who is removed from the home and placed under the custody of a county DSS without a hearing;

Section 7 reduces the time frame for holding first review hearings from 6 months to 90 days from the date of the dispositional hearings;

Section 8.1 requires the court to order, in certain circumstances, a department of social services to initiate a proceeding to terminate parental rights when a child in the custody of a local department of social services, has been placed outside of the home for 15 of the most recent 22 months;

Section 8.1 requires subsequent permanency planning hearings to be held every six months; and

Section 15 amends G. S. 48-3-309 to require preplacement criminal checks of prospective adoptive parents seeking to adopt children in the custody or placement responsibility of county departments of social services.

ASSUMPTIONS AND METHODOLOGY: The following assumptions were used:

Administrative Office of the Courts:

The Administrative Office of the Courts estimates that the bill will have some impact on the Judicial System. It estimates that Sections 5 and 8 will have a substantial impact on the Judicial System. Specifically, it is anticipated that there will be a substantial increase in court time due to (1) more filings of petitions to terminate parental rights, (2) additional hearings on the issue of unsupervised visitation, and (3) additional hearings due to the requirement that first review hearings must be held 90 days after the dispositional hearings. **However, AOC is unable to determine the cost impact due to a lack of data needed to estimate the number of additional hearings and the increase in court time resulting from these expedited hearings.**

Other sections in the bill impact on the time within which certain hearings must be held., however AOC cannot estimate the impact of these provisions but assume the impact will be minimal.

Department of Health and Human Services:

1. Estimated 2,300 preplacement criminal history checks for prospective adoptive parents will be conducted during FY98/99; criminal history checks for prospective adoptive parents are estimated to grow approximately 5% each year thereafter;

2. Each complete criminal check costs $48 each ($5 Sheriff/local check; $5 fingerprinting; $14 State Bureau of Investigation; and $24 Federal Bureau of Investigation;

3. Approximately 62% of all criminal history checks are Title IV-E eligible; and
4.
5. Federal receipts (Title IV-E) will partially offset costs for allowable staff and criminal checks (50% federal share).

"'**§ 7B-1110. Grounds for terminating parental rights.**

(a) The court may terminate the parental rights upon a finding of one or more of the following:

(1) The parent has abused or neglected the juvenile. The juvenile shall be deemed to be abused or neglected if the court finds the juvenile to be an abused juvenile within the meaning of G.S. 7B-101 or a neglected juvenile within the meaning of G.S. 7B-101.

(2) The parent has willfully left the juvenile in foster care or placement outside the home for more than 12 months without showing to the satisfaction of the court that reasonable progress under the circumstances has been made within 12 months in correcting those conditions which led to the removal of the juvenile. Provided, however, that no parental rights shall be terminated for the sole reason that the parents are unable to care for the juvenile on account of their poverty.

(3) The juvenile has been placed in the custody of a county department of social services, a licensed child-placing agency, a child-caring institution, or a foster home, and the parent, for a continuous period of six months next preceding the filing of the petition, has willfully failed for such period to pay a reasonable portion of the cost of care for the juvenile although physically and financially able to do so.

(4) One parent has been awarded custody of the juvenile by judicial decree or has custody by agreement of the parents, and the other parent whose parental rights are sought to be terminated has for a period of one year or more next preceding the filing of the petition willfully failed without justification to pay for the care, support, and education of the juvenile, as required by said decree or custody agreement.

(5) The father of a juvenile born out of wedlock has not, prior to the filing of a petition to terminate parental rights:

a. Established paternity judicially or by affidavit which has been filed in a central registry

maintained by the Department of Health and Human Services; provided, the court shall inquire of the Department of Health and Human Services as to whether such an affidavit has been so filed and shall incorporate into the case record the Department's certified reply; or

b. Legitimated the juvenile pursuant to provisions of G.S. 49-10 or filed a petition for this specific purpose; or

c. Legitimated the juvenile by marriage to the mother of the juvenile; or

d. Provided substantial financial support or consistent care with respect to the juvenile and mother.

(6) That the parent is incapable of providing for the proper care and supervision of the juvenile, such that the juvenile is a dependent juvenile within the meaning of G.S. 7B-101, and that there is a reasonable probability that such incapability will continue for the foreseeable future. Incapability under this subdivision may be the result of substance abuse, mental retardation, mental illness, organic brain syndrome, or any other similar cause or condition.

(7) The parent has willfully abandoned the juvenile for at least six consecutive months immediately preceding the filing of the petition. For the purpose of this subdivision, a juvenile may be willfully abandoned by the juvenile's natural father if the mother of the juvenile had been willfully abandoned by and was living separate and apart from the father at the time of the juvenile's birth, although the father may not have known of such birth; but in any event the juvenile must be over the age of three months at the time of the filing of the petition.

(8) The parent has committed murder or voluntary manslaughter of another child of the parent or other child residing in the home; has aided, abetted, attempted, conspired, or solicited to commit murder or voluntary manslaughter of the child, another child of the parent, or other child residing in the home; or has committed a felony assault that results in serious bodily injury to the child, another child of the parent, or other child residing in the home.

(9) The parental rights of the parent with respect to another child of the parent have been terminated

Section 2. G.S. 7A-544 reads as rewritten:

"**§ 7A-544. Investigation by Director; access to confidential information; notification of person making the report.**

When a report of abuse, neglect, or dependency is received, the Director of the Department of Social Services shall make a prompt and thorough investigation in order to ascertain the facts of the case, the extent of the abuse or neglect, and the risk of harm to the juvenile, in order to determine whether protective services should be provided or the complaint filed as a petition. When the report alleges abuse, the Director shall immediately, but no later than 24 hours after receipt of the report, initiate the investigation. When the report alleges neglect or dependency, the Director shall initiate the investigation within 72 hours following receipt of the report. The investigation and evaluation shall include a visit to the place where the juvenile resides. All information received by the Department of Social Services, including the identity of the reporter, shall be held in strictest confidence by the Department.

When a report of a juvenile's death as a result of suspected maltreatment or a report of suspected abuse, neglect, or dependency of a juvenile is received, the Director of the Department of Social Services shall immediately ascertain if other juveniles remain in the home, and, if so, initiate an investigation in order to determine whether they require protective services or whether immediate removal of the juveniles from the home is necessary for their protection.

If the investigation indicates that abuse, neglect, or dependency has occurred, the Director shall decide whether immediate removal of the juvenile or any other juveniles in the home is necessary for their protection. If immediate removal does not seem necessary, the Director shall immediately provide or arrange for protective services. If the parent or other caretaker refuses to accept the protective services provided or arranged by the Director, the Director shall sign a complaint seeking to invoke the jurisdiction of the court for the protection of the juvenile or juveniles.

If immediate removal seems necessary for the protection of the juvenile or other juveniles in the home, the Director shall sign a complaint which alleges the applicable facts to invoke the jurisdiction of the court. Where the investigation shows that it is warranted, a protective services worker may assume temporary custody of the juvenile for the juvenile's protection pursuant to Article 46 of this Chapter.

In performing any duties related to the investigation of the complaint or the provision or arrangement for protective services, the Director may consult with any public or private agencies or individuals, including the available State or local law-enforcement officers who shall assist in the investigation and evaluation of the

seriousness of any report of abuse, neglect, or dependency when requested by the Director. The Director or the Director's representative may make a written demand for any information or reports, whether or not confidential, that may in the Director's opinion be relevant to the investigation of or the provision for protective services. Upon the Director's or the Director's representative's request and unless protected by the attorney-client privilege, any public or private agency or individual shall provide access to and copies of this confidential information and these records to the extent permitted by federal law and regulations. If a custodian of criminal investigative information or records believes that release of the information will jeopardize the right of the State to prosecute a defendant or the right of a defendant to receive a fair trial or will undermine an ongoing or future investigation, it may seek an order from a court of competent jurisdiction to prevent disclosure of the information. In such an action, the custodian of the records shall have the burden of showing by a preponderance of the evidence that disclosure of the information in question will jeopardize the right of the State to prosecute a defendant or the right of a defendant to receive a fair trial or will undermine an ongoing or future investigation. Actions brought pursuant to this paragraph shall be set down for immediate hearing, and subsequent proceedings in the actions shall be accorded priority by the trial and appellate courts.

Within five working days after receipt of the report of abuse, neglect, or dependency, the Director shall give written notice to the person making the report, unless requested by that person not to give notice, as to whether the report was accepted for investigation and whether the report was referred to the appropriate State or local law enforcement agency.

Within five working days after completion of the protective services investigation, the Director shall give subsequent written notice to the person making the report, unless requested by that person not to give notice, as to whether there is a finding of abuse, neglect, or dependency, whether the county Department of Social Services is taking action to protect the juvenile, and what action it is taking, including whether or not a petition was filed. The person making the report shall be informed of procedures necessary to request a review by the prosecutor of the Director's decision not to file a petition. A request for review by the prosecutor shall be made within five working days of receipt of the second notification. The second notification shall include notice that, if the person making the report is not satisfied with the Director's decision, he may request review of the decision by the prosecutor within five working days of receipt. The person making the report may waive the person's right to this notification and no notification is required if the person making the report does not identify himself to the Director."

Section 3. G.S. 7A-576 reads as rewritten:

"**§ 7A-576. Place of secure or nonsecure custody.**

(a) A juvenile meeting the criteria set out in G.S. 7A-574, subsection (a), may be placed in nonsecure custody with the Department of Social Services or a person designated in the order for temporary residential placement in:

(1) A licensed foster home or a home otherwise authorized by law to provide such care or
(2) A facility operated by the Department of Social Services or
(3) Any other home or ~~facility~~ facility, including a relative's home, approved by the court and designated in the order.

In placing a juvenile in nonsecure custody under this ~~section and under G.S. 7A-629 and G.S. 7A-651,~~ section, the court shall first consider whether a relative of the juvenile is willing and able to provide proper care and supervision of the juvenile in a safe home. If the court finds that the relative is willing and able to provide proper care and supervision in a safe home, then the court shall order placement of the juvenile with the ~~relative.~~ relative unless the court finds that the placement is contrary to the best interests of the juvenile. ~~Prior to placement~~ In placing a juvenile in nonsecure custody under this section, the court shall consider any federal law that may apply. Placement of a juvenile with a relative outside of this ~~State, the placement~~ State must be in accordance with the Interstate Compact on the Placement of Children.

(b) A juvenile meeting the criteria set out in G.S. 7A-574(b) may be temporarily detained in an approved county detention home or a regional detention facility which shall be separate from any jail, lockup, prison, or other adult penal institution. It shall be unlawful for a county or any unit of government to operate a juvenile detention home unless the facility meets the standards promulgated by the Department of Health and Human Services."

Section 4. G.S. 7A-577 reads as rewritten:

"**§ 7A-577. Hearing to determine need for continued secure or nonsecure custody.**

(a) No juvenile shall be held under a secure custody order for more than five calendar days or under a nonsecure custody order for more than seven calendar days, without a hearing on the merits or a hearing to determine the need for continued custody. A hearing on secure custody conducted under this subsection may not be continued or waived. A hearing on nonsecure custody conducted under this subsection may be continued for up to 10 business days with the consent of the juvenile's parent, guardian, or custodian, and, if appointed, the juvenile's guardian ad litem. In addition, the court may require the consent of additional parties or may schedule the hearing on nonsecure custody despite a party's consent to a continuance. In every case in which an order has been entered by an official exercising authority delegated pursuant to G.S. 7A-573, a hearing to determine the need for continued custody shall be conducted on the day of the next regularly scheduled session of district court in the city or county where the order was entered if such session precedes the expiration of the applicable time period set forth in this subsection: Provided, that if such session does not precede the expiration of the time period, the hearing may be conducted at another regularly scheduled session of district court in the district where the order was entered.

(b) Any juvenile who is alleged to be delinquent shall be advised of the right to have legal representation as provided in G.S. 7A-584 if the juvenile appears without counsel at the hearing.

(c) At a hearing to determine the need for continued custody, the judge shall receive testimony and shall allow the juvenile, and the juvenile's parent, guardian, or custodian an opportunity to introduce evidence, to be heard in their own behalf, and to examine witnesses. The State shall bear the burden at every stage of the proceedings to provide clear and convincing evidence that restraints on the juvenile's liberty are necessary and that no less intrusive alternative will suffice. The judge shall not be bound by the usual rules of evidence at such hearings.

(d) The judge shall be bound by criteria set forth in G.S. 7A-574 in determining whether continued custody is warranted.

(e) The judge shall impose the least restrictive interference with the liberty of a juvenile who is released from secure custody including:

(1) Release on the written promise of the juvenile's parent, guardian, or custodian to produce the juvenile in court for subsequent proceedings; or

(2) Release into the care of a responsible person or organization; or

(3) Release conditioned on restrictions on activities, associations, residence or travel if reasonably related to securing the juvenile's presence in court; or

(4) Any other conditions reasonably related to securing the juvenile's presence in court.

(f) If the judge determines that the juvenile meets the criteria in G.S. 7A-574 and should continue in custody, the judge shall issue an order to that effect. The order shall be in writing with appropriate findings of fact. The findings of fact shall include the evidence relied upon in reaching the decision and the purposes which continued custody is to achieve.

(g) Pending a hearing on the merits, further hearings to determine the need for continued secure custody shall be held at intervals of no more than seven calendar days. A subsequent hearing on continued nonsecure custody shall be held within seven business days, excluding Saturdays, Sundays, and legal holidays, of the initial hearing required in subsection (a) of this section and hearings thereafter shall be held at intervals of no more than 30 calendar days.

(g1) Hearings conducted under subsection (g) of this section may be waived as follows:

(1) In the case of a juvenile alleged to be delinquent, only with the consent of the juvenile, through counsel for the juvenile; and

(2) In the case of a juvenile alleged to be abused, neglected, or dependent, only with the consent of the juvenile's parent, guardian, or custodian, and, if appointed, the juvenile's guardian ad litem.

The court may require the consent of additional parties or schedule a hearing despite a party's consent to waiver.

~~(h) Any order authorizing the continued nonsecure custody of a juvenile who is alleged to be abused, neglected, or dependent shall include findings as to whether reasonable efforts have been made to prevent or eliminate the need for placement of~~

~~the juvenile in custody and may provide for services or other efforts aimed at returning the juvenile promptly to a safe home. A finding that reasonable efforts have not been made shall not preclude the entry of an order authorizing continued nonsecure custody when the court finds that continued nonsecure custody is necessary for the protection of the juvenile. Where efforts to prevent the need for the juvenile's placement were precluded by an immediate threat of harm to the juvenile, the court may find that the placement of the juvenile in the absence of such efforts was reasonable. If the court finds through written findings of fact that efforts to eliminate the need for placement of the juvenile in custody clearly would be futile or would be inconsistent with the juvenile's safety and need for a safe, permanent home within a reasonable period of time, then the court shall specify in its order that reunification efforts are not required or order that reunification efforts cease.~~

(i) At each hearing to determine the need for continued nonsecure custody, the court shall:

(1) Inquire as to the identity and location of any missing parent. The court shall include findings as to the efforts undertaken to locate the missing parent and to serve that parent. The order may provide for specific efforts aimed at determining the identity and location of any missing parent;

(2) Inquire as to whether a relative of the juvenile is willing and able to provide proper care and supervision of the juvenile in a safe home. If the court finds that the relative is willing and able to provide proper care and supervision in a safe home, then the court shall order temporary placement of the juvenile with the ~~relative.~~ relative unless the court finds that the placement is contrary to the best interests of the juvenile. ~~Prior to placement~~ In placing a juvenile in nonsecure custody under this section, the court shall first consider any federal law that may apply. Placement of a juvenile with a relative outside of this ~~State, the placement~~ State must be in accordance with the Interstate Compact on the Placement of Children; and

(3) Inquire as to whether there are other juveniles remaining in the home from which the juvenile was removed and, if there are, inquire as to the specific findings of the investigation conducted under G.S. 7A-544 and any actions taken or services provided by the Director for the protection of the other juveniles."

Section 4.1. Article 46 of Chapter 7A of the General Statutes is amended by adding the following new section to read:

"**§ 7A-577.1. Reasonable efforts.**

(a) An order placing or continuing the placement of a juvenile in the custody or placement responsibility of a county department of social services, whether an order for continued nonsecure custody, a dispositional order, or a review order:

(1) Shall contain a finding that the juvenile's continuation in or return to the juvenile's own home would be contrary to the juvenile's best interest;
(2) Shall contain findings as to whether a county department of social services has made reasonable efforts to prevent or eliminate the need for placement of the juvenile, unless the court has previously determined under subsection (b) of this section that such efforts are not required or shall cease;
(3) Shall contain findings as to whether a county department of social services should continue to make reasonable efforts to prevent or eliminate the need for placement of the juvenile, unless the court has previously determined or determines under subsection (b) of this section that such efforts are not required or shall cease;
(4) Shall specify that the juvenile's placement and care are the responsibility of the county department of social services and that the agency is to provide or arrange for the foster care or other placement of the juvenile; and
(5) May provide for services or other efforts aimed at returning the juvenile to a safe home or at achieving another permanent plan for the juvenile.

A finding that reasonable efforts have not been made by a county department of social services shall not preclude the entry of an order authorizing the juvenile's placement when the court finds that placement is necessary for the protection of the juvenile. Where efforts to prevent the need for the juvenile's placement were precluded by an immediate threat of harm to the juvenile, the court may find that the placement of the juvenile in the absence of such efforts was reasonable.

(b) In any order placing a juvenile in the custody or placement responsibility of a county department of social services, whether an order for continued nonsecure custody, a dispositional order, or a review order, the court may direct that reasonable efforts to eliminate the need for placement of the juvenile shall not be required or shall cease if the court makes written findings of fact that:

(1) Such efforts clearly would be futile or would be inconsistent with the juvenile's health, safety, and need for a safe, permanent home within a reasonable period of time;
(2) A court of competent jurisdiction has determined that the parent has subjected the child to aggravated circumstances as defined in G.S. 7A-517(3a);
(3) A court of competent jurisdiction has terminated involuntarily the parental rights of the parent to another child of the parent; or
(4) A court of competent jurisdiction has determined that: the parent has committed murder or voluntary manslaughter of another child of the parent; has aided, abetted, attempted, conspired, or solicited to commit murder or voluntary manslaughter of the child or another child of the parent; or has committed a felony assault

resulting in serious bodily injury to the child or another child of the parent.

(c) At any hearing at which the court finds that reasonable efforts to eliminate the need for the juvenile's placement are not required or shall cease, the court shall direct that a permanency planning hearing as required by G.S. 7A-657.1 be held within 30 calendar days after the date of the hearing and, if practicable, shall set the date and time for the permanency planning hearing.

(d) In determining reasonable efforts to be made with respect to a juvenile and in making such reasonable efforts, the juvenile's health and safety shall be the paramount concern. Reasonable efforts to preserve or reunify families may be made concurrently with efforts to plan for the juvenile's adoption, to place the juvenile with a legal guardian, or to place the juvenile in another permanent arrangement."

Section 5. G.S. 7A-629 reads as rewritten:

"**§ 7A-629. Adjudicatory hearing.**

The adjudicatory hearing shall be held in the district at such time and place as the chief district judge shall ~~designate.~~ designate but no later than 60 days from the filing of the petition, unless the judge pursuant to G.S. 7A-632 orders that it be held at a later time. The judge may exclude the general public from ~~the~~ a hearing in which a juvenile is alleged to be undisciplined or delinquent unless the juvenile moves that the hearing be open, which motion shall be granted. At a hearing in which a juvenile is alleged to be abused, neglected, or dependent, the judge shall exclude the general public."

Section 6. G.S. 7A-647 reads as rewritten:

"**§ 7A-647. Dispositional alternatives for delinquent, undisciplined, abused, neglected, or dependent juvenile.**

The following alternatives for disposition shall be available to any judge exercising jurisdiction, and the judge may combine any of the applicable alternatives when he finds such disposition to be in the best interest of the juvenile:

(1) The judge may dismiss the case, or continue the case in order to allow the juvenile, parent, or others to take appropriate action.

(2) In the case of any juvenile who needs more adequate care or supervision or who needs placement, the judge may:

a. Require that he be supervised in his own home by the Department of Social Services in his county, a court counselor or other personnel as may be available to the court, subject to conditions applicable to the parent or the juvenile as the judge may specify; or

b. Place him in the custody of a parent, relative, private agency offering placement services, or some other suitable person; or

c. Place him in the custody of the Department of Social Services in the county of his residence, or in the case of a juvenile who has legal residence outside the State, in the physical custody of the Department of Social Services in the

county where he is found so that agency may return the juvenile to the responsible authorities in his home state. The Director may, unless otherwise ordered by the judge, arrange for, provide, or consent to, needed routine or emergency medical or surgical care or treatment. In the case where the parent is unknown, unavailable or unable to act on behalf of their child or children, the Director may, unless otherwise ordered by the judge, arrange for, provide or consent to any psychiatric, psychological, educational, or other remedial evaluations or treatment for the juvenile placed by a judge or his designee in the custody or physical custody of a county Department of Social Services under the authority of this or any other Chapter of the General Statutes. Prior to exercising this authority, the Director shall make reasonable efforts to obtain consent from a parent or guardian of the affected child. If the Director can not obtain such consent, the Director shall promptly notify the parent or guardian that care or treatment has been provided and shall give him frequent status reports on the circumstances of the child. Upon request of a parent or guardian of the affected child, the results or records of the aforementioned evaluations, findings or treatment shall be made available to such parent or guardian by the Director unless prohibited by G.S. 122C-53(d). If a juvenile is removed from the home and placed in custody or placement responsibility of a county department of social services, the Director shall not allow unsupervised visitation with, or return physical custody of the juvenile to, the parent or person standing in loco parentis without a hearing at which the court finds that the juvenile will receive proper care and supervision in a safe home.

In placing a juvenile in out-of-home care under this section, the court shall first consider whether a relative of the juvenile is willing and able to provide proper care and supervision of the juvenile in a safe home. If the court finds that the relative is willing and able to provide proper care and supervision in a safe home, then the court shall order placement of the juvenile with the relative unless the court finds that the placement is contrary to the best interests of the juvenile. Placement of a juvenile with a relative outside of this State must be in accordance with the Interstate Compact on the Placement of Children.

(3) In any case, the judge may order that the juvenile be examined by a physician, psychiatrist, psychologist or other qualified expert as

may be needed for the judge to determine the needs of the juvenile.

a. Upon completion of the examination, the judge shall conduct a hearing to determine whether the juvenile is in need of medical, surgical, psychiatric, psychological, or other treatment and who should pay the cost of the treatment. The county manager, or such person who shall be designated by the chairman of the county commissioners, of the juvenile's residence shall be notified of the hearing, and allowed to be heard. If the judge finds the juvenile to be in need of medical, surgical, psychiatric, psychological or other treatment, the judge shall permit the parent or other responsible persons to arrange for treatment. If the parent declines or is unable to make necessary arrangements, the judge may order the needed treatment, surgery or care, and the judge may order the parent to pay the cost of the care pursuant to G.S. 7A-650. If the judge finds the parent is unable to pay the cost of treatment, the judge shall order the county to arrange for treatment of the juvenile and to pay for the cost of the treatment. The county department of social services shall recommend the facility that will provide the juvenile with treatment.

b. If the judge believes, or if there is evidence presented to the effect that the juvenile is mentally ill or is developmentally disabled, the judge shall refer the juvenile to the area mental health, developmental disabilities, and substance abuse services director for appropriate action. A juvenile shall not be committed directly to a State hospital or mental retardation center; and orders purporting to commit a juvenile directly to a State hospital or mental retardation center except for an examination to determine capacity to proceed shall be void and of no effect. The area mental health, developmental disabilities, and substance abuse director shall be responsible for arranging an interdisciplinary evaluation of the juvenile and mobilizing resources to meet the juvenile's needs. If institutionalization is determined to be the best service for the juvenile, admission shall be with the voluntary consent of the parent or guardian. If the parent, guardian, or custodian refuses to consent to a mental hospital or retardation center admission after such institutionalization is recommended by the area mental health, developmental disabilities, and substance abuse director, the signature and consent of the judge may be substituted for that purpose. In all cases in which a

regional mental hospital refuses admission to a juvenile referred for admission by a judge and an area mental health, developmental disabilities, and substance abuse director or discharges a juvenile previously admitted on court referral prior to completion of his treatment, the hospital shall submit to the judge a written report setting out the reasons for denial of admission or discharge and setting out the juvenile's diagnosis, indications of mental illness, indications of need for treatment, and a statement as to the location of any facility known to have a treatment program for the juvenile in question.

(4) In any case in which a juvenile, who was at least eleven years of age at the time of the offense, is adjudicated delinquent for committing a violation of G.S. 14-27.2 (first degree rape), G.S. 14-27.3 (second degree rape), 14-27.4 (first degree sexual offense), 14-27.5 (second degree sexual offense), or G.S. 14-27.6 (attempted rape or sexual offense), the judge, upon a finding that the juvenile is a danger to the community, may order that the juvenile register in accordance with Part 4 of Article 27A of Chapter 14 of the General Statutes."

Section 7. G.S. 7A-651 reads as rewritten:

"**§ 7A-651. Dispositional order.**

(a) The dispositional order shall be in writing and shall contain appropriate findings of fact and conclusions of law. The judge shall state with particularity, both orally and in the written order of disposition, the precise terms of the disposition including the kind, duration and the person who is responsible for carrying out the disposition and the person or agency in whom custody is vested.

(b) A dispositional order under which a juvenile is removed from the custody of a parent or person standing in loco parentis shall direct that the review hearing required by G.S. 7A-657 be held within ~~six months of~~ 90 days from the date of the ~~juvenile's placement in custody~~ dispositional hearing and, if practicable, shall set the date and time for the review hearing.

(c) Any dispositional order ~~directing placement of a juvenile in foster care shall also contain:~~ shall comply with the requirements of G.S. 7A-577.1.

~~(1) A finding that the juvenile's continuation in or return to his own home would be contrary to the juvenile's best interest; and~~

~~(2) Findings as to whether reasonable efforts have been made to prevent or eliminate the need for placement of the juvenile in foster care. A finding that reasonable efforts were not made shall not preclude entry of a dispositional order authorizing placement in foster care when the court finds that such placement is needed for protection of the juvenile. When efforts to prevent the need for the juvenile's placement are precluded by an immediate threat of~~

~~harm to the juvenile, the court may find that placement of the juvenile in the absence of such efforts is reasonable.~~

~~The order may provide for services or other efforts aimed at returning the juvenile promptly to a safe home. If the court finds through written findings of fact that efforts to eliminate the need for placement of the juvenile in custody clearly would be futile or would be inconsistent with the juvenile's safety and need for a safe, permanent home within a reasonable period of time, the court shall specify in its order that reunification efforts are not required or order that reunification efforts cease.~~

~~(d) An order that places a juvenile in the custody of a county department of social services for placement shall specify that the juvenile's placement and care are the responsibility of the county department of social services and that the county department is to provide or arrange for the foster care or other placement of the juvenile.~~ Any dispositional order shall provide for appropriate visitation as may be in the best interests of the juvenile and consistent with the juvenile's health and safety. If the juvenile is placed in the custody or placement responsibility of a county department of social services, the court may order the director to arrange, facilitate, and supervise a visitation plan expressly approved by the court.

(e) An order that commits a juvenile to the Division of Youth Services shall recite detailed findings that support commitment to the Division as the least restrictive alternative in light of the circumstances. These findings shall state that all alternatives to commitment prescribed in G.S. 7A-647, 7A-648, and 7A-649 have been attempted unsuccessfully or were considered and found to be inappropriate and that the juvenile's behavior constitutes a threat to persons or property in the community. These findings shall be supported by substantial evidence in the record that the judge determined the needs of the juvenile, determined the appropriate community resources required to meet those needs, and explored and exhausted or considered inappropriate those resources prior to committing the juvenile to the Division."

Section 8. G.S. 7A-657 reads as rewritten:

"**§ 7A-657. Review of custody order.**

(a) In any case where custody is removed from a ~~parent,~~ parent or person standing in loco parentis, the judge shall conduct a review hearing within ~~six months of~~ 90 days from the date ~~the order was entered,~~ of the dispositional hearing ~~shall conduct a second review within six months after the first review,~~ and shall conduct a subsequent ~~reviews~~ review hearing within six months ~~at least every year~~ thereafter. The Director of Social Services shall make a timely ~~requests~~ request to the clerk to calendar ~~the case~~ each review at a session of court scheduled for the hearing of juvenile matters. ~~matters within six months of the date the order was entered. The Director shall make timely requests for calendaring subsequent reviews.~~ The clerk shall give 15 days' notice of the review and its purpose to the parent ~~or~~ and to any ~~the~~ person standing in loco parentis, the juvenile if 12 years of age or more, the guardian, any foster parent, relative, or preadoptive parent providing care for the child, the custodian or agency with custody, the guardian ad litem, and any other person or agency the court may specify, indicating the court's impending review.

Nothing in this subsection shall be construed to make any foster parent, relative, or preadoptive parent a party to the proceeding solely based on receiving notice and an opportunity to be heard.

(b) Notwithstanding other provisions of this Article, the court may waive the holding of review hearings required by subsection (a), may require written reports to the court by the agency or person holding custody in lieu of review hearings, or order that review hearings be held less often than every ~~12~~ six months, if the court finds by clear, cogent and convincing evidence that:

(1) The juvenile has resided with a relative or has been in the custody of another suitable person for a period of at least one year; and

(2) The placement is stable and continuation of the placement is in the juvenile's best interest; and

(3) Neither the juvenile's best interests nor the rights of any party require that review hearings be held every ~~12~~ six months; and

(4) All parties are aware that the matter may be brought before the court for review at any time by the filing of a motion for review or on the court's own motion; and

(5) The court order has designated the relative or other suitable person as the juvenile's permanent caretaker or guardian of the person.

The court may not waive or refuse to conduct a review hearing if a party files a motion seeking the review.

(c) At every review hearing, the court shall consider information from ~~the Department of Social Services, the court counselor, the juvenile, the parent or person standing in loco parentis, the custodian, the foster parent, the guardian ad litem, and any public or private agency~~ the parent, any person standing in loco parentis, the juvenile, the guardian, any foster parent, relative, or preadoptive parent providing care for the child, the custodian or agency with custody, the guardian ad litem, and any other person or agency which will aid it in its review.

In each case the court shall consider the following criteria and make written findings regarding those that are relevant:

(1) Services which have been offered to reunite the family, or whether efforts to reunite the family clearly would be futile or inconsistent with the juvenile's safety and need for a safe, permanent home within a reasonable period of time;

(2) Where the juvenile's return home is unlikely, the efforts which have been made to evaluate or plan for other methods of care;

(3) Goals of the foster care placement and the appropriateness of the foster care plan;

(4) A new foster care plan, if continuation of care is sought, that addresses the role the current foster parent will play in the planning for the juvenile;

(5) Reports on the placements the juvenile has had and any services offered to the juvenile and the parent;

(5a) An appropriate visitation plan;
(5b) If the juvenile is 16 or 17 years of age, a report on an independent living assessment of the juvenile and, if appropriate, an independent living plan developed for the juvenile;
(6) When and if termination of parental rights should be considered;
(7) Any other criteria the court deems necessary.

(d) The judge, after making findings of fact, may appoint a guardian of the person for the juvenile pursuant to G.S. 7A-585 or may make any disposition authorized by G.S. 7A-647, including the authority to place the child in the custody of either parent or any relative found by the court to be suitable and found by the court to be in the best interest of the juvenile. ~~If the juvenile is placed in or remains in the custody of the department of social services, the court may authorize the department to arrange and supervise a visitation plan. Except for such visitation, the juvenile shall not be returned to the parent or person standing in loco parentis without a hearing at which the court finds sufficient facts to show that the juvenile will receive proper care and supervision.~~ The court may enter an order continuing the placement under review or providing for a different placement as is deemed to be in the best interest of the juvenile. If at any time custody is restored to a parent, the court shall be relieved of the duty to conduct periodic judicial reviews of the placement.

~~(d1) At a hearing designated by the court, but at least within 12 months after the juvenile's placement, a review hearing shall be held under this section and designated as a permanency planning hearing. The purpose of the hearing shall be to develop a plan to achieve a safe, permanent home for the juvenile within a reasonable period of time. Notice of the hearing shall inform the parties of the purpose of the hearing. At the conclusion of the hearing, if the juvenile is not returned home, the judge shall make specific findings as to the best plan of care to achieve a safe, permanent home for the juvenile within a reasonable period of time and shall enter an order consistent with those findings.~~

(e) The provisions of ~~subsections (b), (c), and (d) of G.S. 7A-651~~ G.S. 7A-577.1 shall apply to any order entered under this ~~section which continues the foster care placement of a juvenile.~~ section."

Section 8.1. Article 52 of Chapter 7A of the General Statutes is amended by adding the following new section to read:

"**§ 7A-657.1. Permanency planning hearing.**

(a) In any case where custody is removed from a parent or person standing in loco parentis, the judge shall conduct a review hearing designated as a permanency planning hearing within 12 months after the date of the initial order removing custody, and the hearing may be combined, if appropriate, with a review hearing required by G.S. 7A-657. The purpose of the permanency planning hearing shall be to develop a plan to achieve a safe, permanent home for the juvenile within a reasonable period of time. Subsequent permanency planning hearings shall be held at least every six months thereafter, or earlier as set by the court, to review the progress made in finalizing the permanent plan for the juvenile, or if necessary, to make a new permanent plan for the juvenile. The Director of Social Services shall

make a timely request to the clerk to calendar each permanency planning hearing at a session of court scheduled for the hearing of juvenile matters. The clerk shall give 15 days' notice of the hearing and its purpose to the parent and to any person standing in loco parentis, the juvenile if 12 years of age or more, the guardian, any foster parent, relative, or preadoptive parent providing care for the child, the custodian or agency with custody, the guardian ad litem, and any other person or agency the court may specify, indicating the court's impending review. Nothing in this provision shall be construed to make any foster parent, relative, or preadoptive parent a party to the proceeding solely based on receiving notice and an opportunity to be heard.

(b) At any permanency planning review, the court shall consider information from the parent, any person standing in loco parentis, the juvenile, the guardian, any foster parent, relative, or preadoptive parent providing care for the child, the custodian or agency with custody, the guardian ad litem, and any other person or agency which will aid it in the court's review. At the conclusion of the hearing, if the juvenile is not returned home, the court shall consider the following criteria and make written findings regarding those that are relevant:

(1) Whether it is possible for the juvenile to be returned home immediately or within the next six months, and if not, why it is not in the juvenile's best interests to return home;

(2) Where the juvenile's return home is unlikely within six months, whether legal guardianship or custody with a relative or some other suitable person should be established, and if so, the rights and responsibilities which should remain with the parents;

(3) Where the juvenile's return home is unlikely within six months, whether adoption should be pursued, and if so, any barriers to the juvenile's adoption;

(4) Where the juvenile's return home is unlikely within six months, whether the juvenile should remain in the current placement or be placed in another permanent living arrangement and why;

(5) Whether the county department of social services has since the initial permanency plan hearing made reasonable efforts to implement the permanent plan for the juvenile;

(6) Any other criteria the court deems necessary.

(c) At the conclusion of the hearing, the judge shall make specific findings as to the best plan of care to achieve a safe, permanent home for the juvenile within a reasonable period of time. The judge may appoint a guardian of the person for the juvenile pursuant to G.S. 7A-585 or make any disposition authorized by G.S. 7A-647, including the authority to place the child in the custody of either parent or any relative found by the court to be suitable and found by the court to be in the best interests of the juvenile. If the juvenile is not returned home, the court shall enter an order consistent with its findings that directs the department of social services to make reasonable efforts to place the juvenile in a timely manner in accordance with the permanent plan, to complete whatever steps are necessary to finalize the

permanent placement of the juvenile, and to document such steps in the juvenile's case plan. If at any time custody is restored to a parent, or findings are made in accordance with G.S. 7A-657(b), the court shall be relieved of the duty to conduct periodic judicial reviews of the placement.

If the court continues the juvenile's placement in the custody or placement responsibility of a county department of social services, the provisions of G.S. 7A-577.1 shall apply to any order entered under this section.

(d) In the case of a juvenile who is in the custody or placement responsibility of a county department of social services, and has been in placement outside the home for 15 of the most recent 22 months; or a court of competent jurisdiction has determined that the parent has abandoned the child; or has committed murder or voluntary manslaughter of another child of the parent; or has aided, abetted, attempted, conspired, or solicited to commit murder or voluntary manslaughter of the child or another child of the parent, the court shall order the director of the department of social services to initiate a proceeding to terminate the parental rights of the parent unless the court finds:

(1) The permanent plan for the juvenile is guardianship or custody with a relative or some other suitable person;

(2) The court makes specific findings why the filing of a petition for termination of parental rights is not in the best interests of the child; or

(3) The department of social services has not provided the juvenile's family with such services as the department deems necessary, when reasonable efforts are still required to enable the juvenile's return to a safe home.

(e) If a proceeding to terminate the parental rights of the juvenile's parents is necessary in order to perfect the permanent plan for the juvenile, the director of the department of social services shall file a petition to terminate parental rights within 60 calendar days from the date of the permanency planning hearing unless the court makes written findings why the petition cannot be filed within 60 days. If the court makes findings to the contrary, the court shall specify the time frame in which any needed petition to terminate parental rights shall be filed."

Section 9. G.S. 7A-659 reads as rewritten:

"§ 7A-659. Post termination of parental rights' placement court review.

(a) The purpose of each placement review is to insure that every reasonable effort is being made to provide for a permanent placement plan for the child who has been placed in the custody of a county director or licensed child-placing agency, which is consistent with the child's best interest. At each review hearing the court may consider information from the Department of Social Services, the licensed child-placing agency, the guardian ad litem, the child, ~~the~~ any foster parent, relative, or preadoptive parent providing care for the child, and any other person or agency the court determines is likely to aid in the review.

(b) The court shall conduct a placement review not later than six months from the date of the termination hearing when parental rights have been terminated by a

petition brought by any person or agency designated in G.S. 7A-289.24(2) through (5) and a county director or licensed child-placing agency has custody of the child. The court shall conduct reviews every six months thereafter until the child is placed for adoption and the adoption petition is filed by the adoptive parents.

(1) No more than 30 days and no less than 15 days prior to each review, the clerk shall give notice of the review to the child if he is at least 12 years of age, the legal custodian of the child, ~~the~~ any foster parent, relative, or preadoptive parent providing care for the child, the guardian ad litem, if any, and any other person or agency the court may specify. Only the child if he is at least 12 years of age, the legal custodian of the child, ~~the~~ any foster parent, relative, or preadoptive parent providing care for the child, and the guardian ad litem shall attend the review hearings, except as otherwise directed by the court. Nothing in this subdivision shall be construed to make any foster parent, relative, or preadoptive parent a party to the proceeding solely based on receiving notice and an opportunity to be heard.

(2) If a guardian ad litem for the child has not been appointed previously by the court in the termination proceeding, the court, at the initial six-month review hearing, may appoint a guardian ad litem to represent the child. The court may continue the case for such time as is necessary for the guardian ad litem to become familiar with the facts of the case.

(c) The court shall consider at least the following in its review:

(1) The adequacy of the plan developed by the county department of social services or a licensed child-placing agency for a permanent placement relative to the child's best interest and the efforts of the department or agency to implement such plan;

(2) Whether the child has been listed for adoptive placement with the North Carolina Adoption Resource Exchange, the North Carolina Photo Adoption Listing Service (PALS), or any other specialized adoption agency; and

(3) The efforts previously made by the department or agency to find a permanent home for the child.

(d) The court, after making findings of fact, shall affirm the county department's or child-placing agency's plans or require specific additional steps which are necessary to accomplish a permanent placement which is in the best interests of the child.

(e) If the child has been placed for adoption prior to the date scheduled for the review, written notice of said placement shall be given to the clerk to be placed in the court file and the review hearing shall be cancelled, with notice of said cancellation given by the clerk to all persons previously notified.

(f) The process of selection of specific adoptive parents shall be the responsibility of and within the discretion of the county department of social services or licensed

child-placing agency. The guardian ad litem may request information from and consult with the county department or child-placing agency concerning the selection process. If the guardian ad litem requests information about the selection process, the county shall provide the information within five days. Any issue of abuse of discretion by the county department or child-placing agency in the selection process must be raised by the guardian ad litem within 10 days following the date the agency notifies the court and the guardian ad litem in writing of the filing of the adoption petition."

Section 9.1. Article 24B of Chapter 7A of the General Statutes is amended by adding the following new section to read:

"**§ 7A-289.23.1. Pending child abuse, neglect, or dependency hearings.**

When a juvenile is currently within the jurisdiction of the district court based upon an abuse, neglect, or dependency proceeding, a petition for termination of parental rights to that juvenile may be filed as a motion in the cause in the abuse, neglect, or dependency proceeding. Any parent of that juvenile who was previously served in the abuse, neglect, or dependency proceeding in accordance with G.S. 7A-565 shall be served with the petition to terminate parental rights in accordance with G.S. 1A-1, Rule 5."

Section 10. G.S. 7A-289.27 reads as rewritten:

"**§ 7A-289.27. Issuance of summons.**

(a) Except as provided in G.S. 7A-289.26, upon the filing of the petition, the court shall cause a summons to be issued, directed to the following persons or agency, not otherwise a party petitioner, who shall be named as respondents:

(1) The parents of the child;

(2) Any person who has been judicially appointed as guardian of the person of the child;

(3) The custodian of the child appointed by a court of competent jurisdiction;

(4) Any county department of social services or licensed child-placing agency to whom a child has been released by one parent pursuant to Part 7 of Article 3 of Chapter 48 of the General ~~Statutes;~~ Statutes or any county department of social services to whom placement responsibility for the child has been given by a court of competent jurisdiction; and

(5) The child, if he or she is 12 years of age or older at the time the petition is filed.

Provided, no summons need be directed to or served upon any parent who has previously surrendered the child to a county department of social services or licensed child-placing agency, nor to any parent who has consented to the adoption of the child by the petitioner. The summons shall notify the respondents to file a written answer within 30 days after service of the summons and petition. Service of the summons shall be completed as provided under the procedures established by G.S. 1A-1, Rule 4(j); but the parent of the child shall not be deemed to be under disability even though such parent is a minor.

(b) The summons shall be issued for the purpose of terminating parental rights pursuant to the provisions of subsection (a) of this section and shall include:

(1) The name of the minor child;

(2) Notice that a written answer to the petition must be filed with the clerk who signed the petition within 30 days after service of the summons and a copy of the petition, or the parent's rights may be terminated;

(3) Notice that if they are indigent, the parents are entitled to appointed counsel. The parents may contact the clerk immediately to request counsel;

(4) Notice that this is a new case. Any attorney appointed previously will not represent the parents in this proceeding unless ordered by the court;

(5) Notice that the date, time and place of the hearing will be mailed by the clerk upon filing of the answer or 30 days from the date of service if no answer is filed;

(6) Notice of the purpose of the hearing and notice that the parents may attend the termination hearing.

(c) If a county department of social services, not otherwise a party petitioner, is served with a petition alleging that the parental rights of the parent should be terminated pursuant to G.S. 7A-289.32, the department shall file a written answer and shall be deemed a party to the proceeding."

Section 11. G.S. 7A-289.32 reads as rewritten:

"**§ 7A-289.32. Grounds for terminating parental rights.**

The court may terminate the parental rights upon a finding of one or more of the following:

(1) Repealed by Session Laws 1979, c. 669, s. 2.

(2) The parent has abused or neglected the child. The child shall be deemed to be abused or neglected if the court finds the child to be an abused child within the meaning of G.S. 7A-517(1), or a neglected child within the meaning of G.S. 7A-517(21).

(3) The parent has willfully left the child in foster care or placement outside the home for more than 12 months without showing to the satisfaction of the court that reasonable progress under the circumstances has been made within 12 months in correcting those conditions which led to the removal of the child. Provided, however, that no parental rights shall be terminated for the sole reason that the parents are unable to care for the child on account of their poverty.

(3a) The burden in such proceedings shall be upon the petitioner to prove the facts justifying such termination by clear and convincing evidence.

(4) The child has been placed in the custody of a county Department of Social Services, a licensed child-placing agency, a child-caring

institution, or a foster home, and the parent, for a continuous period of six months next preceding the filing of the petition, has willfully failed for such period to pay a reasonable portion of the cost of care for the child although physically and financially able to do so.

(5) One parent has been awarded custody of the child by judicial decree, or has custody by agreement of the parents, and the other parent whose parental rights are sought to be terminated has for a period of one year or more next preceding the filing of the petition willfully failed without justification to pay for the care, support, and education of the child, as required by said decree or custody agreement.

(6) The father of a child born out of wedlock has not prior to the filing of a petition to terminate his parental rights:

a. Establish(ed) paternity judicially or by affidavit which has been filed in a central registry maintained by the Department of Health and Human Services; provided, the court shall inquire of the Department of Health and Human Services as to whether such an affidavit has been so filed and shall incorporate into the case record the Department's certified reply; or

b. Legitimated the child pursuant to provisions of G.S. 49-10, or filed a petition for this specific purpose; or

c. Legitimated the child by marriage to the mother of the child; or

d. Provided substantial financial support or consistent care with respect to the child and mother.

(7) That the parent is incapable of providing for the proper care and supervision of the child, such that the child is a dependent child within the meaning of G.S. 7A-517(13), and that there is a reasonable probability that such incapability will continue for the foreseeable future. Incapability under this subdivision may be the result of substance abuse, mental retardation, mental illness, organic brain syndrome, or any other similar cause or condition.

(8) The parent has willfully abandoned the child for at least six consecutive months immediately preceding the filing of the petition. ~~For the purpose of this subdivision, a child may be willfully abandoned by his or her natural father if the mother of the child had been willfully abandoned by and was living separate and apart from the father at the time of the child's birth, although the father may not have known of such birth; but in any event the child must be over the age of three months at the time of the filing of the petition.~~

(9) The parent has committed murder or voluntary manslaughter of another child of the parent or other child residing in the home; has aided, abetted, attempted, conspired, or solicited to commit murder or voluntary manslaughter of the child, another child of the parent, or other child residing in the home; or has committed a felony assault that results in serious bodily injury to the child, another child of the parent, or other child residing in the home.

(10) The parental rights of the parent with respect to another child of the parent have been terminated involuntarily by a court of competent jurisdiction and the parent lacks the ability or willingness to establish a safe home."

Section 12. G.S. 48-1-101 is amended by adding a new subdivision to read:

"**§ 48-1-101. Definitions.**

In this Chapter, the following definitions apply:

(1) 'Adoptee' means an individual who is adopted, is placed for adoption, or is the subject of a petition for adoption properly filed with the court.

(2) 'Adoption' means the creation by law of the relationship of parent and child between two individuals.

(3) 'Adult' means an individual who has attained 18 years of age, or if under the age of 18, is either married or has been emancipated under the applicable State law.

"**§ 7B-302. Investigation by director; access to confidential information; notification of person making the report.**

When a report of abuse, neglect, or dependency is received, the director of the department of social services shall make a prompt and thorough investigation in order to ascertain the facts of the case, the extent of the abuse or neglect, and the risk of harm to the juvenile, in order to determine whether protective services should be provided or the complaint filed as a petition. When the report alleges abuse, the director shall immediately, but no later than 24 hours after receipt of the report, initiate the investigation. When the report alleges neglect or dependency, the director shall initiate the investigation within 72 hours following receipt of the report. The investigation and evaluation shall include a visit to the place where the juvenile resides. All information received by the department of social services, including the identity of the reporter, shall be held in strictest confidence by the department.

When a report of a juvenile's death as a result of suspected maltreatment or a report of suspected abuse, neglect, or dependency of a juvenile is received, the director of the department of social services shall immediately ascertain if other juveniles remain in the home, and, if so, initiate an investigation in order to determine whether they require protective services or whether immediate removal of the juveniles from the home is necessary for their protection.

If the investigation indicates that abuse, neglect, or dependency has occurred, the director shall decide whether immediate removal of the juvenile or any other juveniles in the home is necessary for their protection. If immediate removal does not

seem necessary, the director shall immediately provide or arrange for protective services. If the parent, guardian, custodian, or caretaker refuses to accept the protective services provided or arranged by the director, the director shall sign a complaint seeking to invoke the jurisdiction of the court for the protection of the juvenile or juveniles.

If immediate removal seems necessary for the protection of the juvenile or other juveniles in the home, the director shall sign a complaint which alleges the applicable facts to invoke the jurisdiction of the court. Where the investigation shows that it is warranted, a protective services worker may assume temporary custody of the juvenile for the juvenile's protection pursuant to Article 5 of this Chapter.

In performing any duties related to the investigation of the complaint or the provision or arrangement for protective services, the director may consult with any public or private agencies or individuals, including the available State or local law enforcement officers who shall assist in the investigation and evaluation of the seriousness of any report of abuse, neglect, or dependency when requested by the director. The director or the director's representative may make a written demand for any information or reports, whether or not confidential, that may in the director's opinion be relevant to the investigation of or the provision for protective services. Upon the director's or the director's representative's request and unless protected by the attorney-client privilege, any public or private agency or individual shall provide access to and copies of this confidential information and these records to the extent permitted by federal law and regulations. If a custodian of criminal investigative information or records believes that release of the information will jeopardize the right of the State to prosecute a defendant or the right of a defendant to receive a fair trial or will undermine an ongoing or future investigation, it may seek an order from a court of competent jurisdiction to prevent disclosure of the information. In such an action, the custodian of the records shall have the burden of showing by a preponderance of the evidence that disclosure of the information in question will jeopardize the right of the State to prosecute a defendant or the right of a defendant to receive a fair trial or will undermine an ongoing or future investigation. Actions brought pursuant to this paragraph shall be set down for immediate hearing, and subsequent proceedings in the actions shall be accorded priority by the trial and appellate courts.

Within five working days after receipt of the report of abuse, neglect, or dependency, the director shall give written notice to the person making the report, unless requested by that person not to give notice, as to whether the report was accepted for investigation and whether the report was referred to the appropriate State or local law enforcement agency.

Within five working days after completion of the protective services investigation, the director shall give subsequent written notice to the person making the report, unless requested by that person not to give notice, as to whether there is a finding of abuse, neglect, or dependency, whether the county department of social services is taking action to protect the juvenile, and what action it is taking, including whether or not a petition was filed. The person making the report shall be informed of

procedures necessary to request a review by the prosecutor of the director's decision not to file a petition. A request for review by the prosecutor shall be made within five working days of receipt of the second notification. The second notification shall include notice that, if the person making the report is not satisfied with the director's decision, the person may request review of the decision by the prosecutor within five working days of receipt. The person making the report may waive the person's right to this notification, and no notification is required if the person making the report does not identify himself to the director."

(2) A facility operated by the department of social services; or

(3) Any other home or ~~facility~~ facility, including a relative's home approved by the court and designated in the order.

In placing a juvenile in nonsecure custody under this section, the court shall first consider whether a relative of the juvenile is willing and able to provide proper care and supervision of the juvenile in a safe home. If the court finds that the relative is willing and able to provide proper care and supervision in a safe home, then the court shall order placement of the juvenile with the ~~relative.~~ relative unless the court finds that the placement is contrary to the best interests of the juvenile. ~~Prior to placement~~ Placement of a juvenile with a relative outside of this ~~State, the placement~~ State must be in accordance with the Interstate Compact on the Placement of Children, Article 38 of this Chapter."

Section 21. G.S. 7B-506, as rewritten and recodified by enacted Senate Bill 1260, 1997 General Assembly, reads as rewritten:

(a) No juvenile shall be held under a nonsecure custody order for more than seven calendar days without a hearing on the merits or a hearing to determine the need for continued custody. A hearing on nonsecure custody conducted under this subsection may be continued for up to 10 business days with the consent of the juvenile's parent, guardian, custodian, or caretaker and, if appointed, the juvenile's guardian ad litem. In addition, the court may require the consent of additional parties or may schedule the hearing on custody despite a party's consent to a continuance. In every case in which an order has been entered by an official exercising authority delegated pursuant to G.S. 7B-502, a hearing to determine the need for continued custody shall be conducted on the day of the next regularly scheduled session of district court in the city or county where the order was entered if such session precedes the expiration of the applicable time period set forth in this subsection: Provided, that if such session does not precede the expiration of the time period, the

hearing may be conducted at another regularly scheduled session of district court in the district where the order was entered.

(b) At a hearing to determine the need for continued custody, the court shall receive testimony and shall allow the guardian ad litem, or juvenile, and the juvenile's parent, guardian, custodian, or caretaker an opportunity to introduce evidence, to be heard in the person's own behalf, and to examine witnesses. The State shall bear the burden at every stage of the proceedings to provide clear and convincing evidence that the juvenile's placement in custody is necessary. The court shall not be bound by the usual rules of evidence at such hearings.

(c) The court shall be bound by criteria set forth in G.S. 7B-503 in determining whether continued custody is warranted.

(d) If the court determines that the juvenile meets the criteria in G.S. 7B-503 and should continue in custody, the court shall issue an order to that effect. The order shall be in writing with appropriate findings of fact. The findings of fact shall include the evidence relied upon in reaching the decision and the purposes which continued custody is to achieve.

(e) If the court orders at the hearing required in subsection (a) of this section that the juvenile remain in custody, a subsequent hearing on continued custody shall be held within seven business days of that hearing, excluding Saturdays, Sundays, and legal holidays, and pending a hearing on the merits, hearings thereafter shall be held at intervals of no more than 30 calendar days.

(f) Hearings conducted under subsection (e) of this section may be waived only with the consent of the juvenile's parent, guardian, custodian, or caretaker, and, if appointed, the juvenile's guardian ad litem.

The court may require the consent of additional parties or schedule a hearing despite a party's consent to waiver.

~~(g) Any order authorizing the continued custody of a juvenile shall include findings as to whether reasonable efforts have been made to prevent or eliminate the need for placement of the juvenile in custody and may provide for services or other efforts aimed at returning the juvenile promptly to a safe home. A finding that reasonable efforts have not been made shall not preclude the entry of an order authorizing continued custody when the court finds that continued custody is necessary for the protection of the juvenile. Where efforts to prevent the need for the juvenile's placement were precluded by an immediate threat of harm to the juvenile, the court may find that the placement of the juvenile in the absence of such efforts was reasonable. If the court finds through written findings of fact that efforts to eliminate the need for placement of the juvenile in custody clearly would be futile or would be inconsistent with the juvenile's safety and need for a safe, permanent home within a reasonable period of time, then the court shall specify in its order that reunification efforts are not required or order that reunification efforts cease.~~

(h) At each hearing to determine the need for continued custody, the court shall:

(1) Inquire as to the identity and location of any missing parent. The court shall include findings as to the efforts undertaken to locate the missing parent and to serve that parent. The order may provide

for specific efforts aimed at determining the identity and location of any missing parent;

(2) Inquire as to whether a relative of the juvenile is willing and able to provide proper care and supervision of the juvenile in a safe home. If the court finds that the relative is willing and able to provide proper care and supervision in a safe home, then the court shall order temporary placement of the juvenile with the ~~relative.~~ relative unless the court finds that the placement is contrary to the best interests of the juvenile. Placement of a juvenile with a relative outside of this State must be in accordance with the Interstate Compact on the Placement of Children set forth in Article 38 of this Chapter; and

(3) Inquire as to whether there are other juveniles remaining in the home from which the juvenile was removed and, if there are, inquire as to the specific findings of the investigation conducted under G.S. 7B-302 and any actions taken or services provided by the director for the protection of the other juveniles."

Section 21.1. If Senate Bill 1260, 1997 General Assembly, is enacted into law by the 1997 General Assembly, then G.S. 7A-577.1, as enacted in Part I of this act is recodified as G.S. 7B-506.1 and reads as rewritten:

"**§ 7B-506.1. Reasonable efforts.**

(a) An order placing or continuing the placement of a juvenile in the custody or placement responsibility of a county department of social services, whether an order for continued nonsecure custody, a dispositional order, or a review order:

(1) Shall contain a finding that the juvenile's continuation in or return to the juvenile's own home would be contrary to the juvenile's best interest;

(2) Shall contain findings as to whether a county department of social services has made reasonable efforts to prevent or eliminate the need for placement of the juvenile, unless the court has previously determined under subsection (b) of this section that such efforts are not required or shall cease;

(3) Shall contain findings as to whether a county department of social services should continue to make reasonable efforts to prevent or eliminate the need for placement of the juvenile, unless the court has previously determined or determines under subsection (b) of this section that such efforts are not required or shall cease;

(4) Shall specify that the juvenile's placement and care are the responsibility of the county department of social services and that the agency is to provide or arrange for the foster care or other placement of the juvenile; and

(5) May provide for services or other efforts aimed at returning the juvenile to a safe home or at achieving another permanent plan for the juvenile.

A finding that reasonable efforts have not been made by a county department of social services shall not preclude the entry of an order authorizing the juvenile's placement when the court finds that placement is necessary for the protection of the juvenile. Where efforts to prevent the need for the juvenile's placement were precluded by an immediate threat of harm to the juvenile, the court may find that the placement of the juvenile in the absence of such efforts was reasonable.

(b) In any order placing a juvenile in the custody or placement responsibility of a county department of social services, whether an order for continued nonsecure custody, a dispositional order, or a review order, the court may direct that reasonable efforts to eliminate the need for placement of the juvenile shall not be required or shall cease if the court makes written findings of fact that:

(1) Such efforts clearly would be futile or would be inconsistent with the juvenile's health, safety, and need for a safe, permanent home within a reasonable period of time;

(2) A court of competent jurisdiction has determined that the parent has subjected the child to aggravated circumstances as defined in G.S. ~~7A-517(3a);~~ 7B-101;

(3) A court of competent jurisdiction has terminated involuntarily the parental rights of the parent to another child of the parent; or

(4) A court of competent jurisdiction has determined that: the parent has committed murder or voluntary manslaughter of another child of the parent; has aided, abetted, attempted, conspired, or solicited to commit murder or voluntarily manslaughter of the child or another child of the parent; or has committed a felony assault resulting in serious bodily injury to the child or another child of the parent.

(c) At any hearing at which the court finds that reasonable efforts to eliminate the need for the juvenile's placement are not required or shall cease, the court shall direct that a permanency planning hearing as required by G.S. ~~7A-657.1~~ 7B-906.1 be held within 30 calendar days after the date of the hearing and, if practicable, shall set the date and time for the permanency planning hearing.

(d) In determining reasonable efforts to be made with respect to a juvenile and in making such reasonable efforts, the juvenile's health and safety shall be the paramount concern. Reasonable efforts to preserve or reunify families may be made concurrently with efforts to plan for the juvenile's adoption, to place the juvenile with a legal guardian, or to place the juvenile in another permanent arrangement."

Section 22. G.S. 7B-801, as rewritten and recodified by enacted Senate Bill 1260, 1997 General Assembly, reads as rewritten:

"§ 7B-801. Adjudicatory hearing.

The adjudicatory hearing shall be held in the district at such time and place as the chief district court judge shall ~~designate.~~ designate but no later than 60 days from the filing of the petition, unless the judge pursuant to G.S. 7B-803 orders that it be held at a later time. ~~The court may exclude the public from the hearing unless the juvenile moves that the hearing be open, which motion shall be granted.~~ At a

hearing in which a juvenile is alleged to be abused, neglected, or dependent, the judge shall exclude the general public."

Section 23. G.S. 7B-903, as rewritten and recodified by enacted Senate Bill 1260, 1997 General Assembly, reads as rewritten:

"**§ 7B-903. Dispositional alternatives for abused, neglected, or dependent juvenile.**

The following alternatives for disposition shall be available to any court exercising jurisdiction, and the court may combine any of the applicable alternatives when the court finds the disposition to be in the best interests of the juvenile:

(1) The court may dismiss the case or continue the case in order to allow the parent, guardian, custodian, caretaker or others to take appropriate action.

(2) In the case of any juvenile who needs more adequate care or supervision or who needs placement, the court may:

a. Require that the juvenile be supervised in the juvenile's own home by the department of social services in the juvenile's county, or by other personnel as may be available to the court, subject to conditions applicable to the parent, guardian, custodian, or caretaker as the court may specify; or

b. Place the juvenile in the custody of a parent, relative, private agency offering placement services, or some other suitable person; or

c. Place the juvenile in the custody of the department of social services in the county of the juvenile's residence, or in the case of a juvenile who has legal residence outside the State, in the physical custody of the department of social services in the county where the juvenile is found so that agency may return the juvenile to the responsible authorities in the juvenile's home state. The director may, unless otherwise ordered by the court, arrange for, provide, or consent to, needed routine or emergency medical or surgical care or treatment. In the case where the parent is unknown, unavailable, or unable to act on behalf of the juvenile, the director may, unless otherwise ordered by the court, arrange for, provide, or consent to any psychiatric, psychological, educational, or other remedial evaluations or treatment for the juvenile placed by a court or the court's designee in the custody or physical custody of a county department of social services under the authority of this or any other Chapter of the General Statutes. Prior to exercising this authority, the director shall make reasonable efforts to obtain consent from a parent or guardian of the affected juvenile. If the director cannot obtain such consent, the director shall promptly notify the parent or guardian that care or treatment has

been provided and shall give the parent frequent status reports on the circumstances of the juvenile. Upon request of a parent or guardian of the affected juvenile, the results or records of the aforementioned evaluations, findings, or treatment shall be made available to such parent or guardian by the director unless prohibited by G.S. 122C-53(d). If a juvenile is removed from the home and placed in custody or placement responsibility of a county department of social services, the director shall not allow unsupervised visitation with, or return physical custody of the juvenile to, the parent, guardian, custodian, or caretaker without a hearing at which the court finds that the juvenile will receive proper care and supervision in a safe home.

In placing a juvenile in out-of-home care under this section, the court shall first consider whether a relative of the juvenile is willing and able to provide proper care and supervision of the juvenile in a safe home. If the court finds that the relative is willing and able to provide proper care and supervision in a safe home, then the court shall order placement of the juvenile with the relative unless the court finds that the placement is contrary to the best interests of the juvenile. Placement of a juvenile with a relative outside of this State must be in accordance with the Interstate Compact on the Placement of Children.

(3) In any case, the court may order that the juvenile be examined by a physician, psychiatrist, psychologist, or other qualified expert as may be needed for the court to determine the needs of the juvenile:

a. Upon completion of the examination, the court shall conduct a hearing to determine whether the juvenile is in need of medical, surgical, psychiatric, psychological, or other treatment and who should pay the cost of the treatment. The county manager, or such person who shall be designated by the chairman of the county commissioners, of the juvenile's residence shall be notified of the hearing, and allowed to be heard. If the court finds the juvenile to be in need of medical, surgical, psychiatric, psychological, or other treatment, the court shall permit the parent or other responsible persons to arrange for treatment. If the parent declines or is unable to make necessary arrangements, the court may order the needed treatment, surgery, or care, and the court may order the parent to pay the cost of the care pursuant to G.S. 7B-904. If the court finds the parent is unable to pay the cost of treatment, the court shall order the

county to arrange for treatment of the juvenile and to pay for the cost of the treatment. The county department of social services shall recommend the facility that will provide the juvenile with treatment.

b. If the court believes, or if there is evidence presented to the effect that the juvenile is mentally ill or is developmentally disabled, the court shall refer the juvenile to the area mental health, developmental disabilities, and substance abuse services director for appropriate action. A juvenile shall not be committed directly to a State hospital or mental retardation center; and orders purporting to commit a juvenile directly to a State hospital or mental retardation center except for an examination to determine capacity to proceed shall be void and of no effect. The area mental health, developmental disabilities, and substance abuse director shall be responsible for arranging an interdisciplinary evaluation of the juvenile and mobilizing resources to meet the juvenile's needs. If institutionalization is determined to be the best service for the juvenile, admission shall be with the voluntary consent of the parent or guardian. If the parent, guardian, custodian, or caretaker refuses to consent to a mental hospital or retardation center admission after such institutionalization is recommended by the area mental health, developmental disabilities, and substance abuse director, the signature and consent of the court may be substituted for that purpose. In all cases in which a regional mental hospital refuses admission to a juvenile referred for admission by a court and an area mental health, developmental disabilities, and substance abuse director or discharges a juvenile previously admitted on court referral prior to completion of treatment, the hospital shall submit to the court a written report setting out the reasons for denial of admission or discharge and setting out the juvenile's diagnosis, indications of mental illness, indications of need for treatment, and a statement as to the location of any facility known to have a treatment program for the juvenile in question."

Section 24. G.S. 7B-905, as rewritten and recodified by enacted Senate Bill 1260, 1997 General Assembly, reads as rewritten:

"**§ 7B-905. Dispositional order.**

(a) The dispositional order shall be in writing and shall contain appropriate findings of fact and conclusions of law. The court shall state with particularity, both orally and in the written order of disposition, the precise terms of the disposition

including the kind, duration, and the person who is responsible for carrying out the disposition and the person or agency in whom custody is vested.

(b) A dispositional order under which a juvenile is removed from the custody of a parent, guardian, custodian, or caretaker shall direct that the review hearing required by G.S. 7B-906 be held within ~~six months of~~ 90 days from of the date of the ~~juvenile's placement in custody~~ dispositional hearing and, if practicable, shall set the date and time for the review hearing.

(c) Any dispositional order ~~directing placement of a juvenile in foster care shall also contain:~~ shall comply with the requirements of G.S. 7B-506.1.

~~(1) A finding that the juvenile's continuation in or return to the juvenile's home would be contrary to the juvenile's best interests; and~~

~~(2) Findings as to whether reasonable efforts have been made to prevent or eliminate the need for placement of the juvenile in foster care. A finding that reasonable efforts were not made shall not preclude entry of a dispositional order authorizing placement in foster care when the court finds that such placement is needed for protection of the juvenile. When efforts to prevent the need for the juvenile's placement are precluded by an immediate threat of harm to the juvenile, the court may find that placement of the juvenile in the absence of such efforts is reasonable.~~

~~The order may provide for services or other efforts aimed at returning the juvenile promptly to a safe home. If the court finds through written findings of fact that efforts to eliminate the need for placement of the juvenile in custody clearly would be futile or would be inconsistent with the juvenile's safety and need for a safe, permanent home within a reasonable period of time, the court shall specify in its order that reunification efforts are not required or order that reunification efforts cease.~~

~~(d) An order that places a juvenile in the custody of a county department of social services for placement shall specify that the juvenile's placement and care are the responsibility of the county department of social services and that the county department is to provide or arrange for the foster care or other placement of the juvenile.~~ Any dispositional order shall provide for appropriate visitation as may be in the best interests of the juvenile and consistent with the juvenile's health and safety. If the juvenile is placed in the custody or placement responsibility of a county department of social services, the court may order the director to arrange, facilitate, and supervise a visitation plan expressly approved by the court."

Section 25. G.S. 7B-906, as rewritten and recodified by enacted Senate Bill 1260, 1997 General Assembly, reads as rewritten:

"**§ 7B-906. Review of custody order.**

(a) In any case where custody is removed from a parent, guardian, custodian, or caretaker the court shall conduct a review hearing within ~~six months of~~ 90 days from the date ~~the order was entered,~~ of the dispositional hearing ~~shall conduct a second review within six months after the first review,~~ and shall conduct ~~subsequent reviews at least every year thereafter.~~ a review hearing within six months thereafter. The

director of social services shall make ~~timely requests~~ a timely request to the clerk to calendar ~~the case~~ each review at a session of court scheduled for the hearing of juvenile ~~matters within six months of the date the order was entered.~~ matters. ~~The director shall make timely requests for calendaring subsequent reviews.~~ The clerk shall give 15 days' notice of the review and its purpose to the parent, the juvenile, if 12 years of age or more, the guardian, any foster parent, relative, or preadoptive parent providing care for the child, the custodian or agency with custody, the guardian ad litem, and any other person or agency the court may specify, indicating the court's impending review. Nothing in this subsection shall be construed to make any foster parent, relative, or preadoptive parent a party to the proceeding solely based on receiving notice and an opportunity to be heard.

(b) Notwithstanding other provisions of this Article, the court may waive the holding of review hearings required by subsection (a) of this section, may require written reports to the court by the agency or person holding custody in lieu of review hearings, or order that review hearings be held less often than every ~~12~~ six months, if the court finds by clear, cogent, and convincing evidence that:

(1) The juvenile has resided with a relative or has been in the custody of another suitable person for a period of at least one year;

(2) The placement is stable and continuation of the placement is in the juvenile's best interests;

(3) Neither the juvenile's best interests nor the rights of any party require that review hearings be held every ~~12~~ six months;

(4) All parties are aware that the matter may be brought before the court for review at any time by the filing of a motion for review or on the court's own motion; and

(5) The court order has designated the relative or other suitable person as the juvenile's permanent caretaker or guardian of the person.

The court may not waive or refuse to conduct a review hearing if a party files a motion seeking the review.

(c) At every review hearing, the court shall consider information from the ~~department of social services, the juvenile, the parent, the guardian, the custodian, the foster parent, the guardian ad litem, and any public or private agency which will aid it in its review.~~ parent, the juvenile, the guardian, any foster parent, relative, or preadoptive parent providing care for the child, the custodian or agency with custody, the guardian ad litem, and any other person or agency which will aid in its review.

In each case the court shall consider the following criteria and make written findings regarding those that are relevant:

(1) Services which have been offered to reunite the family, or whether efforts to reunite the family clearly would be futile or inconsistent with the juvenile's safety and need for a safe, permanent home within a reasonable period of time.

(2) Where the juvenile's return home is unlikely, the efforts which have been made to evaluate or plan for other methods of care.

(3) Goals of the foster care placement and the appropriateness of the foster care plan.
(4) A new foster care plan, if continuation of care is sought, that addresses the role the current foster parent will play in the planning for the juvenile.
(5) Reports on the placements the juvenile has had and any services offered to the juvenile and the parent, guardian, custodian, or caretaker.
(5a) An appropriate visitation plan.
(5b) If the juvenile is 16 or 17 years of age, a report on an independent living assessment of the juvenile and, if appropriate, an independent living plan developed for the juvenile.
(6) When and if termination of parental rights should be considered.
(7) Any other criteria the court deems necessary.

(d) The court, after making findings of fact, may appoint a guardian of the person for the juvenile pursuant to G.S. 7B-600 or may make any disposition authorized by G.S. 7B-903, including the authority to place the juvenile in the custody of either parent or any relative found by the court to be suitable and found by the court to be in the best interests of the juvenile. ~~If the juvenile is placed in or remains in the custody of the department of social services, the court may authorize the department to arrange and supervise a visitation plan. Except for such visitation, the juvenile shall not be returned to the parent, guardian, custodian, or caretaker without a hearing at which the court finds sufficient facts to show that the juvenile will receive proper care and supervision.~~ The court may enter an order continuing the placement under review or providing for a different placement as is deemed to be in the best interests of the juvenile. If at any time custody is restored to a parent, guardian, custodian, or caretaker the court shall be relieved of the duty to conduct periodic judicial reviews of the placement.

~~(e) At a hearing designated by the court, but at least within 12 months after the juvenile's placement, a review hearing shall be held under this section and designated as a permanency planning hearing. The purpose of the hearing shall be to develop a plan to achieve a safe, permanent home for the juvenile within a reasonable period of time. Notice of the hearing shall inform the parties of the purpose of the hearing. At the conclusion of the hearing, if the juvenile is not returned home, the court shall make specific findings as to the best plan of care to achieve a safe, permanent home for the juvenile within a reasonable period of time and shall enter an order consistent with those findings.~~

(f) The provisions of ~~subsections (b), (c), and (d) of G.S. 7B-905~~ G.S. 7B-506.1 shall apply to any order entered under this ~~section which continues the foster care placement of a juvenile.~~ section."

Section 25.1. If Senate Bill 1260, 1997 General Assembly, is enacted into law by the 1997 General Assembly, then G.S. 7A-657.1, as enacted in Part I of this act, is recodified as G.S. 7B-906.1 and reads as rewritten:

"§ 7B-906.1. Permanency planning hearing.

(a) In any case where custody is removed from a ~~parent or person standing in loco parentis,~~ parent, guardian, custodian, or caretaker, the judge shall conduct a review hearing designated as a permanency planning hearing within 12 months after the date of the initial order removing custody, and the hearing may be combined, if appropriate, with a review hearing required by G.S. ~~7A-657.~~ 7B-906. The purpose of the permanency planning hearing shall be to develop a plan to achieve a safe, permanent home for the juvenile within a reasonable period of time. Subsequent permanency planning hearings shall be held at least every six months thereafter, or earlier as set by the court, to review the progress made in finalizing the permanent plan for the juvenile, or if necessary, to make a new permanent plan for the juvenile. The Director of Social Services shall make a timely request to the clerk to calendar each permanency planning hearing at a session of court scheduled for the hearing of juvenile matters. The clerk shall give 15 days' notice of the hearing and its purpose to the ~~parent and to any person standing in loco parentis,~~ parent, the juvenile if 12 years of age or more, the guardian, any foster parent, relative, or preadoptive parent providing care for the child, the custodian or agency with custody, the guardian ad litem, and any other person or agency the court may specify, indicating the court's impending review. Nothing in this provision shall be construed to make any foster parent, relative, or preadoptive parent a party to the proceeding solely based on receiving notice and an opportunity to be heard.

(b) At any permanency planning review, the court shall consider information from the parent, ~~any person standing in loco parentis,~~ the juvenile, the guardian, any foster parent, relative or preadoptive parent providing care for the child, the custodian or agency with custody, the guardian ad litem, and any other person or agency which will aid it in the court's review. At the conclusion of the hearing, if the juvenile is not returned home, the court shall consider the following criteria and make written findings regarding those that are relevant:

(1) Whether it is possible for the juvenile to be returned home immediately or within the next six months, and if not, why it is not in the juvenile's best interests to return home;

(2) Where the juvenile's return home is unlikely within six months, whether legal guardianship or custody with a relative or some other suitable person should be established, and if so, the rights and responsibilities which should remain with the parents;

(3) Where the juvenile's return home is unlikely within six months, whether adoption should be pursued and if so, any barriers to the juvenile's adoption;

(4) Where the juvenile's return home is unlikely within six months, whether the juvenile should remain in the current placement or be placed in another permanent living arrangement and why;

(5) Whether the county department of social services has since the initial permanency plan hearing made reasonable efforts to implement the permanent plan for the juvenile;

(6) Any other criteria the court deems necessary.

(c) At the conclusion of the hearing, the judge shall make specific findings as to the best plan of care to achieve a safe, permanent home for the juvenile within a reasonable period of time. The judge may appoint a guardian of the person for the juvenile pursuant to G.S. ~~7A-585~~ 7B-600 or make any disposition authorized by G.S. ~~7A-647~~ 7B-903 including the authority to place the child in the custody of either parent or any relative found by the court to be suitable and found by the court to be in the best interest of the juvenile. If the juvenile is not returned home, the court shall enter an order consistent with its findings that directs the department of social services to make reasonable efforts to place the juvenile in a timely manner in accordance with the permanent plan, to complete whatever steps are necessary to finalize the permanent placement of the juvenile, and to document such steps in the juvenile's case plan. If at any time custody is restored to a parent, or findings are made in accordance with G.S. ~~7A-657(b),~~ 7B-906(b), the court shall be relieved of the duty to conduct periodic judicial reviews of the placement.

If the court continues the juvenile's placement in the custody or placement responsibility of a county department of social services, the provisions of G.S. ~~7A-577.1~~ 7B-506.1 shall apply to any order entered under this section.

(d) In the case of a juvenile who is in the custody or placement responsibility of a county department of social services, and has been in placement outside the home for 15 of the most recent 22 months; or a court of competent jurisdiction has determined that the parent has abandoned the child; or has committed murder or voluntary manslaughter of another child of the parent; or has aided, abetted, attempted, conspired, or solicited to commit murder or voluntary manslaughter of the child or another child of the parent, the court shall order the director of the department of social services to initiate a proceeding to terminate the parental rights of the parent unless the court finds:

(1) The permanent plan for the juvenile is guardianship or custody with a relative or some other suitable person;

(2) The court makes specific findings why the filing of a petition for termination of parental rights is not in the best interests of the child; or

(3) The department of social services has not provided the juvenile's family with such services as the department deems necessary, when reasonable efforts are still required to enable the juvenile's return to a safe home.

(e) If a proceeding to terminate the parental rights of the juvenile's parents is necessary in order to perfect the permanent plan for the juvenile, the director of the department of social services shall file a petition to terminate parental rights within 60 calendar days from the date of the permanency planning hearing unless the court makes written findings why the petition cannot be filed within 60 days. If the court makes findings to the contrary, the court shall specify the time frame in which any needed petition to terminate parental rights shall be filed."

Section 26. G.S. 7B-907, as rewritten and recodified by enacted Senate Bill 1260, 1997 General Assembly, reads as rewritten:

"**§ 7B-907. Posttermination of parental rights' placement court review.**

(a) The purpose of each placement review is to ensure that every reasonable effort is being made to provide for a permanent placement plan for the juvenile who has been placed in the custody of a county director or licensed child-placing agency, which is consistent with the juvenile's best interests. At each review hearing the court may consider information from the department of social services, the licensed child-placing agency, the guardian ad litem, the ~~juvenile, the~~ child, any foster parent, relative, or preadoptive parent providing care for the child, and any other person or agency the court determines is likely to aid in the review.

(b) The court shall conduct a placement review not later than six months from the date of the termination hearing when parental rights have been terminated by a petition brought by any person or agency designated in G.S. 7B-1102(2) through (5) and a county director or licensed child-placing agency has custody of the juvenile. The court shall conduct reviews every six months thereafter until the juvenile is placed for adoption and the adoption petition is filed by the adoptive parents:

(1) No more than 30 days and no less than 15 days prior to each review, the clerk shall give notice of the review to the juvenile if the juvenile is at least 12 years of age, the legal custodian of the juvenile, ~~the~~ any foster parent, relative, or preadoptive parent providing care for the juvenile, the guardian ad litem, if any, and any other person or agency the court may specify. Only the juvenile, if the juvenile is at least 12 years of age, the legal custodian of the juvenile, ~~the~~ any foster parent, relative, or preadoptive parent providing care for the juvenile, and the guardian ad litem shall attend the review hearings, except as otherwise directed by the court. Nothing in this subdivision shall be construed to make any foster parent, relative, or preadoptive parent a party to the proceeding solely based on receiving notice and an opportunity to be heard.

(2) If a guardian ad litem for the juvenile has not been appointed previously by the court in the termination proceeding, the court, at the initial six-month review hearing, may appoint a guardian ad litem to represent the juvenile. The court may continue the case for such time as is necessary for the guardian ad litem to become familiar with the facts of the case.

(c) The court shall consider at least the following in its review:

(1) The adequacy of the plan developed by the county department of social services or a licensed child-placing agency for a permanent placement relative to the juvenile's best interests and the efforts of the department or agency to implement such plan;

(2) Whether the juvenile has been listed for adoptive placement with the North Carolina Adoption Resource Exchange, the North Carolina Photo Adoption Listing Service (PALS), or any other specialized adoption agency; and

(3) The efforts previously made by the department or agency to find a permanent home for the juvenile.

(d) The court, after making findings of fact, shall affirm the county department's or child-placing agency's plans or require specific additional steps which are necessary to accomplish a permanent placement which is in the best interests of the juvenile.

(e) If the juvenile has been placed for adoption prior to the date scheduled for the review, written notice of said placement shall be given to the clerk to be placed in the court file, and the review hearing shall be cancelled with notice of said cancellation given by the clerk to all persons previously notified.

(f) The process of selection of specific adoptive parents shall be the responsibility of and within the discretion of the county department of social services or licensed child-placing agency. The guardian ad litem may request information from and consult with the county department or child-placing agency concerning the selection process. If the guardian ad litem requests information about the selection process, the county shall provide the information within five days. Any issue of abuse of discretion by the county department or child-placing agency in the selection process must be raised by the guardian ad litem within 10 days following the date the agency notifies the court and the guardian ad litem in writing of the filing of the adoption petition."

Section 26.1. If Senate Bill 1260, 1997 General Assembly, is enacted into law by the 1997 General Assembly, then G.S. 7A-289.23.1, as enacted in Part I of this act, is recodified as G.S. 7B-1101.1 and reads as rewritten:

"**§ 7B-1101.1. Pending child abuse, neglect, or dependency hearings.**

When a juvenile is currently within the jurisdiction of the district court based upon an abuse, neglect, or dependency proceeding, a petition for termination of parental rights to that juvenile may be filed as a motion in the cause in the abuse, neglect, or dependency proceeding. Any parent of that juvenile who was previously served in the abuse, neglect, or dependency proceeding in accordance with G.S. ~~7A-565~~ 7B-407 shall be served with the petition to terminate parental rights in accordances with G.S. 1A-1, Rule 5."

Section 27. G.S. 7B-1105, as rewritten and recodified by enacted Senate Bill 1260, 1997 General Assembly, reads as rewritten:

"**§ 7B-1105. Issuance of summons.**

(a) Except as provided in G.S. 7B-1104, upon the filing of the petition, the court shall cause a summons to be issued. The summons shall be directed to the following persons or agency, not otherwise a party petitioner, who shall be named as respondents:

(1) The parents of the juvenile;

(2) Any person who has been judicially appointed as guardian of the person of the juvenile;

(3) The custodian of the juvenile appointed by a court of competent jurisdiction;

(4) Any county department of social services or licensed child-placing agency to whom a juvenile has been released by one parent pursuant to Part 7 of Article 3 of Chapter 48 of the General ~~Statutes;~~ Statutes or any county department of social services to whom placement responsibility for the child has been given by a court of competent jurisdiction; and

(5) The juvenile, if the juvenile is 12 years of age or older at the time the petition is filed.

Provided, no summons need be directed to or served upon any parent who has previously surrendered the juvenile to a county department of social services or licensed child-placing agency nor to any parent who has consented to the adoption of the juvenile by the petitioner. The summons shall notify the respondents to file a written answer within 30 days after service of the summons and petition. Service of the summons shall be completed as provided under the procedures established by G.S. 1A-1, Rule 4(j); but the parent of the juvenile shall not be deemed to be under disability even though the parent is a minor.

(b) The summons shall be issued for the purpose of terminating parental rights pursuant to the provisions of subsection (a) of this section and shall include:

(1) The name of the minor juvenile;

(2) Notice that a written answer to the petition must be filed with the clerk who signed the petition within 30 days after service of the summons and a copy of the petition, or the parent's rights may be terminated;

(3) Notice that if they are indigent, the parents are entitled to appointed counsel. The parents may contact the clerk immediately to request counsel;

(4) Notice that this is a new case. Any attorney appointed previously will not represent the parents in this proceeding unless ordered by the court;

(5) Notice that the date, time, and place of the hearing will be mailed by the clerk upon filing of the answer or 30 days from the date of service if no answer is filed; and

(6) Notice of the purpose of the hearing and notice that the parents may attend the termination hearing.

(c) If a county department of social services, not otherwise a party petitioner, is served with a petition alleging that the parental rights of the parent should be terminated pursuant to G.S. 7B-1110, the department shall file a written answer and shall be deemed a party to the proceeding."

Section 28. G.S. 7B-1110, as rewritten and recodified by enacted Senate Bill 1260, 1997 General Assembly, reads as rewritten:

"**§ 7B-1110. Grounds for terminating parental rights.**

(a) The court may terminate the parental rights upon a finding of one or more of the following:

(1) The parent has abused or neglected the juvenile. The juvenile shall be deemed to be abused or neglected if the court finds the juvenile to be an abused juvenile within the meaning of G.S. 7B-101 or a neglected juvenile within the meaning of G.S. 7B-101.

(2) The parent has willfully left the juvenile in foster care or placement outside the home for more than 12 months without showing to the satisfaction of the court that reasonable progress under the circumstances has been made within 12 months in correcting those conditions which led to the removal of the juvenile. Provided, however, that no parental rights shall be terminated for the sole reason that the parents are unable to care for the juvenile on account of their poverty.

(3) The juvenile has been placed in the custody of a county department of social services, a licensed child-placing agency, a child-caring institution, or a foster home, and the parent, for a continuous period of six months next preceding the filing of the petition, has willfully failed for such period to pay a reasonable portion of the cost of care for the juvenile although physically and financially able to do so.

(4) One parent has been awarded custody of the juvenile by judicial decree or has custody by agreement of the parents, and the other parent whose parental rights are sought to be terminated has for a period of one year or more next preceding the filing of the petition willfully failed without justification to pay for the care, support, and education of the juvenile, as required by said decree or custody agreement.

(5) The father of a juvenile born out of wedlock has not, prior to the filing of a petition to terminate parental rights:

a. Established paternity judicially or by affidavit which has been filed in a central registry maintained by the Department of Health and Human Services; provided, the court shall inquire of the Department of Health and Human Services as to whether such an affidavit has been so filed and shall incorporate into the case record the Department's certified reply; or

b. Legitimated the juvenile pursuant to provisions of G.S. 49-10 or filed a petition for this specific purpose; or

c. Legitimated the juvenile by marriage to the mother of the juvenile; or

d. Provided substantial financial support or consistent care with respect to the juvenile and mother.

(6) That the parent is incapable of providing for the proper care and supervision of the juvenile, such that the juvenile is a dependent juvenile within the meaning of G.S. 7B-101, and that there is a

reasonable probability that such incapability will continue for the foreseeable future. Incapability under this subdivision may be the result of substance abuse, mental retardation, mental illness, organic brain syndrome, or any other similar cause or condition.

(7) The parent has willfully abandoned the juvenile for at least six consecutive months immediately preceding the filing of the petition. ~~For the purpose of this subdivision, a juvenile may be willfully abandoned by the juvenile's natural father if the mother of the juvenile had been willfully abandoned by and was living separate and apart from the father at the time of the juvenile's birth, although the father may not have known of such birth; but in any event the juvenile must be over the age of three months at the time of the filing of the petition.~~

(8) The parent has committed murder or voluntary manslaughter of another child of the parent or other child residing in the home; has aided, abetted, attempted, conspired, or solicited to commit murder or voluntary manslaughter of the child, another child of the parent, or other child residing in the home; or has committed a felony assault that results in serious bodily injury to the child, another child of the parent, or other child residing in the home.

(9) The parental rights of the parent with respect to another child of the parent have been terminated involuntarily by a court of competent jurisdiction and the parent lacks the ability or willingness to establish a safe home.

(b) The burden in such proceedings shall be upon the petitioner to prove the facts justifying such termination by clear and convincing evidence."

Section 29. Sections 1 through 9 of this act become effective December 1, 1998, and apply to abuse, neglect, and dependency reports received, juvenile petitions filed, and review hearings commenced on and after that date. Sections 10 and 11 of this act become effective December 1, 1998, and apply to termination of parental rights petitions filed on and after that date. Sections 12 through 16 of this act become effective January 1, 1999, and apply to any placement of a minor who is in the custody or placement responsibility of a county department of social services on and after that date. If the 1997 General Assembly enacts Senate Bill 1260, Sections 1 through 4, 5 through 8, 9, 10, and 11 of this act expire June 30, 1999, and Sections 18 through 28 of this act become effective on July 1, 1999. The remainder of this act is effective when it becomes law.

A BILL TO BE ENTITLED

AN ACT TO AMEND THE LAWS REGARDING THE WITHDRAWAL AND TRANSFER OF SURFACE WATERS AND THE STATE WATER SUPPLY PLAN.

The General Assembly of North Carolina enacts:

Section 1. G.S. 143-211 reads as rewritten:

"**§ 143-211. Declaration of public policy.**

(a) It is hereby declared to be the public policy of this State to provide for the conservation of its water and air resources. Furthermore, it is the intent of the General Assembly, within the context of this Article and Articles 21A and 21B of this Chapter, to achieve and to maintain for the citizens of the State a total environment of superior quality. Recognizing that the water and air resources of the State belong to the people, the General Assembly affirms the State's ultimate responsibility for the preservation and development of these resources in the best interest of all its citizens and declares the prudent utilization of these resources to be essential to the general welfare.

(b) It is the public policy of the State to maintain, protect, and enhance water quality within North Carolina. Further, it is the public policy of the State that the cumulative impact of transfers from a source river basin shall not result in a violation of the antidegradation policy set out in 40 Code of Federal Regulations § 131.12 (1 July 1997 Edition) and the statewide antidegradation policy adopted pursuant thereto.

(c) It is the purpose of this Article to create an agency which shall administer a program of water and air pollution control and water resource management. It is the intent of the General Assembly, through the duties and powers defined herein, to confer such authority upon the Department of Environment and Natural Resources as shall be necessary to administer a complete program of water and air conservation, pollution abatement and control and to achieve a coordinated effort of pollution abatement and control with other jurisdictions. Standards of water and air purity shall be designed to protect human health, to prevent injury to plant and animal life, to prevent damage to public and private property, to insure the continued enjoyment of the natural attractions of the State, to encourage the expansion of employment opportunities, to provide a permanent foundation for healthy industrial development and to secure for the people of North Carolina, now and in the future, the beneficial uses of these great natural resources. It is the intent of the General Assembly that the powers and duties of the Environmental Management Commission and the Department of Environment and Natural Resources be construed so as to enable the Department and the Commission to qualify to administer federally mandated programs of environmental management and to qualify to accept and administer funds from the federal government for such programs."

Section 2. G.S. 143-215.8B(a) reads as rewritten:

"(a) The Commission shall develop and implement a basinwide water quality management plan for each of the 17 major river basins in the State. In developing and implementing each plan, the Commission shall consider the cumulative impacts of all of the following:

(1) All activities across a river basin and all point sources and nonpoint sources of pollutants, including municipal wastewater facilities, industrial wastewater systems, septic tank systems, stormwater management systems, golf courses, farms that use fertilizers and pesticides for crops, public and commercial lawns and gardens, atmospheric deposition, and animal operations.

(2) All transfers into and from a river basin that are required to be registered under G.S 143-215.22H."

Section 3. G.S. 143-215.22H reads as rewritten:

"**§ 143-215.22H. Registration of water withdrawals and transfers required.**

(a) Any person who withdraws ~~1,000,000~~ 100,000 gallons per day or more of water from the surface or groundwaters of the State or who transfers ~~1,000,000~~ 100,000 gallons per day or more of water from one river basin to another shall register the withdrawal or transfer with the Commission. A person registering a water withdrawal or transfer shall provide the Commission with the following information:

(1) The maximum daily amount of the water withdrawal or transfer expressed in ~~millions~~ thousands of gallons per day.

(1a) The monthly average withdrawal or transfer expressed in ~~millions~~ thousands of gallons per day.

(2) The location of the points of withdrawal and discharge and the capacity of each facility used to make the withdrawal or transfer.

(3) The monthly average discharge expressed in ~~millions~~ thousands of gallons per day.

(b) Any person initiating a new water withdrawal or transfer of ~~1,000,000~~ 100,000 gallons per day or more shall register the withdrawal or transfer with the Commission not later than six months after the initiation of the withdrawal or transfer. The information required under subsection (a) of this section shall be submitted with respect to the new withdrawal or transfer.

(b1) Subsections (a) and (b) of this section shall not apply to a person who withdraws or transfers less than 1,000,000 gallons per day of water for activities directly related or incidental to the production of crops, fruits, vegetables, ornamental and flowering plants, dairy products, livestock, poultry, and other agricultural products.

(c) A unit of local government that has completed a local water supply plan that meets the requirements of G.S. 143-355(l) and that has periodically revised and updated its plan as required by the Department has satisfied the requirements of this section and is not required to separately register a water withdrawal or transfer or to update a registration under this section.

(d) Any person who is required to register a water withdrawal or transfer under this section shall update the registration by providing the Commission with a current version of the information required by subsection (a) of this section at five-year intervals following the initial registration. A person who submits information to update a registration of a water withdrawal or transfer is not required to pay an additional registration fee under G.S. 143-215.3(a)(1a) and G.S. 143-215.3(a)(1b), but is subject to the late registration fee established under this section in the event that updated information is not submitted as required by this subsection.

(e) Any person who is required to register a water transfer or withdrawal under this section and fails to do so shall pay, in addition to the registration fee required under G.S. 143-215.3(a)(1a) and G.S. 143-215.3(a)(1b), a late registration fee of five dollars ($5.00) per day for each day the registration is late up to a maximum of five hundred dollars ($500.00). A person who is required to update a registration under this section and fails to do so shall pay a fee of five dollars ($5.00) per day for each day the updated information is late up to a maximum of five hundred dollars ($500.00). A late registration fee shall not be charged to a farmer who submits a registration that pertains to farming operations."

Section 4. G.S. 143-215.22I reads as rewritten:

"**§ 143-215.22I. Regulation of surface water transfers.**

(a) No person, without first securing a certificate from the Commission, may:

(1) Initiate a transfer of 2,000,000 gallons of water or more per day from one river basin to another.

(2) Increase the amount of an existing transfer of water from one river basin to another by twenty-five percent (25%) or more above the average daily amount transferred during the year ending July 1, 1993, if the total transfer including the increase is 2,000,000 gallons or more per day.

(3) Increase an existing transfer of water from one river basin to another above the amount approved by the Commission in a certificate issued under G.S. 162A-7 prior to July 1, 1993.

(b) Notwithstanding the provisions of subsection (a) of this section, a certificate shall not be required to transfer water from one river basin to another up to the full capacity of a facility to transfer water from one basin to another if the facility was existing or under construction on July 1, 1993.

(c) An applicant for a certificate shall petition the Commission for the certificate. The petition shall be in writing and shall include the following:

(1) A description of the facilities to be used to transfer the water, including the location and capacity of water intakes, pumps, pipelines, and other facilities.

(2) A description of the proposed uses of the water to be transferred.

(3) The water conservation measures to be used by the applicant to assure efficient use of the water and avoidance of waste.

(4) Any other information deemed necessary by the Commission for review of the proposed water transfer.

(d) Upon receipt of the petition, the Commission shall hold a public hearing on the proposed transfer after giving at least 30 days' written notice of the hearing as follows:

(1) By publishing notice in the North Carolina Register.

(2) By publishing notice in a newspaper of general circulation in the area of the river basin downstream from the point of withdrawal.

(3) By giving notice by first-class mail to each of the following:

a. A person who has registered under this Part a water withdrawal or transfer from the same river basin where the water for the proposed transfer would be withdrawn.

b. A person who secured a certificate under this Part for a water transfer from the same river basin where the water for the proposed transfer would be withdrawn.

c. A person holding a National Pollutant Discharge Elimination System (NPDES) wastewater discharge permit exceeding 100,000 gallons per day for a discharge located downstream from the proposed withdrawal point of the proposed transfer.

d. The board of county commissioners of each county that is located entirely or partially within the river basin that is the source of the proposed transfer.

e. The governing body of any public water supply system that withdraws water downstream from the withdrawal point of the proposed transfer.

(e) The notice of the public hearing shall include a nontechnical description of the applicant's request and a conspicuous statement in bold type as to the effects of the water transfer on the source and receiving river basins. The notice shall further

indicate the procedure to be followed by anyone wishing to submit comments on the proposed water transfer.

(f) In determining whether a certificate may be issued for the transfer, the Commission shall specifically consider each of the following items and state in writing its findings of fact with regard to each item:

(1) The necessity, reasonableness, and beneficial effects of the amount of surface water proposed to be transferred and its proposed uses.

(2) The present and reasonably foreseeable future detrimental effects on the source river basin, including present and future effects on public, industrial, and agricultural water supply needs, wastewater assimilation, water quality, fish and wildlife habitat, hydroelectric power generation, navigation, and recreation. Local water supply plans that affect the source major river basin shall be used to evaluate the projected future municipal water needs in the source major river basin.

(2a) The cumulative effect on the source major river basin of any water transfer or consumptive water use that, at the time the Commission considers the application for a certificate is occurring, is authorized under this section, or is projected in any local water supply plan that has been submitted to the Department in accordance with G.S. 143-355(l).

(3) The detrimental effects on the receiving river basin, including effects on water quality, wastewater assimilation, fish and wildlife habitat, navigation, recreation, and flooding.

(4) Reasonable alternatives to the proposed transfer, including their probable costs, and environmental impacts.

(5) If applicable to the proposed project, the applicant's present and proposed use of impoundment storage capacity to store water during high-flow periods for use during low-flow periods and the applicant's right of withdrawal under G.S. 143-215.44 through G.S. 143-215.50.

(6) If the water to be withdrawn or transferred is stored in a multipurpose reservoir constructed by the United States Army Corps of Engineers, the purposes and water storage allocations established for the reservoir at the time the reservoir was authorized by the Congress of the United States.

(7) Any other facts and circumstances that are reasonably necessary to carry out the purposes of this Part.

(f1) An environmental assessment as defined by G.S. 113A-9(1) shall be prepared for any petition for a certificate under this section. The determination of whether an environmental impact statement shall also be required shall be made in accordance with the provisions of Article 1 of Chapter 113A of the General Statutes. The applicant who petitions the Commission for a certificate under this section shall pay

the cost of special studies necessary to comply with Article 1 of Chapter 113A of the General Statutes.

(g) A certificate shall be granted for a water transfer if the applicant establishes and the Commission concludes by a preponderance of the evidence based upon the findings of fact made under subsection (f) of this section that: (i) the benefits of the proposed transfer outweigh the detriments of the proposed transfer, and (ii) the detriments have been or will be mitigated to a reasonable degree. The conditions necessary to ensure that the detriments are and continue to be mitigated to a reasonable degree shall be attached to the certificate in accordance with subsection (h) of this section.

(h) The Commission may grant the certificate in whole or in part, or deny the certificate. The Commission may also grant a certificate with any conditions attached that the Commission believes are necessary to achieve the purposes of this Part. The conditions may include mitigation measures proposed to minimize any detrimental effects of the proposed transfer and measures to protect the availability of water in the source river basin during a drought or other emergency. The certificate shall include a drought management plan that specifies how the transfer shall be managed to protect the source river basin during drought conditions. The certificate shall indicate the maximum amount of water that may be transferred. No person shall transfer an amount of water that exceeds the amount in the certificate.

(i) In cases where an applicant requests approval to increase a transfer that existed on July 1, 1993, the Commission shall have authority to approve or disapprove only the amount of the increase. If the Commission approves the increase, however, the certificate shall be issued for the amount of the existing transfer plus the requested increase. Certificates for transfers approved by the Commission under G.S. 162A-7 shall remain in effect as approved by the Commission and shall have the same effect as a certificate issued under this Part.

(j) In the case of water supply problems caused by drought, a pollution incident, temporary failure of a water plant, or any other temporary condition in which the public health requires a transfer of water, the Secretary of the Department of Environment and Natural Resources may grant approval for a temporary transfer. Prior to approving a temporary transfer, the Secretary of the Department of Environment and Natural Resources shall consult with those parties listed in G.S. 143-215.22I(d)(3) that are likely to be affected by the proposed transfer. However, the Secretary of the Department of Environment and Natural Resources shall not be required to satisfy the public notice requirements of this section or make written findings of fact and conclusions in approving a temporary transfer under this subsection. If the Secretary of the Department of Environment and Natural Resources approves a temporary transfer under this subsection, the Secretary shall specify conditions to protect other water users. A temporary transfer shall not exceed six months in duration, but the approval may be renewed for a period of six months by the Secretary of the Department of Environment and Natural Resources based on demonstrated need as set forth in this subsection.

(k) The substantive restrictions and conditions upon surface water transfers authorized in this section may be imposed pursuant to any federal law that permits the State to certify, restrict, or condition any new or continuing transfers or related activities licensed, relicensed, or otherwise authorized by the federal government.

(l) When any transfer for which a certificate was issued under this section equals eighty percent (80%) of the maximum amount authorized in the certificate, the applicant shall submit to the Department a detailed plan that specifies how the applicant intends to address future foreseeable water needs. If the applicant is required to have a local water supply plan, then this plan shall be an amendment to the local water supply plan required by G.S. 143-355(l). When the transfer equals ninety percent (90%) of the maximum amount authorized in the certificate, the applicant shall begin implementation of the plan submitted to the Department.

(m) It is the public policy of the State to maintain, protect, and enhance water quality within North Carolina. Further, it is the public policy of the State that the cumulative impact of transfers from a source river basin shall not result in a violation of the antidegradation policy set out in 40 Code of Federal Regulations § 131.12 (1 July 1997 Edition) and the statewide antidegradation policy adopted pursuant thereto."

Section 5. G.S. 143-355(l) reads as rewritten:

"(l) Each unit of local government that provides public water ~~services~~ service or that plans to provide public water service shall, either individually or together with other units of local government, prepare a local water supply plan and submit it to the Department. The Department shall provide technical assistance with the preparation of plans to units of local government upon request and to the extent that the Department has resources available to provide assistance. At a minimum, local units of government shall include in local water supply plans all information that is readily available to them. ~~However this subsection shall be construed to require the preparation of local water supply plans only to the extent that technical assistance is made available to units of local government from the Department.~~ Plans shall include present and projected population, industrial development, ~~and~~ water use within the service area, present and future water supplies, an estimate of the technical assistance that may be needed at the local level to address projected water needs, and any other related information as the Department may require in the preparation of a State water supply plan. Local plans shall be revised to reflect changes in relevant data and projections at least once each five years unless the Department requests more frequent revisions. The revised plan shall include the current and anticipated reliance by the local government unit on surface water transfers as defined by G.S. 143-215.22G. Local plans and revised plans shall be submitted to the Department once they have been approved by the unit(s) of local government."

Section 6. Article 1 of Chapter 113A of the General Statutes is amended by adding a new section to read:

"**§ 113A-8.1. Surface water transfers.**

An environmental assessment shall be prepared for any transfer for which a petition is filed in accordance with G.S. 143-215.22I. The determination of whether

an environmental impact statement is needed with regard to the proposed transfer shall be made in accordance with the provisions of this Article."

Section 7. By 1 January 1999, each unit of local government that provides public water service or that plans to provide public water service shall, either individually or together with other units of local government, prepare a local water supply plan and submit it to the Department in compliance with G.S. 143-355(l). By 1 January 2000, the Department of Environment and Natural Resources shall develop a State water supply plan in compliance with G.S. 143-355(m). The Department shall identify in the plan any area in the State that appears to face existing or future water shortages, conflicts among water users, or depletion of water resources and shall review the plan at least every five years thereafter to determine whether any other areas are facing these problems within a 10-year period from the date of review.

Section 8. Section 3 of this act becomes effective 1 March 2000. Any person who is required to register a water withdrawal or transfer as a result of the amendments to G.S. 143-215.22H made by Section 3 of this act shall provide the information required by G.S. 143-215.22H(a) on the basis of water withdrawn or transferred during the 1999 calendar year. All other sections of this act become effective 1 October 1998 and apply to any application for a certificate submitted pursuant to G.S. 143-215.22I, as amended by Section 4 of this act, on or after that date.

MEMORANDUM

September 1, 1998

TO: House Committee on Finance

FROM: Rick Zechini, House Environment Committee Counsel
Jeff Hudson, House Environment Committee Counsel

SUBJECT: Senate Bill 1299 (Interbasin Transfer Amendments), Third Edition

Chapter 483 of the 1997 Session Laws (1997 Studies Bill) authorized, and Chapter 524 of the 1997 Session Laws (Amend Interbasin Transfers) directed, the Environmental Review Commission (ERC) to study issues related to interbasin transfers. On December 22, 1997, the ERC heard a presentation by the Division of Water Resources in the Department of Environment and Natural Resources on the transfer of surface water between river basins in the State. During the May 4, 1998 meeting of the ERC, Senator Betsy Cochrane presented a legislative proposal that would amend the statutes governing interbasin transfers and water use planning. This proposal was recommended by the ERC and introduced by Senator Cochrane in the Senate as Senate Bill 1299 and by Representative Dewey Hill in the House of Representatives as House Bill 1473.

Senate Bill 1299 (Interbasin Transfer Amendments), Third Edition

Section 1 amends the public policy statement in the water and air resources statutes to provide that it is the public policy of the State to maintain, protect, and enhance water quality within North Carolina and that the cumulative impact of transfers from a source river basin shall not result in a violation of the antidegredation policy set out in 40 Code of Federal Regulations Section 131.12 (July 1, 1997 edition) and the statewide antidegredation policy adopted pursuant to the federal regulations.

Section 2 requires the Environmental Management Commission (Commission) to consider all transfers into and from a river basin that are required to be registered under G.S. 143-215.22H in developing and implementing basinwide water quality management plans.

Section 3 reduces the threshold volume of a withdrawal or transfer requiring registration to 100,000 gallons per day from 1,000,000 gallons per day. A person withdrawing 100,000 gallons per day or more from the surface or groundwaters of the State or who transfers 100,000 gallons per day

or more from one river basin to another must register the withdrawal or transfer with the Commission.

Section 3 also provides that the registration requirement does not apply to a person who withdraws or transfers less than 1,000,000 gallons per day of water for activities directly related or incidental to the production of crops, fruits, vegetables, ornamental and flowering plants, dairy products, livestock, poultry, and other agricultural products.

Section 4 makes various amendments to G.S. 143-215.22I (Registration of Surface Water Transfers) that:

- Direct the Commission, in determining whether to issue a certificate for a transfer, to consider the local water supply plans that affect the source major river basin to evaluate the projected future municipal water needs in the source major river basin.
- Require the Commission to consider the cumulative effect on the source major river basin of any water transfer or consumptive water use that, at the time the Commission considers the application for a certificate is occurring, is authorized, or is projected in any local water supply plan that has been submitted to the Department of Environment and Natural Resources (DENR).
- Require the preparation of an environmental assessment for any petition for a transfer certificate. The determination of whether an environmental impact statement is required shall be made in accordance with the provisions of the State Environmental Policy Act. An applicant who petitions the Commission for a certificate under this section must pay the cost of special studies necessary to comply with the State Environmental Policy Act.
- Require that a certificate must include a drought management plan that specifies how the transfer will be managed to protect the source river basin during drought conditions.
- Require that when a transfer for which a certificate was issued equals eighty percent (80%) of the maximum amount authorized in the certificate, the applicant must submit to DENR a detailed plan that specifies how the applicant intends to address future foreseeable water needs. If the applicant is required to have a local water supply plan, then the detailed plan on future water needs shall be an amendment to the local water supply plan. When the transfer equals ninety percent (90%) of the maximum amount authorized in the certificate, the applicant must begin implementation of the plan.
- Provide that it is the public policy of the State to maintain, protect, and enhance water quality within North Carolina and that the cumulative impacts of transfers from a source river basin shall not result in a violation of the antidegredation policy set out in 40 Code of Federal Regulations Section 131.12 (July 1, 1997 edition) and the statewide antidegredation policy adopted pursuant thereto.

Section 5 repeals language that provides that units of local government are required to prepare local water supply plans only to the extent that technical assistance is available from DENR. In addition, Section 5 adds the requirement that a revised local water supply plan must include the current and anticipated reliance by the local government unit on surface water transfers.

Section 6 requires the preparation of an environmental assessment for any transfer for which a petition is filed in accordance with G.S. 143-215.22I. The determination of whether an environmental impact statement is needed with regard to the proposed transfer shall be made in accordance with the provisions of the State Environmental Policy Act.

Section 7 requires each unit of local government that provides public water service or that plans to provide public water service to prepare, either individually or together with other units of local government, a local water supply plan and submit it to DENR by January 1, 1999. Section 7 also requires DENR to develop a State water supply plan by January 1, 2000. DENR must identify in the plan any area in the State that appears to face existing or future water shortages, conflicts among water users, or depletion of water resources and must review the plan at least every five years thereafter to determine whether any other areas are facing these problems within a ten year period from the date of review.

Section 8 makes Section 3 of this act effective March 1, 2000. A person who is required to register a water withdrawal or transfer as a result of the amendments to G.S. 143-215.22H(a) made by Section 3 of this act must provide the information required by G.S. 143-215.22H(a) on the basis of water withdrawn or transferred during the 1999 calendar year. All other sections of this act become effective October 1, 1998, and apply to any application for a certificate submitted pursuant to G.S. 143-215.22I, as amended by Section 4 of this act, on or after that date.

EFFECTIVE DATE: Section 3 of the bill is effective March 1, 2000. All other sections are effective October 1, 1998.

BILL SUMMARY: S 1299. INTERBASIN TRANSFER AMENDMENTS (=H 1473). *TO AMEND THE LAWS REGARDING THE WITHDRAWAL AND TRANSFER OF SURFACE WATERS AND THE STATE WATER SUPPLY PLAN.* Amends GS 143-211 to declare state policy that cumulative impact of transfers from source river basin not degrade water quality of that basin or diminish its assimilative capacity. Amends GS 143-215.8B to require Environmental Management Commission (EMC), in developing basinwide water quality plans, to consider cumulative impacts of all transfers into and out of basin. Amends GS 143-215.22H, which requires registration of water basin withdrawals or transfers, to reduce from 1 million gallons per day to 100,000 gallons per day the threshold for registering. Amends GS 143-215.22I (regulating surface water transfers) to: (1) require EMC, in determining whether to issue certificate for transfer, to consider local water supply plans in source major river basin and use them to evaluate projected future municipal water needs in that basin; (2) require environmental assessment under GS 113A-8.1 (which is enacted by this bill) for any petition for certificate under that section; (3) require any certificate under GS 113-8.1 to include drought management plan; and (4) direct any applicant with certificate, when transfers equal 80% of maximum

allowed under certificate, to submit to Department of Environment and Natural Resources (DENR) plan stating how applicant intends to address future foreseeable water needs, and to require implementation of plan when transfers equal 90% of maximum. Amends GS 143-355(l) to require that local government water supply plans include current and anticipated reliance on surface water transfers; requires such plans by Jan. 1, 1999. Directs DENR to develop state water supply plan by Jan. 1, 2000. Effective October 1, 1998. [1]

SENATE AGRICULTURE/ENVIRONMENT/NATURAL RESOURCES COMMITTEE SUBSTITUTE:
The Senate committee substitute makes the following changes to 1st edition. (1) Adds to statement of state's public policy, in GS 143-211(b) and 143-215.22I(m), that cumulative impact of transfers from source river basin must not result in violation of antidegradation policy set out in 40 CFR sec. 131.12 and the statewide antidegradation policy adopted pursuant to that federal policy. (2) Amends GS 143-215.8B(a) to require EMC, in developing water quality management plans for major river basins in state, to consider impacts of all transfers into and from a river basin that must be registered under GS 143-215.22H. (3) Adds GS 143-215.22H(b1) to exempt from specified registration requirements person who withdraws or transfers less than 1 million gallons per day of water for activities related to agriculture. (4) Adds GS 143-215.22I(f)(2a) to add, as factor that EMC must consider in deciding whether to issue a certificate for a water transfer, the cumulative effect on the river basin of any water transfer or use that is already occurring, is authorized under GS 143-215.11I, or is projected in any local water supply plan submitted to DENR. Revises proposed GS 143-215.22I(f1) to make clear that applicant who petitions EMC for water transfer certificate must pay the cost of special studies necessary to comply with GS Chapter 113A, Article 1 (Environmental Policy Act provisions concerning assessments of environmental impacts). Rewrites proposed GS 143-215.22I(l) to provide that if applicant must submit plan regarding future water needs to DENR and applicant must have local water supply plan, then plan submitted to DENR must be amendment to local water supply plan required by GS 143-355(l). (5) Requires that DENR, in its state water supply plan, identify any areas of state that face water shortages, conflicts among water users, or depletion of water resources; and that it review plan every five years thereafter to determine whether any other areas are facing such problems within 10 years from date of review. (6) Makes amendments to GS 143-215.22H (registration of water withdrawals and transfers) effective March 1, 2000. Requires that person who must register withdrawal or transfer as result of amendments to GS 143-215.22H provide information required by subsection (a) of that statute on basis of water withdrawn or transferred during 1999. Other provisions of act are effective Oct. 1, 1998. [2]

HOUSE ENVIRONMENT COMMITTEE SUBSTITUTE:
The House committee substitute makes technical changes only.[3]

ASSUMPTIONS AND METHODOLOGY:
Current law requires water withdrawals and transfers from the State's surface or groundwaters of 1,000,000 gallons per day (gpd) or more to be registered with the Environmental Management

Commission. The Division of Water Resources employs an Engineer I who spends 25% of his time managing approximately 380 registered withdrawals for both farming and non-farming operations. Farming operations include crop irrigation, fish farming, and animal farming; non-farming operations include public water systems, industries, and golf courses. There is a $50 one time registration fee for water withdrawals for non-farming operations. Farming operations are exempted by law from this fee, but are still required to submit registrations to the department. Applicants who update their water withdrawal/transfer registration are not required to submit additional registration fees, but are subject to late fees pursuant to G.S. 143-215.22H(e).

As currently written, Senate Bill 1299 proposes to change the registration threshold requirement for water basin withdrawals and transfers from 1,000,000 gallons per day (gpd) to 100,000 gpd. The Division of Water Resources estimates that lowering the threshold could potentially add over 2,300 new water users, both farming (2,000) and non-farming (300) to the registration directory. The bill further adds language to G.S. 143-215.22H(a)(3) to exempt farming-related activities that withdraw or transfer less that 1,000,000 gpd of water from registration requirements.

The estimated 300 non-farming operations would begin registration March 1 of FY 1999-2000. These operations would provide a maximum of $15,000 in revenues to offset any new costs associated with registration requirements (300 non-farming operations X $50 registration fee) in the first year, assuming that all new non-farming operations register between March 1 and June 30 of 2000. Any operation that initiates new transfers or withdrawals of 100,000 gpd or more must register within six months of initiating a withdrawal or transfer. It is anticipated that in each subsequent fiscal year, an additional 10 non-farming registrations will come on line, providing $500 in revenues (10 registrations X $50 registration fee).

Additional Changes

Under the proposed changes to G.S. 143-215.22I, applicants who petition the Environmental Management Commission for a certificate to transfer water from one river basin to another must pay the costs of an environmental assessment. The changes proposed under this section conform to current departmental practices. DENR utilizes existing resources to cover the costs associated with environmental assessments, and asks certificate petitioners to cover costs incurred for major studies. The cost would vary from applicant to applicant depending upon the technical nature of the study required.

A BILL TO BE ENTITLED

AN ACT TO AMEND THE LAWS REGARDING THE WITHDRAWAL AND TRANSFER OF SURFACE WATERS AND THE STATE WATER SUPPLY PLAN.

The General Assembly of North Carolina enacts:

Section 1. G.S. 143-211 reads as rewritten:

"**§ 143-211. Declaration of public policy.**

(a) It is hereby declared to be the public policy of this State to provide for the conservation of its water and air resources. Furthermore, it is the intent of the General Assembly, within the context of this Article and Articles 21A and 21B of this Chapter, to achieve and to maintain for the citizens of the State a total environment of superior quality. Recognizing that the water and air resources of the State belong to the people, the General Assembly affirms the State's ultimate responsibility for the preservation and development of these resources in the best interest of all its citizens and declares the prudent utilization of these resources to be essential to the general welfare.

(b) It is the public policy of the State to maintain, protect, and enhance water quality within North Carolina. Further, it is the public policy of the State that the cumulative impact of transfers from a source river basin shall not result in a violation of the antidegradation policy set out in 40 Code of Federal Regulations § 131.12 (1 July 1997 Edition) and the statewide antidegradation policy adopted pursuant thereto.

(c) It is the purpose of this Article to create an agency which shall administer a program of water and air pollution control and water resource management. It is the intent of the General Assembly, through the duties and powers defined herein, to confer such authority upon the Department of Environment and Natural Resources as shall be necessary to administer a complete program of water and air conservation, pollution abatement and control and to achieve a coordinated effort of pollution abatement and control with other jurisdictions. Standards of water and air purity shall be designed to protect human health, to prevent injury to plant and animal life, to prevent damage to public and private property, to insure the continued enjoyment of the natural attractions of the State, to encourage the expansion of employment opportunities, to provide a permanent foundation for healthy industrial development and to secure for the people of North Carolina, now and in the future, the beneficial uses of these great natural resources. It is the intent of the General Assembly that the powers and duties of the Environmental Management Commission and the Department of Environment and Natural Resources be construed so as to enable the Department and the Commission to qualify to administer federally mandated programs of environmental management and to qualify to accept and administer funds from the federal government for such programs."

Section 2. G.S. 143-215.8B(a) reads as rewritten:

"(a) The Commission shall develop and implement a basinwide water quality management plan for each of the 17 major river basins in the State. In developing and implementing each plan, the Commission shall consider the cumulative impacts of all of the following:

(1) All activities across a river basin and all point sources and nonpoint sources of pollutants, including municipal wastewater facilities, industrial wastewater systems, septic tank systems, stormwater management systems, golf courses, farms that use fertilizers and pesticides for crops, public and commercial lawns and gardens, atmospheric deposition, and animal operations.

(2) All transfers into and from a river basin that are required to be registered under G.S 143-215.22H."

Section 3. G.S. 143-215.22H reads as rewritten:

"**§ 143-215.22H. Registration of water withdrawals and transfers required.**

(a) Any person who withdraws ~~1,000,000~~ 100,000 gallons per day or more of water from the surface or groundwaters of the State or who transfers ~~1,000,000~~ 100,000 gallons per day or more of water from one river basin to another shall register the withdrawal or transfer with the Commission. A person registering a water withdrawal or transfer shall provide the Commission with the following information:

(1) The maximum daily amount of the water withdrawal or transfer expressed in ~~millions~~ thousands of gallons per day.

(1a) The monthly average withdrawal or transfer expressed in ~~millions~~ thousands of gallons per day.

(2) The location of the points of withdrawal and discharge and the capacity of each facility used to make the withdrawal or transfer.

(3) The monthly average discharge expressed in ~~millions~~ thousands of gallons per day.

(b) Any person initiating a new water withdrawal or transfer of ~~1,000,000~~ 100,000 gallons per day or more shall register the withdrawal or transfer with the Commission not later than six months after the initiation of the withdrawal or transfer. The information required under subsection (a) of this section shall be submitted with respect to the new withdrawal or transfer.

(b1) Subsections (a) and (b) of this section shall not apply to a person who withdraws or transfers less than 1,000,000 gallons per day of water for activities directly related or incidental to the production of crops, fruits, vegetables, ornamental and flowering plants, dairy products, livestock, poultry, and other agricultural products.

(c) A unit of local government that has completed a local water supply plan that meets the requirements of G.S. 143-355(l) and that has periodically revised and updated its plan as required by the Department has satisfied the requirements of this section and is not required to separately register a water withdrawal or transfer or to update a registration under this section.

(d) Any person who is required to register a water withdrawal or transfer under this section shall update the registration by providing the Commission with a current version of the information required by subsection (a) of this section at five-year intervals following the initial registration. A person who submits information to update a registration of a water withdrawal or transfer is not required to pay an additional registration fee under G.S. 143-215.3(a)(1a) and G.S. 143-215.3(a)(1b), but is subject to the late registration fee established under this section in the event that updated information is not submitted as required by this subsection.

(e) Any person who is required to register a water transfer or withdrawal under this section and fails to do so shall pay, in addition to the registration fee required under G.S. 143-215.3(a)(1a) and G.S. 143-215.3(a)(1b), a late registration fee of five dollars ($5.00) per day for each day the registration is late up to a maximum of five hundred dollars ($500.00). A person who is required to update a registration under this section and fails to do so shall pay a fee of five dollars ($5.00) per day for each day the updated information is late up to a maximum of five hundred dollars ($500.00). A late registration fee shall not be charged to a farmer who submits a registration that pertains to farming operations."

Section 4. G.S. 143-215.22I reads as rewritten:

"**§ 143-215.22I. Regulation of surface water transfers.**

(a) No person, without first securing a certificate from the Commission, may:

(1) Initiate a transfer of 2,000,000 gallons of water or more per day from one river basin to another.

(2) Increase the amount of an existing transfer of water from one river basin to another by twenty-five percent (25%) or more above the average daily amount transferred during the year ending July 1, 1993, if the total transfer including the increase is 2,000,000 gallons or more per day.

(3) Increase an existing transfer of water from one river basin to another above the amount approved by the Commission in a certificate issued under G.S. 162A-7 prior to July 1, 1993.

(b) Notwithstanding the provisions of subsection (a) of this section, a certificate shall not be required to transfer water from one river basin to another up to the full capacity of a facility to transfer water from one basin to another if the facility was existing or under construction on July 1, 1993.

(c) An applicant for a certificate shall petition the Commission for the certificate. The petition shall be in writing and shall include the following:

(1) A description of the facilities to be used to transfer the water, including the location and capacity of water intakes, pumps, pipelines, and other facilities.

(2) A description of the proposed uses of the water to be transferred.

(3) The water conservation measures to be used by the applicant to assure efficient use of the water and avoidance of waste.

(4) Any other information deemed necessary by the Commission for review of the proposed water transfer.

(d) Upon receipt of the petition, the Commission shall hold a public hearing on the proposed transfer after giving at least 30 days' written notice of the hearing as follows:

(1) By publishing notice in the North Carolina Register.

(2) By publishing notice in a newspaper of general circulation in the area of the river basin downstream from the point of withdrawal.

(3) By giving notice by first-class mail to each of the following:

a. A person who has registered under this Part a water withdrawal or transfer from the same river basin where the water for the proposed transfer would be withdrawn.

b. A person who secured a certificate under this Part for a water transfer from the same river basin where the water for the proposed transfer would be withdrawn.

c. A person holding a National Pollutant Discharge Elimination System (NPDES) wastewater discharge permit exceeding 100,000 gallons per day for a discharge located downstream from the proposed withdrawal point of the proposed transfer.

d. The board of county commissioners of each county that is located entirely or partially within the river basin that is the source of the proposed transfer.

e. The governing body of any public water supply system that withdraws water downstream from the withdrawal point of the proposed transfer.

(e) The notice of the public hearing shall include a nontechnical description of the applicant's request and a conspicuous statement in bold type as to the effects of the water transfer on the source and receiving river basins. The notice shall further

indicate the procedure to be followed by anyone wishing to submit comments on the proposed water transfer.

(f) In determining whether a certificate may be issued for the transfer, the Commission shall specifically consider each of the following items and state in writing its findings of fact with regard to each item:

(1) The necessity, reasonableness, and beneficial effects of the amount of surface water proposed to be transferred and its proposed uses.

(2) The present and reasonably foreseeable future detrimental effects on the source river basin, including present and future effects on public, industrial, and agricultural water supply needs, wastewater assimilation, water quality, fish and wildlife habitat, hydroelectric power generation, navigation, and recreation. Local water supply plans that affect the source major river basin shall be used to evaluate the projected future municipal water needs in the source major river basin.

(2a) The cumulative effect on the source major river basin of any water transfer or consumptive water use that, at the time the Commission considers the application for a certificate is occurring, is authorized under this section, or is projected in any local water supply plan that has been submitted to the Department in accordance with G.S. 143-355(l).

(3) The detrimental effects on the receiving river basin, including effects on water quality, wastewater assimilation, fish and wildlife habitat, navigation, recreation, and flooding.

(4) Reasonable alternatives to the proposed transfer, including their probable costs, and environmental impacts.

(5) If applicable to the proposed project, the applicant's present and proposed use of impoundment storage capacity to store water during high-flow periods for use during low-flow periods and the applicant's right of withdrawal under G.S. 143-215.44 through G.S. 143-215.50.

(6) If the water to be withdrawn or transferred is stored in a multipurpose reservoir constructed by the United States Army Corps of Engineers, the purposes and water storage allocations established for the reservoir at the time the reservoir was authorized by the Congress of the United States.

(7) Any other facts and circumstances that are reasonably necessary to carry out the purposes of this Part.

(f1) An environmental assessment as defined by G.S. 113A-9(1) shall be prepared for any petition for a certificate under this section. The determination of whether an environmental impact statement shall also be required shall be made in accordance with the provisions of Article 1 of Chapter 113A of the General Statutes. The applicant who petitions the Commission for a certificate under this section shall pay

the cost of special studies necessary to comply with Article 1 of Chapter 113A of the General Statutes.

(g) A certificate shall be granted for a water transfer if the applicant establishes and the Commission concludes by a preponderance of the evidence based upon the findings of fact made under subsection (f) of this section that: (i) the benefits of the proposed transfer outweigh the detriments of the proposed transfer, and (ii) the detriments have been or will be mitigated to a reasonable degree. The conditions necessary to ensure that the detriments are and continue to be mitigated to a reasonable degree shall be attached to the certificate in accordance with subsection (h) of this section.

(h) The Commission may grant the certificate in whole or in part, or deny the certificate. The Commission may also grant a certificate with any conditions attached that the Commission believes are necessary to achieve the purposes of this Part. The conditions may include mitigation measures proposed to minimize any detrimental effects of the proposed transfer and measures to protect the availability of water in the source river basin during a drought or other emergency. The certificate shall include a drought management plan that specifies how the transfer shall be managed to protect the source river basin during drought conditions. The certificate shall indicate the maximum amount of water that may be transferred. No person shall transfer an amount of water that exceeds the amount in the certificate.

(i) In cases where an applicant requests approval to increase a transfer that existed on July 1, 1993, the Commission shall have authority to approve or disapprove only the amount of the increase. If the Commission approves the increase, however, the certificate shall be issued for the amount of the existing transfer plus the requested increase. Certificates for transfers approved by the Commission under G.S. 162A-7 shall remain in effect as approved by the Commission and shall have the same effect as a certificate issued under this Part.

(j) In the case of water supply problems caused by drought, a pollution incident, temporary failure of a water plant, or any other temporary condition in which the public health requires a transfer of water, the Secretary of the Department of Environment and Natural Resources may grant approval for a temporary transfer. Prior to approving a temporary transfer, the Secretary of the Department of Environment and Natural Resources shall consult with those parties listed in G.S. 143-215.22I(d)(3) that are likely to be affected by the proposed transfer. However, the Secretary of the Department of Environment and Natural Resources shall not be required to satisfy the public notice requirements of this section or make written findings of fact and conclusions in approving a temporary transfer under this subsection. If the Secretary of the Department of Environment and Natural Resources approves a temporary transfer under this subsection, the Secretary shall specify conditions to protect other water users. A temporary transfer shall not exceed six months in duration, but the approval may be renewed for a period of six months by the Secretary of the Department of Environment and Natural Resources based on demonstrated need as set forth in this subsection.

(k) The substantive restrictions and conditions upon surface water transfers authorized in this section may be imposed pursuant to any federal law that permits the State to certify, restrict, or condition any new or continuing transfers or related activities licensed, relicensed, or otherwise authorized by the federal government.

(l) When any transfer for which a certificate was issued under this section equals eighty percent (80%) of the maximum amount authorized in the certificate, the applicant shall submit to the Department a detailed plan that specifies how the applicant intends to address future foreseeable water needs. If the applicant is required to have a local water supply plan, then this plan shall be an amendment to the local water supply plan required by G.S. 143-355(l). When the transfer equals ninety percent (90%) of the maximum amount authorized in the certificate, the applicant shall begin implementation of the plan submitted to the Department.

(m) It is the public policy of the State to maintain, protect, and enhance water quality within North Carolina. Further, it is the public policy of the State that the cumulative impact of transfers from a source river basin shall not result in a violation of the antidegradation policy set out in 40 Code of Federal Regulations § 131.12 (1 July 1997 Edition) and the statewide antidegradation policy adopted pursuant thereto. It is also the public policy of this State that regulation of the transfer of surface waters from one river basin to another be implemented on a uniform basis throughout the State. It is therefore the public policy of this State that a transfer of water from one river basin to another for which a certificate is either issued or not required under this section not be subject to regulation or limitation by a local ordinance or by contract. A local ordinance or contract provision that regulates or limits a transfer of surface water from one river basin to another is void."

Section 5. G.S. 143-355(l) reads as rewritten:

"(l) Each unit of local government that provides public water ~~services~~ service or that plans to provide public water service shall, either individually or together with other units of local government, prepare a local water supply plan and submit it to the Department. The Department shall provide technical assistance with the preparation of plans to units of local government upon request and to the extent that the Department has resources available to provide assistance. At a minimum, local units of government shall include in local water supply plans all information that is readily available to them. ~~However this subsection shall be construed to require the preparation of local water supply plans only to the extent that technical assistance is made available to units of local government from the Department.~~ Plans shall include present and projected population, industrial development, ~~and~~ water use within the service area, present and future water supplies, an estimate of the technical assistance that may be needed at the local level to address projected water needs, and any other related information as the Department may require in the preparation of a State water supply plan. Local plans shall be revised to reflect changes in relevant data and projections at least once each five years unless the Department requests more frequent revisions. The revised plan shall include the current and anticipated reliance by the local government unit on surface water transfers as defined by G.S.

143-215.22G. Local plans and revised plans shall be submitted to the Department once they have been approved by the unit(s) of local government."

Section 6. Article 1 of Chapter 113A of the General Statutes is amended by adding a new section to read:

"**§ 113A-8.1. Surface water transfers.**

An environmental assessment shall be prepared for any transfer for which a petition is filed in accordance with G.S. 143-215.22I. The determination of whether an environmental impact statement is needed with regard to the proposed transfer shall be made in accordance with the provisions of this Article."

Section 7. By 1 January 1999, each unit of local government that provides public water service or that plans to provide public water service shall, either individually or together with other units of local government, prepare a local water supply plan and submit it to the Department in compliance with G.S. 143-355(l). By 1 January 2000, the Department of Environment and Natural Resources shall develop a State water supply plan in compliance with G.S. 143-355(m). If no specimen is on file in the Department, the Secretary must require that the document be authenticated by an official for whom the Department does have a specimen. The Secretary must also verify the official's authority to perform a particular act when the law of a foreign jurisdiction requires it to be verified before it will recognize the authenticity of the document. The Secretary may examine not only the document for which a certificate is requested, but also any documents to which the previous seals or other certifications may have been affixed by other authorities. The Secretary may request any additional information that may be necessary to establish that the requested certificate will serve the interests of justice and is not contrary to public policy, including a certified or notarized English translation of document text in a foreign language.

EXPENDITURES					
POSITIONS: NA					

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: Secretary of State

EFFECTIVE DATE: July 1, 1998

BILL SUMMARY:

Amends G.S. 10A-2 to specify that one of the chapter's purposes is to prevent fraud and forgery. Amends G.S. 10A-4 to require payment of a $50 fee to be certified to teach a course of study for notaries public, and to renew certification. Adds director and employees of the Notary Division of the Department of the Secretary of State to existing exemption from certain instructor certification requirements. Amends G.S. 10A-15 to permit director and employees of the Notary Division to act as notaries public by virtue of their employment by the Secretary of State, and to allow them to certify their notarial acts under the Secretary of State's seal. Amends G.S. 10A-4 (c) to specify that the Secretary of State may deny an application for commission or recommission as a notary if applicant has been convicted of a felony. Amends G.S. 10A-11 to add to and clarify specifications for notary seals. Amends G.S. 10A-16 to validate various notarial acts performed before October 1, 1998, and to clarify and add to the acts that are covered by the validation.

ASSUMPTIONS AND METHODOLOGY:
The number of initial certifications to teach a course of study for notaries public and the certification renewals to teach the courses are represented below by the single figures for the 1993-94 through the 1997-98 (projected) fiscal years:

1993-94	1994-95	1995-96	1996-97	1997-98 (est.)
43	47	50	52	55

Senate Bill 1552 authorizes the Secretary of State to charge a $50 fee for each initial certification and renewal to teach a course of study for notaries public. Relying on the experience from 1993-94 to 1996-97, we estimate an average annual increase of 3 individuals to the total number of individuals receiving initial certification and/or certification renewal. The following numbers (by fiscal year) represent the projected number of certifications and renewals in the out years:

1998-99	1999-00	2000-01	2001-02	2002-03
58	61	64	67	70

We simply multiply the projected numbers of initial certificates and renewals (above) times the $50 fee (authorized by the bill) to get the revenue projections by fiscal year reflected in the **FISCAL IMPACT** section of this note.

EXPLANATION OF SENATE BILL 1552:
Proposed House Committee Substitute
Changes to the Notary Public Act

TO: House Finance Committee
FROM: Cindy Avrette, Committee Counsel
DATE: August 24, 1998
SPONSOR: Senator Kerr

Senate Bill 1552 does the following:

- Makes several changes to the Notary Public Act.
- Makes changes to the law concerning the recordation of maps.
- Gives the Secretary of State the authority to authenticate documents. The Office of the Secretary of State currently issues certificates of authentication even though it does not have the specific statutory authority to do so.
- **The proposed House Finance Committee Substitute** adds two sections to the bill (Sections 14 and 15) to provide a curative provision for corporations and LLCs that are delinquent in filing their corporate annual reports. The provision was added at the request of the sponsor of the bill and the Secretary of State's office.

Changes to the Notary Public Act

Sections 1 through 9 contain the changes to the Notary Public Act:

- Section 1 states that one of the purposes of the Notary Public Act is to prevent fraud and perjury.
- Section 2 adds the words "Director" and "Secretary" to the list of terms defined in the Act.
- Section 3 makes five changes to G.S. 10A-4. It provides that the Secretary may deny a notary commission or re-commission to a person who has been convicted of a felony. The Secretary currently denies an applicant a notary commission if the applicant has been convicted of a felony and the applicant's rights have not been restored. Article VI, Sec. 8 of the North Carolina Constitution says that a felon may not hold an office in this State. The Secretary considers a notary an office holder for purposes of this Constitutional provision.

  Second, it imposes a $50 fee for certification and re-certification as a notary instructor. Currently, there is no fee charged for this certification, which lasts for two years. The fee would assist in defraying the costs associated with teaching the instructor's course.

  Third, it exempts the Director of the Notary Section of the Department of

the Office of the Secretary of State from having to have six months of active experience as a notary public and from maintaining a current commission as a notary public to be certified as a notary public instructor.

Fourth, this section provides that registers of deeds, clerks of courts, and the Director of the Notary Section of the Department of the Secretary of State do not have to pay this $50 fee to be certified as an instructor.

Lastly, it removes the requirement that an applicant obtain the recommendation of one publicly elected official in North Carolina.

- Section 4 clarifies that the notary's name must be clear from either the notary's signature or the notary's typed, printed, or embossed name near the signature line.
- Section 5 increases the amount a notary may charge for the notary's services from $2 to $3 per person or signature.
- Section 6 clarifies the law as to the alteration of a notary's seal or stamp. Some stamps and seals contain a blank for a notary to write-in the notary's expiration date. However, an Attorney General's opinion states that this in an impermissible alteration of the notary's seal. This section provides that a stamp or seal <u>may</u> provide for a handwritten expiration date.
- Section 7 authorizes the Director of the Notary Section of the Department of the Secretary of State to act as notaries. The Director would be a notary by virtue of the position as the Director. The Director would not need to apply for commissioning, take the course of study, pay the $25 fee, or have a five-year re-commissioning.

  The section consolidates two statutes that concern notaries ex officio: Registers of Deeds and Clerks of Courts. Under current law, the assistant and deputy clerks and register of deeds are also notaries by virtue of their employment. The House Judiciary II Committee removed this authority for deputies and assistants.

  The section also provides that these notaries ex officio may charge for their notary services to the extent allowed under G.S. 10A-10. The fee is payable to the governmental unit or agency by whom the notary is employed.
- Section 8 repeals a statute that is consolidated in Section 7.
- Section 9 expands the curative provision from June 1, 1997, to August 1, 1998.

<u>Mapping Changes</u>

Sections 10 through 12 contain the changes to the mapping statutes:

- Section 10 requires that maps attached to deeds or other instruments be no larger than 8 ½ by 14. This provision is added so that it is clear that such a map can be recorded in the deed books.
- Maps that are not prepared by a registered land surveyor may be attached to a deed or other instrument for recordation for illustrative purposes if it

contains a label that it is not a certified survey and it is no larger than 8 ½ by 14. Section 11 changes the wording of the label to recognize that some maps in this category may be accurate. The new wording also contains language regarding the lack of governmental review to guard against an innocent purchaser believing that because he is given a map that all subdivision and other land use regulations have been satisfied.

- Last session, the General Assembly required certain maps to be reviewed and certified by a plat Review Officer before the maps could be recorded. Section 12 creates some additional exemptions to this requirement: municipal annexation and boundary maps, highway right-of-way and roadway corridor maps, and maps attached to deeds for illustrative purposes under G.S. 47-30(n).

Certificates of Authentication

Section 13 addresses the Secretary of State's concern that the Department of the Secretary of State needs specific legislative authority to authenticate documents. The Department currently provides this service. A certificate of authentication certifies a document as to the genuineness of an official's signature, seal, or position within the State so that the document can be recognized in a foreign jurisdiction. This certificate is needed in many international adoptions and international business transactions.

Corporate Annual Reports

Sections 14 and 15 provide that a corporation or LLC that is delinquent in filing its annual report may satisfy the annual report requirement and avoid being administratively dissolved by filing a current annual report on or before November 30, 1999, and by paying the annual report filing fee for each delinquent report. For those corporations and LLCs that have already been administratively dissolved for this reason, the bill provides that they may be reinstated by filing a current annual report on or before November 30, 1999, and by paying the annual report filing fee for each delinquent report and the filing fee for an application for reinstatement.

Beginning in 1991 for corporations and 1993 for limited liability companies, the General Assembly required the filing of annual reports. The annual report serves to preserve the integrity of the public records. Failure to file an annual report is one of the grounds for administrative dissolution. Once dissolved, an entity is required to cease doing business and begin winding up its affairs. However, a dissolved entity can be reinstated by the Secretary of State if it corrects the problem and applies for reinstatement within five years after it was administratively dissolved.

The most common reason for administrative dissolution is the failure to file an annual report. Although the majority of entities dissolved by the Secretary for failure to file an annual report are actually abandoned, some active entities did not respond through inadvertence. To try to eliminate inadvertent failures to file an annual report, the General Assembly passed an act last year to require the annual report be filed with the appropriate annual tax forms. The Commission concluded that filing these forms together would virtually eliminate inadvertent failures to file an annual report and would be more efficient and less confusing for the entities that must file annual reports.

The act passed last year succeeded in notifying corporations and LLCs of the annual report requirement. Sections 14 and 15 of this act are proposed to help keep these entities from being administratively dissolved. Without these changes, some corporations have exceeded the five year period for reinstatement. Also, to be reinstated, or to avoid dissolution, the companies must file every delinquent annual report. This bill would provide that the entity must file the most recent annual report only.

Effective Dates

The curative provisions in Sections 9, 14, and 15 becomes effective when they become law. The mapping changes concerning the size of recordable maps become effective December 1, 1998. The remainder of the bill, including the fee for being certified and re-certified as a notary instructor, becomes effective September 1, 1998.

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: State Board of Education; Department of Public Instruction

EFFECTIVE DATE: The act is effective when it becomes law.

BILL SUMMARY: The act establishes a schedule for teacher certification fees.

ASSUMPTIONS AND METHODOLOGY:

Revenue

SB 1594 establishes a fee schedule for the initial certification, renewal, and extension of all teaching certificates for the State Board of Education. In fact, the State Board of Education adopted such a fee schedule for teacher certification in 1975. The current fee schedule charges $45 for first time in-state licenses, upgrades, additions, and renewals; $65 for out-of-state applicants, Junior ROTC, lateral entry, vocational, and provisional licenses; and $30 for miscellaneous administrative changes. This bill gives statutory authority to what the Board has done administratively up till now.

The bill reflects the Board's intention to raise the fees beginning in FY 1998-99 to fund additional certification specialist positions. The Board proposes to increase the $45 fee to $55 and increase the $65 fee to $85 as shown in the chart below. The proposed revenue from SB

1594 was included on page 18 of the Governor's Recommended Changes to the 1998-99 State Budget. Based on FY 1996-97 data, the increased fees will raise an additional $208,790 in receipts each year.

Description	FY 1996-97 Requests	Current Fee	Current Revenue	Proposed Fee	Proposed Revenue
New Out-of-state	4,519	$65	$293,735	$85	$384,115

Renewal Non-Employed	1,519	$45	$68,355	$55	$83,545

Initial In-State	1,974	$45	$88,830	$55	$108,570
Total Revenue			**$826,580**		**$1,035,370**
Net Revenue Gain					**$208,790**

Expenditure

The additional revenue will be used to add four Certification Specialists (Grade 65) to the Teacher Licensure Section to handle the 6 to 8 week backlog in teacher certification requests. These four positions are requested in the Governor's Recommended Changes to the 1998-99 State Budget. Both the House and Senate Appropriations Committees included these receipt supported positions in the Appropriations Act of 1998 (SB 1366). The projected budget for these positions is as follows:

	FY 1998-99	FY 1999-00	FY 2000-01	FY 2001-02	FY 2002-03
Salaries	$97,232	$97,232	$97,232	$97,232	$97,232
Social Security	7,440	7,440	7,440	7,440	7,440
Retirement	10,532	10,532	10,532	10,532	10,532
Medical Insurance	6,944	6,944	6,944	6,944	6,944
Transportation ground - in state	11,052				
Telephone	1,200	1,200	1,200	1,200	1,200
General Office Supplies	1,600	1,600	1,600	1,600	1,600
Furniture - Office	10,000				
Equipment - Computers	14,000				14,000
Total	$160,000	$124,948	$124,948	$124,948	$138,948

The salary of a Certification Specialist is budgeted at the minimum level of $24,308 per year. No increase in salary or benefits is included in the projection, but receipts are sufficient to cover any increases. The first year budget includes one time costs for furniture, computers, and transportation. The budget reflects that the computers will be replaced in four years.

EXPLANATION OF SENATE BILL 1594 (2nd Edition):
Teacher Certification Fees

TO: House Finance Committee
FROM: Martha Walston, Committee Counsel
DATE: August 26, 1998
SPONSOR: Senator Lee

Senate Bill 1594 has passed the House and was given a favorable report in the House Committee on Education. The bill amends G.S. 115C-296 by adding a new subsection that sets out a fee schedule for certification of teachers in all public elementary and high schools in the State. Currently the fees are only set out in the State Board of Education Policy Manual and are used to support the personnel in the State Board of Education's certification division. The State Board has indicated that this division is very understaffed. The Bill also, in effect, increases the following current fees set out in the Policy Manual:

Application for renewal, extension, addition, upgrade and variation to a a certificate would increase from $45.00 to $55.00.
Initial application for New, In-State Approved Program Graduate would increase from $45.00 to $55.00.
Initial application for Out-of-State certificate would increase from $65.00 to $85.00.
All other applications not listed in the schedule would increase from $65.00 to $85.00.

Although there is currently no statute that establishes the fees for certification or that authorizes the State Board to set fees, it is clear from past budget bills that the Board's budget takes into account the receipts from certification fees. The General Assembly has known about the fees and has approved them each time it has adopted a budget bill since 1975. That year, the State Board adopted a certification fee schedule. The Board has increased the fees several times since 1975, but has never gone through the State's rulemaking procedure. If someone were to challenge the Board's authority to establish certification fees, it is possible a court would accept the position that the Board has implied authority to set and increase fees. If the court rejected this theory, however, the consequences would be that the fees are unenforceable.

Senate Bill 1594 as introduced would have given the State Board of Education the authority to set the application fees for teacher certification.

However, the Board would be required to go through rulemaking to establish these fees, and this process could take a year. The 2nd Edition of the bill sets the fee amounts in the statutes, thus allowing the fee schedule to be effective immediately upon enactment of the bill into law. When a State agency establishes a fee, it is exercising the taxing authority of the State. Therefore an agency may only establish a fee if a statute sets the exact fee amount or if a statute gives the agency the express authority to set the fee.

EXPLANATION OF HOUSE BILL 1385:
Pharmacy Personnel

TO: House Finance Committee
FROM: Cindy Avrette, Committee Counsel
DATE: August 24, 1998
SPONSOR: Representative Carpenter

The Joint Legislative Administrative Procedure Oversight Committee recommended **House Bill 1385** to the 1998 General Assembly. House Bill 1385 received a favorable report from the State Government Committee on August 10, 1998. Its companion bill, Senate Bill 1200, passed the Senate on June 10, 1998, and was referred to the House Insurance Committee on June 15, 1998.

House Bill 1385 amends the Pharmacy Practice Act to accomplish what the Board intended to accomplish in S.L. 1997-239. It defines "pharmacy technicians" and authorizes the Board of Pharmacy to register pharmacy technicians and impose a $25 registration fee on them.

Last session, the General Assembly authorized the Board of Pharmacy to charge and collect "*for the registration of any change in pharmacist personnel as required under G.S. 90-85.21(a), twenty-five dollars ($25.00).*" Based upon that legislation, the Board, through its rule-making power, defined the term "pharmacy technician", required pharmacy technicians to be registered with the Board, and charged pharmacy technicians an annual $25.00 registration fee.

After studying the Pharmacy Practice Act, the Joint Legislative Administrative Procedure Oversight Committee found that the Board did not have the statutory authority to adopt administrative rules defining or registering pharmacy technicians and that it did not have the statutory authority to charge pharmacy technicians an annual $25 registration fee. G.S. 90-85.21(a), the statute upon which the Board relied when it developed its rules, requires each pharmacy to identify the pharmacist-manager and all pharmacist personnel. The Act defines the terms "pharmacist" as a person licensed to practice pharmacy. The Act does not define "pharmacist personnel". At the insistence of the Administrative Procedure Oversight Committee, the Board mailed refund checks to the persons from whom it collected this $25 fee on May 28 and 29, 1998.

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: North Carolina Board of Pharmacy

EFFECTIVE DATE: The act is effective when it becomes law.

BILL SUMMARY: The act defines pharmacy personnel and pharmacy technicians. The act also allows the Board of Pharmacy to register pharmacy technicians and a charge them a $25 fee.

ASSUMPTIONS AND METHODOLOGY:
In 1997 and 1998, the Board of Pharmacy collected $106,500 in fees by registering 4,260 unlicensed pharmacy personnel. The Joint Legislative Administrative Procedure Oversight Committee reviewed the $25 fee on pharmacy technicians and found that the Board of Pharmacy had no statutory authority to charge the fee. The fees were refunded on May 28 and 29, 1998. This bill gives the Board of Pharmacy the statutory authority to charge a $25 registration fee for pharmacy technicians. The note assumes the same 4,260 personnel licensed in 1997 and 1998 will be licensed again in FY 1998-99. Since no estimate is available on the growth rate in this profession, the revenue for future years is equal to FY 1998-99.

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: Board of Refrigeration Examiners; Board of Certified Public Accountant Examiners

EFFECTIVE DATE: The act is effective when it becomes law.

BILL SUMMARY: For the Board of Refrigeration Examiners, the bill increases the fee for reinstating a lapsed license from $45 to $75 and makes other minor changes to the law on refrigeration contractors. For the Board of Certified Public Accountant Examiners, the bill grants the authority to acquire property subject to the approval of the Governor and the Council of State.

ASSUMPTIONS AND METHODOLOGY:

Board of Refrigeration Examiners

In 1995, 14.3% (310 out of 2,163) of the refrigeration contractors did not pay their $40 license renewal fee on time and allowed their licenses to lapse. In 1996, 13.3% (294 out of 2,206) of the contractors allowed their licenses to lapse. To regain their licenses, these contractors paid a $45 reinstatement fee. The Executive Director of the State Board of Refrigeration Examiners believes an increase in the reinstatement fee is needed to reduce the number of lapsed licenses. The Executive Director believes that the increase from $45 to $75 will cut the number of lapsed licenses in half. The revenue gained from this change is calculated as follows:

Average number of lapsed licenses each year = 300

Current law	300 X $45 = $13,500	Proposed law	150 X $40 = $6,000
			150 X $75 = $11,250
			$17,250
Net Gain	**$3,750**		

Board of Certified Public Accountant Examiners

This provision gives the Board of Certified Public Accountant Examiners the same right to control its property transactions as the NC Medical Board (GS 90-2(e)) and the NC State Bar (GS 84-17). The Board will spend $59,510 in 1998 to lease 4,531 square feet of office space. With the passage of this act, the Board could buy an office condo or other suitable space and use its lease funds as annual payments on the property. The purchase of property will have a long term positive impact on the Board's finances.

EXPLANATION OF SENATE BILL 425
Proposed House Committee Substitute:
Refrig. Contractor/CPA Examiners

TO: House Finance Committee
FROM: Martha Walston, Committee Counsel
DATE: August 24, 1998
SPONSOR: Senator Brad Miller

Senate Bill 425 amends the Article governing refrigeration contractors. This Article creates the State Board of Refrigeration Examiners and requires all persons, firms or corporations, whether resident or nonresident, to obtain a license before engaging in refrigeration business or contracting. The Bill was introduced in March, 1997, and given a favorable report in the Senate Commerce and Finance Committees. The Bill was received by the House in April, 1997, and given a favorable report in House Commerce. The proposed House Committee Substitute adds a new Section 6 to the Bill that amends the powers and duties of the State Board of Certified Public Accountant Examiners as set out in Chapter 93.

Section 1 makes several grammatical changes and redefines the exemption for persons installing air conditioning units, devices, and systems in houses, businesses, plants, etc., as persons installing "comfort cooling devices or systems."

Section 2 repeals a provision that prevents a person who fails the licensing exam from retaking the exam any earlier than the next regular scheduled examination. Regular exams are given in April and October each year. The Bill will allow the person to request a special exam as first-time takers can do.

Section 3 revises the language concerning reissuance of a license to a person whose license has been revoked. Current law requires three or more Board members to vote in favor of the reissuance in order for a person to obtain a reissued license. The Bill will require a majority of the Board (4 members of the 7-member Board).

Section 4. Current law allows a corporation or partnership to engage in the business of refrigeration contracting as long as a licensed contractor is in charge and exercises general supervision over all work Section 4 adds a provision that makes it clear that the State Board of Refrigeration Examiners can

determine how many businesses the licensed person in a business or corporation can supervise and their proximity to one another. In addition, the licensed person's connection to the business entity must be spelled out in a written contract before the business engages in refrigeration contracting.

Section 5 increases the maximum fee for reinstatement of a lapsed license from $45 to $75. Current law requires an examination fee not to exceed $40. If the applicant passes, the examination fee is applied to the license fee (an amount not to exceed $40). A licensee must renew his license on or before January 1 of each year and pay the renewal fee not to exceed $40.

Section 6 amends the Public Accountants Chapter by giving the State Board of Certified Public Accountant Examiners the power to deal with real property in the same manner as a private person or corporation. This power is subject only to the approval of the Governor and Council of State as to the acquisition, rental, encumbering, leasing, and sale of real property. Any collateral pledged by the Board is limited to the Board's assets, income and revenues. Both the North Carolina Medical Board and the Council of the North Carolina State Bar have been given this power (G.S. 90-2(e) and G.S. 84-23).

Section 7 makes the act effective when it becomes law.

If at the sentencing hearing or at a ~~subsequent~~ forfeiture hearing, the judge determines that the ~~requirements of subsections (a) through (e) of this section exist and the defendant was not the only vehicle owner at the time of the offense,~~ motor vehicle is subject to forfeiture pursuant to this section and proper notice of the hearing has been given, the judge shall order the motor vehicle forfeited unless another motor vehicle owner establishes, by the greater weight of the evidence, that such motor vehicle owner is an innocent ~~party~~ owner as defined ~~by subdivision (a1)(2) of~~ in this section, in which case the trial judge shall order the motor vehicle released to the innocent ~~party vehicle~~ owner pursuant to the provisions of subsection (e) of this section. A determination by the court at the forfeiture hearing held pursuant to subsection (d) of this section that the petitioner is not an innocent owner is a final judgment and is immediately appealable to the Court of Appeals.

(f) Release to Lienholder. -- ~~The~~ At a forfeiture hearing, the trial judge shall order a forfeited motor vehicle released to the lienholder upon payment of all towing and storage charges incurred as a result of the seizure of the motor vehicle if the judge determines, by the greater weight of the evidence, that:

Insurance proceeds paid to

the clerk of court pursuant to this subsection shall be subject to forfeiture pursuant to G.S. 20-28.5 and shall be disbursed pursuant to further orders of the court. An affected motor vehicle owner or lienholder who objects to any agreed upon settlement under this subsection may file an independent claim with the insurance company for any additional monies believed owed. Notwithstanding any other provisions in the Chapter, nothing in this section or G.S. 20-28.2 shall require an insurance company to make payments in excess of those required pursuant to its policy of insurance on the seized motor vehicle.

(i) Expedited Sale of Seized Motor Vehicles in Certain Cases. -- In order to avoid additional liability for towing and storage costs pending resolution of the criminal proceedings of the defendant, the county board of education may, after expiration of 90 days from the date of seizure, sell any motor vehicle having a fair market value of one thousand five hundred dollars ($1,500) or less. The county board of education may also sell a motor vehicle, regardless of the fair market value, any time the towing and storage costs exceed eighty-five percent (85%) of the fair market value of the vehicle, or with the consent of all the motor vehicle owners. Any sale conducted pursuant to this subsection shall take place upon not less than 10 days' prior notice to the motor vehicle owners and lienholders, and the proceeds of the sale, after the payment of outstanding towing and storage costs, shall be deposited with the clerk of superior court. If an order of forfeiture is entered by the court, the court shall order the proceeds held by the clerk to be disbursed as provided in G.S. 20-28.5(b). If the court determines that the motor vehicle is not subject to forfeiture, the court shall order the proceeds held by the clerk to be disbursed first to pay the sale, towing, and storage costs, second to pay outstanding liens on the motor vehicle, and the balance to be paid to the motor vehicle owners.

(j) Retrieval of Certain Personal Property. -- At reasonable times, the entity charged with storing the motor vehicle may permit owners of personal property not affixed to the motor vehicle to retrieve those items from the motor vehicle, provided satisfactory proof of ownership of the motor vehicle or the items of personal property is presented to the storing entity.

The attorney for the county board of education shall also have the right to appear and to be heard on all issues relating to the seizure, possession, release, forfeiture, sale, and other matters related to the seized vehicle under this section. With the prior consent of the county board of education, the district attorney may delegate to the attorney for the county board of education any or all of the duties of the district attorney under this section. Clerks of superior court, law enforcement agencies, and all other agencies with information relevant to the seizure, impoundment, release or forfeiture of motor vehicles are authorized and directed to provide county boards of education with access to that information and to do so by electronic means when existing technology makes this type of transmission possible.

(l) Payment of Fees Upon Conviction. -- If the driver of a motor vehicle seized pursuant to this section is convicted of an offense involving impaired driving, the defendant shall be ordered to pay as restitution to the county board of education, the motor vehicle owner, or the lienholder the cost paid or owing for the towing, storage, and sale of the motor vehicle to the extent the costs were not covered by the proceeds from the forfeiture and sale of the motor vehicle. In addition, a civil judgment for the costs under this section in favor of the party to whom the restitution is owed shall be docketed by the clerk of superior court. If the defendant is sentenced to an active term of imprisonment, the civil judgment shall become effective and be docketed when the defendant's conviction becomes final. If the defendant is placed on probation, the civil judgment in the amount found by a judge during the probation revocation or termination hearing to be due shall become effective and be docketed by the clerk when the defendant's probation is revoked or terminated.

(m) Trial Priority. -- Trials of impaired driving offenses involving forfeitures of motor vehicles pursuant to G.S. 20-28.2 shall be scheduled on the arresting officer's next court date or within 30 days of the offense, whichever comes first.

(1) A written motion for continuance is filed with notice given to the opposing party prior to the motion being heard.

(2) The judge makes a finding of a 'compelling reason' for the continuance.

(3) The motion and finding are attached to the court case record.

Upon a determination of guilt, the issue of vehicle forfeiture shall be heard by the judge immediately, or as soon thereafter as feasible, and the judge shall issue the appropriate orders pursuant to G.S. 20-28.2(d).

Should a defendant appeal the conviction to superior court, any party may file a motion for review to consider whether the motor vehicle may be released pursuant to G.S. 20-28.2(e) or (f), or G.S. 20-28.3(e), (e1), or (e3)."

A vehicle owner or possessor claiming an interest in such proceeds shall have a right of action under G.S. 116B-38.

FISCAL ANALYSIS MEMORANDUM

DATE: August 18, 1998

TO: House Finance Committee

FROM: Elisa Wolper
Fiscal Research Division

RE: Senate Bill 1336 Governor's DWI Amendments as amended by House Judiciary

The Fiscal Note on SB 1335 (H 1496 (PCS CSSA-004) completed on August 4, 1998 projected a fiscal impact as detailed on pages 2-3. The Judiciary Committee action on August 11th modified the PCS to double the maximum allowable fines for each of the Levels of DWI offense. These fines are collected by the Clerk of Courts and remitted to County School Boards. In 1996-97, $55.6 Million in Fines and Forfeitures were collected and distributed to the counties. There is no data available to estimate the portion of these collections which were due to DWI convictions. Also, since the Judiciary Committee action doubled the maximum fine and it is not known how frequently judges choose the maximum now, it is impossible to predict the fiscal impact of this increase. There will be a positive revenue impact on county school systems but the dollar amount can not be calculated.

The summary below details two changes in fees included in the bill. Section 15 (44A-4(b)(1)) amends the mechanics lien statute to allow a lienor to directly send notices of intent to sell, rather than relying on DMV to send the notice. Since DMV currently charges a $10 fee to lienors (to cover the cost of 3 certified letters, on average) there will be a decrease in the fees collected. FRD estimates that 25% of lienors will choose to send notice directly, decreasing fees by $24,250. The decrease in expenses to DMV will be less ($17,824) so the net impact is an increase in cost to the Highway Fund.

In Section 8, the Department of Public Instruction is authorized to assess a $10/vehicle administrative fee to defray the costs of administering regional or statewide contracts for the towing, storage and sale of seized and forfeited vehicles. Estimating 6,000 seized vehicles per year, the fee will generate $60,000 annualized. They are also authorized to hire a fulltime person to administer this contract at an annualized cost of $39,883.

Both local school boards and DPI are also authorized, through their contractors, to assess a fee for storage of up to $10 per day. To the extent that costs exceed or fall short of this fee, the fiscal impact will be on the contractors. Local school boards may store the vehicles themselves and charge up to $10/day. To the extent their costs are greater or less than $10, there will be a fiscal impact on local government. No data is available to estimate that impact on a county by county basis.

FISCAL IMPACT

Yes (X) No ( ) No Estimate Available ( )

There are several areas where this bill has a fiscal impact but dollar estimates are not available for all aspects. The dollar total below therefore understates the total dollar cost, particularly for AOC, due to the lack of data to project accurate costs in some areas.

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED:
Judicial System, Division of Motor Vehicles, State Highway Patrol, Department of Public Instruction, Local Law Enforcement Agencies, and Local School Boards

EFFECTIVE DATE: The provisions in Part I of the bill changing the DWI forfeiture law would become effective October 1, 1998 and would apply to offenses committed on or after that date. The new provisions allowing for increased options to release a seized vehicle through bonding, an innocent owner petition, a defendant owner petition, a lienholder petition, insurance proceeds and expedited pre-trial sales would apply to vehicles currently held on the effective date. Parts II, III, & IV for zero tolerance violations and immediate revocation for under 21 zero tolerance violations are effective December 1, 1998.

Note 1: The bill requires the Governor to designate an executive agency to send seizure notifications. The estimate is the higher of the two estimates for the Division of Motor Vehicles and the State Highway Patrol as that designated agency. The estimates for each are in the body of the note.

BILL SUMMARY: (taken from memo prepared by Senate Judiciary Committee Counsel, Research Div.)

PART I - DWI FORFEITURE AMENDMENTS

Bill Summary

Part I of the bill (Sections 1 through 17) amends the DWI forfeiture law in seven major ways:

1. Expands coverage of the law.
2. Provides greater protections for innocent owners.
3. Provides more bonding options to obtain pre-trial temporary release of the vehicle to nondefendant owners.
4. Provides greater protections for lienholders.
5. Provides greater protections for school boards.
6. Clarifies the authority of law enforcement officers and magistrates in seizure situations.
7. Expedites the sale of some seized vehicles providing greater protections to all parties to avoid excessive storage costs.

Section 1 expands the definition of offenses involving impaired driving to include first degree murder when based on impaired driving and habitual impaired driving.

Section 2 (20-28.2) expands the definition of "impaired driving revocation" to include revocations for habitual impaired driving, commercial driving while impaired, and all vehicular homicides involving impaired driving.

- Subsection (a1) includes in the definition of an "innocent owner" persons whose vehicle was reported stolen, persons who filed a police report for unauthorized use of the vehicle, and persons who rent cars that are driven by a person not authorized on the contract as a driver.
- Subsection (b) permits a forfeiture hearing to be held either at sentencing, at a subsequent hearing, or at an expedited hearing held 60 days after the defendant fails to appear on the DWI charge and the order of arrest for failing to appear has not been set aside.
- Subsection (c1) provides that insurance proceeds due from a vehicle damaged in conjunction with the offense leading to the seizure are considered part of the value of the vehicle seized and the proceeds are made subject to forfeiture as well.
- Subsection (d) is amended to allow the court to order collected insurance proceeds to be paid to the county board of education and the rights to claim unpaid insurance proceeds assigned to the county board of education.
- Subsection (e) provides for the vehicle to be returned to an innocent owner, including a lessor, upon payment of towing and storage charges.
- Subsection (f) provides for the vehicle to be released to a lienholder if the vehicle owner is in default on the loan secured by the vehicle, to be sold in accordance with the repossession law, with any equity arising from the sale to be paid to the county board of education.

Section 3 (20-28.3)

- Subsections (b) does not require the officer to seize a vehicle reported stolen or a rental vehicle driven by a person not authorized on the rental agreement, and together with (b1) removes from the arresting officer the duty to notify the relevant parties of the seizure of the vehicle and transfers that responsibility to an executive agency designated by the Governor. Subsection (b) requires the officer to make reasonable efforts to notify the owner of a rental vehicle that the vehicle was stopped and the driver was not an authorized driver.
- Subsection (c1) makes an order of seizure valid statewide and clarifies law enforcement's authority to effect the order of seizure.
- Subsection (d) allows custody of seized vehicles to be held either through a state or regional central storage arrangement, or if none is available, by the local county board of education. Storage fees are raised from $5 per day to $10 per day, and school boards are allowed to charge for storage if cars are held on school property. Private commercial towing companies are entitled to payment for towing and storage charges prior to releasing the vehicle, unless other arrangements are agreed to by the towing company.

- Subsection (e) expands the options for obtaining temporary release of a seized vehicle by a nondefendant owner pending trial by allowing property and bail bonds as collateral for the return of the vehicle at the forfeiture hearing.
- Subsection (e1) allows a pretrial determination of innocent owner status by petition. Upon the filing of the petition a court hearing will be set within 10 days, during which time the district attorney may authorize the release of the vehicle if the district attorney determines that the vehicle will not be subject to forfeiture.
- Subsection (e2) establishes a way for a defendant owner to have a pretrial hearing on the question of whether the vehicle is subject to forfeiture where the defendant contends that the defendant's license was not revoked for an impaired driving offense and the seizure was a mistake.
- Subsection (e3) allows the lienholder to petition for pretrial release where the owner is in default on the loan. The lienholder is allowed to sell the vehicle in accordance with the repossession law and any equity arising from the sale is to be paid to the county board of education.
- Subsection (h) provides for insurance proceeds to be seized pending forfeiture, allowing the school board attorney to negotiate the claim and allowing a vehicle determined to be a total loss to be released upon payment of the proceeds.
- Subsection (i) provides for several circumstances where a seized vehicle may be sold prior to forfeiture in order to mitigate excessive storage charges. Those situations include 1) where the owner consents to the sale, 2) after 90 days if the vehicle is worth $1,500 or less, and 3) anytime the towing and storage charges equal or exceed 85% of the worth of the vehicle.
- Subsection (k) authorizes the school board attorney to take a more active and significant role in the forfeiture process.
- Subsection (l) provides that the defendant be taxed with the cost of towing and storage as part of the restitution for the criminal offense. The clerk must docket the cost as a civil judgment if the defendant is sentenced to an active term or imprisonment or has their probation revoked or terminated.
- Subsection (m) makes trials of DWI cases involving seized vehicles a higher priority and restricts grounds on which these cases can be continued to later dates.

Section 4 (20-28.4) makes conforming changes for other changes made in the bill.

Section 5 (20-28.5).

- Subsection (a) changes the sales process for forfeited vehicles from a judicial sale to a public sale with special notices as permitted for the disposal of surplus property by schools.
- Subsection (c) clarifies how much a school board should pay other school boards in the county if the school board retains the forfeited vehicle.

Section 6 repeals restrictions on registration of vehicles for persons whose vehicles are forfeited. These provisions have been recodified in other sections of the law in Sections 9 and 10 of the bill.

Section 8 (20-28.8 and 20-28.9) clarify what information the clerk of court is required to report to DMV and authorizes the Department of Public Instruction to administer regional or statewide contracts for the towing, storage, and sale of seized and forfeited vehicles. It also clarifies that storage fees up to $10 per day may be charged for storage under a statewide or regional contract and that a $10 per vehicle administrative fee will be collected to defray the Department of Public Instruction's costs for administering this program.

Sections 9 and 10 (20-54 and 20-54.1) recodify restrictions on registration of vehicles for persons whose vehicles are forfeited.

Section 12.1 requires DMV to modify the accident report form to provide for the investigative officer to indicate on the accident report if the vehicle involved in the accident was seized and subject to forfeiture.

Section 14 (44A-2(d)) amends the mechanics lien statute to exempt seized vehicle towed or stored from the mechanics lien statute and provides for payment of towing and storage through the seizure and forfeiture process where these costs are required to be paid when the vehicle is release or paid from the proceeds of sale.

Section 15 (44A-4(b)(1) amends the mechanics lien statute to permit the lienholder to send the notice directly to a vehicle owner whose vehicle is subject to sale to satisfy an unpaid mechanics lien. Under existing law, DMV sends the notices.

Sections 16 and 17 (58-71-1 and 58-71-35) amend the bail bond statutes to allow bail bonds to be used to bond the release of seized vehicles.

ASSUMPTIONS AND METHODOLOGY:
NUMBER OF VEHICLES INVOLVED: Based on Department of Public Instruction records showing an average of 467 seized vehicles per month in 1997-8, this fiscal analysis assumes 6,000 vehicles will be seized each year.

JUDICIAL SYSTEM: The workload for the clerks of court is expected to increase due to (1) broadening the offenses for which vehicles are subject to seizure (Sec. 3); (2) clarification of the process for pre-trial release to innocent parties (Sec. 3); (3) the addition of a mechanism for restitution payments to school boards (Sec. 3); (4) broadening of the definition of innocent parties (Sec. 2); (5) the increase in options for release of impounded vehicles (Sec. 4); and (5) the disbursement of insurance proceeds (Sec. 2). There will also be costs, including programming changes, involved in reporting information to Division of Motor Vehicles. There is no estimate available of the exact fiscal impact, in part because it is difficult to predict whether the seizures will be spread evenly among the counties and across the year (which would minimize the impact on any individual Clerk) or concentrated in certain months and areas.

AGENCY TO BE DESIGNATED BY GOVERNOR:

Under existing law, an officer who seizes a vehicle pursuant to the DWI Forfeiture Laws must send written notification to any vehicle owner who was not operating or present in the vehicle at the time of the seizure and notify the Division of Motor Vehicles of the seizure. Sections 3(b) and (b1) of this bill would eliminate the officer's duty to notify the vehicle owner except where the vehicle stopped was a rental vehicle driven by an unauthorized user., But, the bill would require the officer to notify the executive agency designated by the Governor , as soon as practical but within 72 hours, that a motor vehicle has been seized. That agency must issue written notification of the seizure to any lienholder of record and to the motor vehicle owner who was not operating the vehicle or was not present at the time of the offense within 48 hours of receipt of notification from the charging officer. If the vehicle was damaged during the commission of the underlying offense or incident to seizure, that agency must also notify the insurance company of record.

The Governor has not yet designated the agency but the most likely choices are the Division of Motor Vehicles (Division) or the State Highway Patrol (Patrol). The work involved in this task should be very similar in either agency and will require one time modifications to either computer system and new ongoing clerical personnel (1). There are some important differences in the approach of each agency that could affect the costs. The primary difference in this analysis between the costs for each agency is some greater one time Management Information System costs for DMV.

DIVISION OF MOTOR VEHICLES: Even if DMV is not the designated agency, they face some costs from the requirement to identify and notify insurers of cars that are damaged. This would require an additional processing assistant and related costs.

This bill also amends the statute regarding mechanics liens to allow lienors to send notices directly. This affects DMV receipts (there is a $10 fee charged when they do notice) and mailing costs (fewer notices mailed). The fiscal impact assumes 25% of lienors will choose to send notices directly. Based on 9,700 annual notices before the change, revenues will fall by $24,250 (=$10*25%*9,700) . Mailing costs will fall by $17,824 ($2.45/letter*3 letters/case*25%*9,700). The net impact on DMV is an increase in costs to the Highway Fund of $6,426.

DEPARTMENT OF PUBLIC INSTRUCTION/LOCAL SCHOOL BOARDS

Section 8 authorizes the Department of Public Instruction to administer a regional or statewide contract for the towing, storage and sale of seized and forfeited vehicles. It provides for the assessment of a $10 per day storage fee and a $10 per vehicle administrative fee.

The Fiscal Research Division estimates that the Department of Public Instruction would need one additional Administrative Officer III to administer the contract. The personnel cost for the position effective October 1, 1998 is estimated to be $28,900 with an annualized cost of $38,534. The estimate for furniture and equipment is $4,138. Based on the estimated number of vehicles seized annually, the Fiscal Research Division also estimates that fees collected under this section would generate $60,000 (6,000 seized vehicles * $10.00 administrative fee/vehicle) in General Fund revenue on an annual basis to defray the cost of administering the contract.

Subsection 3(d) of the bill authorizes the county boards of education, in the absence of a statewide or regional contract, to contract with a commercial towing and storage facility or other private entity and to charge up to $10 per day for storage. This subsection also authorizes county boards of education, in the absence of a statewide or regional contract to store vehicles on their property and to charge a reasonable fee up to $10.00 per day. These provisions may have a fiscal impact on the county boards of education if for example the actual cost differs from the per day charge. However, the dollar value of the impact cannot be determined on a county by county basis.

Other sections in this part of the bill provide greater protections for school boards by authorizing them to negotiate with insurance companies, directing clerks of court to pay insurance proceeds to them if the court orders seizure; authorizing expedited sale of vehicles, giving them the right to appear at forfeiture hearings and requiring defendants to pay restitution to them. No data is available to estimate the impact which these sections of the bill would have on school boards.

LOCAL LAW ENFORCEMENT

Subsection 3(b) together with subsection 3(b1) transfers the responsibility for notifying the owner of a seized vehicle of the seizure from the charging officer to the executive agency designated by the Governor. However, if the motor vehicle was a rental vehicle driven by an unauthorized driver, subsection 3(b) requires the charging officer to make reasonable efforts to notify the owner of the rental vehicle that the vehicle was stopped and that the driver was not an authorized driver.

This change would not increase or decrease the number of stops for violations. However, the change would reduce the time required for each incident. No data is available is estimate the dollar value of the impact.

PART II - ZERO TOLERANCE FOR COMMERCIAL DRIVERS and PART III- ZERO TOLERANCE FOR SCHOOL BUS DRIVERS AND OPERATORS OF CHILD CARE VEHICLES

Bill Summary:

Sections 18 through 24 amend the laws for commercial driving while impaired offense by reducing the permissible alcohol level from less than 0.04 to no alcohol at all. These sections also revoke a commercial drivers license for modified life (possibility of reinstatement after 10 years) for a second DWI conviction or for life without the possibility for reinstatement for a third or subsequent conviction of a commercial DWI offense.

Sections 25 through 29 make it illegal to drive a school bus or a child care vehicle with any alcohol in the body. Currently, operators of larger vehicles are required to have commercial drivers licenses and are subject to a 0.04 blood alcohol limit. This change would make zero tolerance applicable not to just commercial drivers but also operators of small vehicles for which a commercial drivers license is not required

Assumptions & Methodology - Judicial System

Sections 18-24 stiffen the penalty for DWI for Commercial Drivers in two ways. The bill reduces the permissible blood alcohol level for commercial driving from less than .04 to no alcohol at all. The bill also institutes a 1 year disqualification if a commercial driver has a DWI while driving a noncommercial vehicle.

The reduction in the permissible blood alcohol level for commercial driving will likely result in new cases and more strenuous defense of these cases. The Judicial System estimates a 17% increase in the number of cases (from 96 to 112), a 10 hour increase (from 5 to 15 hours) in court time per case for judges, deputy clerks and assistant district attorneys, and a 5 hour increase (from 5 to 10 hours) in preparation time per case for assistant district attorneys. The workload for clerks and judges would each increase by 1,200 hours in court time ((96 cases currently * 10 hour increase/case) + 16 new cases * 15 hours/case)). The workload for district attorneys would increase by 1,840 hours per year ((96 cases currently * 5 hour increase in preparation time/case) + (16 new cases * 10 hours of preparation time/case) + 1200 hours of court time for 112 cases). The increase in workloads for judges and deputy clerks equates to .66 of a full-time position for each. The increased workload for the assistant district attorneys would require one additional position.

The Judicial System also estimates that defense attorney costs would increase. This estimate assumes a 33% indigency rate and that the increased workload for defense attorneys would be the same as the increased workload for assistant district attorneys. The estimated cost for defense attorneys is $30,360 (33% * 1,840 additional hours * $50/hour).

Also, the section of the bill which provides for a one-year disqualification from driving a commercial motor vehicle for a conviction of a regular DWI while driving a noncommercial vehicle is likely to have a substantial impact on the courts. However, because the Judicial System does not have any data indicating how many of the people convicted of regular DWI also drive commercial vehicles, the potential impact on the courts cannot be determined.

Sections 25-29 reduce permissible blood alcohol level necessary for a DWI charge for drivers of school buses and child care vehicles from .04 to zero. While it is expected this will result in some new charges, there is no data available to project the increase and the Judicial System assumes negligible impact.

Assumptions & Methodology - Division of Motor Vehicles

Both Parts II and III would change the rules governing driving privileges. Therefore, program modifications to the Division's computerized system are required to implement the bill. The Division estimates that required modifications to the State Automated Driver License System would require about 590 hours of programming and testing. Based on $80/hour for contractual services for programming this would cost $47,200 non-recurring. There would be an additional $7,080 in SIPS charges related to implementation and testing of the revised system.

Assumptions & Methodology - Local Law Enforcement Agencies/State Highway Patrol

Local law enforcement estimates that these change would not result in any additional stops for violations but may increase the offense for which the vehicle operator is charged and may, consequently, increase the time required for each incident. No data is available to estimate the dollar value of the impact and law enforcement assumes any impact would be negligible.

PART IV - IMMEDIATE REVOCATION FOR UNDER 21 DRIVERS

Bill Summary

Sections 30 through 32 makes the immediate 30-day civil revocation of a drivers license for DWI offenses also applicable for violations of zero tolerance for drivers under age 21.

Assumptions & Methodology - Judicial System

These sections provide for an automatic 30-day drivers license revocation for any driver under 21 years of age who is charged with an implied consent offense if results of a chemical analysis reveal the presence of any alcohol concentration at any relevant time after driving. During calendar 1997, there were 6,507 defendants charged with driving while consuming alcohol or within a relevant time after consumption. While this provision would apply to a substantial number of youthful drivers the short duration of the revocation may limit the frequency of hearings to contest these revocations or to request limited driving privileges. The Judicial System expects this provision to have an impact on the courts' workload. However, data is not available to estimate the impact in terms of hours of work or dollars.

Assumptions & Methodology - Division of Motor Vehicles:

This part of the bill provides for the 30-day revocation of drivers license of drivers under 21 years of age who are charged with an implied consent offense or who have any level of alcohol concentration within a relevant time after driving. As with Parts II and III, modifications to the Division's system are required to implement this part of the bill. The estimate for the cost of the modifications is discussed in Part II, page 15.

Assumptions & Methodology - Local Law Enforcement/State Highway Patrol

This part of the bill provides for the 30-day revocation of drivers license of drivers under 21 years of age who are charged with an implied consent offense or who have any level of alcohol concentration within a relevant time after driving. Local law enforcement estimates that this change would not result in any additional stops for violations. However, the change may increase the time required for each incident. No data is available to estimate the dollar value of the impact and law enforcement assumes negligible impact.

(c1) Motor Vehicles Involved in Accidents. -- If a motor vehicle subject to forfeiture was damaged while the defendant operator was committing the underlying offense involving impaired driving, or was damaged incident to the seizure of the motor vehicle, the Division shall determine the name of any insurance companies that are the insurers of record with the Division for the motor vehicle at the time of

the seizure or that may otherwise be liable for repair to the motor vehicle. In any case where a seized motor vehicle was involved in an accident, the Division shall notify the insurance companies that the claim for insurance proceeds for damage to the seized motor vehicle shall be paid to the clerk of superior court of the county where the motor vehicle driver was charged to be held and disbursed pursuant to further orders of the court. Any insurance company that receives written or other actual notice of seizure pursuant to this section shall not be relieved of any legal obligation under any contract of insurance unless the claim for property damage to the seized motor vehicle minus the policy owner's deductible is paid directly to the clerk of court. The insurance company paying insurance proceeds to the clerk of court pursuant to this section shall be immune from suit by the motor vehicle owner for any damages alleged to have occurred as a result of the motor vehicle seizure. The proceeds shall be held by the clerk. The clerk shall disburse the insurance proceeds pursuant to further orders of the court.

(d) ~~Duty of Judge.~~ Forfeiture Hearing. -- ~~The trial judge~~ Unless a motor vehicle that has been seized pursuant to G.S. 20-28.3 has been permanently released to an innocent owner pursuant to G.S. 20-28.3(e1), a defendant owner pursuant to G.S. 20-28.3(e2), or to a lienholder pursuant to G.S. 20-28.3(e3), the court shall conduct a hearing on the forfeiture of the motor vehicle. The hearing may be held at the sentencing hearing on the ~~operator's charge of violating G.S. 20-138.1 or G.S. 20-138.5 shall determine if the vehicle is subject to forfeiture under this section.~~ underlying offense involving impaired driving, at a separate hearing after conviction of the defendant, or at a separate forfeiture hearing held not less than 60 days after the defendant failed to appear at the scheduled trial for the underlying offense and the defendant's order of arrest for failing to appear has not been set aside. If at the ~~sentencing hearing, or at a subsequent~~ forfeiture hearing, the judge determines that the ~~requirements of subsections (a) through (e) of this section exist and the defendant was the only motor vehicle owner at the time of the offense,~~ motor vehicle is subject to forfeiture pursuant to this section and proper notice of the hearing has been given, the judge shall order the motor vehicle forfeited. If at the sentencing hearing or at a ~~subsequent~~ forfeiture hearing, the judge determines that the ~~requirements of subsections (a) through (e) of this section exist and the defendant was not the only vehicle owner at the time of the offense,~~ motor vehicle is subject to forfeiture pursuant to this section and proper notice of the hearing has been given, the judge shall order the motor vehicle forfeited unless another motor vehicle owner establishes, by the greater weight of the evidence, that such motor vehicle owner is an innocent ~~party~~ owner as defined ~~by subdivision (a1)(2) of~~ in this section, in which case the trial judge shall order the motor vehicle released to the innocent ~~party vehicle~~ owner pursuant to the provisions of subsection (e) of this section. In any case where the motor vehicle is ordered forfeited, the judge ~~shall either:~~ shall:

(1) a. Authorize the ~~school board to sell~~ sale of the motor vehicle at public sale or allow the county board of education to retain the motor vehicle for its own use pursuant to G.S. 20-28.5; or

~~(2)~~ b. ~~Release~~ Order the motor vehicle released to ~~an intervening~~ a lienholder pursuant to the provisions of subsection ~~(g)~~ (f) of this ~~section.~~ section; and

(2) a. Order any proceeds of sale or insurance proceeds held by the clerk of court to be disbursed to the county board of education; and

b. Order any outstanding insurance claims be assigned to the county board of education in the event the motor vehicle has been damaged in an accident incident to the seizure of the motor vehicle.

If the judge determines that the ~~requirements of subsection (a) and (b) of this section exist~~ motor vehicle is subject to forfeiture pursuant to this section, but that notice as required by subsection (c) has not been given, the judge shall continue the forfeiture proceeding until adequate notice has been given. In no circumstance shall the sentencing of the defendant be delayed as a result of the failure of the prosecutor to give adequate notice.

(e) ~~Return~~ Release of Vehicle to Innocent Motor Vehicle Owner. -- ~~If~~ At a forfeiture hearing, if a nondefendant motor vehicle owner establishes by the greater weight of the evidence that: (i) the motor vehicle was being driven by a person who was not the only motor vehicle owner or had no ownership interest in the motor vehicle at the time of the underlying offense and (ii) ~~that~~ the petitioner is an ~~"innocent party",~~ 'innocent owner', as defined by this section, a judge shall order the motor vehicle ~~returned~~ released to ~~the~~ that ~~owner.~~ owner, conditioned upon payment of all towing and storage charges incurred as a result of the seizure and impoundment of the motor vehicle.

~~This release~~ Release to an innocent owner shall only be ordered upon satisfactory proof of:

(1) The identity of the person as a motor vehicle owner;

(2) The existence of financial responsibility to the extent required by Article 13 of this Chapter; and

~~(3) The payment of towing and storage fees; fees, except in the case of release to an innocent vehicle owner; and~~

(4) The execution of an acknowledgment as defined in subdivision (a1)(1) of this section.

If the nondefendant owner is a lessor, the release shall also be conditioned upon the lessor agreeing not to sell, give, or otherwise transfer possession of the forfeited motor vehicle to the defendant or any person acting on the defendant's behalf. A lessor who refuses to sell, give, or transfer possession of a seized motor vehicle to the defendant or any person acting on the behalf of the defendant shall not be liable for damages arising out of the refusal.

No motor vehicle subject to forfeiture under this section shall be released to a nondefendant motor vehicle owner if the records of the Division indicate the motor vehicle owner had previously signed an acknowledgment, as required by this section, and the same person was operating the motor vehicle while that person's license was

revoked unless the innocent ~~vehicle~~ owner shows by the greater weight of the evidence that the motor vehicle owner has taken all reasonable precautions to prevent the use of the motor vehicle by this particular person and immediately reports, upon discovery, any unauthorized use to the appropriate law enforcement agency. A determination by the court at the forfeiture hearing held pursuant to subsection (d) of this section that the petitioner is not an innocent owner is a final judgment and is immediately appealable to the Court of Appeals.

(f) Release to Lienholder. -- ~~The~~ At a forfeiture hearing, the trial judge shall order a forfeited motor vehicle released to the lienholder upon payment of all towing and storage charges incurred as a result of the seizure of the motor vehicle if the judge determines, by the greater weight of the evidence, that:

(1) The lienholder's interest ~~is equal to or greater than the fair market value of the vehicle;~~ has been perfected and appears on the title to the forfeited vehicle;

(2) The lienholder agrees not to sell, give, or otherwise transfer possession of the forfeited motor vehicle to the defendant or to the motor vehicle owner who owned the motor vehicle immediately prior to forfeiture, or any person acting on the defendant's or motor vehicle owner's behalf;

(5) The lienholder agrees to sell the motor vehicle in accordance with the terms of its agreement and pursuant to the provisions of Part 5 of Article 9 of Chapter 25 of the General Statutes. Upon the sale of the motor vehicle, the lienholder will pay to the clerk of court of the county in which the vehicle was forfeited all proceeds from the sale, less the amount of the lien in favor of the lienholder, and any towing and storage costs paid by the lienholder.

A lienholder who refuses to sell, give, or transfer possession of a forfeited motor vehicle to the defendant, the vehicle owner who owned the motor vehicle immediately prior to forfeiture, or any person acting on the behalf of the defendant or motor vehicle owner shall not be liable for damages arising out of such refusal. The defendant, the motor vehicle owner who owned the motor vehicle immediately prior to forfeiture, and any person acting on the defendant's or motor vehicle owner's behalf are prohibited from purchasing the motor vehicle at any sale conducted by the lienholder.

~~(g) Possessory Lien. -- The entity that tows or stores the motor vehicle, other than the county school board, shall be entitled to a possessory lien as defined in G.S. 28.2(a1)(5).~~"

(b) Duty of Officer. -- If the charging officer has probable cause to believe that a motor vehicle driven by the defendant may be subject to forfeiture under this section, the officer shall seize the motor vehicle and have it impounded. If the officer determines prior to seizure that the motor vehicle had been reported stolen, the officer shall not seize the motor vehicle pursuant to this section. If the officer determines prior to seizure that the motor vehicle was a rental vehicle driven by a person not listed as an authorized driver on the rental contract, the officer shall not seize the motor vehicle pursuant to this section, but shall make a reasonable effort to notify the owner of the rental vehicle that the vehicle was stopped and that the driver of the vehicle was not listed as an authorized driver on the rental contract. Probable cause may be based on the officer's personal knowledge, reliable information conveyed by another officer, records of the Division, or other reliable source. ~~The officer shall cause to be issued written notification of impoundment to any vehicle owner who was not operating or present in the vehicle at the time of the offense. This notice shall be sent by first-class mail to the most recent address contained in the Division records. This written notification shall inform the vehicle owner(s) that the vehicle has been impounded, shall state the reason for the impoundment and the procedure for requesting release of the vehicle.~~ The seizing officer shall notify the ~~Division~~ executive agency designated under subsection (b1) of this section as soon as practical but no later than 72 hours after seizure of the motor vehicle of the seizure in accordance with procedures established by the ~~Division.~~ executive agency designated under subsection (b1) of this section. ~~Within 72 hours of the seizure of the vehicle the officer shall also cause notice of the impoundment and intent to forfeit the vehicle to be given to any lienholder of record with the Division.~~

This notice shall be sent by first-class mail to the most recent address contained in the Division's records. If the motor vehicle is registered in another state, notice shall be sent to the address shown on the records of the state where the motor vehicle is registered. This written notification shall provide notice that the motor vehicle has been seized, state the reason for the seizure and the procedure for requesting release of the motor vehicle. Additionally, if the motor vehicle was damaged while the defendant operator was committing an offense involving impaired

driving or incident to the seizure, the agency shall issue written notification of the seizure to the owner's insurance company of record and to any other insurance companies that may be insuring other motor vehicles involved in the accident. The Division shall prohibit title to a seized motor vehicle from being transferred by a motor vehicle owner unless authorized by court order.

(c) Review by Magistrate. -- Upon ~~seizing~~ determining that there is probable cause for seizing a motor vehicle, the seizing officer shall present to a magistrate within the county where the ~~vehicle was seized~~ driver was charged an affidavit of impoundment setting forth the basis upon which the motor vehicle has been or will be seized for forfeiture. The magistrate shall review the affidavit of impoundment and if the magistrate determines the requirements of this section have been met, shall order the motor vehicle held. The magistrate may request additional information and may hear from the ~~operator~~ defendant if the ~~operator~~ defendant is present. If the magistrate determines the requirements of this section have not been met, the magistrate shall order the motor vehicle released to a motor vehicle owner upon payment of towing and storage fees. If the motor vehicle has not yet been seized, and the magistrate determines that seizure is appropriate, the magistrate shall issue an order of seizure of the motor vehicle. The magistrate shall provide a copy of the order of seizure to the clerk of court. The clerk shall provide copies of the order of seizure to the district attorney and the attorney for the county board of education.

(c1) Effecting an Order of Seizure. -- An order of seizure shall be valid anywhere in the State. Any officer with territorial jurisdiction and who has subject matter jurisdiction for violations of this Chapter may use such force as may be reasonable to seize the motor vehicle and to enter upon the property of the defendant to accomplish the seizure. An officer who has probable cause to believe the motor vehicle is concealed or stored on private property of a person other than the defendant may obtain a search warrant to enter upon that property for the purpose of seizing the motor vehicle.

(d) Custody of Motor Vehicle. -- ~~The~~ Unless the motor vehicle is towed pursuant to a statewide or regional contract, or a contract with the county board of education, the seized motor vehicle shall be towed by a commercial towing company designated by the law enforcement agency that seized the motor vehicle. ~~to a location designated by the county school board for the county in which the operator of the vehicle is charged and~~ Seized motor vehicles not towed pursuant to a statewide or regional contract or a contract with a county board of education shall be retrieved from the commercial towing company within a reasonable time, not to exceed 10 days, by the county board of education or their agent who must pay towing and storage fees to the commercial towing company when the motor vehicle is retrieved. If either a statewide or regional contractor, or the county board of education, chooses to contract for local towing services, all towing companies on the towing list for each law enforcement agency with jurisdiction within the county shall be given written notice and an opportunity to submit proposals prior to a contract for local towing services being awarded. The seized motor vehicle is ~~placed~~ under the constructive possession of the ~~school board~~ county board of education for the county in which the

operator of the vehicle is charged at the time the vehicle is delivered to a location designated by the county board of education or delivered to its agent pending release or ~~sale.~~ sale, or in the event a statewide or regional contract is in place, under the constructive possession of the Department of Public Instruction, on behalf of the State at the time the vehicle is delivered to a location designated by the Department of Public Instruction or delivered to its agent pending release or sale. ~~Each~~ Absent a statewide or regional contract that provides otherwise, each county ~~school board~~ board of education may elect to have seized motor vehicles stored on property owned or leased by the ~~school~~ county board of education and charge ~~no~~ a reasonable fee for ~~storage.~~ storage, not to exceed ten dollars ($10.00) per day. (e) Release of Motor Vehicle Pending Trial. -- A motor vehicle owner, ~~or a lienholder of a vehicle,~~ other than the driver at the time of the underlying offense resulting in the seizure, may apply to the clerk of superior court in the county where the charges are pending for pretrial release of the motor vehicle.

The clerk shall release the motor vehicle to a ~~qualified~~ nondefendant motor vehicle owner ~~or a lienholder~~ conditioned upon payment of all towing and storage charges incurred as a result of seizure and impoundment of the motor vehicle under the following conditions:

(1) The motor vehicle has been ~~stored~~ seized for not less than 24 hours;

(3) ~~Execution of a good and valid bond with sufficient sureties in an amount equal to twice the value of the seized vehicle, as determined in accordance with the schedule of values adopted by the Commissioner of Motor Vehicles pursuant to G.S. 105-187.3,~~ A bond in an amount equal to the fair market value of the motor vehicle as defined by G.S. 20-28.2 has been executed and is secured by a cash deposit in the full amount of the bond, by a recordable deed of trust to real property in the full amount of the bond, by a bail bond under G.S. 58-71-1(2), or by at least one solvent surety, payable to the county school fund and conditioned on return of the motor vehicle, in substantially the same condition as it was at the time of seizure and without any new or additional liens or encumbrances, on the day of ~~trial of the operator;~~ any hearing scheduled and noticed by the district attorney under G.S. 20-28.2(c), unless the motor vehicle has been permanently released;

(6) A bond posted to secure the release of this motor vehicle under this subsection has not been previously ordered forfeited under G.S. 20-28.5.

In the event a nondefendant motor vehicle owner who obtains temporary possession of a seized motor vehicle pursuant to this subsection does not return the motor vehicle on the day of the forfeiture hearing as noticed by the district attorney under G.S. 20-28.3(c) or otherwise violates a condition of pretrial release of the seized motor vehicle as set forth in this subsection, the bond posted shall be ordered forfeited and an order of seizure shall be issued by the court. Additionally, a nondefendant motor vehicle owner or lienholder who willfully violates any condition of pretrial release may be held in civil or criminal contempt.

(e1) Pretrial Release of Motor Vehicle to Innocent Owner. -- A nondefendant motor vehicle owner may file a petition with the clerk of court seeking a pretrial determination that the petitioner is an innocent owner. The clerk shall schedule a hearing before a judge to be held within 10 business days or as soon as thereafter may be feasible. Notice of the hearing shall be given to the petitioner, the district attorney, and the attorney for the county board of education. The clerk shall forward a copy of the petition to the district attorney for the district attorney's review. If, based on available information, the district attorney determines that the petitioner is an innocent owner and that the motor vehicle is not subject to forfeiture, the district attorney may note the State's consent to the release of the motor vehicle on the petition and return the petition to the clerk of court who shall enter an order releasing the motor vehicle to the petitioner subject to the conditions of release as set forth in G.S. 20-28.2(e) and no hearing shall be held. The clerk shall send a copy of the order of release to the county board of education attorney. At any pretrial hearing conducted pursuant to this subsection, the court is not required to determine the issue of forfeiture, only the issue of whether the petitioner is an innocent owner. Accordingly, the State shall not be required to prove the underlying offense of impaired driving or the existence of a prior drivers license revocation. If the court determines that the petitioner is an innocent owner, the court shall release the motor vehicle to the petitioner subject to the same conditions as if the petitioner were an innocent owner under G.S. 20-28.2(e). An order issued under this subsection finding that the petitioner failed to establish that the petitioner is an innocent owner may be reconsidered by the court as part of the forfeiture hearing conducted pursuant to G.S. 20-28.2(d).

(e2) Pretrial Release of Motor Vehicle to Defendant Owner. -- A defendant motor vehicle owner may file a petition with the clerk of court seeking a pretrial determination that the defendant's license was not revoked pursuant to an impaired

driving license revocation as defined in G.S. 20-28.2(a). The clerk shall schedule a hearing before a judge of the division in which the underlying criminal charge is pending for a hearing to be held within 10 business days or as soon thereafter as may be feasible. Notice of the hearing shall be given to the defendant, the district attorney, and the attorney for the county board of education. The clerk shall forward a copy of the petition to the district attorney for the district attorney's review. If, based on available information, the district attorney determines that the defendant's motor vehicle is not subject to forfeiture, the district attorney may note the State's consent to the release of the motor vehicle on the petition and return the petition to the clerk of court who shall enter an order releasing the motor vehicle to the defendant upon payment of all towing and storage charges incurred as a result of the seizure and impoundment of the motor vehicle, subject to the satisfactory proof of the identity of the defendant as a motor vehicle owner and the existence of financial responsibility to the extent required by Article 13 of this Chapter, and no hearing shall be held. The clerk shall send a copy of the order of release to the attorney for the county board of education. At any pretrial hearing conducted pursuant to this subsection, the court is not required to determine the issue of the underlying offense of impaired driving only the existence of a prior drivers license revocation as an impaired driving license revocation. Accordingly, the State shall not be required to prove the underlying offense of impaired driving. An order issued under this subsection finding that the defendant failed to establish that the defendant's license was not revoked pursuant to an impaired driving license revocation as defined in G.S. 20-28.2(a) may be reconsidered by the court as part of the forfeiture hearing conducted pursuant to G.S. 20-28.2(d).

(e3) Pretrial Release of Motor Vehicle to Lienholder. -- A lienholder may file a petition with the clerk of court requesting the court to order pretrial release of a seized motor vehicle. The lienholder shall serve a copy of the petition on all interested parties which shall include the registered owner, the titled owner, the district attorney, and the county board of education attorney. Upon 10 days' prior notice of the date, time, and location of the hearing sent by the lienholder to all interested parties, a judge, after a hearing, shall order a seized motor vehicle released to the lienholder conditioned upon payment of all towing and storage costs incurred as a result of the seizure and impoundment of the motor vehicle if the judge determines, by the greater weight of the evidence, that:

(1) Default on the obligation secured by the motor vehicle has occurred;

(2) As a consequence of default, the lienholder is entitled to possession of the motor vehicle;

(3) The lienholder agrees to sell the motor vehicle in accordance with the terms of its agreement and pursuant to the provisions of Part 5 of Article 9 of Chapter 25 of the General Statutes. Upon sale of the motor vehicle, the lienholder will pay to the clerk of court of the county in which the driver was charged all proceeds from the

sale, less the amount of the lien in favor of the lienholder, and any towing and storage costs paid by the lienholder;

(4) The lienholder agrees not to sell, give, or otherwise transfer possession of the forfeited motor vehicle to the defendant or the motor vehicle owner; and

(5) The forfeited motor vehicle had not previously been released to the lienholder.

The clerk of superior court may order a seized vehicle released to the lienholder conditioned upon payment of all towing and storage costs incurred as a result of the seizure and impoundment of the motor vehicle at any time when all interested parties have, in writing, waived any rights that they may have to notice and a hearing, and the lienholder has agreed to the provision of subdivision (4) above. A lienholder who refuses to sell, give, or transfer possession of a forfeited motor vehicle to:

(1) The defendant;

(2) The motor vehicle owner who owned the motor vehicle immediately prior to forfeiture; or

(3) Any person acting on the behalf of the defendant or the motor vehicle owner,

shall not be liable for damages arising out of such refusal. However, any subsequent violation of the conditions of release by the lienholder shall be punishable by civil or criminal contempt.

~~(f) Duty of Trial Judge. -- The trial judge at the sentencing hearing on the operator's charge of violating G.S. 20-138.1 or G.S. 20-138.5 shall determine if the vehicle is subject to forfeiture pursuant to the provisions of G.S. 20-28.2.~~

~~(g) Possessory Lien. -- The entity that tows and stores the vehicle, other than the county school board, shall be entitled to a possessory lien as defined in G.S. 28.2(a1)(5).~~

(h) Insurance Proceeds. -- In the event a motor vehicle is damaged incident to the conduct of the defendant which gave rise to the defendant's arrest and seizure of the motor vehicle pursuant to this section, the county board of education, or its authorized designee, is authorized to negotiate the county board of education's interest with the insurance company and to compromise and accept settlement of any claim for damages. Property insurance proceeds accruing to the defendant, or other owner of the seized motor vehicle, shall be paid by the responsible insurance company directly to the clerk of superior court in the county where the motor vehicle driver was charged. If the motor vehicle is declared a total loss by the insurance company responsible for the motor vehicle, the clerk of superior court, upon application of the county board of education, shall enter an order that the motor vehicle be released to the insurance company upon payment into the court of all insurance proceeds for damage to the motor vehicle after payment of towing and storage costs and all valid liens. The clerk of superior court shall provide the Division with a certified copy of the order entered pursuant to this subsection, and the Division shall transfer title to the insurance company or to such other person or entity as may be designated by the insurance company. Insurance proceeds paid to

the clerk of court pursuant to this subsection shall be subject to forfeiture pursuant to G.S. 20-28.5 and shall be disbursed pursuant to further orders of the court. An affected motor vehicle owner or lienholder who objects to any agreed upon settlement under this subsection may file an independent claim with the insurance company for any additional monies believed owed. Notwithstanding any other provisions in this Chapter, nothing in this section or G.S. 20-28.2 shall require an insurance company to make payments in excess of those required pursuant to its policy of insurance on the seized motor vehicle.

(i) Expedited Sale of Seized Motor Vehicles in Certain Cases. -- In order to avoid additional liability for towing and storage costs pending resolution of the criminal proceedings of the defendant, the county board of education may, after expiration of 90 days from the date of seizure, sell any motor vehicle having a fair market value of one thousand five hundred dollars ($1,500) or less. The county board of education may also sell a motor vehicle, regardless of the fair market value, any time the towing and storage costs exceed eighty-five percent (85%) of the fair market value of the vehicle, or with the consent of all the motor vehicle owners. Any sale conducted pursuant to this subsection shall take place upon not less than 10 days' prior notice to the motor vehicle owners and lienholders, and the proceeds of the sale, after the payment of outstanding towing and storage costs, shall be deposited with the clerk of superior court. If an order of forfeiture is entered by the court, the court shall order the proceeds held by the clerk to be disbursed as provided in G.S. 20-28.5(b). If the court determines that the motor vehicle is not subject to forfeiture, the court shall order the proceeds held by the clerk to be disbursed first to pay the sale, towing, and storage costs, second to pay outstanding liens on the motor vehicle, and the balance to be paid to the motor vehicle owners.

(j) Retrieval of Certain Personal Property. -- At reasonable times, the entity charged with storing the motor vehicle may permit owners of personal property not affixed to the motor vehicle to retrieve those items from the motor vehicle, provided satisfactory proof of ownership of the motor vehicle or the items of personal property is presented to the storing entity.

(k) County Board of Education Right to Appear and Participate in Proceedings. -- The attorney for the county board of education shall be given notice of all proceedings regarding offenses involving impaired driving related to a motor vehicle subject to forfeiture. The attorney for the county board of education shall also have the right to appear and to be heard on all issues relating to the seizure, possession, release, forfeiture, sale, and other matters related to the seized vehicle under this section. With the prior consent of the county board of education, the district attorney may delegate to the attorney for the county board of education any or all of the duties of the district attorney under this section. Clerks of superior court, law enforcement agencies, and all other agencies with information relevant to the seizure, impoundment, release, or forfeiture of motor vehicles are authorized and directed to provide county boards of education with access to that information and to do so by electronic means when existing technology makes this type of transmission possible.

(l) Payment of Fees Upon Conviction. -- If the driver of a motor vehicle seized pursuant to this section is convicted of an offense involving impaired driving, the defendant shall be ordered to pay as restitution to the county board of education, the motor vehicle owner, or the lienholder the cost paid or owing for the towing, storage, and sale of the motor vehicle to the extent the costs were not covered by the proceeds from the forfeiture and sale of the motor vehicle. In addition, a civil judgment for the costs under this section in favor of the party to whom the restitution is owed shall be docketed by the clerk of superior court. If the defendant is sentenced to an active term of imprisonment, the civil judgment shall become effective and be docketed when the defendant's conviction becomes final. If the defendant is placed on probation, the civil judgment in the amount found by a judge during the probation revocation or termination hearing to be due shall become effective and be docketed by the clerk when the defendant's probation is revoked or terminated.

(m) Trial Priority. -- Trials of impaired driving offenses involving forfeitures of motor vehicles pursuant to G.S. 20-28.2 shall be scheduled on the arresting officer's next court date or within 30 days of the offense, whichever comes first.

Once scheduled, the case shall not be continued unless all of the following conditions are met:

(1) A written motion for continuance is filed with notice given to the opposing party prior to the motion being heard.

(2) The judge makes a finding of a 'compelling reason' for the continuance.

(3) The motion and finding are attached to the court case record.

Upon a determination of guilt, the issue of vehicle forfeiture shall be heard by the judge immediately, or as soon thereafter as feasible, and the judge shall issue the appropriate orders pursuant to G.S. 20-28.2(d).

Should a defendant appeal the conviction to superior court, any party may file a motion for review to consider whether the motor vehicle may be released pursuant to G.S. 20-28.2(e) or (f) or G.S. 20-28.3(e), (e1), or (e3)."

Section 4. G.S. 20-28.4 reads as rewritten:

~~(c) Release to Lienholder. -- A district court judge may order a forfeited vehicle released to a lienholder if the judge determines, by the greater weight of the evidence, that the lienholder satisfies the criteria as set out in G.S. 20-28.2(f).~~

(d) Release Upon Conclusion of Trial. -- If the driver of a motor vehicle seized pursuant to G.S. 20-28.3:

BILL SUMMARY:

Amends G.S. 10A-2 to specify that one of the chapter's purposes is to prevent fraud and forgery. Amends G.S. 10A-4 to require payment of a $50 fee to be certified to teach a course of study for notaries public, and to renew certification. Adds director and employees of the Notary Division of the Department of the Secretary of State to existing exemption from certain instructor certification requirements. Amends G.S. 10A-15 to permit director and employees of the Notary Division to act as notaries public by virtue of their employment by the Secretary of State, and to allow them to certify their notarial acts under the Secretary of State's seal. Amends G.S. 10A-4 (c) to specify that the Secretary of State may deny an application for commission or recommission as a notary if applicant has been convicted of a felony. Amends G.S. 10A-11 to add to and clarify specifications for notary seals. Amends G.S. 10A-16 to validate various notarial acts performed before October 1, 1998, and to clarify and add to the acts that are covered by the validation.

ASSUMPTIONS AND METHODOLOGY:
The number of initial certifications to teach a course of study for notaries public and the certification renewals to teach the courses are represented below by the single figures for the 1993-94 through the 1997-98 (projected) fiscal years:

1993-94	1994-95	1995-96	1996-97	1997-98 (est.)
43	47	50	52	55

Senate Bill 1552 authorizes the Secretary of State to charge a $50 fee for each initial certification and renewal to teach a course of study for notaries public. Relying on the experience from 1993-94 to 1996-97, we estimate an average annual increase of 3 individuals to the total number of individuals receiving initial certification and/or certification renewal. The following numbers (by fiscal year) represent the projected number of certifications and renewals in the out years:

1998-99	1999-00	2000-01	2001-02	2002-03
58	61	64	67	70

We simply multiply the projected numbers of initial certificates and renewals (above) times the $50 fee (authorized by the bill) to get the revenue projections by fiscal year reflected in the **FISCAL IMPACT** section of this note.

A BILL TO BE ENTITLED

AN ACT TO DISAPPROVE 15A NCAC 2B.0233 (THE NEUSE RIVER NUTRIENT SENSITIVE WATERS MANAGEMENT STRATEGY) AS A PERMANENT RULE, TO CONTINUE 15A NCAC 2B.0233 IN EFFECT AS A TEMPORARY RULE, TO SPECIFY HOW THE TEMPORARY RULE IS TO BE IMPLEMENTED, TO REQUIRE THE ENVIRONMENTAL MANAGEMENT COMMISSION (EMC) TO ADOPT RULES TO PROVIDE ALTERNATIVES TO MAINTAINING RIPARIAN BUFFERS AND TO ESTABLISH COMPENSATORY MITIGATION FEES, TO ESTABLISH THE RIPARIAN BUFFER RESTORATION FUND, TO REQUIRE THE EMC TO ADOPT RULES TO PROVIDE FOR DELEGATION OF THE RIPARIAN BUFFER PROGRAM TO UNITS OF LOCAL GOVERNMENT THAT SEEK SUCH DELEGATION, TO RECOGNIZE VESTED DEVELOPMENT RIGHTS, TO REQUIRE THE EMC TO REVISE THE TEMPORARY RULE CONTINUED IN EFFECT BY THIS ACT AND TO ADOPT A REVISED PERMANENT RULE WITH THE ASSISTANCE OF A STAKEHOLDER ADVISORY COMMITTEE, TO PROVIDE THAT EROSION CONTROL PLANS WILL BE CONSISTENT WITH RIPARIAN BUFFER REQUIREMENTS, TO REQUIRE THE EMC TO ESTABLISH A RIPARIAN BUFFER MAINTENANCE AND RESTORATION GOAL, TO AUTHORIZE THE DEPARTMENT OF ENVIRONMENT AND NATURAL RESOURCES TO ACCEPT DONATIONS OF REAL PROPERTY, TO PROVIDE FOR PERIODIC REVIEW OF THE IMPLEMENTATION OF

THE NEUSE RIVER NUTRIENT SENSITIVE WATERS MANAGEMENT STRATEGY AND REPORTS TO THE ENVIRONMENTAL REVIEW COMMISSION, AND TO AUTHORIZE THE EMC TO ADOPT TEMPORARY RULES TO IMPLEMENT THIS ACT.

The General Assembly of North Carolina enacts:

Section 1. **Definitions.** -- Unless otherwise required by the context, the following definitions apply throughout this act:

(1) "Commission" means the Environmental Management Commission.

(2) "Department" means the Department of Environment and Natural Resources.

(3) "Secretary" means the Secretary of Environment and Natural Resources.

(4) "Temporary rule 15A NCAC 2B.0233" means 15A NCAC 2B.0233 (Neuse River Basin: Nutrient Sensitive Waters Management Strategy: Protection and Maintenance of Riparian Areas with Existing Forest Vegetation), adopted as a temporary rule by the Commission effective 22 July 1997, amended by the Commission effective 22 April 1998, and continued in effect by Section 2 of this act.

Section 2. **Permanent rule disapproved; temporary rule continued in effect.** -- Pursuant to G.S. 150B-21.3(b), 15A NCAC 2B.0233 (Neuse River Basin: Nutrient Sensitive Waters Management Strategy: Protection and Maintenance of Riparian Areas with Existing Forest Vegetation), as amended by the Commission and approved by the Rules Review Commission on 19 February 1998, is disapproved as a permanent rule. Notwithstanding G.S. 150B-21.1(d), 15A NCAC 2B.0233 (Neuse River Basin: Nutrient Sensitive Waters Management Strategy: Protection and Maintenance of Riparian Areas with Existing Forest Vegetation), as amended by the Commission effective 22 April 1998, shall remain in effect as a temporary rule until the revised temporary rule required by Section 8 of this act becomes effective. The Commission and the Department shall implement temporary rule 15A NCAC 2B.0233 as provided in Section 3 of this act.

Section 3. **Implementation of the temporary rule: determination of surface waters; requirements not applicable to certain intermittent streams; forest vegetation defined.** -- (a) Until the effective date of the revised temporary rule that the Commission is required to adopt by Section 8 of this act, the Commission and the Department shall implement temporary rule 15A NCAC 2B.0233 as provided in this section.

(b) For purposes of implementing temporary rule 15A NCAC 2B.0233, the presence of surface waters in the Neuse River Basin, including intermittent streams, perennial streams, lakes, ponds, and estuaries shall be determined solely as provided in this subsection and subsection (c) of this section. Surface water is presumed to be present on a particular parcel or tract of land if surface water appears on either the most recent versions of the soil survey maps prepared by the Natural

Resources Conservation Service of the United States Department of Agriculture or the most recent versions of the 1:24,000 scale (7.5 minute quadrangle) topographic maps prepared by the United States Geological Survey (USGS).

(c) The General Assembly recognizes that the soil survey maps and the USGS topographic maps may be in error in that these maps may indicate the presence of surface water where no surface water is actually present and may fail to indicate the presence of surface water where surface water is actually present. Any question as to the accuracy or application of the maps to a particular parcel or tract of land shall be referred to the Director of the Division of Water Quality of the Department. A determination of the Director as to the accuracy or application of the maps is subject to review as provided in Articles 3 and 4 of Chapter 150B of the General Statutes. The Commission shall make the final agency decision in a contested case involving a determination under this section. A determination of the presence of surface waters pursuant to this section applies only to the implementation of temporary rule 15A NCAC 2B.0233.

(d) As used in temporary rule 15A NCAC 2B.0233, "forest vegetation" is not defined by 15A NCAC 2B.0202 but instead means vegetation consisting of trees and woody perennial plants with associated herbaceous vegetation in conjunction with a defined surface layer consisting of leaves, branches, and other plant material. "Forest vegetation" includes mature and successional forest areas and cutover areas.

Section 4. **Alternatives to maintaining riparian buffers; compensatory mitigation fees.** -- (a) The Commission shall establish a program to provide alternatives for persons who would otherwise be required to maintain existing riparian buffers and who can demonstrate that they have attempted to avoid and minimize the loss of the riparian buffer and that there is no practical alternative to the loss of the buffer. This program is intended to allow these persons to perform compensatory mitigation in lieu of complying with the requirements of the revised temporary rule and permanent rule required by Section 8 of this act. Alternatives shall include, but are not limited to:

(1) Payment of a compensatory mitigation fee into the Riparian Buffer Restoration Fund.

(2) Donation of real property or of an interest in real property to the Department, another State agency, a unit of local government, or a private nonprofit conservation organization if both the donee organization and the donated real property or interest in real property are approved by the Department. The Department may approve a donee organization only if the donee agrees to maintain the real property or interest in real property as a riparian buffer. The Department may approve a donation of real property or an interest in real property only if the real property or interest in real property is either:

a. A riparian buffer that will provide protection of water quality that is equivalent to or greater than that provided by the riparian buffer that is lost; or

b. Will be used to restore, create, enhance, or maintain a riparian buffer that will provide protection of water quality that is equivalent to or greater than that provided by the riparian buffer that is lost.

(3) Establishment, restoration, or enhancement of a riparian buffer that is not otherwise required to be protected.

(b) Compensatory mitigation is only available for loss of a riparian buffer along an intermittent stream. Compensatory mitigation shall be conducted within the Neuse River Basin.

(c) The Commission shall establish a standard schedule of compensatory mitigation fees. The compensatory mitigation fee schedule shall be based on the area of the riparian buffer that is permitted to be lost and the cost to provide equivalent or greater protection of water quality by:

(1) Restoring existing riparian buffers.

(2) Acquiring land for and creation of new riparian buffers.

(3) Monitoring and maintaining the restored or created riparian buffers over time.

(d) The Commission may adopt rules to implement this section and may recommend any legislation it determines to be necessary or desirable to achieve the purposes of this section. Rules to implement this section shall not be codified as a part of 15A NCAC 2B.0233 but shall be set out as a separately numbered rule.

Section 5. **Riparian Buffer Restoration Fund.** -- (a) G.S. 143-214.15 through G.S. 143-214.20 are reserved for future codification purposes.

(b) Part 1 of Article 21 of Chapter 143 of the General Statutes is amended by adding a new section to read:

"**§ 143-214.21. Riparian Buffer Protection Program; Riparian Buffer Restoration Fund.**

The Riparian Buffer Restoration Fund is established as a nonreverting fund within the Department. The Fund shall be treated as a special trust fund and shall be credited with interest by the State Treasurer pursuant to G.S. 147-69.2 and G.S. 147-69.3. The Riparian Buffer Restoration Fund shall provide a repository for monetary contributions to promote projects for the restoration, enhancement, or creation of riparian buffers and for compensatory mitigation fees paid to the Department. The Fund shall be administered by the Division of Water Quality within the Department. Monies shall be expended from the Fund only for those purposes directly related to the restoration, acquisition, creation, enhancement, and maintenance of riparian buffers to offset the benefits to water quality, including the removal of nutrients, lost through the loss of buffers. Compensatory mitigation fees paid into the Fund in connection with the loss of riparian buffers in a river basin and the interest earned on those fees may be used only for projects in that river basin."

Section 6. **Delegation of riparian buffer protection requirements to local governments.** -- (a) The Commission may delegate responsibility for the implementation and enforcement of the State's riparian buffer protection requirements in the Neuse River Basin to units of local government that have the

power to regulate land use. A delegation under this section shall not affect the jurisdiction of the Commission over State agencies and units of local government. Any unit of local government in the Neuse River Basin that has the power to regulate land use may request that responsibility for the implementation and enforcement of the State's riparian buffer protection requirements be delegated to the unit of local government. To this end, units of local government may adopt ordinances and regulations necessary to establish and enforce the State's riparian buffer protection requirements.

(b) Within 90 days after the Commission receives a complete application requesting delegation of responsibility for the implementation and enforcement of the State's riparian buffer protection requirement, the Commission shall review the application and notify the unit of local government that submitted the application whether the application has been approved, approved with modifications, or disapproved. The Commission shall not approve a delegation unless the Commission finds that local implementation and enforcement of the State's riparian buffer protection requirements will equal implementation and enforcement by the State.

(c) If the Commission determines that any unit of local government is failing to implement or enforce the State's riparian buffer protection requirements, the Commission shall notify the unit of local government in writing and shall specify the deficiencies in implementation and enforcement. If the local government has not corrected the deficiencies within 90 days after the unit of local government receives the notification, the Commission shall rescind delegation and shall implement and enforce the State's riparian buffer protection program. If the unit of local government indicates that it is willing and able to resume implementation and enforcement of the State's riparian buffer protection requirements, the unit of local government may reapply for delegation under this section.

(d) The Division of Water Quality in the Department shall provide technical assistance to units of local government in the development, implementation, and enforcement of the State's riparian buffer protection requirements.

(e) The Commission may adopt rules to implement this section and may recommend any legislation it determines to be necessary or desirable to achieve the purposes of this section. Rules to implement this section shall not be codified as a part of 15A NCAC 2B.0233 but shall be set out as a separately numbered rule.

Section 7. **Recognition of vested development rights.** -- (a) Vested rights recognized or established under the common law or by G.S. 153A-344(b), 153A-344.1, 160A-385(b), or 160A-385.1 shall include the right as provided in this section, to undertake and complete development in the Neuse River Basin without application of temporary rule 15A NCAC 2B.0233 and the revised temporary rule required by Section 8 of this act. The Commission and the Department shall not apply temporary rule 15A NCAC 2B.0233 and the revised temporary rule required by Section 8 of this act to development with vested rights recognized or established under G.S. 153A-344(b), 153A-344.1, 160A-385(b), or 160A-385.1 prior to 22 July 1997. The Commission and the Department shall not apply temporary rule 15A NCAC 2B.0233 and the revised temporary rule required by Section 8 of this act to

(b) The Director of the Division of Water Quality of the Department shall assign appropriate professional and clerical staff to assist the Stakeholder Advisory Committee in the performance of its duties under this act.

Section 11. **Erosion control plans consistent with riparian buffer requirements.** -- (a) G.S. 113A-54.1(c) reads as rewritten:

"(c) The Director of the Division of Land Resources shall disapprove an erosion control plan if the plan, when implemented, would result in a violation of rules adopted by the Environmental Management Commission to protect riparian buffers

along surface waters. The Director of the Division of Land Resources may disapprove an erosion control plan upon finding that an applicant or a parent, subsidiary, or other affiliate of the applicant:

It is the intention of the General Assembly that the Sedimentation Control Commission adopt any temporary rules that may be necessary to implement Section 11 of this act no later than 15 February 1999. If the Sedimentation Control Commission determines that adoption of a temporary rule is necessary to implement Section 11 of this act, the Sedimentation Control Commission shall proceed, in accordance with Article 2A of Chapter 150B of the General Statutes, with the adoption of a permanent rule to replace the temporary rule. The Sedimentation Control Commission shall require local erosion control programs approved under G.S. 113A-60 to implement the requirements of G.S. 113A-61(b1), as amended by Section 11 of this act.

Section 13. **Department may accept donations of real property.** -- The Department may accept donations of real property and interests in real property if the real property or interest in real property is a riparian buffer or will be used to restore, create, enhance, or maintain a riparian buffer that will provide protection of water quality.

Section 14. **Commission to establish riparian buffer maintenance and restoration goal.** -- The Commission shall establish a goal for the maintenance and restoration of riparian buffers that is consistent with the thirty percent (30%) nitrogen reduction goal for the Neuse River estuary established by Chapter 572 of the 1995 Session Laws (1996 Regular Session).

Section 15. **Report on implementation of act to the Environmental Review Commission.** -- The Commission and the Department shall jointly report to the Environmental Review Commission on progress in implementing this act on or before 1 December 1998 and 1 March 1999. The reports shall include any proposed legislation that the Commission or the Department recommends as necessary or desirable to achieve the purposes of this act, to improve water quality in the Neuse River or the Neuse estuary, or to better achieve the purposes of the Neuse River Nutrient Sensitive Waters (NSW) Management Strategy.

Section 16. **Repeal of unnecessary reporting requirement.** -- Section 3 of Chapter 572 of the 1995 Session Laws (1996 Regular Session) is repealed.

Section 17. **Headings for convenience only.** -- The headings to the sections of this act are a convenience to the reader and are for reference only. The headings do not expand, limit, or define the text of this act.

Section 18. **Severability provision.** -- If any section or provision of this act is declared unconstitutional or invalid by the courts, the unconstitutional or invalid section or provision does not affect the validity of this act as a whole or any part of this act other than the part declared to be unconstitutional or invalid.

Section 19. **Effective date of act.** -- This act is effective when it becomes law.

A BILL TO BE ENTITLED

AN ACT TO DISAPPROVE 15A NCAC 2B.0233 (THE NEUSE RIVER NUTRIENT SENSITIVE WATERS MANAGEMENT STRATEGY) AS A PERMANENT RULE, TO CONTINUE 15A NCAC 2B.0233 IN EFFECT AS A TEMPORARY RULE, TO SPECIFY HOW THE TEMPORARY RULE IS TO BE IMPLEMENTED, TO REQUIRE THE ENVIRONMENTAL MANAGEMENT COMMISSION (EMC) TO ADOPT RULES TO PROVIDE ALTERNATIVES TO MAINTAINING RIPARIAN BUFFERS AND TO ESTABLISH COMPENSATORY MITIGATION FEES, TO ESTABLISH THE RIPARIAN BUFFER RESTORATION FUND, TO REQUIRE THE EMC TO ADOPT RULES TO PROVIDE FOR DELEGATION OF THE RIPARIAN BUFFER PROGRAM TO UNITS OF LOCAL GOVERNMENT THAT SEEK SUCH DELEGATION, TO RECOGNIZE VESTED DEVELOPMENT RIGHTS, TO REQUIRE THE EMC TO REVISE THE TEMPORARY RULE CONTINUED IN EFFECT BY THIS ACT AND TO ADOPT A REVISED PERMANENT RULE WITH THE ASSISTANCE OF A STAKEHOLDER ADVISORY COMMITTEE, TO PROVIDE THAT EROSION CONTROL PLANS WILL BE CONSISTENT WITH RIPARIAN BUFFER REQUIREMENTS, TO REQUIRE THE EMC TO ESTABLISH A RIPARIAN BUFFER MAINTENANCE AND RESTORATION GOAL, TO AUTHORIZE THE DEPARTMENT OF ENVIRONMENT AND NATURAL RESOURCES TO ACCEPT DONATIONS OF REAL PROPERTY, TO PROVIDE FOR PERIODIC REVIEW OF THE IMPLEMENTATION OF THE NEUSE RIVER NUTRIENT SENSITIVE WATERS MANAGEMENT

STRATEGY AND REPORTS TO THE ENVIRONMENTAL REVIEW COMMISSION, AND TO AUTHORIZE THE EMC TO ADOPT TEMPORARY RULES TO IMPLEMENT THIS ACT.

The General Assembly of North Carolina enacts:

Section 1. **Definitions.** -- Unless otherwise required by the context, the following definitions apply throughout this act:

(1) "Commission" means the Environmental Management Commission.

(2) "Department" means the Department of Environment and Natural Resources.

(3) "Secretary" means the Secretary of Environment and Natural Resources.

(4) "Temporary rule 15A NCAC 2B.0233" means 15A NCAC 2B.0233 (Neuse River Basin: Nutrient Sensitive Waters Management Strategy: Protection and Maintenance of Riparian Areas with Existing Forest Vegetation), adopted as a temporary rule by the Commission effective 22 July 1997, amended by the Commission effective 22 April 1998, and continued in effect by Section 2 of this act.

Section 2. **Permanent rule disapproved; temporary rule continued in effect.** -- Pursuant to G.S. 150B-21.3(b), 15A NCAC 2B.0233 (Neuse River Basin: Nutrient Sensitive Waters Management Strategy: Protection and Maintenance of Riparian Areas with Existing Forest Vegetation), as amended by the Commission and approved by the Rules Review Commission on 19 February 1998, is disapproved as a permanent rule. Notwithstanding G.S. 150B-21.1(d), 15A NCAC 2B.0233 (Neuse River Basin: Nutrient Sensitive Waters Management Strategy: Protection and Maintenance of Riparian Areas with Existing Forest Vegetation), as amended by the Commission effective 22 April 1998, shall remain in effect as a temporary rule until the revised temporary rule required by Section 8 of this act becomes effective. The Commission and the Department shall implement temporary rule 15A NCAC 2B.0233 as provided in Section 3 of this act.

Section 3. **Implementation of the temporary rule: determination of surface waters; requirements not applicable to certain intermittent streams; forest vegetation defined.** -- (a) Until the effective date of the revised temporary rule that the Commission is required to adopt by Section 8 of this act, the Commission and the Department shall implement temporary rule 15A NCAC 2B.0233 as provided in this section.

(b) For purposes of implementing temporary rule 15A NCAC 2B.0233, the presence of surface waters in the Neuse River Basin, including intermittent streams, perennial streams, lakes, ponds, and estuaries shall be determined solely as provided in this subsection and subsection (c) of this section. Surface water is presumed to be present on a particular parcel or tract of land if surface water appears on either the most recent versions of the soil survey maps prepared by the Natural Resources Conservation Service of the United States Department of Agriculture or

the most recent versions of the 1:24,000 scale (7.5 minute quadrangle) topographic maps prepared by the United States Geological Survey (USGS).

(c) The General Assembly recognizes that the soil survey maps and the USGS topographic maps may be in error in that these maps may indicate the presence of surface water where no surface water is actually present and may fail to indicate the presence of surface water where surface water is actually present. Any question as to the accuracy or application of the maps to a particular parcel or tract of land shall be referred to the Director of the Division of Water Quality of the Department. A determination of the Director as to the accuracy or application of the maps is subject to review as provided in Articles 3 and 4 of Chapter 150B of the General Statutes. The Commission shall make the final agency decision in a contested case involving a determination under this section. A determination of the presence of surface waters pursuant to this section applies only to the implementation of temporary rule 15A NCAC 2B.0233.

(d) The requirements of temporary rule 15A NCAC 2B.0233 shall not apply to a segment of an intermittent stream that drains an area of 25 acres or less and that lies upstream from the point of measurement from which the drainage area is determined.

(e) As used in temporary rule 15A NCAC 2B.0233, "forest vegetation" is not defined by 15A NCAC 2B.0202 but instead means vegetation consisting of trees and woody perennial plants with associated herbaceous vegetation in conjunction with a defined surface layer consisting of leaves, branches, and other plant material. "Forest vegetation" includes mature and successional forest areas and cutover areas.

Section 4. **Alternatives to maintaining riparian buffers; compensatory mitigation fees.** -- (a) The Commission shall establish a program to provide alternatives for persons who would otherwise be required to maintain existing riparian buffers and who can demonstrate that they have attempted to avoid and minimize the loss of the riparian buffer and that there is no practical alternative to the loss of the buffer. This program is intended to allow these persons to perform compensatory mitigation in lieu of complying with the requirements of and the revised temporary rule and permanent rule required by Section 8 of this act. Alternatives shall include, but are not limited to:

(1) Payment of a compensatory mitigation fee into the Riparian Buffer Restoration Fund.

(2) Donation of real property or of an interest in real property to the Department, another State agency, a unit of local government, or a private nonprofit conservation organization if both the donee organization and the donated real property or interest in real property are approved by the Department. The Department may approve a donee organization only if the donee agrees to maintain the real property or interest in real property as a riparian buffer. The Department may approve a donation of real property or an interest in real property only if the real property or interest in real property is either:

a. A riparian buffer that will provide protection of water quality that is equivalent to or greater than that provided by the riparian buffer that is lost; or

b. Will be used to restore, create, enhance, or maintain a riparian buffer that will provide protection of water quality that is equivalent to or greater than that provided by the riparian buffer that is lost.

(3) Establishment, restoration, or enhancement of a riparian buffer that is not otherwise required to be protected.

(b) Compensatory mitigation is only available for loss of a riparian buffer along an intermittent stream. Compensatory mitigation shall be conducted within the Neuse River Basin.

(c) The Commission shall establish a standard schedule of compensatory mitigation fees. The compensatory mitigation fee schedule shall be based on the area of the riparian buffer that is permitted to be lost and the cost to provide equivalent or greater protection of water quality by:

(1) Restoring existing riparian buffers.

(2) Acquiring land for and creation of new riparian buffers.

(3) Monitoring and maintaining the restored or created riparian buffers over time.

(d) The Commission may adopt rules to implement this section and may recommend any legislation it determines to be necessary or desirable to achieve the purposes of this section. Rules to implement this section shall not be codified as a part of 15A NCAC 2B.0233 but shall be set out as a separately numbered rule.

Section 5. **Riparian Buffer Restoration Fund.** -- (a) G.S. 143-214.15 through G.S. 143-214.20 are reserved for future codification purposes.

(b) Part 1 of Article 21 of Chapter 143 of the General Statutes is amended by adding a new section to read:

"**§ 143-214.21. Riparian Buffer Protection Program: Riparian Buffer Restoration Fund.**

The Riparian Buffer Restoration Fund is established as a nonreverting fund within the Department. The Fund shall be treated as a special trust fund and shall be credited with interest by the State Treasurer pursuant to G.S. 147-69.2 and G.S. 147-69.3. The Riparian Buffer Restoration Fund shall provide a repository for monetary contributions to promote projects for the restoration, enhancement, or creation of riparian buffers and for compensatory mitigation fees paid to the Department. The Fund shall be administered by the Division of Water Quality within the Department. Monies shall be expended from the Fund only for those purposes directly related to the restoration, acquisition, creation, enhancement, and maintenance of riparian buffers to offset the benefits to water quality, including the removal of nutrients, lost through the loss of buffers. Compensatory mitigation fees paid into the Fund in connection with the loss of riparian buffers in a river basin and the interest earned on those fees may be used only for projects in that river basin."

Section 6. **Delegation of riparian buffer protection requirements to local governments.** -- (a) The Commission may delegate responsibility for the implementation and enforcement of the State's riparian buffer protection requirements in the Neuse River Basin to units of local government that have the power to regulate land use. A delegation under this section shall not affect the jurisdiction of the Commission over State agencies and units of local government. Any unit of local government in the Neuse River Basin that has the power to regulate land use may request that responsibility for the implementation and enforcement of the State's riparian buffer protection requirements be delegated to the unit of local government. To this end, units of local government may adopt ordinances and regulations necessary to establish and enforce the State's riparian buffer protection requirements.

(b) Within 90 days after the Commission receives a complete application requesting delegation of responsibility for the implementation and enforcement of the State's riparian buffer protection requirement, the Commission shall review the application and notify the unit of local government that submitted the application whether the application has been approved, approved with modifications, or disapproved. The Commission shall not approve a delegation unless the Commission finds that local implementation and enforcement of the State's riparian buffer protection requirements will equal implementation and enforcement by the State.

(c) If the Commission determines that any unit of local government is failing to implement or enforce the State's riparian buffer protection requirements, the Commission shall notify the unit of local government in writing and shall specify the deficiencies in implementation and enforcement. If the local government has not corrected the deficiencies within 90 days after the unit of local government receives the notification, the Commission shall rescind delegation and shall implement and enforce the State's riparian buffer protection program. If the unit of local government indicates that it is willing and able to resume implementation and enforcement of the State's riparian buffer protection requirements, the unit of local government may reapply for delegation under this section.

(d) The Division of Water Quality in the Department shall provide technical assistance to units of local government in the development, implementation, and enforcement of the State's riparian buffer protection requirements.

(e) The Commission may adopt rules to implement this section and may recommend any legislation it determines to be necessary or desirable to achieve the purposes of this section. Rules to implement this section shall not be codified as a part of 15A NCAC 2B.0233 but shall be set out as a separately numbered rule.

Section 7. **Recognition of vested development rights.** -- Vested rights recognized or established under the common law or by G.S. 153A-344(b), 153A-344.1, 160A-385(b), or 160A-385.1 shall include the right as provided in this section, to undertake and complete development in the Neuse River Basin without application of temporary rule 15A NCAC 2B.0233 and the revised temporary rule required by Section 8 of this act. The Commission and the Department shall not apply temporary rule 15A NCAC 2B.0233 and the revised temporary rule required by

Section 8 of this act to development with vested rights recognized or established under G.S. 153A-344(b), 153A-344.1, 160A-385(b), or 160A-385.1 prior to 22 July 1997. The Commission and the Department shall not apply temporary rule 15A NCAC 2B.0233 and the revised temporary rule required by Section 8 of this act to development with vested rights recognized or established under the common law prior to the date this act becomes effective if the Commission has issued a certification pursuant to G.S. 143B-282(a)(1)u. prior to 22 July 1997.

Section 8. **Revision of temporary rule 15A NCAC 2B.0233; adoption of a permanent rule to replace the temporary rule.** -- (a) The Commission shall revise temporary rule 15A NCAC 2B.0233 in accordance with this section. The Commission shall:

(1) Establish a method for determining the presence of surface waters on a particular parcel or tract of land in the Neuse River Basin. The Commission shall establish a method that is scientifically valid, easily understandable, efficient, consistent, reliable, and cost-effective, including a method for resolving disputes regarding the presence of surface waters on any particular parcel or tract of land.

(2) Establish methods to determine the point from which to measure the landward extent of zones within a protected riparian buffer appropriate to the different regions of the Neuse River Basin.

(3) Determine, based on drainage area, those segments of intermittent streams to which the riparian buffer protection requirements do not apply. The Commission may establish different drainage areas for segments of intermittent streams located in different parts of the Neuse River Basin on the basis of topography and other relevant factors.

(4) Define forest vegetation.

(5) Establish a clearly defined set of exemptions and uses that will be allowed within a riparian area.

(6) Establish criteria to determine whether there exists a practical alternative to the loss of the riparian buffer.

(b) All provisions that the Commission finds to be necessary to revise temporary rule 15A NCAC 2B.0233 and to implement the revised temporary rule shall be set out in the revised temporary rule. The Commission and the Department may develop and use guidance documents and other statements that concern only the internal management of the Commission and the Department. Neither the Commission nor the Department may develop or use any guidance document or other statement that directly or substantially affects the procedural or substantive rights or duties of any person not employed by the Commission or the Department unless those documents are set out in rules adopted in accordance with the provisions of Article 2A of Chapter 150B of the General Statutes.

(c) The Commission shall develop revisions to temporary rule 15A NCAC 2B.0233 with the assistance and advice of the Stakeholder Advisory

Committee appointed for that purpose as provided in Section 10 of this act. Notwithstanding G.S. 150B-21.1(d), the revised temporary rule shall not expire until the permanent rule required by subsection (d) of this section becomes effective.

(d) Once temporary rule 15A NCAC 2B.0233 has been revised as required by this section, the Commission shall proceed, in accordance with Article 2A of Chapter 150B of the General Statutes, with the adoption of a permanent rule to replace the revised temporary rule.

Section 9. **Commission to review the implementation of the Neuse River Nutrient Sensitive Waters (NSW) Management Strategy.** -- The Commission shall review the implementation of the Neuse River Basin Nutrient Sensitive Waters (NSW) Management Strategy. As a part of this review, the Commission shall assess progress toward implementation of the Management Strategy, achievement of the nitrogen reduction goal established by Chapter 572 of the 1995 Session Laws (1996 Regular Session) and any other milestones related to the effort to improve water quality in the Neuse River and Neuse estuary established by the Commission, and the impact of the implementation of the Neuse River Nutrient Sensitive Waters (NSW) Management Strategy on the regulated community. The Commission shall report the results of this review, including any recommendations relative to water quality in the Neuse River and Neuse estuary, to the Environmental Review Commission no later than 1 December 2000. The Commission shall conduct a second review and report the results, including any recommendations, to the Environmental Review Commission no later than 1 December 2001.

Section 10. **Stakeholder Advisory Committee.** -- (a) The Commission shall develop the rules required by Sections 4 and 6 of this act and the revisions to temporary rule 15A NCAC 2B.0233 and the permanent rule required by Section 8 of this act with the assistance of a Stakeholder Advisory Committee. The Stakeholder Advisory Committee shall consist of 23 members as follows:

(10) The President of the Lower Neuse River Basin Association or the President's designee.
(11) The President of the North Carolina Association of Environmental Professionals or the President's designee.
(12) The President of the North Carolina Chapter of the American Planning Association or the President's designee.
(13) The Executive Director of the North Carolina Aggregates Association, Inc., or the Executive Director's designee.

(b) The Director of the Division of Water Quality of the Department shall assign appropriate professional and clerical staff to assist the Stakeholder Advisory Committee in the performance of its duties under this act.

(c) The Stakeholder Advisory Committee created by this section shall terminate when it makes its final recommendations to the Commission.

Section 11. **Erosion control plans consistent with riparian buffer requirements.** -- (a) G.S. 113A-54.1(c) reads as rewritten:

"(c) The Director of the Division of Land Resources shall disapprove an erosion control plan if the plan, when implemented, would result in a violation of rules adopted by the Environmental Management Commission to protect riparian buffers along surface waters. The Director of the Division of Land Resources may disapprove an erosion control plan upon finding that an applicant or a parent, subsidiary, or other affiliate of the applicant:

(1) Is conducting or has conducted land-disturbing activity without an approved plan, or has received notice of violation of a plan previously approved by the Commission or a local government pursuant to this Article and has not complied with the notice within the time specified in the notice;
(2) Has failed to pay a civil penalty assessed pursuant to this Article or a local ordinance adopted pursuant to this Article by the time the payment is due;

Section 12. **Temporary rules authorized.** -- (a) Notwithstanding G.S. 150B-21.1(a)(2) and 26 NCAC 2C.0102(11), the Commission may adopt temporary rules to implement this act and to correct other rules related to the Neuse River Nutrient Sensitive Waters (NSW) Management Strategy until 1 July 1999. It is the intention of the General Assembly that the Commission first address the revisions to temporary rule 15A NCAC 2B.0233 required by subdivision (1) of subsection (a) of Section 8 of this act and that the Commission adopt all temporary rules required by or necessary to implement this act no later than 15 February 1999.

(b) Notwithstanding G.S. 150B-21.1(a)(2) and 26 NCAC 2C.0102(11), the Sedimentation Control Commission may adopt temporary rules to implement Section 11 of this act until 1 July 1999. It is the intention of the General Assembly that the Sedimentation Control Commission adopt any temporary rules that may be necessary

to implement Section 11 of this act no later than 15 February 1999. If the Sedimentation Control Commission determines that adoption of a temporary rule is necessary to implement Section 11 of this act, the Sedimentation Control Commission shall proceed, in accordance with Article 2A of Chapter 150B of the General Statutes, with the adoption of a permanent rule to replace the temporary rule. The Sedimentation Control Commission shall require local erosion control programs approved under G.S. 113A-60 to implement the requirements of G.S. 113A-61(b1), as amended by Section 11 of this act.

Section 13. **Department may accept donations of real property.** -- The Department may accept donations of real property and interests in real property if the real property or interest in real property is a riparian buffer or will be used to restore, create, enhance, or maintain a riparian buffer that will provide protection of water quality.

Section 14. **Commission to establish riparian buffer maintenance and restoration goal.** -- The Commission shall establish a goal for the maintenance and restoration of riparian buffers that is consistent with the thirty percent (30%) nitrogen reduction goal for the Neuse River estuary established by Chapter 572 of the 1995 Session Laws (1996 Regular Session).

MEMORANDUM

To: House Committee on Finance

From: Jeff Hudson, House Environment Committee Counsel
George F. Givens, House Environment Committee Counsel

Regarding: Proposed Committee Substitute for House Bill 1402 (Disapprove/Revise Neuse River Basin Rule)

Proposed Committee Substitute for House Bill 1402 (Disapprove/Revise Neuse River Basin Rule)

Section 1 provides definitions that apply throughout this act.

Section 2 disapproves the Neuse Buffer Rule as a permanent rule but provides that it will remain in effect as a temporary rule until the revisions to the temporary rule required by this act become effective. Section 2 also directs the Environmental Management Commission (Commission) and the Department of Environment and Natural Resources (Department) to implement the temporary Neuse Buffer Rule in accordance with the requirements of this act.

Section 3 provides that for purposes of implementing the temporary Neuse Buffer Rule, the existence of surface water on a particular parcel of land will be presumed if the surface water appears on either the most recent soil survey maps or United States Geological Survey topographic maps. Any question as to the accuracy of these maps will be determined by the Director of the Division of Water Quality in the Department (Director). The Director's determination will be subject to both administrative and judicial review. In addition, for purposes of the temporary Neuse Buffer Rule, Section 3 defines "forested vegetation" as vegetation consisting of trees and woody perennial plants with associated herbaceous vegetation in conjunction with a defined surface layer consisting of leaves, branches, and other plant material, including mature and successional forest areas and cutover areas.

Section 4 directs the Commission to adopt rules that provide alternatives to Neuse Buffer Rule compliance for persons who demonstrate both that they have attempted to avoid and minimize riparian buffer loss and that there is no practical alternative to this loss. These alternatives will include:

- Payment of a compensatory mitigation fee to the Riparian Buffer Restoration Fund
- Donation of real property or an interest in real property to the Department, a unit of local government, or a private nonprofit conservation organization if the property is a riparian buffer or potential riparian buffer that provides water quality protection equivalent to or greater than that provided by the lost riparian buffer and the donee agrees to maintain the property as a riparian buffer
- Establishment, restoration, or enhancement of a riparian buffer not protected by the Neuse Buffer Rule

Compensatory mitigation is only available for the loss of a riparian buffer along an intermittent stream and must be conducted within the Neuse River Basin. This section also directs the Commission to establish a compensatory mitigation fee schedule based on the area of a riparian buffer that is destroyed and the cost to provide equivalent or greater water quality protection.

Section 5 establishes the Riparian Buffer Restoration Fund (Fund) to accept compensatory mitigation fees and monetary contributions that promote the restoration, enhancement, or creation of riparian buffers. The Fund will be administered by the Division of Water Quality in the Department. Monies may only be expended from the Fund to restore, acquire, create, enhance, and maintain riparian buffers to offset water quality benefits lost due to the loss of buffers. A compensatory mitigation fee paid into the Fund must be used for a project in the same river basin as the riparian buffer that is lost.

Section 6 directs the Commission to adopt rules that provide for the delegation of the implementation and enforcement responsibilities of the Neuse River Basin riparian buffer requirements to units of local government that have the power to regulate land use.

Section 7 prohibits the Commission and Department from applying the temporary Neuse Buffer Rule to:

- A statutory vested right to develop established prior to July 22, 1997
- A common law vested right to develop established prior to the date this act becomes effective if, prior to July 22, 1997, the Commission has issued a certification pursuant to its authority to administer the federal Clean Water Act

This section also prohibits the Commission from adopting rules that confer or restrict a vested right to undertake or complete development. Finally, Section 7 states the intent of the General Assembly that the vesting provisions of this act apply only to the subject matter of this act and do not establish a precedent as to vesting under zoning, land-use planning, or other environmental programs.

Section 8 directs the Commission to revise the temporary Neuse Buffer Rule by:

- Establishing a scientifically valid, easily understandable, and cost-effective method for determining the presence of surface waters on a particular parcel of land
- Establishing a method for measuring riparian buffer zones appropriate to the different regions of the Neuse River Basin
- Determining, based on drainage area, those segments of intermittent streams to which the riparian buffer requirements do not apply
- Defining forest vegetation
- Establishing exemptions and uses that may be allowed within a riparian area
- Establishing criteria to determine whether practical alternatives exist

Section 8 also restates current law under the Administrative Procedures Act that requires the Commission to set out in rule all provisions that directly or substantially affect the procedural or substantive rights or duties of third parties. Finally, Section 8 directs the Commission to proceed with permanent rulemaking once the temporary Neuse Buffer Rule has been revised and provides that the temporary Neuse Buffer Rule will remain in effect until the permanent rule becomes effective.

Section 9 directs the Commission to review:

- Implementation of the Neuse River Basin Nutrient Sensitive Waters Management Strategy
- Progress in achieving the 30% nitrogen reduction goal and other milestones related to Neuse River water quality
- Impact of the implementation of the Neuse River Nutrient Sensitive Waters Management Strategy on the regulated community

Section 9 also directs the Commission to report the results of its review, including any recommendations, to the Environmental Review Commission by December 1, 2000 and December 1, 2001.

Section 10 directs the Commission to implement the temporary Neuse Buffer Rule and revise the permanent rule with the assistance of a stakeholder advisory committee composed of 23 appointees and representatives as follows:

1. An at large member to serve as Chair, appointed by the Secretary
2. A member of the Commission, appointed by the Chair of the Commission
3. The Director of the Division of Water Quality
4. Chief, Regulatory Branch, Wilmington District, United States Army Corps of Engineers
5. NC Association of Soil and Water Conservation Districts
6. NC Association of County Commissioners
7. NC League of Municipalities
8. Water Resources Research Institute
9. Upper Neuse River Basin Association
10. Lower Neuse River Basin Association
11. NC Association of Environmental Professionals
12. NC Chapter of the American Planning Association
13. NC Aggregates Association
14. NC Citizens for Business and Industry
15. NC Farm Bureau Federation
16. NC Forestry Association
17. NC Home Builders Association
18. A commercial land developer, appointed by the Secretary
19. Conservation Council of North Carolina
20. NC Environmental Defense Fund
21. Neuse River Foundation
22. NC Chapter of the Sierra Club
23. NC Wildlife Federation

Section 11 requires the Director of the Division of Land Resources and any local government to which implementation of the State program has been delegated to disapprove an erosion control plan if the plan would result in a violation of Commission rules to protect riparian buffers along surface waters.

Section 12 authorizes the Environmental Management Commission and the Sedimentation Control Commission to adopt temporary rules to implement this act until July 1, 1999. This section further states that it is the intent of the General Assembly that both commissions adopt all temporary rules necessary to implement this act by February 15, 1999.

Section 13 authorizes the Department to accept donations of interests in real property if the property is a riparian buffer or potential riparian buffer that will provide water quality protection.

Section 14 directs the Commission to establish a goal for the maintenance and restoration of riparian buffers that is consistent with the 30% nitrogen reduction goal for the Neuse River estuary established by the General Assembly during the 1996 Regular Session.

Section 15 requires the Environmental Management Commission and the Department to report to the Environmental Review Commission on progress in implementing this act by December 1, 1998 and by March 1, 1999. The reports will include any proposed legislation recommended by the Environmental Management Commission or the Department as necessary or desirable to achieve the purposes of this act, the purposes of the Neuse River Nutrient Sensitive Waters Management Strategy, or to improve water quality in the Neuse River Basin.

Section 16 repeals a reporting requirement that is replaced by the reporting requirements established by Sections 9 and 13 of this act.

Section 17 explains that the headings in this act are only a convenience for the reader.

Section 18 is a severability clause.

Section 19 makes this act effective when it becomes law.

POSITIONS:					

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: Department of Environment and Natural Resources, Division of Water Quality, Division of Land Resources; Local Units of Government

EFFECTIVE DATE: When the act becomes law.

BILL SUMMARY:
House committee substitute makes the following changes to 1st edition. Disapproves in part the permanent Neuse River Basin Nutrient Sensitive Waters Management Strategy, 15A NCAC 2B.0233 (the "current EMC rule"), providing for the current EMC rule subject to certain legislative changes (the "legislated temporary rule") to remain in effect until a new rule (the "new EMC rule") becomes effective. (The 1st edition of this bill disapproved of the EMC rule altogether, as provided in GS 150B-21.3(b).)

Legislated temporary rule: presence of surface water. Requires the presence of surface waters in the Neuse River basin to be determined presumptively by reference to either the most recent versions of the soil survey maps prepared by the U.S. Department of Agriculture or the 7.5

minute quadrangle maps prepared by the U.S. Geologic Survey. In the event of a question as to the accuracy of these maps with respect to the presence of surface water, provides for determination by the director of the Division of Water Quality of the Department of Environment and Natural Resources, subject to contested case review under GS Ch. 150B, with a final agency decision by the Environmental Management Commission (EMC).

Legislated temporary rule: headwaters exclusion. Excludes from the requirements of the EMC rule any segment of an intermittent stream that drains an area of 25 acres or less.

Legislated temporary rule: definition of "forest vegetation." Defines "forest vegetation" as vegetation consisting of trees and woody perennial plants with associated herbaceous vegetation in conjunction with a defined surface layer consisting of leaves, branches and other plant material, and including mature and successional forest areas and cutover areas.

Compensatory mitigation fees. Allows persons to remove riparian buffers in the Neuse basin, notwithstanding the requirements of the legislated temporary rule or the EMC rule, by paying fees or donating property in a program created by the EMC. To qualify for this compensatory mitigation program, a person must demonstrate that he or she has attempted to avoid and minimize the loss of riparian buffer and that there is no practical alternative to the loss of the buffer. Compensatory mitigation is available only for loss of riparian buffer along an intermittent stream. Creates a new Riparian Buffer Restoration Fund as a nonreverting fund within the Department of Environment and Natural Resources to hold compensatory mitigation fees.

Delegation of riparian buffer protection requirements to local government. Authorizes and creates procedure for delegation of implementation and enforcement of riparian buffer protection requirements to units of local government in the Neuse River basin that have the power to regulate land use. Authorizes the EMC to adopt rules to implement this section.

Recognition of vested development rights. Provides that the legislated temporary rule and the new EMC rule do not apply to development with vested rights recognized or established under GS 153A-344(b), 153A-344.1, 160A-385(b) or 160A-385.1 prior to July 22, 1997 in the Neuse River basin. For development with vested rights under common law, the legislated rule and the new EMC rule do not apply to rights recognized or established prior to the effective date of this act, if the EMC has issued a certification pursuant to GS 143B-282(a)(1)u (a "401 certification" under the federal Clean Water Act).

Requirements for the new EMC rule. Requires the EMC to adopt a new rule (first as a temporary rule, then as a permanent rule) for the Neuse River basin that (1) establishes a method for determining the presence of surface waters that is scientifically valid, easily understandable, efficient, consistent, reliable and cost-effective, as well as a means for resolving disputes; (2) establishes methods to determine the landward extent of zones within protected riparian buffers appropriate to different regions of the basin; (3) excludes certain drainage areas along intermittent streams from riparian buffer requirements; (4) defines forest vegetation; (5) establishes exemptions and permitted uses within riparian areas; and (6) establishes criteria to determine whether there is a practical alternative to the loss of riparian buffer.

Stakeholder advisory committee. Requires the new EMC rule to be developed with the assistance and advice of a stakeholder advisory committee consisting of 23 members specified in the statute.

EMC review and reports on rule implementation. Requires the EMC to review implementation of the Neuse Nutrient Sensitive Management Strategy, including progress

towards the 30% nitrogen reduction goal of 1995 SL, Ch. 572 and the effect of the strategy on regulated parties. Requires reports to the EMC by Dec. 1, 2000 and Dec. 1, 2001. Also requires joint reports to the EMC on progress in implementing this act on or before Dec. 1, 1998 and March 1, 1999.

Sediment control plans consistent with riparian buffer requirements. Amends GS 113A-54.1(c) and 113A-61(b1) to require the director of the Division of Land Resources in DENR and any authorized local government to disapprove an erosion control plan that would result in violation of the Neuse River basin riparian buffer requirements.

Temporary rule deadlines. Authorizes the EMC to adopt temporary rules to implement the act until July 1, 1999. Authorizes the Sedimentation Control Commission to adopt temporary rules to implement the required changes to sediment control plans until July 1, 1999.

Donations of real property. Authorizes DENR to accept donations of real property and interests in real property that are riparian buffers or will be used to restore, create, enhance or maintain riparian buffers to protect water quality.

EMC to establish riparian buffer maintenance and restoration goal. Requires the EMC to establish a goal for maintenance and restoration of riparian buffers consistent with the 30% nitrogen reduction goal of 1995 SL, Ch. 572.

Severability. Includes a severability clause in case portions of this act are declared unconstitutional or invalid. [1]

ASSUMPTIONS AND METHODOLOGY:

The bill provides that the Neuse Buffer Rule will remain in effect as a temporary rule until revisions required by the act become effective. According to the Department of Environment and Natural Resources (DENR), the fiscal note for the rule provided that it be implemented with existing resources. Therefore, this fiscal note addresses requirements imposed by the bill that appear to be above and beyond the requirements of the temporary rule.

COMPENSATORY MITIGATION FEES – The Environmental Management Commission (EMC) is responsible for developing a compensatory mitigation fee schedule to provide an alternative to maintaining riparian buffers. Payment of a fee into the Riparian Restoration Fund established in the bill will be an option available to persons in lieu of complying with the requirements of the revised temporary rule and permanent rule required by the bill. Revenues to be credited to the fund cannot be estimated until the EMC adopts a fee schedule. The bill does not establish a minimum nor maximum fee amount, but requires the fee schedule to be commensurate with the cost of providing equivalent or greater water quality than the area impacted. In addition, the department does not currently have a reliable estimate of the number of projects that may opt to pay the compensatory mitigation fee.

RIPARIAN BUFFER RESTORATION FUND – The bill establishes the Riparian Buffer Restoration Fund to be credited with compensatory mitigation fees and any other monetary contributions. The funds may be used to restore, acquire, create, enhance and maintain riparian buffers.

---

[1] *Daily Bulletin*, Institute of Government, UNC-Chapel Hill, Vol. 1998, August 12, 1998.

Expenditures of the fund cannot be estimated until the EMC adopts the compensatory mitigation fee schedule, as most of the fund's revenue is expected to be derived from the payment of these fees.

Although the bill directs the EMC to establish a program to provide alternatives to maintaining buffers as required by the rule, it does not statutorily establish a Riparian Buffer Restoration Program outlining the purpose and requirements for implementation of the program. Section 15 of the bill requires the Department to report on proposed legislation required to implement the act. It is anticipated that additional statutory language for the program will be needed to guide its implementation. The department may require additional staff and resources to administer the program; however, the lack of a reliable estimate of the number of projects that may impact riparian buffers in the Neuse River Basin makes it difficult to determine an appropriate level of administrative support.

DELEGATION OF RIPARIAN BUFFER REQUIREMENTS TO LOCAL GOVERNMENTS – The bill allows the EMC to delegate implementation and enforcement responsibilities of the Neuse River Basin riparian buffer requirements to units of local government with the authority to regulate land use. Under the temporary rule the Division of Water Quality is responsible for implementation and enforcement activities. So this provision potentially reduces the amount of staff time and resources devoted to the program. The department does anticipate incurring one-time cost in the development of the local government ordinance and memorandum of agreement delegating compliance and enforcement authority.

Local government units applying for delegation of responsibility of the riparian buffer protection requirement may incur costs associated with administering the program. Such expenditures are likely to vary depending on the number of projects within the local unit's jurisdiction and current staff and resources.

STAKEHOLDER ADVISORY COMMITTEE – The bill directs DENR to provide professional and clerical staff support for the committee. It is anticipated that these costs can be absorbed within existing resources.

EROSION CONTROL PLANS – The Division of Land Resources anticipates an increase in the amount of time required to review erosion control plans for projects subject to the Neuse River Buffer rule. Without additional resources, the division estimates a 20% reduction in current activities within the basin.

A BILL TO BE ENTITLED

AN ACT TO DISAPPROVE 15A NCAC 2B.0233 (THE NEUSE RIVER NUTRIENT SENSITIVE WATERS MANAGEMENT STRATEGY) AS A PERMANENT RULE, TO CONTINUE 15A NCAC 2B.0233 IN EFFECT AS A TEMPORARY RULE, TO SPECIFY HOW THE TEMPORARY RULE IS TO BE IMPLEMENTED, TO REQUIRE THE ENVIRONMENTAL MANAGEMENT COMMISSION (EMC) TO ADOPT RULES TO PROVIDE ALTERNATIVES TO MAINTAINING RIPARIAN BUFFERS AND TO ESTABLISH COMPENSATORY MITIGATION FEES, TO ESTABLISH THE RIPARIAN BUFFER RESTORATION FUND, TO REQUIRE THE EMC TO ADOPT RULES TO PROVIDE FOR DELEGATION OF THE RIPARIAN BUFFER PROGRAM TO UNITS OF LOCAL GOVERNMENT THAT SEEK SUCH DELEGATION, TO RECOGNIZE VESTED DEVELOPMENT RIGHTS, TO REQUIRE THE EMC TO REVISE THE TEMPORARY RULE CONTINUED IN EFFECT BY THIS ACT AND TO ADOPT A REVISED PERMANENT RULE WITH THE ASSISTANCE OF A STAKEHOLDER ADVISORY COMMITTEE, TO PROVIDE THAT EROSION CONTROL PLANS WILL BE CONSISTENT WITH RIPARIAN BUFFER REQUIREMENTS, TO REQUIRE THE EMC TO ESTABLISH A RIPARIAN BUFFER MAINTENANCE AND RESTORATION GOAL, TO AUTHORIZE THE DEPARTMENT OF ENVIRONMENT AND NATURAL RESOURCES TO ACCEPT DONATIONS OF REAL PROPERTY, TO PROVIDE FOR PERIODIC REVIEW OF THE IMPLEMENTATION OF

THE NEUSE RIVER NUTRIENT SENSITIVE WATERS MANAGEMENT STRATEGY AND REPORTS TO THE ENVIRONMENTAL REVIEW COMMISSION, AND TO AUTHORIZE THE EMC TO ADOPT TEMPORARY RULES TO IMPLEMENT THIS ACT.

The General Assembly of North Carolina enacts:

Section 1. **Definitions.** -- Unless otherwise required by the context, the following definitions apply throughout this act:

(1) "Commission" means the Environmental Management Commission.

(2) "Department" means the Department of Environment and Natural Resources.

(3) "Secretary" means the Secretary of Environment and Natural Resources.

(4) "Temporary rule 15A NCAC 2B.0233" means 15A NCAC 2B.0233 (Neuse River Basin: Nutrient Sensitive Waters Management Strategy: Protection and Maintenance of Riparian Areas with Existing Forest Vegetation), adopted as a temporary rule by the Commission effective 22 July 1997, amended by the Commission effective 22 April 1998, and continued in effect by Section 2 of this act.

Section 2. **Permanent rule disapproved; temporary rule continued in effect.** -- Pursuant to G.S. 150B-21.3(b), 15A NCAC 2B.0233 (Neuse River Basin: Nutrient Sensitive Waters Management Strategy: Protection and Maintenance of Riparian Areas with Existing Forest Vegetation), as amended by the Commission and approved by the Rules Review Commission on 19 February 1998, is disapproved as a permanent rule. Notwithstanding G.S. 150B-21.1(d), 15A NCAC 2B.0233 (Neuse River Basin: Nutrient Sensitive Waters Management Strategy: Protection and Maintenance of Riparian Areas with Existing Forest Vegetation), as amended by the Commission effective 22 April 1998, shall remain in effect as a temporary rule until the revised temporary rule required by Section 8 of this act becomes effective. The Commission and the Department shall implement temporary rule 15A NCAC 2B.0233 as provided in Section 3 of this act.

Section 3. **Implementation of the temporary rule: determination of surface waters; forest vegetation defined.** -- (a) Until the effective date of the revised temporary rule that the Commission is required to adopt by Section 8 of this act, the Commission and the Department shall implement temporary rule 15A NCAC 2B.0233 as provided in this section.

(b) For purposes of implementing temporary rule 15A NCAC 2B.0233, the presence of surface waters in the Neuse River Basin, including intermittent streams, perennial streams, lakes, ponds, and estuaries shall be determined solely as provided in this subsection and subsection (c) of this section. Surface water is presumed to be present on a particular parcel or tract of land if surface water appears on either the most recent versions of the soil survey maps prepared by the Natural Resources Conservation Service of the United States Department of Agriculture or

the most recent versions of the 1:24,000 scale (7.5 minute quadrangle) topographic maps prepared by the United States Geological Survey (USGS).

(c) The General Assembly recognizes that the soil survey maps and the USGS topographic maps may be in error in that these maps may indicate the presence of surface water where no surface water is actually present and may fail to indicate the presence of surface water where surface water is actually present. Any question as to the accuracy or application of the maps to a particular parcel or tract of land shall be referred to the Director of the Division of Water Quality of the Department. A determination of the Director as to the accuracy or application of the maps is subject to review as provided in Articles 3 and 4 of Chapter 150B of the General Statutes. The Commission shall make the final agency decision in a contested case involving a determination under this section. A determination of the presence of surface waters pursuant to this section applies only to the implementation of temporary rule 15A NCAC 2B.0233.

(d) As used in temporary rule 15A NCAC 2B.0233, "forest vegetation" is not defined by 15A NCAC 2B.0202 but instead means vegetation consisting of trees and woody perennial plants with associated herbaceous vegetation in conjunction with a defined surface layer consisting of leaves, branches, and other plant material. "Forest vegetation" includes mature and successional forest areas and cutover areas.

Section 4. **Alternatives to maintaining riparian buffers; compensatory mitigation fees.** -- (a) The Commission shall establish a program to provide alternatives for persons who would otherwise be required to maintain existing riparian buffers and who can demonstrate that they have attempted to avoid and minimize the loss of the riparian buffer and that there is no practical alternative to the loss of the buffer. This program is intended to allow these persons to perform compensatory mitigation in lieu of complying with the requirements of the revised temporary rule and permanent rule required by Section 8 of this act. Alternatives shall include, but are not limited to:

(1) Payment of a compensatory mitigation fee into the Riparian Buffer Restoration Fund.

(2) Donation of real property or of an interest in real property to the Department, another State agency, a unit of local government, or a private nonprofit conservation organization if both the donee organization and the donated real property or interest in real property are approved by the Department. The Department may approve a donee organization only if the donee agrees to maintain the real property or interest in real property as a riparian buffer. The Department may approve a donation of real property or an interest in real property only if the real property or interest in real property is either:

a. A riparian buffer that will provide protection of water quality that is equivalent to or greater than that provided by the riparian buffer that is lost; or

b. Will be used to restore, create, enhance, or maintain a riparian buffer that will provide protection of water quality that is equivalent to or greater than that provided by the riparian buffer that is lost.

(3) Establishment, restoration, or enhancement of a riparian buffer that is not otherwise required to be protected.

(b) Compensatory mitigation is only available for loss of a riparian buffer along an intermittent stream. Compensatory mitigation shall be conducted within the Neuse River Basin.

(c) The Commission shall establish a standard schedule of compensatory mitigation fees. The compensatory mitigation fee schedule shall be based on the area of the riparian buffer that is permitted to be lost and the cost to provide equivalent or greater protection of water quality by:

(1) Restoring existing riparian buffers.

(2) Acquiring land for and creation of new riparian buffers.

(3) Monitoring and maintaining the restored or created riparian buffers over time.

(d) The Commission may adopt rules to implement this section and may recommend any legislation it determines to be necessary or desirable to achieve the purposes of this section. Rules to implement this section shall not be codified as a part of 15A NCAC 2B.0233 but shall be set out as a separately numbered rule.

Section 5. **Riparian Buffer Restoration Fund.** -- (a) G.S. 143-214.15 through G.S. 143-214.20 are reserved for future codification purposes.

(b) Part 1 of Article 21 of Chapter 143 of the General Statutes is amended by adding a new section to read:

"**§ 143-214.21. Riparian Buffer Protection Program: Riparian Buffer Restoration Fund.**

The Riparian Buffer Restoration Fund is established as a nonreverting fund within the Department. The Fund shall be treated as a special trust fund and shall be credited with interest by the State Treasurer pursuant to G.S. 147-69.2 and G.S. 147-69.3. The Riparian Buffer Restoration Fund shall provide a repository for monetary contributions to promote projects for the restoration, enhancement, or creation of riparian buffers and for compensatory mitigation fees paid to the Department. The Fund shall be administered by the Division of Water Quality within the Department. Monies shall be expended from the Fund only for those purposes directly related to the restoration, acquisition, creation, enhancement, and maintenance of riparian buffers to offset the benefits to water quality, including the removal of nutrients, lost through the loss of buffers. Compensatory mitigation fees paid into the Fund in connection with the loss of riparian buffers in a river basin and the interest earned on those fees may be used only for projects in that river basin."

Section 6. **Delegation of riparian buffer protection requirements to local governments.** -- (a) The Commission may delegate responsibility for the implementation and enforcement of the State's riparian buffer protection requirements in the Neuse River Basin to units of local government that have the

power to regulate land use. A delegation under this section shall not affect the jurisdiction of the Commission over State agencies and units of local government. Any unit of local government in the Neuse River Basin that has the power to regulate land use may request that responsibility for the implementation and enforcement of the State's riparian buffer protection requirements be delegated to the unit of local government. To this end, units of local government may adopt ordinances and regulations necessary to establish and enforce the State's riparian buffer protection requirements.

(b) Within 90 days after the Commission receives a complete application requesting delegation of responsibility for the implementation and enforcement of the State's riparian buffer protection requirement, the Commission shall review the application and notify the unit of local government that submitted the application whether the application has been approved, approved with modifications, or disapproved. The Commission shall not approve a delegation unless the Commission finds that local implementation and enforcement of the State's riparian buffer protection requirements will equal implementation and enforcement by the State.

(c) If the Commission determines that any unit of local government is failing to implement or enforce the State's riparian buffer protection requirements, the Commission shall notify the unit of local government in writing and shall specify the deficiencies in implementation and enforcement. If the local government has not corrected the deficiencies within 90 days after the unit of local government receives the notification, the Commission shall rescind delegation and shall implement and enforce the State's riparian buffer protection program. If the unit of local government indicates that it is willing and able to resume implementation and enforcement of the State's riparian buffer protection requirements, the unit of local government may reapply for delegation under this section.

(d) The Division of Water Quality in the Department shall provide technical assistance to units of local government in the development, implementation, and enforcement of the State's riparian buffer protection requirements.

(e) The Commission may adopt rules to implement this section and may recommend any legislation it determines to be necessary or desirable to achieve the purposes of this section. Rules to implement this section shall not be codified as a part of 15A NCAC 2B.0233 but shall be set out as a separately numbered rule.

Section 7. **Recognition of vested development rights.** -- (a) Vested rights recognized or established under the common law or by G.S. 153A-344(b), 153A-344.1, 160A-385(b), or 160A-385.1 shall include the right as provided in this section, to undertake and complete development in the Neuse River Basin without application of temporary rule 15A NCAC 2B.0233 and the revised temporary rule required by Section 8 of this act. The Commission and the Department shall not apply temporary rule 15A NCAC 2B.0233 and the revised temporary rule required by Section 8 of this act to development with vested rights recognized or established under G.S. 153A-344(b), 153A-344.1, 160A-385(b), or 160A-385.1 prior to 22 July 1997. The Commission and the Department shall not apply temporary rule 15A NCAC 2B.0233 and the revised temporary rule required by Section 8 of this act to

development with vested rights recognized or established under the common law prior to the date this act becomes effective if the Commission has issued a certification pursuant to G.S. 143B-282(a)(1)u. prior to 22 July 1997.

(b) The Commission shall not adopt rules that confer or restrict a vested right to undertake or complete development.

(c) It is the intent of the General Assembly that this section apply only to the particular circumstances that are the subject of this act. This section does not establish a precedent as to the application of vesting under a zoning or land-use planning program administered by a local government to any other environmental program.

Section 8. **Revision of temporary rule 15A NCAC 2B.0233; adoption of a permanent rule to replace the temporary rule.** -- (a) The Commission shall revise temporary rule 15A NCAC 2B.0233 in accordance with this section. The Commission shall:

(1) Establish a method for determining the presence of surface waters on a particular parcel or tract of land in the Neuse River Basin. The Commission shall establish a method that is scientifically valid, easily understandable, efficient, consistent, reliable, and cost-effective, including a method for resolving disputes regarding the presence of surface waters on any particular parcel or tract of land.

(2) Establish methods to determine the point from which to measure the landward extent of zones within a protected riparian buffer appropriate to the different regions of the Neuse River Basin.

(3) Determine, based on drainage area, those segments of intermittent streams to which the riparian buffer protection requirements do not apply. The Commission may establish different drainage areas for segments of intermittent streams located in different parts of the Neuse River Basin on the basis of topography and other relevant factors.

(4) Define forest vegetation.

(5) Establish a clearly defined set of exemptions and uses that will be allowed within a riparian area.

(6) Establish criteria to determine whether there exists a practical alternative to the loss of the riparian buffer.

(b) All provisions that the Commission finds to be necessary to revise temporary rule 15A NCAC 2B.0233 and to implement the revised temporary rule shall be set out in the revised temporary rule. The Commission and the Department may develop and use guidance documents and other statements that concern only the internal management of the Commission and the Department. Neither the Commission nor the Department may develop or use any guidance document or other statement that directly or substantially affects the procedural or substantive rights or duties of any person not employed by the Commission or the Department

unless those documents are set out in rules adopted in accordance with the provisions of Article 2A of Chapter 150B of the General Statutes.

(c) The Commission shall develop revisions to temporary rule 15A NCAC 2B.0233 with the assistance and advice of the Stakeholder Advisory Committee appointed for that purpose as provided in Section 10 of this act. Notwithstanding G.S. 150B-21.1(d), the revised temporary rule shall not expire until the permanent rule required by subsection (d) of this section becomes effective.

(d) Once temporary rule 15A NCAC 2B.0233 has been revised as required by this section, the Commission shall proceed, in accordance with Article 2A of Chapter 150B of the General Statutes, with the adoption of a permanent rule to replace the revised temporary rule.

Section 9. **Commission to review the implementation of the Neuse River Nutrient Sensitive Waters (NSW) Management Strategy.** -- The Commission shall review the implementation of the Neuse River Basin Nutrient Sensitive Waters (NSW) Management Strategy. As a part of this review, the Commission shall assess progress toward implementation of the Management Strategy, achievement of the nitrogen reduction goal established by Chapter 572 of the 1995 Session Laws (1996 Regular Session) and any other milestones related to the effort to improve water quality in the Neuse River and Neuse estuary established by the Commission, and the impact of the implementation of the Neuse River Nutrient Sensitive Waters (NSW) Management Strategy on the regulated community. The Commission shall report the results of this review, including any recommendations relative to water quality in the Neuse River and Neuse estuary, to the Environmental Review Commission no later than 1 December 2000. The Commission shall conduct a second review and report the results, including any recommendations, to the Environmental Review Commission no later than 1 December 2001.

Section 10. **Stakeholder Advisory Committee.** -- (a) The Commission shall develop the rules required by Sections 4 and 6 of this act and the revisions to temporary rule 15A NCAC 2B.0233 and the permanent rule required by Section 8 of this act with the assistance of a Stakeholder Advisory Committee. The Stakeholder Advisory Committee shall consist of 23 members as follows:

(1) A member of the public at large who shall serve as Chair of the Stakeholder Advisory Committee, appointed by the Secretary.

(2) A member of the Environmental Management Commission, appointed by the Chair of the Commission.

(3) The Director of the Division of Water Quality or the Director's designee.

(4) The Chief, Regulatory Branch, Wilmington District, United States Army Corps of Engineers or the Chief's designee, if the Wilmington District office agrees to make an appointment.

Anyone violating the provisions of this section is guilty of a Class 2 misdemeanor."

Section 10. Section 9 of this act becomes effective December 1, 1997, and applies to offenses committed on or after that date. The remainder of this act becomes effective July 1, 1997, and applies to applications made and acts occurring on or after that date.

The guaranty bond must be filed with the clerk of superior court in the county where the school is located and is in favor of the students. The bond is to provide indemnification for loss of tuition or any fees due to failure of the school to offer or complete instruction, academic services. The amount of the bond must be equal to at least the maximum amount of prepaid tuition held by the school during the last fiscal year, but the amount may not be less than $10,000. The Board will establish a schedule of civil penalties. The Board may charge costs, including attorneys fees to the licensee in a disciplinary proceeding.

Section 3 and 4 provide that an esthetician or manicurist who proves to the Board that they are actively engaged in the practice of their art on the date of the act, who passes the Board's examination, and pays the required fee, will be licensed without satisfying the requirements for curriculum hours. A cosmetic art shop practicing only manicuring or esthetics at the time of the act will have one year to comply with the licensure requirements

Section 6. Any license currently issued by the State Board of Cosmetic Art Examiners shall remain valid until its expiration.

Section 9. Under current law the tattooing of a person under 18 is a Class 2 misdemeanor. This section makes the piercing of any body part, other than ears, of a person under 18 for the purpose of insertion of earrings, jewelry or similar objects, without first obtaining the consent of a custodial parent or guardian, a Class 2 misdemeanor.

Part II of the bill creates the "North Carolina Massage and Bodywork Therapy Practice Act." The Act's purpose is to require mandatory licensure of persons engaged in the practice of massage and bodywork therapy to ensure minimum standards of competency and to protect the public health, safety, and welfare. Under current law, a "massage business" is covered by the criminal laws for adult establishments, and is considered an adult establishment if it is "any establishment or business wherein massage is practiced, including establishments commonly known as health clubs, physical culture studios, massage studios, or massage parlors." The only other statutory references to massage is language exempting simple massages and the operation of health clubs from licensure under the physical therapy act and language including massage as an adjunctive therapy under acupuncture.

The Act prohibits persons from practicing or holding themselves out as massage and bodywork therapists without licensure from the newly created North Carolina Board of Massage and Bodywork Therapy. The Act defines "massage and bodywork therapy" as systems of activities applied to soft tissues of the body for therapeutic, educational, or relaxation purposes. The Act also prohibits a person from adopting or using any title or description including "massage therapist", "bodywork therapist", "masseur", "masseuse", "massagist", "somatic practitioner", "body therapist", "structural integrator", or any derivation of those terms unless the person is licensed under the Act.

The practice does not include: diagnosis of illness or disease, medical procedures, chiropractic adjustive procedures, electrical stimulation, ultrasound, prescription of medicines, or the use of modalities for which a license to practice medicine, chiropractic, nursing, physical therapy, occupational therapy, acupuncture, or podiatry is required by law.

The Act does not prohibit: the practice of a profession by one licensed, certified or registered under other N.C. laws, the practice of massage and bodywork therapy by a person licensed elsewhere when that person is called into the State to teach a course or to consult with a person licensed under the Act, students enrolled in a Board approved school and completing a clinical requirement under the supervision of a licensed person, a person giving therapy to members of the person's immediate family, and the practice of movement educators such as dance teachers, yoga teachers, personal trainers, martial arts instructors, movement repatterning practitioners, and other such professions.

The requirements of licensure are:

- •high school diploma or equivalent
- •18 years or older
- •good moral character as determined by the Board
- •successful completion of a minimum of 500 classroom hours of supervised instruction at a Board approved school
- •passing an examination administered by an agency approved by the National Commission of Certifying Agencies or an examination administered or approved by the Board.

The schedule of fees for licensure may be no more than the following amounts:

(1)	Application for examination	$200.00
(2)	License fee	150.00
(3)	License renewal (every two years)	100.00
(4)	Late renewal penalty	75.00
(5)	License by reciprocity	100.00
(6)	Duplicate license	25.00
(7)	Provisional license	150.00

Salaries, expenses, or other Board obligations will be paid out of the above fees.

The Board consists of seven members: five to be licensed under the Article and with at least five years' experience, except that the initial five do not have to be licensed or have completed 500 hours of the required supervised instruction. The remaining two members will be from the general public. The five therapists will be appointed from a list provided by the NC Therapeutic Massage and Bodywork Task Force.

The Act sets out powers and duties of the Board and lists reasons a Board may deny, suspend, revoke, or refuse a license. The Board may seek to enjoin anyone who violates the Act. There is no requirement for direct third-party reimbursement to licensees.

For two years after effective date of the Act, a provisional license may be granted to an applicant who does not meet educational or examination requirements for licensure. At the end of two years after the granting of the provisional license, the applicant must submit evidence of compliance with the continuing education requirements (at least 25 hours of study). The applicant will then be issued a license.

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: NC Board of Massage and Bodywork Therapy; NC Board of Cosmetic Art Examiners

EFFECTIVE DATE: Sections 1 through 8 (Cosmetic Art Examiners) are effective October 1, 1998, except for GS 88B-10 in section 2 (manicurists) that is effective January 1, 1999. Section 9 (Body piercing) is effective December 1, 1998. Sections 10 through 14 (Massage and Bodywork Therapy) are effective October 1, 1998. The remainder of the act is effective when it becomes law.

BILL SUMMARY: Part one of the bill rewrites the General Statutes dealing with Cosmetic Art Act. Of fiscal importance, required fees in 88B-20 were amended to (1) create a new exam and license fee for an Esthetician, (2) establish a charge for a duplicate license, (3) expand late fees to apprentice, esthetician, manicurist, teacher and cosmetic art schools, and (4) expand the

reinstatement fee to cosmetic art schools. Part two of the bill creates the NC Massage and Bodywork Therapy Practice Act. The bill (1) requires mandatory licensure of persons engaged in the practice of massage and bodywork therapy, (2) creates a Board of Massage and Bodywork Therapy to oversee licensing, and (3) sets fees for exams and licenses.

ASSUMPTIONS AND METHODOLOGY:

Part One - Cosmetic Art

The new license created by this act is for Estheticians or skin care specialists. SB 916 sets an exam fee of $20 and an annual license fee of $10. The Executive Secretary of the State Board of Cosmetic Art Examiners estimates that 500 persons will apply for the Esthetician exam in FY 1998-99. The Executive Secretary projects that 250 will apply in both 1999-00 and 2000-01, then the number will drop to 200 in each of the next two fiscal years. He sees much demand for this license because it requires fewer hours (600 versus 1200) than a cosmetologist.

Another new fee is $1 for a duplicate license. The Board produced 518 duplicate licenses in FY 1996-97. This fiscal note assumes that 500 duplicate licenses will be produced each year. Assuming duplicate requests are distributed throughout the year, the October 1 effective date in FY 1998-99 will reduce the first year request to 375.

Cosmetologists pay a $10 fee for late renewal of licenses. The Board reports that 20% of cosmetologists pay a late fee each year. This bill expands the late fee to apprentices, estheticians, manicurists, and teachers. If you apply the 20% rate to the 5,000 persons in these four groups, then the Board can expect 1,000 persons to pay a late fee each year.

Another group currently paying a late fee is cosmetic art shops. The late fee is $10 and the reinstatement fee for being 30 days late is $25. The Board reports that 27% of the shops are always 30 days late in renewing their licenses. This act expands the late and reinstatement fees to cosmetic art schools. The Board projects that 25 of the 115 schools will be late with payments each year and will pay $35 each.

The projected revenue from these fee changes is as follows:

		98-99	99-00	00-01	01-02	02-03
Esthetician Exam	$20	$10,000	$5,000	$5,000	$4,000	$4,000
Esthetician License	$10	$5,000	$7,500	$10,000	$12,000	$14,000
Duplicate License	$1	$375	$500	$500	$500	$500
Late Fees	$10/$25	$10,875	$10,875	$10,875	$10,875	$10,875
Total		**$26,250**	**$23,875**	**$26,375**	**$27,375**	**$29,375**

Part Two - Massage and Bodywork Therapy

Proposed GS 90-628 establishes the maximum fees for the North Carolina Board of Massage and Bodywork Therapy. In order to estimate the potential income generated by SB 916, this fiscal note assumes the maximum fees listed in the bill will be adopted by the Board.

Rick Rosen, co-director of the Body Therapy Institute, estimates there are 2,000 massage professionals in North Carolina currently eligible for licensure under this bill. However, Mr. Rosen estimates that only 1,500 will initially apply for licensure. Of this number, 800 are certified by the National Certification Board for Therapeutic Massage and Bodywork. The remaining 700 massage professionals will be given provisional licenses until they complete 25 hours of continuing education within two years. New entrants into this field will come from the 11 massage therapy schools located across the state from Asheville to Wilmington. Each school graduates an average of 40 students per year. If all graduates stay in North Carolina and apply for licensure, then 440 exams will be given each year by the Board. Assuming all pass the exam, then 440 new professionals will be licensed each year. To give the Board time to develop the exam process, this note assumes FY 99-00 will be the first year of exams for new graduates into the profession. Based on these factors, the chart below calculates the fiscal impact of the bill.

			98-99	99-00	00-01	01-02	02-03
License/Prov. License							
Certified	800	$150	$120,000

Dear Representative Clary,

Re: Massage & Bodywork Therapy Act

Thank you for the opportunity to speak.

My name is Emily Neal and I have been a Massage and Bodywork Therapist for 14 years.

My first massage training was a non-certified course sponsored by the University of North Carolina, Asheville, in Buncombe County where massage was, at that time, illegal.

But now I have trained in Stockholm, Sweden for Swedish Massage, have 3 certifications in Russian Medical Massage, 5 trainings in Trager Bodywork, 2 trainings in Lymphatic Drainage Massage, and others. My many trainings have cost more than $40,000.

Teaching is not my preference but I've assisted Trager trainings, taught at Carolina School of Massage in Carborro, and instructed Couples Massage at the Asheville/Buncombe Technical College.

For the last decade Rev. Billy Graham has been my client. When his associate, Rev. T.W. Wilson, contacted me, Dr. Graham had just been diagnosed with Parkinson's disease by doctors at the Mayo Clinic. Those doctors prescribed Swedish Massage, twice a week, to include non-resistant movements resembling Trager Bodywork. Mayo Clinic even sent me diagrams describing preferred moves. These treatments were in addition to Physical Therapy treatments which were administered to Dr. Graham at the clinic. His reaction to each of my treatments is noticeably positive.

People come to my office in pain and as a result of mywork, leave without it.

Massage consists, primarily, of non-resistant movements applied to the muscular system. The various bodywork modalities accomplish a healing condition which no other health care professional is equipped to accomplish.

I am 71 yeaars old, haave lived all around the world as a banker's wife and have 3 sons. But my last 14 years as a Massage and Bodywork Therapist have been the happiest years of my life. I used to say that I would retire at age 82 but I'm close enough to that age that I now say 92.

All that is missing is the dignity of licensensure as described in House Bill 1077, being presented at this time.

Please vote for this bill. It will benefit client as well as therapist.

Thank you, again, for the opportunity to speak with you.

Sincerely,

Emily Neal

Re: HB 1077 - Massage & Bodywork Therapies Licensing - - -
Opposition by the North Carolina Physical Therapy Association

Dear Representative Gray:

On behalf of the North Carolina Physical Therapy Association, by this letter we would like to express strong opposition to HB 1077 - Massage & Bodywork Therapies Licensing. We hope that you will recognize that HB 1077 is not needed to allow reasonable levels of bodywork and massage practice, and that if passed it would contribute to rising health care costs and allow persons who do not have adequate training to be licensed by the State as initial entry health care practitioners. (This bill is almost identical to legislation from previous Sessions, HB 910-Massage Therapy Practice in 1993, and HB 998 - Bodywork therapies Practice in 1995, and both of those bills were defeated.) I am told that HB 1077 has been ruled ineligible for consideration in the "Short" Session, but I am concerned that there may be some effort to circumvent the Session-limit-Rules.

HB 1077's proponents have urged passage of this and predecessor legislation in order to establish a new "health care discipline", and to assist in providing treatment to persons with "injury" and "illness".[1] Supporters have said that patients should go to bodyworkers or massage therapists for treatment of some medical problems, rather than to physical therapists, because they are "faster", "more expert", etc.[1] In our view, while bodywork and massage practitioners as defined in HB 1077 may be very capable of providing massage for relaxation or recreational purposes (such as in YMCAs, YWCAs, health clubs, etc.), they have only very limited education and training, and they are not by any stretch of logic or reason qualified to be primary health care providers.

Only medical doctors or other providers with genuine medical training should be licensed to be points-of-entry into our health care system. Massage therapists and other bodyworkers are not required to be educated to recognize complex medical problems and the

bill does not require physician referral. Furthermore, assertions by proponents that "massage therapy can be paid by insurance"[2] show that there will unquestionably be additional third party health care costs from this bill.

In North Carolina, physical therapists receive their education and training at the University of North Carolina at Chapel Hill, Duke University, East Carolina University, Winston-Salem State University, Elon College, and Western Carolina University, all hospital based programs -- in or associated with major medical centers. Physical therapists receive thousands of hours of medical education, including cadaver studies and intensive clinical work. In contrast, massage therapy schools in North Carolina are licensed as proprietary "trade schools" by the Department of Community Colleges (they have no connection with Community Colleges' allied health education programs), and these schools do not offer any hospital experience or genuine medical-clinical training. HB 1077 would set minimum qualifications for bodywork and massage therapy licensing as: 18-years old, high school graduation or equivalent, and 500 hours of training (three to six months in a trade school). Materials supplied by proponents of HB 1077 indicate that the 500 hours of training includes 300 hours on massage methods, 100 hours on anatomy and physiology, and 100 hours on First Aid/CPR and additional courses. Clearly, 100 hours of anatomy and physiology (that could be taken in a single 5 week course) is not sufficient to allow the recipient to diagnose or recognize medical conditions that should not be treated by massage -- conditions such as infectious disease, cancer, cardiac problems, or fractured bones. Most proponents of HB 1077 candidly admit that massage therapists should not treat these conditions.[2]

Bodywork and massage therapists may be very qualified to provide simple massage, but they should not be licensed as independent health care disciplines by the State of North Carolina. Bodywork and massage therapists should not be approved and encouraged as health care providers without medical practitioner referral and supervision. In this time of government struggles with rising health care costs, a new cost element should not be endorsed.

Thank you for your consideration. We hope you will not support HB 1077!

A BILL TO BE ENTITLED

AN ACT TO AUTHORIZE THE DEPARTMENT OF TRANSPORTATION, REGIONAL PUBLIC TRANSPORTATION AUTHORITIES, AND REGIONAL TRANSPORTATION AUTHORITIES TO CREATE TRANSPORTATION CORRIDORS AND PROTECT THEM FROM DEVELOPMENT, AND TO INSURE PROPER NOTICE TO ALL PROPERTY OWNERS AFFECTED BY THE CORRIDORS.

The General Assembly of North Carolina enacts:

Section 1. Article 2E of Chapter 136 reads as rewritten:

"ARTICLE 2E.

"~~Roadway~~ Transportation Corridor Official Map Act.

"**§ 136-44.50. ~~Roadway~~ Transportation corridor official map act.**

(a) A ~~roadway~~ transportation corridor official map may be adopted or ~~amended~~ amended by any of the following:

(1) ~~by the~~ The governing board of any city for any thoroughfare included as part of a comprehensive plan for streets and highways adopted pursuant to ~~G.S. 136-66.2 or~~ G.S. 136-66.2 or for any

proposed public transportation corridor included in the adopted long-range transportation plan.

(2) ~~by the~~ The Board of Transportation for any portion of the existing or proposed State highway ~~system.~~ system or for any public transportation corridor, to include rail, that is in the Transportation Improvement Program.

(3) Regional public transportation authorities created pursuant to Article 26 of Chapter 160A of the General Statutes or regional transportation authorities created pursuant to Article 27 of Chapter 160A of the General Statutes for any proposed public transportation corridor, or adjacent station or parking lot, included in the adopted long-range transportation plan.

Before a city adopts a ~~roadway~~ transportation corridor official map that extends beyond the extraterritorial jurisdiction of its building permit issuance and subdivision control ordinances, or adopts an amendment to a ~~roadway~~ transportation corridor official map outside the extraterritorial jurisdiction of its building permit issuance and subdivision control ordinances, the city ~~must~~ shall obtain approval from the Board of County Commissioners.

No ~~roadway~~ transportation corridor official map shall be adopted or amended, nor may any property be regulated under this Article until:

(1) The governing board of the ~~city~~ city, the regional transportation authority, or the Department of Transportation ~~in each county affected by the map,~~ has held a public hearing in each county affected by the map on the proposed map or amendment. Notice of the hearing shall be provided:

a. By publication at least once a week for four successive weeks prior to the hearing in a newspaper having general circulation in the county in which the ~~roadway~~ transportation corridor to be designated is located.

b. By two week written notice to the Secretary of Transportation, the Chairman of the Board of County Commissioners, and the Mayor of any city or town through whose corporate or extraterritorial jurisdiction the ~~roadway~~ transportation corridor passes.

c. By posting copies of the proposed ~~roadway~~ transportation corridor map or amendment at the courthouse door for at least 21 days prior to the hearing date. The notice required in sub-subdivision a. above shall make reference to this posting.

(2) A permanent certified copy of the ~~roadway~~ transportation corridor official map or amendment has been filed with the register of deeds. The boundaries may be defined by map or by written description, or a combination thereof. The copy shall measure

approximately 20 inches by 12 inches, including no less than one and one-half inches binding space on the left-hand side.

(3) The names of all property owners affected by the corridor have been submitted to the Register of Deeds.

(b) ~~Roadway~~ Transportation corridor official maps and amendments shall be distributed and maintained in the following manner:

(1) A copy of the official map and each amendment thereto shall be filed in the office of the city clerk and in the office of the district engineer.

(2) A copy of the official map, each amendment thereto and any variance therefrom granted pursuant to G.S. 136-44.52 shall be furnished to the tax supervisor of any county and tax collector of any city affected thereby. The portion of properties embraced within a ~~roadway~~ transportation corridor and any variance granted shall be clearly indicated on all tax maps maintained by the county or city for such period as the designation remains in effect.

(3) Notwithstanding any other provision of law, the certified copy filed with the register of deeds shall be placed in a book maintained for that purpose and cross-indexed by number of road, street name, or other appropriate description. The register of deeds shall collect a fee of five dollars ($5.00) for each map sheet or page recorded.

(4) The names submitted as required under subdivision (a)(3) of this section shall be indexed in the 'grantor' index by the Register of Deeds.

(c) Repealed by Session Laws 1989, c. 595, s. 1.

(d) Within ~~one year~~ two years following the establishment of a ~~roadway~~ transportation corridor official map or amendment, work shall begin on an environmental impact statement or preliminary engineering. The failure to begin work on the environmental impact statement or preliminary engineering within the ~~one-year~~ two-year period shall constitute an abandonment of the corridor, and the provisions of this Article shall no longer apply to properties or portions of properties embraced within the ~~roadway~~ transportation corridor. A city may prepare environmental impact studies and preliminary engineering work in connection with the establishment of a ~~roadway~~ transportation corridor official map or amendments to a ~~roadway~~ transportation corridor official map. When a city prepares a ~~roadway~~ transportation corridor official map for a street or highway that has been designated a State responsibility pursuant to G.S. 136-66.2, the environmental impact study and preliminary engineering work shall be reviewed and approved by the Department of Transportation. An amendment to a corridor shall not extend the two-year period provided by this section unless it establishes a substantially different corridor in a primarily new location.

(e) The term 'amendment' for purposes of this section includes any change to a transportation corridor official map, including:

(1) Failure of the Department of Transportation, a city, or a regional transportation authority to begin work on an environmental impact statement or preliminary engineering as required by this section; or

(2) Deletion of the corridor from the transportation corridor official map by action of the Board of Transportation, or deletion of the corridor from the long-range transportation plan of a city or regional transportation authority by action of the city or regional transportation authority governing Board.

"**§ 136-44.51. Effect of ~~roadway~~ transportation corridor official map.**

(a) After a ~~roadway~~ transportation corridor official map is filed with the register of deeds, no building permit shall be issued for any building or structure or part thereof located within the ~~roadway~~ transportation corridor, nor shall approval of a subdivision, as defined in G.S. 153A-335 and G.S. 160A-376, be granted with respect to property within the ~~roadway~~ transportation corridor. The ~~district engineer of the Highway District in which the roadway corridor is located~~ Secretary of Transportation or his designee, the director of a regional public transportation authority, or the director of a regional transportation authority, as appropriate, shall be notified within 10 days of all requests for building permits or subdivision approval within the ~~roadway~~ transportation corridor. The provisions of this section shall not apply to valid building permits issued prior to August 7, 1987, or to building permits for buildings and structures which existed prior to the filing of the ~~roadway~~ transportation corridor provided the size of the building or structure is not increased and the type of building code occupancy as set forth in the North Carolina Building Code is not changed.

(b) ~~No~~ In any event, no application for building permit issuance or subdivision plat approval for a tract subject to a valid transportation corridor official map shall be delayed by the provisions of this section for more than three years from the date of its original submittal.

"**§ 136-44.52. Variance from ~~roadway~~ transportation corridor official map.**

(a) The Department of ~~Transportation or~~ Transportation, the regional public transportation authority, the regional transportation authority, or the city which initiated the ~~roadway~~ transportation corridor official map shall establish procedures for considering petitions for variance from the requirements of G.S. 136-44.51.

(b) The procedure established by the State shall provide for written notice to the Mayor and Chairman of the Board of County Commissioners of any affected city or county, and for the hearing to be held in the county where the affected property is located.

(c) Cities may provide for petitions for variances to be heard by the board of adjustment or other boards or commissions which can hear variances authorized by G.S. 160A-388. The procedures for boards of adjustment shall be followed except that no vote greater than a majority shall be required to grant a variance.

(d) A variance may be granted upon a showing that:

(1) Even with the tax benefits authorized by this Article, no reasonable return may be earned from the land; and

(2) The requirements of G.S. 136-44.51 result in practical difficulties or unnecessary hardships.

"**§ 136-44.53. Advance acquisition of right-of-way within the ~~roadway~~ transportation corridor.**

(a) After a ~~roadway~~ transportation corridor official map is filed with the register of deeds, the Department of ~~Transportation or~~ Transportation, the regional public transportation authority, the regional transportation authority, or then it becomes law a city which initiated the ~~roadway~~ transportation corridor official map ~~is authorized to~~ may make advanced acquisition of specific parcels of property when ~~such~~ that acquisition is determined by the respective governing board to be in the best public interest to protect the ~~roadway~~ transportation corridor from development or when the ~~roadway~~ transportation corridor official map creates an undue hardship on the affected property owner.

(b) Prior to making any ~~such~~ advanced acquisition of right-of-way under the authority of this Article, the Board of Transportation or the respective ~~municipal~~ governing board which initiated the ~~roadway~~ transportation corridor official map shall develop and adopt appropriate policies and procedures to govern ~~such~~ the advanced acquisition of right-of-way and to assure ~~such~~ that the advanced acquisition is in the best overall public interest.

(c) When a city makes an advanced right-of-way acquisition of property within a ~~roadway~~ transportation corridor official map for a street or highway that has been determined to be a State responsibility pursuant to the provisions of G.S. 136-66.2, the Department of Transportation shall reimburse the city for the cost of ~~such~~ any advanced right-of-way acquisition at the time the street or highway is constructed. The Department of Transportation shall have no responsibility to reimburse a municipality for any advanced right-of-way acquisition for a street or highway that has not been designated a State responsibility pursuant to the provisions of G.S. 136-66.2 prior to the initiation of the advanced acquisition by the city. The city shall obtain the concurrence of the Department of Transportation in all instances of advanced acquisition.

(d) In exercising the authority granted by this section, a municipality is authorized to expend municipal funds for the protection of rights-of-way shown on a duly adopted ~~roadway~~ transportation corridor official map whether the right-of-way to be acquired is located inside or outside the municipal corporate limits."

"**§ 136-44.54. Standard for appraisal of right-of-way within corridor.**

The Department shall utilize the criteria contained in 49 C.F.R. § 24.103 (1997) when appraising right-of-way in a transportation corridor designated under this Article."

Section 2. G.S. 105-277.9 reads as rewritten:

"**§ 105-277.9. Taxation of property inside certain roadway corridors.**

(1) As of January 1, no building or other structure is located on the property; and

(2) The property has not been subdivided, as defined in G.S. 153A-335 or G.S. 160A-376, since it was included in the corridor."

Section 3. G.S. 136-102.6(j) reads as rewritten:

"(j) The Division of Highways and district engineers of the Division of Highways of the Department of Transportation shall issue a certificate of approval for any subdivision affected by a ~~roadway~~ transportation corridor official map established by the Board of Transportation only if the subdivision conforms to Article 2E of this Chapter or conforms to any variance issued in accordance with that Article."

Section 4. G.S. 160A-458.4 reads as rewritten:

"**§ 160A-458.4. Designation of ~~roadway~~ transportation corridor official maps.**

Any city may establish ~~roadway~~ transportation corridor official maps and may enact and enforce ordinances pursuant to Article 2E of Chapter 136 of the General Statutes."

Section 5. G.S. 161-14 is amended by adding a new subsection to read:

"(c) Transportation corridor official maps authorized under Article 2E of Chapter 136 shall be registered and indexed by the end of the third business day after the business day the map is presented to the Register of Deeds."

EXPENDITURES

No cost impact expected on the Highway Fund or local funds.

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: Department of Transportation, Local Governments involved in a rapid transit project.

EFFECTIVE DATE: The bill becomes effective October 1, 1998, and applies to transportation corridor official maps, or amendments to those maps, adopted on or after the effective data.

BILL SUMMARY: Under current law the Department of Transportation, as well as cities, can preserve highway corridors by designating them on official roadway corridor maps. By designating the corridors on an official corridor map, the Department and cities effectively stop development on the property. The Department and the cities can delay any development on the corridor for three years, in anticipation of a future road project. The bill extends the law to transit corridors (light rail corridors) by using the term "transportation" corridors instead of "highway corridors". The bill also changes the procedures for adoption and the impact of corridor maps. The bill extends the favorable tax treatment for land subject to the highway corridor regulations to all transit corridor land. The bill also authorizes Public Transit

Authorities to preserve transit corridors. Under current law only the Department of Transportation and cities can preserve a corridor. The bill requires the Register of Deeds to register and index transportation corridor official maps in three days. The bill makes other conforming changes to the existing highway corridor map system.

ASSUMPTIONS AND METHODOLOGY: Two items in the bill have a potential fiscal impact. First, the bill requires that the Register of Deeds make notations, within three days, on the property records for each parcel of property affected by transportation corridors. Based on information provided by the Department of Transportation and the North Carolina Register of Deeds Association, Fiscal Research believes the impact of this requirement on counties would be insignificant.

The bill also extends the "favorable tax treatment" received by owners of highway corridor land to owners of transit authority land. Under current law, property included in a highway corridor map is taxable at only 20% of the general property tax rate for the period the land is on a highway corridor map. As such, the property owner gets a significant local property tax reduction on that particular piece of property. (The tax reduction is a form of consideration for limiting development on the site.) The provision only applies if the property is undeveloped (there are no buildings on the property) and not subdivided.

At present, only the Triangle area is in the process of developing a public transit system, although the Triad area may consider such a development in future years. Because the Triangle is the only area likely to map a transit corridor before the end of FY 2002-3 it is the only area considered in the analysis. According to the Triangle Transit Authority, the bill has a potential fiscal impact on Wake County, Durham County, and Orange County, as well as the municipalities of Raleigh, Mooresville, Durham, and the Research Triangle Park. The fiscal impact will be the loss of 80% of the property tax revenue associated with undeveloped tracts of land on the corridor map. The chart below outlines the local government losses.

	Property Value	**Purpose**	**County Loss**	**Municipal Loss**
Phase I:				
Wake County	$1,000,000	Stations in Raleigh	$ 5,000	$ 4,150
	$200,000	Stations in Mooresville	$ 1,000	$ 960
Durham County	$400,000	Stations in RTP	$ 2,999	$ 280
	$200,000	Stations in the City of Durham	$ 1,499	$ 1,080
TOTAL PHASE I	$1,800,000		$ 10,498	$ 6,470
Phase II:	Property Value	Purpose	County Revenue Loss	Municipal Loss
Durham County	$44,000,000	Rail and Stations	$ 329,868	unknown
Orange County	$19,000,000	Rail and Stations	$ 137,180	unknown
TOTAL PHASE II	$63,000,000		$467,048	unknown

The Triangle Transit Authority expects to map Phase I in FY 2000-1. They also expect to map portions of Phase II in FY 2002-3. The revenue loss begins in the fiscal year the property is mapped, and continues for three years. After three years the property is removed from the map, or is purchased by a city or the Department of Transportation for development of the rail line. As such, triangle local governments will lose $16,968 in property tax revenue in fiscal years 2000-1, 2001-2, and 2002-3. This is the loss associated with Phase I development. Durham and Orange counties will lose an additional $467,048 in fiscal years 2002-3, 2003-4, and 2004-5. These are the costs associated with Phase II development. Municipal losses associated with Phase II can not be calculated because the exact location of the lines and stations has not been determined.

Note: This fiscal analysis only addresses the fiscal impact of changes in the map act. It does not address the fiscal impact of potential land purchases for mass transit.

FISCAL RESEARCH DIVISION (733-4910)
PREPARED BY: Linda Struyk Millsaps and Evan Rodewald

EXPLANATION OF SENATE BILL 1291:
Transportation Corridors (8th Edition)

TO: House Finance Committee
FROM: Giles Perry and Martha Walston, Staff Attorneys
DATE: August 19, 1998
SPONSOR: Senator Gulley

The concept behind Senate Bill 1291 was recommended by the LRC Public Transit study committee.

Under current law, the Department of Transportation and cities are authorized to preserve highway corridors by designating them on official roadway corridor maps. DOT must begin work on a preliminary engineering or an environmental impact statement (EIS) for the project proposed for the corridor within one year from the date the map is filed. Once the maps are properly adopted and filed at the register of deeds, issuance of a building permit for a project on land subject to a corridor map can be delayed for three years from the date of submittal.

Senate Bill 1291 expands existing law concerning Roadway Corridor Official maps by:

1. Authorizing DOT and cities to preserve transit corridors, in addition to road corridors.
2. Authorizing regional public transportation authorities created under Article 26 and regional transportation authorities created under Article 27 of Chapter 160A to adopt or amend a transportation corridor official map for any proposed public transportation corridor or adjacent station or parking lot included in the long-range transportation plan.

In addition, Senate Bill 1291 changes the procedures concerning adoption and effect of the transportation corridors official maps, as follows:

1. Allows the reserving entity up to *two* years to begin preliminary engineering or EIS work on the project in the corridor.
2. Requires indexing of names of property owners affected by the corridor in the grantor files at the register of deeds, to insure notice to affected property owners and subsequent purchasers. The map must be registered and indexed at end of third business after business day the map is presented to the Register of Deeds.
3. Clarifies that all notice and indexing procedures in the statue apply to amendments as well as the original filing of the corridor.
4. Clarifies that appraisals of land subject to the corridor official maps shall not be affected by the fact that it is in a corridor.

Senate Bill 1291 adds the director of a regional public transportation authority and the director of regional transportation authority as persons to be notified of requests for building permits or subdivision approvals within a transportation corridor. Current law only requires notice to the district engineer of the Highway District.

Senate Bill 1291 also makes several conforming changes, including extending the favorable property tax treatment for land subject to *highway* corridor official maps to land subject to all of the newly redesignated *transportation* corridor official maps. Such land is taxable at 20% of the general tax rate levied on real property.

AN ACT TO AUTHORIZE THE DEPARTMENT OF TRANSPORTATION, REGIONAL PUBLIC TRANSPORTATION AUTHORITIES, AND REGIONAL TRANSPORTATION AUTHORITIES TO CREATE TRANSPORTATION CORRIDORS AND PROTECT THEM FROM DEVELOPMENT, AND TO INSURE PROPER NOTICE TO ALL PROPERTY OWNERS AFFECTED BY THE CORRIDORS.

The General Assembly of North Carolina enacts:

Section 1. Article 2E of Chapter 136 reads as rewritten:

"ARTICLE 2E.

"~~Roadway~~ Transportation Corridor Official Map Act.

"**§ 136-44.50. ~~Roadway~~ Transportation corridor official map act.**

(a) A ~~roadway~~ transportation corridor official map may be adopted or ~~amended~~ amended by any of the following:

(1) ~~by the~~ The governing board of any city for any thoroughfare included as part of a comprehensive plan for streets and highways adopted pursuant to ~~G.S. 136-66.2 or~~ G.S. 136-66.2 or for any

proposed public transportation corridor included in the adopted long-range transportation plan.

(2) ~~by the~~ The Board of Transportation for any portion of the existing or proposed State highway ~~system.~~ system or for any public transportation corridor, to include rail, that is in the Transportation Improvement Program.

(3) Regional public transportation authorities created pursuant to Article 26 of Chapter 160A of the General Statutes or regional transportation authorities created pursuant to Article 27 of Chapter 160A of the General Statutes for any proposed public transportation corridor, or adjacent station or parking lot, included in the adopted long-range transportation plan.

Before a city adopts a ~~roadway~~ transportation corridor official map that extends beyond the extraterritorial jurisdiction of its building permit issuance and subdivision control ordinances, or adopts an amendment to a ~~roadway~~ transportation corridor official map outside the extraterritorial jurisdiction of its building permit issuance and subdivision control ordinances, the city ~~must~~ shall obtain approval from the Board of County Commissioners.

No ~~roadway~~ transportation corridor official map shall be adopted or amended, nor may any property be regulated under this Article until:

(1) The governing board of the ~~city~~ city, the regional transportation authority, or the Department of Transportation ~~in each county affected by the map,~~ has held a public hearing in each county affected by the map on the proposed map or amendment. Notice of the hearing shall be provided:

a. By publication at least once a week for four successive weeks prior to the hearing in a newspaper having general circulation in the county in which the ~~roadway~~ transportation corridor to be designated is located.

b. By two week written notice to the Secretary of Transportation, the Chairman of the Board of County Commissioners, and the Mayor of any city or town through whose corporate or extraterritorial jurisdiction the ~~roadway~~ transportation corridor passes.

c. By posting copies of the proposed ~~roadway~~ transportation corridor map or amendment at the courthouse door for at least 21 days prior to the hearing date. The notice required in sub-subdivision a. above shall make reference to this posting.

(2) A permanent certified copy of the ~~roadway~~ transportation corridor official map or amendment has been filed with the register of deeds. The boundaries may be defined by map or by written description, or a combination thereof. The copy shall measure

approximately 20 inches by 12 inches, including no less than one and one-half inches binding space on the left-hand side.

(3) The names of all property owners affected by the corridor have been submitted to the Register of Deeds.

(b) ~~Roadway~~ Transportation corridor official maps and amendments shall be distributed and maintained in the following manner:

(1) A copy of the official map and each amendment thereto shall be filed in the office of the city clerk and in the office of the district engineer.

(2) A copy of the official map, each amendment thereto and any variance therefrom granted pursuant to G.S. 136-44.52 shall be furnished to the tax supervisor of any county and tax collector of any city affected thereby. The portion of properties embraced within a ~~roadway~~ transportation corridor and any variance granted shall be clearly indicated on all tax maps maintained by the county or city for such period as the designation remains in effect.

(3) Notwithstanding any other provision of law, the certified copy filed with the register of deeds shall be placed in a book maintained for that purpose and cross-indexed by number of road, street name, or other appropriate description. The register of deeds shall collect a fee of five dollars ($5.00) for each map sheet or page recorded.

(4) The names submitted as required under subdivision (a)(3) of this section shall be indexed in the 'grantor' index by the Register of Deeds.

(c) Repealed by Session Laws 1989, c. 595, s. 1.

(d) Within ~~one year~~ two years following the establishment of a ~~roadway~~ transportation corridor official map or amendment, work shall begin on an environmental impact statement or preliminary engineering. The failure to begin work on the environmental impact statement or preliminary engineering within the ~~one-year~~ two-year period shall constitute an abandonment of the corridor, and the provisions of this Article shall no longer apply to properties or portions of properties embraced within the ~~roadway~~ transportation corridor. A city may prepare environmental impact studies and preliminary engineering work in connection with the establishment of a ~~roadway~~ transportation corridor official map or amendments to a ~~roadway~~ transportation corridor official map. When a city prepares a ~~roadway~~ transportation corridor official map for a street or highway that has been designated a State responsibility pursuant to G.S. 136-66.2, the environmental impact study and preliminary engineering work shall be reviewed and approved by the Department of Transportation. An amendment to a corridor shall not extend the two-year period provided by this section unless it establishes a substantially different corridor in a primarily new location.

(e) The term 'amendment' for purposes of this section includes any change to a transportation corridor official map, including:

(1) Failure of the Department of Transportation, a city, or a regional transportation authority to begin work on an environmental impact statement or preliminary engineering as required by this section; or

(2) Deletion of the corridor from the transportation corridor official map by action of the Board of Transportation, or deletion of the corridor from the long-range transportation plan of a city or regional transportation authority by action of the city or regional transportation authority governing Board.

(f) The term 'transportation corridor' as used in this Article does not include bikeways or greenways.

"§ 136-44.51. Effect of ~~roadway~~ transportation corridor official map.

(a) After a ~~roadway~~ transportation corridor official map is filed with the register of deeds, no building permit shall be issued for any building or structure or part thereof located within the ~~roadway~~ transportation corridor, nor shall approval of a subdivision, as defined in G.S. 153A-335 and G.S. 160A-376, be granted with respect to property within the ~~roadway~~ transportation corridor. The ~~district engineer of the Highway District in which the roadway corridor is located~~ Secretary of Transportation or his designee, the director of a regional public transportation authority, or the director of a regional transportation authority, as appropriate, shall be notified within 10 days of all requests for building permits or subdivision approval within the ~~roadway~~ transportation corridor. The provisions of this section shall not apply to valid building permits issued prior to August 7, 1987, or to building permits for buildings and structures which existed prior to the filing of the ~~roadway~~ transportation corridor provided the size of the building or structure is not increased and the type of building code occupancy as set forth in the North Carolina Building Code is not changed.

(b) ~~No~~ In any event, no application for building permit issuance or subdivision plat approval for a tract subject to a valid transportation corridor official map shall be delayed by the provisions of this section for more than three years from the date of its original submittal.

"§ 136-44.52. Variance from ~~roadway~~ transportation corridor official map.

(a) The Department of ~~Transportation or~~ Transportation, the regional public transportation authority, the regional transportation authority, or the city which initiated the ~~roadway~~ transportation corridor official map shall establish procedures for considering petitions for variance from the requirements of G.S. 136-44.51.

(b) The procedure established by the State shall provide for written notice to the Mayor and Chairman of the Board of County Commissioners of any affected city or county, and for the hearing to be held in the county where the affected property is located.

(c) Cities may provide for petitions for variances to be heard by the board of adjustment or other boards or commissions which can hear variances authorized by G.S. 160A-388. The procedures for boards of adjustment shall be followed except that no vote greater than a majority shall be required to grant a variance.

(d) A variance may be granted upon a showing that:

(1) Even with the tax benefits authorized by this Article, no reasonable return may be earned from the land; and

(2) The requirements of G.S. 136-44.51 result in practical difficulties or unnecessary hardships.

"§ 136-44.53. Advance acquisition of right-of-way within the ~~roadway~~ transportation corridor.

(a) After a ~~roadway~~ transportation corridor official map is filed with the register of deeds, the Department of ~~Transportation or~~ Transportation, the regional public transportation authority, the regional transportation authority, or the city which initiated the ~~roadway~~ transportation corridor official map ~~is authorized to~~ may make advanced acquisition of specific parcels of property when ~~such~~ that acquisition is determined by the respective governing board to be in the best public interest to protect the ~~roadway~~ transportation corridor from development or when the ~~roadway~~ transportation corridor official map creates an undue hardship on the affected property owner.

(b) Prior to making any ~~such~~ advanced acquisition of right-of-way under the authority of this Article, the Board of Transportation or the respective ~~municipal~~ governing board which initiated the ~~roadway~~ transportation corridor official map shall develop and adopt appropriate policies and procedures to govern ~~such~~ the advanced acquisition of right-of-way and to assure ~~such~~ that the advanced acquisition is in the best overall public interest.

(c) When a city makes an advanced right-of-way acquisition of property within a ~~roadway~~ transportation corridor official map for a street or highway that has been determined to be a State responsibility pursuant to the provisions of G.S. 136-66.2, the Department of Transportation shall reimburse the city for the cost of ~~such~~ any advanced right-of-way acquisition at the time the street or highway is constructed. The Department of Transportation shall have no responsibility to reimburse a municipality for any advanced right-of-way acquisition for a street or highway that has not been designated a State responsibility pursuant to the provisions of G.S. 136-66.2 prior to the initiation of the advanced acquisition by the city. The city shall obtain the concurrence of the Department of Transportation in all instances of advanced acquisition.

(d) In exercising the authority granted by this section, a municipality is authorized to expend municipal funds for the protection of rights-of-way shown on a duly adopted ~~roadway~~ transportation corridor official map whether the right-of-way to be acquired is located inside or outside the municipal corporate limits.

"§ 136-44.54. Standard for appraisal of right-of-way within corridor.

The Department shall utilize the criteria contained in 49 C.F.R. § 24.103 (1997) when appraising right-of-way in a transportation corridor designated under this Article."

Section 2. G.S. 105-277.9 reads as rewritten:

"§ 105-277.9. Taxation of property inside certain roadway corridors.

Real property that lies within a ~~roadway~~ transportation corridor marked on an official map filed under Article 2E of Chapter 136 of the General Statutes is

designated a special class of property under Article V, Sec. 2(2) of the North Carolina Constitution and is taxable at twenty percent (20%) of the general tax rate levied on real property by the taxing unit in which the property is situated if:

(1) As of January 1, no building or other structure is located on the property; and

(2) The property has not been subdivided, as defined in G.S. 153A-335 or G.S. 160A-376, since it was included in the corridor."

Section 3. G.S. 136-102.6(j) reads as rewritten:

"(j) The Division of Highways and district engineers of the Division of Highways of the Department of Transportation shall issue a certificate of approval for any subdivision affected by a ~~roadway~~ transportation corridor official map established by the Board of Transportation only if the subdivision conforms to Article 2E of this Chapter or conforms to any variance issued in accordance with that Article."

Section 4. G.S. 160A-458.4 reads as rewritten:

"**§ 160A-458.4. Designation of ~~roadway~~ transportation corridor official maps.**

Any city may establish ~~roadway~~ transportation corridor official maps and may enact and enforce ordinances pursuant to Article 2E of Chapter 136 of the General Statutes."

Section 5. G.S. 161-14 is amended by adding a new subsection to read:

"(c) Transportation corridor official maps authorized under Article 2E of Chapter 136 shall be registered and indexed by the end of the third business day after the business day the map is presented to the Register of Deeds."

Section 6. This act becomes effective October 1, 1998, and applies to transportation corridor official maps, or amendments to those maps, adopted on or after the effective date of this act.

A BILL TO BE ENTITLED

AN ACT TO PROVIDE FOR THE MANDATORY ARBITRATION OF CLAIMS RELATED TO DEFECTIVE SEED.

The General Assembly of North Carolina enacts:

Section 1. G.S. 106-277.29 is repealed.

Section 2. Article 31 of Chapter 106 of the General Statutes is amended by adding the following new sections:

"§ 106-277.30. Condition precedent to filing an action; notice required.

(a) Complaint by Buyer. -- When a buyer has reasonable cause to believe that he or she has suffered damages due to the failure of agricultural seeds or vegetable seeds to produce or perform as labeled, as warranted, or as a result of negligence, the buyer shall make a complaint against the dealer from whom the seeds were purchased, alleging the damages sustained or to be sustained, and file the complaint with the Commissioner of Agriculture within such time as to permit inspection of the seeds, crops, or plants. The buyer shall send a copy of the complaint to the dealer by certified or registered mail. A filing fee of one hundred dollars ($100.00) shall be paid to the Department of Agriculture and Consumer Services with each

complaint filed. This fee may be used by the Commissioner to offset the expenses of the arbitration committee incurred under G.S. 106-277.32. Within 10 days after receipt of a copy of the complaint, the dealer may file an answer to the complaint and, in that event, shall send a copy to the buyer by certified or registered mail.

(b) Notice Required. -- The seed dealer shall legibly print or type on the seed container or affix a label on the seed container a notice in the following form or using reasonably equivalent language:

'Notice of Mandatory Arbitration

Under the seed laws of some states, arbitration is required as a precondition of maintaining certain legal actions against a seller of seed. Information about this requirement where applicable, may be obtained from a State's Commissioner of Agriculture or corresponding chief agricultural official.'

(c) Condition Precedent. -- Complying with subsection (a) of this section is a condition precedent to the buyer's right to file an action against the seed dealer. This subsection does not apply if the seed dealer fails to provide notice as required under subsection (b) of this section.

(d) Investigation Requested by Seed Dealer. -- Any seed dealer who has received notice, either orally or in writing, that a buyer has reasonable cause to believe that he or she has suffered damage due to the failure of agricultural seeds or vegetable seeds sold by the dealer to perform as labeled, as warranted, or as a result of negligence, may request an investigation by the arbitration committee pursuant to G.S. 106-277.32. A filing fee of one hundred dollars ($100.00) shall be paid to the Department of Agriculture and Consumer Services by the party requesting the investigation. The dealer shall send a copy of the request to the buyer by certified or registered mail. The buyer may file a response to the request with the Commissioner of Agriculture within 10 days of receipt of the request for an investigation.

(e) Referral to Committee. -- The Commissioner of Agriculture shall refer the complaint and the answer to the complaint, if any, to the arbitration committee to investigate and make findings and recommendations on the matters complained of pursuant to G.S. 106-277.32.

"§ 106-277.31. Arbitration committee created; membership; duties.

The other two members shall include: one farmer who is not connected in any way to selling seeds at retail or wholesale and one employee of the Department of Agriculture and Consumer Services. An alternate for each member shall also be appointed in the same manner as that member was appointed to serve whenever that member is unable or unwilling to serve. Each member of the committee shall serve until replaced by the Commissioner of Agriculture. The committee shall elect a chairperson. The chairperson shall conduct all meetings and deliberations and direct all other activities of the committee.

(b) A clerk shall be appointed to serve the committee. The clerk shall be an employee of the Department of Agriculture and Consumer Services. The clerk shall keep accurate and correct records of all meetings and deliberations and perform other duties for the committee as directed by the chairperson.

(c) The purpose of the arbitration committee is to assist seed buyers and seed dealers in determining the matters alleged in complaints made by buyers against seed dealers.

(d) The arbitration committee may be called into session by the Commissioner of Agriculture at the Commissioner's discretion or upon the direction of the chairperson to consider the matters referred to it by the Commissioner of Agriculture.

(e) The Department shall provide administrative support for the investigation under this section. The committee shall adopt rules to govern investigations and hearings. A copy of the rules shall be mailed to each party to a dispute upon receipt of a complaint.

(f) Members of the committee appointed by the Commissioner who are not State employees shall be entitled to receive reimbursement for necessary travel and subsistence expenses pursuant to G.S. 138-5. Other members of the committee shall not be entitled to any compensation or reimbursement of expenses from the Department of Agriculture and Consumer Services.

(c) No investigation shall be made by less than the whole membership of the committee unless the chairperson directs such investigation in writing. Such investigation shall be summarized in writing and considered by the committee in reporting its findings and making its recommendations.

(d) The report of arbitration shall be binding upon all parties to the extent, if any, that they have so agreed in writing subsequent to the filing of a complaint pursuant to G.S. 106-277.30.

"**§ 106-277.33. Filing an action regarding a defective seed claim.**

(a) In the absence of an agreement to be bound by arbitration, a buyer may file an action against a seed seller or assert such claim as a counterclaim or defense in any action brought by the seed seller at any time after the receipt of the report of arbitration under G.S. 106-277.32.

(b) In any court action involving a complaint that has been the subject of an investigation under G.S. 106-277.32, any party may introduce evidence of seed quality, cultivation practices and procedures, and scientific opinion contained in the report of the arbitration committee. Statements of the parties and recommendations of the arbitration committee as resolution of the dispute are not admissible as evidence unless such evidence is otherwise discoverable."

Section 3. There is appropriated from the General Fund to the Department of Agriculture and Consumer Services the sum of ten thousand dollars ($10,000) for the 1998-99 fiscal year to be used to implement and administer this act.

EXPLANATION OF HOUSE BILL 1055:
Arbitration of Seed Claims (2nd Edition)

TO: House Finance Committee
FROM: Cindy Avrette, Committee Counsel
DATE: August 10, 1998
SPONSOR: Representative Carolyn Russell

House Bill 1055 provides for mandatory, but non-binding arbitration of disputes between a buyer of seed and seed dealers. Section 1 repeals the current voluntary system North Carolina has and replaces it in Section 2 with a substantially similar, but mandatory one. Section 3 appropriates money from the General Fund to the Department of Agriculture to administer the mandatory arbitration. Section 4 provides that the act becomes effective July 1, 1997.

Under the bill, seed dealers would be required to provide notice of mandatory arbitration by placing notice on the seed container. If the notice is provided, a buyer of seed would be required to seek arbitration on issues involving defective seed before the buyer could initiate a court action. To initiate arbitration, the buyer must make a sworn complaint against the seed dealer, file the complaint with the Commissioner of Agriculture within time to permit the arbitration committee to inspect the seed, crops, or plants alleged to be defective before they are destroyed, and pay a filing fee of $100.

The arbitration committee has substantially the same membership as the current investigation committee: representatives of farm groups, seed companies, universities, and the Department of Agriculture, and one farmer who is not connected in any way to selling seeds at retail or wholesale. The arbitration committee will address issues which are technical in nature: the buyer's use of the seed, the seed dealer's packaging of the see, an evaluation of the seed's product, an inspection of the affected site, etc. The arbitration report is binding upon all parties IF the parties have agreed in writing that it will be binding. In the absence of such an agreement, a court action may be initiated by either party. At least 16 other states have similar legislation, including South Carolina and Georgia.

Technical Considerations:

- The effective date needs to be changed. If the Department is given the authority to adopt temporary rules to implement the bill, then the effective date can be as early as January 1, 1999. If the Department is not given the

authority to adopt temporary rules, the effective date will need to be at least July 1, 2000, to enable the Department to complete the rules review process.

- The appropriation needs to be examined.
- G.S. 106-277.30(d) allows a seed dealer to request an investigation by the arbitration committee if an action is brought in court. Is this section needed if the arbitration is required before a court action can be initiated?

LEGISLATIVE FISCAL ESTIMATE

BILL NUMBER: H.B. 1055 CS 6/4/97

SHORT TITLE: Arbitration of Seed Claims

FISCAL IMPACT

	FY 1998-99	FY 1999-00	FY 2000-01	FY 2001-02	FY 2002-03
REVENUES	$1,850	$3,900	$4,100	$4,300	$4,500
EXPENDITURES	$10,000	$10,000			

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: North Carolina Department of Agriculture.

EFFECTIVE DATE: (See Technical Considerations).

BILL SUMMARY: The bill requires the parties involved in a disagreement about the quality of agricultural seeds to participate in special arbitration. The bill directs the Agriculture Commissioner to appoint a five-member arbitration committee. Three members will be appointed on the recommendations of the NCSU Agricultural Research Service Director, the Cooperative Extension Director, and the President of the North Carolina Seedmen's Association. The bill also directs the Commission to appoint one farmer (not connected to seed sales) and one Department employee to the arbitration committee. The committee must conduct an investigation when they receive a complaint from a buyer or a request for investigation from a dealer. The bill requires that the complaint be filed within a time period that allows for inspection of the affected seed, crops, or plants. Both dealers and buyers must pay a $100 fee when filing their complaint or request for investigation. Once a buyer files a complaint, the Department will notify the dealer and give that dealer ten days to file a response. After the 10 day period, the arbitration committee will begin their investigation, following the guidelines in the bill. The findings of the arbitration committee are binding if the buyer and dealer have

agreed, in advance, to abide by the decision of the committee. Under the bill, the decision of the buyer to purchase a product, with a special label outlining the arbitration requirement, constitutes an agreement to arbitration. (It does not constitute an agreement to binding arbitration, unless the parties all agree to binding arbitration in advance.) If legal action is taken by either party after the committee completes its investigation, the committee's findings are admissible as evidence. Under the bill, the court can take into account either party's failure to cooperate in arbitration, or the impact of any party's attempt to delay the committee's investigation. The bill also appropriates $10,000 each year, for two years, to implement the act.

ASSUMPTIONS AND METHODOLOGY: According to the Department of Agriculture's legal staff, Georgia is the only state with a seed arbitration program substantially similar to the bill. The Georgia seed arbitration program has been in operation for three years. The Georgia program received eight (8) complaints or requests for investigation in 1995, fifteen (15) in 1996, and thirty (30) in 1997. They also report receiving more than 30 complaints and/or requests for investigation, so far, in 1998. Based on these estimates, and the relative size of the seed market, the North Carolina Department of Agriculture estimates that they will receive twenty-five (25) buyer complaints and twelve (12) dealer requests for investigation. Assuming each buyer and dealer pays the $100.00 filing fee, the bill will generate $3,700 in FY 1998-9 (37 Total complaints and requests for investigation X $100). One-half of this amount is shown in the fiscal impact chart, as this note assumes a January 1, 1999, effective date for this section of the bill (see Technical Considerations).

The North Carolina Department of Agriculture expects the number of complaints and/or requests for investigation to increase with the continued development of genetically modified crop varieties. These new varieties are resistant to pests and tolerate certain herbicides. Because these genetically modified seeds are more expensive (Since the introduction of these genetically modified seeds three years ago, national farm expenditures for seeds have increased an average of 7.5% per year.), and the risks associated with non-performance greater, farmers are likely to seek compensation for seed failure. This note assumes 5% annual growth in the number of filings.

Officials with the North Carolina Department of Agriculture believe the costs associated with the bill will be approximately $10,000. The Department believes this amount is necessary to cover the meals and per diem expenses associated with board members who are not state employees, and staff travel for investigations. They also note that the bill creates some overhead expense.

TECHNICAL CONSIDERATIONS: The bill's current effective date is July 1, 1997. This is not feasible. As such, the note assumes a July 1, 1998, effective date for 106-277.31 (arbitration committee created) and a January 1, 1999, effective date for filings.

(b) The committee shall keep a record of its activities and reports on file in the Department of Agriculture and Consumer Services. The Department shall transmit all findings and recommendations to the buyer and to the seed dealer within 30 days of completion of the arbitration.

(c) No investigation shall be made by less than the whole membership of the committee unless the chairperson directs such investigation in writing. Such investigation shall be summarized in writing and considered by the committee in reporting its findings and making its recommendations.

(d) The report of arbitration shall be binding upon all parties to the extent, if any, that they have so agreed in writing subsequent to the filing of a complaint pursuant to G.S. 106-277.30.

"**§ 106-277.33. Filing an action regarding a defective seed claim.**

(a) In the absence of an agreement to be bound by arbitration, a buyer may file an action against a seed seller or assert such claim as a counterclaim or defense in any action brought by the seed seller at any time after the receipt of the report of arbitration under G.S. 106-277.32.

(b) In any court action involving a complaint that has been the subject of an investigation under G.S. 106-277.32, any party may introduce evidence of seed quality, cultivation practices and procedures, and scientific opinion contained in the report of the arbitration committee. Statements of the parties and recommendations of the arbitration committee as resolution of the dispute are not admissible as evidence unless such evidence is otherwise discoverable."

Section 3. This section of this act and G.S. 106-277.31, as enacted by Section 2 of this act, are effective when they become law. The remainder of this act becomes effective December 1, 1998, and applies to complaints filed with the Commissioner of Agriculture pursuant to this act on or after that date.

A BILL TO BE ENTITLED

AN ACT TO PROVIDE FOR THE MANDATORY ARBITRATION OF CLAIMS RELATED TO DEFECTIVE SEED.

The General Assembly of North Carolina enacts:

Section 1. G.S. 106-277.29 is repealed.

Section 2. Article 31 of Chapter 106 of the General Statutes is amended by adding the following new sections:

"**§ 106-277.30. Condition precedent to filing an action; notice required.**

(a) Complaint by Buyer. -- When a buyer has reasonable cause to believe that he or she has suffered damages due to the failure of agricultural seeds or vegetable seeds to produce or perform as labeled, as warranted, or as a result of negligence, the buyer shall make a complaint against the dealer from whom the seeds were purchased, alleging the damages sustained or to be sustained, and file the complaint with the Commissioner of Agriculture within such time as to permit inspection of the seeds, crops, or plants. The buyer shall send a copy of the complaint to the dealer by certified or registered mail. A filing fee of one hundred dollars ($100.00) shall be paid to the Department of Agriculture and Consumer Services with each complaint filed. This fee may be used by the Commissioner to offset the expenses of the arbitration committee incurred under G.S. 106-277.32. Within 10 days after receipt of a copy of the complaint, the dealer may file an answer to the complaint and, in that event, shall send a copy to the buyer by certified or registered mail.

(b) Notice Required. -- The seed dealer shall legibly print or type on the seed container or affix a label on the seed container a notice in the following form or using reasonably equivalent language:

'Notice of Mandatory Arbitration

Under the seed laws of some states, arbitration is required as a precondition of maintaining certain legal actions against a seller of seed. Information about this requirement where applicable, may be obtained from a state's Commissioner of Agriculture or corresponding chief agricultural official.'

(c) Condition Precedent. -- Complying with subsection (a) of this section is a condition precedent to the buyer's right to file an action against the seed dealer. This subsection does not apply if the seed dealer fails to provide notice as required under subsection (b) of this section.

(d) Investigation Requested by Seed Dealer. -- Any seed dealer who has received notice, either orally or in writing, that a buyer has reasonable cause to believe that he or she has suffered damage due to the failure of agricultural seeds or vegetable seeds sold by the dealer to perform as labeled, as warranted, or as a result of negligence, may request an investigation by the arbitration committee pursuant to G.S. 106-277.32. A filing fee of one hundred dollars ($100.00) shall be paid to the Department of Agriculture and Consumer Services by the party requesting the investigation. The dealer shall send a copy of the request to the buyer by certified or registered mail. The buyer may file a response to the request with the Commissioner of Agriculture within 10 days of receipt of the request for an investigation.

(e) Referral to Committee. -- The Commissioner of Agriculture shall refer the complaint and the answer to the complaint, if any, to the arbitration committee to investigate and make findings and recommendations on the matters complained of pursuant to G.S. 106-277.32.

"§ 106-277.31. Arbitration committee created; membership; duties.

(a) The Commissioner of Agriculture shall appoint an arbitration committee composed of five members, three of whom shall be appointed upon the recommendation of the following: Director of the Agricultural Research Service, North Carolina State University; Director of the North Carolina Cooperative Extension Service, North Carolina State University; and President of the North Carolina Seedsmen's Association. The other two members shall include: one farmer who is not connected in any way to selling seeds at retail or wholesale and one employee of the Department of Agriculture and Consumer Services. An alternate for each member shall also be appointed in the same manner as that member was appointed to serve whenever that member is unable or unwilling to serve. Each member of the committee shall serve until replaced by the Commissioner of Agriculture. The committee shall elect a chairperson. The chairperson shall conduct all meetings and deliberations and direct all other activities of the committee.

(b) A clerk shall be appointed to serve the committee. The clerk shall be an employee of the Department of Agriculture and Consumer Services. The clerk shall keep accurate and correct records of all meetings and deliberations and perform other duties for the committee as directed by the chairperson.

(c) The purpose of the arbitration committee is to assist seed buyers and seed dealers in determining the matters alleged in complaints made by buyers against seed dealers.

(d) The arbitration committee may be called into session by the Commissioner of Agriculture at the Commissioner's discretion or upon the direction of the chairperson to consider the matters referred to it by the Commissioner of Agriculture.

(e) The Department shall provide administrative support for the investigation under this section. The committee shall adopt rules to govern investigations and hearings. A copy of the rules shall be mailed to each party to a dispute upon receipt of a complaint.

(f) Members of the committee appointed by the Commissioner who are not State employees shall be entitled to receive reimbursement for necessary travel and subsistence expenses pursuant to G.S. 138-5. Other members of the committee shall not be entitled to any compensation or reimbursement of expenses from the Department of Agriculture and Consumer Services.

(g) The Attorney General shall represent the committee in any and all legal proceedings that may arise concerning or against the committee.

"**§ 106-277.32. Duties of arbitration committee.**

(a) In conducting its investigation of claims referred by the Commissioner of Agriculture, activities of the arbitration committee may include any of the following:

(1) Examine the buyer regarding the buyer's use of the seeds of which the buyer complains and examine the seed dealer on the dealer's packaging, labeling, and selling of the seeds alleged to be faulty.

(2) Grow a representative sample of the alleged faulty seeds to production when such action is deemed by the committee to be necessary.

(3) Hold informal hearings at a time and place directed by the chairperson upon reasonable notice to the buyer and the seed dealer.

(4) Seek evaluations from authorities in allied disciplines, when deemed necessary by the committee.

(5) Visit and inspect the affected site and take samples, make plant counts, and take pictures of affected and unaffected areas.

(b) The committee shall keep a record of its activities and reports on file in the Department of Agriculture and Consumer Services. The Department shall transmit all findings and recommendations to the buyer and to the seed dealer within 30 days of completion of the arbitration.

(c) No investigation shall be made by less than the whole membership of the committee unless the chairperson directs such investigation in writing. Such investigation shall be summarized in writing and considered by the committee in reporting its findings and making its recommendations.

(d) The report of arbitration shall be binding upon all parties to the extent, if any, that they have so agreed in writing subsequent to the filing of a complaint pursuant to G.S. 106-277.30.

"**§ 106-277.33. Filing an action regarding a defective seed claim.**

(a) In the absence of an agreement to be bound by arbitration, a buyer may file an action against a seed seller or assert such claim as a counterclaim or defense in any action brought by the seed seller at any time after the receipt of the report of arbitration under G.S. 106-277.32.

(b) In any court action involving a complaint that has been the subject of an investigation under G.S. 106-277.32, any party may introduce evidence of seed quality, cultivation practices and procedures, and scientific opinion contained in the report of the arbitration committee. Statements of the parties and recommendations of the arbitration committee as resolution of the dispute are not admissible as evidence unless such evidence is otherwise discoverable."

Section 3. This section of this act and G.S. 106-277.31, as enacted by Section 2 of this act, are effective when they become law. The remainder of this act becomes effective December 1, 1998, and applies to complaints filed with the Commissioner of Agriculture pursuant to this act on or after that date.

HOUSE BILL 1490*

Short Title: Extend Submerged Lands Claims. (Public)

Sponsors: Representative Weatherly.

Referred to: Environment.

May 25, 1998

A BILL TO BE ENTITLED

AN ACT TO EXTEND THE TIME FOR THE RESOLUTION OF CLAIMS TO LAND UNDER NAVIGABLE WATERS, AS RECOMMENDED BY THE ENVIRONMENTAL REVIEW COMMISSION.

The General Assembly of North Carolina enacts:

Section 1. G.S. 113-206 reads as rewritten:

"**§ 113-206. Chart of grants, leases and fishery rights; overlapping leases and rights; contest or condemnation of claims; damages for taking of property.**

(a) The Secretary must commence to prepare as expeditiously as possible charts of the waters of North Carolina containing the locations of all oyster and clam leaseholds made by the Department under the provisions of this Article and of all existing leaseholds as they are renewed under the provisions of this Article, the locations of all claims of grant of title to portions of the bed under navigable waters registered with him, and the locations of all areas in navigable waters to which a right of private fishery is claimed and registered with him. Charting or registering any claim by the Secretary in no way implies recognition by the State of the validity of the claim.

(a1) If a claim is based on an oyster or other shellfish grantor a perpetual franchise for shellfish cultivation, the Secretary may, to resolve the claim, grant a shellfish lease to the claimant for part or all of the area claimed. If a claim of exclusive shellfishing rights was registered based upon a conveyance by the Literary Fund, the North Carolina Literary Board or the State Board of Education, and the claimant shows that the area had been cultivated by the claimant or his predecessor in title for the seven-year period prior to registration of the claim, the Secretary may,

to resolve the claim, grant a shellfish lease to the claimant for all or part of the area claimed, not to exceed ten acres. A shellfish lease granted under this subsection is subject to the restrictions imposed on shellfish leases in G.S. 113-202, except the prohibition against leasing an area that contains a natural shellfish bed in G.S. 113-202(a)(2). This restriction is waived because, due to the cultivation efforts of the claimant, the area is likely to contain a natural shellfish bed.

(b) In the event of any overlapping of areas leased by the Department, the Secretary shall recommend modification of the areas leased as he deems equitable to all parties. Appeal from the recommendation of the Secretary lies for either party in the same manner as for a lease applicant as to which there is a recommendation of denial or modification of lease. If there is no appeal, or upon settlement of the issue upon appeal, the modified leases must be approved by the Marine Fisheries Commission and reissued by the Secretary in the same manner as initial or renewal leases. Leaseholders must furnish the Secretary surveys of the modified leasehold areas, meeting the requisite criteria for surveys established by the Secretary.

(c) In the event of any overlapping of areas leased by the Department and of areas in which title or conflicting private right of fishery is claimed and registered under the provisions of this Article, the Secretary must give preference to the leaseholder engaged in the production of oysters or clams in commercial quantities who received the lease with no notice of the existence of any claimed grant or right of fishery. To this end, the Secretary shall cause a modification of the claim registered with him and its accompanying survey to exclude the leasehold area. Such modification effected by the Secretary has the effect of voiding the grant of title or right of fishing to the extent indicated.

(d) In the interest of conservation of the marine and estuarine resources of North Carolina, the Department may institute an action in the superior court to contest the claim of title or claimed right of fishery in any navigable waters of North Carolina registered with the Secretary. In such proceeding, the burden of showing title or right of fishery, by the preponderance of the evidence, shall be upon the claiming title or right holder. In the event the claiming title or right holder prevails, the trier of fact shall fix the monetary worth of the claim. The Department may elect to condemn the claim upon payment of the established owners or right holders their pro rata shares of the amount so fixed. The Department may make such payments from such funds as may be available to it. An appeal lies to the appellate division by either party both as to the validity of the claim and as to the fairness of the amount fixed. The Department in such actions may be represented by the Attorney General. In determining the availability of funds to the Department to underwrite the costs of litigation or make condemnation payments, the use which the Department proposes to make of the area in question may be considered; such payments are to be deemed necessary expenses in the course of operations attending such use or of developing or attempting to develop the area in the proposed manner.

(e) A person who claims that the application of G.S. 113-205 or this section has deprived him of his private property rights in land under navigable waters or his right of fishery in navigable waters without just compensation may file a complaint in the

superior court of the county in which the property is located to contest the application of G.S. 113-205 or this section. If the plaintiff prevails, the trier of fact shall fix the monetary worth of the claim, and the Department may condemn the claim upon payment of this amount to him if the Secretary considers condemnation appropriate and necessary to conserve the marine and estuarine resources of the State. The Department may pay for a condemned claim from available funds. An action under this subsection is considered a condemnation action and is therefore subject to G.S. 7A-248.

The limitation period for an action brought under this subsection is three years. This period is tolled during the disability of the plaintiff. No action, however, may be instituted under this subsection after ~~December 31, 2001.~~ 31 December 2006.

(f) In evaluating claims registered pursuant to G.S. 113-205, the Secretary shall favor public ownership of submerged lands and public trust rights. The Secretary's action does not alter or affect in any way the rights of a claimant or the State.

To facilitate resolution of claims registered pursuant to G.S. 113-205, the Secretary, in cooperation with the Secretary of Administration and the Attorney General, shall establish a plan to resolve these claims by ~~December 31, 1998.~~ 31 December 2003. The Secretary shall notify the Secretary of Administration and the Attorney General of the resolution of each claim. In addition, on or before October 1 of each year, the Secretary shall submit a report to the Joint Legislative Commission on Governmental Operations stating the following:

(1) The number of claims registered pursuant to G.S. 113-205 that were resolved during the preceding year;
(2) The cost of resolving these claims;
(3) The number of unresolved claims; and
(4) Payments made to acquire claims by condemnation."

Section 2. G.S. 105-151.12(e) reads as rewritten:

"(e) In the case of marshland for which a claim has been filed pursuant to G.S. 113-205, the offer of donation must be made before ~~December 31, 1998,~~ 31 December 2003 to qualify for the credit allowed by this section."

Section 3. This act is effective when it becomes law.

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: Marine Fisheries, Department of Environment and Natural Resources.

EFFECTIVE DATE: When it becomes law.

BILL SUMMARY: The bill extends three deadlines related to submerged land claims. First, the bill extends until December 31, 2006, the time allowed to file a submerged land claim. Under current law that period closes on December 31, 2001. As such, the bill gives the potential plaintiff five more years to take action. Second, the bill gives the Department of Environment and Natural Resources until December 31, 2003, to establish a plan to resolve submerged land claims. Under current law, the Department's time expires on December 31, 1998. Third, the bill extends the date by which claimed marshlands must be donated to qualify for a tax credit under G.S. 105-151,12 from December 31, 1998, to December 31, 2003.

ASSUMPTIONS AND METHODOLOGY: The only change in the bill that may have a fiscal impact is the extension of time to claim a tax credit. Under G.S. 105-151.12(e), a person who makes a "qualified" donation of claimed marshland can take an income tax credit of up to 25% of the fair market value of the land. The credit can not exceed $100,000. Any unused portion of the credit may be carried forward for five years. To "qualify" a donation must be accepted by the state. The tax credit for the marshland donations portion of G.S. 105-151.12(e) sunsets on December 31, 1998. Under current law, the claim to marshland must be made by that date to be

eligible for a tax credit, if the land is donated. The bill extends this portion of G.S. 105-151.12(e) to December 31, 2003.

In calendar year 1996 (the most recent year for which data is available) only one organization took advantage of the submerged lands credit. That donation was of 1,143.5 acres. The donor estimated the value of the property at $205,000. Under current law that donation would create a $51,250.00 tax credit. (However, because the credit cap for this program was at $25,000 in 1996, the total liability associated with this claim was $25,000). Officials from Marine Fisheries have processed claims for approximately 11,000 acres since 1985. They processed less than one claim per year under the program. State officials are only aware on one project that is "in the pipeline" at this time, but more are possible. They do not believe last session's action to increase the credit cap has had a significant impact on this portion of the conservation program.

Assuming one claim is filed per year, and the maximum tax credit applies, the loss is $100,000 per year.

The Department currently absorbs the cost of the program out of existing resources, and expects to be able to continue the program without additional appropriations.

EXPLANATION OF HOUSE BILL 1490:
Extend Submerged lands Claims

TO: House Finance Committee
FROM: Martha Walston and Jeff Hudson, Staff Attorneys
DATE: August 17, 1998
SPONSOR: Representative Weatherly

House Bill 1490 is a recommendation of the Environmental Review Commission. House Bill 1490 was also reviewed by the Joint Legislative Commission on Seafood and Aquaculture. The companion to House Bill 1490, Senate bill 1274, was introduced in the Senate by Senator Albertson.

House Bill 1490 was requested by the Department of Environment and Natural Resources (DENR) in order to provide more time for DENR, in conjunction with the Attorney General's Office, to resolve outstanding submerged land claims.

Section 1 extends the date by which a submerged lands claim must be instituted from December 31, 2001 to December 31, 2006. This section also extends the date by which the Secretary of DENR must establish a plan to resolve submerged lands claims from December 31, 1998 to December 31, 2003.

Section 2 extends the date by which marshland claimed under the submerged lands claims statutes must be donated in order to qualify for a tax credit under G.S. 105-151.12. from December 31, 1998 to December 31, 2003. This is a tax credit in the amount of 25% of the donated property interest and may not exceed $100,000.

Section 3 makes this act effective when it becomes law.

A submerged land claim is one whereby a person alleges that he has been deprived of his private property rights in lands under navigable waters or his right of fishery in navigable waters without just compensation If the claimant prevails, DENR may condemn the property and pay the claimant the worth of his claim. The courts have applied the public trust doctrine in these instances. This doctrine favors public ownership of submerged lands.

EXPLANATION OF HOUSE BILL 1491(PCS):
Amend Conservation Tax Credits

TO: House Finance Committee
FROM: Martha Walston, Committee Counsel
DATE: August 17, 1998
SPONSOR: Representative Hackney

House Bill 1491 is a recommendation of the Environmental Review Commission. The companion bill to House Bill 1491(Senate Bill 1316) was introduced in the Senate by Senator Kinnaird.

Under current law, a tax credit is allowed to both individual and corporate taxpayers who make a qualified donation of an interest in North Carolina real property that is useful for public beach access or use, public access to public waters or trails, fish and wildlife conservation, or other similar land conservation purposes. The tax credit is equal to 25% of the fair market value of such property donated to the State, a local government, or a body that is both organized to receive and administer lands for conservation purposes and qualified to receive charitable contributions. The credit allowed to an individual taxpayer may not exceed $100,000, and any unused portion may be carried forward 5 years. However, in order to claim the credit, the individual taxpayer must add back to the taxpayer's taxable income, the fair market value of the donated property interest up to a maximum of $400,000. The credit allowed to a corporate taxpayer may not exceed $250,000, and any unused portion may be carried forward 5 years. That portion of a corporation's qualifying donation that is the basis for a credit is not eligible for deduction as a charitable contribution.

The proposed committee substitute for House bill 1491 deletes the add back requirement to an individual's taxable income, increases a corporate taxpayer's credit limit from $250,000 to $500,000, and increases an individual taxpayer's credit limit from $100,000 to $250,000.

The act applies to taxable years beginning on or after January 1, 1999.

<u>History of conservation easements tax credit</u>

The conservation easements tax credit was enacted in 1983. The General Assembly did not want an individual to receive a double tax benefit for the donation, so they prohibited a charitable contribution deduction for the portion of the donation used to calculate the tax credit. In 1989, federal taxable income became the starting point in determining North Carolina taxable income. In order to maintain a single tax benefit, an addition to the federal taxable income in

the year of the donation was required for the fair market value of the donated property. This add-back can be a disincentive to donating property in two cases:

(1) If the taxpayer never deducts the entire fair market value of the donation as a charitable deduction; or

(2) If the taxpayer never claims the entire tax credit for the donation.

The first situation can occur because federal law imposes limitations on the amount of charitable contributions deductions in any year based on the taxpayer's adjusted gross income. The second situation can occur because the taxpayer may be unable to claim the entire amount of the credit within the 6 year period. House Bill 1491 proposes to remedy this disincentive to make a donation by no longer requiring an individual taxpayer to add the fair market value of the donated property to federal taxable income in arriving at North Carolina taxable income. The Department of Revenue indicates that this change would result in a taxpayer receiving both a charitable contribution deduction and a tax credit for the donation. The Department points out that only one other tax credit, the tax credit for gleaned crop, has a similar add-back requirement, and that many other tax credits are provided without addressing possible double benefits.

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: Department of Environment and Natural Resources; Department of Revenue

EFFECTIVE DATE: Effective for taxable years beginning on or after January 1, 1999.

BILL SUMMARY: Section 1 of the act amends the income tax credit for real property donated for conservation purposes to eliminate the requirement to add back to taxable income the fair market value of the donated property. Section 3 increases the maximum tax credit to $500,000 for corporate income tax and to $250,000 for individual income tax.

BACKGROUND: Under prior law, a taxpayer could receive a tax credit equal to 25% of the fair market value of a property interest donated to the State, a unit of local government, or a body organized to receive and administer lands for conservation purposes. The 1997 General Assembly increased the $25,000 cap on this credit to $100,000 for individual income taxes and $250,000 for corporate income taxes (S. L. 1997-226) beginning on or after January 1, 1997. The 1997 act also made a conforming change to ensure that a taxpayer who chooses to claim the State credit does not also claim and receive a deduction for federal income tax purposes. This is necessary since federal taxable income is the starting point for calculating State taxable income. The taxpayer must add back the fair market value of the donated property to federal taxable income the first year the tax credit is claimed.

ASSUMPTIONS AND METHODOLOGY:

ELIMINATE ADDBACK

The Tax Research Division of the Department of Revenue examined the 1997 tax returns of individuals claiming the conservation tax credit and the 1998 property donation certifications from the Department of Environment and Natural Resources. This data was used to calculate the tax benefit to the taxpayer with the addback and without the addback. Based on the 1997 and 1998 data, the Tax Research Division estimates an annual General Fund revenue loss of $200,000 each fiscal year.

INCREASE CREDIT MAXIMUMS

The proposed increase in the amount of credit to $250,000 for individuals and $500,000 for corporations will increase the revenue loss to the General Fund. The history of the conservation tax credit suggest a correlation between an increase in the maximum credit allowed and an increase in the number of donations and the amount of credits requested. Prior to 1989, the maximum tax credit was $5,000 per gift or donation. For tax years 1983 through 1988, 37 donations totaling 2,383 acres were made. The estimated value of this acreage was $5.6 million. In 1989, the maximum credit was increased to $25,000. For tax years 1989 through 1995, 95 donations totaling 23,714 acres were made. The estimated value of this acreage was $34.5 million. The cumulative credit for the period 1983 to 1988 was $574,151 and for the period 1989 to 1995 was $2,805,488. The cumulative credit for the 1989-1995 period is almost five times the 1983-1988 period amount. However, part of the growth in conservation credits during the 1989-1995 period might be attributed to economic growth and profit taking in the 1990s and to the growth in the land conservation movement.

The jury is still out on the extent the 1997 increase in the credit maximum has increased the amount of credits taken. The increase in the corporate maximum from $25,000 to $250,000 and in the individual maximum from $25,000 to $100,000 was expected to increase the General Fund revenue loss approximately $3.2 million a year. The Department of Revenue is still waiting on tax returns for the 1997 tax year due to the filing of tax extensions. However, Katherine Skinner of the Nature Conservancy North Carolina Chapter believes tax year 1998 will be a better indicator of the impact of increased credit amounts, because the 1997 legislation (HB 260) was not passed until June 30, 1997. With the late approval date, land conservation groups had little time to promote the new credit amounts in tax year 1997. Unfortunately, only 1 application for credit has been filed thus far in 1998 and most will not be filed until the spring of 1999.

It is difficult to project the impact of further increasing the credit amounts without the 1997 and 1998 data. Applying the proposed rates to projects from 1989 to 1995, the increased revenue loss ranged from $550,000 in 1989 to $47,250 in 1995. If the increased credit amounts were applied to the 1997 conservation credit applications (not actual tax returns), four corporations and one individual taxpayer would gain $685,000 in additional tax credits and the state would lose a like amount. Katherine Skinner of the Nature Conservancy North Carolina Chapter believes increased credit amounts will accelerate many land transactions and increase bargain sales of land to her non-profit. She has four projects underway, including the much publicized Jocassee Gorge land, that will use the increased credits in 1998 if HB 1491 is approved. Based on the unused credits

from past conservation projects, this note estimates the new maximum credit amounts will produce an annual revenue loss of $500,000 to $1 million each year.

"(b) Qualified Business Ventures. -- In order to qualify as a qualified business venture under this Division, a business must be registered with the Securities Division of the Department of the Secretary of State. To register, the business must file with the Secretary of State an application and any supporting documents the Secretary of State may require from time to time to determine that the business meets the requirements for registration as a qualified business venture. A business meets the requirements for registration as a qualified business venture if all of the following are true as of the date the business files the required application:

(1) Repealed by Session Laws 1996, Second Extra Session, c. 14, s. 7.

(1b) Either (i) it was organized after January 1 of the calendar year in which its application is filed or (ii) during its most recent fiscal year before filing the application, it had gross revenues, as determined in accordance with generally accepted accounting principles, of five million dollars ($5,000,000) or less on a consolidated basis.

(2) Repealed by Session Laws 1996, Second Extra Session, c. 14, s. 7.
(3) It is organized to engage primarily in manufacturing, processing, warehousing, wholesaling, research and development, or a service-related industry.
(4) It does not engage as a substantial part of its business in any of the following:
a. Providing a professional service as defined in Chapter 55B of the General Statutes.
b. Construction or contracting.
c. Selling or leasing at retail.
d. The purchase, sale, or development, or purchasing, selling, or holding for investment of commercial paper, notes, other indebtedness, financial instruments, securities, or real property, or otherwise make investments.
e. Providing personal grooming or cosmetics services.
f. Offering any form of entertainment, amusement, recreation, or athletic or fitness activity for which an admission or a membership is charged.
(5) It was not formed for the primary purpose of acquiring all or part of the stock or assets of one or more existing businesses.
(6) It is not a real estate-related business.

The effective date of registration for a qualified business venture whose application is accepted for registration is ~~the filing date of its application.~~ 60 days before the date its application was filed. No credit is allowed under this Division for an investment made before the effective date of the registration or after the registration is revoked. For the purpose of this Article, if a taxpayer's investment is placed initially in escrow conditioned upon other investors' commitment of additional funds, the date of the investment is the date escrowed funds are transferred to the qualified business venture free of the condition.

To remain qualified as a qualified business venture, the business must renew its registration annually as prescribed by rule by filing a financial statement for the most recent fiscal year showing gross revenues, as determined in accordance with generally accepted accounting principles, of five million dollars ($5,000,000) or less on a consolidated basis and an application for renewal in which the business certifies the facts required in the original application.

Failure of a qualified business venture to renew its registration by the applicable deadline shall result in revocation of its registration effective as of the next day after the renewal deadline, but shall not result in forfeiture of tax credits previously allowed to taxpayers who invested in the business except as provided in G.S. 105-163.014. The Secretary of State shall send the qualified business venture notice of revocation within 60 days after the renewal deadline. A qualified business venture may apply to have its registration reinstated by the Secretary of State by filing an application for reinstatement, accompanied by the reinstatement application fee and a late filing penalty of one thousand dollars ($1,000), within 30 days after receipt of the

revocation notice from the Secretary of State. A business that seeks approval of a new application for registration after its registration has been revoked must also pay a penalty of one thousand dollars ($1,000). A registration that has been reinstated is treated as if it had not been revoked.

If the gross revenues of a qualified business venture exceed five million dollars ($5,000,000) in a fiscal year, the business must notify the Secretary of State in writing of this fact by filing a financial statement showing the revenues of the business for that year."

Section 31. The Revenue Laws Study Committee shall study whether a taxpayer should receive reimbursement of legal costs, including reasonable attorney fees, from the State when the taxpayer substantially prevails in an administrative appeal or a lawsuit with respect to the amount in controversy or with respect to the most significant issue or set of issues presented. The Committee may report its findings and recommendations on this issue to the 1999 Regular Session of the 1999 General Assembly.

Section 32. Sections 1 - 23 of this act become effective September 1, 1998. Sections 24 and 25 of this act are effective when this act becomes law. The remainder of this act is effective for taxable years beginning on or after January 1, 1998.

EXPLANATION OF SENATE BILL 1241 (4th Edition):
Amendments to the Revenue Laws

TO: House Finance Committee
FROM: Cindy Avrette & Martha H. Harris, Staff Attorneys
DATE: August 10, 1998
SPONSOR: Senator Hoyle

The fourth edition of Senate Bill 1241 incorporates three bills and a study:

- Senate Bill 1241, which amends several provisions in the penalty sections of the revenue laws at the request of the Department of Revenue and as recommended by the Revenue Laws Study Committee. These changes are contained in sections 1 through 16, and sections 18 through 23 of the bill. They become effective September 1, 1998.
- Senate Bill 1239, which extends the sunset for the qualified business investment tax credit an additional four years, until the year 2003. It retains the current $6 million cap on the credit. This change is contained in sections 24 and 25 of the bill. It becomes effective when the act becomes law.
- Senate Bill 981 (1995-96 General Assembly), which modifies the qualified business investment tax credit to make it more accessible for investors who provide capital for the film industry. This change is contained in sections 26 through 30 of the bill. It becomes effective for taxable years beginning on or after January 1, 1998. Senate Bill 981 passed the Senate in 1995.
- Section 17 provides that Rule 11 of the Rules of Civil Procedure is applicable to hearings before the Tax Review Board. Rule 11 is the general rule for when a party to a legal action may recover reimbursement for legal costs, including attorney fees. Section 31 of the bill directs the Revenue Laws Study Committee to study whether a different standard of review should be used for the reimbursement of legal costs by the State to a taxpayer.

Senate Bill 1241:

G.S. 105-237 gives the Secretary the authority to waive or reduce all penalties imposed under the tax laws, except the penalty for bad checks. In practice, the authority to waive or reduce penalties is delegated to approximately 55 individuals who are in the collection field offices and the audit department located in Raleigh. The Department of Revenue has a penalty policy that these employees must follow to ensure consistent treatment among taxpayers. The

Department of Revenue is currently revising its penalty guidelines. As part of the review process, the Department looked at all of the penalty provisions in Chapter 105. Based upon its review of the penalty provisions, the Department of Revenue requested the Revenue Laws Study Committee to recommend the changes contained in sections 1 - 23 of this bill. A chart is attached that details these sections of the bill. In summary, these sections:

- Conform the waiver provision in the inheritance tax statutes with the general rule of G.S. 105-237: the Secretary may waive penalties, but not interest.
- Repeal several penalties that are obsolete or ineffective.
- Provide that a refund of sales taxes, motor fuel taxes, and excise taxes on sacramental wine are barred if filed more than 3 years after their due date. The current law provides a reduction of the amount refunded for late applications.
- Clarify that additional taxes are assessable as penalties so that it is clear the taxes may be waived by the Secretary. It also clarifies that penalties are assessable as additional taxes to ensure the taxpayer receives the full administrative and judicial remedies applicable to tax assessments. This clarification conforms with the statutory definition of "tax" in G.S. 105-228.90: "[T]he term "tax" and "additional tax" include penalties and interest as well as the principal amount."
- Provide a uniform penalty for tax deficiencies that exceed 25% of the tax liability.
- Expand the statute concerning the personal liability of corporate officers who fail to remit certain taxes when due to include the manager and managing members of a LLC.

Senate Bill 1239:

The qualified business tax credit was enacted in August 1987 to promote economic development for North Carolina business developments. The initial credits applied to both corporations and individual taxpayers and there was a cap on the total amount of all tax credits of $12 million. In response to a United States Supreme Court decision in Fulton Corp. v. Faulkner in 1996, the General Assembly reduced the $12 million cap to $6 million, limited the credit to individuals and small pass-through entities, and removed the requirement that the qualified businesses be headquartered or operating in North Carolina. The credit will expire for investments made on or after January 1, 1999. Sections 24 and 25 of the bill extend the credit for four additional years – until January 1, 2003.

The credit is allowed for an individual taxpayer who purchases the equity securities or subordinated debt of a qualified business venture or a qualified grantee business directly from that business. The credit is equal to 25% of the

amount invested and may not exceed $50,000 per individual in a single taxable year. An individual investor may also claim the allocable share of credits obtained by "pass-through entities" of which the investor is an owner. Pass-through entities include limited partnerships, general partnerships, S corporations, and limited liability companies. The credit may not be taken in the year the investment is made. Instead, the credit is taken in the year following the calendar year in which the investment was made, but only if the taxpayer filed an application with the Secretary of State. The unused credit may be carried forward for the next 5 years. The total amount of credits allowed to all taxpayers for investments made in a calendar year may not exceed $6 million. The Secretary of Revenue calculates the total amount of tax credits claimed from applications filed with the Secretary of State. If the amount exceeds the cap, then the Secretary allows a portion of the tax credits claimed by allocating the total of $6 million in tax credits in proportion to the size of the credit claimed by each taxpayer.

Under the 1996 Fulton case, the original credit provisions clearly violated the interstate commerce clause of the federal constitution because they reduced a taxpayer's tax liability by an amount equal to 25% of the cost of purchasing stock in a business whose purpose is to invest in businesses with headquarters and operations in North Carolina, while no tax reduction was allowed for purchasing similar stock in corporations whose purpose is to invest in businesses with headquarters and operations outside of North Carolina. In response to the Fulton case, the Revenue Laws Study Committee discussed this credit, along with several others, at great length. The original proposal of the Committee was to repeal ALL qualified business investment credits, effective 1-1-97. In response to appeals to the Committee and to the General Assembly, the credit was expanded to include investments in companies located both inside and outside North Carolina, but was limited to investments made by individuals and small pass-through entities under the theory that these investors are not likely to invest outside of a 50-mile radius of their home.

Senate Bill 981 (1995-96)

Sections 26 through 30 of the bill modify the qualified business investment tax credit in two ways:

(1) It allows a qualified business venture in the film industry to pay off its investors in less than 5 years without causing them to forfeit the tax credit.

(2) It provides that the effective date of registration for a qualified business venture whose application is accepted for registration is 60 days before the date its application was filed.

To be a qualified business venture eligible for the Qualified Business Investment Tax Credit, the business must be engaged primarily in manufacturing, processing, warehousing, wholesaling, or research and development, or that is a service-related industry and the business must be registered with the Secretary of State. The film industry is eligible to qualify for the credit, as a service-related industry.

To obtain a tax credit, a person must purchase the equity securities or subordinated debt directly from the qualified business. Subordinated debt is indebtedness that by its terms matures five or more years after its issuance, is not secured, and is subordinated to all other indebtedness. A taxpayer forfeits the credit if the qualified business redeems the securities purchased by the taxpayer within five years after the investment was made. In the film industry, a project in which a person may invest does not usually last five years, making it difficult to satisfy the five-year minimum for the investment. Sections 25 through 28 of the bill address this problem by allowing a business engaged primarily in the film production industry to redeem its securities within five years and to mature its subordinated debt within five years without causing an investor to forfeit the tax credit. The bill provides that this redemption is allowed only if the redemption occurred because the qualified business venture completed the production of a film, sold the film, and was liquidated.

Under current law, no tax credit is allowed for an investment made in a qualified business venture before the date of the business's registration with the Secretary of State. In the film industry, a person invests in a project before the project is started. The practice is that the investments are placed in an escrow account until a sufficient amount of capital is obtained to begin a film's production. If enough funds are not raised, then the money in escrow is returned to the investors. To accommodate this unique situation, Section 29 of the bill makes changes to the current law that extend the time in which a taxpayer may make an eligible investment. It provides that the effective date of a business's registration is 60 days before the date its application is filed, as opposed to the date it is filed. It also provides that if a taxpayer's investment is placed initially in escrow conditioned upon other investors commitment of additional funds, the date of the taxpayer's investment is the date escrowed funds are transferred to the qualified business venture free of the condition, as opposed to the date the investment was actually made.

Study Provision

Section 31 directs the Revenue Laws Committee to study whether or not a different standard of review should be used to determine when, and if, the State should reimburse a taxpayer for the taxpayer's legal costs incurred in an administrative appeal or lawsuit. Rule 11 of the Rules of Civil Procedure is the

general rule for when a party to a legal action may recover reimbursement for legal costs, including attorney fees. A party may be ordered to reimburse the other party its legal costs, including a reasonable attorney's fee, when the party's case is not well grounded in fact and law or is begun for an improper purpose, such as to harass the other party. This rule is used in court actions. Section 17 of the bill provides that it will also be applicable in hearings before the Tax Review Board. The Revenue Laws Study Committee will study whether a taxpayer should receive reimbursement of legal costs, including reasonable attorney fees, from the State when the taxpayer substantially prevails in an administrative appeal or a lawsuit with respect to the amount in controversy or with respect to the most significant issue or set of issues presented.

SENATE BILL 1241:
Explanation of Sections 1 - 23
Amendments to the Revenue Laws

Section	Explanation
1	Modernizes the statute that determines when inheritance taxes are due. It conforms the penalties for late payment with the general penalty provisions in G.S. 105-236: 5% failure to file penalty and a 10% failure to pay penalty. It also conforms the waiver provision in the inheritance tax statutes with the general rule of G.S. 105-237: the Secretary may waive penalties, but not interest.
2	Removes the $100 penalty that may be assessed against a superior court clerk who fails to file the required monthly reports of death. The penalty is enforceable by a court action. The Department does not enforce this penalty. If a clerk does not perform the necessary duties, the Department contacts the Administrative Office of the Courts.
3	This statute applies to a personal representative who fails to report federal changes in the value of an estate. This section removes the reference to 105-236 because there is not an appropriate penalty in that section. Besides, the estate is already subject to failure to file return and failure to pay tax when due penalties.
4	Modernizes and streamlines the privilege license statute by removing redundant provisions. Incorporates the provisions of G.S. 105-112 so that all of the provisions concerning the need to obtain a privilege license are in one statute. It also conforms the penalty provisions with G.S. 105-236. By conforming to the penalty provisions of G.S. 105-236, it removes the Class 1 misdemeanor criminal penalty for operating without a license.
5	Repeals a statute relating to the criminal provision that is deleted in Section 4 of the bill.
6	Removes the penalty for failing to display the privilege license in a conspicuous place. The remaining provisions have been incorporated into G.S. 105-109.

Section	Explanation
7	This statute addresses the failure to pay tobacco products tax when due. The statute conforms the penalty with Article 9. The current failure to pay tobacco products tax when due penalty is 50% of the amount of tax due. By conforming with Article 9, the penalty amount will be 10% of the amount of tax due.
8	Provides that a refund of the excise tax paid on sacramental wine is barred if filed more than 3 years after the due date. The current law provides a reduction of the amount refunded for late applications and that the refund is barred after 6 months.
9	This statute concerns the penalties that may be assessed against a corporation that fails to file a consolidated return when applicable. This section deletes a reference to a penalty provided "in this act" because one does not exist. It clarifies that Article 9 penalties, as well as dissolution under G.S. 105-230, are the appropriate remedies.
10	This section removes a provision that is moved to G.S. 105-253, contained in section 20 of the bill. The provision is moved so that all of the penalty provisions are contained in one statute.
11	Specifies that the additional tax is imposed as a penalty. The Secretary has the ability to waive penalties under G.S. 105-237.
12	Provides that a refund of sales tax paid is barred if filed more than 3 years after its due date.
13	Provides that Article 9 penalties will apply.
14	Recodifies G.S. 105-231 as G.S. 105-230(b).
15	This statute provides that a corporation or a LLC's article of incorporation or certificate of authority may be suspended if the taxpayer does not pay a tax due or file a report when due. The bill requires the Secretary of State to immediately notify a corporation or a LLC of a suspension under this statute. The bill repeals the penalty of $100 to $1,000 for acting under a suspended article of incorporation or certificate of authority. The Department does not bring actions in Superior Court of Wake County to enforce this penalty. The suspension or the articles or certificate is severe by itself.

Section	Explanation
16	This statute is the statute that contains most of the revenue law penalties. This section includes a statement that clarifies that penalties assessed by the Secretary are assessed as additional taxes. This language conforms with the definition of "tax" contained in G.S. 105-228.90: "[T]he term "tax" and "additional tax" include penalties and interest as well as the principal amount." In some statutes, the term "additional tax" is used instead of the term "penalty". This statement clarifies that the additional tax is a penalty, and as such may be waived by the Secretary under G.S. 105-237. Although this does not allow the taxpayer to deduct the penalty on the federal income tax return, it does ensure the taxpayer that the full administrative and judicial remedies applicable to tax assessments are applicable to assessments of tax penalties. This section also makes several substantive changes: • Provides a uniform penalty for all tax deficiencies that exceed 25% of the tax liability. The general 10% negligence penalty applies to all taxes. The large tax deficiency language specifies that it does not apply to inheritance and gift tax deficiencies that are the result of valuation understatements. • It deletes the penalty for failing to file partnership and fiduciary informational returns for two reasons: the Department does not assess penalties against these fiduciaries and second, the Department does not generally assess a penalty that is less than $30 because it costs more to assess than it is worth. • It deletes the penalty for failing to file timely statements of payments to another person with respect to wages, dividends, rents, or interest paid because the penalty amount is an ineffective deterrent and the Revenue Laws Study Committee voted to repeal the penalty rather than increase it.
17	Provides that Rule 11 of the Rules of Civil Procedure apply to hearings before the Tax Review Board. Rule 11 is the general rule for when a party to a legal action may recover reimbursement for legal costs, including attorney fees. A party may be ordered to reimburse the other party its legal costs, including a reasonable attorney's fee, when the party's case is not well grounded in fact and law or is begun for an improper purpose, such as to harass the other party.

Section	Explanation
18	Deletes the $100 penalty that the Tax Review Board may impose for frivolous petitions because it is not used. The dismissal of the petition appears to be sufficient "punishment".
19	Repeals the statute that allows the Secretary of Revenue to ask the Attorney General's office to bring a court action for an injunction restraining a corporation or public utility from doing business until its return is filed and the tax is paid. The Department uses the grant of authority under G.S. 105-230 when necessary; it does not use the provisions of this statute.
20	Expands the statute concerning the personal liability of corporate officers who fail to remit certain taxes when due to include the manager and managing members of a LLC. The taxes addressed by this statute are sales and use taxes, motor fuel taxes, and income tax withholding taxes.
21	Provides that a motor carrier that fails to file a timely report is subject to a $50 penalty. This section deletes the words "up to" and the higher penalty for subsequent failures. This change reflects current Department practice since it imposes a flat penalty $50.
22	Provides that an application for a motor fuel tax refund is barred if submitted more than 3 years after it is due.
23	Repeals the statute concerning a reduction or denial of a late motor fuel tax refund application. The provision is incorporated into G.S. 105-449.108 in Section 21 of this bill.

EXPLANATION OF AMENDMENT TO SENATE BILL 1241:
Retirement Facility Tax Change

TO: House Finance Committee
FROM: Martha H. Harris, Staff Attorney
DATE: August 10, 1998
SPONSOR:

Amendment S1241-ALC-8/6 would temporarily revise an existing property tax exemption for retirement facilities that was recently held unconstitutional by the North Carolina Supreme Court[1]. The amendment would exempt nonprofit continuing care retirement communities (CCRCs) whose governing body is not self-perpetuating but is selected by another publicly supported 501(c)(3) nonprofit. It has been agreed to by the Association of County Commissioners, the Association for Nonprofit Homes for the Aging, and other interest groups representing nonprofit entities of various types. It would restore the exemption for those CCRCs that were exempt under the law struck down by the court, but retain taxability of those CCRCs that have been taxed all along. It does not affect charitable homes for the aging, which are exempt under current law and were not affected by the court case.

The exemption would remain in effect for two years, the 1998-99 and 1999-00 property tax years. During this period, the proposal directs the Legislative Research Commission to study the issue of property tax exemptions for nonprofit institutions in general and to report its findings and recommendations to the 2000 Regular Session of the 1999 General Assembly.

Under current law, property owned by a nonprofit home for the aged, sick, or infirm is exempt from property tax if used for a charitable purpose.[2] A charitable purpose is defined as "one that has humane and philanthropic objectives; it is an activity that benefits humanity or a significant rather than limited segment of the community without expectation of pecuniary profit or reward." The exemption proposed by this amendment is necessary because many continuing care retirement centers may not be charitable and therefore would not qualify for the property tax exemption. In the 1980s, two cases held that certain continuing care retirement centers were not charitable for purposes of property tax exemption.[3] In concluding

In addition, retirement centers that are funded by North Carolina Medical Commission bonds are also exempt from property taxes under G.S. 131A-21 as long as the bonds are outstanding. that the institutions were not charitable in these cases, the court noted the following facts about one or both institutions:

1. The institution refused to admit applicants with health problems rendering them physically unable to care for themselves.
2. Substantial entrance fees and monthly fees were required from all residents, and applicants had to demonstrate that they were financially capable of supporting themselves for the period of their life expectancy.
3. The operation of the institution was funded entirely or mainly from fees paid by residents, not by donations or endowments.
4. The costs were so high that only a small percentage of the elderly could afford the home.[4]
5. The home retained the right to terminate a resident for nonpayment of fees unless nonpayment was beyond the resident's control.

In each case, the court concluded that merely supplying care and attention to elderly persons cannot, alone, constitute charity. The court found that these retirement communities were not providing for the special needs of individuals who are in need of charity, the aid of whom benefits society as a whole in addition to the residents. The court in one case also noted that allowing such a retirement home to qualify because its residents were elderly would give those residents preferential treatment over the elderly who live in their own homes and must pay property taxes.[5]

Under this amendment, an institution that failed to qualify as charitable would receive a property tax exemption for its property if it meets all of the following conditions:

1. It owns the property and uses it for a retirement community that includes a skilled nursing facility or an adult care facility and also includes independent living units. (In other words, as under current law, the exemption applies to continuing care retirement communities, but not stand-alone nursing homes or rest homes.)
2. The institution must be nonprofit and exempt from income tax, and its assets upon dissolution must revert to a 501(c)(3) charitable organization.
3. The institution must have an active fund-raising program to assist it in providing services to those who do not have the financial resources to pay the fees.

---

[4] According to another case, Southminster, Inc. v. Justus, 119 N.C. App. 669 (1995), the average annual income in 1988 of residents of the Pines was $43,000 and their average net worth was $444,000. At Southminster, 88% of residents had net worths over $200,000 and 63% had net worths over $350,000.

[5] Low-income, elderly homeowners qualify for partial exemption under the homestead exemption. G.S. 105-277.1.

4. The governing body of the institution must be selected by a charitable nonprofit that is exempt under section 501(c)(3) of the Internal Revenue Code and is a publicly supported charity. (A publicly supported charity is a charity that is not a private foundation under section 509 of the Code). Limiting the selecting nonprofit to a publicly supported charity closes a loophole under which a self-perpetuating nonprofit could create a "dummy" 501(c)(3) private foundation that is self-perpetuating and would "select" its own board as the governing body of the retirement facility.

From its enactment in 1987 until it was struck down by the North Carolina Supreme Court as unconstitutional in 1998, G.S. 105-275(32) provided a property tax exemption for continuing care retirement centers that were owned and operated by religious or Masonic organizations. The court found that the exemption was an establishment of religion in violation of the First Amendment of the United States Constitution. The effect of the case is that the property of continuing care retirement centers previously exempt under that statute would be taxable beginning with the 1998-99 property tax year, unless they qualify for exemption as charitable homes under G.S. 105-278.6.[6] There would be no taxation for earlier years, however.

[6] The Springmoor case does not affect the sales tax refunds to which continuing care retirement centers are entitled under G.S. 105-164.14. Under the Southminster case, cited above, these homes are considered charitable for purposes of sales tax refunds even if they do not qualify as charitable for property tax purposes.

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: County governments and localities that collect property taxes.

EFFECTIVE DATE: The tax portion of the act becomes effective for the FY 1998-9 tax year, and sunsets at the close of the 1999-2000 tax year.

BILL SUMMARY: The bill removes qualified non-profit retirement facilities from the property tax base for a period of two tax years. The bill removes a retirement facility from the property tax base, for that time period, if it meets the following requirements:

1. its grounds and buildings are at a single site, and
2. it is designed for elderly residents, and
3. it has independent living facilities, and
4. it has either:
   A) skilled nursing facilities or
   B) adult care facilities, and
5. it is exempt from corporate income tax, and
6. it's net revenues are applied to providing uncompensated goods and services to the elderly and the local community, and
7. it is a 501(c)3 organization, and
8. it has an active fundraising program that subsidies those in financial need, and
9. a majority of its board of directors or trustees is selected by a publicly supported 501(c)3 organization that is
   A) organized for charitable purposes, and
   B) is not a private foundation.

This type of organization is generally referred to as a publicly supported 501(c)3.

The alteration in the property tax base only applied to FY 1998-9 and FY 1999-2000.

The bill also instructs the Legislative Research Commission to conduct a comprehensive study of property tax exemptions for nonprofit institutions. The bill also instructs the Commission to make a final report on this subject to the 2000 Regular Session of the legislature. An interim report may be given to the 1999 Regular Session.

AMENDMENT HISTORY: From a tax perspective, before April 1998, there were four categories of retirement communities in North Carolina. The first category of facilities was "charitable". These facilities were exempt from property tax because they were used exclusively for charitable purposes and were organized as not for profit groups. A second category of homes was those exempt from property tax under G.S. 131A-21. Under this statute, homes financed by medical commission bonds are exempt from tax for the life of the bond. A third category of homes were non-profit homes affiliated with religious or Masonic organizations. They were categorized as "non-charitable religious." All "non-charitable religious" homes were exempt from property tax. A fourth group of homes was the "non-charitable, non-religious." These "non-charitable, non-religious" facilities can be either for-profit or not-for-profit. Both types of "non-charitable, non-religious" facilities were subject to local property tax.

On April 8, 1998, the North Carolina Supreme Court struck down the property tax exemption for the non-charitable religious organizations in The Appeal of Springmoor, Inc. and Ammons, Inc.. The court determined that the plaintiff (Springmoor) was virtually identical to the non-charitable religious organizations receiving the exemption, with one exception: the organizations receiving the exemption were religious. The court found this to be a violation of the First Amendment's prohibition against establishing religion. As such, the court determined that all non-charitable homes for the aging, regardless of religious affiliation, should be subject to property tax. The court ruling had no impact on the charitable homes or those exempt because of medical commission bonds, and they are still exempt from property tax.

ASSUMPTIONS AND METHODOLOGY: After the Supreme Court decision the Department of Revenue, Property Tax Division, conducted a statewide survey of county tax official to determine the impact of the court's decision. They also asked county tax officials to report all properties that may apply for or request an exemption under a possible amendment that would render all such properties exempt, and the potential lost revenue. Ninety-two of the state's one-hundred counties responded to the survey.

Once specific proposals were available, fiscal research staff and the North Carolina Association for Non-Profit Homes for the Aging (NCANPHA) surveyed both county assessors and association members about the potential impact of legislation. The survey results below represent the property tax that would have been paid by qualified retirement facilities in FY 1998-9. These consensus estimates were approved by the County Commissioner's Association, NCANPHA, and fiscal research staff. These estimates under-estimate municipal losses, as not all county assessors reported the potential municipal impact. Several assessors and facility directors indicate that these figures are estimates, as not all counties have a current assessment of the properties. All the facilities in the chart meet the nine point criteria listed above.

The facilities listed in the chart are those "non-charitable religious" facilities that were exempt from tax before the Springmoor decision. Under current law, these facilities are now taxable. Attorneys associated with North Carolina Association of Non-Profit Homes for the Aging (NCANPHA) believe that the "non-charitable religious" non-profits that were previously exempt from property tax have boards selected by a publicly supported 501(c)3 organization. As such, they meet requirement nine (9) in the bill summary. NCANPHA believes that the "non-religious, non-charitable" non-profit facilities cannot meet this requirement. (NCANPHA represents both the religious and non-religious retirement communities.) If this is the case, the bill will exempt only those facilities that were exempt before the Springmoor decision. Legislative staff attorneys also believe the bill will impact only those facilities that were previously exempt. Exempting these facilities from the property tax base will create a $5.1 million loss in revenue to counties, municipalities, and fire districts.

Several of the counties listed, especially the smaller counties, included the indicated revenue amount in there estimated revenue base for FY 1998-9. As such, many counties assumed that these revenues would be available for programming, and including the revenues in their county budgets. Many of the larger counties have yet to release tax bills for these facilities in anticipation of a potential change by the General Assembly.

Non-Profit Retirement Community Property Tax Exemption

Senate Bill 1241—Amendment S1241-ALC-8/6

This amendment temporarily revises the property tax exemption for qualified non-profit retirement communities. The exemption would apply to non-profit continuing care retirement communities (CCRCs) whose governing board is selected by another publicly supported 501(c)(3) organization. Facilities with self-perpetuating boards would not qualify for the exemption, nor would facilities with governing boards selected by private foundations. The amendment sunsets this temporary exemption on July 1, 2000 and directs the Legislative Research Commission to conduct a comprehensive study of non-profit property tax exemptions with final recommendations to be made to the 2000 Session of the General Assembly.

Why do we need this amendment? On April 3rd of this year, the NC Supreme Court filed an opinion ruling unconstitutional the property tax exemption for religious and Masonic homes for the aging. Finding that the statute violated the establishment of religion clause of the First Amendment, and finding no severability in the statute, the Court struck down the entire statute but stated in the majority opinion that "in its wisdom" the General Assembly may enact an exemption for the entire class of non-profit retirement communities. The result of this opinion was to eliminate the property tax exemption just two months before the beginning of the 1998 tax year, at a time when most facilities were in the midst of a fiscal year with no budget for a large tax bill. The effect of the amendment is to place a moratorium on the tax, providing an exemption for those facilities exempt under the previous statute, while the broad public policy issue is studied and resolved.

What is the fiscal impact of this amendment? This amendment is truly revenue neutral. By applying the exemption to facilities with governing boards selected by another publicly supported 501(c)(3) organization, it is effectively limited to only those facilities that were previously exempt. There is no new revenue loss to the counties and no windfall to the retirement communities because no additional facilities become exempt.

Who supports/opposes this amendment? This amendment reflects a compromise between the North Carolina Association of Non-Profit Homes for the Aging (NCANPHA) and the NC Association of County Commissioners (NCACC). Eight of the nine NCANPHA members that will continue to pay their property tax during the two-year study period have agreed to this option. Other than one NCANPHA member, we know of no public opposition to this amendment.

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: Department of Revenue; Department of the Secretary of State

EFFECTIVE DATE: Sections 1 through 23 (penalties) become effective September 1, 1998. Sections 24 and 25 (qualified business tax credit) are effective when the act becomes law. The remainder of this act is effective for taxable years beginning on or after January 1, 1998.

BILL SUMMARY: The bill gives uniformity and simplicity to a number of penalties imposed by the Department of Revenue. The bill extends the sunset on the qualified business tax credit from January 1, 1999 to January 1, 2003 and provides an incentive for investment in small film production businesses. The bill directs the Revenue Laws Study Committee to study whether a taxpayer's legal costs and attorney fees should be reimbursed by the state when the taxpayer prevails in an administrative appeal or lawsuit.

ASSUMPTIONS AND METHODOLOGY:

PENALTIES

This bill uses GS 105 - 236 as the standard for penalties charged by the Department of Revenue. A number of technical or clarifying changes are made in the bill to bring uniformity to a list of penalties imposed by the Department. Some penalties are deleted because they are not used by the Department of Revenue, such as the penalty on the clerks of Superior Court in Section 2 and the penalty for frivolous petitions in section 18. However, in the attempt for uniformity, some sections of the bill may create a small revenue impact (less than $100,000). Section 7 lowers the

penalty on the tobacco products tax and thus should produce a decrease in revenue. Sections 4 and 9 have higher penalties than the previous statute and may create a revenue gain. **Unfortunately, no estimate can be made because the Department does not collect data on these penalties.**

QUALIFIED BUSINESS TAX CREDIT

The current tax credit for qualified business ventures expires for investments made on or after January 1, 1999. Investments made in 1998, the last year of the credit, will be taken in tax year 1999. The last General Fund impact for this credit will be in FY 99-00 when individual income tax returns are filed in the spring of 2000. (carry forwards will extend some of the credits into future years). Budget availability estimates for future years assume the credit will sunset in 1999. **Extension of the sunset in 1999, effective for tax year 2000, will produce an annual General Fund revenue loss of $6 million for fiscal years 2000-01 through FY 2003-04.**

The qualified business tax credits given since 1993 are as follows:

1993	$4,711,913
1994	$6,011,513
1995	$3,523,894
1996	$4,677,221
1997	$6,000,000 *
1998	$5,082,000 **

* The Department of Revenue received requests for $9,264,679 in credits, but the General Assembly limited the credit amount to $6 million in 1997.
** This amount represents the applications processed as of July 7, 1998. (approximately $200,000 more in credits pending)

The changes made in the qualified business investment tax credit for film productions are advantageous to this industry, but do not increase the General Fund revenue impact of the bill. The program is capped at $6 million each year. If the amount of applications for credit exceed $6 million, as in 1997, then the credit amount given each applicant is prorated.

A BILL TO BE ENTITLED

AN ACT TO MAKE THE REVENUE ACT PENALTIES UNIFORM, TO DELETE OBSOLETE AND INEFFECTIVE PENALTIES, TO GIVE NONPROFIT ENTITIES THREE YEARS TO FILE APPLICATIONS FOR REFUND OF TAXES PAID, TO EXTEND THE SUNSET ON THE QUALIFIED BUSINESS INVESTMENT TAX CREDIT, TO AMEND THE QUALIFIED BUSINESS INVESTMENT TAX CREDIT TO PROVIDE AN INCENTIVE FOR INVESTMENT IN SMALL FILM PRODUCTION BUSINESSES, TO DIRECT THE REVENUE LAWS STUDY COMMITTEE TO STUDY WHETHER A TAXPAYER WHO PREVAILS IN AN ADMINISTRATIVE APPEAL OR A LAWSUIT SHOULD RECEIVE REIMBURSEMENT OF EXPENSES IN CERTAIN CIRCUMSTANCES, TO TEMPORARILY REINSTATE A PROPERTY TAX EXEMPTION FOR CERTAIN NONPROFIT RETIREMENT FACILITIES, AND TO DIRECT THE LEGISLATIVE RESEARCH COMMISSION TO STUDY PROPERTY TAX EXEMPTIONS FOR NONPROFIT ENTITIES.

The General Assembly of North Carolina enacts:

Section 1. G.S. 105-16 reads as rewritten:

"**§ 105-16. ~~Interest and penalty.~~ When tax must be paid.**

~~All taxes~~ Taxes imposed by this Article are due within nine months after the death of the decedent. ~~shall be due and payable at the death of the testator, intestate, grantor, donor or vendor; if not paid within nine months from date of death of the testator, intestate, grantor, donor or vendor, such tax shall bear interest at the rate established pursuant to G.S. 105-241.1(i), to be computed from the expiration of nine months from the date of the death of such testator, intestate, grantor, donor or vendor until paid: Provided, that if the taxes herein levied shall not be paid in full within nine months from the later of the date of death of the testator, intestate, grantor, donor or vendor, or from the qualification of the executor or administrator, then and in such case a penalty of ten per centum (10%) upon the amount of taxes remaining due and unpaid shall be added: Provided further, that the penalty of ten per centum (10%) herein imposed may be remitted by the Secretary of Revenue in case of unavoidable delay in settlement of estate or of pending litigation, and the Secretary of Revenue is further authorized, in case of protracted litigation or other delay in settlement not attributable to laches of the party liable for the tax, to remit all or any portion of the interest charges accruing under this schedule, with respect to so much of the estate as was involved in such litigation or other unavoidable cause of delay. Provided, that the time for payment and collection of such tax may be extended by the Secretary of Revenue for reasonable cause shown.~~"

Section 2. G.S. 105-22 reads as rewritten:

~~It shall be the duty of the~~ The clerk of the superior court ~~to~~ must obtain from ~~any~~ an executor or administrator, at the time of the qualification of ~~such~~ the executor or administrator, the address of the personal representative qualifying, the names and addresses of the heirs-at-law, legatees, distributees, devisees, etc., as far as practical, the approximate value and character of the property or estate, both real and personal, the relationship of the heirs-at-law, legatees, devisees, etc., to the decedents, and forward the same to the Secretary of Revenue on or before the tenth day of each month. The clerk shall make no report of a death if no inheritance tax return is required to be filed for the decedent's estate under G.S. 105-23 because the estate meets the requirements of subsection (b) of that section. ~~Any clerk of the superior court who shall fail, neglect, or refuse to file such monthly reports as required by this section shall be liable to a penalty in the sum of one hundred dollars ($100.00) to be recovered by the Secretary of Revenue in an action to be brought by the Secretary of Revenue.~~"

Section 3. G.S. 105-29 reads as rewritten:

"**§ 105-29. Uniform valuation.**

When filing an inheritance tax return, the personal representative of an estate must report as the value of the estate the value that is reported on an estate tax return filed for the estate under the Code. If the federal government does not correct or otherwise determine the value of an estate reported on an estate tax return, the Secretary may determine the value based on evidence of any kind that becomes available to the Secretary from any source.

If the federal government corrects or otherwise determines the value of an estate reported on an estate tax return, the personal representative must, within two years after being notified of the correction or final determination by the federal government, file an inheritance tax return with the Secretary reflecting the corrected or determined value. The Secretary must adopt the value as corrected or determined by the federal government for federal estate tax purposes. The Secretary shall assess and collect any additional tax due on the transfer of property in the estate as provided in Article 9 of this Chapter and shall refund any overpayment of tax as provided in Article 9 of this Chapter. A personal representative who fails to report a federal correction or determination ~~is subject to the penalties in G.S. 105-236 and~~ forfeits the right of the estate to any refund due by reason of the determination."

Section 4. G.S. 105-109 reads as rewritten:

"**§ 105-109. ~~Engaging in business without a license.~~ Obtaining license and paying tax.**

(a) When Tax Due. -- All State license taxes under this Article or schedule, unless otherwise provided for, shall be due and payable annually on or before the first day of July of each year, or at the date of engaging in such business, trade, employment and/or profession, or doing the act.

(b) License Required. -- Before a person may engage in a business, trade, or profession for which a license is required under this Article, the person must be licensed by the Department pursuant to G.S. 105-104. A license must be displayed conspicuously at the location of the licensed business, trade, or profession. ~~If any person, firm, or corporation shall continue the business, trade, employment, or profession, or to do the act, after the expiration of a license previously issued, without obtaining a new license, he or it shall be guilty of a Class 1 misdemeanor, which may include a fine which shall not be less than twenty percent (20%) of the tax in addition to the tax and the costs; and if such failure to apply for and obtain a new license be continued, such person, firm, or corporation shall pay additional tax of five per centum (5%) of the amount of the State license tax which was due and payable on the first day of July of the current year, in addition to the State license tax imposed by this Article, for each and every 30 days, or fraction thereof, that such State license tax remains unpaid from the date that same was due and payable, and such additional tax shall be assessed by the Secretary of Revenue and paid with the State license tax, and shall become a part of the State license tax. The penalties for delayed payment hereinbefore provided shall not impair the obligation to procure a license in advance or modify any of the pains and penalties for failure to do so.~~

~~The provisions of this section shall apply to taxes levied by the counties of the State under authority of this Article in the same manner and to the same extent as they apply to taxes levied by the State.~~

(c) ~~If any person, firm, or corporation shall commence to exercise any privilege or to promote any business, trade, employment, or profession, or to do any act requiring a State license under this Article without such State license, he or it shall be guilty of a Class 1 misdemeanor; and if such failure, neglect, or refusal to apply for and obtain such State license be continued, such person, firm, or corporation shall pay an additional tax of five per centum (5%) of the amount of such State license tax which~~

~~was due and payable at the commencement of the business, trade, employment or profession, or doing the act, in addition to the State license tax imposed by this Article, for each and every 30 days, or fraction thereof, that such State license tax remains unpaid from the date that same was due and payable, and such additional tax shall be assessed by the Secretary of Revenue and paid with the State license tax and shall become a part of the State license tax.~~

(d) Penalties. -- The penalties in G.S. 105-236 apply to this Article. "(b) Qualified Business Ventures. -- In order to qualify as a qualified business venture under this Division, a business must be registered with the Securities Division of the Department of the Secretary of State. To register, the business must file with the Secretary of State an application and any supporting documents the Secretary of State may require from time to time to determine that the business meets the requirements for registration as a qualified business venture. A business meets the requirements for registration as a qualified business venture if all of the following are true as of the date the business files the required application:

(1) Repealed by Session Laws 1996, Second Extra Session, c. 14, s. 7.

(1b) Either (i) it was organized after January 1 of the calendar year in which its application is filed or (ii) during its most recent fiscal year before filing the application, it had gross revenues, as determined in accordance with generally accepted accounting principles, of five million dollars ($5,000,000) or less on a consolidated basis.

(2) Repealed by Session Laws 1996, Second Extra Session, c. 14, s. 7.

(3) It is organized to engage primarily in manufacturing, processing, warehousing, wholesaling, research and development, or a service-related industry.

(4) It does not engage as a substantial part of its business in any of the following:

a. Providing a professional service as defined in Chapter 55B of the General Statutes.

b. Construction or contracting.

c. Selling or leasing at retail.

d. The purchase, sale, or development, or purchasing, selling, or holding for investment of commercial paper, notes, other indebtedness, financial instruments, securities, or real property, or otherwise make investments.
e. Providing personal grooming or cosmetics services.
f. Offering any form of entertainment, amusement, recreation, or athletic or fitness activity for which an admission or a membership is charged.

(5) It was not formed for the primary purpose of acquiring all or part of the stock or assets of one or more existing businesses.

(6) It is not a real estate-related business.

The effective date of registration for a qualified business venture whose application is accepted for registration is ~~the filing date of its application.~~ 60 days before the date its application was filed. No credit is allowed under this Division for an investment made before the effective date of the registration or after the registration is revoked. For the purpose of this Article, if a taxpayer's investment is placed initially in escrow conditioned upon other investors' commitment of additional funds, the date of the investment is the date escrowed funds are transferred to the qualified business venture free of the condition.

To remain qualified as a qualified business venture, the business must renew its registration annually as prescribed by rule by filing a financial statement for the most recent fiscal year showing gross revenues, as determined in accordance with generally accepted accounting principles, of five million dollars ($5,000,000) or less on a consolidated basis and an application for renewal in which the business certifies the facts required in the original application.

Failure of a qualified business venture to renew its registration by the applicable deadline shall result in revocation of its registration effective as of the next day after the renewal deadline, but shall not result in forfeiture of tax credits previously allowed to taxpayers who invested in the business except as provided in G.S. 105-163.014. The Secretary of State shall send the qualified business venture notice of revocation within 60 days after the renewal deadline. A qualified business venture may apply to have its registration reinstated by the Secretary of State by filing an application for reinstatement, accompanied by the reinstatement application fee and a late filing penalty of one thousand dollars ($1,000), within 30 days after receipt of the revocation notice from the Secretary of State. A business that seeks approval of a new application for registration after its registration has been revoked must also pay a penalty of one thousand dollars ($1,000). A registration that has been reinstated is treated as if it had not been revoked.

If the gross revenues of a qualified business venture exceed five million dollars ($5,000,000) in a fiscal year, the business must notify the Secretary of State in writing of this fact by filing a financial statement showing the revenues of the business for that year."

Section 30. The Revenue Laws Study Committee shall study whether a taxpayer should receive reimbursement of legal costs, including reasonable attorney

fees, from the State when the taxpayer substantially prevails in an administrative appeal or a lawsuit with respect to the amount in controversy or with respect to the most significant issue or set of issues presented. The Committee may report its findings and recommendations on this issue to the 1999 Regular Session of the 1999 General Assembly.

EXPLANATION OF SENATE BILL 1556 (2nd Edition):
Amend Education Finance Act

TO: House Finance Committee
FROM: Martha H. Harris, Staff Attorney
DATE: August 7, 1998
SPONSOR: Senator Rand

This bill would add private institutions for elementary and secondary education to the Educational Facilities Finance Act, which currently covers only private institutions for higher education. An institution for elementary and secondary education is defined as a nonprofit institution providing kindergarten, elementary, or secondary education, or any combination of the three. Under the act, a qualifying institution may obtain tax-exempt financing to acquire, construct, and improve educational facilities. Tax-exempt financing may include revenue bonds issued by the Educational Facilities Finance Agency or other forms of debt, but does not include any financing that would pledge the faith or credit of the State or any political subdivision. The interest rates on tax-exempt financing are significantly lower than on taxable financing. The educational institution must pay for the entire cost of the financing and of the facility being financed.

Tax-exempt financing is available for capital facilities, including parking, that are related to or useful to an educational institution and will be operated to serve and benefit the public.[1] In addition to the building, the financing may cover land acquisition, landscaping, site preparation, furniture, and machinery and equipment, as well as engineering and architectural services and other administrative expenses related to construction or acquisition of a project. Financing is not available under the act for facilities that will be used for sectarian instruction, as a place of religious worship, or in connection with a department of divinity for any religious denomination. Financing is not available for projects that discriminate based on race, creed, color, or national origin.

The Educational Facilities Finance Act is administered by the Educational Facilities Financing Agency, which is located in the Department of State Treasurer. The Agency has seven members: the State Treasurer, the State Auditor, one member appointed upon the recommendation of the President Pro

---

[1] The law specifies the following facilities that may qualify: housing, dining halls and food preparation centers, student unions, administration buildings, academic buildings, libraries, laboratories, research facilities, classrooms, athletic facilities, health care facilities, laundry facilities, maintenance, storage, and utility facilities, and parking facilities.

Tempore of the Senate, one member appointed upon the recommendation of the Speaker of the House of Representatives, and three members appointed by the Governor. The appointive members must be residents of North Carolina and cannot hold other public office. The Agency is audited annually and submits an annual report to the Governor and the General Assembly.

An institution may qualify for tax-exempt financing only if the Agency finds that it is financially responsible and capable of fulfilling its obligations. Before financing is approved, the Agency must find that the educational institution has provided adequately for the payment of principal and interest on the bonds and for the operation, repair, and maintenance of the facility to be financed.

The Agency may issue bonds only if they are approved by the Local Government Commission. The Local Government Commission sets the interest rates on the bonds and administers their sale. The bonds may be secured by a trust agreement with a corporate trustee, such as a bank. The Agency will require the educational institution to pay fees, loan repayments, rents, or other charges sufficient to cover the payment of principal and interest on the bonds and the operation, repair, and maintenance of the facility to be financed, and the bonds will be secured by the pledge of these revenues.

NORTH CAROLINA GENERAL ASSEMBLY
LEGISLATIVE FISCAL NOTE

BILL NUMBER: SB 1556 (PCS3626-LC)
SHORT TITLE: Amend Education Finance Act

FISCAL IMPACT

Yes (X) **No ( )** **No Estimate Available (X)**

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: The program would be administered by the Educational Facilities Financing Agency, located in the Department of State Treasurer. The bonds must be approved by the Local Government Commission, which will also set the interest rate on the bonds and administer the sale.

EFFECTIVE DATE: When the bill becomes law.

BILL SUMMARY: Adds private nonprofit elementary and secondary education institutions to the Education Facilities Finance Act. This would allow a qualifying institution to obtain tax-exempt financing to acquire, construct, and improve educational facilities. Such financing would not include general obligation debt. The institution would be required to pay for the entire cost of the facility and the financing of the facility.

ASSUMPTIONS AND METHODOLOGY: A discussion with the Department of State Treasurer indicated that any additional personnel and other requirements would depend on the volume of activity, which is unknown at this time. For a number of years the Department has been allowed to recover its cost in administering bonds through agency receipts. It is the intention of the Department to fully recover whatever costs are incurred under the new responsibilities.

A BILL TO BE ENTITLED

AN ACT TO PROVIDE FOR THE MANDATORY ARBITRATION OF CLAIMS RELATED TO DEFECTIVE SEED.

The General Assembly of North Carolina enacts:

Section 1. G.S. 106-277.29 is repealed.

Section 2. Article 31 of Chapter 106 of the General Statutes is amended by adding the following new sections:

"**§ 106-277.30. Condition precedent to filing an action; notice required.**

(a) Complaint by Buyer. -- When a buyer believes that he or she has suffered damages due to the failure of agricultural or vegetable seed to produce or perform as labeled, as warranted, or as a result of negligence, the buyer shall make a sworn complaint against the dealer from whom the seeds were purchased, alleging the damages sustained or to be sustained, and file the complaint with the Commissioner of Agriculture within such time as to permit inspection of the seed, crops, or plants. The buyer shall send a copy of the complaint to the dealer by registered mail. A filing fee of one hundred dollars ($100.00) shall be paid to the Commissioner of Agriculture with each complaint filed. This fee may be used by the Commissioner to offset the expenses of the arbitration committee incurred under G.S. 106-277.32. Within 10 days after receipt of a copy of the complaint, the dealer may file an answer to the complaint and, in that event, shall send a copy to the buyer by registered mail.

(b) Notice Required. -- The seed dealer shall legibly print or type on the seed container or affix a label on the seed container a notice in the following form or using reasonably equivalent language:

'Notice of Mandatory Arbitration

Under the seed laws of some states, arbitration is required as a precondition of maintaining certain legal actions against a seller of seed. Information about this requirement where applicable, may be obtained from a State's Commissioner of Agriculture or corresponding chief agricultural official.'

(c) Condition Precedent. -- Complying with subsection (a) of this section is a condition precedent to the buyer's right to file an action against the seed dealer. This subsection does not apply if the seed dealer fails to provide notice as required under subsection (b) of this section.

(d) Investigation Requested by Seed Dealer. -- Any seed dealer against whom an action is brought in any court, State or federal, by a buyer who alleges that the buyer has suffered damages due to the failure of seeds purchased from a seed dealer to perform as labeled, as warranted, or as a result of negligence may request an investigation by the arbitration committee pursuant to G.S. 106-277.32. A filing fee of one hundred dollars ($100.00) shall be paid to the Department of Agriculture by the party requesting the investigation.

(e) Referral to Committee. -- The Commissioner of Agriculture shall refer the complaint and the answer to the complaint, if any, to the arbitration committee to investigate and make findings and recommendations on the matters complained of pursuant to G.S. 106-277.32.

"**§ 106-277.31. Arbitration committee created; membership; duties.**

The other two members shall include: one farmer who is not connected in any way to selling seeds at retail or wholesale and one employee of the Department of Agriculture. An alternate for each member shall also be appointed in the same manner as that member was appointed to serve whenever that member is unable or unwilling to serve. Each member of the committee shall serve until replaced by the Commissioner of Agriculture. The committee shall elect a chairperson. The chairperson shall conduct all meetings and deliberations and direct all other activities of the committee.

(b) A clerk shall be appointed to serve the committee. The clerk shall be an employee of the Department of Agriculture. The clerk shall keep accurate and correct records of all meetings and deliberations and perform other duties for the committee as directed by the chairperson.

(c) The purpose of the arbitration committee is to assist seed buyers and agricultural seed dealers in determining the matters alleged in complaints made by buyers against seed dealers.

(d) The arbitration committee may be called into session by the Commissioner of Agriculture at the Commissioner's discretion or upon the direction of the chairperson to consider the matters referred to it by the Commissioner of Agriculture.

(e) The Department shall provide administrative support for the investigation under this section. The committee shall adopt rules to govern investigations and hearings. A copy of the rules shall be mailed to each party to a dispute upon receipt of a complaint.

(f) Members of the committee appointed by the Commissioner who are not governmental employees shall be entitled to receive reimbursement for necessary travel and subsistence expenses pursuant to G.S. 138-5. Other members of the committee shall not be entitled to any compensation or reimbursement of expenses from the Department of Agriculture.

(g) The Attorney General shall represent the committee in any and all legal proceedings that may arise concerning or against the committee.

"§ 106-277.32. Duties of arbitration committee.

(a) In conducting its investigation of claims referred by the Commissioner of Agriculture, the arbitration committee may engage in all of the following activities:

(1) Examine the buyer regarding the buyer's use of the seed of which the buyer complains and examine the seed dealer on the dealer's packaging, labeling, and selling of the seed alleged to be faulty.

(2) Grow a representative sample of the alleged faulty seed to production when such action is deemed by the committee to be necessary.

(3) Hold informal hearings at a time and place directed by the chairperson upon reasonable notice to the buyer and the seed dealer.

(4) Seek evaluations from authorities in allied disciplines, when deemed necessary by the committee.

(5) Visit and inspect the affected site and take samples, make plant counts, and take pictures of affected and unaffected areas.

(b) The committee shall keep a record of its activities and reports on file in the Department of Agriculture. The Department shall transmit all findings and recommendations to the buyer and to the seed dealer within 30 days of completion of the arbitration.

(c) No investigation shall be made by less than the whole membership of the committee unless the chairperson directs such investigation in writing. Such investigation shall be summarized in writing and considered by the committee in reporting its findings and making its recommendations.

(d) The report of arbitration shall be binding upon all parties to the extent, if any, that they have so agreed in writing subsequent to the filing of a complaint pursuant to G.S. 106-277.30.

"§ 106-277.33. Filing an action regarding a defective seed claim.

(a) In the absence of an agreement to be bound by arbitration, a buyer may file an action against a seed seller or assert such claim as a counterclaim or defense in any action brought by the seed seller at any time after the receipt of the report of arbitration under G.S. 106-277.32.

(b) In any action involving a complaint that has been the subject of arbitration under G.S. 106-277.32, any party may introduce the report of arbitration as evidence of the facts found in the report, and the court may give such weight to the committee's findings and conclusions of law and recommendations as to damages and costs as the court deems appropriate, based upon all the evidence before the court. The court may consider any finding of the committee with respect to the failure of any party to cooperate in the arbitration proceedings, including any finding as to the effect of delay in filing the arbitration claim upon the committee's ability to determine the facts of the case."

Section 3. There is appropriated from the General Fund to the Department of Agriculture the sum of ten thousand dollars ($10,000) for the 1997-98 fiscal year and the sum of ten thousand dollars ($10,000) for the 1998-99 fiscal year to be used to implement and administer this act.

Section 4. This act becomes effective July 1, 1997.

EXPLANATION OF HOUSE BILL 1055:
Arbitration of Seed Claims (2nd Edition)

TO: House Finance Committee
FROM: Cindy Avrette, Committee Counsel
DATE: August 10, 1998
SPONSOR: Representative Carolyn Russell

House Bill 1055 provides for mandatory, but non-binding arbitration of disputes between a buyer of seed and seed dealers. Section 1 repeals the current voluntary system North Carolina has and replaces it in Section 2 with a substantially similar, but mandatory one. Section 3 appropriates money from the General Fund to the Department of Agriculture to administer the mandatory arbitration. Section 4 provides that the act becomes effective July 1, 1997.

Under the bill, seed dealers would be required to provide notice of mandatory arbitration by placing notice on the seed container. If the notice is provided, a buyer of seed would be required to seek arbitration on issues involving defective seed before the buyer could initiate a court action. To initiate arbitration, the buyer must make a sworn complaint against the seed dealer, file the complaint with the Commissioner of Agriculture within time to permit the arbitration committee to inspect the seed, crops, or plants alleged to be defective before they are destroyed, and pay a filing fee of $100.

The arbitration committee has substantially the same membership as the current investigation committee: representatives of farm groups, seed companies, universities, and the Department of Agriculture, and one farmer who is not connected in any way to selling seeds at retail or wholesale. The arbitration committee will address issues which are technical in nature: the buyer's use of the seed, the seed dealer's packaging of the see, an evaluation of the seed's product, an inspection of the affected site, etc. The arbitration report is binding upon all parties IF the parties have agreed in writing that it will be binding. In the absence of such an agreement, a court action may be initiated by either party. At least 16 other states have similar legislation, including South Carolina and Georgia.

Technical Considerations:

- The effective date needs to be changed. If the Department is given the authority to adopt temporary rules to implement the bill, then the effective date can be as early as January 1, 1999. If the Department is not given the

authority to adopt temporary rules, the effective date will need to be at least July 1, 2000, to enable the Department to complete the rules review process.

- The appropriation needs to be examined.
- G.S. 106-277.30(d) allows a seed dealer to request an investigation by the arbitration committee if an action is brought in court. Is this section needed if the arbitration is required before a court action can be initiated?

LEGISLATIVE FISCAL ESTIMATE

BILL NUMBER: H.B. 1055 CS 6/4/97

SHORT TITLE: Arbitration of Seed Claims

FISCAL IMPACT

Yes (X) **No ( )** **No Estimate Available ( )**

	FY 1998-99	FY 1999-00	FY 2000-01	FY 2001-02	FY 2002-03
REVENUES	$1,850	$3,900	$4,100	$4,300	$4,500
EXPENDITURES	$10,000	$10,000			

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: North Carolina Department of Agriculture.

EFFECTIVE DATE: (See Technical Considerations).

BILL SUMMARY: The bill requires the parties involved in a disagreement about the quality of agricultural seeds to participate in special arbitration. The bill directs the Agriculture Commissioner to appoint a five-member arbitration committee. Three members will be appointed on the recommendations of the NCSU Agricultural Research Service Director, the Cooperative Extension Director, and the President of the North Carolina Seedmen's Association. The bill also directs the Commission to appoint one farmer (not connected to seed sales) and one Department employee to the arbitration committee. The committee must conduct an investigation when they receive a complaint from a buyer or a request for investigation from a dealer. The bill requires that the complaint be filed within a time period that allows for inspection of the affected seed, crops, or plants. Both dealers and buyers must pay a $100 fee when filing their complaint or request for investigation. Once a buyer files a complaint, the Department will notify the dealer and give that dealer ten days to file a response. After the 10 day period, the arbitration committee will begin their investigation, following the guidelines in the bill. The findings of the arbitration committee are binding if the buyer and dealer have

agreed, in advance, to abide by the decision of the committee. Under the bill, the decision of the buyer to purchase a product, with a special label outlining the arbitration requirement, constitutes an agreement to arbitration. (It does not constitute an agreement to binding arbitration, unless the parties all agree to binding arbitration in advance.) If legal action is taken by either party after the committee completes its investigation, the committee's findings are admissible as evidence. Under the bill, the court can take into account either party's failure to cooperate in arbitration, or the impact of any party's attempt to delay the committee's investigation. The bill also appropriates $10,000 each year, for two years, to implement the act.

ASSUMPTIONS AND METHODOLOGY: According to the Department of Agriculture's legal staff, Georgia is the only state with a seed arbitration program substantially similar to the bill. The Georgia seed arbitration program has been in operation for three years. The Georgia program received eight (8) complaints or requests for investigation in 1995, fifteen (15) in 1996, and thirty (30) in 1997. They also report receiving more than 30 complaints and/or requests for investigation, so far, in 1998. Based on these estimates, and the relative size of the seed market, the North Carolina Department of Agriculture estimates that they will receive twenty-five (25) buyer complaints and twelve (12) dealer requests for investigation. Assuming each buyer and dealer pays the $100.00 filing fee, the bill will generate $3,700 in FY 1998-9 (37 Total complaints and requests for investigation X $100). One-half of this amount is shown in the fiscal impact chart, as this note assumes a January 1, 1999, effective date for this section of the bill (see Technical Considerations).

The North Carolina Department of Agriculture expects the number of complaints and/or requests for investigation to increase with the continued development of genetically modified crop varieties. These new varieties are resistant to pests and tolerate certain herbicides. Because these genetically modified seeds are more expensive (Since the introduction of these genetically modified seeds three years ago, national farm expenditures for seeds have increased an average of 7.5% per year.), and the risks associated with non-performance greater, farmers are likely to seek compensation for seed failure. This note assumes 5% annual growth in the number of filings.

Officials with the North Carolina Department of Agriculture believe the costs associated with the bill will be approximately $10,000. The Department believes this amount is necessary to cover the meals and per diem expenses associated with board members who are not state employees, and staff travel for investigations. They also note that the bill creates some overhead expense.

TECHNICAL CONSIDERATIONS: The bill's current effective date is July 1, 1997. This is not feasible. As such, the note assumes a July 1, 1998, effective date for 106-277.31 (arbitration committee created) and a January 1, 1999, effective date for filings.

PART II. FISHERY MANAGEMENT PLANS

Section 2.1. G.S. 113-182.1 reads as rewritten:

"§ 113-182.1. (Effective July 1, 1998) Fishery Management Plans.

(a) The Department shall prepare proposed Fishery Management Plans for adoption by the Marine Fisheries Commission for all commercially or recreationally significant species or fisheries that comprise State marine or estuarine resources. Proposed Fishery Management Plans shall be developed in accordance with the Priority List, Schedule, and guidance criteria established by the Marine Fisheries Commission under G.S. 143B-289.22.

(b) The goal of the plans shall be to ensure the long-term viability of the State's commercially and recreationally significant species or fisheries. Each plan shall be designed to reflect fishing practices so that one plan may apply to a specific fishery, while other plans may be based on gear or geographic areas. Each plan shall:

(1) Contain necessary information pertaining to the fishery or fisheries, including management goals and objectives, status of relevant fish stocks, stock assessments for multiyear species, fishery habitat and water quality considerations consistent with Coastal Habitat Protection Plans adopted pursuant to G.S. 143B-279.8, social and economic impact of the fishery to the State, and user conflicts.

(2) Recommend management actions pertaining to the fishery or fisheries.

(3) Include conservation and management measures that prevent overfishing, while achieving, on a continuing basis, the optimal yield from each fishery.

(c) To assist in the development of each Fishery Management Plan, the Chair of the Marine Fisheries Commission shall appoint ~~an Advisory Council.~~ a fishery management plan advisory committee. Each ~~Advisory Council~~ fishery management plan advisory committee shall be composed of commercial fishermen, recreational fishermen, and scientists, all with expertise in the fishery for which the Fishery Management Plan is being developed.

(d) Each Fishery Management Plan shall be revised at least once every three years. The Marine Fisheries Commission may revise the Priority List and guidance criteria whenever it determines that a revision of the Priority List or guidance criteria will facilitate or improve the development of Fishery Management Plans or is necessary to restore, conserve, or protect the marine and estuarine resources of the State. The Marine Fisheries Commission may not revise the Schedule for the development of a ~~Fisheries~~ Fishery Management Plan, once adopted, without the approval of the Secretary of Environment and Natural Resources.

(e) The Secretary of Environment and Natural Resources shall monitor progress in the development and adoption of Fishery Management Plans in relation to the Schedule for development and adoption of the plans established by the Marine Fisheries Commission. The Secretary of Environment and Natural Resources shall report to the Joint Legislative Commission on Seafood and Aquaculture and the Environmental Review Commission on progress in developing and implementing the Fishery Management Plans on or before 1 September of each year. The Secretary of Environment and Natural Resources shall report to the Joint Legislative Commission on Seafood and Aquaculture and the Environmental Review Commission within 30 days of the completion or substantial revision of each proposed Fishery Management Plan. The Joint Legislative Commission on Seafood and Aquaculture and the Environmental Review Commission shall concurrently review each proposed Fishery Management Plan within 30 days of the date the proposed Plan is submitted by the Secretary. The Joint Legislative Commission on Seafood and Aquaculture and the Environmental Review Commission may submit comments and recommendations on

the proposed Plan to the Secretary within 30 days of the date the proposed Plan is submitted by the Secretary.

(f) The Marine Fisheries Commission shall adopt rules to implement Fishery Management Plans in accordance with Chapter 150B of the General Statutes.

(g) To achieve optimal yield under a Fishery Management Plan, the Marine Fisheries Commission may include in the Plan a recommendation that the General Assembly limit the number of fishermen authorized to participate in the fishery. The Commission may recommend that the General Assembly limit participation in a fishery only if the Commission determines that optimal yield cannot otherwise be achieved. In determining whether to recommend that the General Assembly limit participation in a fishery, the Commission shall consider all of the following factors:

(1) Current participation in and dependence on the fishery.
(2) Past fishing practices in the fishery.
(3) Economics of the fishery.
(4) Capability of fishing vessels used in the fishery to engage in other fisheries.
(5) Cultural and social factors relevant to the fishery and any affected fishing communities.
(6) Capacity of the fishery to support biological parameters.
(7) Equitable resolution of competing social and economic interests.
(8) Any other relevant considerations."

PART III. MARINE FISHERIES LAW ENFORCEMENT

Section 3.1. G.S. 113-136(b) reads as rewritten:

"(b) The jurisdiction of inspectors extends to all matters within the jurisdiction of the Department set out in this Subchapter, Part ~~5A~~ 5D of Article 7 of Chapter 143B of the General Statutes, Article 5 of Chapter 76 of the General Statutes, and Article 2 of Chapter 77 of the General Statutes, and to all other matters within the jurisdiction of the Department which it directs inspectors to enforce. In addition, inspectors have jurisdiction over all offenses involving property of or leased to or managed by the Department in connection with the conservation of marine and estuarine resources."

Section 3.2. G.S. 113-136(g) reads as rewritten:

"(g) Protectors may not temporarily stop or inspect vehicles proceeding along primary highways of the State without clear evidence that someone within the vehicle is or has recently been engaged in an activity regulated by the Wildlife Resources Commission. Inspectors may temporarily stop vehicles, boats, airplanes, and other conveyances upon reasonable grounds to believe that they are transporting ~~taxable~~ seafood products; they are authorized to inspect any seafood products being transported to determine whether they were taken in accordance with law and to require exhibition of any applicable license, ~~tax~~ receipts, permits, bills of lading, or other identification required to accompany such seafood products."

Section 3.3. G.S. 113-184(a) reads as rewritten:

"(a) It is unlawful to carry aboard any vessel subject to licensing requirements under ~~Article 14~~ Article 14A under way or at anchor in coastal fishing waters during the regular closed oyster season any scoops, scrapes, dredges, or winders such as are usually or can be used for taking oysters. Provided that when such vessels are engaged in lawfully permitted oyster harvesting operations on any privately held shellfish bottom lease under G.S. 113-202 or G.S. 113-205, the vessel shall be exempt from this requirement."

Section 3.4. G.S. 113-185(a) reads as rewritten:

"(a) It is unlawful to fish in the ocean from vessels or with a net within 750 feet of an ocean pier licensed in accordance with ~~G.S. 113-156.1.~~ G.S. 113-169.4. The prohibition shall be effective when:

(1) Buoys or beach markers, placed at the owner's expense in accordance with the rules adopted by the Marine Fisheries Commission, indicate clearly to fishermen in vessels and on the beach the requisite distance of 750 feet from the pier, and

(2) The public is allowed to fish from the pier for a reasonable fee.

The prohibition shall not apply to littoral proprietors whose property is within 750 feet of a duly licensed ocean pier."

Section 3.5. G.S. 113-208(a) reads as rewritten:

"(a) It is unlawful for any person, other than the holder of private shellfish rights, to take or attempt to take shellfish from any privately leased, franchised, or deeded shellfish bottom area without written authorization of the holder and with actual knowledge it is a private shellfish bottom area. Actual knowledge will be presumed when the shellfish are taken or attempted to be taken:

(1) From within the confines of posted boundaries of the area as identified by signs, whether the whole or any part of the area is posted, or

(2) When the area has been regularly posted and identified and the person knew the area to be the subject of private shellfish rights.

A violation of this section shall constitute a ~~Class 2~~ Class A1 misdemeanor, which may include a fine of not more than five thousand dollars ($5,000). The written authorization shall include the lease number or deed reference, name and address of authorized person, date of issuance, and date of expiration, and it must be signed by the holder of the private shellfish right. Identification signs shall include the lease number or deed reference and the name of the holder."

Section 3.6. G.S. 113-221(e) reads as rewritten:

"(e) The Marine Fisheries Commission may delegate to the Fisheries Director the authority to issue proclamations suspending or implementing, in whole or in part, particular rules of the Commission which may be affected by variable conditions. Such proclamations are to be issued by the Fisheries Director or by a person designated by the Fisheries Director. All proclamations must state the hour and date upon which they become effective and must be issued at least 48 hours in advance of the effective date and time. In those situations in which the proclamation prohibits the taking of certain fisheries resources for reasons of public health, the proclamation

can be made effective immediately upon issuance. Notwithstanding any other provisions of this subsection, a proclamation can be issued at least 12 hours in advance of the effective date and time to reopen the taking of certain fisheries resources closed for reason of public health through a prior proclamation made effective immediately upon issuance. Persons violating any proclamation which is made effective immediately shall not be charged with a criminal offense during the time between the issuance and 48 hours after such issuance unless such person had actual notice of the issuance of such proclamation. Fisheries resources taken or possessed by any person in violation of any proclamation may be seized regardless of whether such person had actual notice of the proclamation. A permanent file of the text of all proclamations shall be maintained in the office of the Fisheries Director. Certified copies of proclamations are entitled to judicial notice in any civil or criminal proceeding.

The Fisheries Director must make every reasonable effort to give actual notice of the terms of any proclamation to the persons who may be affected thereby. Reasonable effort includes press releases to communications media, posting of notices at docks and other places where persons affected may gather, personal communication by inspectors and other agents of the Fisheries Director, and such other measures designed to reach the persons who may be affected. ~~The Fisheries Director may determine, on a case-by-case basis and at the Fisheries Director's sole discretion, that a proclamation did not apply to an individual licensee when an act of God occurred that prevented the licensee from receiving notice of the proclamation.~~ It is a defense to an enforcement action for a violation of a proclamation that a licensee was prevented from receiving notice of the proclamation due to a natural disaster or other act of God occasioned exclusively by violence of nature without interference of any human agency and that could not have been prevented or avoided by the exercise of due care or foresight."

Section 3.7. G.S. 113-268 reads as rewritten:

"**§ 113-268. ~~Robbing or injuring~~ Injuring, destroying, stealing, or stealing from nets, seines, buoys, pots, etc.**

(a) It is unlawful for any person without the authority of the owner of the equipment to take fish from nets, traps, pots, and other devices to catch fish which have been lawfully placed in the open waters of the State.

(b) It is unlawful for any master or other person having the management or control of a vessel in the navigable waters of the State to willfully, wantonly, and unnecessarily do injury to any seine, net or pot which may lawfully be hauled, set, or fixed in such waters for the purpose of taking fish except that a net set across a channel may be temporarily moved to accommodate persons engaged in drift netting, provided that no fish are removed and no damage is done to the net moved.

(c) It is unlawful for any person to willfully ~~destroy~~ steal, destroy, or injure any buoys, markers, stakes, nets, pots, or other devices on property lawfully set out in the open waters of the State in connection with any fishing or fishery.

(d) Violation of subsections (a), (b), or (c) is a ~~Class 2 misdemeanor for a first conviction, and a Class 1 misdemeanor for a second or subsequent conviction.~~ Class A1 misdemeanor.

(e) The Department may, either before or after the institution of any other action or proceeding authorized by this section, institute a civil action for injunctive relief to restrain a violation or threatened violation of subsections (a), (b), or (c) of this section pursuant to G.S. 113-131. The action shall be brought in the superior court of the county in which the violation or threatened violation is occurring or about to occur and shall be in the name of the State upon the relation of the Secretary. The court, in issuing any final order in any action brought pursuant to this subsection may, in its discretion, award costs of litigation including reasonable attorney and expert-witness fees to any party."

Section 3.8. G.S. 113-277(a3) reads as rewritten:

"(a3) As used in this Article, the term 'conviction' has the same meaning assigned to it in ~~G.S. 113-166(a).~~ G.S. 113-171."
