(a) License or Endorsement Necessary to Take or Sell Shellfish. -- It is unlawful for an individual to take shellfish from the public or private grounds of the State by mechanical means or ~~for commercial use~~ in quantities greater than the personal use limits set forth in subsection (i) of this section by any means without holding either a shellfish license or a shellfish endorsement of a ~~SCFL or RSCFL.~~ SCFL. A North Carolina resident who seeks only to take and sell shellfish shall be eligible to ~~purchase~~ obtain a shellfish license without holding a ~~SCFL or RSCFL.~~ SCFL. ~~The license includes the privilege~~ The shellfish license authorizes the licensee to sell ~~shellfish to a licensed fish dealer.~~ shellfish.

~~(b) Purchase; Renewal. -- A person may purchase a shellfish license at any office of the Division. The shellfish license and endorsements may be renewed by mail by forwarding a completed application, including applicable fees, to the Division's Morehead City Office. Any person who is issued a shellfish license is eligible to renew the shellfish license and any endorsements if the shellfish license has not been suspended or revoked.~~

(c) Fees. -- Shellfish licenses shall be issued annually upon payment of a fee of twenty-five dollars ($25.00) upon proof that the license applicant is a ~~resident of North Carolina.~~ North Carolina resident.

(d) License Available for Inspection. -- It is unlawful for any individual to take shellfish ~~for commercial use~~ in quantities greater than the personal use limits set forth in subsection (i) of this section from the public or private grounds of the State without having ready at hand for inspection a current and valid shellfish license issued to the licensee personally and bearing the licensee's correct name and address.

It is unlawful for any individual taking or possessing freshly taken shellfish to refuse to exhibit the individual's license upon the request of an officer authorized to enforce the fishing laws.

~~(e) Vessel Endorsement Required. -- A license holder under this section shall be required to purchase a vessel endorsement under G.S. 113-168.5 if a vessel is used in the take or sale of shellfish. A vessel endorsement of a shellfish license does not authorize the use of the vessel for any commercial fishing operation other than the taking or selling of shellfish.~~

(f) Name or Address Change. -- In the event of a change in name or address or upon receipt of an erroneous shellfish license, the licensee shall, within 30 days, apply for a replacement shellfish license bearing the correct name and address. Upon a showing by the individual that the name or address change occurred within the past 30 days, the trial court or prosecutor shall dismiss any charges brought pursuant to this subsection.

(g) Transfer Prohibited. -- It is unlawful for an individual issued a shellfish license to transfer or offer to transfer the license, either temporarily or permanently, to another. It is unlawful for an individual to secure or attempt to secure a shellfish license from a source not authorized by the Commission.

(h) Exemption. -- Persons under 16 years of age are exempt from the license requirements of this section if accompanied by a parent, grandparent, or guardian who is in compliance with the requirements of this section or if in possession of a parent's, grandparent's or guardian's shellfish license.

(i) Taking Shellfish Without a License for Personal Use. --

(1) A person may take shellfish for personal use without obtaining a license under this section in quantities up to:
   a. One bushel of oysters per day.
   b. One-half bushel of scallops per day.
   c. One hundred clams per day.
   d. Ten conchs per day.
   e. One hundred mussels per day.

(2) Two or more persons who are using a vessel to take shellfish may take shellfish for personal use without obtaining a license under this section in quantities up to:
   a. Two bushels of oysters per day.
   b. One bushel of scallops per day.
   c. Two hundred clams per day.
   d. Twenty conchs per day.
   e. Two hundred mussels per day."

Section 4.18. G.S. 113-169.3 reads as rewritten:

"**§ 113-169.3. Licenses for fish dealers.**

(a) Eligibility. -- A fish dealer license shall be issued to a North Carolina resident upon receipt of a proper application ~~in the Morehead City Office~~ at any office of the Division together with all license fees including the total number of dealer categories

set forth in this section. The license shall be issued in the name of the applicant and shall include all dealer categories on the license.

(b) Application for License. -- Applications shall not be accepted from persons ineligible to hold a license issued by the Division, including any applicant whose license is suspended or revoked on the date of the application. The applicant shall be provided with a copy of the application marked received. The copy shall serve as the fish dealer's license until the license issued by the Division is received, or the Division determines that the applicant is ineligible to hold a license. Where an applicant does not have an established location for transacting the fisheries business within the State, the license application shall be denied unless the applicant satisfies the Secretary that his residence, or some other office or address within the State, is a suitable substitute for an established location and that records kept in connection with licensing, sale, and purchase requirements will be available for inspection when necessary. Fish dealers' licenses are issued on a fiscal year basis upon payment of a fee as set forth herein upon proof, satisfactory to the Secretary, that the license applicant is a North Carolina resident.

(c) License Requirement. -- Any person subject to the licensing requirements of this section is a fish dealer. Any person subject to the licensing requirements of this section shall obtain a separate license for each physical location conducting activities required to be licensed under this section. Except as otherwise provided in this section, it is unlawful for any person not licensed pursuant to this ~~article:~~ Article:

(1) To buy fish for resale from any person involved in a commercial fishing operation that takes any species of fish from coastal fishing waters. For purposes of this subdivision, a retailer who purchases fish from a fish dealer shall not be liable if the fish dealer has not complied with the licensing requirements of this section;

(2) To sell fish to the public; or

(3) To sell to the public any species of fish under the authority of the Commission taken from coastal fishing waters.

~~Any person subject to the licensing requirements of this section is a fish dealer. Any person subject to the licensing requirements of this section shall obtain a separate license for each physical location conducting activities required to be licensed under this section.~~

(d) Exceptions to License Requirements. -- The Commission may adopt rules to implement this subsection including rules to clarify the status of the listed classes of exempted persons, require submission of statistical data, and require that records be kept in order to establish compliance with this section. Any person not licensed pursuant to this section is exempt from the licensing requirements of this section if all fish handled within any particular licensing category meet one or more of the following requirements:

(1) The fish are sold by persons whose dealings in fish are primarily educational, scientific, or official, and who have been issued a permit by the Division that authorizes the educational, scientific, or

official agency to sell fish taken or processed in connection with research or demonstration projects;

(2) The fish are sold by individual employees of fish dealers when transacting the business of their duly licensed employer;

(3) The fish are shipped to a person by a dealer from without the State;

(4) The fish are of a kind the sale of which is regulated exclusively by the Wildlife Resources Commission; or

(5) The fish are purchased from a licensed dealer.

(e) Application Fee for New Fish Dealers. -- An applicant for a new fish dealer license shall pay a nonrefundable application fee of fifty dollars ($50.00) in addition to the license category fees set forth in this section.

(f) License Category Fees. -- Every fish dealer subject to licensing requirements shall secure an annual license at each established location for each of the following activities transacted there, upon payment of the fee set out:

(1) Dealing in oysters: $50.00;

(2) Dealing in scallops: $50.00;

(3) Dealing in clams: $50.00;

(4) Dealing in hard or soft crabs: $50.00;

(5) Dealing in shrimp, including bait: $50.00;

(6) Dealing in finfish, including bait: $50.00;

(7) Operating menhaden or other fish-dehydrating or oil-extracting processing plants: $50.00; or

(8) Consolidated license (all categories): $300.00.

(f1) Other License Categories. -- Any person subject to fish dealer licensing requirements who deals in fish not included in the ~~above~~ categories listed in subsection (f) of this section shall secure a finfish dealer license. The Commission may adopt rules implementing and clarifying the dealer categories of this ~~subsection.~~ section. Bait operations shall be licensed under either the finfish or shrimp dealer license categories.

~~(g) License Format. -- The format of the license shall include the name of the licensee, date of birth, name and physical address of each business location, expiration date of the license, and any other information the Division deems necessary to accomplish the purposes of this Subchapter.~~

(h) ~~Application for~~ Replacement License. -- ~~A replacement license shall only be obtained from an office of the Division. The Division shall not accept an application for a replacement license unless the Division determines that the applicant's current license has not been suspended or revoked. A copy of an application duly filed with the Division shall serve as the license until the replacement license has been received.~~ If the licensee fails to comply with the requirements of G.S. 113-168.1(h), the license is revoked.

(i) Unlawful Purchase and Sale of Fish. -- It is unlawful for a fish dealer to purchase, possess, or sell fish taken from coastal fishing waters in violation of this Subchapter or the rules adopted by the Commission implementing this Subchapter.

It is unlawful for a fish dealer to buy or accept fish ~~unless the~~ unless, at the time of the transaction:

(1) The seller or donor ~~possesses~~ presents a current and valid ~~SCFL, RSCFL, shellfish license, menhaden license for nonresidents, or a special fisheries sale permit issued under G.S. 113-168.4(e),~~ license to sell the type of fish being offered;

(2) The seller or donor presents the commercial fishing vessel registration of the vessel that was used to take the fish being offered; and ~~the~~

(3) The dealer records the transaction consistent with the record-keeping requirements of G.S. 113-168.2(i).

~~It is unlawful for any person to purchase, possess, or sell fish taken from coastal fishing waters in violation of this Subchapter or the rules adopted by the Commission implementing this Subchapter.~~

(j) Transfer Prohibited. -- Any fish dealer license issued under this section is nontransferable. It is unlawful to use a fish dealer license issued to another person in the sale or attempted sale of fish or for a licensee to lend or transfer a fish dealer license for the purpose of circumventing the requirements of this section."

Section 4.19. G.S. 113-169.4(b) reads as rewritten:

"(b) Within 30 days following a change of ownership of a pier, or a change as to the manager, the manager or new manager shall secure a replacement pier license ~~from the Division. The replacement license is issued without charge.~~ as provided in G.S. 113-168.1(h)."

Section 4.20. G.S. 113-170.1 reads as rewritten:

"**§ 113-170.1. Nonresidents reciprocal agreements.**

Persons who are not North Carolina residents are not ~~entitled~~ eligible to obtain licenses under the provisions of this Article except as provided in this section. Residents of jurisdictions that sell commercial fishing licenses to North Carolina residents are ~~entitled to~~ eligible to hold North Carolina commercial fishing licenses under the provisions of G.S. 113-168.2. Licenses may be restricted in terms of area, gear, and fishery by the Commission so that the nonresidents are licensed to engage in North Carolina fisheries on the same or similar terms that North Carolina residents can be licensed to engage in the fisheries of other jurisdictions. The Secretary may enter into reciprocal agreements with other jurisdictions as necessary to allow nonresidents to obtain commercial fishing licenses in the State subject to the foregoing provisions."

Section 4.21. G.S. 113-173 reads as rewritten:

"**§ 113-173. Recreational Commercial Gear License.**

(a) License Required. -- Except as provided in subsection (j) of this section, it is unlawful for any person to take or attempt to take fish for recreational purposes by means of commercial fishing equipment or gear in coastal fishing waters without holding a RCGL. As used in this section, fish are taken for recreational purposes if the fish are not taken for the purpose of sale. The RCGL entitles the licensee to use authorized commercial gear to take fish for personal use subject to recreational

~~quotas or~~ possession limits. It is unlawful for any person licensed under this section or fishing under a RCGL to possess fish in excess of recreational possession limits.

(b) Sale of Fish Prohibited. -- It is unlawful for the holder of a RCGL or for a person who is exempt under subsection (j) of this section to sell fish taken under the RCGL or pursuant to the exemption.

(c) Authorized Commercial Gear. -- The Commission shall adopt rules authorizing the use of a limited amount of commercial fishing equipment or gear for recreational fishing under a RCGL. The Commission may authorize the limited use of commercial gear on a uniform basis in all coastal fishing waters or may vary the limited use of commercial gear within specified areas of the coastal fishing waters. The Commission shall periodically evaluate and revise the authorized use of commercial gear for recreational fishing. Authorized commercial gear shall be identified by visible colored tags or other means specified by the Commission in order to distinguish between commercial gear used in a commercial operation and commercial gear used for recreational purposes.

(d) Purchase; Renewal. -- A RCGL may be purchased at designated offices of the Division and from a license agent authorized under G.S. 113-172. A RCGL may be renewed by mail.

(e) Replacement RCGL. -- ~~Upon receipt of a proper application and a two-dollar ($2.00) replacement fee, the Division may issue a duplicate RCGL to replace an unexpired RCGL that has been lost or destroyed.~~ The provisions of G.S 113-168.1(h) apply to this section.

(f) Duration; Fees. -- The RCGL shall be valid for a one-year period from the date of purchase. The fee for a RCGL for a North Carolina resident shall be thirty-five dollars ($35.00). The fee for a RCGL for an individual who is not a North Carolina resident shall be two hundred fifty dollars ($250.00).

(g) RCGL Available for Inspection. -- It is unlawful for any person to engage in recreational fishing by means of restricted commercial gear in the State without having ready at hand for inspection a valid RCGL. A holder of a RCGL shall not refuse to exhibit the RCGL upon the request of an inspector or any other law enforcement officer authorized to enforce federal or State laws, regulations, or rules relating to marine fisheries.

(h) Assignment and Transfer Prohibited. -- A RCGL is not transferable. Except as provided in subsection (j) of this section, it is unlawful to buy, sell, lend, borrow, assign, or otherwise transfer a RCGL, or to attempt to buy, sell, lend, borrow, assign, or otherwise transfer a RCGL.

(i) Reporting Requirements. -- The holder of a RCGL shall comply with the biological data sampling and survey programs of the Commission and the Division.

(j) Exemptions. --

(1) A person who is under 16 years of age may take fish for recreational purposes by means of authorized commercial gear without holding a RCGL if the person is accompanied by a parent, grandparent, or guardian who holds a valid RCGL or if the person

has in the person's possession a valid RCGL issued to the person's parent, grandparent, or guardian.

(2) A person may take crabs for recreational purposes by means of one or more crab pots attached to the shore along privately owned land or to a privately owned pier without holding a RCGL provided that the crab pots are attached with the permission of the owner of the land or pier.

(3) A person who is on a vessel may take fish for recreational purposes by means of authorized commercial gear without holding a RCGL if there is another person on the vessel who holds a valid RCGL. This exemption does not authorize the use of commercial gear in excess of that authorized for use by the person who holds the valid RCGL or, if more than one person on the vessel holds a RCGL, in excess of that authorized for use by those persons.

(4) A person using nonmechanical means may take shellfish for personal use within the limits specified in G.S. 113-169.2(i) without holding a RCGL."

Section 4.22. G.S. 113-223 reads as rewritten:

"**§ 113-223. Reciprocal agreements by Department generally.**

Subject to the specific provisions of ~~G.S. 113-153~~ G.S. 113-169.5 and ~~G.S. 113-161~~ G.S. 113-170.1 relating to reciprocal provisions as to landing and selling catch and as to licenses, the Department is empowered to make reciprocal agreements with other jurisdictions respecting any of the matters governed in this Subchapter. Pursuant to such agreements the Department may modify provisions of this Subchapter in order to effectuate the purposes of such agreements, in the overall best interests of the conservation of marine and estuarine resources."

Section 4.23. Article 19A of Chapter 113 of the General Statutes reads as rewritten:

"ARTICLE 19A.

"~~South Atlantic~~ Fishery Management ~~Council.~~ Councils.

"**§ 113-259. North Carolina members of the South Atlantic Fishery Management Council.**

(a) In pursuance of Section 302 of the ~~Magnuson~~ Magnuson-Stevens Fishery Conservation and Management Act, 16 ~~United States Code~~ U.S.C. § 1801 ~~et seq.,~~ , et seq., there shall be at least two members of the South Atlantic Fishery Management Council from the State of North Carolina.

(b) The first Council member shall be the principal State official with marine fishery management responsibility and expertise in the State, which official is the Director of the Division of Marine Fisheries of the Department or his designee.

(c) Pursuant to the enabling legislation, other members from the State of North Carolina are selected by the United States Secretary of Commerce from a list of qualified individuals submitted by the Governor of the State. The list of nominees shall be compiled by the Marine Fisheries Commission and must be comprised of individuals who are knowledgeable and experienced with regard to the management,

conservation, or commercial or recreational harvest of the fishery resources in the Atlantic Ocean seaward of the ~~States~~ states of North Carolina, South Carolina, Georgia, and Florida. Prior to submission of the list of nominees, the Governor may consult with the Commission regarding additions to the list of nominees to be submitted. Should it be necessary for the Governor to submit additional nominees, the list of nominees shall be compiled by the Marine Fisheries Commission.

"§ 113-260. North Carolina members of the Mid-Atlantic Fishery Management Council.

(a) In pursuance of Section 302 of the Magnuson-Stevens Fishery Conservation and Management Act, 16 U.S.C. § 1801, et seq., there shall be at least two members of the Mid-Atlantic Fishery Management Council from the State of North Carolina.

(b) The first Council member shall be the principal State official with marine fishery management responsibility and expertise in the State, which official is the Director of the Division of Marine Fisheries of the Department or his designee.

(c) Pursuant to the enabling legislation, other members from the State of North Carolina are selected by the United States Secretary of Commerce from a list of qualified individuals submitted by the Governor of the State. The list of nominees shall be compiled by the Marine Fisheries Commission and must be comprised of individuals who are knowledgeable and experienced with regard to the management, conservation, or commercial or recreational harvest of the fishery resources in the Atlantic Ocean seaward of the states of New York, New Jersey, Delaware, Pennsylvania, Maryland, Virginia, and North Carolina. Prior to submission of the list of nominees, the Governor may consult with the Commission regarding additions to the list of nominees to be submitted. Should it be necessary for the Governor to submit additional nominees, the list of nominees shall be compiled by the Marine Fisheries Commission."

Section 4.24. Section 5.2 of S.L. 1997-400 reads as rewritten:

"Section 5.2. (a) Definitions; Citations. The definitions set out in G.S. 113-168 apply to this section. A citation to a provision of the General Statutes in this section means that provision of the General Statutes as enacted by this act.

(b) Transitional Provisions. In order to effect an orderly implementation of this Part and the transition from the moratorium imposed by subsection (a) of Section 3 of Chapter 576 of the 1993 Session Laws, Regular Session 1994, as amended by Section 3 of Chapter 675 of the 1993 Session Laws, Regular Session 1994; subsection (a) of Section 26.5 of Chapter 507 of the 1995 Session Laws; Section 7 of S.L. 1997-256; Section 3 of S.L. 1997-347; and Section 6.1 of this act, to the licensing provision of Article 14A of Chapter 113 of the General Statutes, the provisions of this section shall apply to the issuance of licenses under Article 14A of Chapter 113 of the General Statutes until all Fishery Management Plans have been adopted as required by G.S. 113-182.1 and G.S. 143B-289.22.

(c) Temporary Cap. There is hereby imposed a temporary cap on the total number of SCFLs that the Division may issue. The temporary cap equals the total number of endorsements to sell fish that establish eligibility for a SCFL under

subsection (g) of this section plus 500 additional SCFLs, authorized by subsection (d) of this section.

(d) 1999-2000 License Year. For the 1999-2000 license year, the Commission is authorized to issue SCFLs as provided in subsection (g) of this section plus an additional 500 SCFLs using the procedure set out in subsection (h) of this section.

(e) Subsequent License Years. For license years beginning with the 2000-01 license year, the Commission is authorized to issue SCFLs from the pool of available SCFLs as provided in subsection (f) of this section using the procedure set out in subsection (h) of this section.

(f) Adjustment of Number of SCFLs. The number of SCFLs in the pool of available SCFLs in license years beginning with the 2000-01 license year is the temporary cap less the number of SCFLs that ~~are renewed.~~ were issued plus the number of SCFLs that were renewed during the previous license year. The Commission may increase or decrease the number of SCFLs that are issued from the pool of available SCFLs. The Commission may increase the number of SCFLs that are issued from the pool of available SCFLs up to the temporary cap. The Commission may decrease the number of SCFLs that are issued from the pool of available SCFLs but may not refuse to renew a SCFL that is issued during the previous license year and that has not been suspended or revoked. The Commission shall increase or decrease the number of SCFLs that are issued to reflect its determination as to the effort that the fishery can support, based on the best available scientific evidence.

(g) Eligibility for SCFL. Any person who holds a valid endorsement to sell fish of a vessel license on ~~1 July~~ 30 June 1999 is eligible to receive a SCFL. Any person who holds a valid nonvessel endorsement to sell fish, other than a nonvessel endorsement to sell fish issued for an aquaculture operation or a fishing tournament, on 30 June 1999 is eligible to receive a SCFL. The Division shall issue a SCFL to any person who is eligible under this subsection upon receipt of an application and required fees. If the person held more than one endorsement to sell fish, the person is eligible to receive a SCFL for each endorsement to sell previously held. Eligibility to receive a SCFL under this subsection shall expire ~~1 July~~ 30 June 2000.

(h) Procedure for Issuing Additional SCFLs. The Commission shall determine a procedure for issuing the 500 additional SCFLs authorized by subsection (d) of this section for the 1999-2000 license year and for issuing SCFLs from the pool of available SCFLs authorized by subsection (e) of this section. The procedure shall set a date on which the Division will begin receiving applications and a date on which the determination by lot of which applicants will receive a SCFL will be made. The Commission shall develop criteria ~~for~~ to be used by the SCFL Eligibility Board in determining eligibility for a SCFL under this subsection. Criteria shall include the past involvement of the applicant and the applicant's family in commercial fishing; the extent to which the applicant has relied on commercial fishing for the applicant's livelihood; the extent to which the applicant has complied with federal and State laws, regulations, and rules relating to coastal fishing and protection of the environment; and any other factors the Commission determines to be relevant. The

~~Division~~ SCFL Eligibility Board shall review each application for a SCFL that ~~it~~ the Division receives during the application period to determine whether the applicant is eligible for a SCFL under the eligibility criteria established by the Commission. The Division shall issue SCFLs under this subsection by lot. All applicants who are determined to be eligible shall have an equal chance of being issued a SCFL.

(i) SCFL Eligibility Board. There is established a SCFL Eligibility Board. The Board shall apply the eligibility criteria adopted by the Commission to determine whether an applicant for a SCFL is eligible for a SCFL under subsection (h) of this section. The Board shall consist of the Secretary of Environment and Natural Resources or the Secretary's designee, the Fisheries Director or the Director's designee, and the Chair of the Commission or the Chair's designee. The Secretary shall designate one member of the Board to serve as Chair of the Board. The Commission shall adopt rules to govern the operation of the Board. The Board is exempt from the provisions of Article 3 of Chapter 150B of the General Statutes. Decisions of the Board shall be subject to judicial review under the provisions of Article 4 of Chapter 150B of the General Statutes."

PART V. MISCELLANEOUS PROVISIONS; EFFECTIVE DATES

Section 5.1. Unless otherwise expressly provided, every agency to which this act applies shall adopt rules to implement the provisions of this act only in accordance with the provisions of Chapter 150B of the General Statutes. This act constitutes a recent act of the General Assembly within the meaning of G.S. 150B-21.1. Every agency to which this act applies that is authorized to adopt rules to implement the provisions of this act may adopt temporary rules to implement the provisions of this act. This section shall continue in effect until all rules necessary to implement the provisions of this act have become effective as either temporary rules or permanent rules.

Section 5.2. The headings to the Parts of this act are a convenience to the reader and are for reference only. The headings do not expand, limit, or define the text of this act.

Section 5.3. If any section or provision of this act is declared unconstitutional or invalid by the courts, the unconstitutional or invalid section or provision does not affect the validity of this act as a whole or any part of this act other than the part declared to be unconstitutional or invalid.

Section 5.4. Sections 1.3, 1.5, 2.1, 3.2, 3.6, 4.4, 4.5, 4.23, 5.1, 5.2, 5.3, and 5.4 of this act are effective when this act becomes law. Sections 3.5 and 3.7 of this act become effective December 1, 1998, and apply to offenses committed on or after that date. Sections 1.4, 3.3, 3.4, 3.8, 4.1, 4.2, 4.3, 4.9, 4.10, 4.11, 4.12, 4.13, 4.14, 4.15, 4.16, 4.17, 4.18, 4.19, 4.20, 4.21, 4.22, and 4.24 become effective July 1, 1999. Section 4.6 is effective retroactively to August 14, 1997. Sections 1.1, 1.2, 1.6, 1.7, 3.1, 4.7, and 4.8 are effective retroactively to September 1, 1997. Section 4.15 expires September 1, 2003.

HOUSE BILL 1448*
Committee Substitute Favorable 7/29/98

Short Title: 1998 Marine Fisheries Amendments. (Public)

Sponsors:

Referred to:

May 25, 1998

A BILL TO BE ENTITLED

AN ACT TO AMEND THE FISHERIES REFORM ACT OF 1997 AND RELATED MARINE FISHERIES LAWS, AS RECOMMENDED BY THE JOINT LEGISLATIVE COMMISSION ON SEAFOOD AND AQUACULTURE.

The General Assembly of North Carolina enacts:

PART I. MARINE FISHERIES COMMISSION

Section 1.1. G.S. 113-128(5a) reads as rewritten:

"(5a) Marine Fisheries Commission. -- The Marine Fisheries Commission of the Department as established by ~~Part 5A~~ Part 5D of Article 7 of Chapter 143B of the General Statutes."

Section 1.2. G.S. 120-123(53) reads as rewritten:

"(53) The North Carolina Marine Fisheries Commission as established by ~~G.S. 143B-289.5.~~ G.S. 143B-289.51."

Section 1.3. G.S. 143B-289.52(b)(3) reads as rewritten:

"(3) To govern all license requirements ~~and taxes~~ prescribed in Article 14 of Chapter 113 of the General Statutes."

Section 1.4. G.S. 143B-289.52 is amended by adding a new subsection to read:

"(d1) The Commission may regulate participation in a fishery that is subject to a federal fishery management plan if that plan imposes a quota on the State for the harvest or landing of fish in the fishery. If the Commission regulates participation in

a fishery under this subsection, the Division may issue a license to participate in the fishery to a person who:

(1) Held a valid license issued by the Division to harvest, land, or sell fish during at least two of the three license years immediately preceding the date adopted by the Commission to determine participation in the fishery and

(2) Participated in the fishery during at least two of those license years by landing in the State at least the minimum number of pounds of fish adopted by the Commission to determine participation in the fishery."

Section 1.5. G.S. 143B-289.52(e) reads as rewritten:

"(e) The Commission may adopt rules to implement or comply with a ~~fisheries~~ fishery management plan adopted by the Atlantic States Marine Fisheries Commission or ~~an interstate fisheries management council.~~ adopted by the United States Secretary of Commerce pursuant to the Magnuson-Stevens Fishery Conservation and Management Act, 16 U.S.C. § 1801, et seq. Notwithstanding G.S. 150B-21.1(a), the Commission may adopt temporary rules under this subsection at any time within six months of the adoption or amendment of a ~~fisheries~~ fishery management plan ~~by the Atlantic States Marine Fisheries Council [Commission] or an interstate fisheries management council.~~ or the notification of a change in management measures needed to remain in compliance with a fishery management plan."

Section 1.6. G.S. 143B-289.54(c) reads as rewritten:

"(c) Additional Considerations. -- In making appointments to the Commission, the Governor shall provide for appropriate representation of women and minorities on the Commission. The Governor shall make appointments to the Commission consistent with the restrictions of G.S. 113-200(g)."

Section 1.7. G.S. 143B-289.54(h) reads as rewritten:

"(h) Removal. -- The Governor may remove, as provided in ~~G.S. 143-13,~~ G.S. 143B-13, any member of the Commission for misfeasance, malfeasance, or nonfeasance."

PART II. FISHERY MANAGEMENT PLANS

Section 2.1. G.S. 113-182.1 reads as rewritten:

"**§ 113-182.1. (Effective July 1, 1998) Fishery Management Plans.**

(a) The Department shall prepare proposed Fishery Management Plans for adoption by the Marine Fisheries Commission for all commercially or recreationally significant species or fisheries that comprise State marine or estuarine resources. Proposed Fishery Management Plans shall be developed in accordance with the Priority List, Schedule, and guidance criteria established by the Marine Fisheries Commission under G.S. 143B-289.22.

(b) The goal of the plans shall be to ensure the long-term viability of the State's commercially and recreationally significant species or fisheries. Each plan shall be

designed to reflect fishing practices so that one plan may apply to a specific fishery, while other plans may be based on gear or geographic areas. Each plan shall:

(1) Contain necessary information pertaining to the fishery or fisheries, including management goals and objectives, status of relevant fish stocks, stock assessments for multiyear species, fishery habitat and water quality considerations consistent with Coastal Habitat Protection Plans adopted pursuant to G.S. 143B-279.8, social and economic impact of the fishery to the State, and user conflicts.

(2) Recommend management actions pertaining to the fishery or fisheries.

(3) Include conservation and management measures that prevent overfishing, while achieving, on a continuing basis, the optimal yield from each fishery.

(c) To assist in the development of each Fishery Management Plan, the Chair of the Marine Fisheries Commission shall appoint ~~an Advisory Council.~~ a fishery management plan advisory committee. Each ~~Advisory Council~~ fishery management plan advisory committee shall be composed of commercial fishermen, recreational fishermen, and scientists, all with expertise in the fishery for which the Fishery Management Plan is being developed.

(d) Each Fishery Management Plan shall be revised at least once every three years. The Marine Fisheries Commission may revise the Priority List and guidance criteria whenever it determines that a revision of the Priority List or guidance criteria will facilitate or improve the development of Fishery Management Plans or is necessary to restore, conserve, or protect the marine and estuarine resources of the State. The Marine Fisheries Commission may not revise the Schedule for the development of a ~~Fisheries~~ Fishery Management Plan, once adopted, without the approval of the Secretary of Environment and Natural Resources.

(e) The Secretary of Environment and Natural Resources shall monitor progress in the development and adoption of Fishery Management Plans in relation to the Schedule for development and adoption of the plans established by the Marine Fisheries Commission. The Secretary of Environment and Natural Resources shall report to the Joint Legislative Commission on Seafood and Aquaculture and the Environmental Review Commission on progress in developing and implementing the Fishery Management Plans on or before 1 September of each year. The Secretary of Environment and Natural Resources shall report to the Joint Legislative Commission on Seafood and Aquaculture and the Environmental Review Commission within 30 days of the completion or substantial revision of each proposed Fishery Management Plan. The Joint Legislative Commission on Seafood and Aquaculture and the Environmental Review Commission shall concurrently review each proposed Fishery Management Plan within 30 days of the date the proposed Plan is submitted by the Secretary. The Joint Legislative Commission on Seafood and Aquaculture and the Environmental Review Commission may submit comments and recommendations on the proposed Plan to the Secretary within 30 days of the date the proposed Plan is submitted by the Secretary.

(f) The Marine Fisheries Commission shall adopt rules to implement Fishery Management Plans in accordance with Chapter 150B of the General Statutes.

(g) To achieve optimal yield under a Fishery Management Plan, the Marine Fisheries Commission may include in the Plan a recommendation that the General Assembly limit the number of fishermen authorized to participate in the fishery. The Commission may recommend that the General Assembly limit participation in a fishery only if the Commission determines that optimal yield cannot otherwise be achieved. In determining whether to recommend that the General Assembly limit participation in a fishery, the Commission shall consider all of the following factors:

(1) Current participation in and dependence on the fishery.
(2) Past fishing practices in the fishery.
(3) Economics of the fishery.
(4) Capability of fishing vessels used in the fishery to engage in other fisheries.
(5) Cultural and social factors relevant to the fishery and any affected fishing communities.
(6) Capacity of the fishery to support biological parameters.
(7) Equitable resolution of competing social and economic interests.
(8) Any other relevant considerations."

PART III. MARINE FISHERIES LAW ENFORCEMENT

Section 3.1. G.S. 113-136(b) reads as rewritten:

"(b) The jurisdiction of inspectors extends to all matters within the jurisdiction of the Department set out in this Subchapter, Part ~~5A~~ 5D of Article 7 of Chapter 143B of the General Statutes, Article 5 of Chapter 76 of the General Statutes, and Article 2 of Chapter 77 of the General Statutes, and to all other matters within the jurisdiction of the Department which it directs inspectors to enforce. In addition, inspectors have jurisdiction over all offenses involving property of or leased to or managed by the Department in connection with the conservation of marine and estuarine resources."

Section 3.2. G.S. 113-136(g) reads as rewritten:

"(g) Protectors may not temporarily stop or inspect vehicles proceeding along primary highways of the State without clear evidence that someone within the vehicle is or has recently been engaged in an activity regulated by the Wildlife Resources Commission. Inspectors may temporarily stop vehicles, boats, airplanes, and other conveyances upon reasonable grounds to believe that they are transporting ~~taxable~~ seafood products; they are authorized to inspect any seafood products being transported to determine whether they were taken in accordance with law and to require exhibition of any applicable license, ~~tax~~ receipts, permits, bills of lading, or other identification required to accompany such seafood products."

Section 3.3. G.S. 113-184(a) reads as rewritten:

"(a) It is unlawful to carry aboard any vessel subject to licensing requirements under ~~Article 14~~ Article 14A under way or at anchor in coastal fishing waters during the regular closed oyster season any scoops, scrapes, dredges, or winders such as are

usually or can be used for taking oysters. Provided that when such vessels are engaged in lawfully permitted oyster harvesting operations on any privately held shellfish bottom lease under G.S. 113-202 or G.S. 113-205, the vessel shall be exempt from this requirement."

Section 3.4. G.S. 113-185(a) reads as rewritten:

"(a) It is unlawful to fish in the ocean from vessels or with a net within 750 feet of an ocean pier licensed in accordance with ~~G.S. 113-156.1.~~ G.S. 113-169.4. The prohibition shall be effective when:

(1) Buoys or beach markers, placed at the owner's expense in accordance with the rules adopted by the Marine Fisheries Commission, indicate clearly to fishermen in vessels and on the beach the requisite distance of 750 feet from the pier, and

(2) The public is allowed to fish from the pier for a reasonable fee.

The prohibition shall not apply to littoral proprietors whose property is within 750 feet of a duly licensed ocean pier."

Section 3.5. G.S. 113-208(a) reads as rewritten:

"(a) It is unlawful for any person, other than the holder of private shellfish rights, to take or attempt to take shellfish from any privately leased, franchised, or deeded shellfish bottom area without written authorization of the holder and with actual knowledge it is a private shellfish bottom area. Actual knowledge will be presumed when the shellfish are taken or attempted to be taken:

(1) From within the confines of posted boundaries of the area as identified by signs, whether the whole or any part of the area is posted, or

(2) When the area has been regularly posted and identified and the person knew the area to be the subject of private shellfish rights.

A violation of this section shall constitute a ~~Class 2~~ Class A1 misdemeanor, which may include a fine of not more than five thousand dollars ($5,000). The written authorization shall include the lease number or deed reference, name and address of authorized person, date of issuance, and date of expiration, and it must be signed by the holder of the private shellfish right. Identification signs shall include the lease number or deed reference and the name of the holder."

Section 3.6. G.S. 113-221(e) reads as rewritten:

"(e) The Marine Fisheries Commission may delegate to the Fisheries Director the authority to issue proclamations suspending or implementing, in whole or in part, particular rules of the Commission which may be affected by variable conditions. Such proclamations are to be issued by the Fisheries Director or by a person designated by the Fisheries Director. All proclamations must state the hour and date upon which they become effective and must be issued at least 48 hours in advance of the effective date and time. In those situations in which the proclamation prohibits the taking of certain fisheries resources for reasons of public health, the proclamation can be made effective immediately upon issuance. Notwithstanding any other provisions of this subsection, a proclamation can be issued at least 12 hours in advance of the effective date and time to reopen the taking of certain fisheries

resources closed for reason of public health through a prior proclamation made effective immediately upon issuance. Persons violating any proclamation which is made effective immediately shall not be charged with a criminal offense during the time between the issuance and 48 hours after such issuance unless such person had actual notice of the issuance of such proclamation. Fisheries resources taken or possessed by any person in violation of any proclamation may be seized regardless of whether such person had actual notice of the proclamation. A permanent file of the text of all proclamations shall be maintained in the office of the Fisheries Director. Certified copies of proclamations are entitled to judicial notice in any civil or criminal proceeding.

The Fisheries Director must make every reasonable effort to give actual notice of the terms of any proclamation to the persons who may be affected thereby. Reasonable effort includes press releases to communications media, posting of notices at docks and other places where persons affected may gather, personal communication by inspectors and other agents of the Fisheries Director, and such other measures designed to reach the persons who may be affected. ~~The Fisheries Director may determine, on a case-by-case basis and at the Fisheries Director's sole discretion, that a proclamation did not apply to an individual licensee when an act of God occurred that prevented the licensee from receiving notice of the proclamation.~~ It is a defense to an enforcement action for a violation of a proclamation that a licensee was prevented from receiving notice of the proclamation due to a natural disaster or other act of God occasioned exclusively by violence of nature without interference of any human agency and that could not have been prevented or avoided by the exercise of due care or foresight."

Section 3.7. G.S. 113-268 reads as rewritten:

"**§ 113-268. ~~Robbing or injuring~~ Injuring, destroying, stealing, or stealing from nets, seines, buoys, pots, etc.**

(a) It is unlawful for any person without the authority of the owner of the equipment to take fish from nets, traps, pots, and other devices to catch fish which have been lawfully placed in the open waters of the State.

(b) It is unlawful for any master or other person having the management or control of a vessel in the navigable waters of the State to willfully, wantonly, and unnecessarily do injury to any seine, net or pot which may lawfully be hauled, set, or fixed in such waters for the purpose of taking fish except that a net set across a channel may be temporarily moved to accommodate persons engaged in drift netting, provided that no fish are removed and no damage is done to the net moved.

(c) It is unlawful for any person to willfully ~~destroy~~ steal, destroy, or injure any buoys, markers, stakes, nets, pots, or other devices on property lawfully set out in the open waters of the State in connection with any fishing or fishery.

(d) Violation of subsections (a), (b), or (c) is a ~~Class 2 misdemeanor for a first conviction, and a Class 1 misdemeanor for a second or subsequent conviction.~~ Class A1 misdemeanor.

(e) The Department may, either before or after the institution of any other action or proceeding authorized by this section, institute a civil action for injunctive relief to

restrain a violation or threatened violation of subsections (a), (b), or (c) of this section pursuant to G.S. 113-131. The action shall be brought in the superior court of the county in which the violation or threatened violation is occurring or about to occur and shall be in the name of the State upon the relation of the Secretary. The court, in issuing any final order in any action brought pursuant to this subsection may, in its discretion, award costs of litigation including reasonable attorney and expert-witness fees to any party."

Section 3.8. G.S. 113-277(a3) reads as rewritten:

"(a3) As used in this Article, the term 'conviction' has the same meaning assigned to it in ~~G.S. 113-166(a).~~ G.S. 113-171."

PART IV. FISHING LICENSES; TRANSITIONAL PROVISIONS

Section 4.1. G.S. 75A-5(h) reads as rewritten:

"(h) Each certificate of number awarded pursuant to this Chapter must be renewed on or before the first day of the month next succeeding that during which the same expires; otherwise, such certificate shall lapse and be void until such time as it may thereafter be renewed. Application for renewal shall be submitted on a form approved by the Wildlife Resources Commission and shall be accompanied by a fee of eight dollars ($8.00) for a one-year period or by a fee of twenty dollars ($20.00) for a three-year period; provided, there shall be no fee required for renewal of certificates of number which have been previously issued to commercial fishing ~~boats~~ vessels as defined in G.S. 75A-5.1, upon compliance with all of the requirements of that section."

Section 4.2. G.S. 75A-5.1 reads as rewritten:

"**§ 75A-5.1. Commercial fishing ~~boats;~~ vessels; renewal of number.**

(a) The owner ~~or operator~~ of any commercial fishing ~~boat which is currently licensed for the use of commercial fishing gear shall be entitled to renewal of~~ vessel that is registered under the provisions of ~~G.S. 113-152,~~ G.S. 113-168.6 may renew the certificate of number of ~~such boat~~ the vessel when ~~such~~ the owner has complied with all of the conditions of this section.

(b) ~~For the purpose of this section, commercial fishing boats are defined as vessels which are used primarily for commercial fishing operations, from which operations the owners and/or operators thereof derived more than one half of their gross incomes during the preceding calendar year.~~ As used in this section, 'commercial fishing vessel' is a vessel used in a commercial fishing operation, as defined in G.S. 113-168.

(c) In order to be entitled to renewal of certificate of number under the provisions of this section, the owner of the ~~boat~~ vessel shall submit, and the Wildlife Resources Commission shall require:

(1) The regular application for renewal of the certificate of number of ~~such boat,~~ the vessel, as provided by G.S. 75A-5;

(2) A statement, on a form to be supplied by the Commission, and signed by the applicant, that the ~~boat~~ vessel for which the

application for renewal is made is a commercial fishing ~~boat as herein defined;~~ vessel; and

(3) A receipt, signed by an authorized agent of the Department of Environment and Natural Resources, and bearing the number awarded to the boat under the provisions of this Chapter, showing that the commercial fishing ~~boat license tax imposed by G.S. 113-152~~ vessel registration fee imposed by G.S. 113-168.6 has been paid for ~~such boat~~ the vessel for the period during which the application for renewal of the certificate of number is submitted.

(d) Any person who shall willfully give false information upon the application or the statement required by ~~the preceding paragraph,~~ this section or who shall falsify any ~~tax~~ registration fee receipt ~~thereby required,~~ required by this section shall be guilty of a Class 1 misdemeanor."

Section 4.3. G.S. 105-164.13(9) reads as rewritten:

"(9) Sales of boats, fuel oil, lubricating oils, machinery, equipment, nets, rigging, paints, parts, accessories, and supplies to persons for use by them principally in commercial fishing operations within the meaning of ~~G.S. 113-152,~~ G.S. 113-168, except when the property is for use by persons principally to take fish for recreation or personal use or consumption. As used in this subdivision, 'fish' is defined as in G.S. 113-129(7)."

Section 4.4. The catch line for Article 14 of Chapter 113 of the General Statutes reads as rewritten:

"ARTICLE 14.

Commercial and Sports Fisheries ~~Licenses and Taxes.~~ Licenses."

Section 4.5. Subsections (d) and (e) of G.S. 113-154.1 read as rewritten:

"(d) Application for Non-Vessel Endorsement. -- An application for issuance or renewal of an endorsement to sell shall be filed with the Morehead City ~~offices~~ office of the Division of Marine Fisheries or license agents authorized to sell licenses under this Article. An application shall be accompanied by the fee established in subsection (b) of this section. Applications shall not be accepted from persons ineligible to hold a license issued by the Marine Fisheries Commission, including any applicant whose endorsement is suspended or revoked on the date of the application. The applicant shall be provided with a copy of the application marked received. The copy shall serve as the endorsement to sell, until the endorsement issued by the Division is received or the Division determines that the applicant is ineligible to hold an endorsement. In addition to the information required in subsection (c) of this section, the applicant shall disclose on the application a valid address, and such other information as the Division may require.

(e) Application for Replacement Non-Vessel Endorsement to Sell. -- A replacement endorsement shall only be obtained from the Morehead City ~~offices~~ office of the Division of Marine Fisheries. The Division shall not accept an application for a replacement endorsement unless the Division determines that the applicant's current license has not been suspended or revoked. A copy of an

application duly filed with the Division shall serve as the endorsement until the replacement license has been received."

Section 4.6. G.S. 113-154.1(h1) reads as rewritten:

"(h1) Transfer of Endorsement to Sell Fish on a Vessel ~~License; Limitation on Use of Endorsement to Sell Fish on a Vessel License by Other Persons.~~ License. -- A valid endorsement to sell fish on a vessel license may be transferred with the vessel license when the vessel license is transferred by the vessel licensee to (i) another vessel purchased by the vessel licensee or (ii) a vessel that is purchased by another person who is otherwise qualified to hold the vessel license and endorsement under this Article. Upon application to the Morehead City office of the Division of Marine Fisheries by a vessel licensee who is eligible to transfer an endorsement to sell fish on a vessel license under this subsection, the Division shall transfer the endorsement to sell fish on the vessel license. ~~It is unlawful to use an endorsement to sell fish on a vessel license issued to another person in the sale or attempted sale of fish or for the holder of an endorsement to sell fish on a vessel license to allow fish to be sold under the endorsement by any other person except that a person:~~

~~(1) Under the age of 16 may sell fish under the endorsement to sell fish on a vessel license of a relative or guardian.~~

~~(2) May sell fish that are taken in a fishing operation in which that person and the holder of the endorsement both participated.~~"

Section 4.7. G.S. 113-154.1(i) is repealed.

Section 4.8. G.S. 113-156(i) is repealed.

Section 4.9. G.S. 113-168 reads as rewritten:

"**§ 113-168. Definitions.**

As used in this Article:

(1) 'Commercial fishing operation' means any activity preparatory to, during, or subsequent to the taking of any fish, the taking of which is subject to regulation by the Commission, either with the use of commercial fishing equipment or gear, or by any means if the purpose of the taking is to obtain fish for sale. ~~Commercial fishing operation includes taking people fishing for hire.~~ Commercial fishing operation does not include (i) the taking of fish as part of a recreational fishing tournament, unless commercial fishing equipment or gear is used or (ii) the taking of fish under a RCGL.

(2) 'Commission' means the Marine Fisheries Commission.

(3) 'Division' means the Division of Marine Fisheries in the Department of Environment and Natural Resources.

(3a) 'Immediate family' means the mother, father, brothers, sisters, spouse, children, stepparents, stepbrothers, stepsisters, and stepchildren of a person.

(4) 'License year' means the period beginning 1 July of a year and ending on 30 June of the following year.

(5) 'North Carolina resident' means a person who is a resident within the meaning of G.S. 113-130(4). ~~G.S. 113-130(4) and who filed a~~

~~State income tax return as a resident of the State for the previous calendar or tax year.~~

(6) 'RCGL' means Recreational Commercial Gear License.

(7) 'RSCFL' means Retired Standard Commercial Fishing License.

(8) 'SCFL' means Standard Commercial Fishing License."

Section 4.10. G.S. 113-168.1 reads as rewritten:

"**§ 113-168.1. General provisions ~~for commercial~~ governing licenses and endorsements.**

(a) Duration, Fees. -- Except as provided in G.S. 113-173(f), ~~All~~ all licenses and endorsements issued under this Article expire on the last day of the license year. An applicant for any license or endorsement shall pay the full annual ~~license~~ fee at the time the applicant applies for the license or endorsement regardless of when application is made.

(b) Licenses Required to Engage in Commercial Fishing. -- It is unlawful for any person to engage in a commercial fishing operation without ~~being licensed as~~ holding a license and any endorsements required by this Article. It is unlawful for anyone to command a vessel engaged in a commercial fishing operation without complying with the provisions of this Article and rules adopted by the Commission under this Article.

(c) ~~Licenses~~ Licenses, Assignments, and Endorsements Available for Inspection. -- It is unlawful for any person to engage in a commercial fishing operation in the State without having ready at hand for inspection all valid ~~licenses~~ licenses, assignments, and endorsements required under this Article. To comply with this subsection, a person must have any required endorsements and either a currently valid (i) license issued in the person's true name and bearing the person's current address or (ii) SCFL and an assignment of ~~a~~ the SCFL authorized under this Article. ~~A licensee or assignee shall not~~ It is unlawful for a person to refuse to exhibit ~~the licenses and endorsements~~ any license, assignment, or endorsement required by this Article upon the request of an inspector or ~~any~~ other law enforcement officer authorized to enforce federal or State laws, regulations, or rules relating to marine fisheries.

(d) No Dual Residency. -- It is unlawful for any person to hold any currently valid license issued under this Article to the person as a North Carolina resident if that person holds any currently valid commercial or recreational fishing license issued by another state to the person as a resident of that state.

(e) License Format. -- Licenses issued under this Article shall be issued in the name of the applicant. Each license shall show the type of license and any endorsements; the name, mailing address, physical or residence address, and date of birth of the licensee; the date on which the license is issued; the date on which the license expires; and any other information that the Commission or the Division determines to be necessary to accomplish the purposes of this Subchapter.

(f) License Issuance and Renewal. -- Except as provided in G.S. 113-173(d), the Division shall issue licenses and endorsements under this Article to eligible applicants at any office of the Division or by mail from the Morehead City office of the Division. A license or endorsement may be renewed in person at any office of the Division or by mail to the Morehead City office of the Division. Eligibility to renew an expired SCFL shall end one year after the date of expiration of the SCFL.

(g) Limitations on Eligibility. -- A person is not eligible to obtain or renew a license or endorsement under this Article if, at the time the person applies for the license or endorsement, any other license or endorsement issued to the person under this Article is suspended or revoked. A person is not eligible to obtain a license or endorsement under this Article if, within the three years prior to the date of application, the person has been determined to be responsible for four or more violations of federal or state laws, regulations, or rules governing the management of marine and estuarine resources. An applicant shall certify that the applicant has not been determined to be responsible for four or more violations of federal or state laws, regulations, or rules governing the management of marine and estuarine resources during the previous three years.

(h) Replacement Licenses and Endorsements. -- The Division shall issue a replacement license, including any endorsements, to a licensee for a license that has been lost, stolen, or destroyed and that has not been suspended or revoked. To obtain a replacement license, a licensee shall pay a replacement fee of ten dollars ($10.00). A licensee may apply for a replacement license in person at any office of the Division or by mail to the Morehead City office of the Division. A licensee may use a copy of the application for a replacement license that has been filed with the Division as a temporary license until the licensee receives the replacement license.

(i) Cancellation. -- The Division may cancel a license or endorsement issued on the basis of a license application that contains false information supplied by the applicant. A cancelled license or endorsement is void from the date of issuance. A person in possession of a cancelled license or endorsement shall surrender the cancelled license or endorsement to the Division. It is unlawful to refuse to surrender a cancelled license or endorsement upon demand of any authorized agent of the Division."

Section 4.11. G.S. 113-168.2 reads as rewritten:

"**§ 113-168.2. Standard Commercial Fishing License.**

(a) Requirement. -- ~~No person shall~~ Except as otherwise provided in this Article, it is unlawful for any person to engage in a commercial fishing operation in the coastal fishing waters without holding a ~~Standard Commercial Fishing License~~ SCFL issued by the Division. A person who works as a member of the crew of a vessel engaged in a commercial fishing operation under the direction of a person who holds a valid SCFL ~~or RSCFL~~ is not required to hold a ~~SCFL or RSCFL.~~ SCFL. A person who holds a SCFL is not authorized to take shellfish unless the SCFL is endorsed as provided in G.S. 113-168.5(d) or the person holds a shellfish license issued pursuant to G.S. 113-169.2.

(a1) Use of Vessels. -- The holder of a SCFL is authorized to use only one vessel in a commercial fishing operation at any given time. The Commission may adopt a rule to exempt from this requirement a person in command of a vessel that is auxiliary to a vessel engaged in a pound net operation, long-haul operation, beach seine operation, or menhaden operation.

~~(b) Purchase; Renewal. -- A person may purchase a SCFL at any office of the Division. The SCFL and endorsements may be renewed by mail by forwarding a~~

~~completed application, including applicable fees, to the Division's Morehead City office. Any person who is issued a SCFL or a RSCFL is eligible to renew the SCFL or RSCFL and any endorsements if the SCFL or RSCFL has not been suspended or revoked.~~

~~(c) Replacement License. -- A licensee may obtain a replacement license for a lost or destroyed license, including all endorsements, upon receipt of a proper application in the offices of the Division together with a ten-dollar ($10.00) fee. The Division shall not accept an application for a replacement license unless the Division determines that the applicant's current license has not been suspended or revoked. A copy of an application duly filed with the Division shall serve as the license until the replacement license has been received. The Commission may provide by rule for the replacement of lost, obliterated, destroyed, or otherwise illegible license plates or decals upon tender of the original license receipt or upon other evidence that the Commission deems sufficient.~~

~~(d) Nonresident Certification Required. -- Persons obtaining licenses who are not North Carolina residents shall certify that their conviction record in their state of residence is such that they would not be denied a license under the standards in G.S. 113-171. When a license application is denied for violations of fisheries laws, whether the violations occurred in North Carolina or another jurisdiction, the license fees shall not be refunded and shall be applied to the costs of processing the application.~~

(e) Fees. -- The annual SCFL fee for a ~~North Carolina~~ resident of this State shall be two hundred dollars ($200.00). The annual SCFL fee for a person who is not a resident of ~~North Carolina~~ this State shall be eight hundred dollars ($800.00) or the amount charged to a ~~North Carolina~~ resident of this State in the nonresident's state, whichever is less. In no event, however, may the fee be less than two hundred dollars ($200.00). For purposes of this subsection, a 'resident of this State' is a person who is a resident within the meaning of:

(1) Sub-subdivisions a. through d. of G.S. 113-130(4) and who filed a State income tax return as a resident of North Carolina for the previous calendar or tax year, or

(2) G.S. 113-130(4)e.

(f) Assignment. -- The holder of a SCFL may assign the SCFL to any ~~individual, provided that a SCFL or RSCFL issued to the individual is not suspended or revoked.~~ individual who is eligible to hold a SCFL under this Article. ~~If the SCFL is endorsed for one or more vessels, each vessel endorsement may be assigned, independently of the SCFL, to another holder of a SCFL. An assignment of a SCFL vessel endorsement shall be valid only for use by a holder or assignee of a SCFL in the operation of the vessel for which the SCFL is endorsed.~~ The assignment shall be in writing on a form provided by the Division and shall include the name of the licensee, the license number, any endorsements, the assignee's ~~name and~~ name, mailing address, physical or residence address, and the duration of the assignment. ~~A notarized copy of the assignment shall be filed with the Division.~~ If a notarized copy of an assignment is not filed with the Morehead City office of the Division within five

days of the date of the assignment, the assignment shall expire. ~~The assignee shall carry the assignment on the assignee's person and have the assignment available for inspection at all times while using the vessel.~~ It is unlawful for the assignee of a SCFL to assign the SCFL. The assignment ~~may be revoked by: (i)~~ shall terminate:

(1) Upon written notification by the assignor to the assignee and the Division that the assignment has been ~~terminated; or (ii) a~~ terminated.

(1a) Upon written notification by the estate of the assignor to the assignee and the Division that the assignment has been terminated.

(2) ~~determination by the Division~~ If the Division determines that the assignee is operating in violation of the terms and conditions applicable to the assignment.

(3) If the assignee becomes ineligible to hold a license under this Article.

(4) Upon the death of the assignee.

(5) If the Division suspends or revokes the assigned SCFL.

(6) At the end of the license year.

(g) Transfer. -- A SCFL may be ~~transferred:~~

~~(1) By the license holder to a member of the license holder's immediate family.~~

~~(2) By the State to the estate of the license holder upon the death of the license holder.~~

~~(3) By a surviving family member to whom a license was transferred pursuant to subdivision (2) of this subsection to a third-party purchaser of the license holder's fishing vessel upon the death of the license holder.~~

~~(4) By the license holder to a third-party purchaser of the license holder's fishing vessel upon retirement of the license holder from commercial fishing.~~

~~(5) Under any other circumstance authorized by rule of the Commission.~~

transferred only by the Division. A SCFL may be transferred pursuant to rules adopted by the Commission or upon the request of:

(1) A licensee, from the licensee to a member of the licensee's immediate family who is eligible to hold a SCFL under this Article.

(2) The administrator or executor of the estate of a deceased licensee, to the administrator or executor of the estate if a surviving member of the deceased licensee's immediate family is eligible to hold a SCFL under this Article. The administrator or executor must request a transfer under this subdivision within six months after the administrator or executor qualifies under Chapter 28A of the General Statutes. An administrator or executor who holds a SCFL

under this subdivision may, for the benefit of the estate of the deceased licensee:

a. Engage in a commercial fishing operation under the SCFL if the administrator or executor is eligible to hold a SCFL under this Article.

b. Assign the SCFL as provided in subsection (f) of this section.

c. Renew the SCFL as provided in G.S. 113-168.1.

(3) An administrator or executor to whom a SCFL was transferred pursuant to subdivision (2) of this subsection, to a surviving member of the deceased licensee's immediate family who is eligible to hold a SCFL under this Article.

(4) The surviving member of the deceased licensee's immediate family to whom a SCFL was transferred pursuant to subdivision (3) of this subsection, to a third-party purchaser of the deceased licensee's fishing vessel.

(5) A licensee who is retiring from commercial fishing, to a third-party purchaser of the licensee's fishing vessel.

(h) Identification as Commercial Fisherman. -- The receipt of a current and valid ~~SCFL, RSCFL,~~ SCFL or shellfish license issued by the Division shall serve as proper identification of the licensee as a commercial fisherman.

(i) Record-Keeping Requirements. -- The fish dealer shall record each transaction at the time and place of landing on a form provided by the Division. The transaction form shall include the information on the ~~SCFL, RSCFL,~~ SCFL or shellfish license, the quantity of the fish, the identity of the fish dealer, and other information as the Division deems necessary to accomplish the purposes of this Subchapter. The person who records the transaction shall provide a completed copy of the transaction form to the Division and to the other party of the transaction. The Division's copy of each transaction form shall be transmitted to the Division by the fish dealer on or before the tenth day of the month following the transaction."

Section 4.12. G.S. 113-168.3 reads as rewritten:

"**§ 113-168.3. Retired Standard Commercial Fishing License.**

(a) SCFL Provisions Applicable. -- Except as provided in this section, the provisions set forth in ~~G.S. 113-168.2~~ this Article concerning the SCFL shall apply to the RSCFL.

(b) Eligibility; Fees. -- Any ~~person~~ individual who is 65 years of age or older and who is ~~otherwise~~ eligible for a SCFL under G.S. 113-168.2 may ~~purchase a~~ apply for either a SCFL or RSCFL. An applicant for a RSCFL shall provide proof of age ~~Proof of age shall be supplied~~ at the time the application is made. The annual fee for a RSCFL for a ~~North Carolina~~ resident of this State shall be one hundred dollars ($100.00). The annual fee for a RSCFL for a person who is not a resident of ~~North Carolina~~ this State shall be eight hundred dollars ($800.00) or the amount charged to a ~~North Carolina~~ resident of this State in the nonresident's state, whichever is less. In no event, however, shall the fee be less than one hundred dollars ($100.00). For

purposes of this subsection, a 'resident of this State' is a person who is a resident within the meaning of:

(1) Sub-subdivisions a. through d. of G.S. 113-130(4) and who filed a State income tax return as a resident of North Carolina for the previous calendar or tax year, or

(2) G.S. 113-130(4)e.

(c) Transfer. -- The holder of a RSCFL may transfer the RSCFL as provided in G.S. 113-168.2. ~~G.S. 113-168.2 or, upon retirement from commercial fishing, to a third-party purchaser of the RSCFL holder's fishing vessel.~~

(1) If the ~~third-party purchaser~~ transferee is less than 65 years of age, ~~that purchaser~~ the transferee holds a SCFL. When the transferee renews the SCFL, the transferee shall pay the fee ~~for the SCFL~~ set ~~forth~~ out in G.S. 113-168.2.

(2) If the transferee is 65 years of age or older, the transferee may elect to hold either a SCFL or RSCFL. If the transferee elects to hold a SCFL, the transferee shall pay the fee set out in G.S. 113-168.2. If the transferee elects to hold a RSCFL, the transferee shall pay the fee set out in this section.

(d) Assignment. -- The RSCFL shall not be assignable."

Section 4.13. G.S. 113-168.4 reads as rewritten:

"**§ 113-168.4. ~~Regulations concerning the sale~~ Sale of fish.**

(a) Except as otherwise provided in this section, it is unlawful for any person who takes or lands any species of fish under the authority of the Commission from coastal fishing waters by any means whatever, including mariculture operations, to sell, offer for sale, barter or exchange these fish for anything of value ~~for merchandise these fish, without holding a current and valid SCFL or RSCFL issued under G.S. 113-168.2 or G.S. 113-168.3, or a valid shellfish license issued under G.S. 113-169.2.~~ without holding a license required to sell the type of fish being offered. ~~It is unlawful for fish dealers to buy fish unless the seller presents a current and valid SCFL, RSCFL, or shellfish license at the time of the transaction. Any subsequent sale of fish shall be subject to the licensing requirements of fish dealers under G.S. 113-169.3.~~

(b) It is unlawful for any person licensed under this section to sell fish taken outside the territorial waters of the State or to sell fish taken from coastal fishing waters except to:

(1) Fish dealers licensed under G.S. 113-169.3; or

(2) The public, if the seller is also licensed as a fish dealer under G.S. 113-169.3.

(c) A person who organizes a ~~nonprofit~~ recreational fishing tournament may sell fish taken in connection with the tournament pursuant to a recreational fishing tournament license to sell fish. A person who organizes a ~~nonprofit~~ recreational fishing tournament may obtain a recreational fishing tournament license to sell fish upon application to the Division and payment of a fee of one hundred dollars ($100.00). It is unlawful for any person licensed under this subsection to sell fish to

any person other than a fish dealer licensed under G.S. 113-169.3 unless the seller is also a licensed fish dealer. A recreational fishing tournament is an organized fishing competition occurring within a specified time period not to exceed one week and that is not a commercial fishing operation. ~~Proceeds derived~~ Gross proceeds from the sale of fish may be used only for ~~charitable purposes.~~ charitable, religious, educational, civic, or conservation purposes and shall not be used to pay tournament expenses."

Section 4.14. G.S. 113-168.5 reads as rewritten:

"**§ 113-168.5. License endorsements for Standard Commercial Fishing ~~License and Retired Standard Commercial Fishing~~ License.**

~~(a) A SCFL or RSCFL may be endorsed to authorize the use of a vessel in a commercial fishing operation.~~

~~(b) Vessel Endorsements. –~~

~~(1) As used in this subsection, a North Carolina vessel is a vessel that has its primary situs in the State. A vessel has its primary situs in the State if:~~

~~a. A certificate of number has been issued for the vessel under Article 1 of Chapter 75A of the General Statutes;~~

~~b. A certificate of title has been issued for the vessel under Article 4 of Chapter 75A of the General Statutes; or~~

~~c. A certification of documentation has been issued for the vessel that lists a home port in the State under 42 U.S.C. § 12101, et seq., as amended.~~

~~(2) It is unlawful to use a vessel in a commercial fishing operation in the coastal fishing waters of the State without a vessel endorsement of the license required under this Article for that commercial fishing operation. It is unlawful to use a North Carolina vessel to land or sell fish in the State that are taken during a commercial fishing operation outside the coastal fishing waters of the State without a vessel endorsement of the license required under this Article for that commercial fishing operation. No endorsement is required, however, for a vessel of any length that does not have a motor if the vessel is used only in connection with another vessel for which the required license has been properly endorsed.~~

~~(3) The fee for a vessel endorsement shall be determined by the length of the vessel and shall be in addition to the fee for a SCFL, RSCFL, or shellfish license. The length of a vessel shall be determined by measuring the distance between the ends of the vessel along the deck and through the cabin, excluding the sheer. The fee for a vessel endorsement is:~~

~~a. One dollar ($1.00) per foot for a vessel not over 18 feet in length.~~

~~b. One dollar and fifty cents ($1.50) per foot for a vessel over 18 feet but not over 38 feet in length.~~

~~e. Three dollars ($3.00) per foot for a vessel over 38 feet but not over 50 feet in length.~~

~~d. Six dollars ($6.00) per foot for a vessel over 50 feet in length.~~

~~(4) A vessel endorsement may be assigned as provided in G.S. 113-168.2(f).~~

~~(5) When the owner of a vessel for which a SCFL, RSCFL, or shellfish license has been endorsed transfers ownership of the vessel to a holder of a SCFL, RSCFL, or shellfish license, the vessel endorsement may be transferred from the former owner's SCFL, RSCFL, or shellfish license to the new owner's SCFL, RSCFL, or shellfish license upon the request of the new owner. The new owner of the vessel shall notify the Division of the change in ownership and request that the vessel endorsement be transferred within 30 days of the date on which the transfer of ownership occurred. The notification of a change in the ownership of a vessel and request that the vessel endorsement be transferred shall be made on a form provided by the Division and shall be accompanied by satisfactory proof of the transfer of vessel ownership. Transfer of vessel ownership may be proven by a notarized copy of: (i) the bill of sale; (ii) a temporary vessel registration; or (iii) a vessel documentation transfer.~~

(c) Menhaden Endorsements. -- Except as provided in G.S. 113-169, it is unlawful to use a vessel to take menhaden by purse seine in ~~the~~ coastal fishing ~~waters of the State;~~ waters, to land menhaden taken by purse seine, ~~in the State;~~ or to sell menhaden ~~from a vessel in the State~~ taken by purse seine without obtaining a menhaden endorsement of a ~~SCFL or RSCFL.~~ SCFL. The fee for a menhaden endorsement shall be two dollars ($2.00) per ton, based on gross tonnage as determined by the custom house measurement for the mother ship. The menhaden endorsement shall be required for the mother ship but no separate endorsement shall be required for a purse boat carrying a purse seine. The application for a menhaden endorsement must state the name of the person in command of the vessel. Upon a change in command of a menhaden vessel, the owner must notify the Division in writing within 30 days.

(d) Shellfish Endorsement for North Carolina Residents. -- The Division shall issue a shellfish endorsement of a SCFL ~~or RSCFL~~ to a North Carolina resident at no charge. The holder of a SCFL with a shellfish endorsement is authorized to take and sell shellfish."

Section 4.15. Article 14A of Chapter 113 of the General Statutes is amended by adding a new section to read:

"**§ 113-168.6. Commercial fishing vessel registration.**

(a) As used in this subsection, a North Carolina vessel is a vessel that has its primary situs in the State. A vessel has its primary situs in the State if:

(1) A certificate of number has been issued for the vessel under Article 1 of Chapter 75A of the General Statutes;
(2) A certificate of title has been issued for the vessel under Article 4 of Chapter 75A of the General Statutes; or
(3) A certification of documentation has been issued for the vessel that lists a home port in the State under 46 U.S.C. § 12101, et seq., as amended.

(b) The owner of a vessel used in a commercial fishing operation in the coastal fishing waters of the State or a North Carolina vessel used to land or sell fish in the State shall register the vessel with the Division. It is unlawful to use a vessel that is not registered with the Division in a commercial fishing operation in the coastal fishing waters of the State. It is unlawful to use a North Carolina vessel that is not registered with the Division to land or sell fish in the State. No registration is required for a vessel of any length that does not have a motor if the vessel is used only in connection with another vessel that is properly registered.

(c) The annual fee for a commercial fishing vessel registration shall be determined by the length of the vessel and shall be in addition to the fee for other licenses issued under this Article. The length of a vessel shall be determined by measuring the distance between the ends of the vessel along the deck and through the cabin, excluding the sheer. The annual fee for a commercial fishing vessel registration is:
(1) One dollar ($1.00) per foot for a vessel not over 18 feet in length.
(2) One dollar and fifty cents ($1.50) per foot for a vessel over 18 feet but not over 38 feet in length.
(3) Three dollars ($3.00) per foot for a vessel over 38 feet but not over 50 feet in length.
(4) Six dollars ($6.00) per foot for a vessel over 50 feet in length.

(d) A vessel may be registered at any office of the Division. A commercial fishing vessel registration expires on the last day of the license year.

(e) Within 30 days of the date on which the owner of a registered vessel transfers ownership of the vessel, the new owner of the vessel shall notify the Division of the change in ownership and request that the Division transfer the commercial fishing vessel registration to the new owner. The notification of a change in the ownership of a vessel and request that the commercial fishing vessel registration be transferred shall be accompanied by proof of the transfer of the vessel."

Section 4.16. G.S. 113-169 reads as rewritten:

"**§ 113-169. Menhaden license for nonresidents not eligible for a SCFL.**

A person who is not a ~~resident of North Carolina,~~ North Carolina resident, who is not eligible for a SCFL under this Article, and who only seeks to engage in ~~menhaden fishing~~ a commercial fishing operation for the harvest and sale of menhaden is eligible to ~~purchase~~ obtain a menhaden license for nonresidents. The fee for the menhaden license for nonresidents shall be two dollars ($2.00) per ton, gross tonnage, customhouse measurements for the mother ship. The menhaden license for nonresidents shall be required for the mother ship to take, land, or sell menhaden in North Carolina taken by purse seine. No separate endorsement shall be

required for a purse boat carrying a purse seine. The application for a menhaden license for nonresidents must state the name of the person in command of the vessel. Upon change in command of a menhaden vessel, the owner must notify the Division within 30 days. A person who works as a member of the crew of a vessel engaged in a commercial fishing operation for the harvest and sale of menhaden under the direction of a person who holds a valid menhaden license for nonresidents is not required to hold a menhaden license for nonresidents or a SCFL."

Section 4.17. G.S. 113-169.2 reads as rewritten:

"**§ 113-169.2. Shellfish license for North Carolina residents without a SCFL.**

(a) License or Endorsement Necessary to Take or Sell Shellfish. -- It is unlawful for an individual to take shellfish from the public or private grounds of the State by mechanical means or ~~for commercial use~~ in quantities greater than the personal use limits set forth in subsection (i) of this section by any means without holding either a shellfish license or a shellfish endorsement of a ~~SCFL or RSCFL.~~ SCFL. A North Carolina resident who seeks only to take and sell shellfish shall be eligible to ~~purchase~~ obtain a shellfish license without holding a ~~SCFL or RSCFL.~~ SCFL. ~~The license includes the privilege~~ The shellfish license authorizes the licensee to sell ~~shellfish to a licensed fish dealer.~~ shellfish.

~~(b) Purchase; Renewal. -- A person may purchase a shellfish license at any office of the Division. The shellfish license and endorsements may be renewed by mail by forwarding a completed application, including applicable fees, to the Division's Morehead City Office. Any person who is issued a shellfish license is eligible to renew the shellfish license and any endorsements if the shellfish license has not been suspended or revoked.~~

(c) Fees. -- Shellfish licenses shall be issued annually upon payment of a fee of twenty-five dollars ($25.00) upon proof that the license applicant is a ~~resident of North Carolina.~~ North Carolina resident.

(d) License Available for Inspection. -- It is unlawful for any individual to take shellfish ~~for commercial use~~ in quantities greater than the personal use limits set forth in subsection (i) of this section from the public or private grounds of the State without having ready at hand for inspection a current and valid shellfish license issued to the licensee personally and bearing the licensee's correct name and address. It is unlawful for any individual taking or possessing freshly taken shellfish to refuse to exhibit the individual's license upon the request of an officer authorized to enforce the fishing laws.

~~(e) Vessel Endorsement Required. -- A license holder under this section shall be required to purchase a vessel endorsement under G.S. 113-168.5 if a vessel is used in the take or sale of shellfish. A vessel endorsement of a shellfish license does not authorize the use of the vessel for any commercial fishing operation other than the taking or selling of shellfish.~~

(f) Name or Address Change. -- In the event of a change in name or address or upon receipt of an erroneous shellfish license, the licensee shall, within 30 days, apply for a replacement shellfish license bearing the correct name and address. Upon a showing by the individual that the name or address change occurred within the past

30 days, the trial court or prosecutor shall dismiss any charges brought pursuant to this subsection.

(g) Transfer Prohibited. -- It is unlawful for an individual issued a shellfish license to transfer or offer to transfer the license, either temporarily or permanently, to another. It is unlawful for an individual to secure or attempt to secure a shellfish license from a source not authorized by the Commission.

(h) Exemption. -- Persons under 16 years of age are exempt from the license requirements of this section if accompanied by a parent, grandparent, or guardian who is in compliance with the requirements of this section or if in possession of a parent's, grandparent's or guardian's shellfish license.

(i) Taking Shellfish Without a License for Personal Use. --

(1) A person may take shellfish for personal use without obtaining a license under this section in quantities up to:

a. One bushel of oysters per day.

b. One-half bushel of scallops per day.

c. One hundred clams per day.

d. Ten conchs per day.

e. One hundred mussels per day.

(2) Two or more persons who are using a vessel to take shellfish may take shellfish for personal use without obtaining a license under this section in quantities up to:

a. Two bushels of oysters per day.

b. One bushel of scallops per day.

c. Two hundred clams per day.

d. Twenty conchs per day.

e. Two hundred mussels per day."

Section 4.18. G.S. 113-169.3 reads as rewritten:

"**§ 113-169.3. Licenses for fish dealers.**

(a) Eligibility. -- A fish dealer license shall be issued to a North Carolina resident upon receipt of a proper application ~~in the Morehead City Office~~ at any office of the Division together with all license fees including the total number of dealer categories set forth in this section. The license shall be issued in the name of the applicant and shall include all dealer categories on the license.

(b) Application for License. -- Applications shall not be accepted from persons ineligible to hold a license issued by the Division, including any applicant whose license is suspended or revoked on the date of the application. The applicant shall be provided with a copy of the application marked received. The copy shall serve as the fish dealer's license until the license issued by the Division is received, or the Division determines that the applicant is ineligible to hold a license. Where an applicant does not have an established location for transacting the fisheries business within the State, the license application shall be denied unless the applicant satisfies the Secretary that his residence, or some other office or address within the State, is a suitable substitute for an established location and that records kept in connection with licensing, sale, and purchase requirements will be available for inspection when

necessary. Fish dealers' licenses are issued on a fiscal year basis upon payment of a fee as set forth herein upon proof, satisfactory to the Secretary, that the license applicant is a North Carolina resident.

(c) License Requirement. -- Any person subject to the licensing requirements of this section is a fish dealer. Any person subject to the licensing requirements of this section shall obtain a separate license for each physical location conducting activities required to be licensed under this section. Except as otherwise provided in this section, it is unlawful for any person not licensed pursuant to this ~~article:~~ Article:

(1) To buy fish for resale from any person involved in a commercial fishing operation that takes any species of fish from coastal fishing waters. For purposes of this subdivision, a retailer who purchases fish from a fish dealer shall not be liable if the fish dealer has not complied with the licensing requirements of this section;

(2) To sell fish to the public; or

(3) To sell to the public any species of fish under the authority of the Commission taken from coastal fishing waters.

~~Any person subject to the licensing requirements of this section is a fish dealer. Any person subject to the licensing requirements of this section shall obtain a separate license for each physical location conducting activities required to be licensed under this section.~~

(d) Exceptions to License Requirements. -- The Commission may adopt rules to implement this subsection including rules to clarify the status of the listed classes of exempted persons, require submission of statistical data, and require that records be kept in order to establish compliance with this section. Any person not licensed pursuant to this section is exempt from the licensing requirements of this section if all fish handled within any particular licensing category meet one or more of the following requirements:

(1) The fish are sold by persons whose dealings in fish are primarily educational, scientific, or official, and who have been issued a permit by the Division that authorizes the educational, scientific, or official agency to sell fish taken or processed in connection with research or demonstration projects;

(2) The fish are sold by individual employees of fish dealers when transacting the business of their duly licensed employer;

(3) The fish are shipped to a person by a dealer from without the State;

(4) The fish are of a kind the sale of which is regulated exclusively by the Wildlife Resources Commission; or

(5) The fish are purchased from a licensed dealer.

(e) Application Fee for New Fish Dealers. -- An applicant for a new fish dealer license shall pay a nonrefundable application fee of fifty dollars ($50.00) in addition to the license category fees set forth in this section.

(f) License Category Fees. -- Every fish dealer subject to licensing requirements shall secure an annual license at each established location for each of the following activities transacted there, upon payment of the fee set out:

(1) Dealing in oysters: $50.00;
(2) Dealing in scallops: $50.00;
(3) Dealing in clams: $50.00;
(4) Dealing in hard or soft crabs: $50.00;
(5) Dealing in shrimp, including bait: $50.00;
(6) Dealing in finfish, including bait: $50.00;
(7) Operating menhaden or other fish-dehydrating or oil-extracting processing plants: $50.00; or
(8) Consolidated license (all categories): $300.00.

Any person subject to fish dealer licensing requirements who deals in fish not included in the above categories shall secure a finfish dealer license. The Commission may adopt rules implementing and clarifying the dealer categories of this subsection. Bait operations shall be licensed under either the finfish or shrimp dealer license categories.

(g) License Format. -- The format of the license shall include the name of the licensee, date of birth, name and physical address of each business location, expiration date of the license, and any other information the Division deems necessary to accomplish the purposes of this Subchapter.

~~(h) Application for Replacement License. -- A replacement license shall only be obtained from an office of the Division. The Division shall not accept an application for a replacement license unless the Division determines that the applicant's current license has not been suspended or revoked. A copy of an application duly filed with the Division shall serve as the license until the replacement license has been received.~~

(h1) Name or Address Change. -- If the name or address of a licensee changes, the licensee shall, within 30 days, apply for a replacement fish dealer license bearing the correct name and address. If the licensee fails to comply with this requirement, the license is revoked. A revocation under this subsection is not subject to G.S. 150B-3.

(i) Unlawful Purchase ~~and Sale~~ of Fish. -- It is unlawful for a fish dealer to buy or accept fish ~~unless the~~ unless, at the time of the transaction:

(1) The seller or donor ~~possesses~~ presents a current and valid ~~SCFL, RSCFL, shellfish license, menhaden license for nonresidents, or a special fisheries sale permit issued under G.S. 113-168.4(c),~~ license to sell the type of fish being offered;
(2) The seller or donor presents the commercial fishing vessel registration of the vessel that was used to take the fish being offered; and ~~the~~
(3) The dealer records the transaction consistent with the record-keeping requirements of G.S. 113-168.2(i).

~~It is unlawful for any person to purchase, possess, or sell fish taken from coastal fishing waters in violation of this Subchapter or the rules adopted by the Commission implementing this Subchapter.~~

(j) Transfer Prohibited. -- Any fish dealer license issued under this section is nontransferable. It is unlawful to use a fish dealer license issued to another person in the sale or attempted sale of fish or for a licensee to lend or transfer a fish dealer license for the purpose of circumventing the requirements of this section."

Section 4.19. G.S. 113-170.1 reads as rewritten:

"**§ 113-170.1. Nonresidents reciprocal agreements.**

Persons who are not North Carolina residents are not ~~entitled~~ eligible to obtain licenses under the provisions of this Article except as provided in this section. Residents of jurisdictions that sell commercial fishing licenses to North Carolina residents are ~~entitled to~~ eligible to hold North Carolina commercial fishing licenses under the provisions of G.S. 113-168.2. Licenses may be restricted in terms of area, gear, and fishery by the Commission so that the nonresidents are licensed to engage in North Carolina fisheries on the same or similar terms that North Carolina residents can be licensed to engage in the fisheries of other jurisdictions. The Secretary may enter into reciprocal agreements with other jurisdictions as necessary to allow nonresidents to obtain commercial fishing licenses in the State subject to the foregoing provisions."

Section 4.20. G.S. 113-173 reads as rewritten:

"**§ 113-173. Recreational Commercial Gear License.**

(a) License Required. -- Except as provided in subsection (j) of this section, it is unlawful for any person to take or attempt to take fish for recreational purposes by means of commercial fishing equipment or gear in coastal fishing waters without holding a RCGL. As used in this section, fish are taken for recreational purposes if the fish are not taken for the purpose of sale. The RCGL entitles the licensee to use authorized commercial gear to take fish for personal use subject to recreational ~~quotas or~~ possession limits. It is unlawful for any person licensed under this section or fishing under a RCGL to possess fish in excess of recreational possession limits.

(b) Sale of Fish Prohibited. -- It is unlawful for the holder of a RCGL or for a person who is exempt under subsection (j) of this section to sell fish taken under the RCGL or pursuant to the exemption.

(c) Authorized Commercial Gear. -- The Commission shall adopt rules authorizing the use of a limited amount of commercial fishing equipment or gear for recreational fishing under a RCGL. The Commission may authorize the limited use of commercial gear on a uniform basis in all coastal fishing waters or may vary the limited use of commercial gear within specified areas of the coastal fishing waters. The Commission shall periodically evaluate and revise the authorized use of commercial gear for recreational fishing. Authorized commercial gear shall be identified by visible colored tags or other means specified by the Commission in order to distinguish between commercial gear used in a commercial operation and commercial gear used for recreational purposes.

(d) Purchase; Renewal. -- A RCGL may be purchased at designated offices of the Division and from a license agent authorized under G.S. 113-172. A RCGL may be renewed by mail.

(e) Replacement RCGL. -- Upon receipt of a proper application and a two-dollar ($2.00) replacement fee, the Division may issue a duplicate RCGL to replace an unexpired RCGL that has been lost or destroyed.

(f) Duration; Fees. -- The RCGL shall be valid for a one-year period from the date of purchase. The fee for a RCGL for a North Carolina resident shall be thirty-five dollars ($35.00). The fee for a RCGL for an individual who is not a North Carolina resident shall be two hundred fifty dollars ($250.00).

(g) RCGL Available for Inspection. -- It is unlawful for any person to engage in recreational fishing by means of restricted commercial gear in the State without having ready at hand for inspection a valid RCGL. A holder of a RCGL shall not refuse to exhibit the RCGL upon the request of an inspector or any other law enforcement officer authorized to enforce federal or State laws, regulations, or rules relating to marine fisheries.

(h) Assignment and Transfer Prohibited. -- A RCGL is not transferable. Except as provided in subsection (j) of this section, it is unlawful to buy, sell, lend, borrow, assign, or otherwise transfer a RCGL, or to attempt to buy, sell, lend, borrow, assign, or otherwise transfer a RCGL.

(i) Reporting Requirements. -- The holder of a RCGL shall comply with the biological data sampling and survey programs of the Commission and the Division.

(j) Exemptions. --

(1) A person who is under 16 years of age may take fish for recreational purposes by means of authorized commercial gear without holding a RCGL if the person is accompanied by a parent, grandparent, or guardian who holds a valid RCGL or if the person has in the person's possession a valid RCGL issued to the person's parent, grandparent, or guardian.

(2) A person may take crabs for recreational purposes by means of one or more crab pots attached to the shore along privately owned land or to a privately owned pier without holding a RCGL provided that the crab pots are attached with the permission of the owner of the land or pier.

(3) A person who is on a vessel may take fish for recreational purposes by means of authorized commercial gear without holding a RCGL if there is another person on the vessel who holds a valid RCGL. This exemption does not authorize the use of commercial gear in excess of that authorized for use by the person who holds the valid RCGL or, if more than one person on the vessel holds a RCGL, in excess of that authorized for use by those persons.

(4) A person using nonmechanical means may take shellfish for personal use within the limits specified in G.S. 113-169.2(i) without holding a RCGL."

Section 4.21. G.S. 113-183 reads as rewritten:

"**§ 113-183. Unlawful purchase, possession, transportation and sale of fish.**

(a) It is unlawful to possess, transport, offer to transport, sell, offer to sell, receive, buy, or attempt to buy any fish regulated by the Department with knowledge or reason to believe that such fish are illicit.

(b) Fish are illicit when taken, possessed, or dealt with unlawfully, or when there has occurred at any time with respect to such fish a substantial failure of compliance with the applicable provisions of this Subchapter or of rules made under the authority of this Subchapter.

(c) It is unlawful for any person to purchase, possess, or sell fish taken from coastal fishing waters in violation of this Subchapter or the rules adopted by the Commission implementing this Subchapter."

Section 4.22. G.S. 113-223 reads as rewritten:

"**§ 113-223. Reciprocal agreements by Department generally.**

Subject to the specific provisions of ~~G.S. 113-153~~ G.S. 113-169.5 and ~~G.S. 113-161~~ G.S. 113-170.1 relating to reciprocal provisions as to landing and selling catch and as to licenses, the Department is empowered to make reciprocal agreements with other jurisdictions respecting any of the matters governed in this Subchapter. Pursuant to such agreements the Department may modify provisions of this Subchapter in order to effectuate the purposes of such agreements, in the overall best interests of the conservation of marine and estuarine resources."

Section 4.23. Article 19A of Chapter 113 of the General Statutes reads as rewritten:

"ARTICLE 19A.

"~~South Atlantic~~ Fishery Management ~~Council.~~ Councils.

"**§ 113-259. North Carolina members of the South Atlantic Fishery Management Council.**

(b) The first Council member shall be the principal State official with marine fishery management responsibility and expertise in the State, which official is the Director of the Division of Marine Fisheries of the Department or his designee.

(c) Pursuant to the enabling legislation, other members from the State of North Carolina are selected by the United States Secretary of Commerce from a list of qualified individuals submitted by the Governor of the State. The list of nominees shall be compiled by the Marine Fisheries Commission and must be comprised of individuals who are knowledgeable and experienced with regard to the management, conservation, or commercial or recreational harvest of the fishery resources in the Atlantic Ocean seaward of the states of New York, New Jersey, Delaware, Pennsylvania, Maryland, Virginia, and North Carolina. Prior to submission of the list of nominees, the Governor may consult with the Commission regarding additions to the list of nominees to be submitted. Should it be necessary for the Governor to submit additional nominees, the list of nominees shall be compiled by the Marine Fisheries Commission."

Section 4.24. Section 5.2 of S.L. 1997-400 reads as rewritten:

"Section 5.2. (a) Definitions; Citations. The definitions set out in G.S. 113-168 apply to this section. A citation to a provision of the General Statutes in this section means that provision of the General Statutes as enacted by this act.

(b) Transitional Provisions. In order to effect an orderly implementation of this Part and the transition from the moratorium imposed by subsection (a) of Section 3 of Chapter 576 of the 1993 Session Laws, Regular Session 1994, as amended by Section 3 of Chapter 675 of the 1993 Session Laws, Regular Session 1994; subsection (a) of Section 26.5 of Chapter 507 of the 1995 Session Laws; Section 7 of S.L. 1997-256; Section 3 of S.L. 1997-347; and Section 6.1 of this act, to the licensing provision of Article 14A of Chapter 113 of the General Statutes, the provisions of this section shall apply to the issuance of licenses under Article 14A of Chapter 113 of the General Statutes until all Fishery Management Plans have been adopted as required by G.S. 113-182.1 and G.S. 143B-289.22.

(c) Temporary Cap. There is hereby imposed a temporary cap on the total number of SCFLs that the Division may issue. The temporary cap equals the total number of endorsements to sell fish that establish eligibility for a SCFL under subsection (g) of this section plus 500 additional SCFLs, authorized by subsection (d) of this section.

(d) 1999-2000 License Year. For the 1999-2000 license year, the Commission is authorized to issue SCFLs as provided in subsection (g) of this section plus an additional 500 SCFLs using the procedure set out in subsection (h) of this section.

(e) Subsequent License Years. For license years beginning with the 2000-01 license year, the Commission is authorized to issue SCFLs from the pool of available SCFLs as provided in subsection (f) of this section using the procedure set out in subsection (h) of this section.

(f) Adjustment of Number of SCFLs. The number of SCFLs in the pool of available SCFLs in license years beginning with the 2000-01 license year is the temporary cap less the number of SCFLs that ~~are renewed.~~ were issued during the previous license year. The Commission may increase or decrease the number of SCFLs that are issued from the pool of available SCFLs. The Commission may increase the number of SCFLs that are issued from the pool of available SCFLs up to the temporary cap. The Commission may decrease the number of SCFLs that are issued from the pool of available SCFLs but may not refuse to renew a SCFL that is issued during the previous license year and that has not been suspended or revoked. The Commission shall increase or decrease the number of SCFLs that are issued to reflect its determination as to the effort that the fishery can support, based on the best available scientific evidence.

(g) Eligibility for SCFL. Any person who holds a valid endorsement to sell fish of a vessel license on ~~1 July~~ 30 June 1999 is eligible to receive a SCFL. Any person who holds a valid nonvessel endorsement to sell fish, other than a nonvessel endorsement to sell fish issued for an aquaculture operation or a fishing tournament, on 30 June 1999 is eligible to receive a SCFL. The Division shall issue a SCFL to any person who is eligible under this subsection upon receipt of an application and required fees. If the person held more than one endorsement to sell fish, the person is eligible to receive a SCFL for each endorsement to sell previously held. Eligibility to receive a SCFL under this subsection shall expire ~~1 July~~ 30 June 2000.

(h) Procedure for Issuing Additional SCFLs. The Commission shall determine a procedure for issuing the 500 additional SCFLs authorized by subsection (d) of this section for the 1999-2000 license year and for issuing SCFLs from the pool of available SCFLs authorized by subsection (e) of this section. The procedure shall set a date on which the Division will begin receiving applications and a date on which the determination by lot of which applicants will receive a SCFL will be made. The Commission shall develop criteria ~~for~~ to be used by the SCFL Eligibility Board in determining eligibility for a SCFL under this subsection. Criteria shall include the past involvement of the applicant and the applicant's family in commercial fishing; the extent to which the applicant has relied on commercial fishing for the applicant's livelihood; the extent to which the applicant has complied with federal and State laws, regulations, and rules relating to coastal fishing and protection of the environment; and any other factors the Commission determines to be relevant. The ~~Division~~ SCFL Eligibility Board shall review each application for a SCFL that ~~it~~ the Division receives during the application period to determine whether the applicant is eligible for a SCFL under the eligibility criteria established by the Commission. The Division shall issue SCFLs under this subsection by lot. All applicants who are determined to be eligible shall have an equal chance of being issued a SCFL.

(i) SCFL Eligibility Board. There is established a SCFL Eligibility Board. The Board shall apply the eligibility criteria adopted by the Commission to determine whether an applicant for a SCFL is eligible for a SCFL under subsection (h) of this section. The Board shall consist of the Secretary of Environment and Natural Resources or the Secretary's designee, the Fisheries Director or the Director's designee, and the Chair of the Commission or the Chair's designee. The Secretary shall designate one member of the Board to serve as Chair of the Board. The Commission shall adopt rules to govern the operation of the Board. The Board is exempt from the provisions of Article 3 of Chapter 150B of the General Statutes. Decisions of the Board shall be subject to judicial review under the provisions of Article 4 of Chapter 150B of the General Statutes."

PART V. MISCELLANEOUS PROVISIONS; EFFECTIVE DATES

Section 5.1. Unless otherwise expressly provided, every agency to which this act applies shall adopt rules to implement the provisions of this act only in accordance with the provisions of Chapter 150B of the General Statutes. This act constitutes a recent act of the General Assembly within the meaning of G.S. 150B-21.1. Every agency to which this act applies that is authorized to adopt rules to implement the provisions of this act may adopt temporary rules to implement the provisions of this act. This section shall continue in effect until all rules necessary to implement the provisions of this act have become effective as either temporary rules or permanent rules.

Section 5.2. The headings to the Parts of this act are a convenience to the reader and are for reference only. The headings do not expand, limit, or define the text of this act.

Section 5.3. If any section or provision of this act is declared unconstitutional or invalid by the courts, the unconstitutional or invalid section or provision does not affect the validity of this act as a whole or any part of this act other than the part declared to be unconstitutional or invalid.

Section 5.4. Sections 1.3, 1.5, 2.1, 3.2, 3.6, 4.4, 4.5, 4.23, 5.1, 5.2, 5.3, and 5.4 of this act are effective when this act becomes law. Sections 3.5 and 3.7 of this act become effective December 1, 1998, and apply to offenses committed on or after that date. Sections 1.4, 3.3, 3.4, 3.8, 4.1, 4.2, 4.3, 4.9, 4.10, 4.11, 4.12, 4.13, 4.14, 4.15, 4.16, 4.17, 4.18, 4.19, 4.20, 4.21, 4.22, and 4.24 become effective July 1, 1999. Section 4.6 is effective retroactively to August 14, 1997. Sections 1.1, 1.2, 1.6, 1.7, 3.1, 4.7, and 4.8 are effective retroactively to September 1, 1997. Section 4.15 expires September 1, 2003.

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: Department of Environment and Natural Resources, Division of Marine Fisheries, Marine Fisheries Commission

EFFECTIVE DATE: Various

BILL SUMMARY:

Makes numerous changes to marine fisheries law. Revises (in parts I through III of act) GS 143B-289.52, GS 113-182.1, and GS 113-221(e) concerning authority of Marine Fisheries Comm'n to adopt rules, prepare fishery management plans, and enforce proclamations issued by Fisheries Director. Revises (in part IV of act) several statutes on fishing licenses, including the provisions in GS 113-154.1 on endorsements to sell fish and GS 113-168.4 on persons authorized to sell fish; the definitions in GS 113-168 concerning coastal and estuarine commercial fishing licenses; the general provisions in GS 113-168.1 on obtaining licenses and endorsements; the provisions in GS 113-168.2 on obtaining, assigning, and transferring standard commercial fishing licenses (SCFLs) and GS 113-168.5 on license endorsements for SCFLs; the provisions in GS 113-168.3 on transferring retired standard commercial fishing licenses (RSCFLs); the vessel registration provisions in GS 113-168.6; and the provisions in GS 113-169, 113-169.2, 113-169.2 on menhaden, shellfish, and fish dealer licenses. Also adds new GS 113-

260 containing procedure for appointment of NC members to Mid-Atlantic Fishery Management Council; and establishes SCFL Eligibility Board, consisting of Sec'y of Environment and Natural Resources, Fisheries Director, and chair of Marine Fisheries Comm'n (or their designees) to determine eligibility for SCFLs. Provides (in part V of act) that every agency to which act applies must adopt rules to implement act. Parts I through III and V are effective when they become law; the various sections of part IV become effective as specified in the act. [1]

ASSUMPTIONS AND METHODOLOGY:
Effective July 1, 1999, the 1997 Fisheries Reform Act (Chapter 400, 1997 Session Laws) establishes a new Standard Commercial Fishing License (SCFL) which will be available only to persons holding a valid endorsement to sell fish on July 1, 1999 (the bill proposes to change this date to June 30, 1999). In addition, up to 500 additional SCFLs may be available for distribution by lot to new entrants or persons not otherwise eligible for a SCFL.

According to the Division of Marine Fisheries the bill in not expected to have a significant fiscal impact unless a clerical position is needed to support the SCFL Eligibility Board established in Section 4.21. The board is to consist of three members and is responsible for determining the eligibility of an applicant for a commercial fishing license relative to the eligibility criteria adopted by the Marine Fisheries Commission.

The Division of Marine Fisheries currently provides administrative support to the Appeals Panel established in 1994 to review petitions for the issuance of fishing licenses under the license moratorium in effect since July 1, 1994. The division is currently seeking a Processing Assistant III position at an annual cost of $29,738 for the Appeals Panel through the Governor's 1998 Recommended Expansion Budget and expects this position to support the SCFL Eligibility Board beginning with the 1999-2000 fiscal year. In 1994 the General Assembly appropriated $10,000 to cover the panel's expenses. Although, the division has paid operating expenses in excess of the appropriation with existing resources since the panel was established, it is uncertain whether the Eligibility Board established in this bill will experience a comparable workload and carry out its responsibilities in a manner similar to the Appeals Panel, thereby requiring permanent staff support and additional operating support.

Demand for the SCFL is somewhat unknown. Petitions for licenses heard by the Appeals Panel have declined since the first year of the moratorium. The panel reviewed 369 petitions in FY 94-95, 377 in FY 95-96, 301 in FY 96-97 and 178 through October of the 1997-98 fiscal year. In addition, petitions heard by the Appeals Panel include persons seeking a commercial license for the sole purpose of using commercial gear, not to derive income from the sale of fish. Those persons will be able to purchase a new Recreational Commercial Gear License (RCGL) and likely will not apply for a SCFL. If demand is low, the Eligibility Board will not have many applications to review.

The Appeals Panel currently holds two meetings each month to hear petitions for commercial fishing licenses, but the Eligibility Board does not necessarily have to use a "hearing" format to

[1] *Daily Bulletin*, Institute of Government, UNC-Chapel Hill, Vol. 1998, May 25, 1998.

determine eligibility for the lot. Depending on the eligibility criteria established by the commission, the Eligibility Board may be able to expedite consideration of applicants relative to the process used by the Appeals Panel.

Until there is a better indication of the actual level of demand for SCFLs through the new license pool process and the operating needs of the Eligibility Board are more clearly defined based on the eligibility criteria as adopted by the Marine Fisheries Commission, it is anticipated that the division can continue to provide staff support from existing resources.

Although the bill appears to establish fees in Section 4.7 to replace lost or destroyed licenses and endorsements and in Section 4.11 for vessel registrations, these sections are recodifications of current fees redlined in Sections 4.8 and 4.11 respectively.

MEMORANDUM

To: House Committee on Finance

From: Jeff Hudson, House Environment Committee Counsel

Regarding: Proposed Committee Substitute for House Bill 1448, 2nd Edition (1998 Marine Fisheries Amendments)

Proposed Committee Substitute for House Bill 1448, 2nd Edition (1998 Marine Fisheries Amendments)

PART I. MARINE FISHERIES COMMISSION

Sections 1.1 and 1.2 update cross-references. *Effective retroactively to September 1, 1997.*

Section 1.3 removes an unnecessary tax reference. *Effective when this act becomes law.*

Section 1.4 authorizes the Marine Fisheries Commission (Commission) to regulate participation in a fishery if a federal fishery management plan has placed a quota on the State for the harvest of fish in that fishery. If the Commission regulates a fishery pursuant to this authority, the Division of Marine Fisheries (Division) may issue a license to participate in the fishery to a person who:

- Held a license issued by the Division to harvest, land, or sell fish during at least two of the three license years preceding the control date established by the Commission and
- Participated in the fishery during two of those license years by landing in the State at least the minimum number of pounds of fish established by the Commission

Effective July 1, 1999.

Section 1.5 clarifies a reference to federal law and authorizes the Commission to adopt temporary rules needed to remain in compliance with changes in federal fishery management plans. *Effective when this act becomes law.*

Section 1.6 adds to the Commission's appointment statute a cross-reference to the prohibition against a member of the Commission receiving a financial benefit from a Fishery Resource Grant Program grant. *Effective retroactively to September 1, 1997.*

Section 1.7 corrects a typographical error in a cross-reference. *Effective retroactively to September 1, 1997.*

PART II. FISHERY MANAGEMENT PLANS

Section 2.1 changes the term "advisory council" to "fishery management plan advisory committee" and makes technical corrections to the term "Fishery Management Plan". This section also adds a section specifically authorizing the Commission to include in a fishery management plan a recommendation that the General Assembly limit participation in a fishery. The Commission may make this type of recommendation only if it determines that optimal yield cannot otherwise be achieved and must consider:

- Current participation in and dependence on the fishery
- Past fishing practices in the fishery
- Economics of the fishery
- Capability of vessels to be used in another fishery
- Cultural and social factors relevant to the fishery and affected communities
- Capacity of fishery to support biological parameters
- Equitable resolution of competing social and economic interests
- Other relevant considerations

Effective when this act becomes law.

PART III. MARINE FISHERIES LAW ENFORCEMENT

Section 3.1 updates a cross-reference. *Effective retroactively to September 1, 1997.*

Section 3.2 removes an unnecessary tax reference. *Effective when this act becomes law.*

Sections 3.3 and 3.4 update cross-references. *Effective July 1, 1999.*

Section 3.5 increases the penalty for the unauthorized taking of shellfish from a privately held shellfish bottom from a Class 2 misdemeanor to a Class A1 misdemeanor. *Effective December 1, 1998 and applies to offenses committed on or after that date.*

Section 3.6 amends the "act of God" defense to proclamation violations so that it is a defense to an enforcement action when a person is prevented from receiving notice of the proclamation due to a natural disaster or other act of God. *Effective when this act becomes law.*

Section 3.7 makes it unlawful under the fisheries statutes to steal buoys, markers, stakes, nets, pots, and other related devices and increases the penalty for robbing from, stealing, or injuring these devices. *Effective December 1, 1998 and applies to offenses committed on or after that date.*

Section 3.8 updates a cross-reference. *Effective July 1, 1999.*

PART IV. FISHING LICENSES; TRANSITIONAL PROVISIONS

Section 4.1 makes a conforming change to the vessel identification statute. *Effective July 1, 1999.*

Section 4.2 makes technical and conforming changes to the vessel identification statute related to commercial vessels. This section removes the income requirement from the definition of "commercial fishing vessel". *Effective July 1, 1999.*

Section 4.3 updates a cross-reference. *Effective July 1, 1999.*

Section 4.4 removes an unnecessary tax reference. *Effective when this act becomes law.*

Section 4.5 makes a technical change. *Effective when this act becomes law.*

Section 4.6 deletes the prohibition against selling fish using another person's endorsement to sell. This provision was mistakenly added in the Fisheries Reform Act. *Effective retroactively to August 14, 1997.*

Sections 4.7 and 4.8 delete old penalty provisions that conflict with the new penalties for the unlawful sale or purchase of fish established by the Fisheries Reform Act of 1997. *Effective retroactively to September 1, 1997.*

Section 4.9 amends the definition of "commercial fishing operation" to delete taking people fishing for hire and exclude taking fish in a recreational fishing tournament with recreational gear and taking fish under a Recreational Commercial Gear License (RCGL). This section also defines "immediate family" for purposes of transferring a Standard Commercial Fishing License (SCFL) or Retired Standard Commercial Fishing License (RSCFL). Finally, Section 4.9 amends the definition of "North Carolina resident" found in the commercial fishing license statutes so that it is consistent with the definition of "resident" that applies throughout the marine, estuarine, and wildlife resources statutes. *Effective July 1, 1999.*

Section 4.10 amends and expands the general licensing provisions statute to:

- Provide that all coastal and estuarine fishing licenses, except the RCGL, expire on June 30 of each year
- Require that a person fishing pursuant to an assigned SCFL must have the SCFL and the assignment available for inspection
- Consolidate provisions from other statutes governing license issuance and renewal
- Require a licensee to apply for a replacement license within 30 days of a change in the licensee's name or address and authorize the Commission to establish replacement license fees of up to $10.00 in order to compensate the Division for the administrative costs associated with issuing replacement licenses
- Provide that eligibility to renew a SCFL extends until one year after the date the SCFL expires
- Prohibit a person from obtaining or renewing a license if, at the time of application, any other license held by the person has been suspended or revoked
- Prohibit a person from obtaining a license if, within the three years prior to application, the person has been determined to be responsible for four or more violations of federal or state laws governing the management of marine and estuarine resources
- Require a person applying for a license to certify that the person has not been determined to be responsible for four or more violations of federal or state laws governing the management of marine and estuarine resources
- Authorize the Division to cancel a license issued based on false information supplied by the applicant

(**Note: The Proposed Committee Substitute** for House Bill 1448, 2nd Edition requires all licensees to apply for a replacement license within 30 days of a change in the licensee's name or address. Under House Bill 1448, 2nd Edition, only certain types of licensees, such as fish dealers and pier owners, must comply with this requirement. Also, the proposed committee substitute authorizes the Commission to establish replacement license fees of up to $10.00 in order to compensate the Division for the administrative costs associated with issuing the replacement license, while House Bill 1448, 2nd Edition establishes a statutory $10.00 fee for all replacement licenses.) *Effective July 1, 1999.*

Section 4.11 amends the SCFL statute to:

- Clarify that in order to take shellfish, a person must hold either a SCFL with a shellfish endorsement or a shellfish license
- Clarify that the SCFL authorizes the use of only one vessel at a time, unless the Commission adopts rules to exempt from this requirement unlicensed auxiliary vessels engaged in particular fisheries
- Delete general licensing provisions that were consolidated into the general licensing provision statute

- Delete references to vessel endorsements that are no longer necessary due to the replacement by Sections 4.14 and 4.15 of the vessel endorsement system with the vessel registration system
- Base the residency requirement for all persons, except military personnel, applying for a SCFL on the filing of a tax return as a North Carolina resident
- Exempt assignments lasting five days or less from filing requirements
- Provide that an assignee cannot further assign a SCFL
- Add assignment termination in the following cases:
    - the estate of the assignor notifies the assignee and the Division of termination
    - the assignee becomes ineligible to hold a license
    - upon the death of the assignee
    - upon suspension or revocation of the SCFL
    - at the end of the license year
- Clarify that a SCFL may only be transferred by the Division
- Clarify the process by which a SCFL is transferred through an estate

Effective July 1, 1999.

Section 4.12 clarifies that all licensing provisions applicable to the SCFL are also applicable to the RSCFL, except that a RSCFL may not be assigned. This section also makes the transfer provisions for the RSCFL consistent with the SCFL transfer provision revised by Section 4.11. *Effective July 1, 1999.*

Section 4.13 clarifies that one must have the specific license to sell the type of fish one is offering for sale. This section also deletes the term "nonprofit" from the provision governing the sale of fish by recreational fishing tournaments. Finally, Section 4.13 clarifies that the sale of fish by a recreational fishing tournament must be to a licensed fish dealer; gross proceeds from the sale must be used for charitable, religious, educational, civic, or conservation purposes only; and gross proceeds from the sale must not be used to pay tournament expenses. *Effective July 1, 1999.*

Section 4.14 deletes the vessel endorsement provision. These provisions are reconstituted in the commercial fishing vessel registration requirements established by Section 4.15. Section 4.14 also clarifies that a menhaden endorsement of a SCFL is only required to take, land, or sell menhaden taken by a purse seine. Finally, Section 4.14 provides that a shellfish endorsement of a SCFL authorizes the harvest and sale of shellfish. *Effective July 1, 1999.*

Section 4.15 requires vessels engaged in commercial fishing operations, except for non-motorized auxiliary vessels, to be registered by the Division. This requirement replaces the vessel endorsement provisions deleted by Section 4.14. Section 4.15 requires an owner to annually register each vessel engaged in a commercial fishing operation. Vessel registration fees remain the same as the vessel endorsement fees deleted by Section 4.14. *Effective July 1, 1999 and expires September 1, 2003.*

Section 4.16 clarifies the eligibility requirements for obtaining a menhaden license for nonresidents not eligible for a SCFL. This section also provides that crew members of a vessel engaged in a commercial fishing operation harvesting and selling menhaden are not required to hold a menhaden nonresident license or SCFL when working under the direction of a person who holds the menhaden license. *Effective July 1, 1999.*

Section 4.17 provides that a shellfish license is required for taking shellfish from privately held grounds. This section also clarifies the personal use exemption to the shellfish license requirements. Finally, Section 4.17 moves the issuance and renewal provisions from the shellfish license statute to the general licensing provision statute and deletes the reference to the vessel endorsement provisions deleted by Section 4.14. *Effective July 1, 1999.*

Section 4.18 provides that fish dealer licenses will be available at all offices of the Division. This section also provides that failure to comply with the requirement that a fish dealer apply for a replacement license within 30 days after changing the name or address of the fish dealer operation will result in a revocation of the fish dealer license. Furthermore, Section 4.18 clarifies that for a fish dealer to lawfully buy fish, the seller must present the license required to sell the type of fish being sold and the registration for the vessel used to catch the fish. Finally, this section limits the provision governing the unlawful purchase, possession, and sale of fish to fish dealers.
(**Note: The Proposed Committee Substitute** for House Bill 1448, 2nd Edition limits the provision governing the unlawful purchase, possession, and sale of fish to fish dealers, while under House Bill 1448, 2nd Edition, this provision applies to any person.) *Effective July 1, 1999.*

Section 4.19 provides that the replacement license provision in the general licensing statute applies to pier licenses. *Effective July 1, 1999.*

Section 4.20 makes a technical change. *Effective July 1, 1999.*

Section 4.21 provides that it is unlawful for a person fishing under a RCGL to possess fish in excess of recreational possession limits. This section also adds an exemption to the RCGL statute allowing a person to take shellfish by nonmechanical means up to the personal use limits without holding a RCGL.
(**Note: The Proposed Committee Substitute** for House Bill 1448, 2nd Edition deletes the $2.00 replacement fee for the RCGL and provides that the replacement license provision in the general licensing statute applies to the RCGL.) *Effective July 1, 1999.*

Section 4.22 updates cross-references. *Effective July 1, 1999.*

Section 4.23 provides for North Carolina membership in the Mid-Atlantic Fishery Management Council. This provision is parallel to the membership provision currently in place for North Carolina membership in the South Atlantic Fishery Management Council. *Effective when this act becomes law.*

Section 4.24 clarifies that the number of SCFLs available in each license year, beginning with the 2000-2001 license year, is the number of the temporary cap (number of endorsements to sell held June 30, 1999, plus an additional 500 SCFLs) less the sum of SCFLs issued and SCFLs renewed during the previous license year. This section also provides that a person who holds a non-vessel endorsement to sell, other than an endorsement for an aquaculture operation or fishing tournament, on June 30, 1999, is eligible to obtain a SCFL. Finally, Section 4.21 modifies the eligibility review process for the 500 additional SCFLs. The SCFL Eligibility Board (Board) is established to replace the Division in the application of the eligibility criteria established by the Commission. The Board is composed of the following members:

- The Secretary of Environment and Natural Resources or the Secretary's designee
- The Fisheries Director or the Director's designee
- The Chair of the Commission or the Chair's designee

Decisions by the Board are exempt from administrative review, but are subject to judicial review.
(**Note: The Proposed Committee Substitute** for House Bill 1448, 2nd Edition clarifies that the number of licenses issued plus the number of licenses renewed during a license year are not available for issuance during the subsequent license year.) *Effective July 1, 1999.*

PART V. MISCELLANEOUS PROVISIONS; EFFECTIVE DATES

Section 5.1 authorizes every agency to which this act applies to adopt temporary rules until all rules necessary to implement this act have been adopted as temporary or permanent rules. *Effective when this act becomes law.*

Section 5.2 explains the use of headings in the bill. *Effective when this act becomes law.*

Section 5.3 provides for the severability of the provisions of the bill. *Effective when this act becomes law.*

Section 5.4 establishes the effective dates of the sections of the bill. *Effective when this act becomes law.*

FIRST EDITION: Makes numerous changes to marine fisheries law. Revises (in parts I through III of act) GS 143B-289.52, GS 113-182.1, and GS 113-221(e) concerning authority of Marine Fisheries Commission to adopt rules, prepare fishery management plans, and enforce proclamations issued by Fisheries Director. Revises (in part IV of act) several statutes on fishing licenses, including the provisions in GS 113-154.1 on endorsements to sell fish and GS 113-168.4 on persons authorized to sell fish; the definitions in GS 113-168 concerning coastal and estuarine commercial fishing licenses; the general provisions in GS 113-168.1 on obtaining licenses and endorsements; the provisions in GS 113-168.2 on obtaining, assigning, and transferring standard commercial fishing licenses (SCFLs) and GS 113-168.5 on license endorsements for SCFLs; the provisions in GS 113-168.3 on transferring retired standard commercial fishing licenses (RSCFLs); the vessel registration provisions in GS 113-168.6; and

the provisions in GS 113-169, 113-169.2, 113-169.2 on menhaden, shellfish, and fish dealer licenses. Also adds new GS 113-260 containing procedure for appointment of NC members to Mid-Atlantic Fishery Management Council; and establishes SCFL Eligibility Board, consisting of Secretary of Environment and Natural Resources, Fisheries Director, and chair of Marine Fisheries Commission (or their designees) to determine eligibility for SCFLs. Provides (in part V of act) that every agency to which act applies must adopt rules to implement act. Parts I through III and V are effective when they become law; the various sections of part IV become effective as specified in the act. [1]

SECOND EDITION: House committee substitute makes the following changes to 1st edition. Amends GS 143B-289.52, to authorize the Marine Fisheries Commision to regulate participation in a fishery that is subject to any federal fishery management plan imposing quotas on the state and to issue licenses under specified conditions. Amends GS 113-208(a) and 113-268 to make violation of these provisions a Class A1 (now, Class 2) misdemeanor. Provides that persons 65 years or older and eligible for a standard commercial fishing license (SCFL) may apply for either a SCFL or retired standard commercial fishing license. Deletes changes to 1993 SL, Chapter 576. Makes other technical changes. [2]

HOUSE FINANCE PCS: The proposed committee substitute makes the following changes to the 2nd edition: Requires all licensees to apply for replacement license within 30 days of change of address or licensee name. Authorizes the Marine Fisheries Commission to establish replacement license fees of up to $10.00 to compensate the division for administrative costs associated with issuing replacements. Limits provision governing the unlawful purchase, possession, and sale of fish to fish dealers. Makes additional clarifying change. [3]

ASSUMPTIONS AND METHODOLOGY:

REVENUES:

The bill authorizes the Marine Fisheries Commission to establish a replacement fee for lost, stolen or destroyed licenses, including endorsements. The fee charged may not exceed $10.00 and shall be set by the commission to compensate the division for associated administrative costs.

Currently, the Division of Marine Fisheries charges $5.00 for vessel licenses and related endorsements to sell that are either destroyed or unreadable. In addition, the division routinely provides copies of its license receipts to replace lost licenses until a new one can be issued for the next license year. Such "certified copies" are currently provided free of charge.

[2] *Daily Bulletin*, Institute of Government, UNC-Chapel Hill, Vol. 1998, July 29, 1998.

[3] Memorandum to House Committee on Finance from Jeff Hudson, House Environment Committee Counsel, August 11, 1998.

The division issued a total of 30,964 commercial fishing licenses and vessel endorsements during the 1997-98 fiscal year. Of these, 115 were either destroyed or unreadable and replaced for a $5.00 fee or total replacement fee revenue of $575.00. Certified copies were issued for another 192 licenses that were reported lost during the fiscal year.

The division is unsure how many of each type of license will be issued under the new license system effective July 1, 1999, but does not anticipate a dramatic increase in the total number of licenses issued. Unless the division must issue a substantial number of licenses as a result of the requirement that a replacement be issued within 30 days of a change in the licensee's name or address, the division is not likely to experience a significant change in the number of replacement licenses issued.

The proposal to allow the Marine Fisheries Commission to establish the fee ties the amount of the fee to the costs associated with administering replacement license requests. Assuming the division continues to replace approximately 300 licenses each year, and the commission sets the replacement fee at $10.00, the maximum allowed, the division would receive an additional $2,425.00 per year in license revenues (relative to current replacement fee receipts of $575.00).

EXPENDITURES:

Effective July 1, 1999, the 1997 Fisheries Reform Act (Chapter 400, 1997 Session Laws) establishes a new Standard Commercial Fishing License (SCFL) which will be available only to persons holding a valid endorsement to sell fish on July 1, 1999 (the bill proposes to change this date to June 30, 1999). In addition, up to 500 additional SCFLs may be available for distribution by lot to new entrants or persons not otherwise eligible for a SCFL.

According to the Division of Marine Fisheries the bill in not expected to have a significant fiscal impact unless a clerical position is needed to support the SCFL Eligibility Board established in Section 4.24. The board is to consist of three members and is responsible for determining the eligibility of an applicant for a commercial fishing license relative to the eligibility criteria adopted by the Marine Fisheries Commission.

The Division of Marine Fisheries currently provides administrative support to the Appeals Panel established in 1994 to review petitions for the issuance of fishing licenses under the license moratorium in effect since July 1, 1994. The division is currently seeking a Processing Assistant III position at an annual cost of $29,738 for the Appeals Panel through the Governor's 1998 Recommended Expansion Budget and expects this position to support the SCFL Eligibility Board beginning with the 1999-2000 fiscal year. In 1994 the General Assembly appropriated $10,000 to cover the panel's expenses. Although, the division has paid operating expenses in excess of the appropriation with existing resources since the panel was established, it is uncertain whether the Eligibility Board established in this bill will experience a comparable workload and carry out its responsibilities in a manner similar to the Appeals Panel, thereby requiring permanent staff support and additional operating support.

Demand for the SCFL is somewhat unknown. Petitions for licenses heard by the Appeals Panel have declined since the first year of the moratorium. The panel reviewed 369 petitions in FY 94-

95, 377 in FY 95-96, 301 in FY 96-97 and 178 through October of the 1997-98 fiscal year. In addition, petitions heard by the Appeals Panel include persons seeking a commercial license for the sole purpose of using commercial gear, not to derive income from the sale of fish. Those persons will be able to purchase a new Recreational Commercial Gear License (RCGL) and likely will not apply for a SCFL. If demand is low, the Eligibility Board will not have many applications to review.

The Appeals Panel currently holds two meetings each month to hear petitions for commercial fishing licenses, but the Eligibility Board does not necessarily have to use a "hearing" format to determine eligibility for the lot. Depending on the eligibility criteria established by the commission, the Eligibility Board may be able to expedite consideration of applicants relative to the process used by the Appeals Panel.

Until there is a better indication of the actual level of demand for SCFLs through the new license pool process and the operating needs of the Eligibility Board are more clearly defined based on the eligibility criteria as adopted by the Marine Fisheries Commission, it is anticipated that the division can continue to provide staff support from existing resources.

May 21, 1998

A BILL TO BE ENTITLED

AN ACT TO PROVIDE FOR A WIRELESS ENHANCED 911 SYSTEM FOR THE USE OF CELLULAR, PERSONAL COMMUNICATIONS SERVICE, AND OTHER WIRELESS TELEPHONE CUSTOMERS, AS RECOMMENDED BY THE JOINT LEGISLATIVE UTILITY REVIEW COMMITTEE, AND TO ALLOW STATE AGENCIES TO LEASE PUBLIC PROPERTY FOR THE CONSTRUCTION OF WIRELESS COMMUNICATIONS TOWERS AND TO ENCOURAGE CO-LOCATION OF SERVICES TO THOSE TOWERS, AND TO MAKE A TECHNICAL CORRECTION TO G.S. 62A-10.

The General Assembly of North Carolina enacts:

Section 1. The General Statutes are amended by adding a new Chapter to read:

"Chapter 62B.

"Wireless Telephone Service.

"**§ 62B-1. Definitions.**

As used in this Chapter:

(1) 'Automatic location identification' or 'ALI' means a wireless Enhanced 911 service capability that enables the automatic display of information defining the approximate geographic location of the wireless telephone used to place a 911 call in accordance with the FCC Order and includes pseudoautomatic number identification.

(2) 'Automatic number identification' or 'ANI' means a wireless Enhanced 911 service capability that enables the automatic display of a mobile handset telephone number used to place a 911 call.

(3) 'CMRS' means 'commercial mobile radio service' under sections 3(27) and 332(d) of the Federal Telecommunications Act of 1996, 47 U.S.C. § 151, et seq., and the Omnibus Budget Reconciliation Act of 1993, Pub. L. 103-66, August 10, 1993, 107 Stat. 312. It includes the term 'wireless' and service provided by any wireless two-way voice communication device, including radio-telephone communications used in cellular telephone service, personal communications service, or the functional competitive equivalent of a radio-telephone communications line used in cellular telephone service, a personal communications service, SMR mobile service, or a network radio access line which has access to E911 service.

(4) 'CMRS connection' means each mobile handset telephone number assigned to a CMRS customer with a billing address in North Carolina.

(5) 'CMRS provider' means a person or entity who is licensed by the FCC to provide CMRS service or is reselling CMRS service.

(6) 'Eligible PSAPs' means those public safety answering points that have opted to provide wireless Enhanced 911 service and have submitted written notice to their CMRS providers and to the Wireless 911 Board.

(7) 'FCC Order' means the Order of the Federal Communications Commission, FCC Docket No. 94-102, adopted on December 1, 1997.

(8) 'Local exchange carrier' means any entity that is authorized to engage in the provision of telephone exchange service or exchange access in North Carolina.

(9) 'Mobile set telephone number' means the number assigned to a CMRS connection.

(10) 'Proprietary information' means customer lists and other related information, technology descriptions, technical information, or trade secrets, including the term 'trade secrets' as defined by the North Carolina Trade Secrets Protection Act, G.S. 66-152, and the actual or developmental costs of wireless Enhanced 911 systems that are developed, produced, or received internally by a CMRS provider or by a CMRS provider's employees, directors, officers, or agents.

(11) 'PSAP' ('public safety answering point') means the public safety agency that receives incoming 911 calls and dispatches appropriate public safety agencies to respond to such calls.

(12) 'Pseudoautomatic number identification' or 'Pseudo-ANI' means a wireless Enhanced 911 service capability that enables the automatic display of the number of the cell site or cell face.

(13) 'Service supplier' means a person or entity who provides exchange telephone service to a telephone subscriber.

(14) 'Wireless 911 system' means an emergency telephone system that provides the user of a CMRS connection the ability to reach a PSAP by dialing the digits 911.

(15) 'Wireless Enhanced 911 system' means an emergency telephone system that provides the user of the CMRS connection with wireless 911 service and, in addition, directs 911 calls to appropriate PSAPs by selective routing based on the geographical location from which the call originated and provides the capability for ANI (or Pseudo-ANI) and ALI features, in accordance with the requirements of the FCC Order.

(16) 'Wireless Fund' means the Wireless Emergency Telephone System Fund required to be established and maintained pursuant to G.S. 62B-2(c).

"**§ 62B-2. Wireless 911 Board.**

(a) There is created a Wireless 911 Board ('Board'), consisting of thirteen members as follows:

(1) Two members appointed by the Governor, one upon the recommendation of the North Carolina League of Municipalities and one upon the recommendation of the North Carolina Association of County Commissioners;

(2) Five members appointed by the General Assembly upon the recommendation of the Speaker of the House of Representatives, one of whom shall be a sheriff, three representing CMRS providers licensed to do business in North Carolina and one representing the North Carolina Chapter of the Association of Public Safety Communications Officials (APCO);

(3) Five members appointed by the General Assembly upon the recommendation of the President Pro Tempore of the Senate, one of whom shall be a chief of police, two representing CMRS providers licensed to do business in North Carolina, one representing local exchange carriers licensed to do business in North Carolina, and one representing the North Carolina Chapter of the National Emergency Number Association (NENA); and

(4) The Secretary of Commerce or the Secretary's designee, who shall serve as the chair.

A quorum of the Board shall consist of seven members. The Board shall meet upon the call of the chair.

(b) Each member shall serve a term of four years and may be appointed to no more than two successive terms. Vacancies may be filled in the same manner as the original appointment.

(c) There is established with the Treasurer the Wireless Fund into which the Board shall deposit all revenues derived from the service charge levied on CMRS connections in the State and collected pursuant to G.S. 62B-3. The Wireless Fund shall be a separate fund restricted to the uses set forth in this Chapter. (d) Consistent with the provisions of G.S. 143-3.2, the Board shall disburse the revenues remitted to the Wireless Fund in the manner set forth in G.S. 62B-5. The Board shall establish procedures for disbursement of these revenues and advise the CMRS providers and eligible counties of such procedures within 60 days after all members are appointed pursuant to G.S. 62B-2(a).

(e) The Board shall serve without compensation, but members of the Board shall receive per diem, subsistence, and travel allowances at the rate established in G.S. 138-5.

"**§ 62B-3. Amount of service charge.**

(a) The Board shall levy a monthly wireless Enhanced 911 service charge on each CMRS connection. The rate of such service charge shall initially be set at eighty cents (80¢) per month per each CMRS connection beginning October 1, 1998. The service charge shall have uniform application and shall be imposed throughout the State.

(b) The service charge may be adjusted by the Board beginning July 1, 2000 and every two years thereafter. The Board is to set the service charge at such a rate as to ensure full recovery for CMRS providers and for PSAPs, over a reasonable period of time, of the costs associated with developing and maintaining a wireless Enhanced 911 system. If necessary to ensure full recovery of costs for both CMRS providers and PSAPs over a reasonable period of time, the Board may, at the time it adjusts the service charge, also adjust the allocation percentages set forth in G.S. 62B-5(a) and G.S. 62B-5(b).

(c) The service charge shall not exceed one dollar and twenty-five cents ($1.25).

(d) The Board may adopt other rules and procedures as may be necessary to effect the provisions of this act but may not regulate any other aspect of the provision of wireless Enhanced 911 service, such as technical standards.

(e) No other State agency or local government may levy any additional surcharge relating to the provision of wireless Enhanced 911 service.

"**§ 62B-4. Management of funds.**

(a) Each CMRS provider, as a part of its monthly billing process, shall collect the wireless Enhanced 911 service charge described in G.S. 62B-3. The CMRS provider may list the service charge as a separate entry on each bill. If a CMRS provider receives a partial payment for a monthly bill from a subscriber, the provider shall apply the payment first against the amount the subscriber owes the provider.

(b) A CMRS provider has no obligation to take any legal action to enforce the collection of the service charges for which any subscriber is billed. However, a

collection action may be initiated by the Board and reasonable costs and attorneys' fees associated with that collection action may be awarded.

(c) Each CMRS provider shall be entitled to deduct a one percent (1%) administrative fee from the total service charges collected.

(d) All service charges collected by the CMRS providers, less the administrative fee described in subsection (c) of this section, are to be remitted to the Wireless Fund, not later than 30 days after the end of the calendar month in which such service charges are collected.

"§ 62B-5. Use of funds.

(a) Sixty percent (60%) of the funds in the Wireless Fund established in G.S. 62B-2(c) shall be used to reimburse CMRS providers, in response to sworn invoices submitted to the Board, for the actual costs incurred by the CMRS providers in complying with the wireless 911 requirements established by the FCC Order and any rules and regulations which are or may be adopted by the FCC pursuant to the FCC Order, including costs and expenses incurred for designing, upgrading, purchasing, leasing, programming, installing, testing, or maintaining all necessary data, hardware, and software required in order to provide such service as well as the recurring and nonrecurring costs of operating such service. All costs and expenses must be commercially reasonable.

(b) Forty percent (40%) of the funds in the Wireless Fund established in G.S. 62B-2(c) shall be used to make monthly distributions to eligible PSAPs (the '40% Fund'). Money from the 40% Fund shall be used only to pay for the lease, purchase, or maintenance of emergency telephone equipment for the wireless Enhanced 911 system, including necessary computer hardware, software and database provisioning, and nonrecurring costs of establishing a wireless Enhanced 911 system. Money from the 40% Fund shall also be used to pay the rates associated with the local telephone companies' charges related to the operation of the wireless Enhanced 911 system. The 40% Fund shall be distributed as follows:

(1) Fifty percent (50%) of it shall be divided equally among the total number of PSAPs in North Carolina. However, monthly distribution shall be made only to those PSAPs that have complied with the provisions of this Chapter. Distribution to each eligible PSAP will begin the month following its compliance with the provisions of this Chapter. All monies remaining in this portion of the 40% Fund on January 31 of each year will then be evenly distributed to each of the eligible PSAPs.

(2) The other fifty percent (50%) shall be divided pro rata among the eligible PSAPs based on the population served by the PSAP. However, monthly distribution shall be made only to those PSAPs that have complied with the provisions of this Chapter. Distribution to each eligible PSAP will begin the month following its compliance with the provisions of this Chapter. The population data to be used shall be the latest certified county and official municipal estimates of population published by the Office of State

Planning. All monies remaining in this portion of the 40% Fund on January 31 of each year will then be distributed to each of the eligible PSAPs based on the population served by the PSAP.

(c) Sworn invoices shall be presented by CMRS providers in connection with any request for reimbursement under this section. In no event shall any invoice for reimbursement be approved for the payment of costs that are not related to compliance with the wireless Enhanced 911 service requirements established by the FCC Order and any rules and regulations which are or may be adopted by the FCC pursuant to the FCC Order.

(d) In no event shall any invoice for reimbursement be approved for payment of costs of any CMRS provider exceeding one hundred twenty-five percent (125%) of the service charges remitted by such CMRS provider unless prior approval for such expenditures is received from the Board. If the total amount of invoices submitted to the Board and approved for payment exceeds the amount in the Wireless Fund in any month, CMRS providers that have invoices approved for payment shall receive a pro rata share of the Wireless Fund, based on the relative amount of their approved invoices available that month, and the balance of the payments will be carried over to the following month or months and shall include interest at the rate set out in G.S. 24-1 until all of the approved payments are made.

(e) In January of each year every participating PSAP will submit to the Board a copy of its governing agency's approved budget detailing the PSAP's revenues and expenditures associated with the operation of its wireless Enhanced 911 system. PSAPs must comply with all requests by the Board for financial information related to the operation of the wireless Enhanced 911 system.

(f) On February 15, 2000, and every two years thereafter the Board shall report to the Joint Legislative Commission on Governmental Operations and the Revenue Laws Study Committee. The report shall contain complete information regarding receipts and expenditures of all funds received by the Board during the period covered by the report as well as the status of wireless Enhanced 911 systems in North Carolina at the time of the report. The first report shall cover the period from the formation of the Board to December 31, 1999. Each succeeding report shall cover the two year period of time from the ending date of the previous report.

"§ 62B-6. Administrative fee.

The Board shall be entitled to deduct a one percent (1%) administrative fee from the total service charges remitted by the CMRS providers for its expenses.

"§ 62B-7. Provision of services.

In accordance with the FCC Order, no CMRS provider shall be required to provide wireless Enhanced 911 service until such time as (i) the provider receives a request for such service from the administrator of a PSAP that is capable of receiving and utilizing the data elements associated with the service; (ii) funds are available pursuant to G.S. 62B-4; and (iii) the local exchange carrier is able to support the wireless Enhanced 911 system.

"§ 62B-8. Audit.

The State Auditor may perform audits pursuant to Article 5A of Chapter 147 of the General Statutes to ensure that funds in the Wireless Fund are being managed in accordance with the provisions of this Chapter and shall perform an audit at least every two years. The State Auditor shall provide the audit to the Board when it meets to consider adjusting the service charge pursuant to G.S. 62B-3. The cost of audits shall be reimbursed to the State Auditor by the Board.

"§ 62B-9. Customer records.

Each CMRS provider shall provide its ten thousand number groups to the PSAPs upon request. This information shall remain the property of the disclosing CMRS provider and shall be used only in providing emergency response services to 911 calls. CMRS connection information obtained by PSAP personnel for public safety purposes is not public information under Chapter 132 of the General Statutes. No person shall disclose or use, for any purpose other than for the wireless 911 calling system, information contained in the data base of the telephone network portion of a wireless 911 calling system established pursuant to this Chapter.

"§ 62B-10. Proprietary information.

All proprietary information submitted to the Board or the State Auditor shall be retained in confidence. Proprietary information submitted pursuant to this Chapter shall not be subject to disclosure under Chapter 132 of the General Statutes, or otherwise released to any person other than to the submitting CMRS provider, the Board, and the independent, third-party auditor retained pursuant to G.S. 62B-6, without the express permission of the submitting CMRS provider. Further, proprietary information shall constitute trade secrets as defined by the North Carolina Trade Secrets Protection Act, Article 24 of Chapter 66 of the General Statutes. General information collected by the Board or the State Auditor shall be released or published only in aggregate amounts that do not identify or allow identification of numbers of subscribers or revenues attributable to an individual CMRS provider.

"§ 62B-11. Limitation of liability.

A CMRS provider, local exchange company, service supplier, or their employees, directors, officers, or agents, except in cases of wanton or willful misconduct, shall not be liable for any damages in a civil action resulting from death or injury to any person or from damage to property incurred by any person in connection with developing, adopting, implementing, maintaining, or operating any wireless 911 system or wireless Enhanced 911 system. This section shall not apply to actions arising out of the operation or ownership of a motor vehicle.

"§ 62B-12. Misuse of wireless 911 system; penalty.

Wireless emergency telephone service shall be used solely for emergency communications by the public. Any person who knowingly uses or attempts to use wireless emergency telephone service or information for a purpose other than obtaining public safety assistance, or who knowingly uses or attempts to use wireless emergency telephone service in an effort to avoid any CMRS charges, is guilty of a Class 3 misdemeanor. If the value of the CMRS charge or service obtained in a manner prohibited by this section exceeds one hundred dollars ($100.00), the person is guilty of a Class 1 misdemeanor."

Section 2. G.S. 62A-10 reads as rewritten:

"**§ 62A-10. Limitation of liability.**

A service supplier, including any telephone company and its employees, directors, officers and agents, is not liable for any damages in a civil action for injuries, death, or loss to persons or property incurred by any person as a result of any act or omission of a service supplier or of any of its employees, directors, officers, or agents, except for willful or wanton misconduct, in connection with developing, adopting, implementing, maintaining, or operating any 911 system. This section shall not apply to actions arising out of the operation or ownership of a motor vehicle."

Section 3. Chapter 146 of the General Statutes is amended by adding a new section to read:

"**§ 146-29.2. Lease provisions for communications towers.**

The State may lease real property, or any interest in real property, for the purposes of construction and placement of communications towers on State land or for placement of antennas upon State-owned structures. The following additional requirements shall apply to such leases:

(1) The lease shall require the lessee to permit other telecommunications carriers to co-locate on the communications tower on commercially reasonable terms between the lessee and the co-locating carrier until the communications tower reaches its capacity. Unless the State determines that co-location is not feasible at that location, the communications tower shall be designed and constructed to accommodate other carriers on the tower.

(2) The State shall, in determining the location of lands to be leased for communications towers, encourage communications towers to be located near other communications towers to the extent technically desirable.

(3) The State shall, when choosing a communications tower or antenna location, choose a location which minimizes the visual impact on surrounding landscape.

For purposes of this section, 'co-locate and co-location' mean the sharing of a communications tower by two or more services.

City and county ordinances apply to communications towers and antennas authorized under this section."

Section 4. G.S. 105-120 is amended by adding a new subsection to read:

"(c1) Enhanced 911 service charge. -- Gross receipts of an entity that provides local telecommunications service do not include wireless Enhanced 911 service charges imposed under G.S. 62B-3 and remitted to the Wireless Fund under G.S. 62B-4."

Section 5. G.S. 105-130.5(b) is amended by adding a new subdivision to read:

"(17) The amount of wireless Enhanced 911 service charges collected under G.S. 62B-3 and remitted to the Wireless Fund under G.S. 62B-4."

Section 6. If any provision of this act or the application of this act to any person or circumstance is held invalid, that invalidity shall not affect other provisions or applications of this act that can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.

Section 7. Section 5 of this act is effective for taxable years beginning on or after October 1, 1998. The remainder of this act is effective when it becomes law.

MEMORANDUM

TO: **House Committee on Finance**

FROM: **Steven Rose, Principal Attorney**

RE: **Senate Bill 1242; Wireless 911 Telephone Service and Tower Act**

Senate Bill 1242 establishes a system for charging cellular telephone users for enhanced 911 service and establishes a method of administering and distributing the funds collected. It also provides authority to the State to lease space on State land and buildings for the purpose of locating wireless telecommunications facilities.

Section 1 of the bill adds Chapter 62B to the General Statutes. G.S. 62B-2 creates a thirteen member Wireless 911 Board which will determine the service charge to be levied on cellular telephone users for wireless enhanced 911 service, aggregate the charges collected, and distribute them for purposes of paying for these systems. The Board consists of two members appointed by the Governor, one upon the recommendation of the League of Municipalities, and one upon the recommendation of the Association of County Commissioners; five members appointed by the General Assembly on the recommendation of the Speaker, a sheriff, three representing CMRS (Commercial Mobile Radio Service) providers and one representing the North Carolina Chapter of the Association of Public Safety Communications Officials; five appointed by the General Assembly on the recommendation of the President Pro Tempore, a chief of police, two representing CMRS providers, one representing local exchange carriers, and one representing the North Carolina Chapter of the National Emergency Number Association. The Chair of the Board is the Secretary of Commerce, or the Secretary's designee. Terms are four years and limited to two successive terms.

Under G.S. 62B-3, the initial rate authorized is 80 cents per month. This may be adjusted every two years but may not exceed $1.25 per month.

Under G.S. 62B-4, the CMRS providers collect the monthly fee from their customers and may deduct one percent for administrative expenses. Funds are deposited with the State Treasurer.

Use of the funds is restricted under G.S. 62B-5. Sixty percent may be used to reimburse cellular service providers for complying with wireless 911 requirements established by FCC

order, including design, upgrade, purchasing, leasing, programming, installing, testing and maintaining of hardware and software components and data necessary to operate the system. Forty percent is distributed to the public safety answering points (PSAPs; the agencies that receive incoming 911 calls and make the dispatches). Half of that fund is distributed evenly among the PSAPs. Half is distributed pro rata, based on population served. The use of these funds is restricted to direct costs of establishing and maintaining a wireless enhanced 911 system. The Board may retain one percent of funds collected for administrative expenses.

G.S. 62B-5(e) requires each PSAP to report wireless 911 related income and expenses annually to the Board. G.S. 62B-5(f) requires the Board to make biennial reports to the Joint Legislative Commission on Governmental Operations and the Revenue Laws Study Committee.

G.S. 62B-8 gives the State Auditor authority to perform audits to ensure that funds are being managed in accordance with the provisions of the act. An audit must be performed at least every two years.

G.S. 62B-9 and 62B-10 protect customer records and proprietary information from public disclosure.

G.S. 62B-11 limits liability for personal injury and property damages. It does not apply to motor vehicle accidents.

Under G.S. 62B-12, misuse of a wireless 911 system or information will be a Class 3 misdemeanor, unless the value of the charge or service obtained exceeds $100, in which case it is a Class 1 misdemeanor.

Section 2 amends G.S. 62A-10, which limits liability in connection with the supplying of services for a hard-wired 911 system. It adds a provision clarifying that G.S. 62A-10 does not apply to motor vehicle liability.

Section 3 of the bill amends Chapter 146 by adding a new section authorizing the State to enter into leases for location of telecommunications towers on State real property and for placement of antennas upon state structures. Lessees must permit other carriers to co-locate on communications towers under contracts between the leasee and the co-locating carrier and, unless the State determines co-location to be infeasible, towers must be constructed to accommodate other carriers. The State is to encourage towers to be located near each other and must choose locations which minimize the visual impact on surrounding landscape. City and county ordinances will apply to towers and antennas authorized by this section.

Sections 4 and 5 provide that the wireless 911 service charge is not subject to gross receipts taxes or state income taxes.

The act is effective when it becomes law, except the tax portions which are effective for taxable years beginning on or after October 1, 1998.

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: Wireless 911 Board, Department of Administration.

EFFECTIVE DATE: Sections 1 and 2 become effective 90 days after it becomes law. Appointments to the Wireless board should occur within 30 days of the effective dates of sections 1 and 2. The remainder becomes effective when it becomes law.

BILL SUMMARY: The bill creates a Wireless 911 Board, establishes the Wireless Fund, and directs the board to oversee the fund's operation. An $0.80 per month per subscriber charge on wireless customers statewide will generate revenue for the fund. Under the bill the carrier (Bell South Mobility, GTE, 360 Communications, etc.) collects the subscriber charge, and retains 1% of the total revenue to cover the costs of administration. The Wireless 911 board will also retain 1% for its expenses. The remaining revenue is distributed 60% to wireless carriers and 40% to the organizations that answer 911 calls. Of the 40% distributed to 911 organizations, 50% is divided equally among the total number of 911 organizations, and 50% is distributed according to population. The board can revise the fee every two years to a maximum rate of $1.25 per month per customer. The board will report to the Joint Legislative Commission on Governmental Operations and the Revenue Laws Study Committee. The board is also subject to

the rule making review process. The bill also releases state agencies to lease public property for the construction of wireless communication towers.

BACKGROUND INFORMATION: In June 1996 the Federal Communications Commission adopted a "Report and Order," taking steps to foster major improvements in the quality and reliability of 911 services available to the customers of wireless telecommunications service providers. The new system recommended is called enhanced 911 or E911. E911 provides emergency service organizations (Public Safety Answering Points or PSAPs) with location information (ALI or Automatic Location Identification) and number of the cellular caller (ANI or Automatic Number Identification). At present wireless carriers usually provide access only to basic 9-1-1 services, which does not provide this information about cellular callers. GTE estimates that at least 25% of 911 calls made in North Carolina are from a cellular or wireless telephone.

In December of 1997 the FCC adopted a more specific Memorandum Opinion and Order. In this document the FCC outlines a two phase implementation process for E911. In Phase I of the E911 deployment, carriers are required to relay the telephone number of the originator of a 911 call (ANI), and the location of the cell site or base station receiving a 911 call (a capability often provided through a technique known as ``pseudo-ANI") to the designated emergency service organization (PSAP). For E911 Phase II, the FCC adopted rules requiring that, as of October 1, 2001, covered carriers provide to the designated PSAP the location of a 911 call by longitude and latitude within a radius of no more than 125 meters in 67 percent of all cases.

The FCC also stated that their mandate only applied if: 1) a PSAP capable of receiving and utilizing the E911 information requests that are wireless carrier provides that information and 2) a mechanism for cost recovery is available. This bill is an attempt to create a cost recovery structure.

ASSUMPTIONS AND METHODOLOGY:

Wireless Revenue: The Cellular Telecommunications Industry Association (CTIA) reports 55 million wireless phones exist nationwide. CTIA estimates national cellular market penetration is 20.52% of the population. Using the CTIA estimate, North Carolina's 1998-9 population projection of 7,670,783 suggests that 1,574,045 cellular phones will be used in North Carolina in FY 1998-9. No more specific information is available because cellular telephones are a deregulated industry, and each cellular provider's customer base is proprietary information.

Under the bill each cellular customer will be charged $0.80 per month once the legislation is enacted. Given the above estimates of the number of cellular telephones, this will generate approximately $1,259,236 in revenue per month in 1998-9, for a 1998-9 total of $15.11 million. Past experience suggests that the industry will grow more than 10% annually, although no market projections are available. This note assumes a 10% growth rate in the number of cellular telephones in fiscal years 1999-2000 through 2002-3.

	Customers	Monthly Rev.	Annual Rev.	Less Carrier Adm. Fee
FY 1998-9	1,574,045	1,259,236	15,110,832	14,959,724
FY 1999-0	1,731,450	1,385,160	16,621,915	16,455,696
FY 2000-1	1,904,594	1,523,676	18,284,107	18,101,266
FY 2001-2	2,095,054	1,676,043	20,112,517	19,911,392
FY 2002-3	2,304,559	1,843,647	22,123,769	21,902,531

The amounts under the "Less Carrier Adm. Fee" funds are placed a special Wireless Fund under the State Treasurer. One percent of the amount is used by the Board for administration.

Wireless Costs: Moines from the Wireless fund can be used for two types of expenses during Phase 1. First, commercial mobile radio service (CMRS) providers such as GTE, Bell South Mobility, and 360 Communications, can be reimbursed from the fund for the costs associated with the FCC Order. These costs are generally those associated with the technological changes needed to be able to 1) discover the telephone number of the caller and 2) find their approximate location - i.e. their nearest cellular tower. Because specific costs and customer information is proprietary, industry representatives are only willing to provide an average monthly cost estimate. For the larger companies, these estimates are based on a national model, and include start up and maintenance costs to be incurred between this summer and December 2001. In a consensus industry document, GTE estimates the cost for large, established providers with a large existing customer base will be between $0.15 and $0.27 per subscriber per month. The estimate for smaller, new competitor entrants is likely to be between $0.20 and $0.35 per subscriber per month. Currently there are 38 license holders in North Carolina that could apply for the funds. In the near future that number will increase to near 100. The specific types of costs are as follows:

Non-recurring/Upfront Costs
Switch Software/Hardware Upgrades
Database Development
Installation
Network Design and Connectivity
Map Overlay
Testing

Recurring/Monthly Costs
Database Usage and Administration
Routine Maintenance
Administrative (technical, etc.)
Trunkng
Map Updates

CMRS providers are required to submit sworn invoices to the board before reimbursement. Industry officials do not expect to begin submitting invoices until December 1998. Most industry officials expect that the transition to E911 will be gradual over the next three years. The local 911 service must request the enhanced service before the industry can begin upgrading the technology. Sixty percent (60%) of the funds in the Wireless Fund shall be used to reimburse these CMRS providers.

PSAP Costs: A second type of cost associated with enhanced 911 service is to the organization that answers 911 calls. These are referred to in the bill as PSAPs or public safety answering points. At present North Carolina has 258 PSAPs.

According the representatives from the National Emergency Number Association and the Association of Public Safety Communications Officials, the actual cost to upgrade center hardware and software to take enhanced 911 calls will differ dramatically. According to association representatives the cost per center will be between $3,000 and $300,000. The association representatives also note that all PSAPs may not be interested in participating in the program. These PSAPs may determine that it would be more effective to forward the calls to another center, or that the local cellular load does not justify the added expense. Under the bill 40% of the fund revenue is used by the PSAPs.

Phase II Wireless Costs: At this point no cost estimates are available from the industry regarding the potential phase II costs.

Communication Towers: According to the Office of State Construction, the latest revenue estimates from the construction of communications towers comes from the Wake County Budget Office. According to Wake County, the last two towers constructed on land leased by Wake County resulted in revenue of roughly $50,000 ($10,000 per year over five years). Because it is not clear how many towers the state will construct, or the associated timeline, no fiscal impact estimates are possible on this portion of the bill.

Because the vast majority of information surrounding this issue is proprietary, exact start up and maintenance costs are not available. Industry representatives are not able to provide cost information on phase II at this time, as they believe the technology may change substantially by the end of 2001.

Referred to:

May 19, 1998

A BILL TO BE ENTITLED

AN ACT TO UPDATE THE REFERENCE TO THE INTERNAL REVENUE CODE USED IN DEFINING AND DETERMINING CERTAIN STATE TAX PROVISIONS, TO EXTEND THE CORPORATE INCOME TAX CARRYFORWARD FOR NET ECONOMIC LOSSES FROM FIVE YEARS TO TWENTY YEARS, AND TO CONFORM TO FEDERAL GIFT TAX TREATMENT OF CONTRIBUTIONS TO QUALIFIED TUITION PROGRAMS.

The General Assembly of North Carolina enacts:

Section 1. G.S. 105-228.90(b)(1a) reads as rewritten:

"(1a) Code. -- The Internal Revenue Code as enacted as of ~~January 1, 1997,~~ August 1, 1998, including any provisions enacted as of that date which become effective either before or after that date."

Section 2. G.S. 105-134.6(b)(12) is repealed.

Section 3. G.S. 105-134.6(b)(13) reads as rewritten:

"(13) The amount that is distributed to a beneficiary of the Parental Savings Trust Fund of the State Education Assistance Authority ~~if the earnings on the amount are excluded from income under subdivision (12) of this subsection or section 529 of the Code.~~ unless the distribution is a refund of earnings described in section 529 of the Code."

Section 4. G.S. 105-188 is amended by adding a new subsection to read:

"(k) Qualified Tuition Programs. -- The provisions of section 529(c)(2) and (5) of the Code apply to this Article. If a donor elects to take a contribution into account ratably over a five-year period as provided in section 529(c)(2) of the Code, that election applies for the purposes of this Article."

Section 5. Notwithstanding Section 1 of this act, to the extent an amendment to the Internal Revenue Code enacted after January 1, 1997, would increase North Carolina taxable income for a taxpayer's tax year beginning before January 1, 1998, the amendment does not apply to the taxpayer for that tax year.

Section 6. G.S. 105-130.8 reads as rewritten:

"**§ 105-130.8. Net economic loss.**

(a) Net economic losses sustained by a corporation in any or all of the ~~five~~ 20 preceding income years shall be allowed as a deduction to ~~such~~ the corporation subject to the following limitations:

(1) The purpose in allowing the deduction of a net economic loss of a prior year ~~or years~~ is ~~that of granting~~ to grant some measure of relief to the corporation ~~which~~ that has incurred economic misfortune or ~~which~~ is otherwise materially affected by strict adherence to the annual accounting rule in the determination of net income. The deduction ~~herein specified~~ allowed in this section does not authorize the carrying forward of any particular items or category of loss except to the extent that ~~such loss or losses shall result~~ the loss results in the impairment of the net economic situation of the corporation so as to result in a net economic loss as ~~hereinafter defined.~~ defined in this section.

(2) The net economic loss for any year ~~shall mean~~ means the amount by which allowable deductions for the year other than prior year losses ~~shall~~ exceed income from all sources in the year including any income not taxable under this Division.

(3) Any net economic loss of ~~a prior year or~~ prior years brought forward and claimed as a deduction in any income year may be deducted from net income of the year only to the extent that ~~such carry-over~~ the loss carried forward from the prior ~~year or~~ years ~~shall exceed~~ exceeds any income not taxable under this Division received in the same year in which the deduction is claimed, except that in the case of a corporation required to allocate and apportion to North Carolina its net income, ~~as defined in this Division,~~ only ~~such~~ that proportionate part of the net economic loss of a prior year shall be deductible from total income allocable to this State as would be determined by the use of the allocation and apportionment provisions of G.S. 105-130.4 for the year of ~~such~~ the loss.

(4) A net economic loss carried forward from any year shall first be applied to, or offset by, any income taxable or nontaxable of the

next succeeding year before any portion of ~~such~~ the loss may be carried forward to a succeeding year.

(5) For purposes of this section, any income item deductible in determining State net income under the provisions of G.S. 105-130.5 and any nonbusiness income not allocable to this State under the provisions of G.S. 105-130.4 shall be considered as income not taxable under this Division.

(6) No loss shall either directly or indirectly be carried forward more than ~~five~~ 20 years.

(b) A corporation claiming a deduction for a loss for the current year or carried forward from a prior year shall maintain and make available for inspection by the Secretary all records necessary to determine and verify the amount of the deduction. The burden of proving eligibility for the deduction and the amount of the deduction shall rest upon the corporation, and no deduction shall be allowed to a corporation that fails to maintain adequate records or to make them available for inspection."

Section 7. G.S. 105-130.5(b)(4) reads as rewritten:

"(4) Losses in the nature of net economic losses sustained by the corporation in any or all of the ~~five~~ 20 preceding years pursuant to the provisions of G.S. 105-130.8. ~~Provided, a~~ A corporation required to allocate and apportion its net income under the provisions of G.S. 105-130.4 shall deduct its allocable net economic loss only from total income allocable to this State pursuant to the provisions of G.S. 105-130.8."

Section 8(a). Sections 6 and 7 of this act are effective for taxable years beginning on or after July 1, 1998, and apply to losses incurred for taxable years beginning on or after July 1, 1992.

Section 8(b). Section 4 of this act becomes effective for taxable years beginning on or after January 1, 1998. The remainder of this act is effective when it becomes law.

The deduction ~~herein specified~~ allowed in this section does not authorize the carrying forward of any particular items or category of loss except to the extent that ~~such loss or losses shall result~~ the loss results in the impairment of the net economic situation of the corporation so as to result in a net economic loss as ~~hereinafter defined.~~ defined in this section.

(2) The net economic loss for any year ~~shall mean~~ means the amount by which allowable deductions for the year other than prior year losses ~~shall~~ exceed income from all sources in the year including any income not taxable under this Division.

(3) Any net economic loss of ~~a prior year or~~ prior years brought forward and claimed as a deduction in any income year may be deducted from net income of the year only to the extent that ~~such carry-over~~ the loss carried forward from the prior ~~year or~~ years ~~shall exceed~~ exceeds any income not taxable under this Division received in the same year in which the deduction is claimed, except that in the case of a corporation required to allocate and apportion to North Carolina its net income, ~~as defined in this Division,~~ only ~~such~~ that proportionate part of the net economic loss of a prior year shall be deductible from total income allocable to this State as would be determined by the use of the allocation and apportionment provisions of G.S. 105-130.4 for the year of ~~such~~ the loss.

(4) A net economic loss carried forward from any year shall first be applied to, or offset by, any income taxable or nontaxable of the next succeeding year before any portion of ~~such~~ the loss may be carried forward to a succeeding year.

(5) For purposes of this section, any income item deductible in determining State net income under the provisions of G.S. 105-130.5 and any nonbusiness income not allocable to this State under the provisions of G.S. 105-130.4 shall be considered as income not taxable under this Division.

(6) No loss shall either directly or indirectly be carried forward more than ~~five~~ 20 years.

(b) A corporation claiming a deduction for a loss for the current year or carried forward from a prior year shall maintain and make available for inspection by the Secretary all records necessary to determine and verify the amount of the deduction. The burden of proving eligibility for the deduction and the amount of the deduction shall rest upon the corporation, and no deduction shall be allowed to a corporation that fails to maintain adequate records or to make them available for inspection."

Section 7. G.S. 105-130.5(b)(4) reads as rewritten:

"(4) Losses in the nature of net economic losses sustained by the corporation in any or all of the ~~five~~ 20 preceding years pursuant to the provisions of G.S. 105-130.8. ~~Provided, a~~ A corporation required to allocate and apportion its net income under the provisions of G.S. 105-130.4 shall deduct its allocable net economic loss only from total income allocable to this State pursuant to the provisions of G.S. 105-130.8."

Section 8(a). Sections 6 and 7 of this act are effective for taxable years beginning on or after July 1, 1998, and apply to losses incurred for taxable years beginning on or after July 1, 1992.

Section 8(b). Section 4 of this act becomes effective for taxable years beginning on or after January 1, 1998. The remainder of this act is effective when it becomes law.

EXPLANATION OF HOUSE BILL 1326 (PCS):
Update IRC Reference/Conform Gift Tax

TO: House Finance Committee
FROM: Martha H. Harris, Staff Attorney
DATE: July 30, 1998
SPONSOR: Representative Gray
Recommended by the Revenue Laws Study Committee

House Bill 1326 makes three changes:

1. It rewrites the definition of the Internal Revenue Code used in State tax statutes to change the reference date from January 1, 1997, to August 1, 1998.
2. It conforms to federal gift tax treatment of qualified tuition programs.
3. It extends the carryforward period for corporate net economic losses from five years to twenty years, effective for taxable years beginning on or after July 1, 1998.

Update Code Reference. Updating the Internal Revenue Code reference makes recent amendments to the Code applicable to the State to the extent that State tax law previously tracked federal law. Congress made numerous, significant changes to the Code last year that will affect federal taxable income. This year, it enacted several additional changes that will affect taxable income. Because the State corporate and individual income taxes are based upon federal taxable income, these changes, if adopted, will affect State policies and revenues. The fiscal note and attachments list and summarize the significant changes made by the federal Taxpayer Relief Act of 1997 and the Internal Revenue Service Restructuring and Reform Act of 1998.

One of the federal tax changes enacted last year was an income tax exemption for the annual earnings on amounts contributed to qualified tuition programs, such as North Carolina's Parental Savings Trust Fund, for the future payment of room or board at an institution of higher education. North Carolina law has a provision exempting these earnings to the extent they are taxed under federal law. Because they are no longer taxed under federal law, Section 2 of the bill repeals the North Carolina exemption. Section 3 amends a related North Carolina provision to clarify that it exempts distributions from tax only if they are used for qualified higher education expenses.

Section 5 of House Bill 1326 provides that the recent federal tax law changes that could increase a taxpayer's North Carolina taxable income for the 1997 tax year will not become effective until January 1, 1998. Under Article 1, Section 16 of the North Carolina Constitution, the legislature cannot pass a law that will increase a tax retroactively. There are a number of provisions in the federal Taxpayer Relief Act of

1997 and the Internal Revenue Service Restructuring and Reform Act of 1998 that could increase taxable income for the 1997 tax year. Because the Code Update could not be acted upon until the 1998 Session of the General Assembly, these changes had to be given a delayed effective date.

Since the State corporate income tax was changed to a percentage of federal taxable income in 1967, the reference date to the Internal Revenue Code has been updated periodically. In discussing bills to update the Code reference, the question frequently arises as to why the statutes refer to the Code on a particular date instead of referring to the Code and any future amendments to it, thereby eliminating the necessity of bills like this one. The answer to the question lies in both a policy decision and a potential legal restraint.

First, the policy reason for specifying a particular date is that, in light of the many changes made in federal tax law from year to year, the State may not want to adopt automatically all federal changes. By pinning references to the Code to a certain date, the State ensures that it can examine any federal changes before making the changes effective for the State.

Secondly, and more importantly, however, the North Carolina Constitution imposes an obstacle to a statute that automatically adopts any changes in federal tax law. Section 2(1) of Article V of the Constitution provides in pertinent part that the "power of taxation ... shall never be surrendered, suspended, or contracted away." Relying on this provision, the North Carolina court decisions on delegation of legislative power to administrative agencies, and an analysis of the few federal cases on this issue, the Attorney General's Office concluded in a memorandum issued in 1977 to the Director of the Tax Research Division of the Department of Revenue that a "statute which adopts by reference future amendments to the Internal Revenue Code would ... be invalidated as an unconstitutional delegation of legislative power."

The Revenue Laws Study Committee explored the possibility of legislation that would automatically adopt federal changes to the Code each year, with legislative review and approval required in the succeeding legislative session. It was hoped that this approach would avoid the practical difficulties that occur when Code changes go into effect many months before the General Assembly has a chance to pass legislation adopting the changes. The Attorney General's Office reviewed the relevant case law in this State and other states before concluding that this approach would be unlikely to withstand a constitutional challenge.

Qualified Tuition Plan Gift Tax. Section 4 of House Bill 1326 adopts for North Carolina gift tax purposes the provisions of federal law listed below. Conforming to federal law will relieve taxpayers from unexpected gift tax liability and will simplify tax compliance and administration.

1. A distribution from a qualified tuition program is not a taxable gift, unless a new beneficiary, who is a generation below the original beneficiary, is named to the account or receives the account in a rollover.
2. A contribution to a qualified tuition program is a gift to the designated beneficiary, but not a gift of a future interest. If the contribution were considered a gift of a future interest, a gift tax return would have to be filed even if the amount were under the $10,000 annual exclusion amount.
3. A contribution to a qualified tuition program is not a direct payment of tuition. If it were, it would be exempt from gift tax.
4. If a contribution exceeds the $10,000 annual gift tax exclusion amount, the donor may elect to avoid gift tax by treating the contribution as if it had been made over a five-year period. For example, a $25,000 contribution would not be taxable because it would be considered a gift of $5,000 a year over five years and thus would be below the $10,000 annual exclusion amount.

These provisions would apply to any qualified state tuition program under section 529 of the Internal Revenue Code. North Carolina has such a program, known as the Parental Savings Trust Fund. This Fund is part of the State Education Assistance Authority. The Fund is authorized by G.S. 116-209.25, which the General Assembly enacted in 1996. A person can contribute amounts into the Parental Savings Trust Fund for a child who is less than 16 years old. The amount contributed in the account, along with its interest and investment earnings, can be used to pay the expenses of the beneficiary at any accredited public or private college or community college. Either the child or the person making the contributions must be a resident of this State. The Education Assistance Authority opened the Parental Savings Trust Fund in early June, 1998.

Section 529 of the Code excludes the amounts earned on contributions to a qualified state tuition program from federal income tax and, therefore, from North Carolina tax as well. Under federal law, the earnings are exempt if the contributions are for the payment of qualified higher education expenses: tuition, room and board, fees, books, supplies, and equipment. Also under federal law, the amount distributed to a beneficiary of the Parental Savings Trust Fund for qualified higher education expenses is taxable to the extent it exceeds the amount contributed. Thus, under federal law, the tax on the investment earnings is simply deferred until a distribution is made, at which time the earnings are taxable to the beneficiary rather than the contributor. Under North Carolina law, however, the entire distribution is not taxable if it is used for qualified higher education expenses. Under both federal and North Carolina law, earnings distributed for purposes other than qualified higher education expenses are taxable and are also subject to a penalty imposed by the state operating the program.

Corporate Loss Carryforwards. Sections 6 and 7 of the bill would extend the corporate income tax carryforward for net economic loss deductions from five years to twenty years. Twenty years is the carryforward period for the similar net operating loss deduction under the Internal Revenue Code. This part of the bill was not recommended by the Revenue Laws Study Committee but was added by amendment in House Finance. Because it may be difficult for an auditor to substantiate a loss carryforward based on deductions that are ten to twenty years old, the bill clarifies that the corporation has the burden of maintaining records that verify the amount of the loss deduction claimed. Sections 6 and 7 would become effective for taxable years beginning on or after July 1, 1998, and would apply to losses incurred for taxable years beginning on or after July 1, 1992.

A net economic loss is the amount by which a corporation's deductions for a taxable year exceed its income from all sources, including income not taxable by the State. Income not taxable includes income items that are deductible in determining State net income as well as a multi-state corporation's nonbusiness income that is allocable to another state. G.S. 105-130.8 allows a corporation to carry a net economic loss forward and deduct it in the next five succeeding taxable years, but only to the extent the carried forward loss exceeds the amount of any income not taxable for each succeeding year. If the corporation is a multi-state corporation, it may deduct from income allocable to this State only that percentage of the carried forward loss that corresponds to the percentage of the corporation's income allocated and apportioned to this State.

The State's net economic loss provision is apparently based on a similar provision that was in the 1939 Internal Revenue Code. The State originally allowed a two-year carryforward; the carryforward period was extended to five years in 1957.

Even if the carry forward period is extended to match the twenty-year period provided in the Internal Revenue Code, the State calculation will differ from the federal calculation in a number of respects. The Internal Revenue Code of 1954 changed the federal net economic loss deduction to a net operating loss calculation based primarily on revenues and expenditures affecting taxable income. Some limitations and restrictions have evolved in the ensuing years relating to continuity of corporate ownership, corporate equity, successor corporations, and other situations. Of course, under federal law, it is not necessary to address the state income tax issues regarding multi-state corporations whose income is allocable to more than one state. Finally, under federal law, a corporation may elect to carry the federal net operating loss deduction back for two earlier years as well as forward for twenty years.

Internal Revenue Service Restructuring and Reform Act of 1998

The following changes made by the federal IRS Restructuring and Reform Act of 1998, which became law July 22, 1998, will affect North Carolina's tax laws if the reference to the Code is updated to August 1, 1998.

1. Section 3462. Clarify Provisions Relating to Examination and Collection Activities: Offers-in-compromise. This section has no direct impact on the State's tax laws, but the Department of Revenue always considers a federal settlement as one factor when the Department is deciding on how and whether to negotiate a settlement with a taxpayer. The specific changes made by this section, which becomes effective July 23, 1998, are:
   - The IRS Secretary will prescribe guidelines for settlements. The guidelines will include schedules of allowances for basic living expenses and prohibit rejection of a low-income taxpayer's offer solely on the basis of amount.
   - The IRS may not levy while certain offers are pending or while certain installment agreements are pending or in effect.
   - The IRS Secretary will establish procedures for independent administrative review of rejected offers-in-compromise and will publish a statement of taxpayers' rights concerning offers-in-compromise.

2. Section 3711. Offset of Past-Due, Legally Enforceable State Income Tax Obligations Against Overpayments. This section expands the federal setoff debt collection program to include income taxes owed to States. Under this program, if the IRS owes a refund to a taxpayer, it will collect debts owed by the taxpayer by setting them off against the refund and will remit the set-off amount to the creditor. The priorities for this program are IRS debts, child support arrearages, and debts owed federal agencies. State income tax debts will become the fourth priority effective for refunds payable beginning January 1, 2000. Although this change does not affect North Carolina tax law, it will increase North Carolina tax revenues when debts are offset and remitted to the Department of Revenue. The offset program applies only to income tax debts owed by State residents – it will not address the problem of nonresidents who fail to pay income taxes owed to the State. To be eligible for offset, the income tax debt must have been finally determined by a judicial or administrative procedure and the time for appeal must have passed. Before submitting an income tax debt for setoff, the Department of Revenue must notify the taxpayer and give the taxpayer an opportunity to contest the debt.

3. Section 5002. Clarification of Exclusion of Meals for Certain Employees. Under current law, meals furnished to employees on the employer's premises and for the employer's convenience are not taxable income to the employee. This section provides that if the majority of the meals furnished to employees on the employer's premises are for the employee's convenience, then the meals furnished not for the employer's convenience will also be treated as if they were furnished for the employer's convenience (and thus will not be taxable to the employee).

4. Section 7001. Clarification of Deduction for Deferred Compensation. In general, contributions under a deferred compensation plan are deductible by the employer in the year in which the amount is includible in the employee's income (Section 404 of the Code). Vacation pay treated as deferred compensation is deductible by the employer in the year it is paid to the employee. In determining whether an item is considered deferred compensation, if the item is received by the employee within 2 ½ months after the end of the taxable year, it is not deferred. A recent case held that if an employer funded vacation and severance pay by obtaining a letter of credit within that 2 ½ month period, it could deduct the cost because the benefits were considered received by the employee in that period and thus were not deferred compensation. This section clarifies that compensation is not treated as received by an employee, or paid, until actually received by the employee. This clarification will require some employers to change their method of accounting. They will be allowed to spread the resulting adjustments over three years.

5. Section 7002. Freeze Grandfathered Status of Stapled or Paired-share REITS. A REIT is a real estate investment trust. It is an entity that receives most of its income from passive real estate-related investments and does not engage in any active trade or business. It is a pass-through entity whose income is not taxed if distributed to shareholders. In a "stapled" REIT structure, the shares of a REIT and a C Corporation may be traded but not sold separately. In 1984, the tax benefits of this structure were curtailed except for certain pre-existing stapled REITs. This section limits that exception to real property interests acquired on or before March 26, 1998. In general, for interests acquired after that date, the special treatment for pre-existing stapled REITs is eliminated.

6. Section 7003. Make Certain Trade Receivables Ineligible for Mark-to-Market Treatment. Under current law, dealers in securities are required to use a mark-to-market method of accounting for securities. A security is any evidence of indebtedness and a dealer is anyone who regularly buys or sells securities from or to customers in the ordinary course of business. This

section eliminates dealer mark-to-market treatment for evidences of indebtedness arising out of the sale of nonfinancial goods or services by a person whose principal activity is providing non-financial goods or services, if the indebtedness is held by that person or a related party at all times. This change will require some taxpayers to change their method of accounting. They will be allowed to spread the resulting adjustments over four years.

1997 Federal Tax Law Changes

General

The federal Taxpayer Relief Act of 1997 creates 285 new sections in the Internal Revenue Code and amends 824 existing sections. Errors in the act are expected to be corrected in 1998 in the federal Tax Technical Correction Act. The following list summarizes some of the significant provisions of the 1997 legislation.

Affects N.C. Individual Income Tax Only

1. Allows exclusion of $250,000 ($500,000 for joint filers) of capital gain from **sales of residence** occupied by taxpayer as principal residence for two of previous five years. Former rules on rollover and former one-time exclusion are repealed. Effective for sales after 5/6/97. This is a tax increase for those who have more than $250,000/$500,000 in gain, so to that extent it cannot be retroactive. (§ 121)
2. Expands business expense deduction for percentage of **self-employed individuals' health insurance**: effective in 2000, the percentage is increased to 50%, then phased up reaching 100% in 2007. (§ 16(a)(1)(B))
3. Establishes **Roth IRAs** effective for tax years beginning on or after 1/1/98, which allow nondeductible contributions of up to $2,000 of compensation (limited for those with adjusted gross income above a certain amount). Distributions tax free if contributions made more than five years ago and one of the following applies: (i) taxpayer is over 59 ½ or is dead, (ii) distribution made because of disability, (iii) distribution is for qualifying first-time homebuyer expenses. Existing IRA may be rolled over to Roth IRA, subjecting rolled over amount to tax. If the IRA is rolled over to a Roth IRA in 1998, the tax due may be spread over four years. (§ 408(a))
4. Expands **existing IRAs** by increasing income limits and allowing IRA for spouse of disqualified active participant, effective for taxable years beginning on or after 1/1/98. (§219(g))
5. Establishes **Education IRAs** effective for tax years beginning on or after 1/1/98, which allow nondeductible cash contributions of up to $500 a year per child under 18 (contributions limited for those with adjusted gross income above a certain amount). Annual earnings of IRA are tax-exempt and distributions are exempt to the extent spent on qualified higher education expenses. (§ 530)
6. Expands **Prepaid Tuition Programs** to include room and board as qualifying expenses, effective retroactively to August 21, 1996. N.C. already exempts these expenses. The act also expands definitions of eligible educational institution and family member, effective 1/1/98 (§ 529(c), (e)).
7. Reenacts exclusion for up to $5,250 of **employer-provided educational assistance**, effective for tax years beginning on or after 1/1/97 and for courses beginning before 6/1/2000. Does not apply to graduate level courses. (§127(d))
8. Allows above the line deduction for up to $1,000 a year of **interest paid on qualified higher education loans**, effective for interest due and paid on or after 1/1/98. The $1,000 annual limit is phased up by $500 a year until it reaches

$2,500 for 2001 and thereafter. Limited to five years of payments, and further limited for taxpayers with AGI above a certain amount. (§ 221)

9. Restricts **penalty for underpayment of estimated income tax**, so that it does not apply if total tax liability less pre-payments is less than $1,000. (N.C. piggybacks this because 105-163.15(f) references section 6654(e) of the Code.) Effective for tax years beginning on or after 1/1/98
10. Makes a small increase in **standard deduction** of individuals who can be claimed as a dependent by another (indexing not adopted), effective for tax years beginning on or after 1/1/98
11. Changes **net operating loss carryback and forward** periods from back 3 years and forward 15 years to back 2 years and forward 20 years, except for individual casualty losses and for farm and small business losses in a disaster area. Effective for tax years beginning on or after August 6, 1997. (Note, we cannot make this effective until tax years beginning on or after 1/1/98, because it is a tax increase.) Although the federal change affects both corporate and individual income tax, in NC corporate does not piggyback net operating loss treatment, so there is no effect on NC corporate income taxes.
12. Increases **charitable mileage rate** from 12¢ to 14¢, effective for tax years beginning on or after 1/1/98
13. Extends expired deduction for fair market value of **stock contributed to private foundation**, effective 5/31/97 (date of expiration) (§ 170(e)(5))
14. Expands rules governing when a **home office** qualifies as the principal place of business, effective for tax years beginning on or after 1/1/99. Note, however, that use of part of residence as home office may restrict availability of capital gain exclusion for residence.
15. Provides that capital gain from sale of certain **qualified small business stock** is not recognized to the extent the proceeds are rolled over into more qualified small business stock within 60 days, effective for sales on or after August 1, 1997.
16. Expands maximum amount of **self-employed 401(k)** contributions that may be made in certain circumstances, effective for taxable years beginning on or after 1/1/98. (§ 402, 408)
17. Provides that if an employee stock ownership plan (**ESOP**) is a shareholder in an S corporation, items of income or loss of the S corporation will not be treated as unrelated business taxable income, contrary to former law.
18. Changes tax treatment of **rural mail carriers' reimbursed mileage**, effective for tax years beginning on or after 1/1/98
19. Expands deferment of **gain from sale of livestock due to drought**, to include flood or other weather-related conditions. Effective for sales and exchanges on or after 1/1/97. (§ 451, 1033)
20. Expands **business meals/entertainment deduction for air transportation employees**, interstate truck and bus drivers, rail road employees, and merchant mariners. Increased from 50% to 55% effective for tax years beginning on or after 1/1/98. Thereafter, phased up 5% every two years to 80% in 2008.
21. Clarifies exclusion for value of **employer-provided parking**, effective for tax years beginning on or after 1/1/98.

22. Increases amount of foreign earned income that can be excluded by **US citizens residing in foreign countries**, effective for tax years beginning on or after 1/1/98, and phased up thereafter.
23. Retroactively excludes from income certain states' **disability payments to former police officers and fire fighters** in 1989, 1990, and 1991. Note: this provision applies only to certain states. If it applies to N.C., the statute of limitations will prevent refunds.
24. Excludes from income government survivor annuities for **slain public safety officers**, effective for tax years beginning on or after 1/1/97
25. Denies nonrecognition of gain when involuntarily converted property is replaced by property acquired from a related party, unless the taxpayer's aggregate gain is $100,000 or less, effective for involuntary conversions after 6/8/97. (§ 1033)
27. Changes from below the line to above the line the deduction for **State and local government official business expenses** relating to service as official, if official is compensated in whole or part on a fee basis. Effective retroactively beginning with 1987 tax year, but does not waive the three-year statute of limitations. (§62(a)(2)(c)).
28. Changes basis recovery method for pension plan payments, 1/1/98. (§72(d)).
29. Simplifies treatment of personal transactions in **foreign currency**, effective 1/1/98.
30. Increases pension full funding limit with 20-year amortization, effective 1/1/99.

Affects Partnerships (N.C. Individual Income Tax)

1. Treats as ordinary income gain attributable to inventory on sale or exchange of partnership interest and in certain partnership distributions, effective 8/5/97. (no impact)
2. Changes formula for allocation of basis among distributed assets of partnership, effective 8/5/97.
3. Extends from 5 to 7 years the period in which a partner may recognize "pre-contribution gain" with respect to contributed property when it is distributed to another partner, or when other property is distributed to the contributing partner, effective for contributions after 6/8/97.

Affects both N.C. Individual and Corporate Income Tax

1. Retroactively extends federal **R&D tax credit**, which had expired 6/1/97. N.C. law piggybacks this credit in G.S. 105-129.10.
2. Restricts types of property eligible for the more generous **income forecast method of depreciation,** effective for property placed in service on or after August 6, 1997. This method will now be allowed only for film, video tapes, sound recordings, copyrights, books, and patents.
3. Eliminates **short against the box** and similar transactions. A taxpayer must recognize gain upon entering into a constructive sale of any appreciated position in stock, etc. A constructive sale occurs if two offsetting positions are acquired in substantial identical property with the intent of reducing the taxpayer's risk

associated with the appreciated property. Gain recognized as if position sold at fair market value and repurchased on date of constructive sale. Effective 6/8/97, with transitional rules. (§ 1259).

4. Requires immediate accrual of interest or original issue discount on **pool of debt instruments** on which the principal can be paid without interest as of a certain date (e.g., credit card receivables) Effective for taxable years beginning on or after 8/5/97. (§1272)
5. Allows expensing of certain environmental remediation costs (**brownfields**) that would otherwise be chargeable to capital account. Effective for expenditures after 8/5/97 and before 2001. (§ 198)
8. Allows **inventory adjustment for estimated shrinkage** if business (1) usually makes a periodic physical count and (2) will later revise the adjustment for discrepancy between estimated shrinkage and actual shrinkage. Effective for tax years ending after 8/5/97. (§471)
9. If taxpayer enters into **short sale of property that becomes substantially worthless**, gain is recognized as if short sale closed when property became worthless. §1233(h). In addition, extends capital treatment of gains and losses under §1234A to interests in real property and nonactively traded personal property.
10. Includes income from **notional principal contracts and stock lending transactions** under Subpart F in gross income of U.S. shareholders, effective 8/5/97. (§ 951)
11. Further restricts like-kind exchanges involving foreign personal property, effective 6/8/97. (§ 1031).
12. Limits treaty benefits for payments to hybrid entities, effective 8/5/97. (§ 894).
13. Creates exception from U.S. property definition under Subpart F for certain securities positions, effective 1/1/98.
14. Exempts active financing income from Subpart F, effective during 1998 only.
15. Modifies look back method for long term contracts, effective 8/5/97.

Affects N.C. Corporate Income Tax Only

1. Recognizes gain when taxpayer exchanges property for certain preferred stock formerly not treated as "**boot**". Sections 351, 354, 355, 356, and 1036 of the Code. Effective transactions after 6/8/97.
2. Certain **corporate contributions of computer** software and equipment to schools qualify for charitable deduction in excess of otherwise applicable limit (basis of the donated property), effective for taxable years beginning on or after 1/1/98 and before 1/1/2001.
3. Repeals income deferral formerly allowed when **family farms** required to change from cash method to accrual method because gross receipts exceed $25 million. Effective for taxable years beginning on or after 7/1/96, with transitional rules.
4. Allows **Subchapter S subsidiaries** (allowed by Small Business Job Protection Act of 1996) to be treated in certain instances as separate corporations for the

purpose of applying Code provisions that benefit a certain type of entity (e.g., banks), that the subsidiary is but the parent is not. Effective 1/1/97

5. Clarifies that **software qualifies as export property** eligible for foreign sales corporation benefits, effective 1/1/98. Piggybacked by 105-130.5(a)(15)
6. Repeals deduction for premiums paid on life insurance policy or annuity in which taxpayer had an interest. Repeals deduction for **interest paid to incur life insurance coverage** where taxpayer is beneficiary and restricts deduction for taxpayer's interest expense allocable to certain cash surrender values. Also, provides pro rata disallowance of interest expense attributable to life insurance on individuals who are not officers, employees, or former employees. Effective 6/8/97.
7. Requires recognition of gain in year of extraordinary dividend if the nontaxed portion of the dividend exceeds the stock basis, and other changes. Depending on the type of extraordinary dividend, new rules effective for distributions after 5/3/95 or 9/13/95, with transition rules. .
8. Repeals law allowing manufacturers to use installment method to report income from sales to their dealers, effective for taxable years beginning on or after 8/6/98.
9. Expands circumstances in which gain is recognized upon acquisition or distribution of stock of the controlled corporation or distributing corporation, effective for transactions occurring after April 16, 1997. This change substantially restricts the availability of tax-free spinoffs. Also, effective for transfers after 6/8/97, gain recognition on transfers to investment companies expanded by expanding definition of investment company.
10. Denies **interest deduction on convertible debt** and similar debt, effective for instruments issued on or after 6/8/97. (§163(l))
11. Allows deferral of gain on sales of stock of certain corporations engaged in refining or processing agricultural products to farmers' cooperatives engaged in marketing agricultural products, effective 1/1/98. .
12. Modifies control test and include attribution rules to determine unrelated business income tax consequences of certain payments from subsidiaries of tax-exempt organizations, effective 1/1/99.
13. Repeals 30% gross income limitation for regulated investment companies, effective 8/5/97.

Affects Other NC Taxes

1. Extends **generation-skipping transfer tax** exemption to transfers to grandnieces and nephews where parent of transferee is deceased and transferor has no living lineal descendants at time of transfer, effective 1/1/98. (§ 2651, 2612) (We piggyback in G.S. 105-7.1.)

No Effect on N.C.

1. Allows $500 **child tax credit** ($400 in 1998). Phased out if AGI above $110,000 joint or $75,000 single/head of household

2. **Allows Education tax credits.** (1) Hope credit for portion of qualified undergraduate education tuition and fees for two years, phased out for taxpayers with AGI over certain amounts. Effective 1/1/98. (2) Lifetime learning credit for 20% of qualified undergraduate or graduate tuition, subject to cap, phased out for taxpayers with AGI over certain amounts. (§25A, 6050S)
3. **Lowers individual tax rate on capital gains.** Rate reduced from 28% to 20%. For taxpayers in 15% bracket, it is 10%. Holding period for LTCG expanded from one year to 18 months.
4. **Work opportunity tax credit** extended and expanded. New welfare to work tax credit for part of employers' wages paid to AFDC recipients, effective 1/1/98. (§ 51A)
5. Allows penalty-free (but not tax free) withdrawals from IRAs for qualified higher education expenses and first time home purchase.
6. Three-year **income averaging for farmers**, effective for 1998, 1999, and 2000 tax years. (§1301)
7. Increases **estate and gift tax unified credit** to $625,000 in 1998, $650,000 in 1999, $675,000 in 2000-01, $700,000 in 2002-03, $850,000 in 2004, $950,000 in 2005, and $1 million in 2006+
8. Reduces estate tax for land subject to permanent conservation easement, effective 1/1/98.
9. Allows **estate tax exclusion for qualified family owned business**, effective 1/1/98. This is very complex and can be narrow in its application.
10. Alternative minimum tax repealed for small corporations.
11. Alternative minimum tax depreciation adjustment eliminated for property placed in service on or after 1/1/99.
12. Farmers may use installment method of accounting for purposes of alternative minimum tax.
13. Taxpayer who fraudulently claims **earned income tax credit** is ineligible thereafter for 10 years. Also, change in definition of AGI for purpose of phasing out the EITC, effective 1/1/98.
14. Changes safe harbor test applicable to upper income individuals for purposes of penalty for underpayment of estimated taxes. We do not piggyback this. (§6654)
15. Tightens holding period rules for corporate dividends received deduction.
16. Those offering tax shelters must register with the IRS.
17. Orphan drug tax credit made permanent.

Technical/Minor - Probably Tiny Impact if Any

1. Clarifies that self-employed individual is eligible to deduct long term care insurance even if employer provides health insurance, as long as the employer does not provide long term health insurance.
2. Recaptures all depreciation (not just excess over straight line) on § 1250 property (buildings).
3. Clarifies that medical savings account withdrawals must be for an individual who was eligible (not covered by low deductible health plan) in the month the expenses were incurred.

4. Estate and its beneficiary treated as related parties for purpose of disallowing loss deduction for sales of assets to related parties and disallowing capital gains treatment for sales of depreciable property to related parties. Effective for taxable years beginning after 8/5/97. (§ 267, 1239)
5. Luxury auto depreciation limits relaxed for clean-burning fuel vehicles and electric vehicles, effective for property placed in service between 8/5/97 and 1/1/05. (§280F).
6. Employer may deduct contributions to SIMPLE 401(k) with no 15% limit, effective for taxable years beginning on or after 1/1/97. (§404(a)(3)(A))
7. Securities traders and commodity traders and dealers may elect mark to market accounting rules (previously applied only to securities dealers), effective for taxable years beginning after 8/5/97
8. Exclude from corporate unrelated business income tax income from certain corporate sponsorship payments .
9. Change treatment of travel expenses of certain federal employees engaged in criminal investigations, effective 8/5/97.
10. Changes rule for closing partnership taxable year with respect to a deceased partner, effective 1/1/98.
11. Allows deduction for contributions by ministers to retirement plans, effective 1/1/98.
12. Clarifies that **employer-provided employee meals** that are tax-free to the employee because they are for the convenience of the employer are fully deductible by employers and treated as de minimum fringe benefits effective for taxable years beginning on or after 1/1/97.
13. MedicarePlus Choice Medical Savings Accounts authorized as pilot program for individuals on Medicare, effective for taxable years beginning on or after 1/1/99. (§138, 220(b), 4973(d)).
14. Reduces **carryback period for general business credits** (such as R&D and low-income housing credits) from 3 years to 1 year, with carryforward period extended from 15 years to 20 years, effective for credits for which the taxpayer first becomes eligible in taxable years beginning on or after 1/1/98. Our R&D credit piggybacks the federal credit, and also some addbacks are allowed under our law if the taxpayer was disallowed a federal deduction for a credit for which we have no corresponding credit. (§ 39)
15. Repeals 30% gross income requirement for **real estate investment trusts**.

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: Department of Revenue

EFFECTIVE DATE: Section 4 (Qualified Tuition Programs) becomes effective for taxable years beginning on or after January 1, 1998. Sections 6 and 7 (net loss carryforward) are effective for taxable years beginning on or after July 1, 1998, and apply to losses incurred for taxable years beginning on or after July 1, 1992. The remainder of the act is effective when it becomes law.

BILL SUMMARY: The act (1) updates the reference to the Internal Revenue Code used in defining and determining certain state tax provisions (from January 1, 1997 to June 1, 1998), (2) conforms to federal gift tax treatment of contributions to qualified tuition programs, and (3) extends the corporate income tax carryforward for net economic losses from five years to twenty years.

BACKGROUND: Each year the General Assembly changes the reference date in the definition of the Internal Revenue Code used in the state individual and corporate income tax statutes. Congress made hundreds of changes in the Code with the passage of the Taxpayer Relief Act of 1997. These changes were reviewed by the Revenue Laws Study Committee and were recommended to the 1998 General Assembly with a few exceptions. Those tax law changes that affect the 1997 tax year cannot be adopted by North Carolina until 1998, because the state constitution prohibits enacting a retroactive tax increase.

Congress recently approved and the president signed the Internal Revenue Service Restructuring and Reform Act of 1998. This act made additional changes in both individual and corporate income tax laws that have a positive impact on the state General Fund.

ASSUMPTIONS AND METHODOLOGY:

IRC Update

North Carolina estimates on updating the Internal Revenue Code reference are based on a percentage of the federal estimate calculated by the Congressional Joint Committee on Taxation. The percentage used is North Carolina's actual tax collections divided by national tax collections. (individual = .723% and corporate = .542%.) The charts on the following pages show the fiscal impact of the major federal tax changes on the state's General Fund.

Qualified Tuition Program

As for the gift tax change on qualified tuition programs, there should be little or no revenue loss to the state. The newly created College Vision Fund, administered by the State Education Assistance Authority, is designed for middle income taxpayers who save an average of $125 a month for their children's college education. While gifts exceeding $10,000 may be accepted by the fund, such contributions are not the norm. Those with the means to give more than $10,000 per year will probably invest in college trust funds bearing interest greater than the interest paid by the State Treasurer on the investments in the College Vision Fund.

Net Economic Loss Carryforwards

The Tax Research Division of the Department of Revenue estimates that extending the corporate income tax carryforward for net economic losses from five years to 20 years will cause a **revenue loss in the General Fund from $8 million to $16 million per year**. This estimate was based on corporate income tax returns from 1994 when 36,780 nontaxable corporations had $10.1 billion in unexpended net economic loss carryforwards. The Department could not be more precise due to the volatility of corporate taxable income and the lack of information concerning "expired" losses. The Department confirmed this estimate by reviewing a small sample of 1996 returns.

Since this section is effective for taxable years on or after July 1, 1998, it is assumed that the majority of corporations will file their annual returns three months and 15 days after the close of their fiscal year on June 30, 1999. This would put the first year revenue loss in FY 1999-00. There will be some short period returns filed due to mergers and other reasons, but there is no data to determine how many might occur in FY 1998-99. For the fiscal note, the high end of the range ($16 million) is used to be conservative in estimating budget availability in future fiscal years.

NOTES:

1) North Carolina estimates are based on a percentage of the federal estimate calculated by the Congressional Joint Committee on Taxation. The percentage used is N.C. actual tax collections divided by national tax collections. (Individual = .723% Corporate = .542%)

2) The North Carolina constitution prohibits enacting a retroactive tax increase, so this bill cannot adopt federal revenue increasing items for the 1997 tax year. This chart assumes that half of the revenue gained from tax increases in 1997 will be received by the Department in Tax Year 1998.

A BILL TO BE ENTITLED

AN ACT TO UPDATE THE REFERENCE TO THE INTERNAL REVENUE CODE USED IN DEFINING AND DETERMINING CERTAIN STATE TAX PROVISIONS, TO EXTEND THE CORPORATE INCOME TAX CARRYFORWARD FOR NET ECONOMIC LOSSES FROM FIVE YEARS TO TWENTY YEARS, TO ALLOW AN INCOME TAX DEDUCTION FOR EMPLOYEES' PAYMENTS TO THEIR EMPLOYERS FOR PARKING, AND TO CONFORM TO FEDERAL GIFT TAX TREATMENT OF CONTRIBUTIONS TO QUALIFIED TUITION PROGRAMS.

The General Assembly of North Carolina enacts:

Section 1. G.S. 105-228.90(b)(1a) reads as rewritten:

"(1a) Code. -- The Internal Revenue Code as enacted as of ~~January 1, 1997,~~ August 1, 1998, including any provisions enacted as of that date which become effective either before or after that date."

Section 2. G.S. 105-134.6(b)(12) is repealed.

Section 3. G.S. 105-134.6(b)(13) reads as rewritten:

"(13) The amount that is distributed to a beneficiary of the Parental Savings Trust Fund of the State Education Assistance Authority ~~if the earnings on the amount are excluded from income under subdivision (12) of this subsection or section 529 of the Code.~~ unless the distribution is a refund of earnings described in section 529 of the Code."

Section 4. G.S. 105-188 is amended by adding a new subsection to read:

"(k) Qualified Tuition Programs. -- The provisions of section 529(c)(2) and (5) of the Code apply to this Article. If a donor elects to take a contribution into account ratably over a five-year period as provided in section 529(c)(2) of the Code, that election applies for the purposes of this Article."

Section 5. Notwithstanding Section 1 of this act, to the extent an amendment to the Internal Revenue Code enacted after January 1, 1997, would increase North Carolina taxable income for a taxpayer's tax year beginning before January 1, 1998, the amendment does not apply to the taxpayer for that tax year.

Section 6. G.S. 105-130.8 reads as rewritten:

"**§ 105-130.8. Net economic loss.**

(a) Net economic losses sustained by a corporation in any or all of the ~~five~~ 20 preceding income years shall be allowed as a deduction to ~~such~~ the corporation subject to the following limitations:

(1) The purpose in allowing the deduction of a net economic loss of a prior year ~~or years~~ is ~~that of granting~~ to grant some measure of relief to the corporation ~~which~~ that has incurred economic misfortune or ~~which~~ is otherwise materially affected by strict adherence to the annual accounting rule in the determination of net income. The deduction ~~herein specified~~ allowed in this section does not authorize the carrying forward of any particular items or category of loss except to the extent that ~~such loss or losses shall result~~ the loss results in the impairment of the net economic situation of the corporation so as to result in a net economic loss as ~~hereinafter defined.~~ defined in this section.

(2) The net economic loss for any year ~~shall mean~~ means the amount by which allowable deductions for the year other than prior year losses ~~shall~~ exceed income from all sources in the year including any income not taxable under this Division.

(3) Any net economic loss of ~~a prior year or~~ prior years brought forward and claimed as a deduction in any income year may be deducted from net income of the year only to the extent that ~~such carry-over~~ the loss carried forward from the prior ~~year or~~ years ~~shall exceed~~ exceeds any income not taxable under this Division received in the same year in which the deduction is claimed, except that in the case of a corporation required to allocate and apportion to North Carolina its net income, ~~as defined in this Division,~~ only ~~such~~ that proportionate part of the net economic loss of a prior year shall be deductible from total income allocable to this State as would be determined by the use of the allocation and apportionment provisions of G.S. 105-130.4 for the year of ~~such~~ the loss.

(4) A net economic loss carried forward from any year shall first be applied to, or offset by, any income taxable or nontaxable of the

next succeeding year before any portion of ~~such~~ the loss may be carried forward to a succeeding year.

(5) For purposes of this section, any income item deductible in determining State net income under the provisions of G.S. 105-130.5 and any nonbusiness income not allocable to this State under the provisions of G.S. 105-130.4 shall be considered as income not taxable under this Division.

(6) No loss shall either directly or indirectly be carried forward more than ~~five~~ 20 years.

(b) A corporation claiming a deduction for a loss for the current year or carried forward from a prior year shall maintain and make available for inspection by the Secretary all records necessary to determine and verify the amount of the deduction. The burden of proving eligibility for the deduction and the amount of the deduction shall rest upon the corporation, and no deduction shall be allowed to a corporation that fails to maintain adequate records or to make them available for inspection."

Section 7. G.S. 105-130.5(b)(4) reads as rewritten:

"(4) Losses in the nature of net economic losses sustained by the corporation in any or all of the ~~five~~ 20 preceding years pursuant to the provisions of G.S. 105-130.8. ~~Provided, a~~ A corporation required to allocate and apportion its net income under the provisions of G.S. 105-130.4 shall deduct its allocable net economic loss only from total income allocable to this State pursuant to the provisions of G.S. 105-130.8."

Section 8. G.S. 105-134.6(b) is amended by adding a new subdivision to read:

"(15) The amount the taxpayer paid during the taxable year to the taxpayer's employer for parking provided by the employer."

Section 9(a). Sections 6 and 7 of this act are effective for taxable years beginning on or after July 1, 1998, and apply to losses incurred for taxable years beginning on or after July 1, 1992.

Section 9(b). Section 4 of this act becomes effective for taxable years beginning on or after January 1, 1998. Section 8 of this act is effective for taxable years beginning on or after January 1, 1999. The remainder of this act is effective when it becomes law.

EXPLANATION OF SENATE BILL 873 (3rd Edition):
Local Government Debt Approval

TO: House Finance Committee
FROM: Martha H. Harris, Staff Attorney
DATE: July 28, 1998
SPONSOR: Senator Kerr

Senate Bill 873 extends the requirement of Local Government Commission approval to certain local government debt not now subject to approval by the Local Government Commission (LGC). The LGC would be required to approve the debt if it found that the amount is not excessive, that the entity operating the project and the entity issuing, securing, or incurring the debt demonstrate financial responsibility, and that the proposed date and manner of sale will not have an adverse affect on any other anticipated sale of State or local obligations. The bill applies to the few types of debt that are not now generally subject to LGC approval, but does not apply to debt that, because of its small size or other similar characteristics, is specifically exempted from LGC approval under current law.

Virtually all bonds, installment purchase contracts, and other debt arrangements that local governments may enter into must be approved by the Local Government Commission. The LGC was created in the early 1930s in response to local government bond defaults resulting from the depression. The LGC provides assistance and oversight to assure that proposed financings are fully understood by the local officials and are fiscally sound. In evaluating proposed projects, the LGC considers whether the operator of the project and the unit obligating itself for the debt can demonstrate the financial capability to fulfill their obligations. In general, the LGC is required to approve proposed debt if all of the following conditions are met:[1]

1. The debt is necessary or expedient.
2. The amount is adequate and not excessive.
3. The local government has good debt management practices.
4. In the case of general obligation debt and installment purchase contracts, that an excessive increase in taxes will not be required. In the case of revenue bonds, that the project that will generate revenues to pay the debt is feasible.
5. That the proposed debt can be marketed at reasonable interest costs.

---

[1] G.S. 159-52, 159-86, 159-151.

There are a two types of debt for which Local Government Commission approval is not specifically required: local housing debt and debt issued by a nonprofit corporation on behalf of a local government. As explained below, these are not specific exceptions to the approval requirement enacted by the General Assembly. Instead, they are situations that have evolved independently and do not reflect a policy judgment by the General Assembly that LGC approval should not be required.

These situations represent loopholes enabling local units to issue debt that the LGC considers unsound. The standards for LGC approval are not unduly strict. Failure to obtain LGC approval may be due to a lack of security for the debt. If a local government uses one of these loopholes to issue less secure debt without LGC approval, the resulting risks of default will have a negative effect on the bond ratings or the debt interest cost of all local governments in North Carolina.

Local Housing Debt. Local Government Commission approval is not required for debt of local housing authorities or of local governments exercising the powers of local housing authorities. Chapter 157 of the General Statutes authorizes the creation of local housing authorities. This law, enacted in 1935, is apparently based on a model act. The law was originally enacted to enable local housing authorities to act as conduits for federal housing funds. The authority issued the bonds for housing projects it owned and operated. Housing subsidy payments by the federal government to the authority effectively provided federal government backing for the bonds. For these reasons, a LGC approval requirement was not added to the law. In the late 1980s, however, the situation changed. First, local housing authorities were granted expanded authority to provide low-income and moderate income-housing.[2] Then, the federal funds that supported housing projects were phased out. In search of a new mission, some local housing authorities have looked to issuing tax-exempt bonds for private developers. Without the backing of the federal government and without any requirement for Local Government Commission approval, some of these bonds may not be as secure as other North Carolina local bonds.

The housing bond problem is compounded by the fact that G.S. 160A-456 and G.S. 153A-376 grant counties, cities, and towns the authority to exercise the statutory powers of local housing authorities. Under general law, a county or city can finance housing with bonds or installment purchase contracts, subject to approval by the Local Government Commission. If its proposed project is too risky to be approved, however, it can issue the bonds through the authority granted to local housing authorities under Chapter 157 of the General Statutes. This loophole creates the potential for a local government bond default.

---

[2] Chapter 464 of the 1987 Session Laws.

Nonprofit Corporate Agent Debt. The other type of local debt for which Local Government Commission approval is not required is debt issued on behalf of a local government by a nonprofit corporation. The Internal Revenue Service ruled in 1963[3] that bonds issued by such a nonprofit corporation may be tax-exempt if the income and property of the corporation will revert to the local government, and certain other requirements for tax exemption are satisfied. The debt issued is not the debt of the local government but of the nonprofit corporation. Some bond attorneys believe that, as an agency of the local government, the nonprofit corporation must comply with the restrictions, such as LGC approval, that apply to the government. Other bond attorneys, however, take the view that the nonprofit corporation is subject only to the rules applicable generally to nonprofit corporations under Chapter 55A of the General Statutes and need not seek LGC approval before issuing debt. Thus, if the LGC turns down a proposed local government financing because it is too risky, the local government can use a nonprofit corporation to go ahead with the debt. These nonprofit corporations are generally given names that make them sound like government or quasi-government agencies, such as "City of X Financing Assistance Corporation." As a result, although any default would technically be by the corporation and not the local government, in the marketplace, the default is likely to be considered a default by a local government unit. This perception will damage the reputation of North Carolina local governments in general.

Exceptions to Approval Requirement. Except in the cases noted above, all local government bonds are subject to approval by the Local Government Commission. The current law[4] provides an exemption from the LGC approval requirement, however, for non-bond debt in specific situations. This bill will not affect those exemptions. These exemptions are:

1. Obligations for a period of less than five years.
2. Debts that are less than $500,000 or 1/10 of 1% of the local unit's property tax base, whichever is less.
3. Contracts between a unit of local government and the State or the United States, entered into as a condition of a grant or loan to the local unit.
4. Financing of motor vehicles or voting machines.

---

[3] Rev. Ruling 63-20.

[4] G.S. 159-148. Although G.S. 159-148 also exempts financing from the Solid Waste Management Loan Program in Chapter 159I of the General Statutes, these agreements are subject to LGC approval under G.S. 159I-12.

Wildlife Resources	$20.00
Personalized	$20.00

Active Member of the National Guard	None
Purple Heart Recipient	None
All Other Special Plates	$10.00."

Section 2. The Division of Motor Vehicles shall complete a redesign of the Purple Heart special license plate by January 1, 1999. The Division shall consult interested groups and other state divisions of motor vehicles about the design to ensure that the plate accurately reflects the appearance of the Purple Heart award. The Division shall use funds already appropriated to the Division to fund the design.

Section 3. This act is effective when it becomes law.

EXPLANATION OF HOUSE BILL 1272:
No Fee for Purple Heart Plates (2nd Edition)

TO: House Finance Committee
FROM: Cindy Avrette, Committee Counsel
DATE: August 3, 1998
SPONSOR: Representative Rayfield

House Bill 1272 does two things:

- It removes the $10.00 additional fee to obtain a Purple Heart special registration plate.
- It directs the Division of Motor Vehicles to redesign the Purple Heart registration plate by January 1, 1999.

The current fee for this special registration plate, as well as other special registration plates, is the regular motor vehicle registration plate fee plus an additional $10.00. The only exception to this rule is the special registration plate issuable to active members of the national guard - this plate may be obtained by paying only the regular motor vehicle registration plate fee. There are 3 plates that are issued free of both the regular motor vehicle registration plate fee and the additional special plate fee: the Congressional Medal of Honor plate, 100% disabled veteran plate, and ex-prisoner of war plate. There are also some special registration plates that cost more than the additional $10 fee. These plates are the ones designed to raise money for a particular group.

In all cases, $10.00 of the additional fee charged for special registration plates is credited to the Special Registration Plate Account. This uniform system of fees has been in place since 1991 when a study commission recommended that the special registration plate system be simplified through a uniform fee schedule. After deducting the cost of the plates from this account, the money is distributed quarterly as follows:

Percentage	Purpose
33%	Department of Commerce for advertising travel and tourism and industrial development
50%	Department of Transportation for beautification of highways
17%	Department of Human Resources to promote Travel accessibility for disabled persons

EFFECTIVE DATE: This act is effective when it becomes law.

BILL SUMMARY: This bill eliminates the additional $10 fee for Purple Heart registration plates.

ASSUMPTIONS AND METHODOLOGY: As of May 1998, there were 2,782 owners of Purple Heart plates. Exempting this group from payment of the $10 additional plate fee (the group will continue paying the regular $20 plate fee) will reduce the Special Registration Plate Account by $27,820. The Special Registration Plate Account is used to administer the special plates program at DMV. Funds not used for administration are distributed as follows:

33% Department of Commerce - for promotion of travel and industrial development
50% Department of Transportation - for highway beautification
17% Department of Health and Human Services - for promotion of travel accessibility for disabled persons

A $27,820 reduction in the Special Registration Plate Account will reduce the amount transferred to the three agencies as follows:

Department of Commerce	$ 9,181
Department of Transportation	13,910
Dept. of Health & Human Services	4,729

A BILL TO BE ENTITLED

AN ACT TO UPDATE THE REFERENCE TO THE INTERNAL REVENUE CODE USED IN DEFINING AND DETERMINING CERTAIN STATE TAX PROVISIONS, TO EXTEND THE CORPORATE INCOME TAX CARRYFORWARD FOR NET ECONOMIC LOSSES FROM FIVE YEARS TO TWENTY YEARS, AND TO CONFORM TO FEDERAL GIFT TAX TREATMENT OF CONTRIBUTIONS TO QUALIFIED TUITION PROGRAMS.

The General Assembly of North Carolina enacts:

Section 1. G.S. 105-228.90(b)(1a) reads as rewritten:

"(1a) Code. -- The Internal Revenue Code as enacted as of ~~January 1, 1997,~~ August 1, 1998, including any provisions enacted as of that date which become effective either before or after that date."

Section 2. G.S. 105-134.6(b)(12) is repealed.

Section 3. G.S. 105-134.6(b)(13) reads as rewritten:

"(13) The amount that is distributed to a beneficiary of the Parental Savings Trust Fund of the State Education Assistance Authority ~~if the earnings on the amount are excluded from income under subdivision (12) of this subsection or section 529 of the Code.~~ unless the distribution is a refund of earnings described in section 529 of the Code."

Section 4. G.S. 105-188 is amended by adding a new subsection to read:

"(k) Qualified Tuition Programs. -- The provisions of section 529(c)(2) and (5) of the Code apply to this Article. If a donor elects to take a contribution into account ratably over a five-year period as provided in section 529(c)(2) of the Code, that election applies for the purposes of this Article."

Section 5. Notwithstanding Section 1 of this act, to the extent an amendment to the Internal Revenue Code enacted after January 1, 1997, would increase North Carolina taxable income for a taxpayer's tax year beginning before January 1, 1998, the amendment does not apply to the taxpayer for that tax year.

Section 6. G.S. 105-130.8 reads as rewritten:

"**§ 105-130.8. Net economic loss.**

(a) Net economic losses sustained by a corporation in any or all of the ~~five~~ 20 preceding income years shall be allowed as a deduction to ~~such~~ the corporation subject to the following limitations:

(1) The purpose in allowing the deduction of a net economic loss of a prior year ~~or years~~ is ~~that of granting~~ to grant some measure of relief to the corporation ~~which~~ that has incurred economic misfortune or ~~which~~ is otherwise materially affected by strict adherence to the annual accounting rule in the determination of net income. The deduction ~~herein specified~~ allowed in this section does not authorize the carrying forward of any particular items or category of loss except to the extent that ~~such loss or losses shall result~~ the loss results in the impairment of the net economic situation of the corporation so as to result in a net economic loss as ~~hereinafter defined.~~ defined in this section.

(2) The net economic loss for any year ~~shall mean~~ means the amount by which allowable deductions for the year other than prior year losses ~~shall~~ exceed income from all sources in the year including any income not taxable under this Division.

(3) Any net economic loss of ~~a prior year or~~ prior years brought forward and claimed as a deduction in any income year may be deducted from net income of the year only to the extent that ~~such carry-over~~ the loss carried forward from the prior ~~year or~~ years ~~shall exceed~~ exceeds any income not taxable under this Division received in the same year in which the deduction is claimed, except that in the case of a corporation required to allocate and apportion to North Carolina its net income, ~~as defined in this Division,~~ only ~~such~~ that proportionate part of the net economic loss of a prior year shall be deductible from total income allocable to this State as would be determined by the use of the allocation and apportionment provisions of G.S. 105-130.4 for the year of ~~such~~ the loss.

(4) A net economic loss carried forward from any year shall first be applied to, or offset by, any income taxable or nontaxable of the

next succeeding year before any portion of ~~such~~ the loss may be carried forward to a succeeding year.

(5) For purposes of this section, any income item deductible in determining State net income under the provisions of G.S. 105-130.5 and any nonbusiness income not allocable to this State under the provisions of G.S. 105-130.4 shall be considered as income not taxable under this Division.

(6) No loss shall either directly or indirectly be carried forward more than ~~five~~ 20 years.

(b) A corporation claiming a deduction for a loss for the current year or carried forward from a prior year shall maintain and make available for inspection by the Secretary all records necessary to determine and verify the amount of the deduction. The burden of proving eligibility for the deduction and the amount of the deduction shall rest upon the corporation, and no deduction shall be allowed to a corporation that fails to maintain adequate records or to make them available for inspection."

Section 7. G.S. 105-130.5(b)(4) reads as rewritten:

"(4) Losses in the nature of net economic losses sustained by the corporation in any or all of the ~~five~~ 20 preceding years pursuant to the provisions of G.S. 105-130.8. ~~Provided, a~~ A corporation required to allocate and apportion its net income under the provisions of G.S. 105-130.4 shall deduct its allocable net economic loss only from total income allocable to this State pursuant to the provisions of G.S. 105-130.8."

Section 8(a). Sections 6 and 7 of this act are effective for taxable years beginning on or after July 1, 1998, and apply to losses incurred for taxable years beginning on or after July 1, 1992.

Section 8(b). Section 4 of this act becomes effective for taxable years beginning on or after January 1, 1998. The remainder of this act is effective when it becomes law.

(a) Net economic losses sustained by a corporation in any or all of the ~~five~~ 20 preceding income years shall be allowed as a deduction to ~~such~~ the corporation subject to the following limitations:

(1) The purpose in allowing the deduction of a net economic loss of a prior year ~~or years~~ is ~~that of granting~~ to grant some measure of relief to the corporation ~~which~~ that has incurred economic misfortune or ~~which~~ is otherwise materially affected by strict adherence to the annual accounting rule in the determination of net income. The deduction ~~herein specified~~ allowed in this section does not authorize the carrying forward of any particular items or category of loss except to the extent that ~~such loss or losses shall result~~ the loss results in the impairment of the net economic situation of the corporation so as to result in a net economic loss as ~~hereinafter defined.~~ defined in this section.

(2) The net economic loss for any year ~~shall mean~~ means the amount by which allowable deductions for the year other than prior year losses ~~shall~~ exceed income from all sources in the year including any income not taxable under this Division.

(3) Any net economic loss of ~~a prior year or~~ prior years brought forward and claimed as a deduction in any income year may be deducted from net income of the year only to the extent that ~~such carry-over~~ the loss carried forward from the prior ~~year or~~ years ~~shall exceed~~ exceeds any income not taxable under this Division received in the same year in which the deduction is claimed, except that in the case of a corporation required to allocate and apportion to North Carolina its net income, ~~as defined in this Division,~~ only ~~such~~ that proportionate part of the net economic loss of a prior year shall be deductible from total income allocable to this State as would be determined by the use of the allocation and apportionment provisions of G.S. 105-130.4 for the year of ~~such~~ the loss.

(4) A net economic loss carried forward from any year shall first be applied to, or offset by, any income taxable or nontaxable of the next succeeding year before any portion of ~~such~~ the loss may be carried forward to a succeeding year.

(5) For purposes of this section, any income item deductible in determining State net income under the provisions of G.S. 105-130.5 and any nonbusiness income not allocable to this State under the provisions of G.S. 105-130.4 shall be considered as income not taxable under this Division.

(6) No loss shall either directly or indirectly be carried forward more than ~~five~~ 20 years.

(b) A corporation claiming a deduction for a loss for the current year or carried forward from a prior year shall maintain and make available for inspection by the Secretary all records necessary to determine and verify the amount of the deduction. The burden of proving eligibility for the deduction and the amount of the deduction shall rest upon the corporation, and no deduction shall be allowed to a corporation that fails to maintain adequate records or to make them available for inspection."

Section 7. G.S. 105-130.5(b)(4) reads as rewritten:

"(4) Losses in the nature of net economic losses sustained by the corporation in any or all of the ~~five~~ 20 preceding years pursuant to the provisions of G.S. 105-130.8. ~~Provided, a~~ A corporation required to allocate and apportion its net income under the provisions of G.S. 105-130.4 shall deduct its allocable net economic loss only from total income allocable to this State pursuant to the provisions of G.S. 105-130.8."

Section 8(a). Sections 6 and 7 of this act are effective for taxable years beginning on or after July 1, 1998, and apply to losses incurred for taxable years beginning on or after July 1, 1992.

Section 8(b). Section 4 of this act becomes effective for taxable years beginning on or after January 1, 1998. The remainder of this act is effective when it becomes law.

EXPLANATION OF HOUSE BILL 1326 (PCS):
Update IRC Reference/Conform Gift Tax

TO: House Finance Committee
FROM: Martha H. Harris, Staff Attorney
DATE: July 30, 1998
SPONSOR: Representative Gray
Recommended by the Revenue Laws Study Committee

House Bill 1326 makes three changes:

1. It rewrites the definition of the Internal Revenue Code used in State tax statutes to change the reference date from January 1, 1997, to August 1, 1998.
2. It conforms to federal gift tax treatment of qualified tuition programs.
3. It extends the carryforward period for corporate net economic losses from five years to twenty years, effective for taxable years beginning on or after July 1, 1998.

Update Code Reference. Updating the Internal Revenue Code reference makes recent amendments to the Code applicable to the State to the extent that State tax law previously tracked federal law. Congress made numerous, significant changes to the Code last year that will affect federal taxable income. This year, it enacted several additional changes that will affect taxable income. Because the State corporate and individual income taxes are based upon federal taxable income, these changes, if adopted, will affect State policies and revenues. The fiscal note and attachments list and summarize the significant changes made by the federal Taxpayer Relief Act of 1997 and the Internal Revenue Service Restructuring and Reform Act of 1998.

One of the federal tax changes enacted last year was an income tax exemption for the annual earnings on amounts contributed to qualified tuition programs, such as North Carolina's Parental Savings Trust Fund, for the future payment of room or board at an institution of higher education. North Carolina law has a provision exempting these earnings to the extent they are taxed under federal law. Because they are no longer taxed under federal law, Section 2 of the bill repeals the North Carolina exemption. Section 3 amends a related North Carolina provision to clarify that it exempts distributions from tax only if they are used for qualified higher education expenses.

Section 5 of House Bill 1326 provides that the recent federal tax law changes that could increase a taxpayer's North Carolina taxable income for the 1997 tax year will not become effective until January 1, 1998. Under Article 1, Section 16 of the North Carolina Constitution, the legislature cannot pass a law that will increase a tax retroactively. There are a number of provisions in the federal Taxpayer Relief Act of

1997 and the Internal Revenue Service Restructuring and Reform Act of 1998 that could increase taxable income for the 1997 tax year. Because the Code Update could not be acted upon until the 1998 Session of the General Assembly, these changes had to be given a delayed effective date.

Since the State corporate income tax was changed to a percentage of federal taxable income in 1967, the reference date to the Internal Revenue Code has been updated periodically. In discussing bills to update the Code reference, the question frequently arises as to why the statutes refer to the Code on a particular date instead of referring to the Code and any future amendments to it, thereby eliminating the necessity of bills like this one. The answer to the question lies in both a policy decision and a potential legal restraint.

First, the policy reason for specifying a particular date is that, in light of the many changes made in federal tax law from year to year, the State may not want to adopt automatically all federal changes. By pinning references to the Code to a certain date, the State ensures that it can examine any federal changes before making the changes effective for the State.

Secondly, and more importantly, however, the North Carolina Constitution imposes an obstacle to a statute that automatically adopts any changes in federal tax law. Section 2(1) of Article V of the Constitution provides in pertinent part that the "power of taxation ... shall never be surrendered, suspended, or contracted away." Relying on this provision, the North Carolina court decisions on delegation of legislative power to administrative agencies, and an analysis of the few federal cases on this issue, the Attorney General's Office concluded in a memorandum issued in 1977 to the Director of the Tax Research Division of the Department of Revenue that a "statute which adopts by reference future amendments to the Internal Revenue Code would ... be invalidated as an unconstitutional delegation of legislative power."

The Revenue Laws Study Committee explored the possibility of legislation that would automatically adopt federal changes to the Code each year, with legislative review and approval required in the succeeding legislative session. It was hoped that this approach would avoid the practical difficulties that occur when Code changes go into effect many months before the General Assembly has a chance to pass legislation adopting the changes. The Attorney General's Office reviewed the relevant case law in this State and other states before concluding that this approach would be unlikely to withstand a constitutional challenge.

Qualified Tuition Plan Gift Tax. Section 4 of House Bill 1326 adopts for North Carolina gift tax purposes the provisions of federal law listed below. Conforming to federal law will relieve taxpayers from unexpected gift tax liability and will simplify tax compliance and administration.

1. A distribution from a qualified tuition program is not a taxable gift, unless a new beneficiary, who is a generation below the original beneficiary, is named to the account or receives the account in a rollover.
2. A contribution to a qualified tuition program is a gift to the designated beneficiary, but not a gift of a future interest. If the contribution were considered a gift of a future interest, a gift tax return would have to be filed even if the amount were under the $10,000 annual exclusion amount.
3. A contribution to a qualified tuition program is not a direct payment of tuition. If it were, it would be exempt from gift tax.
4. If a contribution exceeds the $10,000 annual gift tax exclusion amount, the donor may elect to avoid gift tax by treating the contribution as if it had been made over a five-year period. For example, a $25,000 contribution would not be taxable because it would be considered a gift of $5,000 a year over five years and thus would be below the $10,000 annual exclusion amount.

These provisions would apply to any qualified state tuition program under section 529 of the Internal Revenue Code. North Carolina has such a program, known as the Parental Savings Trust Fund. This Fund is part of the State Education Assistance Authority. The Fund is authorized by G.S. 116-209.25, which the General Assembly enacted in 1996. A person can contribute amounts into the Parental Savings Trust Fund for a child who is less than 16 years old. The amount contributed in the account, along with its interest and investment earnings, can be used to pay the expenses of the beneficiary at any accredited public or private college or community college. Either the child or the person making the contributions must be a resident of this State. The Education Assistance Authority opened the Parental Savings Trust Fund in early June, 1998.

Section 529 of the Code excludes the amounts earned on contributions to a qualified state tuition program from federal income tax and, therefore, from North Carolina tax as well. Under federal law, the earnings are exempt if the contributions are for the payment of qualified higher education expenses: tuition, room and board, fees, books, supplies, and equipment. Also under federal law, the amount distributed to a beneficiary of the Parental Savings Trust Fund for qualified higher education expenses is taxable to the extent it exceeds the amount contributed. Thus, under federal law, the tax on the investment earnings is simply deferred until a distribution is made, at which time the earnings are taxable to the beneficiary rather than the contributor. Under North Carolina law, however, the entire distribution is not taxable if it is used for qualified higher education expenses. Under both federal and North Carolina law, earnings distributed for purposes other than qualified higher education expenses are taxable and are also subject to a penalty imposed by the state operating the program.

Corporate Loss Carryforwards. Sections 6 and 7 of the bill would extend the corporate income tax carryforward for net economic loss deductions from five years to twenty years. Twenty years is the carryforward period for the similar net operating loss deduction under the Internal Revenue Code. This part of the bill was not recommended by the Revenue Laws Study Committee but was added by amendment in House Finance. Because it may be difficult for an auditor to substantiate a loss carryforward based on deductions that are ten to twenty years old, the bill clarifies that the corporation has the burden of maintaining records that verify the amount of the loss deduction claimed. Sections 6 and 7 would become effective for taxable years beginning on or after July 1, 1998, and would apply to losses incurred for taxable years beginning on or after July 1, 1992.

A net economic loss is the amount by which a corporation's deductions for a taxable year exceed its income from all sources, including income not taxable by the State. Income not taxable includes income items that are deductible in determining State net income as well as a multi-state corporation's nonbusiness income that is allocable to another state. G.S. 105-130.8 allows a corporation to carry a net economic loss forward and deduct it in the next five succeeding taxable years, but only to the extent the carried forward loss exceeds the amount of any income not taxable for each succeeding year. If the corporation is a multi-state corporation, it may deduct from income allocable to this State only that percentage of the carried forward loss that corresponds to the percentage of the corporation's income allocated and apportioned to this State.

The State's net economic loss provision is apparently based on a similar provision that was in the 1939 Internal Revenue Code. The State originally allowed a two-year carryforward; the carryforward period was extended to five years in 1957.

Even if the carry forward period is extended to match the twenty-year period provided in the Internal Revenue Code, the State calculation will differ from the federal calculation in a number of respects. The Internal Revenue Code of 1954 changed the federal net economic loss deduction to a net operating loss calculation based primarily on revenues and expenditures affecting taxable income. Some limitations and restrictions have evolved in the ensuing years relating to continuity of corporate ownership, corporate equity, successor corporations, and other situations. Of course, under federal law, it is not necessary to address the state income tax issues regarding multi-state corporations whose income is allocable to more than one state. Finally, under federal law, a corporation may elect to carry the federal net operating loss deduction back for two earlier years as well as forward for twenty years.

Internal Revenue Service Restructuring and Reform Act of 1998

The following changes made by the federal IRS Restructuring and Reform Act of 1998, which became law July 22, 1998, will affect North Carolina's tax laws if the reference to the Code is updated to August 1, 1998.

1. Section 3462. Clarify Provisions Relating to Examination and Collection Activities: Offers-in-compromise. This section has no direct impact on the State's tax laws, but the Department of Revenue always considers a federal settlement as one factor when the Department is deciding on how and whether to negotiate a settlement with a taxpayer. The specific changes made by this section, which becomes effective July 23, 1998, are:
   - The IRS Secretary will prescribe guidelines for settlements. The guidelines will include schedules of allowances for basic living expenses and prohibit rejection of a low-income taxpayer's offer solely on the basis of amount.
   - The IRS may not levy while certain offers are pending or while certain installment agreements are pending or in effect.
   - The IRS Secretary will establish procedures for independent administrative review of rejected offers-in-compromise and will publish a statement of taxpayers' rights concerning offers-in-compromise.

2. Section 3711. Offset of Past-Due, Legally Enforceable State Income Tax Obligations Against Overpayments. This section expands the federal setoff debt collection program to include income taxes owed to States. Under this program, if the IRS owes a refund to a taxpayer, it will collect debts owed by the taxpayer by setting them off against the refund and will remit the set-off amount to the creditor. The priorities for this program are IRS debts, child support arrearages, and debts owed federal agencies. State income tax debts will become the fourth priority effective for refunds payable beginning January 1, 2000. Although this change does not affect North Carolina tax law, it will increase North Carolina tax revenues when debts are offset and remitted to the Department of Revenue. The offset program applies only to income tax debts owed by State residents – it will not address the problem of nonresidents who fail to pay income taxes owed to the State. To be eligible for offset, the income tax debt must have been finally determined by a judicial or administrative procedure and the time for appeal must have passed. Before submitting an income tax debt for setoff, the Department of Revenue must notify the taxpayer and give the taxpayer an opportunity to contest the debt.

3. Section 5002. Clarification of Exclusion of Meals for Certain Employees. Under current law, meals furnished to employees on the employer's premises and for the employer's convenience are not taxable income to the employee. This section provides that if the majority of the meals furnished to employees on the employer's premises are for the employee's convenience, then the meals furnished not for the employer's convenience will also be treated as if they were furnished for the employer's convenience (and thus will not be taxable to the employee).

4. Section 7001. Clarification of Deduction for Deferred Compensation. In general, contributions under a deferred compensation plan are deductible by the employer in the year in which the amount is includible in the employee's income (Section 404 of the Code). Vacation pay treated as deferred compensation is deductible by the employer in the year it is paid to the employee. In determining whether an item is considered deferred compensation, if the item is received by the employee within 2 ½ months after the end of the taxable year, it is not deferred. A recent case held that if an employer funded vacation and severance pay by obtaining a letter of credit within that 2 ½ month period, it could deduct the cost because the benefits were considered received by the employee in that period and thus were not deferred compensation. This section clarifies that compensation is not treated as received by an employee, or paid, until actually received by the employee. This clarification will require some employers to change their method of accounting. They will be allowed to spread the resulting adjustments over three years.

5. Section 7002. Freeze Grandfathered Status of Stapled or Paired-share REITS. A REIT is a real estate investment trust. It is an entity that receives most of its income from passive real estate-related investments and does not engage in any active trade or business. It is a pass-through entity whose income is not taxed if distributed to shareholders. In a "stapled" REIT structure, the shares of a REIT and a C Corporation may be traded but not sold separately. In 1984, the tax benefits of this structure were curtailed except for certain pre-existing stapled REITs. This section limits that exception to real property interests acquired on or before March 26, 1998. In general, for interests acquired after that date, the special treatment for pre-existing stapled REITs is eliminated.

6. Section 7003. Make Certain Trade Receivables Ineligible for Mark-to-Market Treatment. Under current law, dealers in securities are required to use a mark-to-market method of accounting for securities. A security is any evidence of indebtedness and a dealer is anyone who regularly buys or sells securities from or to customers in the ordinary course of business. This

section eliminates dealer mark-to-market treatment for evidences of indebtedness arising out of the sale of nonfinancial goods or services by a person whose principal activity is providing non-financial goods or services, if the indebtedness is held by that person or a related party at all times. This change will require some taxpayers to change their method of accounting. They will be allowed to spread the resulting adjustments over four years.

1997 Federal Tax Law Changes

General

The federal Taxpayer Relief Act of 1997 creates 285 new sections in the Internal Revenue Code and amends 824 existing sections. Errors in the act are expected to be corrected in 1998 in the federal Tax Technical Correction Act. The following list summarizes some of the significant provisions of the 1997 legislation.

Affects N.C. Individual Income Tax Only

1. Allows exclusion of $250,000 ($500,000 for joint filers) of capital gain from **sales of residence** occupied by taxpayer as principal residence for two of previous five years. Former rules on rollover and former one-time exclusion are repealed. Effective for sales after 5/6/97. This is a tax increase for those who have more than $250,000/$500,000 in gain, so to that extent it cannot be retroactive. (§ 121)
2. Expands business expense deduction for percentage of **self-employed individuals' health insurance**: effective in 2000, the percentage is increased to 50%, then phased up reaching 100% in 2007. (§ 16(a)(1)(B))
3. Establishes **Roth IRAs** effective for tax years beginning on or after 1/1/98, which allow nondeductible contributions of up to $2,000 of compensation (limited for those with adjusted gross income above a certain amount). Distributions tax free if contributions made more than five years ago and one of the following applies: (i) taxpayer is over 59 ½ or is dead, (ii) distribution made because of disability, (iii) distribution is for qualifying first-time homebuyer expenses. Existing IRA may be rolled over to Roth IRA, subjecting rolled over amount to tax. If the IRA is rolled over to a Roth IRA in 1998, the tax due may be spread over four years. (§ 408(a))
4. Expands **existing IRAs** by increasing income limits and allowing IRA for spouse of disqualified active participant, effective for taxable years beginning on or after 1/1/98. (§219(g))
5. Establishes **Education IRAs** effective for tax years beginning on or after 1/1/98, which allow nondeductible cash contributions of up to $500 a year per child under 18 (contributions limited for those with adjusted gross income above a certain amount). Annual earnings of IRA are tax-exempt and distributions are exempt to the extent spent on qualified higher education expenses. (§ 530)
6. Expands **Prepaid Tuition Programs** to include room and board as qualifying expenses, effective retroactively to August 21, 1996. N.C. already exempts these expenses. The act also expands definitions of eligible educational institution and family member, effective 1/1/98 (§ 529(c), (e)).
7. Reenacts exclusion for up to $5,250 of **employer-provided educational assistance**, effective for tax years beginning on or after 1/1/97 and for courses beginning before 6/1/2000. Does not apply to graduate level courses. (§127(d))
8. Allows above the line deduction for up to $1,000 a year of **interest paid on qualified higher education loans**, effective for interest due and paid on or after 1/1/98. The $1,000 annual limit is phased up by $500 a year until it reaches

$2,500 for 2001 and thereafter. Limited to five years of payments, and further limited for taxpayers with AGI above a certain amount. (§ 221)

9. Restricts **penalty for underpayment of estimated income tax**, so that it does not apply if total tax liability less pre-payments is less than $1,000. (N.C. piggybacks this because 105-163.15(f) references section 6654(e) of the Code.) Effective for tax years beginning on or after 1/1/98
10. Makes a small increase in **standard deduction** of individuals who can be claimed as a dependent by another (indexing not adopted), effective for tax years beginning on or after 1/1/98
11. Changes **net operating loss carryback and forward** periods from back 3 years and forward 15 years to back 2 years and forward 20 years, except for individual casualty losses and for farm and small business losses in a disaster area. Effective for tax years beginning on or after August 6, 1997. (Note, we cannot make this effective until tax years beginning on or after 1/1/98, because it is a tax increase.) Although the federal change affects both corporate and individual income tax, in NC corporate does not piggyback net operating loss treatment, so there is no effect on NC corporate income taxes.
12. Increases **charitable mileage rate** from 12¢ to 14¢, effective for tax years beginning on or after 1/1/98
13. Extends expired deduction for fair market value of **stock contributed to private foundation**, effective 5/31/97 (date of expiration) (§ 170(e)(5))
14. Expands rules governing when a **home office** qualifies as the principal place of business, effective for tax years beginning on or after 1/1/99. Note, however, that use of part of residence as home office may restrict availability of capital gain exclusion for residence.
15. Provides that capital gain from sale of certain **qualified small business stock** is not recognized to the extent the proceeds are rolled over into more qualified small business stock within 60 days, effective for sales on or after August 1, 1997.
16. Expands maximum amount of **self-employed 401(k)** contributions that may be made in certain circumstances, effective for taxable years beginning on or after 1/1/98. (§ 402, 408)
17. Provides that if an employee stock ownership plan **(ESOP)** is a shareholder in an S corporation, items of income or loss of the S corporation will not be treated as unrelated business taxable income, contrary to former law.
18. Changes tax treatment of **rural mail carriers' reimbursed mileage**, effective for tax years beginning on or after 1/1/98
19. Expands deferment of **gain from sale of livestock due to drought**, to include flood or other weather-related conditions. Effective for sales and exchanges on or after 1/1/97. (§ 451, 1033)
20. Expands **business meals/entertainment deduction for air transportation employees**, interstate truck and bus drivers, rail road employees, and merchant mariners. Increased from 50% to 55% effective for tax years beginning on or after 1/1/98. Thereafter, phased up 5% every two years to 80% in 2008.
21. Clarifies exclusion for value of **employer-provided parking**, effective for tax years beginning on or after 1/1/98.

22. Increases amount of foreign earned income that can be excluded by **US citizens residing in foreign countries**, effective for tax years beginning on or after 1/1/98, and phased up thereafter.
23. Retroactively excludes from income certain states' **disability payments to former police officers and fire fighters** in 1989, 1990, and 1991. Note: this provision applies only to certain states. If it applies to N.C., the statute of limitations will prevent refunds.
24. Excludes from income government survivor annuities for **slain public safety officers**, effective for tax years beginning on or after 1/1/97
25. Denies nonrecognition of gain when involuntarily converted property is replaced by property acquired from a related party, unless the taxpayer's aggregate gain is $100,000 or less, effective for involuntary conversions after 6/8/97. (§ 1033)
27. Changes from below the line to above the line the deduction for **State and local government official business expenses** relating to service as official, if official is compensated in whole or part on a fee basis. Effective retroactively beginning with 1987 tax year, but does not waive the three-year statute of limitations. (§62(a)(2)(c)).
28. Changes basis recovery method for pension plan payments, 1/1/98. (§72(d)).
29. Simplifies treatment of personal transactions in **foreign currency**, effective 1/1/98.
30. Increases pension full funding limit with 20-year amortization, effective 1/1/99.

Affects Partnerships (N.C. Individual Income Tax)

1. Treats as ordinary income gain attributable to inventory on sale or exchange of partnership interest and in certain partnership distributions, effective 8/5/97. (no impact)
2. Changes formula for allocation of basis among distributed assets of partnership, effective 8/5/97.
3. Extends from 5 to 7 years the period in which a partner may recognize "pre-contribution gain" with respect to contributed property when it is distributed to another partner, or when other property is distributed to the contributing partner, effective for contributions after 6/8/97.

Affects both N.C. Individual and Corporate Income Tax

1. Retroactively extends federal **R&D tax credit**, which had expired 6/1/97. N.C. law piggybacks this credit in G.S. 105-129.10.
2. Restricts types of property eligible for the more generous **income forecast method of depreciation,** effective for property placed in service on or after August 6, 1997. This method will now be allowed only for film, video tapes, sound recordings, copyrights, books, and patents.
3. Eliminates **short against the box** and similar transactions. A taxpayer must recognize gain upon entering into a constructive sale of any appreciated position in stock, etc. A constructive sale occurs if two offsetting positions are acquired in substantial identical property with the intent of reducing the taxpayer's risk

associated with the appreciated property. Gain recognized as if position sold at fair market value and repurchased on date of constructive sale. Effective 6/8/97, with transitional rules. (§ 1259).

4. Requires immediate accrual of interest or original issue discount on **pool of debt instruments** on which the principal can be paid without interest as of a certain date (e.g., credit card receivables) Effective for taxable years beginning on or after 8/5/97. (§1272)
5. Allows expensing of certain environmental remediation costs (**brownfields**) that would otherwise be chargeable to capital account. Effective for expenditures after 8/5/97 and before 2001. (§ 198)
8. Allows **inventory adjustment for estimated shrinkage** if business (1) usually makes a periodic physical count and (2) will later revise the adjustment for discrepancy between estimated shrinkage and actual shrinkage. Effective for tax years ending after 8/5/97. (§471)
9. If taxpayer enters into **short sale of property that becomes substantially worthless**, gain is recognized as if short sale closed when property became worthless. §1233(h). In addition, extends capital treatment of gains and losses under §1234A to interests in real property and nonactively traded personal property.
10. Includes income from **notional principal contracts and stock lending transactions** under Subpart F in gross income of U.S. shareholders, effective 8/5/97. (§ 951)
11. Further restricts like-kind exchanges involving foreign personal property, effective 6/8/97. (§ 1031).
12. Limits treaty benefits for payments to hybrid entities, effective 8/5/97. (§ 894).
13. Creates exception from U.S. property definition under Subpart F for certain securities positions, effective 1/1/98.
14. Exempts active financing income from Subpart F, effective during 1998 only.
15. Modifies look back method for long term contracts, effective 8/5/97.

Affects N.C. Corporate Income Tax Only

1. Recognizes gain when taxpayer exchanges property for certain preferred stock formerly not treated as "**boot**". Sections 351, 354, 355, 356, and 1036 of the Code. Effective transactions after 6/8/97.
2. Certain **corporate contributions of computer** software and equipment to schools qualify for charitable deduction in excess of otherwise applicable limit (basis of the donated property), effective for taxable years beginning on or after 1/1/98 and before 1/1/2001.
3. Repeals income deferral formerly allowed when **family farms** required to change from cash method to accrual method because gross receipts exceed $25 million. Effective for taxable years beginning on or after 7/1/96, with transitional rules.
4. Allows **Subchapter S subsidiaries** (allowed by Small Business Job Protection Act of 1996) to be treated in certain instances as separate corporations for the

purpose of applying Code provisions that benefit a certain type of entity (e.g., banks), that the subsidiary is but the parent is not. Effective 1/1/97

5. Clarifies that **software qualifies as export property** eligible for foreign sales corporation benefits, effective 1/1/98. Piggybacked by 105-130.5(a)(15)
6. Repeals deduction for premiums paid on life insurance policy or annuity in which taxpayer had an interest. Repeals deduction for **interest paid to incur life insurance coverage** where taxpayer is beneficiary and restricts deduction for taxpayer's interest expense allocable to certain cash surrender values. Also, provides pro rata disallowance of interest expense attributable to life insurance on individuals who are not officers, employees, or former employees. Effective 6/8/97.
7. Requires recognition of gain in year of extraordinary dividend if the nontaxed portion of the dividend exceeds the stock basis, and other changes. Depending on the type of extraordinary dividend, new rules effective for distributions after 5/3/95 or 9/13/95, with transition rules. .
8. Repeals law allowing manufacturers to use installment method to report income from sales to their dealers, effective for taxable years beginning on or after 8/6/98.
9. Expands circumstances in which gain is recognized upon acquisition or distribution of stock of the controlled corporation or distributing corporation, effective for transactions occurring after April 16, 1997. This change substantially restricts the availability of tax-free spinoffs. Also, effective for transfers after 6/8/97, gain recognition on transfers to investment companies expanded by expanding definition of investment company.
10. Denies **interest deduction on convertible debt** and similar debt, effective for instruments issued on or after 6/8/97. (§163(l))
11. Allows deferral of gain on sales of stock of certain corporations engaged in refining or processing agricultural products to farmers' cooperatives engaged in marketing agricultural products, effective 1/1/98. .
12. Modifies control test and include attribution rules to determine unrelated business income tax consequences of certain payments from subsidiaries of tax-exempt organizations, effective 1/1/99.
13. Repeals 30% gross income limitation for regulated investment companies, effective 8/5/97.

Affects Other NC Taxes

1. Extends **generation-skipping transfer tax** exemption to transfers to grandnieces and nephews where parent of transferee is deceased and transferor has no living lineal descendants at time of transfer, effective 1/1/98. (§ 2651, 2612) (We piggyback in G.S. 105-7.1.)

No Effect on N.C.

1. Allows $500 **child tax credit** ($400 in 1998). Phased out if AGI above $110,000 joint or $75,000 single/head of household

2. **Allows Education tax credits.** (1) Hope credit for portion of qualified undergraduate education tuition and fees for two years, phased out for taxpayers with AGI over certain amounts. Effective 1/1/98. (2) Lifetime learning credit for 20% of qualified undergraduate or graduate tuition, subject to cap, phased out for taxpayers with AGI over certain amounts. (§25A, 6050S)
3. **Lowers individual tax rate on capital gains**. Rate reduced from 28% to 20%. For taxpayers in 15% bracket, it is 10%. Holding period for LTCG expanded from one year to 18 months.
4. **Work opportunity tax credit** extended and expanded. New welfare to work tax credit for part of employers' wages paid to AFDC recipients, effective 1/1/98. (§ 51A)
5. Allows penalty-free (but not tax free) withdrawals from IRAs for qualified higher education expenses and first time home purchase.
6. Three-year **income averaging for farmers**, effective for 1998, 1999, and 2000 tax years. (§1301)
7. Increases **estate and gift tax unified credit** to $625,000 in 1998, $650,000 in 1999, $675,000 in 2000-01, $700,000 in 2002-03, $850,000 in 2004, $950,000 in 2005, and $1 million in 2006+
8. Reduces estate tax for land subject to permanent conservation easement, effective 1/1/98.
9. Allows **estate tax exclusion for qualified family owned business**, effective 1/1/98. This is very complex and can be narrow in its application.
10. Alternative minimum tax repealed for small corporations.
11. Alternative minimum tax depreciation adjustment eliminated for property placed in service on or after 1/1/99.
12. Farmers may use installment method of accounting for purposes of alternative minimum tax.
13. Taxpayer who fraudulently claims **earned income tax credit** is ineligible thereafter for 10 years. Also, change in definition of AGI for purpose of phasing out the EITC, effective 1/1/98.
14. Changes safe harbor test applicable to upper income individuals for purposes of penalty for underpayment of estimated taxes. We do not piggyback this. (§6654)
15. Tightens holding period rules for corporate dividends received deduction.
16. Those offering tax shelters must register with the IRS.
17. Orphan drug tax credit made permanent.

Technical/Minor - Probably Tiny Impact if Any

1. Clarifies that self-employed individual is eligible to deduct long term care insurance even if employer provides health insurance, as long as the employer does not provide long term health insurance.
2. Recaptures all depreciation (not just excess over straight line) on § 1250 property (buildings).
3. Clarifies that medical savings account withdrawals must be for an individual who was eligible (not covered by low deductible health plan) in the month the expenses were incurred.

4. Estate and its beneficiary treated as related parties for purpose of disallowing loss deduction for sales of assets to related parties and disallowing capital gains treatment for sales of depreciable property to related parties. Effective for taxable years beginning after 8/5/97. (§ 267, 1239)
5. Luxury auto depreciation limits relaxed for clean-burning fuel vehicles and electric vehicles, effective for property placed in service between 8/5/97 and 1/1/05. (§280F).
6. Employer may deduct contributions to SIMPLE 401(k) with no 15% limit, effective for taxable years beginning on or after 1/1/97. (§404(a)(3)(A))
7. Securities traders and commodity traders and dealers may elect mark to market accounting rules (previously applied only to securities dealers), effective for taxable years beginning after 8/5/97
8. Exclude from corporate unrelated business income tax income from certain corporate sponsorship payments .
9. Change treatment of travel expenses of certain federal employees engaged in criminal investigations, effective 8/5/97.
10. Changes rule for closing partnership taxable year with respect to a deceased partner, effective 1/1/98.
11. Allows deduction for contributions by ministers to retirement plans, effective 1/1/98.
12. Clarifies that **employer-provided employee meals** that are tax-free to the employee because they are for the convenience of the employer are fully deductible by employers and treated as de minimum fringe benefits effective for taxable years beginning on or after 1/1/97.
13. MedicarePlus Choice Medical Savings Accounts authorized as pilot program for individuals on Medicare, effective for taxable years beginning on or after 1/1/99. (§138, 220(b), 4973(d)).
14. Reduces **carryback period for general business credits** (such as R&D and low-income housing credits) from 3 years to 1 year, with carryforward period extended from 15 years to 20 years, effective for credits for which the taxpayer first becomes eligible in taxable years beginning on or after 1/1/98. Our R&D credit piggybacks the federal credit, and also some addbacks are allowed under our law if the taxpayer was disallowed a federal deduction for a credit for which we have no corresponding credit. (§ 39)
15. Repeals 30% gross income requirement for **real estate investment trusts**.

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: Department of Revenue

EFFECTIVE DATE: Section 4 (Qualified Tuition Programs) becomes effective for taxable years beginning on or after January 1, 1998. Sections 6 and 7 (net loss carryforward) are effective for taxable years beginning on or after July 1, 1998, and apply to losses incurred for taxable years beginning on or after July 1, 1992. The remainder of the act is effective when it becomes law.

BILL SUMMARY: The act (1) updates the reference to the Internal Revenue Code used in defining and determining certain state tax provisions (from January 1, 1997 to June 1, 1998), (2) conforms to federal gift tax treatment of contributions to qualified tuition programs, and (3) extends the corporate income tax carryforward for net economic losses from five years to twenty years.

BACKGROUND: Each year the General Assembly changes the reference date in the definition of the Internal Revenue Code used in the state individual and corporate income tax statutes. Congress made hundreds of changes in the Code with the passage of the Taxpayer Relief Act of 1997. These changes were reviewed by the Revenue Laws Study Committee and were recommended to the 1998 General Assembly with a few exceptions. Those tax law changes that affect the 1997 tax year cannot be adopted by North Carolina until 1998, because the state constitution prohibits enacting a retroactive tax increase.

NOTES:

1) North Carolina estimates are based on a percentage of the federal estimate calculated by the Congressional Joint Committee on Taxation. The percentage used is N.C. actual tax collections divided by national tax collections. (Individual = .723% Corporate = .542%)

2) The North Carolina constitution prohibits enacting a retroactive tax increase, so this bill cannot adopt federal revenue increasing items for the 1997 tax year. This chart assumes that half of the revenue gained from tax increases in 1997 will be received by the Department in Tax Year 1998.

A BILL TO BE ENTITLED

AN ACT TO PROVIDE THAT CERTAIN TAX-EXEMPT AND TAXABLE DEBT ISSUED BY OR ON BEHALF OF A LOCAL GOVERNMENT IS SUBJECT TO APPROVAL BY THE LOCAL GOVERNMENT COMMISSION.

The General Assembly of North Carolina enacts:

Section 1. The title of Article 8 of Chapter 159 of the General Statutes reads as rewritten:

"ARTICLE 8.

"Financing ~~Agreements.~~ Agreements and Other Financing Arrangements."

Section 2. Article 8 of Chapter 159 of the General Statutes is amended by adding a new section to read:

"**§ 159-153. Approval of other financing arrangements.**

(a) Commission Approval Required. -- Except as provided in subsection (b) of this section, approval by the Commission in accordance with this section is required before a unit of local government, or any public body, agency, or similar entity created by any action of a unit of local government, may do any of the following:

(1) Incur indebtedness.

(2) Enter into any similar type of financing arrangement.

(3) Approve or otherwise participate in the incurrence of indebtedness or the entering into of a similar type of financing arrangement by another party on its behalf.

(b) Exceptions. -- Approval by the Commission in accordance with this section is not required in any of the following cases:

(1) Another law of this State already specifically requires Commission approval of the indebtedness or financing arrangement and the required approval is obtained in accordance with that law.

(2) The indebtedness or financing arrangement is a contract entered into by a unit of local government pursuant to G.S. 160A-20 and is not subject to review by the Commission pursuant to G.S. 160A-20(e).

(3) The indebtedness or financing arrangement is excepted from the review requirements of this Article because it does not meet the conditions of G.S. 159-148(a)(1) or (3) or because it is excluded pursuant to G.S. 159-148(b).

(c) Effect of Special Act. -- No special, local, or private act shall be construed to create an exception from the review of the Commission required by this section unless the act explicitly excludes the review and approval of the Commission.

(d) Factors Considered. -- The Commission may consider all of the following factors in determining whether to approve the incurrence of, entering into, approval of, or participation in any indebtedness or financing arrangement subject to approval pursuant to this section:

(1) Whether the undertaking is necessary or expedient.

(2) The nature and amount of the outstanding debt of the entity proposing to incur the indebtedness or enter the financing arrangement.

(3) Whether the entity proposing to operate the facilities financed by the indebtedness or financing arrangement and the entity obligating itself under the indebtedness or financing arrangement have demonstrated or can demonstrate the financial responsibility and capability to fulfill their obligations with respect to the indebtedness or financing arrangement. In making this determination, the Commission may consider the operating entity's experience and financial position, the nature of the undertaking being financed, and any additional security such as insurance, guaranties, or property to be pledged to secure the indebtedness or financing arrangement.

(4) Whether the proposed date and manner of sale of obligations will have an adverse effect upon any scheduled or anticipated sale of obligations by the State or any political subdivision or by any agency of either of them.

(5) The local government unit's debt management procedures and policies.

(6) The local government unit's compliance with the Local Government Budget and Fiscal Control Act.

(7) Whether the local government unit is in default in any of its debt service obligations.

(e) Documentation. -- To facilitate the review of the proposed indebtedness or financing arrangement by the Commission, the Secretary may require the unit or other entity to obtain and submit any financial data and information about the proposed indebtedness or financing arrangement and security for it, including any proposed prospectus or offering circular, the proposed financing arrangement and security document, and annual and other financial reports and statements of the obligated entity. Applications and other documents required by the Commission must be in the form prescribed by the Commission.

(f) Conditions for Approval. -- If the Commission determines that all of the following conditions are met, the Commission shall approve the incurrence of the indebtedness, entering of the financing arrangement, or approval or other participation in the indebtedness or financing arrangement, by the unit of local government or the other entity referred to in subsection (a) of this section:

(1) The amount of the indebtedness to be incurred or financed is not excessive for the purpose contemplated.

(2) The entity that will operate the facilities financed by the indebtedness or financing arrangement and the entity obligating itself under the indebtedness or financing arrangement have demonstrated or can demonstrate the financial responsibility and capability to fulfill their obligations with respect to the indebtedness or financing arrangement.

(3) The proposed date and manner of sale of obligations will not have an adverse effect upon any scheduled or anticipated sale of obligations by the State or any political subdivision or any agency of either of them."

Section 3. This act is effective when it becomes law and applies to debt and financing arrangements incurred, entered into, approved, or participated in on or after that date.

HOUSE COMMITTEE ON FINANCE

TUESDAY, AUGUST 4, 1998

8:30 a.m. Room 544-LOB

The House Committee on Finance met on Tuesday, August 4, 1998 at 8:30 a.m. in Room 544-LOB. A silent roll was taken (roll list denotes members present).

SB- 873 LOCAL GOVERNMENT DEBT CHANGES

Sen. Kerr explained the bill. Rep. Brown spoke in favor of the bill and moved for a favorable report. Rep. Gray sent forth an amendment to change the effective date and moved for adoption. Rep. Ramsey asked if there were any exceptions. Ms. Martha Harris, Bill Drafting Division answered. Rep. Luebke questioned the change and Rep. Gray responded.

The vote was taken on the amendment and it passed.

Rep. Capps asked for current fees. Mr. David Crotts, Fiscal Research Division, and Mr. Bob High, State Treasurers Department responded. Rep. Howard questioned non-profits changing their operations and Ms. Harris responded to her inquiry. Rep. Brawley asked if school boards are considered local government and Ms. Harris answered.

The vote was taken and given a favorable report.

HB-1272 NO FEE FOR PURPLE HEART PLATES

Rep. Rayfield explained the bill. Rep. Beall shared pictures of the new plates. Rep. Beall moved for a favorable report. Rep. Starnes asked how many are eligible to the new plates and Rep. Beall responded. Rep. Starnes was concerned that if these are offered at no cost the fiscal impact would increase. Rep. Cunningham asked if NC is the only state to charge for the purple heart plate. Rep. Cunningham offered to prepare an amendment to eliminate the fee. Mr. Richard Bostic, Fiscal Research Division advised that the veterans had agreed to pay for their plates and not receive it free. Rep. Cunningham withdrew is offer of an amendment. Rep. Nichols requested clarification of the fees and Rep. Rayfield responded. Rep. Goodwin spoke in favor of the bill. Rep.

Cunningham asked if the Department of Transportation was okay with this legislation. Ms. Ruth Sappee, DOT Legislative Liaison addressed members.

The vote was taken and passed.

HB-1326 UPDATE IRC REF/CONFORM GIFT TAX

Rep. Gray explained the bill. Rep. Dickson moved for adoption of the proposed committee substitute for discussion. So moved. Ms. Martha Harris explained the federal changes that had been made. Rep. Dickson questioned Ms. Harris about the changes and she responded. Rep. Decker inquired about the chart provided by staff and Ms. Harris explained. He then asked for the differences and she responded again. Rep. Dickson spoke in favor of the bill and moved for a favorable report, unfavorable to the original bill. Rep. Hackney requested a fiscal impact explanation. Mr. Richard Bostic answered and Rep. Gray made additional comments. Rep. Jarrell requested clarification of "grand nieces and nephews". Ms. Harris explained. Rep. Capps asked about the parking provision. Ms. Harris explained. Rep. Hackney commented that parking was a big issue in his district due to the universities. Rep. Hackney suggested an amendment to exclude parking. Rep. Gray had no objection. Rep. Hackney spoke again regarding parking. Ms. Harris advised she would need time to prepare this amendment since it would apply to other state employees . Reps. Dickson, Neely and Luebke spoke on the parking issue. Rep. Luebke requested this be displaced until an amendment could be prepared. Discussion continued, and Rep. Hackney spoke again. Rep. Brawley would like to include everyone, not only state employees. Rep. Decker asked about taxes being withheld on parking. Mr. Greg Radford, Personal Tax Division, Department of Revenue, addressed members. Rep. Cole asked about exemptions and taxation's. Mr. Radford and Ms. Harris responded. Rep. Dickson questioned Mr. Radford and he responded. Rep. Gray requested to adjourn until Wednesday.

The meeting adjourned at 9:50 a.m.

(a) Commission Approval Required. -- Except as provided in subsection (b) of this section, approval by the Commission in accordance with this section is required before a unit of local government, or any public body, agency, or similar entity created by any action of a unit of local government, may do any of the following:

(1) Incur indebtedness.

(2) Enter into any similar type of financing arrangement.

(3) Approve or otherwise participate in the incurrence of indebtedness or the entering into of a similar type of financing arrangement by another party on its behalf.

(b) Exceptions. -- Approval by the Commission in accordance with this section is not required in any of the following cases:

(1) Another law of this State already specifically requires Commission approval of the indebtedness or financing arrangement and the required approval is obtained in accordance with that law.

(2) The indebtedness or financing arrangement is a contract entered into by a unit of local government pursuant to G.S. 160A-20 and is not subject to review by the Commission pursuant to G.S. 160A-20(e).

(3) The indebtedness or financing arrangement is excepted from the review requirements of this Article because it does not meet the conditions of G.S. 159-148(a)(1) or (3) or because it is excluded pursuant to G.S. 159-148(b).

(c) Effect of Special Act. -- No special, local, or private act shall be construed to create an exception from the review of the Commission required by this section unless the act explicitly excludes the review and approval of the Commission.

(d) Factors Considered. -- The Commission may consider all of the following factors in determining whether to approve the incurrence of, entering into, approval of, or participation in any indebtedness or financing arrangement subject to approval pursuant to this section:

(1) Whether the undertaking is necessary or expedient.

(2) The nature and amount of the outstanding debt of the entity proposing to incur the indebtedness or enter the financing arrangement.

(3) Whether the entity proposing to operate the facilities financed by the indebtedness or financing arrangement and the entity obligating itself under the indebtedness or financing arrangement have demonstrated or can demonstrate the financial responsibility and capability to fulfill their obligations with respect to the indebtedness or financing arrangement. In making this determination, the Commission may consider the operating entity's experience and financial position, the nature of the undertaking being financed, and any additional security such as insurance, guaranties, or property to be pledged to secure the indebtedness or financing arrangement.

(4) Whether the proposed date and manner of sale of obligations will have an adverse effect upon any scheduled or anticipated sale of obligations by the State or any political subdivision or by any agency of either of them.

(5) The local government unit's debt management procedures and policies.

(6) The local government unit's compliance with the Local Government Budget and Fiscal Control Act.

(7) Whether the local government unit is in default in any of its debt service obligations.

(e) Documentation. -- To facilitate the review of the proposed indebtedness or financing arrangement by the Commission, the Secretary may require the unit or other entity to obtain and submit any financial data and information about the proposed indebtedness or financing arrangement and security for it, including any proposed prospectus or offering circular, the proposed financing arrangement and security document, and annual and other financial reports and statements of the obligated entity. Applications and other documents required by the Commission must be in the form prescribed by the Commission.

(f) Conditions for Approval. -- If the Commission determines that all of the following conditions are met, the Commission shall approve the incurrence of the indebtedness, entering of the financing arrangement, or approval or other participation in the indebtedness or financing arrangement, by the unit of local government or the other entity referred to in subsection (a) of this section:

(1) The amount of the indebtedness to be incurred or financed is not excessive for the purpose contemplated.

(2) The entity that will operate the facilities financed by the indebtedness or financing arrangement and the entity obligating itself under the indebtedness or financing arrangement have demonstrated or can demonstrate the financial responsibility and capability to fulfill their obligations with respect to the indebtedness or financing arrangement.

(3) The proposed date and manner of sale of obligations will not have an adverse effect upon any scheduled or anticipated sale of obligations by the State or any political subdivision or any agency of either of them."

Section 3. This act becomes effective January 1, 1999, and applies to debt and financing arrangements incurred, entered into, approved, or participated in on or after that date.

HOUSE COMMITTEE ON FINANCE

WEDNESDAY, JULY 29, 1998

8:30 A.M. ROOM 544-LOB

The House Committee on Finance met on Wednesday, July 29, 1998, at 8:30 a.m. in room 544-LOB. A silent roll was taken (roll list denotes members present).

Chairman Brawley called the meeting to order and introduced the Pages. He also offered Rep. Gamble best wishes and thanked him for serving on the Finance committee since he will be leaving the General Assembly on Friday, July 31, 1998.

HB-1273 REFUND INTANGIBLES TAX FOR ALL

Rep. Allred spoke on the bill and reminded members it was carried over from the Tuesday meeting. Rep. Dickson to hear from the Attorney General's office. Mr. Andy Vanore, Attorney General's office addressed members. Rep. Capps asked about court rulings and he answered. Rep. Hackney asked for details of the Smith ruling and Mr. Vanore responded. Reps. Cunningham, and Gamble also asked clarifying questions which Mr. Vanore responded to.

Rep. Allred sent forth an amendment and asked Rep. Morgan, Rules Chairman if this would make it a requirement to go to Appropriations. Rep. Morgan asked staff to explain the amendment and where the money will come from for Section 3 of the bill. Ms. Martha Harris, Bill Drafting Division explained. Rep. Morgan then advised it would be sent to the Appropriations Committee. Rep. Allred moved for adoption of the amendment. Rep. Starnes asked if the amendment was adopted, will it still be eligible for this session. Rep. Morgan answered and Rep. Allred withdrew his amendment.

Rep. Miller sent forth an amendment. He spoke on the amendment and asked Ms. Harris to explain it. Rep. Miller then made additional comments. Rep. Allred spoke against the amendment and asked Mr. Crotts, Fiscal Research Division, for the difference in the fiscal impact. Mr. Crotts responded. Rep. Luebke asked Mr. Crotts about amount paid for the years of 1993 & 1994 to the protesters. Mr. Crotts responded. Rep. Luebke then spoke in favor of the amendment. The vote was taken on the amendment and failed with division being called. The vote was 16-16.

Rep. Allred moved for a favorable report, unfavorable to the original bill. A roll call was had been requested at the July 28th meeting by Rep. Starnes. The roll call vote was taken and the bill was given a favorable report, unfavorable to the original bill, 34-2. (copy of roll call vote attached).

Rep. Gamble asked the chairman if he could ask Mr. Crotts a couple more questions. He asked how much would the total tax relief for this year be and if this was recurring or non-recurring. Mr. Crotts advised he would provide this information to him.

The meeting adjourned at 9:15 a.m.

HOUSE BILL 1273
Proposed Committee Substitute H1273-PCS3165-LC

Short Title: Refund Intangibles Tax to All. (Public)

Sponsors:

Referred to:

May 14, 1998

A BILL TO BE ENTITLED

AN ACT TO REFUND THE UNCONSTITUTIONAL INTANGIBLES TAX PAID ON STOCK FOR THE 1990 THROUGH 1994 TAX YEARS WITH INTEREST, REGARDLESS OF THE THIRTY-DAY PROTEST RULE.

The General Assembly of North Carolina enacts:

Section 1. Effective retroactively for the 1990, 1991, 1992, 1993, and 1994 tax years, G.S. 105-203 is repealed.

Section 2. Notwithstanding the provisions of G.S. 105-267, the Secretary of Revenue shall refund the tax repealed by this act, with interest, in three annual installments as provided in this section. Refunds for the 1993 and 1994 tax years shall be paid on July 1, 1999. Refunds for the 1992 and 1991 tax years shall be paid on July 1, 2000. Refunds for the 1990 tax year shall be paid on July 1, 2001. The Secretary of Revenue shall draw the refunds from collections under Part 2 of Article 4 of Chapter 105 of the General Statutes.

Section 3. The Secretary of Revenue may draw the sum of five million dollars ($5,000,000) from collections under Part 2 of Article 4 of Chapter 105 of the General Statutes for the 1998-99 fiscal year to pay for the costs of administering this act. These funds shall not revert at the end of the fiscal year but shall remain available until used for this purpose.

Section 4. This act does not affect the rights or liabilities of the State, a taxpayer, or another person arising under a statute repealed by this act before the effective date of its repeal; nor does it affect the right to any refund or credit of a tax that accrued under the repealed statute before the effective date of its repeal.

Section 5. Section 1 of this act is effective retroactively for the 1990, 1991, 1992, 1993, and 1994 tax years. The remainder of this act is effective when this act becomes law.

EXPLANATION OF HOUSE BILLS 1273(PCS):
Refund Intangibles Tax to All

TO: House Finance Committee
FROM: Martha H. Harris, Staff Attorney
DATE: July 28, 1998
SPONSOR: Representative Allred

This bill would refund intangibles tax paid on stock by taxpayers who have no legal right to a refund because they failed to protest (demand a refund) within 30 days after paying the tax as required by G.S. 105-267[1]. The refunds would cover taxes paid for the 1990 through 1994 taxable years, plus interest, and would be remitted over three years according to the following schedule:

Tax Year	Refund Paid
1993, 1994	July 1, 1999
1992, 1991	July 1, 2000
1990	July 1, 2001

The Secretary of Revenue would draw the cost of the refunds and interest from individual income tax collections. In addition, the Secretary of Revenue is authorized to draw $5 million from 1998-99 income tax collections in order to pay for the costs of administering the refunds. These funds would remain available until used for this purpose.

The Attorney General has issued an opinion that refunding the intangibles tax to nonprotesters would be unconstitutional. Because the State has no legal obligation to these taxpayers, any payments would be an exclusive emolument prohibited by Article I, Section 32 of the North Carolina Constitution. The exclusive emoluments provision of the State Constitution prohibits the legislature from extending special privileges to a select group of individuals except in consideration of public services.

On February 10, 1997, the North Carolina Supreme Court held that the taxable percentage deduction in the North Carolina intangibles tax on stock violated the commerce clause by discriminating against out-of-state companies. The deduction reduced a taxpayer's liability for the tax in proportion to the amount of business the corporation did in North Carolina. The court did not order refunds. Instead, it allowed the possibility of curing the past

---

[1] The 30-day period was extended to one year in 1996, effective for taxes paid on or after November 1, 1996.

discrimination by the assessment of intangibles tax on those who did not pay in reliance on the unconstitutional taxable percentage deduction. In response, the General Assembly enacted and the Governor signed legislation directing the Secretary of Revenue to take no action to collect or assess back intangibles tax for tax years 1990 through 1994. This legislation foreclosed the possibility of assessments on those who relied on the taxable percentage deduction. Therefore, to cure the past discrimination, refunds, plus interest, had to be paid to those intangibles taxpayers who paid tax on shares of stock and who protested the payment of the tax within 30 days of payment.

Many taxpayers who paid the tax without protesting believe it is unfair that they did not receive refunds. They have sued the State for refunds. A class action, Smith v. State, seeking nonprotester refunds for the 1991-94 tax years was dismissed at the trial level but is now in the North Carolina Supreme Court on appeal. Arguments will be heard on October 1, 1998, and the court can be expected to issue a decision within a year or two afterward. A second lawsuit, Shaver v. State, has been filed seeking refunds for nonprotesters for the 1990-94 tax years. The Shaver lawsuit has not advanced past the trial stage.

In its recent decision in the Bailey case, which also involved the 30-day protest rule, the North Carolina Supreme Court ruled that both protesters and nonprotesters were entitled to relief because, contrary to its terms, G.S. 105-267 does not require a protest as a condition for receiving a refund. It is not clear whether the court will follow the same logic in the Smith case.

If the General Assembly provides refunds to intangibles tax nonprotesters, its action will affect the Smith and Shaver cases. If the General Assembly's legislative relief were identical to what is being demanded in either lawsuit, then that lawsuit would be moot. The lower court might, however, still award attorneys fees. This bill does not provide relief identical to what the lawsuits are seeking. It is less than what is being demanded because it is spread out over several years. Thus, if this bill is enacted, there will be no incentive for the plaintiffs to settle or to abandon the lawsuit. The legislation would merely provide the worst case scenario for the plaintiffs: if they lose the case, they will get only the legislative relief. If they win the case, they will get the greater judicial relief, and the attorneys will get attorneys fees.

A detailed history of the intangibles tax is attached to this summary.

History of the Intangibles Tax

1868 to 1979: The North Carolina Constitution of 1868 mandated uniform and universal property taxation on real property, tangible personal property, and intangible personal property. Property taxes were assessed and collected by local governments. In 1937, the General Assembly classified intangibles and removed them from the local property tax; instead, they were taxed by the State and part of the tax proceeds were distributed to local governments. This change was made because local governments had difficulty achieving a satisfactory level of taxpayer compliance through local collection mechanisms. The tax applied to money on deposit, money on hand, accounts receivable, bonds, notes, and shares of stock. The taxable percentage deduction for North Carolina companies was part of the tax scheme.

The tax on intangible property balanced the property tax on tangible personal property and the property tax on real property. Some taxpayers, such as farmers and timber growers, have most of their wealth in real property. Other taxpayers, such as manufacturers and retailers, have large investments in equipment and inventory; and others have most of their wealth in stocks and bonds. Under the 1937 scheme, each group paid a share of the cost of local government through property tax on one of the three types of property.

1979 Tax Relief: The General Assembly provided tax relief by exempting deposit accounts of less than $1,000.

1980 Tax Relief: The General Assembly provided additional tax relief by providing that an intangibles tax return need not be filed if the tax due was $15 or less.

1985 Partial Repeal: The General Assembly repealed the tax on money on deposit, money on hand, and certain accounts receivable. This left an intangibles tax of 25 cents per $100 market value of bonds, remaining accounts receivable, and stock and shares in mutual funds. The stock tax statute exempted a proportion of corporate stock equal to the percentage of the corporation's business that was conducted in North Carolina. Thus, stock of a corporation that did 55% of its business in North Carolina was 55% exempt from the intangibles tax. This exemption was known as the "taxable percentage" deduction.

Fulton: Fulton Corporation challenged the intangibles tax on stock on the grounds that the tax violated the Commerce Clause of the United

States Constitution because it provided for a reduction of the tax in proportion to the issuing company's income taxed in North Carolina. The superior court upheld the tax as constitutional.

Court of Appeals: In 1993, the Court of Appeals reversed the superior court ruling. It found that the taxable percentage deduction was unconstitutional. It repealed the deduction and ordered the intangibles tax to be paid without any reduction for income taxes paid to the State. It did not order a refund of taxes previously paid.

Supreme Court: In 1994, the North Carolina Supreme Court reversed the Court of Appeals. It held that the taxable percentage deduction did not offend the Commerce Clause.

1995 Repeal of the Tax: In 1995, the General Assembly repealed the intangibles tax on stocks, bonds, mutual funds, and accounts receivable.

1996 USSC Decision: In 1996, the United States Supreme Court reversed the North Carolina Supreme Court. It agreed with the decision rendered by the Court of Appeals: the taxable percentage deduction violated the Commerce Clause. It sent the case back to the North Carolina Supreme Court to "fashion a remedy".

Supreme Court: On February 10, 1997, the North Carolina Supreme Court ruled that the part of the intangibles tax statute that the United States Supreme Court held unconstitutional, the taxable percentage deduction, should be severed from the statute and that the balance of the statute should be enforced. This left the intangibles tax to be enforced without any reduction for stock of corporations doing business in North Carolina. The Court also ruled that the tax applied retroactively. The Court's opinion made it possible for holders of North Carolina stock to be assessed by the Department of Revenue for tax due on the value of stock that was excluded from tax because of the unconstitutional deduction. Taxes could have been assessed for three back tax years for those who filed a return and for an indefinite period for those who did not file a return.

Retroactive Tax Rescinded: In April 1997, the General Assembly enacted legislation directing the Secretary of Revenue to take no action to assess or collect intangibles tax from any taxpayer for liability arising solely from the taxpayer's use of the taxable percentage deduction. This legislation made the State liable for refunds to protesters for 1990-94 but, according to the Attorney General, not for refunds to nonprotesters.

Smith case: This is a class action lawsuit comprised of both protesters and nonprotesters. The plaintiffs seek refunds of the stock tax for 1991 through 1994. The court ordered refunds with interest to the protesters. The nonprotesters' claims were dismissed and the nonprotesters have appealed; that case is before the North Carolina Supreme Court.

Nonprotesters: The Attorney General informed the General Assembly in April 1997 that legislation providing refunds to nonprotesters would be unconstitutional. Because the State has no legal obligation to taxpayers who did not make a timely protest, any payments would be an exclusive emolument prohibited by Article I, Section 32 of the North Carolina Constitution. The exclusive emoluments provision of the State Constitution prohibits the legislature from extending special privileges to a select group of individuals except in consideration of public services.

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: The refunds would be administered by the Department of Revenue.

*This estimate assumes the State will not be found liable for some or all of the refunds as a result of the impact of the Bailey case language on the intangibles tax litigation (Smith case).

**Maximum reduction.

BILL SUMMARY: Retroactively repeals the intangibles tax on shares of stock for the 1990-94 tax years and requires the Secretary of Revenue to pays refunds with interest on intangibles taxes paid on shares of stock by nonprotestors for the 1990-94 tax years according to the following schedule:

7/1/99	1993 and 1994 tax years
7/1/00	1991 and 1992 tax years
7/1/01	1990 tax year.

(Over)

The refunds will be netted out of personal income tax collections. In addition, the Department of Revenue will be allowed to earmark up to $5 million of personal income tax collections for the 1998-99 fiscal year to pay the costs of administering the refunds. The earmarking would not revert at the end of the fiscal year but would remain available for granting refunds in future years.

ASSUMPTIONS AND METHODOLOGY: Data on estimated refunds and interest calculated through September 30, 1997 was provided by the Department of Revenue. The additional interest from that date until the payout date specified in the bill was calculated by FRD assuming 9% simple interest per year. In addition, the analysis assumes that all taxpayers eligible for the refund will actually receive the refund.

There were an estimated 926,053 intangibles tax returns filed on shares of stock during the 1990-94 period. Thus, the average refund and interest check will be $525 Some taxpayers will receive a refund for more than one year.

SB-138 DISSOLVE SANITARY DISTRICT

Rep. Womble moved for adoption of the proposed committee substitute for discussion. So moved. Rep. Rayfield explained that this was discussed last week and sent to a sub-sub committee for to work out some details. Rep. Brown spoke in favor and moved for a favorable report, unfavorable to the original bill. The vote was taken and passed.

HB-1273 REFUND INTANGIBLES TAX TO ALL

Rep. Womble moved for adoption of the proposed committee substitute for discussion. So moved. Rep. Allred explained the bill, urged adoption and moved for a favorable report. He then sent forth an amendment. Ms. Martha Harris, Bill Drafting Division, explained the amendment. Rep. McMahan asked if the Attorney General's office had an opinion on this legislation. Ms. Harris advised of a conversation she had with their office. Chairman Dickson asked her to also explain past tax refunds. Rep. Allred made additional comments. Rep. Jarrell asked if this amendment passed would it make it identical to HB-1293. Rep. Wilson explained the differences and urged support of this bill. Rep. Nichols questioned the fiscal impact and Mr. David Crotts, Fiscal Research Division responded. Rep. Decker had a series of questions regarding equal payments and Mr. Crotts answered. Ms. Harris made additional comments.

Rep. Capps asked about the amount of interest for non protesters only. Mr. Crotts responded. Rep. Brown questioned the three refunds and Ms. Harris responded. Rep. Womble asked if protesters were paid with interest. Ms. Harris answered. Rep. Womble asked Rep. Allred if he was doing this for non-protesters to receive interest. Rep. Allred answered.

The vote was taken on the amendment and passed.

Rep. Womble asked Ms. Harris about attorneys fees and she answered. Rep. Capps supports the bill. Mr. Crotts spoke again on the fiscal impact since the amendment had been adopted. Rep. Luebke asked if this was eligible for this session. Ms. Harris and Rep. Allred responded. Chairman Dickson advised he would verify this with the Rep. Morgan, Rules Chairman, and we would stand at recess for a few minutes.

Chairman Dickson called back to order and Rep. Allred sent forth another amendment which, if passed, made it eligible for this session. Ms. Harris read the amendment and explained. Rep. Luebke asked about the fiscal impact on the budget. Mr. Crotts responded. Rep. Nichols questioned ear marking for revenues and Mr. Crotts answered. Rep. Brown asked about the excess at the end of the year and Ms. Harris answered.

The vote was taken and the amendment was adopted.

Rep. Neely suggested this be sent to a sub-sub committee. He had a series of questions of staff regarding the ruling on the Bailey case, and what is the down side of this bill as amended. Ms. Harris responded. Rep. Neely then asked to hear from the Department of Revenue regarding additional expenses for the Department. Ms. Sabra Fairies, Assistant Secretary, DOR, advised it would require additional programming and postage. Rep. Neely then urged caution on this legislation. He felt it needed to be looked at in more detail. Rep. Cunningham asked what would happen if North Carolina makes a ruling and the federal government makes a different ruling. Ms. Harris explained. Rep. Allred spoke on the bill again. Rep. Cunningham agrees that this is the right thing to do, but feels this is premature in case it were to be overturned by the Supreme Court. Rep. Starnes spoke in favor of the bill and requested the ayes and noes be recorded. Rep. Capps urged support. Rep. Eddins urged support. Rep. Hackney asked staff about another case, the Smith brief and Ms. Harris explained it. Rep. Dedmon spoke in favor of the bill. Rep. Miller agreed with Rep. Neely that this need to be given additional consideration and sent to a Judiciary committee. He moved to displace this bill until the Attorney General or someone from his office could be present at our meeting to share their opinion. Rep. Allred spoke on the motion and urged to defeat this motion and move forward on this today. Rep. Baddour spoke in favor of the motion and feels it would only be fair to wait to hear from the AG. He also asked Ms. Harris is there

would be personal liability on the General Assembly if this passed now. Ms. Harris answered. Rep. Eddins spoke against the motion. Rep. Nicholas agreed with Rep. Eddies and asked not to delay the vote. Rep. Cunningham spoke again and urged caution, and supports the motion.

The vote on the Miller motion was taken and division was called.

Time expired and the meeting adjourned at 9:50.

A BILL TO BE ENTITLED

AN ACT TO REFUND THE UNCONSTITUTIONAL INTANGIBLES TAX PAID ON STOCK FOR THE 1990 THROUGH 1994 TAX YEARS, REGARDLESS OF THE THIRTY-DAY PROTEST RULE.

The General Assembly of North Carolina enacts:

Section 1. Effective retroactively for the 1990, 1991, 1992, 1993, and 1994 tax years, G.S. 105-203 is repealed.

Section 2. Notwithstanding the provisions of G.S. 105-267, the Secretary of Revenue shall refund the amount of the tax repealed by this act in three annual installments as provided in this section. Refunds for the 1993 and 1994 tax years shall be paid on July 1, 1999. Refunds for the 1992 and 1991 tax years shall be paid on July 1, 2000. Refunds for the 1990 tax year shall be paid on July 1, 2001. The Secretary of Revenue shall draw the refunds from collections under Part 2 of Article 4 of Chapter 105 of the General Statutes.

Section 3. This act does not affect the rights or liabilities of the State, a taxpayer, or another person arising under a statute repealed by this act before the effective date of its repeal; nor does it affect the right to any refund or credit of a tax that accrued under the repealed statute before the effective date of its repeal.

Section 4. Section 1 of this act is effective retroactively for the 1990, 1991, 1992, 1993, and 1994 tax years. The remainder of this act is effective when this act becomes law.

EXPLANATION OF HOUSE BILLS 1273 & 1293:
Refund Intangibles Tax

TO: House Finance Committee
FROM: Martha H. Harris, Staff Attorney
DATE: July 24, 1998
SPONSOR: H1273: Representative Allred
H1293: Representative C. Wilson

Both of these bills would refund intangibles tax paid on stock by taxpayers who have no legal right to a refund because they failed to protest (demand a refund) within 30 days after paying the tax as required by G.S. 105-267[1]. The following chart illustrates the provisions of each bill:

Bill Number	**HB 1273 (PCS)**	**HB 1293**
Sponsor	Rep. Allred	Rep. C. Wilson

The Attorney General has issued an opinion that refunding the intangibles tax to nonprotesters would be unconstitutional. Because the State has no legal obligation to these taxpayers, any payments would be an exclusive emolument prohibited by Article I, Section 32 of the North Carolina Constitution. The exclusive emoluments provision of the State Constitution prohibits the legislature from extending special privileges to a select group of individuals except in consideration of public services.

On February 10, 1997, the North Carolina Supreme Court held that the taxable percentage deduction in the North Carolina intangibles tax on stock violated the commerce clause by discriminating against out-of-state companies. The deduction reduced a taxpayer's liability for the tax in proportion to the amount of business the corporation did in North Carolina. The court did not order refunds. Instead, it allowed the possibility of curing the past discrimination by the assessment of intangibles tax on those who did not pay in reliance on the unconstitutional taxable percentage deduction. In response, the

---

[1] The 30-day period was extended to one year in 1996, effective for taxes paid on or after November 1, 1996.

General Assembly enacted and the Governor signed legislation directing the Secretary of Revenue to take no action to collect or assess back intangibles tax for tax years 1990 through 1994. This legislation foreclosed the possibility of assessments on those who relied on the taxable percentage deduction. Therefore, to cure the past discrimination, refunds, plus interest, had to be paid to those intangibles taxpayers who paid tax on shares of stock and who protested the payment of the tax within 30 days of payment.

Many taxpayers who paid the tax without protesting believe it is unfair that they did not receive refunds. They have sued the State for refunds. A class action, Smith v. State, seeking nonprotester refunds for the 1991-94 tax years was dismissed at the trial level but is now in the North Carolina Supreme Court on appeal. Arguments will be heard on October 1, 1998, and the court can be expected to issue a decision within a year or two afterward. A second lawsuit, Shaver v. State, has been filed seeking refunds for nonprotesters for the 1990-94 tax years. The Shaver lawsuit has not advanced past the trial stage.

In its recent decision in the Bailey case, which also involved the 30-day protest rule, the North Carolina Supreme Court ruled that both protesters and nonprotesters were entitled to relief because, contrary to its terms, G.S. 105-267 does not require a protest as a condition for receiving a refund. It is not clear whether the court will follow the same logic in the Smith case.

If the General Assembly provides refunds to intangibles tax nonprotesters, its action will affect the Smith and Shaver cases. If the General Assembly's legislative relief is identical to what is being demanded in either lawsuit, then that lawsuit will be moot. The lower court might, however, still award attorneys fees. If the relief is less than what is being demanded, because it does not provide interest, because it does not cover all tax years, or because it is spread out over several years, then there will be no incentive for the plaintiffs to settle or to abandon the lawsuit. The legislation will merely provide the worst case scenario for the plaintiffs: if they lose the case, they will get only the legislative relief. If they win the case, they will get the greater judicial relief, and the attorneys will get attorneys fees.

A detailed history of the intangibles tax is attached to this summary.

History of the Intangibles Tax

1868 to 1979: The North Carolina Constitution of 1868 mandated uniform and universal property taxation on real property, tangible personal property, and intangible personal property. Property taxes were assessed and collected by local governments. In 1937, the General Assembly classified intangibles and removed them from the local property tax; instead, they were taxed by the State and part of the tax proceeds were distributed to local governments. This change was made because local governments had difficulty achieving a satisfactory level of taxpayer compliance through local collection mechanisms. The tax applied to money on deposit, money on hand, accounts receivable, bonds, notes, and shares of stock. The taxable percentage deduction for North Carolina companies was part of the tax scheme.

The tax on intangible property balanced the property tax on tangible personal property and the property tax on real property. Some taxpayers, such as farmers and timber growers, have most of their wealth in real property. Other taxpayers, such as manufacturers and retailers, have large investments in equipment and inventory; and others have most of their wealth in stocks and bonds. Under the 1937 scheme, each group paid a share of the cost of local government through property tax on one of the three types of property.

1979 Tax Relief: The General Assembly provided tax relief by exempting deposit accounts of less than $1,000.

1980 Tax Relief: The General Assembly provided additional tax relief by providing that an intangibles tax return need not be filed if the tax due was $15 or less.

1985 Partial Repeal: The General Assembly repealed the tax on money on deposit, money on hand, and certain accounts receivable. This left an intangibles tax of 25 cents per $100 market value of bonds, remaining accounts receivable, and stock and shares in mutual funds. The stock tax statute exempted a proportion of corporate stock equal to the percentage of the corporation's business that was conducted in North Carolina. Thus, stock of a corporation that did 55% of its business in North Carolina was 55% exempt from the intangibles tax. This exemption was known as the "taxable percentage" deduction.

Fulton: Fulton Corporation challenged the intangibles tax on stock on the grounds that the tax violated the Commerce Clause of the United

States Constitution because it provided for a reduction of the tax in proportion to the issuing company's income taxed in North Carolina. The superior court upheld the tax as constitutional.

Court of Appeals: In 1993, the Court of Appeals reversed the superior court ruling. It found that the taxable percentage deduction was unconstitutional. It repealed the deduction and ordered the intangibles tax to be paid without any reduction for income taxes paid to the State. It did not order a refund of taxes previously paid.

Supreme Court: In 1994, the North Carolina Supreme Court reversed the Court of Appeals. It held that the taxable percentage deduction did not offend the Commerce Clause.

1995 Repeal of the Tax: In 1995, the General Assembly repealed the intangibles tax on stocks, bonds, mutual funds, and accounts receivable.

1996 USSC Decision: In 1996, the United States Supreme Court reversed the North Carolina Supreme Court. It agreed with the decision rendered by the Court of Appeals: the taxable percentage deduction violated the Commerce Clause. It sent the case back to the North Carolina Supreme Court to "fashion a remedy".

Supreme Court: On February 10, 1997, the North Carolina Supreme Court ruled that the part of the intangibles tax statute that the United States Supreme Court held unconstitutional, the taxable percentage deduction, should be severed from the statute and that the balance of the statute should be enforced. This left the intangibles tax to be enforced without any reduction for stock of corporations doing business in North Carolina. The Court also ruled that the tax applied retroactively. The Court's opinion made it possible for holders of North Carolina stock to be assessed by the Department of Revenue for tax due on the value of stock that was excluded from tax because of the unconstitutional deduction. Taxes could have been assessed for three back tax years for those who filed a return and for an indefinite period for those who did not file a return.

Retroactive Tax Rescinded: In April 1997, the General Assembly enacted legislation directing the Secretary of Revenue to take no action to assess or collect intangibles tax from any taxpayer for liability arising solely from the taxpayer's use of the taxable percentage deduction. This legislation made the State liable for refunds to protesters for 1990-94 but, according to the Attorney General, not for refunds to nonprotesters.

Smith case: This is a class action lawsuit comprised of both protesters and nonprotesters. The plaintiffs seek refunds of the stock tax for 1991 through 1994. The court ordered refunds with interest to the protesters. The nonprotesters' claims were dismissed and the nonprotesters have appealed; that case is before the North Carolina Supreme Court.

Nonprotesters: The Attorney General informed the General Assembly in April 1997 that legislation providing refunds to nonprotesters would be unconstitutional. Because the State has no legal obligation to taxpayers who did not make a timely protest, any payments would be an exclusive emolument prohibited by Article I, Section 32 of the North Carolina Constitution. The exclusive emoluments provision of the State Constitution prohibits the legislature from extending special privileges to a select group of individuals except in consideration of public services.

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: The refunds would be administered by the Department of Revenue.

EFFECTIVE DATE: When the bill becomes law.

*This estimate assumes the State will not be found liable for some or all of the refunds as a result of the Bailey case (retirees) on the intangibles tax litigation (Smith case).

BILL SUMMARY: Repeals intangibles tax on shares of stock retroactively to the 1991-94 tax year and directs the Secretary of Revenue to pay refunds, with interest, for taxes paid for those years. The refunds shall be paid as soon as practicable. The refunds will be netted out of personal income tax collections. Because taxpayers who filed a timely protest to the tax have received refunds and interest, the effect of the legislation is to pay refunds and interest to nonprotestors.

ASSUMPTIONS AND METHODOLOGY: Data on estimated refunds was provided by the Department of Revenue. This analysis assumes that 100% of eligible refunds and interest are claimed and that all amounts are paid during the 1998-99 fiscal year. Finally, interest is calculated through September 30, 1998 and the interest rate for the July 1-Sept. 30 period is the same rate (9%) as that charged as of June 30.

*This estimate assumes the State will not be found liable for some or all of the refunds as a result of the Bailey case (retirees) on the intangibles tax litigation (Smith case).

**The amount for this two-year period (see "Amendment Summary") is relatively small due to the large number of taxpayers who have already received refunds because they protested the tax.

AMENDMENT SUMMARY: Pays refunds, without interest, on intangibles taxes paid on shares of stock by nonprotestors for the 1990-94 tax years as follows:

7/1/99	1993 and 1994 tax years
7/1/00	1991 and 1992 tax years
7/1/01	1990 tax year.

The refunds will be netted out of personal income tax collections.

ASSUMPTIONS AND METHODOLOGY: Data on estimated refunds was provided by the Department of Revenue.

TECHNICAL CONSIDERATIONS: The analysis assumes that the State is not already liable for refunds due to language in the Bailey case. At this time it appears that the intangibles tax refund issue is still under litigation.

EXPLANATION OF HOUSE BILL 1617:
Poultry Composting Tax Credit (PCS)

TO: House Finance Committee
FROM: Cindy Avrette, Committee Counsel
DATE: July 27, 1998
SPONSOR: Representative Mitchell

House Bill 1617 removes the sunset from the individual income tax credit for constructing a facility in this State for the composting of poultry carcasses resulting from commercial poultry operations. The current credit, which expires this year, is available only to individuals and shareholders in Subchapter S corporations. The bill expands the credit to C corporations. The **proposed committee substitute** adds Section 3 to the bill to remove the sunset language from the 1995 Session Laws.

The amount of the credit allowed is 25% of the installation, equipment, and materials costs of building the facility, not to exceed $1,000. The credit does not apply to costs paid with funds provided to the taxpayer by a State or federal agency. The amount of the credit allowed cannot exceed the amount of tax imposed for the taxable year and any unused credit may not be carried forward to succeeding taxable years.

A poultry composting facility is a structure or an enclosure in which whole, unprocessed poultry carcasses are decomposed by a natural process into an organic, biologically safe by-product that can be used for plant food. Every person that is engaged in raising poultry for commercial purposes and has a flock of at least 200 fowl is required to dispose of the poultry carcasses in a pit, an incinerator, or a poultry composting facility that has been approved by the Department of Agriculture. In the poultry business, the grower of a bird is often not the owner of the bird. The burden of disposing of poultry mortalities is usually on the grower of the bird.

The purpose of the credit is to encourage people who raise turkeys, chickens, or other poultry to compost the dead poultry rather than burn it or put it in a pit. By composing the poultry carcasses, the by-product can be converted into a useful product.

LEGISLATIVE FISCAL NOTE

BILL NUMBER: HB 1617 (Proposed Committee Substitute)

SHORT TITLE: Poultry Composting Tax Credit

SPONSOR(S): Representatives Mitchell, Allred, Davis, and Hackney

FISCAL IMPACT

Yes (X) **No ( )** **No Estimate Available ( )**

	FY 1998-99	FY 1999-00	FY 2000-01	FY 2001-02	FY 2002-03
REVENUES					
General Fund	($30,000)	($30,000)	($30,000)	($30,000)	($30,000)

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: Department of Revenue

EFFECTIVE DATE: This act is effective when it becomes law.

BILL SUMMARY: This bill extends income tax credit for poultry composting facilities to corporate entities and removes the sunset for the individual income tax credit.

BACKGROUND: This tax credit is available for individuals and S corporations who construct facilities in North Carolina for composting whole, unprocessed poultry carcasses from commercial poultry operations. The credit is equal to 25% of the installation, materials, and equipment costs of construction paid during the taxable year, but not to exceed $1,000 for any single installation. The credit is not refundable and there is no carry-forward of the credit. The credit does not apply to costs paid with funds provided by a state or federal agency. The credit expires in the 1998 tax year.

ASSUMPTIONS AND METHODOLOGY: Before constructing a poultry composting facility, the grower must receive a permit from the Veterinary Division in the Department of Agriculture and Consumer Services. Based on permit information, the number of facilities constructed since 1990 is as follows:

1990 (began in August)	12
1991	63
1992	132
1993	133
1994	85
1995	136
1996	61
1997	33
1998 (by July 27)	20

The numbers above show a decline in composting facilities since 1995. Dr. Thomas A. Carter, Extension Poultry Specialist at North Carolina State University, attributes this decline to poultry growers' increased use of incineration. Due to incineration and other technological changes, Dr. Carter believes the number of composting facilities will average 30 per year over the next five years.

The cost to continue this credit is approximately $30,000 per year. As noted above, there will be 30 composting facilities constructed each year. Since the cost of a compost facility is between $5,000 and $10,000 per installation, each facility will qualify for the maximum $1,000 credit. This fiscal note assumes each grower has enough tax liability to fully use each tax credit. Since there is no data on the tax status of the permit holders, this note contains the total cost for both individual and corporate taxpayers.

A BILL TO BE ENTITLED

AN ACT TO ALLOW AN ALTERNATIVE PROCEDURE FOR DISSOLUTION OF A SANITARY DISTRICT THAT HAS NO INDEBTEDNESS AND THE TERRITORY OF WHICH HAS BEEN ENTIRELY ANNEXED.

The General Assembly of North Carolina enacts:

Section 1. Article 2 of Chapter 130A of the General Statutes is amended by adding a new section to read:

"§ 130A-73.1. Dissolution of sanitary districts having no outstanding indebtedness and located wholly within or coterminous with corporate limits of city or town.

(a) When the boundaries of a sanitary district that (i) is located entirely within one county, (ii) has no outstanding indebtedness, (iii) at the time of its creation was not located entirely within or coterminous with the corporate limits of a city or town, (iv) has not provided any water or sewer service for at least five years, (v) did not levy any ad valorem tax in the current year, (vi) has been for at least five years entirely located within or coterminous with the corporate limits of a city or town, and (vii) at the time of the annexation of the area of the district by that city or town, the city or town assumed all assets and liabilities of the district, the board of that

district by unanimous vote may petition the board of commissioners of the county in which the district is located to dissolve the district. Upon receipt of the petition, the board of commissioners shall notify the Department and the governing body of the city or town within which the district lies of the receipt of the petition. If the Commission, the county board of commissioners, and the governing body of the city or town shall deem it advisable to comply with the request of the petition, the Commission shall adopt a resolution dissolving the district. All taxes levied by the sanitary district that were levied prior to, but that are collected after, the dissolution shall vest in the city or town. All property held, owned, controlled, or used by the sanitary district upon the dissolution or that may later be vested in the sanitary district, and all judgments, liens, rights, and causes of actions in favor of the sanitary district shall vest in the city or town. At the dissolution, taxes owed to the sanitary district shall be collected by the city or town.

(b) The procedure for the dissolution of a sanitary district set out in this section is an alternative to the procedure set out in G.S. 130A-73 and any sanitary district to which both that section and this section apply may be dissolved under either section."

EXPLANATION OF SENATE BILL 138 (PCS):
Dissolve Sanitary District

TO: House Finance Committee
FROM: Jeff Hudson and Martha Walston, Staff Attorneys
DATE: July 22, 1998
SPONSOR: Senator Odom

Senate Bill 138 was recommended to the 1997 Regular Session by the Environmental Review Commission. The companion bill, House Bill 189, was introduced by Representative Arlie Culp. These bills, as introduced, amended the North Carolina Drinking Water Act so that it conforms to federal law. The conforming changes became law with the enactment of House Bill 189 during the 1997 Regular Session. The Third Edition of Senate Bill 138 removed the original provisions of the bill, allowed certain privately-owned community water systems to apply for loans and grants from the Drinking Water Treatment Revolving Loan Fund, and provided for an alternative procedure for dissolution of certain sanitary districts. **The proposed House Committee Substitute removes the provisions of the bill regarding privately-owned community water systems, and retains the provision setting out an alternative procedure for dissolution of certain sanitary districts.**

Section 1: Allows an alternative procedure for dissolution of certain sanitary districts.

Section 1 establishes an alternative procedure for the dissolution of certain sanitary districts. The board of a sanitary district, by unanimous vote, may petition the board of commissioners of the county in which the district is located to dissolve the district when the district:

- Is located entirely within one county
- Has no outstanding indebtedness
- At the time of its creation, was not located entirely within or coterminous with the corporate limits of a city or town
- Has not provided any water or sewer service for at least five years
- Did not levy any property tax in the current year
- Has been entirely located within or coterminous with the corporate limits of a city or town for at least five years
- At the time of annexation of the area of the district by that city or town, the city or town assumed all assets and liabilities of the district

Upon receipt of a petition, the board of commissioners must notify the Department of Health and Human Services and the governing body of the city or

town where the petitioning district lies. If the Commission for Health Services (Commission), the county board of commissioners, and the governing body of the city or town agree to the petition, the Commission will dissolve the district. Matters related to the sanitary district's collection of taxes, property, and causes of action will pass to the city or town. This dissolution procedure is an alternative to that established in G.S. 130A-73. Any sanitary district to which both sections apply may be dissolved under either section.

Section 2 makes the act effective when it becomes law.

HOUSE COMMITTEE ON FINANCE

WEDNESDAY, JULY 22, 1998

8:30 A.M. ROOM 544-LOB

Rep. Gray called the meeting to order and introduced the Pages.

HB-1492/SB-1354 CLEAN WATER/NATURAL GAS BONDS

Rep. Dickson moved to adopt the Proposed Committee Substitute for discussion. So moved. Rep. Carpenter explained the bill. Rep. Brown moved for a favorable report, unfavorable to the original bill.

Rep. Dickson sent forth a technical amendment which Rep. Gray read. The vote was taken and the amendment was adopted.

Rep. Dickson asked if there were any opposition to this issue. Rep. Carpenter replied. Rep. Dickson also questioned staff of the language on Page 31. Mr. Steve Rose, Research Division explained.

Rep. Goodwin sent forth an amendment, explained and urged adoption. Rep. Carpenter he was not opposed to the amendment. Rep. Hackney wanted additional clarification. Mr. Chris Hagerty, NC Electric Cooperatives, addressed members. Rep. Carpenter made additional comments. Ms. Martha Harris, Bill Drafting Division also gave an additional explanation. Rep. Starnes asked Mr. Hagerty for an example of how this amendment would apply. He responded. Rep. Brown asked if the amendment would protect private industries and Mr. Hagerty responded. Rep. Hackney questioned staff about the clean water objectives and Ms. Harris replied. The vote was taken and the amendment was adopted.

Rep. Womble questioned an opposition by the Department of Economic and Natural Resources. Rep. Carpenter responded. Mr. Bill Holman, Department of Economic and Natural Resources addressed members. He advised of their work with the Senate and explained some amendments that had been recommended to the Senate when they were discussing the bill. Rep. Carpenter also addressed the comments made by Mr. Holman in reference to the proposed amendments to the Senate. He further explained that if approved, this would go to a conference committee and all concerns, if any, would be addressed and worked out in conference. Rep. Womble then asked who decides who gets

grants. Rep. Carpenter responded. Rep. Gamble asked about an out of state company servicing his district with gas and why there were allowed rather than an North Carolina company. Mr. Steve Rose explained this. Rep. Cole was concerned about annexation situations that may never utilize the facilities. Rep. Carpenter addressed his concerns. Rep. Hackney inquired about expansion funds and Mr. Rose replied. Rep. Nesbitt asked Mr. David Crotts, Fiscal Research Division about the states indebtedness and he responded. Rep. Nesbitt then shared concerns of how this would affect the states indebtedness in the future. Sen. Kerr (sponsor of the senate version) was recognized to address Rep. Nesbitts comments. Rep. Luebke asked about an amendment which had been offered in the Senate regarding watersheds. He requested to hear from the Sierra Club and the Conservation Council. Mr. Nat Mund, Conservation Council, addressed members. Mr. Bill Holman, Department of Economic and Natural Resources spoke on the watershed issue. Mr. Jim Blackburn, County Commissioners Association also addressed this issue. Rep. Luebke advised he would not offer the same amendment in our committee but asked Rep. Carpenter if he would consider it when the conference committee meets. Rep. Nichols questioned grants and lending money for private industry. Mr. Steve Rose responded. Rep. Nichols then asked about interest rates and collateral. Mr. Rose answered again. Rep. Nichols then shared concerns/comments. Rep. Brown spoke in favor of the bill again and called the question. Motion carried to call the question. The vote was taken on the bill and given a favorable report, unfavorable to the original bill.

The meeting adjourned at 9:50.

Short Title: Rural Infrastructure Bonds. (Public)

Referred to:

May 27, 1998

A BILL TO BE ENTITLED

AN ACT TO AUTHORIZE THE ISSUANCE OF GENERAL OBLIGATION BONDS OF THE STATE, SUBJECT TO A VOTE OF THE QUALIFIED VOTERS OF THE STATE, TO ADDRESS STATEWIDE RURAL INFRASTRUCTURE NEEDS BY PROVIDING FUNDS (1) FOR GRANTS AND LOANS TO LOCAL GOVERNMENT UNITS FOR WATER SUPPLY SYSTEMS, WASTEWATER COLLECTION SYSTEMS, WASTEWATER TREATMENT WORKS, AND WATER CONSERVATION AND WATER REUSE PROJECTS AND (2) FOR GRANTS, LOANS, OR OTHER FINANCING TO PUBLIC OR PRIVATE ENTITIES FOR CONSTRUCTION OF NATURAL GAS FACILITIES.

The General Assembly of North Carolina enacts:

Section 1. Short title. This act shall be known as the "Rural Infrastructure Bond Act of 1998".

Section 2. Purpose. It is the intent of the General Assembly by this act to provide for the issuance of general obligation bonds of the State and to provide that the proceeds realized from the sale of the bonds shall be allocated as follows:

(a) Clean Water Bonds.

(1) $465,000,000 to provide State matching funds required to receive federal wastewater or water supply assistance funds and to provide additional funding for the Clean Water Revolving Loan and Grant

Fund established in Chapter 159G of the General Statutes or to provide funding by grants to local government units for wastewater treatment and water supply and distribution needs;

(2) $320,000,000 to provide loans to local government units to finance all or a portion of the cost of construction, improvements, enlargements, extensions, and reconstruction of water supply and distribution systems, wastewater collection systems, wastewater treatment works, water conservation projects, and water reuse projects.

The funds to be derived from the sale of the Clean Water Bonds authorized by this act are sufficient to meet no more than a fraction of the needs that now exist and will arise in the immediate future. For this reason, although public necessity, the criteria established by Chapter 159G of the General Statutes, and the guidelines established by the United States Environmental Protection Agency Hardship Grants Program shall be the primary consideration in granting and loaning funds, great emphasis shall also be placed on the creation of efficient systems of regional wastewater disposal and regional water supply, on the willingness and ability of local government units to meet their responsibilities through sound fiscal policies, creative planning, and efficient operation and management, and on having a capital improvement plan.

(b) Natural Gas Bonds.

$215,000,000 to provide grants, loans, or other financing to natural gas local distribution companies, persons seeking natural gas distribution franchises, State or local government agencies, or other entities for construction of natural gas facilities.

Section 3. Definitions. As used in this act, unless the context otherwise requires:

(1) "Bond rating" means the numerical rating of a unit of local government developed by the NCMC. The rating formula is based on 100 being a theoretically "perfect" unit of local government and is an assessment of the creditworthiness of the unit. Units of local government with a rating below 75 or with no ratings have limited, if any, access to the private markets for financing water and sewer or other debt.

(2) "Bonds" means bonds issued under this act.

(3) "Capacity grant" means a grant awarded by the Rural Economic Development Center to a local government unit to pay all or a portion of the cost associated with the planning and writing of a grant or loan application, a capital improvement plan, or other efforts that support growth and development of rural areas.

(4) "Capital improvement plan" means a report that identifies water and sewer infrastructure and capital needs that address planned and strategic growth. It shall include an assessment of current water and wastewater systems and a projection of those infrastructure needs over a 20-year horizon. The report shall take into consideration government mandates, usefulness of the improvements to the community and the effect on both short and long-term operation and maintenance of the scheduled improvements and identifies alternatives for meeting the identified need including regionalization, consolidation and system mergers, water reuse and conservation.

(5) "Clean Water Revolving Loan and Grant Act" means Chapter 796 of the 1987 Session Laws, as amended from time to time, codified as Chapter 159G of the General Statutes.

(6) "Clean Water Revolving Loan and Grant Fund" means the Clean Water Revolving Loan and Grant Fund as defined in the Clean Water Revolving Loan and Grant Act.

(7) "Cost" means, without intending thereby to limit or restrict any proper definition of this term in financing the cost of facilities or purposes authorized by this act:

a. The cost of constructing, reconstructing, enlarging, acquiring, and improving facilities, and acquiring equipment and land therefor,

b. The cost of engineering, architectural, and other consulting services as may be required,

c. Administrative expenses and charges,

d. Finance charges and interest prior to and during construction and, if deemed advisable by the State Treasurer, for a period not exceeding two years after the estimated date of completion of construction,

e. The cost of bond insurance, investment contracts, credit enhancement and liquidity facilities, interest-rate swap agreements or other derivative products, financial and legal consultants, and related costs of bond and note issuance, to the extent and as determined by the State Treasurer,

f. The cost of reimbursing the State for any payments made for any cost described above, and

g. Any other costs and expenses necessary or incidental to the purposes of this act.

Allocations in this act of proceeds of bonds to the costs of a project or undertaking in each case may include allocations to pay the costs set forth in items c., d., e., f., and g. in connection with the issuance of bonds for the project or undertaking.

(8) "Credit facility" means an agreement entered into by the State Treasurer on behalf of the State with a bank, savings and loan association, or other banking institution, an insurance company, reinsurance company, surety company, or other insurance institution, a corporation, investment banking firm, or other investment institution, or any financial institution or other similar provider of a credit facility, which provider may be located within or without the United States of America, such agreement providing for prompt payment of all or any part of the principal or purchase price (whether at maturity, presentment or tender for purchase, redemption, or acceleration), redemption premium, if any, and interest on any bonds or notes payable on demand or tender by the owner, in consideration of the State agreeing to repay the provider of the credit facility in accordance with the terms and provisions of such agreement.

(9) "Economically depressed area" means any of the following:

a. An economically distressed county as defined in G.S. 143B-437.01.

b. That part of a rural county whose poverty rate is at least one hundred fifty percent (150%) of the State poverty rate. For the purpose of this section, the poverty rate is the percentage of the population with income below the latest annual federal poverty guidelines issued by the United States Department of Health and Human Resources.

c. That part of a rural county that experiences an actual or imminent loss of manufacturing jobs in a number that is equal to or exceeds five percent (5%) of the total number of manufacturing jobs in the part.

(10) "Local government units" means local government units as defined in the Clean Water Revolving Loan and Grant Act.

(11) "NCMC" means the North Carolina Municipal Council, Inc., a nonprofit North Carolina corporation which provides bond ratings, or any successor thereto. In the event such corporation dissolves or no longer performs the functions contemplated herein, such term shall mean that comparable corporation designated by the State Treasurer.

(12) "Notes" means notes issued under this act.

(13) "Par formula" means any provision or formula adopted by the State to provide for the adjustment, from time to time, of the interest rate or rates borne by any bonds or notes, including:

a. A provision providing for such adjustment so that the purchase price of such bonds or notes in the open market would be as close to par as possible,

b. A provision providing for such adjustment based upon a percentage or percentages of a prime rate or base rate, which percentage or percentages may vary or be applied for different periods of time, or

c. Such other provision as the State Treasurer may determine to be consistent with this act and will not materially and adversely affect the financial position of the State and the marketing of bonds or notes at a reasonable interest cost to the State.

(14) "Rural county" means a county with a density of fewer than 200 people per square mile based on the United States census.

(15) "Rural Economic Development Center" means the Rural Economic Development Center, Inc., a nonprofit North Carolina corporation, or any successor thereto. In the event such corporation dissolves or no longer performs the functions contemplated herein, such term shall mean that comparable corporation designated by the Governor.

(16) "State" means the State of North Carolina.

(17) "Supplemental grant" means a grant awarded by the Rural Economic Development Center to a local government unit to assist in financing wastewater collection systems, wastewater treatment works, water conservation projects, water reuse projects, or water supply systems. Supplemental grant funds shall supplement other funding and shall not represent more than fifty percent (50%) of the total costs of the wastewater collection systems, wastewater treatment works, water conservation projects, water reuse projects, or water supply systems financed.

(18) "Unsewered communities" means those communities lacking centralized, publicly owned wastewater collection systems and wastewater treatment works.

(19) "Wastewater collection systems" means wastewater collection systems as defined in the Clean Water Revolving Loan and Grant Act.

(20) "Wastewater treatment works" means wastewater treatment works as defined in the Clean Water Revolving Loan and Grant Act.

(21) "Water conservation projects" include, but are not limited to, any construction, repair, renovation, expansion, replacement of components, or other capital improvement, including related equipment and land acquisition, designed to:

a. Eliminate the wasteful or unnecessary use or loss of water in the operations of a wastewater collection system, wastewater treatment works, or water supply system; or

b. Enhance the operation of a wastewater collection system, wastewater treatment works, or water supply system to provide a more efficient use of water.

(22) "Water Pollution Control Revolving Fund" means the fund described by G.S. 159G-4(a) and G.S. 159G-5(c).

(23) "Water reuse" means the actual use or application of treated wastewater in or on areas which require water but do not require potable water quality.

(24) "Water supply systems" means water supply systems as defined in the Clean Water Revolving Loan and Grant Act.

Section 4. Authorization of bonds and notes. (a) Clean Water Bonds. Subject to a favorable vote of a majority of the qualified voters of the State who vote on the question of issuing Clean Water Bonds in the election called and held as provided in this act, the State Treasurer is hereby authorized, by and with the consent of the Council of State, to issue and sell, at one time or from time to time, general obligation bonds of the State to be designated "State of North Carolina Clean Water Bonds", with any additional designations as may be determined to indicate the issuance of bonds from time to time, or notes of the State as provided in this act, in an aggregate principal amount not exceeding seven hundred eighty-five million dollars ($785,000,000) for the purpose of providing funds, with any other available funds, for the purposes authorized in this act.

(b) Natural Gas Bonds. Subject to a favorable vote of a majority of the qualified voters of the State who vote on the question of issuing Natural Gas Bonds in the election called and held as provided in this act, the State Treasurer is hereby authorized, by and with the consent of the Council of State, to issue and sell, at one time or from time to time, general obligation bonds of the State to be designated "State of North Carolina Natural Gas Bonds", with any additional designations as may be determined to indicate the issuance of bonds from time to time, or notes of the State as provided in this act, in an aggregate principal amount not exceeding two hundred fifteen million dollars ($215,000,000) for the purpose of providing funds, with any other available funds, for the purposes authorized in this act.

Section 5. Uses of bond and note proceeds. (a) Clean Water Bonds. The proceeds of Clean Water Bonds and notes shall be used for the purpose of making loans and grants to local governments as follows:

(1) The proceeds of three hundred fifty-five million dollars ($355,000,000) of Clean Water Bonds shall be used by the Department of Environment and Natural Resources to provide State matching funds required to receive federal wastewater or water supply assistance funds, for grants to local government units for the same purposes for which funds in the Clean Water Revolving Loan and Grant Fund may be used, and for grants to fund hardship projects in accordance with the guidelines established by the United States Environmental Protection Agency Hardship Grants Program. The grants shall be made for the

purpose of paying the cost of water supply systems, wastewater collection systems, and wastewater treatment works, water conservation projects, and water reuse projects.

Of the proceeds of the three hundred fifty-five million dollars ($355,000,000) referred to in this Section 5(a)(1), the sum of three hundred million dollars ($300,000,000) shall be allocated as follows:

a. High-Unit Cost Wastewater Account
   1. Reserved for grants to local government units whose bond rating is less than 75 or who have no bond rating $70,000,000
   2. Reserved for grants to local government units whose bond rating is 75 or greater..... $80,000,000

b. High-Unit Cost Water Supply Account
   1. Reserved for grants to local government units whose bond rating is less than 75 or who have no bond rating $70,000,000
   2. Reserved for grants to local government units whose bond rating is 75 or greater $80,000,000

The proceeds may be (i) transferred directly to the Clean Water Revolving Loan and Grant Fund to make grants, (ii) used to make grants directly to the appropriate local government qualifying for a grant from the Clean Water Revolving Loan and Grant Fund, (iii) used for any combination of (i) and (ii), or (iv) used in such other manner as shall effectuate the clean water purposes of this act.

The funds to be derived from the sale of the Clean Water Bonds authorized by this act are sufficient to meet no more than a fraction of the needs that now exist and will arise in the immediate future. For this reason, although public necessity, the criteria established by Chapter 159G of the General Statutes, and the guidelines established by the United States Environmental Protection Agency Hardship Grants Program shall be the primary consideration in granting and loaning funds, great emphasis shall also be placed on the creation of efficient systems of regional wastewater disposal and regional water supply, on the willingness and ability of local government units to meet their responsibilities through sound fiscal policies, creative planning, and efficient operation and management, and on having a capital improvement plan.

Of the proceeds of the three hundred fifty-five million dollars ($355,000,000) referred to in this Section 5(a)(1), the sum of thirty-five million dollars ($35,000,000) shall be used to provide State funds necessary for the 1999-2000, 2000-2001, 2001-2002,

2002-2003, and 2003-2004 fiscal years to match the federal wastewater or water supply assistance funds deposited in the Water Pollution Control Revolving Fund or another fund that is used to pay the cost of water supply systems, wastewater collection systems, or wastewater treatment works and is eligible to receive federal matching funds, unless the General Assembly has provided the required match through other sources, in which event this priority shall cease to exist to the extent of the availability of the other sources. The Department of Environment and Natural Resources shall certify to the State Treasurer the amount of funds required for the State match for each of the fiscal years ending June 30, 1999, June 30, 2000, June 30, 2001, June 30, 2002, June 30, 2003, and June 30, 2004, and the extent to which the General Assembly has provided other funds for this purpose. Upon certification each year of the amount of funds required for the State match for that fiscal year, the State Treasurer may issue from the thirty-five million dollars ($35,000,000) the amount certified up to thirty-five million dollars ($35,000,000). Upon certification for the State match required for the fiscal year ending June 30, 2004, the State Treasurer may issue the remaining balance of the thirty-five million dollars ($35,000,000) of the Clean Water Bonds authorized by this subdivision for the purpose of funding the State match for that fiscal year and for any other purposes authorized by this subdivision. The proceeds of the bonds necessary for the State match for each fiscal year shall be deposited in the Water Pollution Control Revolving Fund or another appropriate fund or account determined by the State Treasurer.

Of the proceeds of the three hundred fifty-five million dollars ($355,000,000) referred to in this Section 5(a)(1) above, the sum of twenty million dollars ($20,000,000) shall be used to provide hardship grants to eligible local government units to assist with wastewater treatment works and wastewater collection systems. Such grants shall be awarded and administered by the Department of Environment and Natural Resources in accordance with the guidelines established by the United States Environmental Protection Agency Hardship Grants Program.

Although public necessity, the criteria established by Chapter 159G of the General Statutes, and the guidelines established by the United States Environmental Protection Agency Hardship Grants Program shall be the primary consideration in granting and loaning funds, great emphasis shall also be placed on the creation of efficient systems of regional wastewater disposal and regional water supply, on the willingness and ability of local government units to meet their responsibilities through sound fiscal

policies, creative planning, and efficient operation and management, and on having a capital improvement plan.

(2) The proceeds of sixty million dollars ($60,000,000) of Clean Water Bonds shall be used for the purpose of making grants to local government units to pay the cost of clean water projects in connection with the location of industry to, and expansion of industry in, the State. These grants shall be awarded and administered by the Department of Commerce. These funds shall be applied to pay the costs of grants awarded in the same manner as funds in the Industrial Development Fund created in G.S. 143B-437.01(a), for use in accordance with G.S. 143B-437.01(a), subject to the further limitations on the provisions of G.S. 143B-437.01(a) set forth below, and shall be applied to pay the costs of grants awarded in the same manner as funds in the Utility Account of the Industrial Development Fund created in G.S. 143B-437.01(b1), for use in accordance with G.S. 143B-437.01(b1), subject to the further limitations on the provisions of G.S. 143B-437.01(b1) set forth below. In applying the provisions of G.S. 143B-437.01(a) or G.S. 143B-437.01(b1), as the case may be, the following exceptions shall apply:

a. The funds shall be used only for grants to local governments, not for loans.

b. Grants shall be awarded only to projects the Secretary of Commerce finds will have a favorable impact on the clean water objectives of the State.

c. The only purposes for which grants may be made are construction of or improvements to new or existing water or sewer distribution lines or equipment, construction of or improvements to new or existing wastewater treatment works, or improvements that will expand the capacity of existing wastewater treatment works or water supply systems.

d. The projects may be located only in counties that are economically distressed as defined in G.S. 143B-437.01 or have a population of less than 50,000.

e. Grants may be made with respect to the following industries as defined in G.S. 105-129.2: manufacturing and processing, and warehousing and wholesale trades.

f. No match is required for the grants.

g. The provisions of G.S. 143B-437.01(a) or G.S. 143B-437.01(b1), as the case may be, that limit the expenditure of funds to costs of utility lines or facilities located on the site of the new or proposed industrial building or that are directly related to the operation of the

specific industrial activity at the building, shall not apply if the utility lines or facilities being provided will further the clean water objectives of the State.

The General Assembly finds that the purpose of providing water and sewer distribution lines and wastewater treatment works in economically distressed counties is to provide clean water in North Carolina in several different ways. First, these projects will reduce industrial reliance on wells, septic tanks, and other similar facilities. Second, when a distribution line is extended to an industrial facility in an area not otherwise served by water and sewer infrastructure, residents, other businesses, and local governments can hook into the distribution line, bringing clean water, wastewater treatment, or both to the unserved area. Also, the installation and expansion of water supply and wastewater treatment facilities to provide water supply and wastewater treatment in connection with new or expanding industry will result in additional water supply and treatment facilities available to the residents, other businesses, and local governments in the area where the installation or expansion occurs.

The proceeds of the Clean Water Bonds, issued for the purpose described in this Section 5(a)(2), shall be held in the Clean Water Bonds Fund until needed for expenditure by the grantee for the payment of the cost for the purpose for which the grant is made. The Department of Commerce shall maintain records that document the timing and purpose for which each expenditure of proceeds of a grant is made.

(3) The proceeds of fifty million dollars ($50,000,000) of Clean Water Bonds shall be used to provide supplemental and capacity grants to eligible local government units to match federal, State, and other grant or loan program funds to plan or improve needed water and sewer projects in economically depressed areas of North Carolina. Such grants shall be awarded and administered by the Rural Economic Development Center. Those proceeds shall be allocated as follows:

a. Supplemental Grants $40,000,000
b. Capacity Grants $10,000,000

The Rural Economic Development Center shall certify to the State Treasurer the amount of funds required, not to exceed eight million dollars ($8,000,000) for supplemental grants, not to exceed two million dollars ($2,000,000) for capacity grants, and not to exceed a total of ten million dollars ($10,000,000) in supplemental and capacity grants, for each of the fiscal years ending June 30, 1999, June 30, 2000, June 30, 2001, June 30, 2002, June 30, 2003, and June 30, 2004. Upon certification each year of

the amount of funds required for that fiscal year, the State Treasurer may issue the amount certified up to ten million dollars ($10,000,000). Upon certification for the fiscal year ending June 30, 2004, the State Treasurer may issue the remaining balance of the fifty million dollars ($50,000,000) of the Clean Water Bonds authorized by this subdivision for any other purposes authorized by this subdivision.

Grants made from the proceeds of this fifty million dollars ($50,000,000) for supplemental grants shall be based on the following criteria:

a. The applicant shall be a local government unit.

b. The applicant shall be a rural county or a local government unit located in a rural county.

c. First priority shall be given to a water supply system, wastewater collection system, or wastewater treatment work that creates or retains jobs. A water supply system, wastewater collection system, or wastewater treatment work shall also receive funding priority if the project is located in an economically distressed county as defined by G.S. 143B-437.01.

d. A water supply system, wastewater collection system, or wastewater treatment work that is proposed in a nondistressed county must meet at least one of the following criteria: (i) be located in that part of a rural nondistressed county where the poverty rate is at least one hundred fifty percent (150%) of the State poverty rate, (ii) be located in that part of a rural nondistressed county where the unemployment rate is at least double the State unemployment rate for the most recent reporting period available, or (iii) be located in that part of a rural nondistressed county that experiences an actual or imminent loss of jobs in a number that equals or exceeds five percent (5%) of the total number of jobs in that part of the county. Any grant awarded for a water supply system, wastewater collection system, or wastewater treatment work in a nondistressed county shall be matched on a dollar-for-dollar basis in the amount of the grant awarded.

Although public necessity and the criteria listed above shall be the primary consideration in granting and loaning funds, great emphasis shall also be placed on the creation of efficient systems of regional wastewater disposal and regional water supply, on the willingness and ability of local government units to meet their responsibilities through sound fiscal policies, creative planning, and efficient

operation and management, and on having a capital improvement plan. However, funds shall not be expended for the repair or replacement of low-pressure pipe wastewater systems.

The Rural Economic Development Center shall award grants to units of local government for the purposes authorized by this Section 5(a)(2) in accordance with the criteria set forth above. When the Rural Economic Development Center authorizes a grant, the Rural Economic Development Center shall notify the State Treasurer of the authorization and shall submit to the State Treasurer the grant application and records relevant to the grant's authorization. The State Treasurer shall review the grant and relevant documents to verify that the grant complies with the requirements of this act. The State Treasurer shall complete the review no later than 30 days after the receipt of the grant application and relevant records from the Rural Economic Development Center, and shall notify the Rural Economic Development Center that the review has been completed and of the State Treasurer's findings.

The proceeds of the Clean Water Bonds issued for the purpose described in this section shall be held in the Clean Water Bonds Fund until needed for expenditure by the grantee for the payment of costs for the purposes for which the grant is made. The Rural Economic Development Center shall maintain records that document the timing and purpose for which each expenditure of proceeds of a grant is made and shall furnish such records to the State Treasurer at the time a request for payment to or on behalf of a grantee is to be made.

At the end of each fiscal year, the Rural Economic Development Center shall provide to the State Treasurer any records that document the timing and purposes of the expenditures by the grantee units of local government of the proceeds of the grants funded from the proceeds of the Clean Water Bonds during that fiscal year that have not already been provided to the State Treasurer.

(4) The proceeds of three hundred twenty million dollars ($320,000,000) of Clean Water Bonds shall be used for the purpose of making loans to local government units to pay the cost of water supply systems, water conservation projects, water reuse projects, wastewater collection systems, and wastewater treatment works. The proceeds shall be allocated as follows:

a. Wastewater collection systems and wastewater treatment works.
   1. Reserved for loans to local government units whose bond rating is less than 75 or who have no bond rating.....$10,000,000
   2. Reserved for loans to local government units whose bond rating is 75 or more.....$150,000,000

b. Water supply and distribution systems and water conservation projects.
   1. Reserved for loans to local government units whose bond rating is less than 75 or who have no bond rating.....$10,000,000
   2. Reserved for loans to local government units whose bond rating is 75 or more.....$150,000,000

The proceeds shall be used to make loans directly to local government units qualifying for a loan from the Clean Water Revolving Loan and Grant Fund or loaned in such other manner as shall effectuate the purposes of this act. To qualify for a loan for the purpose of paying the cost of water supply systems, a local government unit must have a water supply facility plan approved by the Department of Environment and Natural Resources. A water supply facility plan submitted by a local government unit to the Department under G.S. 143-355(l) will be sufficient to meet this requirement. To qualify for a loan for the purpose of paying the cost of wastewater collection systems or wastewater treatment works, a local government unit must have a wastewater facility plan approved by the Department of Environment and Natural Resources. A wastewater facility plan must project future wastewater treatment needs, must present a long-range plan to meet those needs, and must include plans for system operations and maintenance of the facilities being built with the bond proceeds. In addition, great emphasis shall also be placed on having a capital improvement plan.

The Department of Environment and Natural Resources shall set the priorities and determine the eligibility of local government units for these loans in accordance with Section 10 of this act. The form of the loans and the details thereof including, without limitation, the maturity, interest rate, and amortization schedule shall be determined, from time to time, by the State Treasurer. In making these determinations, the State Treasurer shall consider the purpose of the loans, the ability of local government units to repay the loans, and the security for the loans. The interest rates on these loans shall reflect the self-supporting nature of the loan program and shall be sufficient to cover

substantially all payments of debt service on the three hundred twenty million dollars ($320,000,000) of Clean Water Bonds and the issuance costs and administrative expenses associated with the issuance of these bonds and the making of these loans, subject to any applicable requirements of the federal tax law.

Repayments of the loans shall be credited to the General Fund and may be used to pay, directly or indirectly, debt service on the bonds and notes issued. Repayments may be initially placed into such fund or account as may be determined by the State Treasurer for the purpose of determining compliance with applicable requirements of the federal tax law and shall be expended and disbursed therefrom under the direction and supervision of the Director of the Budget.

(5) If bond proceeds remain unspent, five years from the date on which the bonds were issued, then the General Assembly may at any session after that five-year period of time increase or decrease the allocations of the proceeds of the Clean Water Bonds set forth in (1), (2), (3), (4), and (5) above, so long as the aggregate amount of the allocations does not exceed seven hundred eighty-five million dollars ($785,000,000).

(b) Natural Gas Bonds. The proceeds of Natural Gas Bonds and notes shall be used for the purpose of providing grants, loans, or other financing to natural gas local distribution companies, persons seeking natural gas distribution franchises, State or local government agencies, or other entities for the costs of constructing natural gas facilities, including pipelines, compressors, interests in real property, and related equipment for the delivery of natural gas in order to facilitate the expansion of natural gas facilities to unserved areas of the State in accordance with the findings of the General Assembly described in Section 15 of this act.

Section 6. Allocation of proceeds. (a) Clean Water Bonds. The proceeds of Clean Water Bonds and notes, including premium thereon, if any, except the proceeds of bonds the issuance of which has been anticipated by bond anticipation notes or the proceeds of refunding bonds or notes, shall be placed by the State Treasurer in a special fund to be designated "Clean Water Bonds Fund", which may include such appropriate special accounts therein as may be determined by the State Treasurer and shall be disbursed as provided in this act. Moneys in the Clean Water Bonds Fund shall be allocated and expended as provided in this act.

Any additional moneys which may be received by means of a grant or grants from the United States of America or any agency or department thereof or from any other source for deposit to the Clean Water Bonds Fund may be placed in the Clean Water Bonds Fund or in a separate account or fund and shall be disbursed, to the extent permitted by the terms of the grant or grants, without regard to any limitations imposed by this act.

Moneys in the Clean Water Bonds Fund or any separate clean water fund or account established under this act may be invested from time to time by the State

Treasurer in the same manner permitted for investment of moneys belonging to the State or held in the State treasury, except with respect to grant money to the extent otherwise directed by the terms of the grant. Investment earnings, except investment earnings with respect to grant moneys to the extent otherwise directed or restricted by the terms of the grant, may be (i) credited to the Clean Water Bonds Fund or any separate clean water fund or account established under this act, (ii) used to pay debt service on the bonds authorized by this act, (iii) used to satisfy compliance with applicable requirements of the federal tax law, or (iv) transferred to the General Fund of the State.

The proceeds of bonds and notes may be used with any other moneys made available by the General Assembly for making grants and loans authorized by this act, including the proceeds of any other State bond issues, whether heretofore made available or which may be made available at the session of the General Assembly at which this act is ratified or any subsequent sessions. The proceeds of bonds and notes shall be expended and disbursed under the direction and supervision of the Director of the Budget. The funds provided by this act shall be disbursed for the purposes provided in this act upon warrants drawn on the State Treasurer by the State Controller, which warrants shall not be drawn until requisition has been approved by the Director of the Budget and which requisition shall be approved only after full compliance with the Executive Budget Act, Article 1 of Chapter 143 of the General Statutes.

(b) Natural Gas Bonds. The proceeds of Natural Gas Bonds and notes, including premium thereon, if any, except the proceeds of bonds the issuance of which has been anticipated by bond anticipation notes or the proceeds of refunding bonds or notes, shall be placed by the State Treasurer in a special fund to be designated "Natural Gas Bonds Fund", which may include such appropriate special accounts therein as may be determined by the State Treasurer, and shall be disbursed as provided in this act. Moneys in the Natural Gas Bonds Fund shall be allocated and expended as provided in this act. The proceeds may be used in accordance with G.S. 62-159 or may be distributed in accordance with the provisions of legislation enacted by the General Assembly in 1998 or later providing for the allocation of the bond proceeds for the purposes provided in this act.

Any additional moneys which may be received by means of a grant or grants from the United States of America or any agency or department thereof or from any other source to aid in financing the cost of any natural gas grants authorized by this act may be placed by the State Treasurer in the Natural Gas Bonds Fund or in a separate account or fund and shall be disbursed, to the extent permitted by the terms of the grant or grants, without regard to any limitations imposed by this act.

Moneys in the Natural Gas Bonds Fund or any separate natural gas fund or account established under this act may be invested from time to time by the State Treasurer in the same manner permitted for investment of moneys belonging to the State or held in the State treasury, except with respect to grant money to the extent otherwise directed by the terms of the grant. Investment earnings, except investment earnings with respect to grant money to the extent otherwise directed or restricted by

the terms of the grant, may be (i) credited to the Natural Gas Bonds Fund or any separate natural gas fund or account established under this act; (ii) used to pay debt service on the Natural Gas Bonds authorized by this act; (iii) used to satisfy compliance with applicable requirements of the federal tax law; or (iv) transferred to the General Fund of the State.

The proceeds of Natural Gas Bonds and notes may be used with any other moneys made available by the General Assembly for providing grants, loans, or other financing in accordance with this act, including the proceeds of any other State bond issues, whether heretofore made available or which may be made available at the session of the General Assembly at which this act is ratified or any subsequent sessions. The proceeds of Natural Gas Bonds and notes shall be expended and disbursed under the direction and supervision of the Director of the Budget. The funds provided by this act for construction of natural gas facilities shall be disbursed for the purposes provided in this act upon warrants drawn on the State Treasurer by the State Controller, which warrants shall not be drawn until requisition has been approved by the Director of the Budget and which requisition shall be approved only after full compliance with the Executive Budget Act, Article 1 of Chapter 143 of the General Statutes.

The North Carolina Utilities Commission shall provide quarterly reports to the Joint Legislative Commission on Governmental Operations, the Chairs of the Senate and House of Representatives Appropriations Committees, and the Fiscal Research Division on the expenditure of moneys from the Natural Gas Bonds Fund.

(c) Costs. Allocations to the costs of a capital improvement or undertaking in each case may include allocations to pay the costs set forth in Section 3(6)c., d., e., f., and g. of this act in connection with the issuance of bonds for that capital improvement or undertaking.

Section 7. Election. The questions of the issuance of the bonds authorized by this act shall be submitted to the qualified voters of the State at an election to be held on the first Tuesday after the first Monday of November 1998. Any other primary, election, or referendum validly called or scheduled by law at the time the election on the bond question provided for in this section is held may be held as called or scheduled. Notice of the election shall be given in the manner and at the times required by G.S. 163-33(8). The election and the registration of voters therefor shall be held under and in accordance with the general laws of the State. Absentee ballots shall be authorized in the election.

The State Board of Elections shall reimburse the counties of the State for all necessary expenses incurred in holding the election that are in addition to those that would have otherwise been incurred, the same to be paid out of the Contingency and Emergency Fund or other funds available to the State Board of Elections.

Ballots, voting systems authorized by Article 14 of Chapter 163 of the General Statutes, or both may be used in accordance with rules prescribed by the State Board of Elections. The bond questions to be used in the ballots or voting systems shall be in substantially the following form:

"[ ] FOR [ ] AGAINST

the issuance of seven hundred eighty-five million dollars ($785,000,000) State of North Carolina Clean Water Bonds constituting general obligation bonds of the State secured by a pledge of the faith and credit and taxing power of the State for the purpose of providing funds, with any other available funds, to make loans and grants to local government units to pay all or a portion of the cost of clean water projects."

"[ ] FOR [ ] AGAINST

the issuance of two hundred fifteen million dollars ($215,000,000) State of North Carolina Natural Gas Bonds constituting general obligation bonds of the State secured by a pledge of the faith and credit and taxing power of the State for the purpose of providing funds, with any other available funds, to provide grants, loans, or other financing to public or private entities for construction of natural gas facilities in order to facilitate the expansion of natural gas facilities to unserved portions of the State."

If a majority of those voting on a bond question in the election vote in favor of the issuance of the bonds described in the question, those bonds may be issued as provided in this act. If a majority of those voting on a bond question in the election vote against the issuance of the bonds described in the question, those bonds shall not be issued.

The results of the election shall be canvassed and declared as provided by law for elections for State officers; the results of the election shall be certified by the State Board of Elections to the Secretary of State, in the manner and at the time provided by the general election laws of the State.

Section 8. Issuance of bonds and notes. (a) Terms and Conditions. Bonds or notes may bear such date or dates, may be serial or term bonds or notes, or any combination thereof, may mature in such amounts and at such time or times, not exceeding 40 years from their date or dates, may be payable at such place or places, either within or without the United States of America, in such coin or currency of the United States of America as at the time of payment is legal tender for payment of public and private debts, may bear interest at such rate or rates, which may vary from time to time, and may be made redeemable before maturity, at the option of the State or otherwise as may be provided by the State, at such price or prices, including a price less than the face amount of the bonds or notes, and under such terms and conditions, all as may be determined by the State Treasurer, by and with the consent of the Council of State.

(b) Signatures; Form and Denomination; Registration. Bonds or notes may be issued as certificated or uncertificated obligations. If issued as certificated obligations, bonds or notes shall be signed on behalf of the State by the Governor or shall bear his facsimile signature, shall be signed by the State Treasurer or shall bear his facsimile signature, and shall bear the Great Seal of the State or a facsimile thereof shall be impressed or imprinted thereon. If bonds or notes bear the facsimile signatures of the Governor and the State Treasurer, the bonds or notes shall also bear a manual signature which may be that of a bond registrar, trustee, paying agent, or designated assistant of the State Treasurer. Should any officer whose signature or facsimile signature appears on bonds or notes cease to be such officer before the

delivery of the bonds or notes, the signature or facsimile signature shall nevertheless have the same validity for all purposes as if the officer had remained in office until delivery, and bonds or notes may bear the facsimile signatures of persons who at the actual time of the execution of the bonds or notes shall be the proper officers to sign any bond or note although at the date of the bond or note such persons may not have been such officers. The form and denomination of bonds or notes, including the provisions with respect to registration of the bonds or notes and any system for their registration, shall be as the State Treasurer may determine in conformity with this act; provided, however, that nothing in this act shall prohibit the State Treasurer from proceeding, with respect to the issuance and form of the bonds or notes, under the provisions of Chapter 159E of the General Statutes, the Registered Public Obligations Act, as well as under this act.

(c) Manner of Sale; Expenses. Subject to determination by the Council of State as to the manner in which bonds or notes shall be offered for sale, whether at public or private sale, whether within or without the United States of America, and whether by publishing notices in certain newspapers and financial journals, mailing notices, inviting bids by correspondence, negotiating contracts of purchase or otherwise, the State Treasurer is authorized to sell bonds or notes at one time or from time to time at such rate or rates of interest, which may vary from time to time, and at such price or prices, including a price less than the face amount of the bonds or the notes, as the State Treasurer may determine. All expenses incurred in preparation, sale, and issuance of bonds or notes shall be paid by the State Treasurer from the proceeds of bonds or notes or other available moneys.

(d) Notes; Repayment.

(1) By and with the consent of the Council of State, the State Treasurer is hereby authorized to borrow money and to execute and issue notes of the State for the same, but only in the following circumstances and under the following conditions:

a. For anticipating the sale of bonds to the issuance of which the Council of State shall have given consent, if the State Treasurer shall deem it advisable to postpone the issuance of the bonds;

b. For the payment of interest on or any installment of principal of any bonds then outstanding, if there shall not be sufficient funds in the State treasury with which to pay the interest or installment of principal as they respectively become due;

c. For the renewal of any loan evidenced by notes herein authorized;

d. For the purposes authorized in this act; and

e. For refunding bonds or notes as herein authorized.

(2) Funds derived from the sale of bonds or notes may be used in the payment of any bond anticipation notes issued under this act. Funds provided by the General Assembly for the payment of

interest on or principal of bonds shall be used in paying the interest on or principal of any notes and any renewals thereof, the proceeds of which shall have been used in paying interest on or principal of the bonds.

(e) Refunding Bonds and Notes. By and with the consent of the Council of State, the State Treasurer is authorized to issue and sell refunding bonds and notes pursuant to the provisions of the State Refunding Bond Act for the purpose of refunding bonds or notes issued pursuant to this act. The refunding bonds and notes may be combined with any other issues of State bonds and notes similarly secured.

(f) Tax Exemption. Bonds and notes shall be exempt from all State, county, and municipal taxation or assessment, direct or indirect, general or special, whether imposed for the purpose of general revenue or otherwise, excluding inheritance and gift taxes, income taxes on the gain from the transfer of bonds and notes, and franchise taxes. The interest on bonds and notes shall not be subject to taxation as to income.

(g) Investment Eligibility. Bonds and notes are hereby made securities in which all public officers, agencies, and public bodies of the State and its political subdivisions, all insurance companies, trust companies, investment companies, banks, savings banks, savings and loan associations, credit unions, pension or retirement funds, other financial institutions engaged in business in the State, executors, administrators, trustees, and other fiduciaries may properly and legally invest funds, including capital in their control or belonging to them. Bonds and notes are hereby made securities which may properly and legally be deposited with and received by any officer or agency of the State or political subdivision of the State for any purpose for which the deposit of bonds, notes, or obligations of the State or any political subdivision is now or may hereafter be authorized by law.

(h) Faith and Credit. The faith and credit and taxing power of the State are hereby pledged for the payment of the principal of and the interest on bonds and notes. In addition to the State's right to amend any provision of this act to the extent it does not impair any contractual right of a bond owner, the State expressly reserves the right to amend any provision of this act with respect to the making and repayment of loans, the disposition of any repayments of loans, and any intercept provisions relating to the failure of a local government unit to repay a loan, the bonds not being secured in any respect by loans, any repayments thereof, or any intercept provisions with respect thereto.

Section 9. Variable interest rates. In fixing the details of bonds and notes, the State Treasurer may provide that any of the bonds or notes may:

(1) Be made payable from time to time on demand or tender for purchase by the owner thereof provided a credit facility supports the bonds or notes, unless the State Treasurer specifically determines that a credit facility is not required upon a finding and determination by the State Treasurer that the absence of a credit facility will not materially or adversely affect the financial position

of the State and the marketing of the bonds or notes at a reasonable interest cost to the State;

(2) Be additionally supported by a credit facility;

(3) Be made subject to redemption or a mandatory tender for purchase prior to maturity;

(4) Bear interest at a rate or rates that may vary for such period or periods of time, all as may be provided in the proceedings providing for the issuance of the bonds or notes, including, without limitation, such variations as may be permitted pursuant to a par formula; and

(5) Be made the subject of a remarketing agreement whereby an attempt is made to remarket bonds or notes to new purchasers prior to their presentment for payment to the provider of the credit facility or to the State.

If the aggregate principal amount repayable by the State under a credit facility is in excess of the aggregate principal amount of bonds or notes secured by the credit facility, whether as a result of the inclusion in the credit facility of a provision for the payment of interest for a limited period of time or the payment of a redemption premium or for any other reason, then the amount of authorized but unissued bonds or notes during the term of such credit facility shall not be less than the amount of such excess, unless the payment of such excess is otherwise provided for by agreement of the State executed by the State Treasurer.

Section 10. Special provisions governing clean water loans. (a) Scope. The provisions of this section shall apply to loans being made from the proceeds of bonds authorized by this act for clean water projects, other than from funds deposited in the Clean Water Revolving Loan and Grant Fund.

(b) Clean Water Bonds Loan Account. There is established in the Department of State Treasurer a special account to be known as the Clean Water Bonds Loan Account, which may include any special or segregated accounts the State Treasurer considers appropriate. There shall be deposited in the Clean Water Bonds Loan Account proceeds of the Clean Water Bonds and notes to be used to make loans, other than loans to be made through the Clean Water Revolving Loan and Grant Fund, to local government units for clean water projects as provided in this act.

Except as otherwise permitted by Section 5 of this act with respect to the use of investment earnings, all moneys accruing to the credit of the Clean Water Bonds Loan Account other than funds set aside for administrative expenses, including expenses related to determining compliance with applicable requirements of the federal tax law and costs of issuance, shall be used to make loans for the purposes provided in this act. The State Treasurer shall be responsible for making and administering all loans pursuant to the provisions of this section.

(c) Application for Loans; Hearings.

(1) Eligibility/Initial Hearing.

a. Prior to filing an application for a loan, a local government unit shall hold a public hearing. A notice of the public hearing shall be published once at least 10 days before the date fixed for the hearing.

b. All applications for loans shall be filed with the Department of Environment and Natural Resources. The form of the application shall be prescribed by the Department and shall require any information necessary to determine the eligibility for a loan under the provisions of this section. All applications approved by the Department of Environment and Natural Resources shall be filed with the Local Government Commission. Each applicant shall furnish to the Department of Environment and Natural Resources and the Local Government Commission information in addition or supplemental to the information contained in its application, upon request.

c. A local government unit shall not be eligible for a loan unless it demonstrates to the satisfaction of the Department of Environment and Natural Resources and the Local Government Commission that:

1. The applicant is a local government unit;
2. The applicant has the financial capacity to pay the principal of and interest on its proposed loan as evidenced by the approval of the Local Government Commission;
3. The applicant has substantially complied or will substantially comply with all applicable laws, rules, regulations, and ordinances, whether federal, State, or local; and
4. The applicant has agreed by official resolution to adopt and place into effect a schedule of fees and charges or the application of other sources of revenue which will provide adequate funds for proper operation, maintenance, and administration of the project and repayment of all principal and interest on the loan.

(2) Assessment. The Department of Environment and Natural Resources may require any applicant to file with its application an assessment of the impact the project for which the funds are sought will have upon meeting the facility needs of the area within which the project is to be located.

(3) Hearing by the Department of Environment and Natural Resources or the Local Government Commission. A public hearing may be held by the Department of Environment and Natural Resources or

the Local Government Commission at any time on any application. Public hearings may also be held by the Department of Environment and Natural Resources in its discretion upon written request from any citizen or taxpayer who is a resident of the county or counties in which the project is to be located or a resident of the local government unit that proposes to borrow moneys under this act, if it appears that the public interest will be served by the hearing. The written request shall set forth each objection to the proposed project or other reason for requesting a hearing on the application and shall contain the name and address of the persons submitting it. In deciding whether to grant a request for a hearing on an application, the Department of Environment and Natural Resources may consider the application, the written objections to the proposed project, and the facility needs and shall determine if the public interest will be served by a hearing. The determination by the Department of Environment and Natural Resources shall be conclusive, and all written requests for a hearing shall be retained as a permanent part of the records pertaining to the application.

(4) Petition for Vote. A petition, demanding that the question of whether to enter into a loan agreement with the State under this act be submitted to voters, may be filed with the clerk of the local government unit applying for the loan within 15 days after the public hearing required by this section. The petition's sufficiency shall be determined and a referendum, if any, shall be conducted according to the standards, procedures, and limitations set out in G.S. 159-60 through G.S. 159-62.

(d) Priorities.

(1) Determination. Determination of priorities to be assigned each eligible project shall be made semiannually by the Department of Environment and Natural Resources during each fiscal year. Every eligible project shall be considered by the Department of Environment and Natural Resources with every other project eligible during this same priority period.

(2) Priority Factors. All applications for loans under this act shall be assigned a priority by the Department of Environment and Natural Resources. The Department of Environment and Natural Resources shall establish other priority factors criteria by rule.

(3) Assignment of Priority. A written statement relative to each priority assigned shall be prepared by the Department of Environment and Natural Resources and shall be attached to the application. The priority assigned shall be conclusive.

(4) Failure to Qualify. If an application does not qualify for a loan as of the prior period in which the application was eligible for

consideration by reason of the priority assigned, the application shall be considered during the next succeeding priority period upon request of the applicant. If the application again fails to qualify for a loan during the second priority period by reason of the priority assigned, the application shall receive no further consideration. An applicant may file a new application at any time and may amend any pending application to include additional data or information.

(5) Withdrawal of Commitment. Failure of an applicant within one year after the date of acceptance of the loan to arrange for necessary financing of the proposed project or award of the contract of the construction of the proposed project shall constitute sufficient cause for withdrawal of the commitment. Prior to withdrawal of a commitment, the Department of Environment and Natural Resources shall give due consideration to any extenuating circumstances presented by the applicant as reasons for failure to arrange necessary financing or to award a contract, and the commitment may be extended for an additional period of time if, in the judgment of the Department of Environment and Natural Resources, the extension is justified.

(e) Disbursement. To be eligible to receive the loans provided for in this section, a local government unit must arrange to borrow the amounts necessary pursuant to rules adopted by the Local Government Commission. No funds shall be disbursed until the Department of Environment and Natural Resources gives a certificate of eligibility to the effect that the applicant meets all eligibility criteria and that all procedural requirements of this act have been met. The maximum principal amount of a loan shall be one hundred percent (100%) of the cost of any eligible project.

(f) Intercept. The governing body of a local government unit shall by resolution authorize to be included in its loan agreement a provision authorizing the State Treasurer, upon failure of the local government unit to make a scheduled repayment of the loan, to withhold from the local government unit any State funds that would otherwise be distributed to the local government unit in an amount sufficient to pay all sums then due and payable to the State as a repayment of the loan. In such event, notwithstanding any other provision of law, the State Treasurer is authorized to withhold and apply such funds to the repayment of the loan, except that such funds shall not be withheld if (i) before the execution of the loan agreement, such funds have been legally pledged to secure special obligation bonds or other obligations of the local government unit, or (ii) after the execution of the loan agreement, such funds are legally pledged to secure special obligation bonds or other obligations of the local government unit as authorized in this subsection. After the execution of a loan agreement, all or any portion of the State funds specified in the loan agreement to be so withheld may be pledged to secure special obligation bonds

or other obligations of the local government unit only with the prior written consent of the State Treasurer.

The State Treasurer shall notify the Secretary of Revenue and the State Controller of the amount to be withheld from the local government unit, and the Secretary of Revenue and the State Controller shall transfer to the State Treasurer the amount so requested to be applied by the State Treasurer to the repayment of the loan.

(g) Inspection. Inspection of a project for which a loan has been made under this act may be performed by qualified personnel of the Department of Environment and Natural Resources or may be performed by qualified engineers registered in this State approved by the Department of Environment and Natural Resources. No person shall be approved to perform inspections who is an officer employed by the local government unit to which the loan was made or who is an owner, officer, employer, or agent of a contractor or subcontractor engaged in the construction of the project for which the loan was made. For the purpose of payment of inspection fees, inspection services shall be included in the term "cost" as used in this act.

(h) Rules. The State Treasurer, the Local Government Commission, and the Department of Environment and Natural Resources may adopt, modify, and repeal rules necessary for the administration of their respective duties under this act. Uniform rules may be jointly adopted where feasible and desirable, and no rule, jointly adopted, may be modified or revoked except upon concurrence of all agencies involved.

(i) Federal Grants and Loans. In order to carry out the purposes of this act to secure the greatest possible benefits to the citizens of this State of the funds appropriated, the State Treasurer, the Local Government Commission, and the Department of Environment and Natural Resources shall adopt rules and criteria, not inconsistent with provisions of this act, as are necessary and appropriate to conform to regulations for federal grants and loans for any of the purposes set forth in this act.

(j) Report by Department of Environment and Natural Resources. The Department of Environment and Natural Resources shall prepare and file each year on or before July 31 with the Joint Legislative Commission on Governmental Operations and the Fiscal Research Division a report for the preceding fiscal year concerning the allocation and making of loans authorized by this act. The report shall set forth for the preceding fiscal year:

(1) Itemized and total allocations of loans authorized and unallocated funds for the loan program as of the end of the preceding fiscal year;

(2) Identification of each loan agreement entered into by the State during the preceding fiscal year and the total amount of loans authorized by such loan agreements;

(3) The amount disbursed to each local government unit pursuant to such loan agreements during the preceding fiscal year and the total amount of such disbursements;

(4) The loan repayments made by each local government unit pursuant to such loan agreements and the total amount of such loan repayments during the preceding fiscal year; and

(5) A summary for the five preceding years of the information required by subdivisions (1) through (4) of this subsection.

The report shall be signed by the Secretary of Environment and Natural Resources.

(k) Local Government Commission.

(1) Local government units may execute debt instruments payable to the State in order to obtain loans provided for in this act. Local government units shall pledge or agree to apply as security for such obligations:

a. Any available source of revenues of the local government unit, including revenues from benefitted facilities or systems, provided that (i) the local government unit has not otherwise pledged the revenues as security for, or contractually agreed to apply the revenues to, the payment of any other obligations of the local government unit, (ii) the use of the revenues is not otherwise restricted by law, or (iii) the revenues are not derived from the exercise of the local government unit's taxing power; or

b. Their faith and credit; or

c. Any combination of a. or b. above.

The faith and credit of a local government unit shall not be pledged or be deemed to have been pledged unless the requirements of Article 4 of Chapter 159 of the General Statutes have been met. The State Treasurer, with the assistance of the Local Government Commission, shall develop and adopt appropriate debt instruments for use under this act.

(2) Nothing contained in this act shall prohibit any local government unit from applying any funds of the local government unit not otherwise restricted as to use by law to the payment of any debt instrument payable to the State incurred pursuant to the provisions of this act.

(3) The Local Government Commission shall review and approve proposed loans to local government units under this act under the provisions of Articles 4 and 5 of Chapter 159 of the General Statutes. The Local Government Commission in considering the ability of a local government unit to repay a loan may regard as a source of revenue for repayment of a loan revenue sources that may not be available other than on an annual discretionary basis and that may not be subject to a pledge or agreement to apply. Loans under this act shall be outstanding debts for the purposes of Article 10 of Chapter 159 of the General Statutes.

(4) The State Treasurer shall annually certify to the General Assembly the financial condition of the loan program and identify existing delinquencies.

Section 11. Reports. (a) The Rural Economic Development Center shall prepare and file each year on or before July 31 with the Joint Legislative Commission on Governmental Operations and the Fiscal Research Division a report for the preceding fiscal year concerning the allocation and making of grants authorized by this act. The report shall be signed by the Chair of the Board of Directors of the Rural Economic Development Center. The report shall set forth for the preceding fiscal year:

(1) Itemized and total allocations of grants authorized and unallocated funds for the grant program as of the end of the preceding fiscal year;

(2) Identification of each grant agreement entered into by the Rural Economic Development Center during the preceding fiscal year and the total amount of grants authorized by the grant agreements;

(3) The amount disbursed to each local government unit pursuant to the grant agreements during the preceding fiscal year and the total amount of the disbursements; and

(4) A summary for the five preceding years of the information required by subdivisions (1) through (3) of this subsection.

(b) The Department of Environment and Natural Resources shall prepare and file each year on or before July 31 with the Joint Legislative Commission on Governmental Operations and the Fiscal Research Division a report for the preceding fiscal year concerning the allocation and making of grants authorized by this act. The report shall be signed by the Secretary of Environment and Natural Resources. The report shall set forth for the preceding fiscal year:

(1) Itemized and total allocations of grants authorized and unallocated funds for the grant program as of the end of the preceding fiscal year;

(2) Identification of each grant agreement entered into by the Department of Environment and Natural Resources during the preceding fiscal year and the total amount of grants authorized by the grant agreements;

(3) The amount disbursed to each local government unit pursuant to the grant agreements during the preceding fiscal year and the total amount of the disbursements; and

(4) A summary for the five preceding years of the information required by subdivisions (1) through (3) of this subsection.

(c) The Department of Commerce shall prepare and file each year on or before July 31 with the Joint Legislative Commission on Governmental Operations and the Fiscal Research Division a report for the preceding fiscal year concerning the allocation and making of grants authorized by this act. The report shall be signed by the Secretary of Commerce. The report shall set forth for the preceding fiscal year:

(1) Itemized and total allocations of grants authorized and unallocated funds for the grant program as of the end of the preceding fiscal year;

(2) Identification of each grant agreement entered into by the Department of Commerce during the preceding fiscal year and the total amount of grants authorized by the grant agreements;

(3) The amount disbursed to each local government unit pursuant to the grant agreements during the preceding fiscal year and the total amount of the disbursements; and

(4) A summary for the five preceding years of the information required by subdivisions (1) through (3) of this subsection.

Section 12. Minority business participation. The goals set by G.S. 143-128 for participation in projects by minority businesses apply to projects funded by the proceeds of bonds or notes issued under this act. The Department of Environment and Natural Resources, the Department of Commerce, and the Rural Economic Development Center shall monitor compliance with this requirement and shall report to the General Assembly by January 1 of each year on the participation by minority businesses in these projects.

Section 13. Interpretation of act. (a) Additional Method. The foregoing sections of this act shall be deemed to provide an additional and alternative method for the doing of the things authorized thereby and shall be regarded as supplemental and additional to powers conferred by other laws, and shall not be regarded as in derogation of any powers now existing.

(b) Statutory References. References in this act to specific sections or Chapters of the General Statutes or to specific acts are intended to be references to these sections, Chapters, or acts as they may be amended from time to time by the General Assembly.

(c) Broad Construction. This act, being necessary for the health and welfare of the people of the State, shall be broadly construed to effect the purposes thereof.

(d) Inconsistent Provisions. Insofar as the provisions of this act are inconsistent with the provisions of any general laws, or parts thereof, the provisions of this act shall be controlling.

(e) Severability. If any provision of this act or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect other provisions or applications of the act which can be given effect without the invalid provision or application, and to this end the provisions of this act are declared to be severable.

Section 14. G.S. 159G-6 reads as rewritten:

"**§ 159G-6. Distribution of funds.**

(a) Revolving loans and grants.

(1) All funds appropriated or accruing to the Clean Water Revolving Loan and Grant Fund, other than funds set aside for administrative expenses, shall be used for revolving loans and grants to local

government units for construction costs of wastewater treatment works, wastewater collection systems and water supply systems and other assistance as provided in this Chapter.

(2) The maximum principal amount of a revolving loan or a grant may be one hundred percent (100%) of the nonfederal share of the construction costs of any eligible project. The maximum principal amount of revolving loans made to any one local government unit during any fiscal year shall be ~~three~~ five million dollars ~~($3,000,000).~~ ($5,000,000). The maximum principal amount of grants made to any one local government unit during any fiscal year shall be ~~one~~ two million dollars ~~($1,000,000).~~ ($2,000,000).

(3) The State Treasurer shall be responsible for investing and distributing all funds appropriated or accruing to the Clean Water Revolving Loan and Grant Fund for revolving loans and grants under this Chapter. In fulfilling his responsibilities under this section, the State Treasurer shall make a written request to the Department of Environment and Natural Resources to arrange for the appropriated funds to be (i) transferred from the appropriate accounts to a local government unit to provide funds for one or more revolving loans or grants or (ii) invested as authorized by this Chapter with the interest on and the principal of such investments to be transferred to the local government unit to provide funds for one or more revolving loans or grants.

(b) Wastewater Accounts. -- The sums allocated in G.S. 159G-4 and accruing to the various Wastewater Accounts in each fiscal year shall be used to make revolving loans and grants to local government units as provided below. The Department of Environment and Natural Resources shall disburse no funds from the Wastewater Accounts except upon receipt of written approval of the disbursement from the Environmental Management Commission.

(1) General Wastewater Revolving Loan and Grant Account. -- The funds in the General Wastewater Revolving Loan and Grant Account shall be used exclusively for the purpose of providing for revolving construction loans or grants in connection with approved wastewater treatment work or wastewater collection system projects.

(2) High-Unit Cost Wastewater Account. -- The funds in the High-Unit Cost Wastewater Account shall be available for grants to applicants for high-unit cost wastewater projects. Eligibility of an applicant for such a grant shall be determined by comparing estimated average household user fees for water and sewer service, for debt service and operation and maintenance costs, to one and one-half percent (1.5%) of the median household income in the ~~county~~ local government unit in which the project is located. The projects which would require estimated average household water and sewer

user fees greater than one and one-half percent (1.5%) of the median household income are defined as high-unit cost wastewater projects and will be eligible for a grant equal to the excess cost, subject to the limitations in ~~subsection~~ subdivision (a)(2) of this section.

(3) Emergency Wastewater Revolving Loan Account. -- The funds in the Emergency Wastewater Revolving Loan Account shall be available for revolving emergency loans to applicants in the event the Environmental Management Commission certifies that a serious public health hazard, related to the inadequacy of existing wastewater facilities, is present or imminent in a community.

(c) Water Supply Accounts. -- The sums allocated in G.S. 159G-4 and accruing to the various Water Supply Accounts in each fiscal year shall be used to provide revolving loans and grants to local government units as provided below. The Department of Environment and Natural Resources shall disburse no funds from the Water Supply Accounts except upon receipt of written approval of the disbursement from the Division of Environmental Health.

(1) General Water Supply Revolving Loan and Grant Account. -- The funds in the General Water Supply Revolving Loan and Grant Account shall be used exclusively for the purpose of providing for revolving construction loans and grants in connection with water supply systems generally and not upon a county allotment basis.

(2) High-Unit Cost Water Supply Account. -- The funds in the High-Unit Cost Water Supply Account shall be available for grants to applicants for high-unit cost water supply systems, on the same basis as provided in G.S. 159G-6(b)(2) for high-unit cost wastewater projects.

(3) Emergency Water Supply Revolving Loan Account. -- The funds in the Emergency Water Supply Revolving Loan Account shall be available for revolving emergency loans to applicants in the event the Division of Environmental Health certifies that a serious public health hazard, related to the water supply system, is present or imminent in a community.

(d) Repealed by Session Laws 1991, c. 186, s. 4.

(e) Notwithstanding any other provision of this Chapter, funds in the Water Pollution Control Revolving Fund shall not be available as grants except to the extent permitted by Title VI of the Federal Water Quality Act of 1987 and the regulations thereunder."

Section 15. The General Assembly finds that:

(1) The General Assembly has previously found that it is the policy of this State to facilitate the extension of natural gas facilities to unserved areas of the State; and

(2) The extension of natural gas facilities to unserved areas of the State is necessary for the health of the people and of the environment; and

(3) The extension of natural gas facilities to unserved areas of the State will aid and encourage the location of manufacturing enterprises and industrial facilities in those areas of the State, will encourage new construction, homes, and other businesses in those areas of the State, will increase the population, taxable property, agricultural industries, and business prospects in the State; and

(4) The 1989 General Assembly in Chapter 338 of the 1989 Session Laws directed the North Carolina Utilities Commission to require the franchised natural gas local distribution companies to file reports with the Commission detailing their plans for providing natural gas service in areas of the State where natural gas service is not available, and directed the Commission and the Public Staff to provide independent analyses and summaries of those reports together with status reports of natural gas service in the State to the Joint Legislative Utility Review Committee; and

(5) The reports of the utilities, the Commission, and the Public Staff indicate that the construction of facilities and the extension of natural gas service in some areas of the State may not be economically feasible with traditional funding methods; and

(6) The 1991 General Assembly enacted G.S. 62-158 and G.S. 62-2(9) authorizing special funding methods, including the use of supplier refunds and customer surcharges, to facilitate the expansion of natural gas service; and

(7) While the 1991 legislation has been successful in providing some natural gas service to previously unserved areas of the State, that legislation has not been sufficient to facilitate the extension of service that is necessary and in the public interest, and there are still counties with no gas service or virtually no gas service; and

(8) It is therefore necessary to authorize additional funding methods, including appropriations from the General Assembly and the proceeds of general obligation bonds, to further facilitate the expansion of natural gas service.

Section 16. Chapter 62 of the General Statutes is amended by adding a new section to read:

"**§ 62-159. Additional funding for natural gas expansion.**

(a) In order to facilitate the construction of facilities in and the extension of natural gas service to unserved areas, the Commission may provide funding through appropriations from the General Assembly or the proceeds of general obligation bonds as provided in this section to either (i) an existing natural gas local distribution company or (ii) a person or a gas district awarded a new franchise for the

construction of natural gas facilities that it otherwise would not be economically feasible for the company or person to construct.

(b) The use of funds provided under this section shall be pursuant to an order of the Commission after a public hearing. The Commission shall ensure that all projects for which funds are provided under this section are consistent with the intent of this section and G.S. 62-2(9). In determining whether to approve the use of funds for a particular project pursuant to this section, the Commission shall consider the scope of a proposed project, including the number of unserved counties and the number of anticipated customers that would be served, the total cost of the project, the extent to which the project is considered feasible, and other relevant factors affecting the public interest. In determining economic feasibility, the Commission shall employ the net present value method of analysis on a project specific basis. Only those projects with a negative net present value shall be determined to be economically infeasible for the company, person, or gas district to construct. In no event shall the Commission provide funding under this section of an amount greater than the negative net present value of any proposed project as determined by the Commission. If at any time a project is determined by the Commission to have become economically feasible, the Commission shall require the recipient of funding to remit to the Commission appropriate funds related to the project, and the Commission may order those funds to be returned with interest in a reasonable amount to be determined by the Commission. Funds returned, together with interest, shall be deposited with the State Treasurer to be used for other expansion projects pursuant to the provisions of this section. A utility plant acquired with expansion funds shall be included in the local distribution company's rate base at zero cost except to the extent such funds have been remitted by the company pursuant to order of the Commission. In the event a gas district wishes to sell or otherwise dispose of facilities financed with funds received under this section, it must first notify the Commission which shall determine the method of repayment or accounting for those funds.

(c) To the extent that one or more of the counties included in a proposed project to be funded pursuant to this section are counties affected by the loss of exclusive franchise rights provided for in G.S. 62-36A(b), the Commission may conclude that the public interest requires that the person obtaining the franchise or funding pursuant to this section be given an exclusive franchise and that the existing franchise be canceled. Any new exclusive franchise granted under this subsection shall be subject to the provisions of G.S. 62-36A(b). This subsection does not apply to gas districts formed under Article 28 of Chapter 160A of the General Statutes.

(d) The Commission, after hearing, shall adopt rules to implement this section as soon as practicable. The Commission and Public Staff shall report to the Joint Legislative Utility Review Committee on the use of funding provided under this section in conjunction with the reports required under G.S. 62-36A."

Section 17. G.S. 62-2 reads as rewritten:

"**§ 62-2. Declaration of policy.**

(a) Upon investigation, it has been determined that the rates, services and operations of public utilities as defined herein, are affected with the public interest

and that the availability of an adequate and reliable supply of electric power and natural gas to the people, economy and government of North Carolina is a matter of public policy. It is hereby declared to be the policy of the State of North Carolina:

(1) To provide fair regulation of public utilities in the interest of the public;

(2) To promote the inherent advantage of regulated public utilities;

(3) To promote adequate, reliable and economical utility service to all of the citizens and residents of the State;

(3a) To assure that resources necessary to meet future growth through the provision of adequate, reliable utility service include use of the entire spectrum of demand-side options, including but not limited to conservation, load management and efficiency programs, as additional sources of energy supply and/or energy demand reductions. To that end, to require energy planning and fixing of rates in a manner to result in the least cost mix of generation and demand-reduction measures which is achievable, including consideration of appropriate rewards to utilities for efficiency and conservation which decrease utility bills;

(4) To provide just and reasonable rates and charges for public utility services without unjust discrimination, undue preferences or advantages, or unfair or destructive competitive practices and consistent with long-term management and conservation of energy resources by avoiding wasteful, uneconomic and inefficient uses of energy;

(4a) To assure that facilities necessary to meet future growth can be financed by the utilities operating in this State on terms which are reasonable and fair to both the customers and existing investors of such utilities; and to that end to authorize fixing of rates in such a manner as to result in lower costs of new facilities and lower rates over the operating lives of such new facilities by making provisions in the rate-making process for the investment of public utilities in plants under construction;

(5) To encourage and promote harmony between public utilities, their users and the environment;

(6) To foster the continued service of public utilities on a well-planned and coordinated basis that is consistent with the level of energy needed for the protection of public health and safety and for the promotion of the general welfare as expressed in the State energy policy;

(7) To seek to adjust the rate of growth of regulated energy supply facilities serving the State to the policy requirements of statewide development;

(8) To cooperate with other states and with the federal government in promoting and coordinating interstate and intrastate public utility service and reliability of public utility energy supply; and

(9) To facilitate the construction of facilities in and the extension of natural gas service to unserved areas in order to promote the public welfare throughout the State and to that end to authorize the creation of ~~an~~ expansion ~~fund~~ funds for ~~each~~ natural gas local distribution ~~company~~ companies or gas districts to be administered under the supervision of the North Carolina Utilities Commission.

(b) To these ends, therefore, authority shall be vested in the North Carolina Utilities Commission to regulate public utilities generally, their rates, services and operations, and their expansion in relation to long-term energy conservation and management policies and statewide development requirements, and in the manner and in accordance with the policies set forth in this Chapter. Nothing in this Chapter shall be construed to imply any extension of Utilities Commission regulatory jurisdiction over any industry or enterprise that is not subject to the regulatory jurisdiction of said Commission.

Because of technological changes in the equipment and facilities now available and needed to provide telephone and telecommunications services, changes in regulatory policies by the federal government, and changes resulting from the court-ordered divestiture of the American Telephone and Telegraph Company, competitive offerings of certain types of telephone and telecommunications services may be in the public interest. Consequently, authority shall be vested in the North Carolina Utilities Commission to allow competitive offerings of local exchange, exchange access, and long distance services by public utilities defined in G.S. 62-3(23)a.6. and certified in accordance with the provisions of G.S. 62-110, and the Commission is further authorized after notice to affected parties and hearing to deregulate or to exempt from regulation under any or all provisions of this Chapter: (i) a service provided by any public utility as defined in G.S. 62-3(23)a.6. upon a finding that such service is competitive and that such deregulation or exemption from regulation is in the public interest; or (ii) a public utility as defined in G.S. 62-3(23)a.6., or a portion of the business of such public utility, upon a finding that the service or business of such public utility is competitive and that such deregulation or exemption from regulation is in the public interest.

The policy and authority stated in this section shall be applicable to common carriers of passengers by motor vehicle and their regulation by the North Carolina Utilities Commission only to the extent that they are consistent with the provisions of the Bus Regulatory Reform Act of 1985.

The North Carolina Utilities Commission may develop regulatory policies to govern the provision of telecommunications services to the public which promote efficiency, technological innovation, economic growth, and permit telecommunications utilities a reasonable opportunity to compete in an emerging competitive environment, giving due regard to consumers, stockholders, and

maintenance of reasonably affordable local exchange service and long distance service."

Section 18. Effective date. Section 14 of this act becomes effective only if the voters approve the issuance of the Clean Water Bonds authorized by this act in the election required by Section 7 of this act. The remaining sections of this act are effective when the act becomes law, and the Utilities Commission shall begin immediately the rule-making process mandated by G.S. 62-159(d), as enacted by Section 17 of this act.

HOUSE BILL 1492
Committee Substitute Favorable 6/17/98
Committee Substitute #2 Favorable 7/2/98

Short Title: Rural Infrastructure Bonds. (Public)

A BILL TO BE ENTITLED

AN ACT TO AUTHORIZE THE ISSUANCE OF GENERAL OBLIGATION BONDS OF THE STATE, SUBJECT TO A VOTE OF THE QUALIFIED VOTERS OF THE STATE, TO ADDRESS STATEWIDE RURAL INFRASTRUCTURE NEEDS BY PROVIDING FUNDS (1) FOR GRANTS AND LOANS TO LOCAL GOVERNMENT UNITS FOR WATER SUPPLY SYSTEMS, WASTEWATER COLLECTION SYSTEMS, WASTEWATER TREATMENT WORKS, AND WATER CONSERVATION AND WATER REUSE PROJECTS AND (2) FOR GRANTS, LOANS, OR OTHER FINANCING TO PUBLIC OR PRIVATE ENTITIES FOR CONSTRUCTION OF NATURAL GAS FACILITIES.

The General Assembly of North Carolina enacts:

Section 1. Short title. This act shall be known as the "Rural Infrastructure Bond Act of 1998".

Section 2. Purpose. It is the intent of the General Assembly by this act to provide for the issuance of general obligation bonds of the State and to provide that the proceeds realized from the sale of the bonds shall be allocated as follows:

(a) Clean Water Bonds.

(1) $465,000,000 to provide State matching funds required to receive federal wastewater or water supply assistance funds and to provide additional funding for the Clean Water Revolving Loan and Grant Fund established in Chapter 159G of the General Statutes or to

provide funding by grants to local government units for wastewater treatment and water supply and distribution needs;

(2) $320,000,000 to provide loans to local government units to finance all or a portion of the cost of construction, improvements, enlargements, extensions, and reconstruction of water supply and distribution systems, wastewater collection systems, wastewater treatment works, water conservation projects, and water reuse projects.

The funds to be derived from the sale of the Clean Water Bonds authorized by this act are sufficient to meet no more than a fraction of the needs that now exist and will arise in the immediate future. For this reason, although public necessity, the criteria established by Chapter 159G of the General Statutes, and the guidelines established by the United States Environmental Protection Agency Hardship Grants Program shall be the primary consideration in granting and loaning funds, great emphasis shall also be placed on the creation of efficient systems of regional wastewater disposal and regional water supply and on the willingness and ability of local government units to meet their responsibilities through sound fiscal policies, creative planning, and efficient operation and management.

(b) Natural Gas Bonds.

$215,000,000 to provide grants, loans, or other financing to natural gas local distribution companies, persons seeking natural gas distribution franchises, State or local government agencies, or other entities for construction of natural gas facilities.

Section 3. Definitions. As used in this act, unless the context otherwise requires:

(1) "Bond rating" means the numerical rating of a unit of local government developed by the NCMC. The rating formula is based on 100 being a theoretically "perfect" unit of local government and is an assessment of the creditworthiness of the unit. Units of local government with a rating below 75 or with no ratings have limited, if any, access to the private markets for financing water and sewer or other debt.

(2) "Bonds" means bonds issued under this act.

(3) "Capacity grant" means a grant awarded by the Rural Economic Development Center to a local government unit to pay all or a portion of the cost associated with the planning and writing of a grant or loan application, a capital improvement plan, or other efforts that support growth and development of rural areas.

(4) "Capital improvement plan" means a report that identifies water and sewer infrastructure and capital needs that address planned and strategic growth. It shall include an assessment of current

water and wastewater systems and a projection of those infrastructure needs over a 20-year horizon. The report shall take into consideration government mandates, usefulness of the improvements to the community and the effect on both short and long-term operation and maintenance of the scheduled improvements and identifies alternatives for meeting the identified need including regionalization, consolidation and system mergers, water reuse and conservation.

(5) "Clean Water Revolving Loan and Grant Act" means Chapter 796 of the 1987 Session Laws, as amended from time to time, codified as Chapter 159G of the General Statutes.

(6) "Clean Water Revolving Loan and Grant Fund" means the Clean Water Revolving Loan and Grant Fund as defined in the Clean Water Revolving Loan and Grant Act.

(7) "Cost" means, without intending thereby to limit or restrict any proper definition of this term in financing the cost of facilities or purposes authorized by this act:

a. The cost of constructing, reconstructing, enlarging, acquiring, and improving facilities, and acquiring equipment and land therefor,

b. The cost of engineering, architectural, and other consulting services as may be required,

c. Administrative expenses and charges,

d. Finance charges and interest prior to and during construction and, if deemed advisable by the State Treasurer, for a period not exceeding two years after the estimated date of completion of construction,

e. The cost of bond insurance, investment contracts, credit enhancement and liquidity facilities, interest-rate swap agreements or other derivative products, financial and legal consultants, and related costs of bond and note issuance, to the extent and as determined by the State Treasurer,

f. The cost of reimbursing the State for any payments made for any cost described above, and

g. Any other costs and expenses necessary or incidental to the purposes of this act.

Allocations in this act of proceeds of bonds to the costs of a project or undertaking in each case may include allocations to pay the costs set forth in items c., d., e., f., and g. in connection with the issuance of bonds for the project or undertaking.

(8) "Credit facility" means an agreement entered into by the State Treasurer on behalf of the State with a bank, savings and loan association, or other banking institution, an insurance company, reinsurance company, surety company, or other insurance

institution, a corporation, investment banking firm, or other investment institution, or any financial institution or other similar provider of a credit facility, which provider may be located within or without the United States of America, such agreement providing for prompt payment of all or any part of the principal or purchase price (whether at maturity, presentment or tender for purchase, redemption, or acceleration), redemption premium, if any, and interest on any bonds or notes payable on demand or tender by the owner, in consideration of the State agreeing to repay the provider of the credit facility in accordance with the terms and provisions of such agreement.

(9) "Economically depressed area" means any of the following:

a. An economically distressed county as defined in G.S. 143B-437.01.

b. That part of a rural county whose poverty rate is at least one hundred fifty percent (150%) of the State poverty rate. For the purpose of this section, the poverty rate is the percentage of the population with income below the latest annual federal poverty guidelines issued by the United States Department of Health and Human Resources.

c. That part of a rural county that experiences an actual or imminent loss of manufacturing jobs in a number that is equal to or exceeds five percent (5%) of the total number of manufacturing jobs in the part.

(10) "Local government units" means local government units as defined in the Clean Water Revolving Loan and Grant Act.

(11) "NCMC" means the North Carolina Municipal Council, Inc., a nonprofit North Carolina corporation which provides bond ratings, or any successor thereto. In the event such corporation dissolves or no longer performs the functions contemplated herein, such term shall mean that comparable corporation designated by the State Treasurer.

(12) "Notes" means notes issued under this act.

(13) "Par formula" means any provision or formula adopted by the State to provide for the adjustment, from time to time, of the interest rate or rates borne by any bonds or notes, including:

a. A provision providing for such adjustment so that the purchase price of such bonds or notes in the open market would be as close to par as possible,

b. A provision providing for such adjustment based upon a percentage or percentages of a prime rate or base rate, which percentage or percentages may vary or be applied for different periods of time, or

c. Such other provision as the State Treasurer may determine to be consistent with this act and will not materially and adversely affect the financial position of the State and the marketing of bonds or notes at a reasonable interest cost to the State.

(14) "Rural county" means a county with a density of fewer than 200 people per square mile based on the United States census.

(15) "Rural Economic Development Center" means the Rural Economic Development Center, Inc., a nonprofit North Carolina corporation, or any successor thereto. In the event such corporation dissolves or no longer performs the functions contemplated herein, such term shall mean that comparable corporation designated by the Governor.

(16) "State" means the State of North Carolina.

(17) "Supplemental grant" means a grant awarded by the Rural Economic Development Center to a local government unit to assist in financing wastewater collection systems, wastewater treatment works, water conservation projects, water reuse projects, or water supply systems. Supplemental grant funds shall supplement other funding and shall not represent more than fifty percent (50%) of the total costs of the wastewater collection systems, wastewater treatment works, water conservation projects, water reuse projects, or water supply systems financed.

(18) "Unsewered communities" means those communities lacking centralized, publicly owned wastewater treatment collection systems and wastewater treatment works.

(19) "Wastewater collection systems" means wastewater collection systems as defined in the Clean Water Revolving Loan and Grant Act.

(20) "Wastewater treatment works" means wastewater treatment works as defined in the Clean Water Revolving Loan and Grant Act.

(21) "Water conservation projects" include, but are not limited to, any construction, repair, renovation, expansion, replacement of components, or other capital improvement, including related equipment and land acquisition, designed to:

a. Eliminate the wasteful or unnecessary use or loss of water in the operations of a wastewater collection system, wastewater treatment works, or water supply system; or

b. Enhance the operation of a wastewater collection system, wastewater treatment works, or water supply system to provide a more efficient use of water.

(22) "Water Pollution Control Revolving Fund" means the fund described by G.S. 159G-4(a) and G.S. 159G-5(c).

(23) "Water reuse" means the actual use or application of treated wastewater in or on areas which require water but do not require potable water quality.

(24) "Water supply systems" means water supply systems as defined in the Clean Water Revolving Loan and Grant Act.

Section 4. Authorization of bonds and notes. (a) Clean Water Bonds. Subject to a favorable vote of a majority of the qualified voters of the State who vote on the question of issuing Clean Water Bonds in the election called and held as provided in this act, the State Treasurer is hereby authorized, by and with the consent of the Council of State, to issue and sell, at one time or from time to time, general obligation bonds of the State to be designated "State of North Carolina Clean Water Bonds", with any additional designations as may be determined to indicate the issuance of bonds from time to time, or notes of the State as provided in this act, in an aggregate principal amount not exceeding seven hundred eighty-five million dollars ($785,000,000) for the purpose of providing funds, with any other available funds, for the purposes authorized in this act.

(b) Natural Gas Bonds. Subject to a favorable vote of a majority of the qualified voters of the State who vote on the question of issuing Natural Gas Bonds in the election called and held as provided in this act, the State Treasurer is hereby authorized, by and with the consent of the Council of State, to issue and sell, at one time or from time to time, general obligation bonds of the State to be designated "State of North Carolina Natural Gas Bonds", with any additional designations as may be determined to indicate the issuance of bonds from time to time, or notes of the State as provided in this act, in an aggregate principal amount not exceeding two hundred fifteen million dollars ($215,000,000) for the purpose of providing funds, with any other available funds, for the purposes authorized in this act.

Section 5. Uses of bond and note proceeds. (a) Clean Water Bonds. The proceeds of Clean Water Bonds and notes shall be used for the purpose of making loans and grants to local governments as follows:

(1) The proceeds of three hundred fifty-five million dollars ($355,000,000) of Clean Water Bonds shall be used by the Department of Environment and Natural Resources to provide State matching funds required to receive federal wastewater or water supply assistance funds, for grants to local government units for the same purposes for which funds in the Clean Water Revolving Loan and Grant Fund may be used, and for grants to fund hardship projects in accordance with the guidelines established by the United States Environmental Protection Agency Hardship Grants Program. The grants shall be made for the purpose of paying the cost of water supply systems, wastewater collection systems, and wastewater treatment works, water conservation projects, and water reuse projects.

Of the proceeds of the three hundred fifty-five million dollars ($355,000,000) referred to in this Section 5(a)(1) above, the sum of

three hundred million dollars ($300,000,000) shall be allocated as follows:

a. High-Unit Cost Wastewater Account
   1. Reserved for grants to local government units whose bond rating is less than 75 or who have no bond rating $70,000,000
   2. Reserved for grants to local government units whose bond rating is 75 or greater..... $80,000,000

b. High-Unit Cost Water Supply Account
   1. Reserved for grants to local government units whose bond rating is less than 75 or who have no bond rating $70,000,000
   2. Reserved for grants to local government units whose bond rating is 75 or greater $80,000,000

The proceeds may be (i) transferred directly to the Clean Water Revolving Loan and Grant Fund to make grants, (ii) used to make grants directly to the appropriate local government qualifying for a grant from the Clean Water Revolving Loan and Grant Fund, (iii) used for any combination of (i) and (ii), or (iv) used in such other manner as shall effectuate the clean water purposes of this act.

The funds to be derived from the sale of the Clean Water Bonds authorized by this act are sufficient to meet no more than a fraction of the needs that now exist and will arise in the immediate future. For this reason, although public necessity, the criteria established by Chapter 159G of the General Statutes, and the guidelines established by the United States Environmental Protection Agency Hardship Grants Program shall be the primary consideration in granting and loaning funds, great emphasis shall also be placed on the creation of efficient systems of regional wastewater disposal and regional water supply and on the willingness and ability of local government units to meet their responsibilities through sound fiscal policies, creative planning, and efficient operation and management, and on having a capital improvement plan.

Of the proceeds of the three hundred fifty-five million dollars ($355,000,000) referred to in this Section 5(a)(1) above, the sum of thirty-five million dollars ($35,000,000) shall be used to provide State funds necessary for the 1999-2000, 2000-2001, 2001-2002, 2002-2003, and 2003-2004 fiscal years to match the federal wastewater or water supply assistance funds deposited in the Water Pollution Control Revolving Fund or another fund that is used to pay the cost of water supply systems, wastewater collection systems, or wastewater treatment works and is eligible to receive federal

matching funds, unless the General Assembly has provided the required match through other sources, in which event this priority shall cease to exist to the extent of the availability of the other sources. The Department of Environment and Natural Resources shall certify to the State Treasurer the amount of funds required for the State match for each of the fiscal years ending June 30, 1999, June 30, 2000, June 30, 2001, June 30, 2002, June 30, 2003, and June 30, 2004, and the extent to which the General Assembly has provided other funds for this purpose. Upon certification each year of the amount of funds required for the State match for that fiscal year, the State Treasurer may issue from the thirty-five million dollars ($35,000,000) the amount certified up to thirty-five million dollars ($35,000,000). Upon certification for the State match required for the fiscal year ending June 30, 2004, the State Treasurer may issue the remaining balance of the thirty-five million dollars ($35,000,000) of the Clean Water Bonds authorized by this subdivision for the purpose of funding the State match for that fiscal year and for any other purposes authorized by this subdivision. The proceeds of the bonds necessary for the State match for each fiscal year shall be deposited in the Water Pollution Control Revolving Fund or another appropriate fund or account determined by the State Treasurer.

Of the proceeds of the three hundred fifty-five million dollars ($355,000,000) referred to in this Section 5(a)(1) above, the sum of twenty million dollars ($20,000,000) shall be used to provide hardship grants to eligible local government units to assist with wastewater treatment works and wastewater collection systems. Such grants shall be awarded and administered by the Department of Environment and Natural Resources in accordance with the guidelines established by the United States Environmental Protection Agency Hardship Grants Program.

Although public necessity, the criteria established by Chapter 159G of the General Statutes, and the guidelines established by the United States Environmental Protection Agency Hardship Grants Program shall be the primary consideration in granting and loaning funds, great emphasis shall also be placed on the creation of efficient systems of regional wastewater disposal and regional water supply and on the willingness and ability of local government units to meet their responsibilities through sound fiscal policies, creative planning, and efficient operation and management, and on having a capital improvement plan.

(2) The proceeds of sixty million dollars ($60,000,000) of Clean Water Bonds shall be used for the purpose of making grants to local government units to pay the cost of clean water projects in

connection with the location of industry to, and expansion of industry in, the State. These grants shall be awarded and administered by the Department of Commerce. These funds shall be applied to pay the costs of grants awarded in the same manner as funds in the Industrial Development Fund created in G.S. 143B-437.01(a), for use in accordance with G.S. 143B-437.01(a), subject to the further limitations on the provisions of G.S. 143B-437.01(a) set forth below, and shall be applied to pay the costs of grants awarded in the same manner as funds in the Utility Account of the Industrial Development Fund created in G.S. 143B-437.01(b1), for use in accordance with G.S. 143B-437.01(b1), subject to the further limitations on the provisions of G.S. 143B-437.01(b1) set forth below. In applying the provisions of G.S. 143B-437.01(a) or G.S. 143B-437.01(b1), as the case may be, the following exceptions shall apply:

a. The funds shall be used only for grants to local governments, not for loans.

b. Grants shall be awarded only to projects the Secretary of Commerce finds will have a favorable impact on the clean water objectives of the State.

c. The only purposes for which grants may be made are construction of or improvements to new or existing water or sewer distribution lines or equipment, construction of or improvements to new or existing wastewater treatment works, or improvements that will expand the capacity of existing wastewater treatment works or water supply systems.

d. The projects may be located only in counties that are economically distressed as defined in G.S. 143B-437.01 or have a population of less than 50,000.

e. Grants may be made with respect to the following industries as defined in G.S. 105-129.2: manufacturing and processing, and warehousing and wholesale trades.

f. No match is required for the grants.

g. The provisions of G.S. 143B-437.01(a) or G.S. 143B-437.01(b1), as the case may be, that limit the expenditure of funds to costs of utility lines or facilities located on the site of the new or proposed industrial building or that are directly related to the operation of the specific industrial activity at the building, shall not apply if the utility lines or facilities being provided will further the clean water objectives of the State.

The General Assembly finds that the purpose of providing water and sewer distribution lines and wastewater treatment works

in economically distressed counties is to provide clean water in North Carolina in several different ways. First, these projects will reduce industrial reliance on wells, septic tanks, and other similar facilities. Second, when a distribution line is extended to an industrial facility in an area not otherwise served by water and sewer infrastructure, residents, other businesses, and local governments can hook into the distribution line, bringing clean water, wastewater treatment, or both to the unserved area. Also, the installation and expansion of water supply and wastewater treatment facilities to provide water supply and wastewater treatment in connection with new or expanding industry will result in additional water supply and treatment facilities available to the residents, other businesses, and local governments in the area where the installation or expansion occurs.

The proceeds of the Clean Water Bonds, issued for the purpose described in this Section 5(a)(2), shall be held in the Clean Water Bonds Fund until needed for expenditure by the grantee for the payment of the cost for the purpose for which the grant is made. The Department of Commerce shall maintain records that document the timing and purpose for which each expenditure of proceeds of a grant is made.

(3) The proceeds of fifty million dollars ($50,000,000) of Clean Water Bonds shall be used to provide supplemental and capacity grants to eligible local government units to match federal, State, and other grant or loan program funds to plan or improve needed water and sewer projects in economically depressed areas of North Carolina. Such grants shall be awarded and administered by the Rural Economic Development Center. Those proceeds shall be allocated as follows:

a. Supplemental Grants $40,000,000
b. Capacity Grants $10,000,000

The Rural Economic Development Center shall certify to the State Treasurer the amount of funds required, not to exceed eight million dollars ($8,000,000) for supplemental grants, not to exceed two million dollars ($2,000,000) for capacity grants, and not to exceed a total of ten million dollars ($10,000,000) in supplemental and capacity grants, for each of the fiscal years ending June 30, 1999, June 30, 2000, June 30, 2001, June 30, 2002, June 30, 2003, and June 30, 2004. Upon certification each year of the amount of funds required for that fiscal year, the State Treasurer may issue the amount certified up to ten million dollars ($10,000,000). Upon certification for the fiscal year ending June 30, 2004, the State Treasurer may issue the remaining balance of the fifty million dollars ($50,000,000) of the Clean Water Bonds

authorized by this subdivision for any other purposes authorized by this subdivision.

Grants made from the proceeds of this fifty million dollars ($50,000,000) for supplemental grants shall be based on the following criteria:

a. The applicant shall be a local government unit.

b. The applicant shall be a rural county or a local government unit located in a rural county.

c. First priority shall be given to a water supply system, wastewater collection system, or wastewater treatment work that creates or retains jobs. A water supply system, wastewater collection system, or wastewater treatment work shall also receive funding priority if the project is located in an economically distressed county as defined by G.S. 143B-437.01.

d. A water supply system, wastewater collection system, or wastewater treatment work that is proposed in a nondistressed county must meet at least one of the following criteria: (i) be located in that part of a rural nondistressed county where the poverty rate is at least one hundred fifty percent (150%) of the State poverty rate, (ii) be located in that part of a rural nondistressed county where the unemployment rate is at least double the State unemployment rate for the most recent reporting period available, or (iii) be located in that part of a rural nondistressed county that experiences an actual or imminent loss of jobs in a number that equals or exceeds five percent (5%) of the total number of jobs in that part of the county. Any grant awarded for a water supply system, wastewater collection system, or wastewater treatment work in a nondistressed county shall be matched on a dollar-for-dollar basis in the amount of the grant awarded.

Although public necessity and the criteria listed above shall be the primary consideration in granting and loaning funds, great emphasis shall also be placed on the creation of efficient systems of regional wastewater disposal and regional water supply and on the willingness and ability of local government units to meet their responsibilities through sound fiscal policies, creative planning, and efficient operation and management, and on having a capital improvement plan. However, funds shall not be expended for the repair or replacement of low-pressure pipe wastewater systems.

The Rural Economic Development Center shall award grants to units of local government for the purposes authorized by this Section 5(a)(2) in accordance with the criteria set forth above. When the Rural Economic Development Center authorizes a grant, the Rural Economic Development Center shall notify the State Treasurer of the authorization and shall submit to the State Treasurer the grant application and records relevant to the grant's authorization. The State Treasurer shall review the grant and relevant documents to verify that the grant complies with the requirements of this act. The State Treasurer shall complete the review no later than 30 days after the receipt of the grant application and relevant records from the Rural Economic Development Center, and shall notify the Rural Economic Development Center that the review has been completed and of the State Treasurer's findings.

The proceeds of the Clean Water Bonds issued for the purpose described in this section shall be held in the Clean Water Bonds Fund until needed for expenditure by the grantee for the payment of costs for the purposes for which the grant is made. The Rural Economic Development Center shall maintain records that document the timing and purpose for which each expenditure of proceeds of a grant is made and shall furnish such records to the State Treasurer at the time a request for payment to or on behalf of a grantee is to be made.

At the end of each fiscal year, the Rural Economic Development Center shall provide to the State Treasurer any records that document the timing and purposes of the expenditures by the grantee units of local government of the proceeds of the grants funded from the proceeds of the Clean Water Bonds during that fiscal year that have not already been provided to the State Treasurer.

(4) The proceeds of three hundred twenty million dollars ($320,000,000) of Clean Water Bonds shall be used for the purpose of making loans to local government units to pay the cost of water supply systems, water conservation projects, water reuse projects, wastewater collection systems, and wastewater treatment works. The proceeds shall be allocated as follows:

a. Wastewater collection systems and wastewater treatment works.

1. Reserved for loans to local government units whose bond rating is less than 75 or who have no bond rating $10,000,000

2. Reserved for loans to local government units whose bond rating is 75 or more.....$150,000,000

b. Water supply and distribution systems and water conservation projects.

1. Reserved for loans to local government units whose bond rating is less than 75 or who have no bond rating.....$10,000,000

2. Reserved for loans to local government units whose bond rating is 75 or more.....$150,000,000

The proceeds shall be used to make loans directly to local government units qualifying for a loan from the Clean Water Revolving Loan and Grant Fund or loaned in such other manner as shall effectuate the purposes of this act. To qualify for a loan for the purpose of paying the cost of water supply systems, a local government unit must have a water supply facility plan approved by the Department of Environment and Natural Resources. A water supply facility plan submitted by a local government unit to the Department under G.S. 143-355(l) will be sufficient to meet this requirement. To qualify for a loan for the purpose of paying the cost of wastewater collection systems or wastewater treatment works, a local government unit must have a wastewater facility plan approved by the Department of Environment and Natural Resources. A wastewater facility plan must project future wastewater treatment needs, must present a long-range plan to meet those needs, and must include plans for system operations and maintenance of the facilities being built with the bond proceeds. In addition, great emphasis shall also be placed on having a capital improvement plan.

The Department of Environment and Natural Resources shall set the priorities and determine the eligibility of local government units for these loans in accordance with Section 10 of this act. The form of the loans and the details thereof including, without limitation, the maturity, interest rate, and amortization schedule shall be determined, from time to time, by the State Treasurer. In making these determinations, the State Treasurer shall consider the purpose of the loans, the ability of local government units to repay the loans, and the security for the loans. The interest rates on these loans shall reflect the self-supporting nature of the loan program and shall be sufficient to cover substantially all payments of debt service on the three hundred twenty million dollars ($320,000,000) of Clean Water Bonds and the issuance costs and administrative expenses associated with the issuance of these bonds and the making of these loans, subject to any applicable requirements of the federal tax law.

Repayments of the loans shall be credited to the General Fund and may be used to pay, directly or indirectly, debt service on the bonds and notes issued. Repayments may be initially placed into such fund or account as may be determined by the State Treasurer for the purpose of determining compliance with applicable requirements of the federal tax law and shall be expended and disbursed therefrom under the direction and supervision of the Director of the Budget.

(6) If bond proceeds remain unspent, five years from the date on which the bonds were issued, then the General Assembly may at any session after that five-year period of time increase or decrease the allocations of the proceeds of the Clean Water Bonds set forth in (1), (2), (3), (4), and (5) above, so long as the aggregate amount of the allocations does not exceed seven hundred eighty-five million dollars ($785,000,000).

(b) Natural Gas Bonds. The proceeds of Natural Gas Bonds and notes shall be used for the purpose of providing grants, loans, or other financing to natural gas local distribution companies, persons seeking natural gas distribution franchises, State or local government agencies, or other entities for the costs of constructing natural gas facilities, including pipelines, compressors, interests in real property, and related equipment for the delivery of natural gas in order to facilitate the expansion of natural gas facilities to unserved areas of the State in accordance with the findings of the General Assembly described in Section 15 of this act.

Any additional moneys which may be received by means of a grant or grants from the United States of America or any agency or department thereof or from any other source to aid in financing the cost of any natural gas grants authorized by this act may be placed by the State Treasurer in the Natural Gas Bonds Fund or in a separate account or fund and shall be disbursed, to the extent permitted by the terms of the grant or grants, without regard to any limitations imposed by this act.

Moneys in the Natural Gas Bonds Fund or any separate natural gas fund or account established under this act may be invested from time to time by the State Treasurer in the same manner permitted for investment of moneys belonging to the State or held in the State treasury, except with respect to grant money to the extent otherwise directed by the terms of the grant. Investment earnings, except investment earnings with respect to grant money to the extent otherwise directed or restricted by the terms of the grant, may be (i) credited to the Natural Gas Bonds Fund or any separate natural gas fund or account established under this act; (ii) used to pay debt service on the Natural Gas Bonds authorized by this act; (iii) used to satisfy compliance with applicable requirements of the federal tax law; or (iv) transferred to the General Fund of the State.

The proceeds of Natural Gas Bonds and notes may be used with any other moneys made available by the General Assembly for providing grants, loans, or other financing in accordance with this act, including the proceeds of any other State bond issues, whether heretofore made available or which may be made available at

the session of the General Assembly at which this act is ratified or any subsequent sessions. The proceeds of Natural Gas Bonds and notes shall be expended and disbursed under the direction and supervision of the Director of the Budget. The funds provided by this act for construction of natural gas facilities shall be disbursed for the purposes provided in this act upon warrants drawn on the State Treasurer by the State Controller, which warrants shall not be drawn until requisition has been approved by the Director of the Budget and which requisition shall be approved only after full compliance with the Executive Budget Act, Article 1 of Chapter 143 of the General Statutes.

The North Carolina Utilities Commission shall provide quarterly reports to the Joint Legislative Commission on Governmental Operations, the Chairs of the Senate and House of Representatives Appropriations Committees, and the Fiscal Research Division on the expenditure of moneys from the Natural Gas Bonds Fund.

Section 6. Allocation of proceeds. (a) Clean Water Bonds. The proceeds of Clean Water Bonds and notes, including premium thereon, if any, except the proceeds of bonds the issuance of which has been anticipated by bond anticipation notes or the proceeds of refunding bonds or notes, shall be placed by the State Treasurer in a special fund to be designated "Clean Water Bonds Fund", which may include such appropriate special accounts therein as may be determined by the State Treasurer and shall be disbursed as provided in this act. Moneys in the Clean Water Bonds Fund shall be allocated and expended as provided in this act.

Any additional moneys which may be received by means of a grant or grants from the United States of America or any agency or department thereof or from any other source for deposit to the Clean Water Bonds Fund may be placed in the Clean Water Bonds Fund or in a separate account or fund and shall be disbursed, to the extent permitted by the terms of the grant or grants, without regard to any limitations imposed by this act.

Moneys in the Clean Water Bonds Fund or any separate clean water fund or account established under this act may be invested from time to time by the State Treasurer in the same manner permitted for investment of moneys belonging to the State or held in the State treasury, except with respect to grant money to the extent otherwise directed by the terms of the grant. Investment earnings, except investment earnings with respect to grant moneys to the extent otherwise directed or restricted by the terms of the grant, may be (i) credited to the Clean Water Bonds Fund or any separate clean water fund or account established under this act, (ii) used to pay debt service on the bonds authorized by this act, (iii) used to satisfy compliance with applicable requirements of the federal tax law, or (iv) transferred to the General Fund of the State.

The proceeds of bonds and notes may be used with any other moneys made available by the General Assembly for making grants and loans authorized by this act, including the proceeds of any other State bond issues, whether heretofore made available or which may be made available at the session of the General Assembly at which this act is ratified or any subsequent sessions. The proceeds of bonds and notes shall be expended and disbursed under the direction and supervision

of the Director of the Budget. The funds provided by this act shall be disbursed for the purposes provided in this act upon warrants drawn on the State Treasurer by the State Controller, which warrants shall not be drawn until requisition has been approved by the Director of the Budget and which requisition shall be approved only after full compliance with the Executive Budget Act, Article 1 of Chapter 143 of the General Statutes.

(b) Natural Gas Bonds. The proceeds of Natural Gas Bonds and notes, including premium thereon, if any, except the proceeds of bonds the issuance of which has been anticipated by bond anticipation notes or the proceeds of refunding bonds or notes, shall be placed by the State Treasurer in a special fund to be designated "Natural Gas Bonds Fund", which may include such appropriate special accounts therein as may be determined by the State Treasurer, and shall be disbursed as provided in this act. Moneys in the Natural Gas Bonds Fund shall be allocated and expended as provided in this act. The proceeds may be used in accordance with G.S. 62-159 or may be distributed in accordance with the provisions of legislation enacted by the General Assembly in 1998 or later providing for the allocation of the bond proceeds for the purposes provided in this act.

(c) Costs. Allocations to the costs of a capital improvement or undertaking in each case may include allocations to pay the costs set forth in Section 3(6)c., d., e., f., and g. of this act in connection with the issuance of bonds for that capital improvement or undertaking.

Section 7. Election. The questions of the issuance of the bonds authorized by this act shall be submitted to the qualified voters of the State at an election to be held on the first Tuesday after the first Monday of November 1998. Any other primary, election, or referendum validly called or scheduled by law at the time the election on the bond question provided for in this section is held may be held as called or scheduled. Notice of the election shall be given in the manner and at the times required by G.S. 163-33(8). The election and the registration of voters therefor shall be held under and in accordance with the general laws of the State. Absentee ballots shall be authorized in the election.

The State Board of Elections shall reimburse the counties of the State for all necessary expenses incurred in holding the election that are in addition to those that would have otherwise been incurred, the same to be paid out of the Contingency and Emergency Fund or other funds available to the State Board of Elections.

Ballots, voting systems authorized by Article 14 of Chapter 163 of the General Statutes, or both may be used in accordance with rules prescribed by the State Board of Elections. The bond questions to be used in the ballots or voting systems shall be in substantially the following form:

"[ ] FOR [ ] AGAINST

the issuance of seven hundred eighty-five million dollars ($785,000,000) State of North Carolina Clean Water Bonds constituting general obligation bonds of the State secured by a pledge of the faith and credit and taxing power of the State for the purpose of providing funds, with any other available funds, to make loans and grants to local government units to pay all or a portion of the cost of clean water projects."

"[ ] FOR [ ] AGAINST

the issuance of two hundred fifteen million dollars ($215,000,000) State of North Carolina Natural Gas Bonds constituting general obligation bonds of the State secured by a pledge of the faith and credit and taxing power of the State for the purpose of providing funds, with any other available funds, to provide grants, loans, or other financing to public or private entities for construction of natural gas facilities in order to facilitate the expansion of natural gas facilities to unserved portions of the State."

If a majority of those voting on a bond question in the election vote in favor of the issuance of the bonds described in the question, those bonds may be issued as provided in this act. If a majority of those voting on a bond question in the election vote against the issuance of the bonds described in the question, those bonds shall not be issued.

The results of the election shall be canvassed and declared as provided by law for elections for State officers; the results of the election shall be certified by the State Board of Elections to the Secretary of State, in the manner and at the time provided by the general election laws of the State.

Section 8. Issuance of bonds and notes. (a) Terms and Conditions. Bonds or notes may bear such date or dates, may be serial or term bonds or notes, or any combination thereof, may mature in such amounts and at such time or times, not exceeding 40 years from their date or dates, may be payable at such place or places, either within or without the United States of America, in such coin or currency of the United States of America as at the time of payment is legal tender for payment of public and private debts, may bear interest at such rate or rates, which may vary from time to time, and may be made redeemable before maturity, at the option of the State or otherwise as may be provided by the State, at such price or prices, including a price less than the face amount of the bonds or notes, and under such terms and conditions, all as may be determined by the State Treasurer, by and with the consent of the Council of State.

(b) Signatures; Form and Denomination; Registration. Bonds or notes may be issued as certificated or uncertificated obligations. If issued as certificated obligations, bonds or notes shall be signed on behalf of the State by the Governor or shall bear his facsimile signature, shall be signed by the State Treasurer or shall bear his facsimile signature, and shall bear the Great Seal of the State or a facsimile thereof shall be impressed or imprinted thereon. If bonds or notes bear the facsimile signatures of the Governor and the State Treasurer, the bonds or notes shall also bear a manual signature which may be that of a bond registrar, trustee, paying agent, or designated assistant of the State Treasurer. Should any officer whose signature or facsimile signature appears on bonds or notes cease to be such officer before the delivery of the bonds or notes, the signature or facsimile signature shall nevertheless have the same validity for all purposes as if the officer had remained in office until delivery, and bonds or notes may bear the facsimile signatures of persons who at the actual time of the execution of the bonds or notes shall be the proper officers to sign any bond or note although at the date of the bond or note such persons may not have

been such officers. The form and denomination of bonds or notes, including the provisions with respect to registration of the bonds or notes and any system for their registration, shall be as the State Treasurer may determine in conformity with this act; provided, however, that nothing in this act shall prohibit the State Treasurer from proceeding, with respect to the issuance and form of the bonds or notes, under the provisions of Chapter 159E of the General Statutes, the Registered Public Obligations Act, as well as under this act.

(c) Manner of Sale; Expenses. Subject to determination by the Council of State as to the manner in which bonds or notes shall be offered for sale, whether at public or private sale, whether within or without the United States of America, and whether by publishing notices in certain newspapers and financial journals, mailing notices, inviting bids by correspondence, negotiating contracts of purchase or otherwise, the State Treasurer is authorized to sell bonds or notes at one time or from time to time at such rate or rates of interest, which may vary from time to time, and at such price or prices, including a price less than the face amount of the bonds or the notes, as the State Treasurer may determine. All expenses incurred in preparation, sale, and issuance of bonds or notes shall be paid by the State Treasurer from the proceeds of bonds or notes or other available moneys.

(d) Notes; Repayment.

(1) By and with the consent of the Council of State, the State Treasurer is hereby authorized to borrow money and to execute and issue notes of the State for the same, but only in the following circumstances and under the following conditions:

a. For anticipating the sale of bonds to the issuance of which the Council of State shall have given consent, if the State Treasurer shall deem it advisable to postpone the issuance of the bonds;

b. For the payment of interest on or any installment of principal of any bonds then outstanding, if there shall not be sufficient funds in the State treasury with which to pay the interest or installment of principal as they respectively become due;

c. For the renewal of any loan evidenced by notes herein authorized;

d. For the purposes authorized in this act; and

e. For refunding bonds or notes as herein authorized.

(2) Funds derived from the sale of bonds or notes may be used in the payment of any bond anticipation notes issued under this act. Funds provided by the General Assembly for the payment of interest on or principal of bonds shall be used in paying the interest on or principal of any notes and any renewals thereof, the proceeds of which shall have been used in paying interest on or principal of the bonds.

(e) Refunding Bonds and Notes. By and with the consent of the Council of State, the State Treasurer is authorized to issue and sell refunding bonds and notes pursuant to the provisions of the State Refunding Bond Act for the purpose of refunding bonds or notes issued pursuant to this act. The refunding bonds and notes may be combined with any other issues of State bonds and notes similarly secured.

(f) Tax Exemption. Bonds and notes shall be exempt from all State, county, and municipal taxation or assessment, direct or indirect, general or special, whether imposed for the purpose of general revenue or otherwise, excluding inheritance and gift taxes, income taxes on the gain from the transfer of bonds and notes, and franchise taxes. The interest on bonds and notes shall not be subject to taxation as to income.

(g) Investment Eligibility. Bonds and notes are hereby made securities in which all public officers, agencies, and public bodies of the State and its political subdivisions, all insurance companies, trust companies, investment companies, banks, savings banks, savings and loan associations, credit unions, pension or retirement funds, other financial institutions engaged in business in the State, executors, administrators, trustees, and other fiduciaries may properly and legally invest funds, including capital in their control or belonging to them. Bonds and notes are hereby made securities which may properly and legally be deposited with and received by any officer or agency of the State or political subdivision of the State for any purpose for which the deposit of bonds, notes, or obligations of the State or any political subdivision is now or may hereafter be authorized by law.

(h) Faith and Credit. The faith and credit and taxing power of the State are hereby pledged for the payment of the principal of and the interest on bonds and notes. In addition to the State's right to amend any provision of this act to the extent it does not impair any contractual right of a bond owner, the State expressly reserves the right to amend any provision of this act with respect to the making and repayment of loans, the disposition of any repayments of loans, and any intercept provisions relating to the failure of a local government unit to repay a loan, the bonds not being secured in any respect by loans, any repayments thereof, or any intercept provisions with respect thereto.

Section 9. Variable interest rates. In fixing the details of bonds and notes, the State Treasurer may provide that any of the bonds or notes may:

(1) Be made payable from time to time on demand or tender for purchase by the owner thereof provided a credit facility supports the bonds or notes, unless the State Treasurer specifically determines that a credit facility is not required upon a finding and determination by the State Treasurer that the absence of a credit facility will not materially or adversely affect the financial position of the State and the marketing of the bonds or notes at a reasonable interest cost to the State;

(2) Be additionally supported by a credit facility;

(3) Be made subject to redemption or a mandatory tender for purchase prior to maturity;

(4) Bear interest at a rate or rates that may vary for such period or periods of time, all as may be provided in the proceedings providing for the issuance of the bonds or notes, including, without limitation, such variations as may be permitted pursuant to a par formula; and

(5) Be made the subject of a remarketing agreement whereby an attempt is made to remarket bonds or notes to new purchasers prior to their presentment for payment to the provider of the credit facility or to the State.

If the aggregate principal amount repayable by the State under a credit facility is in excess of the aggregate principal amount of bonds or notes secured by the credit facility, whether as a result of the inclusion in the credit facility of a provision for the payment of interest for a limited period of time or the payment of a redemption premium or for any other reason, then the amount of authorized but unissued bonds or notes during the term of such credit facility shall not be less than the amount of such excess, unless the payment of such excess is otherwise provided for by agreement of the State executed by the State Treasurer.

Section 10. Special provisions governing clean water loans. (a) Scope. The provisions of this section shall apply to loans being made from the proceeds of bonds authorized by this act for clean water projects, other than from funds deposited in the Clean Water Revolving Loan and Grant Fund.

(b) Clean Water Bonds Loan Account. There is established in the Department of State Treasurer a special account to be known as the Clean Water Bonds Loan Account, which may include any special or segregated accounts the State Treasurer considers appropriate. There shall be deposited in the Clean Water Bonds Loan Account proceeds of the Clean Water Bonds and notes to be used to make loans, other than loans to be made through the Clean Water Revolving Loan and Grant Fund, to local government units for clean water projects as provided in this act.

Except as otherwise permitted by Section 5 of this act with respect to the use of investment earnings, all moneys accruing to the credit of the Clean Water Bonds Loan Account other than funds set aside for administrative expenses, including expenses related to determining compliance with applicable requirements of the federal tax law and costs of issuance, shall be used to make loans for the purposes provided in this act. The State Treasurer shall be responsible for making and administering all loans pursuant to the provisions of this section.

(c) Application for Loans; Hearings.

(1) Eligibility/Initial Hearing.

a. Prior to filing an application for a loan, a local government unit shall hold a public hearing. A notice of the public hearing shall be published once at least 10 days before the date fixed for the hearing.

b. All applications for loans shall be filed with the Department of Environment and Natural Resources. The form of the

application shall be prescribed by the Department and shall require any information necessary to determine the eligibility for a loan under the provisions of this section. All applications approved by the Department of Environment and Natural Resources shall be filed with the Local Government Commission. Each applicant shall furnish to the Department of Environment and Natural Resources and the Local Government Commission information in addition or supplemental to the information contained in its application, upon request.

c. A local government unit shall not be eligible for a loan unless it demonstrates to the satisfaction of the Department of Environment and Natural Resources and the Local Government Commission that:

1. The applicant is a local government unit;
2. The applicant has the financial capacity to pay the principal of and interest on its proposed loan as evidenced by the approval of the Local Government Commission;
3. The applicant has substantially complied or will substantially comply with all applicable laws, rules, regulations, and ordinances, whether federal, State, or local; and
4. The applicant has agreed by official resolution to adopt and place into effect a schedule of fees and charges or the application of other sources of revenue which will provide adequate funds for proper operation, maintenance, and administration of the project and repayment of all principal and interest on the loan.

(2) Assessment. The Department of Environment and Natural Resources may require any applicant to file with its application an assessment of the impact the project for which the funds are sought will have upon meeting the facility needs of the area within which the project is to be located.

(3) Hearing by the Department of Environment and Natural Resources or the Local Government Commission. A public hearing may be held by the Department of Environment and Natural Resources or the Local Government Commission at any time on any application. Public hearings may also be held by the Department of Environment and Natural Resources in its discretion upon written request from any citizen or taxpayer who is a resident of the county or counties in which the project is to be located or a resident of the local government unit that proposes to borrow

moneys under this act, if it appears that the public interest will be served by the hearing. The written request shall set forth each objection to the proposed project or other reason for requesting a hearing on the application and shall contain the name and address of the persons submitting it. In deciding whether to grant a request for a hearing on an application, the Department of Environment and Natural Resources may consider the application, the written objections to the proposed project, and the facility needs and shall determine if the public interest will be served by a hearing. The determination by the Department of Environment and Natural Resources shall be conclusive, and all written requests for a hearing shall be retained as a permanent part of the records pertaining to the application.

(4) Petition for Vote. A petition, demanding that the question of whether to enter into a loan agreement with the State under this act be submitted to voters, may be filed with the clerk of the local government unit applying for the loan within 15 days after the public hearing required by this section. The petition's sufficiency shall be determined and a referendum, if any, shall be conducted according to the standards, procedures, and limitations set out in G.S. 159-60 through G.S. 159-62.

(d) Priorities.

(1) Determination. Determination of priorities to be assigned each eligible project shall be made semiannually by the Department of Environment and Natural Resources during each fiscal year. Every eligible project shall be considered by the Department of Environment and Natural Resources with every other project eligible during this same priority period.

(2) Priority Factors. All applications for loans under this act shall be assigned a priority by the Department of Environment and Natural Resources. The Department of Environment and Natural Resources shall establish other priority factors criteria by rule.

(3) Assignment of Priority. A written statement relative to each priority assigned shall be prepared by the Department of Environment and Natural Resources and shall be attached to the application. The priority assigned shall be conclusive.

(4) Failure to Qualify. If an application does not qualify for a loan as of the prior period in which the application was eligible for consideration by reason of the priority assigned, the application shall be considered during the next succeeding priority period upon request of the applicant. If the application again fails to qualify for a loan during the second priority period by reason of the priority assigned, the application shall receive no further consideration. An applicant may file a new application at any time

and may amend any pending application to include additional data or information.

(5) Withdrawal of Commitment. Failure of an applicant within one year after the date of acceptance of the loan to arrange for necessary financing of the proposed project or award of the contract of the construction of the proposed project shall constitute sufficient cause for withdrawal of the commitment. Prior to withdrawal of a commitment, the Department of Environment and Natural Resources shall give due consideration to any extenuating circumstances presented by the applicant as reasons for failure to arrange necessary financing or to award a contract, and the commitment may be extended for an additional period of time if, in the judgment of the Department of Environment and Natural Resources, the extension is justified.

(e) Disbursement. To be eligible to receive the loans provided for in this section, a local government unit must arrange to borrow the amounts necessary pursuant to rules adopted by the Local Government Commission. No funds shall be disbursed until the Department of Environment and Natural Resources gives a certificate of eligibility to the effect that the applicant meets all eligibility criteria and that all procedural requirements of this act have been met. The maximum principal amount of a loan shall be one hundred percent (100%) of the cost of any eligible project.

(f) Intercept. The governing body of a local government unit shall by resolution authorize to be included in its loan agreement a provision authorizing the State Treasurer, upon failure of the local government unit to make a scheduled repayment of the loan, to withhold from the local government unit any State funds that would otherwise be distributed to the local government unit in an amount sufficient to pay all sums then due and payable to the State as a repayment of the loan. In such event, notwithstanding any other provision of law, the State Treasurer is authorized to withhold and apply such funds to the repayment of the loan, except that such funds shall not be withheld if (i) before the execution of the loan agreement, such funds have been legally pledged to secure special obligation bonds or other obligations of the local government unit, or (ii) after the execution of the loan agreement, such funds are legally pledged to secure special obligation bonds or other obligations of the local government unit as authorized in this subsection. After the execution of a loan agreement, all or any portion of the State funds specified in the loan agreement to be so withheld may be pledged to secure special obligation bonds or other obligations of the local government unit only with the prior written consent of the State Treasurer.

The State Treasurer shall notify the Secretary of Revenue and the State Controller of the amount to be withheld from the local government unit, and the Secretary of Revenue and the State Controller shall transfer to the State Treasurer the amount so requested to be applied by the State Treasurer to the repayment of the loan.

(g) Inspection. Inspection of a project for which a loan has been made under this act may be performed by qualified personnel of the Department of Environment and Natural Resources or may be performed by qualified engineers registered in this State approved by the Department of Environment and Natural Resources. No person shall be approved to perform inspections who is an officer employed by the local government unit to which the loan was made or who is an owner, officer, employer, or agent of a contractor or subcontractor engaged in the construction of the project for which the loan was made. For the purpose of payment of inspection fees, inspection services shall be included in the term "cost" as used in this act.

(h) Rules. The State Treasurer, the Local Government Commission, and the Department of Environment and Natural Resources may adopt, modify, and repeal rules necessary for the administration of their respective duties under this act. Uniform rules may be jointly adopted where feasible and desirable, and no rule, jointly adopted, may be modified or revoked except upon concurrence of all agencies involved.

(i) Federal Grants and Loans. In order to carry out the purposes of this act to secure the greatest possible benefits to the citizens of this State of the funds appropriated, the State Treasurer, the Local Government Commission, and the Department of Environment and Natural Resources shall adopt rules and criteria, not inconsistent with provisions of this act, as are necessary and appropriate to conform to regulations for federal grants and loans for any of the purposes set forth in this act.

(j) Report by Department of Environment and Natural Resources. The Department of Environment and Natural Resources shall prepare and file each year on or before July 31 with the Joint Legislative Commission on Governmental Operations and the Fiscal Research Division a report for the preceding fiscal year concerning the allocation and making of loans authorized by this act. The report shall set forth for the preceding fiscal year:

(1) Itemized and total allocations of loans authorized and unallocated funds for the loan program as of the end of the preceding fiscal year;

(2) Identification of each loan agreement entered into by the State during the preceding fiscal year and the total amount of loans authorized by such loan agreements;

(3) The amount disbursed to each local government unit pursuant to such loan agreements during the preceding fiscal year and the total amount of such disbursements;

(4) The loan repayments made by each local government unit pursuant to such loan agreements and the total amount of such loan repayments during the preceding fiscal year; and

(5) A summary for the five preceding years of the information required by subdivisions (1) through (4) of this subsection.

The report shall be signed by the Secretary of Environment and Natural Resources.

(k) Local Government Commission.

(1) Local government units may execute debt instruments payable to the State in order to obtain loans provided for in this act. Local government units shall pledge or agree to apply as security for such obligations:

a. Any available source of revenues of the local government unit, including revenues from benefitted facilities or systems, provided that (i) the local government unit has not otherwise pledged the revenues as security for, or contractually agreed to apply the revenues to, the payment of any other obligations of the local government unit, (ii) the use of the revenues is not otherwise restricted by law, or (iii) the revenues are not derived from the exercise of the local government unit's taxing power; or

b. Their faith and credit; or

c. Any combination of a. or b. above.

The faith and credit of a local government unit shall not be pledged or be deemed to have been pledged unless the requirements of Article 4 of Chapter 159 of the General Statutes have been met. The State Treasurer, with the assistance of the Local Government Commission, shall develop and adopt appropriate debt instruments for use under this act.

(2) Nothing contained in this act shall prohibit any local government unit from applying any funds of the local government unit not otherwise restricted as to use by law to the payment of any debt instrument payable to the State incurred pursuant to the provisions of this act.

(3) The Local Government Commission shall review and approve proposed loans to local government units under this act under the provisions of Articles 4 and 5 of Chapter 159 of the General Statutes. The Local Government Commission in considering the ability of a local government unit to repay a loan may regard as a source of revenue for repayment of a loan revenue sources that may not be available other than on an annual discretionary basis and that may not be subject to a pledge or agreement to apply. Loans under this act shall be outstanding debts for the purposes of Article 10 of Chapter 159 of the General Statutes.

(4) The State Treasurer shall annually certify to the General Assembly the financial condition of the loan program and identify existing delinquencies.

Section 11. Reports. (a) The Rural Economic Development Center shall prepare and file each year on or before July 31 with the Joint Legislative Commission on Governmental Operations and the Fiscal Research Division a report for the preceding fiscal year concerning the allocation and making of grants authorized by this act. The report shall be signed by the Chair of the Board of

Directors of the Rural Economic Development Center. The report shall set forth for the preceding fiscal year:

(1) Itemized and total allocations of grants authorized and unallocated funds for the grant program as of the end of the preceding fiscal year;

(2) Identification of each grant agreement entered into by the Rural Economic Development Center during the preceding fiscal year and the total amount of grants authorized by the grant agreements;

(3) The amount disbursed to each local government unit pursuant to the grant agreements during the preceding fiscal year and the total amount of the disbursements; and

(4) A summary for the five preceding years of the information required by subdivisions (1) through (3) of this subsection.

(b) The Department of Environment and Natural Resources shall prepare and file each year on or before July 31 with the Joint Legislative Commission on Governmental Operations and the Fiscal Research Division a report for the preceding fiscal year concerning the allocation and making of grants authorized by this act. The report shall be signed by the Secretary of Environment and Natural Resources. The report shall set forth for the preceding fiscal year:

(1) Itemized and total allocations of grants authorized and unallocated funds for the grant program as of the end of the preceding fiscal year;

(2) Identification of each grant agreement entered into by the Department of Environment and Natural Resources during the preceding fiscal year and the total amount of grants authorized by the grant agreements;

(3) The amount disbursed to each local government unit pursuant to the grant agreements during the preceding fiscal year and the total amount of the disbursements; and

(4) A summary for the five preceding years of the information required by subdivisions (1) through (3) of this subsection.

(c) The Department of Commerce shall prepare and file each year on or before July 31 with the Joint Legislative Commission on Governmental Operations and the Fiscal Research Division a report for the preceding fiscal year concerning the allocation and making of grants authorized by this act. The report shall be signed by the Secretary of Commerce. The report shall set forth for the preceding fiscal year:

(1) Itemized and total allocations of grants authorized and unallocated funds for the grant program as of the end of the preceding fiscal year;

(2) Identification of each grant agreement entered into by the Department of Commerce during the preceding fiscal year and the total amount of grants authorized by the grant agreements;

(3) The amount disbursed to each local government unit pursuant to the grant agreements during the preceding fiscal year and the total amount of the disbursements; and

(4) A summary for the five preceding years of the information required by subdivisions (1) through (3) of this subsection.

Section 12. Minority business participation. The goals set by G.S. 143-128 for participation in projects by minority businesses apply to projects funded by the proceeds of bonds or notes issued under this act. The Department of Environment and Natural Resources, the Department of Commerce, and the Rural Economic Development Center shall monitor compliance with this requirement and shall report to the General Assembly by January 1 of each year on the participation by minority businesses in these projects.

Section 13. Interpretation of act. (a) Additional Method. The foregoing sections of this act shall be deemed to provide an additional and alternative method for the doing of the things authorized thereby and shall be regarded as supplemental and additional to powers conferred by other laws, and shall not be regarded as in derogation of any powers now existing.

(b) Statutory References. References in this act to specific sections or Chapters of the General Statutes or to specific acts are intended to be references to these sections, Chapters, or acts as they may be amended from time to time by the General Assembly.

(c) Broad Construction. This act, being necessary for the health and welfare of the people of the State, shall be broadly construed to effect the purposes thereof.

(d) Inconsistent Provisions. Insofar as the provisions of this act are inconsistent with the provisions of any general laws, or parts thereof, the provisions of this act shall be controlling.

(e) Severability. If any provision of this act or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect other provisions or applications of the act which can be given effect without the invalid provision or application, and to this end the provisions of this act are declared to be severable.

Section 14. G.S. 159G-6 reads as rewritten:

"**§ 159G-6. Distribution of funds.**

(a) Revolving loans and grants.

(1) All funds appropriated or accruing to the Clean Water Revolving Loan and Grant Fund, other than funds set aside for administrative expenses, shall be used for revolving loans and grants to local government units for construction costs of wastewater treatment works, wastewater collection systems and water supply systems and other assistance as provided in this Chapter.

(2) The maximum principal amount of a revolving loan or a grant may be one hundred percent (100%) of the nonfederal share of the construction costs of any eligible project. The maximum principal

amount of revolving loans made to any one local government unit during any fiscal year shall be ~~three~~ five million dollars ~~($3,000,000).~~ ($5,000,000). The maximum principal amount of grants made to any one local government unit during any fiscal year shall be ~~one~~ two million dollars ~~($1,000,000).~~ ($2,000,000).

(3) The State Treasurer shall be responsible for investing and distributing all funds appropriated or accruing to the Clean Water Revolving Loan and Grant Fund for revolving loans and grants under this Chapter. In fulfilling his responsibilities under this section, the State Treasurer shall make a written request to the Department of Environment and Natural Resources to arrange for the appropriated funds to be (i) transferred from the appropriate accounts to a local government unit to provide funds for one or more revolving loans or grants or (ii) invested as authorized by this Chapter with the interest on and the principal of such investments to be transferred to the local government unit to provide funds for one or more revolving loans or grants.

(b) Wastewater Accounts. -- The sums allocated in G.S. 159G-4 and accruing to the various Wastewater Accounts in each fiscal year shall be used to make revolving loans and grants to local government units as provided below. The Department of Environment and Natural Resources shall disburse no funds from the Wastewater Accounts except upon receipt of written approval of the disbursement from the Environmental Management Commission.

(1) General Wastewater Revolving Loan and Grant Account. -- The funds in the General Wastewater Revolving Loan and Grant Account shall be used exclusively for the purpose of providing for revolving construction loans or grants in connection with approved wastewater treatment work or wastewater collection system projects.

(2) High-Unit Cost Wastewater Account. -- The funds in the High-Unit Cost Wastewater Account shall be available for grants to applicants for high-unit cost wastewater projects. Eligibility of an applicant for such a grant shall be determined by comparing estimated average household user fees for water and sewer service, for debt service and operation and maintenance costs, to one and one-half percent (1.5%) of the median household income in the ~~county~~ local government unit in which the project is located. The projects which would require estimated average household water and sewer user fees greater than one and one-half percent (1.5%) of the median household income are defined as high-unit cost wastewater projects and will be eligible for a grant equal to the excess cost, subject to the limitations in ~~subsection~~ subdivision (a)(2) of this section.

(3) Emergency Wastewater Revolving Loan Account. -- The funds in the Emergency Wastewater Revolving Loan Account shall be available for revolving emergency loans to applicants in the event the Environmental Management Commission certifies that a serious public health hazard, related to the inadequacy of existing wastewater facilities, is present or imminent in a community.

(c) Water Supply Accounts. -- The sums allocated in G.S. 159G-4 and accruing to the various Water Supply Accounts in each fiscal year shall be used to provide revolving loans and grants to local government units as provided below. The Department of Environment and Natural Resources shall disburse no funds from the Water Supply Accounts except upon receipt of written approval of the disbursement from the Division of Environmental Health.

(1) General Water Supply Revolving Loan and Grant Account. -- The funds in the General Water Supply Revolving Loan and Grant Account shall be used exclusively for the purpose of providing for revolving construction loans and grants in connection with water supply systems generally and not upon a county allotment basis.

(2) High-Unit Cost Water Supply Account. -- The funds in the High-Unit Cost Water Supply Account shall be available for grants to applicants for high-unit cost water supply systems, on the same basis as provided in G.S. 159G-6(b)(2) for high-unit cost wastewater projects.

(3) Emergency Water Supply Revolving Loan Account. -- The funds in the Emergency Water Supply Revolving Loan Account shall be available for revolving emergency loans to applicants in the event the Division of Environmental Health certifies that a serious public health hazard, related to the water supply system, is present or imminent in a community.

(d) Repealed by Session Laws 1991, c. 186, s. 4.

(e) Notwithstanding any other provision of this Chapter, funds in the Water Pollution Control Revolving Fund shall not be available as grants except to the extent permitted by Title VI of the Federal Water Quality Act of 1987 and the regulations thereunder."

Section 15. The General Assembly finds that:

(1) The General Assembly has previously found that it is the policy of this State to facilitate the extension of natural gas facilities to unserved areas of the State; and

(2) The extension of natural gas facilities to unserved areas of the State is necessary for the health of the people and of the environment; and

(3) The extension of natural gas facilities to unserved areas of the State will aid and encourage the location of manufacturing enterprises and industrial facilities in those areas of the State, will encourage new construction, homes, and other businesses in those

areas of the State, will increase the population, taxable property, agricultural industries, and business prospects in the State; and

(4) The 1989 General Assembly in Chapter 338 of the 1989 Session Laws directed the North Carolina Utilities Commission to require the franchised natural gas local distribution companies to file reports with the Commission detailing their plans for providing natural gas service in areas of the State where natural gas service is not available, and directed the Commission and the Public Staff to provide independent analyses and summaries of those reports together with status reports of natural gas service in the State to the Joint Legislative Utility Review Committee; and

(5) The reports of the utilities, the Commission, and the Public Staff indicate that the construction of facilities and the extension of natural gas service in some areas of the State may not be economically feasible with traditional funding methods; and

(6) The 1991 General Assembly enacted G.S. 62-158 and G.S. 62-2(9) authorizing special funding methods, including the use of supplier refunds and customer surcharges, to facilitate the expansion of natural gas service; and

(7) While the 1991 legislation has been successful in providing some natural gas service to previously unserved areas of the State, that legislation has not been sufficient to facilitate the extension of service that is necessary and in the public interest, and there are still counties with no gas service or virtually no gas service; and

(8) It is therefore necessary to authorize additional funding methods, including appropriations from the General Assembly and the proceeds of general obligation bonds, to further facilitate the expansion of natural gas service.

Section 16. Chapter 62 of the General Statutes is amended by adding a new section to read:

"**§ 62-159. Additional funding for natural gas expansion.**

(a) In order to facilitate the construction of facilities in and the extension of natural gas service to unserved areas, the Commission may provide funding through appropriations from the General Assembly or the proceeds of general obligation bonds as provided in this section to either (i) an existing natural gas local distribution company or (ii) a person or a gas district awarded a new franchise for the construction of natural gas facilities that it otherwise would not be economically feasible for the company or person to construct. The natural gas local distribution company with the existing franchise for any unserved county or counties shall have the first option to utilize funds provided under this section for the purpose of serving that particular county or counties.

(b) The use of funds provided under this section shall be pursuant to an order of the Commission after a public hearing. The Commission shall ensure that all projects for which funds are provided under this section are consistent with the intent of this

section and G.S. 62-2(9). In determining whether to approve the use of funds for a particular project pursuant to this section, the Commission shall consider the scope of a proposed project, including the number of unserved counties and the number of anticipated customers that would be served, the total cost of the project, the extent to which the project is considered feasible, and other relevant factors affecting the public interest. In determining economic feasibility, the Commission shall employ the net present value method of analysis on a project specific basis. Only those projects with a negative net present value shall be determined to be economically infeasible for the company or person to construct. All net present value calculations made pursuant to this section shall be made using rates that are no higher than the statewide average of natural gas rates. In no event shall the Commission provide funding under this section of an amount greater than the negative net present value of any proposed project as determined by the Commission. If at any time a project is determined by the Commission to have become economically feasible, the Commission shall require the recipient of funding to remit to the Commission appropriate funds related to the project, and the Commission may order those funds to be returned with interest in a reasonable amount to be determined by the Commission. Funds returned, together with interest, shall be deposited with the State Treasurer. Utility plant acquired with expansion funds shall be included in the local distribution company's rate base at zero cost except to the extent such funds have been remitted by the company pursuant to order of the Commission.

(c) To the extent that one or more of the counties included in a proposed project to be funded pursuant to this section are counties affected by the loss of exclusive franchise rights provided for in G.S. 62-36A(b), the Commission may conclude that the public interest requires that the person obtaining the franchise or funding pursuant to this section be given an exclusive franchise and that the existing franchise be canceled. Any new exclusive franchise granted under this subsection shall be subject to the provisions of G.S. 62-36A(b).

(d) The Commission, after hearing, shall adopt rules to implement this section as soon as practicable. The Commission and Public Staff shall report to the Joint Legislative Utility Review Committee on the use of funding provided under this section in conjunction with the reports required under G.S. 62-36A."

Section 17. G.S. 62-2 reads as rewritten:

"**§ 62-2. Declaration of policy.**

(a) Upon investigation, it has been determined that the rates, services and operations of public utilities as defined herein, are affected with the public interest and that the availability of an adequate and reliable supply of electric power and natural gas to the people, economy and government of North Carolina is a matter of public policy. It is hereby declared to be the policy of the State of North Carolina:

(1) To provide fair regulation of public utilities in the interest of the public;

(2) To promote the inherent advantage of regulated public utilities;

(3) To promote adequate, reliable and economical utility service to all of the citizens and residents of the State;

(3a) To assure that resources necessary to meet future growth through the provision of adequate, reliable utility service include use of the entire spectrum of demand-side options, including but not limited to conservation, load management and efficiency programs, as additional sources of energy supply and/or energy demand reductions. To that end, to require energy planning and fixing of rates in a manner to result in the least cost mix of generation and demand-reduction measures which is achievable, including consideration of appropriate rewards to utilities for efficiency and conservation which decrease utility bills;

(4) To provide just and reasonable rates and charges for public utility services without unjust discrimination, undue preferences or advantages, or unfair or destructive competitive practices and consistent with long-term management and conservation of energy resources by avoiding wasteful, uneconomic and inefficient uses of energy;

(4a) To assure that facilities necessary to meet future growth can be financed by the utilities operating in this State on terms which are reasonable and fair to both the customers and existing investors of such utilities; and to that end to authorize fixing of rates in such a manner as to result in lower costs of new facilities and lower rates over the operating lives of such new facilities by making provisions in the rate-making process for the investment of public utilities in plants under construction;

(5) To encourage and promote harmony between public utilities, their users and the environment;

(6) To foster the continued service of public utilities on a well-planned and coordinated basis that is consistent with the level of energy needed for the protection of public health and safety and for the promotion of the general welfare as expressed in the State energy policy;

(7) To seek to adjust the rate of growth of regulated energy supply facilities serving the State to the policy requirements of statewide development;

(8) To cooperate with other states and with the federal government in promoting and coordinating interstate and intrastate public utility service and reliability of public utility energy supply; and

(9) To facilitate the construction of facilities in and the extension of natural gas service to unserved areas in order to promote the public welfare throughout the State and to that end to authorize the creation of ~~an~~ expansion ~~fund~~ funds for ~~each~~ natural gas local distribution ~~company~~ companies to be administered under the supervision of the North Carolina Utilities Commission.

(b) To these ends, therefore, authority shall be vested in the North Carolina Utilities Commission to regulate public utilities generally, their rates, services and operations, and their expansion in relation to long-term energy conservation and management policies and statewide development requirements, and in the manner and in accordance with the policies set forth in this Chapter. Nothing in this Chapter shall be construed to imply any extension of Utilities Commission regulatory jurisdiction over any industry or enterprise that is not subject to the regulatory jurisdiction of said Commission.

Because of technological changes in the equipment and facilities now available and needed to provide telephone and telecommunications services, changes in regulatory policies by the federal government, and changes resulting from the court-ordered divestiture of the American Telephone and Telegraph Company, competitive offerings of certain types of telephone and telecommunications services may be in the public interest. Consequently, authority shall be vested in the North Carolina Utilities Commission to allow competitive offerings of local exchange, exchange access, and long distance services by public utilities defined in G.S. 62-3(23)a.6. and certified in accordance with the provisions of G.S. 62-110, and the Commission is further authorized after notice to affected parties and hearing to deregulate or to exempt from regulation under any or all provisions of this Chapter: (i) a service provided by any public utility as defined in G.S. 62-3(23)a.6. upon a finding that such service is competitive and that such deregulation or exemption from regulation is in the public interest; or (ii) a public utility as defined in G.S. 62-3(23)a.6., or a portion of the business of such public utility, upon a finding that the service or business of such public utility is competitive and that such deregulation or exemption from regulation is in the public interest.

The policy and authority stated in this section shall be applicable to common carriers of passengers by motor vehicle and their regulation by the North Carolina Utilities Commission only to the extent that they are consistent with the provisions of the Bus Regulatory Reform Act of 1985.

The North Carolina Utilities Commission may develop regulatory policies to govern the provision of telecommunications services to the public which promote efficiency, technological innovation, economic growth, and permit telecommunications utilities a reasonable opportunity to compete in an emerging competitive environment, giving due regard to consumers, stockholders, and maintenance of reasonably affordable local exchange service and long distance service."

Section 18. Effective date. Section 14 of this act becomes effective only if the voters approve the issuance of the Clean Water Bonds authorized by this act in the election required by Section 7 of this act. The remaining sections of this act are effective when the act becomes law, and the Utilities Commission shall begin immediately the rule-making process mandated by G.S. 62-159(d), as enacted by Section 17 of this act.

Senate Bill 1354
Proposed House Finance Committee Substitute
Explanation
7/15/98

The Proposed House Finance Committee Substitute for Senate Bill 1354 authorizes the issuance of general obligation bonds in the amount of $1 billion, subject to approval by the voters in a bond referendum, for $785 million in grants and loans to local governments for water supply systems, wastewater collection systems, wastewater treatment works, water conservation projects, and water reuse projects and for $215 million in grants, loans, and other financing to public or private entities for the construction of natural gas facilities.

The PCS contains the contents of House Bill 1492, 3rd Edition, with the following changes:

- A few technical changes noted by committee counsel.
- A couple of technical changes noted by the bond attorney.
- A few changes to G.S. 62-159, as proposed in Section 16 of the bill. The changes made in the PCS return the section to the way it substantially read prior to amendments adopted in the House Appropriations Subcommittee on Environment and Natural Resources. The PCS removes the ability of incumbent LDCs to have the first option to utilize expansion funds. It removes a reference to "the statewide average of natural gas rates" because there is no such average. The Utilities Commission sets the natural gas rates on a case by case basis. The rates may differ for a multitude of reasons: geography of the area served, the number of customers, the size of the pipes, etc. It also maintains the viability of the natural gas expansion revolving fund by stating that any funds returned to the State by the recipients of the expansion funds must be used for other expansion projects.

The PCS provides that the bond referendum will be held in November 1998. Two separate questions will appear on the ballot—one for the authorization of clean water bonds and one for the authorization of natural gas bonds.

The PCS provides for the allocation of the bond proceeds as follows:

Total:	**$ 1 billion**
A. State water/sewer grants for local governments.	**$465 million**
Administered by DENR	
1. Wastewater:	
• less than 75 bond rating or no bond rating	$ 70 million
• at least or equals 75 bond rating	$ 80 million
2. Hardship Grant Projects	$ 20 million
3. Water Supply:	
• less than 75 bond rating or no bond rating	$ 70 million

- at least or equals 75 bond rating $ 80 million

4. State match for EPA loan funds: $ 35 million
   - $ 7 million/year for five years

Administered by Department of Commerce

5. Economic development grants $ 60 million

Administered by Rural Economic Development Center

6. Supplemental grants: $ 50 million

B. Water/sewer loan funds for local governments. $320 million

(Direct loans/State pass-through bonds)

1. Wastewater:
   - less than 75 bond rating $ 10 million
   - at least or equals 75 bond rating $150 million
2. Water Supply:
   - less than 75 million $ 10 million
   - at least or equals 75 bond rating $150 million

C. Natural gas service. $215 million

Extend natural gas service to the remaining 22 unserved counties*

*Counties not likely to be served in the next two years

Section-by-Section Analysis

Section 1. Short title is Rural Infrastructure Bond Act of 1998.

Section 2. Purpose of the PCS is to authorize one billion dollars in general obligation bonds. The bond proceeds are to be allocated as follows:

1. $465 million to provide State matching funds for federal moneys and to provide grants to local government units for water and sewer needs.
2. $320 million to provide loans to local government units for water and sewer needs.
3. $215 million to provide grants, loans, or other financing to natural gas distribution companies, persons seeking natural gas distribution franchises, State or local government agencies, or other entities for construction of natural gas facilities.

Section 3. Definitions are set out.

Section 4. Bond bill "boiler plate" language. Authorizes the State Treasurer to issue and sell at any time Clean Water Bonds, subject to a favorable vote of the

people. Also authorizes the State Treasurer to issue and sell at any time Natural Gas Bonds, subject to a favorable vote of the people.

Section 5. Specifies what the bond proceeds may be used for and the amount of bond proceeds that may be used for each purpose. The two main purposes are (I) water and sewer needs (Clean Water Bonds) and (2) natural gas needs (Natural Gas Bonds).

The Clean Water Bond proceeds ($785 million) are divided into two categories, one for grants and one for loans.

Water/Sewer Grants ($465 million)

The total amount of bond proceeds that is to be used for grants to local governments is $465 million and is allocated among the Department of Environment and Natural Resources, the Department of Commerce, and the Rural Economic Development Center.

The **Department of Environment and Natural Resources is to receive $355 million** in bond proceeds and is to use those proceeds for high unit wastewater grants under the Clean Water Revolving Loan and Grant Fund, for high unit water supply grants under the Clean Water Revolving Loan and Grant Fund, to match federal funds in compliance with the statutory provisions of the Clean Water Revolving Grant and Loan Fund, and for hardship project grants that are awarded based on criteria developed by the United States Environmental Protection Agency for such grants. A high unit cost project is one that would require household water and sewer user fees to be greater than 1.5% of the median household income of the local government unit in which the project is located.

The **Department of Commerce is to receive $60 million** to be awarded as economic development grants in compliance with the statutory criteria of either the Industrial Development Fund or the Utility Account of the Industrial Development Fund. Money in the Industrial Development Fund may be used for projects located in an enterprise tier one, two, or three area that will directly result in the creation of new jobs. The funds may be expended at the rate of $4,000 per new job created up to a maximum of $400,000 per project. Funds in the Utility Account of the Industrial Development Fund may be used for projects located in enterprise tier one areas and there is no maximum funding amount per new job to be created or per project.

The bill sets forth some further limitations on the statutory criteria of the Development Funds: the funds shall be used only for grants, not loans; there is no match requirement; the projects are limited to the construction of or improvements to new or existing water or sewer projects; and the grants may be made with respect to manufacturing and processing and warehousing and wholesale trades.

The **Rural Economic Development Center is to receive $50 million** to use as supplemental and capacity grants to local governments in compliance with the

criteria set out in subdivision (3). Of the $50 million in bond proceeds, $40 million is allocated for supplemental grants and $10 million is allocated for capacity grants. However, no more than a total of $10 million in bond proceeds ($8 million limit on supplemental grants and $2 million limit on capacity grants) may be used in any fiscal year. A capacity grant may be used to pay all or a portion of the cost associated with the planning and writing of a grant or loan application, a capital improvement plan, or other efforts that support growth and development of rural areas. A rural county is defined as a county with a density of fewer than 200 people per square mile. A supplemental grant may be used to assist in financing wastewater collection systems, wastewater treatment works, water conservation projects, water reuse projects, or water supply systems. A supplemental grant may not exceed more than 50% of the total cost of the project financed.

The criteria for the grants to be administered by the Rural Economic Development Center is set out. The State Treasurer must review grants authorized by the Center for compliance with bond act requirements and grant criteria. The State Treasurer will hold the funds until the Center determines that the eligible project is ready to spend the funds. The Center must maintain expenditure records and must furnish those records to the State Treasurer at the time that a request for payment to or on behalf of the grantee is to be made.

Water/Sewer Loans ($320 million)

The total amount of bond proceeds that is to be used for loans to local governments is $320 million. Those proceeds are allocated to the **Department of Environment and Natural Resources** to be loaned out in compliance with the statutory criteria under the Revolving Loan and Grant Fund, but not as revolving loans. The repayment of the loans is to be used for debt service on the bonds and does not to go into the Revolving Loan and Grant Fund.

Natural Gas Financing ($215 million)

The total amount of proceeds that is to be used for natural gas needs is $215 million. Those proceeds may be used **to provide any type of financing to a natural gas local distribution company, private entity, public entity, or person seeking a natural gas distribution franchise for the construction of natural gas facilities.** The bond proceeds are to be expended under the direction and supervision of the Director of the Budget. The North Carolina Utilities Commission must report quarterly to the Join Legislative Commission on governmental Operations, the Chairs of the Senate and House Appropriations Committees, and the Fiscal Research Division on the expenditure of moneys from the Natural Gas Bonds Fund.

Section 6. Bond bill "boiler plate" language. Provides technical provisions governing allocation and disbursement of bond proceeds.

Section 7. Provides that the bond referendum shall be held on the first Tuesday after the first Monday of November 1998. There are two separate

questions, one addressing whether $785 million in general obligation bonds should be issued to make loans and grants to local governments to pay for all or part of the cost of clean water projects, and one addressing whether $215 million in general obligation bonds should be issued to provide grants, loans, or other financing to public or private entities for the construction of natural gas facilities.

Section 8. Bond bill "boiler plate" language. Provides technical provisions governing bonds, including terms, form, manner of sale, refunding bonds, etc.

Section 9. Bond bill "boiler plate" language. Provides technical provisions governing credit facilities, variable interest rates, redemption, and remarketing.

Section 10. Sets out special provisions and additional criteria governing clean water loans. Provides that the section applies only to loans that are not made from the Clean Water Revolving Loan and Grant Fund. Creates a special Clean Water Bonds Loan Fund for the bond proceeds that are to be used to make loans. Provides that interest on the proceeds may be used for loans for the purposes indicated in the PCS. Sets out the criteria that must be met to qualify for a loan and the procedures that must be followed both to apply for the loan and to award the loan including hearings and the opportunity for voters to petition for a vote. Authorizes the State to intercept State funds otherwise distributable to a local unit if the unit fails to repay its loan. Allows inspection by DENR personnel or qualified engineers of a project for which a loan has been made. Authorizes the State Treasurer, the Local Government Commission, and DENR to adopt, modify, and appeal rules as necessary for administration of their various duties. Also includes a reporting requirement.

Section 11. Sets out reporting requirements for the Rural Economic Development Center the Department of Commerce, and the Department of Environment and Natural Resources regarding grants awarded from bond proceeds.

Section 12. Requires the Department of Environment and Natural Resources, the Department of Commerce, and the Rural Economic Development Center to monitor compliance with goals for participation by minority businesses with regard to projects funded by bond proceeds.

Section 13. "Boilerplate language" governing interpretation of the act.

Section 14. Amends G.S. 159G-6 to increase the cap on the total amount of any loan made from the Clean Water Revolving Loan and Grant Fund from three million dollars to five million dollars and to increase the cap on the total amount of any grant made from the Clean Water Revolving Loan Grant Fund from one million dollars to two million dollars. Also makes a technical correction.

Section 15. Provides legislative findings stating the need for additional funding methods, including appropriations and bond proceeds, to facilitate the

expansion of natural gas service to unserved areas of the State where such expansion may not be economically feasible with traditional funding methods.

Section 16. Creates new G.S. 62-159 authorizing the Utilities Commission to provide funding for the expansion of natural gas service to unserved areas of the State through appropriations or bond proceeds for the construction of natural gas facilities that it would otherwise not be economically feasible to construct. Provides criteria for the Commission to consider in determining whether to approve the use of funds for a particular project. Provides for a recipient to return project funds to the Commission in the event that the project is later determined to be economically feasible and for returned funds to be used for other expansion projects.

Authorizes the Utilities Commission to cancel an existing franchise and grant a recipient of expansion funds a new exclusive franchise if the public interest requires it. Requires the Commission to report to the Joint Legislative Utility Review Committee on the use of expansion funding.

Section 17. Amends the policy statement in G.S. 62-2 to allow for more than one expansion fund to be established in order to facilitate the expansion of natural gas service to unserved areas of the State.

Section 18. Effective date. With the exception of Section 14, the act is effective when it becomes law. Section 14 becomes effective only if the bond referendum passes. The Utilities Commission must immediately begin rulemaking process when the act becomes law.

Implementation Guidelines
Proposed Funding
House PCS for SB 1354 - Rural Infrastructure Bonds

	Purpose/Definition	Amount Available	Eligibility Criteria	Other Emphasis	Amount of Funding Per Project
Clean Water Revolving Loan and Grant Fund (DENR)	Grants to local governments for water supply systems, wastewater collection systems, wastewater treatment works, water conservation projects, and water reuse projects	$300 million	- Local government unit - High unit cost project (would require estimated average household water and sewer user fees greater than 1.5% of the median household income of the local government unit.) - Compliance with federal, State, and local laws. - Agree to adopt and effect fee schedule to provide for proper operation, maintenance, and administration of project.	- Regionalization, consolidation & system mergers - Alternative methods of wastewater treatment - Capital improvement plan - Guidelines established by the US EPA Hardship Grant Program	$2 Million per project
State Match for Federal Funds (DENR)	Match required to draw down federal funds for the Clean Water Revolving Loan and Grant Fund	$35 Million ($7 Million a year)	Same as for Clean Water Revolving Loan and Grant Fund	Same as for Clean Water Revolving Loan and Grant Fund	Same as for Clean Water Revolving Loan and Grant Fund
Hardship Grants (DENR)	Grants to local governments to assist with wastewater treatment works and wastewater collection systems	$20 million	- Not a muicipality - No more than 3000 inhabitants - Lack centralized system - Per capita income not to exceed 80% of the national per capita income - Unemployment rate exceeds by 1% or more the national unemployment rate - Household user fees exceed 1.5% of the median household income	- Regionalization, consolidation, & system mergers - Capital Improvement Plan - Address critical public health problems	

	Purpose/Definition	Amount Available	Eligibility Criteria	Other Emphasis	Amount of Funding Per Project
Supplemental Grants (Rural Center)	Funds to assist in financing a needed water or sewer infrastructure project	$40 Million ($8 million Per Year) for Five Years	- Local Government unit - Economically depressed area or meet non-distressed criteria (p.11) - Located in a rural county - Job creation or retention	- Nutrient/pollutant reduction - Regionalization, consolidation & system mergers - Alternative methods of wastewater treatment - Capital Improvement Plan	50% for nondistressed county (Assume 100% for economically distressed counties)
Capacity Grants (Rural Center)	Funds to produce a grant or loan application for funding a required water/sewer improvement or to produce a capital improvement plan as required for receipt of bond funds	$10 Million ($2 million Per Year) For Five Years	Same	- Nutrient/pollutant reduction - Regionalization, consolidation & system mergers - Alternative methods of wastewater treatment - Capital Improvement Plan	Same
Clean Water Loans (DENR)	Loans to local government units for water supply systems, water conservation projects, water reuse projects, wastewater collection systems, and wastewater treatment works	$320 Million	Local government unit Bond rating Water supply facility plan approved by DENR if water supply loan. Wastewater facility plan approved by DENR if wastewater treatment works loan Capital improvement plan Financial capacity to repay loan Compliance with federal, State, and local laws Agree to adopt and effect fee schedule to provide for proper operation, maintenance, and administration of project.	- Nutrient/pollutant reduction - Regionalization, consolidation & system mergers - Alternative methods of wastewater treatment - Capital improvement plan	No maximum per loan.

	Purpose/Definition	Amount Available	Eligibility Criteria	Other Emphasis	Amount of Funding Per Project
Natural Gas	Provide additional funding methods for natural gas expansion to unserved or underserved counties	$215 Million (plus any future appropria-tions)	Utilities Commission makes final project decision. Area must be unserved and project must be economically infeasible. Applicant can be existing franchise holder, new franchise applicant, or gas district	Scope of project, number of unserved counties involved, total cost, economic feasibility, other factors affecting the public interest	Depends on economic infeasibility

A BILL TO BE ENTITLED

AN ACT TO AUTHORIZE THE ISSUANCE OF GENERAL OBLIGATION BONDS OF THE STATE, SUBJECT TO A VOTE OF THE QUALIFIED VOTERS OF THE STATE, TO ADDRESS STATEWIDE RURAL INFRASTRUCTURE NEEDS BY PROVIDING FUNDS (1) FOR GRANTS AND LOANS TO LOCAL GOVERNMENT UNITS FOR WATER SUPPLY SYSTEMS, WASTEWATER COLLECTION SYSTEMS, WASTEWATER TREATMENT WORKS, AND WATER CONSERVATION AND WATER REUSE PROJECTS AND (2) FOR GRANTS, LOANS, OR OTHER FINANCING TO PUBLIC OR PRIVATE ENTITIES FOR CONSTRUCTION OF NATURAL GAS FACILITIES.

The General Assembly of North Carolina enacts:

Section 1. Short title. This act shall be known as the "Rural Infrastructure Bond Act of 1998".

Section 2. Purpose. It is the intent of the General Assembly by this act to provide for the issuance of general obligation bonds of the State and to provide that the proceeds realized from the sale of the bonds shall be allocated as follows:

(a) Clean Water Bonds.

(1) $465,000,000 to provide State matching funds required to receive federal wastewater or water supply assistance funds and to provide additional funding for the Clean Water Revolving Loan and Grant

Fund established in Chapter 159G of the General Statutes or to provide funding by grants to local government units for wastewater treatment and water supply and distribution needs;

(2) $320,000,000 to provide loans to local government units to finance all or a portion of the cost of construction, improvements, enlargements, extensions, and reconstruction of water supply and distribution systems, wastewater collection systems, wastewater treatment works, water conservation projects, and water reuse projects.

The funds to be derived from the sale of the Clean Water Bonds authorized by this act are sufficient to meet no more than a fraction of the needs that now exist and will arise in the immediate future. For this reason, although public necessity, the criteria established by Chapter 159G of the General Statutes, and the guidelines established by the United States Environmental Protection Agency Hardship Grants Program shall be the primary consideration in granting and loaning funds, great emphasis shall also be placed on the creation of efficient systems of regional wastewater disposal and regional water supply, on the willingness and ability of local government units to meet their responsibilities through sound fiscal policies, creative planning, and efficient operation and management, and on having a capital improvement plan.

(b) Natural Gas Bonds.

$215,000,000 to provide grants, loans, or other financing to natural gas local distribution companies, persons seeking natural gas distribution franchises, State or local government agencies, or other entities for construction of natural gas facilities.

Section 3. Definitions. As used in this act, unless the context otherwise requires:

(1) "Bond rating" means the numerical rating of a unit of local government developed by the NCMC. The rating formula is based on 100 being a theoretically "perfect" unit of local government and is an assessment of the creditworthiness of the unit. Units of local government with a rating below 75 or with no ratings have limited, if any, access to the private markets for financing water and sewer or other debt.

(2) "Bonds" means bonds issued under this act.

(3) "Capacity grant" means a grant awarded by the Rural Economic Development Center to a local government unit to pay all or a portion of the cost associated with the planning and writing of a grant or loan application, a capital improvement plan, or other efforts that support growth and development of rural areas.

(4) "Capital improvement plan" means a report that identifies water and sewer infrastructure and capital needs that address planned and strategic growth. It shall include an assessment of current water and wastewater systems and a projection of those infrastructure needs over a 20-year horizon. The report shall take into consideration government mandates, usefulness of the improvements to the community and the effect on both short and long-term operation and maintenance of the scheduled improvements and identifies alternatives for meeting the identified need including regionalization, consolidation and system mergers, water reuse and conservation.

(5) "Clean Water Revolving Loan and Grant Act" means Chapter 796 of the 1987 Session Laws, as amended from time to time, codified as Chapter 159G of the General Statutes.

(6) "Clean Water Revolving Loan and Grant Fund" means the Clean Water Revolving Loan and Grant Fund as defined in the Clean Water Revolving Loan and Grant Act.

(7) "Cost" means, without intending thereby to limit or restrict any proper definition of this term in financing the cost of facilities or purposes authorized by this act:

a. The cost of constructing, reconstructing, enlarging, acquiring, and improving facilities, and acquiring equipment and land therefor,

b. The cost of engineering, architectural, and other consulting services as may be required,

c. Administrative expenses and charges,

d. Finance charges and interest prior to and during construction and, if deemed advisable by the State Treasurer, for a period not exceeding two years after the estimated date of completion of construction,

e. The cost of bond insurance, investment contracts, credit enhancement and liquidity facilities, interest-rate swap agreements or other derivative products, financial and legal consultants, and related costs of bond and note issuance, to the extent and as determined by the State Treasurer,

f. The cost of reimbursing the State for any payments made for any cost described above, and

g. Any other costs and expenses necessary or incidental to the purposes of this act.

Allocations in this act of proceeds of bonds to the costs of a project or undertaking in each case may include allocations to pay the costs set forth in items c., d., e., f., and g. in connection with the issuance of bonds for the project or undertaking.

(8) "Credit facility" means an agreement entered into by the State Treasurer on behalf of the State with a bank, savings and loan association, or other banking institution, an insurance company, reinsurance company, surety company, or other insurance institution, a corporation, investment banking firm, or other investment institution, or any financial institution or other similar provider of a credit facility, which provider may be located within or without the United States of America, such agreement providing for prompt payment of all or any part of the principal or purchase price (whether at maturity, presentment or tender for purchase, redemption, or acceleration), redemption premium, if any, and interest on any bonds or notes payable on demand or tender by the owner, in consideration of the State agreeing to repay the provider of the credit facility in accordance with the terms and provisions of such agreement.

(9) "Economically depressed area" means any of the following:

a. An economically distressed county as defined in G.S. 143B-437.01.

b. That part of a rural county whose poverty rate is at least one hundred fifty percent (150%) of the State poverty rate. For the purpose of this section, the poverty rate is the percentage of the population with income below the latest annual federal poverty guidelines issued by the United States Department of Health and Human Resources.

c. That part of a rural county that experiences an actual or imminent loss of manufacturing jobs in a number that is equal to or exceeds five percent (5%) of the total number of manufacturing jobs in the part.

(10) "Local government units" means local government units as defined in the Clean Water Revolving Loan and Grant Act.

(11) "NCMC" means the North Carolina Municipal Council, Inc., a nonprofit North Carolina corporation which provides bond ratings, or any successor thereto. In the event such corporation dissolves or no longer performs the functions contemplated herein, such term shall mean that comparable corporation designated by the State Treasurer.

(12) "Notes" means notes issued under this act.

(13) "Par formula" means any provision or formula adopted by the State to provide for the adjustment, from time to time, of the interest rate or rates borne by any bonds or notes, including:

a. A provision providing for such adjustment so that the purchase price of such bonds or notes in the open market would be as close to par as possible,

b. A provision providing for such adjustment based upon a percentage or percentages of a prime rate or base rate, which percentage or percentages may vary or be applied for different periods of time, or

c. Such other provision as the State Treasurer may determine to be consistent with this act and will not materially and adversely affect the financial position of the State and the marketing of bonds or notes at a reasonable interest cost to the State.

(14) "Rural county" means a county with a density of fewer than 200 people per square mile based on the United States census.

(15) "Rural Economic Development Center" means the Rural Economic Development Center, Inc., a nonprofit North Carolina corporation, or any successor thereto. In the event such corporation dissolves or no longer performs the functions contemplated herein, such term shall mean that comparable corporation designated by the Governor.

(16) "State" means the State of North Carolina.

(17) "Supplemental grant" means a grant awarded by the Rural Economic Development Center to a local government unit to assist in financing wastewater collection systems, wastewater treatment works, water conservation projects, water reuse projects, or water supply systems. Supplemental grant funds shall supplement other funding and shall not represent more than fifty percent (50%) of the total costs of the wastewater collection systems, wastewater treatment works, water conservation projects, water reuse projects, or water supply systems financed.

(18) "Unsewered communities" means those communities lacking centralized, publicly owned wastewater collection systems and wastewater treatment works.

(19) "Wastewater collection systems" means wastewater collection systems as defined in the Clean Water Revolving Loan and Grant Act.

(20) "Wastewater treatment works" means wastewater treatment works as defined in the Clean Water Revolving Loan and Grant Act.

(21) "Water conservation projects" include, but are not limited to, any construction, repair, renovation, expansion, replacement of components, or other capital improvement, including related equipment and land acquisition, designed to:

a. Eliminate the wasteful or unnecessary use or loss of water in the operations of a wastewater collection system, wastewater treatment works, or water supply system; or

b. Enhance the operation of a wastewater collection system, wastewater treatment works, or water supply system to provide a more efficient use of water.

(22) "Water Pollution Control Revolving Fund" means the fund described by G.S. 159G-4(a) and G.S. 159G-5(c).

(23) "Water reuse" means the actual use or application of treated wastewater in or on areas which require water but do not require potable water quality.

(24) "Water supply systems" means water supply systems as defined in the Clean Water Revolving Loan and Grant Act.

Section 4. Authorization of bonds and notes. (a) Clean Water Bonds. Subject to a favorable vote of a majority of the qualified voters of the State who vote on the question of issuing Clean Water Bonds in the election called and held as provided in this act, the State Treasurer is hereby authorized, by and with the consent of the Council of State, to issue and sell, at one time or from time to time, general obligation bonds of the State to be designated "State of North Carolina Clean Water Bonds", with any additional designations as may be determined to indicate the issuance of bonds from time to time, or notes of the State as provided in this act, in an aggregate principal amount not exceeding seven hundred eighty-five million dollars ($785,000,000) for the purpose of providing funds, with any other available funds, for the purposes authorized in this act.

(b) Natural Gas Bonds. Subject to a favorable vote of a majority of the qualified voters of the State who vote on the question of issuing Natural Gas Bonds in the election called and held as provided in this act, the State Treasurer is hereby authorized, by and with the consent of the Council of State, to issue and sell, at one time or from time to time, general obligation bonds of the State to be designated "State of North Carolina Natural Gas Bonds", with any additional designations as may be determined to indicate the issuance of bonds from time to time, or notes of the State as provided in this act, in an aggregate principal amount not exceeding two hundred fifteen million dollars ($215,000,000) for the purpose of providing funds, with any other available funds, for the purposes authorized in this act.

Section 5. Uses of bond and note proceeds. (a) Clean Water Bonds. The proceeds of Clean Water Bonds and notes shall be used for the purpose of making loans and grants to local governments as follows:

(1) The proceeds of three hundred fifty-five million dollars ($355,000,000) of Clean Water Bonds shall be used by the Department of Environment and Natural Resources to provide State matching funds required to receive federal wastewater or water supply assistance funds, for grants to local government units for the same purposes for which funds in the Clean Water Revolving Loan and Grant Fund may be used, and for grants to fund hardship projects in accordance with the guidelines established by the United States Environmental Protection Agency Hardship Grants Program. The grants shall be made for the

purpose of paying the cost of water supply systems, wastewater collection systems, and wastewater treatment works, water conservation projects, and water reuse projects.

Of the proceeds of the three hundred fifty-five million dollars ($355,000,000) referred to in this Section 5(a)(1), the sum of three hundred million dollars ($300,000,000) shall be allocated as follows:

a. High-Unit Cost Wastewater Account
   1. Reserved for grants to local government units whose bond rating is less than 75 or who have no bond rating $70,000,000
   2. Reserved for grants to local government units whose bond rating is 75 or greater..... $80,000,000

b. High-Unit Cost Water Supply Account
   1. Reserved for grants to local government units whose bond rating is less than 75 or who have no bond rating $70,000,000
   2. Reserved for grants to local government units whose bond rating is 75 or greater $80,000,000

The proceeds may be (i) transferred directly to the Clean Water Revolving Loan and Grant Fund to make grants, (ii) used to make grants directly to the appropriate local government qualifying for a grant from the Clean Water Revolving Loan and Grant Fund, (iii) used for any combination of (i) and (ii), or (iv) used in such other manner as shall effectuate the clean water purposes of this act.

The funds to be derived from the sale of the Clean Water Bonds authorized by this act are sufficient to meet no more than a fraction of the needs that now exist and will arise in the immediate future. For this reason, although public necessity, the criteria established by Chapter 159G of the General Statutes, and the guidelines established by the United States Environmental Protection Agency Hardship Grants Program shall be the primary consideration in granting and loaning funds, great emphasis shall also be placed on the creation of efficient systems of regional wastewater disposal and regional water supply, on the willingness and ability of local government units to meet their responsibilities through sound fiscal policies, creative planning, and efficient operation and management, and on having a capital improvement plan.

Of the proceeds of the three hundred fifty-five million dollars ($355,000,000) referred to in this Section 5(a)(1), the sum of thirty-five million dollars ($35,000,000) shall be used to provide State funds necessary for the 1999-2000, 2000-2001, 2001-2002,

2002-2003, and 2003-2004 fiscal years to match the federal wastewater or water supply assistance funds deposited in the Water Pollution Control Revolving Fund or another fund that is used to pay the cost of water supply systems, wastewater collection systems, or wastewater treatment works and is eligible to receive federal matching funds, unless the General Assembly has provided the required match through other sources, in which event this priority shall cease to exist to the extent of the availability of the other sources. The Department of Environment and Natural Resources shall certify to the State Treasurer the amount of funds required for the State match for each of the fiscal years ending June 30, 1999, June 30, 2000, June 30, 2001, June 30, 2002, June 30, 2003, and June 30, 2004, and the extent to which the General Assembly has provided other funds for this purpose. Upon certification each year of the amount of funds required for the State match for that fiscal year, the State Treasurer may issue from the thirty-five million dollars ($35,000,000) the amount certified up to thirty-five million dollars ($35,000,000). Upon certification for the State match required for the fiscal year ending June 30, 2004, the State Treasurer may issue the remaining balance of the thirty-five million dollars ($35,000,000) of the Clean Water Bonds authorized by this subdivision for the purpose of funding the State match for that fiscal year and for any other purposes authorized by this subdivision. The proceeds of the bonds necessary for the State match for each fiscal year shall be deposited in the Water Pollution Control Revolving Fund or another appropriate fund or account determined by the State Treasurer.

Of the proceeds of the three hundred fifty-five million dollars ($355,000,000) referred to in this Section 5(a)(1), the sum of twenty million dollars ($20,000,000) shall be used to provide hardship grants to eligible local government units to assist with wastewater treatment works and wastewater collection systems. Such grants shall be awarded and administered by the Department of Environment and Natural Resources in accordance with the guidelines established by the United States Environmental Protection Agency Hardship Grants Program.

Although public necessity, the criteria established by Chapter 159G of the General Statutes, and the guidelines established by the United States Environmental Protection Agency Hardship Grants Program shall be the primary consideration in granting and loaning funds, great emphasis shall also be placed on the creation of efficient systems of regional wastewater disposal and regional water supply, on the willingness and ability of local government units to meet their responsibilities through sound fiscal

policies, creative planning, and efficient operation and management, and on having a capital improvement plan.

(2) The proceeds of sixty million dollars ($60,000,000) of Clean Water Bonds shall be used for the purpose of making grants to local government units to pay the cost of clean water projects in connection with the location of industry to, and expansion of industry in, the State. These grants shall be awarded and administered by the Department of Commerce. These funds shall be applied to pay the costs of grants awarded in the same manner as funds in the Industrial Development Fund created in G.S. 143B-437.01(a), for use in accordance with G.S. 143B-437.01(a), subject to the further limitations on the provisions of G.S. 143B-437.01(a) set forth below, and shall be applied to pay the costs of grants awarded in the same manner as funds in the Utility Account of the Industrial Development Fund created in G.S. 143B-437.01(b1), for use in accordance with G.S. 143B-437.01(b1), subject to the further limitations on the provisions of G.S. 143B-437.01(b1) set forth below. In applying the provisions of G.S. 143B-437.01(a) or G.S. 143B-437.01(b1), as the case may be, the following exceptions shall apply:

a. The funds shall be used only for grants to local governments, not for loans.

b. Grants shall be awarded only to projects the Secretary of Commerce finds will have a favorable impact on the clean water objectives of the State.

c. The only purposes for which grants may be made are construction of or improvements to new or existing water or sewer distribution lines or equipment, construction of or improvements to new or existing wastewater treatment works, or improvements that will expand the capacity of existing wastewater treatment works or water supply systems.

d. The projects may be located only in counties that are economically distressed as defined in G.S. 143B-437.01 or have a population of less than 50,000.

e. Grants may be made with respect to the following industries as defined in G.S. 105-129.2: manufacturing and processing, and warehousing and wholesale trades.

f. No match is required for the grants.

g. The provisions of G.S. 143B-437.01(a) or G.S. 143B-437.01(b1), as the case may be, that limit the expenditure of funds to costs of utility lines or facilities located on the site of the new or proposed industrial building or that are directly related to the operation of the

specific industrial activity at the building, shall not apply if the utility lines or facilities being provided will further the clean water objectives of the State.

The General Assembly finds that the purpose of providing water and sewer distribution lines and wastewater treatment works in economically distressed counties is to provide clean water in North Carolina in several different ways. First, these projects will reduce industrial reliance on wells, septic tanks, and other similar facilities. Second, when a distribution line is extended to an industrial facility in an area not otherwise served by water and sewer infrastructure, residents, other businesses, and local governments can hook into the distribution line, bringing clean water, wastewater treatment, or both to the unserved area. Also, the installation and expansion of water supply and wastewater treatment facilities to provide water supply and wastewater treatment in connection with new or expanding industry will result in additional water supply and treatment facilities available to the residents, other businesses, and local governments in the area where the installation or expansion occurs.

The proceeds of the Clean Water Bonds, issued for the purpose described in this Section 5(a)(2), shall be held in the Clean Water Bonds Fund until needed for expenditure by the grantee for the payment of the cost for the purpose for which the grant is made. The Department of Commerce shall maintain records that document the timing and purpose for which each expenditure of proceeds of a grant is made.

(3) The proceeds of fifty million dollars ($50,000,000) of Clean Water Bonds shall be used to provide supplemental and capacity grants to eligible local government units to match federal, State, and other grant or loan program funds to plan or improve needed water and sewer projects in economically depressed areas of North Carolina. Such grants shall be awarded and administered by the Rural Economic Development Center. Those proceeds shall be allocated as follows:

a. Supplemental Grants $40,000,000
b. Capacity Grants $10,000,000

The Rural Economic Development Center shall certify to the State Treasurer the amount of funds required, not to exceed eight million dollars ($8,000,000) for supplemental grants, not to exceed two million dollars ($2,000,000) for capacity grants, and not to exceed a total of ten million dollars ($10,000,000) in supplemental and capacity grants, for each of the fiscal years ending June 30, 1999, June 30, 2000, June 30, 2001, June 30, 2002, June 30, 2003, and June 30, 2004. Upon certification each year of

the amount of funds required for that fiscal year, the State Treasurer may issue the amount certified up to ten million dollars ($10,000,000). Upon certification for the fiscal year ending June 30, 2004, the State Treasurer may issue the remaining balance of the fifty million dollars ($50,000,000) of the Clean Water Bonds authorized by this subdivision for any other purposes authorized by this subdivision.

Grants made from the proceeds of this fifty million dollars ($50,000,000) for supplemental grants shall be based on the following criteria:

a. The applicant shall be a local government unit.

b. The applicant shall be a rural county or a local government unit located in a rural county.

c. First priority shall be given to a water supply system, wastewater collection system, or wastewater treatment work that creates or retains jobs. A water supply system, wastewater collection system, or wastewater treatment work shall also receive funding priority if the project is located in an economically distressed county as defined by G.S. 143B-437.01.

d. A water supply system, wastewater collection system, or wastewater treatment work that is proposed in a nondistressed county must meet at least one of the following criteria: (i) be located in that part of a rural nondistressed county where the poverty rate is at least one hundred fifty percent (150%) of the State poverty rate, (ii) be located in that part of a rural nondistressed county where the unemployment rate is at least double the State unemployment rate for the most recent reporting period available, or (iii) be located in that part of a rural nondistressed county that experiences an actual or imminent loss of jobs in a number that equals or exceeds five percent (5%) of the total number of jobs in that part of the county. Any grant awarded for a water supply system, wastewater collection system, or wastewater treatment work in a nondistressed county shall be matched on a dollar-for-dollar basis in the amount of the grant awarded.

Although public necessity and the criteria listed above shall be the primary consideration in granting and loaning funds, great emphasis shall also be placed on the creation of efficient systems of regional wastewater disposal and regional water supply, on the willingness and ability of local government units to meet their responsibilities through sound fiscal policies, creative planning, and efficient

operation and management, and on having a capital improvement plan. However, funds shall not be expended for the repair or replacement of low-pressure pipe wastewater systems.

The Rural Economic Development Center shall award grants to units of local government for the purposes authorized by this Section 5(a)(2) in accordance with the criteria set forth above. When the Rural Economic Development Center authorizes a grant, the Rural Economic Development Center shall notify the State Treasurer of the authorization and shall submit to the State Treasurer the grant application and records relevant to the grant's authorization. The State Treasurer shall review the grant and relevant documents to verify that the grant complies with the requirements of this act. The State Treasurer shall complete the review no later than 30 days after the receipt of the grant application and relevant records from the Rural Economic Development Center, and shall notify the Rural Economic Development Center that the review has been completed and of the State Treasurer's findings.

The proceeds of the Clean Water Bonds issued for the purpose described in this section shall be held in the Clean Water Bonds Fund until needed for expenditure by the grantee for the payment of costs for the purposes for which the grant is made. The Rural Economic Development Center shall maintain records that document the timing and purpose for which each expenditure of proceeds of a grant is made and shall furnish such records to the State Treasurer at the time a request for payment to or on behalf of a grantee is to be made.

At the end of each fiscal year, the Rural Economic Development Center shall provide to the State Treasurer any records that document the timing and purposes of the expenditures by the grantee units of local government of the proceeds of the grants funded from the proceeds of the Clean Water Bonds during that fiscal year that have not already been provided to the State Treasurer.

(4) The proceeds of three hundred twenty million dollars ($320,000,000) of Clean Water Bonds shall be used for the purpose of making loans to local government units to pay the cost of water supply systems, water conservation projects, water reuse projects, wastewater collection systems, and wastewater treatment works. The proceeds shall be allocated as follows:

a. Wastewater collection systems and wastewater treatment works.
   1. Reserved for loans to local government units whose bond rating is less than 75 or who have no bond rating $10,000,000
   2. Reserved for loans to local government units whose bond rating is 75 or more $150,000,000

b. Water supply and distribution systems and water conservation projects.
   1. Reserved for loans to local government units whose bond rating is less than 75 or who have no bond rating $10,000,000
   2. Reserved for loans to local government units whose bond rating is 75 or more $150,000,000

The proceeds shall be used to make loans directly to local government units qualifying for a loan from the Clean Water Revolving Loan and Grant Fund or loaned in such other manner as shall effectuate the purposes of this act. To qualify for a loan for the purpose of paying the cost of water supply systems, a local government unit must have a water supply facility plan approved by the Department of Environment and Natural Resources. A water supply facility plan submitted by a local government unit to the Department under G.S. 143-355(l) will be sufficient to meet this requirement. To qualify for a loan for the purpose of paying the cost of wastewater collection systems or wastewater treatment works, a local government unit must have a wastewater facility plan approved by the Department of Environment and Natural Resources. A wastewater facility plan must project future wastewater treatment needs, must present a long-range plan to meet those needs, and must include plans for system operations and maintenance of the facilities being built with the bond proceeds. In addition, great emphasis shall also be placed on having a capital improvement plan.

The Department of Environment and Natural Resources shall set the priorities and determine the eligibility of local government units for these loans in accordance with Section 10 of this act. The form of the loans and the details thereof including, without limitation, the maturity, interest rate, and amortization schedule shall be determined, from time to time, by the State Treasurer. In making these determinations, the State Treasurer shall consider the purpose of the loans, the ability of local government units to repay the loans, and the security for the loans. The interest rates on these loans shall reflect the self-supporting nature of the loan program and shall be sufficient to cover

substantially all payments of debt service on the three hundred twenty million dollars ($320,000,000) of Clean Water Bonds and the issuance costs and administrative expenses associated with the issuance of these bonds and the making of these loans, subject to any applicable requirements of the federal tax law.

Repayments of the loans shall be credited to the General Fund and may be used to pay, directly or indirectly, debt service on the bonds and notes issued. Repayments may be initially placed into such fund or account as may be determined by the State Treasurer for the purpose of determining compliance with applicable requirements of the federal tax law and shall be expended and disbursed therefrom under the direction and supervision of the Director of the Budget.

(5) If bond proceeds remain unspent, five years from the date on which the bonds were issued, then the General Assembly may at any session after that five-year period of time increase or decrease the allocations of the proceeds of the Clean Water Bonds set forth in (1), (2), (3), (4), and (5) above, so long as the aggregate amount of the allocations does not exceed seven hundred eighty-five million dollars ($785,000,000).

(6) To the extent otherwise authorized by law, and to the extent the use otherwise accomplishes the clean water objectives of the State, this act does not prohibit a local government unit from using the proceeds of Clean Water Bonds for projects that accomplish the clean water objectives of this State through contracts or other arrangements with private entities.

(b) Natural Gas Bonds. The proceeds of Natural Gas Bonds and notes shall be used for the purpose of providing grants, loans, or other financing to natural gas local distribution companies, persons seeking natural gas distribution franchises, State or local government agencies, or other entities for the costs of constructing natural gas facilities, including pipelines, compressors, interests in real property, and related equipment for the delivery of natural gas in order to facilitate the expansion of natural gas facilities to unserved areas of the State in accordance with the findings of the General Assembly described in Section 15 of this act.

Section 6. Allocation of proceeds. (a) Clean Water Bonds. The proceeds of Clean Water Bonds and notes, including premium thereon, if any, except the proceeds of bonds the issuance of which has been anticipated by bond anticipation notes or the proceeds of refunding bonds or notes, shall be placed by the State Treasurer in a special fund to be designated "Clean Water Bonds Fund", which may include such appropriate special accounts therein as may be determined by the State Treasurer and shall be disbursed as provided in this act. Moneys in the Clean Water Bonds Fund shall be allocated and expended as provided in this act.

Any additional moneys which may be received by means of a grant or grants from the United States of America or any agency or department thereof or

from any other source for deposit to the Clean Water Bonds Fund may be placed in the Clean Water Bonds Fund or in a separate account or fund and shall be disbursed, to the extent permitted by the terms of the grant or grants, without regard to any limitations imposed by this act.

Moneys in the Clean Water Bonds Fund or any separate clean water fund or account established under this act may be invested from time to time by the State Treasurer in the same manner permitted for investment of moneys belonging to the State or held in the State treasury, except with respect to grant money to the extent otherwise directed by the terms of the grant. Investment earnings, except investment earnings with respect to grant moneys to the extent otherwise directed or restricted by the terms of the grant, may be (i) credited to the Clean Water Bonds Fund or any separate clean water fund or account established under this act, (ii) used to pay debt service on the bonds authorized by this act, (iii) used to satisfy compliance with applicable requirements of the federal tax law, or (iv) transferred to the General Fund of the State.

The proceeds of bonds and notes may be used with any other moneys made available by the General Assembly for making grants and loans authorized by this act, including the proceeds of any other State bond issues, whether heretofore made available or which may be made available at the session of the General Assembly at which this act is ratified or any subsequent sessions. The proceeds of bonds and notes shall be expended and disbursed under the direction and supervision of the Director of the Budget. The funds provided by this act shall be disbursed for the purposes provided in this act upon warrants drawn on the State Treasurer by the State Controller, which warrants shall not be drawn until requisition has been approved by the Director of the Budget and which requisition shall be approved only after full compliance with the Executive Budget Act, Article 1 of Chapter 143 of the General Statutes.

(b) Natural Gas Bonds. The proceeds of Natural Gas Bonds and notes, including premium thereon, if any, except the proceeds of bonds the issuance of which has been anticipated by bond anticipation notes or the proceeds of refunding bonds or notes, shall be placed by the State Treasurer in a special fund to be designated "Natural Gas Bonds Fund", which may include such appropriate special accounts therein as may be determined by the State Treasurer, and shall be disbursed as provided in this act. Moneys in the Natural Gas Bonds Fund shall be allocated and expended as provided in this act. The proceeds may be used in accordance with G.S. 62-159 or may be distributed in accordance with the provisions of legislation enacted by the General Assembly in 1998 or later providing for the allocation of the bond proceeds for the purposes provided in this act.

Any additional moneys which may be received by means of a grant or grants from the United States of America or any agency or department thereof or from any other source to aid in financing the cost of any natural gas grants authorized by this act may be placed by the State Treasurer in the Natural Gas Bonds Fund or in a separate account or fund and shall be disbursed, to the extent permitted by the terms of the grant or grants, without regard to any limitations imposed by this act.

Moneys in the Natural Gas Bonds Fund or any separate natural gas fund or account established under this act may be invested from time to time by the State Treasurer in the same manner permitted for investment of moneys belonging to the State or held in the State treasury, except with respect to grant money to the extent otherwise directed by the terms of the grant. Investment earnings, except investment earnings with respect to grant money to the extent otherwise directed or restricted by the terms of the grant, may be (i) credited to the Natural Gas Bonds Fund or any separate natural gas fund or account established under this act; (ii) used to pay debt service on the Natural Gas Bonds authorized by this act; (iii) used to satisfy compliance with applicable requirements of the federal tax law; or (iv) transferred to the General Fund of the State.

The proceeds of Natural Gas Bonds and notes may be used with any other moneys made available by the General Assembly for providing grants, loans, or other financing in accordance with this act, including the proceeds of any other State bond issues, whether heretofore made available or which may be made available at the session of the General Assembly at which this act is ratified or any subsequent sessions. The proceeds of Natural Gas Bonds and notes shall be expended and disbursed under the direction and supervision of the Director of the Budget. The funds provided by this act for construction of natural gas facilities shall be disbursed for the purposes provided in this act upon warrants drawn on the State Treasurer by the State Controller, which warrants shall not be drawn until requisition has been approved by the Director of the Budget and which requisition shall be approved only after full compliance with the Executive Budget Act, Article 1 of Chapter 143 of the General Statutes.

The North Carolina Utilities Commission shall provide quarterly reports to the Joint Legislative Commission on Governmental Operations, the Chairs of the Senate and House of Representatives Appropriations Committees, and the Fiscal Research Division on the expenditure of moneys from the Natural Gas Bonds Fund.

(c) Costs. Allocations to the costs of a capital improvement or undertaking in each case may include allocations to pay the costs set forth in Section 3(7)c., d., e., f., and g. of this act in connection with the issuance of bonds for that capital improvement or undertaking.

Section 7. Election. The questions of the issuance of the bonds authorized by this act shall be submitted to the qualified voters of the State at an election to be held on the first Tuesday after the first Monday of November 1998. Any other primary, election, or referendum validly called or scheduled by law at the time the election on the bond question provided for in this section is held may be held as called or scheduled. Notice of the election shall be given in the manner and at the times required by G.S. 163-33(8). The election and the registration of voters therefor shall be held under and in accordance with the general laws of the State. Absentee ballots shall be authorized in the election.

The State Board of Elections shall reimburse the counties of the State for all necessary expenses incurred in holding the election that are in addition to those

that would have otherwise been incurred, the same to be paid out of the Contingency and Emergency Fund or other funds available to the State Board of Elections.

Ballots, voting systems authorized by Article 14 of Chapter 163 of the General Statutes, or both may be used in accordance with rules prescribed by the State Board of Elections. The bond questions to be used in the ballots or voting systems shall be in substantially the following form:

"[ ] FOR [ ] AGAINST

the issuance of seven hundred eighty-five million dollars ($785,000,000) State of North Carolina Clean Water Bonds constituting general obligation bonds of the State secured by a pledge of the faith and credit and taxing power of the State for the purpose of providing funds, with any other available funds, to make loans and grants to local government units to pay all or a portion of the cost of clean water projects."

"[ ] FOR [ ] AGAINST

the issuance of two hundred fifteen million dollars ($215,000,000) State of North Carolina Natural Gas Bonds constituting general obligation bonds of the State secured by a pledge of the faith and credit and taxing power of the State for the purpose of providing funds, with any other available funds, to provide grants, loans, or other financing to public or private entities for construction of natural gas facilities in order to facilitate the expansion of natural gas facilities to unserved portions of the State."

If a majority of those voting on a bond question in the election vote in favor of the issuance of the bonds described in the question, those bonds may be issued as provided in this act. If a majority of those voting on a bond question in the election vote against the issuance of the bonds described in the question, those bonds shall not be issued.

The results of the election shall be canvassed and declared as provided by law for elections for State officers; the results of the election shall be certified by the State Board of Elections to the Secretary of State, in the manner and at the time provided by the general election laws of the State.

Section 8. Issuance of bonds and notes. (a) Terms and Conditions. Bonds or notes may bear such date or dates, may be serial or term bonds or notes, or any combination thereof, may mature in such amounts and at such time or times, not exceeding 40 years from their date or dates, may be payable at such place or places, either within or without the United States of America, in such coin or currency of the United States of America as at the time of payment is legal tender for payment of public and private debts, may bear interest at such rate or rates, which may vary from time to time, and may be made redeemable before maturity, at the option of the State or otherwise as may be provided by the State, at such price or prices, including a price less than the face amount of the bonds or notes, and under such terms and conditions, all as may be determined by the State Treasurer, by and with the consent of the Council of State.

(b) Signatures; Form and Denomination; Registration. Bonds or notes may be issued as certificated or uncertificated obligations. If issued as certificated obligations, bonds or notes shall be signed on behalf of the State by the Governor or

shall bear his facsimile signature, shall be signed by the State Treasurer or shall bear his facsimile signature, and shall bear the Great Seal of the State or a facsimile thereof shall be impressed or imprinted thereon. If bonds or notes bear the facsimile signatures of the Governor and the State Treasurer, the bonds or notes shall also bear a manual signature which may be that of a bond registrar, trustee, paying agent, or designated assistant of the State Treasurer. Should any officer whose signature or facsimile signature appears on bonds or notes cease to be such officer before the delivery of the bonds or notes, the signature or facsimile signature shall nevertheless have the same validity for all purposes as if the officer had remained in office until delivery, and bonds or notes may bear the facsimile signatures of persons who at the actual time of the execution of the bonds or notes shall be the proper officers to sign any bond or note although at the date of the bond or note such persons may not have been such officers. The form and denomination of bonds or notes, including the provisions with respect to registration of the bonds or notes and any system for their registration, shall be as the State Treasurer may determine in conformity with this act; provided, however, that nothing in this act shall prohibit the State Treasurer from proceeding, with respect to the issuance and form of the bonds or notes, under the provisions of Chapter 159E of the General Statutes, the Registered Public Obligations Act, as well as under this act.

(c) Manner of Sale; Expenses. Subject to determination by the Council of State as to the manner in which bonds or notes shall be offered for sale, whether at public or private sale, whether within or without the United States of America, and whether by publishing notices in certain newspapers and financial journals, mailing notices, inviting bids by correspondence, negotiating contracts of purchase or otherwise, the State Treasurer is authorized to sell bonds or notes at one time or from time to time at such rate or rates of interest, which may vary from time to time, and at such price or prices, including a price less than the face amount of the bonds or the notes, as the State Treasurer may determine. All expenses incurred in preparation, sale, and issuance of bonds or notes shall be paid by the State Treasurer from the proceeds of bonds or notes or other available moneys.

(d) Notes; Repayment.

(1) By and with the consent of the Council of State, the State Treasurer is hereby authorized to borrow money and to execute and issue notes of the State for the same, but only in the following circumstances and under the following conditions:

a. For anticipating the sale of bonds to the issuance of which the Council of State shall have given consent, if the State Treasurer shall deem it advisable to postpone the issuance of the bonds;

b. For the payment of interest on or any installment of principal of any bonds then outstanding, if there shall not be sufficient funds in the State treasury with which to pay the interest or installment of principal as they respectively become due;

c. For the renewal of any loan evidenced by notes herein authorized;

d. For the purposes authorized in this act; and

e. For refunding bonds or notes as herein authorized.

(2) Funds derived from the sale of bonds or notes may be used in the payment of any bond anticipation notes issued under this act. Funds provided by the General Assembly for the payment of interest on or principal of bonds shall be used in paying the interest on or principal of any notes and any renewals thereof, the proceeds of which shall have been used in paying interest on or principal of the bonds.

(e) Refunding Bonds and Notes. By and with the consent of the Council of State, the State Treasurer is authorized to issue and sell refunding bonds and notes pursuant to the provisions of the State Refunding Bond Act for the purpose of refunding bonds or notes issued pursuant to this act. The refunding bonds and notes may be combined with any other issues of State bonds and notes similarly secured.

(f) Tax Exemption. Bonds and notes shall be exempt from all State, county, and municipal taxation or assessment, direct or indirect, general or special, whether imposed for the purpose of general revenue or otherwise, excluding inheritance and gift taxes, income taxes on the gain from the transfer of bonds and notes, and franchise taxes. The interest on bonds and notes shall not be subject to taxation as to income.

(g) Investment Eligibility. Bonds and notes are hereby made securities in which all public officers, agencies, and public bodies of the State and its political subdivisions, all insurance companies, trust companies, investment companies, banks, savings banks, savings and loan associations, credit unions, pension or retirement funds, other financial institutions engaged in business in the State, executors, administrators, trustees, and other fiduciaries may properly and legally invest funds, including capital in their control or belonging to them. Bonds and notes are hereby made securities which may properly and legally be deposited with and received by any officer or agency of the State or political subdivision of the State for any purpose for which the deposit of bonds, notes, or obligations of the State or any political subdivision is now or may hereafter be authorized by law.

(h) Faith and Credit. The faith and credit and taxing power of the State are hereby pledged for the payment of the principal of and the interest on bonds and notes. In addition to the State's right to amend any provision of this act to the extent it does not impair any contractual right of a bond owner, the State expressly reserves the right to amend any provision of this act with respect to the making and repayment of loans, the disposition of any repayments of loans, and any intercept provisions relating to the failure of a local government unit to repay a loan, the bonds not being secured in any respect by loans, any repayments thereof, or any intercept provisions with respect thereto.

Section 9. Variable interest rates. In fixing the details of bonds and notes, the State Treasurer may provide that any of the bonds or notes may:

(1) Be made payable from time to time on demand or tender for purchase by the owner thereof provided a credit facility supports the bonds or notes, unless the State Treasurer specifically determines that a credit facility is not required upon a finding and determination by the State Treasurer that the absence of a credit facility will not materially or adversely affect the financial position of the State and the marketing of the bonds or notes at a reasonable interest cost to the State;

(2) Be additionally supported by a credit facility;

(3) Be made subject to redemption or a mandatory tender for purchase prior to maturity;

(4) Bear interest at a rate or rates that may vary for such period or periods of time, all as may be provided in the proceedings providing for the issuance of the bonds or notes, including, without limitation, such variations as may be permitted pursuant to a par formula; and

(5) Be made the subject of a remarketing agreement whereby an attempt is made to remarket bonds or notes to new purchasers prior to their presentment for payment to the provider of the credit facility or to the State.

If the aggregate principal amount repayable by the State under a credit facility is in excess of the aggregate principal amount of bonds or notes secured by the credit facility, whether as a result of the inclusion in the credit facility of a provision for the payment of interest for a limited period of time or the payment of a redemption premium or for any other reason, then the amount of authorized but unissued bonds or notes during the term of such credit facility shall not be less than the amount of such excess, unless the payment of such excess is otherwise provided for by agreement of the State executed by the State Treasurer.

Section 10. Special provisions governing clean water loans. (a) Scope. The provisions of this section shall apply to loans being made from the proceeds of bonds authorized by this act for clean water projects, other than from funds deposited in the Clean Water Revolving Loan and Grant Fund.

(b) Clean Water Bonds Loan Account. There is established in the Department of State Treasurer a special account to be known as the Clean Water Bonds Loan Account, which may include any special or segregated accounts the State Treasurer considers appropriate. There shall be deposited in the Clean Water Bonds Loan Account proceeds of the Clean Water Bonds and notes to be used to make loans, other than loans to be made through the Clean Water Revolving Loan and Grant Fund, to local government units for clean water projects as provided in this act.

Except as otherwise permitted by Section 6 of this act with respect to the use of investment earnings, all moneys accruing to the credit of the Clean Water Bonds Loan Account other than funds set aside for administrative expenses, including expenses related to determining compliance with applicable requirements of the

federal tax law and costs of issuance, shall be used to make loans for the purposes provided in this act. The State Treasurer shall be responsible for making and administering all loans pursuant to the provisions of this section.

(c) Application for Loans; Hearings.

(1) Eligibility/Initial Hearing.

a. Prior to filing an application for a loan, a local government unit shall hold a public hearing. A notice of the public hearing shall be published once at least 10 days before the date fixed for the hearing.

b. All applications for loans shall be filed with the Department of Environment and Natural Resources. The form of the application shall be prescribed by the Department and shall require any information necessary to determine the eligibility for a loan under the provisions of this section. All applications approved by the Department of Environment and Natural Resources shall be filed with the Local Government Commission. Each applicant shall furnish to the Department of Environment and Natural Resources and the Local Government Commission information in addition or supplemental to the information contained in its application, upon request.

c. A local government unit shall not be eligible for a loan unless it demonstrates to the satisfaction of the Department of Environment and Natural Resources and the Local Government Commission that:

1. The applicant is a local government unit;
2. The applicant has the financial capacity to pay the principal of and interest on its proposed loan as evidenced by the approval of the Local Government Commission;
3. The applicant has substantially complied or will substantially comply with all applicable laws, rules, regulations, and ordinances, whether federal, State, or local; and
4. The applicant has agreed by official resolution to adopt and place into effect a schedule of fees and charges or the application of other sources of revenue which will provide adequate funds for proper operation, maintenance, and administration of the project and repayment of all principal and interest on the loan.

(2) Assessment. The Department of Environment and Natural Resources may require any applicant to file with its application an assessment of the impact the project for which the funds are sought

will have upon meeting the facility needs of the area within which the project is to be located.

(3) Hearing by the Department of Environment and Natural Resources or the Local Government Commission. A public hearing may be held by the Department of Environment and Natural Resources or the Local Government Commission at any time on any application. Public hearings may also be held by the Department of Environment and Natural Resources in its discretion upon written request from any citizen or taxpayer who is a resident of the county or counties in which the project is to be located or a resident of the local government unit that proposes to borrow moneys under this act, if it appears that the public interest will be served by the hearing. The written request shall set forth each objection to the proposed project or other reason for requesting a hearing on the application and shall contain the name and address of the persons submitting it. In deciding whether to grant a request for a hearing on an application, the Department of Environment and Natural Resources may consider the application, the written objections to the proposed project, and the facility needs and shall determine if the public interest will be served by a hearing. The determination by the Department of Environment and Natural Resources shall be conclusive, and all written requests for a hearing shall be retained as a permanent part of the records pertaining to the application.

(4) Petition for Vote. A petition, demanding that the question of whether to enter into a loan agreement with the State under this act be submitted to voters, may be filed with the clerk of the local government unit applying for the loan within 15 days after the public hearing required by this section. The petition's sufficiency shall be determined and a referendum, if any, shall be conducted according to the standards, procedures, and limitations set out in G.S. 159-60 through G.S. 159-62.

(d) Priorities.

(1) Determination. Determination of priorities to be assigned each eligible project shall be made semiannually by the Department of Environment and Natural Resources during each fiscal year. Every eligible project shall be considered by the Department of Environment and Natural Resources with every other project eligible during this same priority period.

(2) Priority Factors. All applications for loans under this act shall be assigned a priority by the Department of Environment and Natural Resources. The Department of Environment and Natural Resources shall establish other priority factors criteria by rule.

(3) Assignment of Priority. A written statement relative to each priority assigned shall be prepared by the Department of Environment and Natural Resources and shall be attached to the application. The priority assigned shall be conclusive.

(4) Failure to Qualify. If an application does not qualify for a loan as of the prior period in which the application was eligible for consideration by reason of the priority assigned, the application shall be considered during the next succeeding priority period upon request of the applicant. If the application again fails to qualify for a loan during the second priority period by reason of the priority assigned, the application shall receive no further consideration. An applicant may file a new application at any time and may amend any pending application to include additional data or information.

(5) Withdrawal of Commitment. Failure of an applicant within one year after the date of acceptance of the loan to arrange for necessary financing of the proposed project or award of the contract of the construction of the proposed project shall constitute sufficient cause for withdrawal of the commitment. Prior to withdrawal of a commitment, the Department of Environment and Natural Resources shall give due consideration to any extenuating circumstances presented by the applicant as reasons for failure to arrange necessary financing or to award a contract, and the commitment may be extended for an additional period of time if, in the judgment of the Department of Environment and Natural Resources, the extension is justified.

(e) Disbursement. To be eligible to receive the loans provided for in this section, a local government unit must arrange to borrow the amounts necessary pursuant to rules adopted by the Local Government Commission. No funds shall be disbursed until the Department of Environment and Natural Resources gives a certificate of eligibility to the effect that the applicant meets all eligibility criteria and that all procedural requirements of this act have been met. The maximum principal amount of a loan shall be one hundred percent (100%) of the cost of any eligible project.

(f) Intercept. The governing body of a local government unit shall by resolution authorize to be included in its loan agreement a provision authorizing the State Treasurer, upon failure of the local government unit to make a scheduled repayment of the loan, to withhold from the local government unit any State funds that would otherwise be distributed to the local government unit in an amount sufficient to pay all sums then due and payable to the State as a repayment of the loan. In such event, notwithstanding any other provision of law, the State Treasurer is authorized to withhold and apply such funds to the repayment of the loan, except that such funds shall not be withheld if (i) before the execution of the loan agreement, such funds have been legally pledged to secure special obligation bonds or

other obligations of the local government unit, or (ii) after the execution of the loan agreement, such funds are legally pledged to secure special obligation bonds or other obligations of the local government unit as authorized in this subsection. After the execution of a loan agreement, all or any portion of the State funds specified in the loan agreement to be so withheld may be pledged to secure special obligation bonds or other obligations of the local government unit only with the prior written consent of the State Treasurer.

The State Treasurer shall notify the Secretary of Revenue and the State Controller of the amount to be withheld from the local government unit, and the Secretary of Revenue and the State Controller shall transfer to the State Treasurer the amount so requested to be applied by the State Treasurer to the repayment of the loan.

(g) Inspection. Inspection of a project for which a loan has been made under this act may be performed by qualified personnel of the Department of Environment and Natural Resources or may be performed by qualified engineers registered in this State approved by the Department of Environment and Natural Resources. No person shall be approved to perform inspections who is an officer employed by the local government unit to which the loan was made or who is an owner, officer, employer, or agent of a contractor or subcontractor engaged in the construction of the project for which the loan was made. For the purpose of payment of inspection fees, inspection services shall be included in the term "cost" as used in this act.

(h) Rules. The State Treasurer, the Local Government Commission, and the Department of Environment and Natural Resources may adopt, modify, and repeal rules necessary for the administration of their respective duties under this act. Uniform rules may be jointly adopted where feasible and desirable, and no rule, jointly adopted, may be modified or revoked except upon concurrence of all agencies involved.

(i) Federal Grants and Loans. In order to carry out the purposes of this act to secure the greatest possible benefits to the citizens of this State of the funds appropriated, the State Treasurer, the Local Government Commission, and the Department of Environment and Natural Resources shall adopt rules and criteria, not inconsistent with provisions of this act, as are necessary and appropriate to conform to regulations for federal grants and loans for any of the purposes set forth in this act.

(j) Report by Department of Environment and Natural Resources. The Department of Environment and Natural Resources shall prepare and file each year on or before July 31 with the Joint Legislative Commission on Governmental Operations and the Fiscal Research Division a report for the preceding fiscal year concerning the allocation and making of loans authorized by this act. The report shall set forth for the preceding fiscal year:

(1) Itemized and total allocations of loans authorized and unallocated funds for the loan program as of the end of the preceding fiscal year;

(2) Identification of each loan agreement entered into by the State during the preceding fiscal year and the total amount of loans authorized by such loan agreements;

(3) The amount disbursed to each local government unit pursuant to such loan agreements during the preceding fiscal year and the total amount of such disbursements;

(4) The loan repayments made by each local government unit pursuant to such loan agreements and the total amount of such loan repayments during the preceding fiscal year; and

(5) A summary for the five preceding years of the information required by subdivisions (1) through (4) of this subsection.

The report shall be signed by the Secretary of Environment and Natural Resources.

(k) Local Government Commission.

(1) Local government units may execute debt instruments payable to the State in order to obtain loans provided for in this act. Local government units shall pledge or agree to apply as security for such obligations:

a. Any available source of revenues of the local government unit, including revenues from benefitted facilities or systems, provided that (i) the local government unit has not otherwise pledged the revenues as security for, or contractually agreed to apply the revenues to, the payment of any other obligations of the local government unit, (ii) the use of the revenues is not otherwise restricted by law, or (iii) the revenues are not derived from the exercise of the local government unit's taxing power; or

b. Their faith and credit; or

c. Any combination of a. or b. above.

The faith and credit of a local government unit shall not be pledged or be deemed to have been pledged unless the requirements of Article 4 of Chapter 159 of the General Statutes have been met. The State Treasurer, with the assistance of the Local Government Commission, shall develop and adopt appropriate debt instruments for use under this act.

(2) Nothing contained in this act shall prohibit any local government unit from applying any funds of the local government unit not otherwise restricted as to use by law to the payment of any debt instrument payable to the State incurred pursuant to the provisions of this act.

(3) The Local Government Commission shall review and approve proposed loans to local government units under this act under the provisions of Articles 4 and 5 of Chapter 159 of the General Statutes. The Local Government Commission in considering the ability of a local government unit to repay a loan may regard as a source of revenue for repayment of a loan revenue sources that

may not be available other than on an annual discretionary basis and that may not be subject to a pledge or agreement to apply. Loans under this act shall be outstanding debts for the purposes of Article 10 of Chapter 159 of the General Statutes.

(4) The State Treasurer shall annually certify to the General Assembly the financial condition of the loan program and identify existing delinquencies.

Section 11. Reports. (a) The Rural Economic Development Center shall prepare and file each year on or before July 31 with the Joint Legislative Commission on Governmental Operations and the Fiscal Research Division a report for the preceding fiscal year concerning the allocation and making of grants authorized by this act. The report shall be signed by the Chair of the Board of Directors of the Rural Economic Development Center. The report shall set forth for the preceding fiscal year:

(1) Itemized and total allocations of grants authorized and unallocated funds for the grant program as of the end of the preceding fiscal year;

(2) Identification of each grant agreement entered into by the Rural Economic Development Center during the preceding fiscal year and the total amount of grants authorized by the grant agreements;

(3) The amount disbursed to each local government unit pursuant to the grant agreements during the preceding fiscal year and the total amount of the disbursements; and

(4) A summary for the five preceding years of the information required by subdivisions (1) through (3) of this subsection.

(b) The Department of Environment and Natural Resources shall prepare and file each year on or before July 31 with the Joint Legislative Commission on Governmental Operations and the Fiscal Research Division a report for the preceding fiscal year concerning the allocation and making of grants authorized by this act. The report shall be signed by the Secretary of Environment and Natural Resources. The report shall set forth for the preceding fiscal year:

(1) Itemized and total allocations of grants authorized and unallocated funds for the grant program as of the end of the preceding fiscal year;

(2) Identification of each grant agreement entered into by the Department of Environment and Natural Resources during the preceding fiscal year and the total amount of grants authorized by the grant agreements;

(3) The amount disbursed to each local government unit pursuant to the grant agreements during the preceding fiscal year and the total amount of the disbursements; and

(4) A summary for the five preceding years of the information required by subdivisions (1) through (3) of this subsection.

(c) The Department of Commerce shall prepare and file each year on or before July 31 with the Joint Legislative Commission on Governmental Operations and the Fiscal Research Division a report for the preceding fiscal year concerning the allocation and making of grants authorized by this act. The report shall be signed by the Secretary of Commerce. The report shall set forth for the preceding fiscal year:

(1) Itemized and total allocations of grants authorized and unallocated funds for the grant program as of the end of the preceding fiscal year;

(2) Identification of each grant agreement entered into by the Department of Commerce during the preceding fiscal year and the total amount of grants authorized by the grant agreements;

(3) The amount disbursed to each local government unit pursuant to the grant agreements during the preceding fiscal year and the total amount of the disbursements; and

(4) A summary for the five preceding years of the information required by subdivisions (1) through (3) of this subsection.

Section 12. Minority business participation. The goals set by G.S. 143-128 for participation in projects by minority businesses apply to projects funded by the proceeds of bonds or notes issued under this act. The Department of Environment and Natural Resources, the Department of Commerce, and the Rural Economic Development Center shall monitor compliance with this requirement and shall report to the General Assembly by January 1 of each year on the participation by minority businesses in these projects.

Section 13. Interpretation of act. (a) Additional Method. The foregoing sections of this act shall be deemed to provide an additional and alternative method for the doing of the things authorized thereby and shall be regarded as supplemental and additional to powers conferred by other laws, and shall not be regarded as in derogation of any powers now existing.

(b) Statutory References. References in this act to specific sections or Chapters of the General Statutes or to specific acts are intended to be references to these sections, Chapters, or acts as they may be amended from time to time by the General Assembly.

(c) Broad Construction. This act, being necessary for the health and welfare of the people of the State, shall be broadly construed to effect the purposes thereof.

(d) Inconsistent Provisions. Insofar as the provisions of this act are inconsistent with the provisions of any general laws, or parts thereof, the provisions of this act shall be controlling.

(e) Severability. If any provision of this act or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect other provisions or applications of the act which can be given effect without the invalid provision or application, and to this end the provisions of this act are declared to be severable.

Section 14. G.S. 159G-6 reads as rewritten:

"**§ 159G-6. Distribution of funds.**

(a) Revolving loans and grants.

(1) All funds appropriated or accruing to the Clean Water Revolving Loan and Grant Fund, other than funds set aside for administrative expenses, shall be used for revolving loans and grants to local government units for construction costs of wastewater treatment works, wastewater collection systems and water supply systems and other assistance as provided in this Chapter.

(2) The maximum principal amount of a revolving loan or a grant may be one hundred percent (100%) of the nonfederal share of the construction costs of any eligible project. The maximum principal amount of revolving loans made to any one local government unit during any fiscal year shall be ~~three~~ five million dollars ~~($3,000,000).~~ ($5,000,000). The maximum principal amount of grants made to any one local government unit during any fiscal year shall be ~~one~~ two million dollars ~~($1,000,000).~~ ($2,000,000).

(3) The State Treasurer shall be responsible for investing and distributing all funds appropriated or accruing to the Clean Water Revolving Loan and Grant Fund for revolving loans and grants under this Chapter. In fulfilling his responsibilities under this section, the State Treasurer shall make a written request to the Department of Environment and Natural Resources to arrange for the appropriated funds to be (i) transferred from the appropriate accounts to a local government unit to provide funds for one or more revolving loans or grants or (ii) invested as authorized by this Chapter with the interest on and the principal of such investments to be transferred to the local government unit to provide funds for one or more revolving loans or grants.

(b) Wastewater Accounts. -- The sums allocated in G.S. 159G-4 and accruing to the various Wastewater Accounts in each fiscal year shall be used to make revolving loans and grants to local government units as provided below. The Department of Environment and Natural Resources shall disburse no funds from the Wastewater Accounts except upon receipt of written approval of the disbursement from the Environmental Management Commission.

(1) General Wastewater Revolving Loan and Grant Account. -- The funds in the General Wastewater Revolving Loan and Grant Account shall be used exclusively for the purpose of providing for revolving construction loans or grants in connection with approved wastewater treatment work or wastewater collection system projects.

(2) High-Unit Cost Wastewater Account. -- The funds in the High-Unit Cost Wastewater Account shall be available for grants to applicants for high-unit cost wastewater projects. Eligibility of an applicant for such a grant shall be determined by comparing estimated average

household user fees for water and sewer service, for debt service and operation and maintenance costs, to one and one-half percent (1.5%) of the median household income in the ~~county~~ local government unit in which the project is located. The projects which would require estimated average household water and sewer user fees greater than one and one-half percent (1.5%) of the median household income are defined as high-unit cost wastewater projects and will be eligible for a grant equal to the excess cost, subject to the limitations in ~~subsection~~ subdivision (a)(2) of this section.

(3) Emergency Wastewater Revolving Loan Account. -- The funds in the Emergency Wastewater Revolving Loan Account shall be available for revolving emergency loans to applicants in the event the Environmental Management Commission certifies that a serious public health hazard, related to the inadequacy of existing wastewater facilities, is present or imminent in a community.

(c) Water Supply Accounts. -- The sums allocated in G.S. 159G-4 and accruing to the various Water Supply Accounts in each fiscal year shall be used to provide revolving loans and grants to local government units as provided below. The Department of Environment and Natural Resources shall disburse no funds from the Water Supply Accounts except upon receipt of written approval of the disbursement from the Division of Environmental Health.

(1) General Water Supply Revolving Loan and Grant Account. -- The funds in the General Water Supply Revolving Loan and Grant Account shall be used exclusively for the purpose of providing for revolving construction loans and grants in connection with water supply systems generally and not upon a county allotment basis.

(2) High-Unit Cost Water Supply Account. -- The funds in the High-Unit Cost Water Supply Account shall be available for grants to applicants for high-unit cost water supply systems, on the same basis as provided in G.S. 159G-6(b)(2) for high-unit cost wastewater projects.

(3) Emergency Water Supply Revolving Loan Account. -- The funds in the Emergency Water Supply Revolving Loan Account shall be available for revolving emergency loans to applicants in the event the Division of Environmental Health certifies that a serious public health hazard, related to the water supply system, is present or imminent in a community.

(d) Repealed by Session Laws 1991, c. 186, s. 4.

(e) Notwithstanding any other provision of this Chapter, funds in the Water Pollution Control Revolving Fund shall not be available as grants except to the extent permitted by Title VI of the Federal Water Quality Act of 1987 and the regulations thereunder."

Section 15. The General Assembly finds that:

(1) The General Assembly has previously found that it is the policy of this State to facilitate the extension of natural gas facilities to unserved areas of the State; and

(2) The extension of natural gas facilities to unserved areas of the State is necessary for the health of the people and of the environment; and

(3) The extension of natural gas facilities to unserved areas of the State will aid and encourage the location of manufacturing enterprises and industrial facilities in those areas of the State, will encourage new construction, homes, and other businesses in those areas of the State, will increase the population, taxable property, agricultural industries, and business prospects in the State; and

(4) The 1989 General Assembly in Chapter 338 of the 1989 Session Laws directed the North Carolina Utilities Commission to require the franchised natural gas local distribution companies to file reports with the Commission detailing their plans for providing natural gas service in areas of the State where natural gas service is not available, and directed the Commission and the Public Staff to provide independent analyses and summaries of those reports together with status reports of natural gas service in the State to the Joint Legislative Utility Review Committee; and

(5) The reports of the utilities, the Commission, and the Public Staff indicate that the construction of facilities and the extension of natural gas service in some areas of the State may not be economically feasible with traditional funding methods; and

(6) The 1991 General Assembly enacted G.S. 62-158 and G.S. 62-2(9) authorizing special funding methods, including the use of supplier refunds and customer surcharges, to facilitate the expansion of natural gas service; and

(7) While the 1991 legislation has been successful in providing some natural gas service to previously unserved areas of the State, that legislation has not been sufficient to facilitate the extension of service that is necessary and in the public interest, and there are still counties with no gas service or virtually no gas service; and

(8) It is therefore necessary to authorize additional funding methods, including appropriations from the General Assembly and the proceeds of general obligation bonds, to further facilitate the expansion of natural gas service.

Section 16. Chapter 62 of the General Statutes is amended by adding a new section to read:

"**§ 62-159. Additional funding for natural gas expansion.**

(a) In order to facilitate the construction of facilities in and the extension of natural gas service to unserved areas, the Commission may provide funding through appropriations from the General Assembly or the proceeds of general obligation

bonds as provided in this section to either (i) an existing natural gas local distribution company or (ii) a person or a gas district awarded a new franchise for the construction of natural gas facilities that it otherwise would not be economically feasible for the company or person to construct.

(b) The use of funds provided under this section shall be pursuant to an order of the Commission after a public hearing. The Commission shall ensure that all projects for which funds are provided under this section are consistent with the intent of this section and G.S. 62-2(9). In determining whether to approve the use of funds for a particular project pursuant to this section, the Commission shall consider the scope of a proposed project, including the number of unserved counties and the number of anticipated customers that would be served, the total cost of the project, the extent to which the project is considered feasible, and other relevant factors affecting the public interest. In determining economic feasibility, the Commission shall employ the net present value method of analysis on a project specific basis. Only those projects with a negative net present value shall be determined to be economically infeasible for the company, person, or gas district to construct. In no event shall the Commission provide funding under this section of an amount greater than the negative net present value of any proposed project as determined by the Commission. If at any time a project is determined by the Commission to have become economically feasible, the Commission shall require the recipient of funding to remit to the Commission appropriate funds related to the project, and the Commission may order those funds to be returned with interest in a reasonable amount to be determined by the Commission. Funds returned, together with interest, shall be deposited with the State Treasurer to be used for other expansion projects pursuant to the provisions of this section. A utility plant acquired with expansion funds shall be included in the local distribution company's rate base at zero cost except to the extent such funds have been remitted by the company pursuant to order of the Commission. In the event a gas district wishes to sell or otherwise dispose of facilities financed with funds received under this section, it must first notify the Commission which shall determine the method of repayment or accounting for those funds.

(c) To the extent that one or more of the counties included in a proposed project to be funded pursuant to this section are counties affected by the loss of exclusive franchise rights provided for in G.S. 62-36A(b), the Commission may conclude that the public interest requires that the person obtaining the franchise or funding pursuant to this section be given an exclusive franchise and that the existing franchise be canceled. Any new exclusive franchise granted under this subsection shall be subject to the provisions of G.S. 62-36A(b). This subsection does not apply to gas districts formed under Article 28 of Chapter 160A of the General Statutes.

(d) The Commission, after hearing, shall adopt rules to implement this section as soon as practicable. The Commission and Public Staff shall report to the Joint Legislative Utility Review Committee on the use of funding provided under this section in conjunction with the reports required under G.S. 62-36A."

Section 17. G.S. 62-2 reads as rewritten:

"**§ 62-2. Declaration of policy.**

(a) Upon investigation, it has been determined that the rates, services and operations of public utilities as defined herein, are affected with the public interest and that the availability of an adequate and reliable supply of electric power and natural gas to the people, economy and government of North Carolina is a matter of public policy. It is hereby declared to be the policy of the State of North Carolina:

(1) To provide fair regulation of public utilities in the interest of the public;

(2) To promote the inherent advantage of regulated public utilities;

(3) To promote adequate, reliable and economical utility service to all of the citizens and residents of the State;

(3a) To assure that resources necessary to meet future growth through the provision of adequate, reliable utility service include use of the entire spectrum of demand-side options, including but not limited to conservation, load management and efficiency programs, as additional sources of energy supply and/or energy demand reductions. To that end, to require energy planning and fixing of rates in a manner to result in the least cost mix of generation and demand-reduction measures which is achievable, including consideration of appropriate rewards to utilities for efficiency and conservation which decrease utility bills;

(4) To provide just and reasonable rates and charges for public utility services without unjust discrimination, undue preferences or advantages, or unfair or destructive competitive practices and consistent with long-term management and conservation of energy resources by avoiding wasteful, uneconomic and inefficient uses of energy;

(4a) To assure that facilities necessary to meet future growth can be financed by the utilities operating in this State on terms which are reasonable and fair to both the customers and existing investors of such utilities; and to that end to authorize fixing of rates in such a manner as to result in lower costs of new facilities and lower rates over the operating lives of such new facilities by making provisions in the rate-making process for the investment of public utilities in plants under construction;

(5) To encourage and promote harmony between public utilities, their users and the environment;

(6) To foster the continued service of public utilities on a well-planned and coordinated basis that is consistent with the level of energy needed for the protection of public health and safety and for the promotion of the general welfare as expressed in the State energy policy;

(7) To seek to adjust the rate of growth of regulated energy supply facilities serving the State to the policy requirements of statewide development;

(8) To cooperate with other states and with the federal government in promoting and coordinating interstate and intrastate public utility service and reliability of public utility energy supply; and

(9) To facilitate the construction of facilities in and the extension of natural gas service to unserved areas in order to promote the public welfare throughout the State and to that end to authorize the creation of ~~an~~ expansion ~~fund~~ funds for ~~each~~ natural gas local distribution ~~company~~ companies or gas districts to be administered under the supervision of the North Carolina Utilities Commission.

(b) To these ends, therefore, authority shall be vested in the North Carolina Utilities Commission to regulate public utilities generally, their rates, services and operations, and their expansion in relation to long-term energy conservation and management policies and statewide development requirements, and in the manner and in accordance with the policies set forth in this Chapter. Nothing in this Chapter shall be construed to imply any extension of Utilities Commission regulatory jurisdiction over any industry or enterprise that is not subject to the regulatory jurisdiction of said Commission.

Because of technological changes in the equipment and facilities now available and needed to provide telephone and telecommunications services, changes in regulatory policies by the federal government, and changes resulting from the court-ordered divestiture of the American Telephone and Telegraph Company, competitive offerings of certain types of telephone and telecommunications services may be in the public interest. Consequently, authority shall be vested in the North Carolina Utilities Commission to allow competitive offerings of local exchange, exchange access, and long distance services by public utilities defined in G.S. 62-3(23)a.6. and certified in accordance with the provisions of G.S. 62-110, and the Commission is further authorized after notice to affected parties and hearing to deregulate or to exempt from regulation under any or all provisions of this Chapter: (i) a service provided by any public utility as defined in G.S. 62-3(23)a.6. upon a finding that such service is competitive and that such deregulation or exemption from regulation is in the public interest; or (ii) a public utility as defined in G.S. 62-3(23)a.6., or a portion of the business of such public utility, upon a finding that the service or business of such public utility is competitive and that such deregulation or exemption from regulation is in the public interest.

The policy and authority stated in this section shall be applicable to common carriers of passengers by motor vehicle and their regulation by the North Carolina Utilities Commission only to the extent that they are consistent with the provisions of the Bus Regulatory Reform Act of 1985.

The North Carolina Utilities Commission may develop regulatory policies to govern the provision of telecommunications services to the public which promote efficiency, technological innovation, economic growth, and permit telecommunications utilities a reasonable opportunity to compete in an emerging competitive environment, giving due regard to consumers, stockholders, and

maintenance of reasonably affordable local exchange service and long distance service."

Section 18. Effective date. Section 14 of this act becomes effective only if the voters approve the issuance of the Clean Water Bonds authorized by this act in the election required by Section 7 of this act. The remaining sections of this act are effective when the act becomes law, and the Utilities Commission shall begin immediately the rule-making process mandated by G.S. 62-159(d), as enacted by Section 16 of this act.

A BILL TO BE ENTITLED

AN ACT TO CLARIFY COMMUNITY COLLEGES' AUTHORITY TO ENTER INTO LEASE PURCHASE AND INSTALLMENT PURCHASE CONTRACTS FOR EQUIPMENT.

The General Assembly of North Carolina enacts:

Section 1. G.S. 115D-20 is amended by adding a new subdivision to read:

"(11) To enter into lease purchase and installment purchase contracts for equipment under G.S. 115D-58.14."

Section 2. Article 4A of Chapter 115D of the General Statutes is amended by adding a new section to read:

"**§ 115D-58.14. Lease purchase and installment purchase contracts for equipment.**

(a) Authority. -- The board of trustees of a community college may use lease purchase or installment purchase contracts to purchase or finance the purchase of equipment as provided in this section.

(b) Contract Approval. -- Contracts for more than one hundred thousand dollars ($100,000) or for a term of more than three years shall be subject to review and approval by the State Board of Community Colleges if the obligation will be paid from State funds or by the tax-levying authority of the institution if the obligation will be paid from local funds. If a contract is approved by a tax-levying authority under this subsection, in each year the tax-levying authority shall appropriate sufficient funds to meet the amounts to be paid during the fiscal year under the contract.

(c) Local Government Commission. -- A contract that is subject to approval by the tax-levying authority also shall be subject to approval by the Local Government Commission as provided in Article 8 of Chapter 159 of the General Statutes if the contract:

(1) Extends for five or more years from the date of the contract;

(2) Obligates the board of trustees to pay sums of money to another, regardless of whether the payee is a party to the contract; and

(3) Obligates the board of trustees to pay five hundred thousand dollars ($500,000) or more over the full term of the contract.

(d) Application of Section. -- When determining whether a contract is subject to approval under this section the total cost of exercising an option to upgrade property shall be taken into consideration. The term of a contract shall include periods that may be added to the original term through the exercise of an option to renew or extend.

(e) Nonsubstitution Clause. -- No contract entered into under this section may contain a nonsubstitution clause that restricts the right of a board of trustees to:

(1) Continue to provide a service or activity; or

(2) Replace or provide a substitute for any property financed or purchased by the contract.

(f) Nonappropriations Clause. -- No deficiency judgment may be rendered against any board of trustees, any tax-levying authority, the State Board of Community Colleges, or the State of North Carolina in any action for breach of a contractual obligation authorized by this section. The taxing power of a tax-levying authority and the State is not and may not be pledged directly or indirectly to secure any moneys due under a contract authorized by this section."

Section 3. G.S. 115D-5 is amended by adding a new subsection to read:

"(l) The State Board shall review and approve lease purchase and installment purchase contracts as provided under G.S. 115D-58.14(b). The State Board shall adopt policies and procedures governing the review and approval process."

Section 4. This act is effective when it becomes law and applies to contracts entered into on or after that date.

EXPLANATION OF HOUSE BILL 1369:
Community Colleges' Lease Purchase Authority

TO: House Finance Committee
FROM: Cindy Avrette, Committee Counsel
DATE: July 20, 1998
SPONSOR: Representative Rayfield

House Bill 1369 gives community colleges the specific statutory authority to enter into lease purchase and installment purchase contracts for equipment. This authority will allow community colleges to purchase equipment and make payments over a period of time. The bill is effective upon becoming law and would apply to contracts entered into on or after that date.

Under current law, the authority of community colleges to enter into lease purchase and installment purchase contracts is not clear. The bill clarifies that authority and creates a new statute, G.S. 115D-58.14, which outlines the process a community college must follow in order to purchase equipment through a lease purchase or installment purchase contracts:

- Community college boards of trustees would have the authority to enter into these contracts without any prior approval if the contract is for less than $100,000 or is for less than 3 years.
- If the community college is going to use State appropriated funds to pay for the equipment and the lease purchase contract exceeds $100,000 or 3 years, the State Board of Community Colleges must review and approve the contract.
- If the community college is going to use local funds to pay for the equipment and the contract exceeds $100,000 or 3 years, the tax levying authority that is directly responsible for the local financial support and local administration of the college must review and approve the contract. When the tax levying authority approves the installment purchase contract, it is required to appropriate sufficient funds in subsequent years to meet the obligation. The Local Government Commission must also approve the contract if it exceeds 5 years and $500,000.

The taxing power of the State or the county may not be pledged to finance these lease purchase contracts. In the event a college failed to make its payments, the vendor's only recourse would be to repossess the equipment. The vendor could not sue the college, the tax levying authority, the State Board of Community Colleges, or the State for additional monies owned.

A BILL TO BE ENTITLED

AN ACT TO ALLOW CERTAIN PRIVATELY OWNED COMMUNITY WATER SYSTEMS TO BE ELIGIBLE FOR REVOLVING LOANS AND GRANTS FROM THE DRINKING WATER TREATMENT REVOLVING LOAN FUND AND TO ALLOW AN ALTERNATIVE PROCEDURE FOR DISSOLUTION OF A SANITARY DISTRICT THAT HAS NO INDEBTEDNESS AND THE TERRITORY OF WHICH HAS BEEN ENTIRELY ANNEXED.

The General Assembly of North Carolina enacts:

Section 1.1. G.S. 159G-3 reads as rewritten:

"(2) 'Applicant' means a local government unit that applies for a revolving loan or grant under the provisions of this Chapter. In addition, a local government may provide funds to a nonprofit agency which is currently under contract and authorized to provide wastewater treatment or water supply services to that ~~unit of local government.~~ local government unit. For purposes of the Drinking Water Treatment Revolving Loan Fund established by G.S. 159G-5(d), 'applicant' also means a privately owned community water system, as defined in G.S. 130A-313, that operates as a public utility, as defined in G.S. 62-3, and that has obtained a certificate of convenience and necessity under G.S. 62-110."

Section 1.2. G.S. 159G-3(6a) reads as rewritten:

"(6a) 'Debt instrument' means an instrument in the nature of a promissory note executed by ~~a local government unit~~ an applicant under the provisions of this Chapter, to evidence a debt to the State and obligation to repay the principal, plus interest, under stated terms."

Section 1.3. G.S. 159G-3(5) reads as rewritten:

"(5) 'Grant' means a sum of money given by the State to ~~a local government unit~~ an applicant to subsidize the construction costs of a project authorized by this Chapter, without any obligation on the part of such unit to repay such sum."

Section 1.4. G.S. 159G-3(13) reads as rewritten:

"(13) 'Revolving construction loan' means a sum of money loaned by the State to ~~a local government unit~~ an applicant to subsidize the construction costs of a project authorized by this Chapter, with an obligation on the part of such unit to repay such sum, the proceeds of such repayment to be deposited in the ~~Water Pollution Control Revolving Fund.~~ fund from which the loan was made."

Section 2. G.S. 159G-4(c) reads as rewritten:

"(c) All payments of interest and repayments of principal resulting from revolving loans shall be credited to the respective accounts from which the revolving loan funds were disbursed. Terms and conditions for repayment of revolving loans shall be established by the Department of Environment and Natural Resources, with the assistance of the Local Government Commission, consistent with the requirements of the Federal Water Pollution Control Act and this Chapter. Provided, the interest rate for all revolving loans authorized by this Chapter shall be fixed at the same percent per annum as the interest rate fixed under the Federal Water Pollution Control Act for loans from the Water Pollution Control Revolving Fund established by G.S. 159G-5(c), not to exceed the lesser of four percent (4%) or one half (1/2) the prevailing national market rate for tax exempt general obligation debt of similar maturities derived from a published indicator. Provided further, the interest rate may be fixed at a lower rate per annum if authorized by the Federal Water Pollution Control Act Regulations. It is the intent of the General Assembly to provide uniform interest payments for all loans made to ~~units of local government~~ applicants irrespective of the account from which loans are made for either wastewater or water supply projects."

Section 3. G.S. 159G-5(d) reads as rewritten:

"(d) The Drinking Water Treatment Revolving Loan Fund is established as a special account within the Clean Water Revolving Loan and Grant Fund. This account shall be established and managed in accordance with the requirements of section 130 of Title I of the federal Safe Drinking Water Act Amendments of 1996 (Pub. L. 104-182; 110 Stat. 1662; 42 U.S.C. § 300j-12), to achieve the purposes and goals of the federal Safe Drinking Water Act Amendments of 1996. The funds in the Drinking Water Treatment Revolving Loan Fund may be used only for the purposes

of providing revolving construction loans and other assistance as set forth in section 130 of Title I of the federal Safe Drinking Water Act Amendments of 1996 and the regulations promulgated thereunder, including making grants to the extent permitted by these amendments or these regulations. Funds in the Drinking Water Treatment Revolving Loan Fund may be used by an applicant that is a privately owned community water system only for a project that benefits a local government unit and that is consistent with a local water supply plan that has been prepared and approved in accordance with G.S. 143-355(l)."

Section 4. G.S. 159G-6 reads as rewritten:

"**§ 159G-6. Distribution of funds.**

(a) Revolving loans and grants.

(1) All funds appropriated or accruing to the Clean Water Revolving Loan and Grant Fund, other than funds set aside for administrative expenses, shall be used for revolving loans and grants to ~~local government units~~ applicants for construction costs of wastewater treatment works, wastewater collection systems and water supply systems and other assistance as provided in this Chapter.

(2) The maximum principal amount of a revolving loan or a grant may be one hundred percent (100%) of the nonfederal share of the construction costs of any eligible project. The maximum principal amount of revolving loans made to any one ~~local government unit~~ applicant during any fiscal year shall be three million dollars ($3,000,000). The maximum principal amount of grants made to any one ~~local government unit~~ applicant during any fiscal year shall be one million dollars ($1,000,000).

(3) The State Treasurer shall be responsible for investing and distributing all funds appropriated or accruing to the Clean Water Revolving Loan and Grant Fund for revolving loans and grants under this Chapter. In fulfilling his responsibilities under this section, the State Treasurer shall make a written request to the Department of Environment and Natural Resources to arrange for the appropriated funds to be (i) transferred from the appropriate accounts to ~~a local government unit~~ an applicant to provide funds for one or more revolving loans or grants or (ii) invested as authorized by this Chapter with the interest on and the principal of such investments to be transferred to the ~~local government unit~~ applicant to provide funds for one or more revolving loans or grants.

(b) Wastewater Accounts. -- The sums allocated in G.S. 159G-4 and accruing to the various Wastewater Accounts in each fiscal year shall be used to make revolving loans and grants to local government units as provided below. The Department of Environment and Natural Resources shall disburse no funds from the Wastewater

Accounts except upon receipt of written approval of the disbursement from the Environmental Management Commission.

(1) General Wastewater Revolving Loan and Grant Account. -- The funds in the General Wastewater Revolving Loan and Grant Account shall be used exclusively for the purpose of providing for revolving construction loans or grants in connection with approved wastewater treatment work or wastewater collection system projects.

(2) High-Unit Cost Wastewater Account. -- The funds in the High-Unit Cost Wastewater Account shall be available for grants to applicants for high-unit cost wastewater projects. Eligibility of an applicant for such a grant shall be determined by comparing estimated average household user fees for water and sewer service, for debt service and operation and maintenance costs, to one and one-half percent (1.5%) of the median household income in the county in which the project is located. The projects which would require estimated average household water and sewer user fees greater than one and one-half percent (1.5%) of the median household income are defined as high-unit cost wastewater projects and will be eligible for a grant equal to the excess cost, subject to the limitations in subsection (a)(2) of this section.

(3) Emergency Wastewater Revolving Loan Account. -- The funds in the Emergency Wastewater Revolving Loan Account shall be available for revolving emergency loans to applicants in the event the Environmental Management Commission certifies that a serious public health hazard, related to the inadequacy of existing wastewater facilities, is present or imminent in a community.

(c) Water Supply Accounts. -- The sums allocated in G.S. 159G-4 and accruing to the various Water Supply Accounts in each fiscal year shall be used to provide revolving loans and grants to ~~local government units~~ applicants as provided below. The Department of Environment and Natural Resources shall disburse no funds from the Water Supply Accounts except upon receipt of written approval of the disbursement from the Division of Environmental Health.

(1) General Water Supply Revolving Loan and Grant Account. -- The funds in the General Water Supply Revolving Loan and Grant Account shall be used exclusively for the purpose of providing for revolving construction loans and grants in connection with water supply systems generally and not upon a county allotment basis.

(2) High-Unit Cost Water Supply Account. -- The funds in the High-Unit Cost Water Supply Account shall be available for grants to applicants for high-unit cost water supply systems, on the same basis as provided in G.S. 159G-6(b)(2) for high-unit cost wastewater projects.

(3) Emergency Water Supply Revolving Loan Account. -- The funds in the Emergency Water Supply Revolving Loan Account shall be available for revolving emergency loans to applicants in the event the Division of Environmental Health certifies that a serious public health hazard, related to the water supply system, is present or imminent in a community.

(d) Repealed by Session Laws 1991, c. 186, s. 4.

(e) Notwithstanding any other provision of this Chapter, funds in the Water Pollution Control Revolving Fund shall not be available as grants except to the extent permitted by Title VI of the Federal Water Quality Act of 1987 and the regulations thereunder."

Section 5. G.S. 159G-9 reads as rewritten:

"**§ 159G-9. Eligibility.**

No application shall be eligible for a revolving loan or grant under this Chapter unless it shall demonstrate to the satisfaction of the receiving agency that:

(1) The applicant is ~~a local government unit.~~ an applicant within the meaning of G.S. 159G-3(2).

(2) The applicant has the financial capacity to pay the principal of and the interest on its proposed obligations and loans.

(3) The applicant has substantially complied or will substantially comply with all applicable laws, rules, regulations and ordinances, federal, State and local.

(4) The applicant has agreed by official resolution to adopt and place into effect on or before completion of the project a schedule of fees, charges, and other available funds, including but not limited to the funds described in G.S. 159G-13(b), that will adequately provide for proper operation, maintenance, and administration of the project and for repayment of all principal of and interest on loans."

Section 6. G.S. 159G-13 reads as rewritten:

"**§ 159G-13. Revolving loans and grants.**

(a) To be eligible to receive a revolving loan or grant pursuant to this Chapter, an applicant shall have funds available or have a commitment for funding to cover project costs that exceed the grant or loan for which the applicant has applied. An applicant may apply for a revolving loan or grant prior to obtaining a commitment for additional funding. To be eligible to receive the revolving loans and grants provided for in this Chapter, local government units shall arrange to borrow the amounts necessary to be borrowed in connection therewith pursuant to the Local Government Finance Act or as provided in this Chapter as applicable. ~~Local government units may apply for the revolving loans and grants prior to arranging for such borrowing.~~

(b) Revenues received by municipalities from sales and use taxes levied under Articles 40, 41, and 42 of Chapter 105 of the General Statutes which are restricted in use for water and sewage capital outlay, and retirement of indebtedness for those

purposes, may be used for periodic payments on revolving loans made under this Article."

Section 7. G.S. 159G-14 reads as rewritten:

"**§ 159G-14. Inspection.**

Inspection of a project for which a revolving loan or grant has been made under this Chapter may be performed by qualified personnel of the Division of Environmental Health or the Environmental Management Commission or may be performed by qualified professional engineers, registered in this State, who have been approved by the Division of Environmental Health or the Environmental Management Commission; but no person shall be approved to perform inspections who is an officer or employee of the ~~unit of government~~ applicant to which the revolving loan or grant was made or who is an owner, officer, employee or agent of a contractor or subcontractor engaged in the construction of the project for which the revolving loan or grant was made. For the purpose of payment of inspection fees, inspection services shall be included in the term "construction cost" as used in this Chapter."

Section 8. G.S. 159G-15(b) reads as rewritten:

"(b) A copy of its rules adopted to implement the provisions of this Chapter shall be furnished free of charge by the receiving agency and the Department of Environment and Natural Resources to any ~~local government unit.~~ applicant."

Section 9. G.S. 159G-18 reads as rewritten:

"**§ 159G-18. ~~Local government~~ Applicant borrowing authority.**

(a) ~~Local government units~~ Applicants may execute debt instruments payable to the State in order to obtain revolving loans provided for in this Chapter. ~~Local government units~~ Applicants shall pledge as security for such obligations the user fee revenues derived from operation of the benefited facilities or systems only, or other sources of revenue, or their faith and credit, or any combination thereof. The faith and credit of ~~such~~ applicants that are local government units shall not be pledged or be deemed to have been pledged unless the requirements of Article 4, Chapter 159 of the General Statutes have been met. The State Treasurer, with the assistance of the Local Government Commission, shall develop and adopt appropriate debt instruments for use by applicants that are local government units, ~~under this Chapter.~~ The Local Government Commission shall develop and adopt appropriate procedures for the delivery of debt instruments by applicants that are local government units to the State without any public bidding therefor. The State Treasurer, with the assistance of the Utilities Commission, shall develop and adopt appropriate debt instruments for use by applicants that are privately owned community water systems. The Utilities Commission shall develop and adopt appropriate procedures for the delivery of debt instruments by applicants that are privately owned community water systems to the State.

(b) The Local Government Commission shall review and approve proposed loans to applicants that are local government units under this Chapter under the provisions of Articles 4 and 5, Chapter 159 of the General Statutes, as if the issuance of bonds was proposed, so far as those provisions are applicable. An applicant that is a

privately owned community water system must obtain approval of its application for a revolving loan or grant from the Utilities Commission in order to be eligible to receive the revolving loan or grant. Revolving loans under this Chapter shall be outstanding debt of applicants that are local government units for the purpose of Article 10, Chapter 159 of the General Statutes."

Section 10. Article 2 of Chapter 130A of the General Statutes is amended by adding a new section to read:

"**§ 130A-73.1. Dissolution of sanitary districts having no outstanding indebtedness and located wholly within or coterminous with corporate limits of city or town.**

(a) When the boundaries of a sanitary district that (i) is located entirely within one county, (ii) has no outstanding indebtedness, (iii) at the time of its creation was not located entirely within or coterminous with the corporate limits of a city or town, (iv) has not provided any water or sewer service for at least five years, (v) did not levy any ad valorem tax in the current year, (vi) has been for at least five years entirely located within or coterminous with the corporate limits of a city or town, and (vii) at the time of the annexation of the area of the district by that city or town, the city or town assumed all assets and liabilities of the district, the board of that district by unanimous vote may petition the board of commissioners of the county in which the district is located to dissolve the district. Upon receipt of the petition, the board of commissioners shall notify the Department and the governing body of the city or town within which the district lies of the receipt of the petition. If the Commission, the county board of commissioners, and the governing body of the city or town shall deem it advisable to comply with the request of the petition, the Commission shall adopt a resolution dissolving the district. All taxes levied by the sanitary district that were levied prior to, but that are collected after, the dissolution shall vest in the city or town. All property held, owned, controlled, or used by the sanitary district upon the dissolution or that may later be vested in the sanitary district, and all judgments, liens, rights, and causes of actions in favor of the sanitary district shall vest in the city or town. At the dissolution, taxes owed to the sanitary district shall be collected by the city or town.

(b) The procedure for the dissolution of a sanitary district set out in this section is an alternative to the procedure set out in G.S. 130A-73 and any sanitary district to which both that section and this section apply may be dissolved under either section."

Section 11. This act is effective when it becomes law.

EXPLANATION OF SENATE BILL 138 (Third Ed):
Pvt. H20 Sys. Loan/Dissolve Sanitary District

TO: House Finance Committee
FROM: Jeff Hudson and Martha Walston, Staff Attorneys
DATE: July 20, 1998
SPONSOR: Senator Odom

Senate Bill 138 was recommended to the 1997 Regular Session by the Environmental Review Commission. The companion bill, House Bill 189, was introduced by Representative Arlie Culp. These bills, as introduced, amended the North Carolina Drinking Water Act so that it conforms to federal law. The conforming changes became law with the enactment of House Bill 189 during the 1997 Regular Session. **The House Committee Substitute for Senate Bill 138 removes the original provisions of the Bill, allows certain privately owned community water systems to apply for loans and grants from the Drinking Water Treatment Revolving Loan Fund, and provides for an alternative procedure for dissolution of certain sanitary districts. This Committee Substitute was given a favorable report by the House Environment Committee on July 15, 1998. The Bill was corrected on July 17, 1998 because the language "A BILL TO BE ENTITLED" was omitted.**

Sections 1 - 9: Allow certain privately owned community water systems to apply for loans and grants from the Drinking Water Treatment Revolving Loan Fund.

Section 1.1 amends the definition of "applicant" for purposes of the Drinking Water Treatment Revolving Loan Fund to include a privately owned community water system, as defined in G.S. 130A-313, that operates as a public utility as defined in G.S. 62-3, and that obtained a certificate of convenience and necessity under G.S. 62-110.

- Under G.S. 130A-313, a "community water system" is a system of constructed conveyances that provides water for human consumption to 15 or more service connections or at least 25 year-round residents.
- Under G.S. 62-3, "public utility" includes a person organized under the laws of any state or country owning or operating in this State equipment or facilities for diverting, developing, pumping, impounding, distributing, or furnishing water to or for the public for compensation.
- G.S. 62-110 requires a public utility to obtain a certificate of convenience and necessity from the Utilities Commission prior to construction, operation, or acquisition of any public utility plant or system. Persons obtaining a certificate of convenience and necessity from the Utilities Commission are subject to regulation by the Commission.

Sections 1.2 - 2 make conforming changes.

Section 3 requires that funds in the Drinking Water Treatment Revolving Loan Fund distributed to an applicant that is a privately owned community water system be used only for projects that benefit a local government unit and that are consistent with local water supply plans.

Sections 4 and 5 make conforming changes.

Section 6 requires applicants to have funds available or a commitment for funding to cover project costs that exceed the applied for grant or loan.

Sections 7 and 8 make conforming change.

Section 9 directs the State Treasurer, with the help of the Utilities Commission, to develop appropriate debt instruments for applicants that are privately owned community water systems. It also directs the Commission to develop procedures for the delivery of debt instruments by applicants that are privately owned community water systems. Section 9 also requires that these applicants obtain the approval of the Commission in order to be eligible to receive a revolving loan or grant. Section 9 makes conforming changes.

Section 10: Allows an alternative procedure for dissolution of certain sanitary districts.

Section 10 establishes an alternative procedure for the dissolution of certain sanitary districts. The board of a sanitary district, by unanimous vote, may petition the board of commissioners of the county in which the district is located to dissolve the district when the district:

- Is located entirely within one county
- Has no outstanding indebtedness
- At the time of its creation, was not located entirely within or coterminous with the corporate limits of a city or town
- Has not provided any water or sewer service for at least five years
- Did not levy any property tax in the current year
- Has been entirely located within or coterminous with the corporate limits of a city or town for at least five years
- At the time of annexation of the area of the district by that city or town, the city or town assumed all assets and liabilities of the district

Upon receipt of a petition, the board of commissioners must notify the Department of Health and Human Services and the governing body of the city or town where the petitioning district lies. If the Commission for Health Services (Commission), the county board of commissioners, and the governing body of the city or town agree to the petition, the Commission will dissolve the district. Matters related to the sanitary district's collection of taxes, property, and causes of action will pass to the city or town. This dissolution procedure is an alternative to that established in G.S. 130A-73. Any sanitary district to which both sections apply may be dissolved under either section.

Section 11 makes the act effective when it becomes law.

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: Office of State Treasurer, Utilities Commission, the Division of Environmental Health in the Department of Environmental and Natural Resources, the Commission for Health Services and the Department of Health and Human Resources

EFFECTIVE DATE: This act is effective when it becomes law.

BILL SUMMARY: The first edition of Senate Bill 138, introduced by Senator Fountain Odom during the 1997 Regular Session, amended the North Carolina Drinking Water Act to conform with federal law. The House companion bill (HB 189) made identical changes to North Carolina Drinking Water Act and those conforming changes became law with enactment of House Bill 189 during the 1997 Regular Session. [1]

The proposed House committee substitute (PCS) for Senate Bill 138 makes the following principal changes to the first edition:

1. removes the original provisions of the bill;
2. amends the definition of "applicant" to the Drinking Water Treatment Revolving Loan Fund to include certain privately owned community water systems thereby allowing those systems to be eligible to apply for revolving loans and grants from the Drinking Water Treatment Revolving Loan Fund; and,
3. provides an alternative procedure for the dissolution of sanitary districts that have no indebtedness and which are located within or are coterminous with corporate limits of the city or town.

[1] Memo to House Committee on Environment dated July 15, 1998 from Jeff Hudson, Committee Counsel.

ASSUMPTIONS AND METHODOLOGY: The principal changes to the Drinking Water Treatment Revolving Loan Fund and to the procedures for the dissolution of a sanitary district should not cause an increase in costs to the departments affected or have a fiscal impact on the state General Fund.

Drinking Water Treatment Revolving Loan Fund

As part of the 1996 amendments to the federal Safe Drinking Water Act, Congress established and authorized a Drinking Water State Revolving Fund Program to provide loans for public water supply infrastructure improvements and expenditures associated with drinking water regulations and compliance. The state is required to provide a 20 percent match to receive assistance through this program. Federal funds received by the state are credited to the Drinking Water Treatment Revolving Loan Fund (the Fund) and are administered by the Division of Environmental Health in the Department of Environment and Natural Resources.

The effect of allowing privately owned community water systems to apply to the Fund is a potential increase in the number of applicants. According to the Utilities Commission there are approximately 1,500 privately owned community water systems in North Carolina owned by 225 different companies which are potential new applicants. However, an increase in applicants will have no fiscal impact on the Fund since the amount of funds to be distributed is determined by the amount of federal funds appropriated to the state irrespective of the number applicants eligible to apply.

The principal departments affected by this change to the Drinking Water Treatment Revolving Loan Fund are the Division of Environmental Health, the Office of State Treasurer and the Utilities Commission. Under existing law, the Division of Environmental Health reviews the applications to the revolving loan fund on technical merit. The Division anticipates that any increase in workload caused by reviewing additional applications can be absorbed by existing staff. Therefore, there is no fiscal impact on the state General Fund. Furthermore, the Division expects that number of new applicants will be limited due to the restrictions placed on the use of the funds by privately owned water systems. These restrictions include that funds be used only for projects that benefit a local government and which are consistent with an approved water supply plan.

After the applications are ranked on technical merit, current law directs the Local Government Commission to review applications submitted by local government units for financial risk. This PCS directs the State Treasurer, with assistance from the Utilities Commission, to develop and adopt similar debt instruments for use by applicants that are privately owned community water systems. Furthermore, the PCS directs the Utilities Commission to develop appropriate procedures for the delivery of these debt instruments. Finally, the Utilities Commission must approve privately owned community water systems' applications before those systems are eligible to receive funds. Neither the Office of State Treasurer nor the Utilities Commission anticipate that these activities will cause a substantial increase in their respective workloads. Consequently, there is no fiscal impact on either of these agencies as a result of this legislation.

Dissolution of Sanitary Districts

The addition of an alternative procedure for dissolution of a sanitary district should have no fiscal impact at the state level for the two departments affected by the change, specifically the Commission for Health Services and the Department of Health and Human Resources. Under existing law, 51 percent or more of the "resident freeholders" within a sanitary district may petition the board of county commissioners to dissolve the district. The alternative procedure provided for in this PCS would allow the board of the sanitary district, by unanimous vote, to petition the board of county commissioners in which the district is located to dissolve the district provided that the sanitary district meets the following conditions:

1) is located within a single county;
2) has no outstanding indebtedness;
3) was not located entirely within or coterminous with the corporate limits of a municipality when initially created;
4) has not provided water or sewer service for at least five years;
5) has not levied any ad valorem tax in the current year;
6) has been for at least five years located entirely within or coterminous with the corporate limits of a municipality; and,
7) has been annexed by and is located entirely within the corporate limits of a municipality that assumed all the assets and liabilities of the district.

The county commissioners must then notify both the governing body of the city or town and the Department of Health and Human Resources of the proposed dissolution. If the Commission for Health Services, the county board of commissioners and the municipality agree to the petition, the Commission will dissolve the district. Matters related to the sanitary district's collection of taxes, property and causes of action will pass to the city or town.[2] The net effect of the dissolution is the transfer of these matters from the sanitary district to the municipality.

EXPLANATION OF SENATE BILL 245:
Sewer/Sanitary District Financing (4th Edition)

TO: House Finance Committee
FROM: Cindy Avrette, Committee Counsel
DATE: July 20, 1998
SPONSOR: Senator Ledbetter

Senate Bill 245 adds three types of local governmental units to the list of local governmental units that can use installment purchase financing under G.S. 160A-20: metropolitan sewerage districts, sanitary districts, and the Roanoke Rapids School Board. The bill is effective upon ratification.

Under current law, a water and sewer authority and the Mooresville School Board have the authority to use installment purchase financing under G.S. 160A-20. That statute authorizes a listed unit to finance the purchase of real or personal property by an installment contract that pledges the asset financed as security. If the unit defaults on the loan, the sole recourse is to repossess or foreclose the pledged asset. Many financings under this statute are accomplished with certificates of participation. All financings under the statute that involve real property must be approved by the Local Government Commission. All financings that involve personal property must be approved by the Local Government Commission if they are for at least five years and for at least $500,000 or 1/10th of 1% of the assessed value of property in the district.

Metropolitan sewerage districts are created by resolution of the Environmental Management Commission after a public hearing and after a request from the local units affected. A sewerage district is governed by a board appointed by the governing bodies of the local units whose area is included in the district. The district can issue general obligation bonds and revenue bonds, levy property taxes in the district, and set and collect fees for sewerage service. There are few of these districts in the State. The most active one is in Buncombe County.

Sanitary districts are created by resolution of the Health Services Commission after a public hearing and after a petition of at least 51% of the property owners in the proposed district. A sanitary district is governed by a board elected by the residents of the district. Like a sewerage district, a sanitary district can issue general obligation bonds and revenue bonds, levy property taxes in the district, and set and collect fees for services. Sanitary districts can

provide a broad range of services, such as water, sewer, fire protection, garbage disposal, and rescue services.

The only two school boards that have the independent authority to levy a school tax are Mooresville and Roanoke Rapids. Under G.S. 160A-20, a local school administrative unit that is located in a county that has a population over 90,000 and whose board of education is authorized to levy a school tax may use installment financing. The bill expands this authorization to include Roanoke Rapids by deleting the population figures. There is no longer a need to use the population figure since its purpose was to limit the financing authority granted by the statute to the Mooresville school unit.

Through the many school acquisition bills the General Assembly has enacted, more than 50 counties have received authorization from the General Assembly to purchase property and build and renovate buildings for the school administrative units in those counties. The effect of these bills is to not only allow certain installment financing to be used for public school construction or renovation, but also to allow a refund of sales and use taxes paid on the school construction project. This bill will accomplish the first purpose for the Roanoke Rapids school board. It will not accomplish the second. A local school administrative unit can not receive a refund of sales and use taxes because it is not one of the governmental entities that are allowed refunds under G.S. 105-164.14(c). However, the Senate and the House Finance Committee have passed Senate Bill 77, which will allow sales and use tax refunds to all school administrative units.

BILL SUMMARY: G.S. 160A-20(h) allows counties, cities and specifically named local authorities to use installment financing for capital projects. The bill adds metropolitan sewer districts and sanitary districts to the list. The bill also removes the population requirement for school systems with independent taxing authority, to use installment purchase financing. Current law requires a county population of 90,000 of more, in addition to independent taxing authority, before the county's schools can use installment purchase financing.

ASSUMPTIONS AND METHODOLOGY: Under G.S. 160A-20, units of local government have the ability to finance the purchase of property through installment contracts. The term "local unit of government," as defined in subpart (h), currently includes counties, cities, water and sewer authorities, certain airport authorities, area mental health and substance abuse authorities, and certain school districts with independent taxing authority. The bill adds metropolitan sewer districts and sanitary districts to the list. There is no direct impact on state or local revenues from these additions because the bill only gives them an additional financing tool.

Currently only two school boards have the independent authority to levy a school tax - Mooresville and Roanoke Rapids. Of these, only Mooresville meets the population requirement. As such, the only school system in the state that can use installment financing is Mooresville. By removing the population requirement, the bill effectively extends that privilege to Roanoke Rapids schools. There is no direct impact on state or local revenues from this change.

A BILL TO BE ENTITLED

AN ACT TO PROVIDE AN AMUSEMENTS TAX EXEMPTION FOR CERTAIN NONPROFIT ARTS ORGANIZATIONS AND COMMUNITY FESTIVALS.

The General Assembly of North Carolina enacts:

Section 1. G.S. 105-37.1(a) reads as rewritten:

"(a) Every ~~person, firm, or corporation~~ person engaged in the business of giving, offering or managing any form of entertainment or amusement not otherwise taxed or specifically exempted in this Article, for which an admission is charged, shall pay an annual license tax of fifty dollars ($50.00) for each room, hall, tent or other place where ~~such~~ the admission charges are made.

In addition to the license tax levied above, ~~such person, firm, or corporation~~ the taxpayer shall pay an additional tax upon the gross receipts of ~~such~~ the business at the rate of three percent (3%). Reports shall be made to the Secretary ~~of Revenue, in such form as he may prescribe,~~ within the first 10 days of each month covering all ~~such~~ taxable gross receipts for the previous month, and the ~~additional tax herein levied~~ gross receipts tax shall be paid monthly at the time ~~such~~ the reports are made. The annual license tax ~~herein levied~~ shall be treated as an advance payment of the ~~tax upon gross receipts herein levied, and the annual license tax~~ gross receipts tax and shall be applied as a credit upon or advance payment of the gross receipts tax.

Every ~~person, firm, or corporation~~ person giving, offering, or managing any dance or athletic contest of any kind, except high school and elementary school athletic

contests, for which an admission fee in excess of fifty cents (50¢) is charged, shall pay an annual license tax of fifty dollars ($50.00) for each location where ~~such~~ the charges are made, and, in addition, a tax upon the gross receipts derived from admission charges at the rate of three percent (3%). The additional tax upon gross receipts shall be levied and collected in accordance with ~~such regulations as may be made by the Secretary of Revenue.~~ rules adopted by the Secretary. No tax shall be levied on admission fees for high school and elementary school contests.

Dances and other amusements actually promoted and managed by civic organizations and private and public secondary ~~schools,~~ schools shall not be subject to the license tax imposed by this section and the first one thousand dollars ($1,000) of gross receipts derived from ~~such~~ these events shall be exempt from the gross receipts tax ~~herein levied~~ when the entire proceeds of ~~such~~ the dances or other amusements are used exclusively for the school or civic and charitable purposes of ~~such~~ the organizations and not to defray the expenses of the organization conducting ~~such~~ the dance or amusement. The mere sponsorship of dance or other amusement by such a school, civic, or fraternal organization ~~shall not be deemed to exempt such~~ does not exempt the dance or other amusement as provided in this paragraph, but the exemption shall apply only when the dance or amusement is actually managed and conducted by the school, civic, or fraternal organization and the proceeds are used as ~~herein before required.~~ required by this paragraph.

Dances and other amusements promoted and managed by a qualifying corporation that operates a center for the performing and visual arts are exempt from the license tax and the gross receipts tax imposed under this section if the dance or other amusement is held at the center. 'Qualifying corporation' means a corporation that is exempt from income tax under G.S. 105-130.11(a)(3). 'Center for the performing and visual arts' means a facility, having a fixed location, that provides space for dramatic performances, studios, classrooms and similar accommodations to organized arts groups and individual artists. This exemption shall not apply to athletic events.

The license and gross receipts taxes imposed by this section do not apply to a ~~person, firm, or corporation~~ person that is exempt from income tax under Article 4 of this Chapter and is engaged in the business of operating a teen center. A 'teen center' is a fixed facility whose primary purpose is to provide recreational activities, dramatic performances, dances, and other amusements exclusively for teenagers.

The license and gross receipts taxes imposed by this section do not apply to arts festivals held by a person that is exempt from income tax under Article 4 of this Chapter and that meets the following conditions:

(1) The person holds no more than two arts festivals during a calendar year.

(2) Each of the person's arts festivals lasts no more than seven days.

(3) The arts festivals are held outdoors on public property and involve a variety of exhibitions, entertainments, and activities.

The license and gross receipts taxes imposed by this section do not apply to community festivals held by a person that is exempt from income tax under Article 4 of this Chapter and that meets all of the following conditions:

(1) The person holds no more than one community festival during a calendar year.
(2) The community festival lasts no more than seven days.
(3) The community festival involves a variety of exhibitions, walking tours, entertainments, and activities, the majority of which are held outdoors and are open to the public."

Section 2. G.S. 105-40, as amended by Senate Bill 1252, 1997 General Assembly, An Act To Simplify And Modify Privilege License And Excise Taxes And Related Permit Fees, is further amended by adding two new subdivisions to read:

"(10) Arts festivals held by a person that is exempt from income tax under Article 4 of this Chapter and that meets the following conditions:
a. The person holds no more than two arts festivals during a calendar year.
b. Each of the person's arts festivals last no more than seven days.
c. The arts festivals are held outdoors on public property and involve a variety of exhibitions, entertainments, and activities.

(11) Community festivals held by a person who is exempt from income tax under Article 4 of this Chapter and that meets all of the following conditions:
a. The person holds no more than one community festival during a calendar year.
b. The community festival lasts no more than seven days.
c. The community festival involves a variety of exhibitions, walking tours, entertainments, and activities, the majority of which are held outdoors and are open to the public."

Section 3. Section 1 of this act is effective when it becomes law. Section 1 of this act is repealed effective July 1, 1999, only if Senate Bill 1252, An Act To Simplify And Modify Privilege And Excise Taxes And Related Permit Fees, is enacted by the 1997 General Assembly. Section 2 of this act becomes effective July 1, 1999, if Senate Bill 1252, An Act To Simplify And Modify Privilege License And Excise Taxes And Related Permit Fees, is enacted by the 1997 General Assembly.

EXPLANATION OF SENATE BILL 1001 (PCS):
Expand Amusement Tax Exemption

TO: House Finance Committee
FROM: Martha H. Harris and Martha K. Walston, Staff Attorneys
DATE: July 20, 1998
SPONSOR: Senator Kinnaird

The proposed House committee substitute for Senate Bill 1001 creates two new exemptions from the privilege license tax on various forms of amusements and entertainments. Senate Bill 1001, as passed by the Senate, made clarifying changes to G.S. 105-37.1 and exempted a nonprofit arts organization's arts festivals if the organization met all of the following conditions:

(1) It held no more than two festivals a year.
(2) Each of the festivals lasted no more than seven days.
(3) The arts festivals were held outdoors on public property, and involved a variety of exhibitions, entertainments, and activities.

Section 1 of the House proposed committee substitute also contains the clarifying changes to G.S. 105-37.1 and the exemption of certain arts festivals from the privilege license tax. The proposed committee substitute exempts arts festivals held by a person that is exempt from the State income tax and that meets the above conditions. Section 1 of the proposed committee substitute also adds to the statute the exemption from the privilege license tax set out in Senate Bill 1450, introduced by Senator Ballentine. Senate Bill 1450 exempts from the privilege license tax community festivals held by a person who is exempt from State income tax and who meets all of the following conditions:

(1) The person holds no more than one community festival a year.
(2) The festival lasts no more than 7 days.
(3) The festival involves a variety of exhibitions, walking tours, entertainments, and activities, the majority of which are held outdoors and are open to the public.

Section 2 of the proposed committee substitute amends Senate Bill 1252, AN ACT TO SIMPLIFY AND MODIFY PRIVILEGE LICENSE AND EXCISE TAXES AND RELATED PERMIT FEES, so that the tax exemptions for community festivals and arts festivals would be added to the list of exemptions from the 3% gross receipts tax on amusements, if SB 1252 is enacted.

Section 1 of the act is effective when it becomes law. Section 1 is repealed effective July 1, 1999, if Senate Bill 1252 is enacted. Section 2 of the act becomes effective only if Senate Bill 1252 is enacted.

Current Law

The State levies a 3% gross receipts tax on anyone engaged in the business of offering amusements, athletic events, dances, and entertainments for which an admission is charged. Under current law, exemptions from the tax are narrowly drawn:

- Elementary and secondary athletic contests
- The first $1,000 of receipts from fund-raising dances actually managed by the civic group or school raising funds
- Fund-raising entertainments produced exclusively by volunteer local talent
- Entertainments (but not athletic events) offered at and by a nonprofit arts center
- Nonprofit teen centers
- Entertainments on the Cherokee Indian reservation when the person giving, offering, or managing the entertainment is authorized to do business on the reservation and pays the tribal gross receipts levy to the tribal council.

Senate Bill 1252 is a recommendation of the Revenue Laws Study Committee and was introduced in the 1997 Regular Session. The version of the Bill, as passed by the Senate, exempts all elementary and secondary school dances and other amusements. Current law only exempts the first $1,000 of gross receipts derived from dances and amusements actually promoted and managed by secondary schools when the proceeds are used exclusively for the school and not to defray expenses. The Senate version also includes within the list of exemptions those amusements that are listed as exempt in other sections of the General Statutes (the North Carolina Symphony Society and amusements organized under the Agriculture Chapter), and outdoor historical dramas that are described in Chapter 143 and that have generally been exempt under the current definition for exemptions in G.S. 105-40. The House added all motion picture shows to the list of amusements exempt from the 3% gross receipts tax on amusements.

FISCAL IMPACT

Yes (X) **No ( )** **No Estimate Available ( )**

	FY 1998-99	FY 1999-00	FY 2000-01	FY 2001-02	FY 2002-03
REVENUES					
General Fund	**Revenue loss less than $25,000 each fiscal year**				

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: Department of Revenue - Corporate, Excise and Insurance Tax Div.

EFFECTIVE DATE: The exemption is effective when the act becomes law.

BILL SUMMARY: This act repeals the $50 license and 3% gross receipts tax on arts festivals and community festivals that meet certain criteria. To be exempt from tax, arts festivals must be held outdoors on public property, involve a variety of exhibitions, entertainments and activities, last no more than seven days, and be held no more than twice a year. Exempt community festivals must be held only once a year, last no more than seven days, and involve a variety of exhibitions, walking tours, entertainments, and activities that are held mostly outdoors and are open to the public.

ASSUMPTIONS AND METHODOLOGY: The Department of Revenue reviewed all arts and community festivals that paid gross receipts taxes in FY 1997-98. The Department collected $21,225 in revenue from New Years' Eve festivals and product/crop festivals in FY 1997-98. The Department estimates the General Fund revenue loss to be less than $25,000 each fiscal year.

Authorization of Self-Liquidating Capital Improvements Projects

It is recommended that the Board approve eleven self-liquidating capital improvements projects totaling $92,482,400 at eight institutions. The projects would then be forwarded to the General Assembly for authorization during the 1998 Session.

Appalachian State University

Renovation of Welborn Cafeteria, $6,159,700

The project would provide for the renovation of Welborn Cafeteria, the principal student dining facility on campus. The original facility was constructed in 1925 with additions completed in 1965 and 1988. The project proposes to renovate the 30,555 square feet in the original facility and to provide new heating, ventilating, cooling, plumbing, and electrical systems. The original facility contains the central kitchen and two main dining rooms which seat a total of 900 people. The project further provides for asbestos abatement, re-roofing, ADA improvements, and exterior renovations. The University proposes to finance the project through the sale of revenue bonds to be retired from dining system receipts.

East Carolina University

West End Dining Hall, $7,410,300

The project would provide for the construction of a 32,950 square foot dining hall with seating for 600 people. The facility would be located on the main academic campus near five university residence halls as well as a privately owned student condominium complex. The project would be financed through the sale of revenue bonds to be retired from dining receipts.

North Carolina A&T State University

Residence Hall Improvements, $5,000,100

The University has employed the firm of Hayes, Seay, Mattern & Mattern to conduct a study and make recommendations concerning improvements to campus residence halls. The firm has identified the need to invest in excess of $20 million in the housing system to perform all needed renovations. The University requests to proceed with improvements totaling $5,000,100 in eleven residence halls to address the most immediate needs including building code violations, life safety needs, roofing needs, sprinkler systems, electrical upgrades, and plumbing needs. The University proposes to finance the project through the sale of revenue bonds to be retired from housing system receipts.

North Carolina State University

Centennial Campus Buildings, Improvements for Tenants Use, $2,862,600

The project would provide for the design and construction of improvements to facilities on the Centennial Campus to meet specific needs of the tenants that occupy the facilities. The improvements would be financed through the sale of revenue bonds to be retired from rents charged to building occupants.

The University of North Carolina at Chapel Hill

Medical Biomolecular Research Building, Phase II, $30,045,500

Included in the *1997-99 Budget Request of the Board of Governors* is a request for $29,493,800 to provide funding for Phase I of the Medical Biomolecular Research Building. The General Assembly has previously appropriated $1,000,000 for planning this facility. The University now proposes to construct the second phase of the research facility at the same time as the first phase by adding three additional floors estimated to cost $30,045,500. The self-liquidating portion of the project would be financed through the sale of revenue bonds to be retired from overhead receipts.

Renovations and Addition to the Frank Porter Graham Student Union, $13,287,300

The Frank Porter Graham Student Union was completed in 1968 with an addition that was constructed in 1977. The project proposes to construct an addition of 36,120 square feet to provide space for student organizational offices, meeting rooms, and a variety of activity and service spaces. The existing 118,255 square foot building would be completely renovated. The project would be financed through the sale of revenue bonds to be retired from a new debt service fee of approximately $60.00.

Addition to Beard Hall, $8,414,200

The General Assembly has appropriated $9,824,600 to provide an addition to Beard Hall to accommodate growth in the School of Pharmacy. The University now proposes to expand the addition by 22,000 square feet to provide more classroom and laboratory space. The proposed project further provides approximately $1.5 million for additional fixed, movable, and audiovisual equipment. In addition, the cost estimate provides $1.5 million for the relocation of major steam and chilled water lines which must be moved before the addition can be constructed. The project would be financed through gifts to the University.

Institute of Government Parking Deck, $1,548,500

The project would provide for the construction of a 183-space, two-level parking deck on the west side of the Knapp Building. The deck is an integral part of the additions and renovations to the Knapp Building and is needed to provide adequate parking for students and visitors to the Institute of Government. The project would be financed through borrowing to be retired from parking system receipts.

The University of North Carolina at Charlotte

Addition to the Barnhardt Student Activity Center, $5,772,800

The project would provide for a 29,200 square foot addition to the north side of the Student Activity Center. The addition would contain weight training facilities, a practice basketball court, offices, and academic study hall space. The project would be financed from a combination of balances in institutional accounts and contributions.

The University of North Carolina at Wilmington

Improvements to Athletic Facilities, $4,481,600

The project would provide for improvements to several different athletic facilities throughout the UNC-Wilmington campus. First, the University proposes to construct a 10,000 square foot sports medicine complex with offices, conference rooms, classrooms, treatment facilities, and lockers/dressing rooms for six sports programs. Next, the University proposes to add 6,000 square feet and renovate 2,200 square feet in Nixon Annex, which houses the Director of Athletics. An addition of 1,500 square feet and the renovation of 2,200 square feet is proposed for use by the baseball program. In the softball stadium, the University proposes to construct two players' dugouts and a two-story press building. Within Green Track Stadium, the running track would be resurfaced and restrooms and locker rooms would be added. The University proposes to resurface the tennis courts and add bleachers, restrooms, and locker rooms. Within the soccer stadium, bleachers would be enclosed within a brick screen wall and restroom facilities would be added. The project further provides for air conditioning the natatorium. The project would be financed from private gifts.

Western Carolina University

Work Force Development Center, $7,499,800

The project would provide for the construction of a 31,400 square foot facility to be financed from Federal grants. The purpose of the Center is to contribute to a better-prepared, more highly skilled workforce for the mountain region of Western North Carolina by enhancing undergraduate and graduate education through the application of electronics technologies to the curricula. The Center will assist businesses in North Carolina, especially new, emerging, and small businesses in Western North Carolina, through training, credit and non-credit education, videoconferencing, and public-private partnerships for product or service development. The facility would contain classrooms, laboratories, computer rooms for 150 people, plastics and laser laboratories, television and radio studios, and a robotics research laboratory.

A BILL TO BE ENTITLED

AN ACT TO IMPROVE AND MODERNIZE THE TORRENS LAND TITLE REGISTRATION PROCEDURES OF THE STATE.

The General Assembly of North Carolina enacts:

Section 1. G.S. 43-5 reads as rewritten:

"**§ 43-5. Fees of officers.**

The examiner ~~hereinbefore~~ provided for in G.S. 43-4 shall ~~receive, as may be allowed by the clerk, a minimum fee of five dollars ($5.00) for such examination of each title of property assessed upon the tax books at the amount of five thousand dollars ($5,000) or less; for each additional thousand dollars ($1,000) of assessed value of property so examined he shall receive fifty cents (50¢); for examination outside of the county he shall receive a reasonable allowance.~~ be compensated as provided in G.S. 1-408. All plats required by this Chapter shall comply with G.S. 47-30 and shall be recorded in the office of the register of deeds, and the recording fee shall be that specified in G.S. 161-10 for recording plats. ~~There shall be allowed to the register of deeds for copying the plot upon registration of titles book two dollars ($2.00) for the first page and one dollar ($1.00) for each succeeding page;~~ The fee for ~~copying or~~ recording new certificates under this ~~Chapter, two dollars ($2.00) for the first page and one dollar ($1.00) for each succeeding page;~~ Chapter shall be that specified in G.S. 161-10 for recording instruments in general. The fee for issuing the certificate and new certificates under this ~~Chapter, fifty cents (50¢) for each;~~ Chapter shall be that specified in G.S. 161-10 for issuing certified copies. The fee for noting the entries or memorandum required and for the entries noting the cancellation of

mortgages and all other entries, if any, herein provided ~~for, fifty cents (50¢) for each entry. The county or other surveyor employed under the provisions of this Chapter shall not be allowed to charge more than forty cents (40¢) per hour for his time actually employed in making the survey and the map, except by agreement with the petitioner, but he shall be allowed a minimum fee of two dollars ($2.00).~~ for shall be that specified in G.S. 161-10 for recording instruments in general.

There shall be no other fees allowed of any nature except as herein provided, and the ~~bond~~ bonds of the ~~register,~~ register and clerk ~~and sheriff~~ shall be liable in case of any mistake, malfeasance, or misfeasance as to the duties imposed upon them by this Chapter in as full a manner as such bond is now liable by law."

Section 2. G.S. 43-13 reads as rewritten:

"**§ 43-13. Manner of registration.**

(a) The ~~county commissioners of each county shall provide for the~~ register of deeds ~~in the county a book, to be called Registration of Titles, in which the register~~ shall ~~enroll,~~ register and index, as hereinafter provided, the decree of title before mentioned ~~and the copy of the plot contained in the petition,~~ and all subsequent transfers of title, and note all voluntary and involuntary transactions in any wise affecting the title to the land, authorized to be entered ~~thereon.~~ thereon in the real property records and indexes. The certificate of title and the entries for voluntary and involuntary transactions shall be indexed on the grantor index in the name 'Registered estate no. ....' and on the grantee index in the name of the registered owner. If the title be subject to trust, condition, encumbrance or the like, the words 'in trust,' 'upon condition,' 'subject to encumbrance,' 'life estate,' or like appropriate insertion shall indicate the fact and fix any person dealing with such certificate with notice of the particulars of such limitations upon the title as appears upon the ~~registry.~~ registry, and no new or additional certificate number shall be issued in such circumstances. No erasure, alteration, or amendment shall be made upon the registry after entry and issuance of a certificate of title except by order of a court of competent jurisdiction.

(b) When a voluntary or involuntary transaction is entered on a certificate of title, the certificate with the new entry shall be copied and recorded and indexed in the real property records and indexes. The copied certificate shall be indexed on the grantor index in the name 'Registered estate no. ....' and on the grantee index in the name of the registered owner."

Section 3. G.S. 43-31 reads as rewritten:

"**§ 43-31. When whole of land conveyed.**

Whenever the whole of any registered estate is transferred or conveyed the same shall be done by a transfer or conveyance ~~upon or~~ attached to the certificate substantially as follows:

~~A.B. and wife~~ The owners (giving the names of the parties owning land described in the certificate ~~and their wives~~) hereby, in consideration of ..... dollars, sell and convey to ~~C.Bill~~ the purchaser (giving name of purchaser) the lot or tract of land, as the case may be, described in the certificate of title hereto attached. The transfer

shall be indexed on the grantor and grantee indexes in the same manner as deeds are indexed.

The same shall be signed and properly acknowledged by the parties ~~and their wives~~ and shall have the full force and effect of a deed in fee simple: Provided, that if the sale shall be in trust, upon condition, with power to sell or other unusual form of conveyance, the same shall be set out in the deed, and shall be entered upon the registration of titles book as hereinafter provided; that upon presentation of the transfer, together with the certificate of title, to the register of deeds, the transaction shall be duly noted and registered in accordance with the provisions of this Chapter, and certificate of title so presented shall be canceled and a new certificate with the same number issued to the purchaser thereof, which new certificate shall fully refer by number and also by name of holder to former certificate just canceled."

Section 4. G.S. 43-32 reads as rewritten:

"**§ 43-32. Conveyance of part of registered land.**

The transfer of any part of a registered estate, either of an undivided interest therein or of a separate lot or parcel thereof, shall be made by an instrument of the transfer or conveyance similar in form to that herein provided for the transfer of the whole of any registered estate, to which shall be attached the certificate of title of such registered estate. In case of the transfer of an undivided interest in a registered estate, such instrument or transfer or conveyance shall accurately specify and describe the extent and amount of the interest transferred and of the interest retained, respectively. In case of a transfer of a separate lot or parcel of a registered estate, such instrument of transfer or conveyance shall describe the lot or parcel transferred either by metes and bounds or by reference to the map or plat attached thereto, and shall in every case be accompanied by a map or plat having clearly indicated thereon the boundaries of the whole of the registered estate and of the lot or parcel to be ~~transferred.~~ transferred, but a new survey of the original registered estate shall not be required. The transfer shall be indexed on the grantor and grantee indexes in the same manner as deeds are indexed."

Section 5. G.S. 43-33 reads as rewritten:

"**§ 43-33. Duty of register of deeds upon part conveyance.**

Upon presentation to the register of deeds of an instrument of transfer or conveyance of an undivided interest in a registered estate, in proper form as above prescribed, it shall be his duty to cancel the certificate of title attached thereto and to issue to each owner a new certificate of title, each bearing the same number as the original certificate of title and accurately specifying and describing the extent and the amount of the interest retained or of the interest transferred, as the case may be. Upon presentation to the register of deeds of an instrument of transfer or conveyance of a separate lot or parcel of a registered estate, in proper form as above prescribed, it shall be his duty to cancel the certificate of the title attached thereto and to issue to each owner a new certificate of title bearing a new number and describing the separate lot or parcel retained or transferred, as the case may be, either by metes and bounds or by reference to a map or plat thereto attached. The register of deeds is responsible for determining that each new certificate of title

contains a description of the property transferred or retained but not for verifying the accuracy of any description."

Section 6. G.S. 43-45 reads as rewritten:

"**§ 43-45. Docketed judgments.**

Whenever any judgment of the superior court of the county in which the registered estate is situated shall be duly docketed in the office of the clerk of the superior court, or any lien or notice of lis pendens is filed in the office of the clerk of the superior court, it shall be the duty of the ~~clerk~~ clerk, upon the request of any interested party, to certify the same to the register of deeds. The register of deeds shall ~~thereupon~~ enter upon the certificate of title, the date, and the amount of the judgment, and the same shall be a lien upon such land as fully as such docketed judgment would be a lien upon unregistered lands of the judgment ~~debtor.~~ debtor, and the register of deeds is authorized to recover the certificate of title pursuant to G.S. 43-40. The register of deeds shall also enter notice of the judgment, lien, or lis pendens on the record copy of the certificate of title, and the encumbrance is valid against the registered estate from the time it is noted on the record copy."

Section 7. G.S. 43-46 reads as rewritten:

"**§ 43-46. Notice of delinquent taxes filed.**

It shall be the duty of the ~~sheriff or other collector of taxes or assessments of each county and town,~~ tax collector of each taxing unit, not later than ~~the first day of March in each year,~~ June 30 following the date the taxes became delinquent, to file an exact memorandum of the delinquency, if any, of any registered land for the nonpayment of the taxes or assessments thereon, including ~~penalty therefor,~~ interest, in the office of the register of deeds for registration; and if such officer fails to perform such duty, and there shall be subsequent to such day a transfer of the land as hereinbefore provided, the grantee shall acquire a good title free from any lien for such taxes and assessments, and ~~such sheriff or other~~ the collector ~~of taxes~~ and his sureties shall be liable for the payment of the taxes and assessments with the ~~penalty and~~ interest thereon. The register of deeds shall enter the notice of delinquency on the record copy of the certificate of title, and the tax lien shall be valid against the registered estate from the time it is noted on the record copy. The register of deeds shall enter the notice of cancellation of the tax lien on the record copy of the certificate of title upon presentation of satisfactory evidence of payment."

Section 8. G.S. 43-47 is repealed.

Section 9. G.S. 43-48 reads as rewritten:

"**§ 43-48. Foreclosure of tax lien. ~~Sale of unredeemed land; application of proceeds.~~**

~~If there be no redemption of land under the preceding section [G.S. 43-47], in accordance with the law, it shall be the duty of the sheriff or other collector of taxes in the county or town in which the land lies to sell the same at public auction for cash, first giving such notice of the time and place of sale as is prescribed for execution sales, and the proceeds of sale shall be applied, first, to the payment of all taxes and assessments then due to the State, county and town, with interest, penalty and costs; second, to the payment of all sums paid by any person who purchased at the former tax sale, with interest and the additional sum of five dollars ($5.00); third,~~

~~to the payment of a commission to the officer making the sale of five per centum (5%) on the first three hundred dollars ($300.00) and two per centum (2%) on the residue of the proceeds; fourth, to the satisfaction of any liens other than the taxes and assessments registered against the land in the order of their priorities; fifth, and the surplus, if any, to the person in whose name the land was previous to sale for taxes, subject to redemption as provided herein, his heirs, personal representatives or assigns.~~ The lien for ad valorem taxes may be foreclosed and the property sold pursuant to G.S. 105-375. A note of the sale under this section shall be duly registered, and a certificate shall be entered and an owner's certificate issued in favor of the purchaser in whom title shall be thereby vested as registered owner, in accordance with the provisions of this Chapter. Nothing in this section shall be so construed as to affect or divert the title of a tenant in reversion or remainder to any real estate which has been returned delinquent and sold on account of the default of the tenant for life in paying the taxes or assessments thereon."

Section 10. This act becomes effective January 1, 1999.

EXPLANATION OF HOUSE BILL 1354 (PCS):
Improve Torrens Law

TO: House Finance Committee
FROM: Tim Hovis, Giles Perry, and Martha Walston, Staff Attorneys
DATE: July 16, 1998
SPONSOR: Representative Brawley

The proposed committee substitute for House Bill 1354 changes antiquated language, revises fees, and updates indexing procedures. The changes in the proposed committee substitute adopted by House JII, are in bold.

BACKGROUND: "Torrens" is an alternate system of land title registration named after Sir Robert Torrens of South Australia, who is credited with drafting the first land title registration law in 1858. The "Torrens" method, as authorized since 1913 by Chapter 43 of the North Carolina General Statutes, allows a person to establish title by a judicial proceeding that produces an official certificate of ownership by judicial decree. This certificate is then registered and is considered conclusive evidence of title. Although this procedure is available statewide, it is apparently used only sporadically as a method of title registration, mainly in the eastern counties of the State.

Section 1 amends G.S. 43-5, the section that sets fees for examiners under the Torrens law. A Torrens examiner is an attorney appointed by the clerk of superior court to make an independent examination of the title after a petitioner has instituted a proceeding to have a parcel of land registered under the Torrens system. Current law provides that the examiner be paid a minimum of $5.00 for property valued at $5,000 or less, and 50 cents for each additional $1,000 of assessed value in the land. Section 1 deletes this archaic fee structure and places compensation of the examiner in the discretion of the clerk of court, as with other related proceedings. The clerk is to determine a reasonable fee and any dissatisfied party has the right to appeal to the judge. Section 1 also amends G.S. 43-5 to require Torrens plats to be recorded as are other plats, with the same fees as provided for other plats in G.S. 161-10. This fee is $21.00 per sheet or page. The fee for recording a new certificate will be the fee charged for instruments in general. This fee is $6.00 for the first page and $2.00 for each additional page. The fee for issuing a certificate will be $3.00 for the first page and $1.00 for each additional page. The section deletes an archaic reference to county surveyors and a confusing waivable restriction on fees charged by surveyors of property involved in the Torrens proceeding. With this change, a surveyor's fee in a Torrens action would be a private matter between the petitioner and the surveyor. The section deletes an obsolete reference to sheriff's bonds. Sheriffs formerly had responsibility for collecting taxes on registered ("Torrenized') land, but that responsibility has long since been repealed.

Section 2 eliminates the requirement that registers of deeds keep a separate book for registered titles, and instead requires them to be indexed in the regular grantor-grantee indexes. Any transactions involving these properties would have to be noted by "registered estate no." so they could easily be identified as a "Torrens" property. Section 2 also requires any new transaction noted on the certificate of title to be copied, recorded and indexed at the register of deeds.

Section 3 updates the language in G.S. 43-31, the section that sets out the proper language to use in a Torrens certificate.

Section 4 eliminates the requirement for a survey of the entire original registered tract when a portion of the tract is transferred.

Section 5 clarifies that in the case of the transfer of a portion of a Torrenized tract, the register of deeds is responsible for ensuring that the new certificate contains a description of the property transferred, but is not responsible for the accuracy of the description.

Section 6 requires the clerk of court, upon request of an interested party, to certify to the register of deeds any judgments, liens, and notices of lis pendens. The register of deeds would then be required to note the judgment, lien, or notice of lis pendens on the record copy of the certificate of title. Recording of notice of the judgment, liens, or lis pendens on the record copy would make the encumbrance valid against the registered estate from the time of recordation.

Section 7 changes the method for attachment of tax liens on registered property. Under current law, tax liens attach on registered property only if the collector files a notice of tax lien with the register of deeds by March 1 of each year. The Bill would change this date to June 30, and require the register of deeds to note the delinquency on the record copy of the certificate of title. **The proposed committee substitute provides that the register of deeds will enter notice of cancellation of the tax lien on the record copy of the certificate of title upon evidence of payment.**

Section 8 repeals G.S. 43-47, a unique method for sale of registered property to satisfy tax liens. The standard tax lien method is referenced in Section 9.

Section 9 eliminates an archaic method for sale and distribution of proceeds of the foreclosure of registered property for taxes or other liens, and references the standard tax lien foreclosure statute.

Section 10 provides that the bill would become effective January 1, 1999.

The PCS deletes a provision that would have authorized the register of deeds to make corrections to registered title certificates upon the death of a life tenant, spouse, or joint tenant. Current law requires these corrections to be made by petitioning the superior court.

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: County Register of Deeds.

EFFECTIVE DATE: January 1, 1999

BILL SUMMARY: The bill makes several changes to the Torrens Act. First, the bill replaces the fee schedule in current law with references to the general fee schedules administered by the register of deeds. Second, the bill defines how registered titles are indexed, and makes special provisions for correction of title at the death of a spouse, life tenant, or joint tenant. Third, the bill updates the procedures for entering judgments, liens, or lis pendens on the record title. Forth, the bill revises the notice procedures for tax delinquency or foreclosure, making it consistent with existing tax collection procedures.

ASSUMPTIONS AND METHODOLOGY: Torrens law is a land registration system, administered by the court, that makes a permanent and complete record of the exact statute of the title. The system registers conclusively the proper ownership of the land. The Torrens system protects absent landholders from squatters who attempt to obtain ownership of the property. As such, large landowners like timber companies, are most likely to use the Torrens system.

Because the bill alters the fee schedule there will be a fiscal impact. The chart below outlines the changes in fees, and indicated of who pays and receives those fees.

Fee Type	Current Fee	Proposed Fee
Examination of Title:	$5.00 up to $5000 in property, and $0.50 for each additional $1000 of property	reasonable fee for service
- paid by landowner		
- paid to examiner		
Recording Plot Upon Reg.	$2.00 for the first page and $1.00 for each additional	$21.00 per page
- paid by landowner		
- paid to Reg. of Deeds		
Recording New Certificates	$2.00 for the first page and $1.00 for each additional	$6.00 for the first page, $2.00 for each additional
-paid by landowner		
- paid to Reg. of Deeds		
Issuing Cert. & New Cert.	$0.50	$3.00 for the first page, $1.00 for each additional
- paid by landowner		
- paid to Reg. of Deeds		
Noting the Entries (Memo)	$0.50 per entry	$6.00 for the first page, $2.00 for each additional
- paid by landowner		
-paid to Reg. of Deeds		
Survey and Map	$0.40 per hour, minimum fee of $2.00	
- paid by landowner		
- paid to county surveyor		

Ten or fewer coastal counties use the Torrens system on a regular basis. One of these counties, Washington, reports that they have 18 Torrens books. They report that their annual fee income from Torrens activity is approximately $125. Their Torrens fee related income under the bill is approximately $300. Beaufort County also uses Torrens. Beaufort reports Torrens related fee income of less than $100 per year. Beaufort estimates that their Torrens fee income will still be less than $500 under the bill.

TECHNICAL CONSIDERATIONS: There is very little data on the use of Torrens law. County Register of Deeds offices do not routinely track the related fee information. As such, some of these numbers reported by Registers of Deeds are estimates.

A BILL TO BE ENTITLED

AN ACT TO IMPROVE AND MODERNIZE THE TORRENS LAND TITLE REGISTRATION PROCEDURES OF THE STATE.

The General Assembly of North Carolina enacts:

Section 1. G.S. 43-5 reads as rewritten:

"**§ 43-5. Fees of officers.**

The examiner ~~hereinbefore~~ provided for in G.S. 43-4 shall ~~receive, as may be allowed by the clerk, a minimum fee of five dollars ($5.00) for such examination of each title of property assessed upon the tax books at the amount of five thousand dollars ($5,000) or less; for each additional thousand dollars ($1,000) of assessed value of property so examined he shall receive fifty cents (50¢); for examination outside of the county he shall receive a reasonable allowance.~~ be compensated as provided in G.S. 1-408. All plats required by this Chapter shall comply with G.S. 47-30 and shall be recorded in the office of the register of deeds, and the recording fee shall be that specified in G.S. 161-10 for recording plats. ~~There shall be allowed to the register of deeds for copying the plot upon registration of titles book two dollars ($2.00) for the first page and one dollar ($1.00) for each succeeding page;~~ The fee for ~~copying or~~ recording new certificates under this ~~Chapter, two dollars ($2.00) for the first page and one dollar ($1.00) for each succeeding page;~~ Chapter shall be that specified in G.S. 161-10 for recording instruments in general. The fee for issuing the certificate and new certificates under this ~~Chapter, fifty cents (50¢) for each;~~ Chapter shall be that specified in G.S. 161-10 for issuing certified copies. The fee for noting the entries or memorandum required and for the entries noting the cancellation of

mortgages and all other entries, if any, herein provided ~~for, fifty cents (50¢) for each entry. The county or other surveyor employed under the provisions of this Chapter shall not be allowed to charge more than forty cents (40¢) per hour for his time actually employed in making the survey and the map, except by agreement with the petitioner, but he shall be allowed a minimum fee of two dollars ($2.00).~~ for shall be that specified in G.S. 161-10 for recording instruments in general.

There shall be no other fees allowed of any nature except as herein provided, and the ~~bond~~ bonds of the ~~register,~~ register and clerk ~~and sheriff~~ shall be liable in case of any mistake, malfeasance, or misfeasance as to the duties imposed upon them by this Chapter in as full a manner as such bond is now liable by law."

Section 2. G.S. 43-13 reads as rewritten:

"**§ 43-13. Manner of registration.**

(a) The ~~county commissioners of each county shall provide for the~~ register of deeds ~~in the county a book, to be called Registration of Titles, in which the register~~ shall ~~enroll,~~ register and index, as hereinafter provided, the decree of title before mentioned ~~and the copy of the plot contained in the petition,~~ and all subsequent transfers of title, and note all voluntary and involuntary transactions in any wise affecting the title to the land, authorized to be entered ~~thereon.~~ thereon in the real property records and indexes. The certificate of title and the entries for voluntary and involuntary transactions shall be indexed on the grantor index in the name 'Registered estate no. ....' and on the grantee index in the name of the registered owner. If the title be subject to trust, condition, encumbrance or the like, the words 'in trust,' 'upon condition,' 'subject to encumbrance,' 'life estate,' or like appropriate insertion shall indicate the fact and fix any person dealing with such certificate with notice of the particulars of such limitations upon the title as appears upon the ~~registry.~~ registry, and no new or additional certificate number shall be issued in such circumstances. No erasure, alteration, or amendment shall be made upon the registry after entry and issuance of a certificate of title except by order of a court of competent jurisdiction.

(b) When a voluntary or involuntary transaction is entered on a certificate of title, the certificate with the new entry shall be copied and recorded and indexed in the real property records and indexes. The copied certificate shall be indexed on the grantor index in the name 'Registered estate no. ....' and on the grantee index in the name of the registered owner."

Section 3. Chapter 43 of the General Statutes is amended by adding a new section to read:

"**§ 43-30.1. Correction of registered title by the register of deeds upon death of spouse, life tenant, or joint tenant.**

Upon the death of a life tenant in registered property, the spouse of a registered owner, or a joint tenant with right of survivorship, any surviving claimant under the registered title may apply to the register of deeds for a correction to the certificate of title. Upon receipt of the applicable death certificate, the register of deeds may make appropriate changes, deletions, or corrections to the certificate of title. Any interested party may appeal the register of deeds' changes to the certificate of title

under this section by filing with the clerk of superior court a notice of appeal within 30 days of the register of deeds' decision. If not appealed within 30 days, any changes by the register of deeds to the certificate of title pursuant to this section shall become final."

Section 4. G.S. 43-31 reads as rewritten:

"**§ 43-31. When whole of land conveyed.**

Whenever the whole of any registered estate is transferred or conveyed the same shall be done by a transfer or conveyance ~~upon or~~ attached to the certificate substantially as follows:

~~A.B. and wife~~ The owners (giving the names of the parties owning land described in the certificate ~~and their wives~~) hereby, in consideration of ..... dollars, sell and convey to ~~C.Bill~~ the purchaser (giving name of purchaser) the lot or tract of land, as the case may be, described in the certificate of title hereto attached. The transfer shall be indexed on the grantor and grantee indexes in the same manner as deeds are indexed.

The same shall be signed and properly acknowledged by the parties ~~and their wives~~ and shall have the full force and effect of a deed in fee simple: Provided, that if the sale shall be in trust, upon condition, with power to sell or other unusual form of conveyance, the same shall be set out in the deed, and shall be entered upon the registration of titles book as hereinafter provided; that upon presentation of the transfer, together with the certificate of title, to the register of deeds, the transaction shall be duly noted and registered in accordance with the provisions of this Chapter, and certificate of title so presented shall be canceled and a new certificate with the same number issued to the purchaser thereof, which new certificate shall fully refer by number and also by name of holder to former certificate just canceled."

Section 5. G.S. 43-32 reads as rewritten:

"**§ 43-32. Conveyance of part of registered land.**

The transfer of any part of a registered estate, either of an undivided interest therein or of a separate lot or parcel thereof, shall be made by an instrument of the transfer or conveyance similar in form to that herein provided for the transfer of the whole of any registered estate, to which shall be attached the certificate of title of such registered estate. In case of the transfer of an undivided interest in a registered estate, such instrument or transfer or conveyance shall accurately specify and describe the extent and amount of the interest transferred and of the interest retained, respectively. In case of a transfer of a separate lot or parcel of a registered estate, such instrument of transfer or conveyance shall describe the lot or parcel transferred either by metes and bounds or by reference to the map or plat attached thereto, and shall in every case be accompanied by a map or plat having clearly indicated thereon the boundaries of the whole of the registered estate and of the lot or parcel to be ~~transferred.~~ transferred, but a new survey of the original registered estate shall not be required. The transfer shall be indexed on the grantor and grantee indexes in the same manner as deeds are indexed."

Section 6. G.S. 43-33 reads as rewritten:

"**§ 43-33. Duty of register of deeds upon part conveyance.**

Upon presentation to the register of deeds of an instrument of transfer or conveyance of an undivided interest in a registered estate, in proper form as above prescribed, it shall be his duty to cancel the certificate of title attached thereto and to issue to each owner a new certificate of title, each bearing the same number as the original certificate of title and accurately specifying and describing the extent and the amount of the interest retained or of the interest transferred, as the case may be. Upon presentation to the register of deeds of an instrument of transfer or conveyance of a separate lot or parcel of a registered estate, in proper form as above prescribed, it shall be his duty to cancel the certificate of the title attached thereto and to issue to each owner a new certificate of title bearing a new number and describing the separate lot or parcel retained or transferred, as the case may be, either by metes and bounds or by reference to a map or plat thereto attached. The register of deeds is responsible for determining that each new certificate of title contains a description of the property transferred or retained but not for verifying the accuracy of any description."

Section 7. G.S. 43-45 reads as rewritten:

"**§ 43-45. Docketed judgments.**

Whenever any judgment of the superior court of the county in which the registered estate is situated shall be duly docketed in the office of the clerk of the superior court, or any lien or notice of lis pendens is filed in the office of the clerk of the superior court, it shall be the duty of the ~~clerk~~ clerk, upon the request of any interested party, to certify the same to the register of deeds. The register of deeds shall ~~thereupon~~ enter upon the certificate of title, the date, and the amount of the judgment, and the same shall be a lien upon such land as fully as such docketed judgment would be a lien upon unregistered lands of the judgment ~~debtor.~~ debtor, and the register of deeds is authorized to recover the certificate of title pursuant to G.S. 43-40. The register of deeds shall also enter notice of the judgment, lien, or lis pendens on the record copy of the certificate of title, and the encumbrance is valid against the registered estate from the time it is noted on the record copy."

Section 8. G.S. 43-46 reads as rewritten:

"**§ 43-46. Notice of delinquent taxes filed.**

It shall be the duty of the ~~sheriff or other collector of taxes or assessments of each county and town,~~ tax collector of each taxing unit, not later than ~~the first day of March in each year,~~ June 30 following the date the taxes became delinquent, to file an exact memorandum of the delinquency, if any, of any registered land for the nonpayment of the taxes or assessments thereon, including ~~penalty therefor,~~ interest, in the office of the register of deeds for registration; and if such officer fails to perform such duty, and there shall be subsequent to such day a transfer of the land as hereinbefore provided, the grantee shall acquire a good title free from any lien for such taxes and assessments, and ~~such sheriff or other~~ the collector ~~of taxes~~ and his sureties shall be liable for the payment of the taxes and assessments with the ~~penalty and~~ interest thereon. The register of deeds shall enter the notice of delinquency on the record copy of the certificate of title, and the tax lien shall be valid against the registered estate from the time it is noted on the record copy."

Section 9. G.S. 43-47 is repealed.

Section 10. G.S. 43-48 reads as rewritten:

"**§ 43-48. Foreclosure of tax lien. ~~Sale of unredeemed land; application of proceeds.~~**

~~If there be no redemption of land under the preceding section [G.S. 43-47], in accordance with the law, it shall be the duty of the sheriff or other collector of taxes in the county or town in which the land lies to sell the same at public auction for cash, first giving such notice of the time and place of sale as is prescribed for execution sales, and the proceeds of sale shall be applied, first, to the payment of all taxes and assessments then due to the State, county and town, with interest, penalty and costs; second, to the payment of all sums paid by any person who purchased at the former tax sale, with interest and the additional sum of five dollars ($5.00); third, to the payment of a commission to the officer making the sale of five per centum (5%) on the first three hundred dollars ($300.00) and two per centum (2%) on the residue of the proceeds; fourth, to the satisfaction of any liens other than the taxes and assessments registered against the land in the order of their priorities; fifth, and the surplus, if any, to the person in whose name the land was previous to sale for taxes, subject to redemption as provided herein, his heirs, personal representatives or assigns.~~ The lien for ad valorem taxes may be foreclosed and the property sold pursuant to G.S. 105-375. A note of the sale under this section shall be duly registered, and a certificate shall be entered and an owner's certificate issued in favor of the purchaser in whom title shall be thereby vested as registered owner, in accordance with the provisions of this Chapter. Nothing in this section shall be so construed as to affect or divert the title of a tenant in reversion or remainder to any real estate which has been returned delinquent and sold on account of the default of the tenant for life in paying the taxes or assessments thereon."

Section 11. This act becomes effective January 1, 1999.

A BILL TO BE ENTITLED

AN ACT TO IMPROVE COLLECTION OF LOCAL TAXES BY ALLOWING CERTAIN GOVERNMENT OFFICIALS TO SHARE SPECIFIED TAX INFORMATION AND BY ALLOWING A TAXPAYER TO RECEIVE A RELEASE OR REFUND OF PRORATED VEHICLE PROPERTY TAXES IF THE TAXPAYER MOVES OUT-OF-STATE.

The General Assembly of North Carolina enacts:

Section 1. G.S. 105-259(b) is amended by adding two new subdivisions to read:

"(5c) To provide the following information to a regional public transportation authority or a regional transportation authority created pursuant to Article 26 or Article 27 of Chapter 160A of the General Statutes on an annual basis, when the information is needed to enable the authority to administer its tax laws:

a. The name, address, and identification number of retailers who collect the tax on leased vehicles imposed by G.S. 105-187.5.

b. The name, address, and identification number of a retailer audited by the Department of Revenue regarding the tax on leased vehicles imposed by G.S. 105-187.5, when the Department determines that the audit results may be of interest to the authority.

(5d) To provide the following information to a county or city on an annual basis, when the county or city needs the information for

the administration of its local tax on prepared food and beverages:

a. The name, address, and identification number of retailers who collect the sales and use taxes imposed under Article 5 of this Chapter and may be engaged in the business of selling prepared food and beverages.

b. The name, address, and identification number of a retailer audited by the Department of Revenue regarding the sales and use taxes imposed under Article 5 of this Chapter, when the Department determines that the audit results may be of interest to the county in the administration of its local tax on prepared food and beverages."

Section 2. G.S. 153A-148.1(a) is amended by adding two new subdivisions to read:

"(4) To exchange information with a regional public transportation authority or a regional transportation authority created pursuant to Article 26 or Article 27 of Chapter 160A of the General Statutes, when the information is needed to fulfill a duty imposed on the authority or on the county.

(5) To exchange information with the Department of Revenue, when the information is needed to fulfill a duty imposed on the Department or on the county."

Section 3. G.S. 105-330.6(c) reads as rewritten:

"(c) If the owner of a classified motor vehicle listed pursuant to G.S. 105-330.3(a)(1) either transfers the motor vehicle to a new owner or moves out-of-state and registers the vehicle in another jurisdiction, and the owner surrenders the registration plates from the listed vehicle to the Division of Motor ~~Vehicles and at the date of surrender one or more full calendar months remains in the listed vehicle's tax year,~~ Vehicles, then the owner may apply for a release or refund of taxes on the vehicle for ~~the~~ any full calendar months remaining ~~after surrender.~~ in the vehicle's tax year after the date of surrender. To apply for a release or refund, the owner must present to the county tax collector within 120 days after surrendering the plates the receipt received from the Division of Motor Vehicles accepting surrender of the registration plates. The county tax collector shall then multiply the amount of the taxes for the tax year on the vehicle by a fraction, the denominator of which is 12 and the numerator of which is the number of full calendar months remaining in the vehicle's tax year after the date of surrender of the registration plates. The product of the multiplication is the amount of taxes to be released or refunded. If the taxes have not been paid at the date of application, the county tax collector shall make a release of the prorated taxes and credit the owner's tax notice with the amount of the release. If the taxes have been paid at the date of application, the county tax collector shall direct an order for a refund of the prorated taxes to the county finance officer, and the finance officer shall issue a refund to the vehicle owner."

EXPLANATION OF HOUSE BILL 1489 (PCS):
Local Tax Information/Refunds

TO: House Finance Committee
FROM: Martha H. Harris, Staff Attorney
DATE: July 15, 1998
SPONSOR: Representative Neely

House Bill 1489 makes the following two change relating to local taxes, effective when the bill becomes law:

1. Sections 1 and 2 authorize the Department of Revenue and county tax officials to share certain tax information with one another and with regional transit authorities in order to facilitate collection of taxes. An earlier version of these changes was recommended by the Public Transit Study Committee.
2. Section 3 allows a motor vehicle owner to receive a prorated refund or release of property taxes on the vehicle when the owner surrenders the registration plates to the Division of Motor Vehicles because the owner has moved to a different state and registered the vehicle in another jurisdiction. This change was recommended by the Revenue Laws Study Committee.

Information Sharing. The Department of Revenue collects the alternate highway use tax, which is a gross receipts tax on vehicle rentals. Regional transit authorities are authorized to levy gross receipts taxes on vehicle rentals. In addition, the Department of Revenue collects sales and use taxes from retailers, including restaurants and other businesses that sell prepared food and beverages. Several local governments are authorized to levy local taxes on prepared food and beverages.[1] The compliance and audit information gathered by the Department of Revenue in collecting the State vehicle rental tax could assist regional authorities in enforcing their local vehicle rental taxes and the compliance and audit information gathered by the Department of Revenue in collecting sales and use taxes could assist local governments in enforcing their local taxes on prepared food and beverages. G.S. 105-259 prohibits the Department of Revenue from revealing confidential tax information, however.

Section 1 of this bill would authorize the Department of Revenue to provide regional transit authorities, on an annual basis, identifying information about the retailers from whom it collects the State vehicle rental tax. In addition,

---

[1] Charlotte/Mecklenburg, Cumberland County, Dare County, Wake County, and the Town of Hillsborough.

Section 1 would authorize the Department of Revenue to provide counties and cities, on an annual basis, identifying information about the retailers from whom it collects sales and use taxes who might be engaged in the business of selling prepared food and beverages.

Some counties audit vehicle rental dealers for property tax purposes and audit retailers of prepared food and beverages for purposes of the local meals tax. The information gathered by a county in these audits could assist regional transit authorities in enforcing their vehicle rental taxes and could assist the State in enforcing the sales and use taxes it collects. G.S. 153A-148.1 prohibits counties from sharing tax information about a taxpayer's income or receipts, however. Section 2 of this bill would authorize counties and regional transit authorities to exchange tax information about vehicle rental dealers with one another when the exchange will aid either agency in fulfilling its duties. Section 2 would also authorize counties and regional transit authorities to provide tax information to the Department of Revenue when the information would help the Department of Revenue in its duties.

Property Taxation of Motor Vehicles. In 1993, counties began taxing motor vehicles that are registered with the Division of Motor Vehicles on a revolving, year-round basis. Under this system, the taxpayer receives a property tax notice a couple of months after the registration is obtained or renewed and the taxes are due within four months after the registration was obtained or renewed. If the taxes remain unpaid for more than four months after they become due, the county places a block on the vehicle's registration with DMV. DMV will then refuse to renew the vehicle's registration the following year unless the taxpayer obtains a receipt showing that the previous year's taxes have been paid.

In some cases, taxpayers move out of state during the tax year. Therefore, the block on the vehicle's registration would not impact them if they have not paid the property taxes. In most instances, the taxpayer is willing to pay the taxes on the part of the tax year that the vehicle was registered in North Carolina. In order to obtain part of the tax liability, some counties prorate the amount of taxes due, although they do not have statutory authority to do so. This proposal provides that authority by requiring the partial release or refund of property taxes on a motor vehicle when the taxpayer surrenders the vehicle's registration plate to the DMV because the taxpayer has moved out of state and registered the vehicle in another jurisdiction. The taxpayer may apply for a release or refund of taxes on the vehicle for any full calendar months remaining in the vehicle's tax year after the date of surrender.

Background on Regional Transit Authorities. In 1997, the General Assembly enacted S.L. 1997-417, which authorized a regional transit authority to levy a gross receipts tax of up to 5% on retailers within the region engaged in the

business of renting passenger motor vehicles and motorcycles. The tax applies only to short-term rentals, i.e., rentals for a period of less than one year. The tax is collected by the authority but is otherwise administered in the same way as the optional highway use tax on gross receipts from vehicle rentals. This optional highway use tax is 8% on short-term rentals, so the combined tax within the jurisdiction of the authority would be 13% if the authority levies the full 5% tax. Each authority may use the proceeds of the tax for its public transportation purposes. Before levying or increasing the tax, the authority must obtain approval from each county in the region.

A regional transit authority is a regional public transportation authority created under Article 26 of Chapter 160A of the General Statutes or a regional transportation authority created under Article 27 of Chapter 160A of the General Statutes. The authority created under Article 26, the Triangle Transit Authority for Wake, Durham, and Orange Counties, is governed by a board of trustees appointed by the counties creating the authority and larger cities within the counties. Article 27 of Chapter 160A, enacted in 1997, authorizes the creation of a regional transit authority for the Triad region. The Triad Transit Authority may be created by the four largest cities of the five counties served by the Authority in order to promote the development of sound transportation systems in the area served by the Authority. The Authority would be governed by a board of trustees consisting of the mayors of the four largest cities and the chair of each Metropolitan Planning Organization in the area. The counties served by the Authority would be Forsyth, Guilford, Randolph, Davidson, and Alamance. The four major cities involved in the creation of the Authority are Greensboro, High Point, Winston-Salem, and Burlington.

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: Department of Revenue, Regional Transportation Authority, Regional Public Transportation Authority, County and City Governments.

EFFECTIVE DATE: This act is effective when it becomes law.

BILL SUMMARY: This bill authorizes tax officials to share information, about the taxes paid on leased vehicles, with a regional public transportation authority or a regional transportation authority. The bill directs state tax officials to share information regarding sales and use taxes with local government representatives. Finally, the bill gives counties the specific authority to release or refund the taxes on a motor vehicle when the taxpayer moves out of state and surrenders their license plate.

ASSUMPTIONS AND METHODOLOGY: The information sharing portion of the bill will have no impact on state revenues and will impose a very minimal expense on the Department of Revenue. The Department of Revenue has indicated that this bill will be easy to administer. As for local governments, there may be some positive revenue impact if the information facilitates the collection of more taxes. The section dealing with the collection of motor vehicle taxes could have an impact at the local level. However, because may counties currently prorate this item, the bill will not create a significant change in local revenues.

The General Assembly of North Carolina enacts:

Section 1. G.S. 105-259(b) is amended by adding two new subdivisions to read:

"(5c) To provide the following information to a regional public transportation authority or a regional transportation authority created pursuant to Article 26 or Article 27 of Chapter 160A of the General Statutes on an annual basis, when the information is needed to enable the authority to administer its tax laws:

a. The name, address, and identification number of retailers who collect the tax on leased vehicles imposed by G.S. 105-187.5.

b. The name, address, and identification number of a retailer audited by the Department of Revenue regarding the tax on leased vehicles imposed by G.S. 105-187.5, when the Department determines that the audit results may be of interest to the authority.

(5d) To provide the following information to a county or city on an annual basis, when the county or city needs the information for

the administration of its local tax on prepared food and beverages:

a. The name, address, and identification number of retailers who collect the sales and use taxes imposed under Article 5 of this Chapter and may be engaged in the business of selling prepared food and beverages.

b. The name, address, and identification number of a retailer audited by the Department of Revenue regarding the sales and use taxes imposed under Article 5 of this Chapter, when the Department determines that the audit results may be of interest to the county or city in the administration of its local tax on prepared food and beverages."

Section 2. G.S. 153A-148.1(a) is amended by adding two new subdivisions to read:

"(4) To exchange information with a regional public transportation authority or a regional transportation authority created pursuant to Article 26 or Article 27 of Chapter 160A of the General Statutes, when the information is needed to fulfill a duty imposed on the authority or on the county.

(5) To exchange information with the Department of Revenue, when the information is needed to fulfill a duty imposed on the Department or on the county."

Section 3. G.S. 105-330.6(c) reads as rewritten:

"(c) If the owner of a classified motor vehicle listed pursuant to G.S. 105-330.3(a)(1) either transfers the motor vehicle to a new owner or moves out-of-state and registers the vehicle in another jurisdiction, and the owner surrenders the registration plates from the listed vehicle to the Division of Motor ~~Vehicles and at the date of surrender one or more full calendar months remains in the listed vehicle's tax year,~~ Vehicles, then the owner may apply for a release or refund of taxes on the vehicle for ~~the~~ any full calendar months remaining ~~after surrender.~~ in the vehicle's tax year after the date of surrender. To apply for a release or refund, the owner must present to the county tax collector within 120 days after surrendering the plates the receipt received from the Division of Motor Vehicles accepting surrender of the registration plates. The county tax collector shall then multiply the amount of the taxes for the tax year on the vehicle by a fraction, the denominator of which is 12 and the numerator of which is the number of full calendar months remaining in the vehicle's tax year after the date of surrender of the registration plates. The product of the multiplication is the amount of taxes to be released or refunded. If the taxes have not been paid at the date of application, the county tax collector shall make a release of the prorated taxes and credit the owner's tax notice with the amount of the release. If the taxes have been paid at the date of application, the county tax collector shall direct an order for a refund of the prorated taxes to the county finance officer, and the finance officer shall issue a refund to the vehicle owner."

Section 4. This act is effective when it becomes law.

Section 3. G.S. 120-47.9 reads as rewritten:

"§ 120-47.9. Punishment for violation.

Whoever willfully violates any provision of this Article shall be guilty of a Class ~~1~~ A1 misdemeanor. In addition, no lobbyist who is convicted of a violation of the provisions of this Article shall in any way act as a lobbyist for a period of two years following his conviction."

Section 3. This act becomes effective January 1, 1999.

EXPLANATION OF SENATE BILL 649 (PCS):
Amend Lobbying Law

TO: House Finance Committee
FROM: Martha Walston, Committee Counsel
DATE: July 15, 1998
SPONSOR: Senator Miller

The proposed committee substitute for Senate Bill 649 increases the penalty for late filing of lobbying expense reports by lobbyists and lobbyists' principals to $50.00 per day not to exceed $1,000. The Secretary of State is given the discretion to reduce or waive a late filing fee for excusable neglect, unavoidable delay, or other good cause. The proposed committee substitute also increases the punishment for a willful violation of any provision of the lobbying article from a Class 1 misdemeanor to a Class A1 misdemeanor. The current law only requires an additional $10 late filing fee. The bill as introduced was a recommendation of the Secretary of State's office and passed the Senate during the Long Session. The bill was given a favorable report by the House Committee on Ethics.

Section 1 of the proposed committee substitute amends the penalties applicable to lobbyists who fail to file their required lobbying expense reports on time. Under this section a lobbyist would be required to pay $50.00 per day for each day the report is late not to exceed $1,000. The Second Edition of the Bill, that was originally before this Committee, required a lobbyist to pay $10 for a report which is less than 30 days late. After 30 days, the penalty increased to $50.00 per day up to a maximum of $1,000. The Second Edition of the bill also provided an appeal process to seek a waiver of the penalty, where excusable neglect, unavoidable delay, or impossibility of performance could be shown as good cause justifying the delay. The proposed committee substitute provides that the Secretary of State may reduce or waive a late filing fee for excusable neglect, unavoidable delay or other good cause.

Section 2 amends the penalties applicable to lobbyist's principals who fail to file their required lobbying expense reports on time in the same manner as is being amended for lobbyists. A principal means the entity in whose behalf the lobbyist influences or attempts to influence legislative action.

Section 3 increases the penalty for a violation of the lobbying article from a Class 1 misdemeanor to a Class A1 misdemeanor.

Current law requires a lobbyist and a lobbyist's principal to file an expense report with the Secretary of State within 60 days after the last day of the regular session. The report must include all expenditures made between January 1 and the last day of the regular session. The report must also show the date of each expenditure, to whom paid, the name of any legislator benefitting from the expenditure and the amount of each expenditure made in connection with lobbying in the categories of transportation, lodging, entertainment, food, any item having a cash equivalent value of more than $25 and contributions made or promised.

REVENUES	0	May result in a $225 - $3750 revenue increase			

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: Secretary of State.

EFFECTIVE DATE: January 1, 1999.

BILL SUMMARY: This bill will increase the penalty for filing a late lobbying expense report with the Secretary of State's office. Currently there is a one time late fee of $10.00. The bill increases the late fee to $50.00. The maximum total fine is $1000.00. It also increases the penalty for non-compliance with the requirement, moving it to a Class A1 misdemeanor. Under current law the non-compliance is a Class 1 misdemeanor.

ASSUMPTIONS AND METHODOLOGY: According to the Secretary of State's office, there were 610 lobbyists and 497 principals for the 1997 legislative session (1107 total). End of session reports were due to that office by October 27, 1997. 121 lobbyists and principals did not file their reports by that date. At this point, 95 of those delinquent lobbyists and principals have filed late reports and paid the associated fees for that session. Twenty-six lobbyists and principals filled a late report but did not pay the late fee. As such, 11% of lobbyists and principals were late filers. The Secretary of State reports that reporting late fees created $950 in revenue.

During the 1996 session, North Carolina had 584 lobbyists and 636 principals (1220 total). Of these principals and lobbyists, 278 submitted late reports. As such, in 1996, approximately

22.8% of the lobbyists and principals were late reporters. Late reporting fee estimates are not available for the 1996 session.

The Secretary of State's office believes that the number of late filers declined from 1996 to 1997 as a result of their increased efforts to contact lobbyists and principals about their reporting requirements.

North Carolina is one of only three states that link their reporting exclusively to the legislative calendar. One other state, West Virginia, links their reporting period to the legislative session and a series of annual dates. Of the states with a similar reporting calendar, one does not access a dollar penalty, and another addresses the issue only when the late reporting is "willful and intentional" requiring court action. Neither drew revenue from penalties in 1997. The third state, New Mexico, charges a penalty of $50 per day, to a maximum of $5000. New Mexico revenue data is not available.

Of our surrounding states, only Georgia does not have a penalty (see chart for explanation). The average total late fee collections from the two states that provided revenue information, South Carolina and Florida, is $4,275. In both states approximately 4% of lobbyists and principals were diligent in the 1997. Both have a progressive penalty system somewhat similar to the bill. Florida's penalty structure is most similar, with a $50 per day fee and no maximum.

Assuming the 4% experience in Florida and South Carolina applied, under the bill North Carolina could expect approximately 47 individuals to be delinquent under the new system (1996 and 1997 average number of lobbyist and principals, times 4%). Given the experiences of Florida and South Carolina, these individuals would likely pay between $25 and $100 in fines, for a total potential revenue of $1175 to $4700. This would be a revenue increase of $225 to $3750 after each legislative session.

There will be no 1998-9 fiscal impact to the bill because the last fees are collected after the legislative session.

A BILL TO BE ENTITLED

AN ACT TO REDUCE THE STATE PRIVILEGE TAX ON GROSS RECEIPTS FROM MOTION PICTURE SHOWS.

The General Assembly of North Carolina enacts:

Section 1. Article 2 of Chapter 105 of the General Statutes is amended by adding a new section to read:

"**§ 105-38.1. Amusements - Motion picture shows.**

(a) Tax. -- A privilege tax at the rate of one percent (1%) is imposed on the gross receipts of a person who is engaged in the business of operating a motion picture show for which an admission is charged. The tax is due when a return is due. A return is due by the 10th day after the end of each month and covers the gross receipts received during the previous month. If a person offers an entertainment or amusement that includes both a motion picture taxable under this section and an entertainment or amusement taxable under G.S. 105-37.1 or G.S. 105-38, the tax in G.S. 105-37.1 or G.S. 105-38, as appropriate, applies to the entire gross receipts and the tax levied in this section does not apply.

(b) Exemption. -- Gross receipts from a motion picture show promoted and managed by a qualifying corporation that operates a center for the performing and visual arts is exempt from the tax imposed under this section if the motion picture is shown at the center and if the showing of motion pictures is not the primary purpose of the center. As used in this subsection, 'qualifying corporation' and 'center for the performing and visual arts' have the same meaning as in G.S. 105-37.1(a)."

Section 2. This act becomes effective October 1, 1998.

EXPLANATION OF HOUSE BILL 1320:
Tax on Movies

TO: House Finance Committee
FROM: Martha Walston, Committee Counsel
DATE: July 9, 1998
SPONSOR: Representatives Cansler, Brawley, Capps, Gray, Hill, Neely, Ramsey, C.Wilson, Esposito and Starnes.

House Bill 1320 is a recommendation of the Revenue Laws Study Committee and reduces the current 3% gross receipts tax on motion pictures to 1%, effective October 1, 1998. The Bill also clarifies that if a taxpayer offers an entertainment or amusement that includes both a motion picture and an entertainment or amusement that is subject to the 3% gross receipts tax, then the higher rate applies. The October 1, 1998, effective date would give the Department of Revenue time to print the forms and identify taxpayers. Sales tax would continue to be assessed on food and drink sold at motion picture shows.

The Bill clarifies the exemption of motion pictures that are shown at a center for the performing and visual arts that is promoted and managed by an organization organized for religious, charitable, scientific, literary, or educational purposes. The showing of the motion picture show may not be the primary purpose of the center. This exemption was set out in the privilege license statute on movies that was repealed , effective July 1, 1997.

History

The gross receipts tax on motion picture shows was first codified in 1939. The rate of this tax was the same as the sales tax rate. There was also an annual license tax assessed against motion picture shows, and this license tax was applied as a credit upon or advance payment of the gross receipts tax.

In 1943, the General Assembly repealed the gross receipts tax on motion picture shows, and assessed this tax only on other forms of entertainment not otherwise taxed or specifically exempted. The annual license tax continued to be imposed. In 1949, the General Assembly enacted a new statute, G.S. 105-37.1, that assessed an annual license tax and a gross receipts tax on amusements not otherwise taxed or specifically exempted. Since motion picture shows were paying a license tax, they were not subject to G.S. 105-37.1. In 1949, the General Assembly first taxed operating outdoor and drive-in motion picture shows. The tax was based upon population of the town and car capacity. In 1989, the General Assembly amended the privilege license tax on drive-ins by doing away

with the tax rate based upon population and car capacity and, instead, assessing a $100 privilege license tax.

During the Second Extra Session of the 1996 Session, a number of State privilege license taxes were repealed, including the privilege taxes on motion picture shows. The Revenue Laws Study Committee had recommended to the 1995 General Assembly that most of the State privilege license taxes imposed under Article 2 of Chapter 105 of the General Statutes be repealed, effective July 1, 1997. The State privilege license taxes on motion picture shows that were repealed were the following:

- G.S. 105-36 - Required those engaged in the business of manufacturing, selling, leasing, furnishing and/or distributing films which an admission fee was charged to apply for a privilege license and pay a tax thereon of $625 a year.
- G.S. 105-36.1 - Required those engaged in the business of operating an outdoor or drive-in moving picture show for compensation to apply for a privilege license and a pay a tax thereon of $100 a year.
- G.S. 105-37 - Required those engaged in the business of operating a moving picture show for compensation to apply for a license and pay $200 for each room, hall, or tent used. Only half the tax was required if the motion picture show operated three days or less each week.

When the foregoing statutes were repealed, effective July 1, 1997, motion picture shows fell into the category of amusements not otherwise taxed as set out in G.S. 105-37.1 and, therefore, subject to the 3% gross receipts tax and the $50.00 annual license tax assessed in that statute. However, the Department of Revenue did not begin assessing motion picture shows a gross receipts tax when the privilege license taxes were repealed. The Department believed that when the General Assembly repealed these license taxes, it did not intend to assess any tax on motion picture shows. During the 1996 Session, there appears to have been no discussion of a gross receipts tax on theaters, if the privilege tax was repealed.

The Commerce Clearing House State Tax Guide shows that 27 states tax movie admissions in one fashion or another. (see attached map). Twenty-one states simply apply their sales tax to theater admissions. Alabama and Arkansas have a specific gross receipts tax on movie admissions, while Connecticut and South Carolina have a general admissions tax. Arizona has a transaction privilege tax on theaters and Indiana has a gross income tax on theaters. Twenty-five of these twenty-seven states have movie taxes higher than North Carolina's 3% gross receipts tax. Eleven of the states that tax movie admissions are members of the Southern Legislative Conference.

Staff's research also found that North Carolina's policy of taxing movie concessions is consistent with other states and the District of Columbia.

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: Department of Revenue

EFFECTIVE DATE: October 1, 1998

BILL SUMMARY: The bill imposes a one percent gross receipts tax on motion picture shows instead of the three percent tax charged other entertainment or amusement.

BACKGROUND: When the privilege tax on motion picture shows was repealed on July 1, 1997, movies then became subject to the 3% gross receipts tax charged amusements and entertainment. However, the Department of Revenue chose not to assess this tax in FY 97-98 until the General Assembly clarified that the tax should be collected. The Department's uncertainty arose from the absence of debate by the 1996 General Assembly on the issue of imposing a gross receipt tax on movies.

ASSUMPTIONS AND METHODOLOGY:

A 1% gross receipts tax on movie admissions would generate approximately $1.5 million in General Fund revenue in FY 1998-99 if enacted on October 1, 1998. The estimate of gross receipts generated by North Carolina movie theaters in 1996 is based on data from the Motion Pictures Association of America. Nationwide, the box office gross was $5.9 billion on 1.3 billion tickets sold. The average admission price at the 29,690 movie screens across the country was $4.42. The average gross revenue per screen in 1996 was $199,107. The National

Association of Theater Owners reported 897 movie screens in North Carolina in 1996. Assuming NC theater gross revenues equal the national average, the 897 Tarheel screens produced $178.6 million in revenues in 1996. If a 1% gross receipts tax were applied, the state would have earned $1.78 million in taxes in 1996.

The number of NC screens has grown 5% a year since 1992, but gross revenue per screen has risen and fallen over the last five years. For estimating purposes, it is assumed that the number of movie screens will increase 5% a year, but there will be no increase in gross revenue per screen.

	NC Screens	Gross per screen	Gross revenue	1% tax
1996	897	$199,107	$ 178,598,979	$ 1,785,990
1997	942	$199,107	$ 187,558,794	$ 1,875,588
1998	989	$199,107	$ 196,916,823	$ 1,969,168
1999	1,038	$199,107	$ 206,673,066	$ 2,066,731
2000	1,090	$199,107	$ 217,026,630	$ 2,170,266
2001	1,145	$199,107	$ 227,977,515	$ 2,279,775
2002	1,202	$199,107	$ 239,326,614	$ 2,393,266
2003	1,262	$199,107	$ 251,273,034	$ 2,512,730

The chart below assumes an October 1, 1998 effective date for FY 1998-99. The remaining years are adjusted for fiscal years by taking half of one calendar year plus half of the next calendar year.

Section 2. G.S. 20-63(d) reads as rewritten:

"(d) Registration plates issued for a motor vehicle other than a motorcycle, trailer, or semitrailer shall be attached thereto, one in the front and the other in the rear: Provided, that when only one registration plate is issued for a motor vehicle other than a truck-tractor, said registration plate shall be attached to the rear of the motor vehicle. The registration plate issued for a truck-tractor shall be attached to the front thereof. Provided further, that when only one registration plate is issued for a motor vehicle and this motor vehicle is transporting a substance that may adhere to the plate so as to cover or discolor the plate or if the motor vehicle has a mechanical loading device that may damage the plate, the registration plate may be attached to the front of the motor vehicle.

Any motor vehicle of the age of 35 years or more from the date of manufacture may bear the license plates of the year of manufacture instead of the current registration plates, if the current registration plates are maintained within the vehicle and produced upon the request of any person.

The Division shall provide registered owners of motorcycles and motorcycle trailers with suitably reduced size registration plates."

Section 3. This act is effective when it becomes law.

EXPLANATION OF HOUSE BILL 1518:
Eagle Scout Special Plate (2nd Edition)

TO: House Finance Committee
FROM: Cindy Avrette, Committee Counsel
DATE: July 10, 1998
SPONSOR: Representative Eddins

House Bill 1518 does two things:

- It authorizes the issuance of a new Eagle Scout special license plate.
- It authorizes a smaller registration plate for motorcycles and motor cycle trailers.

Section 1 would authorize the Division of Motor Vehicles to develop a special registration plate issuable to a person who has been certified as an Eagle Scout by the Boy Scouts of America. The plate could also be issued to the person's parent or guardian. The plate would depict the insignia of the Boy Scouts of American and bear the words "Eagle Scout". The Division would have to receive at least 300 applications of the plate before it could be issued .

The fee for the special registration plate would be the regular motor vehicle registration fee plus an additional $10.00. The additional $10.00 fee is credited to the Special Registration Plate Account. After deducting the cost of the plates from this account, the money is distributed quarterly as follows:

Percentage	Purpose
33%	Department of Commerce for advertising travel and tourism and industrial development
50%	Department of Transportation for beautification of highways
17%	Department of Human Resources to promote Travel accessibility for disabled persons

Section 2 requires the Division to issue a smaller registration plate for motorcycles and motorcycle trailers. The current law does not specify what size a registration plate must be. It does specify what the plate must have displayed on it and it requires that the plate be of sufficient size to be plainly readable from a distance of 100 feet during daylight. The plate must have a registration number displayed on it along with the name of the State of North Carolina, the year number for which it is issued, and, for a private passenger vehicle, the words "First in Flight".

EXPENDITURES	$856				

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: Department of Transportation - Division of Motor Vehicles.

EFFECTIVE DATE: The act is effective when it becomes law.

BILL SUMMARY: The first part of the bill authorizes the Division of Motor Vehicles (DMV) to issue a special registration plate to individuals certified as Eagle Scouts, if at least 300 applications for such a plate are received. The Boy Scouts of America, or an Eagle Scout's parents or guardians, must certify the Eagle Scout standing. The second part of the bill authorizes the division to issue smaller registration plates for motorcycles and motorcycle trailers.

ASSUMPTIONS AND METHODOLOGY: The ten Boy Scout Councils in North Carolina report that, combined, they award approximately 1,100 Eagle Scouts rankings per year. Because there is no way to determine how many of the North Carolina Eagle Scouts will request the special plate, this fiscal note assumes the issuance of the minimum 300 license plates in FY 1998-99. The note also assumes that those plates will be renewed in the following years.

According to the Division of Motor Vehicles and the Department of Corrections, there is a one time cost of $100 to design the new plate. There is also a production cost of $2.52 per plate

(This assumes a basic one color design. If the design is more complex, or requires more color, the per plate cost increases).-The total production cost for 300 basic plates is $856.00. Special Registration Plate Account funds will be used to cover this expense. In addition to the normal $20.00 registration fee every owner of a private passenger vehicle pays, there is a $10.00 fee for each specialized Eagle Scout plate. Funds from the $10.00 special plate fee are deposited in the Special Registration Plate Account.

The Division of Motor Vehicles does not anticipate a significant fiscal impact to making smaller plates available for motorcycles and motorcycle trailers.

A BILL TO BE ENTITLED

AN ACT TO INCREASE THE PROCESS AND FACILITIES FEES IN THE GENERAL COURT OF JUSTICE.

The General Assembly of North Carolina enacts:

Section 1. G.S. 7A-304(a) reads as rewritten:

"(a) In every criminal case in the superior or district court, wherein the defendant is convicted, or enters a plea of guilty or nolo contendere, or when costs are assessed against the prosecuting witness, the following costs shall be assessed and collected, except that when the judgment imposes an active prison sentence, costs shall be assessed and collected only when the judgment specifically so provides, and that no costs may be assessed when a case is dismissed.

(1) For each arrest or personal service of criminal process, including citations and subpoenas, the sum of ~~five dollars ($5.00),~~ ten dollars ($10.00), to be remitted to the county wherein the arrest was made or process was served, except that in those cases in which the arrest was made or process served by a law-enforcement officer employed by a municipality, the fee shall be paid to the municipality employing the officer.

(2) For the use of the courtroom and related judicial facilities, the sum of ~~six dollars ($6.00)~~ twelve dollars ($12.00) in the district court, including cases before a magistrate, and the sum of ~~twenty-four dollars ($24.00)~~ thirty dollars ($30.00) in superior court, to be remitted to the county in which the judgment is rendered. In all

cases where the judgment is rendered in facilities provided by a municipality, the facilities fee shall be paid to the municipality. Funds derived from the facilities fees shall be used exclusively by the county or municipality for providing, maintaining, and constructing adequate courtroom and related judicial facilities, including: adequate space and furniture for judges, district attorneys, public defenders, magistrates, juries, and other court related personnel; office space, furniture and vaults for the clerk; jail and juvenile detention facilities; free parking for jurors; and a law library (including books) if one has heretofore been established or if the governing body hereafter decides to establish one. In the event the funds derived from the facilities fees exceed what is needed for these purposes, the county or municipality may, with the approval of the Administrative Officer of the Courts as to the amount, use any or all of the excess to retire outstanding indebtedness incurred in the construction of the facilities, or to reimburse the county or municipality for funds expended in constructing or renovating the facilities (without incurring any indebtedness) within a period of two years before or after the date a district court is established in such county, or to supplement the operations of the General Court of Justice in the county.

(3) For the retirement and insurance benefits of both State and local government law-enforcement officers, the sum of seven dollars and twenty-five cents ($7.25), to be remitted to the State Treasurer. Fifty cents (50¢) of this sum shall be administered as is provided in Article 12C of Chapter 143 of the General Statutes. Five dollars and seventy-five cents ($5.75) of this sum shall be administered as is provided in Article 12E of Chapter 143 of the General Statutes, with one dollar and twenty-five cents ($1.25) being administered in accordance with the provisions of G.S. 143-166.50(e). One dollar ($1.00) of this sum shall be administered as is provided in Article 12F of Chapter 143 of the General Statutes.

(3a) For the supplemental pension benefits of sheriffs, the sum of seventy-five cents (75¢) to be remitted to the Department of Justice and administered under the provisions of Article 12G of Chapter 143 of the General Statutes.

(4) For support of the General Court of Justice, the sum of sixty-one dollars ($61.00) in the district court, including cases before a magistrate, and the sum of sixty-eight dollars ($68.00) in the superior court, to be remitted to the State Treasurer.

(5) For using pretrial release services, the district or superior court judge shall, upon conviction, impose a fee of fifteen dollars ($15.00) to be remitted to the county providing the pretrial release services. This cost shall be assessed and collected only if the

defendant had been accepted and released to the supervision of the agency providing the pretrial release services.

(6) For support of the General Court of Justice, for the issuance by the clerk of a report to the Division of Motor Vehicles pursuant to G.S. 20-24.2, the sum of fifty dollars ($50.00), to be remitted to the State Treasurer. Upon a showing to the court that the defendant failed to appear because of an error or omission of a judicial official, a prosecutor, or a law-enforcement officer, the court shall waive this fee."

Section 2. G.S. 7A-305(a) reads as rewritten:

"(a) In every civil action in the superior or district court the following costs shall be assessed:

(1) For the use of the courtroom and related judicial facilities, the sum of ~~six dollars ($6.00)~~ twelve dollars ($12.00) in cases heard before a magistrate, and the sum of ~~ten dollars ($10.00)~~ sixteen dollars ($16.00) in district and superior court, to be remitted to the county in which the judgment is rendered, except that in all cases in which the judgment is rendered in facilities provided by a municipality, the facilities fee shall be paid to the municipality. Funds derived from the facilities fees shall be used in the same manner, for the same purposes, and subject to the same restrictions, as facilities fees assessed in criminal actions.

(2) For support of the General Court of Justice, the sum of fifty-five dollars ($55.00) in the superior court, and the sum of forty dollars ($40.00) in the district court except that if the case is assigned to a magistrate the sum shall be twenty-eight dollars ($28.00). Sums collected under this subsection shall be remitted to the State Treasurer."

Section 3. G.S. 7A-306(a) reads as rewritten:

"(a) In every special proceeding in the superior court, the following costs shall be assessed:

(1) For the use of the courtroom and related judicial facilities, the sum of ~~four dollars ($4.00)~~ ten dollars ($10.00) to be remitted to the county. Funds derived from the facilities fees shall be used in the same manner, for the same purposes, and subject to the same restrictions, as facilities fees assessed in criminal actions.

(2) For support of the General Court of Justice the sum of twenty-six dollars ($26.00). In addition, in proceedings involving land, except boundary disputes, if the fair market value of the land involved is over one hundred dollars ($100.00), there shall be an additional sum of thirty cents (30¢) per one hundred dollars ($100.00) of value, or major fraction thereof, not to exceed a maximum additional sum of two hundred dollars ($200.00). Fair market value is determined by the sale price if there is a sale, the appraiser's

valuation if there is no sale, or the appraised value from the property tax records if there is neither a sale nor an appraiser's valuation. Sums collected under this subsection shall be remitted to the State Treasurer."

Section 4. G.S. 7A-307(a) reads as rewritten:

"(a) In the administration of the estates of decedents, minors, incompetents, of missing persons, and of trusts under wills and under powers of attorney, and in collections of personal property by affidavit, the following costs shall be assessed:

(1) For the use of the courtroom and related judicial facilities, the sum of ~~four dollars ($4.00),~~ ten dollars ($10.00), to be remitted to the county. Funds derived from the facilities fees shall be used in the same manner, for the same purposes, and subject to the same restrictions, as facilities fees assessed in criminal actions.

(2) For support of the General Court of Justice, the sum of twenty-six dollars ($26.00), plus an additional forty cents (40¢) per one hundred dollars ($100.00), or major fraction thereof, of the gross estate, not to exceed three thousand dollars ($3,000). Gross estate shall include the fair market value of all personalty when received, and all proceeds from the sale of realty coming into the hands of the fiduciary, but shall not include the value of realty. In collections of personal property by affidavit, the fee based on the gross estate shall be computed from the information in the final affidavit of collection made pursuant to G.S. 28A-25-3 and shall be paid when that affidavit is filed. In all other cases, this fee shall be computed from the information reported in the inventory and shall be paid when the inventory is filed with the clerk. If additional gross estate, including income, comes into the hands of the fiduciary after the filing of the inventory, the fee for such additional value shall be assessed and paid upon the filing of any account or report disclosing such additional value. For each filing the minimum fee shall be ten dollars ($10.00). Sums collected under this subsection shall be remitted to the State Treasurer.

(2a) Notwithstanding subdivision (2) of this subsection, the fee of forty cents (40¢) per one hundred dollars ($100.00), or major fraction, of the gross estate, not to exceed three thousand dollars ($3,000), shall not be assessed on personalty received by a trust under a will when the estate of the decedent was administered under Chapters 28 or 28A of the General Statutes. Instead, a fee of fifteen dollars ($15.00) shall be assessed on the filing of each annual and final account.

(2b) Notwithstanding subdivisions (1) and (2) of this subsection, no costs shall be assessed when the estate is administered or settled pursuant to G.S. 28A-25-6.

(3) For probate of a will without qualification of a personal representative, the clerk shall assess a facilities fee as provided in subdivision (1) of this subsection and shall assess for support of the General Court of Justice, the sum of seventeen dollars ($17.00)."

Section 5. G.S. 7A-311(a) reads as rewritten:

"(a) In a civil action or special proceeding, the following fees and commissions shall be assessed, collected, and remitted to the county:

(1) a. ~~Effective October 1, 1990, for~~ For every civil action filed on or after that date, for each item of civil process, including summons, subpoenas, notices, motions, orders, writs and pleadings served, the sum of ~~five dollars ($5.00).~~ ten dollars ($10.00). When two or more items of civil process are served simultaneously on one party, only one ~~five dollar ($5.00)~~ ten dollar ($10.00) fee shall be charged.

b. When an item of civil process is served on two or more persons or organizations, a separate service charge shall be made for each person or organization. If the process is served, or attempted to be served, by a city policeman, the fee shall be remitted to the city rather than the county. If the process is served, or attempted to be served by the sheriff, the fee shall be remitted to the county. This subsection shall not apply to service of summons to jurors.

(2) For the seizure of personal property and its care after seizure, all necessary expenses, in addition to any fees for service of process.

(3) For all sales by the sheriff of property, either real or personal, or for funds collected by the sheriff under any judgment, five percent (5%) on the first five hundred dollars ($500.00), and two and one-half percent (2 1/2%) on all sums over five hundred dollars ($500.00), plus necessary expenses of sale. Whenever an execution is issued to the sheriff, and subsequently while the execution is in force and outstanding, and after the sheriff has served or attempted to serve such execution, the judgment, or any part thereof, is paid directly or indirectly to the judgment creditor, the fee herein is payable to the sheriff on the amount so paid. The judgment creditor shall be responsible for collecting and paying all execution fees on amounts paid directly to the judgment creditor.

(4) For execution of a judgment of ejectment, all necessary expenses, in addition to any fees for service of process.

(5) For necessary transportation of individuals to or from State institutions or another state, the same mileage and subsistence allowances as are provided for State employees."

Section 6. This act becomes effective October 1, 1998, and applies to fees assessed or paid on or after that date.

EXPLANATION OF HOUSE BILL 1544:
Raise Court Fees (2nd Edition)

TO: House Finance Committee
FROM: Cindy Avrette, Committee Counsel
DATE: July 13, 1998
SPONSOR: Rep. Gardner

House Bill 1544 increases the court fees that are payable to the municipalities and counties to assist them in covering the costs of maintaining judicial facilities. The bill is supported by the Association of County Commissioners and requested by several counties. The current fees cover 15% or less of the counties' and municipalities' costs of maintaining the judicial facilities. The bill becomes effective October 1, 1998, and applies to fees assessed or paid on or after that date.

Service of process fees. Sections 1 and 5 of the bill increase the fee for service of criminal and civil processes from $5 to $10. These fees were last increased from $4 to $5 in 1990. The fees are remitted to the county where the process was served except in those cases in which the process was served by a municipal law enforcement officer. In those cases, the fee is payable to the municipality.

Facilities fees. Sections 1, 2, 3, and 4 of the bill increase the facilities fee by $6. Funds derived from the facilities fees must be used exclusively by the county or municipality for providing, maintaining, and constructing adequate courtroom and related judicial facilities. If the funds derived from the facilities fees exceed what is needed for this purpose, a county or municipality may, with the approval of the Administrative Office of the Courts, use the excess funds to retire outstanding indebtedness incurred in the construction of judicial facilities, to reimburse the county or municipality for renovations made to the facilities within the past two years, or to supplement the operations of the judicial system in the county.

The specific increased fee amounts are as follows:

1.	Magistrate, criminal cases:	$12
2.	District Court, criminal cases:	$12
3.	Superior Court, criminal cases:	$30
4.	Magistrate, civil cases:	$12
5.	District Court, civil cases:	$16
6.	Superior Court, civil cases:	$16
7.	Superior Court, special proceedings:	$10
8.	Administration of estates, etc.:	$10

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: Judicial Department; County and Municipal Finance Offices

EFFECTIVE DATE: October 1, 1998. Applies to fees assesses or paid on or after that date.

BILL SUMMARY: *TO INCREASE THE PROCESS AND FACILITIES FEES IN THE GENERAL COURT OF JUSTICE.* This bill first amends G.S. 7A-304(a) by increasing the following fees in criminal court cases: 1) arrest and processing service fee from $5 to $10; 2) district court facilities fee from $6 to $12; and 3) superior court facilities fee from $24 to $30. Process and facilities fees for criminal cases are remitted directly to counties and municipalities for court related expenses. Applies to fees assessed or paid on after the effective date.

House Judiciary II Committee adopts following changes to bill:
Increases the following fees for civil court cases: 1) processing service fee from $5 to $10 (G.S. 7A-311(a)), 2) facilities fee for civil actions before a magistrate from $6 to $12 (G.S. 7A-305(a)), 3) facilities fee for civil actions in district and superior court from $10 to $16 (G.S. 7A-305(a)),

and 4) facilities fees for special proceedings and estates cases from $4 to $10 (G.S. 7A-306(a), 307(a)). If two or more civil actions are served simultaneously on one party, only one $10 processing service fee will be charged. Process and facilities fees for civil cases are remitted directly to counties and municipalities for court related expenses.

ASSUMPTIONS AND METHODOLOGY: Judicial Department

Criminal Cases

The first section of this bill increases service and facilities fees associated with criminal court fees. For the criminal service fee, Judicial Department data for FY 1996-97 indicates that there were 1,600,808 total cases involving processing service fees. Of these 1,600,808 cases, an estimated 1,120,566, or 70%, were criminal cases subject to this provision. Raising this service fee from $5 to $10 would have increased revenues by $5,602,830 in FY 1996-97. Extrapolating to future years using a conservative estimate of 2% growth in new criminal cases per year, we project the following annual revenue increases by raising district and superior court service fees:

FY 1998-99*	1,165,837 cases	$5,829,183
FY 1999-00	1,189,154 cases	$5,945,769
FY 2000-01	1,212,937 cases	$6,064,685
FY 2001-02	1,237,196 cases	$6,185,979
FY 2002-03	1,261,940 cases	$6,309,700

***Since effective date is October 1, 1998, the actual revenue increase for FY 1998-99 would be $4,371,887 (874,378 cases)**

For the criminal facilities fee, Judicial Department data for FY 1996-97 indicates that there were 997,017 criminal cases in district courts and 18,526 criminal cases in superior courts (1,015,543 total cases). Raising the district court facilities fee from $6 to $12 would have increased revenues by $5,982,102, while raising the superior court facilities fee from $24 to $30 would have increased revenues by $111,156. The total revenues gained by increasing the facilities fees would have been $6,093,258. Extrapolating to future years using a conservative estimate of 2% growth in new criminal cases per year, we project the following annual revenue increases from raising the district and superior court facilities fees:

FY 1998-99*	1,056,571 cases	$6,339,426
FY 1999-00	1,077,702 cases	$6,466,212
FY 2000-01	1,099,256 cases	$6,595,536
FY 2001-02	1,121,241 cases	$6,727,447
FY 2002-03	1,143,666 cases	$6,861,994

***Since effective date is October 1, 1998, the actual revenue increase for FY 1998-99 would be $4,754,570 (792,428 cases)**

Civil Cases

The next section of the bill raises the service and facilities fees associated with civil actions[1]. For the civil service fees, as indicated earlier, there were a total of 1,600,808 cases that involved processing service fees in FY 1996-97. Of these 1,600,808 cases, an estimated 428,746 cases, or 26%, were civil actions or special proceedings subject to this section. Raising the service fee from $5 to $10 would have increased revenues by $2,143,730 in FY 1996-97. Extrapolating to future years using a conservative estimate of 2% growth in new civil actions and per year, we project the following annual revenue increases from raising civil service fees:

FY 1998-99*	446,067 cases	$2,230,337
FY 1999-00	454,988 cases	$2,274,942
FY 2000-01	464,088 cases	$2,320,439
FY 2001-02	473,370 cases	$2,366,849
FY 2002-03	482,837 cases	$2,414,187

***Since effective date is October 1, 1998, the actual revenue increase for FY 1998-99 would be $1,672,751 (334,550 cases)**

For the civil and estates facilities fees, Judicial Department data for FY 1996-97 indicated that there were 271,994 civil cases heard before a magistrate, 105,389 cases in district court and 21,807 cases in superior court, 29,106 special proceedings, and 56,952 estates cases (485,248 total cases). Raising the magistrate facilities fee from $6 to $12 would have increased revenues by $1,631,964, while raising the district and superior facilities fee for civil cases from $10 to $16 would have increased revenues by a combined $765,876 ($635,034 from district court and $130,842 from superior). Raising the special proceedings and estates facilities fees from $4 to $10 would bring in an additional $516,348 ($174,636 from special proceedings and $341,712 from estates cases). The total revenues gained by increasing the facilities fees would have been $2,914,188. Extrapolating this revenue increase to future years using a conservative estimate of 2% growth in new civil actions and estates cases, we project the following revenue increases from raising the civil and estates facilities fees:

FY 1998-99*	504,852 cases	$3,029,112
FY 1999-00	514,949 cases	$3,089,694
FY 2000-01	525,248 cases	$3,151,488
FY 2001-02	535,753 cases	$3,214,518
FY 2002-03	546,468 cases	$3,278,808

***Since effective date is October 1, 1998, the actual revenue increase for FY 1998-99 would be $2,271,834 (378,639 cases)**

A BILL TO BE ENTITLED

AN ACT TO INCREASE THE PROCESS AND FACILITIES FEES IN THE GENERAL COURT OF JUSTICE.

The General Assembly of North Carolina enacts:

Section 1. G.S. 7A-304(a) reads as rewritten:

"(a) In every criminal case in the superior or district court, wherein the defendant is convicted, or enters a plea of guilty or nolo contendere, or when costs are assessed against the prosecuting witness, the following costs shall be assessed and collected, except that when the judgment imposes an active prison sentence, costs shall be assessed and collected only when the judgment specifically so provides, and that no costs may be assessed when a case is dismissed.

(1) For each arrest or personal service of criminal process, including citations and subpoenas, the sum of ~~five dollars ($5.00),~~ ten dollars ($10.00), to be remitted to the county wherein the arrest was made or process was served, except that in those cases in which the arrest was made or process served by a law-enforcement officer employed by a municipality, the fee shall be paid to the municipality employing the officer.

(2) For the use of the courtroom and related judicial facilities, the sum of ~~six dollars ($6.00)~~ twelve dollars ($12.00) in the district court, including cases before a magistrate, and the sum of ~~twenty-four dollars ($24.00)~~ thirty dollars ($30.00) in superior court, to be

remitted to the county in which the judgment is rendered. In all cases where the judgment is rendered in facilities provided by a municipality, the facilities fee shall be paid to the municipality. Funds derived from the facilities fees shall be used exclusively by the county or municipality for providing, maintaining, and constructing adequate courtroom and related judicial facilities, including: adequate space and furniture for judges, district attorneys, public defenders, magistrates, juries, and other court related personnel; office space, furniture and vaults for the clerk; jail and juvenile detention facilities; free parking for jurors; and a law library (including books) if one has heretofore been established or if the governing body hereafter decides to establish one. In the event the funds derived from the facilities fees exceed what is needed for these purposes, the county or municipality may, with the approval of the Administrative Officer of the Courts as to the amount, use any or all of the excess to retire outstanding indebtedness incurred in the construction of the facilities, or to reimburse the county or municipality for funds expended in constructing or renovating the facilities (without incurring any indebtedness) within a period of two years before or after the date a district court is established in such county, or to supplement the operations of the General Court of Justice in the county.

(3) For the retirement and insurance benefits of both State and local government law-enforcement officers, the sum of seven dollars and twenty-five cents ($7.25), to be remitted to the State Treasurer. Fifty cents (50¢) of this sum shall be administered as is provided in Article 12C of Chapter 143 of the General Statutes. Five dollars and seventy-five cents ($5.75) of this sum shall be administered as is provided in Article 12E of Chapter 143 of the General Statutes, with one dollar and twenty-five cents ($1.25) being administered in accordance with the provisions of G.S. 143-166.50(e). One dollar ($1.00) of this sum shall be administered as is provided in Article 12F of Chapter 143 of the General Statutes.

(3a) For the supplemental pension benefits of sheriffs, the sum of seventy-five cents (75¢) to be remitted to the Department of Justice and administered under the provisions of Article 12G of Chapter 143 of the General Statutes.

(4) For support of the General Court of Justice, the sum of sixty-one dollars ($61.00) in the district court, including cases before a magistrate, and the sum of sixty-eight dollars ($68.00) in the superior court, to be remitted to the State Treasurer.

(5) For using pretrial release services, the district or superior court judge shall, upon conviction, impose a fee of fifteen dollars ($15.00) to be remitted to the county providing the pretrial release

services. This cost shall be assessed and collected only if the defendant had been accepted and released to the supervision of the agency providing the pretrial release services.

(6) For support of the General Court of Justice, for the issuance by the clerk of a report to the Division of Motor Vehicles pursuant to G.S. 20-24.2, the sum of fifty dollars ($50.00), to be remitted to the State Treasurer. Upon a showing to the court that the defendant failed to appear because of an error or omission of a judicial official, a prosecutor, or a law-enforcement officer, the court shall waive this fee."

Section 2. G.S. 7A-305(a) reads as rewritten:

"(a) In every civil action in the superior or district court the following costs shall be assessed:

(1) For the use of the courtroom and related judicial facilities, the sum of ~~six dollars ($6.00)~~ twelve dollars ($12.00) in cases heard before a magistrate, and the sum of ~~ten dollars ($10.00)~~ sixteen dollars ($16.00) in district and superior court, to be remitted to the county in which the judgment is rendered, except that in all cases in which the judgment is rendered in facilities provided by a municipality, the facilities fee shall be paid to the municipality. Funds derived from the facilities fees shall be used in the same manner, for the same purposes, and subject to the same restrictions, as facilities fees assessed in criminal actions.

(2) For support of the General Court of Justice, the sum of fifty-five dollars ($55.00) in the superior court, and the sum of forty dollars ($40.00) in the district court except that if the case is assigned to a magistrate the sum shall be twenty-eight dollars ($28.00). Sums collected under this subsection shall be remitted to the State Treasurer."

Section 3. G.S. 7A-306(a) reads as rewritten:

"(a) In every special proceeding in the superior court, the following costs shall be assessed:

(1) For the use of the courtroom and related judicial facilities, the sum of ~~four dollars ($4.00)~~ ten dollars ($10.00) to be remitted to the county. Funds derived from the facilities fees shall be used in the same manner, for the same purposes, and subject to the same restrictions, as facilities fees assessed in criminal actions.

(2) For support of the General Court of Justice the sum of twenty-six dollars ($26.00). In addition, in proceedings involving land, except boundary disputes, if the fair market value of the land involved is over one hundred dollars ($100.00), there shall be an additional sum of thirty cents (30¢) per one hundred dollars ($100.00) of value, or major fraction thereof, not to exceed a maximum additional sum of two hundred dollars ($200.00). Fair market value

is determined by the sale price if there is a sale, the appraiser's valuation if there is no sale, or the appraised value from the property tax records if there is neither a sale nor an appraiser's valuation. Sums collected under this subsection shall be remitted to the State Treasurer."

Section 4. G.S. 7A-307(a) reads as rewritten:

"(a) In the administration of the estates of decedents, minors, incompetents, of missing persons, and of trusts under wills and under powers of attorney, and in collections of personal property by affidavit, the following costs shall be assessed:

(1) For the use of the courtroom and related judicial facilities, the sum of ~~four dollars ($4.00),~~ ten dollars ($10.00), to be remitted to the county. Funds derived from the facilities fees shall be used in the same manner, for the same purposes, and subject to the same restrictions, as facilities fees assessed in criminal actions.

(2) For support of the General Court of Justice, the sum of twenty-six dollars ($26.00), plus an additional forty cents (40¢) per one hundred dollars ($100.00), or major fraction thereof, of the gross estate, not to exceed three thousand dollars ($3,000). Gross estate shall include the fair market value of all personalty when received, and all proceeds from the sale of realty coming into the hands of the fiduciary, but shall not include the value of realty. In collections of personal property by affidavit, the fee based on the gross estate shall be computed from the information in the final affidavit of collection made pursuant to G.S. 28A-25-3 and shall be paid when that affidavit is filed. In all other cases, this fee shall be computed from the information reported in the inventory and shall be paid when the inventory is filed with the clerk. If additional gross estate, including income, comes into the hands of the fiduciary after the filing of the inventory, the fee for such additional value shall be assessed and paid upon the filing of any account or report disclosing such additional value. For each filing the minimum fee shall be ten dollars ($10.00). Sums collected under this subsection shall be remitted to the State Treasurer.

(2a) Notwithstanding subdivision (2) of this subsection, the fee of forty cents (40¢) per one hundred dollars ($100.00), or major fraction, of the gross estate, not to exceed three thousand dollars ($3,000), shall not be assessed on personalty received by a trust under a will when the estate of the decedent was administered under Chapters 28 or 28A of the General Statutes. Instead, a fee of fifteen dollars ($15.00) shall be assessed on the filing of each annual and final account.

(2b) Notwithstanding subdivisions (1) and (2) of this subsection, no costs shall be assessed when the estate is administered or settled pursuant to G.S. 28A-25-6.

(3) For probate of a will without qualification of a personal representative, the clerk shall assess a facilities fee as provided in subdivision (1) of this subsection and shall assess for support of the General Court of Justice, the sum of seventeen dollars ($17.00)."

Section 5. G.S. 7A-311(a) reads as rewritten:

"(a) In a civil action or special proceeding, the following fees and commissions shall be assessed, collected, and remitted to the county:

(1) a. ~~Effective October 1, 1990, for every civil action filed on or after that date, for~~ For each item of civil ~~process,~~ process served, including summons, subpoenas, notices, motions, orders, writs and ~~pleadings served,~~ pleadings, the sum of ~~five dollars ($5.00).~~ ten dollars ($10.00). When two or more items of civil process are served simultaneously on one party, only one ~~five dollar ($5.00)~~ ten dollar ($10.00) fee shall be charged.

b. When an item of civil process is served on two or more persons or organizations, a separate service charge shall be made for each person or organization. If the process is served, or attempted to be served, by a city policeman, the fee shall be remitted to the city rather than the county. If the process is served, or attempted to be served by the sheriff, the fee shall be remitted to the county. This subsection shall not apply to service of summons to jurors.

(2) For the seizure of personal property and its care after seizure, all necessary expenses, in addition to any fees for service of process.

(3) For all sales by the sheriff of property, either real or personal, or for funds collected by the sheriff under any judgment, five percent (5%) on the first five hundred dollars ($500.00), and two and one-half percent (2 1/2%) on all sums over five hundred dollars ($500.00), plus necessary expenses of sale. Whenever an execution is issued to the sheriff, and subsequently while the execution is in force and outstanding, and after the sheriff has served or attempted to serve such execution, the judgment, or any part thereof, is paid directly or indirectly to the judgment creditor, the fee herein is payable to the sheriff on the amount so paid. The judgment creditor shall be responsible for collecting and paying all execution fees on amounts paid directly to the judgment creditor.

(4) For execution of a judgment of ejectment, all necessary expenses, in addition to any fees for service of process.

(5) For necessary transportation of individuals to or from State institutions or another state, the same mileage and subsistence allowances as are provided for State employees."

Section 6. This act becomes effective October 1, 1998, and applies to fees assessed or paid on or after that date.

A BILL TO BE ENTITLED

AN ACT TO SET THE PUBLIC UTILITY REGULATORY FEE, TO SET THE INSURANCE REGULATORY CHARGE FOR CALENDAR YEAR 1998, TO AMEND PROVISIONS IN THE INSURANCE LAWS DEALING WITH EXAMINATIONS OF INSURANCE COMPANIES AND AUDITS OF THEIR FINANCIAL STATEMENTS, AND TO CLARIFY THE LAW ON INSURERS' FUNDING AGREEMENT RESERVES.

The General Assembly of North Carolina enacts:

Section 1. The percentage rate to be used in calculating the public utility regulatory fee under G.S. 62-302(b)(2) is nine-hundredths percent (0.09%) of each public utility's North Carolina jurisdictional revenues earned during each quarter that begins on or after July 1, 1998.

Section 2. The percentage rate to be used in calculating the insurance regulatory charge under G.S. 58-6-25 is six percent (6%) for the 1998 calendar year.

Section 3. G.S. 58-7-50(d) reads as rewritten:

"(d) This section is subject to the exceptions provided in G.S. 58-7-55. The Commissioner may allow a domestic insurer to maintain certain records or assets outside this State."

Section 4. G.S. 58-2-131(a) reads as rewritten:

"(a) This section and G.S. 58-2-132 ~~and G.S. 58-2-133~~ through G.S. 58-2-134 shall be known and may be cited as the Examination Law. The purpose of the Examination Law is to provide an effective and efficient system for examining the

activities, operations, financial condition, and affairs of all persons transacting the business of insurance in this State and all persons otherwise subject to the Commissioner's jurisdiction; and to enable the Commissioner to use a flexible system of examinations that directs resources that are appropriate and necessary for the administration of the insurance statutes and rules of this State."

Section 5. G.S. 58-2-131(b) reads as rewritten:

"(b) As used in this ~~section, G.S. 58-2-132 and G.S. 58-2-133,~~ section and G.S. 58-2-132 through G.S. 58-2-134, unless the context clearly indicates otherwise:

(1) "Commissioner" includes an authorized representative or designee of the Commissioner.

(2) "Examination" means an examination conducted under the Examination Law.

(3) "Examiner" means any person authorized by the Commissioner to conduct an examination.

(4) "Insurance regulator" means the official or agency of another jurisdiction that is responsible for the regulation of a foreign or alien insurer.

(5) "Person" includes a trust or any affiliate of a person."

Section 6. Article 2 of Chapter 58 of the General Statutes is amended by adding a new section to read:

"**§ 58-2-134. Cost of certain examinations.**

An insurer shall reimburse the Department for the actual expenses incurred by the Department in any examination of those records or assets conducted pursuant to G.S. 58-2-131, 58-2-132, or 58-2-133 when:

(1) The insurer maintains part of its records or assets outside this State under G.S. 58-7-50 or G.S. 58-7-55 and the examination is of the records or assets outside this State.

(2) The insurer requests an examination of its records or assets.

(3) The Commissioner examines an insurer that is impaired or insolvent or is unlikely to be able to meet obligations with respect to known or anticipated claims or to pay other obligations in the normal course of business.

The amount paid by an insurer for an examination of records or assets shall not exceed one hundred thousand dollars ($100,000), unless the insurer and the Commissioner agree on a higher amount."

Section 7. G.S. 58-7-16(f) reads as rewritten:

"(f) The Commissioner has sole authority to regulate the issuance and sale of funding agreements on behalf of insurers. In addition to the authority in G.S. 58-2-40, the Commissioner may adopt rules relating to:

(1) Standards to be followed in the approval of forms of funding agreements.

(2) Reserves to be maintained by insurers issuing funding agreements.

(3) Accounting and reporting of funds credited under funding agreements.

(4) Disclosure of information to be given to holders and prospective holders of funding agreements.

(5) Qualification and compensation of persons selling funding agreements on behalf of insurers.

In determining minimum valuation reserves to be maintained by insurers issuing funding agreements, the Commissioner may use any relevant actuarial guideline, regulation, interpretation, or paper published by the Society of Actuaries or the American Academy of Actuaries that the Commissioner considers reasonable."

Section 8. G.S. 58-2-131(d) reads as rewritten:

"(d) The Commissioner may conduct an examination of any insurer whenever the Commissioner deems it to be prudent for the protection of policyholders but shall at a minimum conduct ~~an~~ a regular examination of every domestic insurer not less frequently than once every ~~three~~ five years. In scheduling and determining the nature, scope, and frequency of examinations, the Commissioner shall consider such matters as the results of financial statement analyses and ratios, changes in management or ownership, actuarial opinions, reports of independent certified public accountants, and other criteria as set forth in the NAIC Examiners' Handbook."

Section 9. G.S. 58-2-205 reads as rewritten:

"**§ 58-2-205. CPA audits of financial statements.**

The Commissioner ~~is authorized to~~ may adopt rules to provide for audits and opinions of insurers' financial statements by certified public accountants. ~~Such~~ These rules shall be ~~in accordance with~~ substantially similar to the NAIC model rule that requires audited financial reports, as amended. The Commissioner may adopt, amend, or repeal provisions of these rules under G.S. 150B-21.1 in order to keep these rules current with the NAIC model rule."

Section 10. G.S. 150B-21.1 is amended by adding a new subsection to read:

"(a2) Notwithstanding the provisions of subsection (a) of this section, the Commissioner of Insurance may adopt a temporary rule to implement the provisions of G.S. 58-2-205 after prior notice or hearing or upon any abbreviated notice or hearing. When the Commissioner adopts a temporary rule pursuant to this subsection, the Commissioner must submit the reference to this subsection as the Commissioner's statement of need to the Codifier of Rules."

Section 11. Section 1 of this act becomes effective July 1, 1998. The remainder of this act is effective when it becomes law.

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: Department of Insurance, North Carolina Utilities Commission and Public Staff.

EFFECTIVE DATE: Section 1 of this act becomes effective July 1, 1998. The remainder becomes effective when it becomes law.

BILL SUMMARY: This bill has several parts. Section 1 sets the percentage rate used in calculating the public utilities regulatory fee at 0.09% of each public utility's North Carolina revenues. Section 2 sets the insurance regulatory charge at 6% of the total insurance premiums tax liability. Section 3 expands the types of records and assets an insurance company can maintain outside the state. Sections 4 through 6 modify the "Examination Law" to require the examined insurer to reimburse the Department of Insurance for the actual expenses related to the examination when 1) the insurer maintains part of its records or assets outside of the state, 2) the insurer requests an examination of its records or assets, or 3) the insurer is impaired, insolvent, or unlikely to meet their known financial obligations. The bill caps the reimbursement at $100,000, unless the Insurance Commissioner and the insurer agree on a higher amount. Section 7 provides guidance to the Insurance Commissioner on the types of information used to determine minimum

valuation reserves. Section 8 instructs the Commissioner to conduct a regular examination of insurers at least once every five years. (Currently the statute requires an examination once every three years). Section 9 authorizes the Insurance Commissioner to adopt rules for audits and opinions that are substantially similar to the NAIC model rule, and lets the Commissioner change the Departments rules to reflect changes in the NAIC model rule. Section 10 modifies the Commissioner's ability to adopt temporary rules. Section 11 sets the effective dates.

ASSUMPTIONS AND METHODOLOGY:

Section 1: Utilities Commission and Public Staff Fund

Section one of the bill sets the utilities regulatory fee at 0.09% of each public utilities' North Carolina jurisdictional revenues earned during each quarter that begins on or after July 1, 1998. **(This maintains the current 0.09% rate set in fiscal year 1997-98.)** The revenue generated from this fee supports the operations of the North Carolina Utilities Commission and Public Staff.

Per G.S. 62-302(b)(2), the percentage rate established by the General Assembly and assessed by the Commission "may not exceed the amount necessary to generate funds sufficient to defray the estimated cost of the operations of the Commission and Public Staff for the upcoming fiscal year, including a reasonable margin for a reserve fund." Combined operations of the Commission and the Public Staff in FY 1998-99 will require expenditures of not less than $9,297,845. Revenues generated by the utilities regulatory fee will amount to $8,340,000. The balance will be derived from other revenues generated by Commission fees and charges, or from the Accumulated Fee Margin Reserve Account.

The Utilities Commission indicates that the status of the Accumulated Fee Margin Reserve is as follows:

Balance as of 6/30/98	$ 8,990,813
Add: Estimated Collections and Interest for FY 1998-99	$ 9,356,285
Total Funds Available	$18,347,098
Less: Estimated FY 1998-99 Expenditures Reimbursable from Fees	($9,297,845)*
Estimated Margin Reserve for Period Ending 6/30/99	$ 9,049,253

** Not included in FY 1997-98 and 1998-99 are the estimated costs incurred by the Legislative Study Commission on the Future of Electric Service in North Carolina. Study Commission expenses are to be refunded from the Utilities Commission and Public Staff Fund (Chapter 483, Section 10.1, 1997 Session Laws). The amount is expected to be in excess of $450,000.*

Based on the projected Fee Margin Reserve, the fee of 0.09% should be sufficient to cover the operations of the Utilities Commission and Public Staff.

Section 2: Insurance Regulatory Fund

Section two of the act sets the insurance regulatory charge effective for calendar year 1998 at 6.0%. (This is a decrease from the 8.75% rate established for calendar year 1997.) The charge is based on a percentage of a company's premiums tax liability for the taxable year. Every insurance company subject to the premiums tax levied under G.S. 105-228.5 must pay the insurance regulatory charge. The percentage rate, set annually, cannot exceed the rate necessary to generate funds sufficient to defray the estimated cost of operating the Department of Insurance for the upcoming year. The revenue collected from the charge is deposited into the Insurance Regulatory Fund invested with the State Treasurer and managed by the Office of State Budget and Management. Funds generated by the regulatory charge are used to reimburse the General Fund for the amount appropriated to the Department of Insurance.

	FY 1996-97	FY 1997-98	FY 1998-99
Estimated Gross Premiums Tax	$208 mil.	$207 mil.	$320 mil.
Insurance Regulatory Charge	x .075	x .0875	x. 060
	$15.08 mil.	$18.11 mil.	$19.2 mil.

If the gross premiums tax continues to increase through calendar year 1998 then, it is possible the rate for 1999 could be less than the proposed 6.0% rate for 1998.

Sections 3-10: Insurance Examination Fees/Regulations

The proposed act expands the types of records and assets an insurance company can maintain outside the State. Under G.S. 58-7-55, certain exemptions exist that allow a domestic insurance company to maintain financial and accounting records outside the State so long as a company makes a written request and the Commissioner approves.

In the event approval is given to a company to hold certain records and assets outside the State the Commissioner of Insurance can charge for the examination of records in certain circumstances. An insurance company can be required to pay up to $100,000 of the Department's cost of examinations when the insurer maintains part of its records and or assets out of the State, when the insurer requests the Department examine its records, and when an insurer's solvency is in question. The cost can exceed $100,000 if the insurer and the Commissioner agree to a greater amount.

The Commissioner of Insurance is given the authority to regulate the issuance and sale of funding agreements in G.S. 58-7-16(f). Section 5 of this act, allows the Commissioner to use any relevant actuarial guidelines, regulations, interpretations or papers published by the Society of Actuaries or the American Academy of Actuaries in carrying out his authority to determine minimum valuation reserves to be maintained by the issuer.

The Department of Insurance does not expect many domestic companies to take advantage of this regulatory change except in certain circumstances. There is expected to be at least one that

would be subject to this act within a three year period. Data provide by the Department of Insurance.

TECHNICAL CONSIDERATIONS: Lengthening the maximum period between required examinations of insurance companies may have an impact on staffing and other Department of Insurance needs. However, the Department hopes to use this opportunity to pursue other matters such as participating in "foreign exams".

EXPLANATION OF HOUSE BILL 1429:
Proposed Committee Substitute
Set Reg. Charge/Company Exams

TO: House Finance Committee
FROM: Cindy Avrette, Committee Counsel
DATE: May 27, 1997
SPONSOR: Rep. Connie Wilson

The proposed committee substitute for House Bill 1429 differs from the original bill in two ways:

- It sets the public utility regulatory fee at 0.09%.
- It lowers the insurance regulatory charge from 8.75% to 6%.

The bill also makes the following changes to the insurance laws:

- It allows domestic insurers to maintain part of their records or assets outside the State.
- It provides that the Department of Insurance may bill an insurance company for an examination of those records and assets maintained outside the State.
- It permits the Commissioner of Insurance to use relevant actuarial guidelines to help determine the appropriate level of reserves to be maintained by insurers issuing funding agreements.
- It changes the schedule for regular examinations of North Carolina domestic insurers from 3 years to 5 years.
- It allows the Commissioner to make changes in the existing CPA audit rules under the APA's temporary rulemaking provisions.

Public Utility Regulatory Fee

Section 1 sets the public utility regulatory fee for fiscal year 1998-99 at 0.09%. This rate maintains the current 0.09% rate set in fiscal year 1997-98. The utility regulatory fee was imposed in 1989. Its purpose is to defray the State's cost in regulating public utilities. The regulatory fee is imposed on all utilities that are subject to regulation by the North Carolina Utilities Commission. The fee is a percentage of the utility's North Carolina jurisdictional revenues. In general, jurisdictional revenue is revenue derived from providing utility service in North Carolina.

Insurance Regulatory Charge

Section 2 decreases the insurance regulatory charge from 8.75% to 6%. Last year, the General Assembly clarified that the premiums tax liability upon

which the charge is levied is not reduced by any tax credits allowed a taxpayer for guaranty or solvency fund assessments. This change explains in part the reason why the charge is able to be decreased this fiscal year by 2.75%.

This charge was first imposed in 1991. Its purpose is to make the Department of Insurance receipt-supported and thereby eliminate General Fund support of the Department. The regulatory charge is imposed on insurance companies that pay the gross premiums tax, other than service corporations such as Blue Cross/Blue Shield and Delta Dental Corporation. Health maintenance organizations do not pay the regulatory charge because they do not pay the gross premiums tax. The charge is a percentage of the insurance company's premiums tax liability.

In 1995, the General Assembly eliminated the insurance audit and examination fees for insurance companies, HMOs, medical corporations, and guaranty associations. The revenue generated by these audit fees was an estimated $4.5 million annually. Consequently, the costs of the audits is now paid for by the insurance regulatory charge as part of the costs of regulating the insurance industry.

Insurance Provisions

Section 3 amends the law that requires every North Carolina insurance company to maintain its records and assets in this State by making it clear that the Commissioner may permit a domestic insurer to maintain a part of its records or assets outside North Carolina.

Sections 4 and 5 are technical. They amend two statutory provisions to include a cross-reference to the new statute section in Section 5 of the bill.

Section 6 adds a new section to the Examination Law that would provide that the Department of Insurance may bill an insurance company for an examination of its records and assets, up to a maximum billing of $100,000 (unless there is a mutual agreement for a higher amount), in only three situations:

1. When a North Carolina insurer keeps records and assets out of North Carolina and the Department needs to examine those out-of-state records or assets.
2. When an insurer requests an examination, usually this happens when another company wants to acquire or merge with the insurer and the insurer wants an official "stamp of approval" on its financial situation.

3. When an insurer is financially unstable. The last item is important because intervention by the Department through an examination can keep the insurer from becoming insolvent, thus avoiding a liquidation and assessments by a guaranty fund on all other insurers. Billing an impaired insurer does not cause further deterioration in the insurer's financial situation.

Section 7 amends the law that gives the Commissioner authority to regulate the issuance and sale of funding agreements. In determining the appropriate level of reserves to be required by the Commissioner, the Commissioner's actuarial staff has determined that the statute should reference and permit the Commissioner to use relevant guidelines published by the Society of Actuaries or the American Academy of Actuaries, when determined by the Commissioner to be reasonable.

Section 8 changes the schedule for regular examinations of domestic insurers from at least once every three years to every five years.

Section 9 allows the Commissioner to adopt rules that are substantially similar to the National Association of Insurance Commissioners model rule for annual audited financial reports. **Section 10** permits the Commissioner to adopt expedited temporary rules in order to keep these rules consistent with the NAIC model rule. The Department needs this flexibility to maintain its accreditation with the NAIC, which is critical for North Carolina insurance companies. This approach will make any rule changes subject to scrutiny through the permanent rulemaking process, which follows the temporary rulemaking process. It just allows changes to go into effect on a temporary basis before the next session of the General Assembly.

A BILL TO BE ENTITLED

AN ACT TO INCREASE THE PENALTY FOR LATE FILING OF REPORTS BY LOBBYIST AND PRINCIPAL.

The General Assembly of North Carolina enacts:

Section 1. G.S. 120-47.6(d) reads as rewritten:

"(d) When a lobbyist fails to file a lobbying expense report as required herein, the Secretary of State shall send a certified or registered letter advising the lobbyist of the delinquency and the penalties provided by law. Within 20 days of the receipt of the letter, the lobbyist shall deliver or post by United States mail to the Secretary of State the required report and an additional late filing fee of ten dollars ~~($10.00).~~ ($10.00) a day for the first 30 days the report is late and fifty dollars ($50.00) a day for every day thereafter, not to exceed one thousand dollars ($1,000). A lobbyist who is assessed a late filing fee under this section may appeal to the Secretary of State within 10 days of receipt of notice of the assessment seeking a waiver of the assessment for good cause shown. Good cause shall consist of excusable neglect, unavoidable delay, or impossibility of performance.

Filing of the required report and payment of the additional fee within the time extended shall constitute compliance with this section. Failure to file an expense report in one of the manners prescribed herein shall result in revocation of any and all registrations of a lobbyist under this Article. No lobbyist may register or reregister under this Article until he has fully complied with this section."

Section 2. G.S. 120-47.7(d) reads as rewritten:

"(d) When a lobbyist's principal fails to file a lobbying expense report as required herein, the Secretary of State shall send a certified or registered letter advising the lobbyist's principal of the delinquency and the penalties provided by law. Within 20 days of the receipt of the letter, the lobbyist's principal shall deliver or post by United States mail to the Secretary of State the required report and a late filing fee of ten dollars ~~($10.00).~~ ($10.00) a day for the first 30 days the report is late and fifty dollars ($50.00) a day for every day thereafter, not to exceed one thousand dollars ($1,000). A lobbyist's principal who is assessed a late filing fee under this section may appeal to the Secretary of State within 10 days of receipt of notice of the assessment seeking a waiver of the assessment for good cause shown. Good cause shall consist of excusable neglect, unavoidable delay, or impossibility of performance.

Filing of the required report and payment of the late fee within the time extended shall constitute compliance with this section."

Section 3. This act becomes effective January 1, 1999.

EXPLANATION OF SENATE BILL 649 (2d Ed):
Lobbyist Penalty

TO: House Finance Committee
FROM: Martha Walston, Committee Counsel
DATE: June 24, 1998
SPONSOR: Senator Miller

Senate Bill 649 increases the penalty for late filing of lobbying expense reports by lobbyists and lobbyists' principals for reports filed more than 30 days late. The current law only requires an additional $10 late filing fee. The bill is a recommendation of the Secretary of State's office and passed the Senate during the Long Session. The bill has been given a favorable report by the House Committee on Ethics.

Section 1 of the bill amends the penalties applicable to lobbyists who fail to file their required lobbying expense reports on time. Under this section a lobbyist would be required to pay $10 for a report which is less than 30 days late. After 30 days, the penalty increases to $50 per day up to a maximum of $1,000. An appeal process to seek a waiver of the penalty is provided, where excusable neglect, unavoidable delay, or impossibility of performance can be shown as good cause justifying the delay. This appeal is made to the Secretary of State.

Section 2 amends the penalties applicable to lobbyist's principals who fail to file their required lobbying expense reports on time in the same manners as is being amended for lobbyists. A principal means the entity in whose behalf the lobbyist influences or attempts to influence legislative action.

Current law requires a lobbyist and a lobbyist's principal to file an expense report with the Secretary of State within 60 days after the last day of the regular session. The report must include all expenditures made between January 1 and the last day of the regular session. The report must also show the date of each expenditure, to whom paid, the name of any legislator benefitting from the expenditure and the amount of each expenditure made in connection with lobbying in the categories of transportation, lodging, entertainment, food, any item having a cash equivalent value of more than $25 and contributions made or promised. If more than 10 legislators benefitted or were invited to benefit from an expenditure, the lobbyist is only required to report the number of legislators or, with particularity, the basis for their selection.

A BILL TO BE ENTITLED

AN ACT TO SET THE PUBLIC UTILITY REGULATORY FEE, TO SET THE INSURANCE REGULATORY CHARGE FOR CALENDAR YEAR 1998, TO AMEND PROVISIONS IN THE INSURANCE LAWS DEALING WITH EXAMINATIONS OF INSURANCE COMPANIES AND AUDITS OF THEIR FINANCIAL STATEMENTS, AND TO CLARIFY THE LAW ON INSURERS' FUNDING AGREEMENT RESERVES.

The General Assembly of North Carolina enacts:

Section 1. The percentage rate to be used in calculating the public utility regulatory fee under G.S. 62-302(b)(2) is nine-hundredths percent (0.09%) of each public utility's North Carolina jurisdictional revenues earned during each quarter that begins on or after July 1, 1998.

Section 2. The percentage rate to be used in calculating the insurance regulatory charge under G.S. 58-6-25 is six percent (6%) for the 1998 calendar year.

Section 3. G.S. 58-7-50(d) reads as rewritten:

"(d) This section is subject to the exceptions provided in G.S. 58-7-55. The Commissioner may allow a domestic insurer to maintain certain records or assets outside this State."

Section 4. G.S. 58-2-131(a) reads as rewritten:

"(a) This section and G.S. 58-2-132 ~~and G.S. 58-2-133~~ through G.S. 58-2-134 shall be known and may be cited as the Examination Law. The purpose of the Examination Law is to provide an effective and efficient system for examining the

activities, operations, financial condition, and affairs of all persons transacting the business of insurance in this State and all persons otherwise subject to the Commissioner's jurisdiction; and to enable the Commissioner to use a flexible system of examinations that directs resources that are appropriate and necessary for the administration of the insurance statutes and rules of this State."

Section 5. G.S. 58-2-131(b) reads as rewritten:

"(b) As used in this ~~section, G.S. 58-2-132 and G.S. 58-2-133,~~ section and G.S. 58-2-132 through G.S. 58-2-134, unless the context clearly indicates otherwise:

(1) "Commissioner" includes an authorized representative or designee of the Commissioner.

(2) "Examination" means an examination conducted under the Examination Law.

(3) "Examiner" means any person authorized by the Commissioner to conduct an examination.

(4) "Insurance regulator" means the official or agency of another jurisdiction that is responsible for the regulation of a foreign or alien insurer.

(5) "Person" includes a trust or any affiliate of a person."

Section 6. Article 2 of Chapter 58 of the General Statutes is amended by adding a new section to read:

"**§ 58-2-134. Cost of certain examinations.**

An insurer shall reimburse the Department for the actual expenses incurred by the Department in any examination of those records or assets conducted pursuant to G.S. 58-2-131, 58-2-132, or 58-2-133 when:

(1) The insurer maintains part of its records or assets outside this State under G.S. 58-7-50 or G.S. 58-7-55 and the examination is of the records or assets outside this State.

(2) The insurer requests an examination of its records or assets.

(3) The Commissioner examines an insurer that is impaired or insolvent or is unlikely to be able to meet obligations with respect to known or anticipated claims or to pay other obligations in the normal course of business.

The amount paid by an insurer for an examination of records or assets shall not exceed one hundred thousand dollars ($100,000), unless the insurer and the Commissioner agree on a higher amount."

Section 7. G.S. 58-7-16(f) reads as rewritten:

"(f) The Commissioner has sole authority to regulate the issuance and sale of funding agreements on behalf of insurers. In addition to the authority in G.S. 58-2-40, the Commissioner may adopt rules relating to:

(1) Standards to be followed in the approval of forms of funding agreements.

(2) Reserves to be maintained by insurers issuing funding agreements.

(3) Accounting and reporting of funds credited under funding agreements.

(4) Disclosure of information to be given to holders and prospective holders of funding agreements.

(5) Qualification and compensation of persons selling funding agreements on behalf of insurers.

In determining minimum valuation reserves to be maintained by insurers issuing funding agreements, the Commissioner may use any relevant actuarial guideline, regulation, interpretation, or paper published by the Society of Actuaries or the American Academy of Actuaries that the Commissioner considers reasonable."

Section 8. G.S. 58-2-131(d) reads as rewritten:

"(d) The Commissioner may conduct an examination of any insurer whenever the Commissioner deems it to be prudent for the protection of policyholders but shall at a minimum conduct ~~an~~ a regular examination of every domestic insurer not less frequently than once every ~~three~~ five years. In scheduling and determining the nature, scope, and frequency of examinations, the Commissioner shall consider such matters as the results of financial statement analyses and ratios, changes in management or ownership, actuarial opinions, reports of independent certified public accountants, and other criteria as set forth in the NAIC Examiners' Handbook."

Section 9. G.S. 58-2-205 reads as rewritten:

"**§ 58-2-205. CPA audits of financial statements.**

The Commissioner ~~is authorized to~~ may adopt rules to provide for audits and opinions of insurers' financial statements by certified public accountants. ~~Such~~ These rules shall be ~~in accordance with~~ substantially similar to the NAIC model rule that requires audited financial reports, as amended. The Commissioner may adopt, amend, or repeal provisions of these rules under G.S. 150B-21.1 in order to keep these rules current with the NAIC model rule."

Section 10. G.S. 150B-21.1 is amended by adding a new subsection to read:

"(a2) Notwithstanding the provisions of subsection (a) of this section, the Commissioner of Insurance may adopt a temporary rule to implement the provisions of G.S. 58-2-205 after prior notice or hearing or upon any abbreviated notice or hearing. When the Commissioner adopts a temporary rule pursuant to this subsection, the Commissioner must submit the reference to this subsection as the Commissioner's statement of need to the Codifier of Rules."

Section 11. Section 1 of this act becomes effective July 1, 1998. The remainder of this act is effective when it becomes law.

Tape #3

Tape 3 excerpts from July 8th House Finance Committee

Ann Berlam from the State Board of Education on Charter School Bill

Ann Berlam: Thank you, Mr. Chairman. I'll try to summarize some of the Board's discussion today.

The Board likes the current Charter School Law, and I say that in light of what I mentioned to you earlier about the study that they're required by statute to come back in 1999 and present to you. There are some elements of this charter school bill that they do not have any problems with. The issue of the testing and the ABC's program, which I believe was discussed earlier this morning, was actually a policy contained in the State Board of Education policy that the charter schools shall participate in the ABC's program. So there are some elements of that that are already being looked at the Board, but the Board took its responsibility seriously that you gave them to come back and present a thorough report on charter schools, what their mission is, should they be expanded, and they are serving the students that are to be served? The charter schools are supported by the State Board of Education. I told you that they had a breakfast with them this morning and they had charter school representatives meeting with them most of the day today. Charter schools are public schools as you have said. There have been some concerns expressed by the Board in the meeting today. One of those I already mentioned to you about repealing the cap, that the Board is not ready to do at this time. That is not to mean that the Board would not ever want to raise the cap, but we want to see how charter schools are operating. We have only completed one year of operation of charter schools.

The Board is also concerned about some language in this bill that would repeal the local impact statement. And that was just put in the law last year, and it gives local boards of education an opportunity to comment on those local charter school plans for the board to take those plans into consideration. The Board is pleased with the money if it's to be designated...some of it to go from fines and forfeitures for technology...that they do want...as public schools have to spend that money based on local technology plans that charter schools spend that money on technology and I believe that is in the bill that Mr. Daughtry has.

There was a lot of discussion...and this is the last point...the Board held a lot of discussion on the language...the amendment that was offered in the Pensions and Retirements Committee about the good faith effort to reflect the racial and ethnic composition of the community. The Board will be voting on a policy tomorrow that comes as a recommendation from the Charter School Advisory Committee on looking the student population in charter schools, and I know this morning you talked about...and the State Board of Education certainly does not want to go back to segregated schools but wants to ensure that all students have an opportunity to attend schools. There is part of the Charter School Law that says a charter school can apply to be a charter school and have as its mission to serve a certain population, and that's already allowed in the law. There's just concern about what does good faith effort mean. The Board believes that that

is something that would need to be looked at yearly, that the charter school would need to present information to the State Board, that the State Board uses the review process. The Charter School Advisory Committee language that they're going to be considering tomorrow would suggest that the composition of charter schools should be reflected in the schools in the local school system because we all know within some local school systems, some schools have a larger percentage of majority or minority students than the overall school population. So this is an issue that the Board spent a lot of time discussing, and they're not sure if the language that's been proposed in this bill is better than the language that's in the current law that's saying that within one year, but they will be addressing a recommendation from the Charter School Advisory Committee tomorrow. And they, as I said, had a long discussion. There are some things in this bill that are already being done, there are some things with which the Board has some questions and concerns, and we will look forward to coming back to you in January with recommendations on the whole charter school process. Mr. Chairman, thank you.

Greg Malhoit, Director of the North Carolina Education and Law Project

Greg Malhoit: Thank you, Mr. Chairman. My name is Greg Malhoit. I'm the Director of the North Carolina Education and Law Project, which is a research and legal advocacy group supporting the interests of at-risk children in public schools.

My organization has in fact worked with a number of individuals who have started charter schools or wish to start charter schools, so we have some experience working with these schools. And we are a supporter of charter schools under current law. But I wanted to talk with you just for a second today about the very issue that Ms. Berlam was just talking about, which is the racial diversity position that's in the current law.

As many of those in this room know, there was a time in this state's history when our public schools were not integrated. In fact it was not until the early 1970's that racial segregation in our public schools ended in North Carolina. And since then this state has a proud tradition of integration in its public education system. That proud tradition was reflected in the 1996 legislation regarding charter schools passed by this General Assembly. And that is the provision that is in the current law and the one that you are now amending if you pass this current bill.

There is a risk—a significant risk—of resegregation of our public schools as evidenced by the current statistics. It was reported today at the State Board of Education, if fact, that fourteen of the existing charter schools actually have racial compositions which are significantly out of balance with the diversity of the school system at large. In fact, there are some schools that are one race exclusively.

If you pass this bill with the amendment, you will be retreating, you will be retreating from a commitment to integrate schools, particularly charter schools, but public schools in this state. And I am fearful that you will be sending a message to the new charters and to the public schools and to the people of this state that it is okay to move

away from integration and back towards segregation, which has very negative consequences as you all know.

The last thing I would note is that by doing so, you also place this state and the charter schools in substantial risk of violating federal law. There is a federal statute, there is also the United States Constitution and the North Carolina Constitution that address this issue of segregation and integration. There is a better way, I think. Ms. Berlam has indicated that the State Board of Education is prepared to address this issue. I don't believe that there is a significant risk that anybody is going to lose their charter in the next year, but we have this commitment, and our organization would encourage you to encourage you to continue that commitment and remove this provision from the bill. Thank you.

Vernon Robinson

Mr. Chairman, it's tempting to go at length of the misrepresentations, misinformation, and outright...well at the Air Force Academy where I graduated, where we would have been quibbling, and we would have kicked a number of folks out of the Air Force Academy by now. But I would like to yield, if I could, to the parents and children of charter schools who are here, and if there's possibly time for me later to speak I'd like to speak, but it's much more important that the parents, teachers, and other folks in charter schools who came on a very short notice—took off from jobs to come out to keep the blob from taking their schools away today—be heard. I tried to get the inmates in the charter school in the Baker jail to come out, but they assured me that after they get paroled they will come to see the Democratic members of the committee, and Ann Berlam, and Ed Regan and take up their concerns at that time. Mr. Chairman, if you could, is it possible that those folks speak instead.

Chairman: If you've got, what, four people, we'll give them two minutes apiece.

Vernon Robinson: Thank you, Mr. Chairman.

Rep. Miller: Mr. Chairman, I wonder if the gentleman would yield for a question that was...Mr. Robinson.

Chairman: Mr. Robinson, do you yield for a question?

Vernon Robinson: Yes.

Rep. Miller: I just wanted to be sure that I heard you correct that there is a concern that this committee is about to take away the charter schools. Is that what I heard you say, and I'm concerned that that's an idea that someone has.

Vernon Robinson: Mr. Miller, the reason why almost half the folks to my right are your constituents is because they are deathly afraid that the onslaught of the Senate Democrats and House Democrats in conjunction with the education blob to limit, restrict and come up with these ridiculous items like the Senate budget item in the Senate budget which restricts the total enrollment of charter schools to four percent of the public school enrollment per school district creating large charter schools in Elkin City system, for instance, like 30. In Arapahoe, which was the first public charter school for the faculty all NCA members to convert would be restricted to 84, and Rep. Miller, the bottom line is, these is your base. Your base is here and they are horrified at the activities of the Democrats in the House and in the Senate on this issue, and they should be.

Rep. Miller: Mr. Chairman, let me just follow up. Since they are citizens of Durham I think that I'd like to assure them that this committee is not here for purpose of taking away what the legislature has already provided by way of the charter schools. I don't believe that's our function here. That's not what this bill is, and I would not want these participants or families to be of that understanding.

Chairman: Okay. We have Jenny Adams, teacher. If you would come up, hold the button down, identify yourself, and please limit it to two minutes.

Jenny Adams: No problem. Hi, my name is Jenny Adams. I'm a seventh and eighth grade math and science teacher at Arapahoe Charter. We were the only public conversion school. We exist because the school was going to be closed and we followed the avenue that you allowed us last year by passing the law. We applied for a charter and we were granted. And we have been in existence a year. And we did quite well this year.

The point I would like to make, one of the points I'd like to make, please, is that I am a member of NCAE, I've just finished my twenty-eighth year of teaching. One of my concerns is that NCAE has a negative approach toward the charter schools. Let me assure you that as a teacher my job is to teach children, and I would hope that the NCAE would be able to help me teach those children.

Your question about your racial balance, y'all have a tough one in front of you. We believe that all children need to be able to have the right be educated however that education may come. Thank you.

Chairman: Jackie Buru

Jackie Buru: My name is Jackie Buru, and I am the education officer for Spark Academy here in Wake County. I have a strong concern that you don't label charter schools as schools that discriminate and try to become enclaves for a particular race. As a brand new charter school, our attempt was made and our outreach was made to an entire population. I personally returned phone calls to members of another race trying to convince them to stay with our school even though she felt after her discussion with her Jewish friends that maybe she would not enjoy being in a school with predominantly one

race. I would not like to see you smack the hands of the charter schools for the intent of parents. I also would like to ask anybody here, and I know you look above the age of young children, but would you send your grandchildren to a charter school in an area of an urban city that you know has population that is not like the population sitting in this room today? And if you answer that question in your head, then you know the answer to many of the same parents out there in there in the real world. We at Spark Academy want to educate children. We do not want to make schools black or white. We don't even want to ask the question, are you black or white? Those applications and those questions came from somewhere else and they need to be addressed there. Do not smack the hands of charter schools.

Chairman: Ms. Mary Wright.

Mary Wright: My name is Mary Wright. I'm on the law faculty at North Carolina Central University, and I have been working with an organization in the community to establish a charter school. The members of the organization and the persons who are interested in this school are working parents, they are poor parents, they are black parents. And I would like to say that Brown vs. Board of Education, which was decided back in 1954 was not about black children sitting beside white children for purposes of socialization, it was about providing equal access of the tax dollars to black parents who for a long time had been excluded from the benefits of those tax dollars. Public schools, traditional public schools, have never truly been desegregated. They have continued to resegregate black children within the public education system through tracking, through learning-disabled classes, through creation of academically gifted classes that are predominately consisting of white students while the others are disproportionately consisting of black students. And so black parents want the opportunity to have equal access to their tax dollars in order to provide the best education for their children and this is what the charter schools give to us—the opportunity to utilize our tax dollars for the benefit for our children.

Chairman: Rep. McComas

Rep. McComas: Mr. Chairman, I'd like to ask Mrs. Wright a question, if I may. Mrs. Wright, I take it you're a legal council—an attorney.

Ms. Wright: Yes, I am.

Rep. McComas: Follow up, Mr. Chairman. Mrs. Wright would you correct me in my perception. Is it the intent of our Constitution, of our Supreme Court that we have a color blind society?

Ms. Wright: As a matter of fact, as you know, as blacks we were left out of the Constitution. The Constitution considered us three-fifths of a man's, that meant that

women, as a matter of fact, were left out entirely. No. So I do not think the intent of the Constitution was to have a color blind society, and I don't think we ever have had one.

Rep. McComas: What about the Supreme Court?

Ms. Wright: I would say that the Supreme Court has consisted primarily of white males, and no, there has never been the intent there to have a color blind society either.

Rep. McComas: Mr. Chairman, if I may.... Let me ask you this, is it not the intent of our society with all of the laws that have been passed in the last twenty, thirty years to try to get this our culture to be color blind?

Chairman: Let me, forgive me for interrupting. I'm planning on taking a vote at 5:15 and I think we have covered this issue and I don't believe this is really relevant to this bill that we have before us that's more financial. And if we could go on, Mr. Jim Blackburn has asked to speak.

Rep. Nesbitt: Mr. Chairman, point of order. Do you intend to take up our amendments that's been laying up there?

Chairman: That's the reason I was cutting him off.

Rep. Nesbitt: I take that as a yes or a no...

Chairman: Yes, sir. We'll take up the amendment if we have time.

Rep. Leubke: Point of order.

Chairman: Point of order.

Rep. Leubke: Are you telling me with a very light agenda tomorrow, you're telling us you're not willing to carry it over even though we're at five o'clock, we have a number of amendments, I've been waiting all day for an opportunity to speak. I've been on your list.

Chairman: Rep. Leubke, I think everybody knows where they stand on this bill at this point. I think we had a very good discussion, and yes I plan on taking a vote at 5:15. Mr. Blackburn, you have two minutes.

Jim Blackburn: Mr. Chairman, I'll be brief. I want to call your attention to section...I'm not sure what section it is. It's page 18, lines 3 through 5. What the effect of that language is...and I want to reiterate that our organization is not opposed to charter schools, notwithstanding what you may have heard. The effect of that subsection c up there is to remove the affect of the Fiscal Note Act with respect to rules approved by the

State Board of Education that apply to charter schools. That is legislation that we fought hard to secure passage of about three or four years ago that requires agencies when they do rules to determine the fiscal impact on local revenues when they approve those rules... we would hope that you would leave the effect of the Fiscal Note Act in as it applies to the State Board rules that affect charter schools and remove that subsection c there that removes that effect. I know there are other issues with respect to the Administrative Procedures Act, and I think maybe Ms. Winter, if you'll ever give her a chance, might have something to say about that.

Chairman: We have two amendments. Rep. Nesbitt sends forth an amendment and I believe it's been passed out. No. While they're passing it out, on page 13, lines 9 through 35, delete those lines, renumbering the remaining sections. And on page 20, line 30, rewrite those lines to read, "Section 27. This act becomes effective July 31, 1998. Section 26 of this ." Rep. Nesbitt, would you explain your amendment.

Rep. Nesbitt: Thank you, Mr. Chairman. This is an amendment to take out the portions of the bill that we've been discussing concerning racial makeup of these schools. I think Mr. Malhoit gave you a good assessment of the legality of this, and I'm of the opinion that if we go down this road not only are these schools going to encounter difficulty, I think that the state is going to encounter difficulty. When we're sitting here faced with the fact that we passed a law that said that these schools need to reflect the racial makeup of the school system—and by the way, if someone can find a better way to define that to of a portion of the school system, or somebody was talking a while ago of the schools within a school system, because the do vary from school to school, I can understand that...

Chairman: Rep. Nesbitt, forgive me. I'm listening to your argument. I know what you want to do, and if staff would bear with me one moment, I think we can speed this up a little bit. Knowing what you're wanting to do, the current law is everything but what is underlined.

Rep. Nesbitt: Correct.

Chairman: So if we follow your amendment, what's underlined says the school with make a good faith effort to attract and enroll students as the population of the school reasonably reflects. If you are really wanting it to reasonably reflect, it would seem to me you would leave that amendment in there.

Rep. Nesbitt: Well, no. What I want it to do is within one year, the school shall reasonably reflect. Is that not the way the amendment's drawn? Staff drew the amendment, so it's among them.

Chairman: The way I read the amendment, it will delete this whole section...

Rep. Nesbitt: It deletes it from the bill, but it would still be in the General Statutes.

Chairman: Okay. I'm sorry.

Rep. Daughtry: If I could respond to this amendment...

Rep. Nesbitt: Mr. Chairman, I haven't finished; but I'll be glad to go after.

Rep. Daughtry: You finish. I'm sorry.

Rep. Nesbitt: No, you can go right ahead, and I'll go after you're done.

Rep. Daughtry: No. I'm sorry I interrupted you.

Rep. Nesbitt: Thank you, Mr. Chairman. We set forth what we felt like was a reasonable way to affect diversity within these schools. If we retreat at this point, in view of the fact that fourteen of these schools do not reflect, and from what I understand are fairly dramatically do not the racial makeup of those schools, we have participated in the decision not to require diversity in these schools. And I think Mr. Malhoit is correct that we run the risk of losing federal dollars, we run the risk of being sued for participating in it, and I'm going to come down to where...you know down here a lot of times the end justifies the means. And I think that's what we're in here today talking about. Well charter schools are so good, it doesn't matter if there's diversity in this school. It doesn't matter if there's racial diversity or if they're segregated or integrated. And I'm going to tell you, with what this state and this country went through for thirty years, forty years, to get to where we got today, no end can justify that means. And it is in my interest, it is in your interest, and the interest of these children and parents in these schools, whether we realize it or not, that our children be exposed to diversity and that they be integrated into society through the school system. That is a very important role of the school system. It is an important role of any education. And we need to take this provision out of this bill, and here's what's going to happen. The State Board isn't going to close any of these schools. They're going to tell them what they need to do to fix the problem. And we need to keep that pressure on. And I think I heard that the State Board does not favor this language. They favor the language they had, and they can then proceed to try to bring about diversity in these schools, which is the appropriate way to do it. And I would urge you to adopt the amendment.

Rep. Daughtry: When we passed a charter school bill last year it was the intent to make sure that the charter schools were racially diverse to reflect the community. That was our intent. In practicality, when reality came along, there were charter schools that were not racially diverse. Healthy Start who is here today, and many of them are here today, has a predominantly Afro-American student body. Now according to the law that we have passed, they have one year to get their school in line. Now you're saying they are not going to close the school, well all this bill does is says they will not close the school.

Chairman: Thank you. Ayes and noes. Rep. Luebke.

Rep. Luebke: Mr. Chairman, I support the amendment because we are looking at in this language of this bill at this point a major policy change in terms of our commitment to racial diversity in our public schools. We fought in this state for too long the battle to try to bring racial diversity to our public schools. We had a system of legal segregation. And I support the specific efforts of our Healthy Start Academy in Durham to succeed, but for them to explain to the State Board why they couldn't do what they did, as they just have explained, would be a way of responding to the current legislation, the current law, which talks about how the charter school shall reasonably reflect the racial and ethnic composition of the general population. We can keep that existing law in there and deal with the specific situation. This language is very all encompassing and allows people of bad faith, that is to say, that language of the current bill proposal, allows people of bad faith to move forward. We can deal with the situation of existing schools like Healthy Start Academy with current law, and therefore I urge you to support Rep. Nesbitt's amendment which would bring us back to current law.

Chairman: Okay, we will call the roll. All those in favor will vote aye and all those opposed vote no. The clerk will call the roll.

Clerk: Allred no, Arnold, Baddour aye, Beall aye, Berry, Boyd-McIntyre, Brown no, Buchanan no, Capps no, Carpenter no, Cole aye, Crawford, Cunningham, Decker, Dedmon aye, Eddins no, Fitch, Gamble, Goodwin, Hackney aye, Hensley aye, Hill aye, Howard, Bryant aye, Hightower aye, Jarrell aye, Luebke aye, McComas, McCombs no, McMahan no, Mercer, Miller aye, Miner, Morgan, Morris no, Neely no, Nesbitt aye, Nichols, Ramsey, Rayfield no, Russell no, Starnes no, Tallant, Womble aye, Wright aye, Gray no, Brawley no, Dickson no, Wilson no, Wood, Daughtry no.

Mr. Chairman, I didn't hear my name.

Chairman: Okay. Mark through Rep. Morgan's name and Rep. McComas didn't hear his name.

Rep. Hightower: He was not in.

_____ He was not in his seat at the time and is not eligible to vote.

Chairman: Okay. There being 15 ayes and 18 noes ....

Tape #4

Excerpt from Finance Committee Meeting, July 8, 1998, concerning Charter School Bill:

Rep. Nesbitt: This amendment would keep the state employees' health plan and retirement system consistent but for University employees, and I didn't know until today that—I guess it's University professors have the right to opt out for some reason. I don't know if that has to do with their longivity at a place. Maybe they come in at an age where they've been in other retirement systems or something. It transfers between universities, apparently. That's why we gave them an exemption; so if they taught somewhere else for fifteen years, they could then take their money and put it in a 401K and probably come out better than getting ten years in our system. But for normal employees, throughout the system, you're in. And that's a good simple rule, and I am terribly concerned when we start messing with something as good as our retirement system and our health care plan to start letting people opt in and opt out. I know in the health plan, you get adverse selection when individuals can opt in and opt out, but I would assume you would get that with schools opting in or opting out. And that costs all the rest of us that are in the plan. And you've got to understand, these systems work on critical mass. They require that everybody participate. That's how we all get the benefits we get. And I remember last year we had to fix it to where they could get in, and I don't know of a soul who doesn't want to be a member of the State Retirement System or the State Health Care System. I mean it's a good plan. Under the State Health Care Plan they can opt for an HMO or the things that other State employees can opt for. But it's a good benefit, and it's not penalizing anybody to give it to them. And I would urge adoption of the amendment so that we can keep that plan intact.

Chairman: Rep. Daughtry.

Rep. Daughtry: I would oppose the amendment. We have been through this before. We're not plowing new ground. It simply permits those schools that want to—the IRS will allow them, if they want to—to participate in the State Employees' Retirement System and health plan or not. It's their choice. And that's something that's not opting in or opting out. They make one decision and they stick with that decision. They only get one bite of the apple, and the boards of trustees do that. If they can find a better retirement system, and I don't think they can.... I think you're right. I don't foresee many charter schools not participating; but if they do, so be it. So I hope you will vote against the amendment.

Chairman: Rep. Luebke and Rep. Wilson.

Rep. Luebke: I have a question of staff with respect to this amendment. Is it possible if the amendment is not successful...in other words under the current language in the bill, that school teachers at charter schools could have health benefits or retirement benefits that are either much weaker than the retirement health plan or in fact could have no health and retirement plan at all? Is either of those things a possibility?

Staff: Rep. Leubke, the answer is yes.

Rep. Luebke: So yes, it's possible that you could be a public school teacher in the charter schools and have no health plan and no retirement plan?

Staff: Yes, sir. That's correct.

Chairman: Rep. Wilson

Rep. Wilson: Is there someone from...I think the Healthy Start School had an interest in this issue, if we could have a representative from there just comment on the amendment and...

Chairman: In thirty seconds.

Representative from Healthy Start: My teachers have told me they do not want to be in the State health or retirement plan. I offer them a better plan than the State plan is. The Board puts in eight percent, they're vested after two years, and that money is theirs to take wherever they wish to go. The health plan I offer them is better than the State health plan and it's a market driven thing. I mean, if I'm going to attract good teachers, I have to offer them a good salary and good benefits.

Chairman: Thank you. This amendment will put the charter schools all in the State health plan and retirement system. If you vote against the amendment, you're voting to leave the bill as is where they have an optional choice. All those in favor let it be known by supporting the amendment. Let it be known by saying aye. Those opposed no. The no's have it.

Rep. Miller: Mr. Speaker (sic)

Chairman: Mr. Speaker (sic), we have an opportunity here that has not been presented to the members of the Finance Committee. I know that the hour is late, but so many of us here have been in the General Assembly for many years. We have wrestled with the issue of public school education every session. We've done everything we have thought we could do to improve it. Our only motives were for the best education of our children. We have appropriated taxpayers' dollars in the millions. We continue to do that. Now we have a charter school, it so happens from Durham, and from the record that's been presented by test scores at least, there's material improvement in their ability to teach children. I would like to know what their secret is. I would like to know what they're doing. I would like for us to learn from what it is. Is it teacher/class/student ratio? Is it better teachers? Is it facility? What is it, because we need to learn and benefit from any source that we can? And I would hope, Mr. Chairman, that you would allow those who are associated with this school to tell us what it is that they are doing that results in a better education for these children, if that is the case, because we could learn from that if

that is the case. I would hope you'd give them a chance to tell us that. I think everyone in this room would like to know that and everybody in the General Assembly would like to know that.

Chairman: Rep. Miller, I agree with you one hundred percent. That is not the purpose of this committee nor this bill, and when that issue comes before us we will take it up as germane. Rep. Starnes.

Rep. Starnes: Thank you, Mr. Chairman. We've had ample debate on this bill. I've made a motion for a favorable report and I call the question...call for the ayes and no's.

Chairman: Mr. Starnes moves that the bill be given a favorable report...there's been no amendment...there was one amendment?

Clerk: Two

Chairman: ...that the amendments be rolled into a committee substitute and the committee substitute be given a favorable report, unfavorable as to the original bill. Call for the ayes and no's having been made, the clerk will call the roll. Those in favor will vote aye, those for giving the bill a favorable report. No, if you don't want to give it a favorable report. All those in favor of calling the question let it be known by saying aye. Those opposed. They ayes have it. The roll will be called.

Vote: Allred aye, Arnold aye, Baddour no, Beall no, Berry, Boyd-McIntyre, Brown aye, Buchanan aye, Capps aye, Carpenter aye, Cole aye, Crawford, Cunningham, Decker, Dedmon, Eddins aye, Fitch, Gamble, Goodwin, Hackney no, Hensley no, Hill aye, Howard, Bryant, Hightower no, Jarrell no, Luebke no, McComas aye, McCombs, McMahan aye, Mercer, Miller no, Miner aye, Morgan, Morris aye, Neely aye, Nesbitt no, Nichols, Ramsey, Rayfield aye, Russell aye, Starnes aye, Tallent, Womble aye, Wright no, Gray aye, Brawley aye, Dickson aye, Wilson aye, Wood, Daughtry aye.

Chairman: While she's counting that, if the members of the school in Durham would help us with a written report or an outline of what you've done to be so successful, this Finance Committee will be glad to take that information and share it with the rest of the members of the General Assembly, and we congratulate you on the work that you have done. Rep. Hightower.

Rep. Hightower: Would it be in order to ask them to come back to a meeting, maybe when we're not so rushed, and let them tell us what it is they are doing.

From the floor: Give them five minutes.

Chairman: If everyone wants to stay here and listen, we'll give them five minutes now. Go ahead.

Vanessa Spence: Hello, I'm Vanessa Spence, kindergarten chair and kindergarten teacher at Healthy Start Academy. Yes, my children were in the ninety-nine percentile in the United States and what got them there, first of all, was the caring, the knowledge that was giving to them. We taught those children. We did not push them aside or push them in the corner. We ignored the at risk. We had children in our classroom that I know would have been labeled. I am from the public school system originally, so I know. I've had maybe four or five children transferred to the classroom in which I teach because of the fact that I look at each child as a individual and not as a number but as a person. And those children...the love, I guess, that I give them and they give me in return...the environment is just wonderful. That's all I can say about it, and I will continue to work hard. If I can change one child's life, I will because our children were from homes that were under...that were deprived. Our children were deprived of love from the parents. Most of my children were from single-parent homes...homes that grandparents were taking care of the children that parents were either in prison or on drugs. But I guess their little light can shine just like anyone else's, and we do not label children at Healthy Start Academy. Thank you.

Chairman: Thank you very much.

_____: Mr. Chairman. Could I ask just one question of the teacher?

Chairman: Sure.

_____: Could you tell us...ma'am could you come back for just a moment? Could you tell us a little bit more about the curriculum and your teacher/student ratio, and I admire you in the way that you've talked about how you perceive, but help us in doing that because we're over here appropriating millions of dollars dealing with teacher/student ratio, facilities, and things of that nature.

Vanessa Spence: Okay. Well, basically, we had no books to teach our children, so it had to come from what we knew or what we had learned ourselves. And I started with children...27 in the classroom, one teacher and a TA half day. I started with...the students had no knowledge of numbers or alphabet recognition, and I started from square one. I taught an alphabet or two alphabets a week. I taught three numbers a week. This is at the beginning. We taught them through a reading program—SRA reading, which is a systematic reading program, and I guess you are familiar with Reader Rabbit and all those series...that's where it comes from. And I was persistent. I know in public schools we have a housekeeping area, play areas. In Healthy Start we had reading areas, science areas. Basically reading, writing, and arithmetic. That's what I went back to. And not the point where one child had to be taught. All children had to be taught. So no matter what, I still went by that same system. In other words, I taught them their alphabets, their numbers; and I taught them how to read.

Rep. Arnold: Mr. Chairman.

Chairman: Rep. Arnold

Rep. Arnold: Ma'am, what you have told us is that you had an attitude that every child could learn, and you taught each child as an individual child; which is, I think, similar to what we found in those areas where we had assistance teams and those children learned. But your attitude, first of all, because you didn't have the technology and all those other things, was that those children can learn, and you taught them from that base. Is that correct?

Vanessa Spence: That's absolutely correct.

Rep. Arnold: And if every teacher, when you were in the public school, had that same attitude, do you think public schools could be successful?

Vanessa Spence: I really do. And the children who learn on a lower rate or a lower level, if they would zero in on those children, target those children, meaning give them that extra that they need, then all children can succeed. I think we use the labeling concept as an escape goat (sic) or whatever.

Rep. Arnold: Was parental involvement a major factor that you contributed success to or any impact at all?

Vanessa Spence: Definitely.

Rep. Arnold: Favorable impact?

Vanessa Spence: Favorable impact. We had parents who had one-on-one conversations—parents who were there for their children. They understood that their children were at risk and they were there for them.

Chairman: Rep. Hightower.

Rep. Hightower: Yes, ma'am. How many children were in your class?

Vanessa Spence: I had twenty-two graduating children.

Rep. Hightower: And this is a kindergarten or first grade class?

Vanessa Spence: This is a kindergarten class.

Rep. Hightower: All right. An observation. We've got the same situation because in public schools, I know of public school teachers who are doing the same thing you're doing. They're doing the best they can, they love the children, they're really going one-on-one, teaching them the alphabet and everything. But you must have had something special and I really haven't gotten you to tell me what that is yet, that you were able to...that these children were able to score in the ninety-nine percentile in the whole United States when public schools haven't been doing it, or other private schools haven't been doing it. What is this special thing? Just think for just a second and tell us what you did that's different. I mean other teachers are doing the same thing. They love their children, they have taught them the abc's one on one, they've had parent participation, and I'd just like to know what it is.

School Administrator: I think the one thing we did above everything else, we set very high expectations for these children. We essentially took the standard course of study for the first grade and said we are going to accomplish this in kindergarten. And we did.

Rep. Hightower: One more question. Did you teach...When you taught the children, you didn't teach them, you didn't take the test and teach them the test, I don't guess, did you? I mean, you wouldn't have thought about doing that?

School Administrator: No, you don't get the Iowa test until they send it to you, so there's no way to know what's on it. There's no way to teach to it at all.

Rep. Hightower: Well, is this the only classroom in the school that had the ninety-nine percentile? Every class in the school had the ninety-nine percentile? For four classes in the school? And every one of them had different teachers and every one of them scored in the ninety-nine percentile.

Chairman: I have Rep. Dickson and Rep. Capps.

Rep. Dickson: Thank you, Mr. Chairman. I'd like to ask you the length of your school day. Was it the same as a regular public school day, and did you have any remediation other than during the so-called normal school hour?

Rene Harrington Hi. My name is Rene Harrington and I am from Healthy Start Academy. Our school hours is from eight o'clock in the morning until three. Yes, we have remedial courses, but they are done during the school hours. We have an opportunity classroom where those kids that are below grade level, they are, they come out of their classroom to go to a lower class. We also have a skills center that teaches the kids the Hooked on Phonics, the SRA reading, and anything else that they need to know. They also work on computers and they're in that classroom from twenty to about thirty minutes and they return to their classroom. The opportunity classroom is an opportunity for kids to get on-grade level. It is ten kids, ten students, in there with...I'm sorry, there is sixteen students in there with two TA's and the TA's work very hard to get these students

on grade level during the school year. That way they do not have to go to summer school because they get what they need those ten or those twelve months that they are in school because there is no way that you can get the education in summer school for four weeks that you have spent your whole school term in there for eleven months. There was no way that you could get that same education in four weeks. So we expect our kids...and we tell them, that you can do this and you can do that. Don't let anybody tell you that you cannot do this and you cannot be that. We expect our kids to be doctors, lawyers, legislators, senators, anything that they want to be and those are our expectations.

Rep. Dickson: A quick follow-up, Mr. Chairman.

Chairman: Rep. Dickson.

Rep. Dickson: Do you have teacher meetings during the week when you all get together and kibitz with one another, or do they have mentors? And I assume that all of you got together in the very beginning and decided that you wanted to be a part of a charter school and had a good hashing over of what you expected your group to do. Is that true?

Rene Harrington: Yes. We have teachers...our teachers on each grade level have a day of the week that they meet with our principal. He meets with them every morning from seven-thirty to eight o'clock, and he put a lot in these teachers so they have a lot to depend on him for also because these teachers that we have thought they needed textbooks to teach our kids. No, all you need is a newspaper where you could teach them the weather all day long because it's there all over the United States. So we don't need textbooks. We teach the kids from what we know.

Chairman: I've got four more people down and I'm not taking any more. Representatives Capps, Nesbitt, Hightower and then Starnes.

Rep. Capps: Yes. As a representative of Durham County where your school is located, I want to commend you for what I've heard, and I intend to go and take a visit and I invite others too. But I want to ask you if the real difference in your school, getting back to what Rep. Hightower and Rep. Miller said, if the real difference in your school is not what the headmaster said, we hold high the ladder of expectations, we challenge our children to reach it and they do it. And the other difference mentioned by the parents of that school, is you teach manners, and you teach the kids to love each other and work together.

School Administrator: There's also one other point to make and that is that if we don't do a good job, our parents can leave. I mean we have a very big incentive to do a good job because if I don't, the parent goes. My kid's not reading. You told me he'd be reading by the end of kindergarten. We're leaving. And that kid leaves my school and the money goes with him. So having the money follow the children is a good thing because it forces me to provide the type of education my parents want.

Chairman: Rep. Womble, I've got three people ahead of you.

Rep. Womble: Well, I just wanted to ask this particular lady a question.

Chairman: She's going to still be there when we get to you.

Rep. Womble: Thank you.

Chairman: Rep. Nesbitt.

Rep. Nesbitt: Mr. Chairman, I have actually two questions and they have to do with the same thing, but I think I heard the first lady say that she started with 28 and she graduated 22 in kindergarten. What happened to the other six?

Administrator: They decided to leave the school.

Rep. Nesbitt: Can you tell us about that? I mean what were the conditions or what...?

Administator: A lot of people decided that our program was too hard. I mean we expect a lot, and we expect a lot of parents.

Rep. Nesbitt: Do you expel any children, or do you have any discipline problems.

Vanessa Spence: No. And we lost kids due to transportation, and we lost some due to uniform because they didn't want their child wearing blue and white every day.

Rep. Nesbitt: The second question is, do you have any children with special needs, and I'm talking about severely handicapped, mentally or physically in your school?

Vanessa Spence: We had one. She is a...she is a first grader. She's now a second grader who was labeled in the Durham Public Schools as mentally retarded. She took her test back in October. When we gave the first test, she was on kindergarten, first-month level. When she took her test in May she was on second grade, first-month level. And she was labeled as mentally retarded.

Rep. Nesbitt: But that is the only special needs child that you have there?

Vanessa Spence: No, not really. We have other kids that are on special needs; but if you was to walk in our school, you wouldn't know.

Rep. Nesbitt: Well the question I was asking, is that the most severe child with special needs?

Vanessa Spence: Yes.

Rep. Nesbitt: You don't have any that...

Vanessa Spence: We had a couple of students that was on...who started our school that was on Rittalin. When the parents took their children back to the doctor, the doctor took the children off the Rittalin because they didn't need the Rittalin anymore.

Chairman: Rep. Hightower.

Rep. Hightower: Is there anyone from the Department of Education still here?

Chairman: Foyle, we're not going to get into that right now. If you've got something for these ladies...

Rep. Hightower: Did anybody with the Department come while you were in school and stay with you at any length of time in a day or during the last year?

Administrator: We had...no, we haven't had anyone.

Rep. Hightower: Nobody has come and say kind of inspected to see what you were doing or whatever?

Administrator: No.

Rep. Hightower: So you had free reins just to do whatever you wanted to do?

Administrator: Hmm Hmm. (Yes.)

Chairman: Rep. Starnes.

Rep. Starnes: Can you tell me what your per-pupil expenditure is?

Administrator: We receive...the allotment from the state is about $3,200 per student and then we receive another $1,900 per student from the county. It comes to, I believe, a little over $5000 some odd dollars, whereas the county school system gets around...a little over $8,000 per student. So we do it for less money than the Durham....

Rep. Starnes: Then my other question was, tell me how you handle discipline.

Vanessa Spence: Each student have their own way of acting out. We...some of the teachers let them act out on their own because as soon as they see they aren't getting any

attention, then they stop what they're doing. Some gets sent to the office because...we do have a couple that will try to fight the teachers; but we tell them, you have two choices. You could choose the good choice, or you could choose the bad choice; and the bad choice is you can get sent home for ten days. And the good choice is you're going to remain in school and get your education.

Chairman: Rep. Womble.

Rep. Womble: Thank you, Mr. Chair. Just wanted to ask a couple of questions here. One is, is there a selection process?

Administrator: No. We take anybody who comes through our door.

Rep. Womble: This follow up. Is there any time anybody is denied admission to the school?

Administrator: No.

Rep. Womble: The next is, you do have discipline problems. Is that correct?

Administrator: We have lots of children who have not had discipline. Yes.

Rep. Womble: And one of the ways that you handle the discipline problem is by suspension?

Administrator: No.

Rep. Womble: I just heard someone say they send them home for ten days.

Administrator: We give them that option. We tell the children that you can either be suspended or you can make the right choice and do what you're supposed to do.

Vanessa Spence: We only send them home if they are.... We keep them in the school and they talk to the principal, and they talk it over about what they could have done to make the problem better. We don't just suspend kids with conflict resolutions. Very seldom do we suspend kids and send them home. Only if they are a danger to themselves or to others, that's the only that they will get sent home from school. Otherwise we take care...we have on the insiders what we call an in-school suspension where they sit in the principal's office and they do their work all day long, so they have not missed any of their education for that day. They are still in school, they are still getting their work that they would have done for that day instead of going home, missing five days of work they could have been in school doing it.

Rep. Womble: What I wanted to bring up, Mr. Chair, is that there are some discipline problems, and the way they handle the discipline problems in some cases are

similar to public school. Public school does have an in-school suspension program. Public school does have an out-of-school suspension program too. So those things that are similar, I don't know how true it is, but I've heard, and this is strictly speculation, that there is some people who are denied admission to the school. Now I'm not talking about your particular school, but I have heard that, and I don't know how true it is, that in some cases there has been a selection process. When there's a selection process, then that selection process has a tendency to get the kind of clientele that you want—the kind of clientele that you're targeting—and that may or may not be true. And if it is true, then it may have some bearing on the clientele that that school has. Just wanted to make that point. Thank you, sir.

Chairman: And Rep. Wright, would you like to rap it up? Thank you. Okay. Committee, I appreciate your patience today. The vote was 24 ayes, 12 no's, the report will be given a favorable report. Thank you and have a good evening.

HOUSE BILL 1739*
Committee Substitute Favorable 6/24/98
Committee Substitute #2 Favorable 7/2/98

Short Title: Retirement/Charter Schs. (Public)

A BILL TO BE ENTITLED

AN ACT TO ALLOW CHARTER SCHOOLS TO ELECT TO PARTICIPATE IN THE NORTH CAROLINA TEACHERS' AND STATE EMPLOYEES' RETIREMENT SYSTEM, IN THE NORTH CAROLINA TEACHERS' AND STATE EMPLOYEES' COMPREHENSIVE MAJOR MEDICAL PLAN, OR BOTH, TO GIVE CHARTER SCHOOLS THE SAME MOTOR FUEL TAX EXEMPTION AS PUBLIC SCHOOLS, TO ALLOW CHARTER SCHOOLS TO OBTAIN THE SAME PERMANENT LICENSE PLATES AS PUBLIC SCHOOLS, TO MAKE CHANGES IN THE CHARTER SCHOOL LAW, TO PERMIT A LOCAL BOARD OF EDUCATION TO APPLY FOR CHARTER STATUS FOR ONE OR MORE OF ITS PUBLIC SCHOOLS, AND TO REQUIRE RULES GOVERNING CHARTER SCHOOLS TO BE SUBJECT TO REVIEW.

The General Assembly of North Carolina enacts:

Section 1. G.S. 115C-238.29F(e) reads as rewritten:

"(e) Employees. --

(1) An employee of a charter school <u>operated by a private nonprofit corporation</u> is not an employee of the local school administrative unit in which the charter school is located. <u>An employee of a charter school operated by a local school administrative unit is an employee of the local school administrative unit in which the charter school is located.</u> The charter school's board of directors

shall employ and contract with necessary teachers to perform the particular service for which they are employed in the school; at least seventy-five percent (75%) of these teachers in grades kindergarten through five, at least fifty percent (50%) of these teachers in grades six through eight, and at least fifty percent (50%) of these teachers in grades nine through 12 shall hold teacher certificates. The board also may employ necessary employees who are not required to hold teacher certificates to perform duties other than teaching and may contract for other services. The board may discharge teachers and noncertificated employees.

(2) No local board of education shall require any employee of the local school administrative unit to be employed in a charter school.

(3) If a teacher employed by a local school administrative unit makes a written request for an extended leave of absence to teach at a charter ~~school,~~ school operated by a private nonprofit corporation, the local school administrative unit shall grant the leave. The local school administrative unit shall grant a leave for any number of years requested by the teacher, shall extend the leave for any number of years requested by the teacher, and shall extend the leave at the teacher's request. For the initial year of a charter school's operation, the local school administrative unit may require that the request for a leave or extension of leave be made up to 45 days before the teacher would otherwise have to report for duty. For subsequent years, the local school administrative unit may require that the request for a leave or extension of leave be made up to 90 days before the teacher would otherwise have to report for duty. A teacher who has career status under G.S. 115C-325 prior to receiving an extended leave of absence to teach at a charter school may return to a public school in the local school administrative unit with career status at the end of the leave of absence or upon the end of employment at the charter school if an appropriate position is available. If an appropriate position is unavailable, the teacher's name shall be placed on a list of available teachers and that teacher shall have priority on all positions for which that teacher is qualified in accordance with G.S. 115C-325(e)(2).

(4) The employees of the charter school operated by a private nonprofit corporation shall be deemed employees of the local school administrative unit for purposes of providing certain State-funded employee benefits, including membership in the Teachers' and State Employees' Retirement System and the Teachers' and State Employees' Comprehensive Major Medical Plan. The State Board of Education provides funds to charter ~~schools,~~ schools

operated by private nonprofit corporations, approves the original members of the boards of directors of the charter schools, has the authority to grant, supervise, and revoke charters, and demands full accountability from charter schools for school finances and student performance. Accordingly, it is the determination of the General Assembly that charter schools operated by private nonprofit corporations are public schools and that the employees of these charter schools are public school ~~employees and are "teachers" for purposes of membership in the North Carolina Teachers' and State Employees' Retirement System and State Employees' Comprehensive Major Medical Plan.~~ employees. Employees of a charter school operated by a private nonprofit corporation whose board of directors elects to join under G.S. 138-5.3 are 'teachers' for the purpose of membership in the North Carolina Teachers' and State Employees' Retirement System. Employees of a charter school operated by a private nonprofit corporation whose board of directors elects to join under G.S. 135-40.3A are 'teachers' for the purpose of membership in the North Carolina Teachers' and State Employees' Comprehensive Major Medical Plan. In no event shall anything contained in this Part require the North Carolina Teachers' and State Employees' Retirement System to accept employees of a private employer as members or participants of the System."

Section 2. Article 1 of Chapter 135 of the General Statutes is amended by adding the following new section:

"**§ 135-5.3. Optional participation for charter schools operated by private nonprofit corporations.**

(a) The board of directors of each charter school operated by a private nonprofit corporation shall elect whether to join the Retirement System in accordance with the laws applicable to that System. This election shall be in writing, shall be made no later than September 1, 1998, and shall be filed with the Retirement System and with the State Board of Education. For each charter school employee who is employed on or before the date the board makes the election, this election is effective as of the date the board makes the election. For each charter school employee who is employed after the date the board makes the election, the election is effective as of the date of that employee's entry into eligible service. This subsection applies only to charter schools that received State Board of Education approval under G.S. 115C-238.29D in 1997 or 1998.

(b) No later than 30 days after both parties have signed the written charter under G.S. 115C-238.29E, the board of directors of a charter school operated by a private nonprofit corporation shall elect whether to join the Retirement System in accordance with the laws applicable to that System. This election shall be in writing and filed with the Retirement System and with the State Board of Education and is effective for each charter school employee as of the date of that employee's entry into

eligible service. This subsection applies to charter schools that receive State Board of Education approval under G.S. 115C-238.29D after 1998.

(c) A board's election to join the Retirement System under this section is irrevocable and shall require all employees of the charter school to participate.

(d) No retirement benefit, death benefit, or other benefit under the Retirement System shall be paid by the State of North Carolina or the Board of Trustees of the Teachers' and State Employees' Retirement System with respect to any employee of a charter school whose board of directors does not elect to join the Retirement System under this section or with respect to any beneficiary of that employee.

(e) The board of directors of each charter school shall notify each of its employees as to whether the board elected to join the Retirement System under this section. This notification shall be in writing and shall be provided within 30 days of the board's election or at the time an initial offer for employment is made, whichever occurs last. If the board did not elect to join the Retirement System, the notice shall include a statement that the employee shall have no legal recourse against the board or the State for any possible credit or reimbursement under the Retirement System. The employee shall provide written acknowledgment of the employee's receipt of the notification under this subsection."

Section 3. G.S. 135-4 is amended by adding the following new subsection to read:

"(bb) Credit for Employment in Charter School Operated by a Private Nonprofit Corporation. -- Any member may purchase creditable service for any employment as an employee of a charter school operated by a private nonprofit corporation whose board of directors did not elect to participate in the Retirement System under G.S. 135-5.3 upon completion of five years of membership service after that charter school employment by making a lump-sum payment into the Annuity Savings Fund. The payment by the member shall be equal to the full liability of the service credits calculated on the basis of the assumptions used for purposes of the actuarial valuation of the Retirement System's liabilities, taking into account the additional retirement allowance arising on account of the additional service credits commencing at the earliest age at which the member could retire with an unreduced retirement allowance, as determined by the Board of Trustees upon the advice of the actuary plus an administrative expense fee to be determined by the Board of Trustees. Notwithstanding the foregoing provisions of this subsection that provide for the purchase of service credits, the terms 'full cost', 'full liability', and 'full actuarial cost' include assumed annual postretirement allowance increases, as determined by the Board of Trustees, from the earliest age at which a member could retire on an unreduced service allowance."

Section 4. G.S. 135-40.1(6) reads as rewritten:

"(6) Employing Unit. -- A North Carolina School System; Community College; State Department, Agency or Institution; Administrative Office of the Courts; or Association or Examining Board whose employees are eligible for membership in a State-Supported Retirement System. An employing unit also shall mean a charter

school operated by a private nonprofit corporation in accordance with Part 6A of Chapter 115C of the General Statutes ~~whose employees are deemed to be public employees and members of a State-Supported Retirement System.~~ whose board of directors elects to join the Plan under G.S. 135-40.3A."

Section 5. Part 3 of Article 3 of Chapter 135 is amended by adding the following new section:

"**§ 135-40.3A. Optional participation for charter schools operated by private nonprofit corporations.**

(a) The board of directors of each charter school operated by a private nonprofit corporation shall elect whether to join the Plan in accordance with the laws applicable to that Plan. This election shall be in writing, shall be made no later than September 1, 1998, and shall be filed with the Executive Administrator and Board of Trustees and with the State Board of Education. For each charter school employee who is employed on or before the date the board makes the election, this election is effective as of the date the board makes the election. For each charter school employee who is employed after the date the board makes the election, the election is effective as of the date of that employee's entry into eligible service. This subsection applies only to charter schools that received State Board of Education approval under G.S. 115C-238.29D in 1997 or 1998.

(b) No later than 30 days after both parties have signed the written charter under G.S. 115C-238.29E, the board of directors of a charter school operated by a private nonprofit corporation shall elect whether to join the Plan in accordance with the laws applicable to that Plan. This election shall be in writing and filed with the Executive Administrator, the Board of Trustees, and the State Board of Education. This election is effective for each charter school employee as of the date of that employee's entry into eligible service. This subsection applies to charter schools that receive State Board of Education approval under G.S. 115C-238.29D after 1998.

(c) A board's election to join the Plan under this section is irrevocable and shall require all employees of the charter school to participate.

(d) If a charter school's board of directors does not elect to join the Plan under this section, that school's employees and the dependents of those employees are not eligible for any benefits under the Plan.

(e) The board of directors of each charter school shall notify each of its employees as to whether the board elected to join the Plan under this section. This notification shall be in writing and shall be provided within 30 days of the board's election or at the time an initial offer for employment is made, whichever occurs last. If the board did not elect to join the Plan, the notice shall include a statement that the employee shall have no legal recourse against the board or the State for any possible benefit under the Plan. The employee shall provide written acknowledgment of the employee's receipt of the notification under this subsection."

Section 6. G.S. 105-228.90(b) reads as rewritten:

"(b) Definitions. -- The following definitions apply in this Article:

(1) Reserved.

(2) Charter school board. -- A nonprofit corporation that has a charter under G.S. 115D-238.29D to operate a charter school.

~~(1)~~(3) City. -- A city as defined by G.S. 160A-1(2). The term also includes an urban service district defined by the governing board of a consolidated city-county, as defined by G.S. 160B-2(1).

~~(1a)~~(4) Code. -- The Internal Revenue Code as enacted as of January 1, 1997, including any provisions enacted as of that date which become effective either before or after that date.

~~(1b)~~(5) County. -- Any one of the counties listed in G.S. 153A-10. The term also includes a consolidated city-county as defined by G.S. 160B-2(1).

~~(2)~~(6) Reserved.

~~(3)~~(7) Electronic Funds Transfer. -- A transfer of funds initiated by using an electronic terminal, a telephone, a computer, or magnetic tape to instruct or authorize a financial institution or its agent to credit or debit an account.

~~(4)~~(8) Reserved.

~~(5)~~(9) Person. -- An individual, a fiduciary, a firm, an association, a partnership, a limited liability company, a corporation, a unit of government, or another group acting as a unit. The term includes an officer or employee of a corporation, a member, a manager, or an employee of a limited liability company, and a member or employee of a partnership who, as officer, employee, member, or manager, is under a duty to perform an act in meeting the requirements of Subchapter I, V, or VIII of this Chapter or of Article 3 of Chapter 119 of the General Statutes.

~~(6)~~(10) Secretary. -- The Secretary of Revenue.

~~(7)~~(11) Tax. -- A tax levied under Subchapter I, V, or VIII of this Chapter or an inspection tax levied under Article 3 of Chapter 119 of the General Statutes. Unless the context clearly requires otherwise, the terms "tax" and "additional tax" include penalties and interest as well as the principal amount.

~~(8)~~(12) Taxpayer. -- A person subject to the tax or reporting requirements of Subchapter I, V, or VIII of this Chapter or of Article 3 of Chapter 119 of the General Statutes."

Section 7. G.S. 105-449.88 reads as rewritten:

"**§ 105-449.88. Exemptions from the excise tax.**

The excise tax on motor fuel does not apply to the following:

(1) Motor fuel removed, by transport truck or another means of transfer outside the terminal transfer system, from a terminal for export, if the supplier of the motor fuel collects tax on it at the rate of the motor fuel's destination state.

(2) Motor fuel sold to the federal government.

(3) Motor fuel sold to the State for its use.

(4) Motor fuel sold to a local board of education for use in the public school system.

(5) Motor fuel sold to a charter school board for use for charter school purposes."

Section 8. G.S. 20-84 reads as rewritten:

"**§ 20-84. Vehicles owned by State, municipalities or orphanages, etc.; certain vehicles operated by the local chapters of American National Red Cross.**

The Division upon proper proof being filed with it that any motor vehicle for which registration is herein required is owned by the State or any department thereof, or by any county, township, city or town, or by any board of education, or by any nonprofit corporation that has a charter under G.S. 115C-238.29D to operate a charter school, or by any orphanage or civil air patrol, or incorporated emergency rescue squad, or incorporated REACT ("Radio Emergency Association of Citizen Teams") Team, or for any motor vehicle involved exclusively in the support of a disaster relief effort, shall collect six dollars ($6.00) for the registration of such motor vehicles, but shall not collect any fee for application for certificate of title in the name of the State or any department thereof, or by any county, township, city or town, or by any board of education or orphanage: Provided, that the term "owned" shall be construed to mean that such motor vehicle is the actual property of the State or some department thereof or of the county, township, city or town, or of the board of education, and no motor vehicle which is the property of any officer or employee of any department named herein shall be construed as being "owned" by such department. Provided, that the above exemptions from registration fees shall also apply to any church-owned bus used exclusively for transporting children and parents to Sunday school and church services and for no other purpose.

In lieu of the annual six dollars ($6.00) registration provided for in this section, the Division may for the license year 1950 and thereafter provide for a permanent registration of the vehicles described in this section and issue permanent registration plates for such vehicles. The permanent registration plates issued pursuant to this paragraph shall be of a distinctive color and shall bear thereon the word "permanent." Such plates may be transferred as provided in G.S. 20-78 to a replacement vehicle of the same classification. For the permanent registration and issuance of permanent registration plates provided for in this paragraph, the Division shall collect a fee of six dollars ($6.00) for each vehicle so registered and licensed.

The provisions of this section are hereby made applicable to vehicles owned by a rural fire department, agency or association.

The Division of Motor Vehicles shall issue to the North Carolina Tuberculosis Association, Incorporated, or any local chapter or association of said corporation, for a fee of six dollars ($6.00) for each plate a permanent registration plate which need not be thereafter renewed for each motor vehicle in the form of a mobile X-ray unit which is owned by said North Carolina Tuberculosis Association, Incorporated, or any local chapter or local association thereof and operated exclusively in this State for the purpose of diagnosis, treatment and discovery of tuberculosis. The initial six dollars ($6.00) fee required by this section and for this purpose shall be in full

payment of the permanent registration plates issued for such vehicle operated as a mobile X-ray unit, and such plates need not thereafter be renewed, and such plates may be transferred as provided in G.S. 20-78 to replacement vehicles to be used for the purposes above described and for which the plates were originally issued.

The Division of Motor Vehicles shall issue to the American National Red Cross, upon application of any local chapter thereof and payment of a fee of six dollars ($6.00) for each plate, a permanent registration plate, which need not be thereafter renewed, for all disaster vans, bloodmobiles, handivans, and such sedans and station wagons as are used for emergency or disaster work, and operated by a local chapter in this State in the business of the American National Red Cross. Such plates may be transferred as provided in G.S. 20-78 to a replacement vehicle to be used for the purposes above described and for which the plates were originally issued. In the event of transfer of ownership to any other person, firm or corporation, or transfer or reassignment of any vehicle bearing such registration plate to any chapter or association of the American National Red Cross in any other state, territory or country, the registration plate assigned to such vehicle shall be surrendered to the Division of Motor Vehicles.

In lieu of all other registration requirements, the Commissioner shall each year assign to the State Highway Patrol, upon payment of six dollars ($6.00) per registration plate, a sufficient number of regular registration plates of the same letter prefix and in numerical sequence beginning with number 100 to meet the requirements of the State Highway Patrol for use on Division vehicles assigned to the State Highway Patrol. The commander of the Patrol shall, when such plates are assigned, issue to each member of the State Highway Patrol a registration plate for use upon the Division vehicle assigned to him pursuant to G.S. 20-190 and assign a registration plate to each Division service vehicle operated by the Patrol. An index of such assignments of registration plates shall be kept at each State Highway Patrol radio station and a copy thereof shall be furnished to the registration division of the Division. Information as to the individual assignments of such registration plates shall be made available to the public upon request to the same extent and in the same manner as regular registration information. The commander, when necessary, may reassign registration plates provided that such reassignment shall be made to appear upon the index required herein within 20 days after such reassignment.

The Division of Motor Vehicles shall, upon appropriate certification of financial responsibility, issue to sheltered workshops recognized or approved by the Division of Vocational Rehabilitation Services and to public and nonprofit agencies or organizations which provide transportation for or operate programs subject to and approved in accordance with standards adopted by the Commission for Mental Health, Developmental Disabilities, and Substance Abuse Services of the Department of Health and Human Services upon application and payment of a fee of six dollars ($6.00) for each plate, a permanent registration plate for vehicles registered to and operated by such agencies. The initial six dollars ($6.00) fee required by this section and for this purpose shall be in full payment of the permanent registration plate issued for such vehicle operated by a sheltered workshop and such plates need not

thereafter be renewed, and such plates may be transferred as provided in G.S. 20-78 to a replacement vehicle to be used by the sheltered workshop designated on the registration card.

On and after January 1, 1972, permanent registration plates used on all vehicles owned by the State of North Carolina or a department thereof shall be of a distinctive color and design which shall be readily distinguishable from all other permanent registration plates issued pursuant to this section or G.S. 20-84.1. For the purpose of carrying out the intent of this paragraph, all vehicles owned by the State of North Carolina or a department thereof in operation as of October 1, 1971, and bearing a permanent registration shall be reregistered during the months of October, November and December, 1971, and upon reregistration, registration plates issued for such vehicles shall be of a distinctive color and design as provided for hereinabove."

Section 9. G.S. 115C-238.29B(a) reads as rewritten:

"(a) Any person, group of persons, ~~or~~ nonprofit ~~corporation~~ corporation, or local board of education seeking to establish a charter school may apply to establish a charter school. If ~~the~~ an applicant other than a local board of education seeks to convert a public school to a charter school, the application shall include a statement signed by a majority of the teachers and instructional support personnel currently employed at the school indicating that they favor the conversion and evidence that a significant number of parents of children enrolled in the school favor conversion. If a local board of education seeks a charter for a school, the application shall include a statement that the local board understands that no employee shall be required to work at the charter school and no student shall be assigned to the school except at the request of the student's parent or guardian."

Section 10. G.S. 115C-238.29B(b)(3) reads as rewritten:

"(3) The governance structure of the ~~school~~ school, if the applicant is not a local board of education, including the names of the proposed initial members of the board of directors of the nonprofit, tax-exempt corporation and the process to be followed by the school to ensure parental involvement."

Section 11. G.S. 115C-238.29B(b)(11) reads as rewritten:

"(11) The procedures by which students can be excluded from the charter school and returned to a public ~~school.~~ school other than a charter school. Notwithstanding any law to the contrary, any local board may refuse to admit any student who is suspended or expelled from a charter school due to actions that would lead to suspension or expulsion from a public school under G.S. 115C-391 until the period of suspension or expulsion has expired."

Section 12. G.S. 115C-238.29B(c) reads as rewritten:

"(c) An applicant shall submit the application to a chartering entity for preliminary approval. A chartering entity may be:

(1) The local board of education of the local school administrative unit in which the charter school will be ~~located;~~ located, unless the applicant is a local board of education;

(2) The board of trustees of a constituent institution of The University of North Carolina, so long as the constituent institution is involved in the planning, operation, or evaluation of the charter school; or

(3) The State Board of Education.

Regardless of which chartering entity receives the application for preliminary approval, the State Board of Education shall have final approval of the charter school.

Notwithstanding the provisions of this subsection, if the State Board of Education finds that an applicant (i) submitted an application to a local board of education and received final approval from the State Board of Education, but (ii) is unable to find a suitable location within that local school administrative unit to operate, the State Board of Education may authorize the charter school to operate within an adjacent local school administrative unit for one year only. The charter school cannot operate for more than one year unless it reapplies, in accordance with subdivision (1), (2), or (3) of this subsection, and receives final approval from the State Board of Education."

Section 13. G.S. 115C-238.29B(d) is repealed.

Section 14. G.S. 115C-238.29D(b) is repealed.

Section 15. G.S. 115C-238.29E reads as rewritten:

"**§ 115C-238.29E. Charter school operation.**

(a) A charter school that is approved by the State shall be a public school within the local school administrative unit in which it is located. It shall be accountable to the local board of education if the applicant for the charter is the local board of education or if it applied for and received preliminary approval from that local board for purposes of ensuring compliance with applicable laws and the provisions of its charter. All other charter schools shall be accountable to the State Board for ensuring compliance with applicable laws and the provisions of their charters, except that any of these charter schools may agree to be accountable to the local board of the school administrative unit in which the charter school is located rather than to the State Board.

(b) A charter school other than a charter school for which the applicant is a local board of education shall be operated by a private nonprofit corporation that shall have received federal tax-exempt status no later than 24 months following final approval of the application. A charter school for which the applicant is a local board of education shall be operated by the local board of education.

(c) ~~A charter school shall operate under the written charter signed by the entity to which it is accountable under subsection (a) of this section and the applicant. A charter school is not required to enter into any other contract. The charter shall incorporate the information provided in the application, as modified during the charter approval process, and any terms and conditions imposed on the charter school by the State Board of Education. No other terms may be imposed on the charter school as a condition for receipt of local funds.~~ The State Board shall issue the written charter no later than 30 days after the date on which the State Board grants final approval for the charter. The written charter shall incorporate the information provided in the application, as modified during the charter approval

process, and any terms and conditions applicable to all charter schools under the rules of the State Board. The charter school is not required to agree to any additional terms, whether requested by the State Board, the local board where the charter school is located, or the entity to which the charter school is accountable. No additional terms may be imposed on the charter school as a condition for receipt of local funds. The charter school shall operate under the written charter signed by the entity to which it is accountable and the applicant.

(d) The board of directors of the charter school operated by a private nonprofit corporation shall decide matters related to the operation of the school, including budgeting, curriculum, and operating procedures. The local board of education shall decide these matters for a charter school operated by a local board.

(e) ~~A charter school's specific location~~ The specific location of a charter school operated by a private nonprofit corporation shall not be prescribed or limited by a local board or other authority except a zoning authority. The school may lease space from a local board of education or as is otherwise lawful in the local school administrative unit in which the charter school is located. If a charter school leases space from a sectarian organization, the charter school classes and students shall be physically separated from any parochial students, and there shall be no religious artifacts, symbols, iconography, or materials on display in the charter school's entrance, classrooms, or hallways. Furthermore, if a charter school leases space from a sectarian organization, the charter school shall not use the name of that organization in the name of the charter school.

At the request of the charter school, the local board of education of the local school administrative unit in which the charter school will be located shall lease any available building or land to the charter school unless the board demonstrates that the lease is not economically or practically feasible or that the local board does not have adequate classroom space to meet its enrollment needs. Notwithstanding any other law, a local board of education may provide a school facility to a charter school free of charge; however, the charter school is responsible for the maintenance of and insurance for the school facility.

(f) Except as provided in this Part and pursuant to the provisions of its charter, a charter school is exempt from statutes and rules applicable to a local board of education or local school administrative unit. The State Board shall not adopt any rules, policies, procedures, requirements, standards, terms, conditions, or regulations governing charter schools unless they are authorized specifically under this Part; they are applicable uniformly to all charter schools; and the Board proceeds under Chapter 150B of the General Statutes. Only those rules, policies, procedures, requirements, standards, terms, conditions, and regulations that are adopted by the Board shall apply to charter schools and may be included in the written charter and amendments to that charter. The Board may adopt guidelines to assist charter schools. These guidelines are not binding on charter schools and shall not be included in any written charter unless the charter school agrees to the inclusion."

Section 16. G.S. 115C-238.29F(b) reads as rewritten:

"(b) School Nonsectarian. -- A charter school shall be nonsectarian in its programs, admission policies, employment practices, and all other operations and shall not charge ~~tuition or~~ tuition, application fees, or admission fees. A charter school shall not be affiliated with a nonpublic sectarian school or a religious institution."

Section 17. G.S. 115C-238.29F(c) is amended by adding the following new subdivision:

"(3) The civil liability for a charter school operated by a local school administrative unit shall be the same as for any other school operated by the unit."

Section 18. G.S. 115C-238.29F(h) reads as rewritten:

"(h) Transportation. -- The charter school may provide transportation for students enrolled at the school. The charter school shall develop a transportation plan so that transportation is not a barrier to any student who resides in the local school administrative unit in which the school is located. The charter school is not required to provide transportation to any student who lives within one and one-half miles of the school. At the request of the charter school and if the local board of the local school administrative unit in which the charter school is located operates a school bus system, then that local board may contract with the charter school to provide transportation in accordance with the charter school's transportation plan to students who reside in the local school administrative unit and who reside at least one and one-half miles of the charter school. A local board may charge the charter school a reasonable charge that is sufficient to cover the cost of providing this transportation. Furthermore, a local board may refuse to provide transportation under this subsection if it demonstrates there is no available space on buses it intends to operate during the term of the contract or it would not be practically feasible to provide this transportation.

A student who attends a charter school operated by a local board of education and who resides within the local school administrative unit in which the school is located has the same right to school transportation as students assigned to other public schools in the local school administrative unit."

Section 19. G.S. 115C-238.29F(d) reads as rewritten:

"(d) Instructional Program. --

(1) The school shall provide instruction each year for at least 180 days.

(2) The school shall design its programs to at least meet the student performance standards adopted by the State Board of Education and the student performance standards contained in the charter.

(3) A charter school shall ~~conduct the student assessments required for charter schools by the State Board of Education.~~ administer the tests adopted by the State Board of Education under G.S. 115C-174.11 and that are used to implement the School-Based Management and Accountability Program in other public schools.

(4) The school shall comply with policies adopted by the State Board of Education for charter schools relating to the education of children with special needs.

(5) The school is subject to and shall comply with Article 27 of Chapter 115C of the General Statutes, except that a charter school may also exclude a student from the charter school and return that student to another school in the local school administrative unit in accordance with the terms of its charter."

Section 20. G.S. 115C-238.29F(g)(5) reads as rewritten:

"(5) A charter school shall not discriminate against any student on the basis of ethnicity, national origin, gender, or disability. Except as otherwise provided by law or the mission of the school as set out in the charter, the school shall not limit admission to students on the basis of intellectual ability, measures of achievement or aptitude, athletic ability, disability, race, creed, gender, national origin, religion, or ancestry. The charter school may give enrollment priority to siblings of currently enrolled students who were admitted to the charter school in a previous year and to children of the school's principal, teachers, and teacher assistants. In addition, and only for its first year of operation, the charter school may give enrollment priority to children of the initial members of the charter school's board of directors, so long as (i) these children are limited to no more than ten percent (10%) of the school's total enrollment or to 20 students, whichever is less, and (ii) the charter school is not a former public or private school. ~~Within one year after the charter school begins operation,~~ The charter school shall make a good faith effort to attract and enroll students so that the population of the school ~~shall~~ reasonably ~~reflect~~ reflects the racial and ethnic composition of the general population residing within the local school administrative unit in which the school is located or the racial and ethnic composition of the special population that the school seeks to serve residing within the local school administrative unit in which the school is located. The school shall be subject to any court-ordered desegregation plan in effect for the local school administrative unit."

Section 21. G.S. 115C-238.29G(c) reads as rewritten:

"(c) The State Board and the charter school are encouraged to make a good-faith attempt to resolve the differences that may arise between them. ~~They~~ Furthermore, the local board of the local school administrative unit in which the charter school is located and the charter school are encouraged to make a good-faith attempt to resolve any differences that may arise between them. The parties in dispute may agree to jointly select a mediator. The mediator shall act as a neutral facilitator of disclosures of factual information, statements of positions and contentions, and efforts to negotiate an agreement settling the differences. The mediator shall, at the request

of either ~~the State Board or a charter school,~~ party, commence a mediation immediately or within a reasonable period of time. The mediation shall be held in accordance with rules and standards of conduct adopted under Chapter 7A of the General Statutes governing mediated settlement conferences but modified as appropriate and suitable to the resolution of the particular issues in disagreement.

Notwithstanding Article 33C of Chapter 143 of the General Statutes, the mediation proceedings shall be conducted in private. Evidence of statements made and conduct occurring in a mediation are not subject to discovery and are inadmissible in any court action. However, no evidence otherwise discoverable is inadmissible merely because it is presented or discussed in a mediation. The mediator shall not be compelled to testify or produce evidence concerning statements made and conduct occurring in a mediation in any civil proceeding for any purpose, except disciplinary hearings before the State Bar or any agency established to enforce standards of conduct for mediators. The mediator may determine that an impasse exists and discontinue the mediation at any time. The mediator shall not make any recommendations or public statement of findings or conclusions. The ~~State Board and the charter school~~ parties in dispute shall share equally the mediator's compensation and expenses. The mediator's compensation shall be determined according to rules adopted under Chapter 7A of the General Statutes."

Section 22. G.S. 115C-238.29H reads as rewritten:

"**§ 115C-238.29H. State and local funds for a charter school.**

(a) The State Board of Education shall allocate to each charter school (i) an amount equal to the average per pupil allocation for average daily membership from the local school administrative unit allotments in which the charter school is located for each child attending the charter school except for the allocation for children with special needs and (ii) an additional amount for each child attending the charter school who is a child with special needs. In accordance with G.S. 115C-238.29D(d), the State Board shall allow for annual adjustments to the amount allocated to a charter school based on its enrollment growth in school years subsequent to the initial year of operation.

In the event a child with special needs leaves the charter school and enrolls in a public school during the first 60 school days in the school year, the charter school shall return a pro rata amount of funds allocated for that child to the State Board, and the State Board shall reallocate those funds to the local school administrative unit in which the public school is located. In the event a child with special needs enrolls in a charter school during the first 60 school days in the school year, the State Board shall allocate to the charter school the pro rata amount of additional funds for children with special needs.

(a1) Funds allocated by the State Board of Education may be used to enter into operational and financing leases for real property or mobile classroom units for use as school facilities for charter schools and may be used for payments on loans made to charter schools for facilities or equipment. However, State funds shall not be used to obtain any other interest in real property or mobile classroom units. No indebtedness of any kind incurred or created by the charter school shall constitute an indebtedness

of the State or its political subdivisions, and no indebtedness of the charter school shall involve or be secured by the faith, credit, or taxing power of the State or its political ~~subdivisions.~~ subdivisions, unless the charter school is operated by a local board of education. Every contract or lease into which a charter school enters except for contracts or leases entered into by a local board of education shall include the previous sentence. The school also may own land and buildings it obtains through non-State sources.

(b) If a student attends a charter school, the local school administrative unit in which the child resides shall transfer to the charter school an amount equal to the per pupil local current expense appropriation to the local school administrative unit for the fiscal year. The per pupil local current expense appropriation shall be calculated by dividing the total county appropriation to the local school administrative unit's local current expense fund, including appropriations funded by supplemental taxes, by the unit's average daily membership for the budget year as determined by and certified to the unit and the board of county commissioners by the State Board. In order to establish the number of children for whom these funds are to be transferred, the local administrative unit may require the charter school to provide electronically an invoice that identifies each child for whom these funds are to be remitted, that child's address, and that child's Student Information Management System identification number. The local school administrative unit shall not require any other information from the charter school as a condition of the unit's remission of these funds. If the local school administrative unit requires this invoice, the unit shall provide to the charter school the local current expense appropriation based on the number of children in the most recent invoice. If no invoice is required, the local current expense appropriation shall be based on the number of children as mutually agreed upon by the local school administrative unit and the charter school. The local school administrative unit shall remit these funds to the charter school at times that are mutually agreed upon by the unit and the charter school, but if no agreement is reached, then the unit shall remit these funds to the charter school no later than one week after the unit receives the funds from the board of county commissioners as established under G.S. 115C-437 and upon receipt of an invoice, if required. The State Board may withhold money used for payment of salaries for the superintendent and school finance officer of any local school administrative unit if the Board finds that the unit is not using its best efforts to remit these funds on a timely basis.

(c) The board of county commissioners of the county in which the charter school is located may allocate to the charter school funds that may be used for capital outlay purposes."

Section 23. G.S. 115C-452 reads as rewritten:

"**§ 115C-452. Fines and forfeitures.**

The clear proceeds of all penalties and forfeitures and of all fines collected in the General Court of Justice in each county shall be remitted by the clerk of the superior court to the county finance officer, who shall forthwith determine what portion of the total is due to each local school administrative unit and to each charter school in the county and remit the appropriate portion of the amount to the finance officer of each

local school administrative ~~unit.~~ unit and each charter school. ~~Fines~~ The first twenty-five percent (25%) of fines and forfeitures shall be apportioned according to the projected average daily membership of each local school administrative unit as determined by and certified to the local school administrative units and the board of county commissioners by the State Board of Education pursuant to G.S. 115C-430. The remainder of the fines and forfeitures shall be apportioned according to the projected average daily membership of each local school administrative unit and each charter school as determined by and certified to the local school administrative units, the charter schools, and the board of county commissioners by the State Board of Education pursuant to G.S. 115C-430 or G.S. 115C-238.29H(b)."

Section 24. G.S. 115C-457.3 reads as rewritten:

"**§ 115C-457.3. Transfer of funds to the State School Technology Fund.**

The Office of State Budget and Management shall transfer funds accruing to the Civil Penalty and Forfeiture Fund to the State School Technology Fund. ~~These~~ The first twenty-five percent (25%) of these funds shall be allocated to local school administrative units on the basis of average daily membership. The remaining funds shall be allocated to local school administrative units and charter schools on the basis of average daily membership. Notwithstanding any other law, the funds allocated to charter schools under this section shall be used for school technology; however, in accordance with G.S. 115C-238.29E(f), the charter school is not required to develop or submit a school technology plan under Part 3A of Article 8 of this Chapter."

Section 25. (a) G.S. 150B-2(8a) reads as rewritten:

"(8a) 'Rule' means any agency regulation, standard, or statement of general applicability that implements or interprets an enactment of the General Assembly or Congress or a regulation adopted by a federal agency or that describes the procedure or practice requirements of an agency. The term includes the establishment of a fee and the amendment or repeal of a prior rule. The term also includes any State Board of Education or Department of Public Instruction rule, policy, procedure, requirement, standard, term, condition, or regulation that is authorized specifically under Part 6A of Article 16 of Chapter 115C of the General Statutes. The term does not include the following:

a. Statements concerning only the internal management of an agency or group of agencies within the same principal office or department enumerated in G.S. 143A-11 or 143B-6, including policies and procedures manuals, if the statement does not directly or substantially affect the procedural or substantive rights or duties of a person not employed by the agency or group of agencies.

b. Budgets and budget policies and procedures issued by the Director of the Budget, by the head of a department, as defined by G.S. 143A-2 or G.S. 143B-3, by an occupational

licensing board, as defined by G.S. 93B-1, or by the State Board of Elections.

c. Nonbinding interpretative statements within the delegated authority of an agency that merely define, interpret, or explain the meaning of a statute or rule.

d. A form, the contents or substantive requirements of which are prescribed by rule or statute.

e. Statements of agency policy made in the context of another proceeding, including:

1. Declaratory rulings under G.S. 150B-4.

2. Orders of establishing or fixing rates or tariffs.

f. Requirements, communicated to the public by the use of signs or symbols, concerning the use of public roads, bridges, ferries, buildings, or facilities.

g. Statements that set forth criteria or guidelines to be used by the staff of an agency in performing audits, investigations, or inspections; in settling financial disputes or negotiating financial arrangements; or in the defense, prosecution, or settlement of cases.

h. Scientific, architectural, or engineering standards, forms, or procedures, including design criteria and construction standards used to construct or maintain highways, bridges, or ferries.

i. Job classification standards, job qualifications, and salaries established for positions under the jurisdiction of the State Personnel Commission.

j. Establishment of the interest rate that applies to tax assessments under G.S. 105-241.1 and the variable component of the excise tax on motor fuel under G.S. 105-449.80."

(b) Article 2A of Chapter 150B of the General Statutes is amended by adding the following new Part:

"Part 6. Rules Affecting Charter Schools.

"**§ 150B-21.30. Procedures applicable to rules affecting charter schools.**

(a) G.S. 150B-21.2(a)(1) shall not apply to proposed rules adopted by the State Board of Education if the proposed rules are authorized specifically under Part 6A of Article 16 of Chapter 115C of the General Statutes.

(b) Notwithstanding G.S. 150B-21.3(b), a permanent rule that is adopted by the State Board of Education, is approved by the Rules Review Commission, and is authorized specifically under Part 6A of Article 16 of Chapter 115C of the General Statutes, becomes effective five business days after the Commission delivers the rule to the Codifier of Rules, unless the rule specifies a later effective date. If the State Board of Education specifies a later effective date, the rule becomes effective upon that date. A permanent rule that is adopted by the State Board of Education to

implement Part 6A of Article 16 of Chapter 115C of the General Statutes, but is not approved by the Rules Review Commission, shall not become effective.

(c) G.S. 150B-21.4(b1) shall not apply to permanent rules the State Board of Education proposes to adopt if those rules are authorized specifically under Part 6A of Article 16 of Chapter 115C of the General Statutes.

(d) The rule proposed by the State Board of Education may create, amend, or repeal a rule. The State Board of Education shall indicate in the notice of proposed text that the rule is authorized specifically under Part 6A of Article 16 of Chapter 115C of the General Statutes and that the State Board of Education is proceeding under that authority.

"**§ 150B-21.31. Procedures applicable to charters.**

The State Board of Education shall submit to the Commission the standard written charter agreement that the State Board of Education approved and issued under Part 6A of Article 16 of Chapter 115C of the General Statutes to charter schools that received State Board approval under G.S. 115C-238.29D in 1997 or 1998. The State Board of Education also shall submit to the Commission any modifications to that written charter agreement that the State Board approves after July 1, 1998, for issuance to charter schools approved in subsequent years. The Commission shall review each portion of the charter and each modification to that charter as if it is a rule and shall follow the procedure established in Part 3 of this Article. The Commission shall determine whether each portion or modification is authorized specifically under Part 6A of Article 16 of Chapter 115C of the General Statutes. The Commission may approve only portions and modifications of the charter that are so authorized. All approved portions and modifications of the charter are binding on the charter school. Each portion or modification of the charter that is not approved is void and shall not apply to any charter school unless the charter school's board of directors agrees to its applicability. The board of directors is not required to agree to any portion or modification of the charter that the Commission does not approve. This section shall not apply to information in a charter school's application, as modified during the approval process, that is incorporated in each charter school's charter agreement."

Section 26. (a) The State Board of Education, in collaboration with the Charter School Professional Association, shall evaluate the Uniform Education Reporting System to determine whether this is the best way for charter schools to report information to the State Board or whether there is a mutually functional alternative that could be implemented. The State Board shall report the results of this evaluation and its recommendations, including any proposed legislative changes, to the Joint Legislative Commission on Governmental Operations by December 1, 1998.

(b) If, at any time, a majority of charter schools present to the State Board of Education an alternative reporting system that is the functional equivalent of the Uniform Education Reporting System and the alternative system has been benchmarked, the State Board shall consider the adoption of that system for charter schools.

Section 27. G.S. 105-164.14(c) reads as rewritten:

"(c) Certain Governmental Entities. -- A governmental entity listed in this subsection is allowed an annual refund of sales and use ~~tax~~ taxes paid by it under this Article, except under G.S. 105-164.4(a)(4a) and G.S. 105-164.4(a)(4c), on direct purchases of tangible personal property. Sales and use tax liability indirectly incurred by a governmental entity on building materials, supplies, fixtures, and equipment that become a part of or annexed to any building or structure that is owned or leased by the governmental entity and is being erected, altered, or repaired for use by the governmental entity is considered a sales or use tax liability incurred on direct purchases by the governmental entity for the purpose of this subsection. A request for a refund must be in writing and must include any information and documentation required by the Secretary. A request for a refund is due within six months after the end of the governmental entity's fiscal year.

This subsection applies only to the following governmental entities:

(1) A county.

(2) A city as defined in G.S. 160A-1.

(2a) A consolidated city-county as defined in G.S. 160B-2.

(2b) A local school administrative unit for charter schools operated by the local board of education. Notwithstanding any other provisions of law, a refund payable under this subdivision of the local sales and use taxes to cities levied under Articles 39, 40, and 42 of this Chapter and under the Mecklenburg County Sales and Use Tax Act, Chapter 1096 of the 1967 Session Laws, as amended, shall be drawn from the General Fund and shall not be deducted from the distribution to the cities.

(3) A metropolitan sewerage district or a metropolitan water district in this State.

(4) A water and sewer authority created under Chapter 162A of the General Statutes.

(5) A lake authority created by a board of county commissioners pursuant to an act of the General Assembly.

(6) A sanitary district.

(7) A regional solid waste management authority created pursuant to G.S. 153A-421.

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: State Board of Education, Department of Public Instruction , Department of Transportation, Local school systems, county governments, State Retirement System, and State Health Plan.

EFFECTIVE DATE: July 1, 1998

BILL SUMMARY:

SECTION 1 would amend G.S. 115C-238.29F(3)(4) to clarify that while all charter school employees are public employees, they will be eligible for participation in the State Retirement System, State Health Plan, or both, only if their charter school's board of directors elect to participate.

SECTION 2 would create a new G.S. 135-5.3 to require charter school boards of directors to elect, in writing, to join the State Retirement System. This would be an irrevocable election. The boards of directors of charter schools that received State Board of Education approval in 1997 or 1998 must make this election by September 1, 1998. The election would be effective on the date the election is made for current employees. For employees hired after that date, it would be effective on their date of entry into eligible service. The boards of directors of charter schools that receive State Board of Education approval after 1998 must make the election within 30 days after the State Board of Education and the charter school applicant sign the written charter agreement. This election would be effective for all employees on their date of entry into eligible service. The boards of directors must notify in writing their employees as to whether they elected to join, and the employees must acknowledge in writing that they received this notice.

SECTION 3 would amend G.S. 135-4 to allow charter school employees who subsequently return to a public school or State employment to "buy back" years of service for the time they were employed in a charter school whose board of directors did not elect to join the Retirement System. To be eligible for this "buy-back", the employee would be required to have at least five years of creditable service.

SECTIONS 4 and 5 would provide that only employees of charter schools whose boards of directors elect to join the State Health Plan are eligible for participation

in that Plan. The election, and its applicability, is similar to the election to participate in the Retirement System.

SECTIONS 6 and 7 would exempt from the motor fuel tax any motor fuel sold to the nonprofit corporations that have charters to operate charter schools. Motor fuel sold to local boards of education is currently exempt from this tax.

SECTION 8 would amend G.S. 20-84 to allow nonprofit corporations that have charters to operate charter schools to pay a one-time fee of $6.00 for each permanent vehicle registration plate for each vehicle they register. Currently, local boards of education may purchase these permanent plates.

SECTION 9 would repeal G.S. 115C-238.29B(d), which allows local boards of education to offer information concerning an application for a charter school. This subsection also requires the State Board, when determining whether to approve an application, to consider this information and the impact of the charter school on the local school administrative unit's ability to provide a sound basic education to its students.

SECTION 10 would repeal G.S. 115C-238.29D(b), which limits the number of charter schools to a total of 100 in the State and to no more than five per year per local school administrative unit.

SECTION 11 would amend G.S. 115C-238.29F(b) to allow charter schools to charge fees, so long as they are not application or admission fees.

SECTION 12 would amend G.S. 115C-238.29G(c) to provide for a mediation process between charter schools and local boards of education.

SECTIONS 13 and 14 would amend G.S. 115C-238.29H. Currently, the local school administrative unit where a child resides must transfer the per pupil local current expense appropriation to the charter school. Section 13 would define this appropriation to include revenue from all sources of funds, including any supplemental taxes, that go into a county's appropriation to the local school administrative unit's local current expense fund. This section also would require a local school administrative unit to remit the funds at times as agreed upon by the unit and the charter school or on the same timeline as they receive the funds from the county. In most cases, this would be on a monthly basis, but it could be on a quarterly or yearly basis. Section 13 also would allow local school administrative units to request an invoice with the child's name, address, and SIMS identification number in order to determine the number of students for whom this appropriation is to be made. If an invoice is required, the local school administrative unit must use the number of students as the basis for the appropriation to the charter school. Failure to remit these funds in a timely manner could result in the State Board's withholding of funds used to pay the salaries of the superintendent and school finance officer. Section 14 would allow county commissioners to allocate to a charter school funds to be used for capital outlay purposes.

SECTIONS 15 and 16 would amend G.S. 115C-452 and G.S. 115C-457.3 to require proceeds from fines, forfeitures, and penalties to be apportioned to charter schools. Section 7 of Article IX of the North Carolina Constitution states, "All moneys, stocks, bonds, and other property belonging to a county school fund, and the clear proceeds of all penalties and forfeitures and of all fines collected in

the several counties for any breach of the penal laws of the State, shall belong to and remain in the several counties, and shall be faithfully appropriated and used exclusively for maintaining free public schools." The committee substitute would provide that the first 25% of these funds would continue to be apportioned only among local school administrative units. The remainder of the funds would be apportioned among local school administrative units and charter schools. Funds from the Civil Penalty and Forfeiture Fund, which are transferred first to the State School Technology Fund, must be used for school technology, but the charter schools are not required to develop and implement school technology plans.

SECTION 17 would amend G.S. 115C-238.29E to require the State Board to issue a written charter within 30 days following the date it grants final approval for a charter. The charter incorporates the information in the application, as modified during the approval process, and any terms and conditions applicable to all charter schools. Currently, these terms and conditions are not required to be applicable on a uniform basis. **Subsection (b)** of this section would amend G.S. 115C-238.29E(f) to require the State Board to go through rulemaking before any rule, policy, procedure, requirement, standard, term, condition or regulation is applicable to charter schools. These "rules" must apply to all charter schools and must be authorized specifically by the Charter School Act. **Subsection (c)** would amend G.S. 150B-2(8a) to include any State Board of Education or Department of Public Instruction rule, policy, procedure, requirement, standard, term, condition, or regulation that is authorized under the Charter School Act in the definition of a "rule" for the purpose of the Administrative Procedure Act. **Subsection (d)** adds a new Part 6, Rules Affecting Charter Schools, to the Administrative Procedure Act. G.S. 150B-21.30 would allow the State Board to use a streamlined procedure for adopting rules specifically authorized by the Charter School Act. The Board may publish the text of any proposed rule as the first step in the rulemaking procedure; a rule may take effect without waiting for submission to the General Assembly; and no fiscal note is required unless the rule affects the expenditures or revenues of a unit of local government. The State Board must indicate on its notice that the rule is authorized specifically by the Charter School Act. G.S. 150B-21.31 would require the State Board to submit to the Rules Review Commission the standard written charter agreement that the Board has approved and issued to charter schools to date. The Commission must review each portion of the charter agreement, and each subsequent modification to that charter agreement, as if it is a rule. The Commission may approve only the portions and modifications that are authorized specifically under the Charter School Act. If they are approved, then they are binding on the charter schools. If they are not approved, then they are void and will apply only if a charter school's board of directors agrees to its applicability.

SECTION 18 would require the State Board of Education, in collaboration with the Charter School Professional Association, to evaluate whether the Uniform Education Reporting System (UERS) is the best way for charter schools to report information or whether there is a mutually functional alternative that could be implemented. The Board must report the results of this evaluation to the Joint Legislative Commission on Governmental Operations by December 1, 1998. SECTION 18 also would require the State Board to consider the adoption of an alternative reporting system that a majority of charter schools present to the Board if is the functional equivalent of the UERS and if it has been benchmarked.

The bill would take effect July 1, 1998.

ASSUMPTIONS AND METHODOLOGY:

1. Projected loss of criminal fines and forfeiture funds to local school systems based on no limit on the number of charter schools as set out in the committee substitute. Projected enrollment growth is based on the addition of 30 charter schools each year for the next four years, plus enrollment growth of 10% per year in existing charter schools. These enrollment projects are set out in the table below.
2. Additional administrative costs in the Department of Public Instruction are based on FY1998-99 requested by the State Board of Education, plus the removal of the limit on the number of charter schools contained in the committee substitute.
3. There will be some minor loss to the Highway Fund as charter schools receive permanent vehicle licenses, but the loses cannot be calculated.
4. Highway Fund loses will also include loss of motor vehicle tax.
5. Projected loss of administrative fines and forfeiture funds to local school systems through the School Technology Fund are based on a growth of 3.5% percent in administrative penalties, and the enrollment growth assumptions in 1 and 2.
6. The projection of the loss to local school systems of administrative fines and forfeitures is based on the Attorney General's Office interpretation of current court decisions. There is still in excess of $40 million in state funds that are still in dispute. The largest of the disputed amounts are taxes levied for failure to file or pay taxes, parking fees in the university system, and fees levied by various departments and licensing boards. If the Court determines in a later case that schools are entitled to these funds then the amounts received by charter schools through the technology fund would greatly increase.
7. All costs to the retirement system and the state health plan are reported in separate actuarial notes.

BILL NUMBER: Committee Substitute House Bill 1739

SHORT TITLE: Charter School Benefits

SPONSOR(S): Representative Leo Daughtry

SYSTEM AFFECTED: The Teachers' and State Employees' Retirement System

BILL SUMMARY: : Require each charter school boards of directors to make an irrevocable election, in writing, whether the employees of the school will be members of the Teachers' and State Employees' Retirement System. The boards of directors of charter schools must make this election by September 1, 1998. The election would be effective on the date the election is made for current employees. For employees hired after that date, it would be effective on their date of entry into eligible service. For charter schools approved after 1998, the election must be made with 30 days after the charter agreement is signed. This election would be effective for all employees on their date of entry into eligible service. The boards of directors must notify in writing their employees as to whether they elected to join, and the employees must acknowledge in writing that they received this notice.

The bill also allows charter school employees, who subsequently return to a public school or state employment, to purchase the years of service that they were employed in a charter school, whose board of directors did not elect to join the Retirement System. To be eligible for this purchase, the member must complete five years of creditable service after the charter school employment and the member must pay the "full actuarial cost" for the service purchase.

EFFECTIVE DATE: July 1, 1998.

ESTIMATED IMPACT ON STATE: ESTIMATED IMPACT

Retirement System Actuary: Buck Consultants states that there is anti-selection against the Retirement System since some boards with older, higher cost employees have chosen to join the System and those with younger, lower cost employees have chosen not to participate. Buck Consultants estimates there would be no cost to the Retirement System for any purchases of charter school employment since the members would be paying the "full actuarial cost".

General Assembly Actuary: Hartman & Associates states, that if the demographics of the employees of the charter schools electing coverage is similar to the current covered employees in the State System, the current rate is sufficient, but since each employer will make an election, the potential exists for anti-selection on the part of the schools. The data, of current 623 charter school employees of which 130 are participating in the Retirement System, reveals that anti-selection is occurring, as the participating rate for employees over age 40 is more than double that for employees under age 40.

Hartman & Associates estimates there would be no cost to the Retirement System for any purchases of charter school employment since the members would be paying the "full actuarial cost".

ASSUMPTIONS AND METHODOLOGY: Teacher's & State Employees' Retirement System: The cost estimates of the System's Actuary are based on the employee data, actuarial assumptions and actuarial methods used to prepare the December 31, 1996 actuarial valuation of the fund. The data included 263,920 active members with an annual payroll of $6.845 billion and 88,605 retired members in receipt of annual pensions totaling $1.096 billion. Significant actuarial assumptions used include (a) an investment return rate of 7.5%, (b) salary increase rate of 6.25%, (c) the George B. Buck Mortality Tables for deaths in service and after retirement and (d) rates of separation from active service based on System experience. The actuarial cost method used was the entry age normal method with open-end unfunded accrued liability and an frozen unfunded liquidation period of nine years. Detailed information concerning these assumptions and methods is shown in the actuary's report which is available upon request from Stanley Moore.

SHORT TITLE: Charter Schools

SYSTEM OR PROGRAM AFFECTED: Teachers' and State Employees' Comprehensive Major Medical Plan.

FUNDS AFFECTED: State General Fund, State Highway Fund, Other State Employer Receipts, Premium Payments for Dependents by Active and Retired Teachers and State Employees, and Premium Payments for Coverages Selected by Eligible Former Teachers and State Employees.

BILL SUMMARY: The bill gives charter schools the opportunity to make an irrevocable election to either participate in the Teachers' and State Employees' Comprehensive Major Medical Plan or not to participate in the Plan. Participation in a State Retirement Systems program would no longer be required for charter schools to participate in the Plan. Schools approved by the State Board of Education for operation in 1997 or 1998 must make the election prior to September 1, 1998. Schools approved for operation after 1998 must make the election within 30 days after a charter is signed. A school's election to participate in the Plan requires that all of the school's employees participate in the Plan if they want employer-sponsored health benefits. A school's election not to participate in the Plan will prevent any of the school's employees and their eligible dependents from being eligible for the Plan's benefits.

EFFECTIVE DATE: July 1, 1998.

ESTIMATED IMPACT ON STATE: Based upon data provided by the N. C. Department of Public Instruction on the number of employees of charter schools and their spouses and dependent children that are provided employer-sponsored health benefits, the Teachers' and State Employees' Comprehensive Major Medical Plan has suffered from adverse selection against the Plan by the charter school employee population. Of a total population of 1,443 employees and dependents in charter school sponsored health benefit programs, only 77 maintained coverage under the Plan, including its health maintenance organization (HMO) options. The remaining population of 1,366 enrollees fall in the following age bands: 49% under age 30; 59% under age 35; and 71% under age 40. By comparison, the indemnity program of the Plan has only 35% of its population under age 30; 42% under age 35; and 50% under age 40 in its active employee group. Conversely, the Plan's indemnity program for the active employee group has 49% of its population between the ages of 40 and 64 whereas the charter school population has only 28% of its total membership in the same age band. Furthermore, the charter school population that maintained coverage in the Plan reflected an age distribution closer to that of the indemnity program: 44% under age 30; 55% under age 35; 57% under age 40; and 42% between the ages of 40 and 64. As an indication that older age populations cost more to insure for health

coverage, for the year ended December 31, 1997, the Plan's indemnity program had a per capita claim cost of $722 for those under age 30; $1,355 for those age 30-44; $1,975 for those age 45-54; and $3,196 for those age 55-64. For those under age 65, the indemnity program's average annual per capita claim cost was $1,616, which is the claim cost basis upon which a single community rated premium of $1,735 is set for those under age 65 in the program. Adverse or anti-selection occurs whenever the indemnity program loses $1,735 annually per person in premium receipts but loses only $722 in per capita annual claim costs for those persons under age 30 and only $1,355 for those between the ages of 30 and 44. Both the Plan's consulting actuary, Aon Consulting, and the consulting actuary of the General Assembly's Fiscal Research Division, Hartman & Associates, confirm that anti-selection has already occurred in the Plan from charter school employees and their dependents opting out of the Plan. As the number of charter schools increases, this trend is also expected to increase resulting in more costs to the Plan as charter schools are given more opportunities to opt out of the Plan. An additional cost impact on the State apart from anti-selection against the Major Medical Plan comes from removing the requirement that participation in the Plan is contingent upon participation in a State Retirement Systems program. Currently, each employer's contribution rate as a percentage of payroll to the State Retirement Systems includes a 2% surcharge used by the Retirement Systems to pay premiums to the Major Medical Plan on behalf of retired teachers and state employees. Under the bill, a charter school could elect not to participate in a program offered by the State Retirement Systems but elect to participate in the Major Medical Plan. Participation in the Plan would allow those charter school employees with previously earned vested retirement benefits to receive those benefits as well as non-contributory retiree health benefits. In such a situation, the State Retirement Systems would not be receiving the 2% surcharge from charter school retirement contributions in order to pay for the health benefit premiums of employees retired from charter schools. At some future date, the 2% surcharge on employer contributions to the State Retirement Systems might have to be increased to those employers participating in the Systems' programs to pay for the health benefit premium costs of retired employees of charter schools that don't participate in the Retirement System. Of course, the incidence of these situations would become lower with charter schools' hiring of younger employees.

ASSUMPTIONS AND METHODOLOGY: The Comprehensive Major Medical Plan for Teachers and State Employees is divided into two programs. From October, 1982, through June, 1986, the Plan had only a self-funded indemnity type of program which covered all employees, retired employees, eligible dependents of employees and retired employees, and eligible former employees and their eligible dependents authorized to continue coverage past a termination of employment other than for retirement or disability purposes. A prepaid program of coverage by health maintenance organizations (HMOs) was offered in July, 1986, as an alternative to the Plan's self-insured indemnity program. The benefits of the self-insured indemnity type of program are spelled out in Part 3 of Article 3 of Chapter 135 of the North Carolina General Statutes (i.e., $250 annual deductible, 20% coinsurance up to $1,000 annually, etc. paid by the program's members). HMOs are required to offer benefits that are comparable to those provided by the self-insured indemnity program. Employer-paid non-contributory premiums are only authorized for the indemnity program's coverage for employees and retired employees. Whenever employees and office holders first employed or taking office on and after October 1, 1995 become eligible for health benefits as retired employees, the amount of premium paid by the State for individual coverage

will be based upon the retiree's amount of retirement service credit at the time of retirement. Only retired employees with 20 or more years of service credit at retirement will be eligible for non-contributory health benefit premiums. Retirees with 10 or more years of service credit at retirement will be eligible for 50% partially contributory health benefit premiums. Retired employees with 5 or more year of service credit at retirement will be eligible to continue their health benefits on a fully contributory basis. All other types of premium in the indemnity program are fully contributory. Premiums paid by employers to HMOs are limited to like amounts paid to the indemnity program with employees and retired employees paying any HMO amounts above the indemnity program's non-contributory rates. Both types of coverage continue to be available in the Plan with twelve HMOs currently covering about 27% of the Plan's total population in about 88 of the State's 100 counties. The Plan's employees and retired employees select the type of program that they wish for themselves and their dependents during the months of August and September of each year for coverage beginning in October. The demographics of the Plan as of December 31, 1997, include:

Assumptions for the Self-Insured Indemnity Program: For the fiscal year beginning July 1, 1997, the self-insured program started its operations with a beginning cash balance of $384.9 million. Receipts for the year are estimated to be $580 million from premium collections, $25 million from investment earnings, and $15 million in risk adjustment and administrative fees from HMOs, for a total of $620 million in receipts for the year. Disbursements from the self-insured program are expected to be $640 million in claim payments and $18 million in administration and claims processing expenses for a total of $658 million for the year beginning July 1, 1997.

For the fiscal year beginning July 1, 1998, the self-insured indemnity program is expected to have an operating cash balance of over $346 million with a net operating loss of $98 million for the 1998-99 fiscal year. For the fiscal year beginning July 1, 1999, the self-insured indemnity program is expected to have an operating cash balance of $248 million with a net operating loss of $170 million for the 1999-2000 fiscal year. The estimated cash balance for the self-insured indemnity program is expected to be $78 million at the end of the 1999-2000 fiscal year. The self-insured indemnity program is consequently assumed to be able to carry out its operations without any increases in its current premium rates or a reduction in existing benefits until the 1999-2000 fiscal year. This assumption is predicated upon the fact that the program's cost containment strategies (hospital DRG reimbursements, pre-admission hospital testing, pre-admission hospital inpatient certification with length-of-stay approval, hospital bill audits, required second surgical opinions, mental health case management, coordination of benefits with other payers, Medicare benefit "carve-outs", cost reduction contracts with participating physicians and other providers, prescription drug manufacturer rebates from voluntary formularies, and fraud detection) are maintained and improved where possible. Current non-contributory premium rates are $110.08 monthly for employees whose primary payer of health benefits is Medicare and $144.60 per month for employees whose primary payer of health benefits is not Medicare. Fully contributory premium amounts for employee and child(ren) contracts are $68.50 monthly for children whose primary payer of health benefits is Medicare and $90.12 monthly for other covered children, and $164.30 per month for family contracts whose dependents have Medicare as the primary payer of health benefits and $216.18 per month for other family contract dependents. Claim cost trends are expected to increase 8-10% annually. Total enrollment in the program is expected to decrease about one percent (1.0%) annually due to competition from alternative HMOs. The number of enrolled active employees is expected to show a 1-2% loss annually, whereas the growth in the number of retired employees is assumed to be 4% per year. The program is expected to lose about 3-4% of its number of active employee dependents each year, whereas the number of enrolled retiree dependents is assumed to show no appreciable change from year to year. Investment earnings are based upon a 5% monthly return on available cash balances. The self-insured indemnity program maintains a claim stabilization reserve for claim cost fluctuations equal to 7.5% of annual claim payments without reserving additional funds for incurred but unreported claims.

Assumptions for Charter Schools' Participation in the Plan: Some 623 employees are employed in the 33 charter schools currently in operation in the State. Thirty-two of the schools sponsor a form of health benefits for their employees. One school's employees declined health benefit coverage. Of the 32 schools that sponsor a form of health benefits, only 2 have elected to participate in the Teachers' and State Employees' Comprehensive Major Medical Plan. The following ages apply to the employees and their dependents participating in some form of employer-sponsored health benefits in the 32 schools:

	Charter School Group in Plan						Charter School Group out of Plan					
Ages	Employ.	%	Depend.	%	Total	%	Employ.	%	Depend.	%	Total	%

DATE: July 8, 1998
RE: **SECTION-BY-SECTION SUMMARY: H1739 – 3rd EDITION**

House Bill 1739, 3rd edition, allows charter schools to elect to participate in the State Health Plan and in the State Retirement Plan, to obtain permanent license plates at a cost of $6, and to obtain a motor fuel tax exemption. It allow a local board of education to apply for charter status for one or more of its public schools and to obtain an annual refund of sales and use tax paid by it for those charter schools. Lastly, it requires rules governing charter schools to be subject to the rules review process.

The tax provisions of the bill are contained in **SECTIONS 6, 7, AND 27:**

SECTIONS 6 and 7 would exempt from the motor fuel tax any motor fuel sold to the nonprofit corporations that have charters to operate charter schools. The fuel must be used by the charter school board for charter school purposes. Motor fuel sold to local boards of education is currently exempt from this tax when the fuel is used in the public school system. The majority of this fuel is used for buses and vans that transport students to and from school.

SECTION 27 would add charter schools operated by local boards of education to the list of governmental entities that may obtain an annual refund of the State and local sales and use taxes paid by them. Other nonprofit charter schools may obtain a semiannual refund of sales and use taxes under current law. **SECTION 27** also holds cities harmless for any revenue loss attributable to local sales and use taxes by providing that the cities share of the refund will not be deducted from the distribution to cities but from the State's General Fund. The section becomes effective January 1, 1999, and applies to purchases made on or after that date.

On July 7, 1998, the House Finance Committee passed Senate Bill 77. Under that bill, local school administrative units may obtain a refund of the State and local sales and use tax paid by them, effective July 1, 1998. Charter schools operated by local boards of education will be covered under Senate Bill 77. To that extent, this section duplicates Senate Bill 77. However, if both bills pass as they are currently written, effective January 1, 1999, the State will begin holding the cities harmless from any revenue loss attributable to sales to charter schools operated by local school administrative units.

AN EQUAL OPPORTUNITY/AFFIRMATIVE ACTION EMPLOYER

The remaining sections of the bill are explained below:

SECTION 1 would amend G.S. 115C-238.29F(e)(4) to clarify that while all charter school employees are public employees,[1] they will be eligible for participation in the State Retirement System, State Health Plan, or both, only if their charter school's board of directors elect to participate. This section will not apply to charter schools operated by a local board of education.

SECTION 2 would create a new G.S. 135-5.3 to require charter school boards of directors to elect, in writing, whether to join the State Retirement System. This would be an irrevocable election. The boards of directors of charter schools that received State Board of Education approval in 1997 or 1998 must make this election by September 1, 1998. The election would be effective on the date the election is made for current employees. For employees hired after that date, it would be effective on their date of entry into eligible service. The boards of directors of charter schools that receive State Board of Education approval after 1998 must make the election within 30 days after the State Board of Education and the charter school applicant sign the written charter agreement. This election would be effective for all employees on their date of entry into eligible service. The boards of directors must notify in writing their employees as to whether they elected to join, and the employees must acknowledge in writing that they received this notice. This section will not apply to charter schools operated by a local board of education.

SECTION 3 would amend G.S. 135-4 to allow charter school employees who subsequently return to a public school or State employment to "buy back" years of service for the time they were employed in a charter school whose board of directors did not elect to join the Retirement System. To be eligible for this "buy-back", the employee would be required to have at least five years of creditable service. This section will not apply to charter schools operated by a local board of education.

SECTIONS 4 and 5 would provide that only employees of charter schools whose boards of directors elect to join the State Health Plan are eligible for participation in that Plan. The election, and its applicability, is similar to the election to participate in the Retirement System. These sections will not apply to charter schools operated by a local board of education.

---

[1] The IRS has issued a private letter ruling that says the employees of charter schools may participate in the Retirement System without jeopardizing the status of the System as a governmental plan. Last year, the General Assembly enacted legislation (SB 297) directing the System's Board of Trustees, through the AG's Office, to request such a ruling. The legislation made the employees eligible for participation on the first day of the calendar month following the State's receipt of a favorable ruling. However, because the ruling was issued in the middle of the school year and charter schools had entered into other arrangements for the provision of retirement benefits, the AG's Office issued a letter to delay until July 1, 1998, this participation.

SECTION 8 would amend G.S. 20-84 to allow nonprofit corporations that have charters to operate charter schools to pay a one-time fee of $6.00 for each permanent vehicle registration plate for each vehicle they register. Currently, local boards of education may purchase these permanent plates.

SECTIONS 1, 9, 10, 11, 12, 15, 17, 18, and 27 would amend a number of statutes to allow local boards of education to apply for a charter for one or more of its schools. If a local board wishes to obtain a charter, it cannot require its employees to work at that school and cannot assign any student to that school unless the student's parent or guardian requests that assignment. Students who reside in the school system who attend a charter school operated by a local board have the same right to school transportation as students assigned to other schools in that system. If the local board wishes to obtain a charter, it must obtain preliminary approval from either the State Board or the board of trustees of one of UNC's constituent institutions.

SECTION 13 would repeal G.S. 115C-238.29B(d), which allows local boards of education to offer information concerning an application for a charter school. This subsection also requires the State Board, when determining whether to approve an application, to consider this information and the impact of the charter school on the local school administrative unit's ability to provide a sound basic education to its students.

SECTION 14 would repeal G.S. 115C-238.29D(b), which limits the number of charter schools to a total of 100 in the State and to no more than five per year per local school administrative unit.

SECTION 15 would amend G.S. 115C-238.29E to require the State Board to issue a written charter within 30 days following the date it grants final approval for a charter. The charter incorporates the information in the application, as modified during the approval process, and any terms and conditions applicable to all charter schools. Currently, these terms and conditions are not required to be applicable on a uniform basis. **SECTION 15** also would amend G.S. 115C-238.29E(f) to require the State Board to go through rulemaking before any rule, policy, procedure, requirement, standard, term, condition or regulation is applicable to charter schools. These "rules" must apply to all charter schools and must be authorized specifically by the Charter School Act.

SECTION 16 would amend G.S. 115C-238.29F(b) to allow charter schools to charge fees, so long as they are not application or admission fees.

SECTION 19 would amend G.S. 115C-238.29F(d) to require charter schools to administer those tests adopted by the State Board that are used to implement the ABC's Program in other public schools.

SECTION 20 would amend G.S. 115C-238.29F(g)(5) to provide that the charter school must make a good faith effort to attract and enroll students so that the population of the

school reasonably reflects the racial and ethnic composition of the general population residing within the local school administrative unit in which the school is located. Under current law, the population of the school must reasonably reflect the general population of the local school administrative unit in which it is located within one year after the school begins operation.

SECTION 21 would amend G.S. 115C-238.29G(c) to provide for a mediation process between charter schools and local boards of education.

SECTION 22 would amend G.S. 115C-238.29H. Currently, the local school administrative unit where a child resides must transfer the per pupil local current expense appropriation to the charter school. Section 22 would define this appropriation to include revenue from all sources of funds, including any supplemental taxes, that go into a county's appropriation to the local school administrative unit's local current expense fund. This section also would require a local school administrative unit to remit the funds at times as agreed upon by the unit and the charter school or on the same timeline as they receive the funds from the county. In most cases, this would be on a monthly basis, but it could be on a quarterly or yearly basis. Section 22 also would allow local school administrative units to request an invoice with the child's name, address, and SIMS identification number in order to determine the number of students for whom this appropriation is to be made. If an invoice is required, the local school administrative unit must use the number of students as the basis for the appropriation to the charter school. Failure to remit these funds in a timely manner could result in the State Board's withholding of funds used to pay the salaries of the superintendent and school finance officer. Section 22 would allow county commissioners to allocate to a charter school funds to be used for capital outlay purposes.

SECTIONS 23 and 24 would amend G.S. 115C-452 and G.S. 115C-457.3 to require proceeds from fines, forfeitures, and penalties to be apportioned to charter schools. Section 7 of Article IX of the North Carolina Constitution states, "All moneys, stocks, bonds, and other property belonging to a county school fund, and the clear proceeds of all penalties and forfeitures and of all fines collected in the several counties for any breach of the penal laws of the State, shall belong to and remain in the several counties, and shall be faithfully appropriated and used exclusively for maintaining free public schools." The bill would provide that the first 25% of these funds would continue to be apportioned only among local school administrative units. The remainder of the funds would be apportioned among local school administrative units and charter schools. Funds from the Civil Penalty and Forfeiture Fund, which are transferred first to the State School Technology Fund, must be used for school technology, but the charter schools are not required to develop and implement school technology plans.

SECTION 25 (a) would amend G.S. 150B-2(8a) to include any State Board of Education or Department of Public Instruction rule, policy, procedure, requirement, standard, term, condition, or regulation that is authorized under the Charter School Act in the definition of a "rule" for the purpose of the Administrative Procedure Act. **Subsection (b)** adds a new Part 6, Rules Affecting Charter Schools, to the

Administrative Procedure Act. G.S. 150B-21.30 would allow the State Board to use a streamlined procedure for adopting rules specifically authorized by the Charter School Act. The Board may publish the text of any proposed rule as the first step in the rulemaking procedure; a rule may take effect without waiting for submission to the General Assembly; and no fiscal note is required unless the rule affects the expenditures or revenues of a unit of local government. The State Board must indicate on its notice that the rule is authorized specifically by the Charter School Act. G.S. 150B-21.31 would require the State Board to submit to the Rules Review Commission the standard written charter agreement that the Board has approved and issued to charter schools to date. The Commission must review each portion of the charter agreement, and each subsequent modification to that charter agreement, as if it is a rule. The Commission may approve only the portions and modifications that are authorized specifically under the Charter School Act. If they are approved, then they are binding on the charter schools. If they are not approved, then they are void and will apply only if a charter school's board of directors agrees to its applicability.

SECTION 26 would require the State Board of Education, in collaboration with the Charter School Professional Association, to evaluate whether the Uniform Education Reporting System (UERS) is the best way for charter schools to report information or whether there is a mutually functional alternative that could be implemented. The Board must report the results of this evaluation to the Joint Legislative Commission on Governmental Operations by December 1, 1998. This section also would require the State Board to consider the adoption of an alternative reporting system that a majority of charter schools present to the Board if is the functional equivalent of the UERS and if it has been benchmarked.

With the exception of Section 27, the bill would take effect July 1, 1998.

A BILL TO BE ENTITLED

AN ACT TO ALLOW CHARTER SCHOOLS TO ELECT TO PARTICIPATE IN THE NORTH CAROLINA TEACHERS' AND STATE EMPLOYEES' RETIREMENT SYSTEM, IN THE NORTH CAROLINA TEACHERS' AND STATE EMPLOYEES' COMPREHENSIVE MAJOR MEDICAL PLAN, OR BOTH, TO GIVE CHARTER SCHOOLS THE SAME MOTOR FUEL TAX EXEMPTION AS PUBLIC SCHOOLS, TO ALLOW CHARTER SCHOOLS TO OBTAIN THE SAME PERMANENT LICENSE PLATES AS PUBLIC SCHOOLS, TO MAKE CHANGES IN THE CHARTER SCHOOL LAW, TO PERMIT A LOCAL BOARD OF EDUCATION TO APPLY FOR CHARTER STATUS FOR ONE OR MORE OF ITS PUBLIC SCHOOLS, TO REQUIRE RULES GOVERNING CHARTER SCHOOLS TO BE SUBJECT TO REVIEW, AND TO ALLOW ANNUAL SALES TAX REFUNDS FOR LOCAL SCHOOL ADMINISTRATIVE UNITS.

The General Assembly of North Carolina enacts:

Section 1. G.S. 115C-238.29F(e) reads as rewritten:

"(e) Employees. --

(1) An employee of a charter school <u>operated by a private nonprofit corporation</u> is not an employee of the local school administrative unit in which the charter school is located. <u>An employee of a charter school operated by a local school administrative unit is an</u>

employee of the local school administrative unit in which the charter school is located. The charter school's board of directors shall employ and contract with necessary teachers to perform the particular service for which they are employed in the school; at least seventy-five percent (75%) of these teachers in grades kindergarten through five, at least fifty percent (50%) of these teachers in grades six through eight, and at least fifty percent (50%) of these teachers in grades nine through 12 shall hold teacher certificates. The board also may employ necessary employees who are not required to hold teacher certificates to perform duties other than teaching and may contract for other services. The board may discharge teachers and noncertificated employees.

(2) No local board of education shall require any employee of the local school administrative unit to be employed in a charter school.

(3) If a teacher employed by a local school administrative unit makes a written request for an extended leave of absence to teach at a charter ~~school,~~ school operated by a private nonprofit corporation, the local school administrative unit shall grant the leave. The local school administrative unit shall grant a leave for any number of years requested by the teacher, shall extend the leave for any number of years requested by the teacher, and shall extend the leave at the teacher's request. For the initial year of a charter school's operation, the local school administrative unit may require that the request for a leave or extension of leave be made up to 45 days before the teacher would otherwise have to report for duty. For subsequent years, the local school administrative unit may require that the request for a leave or extension of leave be made up to 90 days before the teacher would otherwise have to report for duty. A teacher who has career status under G.S. 115C-325 prior to receiving an extended leave of absence to teach at a charter school may return to a public school in the local school administrative unit with career status at the end of the leave of absence or upon the end of employment at the charter school if an appropriate position is available. If an appropriate position is unavailable, the teacher's name shall be placed on a list of available teachers and that teacher shall have priority on all positions for which that teacher is qualified in accordance with G.S. 115C-325(e)(2).

(4) The employees of the charter school operated by a private nonprofit corporation shall be deemed employees of the local school administrative unit for purposes of providing certain State-funded employee benefits, including membership in the Teachers' and State Employees' Retirement System and the Teachers' and

State Employees' Comprehensive Major Medical Plan. The State Board of Education provides funds to charter ~~schools,~~ schools operated by private nonprofit corporations, approves the original members of the boards of directors of the charter schools, has the authority to grant, supervise, and revoke charters, and demands full accountability from charter schools for school finances and student performance. Accordingly, it is the determination of the General Assembly that charter schools operated by private nonprofit corporations are public schools and that the employees of these charter schools are public school ~~employees and are "teachers" for purposes of membership in the North Carolina Teachers' and State Employees' Retirement System and State Employees' Comprehensive Major Medical Plan.~~ employees. Employees of a charter school operated by a private nonprofit corporation whose board of directors elects to join under G.S. 135-5.3 are 'teachers' for the purpose of membership in the North Carolina Teachers' and State Employees' Retirement System. Employees of a charter school operated by a private nonprofit corporation whose board of directors elects to join under G.S. 135-40.3A are 'teachers' for the purpose of membership in the North Carolina Teachers' and State Employees' Comprehensive Major Medical Plan. In no event shall anything contained in this Part require the North Carolina Teachers' and State Employees' Retirement System to accept employees of a private employer as members or participants of the System."

Section 2. Article 1 of Chapter 135 of the General Statutes is amended by adding the following new section:

"**§ 135-5.3. Optional participation for charter schools operated by private nonprofit corporations.**

(a) The board of directors of each charter school operated by a private nonprofit corporation shall elect whether to join the Retirement System in accordance with the laws applicable to that System. This election shall be in writing, shall be made no later than September 1, 1998, and shall be filed with the Retirement System and with the State Board of Education. For each charter school employee who is employed on or before the date the board makes the election, this election is effective as of the date the board makes the election. For each charter school employee who is employed after the date the board makes the election, the election is effective as of the date of that employee's entry into eligible service. This subsection applies only to charter schools that received State Board of Education approval under G.S. 115C-238.29D in 1997 or 1998.

(b) No later than 30 days after both parties have signed the written charter under G.S. 115C-238.29E, the board of directors of a charter school operated by a private nonprofit corporation shall elect whether to join the Retirement System in accordance with the laws applicable to that System. This election shall be in writing

and filed with the Retirement System and with the State Board of Education and is effective for each charter school employee as of the date of that employee's entry into eligible service. This subsection applies to charter schools that receive State Board of Education approval under G.S. 115C-238.29D after 1998.

(c) A board's election to join the Retirement System under this section is irrevocable and shall require all employees of the charter school to participate.

(d) No retirement benefit, death benefit, or other benefit under the Retirement System shall be paid by the State of North Carolina or the Board of Trustees of the Teachers' and State Employees' Retirement System with respect to any employee of a charter school whose board of directors does not elect to join the Retirement System under this section or with respect to any beneficiary of that employee.

(e) The board of directors of each charter school shall notify each of its employees as to whether the board elected to join the Retirement System under this section. This notification shall be in writing and shall be provided within 30 days of the board's election or at the time an initial offer for employment is made, whichever occurs last. If the board did not elect to join the Retirement System, the notice shall include a statement that the employee shall have no legal recourse against the board or the State for any possible credit or reimbursement under the Retirement System. The employee shall provide written acknowledgment of the employee's receipt of the notification under this subsection."

Section 3. G.S. 135-4 is amended by adding the following new subsection to read:

"(bb) Credit for Employment in Charter School Operated by a Private Nonprofit Corporation. -- Any member may purchase creditable service for any employment as an employee of a charter school operated by a private nonprofit corporation whose board of directors did not elect to participate in the Retirement System under G.S. 135-5.3 upon completion of five years of membership service after that charter school employment by making a lump-sum payment into the Annuity Savings Fund. The payment by the member shall be equal to the full liability of the service credits calculated on the basis of the assumptions used for purposes of the actuarial valuation of the Retirement System's liabilities, taking into account the additional retirement allowance arising on account of the additional service credits commencing at the earliest age at which the member could retire with an unreduced retirement allowance, as determined by the Board of Trustees upon the advice of the actuary plus an administrative expense fee to be determined by the Board of Trustees. Notwithstanding the foregoing provisions of this subsection that provide for the purchase of service credits, the terms 'full cost', 'full liability', and 'full actuarial cost' include assumed annual postretirement allowance increases, as determined by the Board of Trustees, from the earliest age at which a member could retire on an unreduced service allowance."

Section 4. G.S. 135-40.1(6) reads as rewritten:

"(6) Employing Unit. -- A North Carolina School System; Community College; State Department, Agency or Institution; Administrative Office of the Courts; or Association or Examining Board whose

employees are eligible for membership in a State-Supported Retirement System. An employing unit also shall mean a charter school operated by a private nonprofit corporation in accordance with Part 6A of Chapter 115C of the General Statutes ~~whose employees are deemed to be public employees and members of a State-Supported Retirement System.~~ whose board of directors elects to join the Plan under G.S. 135-40.3A."

Section 5. Part 3 of Article 3 of Chapter 135 is amended by adding the following new section:

"**§ 135-40.3A. Optional participation for charter schools operated by private nonprofit corporations.**

(a) The board of directors of each charter school operated by a private nonprofit corporation shall elect whether to join the Plan in accordance with the laws applicable to that Plan. This election shall be in writing, shall be made no later than September 1, 1998, and shall be filed with the Executive Administrator and Board of Trustees and with the State Board of Education. For each charter school employee who is employed on or before the date the board makes the election, this election is effective as of the date the board makes the election. For each charter school employee who is employed after the date the board makes the election, the election is effective as of the date of that employee's entry into eligible service. This subsection applies only to charter schools that received State Board of Education approval under G.S. 115C-238.29D in 1997 or 1998.

(b) No later than 30 days after both parties have signed the written charter under G.S. 115C-238.29E, the board of directors of a charter school operated by a private nonprofit corporation shall elect whether to join the Plan in accordance with the laws applicable to that Plan. This election shall be in writing and filed with the Executive Administrator, the Board of Trustees, and the State Board of Education. This election is effective for each charter school employee as of the date of that employee's entry into eligible service. This subsection applies to charter schools that receive State Board of Education approval under G.S. 115C-238.29D after 1998.

(c) A board's election to join the Plan under this section is irrevocable and shall require all employees of the charter school to participate.

(d) If a charter school's board of directors does not elect to join the Plan under this section, that school's employees and the dependents of those employees are not eligible for any benefits under the Plan.

(e) The board of directors of each charter school shall notify each of its employees as to whether the board elected to join the Plan under this section. This notification shall be in writing and shall be provided within 30 days of the board's election or at the time an initial offer for employment is made, whichever occurs last. If the board did not elect to join the Plan, the notice shall include a statement that the employee shall have no legal recourse against the board or the State for any possible benefit under the Plan. The employee shall provide written acknowledgment of the employee's receipt of the notification under this subsection."

Section 6. G.S. 105-228.90(b) reads as rewritten:

"(b) Definitions. -- The following definitions apply in this Article:

(1) Reserved.

(2) Charter school board. -- A nonprofit corporation that has a charter under G.S. 115D-238.29D to operate a charter school.

~~(1)~~(3) City. -- A city as defined by G.S. 160A-1(2). The term also includes an urban service district defined by the governing board of a consolidated city-county, as defined by G.S. 160B-2(1).

~~(1a)~~(4) Code. -- The Internal Revenue Code as enacted as of January 1, 1997, including any provisions enacted as of that date which become effective either before or after that date.

~~(1b)~~(5) County. -- Any one of the counties listed in G.S. 153A-10. The term also includes a consolidated city-county as defined by G.S. 160B-2(1).

~~(2)~~(6) Reserved.

~~(3)~~(7) Electronic Funds Transfer. -- A transfer of funds initiated by using an electronic terminal, a telephone, a computer, or magnetic tape to instruct or authorize a financial institution or its agent to credit or debit an account.

~~(4)~~(8) Reserved.

~~(5)~~(9) Person. -- An individual, a fiduciary, a firm, an association, a partnership, a limited liability company, a corporation, a unit of government, or another group acting as a unit. The term includes an officer or employee of a corporation, a member, a manager, or an employee of a limited liability company, and a member or employee of a partnership who, as officer, employee, member, or manager, is under a duty to perform an act in meeting the requirements of Subchapter I, V, or VIII of this Chapter or of Article 3 of Chapter 119 of the General Statutes.

~~(6)~~(10) Secretary. -- The Secretary of Revenue.

~~(7)~~(11) Tax. -- A tax levied under Subchapter I, V, or VIII of this Chapter or an inspection tax levied under Article 3 of Chapter 119 of the General Statutes. Unless the context clearly requires otherwise, the terms "tax" and "additional tax" include penalties and interest as well as the principal amount.

~~(8)~~(12) Taxpayer. -- A person subject to the tax or reporting requirements of Subchapter I, V, or VIII of this Chapter or of Article 3 of Chapter 119 of the General Statutes."

Section 7. G.S. 105-449.88 reads as rewritten:

"**§ 105-449.88. Exemptions from the excise tax.**

The excise tax on motor fuel does not apply to the following:

(1) Motor fuel removed, by transport truck or another means of transfer outside the terminal transfer system, from a terminal for export, if the supplier of the motor fuel collects tax on it at the rate of the motor fuel's destination state.

(2) Motor fuel sold to the federal government.
(3) Motor fuel sold to the State for its use.
(4) Motor fuel sold to a local board of education for use in the public school system.
(5) Motor fuel sold to a charter school board for use for charter school purposes."

Section 8. G.S. 20-84 reads as rewritten:

"§ 20-84. Vehicles owned by State, municipalities or orphanages, etc.; certain vehicles operated by the local chapters of American National Red Cross.

The Division upon proper proof being filed with it that any motor vehicle for which registration is herein required is owned by the State or any department thereof, or by any county, township, city or town, or by any board of education, or by any nonprofit corporation that has a charter under G.S. 115C-238.29D to operate a charter school, or by any orphanage or civil air patrol, or incorporated emergency rescue squad, or incorporated REACT ("Radio Emergency Association of Citizen Teams") Team, or for any motor vehicle involved exclusively in the support of a disaster relief effort, shall collect six dollars ($6.00) for the registration of such motor vehicles, but shall not collect any fee for application for certificate of title in the name of the State or any department thereof, or by any county, township, city or town, or by any board of education or orphanage: Provided, that the term "owned" shall be construed to mean that such motor vehicle is the actual property of the State or some department thereof or of the county, township, city or town, or of the board of education, and no motor vehicle which is the property of any officer or employee of any department named herein shall be construed as being "owned" by such department. Provided, that the above exemptions from registration fees shall also apply to any church-owned bus used exclusively for transporting children and parents to Sunday school and church services and for no other purpose.

In lieu of the annual six dollars ($6.00) registration provided for in this section, the Division may for the license year 1950 and thereafter provide for a permanent registration of the vehicles described in this section and issue permanent registration plates for such vehicles. The permanent registration plates issued pursuant to this paragraph shall be of a distinctive color and shall bear thereon the word "permanent." Such plates may be transferred as provided in G.S. 20-78 to a replacement vehicle of the same classification. For the permanent registration and issuance of permanent registration plates provided for in this paragraph, the Division shall collect a fee of six dollars ($6.00) for each vehicle so registered and licensed.

The provisions of this section are hereby made applicable to vehicles owned by a rural fire department, agency or association.

The Division of Motor Vehicles shall issue to the North Carolina Tuberculosis Association, Incorporated, or any local chapter or association of said corporation, for a fee of six dollars ($6.00) for each plate a permanent registration plate which need not be thereafter renewed for each motor vehicle in the form of a mobile X-ray unit which is owned by said North Carolina Tuberculosis Association, Incorporated, or any local chapter or local association thereof and operated exclusively in this State

for the purpose of diagnosis, treatment and discovery of tuberculosis. The initial six dollars ($6.00) fee required by this section and for this purpose shall be in full payment of the permanent registration plates issued for such vehicle operated as a mobile X-ray unit, and such plates need not thereafter be renewed, and such plates may be transferred as provided in G.S. 20-78 to replacement vehicles to be used for the purposes above described and for which the plates were originally issued.

The Division of Motor Vehicles shall issue to the American National Red Cross, upon application of any local chapter thereof and payment of a fee of six dollars ($6.00) for each plate, a permanent registration plate, which need not be thereafter renewed, for all disaster vans, bloodmobiles, handivans, and such sedans and station wagons as are used for emergency or disaster work, and operated by a local chapter in this State in the business of the American National Red Cross. Such plates may be transferred as provided in G.S. 20-78 to a replacement vehicle to be used for the purposes above described and for which the plates were originally issued. In the event of transfer of ownership to any other person, firm or corporation, or transfer or reassignment of any vehicle bearing such registration plate to any chapter or association of the American National Red Cross in any other state, territory or country, the registration plate assigned to such vehicle shall be surrendered to the Division of Motor Vehicles.

In lieu of all other registration requirements, the Commissioner shall each year assign to the State Highway Patrol, upon payment of six dollars ($6.00) per registration plate, a sufficient number of regular registration plates of the same letter prefix and in numerical sequence beginning with number 100 to meet the requirements of the State Highway Patrol for use on Division vehicles assigned to the State Highway Patrol. The commander of the Patrol shall, when such plates are assigned, issue to each member of the State Highway Patrol a registration plate for use upon the Division vehicle assigned to him pursuant to G.S. 20-190 and assign a registration plate to each Division service vehicle operated by the Patrol. An index of such assignments of registration plates shall be kept at each State Highway Patrol radio station and a copy thereof shall be furnished to the registration division of the Division. Information as to the individual assignments of such registration plates shall be made available to the public upon request to the same extent and in the same manner as regular registration information. The commander, when necessary, may reassign registration plates provided that such reassignment shall be made to appear upon the index required herein within 20 days after such reassignment.

The Division of Motor Vehicles shall, upon appropriate certification of financial responsibility, issue to sheltered workshops recognized or approved by the Division of Vocational Rehabilitation Services and to public and nonprofit agencies or organizations which provide transportation for or operate programs subject to and approved in accordance with standards adopted by the Commission for Mental Health, Developmental Disabilities, and Substance Abuse Services of the Department of Health and Human Services upon application and payment of a fee of six dollars ($6.00) for each plate, a permanent registration plate for vehicles registered to and operated by such agencies. The initial six dollars ($6.00) fee required by this section

and for this purpose shall be in full payment of the permanent registration plate issued for such vehicle operated by a sheltered workshop and such plates need not thereafter be renewed, and such plates may be transferred as provided in G.S. 20-78 to a replacement vehicle to be used by the sheltered workshop designated on the registration card.

On and after January 1, 1972, permanent registration plates used on all vehicles owned by the State of North Carolina or a department thereof shall be of a distinctive color and design which shall be readily distinguishable from all other permanent registration plates issued pursuant to this section or G.S. 20-84.1. For the purpose of carrying out the intent of this paragraph, all vehicles owned by the State of North Carolina or a department thereof in operation as of October 1, 1971, and bearing a permanent registration shall be reregistered during the months of October, November and December, 1971, and upon reregistration, registration plates issued for such vehicles shall be of a distinctive color and design as provided for hereinabove."

Section 9. G.S. 115C-238.29B(a) reads as rewritten:

"(a) Any person, group of persons, ~~or~~ nonprofit ~~corporation~~ corporation, or local board of education seeking to establish a charter school may apply to establish a charter school. If ~~the~~ an applicant other than a local board of education seeks to convert a public school to a charter school, the application shall include a statement signed by a majority of the teachers and instructional support personnel currently employed at the school indicating that they favor the conversion and evidence that a significant number of parents of children enrolled in the school favor conversion. If a local board of education seeks a charter for a school, the application shall include a statement that the local board understands that no employee shall be required to work at the charter school and no student shall be assigned to the school except at the request of the student's parent or guardian."

Section 10. G.S. 115C-238.29B(b)(3) reads as rewritten:

"(3) The governance structure of the ~~school~~ school, if the applicant is not a local board of education, including the names of the proposed initial members of the board of directors of the nonprofit, tax-exempt corporation and the process to be followed by the school to ensure parental involvement."

Section 11. G.S. 115C-238.29B(b)(11) reads as rewritten:

"(11) The procedures by which students can be excluded from the charter school and returned to a public ~~school.~~ school other than a charter school. Notwithstanding any law to the contrary, any local board may refuse to admit any student who is suspended or expelled from a charter school due to actions that would lead to suspension or expulsion from a public school under G.S. 115C-391 until the period of suspension or expulsion has expired."

Section 12. G.S. 115C-238.29B(c) reads as rewritten:

"(c) An applicant shall submit the application to a chartering entity for preliminary approval. A chartering entity may be:

(1) The local board of education of the local school administrative unit in which the charter school will be ~~located;~~ located, unless the applicant is a local board of education;

(2) The board of trustees of a constituent institution of The University of North Carolina, so long as the constituent institution is involved in the planning, operation, or evaluation of the charter school; or

(3) The State Board of Education.

Regardless of which chartering entity receives the application for preliminary approval, the State Board of Education shall have final approval of the charter school.

Notwithstanding the provisions of this subsection, if the State Board of Education finds that an applicant (i) submitted an application to a local board of education and received final approval from the State Board of Education, but (ii) is unable to find a suitable location within that local school administrative unit to operate, the State Board of Education may authorize the charter school to operate within an adjacent local school administrative unit for one year only. The charter school cannot operate for more than one year unless it reapplies, in accordance with subdivision (1), (2), or (3) of this subsection, and receives final approval from the State Board of Education."

Section 13. G.S. 115C-238.29B(d) is repealed.

Section 14. G.S. 115C-238.29D(b) is repealed.

Section 15. G.S. 115C-238.29E reads as rewritten:

"**§ 115C-238.29E. Charter school operation.**

(a) A charter school that is approved by the State shall be a public school within the local school administrative unit in which it is located. It shall be accountable to the local board of education if the applicant for the charter is the local board of education or if it applied for and received preliminary approval from that local board for purposes of ensuring compliance with applicable laws and the provisions of its charter. All other charter schools shall be accountable to the State Board for ensuring compliance with applicable laws and the provisions of their charters, except that any of these charter schools may agree to be accountable to the local board of the school administrative unit in which the charter school is located rather than to the State Board.

(b) A charter school other than a charter school for which the applicant is a local board of education shall be operated by a private nonprofit corporation that shall have received federal tax-exempt status no later than 24 months following final approval of the application. A charter school for which the applicant is a local board of education shall be operated by the local board of education.

(c) ~~A charter school shall operate under the written charter signed by the entity to which it is accountable under subsection (a) of this section and the applicant. A charter school is not required to enter into any other contract. The charter shall incorporate the information provided in the application, as modified during the charter approval process, and any terms and conditions imposed on the charter school by the State Board of Education. No other terms may be imposed on the charter school as a condition for receipt of local funds.~~ The State Board shall issue

the written charter no later than 30 days after the date on which the State Board grants final approval for the charter. The written charter shall incorporate the information provided in the application, as modified during the charter approval process, and any terms and conditions applicable to all charter schools under the rules of the State Board. The charter school is not required to agree to any additional terms, whether requested by the State Board, the local board where the charter school is located, or the entity to which the charter school is accountable. No additional terms may be imposed on the charter school as a condition for receipt of local funds. The charter school shall operate under the written charter signed by the entity to which it is accountable and the applicant.

(d) The board of directors of the charter school operated by a private nonprofit corporation shall decide matters related to the operation of the school, including budgeting, curriculum, and operating procedures. The local board of education shall decide these matters for a charter school operated by a local board.

(e) ~~A charter school's specific location~~ The specific location of a charter school operated by a private nonprofit corporation shall not be prescribed or limited by a local board or other authority except a zoning authority. The school may lease space from a local board of education or as is otherwise lawful in the local school administrative unit in which the charter school is located. If a charter school leases space from a sectarian organization, the charter school classes and students shall be physically separated from any parochial students, and there shall be no religious artifacts, symbols, iconography, or materials on display in the charter school's entrance, classrooms, or hallways. Furthermore, if a charter school leases space from a sectarian organization, the charter school shall not use the name of that organization in the name of the charter school.

At the request of the charter school, the local board of education of the local school administrative unit in which the charter school will be located shall lease or may sell any available building or land to the charter school unless the board demonstrates that the lease or sale is not economically or practically feasible or that the local board does not have adequate classroom space to meet its enrollment needs. Notwithstanding any other law, a local board of education may provide a school facility to a charter school free of charge; however, the charter school is responsible for the maintenance of and insurance for the school facility.

(f) Except as provided in this Part and pursuant to the provisions of its charter, a charter school is exempt from statutes and rules applicable to a local board of education or local school administrative unit. The State Board shall not adopt any rules, policies, procedures, requirements, standards, terms, conditions, or regulations governing charter schools unless they are authorized specifically under this Part; they are applicable uniformly to all charter schools; and the Board proceeds under Chapter 150B of the General Statutes. Only those rules, policies, procedures, requirements, standards, terms, conditions, and regulations that are adopted by the Board shall apply to charter schools and may be included in the written charter and amendments to that charter. The Board may adopt guidelines to assist charter

schools. These guidelines are not binding on charter schools and shall not be included in any written charter unless the charter school agrees to the inclusion."

Section 16. G.S. 115C-238.29F(b) reads as rewritten:

"(b) School Nonsectarian. -- A charter school shall be nonsectarian in its programs, admission policies, employment practices, and all other operations and shall not charge ~~tuition or~~ tuition, application fees, or admission fees. A charter school shall not be affiliated with a nonpublic sectarian school or a religious institution."

Section 17. G.S. 115C-238.29F(c) is amended by adding the following new subdivision:

"(3) The civil liability for a charter school operated by a local school administrative unit shall be the same as for any other school operated by the unit."

Section 18. G.S. 115C-238.29F(h) reads as rewritten:

"(h) Transportation. -- The charter school may provide transportation for students enrolled at the school. The charter school shall develop a transportation plan so that transportation is not a barrier to any student who resides in the local school administrative unit in which the school is located. The charter school is not required to provide transportation to any student who lives within one and one-half miles of the school. At the request of the charter school and if the local board of the local school administrative unit in which the charter school is located operates a school bus system, then that local board may contract with the charter school to provide transportation in accordance with the charter school's transportation plan to students who reside in the local school administrative unit and who reside at least one and one-half miles of the charter school. A local board may charge the charter school a reasonable charge that is sufficient to cover the cost of providing this transportation. Furthermore, a local board may refuse to provide transportation under this subsection if it demonstrates there is no available space on buses it intends to operate during the term of the contract or it would not be practically feasible to provide this transportation.

A student who attends a charter school operated by a local board of education and who resides within the local school administrative unit in which the school is located has the same right to school transportation as students assigned to other public schools in the local school administrative unit."

Section 19. G.S. 115C-238.29F(d) reads as rewritten:

"(d) Instructional Program. --

(1) The school shall provide instruction each year for at least 180 days.

(2) The school shall design its programs to at least meet the student performance standards adopted by the State Board of Education and the student performance standards contained in the charter.

(3) A charter school shall ~~conduct the student assessments required for charter schools by the State Board of Education.~~ administer the tests adopted by the State Board of Education under G.S. 115C-

174.11 and that are used to implement the School-Based Management and Accountability Program in other public schools.

(4) The school shall comply with policies adopted by the State Board of Education for charter schools relating to the education of children with special needs.

(5) The school is subject to and shall comply with Article 27 of Chapter 115C of the General Statutes, except that a charter school may also exclude a student from the charter school and return that student to another school in the local school administrative unit in accordance with the terms of its charter."

Section 20. G.S. 115C-238.29F(g)(5) reads as rewritten:

"(5) A charter school shall not discriminate against any student on the basis of ethnicity, national origin, gender, or disability. Except as otherwise provided by law or the mission of the school as set out in the charter, the school shall not limit admission to students on the basis of intellectual ability, measures of achievement or aptitude, athletic ability, disability, race, creed, gender, national origin, religion, or ancestry. The charter school may give enrollment priority to siblings of currently enrolled students who were admitted to the charter school in a previous year and to children of the school's principal, teachers, and teacher assistants. In addition, and only for its first year of operation, the charter school may give enrollment priority to children of the initial members of the charter school's board of directors, so long as (i) these children are limited to no more than ten percent (10%) of the school's total enrollment or to 20 students, whichever is less, and (ii) the charter school is not a former public or private school. ~~Within one year after the charter school begins operation,~~ The charter school shall make a good faith effort to attract and enroll students so that the population of the school ~~shall~~ reasonably ~~reflect~~ reflects the racial and ethnic composition of the general population residing within the local school administrative unit in which the school is located or the racial and ethnic composition of the special population that the school seeks to serve residing within the local school administrative unit in which the school is located. The school shall be subject to any court-ordered desegregation plan in effect for the local school administrative unit."

Section 21. G.S. 115C-238.29G(c) reads as rewritten:

"(c) The State Board and the charter school are encouraged to make a good-faith attempt to resolve the differences that may arise between them. ~~They~~ Furthermore, the local board of the local school administrative unit in which the charter school is located and the charter school are encouraged to make a good-faith attempt to resolve any differences that may arise between them. The parties in dispute may agree to jointly select a mediator. The mediator shall act as a neutral facilitator of

disclosures of factual information, statements of positions and contentions, and efforts to negotiate an agreement settling the differences. The mediator shall, at the request of either ~~the State Board or a charter school,~~ party, commence a mediation immediately or within a reasonable period of time. The mediation shall be held in accordance with rules and standards of conduct adopted under Chapter 7A of the General Statutes governing mediated settlement conferences but modified as appropriate and suitable to the resolution of the particular issues in disagreement.

Notwithstanding Article 33C of Chapter 143 of the General Statutes, the mediation proceedings shall be conducted in private. Evidence of statements made and conduct occurring in a mediation are not subject to discovery and are inadmissible in any court action. However, no evidence otherwise discoverable is inadmissible merely because it is presented or discussed in a mediation. The mediator shall not be compelled to testify or produce evidence concerning statements made and conduct occurring in a mediation in any civil proceeding for any purpose, except disciplinary hearings before the State Bar or any agency established to enforce standards of conduct for mediators. The mediator may determine that an impasse exists and discontinue the mediation at any time. The mediator shall not make any recommendations or public statement of findings or conclusions. The ~~State Board and the charter school~~ parties in dispute shall share equally the mediator's compensation and expenses. The mediator's compensation shall be determined according to rules adopted under Chapter 7A of the General Statutes."

Section 22. G.S. 115C-238.29H reads as rewritten:

"**§ 115C-238.29H. State and local funds for a charter school.**

(a) The State Board of Education shall allocate to each charter school (i) an amount equal to the average per pupil allocation for average daily membership from the local school administrative unit allotments in which the charter school is located for each child attending the charter school except for the allocation for children with special needs and (ii) an additional amount for each child attending the charter school who is a child with special needs. In accordance with G.S. 115C-238.29D(d), the State Board shall allow for annual adjustments to the amount allocated to a charter school based on its enrollment growth in school years subsequent to the initial year of operation.

In the event a child with special needs leaves the charter school and enrolls in a public school during the first 60 school days in the school year, the charter school shall return a pro rata amount of funds allocated for that child to the State Board, and the State Board shall reallocate those funds to the local school administrative unit in which the public school is located. In the event a child with special needs enrolls in a charter school during the first 60 school days in the school year, the State Board shall allocate to the charter school the pro rata amount of additional funds for children with special needs.

(a1) Funds allocated by the State Board of Education may be used to enter into operational and financing leases for real property or mobile classroom units for use as school facilities for charter schools and may be used for payments on loans made to charter schools for facilities or equipment. However, State funds shall not be used to

obtain any other interest in real property or mobile classroom units. No indebtedness of any kind incurred or created by the charter school shall constitute an indebtedness of the State or its political subdivisions, and no indebtedness of the charter school shall involve or be secured by the faith, credit, or taxing power of the State or its political ~~subdivisions.~~ subdivisions, unless the charter school is operated by a local board of education. Every contract or lease into which a charter school enters except for contracts or leases entered into by a local board of education shall include the previous sentence. The school also may own land and buildings it obtains through non-State sources.

(b) If a student attends a charter school, the local school administrative unit in which the child resides shall transfer to the charter school an amount equal to the per pupil local current expense appropriation to the local school administrative unit for the fiscal year. The per pupil local current expense appropriation shall be calculated by dividing the total county appropriation to the local school administrative unit's local current expense fund, including appropriations funded by supplemental taxes, by the unit's average daily membership for the budget year as determined by and certified to the unit and the board of county commissioners by the State Board. In order to establish the number of children for whom these funds are to be transferred, the local administrative unit may require the charter school to provide electronically an invoice that identifies each child for whom these funds are to be remitted, that child's address, and that child's Student Information Management System identification number. The local school administrative unit shall not require any other information from the charter school as a condition of the unit's remission of these funds. If the local school administrative unit requires this invoice, the unit shall provide to the charter school the local current expense appropriation based on the number of children in the most recent invoice. If no invoice is required, the local current expense appropriation shall be based on the number of children as mutually agreed upon by the local school administrative unit and the charter school. The local school administrative unit shall remit these funds to the charter school at times that are mutually agreed upon by the unit and the charter school, but if no agreement is reached, then the unit shall remit these funds to the charter school no later than one week after the unit receives the funds from the board of county commissioners as established under G.S. 115C-437 and upon receipt of an invoice, if required. The State Board may withhold money used for payment of salaries for the superintendent and school finance officer of any local school administrative unit if the Board finds that the unit is not using its best efforts to remit these funds on a timely basis.

(c) The board of county commissioners of the county in which the charter school is located may allocate to the charter school funds that may be used for capital outlay purposes."

Section 23. G.S. 115C-452 reads as rewritten:

"**§ 115C-452. Fines and forfeitures.**

The clear proceeds of all penalties and forfeitures and of all fines collected in the General Court of Justice in each county shall be remitted by the clerk of the superior court to the county finance officer, who shall forthwith determine what portion of the

total is due to each local school administrative unit and to each charter school in the county and remit the appropriate portion of the amount to the finance officer of each local school administrative ~~unit.~~ unit and each charter school. ~~Fines~~ The first twenty-five percent (25%) of fines and forfeitures shall be apportioned according to the projected average daily membership of each local school administrative unit as determined by and certified to the local school administrative units and the board of county commissioners by the State Board of Education pursuant to G.S. 115C-430. The remainder of the fines and forfeitures shall be apportioned according to the projected average daily membership of each local school administrative unit and each charter school as determined by and certified to the local school administrative units, the charter schools, and the board of county commissioners by the State Board of Education pursuant to G.S. 115C-430 or G.S. 115C-238.29H(b)."

Section 24. G.S. 115C-457.3 reads as rewritten:

"**§ 115C-457.3. Transfer of funds to the State School Technology Fund.**

The Office of State Budget and Management shall transfer funds accruing to the Civil Penalty and Forfeiture Fund to the State School Technology Fund. ~~These~~ The first twenty-five percent (25%) of these funds shall be allocated to local school administrative units on the basis of average daily membership. The remaining funds shall be allocated to local school administrative units and charter schools on the basis of average daily membership. Notwithstanding any other law, the funds allocated to charter schools under this section shall be used for school technology; however, in accordance with G.S. 115C-238.29E(f), the charter school is not required to develop or submit a school technology plan under Part 3A of Article 8 of this Chapter."

Section 25. (a) G.S. 150B-2(8a) reads as rewritten:

"(8a) 'Rule' means any agency regulation, standard, or statement of general applicability that implements or interprets an enactment of the General Assembly or Congress or a regulation adopted by a federal agency or that describes the procedure or practice requirements of an agency. The term includes the establishment of a fee and the amendment or repeal of a prior rule. The term also includes any State Board of Education or Department of Public Instruction rule, policy, procedure, requirement, standard, term, condition, or regulation that is authorized specifically under Part 6A of Article 16 of Chapter 115C of the General Statutes. The term does not include the following:

a. Statements concerning only the internal management of an agency or group of agencies within the same principal office or department enumerated in G.S. 143A-11 or 143B-6, including policies and procedures manuals, if the statement does not directly or substantially affect the procedural or substantive rights or duties of a person not employed by the agency or group of agencies.

b. Budgets and budget policies and procedures issued by the Director of the Budget, by the head of a department, as

defined by G.S. 143A-2 or G.S. 143B-3, by an occupational licensing board, as defined by G.S. 93B-1, or by the State Board of Elections.

c. Nonbinding interpretative statements within the delegated authority of an agency that merely define, interpret, or explain the meaning of a statute or rule.

d. A form, the contents or substantive requirements of which are prescribed by rule or statute.

e. Statements of agency policy made in the context of another proceeding, including:

1. Declaratory rulings under G.S. 150B-4.

2. Orders of establishing or fixing rates or tariffs.

f. Requirements, communicated to the public by the use of signs or symbols, concerning the use of public roads, bridges, ferries, buildings, or facilities.

g. Statements that set forth criteria or guidelines to be used by the staff of an agency in performing audits, investigations, or inspections; in settling financial disputes or negotiating financial arrangements; or in the defense, prosecution, or settlement of cases.

h. Scientific, architectural, or engineering standards, forms, or procedures, including design criteria and construction standards used to construct or maintain highways, bridges, or ferries.

i. Job classification standards, job qualifications, and salaries established for positions under the jurisdiction of the State Personnel Commission.

j. Establishment of the interest rate that applies to tax assessments under G.S. 105-241.1 and the variable component of the excise tax on motor fuel under G.S. 105-449.80."

(b) Article 2A of Chapter 150B of the General Statutes is amended by adding the following new Part:

"Part 6. Rules Affecting Charter Schools.

"**§ 150B-21.30. Procedures applicable to rules affecting charter schools.**

(a) G.S. 150B-21.2(a)(1) shall not apply to proposed rules adopted by the State Board of Education if the proposed rules are authorized specifically under Part 6A of Article 16 of Chapter 115C of the General Statutes.

(b) Notwithstanding G.S. 150B-21.3(b), a permanent rule that is adopted by the State Board of Education, is approved by the Rules Review Commission, and is authorized specifically under Part 6A of Article 16 of Chapter 115C of the General Statutes, becomes effective five business days after the Commission delivers the rule to the Codifier of Rules, unless the rule specifies a later effective date. If the State Board of Education specifies a later effective date, the rule becomes effective upon

that date. A permanent rule that is adopted by the State Board of Education to implement Part 6A of Article 16 of Chapter 115C of the General Statutes, but is not approved by the Rules Review Commission, shall not become effective.

(c) G.S. 150B-21.4(b1) shall not apply to permanent rules the State Board of Education proposes to adopt if those rules are authorized specifically under Part 6A of Article 16 of Chapter 115C of the General Statutes.

(d) The rule proposed by the State Board of Education may create, amend, or repeal a rule. The State Board of Education shall indicate in the notice of proposed text that the rule is authorized specifically under Part 6A of Article 16 of Chapter 115C of the General Statutes and that the State Board of Education is proceeding under that authority.

"**§ 150B-21.31. Procedures applicable to charters.**

The State Board of Education shall submit to the Commission the standard written charter agreement that the State Board of Education approved and issued under Part 6A of Article 16 of Chapter 115C of the General Statutes to charter schools that received State Board approval under G.S. 115C-238.29D in 1997 or 1998. The State Board of Education also shall submit to the Commission any modifications to that written charter agreement that the State Board approves after July 1, 1998, for issuance to charter schools approved in subsequent years. The Commission shall review each portion of the charter and each modification to that charter as if it is a rule and shall follow the procedure established in Part 3 of this Article. The Commission shall determine whether each portion or modification is authorized specifically under Part 6A of Article 16 of Chapter 115C of the General Statutes. The Commission may approve only portions and modifications of the charter that are so authorized. All approved portions and modifications of the charter are binding on the charter school. Each portion or modification of the charter that is not approved is void and shall not apply to any charter school unless the charter school's board of directors agrees to its applicability. The board of directors is not required to agree to any portion or modification of the charter that the Commission does not approve. This section shall not apply to information in a charter school's application, as modified during the approval process, that is incorporated in each charter school's charter agreement."

Section 26. (a) The State Board of Education, in collaboration with the Charter School Professional Association, shall evaluate the Uniform Education Reporting System to determine whether this is the best way for charter schools to report information to the State Board or whether there is a mutually functional alternative that could be implemented. The State Board shall report the results of this evaluation and its recommendations, including any proposed legislative changes, to the Joint Legislative Commission on Governmental Operations by December 1, 1998.

(b) If, at any time, a majority of charter schools present to the State Board of Education an alternative reporting system that is the functional equivalent of the Uniform Education Reporting System and the alternative system has been

benchmarked, the State Board shall consider the adoption of that system for charter schools.

Section 27. G.S. 105-164.14(c) reads as rewritten:

"(c) Certain Governmental Entities. -- A governmental entity listed in this subsection is allowed an annual refund of sales and use ~~tax~~ taxes paid by it under this Article, except under G.S. 105-164.4(a)(4a) and G.S. 105-164.4(a)(4c), on direct purchases of tangible personal property. Sales and use tax liability indirectly incurred by a governmental entity on building materials, supplies, fixtures, and equipment that become a part of or annexed to any building or structure that is owned or leased by the governmental entity and is being erected, altered, or repaired for use by the governmental entity is considered a sales or use tax liability incurred on direct purchases by the governmental entity for the purpose of this subsection. A request for a refund must be in writing and must include any information and documentation required by the Secretary. A request for a refund is due within six months after the end of the governmental entity's fiscal year.

This subsection applies only to the following governmental entities:

(1) A county.

(2) A city as defined in G.S. 160A-1.

(2a) A consolidated city-county as defined in G.S. 160B-2.

(

2b) A local school administrative unit.

(3) A metropolitan sewerage district or a metropolitan water district in this State.

(4) A water and sewer authority created under Chapter 162A of the General Statutes.

(5) A lake authority created by a board of county commissioners pursuant to an act of the General Assembly.

(6) A sanitary district.

(7) A regional solid waste management authority created pursuant to G.S. 153A-421.

(8) An area mental health, developmental disabilities, and substance abuse authority, other than a single-county area authority, established pursuant to Article 4 of Chapter 122C of the General Statutes.

(9) A district health department.

(10) A regional council of governments created pursuant to G.S. 160A-470.

(11) A regional planning and economic development commission or a regional economic development commission created pursuant to Chapter 158 of the General Statutes.

(12) A regional planning commission created pursuant to G.S. 153A-391.

(13) A regional sports authority created pursuant to G.S. 160A-479.

(14) A public transportation authority created pursuant to Article 25 of Chapter 160A of the General Statutes.

(14a) A facility authority created pursuant to Part 4 of Article 20 of Chapter 160A of the General Statutes.

(15) A regional public transportation authority created pursuant to Article 26 of Chapter 160A of the General Statutes.

(16) A local airport authority that was created pursuant to a local act of the General Assembly and has at least one of the following characteristics:

a. It has all of the rights of a municipality.

b. A local act of the General Assembly declares it to be a municipality.

c. A local act of the General Assembly specifically authorizes it to receive a refund under this section.

(17) A joint agency created by interlocal agreement pursuant to G.S. 160A-462 to operate a public broadcasting television station.

(18) The North Carolina Low-Level Radioactive Waste Management Authority created pursuant to Chapter 104G of the General Statutes.

(19) The North Carolina Hazardous Waste Management Commission created pursuant to Chapter 130B of the General Statutes.

(20) A constituent institution of The University of North Carolina, but only with respect to sales and use tax paid by it for tangible personal property acquired by it through the expenditure of contract and grant funds.

(21) The University of North Carolina Hospitals at Chapel Hill."

Section 28. This act becomes effective July 1, 1998. Section 27 of this act applies to taxes paid on or after July 1, 1998.

A BILL TO BE ENTITLED

AN ACT TO ESTABLISH THE NORTH CAROLINA FUND FOR DISPLACED HOMEMAKERS TO BE ADMINISTERED BY THE NORTH CAROLINA COUNCIL FOR WOMEN, AND TO ESTABLISH AN ADDITIONAL CIVIL ACTION FEE TO BE COLLECTED BY THE COURT IN DIVORCE ACTIONS.

The General Assembly of North Carolina enacts:

Section 1. Part 10B of Article 9 of Chapter 143B of the General Statutes is amended by adding the following new section to read:

"**§ 143B-394.10. North Carolina Fund for Displaced Homemakers.**

(a) There is established in the Department of Administration the North Carolina Fund for Displaced Homemakers. The Fund shall be administered by the North Carolina Council for Women in accordance with Article 1 of Chapter 143 of the General Statutes and shall be used to make grants to programs for displaced homemakers. The Council shall make quarterly grants to each eligible program. Grants shall be awarded according to criteria established by the Council. No more than ten percent (10%) of these funds shall be used for administrative costs by the Council. In order to be eligible to receive grant funds under this section, a displaced homemaker program shall fulfill all of the criteria established by the Council. The Council shall report annually to the Joint Legislative Commission on Governmental Operations on the revenues credited to the Fund, the programs receiving grants from

the Fund, the success of those programs, and the costs associated with administering the Fund.

(b) The Department, upon recommendations by the Council, shall adopt rules to implement the North Carolina Fund for Displaced Homemakers."

Section 2. G.S. 7A-305 is amended by adding the following new subsection to read:

"(a2) In every final action for divorce filed in the district court, a cost of twenty dollars ($20.00) shall be assessed against the person filing the divorce action. Costs collected by the clerk pursuant to this subsection shall be remitted to the State Treasurer for deposit to the North Carolina Fund for Displaced Homemakers established under G.S. 143B-394.10. Costs assessed under this subsection shall be in addition to any other costs assessed under this section."

Section 3. G.S. 7A-305(c) reads as rewritten:

"(c) The clerk of superior court, at the time of the filing of the papers initiating the action or the appeal, shall collect as advance court costs, the ~~facilities fee and General Court of Justice fee,~~ facilities fee, General Court of Justice fee, and the divorce fee imposed under subsection (a2) of this section, except in suits by an indigent. The clerk shall also collect the fee for discovery procedures under Rule 27(a) and (b) at the time of the filing of the verified petition."

Section 4. This act becomes effective July 1, 1997, and applies to final actions for divorce filed on and after that date.

A BILL TO BE ENTITLED

AN ACT TO CLARIFY THE AUTHORITY OF REGIONAL TRANSIT AUTHORITIES TO USE INSTALLMENT PURCHASE FINANCING.

The General Assembly of North Carolina enacts:

Section 1. G.S. 160A-20(h) is amended by adding a new subdivision to read:

"(11) A regional public transportation authority or a regional transportation authority created pursuant to Article 26 or Article 27 of this Chapter."

Section 2. G.S. 160A-610 is amended by adding a new subdivision to read:

"(9a) To purchase or finance real or personal property in the manner provided for cities and counties under G.S. 160A-20;"

Section 3. G.S. 160A-639 is amended by adding a new subdivision to read:

"(9a) To purchase or finance real or personal property in the manner provided for cities and counties under G.S. 160A-20;"

Section 4. This act is effective when it becomes law.

EXPLANATION OF SENATE BILL 1289:
Clarify Transit Authority Debt (2nd Edition)

TO: House Finance Committee
FROM: Cindy Avrette, Committee Counsel
DATE: July 6, 1998
SPONSOR: Senator Gulley
Recommendation of the Public Transit Study Committee

Senate Bill 1289 clarifies the authority of regional transit authorities to use installment purchase financing. There are two regional transit authorities: the Research Triangle Regional Public Transportation Authority, created under Article 26 of Chapter 160A of the General Statutes, and the Triad Regional Public Transportation Authority, created under Article 27 of Chapter 160A. The Triangle Regional Public Transportation Authority serves Wake, Durham, and Orange Counties. The creation of the Triad Regional Public Transportation Authority was authorized by the 1997 General Assembly. This Authority serves Forsyth, Guilford, Randolph, Davidson, and Alamance Counties. The four major cities involved in the creation of the Triad Authority are Greensboro, High Point, Winston-Salem, and Burlington.

Under current law, these authorities are authorized to use equipment trust certificates, which are similar to installment purchase contracts. Installment purchase financing is a type of local government debt created when a local unit enters into an installment contract secured by a security interest in the property constructed or renovated. Certificates of participation may be issued as part of the installment purchase financing. A certificate of participation is a document setting out the share of the local unit's debt owed to the holder of the certificate. In practice, the holder receives interest and principal payments in a manner similar to interest and principal payments on a bond issued by the borrowing unit. Unlike the issuance of general obligation bonds, however, installment purchase financing is not subject to the vote of the people.

SENATE BILL 77*
Finance Committee Substitute Adopted 6/23/98

Short Title: Sales Tax Refund for Schools. (Public)

A BILL TO BE ENTITLED

AN ACT TO ALLOW LOCAL BOARDS OF EDUCATION TO RECEIVE REFUNDS OF SALES AND USE TAXES.

The General Assembly of North Carolina enacts:

Section 1. G.S. 105-164.14(c) reads as rewritten:

"(c) Certain Governmental Entities. -- A governmental entity listed in this subsection is allowed an annual refund of sales and use tax paid by it under this Article, except under G.S. 105-164.4(a)(4a) and G.S. 105-164.4(a)(4c), on direct purchases of tangible personal property. Sales and use tax liability indirectly incurred by a governmental entity on building materials, supplies, fixtures, and equipment that become a part of or annexed to any building or structure that is owned or leased by the governmental entity and is being erected, altered, or repaired for use by the governmental entity is considered a sales or use tax liability incurred on direct purchases by the governmental entity for the purpose of this subsection. A request for a refund must be in writing and must include any information and documentation required by the Secretary. A request for a refund is due within six months after the end of the governmental entity's fiscal year.

This subsection applies only to the following governmental entities:

(1) A county.

(2) A city as defined in G.S. 160A-1.

(2a) A consolidated city-county as defined in G.S. 160B-2.

(2b) A local school administrative unit.

(3) A metropolitan sewerage district or a metropolitan water district in this State.
(4) A water and sewer authority created under Chapter 162A of the General Statutes.
(5) A lake authority created by a board of county commissioners pursuant to an act of the General Assembly.
(6) A sanitary district.
(7) A regional solid waste management authority created pursuant to G.S. 153A-421.
(8) An area mental health, developmental disabilities, and substance abuse authority, other than a single-county area authority, established pursuant to Article 4 of Chapter 122C of the General Statutes.
(9) A district health department, or a public health authority created pursuant to Part 1A of Article 2 of Chapter 130A of the General Statutes.
(10) A regional council of governments created pursuant to G.S. 160A-470.
(11) A regional planning and economic development commission or a regional economic development commission created pursuant to Chapter 158 of the General Statutes.
(12) A regional planning commission created pursuant to G.S. 153A-391.
(13) A regional sports authority created pursuant to G.S. 160A-479.
(14) A public transportation authority created pursuant to Article 25 of Chapter 160A of the General Statutes.
(14a) A facility authority created pursuant to Part 4 of Article 20 of Chapter 160A of the General Statutes.
(15) A regional public transportation authority created pursuant to Article 26 of Chapter 160A of the General Statutes, or a regional transportation authority created pursuant to Article 27 of Chapter 160A of the General Statutes.
(16) A local airport authority that was created pursuant to a local act of the General Assembly and has at least one of the following characteristics:
a. It has all of the rights of a municipality.
b. A local act of the General Assembly declares it to be a municipality.
c. A local act of the General Assembly specifically authorizes it to receive a refund under this section.
(17) A joint agency created by interlocal agreement pursuant to G.S. 160A-462 to operate a public broadcasting television station.

(18) The North Carolina Low-Level Radioactive Waste Management Authority created pursuant to Chapter 104G of the General Statutes.

(19) The North Carolina Hazardous Waste Management Commission created pursuant to Chapter 130B of the General Statutes.

(20) A constituent institution of The University of North Carolina, but only with respect to sales and use tax paid by it for tangible personal property acquired by it through the expenditure of contract and grant funds.

(21) The University of North Carolina Hospitals at Chapel Hill.

(22) A regional natural gas district created pursuant to Article 28 of Chapter 160A of the General Statutes."

Section 2. This act becomes effective July 1, 1998, and applies to purchases made on or after that date.

EXPLANATION OF SENATE BILL 77:
Sales Tax Refunds for Schools (2nd Edition)

TO: House Finance Committee
FROM: Cindy Avrette, Staff Attorney
DATE: July 6, 1998
SPONSOR: Senator Winner

Senate Bill 77 would add local school administrative units to the list of governmental entities that may obtain an annual refund of the State and local sales and use taxes paid by them. The bill becomes effective July 1, 1998, and applies to purchases made on or after that date. This bill is substantially the same as House Bill 271. The House Finance Committee gave House Bill 271 a favorable report in March of 1997. House Bill 271 is in the Senate Finance Committee.

The refunds apply to direct purchases of tangible personal property. They also apply to sales and use tax liability indirectly incurred by a local school administrative unit on building materials, supplies, fixtures, and equipment that become a part of any building that is owned or leased by the unit and is being built, altered, or repaired for use by the unit. To obtain a sales and use tax refund, a local school administrative unit must request the refund in writing within six months after the end of the unit's fiscal year. The request must include any information and documentation required by the Secretary of Revenue.

Prior to 1961, the State granted sales and use tax exemptions to state and local governmental entities, including public schools, and nonprofit entities. Because of the number of abuses involving the exemption and the difficulty of auditing these transactions, the legislature changed the law in 1961 to allow refunds as opposed to outright exemptions. The statute lists those entities that are entitled to a refund. Nonprofit educational institutions, as well as most other nonprofit entities, are entitled to a semiannual refund of State and local sales and use tax.

The General Assembly did not include State agencies in the list of entities entitled to an annual refund of State and local sales taxes because the refund process would not benefit the General Fund, from which the agencies receive their appropriations, and would create unnecessary paperwork for the agencies. The General Assembly did not include public schools in the list of entities entitled to an annual refund for similar reasons. First, public school books and school lunches are exempt from sales tax. Second, most of the operating money for public schools comes from the General Fund, although most of the capital money comes from the counties.

Under current law, although a school board cannot receive sales tax refunds, a county would be entitled to a refund of State sales and use taxes paid if it purchased items on behalf of its school board. More than one-half of the counties have statutory authority to acquire property on behalf of their school boards and thus may receive sales tax refunds if they exercise that authority. The other counties do not have this authority, although the Attorney General's Office has stated that they may acquire property on behalf of their school boards if they enter into an interlocal agreement with the school board. Under this bill, the school board could receive the refunds directly, without having to arrange for the county to acquire the property and apply for the refunds on its behalf.

Local Government		**- 7.4**	**- 7.5**	**- 7.2** **- 6.3**

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: The refunds are administered by the Department of Revenue.

EFFECTIVE DATE: July 1, 1998.

AMENDMENT SUMMARY: Cities, counties, and other specifically named local government authorities are allowed an annual refund for state and local sales taxes paid. The amendment would add local school administrative units to the list.

ASSUMPTIONS AND METHODOLOGY: The estimate for the current expense portion was based on a review of data shown in the *Statistical Profile: 1997* publication of the Department of Public Instruction. The data shown included current expense by spending category for the 1995-96 fiscal year. That data was grown by 6.5% per year to project the amount for future years. The analysis excluded the "materials and supplies" numbers for the "Child Nutrition" and "Transportation of Pupils" categories because public schools purchase food for use in a cafeteria tax-free under a resale certificate and the fact that the sales tax does not apply to motor fuel purchases.

For capital outlay the 1995-96 numbers were grown by 6.5% and amounts were added for the $1.8 billion school bond authorization. The analysis assumed that the remaining $900 million of authorized bonds would be issued in equal annual increments in March of each year. In addition, it was assumed that 30% of the bond proceeds would be spent in the first fiscal year after the bonds were sold, 40% the next year, and 30% the following year. Finally, the tangible personal property portion of capital outlay was assumed to be 50% of the total cost.

For capital outlay the rapid increase in the authority of counties to use installment purchase financing and certificates of participation had to be taken into account. In addition an August, 1997 opinion of the Attorney General's Office clarified the conditions under which counties and school boards may establish interlocal agreements that would allow the county to receive a refund for certain purchases of school boards. There is no hard data on the number of counties that are currently using interlocal agreements or the number of school capital projects that will be financed with installment purchases/COP's during the next few years and thus will receive refunds under current law. Discussions with the N.C. Association of County Commissioners indicates a surge of activity in the interlocal agreement arena during the 10 months since the AG's opinion. For the purpose of this analysis it was assumed that during the 1998-99 fiscal year 60% of the purchases would be covered by interlocal agreements or installment purchase financing/COP's. This share is assumed to increase by 5 percentage points per year for the next 4 years.

For verification purposes this estimate was compared to an estimate provided by the Department of Public Instruction for the 1994-95 fiscal year with FRD growth added to bring numbers to 1998-99.

TECHNICAL CONSIDERATIONS: The refund is granted in the fiscal year after the year of purchase. Thus, refunds for taxes paid on purchases during the 1998-99 fiscal year would be received during the 1999-00 fiscal year.

A BILL TO BE ENTITLED

AN ACT TO DELAY THE SUNSET OF THE REQUIREMENT THAT COUNTIES USE PART OF THE TWO HALF-CENT LOCAL SALES TAX PROCEEDS ONLY FOR PUBLIC SCHOOL CAPITAL OUTLAY PURPOSES.

The General Assembly of North Carolina enacts:

Section 1. G.S. 105-487(a) reads as rewritten:

"(a) Except as provided in subsection (c), forty percent (40%) of the revenue received by a county from additional one-half percent (1/2%) sales and use taxes levied under this Article during the first five fiscal years in which the additional taxes are in effect in the county and thirty percent (30%) of the revenue received by a county from these taxes in the next ~~10~~ 23 fiscal years in which the taxes are in effect in the county may be used by the county only for public school capital outlay purposes as defined in G.S. 115C-426(f) or to retire any indebtedness incurred by the county for these purposes."

Section 2. G.S. 105-502(a) reads as rewritten:

"(a) Sixty percent (60%) of the revenue received by a county under this Article during the first ~~16~~ 25 fiscal years in which the tax is in effect may be used by the county only for public school capital outlay purposes as defined in G.S. 115C-426(f) or to retire any indebtedness incurred by the county for these purposes during the period beginning five years prior to the date the taxes took effect."

Section 3. This act becomes effective July 1, 1998.

EXPLANATION OF SENATE BILL 1150:
Amend Local Sales Tax (2nd Edition)

TO: House Finance Committee
FROM: Cindy Avrette, Committee Counsel
DATE: July 6, 1998
SPONSOR: Senator Dalton
Recommendation of the Education Oversight Committee

There are three Articles of the Revenue Act that authorize counties to levy local sales and use taxes. Article 39 authorizes a one-cent tax, Article 40 authorizes a half-cent tax, and Article 42 authorizes an additional half-cent tax. Article 40, enacted in 1983, and Article 42, enacted in 1986, each provided that for the first ten fiscal years in which the tax was in effect in a county, the county was required to use a percentage of the tax revenue for public school capital outlay purposes, including retirement of outstanding debt. In 1993, the earmarking was extended for an additional five years. The first earmarking expires this year; the second will expire in 2002.

Senate Bill 1150, 2nd Edition, extends the time periods under Articles 40 and 42 so that the earmarking will continue to the year 2011. For these additional years, counties will be required to use 30% of the tax revenue from the first half-cent local sales tax (Article 40) and 60% of the tax revenue from the second half-cent local sales tax (Article 42) only for public school capital outlay purposes. In 1985, the General Assembly exempted Burke County from the restriction that it use a percentage of the first half-cent local sales tax for public school capital outlay purposes. This exemption will remain in effect.

If a county can demonstrate that it does not need the earmarked revenue to meet its public school capital needs, it may petition the Local Government Commission to authorize it to use the money for any public purposes. In making its decision, the Commission must consider not only the public school capital needs but also the other capital needs of the county.

Senate Bill 1150 also defines public school capital outlay purposes as the term is defined in the School Budget and Fiscal Control Act. The term is defined broadly in this act to include appropriations for the acquisition of real property and building s for school purposes as well as the acquisition of furniture, computers, equipment, buses, etc. The Local Government Commission currently interprets the term as it is defined in the School Budget and Fiscal Control Act. Therefore, this clarification of the law will not change the way counties are currently using the money.

NORTH CAROLINA GENERAL ASSEMBLY
LEGISLATIVE FISCAL ESTIMATE

BILL NUMBER: SB 1150 (Senate Committee Substitute)
SHORT TITLE: Amend Local Sales Tax

FISCAL IMPACT		
Yes ( )	**No (X)**	**No Estimate Available ( )**

SUMMARY OF COMMITTEE SUBSTITUTE: (1) The 1983 General Assembly authorized counties to levy a ½ cent local sales tax, to be collected by the State and distributed on a per capita basis to each county area., with the requirement that 40% of the county government share should be allocated to school capital projects for the first 5 years and 30% for the next 5 years. The 1993 General Assembly extended the earmarking 5 more years. This earmarking ends with the 1997-98 fiscal year. **The Committee substitute would extend the earmarking for an additional 13 years. For all but a handful of counties the earmarking would be end on July 1, 2011.** (2) The 1986 General Assembly authorized counties to levy a ½ cent local sales tax, to be distributed on a per capita basis, with the requirement that a certain percentage of the county government portion be spent on school facilities for an 11-year period. The earmarking share for the final year was 60%. The 1993 General Assembly extended the 60% earmarking another 5 years. This earmarking will end with the 2001-02 fiscal year. **The Committee substitute would extend the earmarking an additional 9 years. This means that for all counties this earmarking would end July 1, 2011.**

EFFECTIVE DATE: July 1, 1998.

ASSUMPTIONS AND METHODOLOGY: There is no direct impact on state or local revenue or expenditures. The effect of the bill would be to extend the required earmarking of the two ½ cent local option sales taxes. For information purposes, an FRD estimate of the earmarked portion of the two taxes for the 1998-99 fiscal year is $233.8 million. In addition, from 1998-84 to 1997-98 the estimated total required earmarking has amounted to $2.0 billion.

Recommendation of the Public Transit Study Committee

Senate Bill 1289 clarifies the authority of regional transit authorities to use installment purchase financing. There are two regional transit authorities: the Research Triangle Regional Public Transportation Authority, created under Article 26 of Chapter 160A of the General Statutes, and the Triad Regional Public Transportation Authority, created under Article 27 of Chapter 160A. The Triangle Regional Public Transportation Authority serves Wake, Durham, and Orange Counties. The creation of the Triad Regional Public Transportation Authority was authorized by the 1997 General Assembly. This Authority serves Forsyth, Guilford, Randolph, Davidson, and Alamance Counties. The four major cities involved in the creation of the Triad Authority are Greensboro, High Point, Winston-Salem, and Burlington.

Under current law, these authorities are authorized to use equipment trust certificates, which are similar to installment purchase contracts. Installment purchase financing is a type of local government debt created when a local unit enters into an installment contract secured by a security interest in the property constructed or renovated. Certificates of participation may be issued as part of the installment purchase financing. A certificate of participation is a document setting out the share of the local unit's debt owed to the holder of the certificate. In practice, the holder receives interest and principal payments in a manner similar to interest and principal payments on a bond issued by the borrowing unit. Unlike the issuance of general obligation bonds, however, installment purchase financing is not subject to the vote of the people.

A BILL TO BE ENTITLED

AN ACT TO UPDATE THE REFERENCE TO THE INTERNAL REVENUE CODE USED IN DEFINING AND DETERMINING CERTAIN STATE TAX PROVISIONS AND TO CONFORM TO FEDERAL GIFT TAX TREATMENT OF CONTRIBUTIONS TO QUALIFIED TUITION PROGRAMS.

The General Assembly of North Carolina enacts:

Section 1. G.S. 105-228.90(b)(1a) reads as rewritten:

"(1a) Code. -- The Internal Revenue Code as enacted as of ~~January 1, 1997,~~ June 1, 1998, including any provisions enacted as of that date which become effective either before or after that date."

Section 2. G.S. 105-134.6(b)(12) is repealed.

Section 3. G.S. 105-134.6(b)(13) reads as rewritten:

"(13) The amount that is distributed to a beneficiary of the Parental Savings Trust Fund of the State Education Assistance Authority ~~if the earnings on the amount are excluded from income under subdivision (12) of this subsection or section 529 of the Code.~~ unless the distribution is a refund of earnings described in section 529 of the Code."

Section 4. G.S. 105-188 is amended by adding a new subsection to read:

"(k) Qualified Tuition Programs. -- The provisions of section 529(c)(2) and (5) of the Code apply to this Article. If a donor elects to take a contribution into account ratably over a five-year period as provided in section 529(c)(2) of the Code, that election applies for the purposes of this Article."

Section 5. Notwithstanding Section 1 of this act, to the extent an amendment to the Internal Revenue Code enacted after January 1, 1997, would increase North Carolina taxable income for a taxpayer's tax year beginning before January 1, 1998, the amendment does not apply to the taxpayer for that tax year.

Section 6. Section 4 of this act becomes effective for taxable years beginning on or after January 1, 1998. The remainder of this act is effective when it becomes law.

EXPLANATION OF HOUSE BILL 1326:
Update IRC Reference/Conform Gift Tax

TO: House Finance Committee
FROM: Martha H. Harris, Staff Attorney
DATE: June 22, 1998
SPONSOR: Representative Gray

House Bill 1326, recommended by the Revenue Laws Study Committee, makes two changes to simplify the tax law by conforming to federal tax provisions:

1. It rewrites the definition of the Internal Revenue Code used in State tax statutes to change the reference date from January 1, 1997, to June 1, 1998.
2. It conforms to federal gift tax treatment of qualified tuition programs.

Update Code Reference. Updating the Internal Revenue Code reference makes recent amendments to the Code applicable to the State to the extent that State tax law previously tracked federal law. Congress made numerous, significant changes to the Code last year that will affect federal taxable income. Because the State corporate and individual income tax is based upon federal taxable income, these changes, if adopted, will affect State policies and revenues. The fiscal note and attachments list and summarize the significant changes made by the federal Taxpayer Relief Act of 1997.[1]

One of the federal tax changes enacted last year was an income tax exemption for the annual earnings on amounts contributed to qualified tuition programs, such as North Carolina's Parental Savings Trust Fund, for the future payment of room or board at an institution of higher education. North Carolina law has a provision exempting these earnings to the extent they are taxed under federal law. Because they are no longer taxed under federal law, Section 2 of the bill repeals the North Carolina exemption. Section 3 amends a related North Carolina provision to clarify that it exempts distributions from tax only if they are used for qualified higher education expenses.

House Bill 1326 provides that the federal tax law changes that could increase a taxpayer's North Carolina taxable income for the 1997 tax year will not

---

[1] Several of these changes had technical problems, which Congress has proposed to correct in H.R. 2676, the IRS overhaul bill which includes Tax Technical Corrections Act of 1997. The technical corrections were expected to be enacted by June 1, 1998, which is why SB 1227 references that date, but HR 2676 is in conference in Congress and is not expected to become law until sometime in July.

become effective until January 1, 1998. Under Article 1, Section 16 of the North Carolina Constitution, the legislature cannot pass a law that will increase a tax retroactively. There are a number of provisions in the federal Taxpayer Relief Act of 1997 that could increase taxable income for the 1997 tax year. Because the Code Update could not be acted upon until the 1998 Session of the General Assembly, these changes had to be given a delayed effective date.

Since the State corporate income tax was changed to a percentage of federal taxable income in 1967, the reference date to the Internal Revenue Code has been updated periodically. In discussing bills to update the Code reference, the question frequently arises as to why the statutes refer to the Code on a particular date instead of referring to the Code and any future amendments to it, thereby eliminating the necessity of bills like this one. The answer to the question lies in both a policy decision and a potential legal restraint.

First, the policy reason for specifying a particular date is that, in light of the many changes made in federal tax law from year to year, the State may not want to adopt automatically all federal changes. By pinning references to the Code to a certain date, the State ensures that it can examine any federal changes before making the changes effective for the State.

Secondly, and more importantly, however, the North Carolina Constitution imposes an obstacle to a statute that automatically adopts any changes in federal tax law. Section 2(1) of Article V of the Constitution provides in pertinent part that the "power of taxation ... shall never be surrendered, suspended, or contracted away." Relying on this provision, the North Carolina court decisions on delegation of legislative power to administrative agencies, and an analysis of the few federal cases on this issue, the Attorney General's Office concluded in a memorandum issued in 1977 to the Director of the Tax Research Division of the Department of Revenue that a "statute which adopts by reference future amendments to the Internal Revenue Code would ... be invalidated as an unconstitutional delegation of legislative power."

The Revenue Laws Study Committee explored the possibility of legislation that would automatically adopt federal changes to the Code each year, with legislative review and approval required in the succeeding legislative session. It was hoped that this approach would avoid the practical difficulties that occur when Code changes go into effect many months before the General Assembly has a chance to pass legislation adopting the changes. The Attorney General's Office reviewed the relevant case law in this State and other states before concluding that this approach would be unlikely to withstand a constitutional challenge.

Qualified Tuition Plan Gift Tax. Section 4 of House Bill 1326 adopts for North Carolina gift tax purposes the provisions of federal law listed below.

Conforming to federal law will relieve taxpayers from unexpected gift tax liability and will simplify tax compliance and administration.

1. A distribution from a qualified tuition program is not a taxable gift, unless a new beneficiary, who is a generation below the original beneficiary, is named to the account or receives the account in a rollover.
2. A contribution to a qualified tuition program is a gift to the designated beneficiary, but not a gift of a future interest. If the contribution were considered a gift of a future interest, a gift tax return would have to be filed even if the amount were under the $10,000 annual exclusion amount.
3. A contribution to a qualified tuition program is not a direct payment of tuition. If it were, it would be exempt from gift tax.
4. If a contribution exceeds the $10,000 annual gift tax exclusion amount, the donor may elect to avoid gift tax by treating the contribution as if it had been made over a five-year period. For example, a $25,000 contribution would not be taxable because it would be considered a gift of $5,000 a year over five years and thus would be below the $10,000 annual exclusion amount.

These provisions would apply to any qualified state tuition program under section 529 of the Internal Revenue Code. North Carolina has such a program, known as the Parental Savings Trust Fund. This Fund is part of the State Education Assistance Authority. The Fund is authorized by G.S. 116-209.25, which the General Assembly enacted in 1996. A person can contribute amounts into the Parental Savings Trust Fund for a child who is less than 16 years old. The amount contributed in the account, along with its interest and investment earnings, can be used to pay the expenses of the beneficiary at any accredited public or private college or community college. Either the child or the person making the contributions must be a resident of this State. The Education Assistance Authority opened the Parental Savings Trust Fund in early June, 1998.

Section 529 of the Code excludes the amounts earned on contributions to a qualified state tuition program from federal income tax and, therefore, from North Carolina tax as well. Under federal law, the earnings are exempt if the contributions are for the payment of qualified higher education expenses: tuition, room and board, fees, books, supplies, and equipment. Also under federal law, the amount distributed to a beneficiary of the Parental Savings Trust Fund for qualified higher education expenses is taxable to the extent it exceeds the amount contributed. Thus, under federal law, the tax on the investment earnings is simply deferred until a distribution is made, at which time the earnings are taxable to the beneficiary rather than the contributor. Under North Carolina law, however, the entire distribution is not taxable if it is used for qualified higher

education expenses. Under both federal and North Carolina law, earnings distributed for purposes other than qualified higher education expenses are taxable and are also subject to a penalty imposed by the state operating the program.

1997 Federal Tax Law Changes

General

The federal Taxpayer Relief Act of 1997 creates 285 new sections in the Internal Revenue Code and amends 824 existing sections. Errors in the act are expected to be corrected in 1998 in the federal Tax Technical Correction Act. The following list summarizes some of the significant provisions of the 1997 legislation.

Affects N.C. Individual Income Tax Only

1. Allows exclusion of $250,000 ($500,000 for joint filers) of capital gain from **sales of residence** occupied by taxpayer as principal residence for two of previous five years. Former rules on rollover and former one-time exclusion are repealed. Effective for sales after 5/6/97. This is a tax increase for those who have more than $250,000/$500,000 in gain, so to that extent it cannot be retroactive. (§ 121)
2. Expands business expense deduction for percentage of **self-employed individuals' health insurance**: effective in 2000, the percentage is increased to 50%, then phased up reaching 100% in 2007. (§ 16(a)(1)(B))
3. Establishes **Roth IRAs** effective for tax years beginning on or after 1/1/98, which allow nondeductible contributions of up to $2,000 of compensation (limited for those with adjusted gross income above a certain amount). Distributions tax free if contributions made more than five years ago and one of the following applies: (i) taxpayer is over 59 ½ or is dead, (ii) distribution made because of disability, (iii) distribution is for qualifying first-time homebuyer expenses. Existing IRA may be rolled over to Roth IRA, subjecting rolled over amount to tax. If the IRA is rolled over to a Roth IRA in 1998, the tax due may be spread over four years. (§ 408(a))
4. Expands **existing IRAs** by increasing income limits and allowing IRA for spouse of disqualified active participant, effective for taxable years beginning on or after 1/1/98. (§219(g))
5. Establishes **Education IRAs** effective for tax years beginning on or after 1/1/98, which allow nondeductible cash contributions of up to $500 a year per child under 18 (contributions limited for those with adjusted gross income above a certain amount). Annual earnings of IRA are tax-exempt and distributions are exempt to the extent spent on qualified higher education expenses. (§ 530)
6. Expands **Prepaid Tuition Programs** to include room and board as qualifying expenses, effective retroactively to August 21, 1996. N.C. already exempts these expenses. The act also expands definitions of eligible educational institution and family member, effective 1/1/98 (§ 529(c), (e)).
7. Reenacts exclusion for up to $5,250 of **employer-provided educational assistance**, effective for tax years beginning on or after 1/1/97 and for courses beginning before 6/1/2000. Does not apply to graduate level courses. (§127(d))
8. Allows above the line deduction for up to $1,000 a year of **interest paid on qualified higher education loans**, effective for interest due and paid on or after 1/1/98. The $1,000 annual limit is phased up by $500 a year until it reaches

$2,500 for 2001 and thereafter. Limited to five years of payments, and further limited for taxpayers with AGI above a certain amount. (§ 221)

9. Restricts **penalty for underpayment of estimated income tax**, so that it does not apply if total tax liability less pre-payments is less than $1,000. (N.C. piggybacks this because 105-163.15(f) references section 6654(e) of the Code.) Effective for tax years beginning on or after 1/1/98
10. Makes a small increase in **standard deduction** of individuals who can be claimed as a dependent by another (indexing not adopted), effective for tax years beginning on or after 1/1/98
11. Changes **net operating loss carryback and forward** periods from back 3 years and forward 15 years to back 2 years and forward 20 years, except for individual casualty losses and for farm and small business losses in a disaster area. Effective for tax years beginning on or after August 6, 1997. (Note, we cannot make this effective until tax years beginning on or after 1/1/98, because it is a tax increase.) Although the federal change affects both corporate and individual income tax, in NC corporate does not piggyback net operating loss treatment, so there is no effect on NC corporate income taxes.
12. Increases **charitable mileage rate** from 12¢ to 14¢, effective for tax years beginning on or after 1/1/98
13. Extends expired deduction for fair market value of **stock contributed to private foundation**, effective 5/31/97 (date of expiration) (§ 170(e)(5))
14. Expands rules governing when a **home office** qualifies as the principal place of business, effective for tax years beginning on or after 1/1/99. Note, however, that use of part of residence as home office may restrict availability of capital gain exclusion for residence.
15. Provides that capital gain from sale of certain **qualified small business stock** is not recognized to the extent the proceeds are rolled over into more qualified small business stock within 60 days, effective for sales on or after August 1, 1997.
16. Expands maximum amount of **self-employed 401(k)** contributions that may be made in certain circumstances, effective for taxable years beginning on or after 1/1/98. (§ 402, 408)
17. Provides that if an employee stock ownership plan (**ESOP**) is a shareholder in an S corporation, items of income or loss of the S corporation will not be treated as unrelated business taxable income, contrary to former law.
18. Changes tax treatment of **rural mail carriers' reimbursed mileage**, effective for tax years beginning on or after 1/1/98
19. Expands deferment of **gain from sale of livestock due to drought**, to include flood or other weather-related conditions. Effective for sales and exchanges on or after 1/1/97. (§ 451, 1033)
20. Expands **business meals/entertainment deduction for air transportation employees**, interstate truck and bus drivers, rail road employees, and merchant mariners. Increased from 50% to 55% effective for tax years beginning on or after 1/1/98. Thereafter, phased up 5% every two years to 80% in 2008.
21. Clarifies exclusion for value of **employer-provided parking**, effective for tax years beginning on or after 1/1/98.

22. Increases amount of foreign earned income that can be excluded by **US citizens residing in foreign countries**, effective for tax years beginning on or after 1/1/98, and phased up thereafter.
23. Retroactively excludes from income certain states' **disability payments to former police officers and fire fighters** in 1989, 1990, and 1991. Note: this provision applies only to certain states. If it applies to N.C., the statute of limitations will prevent refunds.
24. Excludes from income government survivor annuities for **slain public safety officers**, effective for tax years beginning on or after 1/1/97
25. Denies nonrecognition of gain when involuntarily converted property is replaced by property acquired from a related party, unless the taxpayer's aggregate gain is $100,000 or less, effective for involuntary conversions after 6/8/97. (§ 1033)
27. Changes from below the line to above the line the deduction for **State and local government official business expenses** relating to service as official, if official is compensated in whole or part on a fee basis. Effective retroactively beginning with 1987 tax year, but does not waive the three-year statute of limitations. (§62(a)(2)(c)).
28. Changes basis recovery method for pension plan payments, 1/1/98. (§72(d)).
29. Simplifies treatment of personal transactions in **foreign currency**, effective 1/1/98.
30. Increases pension full funding limit with 20-year amortization, effective 1/1/99.

Affects Partnerships (N.C. Individual Income Tax)

1. Treats as ordinary income gain attributable to inventory on sale or exchange of partnership interest and in certain partnership distributions, effective 8/5/97. (no impact)
2. Changes formula for allocation of basis among distributed assets of partnership, effective 8/5/97.
3. Extends from 5 to 7 years the period in which a partner may recognize "pre-contribution gain" with respect to contributed property when it is distributed to another partner, or when other property is distributed to the contributing partner, effective for contributions after 6/8/97.

Affects both N.C. Individual and Corporate Income Tax

1. Retroactively extends federal **R&D tax credit**, which had expired 6/1/97. N.C. law piggybacks this credit in G.S. 105-129.10.
2. Restricts types of property eligible for the more generous **income forecast method of depreciation,** effective for property placed in service on or after August 6, 1997. This method will now be allowed only for film, video tapes, sound recordings, copyrights, books, and patents.
3. Eliminates **short against the box** and similar transactions. A taxpayer must recognize gain upon entering into a constructive sale of any appreciated position in stock, etc. A constructive sale occurs if two offsetting positions are acquired in substantial identical property with the intent of reducing the taxpayer's risk

associated with the appreciated property. Gain recognized as if position sold at fair market value and repurchased on date of constructive sale. Effective 6/8/97, with transitional rules. (§ 1259).

4. Requires immediate accrual of interest or original issue discount on **pool of debt instruments** on which the principal can be paid without interest as of a certain date (e.g., credit card receivables) Effective for taxable years beginning on or after 8/5/97. (§1272)
5. Allows expensing of certain environmental remediation costs (**brownfields**) that would otherwise be chargeable to capital account. Effective for expenditures after 8/5/97 and before 2001. (§ 198)
8. Allows **inventory adjustment for estimated shrinkage** if business (1) usually makes a periodic physical count and (2) will later revise the adjustment for discrepancy between estimated shrinkage and actual shrinkage. Effective for tax years ending after 8/5/97. (§471)
9. If taxpayer enters into **short sale of property that becomes substantially worthless**, gain is recognized as if short sale closed when property became worthless. §1233(h). In addition, extends capital treatment of gains and losses under §1234A to interests in real property and nonactively traded personal property.
10. Includes income from **notional principal contracts and stock lending transactions** under Subpart F in gross income of U.S. shareholders, effective 8/5/97. (§ 951)
11. Further restricts like-kind exchanges involving foreign personal property, effective 6/8/97. (§ 1031).
12. Limits treaty benefits for payments to hybrid entities, effective 8/5/97. (§ 894).
13. Creates exception from U.S. property definition under Subpart F for certain securities positions, effective 1/1/98.
14. Exempts active financing income from Subpart F, effective during 1998 only.
15. Modifies look back method for long term contracts, effective 8/5/97.

Affects N.C. Corporate Income Tax Only

1. Recognizes gain when taxpayer exchanges property for certain preferred stock formerly not treated as "**boot**". Sections 351, 354, 355, 356, and 1036 of the Code. Effective transactions after 6/8/97.
2. Certain **corporate contributions of computer** software and equipment to schools qualify for charitable deduction in excess of otherwise applicable limit (basis of the donated property), effective for taxable years beginning on or after 1/1/98 and before 1/1/2001.
3. Repeals income deferral formerly allowed when **family farms** required to change from cash method to accrual method because gross receipts exceed $25 million. Effective for taxable years beginning on or after 7/1/96, with transitional rules.
4. Allows **Subchapter S subsidiaries** (allowed by Small Business Job Protection Act of 1996) to be treated in certain instances as separate corporations for the

purpose of applying Code provisions that benefit a certain type of entity (e.g., banks), that the subsidiary is but the parent is not. Effective 1/1/97

5. Clarifies that **software qualifies as export property** eligible for foreign sales corporation benefits, effective 1/1/98. Piggybacked by 105-130.5(a)(15)
6. Repeals deduction for premiums paid on life insurance policy or annuity in which taxpayer had an interest. Repeals deduction for **interest paid to incur life insurance coverage** where taxpayer is beneficiary and restricts deduction for taxpayer's interest expense allocable to certain cash surrender values. Also, provides pro rata disallowance of interest expense attributable to life insurance on individuals who are not officers, employees, or former employees. Effective 6/8/97.
7. Requires recognition of gain in year of extraordinary dividend if the nontaxed portion of the dividend exceeds the stock basis, and other changes. Depending on the type of extraordinary dividend, new rules effective for distributions after 5/3/95 or 9/13/95, with transition rules. .
8. Repeals law allowing manufacturers to use installment method to report income from sales to their dealers, effective for taxable years beginning on or after 8/6/98.
9. Expands circumstances in which gain is recognized upon acquisition or distribution of stock of the controlled corporation or distributing corporation, effective for transactions occurring after April 16, 1997. This change substantially restricts the availability of tax-free spinoffs. Also, effective for transfers after 6/8/97, gain recognition on transfers to investment companies expanded by expanding definition of investment company.
10. Denies **interest deduction on convertible debt** and similar debt, effective for instruments issued on or after 6/8/97. (§163(l))
11. Allows deferral of gain on sales of stock of certain corporations engaged in refining or processing agricultural products to farmers' cooperatives engaged in marketing agricultural products, effective 1/1/98. .
12. Modifies control test and include attribution rules to determine unrelated business income tax consequences of certain payments from subsidiaries of tax-exempt organizations, effective 1/1/99.
13. Repeals 30% gross income limitation for regulated investment companies, effective 8/5/97.

Affects Other NC Taxes

1. Extends **generation-skipping transfer tax** exemption to transfers to grandnieces and nephews where parent of transferee is deceased and transferor has no living lineal descendants at time of transfer, effective 1/1/98. (§ 2651, 2612) (We piggyback in G.S. 105-7.1.)

No Effect on N.C.

1. Allows $500 **child tax credit** ($400 in 1998). Phased out if AGI above $110,000 joint or $75,000 single/head of household

2. **Allows Education tax credits.** (1) Hope credit for portion of qualified undergraduate education tuition and fees for two years, phased out for taxpayers with AGI over certain amounts. Effective 1/1/98. (2) Lifetime learning credit for 20% of qualified undergraduate or graduate tuition, subject to cap, phased out for taxpayers with AGI over certain amounts. (§25A, 6050S)
3. **Lowers individual tax rate on capital gains.** Rate reduced from 28% to 20%. For taxpayers in 15% bracket, it is 10%. Holding period for LTCG expanded from one year to 18 months.
4. **Work opportunity tax credit** extended and expanded. New welfare to work tax credit for part of employers' wages paid to AFDC recipients, effective 1/1/98. (§ 51A)
5. Allows penalty-free (but not tax free) withdrawals from IRAs for qualified higher education expenses and first time home purchase.
6. Three-year **income averaging for farmers**, effective for 1998, 1999, and 2000 tax years. (§1301)
7. Increases **estate and gift tax unified credit** to $625,000 in 1998, $650,000 in 1999, $675,000 in 2000-01, $700,000 in 2002-03, $850,000 in 2004, $950,000 in 2005, and $1 million in 2006+
8. Reduces estate tax for land subject to permanent conservation easement, effective 1/1/98.
9. Allows **estate tax exclusion for qualified family owned business**, effective 1/1/98. This is very complex and can be narrow in its application.
10. Alternative minimum tax repealed for small corporations.
11. Alternative minimum tax depreciation adjustment eliminated for property placed in service on or after 1/1/99.
12. Farmers may use installment method of accounting for purposes of alternative minimum tax.
13. Taxpayer who fraudulently claims **earned income tax credit** is ineligible thereafter for 10 years. Also, change in definition of AGI for purpose of phasing out the EITC, effective 1/1/98.
14. Changes safe harbor test applicable to upper income individuals for purposes of penalty for underpayment of estimated taxes. We do not piggyback this. (§6654)
15. Tightens holding period rules for corporate dividends received deduction.
16. Those offering tax shelters must register with the IRS.
17. Orphan drug tax credit made permanent.

Technical/Minor - Probably Tiny Impact if Any

1. Clarifies that self-employed individual is eligible to deduct long term care insurance even if employer provides health insurance, as long as the employer does not provide long term health insurance.
2. Recaptures all depreciation (not just excess over straight line) on § 1250 property (buildings).
3. Clarifies that medical savings account withdrawals must be for an individual who was eligible (not covered by low deductible health plan) in the month the expenses were incurred.

4. Estate and its beneficiary treated as related parties for purpose of disallowing loss deduction for sales of assets to related parties and disallowing capital gains treatment for sales of depreciable property to related parties. Effective for taxable years beginning after 8/5/97. (§ 267, 1239)
5. Luxury auto depreciation limits relaxed for clean-burning fuel vehicles and electric vehicles, effective for property placed in service between 8/5/97 and 1/1/05. (§280F).
6. Employer may deduct contributions to SIMPLE 401(k) with no 15% limit, effective for taxable years beginning on or after 1/1/97. (§404(a)(3)(A))

11. Allows deduction for contributions by ministers to retirement plans, effective 1/1/98.
12. Clarifies that **employer-provided employee meals** that are tax-free to the employee because they are for the convenience of the employer are fully deductible by employers and treated as de minimum fringe benefits effective for taxable years beginning on or after 1/1/97.
13. MedicarePlus Choice Medical Savings Accounts authorized as pilot program for individuals on Medicare, effective for taxable years beginning on or after 1/1/99. (§138, 220(b), 4973(d)).
14. Reduces **carryback period for general business credits** (such as R&D and low-income housing credits) from 3 years to 1 year, with carryforward period extended from 15 years to 20 years, effective for credits for which the taxpayer first becomes eligible in taxable years beginning on or after 1/1/98. Our R&D credit piggybacks the federal credit, and also some addbacks are allowed under our law if the taxpayer was disallowed a federal deduction for a credit for which we have no corresponding credit. (§ 39)
15. Repeals 30% gross income requirement for **real estate investment trusts**.

GENERAL FUND	($13.13)	($12.03)	($14.85)	($20.73)	($34.77)

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: Department of Revenue

EFFECTIVE DATE: Section 4 (Qualified Tuition Programs) becomes effective for taxable years beginning on or after January 1, 1998. The remainder of the act is effective when it becomes law.

BILL SUMMARY: The act updates the reference to the Internal Revenue Code used in defining and determining certain state tax provisions (from January 1, 1997 to June 1, 1998) and conforms to federal gift tax treatment of contributions to qualified tuition programs.

BACKGROUND: Each year the General Assembly changes the reference date in the definition of the Internal Revenue Code used in the state individual and corporate income tax statutes. Congress made hundreds of changes in the Code with the passage of the Taxpayer Relief Act of 1997. These changes were reviewed by the Revenue Laws Study Committee and were recommended to the 1998 General Assembly with a few exceptions. Those tax law changes that affect the 1997 tax year cannot be adopted by North Carolina until 1998, because the state constitution prohibits enacting a retroactive tax increase.

ASSUMPTIONS AND METHODOLOGY: North Carolina estimates on updating the Internal Revenue Code reference are based on a percentage of the federal estimate calculated by the Congressional Joint Committee on Taxation. The percentage used is North Carolina's actual tax collections divided by national tax collections. (Individual = .723% and corporate = .542%.) The charts on the following pages show the fiscal impact of the major federal tax changes on the state's General Fund.

As for the gift tax change on qualified tuition programs, there should be little or no revenue loss to the state. The newly created College Vision Fund, administered by the State Education

Assistance Authority, is designed for middle income taxpayers who save an average of $125 a month for their children's college education. While gifts exceeding $10,000 may be accepted by the fund, such contributions are not the norm. Those with the means to give more than $10,000 per year will probably invest in college trust funds bearing interest greater than the interest paid by the State Treasurer on the investments in the College Vision Fund.

NOTES:

1) North Carolina estimates are based on a percentage of the federal estimate calculated by the Congressional Joint Committee on Taxation. The percentage used is N.C. actual tax collections divided by national tax collections. (Individual = .723% Corporate = .542%)

2) The North Carolina constitution prohibits enacting a retroactive tax increase, so this bill cannot adopt federal revenue increasing items for the 1997 tax year. This chart assumes that half of the revenue gained from tax increases in 1997 will be received by the Department in Tax Year 1998.

moves to amend the bill on page 1, line 4,
by deleting the word "PROVISIONS" and substituting the following phrase: "PROVISIONS, TO EXTEND THE CORPORATE INCOME TAX CARRYFORWARD FOR NET ECONOMIC LOSSES FROM FIVE YEARS TO TWENTY YEARS,";

and on page 2, lines 5 - 7,
by rewriting the lines to read:
"Section 6. G.S. 105-130.8 reads as rewritten:
'**§ 105-130.8. Net economic loss.**
(a) Net economic losses sustained by a corporation in any or all of the ~~five~~ 20 preceding income years shall be allowed as a deduction to ~~such~~ the corporation subject to the following limitations:

(1) The purpose in allowing the deduction of a net economic loss of a prior year ~~or years~~ is ~~that of granting~~ to grant some measure of relief to the corporation ~~which~~ that has incurred economic misfortune or ~~which~~ is otherwise materially affected by strict adherence to the annual accounting rule in the determination of net income. The deduction ~~herein specified~~ allowed in this section does not authorize the carrying forward of any particular items or category of loss except to the extent that ~~such loss or losses shall result~~ the loss results in the impairment of the net economic situation of the corporation so as to result in a net economic loss as ~~hereinafter defined.~~ defined in this section.

(2) The net economic loss for any year ~~shall mean~~ means the amount by which allowable deductions for the year other than prior year losses ~~shall~~ exceed income from all sources in the year including any income not taxable under this Division.

(3) Any net economic loss of ~~a prior year or~~ prior years brought forward and claimed as a deduction in any income year may be deducted from net income of the year only to the extent that ~~such carry-over~~ the loss

carried forward from the prior ~~year or~~ years ~~shall exceed~~ exceeds any income not taxable under this Division received in the same year in which the deduction is claimed, except that in the case of a corporation required to allocate and apportion to North Carolina its net income, ~~as defined in this Division,~~ only ~~such~~ that proportionate part of the net economic loss of a prior year shall be deductible from total income allocable to this State as would be determined by the use of the allocation and apportionment provisions of G.S. 105-130.4 for the year of ~~such~~ the loss.

(4) A net economic loss carried forward from any year shall first be applied to, or offset by, any income taxable or nontaxable of the next succeeding year before any portion of ~~such~~ the loss may be carried forward to a succeeding year.

(5) For purposes of this section, any income item deductible in determining State net income under the provisions of G.S. 105-130.5 and any nonbusiness income not allocable to this State under the provisions of G.S. 105-130.4 shall be considered as income not taxable under this Division.

(6) No loss shall either directly or indirectly be carried forward more than ~~five~~ 20 years.

(b) A corporation claiming a deduction for a loss for the current year or carried forward from a prior year shall maintain and make available for inspection by the Secretary all records necessary to determine and verify the amount of the deduction. The burden of proving eligibility for the deduction and the amount of the deduction shall rest upon the corporation, and no deduction shall be allowed to a corporation that fails to maintain adequate records or to make them available for inspection.'

Section 7. G.S. 105-130.5(b)(4) reads as rewritten:

'(4) Losses in the nature of net economic losses sustained by the corporation in any or all of the ~~five~~ 20 preceding years pursuant to the provisions of G.S. 105-130.8. ~~Provided, a~~ A corporation required to allocate and apportion its net income under the provisions of G.S. 105-130.4 shall deduct its allocable net economic loss only from total income allocable to this State pursuant to the provisions of G.S. 105-130.8.'

Section 8.(a) Sections 6 and 7 of this act are effective for taxable years beginning on or after July 1, 1998, and apply to losses incurred for taxable years beginning on or after July 1, 1992.

May 19, 1998

A BILL TO BE ENTITLED

AN ACT TO UPDATE THE REFERENCE TO THE INTERNAL REVENUE CODE USED IN DEFINING AND DETERMINING CERTAIN STATE TAX PROVISIONS, TO EXTEND THE CORPORATE INCOME TAX CARRYFORWARD FOR NET ECONOMIC LOSSES FROM FIVE YEARS TO TWENTY YEARS, AND TO CONFORM TO FEDERAL GIFT TAX TREATMENT OF CONTRIBUTIONS TO QUALIFIED TUITION PROGRAMS.

The General Assembly of North Carolina enacts:

Section 1. G.S. 105-228.90(b)(1a) reads as rewritten:

"(1a) Code. -- The Internal Revenue Code as enacted as of ~~January 1, 1997,~~ June 1, 1998, including any provisions enacted as of that date which become effective either before or after that date."

Section 2. G.S. 105-134.6(b)(12) is repealed.

Section 3. G.S. 105-134.6(b)(13) reads as rewritten:

"(13) The amount that is distributed to a beneficiary of the Parental Savings Trust Fund of the State Education Assistance Authority ~~if the earnings on the amount are excluded from income under subdivision (12) of this subsection or section 529 of the Code.~~ unless the distribution is a refund of earnings described in section 529 of the Code."

Section 4. G.S. 105-188 is amended by adding a new subsection to read:

"(k) Qualified Tuition Programs. -- The provisions of section 529(c)(2) and (5) of the Code apply to this Article. If a donor elects to take a contribution into account

ratably over a five-year period as provided in section 529(c)(2) of the Code, that election applies for the purposes of this Article."

Section 5. Notwithstanding Section 1 of this act, to the extent an amendment to the Internal Revenue Code enacted after January 1, 1997, would increase North Carolina taxable income for a taxpayer's tax year beginning before January 1, 1998, the amendment does not apply to the taxpayer for that tax year.

Section 6. G.S. 105-130.8 reads as rewritten:

"**§ 105-130.8. Net economic loss.**

(a) Net economic losses sustained by a corporation in any or all of the ~~five~~ 20 preceding income years shall be allowed as a deduction to ~~such~~ the corporation subject to the following limitations:

(1) The purpose in allowing the deduction of a net economic loss of a prior year ~~or years~~ is ~~that of granting~~ to grant some measure of relief to the corporation ~~which~~ that has incurred economic misfortune or ~~which~~ is otherwise materially affected by strict adherence to the annual accounting rule in the determination of net income. The deduction ~~herein specified~~ allowed in this section does not authorize the carrying forward of any particular items or category of loss except to the extent that ~~such loss or losses shall result~~ the loss results in the impairment of the net economic situation of the corporation so as to result in a net economic loss as ~~hereinafter defined.~~ defined in this section.

(2) The net economic loss for any year ~~shall mean~~ means the amount by which allowable deductions for the year other than prior year losses ~~shall~~ exceed income from all sources in the year including any income not taxable under this Division.

(3) Any net economic loss of ~~a prior year or~~ prior years brought forward and claimed as a deduction in any income year may be deducted from net income of the year only to the extent that ~~such carry-over~~ the loss carried forward from the prior ~~year or~~ years ~~shall exceed~~ exceeds any income not taxable under this Division received in the same year in which the deduction is claimed, except that in the case of a corporation required to allocate and apportion to North Carolina its net income, ~~as defined in this Division,~~ only ~~such~~ that proportionate part of the net economic loss of a prior year shall be deductible from total income allocable to this State as would be determined by the use of the allocation and apportionment provisions of G.S. 105-130.4 for the year of ~~such~~ the loss.

(4) A net economic loss carried forward from any year shall first be applied to, or offset by, any income taxable or nontaxable of the next succeeding year before any portion of ~~such~~ the loss may be carried forward to a succeeding year.

(5) For purposes of this section, any income item deductible in determining State net income under the provisions of G.S. 105-130.5 and any nonbusiness income not allocable to this State under the provisions of G.S. 105-130.4 shall be considered as income not taxable under this Division.

(6) No loss shall either directly or indirectly be carried forward more than ~~five~~ 20 years.

(b) A corporation claiming a deduction for a loss for the current year or carried forward from a prior year shall maintain and make available for inspection by the Secretary all records necessary to determine and verify the amount of the deduction. The burden of proving eligibility for the deduction and the amount of the deduction shall rest upon the corporation, and no deduction shall be allowed to a corporation that fails to maintain adequate records or to make them available for inspection."

Section 7. G.S. 105-130.5(b)(4) reads as rewritten:

"(4) Losses in the nature of net economic losses sustained by the corporation in any or all of the ~~five~~ 20 preceding years pursuant to the provisions of G.S. 105-130.8. ~~Provided, a~~ A corporation required to allocate and apportion its net income under the provisions of G.S. 105-130.4 shall deduct its allocable net economic loss only from total income allocable to this State pursuant to the provisions of G.S. 105-130.8."

Section 8(a). Sections 6 and 7 of this act are effective for taxable years beginning on or after July 1, 1998, and apply to losses incurred for taxable years beginning on or after July 1, 1992.

Section 8(b). Section 4 of this act becomes effective for taxable years beginning on or after January 1, 1998. The remainder of this act is effective when it becomes law.

A BILL TO BE ENTITLED

AN ACT TO REVISE THE MUNICIPAL ANNEXATION LAWS AND TO CHANGE THE CRITERIA TO BE CONSIDERED BY THE JOINT LEGISLATIVE COMMISSION ON MUNICIPAL INCORPORATIONS.

The General Assembly of North Carolina enacts:

Section 1. G.S. 105-277.4(b) reads as rewritten:

"(b) Appraisal at Present-use Value. -- Upon receipt of a properly executed application, the assessor shall appraise the property at its present-use value as established in the schedule prepared pursuant to G.S. 105-317. In appraising the property at its present-use value, the assessor shall appraise the improvements located on qualifying land according to the schedules and standards used in appraising other similar improvements in the county. If all or any part of a qualifying tract of land is located within the limits of an incorporated city or town, or is property annexed subject to G.S. 160A-37(f1) or G.S. 160A-49(f1), the assessor shall furnish a copy of the property record showing both the present-use appraisal and the valuation upon which the property would have been taxed in the absence of this classification to the collector of the city or town. He shall also notify the tax collector of any changes in the appraisals or in the eligibility of the property for the benefit of this classification. Upon a request for a certification pursuant to G.S. 160A-37(f1) or G.S.160A-49(f1), or any change in the certification, the assessor for the county where the land subject to the annexation is located shall, within 30 days, determine if the land meets the requirements of G.S. 160A-37(f1)(2) or G.S. 160A-49(f1)(2) and report the results of its findings to the city."

Section 2. G.S. 120-166 reads as rewritten:

"**§ 120-166. Additional criteria; nearness to another municipality.**

(a) The Commission may not make a positive recommendation if the proposed municipality is located within one mile of a municipality of 5,000 to 9,999, within three miles of a municipality of 10,000 to 24,999, within four miles of a municipality of 25,000 to 49,999, or within five miles of a municipality of 50,000 or over, according to the most recent decennial federal census, or according to the most recent annual estimate of the Office of State Budget and Management if the municipality was incorporated since the return of that census.

(b) Subsection (a) of this section does not apply in the case of proximity to a specific municipality if:

(1) The proposed municipality is entirely on an island that the nearby city is not on;

(2) The proposed municipality is separated by a major river or other natural barrier from the nearby city, such that provision of municipal services by the nearby city to the proposed municipality is infeasible or the cost is prohibitive, and the Commission shall adopt policies to implement this subdivision;

(3) The ~~nearby municipality~~ municipalities within the distances described in subsection (a) of this section by resolution ~~expresses its~~ express their approval of the incorporation; or

(4) An area of at least fifty percent (50%) of the proposed municipality has petitioned for annexation to the nearby city under G.S. 160A-31 within the previous 12 months before the incorporation petition is submitted to the Commission but the annexation petition was not approved."

Section 3. Article 20 of Chapter 120 is amended by adding a new section to read:

"**§ 120-169.1. Additional criteria; level of development, services.**

(a) Level of Development. -- The Commission may not make a positive recommendation unless the entire area proposed for incorporation meets the applicable criteria for development under G.S. 160A-36(c) or G.S. 160A-48(c).

(b) Services. -- The Commission may not make a positive recommendation unless the area to be incorporated submits a plan for providing a reasonable level of municipal services. To meet the requirements of this subsection, the persons submitting the plan for incorporation must propose to provide at least two of the following services:

(1) Police protection.

(2) Fire protection.

(3) Garbage and refuse collection or disposal.

(4) Water distribution.

(5) Sewer collection or disposal.

(6) Street maintenance, construction, or right-of-way acquisition.

(7) Street lighting.

(8) Adoption of citywide planning and zoning."

Section 4. G.S. 160A-35 reads as rewritten:

"**§ 160A-35. Prerequisites to annexation; ability to serve; report and plans.**

A municipality exercising authority under this Part shall make plans for the extension of services to the area proposed to be annexed and shall, prior to the public hearing provided for in G.S. 160A-37, prepare a report setting forth such plans to provide services to such area. The report shall include:

(1) A map or maps of the municipality and adjacent territory to show the following information:
   a. The present and proposed boundaries of the municipality.
   b. The proposed extensions of water mains and sewer outfalls to serve the annexed area, if such utilities are operated by the municipality. The water and sewer map must bear the seal of a registered professional engineer or a licensed surveyor.

(2) A statement showing that the area to be annexed meets the requirements of G.S. 160A-36.

(3) A statement setting forth the plans of the municipality for extending to the area to be annexed each major municipal service performed within the municipality at the time of annexation. Specifically, such plans shall:
   a. Provide for extending police protection, fire protection, solid waste collection and street maintenance services to the area to be annexed on the date of annexation on substantially the same basis and in the same manner as such services are provided within the rest of the municipality prior to annexation. A contract with a rural fire department to provide fire protection shall be an acceptable method of providing fire protection. If a water distribution system is not available in the area to be annexed, the plans must call for reasonably effective fire protection services until such time as waterlines are made available in such area under existing municipal policies for the extension of waterlines. A contract with a private firm to provide solid waste collection services shall be an acceptable method of providing solid waste collection services.
   b. Provide for extension of water mains and sewer lines into the area to be annexed so that property owners in the area to be annexed will be able to secure public water and sewer services according to the policies in effect in such municipality for extending water and sewer lines to individual lots or subdivisions. If the municipality must, at its own expense, extend water and/or sewer mains into the area to be annexed before property owners in the area can,

according to municipal policies, make such connection to such lines, then the plans must call for contracts to be let and construction to begin on such lines within one year following the effective date of annexation. In areas where the installation of sewer is not economically feasible due to the unique topography of the area, the municipality may agree to provide septic system maintenance and repair service until such time as sewer service is provided to properties similarly situated.

c. Set forth the method under which the municipality plans to finance extension of services into the area to be annexed.

(4) A statement of the impact of the annexation on any rural fire department providing service in the area to be annexed and a statement of the impact of the annexation on fire protection and fire insurance rates in the area to be annexed, if the area where service is provided is in an insurance district designated under G.S. 153A-233, a rural fire protection district under Article 3A of Chapter 69 of the General Statutes, or a fire service district under Article 16 of Chapter 153A of the General Statutes. The rural fire department shall make available to the city not later than 30 days following a written request from the city all information in its possession or control, including but not limited to operational, financial and budgetary information, necessary for preparation of a statement of impact. The rural fire department forfeits its rights under G.S. 160A-37.1 and G.S. 160A-37.2 if it fails to make a good faith response within 45 days following receipt of the written request for information from the city, provided that the city's written request so states by specific reference to this section.

(5) A statement showing how the proposed annexation will affect the city's finances and services, including city revenue change estimates. This statement shall be delivered to the clerk of the board of county commissioners at least 30 days before the date of the public informational meeting on any annexation under this Part."

Section 5. G.S. 160A-35.1 reads as rewritten:

"**§ 160A-35.1. Limitation on change in financial participation prior to annexation.**

~~No~~ For purposes of the extension of water and sewer services required under G.S. 160A-35, no ordinance or policy substantially diminishing the financial participation of a municipality in the construction of water or sewer facilities required under this Article may apply to an area being annexed unless the ordinance or policy became effective at least 180 days prior to the date of adoption by the municipality of the resolution giving notice of intent to consider annexing the area under G.S. 160A-37(a)."

Section 6. G.S. 160A-36 reads as rewritten:

"**§ 160A-36. Character of area to be annexed.**

(a) A municipal governing board may extend the municipal corporate limits to include any area which meets the general standards of subsection (b), and which meets the requirements of subsection (c).

(b) The total area to be annexed must meet the following standards:

(1) It must be adjacent or contiguous to the municipality's boundaries at the time the annexation proceeding is begun, except if the entire territory of a county water and sewer district created under G.S. 162A-86(b1) is being annexed, the annexation shall also include any noncontiguous pieces of the district as long as the part of the district with the greatest land area is adjacent or contiguous to the municipality's boundaries at the time the annexation proceeding is begun.

(2) At least one eighth of the aggregate external boundaries of the area must coincide with the municipal boundary.

(3) No part of the area shall be included within the boundary of another incorporated municipality.

(c) The area to be annexed must be developed for urban ~~purposes.~~ purposes at the time of approval of the report provided for in G.S. 160A-35. For purposes of this section, a lot or tract shall not be considered in use for a commercial, industrial, institutional, or governmental purpose if the lot or tract is used only temporarily, occasionally, or on an incidental or insubstantial basis in relation to the size and character of the lot or tract. For purposes of this section, acreage in use for commercial, industrial, institutional, or governmental purposes shall include acreage actually occupied by buildings or other man-made structures together with all areas that are reasonably necessary and appurtenant to such facilities for purposes of parking, storage, ingress and egress, utilities, buffering, and other ancillary services and facilities. Area of streets and street rights-of-way shall not be used to determine total acreage under this section. An area developed for urban purposes is defined ~~as any~~ as:

(1) Any area which is so developed that at least sixty percent (60%) of the total number of lots and tracts in the area at the time of annexation are used for residential, commercial, industrial, institutional or governmental purposes, and is subdivided into lots and tracts such that at least sixty percent (60%) of the total acreage, not counting the acreage used at the time of annexation for commercial, industrial, governmental or institutional purposes, consists of lots and tracts ~~five~~ three acres or less in size.

(2) An area so developed that, at the time of the approval of the annexation report, all tracts in the area to be annexed are used for commercial, industrial, governmental, or institutional purposes.

(3) ~~An area developed for urban purposes is also the~~ The entire area of any county water and sewer district created under G.S. 162A-

86(b1), but this ~~sentence~~ subsection only applies to annexation by a municipality if that:

~~(1)~~ a. Municipality has provided in a contract with that district that the area is developed for urban purposes; and

~~(2)~~ b. Contract provides for the municipality to operate the sewer system of that county water and sewer district;

provided that the special categorization provided by this ~~sentence~~ subsection only applies if the municipality is annexing in one proceeding the entire territory of the district not already within the corporate limits of a municipality.

(d) In fixing new municipal boundaries, a municipal governing board ~~shall, wherever practical, use natural topographic features such as ridge lines and streams and creeks as boundaries, and may use streets as boundaries.~~ shall use recorded property lines and streets as boundaries. Some or all of the boundaries of a county water and sewer district may also be used when the entire district not already within the corporate limits of a municipality is being annexed.

(e) The area of an abolished water and sewer district shall be considered to be a water and sewer district for the purpose of this section even after its abolition under G.S. 162A-87.2(b)."

Section 7. G.S. 160A-37 reads as rewritten:

"**§ 160A-37. Procedure for annexation.**

(a) Notice of Intent. -- Any municipal governing board desiring to annex territory under the provisions of this Part shall first pass a resolution stating the intent of the municipality to consider annexation. Such resolution shall describe the boundaries of the area under ~~consideration~~ consideration, fix a date for the public informational meeting, and fix a date for a public hearing on the question of ~~annexation, the~~ annexation. The date for the public informational meeting shall be not less than 45 days and not more than 55 days following passage of the resolution. The date for ~~such~~ the public hearing to be not less than ~~45~~ 60 days and not more than 90 days following passage of the resolution.

(b) Notice of Public Hearing. -- The notice of public hearing shall:

(1) Fix the date, hour and place of the public informational meeting and the date, hour, and place of the public hearing.

(2) Describe clearly the boundaries of the area under consideration, and include a legible map of the area.

(3) State that the report required in G.S. 160A-35 will be available at the office of the municipal clerk at least 30 days prior to the date of the public ~~hearing.~~ informational meeting.

(4) Include an explanation of an owner's rights pursuant to subsection (f1) and (f2) of this section.

Such notice shall be given by publication once a week for at least two successive weeks prior to the date of the ~~hearing~~ informational meeting in a newspaper having general circulation in the municipality and, in addition thereto, if the area to be annexed lies in a county containing less than fifty percent (50%) of the land area of

the municipality, in a newspaper having general circulation in the area of proposed annexation. The period from the date of the first publication to the date of the last publication, both dates inclusive, shall be not less than eight days including Sundays, and the date of the last publication shall be not more than seven days preceding the date of public ~~hearing.~~ informational meeting. If there be no such newspaper, the municipality shall post the notice in at least five public places within the municipality and at least five public places in the area to be annexed for 30 days prior to the date of public ~~hearing.~~ informational meeting. In addition, notice shall be mailed at least four weeks prior to date of the ~~hearing~~ informational meeting, by first class mail, postage prepaid to the owners as shown by the tax records of the county of all freehold interests in real property located within the area to be annexed. The person or persons mailing such notices shall certify to the governing board that fact, and such certificate shall become a part of the record of the annexation proceeding and shall be deemed conclusive in the absence of fraud. If the notice is returned to the city by the postal service by the tenth day before the ~~hearing,~~ informational meeting, a copy of the notice shall be sent by certified mail, return receipt requested, at least seven days before the ~~hearing.~~ informational meeting. Failure to comply with the mailing requirement of this subsection shall not invalidate the annexation unless it is shown that the requirements were not substantially complied with.

If the governing board by resolution finds that the tax records are not adequate to identify the owners of some or all of the parcels of real property within the area it may in lieu of the mail procedure as to those parcels where the owners could not be so identified, post the notice at least 30 days prior to the date of public ~~hearing~~ informational meeting on all buildings on such parcels, and in at least five other places within the area to be annexed. In any case where notices are placed on property, the person placing the notice shall certify that fact to the governing board.

(c) Action Prior to ~~Hearing.~~ Informational Meeting. -- At least 30 days before the date of the public ~~hearing,~~ informational meeting, the governing board shall approve the report provided for in G.S. 160A-35, and shall make it available to the public at the office of the municipal clerk. In addition, the municipality may prepare a summary of the full report for public distribution. In addition, the city shall post in the office of the city clerk at least 30 days before the public ~~hearing~~ informational meeting a legible map of the area to be annexed and a list of the persons holding freehold interests in property in the area to be annexed that it has identified.

(c1) Public Informational Meeting. -- At the public informational meeting a representative of the municipality shall first make an explanation of the report required in G.S. 160A-35. Following such explanation, all persons resident or owning property in the territory described in the notice of public hearing, and all residents of the municipality, shall be given the opportunity to ask questions and receive answers regarding the proposed annexation.

(d) Public Hearing. -- At the public hearing a representative of the municipality shall first make an explanation of the report required in G.S. 160A-35. Following such explanation, all persons resident or owning property in the territory described in

the notice of public hearing, and all residents of the municipality, shall be given an opportunity to be heard.

(e) Passage of the Annexation Ordinance. -- The municipal governing board shall take into consideration facts presented at the public hearing and shall have authority to amend the report required by G.S. 160A-35 to make changes in the plans for serving the area proposed to be annexed so long as such changes meet the requirements of G.S. 160A-35. At any regular or special meeting held no sooner than the tenth day following the public hearing and not later than 90 days following such public hearing, the governing board shall have authority to adopt an ordinance extending the corporate limits of the municipality to include all, or such part, of the area described in the notice of public hearing which meets the requirements of G.S. 160A-36 and which the governing board has concluded should be annexed. The ordinance shall:

(1) Contain specific findings showing that the area to be annexed meets the requirements of G.S. 160A-36. The external boundaries of the area to be annexed shall be described by metes and bounds. In showing the application of G.S. 160A-36(c) and (d) to the area, the governing board may refer to boundaries set forth on a map of the area and incorporate same by reference as a part of the ordinance.

(2) A statement of the intent of the municipality to provide services to the area being annexed as set forth in the report required by G.S. 160A-35.

(3) A specific finding that on the effective date of annexation the municipality will have funds appropriated in sufficient amount to finance construction of any water and sewer lines found necessary in the report required by G.S. 160A-35 to extend the basic water and/or sewer system of the municipality into the area to be annexed, or that on the effective date of annexation the municipality will have authority to issue bonds in an amount sufficient to finance such construction. If authority to issue such bonds must be secured from the electorate of the municipality prior to the effective date of annexation, then the effective date of annexation shall be no earlier than the day following the statement of the successful result of the bond election.

(4) Fix the effective date for annexation. The effective date of annexation may be fixed for any date not less than 40 days nor more than 400 days from the date of passage of the ordinance.

(f) Effect of Annexation Ordinance. -- Except as provided in subsection (f1) of this section, from ~~From~~ and after the effective date of the annexation ordinance, the territory and its citizens and property shall be subject to all debts, laws, ordinances and regulations in force in such municipality and shall be entitled to the same privileges and benefits as other parts of such municipality. Real and personal property in the newly annexed territory on the January 1 immediately preceding the beginning

of the fiscal year in which the annexation becomes effective is subject to municipal taxes as provided in G.S. 160A-58.10. If the effective date of annexation falls between June 1 and June 30, and the effective date of the privilege license tax ordinance of the annexing municipality is June 1, then businesses in the area to be annexed shall be liable for taxes imposed in such ordinance from and after the effective date of annexation.

(f1) Property Subject to Present-Use Value Appraisal. -- If an area described in an annexation ordinance includes agricultural land, horticultural land, or forestland that on the effective date of annexation is:

(1) Land that is being taxed at present-use value pursuant to G.S. 105-277.4; or

(2) Land that:

a. Was on the date of the resolution of intent for annexation being used for actual production and is eligible for present-use value taxation under G.S. 105-277.4, but the land has not been in use for actual production for the required time under G.S. 105-277.3; and

b. The assessor for the county where the land subject to annexation is located has certified to the city that the land meets the requirements of this subdivision

the annexation becomes effective as to that property pursuant to subsection (f2) of this section.

(f2) Effective Date of Annexation for Certain Property. -- Annexation of property subject to annexation under subsection (f1) of this section shall become effective:

(1) Upon the effective date of the annexation ordinance, the property is considered part of the city only (i) for the purpose of establishing city boundaries for additional annexations pursuant to this Article and (ii) for the exercise of city authority pursuant to Article 19 of this Chapter.

(2) For all other purposes, the annexation becomes effective as to each tract of such property or part thereof on the last day of the month in which that tract or part thereof becomes ineligible for classification pursuant to G.S. 105-227.4 or no longer meets the requirements of subdivision (f1)(2) of this section. Until annexation of a tract or a part of a tract becomes effective pursuant to this subdivision, the tract or part of a tract is not subject to taxation by the city under Article 12 of Chapter 105 of the General Statutes nor is the tract or part of a tract entitled to services provided by the city.

(g) Simultaneous Annexation Proceedings. -- If a municipality is considering the annexation of two or more areas which are all adjacent to the municipal boundary but are not adjacent to one another, it may undertake simultaneous proceedings under authority of this Part for the annexation of such areas.

(h) Remedies for Failure to Provide Services. -- If, not earlier than one year from the effective date of annexation, and not later than 15 months from the effective date of annexation, any person owning property in the annexed territory shall believe that the municipality has not followed through on its service plans adopted under the provisions of G.S. 160A-35(3) and 160A-37(e), such person may apply for a writ of mandamus under the provisions of Article 40, Chapter 1 of the General Statutes. Relief may be granted by the judge of superior court

(1) If the municipality has not provided the services set forth in its plan submitted under the provisions of G.S. 160A-35(3)a on substantially the same basis and in the same manner as such services were provided within the rest of the municipality prior to the effective date of annexation, and

(2) If at the time the writ is sought such services set forth in the plan submitted under the provisions of G.S. 160A-35(3)a are still being provided on substantially the same basis and in the same manner as on the date of annexation of the municipality.

Relief may also be granted by the judge of superior court

(1) If the plans submitted under the provisions of G.S. 160A-35(3)c require the construction of major trunk water mains and sewer outfall lines and

(2) If contracts for such construction have not yet been let.

If a writ is issued, costs in the action, including a reasonable attorney's fee for such aggrieved person, shall be charged to the municipality.

(i) No resolution of intent may be adopted under subsection (a) of this section unless the city council (or a planning agency created or designated under either G.S. 160A-361 or the charter) has, by resolution adopted at least one year prior to adoption of the resolution of intent, identified the area as being under consideration for ~~annexation;~~ annexation and included a statement in the resolution notifying persons subject to the annexation of their rights under subsections (f1) and (f2) of this section; provided, adoption of such resolution of consideration shall not confer prior jurisdiction over the area as to any other city. The area described under the resolution of intent may comprise a smaller area than that identified by the resolution of consideration. The resolution of consideration may have a metes and bounds description or a map, shall remain effective for two years after adoption, and shall be filed with the city clerk. A new resolution of consideration adopted before expiration of the two-year period for a previously adopted resolution covering the same area shall relate back to the date of the previous resolution.

(j) Subsection (i) of this section shall not apply to the annexation of any area if the resolution of intent describing the area and the ordinance annexing the area both provide that the effective date of the annexation shall be at least one year from the date of passage of the annexation ordinance.

(k) If a city fails to deliver police protection, fire protection, solid waste or street maintenance services as provided for in G.S. 160A-35(3)a. within 60 days after the effective date of the annexation, the owner of the property may petition the Local

Government Commission for abatement of taxes to be paid to the city for taxes that have been levied as of the end of the 60-day period, if the petition is filed not more than 90 days after the expiration of the 60-day period. If the Local Government Commission finds that services were not extended by the end of the 60-day period, it shall enter an order directing the city not to levy any further ad valorem taxes on the property until the fiscal year commencing after extension of the municipal services."

Section 8. G.S. 160A-37.2 reads as rewritten:

"**§ 160A-37.2. Assumption of debt.**

(a) If the city has annexed any area which is served by a rural fire department and which is in an insurance district defined under G.S. 153A-233, a rural fire protection district under Article 3A of Chapter 69 of the General Statutes or a fire service district under Article 17 of Chapter 153A of the General Statutes, then upon the effective date of annexation if the city has not contracted with the rural fire department for fire protection, or when the rural fire department ceases to provide fire protection under contract, then the city shall pay annually a proportionate share of any payments due on any debt (including principal and interest) relating to facilities or equipment of the rural fire department, if the debt was existing at the time of adoption of the resolution of intent, with the payments in the same proportion that the assessed valuation of the area of the district annexed bears to the assessed valuation of the entire district on the date the annexation ordinance becomes ~~effective.~~ effective or another date for valuation mutually agreed upon by the city and the fire department.

(b) The city and rural fire department shall jointly present a payment schedule to the Local Government Commission for approval and no payment may be made until such schedule is approved."

Section 9. G.S.160A-37.3 is amended by adding a new subsection to read:

"(h) A firm which has given notice under subsection (a) of this section that it desires to contract, and any firm that the city believes is eligible to give such notice, shall make available to the city not later than ~~five~~ 10 business days following a written request of the ~~city~~ city, sent by certified mail return receipt requested, all information in its possession or control, including but not limited to operational, financial and budgetary information, necessary for the city to determine if the firm qualifies for the benefits of this section and to determine the nature and scope of the potential contract and/or economic loss. The firm forfeits its rights under this section if it fails to make a good faith response within 10 business days following receipt of the written request for information from the city, provided that the city's written request states that statutory rights will be forfeited in the absence of a timely response and includes a specific reference to this section."

Section 10. G.S. 160A-38 reads as rewritten:

"**§ 160A-38. Appeal.**

(a) Within ~~30 days~~ 60 days following the passage of an annexation ordinance under authority of this Part, any person owning property in the annexed territory who shall believe that he will suffer material injury by reason of the failure of the

municipal governing board to comply with the procedure set forth in this Part or to meet the requirements set forth in G.S. 160A-36 as they apply to his property may file a petition in the superior court of the county in which the municipality is located seeking review of the action of the governing board.

(b) Such petition shall explicitly state what exceptions are taken to the action of the governing board and what relief the petitioner seeks. Within ~~five days~~ 10 days after the petition is filed with the court, the person seeking review shall serve copies of the petition by registered mail, return receipt requested, upon the municipality.

(c) Within 15 days after receipt of the copy of the petition for review, or within such additional time as the court may allow, the municipality shall transmit to the reviewing court

(1) A transcript of the portions of the municipal journal or minute book in which the procedure for annexation has been set forth and

(2) A copy of the report setting forth the plans for extending services to the annexed area as required in G.S. 160A-35.

(d) If two or more petitions for review are submitted to the court, the court may consolidate all such petitions for review at a single hearing, and the municipality shall be required to submit only one set of minutes and one report as required in subsection (c).

(e) At any time before or during the review proceeding, any petitioner or petitioners may apply to the reviewing court for an order staying the operation of the annexation ordinance pending the outcome of the review. The court may grant or deny the stay in its discretion upon such terms as it deems proper, and it may permit annexation of any part of the area described in the ordinance concerning which no question for review has been raised.

(f) The court shall fix the date for review of annexation proceedings under this Chapter, which review date shall preferably be within 30 days following the last day for receiving petitions to the end that review shall be expeditious and without unnecessary delays. The review shall be conducted by the court without a jury. The court may hear oral arguments and receive written briefs, and may take evidence intended to show either

(1) That the statutory procedure was not followed or

(2) That the provisions of G.S. 160A-35 were not met, or

(3) That the provisions of G.S. 160A-36 have not been met.

(g) The court may affirm the action of the governing board without change, or it may

(1) Remand the ordinance to the municipal governing board for further proceedings if procedural irregularities are found to have materially prejudiced the substantive rights of any of the petitioners.

(2) Remand the ordinance to the municipal governing board for amendment of the boundaries to conform to the provisions of G.S. 160A-36 if it finds that the provisions of G.S. 160A-36 have not been met; provided, that the court cannot remand the ordinance to

the municipal governing board with directions to add area to the municipality which was not included in the notice of public hearing and not provided for in plans for service.

(3) Remand the report to the municipal governing board for amendment of the plans for providing services to the end that the provisions of G.S. 160A-35 are satisfied.

(4) Declare the ordinance null and void, if the court finds that the ordinance cannot be corrected by remand as provided in subdivisions (1), (2), or (3) of this subsection.

If any municipality shall fail to take action in accordance with the court's instructions upon remand within three months from receipt of such instructions, the annexation proceeding shall be deemed null and void.

(h) Any party to the review proceedings, including the municipality, may appeal to the Court of Appeals from the final judgment of the superior court under rules of procedure applicable in other civil cases. The superior court may, with the agreement of the municipality, permit annexation to be effective with respect to any part of the area concerning which no appeal is being made and which can be incorporated into the city without regard to any part of the area concerning which an appeal is being made.

(i) If part or all of the area annexed under the terms of an annexation ordinance is the subject of an appeal to the superior court, Court of Appeals or Supreme Court on the effective date of the ordinance, then the ordinance shall be deemed amended to make the effective date with respect to such area the last day of the next full calendar month following the date of the final judgment of the superior court, Court of Appeals or Supreme Court, whichever is appropriate, or the date the municipal governing board completes action to make the ordinance conform to the court's instructions in the event of remand. For the purposes of this subsection, a denial of a petition for a rehearing or for discretionary review shall be treated as a final judgement.

(j) The provisions of subsection (i) of this section shall apply to any judicial review authorized in whole or in part by G.S. 160A-37.1(i) or G.S. 160A-37.3(g).

(k) In any proceeding related to an annexation ordinance appeal under this section, a city shall not state a claim for lost property tax revenue caused by the appeal. Nothing in this Article shall be construed to mean that as a result of an appeal a municipality may assert a claim for property tax revenue lost during the pendency of the appeal.

(l) Any settlement agreed to by all parties in an appeal under this section may be presented to the superior court in the county in which the municipality is located. If the superior court, in its discretion, approves the settlement, it shall be binding on all parties without the need for approval by the General Assembly."

Section 11. G.S. 160A-42 reads as rewritten:

"**§ 160A-42. Land estimates.**

In determining degree of land subdivision for purposes of meeting the requirements of G.S. 160A-36, the municipality shall use methods calculated to

provide reasonably accurate results. In determining whether the standards set forth in G.S. 160A-36 have been met on appeal to the superior court under G.S. 160A-38, the reviewing court shall accept the estimates of the ~~municipality.~~ municipality as provided in this section unless the actual total area or degree of subdivision falls below the standards in G.S. 160A-36:

(1) As to total area if the estimate is based on an actual survey, or on county tax maps or records, or on aerial photographs, or on some other reasonably reliable map used for official purposes by a governmental agency unless the petitioners on appeal demonstrate that such estimates are in error in the amount of five percent (5%) or more.

(2) As to degree of land subdivision, if the estimates are based on an actual survey, or on county tax maps or records, or on aerial photographs, or on some other reasonably reliable source, unless the petitioners on appeal show that such estimates are in error in the amount of five percent (5%) or more."

Section 12. G.S. 160A-47 reads as rewritten:

"**§ 160A-47. Prerequisites to annexation; ability to serve; report and plans.**

A municipality exercising authority under this Part shall make plans for the extension of services to the area proposed to be annexed and shall, prior to the public hearing provided for in G.S. 160A-49, prepare a report setting forth such plans to provide services to such area. The report shall include:

(1) A map or maps of the municipality and adjacent territory to show the following information:
   a. The present and proposed boundaries of the municipality.
   b. The present major trunk water mains and sewer interceptors and outfalls, and the proposed extensions of such mains and outfalls as required in subdivision (3) of this section. The water and sewer map must bear the seal of a registered professional engineer.
   c. The general land use pattern in the area to be annexed.

(2) A statement showing that the area to be annexed meets the requirements of G.S. 160A-48.

(3) A statement setting forth the plans of the municipality for extending to the area to be annexed each major municipal service performed within the municipality at the time of annexation. Specifically, such plans shall:
   a. Provide for extending police protection, fire protection, solid waste collection and street maintenance services to the area to be annexed on the date of annexation on substantially the same basis and in the same manner as such services are provided within the rest of the municipality prior to annexation. A contract with a rural fire department to provide fire protection shall be an acceptable method of

providing fire protection. If a water distribution system is not available in the area to be annexed, the plans must call for reasonably effective fire protection services until such time as waterlines are made available in such area under existing municipal policies for the extension of waterlines. A contract with a private firm to provide solid waste collection services shall be an acceptable method of providing solid waste collection services.

b. Provide for extension of major trunk water mains and sewer outfall lines into the area to be annexed so that when such lines are constructed, property owners in the area to be annexed will be able to secure public water and sewer service, according to the policies in effect in such municipality for extending water and sewer lines to individual lots or subdivisions. If requested by the owner of an occupied dwelling unit or an operating commercial or industrial property in writing on a form provided by the municipality, which form acknowledges that such extension or extensions will be made according to the current financial policies of the municipality for making such extensions, and if such form is received by the city clerk ~~not less than 30 days before adoption of the annexation ordinance,~~ no later than five days after the public hearing, provide for extension of water and sewer lines to the property or to a point on a public street or road right-of-way adjacent to the property according to the financial policies in effect in such municipality for extending water and sewer lines. If any such requests are timely made, the municipality shall at the time of adoption of the annexation ordinance amend its report and plan for services to reflect and accommodate such ~~requests.~~ requests, if an amendment is necessary. In areas where the municipality is required to extend sewer service according to its policies, but the installation of sewer is not economically feasible due to the unique topography of the area, the municipality shall provide septic system maintenance and repair service until such time as sewer service is provided to properties similarly situated.

c. If extension of major trunk water mains, sewer outfall lines, sewer lines and water lines is necessary, set forth a proposed timetable for construction of such mains, outfalls and lines as soon as possible following the effective date of annexation. In any event, the plans shall call for construction to be completed within two years of the effective date of annexation.

d. Set forth the method under which the municipality plans to finance extension of services into the area to be annexed.

(4) A statement of the impact of the annexation on any rural fire department providing service in the area to be annexed and a statement of the impact of the annexation on fire protection and fire insurance rates in the area to be annexed, if the area where service is provided is in an insurance district designated under G.S. 153A-233, a rural fire protection district under Article 3A of Chapter 69 of the General Statutes, or a fire service district under Article 16 of Chapter 153A of the General Statutes. The rural fire department shall make available to the city not later than 30 days following a written request from the city all information in its possession or control, including but not limited to operational, financial and budgetary information, necessary for preparation of a statement of impact. The rural fire department forfeits its rights under G.S. 160A-49.1 and G.S. 160A-49.2 if it fails to make a good faith response within 45 days following receipt of the written request for information from the city, provided that the city's written request so states by specific reference to this section.

(5) A statement showing how the proposed annexation will affect the city's finances and services, including city revenue change estimates. This statement shall be delivered to the clerk of the board of county commissioners at least 30 days before the date of the public informational meeting on any annexation under this Part."

Section 13. G.S. 160A-47.1 reads as rewritten:

"**§ 160A-47.1. Limitation on change in financial participation prior to annexation.**

~~No~~ For purposes of the extension of water and sewer services required under G.S. 160A-47, no ordinance or policy substantially diminishing the financial participation of a municipality in the construction of water or sewer facilities required under this Article may apply to an area being annexed unless the ordinance or policy became effective at least 180 days prior to the date of adoption by the municipality of the resolution giving notice of intent to consider annexing the area under G.S. 160A-49(a)."

Section 14. G.S. 160A-48 reads as rewritten:

"**§ 160A-48. Character of area to be annexed.**

(a) A municipal governing board may extend the municipal corporate limits to include any area

(1) Which meets the general standards of subsection (b), and

(2) Every part of which meets the requirements of either subsection (c) or subsection (d).

(b) The total area to be annexed must meet the following standards:

(1) It must be adjacent or contiguous to the municipality's boundaries at the time the annexation proceeding is begun, except if the entire

territory of a county water and sewer district created under G.S. 162A-86(b1) is being annexed, the annexation shall also include any noncontiguous pieces of the district as long as the part of the district with the greatest land area is adjacent or contiguous to the municipality's boundaries at the time the annexation proceeding is begun.

(2) At least one eighth of the aggregate external boundaries of the area must coincide with the municipal boundary.

(3) No part of the area shall be included within the boundary of another incorporated municipality.

(c) Part or all of the area to be annexed must be developed for urban ~~purposes.~~ purposes at the time of approval of the report provided for in G.S. 160A-47. Area of streets and street rights-of-way shall not be used to determine total acreage under this section. An area developed for urban purposes is defined as any area which meets any one of the following standards:

(1) Has a total resident population equal to at least ~~two~~ two and three-tenths persons for each acre of land included within its boundaries; or

(2) Has a total resident population equal to at least one person for each acre of land included within its boundaries, and is subdivided into lots and tracts such that at least sixty percent (60%) of the total acreage consists of lots and tracts ~~five~~ three acres or less in size and such that at least sixty-five percent (65%) of the total number of lots and tracts are one acre or less in size; or

(3) Is so developed that at least sixty percent (60%) of the total number of lots and tracts in the area at the time of annexation are used for residential, commercial, industrial, institutional or governmental purposes, and is subdivided into lots and tracts such that at least sixty percent (60%) of the total acreage, not counting the acreage used at the time of annexation for commercial, industrial, governmental or institutional purposes, consists of lots and tracts ~~five~~ three acres or less in ~~size; or~~ size. For purposes of this section, a lot or tract shall not be considered in use for a commercial, industrial, institutional, or governmental purpose if the lot or tract is used only temporarily, occasionally, or on an incidental or insubstantial basis in relation to the size and character of the lot or tract. For purposes of this section, acreage in use for commercial, industrial, institutional, or governmental purposes shall include acreage actually occupied by buildings or other man-made structures together with all areas that are reasonably necessary and appurtenant to such facilities for purposes of parking, storage, ingress and egress, utilities, buffering, and other ancillary services and facilities; or

(4) Is the entire area of any county water and sewer district created under G.S. 162A-86(b1), but this subdivision only applies to annexation by a municipality if that:
a. Municipality has provided in a contract with that district that the area is developed for urban purposes; and
b. Contract provides for the municipality to operate the sewer system of that county water and sewer district;
provided that the special categorization provided by this subdivision only applies if the municipality is annexing in one proceeding the entire territory of the district not already within the corporate limits of a ~~municipality.~~ municipality; or

(5) Is so developed that, at the time of the approval of the annexation report, all tracts in the area to be annexed are used for commercial, industrial, governmental, or institutional purposes.

(d) In addition to areas developed for urban purposes, a governing board may include in the area to be annexed any area which does not meet the requirements of subsection (c) if such area either:

(1) Lies between the municipal boundary and an area developed for urban purposes so that the area developed for urban purposes is either not adjacent to the municipal boundary or cannot be served by the municipality without extending services and/or water and/or sewer lines through such sparsely developed area; or

(2) Is adjacent, on at least sixty percent (60%) of its external boundary, to any combination of the municipal boundary and the boundary of an area or areas developed for urban purposes as defined in subsection (c).

The purpose of this subsection is to permit municipal governing boards to extend corporate limits to include all nearby areas developed for urban purposes and where necessary to include areas which at the time of annexation are not yet developed for urban purposes but which constitute necessary land connections between the municipality and areas developed for urban purposes or between two or more areas developed for urban purposes. For purposes of this subsection, 'necessary land connection' means an area that does not exceed twenty-five percent (25%) of the total area to be annexed.

(e) In fixing new municipal boundaries, a municipal governing board ~~shall, wherever practical, use natural topographic features such as ridge lines and streams and creeks as boundaries, and may use streets as boundaries.~~ shall use recorded property lines and streets as boundaries. Some or all of the boundaries of a county water and sewer district may also be used when the entire district not already within the corporate limits of a municipality is being annexed.

(f) The area of an abolished water and sewer district shall be considered to be a water and sewer district for the purpose of this section even after its abolition under G.S. 162A-87.2(b)."

Section 15. G.S. 160A-49 reads as rewritten:

"**§ 160A-49. Procedure for annexation.**

(a) Notice of Intent. -- Any municipal governing board desiring to annex territory under the provisions of this Part shall first pass a resolution stating the intent of the municipality to consider annexation. Such resolution shall describe the boundaries of the area under ~~consideration~~ consideration, fix a date for a public informational meeting, and fix a date for a public hearing on the question of ~~annexation, the~~ annexation. The date for the public informational meeting shall be not less than 45 days and not more than 55 days following passage of the resolution. The date for ~~such~~ the public hearing to be not less than ~~45~~ 60 days and not more than 90 days following passage of the resolution.

(b) Notice of Public Hearing. -- The notice of public hearing shall:

(1) Fix the date, hour and place of the public informational meeting and the date, hour, and place of the public hearing.

(2) Describe clearly the boundaries of the area under consideration, and include a legible map of the area.

(3) State that the report required in G.S. 160A-47 will be available at the office of the municipal clerk at least 30 days prior to the date of the public ~~hearing.~~ informational meeting.

(4) Include a notice of a property owner's rights to request water and sewer service in accordance with G.S. 160A-47.

(5) Include an explanation of a property owner's rights pursuant to subsections (f1) and (f2) of this section.

Such notice shall be given by publication once a week for at least two successive weeks prior to the date of the ~~hearing~~ informational meeting in a newspaper having general circulation in the municipality and, in addition thereto, if the area to be annexed lies in a county containing less than fifty percent (50%) of the land area of the municipality, in a newspaper having general circulation in the area of proposed annexation. The period from the date of the first publication to the date of the last publication, both dates inclusive, shall be not less than eight days including Sundays, and the date of the last publication shall be not more than seven days preceding the date of public ~~hearing.~~ informational meeting. If there be no such newspaper, the municipality shall post the notice in at least five public places within the municipality and at least five public places in the area to be annexed for 30 days prior to the date of public ~~hearing.~~ informational meeting. In addition, notice shall be mailed at least four weeks prior to date of the ~~hearing~~ informational meeting by first class mail, postage prepaid to the owners as shown by the tax records of the county of all freehold interests in real property located within the area to be annexed. The person or persons mailing such notices shall certify to the governing board that fact, and such certificate shall become a part of the record of the annexation proceeding and shall be deemed conclusive in the absence of fraud. If the notice is returned to the city by the postal service by the tenth day before the ~~hearing,~~ informational meeting, a copy of the notice shall be sent by certified mail, return receipt requested, at least seven days before the ~~hearing.~~ informational meeting. Failure to comply with the mailing requirements of this subsection shall not invalidate the annexation unless it is

shown that the requirements were not substantially complied with. If the governing board by resolution finds that the tax records are not adequate to identify the owners of some or all of the parcels of real property within the area it may in lieu of the mail procedure as to those parcels where the owners could not be so identified, post the notice at least 30 days prior to the date of public ~~hearing~~ informational meeting on all buildings on such parcels, and in at least five other places within the area to be annexed. In any case where notices are placed on property, the person placing the notices shall certify that fact to the governing board.

(c) Action Prior to ~~Hearing.~~ Informational Meeting. -- At least 30 days before the date of the public ~~hearing,~~ informational meeting, the governing board shall approve the report provided for in G.S. 160A-47, and shall make it available to the public at the office of the municipal clerk. In addition, the municipality may prepare a summary of the full report for public distribution. In addition, the city shall post in the office of the city clerk, at least 30 days before the public ~~hearing,~~ informational meeting, a legible map of the area to be annexed and a list of persons holding freehold interests in property in the area to be annexed that it has identified.

(c1) Public Informational Meeting. -- At the public informational meeting a representative of the municipality shall first make an explanation of the report required in G.S. 160A-47. Following such explanation, all persons resident or owning property in the territory described in the notice of public hearing, and all residents of the municipality, shall be given the opportunity to ask questions and receive answers regarding the proposed annexation.

(d) Public Hearing. -- At the public hearing a representative of the municipality shall first make an explanation of the report required in G.S. 160A-47. Following such explanation, all persons resident or owning property in the territory described in the notice of public hearing, and all residents of the municipality, shall be given an opportunity to be heard.

(e) Passage of the Annexation Ordinance. -- The municipal governing board shall take into consideration facts presented at the public hearing and shall have authority to amend the report required by G.S. 160A-47 to make changes in the plans for serving the area proposed to be annexed so long as such changes meet the requirements of G.S. 160A-47, provided that if the annexation report is amended to show additional subsections of G.S. 160A-48(c) or (d) under which the annexation qualifies that were not listed in the original report, the city must hold an additional public hearing on the annexation not less than 30 nor more than 90 days after the date the report is amended, and notice of such new hearing shall be given at the first public hearing. At any regular or special meeting held no sooner than the tenth day following the public hearing and not later than 90 days following such public hearing, the governing board shall have authority to adopt an ordinance extending the corporate limits of the municipality to include all, or such part, of the area described in the notice of public hearing which meets the requirements of G.S. 160A- 48 and which the governing board has concluded should be annexed. The ordinance shall:

(1) Contain specific findings showing that the area to be annexed meets the requirements of G.S. 160A-48. The external boundaries

of the area to be annexed shall be described by metes and bounds. In showing the application of G.S. 160A- 48(c) and (d) to the area, the governing board may refer to boundaries set forth on a map of the area and incorporate same by reference as a part of the ordinance.

(2) A statement of the intent of the municipality to provide services to the area being annexed as set forth in the report required by G.S. 160A-47.

(3) A specific finding that on the effective date of annexation the municipality will have funds appropriated in sufficient amount to finance construction of any major trunk water mains and sewer outfalls and such water and sewer lines as required in G.S. 160A-47(3)(b) found necessary in the report required by G.S. 160A-47 to extend the basic water and/or sewer system of the municipality into the area to be annexed, or that on the effective date of annexation the municipality will have authority to issue bonds in an amount sufficient to finance such construction. If authority to issue such bonds must be secured from the electorate of the municipality prior to the effective date of annexation, then the effective date of annexation shall be no earlier than the day following the statement of the successful result of the bond election.

(4) Fix the effective date for annexation. The effective date of annexation may be fixed for any date not less than ~~40 days~~ 70 days nor more than 400 days from the date of passage of the ordinance.

(f) Effect of Annexation Ordinance. -- Except as provided in subsection (f1) of this section, from ~~From~~ and after the effective date of the annexation ordinance, the(f) Effect of Annexation Ordinance. -- From and after the effective date of the annexation ordinance, the territory and its citizens and property shall be subject to all debts, laws, ordinances and regulations in force in such municipality and shall be entitled to the same privileges and benefits as other parts of such municipality. Real and personal property in the newly annexed territory on the January 1 immediately preceding the beginning of the fiscal year in which the annexation becomes effective is subject to municipal taxes as provided in G.S. 160A-58.10. Provided that annexed property which is a part of a sanitary district, which has installed water and sewer lines, paid for by the residents of said district, shall not be subject to that part of the municipal taxes levied for debt service for the first five years after the effective date of annexation. If this proviso should be declared by a court of competent jurisdiction to be in violation of any provision of the federal or State Constitution, the same shall not affect the remaining provisions of this Part. If the effective date of annexation falls between June 1 and June 30, and the effective date of the privilege license tax ordinance of the annexing municipality is June 1, then businesses in the area to be annexed shall be liable for taxes imposed in such ordinances from and after the effective date of annexation.

(f1) Property Subject to Present-Use Value Appraisal. -- If an area described in an annexation ordinance includes agricultural land, horticultural land, or forestland that on the effective date of annexation is:

(1) Land that is being taxed at present-use value pursuant to G.S. 105-277.4; or

(2) Land that:

a. Was on the date of the resolution of intent for annexation being used for actual production and is eligible for present-use value taxation under G.S. 105-277.4, but the land has not been in use for actual production for the required time under G.S. 105-277.3; and

b. The assessor for the county where the land subject to annexation is located has certified to the city that the land meets the requirements of this subdivision

the annexation becomes effective as to that property pursuant to subsection (f2) of this section.

(f2) Effective Date of Annexation for Certain Property. -- Annexation of property subject to annexation under subsection (f1) of this section shall become effective:

(1) Upon the effective date of the annexation ordinance, the property is considered part of the city only (i) for the purpose of establishing city boundaries for additional annexations pursuant to this Article and (ii) for the exercise of city authority pursuant to Article 19 of this Chapter.

(2) For all other purposes, the annexation becomes effective as to each tract of such property or part thereof on the last day of the month in which that tract or part thereof becomes ineligible for classification pursuant to G.S. 105-227.4 or no longer meets the requirements of subdivision (f1)(2) of this section. Until annexation of a tract or a part of a tract becomes effective pursuant to this subdivision, the tract or part of a tract is not subject to taxation by the city under Article 12 of Chapter 105 of the General Statutes nor is the tract or part of a tract entitled to services provided by the city.

(g) Simultaneous Annexation Proceedings. -- If a municipality is considering the annexation of two or more areas which are all adjacent to the municipal boundary but are not adjacent to one another, it may undertake simultaneous proceedings under authority of this Part for the annexation of such areas.

(h) Remedies for Failure to Provide Services. -- If, not earlier than one year from the effective date of annexation, and not later than 15 months from the effective date of annexation, any person owning property in the annexed territory shall believe that the municipality has not followed through on its service plans adopted under the provisions of G.S. 160A-47(3) and 160A-49(e), for any required service other than water and sewer services such person may apply for a writ of mandamus under the

provisions of Article 40, Chapter 1 of the General Statutes. Relief may be granted by the judge of superior court

(1) If the municipality has not provided the services set forth in its plan submitted under the provisions of G.S. 160A-47(3)a on substantially the same basis and in the same manner as such services were provided within the rest of the municipality prior to the effective date of annexation, and

(2) If at the time the writ is sought such services set forth in the plan submitted under the provisions of G.S. 160A-47(3)a are still being provided on substantially the same basis and in the same manner as on the date of annexation of the municipality.

If, not earlier than 24 months from the effective date of the annexation, and not later than 27 months from the effective date of the annexation, any person owning property in the annexed area can show that the plans submitted under the provisions of G.S. 160A-47(3)c require the construction of major trunk water mains and sewer outfall lines and if construction has not been completed within two years of the effective date of the annexation, relief may also be granted by the superior court by an order to the municipality to complete such lines and outfalls within a certain time. Similar relief may be granted by the superior court to any owner of property who made a timely request for a water or sewer line, or both, pursuant to G.S. 160A-47(3)b and such lines have not been completed within two years from the effective date of annexation in accordance with applicable city policies and through no fault of the owner, if such owner petitions for such relief not earlier than 24 months following the effective date of annexation and not later than 27 months following the effective date of annexation.

If a writ is issued, costs in the action, including a reasonable attorney's fee for such aggrieved person, shall be charged to the municipality.

(i) No resolution of intent may be adopted under subsection (a) of this section unless the city council (or planning agency created or designated under either G.S. 160A-361 or the charter) has, by resolution adopted at least one year prior to adoption of the resolution of intent, identified the area as being under consideration for ~~annexation;~~ annexation and included a statement in the resolution notifying persons subject to the annexation of their rights under subsections (f1) and (f2) of this section; provided, adoption of such resolution of consideration shall not confer prior jurisdiction over the area as to any other city. The area described under the resolution of intent may comprise a smaller area than that identified by the resolution of consideration. The resolution of consideration may have a metes and bounds description or a map and shall remain effective for two years after adoption, and shall be filed with the city clerk. A new resolution of consideration adopted before expiration of the two-year period for a previously adopted resolution covering the same area shall relate back to the date of the previous resolution.

(j) Subsection (i) of this section shall not apply to the annexation of any area if the resolution of intent describing the area and the ordinance annexing the area both

provide that the effective date of the annexation shall be at least one year from the date of passage of the annexation ordinance.

(k) If a valid request for extension of a water or sewer line has been made under G.S. 160A-47(3)b, and the extension is not complete at the end of two years after the effective date of the annexation ordinance, the owner of the property may petition the Local Government Commission for abatement of taxes to be paid to the city which have not been levied as of the expiration date of the two-year period, if such petition is filed not more than 60 days after the expiration of the two-year period. If the Local Government Commission finds that the extension to the property was not complete by the end of the two-year period, it shall enter an order directing the city not to levy any further ad valorem taxes on the property until the fiscal year commencing after completion of the extension. In addition, if the Local Government Commission found that the extension to the property was not completed by the end of the two-year period, and if it finds that for any fiscal year during the period beginning with the first day of the fiscal year in which the annexation ordinance became effective and ending the last day of the fiscal year in which the two-year period expired, the city made an appropriation for construction, operation or maintenance of a water or sewer system (other than payments the city made as a customer of the system) from the fund or funds for which ad valorem taxes are levied, then the Local Government Commission shall order the city to release or refund an amount of the petitioner's property taxes for that year in question in proportion to the percentage of appropriations in the fund made for water and sewer services. By way of illustration, if a net amount of one hundred thousand dollars ($100,000) was appropriated for water or sewer construction, operation or maintenance from a fund which had total expenditures of ten million dollars ($10,000,000) and the petitioner's tax levy was one thousand dollars ($1,000), the amount of release or refund shall be ten dollars ($10.00).

(l) If a city fails to deliver police protection, fire protection, solid waste or street maintenance services as provided for in G.S. 160A-47(3)a. within 60 days after the effective date of the annexation, the owner of the property may petition the Local Government Commission for abatement of taxes to be paid to the city for taxes that have been levied as of the end of the 60-day period, if the petition is filed not more than 90 days after the expiration of the 60-day period. If the Local Government Commission finds that services were not extended by the end of the 60-day period, it shall enter an order directing the city not to levy any further ad valorem taxes on the property until the fiscal year commencing after extension of the municipal services."

Section 16. G.S. 160A-49.2 reads as rewritten:

"**§ 160A-49.2. Assumption of debt.**

(a) If the city has annexed any area which is served by a rural fire department and which is in an insurance district defined under G.S. 153A-233, a rural fire protection district under Article 3A of Chapter 69 of the General Statutes or a fire service district under Article 16 of Chapter 153A of the General Statutes, then upon the effective date of annexation if the city has not contracted with the rural fire department for fire protection, or when the rural fire department ceases to provide

fire protection under contract, then the city shall pay annually a proportionate share of any payments due on any debt (including principal and interest) relating to facilities or equipment of the rural fire department, if the debt was existing at the time of adoption of the resolution of intent, with the payments in the same proportion that the assessed valuation of the area of the district annexed bears to the assessed valuation of the entire district on the date the annexation ordinance becomes ~~effective.~~ effective or another date for valuation mutually agreed upon by the city and the fire department.

(b) The city and rural fire department shall jointly present a payment schedule to the Local Government Commission for approval and no payment may be made until such schedule is approved."

Section 17. G.S. 160A-49.3(h) reads as rewritten:

"(h) A firm which has given notice under subsection (a) of this section that it desires to contract, and any firm that the city believes is eligible to give such notice, shall make available to the city not later than ~~five~~ 10 business days following a written request of the ~~city~~ city, sent by certified mail return receipt requested, all information in its possession or control, including but not limited to operational, financial and budgetary information, necessary for the city to determine if the firm qualifies for the benefits of this section and to determine the nature and scope of the potential contract and/or economic loss. The firm forfeits its rights under this section if it fails to make a good faith response within 10 business days following receipt of the written request for information from the city, provided that the city's written request so states by specific reference to this section."

Section 18. G.S. 160A-50 reads as rewritten:

"**§ 160A-50. Appeal.**

(a) Within ~~30 days~~ 60 days following the passage of an annexation ordinance under authority of this Part, any person owning property in the annexed territory who shall believe that he will suffer material injury by reason of the failure of the municipal governing board to comply with the procedure set forth in this Part or to meet the requirements set forth in G.S. 160A-48 as they apply to his property may file a petition in the superior court of the county in which the municipality is located seeking review of the action of the governing board.

(b) Such petition shall explicitly state what exceptions are taken to the action of the governing board and what relief the petitioner seeks. Within ~~five days~~ 10 days after the petition is filed with the court, the person seeking review shall serve copies of the petition by registered mail, return receipt requested, upon the municipality.

(c) Within 15 days after receipt of the copy of the petition for review, or within such additional time as the court may allow, the municipality shall transmit to the reviewing court

(1) A transcript of the portions of the municipal journal or minute book in which the procedure for annexation has been set forth and

(2) A copy of the report setting forth the plans for extending services to the annexed area as required in G.S. 160A-47.

(d) If two or more petitions for review are submitted to the court, the court may consolidate all such petitions for review at a single hearing, and the municipality shall be required to submit only one set of minutes and one report as required in subsection (c).

(e) At any time before or during the review proceeding, any petitioner or petitioners may apply to the reviewing court for an order staying the operation of the annexation ordinance pending the outcome of the review. The court may grant or deny the stay in its discretion upon such terms as it deems proper, and it may permit annexation of any part of the area described in the ordinance concerning which no question for review has been raised.

(f) The court shall fix the date for review of annexation proceedings under this Part, which review date shall preferably be within 30 days following the last day for receiving petitions to the end that review shall be expeditious and without unnecessary delays. The review shall be conducted by the court without a jury. The court may hear oral arguments and receive written briefs, and may take evidence intended to show either

(1) That the statutory procedure was not followed, or

(2) That the provisions of G.S. 160A-47 were not met, or

(3) That the provisions of G.S. 160A-48 have not been met.

(g) The court may affirm the action of the governing board without change, or it may

(1) Remand the ordinance to the municipal governing board for further proceedings if procedural irregularities are found to have materially prejudiced the substantive rights of any of the petitioners.

(2) Remand the ordinance to the municipal governing board for amendment of the boundaries to conform to the provisions of G.S. 160A-48 if it finds that the provisions of G.S. 160A-48 have not been met; provided, that the court cannot remand the ordinance to the municipal governing board with directions to add area to the municipality which was not included in the notice of public hearing and not provided for in plans for service.

(3) Remand the report to the municipal governing board for amendment of the plans for providing services to the end that the provisions of G.S. 160A-47 are satisfied.

(4) Declare the ordinance null and void, if the court finds that the ordinance cannot be corrected by remand as provided in subdivisions (1), (2), or (3) of this subsection.

If any municipality shall fail to take action in accordance with the court's instructions upon remand within three months from receipt of such instructions, the annexation proceeding shall be deemed null and void.

(h) Any party to the review proceedings, including the municipality, may appeal to the Court of Appeals from the final judgment of the superior court under rules of procedure applicable in other civil cases. The superior court may, with the agreement

of the municipality, permit annexation to be effective with respect to any part of the area concerning which no appeal is being made and which can be incorporated into the city without regard to any part of the area concerning which an appeal is being made.

(i) If part or all of the area annexed under the terms of an annexation ordinance is the subject of an appeal to the superior court, Court of Appeals or Supreme Court on the effective date of the ordinance, then the ordinance shall be deemed amended to make the effective date with respect to such area the last day of the next full calendar month following the date of the final judgment of the superior court or appellate division, whichever is appropriate, or the date the municipal governing board completes action to make the ordinance conform to the court's instructions in the event of remand. For the purposes of this subsection, a denial of a petition for rehearing or for discretionary review shall be treated as a final judgement.

(j) If a petition for review is filed under subsection (a) of this section or an appeal is filed under G.S. 160A-49.1(g) or G.S. 160A-49.3(g), and a stay is granted, then the time periods of two years, 24 months or 27 months provided in G.S. 160A-47(3)c, 160A-49(h), or 160A-49(j) are each extended by the lesser of the length of the stay or one year for that annexation.

(k) The provisions of subsection (i) of this section shall apply to any judicial review authorized in whole or in part by G.S. 160A-49.1(i) or G.S. 160A-49.3(g).

(l) In any proceeding related to an annexation ordinance appeal under this section, a city shall not state a claim for lost property tax revenue caused by the appeal. Nothing in this Article shall be construed to mean that as a result of an appeal a municipality may assert a claim for property tax revenue lost during the pendency of the appeal.

(m) Any settlement reached by all parties in an appeal under this section may be presented to the superior court in the county in which the municipality is located. If the superior court, in its discretion, approves the settlement, it shall be binding on all parties without the need for approval by the General Assembly."

Section 19. G.S. 160A-54 reads as rewritten:

"**§ 160A-54. Population and land estimates.**

In determining population and degree of land subdivision for purposes of meeting the requirements of G.S. 160A-48, the municipality shall use methods calculated to provide reasonably accurate results. In determining whether the standards set forth in G.S. 160A-48 have been met on appeal to the superior court under G.S. 160A-50, the reviewing court shall accept the estimates of the ~~municipality:~~ municipality unless the actual population, total area, or degree of land subdivision falls below the standards in G.S. 160A-48:

(1) As to population, if the estimate is based on the number of dwelling units in the area multiplied by the average family size in such area, or in the township or townships of which such area is a part, as determined by the last preceding federal decennial census; or if it is based on a new enumeration carried out under reasonable rules and regulations by the annexing municipality;

provided, that the court shall not accept such estimates if the petitioners demonstrate that such estimates are in error in the amount of ten percent (10%) or more.

(2) As to total area if the estimate is based on an actual survey, or on county tax maps or records, or on aerial photographs, or on some other reasonably reliable map used for official purposes by a governmental agency, unless the petitioners on appeal demonstrate that such estimates are in error in the amount of five percent (5%) or more.

(3) As to degree of land subdivision, if the estimates are based on an actual survey, or on county tax maps or records, or on aerial photographs, or on some other reasonably reliable source, unless the petitioners on appeal show that such estimates are in error in the amount of five percent (5%) or more."

Section 20. This act becomes effective November 1, 1998, and applies to annexations for which the resolution of intent is adopted on or after that date. Sections 2 and 3 shall not apply to any incorporation proposal originally presented to the Joint Legislative Commission on Municipal Incorporations prior to the effective date.

MEMORANDUM

To: Members of the House Finance Committee

From: Giles S. Perry, Staff Attorney

Re: House Bill 1361 A BILL TO BE ENTITLED AN ACT TO REVISE THE MUNICIPAL ANNEXATION LAWS AND TO CHANGE THE CRITERIA TO BE CONSIDERED BY THE JOINT LEGISLATIVE COMMISSION ON MUNICIPAL INCORPORATION
House Judiciary II Committee Substitute Favorable 6/24/98

Section 1 requires the property tax assessor to notify the city of property annexed subject to loss of farm use value, as provided in Section 7 and 15 of the bill.

Section 2 changes the criteria to be considered by the Joint Legislative Commission on Municipal Incorporation to allow the Commission to make a positive recommendation on an incorporation within specified distances of existing municipalities, if those municipalities express their approval of the incorporation.

Section 3 adds additional criteria to be considered by the Joint Legislative Commission on Municipal Incorporation – in order to grant a positive recommendation, the area to be incorporated would have to meet the same development standards as provided in the annexation statutes, and the proposed municipality would have to plan to offer at least two of seven listed services.

Section 4 amends the prerequisites to annexation for municipalities of less than 5,000 to allow maintenance of septic systems in lieu of sewer service, if sewer service could not be provided economically, and to require a statement of the effect of the annexation on city finances and services.

Section 5, applicable to municipalities under 5,000, clarifies that the current limitation on changes to municipal water and sewer financial polices only applies for the purposes of extensions required under G.S. 160A-35 for newly annexed areas.

AN EQUAL OPPORTUNITY/AFFIRMATIVE ACTION EMPLOYER

Section 6 amends the statute setting out the character of the area to be annexed by a municipality of less than 5,000. This section:
--requires that the determination of "developed for urban purposes" under the statute must be made by the time of the approval of the annexation report;
--forbids the use of streets and rights-of-way to determine total acreage of the area developed for urban purposes;
--attempts to more clearly define commercial, industrial, institutional, and governmental use;
--authorizes annexation of single commercial, industrial, institutional, and governmental use tracts; and
--changes the restriction of what features can be used as municipal boundaries.

Section 7, applicable to municipalities under 5,000:
--amends the current annexation procedure to require a public informational meeting prior the public hearing, where citizens can ask questions and receive answers;
--requires cities not to tax or provide services to any land in a proposed involuntary annexation that is under farm use value until the land loses that classification;
--requires a statement in the resolution of intent to annex of persons rights concerning farm-use property; and
--authorizes citizens of newly annexed areas to apply to the Local Government Commission for tax relief if the municipality does not provide promised police, fire, solid waste, or street maintenance services.

Section 8, applicable to municipalities under 5,000, authorizes city-rural fire department agreements on valuations for assumed debt.

Section 9, applicable to municipalities under 5,000, requires potential solid waste contractors that have previously expressed interest in contracting with the city to respond within 10 days of a city request for information.

Section 10, applicable to municipalities of less than 5,000:
--extends the time for appeal from 30 to 60 days following passage of the ordinance;
--extends from 5 to 10 days the time of the petitioner to serve the municipality;
--authorizes the court to declare the annexation ordinance null and void, if the court finds that it cannot be corrected on remand; and
--authorizes superior court approval of annexation dispute settlements.

Section 11, applicable to municipalities under 5,000, requires land subdivision estimates used in an annexation to at least meet the minimum requirements of G.S. 160A-36.

Section 12, applicable to municipalities of 5,000 or more:
--requires the opportunity to request water and sewer service be open until five days after the public hearing;
--amends the prerequisites to annexation to allow maintenance of septic systems in lieu of sewer service, if sewer service could not be provided economically; and
--requires a statement of the effect of the annexation on city finances and services.

Section 13, applicable to municipalities of 5,000 or more, clarifies that the current limitation on changes to municipal water and sewer financial polices only applies for the purposes of extensions required under G.S. 160A-47 for newly annexed areas.

Section 14 amends the statute setting out the character of the area to be annexed by a municipality of 5,000 or more. This section:
--requires that the determination of "developed for urban purposes" under the statute must be made by the time of the approval of the annexation report;
--forbids the use of streets and rights-of-way to determine total acreage of the area developed for urban purposes;
--increases the required density under "developed for urban purposes test #1 from 2 to 2.3 persons per acre;
--reduces the required acreage for the lots and tracts under "developed for urban purposes" test #2 and #3 from five to three acres;
--attempts to more clearly define commercial, industrial, institutional, and governmental use;
--authorizes annexation of single commercial, industrial, institutional, and governmental use tracts;
--restricts "necessary land connections to 25% of the area to be annexed; and
--changes the restriction of what features can be used as municipal boundaries.

Section 15, applicable to municipalities of 5,000 of more:
--amends the current annexation procedure to require a public informational meeting prior the public hearing, where citizens can ask questions and receive answers;
--requires notice of the opportunity to request water and sewer service be included in the notice of the public hearing.
--requires cities not to tax or provide services to any land in a proposed involuntary annexation that is under farm use value until the land loses that classification;
--requires a statement in the resolution of intent to annex of persons rights concerning farm-use property;
--authorizes citizens of newly annexed areas to apply to the Local Government Commission for tax relief if the municipality does not provide promised police, fire, solid waste, or street maintenance services; and
--changes time annexation ordinance can become effective, if there was a resolution of consideration, from 70-400 days.

Section 16, applicable to municipalities of 5,000 or more, authorizes city-rural fire department agreements on valuations for assumed debt.

Section 17, applicable to municipalities of 5,000 or more, requires potential solid waste contractors that have previously expressed interest in contracting with the city to respond within 10 days of a city request for information.

Section 18, applicable to municipalities of 5,000:
--extends the time for appeal from 30 to 60 days following passage of the ordinance;
--extends from 5 to 10 days the time of the petitioner to serve the municipality;
--authorizes the court to declare the annexation ordinance null and void, if the court finds that it cannot be corrected on remand; and
--authorizes superior court approval of annexation dispute settlements.

Section 19, applicable to municipalities of 5,000 or more, requires population, area and land subdivision estimates for areas to be annexed to at least meet the minimum requirements of G.S. 160A-48.

Section 20 provides that the bill would become effective November 1 1998 and applies to annexation for which the resolution of intent is adopted on or after that date. The changes to the criteria of the Joint Legislative Commission on Municipal Incorporation would not affect annexation proposals presented to the Commission prior to the effective date

A BILL TO BE ENTITLED

AN ACT TO INCREASE THE PENALTY FOR LATE FILING OF REPORTS BY LOBBYIST AND PRINCIPAL.

The General Assembly of North Carolina enacts:

Section 1. G.S. 120-47.6(d) reads as rewritten:

"(d) When a lobbyist fails to file a lobbying expense report as required herein, the Secretary of State shall send a certified or registered letter advising the lobbyist of the delinquency and the penalties provided by law. Within 20 days of the receipt of the letter, the lobbyist shall deliver or post by United States mail to the Secretary of State the required report and an additional late filing fee of ten dollars ~~($10.00).~~ ($10.00) a day for the first 30 days the report is late and fifty dollars ($50.00) a day for every day thereafter, not to exceed one thousand dollars ($1,000). A lobbyist who is assessed a late filing fee under this section may appeal to the Secretary of State within 10 days of receipt of notice of the assessment seeking a waiver of the assessment for good cause shown. Good cause shall consist of excusable neglect, unavoidable delay, or impossibility of performance.

Filing of the required report and payment of the additional fee within the time extended shall constitute compliance with this section. Failure to file an expense report in one of the manners prescribed herein shall result in revocation of any and all registrations of a lobbyist under this Article. No lobbyist may register or reregister under this Article until he has fully complied with this section."

Section 2. G.S. 120-47.7(d) reads as rewritten:

"(d) When a lobbyist's principal fails to file a lobbying expense report as required herein, the Secretary of State shall send a certified or registered letter advising the lobbyist's principal of the delinquency and the penalties provided by law. Filing of the required report and payment of the late fee within the time extended shall constitute compliance with this section."

Section 3. This act becomes effective January 1, 1999.

EXPLANATION OF SENATE BILL 649 (2d Ed):
Lobbyist Penalty

TO: House Finance Committee
FROM: Martha Walston, Committee Counsel
DATE: June 24, 1998
SPONSOR: Senator Miller

Senate Bill 649 increases the penalty for late filing of lobbying expense reports by lobbyists and lobbyists' principals for reports filed more than 30 days late. The current law only requires an additional $10 late filing fee. The bill is a recommendation of the Secretary of State's office and passed the Senate during the Long Session. The bill has been given a favorable report by the House Committee on Ethics.

Section 1 of the bill amends the penalties applicable to lobbyists who fail to file their required lobbying expense reports on time. Under this section a lobbyist would be required to pay $10 for a report which is less than 30 days late. After 30 days, the penalty increases to $50 per day up to a maximum of $1,000. An appeal process to seek a waiver of the penalty is provided, where excusable neglect, unavoidable delay, or impossibility of performance can be shown as good cause justifying the delay. This appeal is made to the Secretary of State.

Section 2 amends the penalties applicable to lobbyist's principals who fail to file their required lobbying expense reports on time in the same manners as is being amended for lobbyists. A principal means the entity in whose behalf the lobbyist influences or attempts to influence legislative action.

Current law requires a lobbyist and a lobbyist's principal to file an expense report with the Secretary of State within 60 days after the last day of the regular session. The report must include all expenditures made between January 1 and the last day of the regular session. The report must also show the date of each expenditure, to whom paid, the name of any legislator benefitting from the expenditure and the amount of each expenditure made in connection with lobbying in the categories of transportation, lodging, entertainment, food, any item having a cash equivalent value of more than $25 and contributions made or promised. If more than 10 legislators benefitted or were invited to benefit from an expenditure, the lobbyist is only required to report the number of legislators or, with particularity, the basis for their selection.

The bill has been given a favorable report by the House Committee on Ethics.

Section 1 of the bill amends the penalties applicable to lobbyists who fail to file their required lobbying expense reports on time. Under this section a lobbyist would be required to pay $10 for a report which is less than 30 days late. After 30 days, the penalty increases to $50 per day up to a maximum of $1,000. An appeal process to seek a waiver of the penalty is provided, where excusable neglect, unavoidable delay, or impossibility of performance can be shown as good cause justifying the delay. This appeal is made to the Secretary of State.

Section 2 amends the penalties applicable to lobbyist's principals who fail to file their required lobbying expense reports on time in the same manners as is being amended for lobbyists. A principal means the entity in whose behalf the lobbyist influences or attempts to influence legislative action.

Current law requires a lobbyist and a lobbyist's principal to file an expense report with the Secretary of State within 60 days after the last day of the regular session. The report must include all expenditures made between January 1 and the last day of the regular session. The report must also show the date of each expenditure, to whom paid, the name of any legislator benefitting from the expenditure and the amount of each expenditure made in connection with lobbying in the categories of transportation, lodging, entertainment, food, any item having a cash equivalent value of more than $25 and contributions made or promised. If more than 10 legislators benefitted or were invited to benefit from an expenditure, the lobbyist is only required to report the number of legislators or, with particularity, the basis for their selection.

ROOM 544-LOB

Rep. Gray called the meeting to order and introduced the Pages and Sgt.-at-Arms staff. A silent roll was taken, (roll list denotes members present).

SB-1569 ECONOMIC OPPORTUNITY ACT OF 1998

Rep. Brawley moved for adoption of the Proposed Committee Substitute for discussion. So moved. Sen. Hoyle explained the bill. Rep. Berry commented about the bill and asked Mr. David Crotts, Fiscal Research Division, about the fiscal note. After his explanation, she requested the bill be displaced due to incomplete fiscal information. Chairman Gray denied the request and explained why. Rep. Berry asked to be recorded as raising an objection. Chairman Gray spoke again. Sen. Hoyle addressed Rep. Berry's comments. Rep. Womble had a series of questions for Sen. Hoyle to which he responded. Rep. Womble was concerned about lay-off policies and minority hiring. Rep. Hackney questioned Sen. Hoyle about paying taxes for the recycling portion of the bill. Sen. Hoyle and Mr. Crotts responded. Rep. Hackney questioned further about who the taxes will be paid to, state, local or federal. Ms. Harris replied. Rep. Hackney asked about being paid to Guilford Co. Sen. Hoyle responded. Chairman Gray read a memo which explained the FedEx property tax. Rep. Starnes asked for a list of cities this will effect in development zones. Sen. Hoyle advised he will provide this list. Rep. Hightower questioned taxing of electricity. Sen. Hoyle and Ms. Harris responded. Rep. Hightower wants to how this will help his towns in his district. Sen. Hoyle advised it would help the entire state. Chairman Gray provided Rep. Hightower with his tiers for his district. Rep. Cunningham had concerns and Sen. Hoyle addressed these. Rep. Jarrell spoke about the bidding process of the bill. She would offer an amendment if necessary for this. Rep. Goodwin commended the work done on this bill, however he requests that the state continue to take care of our rural areas of the state. He will support this bill. Rep. Neely questioned Ms. Harris about constitutionality and the sunsets. She and Sen. Hoyle responded. Rep. Luebke commented on the exemption of taxes. Sen. Hoyle responded to his comments.

Time expired and the chairman announced we would continue discussion 30 minutes after session this afternoon. The meeting adjourned at 9:50 a.m.

Chairman Gray called the meeting back to order at 3:00 p.m. Rep. Jarrell was recognized for the amendment she spoke of in the morning meeting. After it was sent forth, she withdrew it and reserved the right to forward it later if necessary.

Chairman Gray announced the Senate was still in session and a vote would not be taken until the sponsor could return to our meeting. He turned the meeting over to Rep. C. Wilson and he explained the Economic Opportunity Act of 1998 handout. (copy attached).

Rep. Luebke questioned Secretary Rick Carlisle, Department of Commerce and he responded. Rep. Brown questioned Rep. Gray and staff. Rep. Gray and Ms. Harris answered his inquiries. Rep. Decker questioned staff about language for the effective dates. Ms. Harris replied. Rep. Beall questioned the development zones in his district. Rep. Gray answered and Rep. Beall will support the bill. Rep. Berry asked about the unemployment rate for Hertford County and the difference in the House and Senate bills. Rep. Gray and Ms. Harris answered her inquiry. Rep. Berry continued with questions for staff regarding the FedEx hub. Rep. Womble questioned Sec. Carlisle about SB-396 and enterprise zones and incentives for expanding neighborhoods. Sec. Carlisle answered. Rep. Womble also asked about the hiring practice of minorities and females. He thanked Sec. Carlisle for providing the information he had requested and he was pleased to see that citizens of NC were being helped. He will support the bill. Rep. Cunningham spoke on the bill and supports it. Rep. Miller wanted an explanation for tax credits and Ms. Harris answered. Rep. Mercer questioned Sec. Carlisle about lowering the threshold. He responded. Rep. Capps asked if FedEx and NuCor were unionized. Sec. Carlisle will get this information. Rep. Berry questioned the credit caps. Ms. Harris answered. Rep. Berry continued with a series of question to which Ms. Harris and Sec. Carlisle answered.

Rep. Hunter sent forth an amendment and explained. Sen. Hoyle supports the amendment. Rep. Carpenter asked the amendment sponsor a question and he answered. The vote was taken and the amendment was adopted.

Rep. Daughtry moved for a favorable report, unfavorable to the original bill.

Rep. Berry sent forth an amendment and explained. Sen. Hoyle responded to the amendment. Rep. McMahan opposed the amendment. Rep. Hunter also opposed the amendment. Rep. Baddour urged defeat. Rep. Wood also spoke. Sen. Hoyle spoke a second time on the amendment. Rep. Berry spoke a second time on her amendment . She asked that Mr. David Clegg, Employment Security Commission address members. She asked him a series of questions to which he responded. Rep. Berry then called the question. The vote on call the question passed. The vote on the amendment was taken and the amendment was defeated.

Rep. Boyd-McIntyre spoke on the bill regarding the third runway. She had a series of questions to which Sen. Hoyle responded. Sec. Carlisle made additional comments and advised that his Department had no contact with the Airport Authority. Rep. Miller spoke on the bill. Rep. Daughtry called the question. The vote was taken on call the question and passed with an objection from Rep. Berry. The vote was taken to give the bill a favorable report, unfavorable to the original bill and passed.

The meeting adjourned at 5:15 p.m.

~~(8) Warehousing and distribution. -- Defined in the Standard Industrial Classification Manual issued by the United States Office of Management and Budget.~~

"§ 105-129.3. (Repealed effective January 1, 2002) Enterprise tier designation.

(a) Tiers Defined. -- An enterprise tier one area is a county whose enterprise factor is one of the 10 highest in the State. An enterprise tier two area is a county whose enterprise factor is one of the next 15 highest in the State. An enterprise tier three area is a county whose enterprise factor is one of the next 25 highest in the State. An enterprise tier four area is a county whose enterprise factor is one of the next 25 highest in the State. An enterprise tier five area is any area that is not in a lower-numbered enterprise tier.

(b) Annual Designation. -- Each year, on or before December 31, the Secretary of Commerce shall assign to each county in the State an enterprise factor that is the sum of the following:

(1) The county's rank in a ranking of counties by average rate of unemployment from lowest to highest, for the preceding three years.

(2) The county's rank in a ranking of counties by average per capita income from highest to lowest, for the preceding three years.

(3) The county's rank in a ranking of counties by percentage growth in population from highest to lowest.

The Secretary of Commerce shall then rank all the counties within the State according to their enterprise factor from highest to lowest, identify all the areas of the State by enterprise tier, and provide this information to the Secretary of Revenue. An enterprise tier designation is effective only for the calendar year following the designation.

In measuring rates of unemployment and per capita income, the Secretary shall use the latest available data published by a State or federal agency generally recognized as having expertise concerning the data. In measuring population growth, the Secretary shall use the most recent estimates of population certified by the State Planning Officer.

(c) Exception for Enterprise Tier One Areas. -- Notwithstanding the provisions of this section, an enterprise tier one area may not be redesignated as a higher-

numbered enterprise tier area until it has been an enterprise tier one area for at least two consecutive years.

"§ 105-129.3A. Development zone designation.

(a) Development Zone Defined. -- A development zone is an area comprised of one or more contiguous census tracts, census block groups, or both in the most recent federal decennial census that meets all of the following conditions:

(1) It is located in whole or in part in a city with a population of more than 5,000 according to the most recent annual population estimates certified by the State Planning Officer.

(2) It has a population of 1,000 or more according to the most recent annual population estimates certified by the State Planning Officer.

(3) More than twenty percent (20%) of its population is below the poverty level according to the most recent federal decennial census.

(b) Designation. -- Upon request of a taxpayer or a local government, the Secretary of Commerce shall designate whether an area is a development zone that meets the conditions of subsection (a) of this section. A development zone designation is effective for 48 months following the designation.

(c) Relationship With Enterprise Tiers. -- For the purpose of the wage standard requirement of G.S. 105-129.3(b), the credit for investing in machinery and equipment allowed in G.S. 105-129.9, and the credit for worker training allowed in G.S. 105-129.11, a development zone is considered an enterprise tier one area. For all other purposes, a development zone has the same enterprise tier designation as the county in which it is located.

"§ 105-129.4. (Repealed effective January 1, 2002) Eligibility; forfeiture.

(a) Type of Business. -- A taxpayer is eligible for a credit allowed by G.S. 105-129.12 if the real property for which the credit is claimed is used for a central administrative office that creates at least 40 new jobs. A taxpayer is eligible for the other credits allowed by this Article if the taxpayer engages in one of the following types of businesses and the jobs with respect to which a credit is claimed are created in that business, the machinery and equipment with respect to which a credit is claimed are used in that business, and the research and development for which a credit is claimed are carried out as part of that business:

(1) Air courier services.

(2) Central administrative office that creates at least 40 new jobs.

(3) Data processing.

(4) ~~Manufacturing or processing.~~ Manufacturing.

(5) Warehousing or ~~distribution.~~ wholesale trade.

(a1) Central Administrative Office. -- A central administrative office creates at least 40 new jobs ~~if, during the taxable year the taxpayer first uses the property as a central administrative office,~~ if the taxpayer hires at least 40 additional full-time employees to fill new positions at the ~~office.~~ office either in the year the taxpayer first uses the property as a central administrative office or in the preceding 24 months while using temporary space for the central administrative office functions during

completion of the administrative office property. Jobs transferred from one area in the State to another area in the State are not considered new jobs for purposes of this subsection.

(b) Wage Standard. -- A taxpayer is eligible for the credit for creating jobs or the credit for worker training if the jobs for which the credit is claimed meet the wage standard at the time the taxpayer applies for the credit. A taxpayer is eligible for the credit for investing in machinery and equipment, the credit for research and development, or the credit for investing in real property for a central administrative office if the jobs at the location with respect to which the credit is claimed meet the wage standard at the time the taxpayer applies for the credit. Jobs meet the wage standard if they pay an average weekly wage that is at least equal to the applicable percentage times the applicable average weekly wage for the county in which the jobs will be located, as computed by the Secretary of Commerce from data compiled by the Employment Security Commission for the most recent period for which data are available. The applicable percentage for jobs located in an enterprise tier one area is one hundred percent (100%). The applicable percentage for all other jobs is one hundred ten percent (110%). The applicable average weekly wage is the lowest of the following: (i) the average wage for all insured private employers in the county, (ii) the average wage for all insured private employers in the State, and (iii) the average wage for all insured private employers in the county multiplied by the county income/wage adjustment factor. The county income/wage adjustment factor is the county income/wage ratio divided by the State income/wage ratio. The county income/wage ratio is average per capita income in the county divided by the annualized average wage for all insured private employers in the county. The State income/wage ratio is the average per capita income in the State divided by the annualized average wage for all insured private employers in the State.

(b1) Large Investment. -- A taxpayer who is otherwise eligible for a tax credit under this Article becomes eligible for the large investment enhancements provided for credits under this Article if the Secretary of Commerce certifies that the taxpayer will purchase or lease, and place in service in connection with the eligible business within a two-year period, at least one hundred fifty million dollars ($150,000,000) worth of one or more of the following: real property, machinery and equipment, or central administrative office property. If the taxpayer fails to make the level of investment certified within this two-year period, the taxpayer forfeits the large investment enhancements as provided in subsection (d) of this section.

~~(c) Worker Training. -- A taxpayer is eligible for the tax credit for worker training only for training workers who occupy jobs for which the taxpayer is eligible to claim an installment of the credit for creating jobs or which are full-time positions at a location with respect to which the taxpayer is eligible to claim an installment of the credit for investing in machinery and equipment for the taxable year.~~

~~The credit for worker training is allowed only with respect to employees in positions not classified as exempt under the Fair Labor Standards Act, 29 U.S.C. § 213(a)(1) and for expenditures for training that would be eligible for expenditure or reimbursement under the Department of Community Colleges' New and Expanding~~

~~Industry Program, as determined by guidelines adopted by the State Board of Community Colleges. The credit is not allowed for expenditures that are paid or reimbursed by the New and Expanding Industry Program. To establish eligibility, the taxpayer must obtain as part of the application process under G.S. 105-129.6 the certification of the Department of Community Colleges that the taxpayer's planned worker training would satisfy the requirements of this paragraph. A taxpayer shall apply to the Department of Community Colleges for this certification. The application must be on a form provided by the Department of Community Colleges, must provide a detailed plan of the worker training to be provided, and must contain any information required by the Department of Community Colleges to determine whether the requirements of this paragraph will be satisfied. If the Department of Community Colleges determines that the planned worker training meets the requirements of this paragraph, the Department of Community Colleges shall issue a certificate describing the location with respect to which the credit is claimed and stating that the planned worker training meets the requirements of this paragraph. The State Board of Community Colleges may adopt rules in accordance with Chapter 150B of the General Statutes that are needed to carry out its responsibilities under this paragraph.~~

(d) Forfeiture. -- A taxpayer forfeits a credit allowed under this Article if the taxpayer was not eligible for the credit at the time the taxpayer applied for the credit. In addition, a taxpayer forfeits a large investment enhancement of a tax credit if the taxpayer fails to make the level of investment certified by the Secretary of Commerce under subsection (b1) of this section within the required two-year period. A taxpayer that forfeits a credit under this Article is liable for all past taxes avoided as a result of the credit plus interest at the rate established under G.S. 105-241.1(i), computed from the date the taxes would have been due if the credit had not been allowed. The past taxes and interest are due 30 days after the date the credit is forfeited; a taxpayer that fails to pay the past taxes and interest by the due date is subject to the penalties provided in G.S. 105-236. If a taxpayer forfeits the credit for creating jobs or the credit for investing in machinery and equipment, the taxpayer also forfeits any credit for worker training claimed for the jobs for which the credit for creating jobs was claimed or the jobs at the location with respect to which the credit for investing in machinery and equipment was claimed.

(e) Change in Ownership of Business. -- The sale, merger, acquisition, or bankruptcy of a business, or any ~~other~~ transaction by which an existing business reformulates itself as another business, does not create new eligibility in a succeeding business with respect to credits for which the predecessor was not eligible under this Article. A successor business may, however, take any installment of or carried-over portion of a credit that its predecessor could have taken if it had a tax liability. The acquisition of a business is a new investment that creates new eligibility in the acquiring taxpayer under this Article if any of the following conditions are met:

(1) The business closed before it was acquired.

(2) The business was required to file a notice of plant closing or mass layoff under the federal Worker Adjustment and Retraining Notification Act, 29 U.S.C. § 2102, before it was acquired.

(3) The business was acquired by its employees through an employee stock option transaction or another similar mechanism.

"**§ 105-129.5. (Repealed effective January 1, 2002) Tax election; cap.**

(a) Tax Election. -- The credits provided in this Article are allowed against the franchise tax levied in Article 3 of this Chapter and the income taxes levied in Article 4 of this Chapter. The credit for investing in central administrative office property provided in G.S. 105-129.12 is also allowed against the gross premiums tax levied in Article 8B of this Chapter. The taxpayer shall elect the tax against which a credit will be claimed when filing the return on which the first installment of the credit is claimed. This election is binding. Any carryforwards of the credit must be claimed against the same tax.

(b) Cap. -- The credits allowed under this Article may not exceed fifty percent (50%) of the tax against which they are claimed for the taxable year, reduced by the sum of all other credits allowed against that tax, except tax payments made by or on behalf of the taxpayer. This limitation applies to the cumulative amount of credit, including carryforwards, claimed by the taxpayer under this Article against each tax for the taxable year. Any unused portion of ~~the~~ a credit with respect to a large investment may be carried forward for the succeeding ~~five years.~~ 20 years. Any unused portion of any other credit may be carried forward for the succeeding five years.

"**§ 105-129.6. (Repealed effective January 1, 2002) Application; reports.**

(a) Application. -- To claim the credits allowed by this Article, the taxpayer must provide with the tax return the certification of the Secretary of Commerce that the taxpayer meets all of the eligibility requirements of G.S. 105-129.4 with respect to each credit. A taxpayer shall apply to the Secretary of Commerce for certification of eligibility. The application must be on a form provided by the Secretary of Commerce and must contain any information necessary for the Secretary of Commerce to determine whether the taxpayer meets the eligibility requirements. If the Secretary of Commerce determines that the taxpayer meets all of the eligibility requirements of G.S. 105-129.4 with respect to a credit, the Secretary shall issue a certificate describing the location with respect to which the credit is claimed, outlining the eligibility requirements for the credit, and stating that the taxpayer meets the eligibility requirements. If the Secretary of Commerce determines that the taxpayer does not meet all of the eligibility requirements of G.S. 105-129.4 with respect to a credit, the Secretary must advise the taxpayer in writing of the eligibility requirements the taxpayer fails to meet. The Secretary of Commerce may adopt rules in accordance with Chapter 150B of the General Statutes that are needed to carry out the Secretary of Commerce's responsibilities under this section.

(a1) Fee. -- When filing an application for certification under this section, the taxpayer must pay the Department of Commerce a fee of seventy-five dollars

($75.00). Fees collected under this subsection are receipts of the Department of Commerce.

(b) Reports. -- The Department of Commerce shall report to the Department of Revenue and to the Fiscal Research Division of the General Assembly by May 1 of each year the following information for the 12-month period ending the preceding April 1:

(1) The number of applications for each credit allowed in this Article.

(2) The number and enterprise tier area of new jobs with respect to which credits were applied for.

(3) The cost of machinery and equipment with respect to which credits were applied for.

"§ 105-129.7. (Repealed effective January 1, 2002) Substantiation.

To claim a credit allowed by this Article, the taxpayer must provide any information required by the Secretary of Revenue. Every taxpayer claiming a credit under this Article shall maintain and make available for inspection by the Secretary of Revenue any records the Secretary considers necessary to determine and verify the amount of the credit to which the taxpayer is entitled. The burden of proving eligibility for the credit and the amount of the credit shall rest upon the taxpayer, and no credit shall be allowed to a taxpayer that fails to maintain adequate records or to make them available for inspection.

"§ 105-129.8. (Repealed effective January 1, 2002) Credit for creating jobs.

(a) Credit. -- A taxpayer that meets the eligibility requirements set out in G.S. 105-129.4, has five or more employees for at least 40 weeks during the taxable year, and hires an additional full-time employee during that year to fill a position located in this State is allowed a credit for creating a new full-time job. The amount of the credit for each new full-time job created is set out in the table below and is based on the enterprise tier of the area in which the position is ~~located.~~ located. In addition, if the position is located in a development zone, the amount of the credit is increased by four thousand dollars ($4,000) per job.

Area Enterprise Tier	Amount of Credit
Tier One	$12,500
Tier Two	4,000
Tier Three	3,000
Tier Four	1,000
Tier Five	500

A position is located in an area if more than fifty percent (50%) of the employee's duties are performed in the area. The credit may not be taken in the taxable year in which the additional employee is hired. Instead, the credit shall be taken in equal installments over the four years following the taxable year in which the additional employee was hired and shall be conditioned on the continued employment by the taxpayer of the number of full-time employees the taxpayer had upon hiring the employee that caused the taxpayer to qualify for the credit.

If, in one of the four years in which the installment of a credit accrues, the number of the taxpayer's full-time employees falls below the number of full-time employees

the taxpayer had in the year in which the taxpayer qualified for the credit, the credit expires and the taxpayer may not take any remaining installment of the credit. The taxpayer may, however, take the portion of an installment that accrued in a previous year and was carried forward to the extent permitted under G.S. 105-129.5.

Jobs transferred from one area in the State to another area in the State shall not be considered new jobs for purposes of this section. If, in one of the four years in which the installment of a credit accrues, the position filled by the employee is moved to an area in a higher- or lower-numbered enterprise tier, or is moved from a development zone to an area that is not a development zone, the remaining installments of the credit shall be calculated as if the position had been created initially in the area to which it was moved.

(b) Repealed by Session Laws 1989, c. 111, s. 1.

(b1), (c) Repealed by Session Laws 1996, Second Extra Session, c. 13, s. 3.3.

(d) Planned Expansion. -- A taxpayer that signs a letter of commitment with the Department of Commerce to create at least twenty new full-time jobs in a specific area within two years of the date the letter is signed qualifies for the credit in the amount allowed by this section based on the area's enterprise tier and development zone designation for that year even though the employees are not hired that year. The credit shall be available in the taxable year after at least twenty employees have been hired if the hirings are within the two-year commitment period. The conditions outlined in subsection (a) apply to a credit taken under this subsection except that if the area is redesignated to a higher-numbered enterprise tier or loses its development zone designation after the year the letter of commitment was signed, the credit is allowed based on the area's enterprise tier and development zone designation for the year the letter was signed. If the taxpayer does not hire the employees within the two-year period, the taxpayer does not qualify for the credit. However, if the taxpayer qualifies for a credit under subsection (a) in the year any new employees are hired, the taxpayer may take the credit under that subsection.

(e), (f) Repealed by Session Laws 1996, Second Extra Session, c. 13, s. 3.3 for taxable years beginning on or after January 1, 1996.

"**§ 105-129.9. (Repealed effective January 1, 2002) Credit for investing in machinery and equipment.**

(a) Credit. -- If a taxpayer that has purchased or leased eligible machinery and equipment places it in service in this State during the taxable year, the taxpayer is allowed a credit equal to seven percent (7%) of the excess of the eligible investment amount over the applicable threshold. Machinery and equipment is eligible if is capitalized by the taxpayer for tax purposes under the Code and is not leased to another party. In addition, in the case of a large investment, machinery and equipment that is not capitalized by the taxpayer is eligible if the taxpayer leases it from another party. The credit may not be taken for the taxable year in which the equipment is placed in service but shall be taken in equal installments over the seven years following the taxable year in which the equipment is placed in service.

(b) Eligible Investment Amount. -- The eligible investment amount is the lesser of (i) the cost of the eligible machinery and equipment and (ii) the amount by which the

cost of all of the taxpayer's eligible machinery and equipment that is in service in this State on the last day of the taxable year exceeds the cost of all of the taxpayer's eligible machinery and equipment that was in service in this State on the last day of the base year. The base year is that year, of the three immediately preceding taxable years, in which the taxpayer had the most eligible machinery and equipment in service in this State.

(c) Threshold. -- The applicable threshold is the appropriate amount set out in the following table based on the enterprise tier of the area where the eligible machinery and equipment are placed in service during the taxable year. If the taxpayer places eligible machinery and equipment in service in more than one area during the taxable year, the threshold applies separately to the eligible machinery and equipment placed in service in each area. If the taxpayer places eligible machinery and equipment in service in an area over the course of a two-year period, the applicable threshold for the second taxable year is reduced by the eligible investment amount for the previous taxable year.

Area Enterprise Tier	Threshold
Tier One	$ -0-
Tier Two	100,000
Tier Three	200,000
Tier Four	500,000
Tier Five	1,000,000

(d) Expiration. -- If, in one of the seven years in which the installment of a credit accrues, the machinery and equipment with respect to which the credit was claimed are disposed of, taken out of service, or moved out of State, the credit expires and the taxpayer may not take any remaining installment of the credit. The taxpayer may, however, take the portion of an installment that accrued in a previous year and was carried forward to the extent permitted under G.S. 105-129.5.

If, in one of the seven years in which the installment of a credit accrues, the machinery and equipment with respect to which the credit was claimed are moved to an area in a higher-numbered enterprise tier, or are moved from a development zone to an area that is not a development zone, the remaining installments of the credit are allowed only to the extent they would have been allowed if the machinery and equipment had been placed in service initially in the area to which they were moved.

(e) Planned Expansion. -- A taxpayer that signs a letter of commitment with the Department of Commerce to place specific eligible machinery and equipment in service in an area within two years after the date the letter is signed may, in the year the eligible machinery and equipment are placed in service in that area, calculate the credit for which the taxpayer qualifies based on the area's enterprise tier and development zone designation for the year the letter was signed. All other conditions apply to the credit, but if the area has been redesignated to a higher-numbered enterprise tier or has lost its development zone designation after the year the letter of commitment was signed, the credit is allowed based on the area's enterprise tier and development zone designation for the year the letter was signed. If the taxpayer does not place part or all of the specified eligible machinery and equipment in service

within the two-year period, the taxpayer does not qualify for the benefit of this subsection with respect to the machinery and equipment not placed in service within the two-year period. However, if the taxpayer qualifies for a credit in the year the eligible machinery and equipment are placed in service, the taxpayer may take the credit for that year as if no letter of commitment had been signed pursuant to this subsection.

"§ 105-129.10. (Repealed effective January 1, 2002) Credit for research and development.

(a) General Credit. -- A taxpayer that claims for the taxable year a federal income tax credit under section ~~41~~ 41(a) of the Code for increasing research activities is allowed a credit equal to five percent (5%) of the State's apportioned share of the taxpayer's expenditures for increasing research activities. The State's apportioned share of a taxpayer's expenditures for increasing research activities is the excess of the taxpayer's qualified research expenses for the taxable year over the base amount, as determined under section 41 of the Code, multiplied by a percentage equal to the ratio of the taxpayer's qualified research expenses in this State for the taxable year to the taxpayer's total qualified research expenses for the taxable year.

(b) Alternative Credit. -- A taxpayer that claims the alternative incremental credit under section 41(c)(4) of the Code for increasing research activities is allowed a credit equal to twenty-five percent (25%) of the State's apportioned share of the federal credit claimed. The State's apportioned share of the federal credit claimed is the amount of the alternative incremental credit the taxpayer claimed under section 41(c)(4) of the Code for the taxable year multiplied by a percentage equal to the ratio of the taxpayer's qualified research expenses in this State for the taxable year to the taxpayer's total qualified research expenses for the taxable year. For the purpose of this subsection, the amount of the alternative incremental credit claimed by a taxpayer is determined without regard to any reduction elected under section 280C(c) of the Code.

(c) Definitions. -- As used in this section, the terms 'qualified research expenses' and 'base amount' have the meaning provided in section 41 of the Code.

"§ 105-129.11. (Repealed effective January 1, 2002) Credit for worker training.

(a) Credit. -- A taxpayer that provides worker training for five or more of its eligible employees during the taxable year is allowed a credit equal to ~~fifty percent (50%) of its eligible expenditures for~~ the wages paid to the eligible employees during the training. Wages paid to an employee performing his or her job while being trained are not eligible for the credit. For positions located in an enterprise tier one area, the credit may not exceed one thousand dollars ($1,000) per employee trained during the taxable year. For other positions, the credit may not exceed five hundred dollars ($500.00) per employee trained during the taxable year. A position is located in an area if more than fifty percent (50%) of the employee's duties are performed in the area.

(b) Eligibility. -- ~~The eligibility of a taxpayer's expenditures and employees is determined as provided in G.S. 105-129.4.~~ An employee is eligible if the employee is

in a full-time position not classified as exempt under the Fair Labor Standards Act, 29 U.S.C. § 213(a)(1) and meets one or more of the following conditions:

(1) The employee occupies a job for which the taxpayer is eligible to claim an installment of the credit for creating jobs.

(2) The employee is being trained to operate machinery and equipment for which the taxpayer is eligible to claim an installment of the credit for investing in machinery and equipment.

"§ 105-129.12. (Repealed effective January 1, 2002) Credit for investing in central administrative office property.

(a) Credit. -- If a taxpayer that has purchased or leased real property in this State begins to use the property as a central administrative office during the taxable year, the taxpayer is allowed a credit equal to seven percent (7%) of the eligible investment amount. The eligible investment amount is the lesser of (i) the cost of the property and (ii) the amount by which the cost of all of the property the taxpayer is using in this State as central administrative offices on the last day of the taxable year exceeds the cost of all of the property the taxpayer was using in this State as central administrative offices on the last day of the base year. The base year is that year, of the three immediately preceding taxable years, in which the taxpayer was using the most property in this State as central administrative offices. In the case of property that is leased, the cost of the property is not determined as provided in G.S. 105-129.2 but is considered to be the taxpayer's lease payments over a seven-year period, plus any expenditures made by the taxpayer to improve the property before it is used as the taxpayer's central administrative office if the expenditures are not reimbursed or credited by the lessor. The maximum credit allowed a taxpayer under this section for property used as a central administrative office is five hundred thousand dollars ($500,000). The entire credit may not be taken for the taxable year in which the property is first used as a central administrative office but shall be taken in equal installments over the seven years following the taxable year in which the property is first used as a central administrative office. The basis in any real property for which a credit is allowed under this section shall be reduced by the amount of credit allowable.

(b) Mixed Use Property. -- If the taxpayer uses only part of the property as the taxpayer's central administrative office, the amount of the credit allowed under this section is reduced by multiplying it by a fraction the numerator of which is the square footage of the property used as the taxpayer's central administrative office and the denominator of which is the total square footage of the property.

(c) Expiration. -- If, in one of the seven years in which the installment of a credit accrues, the property with respect to which the credit was claimed is no longer used as a central administrative office, the credit expires and the taxpayer may not take any remaining installment of the credit. If, in one of the seven years in which the installment of a credit accrues, part of the property with respect to which the credit was claimed is no longer used as a central administrative office, the remaining installments of the credit shall be reduced by multiplying it by the fraction described in subsection (b) of this section. If, in one of the seven years in which the installment

of a credit accrues, the total number of employees the taxpayer employs at all of its central administrative offices in this State drops by 40 or more, the credit expires and the taxpayer may not take any remaining installment of the credit.

In each of these cases, the taxpayer may nonetheless take the portion of an installment that accrued in a previous year and was carried forward to the extent permitted under G.S. 105-129.5."

Section 2. G.S. 105-129.15(2) reads as rewritten:

"(2) Cost. -- ~~Determined~~ In the case of property owned by the taxpayer, cost is determined pursuant to regulations adopted under section 1012 of the Code, subject to the limitation on cost provided in section 179 of the Code. In the case of property the taxpayer leases from another, cost is value as determined pursuant to G.S. 105-130.4(j)(2)."

Section 3. G.S. 143B-437.04 reads as rewritten:

"§ 143B-437.04. ~~Economic~~ Community development block grants.

(a) The Department of Commerce shall adopt guidelines for the awarding of Community Development Block Grants ~~for economic development that will ensure that no~~ to ensure that:

(1) No local match is required for grants awarded for projects located in enterprise tier one areas as defined in G.S. ~~105-129.3 and, to~~ 105-129.3.

(2) To the extent practicable, ~~that~~ priority consideration for grants is given to projects located in enterprise tier one areas as defined in G.S. ~~105-129.3.~~ 105-129.3 or in development zones that have met the conditions of subsection (b) of this section.

(b) In order to qualify for the benefits of this section, after an area is designated a development zone under G.S. 105-129.3A, the governing body of the city in which the zone is located must adopt a strategy to improve the zone and establish a development zone committee to oversee the strategy. The strategy and the committee must conform with requirements established by the Secretary of Commerce."

PART II. INFRASTRUCTURE FUNDS

Section 4. It is the intent of the General Assembly to appropriate funds from the General Fund to the Department of Commerce for the 1998-99 fiscal year to be allocated to the Utility Account of the Industrial Development Fund for use in accordance with G.S. 143B-437.01(b1).

Section 5. It is the intent of the General Assembly to appropriate funds from the General Fund to the Department of Commerce for the 1998-99 fiscal year to be allocated to the Industrial Development Fund for use in accordance with G.S. 143B-437.01(a).

Section 6. G.S. 143B-437.01 reads as rewritten:

"§ 143B-437.01. Industrial Development Fund.

(a) Creation and Purpose of Fund. -- There is created in the Department of Commerce the Industrial Development Fund to provide funds to assist the local government units of the most economically distressed counties in the State in creating

jobs in certain industries. The Department of Commerce shall adopt rules providing for the administration of the program. Those rules shall include the following provisions, which shall apply to each grant from the fund:

(1) The funds shall be used for (i) installation of or purchases of equipment for ~~manufacturing or processing,~~ eligible industries, (ii) structural repairs, improvements, or renovations of existing buildings to be used for expansion of ~~manufacturing or processing,~~ eligible industries, or (iii) construction of or improvements to new or existing water, sewer, gas, or electrical utility distribution lines or equipment for existing or new or proposed industrial buildings to be used for ~~manufacturing or processing operations.~~ eligible industries. To be eligible for funding, the water, sewer, gas, or electrical utility lines or facilities shall be located on the site of the building or, if not located on the site, shall be directly related to the operation of the specific ~~manufacturing or processing~~ eligible industrial activity.

(1a) The funds shall be used for projects located in economically distressed counties except that the Secretary of Commerce may use up to one hundred thousand dollars ($100,000) to provide emergency economic development assistance in any county that is documented to be experiencing a major economic dislocation.

(2) The funds shall be used by the city and county governments for projects that will directly result in the creation of new jobs. The funds shall be expended at a maximum rate of ~~four thousand dollars ($4,000)~~ five thousand dollars ($5,000) per new job created up to a maximum of ~~four hundred thousand dollars ($400,000)~~ five hundred thousand dollars ($500,000) per project.

(3) There shall be no local match requirement if the project is located in an enterprise tier one area as defined in G.S. 105-129.3.

(4) The Department may authorize a local government that receives funds under this section to use up to two percent (2%) of the funds, if necessary, to verify that the funds are used only in accordance with law and to otherwise administer the grant or loan.

(a1) Definitions. -- The following definitions apply in this section:

(1) Air courier services. -- A person is engaged in the air courier services business if the person's primary business is furnishing air delivery of individually addressed letters and packages, except by the United States Postal Service.

(2) Central administrative office. -- Defined in the North American Industry Classification System adopted by the United States Office of Management and Budget.

(3) Data processing. -- Defined in the North American Industry Classification System adopted by the United States Office of Management and Budget.

(4) Economically distressed county. -- A county designated as an enterprise tier one, two, or three area pursuant to G.S. 105-129.3.

(5) Eligible industry. -- A central administrative office or a person engaged in the business of air courier services, data processing, manufacturing, or warehousing and wholesale trade.

(6) Reserved.

(7) Major economic dislocation. -- The actual or imminent loss of 500 or more manufacturing jobs in the county or of a number of manufacturing jobs equal to at least ten percent (10%) of the existing manufacturing workforce in the county.

(8) Manufacturing. -- Defined in the North American Industry Classification System adopted by the United States Office of Budget and Management.

(9) Reserved.

(10) Warehousing and wholesale trade. -- Defined in the North American Industry Classification System adopted by the United States Office of Management and Budget.

~~(1) Economically distressed county. -- A county designated as an enterprise tier one, two, or three area pursuant to G.S. 105-129.3.~~

~~(2) Major economic dislocation. -- The actual or imminent loss of 500 or more manufacturing jobs in the county or of a number of manufacturing jobs equal to at least ten percent (10%) of the existing manufacturing workforce in the county.~~

~~(3) Manufacturing and processing. Manufacturing. -- Defined in the Standard Industrial Classification Manual issued by the United States Bureau of the Census.~~

(b) Repealed by Session Laws 1996, Second Extra Session, c. 13, s. 3.5.

(b1) Utility Account. -- There is created within the Industrial Development Fund a special account to be known as the Utility Account to provide funds to assist the local government units of enterprise tier one and tier two areas, as defined in G.S. 105-129.3, in creating jobs in ~~manufacturing and processing, warehousing and distribution, and data processing, as defined in the Standard Industrial Classification Manual issued by the United States Bureau of the Census.~~ eligible industries. The Department of Commerce shall adopt rules providing for the administration of the program. Except as otherwise provided in this subsection, those rules shall be consistent with the rules adopted with respect to the Industrial Development Fund. The rules shall provide that the funds in the Utility Account may be used only for construction of or improvements to new or existing water, sewer, gas, or electrical utility distribution lines or equipment for existing or new or proposed industrial buildings to be used for ~~industrial operations in manufacturing or processing, warehousing or distribution, or data processing.~~ eligible industrial operations. To be eligible for funding, the water, sewer, gas, or electrical utility lines or facilities shall be located on the site of the building or, if not located on the site, shall be directly

related to the operation of the specific industrial activity. There shall be no maximum funding amount per new job to be created or per project.

(c) Reports. -- The Department of Commerce shall report annually to the General Assembly concerning the applications made to the fund and the payments made from the fund and the impact of the payments on job creation in the State. The Department of Commerce shall also report quarterly to the Joint Legislative Commission on Governmental Operations and the Fiscal Research Division on the use of the moneys in the fund, including information regarding to whom payments were made, in what amounts, and for what purposes.

(c1) In addition to the reporting requirements of subsection ~~(b1)~~ (c) of this section, the Department of Commerce shall report annually to the General Assembly concerning the payments made from the Utility Account and the impact of the payments on job creation in the State. The Department of Commerce shall also report quarterly to the Joint Legislative Commission on Governmental Operations and the Fiscal Research Division on the use of the moneys in the Utility Account including information regarding to whom payments were made, in what amounts, and for what purposes.

(d) Repealed by Session Laws 1996, Second Extra Session, c. 13, s. 3.5."

PART III. AIR COURIER HUBS

Section 7. G.S. 105-164.3 is amended by adding two new subdivisions to read:

"(6a) Interstate air courier. -- A person engaged in the air courier services business, as defined in G.S. 105-129.2, in interstate commerce.

(6b) Hub. -- An interstate air courier's airport in this State that meets all of the following conditions:

a. The air courier has allocated to the airport under G.S. 105-388 more than sixty percent (60%) of its aircraft value apportioned to this State.

b. The air courier's primary function at the airport is to sort and distribute letters and packages received from multiple consolidation locations.

c. The air courier's primary function at the airport is not to consolidate letters and packages and deliver them to another airport for sorting and distribution."

Section 8. G.S. 105-164.4(a)(1d) is amended by adding a new sub-subdivision to read:

"k. Sales of the following items to an interstate air courier for use at its hub: materials handling equipment, racking systems, and related parts and accessories, for the storage or handling and movement of tangible personal property at an airport or in a warehouse or distribution facility."

Section 9. G.S. 105-164.13 is amended by adding a new subdivision to read:

"(44) Sales of the following items to an interstate air courier for use at its hub: aircraft lubricants, aircraft repair parts, and aircraft accessories."

Section 10. G.S. 105-275 is amended by adding a new subdivision to read:

"(24a) Aircraft that is owned or leased by an interstate air courier, is apportioned under G.S. 105-337 to the air courier's hub in this State, and is used in the air courier's operations in this State. For the purpose of this subdivision, the terms 'interstate air courier' and 'hub' have the meanings provided in G.S. 105-164.3."

Section 11(a). The Piedmont Triad International Airport Authority may contract for design and construction of an air freight distribution facility on Airport property without being subject to the requirements of Article 8 of Chapter 143 of the General Statutes.

Section 11(b). The Piedmont Triad International Airport Authority may contract for supplies, materials, equipment, and contractual services of the Authority related to an air freight distribution facility on Airport property without being subject to the requirements of Article 3 of Chapter 143 of the General Statutes.

PART IV. RECYCLING INDUSTRY

Section 12. Chapter 105 of the General Statutes is amended by adding a new Article to read:

"ARTICLE 3C.

"Tax Incentives for Recycling Facilities.

"**§ 105-129.25. Definitions.**

The following definitions apply in this Article:

(1) Reserved.

(2) Reserved.

(3) Large recycling facility. -- A recycling facility that qualifies under G.S. 105-129.26(b).

(4) Machinery and equipment. -- Engines, machinery, tools, and implements used or designed to be used in the business for which the credit is claimed. The term does not include real property as defined in G.S. 105-273 or rolling stock as defined in G.S. 105-333.

(5) Major recycling facility. -- A recycling facility that qualifies under G.S. 105-129.26(a).

(6) Owner. -- A person who owns or leases a recycling facility.

(7) Post-consumer waste material. -- Any product that was generated by a business or consumer, has served its intended end use, and has been separated from the solid waste stream for the purpose of recycling. The term includes material acquired by a recycling facility either directly or indirectly, such as through a broker or an agent.

(8) Purchase. -- Defined in section 179 of the Code.

(9) Recycling facility. -- A manufacturing plant at least three-fourths of whose products are made of at least fifty percent (50%)

post-consumer waste material measured by weight or volume. The term includes real and personal property located at or on land in the same county and reasonably near the plant site and used to perform business functions related to the plant or to transport materials and products to or from the plant. The term also includes utility infrastructure and transportation infrastructure to and from the plant.

"**§ 105-129.26. Qualification; forfeiture.**

(a) Major Recycling Facility. -- A recycling facility qualifies for the tax benefits provided in this Article and in Article 5 of this Chapter for major recycling facilities if it meets all of the following conditions:

(1) The facility is located in an area that, at the time the owner began construction of the facility, was an enterprise tier one area pursuant to G.S. 105-129.3.

(2) The Secretary of Commerce has certified that the owner will, by the end of the fourth year after the year the owner begins construction of the recycling facility, invest at least three hundred million dollars ($300,000,000) in the facility and create at least 250 new, full-time jobs at the facility.

(3) The jobs at the recycling facility meet the wage standard in effect pursuant to G.S. 105-129.4(b) as of the date the owner begins construction of the facility.

(b) Large Recycling Facility. -- A recycling facility qualifies for the tax credit provided in G.S. 105-129.27 for large recycling facilities if it meets all of the following conditions:

(1) The facility is located in an area that, at the time the owner began construction of the facility, was an enterprise tier one area pursuant to G.S. 105-129.3.

(2) The Secretary of Commerce has certified that the owner will, by the end of the second year after the year the owner begins construction of the recycling facility, invest at least one hundred fifty million dollars ($150,000,000) in the facility and create at least 155 new, full-time jobs at the facility.

(3) The jobs at the recycling facility meet the wage standard in effect pursuant to G.S. 105-129.4(b) as of the date the owner begins construction of the facility.

(c) Forfeiture. -- If the owner of a large or major recycling facility fails to make the required minimum investment or create the required number of new jobs within the period certified by the Secretary of Commerce under this section, the recycling facility no longer qualifies for the applicable recycling facility tax benefits provided in this Article and in Article 5 of this Chapter and forfeits all tax benefits previously received under those Articles. Forfeiture does not occur, however, if the failure was due to events beyond the owner's control. Upon forfeiture of tax benefits previously received, the owner is liable under Part 1 of Article 4 of this Chapter for a tax equal

to the amount of all past taxes under Articles 3, 4, and 5 previously avoided as a result of the tax benefits received plus interest at the rate established in G.S. 105-241.1(i), computed from the date the taxes would have been due if the tax benefits had not been received. The tax and interest are due 30 days after the date of the forfeiture. An owner that fails to pay the tax and interest is subject to the penalties provided in G.S. 105-236.

(d) Substantiation. -- To claim a credit allowed by this Article, the owner must provide any information required by the Secretary of Revenue. Every owner claiming a credit under this Article shall maintain and make available for inspection by the Secretary of Revenue any records the Secretary considers necessary to determine and verify the amount of the credit to which the owner is entitled. The burden of proving eligibility for the credit and the amount of the credit shall rest upon the owner, and no credit shall be allowed to an owner that fails to maintain adequate records or to make them available for inspection.

(e) Reports. -- The Department of Commerce shall report to the Fiscal Research Division of the General Assembly by May 1 of each year the following information for the 12-month period ending the preceding April 1:

(1) The number and location of large and major recycling facilities qualified under this Article.

(2) The number of new jobs created by each recycling facility.

(3) The amount of investment in each recycling facility.

(4) The amount of reinvestment credit refunded to each major recycling facility under G.S. 105-129.28.

"§ 105-129.27. Credit for investing in large or major recycling facility.

(a) Credit. -- An owner that purchases or leases machinery and equipment for a major recycling facility in this State during the taxable year is allowed a credit equal to fifty percent (50%) of the amount payable by the owner during the taxable year to purchase or lease the machinery and equipment. An owner that purchases or leases machinery and equipment for a large recycling facility in this State during the taxable year is allowed a credit equal to twenty percent (20%) of the amount payable by the owner during the taxable year to purchase or lease the machinery and equipment.

(b) Taxes Credited. -- The credit provided in this section is allowed against the franchise tax levied in Article 3 of this Chapter and the income tax levied in Part 1 of Article 4 of this Chapter. Any other nonrefundable credits allowed the owner are subtracted before the credit allowed by this section.

(c) Carryforwards. -- The credit provided in this section may not exceed the amount of tax against which it is claimed for the taxable year, reduced by the sum of all other credits allowed against that tax, except tax payments made by or on behalf of the owner. Any unused portion of the credit may be carried forward for the succeeding 25 years.

(d) Change in Ownership of Facility. -- The sale, merger, acquisition, or bankruptcy of a recycling facility, or any transaction by which the facility is reformulated as another business, does not create new eligibility in a succeeding owner with respect to a credit for which the predecessor was not eligible under this

section. A successor business may, however, take any carried-over portion of a credit that its predecessor could have taken if it had a tax liability.

(e) Forfeiture. -- If any machinery or equipment for which a credit was allowed under this section is not placed in service within 30 months after the credit was allowed, the credit is forfeited. A taxpayer that forfeits a credit under this section is liable for all past taxes avoided as a result of the credit plus interest at the rate established under G.S. 105-241.1(i), computed from the date the taxes would have been due if the credit had not been allowed. The past taxes and interest are due 30 days after the date the credit is forfeited; a taxpayer that fails to pay the past taxes and interest by the due date is subject to the penalties provided in G.S. 105-236.

(f) No Double Credit. -- A recycling facility that is eligible for the credit allowed in this section is not allowed the credit for investing in machinery and equipment provided in G.S. 105-129.9.

"**§ 105-129.28. Credit for reinvestment.**

(a) Credit. -- A major recycling facility that is accessible by neither ocean barge nor ship and that transports materials to the facility or products away from the facility is allowed a credit against the tax imposed by Part 1 of Article 4 of this Chapter equal to its additional transportation and transloading expenses incurred with respect to the materials and products due to its inability to use ocean barges or ships. The additional expenses for which credit is allowed are expenses due to using river barges and expenses due to having to use another mode of transportation because the quantity that is transported by river barge is insufficient to meet the facility's needs. In order to claim the credit allowed by this section, the facility must provide the Secretary of Commerce audited documentation of the amount of its additional transportation and transloading expenses incurred during the taxable year.

(b) Cap. -- The credit allowed to a major recycling facility under this section for the taxable year may not exceed the applicable annual cap provided in the following table:

Taxable Year	Cap
1998	$ 150,000
1999	$ 640,000
2000	$ 3,860,000
2001	$ 8,050,000
2002	$ 9,550,000
2003	$10,100,000
2004-2007	$10,400,000

(c) Reduction. -- For the first ten taxable years after the owner begins transporting materials and products to and from the major recycling facility, the credit allowed by this section must be reduced by the amount of credit allowed in previous years that was used for a purpose other than an allowable purpose under subsection (d) of this section, as certified by the Secretary of Commerce.

(d) Use of Credited Amount. -- For the first ten taxable years after the owner begins construction of the major recycling facility, the owner must use the amount of credit allowed under this section to pay for (i) investment in rail or roads associated

with the facility, (ii) investment in water system infrastructure designed to reduce the expense of transporting materials and products to and from the recycling facility, and (iii) investment in land and infrastructure for other industrial sites located in the same county as the recycling facility. If the owner determines that there are no reasonable economic opportunities in a given year to use the total amount of credit for the expenditures described above, the owner may use the excess for investment at or in connection with the recycling facility above the initial required investment of three hundred million dollars ($300,000,000).

Expenses incurred for the purposes allowed in this subsection during a taxable year in the ten-year period may be counted toward a credit allowed in a later taxable year in the ten-year period. If the owner is not able to use the full amount of the credit during a taxable year for any of the purposes allowed by this subsection, the excess may be used for these purposes in subsequent taxable years.

The owner must provide the Secretary of Commerce with annual audited documentation demonstrating that the amount of credit received under this section during the previous twelve-month period has not been used for a purpose inconsistent with this subsection. If the Secretary of Commerce determines that the owner has used any of the credit for a purpose that is inconsistent with the requirements of this subsection, the Secretary of Commerce shall certify the amount so used to the Secretary of Revenue and the credit allowed the owner under this section for the following taxable year shall be reduced by that amount in accordance with subsection (c) of this section.

After the end of the ten-year period, the amount of any credit allowed under this section that has not yet been used may be used for investment at or in connection with the recycling facility above the initial required investment of three hundred million dollars ($300,000,000).

(e) Credit Refundable. -- If the credit allowed by this section exceeds the amount of tax imposed by Part 1 of Article 4 of this Chapter for the taxable year reduced by the sum of all credits allowable, the Secretary shall refund the excess to the taxpayer. The refundable excess is governed by the provisions governing a refund of an overpayment by the taxpayer of the tax imposed in Part 1 of Article 4 of this Chapter. In computing the amount of tax against which multiple credits are allowed, nonrefundable credits are subtracted before refundable credits."

Section 13. G.S. 105-164.3 is amended by renumbering subdivision (8) as (7b) and adding a new subdivision to read:

"(8) Major recycling facility. -- Defined in G.S. 105-129.25."

Section 14. G.S. 105-164.4(a)(1d) is amended by adding a new sub-subdivision to read:

"j. Sales to a major recycling facility of the following tangible personal property for use in connection with the facility: cranes, structural steel crane support systems, foundations related to the cranes and support systems, port and dock facilities, rail equipment, and material handling equipment."

Section 15. G.S. 105-164.13 is amended by adding two new subdivisions to read:

"(10a) Sales to a major recycling facility of (i) lubricants and other additives for motor vehicles or machinery and equipment used at the facility and (ii) materials, supplies, parts, and accessories, other than machinery and equipment, that are not capitalized by the taxpayer and are used or consumed in the manufacturing and material handling processes at the facility.

(10b) Sales to a major recycling facility of electricity used at the facility."

Section 16. G.S. 105-164.14 is amended by adding a new subsection to read:

"(g) Major Recycling Facilities. -- The owner of a major recycling facility is allowed an annual refund of sales and use taxes paid by it under this Article on building materials, building supplies, fixtures, and equipment that become a part of the real property of the recycling facility. Liability incurred indirectly by the owner for sales and use taxes on these items is considered tax paid by the owner. A request for a refund must be in writing and must include any information and documentation required by the Secretary. A request for a refund is due within six months after the end of the major recycling facility's fiscal year. Refunds applied for after the due date are barred."

Section 17. G.S. 105-164.14(f) reads as rewritten:

"(f) Information to Counties. -- Upon written request of a county, the Secretary shall, within 30 days after the request, provide the designated county official a list of each claimant that has, within the past 12 months, received a refund under subsection ~~(b) or (c)~~ (b), (c), or (g) of this section of at least one thousand dollars ($1,000) of tax paid to the county. The list shall include the name and address of each claimant and the amount of the refund it has received from that county. Upon written request of a county, a claimant that has received a refund under subsection ~~(b) or (c)~~ (b), (c), or (g) of this section shall provide the designated county official a copy of the request for the refund and any supporting documentation requested by the county to verify the request. For the purpose of this subsection, the designated county official is the chair of the board of county commissioners or a county official designated in a resolution adopted by the board. Information provided to a county under this subsection is not a public record and may not be disclosed except in accordance with G.S. 153A-148.1. If a claimant determines that a refund it has received under subsection ~~(b) or (c)~~ (b), (c), or (g) of this section is incorrect, it shall file an amended request for the refund."

Section 18. G.S. 105-275(8) is amended by adding a new sub-subdivision to read:

"d. Real or personal property that is used or, if under construction, is to be used by a major recycling facility as defined in G.S. 105-129.25 predominantly for recycling or resource recovering of or from solid waste, if the

Department of Environment and Natural Resources furnishes a certificate to the tax supervisor of the county in which the property is situated stating the Department of Environment and Natural Resources has found that the described property has been or will be constructed or installed for use by a major recycling facility, complies or will comply with the rules of the Department of Environment and Natural Resources, and has, or will have as a purpose recycling or resource recovering of or from solid waste."

Section 19. G.S. 105-129.28, as enacted by Section 12 of this act, is repealed effective for taxable years beginning on or after January 1, 2008. This section does not affect the rights or liabilities of the State, a taxpayer, or another person arising under G.S. 105-129.28 before the effective date of its repeal; nor does it affect the right to any refund or credit of a tax that accrued under G.S. 105-129.28 before the effective date of its repeal.

The sole purpose of this ten-year sunset provision is to allow a determination to be made whether any major recycling facility continues to experience additional transportation and transloading expenses due to its inability to use ocean barges or ships to transport materials and products to and from the facility. It is the expectation and intent that the General Assembly will postpone the sunset of G.S. 105-129.28 if it is determined that, based on audited documentation submitted by a major recycling facility and verified by the Secretary of Commerce, that any major recycling facility continues to experience these additional transportation and transloading expenses as of 2008.

V. EFFECTIVE DATES

PART I. BILL LEE ACT/DEVELOPMENT ZONES

Section 1. Article 3A of Chapter 105 of the General Statutes reads as rewritten:

"ARTICLE 3A.

"Tax Incentives for New and Expanding Businesses.

[Repealed effective January 1, 2002]

"§ 105-129.2. (Repealed effective January 1, 2002 -- see note) Definitions.

The following definitions apply in this Article:

(1) Air courier services. -- ~~Defined in the Standard Industrial Classification Manual issued by the United States Office of Management and Budget.~~ A person is engaged in the air courier services business if the person is primarily engaged in furnishing air delivery of individually addressed letters, parcels, and packages, except by the United States Postal Service.

(1a) Central administrative office. -- Defined in the ~~Standard Industrial Classification Manual issued~~ North American Industry Classification System adopted by the United States Office of Management and Budget.

(1b) Cost. -- ~~Determined~~ In the case of property owned by the taxpayer, cost is determined pursuant to regulations adopted under section 1012 of the Code. In the case of property the taxpayer leases from another, cost is value as determined pursuant to G.S. 105-130.4(j)(2).

(2) Data processing. -- Defined in the ~~Standard Industrial Classification Manual issued~~ North American Industry Classification System adopted by the United States Office of Management and Budget.

(2a) Development zone. -- An area designated as a development zone pursuant to G.S. 105-129.3A.

(3) Enterprise tier. -- The classification assigned to an area pursuant to G.S. 105-129.3.

(4) Full-time job. -- A position that requires at least 1,600 hours of work per year and is intended to be held by one employee during the entire year. A full-time employee is an employee who holds a full-time job.

(4a) Reserved.

(4b) Large investment. -- Defined in G.S. 105-129.4(b1).

(5) Machinery and equipment. -- Engines, machinery, tools, and implements ~~that are capitalized by the taxpayer for tax purposes under the Code and are~~ used or designed to be used in the business for which the credit is claimed. The term does not include real property as defined in G.S. 105-273 or rolling stock as defined in G.S. 105-333.

(6) ~~Manufacturing and processing.~~ Manufacturing. -- Defined in the ~~Standard Industrial Classification Manual issued~~ North American Industry Classification System adopted by the United States Office of Management and Budget.

(7) Purchase. -- Defined in section 179 of the Code.

(8) Warehousing and ~~distribution. -- Defined in the Standard Industrial Classification Manual issued~~ wholesale trade. -- Defined in the North American Industry Classification System adopted by the United States Office of Management and Budget.

"**§ 105-129.3. (Repealed effective January 1, 2002) Enterprise tier designation.**

(a) Tiers Defined. -- An enterprise tier one area is a county whose enterprise factor is one of the 10 highest in the State. An enterprise tier two area is a county whose enterprise factor is one of the next 15 highest in the State. An enterprise tier three area is a county whose enterprise factor is one of the next 25 highest in the State. An enterprise tier four area is a county whose enterprise factor is one of the next 25 highest in the State. An enterprise tier five area is any area that is not in a lower-numbered enterprise tier.

(b) Annual Designation. -- Each year, on or before December 31, the Secretary of Commerce shall assign to each county in the State an enterprise factor that is the sum of the following:

(1) The county's rank in a ranking of counties by average rate of unemployment from lowest to highest, for the preceding three years.

(2) The county's rank in a ranking of counties by average per capita income from highest to lowest, for the preceding three years.

(3) The county's rank in a ranking of counties by percentage growth in population from highest to lowest.

The Secretary of Commerce shall then rank all the counties within the State according to their enterprise factor from highest to lowest, identify all the areas of the State by enterprise tier, and provide this information to the Secretary of Revenue. An enterprise tier designation is effective only for the calendar year following the designation.

In measuring rates of unemployment and per capita income, the Secretary shall use the latest available data published by a State or federal agency generally recognized as having expertise concerning the data. In measuring population growth, the Secretary shall use the most recent estimates of population certified by the State Planning Officer.

(c) Exception for Enterprise Tier One Areas. -- Notwithstanding the provisions of this section, an enterprise tier one area may not be redesignated as a higher-numbered enterprise tier area until it has been an enterprise tier one area for at least two consecutive years.

"**§ 105-129.3A. Development zone designation.**

(a) Development Zone Defined. -- A development zone is an area comprised of one or more contiguous census tracts and census block groups in the most recent federal decennial census that meets all of the following conditions:

(1) It is located in whole or in part in a city with a population of more than 5,000 according to the most recent annual population estimates certified by the State Planning Officer.

(2) It has a population of 1,000 or more according to the most recent annual population estimates certified by the State Planning Officer.

(3) More than twenty percent (20%) of its population is below the poverty level according to the most recent federal decennial census.

(b) Designation. -- Upon request of a taxpayer or a local government, the Secretary of Commerce shall designate whether an area is a development zone that meets the conditions of subsection (a) of this section. A development zone designation is effective for 48 months following the designation.

(c) Relationship With Enterprise Tiers. -- For the purpose of the wage standard requirement of G.S. 105-129.3(b), the credit for investing in machinery and equipment allowed in G.S. 105-129.9, and the credit for worker training allowed in G.S. 105-129.11, a development zone is considered an enterprise tier one area. For

all other purposes, a development zone has the same enterprise tier designation as the county in which it is located.

"§ 105-129.4. (Repealed effective January 1, 2002) Eligibility; forfeiture.

(a) Type of Business. -- A taxpayer is eligible for a credit allowed by G.S. 105-129.12 if the real property for which the credit is claimed is used for a central administrative office that creates at least 40 new jobs. A taxpayer is eligible for the other credits allowed by this Article if the taxpayer engages in one of the following types of businesses and the jobs with respect to which a credit is claimed are created in that business, the machinery and equipment with respect to which a credit is claimed are used in that business, and the research and development for which a credit is claimed are carried out as part of that business:

(1) Air courier services.
(2) Central administrative office that creates at least 40 new jobs.
(3) Data processing.
(4) ~~Manufacturing or processing.~~ Manufacturing.
(5) Warehousing or ~~distribution.~~ wholesale trade.

(a1) Central Administrative Office. -- A central administrative office creates at least 40 new jobs ~~if, during the taxable year the taxpayer first uses the property as a central administrative office,~~ if the taxpayer hires at least 40 additional full-time employees to fill new positions at the ~~office.~~ office either in the year the taxpayer first uses the property as a central administrative office or in the preceding 24 months while using temporary space for the central administrative office functions during completion of the administrative office property. Jobs transferred from one area in the State to another area in the State are not considered new jobs for purposes of this subsection.

(b) Wage Standard. -- A taxpayer is eligible for the credit for creating jobs or the credit for worker training if the jobs for which the credit is claimed meet the wage standard at the time the taxpayer applies for the credit. A taxpayer is eligible for the credit for investing in machinery and equipment, the credit for research and development, or the credit for investing in real property for a central administrative office if the jobs at the location with respect to which the credit is claimed meet the wage standard at the time the taxpayer applies for the credit. Jobs meet the wage standard if they pay an average weekly wage that is at least equal to the applicable percentage times the applicable average weekly wage for the county in which the jobs will be located, as computed by the Secretary of Commerce from data compiled by the Employment Security Commission for the most recent period for which data are available. The applicable percentage for jobs located in an enterprise tier one area is one hundred percent (100%). The applicable percentage for all other jobs is one hundred ten percent (110%). The applicable average weekly wage is the lowest of the following: (i) the average wage for all insured private employers in the county, (ii) the average wage for all insured private employers in the State, and (iii) the average wage for all insured private employers in the county multiplied by the county income/wage adjustment factor. The county income/wage adjustment factor is the county income/wage ratio divided by the State income/wage ratio. The county

income/wage ratio is average per capita income in the county divided by the annualized average wage for all insured private employers in the county. The State income/wage ratio is the average per capita income in the State divided by the annualized average wage for all insured private employers in the State.

(b1) Large Investment. -- A taxpayer who is otherwise eligible for a tax credit under this Article becomes eligible for the large investment enhancements provided for credits under this Article if the Secretary of Commerce certifies that the taxpayer will purchase or lease, and place in service in connection with the eligible business within a two-year period, at least one hundred fifty million dollars ($150,000,000) worth of one or more of the following: real property, machinery and equipment, or central administrative office property. If the taxpayer fails to make the level of investment certified within this two-year period, the taxpayer forfeits the large investment enhancements as provided in subsection (d) of this section.

~~(c) Worker Training. -- A taxpayer is eligible for the tax credit for worker training only for training workers who occupy jobs for which the taxpayer is eligible to claim an installment of the credit for creating jobs or which are full-time positions at a location with respect to which the taxpayer is eligible to claim an installment of the credit for investing in machinery and equipment for the taxable year.~~

~~The credit for worker training is allowed only with respect to employees in positions not classified as exempt under the Fair Labor Standards Act, 29 U.S.C. § 213(a)(1) and for expenditures for training that would be eligible for expenditure or reimbursement under the Department of Community Colleges' New and Expanding Industry Program, as determined by guidelines adopted by the State Board of Community Colleges. The credit is not allowed for expenditures that are paid or reimbursed by the New and Expanding Industry Program. To establish eligibility, the taxpayer must obtain as part of the application process under G.S. 105-129.6 the certification of the Department of Community Colleges that the taxpayer's planned worker training would satisfy the requirements of this paragraph. A taxpayer shall apply to the Department of Community Colleges for this certification. The application must be on a form provided by the Department of Community Colleges, must provide a detailed plan of the worker training to be provided, and must contain any information required by the Department of Community Colleges to determine whether the requirements of this paragraph will be satisfied. If the Department of Community Colleges determines that the planned worker training meets the requirements of this paragraph, the Department of Community Colleges shall issue a certificate describing the location with respect to which the credit is claimed and stating that the planned worker training meets the requirements of this paragraph. The State Board of Community Colleges may adopt rules in accordance with Chapter 150B of the General Statutes that are needed to carry out its responsibilities under this paragraph.~~

(d) Forfeiture. -- A taxpayer forfeits a credit allowed under this Article if the taxpayer was not eligible for the credit at the time the taxpayer applied for the credit. In addition, a taxpayer forfeits a large investment enhancement of a tax credit if the taxpayer fails to make the level of investment certified by the Secretary of Commerce

under subsection (b1) of this section within the required two-year period. A taxpayer that forfeits a credit under this Article is liable for all past taxes avoided as a result of the credit plus interest at the rate established under G.S. 105-241.1(i), computed from the date the taxes would have been due if the credit had not been allowed. The past taxes and interest are due 30 days after the date the credit is forfeited; a taxpayer that fails to pay the past taxes and interest by the due date is subject to the penalties provided in G.S. 105-236. If a taxpayer forfeits the credit for creating jobs or the credit for investing in machinery and equipment, the taxpayer also forfeits any credit for worker training claimed for the jobs for which the credit for creating jobs was claimed or the jobs at the location with respect to which the credit for investing in machinery and equipment was claimed.

(e) Change in Ownership of Business. -- The sale, merger, acquisition, or bankruptcy of a business, or any ~~other~~ transaction by which an existing business reformulates itself as another business, does not create new eligibility in a succeeding business with respect to credits for which the predecessor was not eligible under this Article. A successor business may, however, take any installment of or carried-over portion of a credit that its predecessor could have taken if it had a tax liability. The acquisition of a business is a new investment that creates new eligibility in the acquiring taxpayer under this Article if any of the following conditions are met:

(1) The business closed before it was acquired.

(2) The business was required to file a notice of plant closing or mass layoff under the federal Worker Adjustment and Retraining Notification Act, 29 U.S.C. § 2102, before it was acquired.

(3) The business was acquired by its employees through an employee stock option transaction or another similar mechanism.

"§ 105-129.5. (Repealed effective January 1, 2002) Tax election; cap.

(a) Tax Election. -- The credits provided in this Article are allowed against the franchise tax levied in Article 3 of this Chapter and the income taxes levied in Article 4 of this Chapter. The credit for investing in central administrative office property provided in G.S. 105-129.12 is also allowed against the gross premiums tax levied in Article 8B of this Chapter. The taxpayer shall elect the tax against which a credit will be claimed when filing the return on which the first installment of the credit is claimed. This election is binding. Any carryforwards of the credit must be claimed against the same tax.

(b) Cap. -- The credits allowed under this Article may not exceed fifty percent (50%) of the tax against which they are claimed for the taxable year, reduced by the sum of all other credits allowed against that tax, except tax payments made by or on behalf of the taxpayer. This limitation applies to the cumulative amount of credit, including carryforwards, claimed by the taxpayer under this Article against each tax for the taxable year. Any unused portion of ~~the~~ a credit with respect to a large investment may be carried forward for the succeeding ~~five years.~~ 20 years. Any unused portion of any other credit may be carried forward for the succeeding five years.

"§ 105-129.6. (Repealed effective January 1, 2002) Application; reports.

(a) Application. -- To claim the credits allowed by this Article, the taxpayer must provide with the tax return the certification of the Secretary of Commerce that the taxpayer meets all of the eligibility requirements of G.S. 105-129.4 with respect to each credit. A taxpayer shall apply to the Secretary of Commerce for certification of eligibility. The application must be on a form provided by the Secretary of Commerce and must contain any information necessary for the Secretary of Commerce to determine whether the taxpayer meets the eligibility requirements. If the Secretary of Commerce determines that the taxpayer meets all of the eligibility requirements of G.S. 105-129.4 with respect to a credit, the Secretary shall issue a certificate describing the location with respect to which the credit is claimed, outlining the eligibility requirements for the credit, and stating that the taxpayer meets the eligibility requirements. If the Secretary of Commerce determines that the taxpayer does not meet all of the eligibility requirements of G.S. 105-129.4 with respect to a credit, the Secretary must advise the taxpayer in writing of the eligibility requirements the taxpayer fails to meet. The Secretary of Commerce may adopt rules in accordance with Chapter 150B of the General Statutes that are needed to carry out the Secretary of Commerce's responsibilities under this section.

(a1) Fee. -- When filing an application for certification under this section, the taxpayer must pay the Department of Commerce a fee of seventy-five dollars ($75.00). Fees collected under this subsection are receipts of the Department of Commerce.

(b) Reports. -- The Department of Commerce shall report to the Department of Revenue and to the Fiscal Research Division of the General Assembly by May 1 of each year the following information for the 12-month period ending the preceding April 1:

(1) The number of applications for each credit allowed in this Article.
(2) The number and enterprise tier area of new jobs with respect to which credits were applied for.
(3) The cost of machinery and equipment with respect to which credits were applied for.

"§ 105-129.7. (Repealed effective January 1, 2002) Substantiation.

To claim a credit allowed by this Article, the taxpayer must provide any information required by the Secretary of Revenue. Every taxpayer claiming a credit under this Article shall maintain and make available for inspection by the Secretary of Revenue any records the Secretary considers necessary to determine and verify the amount of the credit to which the taxpayer is entitled. The burden of proving eligibility for the credit and the amount of the credit shall rest upon the taxpayer, and no credit shall be allowed to a taxpayer that fails to maintain adequate records or to make them available for inspection.

"§ 105-129.8. (Repealed effective January 1, 2002) Credit for creating jobs.

(a) Credit. -- A taxpayer that meets the eligibility requirements set out in G.S. 105-129.4, has five or more employees for at least 40 weeks during the taxable year, and hires an additional full-time employee during that year to fill a position located in this State is allowed a credit for creating a new full-time job. The amount of the

credit for each new full-time job created is set out in the table below and is based on the enterprise tier of the area in which the position is ~~located.~~ located. In addition, if the position is located in a development zone, the amount of the credit is increased by four thousand dollars ($4,000) per job.

Area Enterprise Tier	Amount of Credit
Tier One	$12,500
Tier Two	4,000
Tier Three	3,000
Tier Four	1,000
Tier Five	500

A position is located in an area if more than fifty percent (50%) of the employee's duties are performed in the area. The credit may not be taken in the taxable year in which the additional employee is hired. Instead, the credit shall be taken in equal installments over the four years following the taxable year in which the additional employee was hired and shall be conditioned on the continued employment by the taxpayer of the number of full-time employees the taxpayer had upon hiring the employee that caused the taxpayer to qualify for the credit.

If, in one of the four years in which the installment of a credit accrues, the number of the taxpayer's full-time employees falls below the number of full-time employees the taxpayer had in the year in which the taxpayer qualified for the credit, the credit expires and the taxpayer may not take any remaining installment of the credit. The taxpayer may, however, take the portion of an installment that accrued in a previous year and was carried forward to the extent permitted under G.S. 105-129.5.

Jobs transferred from one area in the State to another area in the State shall not be considered new jobs for purposes of this section. If, in one of the four years in which the installment of a credit accrues, the position filled by the employee is moved to an area in a higher- or lower-numbered enterprise tier, or is moved from a development zone to an area that is not a development zone, the remaining installments of the credit shall be calculated as if the position had been created initially in the area to which it was moved.

(b) Repealed by Session Laws 1989, c. 111, s. 1.

(b1), (c) Repealed by Session Laws 1996, Second Extra Session, c. 13, s. 3.3.

(d) Planned Expansion. -- A taxpayer that signs a letter of commitment with the Department of Commerce to create at least twenty new full-time jobs in a specific area within two years of the date the letter is signed qualifies for the credit in the amount allowed by this section based on the area's enterprise tier and development zone designation for that year even though the employees are not hired that year. The credit shall be available in the taxable year after at least twenty employees have been hired if the hirings are within the two-year commitment period. The conditions outlined in subsection (a) apply to a credit taken under this subsection except that if the area is redesignated to a higher-numbered enterprise tier or loses its development zone designation after the year the letter of commitment was signed, the credit is allowed based on the area's enterprise tier and development zone designation for the year the letter was signed. If the taxpayer does not hire the employees within the two-

year period, the taxpayer does not qualify for the credit. However, if the taxpayer qualifies for a credit under subsection (a) in the year any new employees are hired, the taxpayer may take the credit under that subsection.

(e), (f) Repealed by Session Laws 1996, Second Extra Session, c. 13, s. 3.3 for taxable years beginning on or after January 1, 1996.

"**§ 105-129.9. (Repealed effective January 1, 2002) Credit for investing in machinery and equipment.**

(a) Credit. -- If a taxpayer that has purchased or leased eligible machinery and equipment places it in service in this State during the taxable year, the taxpayer is allowed a credit equal to seven percent (7%) of the excess of the eligible investment amount over the applicable threshold. Machinery and equipment is eligible if is capitalized by the taxpayer for tax purposes under the Code and is not leased to another party. In addition, in the case of a large investment, machinery and equipment that is not capitalized by the taxpayer is eligible if the taxpayer leases it from another party. The credit may not be taken for the taxable year in which the equipment is placed in service but shall be taken in equal installments over the seven years following the taxable year in which the equipment is placed in service.

(b) Eligible Investment Amount. -- The eligible investment amount is the lesser of (i) the cost of the eligible machinery and equipment and (ii) the amount by which the cost of all of the taxpayer's eligible machinery and equipment that is in service in this State on the last day of the taxable year exceeds the cost of all of the taxpayer's eligible machinery and equipment that was in service in this State on the last day of the base year. The base year is that year, of the three immediately preceding taxable years, in which the taxpayer had the most eligible machinery and equipment in service in this State.

(c) Threshold. -- The applicable threshold is the appropriate amount set out in the following table based on the enterprise tier of the area where the eligible machinery and equipment are placed in service during the taxable year. If the taxpayer places eligible machinery and equipment in service in more than one area during the taxable year, the threshold applies separately to the eligible machinery and equipment placed in service in each area. If the taxpayer places eligible machinery and equipment in service in an area over the course of a two-year period, the applicable threshold for the second taxable year is reduced by the eligible investment amount for the previous taxable year.

Area Enterprise Tier	Threshold
Tier One	$ -0-
Tier Two	100,000
Tier Three	200,000
Tier Four	500,000
Tier Five	1,000,000

(d) Expiration. -- If, in one of the seven years in which the installment of a credit accrues, the machinery and equipment with respect to which the credit was claimed are disposed of, taken out of service, or moved out of State, the credit expires and the taxpayer may not take any remaining installment of the credit. The taxpayer may,

however, take the portion of an installment that accrued in a previous year and was carried forward to the extent permitted under G.S. 105-129.5.

If, in one of the seven years in which the installment of a credit accrues, the machinery and equipment with respect to which the credit was claimed are moved to an area in a higher-numbered enterprise tier, or are moved from a development zone to an area that is not a development zone, the remaining installments of the credit are allowed only to the extent they would have been allowed if the machinery and equipment had been placed in service initially in the area to which they were moved.

(e) Planned Expansion. -- A taxpayer that signs a letter of commitment with the Department of Commerce to place specific eligible machinery and equipment in service in an area within two years after the date the letter is signed may, in the year the eligible machinery and equipment are placed in service in that area, calculate the credit for which the taxpayer qualifies based on the area's enterprise tier and development zone designation for the year the letter was signed. All other conditions apply to the credit, but if the area has been redesignated to a higher-numbered enterprise tier or has lost its development zone designation after the year the letter of commitment was signed, the credit is allowed based on the area's enterprise tier and development zone designation for the year the letter was signed. If the taxpayer does not place part or all of the specified eligible machinery and equipment in service within the two-year period, the taxpayer does not qualify for the benefit of this subsection with respect to the machinery and equipment not placed in service within the two-year period. However, if the taxpayer qualifies for a credit in the year the eligible machinery and equipment are placed in service, the taxpayer may take the credit for that year as if no letter of commitment had been signed pursuant to this subsection.

"§ 105-129.10. (Repealed effective January 1, 2002) Credit for research and development.

(a) General Credit. -- A taxpayer that claims for the taxable year a federal income tax credit under section ~~41~~ 41(a) of the Code for increasing research activities is allowed a credit equal to five percent (5%) of the State's apportioned share of the taxpayer's expenditures for increasing research activities. The State's apportioned share of a taxpayer's expenditures for increasing research activities is the excess of the taxpayer's qualified research expenses for the taxable year over the base amount, as determined under section 41 of the Code, multiplied by a percentage equal to the ratio of the taxpayer's qualified research expenses in this State for the taxable year to the taxpayer's total qualified research expenses for the taxable year.

(b) Alternative Credit. -- A taxpayer that claims the alternative incremental credit under section 41(c)(4) of the Code for increasing research activities is allowed a credit equal to twenty-five percent (25%) of the State's apportioned share of the federal credit claimed. The State's apportioned share of the federal credit claimed is the amount of the alternative incremental credit the taxpayer claimed under section 41(c)(4) of the Code for the taxable year multiplied by a percentage equal to the ratio of the taxpayer's qualified research expenses in this State for the taxable year to the taxpayer's total qualified research expenses for the taxable year. For the purpose of

this subsection, the amount of the alternative incremental credit claimed by a taxpayer is determined without regard to any reduction elected under section 280C(c) of the Code.

(c) Definitions. -- As used in this section, the terms 'qualified research expenses' and 'base amount' have the meaning provided in section 41 of the Code.

"§ 105-129.11. (Repealed effective January 1, 2002) Credit for worker training.

(a) Credit. -- A taxpayer that provides worker training for five or more of its eligible employees during the taxable year is allowed a credit equal to ~~fifty percent (50%) of its eligible expenditures for~~ the wages paid to the eligible employees during the training. Wages paid to an employee performing his or her job while being trained are not eligible for the credit. For positions located in an enterprise tier one area, the credit may not exceed one thousand dollars ($1,000) per employee trained during the taxable year. For other positions, the credit may not exceed five hundred dollars ($500.00) per employee trained during the taxable year. A position is located in an area if more than fifty percent (50%) of the employee's duties are performed in the area.

(b) Eligibility. -- ~~The eligibility of a taxpayer's expenditures and employees is determined as provided in G.S. 105-129.4.~~ An employee is eligible if the employee is in a full-time position not classified as exempt under the Fair Labor Standards Act, 29 U.S.C. § 213(a)(1) and meets one or more of the following conditions:

(1) The employee occupies a job for which the taxpayer is eligible to claim an installment of the credit for creating jobs.

(2) The employee is being trained to operate machinery and equipment for which the taxpayer is eligible to claim an installment of the credit for investing in machinery and equipment.

"§ 105-129.12. (Repealed effective January 1, 2002) Credit for investing in central administrative office property.

(a) Credit. -- If a taxpayer that has purchased or leased real property in this State begins to use the property as a central administrative office during the taxable year, the taxpayer is allowed a credit equal to seven percent (7%) of the eligible investment amount. The eligible investment amount is the lesser of (i) the cost of the property and (ii) the amount by which the cost of all of the property the taxpayer is using in this State as central administrative offices on the last day of the taxable year exceeds the cost of all of the property the taxpayer was using in this State as central administrative offices on the last day of the base year. The base year is that year, of the three immediately preceding taxable years, in which the taxpayer was using the most property in this State as central administrative offices. In the case of property that is leased, the cost of the property is not determined as provided in G.S. 105-129.2 but is considered to be the taxpayer's lease payments over a seven-year period, plus any expenditures made by the taxpayer to improve the property before it is used as the taxpayer's central administrative office if the expenditures are not reimbursed or credited by the lessor. The maximum credit allowed a taxpayer under this section for property used as a central administrative office is five hundred thousand dollars ($500,000). The entire credit may not be taken for the taxable year

in which the property is first used as a central administrative office but shall be taken in equal installments over the seven years following the taxable year in which the property is first used as a central administrative office. The basis in any real property for which a credit is allowed under this section shall be reduced by the amount of credit allowable.

(b) Mixed Use Property. -- If the taxpayer uses only part of the property as the taxpayer's central administrative office, the amount of the credit allowed under this section is reduced by multiplying it by a fraction the numerator of which is the square footage of the property used as the taxpayer's central administrative office and the denominator of which is the total square footage of the property.

(c) Expiration. -- If, in one of the seven years in which the installment of a credit accrues, the property with respect to which the credit was claimed is no longer used as a central administrative office, the credit expires and the taxpayer may not take any remaining installment of the credit. If, in one of the seven years in which the installment of a credit accrues, part of the property with respect to which the credit was claimed is no longer used as a central administrative office, the remaining installments of the credit shall be reduced by multiplying it by the fraction described in subsection (b) of this section. If, in one of the seven years in which the installment of a credit accrues, the total number of employees the taxpayer employs at all of its central administrative offices in this State drops by 40 or more, the credit expires and the taxpayer may not take any remaining installment of the credit.

In each of these cases, the taxpayer may nonetheless take the portion of an installment that accrued in a previous year and was carried forward to the extent permitted under G.S. 105-129.5."

Section 2. G.S. 105-129.15(2) reads as rewritten:

"(2) Cost. -- ~~Determined~~ In the case of property owned by the taxpayer, cost is determined pursuant to regulations adopted under section 1012 of the Code, subject to the limitation on cost provided in section 179 of the Code. In the case of property the taxpayer leases from another, cost is value as determined pursuant to G.S. 105-130.4(j)(2)."

Section 3. G.S. 143B-437.04 reads as rewritten:

"**§ 143B-437.04. ~~Economic~~ Community development block grants.**

(a) The Department of Commerce shall adopt guidelines for the awarding of Community Development Block Grants ~~for economic development that will ensure that no~~ to ensure that:

(1) No local match is required for grants awarded for projects located in enterprise tier one areas as defined in G.S. ~~105-129.3 and, to~~ 105-129.3.

(2) To the extent practicable, ~~that~~ priority consideration for grants is given to projects located in enterprise tier one areas as defined in G.S. ~~105-129.3.~~ 105-129.3 or in development zones that have met the conditions of subsection (b) of this section.

(b) In order to qualify for the benefits of this section, after an area is designated a development zone under G.S. 105-129.3A, the governing body of the city in which the zone is located must adopt a strategy to improve the zone and establish a development zone committee to oversee the strategy. The strategy and the committee must conform with requirements established by the Secretary of Commerce."

PART II. INFRASTRUCTURE FUNDS

Section 4. It is the intent of the General Assembly to appropriate funds from the General Fund to the Department of Commerce for the 1998-99 fiscal year to be allocated to the Utility Account of the Industrial Development Fund for use in accordance with G.S. 143B-437.01(b1).

Section 5. It is the intent of the General Assembly to appropriate funds from the General Fund to the Department of Commerce for the 1998-99 fiscal year to be allocated to the Industrial Development Fund for use in accordance with G.S. 143B-437.01(a).

Section 6. G.S. 143B-437.01 reads as rewritten:

"**§ 143B-437.01. Industrial Development Fund.**

(a) Creation and Purpose of Fund. -- There is created in the Department of Commerce the Industrial Development Fund to provide funds to assist the local government units of the most economically distressed counties in the State in creating jobs in certain industries. The Department of Commerce shall adopt rules providing for the administration of the program. Those rules shall include the following provisions, which shall apply to each grant from the fund:

(1) The funds shall be used for (i) installation of or purchases of equipment for ~~manufacturing or processing,~~ eligible industries, (ii) structural repairs, improvements, or renovations of existing buildings to be used for expansion of ~~manufacturing or processing,~~ eligible industries, or (iii) construction of or improvements to new or existing water, sewer, gas, or electrical utility distribution lines or equipment for existing or new or proposed industrial buildings to be used for ~~manufacturing or processing operations.~~ eligible industries. To be eligible for funding, the water, sewer, gas, or electrical utility lines or facilities shall be located on the site of the building or, if not located on the site, shall be directly related to the operation of the specific ~~manufacturing or processing~~ eligible industrial activity.

(1a) The funds shall be used for projects located in economically distressed counties except that the Secretary of Commerce may use up to one hundred thousand dollars ($100,000) to provide emergency economic development assistance in any county that is documented to be experiencing a major economic dislocation.

(2) The funds shall be used by the city and county governments for projects that will directly result in the creation of new jobs. The funds shall be expended at a maximum rate of ~~four thousand dollars ($4,000)~~ five thousand dollars ($5,000) per new job created

up to a maximum of ~~four hundred thousand dollars ($400,000)~~ five hundred thousand dollars ($500,000) per project.

(3) There shall be no local match requirement if the project is located in an enterprise tier one area as defined in G.S. 105-129.3.

(4) The Department may authorize a local government that receives funds under this section to use up to two percent (2%) of the funds, if necessary, to verify that the funds are used only in accordance with law and to otherwise administer the grant or loan.

(a1) Definitions. -- The following definitions apply in this section:

(1) Air courier services. -- A person is engaged in the air courier services business if the person is primarily engaged in furnishing air delivery of individually addressed letters, parcels, and packages, except by the United States Postal Service.

(1a) Central administrative office. -- Defined in the North American Industry Classification System adopted by the United States Office of Management and Budget.

(1b) Data processing. -- Defined in the North American Industry Classification System adopted by the United States Office of Management and Budget.

(1c) Economically distressed county. -- A county designated as an enterprise tier one, two, or three area pursuant to G.S. 105-129.3.

(1d) Eligible industry. -- A central administrative office or a person engaged in the business of air courier services, data processing, manufacturing, or warehousing and wholesale trade.

(2) Major economic dislocation. -- The actual or imminent loss of 500 or more manufacturing jobs in the county or of a number of manufacturing jobs equal to at least ten percent (10%) of the existing manufacturing workforce in the county.

(3) ~~Manufacturing and processing.~~ Manufacturing. -- Defined in the ~~Standard Industrial Classification Manual issued by the United States Bureau of the Census.~~ North American Industry Classification System adopted by the United States Office of Budget and Management.

(4) Warehousing and wholesale trade. -- Defined in the North American Industry Classification System adopted by the United States Office of Management and Budget.

(b) Repealed by Session Laws 1996, Second Extra Session, c. 13, s. 3.5.

(b1) Utility Account. -- There is created within the Industrial Development Fund a special account to be known as the Utility Account to provide funds to assist the local government units of enterprise tier one and tier two areas, as defined in G.S. 105-129.3, in creating jobs in ~~manufacturing and processing, warehousing and distribution, and data processing, as defined in the Standard Industrial Classification Manual issued by the United States Bureau of the Census.~~ eligible industries. The Department of Commerce shall adopt rules providing for the administration of the

program. Except as otherwise provided in this subsection, those rules shall be consistent with the rules adopted with respect to the Industrial Development Fund. The rules shall provide that the funds in the Utility Account may be used only for construction of or improvements to new or existing water, sewer, gas, or electrical utility distribution lines or equipment for existing or new or proposed industrial buildings to be used for ~~industrial operations in manufacturing or processing, warehousing or distribution, or data processing.~~ eligible industrial operations. To be eligible for funding, the water, sewer, gas, or electrical utility lines or facilities shall be located on the site of the building or, if not located on the site, shall be directly related to the operation of the specific industrial activity. There shall be no maximum funding amount per new job to be created or per project.

(c) Reports. -- The Department of Commerce shall report annually to the General Assembly concerning the applications made to the fund and the payments made from the fund and the impact of the payments on job creation in the State. The Department of Commerce shall also report quarterly to the Joint Legislative Commission on Governmental Operations and the Fiscal Research Division on the use of the moneys in the fund, including information regarding to whom payments were made, in what amounts, and for what purposes.

(c1) In addition to the reporting requirements of subsection ~~(b1)~~ (c) of this section, the Department of Commerce shall report annually to the General Assembly concerning the payments made from the Utility Account and the impact of the payments on job creation in the State. The Department of Commerce shall also report quarterly to the Joint Legislative Commission on Governmental Operations and the Fiscal Research Division on the use of the moneys in the Utility Account including information regarding to whom payments were made, in what amounts, and for what purposes.

(d) Repealed by Session Laws 1996, Second Extra Session, c. 13, s. 3.5."

PART III. AIR COURIER HUBS

Section 7. G.S. 105-164.3 is amended by adding two new subdivisions to read:

"(6a) Interstate air courier. -- A person engaged in the air courier services business, as defined in G.S. 105-129.2, in interstate commerce.

(6b) Hub. -- The airport in this State (i) to which an air courier has allocated under G.S. 105-388 more than sixty percent (60%) of its aircraft value apportioned to this State and (ii) at which the air courier receives packages from consolidation locations for intrastate and interstate sorting and distribution."

Section 8. G.S. 105-164.4(a)(1d) is amended by adding a new sub-subdivision to read:

"j. Sales of the following items to an interstate air courier for use at its hub: materials handling equipment, racking systems, and related parts and accessories, for the storage or

handling and movement of tangible personal property at an airport or in a warehouse or distribution facility."

Section 9. G.S. 105-164.13 is amended by adding a new subdivision to read:

"(44) Sales of the following items to an interstate air courier for use at its hub: aircraft lubricants, aircraft repair parts, and aircraft accessories."

Section 10. G.S. 105-275 is amended by adding a new subdivision to read:

"(24a) Aircraft that is owned or leased by an interstate air courier, is apportioned under G.S. 105-337 to the air courier's hub in this State, and is used in the air courier's operations in this State. For the purpose of this subdivision, the terms 'interstate air courier' and 'hub' have the meanings provided in G.S. 105-164.3."

Section 11(a). The Piedmont Triad International Airport Authority may contract for design and construction of an air freight distribution facility on Airport property without being subject to the requirements of Article 8 of Chapter 143 of the General Statutes.

Section 11(b). The Piedmont Triad International Airport Authority may contract for supplies, materials, equipment, and contractual services of the Authority related to an air freight distribution facility on Airport property without being subject to the requirements of Article 3 of Chapter 143 of the General Statutes.

PART IV. RECYCLING INDUSTRY

Section 12. Chapter 105 of the General Statutes is amended by adding a new Article to read:

"ARTICLE 3C.

"Tax Incentives for Recycling Facilities.

"§ 105-129.25. Definitions.

The following definitions apply in this Article:

(1) Reserved.

(2) Reserved.

(3) Large recycling facility. -- A recycling facility that qualifies under G.S. 105-129.26(b).

(4) Machinery and equipment. -- Engines, machinery, tools, and implements used or designed to be used in the business for which the credit is claimed. The term does not include real property as defined in G.S. 105-273 or rolling stock as defined in G.S. 105-333.

(5) Major recycling facility. -- A recycling facility that qualifies under G.S. 105-129.26(a).

(6) Owner. -- A person who owns or leases a recycling facility.

(7) Post-consumer waste material. -- Any product that was generated by a business or consumer, has served its intended end use, and has been separated from the solid waste stream for the purpose of recycling. The term includes material acquired by a recycling

facility either directly or indirectly, such as through a broker or an agent.

(8) Purchase. -- Defined in section 179 of the Code.

(9) Recycling facility. -- A manufacturing plant at least three-fourths of whose products are made of at least fifty percent (50%) post-consumer waste material measured by weight or volume. The term includes real and personal property located at or on land in the same county and reasonably near the plant site and used to perform business functions related to the plant or to transport materials and products to or from the plant. The term also includes utility infrastructure and transportation infrastructure to and from the plant.

"**§ 105-129.26. Qualification; forfeiture.**

(a) Major Recycling Facility. -- A recycling facility qualifies for the tax benefits provided in this Article and in Article 5 of this Chapter for major recycling facilities if it meets all of the following conditions:

(1) The facility is located in an area that, at the time the owner began construction of the facility, was an enterprise tier one area pursuant to G.S. 105-129.3.

(2) The Secretary of Commerce has certified that the owner will, by the end of the fourth year after the year the owner begins construction of the recycling facility, invest at least three hundred million dollars ($300,000,000) in the facility and create at least 250 new, full-time jobs at the facility.

(3) The jobs at the recycling facility meet the wage standard in effect pursuant to G.S. 105-129.4(b) as of the date the owner begins construction of the facility.

(b) Large Recycling Facility. -- A recycling facility qualifies for the tax credit provided in G.S. 105-129.27 for large recycling facilities if it meets all of the following conditions:

(1) The facility is located in an area that, at the time the owner began construction of the facility, was an enterprise tier one area pursuant to G.S. 105-129.3.

(2) The Secretary of Commerce has certified that the owner will, by the end of the second year after the year the owner begins construction of the recycling facility, invest at least one hundred fifty million dollars ($150,000,000) in the facility and create at least 155 new, full-time jobs at the facility.

(3) The jobs at the recycling facility meet the wage standard in effect pursuant to G.S. 105-129.4(b) as of the date the owner begins construction of the facility.

(c) Forfeiture. -- If the owner of a large or major recycling facility fails to make the required minimum investment or create the required number of new jobs within the period certified by the Secretary of Commerce under this section, the recycling

facility no longer qualifies for the applicable recycling facility tax benefits provided in this Article and in Article 5 of this Chapter and forfeits all tax benefits previously received under those Articles. Forfeiture does not occur, however, if the failure was due to events beyond the owner's control. Upon forfeiture of tax benefits previously received, the owner is liable under Part 1 of Article 4 of this Chapter for a tax equal to the amount of all past taxes under Articles 3, 4, and 5 previously avoided as a result of the tax benefits received plus interest at the rate established in G.S. 105-241.1(i), computed from the date the taxes would have been due if the tax benefits had not been received. The tax and interest are due 30 days after the date of the forfeiture. An owner that fails to pay the tax and interest is subject to the penalties provided in G.S. 105-236.

(d) Substantiation. -- To claim a credit allowed by this Article, the owner must provide any information required by the Secretary of Revenue. Every owner claiming a credit under this Article shall maintain and make available for inspection by the Secretary of Revenue any records the Secretary considers necessary to determine and verify the amount of the credit to which the owner is entitled. The burden of proving eligibility for the credit and the amount of the credit shall rest upon the owner, and no credit shall be allowed to an owner that fails to maintain adequate records or to make them available for inspection.

(e) Reports. -- The Department of Commerce shall report to the Fiscal Research Division of the General Assembly by May 1 of each year the following information for the 12-month period ending the preceding April 1:

(1) The number and location of large and major recycling facilities qualified under this Article.

(2) The number of new jobs created by each recycling facility.

(3) The amount of investment in each recycling facility.

(4) The amount of reinvestment credit refunded to each major recycling facility under G.S. 105-129.28.

"§ 105-129.27. Credit for investing in large or major recycling facility.

(a) Credit. -- An owner that purchases or leases machinery and equipment for a major recycling facility in this State during the taxable year is allowed a credit equal to fifty percent (50%) of the amount payable by the owner during the taxable year to purchase or lease the machinery and equipment. An owner that purchases or leases machinery and equipment for a large recycling facility in this State during the taxable year is allowed a credit equal to twenty percent (20%) of the amount payable by the owner during the taxable year to purchase or lease the machinery and equipment.

(b) Taxes Credited. -- The credit provided in this section is allowed against the franchise tax levied in Article 3 of this Chapter and the income tax levied in Part 1 of Article 4 of this Chapter. Any other nonrefundable credits allowed the owner are subtracted before the credit allowed by this section.

(c) Carryforwards. -- The credit provided in this section may not exceed the amount of tax against which it is claimed for the taxable year, reduced by the sum of all other credits allowed against that tax, except tax payments made by or on behalf

of the owner. Any unused portion of the credit may be carried forward for the succeeding 25 years.

(d) Change in Ownership of Facility. -- The sale, merger, acquisition, or bankruptcy of a recycling facility, or any transaction by which the facility is reformulated as another business, does not create new eligibility in a succeeding owner with respect to a credit for which the predecessor was not eligible under this section. A successor business may, however, take any carried-over portion of a credit that its predecessor could have taken if it had a tax liability.

(e) Forfeiture. -- If any machinery or equipment for which a credit was allowed under this section is not placed in service within 30 months after the credit was allowed, the credit is forfeited. A taxpayer that forfeits a credit under this section is liable for all past taxes avoided as a result of the credit plus interest at the rate established under G.S. 105-241.1(i), computed from the date the taxes would have been due if the credit had not been allowed. The past taxes and interest are due 30 days after the date the credit is forfeited; a taxpayer that fails to pay the past taxes and interest by the due date is subject to the penalties provided in G.S. 105-236.

(f) No Double Credit. -- A recycling facility that is eligible for the credit allowed in this section is not allowed the credit for investing in machinery and equipment provided in G.S. 105-129.9.

"**§ 105-129.28. Credit for reinvestment.**

(a) Credit. -- A major recycling facility that is accessible by neither ocean barge nor ship and that transports materials to the facility or products away from the facility is allowed a credit against the tax imposed by Part 1 of Article 4 of this Chapter equal to its additional transportation and transloading expenses incurred with respect to the materials and products due to its inability to use ocean barges or ships. The additional expenses for which credit is allowed are expenses due to using river barges and expenses due to having to use another mode of transportation because the quantity that is transported by river barge is insufficient to meet the facility's needs. In order to claim the credit allowed by this section, the facility must provide the Secretary of Commerce audited documentation of the amount of its additional transportation and transloading expenses incurred during the taxable year.

(b) Cap. -- The credit allowed to a major recycling facility under this section for the taxable year may not exceed the applicable annual cap provided in the following table:

Taxable Year	Cap
1998	$ 150,000
1999	$ 640,000
2000	$ 3,860,000
2001	$ 8,050,000
2002	$ 9,550,000
2003	$10,100,000
2004-2007	$10,400,000

(c) Reduction. -- For the first ten taxable years after the owner begins transporting materials and products to and from the major recycling facility, the credit allowed by

this section must be reduced by the amount of credit allowed in previous years that was used for a purpose other than an allowable purpose under subsection (d) of this section, as certified by the Secretary of Commerce.

(d) Use of Credited Amount. -- For the first ten taxable years after the owner begins construction of the major recycling facility, the owner must use the amount of credit allowed under this section to pay for (i) investment in rail or roads associated with the facility, (ii) investment in water system infrastructure designed to reduce the expense of transporting materials and products to and from the recycling facility, and (iii) investment in land and infrastructure for other industrial sites located in the same county as the recycling facility. If the owner determines that there are no reasonable economic opportunities in a given year to use the total amount of credit for the expenditures described above, the owner may use the excess for investment at or in connection with the recycling facility above the initial required investment of three hundred million dollars ($300,000,000).

Expenses incurred for the purposes allowed in this subsection during a taxable year in the ten-year period may be counted toward a credit allowed in a later taxable year in the ten-year period. If the owner is not able to use the full amount of the credit during a taxable year for any of the purposes allowed by this subsection, the excess may be used for these purposes in subsequent taxable years.

The owner must provide the Secretary of Commerce with annual audited documentation demonstrating that the amount of credit received under this section during the previous twelve-month period has not been used for a purpose inconsistent with this subsection. If the Secretary of Commerce determines that the owner has used any of the credit for a purpose that is inconsistent with the requirements of this subsection, the Secretary of Commerce shall certify the amount so used to the Secretary of Revenue and the credit allowed the owner under this section for the following taxable year shall be reduced by that amount in accordance with subsection (c) of this section.

After the end of the ten-year period, the amount of any credit allowed under this section that has not yet been used may be used for investment at or in connection with the recycling facility above the initial required investment of three hundred million dollars ($300,000,000).

(e) Credit Refundable. -- If the credit allowed by this section exceeds the amount of tax imposed by Part 1 of Article 4 of this Chapter for the taxable year reduced by the sum of all credits allowable, the Secretary shall refund the excess to the taxpayer. The refundable excess is governed by the provisions governing a refund of an overpayment by the taxpayer of the tax imposed in Part 1 of Article 4 of this Chapter. In computing the amount of tax against which multiple credits are allowed, nonrefundable credits are subtracted before refundable credits."

Section 13. G.S. 105-164.3 is amended by renumbering subdivision (8) as (7b) and adding a new subdivision to read:

"(8) Major recycling facility. -- Defined in G.S. 105-129.25."

Section 14. G.S. 105-164.4(a)(1d) is amended by adding a new sub-subdivision to read:

"j. Sales to a major recycling facility of the following tangible personal property for use in connection with the facility: cranes, structural steel crane support systems, foundations related to the cranes and support systems, port and dock facilities, rail equipment, and material handling equipment."

Section 15. G.S. 105-164.13 is amended by adding two new subdivisions to read:

"(10a) Sales to a major recycling facility of (i) lubricants and other additives for motor vehicles or machinery and equipment used at the facility and (ii) materials, supplies, parts, and accessories, other than machinery and equipment, that are not capitalized by the taxpayer and are used or consumed in the manufacturing and material handling processes at the facility.

(10b) Sales to a major recycling facility of electricity used at the facility."

Section 16. G.S. 105-164.14 is amended by adding a new subsection to read:

"(g) Major Recycling Facilities. -- The owner of a major recycling facility is allowed an annual refund of sales and use taxes paid by it under this Article on building materials, building supplies, fixtures, and equipment that become a part of the real property of the recycling facility. Liability incurred indirectly by the owner for sales and use taxes on these items is considered tax paid by the owner. A request for a refund must be in writing and must include any information and documentation required by the Secretary. A request for a refund is due within six months after the end of the major recycling facility's fiscal year. Refunds applied for after the due date are barred."

Section 17. G.S. 105-164.14(f) reads as rewritten:

"(f) Information to Counties. -- Upon written request of a county, the Secretary shall, within 30 days after the request, provide the designated county official a list of each claimant that has, within the past 12 months, received a refund under subsection ~~(b) or (c)~~ (b), (c), or (g) of this section of at least one thousand dollars ($1,000) of tax paid to the county. The list shall include the name and address of each claimant and the amount of the refund it has received from that county. Upon written request of a county, a claimant that has received a refund under subsection ~~(b) or (c)~~ (b), (c), or (g) of this section shall provide the designated county official a copy of the request for the refund and any supporting documentation requested by the county to verify the request. For the purpose of this subsection, the designated county official is the chair of the board of county commissioners or a county official designated in a resolution adopted by the board. Information provided to a county under this subsection is not a public record and may not be disclosed except in accordance with G.S. 153A-148.1. If a claimant determines that a refund it has received under subsection ~~(b) or (c)~~ (b), (c), or (g) of this section is incorrect, it shall file an amended request for the refund."

Section 18. G.S. 105-275(8) is amended by adding a new sub-subdivision to read:

"d. Real or personal property that is used or, if under construction, is to be used by a major recycling facility as defined in G.S. 105-129.25 predominantly for recycling or resource recovering of or from solid waste, if the Department of Environment and Natural Resources furnishes a certificate to the tax supervisor of the county in which the property is situated stating the Department of Environment and Natural Resources has found that the described property has been or will be constructed or installed for use by a major recycling facility, complies or will comply with the rules of the Department of Environment and Natural Resources, and has, or will have as a purpose recycling or resource recovering of or from solid waste."

Section 19. G.S. 105-129.28, as enacted by Section 12 of this act, is repealed effective for taxable years beginning on or after January 1, 2008. This section does not affect the rights or liabilities of the State, a taxpayer, or another person arising under G.S. 105-129.28 before the effective date of its repeal; nor does it affect the right to any refund or credit of a tax that accrued under G.S. 105-129.28 before the effective date of its repeal.

The sole purpose of this ten-year sunset provision is to allow a determination to be made whether any major recycling facility continues to experience additional transportation and transloading expenses due to its inability to use ocean barges or ships to transport materials and products to and from the facility. It is the expectation and intent that the General Assembly will postpone the sunset of G.S. 105-129.28 if it is determined that, based on audited documentation submitted by a major recycling facility and verified by the Secretary of Commerce, that any major recycling facility continues to experience these additional transportation and transloading expenses as of 2008.

PART V. EFFECTIVE DATES

Section 20. G.S. 105-129.6(a1), as enacted by Section 1 of this act, becomes effective January 1, 1999, and applies to applications filed on or after that date. The amendment to G.S. 105-129.9(c) made by Section 1 of this act is effective for taxable years beginning on or after January 1, 1998. Section 3 of this act becomes effective January 1, 1999. The remainder of Part I of this act is effective for taxable years beginning on or after January 1, 1999.

Section 21. Part II of this act becomes effective July 1, 1998.

Section 22. Section 10 of this act is effective for taxes imposed for taxable years beginning on or after July 1, 2001. Section 11 of this act becomes effective January 1, 1999, and expires January 1, 2004. The remainder of Part III of this act becomes effective January 1, 2001, and applies to sales made on or after that date.

Section 23. Section 12 of this act is effective for taxable years beginning on or after January 1, 1998. Sections 13 through 17 of this act become effective July 1, 1998, and apply to sales made on or after that date. Section 18 of this act is effective for taxes imposed for taxable years beginning on or after July 1, 1999. The remainder of Part IV of this act is effective when it becomes law.

FRD, 6/17/98

EXPLANATION OF SENATE BILL 1569[1]:
Proposed House Committee Substitute
Economic Opportunity Act of 1998

TO: House Finance Committee
FROM: Martha H. Harris, Staff Attorney
DATE: June 30, 1998
SPONSOR: Senator Hoyle

This bill is designed to promote economic development throughout the State in five ways:

1. It makes various amendments to the William S. Lee Act to encourage large investments and remove technical problems with the Act.
2. It authorizes enhanced incentives for development zones, which are economically distressed areas located within municipalities.
3. It expands and modifies the Industrial Development Fund to provide financial support for projects in rural and less prosperous areas of the State.
4. To encourage development of air courier hubs, it provides sales tax and property tax reductions for air couriers and provides a temporary bidding law exemption for specific projects of the Piedmont Triad International Airport Authority.
5. To encourage development of the recycling industry in Tier One counties, it provides an investment tax credit for large and major recycling facilities that locate in Tier One counties and, in addition, it provides a refundable reinvestment credit and sales tax reductions for major recycling facilities.

William S. Lee Act Modifications. Part I of the bill makes a number of changes to the William S. Lee Quality Jobs and Business Expansion Act, some technical and some substantive. Unless a different date is given, these changes all become effective beginning with the 1999 tax year.

Part I makes two changes to the central administrative office credit that was enacted last year. First, it allows the credit to be taken against the insurance gross premiums tax. This change will permit insurance companies to qualify for the credit. Second, it clarifies that a central administrative office meets the requirement for creating new jobs if the jobs begin before the office property is in

service but are located at a temporary facility that the business occupies while waiting for its office property to be completed.

Part I also makes two changes to the credit for investing in machinery and equipment. First, it provides that for projects that span two tax years, the threshold applies only once to the investment. Otherwise, a project put in service from May through September would receive more benefit than a project put in service from November through March. This change goes into effect beginning with the 1998 tax year. Second, it expands the credit to include machinery and equipment the taxpayer uses under an operating lease, but only if the machinery and equipment are part of a project valued at $150 million or more. Otherwise, the current law allows the credit only for machinery and equipment the taxpayer acquires under a capital lease or purchases and capitalizes.

Part I expands the credit for research and development. The existing credit for research and development piggybacks the federal credit, allowing a State credit equal to approximately ¼ of the federal credit as it relates to North Carolina activities. In 1997, Congress enacted an alternative credit for research and development. The bill modifies the State credit to also allow a credit equal to approximately ¼ of the federal alternative credit as it relates to North Carolina activities.

Part I simplifies the credit for worker training. In order to qualify under current law for the credit for worker training, the taxpayer must get its planned training certified in advance by the Department of Community Colleges. This requirement has been difficult both for taxpayers and for the Department of Community Colleges. The bill replaces the current credit measured by costs of training with a credit for wages paid to workers while they are being trained (not including on-the-job training). The credit is restricted to employees for whom the taxpayer qualifies for the jobs tax credit and employees being trained to operate machinery and equipment for which the taxpayer qualifies for the credit for investing in machinery and equipment.

Finally, Part I makes a number of administrative and technical changes to the William S. Lee Act. First, it levies a $75.00 application fee on taxpayers who seek to qualify for a credit. The proceeds of the fee will help the Department of Commerce defray its costs in administering the credits. Most states with similar incentives laws require a fee, and their fees tend to be much higher. The application fee would become effective January 1, 1999. Second, the bill extends the credit carryforward period for investments over $150 million. Currently, the credit may not reduce the taxpayer's tax liability by more than half, and any excess may be carried forward for up to five years. The bill provides that for large investments, the excess may be carried forward for up to 20 years. Third, the bill clarifies that credits are allowed only for new and expanding businesses,

not for existing businesses that are sold to another taxpayer. The bill provides an exception, however, for a business that has closed, has filed a federally required notice that closure is imminent, or has been purchased in an employee buyout. In these cases, the business will be able to qualify for the credits to the same extent as a new business. Fourth, the bill clarifies and renumbers the definitions of the different types of businesses that are eligible for credits[2] and clarifies the method of calculating the investment tax credit and the business tax credit for property acquired by a capital lease.

State Development Zones. Part I of the bill provides for the designation of economically distressed areas located within municipalities as State development zones, and authorizes enhanced incentives for businesses that locate in a development zone. This change becomes effective beginning with the 1999 tax year. The bill defines a development zone as an area (1) consisting of one or more contiguous census tracts, block groups, or both, (2) with a population of 1,000 or more, at least 20% of whom are below the poverty level, and (3) located at least partly in a municipality with a population over 5,000. If a business locates in a development zone, the wage standard it has to meet is the same as for Tier One counties — slightly lower than the standard for other counties. In addition, if a business locates in a development zone, its maximum worker training credit is $1,000 rather than $500, it receives an additional $4,000 per job on its jobs tax credit, and there is no threshold for the credit for investing in machinery and equipment.

The Secretary of Commerce will designate development zones upon request of a taxpayer or a local government. The designation is effective for four years. The bill provides that a development zone may qualify for priority in receiving community development block grants if the municipality's governing body adopts a strategy to improve the zone and establishes a committee to implement the strategy, in accordance with guidelines established by the Department of Commerce.

[2] The bill changes statutory references from the Standard Industrial Classifications (SIC) to the North American Industrial Classification System (NAICS) to conform to the federal system. These references are used in the William S. Lee act to define various types of businesses. The bill also changes the term "manufacturing and processing" to "manufacturing" and the term "warehousing and distribution" to "warehousing and wholesale trade" to conform to the NAICS. In April 1997, the United States Office of Management and Budget announced the adoption of a new industry classification replacing the SIC, a system used to classify most of the data we have about industries or kinds of business in our economy. The updating of industry classifications is nothing new. Since its origination in the 1930s, the SIC system has been revised or updated every 10 or 15 years to reflect new developments in the American economy and to address problems identified by data users and statistical agencies. It was last revised in 1987.

Infrastructure Funds. Part II of the bill states the intent of the General Assembly to appropriate funds to the Industrial Development Fund and the Utility Account of the Industrial Development Fund. The Governor's budget requested an appropriation of $32 million, $18 million for the Fund and $14 million for the Utility Account. Under current law, money in the Utility Account can be used in Tier One counties for construction or improvements to new or existing water, sewer, gas, or electrical utility distribution lines or for existing, new, or proposed industrial buildings to be used in manufacturing and processing, warehousing and distribution, or data processing. The bill would expand the scope of the Utility Account to include Tier Two counties.

Under current law, the Industrial Development Fund provides funding for manufacturing projects in Tier One, Two, and Three counties as well as in areas experiencing major economic dislocations. The funds may be used for equipment, capital improvements, and utility distribution lines. Projects in Tier Two and Three Counties are required to match the State funds on a $1/$3 basis. The funding is capped at $4,000 per job to be created and $400,000 per project. The bill would raise the per-job cap to $5,000 and the per-project cap to $500,000. The bill would also expand the industries covered by both the Industrial Development Fund and the Utility Account to include all of the following: manufacturing, central administrative offices, air courier services, data processing, and warehousing and wholesale trade.

Under current law, funds in the Industrial Development Fund and the Utility Account are used for grants to local governments and, in some cases, loans to businesses through the local government and a bank that matches the loan. The bill would clarify that a local government that receives funds, may, if necessary, use up to 2% of the funds to verify that the funds are used as required by law and otherwise to administer the grant or loan.

Air Courier Hubs. Part III of the bill provides sales tax and property tax reductions for interstate air couriers in order to encourage the development of air courier hubs in North Carolina. An air courier is an air carrier that delivers individually addressed letters, parcels, and packages. Effective January 1, 2001, the bill provides that sales to an interstate air courier of equipment for handling and storing materials at its hub will be subject to a reduced sales tax of 1%, capped at $80 per item. In addition, the bill provides a sales tax exemption for sales to an interstate air courier of aircraft lubricants, aircraft repair parts, and aircraft accessories for use at the air courier's hub in this State. Effective beginning with the 2001 property tax year, the bill provides a property tax exemption for aircraft owned by an air courier and apportioned for property tax purposes to the courier's hub in this State. A hub is the place in this State where

the air courier allocates for property tax purposes more than 60% of its North Carolina aircraft value and where its primary function is to receive packages from consolidation locations for sorting and distribution, rather than to consolidate packages for delivery to another airport for sorting and distribution.

Part III also grants a bidding law exemption for the Piedmont Triad International Airport Authority. The exemption is effective for a five-year period beginning January 1, 1999, and applies to design and construction of an air freight distribution facility on airport property, and related supplies, equipment, and services.

Recycling Facilities. Part IV of the bill provides tax incentives for "large" and "major" recycling facilities located in Tier One counties at the time of initial construction. A recycling facility is a plant that manufactures products, most of which are made from at least 50% post-consumer waste material. The facility also includes related infrastructure, buildings, and equipment on land near (and in the same county as) the plant. A large recycling facility is one that will involve at least $150 million in new investment and 155 new jobs within a two-year period. A major recycling facility is one that will involve at least $300 million in new investment and 250 new jobs within a four-year period. In order to qualify for the applicable tax incentives, the owner of the facility must obtain certification from the Department of Commerce that it will meet the minimum investment and new job requirements. If the facility fails to meet either requirement within the applicable time period, it forfeits any tax benefit it received as a result of being certified.

Part IV provides an investment tax credit for both large and major recycling facilities, effective beginning with the 1998 tax year. This investment tax credit is in lieu of the investment tax credit provided in the William S. Lee Act. The recycling facility investment tax credit differs from the Bill Lee Act credit in the following ways:

1. The Bill Lee Act credit is equal to 7% of the cost of machinery and equipment, while the large recycling facility credit is equal to 20% of the cost and the major recycling facility credit is equal to 50% of the cost.
2. The credit is allowed at the time the owner of the recycling facility accrues expenses to purchase or lease the machinery and equipment, rather than at the time the machinery and equipment are placed in service, as under the Bill Lee Act. If the recycling facility fails to put the machinery and equipment in service within 30 months after taking the credit, the credit is forfeited and must be repaid.

3. The credit is allowed against both the corporate franchise tax and the corporate income tax. Under the Bill Lee Act, the credit is allowed against either but not both of those taxes.
4. The credit may equal 100% of the tax due from the owner of the facility. Under the Bill Lee Act, the credit is limited to 50% of tax due, so that the taxpayer will be paying some tax in every case.
5. The excess credit may be carried forward for 25 years. Under the Bill Lee Act, as revised by this bill, the relevant carryforward period would be 20 years.

Part IV also provides to major recycling facilities locating in Tier One counties a refundable corporate income tax "credit for reinvestment," effective beginning with the 1998 tax year. The credit applies if the major recycling facility is not accessible by ocean barge or ship and incurs additional expenses due to transporting its materials and products by alternative modes of transportation. The reinvestment credit is equal to the amount of these additional expenses, which must be documented annually to the Secretary of Commerce. The credit is subject to a dollar cap each year, in increasing amounts. In 1999, the cap is $640,000. In 2004, the cap levels off at $10.4 million a year. The bill sunsets this reinvestment credit effective with the 2008 tax year. The bill states the intent, however, to postpone the sunset if any major recycling facility can document that it is still experiencing additional expenses in 2008 due to its inability to use ocean barges or ships to transport materials and products.

The reinvestment credit is refundable. That means that if the amount of credit exceeds the major recycling facility's tax liability after all other credits are subtracted, the balance is paid out in cash. For the first ten years the reinvestment credit is in effect, a major recycling facility must use the amount received in credit to invest in rail and roads associated with the facility, in transportation infrastructure to reduce the expense of transporting materials and products to and from the facility, or in land and infrastructure for industrial sites, other than the facility itself, in the same county. If there are not enough reasonable opportunities for investments in those purposes in a given year, however, the major recycling facility may invest the amount of credit received in the facility itself, but only after it has made the minimum investment of $300 million required to qualify as a major recycling facility. The facility must document its compliance with this reinvestment requirement and forfeits any part of the credit it spends for another purpose. It is this reinvestment requirement that gives the credit its name.

Part IV provides several sales and use tax reductions for major recycling facilities locating in Tier One counties, effective beginning July 1, 1998. First, it provides that a reduced sales tax rate of 1%, capped at $80 per item, will apply to

3. The credit is allowed against both the corporate franchise tax and the corporate income tax. Under the Bill Lee Act, the credit is allowed against either but not both of those taxes.
4. The credit may equal 100% of the tax due from the owner of the facility. Under the Bill Lee Act, the credit is limited to 50% of tax due, so that the taxpayer will be paying some tax in every case.
5. The excess credit may be carried forward for 25 years. Under the Bill Lee Act, as revised by this bill, the relevant carryforward period would be 20 years.

Part IV also provides to major recycling facilities locating in Tier One counties a refundable corporate income tax "credit for reinvestment," effective beginning with the 1998 tax year. The credit applies if the major recycling facility is not accessible by ocean barge or ship and incurs additional expenses due to transporting its materials and products by alternative modes of transportation. The reinvestment credit is equal to the amount of these additional expenses, which must be documented annually to the Secretary of Commerce. The credit is subject to a dollar cap each year, in increasing amounts. In 1999, the cap is $640,000. In 2004, the cap levels off at $10.4 million a year. The bill sunsets this reinvestment credit effective with the 2008 tax year. The bill states the intent, however, to postpone the sunset if any major recycling facility can document that it is still experiencing additional expenses in 2008 due to its inability to use ocean barges or ships to transport materials and products.

The reinvestment credit is refundable. That means that if the amount of credit exceeds the major recycling facility's tax liability after all other credits are subtracted, the balance is paid out in cash. For the first ten years the reinvestment credit is in effect, a major recycling facility must use the amount received in credit to invest in rail and roads associated with the facility, in transportation infrastructure to reduce the expense of transporting materials and products to and from the facility, or in land and infrastructure for industrial sites, other than the facility itself, in the same county. If there are not enough reasonable opportunities for investments in those purposes in a given year, however, the major recycling facility may invest the amount of credit received in the facility itself, but only after it has made the minimum investment of $300 million required to qualify as a major recycling facility. The facility must document its compliance with this reinvestment requirement and forfeits any part of the credit it spends for another purpose. It is this reinvestment requirement that gives the credit its name.

Part IV provides several sales and use tax reductions for major recycling facilities locating in Tier One counties, effective beginning July 1, 1998. First, it provides that a reduced sales tax rate of 1%, capped at $80 per item, will apply to

cranes, foundations, transportation equipment, and materials handling equipment used at the major recycling facility. These items would otherwise be subject to 4% State sales tax and 2% local sales tax. Second, it exempts from sales tax lubricants and other additives for vehicles and machinery used at the plant, and other materials and supplies (not including machinery and equipment) that are used or consumed directly in the manufacturing process. These items would also otherwise be subject to a combined State and local rate of 6%. Third, it exempts from sales tax electricity purchased for use at the major recycling facility. This electricity would otherwise be subject to State sales tax at 3% or 2.83%. Fourth, Part IV provides an annual sales tax refund for taxes a major recycling facility pays directly or indirectly on building materials, building supplies, fixtures, and equipment that become a part of the real property of the recycling facility located in a Tier One county.

Finally, Part IV provides for major recycling facilities an expanded version of the existing property tax exemption for property used for recycling, effective beginning with the 1999-20 property tax year. Under current law, to qualify for exemption, the property must be used exclusively for recycling and have recycling as its primary purpose. The bill would provide that, for major recycling facilities only, the property must be used predominantly for recycling and have recycling as a purpose. The Department of Environment and Natural Resources determined that these changes would be necessary to prevent a major recycling facility from being disqualified because it adds fillers or other materials to the post-consumer waste material when manufacturing products.

JOB CREATION "SPINOFF" EFFECT

If North Carolina recruits a company to move to the state creating 100 new jobs ...

An average of 142 people will move with it.

They will buy 57 homes resulting in:
$6.5 million in home sales
$216,000 in new property taxes
$414,000 in mortgage interest fees

To service the needs of these new residents, 64 additional jobs will be created:
45 wholesale, retail, entertainment
7 transportation
3 finance, insurance, real estate
3 service
3 construction
3 public administration

7 new retail stores will be needed to fill the new residents' needs.

In all, the new residents will generate:
$2.4 million in retail sales
$411,000 automobile sales
$97,000 furniture sales
$557,000 grocery sales
$242,000 gasoline sales

moves to amend the bill on page 2, line 3,
by adding the following after the word "BY": "LIMITING THE JOBS TAX CREDIT TO JOBS LISTED WITH THE EMPLOYMENT SECURITY COMMISSION, BY";

and on page 12, lines 6 - 7,
by adding the following between the lines:
"(f) Labor Exchange. -- Notwithstanding the provisions of this section, a taxpayer is not eligible for the credit for creating jobs except for those new jobs the taxpayer lists with the employment service of the Employment Security Commission and for which the taxpayer allows the Commission to accept and screen applications and refer applicants to the taxpayer. The General Assembly finds that the purpose of these conditions is to enhance full and fair equal employment opportunities for those who use State employment offices and to promote interstate commerce by encouraging greater effective use of the national public labor exchange.

The employer shall track new jobs created by position number and shall maintain records provided annually by the Employment Security Commission demonstrating that those positions were listed with its employment service. These records must document that each new position was listed for initial hiring and for any replacement hiring that occurred during the four-year period during which the taxpayer was eligible to take an installment of the credit with respect to that position. The employer must maintain these records until the close of the limitations period under G.S. 105-241.1 for assessments relating to the credit for that position.";

and on page 24, line 27,
by adding the following after the phrase "20.": "G.S. 105-129.4(b2),

Re: Senate Bill 1569 - Economic Opportunity Act of 1998

Dear Representative Gray:

During the debate over passage of Senate Bill 1569 in the North Carolina Senate last week, a question was raised regarding the availability to North Carolinians of the new jobs created in facilities receiving state incentives under the bill. Nucor Corporation intends to list all jobs available at the Hertford County plant with the North Carolina Employment Security Commission and intends to utilize local community colleges for testing job applicants. We will give priority to North Carolinians from Hertford County as well as surrounding North Carolina counties in filling the new jobs at the Nucor Hertford County mill.

We look forward to the day when the Nucor Steel Hertford County mill is at production capacity. If we can answer any other questions you have regarding the mill, please do not hesitate to contact us.

Sincerely,

John D. Correnti
Vice Chairman, President,
Chief Executive Officer

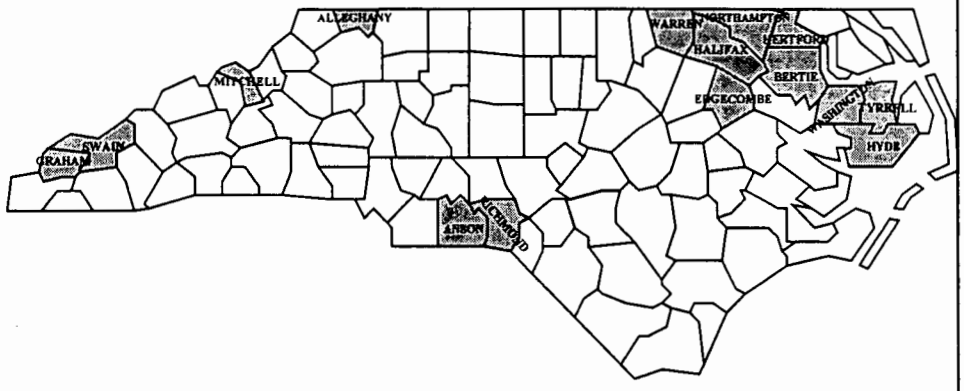
Tier 1 Recycling Facilities

North Carolina's Tier 1 Enterprise Areas

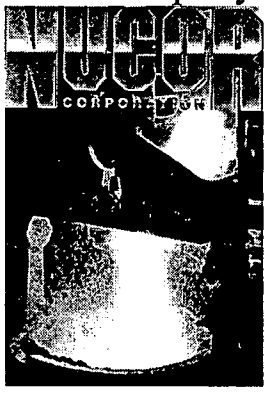


Nucor Corporation: The Project

- Investment: $300 million
- Employment: 300 with $60,000/yr. average wage
- Location: Hertford County (Tier 1 County)
- Product: Plate Steel
- Capacity: 1 million tons/year

Nucor Corporation: The Project

- The Company: Nucor is the second largest steel producer in the U.S. and is headquartered in Charlotte. Nucor employs over 6,000 people and has 29 facilities in the U.S. and the West Indies.



Nucor Corporation: The Benefits

- High wage ($60,000/yr. average salary) jobs in distressed, rural counties
- Full health benefits package for employees and dependents
- Educational assistance for college-bound children of employees

Nucor Corporation: The Benefits

- No-layoff policy
- Estimated $2 billion impact on local region over 25 years

Nucor Corporation: The Impact

- Documented 'spin off' effect at other Nucor facilities:
  - **Berkeley, SC**: Since 1995, 13 suppliers/customers located or committed to locate by the facility which will generate $158 million in investment and created 650 jobs.
  - **Hickman, AR**: Since 1992, 14 suppliers/customers located by the facility creating $100 million in investment and 1,150 jobs.
  - **Average wage at these facilities:** $44,100 per year

Tier 1 Recycling Facilities: Proposed Legislation

- Investment Tax Credit
  - Increase credit to 50% for recycling facilities in Tier 1 counties who invest over $300 million
  - Allow 25 year carryforward
  - Increase credit to 20% for recycling facilities in Tier 1 counties who invest over $150 million

Tier 1 Recycling Facilities: Proposed Legislation

- Eliminate state sales tax on non-process electricity
- Refund sales tax on construction materials
- Reduce to 1%/$80 per item sales tax on annual purchases on material handling and production equipment and machinery

Tier 1 Recycling Facilities: Proposed Legislation

- Reinvestment Tax Credit
  - To equalize transportation cost differential
  - 10 year sunset with yearly cap
  - Money must be used for:
    - 1) Transportation improvements (rail, dredging, etc.) or
    - 2) Industrial sites and infrastructure in the county
    - After 1 & 2 are exhausted, money may then be used to reinvest in property, plant and equipment at the site (over and above initial $300 million)

NORTH CAROLINA TAX INCENTIVES FOR RECYCLING FACILITIES

LEGISLATIVE HISTORY

In order to induce companies to construct major recycling facilities in a tier one county in North Carolina that will provide a large number of high paying jobs in an economically depressed area, the State, after a series of negotiations, has provided over a period of years refundable tax credits and certain other tax incentives to a company that builds and operates such a facility within a tier one county. It is intended that these refundable tax credits will be used for capital expenditures by the company for (i) investment in rail or roads associated with the facility, (ii) investment in water system infrastructure designed to reduce the expense of transporting materials and products to and from the recycling facility, and (iii) investment in land and infrastructure for other industrial sites located in the same county as the recycling facility, as well as for property, plant, and equipment associated with the facility, and, therefore, will become a part of the corporation's permanent capital. Such refundable tax credits are expected to benefit tier one counties located in North Carolina indirectly in the form of increased employment opportunities and are not intended to be used as specific, quantifiable compensation to the company for the rendering of specific services to the State. Likewise, it is anticipated that these refundable tax credits will benefit the company because the investment in capital expenditures, as described above, will result in ordinary income to the company through the sale of products.

~~(4a) Reserved.~~

~~(5) Machinery and equipment. — Engines, machinery, tools, and implements that are capitalized by the taxpayer for tax purposes under the Code and are used or designed to be used in the business for which the credit is claimed. The term does not include real property as defined in G.S. 105-273 or rolling stock as defined in G.S. 105-333.~~

~~(6) Manufacturing and processing. — Defined in the Standard Industrial Classification Manual issued by the United States Office of Management and Budget.~~

~~(7) Purchase. — Defined in section 179 of the Code.~~

~~(8) Warehousing and distribution. — Defined in the Standard Industrial Classification Manual issued by the United States Office of Management and Budget.~~

"§ 105-129.3. (Repealed effective January 1, 2002) Enterprise tier designation.

(a) Tiers Defined. -- An enterprise tier one area is a county whose enterprise factor is one of the 10 highest in the State. An enterprise tier two area is a county whose enterprise factor is one of the next 15 highest in the State. An enterprise tier three area is a county whose enterprise factor is one of the next 25 highest in the State. An enterprise tier four area is a county whose enterprise factor is one of the next 25 highest in the State. An enterprise tier five area is any area that is not in a lower-numbered enterprise tier.

(b) Annual Designation. -- Each year, on or before December 31, the Secretary of Commerce shall assign to each county in the State an enterprise factor that is the sum of the following:

(1) The county's rank in a ranking of counties by average rate of unemployment from lowest to highest, for the preceding three years.

(2) The county's rank in a ranking of counties by average per capita income from highest to lowest, for the preceding three years.

(3) The county's rank in a ranking of counties by percentage growth in population from highest to lowest.

The Secretary of Commerce shall then rank all the counties within the State according to their enterprise factor from highest to lowest, identify all the areas of the State by enterprise tier, and provide this information to the Secretary of Revenue. An enterprise tier designation is effective only for the calendar year following the designation.

In measuring rates of unemployment and per capita income, the Secretary shall use the latest available data published by a State or federal agency generally recognized as having expertise concerning the data. In measuring population growth, the Secretary shall use the most recent estimates of population certified by the State Planning Officer.

(c) Exception for Enterprise Tier One Areas. -- Notwithstanding the provisions of this section, an enterprise tier one area may not be redesignated as a higher-

numbered enterprise tier area until it has been an enterprise tier one area for at least two consecutive years.

(d) Exception for Two-County Industrial Park. -- For the purpose of this Article, an eligible two-county industrial park that meets all of the following conditions has the lower enterprise tier designation of the designations of the two counties in which it is located:

(1) It is located in two contiguous counties, one of which has a lower enterprise tier designation than the other.

(2) At least one-third of the park is located in the county with the lower tier designation.

(3) It is owned by the two counties or a joint agency of the counties.

(4) The county with the lower tier designation contributed at least one-half of the cost of developing the park.

"§ 105-129.3A. Development zone designation.

(a) Development Zone Defined. -- A development zone is an area comprised of one or more contiguous census tracts, census block groups, or both in the most recent federal decennial census that meets all of the following conditions:

(1) It is located in whole or in part in a city with a population of more than 5,000 according to the most recent annual population estimates certified by the State Planning Officer.

(2) It has a population of 1,000 or more according to the most recent annual population estimates certified by the State Planning Officer.

(3) More than twenty percent (20%) of its population is below the poverty level according to the most recent federal decennial census.

(b) Designation. -- Upon request of a taxpayer or a local government, the Secretary of Commerce shall designate whether an area is a development zone that meets the conditions of subsection (a) of this section. A development zone designation is effective for 48 months following the designation.

(c) Relationship With Enterprise Tiers. -- For the purpose of the wage standard requirement of G.S. 105-129.3(b), the credit for investing in machinery and equipment allowed in G.S. 105-129.9, and the credit for worker training allowed in G.S. 105-129.11, a development zone is considered an enterprise tier one area. For all other purposes, a development zone has the same enterprise tier designation as the county in which it is located.

"§ 105-129.4. (Repealed effective January 1, 2002) Eligibility; forfeiture.

(a) Type of Business. -- A taxpayer is eligible for a credit allowed by G.S. 105-129.12 if the real property for which the credit is claimed is used for a central administrative office that creates at least 40 new jobs. A taxpayer is eligible for the other credits allowed by this Article if the taxpayer engages in one of the following types of businesses and the jobs with respect to which a credit is claimed are created in that business, the machinery and equipment with respect to which a credit is claimed are used in that business, and the research and development for which a credit is claimed are carried out as part of that business:

(1) Air courier services.
(2) Central administrative office that creates at least 40 new jobs.
(3) Data processing.
(4) ~~Manufacturing or processing.~~ Manufacturing.
(5) Warehousing or ~~distribution.~~ wholesale trade.

(a1) Central Administrative Office. -- A central administrative office creates at least 40 new jobs ~~if, during the taxable year the taxpayer first uses the property as a central administrative office,~~ if the taxpayer hires at least 40 additional full-time employees to fill new positions at the ~~office.~~ office either in the year the taxpayer first uses the property as a central administrative office or in the preceding 24 months while using temporary space for the central administrative office functions during completion of the administrative office property. Jobs transferred from one area in the State to another area in the State are not considered new jobs for purposes of this subsection.

(b) Wage Standard. -- A taxpayer is eligible for the credit for creating jobs or the credit for worker training if the jobs for which the credit is claimed meet the wage standard at the time the taxpayer applies for the credit. A taxpayer is eligible for the credit for investing in machinery and equipment, the credit for research and development, or the credit for investing in real property for a central administrative office if the jobs at the location with respect to which the credit is claimed meet the wage standard at the time the taxpayer applies for the credit. Jobs meet the wage standard if they pay an average weekly wage that is at least equal to the applicable percentage times the applicable average weekly wage for the county in which the jobs will be located, as computed by the Secretary of Commerce from data compiled by the Employment Security Commission for the most recent period for which data are available. The applicable percentage for jobs located in an enterprise tier one area is one hundred percent (100%). The applicable percentage for all other jobs is one hundred ten percent (110%). The applicable average weekly wage is the lowest of the following: (i) the average wage for all insured private employers in the county, (ii) the average wage for all insured private employers in the State, and (iii) the average wage for all insured private employers in the county multiplied by the county income/wage adjustment factor. The county income/wage adjustment factor is the county income/wage ratio divided by the State income/wage ratio. The county income/wage ratio is average per capita income in the county divided by the annualized average wage for all insured private employers in the county. The State income/wage ratio is the average per capita income in the State divided by the annualized average wage for all insured private employers in the State.

(b1) Large Investment. -- A taxpayer who is otherwise eligible for a tax credit under this Article becomes eligible for the large investment enhancements provided for credits under this Article if the Secretary of Commerce certifies that the taxpayer will purchase or lease, and place in service in connection with the eligible business within a two-year period, at least one hundred fifty million dollars ($150,000,000) worth of one or more of the following: real property, machinery and equipment, or central administrative office property. If the taxpayer fails to make the level of

investment certified within this two-year period, the taxpayer forfeits the large investment enhancements as provided in subsection (d) of this section.

~~(c) Worker Training. -- A taxpayer is eligible for the tax credit for worker training only for training workers who occupy jobs for which the taxpayer is eligible to claim an installment of the credit for creating jobs or which are full-time positions at a location with respect to which the taxpayer is eligible to claim an installment of the credit for investing in machinery and equipment for the taxable year.~~

~~The credit for worker training is allowed only with respect to employees in positions not classified as exempt under the Fair Labor Standards Act, 29 U.S.C. § 213(a)(1) and for expenditures for training that would be eligible for expenditure or reimbursement under the Department of Community Colleges' New and Expanding Industry Program, as determined by guidelines adopted by the State Board of Community Colleges. The credit is not allowed for expenditures that are paid or reimbursed by the New and Expanding Industry Program. To establish eligibility, the taxpayer must obtain as part of the application process under G.S. 105-129.6 the certification of the Department of Community Colleges that the taxpayer's planned worker training would satisfy the requirements of this paragraph. A taxpayer shall apply to the Department of Community Colleges for this certification. The application must be on a form provided by the Department of Community Colleges, must provide a detailed plan of the worker training to be provided, and must contain any information required by the Department of Community Colleges to determine whether the requirements of this paragraph will be satisfied. If the Department of Community Colleges determines that the planned worker training meets the requirements of this paragraph, the Department of Community Colleges shall issue a certificate describing the location with respect to which the credit is claimed and stating that the planned worker training meets the requirements of this paragraph. The State Board of Community Colleges may adopt rules in accordance with Chapter 150B of the General Statutes that are needed to carry out its responsibilities under this paragraph.~~

(d) Forfeiture. -- A taxpayer forfeits a credit allowed under this Article if the taxpayer was not eligible for the credit at the time the taxpayer applied for the credit. In addition, a taxpayer forfeits a large investment enhancement of a tax credit if the taxpayer fails to make the level of investment certified by the Secretary of Commerce under subsection (b1) of this section within the required two-year period. A taxpayer that forfeits a credit under this Article is liable for all past taxes avoided as a result of the credit plus interest at the rate established under G.S. 105-241.1(i), computed from the date the taxes would have been due if the credit had not been allowed. The past taxes and interest are due 30 days after the date the credit is forfeited; a taxpayer that fails to pay the past taxes and interest by the due date is subject to the penalties provided in G.S. 105-236. If a taxpayer forfeits the credit for creating jobs or the credit for investing in machinery and equipment, the taxpayer also forfeits any credit for worker training claimed for the jobs for which the credit for creating jobs was claimed or the jobs at the location with respect to which the credit for investing in machinery and equipment was claimed.

(e) Change in Ownership of Business. -- The sale, merger, acquisition, or bankruptcy of a business, or any ~~other~~ transaction by which an existing business reformulates itself as another business, does not create new eligibility in a succeeding business with respect to credits for which the predecessor was not eligible under this Article. A successor business may, however, take any installment of or carried-over portion of a credit that its predecessor could have taken if it had a tax liability. The acquisition of a business is a new investment that creates new eligibility in the acquiring taxpayer under this Article if any of the following conditions are met:

(1) The business closed before it was acquired.

(2) The business was required to file a notice of plant closing or mass layoff under the federal Worker Adjustment and Retraining Notification Act, 29 U.S.C. § 2102, before it was acquired.

(3) The business was acquired by its employees through an employee stock option transaction or another similar mechanism.

"§ 105-129.5. (Repealed effective January 1, 2002) Tax election; cap.

(a) Tax Election. -- The credits provided in this Article are allowed against the franchise tax levied in Article 3 of this Chapter and the income taxes levied in Article 4 of this Chapter. The credit for investing in central administrative office property provided in G.S. 105-129.12 is also allowed against the gross premiums tax levied in Article 8B of this Chapter. The taxpayer shall elect the tax against which a credit will be claimed when filing the return on which the first installment of the credit is claimed. This election is binding. Any carryforwards of the credit must be claimed against the same tax.

(b) Cap. -- The credits allowed under this Article may not exceed fifty percent (50%) of the tax against which they are claimed for the taxable year, reduced by the sum of all other credits allowed against that tax, except tax payments made by or on behalf of the taxpayer. This limitation applies to the cumulative amount of credit, including carryforwards, claimed by the taxpayer under this Article against each tax for the taxable year. Any unused portion of ~~the~~ a credit with respect to a large investment may be carried forward for the succeeding ~~five years.~~ 20 years. Any unused portion of any other credit may be carried forward for the succeeding five years.

"§ 105-129.6. (Repealed effective January 1, 2002) Application; reports.

(a) Application. -- To claim the credits allowed by this Article, the taxpayer must provide with the tax return the certification of the Secretary of Commerce that the taxpayer meets all of the eligibility requirements of G.S. 105-129.4 with respect to each credit. A taxpayer shall apply to the Secretary of Commerce for certification of eligibility. The application must be on a form provided by the Secretary of Commerce and must contain any information necessary for the Secretary of Commerce to determine whether the taxpayer meets the eligibility requirements. If the Secretary of Commerce determines that the taxpayer meets all of the eligibility requirements of G.S. 105-129.4 with respect to a credit, the Secretary shall issue a certificate describing the location with respect to which the credit is claimed, outlining the eligibility requirements for the credit, and stating that the taxpayer

meets the eligibility requirements. If the Secretary of Commerce determines that the taxpayer does not meet all of the eligibility requirements of G.S. 105-129.4 with respect to a credit, the Secretary must advise the taxpayer in writing of the eligibility requirements the taxpayer fails to meet. The Secretary of Commerce may adopt rules in accordance with Chapter 150B of the General Statutes that are needed to carry out the Secretary of Commerce's responsibilities under this section.

(a1) Fee. -- When filing an application for certification under this section, the taxpayer must pay the Department of Commerce a fee of seventy-five dollars ($75.00). Fees collected under this subsection are receipts of the Department of Commerce.

(b) Reports. -- The Department of Commerce shall report to the Department of Revenue and to the Fiscal Research Division of the General Assembly by May 1 of each year the following information for the 12-month period ending the preceding April 1:

(1) The number of applications for each credit allowed in this Article.
(2) The number and enterprise tier area of new jobs with respect to which credits were applied for.
(3) The cost of machinery and equipment with respect to which credits were applied for.

"§ 105-129.7. (Repealed effective January 1, 2002) Substantiation.

To claim a credit allowed by this Article, the taxpayer must provide any information required by the Secretary of Revenue. Every taxpayer claiming a credit under this Article shall maintain and make available for inspection by the Secretary of Revenue any records the Secretary considers necessary to determine and verify the amount of the credit to which the taxpayer is entitled. The burden of proving eligibility for the credit and the amount of the credit shall rest upon the taxpayer, and no credit shall be allowed to a taxpayer that fails to maintain adequate records or to make them available for inspection.

"§ 105-129.8. (Repealed effective January 1, 2002) Credit for creating jobs.

(a) Credit. -- A taxpayer that meets the eligibility requirements set out in G.S. 105-129.4, has five or more employees for at least 40 weeks during the taxable year, and hires an additional full-time employee during that year to fill a position located in this State is allowed a credit for creating a new full-time job. The amount of the credit for each new full-time job created is set out in the table below and is based on the enterprise tier of the area in which the position is ~~located.~~ located. In addition, if the position is located in a development zone, the amount of the credit is increased by four thousand dollars ($4,000) per job.

Area Enterprise Tier	Amount of Credit
Tier One	$12,500
Tier Two	4,000
Tier Three	3,000
Tier Four	1,000
Tier Five	500

A position is located in an area if more than fifty percent (50%) of the employee's duties are performed in the area. The credit may not be taken in the taxable year in which the additional employee is hired. Instead, the credit shall be taken in equal installments over the four years following the taxable year in which the additional employee was hired and shall be conditioned on the continued employment by the taxpayer of the number of full-time employees the taxpayer had upon hiring the employee that caused the taxpayer to qualify for the credit.

If, in one of the four years in which the installment of a credit accrues, the number of the taxpayer's full-time employees falls below the number of full-time employees the taxpayer had in the year in which the taxpayer qualified for the credit, the credit expires and the taxpayer may not take any remaining installment of the credit. The taxpayer may, however, take the portion of an installment that accrued in a previous year and was carried forward to the extent permitted under G.S. 105-129.5.

Jobs transferred from one area in the State to another area in the State shall not be considered new jobs for purposes of this section. If, in one of the four years in which the installment of a credit accrues, the position filled by the employee is moved to an area in a higher- or lower-numbered enterprise tier, or is moved from a development zone to an area that is not a development zone, the remaining installments of the credit shall be calculated as if the position had been created initially in the area to which it was moved.

(b) Repealed by Session Laws 1989, c. 111, s. 1.

(b1), (c) Repealed by Session Laws 1996, Second Extra Session, c. 13, s. 3.3.

(d) Planned Expansion. -- A taxpayer that signs a letter of commitment with the Department of Commerce to create at least twenty new full-time jobs in a specific area within two years of the date the letter is signed qualifies for the credit in the amount allowed by this section based on the area's enterprise tier and development zone designation for that year even though the employees are not hired that year. The credit shall be available in the taxable year after at least twenty employees have been hired if the hirings are within the two-year commitment period. The conditions outlined in subsection (a) apply to a credit taken under this subsection except that if the area is redesignated to a higher-numbered enterprise tier or loses its development zone designation after the year the letter of commitment was signed, the credit is allowed based on the area's enterprise tier and development zone designation for the year the letter was signed. If the taxpayer does not hire the employees within the two-year period, the taxpayer does not qualify for the credit. However, if the taxpayer qualifies for a credit under subsection (a) in the year any new employees are hired, the taxpayer may take the credit under that subsection.

(e), (f) Repealed by Session Laws 1996, Second Extra Session, c. 13, s. 3.3 for taxable years beginning on or after January 1, 1996.

"§ 105-129.9. (Repealed effective January 1, 2002) Credit for investing in machinery and equipment.

(a) Credit. -- If a taxpayer that has purchased or leased eligible machinery and equipment places it in service in this State during the taxable year, the taxpayer is allowed a credit equal to seven percent (7%) of the excess of the eligible investment

amount over the applicable threshold. Machinery and equipment is eligible if it is capitalized by the taxpayer for tax purposes under the Code and is not leased to another party. In addition, in the case of a large investment, machinery and equipment that is not capitalized by the taxpayer is eligible if the taxpayer leases it from another party. The credit may not be taken for the taxable year in which the equipment is placed in service but shall be taken in equal installments over the seven years following the taxable year in which the equipment is placed in service.

(b) Eligible Investment Amount. -- The eligible investment amount is the lesser of (i) the cost of the eligible machinery and equipment and (ii) the amount by which the cost of all of the taxpayer's eligible machinery and equipment that is in service in this State on the last day of the taxable year exceeds the cost of all of the taxpayer's eligible machinery and equipment that was in service in this State on the last day of the base year. The base year is that year, of the three immediately preceding taxable years, in which the taxpayer had the most eligible machinery and equipment in service in this State.

(c) Threshold. -- The applicable threshold is the appropriate amount set out in the following table based on the enterprise tier of the area where the eligible machinery and equipment are placed in service during the taxable year. If the taxpayer places eligible machinery and equipment in service in more than one area during the taxable year, the threshold applies separately to the eligible machinery and equipment placed in service in each area. If the taxpayer places eligible machinery and equipment in service in an area over the course of a two-year period, the applicable threshold for the second taxable year is reduced by the eligible investment amount for the previous taxable year.

Area Enterprise Tier	Threshold
Tier One	$ -0-
Tier Two	100,000
Tier Three	200,000
Tier Four	500,000
Tier Five	1,000,000

(d) Expiration. -- If, in one of the seven years in which the installment of a credit accrues, the machinery and equipment with respect to which the credit was claimed are disposed of, taken out of service, or moved out of State, the credit expires and the taxpayer may not take any remaining installment of the credit. The taxpayer may, however, take the portion of an installment that accrued in a previous year and was carried forward to the extent permitted under G.S. 105-129.5.

If, in one of the seven years in which the installment of a credit accrues, the machinery and equipment with respect to which the credit was claimed are moved to an area in a higher-numbered enterprise tier, or are moved from a development zone to an area that is not a development zone, the remaining installments of the credit are allowed only to the extent they would have been allowed if the machinery and equipment had been placed in service initially in the area to which they were moved.

(e) Planned Expansion. -- A taxpayer that signs a letter of commitment with the Department of Commerce to place specific eligible machinery and equipment in

service in an area within two years after the date the letter is signed may, in the year the eligible machinery and equipment are placed in service in that area, calculate the credit for which the taxpayer qualifies based on the area's enterprise tier and development zone designation for the year the letter was signed. All other conditions apply to the credit, but if the area has been redesignated to a higher-numbered enterprise tier or has lost its development zone designation after the year the letter of commitment was signed, the credit is allowed based on the area's enterprise tier and development zone designation for the year the letter was signed. If the taxpayer does not place part or all of the specified eligible machinery and equipment in service within the two-year period, the taxpayer does not qualify for the benefit of this subsection with respect to the machinery and equipment not placed in service within the two-year period. However, if the taxpayer qualifies for a credit in the year the eligible machinery and equipment are placed in service, the taxpayer may take the credit for that year as if no letter of commitment had been signed pursuant to this subsection.

"§ 105-129.10. (Repealed effective January 1, 2002) Credit for research and development.

(a) General Credit. -- A taxpayer that claims for the taxable year a federal income tax credit under section ~~41~~ 41(a) of the Code for increasing research activities is allowed a credit equal to five percent (5%) of the State's apportioned share of the taxpayer's expenditures for increasing research activities. The State's apportioned share of a taxpayer's expenditures for increasing research activities is the excess of the taxpayer's qualified research expenses for the taxable year over the base amount, as determined under section 41 of the Code, multiplied by a percentage equal to the ratio of the taxpayer's qualified research expenses in this State for the taxable year to the taxpayer's total qualified research expenses for the taxable year.

(b) Alternative Credit. -- A taxpayer that claims the alternative incremental credit under section 41(c)(4) of the Code for increasing research activities is allowed a credit equal to twenty-five percent (25%) of the State's apportioned share of the federal credit claimed. The State's apportioned share of the federal credit claimed is the amount of the alternative incremental credit the taxpayer claimed under section 41(c)(4) of the Code for the taxable year multiplied by a percentage equal to the ratio of the taxpayer's qualified research expenses in this State for the taxable year to the taxpayer's total qualified research expenses for the taxable year. For the purpose of this subsection, the amount of the alternative incremental credit claimed by a taxpayer is determined without regard to any reduction elected under section 280C(c) of the Code.

(c) Definitions. -- As used in this section, the terms 'qualified research expenses' and 'base amount' have the meaning provided in section 41 of the Code.

"§ 105-129.11. (Repealed effective January 1, 2002) Credit for worker training.

(a) Credit. -- A taxpayer that provides worker training for five or more of its eligible employees during the taxable year is allowed a credit equal to ~~fifty percent (50%) of its eligible expenditures for~~ the wages paid to the eligible employees during the training. Wages paid to an employee performing his or her job while being

trained are not eligible for the credit. For positions located in an enterprise tier one area, the credit may not exceed one thousand dollars ($1,000) per employee trained during the taxable year. For other positions, the credit may not exceed five hundred dollars ($500.00) per employee trained during the taxable year. A position is located in an area if more than fifty percent (50%) of the employee's duties are performed in the area.

(b) Eligibility. -- ~~The eligibility of a taxpayer's expenditures and employees is determined as provided in G.S. 105-129.4.~~ An employee is eligible if the employee is in a full-time position not classified as exempt under the Fair Labor Standards Act, 29 U.S.C. § 213(a)(1) and meets one or more of the following conditions:

(1) The employee occupies a job for which the taxpayer is eligible to claim an installment of the credit for creating jobs.

(2) The employee is being trained to operate machinery and equipment for which the taxpayer is eligible to claim an installment of the credit for investing in machinery and equipment.

"§ 105-129.12. (Repealed effective January 1, 2002) Credit for investing in central administrative office property.

(a) Credit. -- If a taxpayer that has purchased or leased real property in this State begins to use the property as a central administrative office during the taxable year, the taxpayer is allowed a credit equal to seven percent (7%) of the eligible investment amount. The eligible investment amount is the lesser of (i) the cost of the property and (ii) the amount by which the cost of all of the property the taxpayer is using in this State as central administrative offices on the last day of the taxable year exceeds the cost of all of the property the taxpayer was using in this State as central administrative offices on the last day of the base year. The base year is that year, of the three immediately preceding taxable years, in which the taxpayer was using the most property in this State as central administrative offices. In the case of property that is leased, the cost of the property is not determined as provided in G.S. 105-129.2 but is considered to be the taxpayer's lease payments over a seven-year period, plus any expenditures made by the taxpayer to improve the property before it is used as the taxpayer's central administrative office if the expenditures are not reimbursed or credited by the lessor. The maximum credit allowed a taxpayer under this section for property used as a central administrative office is five hundred thousand dollars ($500,000). The entire credit may not be taken for the taxable year in which the property is first used as a central administrative office but shall be taken in equal installments over the seven years following the taxable year in which the property is first used as a central administrative office. The basis in any real property for which a credit is allowed under this section shall be reduced by the amount of credit allowable.

(b) Mixed Use Property. -- If the taxpayer uses only part of the property as the taxpayer's central administrative office, the amount of the credit allowed under this section is reduced by multiplying it by a fraction the numerator of which is the square footage of the property used as the taxpayer's central administrative office and the denominator of which is the total square footage of the property.

(c) Expiration. -- If, in one of the seven years in which the installment of a credit accrues, the property with respect to which the credit was claimed is no longer used as a central administrative office, the credit expires and the taxpayer may not take any remaining installment of the credit. If, in one of the seven years in which the installment of a credit accrues, part of the property with respect to which the credit was claimed is no longer used as a central administrative office, the remaining installments of the credit shall be reduced by multiplying it by the fraction described in subsection (b) of this section. If, in one of the seven years in which the installment of a credit accrues, the total number of employees the taxpayer employs at all of its central administrative offices in this State drops by 40 or more, the credit expires and the taxpayer may not take any remaining installment of the credit.

In each of these cases, the taxpayer may nonetheless take the portion of an installment that accrued in a previous year and was carried forward to the extent permitted under G.S. 105-129.5."

Section 2. G.S. 105-129.15(2) reads as rewritten:

"(2) Cost. -- ~~Determined~~ In the case of property owned by the taxpayer, cost is determined pursuant to regulations adopted under section 1012 of the Code, subject to the limitation on cost provided in section 179 of the Code. In the case of property the taxpayer leases from another, cost is value as determined pursuant to G.S. 105-130.4(j)(2)."

Section 3. G.S. 143B-437.04 reads as rewritten:

"**§ 143B-437.04. ~~Economic~~ Community development block grants.**

(a) The Department of Commerce shall adopt guidelines for the awarding of Community Development Block Grants ~~for economic development that will ensure that no~~ to ensure that:

(1) No local match is required for grants awarded for projects located in enterprise tier one areas as defined in G.S. ~~105-129.3 and, to~~ 105-129.3.

(2) To the extent practicable, ~~that~~ priority consideration for grants is given to projects located in enterprise tier one areas as defined in G.S. ~~105-129.3.~~ 105-129.3 or in development zones that have met the conditions of subsection (b) of this section.

(b) In order to qualify for the benefits of this section, after an area is designated a development zone under G.S. 105-129.3A, the governing body of the city in which the zone is located must adopt a strategy to improve the zone and establish a development zone committee to oversee the strategy. The strategy and the committee must conform with requirements established by the Secretary of Commerce."

PART II. INFRASTRUCTURE FUNDS

Section 4. It is the intent of the General Assembly to appropriate funds from the General Fund to the Department of Commerce for the 1998-99 fiscal year to be allocated to the Utility Account of the Industrial Development Fund for use in accordance with G.S. 143B-437.01(b1).

Section 5. It is the intent of the General Assembly to appropriate funds from the General Fund to the Department of Commerce for the 1998-99 fiscal year to be allocated to the Industrial Development Fund for use in accordance with G.S. 143B-437.01(a).

Section 6. G.S. 143B-437.01 reads as rewritten:

"**§ 143B-437.01. Industrial Development Fund.**

(a) Creation and Purpose of Fund. -- There is created in the Department of Commerce the Industrial Development Fund to provide funds to assist the local government units of the most economically distressed counties in the State in creating jobs in certain industries. The Department of Commerce shall adopt rules providing for the administration of the program. Those rules shall include the following provisions, which shall apply to each grant from the fund:

(1) The funds shall be used for (i) installation of or purchases of equipment for ~~manufacturing or processing,~~ eligible industries, (ii) structural repairs, improvements, or renovations of existing buildings to be used for expansion of ~~manufacturing or processing,~~ eligible industries, or (iii) construction of or improvements to new or existing water, sewer, gas, or electrical utility distribution lines or equipment for existing or new or proposed industrial buildings to be used for ~~manufacturing or processing operations.~~ eligible industries. To be eligible for funding, the water, sewer, gas, or electrical utility lines or facilities shall be located on the site of the building or, if not located on the site, shall be directly related to the operation of the specific ~~manufacturing or processing~~ eligible industrial activity.

(1a) The funds shall be used for projects located in economically distressed counties except that the Secretary of Commerce may use up to one hundred thousand dollars ($100,000) to provide emergency economic development assistance in any county that is documented to be experiencing a major economic dislocation.

(2) The funds shall be used by the city and county governments for projects that will directly result in the creation of new jobs. The funds shall be expended at a maximum rate of ~~four thousand dollars ($4,000)~~ five thousand dollars ($5,000) per new job created up to a maximum of ~~four hundred thousand dollars ($400,000)~~ five hundred thousand dollars ($500,000) per project.

(3) There shall be no local match requirement if the project is located in an enterprise tier one area as defined in G.S. 105-129.3.

(4) The Department may authorize a local government that receives funds under this section to use up to two percent (2%) of the funds, if necessary, to verify that the funds are used only in accordance with law and to otherwise administer the grant or loan.

(a1) Definitions. -- The following definitions apply in this section:

(1) Air courier services. -- A person is engaged in the air courier services business if the person's primary business is furnishing air delivery of individually addressed letters and packages, except by the United States Postal Service.

(2) Central administrative office. -- Defined in the North American Industry Classification System adopted by the United States Office of Management and Budget.

(3) Data processing. -- Defined in the North American Industry Classification System adopted by the United States Office of Management and Budget.

(4) Economically distressed county. -- A county designated as an enterprise tier one, two, or three area pursuant to G.S. 105-129.3.

(5) Eligible industry. -- A central administrative office or a person engaged in the business of air courier services, data processing, manufacturing, or warehousing and wholesale trade.

(6) Reserved.

(7) Major economic dislocation. -- The actual or imminent loss of 500 or more manufacturing jobs in the county or of a number of manufacturing jobs equal to at least ten percent (10%) of the existing manufacturing workforce in the county.

(8) Manufacturing. -- Defined in the North American Industry Classification System adopted by the United States Office of Budget and Management.

(9) Reserved.

(10) Warehousing and wholesale trade. -- Defined in the North American Industry Classification System adopted by the United States Office of Management and Budget.

~~(1) Economically distressed county. -- A county designated as an enterprise tier one, two, or three area pursuant to G.S. 105-129.3.~~

~~(2) Major economic dislocation. -- The actual or imminent loss of 500 or more manufacturing jobs in the county or of a number of manufacturing jobs equal to at least ten percent (10%) of the existing manufacturing workforce in the county.~~

~~(3) Manufacturing and processing. Manufacturing. -- Defined in the Standard Industrial Classification Manual issued by the United States Bureau of the Census.~~

(b) Repealed by Session Laws 1996, Second Extra Session, c. 13, s. 3.5.

(b1) Utility Account. -- There is created within the Industrial Development Fund a special account to be known as the Utility Account to provide funds to assist the local government units of enterprise tier one and tier two areas, as defined in G.S. 105-129.3, in creating jobs in ~~manufacturing and processing, warehousing and distribution, and data processing, as defined in the Standard Industrial Classification Manual issued by the United States Bureau of the Census.~~ eligible industries. The Department of Commerce shall adopt rules providing for the administration of the

program. Except as otherwise provided in this subsection, those rules shall be consistent with the rules adopted with respect to the Industrial Development Fund. The rules shall provide that the funds in the Utility Account may be used only for construction of or improvements to new or existing water, sewer, gas, or electrical utility distribution lines or equipment for existing or new or proposed industrial buildings to be used for ~~industrial operations in manufacturing or processing, warehousing or distribution, or data processing.~~ eligible industrial operations. To be eligible for funding, the water, sewer, gas, or electrical utility lines or facilities shall be located on the site of the building or, if not located on the site, shall be directly related to the operation of the specific industrial activity. There shall be no maximum funding amount per new job to be created or per project.

(c) Reports. -- The Department of Commerce shall report annually to the General Assembly concerning the applications made to the fund and the payments made from the fund and the impact of the payments on job creation in the State. The Department of Commerce shall also report quarterly to the Joint Legislative Commission on Governmental Operations and the Fiscal Research Division on the use of the moneys in the fund, including information regarding to whom payments were made, in what amounts, and for what purposes.

(c1) In addition to the reporting requirements of subsection ~~(b1)~~ (c) of this section, the Department of Commerce shall report annually to the General Assembly concerning the payments made from the Utility Account and the impact of the payments on job creation in the State. The Department of Commerce shall also report quarterly to the Joint Legislative Commission on Governmental Operations and the Fiscal Research Division on the use of the moneys in the Utility Account including information regarding to whom payments were made, in what amounts, and for what purposes.

(d) Repealed by Session Laws 1996, Second Extra Session, c. 13, s. 3.5."

PART III. AIR COURIER HUBS

Section 7. G.S. 105-164.3 is amended by adding two new subdivisions to read:

"(6a) Interstate air courier. -- A person engaged in the air courier services business, as defined in G.S. 105-129.2, in interstate commerce.

(6b) Hub. -- An interstate air courier's airport in this State that meets all of the following conditions:

a. The air courier has allocated to the airport under G.S. 105-388 more than sixty percent (60%) of its aircraft value apportioned to this State.

b. The air courier's primary function at the airport is to sort and distribute letters and packages received from multiple consolidation locations.

c. The air courier's primary function at the airport is not to consolidate letters and packages and deliver them to another airport for sorting and distribution."

Section 8. G.S. 105-164.4(a)(1d) is amended by adding a new sub-subdivision to read:

"k. Sales of the following items to an interstate air courier for use at its hub: materials handling equipment, racking systems, and related parts and accessories, for the storage or handling and movement of tangible personal property at an airport or in a warehouse or distribution facility."

Section 9. G.S. 105-164.13 is amended by adding a new subdivision to read:

"(44) Sales of the following items to an interstate air courier for use at its hub: aircraft lubricants, aircraft repair parts, and aircraft accessories."

Section 10. G.S. 105-275 is amended by adding a new subdivision to read:

"(24a) Aircraft that is owned or leased by an interstate air courier, is apportioned under G.S. 105-337 to the air courier's hub in this State, and is used in the air courier's operations in this State. For the purpose of this subdivision, the terms 'interstate air courier' and 'hub' have the meanings provided in G.S. 105-164.3."

Section 11(a). The Piedmont Triad International Airport Authority may contract for design and construction of an air freight distribution facility on Airport property without being subject to the requirements of Article 8 of Chapter 143 of the General Statutes.

Section 11(b). The Piedmont Triad International Airport Authority may contract for supplies, materials, equipment, and contractual services of the Authority related to an air freight distribution facility on Airport property without being subject to the requirements of Article 3 of Chapter 143 of the General Statutes.

PART IV. RECYCLING INDUSTRY

Section 12. Chapter 105 of the General Statutes is amended by adding a new Article to read:

"ARTICLE 3C.

"Tax Incentives for Recycling Facilities.

"**§ 105-129.25. Definitions.**

The following definitions apply in this Article:

(1) Reserved.

(2) Reserved.

(3) Large recycling facility. -- A recycling facility that qualifies under G.S. 105-129.26(b).

(4) Machinery and equipment. -- Engines, machinery, tools, and implements used or designed to be used in the business for which the credit is claimed. The term does not include real property as defined in G.S. 105-273 or rolling stock as defined in G.S. 105-333.

(5) Major recycling facility. -- A recycling facility that qualifies under G.S. 105-129.26(a).

(6) Owner. -- A person who owns or leases a recycling facility.

(7) Post-consumer waste material. -- Any product that was generated by a business or consumer, has served its intended end use, and has been separated from the solid waste stream for the purpose of recycling. The term includes material acquired by a recycling facility either directly or indirectly, such as through a broker or an agent.

(8) Purchase. -- Defined in section 179 of the Code.

(9) Recycling facility. -- A manufacturing plant at least three-fourths of whose products are made of at least fifty percent (50%) post-consumer waste material measured by weight or volume. The term includes real and personal property located at or on land in the same county and reasonably near the plant site and used to perform business functions related to the plant or to transport materials and products to or from the plant. The term also includes utility infrastructure and transportation infrastructure to and from the plant.

"**§ 105-129.26. Qualification; forfeiture.**

(a) Major Recycling Facility. -- A recycling facility qualifies for the tax benefits provided in this Article and in Article 5 of this Chapter for major recycling facilities if it meets all of the following conditions:

(1) The facility is located in an area that, at the time the owner began construction of the facility, was an enterprise tier one area pursuant to G.S. 105-129.3.

(2) The Secretary of Commerce has certified that the owner will, by the end of the fourth year after the year the owner begins construction of the recycling facility, invest at least three hundred million dollars ($300,000,000) in the facility and create at least 250 new, full-time jobs at the facility.

(3) The jobs at the recycling facility meet the wage standard in effect pursuant to G.S. 105-129.4(b) as of the date the owner begins construction of the facility.

(b) Large Recycling Facility. -- A recycling facility qualifies for the tax credit provided in G.S. 105-129.27 for large recycling facilities if it meets all of the following conditions:

(1) The facility is located in an area that, at the time the owner began construction of the facility, was an enterprise tier one area pursuant to G.S. 105-129.3.

(2) The Secretary of Commerce has certified that the owner will, by the end of the second year after the year the owner begins construction of the recycling facility, invest at least one hundred fifty million dollars ($150,000,000) in the facility and create at least 155 new, full-time jobs at the facility.

(3) The jobs at the recycling facility meet the wage standard in effect pursuant to G.S. 105-129.4(b) as of the date the owner begins construction of the facility.

(c) Forfeiture. -- If the owner of a large or major recycling facility fails to make the required minimum investment or create the required number of new jobs within the period certified by the Secretary of Commerce under this section, the recycling facility no longer qualifies for the applicable recycling facility tax benefits provided in this Article and in Article 5 of this Chapter and forfeits all tax benefits previously received under those Articles. Forfeiture does not occur, however, if the failure was due to events beyond the owner's control. Upon forfeiture of tax benefits previously received, the owner is liable under Part 1 of Article 4 of this Chapter for a tax equal to the amount of all past taxes under Articles 3, 4, and 5 previously avoided as a result of the tax benefits received plus interest at the rate established in G.S. 105-241.1(i), computed from the date the taxes would have been due if the tax benefits had not been received. The tax and interest are due 30 days after the date of the forfeiture. An owner that fails to pay the tax and interest is subject to the penalties provided in G.S. 105-236.

(d) Substantiation. -- To claim a credit allowed by this Article, the owner must provide any information required by the Secretary of Revenue. Every owner claiming a credit under this Article shall maintain and make available for inspection by the Secretary of Revenue any records the Secretary considers necessary to determine and verify the amount of the credit to which the owner is entitled. The burden of proving eligibility for the credit and the amount of the credit shall rest upon the owner, and no credit shall be allowed to an owner that fails to maintain adequate records or to make them available for inspection.

(e) Reports. -- The Department of Commerce shall report to the Fiscal Research Division of the General Assembly by May 1 of each year the following information for the 12-month period ending the preceding April 1:

(1) The number and location of large and major recycling facilities qualified under this Article.

(2) The number of new jobs created by each recycling facility.

(3) The amount of investment in each recycling facility.

(4) The amount of reinvestment credit refunded to each major recycling facility under G.S. 105-129.28.

"§ 105-129.27. Credit for investing in large or major recycling facility.

(a) Credit. -- An owner that purchases or leases machinery and equipment for a major recycling facility in this State during the taxable year is allowed a credit equal to fifty percent (50%) of the amount payable by the owner during the taxable year to purchase or lease the machinery and equipment. An owner that purchases or leases machinery and equipment for a large recycling facility in this State during the taxable year is allowed a credit equal to twenty percent (20%) of the amount payable by the owner during the taxable year to purchase or lease the machinery and equipment.

(b) Taxes Credited. -- The credit provided in this section is allowed against the franchise tax levied in Article 3 of this Chapter and the income tax levied in Part 1 of

Article 4 of this Chapter. Any other nonrefundable credits allowed the owner are subtracted before the credit allowed by this section.

(c) Carryforwards. -- The credit provided in this section may not exceed the amount of tax against which it is claimed for the taxable year, reduced by the sum of all other credits allowed against that tax, except tax payments made by or on behalf of the owner. Any unused portion of the credit may be carried forward for the succeeding 25 years.

(d) Change in Ownership of Facility. -- The sale, merger, acquisition, or bankruptcy of a recycling facility, or any transaction by which the facility is reformulated as another business, does not create new eligibility in a succeeding owner with respect to a credit for which the predecessor was not eligible under this section. A successor business may, however, take any carried-over portion of a credit that its predecessor could have taken if it had a tax liability.

(e) Forfeiture. -- If any machinery or equipment for which a credit was allowed under this section is not placed in service within 30 months after the credit was allowed, the credit is forfeited. A taxpayer that forfeits a credit under this section is liable for all past taxes avoided as a result of the credit plus interest at the rate established under G.S. 105-241.1(i), computed from the date the taxes would have been due if the credit had not been allowed. The past taxes and interest are due 30 days after the date the credit is forfeited; a taxpayer that fails to pay the past taxes and interest by the due date is subject to the penalties provided in G.S. 105-236.

(f) No Double Credit. -- A recycling facility that is eligible for the credit allowed in this section is not allowed the credit for investing in machinery and equipment provided in G.S. 105-129.9.

"**§ 105-129.28. Credit for reinvestment.**

(a) Credit. -- A major recycling facility that is accessible by neither ocean barge nor ship and that transports materials to the facility or products away from the facility is allowed a credit against the tax imposed by Part 1 of Article 4 of this Chapter equal to its additional transportation and transloading expenses incurred with respect to the materials and products due to its inability to use ocean barges or ships. The additional expenses for which credit is allowed are expenses due to using river barges and expenses due to having to use another mode of transportation because the quantity that is transported by river barge is insufficient to meet the facility's needs. In order to claim the credit allowed by this section, the facility must provide the Secretary of Commerce audited documentation of the amount of its additional transportation and transloading expenses incurred during the taxable year.

(b) Cap. -- The credit allowed to a major recycling facility under this section for the taxable year may not exceed the applicable annual cap provided in the following table:

Taxable Year	Cap
1998	$ 150,000
1999	$ 640,000
2000	$ 3,860,000
2001	$ 8,050,000

2002	$ 9,550,000
2003	$10,100,000
2004-2007	$10,400,000

(c) Reduction. -- For the first ten taxable years after the owner begins transporting materials and products to and from the major recycling facility, the credit allowed by this section must be reduced by the amount of credit allowed in previous years that was used for a purpose other than an allowable purpose under subsection (d) of this section, as certified by the Secretary of Commerce.

(d) Use of Credited Amount. -- For the first ten taxable years after the owner begins construction of the major recycling facility, the owner must use the amount of credit allowed under this section to pay for (i) investment in rail or roads associated with the facility, (ii) investment in water system infrastructure designed to reduce the expense of transporting materials and products to and from the recycling facility, and (iii) investment in land and infrastructure for other industrial sites located in the same county as the recycling facility. If the owner determines that there are no reasonable economic opportunities in a given year to use the total amount of credit for the expenditures described above, the owner may use the excess for investment at or in connection with the recycling facility above the initial required investment of three hundred million dollars ($300,000,000).

Expenses incurred for the purposes allowed in this subsection during a taxable year in the ten-year period may be counted toward a credit allowed in a later taxable year in the ten-year period. If the owner is not able to use the full amount of the credit during a taxable year for any of the purposes allowed by this subsection, the excess may be used for these purposes in subsequent taxable years.

The owner must provide the Secretary of Commerce with annual audited documentation demonstrating that the amount of credit received under this section during the previous twelve-month period has not been used for a purpose inconsistent with this subsection. If the Secretary of Commerce determines that the owner has used any of the credit for a purpose that is inconsistent with the requirements of this subsection, the Secretary of Commerce shall certify the amount so used to the Secretary of Revenue and the credit allowed the owner under this section for the following taxable year shall be reduced by that amount in accordance with subsection (c) of this section.

After the end of the ten-year period, the amount of any credit allowed under this section that has not yet been used may be used for investment at or in connection with the recycling facility above the initial required investment of three hundred million dollars ($300,000,000).

(e) Credit Refundable. -- If the credit allowed by this section exceeds the amount of tax imposed by Part 1 of Article 4 of this Chapter for the taxable year reduced by the sum of all credits allowable, the Secretary shall refund the excess to the taxpayer. The refundable excess is governed by the provisions governing a refund of an overpayment by the taxpayer of the tax imposed in Part 1 of Article 4 of this Chapter. In computing the amount of tax against which multiple credits are allowed, nonrefundable credits are subtracted before refundable credits."

Section 13. G.S. 105-164.3 is amended by renumbering subdivision (8) as (7b) and adding a new subdivision to read:

"(8) Major recycling facility. -- Defined in G.S. 105-129.25."

Section 14. G.S. 105-164.4(a)(1d) is amended by adding a new sub-subdivision to read:

"j. Sales to a major recycling facility of the following tangible personal property for use in connection with the facility: cranes, structural steel crane support systems, foundations related to the cranes and support systems, port and dock facilities, rail equipment, and material handling equipment."

Section 15. G.S. 105-164.13 is amended by adding two new subdivisions to read:

"(10a) Sales to a major recycling facility of (i) lubricants and other additives for motor vehicles or machinery and equipment used at the facility and (ii) materials, supplies, parts, and accessories, other than machinery and equipment, that are not capitalized by the taxpayer and are used or consumed in the manufacturing and material handling processes at the facility.

(10b) Sales to a major recycling facility of electricity used at the facility."

Section 16. G.S. 105-164.14 is amended by adding a new subsection to read:

"(g) Major Recycling Facilities. -- The owner of a major recycling facility is allowed an annual refund of sales and use taxes paid by it under this Article on building materials, building supplies, fixtures, and equipment that become a part of the real property of the recycling facility. Liability incurred indirectly by the owner for sales and use taxes on these items is considered tax paid by the owner. A request for a refund must be in writing and must include any information and documentation required by the Secretary. A request for a refund is due within six months after the end of the major recycling facility's fiscal year. Refunds applied for after the due date are barred."

Section 17. G.S. 105-164.14(f) reads as rewritten:

"(f) Information to Counties. -- Upon written request of a county, the Secretary shall, within 30 days after the request, provide the designated county official a list of each claimant that has, within the past 12 months, received a refund under subsection ~~(b) or (c)~~ (b), (c), or (g) of this section of at least one thousand dollars ($1,000) of tax paid to the county. The list shall include the name and address of each claimant and the amount of the refund it has received from that county. Upon written request of a county, a claimant that has received a refund under subsection ~~(b) or (c)~~ (b), (c), or (g) of this section shall provide the designated county official a copy of the request for the refund and any supporting documentation requested by the county to verify the request. For the purpose of this subsection, the designated county official is the chair of the board of county commissioners or a county official designated in a resolution adopted by the board. Information provided to a county under this

subsection is not a public record and may not be disclosed except in accordance with G.S. 153A-148.1. If a claimant determines that a refund it has received under subsection ~~(b) or (c)~~ (b), (c), or (g) of this section is incorrect, it shall file an amended request for the refund."

Section 18. G.S. 105-275(8) is amended by adding a new sub-subdivision to read:

"d. Real or personal property that is used or, if under construction, is to be used by a major recycling facility as defined in G.S. 105-129.25 predominantly for recycling or resource recovering of or from solid waste, if the Department of Environment and Natural Resources furnishes a certificate to the tax supervisor of the county in which the property is situated stating the Department of Environment and Natural Resources has found that the described property has been or will be constructed or installed for use by a major recycling facility, complies or will comply with the rules of the Department of Environment and Natural Resources, and has, or will have as a purpose recycling or resource recovering of or from solid waste."

Section 19. G.S. 105-129.28, as enacted by Section 12 of this act, is repealed effective for taxable years beginning on or after January 1, 2008. This section does not affect the rights or liabilities of the State, a taxpayer, or another person arising under G.S. 105-129.28 before the effective date of its repeal; nor does it affect the right to any refund or credit of a tax that accrued under G.S. 105-129.28 before the effective date of its repeal.

The sole purpose of this ten-year sunset provision is to allow a determination to be made whether any major recycling facility continues to experience additional transportation and transloading expenses due to its inability to use ocean barges or ships to transport materials and products to and from the facility. It is the expectation and intent that the General Assembly will postpone the sunset of G.S. 105-129.28 if it is determined that, based on audited documentation submitted by a major recycling facility and verified by the Secretary of Commerce, that any major recycling facility continues to experience these additional transportation and transloading expenses as of 2008.

PART V. EFFECTIVE DATES

Section 20. G.S. 105-129.6(a1), as enacted by Section 1 of this act, becomes effective January 1, 1999, and applies to applications filed on or after that date. The amendment to G.S. 105-129.9(c) made by Section 1 of this act is effective for taxable years beginning on or after January 1, 1998. Section 3 of this act becomes effective January 1, 1999. The remainder of Part I of this act is effective for taxable years beginning on or after January 1, 1999.

Section 21. Part II of this act becomes effective July 1, 1998.

Section 22. Section 10 of this act is effective for taxes imposed for taxable years beginning on or after July 1, 2001. Section 11 of this act becomes effective January 1, 1999, and expires January 1, 2004. The remainder of Part III of this act becomes effective January 1, 2001, and applies to sales made on or after that date.

Section 23. Section 12 of this act is effective for taxable years beginning on or after January 1, 1998. Sections 13 through 17 of this act become effective July 1, 1998, and apply to sales made on or after that date. Section 18 of this act is effective for taxes imposed for taxable years beginning on or after July 1, 1999. The remainder of Part IV of this act is effective when it becomes law.

COMMITTEE ON FINANCE

TUESDAY, JUNE 30, 1998

8:30 A.M. AND AFTER SESSION

ROOM 544-LOB

Rep. Brawley called the meeting to order and introduced Pages and Sergeant-at-arms staff. A silent roll was taken (roll list denotes members present).

HB-1529 HORSE PROMOTION ASSESSMENT

Rep. Brown explained again. (This had been discussed the previous week). Rep. Carpenter moved for a favorable report. Chairman Brawley reminded members of a pending amendment from the Thursday, June 25th meeting. Rep. Brawley explained the amendment. Rep. Brown advised he personally opposed the amendment. Rep. Cunningham spoke in favor of the amendment and asked Rep. Brown why he opposed. Rep. Nichols supports the amendment. Rep. Carpenter spoke in favor of the amendment and urged Rep. Brown to reconsider. Rep. Brown explained his personal opinion of the amendment, but would accept the favor of the committee. The vote was taken on the amendment and adopted. No further discussion so the vote was taken and the bill was given a favorable report, unfavorable to the original bill.

SB-1226 REVENUE LAWS TECHNICAL CHANGES

Rep. Hackney moved for adoption of the Proposed Committee Substitute for discussion. So moved. Sen. Cochrane explained. Rep. Nichols asked how it affected taxes. Sen. Cochrane explained. Rep. Capps questioned divisible and marital property, (page 8, line 41). Rep. Hackney answered and explained. Ms. Cindy Avrette, Research Division, also added explanation. A technical amendment was sent forth by Rep. Hill. Chairman Brawley read and explained. The vote was taken and the amendment was adopted. Rep. Luebke and Rep. Russell questioned Sen. Cochrane and she replied. Ms. Avrette added comments. Rep. Hackney sent forth an amendment for clarification of page 8, line 41 with the divisible and marital property. Chairman Brawley read and Rep. Hackney explained. The vote was taken and the amendment was adopted. Rep. Capps moved for a favorable report, unfavorable to the original bill. The vote was taken and passed as moved.

SB-1252 SIMPLIFY PRIVILEGE LICENSE

Sen. Hoyle explained this was generated from Revenue Laws Study Commission. Rep. Luebke moved for a favorable report. The vote was taken and passed.

SB-1230 MOTOR FUELS TAX CHANGES

Rep. Dickson moved for approval of the PCS for discussion. So moved. Sen. Kerr offered a moment of personal privilege to recognize Mr. Bob Beck, Motor Fuels Division of Department of Revenue, on his up coming retirement from the Department after 40 years. Sen. Kerr then explained the bill. Rep. Hightower questioned who pays the tax. Ms. Donna Alderman, Motor Fuels Division of Department of Revenue answered. Rep. McComas questioned the legislation passed last year regarding boat fuel. Sen. Kerr and Ms. Avrette responded. Mr. Bob Beck, DOR, added comments. Rep. McComas was still concerned about sales tax for boaters. Mr. Charles Collins, Sales Tax Division of Department of Revenue addressed members and explained. Rep. Nichols questioned Mr. Richard Bostic, Fiscal Research Division, about the note and he responded. Sen. Kerr added comments. Rep. Nichols sent forth an amendment and Ms. Martha Walston, Fiscal Research Division explained. Mr. Bostic also explained how this changes the fiscal note. Rep. Nichols moved for adoption. Sen. Kerr opposed the amendment. Mr. Collins, DOR, addressed members about the amendment. Rep. Dickson asked for clarification. Chairman Brawley responded. Rep. Dickson spoke and urged caution of the amendment. Rep. Nichols spoke again on his amendment. Sen. Kerr responded. Mr. Beck, DOR also spoke on the amendment. Rep. Nesbitt shared concerns about this being a tax increase. Rep. Dickson spoke again and now supports the amendment. Rep. Luebke questioned Mr. Bostic and he responded. Mr. Tommy Chapman, Regional Manager for BP Racing Fuel, addressed members and spoke on the bill. Rep. Cunningham asked his opinion of the amendment and he replied. The vote was taken and the amendment was adopted. Rep. Buchanan moved for a favorable report, unfavorable to the original bill. Rep. Cunningham questioned the kerosene portion of the bill. Rep. Howard questioned the airport and wants a better clarification of this legislation. She requested this be delayed until after session for further discussion. Chairman Brawley gave another overview of this bill. Rep. Nesbitt wanted more clarification for residents using kerosene. Mr. Beck, DOR explained. Rep. Howard had additional concerns. Chairman Brawley announced this would be continued 15 minutes after session this afternoon.

Meeting adjourned at 10:00 a.m.

Chairman Brawley called the meeting back to order at 3:15 p.m. in Room 544-LOB. Rep. Howard had her concerns answered prior to returning to the meeting. The vote was taken on the amendment and it was adopted. The vote was taken to give the bill a favorable report, unfavorable to the original bill and it was passed.

The meeting adjourned at 3:20 p.m.

A BILL TO BE ENTITLED

AN ACT TO PROVIDE FOR A HORSE PROMOTION ASSESSMENT.

The General Assembly of North Carolina enacts:

Section 1. Chapter 106 of the General Statutes is amended by adding a new Article to read:

"ARTICLE 69.

"Horse Industry Promotion Act.

"**§ 106-820. Title.**

This Article may be cited as the Horse Industry Promotion Act.

"**§ 106-821. Findings.**

The General Assembly finds that the horse industry makes an important contribution to the State's economy, and that it is appropriate for the State to provide a means for horse owners to voluntarily assess themselves in order to provide funds to promote the interests of the horse industry.

"**§ 106-822. Definitions.**

As used in this Article:

(1) 'Commercial horse feed' means any commercial feed, as defined in G.S. 106-284.33, labeled for equine use.

(2) 'Council' means the North Carolina Horse Council.

(3) 'Department' means the Department of Agriculture and Consumer Services.

(4) 'Equine' means a horse, pony, mule, donkey, or hinny.

EXPENDITURES	(to be determined by the Horse Council)				

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: Department of Agriculture and Consumer Services

EFFECTIVE DATE: The act is effective when it becomes law.

BILL SUMMARY: The bill authorizes the North Carolina Horse Council to hold a referendum among horse owners on whether to levy a fee of up to $2 a ton on commercial horse feed for the purpose of promoting the horse industry. If approved by a majority of the horse owners, the Department of Agriculture and Consumer Services will collect the fee from commercial feed dealers and distributors and remit the funds to the Horse Council on a quarterly basis. The assessment will be levied for no more than three years. Horse owners have a right to request a refund of the fee from the Horse Council if they do not wish to participate in the promotion effort.

ASSUMPTIONS AND METHODOLOGY: In the 1996 North Carolina Equine Survey, the Department of Agriculture and Consumer Services identified 33,000 equine owners and 132,000 head of equine in the state. The Department 's 1996 Feed Tonnage Report showed 97,279 tons of horse feed were purchased in the state. Horse feed sales grew 8.7% a year from 1993 to 1996, but the growth rate was only 4.4% from 1995 to 1996. Without data on the projected growth in the state's equine herd, it is impossible to predict what the future growth in feed sales will be. This

note assumes a flat 100,000 tons of horse feed are purchased each year during the three years that the assessment is in place. If the referendum is successful, this note assumes the Horse Council will assess $2 per ton beginning in FY 1998-99 for revenues of $200,000 per year.

EXPLANATION OF HOUSE BILL 1529 (2d Ed.):
Horse Promotion Assessment

TO: House Finance Committee
FROM: Martha Walston, Committee Counsel
DATE: June 23, 1998
SPONSOR: Representative Brown

House Bill 1529 provides for a referendum to allow horse owners to assess themselves through a levy on commercial horse feed, in order to provide funds to the North Carolina Horse Council. These funds will be used to promote interests in the horse industry and for administrative expenses reasonably necessary to carry out this promotion. The 2nd Edition differs from the introduced bill by adding definitions for "equine" and "horse owner". This 2nd Edition was given a favorable report in the House Committee on Agriculture. The act is effective when it become law.

House Bill 1529 authorizes the North Carolina Horse Council to conduct a referendum among horse owners to determine if the assessment should be levied. To take effect, the assessment must be approved by a majority of votes cast in the referendum. The amount of the assessment may not exceed $2 per ton of commercial horse feed and shall not extend for a period of more than 3 years. The Council is to determine the exact amount and period of the levy.

If the assessment is approved, the North Carolina Department of Agriculture and Consumer Services shall notify all commercial feed dealers and distributors of the assessment and shall provide forms for reporting the assessment. The assessment is to be remitted to the Department with the inspection feed imposed under the Commercial Feed Law, Article 31C of Chapter 106. Anyone who purchases commercial horse feed upon which the assessment has been paid may demand a refund of the assessment by writing the Horse Council within 30 days of buying the feed and providing proof of purchase.

The Department is to remit funds to the North Carolina Horse Council at least quarterly.

Similar promotion assessment acts have been enacted for flue-cured tobacco farmers, strawberry producers and pork producers,

Subject: Horse Industry Promotion Assessment

Commissioner Graham,

It has been brought to my attention that there are some misconceptions about the TWHA's position on the Horse Industry Promotion Assessment bill currently before the General Assembly. As President of Triangle Wide Horsemen's Association our current position is:

1. The TWHA lacks any substantive information on this bill. The N.C. Horse Council has not informed us of the contents of the bill.
2. Consequently, the membership of the TWHA has not been informed that the Horse Industry Promotion Assessment bill even exists. We have not had the several months to discuss the pros and cons of the whether the assessment is even warranted, much less whether a referendum should be held. Thus a vote by the general membership to determine our position has not taken place.
3. Therefore, the Triangle Wide Horsemen's Association's position is neither for nor against the Horse Industry Promotion Assessment.

Sincerely yours,

Jim Willoughby

A BILL TO BE ENTITLED

AN ACT TO PROVIDE FOR A HORSE PROMOTION ASSESSMENT.

The General Assembly of North Carolina enacts:

Section 1. Chapter 106 of the General Statutes is amended by adding a new Article to read:

"ARTICLE 69.

"Horse Industry Promotion Act.

"**§ 106-820. Title.**

This Article may be cited as the Horse Industry Promotion Act.

"**§ 106-821. Findings.**

The General Assembly finds that the horse industry makes an important contribution to the State's economy and that it is appropriate for the State to provide a means for horse owners to voluntarily assess themselves in order to provide funds to promote the interests of the horse industry.

"**§ 106-822. Definitions.**

As used in this Article:

(1) 'Commercial horse feed' means any commercial feed, as defined in G.S. 106-284.33, labeled for equine use.

(2) 'Council' means the North Carolina Horse Council.

(3) 'Department' means the Department of Agriculture and Consumer Services.

(4) 'Equine' means a horse, pony, mule, donkey, or hinny.

(5) 'Horse owner' means a person who (i) is a North Carolina resident and (ii) owns or leases an equine or has a financial interest in equines or an equine operation.

"**§ 106-823. Referendum.**

(a) The Council may conduct a referendum among horse owners upon the question of whether an assessment shall be levied consistent with this Article.

(b) The Council shall determine all of the following:

(1) The amount of the proposed assessment, not to exceed two dollars ($2.00) per ton of commercial horse feed.

(2) The period for which the assessment shall be levied, not to exceed three years.

(3) The time and place of the referendum.

(4) Procedures for conducting the referendum and counting votes.

(5) Any other matters pertaining to the referendum.

(c) The amount of the proposed assessment and the method of collection shall be set forth on the ballot.

(d) All horse owners are eligible to vote in the referendum. The Council must send press releases of the referendum to newspapers in the State and to any appropriate trade journal identified by the Council. The Council shall also have posted a notice of the referendum in every place the Council identifies where commercial horse feed is sold. Any questions concerning eligibility to vote shall be resolved by the board of directors of the Council.

"**§ 106-824. Majority vote required; collection of assessment.**

(a) The assessment shall not be collected unless a majority of the votes cast in the referendum are in favor of the assessment. If a majority of the votes cast in the referendum are in favor of the assessment, the Department shall notify all commercial horse feed manufacturers and distributors of the assessment. The assessment shall apply to all commercial horse feed subject to the provisions of G.S. 106-284.40(b), and the assessment shall be remitted to the Department with the inspection fee imposed by G.S. 106-284.40. The Department shall provide forms for reporting the assessment. Persons who purchase commercial horse feed on which the assessment has not been paid shall report these purchases and pay the assessment to the Department.

(b) The assessment is voluntary. A person responsible for paying the assessment on a purchase may elect not to pay the assessment by filing in lieu of the report a certification that the person elects not to pay.

(c) The Council may bring an action to collect unpaid assessments against any horse owner, feed manufacturer, or distributor who fails to pay the assessment and, if successful, shall recover the cost of such action, including attorneys' fees.

"**§ 106-825. Use of funds; refunds.**

(a) The Department shall remit all funds collected under this Article to the Council at least quarterly. The Council shall use these funds to promote the interests of the horse industry and may use these funds for those administrative expenses that are reasonably necessary to carry out this function.

(b) Any person who purchases commercial horse feed upon which the assessment has been paid has the right to refuse in writing to pay the assessment. The seller shall reduce the price accordingly and may seek a refund of the refused assessment by making demand in writing to the Council within 30 days of purchase of the feed. This demand shall be accompanied by proof of refusal satisfactory to the Council."

Section 2. G.S. 106-550 reads as rewritten:

"**§ 106-550. Policy as to promotion of use of, and markets for, farm products.**

It is declared to be in the interest of the public welfare that the North Carolina farmers who are producers of livestock, poultry, field crops and other agricultural products, including cattle, sheep, broilers, turkeys, commercial eggs, peanuts, cotton, potatoes, sweet potatoes, peaches, apples, berries, vegetables and other fruits of all kinds, as well as bulbs and flowers and other agricultural products having a domestic or foreign market, shall be permitted and encouraged to act jointly and in cooperation with growers, handlers, dealers and processors of such products in promoting and stimulating, by advertising and other methods, the increased production, use and sale, domestic and foreign, of any and all of such agricultural commodities. The provisions of this Article, however, shall not include the agricultural products of tobacco, strawberries, strawberry plants, ~~or~~ porcine animals, or horses, with respect to which separate provisions have been made."

Section 3. This act is effective when it becomes law.

A BILL TO BE ENTITLED

AN ACT TO MAKE TECHNICAL AND CONFORMING CHANGES TO THE REVENUE LAWS AND RELATED STATUTES.

The General Assembly of North Carolina enacts:

PART I. GENERAL TECHNICAL CHANGES.

Section 1(a). Article 8D of Chapter 105 of the General Statutes is repealed.

Section 1(b). G.S. 105-130.11(a)(2) reads as rewritten:

"(2) ~~Building and loan associations and savings and loan associations subject to tax under Article 8D of this Chapter; cooperative~~ Cooperative banks without capital stock organized and operated for mutual purposes and without profit; and electric and telephone membership corporations organized under Chapter 117 of the General Statutes."

Section 1(c). G.S. 105-130.5(c) is amended by adding a new subdivision to read:

"(5) A savings and loan association may deduct interest earned on deposits at the Federal Home Loan Bank of Atlanta, or its successor, to the extent included in federal taxable income."

Section 1(d). G.S. 105-228.24A is recodified as G.S. 105-130.43.

Section 1(e). G.S. 105-130.43, as recodified by this section, reads as rewritten:

"**§ 105-130.43. ~~Income tax credit for~~ Credit for savings and loan supervisory fees.**

Every savings and loan association is allowed a credit against the ~~income tax imposed on it under Article 4 of this Chapter~~ tax imposed by this Part for a taxable year equal to the amount of supervisory fees, paid by the association during the taxable year, that were assessed by the Administrator of the Savings Institutions Division of the Department of Commerce for the State fiscal year beginning ~~on or~~ during that taxable year. This credit may not exceed the amount of ~~income~~ tax ~~payable by the association~~ imposed by this Part for the taxable ~~year for which the credit is claimed,~~ year, reduced by the sum of all ~~income tax~~ credits allowed against the tax, except tax payments made by or on behalf of the ~~association. The supervisory fees shall not be an allowable deduction in determining taxable income for any association claiming the credit allowed under this section.~~ taxpayer. A taxpayer that claims the credit allowed under this section may not deduct the supervisory fees in determining taxable income."

Section 1 (f). G.S. 105-83(d) reads as rewritten:

"(d) This section does not apply to corporations liable for the tax levied under G.S. ~~105-102.3.~~ 105-102.3 or to savings and loan associations."

Section 1(g). G.S. 105-88(b) reads as rewritten:

"(b) ~~Nothing in this section shall be construed to~~ This section does not apply to banks, industrial banks, trust companies, ~~building~~ savings and loan associations, ~~or~~ cooperative credit unions, ~~nor shall it apply to~~ the business of negotiating loans on real estate as described in G.S. 105-41, ~~nor to~~ pawnbrokers lending or advancing money on specific articles of personal property, ~~nor to~~ or insurance premium finance companies licensed under Article 35 of Chapter 58 of the General Statutes. ~~It shall apply~~ This section applies to those persons or concerns operating what are commonly known as loan companies or finance companies and whose business is as hereinbefore described, and those persons, firms, or corporations pursuing the business of lending money and taking as security for the payment of ~~such~~ the loan and interest an assignment of wages or an assignment of wages with power of attorney to collect ~~same,~~ the amount due, or other order or chattel mortgage or bill of sale upon household or kitchen furniture. No real estate mortgage broker ~~shall be~~ is required to obtain a privilege license under this section merely because ~~he advances his~~ the broker advances the broker's own funds and takes a security interest in real estate to secure ~~such~~ the advances and when, at the time of ~~such advance of his own funds, he~~ the advance, the broker has already made arrangements with others for the sale or discount of the obligation at a later date and does so sell or discount ~~such~~ the obligation within the period specified in ~~said~~ the arrangement or extensions thereof; or when, at the time of the advance ~~of his own funds, he~~ the broker intends to sell the obligation to others at a later date and does, within 12 months from date of initial advance, make arrangements with others for the sale of ~~said~~ the obligation and does sell the obligation within the period specified in ~~said~~ the arrangement or extensions thereof; or because ~~he advances his~~ the broker advances the broker's own funds in

temporary financing directly involved in the production of permanent-type loans for sale to others; and no real estate mortgage broker whose mortgage lending operations are essentially as described above ~~shall be~~ is required to obtain a privilege license under this section."

Section 1(h). G.S. 105-102.3 reads as rewritten:

"**§ 105-102.3. Banks.**

There is hereby imposed upon every bank or banking association, including each national banking association, that is operating in this State as a commercial bank, an industrial bank, a savings bank created other than under Chapter 54B or 54C of the General Statutes or the Home Owners' Loan Act of 1933 (12 U.S.C. §§ 1461-68), a trust company, or any combination of such facilities or services, and whether such bank or banking association, hereinafter to be referred to as a bank or banks, be organized, under the laws of the United States or the laws of North Carolina, in the corporate form or in some other form of business organization, an annual privilege tax in the amount of thirty dollars ($30.00) for each one million dollars ($1,000,000) or fractional part thereof of total assets held as hereinafter provided. The assets upon which the tax is levied shall be determined by averaging the total assets shown in the four quarterly call reports of condition (consolidating domestic subsidiaries) for the preceding calendar year as required by bank regulatory authorities; provided, however, where a new bank commences operations within the State there shall be levied and paid an annual privilege tax of one hundred dollars ($100.00) until such bank shall have made four quarterly call reports of condition (consolidating domestic subsidiaries) for a single calendar year; provided further, however, where a bank operates an international banking facility, as defined in G.S. 105-130.5(b)(13), the assets upon which the tax is levied shall be reduced by the average amount for the taxable year of all assets of the international banking facility which are employed outside the United States, as computed pursuant to G.S. 105-130.5(b)(13)c. For an out-of-state bank with one or more branches in this State, or for an in-state bank with one or more branches outside this State, the assets of the out-of-state bank or of the in-state bank upon which the tax is levied shall be reduced by the average amount for the taxable year of all assets of the out-of-state bank or of the in-state bank which are employed outside this State. The tax imposed hereunder shall be for the privilege of carrying on the businesses herein defined on a statewide basis regardless of the number of places or locations of business within the State. Counties, cities and towns shall not levy a license or privilege tax on the businesses taxed under this section, nor on the business of an international banking facility as defined in subsection (b)(13) of G.S. 105-130.5."

Section 1(i). This section repeals any law that would otherwise exempt savings and loan associations, as defined in G.S. 54B-4, from the franchise tax imposed in Article 3 of Chapter 105 of the General Statutes.

Section 1(j). This section becomes effective for taxable years beginning on or after January 1, 1999.

Section 2. G.S. 105-17 is repealed.

Section 3. G.S. 105-25 is repealed.

Section 4. G.S. 105-130.5(a)(10) reads as rewritten:

"(10) The total amounts allowed under this ~~Article~~ Chapter during the taxable year as a credit against the taxpayer's income tax. A corporation that apportions part of its income to this State shall make the addition required by this subdivision after it determines the amount of its income that is apportioned and allocated to this State and shall not apply to a credit taken under this ~~Article~~ Chapter the apportionment factor used by it in determining the amount of its apportioned income."

Section 5. G.S. 105-131.1(b) reads as rewritten:

"(b) Each shareholder's pro rata share of an S Corporation's income attributable to the State and each resident shareholder's pro rata share of income not attributable to the State, shall be taken into account by the shareholder in the manner and subject to the adjustments provided in ~~Division II~~ Parts 2 and 3 of this Article and section 1366 of the Code and shall be subject to the tax levied under ~~Division II~~ Parts 2 and 3 of this Article."

Section 6. G.S. 105-131.6 reads as rewritten:

"§ 105-131.6. Distributions.

(a) Subject to the provisions of subsection (c) of this section, a distribution made by an S Corporation with respect to its stock to a resident shareholder ~~shall be~~ is taxable to the shareholder as provided in ~~Division II~~ Parts 2 and 3 of this Article to the extent that the distribution is characterized as a dividend or as gain from the sale or exchange of property pursuant to section 1368 of the Code.

(b) Subject to the provisions of subsection (c) of this section, any distribution of money made by a corporation with respect to its stock to a resident shareholder during a post-termination transition period ~~shall not be~~ is not taxable to the shareholder as provided in ~~Division II~~ Parts 2 and 3 of this Article to the extent the distribution is applied against and reduces the adjusted basis of the stock of the shareholder in accordance with section 1371(e) of the Code.

(c) In applying sections 1368 and 1371(e) of the Code to any distribution referred to in this section:

(1) The term "adjusted basis of the stock" means the adjusted basis of the shareholder's stock as determined under G.S. ~~105-131.3; and~~ 105-131.3.

(2) The accumulated adjustments account maintained for each resident shareholder ~~shall~~ must be equal to, and ~~shall be~~ adjusted in the same manner as, the corporation's accumulated adjustments account defined in section 1368(e)(1)(A) of the Code, except that:

a. The accumulated adjustments account shall be modified in the manner provided in G.S. ~~105-131.3(b)(1); and~~ 105-131.3(b)(1).

b. The amount of the ~~Corporation's~~ corporation's federal accumulated adjustments account that existed on the day this State began to measure the S Corporation shareholders'

income by reference to the income of the S Corporation ~~shall be~~ is ignored and ~~shall be~~ is treated for purposes of ~~Divisions I and II of~~ this Article as additional accumulated earnings and profits of the corporation."

Section 7. G.S. 105-131.7(e) reads as rewritten:

"(e) Amounts paid to the Department on account of the corporation's shareholders under subsections (b) and (c) ~~shall~~ constitute payments on their behalf of the income tax imposed on them under ~~Division II~~ Parts 2 and 3 of this Article for the taxable period."

Section 8. G.S. 105-131.8 reads as rewritten:

"**§ 105-131.8. Tax credits.**

(a) For purposes of G.S. ~~105-151,~~ 105-151 and G.S. 105-160.4, each resident shareholder ~~shall be~~ is considered to have paid a tax imposed on the shareholder in an amount equal to the shareholder's pro rata share of any net income tax paid by the S Corporation to a state ~~which~~ that does not measure the income of S Corporation shareholders by the income of the S Corporation. For purposes of the preceding sentence, the term "net income tax" means any tax imposed on or measured by a corporation's net income.

(b) ~~Each~~ Except as otherwise provided in G.S. 105-160.3, each shareholder of an S Corporation is allowed as a credit against the tax imposed by ~~Division II~~ Parts 2 and 3 of this Article an amount equal to the shareholder's pro rata share of the tax credits for which the S Corporation is eligible."

Section 9. G.S. 105-134.1(7b) is repealed.

Section 10. G.S. 105-160.3(b) reads as rewritten:

"(b) The following credits are not allowed to an estate or trust:

(1) G.S. 105-151. Tax credits for income taxes paid to other states by individuals.

(2) G.S. 105-151.11. Credit for child care and certain employment-related expenses.

(3) G.S. 105-151.18. Credit for the disabled.

(4) G.S. 105-151.24. Credit for children.

(5) G.S. 105-151.26. Credit for charitable contributions by nonitemizers."

Section 11. G.S. 105-163.3(a) reads as rewritten:

"(a) Requirement. -- Every payer who pays a contractor more than six hundred dollars ($600.00) during a calendar year shall deduct and withhold from compensation paid to ~~a~~ the contractor the State income taxes payable by the contractor on the compensation as provided in this section. The amount of taxes to be withheld is four percent (4%) of the compensation paid to the contractor. The taxes a payer withholds are held in trust for the Secretary."

Section 12. G.S. 105-163.3(b) reads as rewritten:

"(b) Exemptions. -- The withholding requirement does not apply to the following:

(1) Compensation that is subject to the withholding requirement of G.S. 105-163.2.

(2) Compensation paid to an ordained or licensed member of the clergy.

(3) Compensation paid to an entity exempt from tax under G.S. 105-130.11."

Section 13. G.S. 105-163.3(e) reads as rewritten:

"(e) Records. -- If a payer does not withhold from payments to a nonresident entity because the entity is exempt from tax under G.S. 105-130.11, the payer shall obtain from the entity documentation proving its exemption from tax. If a payer does not withhold from payments to a nonresident corporation or a nonresident limited liability company because the entity has obtained a certificate of authority from the Secretary of State, the payer shall obtain from the entity its corporate identification number issued by the Secretary of State. If a payer does not withhold from payments to an individual because the individual is a resident, the payer shall obtain the individual's address and social security number. If a payer does not withhold from a partnership because the partnership has a permanent place of business in this State, the payer shall obtain the partnership's address and taxpayer identification number. The payer shall retain this information with its records."

Section 13.1(a). G.S. 105-164.3(16)f. reads as rewritten:

"f. The sales price of tangible personal property sold through a coin-operated vending machine, other than closed-container soft drinks ~~subject to excise tax under Article 2B of this Chapter~~ or tobacco products, is considered to be fifty percent (50%) of the total amount for which the property is sold in the vending machine."

Section 13.1(b). G.S. 105-259(b)(15) reads as rewritten:

"(15) To exchange information concerning a tax imposed by Articles 2A, ~~2B,~~ 2C, or 2D of this Chapter with one of the following agencies when the information is needed to fulfill a duty imposed on the agency:

a. The North Carolina Alcoholic Beverage Control Commission.

b. The Division of Alcohol Law Enforcement of the Department of Crime Control and Public Safety.

c. The Bureau of Alcohol, Tobacco, and Firearms of the United States Treasury Department."

Section 13.1(c). G.S. 105-267 reads as rewritten:

"**§ 105-267. Taxes to be paid; suits for recovery of taxes.**

No court of this State shall entertain a suit of any kind brought for the purpose of preventing the collection of any tax imposed in this Subchapter. Whenever a person has a valid defense to the enforcement of the collection of a tax, the person shall pay the tax to the proper officer, and that payment shall be without prejudice to any defense of rights the person may have regarding the tax. At any time within the applicable protest period, the taxpayer may demand a refund of the tax paid in writing from the Secretary and if the tax is not refunded within 90 days thereafter,

may sue the Secretary in the courts of the State for the amount demanded. The protest period for a tax levied in Article 2A, ~~2B,~~ 2C, or 2D of this Chapter is 30 days after payment. The protest period for all other taxes is one year after payment.

The suit may be brought in the Superior Court of Wake County, or in the county in which the taxpayer resides at any time within three years after the expiration of the 90-day period allowed for making the refund. If upon the trial it is determined that all or part of the tax was levied or assessed for an illegal or unauthorized purpose, or was for any reason invalid or excessive, judgment shall be rendered therefor, with interest, and the judgment shall be collected as in other cases. The amount of taxes for which judgment is rendered in such an action shall be refunded by the State. G.S. 105-241.2 provides an alternate procedure for a taxpayer to contest a tax and is not in conflict with or superseded by this section."

Section 13.1(d). This section becomes effective July 1, 1999.

Section 13.2. G.S. 105-164.4(a)(5) reads as rewritten:

"(5) The rate of two percent (2%) applies to the sales price of food that is not otherwise exempt pursuant to G.S. 105-164.13 but would be exempt pursuant to G.S. 105-164.13 if it were purchased ~~with coupons issued~~ under the Food Stamp Program, 7 U.S.C. § 51."

Section 14. G.S. 105-164.13(11) reads as rewritten:

"(11) Any of the following fuel:

a. Motor fuel, as defined in G.S. 105-449.60, except motor fuel for which a refund of the per gallon excise tax is allowed under ~~G.S. 105-449.105(c) or (d) or under~~ G.S. 105-449.107.

b. Alternative fuel taxed under Article 36D of this Chapter, unless a refund of that tax is allowed under G.S. 105-449.107."

Section 14.1. G.S. 105-164.13(38) reads as rewritten:

"(38) Food and other items lawfully purchased ~~with coupons issued~~ under the Food Stamp Program, 7 U.S.C. § 51, and supplemental foods lawfully purchased with a food instrument issued under the Special Supplemental Food Program, 42 U.S.C. § 1786, and supplemental foods purchased for direct distribution by the Special Supplemental Food Program."

Section 15. G.S. 105-164.14(a) reads as rewritten:

"(a) Interstate Carriers. -- An interstate carrier is allowed a refund, in accordance with this section, of part of the sales and use taxes paid by it on lubricants, repair parts, and accessories purchased in this State for a motor vehicle, railroad car, locomotive, or airplane the carrier operates. An "interstate carrier" is a person who is engaged in transporting persons or property in interstate commerce for ~~compensation, is subject to regulation by, and to the jurisdiction of, the Interstate Commerce Commission or the United States Department of Transportation, and is required by either federal agency to keep records according to generally accepted accounting principles (GAAP) or, in the case of a small certificated air carrier, to make reports~~

~~of financial and operating statistics.~~ compensation. The Secretary shall prescribe the periods of time, whether monthly, quarterly, semiannually, or otherwise, with respect to which refunds may be claimed, and shall prescribe the time within which, following these periods, an application for refund may be made.

An applicant for refund shall furnish the following information and any proof of the information required by the Secretary:

(1) A list identifying the lubricants, repair parts, and accessories purchased by the applicant inside or outside this State during the refund period.

(2) The purchase price of the items listed in subdivision (1) of this subsection.

(3) The sales and use taxes paid in this State on the listed items.

(4) The number of miles the applicant's motor vehicles, railroad cars, locomotives, and airplanes were operated both inside and outside this State during the refund period.

(5) Any other information required by the Secretary.

For each applicant, the Secretary shall compute the amount to be refunded as follows. First, the Secretary shall determine the ratio of the number of miles the applicant operated its motor vehicles, railroad cars, locomotives, and airplanes in this State during the refund period to the number of miles it operated them both inside and outside this State during the refund period. Second, the Secretary shall determine the applicant's proportional liability for the refund period by multiplying this mileage ratio by the purchase price of the items identified in subdivision (1) of this subsection and then multiplying the resulting product by the tax rate that would have applied to the items if they had all been purchased in this State. Third, the Secretary shall refund to each applicant the excess of the amount of sales and use taxes the applicant paid in this State during the refund period on these items over the applicant's proportional liability for the refund period."

Section 15.1. G.S. 105-187.6(a) reads as rewritten:

"(a) Full Exemptions. -- The tax imposed by this Article does not apply when a certificate of title is issued as the result of a transfer of a motor vehicle:

(1) To the insurer of the motor vehicle under G.S. 20-109.1 because the vehicle is a salvage vehicle.

(2) To either a manufacturer, as defined in G.S. 20-286, or a motor vehicle retailer for the purpose of resale.

(3) To the same owner to reflect a change or correction in the owner's name.

(4) By will or intestacy.

(5) By a gift between a husband and wife, a parent and child, or a stepparent and a stepchild.

(6) By a distribution of ~~marital~~ property as a result of a divorce.

(7) To a handicapped person from the Department of Health and Human Services after the vehicle has been equipped by the Department for use by the handicapped.

(8) To a local board of education for use in the driver education program of a public school when the motor vehicle is transferred:
a. By a retailer and is to be transferred back to the retailer within 300 days after the transfer to the local board.
b. By a local board of education."

Section 16. G.S. 105-197 reads as rewritten:

"**§ 105-197. When return required; due date of tax and return.**

(a) When Return Required. -- Anyone who, during the calendar year, gives to a donee a gift of a future interest or one or more ~~gifts~~ taxable gifts whose total value exceeds the amount of the annual exclusion set in G.S. 105-188(d) must file a gift tax return, under oath or affirmation, with the Secretary on a form prescribed by the Secretary. For the purpose of this section, a taxable gift is a gift that is not exempt under G.S. 105-188(h) or (i).

(b) Due Date. -- The tax is due on April 15th following the end of the calendar year. A return must be filed on or before the due date of the tax. A taxpayer may ask the Secretary of Revenue for an extension of time for filing a return under G.S. 105-263."

Section 17. G.S. 105-228.5(d) reads as rewritten:

"(d) Tax Rates; Disposition. --

(1) Workers Compensation. -- The tax rate to be applied to gross premiums, or the equivalent thereof in the case of self-insurers, ~~collected~~ on contracts applicable to liabilities under the Workers' Compensation Act shall be two and five-tenths percent (2.5%). The net proceeds shall be credited to the General Fund.

(2) Other Insurance Contracts. -- The tax rate to be applied to gross premiums ~~collected~~ on all other insurance contracts issued by insurers shall be one and nine-tenths percent (1.9%). The net proceeds shall be credited to the General Fund.

(3) Additional Statewide Fire and Lightning Rate. -- An additional tax shall be applied to ~~amounts collected~~ gross premiums on contracts of insurance applicable to fire and lightning coverage, except in the case of marine and automobile policies, at the rate of one and thirty-three hundredths percent (1.33%). Twenty-five percent (25%) of the net proceeds of this additional tax shall be deposited in the Volunteer Fire Department Fund established in Article 87 of Chapter 58 of the General Statutes. The remaining net proceeds shall be credited to the General Fund.

(4) Additional Local Fire and Lightning Rate. -- An additional tax shall be applied to ~~amounts collected~~ gross premiums on contracts of insurance applicable to fire and lightning coverage within fire districts at the rate of one-half of one percent (1/2 of 1%). The net proceeds shall be credited to the Department of Insurance for disbursement pursuant to G.S. 58-84-25.

(5) Article 65 Corporations. -- The tax rate to be applied to gross premiums and/or gross collections from membership dues, exclusive of receipts from cost plus plans, received by Article 65 corporations shall be one-half of one percent (1/2 of 1%). The net proceeds shall be credited to the General Fund."

Section 18. G.S. 105-228.10 reads as rewritten:

"**§ 105-228.10. No additional local taxes.**

~~No county, city, or town shall be allowed to impose any additional tax, license, or fee, other than ad valorem taxes, upon any insurance company or association paying the fees and taxes~~ No city or county may levy on a person subject to the tax levied in this ~~Article.~~ Article a privilege tax or a tax computed on the basis of gross premiums."

Section 19. G.S. 105-249.3 is repealed.

Section 20. G.S. 105-259(b)(3) reads as rewritten:

"(b) Disclosure Prohibited. -- An officer, an employee, or an agent of the State who has access to tax information in the course of service to or employment by the State may not disclose the information to any other person unless the disclosure is made for one of the following purposes:

(3) Review by a tax official of another ~~state or the Internal Revenue Commissioner of the United States~~ jurisdiction to aid the ~~state or the Commissioner~~ jurisdiction in collecting a tax imposed by this ~~State, the other state, or the United States~~ State or the other jurisdiction if the laws of the other ~~state or the United States allow the state or the United States~~ jurisdiction allow it to provide similar tax information to a representative of this State."

Section 21. G.S. 105-264 reads as rewritten:

"**§ 105-264. Effect of Secretary's interpretation of revenue laws.**

It ~~shall be~~ is the duty of the Secretary to interpret all laws administered by the Secretary. The Secretary's interpretation of these laws shall be consistent with the applicable rules.

An interpretation by the Secretary is prima facie correct. When the Secretary interprets a law by adopting a rule or publishing a bulletin or directive on the law, the interpretation is a protection to the officers and taxpayers affected by the interpretation, and taxpayers are entitled to rely upon the interpretation. If the Secretary changes ~~a rule or a bulletin,~~ an interpretation, a taxpayer who relied ~~upon the rule or bulletin~~ on it before it was changed is not liable for any penalty or additional assessment on any tax that accrued before the ~~rule or bulletin~~ interpretation was changed and was not paid by reason of reliance upon the ~~rule or bulletin.~~ interpretation. If a taxpayer requests in writing specific advice from the Department and receives in response erroneous written advice, the taxpayer is not liable for any penalty or additional assessment attributable to the erroneous advice furnished by the Department to the extent the advice was reasonably relied upon by the taxpayer and the penalty or additional assessment did not result from the taxpayer's failure to provide adequate or accurate information.

This section does not prevent the Secretary from changing an interpretation and it does not prevent a change in an interpretation from applying on and after the effective date of the change."

Section 22. G.S. 105-277.3 reads as rewritten:

"**§ 105-277.3. Agricultural, horticultural, and forestland -- Classifications.**

(a) Classes Defined. -- The following classes of property are ~~hereby~~ designated special classes of property under authority of ~~Article V, Sec. 2(2)~~ Section 2(2) of Article V of the North Carolina Constitution and shall be appraised, ~~assessed and taxed as hereinafter provided.~~ assessed, and taxed as provided in G.S. 105-277.2 through G.S. 105-277.7.

(1) Agricultural land. -- Individually owned agricultural land consisting of one or more tracts, one of which consists of at least 10 acres that are in actual production and that, for the three years preceding January 1 of the year for which the benefit of this section is claimed, have produced an average gross income of at least one thousand dollars ($1,000). Gross income includes income from the sale of the agricultural products produced from the land and any payments received under a governmental soil conservation or land retirement program. Land in actual production includes land under improvements used in the commercial production or growing of crops, plants, or animals.

(2) Horticultural land. -- Individually owned horticultural land consisting of one or more tracts, one of which consists of at least five acres that are in actual production and that, for the three years preceding January 1 of the year for which the benefit of this section is claimed, have ~~either:~~ met the applicable minimum gross income requirement. Land in actual production includes land under improvements used in the commercial production or growing of fruits or vegetables or nursery or floral products. Land that has been

~~a.~~ ~~Been~~ used to produce evergreens intended for use as Christmas trees ~~and~~ must have met the ~~qualifying or~~ minimum gross income requirements established by the Department of Revenue for the ~~land; or~~

~~b.~~ ~~Produced~~ land. All other horticultural land must have produced an average gross income of at least one thousand dollars ($1,000). Gross income includes income from the sale of the horticultural products produced from the land and any payments received under a governmental soil conservation or land retirement program. ~~Land in actual production includes land under improvements used in the commercial production or growing of fruits or vegetables or nursery or floral products.~~

(3) Forestland. -- Individually owned forestland consisting of one or more tracts, one of which consists of at least 20 acres that are in actual production and are not included in a farm unit.

(b) Natural Person Ownership Requirements. -- In order to come within a classification described in ~~subdivision (a)(1), (2) or (3), above, the property must,~~ subsection (a) of this section, the land must, if owned by ~~natural persons,~~ a natural person, also satisfy one of the following conditions:

(1) It is the owner's place of residence.

(2) It has been owned by the current owner or a relative of the current owner for the four years preceding January 1 of the year for which the benefit of this section is claimed.

(3) At the time of transfer to the current owner, it qualified for classification in the hands of a business entity or trust ~~which~~ that transferred the ~~property~~ land to the current owner who was a member of the business entity or a beneficiary of the trust, as appropriate.

(b1) Entity Ownership Requirements. -- ~~If~~ In order to come within a classification described in subsection (a) of this section, the land must, if owned by a business entity or trust, ~~the property must~~ have been owned by the business entity or trust or by one or more of its ~~members, or by one or more of its creators in the case of a trust,~~ members or creators, respectively, for the four years immediately preceding January 1 of the year for which the benefit of this section is claimed. ~~Notwithstanding the provisions of G.S. 105-277.2(4)b, a business entity qualifying for a classification described in G.S. 105-277.3 shall not lose the benefit of the classification by reason of the death of one of its members if the decedent's ownership passes to and remains in a relative of the decedent.~~

(b2) Exception to Ownership Requirements. -- ~~Property loses its eligibility for the classifications described in subsection (a) of this section if ownership of the property passes to anyone other than a relative of the owner or passes to or from a business entity or trust from or to anyone other than its members or its creators or beneficiaries, respectively, except that property does not lose its eligibility if both of the following conditions are met: (i) it~~ G.S. 105-277.4(c) provides that deferred taxes are payable if land fails to meet any condition or requirement for classification. Accordingly, if land fails to meet an ownership requirement due to a change of ownership, G.S. 105-277.4(c) applies. Despite this failure and the resulting liability for taxes under G.S. 105-277.4(c), the land may qualify for classification in the hands of the new owner if both of the following conditions are met, even if the new owner does not meet all of the ownership requirements of subsections (b) and (b1) of this section with respect to the land:

(1) The land was appraised at its present use value or was eligible for appraisal at its present use value ~~pursuant to that subsection~~ at the time title to the ~~property~~ land passed to the ~~present owner, and (ii)~~ ~~at~~ new owner.

(2) At the time title to the ~~property~~ land passed to the ~~present~~ new owner, the owner owned other ~~property~~ land classified under subsection (a).

~~The fact that property may retain its eligibility because the preceding two conditions were met does not affect any liability for deferred taxes under G.S. 105-277.4(e) if those taxes were otherwise due at the time title passed to the present owner.~~

(c) Repealed by Session Laws 1995, c. 454, s. 2.

(d) Exception for Conservation Reserve Program. -- ~~Enrollment~~ Land enrolled in the federal Conservation Reserve Program authorized by ~~Title XII of the Food Security Act of 1985 (Pub. L. 99-198), as amended, shall not preclude eligibility of land for present use value treatment solely on the grounds that the land is no longer~~ 16 U.S.C. § 1381 is considered to be in actual production, and income derived from participation in the federal Conservation Reserve Program may be used in meeting the minimum gross income requirements of this section either separately or in combination with income from actual production. Land enrolled in the federal Conservation Reserve Program shall be assessed as agricultural land if it is planted in vegetation other than trees, or as ~~forest land~~ forestland if it is planted in trees.

(e) Exception for Turkey Disease. -- ~~Notwithstanding the provisions of subsection (a) of this section, agricultural~~ Agricultural land that meets all of the following conditions ~~does not lose its eligibility for present use value treatment solely on the grounds that it is no longer in actual production, it no longer meets the minimum income requirements, or both:~~ is considered to be in actual production and to meet the minimum gross income requirements:

(1) The land was in actual production in turkey growing within the preceding two years and qualified for present use value treatment while it was in actual production.

(2) The land was taken out of actual production in turkey growing solely for health and safety considerations due to the presence of Poult Enteritis Mortality Syndrome among turkeys in the same county or a neighboring county.

(3) The land is otherwise eligible for present use value treatment."

Section 23. G.S. 105-277.4(c) reads as rewritten:

"(c) Deferred Taxes. -- ~~Property~~ Land meeting the conditions for classification under G.S. 105-277.3 shall be taxed on the basis of the value of the ~~property~~ land for its present use. The difference between the taxes due on the present-use basis and the taxes ~~which~~ that would have been payable in the absence of this classification, together with any interest, penalties, or costs that may accrue thereon, ~~shall be~~ are a lien on the real property of the taxpayer as provided in G.S. 105-355(a). The difference in taxes shall be carried forward in the records of the taxing unit or units as deferred ~~taxes, but shall not be payable, unless and until the property loses its eligibility for the benefit of this classification.~~ taxes. The taxes become due and payable when the land fails to meet any condition or requirement for classification. The tax for the fiscal year that opens in the calendar year in which ~~a disqualification occurs shall be~~ deferred taxes become due is computed as if the ~~property~~ land had

not been classified for that year, and taxes for the preceding three fiscal years ~~which~~ that have been deferred ~~shall immediately be~~ are immediately payable, together with interest ~~thereon~~ as provided in G.S. 105-360 for unpaid ~~taxes which shall accrue~~ taxes. Interest accrues on the deferred taxes due as if they had been payable on the dates on which they originally became due. If only a part of the qualifying tract of land ~~loses its eligibility,~~ fails to meet a condition or requirement for classification, a determination shall be made of the amount of deferred taxes applicable to that part and that amount ~~shall become~~ becomes payable with interest as provided above. Upon the payment of any taxes deferred in accordance with this section for the three years immediately preceding a disqualification, all liens arising under this subsection ~~shall be~~ are extinguished."

Section 24. G.S. 105-277.2(4)b. reads as rewritten:

"b. A business entity having as its principal business one of the activities described in subdivisions (1), (2), and (3) and whose members ~~are all either a natural person~~ are all natural persons who meet one or more of the following conditions:

1. The member is actively engaged in the business of the ~~entity or a~~ entity.
2. The member is a relative of a member who is actively engaged in the business of the entity.
3. The member is a relative of, and inherited the membership interest from, a decedent who met one or both of the preceding conditions after the land qualified for classification in the hands of the business entity."

Section 25. G.S. 105-333(14) reads as rewritten:

"(14) Public service company. -- A railroad company, a pipeline company, a gas company, an electric power company, an electric membership corporation, a telephone company, a telegraph company, a bus line company, an airline company, or a motor freight carrier company. ~~any other~~ The term also includes any company performing a public service that is regulated by the ~~Interstate Commerce Commission, the Federal Power Commission,~~ United States Department of Energy, the United States Department of Transportation, the Federal Communications Commission, the Federal Aviation Agency, or the North Carolina Utilities Commission, except that the term does not include a water company, a radio common carrier company as defined in G.S. 62-119(3), a cable television company, or a radio or television broadcasting company. ~~The term also includes a motor freight carrier company. For purposes of appraisal under this Article, the term also includes a pipeline company whether or not it performs a public service and whether~~

~~or not it is regulated by one of the regulatory agencies named in this subdivision.~~"

Section 26. G.S. 105-378(e) is repealed.

Section 27. G.S. 105-395(b) is repealed.

Section 28. G.S. 105-449.88(2) reads as rewritten:

"(2) Motor fuel sold to the federal ~~government.~~ government for its use."

Section 29. G.S. 105-449.105(d) is repealed.

Section 30. G.S. 105-449.110(b) reads as rewritten:

"(b) Interest. -- The rate of interest payable on a refund is the rate set in ~~G.S. 105-242.1(i).~~ G.S. 105-241.1(i). Interest accrues on a refund from the date that is 90 days after the later of the following:

(1) The date the application for refund was filed.

(2) The date the application for refund was due."

Section 30.1. G.S. 105-467(5) reads as rewritten:

"(5) The sales price of food that is not otherwise exempt from tax pursuant to G.S. 105-164.13 but would be exempt from the State sales and use tax pursuant to G.S. 105-164.13 if it were ~~purchased with coupons~~ issued under the Food Stamp Program, 7 U.S.C. § 51."

Section 31. G.S. 105-487 reads as rewritten:

"**§ 105-487. Use of additional tax revenue by ~~counties and municipalities.~~ counties.**

(a) Except as provided in subsection (c), forty percent (40%) of the revenue received by a county from additional one-half percent (1/2%) sales and use taxes levied under this Article during the first five fiscal years in which the additional taxes are in effect in the county and thirty percent (30%) of the revenue received by a county from these taxes in the next 10 fiscal years in which the taxes are in effect in the county may be used by the county only for public school capital outlay purposes or to retire any indebtedness incurred by the county for these purposes.

~~(b) Except as provided in subsection (c), forty percent (40%) of the revenue received by a municipality from additional one-half percent (1/2%) sales and use taxes levied under this Article during the first five fiscal years in which the additional taxes are in effect in the municipality and thirty percent (30%) of the revenue received by a municipality from these taxes in the second five fiscal years in which the taxes are in effect in the municipality may be used by the municipality only for water and sewage capital outlay purposes or to retire any indebtedness incurred by the municipality for these purposes.~~

(c) The Local Government Commission may, upon petition by a ~~county or municipality, authorize a county or municipality~~ county, authorize the county to use part or all its tax revenue, otherwise required by subsection (a) ~~or (b)~~ of this section to be used for public ~~schools or water and sewage~~ school capital needs, for any lawful purpose. The petition shall be in the form of a resolution adopted by the ~~City Council or~~ Board of County Commissioners and transmitted to the Local Government Commission. The petition shall demonstrate that the county ~~or~~

~~municipality~~ can provide for its public school ~~or water and sewage~~ capital needs without restricting the use of part or all of the designated amount of the additional one-half percent (1/2%) sales and use tax revenue for ~~these purposes.~~ that purpose.

In making its decision, the Local Government Commission shall consider information contained in the petition concerning not only the public school ~~or water and sewage~~ capital needs, but also the other capital needs of the petitioning ~~county or municipality.~~ county. The Commission may also consider information from sources other than the petition. The Commission shall issue a written decision on each petition stating the findings of the Commission concerning the public school ~~or water and sewage~~ capital needs of the petitioning county ~~or municipality~~ and the percentage of revenue otherwise restricted by subsection (a) ~~or (b)~~ of this section that may be used by the petitioning county ~~or municipality~~ for any lawful purpose.

Decisions of the Commission allowing counties ~~or municipalities~~ to use a percentage of their tax revenue that would otherwise be restricted under subsection (a) ~~or (b)~~ of this section for any lawful purpose are final and shall continue in effect until the restrictions imposed by ~~those subsections~~ that subsection expire. A county ~~or municipality~~ whose petition is denied, in whole or in part, by the Commission may subsequently submit a new petition to the Commission.

(d) For purposes of determining the number of fiscal years in which one-half percent (1/2%) sales and use taxes levied under this Article have been in effect in a ~~county or municipality,~~ county, these taxes are considered to be in effect only from the effective date of the levy of these taxes and are considered to be in effect for a full fiscal year during the first year in which these taxes were in effect, regardless of the number of months in that year in which the taxes were actually in effect.

(e) A county ~~or municipality~~ may expend part or all of the revenue restricted for public school ~~or water and sewage~~ capital needs pursuant to ~~subsections (a) and (b)~~ subsection (a) of this section in the fiscal year in which the revenue is received, or the county ~~or municipality~~ may place part or all of this revenue in a capital reserve fund and shall specifically identify this revenue in accordance with Chapter 159 of the General Statutes."

Section 32. G.S. 105-504 is repealed.

Section 33. G.S. 105-550 reads as rewritten:

"**§ 105-550. Definitions.**

The definitions in G.S. 105-164.3 and the following definitions apply in this Article:

(1) Authority. -- A regional public transportation authority or a regional transportation authority created pursuant to Article 26 or Article 27 of Chapter 160A of the General Statutes.

(2) Long-term lease or rental. -- Defined in G.S. 105-187.1.

(3) Motorcycle. -- Defined in G.S. 20-4.01.

~~(4) Private passenger vehicle. -- Defined in G.S. 20-4.01.~~

(5) Public transportation system. -- Any combination of real and personal property established for purposes of public transportation. The systems may include one or more of the

following: structures, improvements, buildings, equipment, vehicle parking or passenger transfer facilities, railroads and railroad rights-of-way, rights-of-way, bus services, shared-ride services, high-occupancy vehicle facilities, carpool and vanpool programs, voucher programs, telecommunications and information systems, integrated fare systems, bus lanes, and busways. The term does not include, however, streets, roads, or highways except to the extent they are dedicated to public transportation vehicles or to the extent they are necessary for access to vehicle parking or passenger transfer facilities.

(6) Short-term lease or rental. -- A lease or rental that is not a long-term lease or rental.

(7) U-drive-it passenger vehicle. -- Defined in G.S. 20-4.01."

Section 34. G.S. 105-551(a) reads as rewritten:

"(a) Tax. -- The board of trustees of an Authority may levy a privilege tax on a retailer who is engaged in the business of leasing or renting ~~private~~ U-drive-it passenger vehicles or motorcycles based on the gross receipts derived by the retailer from the short-term lease or rental of these vehicles. The tax rate must be a percentage and may not exceed five percent (5%). A tax levied under this section applies to short-term leases or rentals made by a retailer whose place of business or inventory is located within the territorial jurisdiction of the Authority. This tax is in addition to all other taxes."

Section 35. G.S. 105-552(b) reads as rewritten:

"(b) Collection. -- A tax levied by an Authority under this Article shall be collected by the Authority but shall otherwise be administered in the same manner as the optional gross receipts tax levied by G.S. 105-187.5. Like the optional gross receipts tax, a tax levied under this Article is to be added to the lease or rental price of a ~~private~~ U-drive-it passenger vehicle or motorcycle and thereby be paid by the person to whom it is leased or rented.

A tax levied under this Article applies regardless of whether the retailer who leases or rents the ~~private~~ U-drive-it passenger vehicle or motorcycle has elected to pay the optional gross receipts tax on the lease or rental receipts from the vehicle. A tax levied under this Article must be paid to the Authority that levied the tax by the date an optional gross receipts tax would be payable to the Secretary of Revenue under G.S. 105-187.5 if the retailer who leases or rents the ~~private~~ U-drive-it passenger vehicle or motorcycle had elected to pay the optional gross receipts tax."

Section 36. S.L. 1997-139 is reenacted.

Section 37. Article 3 of Chapter 66 of the General Statutes is repealed.

Section 38(a). G.S. 105A-2(2)e. reads as rewritten:

"e. A sum owed as a result of having obtained public assistance payments under any of the following programs through an intentional false statement, intentional misrepresentation, intentional failure to disclose a material fact, or inadvertent household error:

1. The ~~Aid to Families with Dependent Children~~ Work First Program ~~or the Aid to Families with Dependent Children -- Emergency Assistance Program, enabled by~~ provided in Article 2 of Chapter ~~108A, Article 2, Part 2.~~ 108A of the General Statutes.

4. ~~A successor program of one of these programs. of the General Statutes or~~"

Section 38(b). This section becomes effective January 1, 2000.

Section 39. G.S. 120-70.105 reads as rewritten:

"**§ 120-70.105. Creation and membership of the Revenue Laws Study Committee.**

(a) Membership. -- The Revenue Laws Study Committee is established. The Committee consists of 16 members as follows:

(1) Eight members appointed by the President Pro Tempore of the Senate; the persons appointed may be members of the Senate or public members.

(2) Eight members appointed by the Speaker of the House of Representatives; the persons appointed may be members of the House of Representatives or public members.

(b) Terms. -- Terms on the Committee are for two years and begin on January 15 of each odd-numbered year, except the terms of the initial members, which begin on appointment. Legislative members may complete a term of service on the Committee even if they do not seek reelection or are not reelected to the General Assembly, but resignation or removal from service in the General Assembly constitutes resignation or removal from service on the Committee.

A member continues to serve until ~~his~~ a successor is appointed. A vacancy shall be filled within 30 days by the officer who made the original appointment."

Section 40. Article 8 of Chapter 136 of the General Statutes is repealed.

SENATE BILL 1226
Finance Committee Substitute Adopted 6/11/98

Short Title: Revenue Laws Technical Changes. (Public)

Sponsors:

Referred to:

May 21, 1998

A BILL TO BE ENTITLED

AN ACT TO MAKE TECHNICAL AND CONFORMING CHANGES TO THE REVENUE LAWS AND RELATED STATUTES.

The General Assembly of North Carolina enacts:

PART I. GENERAL TECHNICAL CHANGES.

Section 1(a). Article 8D of Chapter 105 of the General Statutes is repealed.

Section 1(b). G.S. 105-130.11(a)(2) reads as rewritten:

"(2) ~~Building and loan associations and savings and loan associations subject to tax under Article 8D of this Chapter; cooperative~~ Cooperative banks without capital stock organized and operated for mutual purposes and without profit; and electric and telephone membership corporations organized under Chapter 117 of the General Statutes."

Section 1(c). G.S. 105-130.5(c) is amended by adding a new subdivision to read:

"(5) A savings and loan association may deduct interest earned on deposits at the Federal Home Loan Bank of Atlanta, or its successor, to the extent included in federal taxable income."

Section 1(d). G.S. 105-228.24A is recodified as G.S. 105-130.43.

Section 1(e). G.S. 105-130.43, as recodified by this section, reads as rewritten:

"**§ 105-130.43. ~~Income tax credit for~~ Credit for savings and loan supervisory fees.**

Every savings and loan association is allowed a credit against the ~~income tax imposed on it under Article 4 of this Chapter~~ tax imposed by this Part for a taxable year equal to the amount of supervisory fees, paid by the association during the taxable year, that were assessed by the Administrator of the Savings Institutions Division of the Department of Commerce for the State fiscal year beginning ~~on or~~ during that taxable year. This credit may not exceed the amount of ~~income~~ tax ~~payable by the association~~ imposed by this Part for the taxable ~~year for which the credit is claimed,~~ year, reduced by the sum of all ~~income tax~~ credits allowed against the tax, except tax payments made by or on behalf of the ~~association. The supervisory fees shall not be an allowable deduction in determining taxable income for any association claiming the credit allowed under this section.~~ taxpayer. A taxpayer that claims the credit allowed under this section may not deduct the supervisory fees in determining taxable income."

Section 1 (f). G.S. 105-83(d) reads as rewritten:

"(d) This section does not apply to corporations liable for the tax levied under G.S. ~~105-102.3.~~ 105-102.3 or to savings and loan associations."

Section 1(g). G.S. 105-88(b) reads as rewritten:

"(b) ~~Nothing in this section shall be construed to~~ This section does not apply to banks, industrial banks, trust companies, ~~building~~ savings and loan associations, ~~or~~ cooperative credit unions, ~~nor shall it apply to~~ the business of negotiating loans on real estate as described in G.S. 105-41, ~~nor to~~ pawnbrokers lending or advancing money on specific articles of personal property, ~~nor to~~ or insurance premium finance companies licensed under Article 35 of Chapter 58 of the General Statutes. ~~It shall apply~~ This section applies to those persons or concerns operating what are commonly known as loan companies or finance companies and whose business is as hereinbefore described, and those persons, firms, or corporations pursuing the business of lending money and taking as security for the payment of ~~such~~ the loan and interest an assignment of wages or an assignment of wages with power of attorney to collect ~~same,~~ the amount due, or other order or chattel mortgage or bill of sale upon household or kitchen furniture. No real estate mortgage broker ~~shall be~~ is required to obtain a privilege license under this section merely because ~~he advances his~~ the broker advances the broker's own funds and takes a security interest in real estate to secure ~~such~~ the advances and when, at the time of ~~such advance of his own funds, he~~ the advance, the broker has already made arrangements with others for the sale or discount of the obligation at a later date and does so sell or discount ~~such~~ the obligation within the period specified in ~~said~~ the arrangement or extensions thereof; or when, at the time of the advance ~~of his own funds, he~~ the broker intends to sell the obligation to others at a later date and does, within 12 months from date of initial advance, make arrangements with others for the sale of ~~said~~ the obligation and does sell the obligation within the period specified in ~~said~~ the arrangement or extensions thereof; or because ~~he advances his~~ the broker advances the broker's own funds in temporary financing directly involved in the production of permanent-type loans for sale to others; and no real estate mortgage broker whose mortgage lending operations

are essentially as described above ~~shall be~~ is required to obtain a privilege license under this section."

Section 1(h). G.S. 105-102.3 reads as rewritten:

"**§ 105-102.3. Banks.**

There is hereby imposed upon every bank or banking association, including each national banking association, that is operating in this State as a commercial bank, an industrial bank, a savings bank created other than under Chapter 54B or 54C of the General Statutes or the Home Owners' Loan Act of 1933 (12 U.S.C. §§ 1461-68), a trust company, or any combination of such facilities or services, and whether such bank or banking association, hereinafter to be referred to as a bank or banks, be organized, under the laws of the United States or the laws of North Carolina, in the corporate form or in some other form of business organization, an annual privilege tax in the amount of thirty dollars ($30.00) for each one million dollars ($1,000,000) or fractional part thereof of total assets held as hereinafter provided. The assets upon which the tax is levied shall be determined by averaging the total assets shown in the four quarterly call reports of condition (consolidating domestic subsidiaries) for the preceding calendar year as required by bank regulatory authorities; provided, however, where a new bank commences operations within the State there shall be levied and paid an annual privilege tax of one hundred dollars ($100.00) until such bank shall have made four quarterly call reports of condition (consolidating domestic subsidiaries) for a single calendar year; provided further, however, where a bank operates an international banking facility, as defined in G.S. 105-130.5(b)(13), the assets upon which the tax is levied shall be reduced by the average amount for the taxable year of all assets of the international banking facility which are employed outside the United States, as computed pursuant to G.S. 105-130.5(b)(13)c. For an out-of-state bank with one or more branches in this State, or for an in-state bank with one or more branches outside this State, the assets of the out-of-state bank or of the in-state bank upon which the tax is levied shall be reduced by the average amount for the taxable year of all assets of the out-of-state bank or of the in-state bank which are employed outside this State. The tax imposed hereunder shall be for the privilege of carrying on the businesses herein defined on a statewide basis regardless of the number of places or locations of business within the State. Counties, cities and towns shall not levy a license or privilege tax on the businesses taxed under this section, nor on the business of an international banking facility as defined in subsection (b)(13) of G.S. 105-130.5."

Section 1(i). This section repeals any law that would otherwise exempt savings and loan associations, as defined in G.S. 54B-4, from the franchise tax imposed in Article 3 of Chapter 105 of the General Statutes.

Section 1(j). This section becomes effective for taxable years beginning on or after January 1, 1999.

Section 2. G.S. 105-17 is repealed.

Section 3. G.S. 105-25 is repealed.

Section 4. G.S. 105-130.5(a)(10) reads as rewritten:

"(10) The total amounts allowed under this ~~Article~~ Chapter during the taxable year as a credit against the taxpayer's income tax. A corporation that apportions part of its income to this State shall make the addition required by this subdivision after it determines the amount of its income that is apportioned and allocated to this State and shall not apply to a credit taken under this ~~Article~~ Chapter the apportionment factor used by it in determining the amount of its apportioned income."

Section 5. G.S. 105-131.1(b) reads as rewritten:

"(b) Each shareholder's pro rata share of an S Corporation's income attributable to the State and each resident shareholder's pro rata share of income not attributable to the State, shall be taken into account by the shareholder in the manner and subject to the adjustments provided in ~~Division II~~ Parts 2 and 3 of this Article and section 1366 of the Code and shall be subject to the tax levied under ~~Division II~~ Parts 2 and 3 of this Article."

Section 6. G.S. 105-131.6 reads as rewritten:

"**§ 105-131.6. Distributions.**

(a) Subject to the provisions of subsection (c) of this section, a distribution made by an S Corporation with respect to its stock to a resident shareholder ~~shall be~~ is taxable to the shareholder as provided in ~~Division II~~ Parts 2 and 3 of this Article to the extent that the distribution is characterized as a dividend or as gain from the sale or exchange of property pursuant to section 1368 of the Code.

(b) Subject to the provisions of subsection (c) of this section, any distribution of money made by a corporation with respect to its stock to a resident shareholder during a post-termination transition period ~~shall not be~~ is not taxable to the shareholder as provided in ~~Division II~~ Parts 2 and 3 of this Article to the extent the distribution is applied against and reduces the adjusted basis of the stock of the shareholder in accordance with section 1371(e) of the Code.

(c) In applying sections 1368 and 1371(e) of the Code to any distribution referred to in this section:

(1) The term "adjusted basis of the stock" means the adjusted basis of the shareholder's stock as determined under G.S. ~~105-131.3; and~~ 105-131.3.

(2) The accumulated adjustments account maintained for each resident shareholder ~~shall~~ must be equal to, and ~~shall be~~ adjusted in the same manner as, the corporation's accumulated adjustments account defined in section 1368(e)(1)(A) of the Code, except that:

a. The accumulated adjustments account shall be modified in the manner provided in G.S. ~~105-131.3(b)(1); and~~ 105-131.3(b)(1).

b. The amount of the ~~Corporation's~~ corporation's federal accumulated adjustments account that existed on the day this State began to measure the S Corporation shareholders' income by reference to the income of the S Corporation

~~shall be~~ is ignored and ~~shall be~~ is treated for purposes of ~~Divisions I and II of~~ this Article as additional accumulated earnings and profits of the corporation."

Section 7. G.S. 105-131.7(e) reads as rewritten:

"(e) Amounts paid to the Department on account of the corporation's shareholders under subsections (b) and (c) ~~shall~~ constitute payments on their behalf of the income tax imposed on them under ~~Division II~~ Parts 2 and 3 of this Article for the taxable period."

Section 8. G.S. 105-131.8 reads as rewritten:

"**§ 105-131.8. Tax credits.**

(a) For purposes of G.S. ~~105-151,~~ 105-151 and G.S. 105-160.4, each resident shareholder ~~shall be~~ is considered to have paid a tax imposed on the shareholder in an amount equal to the shareholder's pro rata share of any net income tax paid by the S Corporation to a state ~~which~~ that does not measure the income of S Corporation shareholders by the income of the S Corporation. For purposes of the preceding sentence, the term "net income tax" means any tax imposed on or measured by a corporation's net income.

(b) ~~Each~~ Except as otherwise provided in G.S. 105-160.3, each shareholder of an S Corporation is allowed as a credit against the tax imposed by ~~Division II~~ Parts 2 and 3 of this Article an amount equal to the shareholder's pro rata share of the tax credits for which the S Corporation is eligible."

Section 9. G.S. 105-134.1(7b) is repealed.

Section 10. G.S. 105-160.3(b) reads as rewritten:

"(b) The following credits are not allowed to an estate or trust:

(1) G.S. 105-151. Tax credits for income taxes paid to other states by individuals.

(2) G.S. 105-151.11. Credit for child care and certain employment-related expenses.

(3) G.S. 105-151.18. Credit for the disabled.

(4) G.S. 105-151.24. Credit for children.

(5) G.S. 105-151.26. Credit for charitable contributions by nonitemizers."

Section 11. G.S. 105-163.3(a) reads as rewritten:

"(a) Requirement. -- Every payer who pays a contractor more than six hundred dollars ($600.00) during a calendar year shall deduct and withhold from compensation paid to ~~a~~ the contractor the State income taxes payable by the contractor on the compensation as provided in this section. The amount of taxes to be withheld is four percent (4%) of the compensation paid to the contractor. The taxes a payer withholds are held in trust for the Secretary."

Section 12. G.S. 105-163.3(b) reads as rewritten:

"(b) Exemptions. -- The withholding requirement does not apply to the following:

(1) Compensation that is subject to the withholding requirement of G.S. 105-163.2.

(2) Compensation paid to an ordained or licensed member of the clergy.

(3) Compensation paid to an entity exempt from tax under G.S. 105-130.11."

Section 13. G.S. 105-163.3(e) reads as rewritten:

"(e) Records. -- If a payer does not withhold from payments to a nonresident entity because the entity is exempt from tax under G.S. 105-130.11, the payer shall obtain from the entity documentation proving its exemption from tax. If a payer does not withhold from payments to a nonresident corporation or a nonresident limited liability company because the entity has obtained a certificate of authority from the Secretary of State, the payer shall obtain from the entity its corporate identification number issued by the Secretary of State. If a payer does not withhold from payments to an individual because the individual is a resident, the payer shall obtain the individual's address and social security number. If a payer does not withhold from a partnership because the partnership has a permanent place of business in this State, the payer shall obtain the partnership's address and taxpayer identification number. The payer shall retain this information with its records."

Section 13.1. G.S. 105-164.4(a)(5) reads as rewritten:

"(5) **(Effective until July 1, 1998)** The rate of three percent (3%) applies to the sales price of food that is not otherwise exempt pursuant to G.S. 105-164.13 but would be exempt pursuant to G.S. 105-164.13 if it were purchased ~~with coupons issued~~ under the Food Stamp Program, 7 U.S.C. § 51.

(5) **(Effective July 1, 1998)** The rate of two percent (2%) applies to the sales price of food that is not otherwise exempt pursuant to G.S. 105-164.13 but would be exempt pursuant to G.S. 105-164.13 if it were purchased ~~with coupons issued~~ under the Food Stamp Program, 7 U.S.C. § 51."

Section 14. G.S. 105-164.13(11) reads as rewritten:

"(11) Any of the following fuel:

a. Motor fuel, as defined in G.S. 105-449.60, except motor fuel for which a refund of the per gallon excise tax is allowed under ~~G.S. 105-449.105(c) or (d) or under~~ G.S. 105-449.107.

b. Alternative fuel taxed under Article 36D of this Chapter, unless a refund of that tax is allowed under G.S. 105-449.107."

Section 14.1. G.S. 105-164.13(38) reads as rewritten:

"(38) Food and other items lawfully purchased ~~with coupons issued~~ under the Food Stamp Program, 7 U.S.C. § 51, and supplemental foods lawfully purchased with a food instrument issued under the Special Supplemental Food Program, 42 U.S.C. § 1786, and supplemental foods purchased for direct distribution by the Special Supplemental Food Program."

Section 15. G.S. 105-164.14(a) reads as rewritten:

"(a) Interstate Carriers. -- An interstate carrier is allowed a refund, in accordance with this section, of part of the sales and use taxes paid by it on lubricants, repair parts, and accessories purchased in this State for a motor vehicle, railroad car, locomotive, or airplane the carrier operates. An "interstate carrier" is a person who is engaged in transporting persons or property in interstate commerce for ~~compensation, is subject to regulation by, and to the jurisdiction of, the Interstate Commerce Commission or the United States Department of Transportation, and is required by either federal agency to keep records according to generally accepted accounting principles (GAAP) or, in the case of a small certificated air carrier, to make reports of financial and operating statistics.~~ compensation. The Secretary shall prescribe the periods of time, whether monthly, quarterly, semiannually, or otherwise, with respect to which refunds may be claimed, and shall prescribe the time within which, following these periods, an application for refund may be made.

An applicant for refund shall furnish the following information and any proof of the information required by the Secretary:

(1) A list identifying the lubricants, repair parts, and accessories purchased by the applicant inside or outside this State during the refund period.

(2) The purchase price of the items listed in subdivision (1) of this subsection.

(3) The sales and use taxes paid in this State on the listed items.

(4) The number of miles the applicant's motor vehicles, railroad cars, locomotives, and airplanes were operated both inside and outside this State during the refund period.

(5) Any other information required by the Secretary.

For each applicant, the Secretary shall compute the amount to be refunded as follows. First, the Secretary shall determine the ratio of the number of miles the applicant operated its motor vehicles, railroad cars, locomotives, and airplanes in this State during the refund period to the number of miles it operated them both inside and outside this State during the refund period. Second, the Secretary shall determine the applicant's proportional liability for the refund period by multiplying this mileage ratio by the purchase price of the items identified in subdivision (1) of this subsection and then multiplying the resulting product by the tax rate that would have applied to the items if they had all been purchased in this State. Third, the Secretary shall refund to each applicant the excess of the amount of sales and use taxes the applicant paid in this State during the refund period on these items over the applicant's proportional liability for the refund period."

Section 15.1. G.S. 105-187.6(a) reads as rewritten:

"(a) Full Exemptions. -- The tax imposed by this Article does not apply when a certificate of title is issued as the result of a transfer of a motor vehicle:

(1) To the insurer of the motor vehicle under G.S. 20-109.1 because the vehicle is a salvage vehicle.

(2) To either a manufacturer, as defined in G.S. 20-286, or a motor vehicle retailer for the purpose of resale.

(3) To the same owner to reflect a change or correction in the owner's name.
(4) By will or intestacy.
(5) By a gift between a husband and wife, a parent and child, or a stepparent and a stepchild.
(6) By a distribution of ~~marital~~ property as a result of a divorce.
(7) To a handicapped person from the Department of Health and Human Services after the vehicle has been equipped by the Department for use by the handicapped.
(8) To a local board of education for use in the driver education program of a public school when the motor vehicle is transferred:
a. By a retailer and is to be transferred back to the retailer within 300 days after the transfer to the local board.
b. By a local board of education."

Section 16. G.S. 105-197 reads as rewritten:

"**§ 105-197. When return required; due date of tax and return.**

(a) When Return Required. -- Anyone who, during the calendar year, gives to a donee a gift of a future interest or one or more ~~gifts~~ taxable gifts whose total value exceeds the amount of the annual exclusion set in G.S. 105-188(d) must file a gift tax return, under oath or affirmation, with the Secretary on a form prescribed by the Secretary. For the purpose of this section, a taxable gift is a gift that is not exempt under G.S. 105-188(h) or (i).

(b) Due Date. -- The tax is due on April 15th following the end of the calendar year. A return must be filed on or before the due date of the tax. A taxpayer may ask the Secretary of Revenue for an extension of time for filing a return under G.S. 105-263."

Section 17. G.S. 105-228.5(d) reads as rewritten:

"(d) Tax Rates; Disposition. --
(1) Workers Compensation. -- The tax rate to be applied to gross premiums, or the equivalent thereof in the case of self-insurers, ~~collected~~ on contracts applicable to liabilities under the Workers' Compensation Act shall be two and five-tenths percent (2.5%). The net proceeds shall be credited to the General Fund.
(2) Other Insurance Contracts. -- The tax rate to be applied to gross premiums ~~collected~~ on all other insurance contracts issued by insurers shall be one and nine-tenths percent (1.9%). The net proceeds shall be credited to the General Fund.
(3) Additional Statewide Fire and Lightning Rate. -- An additional tax shall be applied to ~~amounts collected~~ gross premiums on contracts of insurance applicable to fire and lightning coverage, except in the case of marine and automobile policies, at the rate of one and thirty-three hundredths percent (1.33%). Twenty-five percent (25%) of the net proceeds of this additional tax shall be deposited in the Volunteer Fire Department Fund established in

Article 87 of Chapter 58 of the General Statutes. The remaining net proceeds shall be credited to the General Fund.

(4) Additional Local Fire and Lightning Rate. -- An additional tax shall be applied to ~~amounts collected~~ gross premiums on contracts of insurance applicable to fire and lightning coverage within fire districts at the rate of one-half of one percent (1/2 of 1%). The net proceeds shall be credited to the Department of Insurance for disbursement pursuant to G.S. 58-84-25.

(5) Article 65 Corporations. -- The tax rate to be applied to gross premiums and/or gross collections from membership dues, exclusive of receipts from cost plus plans, received by Article 65 corporations shall be one-half of one percent (1/2 of 1%). The net proceeds shall be credited to the General Fund."

Section 18. G.S. 105-228.10 reads as rewritten:

"§ 105-228.10. No additional local taxes.

~~No county, city, or town shall be allowed to impose any additional tax, license, or fee, other than ad valorem taxes, upon any insurance company or association paying the fees and taxes~~ No city or county may levy on a person subject to the tax levied in this ~~Article.~~ Article a privilege tax or a tax computed on the basis of gross premiums."

Section 19. G.S. 105-249.3 is repealed.

Section 20. G.S. 105-259(b)(3) reads as rewritten:

"(b) Disclosure Prohibited. -- An officer, an employee, or an agent of the State who has access to tax information in the course of service to or employment by the State may not disclose the information to any other person unless the disclosure is made for one of the following purposes:

(3) Review by a tax official of another ~~state or the Internal Revenue Commissioner of the United States~~ jurisdiction to aid the ~~state or the Commissioner~~ jurisdiction in collecting a tax imposed by this ~~State, the other state, or the United States~~ State or the other jurisdiction if the laws of the other ~~state or the United States allow the state or the United States~~ jurisdiction allow it to provide similar tax information to a representative of this State."

Section 21. G.S. 105-264 reads as rewritten:

"§ 105-264. Effect of Secretary's interpretation of revenue laws.

It ~~shall be~~ is the duty of the Secretary to interpret all laws administered by the Secretary. The Secretary's interpretation of these laws shall be consistent with the applicable rules.

An interpretation by the Secretary is prima facie correct. When the Secretary interprets a law by adopting a rule or publishing a bulletin or directive on the law, the interpretation is a protection to the officers and taxpayers affected by the interpretation, and taxpayers are entitled to rely upon the interpretation. If the Secretary changes ~~a rule or a bulletin,~~ an interpretation, a taxpayer who relied ~~upon the rule or bulletin~~ on it before it was changed is not liable for any penalty or

additional assessment on any tax that accrued before the ~~rule or bulletin~~ interpretation was changed and was not paid by reason of reliance upon the ~~rule or bulletin.~~ interpretation. If a taxpayer requests in writing specific advice from the Department and receives in response erroneous written advice, the taxpayer is not liable for any penalty or additional assessment attributable to the erroneous advice furnished by the Department to the extent the advice was reasonably relied upon by the taxpayer and the penalty or additional assessment did not result from the taxpayer's failure to provide adequate or accurate information.

This section does not prevent the Secretary from changing an interpretation and it does not prevent a change in an interpretation from applying on and after the effective date of the change."

Section 22. G.S. 105-277.3 reads as rewritten:

"**§ 105-277.3. Agricultural, horticultural, and forestland -- Classifications.**

(a) Classes Defined. -- The following classes of property are ~~hereby~~ designated special classes of property under authority of ~~Article V, Sec. 2(2)~~ Section 2(2) of Article V of the North Carolina Constitution and shall be appraised, ~~assessed and taxed as hereinafter provided.~~ assessed, and taxed as provided in G.S. 105-277.2 through G.S. 105-277.7.

(1) Agricultural land. -- Individually owned agricultural land consisting of one or more tracts, one of which consists of at least 10 acres that are in actual production and that, for the three years preceding January 1 of the year for which the benefit of this section is claimed, have produced an average gross income of at least one thousand dollars ($1,000). Gross income includes income from the sale of the agricultural products produced from the land and any payments received under a governmental soil conservation or land retirement program. Land in actual production includes land under improvements used in the commercial production or growing of crops, plants, or animals.

(2) Horticultural land. -- Individually owned horticultural land consisting of one or more tracts, one of which consists of at least five acres that are in actual production and that, for the three years preceding January 1 of the year for which the benefit of this section is claimed, have ~~either:~~ met the applicable minimum gross income requirement. Land in actual production includes land under improvements used in the commercial production or growing of fruits or vegetables or nursery or floral products. Land that has been

~~a.~~ ~~Been~~ used to produce evergreens intended for use as Christmas trees ~~and~~ must have met the ~~qualifying or~~ minimum gross income requirements established by the Department of Revenue for the ~~land; or~~

~~b.~~ ~~Produced~~ land. All other horticultural land must have produced an average gross income of at least one thousand

dollars ($1,000). Gross income includes income from the sale of the horticultural products produced from the land and any payments received under a governmental soil conservation or land retirement program. ~~Land in actual production includes land under improvements used in the commercial production or growing of fruits or vegetables or nursery or floral products.~~

(3) Forestland. -- Individually owned forestland consisting of one or more tracts, one of which consists of at least 20 acres that are in actual production and are not included in a farm unit.

(b) Natural Person Ownership Requirements. -- In order to come within a classification described in ~~subdivision (a)(1), (2) or (3), above, the property must,~~ subsection (a) of this section, the land must, if owned by ~~natural persons,~~ a natural person, also satisfy one of the following conditions:

(1) It is the owner's place of residence.

(2) It has been owned by the current owner or a relative of the current owner for the four years preceding January 1 of the year for which the benefit of this section is claimed.

(3) At the time of transfer to the current owner, it qualified for classification in the hands of a business entity or trust ~~which~~ that transferred the ~~property~~ land to the current owner who was a member of the business entity or a beneficiary of the trust, as appropriate.

(b1) Entity Ownership Requirements. -- ~~If~~ In order to come within a classification described in subsection (a) of this section, the land must, if owned by a business entity or trust, ~~the property must~~ have been owned by the business entity or trust or by one or more of its ~~members, or by one or more of its creators in the case of a trust,~~ members or creators, respectively, for the four years immediately preceding January 1 of the year for which the benefit of this section is claimed. ~~Notwithstanding the provisions of G.S. 105-277.2(4)b, a business entity qualifying for a classification described in G.S. 105-277.3 shall not lose the benefit of the classification by reason of the death of one of its members if the decedent's ownership passes to and remains in a relative of the decedent.~~

(b2) Exception to Ownership Requirements. -- ~~Property loses its eligibility for the classifications described in subsection (a) of this section if ownership of the property passes to anyone other than a relative of the owner or passes to or from a business entity or trust from or to anyone other than its members or its creators or beneficiaries, respectively, except that property does not lose its eligibility if both of the following conditions are met: (i) it~~ G.S. 105-277.4(c) provides that deferred taxes are payable if land fails to meet any condition or requirement for classification. Accordingly, if land fails to meet an ownership requirement due to a change of ownership, G.S. 105-277.4(c) applies. Despite this failure and the resulting liability for taxes under G.S. 105-277.4(c), the land may qualify for classification in the hands of the new owner if both of the following conditions are met, even if the new owner

does not meet all of the ownership requirements of subsections (b) and (b1) of this section with respect to the land:

(1) The land was appraised at its present use value or was eligible for appraisal at its present use value ~~pursuant to that subsection~~ at the time title to the ~~property~~ land passed to the ~~present owner, and (ii)~~ ~~at~~ new owner.

(2) At the time title to the ~~property~~ land passed to the ~~present~~ new owner, the owner owned other ~~property~~ land classified under subsection (a).

~~The fact that property may retain its eligibility because the preceding two conditions were met does not affect any liability for deferred taxes under G.S. 105-277.4(c) if those taxes were otherwise due at the time title passed to the present owner.~~

(c) Repealed by Session Laws 1995, c. 454, s. 2.

(d) Exception for Conservation Reserve Program. -- ~~Enrollment~~ Land enrolled in the federal Conservation Reserve Program authorized by ~~Title XII of the Food Security Act of 1985 (Pub. L. 99-198), as amended, shall not preclude eligibility of land for present use value treatment solely on the grounds that the land is no longer~~ 16 U.S.C. § 1381 is considered to be in actual production, and income derived from participation in the federal Conservation Reserve Program may be used in meeting the minimum gross income requirements of this section either separately or in combination with income from actual production. Land enrolled in the federal Conservation Reserve Program shall be assessed as agricultural land if it is planted in vegetation other than trees, or as ~~forest land~~ forestland if it is planted in trees.

(e) Exception for Turkey Disease. -- ~~Notwithstanding the provisions of subsection (a) of this section, agricultural~~ Agricultural land that meets all of the following conditions ~~does not lose its eligibility for present use value treatment solely on the grounds that it is no longer in actual production, it no longer meets the minimum income requirements, or both:~~ is considered to be in actual production and to meet the minimum gross income requirements:

(1) The land was in actual production in turkey growing within the preceding two years and qualified for present use value treatment while it was in actual production.

(2) The land was taken out of actual production in turkey growing solely for health and safety considerations due to the presence of Poult Enteritis Mortality Syndrome among turkeys in the same county or a neighboring county.

(3) The land is otherwise eligible for present use value treatment."

Section 23. G.S. 105-277.4(c) reads as rewritten:

"(c) Deferred Taxes. -- ~~Property~~ Land meeting the conditions for classification under G.S. 105-277.3 shall be taxed on the basis of the value of the ~~property~~ land for its present use. The difference between the taxes due on the present-use basis and the taxes ~~which~~ that would have been payable in the absence of this classification, together with any interest, penalties, or costs that may accrue thereon, ~~shall be~~ are a lien on the real property of the taxpayer as provided in G.S. 105-355(a). The

difference in taxes shall be carried forward in the records of the taxing unit or units as deferred ~~taxes, but shall not be payable, unless and until the property loses its eligibility for the benefit of this classification.~~ taxes. The taxes become due and payable when the land fails to meet any condition or requirement for classification. The tax for the fiscal year that opens in the calendar year in which ~~a disqualification occurs shall be~~ deferred taxes become due is computed as if the ~~property~~ land had not been classified for that year, and taxes for the preceding three fiscal years ~~which~~ that have been deferred ~~shall immediately be~~ are immediately payable, together with interest ~~thereon~~ as provided in G.S. 105-360 for unpaid ~~taxes which shall accrue~~ taxes. Interest accrues on the deferred taxes due as if they had been payable on the dates on which they originally became due. If only a part of the qualifying tract of land ~~loses its eligibility,~~ fails to meet a condition or requirement for classification, a determination shall be made of the amount of deferred taxes applicable to that part and that amount ~~shall become~~ becomes payable with interest as provided above. Upon the payment of any taxes deferred in accordance with this section for the three years immediately preceding a disqualification, all liens arising under this subsection ~~shall be~~ are extinguished."

Section 24. G.S. 105-277.2(4)b. reads as rewritten:

"b. A business entity having as its principal business one of the activities described in subdivisions (1), (2), and (3) and whose members ~~are all either a natural person~~ are all natural persons who meet one or more of the following conditions:

1. The member is actively engaged in the business of the ~~entity or a~~ entity.
2. The member is a relative of a member who is actively engaged in the business of the entity.
3. The member is a relative of, and inherited the membership interest from, a decedent who met one or both of the preceding conditions after the land qualified for classification in the hands of the business entity."

Section 25. G.S. 105-333(14) reads as rewritten:

"(14) Public service company. -- A railroad company, a pipeline company, a gas company, an electric power company, an electric membership corporation, a telephone company, a telegraph company, a bus line company, an airline company, or a motor freight carrier company. ~~any other~~ The term also includes any company performing a public service that is regulated by the ~~Interstate Commerce Commission, the Federal Power Commission,~~ United States Department of Energy, the United States Department of Transportation, the Federal Communications Commission, the Federal Aviation Agency, or the North Carolina Utilities Commission, except that the term

does not include a water company, a radio common carrier company as defined in G.S. 62-119(3), a cable television company, or a radio or television broadcasting company. ~~The term also includes a motor freight carrier company. For purposes of appraisal under this Article, the term also includes a pipeline company whether or not it performs a public service and whether or not it is regulated by one of the regulatory agencies named in this subdivision.~~"

Section 26. G.S. 105-378(e) is repealed.

Section 27. G.S. 105-395(b) is repealed.

Section 28. G.S. 105-449.88(2) reads as rewritten:

"(2) Motor fuel sold to the federal ~~government.~~ government for its use."

Section 29. G.S. 105-449.105(d) is repealed.

Section 30. G.S. 105-449.110(b) reads as rewritten:

"(b) Interest. -- The rate of interest payable on a refund is the rate set in ~~G.S. 105-242.1(i).~~ G.S. 105-241.1(i). Interest accrues on a refund from the date that is 90 days after the later of the following:

(1) The date the application for refund was filed.

(2) The date the application for refund was due."

Section 30.1. G.S. 105-467(5) reads as rewritten:

"(5) The sales price of food that is not otherwise exempt from tax pursuant to G.S. 105-164.13 but would be exempt from the State sales and use tax pursuant to G.S. 105-164.13 if it were ~~purchased with coupons~~ issued under the Food Stamp Program, 7 U.S.C. § 51."

Section 31. G.S. 105-487 reads as rewritten:

"§ 105-487. Use of additional tax revenue by ~~counties and municipalities.~~ counties.

(a) Except as provided in subsection (c), forty percent (40%) of the revenue received by a county from additional one-half percent (1/2%) sales and use taxes levied under this Article during the first five fiscal years in which the additional taxes are in effect in the county and thirty percent (30%) of the revenue received by a county from these taxes in the next 10 fiscal years in which the taxes are in effect in the county may be used by the county only for public school capital outlay purposes or to retire any indebtedness incurred by the county for these purposes.

~~(b) Except as provided in subsection (c), forty percent (40%) of the revenue received by a municipality from additional one-half percent (1/2%) sales and use taxes levied under this Article during the first five fiscal years in which the additional taxes are in effect in the municipality and thirty percent (30%) of the revenue received by a municipality from these taxes in the second five fiscal years in which the taxes are in effect in the municipality may be used by the municipality only for water and sewage capital outlay purposes or to retire any indebtedness incurred by the municipality for these purposes.~~

(c) The Local Government Commission may, upon petition by a ~~county or municipality, authorize a county or municipality~~ county, authorize the county to use part or all its tax revenue, otherwise required by subsection (a) ~~or (b)~~ of this section to be used for public ~~schools or water and sewage~~ school capital needs, for any lawful purpose. The petition shall be in the form of a resolution adopted by the ~~City Council or~~ Board of County Commissioners and transmitted to the Local Government Commission. The petition shall demonstrate that the county ~~or municipality~~ can provide for its public school ~~or water and sewage~~ capital needs without restricting the use of part or all of the designated amount of the additional one-half percent (1/2%) sales and use tax revenue for ~~these purposes.~~ that purpose.

In making its decision, the Local Government Commission shall consider information contained in the petition concerning not only the public school ~~or water and sewage~~ capital needs, but also the other capital needs of the petitioning ~~county or municipality.~~ county. The Commission may also consider information from sources other than the petition. The Commission shall issue a written decision on each petition stating the findings of the Commission concerning the public school ~~or water and sewage~~ capital needs of the petitioning county ~~or municipality~~ and the percentage of revenue otherwise restricted by subsection (a) ~~or (b)~~ of this section that may be used by the petitioning county ~~or municipality~~ for any lawful purpose.

Decisions of the Commission allowing counties ~~or municipalities~~ to use a percentage of their tax revenue that would otherwise be restricted under subsection (a) ~~or (b)~~ of this section for any lawful purpose are final and shall continue in effect until the restrictions imposed by ~~those subsections~~ that subsection expire. A county ~~or municipality~~ whose petition is denied, in whole or in part, by the Commission may subsequently submit a new petition to the Commission.

(d) For purposes of determining the number of fiscal years in which one-half percent (1/2%) sales and use taxes levied under this Article have been in effect in a ~~county or municipality,~~ county, these taxes are considered to be in effect only from the effective date of the levy of these taxes and are considered to be in effect for a full fiscal year during the first year in which these taxes were in effect, regardless of the number of months in that year in which the taxes were actually in effect.

(e) A county ~~or municipality~~ may expend part or all of the revenue restricted for public school ~~or water and sewage~~ capital needs pursuant to ~~subsections (a) and (b)~~ subsection (a) of this section in the fiscal year in which the revenue is received, or the county ~~or municipality~~ may place part or all of this revenue in a capital reserve fund and shall specifically identify this revenue in accordance with Chapter 159 of the General Statutes."

Section 32. G.S. 105-504 is repealed.

Section 33. G.S. 105-550 reads as rewritten:

"**§ 105-550. Definitions.**

The definitions in G.S. 105-164.3 and the following definitions apply in this Article:

(1) Authority. -- A regional public transportation authority or a regional transportation authority created pursuant to Article 26 or Article 27 of Chapter 160A of the General Statutes.
(2) Long-term lease or rental. -- Defined in G.S. 105-187.1.
(3) Motorcycle. -- Defined in G.S. 20-4.01.
~~(4) Private passenger vehicle. -- Defined in G.S. 20-4.01.~~
(5) Public transportation system. -- Any combination of real and personal property established for purposes of public transportation. The systems may include one or more of the following: structures, improvements, buildings, equipment, vehicle parking or passenger transfer facilities, railroads and railroad rights-of-way, rights-of-way, bus services, shared-ride services, high-occupancy vehicle facilities, carpool and vanpool programs, voucher programs, telecommunications and information systems, integrated fare systems, bus lanes, and busways. The term does not include, however, streets, roads, or highways except to the extent they are dedicated to public transportation vehicles or to the extent they are necessary for access to vehicle parking or passenger transfer facilities.
(6) Short-term lease or rental. -- A lease or rental that is not a long-term lease or rental.
(7) U-drive-it passenger vehicle. -- Defined in G.S. 20-4.01."

Section 34. G.S. 105-551(a) reads as rewritten:

"(a) Tax. -- The board of trustees of an Authority may levy a privilege tax on a retailer who is engaged in the business of leasing or renting ~~private~~ U-drive-it passenger vehicles or motorcycles based on the gross receipts derived by the retailer from the short-term lease or rental of these vehicles. The tax rate must be a percentage and may not exceed five percent (5%). A tax levied under this section applies to short-term leases or rentals made by a retailer whose place of business or inventory is located within the territorial jurisdiction of the Authority. This tax is in addition to all other taxes."

Section 35. G.S. 105-552(b) reads as rewritten:

"(b) Collection. -- A tax levied by an Authority under this Article shall be collected by the Authority but shall otherwise be administered in the same manner as the optional gross receipts tax levied by G.S. 105-187.5. Like the optional gross receipts tax, a tax levied under this Article is to be added to the lease or rental price of a ~~private~~ U-drive-it passenger vehicle or motorcycle and thereby be paid by the person to whom it is leased or rented.

A tax levied under this Article applies regardless of whether the retailer who leases or rents the ~~private~~ U-drive-it passenger vehicle or motorcycle has elected to pay the optional gross receipts tax on the lease or rental receipts from the vehicle. A tax levied under this Article must be paid to the Authority that levied the tax by the date an optional gross receipts tax would be payable to the Secretary of Revenue under

G.S. 105-187.5 if the retailer who leases or rents the ~~private~~ U-drive-it passenger vehicle or motorcycle had elected to pay the optional gross receipts tax."

Section 36. S.L. 1997-139 is reenacted.

Section 37. Article 3 of Chapter 66 of the General Statutes is repealed.

Section 38(a). G.S. 105A-2(2)e. reads as rewritten:

"e. A sum owed as a result of having obtained public assistance payments under any of the following programs through an intentional false statement, intentional misrepresentation, intentional failure to disclose a material fact, or inadvertent household error:

1. The ~~Aid to Families with Dependent Children~~ Work First Program ~~or the Aid to Families with Dependent Children -- Emergency Assistance Program, enabled by~~ provided in Article 2 of Chapter ~~108A, Article 2, Part 2.~~ 108A of the General Statutes.

4. ~~A successor program of one of these programs.~~

~~of the General Statutes or~~"

Section 38(b). This section becomes effective January 1, 2000.

Section 39. G.S. 120-70.105 reads as rewritten:

"**§ 120-70.105. Creation and membership of the Revenue Laws Study Committee.**

(a) Membership. -- The Revenue Laws Study Committee is established. The Committee consists of 16 members as follows:

(1) Eight members appointed by the President Pro Tempore of the Senate; the persons appointed may be members of the Senate or public members.

(2) Eight members appointed by the Speaker of the House of Representatives; the persons appointed may be members of the House of Representatives or public members.

(b) Terms. -- Terms on the Committee are for two years and begin on January 15 of each odd-numbered year, except the terms of the initial members, which begin on appointment. Legislative members may complete a term of service on the Committee even if they do not seek reelection or are not reelected to the General Assembly, but resignation or removal from service in the General Assembly constitutes resignation or removal from service on the Committee.

A member continues to serve until ~~his~~ a successor is appointed. A vacancy shall be filled within 30 days by the officer who made the original appointment."

Section 40. Article 8 of Chapter 136 of the General Statutes is repealed.

The credit allowed under this section may not exceed two thousand five hundred dollars ($2,500) for any single installation. ~~This credit shall not be allowed~~ No credit is allowed, however, to the extent that any of the costs of the system were provided by federal, State, or local grants. To secure the credit allowed by this section, the taxpayer must own or control the facility at the time of construction. The credit allowed by this section may not exceed the amount of the tax imposed by this ~~Division~~ Part for the taxable year reduced by the sum of all credits ~~allowable under this Division,~~ allowable, except payments of tax made by or on behalf of the taxpayer."

Section 99. G.S. 105-151.11(c) reads as rewritten:

"(c) Limitations. -- No credit shall be allowed under this section for amounts deducted from gross income in calculating taxable income under the Code. The credit allowed by this section may not exceed the amount of tax imposed by this ~~Division~~ Part for the taxable year reduced by the sum of all credits ~~allowable under this Division,~~ allowable, except for payments of tax made by or on behalf of the taxpayer. No credit shall be allowed under this section with respect to employment-related expenses paid by a nonresident of this State."

Section 100. G.S. 105-151.13(a) reads as rewritten:

"(a) A ~~person~~ taxpayer who purchases conservation tillage equipment for use in a farming business, including tree farming, shall be allowed as a credit against the tax imposed by this ~~Division~~ Part an amount equal to twenty-five percent (25%) of the cost of the ~~equipment.~~ equipment paid during the taxable year. This credit may not exceed two thousand five hundred dollars ($2,500) for any taxable year. The credit may be claimed only by the first purchaser of the equipment and may not be claimed by a person who purchases the equipment for resale or for use outside this State. This credit may not exceed the amount of tax imposed by this ~~Division~~ Part for the taxable year reduced by the sum of all credits ~~allowable under this Division,~~ allowable, except tax payments made by or on behalf of the taxpayer. If the credit allowed by

this section exceeds the tax imposed under this ~~Division,~~ Part, the excess may be carried forward ~~and applied to the tax imposed under this Division~~ for the next succeeding five years. The basis in any equipment for which a credit is allowed under this section shall be reduced by the amount of the credit allowable."

Section 101. G.S. 105-151.14(a) reads as rewritten:

"(a) A ~~person~~ taxpayer who grows a crop and permits the gleaning of the crop during the taxable year shall be allowed as a credit against the tax imposed by this ~~Division~~ Part an amount equal to ten percent (10%) of the market price of the quantity of the gleaned crop. This credit may not exceed the amount of tax imposed by this ~~Division~~ Part for the taxable year reduced by the sum of all credits ~~allowable under this Division,~~ allowable, except tax payments made by or on behalf of the taxpayer. In order to claim the credit allowed under this section, the taxpayer must add the market price of the gleaned crop to taxable income as provided in G.S. 105-134.6(c). Any unused portion of the credit may be carried forward for the next succeeding five years."

Section 102. G.S. 105-151.18(d) reads as rewritten:

"(d) Limitations. -- A nonresident or part-year resident who claims the credit allowed by this section shall reduce the amount of the credit by multiplying it by the fraction calculated under G.S. 105-134.5(b) or (c), as appropriate. The credit allowed under this section may not exceed the amount of tax imposed by this ~~Division~~ Part for the taxable year reduced by the sum of all credits ~~allowed under this Division,~~ allowable, except payments of tax made by or on behalf of the taxpayer."

Section 103. G.S. 105-151.21(a) reads as rewritten:

"(a) Credit. -- An individual engaged in the business of farming is allowed a credit against the tax imposed by this ~~Division~~ Part equal to the amount of property taxes the individual paid at par during the taxable year on farm machinery and on attachments and repair parts for farm machinery. In addition, an individual shareholder of an S Corporation engaged in the business of farming is allowed a credit against the tax imposed by this ~~Division~~ Part equal to the shareholder's pro rata share of the amount of property taxes the S Corporation paid at par during the taxable year on farm machinery and on attachments and repair parts for farm machinery. The total credit allowed under this section may not exceed one thousand dollars ($1,000) for the taxable year and may not exceed the amount of tax imposed by this ~~Division~~ Part for the taxable year reduced by the sum of all credits ~~allowed under this Division,~~ allowable, except payments of tax made by or on behalf of the taxpayer. To claim the credit, the taxpayer shall attach to the return a copy of the tax receipt for the property taxes for which credit is claimed. The receipt must indicate that the taxes have been paid and the amount and date of the payment."

Section 104. G.S. 105-152(e) reads as rewritten:

"(e) Joint Returns. -- A husband and wife shall file a single income tax return jointly if (i) their federal taxable income is determined on a joint federal return and (ii) both spouses are residents of this State or both spouses have North Carolina taxable income. Except as otherwise provided in this ~~Division,~~ Part, a wife and husband filing jointly are treated as one taxpayer for the purpose of determining the

tax imposed by this ~~Division.~~ Part. A husband and wife filing jointly are jointly and severally liable for the tax imposed by this ~~Division~~ Part reduced by the sum of all credits ~~allowable under this Division~~ allowable including tax payments made by or on behalf of the husband and wife. However, if a spouse has been relieved of liability for federal tax attributable to a substantial understatement by the other spouse pursuant to section 6013 of the Code, that spouse is not liable for the corresponding tax imposed by this ~~Division~~ Part attributable to the same substantial understatement by the other spouse. A wife and husband filing jointly have expressly agreed that if the amount of the payments made by them with respect to the taxes for which they are liable, including withheld and estimated taxes, exceeds the total of the taxes due, refund of the excess may be made payable to both spouses jointly or, if either is deceased, to the survivor alone."

Section 105. G.S. 105-160.3(a) reads as rewritten:

"(a) Except as otherwise provided in this section, the credits allowed to an individual against the tax imposed by ~~Division II~~ Part 2 of this Article shall be allowed to the same extent to an estate or a trust against the tax imposed by this ~~Division.~~ Part. Any credit computed as a percentage of income received shall be apportioned between the estate or trust and the beneficiaries based on the distributions made during the taxable year. No credit may exceed the amount of the tax imposed by this ~~Division~~ Part for the taxable year reduced by the sum of all credits ~~allowable under this Division,~~ allowable, except for payments of tax made by or on behalf of the estate or trust."

Section 106. G.S. 105-164.3(22) reads as rewritten:

"(22) "Use tax" means ~~and includes~~ the tax imposed by Part ~~3 in Division II~~ 2 of this Article."

Section 107. G.S. 105-164.13(5) reads as rewritten:

"(5) Manufactured products produced and sold by manufacturers or producers to other manufacturers, producers, or registered ~~wholesale or retail~~ retailers or wholesale merchants, for the purpose of resale except as modified by ~~Division I, G.S. 105-164.3, subdivision (23). Provided, however, this exemption shall~~ G.S. 105-164.3(23). This exemption does not extend to or include retail sales to users or consumers not for resale."

Section 108. G.S. 105-164.26 reads as rewritten:

"**§ 105-164.26. Presumption that sales are taxable.**

For the purpose of the proper administration of ~~this division of~~ this Article and to prevent evasion of the retail sales tax, it shall be presumed that all gross receipts of wholesale merchants and retailers are subject to the retail sales tax until the contrary is established by proper records as required ~~herein.~~ in this Article. It shall be prima facie presumed that tangible personal property sold by any person for delivery in this State, however made, and by carrier or otherwise, is sold for storage, ~~use~~ use, or other consumption in this State, and a like presumption shall apply to tangible personal property delivered ~~without~~ outside this State and brought to this State by the ~~purchaser thereof.~~ purchaser. "

Section 109. G.S. 105-228.1 reads as rewritten:

"**§ 105-228.1. Defining taxes levied and assessed in this Article.**

The purpose of this Article is to levy a fair and equal tax under authority of ~~Article V, Sec. 3 of the Constitution of North Carolina~~ Section 2(2) of Article V of the North Carolina Constitution and to provide a practical means for ascertaining and collecting it. The taxes levied and assessed in this ~~schedule shall be upon the gross earnings~~ Article are on gross earnings, as defined in the Article, and ~~shall be~~ are in lieu of ad valorem taxes upon the properties of ~~individuals, firms, or corporations so taxed herein.~~ persons taxed in this Article."

Section 110. G.S. 105-266(c) reads as rewritten:

"(c) Statute of Limitations. -- The period in which a refund must be demanded or discovered under this section is determined as follows:

(1) General Rule. -- No overpayment shall be refunded, whether upon discovery or receipt of written demand, if the discovery is not made or the demand is not received within three years after the date set by the statute for the filing of the return or within six months after the payment of the tax alleged to be an overpayment, whichever is later.

(2) Worthless Debts or Securities. -- Section 6511(d)(1) of the Code applies to an overpayment of the tax levied in ~~Division II or III~~ Part 2 or 3 of Article 4 of this Chapter to the extent the overpayment is attributable to either of the following:

a. The deductibility by the taxpayer under section 166 of the Code of a debt that becomes worthless, or under section 165(g) of the Code of a loss from a security that becomes worthless.

b. The effect of the deductibility of a debt or loss described in subpart a. of this subdivision on the application of a carryover to the taxpayer.

(3) Capital Loss and Net Operating Loss Carrybacks. -- Section 6511(d)(2) of the Code applies to an overpayment of the tax levied in ~~Division II or III~~ Part 2 or 3 of Article 4 of this Chapter to the extent the overpayment is attributable to a capital loss carryback under section 1212(c) of the Code or to a net operating loss carryback under section 172 of the Code.

(4) Federal Determination. -- When a taxpayer files with the Secretary a return that reflects a federal determination and the return is filed within the required time, the period in which a refund must be demanded or discovered is one year after the return reflecting the federal determination is filed or three years after the original return was filed or due to be filed, whichever is later."

Section 111. G.S. 105-309(d) reads as rewritten:

"(d) Personal property shall be listed to indicate the township and municipality, if any, in which it is taxable and shall be itemized by the taxpayer in such detail as may be prescribed by an abstract form approved by the Department of Revenue. Personal property shall also be listed to indicate which property, if any, is subject to a tax credit under ~~Division IV of Article 4 of this Chapter.~~ G.S. 105-151.21.

(1) If the assessor considers it necessary to obtain a complete listing of personal property, ~~he~~ the assessor may require a taxpayer to submit additional information, inventories, or itemized lists of personal property.

(2) At the request of the assessor, the taxpayer shall furnish any information ~~he may have~~ the taxpayer has with respect to the true value of the personal property ~~he~~ the taxpayer is required to list."

Section 112. G.S. 105-366(b)(5) reads as rewritten:

"(5) The stock of goods or fixtures of a wholesale ~~or retail merchant (as defined in Schedule E of the Revenue Act)~~ merchant or retailer, as defined in G.S. 105-164.3, in the hands of a purchaser or transferee thereof, or any other personal property of the purchaser or transferee of ~~such~~ the property, if the taxes on the goods or fixtures remain unpaid 30 days after the date of the sale or ~~transfer, but in such a case the~~ transfer. In the case of other personal property of the purchaser or transferee, the levy or attachment must be made within six months of the sale or transfer."

Section 113. G.S. 105-366(d) reads as rewritten:

"(d) Remedies against Sellers and Purchasers of Stocks of Goods or Fixtures of Wholesale ~~or Retail Merchants.~~ Merchants or Retailers. --

(1) Any wholesale ~~or retail merchant (as defined in Schedule E of the Revenue Act)~~ merchant or retailer, as defined in G.S. 105-164.3, who sells or transfers the major part of ~~his~~ its stock of goods, materials, supplies, or fixtures, other than in the ordinary course of ~~business or who goes out of business, shall:~~ business, or who goes out of business, must take the following actions:

a. At least 48 hours prior to the date of the pending sale, transfer, or termination of business, give notice ~~thereof~~ to the assessors and tax collectors of the taxing units in which ~~his~~ the business is ~~located; and~~ located.

b. Within 30 days of the sale, transfer, or termination of business, pay all taxes due or to become due on the transferred property on the first day of September of the current calendar year.

(2) Any person to whom the major part of the stock of goods, materials, supplies, or fixtures of a wholesale ~~or retail merchant (as defined in Schedule E of the Revenue Act)~~ merchant or retailer is sold or transferred, other than in the ordinary course of

business, or who becomes the successor in business of a wholesale ~~or retail merchant~~ merchant or retailer shall withhold from the purchase money paid to the merchant an amount sufficient to pay the taxes due or to become due on the transferred property on the first day of September of the current calendar year until the former owner or seller produces either a receipt from the tax collector showing that the taxes have been paid or a certificate that no taxes are due. If the purchaser or successor in business fails to withhold a sufficient amount of the purchase money to pay the taxes as required by this subsection ~~(d)~~ and the taxes remain unpaid after the 30-day period allowed, ~~he shall be~~ the purchaser or successor is personally liable for the amount of the taxes ~~unpaid, and his~~ unpaid. This liability may be enforced by means of a civil action brought in the name of the taxing unit against ~~him~~ the purchaser or successor in an appropriate trial division of the General Court of Justice in the county in which the taxing unit is located.

(3) Whenever any wholesale ~~or retail merchant (as defined in Schedule E of the Revenue Act)~~ merchant or retailer sells or transfers the major part of ~~his~~ its stock of goods, materials, supplies, or fixtures, other than in the ordinary course of business, or goes out of ~~business,~~ business and the taxes due or to become due on the transferred property on the first day of September of the current calendar year are unpaid, the tax collector, to enforce collection of the unpaid taxes, ~~may:~~ may do any of the following:

a. Levy on or attach any personal property of the ~~seller; or~~ seller.

b. If the taxes remain unpaid 30 days after the date of the transfer or termination of business, levy on or attach any of the property transferred in the hands of the transferee or successor in business, or any other personal property of the transferee or successor in business, but in either case the levy or attachment must be made within six months of the transfer or termination of business.

(4) In using the remedies provided in this ~~subsection (d),~~ subsection, the amount of taxes not yet determined shall be computed in accordance with G.S. 105-359, and any applicable discount shall be allowed."

SB 1226 - Revenue
s Tech Changes Ho

EXPLANATION OF SENATE BILL 1226:
Proposed House Committee Substitute
Revenue Laws Technical Changes

TO: House Finance Committee
FROM: Martha H. Harris, Staff Attorney
DATE: June 25, 1998
SPONSOR: Senator Cochrane

Senate Bill 1226 is a recommendation of the Revenue Laws Study Committee and makes numerous technical and clarifying changes to the revenue laws and related statutes. The following table provides a section-by-section analysis of the proposed changes The only proposed change to the Senate version is Section 13.1, indicated in bold.

PART I. GENERAL TECHNICAL CHANGES

Section	Explanation
1	Recodifies the corporate income and franchise taxes on savings institutions. These entities currently pay tax under Article 8D of Chapter 105. The taxes are identical to the income and franchise taxes paid by other corporations, with two adjustments. This section moves the taxation of savings institutions from Article 8D to the regular corporate income and franchise taxes in Articles 3 and 4. The two adjustments are retained. In addition, a general exemption in Article 8D has been transferred to the relevant privilege tax statutes: G.S. 105-83, G.S. 105-88, and G.S. 105-102.3. This technical change has been reviewed and approved by the Bankers Association, which represents savings institutions.
2 - 3	Repeals obsolete provisions of the inheritance tax.
4	Conforms cross-reference to corporate tax credits to reflect that some credits are in other Articles of the Revenue Act.
5 - 8	Makes conforming changes to Subchapter S Corporation law to reflect the fact that trusts may now be shareholders.
9	Repeals an individual income tax definition for a term that is no longer used in the individual income tax law.
10	Adds cross-reference to two individual income tax credits that do not apply to estates and trusts.
11	Corrects grammar.
12 - 13	Clarifies that withholding is not required on payments to tax-exempt entities.
13.1	**Removes cross-references to soft drink excise tax, which has been**

repealed effective July 1, 1999.

13.2 Removes reference to type of payment for food purchased under the Food Stamp Program, because counties are beginning to use a system in which a type of credit card will be used in lieu of food stamps or coupons.

14 Removes references to sales tax applying to two types of motor fuel for which motor fuel tax refunds are allowed, because refunds are not made on these types of motor fuel (accidental mixes and fuel sold to marinas).

14.1 Removes reference to type of payment for food purchased under the Food Stamp Program, because counties are beginning to use a system in which a type of credit card will be used in lieu of food stamps or coupons.

15 Modifies the definition of interstate carrier for purposes of sales tax refunds to reflect the deregulation of the industry.

15.1 Makes a conforming change to reflect a change under the Equitable Distribution Laws that now provides for the distribution of marital property and divisible property.

16 Provides that a gift tax return is not required for gifts that are exempt from tax: gifts to charity and gifts between spouses. The 1997 federal tax act made a similar change to the federal gift tax, which formerly required returns for gifts to charity above $10,000.

17 Removes incorrect language describing the calculation of the gross premiums tax.

18 Clarifies insurance company tax exemption language. G.S. 105-228.10 was enacted in 1945 to provide that local governments may not levy additional taxes on insurers and other entities subject to the gross premiums tax. This section rewrites the statute to state that cities and counties are prohibited from levying a privilege license tax or a gross premiums tax on entities subject to gross premiums tax. The vague language of the statute is rewritten to clarify that insurance companies are not exempt from local sales taxes, local meals taxes, and other similar taxes that the General Assembly has authorized for local governments since this statute was enacted in 1945. Insurance companies currently pay these taxes and the terms of the tax statutes make it clear that they are not exempt.

19 Deletes an individual income tax exemption that is no longer needed because federal law exempts the same income and our law piggybacks the federal law.

20 Provides that tax information may be shared on a reciprocal basis with tax officials from jurisdictions outside the United States, as required by the International Fuel Tax Agreement.

21 Clarifies that taxpayers may rely upon all interpretations published by the Department of Revenue to the same extent as provided under current law

	only for specified types of interpretations.
22 - 24	Remove ambiguities in the use value property tax law that were created unintentionally when these statutes were rewritten and reorganized in 1995. The rewrite created potential, although strained, interpretations that deferred taxes were no longer required to be paid in some or in many cases where the law has always intended for them to be paid. These sections clarify that the law with respect to "rollback" of deferred taxes was not restricted by the 1995 rewrite. They also make further clarifying changes to the language.
25	Revises definition of public service company to reflect deregulation of carriers and to conform to Institute of Government interpretation that regulation requirement applies only to catch-all category of "any other company performing a public service."
26 - 27	Repeal two property tax provisions that have expired.
28	Clarifies that motor fuel sold to the federal government is exempt only if sold for use by the federal government.
29	Repeals a provision allowing refunds for motor fuel tax paid by marinas. Federal law no longer requires marinas to pay tax on motor fuel they purchase, so refunds are no longer necessary.
30	Corrects an incorrect cross-reference.
30.1	Removes reference to type of payment for food purchased under the Food Stamp Program, because counties are beginning to use a system in which a type of credit card will be used in lieu of food stamps or coupons.
31 - 32	Deletes provisions that have expired.
33 - 35	Corrects incorrect term describing short-term rental vehicles.
36	Reenacts a law modifying historic rehabilitation tax credits. The law was not roll called. Although the law expands the credits, in certain instances it could postpone part of the tax benefit allowed under prior law.
37	Repeals an obsolete tax on consigned candy products.
38	Amends the Setoff Debt Collection Act to reflect the new names given to public assistance programs by the 1997 welfare reform legislation, and to remove excess verbiage that resulted from a redlining error.
39	Conforms the structure of the Revenue Laws Study Committee statute to fit the requirements of the General Assembly's new computer system, and corrects gender-specific language.
40	Repeals list of cross-references to Highway Bond Acts. The list is incomplete and serves no purpose.

PART II. CONFORM STATUTORY NOMENCLATURE

Section	Explanation
41 - 54	Change from "Division" to "Part" the name of the subdivisions within Articles of Chapter 105 of the General Statutes, in order to be consistent with all other General Statutes. The new computer statutory database software will function better with consistent nomenclature.
55 - 67	Eliminate the term "Schedule" used as an additional name for Articles in Chapter 105 of the General Statutes, in order to be consistent with all other General Statutes. The new computer statutory database software will function better with consistent nomenclature.
68 - 113	Change cross-references to "Divisions" and "Schedules" to "Parts" and "Articles," respectively.

PART III. EFFECTIVE DATE

Section	Explanation
114	Provides that the act is effective when it becomes law.

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: Department of Revenue

EFFECTIVE DATE: Section 1 becomes effective for taxable years beginning on or after January 1, 1999. The remainder of the bill is effective when it becomes law.

BILL SUMMARY: The bill makes technical and conforming changes to the revenue laws and related statutes.

ASSUMPTIONS AND METHODOLOGY: Except for Section 1, this bill has no revenue impact. Section 1 recodifies the corporate income and franchise taxes on savings institutions. These entities currently pay tax under Article 8D of Chapter 105. The taxes are identical to the income and franchise taxes paid by other corporations, with two adjustments. This section moves the taxation of savings institutions from Article 8D to the regular corporate income and franchise taxes in Articles 3 and 4. The two adjustments are retained.
